(c) All state agencies adopt approaches to the prevention of ~~((alcoholism and other drug addiction))~~ substance use disorders, the treatment of ~~((alcoholics and other drug addicts))~~ persons with substance use disorders and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons consistent with the policy of this chapter.

Sec. 25. RCW 70.96A.080 and 1989 c 270 s 18 are each amended to read as follows:

(1) In coordination with the health care authority, the department shall establish by ((all)) appropriate means, ((including contracting for services,)) a comprehensive and coordinated ((discrete)) program for the treatment of ((alcoholics and other drug addicts)) persons with substance use disorders, and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons.

(2)(a) The program shall include, but not necessarily be limited to, a continuum of chemical dependency treatment services that includes:

~~((a))~~ Detoxification (i) Withdrawal management;

~~((b))~~ (ii) Residential treatment; and

~~((c))~~ (iii) Outpatient treatment.

(b) The program may include peer support, supported housing, supported employment, crisis diversion, or recovery support services.

(3) All appropriate public and private resources shall be coordinated with and used in the program when possible.

(4) The department may contract for the use of an approved treatment program or other individual or organization if the secretary considers this to be an effective and economical course to follow.

(5) By April 1, 2016, treatment provided under this chapter must be purchased primarily through managed care contracts. Consistent with RCW 70.96A.350, services and funding provided through the criminal justice treatment account are intended to be exempted from managed care contracting.

Sec. 26. RCW 70.96A.085 and 1989 c 270 s 12 are each amended to read as follows:

A city, town, or county that does not have its own facility or program for the treatment and rehabilitation of ~~((alcoholics and other drug addicts))~~ persons with substance use disorders may share in the use of a facility or program maintained by another city or county so long as it contributes no less than two percent of its share of liquor taxes and profits to the support of the facility or program.

Sec. 27. RCW 70.96A.100 and 1989 c 270 s 23 are each amended to read as follows:

The secretary shall adopt and may amend and repeal rules for acceptance of persons into the approved treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of ~~((alcoholics and other drug addicts))~~ persons with substance use disorders, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient treatment, unless he or she is found to require residential treatment.

(3) A person shall not be denied treatment solely because he or she has withdrawn from treatment against medical advice on a prior occasion or because he or she has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and use other appropriate treatment.

Sec. 28. RCW 70.96A.110 and 1990 c 151 s 7 are each amended to read as follows:

(1) (~~An alcoholic or other drug addict~~) An individual with a substance use disorder may apply for voluntary treatment directly to an approved treatment program. If the proposed patient is a minor or an incompetent person, he or she, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears to the administrator in charge of the treatment program that the patient is (~~an alcoholic or other drug addict~~) an individual with a substance use disorder who requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

(4) If a patient leaves an approved public treatment program, with or against the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than fourteen years of age or an incompetent person the request for discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he or she was the original applicant.

Sec. 29. RCW 70.96A.140 and 2001 c 13 s 3 are each amended to read as follows:

(1) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a (~~county~~) designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for (~~detoification~~) withdrawal management, sobering services, or chemical dependency treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A

refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or (~~71.34.050~~) 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose

commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Sec. 30. RCW 70.96A.190 and 1989 c 270 s 32 are each amended to read as follows:

(1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being ~~((an alcoholic or drug addict))~~ an individual with a substance use disorder, or being found in an intoxicated condition as one of the elements of the offense giving rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provision of subsection (1) of this section.

(3) Nothing in this chapter affects any law, ordinance, resolution, or rule against drunken driving, driving under the influence of alcohol or other psychoactive chemicals, or other similar offense involving the operation of a vehicle, aircraft, boat,

machinery, or other equipment, or regarding the sale, purchase, dispensing, possessing, or use of alcoholic beverages or other psychoactive chemicals at stated times and places or by a particular class of persons; nor shall evidence of intoxication affect, other than as a defense, the application of any law, ordinance, resolution, or rule to conduct otherwise establishing the elements of an offense.

Members of the board shall be representative of the community, shall include at least one-quarter recovered ~~((alcoholics or other recovered drug addicts))~~ persons with substance use disorders, and shall include minority group representation. No member may be a provider of alcoholism and other drug addiction treatment services. No more than four elected or appointed city or county officials may serve on the board at the same time. Members of the board shall serve three-year terms and hold office until their successors are appointed and qualified. They shall not be compensated for the performance of their duties as members of the board, but may be reimbursed for travel expenses.

(3) The alcoholism and other drug addiction board shall:

Sec. 32. RCW 70.96A.320 and 2013 c 320 s 8 are each amended to read as follows:

(3) The county legislative authority may apply to the department for financial support for the county program of alcoholism and other drug addiction. To receive financial support, the county legislative authority shall submit a plan that meets the following conditions:

(a) It shall describe the prevention, early intervention, or recovery support services and activities to be provided;

(b) It shall include anticipated expenditures and revenues;

(c) It shall be prepared by the county alcoholism and other drug addiction program board and be adopted by the county legislative authority;

(d) It shall reflect maximum effective use of existing services and programs; and

(e) It shall meet other conditions that the secretary may require.

(4) The county may accept and spend gifts, grants, and fees, from public and private sources, to implement its program of alcoholism and other drug addiction.

(5) The department shall require that any agreement to provide financial support to a county that performs the activities of a service coordination organization for alcoholism and other drug addiction services must incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.320 RCW.

(6) The county may subcontract for ~~((detoxification))~~ withdrawal management, residential treatment, or outpatient treatment with treatment programs that are approved treatment programs. The county may subcontract for other services with individuals or organizations approved by the department.

(7) To continue to be eligible for financial support from the department for the county alcoholism and other drug addiction program, an increase in state financial support shall not be used to supplant local funds from a source that was used to support the county alcoholism and other drug addiction program before the effective date of the increase.

Sec. 33. RCW 70.96A.800 and 2008 c 320 s 1 are each amended to read as follows:

(1) Subject to funds appropriated for this specific purpose, the secretary shall select and contract with counties to provide intensive case management for chemically dependent persons with histories of high utilization of crisis services at two sites. In selecting the two sites, the secretary shall endeavor to site one in an urban county, and one in a rural county; and to site them in counties other than those selected pursuant to RCW 70.96B.020, to the extent necessary to facilitate evaluation of pilot project results. Subject to funds appropriated for this specific purpose, the secretary may contract with additional counties to provide intensive case management.

(2) The contracted sites shall implement the pilot programs by providing intensive case management to persons with a primary chemical dependency diagnosis or dual primary chemical dependency and mental health diagnoses, through the employment of chemical dependency case managers. The chemical dependency case managers shall:

(a) Be trained in and use the integrated, comprehensive screening and assessment process adopted under RCW 70.96C.010;

(f) Coordinate with local offices of the economic services administration to assist the person in accessing and remaining enrolled in those programs to which the person may be entitled;

(g) Where appropriate and available, coordinate with primary care and other programs operated through the federal government including federally qualified health centers, Indian health programs, and veterans' health programs for which the person is eligible to reduce duplication of services and conflicts in case approach;

(h) Where appropriate, advocate for the client's needs to assist the person in achieving and maintaining stability and progress toward recovery;

(i) Document the numbers of persons with co-occurring mental and substance abuse disorders and the point of determination of the co-occurring disorder by quadrant of intensity of need; and

(j) Where a program participant is under supervision by the department of corrections, collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The pilot programs established by this section shall begin providing services by March 1, 2006.

Sec. 34. RCW 71.24.049 and 2001 c 323 s 13 are each amended to read as follows:

By January 1st of each odd-numbered year, the ~~((regional support network))~~ behavioral health organization shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families.

Sec. 35. RCW 71.24.061 and 2007 c 359 s 7 are each amended to read as follows:

(1) The department shall provide flexibility in provider contracting to ~~((regional support networks))~~ behavioral health organizations for children's mental health services. Beginning with 2007-2009 biennium contracts, ~~((regional support network))~~ behavioral health organization contracts shall authorize ~~((regional support networks))~~ behavioral health organizations to allow and encourage licensed community mental health centers to subcontract with individual licensed mental health professionals when necessary to meet the need for an adequate, culturally competent, and qualified children's mental health provider network.

(2) To the extent that funds are specifically appropriated for this purpose or that nonstate funds are available, a children's mental health evidence-based practice institute shall be established at the University of Washington division of public behavioral health and justice policy. The institute shall closely collaborate with entities currently engaged in evaluating and promoting the use of evidence-based, research-based, promising, or consensus-based practices in children's mental health treatment, including but not limited to the University of Washington department of psychiatry and behavioral sciences, children's hospital and regional medical center, the University of Washington school of nursing, the University of Washington school of social work, and the Washington state institute for public policy. To ensure that funds appropriated are used to the greatest extent possible for their intended purpose, the University of Washington's indirect costs of administration shall not exceed ten percent of appropriated funding. The institute shall:

(a) Improve the implementation of evidence-based and research-based practices by providing sustained and effective training and consultation to licensed children's mental health providers and child-serving agencies who are implementing evidence-based or researched-based practices for treatment of children's emotional or behavioral disorders, or who are interested in adapting these practices to better serve ethnically or culturally

diverse children. Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

(b) Continue the successful implementation of the "partnerships for success" model by consulting with communities so they may select, implement, and continually evaluate the success of evidence-based practices that are relevant to the needs of children, youth, and families in their community;

(c) Partner with youth, family members, family advocacy, and culturally competent provider organizations to develop a series of information sessions, literature, and online resources for families to become informed and engaged in evidence-based and research-based practices;

(d) Participate in the identification of outcome-based performance measures under RCW 71.36.025(2) and partner in a statewide effort to implement statewide outcomes monitoring and quality improvement processes; and

(e) Serve as a statewide resource to the department and other entities on child and adolescent evidence-based, research-based, promising, or consensus-based practices for children's mental health treatment, maintaining a working knowledge through ongoing review of academic and professional literature, and knowledge of other evidence-based practice implementation efforts in Washington and other states.

(3) To the extent that funds are specifically appropriated for this purpose, the department in collaboration with the evidence-based practice institute shall implement a pilot program to support primary care providers in the assessment and provision of appropriate diagnosis and treatment of children with mental and behavioral health disorders and track outcomes of this program. The program shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

Sec. 36. RCW 71.24.155 and 2001 c 323 s 14 are each amended to read as follows:

Grants shall be made by the department to ~~((regional support networks))~~ behavioral health organizations for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects, including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter.

Sec. 37. RCW 71.24.160 and 2011 c 343 s 6 are each amended to read as follows:

The ~~((regional support networks))~~ behavioral health organizations shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under RCW 71.05.730 must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 38. RCW 71.24.250 and 2001 c 323 s 16 are each amended to read as follows:

The ~~((regional support network))~~ behavioral health organization may accept and expend gifts and grants received from private, county, state, and federal sources.

Sec. 39. RCW 71.24.300 and 2008 c 261 s 4 are each amended to read as follows:

(1) Upon the request of a tribal authority or authorities within a ~~((regional support network))~~ behavioral health organization the joint operating agreement or the county authority shall allow for the

inclusion of the tribal authority to be represented as a party to the ~~((regional support network))~~ behavioral health organization.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under ~~((regional support networks))~~ behavioral health organizations by rule, except to assure that all duties required of ~~((regional support networks))~~ behavioral health organizations are assigned and that counties and the ~~((regional support network))~~ behavioral health organization do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the ~~((regional support network's))~~ behavioral health organization's contract with the secretary.

(4) If a ~~((regional support network))~~ behavioral health organization is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the ~~((regional support network))~~ behavioral health organization.

(5) The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(6) ~~((Regional support networks))~~ Behavioral health organizations shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each ~~((regional support network))~~ behavioral health organization evaluation and treatment services for at least ninety percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. ~~((Regional support networks))~~ Behavioral health organizations may contract to purchase evaluation and treatment services from other ~~((networks))~~ organizations if they are unable to provide for appropriate resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each ~~((regional support network))~~ behavioral health organization. Such exceptions are limited to:

(i) Contracts with neighboring or contiguous regions; or

(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.

(d) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as ~~((defined))~~ described in RCW 71.24.035, and mental health services to children.

(e) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(7) A ~~((regional support network))~~ behavioral health organization may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the persons with mental illness and which is within the boundaries of a ~~((regional support network))~~ behavioral health organization be made available to

support the operations of the ~~((regional support network))~~ behavioral health organization. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(8) Each ~~((regional support network))~~ behavioral health organization shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the ~~((regional support network))~~ behavioral health organization, and work with the ~~((regional support network))~~ behavioral health organization to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding ~~((regional support network))~~ behavioral health organization performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the ~~((regional support network))~~ behavioral health organization, county elected officials. Composition and length of terms of board members may differ between ~~((regional support networks))~~ behavioral health organizations but shall be included in each ~~((regional support network's))~~ behavioral health organization's contract and approved by the secretary.

(9) ~~((Regional support networks))~~ Behavioral health organizations shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(10) ~~((Regional support networks))~~ Behavioral health organizations may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the ~~((regional support network))~~ behavioral health organization six-year operating and capital plan, timeline, and budget required by subsection (6) of this section.

Sec. 40. RCW 71.24.310 and 2013 2nd sp.s. c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the ~~((regional support network))~~ behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the ~~((regional support networks))~~ behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, ~~((regional support networks))~~ behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the ~~((regional support networks))~~ behavioral health organizations regarding the number of state hospital beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization, the department shall contract with each ~~((regional support network))~~ behavioral health organization accordingly.

(3) If there is not consensus among the ~~((regional support networks))~~ behavioral health organizations regarding the number of beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that

FIFTY NINTH DAY, MARCH 12, 2014

2014 REGULAR SESSION

are available for use by each (~~(regional support network)~~) behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each (~~(regional support network)~~) behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with (~~(regional support networks)~~) behavioral health organizations to provide some or all of the (~~(regional support network's)~~) behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the (~~(regional support network)~~) behavioral health organization in the state hospital.

(6) If a (~~(regional support network)~~) behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a (~~(regional support network)~~) behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among (~~(regional support networks)~~) behavioral health organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 41. RCW 71.24.350 and 2013 c 23 s 189 are each amended to read as follows:

The department shall require each (~~(regional support network)~~) behavioral health organization to provide for a separately funded mental health ombuds office in each (~~(regional support network)~~) behavioral health organization that is independent of the (~~(regional support network)~~) behavioral health organization. The ombuds office shall maximize the use of consumer advocates.

Sec. 42. RCW 71.24.370 and 2006 c 333 s 103 are each amended to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after March 29, 2006.

(2) Except as expressly provided in contracts entered into between the department and the (~~(regional support networks)~~) behavioral health organizations after March 29, 2006, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for

actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, (~~(regional support networks)~~) behavioral health organizations, and entities which contract to provide (~~(regional support network)~~) behavioral health organization services and their subcontractors, agents, or employees.

Sec. 43. RCW 71.24.455 and 1997 c 342 s 2 are each amended to read as follows:

The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The (~~(regional support network)~~) behavioral health organization or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected (~~(regional support network)~~) behavioral health organization or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the (~~(regional support network)~~) behavioral health organization or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected (~~(regional support network)~~) behavioral health organization or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender

and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. (e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high- crime risk ~~((mentally ill))~~ offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with ~~((regional support networks))~~ behavioral health organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the ~~((regional support networks))~~ behavioral health organizations are to supplement and not supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and

are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program.

Sec. 45. RCW 71.24.480 and 2009 c 319 s 2 are each amended to read as follows:

(1) A licensed service provider or ~~((regional support network))~~ behavioral health organization, acting in the course of the provider's or ~~((network's))~~ organization's duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or ~~((network))~~ organization, unless the act or omission of the provider or ~~((network))~~ organization constitutes:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and ~~((regional support network))~~ behavioral health organization shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or ~~((regional support network's))~~ behavioral health organization's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed service provider's or ~~((regional support network's))~~ behavioral health organization's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and ~~((regional support networks))~~ behavioral health organizations and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

By September 1, 2013, the ~~((regional support networks))~~ behavioral health organizations shall submit the uniform transfer agreement to the department. By December 1, 2013, the department shall establish guidelines to implement the uniform transfer agreement and may modify the uniform transfer agreement as necessary to avoid impacts on state administrative systems.

standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 ~~((26) and~~) (27) and (28) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with ~~((regional support networks))~~ behavioral health organizations, alone or in partnership with either educational service

The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

Sec. 50. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing ~~((regional support network))~~ behavioral health organization chooses not to respond to a request for ~~((qualifications))~~ a detailed plan, or is unable to substantially meet the requirements of a request for ~~((qualifications))~~ a detailed plan, or notifies the department of social and health services it will no longer serve as a ~~((regional support network))~~ behavioral health organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the ~~((regional support network))~~ behavioral health organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources

and the leverage of other funds for the support of mental health services to persons with mental illness.

(2) A ~~((regional support network))~~ behavioral health organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a ~~((regional support network))~~ behavioral health organization is prohibited from responding to a procurement under this section or serving as a ~~((regional support network))~~ behavioral health organization for five years from the date that the department signs a contract with the entity that will serve as the ~~((regional support network))~~ behavioral health organization.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ~~((regional support networks))~~ behavioral health organizations as provided in chapter 70.320 RCW.

(2) The ~~((regional support network))~~ behavioral health organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ~~((regional support network))~~ behavioral health organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ~~((regional support network))~~ behavioral health organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ~~((regional support network))~~ behavioral health organization does not exceed an administrative cost of ten percent of available funds;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ~~((regional support network))~~ behavioral health organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ~~((regional support network))~~

behavioral health organization they shall provide ninety days' advance notice in writing to the other party.

Sec. 52. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new ~~((regional support network))~~ behavioral health organization boundaries in any part of the state:

(a) Where more than one ~~((network))~~ organization chooses not to respond to, or is unable to substantially meet the requirements of, the request for ~~((qualifications))~~ a detailed plan under RCW 71.24.320;

(b) Where a ~~((regional support network))~~ behavioral health organization is subject to reprourement under RCW 71.24.330; or

(c) Where two or more ~~((regional support networks))~~ behavioral health organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen ~~((regional support networks))~~ behavioral health organizations under this chapter. No entity shall be responsible for more than three ~~((regional support networks))~~ behavioral health organizations.

Sec. 53. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and ~~((regional support networks))~~ behavioral health organizations. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and ~~((regional support networks))~~ behavioral health organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and ~~((regional support networks))~~ behavioral health organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid

clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in section 2 of this act.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

~~((8))~~ (10) For services covered under this chapter (medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

~~((9))~~ (11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

~~((40))~~ (12) Payments under RCW 74.60.130 are exempt from this section.

~~((44))~~ (13) Subsections ~~((7))~~ (9) through ~~((9))~~ (11) of this section expire July 1, 2016.

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of

license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(9)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (9) in its calculations for future certificate of need applications.

(10) To alleviate the need to board psychiatric patients in emergency departments, for fiscal year 2015 the department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this section shall be valid for two years.

Sec. 107. RCW 70.320.020 and 2013 c 320 s 2 are each amended to read as follows:

(1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the

following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data have been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

Sec. 108. RCW 18.205.040 and 2008 c 135 s 17 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, nothing in this chapter shall be construed to authorize the use of the title "certified chemical dependency professional" or "certified chemical dependency professional trainee" when treating patients in settings other than programs approved under chapter 70.96A RCW.

(2) A person who holds a credential as a "certified chemical dependency professional" or a "certified chemical dependency professional trainee" may use such title when treating patients in settings other than programs approved under chapter 70.96A RCW if the person also holds a license as: An advanced registered nurse practitioner under chapter 18.79 RCW; a marriage and family therapist, mental health counselor, advanced social worker, or independent clinical social health worker under chapter 18.225

RCW; a psychologist under chapter 18.83 RCW; an osteopathic physician under chapter 18.57 RCW; an osteopathic physician assistant under chapter 18.57A RCW; a physician under chapter 18.71 RCW; or a physician assistant under chapter 18.71A RCW.

NEW SECTION. Sec. 109. A new section is added to chapter 70.320 RCW to read as follows:

The authority, the department, and service contracting entities shall establish record retention schedules for maintaining data reported by service contracting entities under RCW 70.320.020. For data elements related to the identity of individual clients, the schedules may not allow the retention of data for longer than required by law unless the authority, the department, or service contracting entities require the data for purposes contemplated by RCW 70.320.020 or to meet other service requirements. Regardless of how long data reported by service contracting entities under RCW 70.320.020 is kept, it must be protected in a way that prevents improper use or disclosure of confidential client information.

NEW SECTION. Sec. 110. A new section is added to chapter 71.24 RCW to read as follows:

(1) The department and the health care authority shall develop a plan to provide integrated managed health and mental health care for foster children receiving care through the medical assistance program. The plan shall detail the steps necessary to implement and operate a fully integrated program for foster children, including development of a service delivery system, benefit design, reimbursement mechanisms, and standards for contracting with health plans. The plan must be designed so that all of the requirements for providing mental health services to children under the *T.R. v. Dreyfus and Porter* settlement are met. The plan shall include an implementation timeline and funding estimate. The department and the health care authority shall submit the plan to the legislature by December 1, 2014.

(2) This section expires July 1, 2015.

NEW SECTION. Sec. 111. Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 112. Sections 7, 10, 13 through 54, 56 through 84, and 86 through 104 of this act take effect April 1, 2016.

NEW SECTION. Sec. 113. Section 85 of this act takes effect July 1, 2018."

Correct the title.
and the same are herewith transmitted.

HOUSE BILL NO. 2798, by Representative Hunter

Concerning payments made by the health care authority to managed health care systems.

The measure was read the second time.

MOTION

On motion of Senator Hill, the rules were suspended, House Bill No. 2798 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Hill and Keiser spoke in favor of passage of the bill.

PARLIAMENTARY INQUIRY

Senator Padden: "How many votes does it take to pass House Bill No. 2798?"

REPLY BY THE PRESIDENT

President Owen: "Senator Padden, the President needs a little guidance from you on what reference you are making as to why you question the number of votes?"

POINT OF ORDER

Senator Padden: "Yes, the gentleman from the Forty-fifth District indicated that under Initiative 502 the money went to the basic health care plan so we are redirecting that money. Does Initiative 502 require two-thirds vote?"

SENATE BILL NO. 6327, by Senators Darneille and Chase

member of the Board of Trustees, Bellingham Technical College District No. 25.

Expanding the categories of offenses eligible for the parenting program with the department of corrections.

RULING BY THE PRESIDENT

The measure was read the second time.

President Owen: "In response to Senator Padden's parliamentary inquiry regarding the number of votes required to pass House Bill No. 2798, the President finds and rules as follows:

MOTION

Initiative 502 provided that a certain percent of the excise taxes be placed into the Basic Health Plan Stabilization Account, along with other funds already in the account.

On motion of Senator Darneille, the rules were suspended, Senate Bill No. 6327 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The bill allows an expanded use of funds in the account. Merely because the initiative directs some funds into an existing account, does not make alteration of the purposes for which the account can be used an amendment of the initiative.

Senator Darneille spoke in favor of passage of the bill.

For these reasons the President finds that House Bill No. 2798 requires only a constitutional majority of 25 votes on final passage.

March 12, 2014

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6040 with the following amendment(s): 6040-S.E AMH APP H4471.1

Strike everything after the enacting clause and insert the following:

"PART 1

INVASIVE SPECIES—MANAGEMENT

NEW SECTION. Sec. 101. The legislature finds that:

(1) The state's fish, wildlife, and habitat are exceptionally valuable environmental resources for the state's citizens.

(2) The state's fish, wildlife, and habitat also provide exceptionally valuable economic, cultural, and recreational resources. These include hydroelectric power, agriculture, forests, water supplies, commercial and recreational fisheries, aquaculture, and public access to outdoor recreational opportunities.

(3) Invasive species pose a grave threat to these environmental and economic resources, especially to salmon recovery and state and federally listed threatened and endangered species. Because of the significant harm invasive species can cause, invasive species constitute a public nuisance.

(4) If allowed to become established, invasive species can threaten human health and cause environmental and economic disasters affecting not only our state, but other states and nations.

(5) The risk of invasive species spreading into Washington increases as travel and commerce grows in volume and efficiency.

(6) Prevention of invasive species is a cost-effective, successful, and proven management strategy. Prevention is the state's highest management priority with an emphasis on education and outreach, inspections, and rapid response.

(7) The integrated management of invasive species through pathways regulated by the department is critical to preventing the introduction and spread of a broad range of such species, including plants, diseases, and parasites.

(8) Washington's citizens must work together to protect the state from invasive species.

(9) Public and private partnerships, cooperative agreements, and compacts are important for preventing new arrivals and managing existing populations of invasive species, and coordinating these actions on local, state, national, and international levels.

(10) The department requires authority for this mission to effectively counter the unpredictable nature of invasive species' introductions and spread, enable the utilization of new advances in invasive ecology science, and implement applicable techniques and technology to address invasive species.

(11) An integrated management approach provides the best way for the state to manage invasive species and includes opportunities for creating an informed public, encouraging public involvement, and striving for local, regional, national, and international cooperation and consistency on management standards. An integrated management approach also applies sound science to minimize the chance that invasive species used for beneficial purposes will result in environmental harm.

(12) This chapter provides authority for the department to effectively address invasive species using an integrated management approach.

(13) The department of fish and wildlife currently has sufficient statutory authority to effectively address invasive species risks posed through discharge of ballast water under chapter 77.120 RCW and by private sector shellfish aquaculture operations regulated under chapter 77.115 RCW. The programs developed by the department under these chapters embody the principles of prevention as the highest priority, integrated management of pathways, public-private partnerships, clean and drain principles, and rapid response capabilities.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic conveyance" means transportable personal property having the potential to move an aquatic invasive species from one aquatic environment to another. Aquatic conveyances include but are not limited to watercraft and associated equipment, float planes, construction equipment, fish tanker trucks, hydroelectric and irrigation equipment, personal fishing and hunting gear, and materials used for aquatic habitat mitigation or restoration.

(2) "Aquatic invasive species" means an invasive species of the animal kingdom with a life cycle that is at least partly dependent

upon fresh, brackish, or marine waters. Examples include nutria, waterfowl, amphibians, fish, and shellfish.

(3) "Aquatic plant" means a native or nonnative emergent, submersed, partially submersed, free-floating, or floating-leaved plant species that is dependent upon fresh, brackish, or marine water ecosystems and includes all stages of development and parts.

(4) "Certificate of inspection" means a department-approved document that declares, to the extent technically or measurably possible, that an aquatic conveyance does not carry or contain an invasive species. Certification may be in the form of a decal, label, rubber stamp imprint, tag, permit, locking seal, or written statement.

(5) "Clean and drain" means to remove the following from areas on or within an aquatic conveyance to the extent technically and measurably possible:

(a) Visible native and nonnative aquatic animals, plants, or other organisms; and

(b) Raw water.

(6) "Commercial watercraft" means a management category of aquatic conveyances:

(a) Required to have valid marine documentation as a vessel of the United States or similar required documentation for a country other than the United States; and

(b) Not subject to watercraft registration requirements under chapter 88.02 RCW or ballast water requirements under chapter 77.120 RCW.

(7) "Cryptogenic species" means a species that scientists cannot commonly agree are native or nonnative or are part of the animal kingdom.

(8) "Decontaminate" means, to the extent technically and measurably possible, the application of a treatment to kill, destroy, remove, or otherwise eliminate all known or suspected invasive species carried on or contained within an aquatic conveyance or structural property by use of physical, chemical, or other methods. Decontamination treatments may include drying an aquatic conveyance for a time sufficient to kill aquatic invasive species through desiccation.

(9) "Detect" means the verification of invasive species' presence as defined by the department.

(10) "Eradicate" means, to the extent technically and measurably possible, to kill, destroy, remove, or otherwise eliminate an invasive species from a water body or property using physical, chemical, or other methods.

(11) "Infested site management" means management actions as provided under section 109 of this act that may include long-term actions to contain, control, or eradicate a prohibited species.

(12) "Introduce" means to intentionally or unintentionally release, place, or allow the escape, dissemination, or establishment of an invasive species on or into a water body or property as a result of human activity or a failure to act.

(13) "Invasive species" means nonnative species of the animal kingdom that are not naturally occurring in Washington for purposes of breeding, resting, or foraging, and that pose an invasive risk of harming or threatening the state's environmental, economic, or human resources. Invasive species include all stages of species development and body parts. They may also include genetically modified or cryptogenic species.

(14) "Invasive species council" means the Washington invasive species council established in RCW 79A.25.310 or a similar collaborative state agency forum. The term includes the council and all of its officers, employees, agents, and contractors.

(15) "Mandatory check station" means a location where a person transporting an aquatic conveyance must stop and allow the conveyance to be inspected for aquatic invasive species.

(16) "Possess" means to have authority over the use of an invasive species or use of an aquatic conveyance that may carry or

contain an invasive species. For the purposes of this subsection, "authority over" includes the ability to intentionally or unintentionally hold, import, export, transport, purchase, sell, barter, distribute, or propagate an invasive species.

(17) "Prohibited species" means a classification category of nonnative species as provided in section 104 of this act.

(18) "Property" means both real and personal property.

(19) "Quarantine declaration" means a management action as provided under section 107 of this act involving the prohibition or conditioning of the movement of aquatic conveyances and waters from a place or an area that is likely to contain a prohibited species.

(20) "Rapid response" means expedited management actions as provided under section 108 of this act triggered when invasive species are detected, for the time-sensitive purpose of containing or eradicating the species before it spreads or becomes further established.

(21) "Raw water" means water from a water body and held on or within property. "Raw water" does not include water from precipitation that is captured in a conveyance, structure, or depression that is not otherwise intended to function as a water body, or water from a potable water supply system, unless the water contains visible aquatic organisms.

(22) "Regulated species" means a classification category of nonnative species as provided in section 104 of this act.

(23) "Registered watercraft" means a management category of aquatic conveyances required to register as vessels under RCW 88.02.550 or similar requirements for a state other than Washington or a country other than the United States.

(24) "Seaplane" means a management category of aquatic conveyances capable of landing on or taking off from water and required to register as an aircraft under RCW 47.68.250 or similar registration in a state other than Washington or a country other than the United States.

(25) "Small watercraft" means a management category of aquatic conveyances:

(a) Including inflatable and hard-shell watercraft used or capable of being used as a means of transportation on the water, such as kayaks, canoes, sailboats, and rafts that:

(i) Do not meet watercraft registration requirements under chapter 88.02 RCW; and

(ii) Are ten feet or more in length with or without mechanical propulsion or less than ten feet in length and fitted with mechanical propulsion.

(b) Excluding nonmotorized aquatic conveyances of any size not designed or modified to be used as a means of transportation on the water, such as inflatable air mattresses and tubes, beach and water toys, surf boards, and paddle boards.

(26) "Water body" means an area that carries or contains a collection of water, regardless of whether the feature carrying or containing the water is natural or nonnatural. Examples include basins, bays, coves, streams, rivers, springs, lakes, wetlands, reservoirs, ponds, tanks, irrigation canals, and ditches.

NEW SECTION. Sec. 103. (1) The department is the lead agency for managing invasive species of the animal kingdom statewide. This lead responsibility excludes pests, domesticated animals, or livestock managed by the department of agriculture under Titles 15, 16, and 17 RCW, forest invasive insect and disease species managed by the department of natural resources under Title 76 RCW, and mosquito and algae control and shellfish sanitation managed by the department of health under Titles 69, 70, and 90 RCW.

(2) Subject to the availability of funding for these specific purposes, the department may:

(a) Develop and implement integrated invasive species management actions and programs authorized by this chapter,

including rapid response, early detection and monitoring, prevention, containment, control, eradication, and enforcement;

(b) Establish and maintain an invasive species outreach and education program, in coordination with the Washington invasive species council, that covers public, commercial, and professional pathways and interests;

(c) Align management classifications, standards, and enforcement provisions by rule with regional, national, and international standards and enforcement provisions;

(d) Manage invasive species to support the preservation of native species, salmon recovery, and the overall protection of threatened or endangered species;

(e) Participate in local, state, regional, national, and international efforts regarding invasive species to support the intent of this chapter;

(f) Provide technical assistance or other support to tribes, federal agencies, local governments, and private groups to promote an informed public and assist the department in meeting the intent of this chapter;

(g) Enter into partnerships, cooperative agreements, and state or interstate compacts as necessary to accomplish the intent of this chapter;

(h) Research and develop invasive species management tools, including standard methods for decontaminating aquatic conveyances and controlling or eradicating invasive species from water bodies and properties;

(i) Post invasive species signs and information at port districts, privately or publicly owned marinas, state parks, and all boat launches owned or leased by state agencies or political subdivisions; and

(j) Adopt rules as needed to implement the provisions of this chapter.

(3) The department may delegate selected and clearly identified elements of its authorities and duties to another agency of the state with appropriate expertise or administrative capacity upon cooperative agreement with that agency. This delegation may include provisions of funding for implementation of the delegations. The department retains primary authority and responsibility for all requirements of this chapter unless otherwise directed in this chapter.

(4) This chapter does not apply to the possession or introduction of nonnative aquatic animal species by:

(a) Ballast water held or discharged by vessels regulated under chapter 77.120 RCW; or

(b) Private sector aquaculture operations, transfers, or conveyances regulated under chapter 77.115 RCW.

(5) This chapter does not preempt or replace other department species classification systems or other management requirements under this title. However, the department must streamline invasive species requirements under this chapter into existing permits and cooperative agreements as possible.

NEW SECTION. Sec. 104. (1) The department, in consultation with the invasive species council, may classify or reclassify and list by rule nonnative aquatic animal species as prohibited level 1, level 2, or level 3, based on the degree of invasive risk, the type of management action required, and resources available to conduct the management action.

(a) Species classified as prohibited level 1 pose a high invasive risk and are a priority for prevention and expedited rapid response management actions.

(b) Species classified as prohibited level 2 pose a high invasive risk and are a priority for long-term infested site management actions.

(c) Species classified as prohibited level 3 pose a moderate to high invasive risk and may be appropriate for prevention, rapid response, or other prohibited species management plan actions by

the department, another agency, a local government, tribes, or the public.

(2) The department, in consultation with the invasive species council, may classify and list by rule regulated type A species. This classification is used for nonnative aquatic animal species that pose a low to moderate invasive risk that can be managed based on intended use or geographic scope of introduction, have a beneficial use, and are a priority for department-led or department-approved management of the species' beneficial use and invasive risks.

(3) Nonnative aquatic animal species not classified as prohibited level 1, level 2, or level 3 under subsection (1) of this section, or as regulated type A species under subsection (2) of this section, are automatically managed statewide as regulated type B species or regulated type C species and do not require listing by rule.

(a) Species managed as regulated type B pose a low or unknown invasive risk and are possessed for personal or commercial purposes, such as for aquariums, live food markets, or as nondomesticated pets.

(b) Species managed as regulated type C pose a low or unknown invasive risk and include all other species that do not meet the criteria for management as a regulated type B invasive species.

(4) Classification of prohibited and regulated species:

(a) May be by individual species or larger taxonomic groups up to the family name;

(b) Must align, as practical and appropriate, with regional and national classification levels;

(c) Must be statewide unless otherwise designated by a water body, property, or other geographic region or area; and

(d) May define general possession and introduction conditions acceptable under department authorization, a permit, or as otherwise provided by rule.

(5) Prior to or at the time of classifying species by rule as prohibited or regulated under subsections (1) and (2) of this section, the department, in consultation with the invasive species council, must adopt rules establishing standards for determining invasive risk levels and criteria for determining beneficial use that take into consideration environmental impacts, and especially effects on the preservation of native species, salmon recovery, and threatened or endangered species.

NEW SECTION. Sec. 105. (1) Until the department adopts rules classifying species pursuant to chapter 77.--- RCW (the new chapter created in section 121 of this act), species and classifications identified in this section are automatically managed as follows:

(a) Zebra mussels (*Dreissena polymorpha*), quagga mussels (*Dreissena rostriformis bugensis*), European green crab (*Carcinus maenas*), and all members of the genus *Eriocheir* (including Chinese mitten crab), all members of the walking catfish family (*Clariidae*), all members of the snakehead family (*Channidae*), silver carp (*Hypophthalmichthys molitrix*), largescale silver carp (*Hypophthalmichthys harmandi*), black carp (*Mylopharyngodon piceus*), and bighead carp (*Hypophthalmichthys nobilis*) are prohibited level 1 species statewide;

(b) Prohibited aquatic animal species classified under WAC 220-12-090(1), in effect on July 1, 2014, except those as noted in this subsection are prohibited level 3 species statewide;

(c) Regulated aquatic animal species classified under WAC 220-12-090(2), in effect on July 1, 2014, are regulated type A species statewide; and

(d) Nonnative aquatic animal species classified as game fish under WAC 232-12-019, in effect on July 1, 2014, or food fish under WAC 220-12-010, in effect on July 1, 2014, are regulated type A species statewide.

(2) The department, in consultation with the invasive species council, may change these classifications by rule.

NEW SECTION. Sec. 106. (1) Prohibited level 1, level 2, and level 3 species may not be possessed, introduced on or into a

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

water body or property, or trafficked, without department authorization, a permit, or as otherwise provided by rule.

(2) Regulated type A, type B, and type C species may not be introduced on or into a water body or property without department authorization, a permit, or as otherwise provided by rule.

(3) Regulated type B species, when being actively used for commercial purposes, must be readily and clearly identified in writing by taxonomic species name or subspecies name to distinguish the subspecies from another prohibited species or a regulated type A species. Nothing in this section precludes using additional descriptive language or trade names to describe regulated type B species as long as the labeling requirements of this section are met.

NEW SECTION. Sec. 107. (1) If the department determines it is necessary to protect the environmental, economic, or human health interests of the state from the threat of a prohibited level 1 or level 2 species, the department may declare a quarantine against a water body, property, or region within the state. The department may prohibit or condition the movement of aquatic conveyances and waters from such a quarantined place or area that are likely to contain a prohibited species.

(2) A quarantine declaration under this section may be implemented separately or in conjunction with rapid response management actions under section 108 of this act and infested site management actions under section 109 of this act in a manner and for a duration necessary to protect the interests of the state from the threat of a prohibited level 1 or level 2 species. A quarantine declaration must include:

- (a) The reasons for the action including the prohibited level 1 or level 2 species triggering the quarantine;
- (b) The boundaries of the area affected;
- (c) The action timeline;
- (d) Types of aquatic conveyances and waters affected by the quarantine and any prohibition or conditions on the movement of those aquatic conveyances and waters from the quarantine area; and
- (e) Inspection and decontamination requirements for aquatic conveyances.

NEW SECTION. Sec. 108. (1) The department may implement rapid response management actions where a prohibited level 1 species is detected in or on a water body or property. Rapid response management actions may: Include expedited actions to contain, control, or eradicate the prohibited species; and, if applicable, be implemented in conjunction with a quarantine declaration. Rapid response management actions must be terminated by the department when it determines that the targeted prohibited level 1 species are:

- (a) Eradicated;
- (b) Contained or controlled without need for further management actions;
- (c) Reclassified for that water body; or
- (d) Being managed under infested site management actions pursuant to section 109 of this act.

(2) If a rapid response management action exceeds seven days, the department may implement an incident command system for rapid response management including scope, duration, and types of actions and to support mutual assistance and cooperation between the department and other affected state and federal agencies, tribes, local governments, and private water body or property owners. The purpose of this system is to coordinate a rapid, effective, and efficient response to contain, control, and eradicate if feasible, a prohibited level 1 species. Mutual assistance and coordination by other state agencies is especially important to assist the department in expediting necessary state and federal environmental permits.

(3) The department may enter into cooperative agreements with national, regional, state, and local rapid response management

action partners to establish incident command system structures, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments in preparation for potential future actions.

(4) The department may perform simulated rapid response exercises, testing, or other training activities to prepare for future rapid response management actions.

(5) In implementing rapid response management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 109. (1) The department may implement infested site management actions where a prohibited level 2 species is detected in or on a water body or property. Infested site management actions may: Include long-term actions to contain, control, or eradicate the prohibited species; and, if applicable, be implemented in conjunction with a quarantine declaration. Infested site management actions must be terminated by the department when it determines that the targeted prohibited level 2 species are:

- (a) Eradicated;
- (b) Contained or controlled without need for further management actions; or
- (c) Reclassified for that water body.

(2) The department must consult with affected state and federal agencies, tribes, local governments, and private water body or property owners prior to implementing infested site management actions. The purpose of the consultation is to support mutual assistance and cooperation in providing an effective and efficient response to contain, control, and eradicate, if feasible, a prohibited level 2 species.

(3) The department may enter into cooperative agreements with national, regional, state, and local infested site management action partners to establish management responsibilities, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments.

(4) In implementing infested site management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 110. (1) To the extent possible, the department's quarantine declarations under section 107 of this act, rapid response management actions under section 108 of this act, and infested site management actions under section 109 of this act must be implemented in a manner best suited to contain, control, and eradicate prohibited level 1 and level 2 species while protecting human safety, minimizing adverse environmental impacts to a water body or property, and minimizing adverse economic impacts to owners of an affected water body or property.

(2) The department is the lead agency for quarantine declarations, rapid response, and infested site management actions. Where the infested water body is subject to tribal, federal, or other sovereign jurisdiction, the department:

- (a) Must consult with appropriate federal agencies, tribal governments, other states, and Canadian government entities to develop and implement coordinated management actions on affected water bodies under shared jurisdiction;
- (b) May assist in infested site management actions where these actions may prevent the spread of prohibited species into state water bodies; and

(c) May assist other states and Canadian government entities, in the Columbia river basin, in management actions on affected water bodies outside of the state where these actions may prevent the spread of the species into state water bodies.

(3)(a) The department must provide notice of quarantine declarations, rapid response, and infested site management actions to owners of an affected water body or property. Notice may be

provided by any reasonable means, such as in person, by United States postal service, by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body.

(b) The department must provide updates to owners of an affected water body or property based on management action type as follows:

(i) Every seven days for a rapid response management action and, if applicable, a quarantine declaration implemented in conjunction with a rapid response management action;

(ii) Every six months for a separate quarantine declaration;

(iii) Annually for the duration of an infested site management action and, if applicable, a quarantine declaration implemented in conjunction with an infested site management action; and

(iv) A final update at the conclusion of any management action.

(c) In addition to owners of an affected water body or property, the department must provide notice of a quarantine declaration to members of the public by any reasonable means for an area subject to a quarantine declaration, such as by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body. The department must provide updates at reasonable intervals and a final update at the conclusion of the quarantine declaration.

(4) The department must publicly list those water bodies or portions of water bodies in which a prohibited level 1 or level 2 species has been detected. The department may list those areas in which a prohibited level 3 species has been detected.

(5) When posting signs at a water body or property where a prohibited species has been detected, the department must consult with owners of the affected water body or property regarding placement of those signs.

NEW SECTION. Sec. 111. (1) If the director finds that there exists an imminent danger of a prohibited level 1 or level 2 species detection that seriously endangers or threatens the environment, economy, human health, or well-being of the state of Washington, the director must ask the governor to order, under RCW 43.06.010(14), emergency measures to prevent or abate the prohibited species. The director's findings must contain an evaluation of the effect of the emergency measures on environmental factors such as fish listed under the endangered species act, economic factors such as public and private access, human health factors such as water quality, or well-being factors such as cultural resources.

(2) If an emergency is declared pursuant to RCW 43.06.010(14), the director may consult with the invasive species council to advise the governor on emergency measures necessary under RCW 43.06.010(14) and this section, and make subsequent recommendations to the governor. The invasive species council must involve owners of the affected water body or property, state and local governments, federal agencies, tribes, public health interests, technical service providers, and environmental organizations, as appropriate.

(3) Upon the governor's approval of emergency measures, the director may implement these measures to prevent, contain, control, or eradicate invasive species that are the subject of the emergency order, notwithstanding the provisions of chapter 15.58 or 17.21 RCW or any other statute. These measures, after evaluation of all other alternatives, may include the surface and aerial application of pesticides.

(4) The director must continually evaluate the effects of the emergency measures and report these to the governor at intervals of not less than ten days. The director must immediately advise the governor if the director finds that the emergency no longer exists or if certain emergency measures should be discontinued.

NEW SECTION. Sec. 112. (1) A person in possession of an aquatic conveyance who enters Washington by road, air, or water is required to have a certificate of inspection. A person must provide this certificate of inspection upon request by a fish and wildlife officer or ex officio fish and wildlife officer.

(2) The department must adopt rules to implement this section including:

(a) Types of aquatic conveyances required to have a certificate of inspection;

(b) Allowable certificate of inspection forms including passport type systems and integration with existing similar permits;

(c) Situations when authorization can be obtained for transporting an aquatic conveyance not meeting inspection requirements to a specified location within the state where certificate of inspection requirements can be provided; and

(d) Situations where aquatic conveyances are using shared boundary waters of the state, such as portions of the Columbia river, lake Osoyoos, and the Puget Sound.

NEW SECTION. Sec. 113. (1) A person in possession of an aquatic conveyance must meet clean and drain requirements after the conveyance's use in or on a water body or property. A certificate of inspection is not needed to meet clean and drain requirements.

(2) A fish and wildlife officer or ex officio fish and wildlife officer may order a person transporting an aquatic conveyance not meeting clean and drain requirements to:

(a) Clean and drain the conveyance at the discovery site, if the department determines there are sufficient resources available; or

(b) Transport the conveyance to a reasonably close location where resources are sufficient to meet the clean and drain requirements.

(3) This section may be enforced immediately on the transportation of aquatic plants by registered watercraft, small watercraft, seaplanes, and commercial watercraft. The department must adopt rules to implement all other aspects of clean and drain requirements, including:

(a) Other types of aquatic conveyances subject to this requirement;

(b) When transport of an aquatic conveyance is authorized if clean and drain services are not readily available at the last water body used; and

(c) Exemptions to clean and drain requirements where the department determines there is minimal risk of spreading invasive species.

NEW SECTION. Sec. 114. (1) The department may establish mandatory check stations to inspect aquatic conveyances for clean and drain requirements and aquatic invasive species. The check stations must be operated by at least one fish and wildlife officer, an ex officio fish and wildlife officer in coordination with the department, or department-authorized representative, and must be plainly marked by signs and operated in a safe manner.

(2) Aquatic conveyances required to stop at mandatory check stations include registered watercraft, commercial watercraft, and small watercraft. The department may establish rules governing other types of aquatic conveyances that must stop at mandatory check stations. The rules must provide sufficient guidance so that a person transporting the aquatic conveyance readily understands that he or she is required to stop.

(3) A person who encounters a mandatory check station while transporting an aquatic conveyance must:

(a) Stop at the mandatory check station;

(b) Allow the aquatic conveyance to be inspected for clean and drain requirements and aquatic invasive species;

(c) Follow clean and drain orders if clean and drain requirements are not met pursuant to section 113 of this act; and

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

(d) Follow decontamination orders pursuant to section 115 of this act if an aquatic invasive species is found.

(4) A person who complies with the department directives under this section is exempt from criminal penalties under sections 205 and 206 of this act, civil penalties under RCW 77.15.160(4), and civil forfeiture under RCW 77.15.070, unless the person has a prior conviction for an invasive species violation within the past five years.

NEW SECTION. Sec. 115. (1) Upon discovery of an aquatic conveyance that carries or contains an aquatic invasive species without department authorization, a permit, or as otherwise provided by rule, a fish and wildlife officer or ex officio fish and wildlife officer may issue a decontamination order:

(a) Requiring decontamination at the discovery site, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are available at the discovery site;

(b) Prohibiting the launch of the aquatic conveyance in a water body until decontamination is completed and certified, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site;

(c) Requiring immediate transport of the conveyance to an approved decontamination station, and prohibiting the launch of the conveyance in a water body until decontamination is completed and certified, if the situation presents a moderate risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site; or

(d) Seizing and transporting the aquatic conveyance to an approved decontamination station until decontamination is completed and certified, if the situation presents a high risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site.

(2) The person possessing the aquatic conveyance that is subject to orders issued under subsection (1)(b) through (d) of this section must bear any costs for seizure, transportation, or decontamination.

(3) Orders issued under subsection (1)(b) through (d) of this section must be in writing and must include notice of the opportunity for a hearing pursuant to section 116 of this act to determine the validity of the orders.

(4) If a decontamination order is issued under subsection (1)(d) of this section, the department may seize the aquatic conveyance for two working days or a reasonable additional period of time thereafter as needed to meet decontamination requirements. The decontamination period must be based on factors including conveyance size and complexity, type and number of aquatic invasive species present, and decontamination station resource capacity.

(5) If an aquatic conveyance is subject to forfeiture under RCW 77.15.070, the timelines and other provisions under that section apply to the seizure.

(6) Upon decontamination and issuing a certificate of inspection, an aquatic conveyance must be released to the person in possession of the aquatic conveyance at the time the decontamination order was issued, or to the owner of the aquatic conveyance.

NEW SECTION. Sec. 116. (1) A person aggrieved or adversely affected by a quarantine declaration under section 107 of this act, a rapid response management action under section 108 of this act, an infested site management action under section 109 of this act, or a decontamination order under section 115 of this act may contest the validity of the department's actions by requesting a hearing in writing within twenty days of the department's actions.

(2) Hearings must be conducted pursuant to chapter 34.05 RCW and the burden of demonstrating the invalidity of agency action is on

the party asserting invalidity. The hearing may be conducted by the director or the director's designee and may occur telephonically.

(3) A hearing on a decontamination order is limited to the issues of whether decontamination was necessary and the reasonableness of costs assessed for any seizure, transportation, and decontamination. If the person in possession of the aquatic conveyance that was decontaminated prevails at the hearing, the person is entitled to reimbursement by the department for any costs assessed by the department or decontamination station operator for the seizure, transportation, and decontamination. If the department prevails at the hearing, the department is not responsible for and may not reimburse any costs.

NEW SECTION. Sec. 117. (1) The department may operate aquatic conveyance inspection and decontamination stations statewide for voluntary use by the public or for mandatory use where directed by the department to meet inspection and decontamination requirements of this chapter. Decontamination stations can be part of or separate from inspection stations. Inspection and decontamination stations are separate from commercial vehicle weigh stations operated by the Washington state patrol.

(2) Inspection station staff must inspect aquatic conveyances to determine whether the conveyances carry or contain aquatic invasive species. If an aquatic conveyance is free of aquatic invasive species, then inspection station staff must issue a certificate of inspection. A certificate of inspection is valid until the conveyance's next use in a water body.

(3) If a conveyance carries or contains aquatic invasive species, then inspection station staff must require the conveyance's decontamination before issuing a certificate of inspection. The certificate of inspection is valid until the conveyance's next use in a water body.

(4) The department must identify, in a way that is readily available to the public, the location and contact information for inspection and decontamination stations.

(5) The department must adopt by rule standards for inspection and decontamination that, where practical and appropriate, align with regional, national, and international standards.

NEW SECTION. Sec. 118. (1) The department may authorize representatives to operate its inspection and decontamination stations and mandatory check stations. Department-authorized representatives may be department volunteers, other law enforcement agencies, or independent businesses.

(2) The department must adopt rules governing the types of services that department-authorized representatives may perform under this chapter.

(3) Department-authorized representatives must have official identification, training, and administrative capacity to fulfill their responsibilities under this section.

(4) Within two years of the effective date of this section, the department must provide the legislature with recommendations for a fee schedule that department-authorized representatives may charge users whose aquatic conveyances receive inspection and decontamination services.

NEW SECTION. Sec. 119. (1) The department may enter upon a property or water body at any reasonable time for the purpose of administering this chapter, including inspecting and decontaminating aquatic conveyances, collecting invasive species samples, implementing rapid response management actions or infested site management actions, and containing, controlling, or eradicating invasive species.

(2) Prior to entering the property or water body, the department shall make a reasonable attempt to notify the owner of the property or water body as to the purpose and need for the entry. Should the

department be denied access to any property or water body where access is sought for the purposes set forth in this chapter, the department may apply to any court of competent jurisdiction for a warrant authorizing access to the property.

(3) Upon such an application, the court may issue the warrant for the purposes requested where the court finds reasonable cause to believe it is necessary to achieve the purposes of this chapter.

NEW SECTION. Sec. 120. The provisions of this chapter must be liberally construed to carry out the intent of the legislature.

NEW SECTION. Sec. 121. Sections 102 through 104 and 106 through 120 of this act constitute a new chapter in Title 77 RCW.

PERSONAL PRIVILEGE

Senator Hobbs: "Mr. President, I just want to notify this body that a great committee coordinator, Alison Mendiola received a job with Seattle Light. So she'll be leaving us and I just want to let her know because I know she is listening in and she has been a great public servant to this Legislature and she will be sorely missed. I for one wish her well. I wish she would stay here but I understand that it's a long drive for her and it's better opportunities for her with Seattle City Light. If you don't mind Mr. President, if I could just ask the body to give a round of applause to her? I know she's listening right now. Thank you Alison for everything you've done for the Senate."

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

Senator Benton: “Thank you Mr. President. I too want to echo my colleague, Senator Hobbs’ comment. Alison came as a session only help one year and she was so outstanding that I went down and saw the then Secretary of the Senate, Tom Hoemann. I said, ‘My goodness we’ve got to find a permanent position for this lady. She is really good.’ And we were fortunate enough to get her on staff. She has been tremendous, both sides of the aisle, everybody knows that who has worked with her knows how diligent she is and I got the news with mixed emotions. I was devastated and thrilled. Thrilled for her, devastated for all us because that kind of dedication and talent is hard to find. We’re very lucky that we were able to keep her as long as we did. I knew that she would eventually find a better opportunity and move forward in her career but I just want to say Mr. President it will be a great loss to the Senate. We wish Alison the very best in all of her future endeavors. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Angel: “Thank you Mr. President. I just want to add my two cents on with Alison. She has been amazing and Alison I know you’re watching, those emails when I would shoot through on a Sunday and you would instantly reply, you are a rock star. I just wish you the very best and blessings in your new position. You will be sadly missed. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Kline: “Just want you to know that Alison is a graduate of the University of Maryland Law School. Thank you. Go Terps!”

MESSAGE FROM THE HOUSE

March 12, 2014

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6552 with the following amendment(s): 6552-S2.E AMH ENGR H4469.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that preparing students to be successful in postsecondary education, gainful employment, and citizenship requires increased rigor and achievement, including attaining a meaningful high school diploma with the opportunity to earn twenty-four credits. The legislature finds that an investment was made in the 2013-2015 omnibus appropriations act to implement an increase in instructional hours in the 2014-2015 school year. School districts informed the legislature that the funding as provided in the 2013-2015 omnibus appropriations act would result in only a few minutes being added onto each class period and would not result in a meaningful increase in instruction that would have the positive impact on student learning that the legislature expects. The school districts suggested that it would be a better educational policy to use the funds to implement the requirement of twenty-four credits for high school graduation, which will result in a meaningful increase of instructional hours. Based on input from school districts across the state, the legislature recognizes the need to provide flexibility for school districts to implement the increase in instructional hours while still moving towards an increase in the high school graduation requirements. Therefore, the legislature intends to shift the focus and intent of the investments from compliance with the minimum instructional hours offering to assisting school districts to provide an opportunity for students to earn twenty-four credits for high school

graduation and obtain a meaningful diploma, beginning with the graduating class of 2019, with the opportunity for school districts to request a waiver for up to two years.

**PART I

(1) The office of the superintendent of public instruction shall support school district efforts under RCW 28A.230.097 to adopt course equivalencies for career and technical courses by:

(a) Recommending career and technical curriculum suitable for course equivalencies;

(b) Publicizing best practices for high schools and school districts in developing and adopting course equivalencies; and

(c) In consultation with the Washington association for career and technical education, providing professional development, technical assistance, and guidance for school districts seeking to expand their lists of equivalent courses.

(2) The office of the superintendent of public instruction shall provide professional development, technical assistance, and guidance for school districts to develop career and technical course equivalencies that also qualify as advanced placement courses.

(3) The office of the superintendent of public instruction, in consultation with one or more technical working groups convened for this purpose, shall develop curriculum frameworks for a selected list of career and technical courses that may be offered by high schools or skill centers whose content in science, technology, engineering, and mathematics is considered equivalent in full or in part to science or mathematics courses that meet high school graduation requirements. The content of the courses must be aligned with state essential academic learning requirements in mathematics as adopted by the superintendent of public instruction in July 2011 and the essential academic learning requirements in science as adopted in October 2013, and industry standards. The office shall submit the list of equivalent career and technical courses and their curriculum frameworks to the state board of education for review, an opportunity for public comment, and approval. The first list of courses under this subsection must be developed and approved before the 2015-16 school year. Thereafter, the office may periodically update or revise the list of courses using the process in this subsection.

(4) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grant funds to school districts to increase the integration and rigor of academic instruction in career and technical courses. Grant recipients are encouraged to use grant funds to support teams of academic and technical teachers using a research-based professional development model supported by the national research center for career and technical education. The office of the superintendent of public instruction may require that grant recipients provide matching resources using federal Carl Perkins funds or other fund sources.

Sec. 102. RCW 28A.230.097 and 2013 c 241 s 2 are each amended to read as follows:

(1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students in high schools and skill centers. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure. Boards of directors must approve AP computer science courses as equivalent to high school mathematics or science, and must denote on a student's transcript that AP computer science qualifies as a math-based quantitative course for students who take the course in their senior year. In

order for a board to approve AP computer science as equivalent to high school mathematics, the student must be concurrently enrolled in or have successfully completed algebra II. Beginning no later than the 2015-16 school year, a school district board of directors must, at a minimum, grant academic course equivalency in mathematics or science for a high school career and technical course from the list of courses approved by the state board of education under RCW 28A.700.070, but is not limited to the courses on the list. If the list of courses is revised after the 2015-16 school year, the school district board of directors must grant academic course equivalency based on the revised list beginning with the school year immediately following the revision.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be either part of the student's high school and beyond plan or the student's culminating project, as determined by the student. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion.

Sec. 103. RCW 28A.230.010 and 2003 c 49 s 1 are each amended to read as follows:

(1) School district boards of directors shall identify and offer courses with content that meet or exceed: ~~((4))~~ (a) The basic education skills identified in RCW 28A.150.210; ~~((2))~~ (b) the graduation requirements under RCW 28A.230.090; ~~((3))~~ (c) the courses required to meet the minimum college entrance requirements under RCW 28A.230.130; and ~~((4))~~ (d) the course options for career development under RCW 28A.230.130. Such courses may be applied or theoretical, academic, or vocational.

(2) School district boards of directors must provide high school students with the opportunity to access at least one career and technical education course that is considered equivalent to a mathematics course or at least one career and technical education course that is considered equivalent to a science course as determined by the office of the superintendent of public instruction and the state board of education in RCW 28A.700.070. Students may access such courses at high schools, interdistrict cooperatives, skill centers or branch or satellite skill centers, or through online learning or applicable running start vocational courses.

(3) School district boards of directors of school districts with fewer than two thousand students may apply to the state board of education for a waiver from the provisions of subsection (2) of this section.

NEW SECTION. **Sec. 104.** A new section is added to chapter 28A.305 RCW to read as follows:

The state board of education may grant a waiver from the provisions of RCW 28A.230.010(2) based on an application from a board of directors of a school district with fewer than two thousand students.

PART II INSTRUCTIONAL HOURS AND HIGH SCHOOL GRADUATION CREDIT REQUIREMENTS

Sec. 201. RCW 28A.150.220 and 2013 2nd sp.s. c 9 s 2 are each amended to read as follows:

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210,

school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased beginning in the 2015-16 school year to at least one thousand eighty instructional hours for students enrolled in ~~((each of))~~ grades ~~((seven))~~ nine through twelve and at least one thousand instructional hours for students in ~~((each of))~~ grades one through ~~((six according to an implementation schedule adopted by the legislature, but not before the 2014-15 school year))~~ eight, all of which may be calculated by a school district using a district-wide annual average of instructional hours over grades one through twelve; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, ~~((subject to a phased-in implementation of the twenty-four credits as established by the legislature))~~ beginning with the graduating class of 2019 or as otherwise provided in RCW 28A.230.090. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students and exited students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020; and

(g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(5)(a) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. ~~((However,))~~

(b) Schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

required in the parent involvement component of the inventory. ~~((In addition, effective May 1, 1979,))~~

(c) In the case of students who are graduating from high school, a school district may schedule the last five school days of the one hundred ~~((and))~~ eighty day school year for noninstructional purposes ~~((in the case of students who are graduating from high school,))~~ including, but not limited to, the observance of graduation and early release from school upon the request of a student~~((, and))~~. All such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260. Any hours scheduled by a school district for noninstructional purposes during the last five school days for such students shall count toward the instructional hours requirement in subsection (2)(a) of this section.

(6) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec. 202. RCW 28A.230.090 and 2011 c 203 s 2 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation.

(d)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(d). The rules must include authorization for a school district to waive up to two credits for individual students based on unusual circumstances and in accordance with written policies that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation

requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(d) to an applying school district at the next subsequent meeting of the board after receiving an application.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review and to the quality education council established under RCW 28A.290.010. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 203. The Washington state school directors' association shall adopt a model policy and procedure that

school districts may use for granting waivers to individual students of up to two credits required for high school graduation based on unusual circumstances. The purpose of the model policy and procedure is to assist school districts in providing all students the opportunity to complete graduation requirements without discrimination and without disparate impact on groups of students. The model policy must take into consideration the unique limitations of a student that may be associated with such circumstances as homelessness, limited English proficiency, medical conditions that impair a student's opportunity to learn, or disabilities, regardless of whether the student has an individualized education program or a plan under section 504 of the federal rehabilitation act of 1973. The model policy must also address waivers if the student has not been provided with an opportunity to retake classes or enroll in remedial classes free of charge during the first four years of high school. The Washington state school directors' association must distribute the model policy and procedure to all school districts in the state that grant high school diplomas by June 30, 2015.

Sec. 204. RCW 28A.230.097 and 2013 c 241 s 2 are each amended to read as follows:

(1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students in high schools and skill centers. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure. Boards of directors must approve AP computer science courses as equivalent to high school mathematics or science, and must denote on a student's transcript that AP computer science qualifies as a math-based quantitative course for students who take the course in their senior year. In order for a board to approve AP computer science as equivalent to high school mathematics, the student must be concurrently enrolled in or have successfully completed algebra II.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be ~~(either)~~ part of the student's high school and beyond plan ~~((or the student's culminating project, as determined by the student))~~. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion.

Sec. 205. RCW 28A.320.240 and 2006 c 263 s 914 are each amended to read as follows:

(1) The purpose of this section is to identify quality criteria for school library media programs that support the student learning goals under RCW 28A.150.210, the essential academic learning requirements under RCW 28A.655.070, and high school graduation requirements adopted under RCW 28A.230.090.

(2) Every board of directors shall provide for the operation and stocking of such libraries as the board deems necessary for the proper education of the district's students or as otherwise required by law or rule of the superintendent of public instruction.

(3) "Teacher-librarian" means a certified teacher with a library media endorsement under rules adopted by the professional educator standards board.

(4) "School-library media program" means a school-based program that is staffed by a certificated teacher-librarian and provides a variety of resources that support student mastery of the

essential academic learning requirements in all subject areas and the implementation of the district's school improvement plan.

(5) The teacher-librarian, through the school-library media program, shall collaborate as an instructional partner to help all students meet the content goals in all subject areas, and assist high school students completing ~~((the culminating project and))~~ high school and beyond plans required for graduation.

Sec. 206. RCW 28A.150.260 and 2011 1st sp.s. c 27 s 2 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and

SIXTIETH DAY, MARCH 13, 2014

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) and (c) of this subsection, the minimum allocation for each school district shall include allocations

per annual average full-time equivalent student for the following materials, supplies, and operating costs, to be adjusted for inflation from the 2008-09 school year:

Per annual average full-time equivalent student in grades K-12

(c) In addition to the amounts provided in (a) and (b) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average full-time equivalent student in grades 9-12	
Technology	\$36.35
Curriculum and textbooks	\$39.02
Other supplies and library materials	\$82.84
Instructional professional development for certificated and classified staff	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

- (a) Exploratory career and technical education courses for students in grades seven through twelve;
- (b) ~~(Laboratory science courses for students in grades nine through twelve;~~
- ~~(c))~~ Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and
- ~~((d))~~ ~~(c)~~ Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were

eligible for free or reduced-price meals in the prior school year. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6518, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 12:35 p.m., on motion of Senator Fain, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 3:25 p.m. by President Owen.

REMARKS BY THE PRESIDENT

President Owen: "Thank you and I don't want to delay things but it looks like nothing happening. Well things are happening, I don't mean that. I mean that we can do this. I have served a long time here with a number of very, very good Readers and some that they sounded great and others that didn't last all that long. I have never served with a reader that has not only been as competent as Ken but as knowledgeable of the process as this gentleman has for us for years. I don't know if you know but Ken is a retired history teacher. Married to Barbara. He lives in Puyallup. It's his thirteenth regular session. He was security staff in his first session in 2002. In 2003 to 2006 he was security and back up Reader for four years and, to our great pleasure, you know he has served from 2007-2014 as not only as security but our Reader so for eight years. Now I understand to our chagrin that he is looking at retirement. Now I, so the Secretary has mentioned that he will continue his relentless, the Secretary of the Senate will continue his relentless pursuit of persuading Ken to return for one more session. However, however, should we fail in this pursuit and he does something like retiring and having fun and being able to go somewhere in January, February, March and April of the year, then the President sincerely wants to wish him the absolute best retirement and give him the most sincere and expression of appreciation for an incredible job. Well done. Thank you Ken."

PERSONAL PRIVILEGE

Senator Hargrove: "Well, I want to say a few about Ken too. So, a couple of things, first of all not only is he excellent at what he does but his inflection and his voice quality really makes our resolutions sound good. When he read the Seahawks resolution it was really, really good. I do have to bring up one time when he was going on and on and the President was not paying attention and I said 'Last line' and he stopped. So, I got you once Ken. We hope you come back."

PERSONAL PRIVILEGE

Senator Pedersen: "Well, I will just add that although I've been in this chamber for only two months I have known Ken for probably about forty years, which may seem astounding to many of you, but I had the great pleasure of growing up at Mountain View Lutheran Church with Ken and his family. And his daughter Kari was in my sister's Kari's class all through school. Ken, it has been an incredible joy these last few years to be able to serve with you and have the pleasure of your company and I will certainly miss you."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Ken, I also want to say congratulations. It's been wonderful knowing you the last fourteen years. You're a wonderful person. What I really want to bring back, and Senator Hargrove is not on the floor unfortunately. I want you to remind him of the night he made you go, read third reading to sit there and go on and on and on and that was Senator Hargrove's motion. Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Baumgartner: “I just want to point out, it’s just more than people in this fine body that Ken’s good work has touched. You know, my father retired now, is an avid watcher of TVW and what we do out here. I just remember off hand him saying, ‘Boy, that guy looks like a class act.’ So, people over in even in Pullman and Spokane Washington are paying attention, thinking you’re doing a great job as well.”

PERSONAL PRIVILEGE

Senator Dammeier: “So, I would like to echo Senator Pedersen’s comments. Ken is a legend back in our community for what he did there before he came down here and then what he’s done since he’s come down here. I’m not exactly sure how many other Puyallup people he has recruited into service in Olympia but there’s been a few. I’ll tell you for me since my service in the other chamber and here I just, when you walk in early in the morning and there’s Ken standing in the intersection in Cherberg and he greets you with that great ‘Good morning,’ it gets your day off to a great start. That’s even beyond the fantastic job he does here in this chamber. So, Ken, thank you very much for all your support for us and the citizens of Puyallup.”

PERSONAL PRIVILEGE

Senator Benton: “Thank you Mr. President. Ken, I want to apologize to you. I have made you read my name more than anybody else’s name on the floor of the Senate because I am the most likely not answer the first time you call. That’s been going on, I think the President can verify that with some awards he’s given out in the past but the fact is I’ve been here twenty years and you normally have to call my name at least twice. I apologize for that. I’m not sure that I’m going to be able, my ear has been trained to your voice. So, whether I am speaking with constituents in the wings or working even outside with one of the lobbyists and I hear your voice and I hear my name I know I’ve got to get in there and vote. So, I’m going to have to completely retrain my hearing if you’re not going to be here calling the names on the roll. I very much appreciated the opportunity to serve with you. I echo Senator Dammeier’s comments that in addition to your job here when we’re actually in session you have been a bright and cheery face that greets us in the morning when we come to work and often times you’re here too when we leave. I just tell you it’s going to be kind of weird getting used to this place without you sir. I will miss you.”

PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. Ken, don’t leave! I remember my first day I walked in the intersection as Senator Dammeier referred to and Ken said, ‘Good morning Senator’ and I turned around and I had to realize that was what my title was at that time and when I’d miss a vote and he looked at me and I realized that I was supposed to vote. You have been an amazing person here and I know from my perspective you sure made me feel welcome and sure made me feel like a part of this institution. Just for that I thank you but for the fact that everybody has talked about your voice. I told my husband about your voice and he told me to quit talking about you in that way, manner. So, I hope you decide to stay one more year but if you decide to retire I wish you the very best.”

REMARKS BY THE PRESIDENT

President Owen: “So, the President had not called us back to order but I did want to get that out of the way so you can continue to mingle I guess, Senator Fain. I will say this: Ken if you change your mind and you come back, if you change your mind you wouldn’t be the first person in this chamber to do that. I can guarantee you that it’s okay to acknowledge all these great things that have been said and still come back next year anyway. Good luck.”

MOTION

On motion of Senator Fain, the Senate advanced to the seventh order of business.

PERSONAL PRIVILEGE

Senator Roach: “Thank you Mr. President, members of the senate. Before we get too far into our business today, our important work of closing up, I did want to recognize another person whom I’ve worked with a number of years. I don’t even know how many and that would be Senator Adam Kline who also will not be with us next year. He’s elected to spend time with his family, his lovely grand-daughter and others. This is a strange thing here. I’m fairly concerned Republican and I count on Senator Kline to be my progressive Seattle liberal and he has fulfilled all my wishes for him. He is the greatest. So, with the permission of the President?”

REPLY BY THE PRESIDENT

President Owen: “Senator Roach. I assume that you’re under a point of personal privilege?”

Senator Roach: “Point of Personal Privilege. I have a gift here for Senator Kline and for those of you that can’t see and I did the art work myself. I had to get a book to look at it. I had no idea what this stuff really looks like. Would you indulge us and come over and unveil your gift? So Senator Kline and I have had a lot of fun things we’ve done together and other things not so fun but we always are friends and I appreciate that. Senator Kline, I am going to let you unwrap this for us and then show it to the crowd.”

Senator Kline: “Mr. President, I just hope this is going to be with the rules.”

REMARKS BY THE PRESIDENT

President Owen: “Well, let’s just cross our fingers.”

Senator Roach: “He does this really well. Look how nice and neat. He’s always so neat. Look at that. Don’t rip the paper.”

REMARKS BY THE PRESIDENT

(1) The legislature finds that it is the ((public)) policy of the state of Washington to ((direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment)) employ state and federal resources to foster economic development to promote private investment and to create or retain job opportunities for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless ((is)) are important for the economic welfare of the state.

(2) The legislature finds that a valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. ~~((A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:~~

~~—(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;~~

~~—(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;~~

~~((3))~~ (4) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

~~((6))~~ (7) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. - (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater stability of income and employment;
- (c) Encouraging greater access to financial resources for both large and small industrial development projects;

In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;

When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;

Concerning the effectiveness of health care purchasing and transforming the health care delivery system.

The measure was read the second time.

MOTION

Senator Becker moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the state of Washington has an opportunity to transform its health care delivery system.

(2) The state health care innovation plan establishes the following primary drivers of health transformation, each with individual key actions that are necessary to achieve the objective:

(a) Improve health overall by stressing prevention and early detection of disease and integration of behavioral health;

(b) Developing linkages between the health care delivery system and community; and

(c) Supporting regional collaboratives for communities and populations, improve health care quality, and lower costs.

NEW SECTION. Sec. 2. (1) The health care authority is responsible for coordination, implementation, and administration of interagency efforts and local collaborations of public and private organizations to implement the state health care innovation plan.

(2) Prior to the authority submitting a grant application for innovation plan funding, the authority must consult a neutral actuarial firm not currently contracted with the agency to review the estimated savings with the innovation plan prior to application submission. The plan and the actuarial information must be presented to the joint select committee on health care oversight, including the scope and details of the grant application and any request for proposal, prior to an application submission. The joint committee must review the application in a timely fashion that

enables the grant application, if approved, to be submitted within the required time frame.

(3) The grant application cannot commit the state to any financial obligations beyond the actual grant award amount.

(4) All required federal reporting related to a grant award must be shared with the joint committee at the same time it is submitted to the federal government.

(5) By January 1, 2015, and January 1st of each year through January 1, 2019, the health care authority shall coordinate and submit a status report to the appropriate committees of the legislature regarding implementation of the innovation plan. The report must summarize any actions taken to implement the innovation plan, progress toward achieving the aims of the innovation plan, and anticipated future implementation efforts. In addition, the health care authority shall submit any recommendations for legislation necessary to implement the innovation plan.

NEW SECTION. Sec. 3. (1) The joint select committee on health care oversight is established in statute, continuing the committee created in Engrossed Substitute Senate Concurrent Resolution No. 8401 passed in 2013.

(2) The membership of the joint select committee on health care oversight must consist of the following: (a) The chairs of the health care committees of the senate and the house of representatives, who must serve as cochairs; (b) four additional members of the senate, two each appointed by the leadership of the two largest political parties in the senate; and (c) four additional members of the house of representatives, two each appointed by the leadership of the two largest political parties in the house of representatives. The governor must be invited to appoint, as a liaison to the joint select committee, a person who must be a nonvoting member.

(3) The joint select committee on health care oversight must provide oversight between the health care authority, health benefit exchange, the office of the insurance commissioner, the department of health, and the department of social and health services. The goal must be to ensure that these entities are not duplicating their efforts and are working toward a goal of increased quality of services which will lead to reduced costs to the health care consumer.

(4) The joint select committee on health care oversight must, as necessary, propose legislation to the health care committees and budget recommendations to the ways and means committees of the legislature that aids in their coordination of activities and that leads to better quality and cost savings.

(5) The joint select committee on health care oversight expires on December 31, 2022.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall, subject to the availability of amounts appropriated or grants received for this specific purpose, award grants to support the development of two pilot projects for a community of health. A community of health is a regionally based, voluntary collaborative. The purpose of the collaborative is to align actions to achieve healthy communities and populations, improve health care quality, and lower costs. Grants may only be used for start-up costs.

(2) The authority shall develop a process for designating an entity as a community of health. An entity seeking designation is eligible if:

(a) It is a nonprofit or public-private partnership, including those led by local public health agencies;

(b) Its membership is broad and incorporates key stakeholders, such as the long-term care system, the health care delivery system, behavioral health, social supports and services, primary care and specialty providers, hospitals, consumers, small and large

employers, health plans, and public health, with no single entity or organizational cohort serving in a majority capacity; and

(c) It demonstrates an ongoing capacity to:

(i) Lead health improvement activities within the region with other local systems to improve health outcomes and the overall health of the community, improve health care quality, and lower costs; and

(ii) Distribute tools and resources from the health extension program created in section 5 of this act.

(3) In awarding grants under this section, the authority shall consider the extent to which the applicant will:

(a) Base decisions on public input and an active collaboration among key community partners, which can include, but are not limited to, local governments, housing providers, school districts, early learning regional coalitions, large and small businesses, labor organizations, health and human service organizations, tribal governments, health carriers, providers, hospitals, public health agencies, and consumers;

(b) Match the grant funding with funds from other sources; and

(c) Demonstrate capability for sustainability without reliance on state general fund appropriations.

(4) The authority may prioritize applications that commit to providing at least one dollar in matching funds for each grant dollar awarded.

(5) Before grant funds are disbursed, the authority and the applicant must agree on performance requirements.

NEW SECTION. Sec. 5. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a health extension program to provide training, tools, and technical assistance to primary care, behavioral health, and other providers. The program must emphasize high quality preventive, chronic disease, and behavioral health care that is comprehensive and evidence-based.

(2) The health extension program must coordinate dissemination of evidence-based tools and resources that promote:

(a) Integration of physical and behavioral health;

(b) Clinical decision support to promote evidence-based care;

(c) Reports of the Robert Bree collaborative created by RCW 70.250.050 and findings of health technology assessments under RCW 70.14.080 through 70.14.130;

(d) Methods of formal assessment;

(e) Support for patients managing their own conditions;

(f) Identification and use of resources that are available in the community for patients and their families, including community health workers; and

(g) Identification of evidence-based models to effectively treat depression and other conditions in primary care settings, such as the program advancing integrated mental health solutions, and others.

(3) The department may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of authority granted in this section.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

(1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and to propose benchmarks to track costs and improvements in health outcomes.

(2) Members of the committee must include representation from state agencies, small and large employers, health plans, patient groups, federally recognized tribes, consumers, academic experts on health care measurement, hospitals, physicians, and other providers. The governor shall appoint the members of the committee, except that a statewide association representing hospitals may appoint a

member representing hospitals, and a statewide association representing physicians may appoint a member representing physicians. The governor shall ensure that members represent diverse geographic locations and both rural and urban communities. The chief executive officer of the lead organization must also serve on the committee. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

(a) Prevention and screening;

(b) Effective management of chronic conditions;

(c) Key health outcomes;

(d) Care coordination and patient safety; and

(e) Use of the lowest cost, highest quality care for preventive care and acute and chronic conditions.

(5) The committee shall develop a measure set that:

(a) Is of manageable size;

(b) Is based on readily available claims and clinical data;

(c) Gives preference to nationally reported measures and, where nationally reported measures may not be appropriate, measures used by state agencies that purchase health care or commercial health plans;

(d) Focuses on the overall performance of the system, including outcomes and total cost;

(e) Is aligned with the governor's performance management system measures and common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(f) Considers the needs of different stakeholders and the populations served; and

(g) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform purchasing decisions and set benchmarks.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

NEW SECTION. Sec. 7. A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority and the department may restructure medicaid procurement of health care services and agreements with managed care systems on a phased basis to better support integrated physical health, mental health, and chemical dependency treatment, consistent with assumptions in Second Substitute Senate Bill No. 6312, Laws of 2014, and recommendations provided by the behavioral health task force. The authority and the department may develop and utilize innovative mechanisms to promote and sustain integrated clinical models of physical and behavioral health care.

(2) The authority and the department may incorporate the following principles into future medicaid procurement efforts aimed at integrating the delivery of physical and behavioral health services:

(a) Medicaid purchasing must support delivery of integrated, person-centered care that addresses the spectrum of individuals' health needs in the context of the communities in which they live and with the availability of care continuity as their health needs change;

(b) Accountability for the client outcomes established in RCW 43.20A.895 and 71.36.025 and performance measures linked to those outcomes;

(c) Medicaid benefit design must recognize that adequate preventive care, crisis intervention, and support services promote a recovery-focused approach;

(d) Evidence-based care interventions and continuous quality improvement must be enforced through contract specifications and performance measures that provide meaningful integration at the patient care level with broadly distributed accountability for results;

(e) Active purchasing and oversight of medicaid managed care contracts is a state responsibility;

(f) A deliberate and flexible system change plan with identified benchmarks to promote system stability, provide continuity of treatment for patients, and protect essential existing behavioral health system infrastructure and capacity; and

(g) Community and organizational readiness are key determinants of implementation timing; a phased approach is therefore desirable.

(3) The principles identified in subsection (2) of this section are not intended to create an individual entitlement to services.

(4) The authority shall increase the use of value based contracting, alternative quality contracting, and other payment incentives that promote quality, efficiency, cost savings, and health improvement, for medicaid and public employee purchasing. The authority shall also implement additional chronic disease management techniques that reduce the subsequent need for hospitalization or readmissions. It is the intent of the legislature that the reforms the authority implements under this subsection are anticipated to reduce extraneous medical costs, across all medical programs, when fully phased in by fiscal year 2017 to generate budget savings identified in the omnibus appropriations act.

NEW SECTION. Sec. 8. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Carrier" and "health carrier" have the same meaning as in RCW 48.43.005.

(3) "Claims data" means the data required by section 11 of this act to be submitted to the database, as defined by the director in rule. "Claims data" includes, but is not limited to, claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys, for medicaid programs and the public employees benefits board program.

(4) "Database" means the statewide all-payer health care claims database established in section 10 of this act.

(5) "Director" means the director of financial management.

(6) "Lead organization" means the organization selected under section 10 of this act.

(7) "Office" means the office of financial management.

NEW SECTION. Sec. 9. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained

by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

NEW SECTION. Sec. 10. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

(a) Collect claims data from data suppliers as provided in section 11 of this act;

(b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;

(c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to section 14 of this act using, but not limited to, the performance measures developed under section 6 of this act;

(f) Develop protocols and policies to ensure the quality of data releases;

(g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

(3) The lead organization governance structure and advisory committees must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees.

NEW SECTION. Sec. 11. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release, at no additional cost, any claims data related to persons receiving health coverage from the plan.

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by section 2 of this act must include a summary of these status reports.

NEW SECTION. Sec. 12. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter.

NEW SECTION. Sec. 13. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and

(b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

NEW SECTION. Sec. 14. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients; or

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts.

NEW SECTION. Sec. 15. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law; and

(e) Procedures for ensuring compliance with state and federal privacy laws.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter.

NEW SECTION. Sec. 16. A new section is added to chapter 48.02 RCW to read as follows:

(1) The commissioner may not use data acquired from the statewide all-payer health care claims database created in section 10 of this act for purposes of reviewing rates pursuant to this title.

(2) The commissioner's authority to access data from any other source for rate review pursuant to this title is not otherwise curtailed, even if that data may have been separately submitted to the statewide all-payer health care claims database.

Sec. 17. RCW 42.56.360 and 2013 c 19 s 47 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

(ii) If a request for such information is received, the submitting entity must be notified of the request. Within ten business days of receipt of the notice, the submitting entity shall provide a written statement of the continuing need for confidentiality, which shall be provided to the requester. Upon receipt of such notice, the department of health shall continue to treat information designated under this subsection (1)(d) as exempt from disclosure;

I don't know if this particular bill is there because it just came over from the House. I've noted that Senator Benton's point is a good one though. We have not had copies of the bills, many of the bills we've been doing and that happens on sine die. **PART II
HUMAN SERVICES**

Sec. 201. 2013 2nd sp.s. c 4 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(7)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The reductions to appropriations in this subsection related to semi-secure crisis residential centers reflect a reduction to the number of beds for semi-secure crisis residential centers and not a reduction in rates. Any secure crisis residential center or semi-secure crisis residential center bed reduction shall not be based solely upon bed utilization. The department is to exercise its discretion in reducing the number of beds but to do so in a manner that maintains availability and geographic representation of semi-secure and secure crisis residential centers.

In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

Sec. 204. 2013 2nd sp.s. c 4 s 204 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2014)((\$327,467,000))	\$328,527,000
General Fund--State Appropriation (FY 2015)((\$308,723,000))	\$329,208,000
General Fund--Federal Appropriation.....(\$561,394,000)	\$666,113,000
General Fund--Private/Local Appropriation	\$17,864,000
TOTAL APPROPRIATION.....(\$1,215,448,000)	\$1,341,712,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$104,999,000 of the general fund--state appropriation for fiscal year 2014 and (~~\$85,895,000~~) \$88,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year 2014 and (~~\$23,446,000~~) \$20,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,343,000 reduction in fiscal year 2014 and (~~\$11,723,000~~) \$10,223,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining (~~\$11,723,000~~) \$10,223,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2014, \$6,590,000 of the general fund--state appropriation for fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs

associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) \$523,000 of the general fund--state appropriation for fiscal year 2014, \$775,000 of the general fund--state appropriation for fiscal year 2015, and \$854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(m) \$5,986,000 of the general fund--state appropriation for fiscal year 2014, \$11,592,000 of the general fund--state appropriation for fiscal year 2015, and \$10,160,000 of the general fund--federal appropriation are provided solely for implementation of chapter 335, Laws of 2013 (ESSB 5480). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(o) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to \$298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in

eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(p) \$266,000 of the general fund--state appropriation for fiscal year 2014 ~~((is))~~ and \$1,500,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(q) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(r) \$7,281,000 of the general fund--state appropriation for fiscal year 2015 and \$4,589,000 of the general fund--federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network; (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$171.35 for fiscal year 2014 and shall not exceed ~~(((\$171.58))~~ \$178.82 for fiscal year 2015, including the rate add-ons described in

(a) ~~((and))~~, (b), and (g) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment is for any reason disapproved, the weighted average nursing facility payment rate shall not exceed \$162.43 for fiscal year 2014 and shall not exceed \$163.58 for fiscal year 2015. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) For fiscal year 2014 and 2015 within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. For fiscal year 2015 within funds provided, the department shall provide an additional add-on per medicaid resident day per facility not to exceed the industry weighted average rate of \$2.44. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$17 in calendar year 2012, according to cost report data. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, ~~((2013))~~ 2014, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, ~~((2013))~~ 2014, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility

safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) The rate add-on provided in (c) of this subsection is subject to the reconciliation and settlement process provided in RCW 74.46.022(6).

TOTAL APPROPRIATION	(\$12,307,569,000)
	\$13,029,389,000

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$1,143,994,000)~~) \$1,900,484,000 of the general fund--federal appropriation is provided solely to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and limitations in this subsection. If the federal medical assistance percentage for the medicaid expansion falls below the percentages in section 1905(y) of the social security act as of July 1, 2013, the authority shall ensure that the state does not incur any additional state costs above what would have been incurred had the federal medical assistance percentages remained at the percentages in section 1905(y) as of July 1, 2013. The director is authorized to make any necessary program adjustments to comply with this requirement, including adding or adjusting premiums, modifying benefits, or reducing optional programs. To the extent a waiver is needed to accomplish this, the director shall promptly apply for such waiver. If a necessary waiver is not approved, the medicaid expansion program shall be terminated upon appropriate notification to the legislature and enrollees.

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under

1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(9) \$400,000 of the general fund--state appropriation for fiscal year 2014, (~~(\$400,000)~~) \$200,000 of the general fund--state appropriation for fiscal year 2015, and (~~(\$800,000)~~) \$600,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to rural hospitals certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011 that do not participate in the certified public expenditures program. The authority shall discontinue these payments on January 1, 2015.

(10) \$100,000 of the general fund--state appropriation for fiscal year 2014 and (~~(\$100,000)~~) \$50,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments on January 1, 2015.

(11) \$100,000 of the general fund--state appropriation for fiscal year 2015 and \$100,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments beginning on January 1, 2015, to rural hospitals in Lewis county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

(12) \$150,000 of the general fund--state appropriation for fiscal year 2015 is provided solely for grants to rural public hospitals in Grant county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1,

2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

~~((12))~~ (14) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

~~((13))~~ (15) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital

payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. ~~((3,860,000))~~ \$11,928,000 of the general fund--state appropriation for fiscal year 2014 and ~~((1,137,000))~~ \$14,821,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

~~((14))~~ (16) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

~~((15))~~ (17) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

~~((16))~~ (18) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

~~((17))~~ (19) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(d) The development or revision of detailed policy-related action plans and budget recommendations for battling diabetes and undiagnosed gestational diabetes that includes a range of actionable items for consideration by the legislature. The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (17).

~~((18))~~ (20) Within the amounts appropriated in this section, the authority shall identify strategies to improve patient adherence to treatment plans for diabetes and implement these strategies as a pilot through one health home program to be identified by the authority. The authority shall report to the governor and the legislature in December 2014 on the progress of strategy implementation. The authority shall report to the governor and legislature in December 2015 on patient outcomes and cost savings derived from new adherence strategies in the health home model and make recommendations for improving the strategies.

~~((19))~~ (21) Effective January 1, 2014, managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

~~((27))~~ (29) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. (38) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

(39) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be

spent on specifically defined projects or matched on a formula basis by state funds.

(40) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(41) Within amounts appropriated, the health care authority shall conduct a review of its management and staffing structure to identify efficiencies and opportunities to reduce full time equivalent employees and other administrative costs. A report summarizing the review and the authority's recommendations to reduce costs and full time equivalent employees must be submitted to the governor and legislature by November 1, 2013.

(42) ~~(\$17,279,000)~~ \$16,580,000 of the health benefit exchange account--state appropriation and ~~(\$2,721,000)~~ \$3,409,000 of the general fund--federal appropriation are provided solely to support the operations of the Washington health benefit exchange from January 1, 2015, to June 30, 2015. The Washington state health insurance pool administrator shall transfer \$20,838,000 of pool contributions to the treasurer for deposit into the health benefit exchange account in calendar year 2014. The receipt and use of medicaid funds provided to the health benefit exchange from the health care authority are subject to compliance with state and federal regulations and policies governing the Washington apple health programs, including timely and proper application, eligibility, and enrollment procedures. Within the amounts provided in this subsection, \$321,000 of the health benefit exchange account--state appropriation and \$688,000 of the general fund--federal appropriation are provided solely for print services and postage for modified adjusted gross income medicaid eligibility correspondence sent from the health benefit exchange.

(43) Within the amounts appropriated in this section, the authority shall continue to provide coverage after December 31, 2013, for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(44) ~~((Upon implementation of the medicaid expansion under subsection (1) of this section, the breast and cervical cancer treatment program is eliminated. To maintain continuity of coverage, the authority shall offer the option to stay in a fee-for-service program to clients that are already enrolled in the breast and cervical cancer treatment program and will be transitioned into the new adult group upon implementation of the medicaid expansion. The authority will continue to provide coverage to clients that are already enrolled in the breast and cervical cancer treatment program at the time of program elimination until their courses of treatment are completed))~~ Sufficient amounts are appropriated in this section to restore medicaid coverage under the breast and cervical cancer treatment program.

(45) \$40,000 of the general fund--state appropriation for fiscal year 2014 and \$40,000 of the general fund--federal appropriation are provided solely for the authority to create a new position to provide adequate oversight and assistance to managed care organizations, rural health clinics, and federally qualified health centers under a new administratively streamlined payment methodology. Effective July 1, 2013, or upon obtaining any necessary federal approval, but in no case during the first quarter of a calendar year, the authority shall implement an administratively streamlined payment methodology for federally qualified health centers and rural health clinics. The authority's payments to managed care organizations shall include the full encounter payment comprised of both the standard and enhancement payments for federally qualified health centers and rural health clinics as defined in the medicaid state plan and in accordance with

section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment and full pass through of the obligated funds. For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center, and payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority. At the option of any clinic, the enhancement payment can be received from the managed care organization on a per member per month basis for all assigned managed care enrollees in an amount prescribed by the authority. Nothing in this section is intended to disrupt mutually agreeable contractual arrangements between managed care organizations and clinics that impact how the standard payment for services is paid. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers in WAC 284-43-321. The authority shall exercise all necessary options under its existing sanctions policy to enforce timely payment of claims. The authority shall ensure necessary staff and resources are identified to actively monitor and enforce the timeliness and accuracy of payments to federally qualified health centers and rural health clinics. By January 1, 2014, and after collaboration with federally qualified health centers, rural health clinics, managed care plans, and the centers for medicare and medicaid services, the authority will produce a report that provides options for a new payment methodology that rewards innovation and outcomes over volume of services delivered, and which maintains the integrity of the rural health clinic and federally qualified health center programs as outlined under federal law. The report will detail necessary federal authority for implementation and provide the benefits and drawbacks of each option.

(46) \$3,605,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to proportionally reduce the amounts that rural health clinics owe the state under the calendar year 2009 recoupment.

(47) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the current medicaid benefit plan beginning January 1, 2014. ~~((The authority shall monitor the costs of the habilitative benefit as part of the forecasting process but shall not provide this benefit in the current medicaid benefit plan without a direct appropriation in the omnibus appropriations act.))~~

(48) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply or the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(49)(a) \$75,000 of the general fund--state appropriation for fiscal year 2014 and \$75,000 of the general fund--federal

appropriation are provided solely for preparing options with an expert consultant for possible implementation of a targeted premium assistance program and possible implementation of the federal basic health option. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the targeted premium assistance program. The authority shall develop options for a waiver request to the federal centers for medicare and medicaid services to implement a targeted premium assistance program for the expansion adults, identified in section 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes above one hundred percent of the federal poverty level, and for children covered in the children's health insurance program with incomes above two hundred percent of the federal poverty level, with a goal of providing seamless coverage through the health benefit exchange and improving opportunities for families to be covered in the same health plans. The options must include the possibility of applying premiums for individuals and cost-sharing that may exceed the five percent of family income cap under federal law, and the options must include recommendations to make the targeted premium assistance program cost neutral. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014. The authority is encouraged to be creative, use subject matter experts, and exhaust all possible options to achieve cost neutrality. The report shall also include a detailed plan and timeline. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the federal basic health option. The authority shall prepare options for implementing the federal basic health option as federal guidance becomes available. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014, or ninety days following the release of federal guidance. The report must include a comparison of the premiums and cost-sharing under the federal basic health option with the premium assistance options described in this subsection, options for implementing the federal basic health option in combination with a premium assistance program, a detailed fiscal analysis for each coverage approach, including the estimated costs for system design and implementation, and information about impacted populations.

(b) Where possible, the authority shall leverage the same expert consultants to review each proposal and compare and contrast the approaches to ensure seamless coordination with the health benefit exchange.

(c) The authority shall collaborate with the joint select committee on health care oversight in the development of these options.

(50) \$171,000 of the general fund--state appropriation for fiscal year 2015 and \$145,000 of the general fund--federal appropriation are provided solely to implement Second Substitute Senate Bill No. 6312 (mental health, chemical dependency) and Engrossed Second Substitute House Bill No. 2315 (suicide prevention). If the bill is not enacted by June 30, 2014, the amounts provided in this subsection shall lapse.

(52) \$306,000 of the general fund--state appropriation for fiscal year 2015 and \$306,000 of the general fund--federal appropriation are provided solely to implement Substitute House Bill No. 2310 (provider safety equipment). If the bill is not enacted by June 30, 2014, the amounts provided in this subsection shall lapse.

(55) By December 1, 2014, the authority shall report to the legislative fiscal committees with options for reducing payments to hospital owned physician practices or clinics that are higher than the maximum resource based relative value scale fee rates received by nonhospital owned physician practices or clinics for the same procedures. The authority shall include options for exempting certain hospital owned clinics from the reductions and the fiscal impacts of those options. The authority shall not enter into or renew any contracts under RCW 74.60.160 that would restrict the authority's ability to implement any of these options in the 2015-2017 fiscal biennium.

(56) The appropriations to the authority in this act shall be expended for the purposes and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, 2014, may transfer general fund--state appropriations for fiscal year 2014 that are provided solely for a specified purpose. The authority shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(1)(a) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

PERSONAL PRIVILEGE

Senator Baumgartner: "Well, we have three very special members of the Senate who are unfortunately not going to be returning next year and, speaking of some of the colleagues on the other side of the aisle, and was hoping we might say a few words about each of them. I know a lot of people might like to speak and not wanting to be selfish and not wanting to take too much time. I would just say a few words about Senator Holmquist Newbry and then pass on the opportunity to others if that would be alright Mr. President?"

REPLY BY THE PRESIDENT

President Owen: "It's your Point of Personal Privilege sir."

PERSONAL PRIVILEGE

Senator Baumgartner: "Thank you. Well, I am and many and all of us are going to greatly miss Senator Janea Holmquist Newbry. She has been both a friend and a mentor to my class to 2010. Each and every day, a bright light with a positive spirit. I think of many of us know, she's been a pretty consistent 'No' vote on any taxes and fees that come before the Legislature and I think she's just been an outstanding Senator for her district. One of the things that's really impressed me is her ability as well to pragmatically get, things done despite her strong conservative principal. So, Janea, you will be greatly missed but I know this will not be the end of your ability to impact all of us as a hopefully as a law maker and as a friend Senator Kline and Senator Eide, it's sincerely been an honor for me to serve with each of you. I don't want to take any time from your colleagues and others that would say that but thank you."

PERSONAL PRIVILEGE

Senator Hargrove: “Thank you Mr. President. Yes, we have three members that are leaving us and they’re all special to me in different ways. First, Janea, I’m going to miss you a bunch and I would like to specifically mention a little bill that we worked on last year that I dropped the day before cut-off. Loggers safety initiative which you heard, passed and went clean through the Legislature. It’s going to mean a huge amount to loggers that are, they get up to four bucks off their loggers safety, loggers premium at L & I. That was amazing. Drop a bill in, and poof, there it goes. Goes all the way through. I really, really appreciate you working on that. I love your cheery face and stick-to-itiveness on that ‘No’ on some of those things. But, believe you me, I will be calling you when you get to Congress. So, we have a few bills to get out. Adam, I served for years on Judiciary with you. It was one of the most fun committees I was ever on. I particularly liked the day that you left to testify on another bill of yours, when you came back, executive session was done. That was really fun but you had a great dedication to your issues and working those through and though some of the hearings that we had the bills weren’t ever going any place but I really appreciate your hard work on those things. The way you go through detail on everything and this year we worked together on the drone bill and I really appreciate that. Tracey, sweetheart, this is going to be really hard. We have been here for a long time together. I don’t know how good I had it when I was chairing a policy committee and you were floor leader and any bill I wanted went to my committee. That was really a sweet deal. So, we’ve had a few discussions about bill referrals this year and let me tell you, we’ve really stretched the envelope on some things. You know, you’ve really been a great friend, a great confidant. We’ve cried together, we’ve prayed together and we’ve shared hugs when things happy have happened and when things sad have happened. Going to miss you a whole bunch. Hopefully I’ll visit you and play a little golf up at your cabin. Tracey, it’s just going to be really hard to not have you around next year. Thanks for serving.”

PERSONAL PRIVILEGE

Senator Sheldon: “Mr. President, I had the great pleasure of serving with all three of these members as well but in both caucuses. I have a little bit different perspective but I have to first, I’ll make it quick because I know a lot of people want to speak. Janea, Senator Holmquist Newbry, one name comes to mind when I think about your committee and what a wonderful job you have done with that committee and that is a person that a few of us served with but wish all of us could of served with and his name was Jim Madsen. A tremendous person and I got to know him as a committee Chair. It was late in his career and he was a wonderful, wonderful person. You also are a wonderful person and the way you treated everyone in the committee and the way you run that committee. Senator Eide, we served together in the House as well, over here and I’ve always enjoyed working with you. I can say sometimes it was a little tough to get my bill up on the floor sometimes when you were floor leader but you were always on a mission and you always strived to do the best job you could for everyone. I have to say about Senator Kline. Senator Kline, you and I have often been adversaries on the floor. And this is something that probably only Senator Kline and I both know that, if you watch TVW lately, you saw Senator Kline and what he did in his first job out of school working with individuals in Mississippi and working with the Mississippi Freedom Party. I was at the convention, the Democratic Convention in 1964 and Senator Kline had a lot of memories about that as I do too. Another unknown fact around here that Senator Kline and I both worked for Columbia Legal Services one time and we didn’t

know each other then. I was doing a consulting contract with Indian Tribes and Adam had just gotten here to Seattle. So, when I was going through some stuff at home I found an old roster of the personnel at Columbia Legal Services, Greg Daleara was the Director at that time and Adam and I actually worked together on liberal causes. I know you won’t quit Adam, I know you’ll never quit so good to all three of you. Thank you.”

PERSONAL PRIVILEGE

Senator Fraser: “Thank you Mr. President. Well, this is a night of fond farewells for many of us. Two of our members who are departing I’ve worked with for many years and Senator Holmquist Newbry only a few but I would like to express my appreciation to her. She chaired one of the most, the busiest committees we have here, busy and complex and she always treated my limited number of bills there with respect and full consideration. I greatly appreciated that. Senator Kline, I will certainly miss, hope to see you around, and he’s certainly to me the epitome of caring about justice. I think that underlies everything he does with all bills and is most appropriate that he has chaired the Law & Justice or the Judiciary Committee or whichever name we gave to it that year. So, Senator Kline, it’s just been a great pleasure. Senator Eide, we’ve served together a long time too. You’ve certainly been a huge leader on education, getting the simple majority constitutional amendment through after twelve or more years and then your cell phone bills. They spawned, it’s a huge achievement, but they spawned the best floor speeches we’ve ever had. So, I encourage everybody to look those up on TVW. Of course, transportation for all she has championed during the last couple of years. And then her years as floor leader, if you look at the photo collage we gave her. My favorite picture is the one when she was sitting in that seat over there and so many people were talking to her about I want my bill, I want my bill that somebody put crime scene tape around there to protect her space. So, that was fun. So, I thank Senator Eide, Senator Kline and Senator Holmquist Newbry for their commitment to working well here in the Senate.”

PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. Well, I too want to say a fond farewell and I want to start with Adam Kline. You know on the inauguration I ran into, my husband and I were walking through the building and here came Adam Kline and he said, ‘How in the hell did you get elected?’ He said, ‘We thought no one would be in this position’ and so that was introduction to Adam Kline. Then he served on the Health Care Committee and when he’d ask a question of course with all of his legal background I’d look at him and say, ‘What did you just say?’ So, I will miss and you’ve always wanted to come out to the place and talk and you are invited in your time off. You’ll have time and I hope to do that. Senator Eide, Tracey Eide, we sat next to each other in Transportation my first year and I was afraid too much but under my breath I’d say something and one time they were talking about how much it was going to cost to paint the ferries and I mumbled under my breath, ‘I could paint them for a lot less than that.’ She said, ‘Me to.’ So we’ve laughed about that from the very beginning and I really, it was a way to get to know you and she would encourage me to say some things when I was afraid to. I really have to tell how much I appreciated that. Then comes Janea, and Janea sat next to me and the very first, I was first to vote my first two years and I had never experienced it and I said, ‘I don’t know what to do’ and she said, ‘When you want to say ‘Aye’ say ‘Aye’, when you want to say ‘Nay’ say ‘Nay’ and my first vote was ‘yes.’ She was my, she was the person that

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

helped me more than anyone and I will tell a quick story and I'm not going to keep everybody but I won't forget when Senator Parlette, Senator Stevens, Senator Holmquist at that point in time and this person got in Senator Parlette's car on a break rolled down the windows, had Creedence Clearwater Revival just blaring out the window and we're all singing and we ran into all sorts of people that were waving at us and we were waving at them, you thought we were teenagers. So, Janea, I wish you the very best in your future and each and every one of you, God Bless and enjoy your retirements."

PERSONAL PRIVILEGE

Senator Padden: "Well, I just want to say a few words about each of the three that are leaving and although Senator Eide we weren't on too many committees, I don't think we were ever on a committee together but I say when I first came here in 2011 in November we had the special session and you were running the floor. I always admired how competent and what a great job you did on managing the floor which isn't an easy job. I mean we know, we have Senator Fain here, we know it's not an easy job. Anyway, you were outstanding and always pleasant to work and we shared some common interest as far as legal field in the judiciary. Then Janea, I've always admired you. Sometimes looked back to make sure there wasn't some fee bill I was voting for that I shouldn't have. Anyway, your positive outlook and spark and cheerfulness really light up a whole room, certainly are such a positive thing for me. So, we appreciate it. You have a great tradition there following Senator Hochstatter in the Thirteenth District. I think you represented your district very, very well. And then Senator Kline, we've had a unique relationship because probably there aren't too many issues we agree on but every so often you know, the left and the right meet and we met on the drone bill. I enjoyed working that bill with you very much this year and other bills and we were able to get a lot of things done both when you ran the Judiciary Committee and as a Ranking Member on Law & Justice. So, I'm going to miss all three of you and I thank you all for your service to the citizens of the state."

PERSONAL PRIVILEGE

Senator Conway: "Thank you. I just want to say goodbye to Janea. We have fought so many fights both in the House and Senate on so many bills that I'm going to miss her, alright. Commerce & Labor is one of those committees where you're on one side or the other and you tend to have a lot of fights. We go back a long ways, actually to the days when Cathy McMorris was Chairing the House Commerce & Labor Committee. Certainly that's when Janea left the Senate I think and came over here. So, it's been great working with you here in the Senate at well. Good luck and we wish you well. Some of my other good friends here on the floor, we go back a long way to '93 when it was the year of the woman in the House. Of course, there are a number of women here today who were part of that group. I always remember that whole year, that was an interesting year, that someone, I'm a historian, some need to write down the memories of that particular year, 93 and 94 when there were so many women that got elected in that election. One of my fondest memories of that is we all use to end sine die, since we're here on sine die by singing 'Amazing Grace.' Recall that? We all would line up and have a great, I know the President wouldn't like that idea but it was a great event for us and I think we will always remember that. Adam, you know you and I have worked on many issues together. You and I have always fought the worker rights issues here.

We're going to miss you in many, many ways. Your championing of those issues go back a long, long ways even before you got here to Olympia so best of luck in your retirement. Thank you."

PERSONAL PRIVILEGE

Senator Hobbs: "Mr. President, I too am going to miss these three fine Senators. Senator Holmquist, you know we've teamed up several times on several bills if you recall and you compromised on several of them. Thank you very much but we forged some really good legislation. We did some reforms here in the State of Washington that helped businesses out. Tracey, Senator Eide, you're a mentor to me. I'm going to miss you. You know your transportation. I've got some big shoes to fill and just have your phone near you so I can call you and I won't call while I'm driving. I won't do that or I just won't tell you, actually. Adam, I'm going to save the best for last because I actually have a bunch of funny stories of Adam Kline who by the way if he offers to door bell in your district, think long and hard about it. I'm glad he did to tell the truth because this is a true story, Adam, I don't know if you remember this, I got two of them. So, one time the south part of my district and I just door belled a house of these two, they had jet skis in the front and Adam, I know your hard of hearing so your voice raises quite a bit. I coming out, he goes, 'Jet skis, those are horrible for the environment.' So, I just go to my voter list and go, 'Well, I just lost those two votes there.' Another occasion we come to this cul-de-sac and I'm talking to this couple in there. They like me because you know I voted against that liberal agenda and Adams right there. I go, 'Well, Adam Kline a State Senator from Seattle and I vote against his liberal agenda all the time.' Thank you for being a prop for me, I really appreciate that. So, Adam, thank you so much. You took the time to go to my district and doorbell that means a lot to me. I'm going to miss all three of you. I wish you well. Janea, I hope there's no millionaires in your race. It's a real downer when that happens. So, thank you very much, call me anytime. I'm going to miss you guys."

PERSONAL PRIVILEGE

Senator Eide: "Well, it's been eighteen years. Time flies when you're having fun. Served with Governor Lowry, Governor Locke, Governor Gregiore, Governor Inslee and I've learned a lot from each and every one of them. I can tell you something today though. I have been in Governor Inslee's office more times than I have with all the other ones combined working on this transportation package. We tried. There are a few people that I really want to thank. Lieutenant Governor, your number one. I have learned so much from you. You were my mentor. You taught me how to run the floor. The decorum, the manners and every day that I went up to that rostrum I said good morning, you are a dear friend. You taught me everything I knew about the floor. Keith Buchholz, Tom Hoemann, I know he's in Arizona but both of them I have to thank. Keith I know I unloaded on you a lot. I tell you what, I vented a lot but you kept me on task and you know what? I still love your swear bear. I got to find myself one of those. Heather, Heather Lewis-Lechner, Claire Hesselholt, Lyset Cadena, those three women are the smartest women I know. Heather is a parliamentary guru. Claire Hesselholt, you ask her a question about budget and she knows it. Lyset, she was my right hand woman for transportation and I could not have done it without her. Ken, I didn't get up to speak when, Hello. When everybody else did because I had you in my notes. I know that you used to be a constituent of mine when I had Edgewood at one time. It's been a long time ago but I tell you what, all the years sat there you smiled. Look at your smile. That's the one thing I will

never forget. It was always fun. You made it fun and I wish you the very best. Enjoy your retirement with your lovely wife and retire for good this time okay. It's hard for you to quit. I know there's always something you got going but I wanted to say thank you for serving and sitting up there for the longest time and saying all of our names and keeping that smile on. Mr. Peter F. Dodds. You know who he is? He's been with me for eighteen years. He's my LA. You never would find a more devoted individual. Somebody that works his tail off and has my back. You can't ask for anything better than that. I can tell you what, the highest compliment I can give him is every one of my girlfriends wanted a Mr. Peter F. Dodds because I'd call him and he was always there and they'd go, 'Can I have a Mr. Dodds'? He's a hard one to leave. He's so loyal. Last but not least is my husband. He's here tonight, my daughter was here a little bit earlier. Where are you? I would not be standing here serving the people of Washington State if it was not for that man. Joanna and Mathew, I know you're at home watching me, love you both. I want grandchildren. I'm serious. I'm hoping I'm not going to drive Mark to distraction, drive you crazy going home. I'm looking forward to it, honey. I have to say thank you very much to my constituents of the Thirtieth District. Eighteen years I'm standing here and I am still humble and I am still honored to serve the people of the Thirtieth Legislative District. There's no feeling like that, to know people trust you to represent them and don't you ever forget who brought you to the dance and that's what Senator Julia Patterson always said. Don't forget who brought you to the dance. So, I could sit here and talk all night about every Senator but I want each and every one of you to know that it's been an honor and a pleasure serving with each and every one of you. You have enriched my life and I thank you so much."

REMARKS BY THE PRESIDENT

President Owen: "Mark, I know your back there getting a big hug right now. Mark, we still expect about two dozen roses every February. Four dozen then. Well, we're not quite as important as you know who."

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Thank you Mr. President. Well, I'd also like to make a couple of comments about the departure of our three very dear friends. Its occurred to me especially this session knowing that some people are going to be leaving that we are really a family here. I mean we really get to know one another, some more than others if we've not known them as long. But, I'll tell you, I think we have a lot of characters in this body. I mean we could look at any of us and think oh my, she is really a character or he is really a character. I mean Adam. Isn't he a character? But love our characters. I'm sure I'm viewed as a character too but with Adam he's just been so much fun and all the stories we could all tell about what goes on but we really can't tell here in public air waves. But everyone of us has a heart, a soul, wonderful dedication to our constituents, we all do it in a little bit of a different way but these three fine Senators have really touched so many lives in so many ways and all of us too. Janea was my Ranking Member when I had the Senate Labor & Commerce Committee, it's now the Commerce & Labor Committee and we had totally different views on most things but we really managed to work well together and plan for the committee meetings. I just adored her. I'm just going find it so enjoyable to watch her career as she goes on to Congress. It's going to be wonderful and it's been so wonderful to see you as a new mother. It's just been so great. Adam of course as I was saying has been a wonderful

friend and colleague and came to us 'Mothers Against Drunk Driving' and some of us knew him when he was a lobbyist before that before coming to us. You have just been great, I'm going to miss you terribly Adam. Tracey. Tracey and I, Lisa Brown and Julie Patterson would stay at the old Golden Gavel Hotel on Capital Way. Its named something different. Golden Navel we used to call it. I mean the times that we have had over so many years sometimes really been outrageous. But I want to show one picture of Tracey Eide. Now you know when she was Floor Leader she's always been like this, and like this and like this and somebody on staff and I'm not sure who it was made some depictions of a lot of us. I have mine in my office I think I'm a futuristic super woman. It's pretty entertaining but Tracey's was so perfect. She's in a Seahawk uniform throwing the football and this was actually a pose from the Senate floor when she was Majority Floor Leader directing all of us in terms of what's going on. So, this I think this is a real memory and I'm going to keep it. I was going to give it to you but I think I'll keep it because it's great but I love them all."

MOTION

On motion of Senator Fain, the Senate reverted to the fourth order of business.

The information in the report must include data submitted by local governments and data on all additional document recording fee activities for which the department contracted that were not otherwise reported. The data, samples, and sampling methodology used to develop the report must be made available upon request and for the audits required in this section;

(v) Annually submit the calendar year report to the legislature by December 15th, with a preliminary report submitted by December 15, 2012, and full calendar year reports submitted beginning December 15, 2013; and

In addition, the independent auditor must make recommendations to the office of financial management and the legislature on alternative means of distributing the funds to meet the requirements of RCW 36.22.179(1)(b).

(e) The office of financial management must contract with an independent auditor to conduct a performance audit of the programs funded by document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791. The audit must provide findings to determine if the funds are being used effectively, efficiently, and for their intended purpose. The audit must review the department's performance in meeting all statutory requirements related to document recording surcharge funds including, but not limited to, the data the department collects, the timeliness and quality of required reports, and whether the data and required reports provide adequate information and accountability for the use of the document recording surcharge funds. PERSONAL PRIVILEGE

Senator McAuliffe: "Thank you. If the Senator from the Nineteenth District hadn't cut off the conversation you would of heard my wonderful story about this bill. So, I want to tell you, I stand in support of the bill that we just passed for the homeless and in 2005 Representative Ormsby and I joined together. Representative Ormsby had the document fee in his bill and I had the ten year homelessness plan in bill and that is where this bill came from. Now we had each county then and local government develop a ten year plan to reduce homelessness. This is 2015, ten years later, the goal was to reduce it by fifty percent. As you all know, we are now at twenty nine percent decrease in overall homelessness and seventy four decrease in unsheltered homeless. I want to share this story with you because this bill began back in 2005 as a ten year plan. Now, thanks to the effort to many of the Senators on this floor it will continue and it will help our families and it will help our communities. So, thank you so much."

MESSAGE FROM THE HOUSE

March 13, 2014

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6387 with the following amendment(s): 6387-S AMH KAGI H4553.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In conjunction with recent findings from the Washington state auditor's office, the legislature finds that there are thousands of state citizens who have been determined eligible for services through the department of social and health services' developmental disability administration. For those who have asked for help but are waiting for services, families may experience financial or emotional hardships. The legislature intends to clarify and make transparent the process for accessing publicly funded services for individuals with developmental disabilities and their families. The legislature intends to significantly reduce the number of eligible individuals who are waiting for services by funding additional slots and by implementing new programs that better utilize federal funding partnerships.

Sec. 2. RCW 71A.10.020 and 2011 1st sp.s. c 30 s 3 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Assessment" means an evaluation is provided by the department to determine:

(a) If the individual meets functional and financial criteria for medicaid services; and

(b) The individual's support needs for service determination.

(2) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

~~((2))~~ (3) "Crisis stabilization services" means services provided to persons with developmental disabilities who are experiencing behaviors that jeopardize the safety and stability of their current living situation. Crisis stabilization services include:

(a) Temporary intensive services and supports, typically not to exceed sixty days, to prevent psychiatric hospitalization, institutional placement, or other out-of-home placement; and

(b) Services designed to stabilize the person and strengthen their current living situation so the person may continue to safely reside in the community during and beyond the crisis period.

~~((3))~~ (4) "Department" means the department of social and health services.

~~((4))~~ (5) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

~~((5))~~ (6) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

~~((6))~~ (7) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and

vocational functioning. Habilitative services include education, training for employment, and therapy.

~~((7))~~ (8) "Legal representative" means a parent of a person who is under eighteen years of age, a person's legal guardian, a person's limited guardian when the subject matter is within the scope of the limited guardianship, a person's attorney-at-law, a person's attorney-in-fact, or any other person who is authorized by law to act for another person.

~~((8))~~ (9) "Notice" or "notification" of an action of the secretary means notice in compliance with RCW 71A.10.060.

~~((9))~~ (10) "Residential habilitation center" means a state-operated facility for persons with developmental disabilities governed by chapter 71A.20 RCW.

~~((10))~~ (11) "Respite services" means relief for families and other caregivers of people with disabilities, typically not to exceed ninety days, to include both in-home and out-of-home respite care on an hourly and daily basis, including twenty-four hour care for several consecutive days. Respite care workers provide supervision, companionship, and personal care services temporarily replacing those provided by the primary caregiver of the person with disabilities. Respite care may include other services needed by the client, including medical care which must be provided by a licensed health care practitioner.

~~((11))~~ (12) "Secretary" means the secretary of social and health services or the secretary's designee.

~~((12))~~ (13) "Service" or "services" means services provided by state or local government to carry out this title.

~~((13))~~ (14) "State-operated living alternative" means programs for community residential services which may include assistance with activities of daily living, behavioral, habilitative, interpersonal, protective, medical, nursing, and mobility supports to individuals who have been assessed by the department as meeting state and federal requirements for eligibility in home and community-based waiver programs for individuals with developmental disabilities. State-operated living alternatives are operated and staffed with state employees.

~~((14))~~ (15) "Supported living" means community residential services and housing which may include assistance with activities of daily living, behavioral, habilitative, interpersonal, protective, medical, nursing, and mobility supports provided to individuals with disabilities who have been assessed by the department as meeting state and federal requirements for eligibility in home and community-based waiver programs for individuals with developmental disabilities. Supported living services are provided under contracts with private agencies or with individuals who are not state employees.

~~((15))~~ (16) "Vacancy" means an opening at a residential habilitation center, which when filled, would not require the center to exceed its biennially budgeted capacity.

(17) "Service request list" means a list of eligible persons who have received an assessment for service determination and their assessment shows that they meet the eligibility requirements for the requested service but were denied access due to funding limits.

Sec. 3. RCW 71A.16.050 and 1988 c 176 s 405 are each amended to read as follows:

The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the individual may request an assessment for eligibility for medicaid programs and specific services administered by the developmental disabilities administration. The secretary shall make a determination as to what services are appropriate for the person. The secretary shall prioritize services to medicaid eligible clients. Services may be made available to nonmedicaid eligible clients based on available funding. Services available through the state medicaid plan must be provided to those individuals who meet the eligibility criteria.

SIXTIETH DAY, MARCH 13, 2014

2014 REGULAR SESSION

The department shall establish and maintain a service request list database for individuals who are found to be eligible and have an assessed and unmet need for programs and services offered under a home and community-based services waiver, but the provision of a specific service would exceed the biennially budgeted capacity.

NEW SECTION. Sec. 4. The department of social and health services shall develop and implement a medicaid program to replace the individual and family services program for medicaid-eligible clients no later than May 1, 2015. The new medicaid program must offer services that closely resemble the services offered in fiscal year 2014 through the individual and family services program. To the extent possible, the department shall expand the client caseload on the medicaid program replacing the individual and family services program. The department is authorized in fiscal year 2015 to use general fund--state dollars previously provided for the individual and family services program to cover the cost of increasing the number of clients served in the new medicaid program.

NEW SECTION. Sec. 5. By June 30, 2017, if additional federal funds through the community first choice option are attained, then the department of social and health services shall increase the number served on the medicaid program replacing the individual and family services program by at least four thousand, and increase by at least one thousand clients receiving services on the home and community-based services basic plus waiver. For both of these programs, the department of social and health services shall expend the client caseload beginning June 30, 2015.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 6129

March 28, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill No. 6129 entitled:

“AN ACT Relating to paraeducator development.”

This legislation directs the Public Educators Standards Board to convene a workgroup to design minimum employment standards, professional development, and an articulated career ladder leading to certification for paraeducators. It also requires the state’s community and technical colleges to incorporate cultural competency training into their paraeducator training programs and to these candidates the opportunity to earn transferrable credits.

Section 1 is an intent section that discusses various experiences of school paraeducators, and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Substitute Senate Bill No. 6129.

With the exception of Section 1, Substitute Senate Bill No. 6129 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
VETO ON ENGROSSED SENATE BILL NO. 6458

April 2, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 6458 entitled:

“AN ACT Relating to the office of the insurance commissioner and matters related to health care insurance.”

This bill requires the Insurance Commissioner to provide notice of proposed rulemaking on matters related to health care insurance to the health care committees of the Legislature and other interested parties. The bill also requires that in the event a “dispute” arises between the entities implementing the Affordable Care Act (ACA), the Governor convenes a meeting and report the results of the meeting to the legislature.

This bill, although helpful in getting the various parties in charge of implementing the Affordable Care Act (ACA) in Washington to better communicate with the legislature and each other, and to think of and come to solution oriented processes, it is ultimately unnecessary and unclear.

It is unnecessary because: (i) the Office of the Insurance Commissioner (OIC) already provides similar notice under the Administrative Procedure Act; and (ii) if disputes arise among the agencies implementing the ACA, my staff already use standing leadership team meetings that all the parties regularly attend to resolve issues. It is unclear because both provisions are included under the same subsection of the bill and the term “dispute” is undefined, making it ambiguous about whether it applies to only rulemaking or to any “dispute” related to implementation of the ACA.

However, in lieu of the bill, I am pleased the Insurance Commissioner has confirmed that it will communicate any rulemaking any interested party and it will work with the legislative chairs on an appropriate process.

I also find that a dispute resolution process would be helpful, so that is why I have asked the parties to agree to a Memorandum of Understanding (MOU) that details a clearer and more robust dispute resolution process than this bill requires, and a process that is more flexible and amendable for the future as might be necessary. The MOU details that disputes should first be resolved by the respective agency. If unresolved, the governor's office will develop a dispute resolution pathway that fits the particular issue or use the standing executive leadership team meeting to resolve the issue. If the issues remains unresolved, my staff will raise the issue with me and inform the legislative Joint Select Committee on Health Care Oversight. I am pleased that the various agencies have all agreed to the terms of the MOU.

I am also pleased to say that once again, Washington has demonstrated leadership in implementing the Affordable Care Act in a bi-partisan manner.

For these reasons I have vetoed Engrossed Senate Bill No. 6458 in it's entirety.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
VETO ON ENGROSSED SENATE BILL NO. 5048

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 5048 entitled:

“AN ACT Relating to notice against trespass.”

This bill would make it easier for landowners to note the boundaries of their property for purposes of putting people on notice that they are trespassing onto private property. This includes using fluorescent orange paint marks on trees or posts on the property.

For this to be effective, the public needs a transition period to understand that a painted line on a tree means ‘no trespassing.’ Otherwise, we’re undermining the purpose of the bill. The bill is also unclear whether signs are required on land adjacent to access roads or just when an access road crosses onto private property.

Therefore, I am vetoing ESB 5048. I encourage the sponsors to consider a transition period for a subsequent bill to build public awareness of this change and clarify for landowners where signs are required in relation to access roads.

For these reasons I have vetoed Engrossed Senate Bill No. 5048 in it's entirety.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 6128

April 2, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Senate Bill No. 6128 entitled:

“AN ACT Relating to the delivery of medication and services by unlicensed school employees.”

This legislation provides important guidance for school districts with regards to school employees assisting with nursing services and delivery of medications.

Section 1 is an intent section that discusses various experiences of school nurses and other employees, and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Senate Bill No. 6128.

With the exception of Section 1, Senate Bill No. 6128 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO OF ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6552

April 3, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 207, Engrossed Second Substitute Senate Bill No. 6552 entitled:

“AN ACT Relating to improving student success by modifying instructional hour and graduation requirements.”

Section 207 of the bill directs the Office of the Education Ombuds to convene a three-year task force on students with special needs to examine barriers to earning a diploma.

Later this week I will sign the 2014 supplemental budget, Engrossed Substitute Senate Bill No. 6002 which includes a similar directive for the Office of Education Ombuds. As that provision of the budget is implemented, it is important that my ombuds office work closely with the Office of the Superintendent of Public Instruction and stakeholders to improve education programs and support success for special education students—and all students. Section 207 creates unnecessary duplication.

For these reasons I have vetoed Section 207 of Engrossed Second Substitute Senate Bill No. 6552.

With the exception of Section 207, Engrossed Second Substitute Senate Bill No. 6552 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6001

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(5); 205(8); 206; 207(8); 208(13); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16, Engrossed Substitute Senate Bill No. 6001 entitled:

“AN ACT Relating to transportation funding and appropriations.”

Section 201(5), pages 5-6, Traffic Safety Commission, Funding for Target Zero Task Forces

This section would require the Traffic Safety Commission to continue to provide funding to counties for target zero task forces during the 2013-15 biennium based on levels that were in place on January 1, 2014. The Commission has conducted an extensive Lean-based review of the most effective strategies for implementing traffic safety programs locally. The proviso would affect the Commission’s ability to allocate funding to achieve the greatest effect on safety. For this reason, I have vetoed Section 201(5).

The Traffic Safety Commission will continue to conduct stakeholder meetings in the counties that could be affected by this approach.

Section 205(8), pages 13-14, Transportation Commission, Statewide Transportation Plan

The Legislature provided funding for the Transportation Commission to complete the statewide transportation plan and fulfill current federal planning requirements by June 30, 2015. New federal rules will go into effect in the spring of 2016 and will require, among other things, an integrated performance measurement system. It is prudent to wait until the new federal regulations are released before updating the plan. For this reason, I have vetoed Section 205(8).

Section 206, page 14, Freight Mobility Strategic Investment Board, Appropriation Reduction

The proposed appropriation level reduces the Freight Mobility Strategic Investment Board's (Board) 2013-15 biennial budget by \$25,000. This reduction results in an appropriation insufficient to sustain current operations. For this reason, I have vetoed Section 206.

During the remainder of the biennium, the Board will maintain a staffing level of two (2) FTE's after the current director retires. The Board will submit staffing and resource allocations for the ensuing biennium with its biennial budget submittal.

Section 207(8), page 16, Washington State Patrol, Security for United States Open

This proviso directs the Washington State Patrol (WSP) to coordinate and support local law enforcement at the United States Open national golf championship in Pierce County in providing traffic control and "other activities" within its existing budget. WSP services for such a significant event are likely to require additional appropriations from the Legislature. For this reason, I have vetoed Section 207(8).

WSP will work with Pierce County to develop a plan with respective responsibilities and estimated costs for further consideration in the 2015 legislative session.

Section 208(13), page 20, Department of Licensing, Intermittent-Use Trailer License Plates (E2SHB 1902)

This proviso provides appropriation authority for the implementation of Engrossed Second Substitute House Bill 1902, intermittent-use trailer license plates. E2SHB 1902 did not pass, so this subsection is unnecessary. For this reason I have vetoed Section 208(13).

Section 208(16), page 20, Department of Licensing, Washington State Tree License Plates (EHB 2752)

The proviso provides appropriation authority for the implementation of Engrossed House Bill 2752 Washington state tree license plates. EHB 2752 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 208(16).

Section 213(7), page 30, Department of Transportation, Fish Barrier Removals (2SHB 2251)

This proviso directs the Department of Transportation to maximize available resources for eliminating fish passage barriers if Second Substitute House Bill 2251 did not pass. Second Substitute House Bill 2251 was approved during the 2014 legislative session, so this subsection is moot. For this reason, I have vetoed Section 213(7).

Section 306(24), pages 57-58, Department of Transportation, Quarry Road Transfer

This proviso directs the Department of Transportation (Department) to accept the transfer to the state highway system of Quarry Road. This proviso is unnecessary because the Department has reached agreement with Snohomish Count to transfer Quarry Road to the state highway system. For this reason, I have vetoed Section 306(24).

Section 310(7)(a) and (b), page 66, line 29 through page 67, line 16, Department of Transportation, Rail cost-Benefit Methodology

This proviso directs the Department of Transportation (Department) to use a cost-benefit methodology tool developed in 2008 for rail projects, which is the existing standard for departmental operations in analyzing Freight Rail Investment Bank and Freight Rail Assistance Program Projects. Given this is current practice, there is no need to direct the Department to use this tool. For this reason, I have vetoed Section 310(7)(a) and (b), page 66, line 29 through page 67, line 16.

If for any reason a different approach is used, I am directing the Department to report to both the Office of Financial Management and legislative transportation committees about why it used an alternative approach.

For these reasons I have vetoed Section 201(5); 205(8); 206; 207(8); 208(13); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16 of Engrossed Substitute Senate Bill No. 6001.

With the exception of Sections 201(5); 205(8); 206; 207(8); 208(13); 208(16); 213(7); 306(24); and 310(7)(a) and (b), page 66, line 29 through page 67, line 16 Engrossed Substitute Senate Bill No. 6001 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6002

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and page 268, line 1; 805, page 268, line 11-38, and page 269, lines 1-15; 805, page 270, lines 12-16; 917; and 919, Engrossed Substitute Senate Bill No. 6002 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(11), page 7, Joint Legislative Audit and Review Committee, Study of Medicaid Dispensing Methods

This proviso directs the Joint Legislative Audit and Review Committee to conduct an analysis of the assumed budget savings as a result of the state’s change to dispensing a one-year supply of contraceptive drugs for Medicaid recipients under Section 213, Chapter 4, Laws of 2013, 2nd Special Session. Individuals need convenient access to contraceptive drugs, as these drugs prevent unintended pregnancies and reduce Medicaid births. For this reason, I have vetoed Section 103(11).

The Health Care Authority will track savings resulting from dispensing a one-year supply of contraceptive drugs, and will report savings to the Office of Financial Management.

Section 106, page 8, lines 13-16 and lines 22-28, Office of the State Actuary, Actuarial Analysis of State Medicaid and PEB Programs

Funding is provided to the Office of the State Actuary to improve the Legislature’s access to independent and objective health care actuarial analysis for the state Medicaid and Public Employee Benefits programs. The funding provided includes federal funds that cannot be used for this purpose. For this reason, I have vetoed Section 106, page 8, lines 13-16 and lines 22-28.

However, I recognize the importance of legislative review and access to actuarial analyses. Therefore, I am directing the Health Care Authority to collaborate with the office of Financial Management, the Office of the State Actuary, and legislative staff on the establishment of health care rates. The Health Care Authority is further directed to include a requirement in actuarial services contracts that will require the vendor to provide information in response to questions from the Office of Financial Management, the Office of the State Actuary, and legislative staff.

Sections 116(5), page 17, Office of the Governor, Transfer of Special Education Ombuds

The appropriation in this section increases funding to the Governor’s Office of the Education Ombuds (OEO) for special education ombuds services currently provided by the Office of the Superintendent of Public Instruction (OSPI). Funding for the special education ombuds is removed from the OSPI budget in Section 505(12). OSPI is required to provide special education ombuds services to comply with federal law. Therefore, the transfer of funding for this function would result in a reduction in funding to OSPI without a corresponding reduction in responsibilities and workload. In addition, this section requires OSPI to enter into an interagency agreement with OEO to provide support for additional special education ombuds services using federal funds. OEO services are not an allowable use of federal funds. For these reasons, I have vetoed Section 116(5).

Section 125(14), page 27, Office of the Attorney General, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for the implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 125(14).

Section 126, page 27, Caseload Forecast Council, Self-Insurance Premiums

This section reduces appropriations to the Caseload Forecast Council (CFC). Statewide adjustments for self-insurance premiums submitted to the Office of Financial Management (OFM) mistakenly included a \$78,000 reduction for CFC. These premiums were already adjusted in the 2012 supplemental budget. As CFC is a small agency, the reduction is too large for the agency to absorb. For this reason, I have vetoed Section 126.

I am directing OFM to work with CFC to adjust allotments to levels consistent with the supplemental budget excluding the self-insurance premium reduction.

Section 135(9), page 44, Department of Revenue, Study of State Revenue Impact

This proviso directs the Department of Revenue (DOR) to consult with counties affected by the United States Open golf championship to estimate the additional state sales tax revenue attributable to the event. Large events around the state generate sales tax revenues for the state and local governments. This proviso establishes an unwise precedent of attempting to identify only state sales tax revenue attributable to a particular event. Further, no additional appropriation was provided to complete the study. As DOR must absorb more than \$267,000 of implementation cost for various revenue-related measures passed by the 2014 Legislature, the agency cannot be expected to absorb additional costs for this study. For these reasons, I have vetoed Section 135(9).

Section 138(3), page 46, Office of the Insurance Commissioner, Insurance Company Solvency (SHB2461)

The proviso provides appropriation authority for the implementation of Substitute House Bill 2461, insurance company solvency. SHB 2461 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 138(3).

Section 140(3), page 47, Liquor Control Board, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 140(3).

Section 146(10), page 53, Department of Enterprise Services, Small Agency Services and Printer Rates

This proviso directs the Department of Enterprise Services (DES) to revise central services rates charged to state agencies to reflect a transfer of Small Agency Client Services to the Office of Financial Management (OFM), the elimination of funding for Small Agency Human Resource Services, and establishment of the Print and Imaging program rates at levels sufficient to fully recover costs. I understand the legislative intent was not to eliminate services for small agencies, but to provide such services with a smaller budget. I am concerned about the unnecessary disruption of services for small agencies as a result of this proviso. For this reason I have vetoed Section 146(10).

However, to fully and responsibly capture the assumed budget savings for small agency services and accomplish the policy goal of setting printer rates at levels sufficient to recover all costs, I am directing DES and OFM to take the following actions.

- DES will provide both finance and human resource services to current small agency customers within the \$1.845 million provided to OFM in the operating budget. DES may not use any other fund sources or projected fund balances from any of its operating accounts to provide small agency services. To maximize the use of limited resources, DES and OFM shall convene a meeting of small agency customers to receive their input on the structure, service offerings, and rates for small agency services in light of the reduced budget.
- DES shall immediately set its rates for the Print and Imaging program to full recover costs for the services provided to prevent any operating loss for the current and future fiscal years. By June 1, 2014, DES must submit to OFM a comparative rate sheet showing rates for the program as of April 1, 2014, and the new rates along with a long-term financial plan for the Print and Imaging program.

Section 202(15), page 63, Department of Social and Health Services, Children's Long-Term Inpatient Program Placement Waitlist

This proviso provides appropriation authority for a rate add-on paid to residential facilities providing behavioral rehabilitation services (BRS) to youth who have been assessed as needing mental health services through the children's long-term inpatient program (CLIP). I am concerned that a rate add-on for this population will create an incentive to send youth served by BRS to CLIP, thereby driving up costs in CLIP and placing foster youth in unnecessarily restricted settings. For this reason, I have vetoed Section 202(15).

However, I recognize the need to review the level of funding provided to BRS agencies serving youth with psychological and psychiatric needs. Therefore, I am directing the Children's Administration and the Behavioral Health and Integrated Services Administration to work with BRS providers over the interim to examine this issue and determine viable solutions.

Section 205(1)(1), pages 82-83, Department of Social and Health Services, Report from Developmental Disabilities Administration

This proviso directs the Department of Social and Health Services to meet with stakeholders and report to the Legislature by January 1, 2015, on fourteen key areas related to developmental disabilities. No funding was provided to the department for this work. For this reason, I have vetoed Section 205(1)(1).

The Developmental Disabilities Administration will be working with stakeholders in the development of the Individual and Family Services waiver and the Community ;First Choice Medicaid state plan revision. Therefore, many of the areas identified in the proviso will be discussed and addressed.

Section 219(30), page 139, Department of Health, Medical and Recreational Marijuana (E3SSB 5887)

This proviso provides appropriation authority for the implementation of Engrossed Third Substitute Senate Bill 5887, medical and recreational marijuana. E3SSB 5887 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 219(30).

Section 220(3) (e) page 149, Department of Corrections, Expanding Categories of Offenses Eligible for Community Parenting Alternative Program Within Department of Corrections (SB 6327)

This proviso provides appropriation authority for the implementation of Senate Bill 6327, expanding the categories of offenses eligible for the community parenting alternative program within the Department of Corrections, SB 6327 did not pass, so this subsection is unnecessary. For this reason, I have vetoed Section 220(3)(e).

Section 502(21), page 205, Office of the Superintendent of Public Instruction, Federal Forest Revenue (E2SHB 2207)

This proviso provides appropriation authority for the purpose of Engrossed Second Substitute House Bill 2207, federal forest revenue. E2SHB 2207 partially eliminates the current state offset to state general apportionment funds for federal timber revenues paid to school districts. The calculation for the timber revenue offset includes federal funding allocated to school districts through the federal Secure and Rural Schools and Community Self-Determination Act (SRSA). Federal authority to make SRSA payments expires at the end of federal fiscal year 2014.

Because the original 2013-15 state operating budget assumes no federal SRSA payments after September 30, 2014, underlying general apportionment appropriations are sufficient to fully fund apportionment payments to school districts without any offset for potential SRSA timber revenues to districts. Therefore, if the federal government reauthorizes SRSA beyond September 30, 2014, eligible school districts will receive the benefits of increase combined state and local funding under E2SHB 2207, and state general apportionment appropriations in this budget bill will be more than sufficient to fully fund state general apportionment without the appropriation provided in this subsection. The appropriation in this subsection is redundant. For this reason, I have vetoed Section 502(21).

Section 505(12) and Section 505(13), page 211, Office of the Superintendent of Public Instruction, Special Education Ombuds Services

Section 505(12) reduces appropriations for special education ombuds services at the Office of the Superintendent of Public Instruction (OSPI). Section 116(5) provides an increased appropriation to the Governor's Office of the Education Ombuds (OEO) for these services. OSPI is required to provide the special education ombuds services to comply with federal law. Therefore, the transfer of funding for this function would result in a reduction in funding to OSPI without a corresponding reduction to responsibilities and workload. Section 505(13) requires OSPI to enter into an interagency agreement with OEO to provide support for additional special education ombuds services using federal funds. OEO services are not an allowable use of federal funds. For these reasons, I have vetoed Sections 505(12) and (13).

Section 705, page 257, lines 23-24, Disaster Response Account

This line item reduces General Fund-State appropriations into the Disaster Response Account by \$1.5 million in fiscal year 2015 based on a projected excess fund balance. Earlier this year, it appeared the account would not need these funds. However, the tragic mudslide that occurred in Oso on March 22, 2014, will greatly strain these resources. The Military Department has activated the State Emergency Operation Center, and other state agencies are engaged in rescue and recovery efforts. For these reasons, I have vetoed Section 705, page 257, lines 23-24.

Section 805, page 267, lines 32-38, and page 268, line 1; Section 805, page 268, lines 11-38 and page 269, lines 1-15; Office of the State Treasurer, Revenue Transfers to Life Sciences Discovery Fund

These sections together transfer a total of \$20 million from the Tobacco Settlement Account and the Life Sciences Discovery Fund to the Education legacy Trust Account. As a result of these transfers, funding for the Life Sciences Discovery Fund Authority (LSDFA) is effectively ended for the remainder of the 2013-15 biennium. The LSDFA has helped make Washington a global innovation leader in life sciences research. Returning this funding to the LSDFA will allow for the issuance of more than \$15 million of new grants in the 2013-15 biennium on top of the nearly \$92 million in grants already made, continue support for the Global Health Technologies and Products program, and cover necessary administrative costs. For this reason, I have vetoed Section 805, page 267, lines 32-38, and page 268, line 1; Section 805, page 268, lines 11-38 and page 269, lines 1-15.

I am aware that this veto reduces revenue to the Education Legacy Trust Account. However, this veto will not affect any education spending as there are sufficient resources in the budget to cover any projected shortfalls in the Education Legacy Trust Account in the 2015 supplemental budget.

I am not vetoing the legislative intent language for transfer of the strategic tobacco contribution payments in 2015-17 as it has no impact on returning \$20 million to the LSDFA in 2013-15. The actual use of the 2015-17 strategic tobacco contributions payments will be made in the 2015 legislative session. We look forward to working with the Legislature to continue some level of funding for the LSDFA into the future so we do not lose the value of this important and innovative research.

Section 805, page 270, lines 12-16, Office of the State Treasurer, Energy Freedom Account

Section 805 increases the transfer from the Energy Freedom Account to the state General Fund by \$500,000 in fiscal year 2014 and by \$500,000 in fiscal year 2015. The enacted biennial budget transfers \$1 million from the Energy Freedom Account to the General Fund in each fiscal year. I am concerned about the uncertainty of when revenues will be deposited into the Energy Freedom Account. Current deposits are lower than anticipated. Vetoing the additional \$1 million transfer in this section will ensure the account's ending fund balance remains positive. For this reason, I have vetoed Section 805, page 270, lines 12-16.

Section 917, page 281, Transfer of Strategic Contribution Payments

This section authorizes the transfer of strategic contribution payments from the Tobacco Settlement Account to the Education Legacy Trust Account. As I have vetoed the transfers to the Education Legacy Trust Account in Section 805, the authority provided in this section is unnecessary. For this reason, I have vetoed Section 917.

Section 919, page 282, Account Transfers from Life Sciences Discovery Fund

This section authorizes the transfer of balances in the Life Sciences Discovery Fund to other state funds or accounts in the 2013-15 biennium. Because I have vetoed the transfers to the Education Legacy Trust Account in Section 805, the authority provided in this section is unnecessary. For this reason, I have vetoed Section 919.

I am not vetoing Section 123(2), which appropriates \$300,000 from the State Auditing Services Revolving Account for a contract with a private firm to conduct an audit of the use of the state's higher education accounts. However, I am concerned that the short time frame and lack of sufficient funding for such a comprehensive audit may act as a disincentive for firms to bid on the contract, thereby limiting the information the audit can provide for policy makers and budget writers. Unfortunately, a veto would eliminate the funding entirely and no audit would occur. I have therefore asked the State Auditor to use this limited funding and time frame to focus on the state's largest public four-year institution and conduct a focused audit that meets the requirements of the proviso.

For these reasons I have vetoed Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and page 268, line 1; 805, page 268, lines 11-38, and page 269, lines 1-15; 805, page 270, lines 12-16; 917; and 919, of Engrossed Substitute Senate Bill No. 6002.

With the exception of Sections 103(11); 106, lines 13-16 and lines 22-28; 116(5); 125(14); 126; 135(9); 138(3); 140(3); 146(10); 202(15); 205(1)(1); 219(30); 220(3)(e); 502(21); 505(12); 505(13); 705, page 257, lines 23-24; 805, page 267, lines 32-38, and

page 268, line 1; 805, page 268, lines 11-38, and page 269, lines 1-15; 805, page 270, lines 12-16; 917; and 919, Engrossed Substitute Senate Bill No. 6002 is approved.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6228

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 6228 entitled:

“AN ACT Relating to transparency tools for consumer information on health care cost and quality.”

This bill requires that by 2016 health insurance carriers offer their members a host of good on-line tools with certain health care price and quality information. It complements my requested innovative health care purchasing bill, HB 2572. Together, I hope these bills help to transform the marketplace to make health care more affordable for Washingtonians.

Section 2 is an amendment to the original bill that includes nearly identical language as a section in HB 2572. This creates an unnecessary duplication in the law. In addition, the section in HB 2572 includes language that corresponds to the other health care purchasing innovations, so it is preferable to keep that language.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 6228.

With the exception of Section 2, Engrossed Substitute Senate Bill No. 6228 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6265

April 4, 2014

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 16 Engrossed Substitute Senate Bill No. 6265 entitled:

“AN ACT Relating to state and local agencies that obtain patient health care information.”

This bill is the result of a multi-year effort by stakeholders and legislators to consolidate and strengthen patient privacy protections and standards. It includes a Department of Health request bill for hospital data that are important for research and health improvement.

The measure establishes protocols for entities not covered by the Health Insurance Portability and Accountability Act – popularly known as HIPAA – if they inadvertently receive patient health information **and** prohibits them from disclosing the information. Among a number of provisions, the measure provides exceptions to the right of a patient to receive an accounting of all disclosures of information and records related to *mental* health that are the same as the exceptions for *general* health care information.

However, I am vetoing Section 16 due to an error that would create an ambiguity in law concerning how third-party payors share health care data necessary to process claim payments. The intent of the legislature was clearly to apply the same exception process for third-party payors as is available under chapter 70.02 RCW for health care providers, but Section 16 inadvertently deletes

“health care providers,” which is a critical cross-reference term to apply the exception. The ambiguity could be disruptive for many self-insured employers and their third-party payors.

I am grateful to Senator Frockt and Representative Cody for their outstanding work on this bill.

For these reasons I have vetoed Section 16 of Engrossed Substitute Senate Bill No. 6265.

With the exception of Section 16, Engrossed Substitute Senate Bill No. 6265 is approved.

Respectfully submitted,
Jay Inslee, Governor
