Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk (~~(mentally ill)~~) offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

Sec. 31. RCW 71.24.470 and 2009 c 319 s 1 are each amended to read as follows:

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with (~~(regional support networks)~~) behavioral health and recovery organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the (~~(regional support networks)~~) behavioral health and recovery organizations are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program.

Sec. 32. RCW 71.24.480 and 2009 c 319 s 2 are each amended to read as follows:

(1) A licensed service provider or (~~(regional support network)~~) behavioral health and recovery organization, acting in the course of the provider's or (~~(network's)~~) organization's duties under this

chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or ~~((network))~~ organization, unless the act or omission of the provider or ~~((network))~~ organization constitutes:

- (a) Gross negligence;
- (b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and ~~((regional support network))~~ behavioral health and recovery organization shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or ~~((regional support network's))~~ behavioral health and recovery organization's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed service provider's or ~~((regional support network's))~~ behavioral health and recovery organization's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and ~~((regional support networks))~~ behavioral health and recovery organizations and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

Sec. 33. RCW 71.24.845 and 2013 c 230 s 1 are each amended to read as follows:

The ~~((regional support networks))~~ behavioral health and recovery organizations shall jointly develop a uniform transfer agreement to govern the transfer of clients between ~~((regional support networks))~~ behavioral health and recovery organizations. By September 1, 2013, the ~~((regional support networks))~~ behavioral health and recovery organizations shall submit the uniform transfer agreement to the department. By December 1, 2013, the department shall establish guidelines to implement the uniform transfer agreement and may modify the uniform transfer agreement as necessary to avoid impacts on state administrative systems.

Sec. 34. RCW 71.24.055 and 2007 c 359 s 4 are each amended to read as follows:

As part of the system transformation initiative, the department of social and health services shall undertake the following activities related specifically to children's mental health services:

(1) The development of recommended revisions to the access to care standards for children. The recommended revisions shall reflect the policies and principles set out in RCW 71.36.005, 71.36.010, and 71.36.025, and recognize that early identification, intervention and prevention services, and brief intervention services may be provided outside of the ~~((regional support network))~~ behavioral health and recovery organization system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years

of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 ~~((26) and))~~ (27) and (28) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and 71.36.025, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Sec. 35. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four ~~((regional support network))~~ behavioral health and recovery organization regions in Washington state in which wraparound programs are not currently operating, and in up to two ~~((regional support network))~~ behavioral health and recovery organization regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with ~~((regional support networks))~~ behavioral health and recovery organizations, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

FIFTY FIFTH DAY, MARCH 8, 2014

2014 REGULAR SESSION

(a) The ~~((regional support network))~~ behavioral health and recovery organization agree to use its medicaid revenues to fund services included in the existing ~~((regional support network's))~~ behavioral health and recovery organization's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

Sec. 36. RCW 71.24.240 and 2005 c 503 s 10 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((regional support network))~~ behavioral health and recovery organization seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 37. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing ~~((regional support network))~~ behavioral health and recovery organization chooses not to respond to a request for ~~((qualifications))~~ a detailed plan, or is unable to substantially meet the requirements of a request for ~~((qualifications))~~ a detailed plan, or notifies the department of social and health services it will no longer serve as a ~~((regional support network))~~ behavioral health and recovery organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the ~~((regional support network))~~ behavioral health and recovery organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage of other funds for the support of mental health services to persons with mental illness.

(2) A ~~((regional support network))~~ behavioral health and recovery organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a

~~((regional support network))~~ behavioral health and recovery organization is prohibited from responding to a procurement under this section or serving as a ~~((regional support network))~~ behavioral health and recovery organization for five years from the date that the department signs a contract with the entity that will serve as the ~~((regional support network))~~ behavioral health and recovery organization.

Sec. 38. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1)(a) Contracts between a ~~((regional support network))~~ behavioral health and recovery organization and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ~~((regional support networks))~~ behavioral health and recovery organizations as provided in chapter 70.320 RCW.

(2) The ~~((regional support network))~~ behavioral health and recovery organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ~~((regional support network))~~ behavioral health and recovery organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ~~((regional support network))~~ behavioral health and recovery organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ~~((regional support network))~~ behavioral health and recovery organization does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require ~~((regional support networks))~~ behavioral health and recovery organizations to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ~~((regional support network))~~ behavioral health and recovery organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ~~((regional support network))~~ behavioral health and recovery organization they

shall provide ninety days' advance notice in writing to the other party.

Sec. 39. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new (~~(regional support network)~~) behavioral health and recovery organization boundaries in any part of the state:

(a) Where more than one (~~(network)~~) organization chooses not to respond to, or is unable to substantially meet the requirements of, the request for (~~(qualifications)~~) a detailed plan under RCW 71.24.320;

(b) Where a (~~(regional support network)~~) behavioral health and recovery organization is subject to procurement under RCW 71.24.330; or

(c) Where two or more (~~(regional support networks)~~) behavioral health and recovery organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen (~~(regional support networks)~~) behavioral health and recovery organizations under this chapter. No entity shall be responsible for more than three (~~(regional support networks)~~) behavioral health and recovery organizations.

Sec. 40. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

The department shall establish a comprehensive and collaborative effort within (~~(regional support networks)~~) behavioral health and recovery organizations and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and (~~(regional support networks)~~) behavioral health and recovery organizations. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and (~~(regional support networks)~~) behavioral health and recovery organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and (~~(regional support networks)~~) behavioral health and recovery organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 41. RCW 71.24.430 and 2001 c 323 s 3 are each amended to read as follows:

(1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and funding issues at all levels of the system, including the state, the (~~(regional support networks)~~) behavioral health and recovery organizations, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery.

Sec. 42. RCW 74.09.522 and 2013 2nd sp.s. c 17 s 13 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

FIFTY FIFTH DAY, MARCH 8, 2014

2014 REGULAR SESSION

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223; ~~((and))~~

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, colocated, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health and recovery organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in section 2 of this act.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the

system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

~~((8))~~ (10) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

~~((9))~~ (11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

~~((10))~~ (12) Payments under RCW 74.60.130 are exempt from this section.

~~((11))~~ (13) Subsections ~~((7))~~ (9) through ~~((9))~~ (11) of this section expire July 1, 2016.

Sec. 43. RCW 9.41.280 and 2009 c 453 s 1 are each amended to read as follows:

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of ~~((cannabis))~~ marijuana for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of ~~((cannabis))~~ marijuana would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of ~~((cannabis))~~ marijuana in any correctional facility or jail.

~~((6))~~ (7) Employers may establish drug-free work policies. Nothing in this chapter requires an accommodation for the medical use of ~~((cannabis))~~ marijuana if an employer has a drug-free workplace.

~~((7))~~ (8) Until September 1, 2015, it is a class C felony to fraudulently produce any record purporting to be, or tamper with the content of any record for the purpose of having it accepted as, valid documentation under RCW 69.51A.010(~~((32))~~(a)) (7), or to backdate such documentation to a time earlier than its actual date of execution.

~~((8))~~ (9) No person shall be entitled to claim the protection from arrest and prosecution under RCW 69.51A.040 ~~((or the affirmative defense under RCW 69.51A.043))~~ for engaging in the medical use of ~~((cannabis))~~ marijuana in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or 46.61.504, or equivalent local ordinances.

NEW SECTION. Sec. 28. A new section is added to chapter 69.51A RCW to read as follows:

(1) It is unlawful for a person knowingly or intentionally:

(a) To produce an authorization card or to tamper with an authorization card for the purpose of having it accepted by a marijuana retailer in order to purchase marijuana as a qualifying patient or designated provider or to grow marijuana plants in accordance with section 17 or 24 of this act;

(b) If a person is a designated provider to a qualifying patient, to sell, donate, or otherwise use the marijuana produced or obtained for the qualifying patient for the designated provider's own personal use or benefit; or

(c) If the person is a qualifying patient, to sell, donate, or otherwise supply marijuana produced or obtained by the qualifying patient to another person.

(2) A person who violates this section is guilty of a class C felony and upon conviction may be imprisoned for not more than two years, fined not more than two thousand dollars, or both.

Sec. 29. RCW 69.51A.070 and 2007 c 371 s 7 are each amended to read as follows:

The Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery, or other appropriate agency as designated by the governor, shall accept for consideration petitions submitted to add terminal or debilitating conditions to those included in this chapter. In considering such petitions, the Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery shall include public notice of, and an opportunity to comment in a public hearing upon, such petitions. The Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery may make a preliminary finding of good cause before the public hearing and shall, after hearing, approve or deny such petitions within ~~((one))~~ two hundred ~~((eighty))~~ ten days of submission. The approval or denial of such a petition shall be considered a final agency action, subject to judicial review.

Sec. 30. RCW 69.51A.100 and 2011 c 181 s 404 are each amended to read as follows:

(1) A qualifying patient may revoke his or her designation of a specific designated provider and designate a different designated provider at any time. A revocation of designation must be in writing, signed and dated, and provided to the department and designated provider. The protections of this chapter cease to apply to a person who has served as a designated provider to a qualifying patient seventy-two hours after receipt of that patient's revocation of his or her designation.

(2) A person may stop serving as a designated provider to a given qualifying patient at any time by revoking that designation in writing, signed and dated, and provided to the department and the qualifying patient. However, that person may not begin serving as a designated provider to a different qualifying patient until fifteen days have elapsed from the date the last qualifying patient designated him or her to serve as a provider.

(3) The department may adopt rules to implement this section, including a procedure to remove the name of the designated provider from the medical marijuana registry upon receipt of a revocation under this section.

Sec. 31. RCW 69.51A.110 and 2011 c 181 s 408 are each amended to read as follows:

A qualifying patient's medical use of ~~((cannabis))~~ marijuana as authorized by a health care professional may not be a sole disqualifying factor in determining the patient's suitability for an organ transplant, unless it is shown that this use poses a significant risk of rejection or organ failure. This section does not preclude a health care professional from requiring that a patient abstain from the medical use of ~~((cannabis))~~ marijuana, for a period of time determined by the health care professional, while waiting for a transplant organ or before the patient undergoes an organ transplant.

Sec. 32. RCW 69.51A.120 and 2011 c 181 s 409 are each amended to read as follows:

A qualifying patient or designated provider may not have his or her parental rights or residential time with a child restricted solely due to his or her medical use of ~~((cannabis))~~ marijuana in compliance with the terms of this chapter absent written findings supported by evidence that such use has resulted in a long-term impairment that interferes with the performance of parenting functions as defined under RCW 26.09.004.

NEW SECTION. Sec. 33. A new section is added to chapter 69.51A RCW to read as follows:

Neither this chapter nor chapter 69.50 RCW prohibits a health care professional from selling or donating topical, noningestible products that have a THC concentration of less than .3 percent to qualifying patients.

NEW SECTION. Sec. 34. A new section is added to chapter 69.51A RCW to read as follows:

FIFTY FIFTH DAY, MARCH 8, 2014

2014 REGULAR SESSION

Valid documentation may not be issued by a health care professional after September 1, 2015. All valid documentation expires September 1, 2015. Until September 1, 2015, qualifying patients and designated providers in possession of valid documentation may establish an affirmative defense to charges of violations of state law relating to marijuana through proof at trial, by a preponderance of evidence, that the qualifying patient has been authorized by a health care professional for the medical use of marijuana, that the qualifying patient meets the requirements of RCW 69.51A.010(4), and that the qualifying patient's necessary medical use exceeds the amounts set forth in RCW 69.50.360.

NEW SECTION. Sec. 35. A new section is added to chapter 69.51A RCW to read as follows:

A medical marijuana advisory group must be appointed by the governor to advise and assist the state liquor and cannabis board in adopting rules relating to the medical use of marijuana. The advisory group will meet at the call of the state liquor and cannabis board. Membership of the advisory group includes, but is not limited to the following:

- (1) Three health care professionals who authorize the medical use of marijuana;
- (2) Two pharmacists, one with compounding experience;
- (3) One licensed marijuana producer with medical marijuana experience;
- (4) One licensed marijuana processor with medical marijuana experience;
- (5) One licensed marijuana retailer with medical marijuana experience; and
- (6) One qualifying patient.

NEW SECTION. Sec. 36. (1) The legislature finds marijuana use for qualifying patients is a valid and necessary option health care professionals may recommend for their patients. The legislature further finds that although there is a distinction between recreational and medical use of marijuana, the changing environment for recreational marijuana use in Washington will also affect qualifying patients. The legislature further finds that while recognizing the difference between recreational and medical use of marijuana, it is imperative to develop a single, comprehensive regulatory scheme for marijuana use in the state. Acknowledging that the implementation of this act may result in changes to how qualifying patients access medical marijuana, the legislature intends to ease the transition towards a regulated market and provide a statutory means for a safe, consistent, and secure source of marijuana for qualifying patients. Therefore, the legislature intends to provide qualifying patients a retail sales and use tax exemption on purchases of marijuana for medical use when authorized by a health care professional. Because marijuana is neither a prescription medicine nor an over-the-counter medication, this policy should in no way be construed as precedence for changes in the treatment of prescription medications or over-the-counter medications.

(2)(a) This section is the tax preference performance statement for the retail sales and use tax exemptions for marijuana concentrates, useable marijuana, and marijuana-infused products purchased by qualifying patients provided in sections 11 and 12 of this act. The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax preference as one intended to accomplish the general purposes indicated in RCW 82.32.808(2)(e).

(c) It is the legislature's specific public policy objective to provide qualifying patients a retail sales and use tax exemption on purchases of marijuana concentrates, useable marijuana, and marijuana-infused products for medical use when authorized by a

health care professional and registered with the medical marijuana registry.

(d) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objectives described in (c) of this subsection, the joint legislative audit and review committee must evaluate the actual fiscal impact of the sales and use tax exemption in this act compared to the estimated impact in the fiscal note for this act.

NEW SECTION. Sec. 37. All references to the Washington state liquor control board must be construed as referring to the Washington state liquor and cannabis board. The code reviser must prepare legislation for the 2015 legislative session changing all references in the Revised Code of Washington from the Washington state liquor control board to the Washington state liquor and cannabis board.

NEW SECTION. Sec. 38. The following acts or parts of acts are each repealed:

- (1) RCW 69.51A.020 (Construction of chapter) and 2011 c 181 s 103 & 1999 c 2 s 3;
- (2) RCW 69.51A.025 (Construction of chapter--Compliance with RCW 69.51A.040) and 2011 c 181 s 413;

- (4) RCW 69.51A.090 (Applicability of valid documentation definition) and 2010 c 284 s 5;
- (5) RCW 69.51A.140 (Counties, cities, towns--Authority to adopt and enforce requirements) and 2011 c 181 s 1102; and
- (6) RCW 69.51A.200 (Evaluation) and 2011 c 181 s 1001.

NEW SECTION. Sec. 39. RCW 69.51A.085 (Collective gardens) and 2011 c 181 s 403, as now existing or hereafter amended, are each repealed, effective September 1, 2015.

NEW SECTION. Sec. 40. RCW 69.51A.043 (Failure to register--Affirmative defense) and 2011 c 181 s 402, as now existing or hereafter amended, are each repealed, effective September 1, 2015.

NEW SECTION. Sec. 41. Sections 6, 7, 10, 16, 17, 19, 23 through 25, 27, 28, 30, and 38 of this act take effect July 1, 2015."

MOTION

Senator Kohl-Welles moved that the following striking amendment by Senators Kohl-Welles and Rivers be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that voter approval of Initiative Measure No. 502 established a system for licensing and regulating cannabis production, processing, and sale. The legislature further finds that this new industry is projected to create new jobs and generate revenues to the state estimated as high as \$1,943,936,000 over five fiscal years. The legislature also finds that qualifying patients have additional protections under chapter 69.51A RCW. The legislature further finds there is potential interest to expand into other areas, such as industrial hemp, food processing, farmers' markets, and banking. As such, given a potentially evolving demand and market in new areas, it is the intent of the legislature to create a state cannabis industry coordinating committee to promote and further develop the industry while remaining in compliance with federal guidelines. It is the intention of the legislature that the committee will coordinate and monitor new developments and their impact on Washington state, and to make recommendations to the legislature on establishment of a state comprehensive plan.

The legislature also finds that, while the state liquor control board is working to implement the regulatory structure enacted by Initiative Measure No. 502, additional issues need to be addressed. The use of medical marijuana outside of this regulatory structure, the process for medical authorizations, the establishment of medical dispensaries, and other related issues should be addressed by a statewide committee that would submit its policy recommendations for consideration by the 2015 legislature.

(1) The department, upon receipt of a fee of forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless the driver's license is issued for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, in which case the fee shall be nine dollars for each year that the license is issued, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. A driver's license issued to a person under the age of eighteen is an intermediate license, subject to the restrictions imposed under RCW 46.20.075, until the person reaches the age of eighteen. The license must include a distinguishing number assigned to the licensee, the name of record, date of birth, Washington residence address, photograph, a brief description of the licensee, ~~((and))~~ either a facsimile of the signature of the licensee or a space upon which the licensee shall write his or her usual signature with pen and ink immediately upon receipt of the license, and, if applicable, the person's status as a veteran as provided in subsection (2) of this section. No license is valid until it has been so signed by the licensee.

(2) A person may apply to the department to obtain a veteran designation on a driver's license issued under this section by providing the United States department of defense discharge document, DD Form 214, as it exists on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, that shows a discharge status of "honorable" or "general under honorable conditions" that establishes the person's service in the armed forces of the United States.

Sec. 2. RCW 46.20.117 and 2012 c 80 s 6 are each amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

and

(c) Pays the required fee. Except as provided in subsection (5) of this section, the fee is forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless an applicant is a recipient of continuing public assistance grants under Title 74 RCW, who is referred in writing by the secretary of social and health services. For those persons the fee must be the actual cost of production of the identicard.

(2)(a)**Design and term.** The identicard must:

~~((a))~~ (i) Be distinctly designed so that it will not be confused with the official driver's license; and

(3) **Renewal.** An application for identicard renewal may be submitted by means of:

- (a) Personal appearance before the department; or

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

(4) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

(5) **Alternative issuance/renewal/extension.** The department may issue or renew an identicard for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or may extend by mail or electronic commerce an identicard that has already been issued, in order to evenly distribute, as nearly as possible, the yearly renewal rate of identicard holders. The fee for an identicard issued or renewed for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or that has been extended by mail or electronic commerce, is nine dollars for each year that the identicard is issued, renewed, or extended. The department may adopt any rules as are necessary to carry out this subsection.

(b) The identities of the service contract provider's executive officer or officers directly responsible for the service contract provider's service contract business, and, if more than fifty percent of the service contract provider's gross revenue is derived from the sale of service contracts, the identities of the service contract provider's directors and stockholders having beneficial ownership of ten percent or more of any class of securities;

(c) Audited annual financial statements or other financial reports acceptable to the commissioner for the two most recent years which prove that the applicant is solvent and any information the commissioner may require in order to review the current financial condition of the applicant. If the service contract provider is relying on RCW 48.110.050(2)(c) to assure the faithful performance of its obligations to service contract holders, then the audited financial statements of the service contract provider's parent company must also be filed. In lieu of submitting audited financial statements, a service contract provider relying on RCW 48.110.050(2)(a) or 48.110.075(2)(a) to assure the faithful performance of its obligations to service contract holders may comply with the requirements of this subsection (2)(c) by submitting annual financial statements of the applicant that are certified as accurate by two or more officers of the applicant;

(d) An application fee of two hundred fifty dollars, which must be deposited into the general fund; and

(e) Any other pertinent information required by the commissioner.

(3) Each registered service contract provider must appoint the commissioner as the service contract provider's attorney to receive service of legal process issued against the service contract provider in this state upon causes of action arising within this state. Service upon the commissioner as attorney constitutes effective legal service upon the service contract provider.

(a) With the appointment the service contract provider must designate the person to whom the commissioner must forward legal process so served upon him or her.

(b) The appointment is irrevocable, binds any successor in interest or to the assets or liabilities of the service contract provider, and remains in effect for as long as there could be any cause of action against the service contract provider arising out of any of the service contract provider's contracts or obligations in this state.

(c) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200.

(4) The commissioner may refuse to issue a registration if the commissioner determines that the service contract provider, or any

individual responsible for the conduct of the affairs of the service contract provider under subsection (2)(b) of this section, is not competent, trustworthy, financially responsible, or has had a license as a service contract provider or similar license denied or revoked for cause by any state.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which must be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider must keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs."

MESSAGE FROM THE HOUSE

March 5, 2014

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6095 with the following amendment(s): 6095-S AMH ELHS H4358.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.43.842 and 2007 c 387 s 4 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(d) The offense was theft in the second degree, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section; or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through ~~((e))~~ (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter

FIFTY SEVENTH DAY, MARCH 10, 2014

2014 REGULAR SESSION

of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

Sec. 2. RCW 43.20A.710 and 2012 c 164 s 505 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges and disciplinary board final decisions of:

(a) Any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(b) Individual providers who are paid by the state and providers who are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(c) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, persons with developmental disabilities, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Except as provided in subsection (4) of this section, an individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2)(b).

(4) Long-term care workers, as defined in RCW 74.39A.009, who are hired after January 7, 2012, are subject to background checks under RCW 74.39A.056, except that the department may require a background check at any time under RCW 43.43.837. For the purposes of this subsection, "background check" includes, but is not limited to, a fingerprint check submitted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation.

(5) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW

43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

(6) The secretary shall provide the results of the state background check on long-term care workers, including individual providers, to the persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(7) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(8) Any person whose criminal history would otherwise disqualify the person under this section from a position which will or may have unsupervised access to children, vulnerable adults, or persons with mental illness or developmental disabilities shall not be disqualified if the department of social and health services reviewed the person's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002 and determined that such person could remain in a position covered by this section, or if the otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

NEW SECTION. Sec. 3. A new section is added to chapter 74.15 RCW to read as follows:

If an agency operating under contract with the children's administration chooses to hire an individual that would be precluded from employment with the department based on a disqualifying crime or negative action, the department and its officers and employees have no liability arising from any injury or harm to a child or other department client that is attributable to such individual.

Sec. 4. RCW 74.13.700 and 2013 c 162 s 2 are each amended to read as follows:

(1) In determining the character, suitability, and competence of an individual, the department may not:

(a) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that ~~((is not on the secretary's list of crimes and negative actions and is not related))~~ does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being; or

(b) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that ~~((is not on the secretary's list of crimes and negative actions and is not related))~~ does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being ~~((and is not a permanent disqualifier pursuant to department rule)).~~

(2) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents

related to its decision to the individual within ten days of making the decision.

(3) For purposes of this section, "individual" means a relative as defined in RCW 74.15.020(2)(a), an "other suitable person" under chapter 13.34 RCW, a person pursuing licensing as a foster parent, or a person employed or seeking employment by a business or organization licensed by the department or with whom the department has a contract to provide care, supervision, case management, or treatment of children in the care of the department. "Individual" does not include long-term care workers defined in RCW 74.39A.009(17)(a) whose background checks are conducted as provided in RCW 74.39A.056.

(4) The department or its officers, agents, or employees may not be held civilly liable based upon its decision to grant or deny unsupervised access to children if the background information it relied upon at the time the decision was made did not indicate that child safety, permanence, or well-being would be a concern."

MR. PRESIDENT:

The House passed SENATE BILL NO. 6128 with the following amendment(s): 6128 AMH ENGR H4416.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Students in public schools are bringing more health conditions to school at the same time school

FIFTY SEVENTH DAY, MARCH 10, 2014

2014 REGULAR SESSION

districts are reducing nursing services. As a result, school districts are becoming more dependent upon unlicensed, minimally trained, and many times unwilling classified employees to provide these services.

Over the years, unlicensed employees have sought and received legislative approval for protections from employer reprisal if they refuse to deliver nursing services and liability protections if they provide nursing services that harm a student. It is clear that unlicensed employees will be expected to deliver new medications and nursing services not currently recognized in state law to students in the future.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.210 RCW to read as follows:

(1) Beginning July 1, 2014, a school district employee not licensed under chapter 18.79 RCW who is asked to administer medications or perform nursing services not previously recognized in law shall at the time he or she is asked to administer the medication or perform the nursing service file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee's willingness to administer the new medication or nursing service. It is understood that the letter of intent will expire if the conditions of acceptance are substantially changed. If a school employee who is not licensed under chapter 18.79 RCW chooses not to file a letter under this section, the employee is not subject to any employer reprisal or disciplinary action for refusing to file a letter.

(2) In the event a school employee provides the medication or service to a student in substantial compliance with (a) rules adopted by the state nursing care quality assurance commission and the instructions of a registered nurse or advanced registered nurse practitioner issued under such rules, and (b) written policies of the school district, then the employee, the employee's school district or school of employment, and the members of the governing board and chief administrator thereof are not liable in any criminal action or for civil damages in his or her individual, marital, governmental, corporate, or other capacity as a result of providing the medication or service.

(3) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners to consult and coordinate with the student's parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures to ensure a safe, therapeutic learning environment. School employees must receive the training provided under this subsection before they are authorized to deliver the service or medication. Such training must be provided, where necessary, on an ongoing basis to ensure that the proper procedures are not forgotten because the services or medication are delivered infrequently.

Sec. 3. RCW 4.24.300 and 2004 c 87 s 1 are each amended to read as follows:

(1) Any person, including but not limited to a volunteer provider of emergency or medical services, who without compensation or the expectation of compensation renders emergency care at the scene of an emergency or who participates in transporting, not for compensation, therefrom an injured person or persons for emergency medical treatment shall not be liable for civil damages resulting from any act or omission in the rendering of such emergency care or in transporting such persons, other than acts or omissions constituting gross negligence or willful or wanton misconduct. Any person rendering emergency care during the course of regular employment and receiving compensation or expecting to receive compensation for rendering such care is excluded from the protection of this subsection.

(2) Any licensed health care provider regulated by a disciplining authority under RCW 18.130.040 in the state of Washington who, without compensation or the expectation of compensation, provides health care services at a community health care setting is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(3) For purposes of subsection (2) of this section, "community health care setting" means an entity that provides health care services and:

(a) Is a clinic operated by a public entity or private tax exempt corporation, except a clinic that is owned, operated, or controlled by a hospital licensed under chapter 70.41 RCW unless the hospital-based clinic either:

(i) Maintains and holds itself out to the public as having established hours on a regular basis for providing free health care services to members of the public to the extent that care is provided without compensation or expectation of compensation during those established hours; or

(ii) Is participating, through a written agreement, in a community-based program to provide access to health care services for uninsured persons, to the extent that:

(A) Care is provided without compensation or expectation of compensation to individuals who have been referred for care through that community-based program; and

(B) The health care provider's participation in the community-based program is conditioned upon his or her agreement to provide health services without expectation of compensation;

(b) Is a for-profit corporation that maintains and holds itself out to the public as having established hours on a regular basis for providing free health care services to members of the public to the extent that care is provided without compensation or expectation of compensation during those established hours; or

(c) Is a for-profit corporation that is participating, through a written agreement, in a community-based program to provide access to health care services for uninsured persons, to the extent that:

(i) Care is provided without compensation or expectation of compensation to individuals who have been referred for care through that community-based program; and

(ii) The health care provider's participation in the community-based program is conditioned upon his or her agreement to provide health services without expectation of compensation.

(4) Any school district employee not licensed under chapter 18.79 RCW who renders emergency care at the scene of an emergency during an officially designated school activity or who participates in transporting therefrom an injured person or persons for emergency medical treatment shall not be liable for civil damages resulting from any act or omission in the rendering of such emergency care or in transporting such persons, other than acts or omissions constituting gross negligence or willful or wanton misconduct."

MESSAGE FROM THE HOUSE

March 5, 2014

MR. PRESIDENT:

The House passed SENATE BILL NO. 6208 with the following amendment(s): 6208 AMH CDHT H4333.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that the practice of persons using the allure of untapped benefits from the United States department of veterans affairs to market products and services substantially affects the public interest. This practice may impact the ability of veterans or their surviving spouses to appropriately plan their finances or care. The legislature further finds that the lack of regulation of persons who provide advice related to veterans' benefits is inadequate to address unfair and deceptive practices that exist in the marketplace and has contributed to the unauthorized practice of law and the use and marketing of financial planning options that are potentially detrimental to the veteran, their spouse, and family. It is the intent of the legislature, through this chapter, to restrict how individuals receive compensation and remuneration for providing assistance with veterans' benefit-related services and to encourage certain disclosures from individuals offering veterans' benefit-related services.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Compensation" means money, property, or anything else of value, which includes, but is not limited to, exclusive arrangements or agreements for the provision of services or the purchase of products.

(2) "Person" includes, where applicable, natural persons, corporations, trusts, unincorporated associations, and partnerships.

(3) "Trade or commerce" includes the marketing or sale of assets, goods, or services, or any commerce directly or indirectly affecting the people of the state of Washington.

(4) "Veterans' benefit matter" means any preparation, presentation, or prosecution of a claim affecting a person who has filed or has expressed an intention to file an application for determination of payment, service, commodity, function, or status, entitlement to which is determined under laws administered by the United States department of veterans affairs or the Washington state department of veterans affairs pertaining to veterans, dependents, and survivors.

NEW SECTION. Sec. 3. A person may not engage in the following acts or practices:

(1) Receiving compensation for advising or assisting another person with a veterans' benefit matter, except as permitted under Title 38 of the United States Code;

(2) Using financial or other personal information gathered in order to prepare documents for, or otherwise represent the interests of, another in a veterans' benefit matter for purposes of trade or commerce;

(3) Receiving compensation for referring another person to a person accredited by the United States department of veterans affairs;

(4) Representing, either directly or by implication, either orally or in writing, that the receipt of a certain level of veterans' benefits is guaranteed.

NEW SECTION. Sec. 4. (1) It is unlawful for any person to advertise or promote any event, presentation, seminar, workshop, or other public gathering regarding veterans' benefits or entitlements that does not include the following disclosure: "This event is not sponsored by, or affiliated with, the United States Department of Veterans Affairs, the Washington State Department of Veterans Affairs, or any other congressionally chartered or recognized organization of honorably discharged members of the Armed Forces of the United States or any of their auxiliaries. Products or services that may be discussed at this event are not necessarily endorsed by those organizations. You may qualify for benefits other than or in addition to the benefits discussed at this event."

(2) The disclosure required by subsection (1) of this section must be in the same type size and font as the term "veteran" or any variation of that term as used in the event advertisement or promotional materials.

(3) The disclosure required by subsection (1) of this section must be disseminated, both orally and in writing, at the beginning of any event, presentation, seminar, workshop, or other public gathering regarding veterans' benefits or entitlements.

(4) The disclosure required by subsection (1) of this section does not apply where the United States department of veterans affairs, the Washington state department of veterans affairs, or any other congressionally chartered or recognized organization of honorably discharged members of the armed forces of the United States or any of their auxiliaries have granted written permission to the advertiser or promoter for the use of its name, symbol, or insignia to advertise or promote such events, presentations, seminars, workshops, or other public gatherings. The disclosure required by subsection (1) of this section also does not apply where the event, presentation, seminar, workshop, or gathering is part of an accredited continuing legal education course.

NEW SECTION. Sec. 5. Nothing in this chapter applies to officers, employees, or volunteers of the state, of any county, city, or other political subdivision, or of a federal agency of the United States, who are acting in their official capacity.

NEW SECTION. Sec. 6. MR. PRESIDENT:

The House passed SENATE BILL NO. 6424 with the following amendment(s): 6424 AMH ED H4415.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The study of world languages in elementary and secondary schools should be encouraged because it contributes to students' cognitive development and to the national economy and security;

(b) Proficiency in multiple languages enables Washington to participate more effectively in the current global political, social, and economic context;

(c) The benefits to employers of having employees who are fluent in more than one language are clear: Increased access to expanding markets, better service of customers' needs, and expanded trading opportunities with other countries; and

(d) Protecting the state's rich heritage of multiple cultures and languages, as well as building trust and understanding across the multiple cultures and languages of diverse communities, requires multilingual communication skills.

(2) Therefore, the legislature's intent is to promote and recognize linguistic proficiency and cultural literacy in one or more world languages in addition to English through the establishment of a Washington state seal of biliteracy.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The Washington state seal of biliteracy is established to recognize public high school graduates who have attained a high level of proficiency in speaking, reading, and writing in one or more world languages in addition to English. School districts are encouraged to award the seal of biliteracy to graduating high school students who meet the criteria established by the office of the superintendent of public instruction under this section. Participating school districts shall place a notation on a student's high school diploma and high school transcript indicating that the student has earned the seal.

(2) The office of the superintendent of public instruction shall adopt rules establishing criteria for award of the Washington state seal of biliteracy. The criteria must require a student to demonstrate proficiency in English by meeting state high school graduation requirements in English, including through state assessments and credits, and proficiency in one or more world languages other than English. The criteria must permit a student to demonstrate proficiency in another world language through multiple methods including nationally or internationally recognized language proficiency tests and competency-based world language credits awarded under the model policy adopted by the Washington state school directors' association.

(3) For the purposes of this section, a world language other than English must include American sign language and Native American languages.

Sec. 3. RCW 28A.230.125 and 2011 1st sp.s. c 11 s 130 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the four-year institutions as defined in RCW 28B.76.020, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement.

(3) The standardized high school transcript may include a notation of whether the student has earned the Washington state seal of biliteracy established under section 2 of this act.

NEW SECTION. Sec. 4. By December 1, 2017, the office of the superintendent of public instruction shall submit a report to the education committees of the legislature that compares the number of students awarded the Washington state seal of biliteracy in the previous two school years and the languages spoken by those students, to the number of students enrolled or previously enrolled in the transitional bilingual instruction program and the languages spoken by those students. The office of the superintendent of public instruction shall also report the methods used by students to demonstrate proficiency for the Washington state seal of biliteracy, and describe how the office of the superintendent of public instruction plans to increase the number of possible methods for students to demonstrate proficiency, particularly in world languages that are not widely spoken."

(1) Except to the extent provided in subsection (3) of this section, the following minimum terms of total confinement are mandatory and shall not be varied or modified under RCW 9.94A.535:

(a) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years.

(b) An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years.

(c) An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years.

(d) An offender convicted of the crime of sexually violent predator escape shall be sentenced to a minimum term of total confinement not less than sixty months.

(e) An offender convicted of the crime of aggravated first degree murder for a murder that was committed prior to the offender's eighteenth birthday shall be sentenced to a term of total confinement not less than twenty-five years.

(2) During such minimum terms of total confinement, no offender subject to the provisions of this section is eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (a) In the case of an offender in need of emergency medical treatment; (b) for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree; or (c) for an extraordinary medical placement when authorized under RCW 9.94A.728~~((4))~~ (3).

(3)(a) Subsection (1)~~(a)~~ through (d) of this section shall not be applied in sentencing of juveniles tried as adults pursuant to RCW 13.04.030(1)(e)(i).

(b) This subsection (3) applies only to crimes committed on or after July 24, 2005.

Sec. 3. RCW 9.94A.6332 and 2010 c 224 s 11 are each amended to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special sex offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If the offender was sentenced under the parenting sentencing alternative, any sanctions shall be imposed by the department or by the court pursuant to RCW 9.94A.655.

(4) If a sex offender was sentenced pursuant to RCW 9.94A.507, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(5) If the offender was released pursuant to section 10 of this act, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(6) If the offender was sentenced pursuant to RCW 10.95.030(3) or section 11 of this act, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(7) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

~~((6))~~ (8) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.6333.

Sec. 4. RCW 9.94A.729 and 2013 2nd sp.s. c 14 s 2 and 2013 c 266 s 1 are each reenacted and amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release

2014 REGULAR SESSION

time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or section 11 of this act, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

~~((b))~~ (c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

~~((c))~~ (d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in ~~((e))~~ (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

~~((d))~~ (e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection ~~(3)((e))~~ (d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection ~~(3)((e))~~ (d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

Sec. 5. RCW 9.95.425 and 2009 c 28 s 30 are each amended to read as follows:

(1) Whenever the board or a community corrections officer of this state has reason to believe an offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act has violated a condition of community custody or the laws of this state, any community corrections officer may arrest or cause the arrest and detention of the offender pending a determination by the board whether sanctions should be imposed or the offender's community custody should be revoked. The community corrections officer

shall report all facts and circumstances surrounding the alleged violation to the board, with recommendations.

(2) If the board or the department causes the arrest or detention of an offender for a violation that does not amount to a new crime and the offender is arrested or detained by local law enforcement or in a local jail, the board or department, whichever caused the arrest or detention, shall be financially responsible for local costs. Jail bed costs shall be allocated at the rate established under RCW 9.94A.740.

Sec. 6. RCW 9.95.430 and 2001 2nd sp.s. c 12 s 308 are each amended to read as follows:

Any offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act who is arrested and detained in physical custody by the authority of a community corrections officer, or upon the written order of the board, shall not be released from custody on bail or personal recognizance, except upon approval of the board and the issuance by the board of an order reinstating the offender's release on the same or modified conditions. All chiefs of police, marshals of cities and towns, sheriffs of counties, and all police, prison, and peace officers and constables shall execute any such order in the same manner as any ordinary criminal process.

Sec. 7. RCW 9.95.435 and 2007 c 363 s 3 are each amended to read as follows:

(1) If an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act violates any condition or requirement of community custody, the board may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (2) of this section.

(2) Following the hearing specified in subsection (3) of this section, the board may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community, or may suspend the release and sanction up to sixty days' confinement in a local correctional facility for each violation, or revoke the release to community custody whenever an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act violates any condition or requirement of community custody.

(3) If an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the board or a designee of the board prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The board shall develop hearing procedures and a structure of graduated sanctions consistent with the hearing procedures and graduated sanctions developed pursuant to RCW 9.94A.737. The board may suspend the offender's release to community custody and confine the offender in a correctional institution owned, operated by, or operated under contract with the state prior to the hearing unless the offender has been arrested and confined for a new criminal offense.

(4) The hearing procedures required under subsection (3) of this section shall be developed by rule and include the following:

(a) Hearings shall be conducted by members or designees of the board unless the board enters into an agreement with the department to use the hearing officers established under RCW 9.94A.737;

(b) The board shall provide the offender with findings and conclusions which include the evidence relied upon, and the reasons the particular sanction was imposed. The board shall notify the offender of the right to appeal the sanction and the right to file a

personal restraint petition under court rules after the final decision of the board;

(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within thirty days of service of notice of the violation, but not less than twenty-four hours after notice of the violation. For offenders in total confinement, the hearing shall be held within thirty days of service of notice of the violation, but not less than twenty-four hours after notice of the violation. The board or its designee shall make a determination whether probable cause exists to believe the violation or violations occurred. The determination shall be made within forty-eight hours of receipt of the allegation;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the presiding hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; (v) question witnesses who appear and testify; and (vi) be represented by counsel if revocation of the release to community custody upon a finding of violation is a probable sanction for the violation. The board may not revoke the release to community custody of any offender who was not represented by counsel at the hearing, unless the offender has waived the right to counsel; and

(e) The sanction shall take effect if affirmed by the presiding hearing officer.

(5) Within seven days after the presiding hearing officer's decision, the offender may appeal the decision to the full board or to a panel of three reviewing examiners designated by the chair of the board or by the chair's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (a) The crime of conviction; (b) the violation committed; (c) the offender's risk of reoffending; or (d) the safety of the community.

(6) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

Sec. 8. RCW 9.95.440 and 2008 c 231 s 45 are each amended to read as follows:

In the event the board suspends the release status of an offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under RCW 9.94A.704. Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

Sec. 9. RCW 10.95.030 and 2010 c 94 s 3 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, any person convicted of the crime of aggravated first degree murder shall be sentenced to life imprisonment without possibility of release or parole. A person sentenced to life imprisonment under this section shall not have that sentence suspended, deferred, or commuted by any judicial officer and the indeterminate sentence review board or its successor may not parole such prisoner nor reduce the period of confinement in any manner whatsoever including but not limited to any sort of good-time calculation. The department of social and health services or its successor or any executive official may not permit such prisoner to participate in any sort of release or furlough program.

(2) If, pursuant to a special sentencing proceeding held under RCW 10.95.050, the trier of fact finds that there are not sufficient mitigating circumstances to merit leniency, the sentence shall be

death. In no case, however, shall a person be sentenced to death if the person had an intellectual disability at the time the crime was committed, under the definition of intellectual disability set forth in (a) of this subsection. A diagnosis of intellectual disability shall be documented by a licensed psychiatrist or licensed psychologist designated by the court, who is an expert in the diagnosis and evaluation of intellectual disabilities. The defense must establish an intellectual disability by a preponderance of the evidence and the court must make a finding as to the existence of an intellectual disability.

(a) "Intellectual disability" means the individual has: (i) Significantly subaverage general intellectual functioning; (ii) existing concurrently with deficits in adaptive behavior; and (iii) both significantly subaverage general intellectual functioning and deficits in adaptive behavior were manifested during the developmental period.

(b) "General intellectual functioning" means the results obtained by assessment with one or more of the individually administered general intelligence tests developed for the purpose of assessing intellectual functioning.

(c) "Significantly subaverage general intellectual functioning" means intelligence quotient seventy or below.

(d) "Adaptive behavior" means the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected for his or her age.

(e) "Developmental period" means the period of time between conception and the eighteenth birthday.

(3)(a)(i) Any person convicted of the crime of aggravated first degree murder for an offense committed prior to the person's sixteenth birthday shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of twenty-five years.

(ii) Any person convicted of the crime of aggravated first degree murder for an offense committed when the person is at least sixteen years old but less than eighteen years old shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of no less than twenty-five years. A minimum term of life may be imposed, in which case the person will be ineligible for parole or early release.

(b) In setting a minimum term, the court must take into account mitigating factors that account for the diminished culpability of youth as provided in *Miller v. Alabama*, 132 S.Ct. 2455 (2012) including, but not limited to, the age of the individual, the youth's childhood and life experience, the degree of responsibility the youth was capable of exercising, and the youth's chances of becoming rehabilitated.

(c) A person sentenced under this subsection shall serve the sentence in a facility or institution operated, or utilized under contract, by the state. During the minimum term of total confinement, the person shall not be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave or absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (i) In the case of an offender in need of emergency medical treatment; or (ii) for an extraordinary medical placement when authorized under RCW 9.94A.728(3).

(d) Any person sentenced pursuant to this subsection shall be subject to community custody under the supervision of the department of corrections and the authority of the indeterminate sentence review board. As part of any sentence under this subsection, the court shall require the person to comply with any conditions imposed by the board.

(e) No later than five years prior to the expiration of the person's

minimum term, the department of corrections shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(f) No later than one hundred eighty days prior to the expiration of the person's minimum term, the department of corrections shall conduct, and the offender shall participate in, an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. If the board does not order the person released, the board shall set a new minimum term not to exceed five additional years. The board shall give public safety considerations the highest priority when making all discretionary decisions regarding the ability for release and conditions of release.

(g) In a hearing conducted under (f) of this subsection, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be developed by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(h) An offender released by the board is subject to the supervision of the department of corrections for a period of time to be determined by the board. The department shall monitor the offender's compliance with conditions of community custody imposed by the court, department, or board, and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.

NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) Notwithstanding any other provision of this chapter, any person convicted of one or more crimes committed prior to the person's eighteenth birthday may petition the indeterminate sentence review board for early release after serving no less than twenty years of total confinement, provided the person has not been convicted for any crime committed subsequent to the person's eighteenth birthday, the person has not committed a major violation in the twelve months prior to filing the petition for early release, and the current sentence was not imposed under RCW 10.95.030 or 9.94A.507.

(2) When an offender who will be eligible to petition under this section has served fifteen years, the department shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(3) No later than one hundred eighty days from receipt of the petition for early release, the department shall conduct, and the offender shall participate in, an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may

consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. The board shall give public safety considerations the highest priority when making all discretionary decisions regarding the ability for release and conditions of release.

(4) In a hearing conducted under subsection (3) of this section, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be developed by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(5) An offender released by the board is subject to the supervision of the department for a period of time to be determined by the board. The department shall monitor the offender's compliance with conditions of community custody imposed by the court, department, or board, and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.

(6) An offender whose petition for release is denied may file a new petition for release five years from the date of denial or at an earlier date as may be set by the board.

Release and supervision of a person who receives a minimum term of less than life will be governed by RCW 10.95.030.

(2) The court shall provide an opportunity for victims and survivors of victims of any crimes for which the offender has been convicted to present a statement personally or by representation.

(3) The court's order setting a minimum term is subject to review to the same extent as a minimum term decision by the parole board before July 1, 1986.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that promoting a financially viable health care system in all parts of the state is a critical interest. The federal centers for medicare and medicaid services has recognized the crucial role hospitals play in providing care in rural areas by creating the sole community hospital program, which allows certain small rural hospitals to receive enhanced payments for medicare services. The legislature further finds that creating a similar reimbursement system for the state's medicaid program for sole community hospitals will promote the long-term financial viability of the rural health care system in those communities.

Sec. 2. RCW 74.09.5225 and 2011 1st sp.s. c 15 s 31 are each amended to read as follows:

(1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when

services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital. Any additional payments made by the authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2) Beginning on July 24, 2005, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section.

(3)(a) Beginning January 1, 2015, payments for recipients eligible for medical assistance programs under this chapter for services provided by a hospital, regardless of the beneficiary's managed care enrollment status, shall be increased to one hundred twenty-five percent of the hospital's fee-for-service rates, when services are provided by a rural hospital that:

(i) Was certified by the centers for medicare and medicaid services as a sole community hospital as of January 1, 2013;

(ii) Had a level III adult trauma service designation from the department of health as of January 1, 2014;

(iii) Had less than one hundred fifty acute care licensed beds in fiscal year 2011; and

(iv) Is owned and operated by the state or a political subdivision.

(b) The enhanced payment rates under this subsection shall be considered the hospital's medicaid payment rate for purposes of any other state or private programs that pay hospitals according to medicaid payment rates.

"NEW SECTION. Sec. 1. (1) The legislature recognizes that some children may remain in foster care following the termination of the parent and child relationship. These children have legal rights and no longer have a parent to advocate on their behalf, and no other party represents their legal interests. The legislature finds that providing attorneys for children following the termination of the parent and child relationship is fundamental to protecting the child's legal rights and to accelerate permanency.

(h) Founded allegations of abuse or neglect as defined in RCW 26.44.020;

(2) Although the legislature recognizes that many jurisdictions provide attorneys to children prior to termination of the parent and child relationship, nothing in this act may be construed against the parent's fundamental liberty interest in parenting the child prior to termination of the parent and child relationship as stated in *In re*

(i) The results of an examination of state and national criminal identification data. The examination shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050, the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834, and the federal bureau of investigation. (5) A guardian ad litem through ~~((counsel))~~ an attorney, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

(6)(a) The court must appoint an attorney for a child in a dependency proceeding six months after granting a petition to terminate the parent and child relationship pursuant to RCW 13.34.180 and when there is no remaining parent with parental rights.

The court must appoint an attorney for a child when there is no remaining parent with parental rights for six months or longer prior to the effective date of this section if the child is not already represented.

(c)(i) Subject to the availability of amounts appropriated for this specific purpose, the state shall pay the costs of legal services provided by an attorney appointed pursuant to (a) of this subsection, if the legal services are provided in accordance with the standards of practice, voluntary training, and caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010. Caseload limits must be calculated pursuant to (c)(ii) of this subsection.

(ii) Counties are encouraged to set caseloads as low as possible and to account for the individual needs of the children in care. Notwithstanding the caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010, when one attorney represents a sibling group, the first child is counted as one case, and each child thereafter is counted as one-half case to determine compliance with the caseload standards pursuant to (c)(i) of this subsection and section 3 of this act.

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6228 with the following amendment(s): 6228-S.E AMH ENGR H4399.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** Consumers face a challenge finding reliable, consumer friendly information on health care pricing and quality. Greater transparency of health care prices and quality leads to engaged, activated consumers. Research indicates that engaged and educated consumers help control costs and improve quality with lower costs per patient, lower hospital readmission rates, and the use of higher quality providers. Washington is a leader in efforts to develop and publish provider quality information.

Although data is available today, research indicates the existing information is not user friendly, consumers do not know which measures are most relevant, and quality ratings are inconsistent or nonstandardized. It is the intent of the legislature to ensure consumer tools are available to educate and engage patients in managing their care and understanding the costs and quality.

NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and to propose benchmarks to track costs and improvements in health outcomes.

(2) Members of the committee must include representation from state agencies, small and large employers, the two largest health plans by enrollment, patient groups, federally recognized tribal members, consumers, academic experts on health care measurement, hospitals, physicians, and other providers. The governor shall appoint the members of the committee, except that a statewide association representing hospitals may appoint a member representing hospitals, a statewide association representing physicians may appoint a member representing physicians, and a statewide association representing nurses may appoint a member representing nurses. The governor shall ensure that members represent diverse geographic locations and both rural and urban communities. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

- (a) Prevention and screening;
- (b) Effective management of chronic conditions;
- (c) Key health outcomes;
- (d) Care coordination and patient safety; and
- (e) Use of the lowest cost, highest quality care for preventive care and chronic and acute conditions.

(5) The committee shall develop a measure set that:

- (a) Is of manageable size;
- (b) Gives preference to nationally reported measures and, where nationally reported measures may not be appropriate or available, measures used by state agencies that purchase health care or commercial health plans;
- (c) Focuses on the overall performance of the system, including outcomes and total cost;

(d) Is aligned with the governor's performance management system measures and common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(e) Considers the needs of different stakeholders and the populations served; and

(f) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform and set benchmarks for their purchasing.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

NEW SECTION. Sec. 3. A new section is added to chapter 48.43 RCW to read as follows:

(1) Each carrier offering or renewing a health benefit plan on or after January 1, 2016, must offer member transparency tools with certain price and quality information to enable the member to make treatment decisions based on cost, quality, and patient experience. The transparency tools must aim for best practices and, at a minimum:

(a) Must display cost data for common treatments within the following categories:

- (i) In-patient treatments;
- (ii) Outpatient treatments;
- (iii) Diagnostic tests; and
- (iv) Office visits;

(b) Recognizing integrated health care delivery systems focus on total cost of care, carrier's operating integrated care delivery systems may meet the requirement of (a) of this subsection by providing meaningful consumer data based on the total cost of care. This subsection applies only to the portion of enrollment a carrier offers pursuant to chapter 48.46 RCW and as part of an integrated delivery system, and does not exempt from (a) of this subsection coverage offered pursuant to chapter 48.21, 48.44, or 48.46 RCW if not part of an integrated delivery system;

(c) Are encouraged to display the cost for prescription medications on their member web site or through a link to a third party that manages the prescription benefits;

(d) Must include a patient review option or method for members to provide a rating or feedback on their experience with the medical provider that allows other members to see the patient review, the feedback must be monitored for appropriateness and validity, and the site may include independently compiled quality of care ratings of providers and facilities;

(e) Must allow members to access the estimated cost of the treatment, or the total cost of care, as set forth in (a) and (b) of this subsection on a portable electronic device;

(f) Must display options based on the selected search criteria for members to compare;

(g) Must display the estimated cost of the treatment, or total cost of the care episode, and the estimated out-of-pocket costs of the treatment for the member and display the application of personalized benefits such as deductibles and cost-sharing;

(h) Must display quality information on providers when available; and

(i) Are encouraged to display alternatives that are more cost-effective when there are alternatives available, such as the use of an ambulatory surgical center when one is available or medical versus surgical alternatives as appropriate.

(2) In addition to the required features on cost and quality information, the member transparency tools must include information to allow a provider and hospital search of in-network providers and hospitals with provider information including

specialists, distance from patient, the provider's contact information, the provider's education, board certification and other credentials, where to find information on malpractice history and disciplinary actions, affiliated hospitals and other providers in a clinic, and directions to provider offices and hospitals.

(3) Each carrier offering or renewing a health benefit plan on or after January 1, 2016, must provide enrollees with the performance information required by section 2717 of the patient protection and affordable care act, P.L. 111-148 (2010), as amended by the health care and education reconciliation act, P.L. 111-152 (2010), and any federal regulations or guidance issued under that section of the affordable care act.

(4) Each carrier offering or renewing a health benefit plan on or after January 1, 2016, must, within thirty days from the offer or renewal date, attest to the office of the insurance commissioner that the member transparency tools meet the requirements in this section and access to the tools is available on the home page within the health plan's secured member web site."

(8) **Treatment and information school.** An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked,

suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (ii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for

granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

MESSAGE FROM THE HOUSE

March 7, 2014

MR. PRESIDENT:

The House passed SENATE BILL NO. 6415 with the following amendment(s): 6415 AMH APPG H4444.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.94A.589 and 2002 c 175 s 7 are each amended to read as follows:

(1)(a) Except as provided in (b) ~~((b))~~, (c), or (d) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those

current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.535. "Same criminal conduct," as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

(b) Whenever a person is convicted of two or more serious violent offenses arising from separate and distinct criminal conduct, the standard sentence range for the offense with the highest seriousness level under RCW 9.94A.515 shall be determined using the offender's prior convictions and other current convictions that are not serious violent offenses in the offender score and the standard sentence range for other serious violent offenses shall be determined by using an offender score of zero. The standard sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under ~~((b)-(e))~~ this subsection (1)(b) shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection.

(c) If an offender is convicted under RCW 9.41.040 for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, the standard sentence range for each of these current offenses shall be determined by using all other current and prior convictions, except other current convictions for the felony crimes listed in this subsection (1)(c), as if they were prior convictions. The offender shall serve consecutive sentences for each conviction of the felony crimes listed in this subsection (1)(c), and for each firearm unlawfully possessed.

(d) All sentences imposed under RCW 46.61.502(6), 46.61.504(6), or 46.61.505(4) shall be served consecutively with any sentences imposed under RCW 46.20.740 and 46.20.750.

(2)(a) Except as provided in (b) of this subsection, whenever a person while under sentence for conviction of a felony commits another felony and is sentenced to another term of confinement, the latter term shall not begin until expiration of all prior terms.

(b) Whenever a second or later felony conviction results in community supervision with conditions not currently in effect, under the prior sentence or sentences of community supervision the court may require that the conditions of community supervision contained in the second or later sentence begin during the immediate term of community supervision and continue throughout the duration of the consecutive term of community supervision.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence for conviction of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(4) Whenever any person granted probation under RCW 9.95.210 or 9.92.060, or both, has the probationary sentence revoked and a prison sentence imposed, that sentence shall run consecutively to any sentence imposed pursuant to this chapter, unless the court pronouncing the subsequent sentence expressly orders that they be served concurrently.

(5) In the case of consecutive sentences, all periods of total confinement shall be served before any partial confinement, community restitution, community supervision, or any other requirement or conditions of any of the sentences. Except for exceptional sentences as authorized under RCW 9.94A.535, if two or more sentences that run consecutively include periods of

community supervision, the aggregate of the community supervision period shall not exceed twenty-four months.

Sec. 2. RCW 46.20.740 and 2010 c 269 s 8 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped.

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

Sec. 3. RCW 46.20.750 and 2005 c 200 s 2 are each amended to read as follows:

(1) A person who is restricted to the use of a vehicle equipped with an ignition interlock device and who tampers with the device or directs, authorizes, or requests another to tamper with the device, in order to circumvent the device by modifying, detaching, disconnecting, or otherwise disabling it, is guilty of a gross misdemeanor.

(2) A person who knowingly assists another person who is restricted to the use of a vehicle equipped with an ignition interlock device to circumvent the device or to start and operate that vehicle in violation of a court order is guilty of a gross misdemeanor. The provisions of this subsection do not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the vehicle and the person subject to the court order does not operate the vehicle.

(3) Any sentence imposed for a violation of subsection (1) of this section shall be served consecutively with any sentence imposed under RCW 46.20.740, 46.61.502, 46.61.504, or 46.61.5055.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2014, in the omnibus appropriations act, this act is null and void."

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6553 with the following amendment(s): 6553.E AMH JUDI H4434.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 6.21.110 and 1994 c 185 s 3 are each amended to read as follows:

(1) Upon the return of any sale of real estate, the clerk: (a) Shall enter the cause, on which the execution or order of sale issued, by its title, on the motion docket, and mark opposite the same: "Sale of land for confirmation"; (b) shall mail notice of the filing of the return of sale to all parties who have entered a written notice of appearance in the action and who have not had an order of default entered against them; (c) shall file proof of such mailing in the action; (d) shall apply the proceeds of the sale returned by the sheriff, or so much thereof as may be necessary, to satisfaction of the judgment, including interest as provided in the judgment, and shall pay any excess proceeds as provided in subsection (5) of this section by direction of court order; and (e) upon confirmation of the sale, shall deliver the original certificate of sale to the purchaser.

(2) The judgment creditor or successful purchaser at the sheriff's sale is entitled to an order confirming the sale at any time after twenty days have elapsed from the mailing of the notice of the filing of the sheriff's return, on motion with notice given to all parties who have entered a written notice of appearance in the action and who have not had an order of default entered against them, unless the judgment debtor, or in case of the judgment debtor's death, the representative, or any nondefaulting party to whom notice was sent shall file objections to confirmation with the clerk within twenty days after the mailing of the notice of the filing of such return.

(3) If objections to confirmation are filed, the court shall nevertheless allow the order confirming the sale, unless on the

hearing of the motion, it shall satisfactorily appear that there were substantial irregularities in the proceedings concerning the sale, to the probable loss or injury of the party objecting. In the latter case, the court shall disallow the motion and direct that the property be resold, in whole or in part, as the case may be, as upon an execution received as of that date.

(4) Upon a resale, the bid of the purchaser at the former sale shall be deemed to be renewed and continue in force, and no bid shall be taken, except for a greater amount. If on resale the property sells for a greater amount to any person other than the former purchaser, the clerk shall first repay to the former purchaser out of the proceeds of the resale the amount of the former purchaser's bid together with interest as is provided in the judgment.

(5)(a) If, after ~~((the satisfaction))~~ confirmation of the sale and the judgment is satisfied, there ~~((be))~~ are any proceeds of the sale remaining, the clerk shall pay such proceeds, as provided for in (b) of this subsection, to all interests in, or liens against, the property eliminated by sale under this section in the order of priority that the interest, lien, or claim attached to the property, as determined by the court. Any remaining proceeds shall be paid to the judgment debtor, or the judgment debtor's representative, as the case may be, before the order is made upon the motion to confirm the sale only if the party files with the clerk a waiver of all objections made or to be made to the proceedings concerning the sale; otherwise, the excess proceeds shall remain in the custody of the clerk until the sale of the property has been disposed of ~~((; but if the sale be confirmed, such excess proceeds shall be paid to the judgment debtor or representative as a matter of course))~~.

(b) Anyone seeking disbursement of surplus funds shall file a motion requesting disbursement in the superior court for the county in which the surplus funds are deposited. Notice of the motion shall be served upon or mailed to all persons who had an interest in the property at the time of sale, and any other party who has entered an appearance in the proceeding, not less than twenty days prior to the hearing of the motion. The clerk shall not disburse such remaining proceeds except upon order of the superior court of such county.

(6) The purchaser shall file the original certificate of sale for record with the recording officer in the county in which the property is located.

Sec. 2. RCW 61.24.080 and 1998 c 295 s 10 are each amended to read as follows:

The trustee shall apply the proceeds of the sale as follows:

(1) To the expense of sale, including a reasonable charge by the trustee and by his or her attorney: PROVIDED, That the aggregate of the charges by the trustee and his or her attorney, for their services in the sale, shall not exceed the amount which would, by the superior court of the county in which the trustee's sale occurred, have been deemed a reasonable attorney fee, had the trust deed been foreclosed as a mortgage in a noncontested action in that court;

(2) To the obligation secured by the deed of trust; and

(3) The surplus, if any, less the clerk's filing fee, shall be deposited, together with written notice of the amount of the surplus, a copy of the notice of trustee's sale, and an affidavit of mailing as provided in this subsection, with the clerk of the superior court of the county in which the sale took place. The trustee shall mail copies of the notice of the surplus, the notice of trustee's sale, and the affidavit of mailing to each party to whom the notice of trustee's sale was sent pursuant to RCW 61.24.040(1). The clerk shall index such funds under the name of the grantor as set out in the recorded notice. Upon compliance with this subsection, the trustee shall be discharged from all further responsibilities for the surplus. Interests in, or liens or claims of liens against the property eliminated by sale under this section shall attach to the surplus in the order of priority that it had attached to the property, as determined by the court. A party seeking disbursement of the surplus funds shall file a motion

requesting disbursement in the superior court for the county in which the surplus funds are deposited. Notice of the motion shall be personally served upon, or mailed in the manner specified in RCW 61.24.040(1)(b), to all parties to whom the trustee mailed notice of the surplus, and any other party who has entered an appearance in the proceeding, not less than twenty days prior to the hearing of the motion. The clerk shall not disburse such surplus except upon order of the superior court of such county.

Sec. 3. RCW 6.17.140 and 1988 c 231 s 11 are each amended to read as follows:

The sheriff shall, at a time as near before or after service of the writ on, or mailing of the writ to, the judgment debtor as is possible, execute the writ as follows:

(1) If property has been attached, the sheriff shall indorse on the execution, and pay to the clerk forthwith, if he or she has not already done so, the amount of the proceeds of sales of perishable property or debts due the defendant previously received, sufficient to satisfy the judgment.

(2) If the judgment is not then satisfied, and property has been attached and remains in custody, the sheriff shall sell the same, or sufficient thereof to satisfy the judgment. When property has been attached and it is probable that such property will not be sufficient to satisfy the judgment, the sheriff may, on instructions from the judgment creditor, levy on other property of the judgment debtor without delay.

(3) If then any portion of the judgment remains unsatisfied, or if no property has been attached or the same has been discharged, the sheriff shall levy on the property of the judgment debtor, sufficient to satisfy the judgment, in the manner described in RCW 6.17.160.

(4) If, after the judgment is satisfied, any property remains in custody, the sheriff shall deliver it to the judgment debtor.

(5) Until a levy, personal property shall not be affected by the execution.

(6) When property has been sold or debts received on execution, the sheriff shall pay the proceeds to the clerk who issued the writ, for satisfaction of the judgment as commanded in the writ or for ~~((return))~~ payment of any excess proceeds to all interests in, or liens against, the property eliminated by the sale in the order of priority that the interest, lien, or claim attached to the property, as determined by the court. Any remaining proceeds shall be paid to the judgment debtor. No sheriff or other officer may retain any moneys collected on execution more than twenty days before paying the same to the clerk of the court who issued the writ.

Sec. 4. RCW 6.17.150 and 1987 c 442 s 415 are each amended to read as follows:

Upon receipt of proceeds from the sheriff on execution, the clerk shall notify the party to whom the same is payable, and pay over the amount to that party as required by law. If any proceeds remain after satisfaction of the judgment, the clerk shall pay the excess to all interests in, or liens against, the property eliminated by the sale in the order of priority that the interest, lien, or claim attached to the property, as determined by the court. Any remaining proceeds shall be paid to the judgment debtor."

MESSAGE FROM THE HOUSE

March 6, 2014

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 6163 with the following amendment(s): 6163-S2 AMH ED H4343.3

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that studies have documented that many students experience learning losses when they do not engage in educational activities during the summer. The legislature further finds that research shows that summer learning loss contributes to educational opportunity gaps between students, and that falling behind in academics can be a predictor of whether a student will drop out of school. The legislature recognizes that such academic regression has a disproportionate impact on low-income students.

(2) The legislature further finds that expanded learning opportunities, including those offered by partnerships between schools and community-based organizations, create enriching experiences for youth, with activities that complement and support classroom-based instruction. The legislature acknowledges that access to quality expanded learning opportunities during the school year and summer helps mitigate summer learning loss and improves academic performance, attendance, on-time grade advancement, and classroom behaviors.

(3) Therefore the legislature intends to build capacity, identify best practices, leverage local resources, and promote a sustainable expanded learning opportunities system by providing an infrastructure that helps coordinate expanded learning opportunities throughout the state. To the extent funds are provided for this purpose, the legislature also intends to authorize a pilot program specifically to combat summer learning loss through expanded learning opportunities, which will provide the opportunity to

evaluate the effectiveness of an extended school year in improving student achievement, closing the educational opportunity gap, and providing successful models for other districts to follow.

NEW SECTION. Sec. 2. DEFINITION OF EXPANDED LEARNING OPPORTUNITIES. As used in this section and sections 3 through 7 of this act, "expanded learning opportunities" means:

(1) Culturally responsive enrichment and learning activities, which may focus on academic and nonacademic areas; the arts; civic engagement; service-learning; science, technology, engineering, and mathematics; and competencies for college and career readiness;

(2) School-based programs that provide extended learning and enrichment for students beyond the traditional school day, week, or calendar; and

(3) Structured, intentional, and creative learning environments outside the traditional school day that are provided by community-based organizations in partnership with schools and align in-school and out-of-school learning through activities that complement classroom-based instruction.

NEW SECTION. Sec. 3. CREATION OF COUNCIL. (1) The expanded learning opportunities council is established to advise the governor, the legislature, and the superintendent of public instruction regarding a comprehensive expanded learning opportunities system, with particular attention paid to solutions to summer learning loss.

(2) The council shall provide a vision, guidance, assistance, and advice related to potential improvement and expansion of summer learning opportunities, school year calendar modifications that will help reduce summer learning loss, increasing partnerships between schools and community-based organizations to deliver expanded learning opportunities, and other current or proposed programs and initiatives across the spectrum of early elementary through secondary education that could contribute to a statewide system of expanded learning opportunities.

(3) The council shall identify fiscal, resource, and partnership opportunities; coordinate policy development; set quality standards; promote evidence-based strategies; and develop a comprehensive action plan designed to implement expanded learning opportunities, address summer learning loss, provide academic supports, build strong partnerships between schools and community-based organizations, and track performance of expanded learning opportunities in closing the opportunity gap.

(4) When making recommendations regarding evidence-based strategies, the council shall consider the best practices on the state menus developed in accordance with RCW 28A.165.035 and 28A.655.235.

(5) The superintendent of public instruction shall convene the expanded learning opportunities council. The members of the council must have experience with expanded learning opportunities and include groups and agencies representing diverse student interests and geographical locations across the state. Up to fifteen participants, agencies, organizations, or individuals may be invited to participate in the council, and the membership shall include the following:

(a) Three representatives from nonprofit community-based organizations;

(b) One representative from regional work force development councils;

(c) One representative from each of the following organizations or agencies:

- (i) The Washington state school directors' association;
- (ii) The state-level association of school administrators;
- (iii) The state-level association of school principals;
- (iv) The state board of education;

(v) The statewide association representing certificated classroom teachers and educational staff associates;

(vi) The office of the superintendent of public instruction;

(vii) The state-level parent-teacher association;

(viii) Higher education; and

(ix) A nonprofit organization with statewide experience in expanded learning opportunities frameworks.

(6) Staff support for the expanded learning opportunity council shall be provided by the office of the superintendent of public instruction and other state agencies as necessary. Appointees of the council shall be selected by May 30, 2014. The council shall hold its first meeting before August 1, 2014. At the first meeting, the council shall determine regularly scheduled meeting times and locations.

NEW SECTION. Sec. 4. REPORTS FROM COUNCIL.

(1) The expanded learning opportunities council shall provide a report to the governor and the legislature by December 1, 2014, and each December 1st thereafter until December 1, 2018, that summarizes accomplishments, measures progress, and contains recommendations regarding continued development of an expanded learning opportunities system and reducing summer learning loss.

(2) If funds are appropriated for a summer knowledge improvement pilot program as provided under sections 5 through 7 of this act or other initiatives to reduce summer learning loss or increase expanded learning opportunities, the expanded learning opportunities council shall monitor the progress of the program or initiative and serve as a resource for participating schools and community-based organizations. The council shall also oversee an evaluation of the effectiveness of the program or initiative in reducing summer learning loss and improving student academic progress.

(3) If new funds are not appropriated for a summer knowledge improvement pilot program or other initiatives to reduce summer learning loss, the first report from the council, and any subsequent reports as necessary, shall include recommendations for a framework and action plan for a program to reduce summer learning loss through the provision of state funds for additional student learning days in elementary schools with significant populations of low-income students. The council may also recommend additional strategies to reduce summer learning loss, including through expanded learning opportunities offered in partnership between schools and community-based organizations.

NEW SECTION. Sec. 5. SUMMER KNOWLEDGE IMPROVEMENT PILOT PROGRAM. (1) Subject to funds being appropriated for this specific purpose, the summer knowledge improvement pilot program is created to provide state funding for an additional twenty student learning days for three consecutive school years in selected schools for students to receive academic instruction outside of the school year established for other schools in the school district.

(2) If appropriated, state funding for each school in the pilot program shall be equal to twenty days of the average daily per student amount of all basic education and nonbasic education funding provided by the state to the school for the regular one hundred eighty-day school year, including for pupil transportation. Nonstate-provided funds may also be used to support the pilot program.

(3) The purpose of the pilot program is to implement an extended school year to combat summer learning loss and provide an opportunity to evaluate the effectiveness of an extended school year in improving student achievement, closing the educational opportunity gap, and providing successful models for other districts to follow.

NEW SECTION. Sec. 6. PLAN PROCESS AND COMPONENTS. (1) Any school district with an eligible school may submit a plan to the office of the superintendent of public

instruction to participate in the summer knowledge improvement pilot program. A plan may address one or more eligible schools. The office shall establish timelines for submitting and reviewing applications.

(2) For the purposes of this section, "eligible school" means any school that provides instruction to students in at least grades kindergarten through five where at least seventy-five percent of the enrolled students qualify for free and reduced-price meals.

(3) The school district board of directors must solicit input on the design of the plan from staff at the school, parents, and the community, including at an open public meeting. The final plan must be adopted by the school district board of directors at a subsequent open public meeting before the plan is submitted to the office of the superintendent of public instruction.

(4) A plan must include, but is not limited to, the following components:

(a) Proposed best practices and evidence-based strategies, curriculum, and materials for improving student achievement and closing the educational opportunity gap to be implemented over the extra twenty days for all students enrolled in the school. The best practices and evidence-based strategies, curriculum, and materials must be comparable to or higher in academic rigor than those used during the regular school year;

(b) A description of when the additional twenty days will be provided;

(c) Identification of the measures that the school district will use in assessing student achievement;

(d) Evidence that the principal of the school and at least seventy percent of the certificated and classified staff who work in the school at least two days per week agree to the plan;

(e) Whether the school will collaborate with community-based organizations to provide support for students during the additional twenty days and for the rest of the summer, and if so, the details of this collaboration; and

(f) An agreement to provide information necessary for a program evaluation.

NEW SECTION. Sec. 7. SELECTION OF SCHOOLS AND DISTRICTS. (1) The office of the superintendent of public instruction must review the plans submitted in accordance with section 6 of this act and select up to ten schools for participation in the pilot program, or as many schools as can be supported through the appropriated funds. To the extent practicable, the selected school districts shall be from diverse geographic regions of the state and include different sizes of school districts and schools.

(2) The selection criteria must include, but are not limited to, the following determinations:

(a) All of the required plan components are completed;

(b) The likelihood that the proposed best practices and evidence-based strategies, curriculum, and materials will improve student achievement and close the educational opportunity gap; and

(c) Any additional criteria that the office of the superintendent of public instruction deems necessary to ensure a high quality pilot program.

NEW SECTION. Sec. 8. Sections 2 through 7 of this act are each added to chapter 28A.630 RCW.

NEW SECTION. Sec. 9. This act expires August 31, 2019." Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 5, 2014

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6279 with the following amendment(s): 6279-S AMH JUDI H4430.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that recent decisions of the United States supreme court and the Washington state supreme court require law enforcement to obtain the review of a neutral and disinterested magistrate and the issuance of a search warrant more frequently before proceeding with a criminal investigation. The legislature intends to accommodate this requirement by creating effective and timely access to magistrates for purposes of reviewing search warrant applications across the state of Washington. This act does not change the legal standards for issuing a search warrant or the legal standards for review of an issued search warrant.

(i) The costs to the petitioning city or county for disposal of the contaminated oil or for compliance with United States environmental protection agency enforcement orders or enforcement related agreements are extraordinary; and

(ii) The city or county could not reasonably accommodate or anticipate the extraordinary costs in their normal budget processes by following and meeting the best management practices for oil contaminated with polychlorinated biphenyl.

(3) Before January 1st of each year, the department must develop and submit to the appropriate fiscal committees of the senate and house of representatives a prioritized list of submitted petitions that the department recommends for funding by the legislature. MESSAGE FROM THE HOUSE

March 7, 2014

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6031 with the following amendment(s): 6031.E AMH FIN H4464.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.61.010 and 2008 c 301 s 1 are each amended to read as follows:

(1) The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

(2) The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

(3) The legislature further finds that it is in the public interest to promote the conservation and stewardship of shorelines and upland properties adjoining lakes and beaches in order to: (a) Conserve natural or scenic resources; (b) protect riparian habitats and water quality; (c) promote conservation of soils, wetlands, shorelines, or tidal marshes; (d) enhance the value of lakes or beaches to the public as well as the benefit of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries, or other open space; (e) enhance recreation opportunities; (f) preserve historic sites; and (g) protect visual quality along highway, road, street, trail, recreational, and other corridors or scenic vistas.

(4) It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall not be considered to be benefitted, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter.

Sec. 2. RCW 36.61.020 and 2008 c 301 s 3 are each amended to read as follows:

(1) Any county may create lake or beach management districts to finance: (a) The improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county; and (b) the acquisition of real property or property rights within or outside a lake or beach management district including, by way of example, conservation easements authorized under RCW 64.04.130, and to promote the conservation and stewardship of shorelines as well as the conservation and stewardship of upland properties adjoining lakes or beaches for conservation or for minimal development. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

NEW SECTION. Sec. 3. A new section is added to chapter 36.61 RCW to read as follows:

A proposal to acquire real property or property rights within or outside of a lake or beach management district in accordance with RCW 36.61.020 is subject to the following limitations and requirements: (1) The real property or property rights proposed for acquisition must be in a county located west of the crest of the Cascade mountain range that plans under RCW 36.70A.040 and has a population of more than forty thousand and fewer than sixty-five thousand persons as of April 1, 2013, as determined by the office of financial management; and (2) prior to the acquisition of real property or property rights, the proposal must have the written approval of a majority of the property owners of the district, as determined by the tax rolls of the county assessor.

Sec. 4. RCW 36.61.070 and 2008 c 301 s 9 are each amended to read as follows:

(1) After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: ~~((4))~~ (a) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; ~~((2))~~ (b) the number of years the lake or beach management district will exist; ~~((3))~~ (c) the amount to be raised by special assessments or rates and charges; ~~((4))~~ (d) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; ~~((5))~~ (e) if rates and charges are to be imposed, a description of the proposed rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and ~~((6))~~ (f) the estimated special assessment or rate and

charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

(2) No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

Sec. 5. RCW 36.61.220 and 2008 c 301 s 21 are each amended to read as follows:

Within ~~((fifteen))~~ thirty days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of the same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefitted thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

Sec. 6. RCW 36.61.250 and 1985 c 398 s 25 are each amended to read as follows:

Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, the county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action.

Sec. 7. RCW 36.61.260 and 2008 c 301 s 23 are each amended to read as follows:

(1) Counties may issue lake or beach management district revenue bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty- day period provided in RCW 36.61.190.

(2) Whenever lake or beach management district revenue bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

(3) Lake or beach management district revenue bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

~~((2))~~ (4)(a) Lake or beach management district revenue bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district revenue bond shall not have any claim for the payment thereof against the county that issues the bonds except for: (i) With respect to revenue bonds payable from special assessments, payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from the special fund or funds, and a lake or beach management district guaranty fund, that may have been created; and (ii) with respect to revenue bonds payable from rates and charges, payment from rates and charges deposited in the special fund or funds that the county may have created for that

purpose. Revenue bonds may be payable from both special assessments and from rates and charges. The county shall not be liable to the owner of any lake or beach management district bond for any loss to ~~((the))~~ a lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, rates and charges, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds. Notwithstanding the provisions of this subsection, nothing in this section may be interpreted as limiting a county's issuance of bonds pursuant to RCW 36.67.010 in order to assist in the financing of improvements to lakes or beaches located within or partially within the boundaries of the county, including without limitation lakes or beaches located within a lake or beach management district.

~~((b))~~ The substance of the limitations included in this subsection ~~((4))~~ shall be plainly printed, written, engraved, or reproduced on: ~~((a))~~ ~~((i))~~ Each lake or beach management district bond that is a physical instrument; ~~((b))~~ ~~((ii))~~ the official notice of sale; and ~~((c))~~ ~~((iii))~~ each official statement associated with the lake or beach management district bonds.

~~((3))~~ ~~((5))~~ If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing ~~((the))~~ lake or beach management district revenue bonds when due, the owner of the lake or beach management district revenue bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

~~((4))~~ ~~((6))~~ A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed. A county may, in the discretion of the legislative authority of the county, deposit amounts into a lake or beach management district bond guaranty fund from any money legally available for that purpose. Any amounts remaining in the guaranty fund after the repayment of all revenue bonds secured thereby and the payment of assessment installments, may be applied to lake or beach improvement and maintenance activities or to other district purposes.

~~((5))~~ ~~((7))~~ Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

Sec. 8. RCW 36.61.030 and 2008 c 301 s 5 are each amended to read as follows:

A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least ~~((fifteen))~~ twenty percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the

lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

MESSAGE FROM THE HOUSE

March 7, 2014

MR. PRESIDENT:

FIFTY EIGHTH DAY, MARCH 11, 2014

2014 REGULAR SESSION

The House passed SECOND SUBSTITUTE SENATE BILL NO. 6330 with the following amendment(s): 6330-S2 AMH FIN H4439.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax preference contained in RCW 84.14.040 and 84.14.060. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to stimulate the construction of new multifamily housing in urban growth areas located in unincorporated areas of rural counties where housing options, including affordable housing options, are severely limited. It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for eight to twelve years, as provided for in RCW 84.14.020, in order to provide incentives to developers to construct new multifamily housing thereby increasing the number of affordable housing units for low to moderate-income residents in certain rural counties.

(3) If a review finds that at least twenty percent of the new housing is developed and occupied by households making at or below eighty percent of the area median income, at the time of occupancy, adjusted for family size for the county where the project is located or where the housing is intended exclusively for owner occupancy, the household may earn up to one hundred fifteen percent of the area median income, at the time of sale, adjusted for family size for the county where the project is located, then the legislature intends to extend the expiration date of the tax preference.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to data provided by counties in which beneficiaries are utilizing the preference, the office of financial management, the department of commerce, the United States department of housing and urban development, and other data sources as needed by the joint legislative audit and review committee.

Sec. 2. RCW 84.14.007 and 2012 c 194 s 1 are each amended to read as follows:

It is the purpose of this chapter to encourage increased residential opportunities, including affordable housing opportunities, in cities that are required to plan or choose to plan under the growth management act within urban centers where the governing authority of the affected city has found there is insufficient housing opportunities, including affordable housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities, including affordable housing opportunities, within these urban centers. To achieve these purposes, this chapter provides for special valuations in residentially deficient urban centers for eligible improvements associated with multiunit housing, which includes affordable housing. It is an additional purpose of this chapter to allow unincorporated areas of rural counties that are within urban growth areas to stimulate housing opportunities and for certain counties to stimulate housing opportunities near college campuses to promote dense, transit-oriented, walkable college communities.

Sec. 3. RCW 84.14.010 and 2012 c 194 s 2 are each reenacted and amended to read as follows:

~~((Unless the context clearly requires otherwise,))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means residential housing that is rented by a person or household whose monthly housing costs, including utilities other than telephone, do not exceed thirty percent of the household's monthly income. (8) "Household" means a single person, family, or unrelated persons living together.

(9) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "low-income household" means a household that has an income at or below one hundred percent of the median family income adjusted for family size, for the county where the project is located.

(10) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than eighty percent but is at or below one hundred fifteen percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "moderate-income household" means a household that has an income that is more than one hundred percent, but at or below one hundred fifty percent, of the median family income adjusted for family size, for the county where the project is located.

(13) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a

nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(14) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(15) "Residential targeted area" means an area within an urban center or urban growth area that has been designated by the governing authority as a residential targeted area in accordance with this chapter. With respect to designations after July 1, 2007, "residential targeted area" may not include a campus facilities master plan.

(16) "Rural county" means a county with a population between fifty thousand and seventy-one thousand and bordering Puget Sound.

(17) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

~~((17))~~ (18) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

Sec. 4. RCW 84.14.040 and 2012 c 194 s 4 are each amended to read as follows:

(1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing, including affordable housing, to meet the needs of the public who would be likely to live in the urban center, if the affordable, desirable, attractive, and livable places to live were available;

(c) The providing of additional housing opportunity, including affordable housing, in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; and

(d) If the residential targeted area is designated by a county, the area must be located in an unincorporated area of the county that is within an urban growth area under RCW 36.70A.110 and the area must be: (i) In a rural county, served by a sewer system and designated by a county prior to January 1, 2013; or (ii) in a county that includes a campus of an institution of higher education, as defined in RCW 28B.92.030, where at least one thousand two hundred students live on campus during the academic year.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for

two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city or county where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Requirements that address demolition of existing structures and site utilization; and

(c) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(6) The governing authority may adopt and implement, either as conditions to eight-year exemptions or as conditions to an extended exemption period under RCW 84.14.020(1)(a)(ii)(B), or both, more stringent income eligibility, rent, or sale price limits, including limits that apply to a higher percentage of units, than the minimum conditions for an extended exemption period under RCW 84.14.020(1)(a)(ii)(B). For any multiunit housing located in an unincorporated area of a county, a property owner seeking tax incentives under this chapter must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households. In the case of multiunit housing intended exclusively for owner occupancy, the minimum requirement of this subsection (6) may be satisfied solely through housing affordable to moderate-income households.

Sec. 5. RCW 84.14.060 and 2012 c 194 s 6 are each amended to read as follows:

(1) The duly authorized administrative official or committee of the city or county may approve the application if it finds that:

(a) A minimum of four new units are being constructed or in the case of occupied rehabilitation or conversion a minimum of four additional multifamily units are being developed;

(b) If applicable, the proposed multiunit housing project meets the affordable housing requirements as described in RCW 84.14.020;

(c) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(d) The owner has complied with all standards and guidelines adopted by the city or county under this chapter; and

(e) The site is located in a residential targeted area of an urban center or urban growth area that has been designated by the governing authority in accordance with procedures and guidelines indicated in RCW 84.14.040.

(2) An application may not be approved after July 1, 2007, if any part of the proposed project site is within a campus facilities master plan, except as provided in RCW 84.14.040(1)(d).

(3) An application may not be approved for a residential targeted area in a rural county on or after January 1, 2020."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.52.010 and 2011 c 336 s 369 are each reenacted and amended to read as follows:

The following definitions apply in this chapter:

(1) "Access" means to approach, instruct, communicate with, store data in, retrieve data from, or otherwise make use of any resources of a computer, directly or by electronic means.

(2) "Computer program" means an ordered set of data representing coded instructions or statements that when executed by a computer cause the computer to process data.

(3) "Data" means a representation of information, knowledge, facts, concepts, or instructions that are being prepared or have been prepared in a formalized manner and are intended for use in a computer.

(4) "Enter." (5) "Enters or remains unlawfully." A person "enters or remains unlawfully" in or upon premises when he or she is not then licensed, invited, or otherwise privileged to so enter or remain.

A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part of a building which is not open to the public. A person who enters or remains upon unimproved and apparently unused land, which is neither fenced nor otherwise enclosed in a manner designed to exclude intruders, does so with license and privilege unless notice against trespass is personally communicated to him or her by the owner of the land or some other authorized person, or unless notice is given by posting in a conspicuous manner. Land that is used for commercial aquaculture or for growing an agricultural crop or crops, other than timber, is not unimproved and apparently unused land if a crop or any other sign of cultivation is clearly visible or if notice is given by posting in a conspicuous manner. Similarly, a field fenced in any manner is not unimproved and apparently unused land. A license or privilege to enter or remain on improved and apparently used land that is open to the public at particular times, which is neither fenced nor otherwise enclosed in a manner to exclude intruders, is not a license or privilege to enter or remain on the land at other times if notice of prohibited times of entry is posted in a conspicuous manner.

(6) "Posting in a conspicuous manner" includes posting a sign or signs reasonably likely to come to the attention of intruders, indicating that entry is restricted or, if the property is located outside of urban growth areas and incorporated cities or towns, the placement of identifying fluorescent orange paint marks on trees or posts on property.

(a) Identifying fluorescent orange marks must be:

(i) Vertical lines not less than eight inches in length and not less than one inch in width;

(ii) Placed so that the bottom of the mark is between three and five feet from the ground; and

(iii) Placed at locations that are readily visible to any person approaching the property and no more than one hundred feet apart on forest land, as defined in RCW 76.09.020, or one thousand feet apart on land other than forest land.

(b) A landowner must use signs for posting in a conspicuous manner on access roads.

(7) "Premises" includes any building, dwelling, structure used for commercial aquaculture, or any real property."

MESSAGE FROM THE HOUSE

March 7, 2014

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6388 with the following amendment(s): 6388-S.E AMH ENGR H4422.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the availability of affordable, fresh, and nourishing foods is essential for individuals to maintain a healthy lifestyle. The legislature also finds that new methods of purchasing and delivering fresh, nourishing foods are emerging and lowering the costs of these foods. The legislature further finds that some of the new business models for purchasing and delivering fresh, nourishing foods are being inappropriately classified as food service establishments. Therefore, it is the intent of the legislature to establish a direct seller license for businesses that sell and collect payment only through a web site for prepackaged foods obtained from a food processor either licensed or inspected, or both, by a state or federal regulatory agency and that deliver the food directly to consumers without any interim storage.

NEW SECTION. Sec. 2. A new section is added to chapter 69.04 RCW to read as follows:

(1) The department shall issue a license to operate as a direct seller to any entity that:

(a) Submits a completed application on forms approved by the department;

(b) Provides the department with a list of all leased, rented, or owned vehicles, other than vehicles that are rented for less than forty-five days, used by the applicant's business to deliver food;

(c) Maintains all records of vehicles that are rented for less than forty-five days for at least twelve months following the termination of the rental period;

(d) Maintains food temperature logs or uses a device to monitor the temperature of the packages in real time for all food while in transport; and

(e) Submits all appropriate fees to the department.

(2) The department shall develop, by rule, an annual license and renewal fee to defray the costs of administering the licensing and inspection program created by this section. All moneys received by the department under the provisions of this section must be paid into the food processing inspection account created in RCW 69.07.120 and must be used solely to carry out the provisions of this section.

(3)(a) A licensed direct seller is required to protect food from contamination while in transport. Food must be transported under conditions that protect food against physical, chemical, and microbial contamination, as well as against deterioration of the food and its container.

(b) Compliance with this subsection (3) requires, but is not limited to, the separation of raw materials in such a fashion that they avoid cross-contamination of other food products, particularly ready-to-eat food. An example of this principle includes ensuring that, during the transport of raw fish and seafood, meat, poultry, or other food which inherently contains pathogenic and spoilage microorganisms, soil, or other foreign material, the raw materials may not come into direct contact with other food in the same container or in any other cross-contaminating circumstance.

(4) In the event of a food recall or when required by the department, a federal, state, or local health authority in response to a food borne illness outbreak, a licensed direct seller shall use its client listserv to notify customers of the recall and any other relevant information.

(5) In the implementation of this section, the department shall:

(a) Conduct inspections of vehicles, food handling areas, refrigeration equipment, and product packaging used by a licensed direct seller;

(b) Conduct audits of temperature logs and other food handling records as appropriate;

(c) Investigate any complaints against a licensed direct seller for the failure to maintain food safety; and

(d) Adopt rules, in consultation with the department of health and local health jurisdictions, necessary to administer and enforce the program consistent with federal regulations.

(6) Direct sellers that have a license from the department under this section are exempt from the permitting requirements of food service rules adopted by the state board of health and any local health jurisdiction.

(7) The director may deny, suspend, or revoke any license provided under this section if the director determines that an applicant or licensee has committed any of the following:

(a) Refused, neglected, or failed to comply with the provisions of this section, the rules and regulations adopted under this section, or any order of the director;

(b) Refused, neglected, or failed to keep and maintain records required by this chapter, or refused the department access to such records;

(c) Refused the department access to any portion or area of vehicles, food handling areas, or any other areas or facilities housing equipment or product packaging used by the direct retailer in the course of performing business responsibilities; or

FIFTY EIGHTH DAY, MARCH 11, 2014

2014 REGULAR SESSION

(d) Failed to submit an application for a license meeting the requirements of this section or failed to pay the appropriate annual license or renewal fee.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise:

(a) "Department" means the department of agriculture.

(b) "Direct seller" means an entity that receives prepackaged food from a food processor that is either licensed or inspected, or both, by a state or federal regulatory agency or the department and that delivers the food directly to consumers who only placed and paid for an order on the entity's web site, as long as:

(i) The food is delivered by the entity without opening the packaging and without dividing it into smaller packages;

(ii) There is no interim storage by the entity; and

(iii) The food is delivered by means of vehicles that are equipped with either refrigeration or freezer units, or both, and that meet the requirements of rules authorized by this chapter.

Sec. 3. RCW 69.07.120 and 2011 c 281 s 12 are each amended to read as follows:

All moneys received by the department under the provisions of this chapter, section 2 of this act, and chapter 69.22 RCW shall be paid into the food processing inspection account hereby created within the agricultural local fund established in RCW 43.23.230 and shall be used solely to carry out the provisions of this chapter, section 2 of this act, and chapters 69.22 and 69.04 RCW."

Correct the title.
and the same are herewith transmitted.

MOTION

Senator Liias moved that the following striking amendment by Senators Liias and Hill be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax credit and tax deferral contained in sections 2 and 3 of this act. This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes these tax preferences as intended to improve industry competitiveness and create or retain jobs, as indicated in RCW 82.32.808(2) (b) and (c).

(2) It is the legislature's specific public policy objective to improve industry competitiveness and create or retain more jobs. It is the legislature's intent to provide a business and occupation tax credit for high-technology companies performing research and development and a sales and use tax deferral for certain construction and equipment purchases for new and expanding high-technology companies conducting research and development in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, or environmental technology, in order to reduce the business costs of performing research and development in specified areas and to reduce the cost of certain construction and equipment purchases used for research and development, thereby encouraging investments in research and development, thereby increasing the number of firms in the industry performing research and development activities, thereby increasing the number of jobs performing research and development in the high-technology industry.

(3) If a review finds that the number of businesses participating in the credit and deferral programs, and the overall number of jobs for businesses participating in the credit and deferral programs performing research and development, have increased compared to the number at the time of enactment, then the legislature intends to extend the expiration date of the tax preferences.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to: (a) Employment data available from the employment security department; and (b) the North American industrial code system (NAICS) from the department of revenue.

Sec. 2. RCW 82.04.4452 and 2010 c 114 s 114 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed for each person whose research and development spending during the year in which the credit is claimed exceeds 0.92 percent of the person's taxable amount during the same calendar year.

(2) The credit is calculated as follows:

(a) Determine the greater of the amount of qualified research and development expenditures of a person or eighty percent of amounts received by a person other than a public educational or research institution in compensation for the conduct of qualified research and development;

(b) Subtract 0.92 percent of the person's taxable amount from the amount determined under (a) of this subsection;

(c) Multiply the amount determined under (b) of this subsection by the following:

(i) For the period June 10, 2004, through December 31, 2006, the person's average tax rate for the calendar year for which the credit is claimed;

(ii) For the calendar year ending December 31, 2007, the greater of the person's average tax rate for that calendar year or 0.75 percent;

(iii) For the calendar year ending December 31, 2008, the greater of the person's average tax rate for that calendar year or 1.0 percent;

(iv) For the calendar year ending December 31, 2009, the greater of the person's average tax rate for that calendar year or 1.25 percent;

(v) For the calendar year ending December 31, 2010, and thereafter, 1.50 percent.

For purposes of calculating the credit, if a person's reporting period is less than annual, the person may use an estimated average tax rate for the calendar year for which the credit is claimed by using the person's average tax rate for each reporting period. A person who uses an estimated average tax rate must make an adjustment to the total credit claimed for the calendar year using the person's actual average tax rate for the calendar year when the person files its last return for the calendar year for which the credit is claimed.

2014 REGULAR SESSION

(3) Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

(4) The credit, including any credit assigned to a person under subsection (3) of this section, must be claimed against taxes due for the same calendar year in which the qualified research and development expenditures are incurred. The credit, including any credit assigned to a person under subsection (3) of this section, for each calendar year may not exceed the lesser of two million dollars or the amount of tax otherwise due under this chapter for the calendar year.

(5) For any person claiming the credit, including any credit assigned to a person under subsection (3) of this section, whose research and development spending during the calendar year in which the credit is claimed fails to exceed 0.92 percent of the person's taxable amount during the same calendar year or who is otherwise ineligible, the department must declare the taxes against which the credit was claimed to be immediately due and payable. The department must assess interest, but not penalties, on the taxes against which the credit was claimed. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid. (b) "Qualified research and development expenditures" means operating expenses, including wages, compensation of a proprietor or a partner in a partnership as determined under rules adopted by the department, benefits, supplies, and computer expenses, directly incurred in qualified research and development by a person claiming the credit provided in this section. (8) This section expires (~~January~~) October 1, 2015.

Sec. 3. RCW 82.63.030 and 2008 c 15 s 4 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the department (~~shall~~) must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project.

(2) No certificate may be issued for an investment project that has already received a deferral under chapter 82.60 RCW or this chapter, except that an investment project for qualified research and development that has already received a deferral may also receive an additional deferral certificate for adapting the investment project for use in pilot scale manufacturing.

(3) This section (~~shall~~) expires (~~January~~) October 1, 2015.

(2) For purposes of this section and RCW 82.12.02565:

WHEREAS, Medal of Honor and Purple Heart recipient, Staff Sergeant Ty Michael Carter, began his distinguished military career by enlisting in the United States Marine Corps in October 1998; and

individuals who continued to attack Sergeant Carter and his squadron; and

WHEREAS, Sergeant Carter was stationed at Joint Base Lewis-McChord, in his home state of Washington, in October 2010, becoming assigned to the position of Stryker gunner with the 8th Squadron, 1st Cavalry Regiment, 2nd Stryker Combat Team, 2nd Infantry Division. Sergeant Carter received a second deployment to Afghanistan in October 2012, before returning to Joint Base Lewis-McChord where he continues to serve today; and

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate offer its sincere gratitude and appreciation to Medal of Honor recipient, Staff Sergeant Ty Michael Carter, who bravely risked his life and fought with unwavering gallantry and fortitude, and give him thanks for his continued service and dedication to the United States of America; and

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Staff Sergeant Ty Michael Carter, 7th Infantry Division, Joint Base Lewis-McChord, U. S. Army who was seated at the rostrum.

With permission of the Senate, business was suspended to allow Staff Sgt. Carter to address the Senate.

REMARKS BY STAFF SERGEANT TY MICHAEL CARTER

Staff Sgt. Ty Michael Carter: "Thank you. Well, I appreciate the kind words of the two gentlemen that spoke today and I thank everyone here for allowing myself and of course my comrades to show up. I am still active duty and because I can't really carry a rifle anymore one of my primary goals has been to educate not only the services but the American people on the unseen wounds

of war. Part of that is also removing the stigma from the military and of course any type of organization that would see somebody seeking help for difficulties in their life as a weakness. What I try to do is remove that. One of the things that has been a big deal for me is, in the education is removing the 'D' from post-traumatic stress disorder. And when I normally speak about it I comment that post-traumatic stress is an instinctive reflexive reaction of our body and mind to recall the traumatic incident so you can avoid repeating it. And the simple fact is the most common form of post-traumatic stress is a car accident. So, it's not a soldier thing, it's not a man thing, it's not a woman thing, it's a people thing. The sooner we understand this the sooner we can allow ourselves to believe it is okay to talk to a friend, talk to a family member, talk to a professional, if we are having difficulty in our lives. The sooner we can get this into our heads and educate ourselves and everybody around us the sooner we can reduce the possibility of suicide, we can increase the product ability of our professional organization, be it the military or a corporation and the sooner we can all actually improve the quality of life of our own lives. So, I'm actually asking in a way that anytime you hear about the post-traumatic stress being a disorder or anytime you see somebody that may need assistance, speak up about it and hopefully we can change the way that not only our services see what's going but also the entire United State of America. So, for that I say thank you."

Army; Sergeant First Class Chad Smith, 7th Infantry Division, Joint Base Lewis-McChord, U. S. The study shall include analysis of the costs and revenues of current methods and compare those to alternatives, and include analysis of the impact of current methods and alternatives to revenues received by the state. Included shall be an examination of costs and revenue generation before and after the implementation of chapter 379, Laws of 2003 (SSB 5990) and chapter 362, Laws of 2005 (SSB 5256) and analysis of whether these changes met the legislative goals of reducing costs and increasing collections. A report on the results of the analysis shall be presented to the appropriate committees of the legislature by December 2014.

(6) The committee shall conduct a study of economic development programs and projects supported by the state general fund in the department of commerce. The study shall first review the extent to which these programs: (a) Included specific economic development targets; (b) monitored economic development targets; (c) required for programs which provided support or services through contracts, whether the contracts were structured such that if economic development targets were not met, contracts were reviewed or revised; and (d) changed the economic development targets of associate development organizations relative to funding increases since 2007. The study will include the feasibility of determining how to isolate other factors, such as general economic trends, from the impacts of economic development programs. The costs and options for conducting future analysis of the outcomes specific to economic development programs shall be included and a briefing report shall be provided to the appropriate committees of the legislature by December 1, 2013. (11) Within the appropriations in this section, the joint legislative audit and review committee shall review the tax exemption provided under Engrossed House Bill No. 2447 (small business incubators) and its actual fiscal impact on state revenues to determine if the fiscal impact to state revenues reasonably conforms to the fiscal estimate in the fiscal note for this legislation.

**PART II
HUMAN SERVICES**

Sec. 201. 2013 2nd sp.s. c 4 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall

not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(7)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided

in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

TOTAL APPROPRIATION ((\$1,215,448,000))	\$1,341,715,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$104,999,000 of the general fund--state appropriation for fiscal year 2014 and ((~~\$85,895,000~~)) \$88,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year 2014 and ((~~\$23,446,000~~)) \$20,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed ((as follows:

(i) ~~The \$4,343,000 reduction in fiscal year 2014 and \$11,723,000 of the reduction in fiscal year 2015 must be distributed~~) among regional support networks based on a formula that equally weights each regional support networks proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act ((in fiscal year 2014)) and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

((ii) The remaining \$11,723,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.))

The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(m) \$5,986,000 of the general fund--state appropriation for fiscal year 2014, \$11,592,000 of the general fund--state appropriation for fiscal year 2015, and \$10,160,000 of the general fund--federal appropriation are provided solely for implementation of chapter 335, Laws of 2013 (ESSB 5480). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(o) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN

for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to \$298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(p) \$266,000 of the general fund--state appropriation for fiscal year 2014 ~~(is)~~ and \$1,500,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(q) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

The appropriations in this section are subject to the following conditions and limitations:

(1) (((\$1,143,994,000)) \$1,900,484,000 of the general fund--federal appropriation is provided solely to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and limitations in this subsection. If the federal medical assistance percentage for the medicaid expansion falls below the percentages in section 1905(y) of the social security act as of July 1, 2013, the authority shall ensure that the state does not incur any additional state costs above what would have been incurred had the federal medical assistance percentages remained at the percentages in section 1905(y) as of July 1, 2013. The director is authorized to make any necessary program adjustments to comply with this requirement, including adding or adjusting premiums, modifying benefits, or reducing optional programs. To the extent a waiver is needed to accomplish this, the director shall promptly apply for such waiver. If a necessary waiver is not approved, the medicaid expansion program shall be terminated upon appropriate notification to the legislature and enrollees.

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(9) \$400,000 of the general fund--state appropriation for fiscal year 2014, ~~(\$400,000)~~ \$200,000 of the general fund--state appropriation for fiscal year 2015, and ~~(\$800,000)~~ \$600,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to rural hospitals certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011 that do not participate in the certified public expenditures program. The authority shall discontinue these payments on January 1, 2015.

(10) \$100,000 of the general fund--state appropriation for fiscal year 2014 and ~~(\$100,000)~~ \$50,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments on January 1, 2015.

(11) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(12) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way

offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(13) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this

subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$3,860,000)~~) \$11,928,000 of the general fund--state appropriation for fiscal year 2014 and (~~(\$1,137,000)~~) \$14,821,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

(14) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(15) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(16) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

(17) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(a) The financial impacts and reach that diabetes of all types and undiagnosed gestational diabetes are having on the programs administered by each agency and individuals, including children with mothers with undiagnosed gestational diabetes, enrolled in those programs. on managing, treating, or preventing all types of diabetes and its complications;

The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (17).

(18) Within the amounts appropriated in this section, the authority shall identify strategies to improve patient adherence to treatment plans for diabetes and implement these strategies as a pilot through one health home program to be identified by the authority. The authority shall report to the governor and the legislature in December 2014 on the progress of strategy implementation. The authority shall report to the governor and legislature in December 2015 on patient outcomes and cost savings derived from new adherence strategies in the health home model and make recommendations for improving the strategies.

(19) Effective January 1, 2014, managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(20) \$25,000 of the general fund--state appropriation for fiscal year 2014 and \$25,000 of the general fund--federal appropriation are provided solely for the development of recommendations for funding integrated school nursing and outreach services. In developing these recommendations, the authority shall inquire with the federal centers for medicare and medicaid services about state plan amendment or waiver options for receiving additional federal matching funds for school nursing services provided to children enrolled in apple health for kids. The recommendations shall include proposals for funding training and reimbursement for nurses that provide outreach services to help eligible students enroll in apple health for kids and other social services programs. (27) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. The authority shall apply federal rules for identifying the difference between average commercial rates and fee-for-service medicaid payments. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

(28) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit beginning January 1, 2014.

~~((39))~~ (37) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

~~((40))~~ (38) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

~~((41))~~ (39) Within amounts appropriated, the health care authority shall conduct a review of its management and staffing structure to identify efficiencies and opportunities to reduce full time equivalent employees and other administrative costs. To maintain continuity of coverage, the authority shall offer the option to stay in a fee-for-service program to clients that are already enrolled in the breast and cervical cancer treatment program and will be transitioned into the new adult group upon implementation of the medicaid expansion. The authority will continue to provide coverage to clients that are already enrolled in the breast and cervical cancer treatment program at the time of program elimination until their courses of treatment are completed)) Sufficient amounts are appropriated in this section to restore medicaid coverage under the breast and cervical cancer treatment program.

~~((45))~~ (43) \$40,000 of the general fund--state appropriation for fiscal year 2014 and \$40,000 of the general fund--federal appropriation are provided solely for the authority to create a new position to provide adequate oversight and assistance to managed care organizations, rural health clinics, and federally qualified health centers under a new administratively streamlined payment methodology. Effective July 1, 2013, or upon obtaining any necessary federal approval, but in no case during the first quarter of a calendar year, the authority shall implement an administratively streamlined payment methodology for federally qualified health centers and rural health clinics. The authority's payments to managed care organizations shall include the full encounter payment comprised of both the standard and enhancement payments for federally qualified health centers and rural health clinics as defined in the medicaid state plan and in accordance with section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment and full pass through of the obligated funds. For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center, and payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority. At the option of any clinic, the enhancement payment can be received from the managed care organization on a per member per month basis for all assigned managed care enrollees in an amount prescribed by the authority. Nothing in this section is intended to disrupt mutually agreeable contractual arrangements between managed care organizations and clinics that impact how the standard payment for services is paid. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers in WAC 284-43-321. The authority shall exercise all

necessary options under its existing sanctions policy to enforce timely payment of claims. The authority shall ensure necessary staff and resources are identified to actively monitor and enforce the timeliness and accuracy of payments to federally qualified health centers and rural health clinics. By January 1, 2014, and after collaboration with federally qualified health centers, rural health clinics, managed care plans, and the centers for medicare and medicaid services, the authority will produce a report that provides options for a new payment methodology that rewards innovation and outcomes over volume of services delivered, and which maintains the integrity of the rural health clinic and federally qualified health center programs as outlined under federal law. The report will detail necessary federal authority for implementation and provide the benefits and drawbacks of each option.

~~((46))~~ (44) \$3,605,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to proportionally reduce the amounts that rural health clinics owe the state under the calendar year 2009 recoupment.

~~((47))~~ (45) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the current medicaid benefit plan beginning January 1, 2014. ~~((The authority shall monitor the costs of the habilitative benefit as part of the forecasting process but shall not provide this benefit in the current medicaid benefit plan without a direct appropriation in the omnibus appropriations act.~~

~~((48))~~ (46) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply or the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

~~((49))~~ (47)(a) \$75,000 of the general fund--state appropriation for fiscal year 2014 and \$75,000 of the general fund--federal appropriation are provided solely for preparing options with an expert consultant for possible implementation of a targeted premium assistance program and possible implementation of the federal basic health option. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the targeted premium assistance program. The authority shall develop options for a waiver request to the federal centers for medicare and medicaid services to implement a targeted premium assistance program for the expansion adults, identified in section 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes above one hundred percent of the federal poverty level, and for children covered in the children's health insurance program with incomes above two hundred percent of the federal poverty level, with a goal of providing seamless coverage through the health benefit exchange and improving opportunities for families to be covered in the same health plans. The options must include the possibility of applying premiums for individuals and cost-sharing that may exceed the five percent of family income cap under federal law, and the options must include recommendations to make the targeted premium assistance program cost neutral. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014. The authority is encouraged to be creative, use subject matter experts, and exhaust all possible options to achieve cost neutrality. The report shall also include a detailed

The authority shall prepare options for implementing the federal basic health option as federal guidance becomes available. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014, or ninety days following the release of federal guidance. The report must include a comparison of the premiums and cost-sharing under the federal basic health option with the premium assistance options described in this subsection, options for implementing the federal basic health option in combination with a premium assistance program, a detailed fiscal analysis for each coverage approach, including the estimated costs for system design and implementation, and information about impacted populations.

(b) Where possible, the authority shall leverage the same expert consultants to review each proposal and compare and contrast the approaches to ensure seamless coordination with the health benefit exchange.

(c) The authority shall collaborate with the joint select committee on health care oversight in the development of these options.

(48) \$229,000 of the general fund--state appropriation for fiscal year 2015 and \$195,000 of the general fund--federal appropriation are provided solely to implement Engrossed Second Substitute House Bill No. 2639 (mental health, chemical dependency) and Engrossed Second Substitute House Bill No. 2315 (suicide prevention). (49) \$500,000 of the general fund--state appropriation for fiscal year 2015 is provided solely to begin the necessary econometric modeling of the federal basic health program option to analyze the program enrollment, and the costs and impacts to the state, the enrollees, health care provider and facility reimbursement, and the insurance marketplace. By December 31, 2014, the authority shall publish a report on the findings of the econometric modeling. The report shall include impacts on:

(a) Reimbursement levels affecting provider participation and its relationship to network adequacy in the program;

(b) The financial stability of the Washington health benefit exchange, including enrollment, risk profile, and fees for operational sustainability; and

(c) Continuity of care, access, and affordability of coverage for potential enrollees in the federal basic health program compared to the insurance marketplace.

If the bill is not enacted by June 30, 2014, the amounts provided in this subsection shall lapse.

(52) The health care authority may contract with any managed health care system to provide medicaid services to the extent that minimum contracting requirements defined by the authority are met for a given region. The authority shall respond to any request to contract from a managed health care system with a written explanation of the preliminary decision within ninety days, with a final decision contingent on successful completion of an onsite readiness review process conducted by the authority. New

managed health care systems will only be considered for inclusion during annual contract renewal periods, and requests must be submitted no later than June 1 to be considered for the next contract year. The authority must heavily weigh the benefit of medicaid-exchange alignment in reaching its decision.

(53) The appropriations to the authority in this act shall be expended for the purposes and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, 2014, may transfer general fund--state appropriations for fiscal year 2014 that are provided solely for a specified purpose. The authority shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The evaluation must include an analysis of lean management processes that, if adopted, could improve the efficiency and cost effectiveness of inmate intake.

(d) By December 1, 2013, the department of corrections shall provide a report to the office of financial management and the appropriate fiscal and policy committees of the legislature that evaluates the department's use of partial confinement and work release programs and makes recommendations for improving public safety and decreasing recidivism through increasing participation in partial confinement re-entry and work release programs. These steps will also assist the department's implementation of additional operational efficiencies by reducing costs related to offender intake, processing, and transportation.

The department shall not pay a rate greater than \$65 per day per offender for all costs associated with the offender while in the local correctional facility to include programming and health care costs, or the equivalent of \$65 per day per bed including programming and health care costs for full units. The capacity provided at local correctional facilities must be for offenders whom the department of corrections defines as medium or lower security offenders. Local jurisdictions must provide health care to offenders that meet standards set by the department. The local jail will provide all medical care including unexpected emergent care. The department must utilize a screening process to ensure that offenders with existing extraordinary medical/mental health needs are not transferred to local jail facilities. If extraordinary medical conditions develop for an inmate while at a jail facility the jail may transfer the offender back to the department, subject to terms of the negotiated agreement. Health care costs incurred prior to transfer will be the responsibility of the jail. The department will report to legislative fiscal committees and the office of financial management by November 1, 2013, to provide a status update on implementation.

School districts that receive adjustments under this subsection are not guaranteed adjustments in future years and must reapply. Adjustments may not exceed the total appropriation provided in this subsection for fiscal year 2015.

~~((3))~~ (4) A maximum of \$892,000 of this fiscal year 2014 appropriation and a maximum of \$892,000 of the fiscal year 2015 appropriation may be expended for regional transportation coordinators and related activities. (2) Changes made to the state need grant program in the 2011-2013 fiscal biennium are continued in the 2013-2015 fiscal biennium including aligning increases in awards given to private institutions with the annual tuition increases for public research institutions or the private institution's average annual tuition increase experience of 3.5 percent per year, whichever is less, and reducing the awards for students who first enrolled as a new student in for-profit institutions as of the 2011-2012 academic year or thereafter by fifty percent, except that one-half of the fifty percent reduction shall be restored on July 1, 2013, for students attending regionally accredited for-profit institutions.

(3) Changes made to the state work study program in the 2009-2011 and 2011-2013 fiscal biennia are continued in the 2013-2015 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off-campus job development, historical utilization trends, and student need.

(6) ~~(\$36,036,000)~~ \$48,297,000 of the education legacy trust account--state appropriation is provided solely for the college bound scholarship program and may support scholarships for summer session. The joint transportation committee must convene an advisory panel to provide study guidance and discuss potential efficiencies and recommendations. The scope of the study must be limited to state-level policies and practices relating to the planning, design, permitting, construction, financing, and operation of department of transportation roadway and bridge projects. The study must:

- (iii) Recommend changes to improve efficiency and save money; and
- (iv) Identify potential savings to be achieved by adopting changes in practice or policy.

(b) The joint transportation committee shall issue a report of its findings to the house of representatives and senate transportation committees by December 31, 2013.

(2) The joint transportation committee shall coordinate a work group comprised of the department of licensing, the department of revenue, county auditors or other agents, and subagents to identify possible issues relating to the administration of, compliance with, and enforcement of the existing statutory requirement for a person to provide an unexpired driver's license when registering a vehicle. In addition to reviewing project and financing information, the subcommittee must also coordinate with the Oregon legislative oversight committee for the Columbia river crossing bridge.

(4) The joint transportation committee shall convene a work group to identify and evaluate internal refinance opportunities for the Tacoma Narrows bridge. The study must include a staff work group, including staff from the office of financial management, the transportation commission, the department of transportation, the office of the state treasurer, and the legislative transportation committees. The committee shall submit an interim report by December 31, 2014, and a final report by March 1, 2015.

(7) The joint transportation committee shall coordinate a work group to review the existing titling and registration processes along with policies that county auditors, subagents, and agents must comply with when conducting title and registration transactions. The goal and related outcomes of the work group review are to provide recommendations to streamline processes, modernize policies, and identify potential information technology opportunities. Members of the work group shall only include county auditors, subagents, agents, and the department of licensing. The work group shall submit a report to the transportation committees of the legislature on or before December 1, 2014.

Sec. 205. 2013 c 306 s 205 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION	
Motor Vehicle Account--State Appropriation.....	
.....(\$2,947,000))
.....\$3,516,000
Multimodal Transportation Account--State	
Appropriation.....\$112,000
TOTAL APPROPRIATION(\$3,059,000))
.....\$3,628,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with RCW 43.135.055, 47.60.290, and 47.60.315, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of fares for the Washington state ferry system only in amounts not greater than those sufficient to generate the amount of revenue required by the biennial transportation budget. When adjusting ferry fares, the commission must consider input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the current ferry user survey.

(2) Consistent with RCW 43.135.055 and 47.46.100, during the 2013- 2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of toll charges applicable to the Tacoma Narrows bridge only in amounts not greater than those sufficient to support (a) any required costs for operating and maintaining the toll bridge, including the cost of insurance, (b) any amount required by law to meet the redemption of bonds and applicable interest payments, and (c) repayment of the motor vehicle fund.

(3) Consistent with RCW 43.135.055 and 47.56.880, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to set, periodically review, and, if necessary, adjust the schedule of toll charges applicable to the Interstate 405 express toll lanes.

(4)(a) \$400,000 of the motor vehicle account--state appropriation is provided solely for the development of the business case for the transition to a road usage charge system as the basis for funding the state transportation system, from the current motor fuel tax system. The funds are provided for fiscal year 2014 only.

(b) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012, augmented with participation by the joint transportation committee. The legislature further intends that the department of transportation continue to address administrative,

technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the commission's efforts.

(c) For the purposes of this subsection (~~((4))~~) (4), the commission shall:

(i) Develop preliminary road usage charge policies that are necessary to develop the business case, as well as supporting research and data that will guide the potential application in Washington;

(ii) Develop the preferred operational concept or concepts that reflect the preliminary policies;

(iii) Evaluate the business case for the road usage charge system that would result from implementing the preliminary policies and preferred operational concept or concepts. The evaluation must assess likely financial outcomes if the system were to be implemented; and

(iv) Identify and document policy and other issues that are deemed important to further refine the preferred operational concept or concepts and to gain public acceptance. These identified issues should form the basis for continued work beyond this funding cycle.

(d) The commission shall convene a steering committee to guide the development of the business case. The membership must be the same as provided in chapter 86, Laws of 2012, except that the membership must also include the joint transportation committee executive members.

(e) The commission shall submit a report of the business case to the governor and the transportation committees of the legislature by December 15, 2013. The report must also include a proposed budget and work plan for fiscal year 2015. A progress report must be submitted to the governor and the joint transportation committee by November 1, 2013, including a presentation to the joint transportation committee.

~~((4))~~ (5) \$174,000 of the motor vehicle account--state appropriation is provided solely for the voice of Washington survey program. The funding must be utilized for continued program maintenance and two transportation surveys for the 2013-2015 fiscal biennium.

(6)(a) \$450,000 of the motor vehicle account--state appropriation is provided solely for a work plan to further develop the concept of a road usage charge system. The work plan must include: Refinement of initial policy analysis and development, a concept of operations that incorporates refined policy inputs, and a financial analysis evaluating the operational concept. The refinement of initial policy analysis and development funded under this subsection must be supplemented by the products of complementary policy refinement tasks delegated to the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act. It is the intent of the legislature that consideration for potential planning for a pilot project and any risk analysis occur in the 2015 legislative session.

(b)(i) For the purposes of the refinement of initial policy analysis and development, the work plan must consider phasing and staging of how a road usage charge would be implemented as it relates to the types of vehicles that would be subject to a road usage charge and the nature and manner of a transition period.

(ii) For the purposes of this subsection (6)(b), the legislature intends that the commission focus its analysis by assuming that the exemptions under a road usage charge would be the same as those under the motor vehicle fuel and special fuel taxes. In addition, the commission must engage the road usage charge steering committee, which was reauthorized in chapter 306, Laws of 2013 for fiscal year 2014 and is hereby reauthorized in this act with the same membership, to continue in its role and, at a minimum, to guide the work specified in (a) of this subsection, including the following:

Assessing and recommending the type of vehicles that would be subject to the road usage charge, and assessing and recommending the options for the timing and duration of the transition period. The steering committee shall report its findings and guidance to the commission by December 1, 2014.

(c)(i) For the purposes of the development of the concept of operations, the development must incorporate the products of (b) of this subsection, and, to the extent practicable, the products of work conducted by the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act.

(ii) To reduce system development and operational costs, for road user charge options that rely on in-vehicle devices to record mileage, the work plan must recommend how the state can utilize the technology and back-office platforms that are scheduled to be provided by commercial account managers under the Oregon road usage charge program.

(iii) In addition to a time permit and an odometer charge, the concept of operations recommendation must be developed to include a means for periodic payments based on mileage reporting utilizing methods other than onboard diagnostic in-vehicle devices.

(d) The work plan and recommendations, along with a proposed work plan and budget for the 2015-2017 fiscal biennium, must be submitted by the commission to the transportation committees of the legislature by January 15, 2015.

(7) Within existing resources, the commission shall undertake a study of the urban and rural financial and equity implications of a potential road usage charge system in Washington. The commission shall work with the department of transportation and the department of licensing to conduct this analysis. For any survey work that is considered, the commission should utilize the existing voice of Washington survey panel and budget to inform the study. The results must be presented to the governor and the legislature by January 15, 2015.

(8) \$125,000 of the motor vehicle account--state appropriation is provided solely to update the statewide transportation plan required under RCW 47.01.071(4) with the required federal elements to bring the plan into federal compliance. The legislature intends that a single, statewide transportation plan fulfill the requirements of RCW 47.01.071(4) and 47.06.040 and currently known federal planning requirements. The commission shall work collaboratively with the department of transportation to accomplish this intent. The commission shall submit the completed plan to the transportation committees of the legislature, and the department shall submit the completed plan to the United States department of transportation as required under 23 U.S.C. Sec. 135 by June 30, 2015. The commission shall provide a status update on this work to the transportation committees of the legislature by January 1, 2015.

Motor Vehicle Account--State Appropriation((\$47,607,000))\$48,687,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,423,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(2) The real estate services division of the department must recover the cost of its efforts from sale proceeds and fund additional future sales from those proceeds.

(3) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department shall work with the department of fish and wildlife and transfer and convey the Dryden pit site to the department of fish and wildlife as-is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department is not responsible for any costs associated with the cleanup or transfer of this property. This subsection expires June 30, 2014.

(4) The legislature recognizes that the trail known as the Apple Capital Loop, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on existing state route number 28. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) Nos. 2-09-04537 and 2-09-04569 to Douglas county and the city of East Wenatchee is consistent with the public interest. The legislature directs the department to transfer the property to Douglas county and the city of East Wenatchee. The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes. Douglas county and the city of East Wenatchee must agree to accept responsibility for trail segments within their respective jurisdictions and sign an agreement with the state that the transfer of these parcels to their respective jurisdictions

extinguishes any state obligations to improve, maintain, or be in any way responsible for these assets. This subsection expires June 30, 2014.

(5) The legislature recognizes that the SR 20/Cook Road realignment and extension project in the city of Sedro-Woolley will enhance the state and local highway systems by providing a more direct route from state route number 20 and state route number 9 to Interstate 5, and will reduce traffic on state route number 20 and state route number 9, improving the capacity of each route. Furthermore, the legislature declares that certain portions of the department's property held for highway purposes located primarily to the north and west of state route number 20, between state route number 20 to the south and F and S Grade Road to the north, in the incorporated limits of Sedro-Woolley in Skagit county, can help facilitate completion of the project. Therefore, consistent with RCW 47.12.063, 47.12.080, and 47.12.120, it is the intent of the legislature that the department sell, transfer, or lease, as appropriate, to the city of Sedro-Woolley only those portions of the property necessary to construct the project, including necessary staging areas. However, any staging areas should revert to the department within three years of completion of the project.

(6) Within the amounts provided in this section, the department shall create a quality assurance position. This position must provide independent project quality assurance validation and ensure that quality assurance audit functions are accountable at the highest level of the organization.

(7) To maximize available resources, the department's efforts to eliminate fish passage barriers caused by state roads and highways must be based on the principle of maximizing habitat recovery through a coordinated investment strategy that, to the maximum extent practical and allowable, prioritizes opportunities: To correct multiple fish barriers in whole streams rather than through individual, isolated projects; to coordinate with other entities sponsoring barrier removals, such as regional fisheries enhancement groups, in a manner that achieves the greatest cost savings to all parties; and to eliminate barriers located furthest downstream in a stream system. The department must also recognize that many of the barriers owned by the state are located in the same stream systems as barriers that are owned by cities and counties with limited financial resources for correction and that state/local partnership opportunities should be sought to address these barriers. This subsection takes effect if chapter . . . (Second Substitute House Bill No. 2251), Laws of 2014 is not enacted by June 30, 2014.

(8) \$1,453,000 of the motor vehicle account--state appropriation is provided solely to support increased departmental efforts to dispose of surplus property as directed in subsection (2) of this section. These additional funds are expected to result in up to \$5,000,000 per fiscal biennium in additional revenues through increasing the sale of surplus property. By December 1, 2014, the department shall report to the governor and the chairs and ranking members of the senate and house of representatives transportation committees on the number of surplus property parcels sold and the amount of revenue generated from those sales during 2014.

Sec. 214. 2013 c 306 s 214 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--ECONOMIC PARTNERSHIPS--PROGRAM K
Motor Vehicle Account--State Appropriation((\$570,000))\$589,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation

projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the transportation commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012 for the transportation commission, augmented with participation by the joint transportation committee. The legislature further intends that, through the economic partnerships program, the department continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the transportation commission's efforts.

(2) The economic partnerships program must continue to explore retail partnerships at state-owned park-and-ride facilities, as authorized in RCW 47.04.295.

(3) The department, in collaboration with the transportation commission, shall work with the office of the state treasurer and the state's bond counsel to explore legal approaches for ensuring that any reduction, refunding, crediting, or repeal of the motor vehicle fuel tax, in whole or in part, can be accomplished without unlawfully impairing the legal rights of motor vehicle fuel tax bond holders. The results of this work must be shared with the transportation committees of the legislature and the office of financial management by September 1, 2014.

(4) \$21,000 of the motor vehicle account--state appropriation is provided solely as matching funds for the department to partner with other transportation agencies located in the western region of North America to develop strategies and methods for reporting, collecting, crediting, and remitting road usage charges resulting from inter-jurisdictional travel. At least one partnering jurisdiction must share a common border with Washington. The results of this work must be reported to the governor, the transportation commission, and the transportation committees of the legislature by September 1, 2014.

For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(4) The department shall work with the cities of Lynnwood and Edmonds to provide traffic light synchronization on state route number 524.

~~((6))~~ (5) The department, in consultation with the Washington state patrol, must continue a pilot program for the state patrol to

issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (~~((6))~~) (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use.

~~((7))~~ (6) \$102,000 of the motor vehicle account--state appropriation is provided solely to replace or rehabilitate critical equipment needed to perform traffic control. These funds may not be used to purchase passenger cars as defined in RCW 46.04.382.

Any federal funds gained through efficiencies or the redistribution process that are in excess of \$27,200,000 must then be applied to the "Contingency (Unfunded) Highway Preservation Projects" as identified in LEAP Transportation Document ((2013-2)) 2014-2 ALL PROJECTS as developed ((April 23, 2013)) March 10, 2014, Program - Highway Preservation Program (P). However, no additional federal funds may be allocated to the I- 5/Columbia River Crossing project (400506A).

(3) Within the motor vehicle account--state appropriation and motor vehicle account--federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)--state appropriation includes up to (((\$217,604,000)) \$246,710,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(5) The transportation partnership account--state appropriation includes up to (((\$1,156,217,000)) \$811,595,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(6) The motor vehicle account--state appropriation includes up to \$30,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.843.

(((\$)) (7)(a) (((\$5,000,000)) \$6,174,000 of the motor vehicle account--federal appropriation and (((\$200,000)) \$269,000 of the motor vehicle account--state appropriation are provided solely for the I-90 Comprehensive Tolling Study and Environmental Review project (100067T). The department shall prepare a detailed environmental impact statement that complies with the national environmental policy act regarding tolling Interstate 90 between Interstate 5 and Interstate 405 for the purposes of both managing traffic and providing funding for the construction of the unfunded state route number 520 from Interstate 5 to Medina project. As part of the preparation of the statement, the department must review any impacts to the network of highways and roads surrounding Lake Washington. In developing this statement, the department must provide significant outreach to potential affected communities.

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

The department may consider traffic management options that extend as far east as Issaquah.

(b)(i) As part of the project in this subsection ~~((8))~~ (7), the department shall perform a study of all funding alternatives to tolling Interstate 90 to provide funding for construction of the unfunded state route number 520 and explore and evaluate options to mitigate the effect of tolling on affected residents and all other users of the network of highways and roads surrounding Lake Washington including, but not limited to:

(A) Allowing all Washington residents to traverse a portion of the tolled section of Interstate 90 without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island;

(B) Assessing a toll only when a driver traverses, in either direction, the entire portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing east of Mercer Island; and

(C) Allowing affected residents to choose one portion of the tolled section of Interstate 90 upon which they may travel without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island.

(ii) The department may also consider any alternative mitigation options that conform to the purpose of this subsection ~~((8))~~ (7).

(iii) For the purposes of this subsection ~~((8))~~ (7), "affected resident" means anyone who must use a portion of Interstate 90 west of Interstate 405 upon which tolling is considered in order to access necessary medical services, such as a hospital.

~~((9) \$541,901,000)~~ (8) \$490,796,000 of the transportation partnership account--state appropriation, ~~((144,954,000))~~ \$156,979,000 of the motor vehicle account--federal appropriation, ~~((129,779,000))~~ \$132,191,000 of the motor vehicle account--private/local appropriation, and ~~((78,004,000))~~ \$123,305,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the SR 99/Alaskan Way Viaduct - Replacement project (809936Z). Amounts appropriated in this subsection may not be spent for the purpose of public transportation mitigation, except pursuant to an agreement or agreements between the department and King county as that agreement or agreements existed on January 1, 2013.

~~((10))~~ (9) The department shall reconvene an expert review panel of no more than three members as described under RCW 47.01.400 for the purpose of updating the work that was previously completed by the panel on the Alaskan Way viaduct replacement project and to ensure that an appropriate and viable financial plan is created and regularly reviewed. The expert review panel must be selected cooperatively by the chairs of the senate and house of representatives transportation committees, the secretary of transportation, and the governor. The expert review panel must report findings and recommendations to the transportation committees of the legislature, the governor's Alaskan Way viaduct project oversight committee, and the transportation commission annually until the project is operationally complete. This subsection takes effect if chapter ... (Substitute House Bill No. 1957), Laws of 2013 is not enacted by June 30, 2013.

~~((11) \$7,408,000)~~ (10) \$7,103,000 of the transportation partnership account--state appropriation, ~~((14,594,000))~~ \$22,774,000 of the transportation 2003 account (nickel account)--state appropriation, ~~((3,730,000 of the motor vehicle account--state appropriation))~~ \$1,000,000 of the multimodal

transportation account-- state appropriation, and ~~((41,395,000))~~ \$51,712,000 of the motor vehicle account--federal appropriation are provided solely for the US 395/North Spokane Corridor projects (600010A & 600003A). Any future savings on the projects must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor projects or any future phase of the projects.

~~((12) \$114,369,000)~~ (11) \$129,952,000 of the transportation partnership account--state appropriation and ~~((53,755,000))~~ \$58,583,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project.

~~((13))~~ (12)(a) The SR 520 Bridge Replacement and HOV project ~~((8BI1003))~~ (8BI1003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, ~~((819,524,625))~~ \$923,000,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account--state appropriation includes up to ~~((668,142,000))~~ \$814,784,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account--federal appropriation includes up to \$300,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) ~~((153,124,000))~~ \$165,175,000 of the transportation partnership account--state appropriation, \$300,000,000 of the state route number 520 corridor account--federal appropriation, and ~~((737,205,000))~~ \$880,111,000 of the state route number 520 corridor account--state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project ~~((8BI1003))~~ (8BI1003). Of the amounts appropriated in this subsection ~~((13))~~ (12)(d), ~~((105,085,000))~~ \$84,001,000 of the state route number 520 corridor account--federal appropriation and ~~((227,415,000))~~ \$354,411,000 of the state route number 520 corridor account--state appropriation must be put into unallotted status and are subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(f) The legislature finds that the most appropriate way to pay for the cost overruns related to change orders, additional sales tax, and future risks associated with pontoon design errors is for the state to issue triple pledge bonds in the 2015-2017 fiscal biennium resulting in \$110,961,000 in proceeds, and use efficiencies, including the use of least cost planning or practical design, and favorable bids in the highway construction program to generate an additional \$61,066,000 towards paying for the estimated project overruns. Of this additional \$61,066,000, \$33,866,000 should come from the transportation partnership account--state appropriation and \$27,200,000 should come from federal funds. As the department identifies savings in federal funds during the 2013-2015 fiscal biennium, the department shall prioritize the use of these funds towards the anticipated \$27,200,000 in federal funds needed to address cost overruns before expending state funds during this fiscal biennium. The legislature assumes that issuing bonds to complete

this project as listed in LEAP Transportation Document 2014-1 as developed March 10, 2014, does not require a comprehensive financial plan for a project that completes the state route number 520 corridor to Interstate 5.

(g) The department's 2014 supplemental budget allotment submittal must include a project-specific plan detailing how the department will achieve the mandatory budget savings in (f) of this subsection, including the use of least cost planning or practical design as a means to generate savings, as referenced in subsection (23) of this section. The use of least cost planning or practical design may result in a reduction of project cost, but not a reduction of functional scope. The director of financial management shall notify the transportation committees of the legislature in writing seven days prior to approving any allotment modifications under this subsection.

(13) Within the amounts provided in this section, the department must continue to work with the Seattle department of transportation in their joint planning, design, outreach, and operation of the remaining west side elements including, but not limited to, the Montlake lid, the bicycle/pedestrian path, the effective network of transit connections, and the Portage Bay bridge of the SR 520 Bridge Replacement and HOV project.

(14) ~~(\$1,100,000)~~ \$1,062,000 of the motor vehicle account-- federal appropriation is provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) ~~(\$22,602,000)~~ \$25,243,000 of the motor vehicle account-- state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document ~~(2013-3)~~ 2014-3 as developed ~~(April 23, 2013)~~ March 10, 2014. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the legislature that, while seeking to maximize the outcomes in this section, the department shall provide for continuity of both the state and consulting engineer workforce, while strategically utilizing private sector involvement to ensure consistency with the department's business plan for staffing in the highway construction program in the current fiscal biennium.

(16) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not proceed with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2015, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18) The legislature finds that "right-sizing" is a lean, metric-based approach to determining project investments. This concept entails compromise between project cost and design, incorporating local community needs, desired outcomes, and

available funding. Furthermore, the legislature finds that the concepts and principles the department has utilized in the safety analyst program have been effective tools to prioritize projects and reduce project costs. Therefore, the department shall establish a pilot project on the SR 3/Belfair Bypass - New Alignment (300344C) to begin implementing the concept of "right-sizing" in the highway construction program.

(19) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(20) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2014 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(21) ~~(\$28,963,000)~~ \$19,513,000 of the motor vehicle account-- state appropriation ~~(**)~~ and \$9,450,000 of the motor vehicle account--federal appropriation are provided solely for improvement program support activities (095901X). \$18,000,000 of this amount must be held in unallotted status until the office of financial management certifies that the department's 2014 supplemental budget request conforms to the terms of subsection (20) of this section.

~~((23))~~ (22) Any new advisory group that the department convenes during the 2013-2015 fiscal biennium must be representative of the interests of the entire state of Washington.

(23) Practical design offers targeted benefits to a state transportation system within available fiscal resources. This delivers value not just for individual projects, but for the entire system. Applying practical design standards will also preserve and enhance safety and mobility. The department shall implement a practical design strategy for transportation design standards. By June 30, 2015, the department shall report to the governor and the house of representatives and senate transportation committees on where practical design has been applied or is intended to be applied in the department and the cost savings resulting from the use of practical design.

(24) The department of transportation shall accept transfer to the state highway system of Quarry Road (also known as the Granite Falls Alternate Route) as a partially controlled limited access facility, consistent with the right-of-way and limited access plan adopted by Snohomish county and the city of Granite Falls in 2008. The department of transportation shall defend any and all claims related to access and challenges to the limited access designation. This subsection takes effect ninety days after the date the governor signs this act if an agreement between the department of transportation and Snohomish county has not been signed by the effective date of this act.

This project must be completed as a design-build project. The department must work with local jurisdictions and the community during the environmental review process to develop appropriate esthetic design elements, at no additional cost to the department, and traffic management plans pertaining to this project. The department must report to the transportation committees of the legislature on estimated cost and/or time savings realized as a result of using the design-build process.

(5) The department shall examine the use of electric arc furnace slag for use as an aggregate for new roads and paving projects in high traffic areas and report back to the legislature on its current use in other areas of the country and any characteristics that can provide greater wear resistance and skid resistance in new pavement construction.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document ((2013-2)) 2014-2 ALL PROJECTS as developed ((April 23, 2013)) March 10, 2014, Program - Washington State Ferries Capital Program (W).

(2) The Puget Sound capital construction account--state appropriation includes up to \$20,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.843.

(3) (((\$143,633,000)) \$137,425,000 of the transportation 2003 account (nickel account)--state appropriation ((is)), \$2,338,000 of the transportation partnership account--state appropriation, and \$300,000 of the Puget Sound capital construction account--federal appropriation are provided solely for the acquisition of two 144-car vessels (projects L2200038 and L2200039). The department shall use as much already procured equipment as practicable on the 144-car vessels.

(4) (((\$8,270,000)) \$14,728,000 of the Puget Sound capital construction account--federal appropriation, ((~~\$3,935,000~~)) \$4,038,000 of the Puget Sound capital construction account--state appropriation, and ((~~\$1,534,000~~)) \$1,535,000 of the multimodal transportation account--state appropriation are provided solely for the Mukilteo ferry terminal (project 952515P). To the greatest

extent practicable, the department shall seek additional federal funding for this project. Within the multimodal transportation account--state appropriation amount provided in this subsection, the department shall lease to the city in which the project is located a portion of the department's property associated with this project to provide safe, temporary public access from the easterly terminus of First Street to the vicinity of Front Street. The department shall provide the lease at no cost in recognition of the impacts of this project to the city and require appropriate liability and maintenance coverage in the terms of the lease. Public access must be installed and removed at no cost to the state prior to construction of the multimodal terminal project.

(5) (~~(\$4,000,000)~~) \$4,935,000 of the Puget Sound capital construction account--state appropriation is provided solely for emergency capital repair costs (project 999910K). Funds may only be spent after approval by the office of financial management.

(6) Consistent with RCW 47.60.662, which requires the Washington state ferry system to collaborate with passenger-only ferry and transit providers to provide service at existing terminals, the department shall ensure that multimodal access, including for passenger-only ferries and transit service providers, is not precluded by any future modifications at the terminal.

(7) (~~(\$3,800,000)~~) \$4,026,000 of the Puget Sound capital construction account--state appropriation is provided solely for the reservation and communications system projects (L200041 & L200042).

(8) \$4,210,000 of the Puget Sound capital construction account-- state appropriation is provided solely for the capital program share of \$7,259,000 in lease payments for the ferry division's headquarters building. Consistent with the 2012 facilities oversight plan, the department shall strive to consolidate office space in downtown Seattle by the end of 2015. The department shall consider renewing the lease for the ferry division's current headquarters building only if the lease rate is reduced at least fifty percent and analysis shows that this is the least cost and risk option for the department. Consolidation with other divisions or state agencies, or a reduction in leased space, must also be considered as part of any headquarters lease renewal analysis.

(9) (~~(\$21,950,000)~~) \$23,737,000 of the total appropriation is for preservation work on the Hyak super class vessel (project 944431D), including installation of a power management system and more efficient propulsion systems, that in combination are anticipated to save up to twenty percent in fuel and reduce maintenance costs. Upon completion of this project, the department shall provide a report to the transportation committees of the legislature on the fuel and maintenance savings achieved for this vessel and the potential to save additional funds through other vessel conversions.

(10) The transportation 2003 account (nickel account)--state appropriation includes up to \$50,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(11) \$50,000,000 of the transportation 2003 account (nickel account)--state appropriation is provided solely for the acquisition of one 144-car vessel (project L1000063). If chapter ... (Engrossed Second Substitute House Bill No. 1129), Laws of 2014 (ferry vessel replacement) is not enacted by June 30, 2014, the amount provided in the subsection lapses.

(12) If the department pursues a conversion of the existing diesel powered Issaquah class fleet to a different fuel source or engine technology, the department must use a design-build procurement process.

(13) \$350,000 of the Puget Sound capital construction account--state appropriation is provided solely for the issuance of a request for proposals to convert the Issaquah class vessels to use liquefied natural gas and to provide a one-time stipend to the entity awarded the conversion contract. Of the amounts provided in this

subsection:

(a) \$100,000 of the Puget Sound capital construction account--state appropriation is for the department to issue a request for proposals for a design-build contract consistent with RCW 47.20.780 to convert six Issaquah class vessels to be powered by liquefied natural gas. Consistent with RCW 47.56.030(2)(c), the legislature finds that the performance needs of the department in converting to liquefied natural gas are for engines with the lowest life-cycle costs, and the department must weigh this criteria as a priority when evaluating the proposals. To encourage cost saving ideas, the department shall limit prescribing design elements in the proposal to those approved or required by the United States coast guard in the liquefied natural gas waterways suitability assessment or those otherwise essential to provide clear direction to bidders. The request for proposals must include a process for evaluating proposals that may include alternative financing arrangements that are in compliance with state private financing law. When evaluating the financial merits of any liquefied natural gas conversion request for proposals, the department shall give consideration to the inability of the state to fund a liquefied natural gas conversion using currently available public resources. The department shall issue the request for proposals within forty-five days of rejecting the liquefied natural gas request for proposals issued under section 308(11), chapter 86, Laws of 2012 or receiving final findings from the United States coast guard on the liquefied natural gas waterways suitability assessment, whichever is later.

(b) \$250,000 of the Puget Sound capital construction account--state appropriation is for the entity awarded the contract pursuant to this subsection.

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled (~~(2013-4)~~) 2014-1 as developed (~~(April 23, 2013)~~) March 10, 2014, which consists of a list of specific projects by fund source and amount over a ten-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a ten-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2011-2013 and 2013-2015 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2014 supplemental omnibus transportation appropriations act, any unexpended 2011-2013 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(4) The office of financial management shall document approved transfers and schedule changes in the transportation executive information system, compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP transportation documents referenced in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

NEW SECTION. Sec. 602. A new section is added to 2013 c 306 (uncodified) to read as follows:

The department must submit a full report within ninety days of the negotiated change order resulting from the engineering error.

(2) The department's full report must include an assessment and review of:

- (a) How the engineering error happened;
- (b) The department of the employee or employees responsible for the engineering error, without disclosing the name of the employee or employees;
- (c) What corrective action was taken;
- (d) The estimated total cost of the engineering error and how the department plans to mitigate that cost;

MISCELLANEOUS 2013-2015 FISCAL BIENNIUM

Sec. 701. RCW 47.28.030 and 2011 c 367 s 710 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use

of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, ~~((2014))~~ 2014, through June 30, ~~((2013))~~ 2015, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of

representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 702. RCW 81.53.281 and 2003 c 190 s 3 are each amended to read as follows:

There is hereby created in the state treasury a "grade crossing protective fund" to carry out the provisions of RCW 81.53.261, 81.53.271, 81.53.281, 81.53.291, and 81.53.295; for grants and/or subsidies to public, private, and nonprofit entities for rail safety projects authorized or ordered by the commission; and for personnel and associated costs related to supervising and administering rail safety grants and/or subsidies. During the 2013-2015 fiscal biennium, funds in this account may also be used to conduct the study required under section 102 of this act. The commission shall transfer from the public service revolving fund's miscellaneous fees and penalties accounts moneys appropriated for these purposes as needed. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. Upon receipt of the estimate the commission shall pay to the department of transportation the percentage of the estimate specified in RCW 81.53.295, as now or hereafter amended, to be used as the grade crossing protective fund portion of the cost of the installation and related work.

The commission may adopt rules for the allocation of money from the grade crossing protective fund.

NEW SECTION. Sec. 703. A new section is added to 2013 c 306 (uncodified) to read as follows:

The office of the state treasurer shall explore the fiscal implications with respect to outstanding motor vehicle fuel transportation bonds and to future transportation bond sales, relating to any reduction, refunding, crediting, or repeal of the motor vehicle fuel tax, in whole or in part, that may occur in a transition to a potential road usage charge by which transportation activities may be funded in the future. The exploration of fiscal implications must examine possible effects on the state credit rating, interest rates, and other factors that affect the cost of financing transportation projects. The draft report of this work must be shared with the transportation committees of the legislature, the transportation commission, and the office of financial management by September 1, 2014. A final report must be provided to the transportation committees of the legislature, the transportation commission, and the office of financial management by December 31, 2014.

Sec. 704. RCW 82.70.020 and 2013 c 306 s 718 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, ((2014)) 2015, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, ((2014)) 2015, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per fiscal year. No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 705. RCW 82.70.040 and 2013 c 306 s 719 are each amended to read as follows:

(1)(a)(i) The department shall keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department shall not allow any credits that would cause the total amount allowed to exceed two million seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(ii) During the 2013-2015 fiscal biennium, the department shall not allow any credits that would cause the total amount allowed to exceed one million five hundred thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. If a credit is reduced

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b)(i) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. No credits deferred under this subsection (2)(b)(i) may be used after June 30, 2008. A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in RCW 82.70.025 in the year in which the deferred tax credits will be used. This application is subject to the provisions of subsection (1) of this section for the year in which the tax credits will be applied. If a deferred credit is reduced under subsection (1)(b) of this section, the amount of deferred credit disallowed because of the reduction may be carried forward as long as the period of deferral does not exceed three years after the year in which the credit was earned.

(ii) For credits approved by the department after June 30, 2005, the approved credit may be carried forward to subsequent years until used. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person shall be approved for tax credits under RCW 82.70.020 in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, ~~((2014))~~ 2015.

(5) Credits may not be carried forward other than as authorized in subsection (2)(b) of this section.

(6) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by Engrossed Substitute House Bill No. 2231 are terminated.

Sec. 706. RCW 82.70.050 and 2003 c 364 s 5 are each amended to read as follows:

(1) During the 2013-2015 fiscal biennium, the director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under RCW 82.70.020 during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, shall deposit to the general fund a sum equal to the dollar amount of the credit provided under RCW 82.70.020 from the multimodal transportation account.

Sec. 707. RCW 82.70.900 and 2013 c 306 s 720 are each amended to read as follows:

This chapter expires ((July 1, 2014, except for RCW 82.70.050, which expires January 1, 2015)) June 30, 2015.

Sec. 708. RCW 90.03.525 and 2005 c 319 s 140 are each amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right-of-way or any section of state highway right-of-way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right-of-way or any section of state highway right-of-way within a local government utility's jurisdiction shall not, however, exceed the

rate charged for comparable city street or county road right-of-way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce ((state highway)) runoff impacts or implementation of best management practices that will reduce the need for such facilities. ~~((By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.))~~

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities ~~((based upon the annual plan prescribed in subsection (2) of this section))~~. If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, either may commence an action in the superior court for the county in which the state highway right-of-way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights-of-way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights-of-way shall be deemed an actual benefit to the state highway rights-of-way. The rate for sections of state highway right-of-way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national pollutant discharge elimination system, 40 C.F.R. parts 122- 124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights-of-way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

(2) A health care provider or health care facility that has a contractual relationship with a person to provide services described under subsection (1) of this section ~~((must))~~ may terminate the contractual relationship with the person if the health care provider or health care facility learns that the person has engaged in a pattern of activity that violates the person's duties under subsection (1) of this section, unless the person took reasonable steps to correct the breach of confidentiality or has discontinued the violating activity.

Sec. 11. RCW 70.02.280 and 2013 c 200 s 12 are each amended to read as follows:

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6440 with the following amendment(s): 6440-S.E AMH HUNT H4547.4

Strike everything after the enacting clause and insert the following:

**"PART I
Tax Performance Statement**

NEW SECTION. **Sec. 101.** (1) The legislature finds that current law taxes natural gas as a traditional home heating or electric generation fuel while not taking into account the benefits of natural gas use as a transportation fuel. The legislature further finds that the construction and operation of a natural gas liquefaction plant and compressed natural gas refueling stations as well as the ongoing use of compressed and liquefied natural gas will lead to positive job creation, economic development, environmental benefits, lower fuel costs, and increased tax revenues to the state. The legislature further finds that it is sound tax policy to provide uniform tax treatment of natural gas used as a transportation fuel, regardless of whether the taxpayer providing the natural gas is a gas distribution business or not, so as to prevent any particular entity from receiving a competitive advantage solely through a structural inefficiency in the tax code.

(2)(a) This subsection is the tax performance statement for this act. The performance statement is only intended to be used for subsequent evaluation of the tax changes made in this act. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax changes in this act as changes intended to accomplish the general purposes indicated in RCW 82.32.808(2) (c) and (d).

(c) It is the legislature's specific public policy objectives to promote job creation and positive economic development; lower carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions; and secure optimal liquefied natural gas pricing for the state of Washington and other public entities.

(d) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objective described in (c) of this subsection, the joint legislative audit and review committee must evaluate the following:

(i) The number of employment positions and wages at a natural gas liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The estimated total cost of construction of a liquefaction plant by a gas distribution company, including costs for machinery and equipment. If the total cost equals or exceeds two hundred fifty million dollars, it is presumed that the public policy objective of positive economic development has been achieved.

(iii) The estimated fuel savings by the Washington state ferry system and other public entities through the use of liquefied natural gas purchased from a gas distribution business.

(iv) The estimated reduction in carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions, resulting from the use of liquefied natural gas and compressed natural gas as a transportation

fuel where the natural gas is sold by a gas distribution business. The emissions of liquefied and compressed natural gas must be specifically compared with an equivalent amount of diesel fuel. If the estimated annual reduction in emissions exceeds the following benchmarks, it is presumed that the public policy objective of reducing emissions has been achieved:

- (A) Three hundred million pounds of carbon dioxide;
- (B) Two hundred thousand pounds of particulates;
- (C) Four hundred thousand pounds of sulfur dioxide; and
- (D) Four hundred fifty thousand pounds of nitrogen dioxide.

(e)(i) The following data sources are intended to provide the informational basis for the evaluation under (d) of this subsection:

- (A) Employment data provided by the state employment security department;
- (B) Ferry fuel purchasing data provided by the state department of transportation;
- (C) Diesel and other energy pricing data found on the United States energy information administration's web site; and
- (D) Information provided by a gas distribution business on the annual report required under RCW 82.32.534.

(ii) In addition to the data source described under (e)(i) of this subsection, the joint legislative audit and review committee may use any other data it deems necessary in performing the evaluation under (d) of this subsection.

(3) A gas distribution business claiming the exemption under RCW 82.08.02565 or 82.12.02565 must file the annual report under RCW 82.32.534 or any successor document. In addition to the information contained in the report, the report must also include the amount of liquefied natural gas and compressed natural gas sold by the gas distribution business as a transportation fuel. A gas distribution business is not required to file the annual survey under RCW 82.32.585, as would otherwise be required under RCW 82.32.808(5).

(4) The joint legislative audit and review committee must perform the review required in this section in a manner consistent with its tax preference review process under chapter 43.136 RCW. The committee must perform the review in calendar year 2025.

**PART II
Fuel Taxes and Sales Taxes**

Sec. 201. RCW 82.38.030 and 2013 c 225 s 103 are each amended to read as follows:

(1) There is levied and imposed upon fuel licensees a tax at the rate of twenty-three cents per each gallon of fuel(~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature.

(2) Beginning July 1, 2003, an additional and cumulative tax rate of five cents per each gallon of fuel(~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

(3) Beginning July 1, 2005, an additional and cumulative tax rate of three cents per each gallon of fuel(~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(4) Beginning July 1, 2006, an additional and cumulative tax rate of three cents per each gallon of fuel(~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(5) Beginning July 1, 2007, an additional and cumulative tax rate of two cents per each gallon of fuel(~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(6) Beginning July 1, 2008, an additional and cumulative tax rate of one and one-half cents per each gallon of fuel (~~or each one hundred cubic feet of compressed natural gas~~), measured at standard pressure and temperature is imposed on fuel licensees.

(7) Taxes are imposed when:

(a) Fuel is removed in this state from a terminal if the fuel is removed at the rack unless the removal is by a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is by a fuel supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(b) Fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the fuel immediately before the removal is not a licensed supplier; or

(ii) The removal is at the refinery rack unless the removal is to a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is to a licensed supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(c) Fuel enters into this state for sale, consumption, use, or storage, unless the fuel enters this state for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensed supplier; or

(ii) The entry is not by bulk transfer;

(d) Fuel enters this state by means outside the bulk transfer-terminal system and is delivered directly to a licensed terminal unless the owner is a licensed distributor or supplier;

(e) Fuel is sold or removed in this state to an unlicensed entity unless there was a prior taxable removal, entry, or sale of the fuel;

(f) Blended fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended fuel subject to tax is the difference between the total number of gallons of blended fuel removed or sold and the number of gallons of previously taxed fuel used to produce the blended fuel;

(g) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the fuel tax;

(h) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;

(i) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway; and

(j) Fuel is sold by a licensed fuel supplier to a fuel distributor or fuel blender and the fuel is not removed from the bulk transfer-terminal system.

Sec. 202. RCW 82.38.075 and 2013 c 225 s 110 are each amended to read as follows:

(1) To encourage the use of nonpolluting fuels, an annual license fee in lieu of the tax imposed by RCW 82.38.030 is imposed upon the use of liquefied natural gas, compressed natural gas, or propane used in any motor vehicle. The annual license fee must be based upon the following schedule and formula:

VEHICLE TONNAGE (GVW)	FEE
0 - 6,000	\$ 45
6,001 - 10,000	\$ 45
10,001 - 18,000	\$ 80
18,001 - 28,000	\$110
28,001 - 36,000	\$150

36,001 and above

\$250

(2) To determine the annual license fee for a registration year, the appropriate dollar amount in the schedule is multiplied by the fuel tax rate per gallon effective on July 1st of the preceding calendar year and the product is divided by 12 cents.

(3) The department, in addition to the resulting fee, must charge an additional fee of five dollars as a handling charge for each license issued.

(4) The vehicle tonnage fee must be prorated so the annual license will correspond with the staggered vehicle licensing system.

(5) A decal or other identifying device issued upon payment of the annual fee must be displayed as prescribed by the department as authority to purchase this fuel.

(6) Persons selling or dispensing natural gas or propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device.

(7) Commercial motor vehicles registered in a foreign jurisdiction under the provisions of the international registration plan are subject to the annual fee.

(8) Motor vehicles registered in a foreign jurisdiction, except those registered under the international registration plan under chapter 46.87 RCW, are exempt from this section.

(9) Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

~~((8))~~ (10) Any person selling or dispensing liquefied natural gas, compressed natural gas, or propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter.

Sec. 203. RCW 82.80.010 and 2013 c 225 s 641 are each amended to read as follows:

(b) "Person" has the same meaning as in RCW 82.04.030.

(2) Subject to the conditions of this section, any county may levy, by approval of its legislative body and a majority of the registered voters of the county voting on the proposition at a general or special election, additional excise taxes equal to ten percent of the statewide ~~((motor vehicle fuel tax rate under RCW 82.38.030 on each gallon of motor vehicle fuel as defined in RCW 82.38.020 and on each gallon of special fuel))~~ fuel tax rates under RCW 82.38.030 on motor vehicle fuel and special fuel as defined in RCW 82.38.020 sold within the boundaries of the county. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the county fuel excise tax. An election held under this section must be held not more than twelve months before the date on which the proposed tax is to be levied. The ballot setting forth the proposition must state the tax rate that is proposed. The county's authority to levy additional excise taxes under this section includes the incorporated and unincorporated areas of the county. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapter 82.38 RCW. (a) "Distributor" means every person who imports, refines, manufactures, produces, or compounds motor vehicle fuel and special fuel as defined in RCW 82.38.020~~((, respectively,))~~ and sells or distributes the fuel into a county~~((;))~~.

(b) "Person" has the same meaning as in RCW 82.04.030;

(c) "District" means a regional transportation investment district under chapter 36.120 RCW.

(2) A regional transportation investment district under chapter 36.120 RCW, subject to the conditions of this section, may levy additional excise taxes equal to ten percent of the statewide ~~((motor vehicle fuel tax rate under RCW 82.38.030 on each gallon of motor vehicle fuel as defined in RCW 82.38.020 and on each gallon of special fuel))~~ fuel tax rates under RCW 82.38.030 on motor vehicle fuel and special fuel as defined in RCW 82.38.020 sold within the boundaries of the district. The additional excise tax is subject to the approval of a majority of the voters within the district boundaries. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the district's fuel excise tax. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapter 82.38 RCW. The proposed tax may not be levied less than one month from the date the election results are certified. The commencement date for the levy of any tax under this section will be the first day of January, April, July, or October.

(3) The local option motor vehicle fuel tax on ~~((each gallon of))~~ motor vehicle fuel and on ~~((each gallon of))~~ special fuel is imposed upon the distributor of the fuel.

(4) A taxable event for the purposes of this section occurs upon the first distribution of the fuel within the boundaries of the district to a retail outlet, bulk fuel user, or ultimate user of the fuel.

(5) All administrative provisions in chapters 82.01, 82.03, and 82.32 RCW, insofar as they are applicable, apply to local option fuel taxes imposed under this section.

(6) Before the effective date of the imposition of the fuel taxes under this section, a district must contract with the department of revenue for the administration and collection of the taxes. The contract must provide that a percentage amount, not to exceed one percent of the taxes imposed under this section, will be deposited into the local tax administration account created in the custody of the state treasurer. The department of revenue may spend money from this account, upon appropriation, for the administration of the local taxes imposed under this section.

(7) The state treasurer must distribute monthly to the district levying the tax as part of the regional transportation investment district plan, after the deductions for payments and expenditures as provided in RCW 46.68.090(1) (a) and (b).

(8) The proceeds of the additional taxes levied by a district in this section, to be used as a part of a regional transportation investment district plan, must be used in accordance with chapter 36.120 RCW, but only for those areas that are considered "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(9) A district may only levy the tax under this section if the district is comprised of boundaries identical to the boundaries of a county or counties. A district may not levy the tax in this section if a member county is levying the tax in RCW 82.80.010 or 82.80.110.

Sec. 206. RCW 82.47.010 and 1998 c 176 s 85 are each amended to read as follows:

((The definitions set forth in this section shall apply throughout this chapter unless the context clearly requires otherwise.

(1) "Motor vehicle fuel" has the meaning given in RCW 82.36.010.

(2) "Special fuel" has the meaning given in RCW 82.38.020.

(3) "Motor vehicle" has the meaning given in RCW 82.36.010.))

For purposes of this chapter, unless the context clearly requires otherwise, "fuel," "motor vehicle fuel," "special fuel," and "motor vehicle" have the meaning given in RCW 82.38.020.

Sec. 207. RCW 46.16A.060 and 2011 c 114 s 6 are each amended to read as follows:

(1) The department, county auditor or other agent, or subagent appointed by the director may not issue or renew a motor vehicle registration or change the registered owner of a registered vehicle for any motor vehicle required to be inspected under chapter 70.120 RCW, unless the application for issuance or renewal is: (a) Accompanied by a valid certificate of compliance or a valid certificate of acceptance issued as required under chapter 70.120 RCW; or (b) exempt, as described in subsection (2) of this section. The certificates must have a date of validation that is within twelve months of the assigned registration renewal date. Certificates for fleet or owner tested diesel vehicles may have a date of validation that is within twelve months of the assigned registration renewal date.

(a) Regarding the boundaries of emission contributing areas and restrictions established under this section that apply to vehicles registered in such areas; and

(b) On the relationship between motor vehicles and air pollution and steps motor vehicle owners should take to reduce motor vehicle related air pollution.

(4) The department of licensing ~~((shall))~~ must:

(a) Notify all registered motor vehicle owners affected by the emission testing program that they must have an emission test to renew their registration;

(b) Adopt rules implementing and enforcing this section, except for subsection (2)(e) of this section, as specified in chapter 34.05 RCW.

(5) A motor vehicle may not be registered, leased, rented, or sold for use in the state, starting with the model year as provided in RCW 70.120A.010, unless the vehicle:

(b)(i) Is consistent with the vehicle emission standards and carbon dioxide equivalent emission standards adopted by the department of ecology; and

(ii) Has a California certification label for all emission standards, and carbon dioxide equivalent emission standards necessary to meet fleet average requirements.

(6) The department of licensing, in consultation with the department of ecology, may adopt rules necessary to implement this section and may provide for reasonable exemptions to these requirements. The department of ecology may exempt public safety vehicles from meeting the standards where the department finds that vehicles necessary to meet the needs of public safety agencies are not otherwise reasonably available.

Sec. 208. RCW 46.37.467 and 1995 c 369 s 23 are each amended to read as follows:

(1) Every automobile, truck, motorcycle, motor home, or off-road vehicle that is fueled by an alternative fuel source ~~((shall))~~ must bear a reflective placard issued by the national fire protection association indicating that the vehicle is so fueled. Violation of this subsection is a traffic infraction.

(2) As used in this section "alternative fuel source" includes propane, compressed natural gas, liquefied natural gas, liquid petroleum gas, or any chemically similar gas but does not include gasoline or diesel fuel.

(3) If a placard for a specific alternative fuel source has not been issued by the national fire protection association, a placard issued by the chief of the Washington state patrol, through the director of fire protection, ~~((shall be))~~ is required. The chief of the Washington state patrol, through the director of fire protection, ~~((shall))~~ must develop rules for the design, size, and placement of the placard

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

which ~~(shall)~~ remains effective until a specific placard is issued by the national fire protection association.

NEW SECTION. Sec. 209. (1) The department of licensing must convene a work group that includes, at a minimum, representatives from the department of transportation, the trucking industry, manufacturers of compressed natural gas and liquefied natural gas, and any other stakeholders as deemed necessary, for the following purposes:

(a) To evaluate the annual license fee in lieu of fuel tax under RCW 82.38.075 to determine a fee that more closely represents the average consumption of vehicles by weight and to make recommendations to the transportation committees of the legislature by December 1, 2014, on an updated fee schedule.

(b) To develop a transition plan to move vehicles powered by liquefied natural gas, compressed natural gas, and propane from the annual license fee in lieu of fuel tax to the fuel tax under RCW 82.38.030. The transition plan must incorporate stakeholder feedback and must include draft legislation and cost and revenue estimates. The transition plan must be submitted to the transportation committees of the legislature by December 1, 2015.

(2) The department of revenue must convene a work group that includes, at a minimum, representatives from the department of transportation, the marine shipping industry, manufacturers of liquefied natural gas, and any other stakeholders as deemed necessary, for the purpose of examining the appropriate level and manner of taxing liquefied natural gas used for marine vessel transportation. The department must make recommendations to the fiscal committees of the legislature by December 1, 2025.

**PART III

(b) Natural gas from which the buyer manufactures compressed natural gas or liquefied natural gas, where the compressed natural gas or liquefied natural gas is to be sold or used as transportation fuel.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) For the purposes of this section, "transportation fuel" means fuel for the generation of power to propel a motor vehicle as defined in RCW 46.04.320, a vessel as defined in RCW 88.02.310, or a locomotive or railroad car.

(b) For purposes of determining whether a person has sold within the United States a total amount of natural or manufactured gas in a calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year, the following transfers of gas are not considered to be the sale of natural or manufactured gas:

(i) The transfer of any natural or manufactured gas as a result of the acquisition of another business, through merger or otherwise; or

(ii) The transfer of any natural or manufactured gas accomplished solely to comply with federal regulatory requirements imposed on the pipeline transportation of such gas when it is shipped by a third-party manager of a person's pipeline transportation.

(g) Except as provided in subsection (1)(e) of this section, any activity that is integral to any public service business as defined in RCW 82.16.010 and with respect to which the gross income associated with such activity: (i) Is subject to tax under chapter 82.16 RCW; or (ii) would be subject to tax under chapter 82.16 RCW if such activity were conducted in this state or if not for an exemption or deduction.

(3) With respect to wastewater treatment facilities:

(a) "To manufacture" does not include the treatment of wastewater, the production of reclaimed water, and the production of class B biosolids; and

(b) "To manufacture" does include the production of class A or exceptional quality biosolids, but only with respect to the processing activities that occur after the biosolids have reached class B standards.

Sec. 304. RCW 82.12.022 and 2011 c 174 s 304 are each amended to read as follows:

(1) A use tax is levied on every person in this state for the privilege of using natural gas or manufactured gas, including compressed natural gas and liquefied natural gas, within this state as a consumer.

(2) The tax must be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(7) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

~~((7))~~ (8) The use tax imposed in this section must be paid by the consumer to the department.

~~((8))~~ (9) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report must contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department may require by rule.

~~((9))~~ (10) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

Sec. 305. RCW 82.14.230 and 2010 c 127 s 5 are each amended to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business

in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.

(5) The use tax imposed must be paid by the consumer. The administration and collection of the tax imposed is pursuant to RCW 82.14.050.

(6) The tax authorized by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

Sec. 306. RCW 35.21.870 and 1984 c 225 s 6 are each amended to read as follows:

(1) No city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, steam energy, or telephone business at a rate which exceeds six percent unless the rate is first approved by a majority of the voters of the city or town voting on such a proposition.

(2)(a) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on April 20, 1982, the city or town ~~((shall))~~ must decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

(b) Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

(3) Voter approved rate increases under subsection (1) of this section ~~((shall))~~ may not be included in the computations under this subsection.

(4) No city or town may impose a tax on the privilege of conducting a natural gas business with respect to sales that are exempt from the tax imposed under chapter 82.16 RCW as provided in section 301 of this act at a rate higher than its business and occupation tax rate on the sale of tangible personal property or, if the city or town does not impose a business and occupation tax on the sale of tangible personal property, at a rate greater than .002.

(1) The governing body of any county or city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, impose a sales and use tax in accordance with the terms of this chapter. Such tax ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. ~~((Except as provided in RCW 82.14.230,))~~ This sales and use tax ~~((shall))~~ does not apply to natural or manufactured gas, except for natural gas that is used as a transportation fuel as defined in section 301 of this act and is taxable by the state under chapters 82.08 and 82.12 RCW. The rate of such tax imposed by a county ~~((shall be))~~ is five-tenths of one percent of the selling price (in the case of a sales

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city ((~~shall~~) may not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein ((~~shall~~) may not exceed four hundred and twenty-five one-thousandths of one percent.

(2) In addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax ((~~shall~~) must be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is imposed. The rate of such additional tax imposed by a county ((~~shall be~~) is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city ((~~shall be~~) is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under the authority of this subsection at a rate equal to or greater than the rate imposed under the authority of this subsection by a city within the county, the county ((~~shall~~) must receive fifteen percent of the city tax. In the event that the county imposes a sales and use tax under the authority of this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county ((~~shall~~) must receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under the authority of this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

PART IV

Export and Machinery and Equipment Sales and Use Tax Exemptions

Sec. 401. RCW 82.08.02565 and 2011 c 23 s 2 are each amended to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Except as provided in (c) of this subsection, sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(c)(i) The exemption under this section is in the form of a remittance for a gas distribution business, as defined in RCW 82.16.010, claiming the exemption for machinery and equipment used for the production of compressed natural gas or liquefied natural gas for use as a transportation fuel.

(ii) A gas distribution business claiming an exemption from state and local tax in the form of a remittance under this section must pay the tax under RCW 82.08.020 and all applicable local sales taxes. Beginning July 1, 2017, the gas distribution business may then apply to the department for remittance of state and local sales and use taxes. A gas distribution business may not apply for a remittance more frequently than once a quarter. The gas

distribution business must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The gas distribution business must retain, in adequate detail, records to enable the department to determine whether the business is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(iii) The department must determine eligibility under this section based on the information provided by the gas distribution business, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying businesses who submitted applications during the previous quarter.

(iv) Beginning July 1, 2028, a gas distribution business may not apply for a refund under this section or RCW 82.12.02565.

(2) For purposes of this section and RCW 82.12.02565:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. "Machinery and equipment" includes pollution control equipment installed and used in a manufacturing operation, testing operation, or research and development operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation, testing operation, or research and development operation. "Machinery and equipment" also includes digital goods.

(b) "Machinery and equipment" does not include:

(i) Hand-powered tools;

(ii) Property with a useful life of less than one year;

(iii) Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building; and

(iv) Building fixtures that are not integral to the manufacturing operation, testing operation, or research and development operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.

(c) Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation if the machinery and equipment:

(i) Acts upon or interacts with an item of tangible personal property;

(ii) Conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or testing site;

(iii) Controls, guides, measures, verifies, aligns, regulates, or tests tangible personal property at the site or away from the site;

(iv) Provides physical support for or access to tangible personal property;

(v) Produces power for, or lubricates machinery and equipment;

(vi) Produces another item of tangible personal property for use in the manufacturing operation, testing operation, or research and development operation;

(vii) Places tangible personal property in the container, package, or wrapping in which the tangible personal property is normally sold or transported; or

(viii) Is integral to research and development as defined in RCW 82.63.010.

(d) "Manufacturer" means a person that qualifies as a manufacturer under RCW 82.04.110. "Manufacturer" also includes a person that prints newspapers or other materials.

(e) "Manufacturing" means only those activities that come within the definition of "to manufacture" in RCW 82.04.120 and are taxed as manufacturing or processing for hire under chapter 82.04 RCW, or would be taxed as such if such activity were conducted in this state or if not for an exemption or deduction. "Manufacturing"

also includes printing newspapers or other materials. An activity is not taxed as manufacturing or processing for hire under chapter 82.04 RCW if the activity is within the purview of chapter 82.16 RCW.

(f) "Manufacturing operation" means the manufacturing of articles, substances, or commodities for sale as tangible personal property. A manufacturing operation begins at the point where the raw materials enter the manufacturing site and ends at the point where the processed material leaves the manufacturing site. With respect to the production of class A or exceptional quality biosolids by a wastewater treatment facility, the manufacturing operation begins at the point where class B biosolids undergo additional processing to achieve class A or exceptional quality standards. Notwithstanding anything to the contrary in this section, the term also includes that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the preparation of food products on the premises of a person selling food products at retail.

(g) "Cogeneration" means the simultaneous generation of electrical energy and low-grade heat from the same fuel.

(h) "Research and development operation" means engaging in research and development as defined in RCW 82.63.010 by a manufacturer or processor for hire.

(i) "Testing" means activities performed to establish or determine the properties, qualities, and limitations of tangible personal property.

(j) "Testing operation" means the testing of tangible personal property for a manufacturer or processor for hire. A testing operation begins at the point where the tangible personal property enters the testing site and ends at the point where the tangible personal property leaves the testing site. The term also includes the testing of tangible personal property for use in that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the testing of tangible personal property for use in the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail.

(ii) If the seller did not collect the retail sales tax from the buyer, remit to the department the state and local retail sales taxes due on all liquefied natural gas consumed in this state and on ten percent of the liquefied natural gas that is transported and consumed outside of this state.

The legislature also finds that well-developed and convenient refueling systems are imperative if compressed natural gas ~~((is))~~ and liquefied natural gas are to be widely used by the public. The legislature declares that the development of compressed natural gas ~~((refueling stations are in the public interest.))~~ and liquefied natural gas motor vehicle refueling stations and vessel refueling facilities are in the public interest. Except as provided in subsection (2) of this section, nothing in this section and RCW 80.28.290 is intended to alter the regulatory practices of the commission or allow the subsidization of one ratepayer class by another.

(2) When a liquefied natural gas facility owned by a natural gas company serves both a private customer operating marine vessels and the Washington state ferries or any other public entity, the rate charged by the natural gas company to the Washington state ferries or other public entity may not be more than the rate charged to the private customer operating marine vessels.

(b) Demonstrated commitment and experience serving persons who have mental illness, chemical dependency, or co-occurring disorders;

(c) Demonstrated commitment to and experience with partnerships with county and municipal criminal justice systems, housing services, and other critical support services necessary to achieve the outcomes established in RCW 43.20A.895, 70.320.020, and 71.36.025;

(f) The ability to meet requirements established by the department.

The regional service areas must be established by the department and the health care authority as provided in section 2 of this act.

(4) Consideration must be given to using multiple-biennia contracting periods.

(5) Each behavioral health organization operating pursuant to a contract issued under this section shall enroll clients within its regional service area who meet the department's eligibility criteria for mental health and chemical dependency services.

NEW SECTION. Sec. 4. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall require that behavioral health organizations offer contracts to managed health care systems under chapter 74.09 RCW or primary care practice settings to promote access to the services of chemical dependency professionals under chapter 18.205 RCW and mental health professionals, as defined by the department in rule, for the purposes of integrating such services into primary care settings for individuals with behavioral health and medical comorbidities.

NEW SECTION. Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

(1) The secretary shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services directly from tribal clinics and other tribal providers.

(2)(a) The secretary shall request a detailed plan from the entities identified in (b) of this subsection that demonstrates compliance with the contractual elements of section 3 of this act and federal regulations related to medicaid managed care contracting, including, but not limited to: Having a sufficient network of providers to provide adequate access to mental health and chemical dependency services for residents of the regional service area that meet eligibility criteria for services, ability to maintain and manage adequate reserves, and maintenance of quality assurance processes. Any responding entity that submits a detailed plan that demonstrates that it can meet the requirements of this section must be awarded the contract to serve as the behavioral health organization.

(b)(i) For purposes of responding to the request for a detailed plan under (a) of this subsection, the entities from which a plan will be requested are:

(A) A county in a single county regional service area that currently serves as the regional support network for that area;

(B) In the event that a county has made a decision prior to January 1, 2014, not to contract as a regional support network, any private entity that serves as the regional support network for that area;

(C) All counties within a regional service area that includes more than one county, which shall form a responding entity through the adoption of an interlocal agreement. The interlocal agreement must specify the terms by which the responding entity shall serve as the behavioral health organization within the regional service area.

(ii) In the event that a regional service area is comprised of multiple counties including one that has made a decision prior to January 1, 2014, not to contract as a regional support network the counties shall adopt an interlocal agreement and may respond to the request for a detailed plan under (a) of this subsection and the

private entity may also respond to the request for a detailed plan. If both responding entities meet the requirements of this section, the responding entities shall follow the department's procurement process established in subsection (3) of this section.

(3) If an entity that has received a request under this section to submit a detailed plan does not respond to the request, a responding entity under subsection (1) of this section is unable to substantially meet the requirements of the request for a detailed plan, or more than one responding entity substantially meets the requirements for the request for a detailed plan, the department shall use a procurement process in which other entities recognized by the secretary may bid to serve as the behavioral health organization in that regional service area.

(4) Contracts for behavioral health organizations must begin on April 1, 2016.

(5) Upon request of all of the county authorities in a regional service area, the department and the health care authority may jointly purchase behavioral health services through an integrated medical and behavioral health services contract with a behavioral health organization or a managed health care system as defined in RCW 74.09.522, pursuant to standards to be developed jointly by the secretary and the health care authority. Any contract for such a purchase must comply with all federal medicaid and state law requirements related to managed health care contracting.

(6) As an incentive to county authorities to become early adopters of fully integrated purchasing of medical and behavioral health services, the standards adopted by the secretary and the health care authority under subsection (5) of this section shall provide for an incentive payment to counties which elect to move to full integration by January 1, 2016. Subject to federal approval, the incentive payment shall be targeted at ten percent of savings realized by the state within the regional service area in which the fully integrated purchasing takes place. Savings shall be calculated in alignment with the outcome and performance measures established in RCW 43.20A.895, 70.320.020, and 71.36.025, and incentive payments for early adopter counties shall be made available for up to a six-year period, or until full integration of medical and behavioral health services is accomplished statewide, whichever comes sooner, according to rules to be developed by the secretary and health care authority.

Sec. 6. RCW 71.24.015 and 2005 c 503 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults ((of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed)) with mental illness and children ((of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed,)) with mental illness or emotional disturbances who meet access to care standards which services recognize the special needs of underserved populations, including minorities, children, the elderly, ((disabled)) individuals with disabilities, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of ((mentally ill)) children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in

response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of ((the mentally ill)) individuals with mental illness consistent with the priorities defined in the statute;

(6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, ((regional support networks)) behavioral health organizations, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of ((the mentally ill)) individuals with mental illness, and other service providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties ((are encouraged to)) must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under section 2 of this act. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with ((mentally ill)) persons with mental illness and collaboration between families and service providers.

Sec. 7. RCW 71.24.016 and 2006 c 333 s 102 are each amended to read as follows:

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold ~~((regional support networks))~~ behavioral health organizations accountable for serving people with mental disorders within the boundaries of their ~~((geographic boundaries))~~ regional service area and for not exceeding their allocation of state hospital beds. ~~((Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:~~
~~—(a) Crisis triage;~~
~~—(b) Evaluation and treatment and community hospital beds;~~
~~—(c) Residential beds;~~
~~—(d) Programs for community treatment teams; and~~

Regional support networks are encouraged to maximize the use of evidence based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.))~~

(1) By December 1, 2018, the department and the health care authority shall report to the governor and the legislature regarding the preparedness of each regional service area to provide mental health services, chemical dependency services, and medical care services to medicaid clients under a fully integrated managed care health system.
