Marble Country

June 21, 2013 · 🌐

Washington State Representative Matt Shea with his lovely wife, Viktoryia. Matt will be speaking at our God and Country Celebration on Saturday night. Matt exemplifies the fiery oratory and passionate commitment to the principles of LIBERTY that so characterized our Founding Fathers. Thank God that seed of enlightened Christian patriotism has survived through the generations! We are hard pressed as God-fearing Americans, but we will never surrender to tyranny as long as there are men and women like Matt Shea to stand for God and country!

Marble Country is about freedom! We are so blessed in Washington state to have courageous, freedom loving state legislators. Keep up with the fight for liberty at <https://www.facebook.com/FreedomAgendaWashington!!> We were honored to have Matt Shea, David Taylor, and Elizabeth Scott at our Celebration last year. We were missing Jason Overstreet, but we heard he may be coming this year to join his compatriots! YEA Freedom Agenda Washington!!

Barry and Anne Byrd

Watchman Music and Teaching Ministry

Before starting Marble, Barry, Anne, and their daughter, Dannie, travelled all over the U.S. for many years singing their passionate, original music with a God and Country theme. The venues where they ministered included hundreds of churches, schools and colleges, religious liberty, patriot, pro-life, political, and Christian educational events, as well as national television. Their mission has always been to awaken the Christian world to its responsibility to preserve and expand our blood-bought liberty lest we go down in history as the generation who gave it all away. Barry and Anne's soul-stirring, original music will inspire your faith to reach ". . . for what we can be, and not what we are" in this life-or-death battle over the heart and soul of our nation.
