

The issue here is one of possible unfair public sector competition with private sector activities, and it has been debated widely in the Pierce County community and before the Legislature. From this debate, and my own review of this issue, I have concluded this restriction is inappropriate, and I am vetoing subsection 5 for the following reasons:

1. Assurances on the record from the Park District and the City of Tacoma state that the proposed project will not include commercial-scale aquatic attractions which would compete with the private sector.
2. Retaining this provision would unduly hamper Pierce County's ability to develop a facility that is versatile enough to accommodate high level competitive aquatic sports, as well as general community use.
3. Subsection 5 is inconsistent with the purpose of the local option approach, which provides for the discussion and resolution of this and other issues connected with the proposed project at the local community level rather than through pre-emption by state law.
4. Subsection 5 is also overly broad, in that its language refers to all taxes levied and collected under this entire act rather than just section 22.

Accordingly, with the exception of section 22(5), House Bill No. 2057 is approved."

(2) Letters and numbers in parenthesis following each project description are the unique project identifiers used throughout a project's duration to identify it.

PART 1 GENERAL GOVERNMENT

Sec. 101. Section 106, chapter 6, Laws of 1987 1st ex. sess. (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMUNITY DEVELOPMENT

Tacoma Union Station building stabilization and planning

The appropriation in this section is subject to the following conditions and limitations:

(1) \$1,000,000 of this appropriation is provided solely to prevent further deterioration of the Tacoma Union Station building. This may include, but is not limited to, providing a fire detection system, removing safety hazards, and programming necessary to implement these works.

(2) A maximum of \$500,000 may be used for planning regarding future use of the Tacoma Union Station property to promote state economic development.

(3) The money in subsections (1) and (2) of this section is provided contingent upon a written legal agreement between the city of Tacoma and the state that (a) requires state approval of future uses and disposition of the Tacoma Union Station property and (b) gives the state the right of first refusal to assume the city of Tacoma's option to purchase the Tacoma Union Station property currently owned by the Burlington Northern company.

(4) \$500,000 of this appropriation is provided solely for architectural plans and construction specifications for a state museum on the Union Station property.

(5) \$400,000 of this appropriation is provided solely for purchase of the Union Station property. The appropriation in this subsection is contingent on a like amount being provided for this purpose from nonstate sources.

(6) \$2,000,000 of this appropriation is provided solely for restoration of the rotunda of the Union Station building. The appropriation in this subsection is contingent on the city's agreement to exercise its option to purchase Union Station and the city's agreement to grant to the state the right of first refusal to assume the city's option to purchase the property should the city decide to withdraw from the project.

(7) The money in subsections (4), (5), and (6) of this section is provided contingent upon a written legal agreement between the city of Tacoma and the state that:

(a) The city obtain the state's approval for all decisions with respect to:
(i) Determining final ownership of Union Station itself;
(ii) Identifying appropriate uses for the site; and
(iii) Selecting consultants retained by the city under its contract with the state;

(b) The city consult with the state and, unless prohibited from doing so by terms of the United States general services administration lease, follow the state's recommendations in other significant decisions concerning the development of the Union Station properties, including but not limited to:

(i) Planning the development and redevelopment of the site to accommodate appropriate uses;

(ii) Obtaining financing for acquisition, development, or redevelopment of the property; and

(iii) Acquiring, leasing, subleasing, and/or reselling the property;

(c) If the city finds that it is not possible to follow the state's recommendations, the city will advise the state and allow the state a reasonable opportunity to comment; and

(d) The city shall obtain a public access easement from the United States general services administration or any other owner or lessee that will allow public access through the rotunda to any future state facility.

FOR THE DEPARTMENT OF GENERAL ADMINISTRATION

East capitol campus development

(1) The capitol campus design advisory committee is established as an advisory group to the capitol committee to review plans of design and landscaping of state capitol facilities and grounds, and to make recommendations that will contribute to the attainment of architectural, aesthetic, functional, and environmental excellence in the design and maintenance of the state capitol campus.

(2) The committee shall consist of the following persons who shall be appointed by and serve at the pleasure of the governor:

- (a) Two architects;
- (b) A landscape architect; and
- (c) An urban planner.

(3) The committee shall also consist of two members of the house of representatives, one from each caucus, who shall be appointed by the speaker of the house of representatives, and two members of the senate, one from each caucus, who shall be appointed by the president of the senate.

(4) The committee shall review plans affecting the state capitol campus as they are developed by or for the capitol committee. The committee's review shall include:

- (a) The design build concept of contracting for public works projects;
- (b) The design, siting, and grouping of state facilities on the capitol campus relative to the service needs of state government and the impact upon the local community's economy, environment, traffic patterns and other factors;
- (c) The relationship of the overall state capitol plan to the respective comprehensive plans for long-range urban development of the cities of Olympia, Lacey, and Tumwater, and Thurston county; and

(d) The overall landscaping plans, including planting proposals, placement of outdoor sculpture, and access to the capitol campus and buildings.

(5) The members of the committee shall be reimbursed accordingly for travel expenses as provided in chapters 43.03 and 44.04 RCW.

Part 9
MISCELLANEOUS

Sec. 901. Section 1, chapter 158, Laws of 1963 as last amended by section 59, chapter 57, Laws of 1985 and RCW 46.08.172 are each amended to read as follows:

There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account". The director of the department of general administration shall establish an equitable and consistent employee parking rental fee for state owned or leased property, effective July 1, 1988. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. All unpledged parking rental income collected by the department of general administration from rental of parking space on the capitol grounds and the east capitol site shall be deposited in the "state capitol vehicle parking account". All earnings of investments of balances in the state capitol vehicle parking account shall be credited to the general fund.

The "state capitol vehicle parking account" shall be used to pay costs incurred in the operation, maintenance, regulation and enforcement of vehicle parking and parking facilities at the state capitol.

NEW SECTION. Sec. 902. The following acts or parts of acts are each repealed:

- (1) Section 317, chapter 6, Laws of 1987 1st ex. sess. (uncodified);
- (2) Section 410, chapter 6, Laws of 1987 1st ex. sess. (uncodified);
- (3) Section 716, chapter 6, Laws of 1987 1st ex. sess. (uncodified); and
- (4) Section 871, chapter 6, Laws of 1987 1st ex. sess. (uncodified).

NEW SECTION. Sec. 903. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate March 11, 1988.

Passed the House March 12, 1988.

Approved by the Governor March 26, 1988, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State March 26, 1988.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 406, Engrossed Substitute Senate Bill No. 6763, entitled:

"AN ACT Relating to capital projects."

Section 406, Page 15, Superintendent of Public Instruction

This section provides funds for capital planning and transition purposes for Nine Mile Falls School District. The citizens of the school district have already provided levy money to be used in combination with state matching funds to cover the capital costs for constructing a new school. I have previously indicated my position on this issue, see my partial veto of section 412, page 43 of ReEngrossed Substitute House Bill No. 327, Chapter 6 Laws of Washington, 1987, 1st Special Session. However, in light of this new legislation, I have had the issue reviewed again. The issue has been discussed with the local Education Services District, the Office of the Superintendent of Public Instruction, Nine Mile Falls School District and others. I cannot find sufficient additional justification to cause me to view this policy issue differently and provide this enhanced state funding.

With the exception of section 406, Engrossed Substitute Senate Bill No. 6763 is approved.*
