purposes, by enabling their development as irrigated agricultural lands.

(2) All applications for the purchase of lands of the foregoing character, when accompanied by a proposed plan of development of the lands for a higher priority use, shall be individually reviewed by the board of natural resources. The board shall thereupon determine whether the sale of the lands is in the public interest and upon an affirmative finding shall offer such lands for sale under the applicable provisions of this chapter: *Provided*, That any such parcel of land shall be sold to the highest bidder but only at a bid equal to or higher than the last appraised valuation thereof as established by appraisers for the department for any such parcel of land: *Provided further*, That any lands lying within United States reclamation areas, the sale price of which is limited or otherwise regulated pursuant to federal reclamation laws or regulations thereunder, need not be offered for sale so long as such limitations or regulations are applicable thereto.

(3) The department of natural resources shall make appropriate regulations defining properties of such irrigated agricultural potential and shall take into account the economic benefits to the locality in classifying such properties for sale.
