**Sec. 207.** 2000 2nd sp.s. c 1 s 208 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--ECONOMIC SERVICES PROGRAM**

General Fund--State Appropriation (FY 2000) .....	\$ 427,742,000
General Fund--State Appropriation (FY 2001) .....	<del>\$(410,913,000))</del>

General Fund--Private/Local Appropriation .....	\$ 30,807,000
..... TOTAL APPROPRIATION	\$ <u>2,105,964,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$284,083,000 of the general fund--state appropriation for fiscal year 2000, \$268,114,000 of the general fund--state appropriation for fiscal year 2001, \$1,140,342,000 of the general fund--federal appropriation, and \$28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the

percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

(b) Develop informational materials that educate families about the difference between cash assistance and work support benefits. These materials must explain, among other facts, that the benefits are designed to support their employment, that there are no time limits on the receipts of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offering them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, medicaid for all family members, medicaid or state children's health insurance program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) Provide \$500,000 from the general fund--state appropriation for fiscal year 2000 and \$500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

(d) Report to the appropriate committees of the legislature by December 1, 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services. The department shall also work with the Washington state association of county clerks to identify ways to protect the confidentiality of social security numbers on court documents needed by the child support enforcement system while ensuring the reliability of this information without significantly increasing the cost to administer the child support system. The department shall report its recommendations for protecting the confidentiality of social security numbers to appropriate committees of the legislature by December 1, 2000.

(e) Provide up to \$500,000 of the general fund--federal appropriation to the office of financial management for a study of rate setting methods and policy for subsidized child care, the best method for coordinating and consolidating child care and early education programs currently funded by state government, and for a review of the various state programs for low-income families with children. The child care rate study shall analyze the effects of rate setting policy on the affordability and quality of the overall child care market. The child care and early education program study shall evaluate how current programs may be coordinated and consolidated to provide the most efficient level of administration, grant funding, and increased accessibility by families who are served by these programs. The study of state programs for low-income families shall compare and contrast eligibility and access to these programs and identify ways to coordinate or consolidate these programs to reduce administrative costs and improve access. The office shall submit a report to the department of social and health services and the appropriate committees of the legislature by December 1, 2000.

(f) Convene a working group that includes stakeholders and recipients of public assistance to establish basic customer service performance measures and goals. The customer service measures and goals will seek to make support for working families a priority. Customer service measures and goals may include, but are not limited to: Hours of operation that allow working families to get services without missing work, reduced wait times, systems for answering and returning phone calls in a timely manner, access to benefits that support work, access to job training and education, and, access to services for families with limited literacy or English skills,

and families with special needs. The department shall report to the legislature by January 2001 the establishment of customer service measures and goals, and the departmental actions to assure the goals are being met.

(g) Use existing flexibility in federal and state welfare laws and regulations to support, on a limited basis, longer education and training plans that have a strong likelihood to lead to long-term economic independence for recipient.

(h) Provide up to \$1,400,000 of the general fund--federal appropriation for after-school care for middle school youth through programs such as those described in House Bill No. 2530 (after-school care).

(i) Provide up to \$2,710,000 of the general fund--federal appropriation for training and technical assistance for child care providers seeking training to enable them to competently serve children with special needs as described in House Bill No. 2869 (child care provider training).

(j) Provide \$230,000, or as much thereof as may be necessary, to the department of health to expand the vasectomy project to temporary assistance for needy families clients and their partners until such time as a federal family planning waiver is granted that will cover these services.

(k) Ensure that funds provided in this subsection to implement policies that disregard or exempt a portion of recipients' income are designed to achieve stated WorkFirst program goals and outcomes. Income disregards are effective incentives to help WorkFirst families move towards economic independence. Income disregard policy shall not discriminate based on who the specific employer is.

(2) ~~\$43,408,000~~ of the general fund--state appropriation for fiscal year 2000 and ~~((~~\$43,386,000~~))~~ \$46,420,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance and other services to recipients in the general assistance--unemployable program. Within these amounts, the department may expend funds for services that assist recipients to reduce their dependence on public assistance, provided that expenditures for these services and cash assistance do not exceed funds provided. The department shall by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal rules, for the costs of providing income assistance to children with court-appointed guardians or court-appointed custodians.

(3) \$5,444,000 of the general fund--state appropriation for fiscal year 2000 and \$5,632,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for the food assistance program for legal immigrants. The level of benefits shall be equivalent to the benefits provided by the federal food stamp program.

(4) RCW 74.08A.280 permits the department to develop contracts for state-wide welfare-to-work services. Within amounts available in this section, the department shall provide progress reports on the use of such contracting to the fiscal committees of the legislature by January 1, 2001. Each of these reports shall describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst services that the department has with community social service providers and a description of the services being provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01 biennium. The legislature further finds that federal funding for the temporary assistance for needy families program may decrease after the current five-year block grant has expired. The legislature declares that at least \$60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial management at the close of the 1999-01 biennium.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,960,000 of the general fund--state appropriation for fiscal year 2000 and \$1,960,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for expansion of 50 drug and alcohol treatment beds for persons committed under RCW 70.96A.140. Patients meeting the commitment criteria of RCW 70.96A.140 but who voluntarily agree to treatment in lieu of commitment shall also be eligible for treatment in these additional treatment beds. The department shall develop specific placement criteria for these expanded treatment beds to ensure that this new treatment capacity is prioritized for persons incapacitated as a result of chemical dependency and who are also high utilizers of hospital services.

(2) \$18,000 of the general fund--state appropriation for fiscal year 2000, \$88,000 of the general fund--state appropriation for fiscal year 2001, and \$116,000 of the general fund--federal appropriation are provided solely for activities related to chemical dependency services under subsection 202(1) of this act. If legislation expanding services to prevent drug-affected infants is not enacted by June 30, 1999, the amounts provided in this subsection shall be provided solely for the development and implementation of comprehensive programs for alcohol and drug abusing mothers and their young children. The pilot programs shall be implemented in several locations, including at least one rural location. The pilot programs shall also be supported with TANF funds provided in section 208 of this act as a way to reduce prolonged dependency on public assistance for program participants.

(4) \$442,000 of the public safety and education account--state appropriation is provided solely for drug courts that have a net loss of federal grant funding from fiscal year 2000 to fiscal year 2001. The legislature finds that drug courts reduce criminal justice costs for both state and local governments. This appropriation is intended to cover approximately one-half of the lost federal funding. It is the intent of the legislature to provide state assistance to counties to cover a part of lost federal funding for drug courts for a maximum of three years.

(14) From funds provided in this section, the department shall develop disease state management and therapeutic substitution programs which will substantially maintain or enhance the quality of the drug benefit for medical assistance recipients, while controlling overall health care costs. In designing the disease state management programs, the department shall research programs which have proven effective with similar populations in other states, and shall then work with concerned provider and consumer groups to adapt those strategies to Washington's service delivery system. The department shall work with its drug utilization and education council to develop a therapeutic substitution program for at least two classes of drugs. Under the therapeutic substitution program, the council shall analyze pharmacoeconomic research on the costs and benefits of all drugs within the class, and identify the most cost-effective drug or drugs within the class for placement on the formulary. Other drugs within the class shall be preauthorized when clinically indicated under criteria established by the council. The department shall report to appropriate committees of the legislature by December 1, 2000, prior to implementing its proposed strategies.

(15) (~~(\$14,848,000)~~) \$27,100,000 of the health services account appropriation for fiscal year 2001 and (~~(\$15,269,000)~~) \$27,800,000 of the general fund--federal appropriation are provided solely for additional disproportionate share hospital payments to public hospital districts. (i) Determine payment sources and rates paid for primary health care providers performing outpatient primary care services and primary care in hospital emergency rooms for the state's medical assistance programs, including healthy options, and the basic health plan. To determine payment sources and rates paid, the agencies may seek information in relation to such factors as:

(A) The rates paid to primary care providers for their medical assistance programs, including healthy options, and basic health plan contracts; and

(B) How these rates compare with nonpublic pay clients for the same services.

The agencies are authorized to attain this information from health plans or providers. The agencies shall maintain the confidentiality of data collected for the purpose of the study;

(ii) Determine which primary care providers serve a relatively high number of low-income clients, and how that affects their medical practice. For purposes of the study, "primary care providers" includes pediatricians, family practitioners, general practitioners, internists, physician assistants, and advanced registered nurse practitioners; and

(iii) Develop proposals to support these providers' medical practices. The agencies must determine what constitutes a relatively high percentage of low-income clients for individual primary care providers who contract for medical assistance administration programs, including healthy options, and the basic health plan, and recommend whether and at what point this disproportionately high percentage should result in additional compensation to the primary care provider. The agencies shall recommend a method to calculate a payment adjustment designed to help support medical practices, according to the study's findings.

(b) In conducting the study, the agencies shall determine which regions of the state to include in the study, based on factors the agencies determine will provide the most representative data state-wide. The

agencies shall also consult with interested parties, including any organization or agency affected by this subsection, throughout the course of the study.

(c) The agencies shall report to the legislature by December 1, 2000, with the results of the primary health care provider study. The report shall include recommendations on: (i) What constitutes a disproportionately high percentage of low-income clients; (ii) possible payment adjustments for these providers; (iii) methods to implement such a rate adjustment; and (iv) what such a payment adjusted program will cost.

(17) From funds appropriated in this section, the medical assistance program shall assist the Washington state institute for public policy with the assessment of options for expanding medicaid eligibility required in section 607 of this 2000 act. Such assistance shall include analysis of medicaid enrollment and expenditure data needed for enrollment and cost projections; information and advice on state and federal medicaid requirements; and liaison with state and federal officials in other states undertaking similar expansions.

(18) \$290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding is provided for the incremental cost of lease renewals and for the temporary increased costs for relocating staff out of state office building no. 2 (OB2) during the renovation of that building. Of this

increase, \$2,400,000 is provided for relocating staff. This amount is recognized as one-time-only funding for the 1999-01 biennium. As part of the 2001-2003 budget request, the department shall update the estimate of increased cost for relocating staff, including specifying what portion of that increase is due to providing more square footage per FTE in the new leased space compared to the space occupied previously.

(2) The department may transfer up to \$528,000 of the general fund--state appropriation for fiscal year 2000, \$1,057,000 of the general fund--state appropriation for fiscal year 2001, and \$812,000 of the general fund--federal appropriation to the administration and supporting services program from various other programs to implement administrative reductions.

(3) The department may transfer and allot up to \$5,560,000 of the general fund--state appropriation for fiscal year 2001 and \$3,518,000 of the general fund--federal appropriation to the administration and supporting services program from various other programs in the department to achieve fiscal reductions assumed in this section. In selecting reductions in the various other programs, the department shall place a higher priority on reductions in administrative support functions as opposed to direct client services. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. **Sec. 502.** 2000 2nd sp.s. c 1 s 502 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR GENERAL APPORTIONMENT**

General Fund--State Appropriation (FY 2000)	\$ 3,507,296,000
General Fund--State Appropriation (FY 2001)	<del>\$(3,480,701,000)</del>
	<u>3,489,806,000</u>
..... TOTAL APPROPRIATION	\$ <u>6,997,102,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(2) Allocations for certificated staff salaries for the 1999-00 and 2000-01 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

- (i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;
- (ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;
- (iii) An additional 4.2 certificated instructional staff units for grades K-3 and an additional 7.2

certificated instructional staff units for grade 4. Any funds allocated for these additional certificated units shall not be considered as basic education funding;

(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iii) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of

classified instructional assistants; and

(iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students for the 1999-00 school year and the 2000-01 school year. Districts documenting staffing ratios of less than 1 certificated staff per 19.5 students shall be allocated the greater of the total ratio in subsections (2)(a)(i) and (iv) of this section or the actual documented ratio; and

(B) Skills center programs meeting the standards for skill center funding recommended by the superintendent of public instruction, January 1999, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;

(ii) Indirect cost charges, as defined by the superintendent of public instruction, to vocational-secondary programs shall not exceed 10 percent; and

(iii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1999-00 and 2000-01 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 16.49 percent in the 1999-00 school year and 15.62 percent in the 2000-01 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 15.56 percent in the 1999-00 school year and 15.82 percent in the 2000-01 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152.

This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,117 per certificated staff unit in the 1999-00 school year and a maximum of \$8,239 per certificated staff unit in the 2000-01 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of \$19,933 per certificated staff unit in the 1999-00 school year and a maximum of \$20,232 per certificated staff unit in the 2000-01 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of \$15,467 per certificated staff unit in the 1999-00 school year and a maximum of \$15,699 per certificated staff unit in the 2000-01 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$365.28 for the 1999-00 school year and \$479.94 for the 2000-01 school year per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1998-99 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of (~~(\$10,598,000)~~) \$10,423,000 outside the basic education formula during fiscal years 2000 and 2001 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$457,000 may be expended in fiscal year 2000 and a maximum of \$464,000 may be expended in fiscal year 2001;

(b) For summer vocational programs at skills centers, a maximum of \$2,098,000 may be expended each fiscal year;

(d) A maximum of \$500,000 per fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs; and

(e) A maximum of \$3,117,000 of the general fund--state appropriation for fiscal year 2000 and (~~(\$779,000)~~) \$604,000 of the general fund--state appropriation for fiscal year 2001 are provided for the 1999-00 school year for districts which experience an enrollment decline in the 1999-00 school year from the 1998-99 school year of more than 4.5 percent in full-time equivalent enrollment or more than 300 full-time equivalent students. The superintendent shall allocate funds to eligible school districts for up to one-half of the enrollment loss at the basic education unenhanced rate for the district. School districts receiving small school factor bonus funds shall not be eligible for enrollment decline funds to the extent that the district has no state apportionment loss as a result of the enrollment decline.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under chapter 309, Laws of 1999, including appropriations for salary and benefits increases, is 4.0 percent from the 1998-99 school to the 1999-00 school year, and 3.0 percent from the 1999-00 school year to the 2000-01 school year. This subsection supersedes section 1, chapter 10, Laws of 1999 sp. sess.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

((94

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure, to the greatest extent possible, that special education students receive their appropriate share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education allocation funded in this section.

(2) Each general fund--state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(4) For the 1999-00 and 2000-01 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (5)(c) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment

including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1999-00 and the 2000-01 school years, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) A maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2001 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (4) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with Substitute Senate Bill No. 5626 (medicaid payments to schools).

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to \$100,000 per year of the amounts provided in this subsection to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(8) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(9) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;

(b) Staff of the office of the state auditor;

(c) Staff of the office of the financial management; and

(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(10) To the extent necessary, \$5,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs of one or more individual special education students exceed

\$5,500,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

**Sec. 4.** RCW 9.94A.030 and 2000 c 28 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.145, is responsible for monitoring and enforcing the offender's sentence with regard to

the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.120(2)(b), 9.94A.650 through 9.94A.670, 9.94A.137, 9.94A.700 through 9.94A.715, or 9.94A.383, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(5) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.040, for crimes committed on or after July 1, 2000.

(6) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(7) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(8) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(9) "Confinement" means total or partial confinement.

(10) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(12) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (a) whether the defendant has been placed on probation and the length and terms thereof; and (b) whether the defendant has been incarcerated and the length of incarceration.

(13) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(15) "Department" means the department of corrections.

(16) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of

the sentence as a determinate sentence.

(17) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

(a) Drought, or other unavailability of water;

(b) Active service in the armed forces of the United States during military crisis;

(c) Nonvoluntary service in the armed forces of the United States;

(d) The operation of legal proceedings;

(e) Federal or state agency leases of or options to purchase lands or water rights which preclude or reduce the use of the right by the owner of the water right;

(f) Federal laws imposing land or water use restrictions either directly or through the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas;

(g) Temporarily reduced water need for irrigation use where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, that warranted the reduction in water use, so long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right;

(h) Temporarily reduced diversions or withdrawals of irrigation water directly resulting from the provisions of a contract or similar agreement in which a supplier of electricity buys back electricity from the water right holder and the electricity is needed for the diversion or withdrawal or for the use of the water diverted or withdrawn for irrigation purposes;

(i) Water conservation measures implemented under the Yakima river basin water enhancement project, so long as the conserved water is reallocated in accordance with the provisions of P.L. 103-434;

(k) The reduced use of irrigation water resulting from crop rotation. For purposes of this subsection, crop rotation means the temporary change in the type of crops grown resulting from the exercise of generally recognized sound farming practices. Unused water resulting from crop rotation will not be relinquished if the remaining portion of the water continues to be beneficially used.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:

(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW;

(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply;

(c) If such right is claimed for a determined future development to take place either within fifteen years of July 1, 1967, or the most recent beneficial use of the water right, whichever date is later;

(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW;

(e) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030; or

(f) If such right or portion of the right is leased to another person for use on land other than the land to which the right is appurtenant as long as the lessee makes beneficial use of the right in accordance with this chapter and a transfer or change of the right has been approved by the department in accordance with RCW 90.03.380, 90.03.383, 90.03.390, or 90.44.100.

### SENATE AMENDMENTS TO HOUSE BILL

April 6, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1062, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 43.101.010 and 1981 c 132 s 2 are each amended to read as follows:

When used in this chapter:

(1) The term "commission" means the Washington state criminal justice training commission.

(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.

(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.

(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(7) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

(8) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (7) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (7) of this section.

(9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer

has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, and police service dogs subject to requirements adopted under this act, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.12.055 are peace officers for purposes of this chapter.

**NEW SECTION. Sec. 2.** (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification for exemption therefrom by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter. The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(3) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

**NEW SECTION. Sec. 3.** Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is timely requested by the peace officer under section 9 of this act, based upon a finding of one or more of the following conditions:

(1) The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

(2) The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(4) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after the effective date of this section;

(5) The peace officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The peace officer has interfered with an investigation or action for denial or revocation of certificate

by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

**NEW SECTION. Sec. 4.** (1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

**NEW SECTION. Sec. 5.** A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer. A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the peace officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

**NEW SECTION. Sec. 6.** Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 3 of this act. The commission shall maintain these notices in a permanent file, subject to section 12 of this act.

**NEW SECTION. Sec. 7.** In addition to its other powers granted under this chapter, the commission has authority and power to:

- (1) Adopt, amend, or repeal rules as necessary to carry out this chapter;
- (2) Issue subpoenas and administer oaths in connection with investigations, hearings, or other proceedings held under this chapter;
- (3) Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;
- (4) Appoint members of a hearings board as provided under section 10 of this act;

- (5) Enter into contracts for professional services determined by the commission to be necessary for adequate enforcement of this chapter;
- (6) Grant, deny, or revoke certification of peace officers under the provisions of this chapter;
- (7) Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter; and
- (8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

**NEW SECTION. Sec. 8.** A law enforcement officer or duly authorized representative of a law enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

**NEW SECTION. Sec. 9.** (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under section 3 of this act, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under section 10 of this act. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

**NEW SECTION. Sec. 10.** (1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) On all appeals brought under section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from decertification actions:

(a) When an appeal is filed in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When an appeal is filed in relation to decertification of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one peace officer who is at or below the level of first line supervisor, who is from a city or county law enforcement agency, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or

four-year college or university.

(c) Persons appointed to hearings panels by the commission shall, in relation to any decertification matter on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of section 3(4) of this act, and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of section 3(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under section 3(1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

**NEW SECTION. Sec. 11.** The commission, its boards, and individuals acting on behalf of the commission and its boards are immune from suit in any civil or criminal action contesting or based upon proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

**NEW SECTION. Sec. 12.** (1) Except as provided under subsection (2) of this section, the following records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under section 6 of this act; (b) all files, papers, and other information obtained by the commission pursuant to section 2(3) of this act; and (c) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in subsection (5) of this section.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

(4) Upon a determination that a complaint is without merit, that a personnel action report filed under section 6 of this act does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(6) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith.

**NEW SECTION. Sec. 13.** It is the intent of sections 14 through 23 of this act to enhance public safety and the quality of law enforcement. The legislature finds these goals may be achieved by establishing a minimum standard of performance for working police service dog teams and a procedure for certification of teams. The legislature further finds it necessary to create an oversight mechanism to promote efficient and responsible implementation of the certification process.

**NEW SECTION. Sec. 14.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Canine training standards board" or "board" means the board established by the commission under section 17 of this act.

(2) "Certified" means a determination by the commission that a police service dog team has met the minimum standard.

(3) "Commission" means the Washington state criminal justice training commission.

(4) "Handler" means a person who is responsible for the routine care, control, and utilization of a police service dog for law enforcement purposes and is:

(a) Any commissioned law enforcement officer of an agency, including a state, county, city, municipality, or a combination thereof or an employee of the Washington state department of corrections;

(b) A person contracted to provide law enforcement services;

(c) An employee of a local correctional facility; or

(d) In the case of an accelerant detection dog, the state fire marshal's designee or an employee of the fire department, city, or county authorized by the fire chief to be the dog's handler.

(5) "Law enforcement purposes" means detection of contraband or evidence and apprehension of criminal suspects.

(6) "Master trainer" means a person who meets the criteria established in rule by the commission following consultation with individuals and groups with experience and expertise in training and handling police service dogs.

(7) "Police service detection dog" means a dog assigned or used by a handler solely to detect contraband or arson by-products for law enforcement purposes.

(8) "Police service dog" means a dog assigned or used by a handler for law enforcement purposes.

(9) "Police service dog team" or "team" means a dog and handler that is certified as a team.

**NEW SECTION. Sec. 15.** (1) A police service dog handler may not use a police service dog for law enforcement purposes unless the handler and dog are certified as a team, except as otherwise provided in this section.

(2) Any dog team provided to assist in law enforcement purposes is exempt from the certification requirement of sections 14 through 23 of this act only if: (a) The dog is owned by, and acts under the control of, an agency of the federal government which engages in law enforcement purposes; (b) the team is provided on a temporary basis not exceeding forty-eight hours; and (c) the dog and its handler meet the internal minimum performance standards of the agency of the federal government which owns or controls the dog.

(3) If any law enforcement agency is, prior to August 1, 2003, utilizing a police service dog and a handler for law enforcement purposes, the agency may continue the use until March 1, 2004. After March 1, 2004, the dog and handler must be certified as a team to be used for law enforcement purposes.

(4) Any law enforcement agency that has not, prior to August 1, 2003, utilized a police service dog and a handler for law enforcement purposes must obtain certification before deploying a team.

(5) Upon determination by the commission that a law enforcement agency or the department of corrections has deployed a police service dog and handler not certified pursuant to this chapter, the commission may issue an order directing the agency or department to immediately cease the unauthorized deployment.

(6) If the agency or department does not discontinue the unauthorized deployment, the commission may seek appropriate injunctive relief in the superior court of the county in which the agency or department is located.

(7) Police service detection dogs are exempt from the certification requirement set forth in this section unless the commission extends the certification requirement to these dogs by rule.

**NEW SECTION. Sec. 16.** (1) The commission is directed to develop and adopt a minimum performance standard for each category of police service dog and handler, with the categories being derived from the law enforcement functions that the police service dogs and handlers perform. Each police service dog and handler must meet the standard for its category in order to become a team.

(2) The commission is directed to implement a process through which police service dogs and their handlers will be tested for certification. The commission is authorized to charge a fee for the purpose of conducting certification tests.

(3) The commission shall establish minimum training hours for police service dogs and handlers that must be completed prior to testing for certification. Prior to testing a police service dog and a handler for certification, the chief of police, sheriff, secretary of corrections, or chief of the Washington state patrol must submit an affidavit verifying that the required hours of training have been successfully completed by the police service dog and handler.

(4) The initial certification of police service dog teams is valid for one year. Recertification shall be valid for a period of time as determined by the commission.

**NEW SECTION. Sec. 17.** (1) The commission is directed to create the canine training standards board. The commission is directed to endeavor to ensure the composition of the board will include persons experienced with patrol, detector, and tracking police service dogs. The board shall, in consultation with the board on law enforcement training standards and education, recommend to the commission minimum performance standards and develop model training and performance standards for police service dogs and handlers. The model training and model performance standards may be used by local jurisdictions in developing their own canine programs.

(2) The board shall examine the option of requiring certification of police service detection dogs and make recommendations to the commission.

(3) The board shall be comprised of:

(a) A representative of the Washington state patrol with police service dog experience;

(b) A representative of the department of corrections with police service dog experience;

(c) A representative of a nonprofit organization in Washington with expertise and experience in the training and evaluating of patrol, detector, and tracking police service dogs and handlers;

(d) A representative of a nationwide nonprofit organization with experience and expertise in the humane treatment of dogs;

(e) A master trainer from a county with a population of two hundred fifty thousand or more appointed by the Washington association of sheriffs and police chiefs in consultation with the Washington council of police and sheriffs and the bargaining unit representing commissioned officers in any county with a population of one million or more;

(f) A representative of the county legislative authority appointed by the presiding officer of the Washington association of counties from a county with a population of two hundred fifty thousand or more that deploys a police service dog and handler for law enforcement purposes and, after March 1, 2004, is certified as a team;

(g) A master trainer from a city with a population of one hundred thousand or more appointed by the Washington association of sheriffs and police chiefs in consultation with the Washington council of police and

sheriffs and the bargaining unit representing commissioned officers in any city with a population of four hundred thousand or more;

(h) A representative of the association of Washington cities appointed by the presiding officer of the association of Washington cities from a city with a population of one hundred thousand or more that deploys a police service dog and handler for law enforcement purposes and, after March 1, 2004, is certified as a team;

(i) Two persons, one with police service dog experience, appointed by the association of Washington cities from a city with a population of less than one hundred thousand;

(j) Two persons, one with police service dog experience, appointed by the Washington association of counties from a county with a population of less than two hundred fifty thousand;

(k) One representative to be appointed by the governor.

Prior to making the appointments requiring police service dog experience in (i) and (j) of this subsection, the Washington association of counties and the association of Washington cities shall consult with the Washington association of sheriffs and police chiefs and the Washington council of police and sheriffs.

(4) The board is a class 1 group under RCW 43.03.220 except that any member of the public appointed to the board is eligible for compensation under RCW 43.03.240(2).

(5) The board shall cease to exist after the minimum performance standards are developed and adopted by the commission and the model training and model performance standards are created.

(6) The board shall hold its initial meeting not later than November 1, 2001.

**NEW SECTION. Sec. 18.** (1) Any person claiming to be aggrieved by an act relating to the certification of a police service dog team may, personally or by his or her attorney, make, sign, and file with the commission a complaint in writing under oath or by declaration. The commission does not have jurisdiction to hear a complaint alleging negligent conduct by a certified team while engaged in law enforcement purposes.

(2) Any complaint filed pursuant to this section must be filed within thirty days after the alleged act giving rise to the complaint relating to certification of a police service dog team.

(3) After the filing of any complaint, the chairperson of the commission shall refer it to the appropriate section of the commission's staff for prompt investigation and ascertainment of the facts alleged in the complaint.

The results of the investigation shall be reduced to written findings of fact and a copy shall be provided to the complainant.

**NEW SECTION. Sec. 19.** (1) The entire file, including the complaint and any and all findings made, shall be certified to the chairperson of the commission. ### **SENATE AMENDMENTS TO HOUSE BILL**

April 4, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1095, with the following amendment:

On page 1, after line 18, insert the following:

"**Sec. 2.** RCW 46.44.091 and 1989 c 52 s 1 are each amended to read as follows:

(1) Except as otherwise provided in subsections (3) and (4) of this section, no special permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty-two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;

(b) Forty-three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

(4) Permits may be issued for weights in excess of the limitations contained in subsection (1) of this section on highways or sections of highways which have been designed and constructed for weights in excess of such limitations, or for any shipment duly certified as necessary by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining weights in excess of such limitations and it is not reasonable for economic or operational considerations to transport such excess weights by rail or water for any substantial distance of the total mileage applied for.

~~(5) ((Permits may be issued for the operation of fire trucks on the public highways if the maximum gross weight on any single axle does not exceed twenty four thousand pounds and the gross weight on any tandem axle does not exceed forty three thousand pounds.~~

~~(6))~~ Application shall be made in writing on special forms provided by the department of transportation and shall be submitted at least thirty-six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the department of transportation at least thirty days in advance of the proposed movement.

**NEW SECTION. Sec. 3.** A new section is added to chapter 46.44 RCW to read as follows:

(1) As used in this section, "fire-fighting apparatus" means a vehicle or combination of vehicles, owned by a regularly organized fire suppression agency, designed, maintained, and used exclusively for fire suppression and rescue or for fire prevention activities. These vehicles and associated loads or equipment are necessary to protect the public safety and are considered nondivisible loads. A vehicle or combination of vehicles that is not designed primarily for fire suppression including, but not limited to, a hazardous materials response vehicle, bus, mobile kitchen, mobile sanitation facility, and heavy equipment transport vehicle is not a fire-fighting apparatus

for purposes of this section.

(2) Fire-fighting apparatus must comply with all applicable federal and state vehicle operating and safety criteria, including rules adopted by agencies within each jurisdiction.

(3) All owners and operators of fire-fighting apparatus shall comply with current information, available through the department, regarding the applicable load restrictions of state bridges within the designated fire service area, including any automatic or mutual aid agreement areas.

(4) Fire-fighting apparatus operating within a fire district boundary of the owner of the apparatus, including any automatic or mutual aid agreement areas, may operate without a permit if:

(a) The weight does not exceed:

(i) 600 pounds per inch width of tire;

(ii) 24,000 pounds on a single axle;

(iii) 43,000 pounds on a tandem axle set;

(iv) 67,000 pounds gross vehicle weight, subject to the gross weight limits of RCW 46.44.091(1) (c), (d), and (e);

(v) The tire manufacturer's tire load rating.

(b) There is no tridem axle set.

(c) The dimensions do not exceed:

(i) 8 feet, 6 inches wide;

(ii) 14 feet high;

(iii) 50 feet overall length;

(iv) 15 foot front overhang;

(v) Rear overhang not exceeding the length of the wheel base.

(5) The department may grant permits for fire fighting apparatus that exceed the weight limits in subsection (4) of this section only if they were put into operation in this state before July 1, 2001. The department shall issue the permit on an annual basis for the apparatus to operate within the designated fire service area, including mutual benefit agreement areas, subject to the applicable load restrictions of state bridges referred to in subsection (3) of this section and any other limitations stipulated on the permit. Before issuing a permit, the department will compare the apparatus to be permitted with the bridge load ratings for structures on state highways within the operating area. The permit will denote any structures where access by the apparatus is either based on special operating instructions or is denied."

Renumber the section following consecutively.

In line 2 of the title, after "46.44.090" insert "and 46.44.091; adding a new section to chapter 46.44 RCW;"

There being no objection, the House concurred in the Senate amendment to House Bill No. 1095.

### SENATE AMENDMENTS TO HOUSE BILL

April 10, 2001

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1202, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 84.14.110 and 1995 c 375 s 14 are each amended to read as follows:

(1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption.

If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be

erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW and according to the provisions of RCW 84.40.038. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

**Sec. 2.** RCW 84.26.130 and 1989 c 175 s 178 are each amended to read as follows:

Any decision by a local review board on an application for classification as historic property eligible for special valuation may be appealed to superior court under RCW 34.05.510 through 34.05.598 in addition to any other remedy at law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the county board of equalization in accordance with RCW 84.40.038.

**Sec. 3.** RCW 84.33.120 and 1999 sp.s. c 4 s 702 are each amended to read as follows:

(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county

board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as

possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

**Sec. 4.** RCW 84.33.130 and 1994 c 301 s 32 are each amended to read as follows:

(1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year shall make application to the county assessor before such January 1.

(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

- (a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;
- (b) The date or dates of acquisition of such land;
- (c) A brief description of the timber on such land, or if the timber has been harvested, the owner's plan for restocking;
- (d) Whether there is a forest management plan for such land;
- (e) If so, the nature and extent of implementation of such plan;
- (f) Whether such land is used for grazing;
- (g) Whether such land has been subdivided or a plat filed with respect thereto;
- (h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;
- (i) Whether such land is subject to forest fire protection assessments pursuant to RCW 76.04.610;
- (j) Whether such land is subject to a lease, option or other right which permits it to be used for any purpose other than growing and harvesting timber;
- (k) A summary of the past experience and activity of the applicant in growing and harvesting timber;
- (l) A summary of current and continuing activity of the applicant in growing and harvesting timber;
- (m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true and that the land described in the application is by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization in accordance with the provisions of RCW 84.40.038.

**Sec. 5.** RCW 84.33.140 and 1999 sp.s. c 4 s 703 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval

together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: **PROVIDED**, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall

be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

**Sec. 6.** RCW 84.34.035 and 1992 c 69 s 5 are each amended to read as follows:

The assessor shall act upon the application for current use classification of farm and agricultural lands under RCW 84.34.020(2), with due regard to all relevant evidence. The application shall be deemed to have been approved unless, prior to the first day of May of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied. An owner who receives notice that his or her application has been denied may appeal such denial to the board of equalization in the county where the property is located. The appeal shall be filed in accordance with RCW 84.40.038(, within thirty days after the mailing of the notice of denial). Within ten days following approval of the application, the assessor shall submit notification of such approval to the county auditor for recording in the

place and manner provided for the public recording of state tax liens on real property. The assessor shall retain a copy of all applications.

The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

**Sec. 7.** RCW 84.34.108 and 1999 sp.s. c 4 s 706 and 1999 c 233 s 22 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038.

Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open

space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

**Sec. 8.** RCW 84.36.385 and 1992 c 206 s 13 are each amended to read as follows:

(1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, shall be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished by the department of revenue. However, an exemption from tax under RCW 84.36.381 shall continue for no more than four years unless a renewal application is filed as provided in subsection (3) of this section. The county assessor may also require by written notice, a renewal application following an amendment of the income requirements set forth in RCW 84.36.381. Renewal applications shall be on forms prescribed and furnished by the department of revenue.

(2) A person granted an exemption under RCW 84.36.381 shall inform the county assessor of any change in status affecting the person's entitlement to the exemption on forms prescribed and furnished by the department of revenue.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter, shall file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of

the requirement to file the renewal application.

(4) Beginning in 1992 and in each of the three succeeding years, the county assessor shall notify approximately one-fourth of those persons exempt from taxes under RCW 84.36.381 in the current year who have not filed a renewal application within the previous four years, of the requirement to file a renewal application.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption shall be denied but such denial shall be subject to appeal under the provisions of RCW 84.48.010(5) and in accordance with the provisions of RCW 84.40.038. If the applicant had received exemption in prior years based on erroneous information, the taxes shall be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed three years.

(6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information shall be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties.

**Sec. 9.** RCW 84.36.812 and 1984 c 220 s 9 are each amended to read as follows:

All additional taxes imposed under RCW 84.36.262 or 84.36.810 shall become due and payable by the seller or transferor at the time of sale. The county auditor shall not accept an instrument of conveyance unless the additional tax has been paid or the department of revenue has determined that the property is not subject to RCW 84.36.262 or 84.36.810. The seller, the transferor, or the new owner may appeal the assessed values upon which the additional tax is based to the county board of equalization in accordance with the provisions of RCW 84.40.038.

**Sec. 10.** RCW 84.38.040 and 1994 c 301 s 34 are each amended to read as follows:

(1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than thirty days before the tax or assessment is due or thirty days after receiving notice under RCW 84.64.050, whichever is later: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization, in accordance with the provisions of RCW 84.40.038, whose decision shall be final as to the deferral of that year.

**Sec. 11.** RCW 84.40.038 and 1997 c 294 s 1 are each amended to read as follows:

(1) The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor or for any other reason specifically authorized by statute. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment or determination, within thirty days after the date an assessment ~~((or))~~ value change notice, or other notice has been mailed, or within a time limit of up to sixty days adopted by the county legislative authority, whichever is later. If a county legislative authority sets a time limit, the authority may not change the limit for

three years from the adoption of the limit.

(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:

- (a) Death or serious illness of the taxpayer or his or her immediate family;
- (b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen days of the days allowed in subsection (1) of this section before the filing deadline, and the filing deadline is after July 1;
- (c) Incorrect written advice regarding filing requirements received from board of equalization staff, county assessor's staff, or staff of the property tax advisor designated under RCW 84.48.140;
- (d) Natural disaster such as flood or earthquake;
- (e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service; or
- (f) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board.

**Sec. 12.** RCW 84.48.080 and 1997 c 3 s 112 are each amended to read as follows:

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the ~~((assessed))~~ valuation of the property in each county bears to the ~~((correct))~~ total ~~((assessed))~~ valuation of all property in the state.

~~((First.))~~ (a) The department shall classify all property, real and personal, and shall raise and lower the ~~((assessed))~~ valuation of any class of property in any county to a value that shall be equal, so far as possible, to the ~~((correct assessed))~~ true and fair value of such class as of January 1st of the current year~~((, after determining the correct appraised value, and any adjustment applicable under RCW 84.40.0305 for the property,))~~ for the purpose of ascertaining the just amount of tax due from each county for state purposes. ~~((In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year.))~~ In equalizing personal property as of January 1st of the current year, the department shall use valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

~~((Second.))~~ (b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state ~~((as equalized under this section)),~~ which assessed value shall be one hundred percent of the true and fair value of the property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the ~~((assessed))~~ valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct

for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

**Sec. 13.** RCW 84.40.190 and 1993 c 33 s 4 are each amended to read as follows:

Every person required by this title to list property shall make out and deliver to the assessor, or to the department as required by RCW 84.40.065, either in person ((or)) by mail, or by electronic transmittal, a statement, verified under penalty of perjury, of all the personal property in his or her possession or under his or her control, and which by the provisions of this title, he or she is required to list for taxation, either as owner or holder thereof. Each list, schedule or statement required by this chapter shall be signed by the individual if the person required to make the same is an individual; by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or any other officer duly authorized to so act if the person required to make the same is a corporation; by a responsible and duly authorized member or officer having knowledge of its affairs, if the person required to make the same is a partnership or other unincorporated organization; or by the fiduciary, if the person required to make the same is a trust or estate. The list, schedule, or statement may be made and signed for the person required to make the same by an agent who is duly authorized to do so by a power of attorney filed with and approved by the assessor. When any list, schedule, or statement is made and signed by such agent, the principal required to make out and deliver the same shall be responsible for the contents and the filing thereof and shall be liable for the penalties imposed pursuant to RCW 84.40.130. No person shall be required to list for taxation in his statement to the assessor any share or portion of the capital stock, or of any of the property of any company, association or corporation, which such person may hold in whole or in part, where such company, being required so to do, has listed for assessment and taxation its capital stock and property with the department of revenue, or as otherwise required by law.

NEW SECTION. **Sec. 14.** A new section is added to chapter 84.52 RCW to read as follows:

(1) If an error has occurred in the levy of property taxes that has caused all taxpayers within a taxing district, other than the state, to pay an incorrect amount of property tax, the assessor shall correct the error by making an appropriate adjustment to the levy for that taxing district in the succeeding year. The adjustment shall be made without including any interest. If the governing authority of the taxing district determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or the taxpayers within the district, the adjustment may be made on a proportional basis over a period of not more than three consecutive years.

(a) A correction of an error in the levying of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered.

(b) When calculating the levy limitation under chapter 84.55 RCW for levies made following the discovery of an error, the assessor shall determine and use the correct levy amount for the year or years being corrected as though the error had not occurred. The amount of the adjustment determined under this subsection (1) shall not be considered when calculating the levy limitation.

(c) If the taxing district in which a levy error has occurred does not levy property taxes in the year the error is discovered, or for a period of more than three years subsequent to the year the error was discovered, an adjustment shall not be made.

(2) If an error has occurred in the distribution of property taxes so that property tax collected has been incorrectly distributed to a taxing district or taxing districts wholly or partially within a county, the treasurer of the county in which the error occurred shall correct the error by making an appropriate adjustment to the amount distributed to that taxing district or districts in the succeeding year. The adjustment shall be made without including any interest. If the treasurer, in consultation with the governing authority of the taxing district or districts affected, determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or districts, the adjustment may be made on a proportional basis over a period of not more than three consecutive years. A correction of an error in the distribution of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered.

**Sec. 15.** RCW 84.48.080 and 1997 c 3 s 112 are each amended to read as follows:

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the assessed valuation of the property in each county bears to the correct total assessed valuation of all property in the state.

~~((First.))~~ (a) The department shall classify all property, real and personal, and shall raise and lower the assessed valuation of any class of property in any county to a value that shall be equal, so far as possible, to the correct assessed value of such class as of January 1st of the current year, after determining the correct appraised value, and any adjustment applicable under RCW 84.40.0305 for the property, for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use ~~((the assessment level of the preceding year))~~ valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

~~((Second.))~~ (b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state as equalized under this section. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the assessed valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

NEW SECTION. **Sec. 16.** Section 15 of this act takes effect for taxes levied in 2001 for collection in 2002 and thereafter if the proposed amendment to Article VII, section 1 of the state Constitution providing for valuation increases to be phased-in over a period of four years is validly submitted to and is approved and ratified by voters at the next general election. If the proposed amendment is not approved and ratified, section 15 of this act is null and void. If such proposed amendment is approved and ratified, section 12 of this act is null and void.

NEW SECTION. **Sec. 17.** Section 14 of this act takes effect January 1, 2002, and applies to errors that occur on and after January 1, 2002.

NEW SECTION. **Sec. 18.** Sections 1 through 12 of this act apply for taxes levied in 2001 for collection in 2002 and thereafter."

### SENATE AMENDMENTS TO HOUSE BILL

April 5, 2001

Mr. Speakers:

The Senate passed SUBSTITUTE HOUSE BILL NO. 1212, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 13.50.050 and 1999 c 198 s 4 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12) The court shall grant the motion to seal records made pursuant to subsection (11) of this section if it finds that:

(a) For class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent ten consecutive years in the community without committing any offense or crime that subsequently results in conviction. For class C offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in conviction. For misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction and the person is at least eighteen years old. For gross misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent three consecutive years in the community without committing any offense or crime that subsequently results in conviction and the person is at least eighteen years old;

(b) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(c) No proceeding is pending seeking the formation of a diversion agreement with that person;

(d) The person has not been convicted of a class A or sex offense; and

(e) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW.

(17) A person eighteen years of age or older whose criminal history consists of only one referral for diversion may request that the court order the records in that case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the diversion agreement.

(18) If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older, or is eighteen years of age or older and his or her criminal history consists entirely of one diversion agreement and two years have passed since completion of the agreement.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault."

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Annuity issuer" means an insurer that has issued a contract to fund periodic payments under a structured settlement.

(2) "Dependents" means a payee's spouse and minor children and all other persons for whom the payee is legally obligated to provide support, including alimony.

(3) "Discounted present value" means the present value of future payments determined by discounting such payments to the present using the most recently published applicable federal rate for determining the present value of an annuity, as issued by the United States internal revenue service.

(4) "Gross advance amount" means the sum payable to the payee or for the payee's account as consideration for a transfer of structured settlement payment rights before any reductions for transfer expenses or other deductions to be made from such consideration.

(5) "Independent professional advice" means advice of an attorney, certified public accountant, actuary, or other licensed professional adviser.

(6) "Interested parties" means, with respect to any structured settlement, the payee, any beneficiary irrevocably designated under the annuity contract to receive payments following the payee's death, the annuity issuer, the structured settlement obligor, and any other party that has continuing rights or obligations under such structured settlement.

(7) "Net advance amount" means the gross advance amount less the aggregate amount of the actual and estimated transfer expenses required to be disclosed under section 3(5) of this act.

(8) "Payee" means an individual who is receiving tax-free payments under a structured settlement and proposes to make a transfer of payment rights thereunder.

(9) "Periodic payments" means (a) recurring payments and (b) scheduled future lump sum payments.

**NEW SECTION. Sec. 4.** A direct or indirect transfer of structured settlement payment rights is not effective and a structured settlement obligor or annuity issuer is not required to make any payment directly or indirectly to any transferee of structured settlement payment rights unless the transfer has been approved in advance in a final court order or order of a responsible administrative authority based on express findings by such court or responsible administrative authority that:

(a) If the transfer contravenes the terms of the structured settlement, for any taxes incurred by such parties as a consequence of the transfer; and

(3) Neither the annuity issuer nor the structured settlement obligor may be required to divide any periodic payment between the payee and any transferee or assignee or between two, or more, transferees or assignees; and

(4) Any further transfer of structured settlement payment rights by the payee may be made only after compliance with all of the requirements of this chapter.

**NEW SECTION. Sec. 6.** (1) An application under this chapter for approval of a transfer of structured settlement payment rights shall be made by the transferee and may be brought in the county in which the payee resides, in the county in which the structured settlement obligor or the annuity issuer maintains its principal place of business, or in any court or before any responsible administrative authority which approved the structured settlement agreement.

(f) Notification of the time and place of the hearing and notification of the manner in which and the time by which written responses to the application must be filed, which may not be less than fifteen days after service of the transferee's notice, in order to be considered by the court or responsible administrative authority.

**NEW SECTION. Sec. 7.** (1) The provisions of this chapter may not be waived by any payee.

(2) Any transfer agreement entered into on or after the effective date of this act by a payee who resides in this state shall provide that disputes under such transfer agreement, including any claim that the payee has breached the agreement, shall be determined in and under the laws of this state. Such a transfer agreement may not authorize the transferee or any other party to confess judgment or consent to entry of judgment against the payee.

(3) Transfer of structured settlement payment rights do not extend to any payments that are life contingent unless, prior to the date on which the payee signs the transfer agreement, the transferee has established and has agreed to maintain procedures reasonably satisfactory to the annuity issuer and the structured settlement obligor for (a) periodically confirming the payee's survival, and (b) giving the annuity issuer and the structured settlement obligor prompt written notice in the event of the payee's death.

(4) No payee who proposes to make a transfer of structured settlement payment rights may incur any penalty, forfeit any application fee or other payment, or otherwise incur any liability to the proposed transferee or any assignee based on any failure of such a transfer to satisfy the conditions of this chapter.

(5) This chapter does not authorize any transfer of structured settlement payment rights in contravention of any law, nor does it imply that any transfer under a transfer agreement entered into prior to the effective date of this act is valid or invalid.

(6) Compliance with the requirements set forth in section 3 of this act and fulfillment of the conditions set forth in section 4 of this act is the sole responsibility of the transferee in any transfer of structured settlement payment rights, and neither the structured settlement obligor nor the annuity issuer bear any responsibility for, or any liability arising from, noncompliance with the requirements or failure to fulfill the conditions.

### SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1471, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 13.50.050 and 1999 c 198 s 4 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if

any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12) The court shall grant the motion to seal records made pursuant to subsection (11) of this section if it finds that:

(a) For class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent ten consecutive years in the community without committing any offense or crime that subsequently results in conviction. For class C offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in conviction. For diversions, since completion of the diversion agreement, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction or diversion and the person is at least eighteen years old;

(b) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(c) No proceeding is pending seeking the formation of a diversion agreement with that person;

(d) The person has not been convicted of a class A or sex offense; and

(e) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW.

(17)(a) A person eighteen years of age or older whose criminal history consists of only one referral for diversion may request that the court order the records in that case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the diversion agreement.

(b) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section

and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older, or is eighteen years of age or older and his or her criminal history consists entirely of one diversion agreement and two years have passed since completion of the agreement.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault.

**Sec. 2.** RCW 13.40.070 and 1997 c 338 s 17 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (7) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.440(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(1)(b)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has two or more diversion (~~contracts~~) agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(10) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

**Sec. 3.** RCW 13.40.127 and 1997 c 338 s 21 are each amended to read as follows:

(1) A juvenile is eligible for deferred disposition unless he or she:

- (a) Is charged with a sex or violent offense;
- (b) Has a criminal history which includes any felony;
- (c) Has a prior deferred disposition or deferred adjudication; or
- (d) Has two or more (~~diversions~~) adjudications.

(2) The juvenile court may, upon motion at least fourteen days before commencement of trial and, after consulting the juvenile's custodial parent or parents or guardian and with the consent of the juvenile, continue the case for disposition for a period not to exceed one year from the date the juvenile is found guilty. The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition.

(3) Any juvenile who agrees to a deferral of disposition shall:

- (a) Stipulate to the admissibility of the facts contained in the written police report;
- (b) Acknowledge that the report will be entered and used to support a finding of guilt and to impose a disposition if the juvenile fails to comply with terms of supervision; and
- (c) Waive the following rights: (i) A speedy disposition; and (ii) call and confront witnesses.

The adjudicatory hearing shall be limited to a reading of the court's record.

(4) Following the stipulation, acknowledgment, waiver, and entry of a finding or plea of guilt, the court shall defer entry of an order of disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

(6) A parent who signed for a probation bond has the right to notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the probation bond. The state shall bear the burden to prove by a preponderance of the evidence, that the juvenile has failed to comply with the terms of community supervision.

(7) A juvenile's lack of compliance shall be determined by the judge upon written motion by the prosecutor or the juvenile's juvenile court community supervision counselor. If a juvenile fails to comply with terms of supervision, the court shall enter an order of disposition.

(8) At any time following deferral of disposition the court may, following a hearing, continue the case for an additional one-year period for good cause.

(9) At the conclusion of the period set forth in the order of deferral and upon a finding by the court of full compliance with conditions of supervision and payment of full restitution, the respondent's conviction shall be vacated and the court shall dismiss the case with prejudice."

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 47.26 RCW to read as follows:

The term "advance right-of-way acquisition" as used in this chapter means the acquisition of property and property rights, together with the engineering costs necessary for the advance right-of-way acquisition. Property

or property rights purchased must be for projects approved by the transportation improvement board or the county road administration board as part of a city or county six-year plan or program.

**NEW SECTION. Sec. 2.** A new section is added to chapter 47.26 RCW to read as follows:

The city and county advance right-of-way revolving fund is created in the custody of the treasurer. The transportation improvement board is the administrator of the fund and may deposit directly and spend without appropriation.

The transportation improvement board and the county road administration board, in consultation with the association of Washington cities and the Washington association of counties, shall adopt reasonable rules and develop policies to implement this program.

**NEW SECTION. Sec. 3.** A new section is added to chapter 47.26 RCW to read as follows:

(1) After any properties or property rights are acquired through funds in the city and county advance right-of-way revolving fund, the acquiring city or county is responsible for the management of the properties in accordance with sound business practices and shall provide annual status reports to the board. Funds received by the city or county from the interim management of the properties must be deposited into the city and county advance right-of-way revolving fund.

(2) When the city or county proceeds with the construction of an arterial project that will require the use of any of the property so acquired, the city or county shall reimburse the city and county advance right-of-way revolving fund. Reimbursement must reflect the original cost of the acquired property or property rights required for the project plus an interest rate as determined annually by the board. The board shall report on the interest rate set to the transportation committees through its annual report.

(3) When the city or county determines that any properties or property rights acquired from funds in the city and county advance right-of-way revolving fund will not be required for an arterial construction project or the property has been held by the city or county for more than six years, the city or county shall either sell the property at fair market value or reimburse the fund at fair market value. All proceeds of the sale must be deposited in the city and county advance right-of-way revolving fund. At the board's discretion, a portion of savings on transportation improvement board projects realized through the use of the city and county advance revolving fund may be deposited back into the city and county advance right-of-way revolving fund.

(4) Deposits in the fund may be reexpended without further or additional appropriations.

**Sec. 4.** RCW 43.79A.040 and 2000 c 79 s 45 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. **Sec. 5.** RCW 47.44.010 and 1980 c 28 s 1 are each amended to read as follows:

(1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities (~~which~~) that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for (~~such~~) the franchise (~~shall~~) must be made in writing and subscribed by the applicant, and (~~shall~~) describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right of way which the department determines may (~~(1))~~ (a) during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right of way, or (~~(2))~~ (b) during or following construction, cause a significant and adverse effect upon the surrounding environment.

**Sec. 6.** RCW 47.44.020 and 1980 c 28 s 2 are each amended to read as follows:

(1) If the department of transportation deems it to be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the department may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling, and granting the franchise. The department may require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

(2) If a hearing is held, it (~~shall~~) must be conducted by the department, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

(3) The facility (~~shall~~) must be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of (~~such~~) the removal whenever the state (~~shall be~~) is entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise (~~shall~~) must be by application.

(4) A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. A person constructing or operating such a utility on a

state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and restoring the pavement or other related transportation equipment or facilities to a permanent condition suitable for travel and operation in accordance with requirements set by the department. Permit and franchise holders are also financially responsible to the department for trenching work not completed within the contractual period and for compensating for the loss of useful pavement life caused by trenching. No franchise may be granted for a longer period than fifty years, and no exclusive franchise or privilege may be granted.

(5) The holder of a franchise granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the franchisees. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action.

**Sec. 7.** RCW 47.44.050 and 1984 c 7 s 237 are each amended to read as follows:

(1) The department ((is empowered to)) may grant a permit to construct or maintain on, over, across, or along any state highway any water, gas, telephone, telegraph, light, power, or other such facilities when they do not extend along the state highway for a distance greater than three hundred feet. The department may require such information as it deems necessary in the application for any such permit, and may grant or withhold the permit within its discretion. Any permit granted may be canceled at any time, and any facilities remaining upon the right of way of the state highway after thirty days written notice of the cancellation ((is {are})) are an unlawful obstruction and may be removed in the manner provided by law.

(2) The holder of a permit granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the permit holders. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action.

**Sec. 8.** RCW 47.24.020 and 1993 c 126 s 1 are each amended to read as follows:

The jurisdiction, control, and duty of the state and city or town with respect to such streets ((shall be)) is as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets. However, pavement trenching and restoration performed as part of installation of such facilities must meet or exceed requirements established by the department;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction. Pavement trenching and restoration performed under a privilege granted by the city under this subsection must meet or exceed requirements established by the department;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of twenty-two thousand five hundred or

less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right of way to protect the roadway itself. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility (~~shall~~) must require the grantee or permittee to restore, repair, and replace (~~to its original condition~~) any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-two thousand five hundred or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-two thousand five hundred according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be

mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town.

NEW SECTION. **Sec. 9.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the transportation appropriations act, this act is null and void."

In line 1 of the title, after "acquisition;" strike the remainder of the title and insert "amending RCW 43.79A.040, 47.44.010, 47.44.020, 47.44.050, and 47.24.020; adding new sections to chapter 47.26 RCW; and creating a new section."

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 42.17.640 and 1995 c 397 s 20 are each amended to read as follows:

(1) No person, other than a bona fide political party or a caucus political committee, may make contributions to a candidate for a state legislative office that in the aggregate exceed five hundred dollars or to a candidate for a state office other than a state legislative office that in the aggregate exceed one thousand dollars for each election in which the candidate is on the ballot or appears as a write-in candidate. Contributions made with respect to a primary may not be made after the date of the primary. However, contributions to a candidate or a candidate's authorized committee may be made with respect to a primary until thirty days after the primary, subject to the following limitations: (a) The candidate lost the primary; (b) the candidate's authorized committee has insufficient funds to pay debts outstanding as of the date of the primary; and (c) the contributions may only be raised and spent to satisfy the outstanding debt. Contributions made with respect to a general election may not be made after the final day of the applicable election cycle.

(2) No person, other than a bona fide political party or a caucus political committee, may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, during a recall campaign that in the aggregate exceed five hundred dollars if for a state legislative office or one thousand dollars if for a state office other than a state legislative office.

(3)(a) Notwithstanding subsection (1) of this section, no bona fide political party or caucus political committee may make contributions to a candidate during an election cycle that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction from which the candidate is elected if the contributor is a caucus political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed twenty-five cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(4)(a) Notwithstanding subsection (2) of this section, no bona fide political party or caucus political committee may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the state official, during a recall campaign that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a caucus political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No state official against whom recall charges have been filed, no authorized committee of the official, and no political committee having the expectation of making expenditures in support of the recall of a state official may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected.

(5) For purposes of determining contribution limits under subsections (3) and (4) of this section, the number of eligible registered voters in a jurisdiction is the number at the time of the most recent general election in the jurisdiction.

(6) Notwithstanding subsections (1) through (4) of this section, no person other than an individual, bona

fide political party, or caucus political committee may make contributions reportable under this chapter to a caucus political committee that in the aggregate exceed five hundred dollars in a calendar year or to a bona fide political party that in the aggregate exceed two thousand five hundred dollars in a calendar year. ### SENATE AMENDMENTS TO HOUSE BILL

April 6, 2001

Mr. Speakers:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1835, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the creation of a forest products commission would assist in expanding the state's economy, because:

(1) Marketing is a dynamic and changing part of the Washington forest products industry and a vital element in expanding the state economy;

(2) The sale in the state and export to other states and abroad of forest products made in the state contribute substantial benefits to the economy of the state, provide a large number of jobs and sizeable tax revenues, and are key components of the health of many local communities because many secondary businesses are largely dependent on the health of the forest products industry; and

(3) Forest products are made from a renewable resource and are more environmentally sound than many alternative products.

**NEW SECTION. Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Commission" means the forest products commission.

(2) "Department" means the department of agriculture.

(3) "Director" means the director of the department of agriculture or the director's authorized representative.

(4) "Forest products" or "timber" means trees of any species maintained for eventual harvest whether planted or of natural growth, standing or down, on privately or publicly owned land, and also includes wood products related thereto, but does not include Christmas trees or other trees on which the timber excise tax provided under chapter 84.33 RCW is not imposed.

(5) "Person" includes any individual, corporation, firm, partnership, trust, association, or any other organization of individuals.

(6) "Producer" means any person who harvests timber in Washington state and pays the timber excise tax imposed under chapter 84.33 RCW on at least two million board feet in a calendar year or in four consecutive calendar quarters.

- (7) "Eastern Washington" means that portion of the state lying east of the Cascade mountain range.
- (8) "Western Washington" means that portion of the state lying west of the Cascade mountain range.

**NEW SECTION. Sec. 3.** (1)(a) There is created a commodity commission to be known and designated as the Washington forest products commission. The commission is composed of nine voting members. The commission may, in its sole discretion, add or remove nonvoting ex officio members to the commission. Of the members, six shall be from western Washington, and three shall be from eastern Washington. After the initial election of commission members, however, if a position cannot be filled by a member from eastern Washington within sixty days from the date on which nominations may first be received because of a lack of candidates, the position may be filled by a member from western Washington. Under no circumstances will there be less than two board members from eastern Washington. If a position was filled by a member from western Washington because of a lack of candidates from eastern Washington, and districts are not used for the nomination and election of members, then a person from eastern Washington must fill the next available vacancy or open position at the next election to bring the number of representatives from eastern Washington up to three members. All members shall be elected by the entire group of producers unless the commission creates districts for the members as authorized in section 5 of this act. If districts are used for the nomination and election of commission members, and it does not appear that one of the positions from eastern Washington will be filled because of a lack of candidates, then a commission member who resides in western Washington must be elected by the entire group of producers as an at-large member. The position of the western Washington member who is elected as an at-large member shall be filled by a member from eastern Washington at the expiration of the term of the at-large member. If districts are not used for the nomination and election of members, the commission shall strive to achieve representation on the commission from the different geographic regions of the state.

(b) Of the six members from western Washington, three members must have annual harvests of more than seventy-five million board feet, and three members must have annual harvests between two million board feet and seventy-five million board feet.

(c) Of the two members from eastern Washington, one member must have an annual harvest greater than forty million board feet, and one member must have an annual harvest between two million board feet and forty million board feet. If there is a third member from eastern Washington, the only harvest requirement is that the member have an annual harvest of at least two million board feet.

(2) The members must be citizens and residents of this state, and over the age of twenty-one years. Each member must currently, and for the five years last preceding his or her election, be actually engaged in producing forest products within the state of Washington, either individually or as an officer of a corporation, firm, partnership, trust, association, or business organization at the level of production required to qualify as a producer. Each member must also derive a substantial amount of his or her income from the production of forest products. The qualifications set forth in this section apply throughout each member's term of office.

(3) No more than one member of the commission may be employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, trust, association, or business organization.

(4) Five voting members of the commission constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

(5) The regular term of office of the members is four years from November 1st following their election and until their successors are elected and qualified. However, the first terms of the members elected November 1, 2001, is as follows: Positions one, four, and seven terminate November 1, 2003; positions two, five, and eight terminate November 1, 2004; and positions three, six, and nine terminate November 1, 2005.

**NEW SECTION. Sec. 4.** (1) The director shall call the initial meeting of producers of forest products for the purpose of nominating their respective members of the commission. Public notice of the meeting shall be given by the director in the manner the director determines is appropriate. A producer may on his or her own motion file his or her name with the director for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the director with a list of all qualified producers within the state based upon tax records of the department.

(3) For the initial election of commission members, any qualified producer may be nominated orally for a commissioner position at the meeting convened by the director. Nominations may also be made within five days prior to the meeting by a written petition filed with the department, signed by at least five producers who reside in the state. If the director determines that one of the positions from eastern Washington will go unfilled because of a lack of candidates, the director shall announce that this position shall be filled by a member from western Washington. If the position designated for eastern Washington is filled by a member from western Washington because of a lack of candidates from eastern Washington, this position shall be designated as position number seven by the director for purposes of section 3(5) of this act. Under no circumstances will there be less than two board members from eastern Washington.

(4) The initial members of the commission shall be elected by secret mail ballot under the supervision of the director at the same time the referendum is submitted under section 12 of this act calling for the creation of the commission and the imposition of the initial assessment. If a nominee does not receive a majority of the votes on the first ballot, a run-off election shall be held by mail in a similar manner between the two candidates for the position receiving the largest number of votes.

**NEW SECTION. Sec. 5.** (1) After the initial election of commission members, the commission shall establish rules for electing commission members, including the method used for notification, nominating, and voting. The commission may create commission districts and boundaries, and may also establish a weighted voting procedure for election of commission members. The commission shall hold its annual meeting during the month of October each year for the purpose of nominating commission members and the transaction of other business. Public notice of the meeting shall be given by the commission in the manner it determines is appropriate. A producer may on his or her own motion file his or her name with the commission for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the commission with a list of all qualified producers within the state based upon tax records of the department.

**NEW SECTION. Sec. 6.** (1) In the event a position becomes vacant due to resignation, disqualification, death, or for any other reason, the position until the next annual meeting shall be filled by vote of the remaining members of the commission. At the annual meeting a commissioner shall be elected to fill the balance of the unexpired term.

(2) Each member of the commission shall be compensated in accordance with RCW 43.03.230 and shall be reimbursed for actual travel expenses incurred in carrying out the provisions of this chapter. Employees of the commission may also be reimbursed for actual travel expenses when on official commission business.

**NEW SECTION. Sec. 7.** Obligations incurred by the commission and liabilities or claims against the commission may be enforced only against the assets of the commission in the same manner as if it were a corporation and no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision or instrumentality thereof or against any member, officer, employee, or agent of the commission in his or her individual capacity. The members of the commission, including employees of the commission, may not be held responsible individually or any way whatsoever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employees, except for their own individual acts of dishonesty or crime. A person or employee may not be held responsible individually for any act or omission of any other members of the commission.

**NEW SECTION. Sec. 8.** The powers and duties of the commission include:

(1) To elect a chairman and such officers as the commission deems advisable. The commission shall adopt rules for its own governance, which provide for the holding of an annual meeting for the election of officers and transaction of other business and for such other meetings as the commission may direct;

(2) To adopt any rules necessary to carry out the purposes of this chapter, in conformance with chapter 34.05 RCW;

(3) To administer and do all things reasonably necessary to carry out the purposes of this chapter;

(4) At the pleasure of the commission, to employ a treasurer who is responsible for all receipts and disbursements by the commission and the faithful discharge of whose duties shall be guaranteed by a bond at the sole expense of the commission;

(5) At the pleasure of the commission, to employ and discharge managers, secretaries, agents, attorneys, and employees and to engage the services of independent contractors as the commission deems necessary, to prescribe their duties, and to fix their compensation;

(6) To engage directly or indirectly in the promotion of Washington forest products and managed forests, and shall in the good faith judgment of the commission be in aid of the marketing, advertising, or sale of forest products, or of research related to such marketing, advertising, or sale of forest products, or of research related to managed forests;

(7) To enforce the provisions of this chapter, including investigating and prosecuting violations of this chapter;

(8) To acquire and transfer personal and real property, establish offices, incur expense, and enter into contracts. Contracts for creation and printing of promotional literature are not subject to chapter 43.78 RCW, but such contracts may be canceled by the commission unless performed under conditions of employment which substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create such debt and other liabilities as may be reasonable for proper discharge of its duties under this chapter;

(9) To maintain such account or accounts with one or more qualified public depositaries as the commission may direct, to cause moneys to be deposited therein, and to expend moneys for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;

(10) To cause to be kept and annually closed, in accordance with generally accepted accounting principles, accurate records of all receipts, disbursements, and other financial transactions, available for audit by the state auditor;

(11) To create and maintain a list of producers and to disseminate information among and solicit the opinions of producers with respect to the discharge of the duties of the commission, directly or by arrangement with trade associations or other instrumentalities;

(12) To employ, designate as agent, act in concert with, and enter into contracts with any person, council, commission, or other entity for the purpose of promoting the general welfare of the forest products industry and particularly for the purpose of assisting in the sale and distribution of Washington forest products in domestic and foreign commerce, expending moneys as it may deem necessary or advisable for such purpose and for the purpose of paying its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of Washington forest products in domestic or foreign commerce, and employing and paying for vendors of professional services of all kinds;

(13) To sue and be sued as a commission, without individual liability for acts of the commission within the scope of the powers conferred upon it by this chapter;

(14) To propose assessment levels for producers subject to referendum approval under section 11 of this act; and

(15) To participate in federal and state agency hearings, meetings, and other proceedings relating to the regulation, production, manufacture, distribution, sale, or use of forest products.

**NEW SECTION. Sec. 9.** The commission shall create, provide for, and conduct a research, promotional, and educational campaign as sales and market conditions reasonably require. It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account the information obtained in the discharge of its duties under this chapter.

**NEW SECTION. Sec. 10.** (1) The commission shall cause a list to be prepared of all Washington producers of forest products from any information available from the commission, producers' association, or producers, including tax records from the department of revenue. This list shall contain the names and addresses of all persons who produce forest products within this state, the amount of forest products produced during the

period designated by the commission, and the assessment amount for each member. The list is considered confidential and may be reviewed only by the employees of the commission, except for information that may be disclosed to the public and commission members under subsection (4) of this section. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission.

This list shall be corrected and brought up to date in accordance with evidence and information available to the commission on or before December 31st of each year, or as soon thereafter as possible. For all purposes of giving notice and holding referendums, the list on hand, corrected up to the day next preceding the date for issuing notices or ballots as the case may be, is, for purposes of this chapter, the list of all producers entitled to notice or to assent or dissent or to vote.

(2) The commission shall develop a reporting system to document that the producers of forest products in this state are reporting quantities of forest products produced and subject to the assessment as provided in section 11 of this act.

(3) The department of revenue may charge the commission for the reasonable costs of providing reports of harvest activity on a quarterly basis.

(4) Any taxpayer information received by the commission from the department of revenue may only be used for the limited purposes of establishing lists of producers necessary to determine eligibility for voting, eligibility for serving as a commission member, the amount of assessments owed, or other necessary purposes as established by law. Any return or tax information received from the department of revenue may be reviewed only by the employees of the commission. Employees may disclose to the public and commission members a list of commission members, groupings of at least three commission members by the amount of forest products harvested over any time period designated by the commission of at least one quarter, and the members who are eligible for the various positions on the commission.

**NEW SECTION. Sec. 11.** (1) To provide for permanent funding of the forest products commission, an assessment shall be levied by the commission on producers of each species of forest products. The initial rate of assessment that shall be submitted for approval by referendum pursuant to section 12 of this act is fifty-seven cents per thousand board feet. The initial assessment is not effective until approved by a majority of producers as required by section 12 of this act.

(2) After the initial assessment rate is approved, the commission may adjust the amount of the assessment within a range of forty-five cents up to ninety cents per thousand board feet. The commission shall submit any proposed increase in the assessment to producers pursuant to the referendum process established in this section, and shall supply all known producers with a ballot for the referendum. The commission shall establish the assessment for the marketing year by January 1st of each year, or as soon thereafter as possible. Assessments may only be used for the purposes and objects of this chapter.

(3) The forest products commission may raise the assessment on forest products in excess of the fiscal growth factor under chapter 43.135 RCW. The assessment limits established by this section are solely to provide prior legislative authority for the purposes of RCW 43.135.055 and are not a limit on the authority of the forest products commission to alter assessments in any manner not limited by RCW 43.135.055. However, any alteration in assessments made under this section must be made with the procedural requirements established by this chapter for altering such assessments.

(4) The requirement for approval of an assessment is met if: (a) At least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. An assessment shall only be approved if at least forty percent of the eligible producers participate in the vote.

**NEW SECTION. Sec. 12.** (1) For purposes of determining producer participation in the commission, the initial election of commissioners, and for imposition of the original assessment specified in section 11 of this act, the director shall conduct a referendum among all producers of forest products within the state.

(2) The requirement for approval of the assessment and creation of the commission is met if: (a) At

least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. The referendum shall only be approved if at least forty percent of the eligible producers participate in the vote.

(3) If the director determines that the requisite approval has been given, the director shall declare the establishment of the commission and direct it to put into force the assessment authorized in section 11 of this act. If the director finds that the requisite approval has not been given, then this chapter is not operative.

**NEW SECTION.** **Sec. 13.** The commission shall deposit moneys collected under section 11 of this act in a separate account in the name of the commission in any bank that is a state depository. All expenditures and disbursements made from this account under this chapter may be made without the necessity of a specific legislative appropriation. RCW 43.01.050 does not apply to this account or to the moneys received, collected, or expended under this chapter.

**NEW SECTION.** **Sec. 14.** A due and payable assessment levied in the amount determined by the commission under section 11 of this act constitutes a personal debt of every person so assessed, or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a person fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay any due and payable assessment or other such sum, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable.

**NEW SECTION.** **Sec. 15.** All county and state law enforcement officers shall assist in the enforcement of this chapter.

**NEW SECTION.** **Sec. 16.** The superior courts are hereby vested with jurisdiction to enforce this chapter and the rules of the commission, and to prevent and restrain violations thereof.

(2) This section does not apply to an assessment made by an agricultural commodity commission or board created by state statute or created under a marketing agreement or order under chapter 15.65 or 15.66 RCW, or to the forest products commission, if the assessment is approved by referendum in accordance with the provisions of the statutes creating the commission or board or chapter 15.65 or 15.66 RCW for approving such assessments.

**NEW SECTION. Sec. 20.** A new section is added to chapter 82.32 RCW to read as follows:

The forest products commission, created pursuant to chapter 15.-- RCW (sections 1 through 17 and 22 of this act), constitutes a state agency for purposes of applying the exemption contained in RCW 82.32.330(3)(f) for the disclosure of taxpayer information by the department. (ii) Any person subject to (b)(i) of this subsection or subsection (5) of this section may petition the court to be exempted from any community notification requirements that the person may be subject to fifteen years after the later of the entry of the judgment and sentence or the last date of release from confinement, including full-time residential treatment, pursuant to the conviction, if the person has spent the time in the community without being convicted of any new offense.

(4) An offender having a duty to register under RCW 9A.44.130 for a sex offense or kidnapping offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after adjudication, and may consider other factors.

(a) The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was fifteen years of age or older only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

(b) The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was under the age of fifteen if the petitioner (i) has not been adjudicated of any additional sex offenses or kidnapping offenses during the twenty-four months following the adjudication for the offense giving rise to the duty to register, and (ii) proves by a preponderance of the evidence that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

This subsection shall not apply to juveniles prosecuted as adults.

**SENATE AMENDMENTS TO HOUSE BILL**

April 11, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1498, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 77.15.080 and 2000 c 107 s 233 are each amended to read as follows:

Based upon articulable facts that a person is engaged in fishing or hunting activities, fish and wildlife officers have the authority to temporarily stop the person and check for valid licenses, tags, permits, stamps, or catch record cards, and to inspect all fish and wildlife in possession as well as the equipment being used to ensure compliance with the requirements of this title. For licenses purchased over the internet or telephone, fish and wildlife officers may require the person to exhibit a driver's license or other photo identification.

**Sec. 2.** RCW 77.32.420 and 2000 c 107 s 272 are each amended to read as follows:

Recreational licenses are not transferable. Upon request of a fish and wildlife officer, ex officio fish and wildlife officer, or authorized fish and wildlife employee, a person hunting for game animals and furbearers, digging for, fishing for, or possessing shellfish, or seaweed or fishing for or possessing food fish or game fish for personal use shall exhibit the required recreational license and write his or her signature for comparison with the signature on the license. A person who has purchased a license over the internet or by telephone may be required to also exhibit a valid driver's license, or other photo identification. Failure to comply with the request is prima facie evidence that the person does not have a license or is not the person named on the license."

On page 1, line 2 of the title, after "licenses;" strike the remainder of the title and insert "and amending RCW 77.15.080 and 77.32.420."

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1498 and asked the Senate to recede therefrom.

**SENATE AMENDMENTS TO HOUSE BILL**

April 11, 2001

Mr. Speakers:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286, with the following amendments(s):

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 77.95.210 and 2000 c 107 s 11 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the department may supply, at a reasonable charge, surplus salmon eggs to a person for use in the cultivation of salmon. The department shall not intentionally create a surplus of salmon to provide eggs for sale. The department shall only sell salmon eggs from stocks that are not suitable for salmon population rehabilitation or enhancement in state waters in Washington after the salmon harvest on surplus salmon has been first maximized by both commercial and recreational fishers.

(2) The department shall not destroy hatchery origin salmon for the purposes of destroying viable eggs that would otherwise be useful for propagation or salmon recovery purposes, as determined by the department and Indian tribes with treaty fishing rights in a collaborative manner, for replenishing fish runs. Eggs deemed surplus by the state must be provided, in the following order of priority, to:

(a) Voluntary cooperative salmon culture programs under the supervision of the department under chapter 77.100 RCW;

(b) Regional fisheries enhancement group salmon culture programs under supervision of the department under this chapter;

(c) Salmon culture programs requested by lead entities and approved by the salmon funding recovery board under chapter 77.85 RCW;

(d) Hatcheries of federally approved tribes in Washington to whom eggs are moved, not sold, under the interlocal cooperation act, chapter 39.34 RCW;

(e) Governmental hatcheries in Washington, Oregon, and Idaho.

The order of priority established in this subsection for distributing surplus eggs does not apply when there is a shortfall in the supply of eggs.

(3) All sales, provisions, distributions, or transfers shall be consistent with the department's egg transfer and aquaculture disease control regulations as now existing or hereafter amended. Prior to department determination that eggs of a salmon stock are surplus and available for sale, the department shall assess the productivity of each watershed that is suitable for receiving eggs.

**Sec. 2.** RCW 77.95.270 and 1989 c 336 s 6 are each amended to read as follows:

Except as provided in RCW 77.95.210, the department may make available to private contractors salmon eggs in excess of department hatchery needs for the purpose of contract rearing to release the smolts into public waters. However, providing salmon eggs as specified in RCW 77.95.210(2) has the highest priority. The priority of providing eggs surplus after meeting the requirements of RCW 77.95.210(2) to contract rearing ((shall be)) is a higher priority than providing eggs to aquaculture purposes ((which)) that are not destined for release into Washington public waters.

**Sec. 3.** RCW 77.100.050 and 1987 c 505 s 73 are each amended to read as follows:

(1) The department shall:

(a) Encourage and support the establishment of cooperative agreements for the development and operation of cooperative food fish, shellfish, game fish, game bird, game animal, and nongame wildlife projects, and projects which provide an opportunity for volunteer groups to become involved in resource and habitat-oriented activities. All cooperative projects shall be fairly considered in the approval of cooperative agreements;

(b) Identify regions and species or activities that would be particularly suitable for cooperative projects providing benefits compatible with department goals;

(c) Determine the availability of rearing space at operating facilities or of net pens, egg boxes, portable rearing containers, incubators, and any other rearing facilities for use in cooperative projects, and allocate them to volunteer groups as fairly as possible;

(d) Make viable eggs available for replenishing fish runs, and salmon carcasses for nutrient enhancement of streams. If a regional fisheries enhancement group, lead entity, volunteer cooperative group, federally approved tribe in Washington, or a governmental hatchery in Washington, Oregon, or Idaho requests the department for viable eggs, the department must include the request within the brood stock document prepared for review by the regional offices. The eggs shall be distributed in accordance with the priority established in

RCW 77.95.210 if they are available. A request for viable eggs may only be denied if the eggs would not be useful for propagation or salmon recovery purposes, as determined under RCW 77.95.210.

(e) Exempt volunteer groups from payment of fees to the department for activities related to the project;  
 ((e)) (f) Publicize the cooperative program;  
 ((f)) (g) Not substitute a new cooperative project for any part of the department's program unless mutually agreeable to the department and volunteer group;  
 ((g)) (h) Not approve agreements that are incompatible with legally existing land, water, or property rights.

(2) The department may, when requested, provide to volunteer groups its available professional expertise and assist the volunteer group to evaluate its project. The department must conduct annual workshops in each administrative region of the department that has fish stocks listed as threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., in order to assist volunteer groups with egg rearing, share information on successful salmon recovery projects accomplished by volunteers within the state, and provide basic training on monitoring efforts that can be accomplished by volunteers in order to help determine if their efforts are successful.

**Sec. 4.** RCW 77.100.060 and 2000 c 107 s 112 are each amended to read as follows:

The commission shall establish by rule:

(1) The procedure for entering a cooperative agreement and the application forms for a permit to release fish or wildlife required by RCW 77.12.457. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director's designee to review information provided in the response.

(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects. The rules must identify and implement appropriate protocols for brood stock handling, including the outplanting of adult fish, spawning, incubation, rearing, and release and establish a prioritized schedule for implementation of this act, and shall include directives for allowing more hatchery salmon to spawn naturally in areas where progeny of hatchery fish have spawned, in order to increase the number of viable salmon eggs and restore healthy numbers of fish within the state.

(4) The procedure for the director to notify a volunteer group that the agreement for the project is being revoked for cause and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.

(5) An appropriate method of distributing among volunteer groups fish, bird, or animal food or other supplies available for the program.

NEW SECTION. **Sec. 5.** A new section is added to chapter 77.04 RCW to read as follows:

(1) The department shall prepare an annual surplus salmon report. This report shall include the disposition of adult salmonids that have returned to salmonid hatchery facilities operated under the jurisdiction of the state that:

- (a) Have not been harvested; and
- (b) Were not allowed to escape for natural spawning.

(2) The report shall include by species, the number and estimated weight of surplus salmon and steelhead and a description of the disposition of the adult carcasses including, but not limited to, the following categories:

- (a) Disposed in landfills;
- (b) Transferred to another government agency for reproductive purposes;
- (c) Sold to contract buyers in the round;
- (d) Sold to contract buyers after spawning;
- (e) Transferred to Native American tribes;
- (f) Donated to food banks; and
- (g) Used in stream nutrient enrichment programs.

(3) The report shall also include by species, information on the number of requests for viable salmon eggs, the number of these requests that were granted and the number that were denied, the geographic areas for which these requests were granted or denied, and a brief explanation given for each denial of a request for viable salmon eggs.

(4) The report shall also be included in the biennial state of the salmon report required by RCW 77.85.020 and other similar state reports on salmon.

(5) The report shall include an assessment of the infrastructure needs and facility modifications necessary to implement this act.

**NEW SECTION. Sec. 6.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "eggs;" strike the remainder of the title and insert "amending RCW 77.95.210, 77.95.270, 77.100.050, and 77.100.060; adding a new section to chapter 77.04 RCW; and declaring an emergency."

There being no objection, the House refused to concur in the Senate Amendment(s) to Engrossed Substitute House Bill No. 1286 and asked the Senate to recede therefrom.

### SENATE AMENDMENTS TO HOUSE BILL

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1135, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) An appointment of a principal's spouse as attorney in fact, including appointment as successor or co-attorney in fact, under a power of attorney shall be revoked upon entry of a decree of dissolution or legal separation or declaration of invalidity of the marriage of the principal and the attorney in fact, unless the power of attorney or the decree provides otherwise. The effect of this revocation shall be as if the spouse resigned as attorney in fact, or if named as successor attorney in fact, renounced the appointment, as of the date of entry of the decree or declaration, and the power of attorney shall otherwise remain in effect with respect to appointments of other persons as attorney in fact for the principal or procedures prescribed in the power of attorney to appoint other persons, and any terms relating to service by persons as attorney in fact.

(2) This section applies to all decrees of dissolution and declarations of invalidity of marriage entered after the effective date of this act.

**Sec. 2.** RCW 11.94.040 and 1985 c 30 s 28 are each amended to read as follows:

(1) Any person acting without negligence and in good faith in reasonable reliance on a power of attorney shall not incur any liability (~~thereby~~).

(2) If the attorney in fact presents the power of attorney to a third person and requests the person to accept the attorney in fact's authority to act for the principal, and also presents to the person an acknowledged affidavit or declaration signed under penalty of perjury in the form designated in RCW 9A.72.085, signed and dated contemporaneously with presenting the power of attorney, which meets the requirements of subsection (3) of this section, and the person accepting the power of attorney has examined the power of attorney and confirmed the identity of the attorney in fact, then the person's reliance on the power of attorney is presumed to be without negligence and in good faith in reasonable reliance, which presumption may be rebutted by clear and convincing evidence that the person accepting the power of attorney knew or should have known that one or more of the material statements in the affidavit is untrue. It shall not be found that an organization knew or should have known of circumstances that would revoke or terminate the power of attorney or limit or modify the authority of the attorney in fact, unless the individual accepting the power of attorney on behalf of the organization knew or should have known of the circumstances.

(3) An affidavit presented pursuant to subsection (2) of this section shall state that:

(a) The person presenting himself or herself as the attorney in fact and signing the affidavit or declaration is the person so named in the power of attorney;

(b) If the attorney in fact is named in the power of attorney as a successor attorney in fact, the circumstances or conditions stated in the power of attorney that would cause that person to become the acting attorney in fact have occurred;

(c) To the best of the attorney in fact's knowledge, the principal is still alive;

(d) To the best of the attorney in fact's knowledge, at the time the power of attorney was signed, the principal was competent to execute the document and was not under undue influence to sign the document;

(e) All events necessary to making the power of attorney effective have occurred;

(f) The attorney in fact does not have actual knowledge of the revocation, termination, limitation, or modification of the power of attorney or of the attorney in fact's authority;

(g) The attorney in fact does not have actual knowledge of the existence of other circumstances that would limit, modify, revoke, or terminate the power of attorney or the attorney in fact's authority to take the proposed action;

(h) If the attorney in fact was married to the principal at the time of execution of the power of attorney, then at the time of signing the affidavit or declaration, the marriage of the principal and the attorney in fact has not been dissolved or declared invalid; and

(i) The attorney in fact is acting in good faith pursuant to the authority given under the power of attorney.

(4) Unless the document contains a time limit, the length of time which has elapsed from its date of execution shall not prevent a party from reasonably relying on the document.

(5) Unless the document contains a requirement that it be filed for record to be effective, a person ~~((shall))~~ may place reasonable reliance on it regardless of whether it is so filed.

**NEW SECTION. Sec. 3.** (1) A person designated in section 4 of this act may file a petition requesting that the court:

(a) Determine whether the power of attorney is in effect or has terminated;

(b) Compel the attorney in fact to submit the attorney in fact's accounts or report the attorney in fact's acts as attorney in fact to the principal, the spouse of the principal, the guardian of the person or the estate of the principal, or to any other person required by the court in its discretion, if the attorney in fact has failed to submit an accounting or report within sixty days after written request from the person filing the petition, however, a government agency charged with the protection of vulnerable adults may file a petition upon the attorney in fact's refusal or failure to submit an accounting upon written request and shall not be required to wait sixty days;

(c) Ratify past acts or approve proposed acts of the attorney in fact;

(d) Order the attorney in fact to exercise or refrain from exercising authority in a power of attorney in a particular manner or for a particular purpose;

(e) Modify the authority of an attorney in fact under a power of attorney;

(f) Remove the attorney in fact on a determination by the court of both of the following:

(i) The attorney in fact has violated or is unfit to perform the fiduciary duties under the power of attorney; and

(ii) The removal of the attorney in fact is in the best interest of the principal;

(g) Approve the resignation of the attorney in fact and approve the final accountings of the resigning attorney in fact if submitted, subject to any orders the court determines are necessary to protect the principal's interests;

(h) Confirm the authority of a successor attorney in fact to act under a power of attorney upon removal or resignation of the previous attorney in fact;

(i) Compel a third person to honor the authority of an attorney in fact, provided that a third person may not be compelled to honor the agent's authority if the principal could not compel the third person to act in the same circumstances;

(j) Order the attorney in fact to furnish a bond in an amount the court determines to be appropriate.

(2) The petition shall contain a statement identifying the principal's known immediate family members, and any other persons known to petitioner to be interested in the principal's welfare or the principal's estate, stating which of said persons have an interest in the action requested in the petition and explaining the determination of who is interested in the petition.

**NEW SECTION. Sec. 4.** (1) A petition may be filed under section 3 of this act by any of the following persons:

(a) The attorney in fact;

(b) The principal;

(c) The spouse of the principal;

(d) The guardian of the estate or person of the principal; or

(e) Any other interested person, as long as the person demonstrates to the court's satisfaction that the person is interested in the welfare of the principal and has a good faith belief that the court's intervention is necessary, and that the principal is incapacitated at the time of filing the petition or otherwise unable to protect his or her own interests.

(2) Notwithstanding section 1 of this act, the principal may specify in the power of attorney by name certain persons who shall have no authority to bring a petition under section 3 of this act with respect to the power of attorney. This provision is enforceable:

(a) If the person so named is not at the time of filing the petition the guardian of the principal;

(b) If at the time of signing the power of attorney the principal was represented by an attorney who advised the principal regarding the power of attorney and who signed a certificate at the time of execution of the power of attorney, stating that the attorney has advised the principal concerning his or her rights, the applicable law, and the effect and consequences of executing the power of attorney; or

(c) If (a) and (b) of this subsection do not apply, unless the person so named can establish that the principal was unduly influenced by another or under mistaken beliefs when excluding the person from the petition process, or unless the person named is a government agency charged with protection of vulnerable adults.

**NEW SECTION. Sec. 5.** In ruling on a petition filed under section 3 of this act and ordering any relief, the court must consider the best interests of the principal and will order relief that is the least restrictive to the exercise of the power of attorney while still adequate in the court's view to serve the principal's best interests. Upon entry of an order ruling on a petition, the court's oversight of the attorney in fact's actions and of the operation of the power of attorney ends unless another petition is filed under this chapter or unless the order specifies further court involvement that is necessary for a resolution of the issues raised in the petition.

**NEW SECTION. Sec. 6.** In any proceeding commenced by the filing of a petition under section 3 of this act by a person other than the attorney in fact, the court may in its discretion award costs, including reasonable attorneys' fees, to any person participating in the proceedings from any other person participating in the proceedings, or from the assets of the principal, as the court determines to be equitable. In determining what is equitable in making the award, the court must consider whether the petition was filed without reasonable cause, and order costs and fees paid by the attorney in fact individually only if the court determines that the attorney in fact has clearly violated his or her fiduciary duties or has refused without justification to cooperate with the principal or the principal's guardian or personal representative. In a proceeding to compel a third party to accept a power of attorney, the court may order costs, including reasonable attorneys' fees, to be paid by the third party only if the court determines that the third party did not have a good faith concern that the attorney in fact's exercise of authority would be improper. To the extent this section is inconsistent with RCW 11.96A.150, this section controls the award of costs and attorneys' fees in proceedings brought under section 3 of this act.

**NEW SECTION. Sec. 7.** The provisions of chapter 11.96A RCW, except for RCW 11.96A.260 through 11.96A.320, are applicable to proceedings commenced by the filing of a petition under section 3 of this act.

**NEW SECTION. Sec. 8.** (1) The following persons are entitled to notice of hearing on any petition under section 3 of this act:

(a) The principal;

(b) The principal's spouse;

(c) The attorney in fact;

(d) The guardian of the estate or person of the principal;

(e) Any other person identified in the petition as being interested in the action requested in the petition, or identified by the court as having a right to notice of the hearing. If a person would be excluded from bringing a petition under section 4(2) of this act, then that person is not entitled to notice of the hearing.

(2) Notwithstanding subsection (1) of this section, if the whereabouts of the principal are unknown or the principal is otherwise unavailable to receive notice, the court may waive the requirement of notice to the principal, and if the principal's spouse is similarly unavailable to receive notice, the court may waive the requirement of notice to the principal's spouse.

(3) Notice must be given as required under chapter 11.96A RCW, except that the parties entitled to notice shall be determined under this section.

**Sec. 9.** RCW 11.96A.040 and 1999 c 42 s 201 are each amended to read as follows:

(1) The superior court of every county has original subject matter jurisdiction over the probate of wills and the administration of estates of incapacitated, missing, and deceased individuals in all instances, including without limitation:

(2) The superior court of every county has original subject matter jurisdiction over trusts and all matters relating to trusts.

(3) The superior courts may: Probate or refuse to probate wills, appoint personal representatives, administer and settle the affairs and the estates of incapacitated, missing, or deceased individuals including but not limited to decedents' nonprobate assets; administer and settle matters that relate to nonprobate assets and arise under chapter 11.18 or 11.42 RCW; administer and settle all matters relating to trusts; administer and settle matters that relate to powers of attorney; award processes and cause to come before them all persons whom the courts deem it necessary to examine; order and cause to be issued all such writs and any other orders as are proper or necessary; and do all other things proper or incident to the exercise of jurisdiction under this section.

(4) The subject matter jurisdiction of the superior court applies without regard to venue. A proceeding or action by or before a superior court is not defective or invalid because of the selected venue if the court has jurisdiction of the subject matter of the action.

**Sec. 10.** RCW 11.96A.050 and 1999 c 42 s 202 are each amended to read as follows:

(1) Venue for proceedings pertaining to trusts shall be:

(a) For testamentary trusts established under wills probated in the state of Washington, in the superior court of the county where letters testamentary were granted to a personal representative of the estate subject to the will or, in the alternative, the superior court of the county of the situs of the trust; and

(b) For all other trusts, in the superior court of the county in which the situs of the trust is located, or, if the situs is not located in the state of Washington, in any county.

(2) Venue for proceedings subject to chapter 11.88 or 11.92 RCW shall be determined under the provisions of those chapters.

(3) Venue for proceedings pertaining to the probate of wills, the administration and disposition of a decedent's property, including nonprobate assets, and any other matter not identified in subsection (1) or (2) of this section, may be in any county in the state of Washington. A party to a proceeding may request that venue be changed if the request is made within four months of the mailing of the notice of appointment and pendency of probate required by RCW 11.28.237, and except for good cause shown, venue must be moved as follows:

(a) If the decedent was a resident of the state of Washington at the time of death, to the county of the decedent's residence; or

(b) If the decedent was not a resident of the state of Washington at the time of death, to any of the following:

- (i) Any county in which any part of the probate estate might be;
- (ii) If there are no probate assets, any county where any nonprobate asset might be; or
- (iii) The county in which the decedent died.

(4) Once letters testamentary or of administration have been granted in the state of Washington, all orders, settlements, trials, and other proceedings under this title shall be had or made in the county in which such letters have been granted unless venue is moved as provided in subsection (2) of this section.

(5) Venue for proceedings pertaining to powers of attorney shall be in the superior court of the county of the principal's residence, except for good cause shown.

(6) If venue is moved, an action taken before venue is changed is not invalid because of the venue.

~~((6))~~ (7) Any request to change venue that is made more than four months after the commencement of the action may be granted in the discretion of the court.

**Sec. 11.** RCW 11.96A.120 and 1999 c 42 s 305 are each amended to read as follows:

(1) This section is intended to adopt the common law concept of virtual representation. This section supplements the common law relating to the doctrine of virtual representation and shall not be construed as limiting the application of that common law doctrine.

(2) Any notice requirement in this title is satisfied if notice is given as follows:

(b) Where an interest in an estate, trust, or nonprobate asset or an interest that may be affected by a power of attorney has been given to a living person, and the same interest, or a share in it, is to pass to the surviving spouse or to persons who are, or might be, the distributees, heirs, issue, or other kindred of that living person upon the happening of a future event, notice may be given to that living person, and the living person shall virtually represent the surviving spouse, distributees, heirs, issue, or other kindred of the person; and

(c) Except as otherwise provided in this subsection, where an interest in an estate, trust, or nonprobate asset or an interest that may be affected by a power of attorney has been given to a person or a class of persons, or both, upon the happening of any future event, and the same interest or a share of the interest is to pass to another person or class of persons, or both, upon the happening of an additional future event, notice may be given to the living person or persons who would take the interest upon the happening of the first event, and the living person or persons shall virtually represent the persons and classes of persons who might take on the happening of the additional future event.

(3) A party is not virtually represented by a person receiving notice if a conflict of interest involving the matter is known to exist between the notified person and the party.

(4) An action taken by the court is conclusive and binding upon each person receiving actual or constructive notice or who is otherwise virtually represented.

**Sec. 12.** RCW 11.94.050 and 1989 c 87 s 1 are each amended to read as follows:

(1) Although a designated attorney in fact or agent has all powers of absolute ownership of the principal, or the document has language to indicate that the attorney in fact or agent shall have all the powers the principal would have if alive and competent, the attorney in fact or agent shall not have the power to make, amend, alter, or revoke the principal's wills or codicils, and shall not have the power, unless specifically provided otherwise in the document: To make, amend, alter, or revoke any of the principal's ((wills, codicils,)) life insurance, annuity, or similar contract beneficiary designations, employee benefit plan beneficiary designations, trust agreements, registration of the principal's securities in beneficiary form, payable on death or transfer on death beneficiary designations, designation of persons as joint tenants with right of survivorship with the principal with respect to any of the principal's property, community property agreements, or any other provisions for nonprobate transfer at death contained in nontestamentary instruments described in RCW 11.02.091; to make any gifts of property owned by the principal; to make transfers of property to any trust (whether or not created by the principal) unless the trust benefits the principal alone and does not have dispositive provisions which are different from those which would have governed the property had it not been transferred into the trust, or to disclaim property.

(2) Nothing in subsection (1) of this section prohibits an attorney in fact or agent from making any transfer of resources not prohibited under chapter 74.09 RCW when the transfer is for the purpose of qualifying the principal for medical assistance or the limited casualty program for the medically needy.

NEW SECTION. **Sec. 13.** Sections 1 and 3 through 8 of this act are each added to chapter 11.94 RCW."

### SENATE AMENDMENTS TO HOUSE BILL

April 9, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1545, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 24.06.005 and 2000 c 167 s 1 are each amended to read as follows:

- (4) "Miscellaneous corporation" means any corporation which is organized for a purpose or in a manner not provided for by the Washington business corporation act or by the Washington nonprofit corporation act, and which is not required to be organized under other laws of this state.
- (5) "Articles of incorporation" includes the original articles of incorporation and all amendments thereto, and includes articles of merger.
- (6) "Bylaws" means the code or codes of rules adopted for the regulation or management of the affairs of the corporation irrespective of the name or names by which such rules are designated.
- (7) "Member" means one having membership rights in a corporation in accordance with provisions of its articles of incorporation or bylaws.

An applicant may request a specific effective date no more than thirty days later than the receipt date which might otherwise be applied as the effective date.

(18) "Consumer cooperative" means a corporation engaged in the retail sale, to its members and other consumers, of goods or services of a type that are generally for personal, living, or family use.

(14) Unless otherwise provided in the articles of incorporation, to make donations for the public welfare or for charitable, scientific or educational purposes, and in time of war to make donations in aid of the United States and its war activities.

(15) To indemnify any director or officer or former director or officer of the corporation, or any person who may have served at its request as a director or officer of another corporation, against expenses actually and necessarily incurred by him or her in connection with the defense of any action, suit or proceeding in which he or she is made a party by reason of being or having been such director or officer, except ~~((in relation to matters as to which he shall be adjudged in such action, suit or proceeding to be liable for negligence or misconduct in the performance of duty))~~ for acts or omissions that involve intentional misconduct or a knowing violation of law by the director or officer, or that involve a transaction from which the director or officer will personally receive a benefit in money, property, or services to which the director or officer is not legally entitled: PROVIDED, That such indemnification shall not be deemed exclusive of any other rights to which such director or officer may be entitled, under any bylaw, agreement, vote of board of directors or members or shareholders, or otherwise.

(16) To cease its corporate activities and surrender its corporate franchise.

(17) To have and exercise all powers necessary or convenient to effect any or all of the purposes for which the corporation is organized and not inconsistent with the articles of incorporation or the provisions of this chapter.

**Sec. 4.** RCW 24.06.035 and 1987 c 212 s 709 are each amended to read as follows:

(1) A corporation subject to the provisions of this chapter shall not engage in any business, trade, a vocation or profession for profit: PROVIDED, That nothing contained herein shall be construed to forbid such a corporation from accumulating reserve, equity, surplus or other funds through subscriptions, fees, dues or assessments, or from charges made its members or other persons for services rendered or supplies or benefits furnished, or from distributing its surplus funds to its members, stockholders or other persons in accordance with the provisions of the articles of incorporation. A member of the board of directors or an officer of such a corporation shall have the same immunity from liability as is granted in RCW 4.24.264.

(2) Unless the articles of incorporation provide otherwise, a member of the board of directors or an officer of the corporation is not individually liable to the corporation or its shareholders or members in their capacity as shareholders or members for conduct within his or her official capacity as a director or officer after the effective date of this subsection except for acts or omissions that involve intentional misconduct or a knowing violation of the law, or that involve a transaction from which the director or officer will personally receive a benefit in money, property, or services to which the director or officer is not legally entitled. Nothing in this subsection may be construed to limit or modify in any manner the power of the attorney general to bring an action on behalf of the public to enjoin, correct, or otherwise remedy a breach of a charitable trust by a corporation or its directors or officers.

**Sec. 5.** RCW 24.06.100 and 1969 ex.s. c 120 s 20 are each amended to read as follows:

Meetings of members and/or shareholders may be held at such place, either within or without this state, as may be provided in the bylaws. In the absence of any such provision, all meetings shall be held at the registered office of the corporation in this state.

An annual meeting of the members and shareholders shall be held at such time as may be provided in the bylaws. Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the corporation.

Special meetings of the members or shareholders may be called by the president or by the board of

directors. Special meetings of the members or shareholders may also be called by such other officers or persons or number or proportion of members or shareholders as may be provided in the articles of incorporation or the bylaws. In the absence of a provision fixing the number or proportion of members or shareholders entitled to call a meeting, a special meeting of members or shareholders may be called by persons having one-twentieth of the votes entitled to be cast at such meeting. Only business within the purpose or purposes described in the meeting notice required by RCW 24.06.105 may be conducted at a special meeting.

If the articles of incorporation or bylaws so provide, members or shareholders may participate in any meeting of members or shareholders by any means of communication by which all persons participating in the meeting can hear each other during the meeting. A member or shareholder participating in a meeting by this means is deemed to be present in person at the meeting.

**Sec. 6.** RCW 24.06.110 and 2000 c 167 s 4 are each amended to read as follows:

The right of a class or classes of members or shareholders to vote may be limited, enlarged or denied to the extent specified in the articles of incorporation. Unless so limited, enlarged or denied, each member and each outstanding share of each class shall be entitled to one vote on each matter submitted to a vote of members or shareholders. No member of a class may acquire any interest which will entitle him or her to a greater vote than any other member of the same class.

A member or shareholder may vote in person or, unless the articles of incorporation or the bylaws otherwise provide, may vote by mail by electronic transmission, or by proxy executed in writing by the member or shareholder or by his or her duly authorized attorney-in-fact: PROVIDED, That no proxy shall be valid for more than eleven months from the date of its execution unless otherwise specified in the proxy.

If a member or shareholder may vote by proxy, the proxy may be given by:

(1) Executing a writing authorizing another person or persons to act for the member or shareholder as proxy. Execution may be accomplished by the member or shareholder or the member's or shareholder's authorized officer, director, employee, or agent signing the writing or causing his or her signature to be affixed to the writing by any reasonable means including, but not limited to, facsimile signature; or

(2) Authorizing another person or persons to act for the member or shareholder as proxy by transmitting or authorizing the transmission of an electronic transmission to the person who will be the holder of the proxy, or to a proxy solicitation firm, proxy support service organization, or like agent duly authorized by the person who will be the holder of the proxy to receive the transmission. If it is determined that the electronic transmissions are valid, the inspector of election or, if there are no inspectors, any other officer or agent of the corporation making that determination on behalf of the corporation shall specify the information upon which they relied. The corporation shall require the holders of proxies received by electronic transmission to provide to the corporation copies of the electronic transmission and the corporation shall retain copies of the electronic transmission for a reasonable period of time.

If specifically permitted by the articles of incorporation (~~may provide that~~) or bylaws, whenever proposals or directors or officers are to be voted upon, such vote may be taken by mail or by electronic transmission if the name of each candidate and the text of each proposal to be so voted upon are set forth in a writing accompanying or contained in the notice of meeting. Persons voting by mail or by electronic transmission shall be deemed present for all purposes of quorum, count of votes and percentages of total voting power voting.

The articles of incorporation or the bylaws may provide that in all elections for directors every person entitled to vote shall have the right to cumulate his or her vote and to give one candidate a number of votes equal to his or her vote multiplied by the number of directors to be elected, or by distributing such votes on the same principle among any number of such candidates.

**Sec. 7.** RCW 24.06.115 and 2000 c 167 s 5 are each amended to read as follows:

The articles of incorporation or the bylaws may provide the number or percentage of votes which members or shareholders are entitled to cast in person by mail by electronic transmission, or by proxy, which shall constitute a quorum at meetings of shareholders or members. However, in no event shall a quorum be less than one-fourth, or in the case of consumer cooperatives, five percent, of the votes which members or

shareholders are entitled to cast in person by mail by electronic transmission, or by proxy, at a meeting considering the adoption of a proposal which is required by the provisions of this chapter to be adopted by at least two-thirds of the votes which members or shareholders present at the meeting in person or by mail by electronic transmission, or represented by proxy are entitled to cast. In all other matters and in the absence of any provision in the articles of incorporation or bylaws, a quorum shall consist of one-fourth, or in the case of consumer cooperatives, five percent, of the votes which members or shareholders are entitled to cast in person by mail by electronic transmission, or by proxy at the meeting. On any proposal on which a class of shareholders or members is entitled to vote as a class, a quorum of the class entitled to vote as such class must also be present in person by mail by electronic transmission, or represented by proxy.

**Sec. 8.** RCW 24.06.150 and 1969 ex.s. c 120 s 30 are each amended to read as follows:

Meetings of the board of directors, regular or special, may be held either within or without this state, and upon such notice as the bylaws may prescribe. Attendance of a director at any meeting shall constitute a waiver of notice of such meeting except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the board of directors need be specified in the notice or waiver of notice of such meeting.

Unless the articles of incorporation or bylaws provide otherwise, any or all directors may participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating can hear each other during the meeting. A director participating in a meeting by this means is deemed to be present in person at the meeting.

**NEW SECTION. Sec. 9.** A new section is added to chapter 24.06 RCW to read as follows:

(1) A director shall discharge the duties of a director, including duties as a member of a committee, and an officer with discretionary authority shall discharge the officer's duties under that authority:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the director or officer reasonably believes to be in the best interests of the corporation.

(2) In discharging the duties of a director or an officer, a director or officer is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) One or more officers or employees of the corporation whom the director or officer reasonably believes to be reliable and competent in the matters presented; or

(b) Legal counsel, public accountants, or other persons as to matters the director or officer reasonably believes are within the person's professional or expert competence.

In addition, a director is entitled to rely on a committee of the board of directors of which the director is not a member if the director reasonably believes the committee merits confidence.

(3) A director or an officer is not acting in good faith if the director or officer has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) of this section unwarranted.

(4) A director or officer is not liable for any action taken as a director or as an officer, or any failure to take any action, if the director or officer performed the duties of the director's or officer's office in compliance with this section.

**Sec. 10.** RCW 24.06.185 and 1969 ex.s. c 120 s 37 are each amended to read as follows:

A corporation may amend its articles of incorporation from time to time in any and as many respects as may be desired, so long as its articles of incorporation as amended contain only such provisions as are lawful under this chapter. A member or shareholder of a corporation does not have a vested property right resulting from any provision in the articles of incorporation.

**Sec. 11.** RCW 24.06.190 and 2000 c 167 s 6 are each amended to read as follows:

Amendments to the articles of incorporation shall be made in the following manner:

A corporation's board of directors may amend the articles of incorporation to change the name of the corporation, without seeking member or shareholder approval. With respect to amendments other than to change the name of the corporation, the board of directors shall adopt a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of members and shareholders, which may be either an annual or a special meeting. Written or printed notice or, if specifically permitted by the articles of incorporation or bylaws of the corporation, notice by electronic transmission, setting forth the proposed amendment or a summary of the changes to be effected thereby shall be given to each member and shareholder entitled to vote at such meeting within the time and in the manner provided in this chapter for the giving of notice of meetings of members and shareholders. The proposed amendment shall be adopted upon receiving at least two-thirds of the votes which members or shareholders present in person or by mail or by electronic transmission at such meeting or represented by proxy are entitled to cast: PROVIDED, That when any class of shares or members is entitled to vote thereon by class, the proposed amendment must receive at least two-thirds of the votes of the members or shareholders of each class entitled to vote thereon as a class, who are present in person by mail by electronic transmission, or represented by proxy at such meeting.

Any number of amendments may be submitted and voted upon at any one meeting.

**Sec. 12.** RCW 24.06.195 and 2000 c 167 s 7 are each amended to read as follows:

The articles of amendment shall be executed in duplicate originals by the corporation by an officer of the corporation, and shall set forth:

- (1) The name of the corporation.
- (2) Any amendment so adopted.

(3) If an amendment was adopted by the board of directors without being submitted for member or shareholder action, a statement to that effect and that member or shareholder action was not required; or a statement setting forth the date of the meeting of members and shareholders at which the amendment was adopted, that a quorum was present at such meeting, and that such amendment received at least two-thirds of the votes which members or shareholders of the corporation, and of each class entitled to vote thereon as a class, present at such meeting in person by mail by electronic transmission, or represented by proxy were entitled to cast, or a statement that such amendment was adopted by a consent in writing signed by all members and shareholders entitled to vote with respect thereto.

**Sec. 13.** RCW 24.06.245 and 1969 ex.s. c 120 s 49 are each amended to read as follows:

Any member or shareholder of a corporation shall have the right to dissent from any of the following corporate actions:

- (1) Any plan of merger or consolidation to which the corporation is a party other than a merger or consolidation in which all members or shareholders of the corporation have the right to continue their membership or shareholder status in the surviving corporation on substantially similar terms; or
- (2) Any sale or exchange of all or substantially all of the property and assets of the corporation not made in the usual and regular course of its business, including a sale in dissolution, but not including a sale pursuant to an order of a court having jurisdiction in the premises or a sale for cash on terms requiring that all or substantially all of the net proceeds of sale be distributed to the shareholders in accordance with their respective interests within one year after the date of sale; or
- (3) Any amendment to the articles of incorporation (~~(which changes voting or property rights of members or shareholders other than by changing the number of memberships or shares or classes of either thereof)~~) that materially reduces the number of shares owned by a shareholder to a fraction of a share if the fractional share is to be acquired by the corporation for cash; or
- (4) (~~(Any amendment to the articles of incorporation which reorganizes a corporation under the provisions of this chapter)~~) Any corporate action taken pursuant to a member or shareholder vote to the extent that the articles of incorporation bylaws, or a resolution of the board of directors provides that voting or nonvoting members or shareholders are entitled to dissent and obtain payment for their membership or shares.

A member or shareholder entitled to dissent and obtain payment for the member's or shareholder's

membership interest or shares under this chapter may not challenge the corporate action creating the member's or shareholder's entitlement unless the action fails to comply with the procedural requirements imposed by this title, the articles of incorporation, or the bylaws, or is fraudulent with respect to the member or shareholder or the corporation.

The provisions of this section shall not apply to the members or shareholders of the surviving corporation in a merger if such corporation is on the date of the filing of the articles of merger the owner of all the outstanding shares of the other corporations, domestic or foreign, which are parties to the merger(~~(, or if a vote of the members and shareholders of such corporation is not necessary to authorize such merger)~~).

The meeting notice for any meeting at which a proposed corporate action creating dissenters' rights is submitted to a vote must state that members or shareholders are or may be entitled to assert dissenters' rights and be accompanied by a copy of RCW 24.06.250.

**Sec. 14.** RCW 24.06.250 and 2000 c 167 s 11 are each amended to read as follows:

Any member or shareholder electing to exercise such right of dissent shall file with the corporation, prior to or at the meeting of members and shareholders at which such proposed corporate action is submitted to a vote, a written objection to such proposed corporate action. If such proposed corporate action be approved by the required vote and such member or shareholder shall not have voted in favor thereof, such member or shareholder may, within ten days after the date on which the vote was taken, (~~(or if a corporation is to be merged without a vote of its members and shareholders into another corporation, any other members or shareholders may, within fifteen days after the plan of such merger shall have been mailed or sent by electronic transmission to such members and shareholders,)~~) make written demand on the corporation, or, in the case of a merger or consolidation, on the surviving or new corporation, domestic or foreign, for payment of the fair value of such member's membership or of such shareholder's shares, and, if such proposed corporate action is effected, such corporation shall pay to such member, upon surrender of his or her membership certificate, if any, or to such shareholder, upon surrender of the certificate or certificates representing such shares, the fair value thereof as of the day prior to the date on which the vote was taken approving the proposed corporate action, excluding any appreciation or depreciation in anticipation of such corporate action. Any member or shareholder failing to make demand within the ten day period shall be bound by the terms of the proposed corporate action. Any member or shareholder making such demand shall thereafter be entitled only to payment as in this section provided and shall not be entitled to vote or to exercise any other rights of a member or shareholder.

No such demand shall be withdrawn unless the corporation shall consent thereto. The right of such member or shareholder to be paid the fair value of his or her membership or shares shall cease and his or her status as a member or shareholder shall be restored, without prejudice to any corporate proceedings which may have been taken during the interim, if:

- (1) Such demand shall be withdrawn upon consent; or
- (2) The proposed corporate action shall be abandoned or rescinded or the members or shareholders shall revoke the authority to effect such action; or
- (3) In the case of a merger, on the date of the filing of the articles of merger the surviving corporation is the owner of all the outstanding shares of the other corporations, domestic and foreign, that are parties to the merger; or
- (4) (~~(No demand or petition for the determination of fair value by a court shall have been made or filed within the time provided by this section; or~~
- ~~\_\_\_\_\_~~(5)) A court of competent jurisdiction shall determine that such member or shareholder is not entitled to the relief provided by this section.

Within ten days after such corporate action is effected, the corporation, or, in the case of a merger or consolidation, the surviving or new corporation, domestic or foreign, shall give written notice thereof to each dissenting member or shareholder who has made demand as herein provided, and shall make a written offer to each such member or shareholder to pay for such shares or membership at a specified price deemed by such corporation to be the fair value thereof. Except in cases where the fair value payable to dissenters is fixed in the articles of incorporation or pursuant to RCW 24.06.255, such notice and offer shall be accompanied by a balance sheet of the corporation in which the member ((has)) holds his or her membership or ((the shares of which)) the

dissenting shareholder holds shares, as of the latest available date and not more than twelve months prior to the making of such offer, and a profit and loss statement of such corporation for the twelve months' period ended on the date of such balance sheet.

If the fair value payable to dissenting members or shareholders is fixed in the articles of incorporation or pursuant to RCW 24.06.255, or if within thirty days after the date on which such corporate action was effected the fair value of such shares or membership is agreed upon between any such dissenting member or shareholder and the corporation, payment therefor shall be made within ninety days after the date on which such corporate action was effected, upon surrender of the membership certificate, if any, or upon surrender of the certificate or certificates representing such shares. Upon payment of the agreed value the dissenting member or shareholder shall cease to have any interest in such membership or shares.

If the fair value payable to dissenting members or shareholders is not fixed in the articles of incorporation or pursuant to RCW 24.06.025, and within such period of thirty days a dissenting member or shareholder and the corporation do not so agree, then the dissenting member or shareholder shall be entitled to make written demand to the corporation, ((within thirty days after receipt of written demand from any dissenting member or shareholder given)) within sixty days after the date on which such corporate action was effected, requesting that the corporation petition for a determination of the fair value by a court. If such a demand is not timely made on the corporation, the right of such member or shareholder to demand to be paid the fair value of his or her membership or shares shall be forfeited. Within thirty days after receipt of such a written demand from any dissenting member or shareholder, the corporation shall, or at its election at any time within ((such period of sixty)) ninety days after the date on which such corporate action was effected may, file a petition in any court of competent jurisdiction in the county in this state where the registered office of the corporation is located praying that the fair value of such membership or shares be found and determined. If, in the case of a merger or consolidation, the surviving or new corporation is a foreign corporation without a registered office in this state, such petition shall be filed in the county where the registered office of the domestic corporation was last located. If the corporation shall fail to institute the proceeding as herein provided, any dissenting member or shareholder may do so in the name of the corporation. All dissenting members and shareholders, wherever residing, shall be made parties to the proceeding as an action against their memberships or shares quasi in rem. A copy of the petition shall be served on each dissenting member and shareholder who is a resident of this state and shall be served by registered or certified mail on each dissenting member or shareholder who is a nonresident. Service on nonresidents shall also be made by publication as provided by law. The jurisdiction of the court shall be plenary and exclusive. All members and shareholders who are parties to the proceeding shall be entitled to judgment against the corporation for the amount of the fair value of their shares. The court may, if it so elects, appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have such power and authority as shall be specified in the order of their appointment or an amendment thereof. The judgment shall be payable only upon and concurrently with the surrender to the corporation of the membership certificate, if any, or of the certificate or certificates representing such shares. Upon payment of the judgment, the dissenting shareholder or member shall cease to have any interest in such shares or membership.

The judgment shall include an allowance for interest at such rate as the court may find to be fair and equitable in all the circumstances, from the date on which the vote was taken on the proposed corporate action to the date of payment.

The costs and expenses of any such proceeding shall be determined by the court and shall be assessed against the corporation, but all or any part of such costs and expenses may be apportioned and assessed as the court may deem equitable against any or all of the dissenting members and shareholders who are parties to the proceeding to whom the corporation shall have made an offer to pay for membership or shares if the court shall find that the action of such members or shareholders in failing to accept such offer was arbitrary or vexatious or not in good faith. Such expenses shall include reasonable compensation for and reasonable expenses of the appraisers, but shall exclude the fees and expenses of counsel for and experts employed by any party; but if the fair value of the memberships or shares as determined materially exceeds the amount which the corporation offered to pay therefor, or if no offer was made, the court in its discretion may award to any member or shareholder who is a party to the proceeding such sum as the court may determine to be reasonable compensation

to any expert or experts employed by the member or shareholder in the proceeding.

Within twenty days after demanding payment for his or her shares or membership, each member and shareholder demanding payment shall submit the certificate or certificates representing his or her membership or shares to the corporation for notation thereon that such demand has been made. His or her failure to do so shall, at the option of the corporation, terminate his or her rights under this section unless a court of competent jurisdiction, for good and sufficient cause shown, shall otherwise direct. If membership or shares represented by a certificate on which notation has been so made shall be transferred, each new certificate issued therefor shall bear a similar notation, together with the name of the original dissenting holder of such membership or shares, and a transferee of such membership or shares shall acquire by such transfer no rights in the corporation other than those which the original dissenting member or shareholder had after making demand for payment of the fair value thereof.

**Sec. 15.** RCW 24.06.255 and 1969 ex.s. c 120 s 51 are each amended to read as follows:

Notwithstanding any provision in this chapter for the payment of fair value to a dissenting member or shareholder, (1) the articles of incorporation may provide that a dissenting member or shareholder shall be limited to a return of a lesser amount, but in no event shall a dissenting member or shareholder be limited to a return of less than the consideration paid to the corporation for the membership or shares which he or she holds unless the fair value of the membership or shares is less than the consideration paid to the corporation, and (2) the fair value payable to a dissenting member of a consumer cooperative shall be a fixed amount equal to the consideration paid to the corporation for the member's current membership unless the articles of incorporation expressly provide for a greater or lesser amount."

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 48.20.025 and 2000 c 79 s 3 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to a policyholder or paid to or on behalf of the policyholder in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care services for a policyholder.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the insurer's rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer's projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any insurer (~~(providing)~~) issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in the state in aggregate for the preceding calendar year. The filing shall include aggregate earned premiums, aggregate incurred claims, and a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is (~~(delivered to)~~) received by the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of (~~(the [this])~~) this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the insurer's individual health benefit plans under RCW 48.14.0201.

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a

requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

**Sec. 4.** RCW 48.41.110 and 2000 c 80 s 2 are each amended to read as follows:

(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However, the pool may incorporate managed care features into such existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of the pool policy in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance policy issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of illnesses, injuries, and conditions which are not otherwise limited or excluded. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under the pool policy. Such benefits shall at minimum include, but not be limited to, the following services or related items:

- (a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;
- (b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider by a staff of registered or licensed practical nurses, or other health care providers;
- (c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;
- (d) Drugs and contraceptive devices requiring a prescription;
- (e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not more than one hundred days in a calendar year as prescribed by a physician;
- (f) Services of a home health agency;
- (g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;
- (h) Oxygen;
- (i) Anesthesia services;
- (j) Prostheses, other than dental;
- (k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;
- (l) Diagnostic x-rays and laboratory tests;
- (m) Oral surgery limited to the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;
- (n) Maternity care services;
- (o) Services of a physical therapist and services of a speech therapist;
- (p) Hospice services;
- (q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and
- (r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.
- (4) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.
- (5) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.
- (6) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the

requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection (7) of this section.

(7)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan (~~(in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan. The pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan)~~). For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(8) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

- (1) No carrier may reject an individual for an individual health benefit plan based upon preexisting

conditions of the individual except as provided in RCW 48.43.018.

(3) For an individual health benefit plan originally issued on or after March 23, 2000, preexisting condition waiting periods imposed upon a person enrolling in an individual health benefit plan shall be no more than nine months for a preexisting condition for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months prior to the effective date of the plan. No carrier may impose a preexisting condition waiting period on an individual health benefit plan issued to an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(4) Individual health benefit plan preexisting condition waiting periods shall not apply to prenatal care services.

(5) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

**Sec. 7.** RCW 48.43.015 and 2000 c 80 s 3 are each amended to read as follows:

If the person was continuously covered for at least three months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than three months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self funded health plan and plans of the Washington state health insurance pool.~~

~~————(2) For a health benefit plan offered to a small group, every health carrier shall reduce any preexisting condition exclusion or limitation for persons or groups who had similar health coverage under a different health plan at any time during the three month period immediately preceding the date of application for the new health plan if such person was continuously covered under the immediately preceding health plan. If the person was continuously covered for at least nine months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than nine months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self funded health plan and plans of the Washington state health insurance pool.~~

~~————(3)) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).~~

(2) For a health benefit plan offered to a group other than a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new

health plan.

(c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection ((4))

(5) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier's provider network; and (iii) application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection ((3)) (4), a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

((4)) (5) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

((5)) (6) Subject to the provisions of subsections (1) through ((4)) (5) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history.

**Sec. 8.** RCW 48.43.018 and 2000 c 80 s 4 are each amended to read as follows:

(1) Except as provided in (a) through (c) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from

whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

**Sec. 9.** RCW 48.43.025 and 2000 c 79 s 23 are each amended to read as follows:

(1) For group health benefit plans for groups other than small groups, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that a carrier may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment ~~((, or for which a prudent layperson would have sought advice or treatment,))~~ within three months before the effective date of coverage. Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(2) For group health benefit plans for small groups, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions. Except that a carrier may impose a nine-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment ~~((, or for which a prudent layperson would have sought advice or~~

treatment)) within six months before the effective date of coverage. Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(3) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

**NEW SECTION. Sec. 10.** A new section is added to chapter 48.43 RCW to read as follows:

To the extent required of the federal health insurance portability and accountability act of 1996, the eligibility of an employer or group to purchase a health benefit plan set forth in RCW 48.21.045(1)(b), 48.44.023(1)(b), and 48.46.066(1)(b) must be extended to all small employers and small groups as defined in RCW 48.43.005.

**Sec. 11.** RCW 48.44.017 and 2000 c 79 s 29 are each amended to read as follows:

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any health care service contractor (~~providing~~) issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in this state in aggregate for the preceding calendar year. (b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

**Sec. 13.** RCW 70.47.060 and 2000 c 79 s 34 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven

preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for either subsidized enrollees, or nonsubsidized enrollees, or both. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit

them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan

wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(16) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(17) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

**NEW SECTION. Sec. 14.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2105, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 76.13.110 and 2000 c 11 s 12 are each amended to read as follows:

(1) The department of natural resources shall establish and maintain a small forest landowner office. The small forest landowner office shall be a resource and focal point for small forest landowner concerns and policies, and shall have significant expertise regarding the management of small forest holdings, governmental programs applicable to such holdings, and the forestry riparian easement program.

(2) The small forest landowner office shall administer the provisions of the forestry riparian easement program created under RCW 76.13.120. With respect to that program, the office shall have the authority to contract with private consultants that the office finds qualified to perform timber cruises of forestry riparian easements or to lay out streamside buffers and comply with other forest and fish regulatory requirements related to the forest riparian easement program.

(3) The small forest landowner office shall assist in the development of small landowner options through

alternate management plans or alternate harvest restrictions appropriate to small landowners. The small forest landowner office shall develop criteria to be adopted by the forest practices board in rules and a manual for alternate management plans or alternate harvest restrictions. These alternate plans or alternate harvest restrictions shall meet riparian functions while requiring less costly regulatory prescriptions. At the landowner's option, alternate plans or alternate harvest restrictions may be used to further meet riparian functions.

The small forest landowner office shall evaluate the cumulative impact of such alternate management plans or alternate harvest restrictions on essential riparian functions at the subbasin or watershed level. The small forest landowner office shall adjust future alternate management plans or alternate harvest restrictions in a manner that will minimize the negative impacts on essential riparian functions within a subbasin or watershed.

(4) An advisory committee is established to assist the small forest landowner office in developing policy and recommending rules to the forest practices board. The advisory committee shall consist of seven members, including a representative from the department of ecology, the department of fish and wildlife, and a tribal representative. Four additional committee members shall be small forest landowners who shall be appointed by the commissioner of public lands from a list of candidates submitted by the board of directors of the Washington farm forestry association or its successor organization. The association shall submit more than one candidate for each position. Appointees shall serve for a term of four years. The small forest landowner office shall review draft rules or rule concepts with the committee prior to recommending such rules to the forest practices board. The office shall reimburse nongovernmental committee members for reasonable expenses associated with attending committee meetings as provided in RCW 43.03.050 and 43.03.060.

(5) By December 1, (~~2000~~) 2002, the small forest landowner office shall provide a report to the board and the legislature containing:

(a) Estimates of the amounts of nonindustrial forests and woodlands in holdings of twenty acres or less, twenty-one to one hundred acres, one hundred to one thousand acres, and one thousand to five thousand acres, in western Washington and eastern Washington, and the number of persons having total nonindustrial forest and woodland holdings in those size ranges;

(b) Estimates of the number of parcels of nonindustrial forests and woodlands held in contiguous ownerships of twenty acres or less, and the percentages of those parcels containing improvements used: (i) As primary residences for half or more of most years; (ii) as vacation homes or other temporary residences for less than half of most years; and (iii) for other uses;

(c) The watershed administrative units in which significant portions of the riparian areas or total land area are nonindustrial forests and woodlands;

(d) Estimates of the number of forest practices applications and notifications filed per year for forest road construction, silvicultural activities to enhance timber growth, timber harvest not associated with conversion to nonforest land uses, with estimates of the number of acres of nonindustrial forests and woodlands on which forest practices are conducted under those applications and notifications; and

(e) Recommendations on ways the board and the legislature could provide more effective incentives to encourage continued management of nonindustrial forests and woodlands for forestry uses in ways that better protect salmon, other fish and wildlife, water quality, and other environmental values.

(6) By December 1, (~~2002~~) 2004, and every four years thereafter, the small forest landowner office shall provide to the board and the legislature an update of the report described in subsection (5) of this section, containing more recent information and describing:

(a) Trends in the items estimated under subsection (5)(a) through (d) of this section;

(b) Whether, how, and to what extent the forest practices act and rules contributed to those trends; and

(c) Whether, how, and to what extent: (i) The board and legislature implemented recommendations made in the previous report; and (ii) implementation of or failure to implement those recommendations affected those trends.

**Sec. 2.** RCW 76.13.120 and 2000 c 11 s 13 are each amended to read as follows:

(1) The legislature finds that the state should acquire easements along riparian and other sensitive aquatic areas from small forest landowners willing to sell or donate such easements to the state provided that the state will not be required to acquire such easements if they are subject to unacceptable liabilities. The legislature

therefore establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and RCW 76.13.100 and 76.13.110 unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a small forest landowner.

(b) "Qualifying timber" means those trees covered by a forest practices application that the small forest landowner is required to leave unharvested under the rules adopted under RCW 76.09.055 and 76.09.370 or that is made uneconomic to harvest by those rules, and for which the small landowner is willing to grant the state a forestry riparian easement. "Qualifying timber" is timber within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board, or timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules.

(c) "Small forest landowner" means a landowner meeting all of the following characteristics: (i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date the forest practices application associated with the easement is submitted; (ii) an entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small timber harvester under RCW 84.33.073(1); and (iii) an entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.073(1) during the ten years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.073(1), or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department of natural resources' reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forest landowner.

For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in RCW 76.13.110, shall evaluate the landowner under this definition as of the date that the forest practices application is submitted or the date the landowner notifies the department that the harvest is to begin with which the forestry riparian easement is associated. A small forest landowner can include an individual, partnership, corporate, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forest landowner under this section.

(d) "Completion of harvest" means that the trees have been harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department of natural resources is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by small forest landowners covering qualifying timber and to pay compensation to such landowners in accordance with subsections (6) and (7) of this section. The department of natural resources may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date the forest practices application associated with the qualifying timber is submitted to the department of natural resources, unless the easement is terminated earlier by the department of natural resources voluntarily, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) Upon application of a small forest landowner for a riparian easement that is associated with a forest

practices application and the landowner's marking of the qualifying timber on the qualifying lands, the small forest landowner office shall determine the compensation to be offered to the small forest landowner as provided for in this section. The small forest landowner office shall also determine the compensation to be offered to a small forest landowner for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules. The legislature recognizes that there is not readily available market transaction evidence of value for easements of this nature, and thus establishes the following methodology to ascertain the value for forestry riparian easements. Values so determined shall not be considered competent evidence of value for any other purpose.

The small forest landowner office shall establish the volume of the qualifying timber. Based on that volume and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market value of the qualifying timber as of the date the forest practices application associated with the qualifying timber was submitted or the date the landowner notifies the department that the harvest is to begin. If, under the forest practices rules adopted under chapter 4, Laws of 1999 sp. sess., some qualifying timber may be removed prior to the expiration of the fifty-year term of the easement, the small forest landowner office shall apply a reduced compensation factor to ascertain the value of those trees based on the proportional economic value, considering income and growth, lost to the landowner.

(7) Except as provided in subsection (8) of this section, the small forest landowner office shall, subject to available funding, offer compensation to the small forest landowner in the amount of fifty percent of the value determined in subsection (6) of this section, plus the compliance costs as determined in accordance with section 3 of this act. If the landowner accepts the offer for qualifying timber that will be harvested pursuant to an approved forest practices application, the department of natural resources shall pay the compensation promptly upon (a) completion of harvest in the area covered by the forestry riparian easement; (b) verification that there has been compliance with the rules requiring leave trees in the easement area; and (c) execution and delivery of the easement to the department of natural resources. If the landowner accepts the offer for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules, the department of natural resources shall pay the compensation promptly upon (i) verification that there has been compliance with the rules requiring leave trees in the easement area; and (ii) execution and delivery of the easement to the department of natural resources. Upon donation or payment of compensation, the department of natural resources may record the easement.

(8) For approved forest practices applications where the regulatory impact is greater than the average percentage impact for all small landowners as determined by the department of natural resources analysis under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes trees left in buffers, special management zones, and those rendered uneconomic to harvest by these rules. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(9) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

The legislature further finds that creating a similar reimbursement system for the state's medical assistance programs in small, rural hospitals that qualify will help assure the long-term financial viability of the rural health system in those communities.

**NEW SECTION. Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:  
Payments for recipients eligible for medical assistance programs under this chapter for services provided

Any additional payments made by the medical assistance administration for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

For purposes of this section, "medical assistance programs" means the programs defined in RCW 74.09.010 for which federal matching funds are available.

NEW SECTION. **Sec. 3.** A new section is added to chapter 74.09 RCW to read as follows:

The department shall implement the program created in section 2 of this act within sixty days of the effective date of this act regardless of the beneficiary's managed care status.

NEW SECTION. **Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void."

(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;

(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;

(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;

(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;

(C) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network's ability to conduct business in a competitive economic climate. ### SENATE AMENDMENTS TO HOUSE BILL

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1591, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 10.14.080 and 1995 c 246 s 36 are each amended to read as follows:

(1) Upon filing a petition for a civil antiharassment protection order under this chapter, the petitioner may obtain an ex parte temporary antiharassment protection order. An ex parte temporary antiharassment protection order may be granted with or without notice upon the filing of an affidavit which, to the satisfaction of the court, shows reasonable proof of unlawful harassment of the petitioner by the respondent and that great or irreparable harm will result to the petitioner if the temporary antiharassment protection order is not granted.

(2) An ex parte temporary antiharassment protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 10.14.085.

The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication is permitted. Except as provided in RCW 10.14.070 and 10.14.085, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

(3) At the hearing, if the court finds by a preponderance of the evidence that unlawful harassment exists, a civil antiharassment protection order shall issue prohibiting such unlawful harassment.

(4) An order issued under this chapter shall be effective for not more than one year unless the court finds

that the respondent is likely to resume unlawful harassment of the petitioner when the order expires. If so, the court may enter an order for a fixed time exceeding one year or may enter a permanent antiharassment protection order. The court shall not enter an order that is effective for more than one year if the order restrains the respondent from contacting the respondent's minor children. This limitation is not applicable to civil antiharassment protection orders issued under chapter 26.09, 26.10, or 26.26 RCW. If the petitioner seeks relief for a period longer than one year on behalf of the respondent's minor children, the court shall advise the petitioner that the petitioner may apply for renewal of the order as provided in this chapter or if appropriate may seek relief pursuant to chapter 26.09 or 26.10 RCW.

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.

(6) The court, in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall have broad discretion to grant such relief as the court deems proper, including an order:

- (a) Restraining the respondent from making any attempts to contact the petitioner;
- (b) Restraining the respondent from making any attempts to keep the petitioner under surveillance;
- (c) Requiring the respondent to stay a stated distance from the petitioner's residence and workplace; and
- (d) Considering the provisions of RCW 9.41.800.

(7) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same respondent but has failed to obtain the issuance of a civil antiharassment protection order unless good cause for such failure can be shown.

(8) The court order shall specify the date an order issued pursuant to subsections (4) and (5) of this section expires if any. The court order shall also state whether the court issued the protection order following personal service or service by publication and whether the court has approved service by publication of an order issued under this section.

**Sec. 2.** RCW 10.14.100 and 1992 c 143 s 15 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (5) and (7) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner.

(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court's order, entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been personally served with the temporary order.

(6) Except in cases where the petitioner is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage

authorized by RCW 36.18.040 to be collected by sheriffs.

(7) If the court previously entered an order allowing service by publication of the notice of hearing and temporary order of protection pursuant to RCW 10.14.085, the court may permit service by publication of the order of protection issued under RCW 10.14.080. Service by publication must comply with the requirements of RCW 10.14.085."

On page 1, line 1 of the title, after "matters;" strike the remainder of the title and insert "and amending RCW 10.14.080 and 10.14.100."

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1895, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 46.61 RCW under the subchapter heading "miscellaneous rules" to read as follows:

(1) Any person who refuses to pay or evades payment for motor vehicle fuel that is pumped into a motor vehicle is guilty of theft of motor vehicle fuel. A violation of this subsection is a gross misdemeanor punishable under chapter 9A.20 RCW.

(2) The court shall order the department to suspend the person's license, permit, or nonresident privilege

to drive for a period specified by the court of up to six months.

**Sec. 2.** RCW 46.20.311 and 2000 c 115 s 7 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law. Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.--- (section 1 of this act), or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 70.128.005 and 2000 c 121 s 4 are each amended to read as follows:

The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. The legislature further finds that

different populations living in adult family homes, such as the developmentally disabled and the elderly, often have significantly different needs and capacities from one another.

It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and special care services should be encouraged.

The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are ((often)) the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions.

The legislature does not intend to encourage the abandonment of newborn children nor to change existing law relating to notification to parents under chapter 13.34 RCW, but rather to assure that abandonment does not occur and that all newborns have an opportunity for adequate health care and a stable home life.

### POINT OF ORDER

Representative Boldt request a ruling on whether the Senate amendment to House Bill No. 1898 was beyond the scope and object of the bill.

### SPEAKERS' RULING

Speaker Chopp: "The Speakers find that the bill is intended to define crisis nurseries and to add them to the list of agencies that arrange for or provide out of home care for certain persons. The amendment would add the entire text of Substitute Senate Bill No. 5236 which deals with infant abandonment to the bill. The Speakers find that the amendment does go beyond the scope and object of House Bill No. 1898.

Representative Boldt, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) to House Bill No. 1898 and asked the Senate to recede therefrom.

If the person has been released on probation bond or bail, the examination shall occur wherever is appropriate.

Upon completion of any examination by the person or agency designated by the local regional support network, the county-designated mental health professional, or the county-designated chemical dependency specialist, the results of the examination shall be sent to the court with jurisdiction, the school, the parents, and to the person if eighteen years of age or older, and the court shall consider those results in making any determination about the person. However, any reference in the examination report or reports to facts or circumstances of the alleged acts which resulted in the arrest of the person shall not be admissible in any criminal or juvenile proceeding if the person was unrepresented by counsel at the time of the examination, or had not been arraigned prior to the examination.

The person or agency designated by the local regional support network, the county-designated mental health professional, and the county-designated chemical dependency specialist shall notify a parent or guardian of the person, if the person is under the age of eighteen, that an examination and evaluation has taken place and the results of the examination. Nothing in this section prohibits the delivery of additional, appropriate mental health examinations to the person while the person is detained or confined.

If the person or agency designated by the local regional support network determines it is appropriate, the person or agency designated by the local regional support network may refer the person to the local regional support network for follow-up services or the department of social and health services or other community providers for other services to the family and individual.

### POINT OF ORDER

Representative Hunt requested a ruling on whether the Senate amendment to Engrossed Substitute House Bill No. 2137 was beyond the scope and object of the bill.

### SPEAKERS' RULING

Speaker Chopp: "The Speakers find that the bill is intended to include possession of explosives in the category of offenses for which a school student must be expelled for not less than one year. The amendment strikes all of Engrossed Substitute House Bill No. 2137 and deletes all references to explosives, as an alternative, the amendment adds all or parts of five other bills, none of which give exclusive consideration to the presence of explosives in schools. The Speakers find that the amendment does go beyond the scope and object of Engrossed Substitute House Bill No. 2137.

Representative Hunt, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) to Engrossed Substitute House Bill No. 2137 and asked the Senate to recede therefrom.

Tony M. Cook, Secretary

There being no objection, the House concurred in the Senate Amendment(s) to page 2, line 10, (S-2539.1).

### POINT OF ORDER

Representative Cody requested a ruling on whether the Senate amendment to page 2, after line 30 (S-2501.1) to Substitute House Bill No. 1094 was beyond the scope and object of the bill.

### SPEAKERS' RULING

Speaker Chopp: "The Speakers find that the bill is intended to allow a health practitioner to surrender their license in lieu of other sanctions under the Uniform Disciplinary Act. The amendment would provide that no sanction may be imposed solely for the practice of reflexology. The Speakers find that the amendment does go beyond the scope and object of Substitute House Bill No. 1094.

Representative Cody, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) on page 2, after line 30 to Substitute House Bill No. 1094 and asked the Senate to recede therefrom.

Speaker Chopp called upon Representative Ogden to preside.

(2) On or before December 31, 1981, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

- (a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30,

1981 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be

attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW:

PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; ~~((e))~~

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or

(h) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

**Sec. 2.** RCW 84.33.140 and 1999 sp.s. c 4 s 703 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in

RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; ~~((or))~~

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or

(h) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

**Sec. 3.** RCW 84.34.108 and 1999 sp.s. c 4 s 706 and 1999 c 233 s 22 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in

making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; ~~((o))~~

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or

(k) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection."

The following definitions are applicable in this chapter unless the context otherwise requires:

(1) "Custody" means restraint pursuant to a lawful arrest or an order of a court, or any period of service

(4) "Uncontrollable circumstances" means an act of nature such as a flood, earthquake, or fire, or a medical condition that requires immediate hospitalization or treatment, or an act of man such as an automobile accident or threats of death, forcible sexual attack, or substantial bodily injury in the immediate future for which there is no time for a complaint to the authorities and no time or opportunity to resort to the courts.

**Sec. 5.** RCW 9.94A.360 and 2000 c 28 s 15 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW

9.94A.400(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for (~~Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or~~) Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

**NEW SECTION. Sec. 6.** A new section is added to chapter 10.88 RCW to read as follows:

A law enforcement agency shall deliver a person in custody to the accredited agent or agents of a demanding state without the governor's warrant provided that:

(1) Such person is alleged to have broken the terms of his or her probation, parole, bail, or any other release of the demanding state; and

(2) The law enforcement agency has received from the demanding state an authenticated copy of a prior waiver of extradition signed by such person as a term of his or her probation, parole, bail, or any other release of the demanding state and photographs or fingerprints or other evidence properly identifying the person as the person who signed the waiver.

**NEW SECTION. Sec. 7.** The following acts or parts of acts are each repealed:

(1) RCW 72.65.070 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1967 c 17 s 7; and

(2) RCW 72.66.060 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1971 ex.s. c 58 s 7.

**NEW SECTION. Sec. 8.** The laws repealed by this act are repealed except with respect to rights and duties which matured, penalties which were incurred, proceedings which were begun prior to the effective date of this act, or proceedings which are initiated after this act for violations committed prior to the effective date of this act."

On page 1, line 1 of the title, after "custody;" strike the remainder of the title and insert "amending RCW 9A.76.110, 9A.76.120, 9A.76.170, 9A.76.010, and 9.94A.360; adding a new section to chapter 10.88 RCW; creating a new section; repealing RCW 72.65.070 and 72.66.060; and prescribing penalties."

and the same are herewith transmitted.

**"Sec. 1.** RCW 28B.95.020 and 2000 c 14 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

- (2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units.
- (3) "Board" means the higher education coordinating board as defined in chapter 28B.80 RCW.
- (4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.
- (5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.
- (6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.
- (7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. With the exception of tuition unit contracts purchased by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body.

Generally, the minimum purchase price is one percent of the undergraduate weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.
- (16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(2) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment provisions, but without appropriation.

(3) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(4) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(a) Certification that the beneficiary, who is eighteen years of age or older, will not attend an institution of higher education, will result in a refund not to exceed the current weighted average tuition and fees in effect at the time of such certification minus a penalty at the rate established by the internal revenue service under chapter 529 of the internal revenue code. No more than one hundred tuition units may be refunded per year to any individual making this certification. The refund shall be made no sooner than ninety days after such certification, less any administrative processing fees assessed by the governing body;

(b) If there is certification of the death or disability of the beneficiary, the refund shall be equal to one hundred percent of any remaining unused tuition units (~~valued~~) at the current (~~weighted average tuition units~~) value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body;

The refund shall be equal to one hundred percent of the current (~~(weighted average)~~) value of tuition units, as determined by the governing body, in effect at the time of the refund request, (~~(plus)~~) less any administrative processing fees assessed by the governing body. The refund under this subsection may not exceed the value of the scholarship;

(e) Incorrect or misleading information provided by the purchaser or beneficiaries may result in a refund of the purchaser's investment, less any administrative processing fees assessed by the governing body. The value of the refund will not exceed the actual dollar value of the purchaser's contributions; and

(f) The governing body may determine other circumstances qualifying for refunds of remaining unused tuition units and may determine the value of that refund.

(2) With the exception of subsection (1)(b), (e), and (f) of this section no refunds may be made before the units have been held for two years.

**Sec. 4.** RCW 43.79A.040 and 2000 c 79 s 45 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. **NEW SECTION. Sec. 3.** The legislature intends to increase the likelihood that pregnant women will obtain adequate prenatal care and will provide their newborns with adequate health care during the first few days of their lives. The legislature recognizes that prenatal and postdelivery health care for newborns and their mothers is especially critical to their survival and well-being. The legislature intends that reasonable steps

should be taken to remove any barriers to such care, particularly for those parents who may otherwise encounter emotional and/or psychological barriers to obtaining such care by reducing impediments to obtaining prenatal and postdelivery care to newborns while encouraging pregnant women to act responsibly regarding the health of their newborns. The legislature does not intend to encourage the abandonment of newborn children nor to change existing law relating to notification to parents under chapter 13.34 RCW, but rather to assure that abandonment does not occur and that all newborns have an opportunity for adequate health care and a stable home life.

**NEW SECTION. Sec. 4.** A new section is added to chapter 13.34 RCW to read as follows:

(3)(a) The qualified person and the hospital shall not require the parent transferring the newborn to provide any identifying information in order to transfer the newborn.

(b) The qualified person and the hospital shall attempt to protect the anonymity of the parent who transfers the newborn, while providing an opportunity for the parent to anonymously give the hospital such information as the parent knows about the family medical history of the parents and the newborn. The qualified person and the hospital shall provide referral information about adoption options, counseling, appropriate medical and emotional aftercare services, domestic violence, and legal rights to the parent seeking to transfer the newborn.

(c) If a parent of a newborn transfers the newborn to a qualified person at an appropriate location pursuant to this section, the hospital shall cause child protective services to be notified within twenty-four hours after receipt of such a newborn. Child protective services shall assume custody of the newborn within twenty-four hours after receipt of notification and shall arrange for discharge of the newborn from the hospital.

(d) A hospital, its employees, volunteers, and medical staff are immune from any criminal or civil liability for accepting or receiving a newborn under this section.

### SENATE AMENDMENTS TO HOUSE BILL

April 11, 2001

Mr. Speakers:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1658, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 77.60 RCW to read as follows:

(1) The department shall initiate a pilot project to evaluate the feasibility and potential of intensively culturing shellfish on currently nonproductive oyster reserve land in Puget Sound. The pilot program shall include no fewer than three long-term lease agreements with commercial shellfish growers. Except as provided in subsection (4) of this section, revenues from the lease of such lands shall be deposited in the oyster reserve land account created in section 2 of this act.

(2) The department shall form one advisory committee each for the Willapa Bay oyster reserve lands and the Puget Sound oyster reserve lands. The advisory committees shall make recommendations on management practices to conserve, protect, and develop oyster reserve lands. The advisory committees may make recommendations regarding the management practices on oyster reserve lands, in particular to ensure that they are managed in a manner that will: (a) Increase revenue through production of high-value shellfish; (b) not be detrimental to the market for shellfish grown on nonreserve lands; and (c) avoid negative impacts to existing shellfish populations. The advisory committees may also make recommendation on the distribution of funds in section 2(2)(a) of this act. The department shall attempt to structure each advisory committee to include equal representation between shellfish growers that participate in reserve sales and shellfish growers that do not.

(3) The department shall submit a brief progress report on the status of the pilot programs to the appropriate standing committees of the legislature by January 7, 2003.

(4) The department of natural resources, in consultation with the department of fish and wildlife, shall administer the leases for oyster reserves entered into under this chapter. In administering the leases, the department of natural resources shall exercise its authority under RCW 79.96.090. Vacation of state oyster reserves by the department of fish and wildlife shall not be a requirement for the department of natural resources to lease any oyster reserves under this section. The department of natural resources may recover reasonable costs directly associated with the administration of the leases for oyster reserves entered into under this chapter. All administrative fees collected by the department of natural resources pursuant to this section shall be deposited into the resource management cost account established in RCW 79.64.020. The department of fish and wildlife may not assess charges to recover the costs of consulting with the department of natural resources under this subsection.

(5) The Puget Sound pilot program shall not include the culture of geoduck.

NEW SECTION. **Sec. 2.** A new section is added to chapter 77.60 RCW to read as follows:

(1) The oyster reserve land account is created in the state treasury. All receipts from revenues from the lease of land or sale of shellfish from oyster reserve lands must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as provided in this section.

(2) Funds in the account shall be used for the purposes provided for in this subsection:

(a) Up to forty percent for the management expenses incurred by the department that are directly attributable to the management of the oyster reserve lands and for the expenses associated with new research and

development activities at the Pt. Whitney and Nahcotta shellfish laboratories managed by the department. As used in this subsection, "new research and development activities" includes an emphasis on the control of aquatic nuisance species and burrowing shrimp;

(b) Up to ten percent may be deposited into the state general fund; and

(c) All remaining funds in the account shall be used for the shellfish - on-site sewage grant program established in section 3 of this act.

**NEW SECTION. Sec. 3.** A new section is added to chapter 90.71 RCW to read as follows:

(1) The action team shall establish a shellfish - on-site sewage grant program in Puget Sound and for Pacific and Grays Harbor counties. The action team shall provide funds to local health jurisdictions to be used as grants to individuals for improving their on-site sewage systems. The grants may be provided only in areas that have the potential to adversely affect water quality in commercial and recreational shellfish growing areas. A recipient of a grant shall enter into an agreement with the appropriate local health jurisdiction to maintain the improved on-site sewage system according to specifications required by the local health jurisdiction. The action team shall work closely with local health jurisdictions and shall endeavor to attain geographic equity between Willapa Bay and the Puget Sound when making funds available under this program. For the purposes of this subsection, "geographic equity" means issuing on-site sewage grants at a level that matches the funds generated from the oyster reserve lands in that area.

(2) In the Puget Sound, the action team shall give first priority to areas that are:

(a) Identified as "areas of special concern" under WAC 246-272-01001; or

(b) Included within a shellfish protection district under chapter 90.72 RCW.

(3) In Grays Harbor and Pacific counties, the action team shall give first priority to preventing the deterioration of water quality in areas where commercial or recreational shellfish are grown.

(4) The action team and each participating local health jurisdiction shall enter into a memorandum of understanding that will establish an applicant income eligibility requirement for individual grant applicants from within the jurisdiction and other mutually agreeable terms and conditions of the grant program.

(5) The action team may recover the costs to administer this program not to exceed ten percent of the shellfish - on-site sewage grant program.

(6) For the 2001-2003 biennium, the action team may use up to fifty percent of the shellfish - on-site sewage grant program funds for grants to local health jurisdictions to establish areas of special concern under WAC 246-272-01001, or for operation and maintenance programs therein, where commercial and recreational uses are present.

### SENATE AMENDMENTS TO HOUSE BILL

April 9, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1891, with the following amendment:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that the growing and processing of food and agricultural products is the dominant industry in Washington state and a major employer in rural Washington. The legislature also finds that agriculture is a critical component of Washington's international trade industry, accounting for billions of dollars in exports every year.

The legislature further finds that the export market for Washington's agricultural products has dropped significantly in recent years and that such a drop has negatively impacted the economy in Washington's agricultural regions. Therefore, it is the intent of the legislature to enhance Washington's international trade of agricultural products by increasing funding for the Washington state department of agriculture's international marketing program in an effort to promote marketing of Washington's products and to assist the agricultural industry in efforts to reduce trade barriers that stand in the way of trade in new and emerging markets.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.23 RCW to read as follows:

There is created a market development and promotion matching fund program within the Washington state department of agriculture. The purpose of the program is to allow the department of agriculture and the agricultural industry to combine funds in order to enhance access to markets that are growth sales areas for the industry's product. The goal of the program is to expose buyers to Washington's diverse agricultural products. The agriculture industry may bring in buying missions, perform trade promotions in various markets, hire overseas contractors, and perform other marketing functions that help it target the correct buyer and market for its product.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.23 RCW to read as follows:

(1) The legislature finds that trade barriers have become an increasingly important issue in the agricultural arena. Further, the world trade organization highlighted the need for "a fair and level playing field." The legislature finds that both large and small commodity groups need adequate resources to address trade barrier issues.

(2) There is created within the department of agriculture a trade barrier matching fund program to assist agriculture industries in fighting trade barriers. The purpose of the program is to allow the department of agriculture and the agricultural industry to combine funds in order to address trade barriers issues impacting the agricultural industry.

**NEW SECTION. Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "agriculture;" strike the remainder of the title and insert "adding new sections to chapter 43.23 RCW; and creating new sections."

And the same are herewith transmitted. Tony M. Cook, Secretary

### SENATE AMENDMENTS TO HOUSE BILL

April 12, 2001

Mr. Speakers:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1752, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 77.36.005 and 1996 c 54 s 1 are each amended to read as follows:

The legislature finds that:

(1) As the number of people in the state grows and wildlife habitat is altered, people will encounter wildlife more frequently. As a result, conflicts between humans and wildlife will also increase. Wildlife is a public resource of significant value to the people of the state and the responsibility to minimize and resolve these conflicts is shared by all citizens of the state.

(2) In particular, the state recognizes the importance of commercial agricultural and horticultural crop production, rangeland suitable for grazing or browsing of domestic livestock, and the value of healthy deer and elk populations, which can damage such crops. The legislature further finds that damage prevention is key to maintaining healthy deer and elk populations, wildlife-related recreational opportunities, ~~((and))~~ commercially productive agricultural and horticultural crops, and rangeland suitable for grazing or browsing of domestic livestock, and that the state, participants in wildlife recreation, and private landowners and tenants share the responsibility for damage prevention. Toward this end, the legislature encourages landowners and tenants to contribute through their land management practices to healthy wildlife populations and to provide access for related recreation. It is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with these landowners and tenants to minimize and/or prevent damages and conflicts while maintaining deer and elk populations for enjoyment by all citizens of the state.

(3) A timely and simplified process for resolving claims for damages caused by deer and elk for commercial agricultural or horticultural products, and rangeland used for grazing or browsing of domestic livestock is beneficial to the claimant and the state.

**Sec. 2.** RCW 77.36.010 and 1996 c 54 s 2 are each amended to read as follows:

~~((Unless otherwise specified,))~~ The ((following)) definitions in this section apply throughout this chapter((:)) unless the context clearly requires otherwise.

(1) "Crop" means ~~((a commercially raised horticultural and/or agricultural product and includes growing or harvested product but does not include livestock))~~ (a) a growing or harvested horticultural and/or agricultural product for commercial purposes; or (b) rangeland forage on privately owned land used for grazing or browsing of domestic livestock for at least a portion of the year for commercial purposes. For the purposes of this chapter all parts of horticultural trees shall be considered a crop and shall be eligible for claims.

(2) "Emergency" means an unforeseen circumstance beyond the control of the landowner or tenant that presents a real and immediate threat to crops, domestic animals, or fowl.

(3) "Immediate family member" means spouse, brother, sister, grandparent, parent, child, or grandchild.

**Sec. 3.** RCW 77.36.080 and 1996 c 54 s 9 are each amended to read as follows:

(1) The department may pay no more than thirty thousand dollars per fiscal year from the general fund

for claims under RCW 77.36.040 and for assessment costs and compromise of claims unless the legislature declares an emergency. Such money shall be used to pay animal damage claims only if the claim meets the conditions of RCW 77.36.040 and the damage occurred in a place where the opportunity to hunt was restricted or prohibited by a county, municipality, or other public entity during the season prior to the occurrence of the damage.

(2) The legislature may declare an emergency, defined for the purposes of this section as any happening arising from weather, other natural conditions, or fire that causes unusually great damage by deer or elk to commercially raised agricultural or horticultural crops ((by deer or elk)), or rangeland forage on privately owned land used for grazing or browsing of domestic livestock for at least a portion of the year. In an emergency, the department may pay as much as may be subsequently appropriated, in addition to the funds authorized under subsection (1) of this section, for claims under RCW 77.36.040 and for assessment and compromise of claims. Such money shall be used to pay animal damage claims only if the claim meets the conditions of RCW 77.36.040 and the department has expended all funds authorized under RCW 77.36.070 or subsection (1) of this section.

(3) Of the total funds available each fiscal year under subsection (1) of this section and RCW 77.36.070, no more than one-third of this total may be used to pay animal damage claims for rangeland forage on privately owned land.

(4) Of the total funds available each fiscal year under subsection (1) of this section and RCW 77.36.070 that remain unspent at the end of the fiscal year, fifty percent shall be utilized as matching grants to enhance habitat for deer and elk on public lands.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.131 RCW to read as follows:

The joint legislative audit and review committee must conduct a program review, as provided in this chapter, of the program to reimburse landowners for damage to rangeland used for grazing or browsing of domestic livestock caused by deer and elk, established in sections 1 through 3, chapter . . ., Laws of 2001 (sections 1 through 3 of this act). The review must be completed by January 1, 2004.

**NEW SECTION. Sec. 5.** The following expire June 30, 2004:

- (1) Section 1, chapter . . ., Laws of 2001 (section 1 of this act);
- (2) Section 2, chapter . . ., Laws of 2001 (section 2 of this act); and
- (3) Section 3, chapter . . ., Laws of 2001 (section 3 of this act).

**NEW SECTION. Sec. 6.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001."

On page 1, line 2 of the title, after "livestock;" strike the remainder of the title and insert "amending RCW 77.36.005, 77.36.010, and 77.36.080; adding a new section to chapter 43.131 RCW; providing an effective date; providing an expiration date; and declaring an emergency." and the same are herewith transmitted.

At least one public hearing shall be conducted by the authority on the plan prior to its adoption. The plan shall be adopted by resolution of the authority no later than November 15, 1990. The authority may periodically update the plan as determined necessary by the authority. The plan or updated plan shall include a report on authority activities conducted since the commencement of authority operation or since the last plan was reported, whichever is more recent, including a statement of results achieved under the purposes of this chapter and the plan. Upon adoption, the authority shall conduct its programs in observance of the objectives established in the plan.

**Sec. 2.** RCW 43.163.130 and 1998 c 48 s 1 are each amended to read as follows:

to the appropriate policy and fiscal committee of the legislature annually beginning not later than December 31, 2005.

**Sec. 6.** RCW 71.24.015 and 1999 c 214 s 7 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through statewide standards for monitoring and reporting of client and system outcome information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

**Sec. 7.** RCW 71.24.035 and 1999 c 10 s 4 are each amended to read as follows:

(1) The department is designated as the state mental health authority.

(2) The secretary may provide for public, client, and licensed service provider participation in developing the state mental health program.

(3) The secretary shall provide for participation in developing the state mental health program for children and other underserved populations by including representatives on any committee established to provide oversight to the state mental health program.

(4) The secretary shall be designated as the county authority if a county fails to meet state minimum standards or refuses to exercise responsibilities under RCW 71.24.045.

(5) The secretary shall:

(a) Develop a biennial state mental health program that incorporates county biennial needs assessments and county mental health service plans and state services for mentally ill adults and children. The secretary may also develop a six-year state mental health plan;

(b) Assure that any county community mental health program provides access to treatment for the county's residents in the following order of priority: (i) The acutely mentally ill; (ii) chronically mentally ill adults and severely emotionally disturbed children; and (iii) the seriously disturbed. Such programs shall provide:

(A) Outpatient services;

(B) Emergency care services for twenty-four hours per day;

(C) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;

(D) Screening for patients being considered for admission to state mental health facilities to determine the appropriateness of admission;

(E) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work. Other sources of funding such as the division of vocational rehabilitation may be utilized by the secretary to maximize federal funding and provide for integration of services;

(F) Consultation and education services; and

(G) Community support services;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

(d) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this section;

(e) Establish a standard contract or contracts, consistent with state minimum standards, which shall be used by the counties;

(f) Establish, to the extent possible, a standardized auditing procedure which minimizes paperwork requirements of county authorities and licensed service providers;

(g) Develop and maintain an information system to be used by the state, counties, and regional support networks that includes a tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.400, 71.05.410, 71.05.420, 71.05.430, and 71.05.440;

(k) Fix fees to be paid by evaluation and treatment centers to the secretary for the required inspections;

(l) Monitor and audit counties, regional support networks, and licensed service providers as needed to assure compliance with contractual agreements authorized by this chapter; and

(m) Adopt such rules as are necessary to implement the department's responsibilities under this chapter.

(6) The secretary shall use available resources only for regional support networks.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified

regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects county needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on counties of demographic factors in counties which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of

this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(f) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the health care and corrections committee of the senate and the human services committee of the house of representatives.

(17) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health.

NEW SECTION. Sec. 8. The legislature finds that an excessive amount of public funds are spent on administrative activities in the community mental health system. The department of social and health services shall develop a plan to reduce administrative expenses in the community mental health system, including the mental health division, to no more than ten percent of available funds. The plan shall identify and prioritize core administrative functions that must be continued to comply with federal or state statutes. The department shall submit their plan to the appropriate committees of the senate and house of representatives no later than December 15, 2001. The plan shall assume an implementation date of July 1, 2003.

NEW SECTION. Sec. 9. If specific funding for the purposes of section 5 of this act, referencing section 5 of this act by bill or chapter and section number, is not provided by June 30, 2001, in the omnibus appropriations act, section 5 of this act is null and void.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

WHEREAS, The indefatigable volunteer spirit of many thousands of women, men, and children in many hundreds of rural, suburban, and urban communities all across the globe are being saluted in this, the International Year of Volunteers 2001; and

WHEREAS, Right here at home, Governor Gary Locke has proclaimed 2001 the Year of the Volunteer in the State of Washington; and

WHEREAS, Our own State of Washington takes much of its strength, beauty, and unique character from countless citizens who volunteer their time, energy, talent, and spirit to bolster the work of numerous private, public, and nonprofit organizations; and

WHEREAS, Food bank services as well as clothing, furniture, prescription, eye care, and education assistance are just a few of the many heartfelt programs and services in which Washingtonians selflessly engage themselves to help their less-fortunate sisters and brothers; and

WHEREAS, It is estimated that volunteer members of the American work force contribute the equivalent of nine million full-time employees at an annual value to the United States economy of 225 billion dollars; and

WHEREAS, United Nations Secretary-General Kofi Annan last November perhaps stated it best in his address officially setting the year 2001 aside to praise and commemorate volunteers when the secretary-general emphasized: "Volunteers do more than provide services. They bring hope to those they help, and so help them find strength to overcome their weakness. Their reward may be new lifelong friendships, a new understanding of other peoples, of other cultures and other countries' problems and perspectives, or simply the knowledge that they have made a difference. Invariably, volunteers will tell you they have received at least as much as they have given";

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the State of Washington salute the tireless, wonderful, and inspiring work of volunteers in every corner of Washington; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerks of the House of Representatives to the Washington Library Association, the Washington State Association of Counties, and the Association of Washington Cities so that statewide news of this justified and well-deserved recognition will reach the maximum number of devoted and remarkable volunteers.

(d) Has defrauded or attempted to defraud the state or a political subdivision thereof, of any taxes or fees in connection with the sale, lease, or transfer of a vehicle;

(e) Has purchased, sold, leased, disposed of, or has in his or her possession, any vehicle which he or she knows or has reason to know has been stolen or appropriated without the consent of the owner;

(f) Has committed any act in violation of RCW 46.70.090 relating to vehicle dealer license plates and manufacturer license plates;

(g) Has committed any act in violation of RCW 46.70.180 relating to unlawful acts and practices;

(h) Sells or distributes in this state or transfers into this state for resale or for lease, any new or unused vehicle to which a warranty attaches or has attached and refuses to honor the terms of such warranty within a reasonable time or repudiates the same;

(i) Fails to maintain one or more resident employees or agents to provide service or repairs to vehicles located within the state of Washington only under the terms of any warranty attached to new or unused vehicles manufactured and which are or have been sold or distributed in this state or transferred into this state for resale or for lease unless such manufacturer requires warranty service to be performed by all of its dealers pursuant to a current service agreement on file with the department;

(j) Fails to reimburse within a reasonable time any vehicle dealer within the state of Washington who in

good faith incurs reasonable obligations in giving effect to warranties that attach or have attached to any new or unused vehicle sold, leased, or distributed in this state or transferred into this state for resale or for lease by any such manufacturer;

**Sec. 7.** RCW 46.70.120 and 1996 c 282 s 4 are each amended to read as follows:

A dealer shall complete and maintain for a period of at least five years a record of the purchase and sale or lease of all vehicles purchased ~~((or))~~, sold, or leased by him or her. The records shall consist of:

- (1) The license and title numbers of the state in which the last license was issued;
- (2) A description of the vehicle;
- (3) The name and address of the person from whom purchased;
- (4) The name of the legal owner, if any;
- (5) The name and address of the purchaser or lessee;
- (6) If purchased from a dealer, the name, business address, dealer license number, and resale tax number of the dealer;
- (7) The price paid for the vehicle and the method of payment;
- (8) The vehicle odometer disclosure statement given by the seller to the dealer, and the vehicle odometer disclosure statement given by the dealer to the purchaser or lessee;
- (9) The written agreement to allow a dealer to sell between the dealer and the consignor, or the listing dealer and the seller;
- (10) Trust account records of receipts, deposits, and withdrawals;
- (11) All sale documents, which shall show the full name of dealer employees involved in the sale or lease; and
- (12) Any additional information the department may require. However, the department may not require a dealer to collect or retain the hardback copy of a temporary license permit after the permanent license plates for a vehicle have been provided to the purchaser or lessee, if the dealer maintains some other copy of the temporary license permit together with a log of the permits issued.

Such records shall be maintained separate from all other business records of the dealer. Records older than two years may be kept at a location other than the dealer's place of business if those records are made available in hard copy for inspection within three calendar days, exclusive of Saturday, Sunday, or a legal holiday, after a request by the director or the director's authorized agent. Records kept at the vehicle dealer's place of business must be available for inspection by the director or the director's authorized agent during normal business hours.

Dealers may maintain their recordkeeping and filing systems in accordance with their own particular business needs and practices. Nothing in this chapter requires dealers to maintain their records in any particular order or manner, as long as the records identified in this section are maintained in the dealership's recordkeeping system.

**Sec. 8.** RCW 46.70.122 and 1990 c 238 s 5 are each amended to read as follows:

(1) If the purchaser or transferee is a dealer he or she shall, on selling, leasing, or otherwise disposing of the vehicle, promptly execute the assignment and warranty of title, in such form as the director shall prescribe.

(2) The assignment and warranty shall show any secured party holding a security interest created or reserved at the time of resale or lease, to which shall be attached the assigned certificates of ownership and license registration received by the dealer. The dealer shall mail or deliver them to the department with the transferee's application for the issuance of new certificates of ownership and license registration. The title certificate issued for a vehicle possessed by a dealer and subject to a security interest shall be delivered to the

secured party who upon request of the dealer's transferee shall, unless the transfer was a breach of the security agreement, either deliver the certificate to the transferee for transmission to the department, or upon receipt from the transferee of the owner's bill of sale or sale document, the transferee's application for a new certificate and the required fee, mail or deliver to the department. Failure of a dealer to deliver the title certificate to the secured party does not affect perfection of the security interest.

**Sec. 9.** RCW 46.70.130 and 1996 c 282 s 5 are each amended to read as follows:

(1) Before the execution of a contract or chattel mortgage or the consummation of the sale or lease of any vehicle, the seller must furnish the buyer or lessee an itemization in writing signed by the seller separately disclosing to the buyer or lessee the finance charge, insurance costs, taxes, and other charges which are paid or to be paid by the buyer or lessee.

(2) Notwithstanding subsection (1) of this section, an itemization of the various license and title fees paid or to be paid by the buyer or lessee, which itemization must be the same as that disclosed on the registration/application for title document issued by the department, may be required only on the title application at the time the application is submitted for title transfer. A vehicle dealer may not be required to separately or individually itemize the license and title fees on any other document, including but not limited to the purchase order and lease agreement. No fee itemization may be required on the temporary permit.

**Sec. 10.** RCW 46.70.180 and 1999 c 398 s 10 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note,

vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, (~~salesman~~) salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, (~~salesman~~) salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation,

fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase ~~((of))~~, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase ~~((of))~~, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable. ~~((The department of licensing shall by December 31, 1996, in rule, adopt standard disclosure language for buyer's agent agreements under RCW 46.70.011, 46.70.070, and this section.))~~

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless

caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter (~~62A.9~~) 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

**Sec. 11.** RCW 46.70.900 and 1973 1st ex.s. c 132 s 20 are each amended to read as follows:

All provisions of this chapter shall be liberally construed to the end that deceptive practices or commission of fraud or misrepresentation in the sale, lease, barter, or disposition of vehicles in this state may be prohibited and prevented, and irresponsible, unreliable, or dishonest persons may be prevented from engaging in the business of selling, leasing, bartering, or otherwise dealing in vehicles in this state and reliable persons may be encouraged to engage in the business of selling, leasing, bartering and otherwise dealing in vehicles in this state: PROVIDED, That this chapter shall not apply to printers, publishers, or broadcasters who in good faith print, publish or broadcast material without knowledge of its deceptive character.

**NEW SECTION. Sec. 12.** A new section is added to chapter 46.70 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the following education requirements apply to an applicant for a vehicle dealer license under RCW 46.70.021:

(a) An applicant for a vehicle dealer license under RCW 46.70.021 must complete a minimum of eight hours of approved education programs described in subsection (3) of this section and pass a test prior to submitting an application for the license; and

(b) An applicant for a renewal of a vehicle dealer license under RCW 46.70.083 must complete a minimum of five hours per year in a licensing period of approved continuing education programs described in subsection (3) of this section prior to submitting an application for the renewal of the vehicle dealer license.

(2) The education and test requirements in subsection (1) of this section do not apply to an applicant for a vehicle dealer license under RCW 46.70.021 if the applicant is:

(a) A franchised dealer of new recreational vehicles;

(b) A nationally franchised or corporate-owned motor vehicle rental company;

(c) A dealer of manufactured dwellings;

(d) A national auction company that holds a vehicle dealer license and a wrecker license whose primary activity in this state is the sale or disposition of totaled vehicles; or

(e) A wholesale auto auction company that holds a vehicle dealer license.

(3) The education programs and test required in subsection (1) of this section shall be developed by motor vehicle industry organizations including, but not limited to, the state independent auto dealers association and the department of licensing.

(4) A new motor vehicle dealer, as defined under RCW 46.96.020, is deemed to have met the education

and test requirements required for applicants for a vehicle dealer license under this section.

**Sec. 13.** RCW 46.70.070 and 1996 c 194 s 2 are each amended to read as follows:

(1) Before issuing a vehicle dealer's license, the department shall require the applicant to file with the department a surety bond in the amount of:

(a) ~~((Fifteen))~~ Thirty thousand dollars for motor vehicle dealers;

(b) Thirty thousand dollars for mobile home, park trailer, and travel trailer dealers(~~(:—PROVIDED, That if such dealer does not deal in mobile homes or park trailers such bond shall be fifteen thousand dollars))~~);

(c) Five thousand dollars for miscellaneous dealers,

running to the state, and executed by a surety company authorized to do business in the state. Such bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his or her business in conformity with the provisions of this chapter.

Any retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from, sold to, or otherwise transacted business with a wholesale dealer, who has suffered any loss or damage by reason of any act by a dealer which constitutes a violation of this chapter shall have the right to institute an action for recovery against such dealer and the surety upon such bond. However, under this section, motor vehicle dealers who have purchased from, sold to, or otherwise transacted business with wholesale dealers may only institute actions against wholesale dealers and their surety bonds. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of said bond or cancellation of the bond by the surety the vehicle dealer license shall automatically be deemed canceled.

(2) The bond for any vehicle dealer licensed or to be licensed under more than one classification shall be the highest bond required for any such classification.

(3) Vehicle dealers shall maintain a bond for each business location in this state and bond coverage for all temporary subagencies.

### SENATE AMENDMENTS TO HOUSE BILL

April 12, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1394, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that projects that remove impediments to fish passage can greatly increase access to spawning and rearing habitat for depressed, threatened, and endangered fish stocks. Although counties are authorized to use county road funds to replace culverts and other barriers to fish passage, and may conduct streambed and stream bank restoration and stabilization work in conjunction with removal of these fish barriers, counties are reluctant to spend county road funds beyond the county right-of-way because it is unclear whether the use of road funds for this purpose is authorized. The purpose of this act is to clarify that streambed and stream bank restoration and stabilization activities conducted in conjunction with removal of existing barriers to fish passage within county rights-of-way constitute a county road purpose even if this work extends beyond the county right-of-way. The legislature intends this act to be permissive legislation. Nothing in this act is intended to create or impose a legal duty upon counties for salmon recovery work beyond the county right-of-way.

**Sec. 2.** RCW 36.79.140 and 1997 c 81 s 6 are each amended to read as follows:

At the time the board reviews the six-year program of each county each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including removal of barriers to fish passage and accompanying streambed and stream bank repair as specified in RCW 36.82.070, and including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution are eligible to receive funds from the rural arterial trust account: PROVIDED HOWEVER, That counties with a population of less than eight thousand are exempt from this eligibility restriction: AND PROVIDED FURTHER, That counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW

**Sec. 3.** RCW 36.82.070 and 1997 c 189 s 1 are each amended to read as follows:

Any money paid to any county road fund may be used for the construction, alteration, repair, improvement, or maintenance of county roads and bridges thereon and for wharves necessary for ferriage of motor vehicle traffic, and for ferries, and for the acquiring, operating, and maintaining of machinery, equipment, quarries, or pits for the extraction of materials, and for the cost of establishing county roads, acquiring rights-of-way therefor, and expenses for the operation of the county engineering office, and for any of the following programs when directly related to county road purposes: (1) Insurance; (2) self-insurance programs; and (3) risk management programs; and for any other proper county road purpose. Such expenditure may be made either independently or in conjunction with the state or any city, town, or tax district within the county. County road purposes also include the removal of barriers to fish passage related to county roads, and include but are not limited to the following activities associated with the removal of these barriers: Engineering and technical services; stream bank stabilization; streambed restoration; the placement of weirs, rock, or woody debris; planting; and channel modification. County road funds may be used beyond the county right-of-way for activities clearly associated with removal of fish passage barriers that are the responsibility of the county. Activities related to the removal of barriers to fish passage performed beyond the county right-of-way must not exceed twenty-five percent of the total cost of activities related to fish barrier removal on any one project, and the total annual cost of activities related to the removal of barriers to fish passage performed beyond the county rights-of-way must not exceed one-half of one percent of a county's annual road construction budget. The use of county road funds beyond the county right-of-way for activities associated with the removal of fish barriers is permissive, and wholly within the discretion of the county legislative authority. The use of county road funds beyond the county right-of-way for such activities does not create or impose a legal duty upon a county for salmon recovery work beyond the county right-of-way.

### SECOND READING

Representative Kagi moved the adoption of the following amendment (199):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 13.34 RCW to read as follows:

(1) Following shelter care and no later than twenty-five days prior to fact-finding, the department, upon the parent's request or counsel for the parent's request, shall facilitate a conference to develop and specify in a written service agreement the expectations of both the department and the parent regarding the care and placement of the child.

The department shall invite to the conference the parent, counsel for the parent, the foster parent or other out-of-home care provider, caseworker, guardian ad litem, counselor, or other relevant health care provider, and any other person connected to the development and well-being of the child.

The initial written service agreement expectations must correlate with the court's findings at the shelter care hearing. The written service agreement must set forth specific criteria that enables the court to measure the performance of both the department and the parent, and must be updated throughout the dependency process to reflect changes in expectations. The service agreement must serve as the unifying document for all expectations established in the department's various case planning and case management documents and the findings and orders of the court during dependency proceedings.

The court shall review the written service agreement at each stage of the dependency proceedings and evaluate the performance of both the department and the parent for consistent, measurable progress in complying with the expectations identified in the agreement.

The case conference agreement must be agreed to and signed by the parties. The court shall not consider the content of the discussions at the case conference at the time of the fact-finding hearing for the purposes of establishing that the child is a dependent child, and the court shall not consider any documents or written materials presented at the case conference but not incorporated into the case conference agreement, unless the documents or written materials were prepared for purposes other than or as a result of the case conference and are otherwise admissible under the rules of evidence.

(2) At any other stage in a dependency proceeding, the department, upon the parent's request, shall facilitate a case conference.

**Sec. 2.** RCW 13.34.062 and 2000 c 122 s 5 are each amended to read as follows:

(1) The written notice of custody and rights required by RCW 13.34.060 shall be in substantially the following form:

"NOTICE

Your child has been placed in temporary custody under the supervision of Child Protective Services (or other person or agency). You have important legal rights and you must take steps to protect your interests.

1. A court hearing will be held before a judge within 72 hours of the time your child is taken into custody excluding Saturdays, Sundays, and holidays. You should call the court at (insert appropriate phone number here) for specific information about the date, time, and location of the court hearing.

2. You have the right to have a lawyer represent you at the hearing. Your right to representation continues after the shelter care hearing. You have the right to records the department intends to rely upon. A lawyer can look at the files in your case, talk to child protective services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure) .

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

4. If your hearing occurs before a court commissioner, you have the right to have the decision of the court commissioner reviewed by a superior court judge. To obtain that review, you must, within ten days after the entry of the decision of the court commissioner, file with the court a motion for revision of the decision, as provided in RCW 2.24.050.

You should be present at any shelter care hearing. If you do not come, the judge will not hear what you have to say.

You may call the Child Protective Services' caseworker for more information about your child. The caseworker's name and telephone number are: (insert name and telephone number) .

5. You may request that the department facilitate a case conference to develop a written service agreement following the shelter care hearing. The service agreement may not conflict with the court's order of shelter care. You may request that a multidisciplinary team, family group conference, prognostic staffing, or case conference be convened for your child's case. You may participate in these processes with your counsel present."

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a signature shall be written on the receipt. The receipt shall be made a part of the court's file in the dependency action.

If after making reasonable efforts to provide notification, child protective services is unable to determine the whereabouts of the parents, guardian, or legal custodian, the notice shall be delivered or sent to the last known address of the parent, guardian, or legal custodian.

(2) If child protective services is not required to give notice under RCW 13.34.060(2) and subsection (1) of this section, the juvenile court counselor assigned to the matter shall make all reasonable efforts to advise the parents, guardian, or legal custodian of the time and place of any shelter care hearing, request that they be

present, and inform them of their basic rights as provided in RCW 13.34.090.

(3) Reasonable efforts to advise and to give notice, as required in RCW 13.34.060(2) and subsections (1) and (2) of this section, shall include, at a minimum, investigation of the whereabouts of the parent, guardian, or legal custodian. If such reasonable efforts are not successful, or the parent, guardian, or legal custodian does not appear at the shelter care hearing, the petitioner shall testify at the hearing or state in a declaration:

(a) The efforts made to investigate the whereabouts of, and to advise, the parent, guardian, or legal custodian; and

(b) Whether actual advice of rights was made, to whom it was made, and how it was made, including the substance of any oral communication or copies of written materials used.

(4) The court shall hear evidence regarding notice given to, and efforts to notify, the parent, guardian, or legal custodian and shall examine the need for shelter care. The court shall hear evidence regarding the efforts made to place the child with a relative. The court shall make an express finding as to whether the notice required under RCW 13.34.060(2) and subsections (1) and (2) of this section was given to the parent, guardian, or legal custodian. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(5) A shelter care order issued pursuant to RCW 13.34.065 may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(6) Any parent, guardian, or legal custodian who for good cause is unable to attend the initial shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

**Sec. 3.** RCW 13.34.065 and 2000 c 122 s 7 are each amended to read as follows:

(1) The juvenile court probation counselor shall submit a recommendation to the court as to the further need for shelter care unless the petition has been filed by the department, in which case the recommendation shall be submitted by the department.

(2) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(a) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(b)(i) The child has no parent, guardian, or legal custodian to provide supervision and care for such child;

or

(ii) The release of such child would present a serious threat of substantial harm to such child; or

(iii) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized. If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1). If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of

the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.

(3) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent and give weight to that fact before ordering return of the child to shelter care.

(4) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(5) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

**Sec. 4.** RCW 13.34.180 and 2000 c 122 s 25 are each amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (2) or (3) of this section applies:

(a) That the child has been found to be a dependent child;

(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;

(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home.

(2) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(3) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32

RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(4) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. **Sec. 5.** RCW 13.34.138 and 2000 c 122 s 19 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

- (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
  - (iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;
  - (v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;
  - (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
  - (vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and
  - (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.
- (c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

**NEW SECTION. Sec. 6.** A new section is added to chapter 13.34 RCW to read as follows:

The department shall, within existing resources, provide to parents requesting a multidisciplinary team, family group conference, prognostic staffing, or case conference, information that describes these processes prior to the processes being undertaken.

**Sec. 7.** RCW 13.34.110 and 2000 c 122 s 11 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor. The rules of evidence shall apply at the fact-finding hearing and the parent, guardian, or legal custodian of the child shall have all of the rights provided in RCW 13.34.090(1). The petitioner shall have the burden of establishing by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030.

(2)(a) The parent, guardian, or legal custodian of the child may waive his or her right to a fact-finding hearing by stipulating or agreeing to the entry of an order of dependency establishing that the child is dependent within the meaning of RCW 13.34.030. The parent, guardian, or legal custodian may also stipulate or agree to an order of disposition pursuant to RCW 13.34.130 at the same time. Any stipulated or agreed order of dependency or disposition must be signed by the parent, guardian, or legal custodian and his or her attorney, unless the parent, guardian, or legal custodian has waived his or her right to an attorney in open court, and by the petitioner and the attorney, guardian ad litem, or court-appointed special advocate for the child, if any. If the department of social and health services is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of dependency or disposition is subject to approval by the court. The court shall receive and review a social study before entering a stipulated or agreed order and shall consider whether the order is consistent with the allegations of the dependency petition and the problems that necessitated the child's placement in out-of-home care. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of dependency, the parent, guardian, or legal custodian of the child and his or her attorney must appear before the court and the court within available resources must inquire and establish on the record that:

(i) The parent, guardian, or legal custodian understands the terms of the order or orders he or she has signed, including his or her responsibility to participate in remedial services as provided in any disposition order;

(ii) The parent, guardian, or legal custodian understands that entry of the order starts a process that could result in the filing of a petition to terminate his or her relationship with the child within the time frames required

by state and federal law if he or she fails to comply with the terms of the dependency or disposition orders or fails to substantially remedy the problems that necessitated the child's placement in out-of-home care;

(iii) The parent, guardian, or legal custodian understands that the entry of the stipulated or agreed order of dependency is an admission that the child is dependent within the meaning of RCW 13.34.030 and shall have the same legal effect as a finding by the court that the child is dependent by at least a preponderance of the evidence, and that the parent, guardian, or legal custodian shall not have the right in any subsequent proceeding for termination of parental rights or dependency guardianship pursuant to this chapter or nonparental custody pursuant to chapter 26.10 RCW to challenge or dispute the fact that the child was found to be dependent; and

(iv) The parent, guardian, or legal custodian knowingly and willingly stipulated and agreed to and signed the order or orders, without duress, and without misrepresentation or fraud by any other party.

If a parent, guardian, or legal custodian fails to appear before the court after stipulating or agreeing to entry of an order of dependency, the court may enter the order upon a finding that the parent, guardian, or legal custodian had actual notice of the right to appear before the court and chose not to do so. The court may require other parties to the order, including the attorney for the parent, guardian, or legal custodian, to appear and advise the court of the parent's, guardian's, or legal custodian's notice of the right to appear and understanding of the factors specified in this subsection. A parent, guardian, or legal custodian may choose to waive his or her presence at the in-court hearing for entry of the stipulated or agreed order of dependency by submitting to the court through counsel a completed stipulated or agreed dependency fact-finding/disposition statement in a form determined by the Washington state supreme court pursuant to General Rule GR 9.

(3) Immediately after the entry of the findings of fact, the court shall hold a disposition hearing, unless there is good cause for continuing the matter for up to fourteen days. If good cause is shown, the case may be continued for longer than fourteen days. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by certified mail of the time and place of any continued hearing. Unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or efforts to reunite the parent and child would be hindered, the court shall direct the department to notify those adult persons who: ~~((1))~~ (a) Are related by blood or marriage to the child in the following degrees: Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, or aunt; ~~((2))~~ (b) are known to the department as having been in contact with the family or child within the past twelve months; and ~~((3))~~ (c) would be an appropriate placement for the child. Reasonable cause to dispense with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

~~The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, if any, are all in agreement. ~~((The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.))~~~~

NEW SECTION. Sec. 8. A new section is added to chapter 13.34 RCW to read as follows:

The department of social and health services shall promulgate rules that create good cause exceptions to the establishment and enforcement of child support from parents of children in out-of-home placement under chapter 13.34 or 13.32A RCW that do not violate federal funding requirements. The department shall present the rules and the department's plan for implementation of the rules to the appropriate committees of the legislature prior to the 2002 legislative session."

### SECOND READING

Representative Doumit moved the adoption of the following amendment (198):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a comprehensive program of monitoring is fundamental to making sound public policy and programmatic decisions regarding salmon recovery and watershed health. Monitoring provides accountability for results of management actions and provides the data upon which an adaptive management framework can lead to improvement of strategies and programs. Monitoring is also a required element of any salmon recovery plan submitted to the federal government for approval. While numerous agencies and citizen organizations are engaged in monitoring a wide range of salmon recovery and watershed health parameters, there is a greater need for coordination of monitoring efforts, for using limited monitoring resources to obtain information most useful for achieving relevant local, state, and federal requirements regarding watershed health and salmon recovery, and for making the information more accessible to those agencies and organizations implementing watershed health programs and projects. Regarding salmon recovery monitoring, the state independent science panel has concluded that many programs already monitor indicators relevant to salmonids, but the efforts are largely uncoordinated or unlinked among programs, have different objectives, use different indicators, lack support for sharing data, and lack shared statistical designs to address specific issues raised by listing of salmonid species under the federal endangered species act.

Therefore, it is the intent of the legislature to encourage the refocusing of existing agency monitoring activities necessary to implement a comprehensive watershed health monitoring program, with a focus on salmon

recovery. The program should: Be based on a framework of greater coordination of existing monitoring activities; require monitoring activities most relevant to adopted local, state, and federal watershed health objectives; and facilitate the exchange of monitoring information with agencies and organizations carrying out watershed health, salmon recovery, and water resources management planning and programs.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.82 RCW to read as follows:

In conducting assessments and other studies that include monitoring components or recommendations, the department and planning units shall implement the monitoring recommendations developed under section 3 of this act.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.85 RCW to read as follows:

(1) The monitoring oversight committee is hereby established. The committee shall be comprised of the directors or their designated representatives of:

- (a) The salmon recovery office;
- (b) The department of ecology;
- (c) The department of fish and wildlife;
- (d) The conservation commission;
- (e) The Puget Sound action team;
- (f) The department of natural resources;
- (g) The department of transportation; and
- (h) The interagency committee for outdoor recreation.

(2) The director of the salmon recovery office and the chair of the salmon recovery funding board, or their designees, shall cochair the committee. The cochairs shall convene the committee as necessary to develop, for the consideration of the governor and legislature, a comprehensive and coordinated monitoring strategy and action plan on watershed health with a focus on salmon recovery. The committee shall invite representation from the treaty tribes to participate in the committee's efforts. In addition, the committee shall invite participation by other state, local, and federal agencies and other entities as appropriate. The committee shall address the monitoring recommendations of the independent science panel provided under RCW 77.85.040(7) and of the joint legislative audit and review committee in its report number 01-1 on investing in the environment.

(3) The independent science panel shall act as an advisor to the monitoring oversight committee and shall review all work products developed by the committee and make recommendations to the committee cochairs.

(4) A legislative steering committee is created consisting of four legislators. Two of the legislators shall be members of the house of representatives, each representing different major political parties, appointed by the co-speakers of the house of representatives. The other two legislators shall be members of the senate, each representing different major political parties, appointed by the president of the senate. The monitoring oversight committee shall provide briefings to the legislative steering committee on a quarterly basis on the progress that the oversight committee is making on the development of the coordinated monitoring strategy and action plan, and the establishment of an adaptive management framework. The briefings shall include information on how the monitoring strategy will be coordinated with other government efforts, expected benefits and efficiencies that will be achieved, recommended funding sources and funding levels that will ensure stable sources of funding for monitoring, and the efforts and cooperation provided by agencies to improve coordination of their activities.

(5) The committee shall make recommendations to individual agencies to improve coordination of monitoring activities.

(6) The committee shall:

- (a) Define the monitoring goals, objectives, and questions that must be addressed as part of a comprehensive statewide salmon recovery monitoring and adaptive management framework;
- (b) Identify and evaluate existing monitoring activities for inclusion in the framework, while ensuring data consistency and coordination and the filling of monitoring gaps;
- (c) Recommend statistical designs appropriate to the objectives;
- (d) Recommend performance measures appropriate to the objectives and targeted to the appropriate geographical, temporal, and biological scales;

- (e) Recommend standardized monitoring protocols for salmon recovery and watershed health;
- (f) Recommend procedures to ensure quality assurance and quality control of all relevant data;
- (g) Recommend data transfer protocols to support easy access, sharing, and coordination among different collectors and users;
- (h) Recommend ways to integrate monitoring information into decision making;
- (i) Recommend organizational and governance structures for oversight and implementation of the coordinated monitoring framework;
- (j) Recommend stable sources of funding that will ensure the continued operation and maintenance of the state's salmon recovery and watershed health monitoring programs, once established; and
- (k) Identify administrative actions that will be undertaken by state agencies to implement elements of the coordinated monitoring program.

(7) In developing the coordinated monitoring strategy, the committee shall coordinate with other appropriate state, federal, local, and tribal monitoring efforts, including but not limited to the Northwest power planning council, the Northwest Indian fisheries commission, the national marine fisheries service, and the United States fish and wildlife service. The committee shall also consult with watershed planning units under chapter 90.82 RCW, lead entities under this chapter, professional organizations, and other appropriate groups.

(8) The cochairs shall provide an interim report to the governor and the members of the appropriate legislative committees by March 1, 2002, on the progress made in implementing this section. By December 1, 2002, the committee shall provide a monitoring strategy and action plan to the governor, and the members of the appropriate legislative committees for achieving a comprehensive watershed health monitoring program with a focus on salmon recovery. The strategy and action plan shall document the results of the committee's actions in addressing the responsibilities described in subsection (6) of this section. In addition, the monitoring strategy and action plan shall include an assessment of existing state agency operations related to monitoring, evaluation, and adaptive management of watershed health and salmon recovery, and shall recommend any operational or statutory changes and funding necessary to fully implement the enhanced coordination program developed under this section. The plan shall make recommendations based upon the goal of fully realizing an enhanced and coordinated monitoring program by June 30, 2007.

NEW SECTION. **Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void."

Correct the title.

Representative Doumit spoke in favor of adoption of the amendment.

The amendment was adopted.

There being no objection, the House deferred action on Substitute Senate Bill No. 5637, and the bill held its place on the Second Reading calendar.

#### MESSAGE FROM THE SENATE

April 13, 2001

Mr. Speakers:

The Senate refuses to concur in the House amendment to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5695 and asks the House to recede therefrom,

and the same is herewith transmitted.

Tony M. Cook, Secretary

There being no objection, the rules were suspended and Engrossed Second Substitute Senate Bill No. 5695 was returned to second reading for purposes of amendment.

**SECOND READING**

Representative Anderson moved the adoption of the following amendment (200):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds and declares:

- (1) Teacher qualifications and effectiveness are the most important influences on student learning in schools.
- (2) Preparation of individuals to become well-qualified, effective teachers must be high quality.
- (3) Teachers who complete high-quality alternative route programs with intensive field-based experience, adequate coursework, and strong mentorship do as well or better than teachers who complete traditional preparation programs.
- (4) High-quality alternative route programs can provide more flexibility and expedience for individuals to transition from their current career to teaching.
- (5) High-quality alternative route programs can help school districts fill subject matter shortage areas and areas with shortages due to geographic location.
- (6) Regardless of route, all candidates for residency teacher certification must meet the high standards required by the state.

The legislature recognizes widespread concerns about the potential for teacher shortages and finds that classified instructional staff in public schools represent a great untapped resource for recruiting the teachers of the future.

**NEW SECTION. Sec. 2.** There is hereby created a statewide partnership grant program to provide new high-quality alternative routes to residency teacher certification. To the extent funds are appropriated for this specific purpose, funds provided under this partnership grant program shall be used solely for school districts, or consortia of school districts, to partner with state-approved higher education teacher preparation programs to provide one or more of three alternative route programs in section 5 of this act, aimed at recruiting candidates to teaching in subject matter shortage areas and areas with shortages due to geographic location. Districts, or consortia of districts, may also include their educational service districts in their partnership grant program. Partnership programs receiving grants may enroll candidates as early as January 2002.

**NEW SECTION. Sec. 3.** (1) Each district or consortia of school districts applying for state funds through this program shall submit a proposal to the Washington professional educator standards board specifying:

- (a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;
- (b) The number of candidates that will be enrolled per route;
- (c) An identification, indication of commitment, and description of the role of approved teacher preparation programs that are partnering with the district or consortia of districts;
- (d) An assurance of district provision of adequate training for mentor teachers either through participation in a state mentor training academy or district-provided training that meets state-established mentor-training standards specific to the mentoring of alternative route candidates;
- (e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;
- (f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in section 5 of this act; and
- (g) The design and use of a teacher development plan for each candidate. The plan shall specify the

alternative route coursework and training required of each candidate and shall be developed by comparing the candidate's prior experience and coursework with the state's new performance-based standards for residency certification and adjusting any requirements accordingly. The plan may include the following components:

(i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of intensive mentorship, starting with full-time mentoring and progressing to increasingly less intensive monitoring and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive support. For route one and two candidates, before the supervision is diminished, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate is ready to manage the classroom with less intensive supervision. For route three candidates, the mentor of the teacher candidate shall make the decision;

(ii) Identification of performance indicators based on the knowledge and skills standards required for residency certification by the state board of education;

(iii) Identification of benchmarks that will indicate when the standard is met for all performance indicators;

(iv) A description of strategies for assessing candidate performance on the benchmarks;

(v) Identification of one or more tools to be used to assess a candidate's performance once the candidate has been in the classroom for about one-half of a school year; and

(vi) A description of the criteria that would result in residency certification after about one-half of a school year but before the end of the program.

(2) Districts may apply for program funds to pay stipends to both mentor teachers and interns during their mentored internship. For both intern stipends and accompanying mentor stipends, the per intern district request for funds may not exceed the amount designated by the BA+0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships and mentorships that last less than a full school year. Interns in the program for a full year shall be provided a stipend of at least eighty percent of the amount generated by the BA+0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships that last less than a full school year.

**NEW SECTION. Sec. 4.** (1) The professional educator standards board, with support from the office of the superintendent of public instruction, shall select school districts and consortia of school districts to receive partnership grants from funds appropriated by the legislature for this purpose. Factors to be considered in selecting proposals include:

(a) The degree to which the district, or consortia of districts in partnership, are currently experiencing teacher shortages;

(b) The degree to which the proposal addresses criteria specified in section 3 of this act and is in keeping with specifications of program routes in section 5 of this act;

(c) The cost-effectiveness of the proposed program; and

(d) Any demonstrated district and in-kind contributions to the program.

(2) Selection of proposals shall also take into consideration the need to ensure an adequate number of candidates for each type of route in order to evaluate their success.

(3) Funds appropriated for the partnership grant program in this chapter shall be administered by the office of the superintendent of public instruction.

**NEW SECTION. Sec. 5.** Partnership grants funded under this chapter shall operate one to three specific route programs. Successful completion of the program shall make a candidate eligible for residency teacher certification. For route one and two candidates, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate has successfully completed the program. For route three candidates, the mentor of the teacher candidate shall make the determination that the candidate has successfully completed the program.

(1) Partnership grant programs seeking funds to operate route one programs shall enroll currently employed classified instructional employees with transferable associate degrees seeking residency teacher certification with endorsements in special education, bilingual education, or English as a second language. It is

anticipated that candidates enrolled in this route will complete both their baccalaureate degree and requirements for residency certification in two years or less, including a mentored internship to be completed in the final year. In addition, partnership programs shall uphold entry requirements for candidates that include:

- (a) District or building validation of qualifications, including three years of successful student interaction and leadership as a classified instructional employee;
- (b) Successful passage of the statewide basic skills exam, when available; and
- (c) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers.

(2) Partnership grant programs seeking funds to operate route two programs shall enroll currently employed classified staff with baccalaureate degrees seeking residency teacher certification in subject matter shortage areas and areas with shortages due to geographic location. Candidates enrolled in this route must complete a mentored internship complemented by flexibly scheduled training and coursework offered at a local site, such as a school or educational service district, or online or via video-conference over the K-20 network, in collaboration with the partnership program's higher education partner. In addition, partnership grant programs shall uphold entry requirements for candidates that include:

- (a) District or building validation of qualifications, including three years of successful student interaction and leadership as classified staff;
- (b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's college or university grade point average may be considered as a selection factor;
- (c) Successful completion of the content test, once the state content test is available;
- (d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and
- (e) Successful passage of the statewide basic skills exam, when available.

(3) Partnership grant programs seeking funds to operate route three programs shall enroll individuals with baccalaureate degrees, who are not employed in the district at the time of application, or who hold emergency substitute certificates. When selecting candidates for certification through route three, districts shall give priority to individuals who are seeking residency teacher certification in subject matter shortage areas or shortages due to geographic locations. For route three only, the districts may include additional candidates in nonshortage subject areas if the candidates are seeking endorsements with a secondary grade level designation as defined by rule by the state board of education. The districts shall disclose to candidates in nonshortage subject areas available information on the demand in those subject areas. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship, followed, if necessary by a second summer teaching academy. In addition, partnership programs shall uphold entry requirements for candidates that include:

- (a) Five years' experience in the work force;
- (b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;
- (c) Successful completion of the content test, once the state content test is available;
- (d) External validation of qualifications, including demonstrated successful experience with students or children, such as references letters and letters of support from previous employers;
- (e) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and
- (f) Successful passage of statewide basic skills exams, when available.

**NEW SECTION. Sec. 6.** The alternative route conditional scholarship program is created under the following guidelines:

- (1) The program shall be administered by the higher education coordinating board. In administering the program, the higher education coordinating board has the following powers and duties:
  - (a) To adopt necessary rules and develop guidelines to administer the program;
  - (b) To collect and manage repayments from participants who do not meet their service obligations; and
  - (c) To accept grants and donations from public and private sources for the program.

(2) Participation in the alternative route conditional scholarship program is limited to classified staff in routes one and two of the partnership grant programs under section 5 of this act. The Washington professional educator standards board shall select classified staff to receive conditional scholarships.

(3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in section 5 of this act. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed four thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the student loan account authorized in RCW 28B.102.060.

NEW SECTION. **Sec. 7.** This chapter expires June 30, 2005.

NEW SECTION. **Sec. 8.** The Washington state institute for public policy shall submit to the education and fiscal committees of the legislature, the governor, the state board of education, and the Washington professional educator standards board, an interim evaluation of partnership grant programs funded under this chapter by December 1, 2002, and a final evaluation by December 1, 2004. If specific funding for the purposes of this section, referencing this section and this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this section is null and void.

NEW SECTION. **Sec. 9.** Sections 1 through 8 and 10 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. **Sec. 10.** School districts or approved private schools' ability to employ personnel under certification for emergency or temporary, substitute, or provisional duty as authorized by chapter 28A.410 RCW are not affected by the provisions of this act."

### SENATE AMENDMENTS TO HOUSE BILL

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1680, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds and declares that a contracting procedure that

facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest.

NEW SECTION. Sec. 2. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and section 3 of this act, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. In addition, the department should provide methods by which public employees may participate in the design-build process. This section expires April 30, 2008.

NEW SECTION. Sec. 3. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

- (1) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or
- (2) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or
- (3) Significant savings in project delivery time would be realized.

This section expires April 30, 2008.

NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

(1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout sections 5 through 10 of this act.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.

NEW SECTION. Sec. 5. A new section is added to chapter 47.60 RCW to read as follows:

To commence the request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

- (1) The number of auto ferries to be procured, the auto and passenger capacities, the delivery dates, and the estimated price range for the contract;
- (2) A statement that a modified request for proposals design and build partnership will be used in the procurement process;
- (3) A short summary of the requirements for prequalification of proposers including a statement that prequalification is a prerequisite to submittal of a proposal in phase one; and
- (4) An address and telephone number that may be used to obtain a prequalification questionnaire and the request for proposals.

NEW SECTION. Sec. 6. A new section is added to chapter 47.60 RCW to read as follows:

Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

- (1) Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;
- (2) Instructions on the prequalification process and procedures;
- (3) A description of the modified request for proposals process. Under this process, the department may modify any component of the request for proposals, including the outline specifications by addendum at any time before the submittal of bids in phase three;
- (4) A description of the design and build partnership process to be used for procurement of the vessels;
- (5) Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size. The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities. Notional lines may be modified in phase two, subject to approval by the department;
- (6) Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;
- (7) The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;
- (8) The estimated price range for the contract;
- (9) The form and amount of the required bid deposit and contract security;
- (10) A copy of the contract that will be signed by the successful proposer;
- (11) The date by which proposals in phase one must be received by the department in order to be considered;
- (12) A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;
- (13) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;
- (14) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;
- (15) A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;
- (16) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;
- (17) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication by the joining together by welding or fastening of all steel parts

from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; and

(18) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical.

NEW SECTION. Sec. 7. A new section is added to chapter 47.60 RCW to read as follows:

Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:

(1) The department shall issue a request for proposals to interested parties.

(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.

(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.

(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:

- (a) Shipyard facilities;
- (b) Organization components;
- (c) Design capability;
- (d) Build strategy;
- (e) Experience and past performance;
- (f) Ability to meet vessel delivery dates;
- (g) Projected workload; and
- (h) Expertise of project team and other key personnel.

(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria.

NEW SECTION. Sec. 8. A new section is added to chapter 47.60 RCW to read as follows:

Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:

(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:

- (a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed equipment;
- (b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a firm, fixed price bid;
- (c) Project schedule including vessel delivery dates; and
- (d) Other appropriate items.

(2) The department shall conduct periodic reviews with each of the selected proposers to consider and critique their designs, drawings, and specifications. These reviews must be held to ensure that technical

proposals meet the department's requirements and are responsive to the critiques conducted by the department during the development of technical proposals.

(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the best interests of the department to modify any element of the request for proposals, including the outline specifications, it shall do so by written addenda to the request for proposals.

(4) Proposers must submit final technical proposals for approval that include design, drawings, and specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The department shall reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance with the requirements of the request for proposals, including the outline specifications, as amended by addenda.

NEW SECTION. Sec. 9. A new section is added to chapter 47.60 RCW to read as follows:

Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total bid price for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:

(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total bid price;

(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or

(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids.

NEW SECTION. Sec. 10. A new section is added to chapter 47.60 RCW to read as follows:

(1) The department shall immediately notify those proposers that are not selected to participate in development of technical proposals in phase one and those proposers who submit unsuccessful bids in phase

three.

(2) The department's decision is conclusive unless an aggrieved proposer files an appeal with the superior court of Thurston county within five days after receiving notice of the department's award decision. The court shall hear any such appeal on the department's administrative record for the project. The court may affirm the decision of the department, or it may reverse or remand the administrative decision if it determines the action of the department was arbitrary and capricious."

In line 1 of the title, after "works;" strike the remainder of the title and insert "adding new sections to chapter 47.20 RCW; adding new sections to chapter 47.60 RCW; creating a new section; and providing expiration dates."

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1680 and asked the Senate to recede therefrom.

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1717 and asked the Senate to recede therefrom.

April 12, 2001

Mr. Speakers:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1041, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that unlawful harassment directed at a child by a person under the age of eighteen is not acceptable and can have serious consequences. The legislature further finds that some interactions between minors, such as "schoolyard scuffles," though not to be condoned, may not rise to the level of unlawful harassment. It is the intent of the legislature that a protection order sought by the parent or guardian of a child as provided for in this chapter be available only when the alleged behavior of the person under the age of eighteen to be restrained rises to the level set forth in chapter 10.14 RCW.

**Sec. 2.** RCW 10.14.020 and 1999 c 27 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Unlawful harassment" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, harasses, or is detrimental to such person, and which serves no legitimate or lawful purpose. The course of conduct shall be such as would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress to the petitioner, or, when the course of conduct ~~((is contact by a person over age eighteen that))~~ would cause a reasonable parent to fear for the well-being of their child.

(2) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes, in addition to any other form of communication, contact, or conduct, the sending of an electronic communication. Constitutionally protected activity is not included within the meaning of "course of conduct."

**Sec. 3.** RCW 10.14.040 and 1995 c 292 s 2 and 1995 c 127 s 2 are each reenacted and amended to read as follows:

There shall exist an action known as a petition for an order for protection in cases of unlawful harassment.

(1) A petition for relief shall allege the existence of harassment and shall be accompanied by an affidavit made under oath stating the specific facts and circumstances from which relief is sought.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) All court clerks' offices shall make available simplified forms and instructional brochures. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) Filing fees are set in RCW 36.18.020, but no filing fee may be charged for a petition filed in an existing action or under an existing cause number brought under this chapter in the jurisdiction where the relief is sought. Forms and instructional brochures shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) The parent or guardian of a child under age eighteen may petition for an order of protection to restrain a person ~~((over))~~ age eighteen years or over from contact with that child upon a showing that contact with the person to be enjoined is detrimental to the welfare of the child.

(7) The parent or guardian of a child under the age of eighteen may petition in superior court for an order of protection to restrain a person under the age of eighteen years from contact with that child only in cases where the person to be restrained has been adjudicated of an offense against the child protected by the order, or is under

investigation or has been investigated for such an offense. In issuing a protection order under this subsection, the court shall order that the person restrained in the order may not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen years protected by the order. The parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

**Sec. 4.** RCW 10.14.120 and 1989 c 373 s 14 are each amended to read as follows:

Any willful disobedience by (~~the respondent~~) a respondent age eighteen years or over of any temporary antiharassment protection order or civil antiharassment protection order issued under this chapter subjects the respondent to criminal penalties under this chapter. Any respondent age eighteen years or over who willfully disobeys the terms of any order issued under this chapter may also, in the court's discretion, be found in contempt of court and subject to penalties under chapter 7.21 RCW. Any respondent under the age of eighteen years who willfully disobeys the terms of an order issued under this chapter may, in the court's discretion, be found in contempt of court and subject to the sanction specified in RCW 7.21.030(4).

**Sec. 5.** RCW 10.14.170 and 1987 c 280 s 17 are each amended to read as follows:

Any respondent age eighteen years or over who willfully disobeys any civil antiharassment protection order issued pursuant to this chapter shall be guilty of a gross misdemeanor.

**Sec. 6.** RCW 7.21.030 and 1998 c 296 s 36 are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. Except as provided in RCW 7.21.050, the court, after notice and hearing, may impose a remedial sanction authorized by this chapter.

(2) If the court finds that the person has failed or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(a) Imprisonment if the contempt of court is of a type defined in RCW 7.21.010(1) (b) through (d). The imprisonment may extend only so long as it serves a coercive purpose.

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e) In cases under chapters 13.32A, 13.34, and 28A.225 RCW, commitment to juvenile detention for a period of time not to exceed seven days. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees.

(4) If the court finds that a person under the age of eighteen years has willfully disobeyed the terms of an order issued under chapter 10.14 RCW, the court may find the person in contempt of court and may, as a sole sanction for such contempt, commit the person to juvenile detention for a period of time not to exceed seven days."

On page 1, line 1 of the title, after "harassment;" strike the remainder of the title and insert "amending RCW 10.14.020, 10.14.120, 10.14.170, and 7.21.030; reenacting and amending RCW 10.14.040; and creating a new section."

There being no objection, the House refused to concur in the Senate Amendment(s) to Second Substitute House Bill No. 1041 and asked the Senate to recede therefrom.

### SENATE AMENDMENTS TO HOUSE BILL

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment 1062 AAS 04/06/01 S-2618.2 by Senators Costa, Kline and Long to HOUSE BILL NO. 1062. Under suspension of the rules HOUSE BILL NO. 1062, was returned to second reading for purposes of amendment. The Senate adopted amendment 1062 AAS 04/18/01 S-2697.1, and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 43.101.010 and 1981 c 132 s 2 are each amended to read as follows:

When used in this chapter:

- (1) The term "commission" means the Washington state criminal justice training commission.
- (2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.
- (3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.
- (4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.
- (5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment,

education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(7) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

(8) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (7) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (7) of this section.

(9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.12.055 are peace officers for purposes of this chapter.

**NEW SECTION. Sec. 2.** (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification or exemption therefrom by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter. The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(3) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

**NEW SECTION. Sec. 3.** Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is

timely requested by the peace officer under section 9 of this act, based upon a finding of one or more of the following conditions:

(1) The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

(2) The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(4) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after the effective date of this section;

(5) The peace officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The peace officer has interfered with an investigation or action for denial or revocation of certificate by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

**NEW SECTION. Sec. 4.** (1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

**NEW SECTION. Sec. 5.** A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer. A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the peace officer's certification status is to be reinstated, and the commission shall also

determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

**NEW SECTION. Sec. 6.** Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 3 of this act. The commission shall maintain these notices in a permanent file, subject to section 12 of this act.

**NEW SECTION. Sec. 7.** In addition to its other powers granted under this chapter, the commission has authority and power to:

- (1) Adopt, amend, or repeal rules as necessary to carry out this chapter;
- (2) Issue subpoenas and administer oaths in connection with investigations, hearings, or other proceedings held under this chapter;
- (3) Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;
- (4) Appoint members of a hearings board as provided under section 10 of this act;
- (5) Enter into contracts for professional services determined by the commission to be necessary for adequate enforcement of this chapter;
- (6) Grant, deny, or revoke certification of peace officers under the provisions of this chapter;
- (7) Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter; and
- (8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

**NEW SECTION. Sec. 8.** A law enforcement officer or duly authorized representative of a law enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

**NEW SECTION. Sec. 9.** (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under section 3 of this act, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under section 10 of this act. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

**NEW SECTION. Sec. 10.** (1) The procedures governing adjudicative proceedings before agencies

under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) On all appeals brought under section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from decertification actions:

(a) When an appeal is filed in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of section 3(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under section 3(1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

(4) Upon a determination that a complaint is without merit, that a personnel action report filed under section 6 of this act does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

### SENATE AMENDMENTS TO HOUSE BILL

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment by Committee on Ways and Means to HOUSE BILL NO. 2126.

Under suspension of the rules HOUSE BILL NO. 2126 was returned to second reading for purpose of amendment. The Senate adopted amendment 2126 AAS 04/18/01 S-2704.1 and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 28B.95.020 and 2000 c 14 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between July 1st and June 30th.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to section 2 of this act.

(3) "Board" means the higher education coordinating board as defined in chapter 28B.80 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. With the exception of tuition unit contracts purchased

by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary.

(9) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.

(10) "Institution of higher education" means an institution that offers education beyond the secondary level and is recognized by the internal revenue service under chapter 529 of the internal revenue code.

(11) "Investment board" means the state investment board as defined in chapter 43.33A RCW.

(12) "State institution of higher education" means institutions of higher education as defined in RCW 28B.10.016.

(13) "Tuition and fees" means undergraduate tuition and services and activities fees as defined in RCW 28B.15.020 and 28B.15.041 rounded to the nearest whole dollar. The maximum tuition and fees charges recognized for beneficiaries enrolled in a state technical college shall be equal to the tuition and fees for the community college system.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

(16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(17) "Weighted average tuition unit" is the value of the weighted average tuition and fees divided by one hundred. The weighted average is the basis upon which tuition benefits ~~((are))~~ may be calculated ~~((for graduate program enrollments and for attendance at nonstate institutions of higher education and is))~~ as the basis for any refunds provided from the program.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 28B.95 RCW to read as follows:

(1) The committee may establish a college savings program. If such a program is established, the college savings program shall be established, in such form as may be determined by the committee, to be a qualified state tuition program as defined by the internal revenue service under section 529 of the internal revenue code, and shall be administered in a manner consistent with the Washington advanced college tuition payment program. The committee, in planning and devising the program, shall consult with the state investment board, the state treasurer, a qualified actuarial consulting firm with appropriate expertise to evaluate such plans, the legislative fiscal and higher education committees, and the institutions of higher education.

(2) Up to two hundred thousand dollars of administrative fees collected from guaranteed education tuition program participants may be applied as a loan to fund the development of a college savings program. This loan must be repaid with interest before the conclusion of the biennium in which the committee draws funds for this purpose from the advanced college tuition payment program account.

(3) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money

used for program administration is subject to the allotment provisions, but without appropriation.

(4) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(5) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(6) The committee shall adopt rules to implement this section. Such rules shall include but not be limited to administration, investment management, promotion, and marketing; compliance with internal revenue service standards; application procedures and fees; start-up costs; phasing in the savings program and withdrawals therefrom; deterrents to early withdrawals and provisions for hardship withdrawals; and reenrollment in the savings program after withdrawal.

(7) The committee may, at its discretion, determine to cease operation of the college savings program if it determines the continuation is not in the best interest of the state. The committee shall adopt rules to implement this section addressing the orderly distribution of assets.

**Sec. 3.** RCW 28B.95.110 and 2000 c 14 s 8 are each amended to read as follows:

(1) The intent of the Washington advanced college tuition payment program is to redeem tuition units for attendance at an institution of higher education. Refunds shall be issued under specific conditions that may include the following:

(a) Certification that the beneficiary, who is eighteen years of age or older, will not attend an institution of higher education, will result in a refund not to exceed the current weighted average tuition and fees in effect at the time of such certification minus a penalty at the rate established by the internal revenue service under chapter 529 of the internal revenue code. No more than one hundred tuition units may be refunded per year to any individual making this certification. The refund shall be made no sooner than ninety days after such certification, less any administrative processing fees assessed by the governing body;

(b) If there is certification of the death or disability of the beneficiary, the refund shall be equal to one hundred percent of any remaining unused tuition units (~~((valued))~~) at the current (~~((weighted average tuition units))~~) value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body;

(c) If there is certification by the student of graduation or program completion, the refund shall be as great as one hundred percent of any remaining unused (~~((weighted average))~~) tuition units at the current value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a penalty if needed to comply with federal tax rules;

(d) If there is certification of other tuition and fee scholarships, which will cover the cost of tuition for the eligible beneficiary. The refund shall be equal to one hundred percent of the current (~~((weighted average))~~) value of tuition units, as determined by the governing body, in effect at the time of the refund request, (~~((plus))~~) less any administrative processing fees assessed by the governing body. The refund under this subsection may not exceed the value of the scholarship;

(e) Incorrect or misleading information provided by the purchaser or beneficiaries may result in a refund of the purchaser's investment, less any administrative processing fees assessed by the governing body. The value of the refund will not exceed the actual dollar value of the purchaser's contributions; and

(f) The governing body may determine other circumstances qualifying for refunds of remaining unused tuition units and may determine the value of that refund.

(2) With the exception of subsection (1)(b), (e), and (f) of this section no refunds may be made before the units have been held for two years.

**Sec. 4.** RCW 43.79A.040 and 2000 c 79 s 45 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility (~~grant~~) account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children's trust fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer's service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

### SENATE AMENDMENTS TO HOUSE BILL

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment by Committee on Natural Resources, Parks and Shorelines to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286. Under suspension of the rules ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286 was returned to second reading for purpose of amendment. The Senate adopted amendment 1286-S AAS 04/18/01 S-2702.1 and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.95.210 and 2000 c 107 s 11 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the department may supply, at a reasonable charge, surplus salmon eggs to a person for use in the cultivation of salmon. The department shall not intentionally create a surplus of salmon to provide eggs for sale. The department shall only sell salmon eggs from stocks that are not suitable for salmon population rehabilitation or enhancement in state waters in Washington after the salmon harvest on surplus salmon has been first maximized by both commercial and recreational fishers.

(2) The department shall not destroy hatchery origin salmon for the purposes of destroying viable eggs that would otherwise be useful for propagation or salmon recovery purposes, as determined by the department and Indian tribes with treaty fishing rights in a collaborative manner, for replenishing fish runs. Eggs deemed surplus by the state must be provided, in the following order of priority, to:

(a) Voluntary cooperative salmon culture programs under the supervision of the department under chapter 77.100 RCW;

(b) Regional fisheries enhancement group salmon culture programs under the supervision of the department under this chapter;

(c) Salmon culture programs requested by lead entities and approved by the salmon funding recovery board under chapter 77.85 RCW;

(d) Hatcheries of federally approved tribes in Washington to whom eggs are moved, not sold, under the

interlocal cooperation act, chapter 39.34 RCW; and

(e) Governmental hatcheries in Washington, Oregon, and Idaho.

The order of priority established in this subsection for distributing surplus eggs does not apply when there is a shortfall in the supply of eggs.

(3) All sales, provisions, distributions, or transfers shall be consistent with the department's egg transfer and aquaculture disease control regulations as now existing or hereafter amended. Prior to department determination that eggs of a salmon stock are surplus and available for sale, the department shall assess the productivity of each watershed that is suitable for receiving eggs.

**Sec. 2.** RCW 77.95.270 and 1989 c 336 s 6 are each amended to read as follows:

Except as provided in RCW 77.95.210, the department may make available to private contractors salmon eggs in excess of department hatchery needs for the purpose of contract rearing to release the smolts into public waters. However, providing salmon eggs as specified in RCW 77.95.210(2) has the highest priority. The priority of providing eggs surplus after meeting the requirements of RCW 77.95.210(2) to contract rearing (~~shall be~~) is a higher priority than providing eggs to aquaculture purposes (~~which~~) that are not destined for release into Washington public waters.

**Sec. 3.** RCW 77.100.050 and 1987 c 505 s 73 are each amended to read as follows:

(1) The department shall:

(a) Encourage and support the establishment of cooperative agreements for the development and operation of cooperative food fish, shellfish, game fish, game bird, game animal, and nongame wildlife projects, and projects which provide an opportunity for volunteer groups to become involved in resource and habitat-oriented activities. All cooperative projects shall be fairly considered in the approval of cooperative agreements;

(b) Identify regions and species or activities that would be particularly suitable for cooperative projects providing benefits compatible with department goals;

(c) Determine the availability of rearing space at operating facilities or of net pens, egg boxes, portable rearing containers, incubators, and any other rearing facilities for use in cooperative projects, and allocate them to volunteer groups as fairly as possible;

(d) Make viable eggs available for replenishing fish runs, and salmon carcasses for nutrient enhancement of streams. If a regional fisheries enhancement group, lead entity, volunteer cooperative group, federally approved tribe in Washington, or a governmental hatchery in Washington, Oregon, or Idaho requests the department for viable eggs, the department must include the request within the brood stock document prepared for review by the regional offices. The eggs shall be distributed in accordance with the priority established in RCW 77.95.210 if they are available. A request for viable eggs may only be denied if the eggs would not be useful for propagation or salmon recovery purposes, as determined under RCW 77.95.210.

(e) Exempt volunteer groups from payment of fees to the department for activities related to the project;

~~((e))~~ (f) Publicize the cooperative program;

~~((f))~~ (g) Not substitute a new cooperative project for any part of the department's program unless mutually agreeable to the department and volunteer group;

~~((g))~~ (h) Not approve agreements that are incompatible with legally existing land, water, or property rights.

(2) The department may, when requested, provide to volunteer groups its available professional expertise and assist the volunteer group to evaluate its project. The department must conduct annual workshops in each administrative region of the department that has fish stocks listed as threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., in order to assist volunteer groups with egg rearing, share information on successful salmon recovery projects accomplished by volunteers within the state, and provide basic training on monitoring efforts that can be accomplished by volunteers in order to help determine if their efforts are successful.

**Sec. 4.** RCW 77.100.060 and 2000 c 107 s 112 are each amended to read as follows:

The commission shall establish by rule:

(1) The procedure for entering a cooperative agreement and the application forms for a permit to release fish or wildlife required by RCW 77.12.457. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director's designee to review information provided in the response.

(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects. The rules must identify and implement appropriate protocols for brood stock handling, including the outplanting of adult fish, spawning, incubation, rearing, and release and establish a prioritized schedule for implementation of this act, and shall include directives for allowing more hatchery salmon to spawn naturally in areas where progeny of hatchery fish have spawned, including the outplanting of adult fish, in order to increase the number of viable salmon eggs and restore healthy numbers of fish within the state.

(4) The procedure for the director to notify a volunteer group that the agreement for the project is being revoked for cause and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.

(5) An appropriate method of distributing among volunteer groups fish, bird, or animal food or other supplies available for the program.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.04 RCW to read as follows:

(1) The department shall prepare an annual surplus salmon report. This report shall include the disposition of adult salmonids that have returned to salmonid hatchery facilities operated under the jurisdiction of the state that:

- (a) Have not been harvested; and
- (b) Were not allowed to escape for natural spawning.

(2) The report shall include by species, the number and estimated weight of surplus salmon and steelhead and a description of the disposition of the adult carcasses including, but not limited to, the following categories:

- (a) Disposed in landfills;
- (b) Transferred to another government agency for reproductive purposes;
- (c) Sold to contract buyers in the round;
- (d) Sold to contract buyers after spawning;
- (e) Transferred to Native American tribes;
- (f) Donated to food banks; and
- (g) Used in stream nutrient enrichment programs.

(3) The report shall also include by species, information on the number of requests for viable salmon eggs, the number of these requests that were granted and the number that were denied, the geographic areas for which these requests were granted or denied, and a brief explanation given for each denial of a request for viable salmon eggs.

(4) The report shall be included in the biennial state of the salmon report required by RCW 77.85.020

and other similar state reports on salmon.

(5) The report shall include an assessment of the infrastructure needs and facility modifications necessary to implement this act.

**NEW SECTION.** **Sec. 6.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "eggs;" strike the remainder of the title and insert "amending RCW 77.95.210, 77.95.270, 77.100.050, and 77.100.060; adding a new section to chapter 77.04 RCW; and declaring an emergency."

### **SENATE AMENDMENTS TO HOUSE BILL**

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment by Committee on Human Services and Corrections to SUBSTITUTE HOUSE BILL NO. 1650. Under suspension of the rules SUBSTITUTE HOUSE BILL NO. 1650 was returned to second reading for purposes of amendment. The Senate adopted amendment 1650-S AAS 04/18/01 S-2647.3, and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.24.015 and 1999 c 214 s 7 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

(2) The secretary (~~may~~) shall provide for public, client, and licensed service provider participation in developing the state mental health program, developing contracts with regional support networks, and any waiver request to the federal government under medicaid.

(3) The secretary shall provide for participation in developing the state mental health program for children and other underserved populations by including representatives on any committee established to provide oversight to the state mental health program.

(5) The secretary shall:

(a) Develop a biennial state mental health program that incorporates county biennial needs assessments and county mental health service plans and state services for mentally ill adults and children. The secretary may also develop a six-year state mental health plan;

(b) Assure that any regional or county community mental health program provides access to treatment for the county's residents in the following order of priority: (i) The acutely mentally ill; (ii) chronically mentally ill adults and severely emotionally disturbed children; and (iii) the seriously disturbed. Such programs shall provide:

(A) Outpatient services;

(B) Emergency care services for twenty-four hours per day;

(C) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. (D) Screening for patients being considered for admission to state mental health facilities to determine the appropriateness of admission;

(E) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work. Other sources of funding such as the division of vocational rehabilitation may be utilized by the secretary to maximize federal funding and provide for integration of

services;

(F) Consultation and education services; and

(G) Community support services;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

(f) Establish, to the extent possible, a standardized auditing procedure which minimizes paperwork requirements of county authorities and licensed service providers. The audit procedure shall focus on the outcomes of service and not the processes for accomplishing them;

(g) Develop and maintain an information system to be used by the state, counties, and regional support networks that includes a tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.400, 71.05.410, 71.05.420, 71.05.430, and 71.05.440. The design of the system and the data elements to be collected shall be reviewed by the work group appointed by the secretary under section 5(1) of this act and representing the department, regional support networks, service providers, consumers, and advocates. The data elements shall be designed to provide information that is needed to measure performance and achieve the service outcomes identified in section 5 of this act;

(h) License service providers who meet state minimum standards;

(i) Certify regional support networks that meet state minimum standards;

(k) Fix fees to be paid by evaluation and treatment centers to the secretary for the required inspections;

(l) Monitor and audit counties, regional support networks, and licensed service providers as needed to assure compliance with contractual agreements authorized by this chapter; and

(m) Adopt such rules as are necessary to implement the department's responsibilities under this chapter.

(6) The secretary shall use available resources only for regional support networks.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects county needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on counties of demographic factors in counties which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(14) The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

~~((f) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.))~~

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the ~~((health care and corrections))~~

appropriate committees of the senate and the ~~((human services committee of the))~~ house of representatives.

~~((17) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health.))~~

**Sec. 11.** RCW 71.24.037 and 1999 c 10 s 5 are each amended to read as follows:

(1) The secretary shall by rule establish state minimum standards for licensed service providers and services.

(2) Minimum standards for licensed service providers shall, at a minimum, establish: Qualifications for staff providing services directly to mentally ill persons, the intended result of each service, and the rights and responsibilities of persons receiving mental health services pursuant to this chapter. The secretary shall provide for deeming of licensed service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

~~(3) ((Minimum standards for residential services shall be based on clients' functional abilities and not solely on their diagnoses, limited to health and safety, staff qualifications, and program outcomes. Minimum standards for residential services shall be developed in collaboration with consumers, families, counties, regulators, and residential providers serving the mentally ill. The minimum standards shall encourage the development of broad range residential programs, including integrated housing and cross systems programs where appropriate, and shall not unnecessarily restrict programming flexibility.~~

~~————(4))~~ Minimum standards for community support services and resource management services shall include at least qualifications for resource management services, client tracking systems, and the transfer of patient information between service providers.

**Sec. 12.** RCW 71.24.045 and 1992 c 230 s 5 are each amended to read as follows:

The county authority shall:

(1) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts~~((, including the minimum standards of service delivery as established by the department))~~;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

**Sec. 13.** RCW 71.24.049 and 1999 c 10 s 6 are each amended to read as follows:

by January 1st of each odd-numbered year, the ~~((county authority))~~ regional support network shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families.

**Sec. 14.** RCW 71.24.155 and 1987 c 505 s 65 are each amended to read as follows:

Grants shall be made by the department to ~~((counties))~~ regional support networks for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects, including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter.

**Sec. 15.** RCW 71.24.160 and 1989 c 205 s 7 are each amended to read as follows:

The ~~((county authority))~~ regional support networks shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990.

**Sec. 16.** RCW 71.24.250 and 1982 c 204 s 14 are each amended to read as follows:

The ~~((county authority))~~ regional support network may accept and expend gifts and grants received from private, county, state, and federal sources.

**Sec. 17.** RCW 71.24.300 and 1999 c 214 s 8 and 1999 c 10 s 9 are each reenacted and amended to read as follows:

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7).

(c) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

~~((e))~~ (d) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the

original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

~~((d))~~ (e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

~~((e))~~ (f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children as provided in this chapter designed to achieve the outcomes specified in section 5 of this act.

~~((f))~~ (g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary. ~~((Such contracts may include agreements to provide periods of stable community living and work or other day activities for specific chronically mentally ill persons who have completed commitments at state hospitals on ninety day or one hundred eighty day civil commitments or who have been residents at state hospitals for no less than one hundred eighty days within the previous year. Periods of stable community living may involve acute care in local evaluation and treatment facilities but may not involve use of state hospitals.))~~

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).

~~(7) ((As part of each biennial plan, each regional support network shall establish and submit to the state, procedures and agreements to assure access to sufficient additional local evaluation and treatment facilities to meet the requirements of this chapter while reducing short term admissions to state hospitals. These shall be commitments to construct and operate, or contract for the operation of, freestanding evaluation and treatment facilities or agreements with local evaluation and treatment facilities which shall include (a) required admission and treatment for short term inpatient care for any person enrolled in community support or residential services, (b) discharge planning procedures, (c) limitations on admissions or transfers to state hospitals, (d) adequate psychiatric supervision, (e) prospective payment methods, and (f) contractual assurances regarding referrals to local evaluation and treatment facilities from regional support networks.~~

~~(8))~~ Regional support networks may receive technical assistance from the housing trust fund and may

identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

**Sec. 18.** RCW 71.24.400 and 1999 c 10 s 10 are each amended to read as follows:

The legislature finds that the current complex set of federal, state, and local rules and regulations, audited and administered at multiple levels, which affect the community mental health service delivery system, focus primarily on the process of providing mental health services and do not sufficiently address consumer and system outcomes. The legislature finds that the department and the community mental health service delivery system must make ongoing efforts to achieve the purposes set forth in RCW 71.24.015 related to reduced administrative layering, duplication, elimination of process measures not specifically required by the federal government for the receipt of federal funds, and reduced administrative costs.

**Sec. 19.** RCW 71.24.405 and 1999 c 10 s 11 are each amended to read as follows:

The department shall establish a ~~((single))~~ comprehensive and collaborative ~~((project))~~ effort within regional support networks and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The ~~((project))~~ department must accomplish the following:

- (1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;
- (2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;
- (3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and regional support networks. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;
- (4) Evaluation of the feasibility of contractual agreements between the department of social and health services and regional support networks and mental health service providers that link financial incentives to the success or failure of mental health service providers and regional support networks to meet outcomes established for mental health service clients;
- (5) The involvement of mental health consumers and their representatives ~~((in the pilot projects))~~. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients ~~((and other related aspects of the pilot projects))~~ under section 5 of this act; and
- (6) An independent evaluation component to measure the success of the ~~((projects))~~ department in fully implementing the provisions of RCW 71.24.400 and this section.

**NEW SECTION. Sec. 20.** The legislature finds that an excessive amount of public funds are spent on administrative activities in the community mental health system. The department of social and health services shall develop a plan to reduce administrative expenses in the community mental health system, including the mental health division, to no more than ten percent of available funds. The plan shall identify and prioritize core administrative functions that must be continued to comply with federal or state statutes. The department shall submit their plan to the appropriate committees of the senate and house of representatives no later than December 15, 2001. The plan shall assume an implementation date of July 1, 2003."

**"Sec. 1.** RCW 43.33A.100 and 1993 c 281 s 50 are each amended to read as follows:

The state investment board shall maintain appropriate offices and employ such personnel as may be necessary to perform its duties. Employment by the investment board shall include but not be limited to an executive director, investment officers, and a confidential secretary, which positions are exempt from classified service under chapter 41.06 RCW. Employment of the executive director by the board shall be for a term of three years, and such employment shall be subject to confirmation of the state finance committee: PROVIDED, That nothing shall prevent the board from dismissing the director for cause before the expiration of the term nor shall anything prohibit the board, with the confirmation of the state finance committee, from employing the same individual as director in succeeding terms. Compensation levels for the executive director, a confidential secretary, and all investment officers, including the deputy director for investment management, employed by the investment board shall be established by the ((Washington personnel resources)) state investment board. The investment board is authorized to maintain a retention pool, from the earnings of the funds managed by the board, in order to address recruitment and retention problems. The compensation levels for investment officers shall be limited to the average of state funds of similar size, based upon a biennial survey conducted by the investment board, with review and comment by the joint legislative audit and review committee. However, in any fiscal year the salary increases granted by the investment board from the retention pool to investment officers pursuant to this section may not exceed an average of five percent.

The investment board shall provide notice to the director of the department of personnel, the director of financial management, and the chairs of the house of representatives and senate fiscal committees of proposed changes to the compensation levels for the positions. The notice shall be provided not less than sixty days prior to the effective date of the proposed changes.

As of July 1, 1981, all employees classified under chapter 41.06 RCW and engaged in duties assumed by the state investment board on July 1, 1981, are assigned to the state investment board. The transfer shall not diminish any rights granted these employees under chapter 41.06 RCW nor exempt the employees from any action which may occur thereafter in accordance with chapter 41.06 RCW.

**Sec. 4.** RCW 9A.76.010 and 1991 c 181 s 6 are each amended to read as follows:

The following definitions are applicable in this chapter unless the context otherwise requires:

(1) "Custody" means restraint pursuant to a lawful arrest or an order of a court, or any period of service on a work crew: PROVIDED, That custody pursuant to chapter 13.34 RCW and RCW 74.13.020 and 74.13.031 and chapter 13.32A RCW shall not be deemed custody for purposes of this chapter;

(2) "Detention facility" means any place used for the confinement of a person (a) arrested for, charged with or convicted of an offense, or (b) charged with being or adjudicated to be a juvenile offender as defined in RCW 13.40.020 as now existing or hereafter amended, or (c) held for extradition or as a material witness, or (d) otherwise confined pursuant to an order of a court, except an order under chapter 13.34 RCW or chapter 13.32A RCW, or (e) in any work release, furlough, or other such facility or program;

(3) "Contraband" means any article or thing which a person confined in a detention facility is prohibited from obtaining or possessing by statute, rule, regulation, or order of a court;

(4) "Uncontrollable circumstances" means an act of nature such as a flood, earthquake, or fire, or a medical condition that requires immediate hospitalization or treatment, or an act of man such as an automobile accident or threats of death, forcible sexual attack, or substantial bodily injury in the immediate future for which there is no time for a complaint to the authorities and no time or opportunity to resort to the courts.

**Sec. 5.** RCW 9.94A.360 and 2000 c 28 s 15 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any

crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.400(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug

offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for (~~Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or~~) Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

**NEW SECTION. Sec. 6.** A new section is added to chapter 10.88 RCW to read as follows:

A law enforcement agency shall deliver a person in custody to the accredited agent or agents of a demanding state without the governor's warrant provided that:

(1) Such person is alleged to have broken the terms of his or her probation, parole, bail, or any other release of the demanding state; and

(2) The law enforcement agency has received from the demanding state an authenticated copy of a prior waiver of extradition signed by such person as a term of his or her probation, parole, bail, or any other release of the demanding state and photographs or fingerprints or other evidence properly identifying the person as the person who signed the waiver.

**NEW SECTION. Sec. 7.** The following acts or parts of acts are each repealed:

(1) RCW 72.65.070 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1967 c 17 s 7; and

(2) RCW 72.66.060 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1971 ex.s. c 58 s 7.

**NEW SECTION. Sec. 8.** The laws repealed by this act are repealed except with respect to rights and duties which matured, penalties which were incurred, proceedings which were begun prior to the effective date of this act, or proceedings which are initiated after this act for violations committed prior to the effective date of this act.

**NEW SECTION. Sec. 9.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001."

**Sec. 201.** 2000 2nd sp.s. c 1 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.** (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2000, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2000 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

However, the department shall not transfer state moneys that are

provided for a specified purpose except as expressly provided in subsection (3)(d) of this section.

(c) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2000 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, voluntary placement, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

~~((e))~~ (d) To the extent that transfers under subsection (3)(b) of this section are insufficient to fund actual expenditures in excess of fiscal year 2001 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(e) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications.

**Sec. 205.** 2000 2nd sp.s. c 1 s 206 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM**

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2000) .....	\$	185,473,000
General Fund--State Appropriation (FY 2001) .....	\$	<del>((205,593,000))</del>

		<u>326,295,000</u>
Health Services Account--State Appropriation.....	\$	262,000
..... TOTAL APPROPRIATION	\$	<u>724,382,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The health services account appropriation and \$127,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(b) \$3,100,000 of the general fund--state appropriation for fiscal year 2000, \$4,650,000 of the general fund--state appropriation for fiscal year 2001, and \$8,250,000 of the general fund--federal appropriation are provided solely to increase services and supports for people with developmental disabilities. These funds shall be expended in accordance with priorities established by the stakeholder advisory group established in accordance with chapter 216, Laws of 1998 (developmental disabilities), except that (i) at least 50 percent of these amounts must be used to increase the number of people receiving residential, employment, family support, or other direct services; (ii) the services and supports must be designed and implemented such that the cost of continuing them in the 2001-03 biennium does not exceed \$19.2 million, of which no more than \$9.3 million is from state funds; and (iii) strong consideration shall be given to the need for increased wages for direct care workers in contracted residential programs.

(c) \$413,000 of the general fund--state appropriation for fiscal year 2000, \$1,172,000 of the general fund--state appropriation for fiscal year 2001, and \$694,000 of the general fund--federal appropriation are provided solely for employment, or other day activities and training programs, for young people who complete their high school curriculum in 1999 or 2000.

(d) \$1,919,000 of the general fund--state appropriation for fiscal year 2000, \$6,673,000 of the general fund--state appropriation for fiscal year 2001, and \$7,361,000 of the general fund--federal appropriation are provided solely to improve services for persons with developmental disabilities who would otherwise be at risk of needing involuntary commitment to or prolonged treatment at state psychiatric hospitals. The department shall use these funds to enhance the community crisis response system managed by regional support networks, improve crisis prevention and stabilization services through the developmental disabilities community services system, and expand community residential capacity for persons with developmental disabilities who are ready for discharge from state psychiatric hospitals. Funding for community residential capacity is sufficient to move a biennium total of 48 patients out of the state hospitals at a reasonable pace by June 30, 2001. The department shall manage the intensity of services provided so that the average cost per day does not exceed \$300 per person placed in this expanded community residential capacity. The department shall report to the appropriate committees of the legislature progress towards implementing this subsection after each calendar quarter. The legislature finds that, in addition to the appropriations in this subsection for improvements in services to persons with developmental disabilities who are committed to the custody of the secretary under chapter 71.05 RCW, it is necessary to study long-term treatment alternatives and their legal, fiscal, and policy implications. Therefore, the department shall provide a report to the ways and means committee of the senate and the appropriations committee of the house of representatives by December 1, 2000, containing options and recommendations for secure treatment programs. The report shall identify various treatment models that could be implemented and various types and locations of secure facilities, both state-owned and leased, in which programs could be sited, together with the department's recommendations. The report shall evaluate the potential for siting such programs on the grounds of existing state residential habilitation centers. The report shall also include analysis of advantages and disadvantages associated with contracting for some or all of the new program options identified. The report shall evaluate the options based on short-term and long-term costs, client and community security, efficiency of coordination with other service delivery systems, and how they address specific legal issues. In developing this report, the department shall invite participation by representatives of the Washington protection and advocacy system (WPAS), and shall include in the report WPAS' position on options and recommendations submitted by the department and any additional recommendations made by WPAS. The legislature recognizes a need to improve long-term services provided to individuals with developmental disabilities who are undergoing involuntary treatment under chapter 71.05 RCW. The legislature is committed to providing resources necessary to address issues in the U.S. District Court case of *Allen v. Western State Hospital*.

(e) \$513,000 of the general fund--state appropriation for fiscal year 2000, \$1,421,000 of the general fund--state appropriation for fiscal year 2001, and \$2,033,000 of the general fund--federal appropriation are provided to develop and operate secure residential and day program placements for persons who seem likely to pose a significant risk to the public safety if their current residential arrangement were to continue.

(f) \$209,000 of the general fund--state appropriation for fiscal year 2000, \$664,000 of the general fund--state appropriation for fiscal year 2001, and \$939,000 of the general fund--federal appropriation are

provided to increase wages as required by Initiative No. 688 (state minimum wage) for contracted adult family homes, adult residential care facilities, hourly and daily family support providers, and hourly attendant care providers.

(g) \$1,978,000 of the general fund--state appropriation for fiscal year 2000, \$4,475,000 of the general fund--state appropriation for fiscal year 2001, and \$6,989,000 of the general fund--federal appropriation are provided solely to increase compensation for individual and agency home care workers. Payments to individual providers are to be increased from \$6.18 per hour to \$6.68 per hour on July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to agency providers are to be increased to \$11.97 per hour on July 1, 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(h) Within amounts appropriated in this subsection, the developmental disabilities program shall contract for a pilot program to test an alternative service delivery model for persons with autism. The department must use a competitive process to determine the site of the pilot. The pilot program must be time-limited and subject to an evaluation of client outcomes to determine the effectiveness and efficiency of the pilot program compared to the standard service model for persons with autism.

(i) \$500,000 of the general fund--state appropriation for fiscal year 2001 and \$160,000 of the general fund--federal appropriation are provided solely for increased family support services and related case management support.

In accordance with RCW 74.46.431, the department shall use these funds to apply an additional economic trends and conditions adjustment factor to the rate of any facility whose total rate allocation would otherwise be less than its April 1, 1999, total rate, adjusted for case-mix changes. This supplemental adjustment factor shall be the percentage by which the facility's April 1, 1999, rate would otherwise exceed the rate calculated in accordance with chapter 74.46 RCW and subsection (3) of this section, except that (a) no adjustment shall be provided for any amounts by which a facility's rate is lower due to a reduction in its facility-average medicaid case-mix score; and (b) the adjustment factor shall be reduced proportionately for all facilities by the percentage by which total supplemental payments would otherwise exceed the funds provided for such payments in this subsection. This subsection applies only to rates paid for services provided between July 1, 1999, and March 31, 2000.

Payments to agency providers are to increase to \$11.97 per hour on July 1, 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

**Sec. 207.** 2000 2nd sp.s. c 1 s 208 (uncodified) is amended to read as follows:

General Fund--Private/Local Appropriation .....	\$ 30,807,000
..... TOTAL APPROPRIATION	\$ <u>2,105,964,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$284,083,000 of the general fund--state appropriation for fiscal year 2000, \$268,114,000 of the general fund--state appropriation for fiscal year 2001, \$1,140,342,000 of the general fund--federal appropriation, and \$28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

(b) Develop informational materials that educate families about the difference between cash assistance

and work support benefits. These materials must explain, among other facts, that the benefits are designed to support their employment, that there are no time limits on the receipts of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offering them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, medicaid for all family members, medicaid or state children's health insurance program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) Provide \$500,000 from the general fund--state appropriation for fiscal year 2000 and \$500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

(d) Report to the appropriate committees of the legislature by December 1, 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services. The department shall also work with the Washington state association of county clerks to identify ways to protect the confidentiality of social security numbers on court documents needed by the child support enforcement system while ensuring the reliability of this information without significantly increasing the cost to administer the child support system. The department shall report its recommendations for protecting the confidentiality of social security numbers to appropriate committees of the legislature by December 1, 2000.

(e) Provide up to \$500,000 of the general fund--federal appropriation to the office of financial management for a study of rate setting methods and policy for subsidized child care, the best method for coordinating and consolidating child care and early education programs currently funded by state government, and for a review of the various state programs for low-income families with children. The child care rate study shall analyze the effects of rate setting policy on the affordability and quality of the overall child care market. The child care and early education program study shall evaluate how current programs may be coordinated and consolidated to provide the most efficient level of administration, grant funding, and increased accessibility by families who are served by these programs. The study of state programs for low-income families shall compare and contrast eligibility and access to these programs and identify ways to coordinate or consolidate these programs to reduce administrative costs and improve access. The office shall submit a report to the department of social and health services and the appropriate committees of the legislature by December 1, 2000.

(f) Convene a working group that includes stakeholders and recipients of public assistance to establish basic customer service performance measures and goals. The customer service measures and goals will seek to make support for working families a priority. Customer service measures and goals may include, but are not limited to: Hours of operation that allow working families to get services without missing work, reduced wait times, systems for answering and returning phone calls in a timely manner, access to benefits that support work, access to job training and education, and, access to services for families with limited literacy or English skills, and families with special needs. The department shall report to the legislature by January 2001 the establishment of customer service measures and goals, and the departmental actions to assure the goals are being met.

(g) Use existing flexibility in federal and state welfare laws and regulations to support, on a limited basis, longer education and training plans that have a strong likelihood to lead to long-term economic independence for

recipient.

(h) Provide up to \$1,400,000 of the general fund--federal appropriation for after-school care for middle school youth through programs such as those described in House Bill No. 2530 (after-school care).

(i) Provide up to \$2,710,000 of the general fund--federal appropriation for training and technical assistance for child care providers seeking training to enable them to competently serve children with special needs as described in House Bill No. 2869 (child care provider training).

(j) Provide \$230,000, or as much thereof as may be necessary, to the department of health to expand the vasectomy project to temporary assistance for needy families clients and their partners until such time as a federal family planning waiver is granted that will cover these services.

(k) Ensure that funds provided in this subsection to implement policies that disregard or exempt a portion of recipients' income are designed to achieve stated WorkFirst program goals and outcomes. Income disregards are effective incentives to help WorkFirst families move towards economic independence. Income disregard policy shall not discriminate based on who the specific employer is.

(2) ~~\$43,408,000~~ of the general fund--state appropriation for fiscal year 2000 and ~~((~~\$43,386,000~~))~~ \$46,420,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance and other services to recipients in the general assistance--unemployable program. Within these amounts, the department may expend funds for services that assist recipients to reduce their dependence on public assistance, provided that expenditures for these services and cash assistance do not exceed funds provided. The department shall by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal rules, for the costs of providing income assistance to children with court-appointed guardians or court-appointed custodians.

(3) \$5,444,000 of the general fund--state appropriation for fiscal year 2000 and \$5,632,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for the food assistance program for legal immigrants. The level of benefits shall be equivalent to the benefits provided by the federal food stamp program.

(4) RCW 74.08A.280 permits the department to develop contracts for state-wide welfare-to-work services. Within amounts available in this section, the department shall provide progress reports on the use of such contracting to the fiscal committees of the legislature by January 1, 2001. Each of these reports shall describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst services that the department has with community social service providers and a description of the services being provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01 biennium. The legislature further finds that federal funding for the temporary assistance for needy families program may decrease after the current five-year block grant has expired. The legislature declares that at least \$60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial management at the close of the 1999-01 biennium.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,960,000 of the general fund--state appropriation for fiscal year 2000 and \$1,960,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for expansion of 50 drug and alcohol treatment beds for persons committed under RCW 70.96A.140. Patients meeting the commitment criteria of RCW 70.96A.140 but who voluntarily agree to treatment in lieu of commitment shall also be eligible for treatment in these additional treatment beds. The department shall develop specific placement criteria for these expanded treatment beds to ensure that this new treatment capacity is prioritized for persons incapacitated as a result of chemical dependency and who are also high utilizers of hospital services.

(2) \$18,000 of the general fund--state appropriation for fiscal year 2000, \$88,000 of the general fund--state appropriation for fiscal year 2001, and \$116,000 of the general fund--federal appropriation are provided solely for activities related to chemical dependency services under subsection 202(1) of this act. If that subsection is not enacted by June 30, 1999, the amounts provided in this subsection shall lapse.

(3) \$1,444,000 of the general fund--state appropriation for fiscal year 2000, \$1,484,000 of the general fund--state appropriation for fiscal year 2001, and \$330,000 of the general fund--federal appropriation are provided for implementation of Engrossed Substitute Senate Bill No. 5480 (drug-affected infants) or sections 1 through 17 of Second Substitute House Bill No. 1574. If legislation expanding services to prevent drug-affected infants is not enacted by June 30, 1999, the amounts provided in this subsection shall be provided solely for the development and implementation of comprehensive programs for alcohol and drug abusing mothers and their young children. The pilot programs shall be implemented in several locations, including at least one rural location. The pilot programs shall also be supported with TANF funds provided in section 208 of this act as a way to reduce prolonged dependency on public assistance for program participants.

(4) \$442,000 of the public safety and education account--state appropriation is provided solely for drug courts that have a net loss of federal grant funding from fiscal year 2000 to fiscal year 2001. The legislature finds that drug courts reduce criminal justice costs for both state and local governments. This appropriation is intended to cover approximately one-half of the lost federal funding. It is the intent of the legislature to provide state assistance to counties to cover a part of lost federal funding for drug courts for a maximum of three years.

(1) The department shall continue to make use of the special eligibility category created for children through age 18 and in households with incomes below 200 percent of the federal poverty level made eligible for medicaid as of July 1, 1994.

(2) It is the intent of the legislature that Harborview medical center continue to be an economically viable

component of the health care system and that the state's financial interest in Harborview medical center be recognized.

(3) Funding is provided in this section for the adult dental program for Title XIX categorically eligible and medically needy persons and to provide foot care services by podiatric physicians and surgeons.

(4) \$1,647,000 of the general fund--state appropriation for fiscal year 2000 and \$1,672,000 of the general fund--state appropriation for fiscal year 2001 are provided for treatment of low-income kidney dialysis patients.

(5) \$80,000 of the general fund--state appropriation for fiscal year 2000, \$80,000 of the general fund--state appropriation for fiscal year 2001, and \$160,000 of the general fund--federal appropriation are provided solely for the prenatal triage clearinghouse to provide access and outreach to reduce infant mortality.

(6) The department shall report to the fiscal committees of the legislature by September 15, 1999, and again by December 15, 1999, on (a) actions it has taken and proposes to take to increase the share of medicare part B premium payments upon which it is collecting medicaid matching funds; (b) the percentage of such premium payments for each month of service subsequent to June 1998 which have been paid with unmatched, state-only funds; and (c) why matching funds could not be collected on those payments.

(7) The department shall report to the fiscal committees of the legislature by December 1, 1999, and again by October 1, 2000, on the amount which has been recovered from third-party payers as a result of its efforts to improve coordination of benefits on behalf of "basic health plan-plus" enrollees.

(8) The department shall report to the health care and fiscal committees of the legislature by December 1, 1999, on options for controlling the growth in medicaid prescription drug expenditures through strategies such as but not limited to volume purchasing, selective contracting, supplemental drug discounts, and improved care coordination for high utilizers.

(9) \$3,992,000 of the health services account appropriation and \$7,651,000 of the general fund--federal appropriation are provided solely for health insurance coverage for children with family incomes between 200 percent and 250 percent of the federal poverty level, as provided in Substitute Senate Bill No. 5416 (children's health insurance program). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(10) Upon approval from the federal health care financing administration, the department shall implement the section 1115 family planning waiver to provide family planning services to persons with family incomes at or below two hundred percent of the federal poverty level.

(11) In accordance with Substitute Senate Bill No. 5968, \$70,821,000 of the health services account appropriation for fiscal year 2000, (~~(\$42,041,000)~~) \$67,331,000 of the health services account appropriation for fiscal year 2001, and (~~(\$120,278,000)~~) \$146,579,000 of the general fund--federal appropriation, or so much thereof as may be expended without exceeding the medicare upper payment limit, are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. Such payments shall be distributed among the participating rural public hospital districts proportional to the number of days of medicaid-funded nursing home care provided by each district during the preceding calendar year, relative to the total number of such days of care provided by all participating rural public hospital districts. Prior to making any supplemental payments, the department shall first obtain federal approval for such payments under the medicaid state plan. The payments shall further be conditioned upon (a) a contractual commitment by the association of public hospital districts and participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least (~~(87)~~) 89 percent of the total supplemental payment amounts received during the 1999-01 fiscal biennium; and (b) a contractual commitment by the participating districts to not allow expenditures covered by the supplemental payments to be used for medicaid nursing home rate-setting. The participating districts shall retain no more than a total of \$30,000,000 for the 1999-01 biennium.

(12) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(13) \$1,529,000 of the general fund--state appropriation for fiscal year 2000, \$4,077,000 of the general fund--state appropriation for fiscal year 2001, and \$5,394,000 of the general fund--federal appropriation are provided solely for implementation of the settlement negotiated by the department and the attorney general in the case of *Allenmore et al. vs. DSHS*.

(14) From funds provided in this section, the department shall develop disease state management and therapeutic substitution programs which will substantially maintain or enhance the quality of the drug benefit for medical assistance recipients, while controlling overall health care costs. In designing the disease state management programs, the department shall research programs which have proven effective with similar populations in other states, and shall then work with concerned provider and consumer groups to adapt those strategies to Washington's service delivery system. The department shall work with its drug utilization and education council to develop a therapeutic substitution program for at least two classes of drugs. Under the therapeutic substitution program, the council shall analyze pharmacoeconomic research on the costs and benefits of all drugs within the class, and identify the most cost-effective drug or drugs within the class for placement on the formulary. Other drugs within the class shall be preauthorized when clinically indicated under criteria established by the council. The department shall report to appropriate committees of the legislature by December 1, 2000, prior to implementing its proposed strategies.

(15) (~~(\$14,848,000)~~) \$27,100,000 of the health services account appropriation for fiscal year 2001 and (~~(\$15,269,000)~~) \$27,800,000 of the general fund--federal appropriation are provided solely for additional disproportionate share hospital payments to public hospital districts. Such additional payments shall not be made prior to federal approval of a revision in the medicaid payment methodology for state teaching hospitals, and shall not exceed the increase in medicaid payments which results from that change. The payments shall further be conditioned upon a contractual commitment by the participating public hospital districts to make an intergovernmental transfer to the health services account equal to at least (~~(77)~~) 85 percent of the additional disproportionate share payment. The participating districts shall retain no more than (~~(\$7,000,000)~~) \$7,800,000 of the additional disproportionate share payment. At least 28 percent of the amounts retained by the participating hospital districts shall be allocated to the state teaching hospitals.

(16)(a) \$49,000 of the general fund--state appropriation for fiscal year 2001 and \$49,000 of the general fund--federal appropriation for fiscal year 2001 are provided solely for the medical assistance administration and the health care authority to jointly conduct a state-wide study to:

(i) Determine payment sources and rates paid for primary health care providers performing outpatient primary care services and primary care in hospital emergency rooms for the state's medical assistance programs, including healthy options, and the basic health plan. To determine payment sources and rates paid, the agencies may seek information in relation to such factors as:

(A) The rates paid to primary care providers for their medical assistance programs, including healthy options, and basic health plan contracts; and

(B) How these rates compare with nonpublic pay clients for the same services.

The agencies are authorized to attain this information from health plans or providers. The agencies shall maintain the confidentiality of data collected for the purpose of the study;

(ii) Determine which primary care providers serve a relatively high number of low-income clients, and how that affects their medical practice. For purposes of the study, "primary care providers" includes pediatricians, family practitioners, general practitioners, internists, physician assistants, and advanced registered nurse practitioners; and

(iii) Develop proposals to support these providers' medical practices. The agencies must determine what constitutes a relatively high percentage of low-income clients for individual primary care providers who contract for medical assistance administration programs, including healthy options, and the basic health plan, and recommend whether and at what point this disproportionately high percentage should result in additional compensation to the primary care provider. The agencies shall recommend a method to calculate a payment adjustment designed to help support medical practices, according to the study's findings.

(b) In conducting the study, the agencies shall determine which regions of the state to include in the study, based on factors the agencies determine will provide the most representative data state-wide. The agencies shall also consult with interested parties, including any organization or agency affected by this subsection, throughout the course of the study.

(c) The agencies shall report to the legislature by December 1, 2000, with the results of the primary health care provider study. The report shall include recommendations on: (i) What constitutes a disproportionately high percentage of low-income clients; (ii) possible payment adjustments for these providers;

(iii) methods to implement such a rate adjustment; and (iv) what such a payment adjusted program will cost.

(17) From funds appropriated in this section, the medical assistance program shall assist the Washington state institute for public policy with the assessment of options for expanding medicaid eligibility required in section 607 of this 2000 act. Such assistance shall include analysis of medicaid enrollment and expenditure data needed for enrollment and cost projections; information and advice on state and federal medicaid requirements; and liaison with state and federal officials in other states undertaking similar expansions.

(18) \$290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

Of this increase, \$2,400,000 is provided for relocating staff. This amount is recognized as one-time-only funding for the 1999-01 biennium. As part of the 2001-2003 budget request, the department shall update the estimate of increased cost for relocating staff, including specifying what portion of that increase is due to providing more square footage per FTE in the new leased space compared to the space occupied previously.

(2) The department may transfer up to \$528,000 of the general fund--state appropriation for fiscal year

2000, \$1,057,000 of the general fund--state appropriation for fiscal year 2001, and \$812,000 of the general fund--federal appropriation to the administration and supporting services program from various other programs to implement administrative reductions.

In selecting reductions in the various other programs, the department shall place a higher priority on reductions in administrative support functions as opposed to direct client services. Reductions in positions providing direct client services shall be implemented only if those reductions can be justified by reduced workload or through reorganization or other efficiencies that do not result in a risk of failing to meet federal or state certification or licensing standards. In achieving the level of savings assumed in this subsection, the department shall not eliminate or reduce funding and/or staff that would shift or transfer filing or appeal workload to superior courts. By September 1, 2000, the department shall report its plan to implement the savings in this section to the fiscal committees of the legislature.

(4) \$187,000 of the general fund--state appropriation for fiscal year 2000, \$746,000 of the general fund--state appropriation for fiscal year 2001, and ~~(((\$2,251,000))~~ \$2,500,000 of the general fund--federal appropriation are provided to implement a new fraud and abuse detection system. By December 1, 2000, the department shall provide a report to the fiscal committees of the legislature that will include: The actual cost recovery in fiscal year 1999 and fiscal year 2000, prior to implementation of the new fraud and abuse detection system; actual cost avoidance in fiscal year 1999 and fiscal year 2000, prior to implementation of the new fraud and abuse detection system; actual cost recovery and actual cost avoidance achieved to date after implementation in fiscal year 2000 and 2001, compared to the savings included in sections 202, 205, 206, and 209 of this 2000 act; and the criteria and methodology used for determining cost recovery and cost avoidance.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs; and

(e) A maximum of \$3,117,000 of the general fund--state appropriation for fiscal year 2000 and (~~(\$779,000)~~) \$604,000 of the general fund--state appropriation for fiscal year 2001 are provided for the 1999-00 school year for districts which experience an enrollment decline in the 1999-00 school year from the 1998-99 school year of more than 4.5 percent in full-time equivalent enrollment or more than 300 full-time equivalent students. The superintendent shall allocate funds to eligible school districts for up to one-half of the enrollment loss at the basic education unenhanced rate for the district. School districts receiving small school factor bonus funds shall not be eligible for enrollment decline funds to the extent that the district has no state apportionment loss as a result of the enrollment decline.
