The minimum standards must require that six-hour trainings include content specific to veterans and the assessment of issues related to imminent harm via lethal means or self-injurious behaviors and that three-hour trainings for pharmacists include content related to the assessment of issues related to imminent harm via lethal means. (3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinary [disciplining]))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinary [disciplining]))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. ~~((13))~~ (14) "Notice of sale" means a notice required under RCW 59.20.300 to be delivered to all tenants of a manufactured/mobile home community and other specified parties within fourteen days after the date on which any advertisement, multiple listing, or public notice advertises that a manufactured/mobile home community is for sale;

Sec. 2. RCW 59.20.045 and 1993 c 66 s 18 are each amended to read as follows:

Rules are enforceable against a tenant only if:

(1) Their purpose is to promote the convenience, health, safety, or welfare of the residents, protect and preserve the premises from abusive use, or make a fair distribution of services and facilities made available for the tenants generally;

(2) They are reasonably related to the purpose for which they are adopted;

(3) They apply to all tenants in a fair manner;

(4) They are not for the purpose of evading an obligation of the landlord; ~~((and))~~

(5) They are not retaliatory or discriminatory in nature; and
 (6) With respect to any new or amended rules not contained within the rental agreement, the tenant was provided at least thirty days' written notice of the new or amended rule. The tenant must be provided with at least three months to comply with the new or amended rule after the thirty-day notice period. Within the three-month grace period, any violation of the new or amended rule must result in a warning only. After expiration of the three-month grace period, any violation of the new or amended rule subjects the tenant to termination of the tenancy as authorized under RCW 59.20.080(1)(a).

Sec. 3. RCW 59.20.050 and 1999 c 359 s 4 are each amended to read as follows:

(1) Except as provided in this section and section 8 of this act, no landlord may offer a mobile home lot for rent to anyone without offering a written rental agreement for a term of ~~((one))~~ two years or more. However, no rental agreement may be for a term of two years or more if a closure notice has been issued by the landlord under RCW 59.20.080(1)(c). No landlord may offer to anyone any rental agreement for a term of ~~((one))~~ two years or more for which the monthly rental amount is greater, or the terms of payment or other material conditions more burdensome to the tenant, than any month-to-month rental agreement also offered to such tenant or prospective tenant. ~~((Anyone who desires to occupy a mobile home lot for other than a term of one year or more may have the option to be on a month to month basis but must waive, in writing, the right to such one year or more term. PROVIDED, That annually,))~~ The landlord and prospective tenant may agree to any rental agreement term that is less than two years if both parties waive the two-year or more rental agreement requirement under this section. At ~~((any))~~ the anniversary date of ~~((the))~~ a tenancy under a two-year or more rental agreement, the ~~((tenant may require that the landlord provide a))~~ written rental agreement ~~((for a term of one year))~~ automatically renews for a term of one year unless agreed to otherwise by the parties. No landlord shall allow a mobile home, manufactured home, or park model to be moved into a mobile home park in this state until a written rental agreement has been signed by and is in the possession of the parties: PROVIDED, That if the landlord allows the tenant to move a mobile home, manufactured home, or park model into a mobile home park without obtaining a written rental agreement for a term of ~~((one))~~ two years or more, or a written waiver of the right to a ~~((one))~~ two-year term or more, the term of the tenancy shall be deemed to be for ~~((one))~~ two years from the date of occupancy of the mobile home lot;

(2) The requirements of subsection (1) of this section shall not apply if:

(a) The mobile home park or part thereof has been acquired or is under imminent threat of condemnation for a public works project, or

(b) An employer-employee relationship exists between a landlord and tenant;

(3) The provisions of this section shall apply to any tenancy upon expiration of the term of any oral or written rental agreement governing such tenancy.

Sec. 4. RCW 59.20.060 and 2012 c 213 s 1 are each amended to read as follows:

(1) Any mobile home space tenancy regardless of the term, shall be based upon a written rental agreement, signed by the parties, which shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional

charges that occur less frequently than monthly shall be itemized in a billing to the tenant;

(b) Reasonable rules for guest parking which shall be clearly stated;

(c) The rules and regulations of the park;

(d) The name and address of the person who is the landlord, and if such person does not reside in the state there shall also be designated by name and address a person who resides in the county where the mobile home park is located who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent;

(e) The name and address of any party who has a secured interest in the mobile home, manufactured home, or park model;

(f) A forwarding address of the tenant or the name and address of a person who would likely know the whereabouts of the tenant in the event of an emergency or an abandonment of the mobile home, manufactured home, or park model;

(g)(i) A covenant by the landlord that, except for acts or events beyond the control of the landlord, the mobile home park will not be converted to a land use that will prevent the space that is the subject of the lease from continuing to be used for its intended use for a period of ~~((three))~~ four years after the beginning of the term of the rental agreement;

(ii) A rental agreement may, in the alternative, contain a statement that: "The park may be sold or otherwise transferred at any time with the result that subsequent owners may close the mobile home park, or that the landlord may close the park at any time after the required closure notice as provided in RCW 59.20.080." The covenant or statement required by this subsection must: (A) Appear in print that is in bold face and is larger than the other text of the rental agreement; (B) be set off by means of a box, blank space, or comparable visual device; and (C) be located directly above the tenant's signature on the rental agreement~~((;-));~~

(h) A copy of a closure notice, as required in RCW 59.20.080, if such notice is in effect;

(i) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement;

~~((+))~~ (j) A listing of the utilities, services, and facilities which will be available to the tenant during the tenancy and the nature of the fees, if any, to be charged together with a statement that, in the event any utilities, services, or facilities are to be charged independent of the rent or are permanently discontinued during the term of the rental agreement, the landlord agrees to decrease the amount of rent charged proportionately. This subsection (1)(j) does not apply to circumstances when the landlord changes or converts the nature or use of a service or facility;

~~((j))~~ (k) A written description, picture, plan, or map of the boundaries of a mobile home space sufficient to inform the tenant of the exact location of the tenant's space in relation to other tenants' spaces;

~~((+))~~ (l) A written description, picture, plan, or map of the location of the tenant's responsibility for utility hook-ups, consistent with RCW 59.20.130(6);

~~((+))~~ (m) A statement of the current zoning of the land on which the mobile home park is located; ~~((and~~

~~((+))~~ (n) A statement of the expiration date of any conditional use, temporary use, or other land use permit subject to a fixed expiration date that is necessary for the continued use of the land as a mobile home park; and

(o) A written statement containing accurate historical information regarding the past five years' rental amount charged for the lot or space.

(2) Any rental agreement executed between the landlord and tenant shall not contain any provision:

(a) Which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: PROVIDED, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of the vehicle;

(c) Which allows the landlord to alter the due date for rent payment or increase the rent: (i) During the term of the rental agreement if the term is less than ~~((one))~~ two years, or (ii) more frequently than annually if the initial term is for ~~((one))~~ two years or more: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year: PROVIDED FURTHER, That a rental agreement for a term exceeding ~~((one))~~ two years may provide for annual increases in rent in specified amounts or by a formula specified in such agreement. Any rent increase authorized under this subsection (2)(c) that occurs within the closure notice period pursuant to RCW 59.20.080(1)(e) may not be more than one percentage point above the United States consumer price index for all urban consumers, housing component, published by the United States bureau of labor statistics in the periodical "Monthly Labor Review and Handbook of Labor Statistics" as established annually by the department of commerce;

(d) By which the tenant agrees to waive or forego rights or remedies under this chapter;

(e) Allowing the landlord to charge an "entrance fee" or an "exit fee." However, an entrance fee may be charged as part of a continuing care contract as defined in RCW 70.38.025;

(f) Which allows the landlord to charge a fee for guests: PROVIDED, That a landlord may establish rules charging for guests who remain on the premises for more than fifteen days in any sixty-day period;

(g) By which the tenant agrees to waive or forego homestead rights provided by chapter 6.13 RCW. This subsection shall not prohibit such waiver after a default in rent so long as such waiver is in writing signed by the husband and wife or by an unmarried claimant and in consideration of the landlord's agreement not to terminate the tenancy for a period of time specified in the waiver if the landlord would be otherwise entitled to terminate the tenancy under this chapter; or

(h) By which, at the time the rental agreement is entered into, the landlord and tenant agree to the selection of a particular arbitrator.

(3) Any provision prohibited under this section that is included in a rental agreement is unenforceable.

Sec. 5. RCW 59.20.070 and 2012 c 213 s 2 are each amended to read as follows:

A landlord shall not:

(1) Deny any tenant the right to sell such tenant's mobile home, manufactured home, or park model within a park, or prohibit, in any manner, any tenant from posting on the tenant's manufactured/mobile home or park model, or on the rented mobile home lot, a commercially reasonable "for sale" sign or any

similar sign designed to advertise the sale of the manufactured/mobile home or park model. In addition, a landlord shall not require the removal of the mobile home, manufactured home, or park model from the park because of the sale thereof. Requirements for the transfer of the rental agreement are in RCW 59.20.073. Nothing in this subsection prohibits a landlord from enforcing reasonable rules or restrictions regarding the placement of "for sale" signs on the tenant's manufactured/mobile home or park model, or on the rented mobile home lot, if (a) the main purpose of the rules or restrictions is to protect the safety of park tenants or residents and (b) the rules or restrictions comply with RCW 59.20.045. The landlord may restrict the number of "for sale" signs on the lot to two and may restrict the size of the signs to conform to those in common use by home sale businesses;

(2) Restrict the tenant's freedom of choice in purchasing goods or services but may reserve the right to approve or disapprove any exterior structural improvements on a mobile home space: PROVIDED, That door-to-door solicitation in the mobile home park may be restricted in the rental agreement. Door-to-door solicitation does not include public officials, housing and low-income assistance organizations, or candidates for public office meeting or distributing information to tenants in accordance with subsection (3) or (4) of this section;

(3) Prohibit the distribution of information or meetings by tenants of the mobile home park to discuss mobile home living and affairs, including political caucuses or forums for or speeches of public officials or candidates for public office, meetings with housing and low-income assistance organizations, or meetings of organizations that represent the interest of tenants in the park, held in a tenant's home or any of the park community or recreation halls if these halls are open for the use of the tenants, conducted at reasonable times and in an orderly manner on the premises, nor penalize any tenant for participation in such activities;

(4) Prohibit a public official, housing and low-income assistance organization, or candidate for public office from meeting with or distributing information to tenants in their individual mobile homes, manufactured homes, or park models, nor penalize any tenant for participating in these meetings or receiving this information;

(5) Evict a tenant, terminate a rental agreement, decline to renew a rental agreement, increase rental or other tenant obligations, decrease services, or modify park rules in retaliation for any of the following actions on the part of a tenant taken in good faith:

(a) Filing a complaint with any federal, state, county, or municipal governmental authority relating to any alleged violation by the landlord of an applicable statute, regulation, or ordinance;

(b) Requesting the landlord to comply with the provision of this chapter or other applicable statute, regulation, or ordinance of the state, county, or municipality;

(c) Filing suit against the landlord for any reason;

(d) Participation or membership in any homeowners association or group;

(6) Charge to any tenant a utility fee in excess of actual utility costs or intentionally cause termination or interruption of any tenant's utility services, including water, heat, electricity, or gas, except when an interruption of a reasonable duration is required to make necessary repairs;

(7) Remove or exclude a tenant from the premises unless this chapter is complied with or the exclusion or removal is under an appropriate court order; or

(8) Prevent the entry or require the removal of a mobile home, manufactured home, or park model for the sole reason that the mobile home has reached a certain age. Nothing in this subsection

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

shall limit a (~~landlord's~~) landlord's right to exclude or expel a mobile home, manufactured home, or park model for any other reason, including but not limited to, failure to comply with fire, safety, and other provisions of local ordinances and state laws relating to mobile homes, manufactured homes, and park models, as long as the action conforms to this chapter or any other relevant statutory provision.

Sec. 6. RCW 59.20.073 and 2012 c 213 s 3 are each amended to read as follows:

(1) Any rental agreement shall be assignable by the tenant to any person to whom he or she sells or transfers title to the mobile home, manufactured home, or park model.

(2) A tenant who sells a mobile home, manufactured home, or park model within a park shall notify the landlord in writing of the date of the intended sale and transfer of the rental agreement at least fifteen days in advance of such intended transfer and shall notify the buyer in writing of the provisions of this section. The tenant shall verify in writing to the landlord payment of all taxes, rent, and reasonable expenses due on the mobile home, manufactured home, or park model and mobile home lot. The tenant shall notify the buyer of all taxes, rent, and reasonable expenses due on the manufactured/mobile home or park model and the mobile home lot.

(3) ~~(The landlord shall notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement at least seven days in advance of such intended transfer.)~~ At least seven days in advance of such intended transfer, the landlord shall:

(a) Notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement; or

(b) If the landlord approves of the transfer, provide the buyer with copies of the written rental agreement, the rules and regulations, and all other documents related to the tenancy. A landlord may not accept payment for rent or deposit from the buyer until the landlord has provided the buyer with these copies.

(4) The landlord may require the mobile home, manufactured home, or park model to meet applicable fire and safety standards if a state or local agency responsible for the enforcement of fire and safety standards has issued a notice of violation of those standards to the tenant and those violations remain uncorrected. Upon correction of the violation to the satisfaction of the state or local agency responsible for the enforcement of that notice of violation, the landlord's refusal to permit the transfer is deemed withdrawn.

(5) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, and any disapproval shall be in writing. Consent to an assignment shall not be unreasonably withheld.

(6) Failure to notify the landlord in writing, as required under subsection (2) of this section; or failure of the new tenant to make a good faith attempt to arrange an interview with the landlord to discuss assignment of the rental agreement; or failure of the current or new tenant to obtain written approval of the landlord for assignment of the rental agreement, shall be grounds for disapproval of such transfer.

Sec. 7. RCW 59.20.080 and 2012 c 213 s 4 are each amended to read as follows:

(1) A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) In accordance with RCW 59.20.045(6), substantial violation, or repeated or periodic violations, of an enforceable rule of the mobile home park as established by the landlord at the inception of or during the tenancy (~~or as assumed subsequently~~

~~with the consent of the tenant~~) or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within ~~((fifteen))~~ thirty days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon ~~((five))~~ fourteen days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, closure of the mobile home park or conversion to a use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision. The landlord shall give the tenants ~~((twelve months'))~~ at least two years' notice in advance of the effective date of such change. The closure notice requirement does not apply if:

(i) The mobile home park or manufactured housing community has been acquired for or is under imminent threat of condemnation;

(ii) The mobile home park or manufactured housing community is sold to an organization comprised of park or community tenants, to a nonprofit organization, to a local government, or to a housing authority for the purpose of preserving the park or community; or

(iii) The landlord compensates the tenants for the loss of their homes at their assessed value, as determined by the county assessor as of the date the closure notice is issued, at any point during the closure notice period and prior to a change of use or sale of the property. At such time as the compensation is paid, the tenant shall be given written notice of at least ninety days in which to vacate, and the tenant shall continue to pay rent for as much time as he or she remains in the mobile home park or manufactured housing community;

(f) Engaging in "criminal activity." "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes sufficient grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal drugs under RCW 59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction of the sex offender under this subsection. If

criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant's application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three ~~((fifteen-day))~~ thirty-day notices, each of which was valid under (a) of this subsection at the time of service, within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or an enforceable park rule, other than failure to pay rent by the due date. The applicable twelve-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including this chapter. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(k) The tenant creates a nuisance that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to cease the conduct that constitutes a nuisance immediately. The notice must describe the nuisance and state (i) what the tenant must do to cease the nuisance and (ii) that failure to cease the conduct will result in termination of the tenancy and that the tenant shall vacate the premises in five days;

(l) Any other substantial just cause that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to comply immediately. The notice must describe the harm caused by the tenant, describe what the tenant must do to comply and to discontinue the harm, and state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days; or

(m) Failure to pay rent by the due date provided for in the rental agreement three or more times in a twelve-month period, commencing with the date of the first violation, after service of a ~~((five-day))~~ fourteen-day notice to comply or vacate.

(2) Within five days of a notice of eviction as required by subsection (1)(a) of this section, the landlord and tenant shall submit any dispute to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. It is a defense to an eviction under subsection (1)(a) of this section that a landlord did not participate in the mediation process in good faith.

(3) Except for a tenant evicted under subsection (1)(c) or (f) of this section, a tenant evicted from a mobile home park under this section shall be allowed one hundred twenty days within which to sell the tenant's mobile home, manufactured home, or park model in place within the mobile home park: PROVIDED, That the tenant remains current in the payment of rent incurred after eviction, and pays any past due rent, reasonable attorneys' fees

and court costs at the time the rental agreement is assigned. The provisions of RCW 59.20.073 regarding transfer of rental agreements apply.

(4) Chapters 59.12 and 59.18 RCW govern the eviction of recreational vehicles, as defined in RCW 59.20.030, from mobile home parks. This chapter governs the eviction of mobile homes, manufactured homes, park models, and recreational vehicles used as a primary residence from a mobile home park.

Sec. 8. RCW 59.20.090 and 2010 c 8 s 19034 are each amended to read as follows:

(1) ~~((Unless otherwise agreed rental agreements shall be for a term of one year. Any rental agreement of whatever duration shall be automatically renewed for the term of the original rental agreement, unless a different specified term is agreed upon.~~

~~((2))~~ (2) A landlord seeking to increase the rent upon expiration of the term of a rental agreement of any duration shall notify the tenant in writing three months prior to the effective date of any increase in rent.

~~((3))~~ (2) A tenant shall notify the landlord in writing one month prior to the expiration of a rental agreement of an intention not to renew.

~~((4))~~ (3)(a) The tenant may terminate the rental agreement upon thirty days written notice whenever a change in the location of the tenant's employment requires a change in his or her residence, and shall not be liable for rental following such termination unless after due diligence and reasonable effort the landlord is not able to rent the mobile home lot at a fair rental. If the landlord is not able to rent the lot, the tenant shall remain liable for the rental specified in the rental agreement until the lot is rented or the original term ends.

(b) Any tenant who is a member of the armed forces, including the national guard and armed forces reserves, or that tenant's spouse or dependent, may terminate a rental agreement with less than thirty days notice if the tenant receives reassignment or deployment orders which do not allow greater notice. The tenant shall provide notice of the reassignment or deployment order to the landlord no later than seven days after receipt.

NEW SECTION. Sec. 9. A new section is added to chapter 59.20 RCW to read as follows:

Any landlord who has complied with the notice requirements under RCW 59.20.080(1)(e) may provide a short-term rental agreement for a recreational vehicle for any mobile home lot or space that is vacant at the time of or becomes vacant after the notice of closure or conversion is provided. The rental agreement term for such recreational vehicles must be for no longer than the date on which the mobile home park is officially closed. Any short-term rental agreement provided under this section is not subject to the provisions of this chapter. For purposes of this section, a "recreational vehicle" does not mean a park model.

Sec. 10. RCW 59.20.210 and 2013 c 23 s 117 are each amended to read as follows:

(1)(a) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.20.130, and notice of the defect is given to the landlord pursuant to RCW 59.20.200, the tenant may submit to the landlord or the landlord's designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.20.200.

(b) Upon receipt of any such bids, the landlord shall provide the tenant with a copy of the notice regarding the

manufactured/mobile home dispute resolution program that the attorney general is required to produce pursuant to RCW 59.30.030(3)(a) and that landlords are required to post pursuant to RCW 59.30.030(3)(b)(i).

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or the landlord's designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home space in any calendar year. When, however, the landlord is required to begin remedying the defective condition within thirty days under RCW 59.20.200, the tenant cannot contract for repairs for at least fifteen days following receipt of bids by the landlord. The total costs of repairs deducted by the tenant in any calendar year under this subsection shall not exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home space.

(3) Two or more tenants shall not collectively initiate remedies under this section. Remedial action under this section shall not be initiated for conditions in the design or construction existing in a mobile home park before June 7, 1984.

(4) The provisions of this section shall not:

- (a) Create a relationship of employer and employee between landlord and tenant; or
- (b) Create liability under the worker's compensation act; or
- (c) Constitute the tenant as an agent of the landlord for the purposes of mechanics' and material suppliers' liens under chapter 60.04 RCW.

(5) Any repair work performed under this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or rule. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs in return for cash payment or a reasonable reduction in rent, the agreement to be between the parties, and this agreement does not alter the landlord's obligations under this chapter.

NEW SECTION. Sec. 11. A new section is added to chapter 59.20 RCW to read as follows:

POINT OF ORDER

Senator Sheldon: "Mr. President. Although a roll call is in progress, a call of the Senate may be moved by three members."

RULING BY THE PRESIDENT

President Habib: "Yes, however Senator Sheldon, the only person who has not voted is you and therefore you're out of order to make that motion. The motion made by Senator Short does not carry."

SECOND READING

ENGROSSED HOUSE BILL NO. 1638, by Representatives Harris, Stonier, Robinson, Macri, Jinkins, Cody, Thai, Davis,

Appleton, Doglio, Frame, Stanford, Bergquist, Santos and Tarleton

The measure was read the second time.

POINT OF ORDER

Senator Schoesler: "Mr. President you had promised the member that he could invoke Rule 24 and you moved past that. You had given the member the word that he could invoke Rule 24. If he doesn't, I invoke it Mr. President."

RULING BY THE PRESIDENT

Therefore a call of the Senate is out of order. There is no one, there was no one missing for, there was no one missing. I have answered Senator Schoesler's ..."

Pursuant to Rule 18, the hour fixed for consideration of a special order of business having arrived, the President announced Engrossed Second Substitute House Bill No. 1593. to be before the Senate and the bill was immediately considered.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1593, by House Committee on Appropriations (originally sponsored by Chopp, Sullivan, Ormsby, Cody, Harris, Lovick, Jinkins, Kilduff, Riccelli, Pettigrew, Davis, Stonier, Macri, Robinson, Ortiz-Self, Frame, Senn, Slatter, Schmick, Chandler, Caldier, Tarleton, Appleton, Dolan, Thai, Shewmake, Valdez, Bergquist, Reeves, Goodman, Lekanoff and Pollet)

The measure was read the second time.

POINT OF ORDER

Senator Ericksen: "Mr. President, thank you for allowing me a Point of Order. Rule No. 24 clearly states that you can stop the roll call to move for a call of the Senate and there was a person who had not voted who was on the board listed as excused. So, you stated in your comments in why you would not allow it to go forward was because everyone had voted except for one person but that is just factually inaccurate because there was a person who had not voted who was excused as listed and the rule ..."

RULING BY THE PRESIDENT

President Habib: "Senator Ericksen, look, at some point we can sit down and I can go through these rules with you, but a call of the Senate does not seek out members who are excused. That is the reason we excuse them Senator Ericksen. The whole point of being excused is you are not subject to a call of the Senate. If there were a Senator absent, either physically absent or whom we could not reach for whatever reason to vote, then that motion would have been in order at that time. As it was every member had voted except the very present, even I can see that he's present,

Senator Sheldon, who made the motion, who made the motion for a call of the Senate. That's why his motion was out of order. Alright?"

MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28B.20 RCW to read as follows:

The legislature finds that there is a need for services for individuals with behavioral health needs, and there is a shortage of behavioral health workers in Washington state. The legislature further finds that there is a need for a trained workforce that is experienced in fully integrated care and able to address a full range of needs, including primary care, mental health, substance use disorder, and suicide prevention, in all health care specialties. The legislature further finds that there is a need to support rural and otherwise underserved communities around the state with timely telepsychiatry specialty consultation.

The legislature further finds that the University of Washington school of medicine department of psychiatry and behavioral sciences is a nationally competitive program and has the expertise to establish innovative clinical inpatient and outpatient care for individuals with behavioral health needs while at the same time training the next generation of behavioral health providers, including primary care professionals, in inpatient and outpatient settings. The legislature further finds that the University of Washington school of medicine department of psychiatry and behavioral sciences, along with the University of Washington schools of nursing, social work, pharmacy, public health, the department of psychology, and other relevant disciplines, are especially well-situated to take on the task of developing this transformational service-oriented programming.

Therefore, the legislature intends to partner with the University of Washington to develop plans for the creation of the University of Washington behavioral health innovation and integration campus to increase access to behavioral health services in the state. Planning for the campus should also include capacity to provide inpatient care for up to one hundred fifty individuals who receive extended inpatient psychiatric care at western state hospital under the state's involuntary treatment act, chapter 71.05 RCW.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28B.20 RCW to read as follows:

(1) A behavioral health innovation and integration campus is created within the University of Washington school of medicine. The campus must include inpatient treatment capacity and focus on inpatient and outpatient care for individuals with behavioral health needs while training a behavioral health provider workforce. The training must include an interdisciplinary curriculum and programs that support and encourage professionals to work in teams. The training must use current best practices, including best practices in suicide prevention, must encourage innovation of future best practices in order to provide behavioral health care across the entire spectrum of health care providers, and must be culturally appropriate, including training specifically appropriate for providing care to federally recognized tribes and tribal members.

(2) The siting and design for the new campus should take into account local community needs and resources, with attention to

NINETY FOURTH DAY, APRIL 17, 2019

diversity and cultural competence, a focus on training and supporting the next generation of health care providers, and close coordination with existing local and regional programs, clinics, and resources.

NEW SECTION. Sec. 3. (1) The University of Washington school of medicine shall consult with collective bargaining representatives of the University of Washington health system workforce and report to the office of financial management and the appropriate committees of the legislature by December 1, 2019, with plans on development and siting of a teaching facility to provide inpatient care for up to one hundred fifty individuals to receive care under chapter 71.05 RCW.

(2) The plan may also include:

(a) Adding psychiatry residency training slots focused on community psychiatry services to bring more psychiatrists to the state of Washington and train them to work with rural and otherwise underserved communities and populations;

(b) Expanding telepsychiatry consultation programs and initiating telepsychiatry consultations to community-based hospitals, clinics, housing programs, nursing homes, and other facilities;

REMARKS BY MR. JACK SIKMA

The '79 championship team, just a couple months ago, were able to get together celebrating 40 years and then to follow this up with the honor of being inducted in the Hall of Fame it's been a heck of a few months and appreciate it. Senator Sheldon, thank you for that resolution. I'm going to put it by my bedside table and any time I'm feeling down I'm going to read it again. That's quite a resolution. As far as playing and coaching, I wonder in your 2 and 0 record, Senator Kuderer, did you teach the Sikma move? As a coach?"

Senator Kuderer: "I wasn't born yet."

Mr. Sikma: "Yeah, okay. Anyway, it's been 42 years since I've made the state of Washington my home. When I was drafted, before I was drafted, Lenny Wilkens had made a phone call and said, 'Hey Jack if you're available we're going to draft you.' And it was actually quite a few picks higher than I thought or what people were talking about. And foolishly as a 21 year old, he asked, 'What do you think of Seattle?' and I said, 'Well it wouldn't be my first choice.' You talk about young and dumb. I was young and dumb. But what followed was, I have five siblings, and about three years after I moved here, my sister came. And she worked at Harborview hospital then got her doctorate a University of Washington. She's a Washingtonian. A couple years later my brother moved here and he became a State Farm Insurance Agency up in Redmond, followed by another sister who is a nurse and worked at University Hospital and she came a few

years later. I had two siblings left and my parents and within, you know, eight or ten years everybody was out here. So it wasn't, you know, even though it was my first choice is sure had a big impact on my family. And I'm really proud to be a Washingtonian. And appreciate all the work that you do. I think I'm proudest of, in my career, is how many minutes and how many games I played. I showed up every day and that's what it takes to run the state and I appreciate your efforts. And again this is this is been really special. I appreciate the kind words. Thank you."

MESSAGES FROM THE GOVERNOR

April 17, 2019

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Senate Bill No. 5503 entitled:

"AN ACT Relating to state board of health rules regarding on-site sewage systems."

I am vetoing Section 3 of this bill. This section is unnecessary and precludes local health jurisdiction staff from conditioning an on-site septic permit once an easement for the system has been granted.

The granting of an easement should not eliminate the ability of an inspector to correct problems of a system that they are inspecting. The new section of this bill (Section 2) significantly increases protections for homeowners and provides assurance that on-site inspections will be done properly and fairly.

For these reasons I have vetoed Section 3 of Senate Bill No. 5503. With the exception of Section 3, Senate Bill No. 5503 is approved

Respectfully submitted,

 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill No. 5710 entitled:

"AN ACT Relating to the Cooper Jones active transportation safety council."

I am vetoing Section 3, the emergency clause, because it is not necessary. The new council created by the bill has no plans to convene before August 2019. Vetoing Section 3 of the bill in no way diminishes the bill's overall traffic safety goals.

For these reasons I have vetoed Section 3 of Substitute Senate Bill No. 5710.

With the exception of Section 3, Substitute Senate Bill No. 5710 is approved.

Respectfully submitted,

MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5526 with the following amendment(s): 5526-S.E AMH ENGR H2824.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 43.71 RCW to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st to comply with changes to state or federal law or regulations.

(2)(a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer one silver standardized health plan and one gold standardized health plan on the exchange. If a health carrier offers a bronze health plan on the exchange, it must offer one bronze standardized health plan on the exchange.

(b)(i) A health plan offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange.

(ii) The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy.

NEW SECTION. Sec. 2. A new section is added to chapter 42.56 RCW to read as follows:

(1) Any data submitted by health carriers to the health benefit exchange for purposes of establishing standardized health plans under section 1 of this act are exempt from disclosure under this chapter. This subsection applies to health carrier data in the

custody of the insurance commissioner for purposes of consulting with the health benefit exchange under section 1(1) of this act.

(2) Any data submitted by health carriers to the health care authority for purposes of section 3 of this act are exempt from disclosure under this chapter.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority, in consultation with the health benefit exchange, must contract with one or more health carriers to offer qualified health plans on the Washington health benefit exchange for plan years beginning in 2021. A health carrier contracting with the authority under this section must offer at least one bronze, one silver, and one gold qualified health plan in a single county or in multiple counties. The goal of the procurement conducted under this section is to have a choice of qualified health plans under this section offered in every county in the state. The authority may not execute a contract with an apparently successful bidder under this section until after the insurance commissioner has given final approval of the health carrier's rates and forms pertaining to the health plan to be offered under this section and certification of the health plan under RCW 43.71.065.

(2) A qualified health plan offered under this section must meet the following criteria:

(a) The qualified health plan must be a standardized health plan established under section 1 of this act;

(b) The qualified health plan must meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy;

(c) The qualified health plan must incorporate recommendations of the Robert Bree collaborative and the health technology assessment program;

(d) The qualified health plan may use an integrated delivery system or a managed care model that includes care coordination or care management to enrollees as appropriate;

(e) The qualified health plan must meet additional participation requirements to reduce barriers to maintaining and improving health and align to state agency value-based purchasing. These requirements may include, but are not limited to, standards for population health management; high-value, proven care; health equity; primary care; care coordination and chronic disease management; wellness and prevention; prevention of wasteful and harmful care; and patient engagement;

(f) To reduce administrative burden and increase transparency, the qualified health plan's utilization review processes must:

(i) Be focused on care that has high variation, high cost, or low evidence of clinical effectiveness;

(ii) Meet national accreditation standards; and

(iii) Align with clinical criteria published by the authority;

(g)(i) The total amount the qualified health plan reimburses providers and facilities for all covered benefits in the statewide aggregate, excluding pharmacy benefits, may not exceed one hundred fifty percent of the total amount Medicare would have reimbursed providers and facilities for the same or similar services in the statewide aggregate;

(ii) Beginning in calendar year 2023, if the authority determines that selective contracting will result in actuarially sound premium rates that are no greater than the qualified health plan's previous plan year rates adjusted for inflation using the consumer price index, the director may, in consultation with the health benefit exchange, waive this subsection (2)(g) as a requirement of the contracting process under this section;

(h) For services provided by rural hospitals certified by the centers for Medicare and Medicaid services as critical access

hospitals or sole community hospitals, the rates may not be less than one hundred one percent of allowable costs;

(i) Reimbursement for services performed by a provider regulated under chapter 18.130 RCW who is not employed by a hospital or by an entity affiliated with a hospital or for primary care services, as defined by the authority, provided by a physician with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine, may not be less than one hundred thirty-five percent of the amount that would have been reimbursed under the medicare program for the same or similar services; and

(j) The qualified health plan must comply with any requirements established by the authority to address amounts expended on pharmacy benefits including, but not limited to, increasing generic utilization and use of evidence-based formularies.

(3) Nothing in this section prohibits a health carrier offering qualified health plans under this section from offering other health plans in the individual market.

NEW SECTION. Sec. 4. (1) The health care authority, in consultation with the insurance commissioner and the Washington health benefit exchange, must submit a report and recommendations to the legislature by December 1, 2022, regarding:

(a) The impact on qualified health plan choice, affordability, and market stability of linking offering a qualified health plan under section 3 of this act with participation in programs administered by the public employees' benefits board, the school employees' benefits board, or the health care authority;

(b) The impact on qualified health plan choice, qualified health plan provider networks, affordability, and market stability of linking provider participation in the provider networks of qualified health plans offered under section 3 of this act with provider participation in provider networks of programs administered by the public employees' benefits board, the school employees' benefits board, or the health care authority; and

(c) Other issues the health care authority deems relevant to the successful implementation of this act.

(2) This section expires January 1, 2023.

NEW SECTION. Sec. 5. (1) The Washington health benefit exchange, in consultation with the health care authority and the insurance commissioner, must develop a plan to implement and fund premium subsidies for individuals whose modified adjusted gross incomes are less than five hundred percent of the federal poverty level and who are purchasing individual market coverage on the exchange. The goal of the plan is to enable participating individuals to spend no more than ten percent of their modified adjusted gross incomes on premiums. The plan must also include an assessment of providing cost-sharing reductions to plan participants and must assess the impact of premium subsidies on the uninsured rate.

(2) The Washington health benefit exchange must submit the plan, along with proposed implementing legislation, to the appropriate committees of the legislature by November 15, 2020.

(3) This section expires January 1, 2021.

NEW SECTION. Sec. 6. A new section is added to chapter 48.43 RCW to read as follows:

The commissioner shall submit an annual report to the appropriate committees of the legislature on the number of health plans available per county in the individual market.

NEW SECTION. Sec. 7. A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to amounts received by a health care provider for services performed on patients covered by a qualified health plan offered under section 3 of this act, including reimbursement from the qualified health plan and any amounts collected from the patient as part of his or her cost-sharing obligation.

NEW SECTION. Sec. 8. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5370 with the following amendment(s): 5370-S AMH ENGR H2894.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, statewide passenger and cargo air transportation system. Therefore, the legislature seeks to identify a location for a new primary commercial aviation facility in Washington, taking into consideration the data and conclusions of appropriate air traffic studies, community representatives, and industry experts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility. It is the intent of the legislature to establish a state commercial aviation coordinating commission to provide a location recommendation by January 1, 2022.

NEW SECTION. Sec. 2. (1) The state commercial aviation coordinating commission is created to carry out the functions of this chapter. The commission shall consist of sixteen voting members.

(2) The governor shall appoint eleven voting members to represent the following interests:

(a) Four as representatives of commercial service airports and ports, one of whom shall represent a port located in a county with a population of two million or more, one of whom shall represent a port in eastern Washington with an airport runway of at least thirteen thousand five hundred feet in length, one of whom shall represent a commercial service airport in eastern Washington located in a county with a population of four hundred thousand or more, and one representing an association of ports;

(b) Three as representatives from the airline industry and the private sector;

(c) A representative from an eastern Washington metropolitan planning organization;

(d) A representative from a western Washington metropolitan planning organization; and

(e) Two citizen representatives with one appointed from eastern Washington and one appointed from western Washington. The citizen appointees must:

(i) Represent the public interests in the communities that are included in the commission's site research; and

(ii) Understand the impacts of a large commercial aviation facility on a community.

(3) The remaining five members shall consist of:

(a) A representative from the department of commerce;

(b) A representative from the division of aeronautics of the department of transportation;

(c) A representative from the freight forwarding industry;

(d) A representative from the trucking industry; and

(e) A representative from the federal aviation administration's flight standards district office in Washington.

(4) The commission shall invite the following nonvoting members:

(a) A representative from the federal aviation administration;

(b) A representative from the Washington state aviation alliance;

(c) A representative from the department of defense;

(d) Two members from the senate, with one member from each of the two largest caucuses in the senate, appointed by the president of the senate;

(e) Two members from the house of representatives, with one member from each of the two largest caucuses in the house of representatives, appointed by the speaker of the house of representatives;

(f) A representative from a statewide environmental organization;

(g) A representative from an organization concerned with land and/or water use in the state;

(h) Congressional staff from the fourth and ninth congressional districts with expertise in aviation; and

(i) A representative from the division of aeronautics of the department of transportation.

(5) The governor may appoint additional nonvoting members as deemed appropriate. The commission shall allow additional nonvoting members at the request of the federal aviation administration.

(6) The commission shall select a chair from among its membership and shall adopt rules related to its powers and duties under this chapter.

(7) Legislative members of the commission are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. The commission has all powers necessary to carry out its duties as prescribed by this chapter.

(8) The department of transportation shall provide staff support for coordinating and administering the commission and technical assistance as requested by commission members.

(9) At the direction of the commission, the department of transportation is authorized to hire a consultant to assist with the review and research efforts of the commission. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

(10) The governor or the governor's designee shall convene the initial meeting of the commission as soon as practicable.

(11) This section expires July 1, 2022.

NEW SECTION. Sec. 3. (1) The state commercial aviation coordinating commission will review existing data and conduct research to determine Washington's long-range commercial aviation facility needs and the site of a new primary commercial aviation facility. Research for each potential site must include the feasibility of constructing a commercial aviation facility in that location and its potential environmental, community, and economic impacts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility but may not include siting a facility on or in the vicinity of a military installation that would be incompatible with the installation's ability to carry out its mission requirements. The work of the commission shall include the following:

(a) Recommendations to the legislature on future Washington state long-range commercial aviation facility needs including

possible additional aviation facilities or expansion of current aviation facilities, excluding those located in a county with a population of two million or more, to meet anticipated commercial aviation, general aviation, and air cargo demands; and

(b) Identifying a preferred location for a new primary commercial aviation facility. The commission shall make recommendations and shall select a single preferred location by a sixty percent majority vote using the following process:

- (i) Initiating a broad review of potential sites;
- (ii) Recommending a final short list of no more than six locations by January 1, 2021;
- (iii) Identifying the top two locations from the final six locations by September 1, 2021; and
- (iv) Identifying a single preferred location for a new primary commercial aviation facility by January 1, 2022.

(2) The commission shall submit a report of its findings and recommendations to the transportation committees of the legislature by January 1, 2022. The commission must allow a minority report to be included with the commission report if requested by a voting member of the commission.

(3) This section expires July 1, 2022.

NEW SECTION. Sec. 4. (1) The state commercial aviation coordinating commission shall project a timeline for the development of an additional commercial aviation facility that is completed and functional by 2040.

(2) This section expires July 1, 2022.

NEW SECTION. Sec. 5. (1) Nothing in this act shall be construed to endorse, limit, or otherwise alter existing or future plans for capital development and capacity enhancement at existing commercial airports in Washington.

(2) This section expires July 1, 2022."

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5063 with the following amendment(s): 5063-S AMH ENGR H2855.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that voting by mail has many advantages. However, the legislature also finds that while the cost of ballot return postage may only be a small amount, passing the burden along to Washington's citizens, many

of whom no longer need stamps in their everyday lives, is an unnecessary barrier to fully participate in the democratic process. The legislature further finds that in order to continue to increase participation in our democracy, we must lower all barriers to participation in the democratic process. The legislature finds that voting should be free for all citizens.

Sec. 2. RCW 29A.04.420 and 2013 c 11 s 11 are each amended to read as follows:

(1) Whenever state officers or measures are voted upon at a state primary or general election held in an odd-numbered year under RCW 29A.04.321, the state of Washington shall assume a prorated share of the costs of that state primary or general election.

(2) The state shall reimburse counties for the cost of return postage, required to be included on return envelopes pursuant to RCW 29A.40.091, for all elections.

(3) Whenever a primary or vacancy election is held to fill a vacancy in the position of United States senator or United States representative under chapter 29A.28 RCW, the state of Washington shall assume a prorated share of the costs of that primary or vacancy election.

~~((3))~~ (4) The county auditor shall apportion the state's share of these expenses when prorating election costs under RCW 29A.04.410 and shall file such expense claims with the secretary of state.

~~((4))~~ (5) The secretary of state shall include in his or her biennial budget requests sufficient funds to carry out this section. Reimbursements for election costs shall be from appropriations specifically provided by law for that purpose.

Sec. 3. RCW 29A.40.091 and 2016 c 83 s 3 are each amended to read as follows:

(1) The county auditor shall send each voter a ballot, a security envelope in which to conceal the ballot after voting, a larger envelope in which to return the security envelope, a declaration that the voter must sign, and instructions on how to obtain information about the election, how to mark the ballot, and how to return the ballot to the county auditor.

(2) The voter must swear under penalty of perjury that he or she meets the qualifications to vote, and has not voted in any other jurisdiction at this election. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and it is illegal to cast a ballot or sign a ballot declaration on behalf of another voter. The ballot materials must provide space for the voter to sign the declaration, indicate the date on which the ballot was voted, and include a telephone number.

(3) For overseas and service voters, the signed declaration constitutes the equivalent of a voter registration. Return envelopes for overseas and service voters must enable the ballot to be returned postage free if mailed through the United States postal service, United States armed forces postal service, or the postal service of a United States foreign embassy under 39 U.S.C. 3406.

(4) The voter must be instructed to either return the ballot to the county auditor no later than 8:00 p.m. the day of the election or primary, or mail the ballot to the county auditor with a postmark no later than the day of the election or primary. Return envelopes for all election ballots must include prepaid postage. Service and overseas voters must be provided with instructions and a privacy sheet for returning the ballot and signed declaration by fax or email. PERSONAL PRIVILEGE

Senator Billig: “Thank you Madam President. Well, unfortunately, the Spokane community and the climbing world, the mountain climbing world are mourning the apparent tragedy of Jess Walter and, excuse me, Jess Roskelley and two of his climbing partners who are missing and presumed dead climbing in the Banff National Park. Jess was a world class mountain climber. In 2003, he was the youngest, at that time, the youngest person ever to climb Mount Everest. And he did that climb with his father, John Roskelley, who himself was one of the greatest mountain climbers of his generation. And John was also a

Spokane County Commissioner and still a community member in Spokane. It is a real loss for, obviously for the Roskelley family and for Spokane and, really, for all of us in Washington state and I just hope the body will join me in sending condolences to the Roskelley family, John and Joyce, Jess’ parents and Alison, Jess’ wife. Thank you Madam President.”

PERSONAL PRIVILEGE

Senator Padden: “Thank you Madam President. I also rise to offer my respects and condolences to the Roskelley family. Not that I ever really knew Jess, but his father not only was a former County Commissioner but a resident of the 4th Legislative District and was widely respected in the community. And still is. And a great mountain climber and a very independent thinker on all sorts of issues. So, our condolences go out, when we read the report, it’s, of course, front page news in Spokane and, as Senator Billig indicated, an extremely accomplished mountain climber, both his son Jess and it was a tragedy, an avalanche up in Alberta in a very difficult area. So, our condolences go out to them and I think of folks in the Spokane area are a lot sadder today. Thank you Madam President.”

MESSAGE FROM THE HOUSE

April 12, 2019

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5903 with the following amendment(s): 5903-S2 AMH ENGR H2873.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the children’s mental health work group established in chapter 96, Laws of 2016 reported recommendations related to increasing access to mental health services for children and youth and that many of those recommendations were adopted by the 2017 and 2018 legislatures. The legislature further finds that additional work is needed to improve mental health support for children and families and that the children’s mental health work group was reestablished for this purpose in chapter 175, Laws of 2018.

(2) The legislature finds that there is a workforce shortage of behavioral health professionals and that increasing medicaid rates to a level that is equal to medicare rates will increase the number of providers who will serve children and families on medicaid. Further, the legislature finds that there is a need to increase the cultural and linguistic diversity among children’s behavioral health professionals and that hiring practices, professional training, and high-quality translations of accreditation and licensing exams should be implemented to incentivize this diversity in the workforce.

(3) Therefore, the legislature intends to implement the recommendations adopted by the children’s mental health work group in January 2019, in order to improve mental health care access for children and their families.

Sec. 2. 2018 c 175 s 2 (uncodified) is amended to read as follows:

(b) Consider system strategies to improve coordination and remove barriers between the early learning, K-12 education, and health care systems; and

(c) Identify opportunities to remove barriers to treatment and strengthen mental health service delivery for children and youth.

(6) Staff support for the work group, including administration of work group meetings and preparation of the updated report required under subsection ~~((6))~~ (8) of this section, must be provided by the health care authority. MESSAGE FROM THE HOUSE

April 12, 2019

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5432 with the following amendment(s): 5432-S2.E AMH HCW H2615.1

Strike everything after the enacting clause and insert the following:

"PART 1

Sec. 1001. RCW 71.24.011 and 1982 c 204 s 1 are each amended to read as follows:

This chapter may be known and cited as the community ~~((mental))~~ behavioral health services act.

Sec. 1002. RCW 71.24.015 and 2018 c 201 s 4001 are each amended to read as follows:

It is the intent of the legislature to establish a community ~~((mental))~~ behavioral health ~~((program))~~ system which shall help people experiencing mental illness or a substance use disorder to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to ~~((mental))~~ behavioral health services for adults with mental illness and children with mental illness ~~((or))~~, emotional disturbances ~~((who meet access to care standards which services))~~, or substance use disorders, that recognize the special needs of underserved populations, including minorities, children, older adults, individuals with disabilities, and low-income persons. Access to mental health and substance use disorder services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness or substance use disorder, their family members, and advocates in designing and implementing ~~((mental))~~ behavioral health services that reduce unnecessary hospitalization and incarceration and promote ~~((the))~~ recovery and employment ~~((of persons with mental illness))~~. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness or substance use disorder, consumer and advocate participation in ~~((mental))~~ behavioral health services is an integral part of the community ~~((mental))~~ behavioral health system and shall be supported;

(3) Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of individuals with mental illness or substance use disorder consistent with the priorities defined in the statute;

(6) Coordination of services within the department of social and health services, ~~((including those divisions within the department of social and health services that provide services to children, between))~~ the authority, the department, the department of ((social and health services)) children, youth, and families, and the office of the superintendent of public instruction, and among state mental hospitals, tribes, residential treatment facilities, county authorities, behavioral health administrative services organizations, managed care organizations, community ~~((mental))~~ behavioral health services, and other support services, which shall to the maximum extent feasible also include the families of individuals with mental illness or substance use disorder, and other service providers, including Indian health care providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide ~~((mental))~~ behavioral health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders, or substance use disorders, including services operated by consumers and advocates. The legislature intends to encourage the development of regional ~~((mental))~~ behavioral health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. ~~((To this end, counties must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under RCW 71.09.870. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapter 71.05 RCW and this chapter to consolidate administration, reduce administrative layering, and reduce administrative costs.))~~ The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community ~~((mental))~~ behavioral health ~~((programs and))~~ system services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with persons with mental illness and collaboration between families and service providers.

Sec. 1003. RCW 71.24.016 and 2014 c 225 s 7 are each amended to read as follows:

(1) The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community ~~((mental))~~ behavioral health

service delivery system focus on maintaining individuals with mental illness in the community. The program shall be evaluated and managed through a limited number of outcome and performance measures, as provided in RCW 43.20A.895 (as recodified by this act), 70.320.020, and 71.36.025.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold behavioral health administrative services organizations, within available resources, and managed care organizations accountable for serving people with mental disorders within the boundaries of their regional service area (and for not exceeding their allocation of state hospital beds).

(3) The authority shall establish a work group to determine: (a) How to appropriately manage access to adult long-term inpatient involuntary care and the children's long-term inpatient program in the community and at eastern and western state hospitals, until such a time as the risk for long-term involuntary inpatient care may be fully integrated into managed care organization contracts, and provide advice to guide the integration process; and (b) how to expand bidirectional integration through increased support for co-occurring disorder services, including recommendations related to purchasing and rates. The work group shall include representation from the department of social and health services, the department of health, behavioral health administrative services organizations, at least two managed care organizations, the Washington state association of counties, community behavioral health providers, including providers with experience providing co-occurring disorder services, and the Washington state hospital association. Managed care representation on the work group must include at least one member with financial expertise and at least one member with clinical expertise. The managed care organizations on the work group shall represent the entire managed care sector and shall collaborate with the nonrepresented managed care organizations. The work group shall provide recommendations to the office of financial management and appropriate committees of the legislature by December 15, 2019.

2019 REGULAR SESSION

(4) Provide for an independent evaluation component to measure the success of the authority in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 1025. RCW 71.24.420 and 2018 c 201 s 4027 are each amended to read as follows:

The authority shall operate the community ~~((mental))~~ behavioral health service delivery system authorized under this chapter within the following constraints:

(1) The full amount of federal funds for ~~((mental))~~ community behavioral health system services, plus qualifying state expenditures as appropriated in the biennial operating budget, shall be appropriated to the authority each year in the biennial appropriations act to carry out the provisions of the community ~~((mental))~~ behavioral health service delivery system authorized in this chapter.

(2) The authority may expend funds defined in subsection (1) of this section in any manner that will effectively accomplish the outcome measures established in RCW 43.20A.895 (as recodified by this act) and 71.36.025 and performance measures linked to those outcomes.

(3) The authority shall implement strategies that accomplish the outcome measures established in RCW 43.20A.895 (as recodified by this act), 70.320.020, and 71.36.025 and performance measures linked to those outcomes.

(4) The authority shall monitor expenditures against the appropriation levels provided for in subsection (1) of this section and report to the governor's office and the appropriate committees of the legislature once every two years, on or about December 1st, on each even-numbered year.

Sec. 1026. RCW 71.24.430 and 2018 c 201 s 4028 are each amended to read as follows:

(1) The authority shall ensure the coordination of allied services for ~~((mental))~~ behavioral health clients. The authority shall implement strategies for resolving organizational, regulatory, and funding issues at all levels of the system, including the state, the behavioral health administrative services organizations, managed care organizations, and local service providers.

(2) The authority shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department of social and health services and authority programs. ~~((The authority shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery))~~ The authority shall provide status reports as requested by the legislature.

Sec. 1027. RCW 71.24.450 and 1997 c 342 s 1 are each amended to read as follows:

(1) Many ~~((acute and chronically mentally ill))~~ offenders with acute and chronic mental illness are delayed in their release from Washington correctional facilities due to their inability to access reasonable treatment and living accommodations prior to the maximum expiration of their sentences. Often the offender reaches the end of his or her sentence and is released without any follow-up care, funds, or housing. These delays are costly to the state, often lead to psychiatric relapse, and result in unnecessary risk to the public.

Many of these offenders ((rarely possess)) lack the skills or emotional stability to maintain employment or even complete applications to receive entitlement funding. ((Nationwide only five percent of diagnosed schizophrenics are able to maintain part-time or full-time employment.)) Housing and appropriate treatment are difficult to obtain.

This lack of resources, funding, treatment, and housing creates additional stress for the ~~((mentally ill))~~ offender with mental illness, impairing self-control and judgment. When the mental illness is instrumental in the offender's patterns of crime, such stresses may lead to a worsening of his or her illness, reoffending, and a threat to public safety.

(2) It is the intent of the legislature to create a ~~((pilot))~~ program to provide for postrelease mental health care and housing for a select group of ~~((mentally ill))~~ offenders with mental illness entering community living, in order to reduce incarceration costs, increase public safety, and enhance the offender's quality of life.

Sec. 1028. RCW 71.24.455 and 2018 c 201 s 4029 are each amended to read as follows:

(1) The director shall select and contract with a behavioral health administrative services organization, managed care organization, behavioral health agency, or private provider to provide specialized access and services to offenders with mental illness upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the behavioral health administrative services organization, managed care organization, behavioral health agency, or private provider as high-priority clients for services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(a) The offender suffers from a major mental illness and needs continued mental health treatment;

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The behavioral health administrative services organization, managed care organization, behavioral health agency, or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the authority, a representative of the selected managed care organization, behavioral health administrative services organization, or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the managed care organization, behavioral health administrative services organization, or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected managed care organization, behavioral health administrative services organization, or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff

ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on maintaining and promoting ongoing stability, relapse prevention, and ~~((past, current, or future behavior of the offender))~~ recovery.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk offenders with mental illness shall be provided to all participating mental health providers by the authority and the department of corrections prior to their participation in the program and as requested thereafter.

~~((6) The pilot program provided for in this section must be providing services by July 1, 1998.))~~

Sec. 1029. RCW 71.24.460 and 2018 c 201 s 4030 are each amended to read as follows:

The authority, in collaboration with the department of corrections and the oversight committee created in RCW 71.24.455, shall track outcomes and submit to the legislature annual reports regarding services and outcomes. The reports shall include the following: (1) A statistical analysis regarding the reoffense and reinstitutionalization rate by the enrollees in the program set forth in RCW 71.24.455; (2) a quantitative description of the services provided in the program set forth in RCW 71.24.455; and (3) recommendations for any needed modifications in the services and funding levels to increase the effectiveness of the program set forth in RCW 71.24.455. ~~((By December 1, 2003, the department shall certify the reoffense rate~~

~~for enrollees in the program authorized by RCW 71.24.455 to the office of financial management and the appropriate legislative committees. If the reoffense rate exceeds fifteen percent, the authorization for the department to conduct the program under RCW 71.24.455 is terminated on January 1, 2004.))~~

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining ~~((chemical dependency))~~ substance use disorder treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section ~~((and distributed to the behavioral health organizations))~~ are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program.

Sec. 1031. RCW 71.24.480 and 2018 c 201 s 4032 are each amended to read as follows:

(1) A licensed or certified ~~((service provider or behavioral health organization))~~ behavioral health agency acting in the course of the provider's ~~((or organization's))~~ duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or organization, unless the act or omission of the provider or organization constitutes:

(3) A licensed or certified ~~((service provider's or behavioral health organization's))~~ behavioral health agency's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed or certified ~~((service provider's or behavioral health~~

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

The guidance and trainings may also highlight preventive activities not reimbursable under federal law which may be cost-effective in a managed care environment. The purpose of this written guidance and trainings is to champion best clinical practices including, where appropriate, use of care coordination and long-acting injectable psychotropic medication, and to assist the health community to leverage federal funds and standardize payment and reporting procedures. ~~((The authority and the department of social and health services shall construe governing laws liberally to effectuate the broad remedial purposes of chapter 154, Laws of 2016, and provide a status update to the legislature by December 31, 2016.))~~

Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in

consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.30.030(3).

(10) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

For nonmedicaid clients, through its contracts with the behavioral health administrative services organizations, the authority may limit admissions of such applicants or modify its programs in order to ensure that expenditures for services or programs do not exceed amounts appropriated by the legislature and are allocated by the authority for such services or programs. For nonmedicaid clients, the authority may establish admission priorities in the event that the number of eligible applicants exceeds the limits set by the authority.

Sec. 1042. RCW 71.24.625 and 2018 c 201 s 4052 are each amended to read as follows:

The authority shall ensure that the provisions of this chapter are applied by ~~((the))~~ behavioral health administrative services organizations and managed care organizations in a consistent and uniform manner. (1) The authority shall maintain an integrated and comprehensive screening and assessment process for substance use and mental disorders and co-occurring substance use and mental disorders.

(a) The process adopted shall include, at a minimum:

(i) An initial screening tool that can be used by intake personnel system-wide and which will identify the most common types of co-occurring disorders;

(ii) An assessment process for those cases in which assessment is indicated that provides an appropriate degree of assessment for most situations, which can be expanded for complex situations;

(iii) Identification of triggers in the screening that indicate the need to begin an assessment;

(iv) Identification of triggers after or outside the screening that indicate a need to begin or resume an assessment;

(v) The components of an assessment process and a protocol for determining whether part or all of the assessment is necessary, and at what point; and

Sec. 3011. RCW 71.05.730 and 2015 c 250 s 15 are each amended to read as follows:

(1) A county may apply to its behavioral health administrative services organization on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The behavioral health administrative services organization shall in turn be entitled to reimbursement from the behavioral health administrative services organization that serves the county of residence of the individual who is the subject of the civil commitment case. (~~Reimbursements under this section shall be paid out of the behavioral health organization's nonmedicaid appropriation.~~)

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county's actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization or less restrictive alternative treatment, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county's reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(4) To the extent that resources have a shared purpose, the behavioral health administrative services organization may only reimburse counties to the extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section.

Sec. 3012. RCW 71.05.740 and 2018 c 201 s 3031 are each amended to read as follows:

All behavioral health administrative services organizations in the state of Washington must forward historical mental health involuntary commitment information retained by the organization, including identifying information and dates of commitment, to the authority. As soon as feasible, the behavioral health administrative services organizations must arrange to report new commitment data to the authority within twenty-four hours. Commitment information under this section does not need to be resent if it is already in the possession of the authority. Behavioral health administrative services organizations and the authority shall be immune from liability related to the sharing of commitment information under this section.

Sec. 3013. RCW 71.05.750 and 2018 c 201 s 3033 are each amended to read as follows:

The authority shall also determine the method for the transmission of the completed report from the designated crisis responder to the authority.

(4) The authority shall create quarterly reports displayed on its web site that summarize the information reported under subsection (2) of this section. At a minimum, the reports must display data by county and by month. The reports must also include the number of single bed certifications granted by category. The categories must include all of the reasons that the authority recognizes for issuing a single bed certification, as identified in rule.

(5) The reports provided according to this section may not display "protected health information" as that term is used in the federal health insurance portability and accountability act of 1996, nor information contained in "mental health treatment records" as that term is used in chapter 70.02 RCW or elsewhere in state law, and must otherwise be compliant with state and federal privacy laws.

a managed health care system’s provider network, but provides health care services to enrollees of programs authorized under this chapter or other applicable law whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of ~~((temporary assistance for needy families))~~ medicaid under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of ~~((temporary assistance for needy families))~~ programs as allowed for in the approved state plan amendment or federal waiver for Washington state’s medicaid program;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient’s right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements ~~((to be included in contracts issued or renewed on or after January 1, 2015))~~, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223;

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting,

promoting care that is integrated, collaborative, colocated, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including

consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) ~~(By April 1, 2016,)~~ Any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to ~~((behavioral health organizations,))~~ mental health providers ~~((or chemical dependency))~~ and substance use disorder treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in RCW 74.09.870.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter or other applicable law to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state if the managed health care system has made good faith efforts to contract with the nonparticipating provider.

(10) For services covered under this chapter or other applicable law to medical assistance or medical care services enrollees ~~((and provided on or after August 24, 2014)),~~ nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (9) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review

and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(12) Payments under RCW 74.60.130 are exempt from this section.

(13) Subsections (9) through (11) of this section expire July 1, 2021.

Sec. 4005. RCW 74.09.555 and 2014 c 225 s 102 are each amended to read as follows:

(1) The authority shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, managed care organizations, and ~~((the))~~ behavioral health administrative services organizations, shall establish procedures for coordination between the authority and department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the authority with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The authority shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or the medical care services program immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or the medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration within the department shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

Sec. 4006. RCW 74.09.871 and 2018 c 201 s 2007 are each amended to read as follows:

(1) Any agreement or contract by the authority to provide behavioral health services as defined under RCW 71.24.025 to persons eligible for benefits under medicaid, Title XIX of the social security act, and to persons not eligible for medicaid must include the following:

(g) Standards related to the financial integrity of the ~~((responding organization. The authority shall adopt rules establishing the solvency requirements and other financial integrity standards for behavioral health organizations))~~ contracting entity. This subsection does not limit the authority of the authority to take action under a contract upon finding that a ~~((behavioral health organization's))~~ contracting entity's financial status jeopardizes the ~~((organization's))~~ contracting entity's ability to meet its contractual obligations;

(h) Mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial deductions, termination of the contract, receivership, reprocurement of the contract, and injunctive remedies;

(f) The ability to meet requirements established by the authority.

(3) For purposes of purchasing behavioral health services and medical care services for persons eligible for benefits under medicaid, Title XIX of the social security act and for persons not eligible for medicaid, the authority must use regional service areas. The regional service areas must be established by the authority as provided in RCW 74.09.870.

(4) Consideration must be given to using multiple-biennia contracting periods.

(5) Each behavioral health administrative services organization operating pursuant to a contract issued under this section shall ~~((enroll))~~ serve clients within its regional service area who meet the authority's eligibility criteria for mental health and ~~((chemical dependency))~~ substance use disorder services within available resources.

PART 5

Sec. 5004. RCW 10.31.110 and 2014 c 225 s 57 are each amended to read as follows:

(1) When a police officer has reasonable cause to believe that the individual has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092 and the individual is known by history or consultation with the behavioral health administrative services organization to suffer from a mental disorder, the arresting officer may:

(a) Take the individual to a crisis stabilization unit as defined in RCW 71.05.020(~~(6)~~). Individuals delivered to a crisis stabilization unit pursuant to this section may be held by the facility for a period of up to twelve hours. The individual must be

(2) If the individual is released to the community, the mental health provider shall inform the arresting officer of the release within a reasonable period of time after the release if the arresting officer has specifically requested notification and provided contact information to the provider.

(3) In deciding whether to refer the individual to treatment under this section, the police officer shall be guided by standards mutually agreed upon with the prosecuting authority, which address, at a minimum, the length, seriousness, and recency of the known criminal history of the individual, the mental health history of the individual, where available, and the circumstances surrounding the commission of the alleged offense.

(4) Any agreement to participate in treatment shall not require individuals to stipulate to any of the alleged facts regarding the criminal activity as a prerequisite to participation in a mental health treatment alternative. The agreement is inadmissible in any criminal or civil proceeding. The agreement does not create immunity from prosecution for the alleged criminal activity.

(5) If an individual violates such agreement and the mental health treatment alternative is no longer appropriate:

(a) The mental health provider shall inform the referring law enforcement agency of the violation; and

(b) The original charges may be filed or referred to the prosecutor, as appropriate, and the matter may proceed accordingly.

Sec. 5007. RCW 13.40.165 and 2016 c 106 s 3 are each amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW ~~((70.96A.520))~~ 71.24.615. It is also the purpose of the disposition alternative to assure that minors in need of ~~((chemical dependency))~~ substance use disorder, mental health, and/or co-occurring disorder treatment receive an appropriate continuum of culturally relevant care and treatment, including prevention and early intervention, self-directed care, parent-directed care, and residential treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide these services to minors shall jointly plan and deliver these services. It is also the purpose of the disposition alternative to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs and in accordance with sound professional judgment. The mental health, substance abuse, and

co-occurring disorder treatment providers shall, to the extent possible, offer services that involve minors' parents, guardians, and family.

(2) The court must consider eligibility for the ~~((chemical dependency))~~ substance use disorder or mental health disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent, substance abusing, or has significant mental health or co-occurring disorders may order an examination by a ~~((chemical dependency))~~ substance use disorder counselor from a ~~((chemical dependency))~~ substance use disorder treatment facility approved under chapter 70.96A RCW or a mental health professional as defined in chapter 71.34 RCW to determine if the youth is chemically dependent, substance abusing, or suffers from significant mental health or co-occurring disorders. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(3) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems, mental health diagnoses, previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(4) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (a) Whether inpatient and/or outpatient treatment is recommended;
- (b) Availability of appropriate treatment;
- (c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
- (d) Anticipated length of treatment; and
- (e) Recommended crime-related prohibitions.

(5) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the

offender to undergo available outpatient drug/alcohol, mental health, or co-occurring disorder treatment and/or inpatient mental health or drug/alcohol treatment. The court shall only order inpatient treatment under this section if a funded bed is available. If the inpatient treatment is longer than ninety days, the court shall hold a review hearing every thirty days beyond the initial ninety days. The respondent may appear telephonically at these review hearings if in compliance with treatment. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(7) The mental health/co-occurring disorder/drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(8) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(9) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(11) A disposition under this section is not appealable under RCW 13.40.230.

(12) Subject to funds appropriated for this specific purpose, the costs incurred by the juvenile courts for the mental health, ~~((chemical dependency))~~ substance use disorder, and/or co-occurring disorder evaluations, treatment, and costs of supervision required under this section shall be paid by the ~~((department))~~ health care authority.

Sec. 5008. RCW 36.28A.440 and 2018 c 142 s 1 are each amended to read as follows:

The secretary shall determine which records and reports are relevant and may provide a summary in lieu of copies of the records.

Sec. 5028. RCW 72.23.025 and 2014 c 225 s 98 are each amended to read as follows:

(1) It is the intent of the legislature to improve the quality of service at state hospitals, eliminate overcrowding, and more specifically define the role of the state hospitals. The legislature intends that eastern and western state hospitals shall become clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. To this end, the legislature intends that funds appropriated for mental health programs, including funds for behavioral health administrative services organizations, managed care organizations contracted with the health care authority, and the state hospitals, be used for persons with primary diagnosis of mental disorder. The legislature finds that establishment of institutes for the study and treatment of mental disorders at both eastern state hospital and western state hospital will be instrumental in implementing the legislative intent.

(2)(a) There is established at eastern state hospital and western state hospital, institutes for the study and treatment of mental disorders. The institutes shall be operated by joint operating agreements between state colleges and universities and the department of social and health services. The institutes are intended to conduct training, research, and clinical program development activities that will directly benefit persons with mental illness who are receiving treatment in Washington state by performing the following activities:

(i) Promote recruitment and retention of highly qualified professionals at the state hospitals and community mental health programs;

(ii) Improve clinical care by exploring new, innovative, and scientifically based treatment models for persons presenting particularly difficult and complicated clinical syndromes;

(iii) Provide expanded training opportunities for existing staff at the state hospitals and community mental health programs;

(iv) Promote bilateral understanding of treatment orientation, possibilities, and challenges between state hospital professionals and community mental health professionals.

(b) To accomplish these purposes the institutes may, within funds appropriated for this purpose:

(i) Enter joint operating agreements with state universities or other institutions of higher education to accomplish the placement and training of students and faculty in psychiatry, psychology, social work, occupational therapy, nursing, and other relevant professions at the state hospitals and community mental health programs;

(ii) Design and implement clinical research projects to improve the quality and effectiveness of state hospital services and operations;

(iii) Enter into agreements with community mental health service providers to accomplish the exchange of professional staff

between the state hospitals and community mental health service providers;

(iv) Establish a student loan forgiveness and conditional scholarship program to retain qualified professionals at the state hospitals and community mental health providers when the secretary has determined a shortage of such professionals exists.

(c) Notwithstanding any other provisions of law to the contrary, the institutes may enter into agreements with the department or the state hospitals which may involve changes in staffing necessary to implement improved patient care programs contemplated by this section.

(d) The institutes are authorized to seek and accept public or private gifts, grants, contracts, or donations to accomplish their purposes under this section.

Sec. 5029. RCW 74.09.758 and 2014 c 223 s 7 are each amended to read as follows:

(1) The authority and the department may restructure medicaid procurement of health care services and agreements with managed care systems on a phased basis to better support integrated physical health, mental health, and ~~(chemical dependency)~~ substance use disorder treatment, consistent with assumptions in Second Substitute Senate Bill No. 6312, Laws of 2014, and recommendations provided by the behavioral health task force. The authority and the department may develop and utilize innovative mechanisms to promote and sustain integrated clinical models of physical and behavioral health care.

(2) The authority and the department may incorporate the following principles into future medicaid procurement efforts aimed at integrating the delivery of physical and behavioral health services:

(a) Medicaid purchasing must support delivery of integrated, person-centered care that addresses the spectrum of individuals' health needs in the context of the communities in which they live and with the availability of care continuity as their health needs change;

(b) Accountability for the client outcomes established in RCW 43.20A.895 (as recodified by this act) and 71.36.025 and performance measures linked to those outcomes;

(c) Medicaid benefit design must recognize that adequate preventive care, crisis intervention, and support services promote a recovery-focused approach;

(d) Evidence-based care interventions and continuous quality improvement must be enforced through contract specifications and performance measures that provide meaningful integration at the patient care level with broadly distributed accountability for results;

(e) Active purchasing and oversight of medicaid managed care contracts is a state responsibility;

(f) A deliberate and flexible system change plan with identified benchmarks to promote system stability, provide continuity of treatment for patients, and protect essential existing behavioral health system infrastructure and capacity; and

(g) Community and organizational readiness are key determinants of implementation timing; a phased approach is therefore desirable.

(3) The principles identified in subsection (2) of this section are not intended to create an individual entitlement to services.

(4) The authority shall increase the use of value-based contracting, alternative quality contracting, and other payment incentives that promote quality, efficiency, cost savings, and health improvement, for medicaid and public employee purchasing. The authority shall also implement additional chronic disease management techniques that reduce the subsequent need for hospitalization or readmissions. It is the intent of the legislature that the reforms the authority implements under this

subsection are anticipated to reduce extraneous medical costs, across all medical programs, when fully phased in by fiscal year 2017 to generate budget savings identified in the omnibus appropriations act.

The facilities or providers may include community mental health providers or other local facilities that contract with the department and are willing and able to provide treatment under this section. During the 2015-2017 fiscal biennium, the department may contract with one or more cities or counties to provide competency restoration services in a city or county jail if the city or county jail is willing and able to serve as a location for competency restoration services and if the secretary determines that there is an emergent need for beds and documents the justification, including a plan to address the emergency. Patients receiving competency restoration services in a city or county jail must be physically separated from other populations at the jail and restoration treatment services must be provided as much as possible within a therapeutic environment. The placement under (a)(i) and (ii) of this subsection shall not exceed fourteen days in addition to any unused time of the evaluation under RCW 10.77.060. The court shall compute this total period and include its computation in the order. The fourteen-day period plus any unused time of the evaluation under RCW 10.77.060 shall be considered to include only the time the defendant is actually at the facility and shall be in addition to reasonable time for transport to or from the facility;

(iii) May alternatively order that the defendant be placed on conditional release for up to ninety days for mental health treatment and restoration of competency; or

(iv) May order any combination of this subsection.

(b) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in (c) of this subsection.

(c)(i) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(ii) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The seventy-two hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two-hour period.

(2) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092(+) and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and

consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least twenty-four hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

(3) If at any time the court dismisses charges under subsection (1) or (2) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. (vi) If the person is under eighteen years of age, except as provided in RCW 9.41.042; and/or

~~((v+))~~ (vii) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) (a)(iii) of this subsection does not apply to a sexual assault protection order under chapter 7.90 RCW if the order has been modified pursuant to RCW 7.90.170 to remove any restrictions on firearm purchase, transfer, or possession.

(c) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection (4) only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265, unless the offense is the juvenile's first offense in violation of this section and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.52, 69.41, or 69.50 RCW.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

(8) For purposes of this section, "intimate partner" includes: A spouse, a domestic partner, a former spouse, a former domestic partner, a person with whom the restrained person has a child in common, or a person with whom the restrained person has cohabitated or is cohabitating as part of a dating relationship.

Sec. 3. RCW 9.41.047 and 2018 c 201 s 6001 are each amended to read as follows:

(1)(a) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW for mental health treatment, or at the time that charges are dismissed based on incompetency to stand trial under RCW 10.77.088 and the court makes a finding that the person has a history of one or more violent acts, the convicting or committing court, or court that dismisses charges, shall notify the person, orally and in writing, that the person must immediately surrender any concealed pistol license and that the person may not possess a firearm unless his or her right to do so is restored by a court of record. For purposes of this section a convicting court includes a court in which a person has been found not guilty by reason of insanity.

(b) The ~~((convicting or committing))~~ court shall forward within three judicial days after conviction ~~((or))~~, entry of the commitment order, or dismissal of charges, a copy of the person's driver's license or identicard, or comparable information, along with the date of conviction or commitment, or date charges are dismissed, to the department of licensing. When a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW, for mental health treatment, or when a person's charges are dismissed based on incompetency to stand trial under RCW 10.77.088 and the court makes a finding that the person has a history of one or more violent acts, the ~~((committing))~~ court also shall forward, within three judicial days after entry of the commitment order, or dismissal of charges, a copy of the person's driver's license, or comparable information, along with the date of commitment or date charges are dismissed, to the national instant criminal background check system index, denied persons file, created by the federal Brady handgun violence prevention act (P.L. 103-159). The petitioning party shall provide the court with the information required. If more than one commitment order is entered under one cause number, only one notification to the department of licensing and the national instant criminal background check system is required.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the convicted or committed person, or the person whose charges are dismissed based on incompetency to stand trial, has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for mental health treatment under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, or because the person's charges were dismissed based on incompetency to stand trial under RCW 10.77.088 and the court made a finding that the person has a history of one or more violent acts, may, upon discharge, petition the superior court to have his or her right to possess a firearm restored.

(b) The petition must be brought in the superior court that ordered the involuntary commitment or dismissed the charges based on incompetency to stand trial or the superior court of the county in which the petitioner resides.

(c) Except as provided in (d) of this subsection, the court shall restore the petitioner's right to possess a firearm if the petitioner proves by a preponderance of the evidence that:

(i) The petitioner is no longer required to participate in court-ordered inpatient or outpatient treatment;

(ii) The petitioner has successfully managed the condition related to the commitment or incompetency;

(iii) The petitioner no longer presents a substantial danger to himself or herself, or the public; and

(iv) The symptoms related to the commitment or incompetency are not reasonably likely to recur.

(d) If a preponderance of the evidence in the record supports a finding that the person petitioning the court has engaged in violence and that it is more likely than not that the person will engage in violence after his or her right to possess a firearm is restored, the person shall bear the burden of proving by clear, cogent, and convincing evidence that he or she does not present a substantial danger to the safety of others.

(e) When a person's right to possess a firearm has been restored under this subsection, the court shall forward, within three judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the

department of licensing, the health care authority, and the national instant criminal background check system index, denied persons file.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4)."

MESSAGE FROM THE HOUSE

April 4, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5027 with the following amendment(s): 5027-S.E AMH CRJ H2646.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 7.94.010 and 2017 c 3 s 1 are each amended to read as follows:

(1) Chapter 3, Laws of 2017 is designed to temporarily prevent individuals who are at high risk of harming themselves or others from accessing firearms by allowing family, household members, and police to obtain a court order when there is demonstrated evidence that the person poses a significant danger, including danger as a result of ~~((a dangerous mental health crisis))~~ threatening or violent behavior.

(2) Every year, over one hundred thousand people are victims of gunshot wounds and more than thirty thousand of those victims lose their lives. Over the last five years for which data is available, one hundred sixty-four thousand eight hundred twenty-one people in America were killed with firearms—an average of ninety-one deaths each day.

(3) Studies show that individuals who engage in certain dangerous behaviors are significantly more likely to commit violence toward themselves or others in the near future. These behaviors, which can include other acts or threats of violence, self-harm, or the abuse of drugs or alcohol, are warning signs that the person may soon commit an act of violence.

(4) Individuals who pose a danger to themselves or others often exhibit signs that alert family, household members, or law enforcement to the threat. Many mass shooters displayed warning signs prior to their killings, but federal and state laws provided no clear legal process to suspend the shooters' access to guns, even temporarily.

(5) In enacting ~~((this initiative [chapter 3, Laws of 2017]))~~ chapter 3, Laws of 2017, it is the purpose and intent of the people to reduce gun deaths and injuries, while respecting constitutional rights, by providing a court procedure for family, household members, and law enforcement to obtain an order temporarily restricting a person's access to firearms. Court orders are intended to be limited to situations in which the person poses a significant danger of harming themselves or others by possessing a firearm and include standards and safeguards to protect the rights of respondents and due process of law.

Sec. 2. RCW 7.94.030 and 2017 c 3 s 4 are each amended to read as follows:

There shall exist an action known as a petition for an extreme risk protection order.

(1) A petition for an extreme risk protection order may be filed by (a) a family or household member of the respondent or (b) a law enforcement officer or agency.

(2) A petition for an extreme risk protection order may be brought against a respondent under the age of eighteen years. No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter if such respondent is sixteen years of age or older. If a guardian ad litem is appointed for the petitioner or respondent, the petitioner must not be required to pay any fee associated with such appointment.

(3) An action under this chapter must be filed in the county where the petitioner resides or the county where the respondent resides.

~~((3))~~ (4) A petition must:

(a) Allege that the respondent poses a significant danger of causing personal injury to self or others by having in his or her custody or control, purchasing, possessing, accessing, or receiving a firearm, and be accompanied by an affidavit made under oath stating the specific statements, actions, or facts that give rise to a reasonable fear of future dangerous acts by the respondent;

(b) Identify the number, types, and locations of any firearms the petitioner believes to be in the respondent's current ownership, possession, custody, access, or control;

(c) Identify whether there is a known existing protection order governing the respondent, under chapter 7.90, 7.92, 10.14, 9A.46, 10.99, 26.50, or 26.52 RCW or under any other applicable statute; and

(d) Identify whether there is a pending lawsuit, complaint, petition, or other action between the parties to the petition under the laws of Washington.

~~((4))~~ (5) The court administrator shall verify the terms of any existing order governing the parties. The court may not delay granting relief because of the existence of a pending action between the parties or the necessity of verifying the terms of an existing order. A petition for an extreme risk protection order may be granted whether or not there is a pending action between the parties. Relief under this chapter must not be denied or delayed on the grounds that relief is available in another action.

~~((5))~~ (6) If the petitioner is a law enforcement officer or agency, the petitioner shall make a good faith effort to provide notice to a family or household member of the respondent and to any known third party who may be at risk of violence. The notice must state that the petitioner intends to petition the court for an extreme risk protection order or has already done so, and include referrals to appropriate resources, including ~~((mental))~~ behavioral health, domestic violence, and counseling resources. The petitioner must attest in the petition to having provided such notice, or attest to the steps that will be taken to provide such notice.

~~((6))~~ (7) If the petition states that disclosure of the petitioner's address would risk harm to the petitioner or any member of the petitioner's family or household, the petitioner's address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner must designate an alternative address at which the respondent may serve notice of any motions. If the petitioner is a law enforcement officer or agency, the address of record must be that of the law enforcement agency.

~~((7))~~ (8) Within ninety days of receipt of the master copy from the administrative office of the courts, all court clerk's offices shall make available the standardized forms, instructions, and informational brochures required by RCW 7.94.150. Any assistance or information provided by clerks under this section

does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

~~((8))~~ (9) No fees for filing or service of process may be charged by a court or any public agency to petitioners seeking relief under this chapter. Petitioners shall be provided the necessary number of certified copies, forms, and instructional brochures free of charge.

~~((9))~~ (10) A person is not required to post a bond to obtain relief in any proceeding under this section.

~~((10))~~ (11) The superior courts of the state of Washington have jurisdiction over proceedings under this chapter. The juvenile court may hear a proceeding under this chapter if the respondent is under the age of eighteen years. Additionally, district and municipal courts have limited jurisdiction over issuance and enforcement of ex parte extreme risk protection orders issued under RCW 7.94.050. The district or municipal court shall set the full hearing provided for in RCW 7.94.040 in superior court and transfer the case. If the notice and order are not served on the respondent in time for the full hearing, the issuing court has concurrent jurisdiction with the superior court to extend the ex parte extreme risk protection order.

(12)(a) Any person restrained by an extreme risk protection order against a respondent under the age of eighteen may petition the court to have the court records sealed from public view at the time of issuance of the full order, at any time during the life of the order, or at any time after its expiration.

(b) The court shall seal the court records from public view if there are no other active protection orders against the restrained party, no pending violations of the order, and evidence of full compliance with the relinquishment of firearms as ordered by the extreme risk protection order.

(c) Nothing in this subsection changes the requirement for the order to be entered into and maintained in computer-based systems as required in RCW 7.94.110.

(13) The court shall give law enforcement priority at any extreme risk protection order calendar because of the importance of immediate temporary removal of firearms in situations of extreme risk and the goal of minimizing the time law enforcement must otherwise wait for a particular case to be called, which can hinder their other patrol and supervisory duties. In the alternative, the court may allow a law enforcement petitioner to participate telephonically, or allow another representative from that law enforcement agency or the prosecutor's office to present the information to the court if personal presence of the petitioning officer is not required for testimonial purposes.

(14) Recognizing that an extreme risk protection order may need to be issued outside of normal business hours, courts shall allow law enforcement petitioners to petition after-hours for an ex parte extreme risk protection order using an on-call, after-hours judge, as is done for approval of after-hours search warrants.

Sec. 3. RCW 7.94.040 and 2017 c 3 s 5 are each amended to read as follows:

(1) Upon receipt of the petition, the court shall order a hearing to be held not later than fourteen days from the date of the order and issue a notice of hearing to the respondent for the same.

(a) The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from potential harm. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing.

(b) The court clerk shall cause a copy of the notice of hearing and petition to be forwarded on or before the next judicial day to the appropriate law enforcement agency for service upon the respondent.

(c) Personal service of the notice of hearing and petition shall be made upon the respondent by a law enforcement officer not less than five court days prior to the hearing. Service issued under this section takes precedence over the service of other documents, unless the other documents are of a similar emergency nature. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication or mail as provided in RCW 7.94.070. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or mail after two attempts at obtaining personal service unless the petitioner requests additional time to attempt personal service. If the court issues an order permitting service by publication or mail, the court shall set the hearing date not later than twenty-four days from the date the order issues.

(d) The court may, as provided in RCW 7.94.050, issue an ex parte extreme risk protection order pending the hearing ordered under this subsection (1). Such ex parte order must be served concurrently with the notice of hearing and petition.

(2) Upon hearing the matter, if the court finds by a preponderance of the evidence that the respondent poses a significant danger of causing personal injury to self or others by having in his or her custody or control, purchasing, possessing, or receiving a firearm, the court shall issue an extreme risk protection order for a period of one year.

(3) In determining whether grounds for an extreme risk protection order exist, the court may consider any relevant evidence including, but not limited to, any of the following:

(a) A recent act or threat of violence by the respondent against self or others, whether or not such violence or threat of violence involves a firearm;

(b) A pattern of acts or threats of violence by the respondent within the past twelve months including, but not limited to, acts or threats of violence by the respondent against self or others;

(c) Any ~~((dangerous mental health issues of the respondent))~~ behaviors that present an imminent threat of harm to self or others;

(d) A violation by the respondent of a protection order or a no-contact order issued under chapter 7.90, 7.92, 10.14, 9A.46, 10.99, 26.50, or 26.52 RCW;

(e) A previous or existing extreme risk protection order issued against the respondent;

(f) A violation of a previous or existing extreme risk protection order issued against the respondent;

(g) A conviction of the respondent for a crime that constitutes domestic violence as defined in RCW 10.99.020;

(h) A conviction of the respondent under RCW 9A.36.080;

(i) The respondent's ownership, access to, or intent to possess firearms;

~~((j))~~ (j) The unlawful or reckless use, display, or brandishing of a firearm by the respondent;

~~((k))~~ (k) The history of use, attempted use, or threatened use of physical force by the respondent against another person, or the respondent's history of stalking another person;

~~((l))~~ (l) Any prior arrest of the respondent for a felony offense or violent crime;

~~((m))~~ (m) Corroborated evidence of the abuse of controlled substances or alcohol by the respondent; and

~~((n))~~ (n) Evidence of recent acquisition of firearms by the respondent.

(4) The court may:

(a) Examine under oath the petitioner, the respondent, and any witnesses they may produce, or, in lieu of examination, consider

sworn affidavits of the petitioner, the respondent, and any witnesses they may produce; and

(b) Ensure that a reasonable search has been conducted for criminal history records related to the respondent.

(5) In a hearing under this chapter, the rules of evidence apply to the same extent as in a domestic violence protection order proceeding under chapter 26.50 RCW.

(6) During the hearing, the court shall consider whether a ~~((mental))~~ behavioral health evaluation ~~((or chemical dependency evaluation))~~ is appropriate, and may order such evaluation if appropriate.

(7) An extreme risk protection order must include:

(a) A statement of the grounds supporting the issuance of the order;

(b) The date and time the order was issued;

(c) The date and time the order expires;

(d) Whether a ~~((mental))~~ behavioral health evaluation ~~((or chemical dependency evaluation))~~ of the respondent is required;

(e) The address of the court in which any responsive pleading should be filed;

(f) A description of the requirements for relinquishment of firearms under RCW 7.94.090; and

(g) The following statement: "To the subject of this protection order: This order will last until the date and time noted above. If you have not done so already, you must surrender to the (insert name of local law enforcement agency) all firearms in your custody, control, or possession and any concealed pistol license issued to you under RCW 9.41.070 immediately. You may not have in your custody or control, purchase, possess, receive, or attempt to purchase or receive, a firearm while this order is in effect. You have the right to request one hearing to terminate this order every twelve-month period that this order is in effect, starting from the date of this order and continuing through any renewals. You may seek the advice of an attorney as to any matter connected with this order."

(8) When the court issues an extreme risk protection order, the court shall inform the respondent that he or she is entitled to request termination of the order in the manner prescribed by RCW 7.94.080. The court shall provide the respondent with a form to request a termination hearing.

(9) If the court declines to issue an extreme risk protection order, the court shall state the particular reasons for the court's denial.

Sec. 4. RCW 7.94.060 and 2017 c 3 s 7 are each amended to read as follows:

(1) An extreme risk protection order issued under RCW 7.94.040 must be personally served upon the respondent, except as otherwise provided in this chapter.

(2) The law enforcement agency with jurisdiction in the area in which the respondent resides shall serve the respondent personally, unless the petitioner elects to have the respondent served by a private party.

(3) If service by a law enforcement agency is to be used, the clerk of the court shall cause a copy of the order issued under this chapter to be forwarded on or before the next judicial day to the law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter takes precedence over the service of other documents, unless the other documents are of a similar emergency nature.

(4) If the law enforcement agency cannot complete service upon the respondent within ten days, the law enforcement agency shall notify the petitioner. The petitioner shall provide information sufficient to permit such notification.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further

service is waived and proof of service of that order is not necessary.

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

Nothing in this chapter applies to crematories as ~~((that term is))~~ defined in RCW 68.04.070, alkaline hydrolysis, or natural organic reduction facilities as defined in section 8 of this act.

Sec. 34. RCW 73.08.070 and 2005 c 250 s 5 are each amended to read as follows:

(1) The legislative authority for each county must designate a proper authority to be responsible, at the expense of the county, for the ~~((burial or cremation))~~ lawful disposition of the remains of any deceased indigent veteran or deceased family member of an indigent veteran who died without leaving means sufficient to defray funeral expenses. The costs of such a ~~((burial or cremation))~~ disposition may not exceed the limit established by the county legislative authority nor be less than three hundred dollars.

(2) If the deceased has relatives or friends who desire to conduct the ~~((burial or cremation))~~ disposition of such deceased ~~((person))~~ person's remains, then a sum not to exceed the limit established by the county legislative authority nor less than three hundred dollars ~~((shall))~~ must be paid to the relatives or friends by the county auditor, or by the chief financial officer in a county operating under a charter. Payment ~~((shall))~~ must be made to the relatives or friends upon presenting to the auditor or chief financial officer due proof of the death, ~~((burial or cremation)),~~ disposition of the remains, and expenses incurred.

(3) Expenses incurred for the ~~((burial or cremation))~~ disposition of the remains of a deceased indigent veteran or the deceased family member of an indigent veteran as provided by this section ~~((shall))~~ must be paid from the veterans' assistance fund authorized by RCW 73.08.080.

(4) Remains has the same meaning as provided in RCW 68.04.020.

Sec. 35. RCW 73.08.080 and 2013 c 123 s 2 are each amended to read as follows:

(1) The legislative authority in each county must levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount ~~((which))~~ that would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating a veterans' assistance fund. Expenditures from the veterans' assistance fund, and interest earned on balances from the fund, may be used only for:

(a) The veterans' assistance programs authorized by RCW 73.08.010;

(b) The ~~((burial or cremation))~~ lawful disposition of the remains as defined in RCW 68.04.020 of a deceased indigent veteran or deceased family member of an indigent veteran as authorized by RCW 73.08.070; and

(c) The direct and indirect costs incurred in the administration of the fund as authorized by subsection (2) of this section.

(2) If the funds on deposit in the veterans' assistance fund, less outstanding warrants, on the first Tuesday in September exceed the lesser of the expected yield of one and one-eighth cents per thousand dollars of assessed value against the taxable property of the county or the expected yield of a levy determined as set forth in subsection (5) of this section, the county legislative authority may levy a lesser amount than would otherwise be required under subsection (1) or (5) of this section.

(3) The direct and indirect costs incurred in the administration of the veterans' assistance fund must be computed by the county auditor, or the chief financial officer in a county operating under a charter, not less than annually. Following the computation of

these direct and indirect costs, an amount equal to these costs may then be transferred from the veterans' assistance fund to the county current expense fund.

(4) The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW.

(5)(a) The amount of a levy allocated to the purposes specified in this section may be modified from the amount required by subsection (1) of this section as follows:

(i) If the certified levy is reduced from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section may be reduced by no more than the same percentage as the certified levy is reduced from the preceding year's certified levy;

(ii) If the certified levy is increased from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section may not be less than the base allocation increased by the same percentage as the certified levy is increased from the preceding year's certified levy. However, the amount of the levy allocated to the purposes specified in this section does not have to be increased under this subsection (5)(a)(ii) for the portion of a certified levy increase resulting from a voter-approved increase under RCW 84.55.050 that is dedicated to a specific purpose; or

(iii) If the certified levy is unchanged from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section must be equal to or greater than the base allocation.

(b) For purposes of this subsection, the following definitions apply:

(i) "Base allocation" means the most recent allocation that was not reduced under subsection (2) of this section.

(ii) "Certified levy" means the property tax levy for general county purposes certified to the county assessor as required by RCW 84.52.070, excluding any amounts certified under chapters 84.69 and 84.68 RCW.

MESSAGE FROM THE HOUSE

April 9, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5010 with the following amendment(s): 5010-S AMH ENGR H2452.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) On September 13, 2017, the joint legislative audit and review committee distributed the 17-06 final report: Fees assessed for forest fire protection. The report identified more than twenty thousand parcels of land that do not pay the forest fire protection assessment or a local fire district levy but are likely still protected by the department of natural resources or a local fire district.

The legislature finds that fire protection services at the state and local level are vital to the preservation of public and personal property throughout the state. The legislature further finds that fire protection resources are very limited in carrying out the

substantial duties that fire protection services are asked to perform. Therefore, properties that benefit from fire protection should be required to contribute to the operation and maintenance of such essential services.

(2)(a) A local fire district may propose to annex any parcel or parcels having all boundaries of the property wholly within the external boundary of the requesting local fire district if such parcel or parcels are not presently being assessed a local fire district levy.

(b) Prior to annexing a parcel or parcels under this section the local fire district must:

(i) Verify with the county assessor that the parcel or parcels have all boundaries of the property wholly within the external boundary of the requesting local fire district and are not presently assessed a local fire district levy;

(ii) Notify the owner of record of each parcel in writing no less than sixty days prior to conducting a public hearing that the local fire district is seeking to annex the parcel; and

(iii) Hold at least one public hearing on the proposed annexation.

(3) Following the hearing, the local fire district must determine by resolution whether any parcel will be annexed. After adoption of the resolution, the local fire district must send a copy to the county legislative authority, the county assessor, and the owner of record of any parcel proposed to be annexed. The resolution must include a list of all parcels proposed to be annexed.

(4) Within thirty days of notification of the resolution, the owner of record of a parcel proposed to be annexed may appeal the proposed annexation to the county legislative authority. Issues raised under appeal may include compliance with the process established under this section, whether the parcel is presently being assessed a local fire district levy, whether the levied amount is consistent with local fire district levy amounts, whether the local fire district actually has the resources to provide the parcel or parcels with timely service. The county legislative authority may address multiple appeals at the same hearing. The decision of the county legislative authority or its designee is not appealable.

(5) If the proposed annexation is upheld or no appeal is made within thirty days of notification of the resolution, the county legislative authority must approve the proposed annexation of any parcel or parcels of land submitted under subsection (3) of this section into the local fire district. The order must include a description of the property to be annexed and the effective date of the annexation. The order is not subject to referendum.

(6) A notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations under this section.

(7) Any local fire district levy to be imposed on a parcel annexed in accordance with this section may not be assessed until the next tax assessment cycle following the annexation.

(8) Annexations of a parcel or parcels of land under this section must be initiated by January 1, 2021.

(9) For the purposes of this section, "local fire district" means a fire district, regional fire protection service authority, city, or town.

(10) The annexation process established under this section is not exclusive and does not limit annexation through other statutory authorities."

Correct the title.

Sec. 8. RCW 7.70.065 and 2017 c 275 s 1 are each amended to read as follows:

(e) A release signed by the owner of the off-road motorcycle and verified by the department, county auditor or other agent, or subagent appointed by the director that releases the state from any liability and outlines that the owner understands that the original off-road motorcycle was not manufactured for on-road use and that it has been modified for use on public roads.

(4) The department must track off-road motorcycles in a separate registration category for reporting purposes.

Sec. 21. RCW 46.20.308 and 2016 c 203 s 15 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath for the purpose of determining the alcohol concentration in his or her breath if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. Prior to administering a breath test pursuant to this section, the officer shall inform the person of his or her right under this section to refuse the breath test, and of his or her right to have additional tests administered by any qualified person of his or her choosing

2019 REGULAR SESSION

as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if:

(i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver's breath is 0.08 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver's breath is 0.02 or more; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested exercises the right, granted herein, by refusing upon the request of a law enforcement officer to submit to a test or tests of his or her breath, no test shall be given except as otherwise authorized by law.

(4) Nothing in subsection (1), (2), or (3) of this section precludes a law enforcement officer from obtaining a person's blood to test for alcohol, marijuana, or any drug, pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law. Any blood drawn for the purpose of determining the person's alcohol, marijuana levels, or any drug, is drawn pursuant to this section when the officer has reasonable grounds to believe that the person is in physical control or driving a vehicle under the influence or in violation of RCW 46.61.503.

(5) If, after arrest and after any other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more, or the THC concentration of the person's blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood is 0.02 or more, or the THC concentration of the person's blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (7) of this section;

(c) Serve notice in writing that the license or permit, if any, is a temporary license that is valid for thirty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first. No

temporary license is valid to any greater degree than the license or permit that it replaces; and

(d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by (~~RCW 9A.72.085~~) chapter 5.50 RCW that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of any applicable warnings required by subsection (2) of this section the person refused to submit to a test of his or her breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by (~~RCW 9A.72.085~~) chapter 5.50 RCW under subsection (5)(d) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning thirty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within seven days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within seven days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within thirty days, excluding Saturdays, Sundays, and legal holidays, following the date of timely receipt of such request for a formal hearing before the department or thirty days, excluding Saturdays, Sundays, and legal holidays following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license under subsection (5) of this section extended, if the person is otherwise eligible for licensing. Unless otherwise agreed to by the department and the person, the department must give five days notice of the hearing to the person. For the purposes of this

section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. Where a person is found to be in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was under the age of twenty-one at the time of the arrest and was in physical control of a motor vehicle while having alcohol in his or her system in a concentration of 0.02 or THC concentration above 0.00, the person may petition the hearing officer to apply the affirmative defense found in RCW 46.61.504(3) and 46.61.503(2). The driver has the burden to prove the affirmative defense by a preponderance of the evidence. The sworn report or report under a declaration authorized by (~~RCW 9A.72.085~~) chapter 5.50 RCW submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by (~~RCW 9A.72.085~~) chapter 5.50 RCW of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is

suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 22. RCW 46.20.720 and 2017 c 336 s 5 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while a passenger under the age of sixteen was in the vehicle shall be extended for an additional six-month period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed

on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to ((RCW 9A.72.085)) chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

Sec. 23. RCW 47.68.250 and 2017 3rd sp.s. c 25 s 44 are each amended to read as follows:

(1) Every aircraft must be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars is charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section are the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and must be collected by the secretary at the time of the collection by him or her of the excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she must issue to the owner of the aircraft a certificate of registration therefor. The secretary must pay to the state treasurer the registration fees

collected under this section, which registration fees must be credited to the aeronautics account.

(4) It is not necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary must issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section do not apply to:

(a) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(b) An aircraft registered under the laws of a foreign country;

(c) An aircraft that is owned by a nonresident if:

(i) The aircraft remains in this state or is based in this state, or both, for a period less than ninety days; or

(ii) The aircraft is a large private airplane as defined in RCW 82.08.215 and remains in this state for a period of ninety days or longer, but only when:

(A) The airplane is in this state exclusively for the purpose of repairs, alterations, or reconstruction, including any flight testing related to the repairs, alterations, or reconstruction, or for the purpose of continual storage of not less than one full calendar year;

(B) An employee of the facility providing these services is on board the airplane during any flight testing; and

(C) Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of ((RCW 9A.72.085)) chapter 5.50 RCW;

(d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(f) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW; and

(g) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary must be notified within thirty days of any change in ownership of a registered aircraft. The notification must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hangar space for an aircraft. It is the responsibility of the lessee or

2019 REGULAR SESSION

purchaser to register the aircraft. Proof of registration must be provided according to the following schedule:

(a) For the purchase of tiedown or hangar space, the municipality or port district must allow the purchaser thirty days from the date of the application for purchase to produce proof of aircraft registration.

(b) For the lease of tiedown or hangar space that extends thirty days or more, the municipality or port district must allow the lessee thirty days to produce proof of aircraft registration from the date of the application for lease of tiedown or hangar space.

(c) For the lease of tiedown or hangar space that extends less than thirty days, the municipality or port district must allow the lessee to produce proof of aircraft registration at any point prior to the final day of the lease.

(8) The airport must work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division.

Sec. 24. RCW 59.18.030 and 2016 c 66 s 1 are each reenacted and amended to read as follows:

As used in this chapter:

(1) "Certificate of inspection" means an unsworn statement, declaration, verification, or certificate made in accordance with the requirements of ((RCW 9A.72.085)) chapter 5.50 RCW by a qualified inspector that states that the landlord has not failed to fulfill any substantial obligation imposed under RCW 59.18.060 that endangers or impairs the health or safety of a tenant, including (a) structural members that are of insufficient size or strength to carry imposed loads with safety, (b) exposure of the occupants to the weather, (c) plumbing and sanitation defects that directly expose the occupants to the risk of illness or injury, (d) not providing facilities adequate to supply heat and water and hot water as reasonably required by the tenant, (e) providing heating or ventilation systems that are not functional or are hazardous, (f) defective, hazardous, or missing electrical wiring or electrical service, (g) defective or hazardous exits that increase the risk of injury to occupants, and (h) conditions that increase the risk of fire.

(2) "Commercially reasonable manner," with respect to a sale of a deceased tenant's personal property, means a sale where every aspect of the sale, including the method, manner, time, place, and other terms, must be commercially reasonable. If commercially reasonable, a landlord may sell the tenant's property by public or private proceedings, by one or more contracts, as a unit or in parcels, and at any time and place and on any terms.

MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5021 with the following amendment(s): 5021-S2 AMH APP H2829.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 41.80 RCW to read as follows:

(1) In order to maintain dedicated and uninterrupted services to the supervision of criminal offenders that are in state correctional facilities and on community supervision, it is the legislature's intent to grant certain employees of the department of corrections interest arbitration rights as an alternative means of settling disputes.

(2) This section applies only to employees covered by chapter 41.06 RCW working for the department of corrections, except confidential employees as defined in RCW 41.80.005, members of the Washington management service, internal auditors, and nonsupervisory marine department employees.

(3) Negotiations between the employer and the exclusive bargaining representative of a unit of employees shall be commenced at least five months before submission of the budget to the legislature. If no agreement has been reached sixty days after the commencement of such negotiations then, at any time thereafter, either party may declare that an impasse exists and may submit the dispute to the commission for mediation, with or without the concurrence of the other party. The commission shall appoint a mediator, who shall promptly meet with the representatives of the parties, either jointly or separately, and shall take such other steps as he or she may deem appropriate in order to persuade the parties to resolve their differences and effect an agreement. A mediator, however, does not have a power of compulsion. The mediator may consider only matters that are subject to bargaining under this chapter.

(4) If an agreement is not reached following a reasonable period of negotiations and mediation, and the director, upon recommendation of the assigned mediator, finds that the parties remain at impasse, then an arbitrator must be appointed to resolve the dispute. The issues for determination by the arbitrator must be limited to the issues certified by the executive director.

(5) Within ten working days after the first Monday in September of every odd-numbered year, the governor or the governor's designee and the bargaining representatives for any bargaining units covered by this section shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. The parties will select an arbitrator by mutual agreement or by alternatively striking names from a regional list of seven qualified arbitrators provided by the federal mediation and conciliation service.

(a) The fees and expenses of the arbitrator, the court reporter, if any, and the cost of the hearing room, if any, will be shared equally between the parties. Each party is responsible for the costs of its attorneys, representatives and witnesses, and all other costs related to the development and presentation of their case.

(b) Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for a potential hearing between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates, absent an agreement to the contrary.

(c) The parties shall execute a written agreement before December 15th of the odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration.

(d)(i) The arbitrator must hold a hearing and provide reasonable notice of the hearing to the parties to the dispute. The hearing must be informal and each party has the opportunity to present evidence and make arguments. The arbitrator may not present the case for a party to the proceedings.

(ii) The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or

documentary evidence or other data deemed relevant by the arbitrator may be received in evidence. A recording of the proceedings must be taken.

(iii) The arbitrator may administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents deemed by the arbitrator to be material to a just determination of the issues in dispute. If a person refuses to obey a subpoena issued by the arbitrator, or refuses to be sworn or to make an affirmation to testify, or a witness, party, or attorney for a party is guilty of contempt while in attendance at a hearing, the arbitrator may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court may issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(6) The arbitrator may consider only matters that are subject to bargaining under RCW 41.80.020(1), and may not consider those subjects listed under RCW 41.80.020 (2) and (3) and 41.80.040.

(a) In making its determination, the arbitrator shall take into consideration the following factors:

(i) The financial ability of the department of corrections to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The constitutional and statutory authority of the employer;

(iii) Stipulations of the parties;

(iv) Comparison of the wages, hours, and conditions of employment of personnel involved in the proceedings with the wages, hours, and conditions of employment of like personnel of like state government employers of similar size in the western United States;

(v) The ability of the department of corrections to retain employees;

(vi) The overall compensation presently received by department of corrections employees, including direct wage compensation, vacations, holidays, and other paid excused time, pensions, insurance benefits, and all other direct or indirect monetary benefits received;

(vii) Changes in any of the factors listed in this subsection during the pendency of the proceedings; and

(viii) Such other factors which are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under RCW 41.80.020(1).

(b) The decision of an arbitrator under this section is subject to RCW 41.80.010(3).

(7) During the pendency of the proceedings before the arbitrator, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his or her rights or position under chapter 41.56 RCW.

(8)(a) If the representative of either or both the employees and the state refuses to submit to the procedures set forth in subsections (3), (4), and (5) of this section, the parties, or the commission on its own motion, may invoke the jurisdiction of the superior court for the county in which the labor dispute exists and the court may issue an appropriate order. A failure to obey the order may be punished by the court as a contempt thereof.

(b) A decision of the arbitrator is final and binding on the parties, and may be enforced at the instance of either party, the arbitrator, or the commission in the superior court for the county where the dispute arose. However, the decision of the arbitrator is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to the compensation and fringe benefit provision of an interest arbitration award, the provisions are not binding on the state or department of corrections.

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

(9) Subject to the provisions of this section, the parties shall follow the commission's procedures for interest arbitration.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

Correct the title.

and the same are herewith transmitted.

The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030

and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being

2019 REGULAR SESSION

feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(6) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(7) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

(8)(a) For the 2015-2017 fiscal biennium, the governor may request funds to implement:

(i) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the employer and the service employees international union healthcare 1199nw, an exclusive bargaining representative, that was necessitated by an emergency situation or an imminent jeopardy determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees.

(ii) Unilaterally implemented modifications to collective bargaining agreements, resulting from the employer being prohibited from negotiating with an exclusive bargaining representative due to a pending representation petition, necessitated by an emergency situation or an imminent jeopardy determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees.

(iii) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the

employer and the union of physicians of Washington, an exclusive bargaining representative, that was necessitated by an emergency situation or an imminent jeopardy determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees. If the memorandum of understanding submitted to the legislature as part of the governor's budget document is rejected by the legislature, and the parties reach a new memorandum of understanding by June 30, 2016, within the funds, conditions, and limitations provided in section 204, chapter 36, Laws of 2016 sp. sess., the new memorandum of understanding shall be considered approved by the legislature and may be retroactive to December 1, 2015.

(iv) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the employer and the teamsters union local 117, an exclusive bargaining representative, for salary adjustments for the state employee job classifications of psychiatrist, psychiatric social worker, and psychologist.

(b) For the 2015-2017 fiscal biennium, the legislature may act upon the request for funds for modifications to a 2015-2017 collective bargaining agreement under (a)(i), (ii), (iii), and (iv) of this subsection if funds are requested by the governor before final legislative action on the supplemental omnibus appropriations act by the sitting legislature.

(c) The request for funding made under this subsection and any action by the legislature taken pursuant to this subsection is limited to the modifications described in this subsection and may not otherwise affect the original terms of the 2015-2017 collective bargaining agreement.

(d) Subsection (3)(a) and (b) of this section (~~(d)~~) does not apply to requests for funding made pursuant to this subsection.

NEW SECTION. Sec. 3. A new section is added to chapter 41.80 RCW to read as follows:

The intent and purpose of sections 4 through 10 of this act is to recognize that there exists a public policy in the state of Washington against strikes by uniformed personnel as a means of settling their labor disputes; that the uninterrupted and dedicated service of these classes of employees is vital to the welfare and public safety of the state of Washington; and that to promote such dedicated and uninterrupted public service there should exist an effective and adequate alternative means of settling disputes.

NEW SECTION. Sec. 4. A new section is added to chapter 41.80 RCW to read as follows:

(1) Negotiations between the employer and the exclusive bargaining representative of a unit of uniformed personnel shall be commenced at least five months prior to the submission of the budget to the legislature. If no agreement has been reached sixty days after the commencement of such negotiations then, at any time thereafter, either party may declare that an impasse exists and may submit the dispute to the commission for mediation, with or without the concurrence of the other party. The commission shall appoint a mediator, who shall promptly meet with the representatives of the parties, either jointly or separately, and shall take such other steps as he or she may deem appropriate in order to persuade the parties to resolve their differences and effect an agreement. A mediator, however, does not have a power of compulsion. The mediator may consider only matters that are subject to bargaining under this chapter.

(2) If an agreement has not been reached following a reasonable period of negotiations and mediation, and the executive director, upon the recommendation of the assigned mediator, finds that the parties remain at impasse, then the executive director shall certify the issues for interest arbitration.

The issues for determination by the arbitration panel shall be limited to the issues certified by the executive director.

NEW SECTION. Sec. 5. A new section is added to chapter 41.80 RCW to read as follows:

(1) Within ten working days after the first Monday in September of every odd-numbered year, the state's bargaining representative and the exclusive bargaining representative for the appropriate bargaining unit shall attempt to agree on an interest arbitration panel consisting of three members to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. Each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, the two appointed members shall use one of the two following options in the appointment of the third member, who shall act as chair of the panel: (a) By mutual consent, the two appointed members may jointly request the commission to, and the commission shall, appoint a third member within two days of such a request. Costs of each party's appointee shall be borne by each party respectively; other costs of the arbitration proceedings shall be borne by the commission; or (b) either party may apply to the commission, the federal mediation and conciliation service, or the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(2) Immediately upon selecting an interest arbitration panel, the parties shall cooperate to reserve dates with the arbitration panel for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the names of the members of the arbitration panel and the dates reserved for bargaining and arbitration. This subsection imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(3) If the parties are not successful in negotiating a comprehensive collective bargaining agreement, a hearing shall be held. The hearing shall be informal and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held under this section, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof. The hearing conducted by the arbitration panel

shall be concluded within twenty-five days following the selection or designation of the neutral chair of the arbitration panel, unless the parties agree to a longer period.

(4) The neutral chair shall consult with the other members of the arbitration panel, and, within thirty days following the conclusion of the hearing, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on the commission, on each of the other members of the arbitration panel, and on each of the parties to the dispute.

(5) Except as provided in this subsection, the written determination shall be final and binding upon both parties.

(a) The written determination is subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious.

(b) The written determination is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefits of an arbitrated collective bargaining agreement, is not binding on the state.

(6) The arbitration panel may consider only matters that are subject to bargaining under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 41.80 RCW to read as follows:

An interest arbitration panel created pursuant to section 5 of this act, in the performance of its duties under this chapter, exercises a state function and is, for the purposes of this chapter, a state agency. Chapter 34.05 RCW does not apply to proceedings before an interest arbitration panel under this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 41.80 RCW to read as follows:

In making its determination, the panel shall be mindful of the legislative purpose enumerated in section 3 of this act and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(1) The constitutional and statutory authority of the employer;

(2) Stipulations of the parties;

(3) Comparison of the hours and conditions of employment of personnel involved in the proceedings with the hours and conditions of employment of like personnel of like employers of similar size on the west coast of the United States;

(4) Changes in any of the circumstances under subsections (1) through (3) of this section during the pendency of the proceedings; and

(5) Such other factors, not confined to the factors under subsections (1) through (4) of this section, that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 41.80 RCW to read as follows:

During the pendency of the proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under sections 4 through 10 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 41.80 RCW to read as follows:

(1) If the representative of either or both the uniformed personnel and the employer refuse to submit to the procedures set forth in sections 4 and 5 of this act, the parties, or the commission on its own motion, may invoke the jurisdiction of the superior court for the county in which the labor dispute exists and such

court shall have jurisdiction to issue an appropriate order. A failure to obey such order may be punished by the court as a contempt thereof.

(2) Except as provided in this subsection, a decision of the arbitration panel shall be final and binding on the parties, and may be enforced at the instance of either party, the arbitration panel or the commission in the superior court for the county where the dispute arose.

(a) The written determination is subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious.

(b) The written determination is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefits of an arbitrated collective bargaining agreement, is not binding on the state.

NEW SECTION. **Sec. 10.** A new section is added to chapter 41.80 RCW to read as follows:

The right of uniformed personnel to engage in any strike, work slowdown, or stoppage is not granted. An employee organization recognized as the exclusive bargaining representative of uniformed personnel subject to this chapter that willfully disobeys a lawful order of enforcement by a superior court pursuant to this section and section 9 of this act, or willfully offers resistance to such order, whether by strike or otherwise, is in contempt of court as provided in chapter 7.21 RCW. An employer that willfully disobeys a lawful order of enforcement by a superior court pursuant to section 9 of this act or willfully offers resistance to such order is in contempt of court as provided in chapter 7.21 RCW.

NEW SECTION. **Sec. 11.** A new section is added to chapter 41.80 RCW to read as follows:

(1) By January 1, 2020, the public employment relations commission shall review the appropriateness of the bargaining units that consist of or include uniformed personnel and exist on the effective date of this section. If the commission determines that an existing bargaining unit is not appropriate pursuant to RCW 41.80.070, the commission may modify the unit.

(2) The exclusive bargaining representatives certified to represent the bargaining units that consist of or include uniformed personnel and exist on the effective date of this section shall continue as the exclusive bargaining representative without the necessity of an election as of the effective date of this section. However, there may be proceedings concerning representation under this chapter thereafter.

NEW SECTION. **Sec. 12.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5035 with the following amendment(s): 5035-S.E AMH LAWS H2453.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds:

(1) That from the shift in the 1980s from criminal to civil penalties for prevailing wage violations that the law needs some enhancements to effectively provide the department of labor and industries with the ability to utilize its civil remedies to both discourage and penalize repeat and willful violations of the law.

(2) Revisions to chapter 39.12 RCW are long overdue and are necessary to appropriately address filing and reporting procedures and penalties, which are necessary to strengthen enforcement of and deterrence from repeat and/or willful violations of the chapter.

Sec. 2. RCW 39.12.010 and 1989 c 12 s 6 are each amended to read as follows:

(1) The "prevailing rate of wage"~~((for the intents and purposes of this chapter, shall be))~~ is the rate of hourly wage, usual benefits, and overtime paid in the locality, as hereinafter defined, to the majority of workers, laborers, or mechanics, in the same trade or occupation. In the event that there is not a majority in the same trade or occupation paid at the same rate, then the average rate of hourly wage and overtime paid to such laborers, workers, or mechanics in the same trade or occupation ~~((shall be))~~ is the prevailing rate. If the wage paid by any contractor or subcontractor to laborers, workers, or mechanics on any public work is based on some period of time other than an hour, the hourly wage ~~((for the purposes of this chapter shall be))~~ is

mathematically determined by the number of hours worked in such period of time.

(2) The "locality" (~~for the purposes of this chapter shall be~~) is the largest city in the county wherein the physical work is being performed.

(3) The "usual benefits" (~~for the purposes of this chapter shall~~) includes the amount of:

(a) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a fund, plan, or program; and

(b) The rate of costs to the contractor or subcontractor, which may be reasonably anticipated in providing benefits to workers, laborers, and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the workers, laborers, and mechanics affected, for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of such benefits.

(4) An "interested party" (~~for the purposes of this chapter shall~~) includes a contractor, subcontractor, an employee of a contractor or subcontractor, an organization whose members' wages, benefits, and conditions of employment are affected by this chapter, and the director of labor and industries or the director's designee.

(5) An "inadvertent filing or reporting error" is a mistake and is made notwithstanding the use of due care by the contractor, subcontractor, or employer. An inadvertent filing or reporting error includes a contractor who, in good faith, relies on a written determination provided by the department of labor and industries and pays its workers, laborers, and mechanics accordingly, but is later found to have not paid the proper prevailing wage rate.

(6) "Unpaid prevailing wages" or "unpaid wages" means the employer fails to pay all of the prevailing rate of wages owed for any workweek by the regularly established pay day for the period in which the workweek ends. Every employer must pay all wages, other than usual benefits, owing to its employees not less than once a month. Every employer must pay all usual benefits owing to its employees by the regularly established deadline for those benefits.

(7) "Rate of contribution" means the effective annual rate of usual benefit contributions for all hours, public and private, worked during the year by an employee (commonly referred to as "annualization" of benefits). The only exemption to the annualization requirements is for defined contribution pension plans that have immediate participation and vesting.

Sec. 3. RCW 39.12.050 and 2009 c 219 s 3 are each amended to read as follows:

(1) Any contractor or subcontractor who files a false statement or fails to file any statement or record required to be filed or fails to post a document required to be posted under this chapter and the rules adopted under this chapter, shall, after a determination to that effect has been issued by the director after hearing under chapter 34.05 RCW, forfeit as a civil penalty the sum of five hundred dollars for each false filing or failure to file or post, and shall not be permitted to bid, or have a bid considered, on any public works contract until the penalty has been paid in full to the director. The civil penalty under this subsection (~~shall~~) does not apply to a violation determined by the director to be an inadvertent filing or reporting error. The burden of proving, by a

preponderance of the evidence, that an error is inadvertent rests with the contractor or subcontractor charged with the error. Civil penalties shall be deposited in the public works administration account.

To the extent that a contractor or subcontractor has not paid wages at the rate due pursuant to RCW 39.12.020, and a finding to that effect has been made as provided by this subsection, such unpaid wages (~~shall~~) constitute a lien against the bonds and retainage as provided in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.011.

(2) If a contractor or subcontractor is found to have violated the provisions of subsection (1) of this section for a second time within a five year period, the contractor or subcontractor (~~shall be~~) is subject to the sanctions prescribed in subsection (1) of this section and shall not be allowed to bid on any public works contract for one year. The one year period (~~shall~~) runs from the date of notice by the director of the determination of noncompliance. When an appeal is taken from the director's determination, the one year period (~~shall~~) commences from the date (~~of the final determination of the appeal~~) the notice of violation becomes final.

The director shall issue his or her findings that a contractor or subcontractor has violated the provisions of this subsection after a hearing held subject to the provisions of chapter 34.05 RCW, unless a notice of violation is not timely appealed. A notice of violation not timely appealed is final and binding, and not subject to further appeal.

Sec. 4. RCW 39.12.065 and 2009 c 219 s 4 are each amended to read as follows:

(1) Upon complaint by an interested party, the director of labor and industries shall cause an investigation to be made to determine whether there has been compliance with this chapter and the rules adopted hereunder, and if the investigation indicates that a violation may have occurred, the department of labor and industries may issue a notice of violation for unpaid wages, penalties, and interest on all wages owed at one percent per month. A hearing shall be held following a timely appeal of the notice of violation in accordance with chapter 34.05 RCW. The director shall issue a written determination including his or her findings after the hearing unless a notice of violation is not timely appealed. A notice of violation not timely appealed is final and binding, and not subject to further appeal. A judicial appeal from the director's determination may be taken in accordance with chapter 34.05 RCW, with the prevailing party entitled to recover reasonable costs and attorneys' fees.

A complaint concerning nonpayment of the prevailing rate of wage shall be filed with the department of labor and industries no later than (~~thirty~~) sixty days from the acceptance date of the public works project. The department may not charge a contractor or subcontractor with a violation of this section when responding to a complaint filed after the sixty-day limit. The failure to timely file such a complaint (~~shall~~) does not prohibit the department from investigating the matter and recovering unpaid wages for the worker(s) within two years from the acceptance of the public works contract. The department may not investigate or recover unpaid wages if the complaint is filed after two years from the acceptance of a public works contract. The failure to timely file such a complaint also does not prohibit a claimant from pursuing a private right of action against a contractor or subcontractor for unpaid prevailing wages. The remedy provided by this section is not exclusive and is concurrent with any other remedy provided by law.

(2) To the extent that a contractor or subcontractor has not paid the prevailing rate of wage under a determination issued as provided in subsection (1) of this section, the director shall notify

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

the agency awarding the public works contract of the amount of the violation found, and the awarding agency shall withhold, or in the case of a bond, the director shall proceed against the bond in accordance with the applicable statute to recover, such amount from the following sources in the following order of priority until the total of such amount is withheld:

(a) The retainage or bond in lieu of retainage as provided in RCW 60.28.011;

(b) If the claimant was employed by the contractor or subcontractor on the public works project, the bond filed by the contractor or subcontractor with the department of labor and industries as provided in RCW 18.27.040 and 19.28.041;

(c) A surety bond, or at the contractor's or subcontractor's option an escrow account, running to the director in the amount of the violation found; and

(d) That portion of the progress payments which is properly allocable to the contractor or subcontractor who is found to be in violation of this chapter. Under no circumstances shall any portion of the progress payments be withheld that are properly allocable to a contractor, subcontractor, or supplier, that is not found to be in violation of this chapter.

The amount withheld shall be released to the director to distribute in accordance with the director's determination.

(3) A contractor or subcontractor that is found, in accordance with subsection (1) of this section, to have violated the requirement to pay the prevailing rate of wage (~~(shall be)~~) is subject to a civil penalty of not less than (~~(one)~~) five thousand dollars or an amount equal to (~~(twenty)~~) fifty percent of the total prevailing wage violation found on the contract, whichever is greater, interest on all wages owed at one percent per month, and (~~(shall)~~) is not ((be)) permitted to bid, or have a bid considered, on any public works contract until such civil penalty has been paid in full to the director. If a contractor or subcontractor is found to have participated in a violation of the requirement to pay the prevailing rate of wage for a second time within a five-year period, the contractor or subcontractor ((shall be)) is subject to the sanctions prescribed in this subsection and as an additional sanction ((shall)) is not ((be)) allowed to bid on any public works contract for two years. Civil penalties shall be deposited in the public works administration account. If a previous or subsequent violation of a requirement to pay a prevailing rate of wage under federal or other state law is found against the contractor or subcontractor within five years from a violation under this section, the contractor or subcontractor shall not be allowed to bid on any public works contract for two years. The two-year period runs from the date of notice by the director of the determination of noncompliance. When an appeal is taken from the director's determination, the two-year period commences from the date the notice of violation becomes final. A contractor or subcontractor (~~(shall)) is not ((be)) barred from bidding on any public works contract if the contractor or subcontractor relied upon written information from the department to pay a prevailing rate of wage that is later determined to be in violation of this chapter. The civil penalty and sanctions under this subsection ((shall)) do not apply to a violation determined by the director to be an inadvertent filing or reporting error. The burden of proving, by a preponderance of the evidence, that an error is inadvertent rests with the contractor or subcontractor charged with the error. To the extent that a contractor or subcontractor has not paid the prevailing wage rate under a determination issued as provided in subsection (1) of this section, the unpaid wages (~~(shall)) constitute a lien against the bonds and retainage as provided herein and in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.011.~~~~

(4) The director may waive or reduce a penalty or additional sanction under this section including, but not limited to, when the

director determines the contractor or subcontractor paid all wages and interest or there was an inadvertent filing or reporting error. The director may not waive or reduce interest. The department of labor and industries shall submit a report of the waivers made under this section, including a justification for any waiver made, upon request of an interested party.

(5) If, after the department of labor and industries initiates an investigation and before a notice of violation of unpaid wages, the contractor or subcontractor pays the unpaid wages identified in the investigation, interest on all wages owed at one percent per month, and penalties in the amount of one thousand dollars or twenty percent of the total prevailing wage violation determined by the department of labor and industries, whichever is greater, then the violation is considered resolved without further penalty under subsection (3) of this section.

"NEW SECTION. Sec. 1. A new section is added to chapter 71.05 RCW to read as follows:

(1) A person who under RCW 71.05.150 or 71.05.153 has been detained at a facility for seventy-two-hour evaluation and treatment on the grounds that the person presents a likelihood of serious harm, but who has not been subsequently committed for involuntary treatment under RCW 71.05.240, may not have in his or her possession or control any firearm for a period of six months after the date that the person is detained.

(2) Before the discharge of a person who has been initially detained under RCW 71.05.150 or 71.05.153 on the grounds that the person presents a likelihood of serious harm, but has not been subsequently committed for involuntary treatment under RCW 71.05.240, the designated crisis responder shall inform the person orally and in writing that:

(a) He or she is prohibited from possessing or controlling any firearm for a period of six months;

(iii) The petitioner no longer presents a substantial danger to himself or herself, or the public; and

(iv) The symptoms related to the commitment or detention are not reasonably likely to recur.

(e) If the petitioner seeks restoration after having been detained under RCW 71.05.150 or 71.05.153, the state shall bear the burden of proof to show, by a preponderance of the evidence, that the petitioner does not meet the restoration criteria in (c) of this subsection.

judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the department of licensing, the health care authority, and the national instant criminal background check system index, denied persons file. In the case of a person whose right to possess a firearm has been suspended for six months as provided in section 1 of this act, the department of licensing shall forward notification of the restoration order to the licensing authority, which, upon receipt of such notification, shall immediately lift the suspension, restoring the license.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4).

MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5127 with the following amendment(s): 5127-S.E AMH APP H2706.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.63.110 and 2012 c 82 s 1 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires

reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 5210 with the following amendment(s): 5210.E AMH HCW H2611.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that approximately twenty percent of the population have hearing loss, including more than six hundred fifty thousand Washington state residents who have been diagnosed with hearing loss. The number is rising; the aging baby boomer generation is increasing age-related hearing loss exponentially, and hearing loss has increased

among children and youth in the last decade. As these trends continue, telecoil technology has the potential to benefit more people, but only if consumers are made aware of the technology and its benefits.

The legislature finds that the federal Americans with disabilities act of 1990 was amended in 2010 to require assistive listening systems in places of public assembly, served by a public address system, to be hearing aid compatible. Currently, the telecoil is the only component within a consumer hearing instrument that enables this mandated compatibility. Without a telecoil-enabled hearing instrument a person cannot effectively access mandated assistive listening systems.

The legislature finds that bluetooth technology is evolving, but it is still generally not suited for long range transmission in a large venue like an auditorium. To date, hearing aid bluetooth technology does not meet compliance standards for assistive listening system requirements.

Therefore, the legislature intends to increase consumer awareness of benefits and uses of the different types of hearing instruments and technologies.

NEW SECTION. Sec. 2. A new section is added to chapter 18.35 RCW to read as follows:

(1) Any person who engages in fitting and dispensing of hearing instruments shall:

(a) Prior to initial fitting and purchase, notify a person seeking to purchase a hearing instrument, both orally and in writing, about the uses, benefits, and limitations of current hearing assistive technologies, as defined by the department of health in rule.

(b) Provide to each person who enters into an agreement to purchase a hearing instrument a receipt, which must be signed by the purchaser at the time of the purchase, containing language that verifies that prior to initial fitting and purchase the consumer was informed, both orally and in writing, about the uses, benefits, and limitations of current hearing assistive technologies, as defined by the department of health in rule.

(2) The department may adopt rules to create a standard receipt form that persons required to provide notice under this section may provide to purchasers, as required in subsection (1)(a) of this section.

(3) A person required to provide written notice in subsection (1) of this section may produce written materials, use materials produced by hearing instrument manufacturers or others, or use the materials created by the office of the deaf and hard of hearing, as required in section 3 of this act.

(4) This section may not be construed to create a private right of action or claim against any person engaging in the fitting and dispensing of hearing instruments.

(5) The department must adopt rules necessary to implement this section. The department may consider a number of factors in defining current hearing assistive technologies, but must consider whether hearing assistive technologies are compatible with assistive listening systems that are compliant with the Americans with disabilities act.

NEW SECTION. Sec. 3. A new section is added to chapter 43.20A RCW to read as follows:

The office of the deaf and hard of hearing shall develop educational materials to be distributed by hearing aid dispensers, including audiologists, to persons with hearing loss that explains the uses, benefits, and limitations of current hearing assistive technologies as defined by the department of health in rule."

MESSAGE FROM THE HOUSE

April 4, 2019

MR. PRESIDENT:

The House passed SENATE BILL NO. 5233 with the following amendment(s): 5233 AMH LAWS H2438.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that Initiative 1433 is a good law approved by the voters to establish sick leave benefits for workers. The law creates necessary worker protections while simultaneously reducing the spread of

2019 REGULAR SESSION

communicable sickness and disease and addressing other public health and safety concerns.

However, the legislature finds that this new law does not provide for flexibility and portability of benefits for construction workers who may work for multiple employers and who already negotiate wages and benefits with their employers. Workers covered under a collective bargaining agreement for the construction industry should be allowed the ability to negotiate comparable benefits that ensures that eligibility can be achieved and that the benefits are portable from employer to employer.

Sec. 2. RCW 49.46.020 and 2017 c 2 s 3 are each amended to read as follows:

(1)(a) Beginning January 1, 2017, and until January 1, 2018, every employer shall pay to each of his or her employees who has reached the age of eighteen years wages at a rate of not less than eleven dollars per hour.

(b) Beginning January 1, 2018, and until January 1, 2019, every employer shall pay to each of his or her employees who has reached the age of eighteen years wages at a rate of not less than eleven dollars and fifty cents per hour.

(c) Beginning January 1, 2019, and until January 1, 2020, every employer shall pay to each of his or her employees who has reached the age of eighteen years wages at a rate of not less than twelve dollars per hour.

(d) Beginning January 1, 2020, and until January 1, 2021, every employer shall pay to each of his or her employees who has reached the age of eighteen years wages at a rate of not less than thirteen dollars and fifty cents per hour.

(2)(a) Beginning on January 1, 2021, and each following January 1st as set forth under (b) of this subsection, every employer shall pay to each of his or her employees who has reached the age of eighteen years wages at a rate of not less than the amount established under (b) of this subsection.

(b) On September 30, 2020, and on each following September 30th, the department of labor and industries shall calculate an adjusted minimum wage rate to maintain employee purchasing power by increasing the current year's minimum wage rate by the rate of inflation. The adjusted minimum wage rate shall be calculated to the nearest cent using the consumer price index for urban wage earners and clerical workers, CPI-W, or a successor index, for the twelve months prior to each September 1st as calculated by the United States department of labor. Each adjusted minimum wage rate calculated under this subsection (2)(b) takes effect on the following January 1st.

(3) An employer must pay to its employees: (a) All tips and gratuities; and (b) all service charges as defined under RCW 49.46.160 except those that, pursuant to RCW 49.46.160, are itemized as not being payable to the employee or employees servicing the customer. Tips and service charges paid to an employee are in addition to, and may not count towards, the employee's hourly minimum wage.

(4) Beginning January 1, 2018, except as provided in section 4 of this act, every employer must provide to each of its employees paid sick leave as provided in RCW 49.46.200 and 49.46.210.

(5) The director shall by regulation establish the minimum wage for employees under the age of eighteen years.

Sec. 3. RCW 49.46.210 and 2017 c 2 s 5 are each amended to read as follows:

(1) Beginning January 1, 2018, except as provided in section 4 of this act, every employer shall provide each of its employees paid sick leave as follows:

(a) An employee shall accrue at least one hour of paid sick leave for every forty hours worked as an employee. An employer may provide paid sick leave in advance of accrual provided that

such front-loading meets or exceeds the requirements of this section for accrual, use, and carryover of paid sick leave.

(b) An employee is authorized to use paid sick leave for the following reasons:

(i) An absence resulting from an employee's mental or physical illness, injury, or health condition; to accommodate the employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or an employee's need for preventive medical care;

(ii) To allow the employee to provide care for a family member with a mental or physical illness, injury, or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or care for a family member who needs preventive medical care; and

(iii) When the employee's place of business has been closed by order of a public official for any health-related reason, or when an employee's child's school or place of care has been closed for such a reason.

(c) An employee is authorized to use paid sick leave for absences that qualify for leave under the domestic violence leave act, chapter 49.76 RCW.

(d) An employee is entitled to use accrued paid sick leave beginning on the ninetieth calendar day after the commencement of his or her employment.

(e) Employers are not prevented from providing more generous paid sick leave policies or permitting use of paid sick leave for additional purposes.

(f) An employer may require employees to give reasonable notice of an absence from work, so long as such notice does not interfere with an employee's lawful use of paid sick leave.

(g) For absences exceeding three days, an employer may require verification that an employee's use of paid sick leave is for an authorized purpose. If an employer requires verification, verification must be provided to the employer within a reasonable time period during or after the leave. An employer's requirements for verification may not result in an unreasonable burden or expense on the employee and may not exceed privacy or verification requirements otherwise established by law.

(h) An employer may not require, as a condition of an employee taking paid sick leave, that the employee search for or find a replacement worker to cover the hours during which the employee is on paid sick leave.

(i) For each hour of paid sick leave used, an employee shall be paid the greater of the minimum hourly wage rate established in this chapter or his or her normal hourly compensation. The employer is responsible for providing regular notification to employees about the amount of paid sick leave available to the employee.

(j) Unused paid sick leave carries over to the following year, except that an employer is not required to allow an employee to carry over paid sick leave in excess of forty hours.

(k) This section does not require an employer to provide financial or other reimbursement for accrued and unused paid sick leave to any employee upon the employee's termination, resignation, retirement, or other separation from employment. When there is a separation from employment and the employee is rehired within twelve months of separation by the same employer, whether at the same or a different business location of the employer, previously accrued unused paid sick leave shall be reinstated and the previous period of employment shall be counted for purposes of determining the employee's eligibility to use paid sick leave under subsection (1)(d) of this section.

(2) For purposes of this section, "family member" means any of the following:

(a) A child, including a biological, adopted, or foster child, stepchild, or a child to whom the employee stands in loco parentis, is a legal guardian, or is a de facto parent, regardless of age or dependency status;

(b) A biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child;

(c) A spouse;

(d) A registered domestic partner;

(e) A grandparent;

(f) A grandchild; or

(g) A sibling.

(3) An employer may not adopt or enforce any policy that counts the use of paid sick leave time as an absence that may lead to or result in discipline against the employee.

(4) An employer may not discriminate or retaliate against an employee for his or her exercise of any rights under this chapter including the use of paid sick leave.

NEW SECTION. Sec. 4. A new section is added to chapter 49.46 RCW to read as follows:

(1) The sick leave provisions of RCW 49.46.200 through 49.46.830 shall not apply to construction workers covered by a collective bargaining agreement, provided:

(a) The union signatory to the collective bargaining agreement is an approved referral union program authorized under RCW 50.20.010 and in compliance with WAC 192-210-110; and

(b) The collective bargaining agreement establishes equivalent sick leave provisions, as provided in subsection (2) of this section; and

(c) The requirements of RCW 49.46.200 through 49.46.830 are expressly waived in the collective bargaining agreement in clear and unambiguous terms or in an addendum to an existing agreement including an agreement that is open for negotiation provided the sick leave portions were previously ratified by the membership.

(2) Equivalent sick leave provisions provided by a collective bargaining agreement must meet the requirements of RCW 49.46.200 through 49.46.830 and the rules adopted by the department of labor and industries, except the payment of leave at the normal hourly compensation may occur before usage."

The House passed SUBSTITUTE SENATE BILL NO. 5380 with the following amendment(s): 5380-S AMH ENGR H2881.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that opioid use disorder is a public health crisis. State agencies must increase access to evidence-based opioid use disorder treatment services, promote coordination of services within the substance use disorder treatment and recovery support system, strengthen partnerships between opioid use disorder treatment providers and their allied community partners, expand the use of the Washington state prescription drug monitoring program, and support comprehensive school and community-based substance use prevention services.

Agencies administering state purchased health care programs, as defined in RCW 41.05.011, shall coordinate activities to implement the provisions of this act and the Washington state interagency opioid working plan, explore opportunities to address the opioid epidemic, and provide status updates as directed by the joint legislative executive committee on health care oversight to promote legislative and executive coordination.

Sec. 2. 2005 c 70 s 1 (uncodified) is amended to read as follows:

The legislature finds that drug use among pregnant ~~((women))~~ individuals is a significant and growing concern statewide. ~~((The legislature further finds that methadone, although an effective alternative to other substance use treatments, can result in babies who are exposed to methadone while in utero being born addicted and facing the painful effects of withdrawal.))~~ Evidence-informed group prenatal care reduces preterm birth for infants, and increases maternal social cohesion and support during pregnancy and postpartum, which is good for maternal mental health.

It is the intent of the legislature to notify all pregnant ~~((mothers))~~ individuals who are receiving ~~((methadone treatment))~~ medication for the treatment of opioid use disorder of the risks and benefits ~~((methadone))~~ such medication could have on their baby during pregnancy through birth and to inform them of the potential need for the newborn baby to be ~~((taken care of))~~ treated in a hospital setting or in a specialized supportive environment designed specifically to address ~~((newborn addiction problems))~~ and manage neonatal opioid or other drug withdrawal syndromes.

~~((f))~~ (c) The pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of the prescription drug order received by way of electronic transmission, consistent with federal and state laws and rules and guidelines of the commission.

(2) ~~((The commission may adopt rules implementing this section.))~~ The following are exempt from subsection (1) of this section:

(a) Prescriptions issued by veterinarians, as that practice is defined in RCW 18.92.010;

(b) Prescriptions issued for a patient of a long-term care facility as defined in RCW 18.64.011, or a hospice program as defined in RCW 18.64.011;

(c) When the electronic system used for the communication of prescription information is unavailable due to a temporary technological or electronic failure;

(d) Prescriptions issued that are intended for prescription fulfillment and dispensing outside Washington state;

(e) When the prescriber and pharmacist are employed by the same entity, or employed by entities under common ownership or control;

(h) Prescriptions issued for the dispensing of a nonpatient specific prescription under a standing order, approved protocol for drug therapy, collaborative drug therapy agreement, in response to a public health emergency, or other circumstances allowed by statute or rule where a practitioner may issue a nonpatient specific prescription;

(i) Prescriptions issued under a drug research protocol;

(j) Prescriptions issued by a practitioner with the capability of electronic communication of prescription information under this section, when the practitioner reasonably determines it is impractical for the patient to obtain the electronically communicated prescription in a timely manner, and such delay would adversely impact the patient's medical condition; or

(k) Prescriptions issued by a prescriber who has received a waiver from the department.

(3) The department must develop a waiver process for the requirements of subsection (1) of this section for practitioners due to economic hardship, technological limitations that are not reasonably in the control of the practitioner, or other exceptional circumstance demonstrated by the practitioner. The waiver must be limited to one year or less, or for any other specified time frame set by the department.

(d) Provide an explicit opportunity for practitioners to indicate their preference on whether a therapeutically equivalent generic drug may be substituted; and

(e) Include the capability to input and track partial fills of a controlled substance prescription in accordance with section 7 of this act.

NEW SECTION. Sec. 17. A new section is added to chapter 69.50 RCW to read as follows:

(1) Any practitioner who writes the first prescription for an opioid during the course of treatment to any patient must, under professional rules, discuss the following with the patient:

(a) The risks of opioids, including risk of dependence and overdose;

(b) Pain management alternatives to opioids, including nonopioid pharmacological treatments, and nonpharmacological treatments available to the patient, at the discretion of the practitioner and based on the medical condition of the patient; and

(c) A written copy of the warning language provided by the department under section 11 of this act.

(2) If the patient is under eighteen years old or is not competent, the discussion required by subsection (1) of this section must include the patient's parent, guardian, or the person identified in RCW 7.70.065, unless otherwise provided by law.

(3) The practitioner shall document completion of the requirements in subsection (1) of this section in the patient's health care record.

(4) To fulfill the requirements of subsection (1) of this section, a practitioner may designate any individual who holds a credential issued by a disciplining authority under RCW 18.130.040 to conduct the discussion.

(5) Violation of this section constitutes unprofessional conduct under chapter 18.130 RCW.

(6) This section does not apply to:

(a) Opioid prescriptions issued for the treatment of pain associated with terminal cancer or other terminal diseases, or for palliative, hospice, or other end-of-life care of where the practitioner determines the health, well-being, or care of the patient would be compromised by the requirements of this section and documents such basis for the determination in the patient's health care record; or

(b) Administration of an opioid in an inpatient or outpatient treatment setting.

(7) This section does not apply to practitioners licensed under chapter 18.92 RCW.

(8) The department shall review this section by March 31, 2026, and report to the appropriate committees of the legislature on whether this section should be retained, repealed, or amended.

Sec. 18. RCW 70.41.480 and 2015 c 234 s 1 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road ((or));

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy; or

(c) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided.

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

~~((3))~~ (4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

~~((4))~~ (5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency ~~((room))~~ department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011~~((24))~~ (29).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

Sec. 19. RCW 70.168.090 and 2010 c 52 s 5 are each amended to read as follows:

(1)(a) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

(b) The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) The department must establish a statewide electronic emergency medical services data system and adopt rules requiring licensed ambulance and aid services to report and furnish patient encounter data to the electronic emergency medical services data system. The data system must be used to improve the availability and delivery of prehospital emergency medical services. The department must establish in rule the specific data elements of the data system and secure transport methods for data. The data collected must include data on suspected drug overdoses for the purposes of including, but not limited to, identifying individuals to engage substance use disorder peer professionals, patient navigators, outreach workers, and other professionals as appropriate to prevent further overdoses and to induct into treatment and provide other needed supports as may be available.

(3) In each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The systems quality assurance program may also evaluate emergency cardiac and stroke care delivery. The emergency medical services medical program director and all other health care providers and facilities who provide trauma and emergency cardiac and stroke care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

~~((3))~~ (4) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

~~((4))~~ (5) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence~~(-)~~ in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; (c) in actions arising out of the department's licensing or verification of an ambulance or aid service pursuant to RCW 18.73.030 or 70.168.080; (d) in actions arising out of the certification of a medical program director pursuant to RCW 18.71.212; or ~~((e))~~ (e) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent.

Sec. 20. RCW 70.225.010 and 2007 c 259 s 42 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Controlled substance" has the meaning provided in RCW 69.50.101.

(2) "Department" means the department of health.

(3) "Patient" means the person or animal who is the ultimate user of a drug for whom a prescription is issued or for whom a drug is dispensed.

(4) "Dispenser" means a practitioner or pharmacy that delivers a Schedule II, III, IV, or V controlled substance to the ultimate user, but does not include:

(a) A practitioner or other authorized person who administers, as defined in RCW 69.41.010, a controlled substance; or

(b) A licensed wholesale distributor or manufacturer, as defined in chapter 18.64 RCW, of a controlled substance.

(5) "Prescriber" means any person authorized to order or prescribe legend drugs or schedule II, III, IV, or V controlled substances to the ultimate user.

Sec. 21. RCW 70.225.020 and 2013 c 36 s 2 and 2013 C 19 S 126 are each reenacted and amended to read as follows:

(1) The department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the pharmacy quality assurance commission as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with other states. This program's management and operations shall be funded entirely from the funds in the account established under RCW 74.09.215. Nothing in this chapter prohibits voluntary contributions from private individuals and business entities as

defined under Title 23, 23B, 24, or 25 RCW to assist in funding the prescription monitoring program.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

- (a) Patient identifier;
- (b) Drug dispensed;
- (c) Date of dispensing;
- (d) Quantity dispensed;
- (e) Prescriber; and
- (f) Dispenser.

(3)(a) Until January 1, 2021, each dispenser shall submit the information in accordance with transmission methods established by the department, not later than one business day from the date of dispensing or at the interval required by the department in rule, whichever is sooner.

(b) Beginning January 1, 2021, each dispenser must submit the information as soon as readily available, but no later than one business day from the date of distributing, and in accordance with transmission methods established by the department.

(4) The data submission requirements of subsections (1) through (3) of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses;

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution; or

(c) Veterinarians licensed under chapter 18.92 RCW. The department, in collaboration with the veterinary board of governors, shall establish alternative data reporting requirements for veterinarians that allow veterinarians to report:

- (i) By either electronic or nonelectronic methods;
- (ii) Only those data elements that are relevant to veterinary practices and necessary to accomplish the public protection goals of this chapter; and
- (iii) No more frequently than once every three months and no less frequently than once every six months.

(5) The department shall continue to seek federal grants to support the activities described in chapter 259, Laws of 2007. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation and management of the system.

NEW SECTION. Sec. 22. A new section is added to chapter 70.225 RCW to read as follows:

(1) In order to expand integration of prescription monitoring program data into certified electronic health record technologies, the department must collaborate with health professional and facility associations, vendors, and others to:

- (a) Conduct an assessment of the current status of integration;
- (b) Provide recommendations for improving integration among small and rural health care facilities, offices, and clinics;
- (c) Comply with federal prescription drug monitoring program qualification requirements under section 1944 of the federal

substance use-disorder prevention that promotes opioid recovery and treatment for patients and communities act of 2018 to facilitate eligibility for federal grants and establish a program to provide financial assistance to small and rural health care facilities and clinics with integration as funding is available, especially under federal programs;

(d) Conduct security assessments of other commonly used platforms for integrating prescription monitoring program data with certified electronic health records for possible use in Washington; and

(e) Assess improvements to the prescription monitoring program to establish a modality to identify patients that do not wish to receive opioid medications in a manner that allows an ordering or prescribing physician to be able to use the prescription monitoring program to identify patients who do not wish to receive opioids or patients that have had an opioid-related overdose.

(2)(a) By January 1, 2021, a facility, entity, office, or provider group identified in RCW 70.225.040 with ten or more prescribers that is not a critical access hospital as defined in RCW 74.60.010 that uses a federally certified electronic health records system must demonstrate that the facility's or entity's federally certified electronic health record is able to fully integrate data to and from the prescription monitoring program using a mechanism approved by the department under subsection (3) of this section.

(b) The department must develop a waiver process for the requirements of (a) of this subsection for facilities, entities, offices, or provider groups due to economic hardship, technological limitations that are not reasonably in the control of the facility, entity, office, or provider group, or other exceptional circumstance demonstrated by the facility, entity, office, or provider group. The waiver must be limited to one year or less, or for any other specified time frame set by the department.

(3) Electronic health record system vendors who are fully integrated with the prescription monitoring program in Washington state may not charge an ongoing fee or a fee based on the number of transactions or providers. Total costs of connection must not impose unreasonable costs on any facility, entity, office, or provider group using the electronic health record and must be consistent with current industry pricing structures. For the purposes of this subsection, "fully integrated" means that the electronic health records system must:

(a) Send information to the prescription monitoring program without provider intervention using a mechanism approved by the department;

(b) Make current information from the prescription monitoring program available to a provider within the workflow of the electronic health records system; and

(c) Make information available in a way that is unlikely to interfere with, prevent, or materially discourage access, exchange, or use of electronic health information, in accordance with the information blocking provisions of the federal twenty-first century cures act, P.L. 114-255.

Sec. 23. RCW 70.225.040 and 2017 c 297 s 9 are each amended to read as follows:

(1) ~~((Prescription))~~ All information submitted to the ~~((department must be))~~ prescription monitoring program is confidential, ((in compliance with chapter 70.02 RCW and)) exempt from public inspection, copying, and disclosure under chapter 42.56 RCW, not subject to subpoena or discovery in any civil action, and protected under federal health care information privacy requirements ((and not subject to disclosure)), except as provided in subsections (3)((-4), and (5))) through (6) of this section. Such confidentiality and exemption from disclosure continues whenever information from the prescription monitoring

program is provided to a requestor under subsection (3), (4), (5), or (6) of this section except when used in proceedings specifically authorized in subsection (3), (4), or (5) of this section.

(2) The department must maintain procedures to ensure that the privacy and confidentiality of ~~((patients and patient))~~ all information collected, recorded, transmitted, and maintained including, but not limited to, the prescriber, requestor, dispenser, patient, and persons who received prescriptions from dispensers, is not disclosed to persons except as in subsections (3)((-4), and (5)) through (6) of this section.

(3) The department may provide data in the prescription monitoring program to the following persons:

(ii) Providing quality improvement feedback to ((providers)) prescribers, including comparison of their respective data to aggregate data for ((providers)) prescribers with the same type of license and same specialty; and

(iii) Administration and enforcement of this chapter or chapter 69.50 RCW;

~~((k))~~ (j) Personnel of a test site that meet the standards under RCW 70.225.070 pursuant to an agreement between the test site and a person identified in (a) of this subsection to provide assistance in determining which medications are being used by an identified patient who is under the care of that person;

~~(o))~~ (n) The coordinated care electronic tracking program developed in response to section 213, chapter 7, Laws of 2012 2nd sp. sess., commonly referred to as the seven best practices in emergency medicine, for the purposes of providing:

(i) Prescription monitoring program data to emergency department personnel when the patient registers in the emergency department; and

(ii) Notice to local health officers who have made opioid-related overdose a notifiable condition under RCW 70.05.070 as authorized by rules adopted under RCW 43.20.050, providers, appropriate care coordination staff, and prescribers listed in the patient's prescription monitoring program record that the patient has experienced a controlled substance overdose event. The department shall determine the content and format of the notice in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and the notice may be modified as necessary to reflect current needs and best practices.

(4) The department shall, on at least a quarterly basis, and pursuant to a schedule determined by the department, provide a facility or entity identified under subsection (3)~~((H))~~ (k) of this section or a provider group identified under subsection (3)~~((M))~~ (l) of this section with facility or entity and individual prescriber information if the facility, entity, or provider group:

(a) Uses the information only for internal quality improvement and individual prescriber quality improvement feedback purposes and does not use the information as the sole basis for any medical staff sanction or adverse employment action; and

(b) Provides to the department a standardized list of current prescribers of the facility, entity, or provider group. The specific facility, entity, or provider group information provided pursuant to this subsection and the requirements under this subsection must be determined by the department in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and may be modified as necessary to reflect current needs and best practices.

(5)(a) The department may publish or provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used directly or indirectly to identify individual patients, requestors, dispensers, prescribers, and persons who received prescriptions from dispensers. Direct and indirect patient identifiers may be provided for research that has been approved by the Washington state

institutional review board and by the department through a data-sharing agreement.

(b)(i) The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state hospital association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement as specified in RCW 43.70.052(8) with the association. The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state medical association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement with the association.

(ii) The department may provide data including direct and indirect patient identifiers to the department of social and health services office of research and data analysis, the department of labor and industries, and the health care authority for research that has been approved by the Washington state institutional review board and, with a data-sharing agreement approved by the department, for public health purposes to improve the prevention or treatment of substance use disorders.

(iii) The department may provide a prescriber feedback report to the largest health professional association representing each of the prescribing professions. The health professional associations must distribute the feedback report to prescribers engaged in the professions represented by the associations for quality improvement purposes, so long as the reports contain no direct patient identifiers that could be used to identify individual patients, dispensers, and persons who received prescriptions from dispensers, and the association enters into a written data-sharing agreement with the department. However, reports may include indirect patient identifiers as agreed to by the department and the association in a written data-sharing agreement.

(c) For the purposes of this subsection~~(7)~~:

(i) "Indirect patient identifiers" means data that may include: Hospital or provider identifiers, a five-digit zip code, county, state, and country of resident; dates that include month and year; age in years; and race and ethnicity; but does not include the patient's first name; middle name; last name; social security number; control or medical record number; zip code plus four digits; dates that include day, month, and year; or admission and discharge date in combination; and

(ii) "Prescribing professions" include:

(A) Allopathic physicians and physician assistants;

(B) Osteopathic physicians and physician assistants;

(C) Podiatric physicians;

(D) Dentists; and

(E) Advanced registered nurse practitioners.

(6) The department may enter into agreements to exchange prescription monitoring program data with established prescription monitoring programs in other jurisdictions. Under these agreements, the department may share prescription monitoring system data containing direct and indirect patient identifiers with other jurisdictions through a clearinghouse or prescription monitoring program data exchange that meets federal health care information privacy requirements. Data the department receives from other jurisdictions must be retained, used, protected, and destroyed as provided by the agreements to the extent consistent with the laws in this state.

(7) Persons authorized in subsections (3)~~((4), and (5))~~ through (6) of this section to receive data in the prescription monitoring program from the department, acting in good faith, are immune from any civil, criminal, disciplinary, or administrative liability that might otherwise be incurred or imposed for acting under this chapter.

2019 REGULAR SESSION

Sec. 24. RCW 71.24.011 and 1982 c 204 s 1 are each amended to read as follows:

This chapter may be known and cited as the community ~~((mental))~~ behavioral health services act.

NEW SECTION. Sec. 25. A new section is added to chapter 71.24 RCW to read as follows:

(1) Recognizing that treatment strategies and modalities for the treatment of individuals with opioid use disorder and their newborns continue to evolve, and that improved health outcomes are seen when birth parents and their infants are allowed to room together, the authority must provide recommendations to the office of financial management by October 1, 2019, to better support the care of individuals who have recently delivered and their newborns.

(2) These recommendations must support:

(a) Successful transition from the early postpartum and newborn period for the birth parent and infant to the next level of care;

(b) Reducing the risk of parental infant separation; and

(c) Increasing the chance of uninterrupted recovery of the parent and foster the development of positive parenting practices.

(3) The authority's recommendations must include:

(a) How these interventions could be supported in hospitals, birthing centers, or other appropriate sites of care and descriptions as to current barriers in providing these interventions;

(b) Estimates of the costs needed to support this enhanced set of services; and

(c) Mechanisms for funding the services.

Sec. 26. RCW 71.24.560 and 2017 c 297 s 11 are each amended to read as follows:

(1) All approved opioid treatment programs that provide services to ~~((women))~~ individuals who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant ~~((clients))~~ individuals concerning the ~~((possible addiction and health risks that their treatment may have on their baby))~~ effects opioid use and opioid use disorder medication may have on their baby, including the development of dependence and subsequent withdrawal. All pregnant ~~((clients))~~ individuals must also be advised of the risks to both themselves and their ~~((baby))~~ babies associated with ~~((not remaining on the))~~ discontinuing an opioid treatment program. The information must be provided to these ~~((clients))~~ individuals both verbally and in writing. The health education information provided to the pregnant ~~((clients))~~ individuals must include referral options for ~~((the substance exposed baby))~~ a baby who has been exposed to opioids in utero.

(2) The department shall adopt rules that require all opioid treatment programs to educate all pregnant ~~((women))~~ individuals in their program on the benefits and risks of medication-assisted treatment to ~~((their))~~ a developing fetus before they are ~~((provided))~~ prescribed these medications, as part of their treatment. The department shall also adopt rules requiring all opioid treatment programs to educate individuals who become pregnant about the risks to both the expecting parent and the fetus of not treating opioid use disorder. The department shall meet the requirements under this subsection within the appropriations provided for opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified opioid treatment programs.

(3) For pregnant individuals who participate in medicaid, the authority, through its managed care organizations, must ensure that pregnant individuals receive outreach related to opioid use disorder when identified as a person at risk.

Sec. 27. RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in

the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance ((abuse)) use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

Sec. 28. RCW 71.24.585 and 2017 c 297 s 12 are each amended to read as follows:

~~((The state of Washington declares that there is no fundamental right to medication-assisted treatment for opioid use disorder.))~~

(1)(a) The state of Washington ((further)) declares that ((while medications used in the treatment of opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons with opioid use disorder. The state of Washington recognizes as evidence-based for the

management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention. Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow up must be included in the treatment plan in order to work towards the goal of abstinence.)) substance use disorders are medical conditions. Substance use disorders should be treated in a manner similar to other medical conditions by using interventions that are supported by evidence, including medications approved by the federal food and drug administration for the treatment of opioid use disorder. It is also recognized that many individuals have multiple substance use disorders, as well as histories of trauma, developmental disabilities, or mental health conditions. As such, all individuals experiencing opioid use disorder should be offered evidence-supported treatments to include federal food and drug administration approved medications for the treatment of opioid use disorders and behavioral counseling and social supports to address them. For behavioral health agencies, an effective plan of treatment for most persons with opioid use disorder integrates access to medications and psychosocial counseling and should be consistent with the American society of addiction medicine patient placement criteria. Providers must inform patients with opioid use disorder or substance use disorder of options to access federal food and drug administration approved medications for the treatment of opioid use disorder or substance use disorder. Because some such medications are controlled substances in chapter 69.50 RCW, the state of Washington maintains the legal obligation and right to regulate the ((clinical)) uses of these medications in the treatment of opioid use disorder.

~~((Further:))~~ (b) The authority must work with other state agencies and stakeholders to develop value-based payment strategies to better support the ongoing care of persons with opioid and other substance use disorders.

(c) The department of corrections shall develop policies to prioritize services based on available grant funding and funds appropriated specifically for opioid use disorder treatment.

(2) The authority must promote the use of medication therapies and other evidence-based strategies to address the opioid epidemic in Washington state. Additionally, by January 1, 2020, the authority must prioritize state resources for the provision of treatment and recovery support services to inpatient and outpatient treatment settings that allow patients to start or maintain their use of medications for opioid use disorder while engaging in services.

(3) The state declares that the main goals of ((opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in opioid treatment programs require treatment for an extended period of time. Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including opioid use of program participants)) treatment for persons with opioid use disorder are the cessation of unprescribed opioid use, reduced morbidity, and restoration of the ability to lead a productive and fulfilling life.

(4) To achieve the goals in subsection (3) of this section, to promote public health and safety, and to promote the efficient and economic use of funding for the medicaid program under Title XIX of the social security act, the authority may seek, receive,

and expend alternative sources of funding to support all aspects of the state's response to the opioid crisis.

(5) The authority must partner with the department of social and health services, the department of corrections, the department of health, the department of children, youth, and families, and any other agencies or entities the authority deems appropriate to develop a statewide approach to leveraging medicaid funding to treat opioid use disorder and provide emergency overdose treatment. Such alternative sources of funding may include:

(a) Seeking a section 1115 demonstration waiver from the federal centers for medicare and medicaid services to fund opioid treatment medications for persons eligible for medicaid at or during the time of incarceration and juvenile detention facilities; and

(b) Soliciting and receiving private funds, grants, and donations from any willing person or entity.

(6)(a) The authority shall work with the department of health to promote coordination between medication-assisted treatment prescribers, federally accredited opioid treatment programs, substance use disorder treatment facilities, and state-certified substance use disorder treatment agencies to:

(i) Increase patient choice in receiving medication and counseling;

(ii) Strengthen relationships between opioid use disorder providers;

(iii) Acknowledge and address the challenges presented for individuals needing treatment for multiple substance use disorders simultaneously; and

(iv) Study and review effective methods to identify and reach out to individuals with opioid use disorder who are at high risk of overdose and not involved in traditional systems of care, such as homeless individuals using syringe service programs, and connect such individuals to appropriate treatment.

(b) The authority must work with stakeholders to develop a set of recommendations to the governor and the legislature that:

(i) Propose, in addition to those required by federal law, a standard set of services needed to support the complex treatment needs of persons with opioid use disorder treated in opioid treatment programs;

(ii) Outline the components of and strategies needed to develop opioid treatment program centers of excellence that provide fully integrated care for persons with opioid use disorder;

(iii) Estimate the costs needed to support these models and recommendations for funding strategies that must be included in the report;

(iv) Outline strategies to increase the number of waived health care providers approved for prescribing buprenorphine by the substance abuse and mental health services administration; and

(v) Outline strategies to lower the cost of federal food and drug administration approved products for the treatment of opioid use disorder.

(7) State agencies shall review and promote positive outcomes associated with the accountable communities of health funded opioid projects and local law enforcement and human services opioid collaborations as set forth in the Washington state interagency opioid working plan.

(8) The authority must partner with the department and other state agencies to replicate effective approaches for linking individuals who have had a nonfatal overdose with treatment opportunities, with a goal to connect certified peer counselors with individuals who have had a nonfatal overdose.

(9) State agencies must work together to increase outreach and education about opioid overdoses to non-English-speaking communities by developing a plan to conduct outreach and

education to non-English-speaking communities. The department must submit a report on the outreach and education plan with recommendations for implementation to the appropriate legislative committees by July 1, 2020.

NEW SECTION. Sec. 29. A new section is added to chapter 71.24 RCW to read as follows:

(1) Subject to funds appropriated by the legislature, the authority shall implement a pilot project for law enforcement assisted diversion which shall adhere to law enforcement assisted diversion core principles recognized by the law enforcement assisted diversion national support bureau, the efficacy of which have been demonstrated in peer-reviewed research studies.

(2) Under the pilot project, the authority must partner with the law enforcement assisted diversion national support bureau to award a contract, subject to appropriation, for two or more geographic areas in the state of Washington for law enforcement assisted diversion. Cities, counties, and tribes may compete for participation in a pilot project.

(3) The pilot projects must provide for comprehensive technical assistance from law enforcement assisted diversion implementation experts to develop and implement a law enforcement assisted diversion program in the pilot project's geographic areas in a way that ensures fidelity to the research-based law enforcement assisted diversion model.

(4) The key elements of a law enforcement assisted diversion pilot project must include:

(a) Long-term case management for individuals with substance use disorders;

(b) Facilitation and coordination with community resources focusing on overdose prevention;

(c) Facilitation and coordination with community resources focused on the prevention of infectious disease transmission;

(d) Facilitation and coordination with community resources providing physical and behavioral health services;

(e) Facilitation and coordination with community resources providing medications for the treatment of substance use disorders;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and license or certify only applicants whose programs meet the necessary treatment needs of that population;

(e) Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

(f) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

(g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature in RCW 71.24.585. The department shall prioritize licensing or certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

(h) Hold one public hearing in the community in which the facility is proposed to be located. The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

Medications include, but are not limited to: Methadone, buprenorphine, and naltrexone. The authority must encourage the distribution of naloxone to patients who are at risk of an opioid overdose.

(2) The department, in consultation with opioid treatment program service providers and counties and cities, shall establish statewide treatment standards for licensed or certified opioid treatment programs. The House passed SUBSTITUTE SENATE BILL NO. 5025 with the following amendment(s): 5025-S AMH FIN H2560.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. (2) The legislature categorizes the tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to provide retail sales and use tax and real estate excise tax relief to developers of self-help housing to encourage continued development of self-help housing.

(4) The joint legislative audit and review committee is directed to review:

(d) The total revenue calculated in (b) of this subsection, divided by the number of self-help units calculated in (c) of this subsection.

The exemption is available only if the buyer provides the seller with an exemption certificate in a form and manner required by the department.

(2) The exemption provided in this section for self-help housing only applies if the housing is built to the current building code for single-family dwellings according to the state building code, chapter 19.27 RCW.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The legislature recognized the important relationship between the citizens of the compact of free association (COFA) nations and the United States by enacting the COFA premium assistance program in 2018 to pay for premiums and out-of-pocket expenses for COFA citizens who purchase qualifying health coverage;

(b) While other Washingtonians who are income-eligible for medicaid receive dental coverage through apple health, individuals enrolled in the COFA premium assistance program do not currently have affordable access to dental coverage;

(c) Affordable access to dental care, including preventative care, is critical to treating the whole body health of an individual and preventing systemic health problems such as stroke, heart attack, and diabetes. Poor oral health is also associated with a wide range of hardships including difficulty obtaining employment, work absences due to pain, and decreased productivity; and

(d) Research shows that people living in households in which the primary language spoken at home is not English, seniors, people with disabilities, and people who identify as Native Hawaiian or Pacific Islanders are disproportionately impacted by oral health inequities.

(2) The legislature therefore intends to increase access to dental services for COFA islanders residing in Washington by establishing a dental services program that provides dental coverage to income-eligible members of this population.

Sec. 2. RCW 43.71A.020 and 2018 c 161 s 3 are each amended to read as follows:

(1) An individual is eligible for the COFA premium assistance program if the individual:

(3) The authority may disqualify a participant from the program if the participant:

(a) No longer meets the eligibility criteria in subsection (1) of this section;

(b) Fails, without good cause, to comply with procedural or documentation requirements established by the authority in accordance with subsection (4) of this section;

(c) Fails, without good cause, to notify the authority of a change of address in a timely manner;

(4) The authority shall establish:

(a) Application, enrollment, and renewal processes for the COFA premium assistance program;

(b) The qualified health plans that are eligible for reimbursement under the program;

(c) Procedural requirements for continued participation in the program, including participant documentation requirements that are necessary for the authority to administer the program; and

Subject to the availability of amounts appropriated for this specific purpose, the education and outreach program shall provide culturally and linguistically accessible information to facilitate participation in the programs, including but not limited to enrollment procedures, benefit utilization, and patient responsibilities.

NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW to read as follows:

(1) The COFA islander dental care program is established to provide dental services to COFA citizens who meet the requirements in subsection (2) of this section. The authority shall begin administering this program by January 1, 2020.

(2) Subject to the availability of amounts appropriated for this specific purpose, the program shall provide dental services as covered under RCW 74.09.520 to an individual who is eligible for the COFA premium assistance program under RCW 43.71A.020, or:

MESSAGE FROM THE HOUSE

April 16, 2019

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5602 with the following amendment(s): 5602-S2 AMH MACR H2934.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares:

(1) It is the public policy of this state to provide the maximum access to reproductive health care and reproductive health care coverage for all people in Washington state.

(2) In 2018, the legislature passed Substitute Senate Bill No. 6219. Along with reproductive health care coverage requirements, the bill mandated a literature review of barriers to reproductive health care. As documented by the report submitted to the legislature on January 1, 2019, young people, immigrants, people living in rural communities, transgender and gender nonconforming people, and people of color still face significant barriers to getting the reproductive health care they need.

(3) Washingtonians who are transgender and gender nonconforming have important reproductive health care needs as well. These needs go unmet when, in the process of seeking care, transgender and gender nonconforming people are stigmatized or are denied critical health services because of their gender identity or expression.

(4) The literature review mandated by Substitute Senate Bill No. 6219 found that, "[a]ccording to 2015 U.S. Transgender Survey data, thirty-two percent of transgender respondents in Washington State reported that in the previous year they did not see a doctor when needed because they could not afford it."

(5) Existing state law should be enhanced to ensure greater coverage of and timely access to reproductive health care for the benefit of all Washingtonians, regardless of gender identity or expression.

(6) Because stigma is also a key barrier to access to reproductive health care, all Washingtonians, regardless of gender identity, should be free from discrimination in the provision of health care services, health care plan coverage, and in access to publicly funded health coverage.

(7) All people should have access to robust reproductive health services to maintain and improve their reproductive health.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) In the provision of reproductive health care services through programs under this chapter, the authority, managed care plans, and providers that administer or deliver such services may not discriminate in the delivery of a service provided through a program of the authority based on the covered person's gender identity or expression.

(2) The authority and any managed care plans delivering or administering services purchased or contracted for by the authority, may not issue automatic initial denials of coverage for reproductive health care services that are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(3) Denials as described in subsection (2) of this section are prohibited discrimination under chapter 49.60 RCW.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(c) "Reproductive health care services" means any medical services or treatments, including pharmaceutical and preventive care service or treatments, directly involved in the reproductive

system and its processes, functions, and organs involved in reproduction, in all stages of life. Reproductive health care services does not include infertility treatment.

(d) "Reproductive system" includes, but is not limited to: Genitals, gonads, the uterus, ovaries, fallopian tubes, and breasts.

(5) This section must not be construed to authorize discrimination on the basis of a covered person's gender identity or expression in the administration of any other medical assistance programs administered by the authority.

Sec. 3. RCW 48.43.072 and 2018 c 119 s 2 are each amended to read as follows:

(1) A health plan (~~issued or renewed on or after January 1, 2019;~~) or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, shall provide coverage for:

(a) All contraceptive drugs, devices, and other products, approved by the federal food and drug administration, including over-the-counter contraceptive drugs, devices, and products, approved by the federal food and drug administration. This includes condoms, regardless of the gender or sexual orientation of the covered person, and regardless of whether they are to be used for contraception or exclusively for the prevention of sexually transmitted infections;

(b) Voluntary sterilization procedures;

(c) The consultations, examinations, procedures, and medical services that are necessary to prescribe, dispense, insert, deliver, distribute, administer, or remove the drugs, devices, and other products or services in (a) and (b) of this subsection~~(-);~~;

(d) The following preventive services:

(i) Screening for physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(ii) Well-person preventive visits;

(e) Medically necessary services and prescription medications for the treatment of physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(f) The following reproductive health-related over-the-counter drugs and products approved by the federal food and drug administration: Prenatal vitamins for pregnant persons; and breast pumps for covered persons expecting the birth or adoption of a child.

(2) The coverage required by subsection (1) of this section:

(a) May not require copayments, deductibles, or other forms of cost sharing~~(-);~~;

(i) Except for:

(A) The medically necessary services and prescription medications required by subsection (1)(e) of this section; and

(B) The drugs and products in subsection (1)(f) of this section;
or

(ii) Unless the health plan is offered as a qualifying health plan for a health savings account. For such a qualifying health plan, the carrier must establish the plan's cost sharing for the coverage required by subsection (1) of this section at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from ~~((his or her)) the enrollee's~~ health savings account under internal revenue service laws and regulations; and

(b) May not require a prescription to trigger coverage of over-the-counter contraceptive drugs, devices, and products, approved by the federal food and drug administration, except those reproductive health related drugs and products as set forth in subsection (1)(f) of this section.

(3) A health carrier may not deny the coverage required in subsection (1) of this section because an enrollee changed ~~((his or her)) the enrollee's~~ contraceptive method within a twelve-month period.

(4) Except as otherwise authorized under this section, a health benefit plan may not impose any restrictions or delays on the coverage required under this section, such as medical management techniques that limit enrollee choice in accessing the full range of contraceptive drugs, devices, or other products, approved by the federal food and drug administration.

(5) Benefits provided under this section must be extended to all enrollees, enrolled spouses, and enrolled dependents.

(6) This section may not be construed to allow for denial of care on the basis of race, color, national origin, sex, sexual orientation, gender expression or identity, marital status, age, citizenship, immigration status, or disability.

(7) A health plan or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, issued or renewed on or after January 1, 2021, may not issue automatic initial denials of coverage for reproductive health care services that are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(c) "Reproductive health care services" means any medical services or treatments, including pharmaceutical and preventive care service or treatments, directly involved in the reproductive system and its processes, functions, and organs involved in reproduction, in all stages of life. Reproductive health care services does not include infertility treatment.

(d) "Reproductive system" includes, but is not limited to: Genitals, gonads, the uterus, ovaries, fallopian tubes, and breasts.

(e) "Well-person preventive visits" means the preventive annual visits recommended by the federal health resources and services administration women's preventive services guidelines, with the understanding that those visits must be covered for women, and when medically appropriate, for transgender, nonbinary, and intersex individuals.

(9) This section may not be construed to authorize discrimination on the basis of gender identity or expression, or perceived gender identity or expression, in the provision of nonreproductive health care services.

(10) The commissioner, under RCW 48.30.300, and the human rights commission, under chapter 49.60 RCW shall share enforcement authority over complaints of discrimination under this section as set forth in RCW 49.60.178.

(11) The commissioner may adopt rules to implement this section.

NEW SECTION. Sec. 4. A new section is added to chapter 48.43 RCW to read as follows:

(1) The legislature intends to codify the state's current practice of requiring health carriers to bill enrollees with a single invoice

and to segregate into a separate account the premium attributable to abortion services for which federal funding is prohibited. Washington has achieved full compliance with section 1303 of the federal patient protection and affordable care act by requiring health carriers to submit a single invoice to enrollees and to segregate into a separate account the premium amounts attributable to coverage of abortion services for which federal funding is prohibited. Further, section 1303 states that the act does not preempt or otherwise have any effect on state laws regarding the prohibition of, or requirement of, coverage, funding, or procedural requirements on abortions.

(2) In accordance with RCW 48.43.073 related to requirements for coverage and funding of abortion services, an issuer offering a qualified health plan must:

(a) Bill enrollees and collect payment through a single invoice that includes all benefits and services covered by the qualified health plan; and

(b) Include in the segregation plan required under applicable federal and state law a certification that the issuer's billing and payment processes meet the requirements of this section.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 6. This act may be known and cited as the reproductive health care access for all act.

NEW SECTION. Sec. 7. (1) Section 2 of this act takes effect January 1, 2020.

(2) Section 3 of this act takes effect January 1, 2021.

NEW SECTION. Sec. 8. Section 4 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

(1) ~~(Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.371.005 and 2014 c 223 s 9 are each amended to read as follows:

The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that ~~((purchase))~~ are involved in health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the ~~((office))~~ authority pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

Sec. 2. RCW 43.371.010 and 2015 c 246 s 1 are each reenacted and amended to read as follows:

(5) "Data vendor" means an entity contracted to perform data collection, processing, aggregation, extracts, analytics, and reporting.

(6) "Database" means the statewide all-payer health care claims database established in RCW 43.371.020.

The office and authority must develop a transition plan that sustains operations by July 1, 2019. The database shall support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. (6) Reports issued by the lead organization at the request of providers, facilities, employers, health plans, and other entities as approved by the lead organization may utilize proprietary financial information to calculate aggregate cost data for display in such reports. The ~~((office))~~ authority shall approve by rule a format for the calculation and display of aggregate cost data consistent with this chapter that will prevent the disclosure or determination of proprietary financial information. In developing the rule, the ~~((office))~~ authority shall solicit feedback from the stakeholders, including those listed in RCW 43.371.020(5)(h), and must consider, at a minimum, data presented as proportions, ranges, averages, and medians, as well as the differences in types of data gathered and submitted by data suppliers.

(b) It corrects data found to be in error within a reasonable amount of time; and

(c) The report otherwise complies with this chapter.

(5) The ~~((office))~~ authority and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6)(a) The lead organization shall distinguish in advance to the ~~((office))~~ authority when it is operating in its capacity as the lead organization and when it is operating in its capacity as a private entity. The authority shall facilitate the office obtaining the information needed to complete the report in a manner that is efficient and not overly burdensome for the parties. The authority must provide the office with access to database processes, procedures, nonproprietary methodologies, and outcomes to conduct the review and issue the biennial report. MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 5334 with the following amendment(s): 5334.E AMH CRJ H2465.1

Strike everything after the enacting clause and insert the following:

"PART I — CONDOMINIUM LIABILITY

Sec. 101. RCW 64.90.410 and 2018 c 277 s 303 are each amended to read as follows:

(1)(a) Except as provided otherwise in the governing documents, subsection (4) of this section, or other provisions of this chapter, the board may act on behalf of the association.

(b) In the performance of their duties, officers and board members must exercise the degree of care and loyalty to the association required of an officer or director of a corporation organized, ~~((and))~~ are subject to the conflict of interest rules governing directors and officers, and are entitled to the immunities from liability available to officers and directors under chapter 24.06 RCW. The standards of care and loyalty, and conflict of interest rules and immunities described in this section apply regardless of the form in which the association is organized.

(2)(a) Except as provided otherwise in RCW 64.90.300(5), effective as of the transition meeting held in accordance with RCW 64.90.415(4), the board must be comprised of at least three members, at least a majority of whom must be unit owners. However, the number of board members need not exceed the number of units then in the common interest community.

(b) Unless the declaration or organizational documents provide for the election of officers by the unit owners, the board must elect the officers.

(c) Unless provided otherwise in the declaration or organizational documents, board members and officers must take office upon adjournment of the meeting at which they were elected or appointed or, if not elected or appointed at a meeting, at the time of such election or appointment, and must serve until their successor takes office.

(d) In determining the qualifications of any officer or board member of the association, "unit owner" includes, unless the declaration or organizational documents provide otherwise, any board member, officer, member, partner, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner.

(e) Any officer or board member of the association who would not be eligible to serve as such if he or she were not a board member, officer, partner in, or trustee of such a person is disqualified from continuing in office if he or she ceases to have any such affiliation with that person or that person would have been disqualified from continuing in such office as a natural person.

(3) Except when voting as a unit owner, the declarant may not appoint or elect any person or to serve itself as a voting, ex officio or nonvoting board member following the transition meeting.

(4) The board may not, without vote or agreement of the unit owners:

(a) Amend the declaration, except as provided in RCW 64.90.285;

(b) Amend the organizational documents of the association;

(c) Terminate the common interest community;

(d) Elect members of the board, but may fill vacancies in its membership not resulting from removal for the unexpired portion of any term or, if earlier, until the next regularly scheduled election of board members; or

(e) Determine the qualifications, powers, duties, or terms of office of board members.

(5) The board must adopt budgets as provided in RCW 64.90.525.

(6) Except for committees appointed by the declarant pursuant to special declarant rights, all committees of the association must be appointed by the board. Committees authorized to exercise any power reserved to the board must include at least two board members who have exclusive voting power for that committee. Committees that are not so composed may not exercise the authority of the board and are advisory only.

Sec. 102. RCW 64.90.670 and 2018 c 277 s 415 are each amended to read as follows:

(1) A declarant and any dealer warrants to a purchaser of a condominium unit that the unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, except for reasonable wear and tear and damage by casualty or condemnation.

(2) A declarant and any dealer impliedly warrants to a purchaser of a condominium unit that the unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials;

(b) Constructed in accordance with ~~((sound))~~ engineering and construction standards, including applicable building codes, generally accepted in the state of Washington at the time of construction; and

(c) Constructed in a workmanlike manner(~~(= and~~

~~(d) Constructed in compliance with all laws then applicable to such improvements)).~~

(3) A declarant and any dealer warrants to a purchaser of a condominium unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed under this section may be excluded or modified as specified in RCW 64.90.675.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant are made or contracted for by the declarant.

(6) Any conveyance of a condominium unit transfers to the purchaser all of a declarant's or dealer's implied warranties of quality.

(7)(a) In a proceeding for breach of any of the obligations arising under this section, the ~~((plaintiff)) purchaser~~ must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. Nothing in this section limits the ability of a board to bring claims on behalf of two or more unit owners pursuant to RCW 64.90.405(2)(d).

~~(b) ((As used in this subsection, an adverse effect must be more than technical and must be significant to a reasonable person.)) To establish an adverse effect on performance, the ~~((person alleging the breach)) purchaser is ~~((not))~~ required to prove that the alleged breach ~~((renders the unit or common element uninhabitable or unfit for its intended purpose))~~:~~~~

(i) Is more than technical;

(ii) Is significant to a reasonable person; and

(iii) Has caused or will cause physical damage to the unit or common elements; has materially impaired the performance of mechanical, electrical, plumbing, elevator, or similar building equipment; or presents an actual, unreasonable safety risk to the occupants of the condominium.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of ~~((an obligation))~~ a warranty arising under subsection (2) of this section are the reasonable cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, damages are limited to the loss in market value.

(2) Except to the extent provided in this subsection, the sections listed in subsection (1) of this section apply only to events and circumstances occurring on or after July 1, 2018, and do not invalidate existing provisions of the governing documents of those common interest communities. Sec. 207. RCW 64.90.245 and 2018 c 277 s 210 are each amended to read as follows:

(1) A map is required for all common interest communities. For purposes of this chapter, a map must be construed as part of the declaration.

(11) Unless the declaration provides otherwise, any horizontal boundary of part of a unit located outside a building has the same

elevation as the horizontal boundary of the inside part and need not be depicted on the map.

(12) Upon exercising any development right, the declarant must record either new maps necessary to conform to the requirements of subsections (3), (4), (6), and (8) of this section, or new certifications of any map previously recorded if that map otherwise conforms to the requirements of subsections (3), (4), (6), and (8) of this section.

Sec. 208. RCW 64.90.285 and 2018 c 277 s 218 are each amended to read as follows:

(1)(a) Except in cases of amendments that may be executed by: A declarant under subsection (10) of this section, RCW 64.90.240(2), 64.90.245(12), 64.90.250, or 64.90.415(2)(d); the association under RCW 64.90.030, 64.90.230(5), 64.90.240(3), 64.90.260(1), or 64.90.265 or subsection (11) of this section; or certain unit owners under RCW 64.90.240(2), 64.90.260(1), 64.90.265(2), or 64.90.290(2), and except as limited by subsections (4), (6), (7), (8), and (12) of this section, the declaration may be amended only by vote or agreement of unit owners of units to which at least sixty-seven percent of the votes in the association are allocated, unless the declaration specifies a different percentage not to exceed ninety percent for all amendments or for specific subjects of amendment. For purposes of this section, "amendment" means any change to the declaration, including adding, removing, or modifying restrictions contained in a declaration.

(b) If the declaration requires the approval of another person as a condition of its effectiveness, the amendment is not valid without that approval; however, any right of approval may not result in an expansion of special declarant rights reserved in the declaration or violate any other section of this chapter, including RCW 64.90.015, 64.90.050, 64.90.055, and 64.90.060.

(2) In the absence of fraud, any action to challenge the validity of an amendment adopted by the association may not be brought more than one year after the amendment is recorded.

(3) Every amendment to the declaration must be recorded in every county in which any portion of the common interest community is located and is effective only upon recordation. An amendment, except an amendment pursuant to RCW 64.90.260(1), must be indexed in the grantee's index in the name of the common interest community and the association and in the

grantor's index in the name of the parties executing the amendment.

(4) Except to the extent expressly permitted or required under this chapter, an amendment may not create or increase special declarant rights, increase the number of units, change the boundaries of any unit, or change the allocated interests of a unit without the consent of unit owners to which at least ninety percent of the votes in the association are allocated, including the consent of any unit owner of a unit, the boundaries of which or allocated interest of which is changed by the amendment.

(5) Amendments to the declaration required to be executed by the association must be executed by any authorized officer of the association who must certify in the amendment that it was properly adopted.

(6) The declaration may require a higher percentage of unit owner approval for an amendment that is intended to prohibit or materially restrict the uses of units permitted under the applicable zoning ordinances, or to protect the interests of members of a defined class of owners, or to protect other legitimate interests of the association or its members. Subject to subsection (13) of this section, a declaration may not require, as a condition for amendment, approval by more than ninety percent of the votes in the association or by all but one unit owner, whichever is less. An amendment approved under this subsection must provide reasonable protection for a use permitted at the time the amendment was adopted.

(7) The time limits specified in the declaration pursuant to RCW 64.90.225(1)(g) within which reserved development rights must be exercised may be extended, and additional development rights may be created, if persons entitled to cast at least eighty percent of the votes in the association, including eighty percent of the votes allocated to units not owned by the declarant, agree to that action. The agreement is effective thirty days after an amendment to the declaration reflecting the terms of the agreement is recorded unless all the persons holding the affected special declarant rights, or security interests in those rights, record a written objection within the thirty-day period, in which case the amendment is void, or consent in writing at the time the amendment is recorded, in which case the amendment is effective when recorded.

(8) A provision in the declaration creating special declarant rights that have not expired may not be amended without the consent of the declarant.

(9) If any provision of this chapter or the declaration requires the consent of a holder of a security interest in a unit as a condition to the effectiveness of an amendment to the declaration, the consent is deemed granted if a refusal to consent in a record is not received by the association within sixty days after the association delivers notice of the proposed amendment to the holder at an address for notice provided by the holder or mails the notice to the holder by certified mail, return receipt requested, at that address. If the holder has not provided an address for notice to the association, the association must provide notice to the address in the security interest of record.

(10) Upon thirty-day advance notice to unit owners, the declarant may, without a vote of the unit owners or approval by the board, unilaterally adopt, execute, and record a corrective amendment or supplement to the governing documents to correct a mathematical mistake, an inconsistency, or a scrivener's error, or clarify an ambiguity in the governing documents with respect to an objectively verifiable fact including, without limitation, recalculating the undivided interest in the common elements, the liability for common expenses, or the number of votes in the unit owners' association appertaining to a unit, within five years after the recordation or adoption of the governing document containing or creating the mistake, inconsistency, error, or ambiguity. Any

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

such amendment or supplement may not materially reduce what the obligations of the declarant would have been if the mistake, inconsistency, error, or ambiguity had not occurred.

(11) Upon thirty-day advance notice to unit owners, the association may, upon a vote of two-thirds of the members of the board, without a vote of the unit owners, adopt, execute, and record an amendment to the declaration for the following purposes:

(a) To correct or supplement the governing documents as provided in subsection (10) of this section;

(b) To remove language and otherwise amend as necessary to effect the removal of language purporting to forbid or restrict the conveyance, encumbrance, occupancy, or lease to: Individuals of a specified race, creed, color, sex, or national origin; individuals with sensory, mental, or physical disabilities; and families with children or any other legally protected classification;

(c) To remove language and otherwise amend as necessary to effect the removal of language that purports to impose limitations on the power of the association beyond the limit authorized in RCW 64.90.405(~~((1)(a))~~) (3)(a) to deal with the declarant that are more restrictive than the limitations imposed on the power of the association to deal with other persons; and

(d) To remove any other language and otherwise amend as necessary to effect the removal of language purporting to limit the rights of the association or its unit owners in direct conflict with this chapter.

(12) If the declaration requires that amendments to the declaration may be adopted only if the amendment is signed by a specified number or percentage of unit owners and if the common interest community contains more than twenty units, such requirement is deemed satisfied if the association obtains such signatures or the vote or agreement of unit owners holding such number or percentage.

(13)(a) If the declaration requires that amendments to the declaration may be adopted only by the vote or agreement of unit owners of units to which more than sixty-seven percent of the votes in the association are allocated, and the percentage required is otherwise consistent with this chapter, the amendment is approved if:

(i) The approval of the percentage specified in the declaration is obtained;

(ii)(A) Unit owners of units to which at least sixty-seven percent of the votes in the association are allocated vote for or agree to the proposed amendment;

(B) A unit owner does not vote against the proposed amendment; and

(C) Notice of the proposed amendment, including notice that the failure of a unit owner to object may result in the adoption of the amendment, is delivered to the unit owners holding the votes in the association that have not voted or agreed to the proposed amendment and no written objection to the proposed amendment is received by the association within sixty days after the association delivers notice; or

(iii)(A) Unit owners of units to which at least sixty-seven percent of the votes in the association are allocated vote for or agree to the proposed amendment;

(B) At least one unit owner objects to the proposed amendment; and

(C) Pursuant to an action brought by the association in the county in which the common interest community is situated against all objecting unit owners, the court finds, under the totality of circumstances including, but not limited to, the subject matter of the amendment, the purpose of the amendment, the percentage voting to approve the amendment, and the percentage objecting to the amendment, that the amendment is reasonable.

(b) If the declaration requires the affirmative vote or approval of any particular unit owner or class of unit owners as a condition of its effectiveness, the amendment is not valid without that vote or approval.

(b) After giving notice to the tenant and the unit owner and an opportunity to be heard, levy reasonable fines against the tenant and unit owner for the violation; and

(c) Enforce any other rights against the tenant for the violation that the unit owner as the landlord could lawfully have exercised under the lease or that the association could lawfully have exercised directly against the unit owner, or both; but the association does not have the right to terminate a lease or evict a tenant unless permitted by the declaration. The rights referred to in this subsection (5)(c) may be exercised only if the tenant or unit owner fails to cure the violation within ten days after the association notifies the tenant and unit owner of that violation.

(6) Unless a lease otherwise provides, this section does not:

(a) Affect rights that the unit owner has to enforce the lease or that the association has under other law; or

(b) Permit the association to enforce a lease to which it is not a party in the absence of a violation of the governing documents.

(7) The board may determine whether to take enforcement action by exercising the association's power to impose sanctions or commencing an action for a violation of the governing documents, including whether to compromise any claim for unpaid assessments or other claim made by or against it.

(8) The board does not have a duty to take enforcement action if it determines that, under the facts and circumstances presented:

(a) The association's legal position does not justify taking any or further enforcement action;

(b) The covenant, restriction, or rule being enforced is, or is likely to be construed as, inconsistent with law;

(c) Although a violation may exist or may have occurred, it is not so material as to be objectionable to a reasonable person or to justify expending the association's resources; or

(d) It is not in the association's best interests to pursue an enforcement action.

(9) The board's decision under subsections (7) and (8) of this section to not pursue enforcement under one set of circumstances does not prevent the board from taking enforcement action under another set of circumstances, but the board may not be arbitrary or capricious in taking enforcement action.

Sec. 210. RCW 64.90.445 and 2018 c 277 s 310 are each amended to read as follows:

(1) The following requirements apply to unit owner meetings:

(a) A meeting of the association must be held at least once each year. Failure to hold an annual meeting does not cause a forfeiture or give cause for dissolution of the association and does not affect otherwise valid association acts.

(b)(i) An association must hold a special meeting of unit owners to address any matter affecting the common interest community or the association if its president, a majority of the board, or unit owners having at least twenty percent, or any lower percentage specified in the organizational documents, of the votes in the association request that the secretary call the meeting.

(ii) If the association does not provide notice to unit owners of a special meeting within thirty days after the requisite number or percentage of unit owners request the secretary to do so, the

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

requesting members may directly provide notice to all the unit owners of the meeting. Only matters described in the meeting notice required in (c) of this subsection may be considered at a special meeting.

(c) An association must provide notice to unit owners of the time, date, and place of each annual and special unit owners meeting not less than fourteen days and not more than fifty days before the meeting date. Notice may be by any means described in RCW 64.90.515. The notice of any meeting must state the time, date, and place of the meeting and the items on the agenda, including:

(i) The text of any proposed amendment to the declaration or organizational documents;

(ii) Any changes in the previously approved budget that result in a change in the assessment obligations; and

(iii) Any proposal to remove a board member or officer.

(d) The minimum time to provide notice required in (c) of this subsection may be reduced or waived for a meeting called to deal with an emergency.

(e) Unit owners must be given a reasonable opportunity at any meeting to comment regarding any matter affecting the common interest community or the association.

(f) The declaration or organizational documents may allow for meetings of unit owners to be conducted by telephonic, video, or other conferencing process, if the process is consistent with subsection (2)(i) of this section.

(2) The following requirements apply to meetings of the board and committees authorized to act for the board:

(a) Meetings must be open to the unit owners except during executive sessions, but the board may expel or prohibit attendance by any person who, after warning by the chair of the meeting, disrupts the meeting. The board and those committees may hold an executive session only during a regular or special meeting of the board or a committee. A final vote or action may not be taken during an executive session.

(b) An executive session may be held only to:

(i) Consult with the association's attorney concerning legal matters;

(ii) Discuss existing or potential litigation or mediation, arbitration, or administrative proceedings;

(iii) Discuss labor or personnel matters;

(iv) Discuss contracts, leases, and other commercial transactions to purchase or provide goods or services currently being negotiated, including the review of bids or proposals, if premature general knowledge of those matters would place the association at a disadvantage; or

(v) Prevent public knowledge of the matter to be discussed if the board or committee determines that public knowledge would violate the privacy of any person.

(c) For purposes of this subsection, a gathering of members of the board or committees at which the board or committee members do not conduct association business is not a meeting of the board or committee. Board members and committee members may not use incidental or social gatherings to evade the open meeting requirements of this subsection.

(d) During the period of declarant control, the board must meet at least four times a year. At least one of those meetings must be held at the common interest community or at a place convenient to the community. After the transition meeting, all board meetings must be at the common interest community or at a place convenient to the common interest community unless the unit owners amend the bylaws to vary the location of those meetings.

(e) At each board meeting, the board must provide a reasonable opportunity for unit owners to comment regarding matters affecting the common interest community and the association.

(f) Unless the meeting is included in a schedule given to the unit owners or the meeting is called to deal with an emergency, the secretary or other officer specified in the organizational documents must provide notice of each board meeting to each board member and to the unit owners. The notice must be given at least fourteen days before the meeting and must state the time, date, place, and agenda of the meeting.

(g) If any materials are distributed to the board before the meeting, the board must make copies of those materials reasonably available to ~~((those))~~ the unit owners, except that the board need not make available copies of unapproved minutes or materials that are to be considered in executive session.

(h) Unless the organizational documents provide otherwise, fewer than all board members may participate in a regular or special meeting by or conduct a meeting through the use of any means of communication by which all board members participating can hear each other during the meeting. A board member participating in a meeting by these means is deemed to be present in person at the meeting.

(i) Unless the organizational documents provide otherwise, the board may meet by participation of all board members by telephonic, video, or other conferencing process if:

(i) The meeting notice states the conferencing process to be used and provides information explaining how unit owners may participate in the conference directly or by meeting at a central location or conference connection; and

(ii) The process provides all unit owners the opportunity to hear or perceive the discussion and to comment as provided in (e) of this subsection.

(j) After the transition meeting, unit owners may amend the organizational documents to vary the procedures for meetings described in (i) of this subsection.

(k) Instead of meeting, the board may act by unanimous consent as documented in a record by all its members. Actions taken by unanimous consent must be kept as a record of the association with the meeting minutes. After the transition meeting, the board may act by unanimous consent only to undertake ministerial actions, actions subject to ratification by the unit owners, or to implement actions previously taken at a meeting of the board.

(l) A board member who is present at a board meeting at which any action is taken is presumed to have assented to the action taken unless the board member's dissent or abstention to such action is lodged with the person acting as the secretary of the meeting before adjournment of the meeting or provided in a record to the secretary of the association immediately after adjournment of the meeting. The right to dissent or abstain does not apply to a board member who voted in favor of such action at the meeting.

(m) A board member may not vote by proxy or absentee ballot.

(n) Even if an action by the board is not in compliance with this section, it is valid unless set aside by a court. A challenge to the validity of an action of the board for failure to comply with this section may not be brought more than ninety days after the minutes of the board of the meeting at which the action was taken are approved or the record of that action is distributed to unit owners, whichever is later.

(3) Minutes of all unit owner meetings and board meetings, excluding executive sessions, must be maintained in a record. The decision on each matter voted upon at a board meeting or unit owner meeting must be recorded in the minutes.

Sec. 211. RCW 64.90.485 and 2018 c 277 s 318 are each amended to read as follows:

(1) The association has a statutory lien on each unit for any unpaid assessment against the unit from the time such assessment is due.

(2) A lien under this section has priority over all other liens and encumbrances on a unit except:

(a) Liens and encumbrances recorded before the recordation of the declaration and, in a cooperative, liens and encumbrances that the association creates, assumes, or takes subject to;

(b) Except as otherwise provided in subsection (3) of this section, a security interest on the unit recorded before the date on which the unpaid assessment became due or, in a cooperative, a security interest encumbering only the unit owner's interest and perfected before the date on which the unpaid assessment became due; and

(c) Liens for real estate taxes and other state or local governmental assessments or charges against the unit or cooperative.

(3)(a) A lien under this section also has priority over the security interests described in subsection (2)(b) of this section to the extent of an amount equal to the following:

(i) The common expense assessments, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.90.480(1), along with any specially allocated assessments that are properly assessable against the unit under such periodic budget, which would have become due in the absence of acceleration during the six months immediately preceding the institution of proceedings to foreclose either the association's lien or a security interest described in subsection (2)(b) of this section;

(ii) The association's actual costs and reasonable attorneys' fees incurred in foreclosing its lien but incurred after the giving of the notice described in (a)(iii) of this subsection; provided, however, that the costs and reasonable attorneys' fees that will have priority under this subsection (3)(a)(ii) shall not exceed two thousand dollars or an amount equal to the amounts described in (a)(i) of this subsection, whichever is less;

(iii) The amounts described in (a)(ii) of this subsection shall be prior only to the security interest of the holder of a security interest on the unit recorded before the date on which the unpaid assessment became due and only if the association has given that holder not less than sixty days' prior written notice that the owner of the unit is in default in payment of an assessment. The notice shall contain:

- (A) Name of the borrower;
- (B) Recording date of the trust deed or mortgage;
- (C) Recording information;
- (D) Name of condominium, unit owner, and unit designation stated in the declaration or applicable supplemental declaration;
- (E) Amount of unpaid assessment; and

(F) A statement that failure to, within sixty days of the written notice, submit the association payment of six months of assessments as described in (a)(i) of this subsection will result in the priority of the amounts described in (a)(ii) of this subsection; and

(iv) Upon payment of the amounts described in (a)(i) and (ii) of this subsection by the holder of a security interest, the association's lien described in this subsection (3)(a) shall thereafter be fully subordinated to the lien of such holder's security interest on the unit.

(b) For the purposes of this subsection:

(i) "Institution of proceedings" means either:

(A) The date of recording of a notice of trustee's sale by a deed of trust beneficiary;

(B) The date of commencement, pursuant to applicable court rules, of an action for judicial foreclosure either by the association or by the holder of a recorded security interest; or

(C) The date of recording of a notice of intention to forfeit in a real estate contract forfeiture proceeding by the vendor under a real estate contract.

(ii) "Capital improvements" does not include making, in the ordinary course of management, repairs to common elements or replacements of the common elements with substantially similar items, subject to: (A) Availability of materials and products, (B) prevailing law, or (C) sound engineering and construction standards then prevailing.

(c) The adoption of a periodic budget that purports to allocate to a unit any fines, late charges, interest, attorneys' fees and costs incurred for services unrelated to the foreclosure of the association's lien, other collection charges, or specially allocated assessments assessed under RCW 64.90.480 (6) or (7) does not cause any such items to be included in the priority amount affecting such unit.

(4) Subsections (2) and (3) of this section do not affect the priority of mechanics' or material suppliers' liens to the extent that law of this state other than chapter 277, Laws of 2018 gives priority to such liens, or the priority of liens for other assessments made by the association.

(5) A lien under this section is not subject to chapter 6.13 RCW.

(6) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided under subsection (13) of this section, the association is not entitled to the lien priority provided for under subsection (3) of this section, and is subject to the limitations on deficiency judgments as provided in chapter 61.24 RCW.

(7) Unless the declaration provides otherwise, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority as to each other, and any foreclosure of one such lien shall not affect the lien of the other.

(8) Recording of the declaration constitutes record notice and perfection of the statutory lien created under this section. Further notice or recordation of any claim of lien for assessment under this section is not required, but is not prohibited.

(9) A lien for unpaid assessments and the personal liability for payment of those assessments are extinguished unless proceedings to enforce the lien or collect the debt are instituted within six years after the full amount of the assessments sought to be recovered becomes due.

(10) This section does not prohibit actions against unit owners to recover sums for which subsection (1) of this section creates a lien or prohibit an association from taking a deed in lieu of foreclosure.

(11) The association upon written request must furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments or the priority amount against that unit, or both. The statement must be furnished within fifteen days after receipt of the request and is binding on the association, the board, and every unit owner unless, and to the extent, known by the recipient to be false. The liability of a recipient who reasonably relies upon the statement must not exceed the amount set forth in any statement furnished pursuant to this section or RCW 64.90.640(1)(b).

(12) In a cooperative, upon nonpayment of an assessment on a unit, the unit owner may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and the lien may be foreclosed as provided under this section.

(13) The association's lien may be foreclosed in accordance with (a) and (b) of this subsection.

(a) In a common interest community other than a cooperative, the association's lien may be foreclosed judicially in accordance

NINETY SIXTH DAY, APRIL 19, 2019

2019 REGULAR SESSION

with chapter 61.12 RCW, subject to any rights of redemption under chapter 6.23 RCW.

(b) The lien may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration: Contains a grant of the common interest community in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, contains a power of sale, provides in its terms that the units are not used principally for agricultural purposes, and provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative may purchase the unit at the foreclosure sale and acquire, hold, lease, mortgage, or convey the unit. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption is eight months.

(c) In a cooperative in which the unit owners' interests in the units are real estate, the association's lien must be foreclosed in like manner as a mortgage on real estate or by power of sale under (b) of this subsection.

(d) In a cooperative in which the unit owners' interests in the units are personal property, the association's lien must be foreclosed in like manner as a security interest under chapter 62A.9A RCW.

(14) If the unit owner's interest in a unit in a cooperative is real estate, the following requirements apply:

(a) The association, upon nonpayment of assessments and compliance with this subsection, may sell that unit at a public sale or by private negotiation, and at any time and place. The association must give to the unit owner and any lessee of the unit owner reasonable notice in a record of the time, date, and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time and date after which a private conveyance may be made. Such notice must also be sent to any other person that has a recorded interest in the unit that would be cut off by the sale, but only if the recorded interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required under this subsection may be sent to any address reasonable in the circumstances. A sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

(b) Unless otherwise agreed to or as stated in this section, the unit owner is liable for any deficiency in a foreclosure sale.

(c) The proceeds of a foreclosure sale must be applied in the following order:

- (i) The reasonable expenses of sale;
- (ii) The reasonable expenses of securing possession before sale; the reasonable expenses of holding, maintaining, and preparing the unit for sale, including payment of taxes and other governmental charges and premiums on insurance; and, to the extent provided for by agreement between the association and the unit owner, reasonable attorneys' fees, costs, and other legal expenses incurred by the association;
- (iii) Satisfaction of the association's lien;
- (iv) Satisfaction in the order of priority of any subordinate claim of record; and
- (v) Remittance of any excess to the unit owner.

(d) A good-faith purchaser for value acquires the unit free of the association's debt that gave rise to the lien under which the foreclosure sale occurred and any subordinate interest, even though the association or other person conducting the sale failed

to comply with this section. The person conducting the sale must execute a conveyance to the purchaser sufficient to convey the unit and stating that it is executed by the person after a foreclosure of the association's lien by power of sale and that the person was empowered to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required under this subsection are sufficient proof of the facts recited and of the authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

(e) At any time before the association has conveyed a unit in a cooperative or entered into a contract for its conveyance under the power of sale, the unit owners or the holder of any subordinate security interest may cure the unit owner's default and prevent sale or other conveyance by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorneys' fees and costs of the creditor.

(15) In an action by an association to collect assessments or to foreclose a lien on a unit under this section, the court may appoint a receiver to collect all sums alleged to be due and owing to a unit owner before commencement or during pendency of the action. The receivership is governed under chapter 7.60 RCW. During pendency of the action, the court may order the receiver to pay sums held by the receiver to the association for any assessments against the unit. The exercise of rights under this subsection by the association does not affect the priority of preexisting liens on the unit.

(16) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure is not liable for assessments or installments of assessments that became due prior to such right of possession. Such unpaid assessments are deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior unit owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(17) In addition to constituting a lien on the unit, each assessment is the joint and several obligation of the unit owner of the unit to which the same are assessed as of the time the assessment is due. A unit owner may not exempt himself or herself from liability for assessments. In a voluntary conveyance other than by foreclosure, the grantee of a unit is jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee. Suit to recover a personal judgment for any delinquent assessment is maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(18) The association may from time to time establish reasonable late charges and a rate of interest to be charged, not to exceed the maximum rate calculated under RCW 19.52.020, on all subsequent delinquent assessments or installments of assessments. If the association does not establish such a rate, delinquent assessments bear interest from the date of delinquency at the maximum rate calculated under RCW 19.52.020 on the date on which the assessments became delinquent.

(19) The association is entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in a suit being commenced or

prosecuted to judgment. The prevailing party is also entitled to recover costs and reasonable attorneys' fees in such suits, including any appeals, if it prevails on appeal and in the enforcement of a judgment.

(20) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(21) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes a sum equal to at least three months of common expense assessments; and

(b) The board approves commencement of a foreclosure action specifically against that unit.

(22) Every aspect of a collection, foreclosure, sale, or other conveyance under this section, including the method, advertising, time, date, place, and terms, must be commercially reasonable.

Sec. 212. RCW 64.90.610 and 2018 c 277 s 403 are each amended to read as follows:

your contract for the purchase of your unit within seven days after first receiving this public offering statement. If this public offering statement is first provided to you more than seven days before you sign your contract for the purchase of your unit, you have no right to cancel your contract. If this public offering statement is first provided to you seven days or less before you sign your contract for the purchase of your unit, you have the right to cancel, before conveyance of the unit, the executed contract by delivering, no later than the seventh day after first receiving this public offering statement, a notice of cancellation pursuant to section (3) of this notice. If this public offering statement is first provided to you less than seven days before the closing date for the conveyance of your unit, you may, before conveyance of your unit to you, extend the closing date to a date not more than seven days after you first received this public offering statement, so that you may have seven days to cancel your contract for the purchase of your unit.

(2) You have no right to cancel your contract upon receipt of an amendment to this public offering statement; however, this does not eliminate any right to rescind your contract, due to the disclosure of the information in the amendment, that is otherwise available to you under generally applicable contract law.

(3) If you elect to cancel your contract pursuant to this notice, you may do so by hand-delivering notice of cancellation, or by mailing notice of cancellation by prepaid United States mail, to the seller at the address set forth in this public offering statement or at the address of the seller's registered agent for service of process. The date of such notice is the date of receipt, if hand-delivered, or the date of deposit in the United States mail, if mailed. Cancellation is without penalty, and all payments made to the seller by you before cancellation must be refunded promptly."

(b) "OTHER DOCUMENTS CREATING BINDING LEGAL OBLIGATIONS. This public offering statement is a summary of some of the significant aspects of purchasing a unit in this common interest community. The governing documents and the purchase agreement are complex, contain other important information, and create binding legal obligations. You should consider seeking the assistance of legal counsel."

(c) "OTHER REPRESENTATIONS. You may not rely on any statement, promise, model, depiction, or description unless it is (1) contained in the public offering statement delivered to you or (2) made in writing signed by the declarant or dealer or the declarant's or dealer's agent identified in the public offering statement. A statement of opinion, or a commendation of the real estate, its quality, or its value, does not create a warranty, and a statement, promise, model, depiction, or description does not create a warranty if it discloses that it is only proposed, is not representative, or is subject to change."

(d) "MODEL UNITS. Model units are intended to provide you with a general idea of what a finished unit might look like. Units being offered for sale may vary from the model unit in terms of floor plan, fixtures, finishes, and equipment. You are advised to obtain specific information about the unit you are considering purchasing."

(e) "RESERVE STUDY. The association [does] [does not] have a current reserve study. Any reserve study should be reviewed carefully. It may not include all reserve components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. You may encounter certain risks, including being required to pay as a special assessment your share of expenses for the cost of major maintenance, repair, or replacement of a reserve component, as a result of the failure to: (1) Have a current reserve

study or fully funded reserves, (2) include a component in a reserve study, or (3) provide any or sufficient contributions to a reserve account for a component."

(f) "DEPOSITS AND PAYMENTS. Only earnest money and reservation deposits are required to be placed in an escrow or trust account. Any other payments you make to the seller of a unit are at risk and may be lost if the seller defaults."

(g) "CONSTRUCTION DEFECT CLAIMS. Chapter 64.50 RCW contains important requirements you must follow before you may file a lawsuit for defective construction against the seller or builder of your home. Forty-five days before you file your lawsuit, you must deliver to the seller or builder a written notice of any construction conditions you allege are defective and provide your seller or builder the opportunity to make an offer to repair or pay for the defects. You are not obligated to accept any offer made by the builder or seller. There are strict deadlines and procedures under state law, and failure to follow them may affect your ability to file a lawsuit."

(h) "ASSOCIATION INSURANCE. The extent to which association insurance provides coverage for the benefit of unit owners (including furnishings, fixtures, and equipment in a unit) is determined by the provisions of the declaration and the association's insurance policy, which may be modified from time to time. You and your personal insurance agent should read the declaration and the association's policy prior to closing to determine what insurance is required of the association and unit owners, unit owners' rights and duties, what is and is not covered by the association's policy, and what additional insurance you should obtain."

(i) "QUALIFIED WARRANTY. Your unit [is] [is not] covered by a qualified warranty under chapter 64.35 RCW. "

(3) The public offering statement must include copies of each of the following documents: The declaration; the ~~((survey))~~ map; the organizational documents; the rules ~~((and regulations))~~, if any; the current or proposed budget for the association; a dated balance sheet of the association; any inspection and repair report or reports prepared in accordance with the requirements of RCW 64.55.090; and any qualified warranty provided to a purchaser by a declarant together with a history of claims under the qualified warranty. If any of these documents are not in final form, the documents must be marked "draft" and, before closing the sale of a unit, the purchaser must be given notice of any material changes to the draft documents.

(4) A declarant must promptly amend the public offering statement to reflect any material change in the information required under this section.

Sec. 213. RCW 64.90.650 and 2018 c 277 s 411 are each amended to read as follows:

(1) In the case of a sale of a unit when delivery of a public offering statement is required pursuant to RCW 64.90.605(3) and subject to subsection (2) of this section, a seller before conveying a unit:

(a) Must record or furnish to the purchaser releases of all liens that encumber:

(i) In a condominium, that unit and its common element interest; and

(ii) In a cooperative, plat community, or miscellaneous community, that unit and any limited common elements assigned to that unit; or

(b) Must provide the purchaser of that unit with title insurance from a licensed title insurance company against any lien not released pursuant to (a) of this subsection.

(2) Subsection (1) of this section does not apply to liens that encumber:

(a) Real estate that a declarant has the right to withdraw from the common interest community;

(b) In a condominium, the unit and its common element interest being purchased, but no other unit, if the purchaser expressly agrees in writing to take subject to or assume such lien;

(c) In a cooperative, plat community, or miscellaneous community, the unit and any limited common element allocated to the unit being purchased, but no other unit, if the purchaser expressly agrees in writing to take subject to or assume such lien.

(3) Before conveying real property to the association, the declarant must have that real property released from:

(a) All liens the foreclosure of which would deprive unit owners of any right of access to or easement of support of their units; and

(b) All other liens on that real property unless the public offering statement describes certain real property that may be conveyed subject to liens in specified amounts.

(4) In the case of a cooperative, the provisions of this section do not apply to liens securing indebtedness that represent a common expense liability for which the purchaser expressly agrees in writing to be responsible.

(1) Except as provided in the declaration, the bylaws, subsection (2) of this section, or other provisions of this chapter, the board of directors shall act in all instances on behalf of the association. (2) The board of directors shall not act on behalf of the association to amend the declaration in any manner that requires the vote or approval of the unit owners pursuant to RCW 64.34.264, to terminate the condominium pursuant to RCW 64.34.268, or to elect members of the board of directors or determine the qualifications, powers, and duties, or terms of office of members of the board of directors pursuant to subsection (7) of this section; but the board of directors may fill vacancies in its membership for the unexpired portion of any term.

(3) Except as provided in RCW 64.90.080, 64.90.405(1) (b) and (c), and 64.90.525, within thirty days after adoption of any proposed budget for the condominium, the board of directors shall provide a summary of the budget to all the unit owners and shall set a date for a meeting of the unit owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of the summary. Unless at that meeting the owners of units to which a majority of the votes in the association are allocated or any larger percentage specified in the declaration reject the budget, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the unit owners shall be continued until such time as the unit owners ratify a subsequent budget proposed by the board of directors.

(4) As part of the summary of the budget provided to all unit owners, the board of directors shall disclose to the unit owners:

(a) The current amount of regular assessments budgeted for contribution to the reserve account, the recommended contribution rate from the reserve study, and the funding plan upon which the recommended contribution rate is based;

(b) If additional regular or special assessments are scheduled to be imposed, the date the assessments are due, the amount of the assessments per each unit per month or year, and the purpose of the assessments;

(c) Based upon the most recent reserve study and other information, whether currently projected reserve account balances will be sufficient at the end of each year to meet the association's obligation for major maintenance, repair, or replacement of reserve components during the next thirty years;

(d) If reserve account balances are not projected to be sufficient, what additional assessments may be necessary to ensure that sufficient reserve account funds will be available each year during the next thirty years, the approximate dates assessments may be due, and the amount of the assessments per unit per month or year;

(e) The estimated amount recommended in the reserve account at the end of the current fiscal year based on the most recent reserve study, the projected reserve account cash balance at the end of the current fiscal year, and the percent funded at the date of the latest reserve study;

(f) The estimated amount recommended in the reserve account based upon the most recent reserve study at the end of each of the next five budget years, the projected reserve account cash balance in each of those years, and the projected percent funded for each of those years; and

(g) If the funding plan approved by the association is implemented, the projected reserve account cash balance in each of the next five budget years and the percent funded for each of those years.

A declarant's failure to veto or approve such proposed action in writing within thirty days after receipt of written notice of the proposed action shall be deemed approval by the declarant.

(b) Regardless of the period provided in the declaration, a period of declarant control terminates no later than the earlier of: (i) Sixty days after conveyance of seventy-five percent of the units which may be created to unit owners other than a declarant; (ii) two years after the last conveyance or transfer of record of a unit except as security for a debt; (iii) two years after any development right to add new units was last exercised; or (iv) the date on which the declarant records an amendment to the declaration pursuant to which the declarant voluntarily surrenders the right to further appoint and remove officers and members of the board of directors. A declarant may voluntarily surrender the right to appoint and remove officers and members of the board of directors before termination of that period pursuant to (i), (ii), and (iii) of this subsection (5)(b), but in that event the declarant may require, for the duration of the period of declarant control, that specified actions of the association or board of directors, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective.

elected by unit owners other than the declarant. Not later than sixty days after conveyance of fifty percent of the units which may be created to unit owners other than a declarant, not less than thirty-three and one-third percent of the members of the board of directors must be elected by unit owners other than the declarant.

(7) Within thirty days after the termination of any period of declarant control, the unit owners shall elect a board of directors of at least three members, at least a majority of whom must be unit owners. The number of directors need not exceed the number of units then in the condominium. The board of directors shall elect the officers. Such members of the board of directors and officers shall take office upon election.

(8) Notwithstanding any provision of the declaration or bylaws to the contrary, the unit owners, by a two-thirds vote of the voting power in the association present and entitled to vote at any meeting of the unit owners at which a quorum is present, may remove any member of the board of directors with or without cause, other than a member appointed by the declarant. The declarant may not remove any member of the board of directors elected by the unit owners. Prior to the termination of the period of declarant control, the unit owners, other than the declarant, may remove by a two-thirds vote, any director elected by the unit owners.

In the performance of their duties, the officers and members of the board of directors shall exercise the degree of care and loyalty required of an officer or director of a corporation organized under chapter 24.03 RCW.

(2) The board of directors shall not act on behalf of the association to amend the articles of incorporation, to take any action that requires the vote or approval of the owners, to terminate the association, to elect members of the board of directors, or to determine the qualifications, powers, and duties, or terms of office of members of the board of directors; but the board of directors may fill vacancies in its membership of the unexpired portion of any term.

(e) The estimated amount recommended in the reserve account at the end of the current fiscal year based on the most recent reserve study, the projected reserve account cash balance at the end of the current fiscal year, and the percent funded at the date of the latest reserve study;

(f) The estimated amount recommended in the reserve account based upon the most recent reserve study at the end of each of the next five budget years, the projected reserve account cash balance

in each of those years, and the projected percent funded for each of those years; and

(g) If the funding plan approved by the association is implemented, the projected reserve account cash balance in each of the next five budget years and the percent funded for each of those years.

(5) The owners by a majority vote of the voting power in the association present, in person or by proxy, and entitled to vote at any meeting of the owners at which a quorum is present, may remove any member of the board of directors with or without cause.

The initial reserve study must be based upon a visual site inspection conducted by a reserve study professional.

(3) Except as provided in RCW 64.90.080 and 64.90.545, unless doing so would impose an unreasonable hardship, the association shall update the reserve study annually. At least every three years, an updated reserve study must be prepared and based upon a visual site inspection conducted by a reserve study professional.

(4) The decisions relating to the preparation and updating of a reserve study must be made by the board of directors in the exercise of the reasonable discretion of the board. MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5383 with the following amendment(s): 5383-S.E AMH LG H2716.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** Tiny houses have become a trend across the nation to address the shortage of affordable housing. As tiny houses become more acceptable, the legislature finds that it is important to create space in the code for the regulation of tiny house siting. Individual cities and counties may allow tiny houses with wheels to be collected together as tiny house villages using the binding site plan method articulated in chapter 58.17 RCW.

The legislature recognizes that the International Code Council in 2018 has issued tiny house building code standards in Appendix Q of the International Residential Code, which can provide a basis for the standards requested within this act.

Sec. 2. RCW 58.17.040 and 2004 c 239 s 1 are each amended to read as follows:

The provisions of this chapter shall not apply to:

(1) Cemeteries and other burial plots while used for that purpose;

(2) Divisions of land into lots or tracts each of which is one-hundred twenty-eighth of a section of land or larger, or five acres or larger if the land is not capable of description as a fraction of a section of land, unless the governing authority of the city,

2019 REGULAR SESSION

town, or county in which the land is situated shall have adopted a subdivision ordinance requiring plat approval of such divisions: PROVIDED, That for purposes of computing the size of any lot under this item which borders on a street or road, the lot size shall be expanded to include that area which would be bounded by the center line of the road or street and the side lot lines of the lot running perpendicular to such center line;

(3) Divisions made by testamentary provisions, or the laws of descent;

(4) Divisions of land into lots or tracts classified for industrial or commercial use when the city, town, or county has approved a binding site plan for the use of the land in accordance with local regulations;

(5) A division for the purpose of lease when no residential structure other than mobile homes, tiny houses or tiny houses with wheels as defined in section 5 of this act, or travel trailers are permitted to be placed upon the land when the city, town, or county has approved a binding site plan for the use of the land in accordance with local regulations;

(6) A division made for the purpose of alteration by adjusting boundary lines, between platted or unplatted lots or both, which does not create any additional lot, tract, parcel, site, or division nor create any lot, tract, parcel, site, or division which contains insufficient area and dimension to meet minimum requirements for width and area for a building site;

(7) Divisions of land into lots or tracts if: (a) Such division is the result of subjecting a portion of a parcel or tract of land to either chapter 64.32 or 64.34 RCW subsequent to the recording of a binding site plan for all such land; (b) the improvements constructed or to be constructed thereon are required by the provisions of the binding site plan to be included in one or more condominiums or owned by an association or other legal entity in which the owners of units therein or their owners' associations have a membership or other legal or beneficial interest; (c) a city, town, or county has approved the binding site plan for all such land; (d) such approved binding site plan is recorded in the county or counties in which such land is located; and (e) the binding site plan contains thereon the following statement: "All development and use of the land described herein shall be in accordance with this binding site plan, as it may be amended with the approval of the city, town, or county having jurisdiction over the development of such land, and in accordance with such other governmental permits, approvals, regulations, requirements, and restrictions that may be imposed upon such land and the development and use thereof. Upon completion, the improvements on the land shall be included in one or more condominiums or owned by an association or other legal entity in which the owners of units therein or their owners' associations have a membership or other legal or beneficial interest. This binding site plan shall be binding upon all now or hereafter having any interest in the land described herein." The binding site plan may, but need not, depict or describe the boundaries of the lots or tracts resulting from subjecting a portion of the land to either chapter 64.32 or 64.34 RCW. A site plan shall be deemed to have been approved if the site plan was approved by a city, town, or county: (i) In connection with the final approval of a subdivision plat or planned unit development with respect to all of such land; or (ii) in connection with the issuance of building permits or final certificates of occupancy with respect to all of such land; or (iii) if not approved pursuant to (i) and (ii) of this subsection (7)(e), then pursuant to such other procedures as such city, town, or county may have established for the approval of a binding site plan;

(8) A division for the purpose of leasing land for facilities providing personal wireless services while used for that purpose.

"Personal wireless services" means any federally licensed personal wireless service. "Facilities" means unstaffed facilities that are used for the transmission or reception, or both, of wireless communication services including, but not necessarily limited to, antenna arrays, transmission cables, equipment shelters, and support structures; and

(9) A division of land into lots or tracts of less than three acres that is recorded in accordance with chapter 58.09 RCW and is used or to be used for the purpose of establishing a site for construction and operation of consumer-owned or investor-owned electric utility facilities. For purposes of this subsection, "electric utility facilities" means unstaffed facilities, except for the presence of security personnel, that are used for or in connection with or to facilitate the transmission, distribution, sale, or furnishing of electricity including, but not limited to, electric power substations. This subsection does not exempt a division of land from the zoning and permitting laws and regulations of cities, towns, counties, and municipal corporations. Furthermore, this subsection only applies to electric utility facilities that will be placed into service to meet the electrical needs of a utility's existing and new customers. New customers are defined as electric service locations not already in existence as of the date that electric utility facilities subject to the provisions of this subsection are planned and constructed.

Sec. 3. RCW 35.21.684 and 2009 c 79 s 1 are each amended to read as follows:

(1) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any city or town may require that:

(a) A manufactured home be a new manufactured home;

(e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

A city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. This does not preclude a city or town from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety,

or other local ordinances or state laws related to manufactured/mobile homes.

(3) Except as provided under subsection (4) of this section, a city or town may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle or tiny house with wheels as defined in section 5 of this act used as a primary residence in manufactured/mobile home communities.

(4) Subsection (3) of this section does not apply to any local ordinance or state law that:

(a) Imposes fire, safety, or other regulations related to recreational vehicles;

(b) Requires utility hookups in manufactured/mobile home communities to meet state or federal building code standards for manufactured/mobile home communities; or

(c) Includes both of the following provisions:

(i) A recreational vehicle or tiny house with wheels as defined in section 5 of this act must contain at least one internal toilet and at least one internal shower; and

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, “manufactured/mobile home community” has the same meaning as in RCW 59.20.030.

(6) This section does not override any legally recorded covenants or deed restrictions of record.

(7) This section does not affect the authority granted under chapter 43.22 RCW.

Sec. 4. RCW 43.22.450 and 2001 c 335 s 8 are each amended to read as follows:

Whenever used in RCW 43.22.450 through 43.22.490:

(1) “Department” means the Washington state department of labor and industries;

(2) “Approved” means approved by the department;

(3) “Factory built housing” means any structure, including a factory built tiny house with or without a chassis (wheels), designed primarily for human occupancy other than a manufactured or mobile home the structure or any room of which is either entirely or substantially prefabricated or assembled at a place other than a building site;

(4) “Install” means the assembly of factory built housing or factory built commercial structures at a building site;

(5) “Building site” means any tract, parcel or subdivision of land upon which factory built housing or a factory built commercial structure is installed or is to be installed;

(6) “Local enforcement agency” means any agency of the governing body of any city or county which enforces laws or ordinances governing the construction of buildings;

(7) “Commercial structure” means a structure designed or used for human habitation, or human occupancy for industrial, educational, assembly, professional or commercial purposes.

NEW SECTION. Sec. 5. A new section is added to chapter 35.21 RCW to read as follows:

(1) A city or town may adopt an ordinance to regulate the creation of tiny house communities.

(2) The owner of the land upon which the community is built shall make reasonable accommodation for utility hookups for the provision of water, power, and sewerage services and comply with all other duties in chapter 59.20 RCW.

(3) Tenants of tiny house communities are entitled to all rights and subject to all duties and penalties required under chapter 59.20 RCW.

(4) For purposes of this section:

(a) “Tiny house” and “tiny house with wheels” means a dwelling to be used as permanent housing with permanent provisions for living, sleeping, eating, cooking, and sanitation built in accordance with the state building code.

(b) “Tiny house communities” means real property rented or held out for rent to others for the placement of tiny houses with wheels or tiny houses utilizing the binding site plan process in RCW 58.17.035.

Sec. 6. RCW 19.27.035 and 2018 c 207 s 2 are each amended to read as follows:

The building code council shall:

(1)(a) By July 1, 2019, adopt a revised process for the review of proposed statewide amendments to the codes enumerated in RCW 19.27.031; and

~~((2))~~ (b) Adopt a process for the review of proposed or enacted local amendments to the codes enumerated in RCW 19.27.031 as amended and adopted by the state building code council.

(2) By December 31, 2019, adopt building code standards specific for tiny houses.

Sec. 7. RCW 35.21.278 and 2012 c 218 s 1 are each amended to read as follows:

The contracting association may use volunteers in the project and provide the volunteers with clothing or tools; meals or refreshments; accident/injury insurance coverage; and reimbursement of their expenses. The consideration to be received by the public entity through the value of the improvements, artworks, equipment, or maintenance shall have a value at least equal to three times that of the payment to the contracting association. MESSAGE FROM THE HOUSE

April 9, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5405 with the following amendment(s): 5405-S AMH HCW H2549.2

Strike everything after the enacting clause and insert the following:

“NEW SECTION. **Sec. 1. FINDINGS.** (1) The legislature finds that a mental or physical disability does not diminish a person’s right to health care including organ transplantation.

(2) The legislature finds that the Americans with disabilities act of 1990 prohibits discrimination against persons with disabilities, yet many individuals with disabilities still experience discrimination in accessing critical health care services.

(3) The legislature finds that although organ transplant centers must consider medical and psychosocial criteria when determining if a patient is suitable to receive an organ transplant, transplant centers that participate in medicare, medicaid, and other federal funding programs are required to use patient selection criteria that result in a fair and nondiscriminatory distribution of organs.

(4) The legislature finds that Washington residents in need of organ transplants are entitled to assurances that they will not encounter discrimination on the basis of a disability.

NEW SECTION. **Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) “Anatomical gift” has the same meaning as provided in RCW 68.64.010.

(2) “Auxiliary aids and services” include, but are not limited to:

(a) Qualified interpreters or other effective methods of making aurally delivered materials available to individuals with hearing impairments;

(b) Qualified readers, taped texts, or other effective methods of making visually delivered materials available to individuals with visual impairments;

(c) Provision of information in a format that is accessible for individuals with cognitive, neurological, developmental, and/or intellectual disabilities;

(d) Provision of supported decision-making services; and

(e) Acquisition or modification of equipment or devices.

(3) “Covered entity” means:

(a) Any licensed provider of health care services, including licensed health care practitioners, hospitals, nursing facilities, laboratories, intermediate care facilities, psychiatric residential treatment facilities, institutions for individuals with intellectual or developmental disabilities, and prison health centers; or

(b) Any entity responsible for matching anatomical gift donors to potential recipients.

(4) “Disability” has the same meaning as provided in the Americans with disabilities act of 1990, as amended by the Americans with disabilities act amendments act of 2008, 42 U.S.C. Sec. 12102.

(5) “Qualified individual” means an individual who, with or without the support networks available to them, provision of auxiliary aids and services, and/or reasonable modifications to policies or practices, meets the essential eligibility requirements for the receipt of an anatomical gift.

(6) “Reasonable modifications to policies or practices” include, but are not limited to:

(a) Communication with individuals responsible for supporting an individual with postsurgical and posttransplantation care, including medication; and

(b) Consideration of support networks available to the individual, including family, friends, and home and community-based services, including home and community-based services funded through medicaid, medicare, another health plan in which the individual is enrolled, or any program or source of funding available to the individual, in determining whether the individual is able to comply with posttransplant medical requirements.

(7) “Supported decision making” means the use of a support person to assist an individual in making medical decisions, communicate information to the individual, or ascertain an individual’s wishes. “Supported decision making” may include:

(a) The inclusion of the individual’s attorney-in-fact, health care proxy, or any person of the individual’s choice in communications about the individual’s medical care;

(b) Permitting the individual to designate a person of their choice for the purposes of supporting that individual in communicating, processing information, or making medical decisions;

(c) Providing auxiliary aids and services to facilitate the individual's ability to communicate and process health-related information, including use of assistive communication technology;

(d) Providing information to persons designated by the individual, consistent with the provisions of the health insurance portability and accountability act of 1996, 42 U.S.C. Sec. 1301 et seq., and other applicable laws and regulations governing disclosure of health information;

(e) Providing health information in a format that is readily understandable by the individual; and

(f) Working with a court-appointed guardian or other individual responsible for making medical decisions on behalf of the individual, to ensure that the individual is included in decisions involving his or her own health care and that medical decisions are in accordance with the individual's own expressed interests.

NEW SECTION. Sec. 3. PROHIBITION OF DISCRIMINATION. (1) A covered entity may not, solely on the basis of a qualified individual's mental or physical disability:

(a) Deem an individual ineligible to receive an anatomical gift or organ transplant;

(b) Deny medical or related organ transplantation services, including evaluation, surgery, counseling, and postoperative treatment and care;

(c) Refuse to refer the individual to a transplant center or other related specialist for the purpose of evaluation or receipt of an organ transplant;

(d) Refuse to place an individual on an organ transplant waiting list, or placement of the individual at a lower-priority position on the list than the position at which he or she would have been placed if not for his or her disability; or

(e) Decline insurance coverage for any procedure associated with the receipt of the anatomical gift, including posttransplantation care.

(2) Notwithstanding subsection (1) of this section, a covered entity may take an individual's disability into account when making treatment and/or coverage recommendations or decisions, solely to the extent that the physical or mental disability has been found by a physician, following an individualized evaluation of the potential recipient, to be medically significant to the provision of the anatomical gift. The provisions of this section may not be deemed to require referrals or recommendations for, or the performance of, medically inappropriate organ transplants.

(3) If an individual has the necessary support system to provide reasonable assurance that she or he will comply with posttransplant medical requirements, an individual's inability to independently comply with those requirements may not be deemed to be medically significant for the purposes of subsection (2) of this section.

(4) A covered entity must make reasonable modifications to policies, practices, or procedures, when such modifications are necessary to make services such as transplantation-related counseling, information, coverage, or treatment available to qualified individuals with disabilities, unless the entity can demonstrate that making such modifications would fundamentally alter the nature of such services.

(5) A covered entity must take such steps as may be necessary to ensure that no qualified individual with a disability is denied services such as transplantation-related counseling, information, coverage, or treatment because of the absence of auxiliary aids

and services, unless the entity can demonstrate that taking such steps would fundamentally alter the nature of the services being offered or would result in an undue burden.

(6) A covered entity must otherwise comply with the requirements of Titles II and III of the Americans with disabilities act of 1990 and the Americans with disabilities act amendments act of 2008.

(7) The provisions of this section apply to each part of the organ transplant process.

NEW SECTION. Sec. 4. ENFORCEMENT. (1) Any individual who has been subjected to discrimination in violation of this chapter may initiate a civil action in a court of competent jurisdiction to enjoin further violations and recover the cost of the suit including reasonable attorneys' fees.

(2) The court must accord priority on its calendar and expeditiously proceed with an action brought under this chapter.

(3) Nothing in this section is intended to limit or replace available remedies under the Americans with disabilities act of 1990 and the Americans with disabilities act amendments act of 2008 or any other applicable law.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 68 RCW."

Correct the title.

MESSAGE FROM THE HOUSE

April 11, 2019

MR. PRESIDENT:

The House passed SENATE BILL NO. 5415 with the following amendment(s): 5415 AMH HCW H2616.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) As set forth in 25 U.S.C. Sec. 1602, it is the policy of the nation, in fulfillment of its special trust responsibilities and legal obligations to American Indians and Alaska Natives, to:

(i) Ensure the highest possible health status for American Indians and Alaska Natives and to provide all resources necessary to effect that policy;

(ii) Raise the health status of American Indians and Alaska Natives to at least the levels set forth in the goals contained within the healthy people 2020 initiative or successor objectives; and

(iii) Ensure tribal self-determination and maximum participation by American Indians and Alaska Natives in the direction of health care services so as to render the persons administering such services and the services themselves more responsive to the needs and desires of tribes and American Indian and Alaska Native communities;

(b) According to the northwest tribal epidemiology center and the department of health, American Indians and Alaska Natives in the state experience some of the greatest health disparities compared to other groups, including excessively high rates of:

(i) Premature mortality due to suicide, overdose, unintentional injury, and various chronic diseases; and

(ii) Asthma, coronary heart disease, hypertension, diabetes, prediabetes, obesity, dental caries, poor mental health, youth depressive feelings, cigarette smoking and vaping, and cannabis use;

(c) These health disparities are a direct result of both historical trauma, leading to adverse childhood experiences across multiple generations, and inadequate levels of federal funding to the Indian health service;

(d) Under a 2016 update in payment policy from the centers for medicare and medicaid services, the state has the opportunity to shift more of the cost of care for American Indian and Alaska Native medicaid enrollees from the state general fund to the federal government if all of the federal requirements are met;

(e) Because the federal requirements to achieve this cost shift and obtain the new federal funds place significant administrative burdens on Indian health service and tribal health facilities, the state has no way to shift these costs of care to the federal government unless the state provides incentives for tribes to take on these administrative burdens; and

(f) The federal government’s intent for this update in payment policy is to help states, the Indian health service, and tribes to improve delivery systems for American Indians and Alaska Natives by increasing access to care, strengthening continuity of care, and improving population health.

(2) The legislature, therefore, intends to:

(a) Establish that it is the policy of this state and the intent of this chapter, in fulfillment of the state’s unique relationships and shared respect between sovereign governments, to:

(i) Recognize the United States’ special trust responsibility to provide quality health care and allied health services to American Indians and Alaska Natives, including those individuals who are residents of this state; and

(ii) Implement the national policies of Indian self-determination with the goal of reducing health inequities for American Indians and Alaska Natives;

(b) Establish the governor’s Indian health advisory council to:

(i) Adopt a biennial Indian health improvement advisory plan, developed by the reinvestment committee;

(ii) Address issues with tribal implications that are not able to be resolved at the agency level; and

(iii) Provide oversight of the Indian health improvement reinvestment account;

(c) Establish the Indian health improvement reinvestment account in order to provide incentives for tribes to assume the administrative burdens created by the federal requirements for the state to shift health care costs to the federal government;

(d) Appropriate and deposit into the reinvestment account all of the new state savings, subject to federal appropriations and less agreed upon administrative costs to maintain fiscal neutrality to the state general fund; and

(e) Require the funds in the reinvestment account to be spent only on costs for projects, programs, or activities identified in the advisory plan.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(18) "Urban Indian" means any individual who resides in an urban center and is: (a) A member of a tribe terminated since 1940 and those tribes recognized now or in the future by the state in which they reside, or who is a descendant, in the first or second degree, of any such member; (b) an Eskimo or Aleut or other Alaska Native; (c) considered by the secretary of the interior to be an Indian for any purpose; or (d) considered by the United States secretary of health and human services to be an Indian for purposes of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5433 with the following amendment(s): 5433-S2 AMH CWD H2640.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** 2017 c 120 s 1 (uncodified) is amended to read as follows:"

(1) The legislature finds that studies clearly and consistently demonstrate that incarcerated adults who obtain ~~((associate degree))~~ postsecondary education and training are more likely to be employed following release, which leads to a dramatic

reduction in recidivism rates, significant improvements in public safety, and a major return on investment. The legislature finds that reducing recidivism would decrease the financial burden to taxpayers and the emotional burden of victims.

(2) The legislature finds that research indicates that ~~((associate degree))~~ postsecondary education and training is an effective evidence-based practice for reducing recidivism. An analysis commissioned by the United States department of justice determined that adults who received such education while incarcerated were forty-three percent less likely to recidivate.

(3) Ninety-five percent of incarcerated adults ultimately return to their communities to obtain employment and contribute to society. The legislature finds that according to the bureau of labor statistics, unemployment rates for people with only a high school education are twice that of those with an associate degree. Research has shown that adults who participated in such education while incarcerated were thirteen percent more likely to be employed.

(4) The legislature further finds that correctional education is cost-effective. A 2014 study by the Washington state institute for public policy estimated that the state received a return on investment of twenty dollars for every dollar invested in correctional education.

(5) It is the intent of the legislature to enhance public safety ~~((by reducing)), reduce crime ((and increasing)), and increase employment rates in a cost-effective manner by ((authorizing associate degree))~~ exploring benefits and costs associated with providing postsecondary education degree opportunities and training ((of)) to incarcerated adults through expanded partnerships between the community and technical colleges and the department of corrections.

(6) ~~((The legislature does not intend to provide additional funding to the department of corrections with chapter 120, Laws of 2017 and intends that the department of corrections incorporate associate degree education into its available educational and vocational opportunities for offenders within existing funds set aside for this purpose.))~~ It is the intent of the legislature to support exploring the use of secure internet connections expressly for the purposes of furthering postsecondary education degree opportunities and training of incarcerated adults. The legislature intends for the department to be able to provide complete assurance that all offender-used internet connections are secure.

NEW SECTION. Sec. 2. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of corrections, the state board for community and technical colleges, and the office of the chief information officer shall submit, in compliance with RCW 43.01.036, a report to the governor and the appropriate committees of the legislature by December 1, 2019, including the following:

(a) A plan for implementing secure internet connections to achieve the purposes of this act;

(b) The barriers and costs associated with implementing secure internet connections for the purpose of postsecondary education and training of incarcerated individuals;

(c) A review of the fiscal impacts, including any estimated capital and operating costs associated with expanding current educational opportunities to include providing postsecondary education degree opportunities and training to incarcerated adults through expanded partnerships between the community and technical colleges and the department of corrections;

(d) A plan for implementing the expansion of postsecondary education degree opportunities, specifying the estimated period of time necessary for implementation, within the estimated costs associated with the fiscal impacts reviewed in (c) of this subsection.

(2) The department may conduct a proof of concept pilot at one correctional institution for a new secure internet connection for offender postsecondary education. Results of the proof of concept pilot must be used to inform the report required in subsection (1) of this section.

(3) This section expires December 31, 2019.”

MESSAGE FROM THE HOUSE

April 11, 2019

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5437 with the following amendment(s): 5437-S2 AMH HSEL H2492.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that the family income eligibility limit of one hundred ten percent of the federal poverty level for the early childhood education and assistance program hinders the state’s ability to recruit and enroll qualified families, particularly in rural areas of the state and in tribal communities. This income barrier results in unused preschool slots and growing waiting lists of children who are from low-income families but who are over the established income limits. Therefore, the legislature intends to keep the qualifying income for the early childhood education and assistance program at one hundred ten percent of the federal poverty level for the purposes of entitlement caseload forecasting and allow for the flexibility to serve additional children with family incomes up to two hundred percent of the federal poverty level.

Sec. 2. RCW 43.216.505 and 2017 3rd sp.s. c 6 s 210 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.216.500 through 43.216.559, 43.216.900, and 43.216.901.

(3) “Comprehensive” means an assistance program that focuses on the needs of the child and includes education, health, and family support services.

(4) “Eligible child” means a three to five-year old child who is not age-eligible for kindergarten ((whose)), is not a participant in a federal or state program providing comprehensive services, and who:

(a) Has a family income ((is)) at or below one hundred ten percent of the federal poverty level, as published annually by the federal department of health and human services((-and includes a child whose family is eligible for public assistance, and who is not a participant in a federal or state program providing comprehensive services)); ((a child))

(b) Is eligible for special education due to disability under RCW 28A.155.020; ((and may include children who are eligible)) or

(c) Meets criteria under rules adopted by the department if the number of such children equals not more than ten percent of the total enrollment in the early childhood program. ((Priority)) Preference for enrollment in this group shall be given to children from families with the lowest income, children in foster care, or to eligible children from families with multiple needs.

(5) “Family support services” means providing opportunities for parents to:

(a) Actively participate in their child’s early childhood program;

~~(3) ((For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.~~

~~(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all day kindergarten programs under RCW 28A.150.315.~~

MESSAGE FROM THE HOUSE

April 11, 2019

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5438 with the following amendment(s): 5438-S2.E AMH APP H2885.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that the agricultural industry in the state of Washington employs more than one hundred thousand workers per year and brings more than seven billion dollars of economic activity to our state. This industry and its workers are a vital part of Washington’s role in the global economy. The legislature further finds the number of the H-2A temporary agricultural workers coming into the state of Washington to harvest crops has grown by more than one

thousand percent since 2007 and the funding provided by the federal government is insufficient to adequately ensure the protection of workers and growers. The legislature also finds the need to ensure this growth does not have an adverse impact on the domestic agricultural labor force.

The legislature declares it to be in the public interest to clarify the state’s role in the H-2A temporary agricultural program to provide adequate protections for foreign and domestic workers and provide education and outreach opportunities to help growers maintain the stable workforce they need.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) “Commissioner” means the commissioner of the employment security department.

(2) “Department” means the employment security department.

The applicant's constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045, or is prohibited from possessing a firearm under federal law;

(b) The applicant's concealed pistol license is in a revoked status;

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the attorney general under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2)(a) The issuing authority shall conduct a check through the national instant criminal background check system, the Washington state patrol electronic database, the health care authority electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm, or is prohibited from possessing a firearm under federal law, and therefore ineligible for a concealed pistol license.

(b) The issuing authority shall deny a permit to anyone who is found to be prohibited from possessing a firearm under federal or state law.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The application shall contain questions about the applicant's eligibility under RCW 9.41.040 and federal law to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen. The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the federal bureau of investigation that are passed on to the applicant. The fee shall be distributed as follows:

(i) Three dollars shall be deposited in the state wildlife account and used exclusively first for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the department of fish and wildlife. The pamphlet shall be given to each applicant for a license; and

(ii) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(b) Beginning with concealed pistol licenses that expire on or after August 1, 2018, the department of licensing shall mail a renewal notice approximately ninety days before the license expiration date to the licensee at the address listed on the concealed pistol license application, or to the licensee's new address if the licensee has notified the department of licensing of a change of address. MESSAGE FROM THE HOUSE

April 10, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5550 with the following amendment(s): 5550-S AMH LAWS H2696.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) In 2018, the legislature passed Engrossed Second Substitute Senate Bill No. 6529. The bill recognized that farmers, farmworkers, and the broader community share an interest in minimizing human exposure to pesticides. It also recognized that gains have been made in reducing human exposure to pesticides and that collaboration between state agencies and the farming community could further reduce agricultural workers exposure to pesticide drift.

(2) The legislation established a pesticide application safety work group that would make recommendations for improving pesticide application safety. Work group members included legislators from both chambers and caucuses, as well as representation from state agencies and the commission on Hispanic affairs. The work group sought public participation to learn more about pesticide application safety. Many stakeholders including but not limited to local farm hosts, the agricultural industry, and members of the agricultural workforce contributed valuable assistance and input.

(3) The work group reached two noteworthy recommendations regarding what can be done now to improve pesticide application safety. The recommendations are to:

(a) Expand training because the department of agriculture lacks sufficient resources to meet the training demand from pesticide applicators and handlers; and

(b) Establish a new pesticide application safety panel to provide an opportunity to evaluate and recommend policy options, and investigate exposure cases.

(4) The work group concluded that legislation is warranted to expand funding for a training program and set up a new pesticide application safety panel with clear objectives.

(5) This section expires July 1, 2025.

NEW SECTION. Sec. 2. A new section is added to chapter 70.104 RCW to read as follows:

(1) The pesticide application safety committee is established. Appointments to the committee must be made as soon as possible after the legislature convenes in regular session. The committee is composed of the following members:

(a) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(b) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(c) The director of the department of agriculture, or an assistant director designated by the director;

(d) The secretary of the department of health, or an assistant secretary designated by the secretary;

(e) The director of the department of labor and industries, or an assistant director designated by the director;

(f) The commissioner of public lands, or an assistant commissioner designated by the commissioner;

(g) The dean of the college of agricultural, human, and natural resource sciences at the Washington State University, or an assistant dean designated by the dean;

(h) The pesticide safety education coordinator at the Washington State University cooperative extension; and

(i) The director of the University of Washington Pacific Northwest agricultural safety and health center, or an assistant designated by the director.

(2) The committee shall be cochaired by the secretary of the department of health, or the assistant secretary designated by the secretary, and the director of the department of agriculture, or the assistant director designated by the director.

(3) Primary responsibility for administrative support for the committee, including developing reports, research, and other organizational support, shall be provided by the department of health and the department of agriculture. The committee must hold its first meeting by September 2019. The committee must meet at least three times each year. The meetings shall be at a time and place specified by the cochaairs, or at the call of a majority of the committee. When determining the time and place of meetings, the cochaairs must consider costs and conduct committee meetings in Olympia when this choice would reduce costs to the state.

(4)(a) An advisory work group is created to collect information and make recommendations to the full committee on topics requiring unique expertise and perspectives on issues within the jurisdiction of the committee.

(b) The advisory work group shall consist of a representative from the department of agriculture, two representatives of employee organizations that represent farmworkers, two farmworkers with expertise on pesticide application, a representative of community and migrant health centers, a toxicologist, a representative of growers who use air blast sprayers, a representative of growers who use aerial pesticide application, a representative of growers who use fumigation to apply pesticides, and a representative of aerial applicators. The secretary of health, in consultation with the director of the department of agriculture and the full committee, must appoint members of the advisory work group, and the department of health must staff the advisory work group. The letter of appointment to the advisory work group members must be signed by both cochaairs.

(c) The advisory work group must hold meetings only upon the committee's request. To reduce costs, the advisory work group must conduct meetings using teleconferencing or other methods, but may hold one in-person meeting per fiscal year.

(d) Members of the advisory work group shall be reimbursed for mileage expenses in accordance with RCW 43.03.060.

(e) The advisory work group must provide a report on their activities and recommendations to the full committee by November 9th of each year.

(5) The first priority of the committee is to explore how the departments of agriculture, labor and industries, and health, and the Washington poison center collect and track data. The committee must also consider the feasibility and requirements of developing a shared database, including how the department of health could use existing tools, such as the tracking network, to better display multiagency data regarding pesticides. The committee may also evaluate and recommend policy options that would take action to:

(a) Improve pesticide application safety with agricultural applications;

(b) Lead an effort to establish baseline data for the type and quantity of pesticide applications used in Washington to be able to compare the number of exposures with overall number of applications;

(c) Research ways to improve pesticide application communication among different members of the agricultural community, including educating the public in English and Spanish about acute and chronic health information about pesticides;

(d) Compile industry's best practices for use to improve pesticide application safety to limit pesticide exposure;

(e) Continue to investigate reasons why members of the agricultural workforce do not or may not report pesticide exposure;

(f) Explore new avenues for reporting with investigation without fear of retaliation;

(g) Work with stakeholders to consider trainings for how and when to report;

(h) Explore incentives for using new technology by funding a partial buy-out program for old spray technology;

(i) Consider developing an effective community health education plan;

(j) Consult with community partners to enhance educational initiatives that work with the agricultural workforce, their families, and surrounding communities to reduce the risk of pesticide exposure;

(k) Enhance efforts to work with pesticide manufacturers and the environmental protection agency to improve access to non-English pesticide labeling in the United States;

(l) Work with research partners to develop, or promote the use of translation apps for pesticide label safety information, or both;

(m) Evaluate prevention techniques to minimize exposure events;

(n) Develop more Spanish language and other language educational materials for distribution, including through social media and app-based learning for agricultural workforce communities;

(o) Explore development of an agricultural workforce education safety program to improve the understanding about leaving an area being sprayed; and

(p) Work with the industry and the agricultural workforce to improve protocols and best practices for use of personal safety equipment for applicators and reflective gear for the general workforce.

(6) The committee must provide a report to the appropriate committees of the legislature by May 1, 2020, and each year thereafter. An initial report on the progress of the committee must be provided in January 2020. The report may include recommendations the committee determines necessary, and must document the activities of the committee and report on the subjects listed in subsection (5) of this section. The department of health and the department of agriculture must provide staff support to the committee for the purpose of authoring the report and transmitting it to the legislature. Any member of the committee may provide a minority report as an appendix to the report submitted to the legislature under this section.

(7) This section expires July 1, 2025."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 9, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5723 with the following amendment(s): 5723-S AMH TR H2751.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that a number of the collision types that have resulted in a high number of serious injuries and deaths of vulnerable roadway users can be associated with certain types of traffic infractions. To address the heightened risk to vulnerable roadway users when violations of these traffic infractions occur, the legislature intends to: (1) Introduce an additional fine as a penalty for drivers who commit these violations against a vulnerable roadway user; (2) modify when certain vulnerable roadway users may be passed by motor vehicles; and (3) clarify when and how pedestrians and bicyclists may use the roadway. To increase enforcement of all traffic infractions and offenses committed against vulnerable roadway users, the legislature intends for revenue that is collected from the new fine to be dedicated to the education of law enforcement officers, prosecutors, and judges about opportunities for the enforcement of traffic violations committed against vulnerable roadway users, with any remaining funds to be used to increase awareness by the public of the risks and penalties associated with these traffic violations. The goals of this act are to achieve a reduction in the frequency with which drivers violate traffic laws that endanger vulnerable roadway users and to encourage safe sharing of the roadway by drivers, bicyclists, pedestrians, and other vulnerable roadway users.

Sec. 2. RCW 46.04.071 and 2018 c 60 s 2 are each amended to read as follows:

“Bicycle” means every device propelled solely by human power, or an electric-assisted bicycle as defined in RCW 46.04.169, upon which a person or persons may ride, having two tandem wheels either of which is sixteen inches or more in diameter, or three wheels, any one of which is ~~((more than))~~ twenty inches or more in diameter.

Sec. 3. RCW 46.61.110 and 2005 c 396 s 1 are each amended to read as follows:

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction ~~((subject to those limitations, exceptions and special rules hereinafter stated))~~:

(1)(a) The driver of a vehicle overtaking other traffic proceeding in the same direction shall pass to the left ~~((thereof))~~ of it at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken traffic.

(b)(i) When the vehicle being overtaken is a motorcycle, motor-driven cycle, or moped, a driver of a motor vehicle found to be in violation of (a) of this subsection must be assessed an additional fine equal to the base penalty assessed under RCW

46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(A) When there is sufficient room to the left of the individual in the lane for traffic moving in the direction of travel, before passing and until safely clear of the individual:

(I) Reduce speed to a safe speed for passing relative to the speed of the individual; and

(II) Pass at a safe distance, where practicable of at least three feet, to clearly avoid coming into contact with the individual or the individual’s vehicle or animal; or

(B) When there is insufficient room to the left of the individual in the lane for traffic moving in the direction of travel to comply with (a)(ii)(A) of this subsection, before passing and until safely clear of the individual, move completely into the lane for traffic moving in the opposite direction when it is safe to do so and in compliance with RCW 46.61.120 and 46.61.125.

(b) A driver of a motor vehicle found to be in violation of this subsection (2) must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). (2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an

overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(4)(a) When the vehicle being followed is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). (2)(a) When the vehicle approaching from the opposite direction within the intersection or so close that it constitutes an immediate hazard is a vulnerable user of a public way, a driver of a motor vehicle found to be in violation of this section must be assessed an additional fine equal to the base penalty assessed under RCW 46.63.110(3). This fine may not be waived, reduced, or suspended, unless the court finds the offender to be indigent, and is not subject to the additional fees and assessments that the base penalty for this violation is subject to under RCW 2.68.040, 3.62.090, and 46.63.110.

(3) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and if required for safety to stop, shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and then after slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways: PROVIDED, That if such a driver is involved in a collision with a vehicle in the intersection or junction of roadways, after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of the driver's failure to yield right-of-way.

(5) Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or parts of roadways set aside for the exclusive use of bicycles.

Sec. 11. RCW 3.62.090 and 2004 c 15 s 5 are each amended to read as follows:

(1) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions, by all courts organized under Title 3 or 35 RCW a public safety and education assessment equal to seventy percent of such fines, forfeitures, or penalties, which shall be remitted as provided in chapters 3.46, 3.50, 3.62, and 35.20 RCW. The additional assessment required by this subsection shall not be suspended or waived by the court.

(3) This section does not apply to the fee imposed under RCW 46.63.110(7), the penalty imposed under RCW 46.63.110(8), the additional fine imposed under RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205, or the penalty assessment imposed under RCW 10.99.080.

Sec. 12. RCW 2.68.040 and 1994 c 8 s 2 are each amended to read as follows:

(1) To support the judicial information system account provided for in RCW 2.68.020, the supreme court may provide by rule for an increase in fines, penalties, and assessments, and the increased amount shall be forwarded to the state treasurer for deposit in the account:

(a) Pursuant to the authority of RCW 46.63.110~~((2))~~ (3), the sum of ten dollars to any penalty collected by a court pursuant to supreme court infraction rules for courts of limited jurisdiction;

(b) Pursuant to RCW 3.62.060, a mandatory appearance cost in the initial sum of ten dollars to be assessed on all defendants; and

(c) Pursuant to RCW 46.63.110(~~((5))~~) (6), a ten-dollar assessment for each account for which a person requests a time payment schedule.

(2) Notwithstanding a provision of law or rule to the contrary, the assessments provided for in this section may not be waived or suspended and shall be immediately due and payable upon forfeiture, conviction, deferral of prosecution, or request for time payment, as each shall occur.

(3) The supreme court is requested to adjust these assessments for inflation.

(4) This section does not apply to the additional monetary fine under RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205.

Sec. 13. RCW 46.63.110 and 2012 c 82 s 1 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's

privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(11) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that the ability of government to fulfill its constitutional and statutory responsibilities by continuing to conduct essential functions and services during the periods of significant disruption that follow catastrophic incidents requires both continuity of operations planning by individual agencies and continuity of government planning by state and local government. It is the intent of the legislature that all levels and branches of government, both state and local, take appropriate action to cooperatively conduct appropriate planning and preparation for continuity of operations and government to assist in fulfilling these responsibilities.

Sec. 2. RCW 38.52.010 and 2017 c 312 s 3 are each amended to read as follows:

As used in this chapter:

(b) “Catastrophic incident” does not include an event resulting from individuals exercising their rights, under the first amendment, of freedom of speech, and of the people to peaceably assemble.

Continuity of government planning is intended to

preserve the constitutional and statutory authority of elected officials at the state and local level and provide for the continued performance of essential functions and services by each level and branch of government.

(4) “Continuity of operations planning” means the internal effort of an organization to ((assure)) provide that the capability exists to continue essential functions and services in response to a comprehensive array of potential emergencies or disasters.

((3)) (5) “Department” means the state military department.

((4)) (6) “Director” means the adjutant general.

((5)) (7) “Emergency management” or “comprehensive emergency management” means the preparation for and the carrying out of all emergency functions, other than functions for which the military forces are primarily responsible, to mitigate, prepare for, respond to, and recover from emergencies and disasters, and to aid victims suffering from injury or damage, resulting from disasters caused by all hazards, whether natural, technological, or human caused, and to provide support for search and rescue operations for persons and property in distress. However, “emergency management” or “comprehensive emergency management” does not mean preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack.

((6)) (8)(a) “Emergency or disaster” as used in all sections of this chapter except RCW 38.52.430 ((shall)) means an event or set of circumstances which: (i) Demands immediate action to preserve public health, protect life, protect public property, or to provide relief to any stricken community overtaken by such occurrences; or (ii) reaches such a dimension or degree of destructiveness as to warrant the governor ((declaring)) proclaiming a state of emergency pursuant to RCW 43.06.010.

(b) “Emergency” as used in RCW 38.52.430 means an incident that requires a normal police, coroner, fire, rescue, emergency medical services, or utility response as a result of a violation of one of the statutes enumerated in RCW 38.52.430.

((7)) (9) “Emergency response” as used in RCW 38.52.430 means a public agency’s use of emergency services during an emergency or disaster as defined in subsection ((6)) (8)(b) of this section.

((8)) (10) “Emergency worker” means any person who is registered with a local emergency management organization or the department and holds an identification card issued by the local emergency management director or the department for the purpose of engaging in authorized emergency management activities or is an employee of the state of Washington or any political subdivision thereof who is called upon to perform emergency management activities.

((9)) (11) “Executive head” and “executive heads” means the county executive in those charter counties with an elective office of county executive, however designated, and, in the case of other counties, the county legislative authority. In the case of cities and towns, it means the mayor in those cities and towns with mayor-council or commission forms of government, where the mayor is directly elected, and it means the city manager in those cities and towns with council manager forms of government. MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5151 with the following amendment(s): 5151-S AMH APP H2811.1

Strike everything after the enacting clause and insert the following:

“**Sec. 1.** RCW 43.21B.005 and 2018 c 22 s 10 are each amended to read as follows:

(1) There is created an environmental and land use hearings office of the state of Washington. The environmental and land use hearings office consists of the pollution control hearings board created in RCW 43.21B.010, the shorelines hearings board created in RCW 90.58.170, and the growth management hearings board created in RCW 36.70A.250. The governor shall designate one of the members of the pollution control hearings board or growth management hearings board to be the director of the environmental and land use hearings office during the term of the governor. Membership, powers, functions, and duties of the pollution control hearings board, the shorelines hearings board, and the growth management hearings board shall be as provided by law.

(2) The director of the environmental and land use hearings office may appoint one or more administrative appeals judges in cases before the environmental boards and, with the consent of the chair of the growth management hearings board, one or more hearing examiners in cases before the land use board comprising the office. The administrative appeals judges shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, have a demonstrated knowledge of environmental law, and shall be admitted to the practice of law in the state of Washington. The hearing examiners possess the powers and duties provided for in RCW 36.70A.270.

(3) Administrative appeals judges are not subject to chapter 41.06 RCW. The administrative appeals judges appointed under subsection (2) of this section are subject to discipline and termination, for cause, by the director of the environmental and land use hearings office. Upon written request by the person so disciplined or terminated, the director of the environmental and land use hearings office shall state the reasons for such action in writing. The person affected has a right of review by the superior

court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

(4) The director of the environmental and land use hearings office may appoint, discharge, and fix the compensation of such administrative or clerical staff as may be necessary.

(5) The director of the environmental and land use hearings office may also contract for required services.

(6) The director of the environmental and land use hearings office must ensure that timely and accurate growth management hearings board rulings, decisions, and orders are made available to the public through searchable databases accessible through the environmental and land use hearings office web sites. To ensure uniformity and usability of searchable databases and web sites, the director must coordinate with the growth management hearings board, the department of commerce, and other interested stakeholders to develop and maintain a rational system of categorizing growth management hearings board rulings, decisions, and orders. The environmental and land use hearings office web sites must allow a user to search growth management hearings board decisions and orders by topic, party, and geographic location or by natural language. All rulings, decisions, and orders issued before January 1, 2019, must be published by June 30, 2021.

Sec. 2. RCW 36.70A.270 and 2010 c 211 s 6 and 2010 c 210 s 16 are each reenacted and amended to read as follows:

The growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of the board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. Each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. The principal office of the board shall be located in Olympia.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of the board shall constitute a quorum for adopting rules necessary for the conduct of its powers and duties or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may use one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The board shall specify in its rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners used by the board shall meet the requirements of

subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) The board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the regional panel deciding the particular case and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the board prescribes. The board shall develop and adopt rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals and the assignment of cases to regional panels. The board shall publish such rules (~~and decisions~~) it renders and arrange for the reasonable distribution of the rules (~~and decisions~~). Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the board.

(8) The board must ensure all rulings, decisions, and orders are available to the public through the environmental and land use hearings office's web sites as described in RCW 43.21B.005. To ensure uniformity and usability of searchable databases and web sites, the board shall coordinate with the environmental and land use hearings office, the department of commerce, and other interested stakeholders to develop and maintain a rational system of categorizing its decisions and orders.

(9) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The rules of practice of the board shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

~~((9))~~ (10) All members of the board shall meet on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

~~((40))~~ (11) The board shall annually elect one of its members to be the board administrative officer. The duties and responsibilities of the administrative officer include handling day-to-day administrative, budget, and personnel matters on behalf of the board, together with making case assignments to board members in accordance with the board's rules of procedure in order to achieve a fair and balanced workload among all board members. The administrative officer of the board may carry a reduced caseload to allow time for performing the administrative work functions.

MESSAGE FROM THE HOUSE

April 12, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5106 with the following amendment(s): 5106-S AMH APP H2847.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that residents of this state have been impacted by natural disasters such as floods, landslides, wildfires, and earthquakes and continue to be at risk from these and other natural disasters. In 2016, insured losses from natural disasters in the United States totaled almost twenty-four billion dollars. In 2015, Washington state had the largest wildfire season in state history, with more than one million acres burned and costing more than two hundred fifty-three million dollars. In 2017, four hundred four thousand two hundred twenty-three acres burned in Washington state and there were more than four hundred thirty national flood insurance program claims filed, totaling over seven million dollars.

The legislature finds that Washington state has the second highest earthquake risk in the nation, estimated by the federal emergency management agency to exceed four hundred thirty-eight million dollars per year. The 2001 Nisqually earthquake caused more than two billion dollars in damage. A Seattle fault earthquake will cause an estimated thirty-three billion dollars in damage, and a Cascadia subduction zone earthquake will cause an estimated amount of over forty-nine billion dollars in damage.

The legislature finds that it is critical to better prepare this state for disasters and to put in place strategies to mitigate the impacts of disasters. To address this critical need, the legislature is creating a work group to review disaster mitigation and preparation projects in this state and other states, make recommendations regarding how to coordinate and expand state efforts to mitigate the impacts of natural disasters, and evaluate whether an ongoing disaster resiliency program should be created.

NEW SECTION. Sec. 2. A new section is added to chapter 48.02 RCW to read as follows:

(1) A work group to study and make recommendations on natural disaster and resiliency activities is hereby created. The work group membership shall be composed of:

(5) The court may condition the appointment of a receiver upon the giving of security by the person seeking the receiver's appointment, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

NEW SECTION. **Sec. 15.** A new section is added to chapter 30B.10 RCW to read as follows:

EXAMINATIONS—REQUIREMENTS FOR DIRECT EXAMINATION OF THIRD-PARTY SERVICE PROVIDERS.

(1) The director shall visit each state trust company at least once every twenty-four months, and more often as determined by the director, for the purpose of making a full investigation into the condition of such state trust company.

(2) The director may make such other full or partial examinations as deemed necessary and may visit and examine any affiliate of a state trust company, obtain reports of condition for any such affiliate, and shall have full access to all the books, records, papers, securities, correspondence, bank accounts, and other papers of such business for such purposes.

(3) Before the director may issue notice of its intent to visit and directly examine a third-party service provider without a subpoena pursuant to RCW 30B.10.120, the director must find:

(a) That the third-party service provider either:

(i) Performs services for the state trust company that appear to be necessary for the state trust company to meet its fiduciary duty, operate in a safe and sound manner, or otherwise comply with this title and other applicable law; or

(ii) Appears that the state trust company cannot extricate itself from its client-vendor relationship without adverse material consequences or prolonged delay, including inability to timely find a replacement vendor as third-party service provider;

(b) That either:

(i) The information sought by the director cannot be otherwise accessed or verified by the records of the state trust company without direct examination of the records of the third-party service provider that relate to the state trust company; or

(ii) The third-party service provider manages an application, process, or system for the benefit of the state trust company, the integrity of which cannot be evaluated without direct examination; and

(c) That it appears prior to direct examination of the third-party service provider that an act or omission of the third-party service provider sought to be examined has resulted in a significant heightened risk of the state trust company not meeting its fiduciary duty, committing an unsafe practice or operating in an unsafe or unsound manner, or otherwise violating a provision of this title or other applicable law.

(4) Subject to notice to a state trust company and its third-party service provider accompanied by a written finding by the director that the conditions of subsection (3) of this section have been met, the director may visit and directly examine a third-party service provider of a state trust company in order to determine whether the state trust company, on account of an act or omission of the third-party service provider, is in compliance with this title and other applicable law including, without limitation, the provisions of chapter 30B.24 RCW. If prerequisites for direct examination of such third-party service provider conform to this subsection, then a subpoena pursuant to RCW 30B.10.120 shall not be required prior to a visitation and examination of such third-party service provider.

(5) Any willful false swearing in any examination is perjury in the second degree.

(6) The director may enter into cooperative and reciprocal agreements with the trust institution regulatory authorities of the United States and other states and United States territories, for the periodic examination of state trust institutions and their affiliates. The director may accept reports of examination and other records from such authorities in lieu of conducting his or her own examinations. The director may enter into joint actions with other regulatory bodies having concurrent jurisdiction or may enter into such actions independently to carry out his or her responsibilities under this title and assure compliance with the laws of Washington state.

(7) Copies from the records, books, and accounts of a state trust institution or its affiliate shall be competent evidence in all cases, equal with originals thereof, if there is attached to such copies ~~((an affidavit taken before a notary public or clerk of a court under seal.))~~ a declaration under penalty of perjury stating that the ~~((affiant))~~ declarant is the officer of the state trust institution or its affiliate having charge of the original records, and that the copy is true and correct and is full so far as the same relates to the subject matter therein mentioned.

(2) The requirements of subsection (1) of this section, as applicable to a state trust company, shall be at least partially contained in the state trust company's written statement of principles of trust management, the contents of which shall be subject to examination and approval by the department, and upon which the department may further examine a state trust company as to whether it is in compliance with such statement.

(3) A state trust company and, to the extent applicable, its affiliate, shall comply with standards for prudent management of third-party risk under applicable law or as the director may otherwise adopt by rule or by a written interpretive statement including, without limitation, management of third-party risk pursuant to section 46 of this act.

NEW SECTION. **Sec. 43.** A new section is added to chapter 30B.24 RCW to read as follows:

CONTENTS OF STATEMENT OF PRINCIPLES OF TRUST MANAGEMENT.

(1) The board of directors of a state trust company shall adopt a written statement of principles of trust management at its first organizational meeting or at a meeting of the board called for that purpose, which it must annually reaffirm by written vote, whether or not such statement is sought to be amended.

(2) The statement of principles of trust management shall set forth the minimum requirements for sound fiduciary management in the operation of a state trust company. Such minimum requirements shall provide for sound fiduciary practices in the operation of a state trust company and provide safeguards for the protection of fiduciary beneficiaries, principals of agency relationships, creditors, stockholders, and the public, and shall provide for:

(a) Involvement by the board of directors in providing for the establishment and continuing fiduciary operations;

(b) Operation of fiduciary activities separate and apart from every other activity of the state trust company, with trust assets separated from other assets owned by the state trust company, and the assets of each trust account separated from the assets of every other trust account; and

(c) Maintenance of separate books and records for the fiduciary business in sufficient detail to properly reflect all fiduciary activities.

(3) The statement of principles of trust management shall provide that the board of directors, by resolution included in its minutes:

(b) Define such officer's or manager's duties;

(c) Name a trust committee consisting of at least three directors to be responsible for and supervise the fiduciary activities of the state trust company or state banking institution, which shall include, if feasible, one or more directors who are not officers of the state trust company or state banking institution;

(d) Receive reports from such trust committee and record actions taken in its minutes;

(e) Review the examination reports of the state trust company by the department or other applicable financial services regulatory authority having jurisdiction over the state trust company; and

(f) Record all actions taken in its minutes.

(4) Nothing in this section is intended to prohibit the board of directors from authorizing itself to act as the trust committee, or from authorizing itself to appoint additional committees and officers to oversee account administration and the operation of the state trust company and its fiduciary activities.

(5) When such statement provides for delegating duties to a subcommittee or officers, the statement shall indicate that the board and the trust committee remain responsible for the oversight of all trust company and fiduciary activities. Such statement shall also reflect that sufficient reporting and monitoring procedures are required to fulfill this responsibility.

(6) The statement of principles of trust management shall provide that the trust committee:

(a) Meet at least quarterly, and more frequently if considered necessary and prudent to fulfill its supervisory responsibilities;

(b) Approve and document:

(i) The opening of all new fiduciary accounts;

(ii) Purchases and sales of, and changes in, trust assets; and

(e) Keep comprehensive minutes of meetings held and actions taken; and

(d) An adequate annual audit of all fiduciary activities by an internal or external auditor, as required by the department, the findings of which, including actions taken as a result of the audit, must be recorded in its minutes.

(8) Notwithstanding subsection (7)(d) of this section, the statement of principles of trust management may provide that, if a state trust company adopts a continuous audit process instead of performing annual audits, such audits may be performed, on an activity-by-activity basis, at intervals commensurate with the level of risk associated with that activity. In such case, the statement must reflect that audit intervals are to be supported and reassessed regularly to ensure appropriateness, given the current risk and volume of the activity.

Sec. 44. RCW 30B.24.020 and 2014 c 37 s 365 are each amended to read as follows:

(1) In addition to the provisions set out in RCW 11.98.078, if a conflict of interest may reasonably be expected to have a material adverse impact on the trustee's judgment in its provision of services to such client, the trustee must provide a reasonable disclosure of such conflict to such client.

(b) Purchase fractional shares to complement fractional shares acquired through the exercise of rights or the receipt of a share dividend resulting in fractional share holdings.

(4) A state trust company may not lend, sell, or otherwise transfer assets of a fiduciary account for which a state trust company has investment discretion to itself or any of its directors, officers, managers, or employees, or to affiliates of the state trust company or any of their directors, officers, managers, or employees, or to individuals or organizations with whom there exists an interest that might affect the exercise of the best judgment of the state trust company, unless:

(2) Unless otherwise established by rule, such call report shall be deemed confidential examination information and shall be subject to RCW 30A.04.075.

SCOPE OF CHAPTER—SAFETY AND SOUNDNESS AUTHORITY OF DIRECTOR IN LIEU OF ADMINISTRATIVE PROCEEDINGS—CORRECTIVE ACTION MEASURES—JUDICIAL REVIEW.

(1) The purpose of this chapter is to provide expeditious methods for the department to exercise proper supervision over the safety and soundness of state trust companies in the interest of Washington state's fiduciary industry and the general public. To that end, this chapter prescribes a series of progressive corrective action measures available to the director, as necessary and in connection with the exercise of his or her examination authority, the ultimate object of which is to restore a state trust company to a state of safe and sound condition and practices and to prevent, if possible, involuntary dissolution of the state trust company under chapter 30B.44B RCW.

(2) In order of progression, these corrective action measures include:

(a) The supervisory directive, which may be issued with the consent of a state trust company as a supervisory agreement or memorandum of understanding or without the state trust company's consent;

(b) The corrective action order, which may be issued with or without the consent of a state trust company; and

(c) The order of conservatorship, which may be issued with or without the consent of a state trust company.

(3) The director may issue and impose upon a state trust company, in lieu of or in addition to his or her authority to issue and serve a notice and statement of charges pursuant to chapter 30B.10 RCW, the following:

(a) A supervisory agreement or memorandum of understanding;

(b) A supervisory directive without the state trust company's consent;

(5) A supervisory directive issued and imposed without the consent of the state trust company shall not be subject to review except by petition for judicial review in the manner provided by the Washington administrative procedure act, RCW 34.05.510 through 34.05.598, inclusive.

(6) A corrective action order or order of conservatorship issued and imposed against a state trust company without its consent shall be deemed an emergency order under section 25 of this act,

subject only to judicial review as permitted by section 25 of this act.

(7) No provision in this title shall preclude the director from issuing a corrective action order without having issued a supervisory directive, or issuing an order of conservatorship without having issued a supervisory directive or corrective action order.

(8) No provision in this title shall preclude the director from issuing an order for involuntary dissolution of a state trust company without first having issued corrective action measures if:

(a) Pursuant to RCW 30B.44B.005, the director has determined there is no reasonable likelihood that a state trust company can be restored to a safe and sound condition in the foreseeable future; or

(a) Notice to the state trust company of the director's supervisory determination; and

(b) A written list and description of the requirements necessary to abate the director's determination.

If the appraisal is not completed within ninety days after the merger becomes effective, the director shall cause an appraisal to be made.

(2) The dissenting shareholders shall bear, on a pro rata basis based on number of dissenting shares owned, the cost of their appraisal and one-half of the cost of a third appraisal, and the resulting trust company shall bear the cost of its appraisal and one-half of the cost of the third appraisal. MOTION

MOTION

Senator Van De Wege moved that the following striking amendment no. 768 by Senator Van De Wege be adopted:

Strike everything after the enacting clause and insert the following:

“**NEW SECTION. Sec. 1.** The legislature finds that while many parts of the state are thriving economically, some rural and distressed communities have struggled to keep pace. These communities represent significant opportunity for economic growth and innovation. However, businesses and entrepreneurs often find it difficult to obtain the capital they need to expand and grow in these areas. Therefore, it is the intent of the legislature to study the creation of a program to incentivize private investments and job creation in rural and distressed communities while ensuring no loss of revenue to the state.

NEW SECTION. Sec. 2. (1) The Washington state institute for public policy must conduct a study on certain programs incentivizing private investment and job creation in rural and distressed communities. In conducting the study, the institute must:

(a) Conduct a fifty-state review on the structure and characteristics of certified capital company programs, new markets tax credit programs, rural jobs programs, and other similar economic development programs in other states; and

(b) Review any available research on these initiatives and, to the extent possible, describe the effects of each type of initiative on employment, earnings, property values, and job creation.

(2) The Washington state institute for public policy must submit a report on its findings to the appropriate committees of the legislature, in compliance with RCW 43.01.036, by July 1, 2020.

NEW SECTION. Sec. 3. (1) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration’s marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests, and creates regulatory stability for landowners. The legislature further finds that funding for the adaptive management program and participation grants are required to implement the forest and fish agreement and meet the goals of the conservation plan. The legislature further finds that the surcharge on the timber products business and occupation tax rate was agreed to by the forest products industry, tribal leaders, and stakeholders as a way to provide funding and safeguard the future of the conservation plan. The legislature further finds that the forestry industry assumed significant financial obligation with the enactment of this conservation plan, in exchange for operational certainty under the endangered species act. Therefore, the legislature concludes that the timber products business and occupation tax rate and the surcharge should continue until the expiration date of the forest and fish agreement, in 2056.

(2) The legislature finds that Washington has one of the strongest economies in the country. However, the local economies in some rural counties continue to struggle. The legislature further finds that the economic prosperity of our state must be shared by all of our communities. The legislature further finds that forest product sectors provide family-wage jobs in economically struggling areas of the state. The legislature further finds that in 2017 the Washington forest products industry, directly and indirectly, employed one hundred one thousand workers, earning 5.5 billion dollars in wages. Therefore, the legislature concludes that the forest products industries support our local rural economies and contribute towards the effort to lower unemployment rates across the state, especially in rural areas.

“NEW SECTION. **Sec. 1.** A new section is added to chapter 36.70A RCW to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 is encouraged to take the following actions in order to increase its residential building capacity:

(a) Authorize development in one or more areas of not fewer than five hundred acres that include at least one train station served by commuter rail or light rail with an average of at least fifty residential units per acre that require no more than an average of one on-site parking space per two bedrooms in the portions of multifamily zones that are located within the areas;

(b) Authorize development in one or more areas of not fewer than five hundred acres in cities with a population greater than forty thousand or not fewer than two hundred fifty acres in cities with a population less than forty thousand that include at least one bus stop served by scheduled bus service of at least four times per hour for twelve or more hours per day with an average of at least twenty-five residential units per acre that require no more than an average of one on-site parking space per two bedrooms in portions of the multifamily zones that are located within the areas;

(c) Authorize at least one duplex, triplex, or courtyard apartment on each parcel in one or more zoning districts that permit single-family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

(e) Authorize attached accessory dwelling units on all parcels containing single-family homes where the lot is at least three thousand two hundred square feet in size, and permit both attached and detached accessory dwelling units on all parcels containing single-family homes, provided lots are at least four thousand three hundred fifty-six square feet in size. Qualifying city ordinances or regulations may not provide for on-site parking requirements, owner occupancy requirements, or square footage limitations below one thousand square feet for the accessory dwelling unit, and must not prohibit the separate rental or sale of accessory dwelling units and the primary residence. Cities must set applicable impact fees at no more than the projected impact of the accessory dwelling unit. To allow local flexibility, other than these factors, accessory dwelling units may be subject to such regulations, conditions, procedures, and limitations as determined by the local legislative authority, and must follow all applicable state and federal laws and local ordinances;

(f) Adopt a subarea plan pursuant to RCW 43.21C.420;

(g) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact

(j) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences;

(k) Allow for the division or redivision of land into the maximum number of lots through the short subdivision process provided in chapter 58.17 RCW; and

(l) Authorize a minimum net density of six dwelling units per acre in all residential zones, where the residential development capacity will increase within the city.

(2) A city planning pursuant to RCW 36.70A.040 may adopt a housing action plan as described in this subsection. The goal of any such housing plan must be to encourage construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. A housing action plan may utilize data compiled pursuant to section 3 of this act. The housing action plan should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Develop strategies to increase the supply of housing, and variety of housing types, needed to serve the housing needs identified in (a) of this subsection;

(c) Analyze population and employment trends, with documentation of projections;

(d) Consider strategies to minimize displacement of low-income residents resulting from redevelopment;

(e) Review and evaluate the current housing element adopted pursuant to RCW 36.70A.070, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions;

(f) Provide for participation and input from community members, community groups, local builders, local realtors, nonprofit housing advocates, and local religious groups; and

(g) Include a schedule of programs and actions to implement the recommendations of the housing action plan.

(3) If adopted by April 1, 2021, ordinances, amendments to development regulations, and other nonproject actions taken by a city to implement the actions specified in subsection (1) of this section, with the exception of the action specified in subsection (1)(f) of this section, are not subject to administrative or judicial appeal under chapter 43.21C RCW.

(4) Any action taken by a city prior to April 1, 2021, to amend their comprehensive plan, or adopt or amend ordinances or development regulations, solely to enact provisions under subsection (1) of this section is not subject to legal challenge under this chapter.

(5) In taking action under subsection (1) of this section, cities are encouraged to utilize strategies that increase residential building capacity in areas with frequent transit service and with the transportation and utility infrastructure that supports the additional residential building capacity.

(6) A city with a population over twenty thousand that is planning to take at least two actions under subsection (1) of this section, and that action will occur between the effective date of

this section and April 1, 2021, is eligible to apply to the department for planning grant assistance of up to one hundred thousand dollars, subject to the availability of funds appropriated for that purpose. The department shall develop grant criteria to ensure that grant funds awarded are proportionate to the level of effort proposed by a city, and the potential increase in housing supply or regulatory streamlining that could be achieved. Funding may be provided in advance of, and to support, adoption of policies or ordinances consistent with this section. A city can request, and the department may award, more than one hundred thousand dollars for applications that demonstrate extraordinary potential to increase housing supply or regulatory streamlining.

(7) A city seeking to develop a housing action plan under subsection (2) of this section is eligible to apply to the department for up to one hundred thousand dollars.

(8) The department shall establish grant award amounts under subsections (6) and (7) of this section based on the expected number of cities that will seek grant assistance, to ensure that all cities can receive some level of grant support. If funding capacity allows, the department may consider accepting and funding applications from cities with a population of less than twenty thousand if the actions proposed in the application will create a significant amount of housing capacity or regulatory streamlining and are consistent with the actions in this section.

(9) In implementing this act, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement.

Sec. 2. RCW 36.70A.030 and 2017 3rd sp.s. c 18 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to

approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(19) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

(24) “Affordable housing” means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(25) “Extremely low-income household” means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(26) “Low-income household” means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(27) “Permanent supportive housing” is subsidized, leased housing with no limit on length of stay, paired with on-site or off-site voluntary services designed to support a person living with a disability to be a successful tenant in a housing arrangement, improve the resident’s health status, and connect residents of the housing with community-based health care, treatment, and employment services.

(28) “Very low-income household” means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

The Washington center for real estate research at the University of Washington shall produce a report every two years that compiles housing supply and affordability metrics for each city planning under RCW 36.70A.040 with a population of ten thousand or more. The initial report, completed by October 15, 2020, must be a compilation of objective criteria relating to development regulations, zoning, income, housing and rental prices, housing affordability programs, and other metrics relevant to assessing housing supply and affordability for all income segments, including the percentage of cost-burdened households, of each city subject to the report required by this section. The report completed by October 15, 2022, must also include data relating to actions taken by cities under this act. The report completed by October 15, 2024, must also include relevant data relating to buildable lands reports prepared under RCW 36.70A.215, where applicable, and updates to comprehensive plans under this chapter. The Washington center for real estate research shall collaborate with the Washington housing finance commission and the office of financial management to develop the metrics compiled in the report. The report must be submitted, consistent with RCW 43.01.036, to the standing committees of the legislature with jurisdiction over housing issues and this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 43.21C RCW to read as follows:

If adopted by April 1, 2021, amendments to development regulations and other nonproject actions taken by a city to implement section 1 (1) or (4) of this act, with the exception of the action specified in section 1(1)(f) of this act, are not subject to administrative or judicial appeals under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

In counties and cities planning under RCW 36.70A.040, minimum residential parking requirements mandated by municipal zoning ordinances for housing units constructed after July 1, 2019, are subject to the following requirements:

(1) For housing units that are affordable to very low-income or extremely low-income individuals and that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for very low-income or extremely low-income individuals. The covenant must address price restrictions and household income limits and policies if the property is converted to a use other than for low-income housing. A city may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.

(2) For housing units that are specifically for seniors or people with disabilities, that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, a city may not impose minimum residential parking requirements for the residents of such housing units, subject to the exceptions provided in this subsection. A city may establish parking requirements for staff and visitors of such housing units. A city may establish a requirement for the provision of one or more parking space per bedroom if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for seniors or people with disabilities.

NEW SECTION. Sec. 6. A new section is added to chapter 43.21C RCW to read as follows:

(1) A project action pertaining to residential, multifamily, or mixed use development evaluated under this chapter by a city or town planning under RCW 36.70A.040 is exempt from appeals under this chapter on the basis of the evaluation of or impacts to transportation elements of the environment, so long as the project does not present significant adverse impacts to the state-owned transportation system as determined by the department of transportation and the project is:

(a)(i) Consistent with a locally adopted transportation plan; or
(ii) Consistent with the transportation element of a comprehensive plan; and

(b)(i) A project for which traffic or parking impact fees are imposed pursuant to RCW 82.02.050 through 82.02.090; or

(ii) A project for which traffic or parking impacts are expressly mitigated by an ordinance, or ordinances, of general application adopted by the city or town.

(2) For purposes of this section, “impacts to transportation elements of the environment” include impacts to transportation systems; vehicular traffic; waterborne, rail, and air traffic; parking; movement or circulation of people or goods; and traffic hazards.

Sec. 7. RCW 43.21C.420 and 2010 c 153 s 2 are each amended to read as follows:

(1) Cities with a population greater than five thousand, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within specified subareas of the cities, that are either:

(a) Areas designated as mixed-use or urban centers in a land use or transportation plan adopted by a regional transportation planning organization; or

(b) Areas within one-half mile of a major transit stop that are zoned to have an average minimum density of fifteen dwelling units or more per gross acre.

(2) Cities located on the east side of the Cascade mountains and located in a county with a population of two hundred thirty thousand or less, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within the mixed-use or urban centers. The optional elements of their comprehensive plans and optional development regulations must enhance pedestrian, bicycle, transit, or other nonvehicular transportation methods.

(3) A major transit stop is defined as:

(a) A stop on a high capacity transportation service funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least thirty minutes during the peak hours of operation.

(4)(a) A city that elects to adopt such an optional comprehensive plan element and optional development regulations shall prepare a nonproject environmental impact statement, pursuant to RCW 43.21C.030, assessing and disclosing the probable significant adverse environmental impacts of the optional comprehensive plan element and development regulations and of future development that is consistent with the plan and regulations.

(b) At least one community meeting must be held on the proposed subarea plan before the scoping notice for such a nonproject environmental impact statement is issued. Notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all property owners of record within the subarea to be studied, to all property owners within one hundred fifty feet of the boundaries of such a subarea, to all affected federally recognized tribal governments whose ceded area is within one-half mile of the boundaries of the subarea, and to agencies with jurisdiction over the future development anticipated within the subarea.

(c) ~~(In cities with over five hundred thousand residents, notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all small businesses as defined in RCW~~

~~49.85.020, and to all community preservation and development authorities established under chapter 43.167 RCW, located within the subarea to be studied or within one hundred fifty feet of the boundaries of such subarea. The process for community involvement must have the goal of fair treatment and meaningful involvement of all people with respect to the development and implementation of the subarea planning process.~~

~~(d))~~ The notice of the community meeting must include general illustrations and descriptions of buildings generally representative of the maximum building envelope that will be allowed under the proposed plan and indicate that future appeals of proposed developments that are consistent with the plan will be limited. Notice of the community meeting must include signs located on major travel routes in the subarea. If the building envelope increases during the process, another notice complying with the requirements of this section must be issued before the next public involvement opportunity.

~~((e))~~ (d) Any person that has standing to appeal the adoption of this subarea plan or the implementing regulations under RCW 36.70A.280 has standing to bring an appeal of the nonproject environmental impact statement required by this subsection.

~~((f) Cities with over five hundred thousand residents shall prepare a study that accompanies or is appended to the nonproject environmental impact statement, but must not be part of that statement, that analyzes the extent to which the proposed subarea plan may result in the displacement or fragmentation of existing businesses, existing residents, including people living with poverty, families with children, and intergenerational households, or cultural groups within the proposed subarea plan. The city shall also discuss the results of the analysis at the community meeting.~~

~~(g))~~ (e) As an incentive for development authorized under this section, a city shall consider establishing a transfer of development rights program in consultation with the county where the city is located, that conserves county-designated agricultural and forestland of long-term commercial significance. If the city decides not to establish a transfer of development rights program, the city must state in the record the reasons for not adopting the program. The city’s decision not to establish a transfer of development rights program is not subject to appeal. Nothing in this subsection (4)((g)) (e) may be used as a basis to challenge the optional comprehensive plan or subarea plan policies authorized under this section.

(5)(a) Until July 1, ~~((2018))~~ 2029, a proposed development that meets the criteria of (b) of this subsection may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed the following time frames:

(i) Nineteen years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city as of the effective date of this section; or

(ii) Ten years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city after the effective date of this section.

(b) A proposed development may not be challenged, consistent with the timelines established in (a) of this subsection, so long as the development:

(i) Is consistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) or (2) of this section;

(ii) Sets aside or requires the occupancy of at least ten percent of the dwelling units, or a greater percentage as determined by

2019 REGULAR SESSION

city development regulations, within the development for low-income households at a sale price or rental amount that is considered affordable by a city's housing programs. This subsection (5)(b)(ii) applies only to projects that are consistent with an optional element adopted by a city pursuant to this section after the effective date of this section; and ((that))

~~((iii))~~ Is environmentally reviewed under subsection (4) of this section ~~((may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed ten years from the date of issuance of the final environmental impact statement))~~.

~~((b))~~ (c) After July 1, ~~((2018))~~ 2029, the immunity from appeals under this chapter of any application that vests or will vest under this subsection or the ability to vest under this subsection is still valid, provided that the final subarea environmental impact statement is issued by July 1, ~~((2018))~~ 2029. After July 1, ~~((2018))~~ 2029, a city may continue to collect reimbursement fees under subsection (6) of this section for the proportionate share of a subarea environmental impact statement issued prior to July 1, ~~((2018))~~ 2029.

(6) It is recognized that a city that prepares a nonproject environmental impact statement under subsection (4) of this section must endure a substantial financial burden. A city may recover or apply for a grant or loan to prospectively cover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under subsection (4) of this section through access to financial assistance under RCW 36.70A.490 or funding from private sources. In addition, a city is authorized to recover a portion of its reasonable expenses of preparation of such a nonproject environmental impact statement by the assessment of reasonable and proportionate fees upon subsequent development that is consistent with the plan and development regulations adopted under subsection (5) of this section, as long as the development makes use of and benefits ~~((from))~~ from, as described in subsection (5) of this section, ~~((from))~~ the nonproject environmental impact statement prepared by the city. Any assessment fees collected from subsequent development may be used to reimburse funding received from private sources. In order to collect such fees, the city must enact an ordinance that sets forth objective standards for determining how the fees to be imposed upon each development will be proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental impact statement. Any disagreement about the reasonableness or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development. The fee assessed by the city may be paid with the written stipulation "paid under protest" and if the city provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeal process.

(7) If a proposed development is inconsistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) of this section, the city shall require additional environmental review in accordance with this chapter.

Sec. 8. RCW 36.70A.490 and 2012 1st sp.s. c 1 s 309 are each amended to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful

source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, ~~((or))~~ 36.70A.500, section 1 of this act, for costs associated with section 3 of this act, and to cover costs associated with the adoption of optional elements of comprehensive plans consistent with RCW 43.21C.420. Any payment of either principal or interest, or both, derived from loans made from this fund must be deposited into the fund.

NEW SECTION. Sec. 9. A new section is added to chapter 35.21 RCW to read as follows:

A city may not prohibit permanent supportive housing in areas where multifamily housing is permitted.

NEW SECTION. Sec. 10. A new section is added to chapter 35A.21 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a surcharge of two dollars and fifty cents shall be charged by the county auditor for each document recorded, which will be in addition to any other charge or surcharge allowed by law. The auditor shall remit the funds to the state treasurer to be deposited and used as follows:

(a) Through June 30, 2024, funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 to be used first for grants for costs associated with section 1 of this act and for costs associated with section 3 of this act, and thereafter for any allowable use of the fund.

(b) Beginning July 1, 2024, sufficient funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 for costs associated with section 3 of this act, and the remainder deposited into the home security fund account created in RCW 43.185C.060 to be used for maintenance and operation costs of: (i) Permanent supportive housing and (ii) affordable housing for very low-income and extremely low-income households. Funds may only be expended in cities that have taken action under section 1 of this act.

(2) The surcharge imposed in this section does not apply to: (a) Assignments or substitutions of previously recorded deeds of trust; (b) documents recording a birth, marriage, divorce, or death; (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law; (d) marriage licenses issued by the county auditor; or (e) documents recording a federal, state, county, or city lien or satisfaction of lien.

(3) For purposes of this section, the terms "permanent supportive housing," "affordable housing," "very low-income households," and "extremely low-income households" have the same meaning as provided in RCW 36.70A.030.

MESSAGE FROM THE HOUSE

April 11, 2019

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5116 with the following amendment(s): 5116-S2.E AMH ENGR H2810.E

Strike everything after the enacting clause and insert the following:

“NEW SECTION. **Sec. 1.** (1) The legislature finds that Washington must address the impacts of climate change by leading the transition to a clean energy economy. One way in which Washington must lead this transition is by transforming its energy supply, modernizing its electricity system, and ensuring that the benefits of this transition are broadly shared throughout the state.

(2) With our wealth of carbon-free hydropower, Washington has some of the cleanest electricity in the United States. But electricity remains a large source of emissions in our state. We are at a critical juncture for transforming our electricity system. It is the policy of the state to eliminate coal-fired electricity, transition the state’s electricity supply to one hundred percent carbon-neutral by 2030, and one hundred percent carbon-free by 2045. In implementing this chapter, the state must prioritize the maximization of family wage job creation, seek to ensure that all customers are benefiting from the transition to a clean energy economy, and provide safeguards to ensure that the achievement of this policy does not impair the reliability of the electricity system or impose unreasonable costs on utility customers.

(3) The transition to one hundred percent clean energy is underway, but must happen faster than our current policies can deliver. Absent significant and swift reductions in greenhouse gas emissions, climate change poses immediate significant threats to our economy, health, safety, and national security. The prices of clean energy technologies continue to fall, and are, in many cases, competitive or even cheaper than conventional energy sources.

(4) The legislature finds that Washington can accomplish the goals of this act while: Promoting energy independence; creating high-quality jobs in the clean energy sector; maximizing the value of hydropower, our principal renewable resource; continuing to encourage and provide incentives for clean alternative energy sources, including providing electricity for the transportation sector; maintaining safe and reliable electricity to all customers at stable and affordable rates; and protecting clean air and water in the Pacific Northwest. Clean energy creates more jobs per unit of

energy produced than fossil fuel sources, so this transition will contribute to job growth in Washington while addressing our climate crisis head on. Our abundance of renewable energy and our strong clean technology sector make Washington well positioned to be at the forefront of the transition to one hundred percent clean electricity.

(5) The legislature declares that utilities in the state have an important role to play in this transition, and must be fully empowered, through regulatory tools and incentives, to achieve the goals of this policy. In combination with new technology and emerging opportunities for customers, this policy will spur transformational change in the utility industry. Given these changes, the legislature recognizes and finds that the utilities and transportation commission's statutory grant of authority for rate making includes consideration and implementation of performance and incentive-based regulation, multiyear rate plans, and other flexible regulatory mechanisms where appropriate to achieve fair, just, reasonable, and sufficient rates and its public interest objectives.

(6) The legislature recognizes and finds that the public interest includes, but is not limited to: The equitable distribution of energy benefits and reduction of burdens to vulnerable populations and highly impacted communities; long-term and short-term public health, economic, and environmental benefits and the reduction of costs and risks; and energy security and resiliency. It is the intent of the legislature that in achieving this policy for Washington, there should not be an increase in environmental health impacts to highly impacted communities.

(7) It is the intent of the legislature to provide flexible tools to address the variability of hydropower for compliance under this act.

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

(35)(a) “Retail electric customer” means a person or entity that purchases electricity from any electric utility for ultimate consumption and not for resale.

(b) “Retail electric customer” does not include, in the case of any electric utility, any person or entity that purchases electricity exclusively from carbon-free and eligible renewable resources, as defined in RCW 19.285.030 as of January 1, 2019, pursuant to a special contract with an investor-owned utility approved by an order of the commission prior to the effective date of this section.

(36) “Retail electric load” means the amount of megawatt-hours of electricity delivered in a given calendar year by an electric utility to its Washington retail electric customers. “Retail electric load” does not include:

(a) Megawatt-hours delivered from qualifying facilities under the federal public utility regulatory policies act of 1978, P.L. 95-617, in operation prior to the effective date of this section, provided that no entity other than the electric utility can make a claim on delivery of the megawatt-hours from those resources; or

(b) Megawatt-hours delivered to an electric utility’s system from a renewable resource through a voluntary renewable energy purchase by a retail electric customer of the utility in which the renewable energy credits associated with the megawatt-hours delivered are retired on behalf of the retail electric customer.

(37) “Thermal renewable energy credit” means, with respect to a facility that generates electricity using biomass energy that also generates thermal energy for a secondary purpose, a renewable energy credit that is equivalent to three million four hundred twelve thousand British thermal units of energy used for such secondary purpose.

(38) “Unbundled renewable energy credit” means a renewable energy credit that is sold, delivered, or purchased separately from electricity. All thermal renewable energy credits are considered unbundled renewable energy credits.

(39) “Unspecified electricity” means an electricity source for which the fuel attribute is unknown or has been separated from the energy delivered to retail electric customers.

(40) “Vulnerable populations” means communities that experience a disproportionate cumulative risk from environmental burdens due to:

(a) Adverse socioeconomic factors, including unemployment, high housing and transportation costs relative to income, access to food and health care, and linguistic isolation; and

(b) Sensitivity factors, such as low birth weight and higher rates of hospitalization.

NEW SECTION. Sec. 3. (1)(a) On or before December 31, 2025, each electric utility must eliminate coal-fired resources from its allocation of electricity. This does not include costs associated with decommissioning and remediation of these facilities.

(b) The commission shall allow in electric rates all decommissioning and remediation costs prudently incurred by an investor-owned utility for a coal-fired resource.

(2) The commission must accelerate depreciation schedules for any coal-fired resource to a date no later than December 31, 2025. The commission may accelerate the depreciation schedule for any qualified transmission line owned by an investor-owned utility when the commission finds the qualified transmission line is no longer used and useful and there is no reasonable likelihood that the qualified transmission line will be utilized in the future. The adjusted depreciation schedule must require such a qualified transmission line to be fully depreciated on or before December 31, 2025.

(3) The commission must allow in rates, directly or indirectly, amounts on an investor-owned utility’s books of account that the commission finds represent prudently incurred undepreciated

investment in a fossil fuel generating resource that has been retired from service when:

(a) The retirement is due to ordinary wear and tear, casualties, acts of God, acts of governmental authority, inability to procure or use fuel, termination or expiration of any ownership, or a operation agreement affecting such a fossil fuel generating resource; or

(b) The commission finds that the retirement is in the public interest.

(4) An electric utility that fails to comply with the requirements of subsection (1) of this section must pay the administrative penalty established under section 9(1) of this act, except as otherwise provided in this chapter.

NEW SECTION. Sec. 4. (1) It is the policy of the state that all retail sales of electricity to Washington retail electric customers be greenhouse gas neutral by January 1, 2030.

(a) For the four-year compliance period beginning January 1, 2030, and for each multiyear compliance period thereafter through December 31, 2044, an electric utility must demonstrate its compliance with this standard using a combination of nonemitting electric generation and electricity from renewable resources, or alternative compliance options, as provided in this section. To achieve compliance with this standard, an electric utility must: (i) Pursue all cost-effective, reliable, and feasible conservation and efficiency resources to reduce or manage retail electric load, using the methodology established in RCW 19.285.040, if applicable; and (ii) use electricity from renewable resources and nonemitting electric generation in an amount equal to one hundred percent of the utility’s retail electric loads over each multiyear compliance period. An electric utility must achieve compliance with this standard for the following compliance periods: January 1, 2030, through December 31, 2033; January 1, 2034, through December 31, 2037; January 1, 2038, through December 31, 2041; and January 1, 2042, through December 31, 2044.

(b) Through December 31, 2044, an electric utility may satisfy up to twenty percent of its compliance obligation under (a) of this subsection with an alternative compliance option consistent with this section. An alternative compliance option may include any combination of the following:

(i) Making an alternative compliance payment under section 9(2) of this act;

(ii) Using unbundled renewable energy credits, provided that there is no double counting of any nonpower attributes associated with renewable energy credits within Washington or programs in other jurisdictions, as follows:

(A) Unbundled renewable energy credits produced from eligible renewable resources, as defined under RCW 19.285.030, which may be used by the electric utility for compliance with RCW 19.285.040 and this section as provided under RCW 19.285.040(2)(e); and

(B) Unbundled renewable energy credits, other than those included in (b)(ii)(A) of this subsection, that represent electricity generated within the compliance period;

(iii) Investing in energy transformation projects, including additional conservation and efficiency resources beyond what is otherwise required under this section, provided the projects meet the requirements of subsection (2) of this section and are not credited as resources used to meet the standard under (a) of this subsection; or

(iv) Using electricity from an energy recovery facility using municipal solid waste as the principal fuel source, where the facility was constructed prior to 1992, and the facility is operated in compliance with federal laws and regulations and meets state air quality standards. An electric utility may only use electricity

from such an energy recovery facility if the department and the department of ecology determine that electricity generation at the facility provides a net reduction in greenhouse gas emissions compared to any other available waste management best practice. The determination must be based on a life-cycle analysis comparing the energy recovery facility to other technologies available in the jurisdiction in which the facility is located for the waste management best practices of waste reduction, recycling, composting, and minimizing the use of a landfill.

(c) Electricity from renewable resources used to meet the standard under (a) of this subsection must be verified by the retirement of renewable energy credits. Renewable energy credits must be tracked and retired in the tracking system selected by the department.

(d) Hydroelectric generation used by an electric utility in meeting the standard under (a) of this subsection may not include new diversions, new impoundments, new bypass reaches, or expansion of existing reservoirs constructed after the effective date of this section unless the diversions, bypass reaches, or reservoir expansions are necessary for the operation of a pumped storage facility that: (i) Does not conflict with existing state or federal fish recovery plans; and (ii) complies with all local, state, and federal laws and regulations.

(e) Nothing in (d) of this subsection precludes an electric utility that owns and operates hydroelectric generating facilities, or the owner of a hydroelectric generating facility whose energy output is marketed by the Bonneville power administration, from making efficiency or other improvements to its hydroelectric generating facilities existing as of the effective date of this section or from installing hydroelectric generation in pipes, culverts, irrigation canals, and other manmade waterways, as long as those changes do not create conflicts with existing state or federal fish recovery plans and comply with all local, state, and federal laws and regulations.

(f) Nonemitting electric generation used to meet the standard under (a) of this subsection must be generated during the compliance period and must be verified by documentation that the electric utility owns the nonpower attributes of the electricity generated by the nonemitting electric generation resource.

(g) Nothing in this section prohibits an electric utility from purchasing or exchanging power from the Bonneville power administration.

(2) Investments in energy transformation projects used to satisfy an alternative compliance option provided under subsection (1)(b) of this section must use criteria developed by the department of ecology, in consultation with the department and the commission. For the purpose of crediting an energy transformation project toward the standard in subsection (1)(a) of this section, the department of ecology must establish a conversion factor of emissions reductions resulting from energy transformation projects to megawatt-hours of electricity from nonemitting electric generation that is consistent with the emission factors for unspecified electricity, or for energy transformation projects in the transportation sector, consistent with default emissions or conversion factors established by other jurisdictions for clean alternative fuels. Emissions reductions from energy transformation projects must be:

- (a) Real, specific, identifiable, and quantifiable;
- (b) Permanent: The department of ecology must look to other jurisdictions in setting this standard and make a reasonable determination on length of time;
- (c) Enforceable by the state of Washington;
- (d) Verifiable;
- (e) Not required by another statute, rule, or other legal requirement; and

(f) Not reasonably assumed to occur absent investment, or if an investment has already been made, not reasonably assumed to occur absent additional funding in the near future.

(3) Energy transformation projects must be associated with the consumption of energy in Washington and must not create a new use of fossil fuels that results in a net increase of fossil fuel usage.

(4) The compliance eligibility of energy transformation projects may be scaled or prorated by an approved protocol in order to distinguish effects related to reductions in electricity usage from reductions in fossil fuel usage.

(5) Any compliance obligation fulfilled through an investment in an energy transformation project is eligible for use only: (a) By the electric utility that makes the investment; (b) if the investment is made by the Bonneville power administration, by electric utilities that are preference customers of the Bonneville power administration; or (c) if the investment is made by a joint operating agency organized under chapter 43.52 RCW, by a member of the joint operating agency. An electric utility making an investment in partnership with another electric utility or entity may claim credit proportional to its share invested in the total project cost.

(6)(a) In meeting the standard under subsection (1) of this section, an electric utility must, consistent with the requirements of RCW 19.285.040, if applicable, pursue all cost-effective, reliable, and feasible conservation and efficiency resources, and demand response. In making new investments, an electric utility must, to the maximum extent feasible:

- (i) Achieve targets at the lowest reasonable cost, considering risk;
- (ii) Consider acquisition of existing renewable resources; and
- (iii) In the acquisition of new resources constructed after the effective date of this section, rely on renewable resources and energy storage, insofar as doing so is consistent with (a)(i) of this subsection.

(b) Electric utilities subject to RCW 19.285.040 must demonstrate pursuit of all conservation and efficiency resources through compliance with the requirements in RCW 19.285.040.

(7) An electric utility that fails to meet the requirements of this section must pay the administrative penalty established under section 9(1) of this act, except as otherwise provided in this chapter.

(8) In complying with this section, an electric utility must, consistent with the requirements of RCW 19.280.030 and section 24 of this act, ensure that all customers are benefiting from the transition to clean energy: Through the equitable distribution of energy and nonenergy benefits and reduction of burdens to vulnerable populations and highly impacted communities; long-term and short-term public health and environmental benefits and reduction of costs and risks; and energy security and resiliency.

(9) Affected market customers must comply with the standard established under subsection (1) of this section.

(10) A market customer that purchases electricity exclusively from carbon-free resources and eligible renewable resources, as defined in RCW 19.285.030 as of January 1, 2019, pursuant to a special contract with an investor-owned utility approved, prior to the effective date of this section, by order of the commission is subject to the requirements of such an order and not to the standard established in this section. For purposes of interpreting any such special contract, chapter 19.285 RCW, as in effect on January 1, 2019, is not, either directly or indirectly, amended or supplemented.

(11) To reduce costs for utility customers or avoid exceeding the cost impact limit in section 6(3)(a) of this act, a multistate electric utility with fewer than two hundred fifty thousand customers in Washington may apply the total amount of megawatt-hours of coal-fired resources eliminated from the

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

utility's allocation of electricity before December 31, 2025, as an equivalent amount of megawatt-hours of nonemitting electric generation or electricity from renewable resources required to comply with subsection (1)(a) of this section. The utility must demonstrate that for every megawatt-hour of early action compliance credit there is a real, permanent reduction in greenhouse gas emissions in the western interconnection directly associated with that credit. A multistate electric utility must request to use early action compliance credit in its clean energy implementation plan that is submitted under section 6 of this act. The multistate electric utility must specify in its clean energy implementation plan the compliance years to which the early action compliance credit will apply, but in no event may the multistate electric utility use the early action compliance credits beyond 2035. The commission must establish conditions for use of early action compliance credits, including a determination of whether action constitutes early action, before the multistate electric utility's use of early action compliance credits in a clean energy implementation plan.

NEW SECTION. Sec. 5. (1) It is the policy of the state that nonemitting electric generation and electricity from renewable resources supply one hundred percent of all sales of electricity to Washington retail electric customers by January 1, 2045. By January 1, 2045, and each year thereafter, each electric utility must demonstrate its compliance with this standard using a combination of nonemitting electric generation and electricity from renewable resources.

(2) Each electric utility must incorporate subsection (1) of this section into all relevant planning and resource acquisition practices including, but not limited to: Resource planning under chapter 19.280 RCW; the construction or acquisition of property, including electric generating facilities; and the provision of electricity service to retail electric customers.

(3) In planning to meet projected demand consistent with the requirements of subsection (2) of this section and RCW 19.285.040, if applicable, an electric utility must pursue all cost-effective, reliable, and feasible conservation and efficiency resources, and demand response. In making new investments, an electric utility must, to the maximum extent feasible:

(a) Achieve targets at the lowest reasonable cost, considering risk;

(b) Consider acquisition of existing renewable resources; and

(c) In the acquisition of new resources constructed after the effective date of this section, rely on renewable resources and energy storage, insofar as doing so is consistent with (a) of this subsection.

(4) The commission, department, energy facility site evaluation council, department of ecology, and all other state agencies must incorporate this section into all relevant planning and utilize all programs authorized by statute to achieve subsection (1) of this section.

(5)(a) Hydroelectric generation used by an electric utility to satisfy the requirements of this section may not include new diversions, new impoundments, new bypass reaches, or expansion of existing reservoirs constructed after the effective date of this section unless the diversions, bypass reaches, or reservoir expansions are necessary for the operation of a pumped storage facility that: (i) Does not conflict with existing state or federal fish recovery plans; and (ii) complies with all local, state, and federal laws and regulations.

(b) Nothing in (a) of this subsection precludes an electric utility that owns and operates hydroelectric generating facilities, or the owner of a hydroelectric generating facility whose energy output is marketed by the Bonneville power administration, from making efficiency or other improvements to its hydroelectric generating

facilities existing as of the effective date of this section or from installing hydroelectric generation in pipes, culverts, irrigation canals, and other manmade waterways as long as those changes do not create conflicts with existing state or federal fish recovery plans and comply with all local, state, and federal laws and regulations.

(6) Nothing in this section prohibits an electric utility from purchasing or exchanging power from the Bonneville power administration.

(7) Affected market customers must comply with the obligations of this section.

(8) Any market customer that purchases electricity exclusively from carbon-free resources and eligible renewable resources, as defined in RCW 19.285.030 as of January 1, 2019, pursuant to a special contract with an investor-owned utility approved, prior to the effective date of this section, by order of the commission is subject to the requirements of such an order and not to the standards established in this section. For the purposes of interpreting such a special contract, chapter 19.285 RCW, as in effect on January 1, 2019, is not, either directly or indirectly, amended or supplemented.

NEW SECTION. Sec. 6. (1)(a) By January 1, 2022, and every four years thereafter, each investor-owned utility must develop and submit to the commission:

(i) A four-year clean energy implementation plan for the standards established under sections 4(1) and 5(1) of this act that proposes specific targets for energy efficiency, demand response, and renewable energy; and

(ii) Proposed interim targets for meeting the standard under section 4(1) of this act during the years prior to 2030 and between 2030 and 2045.

(b) An investor-owned utility's clean energy implementation plan must:

(i) Be informed by the investor-owned utility's clean energy action plan developed under RCW 19.280.030;

(ii) Be consistent with subsection (3) of this section; and

(iii) Identify specific actions to be taken by the investor-owned utility over the next four years, consistent with the utility's long-range integrated resource plan and resource adequacy requirements, that demonstrate progress toward meeting the standards under sections 4(1) and 5(1) of this act and the interim targets proposed under (a)(i) of this subsection. The specific actions identified must be informed by the investor-owned utility's historic performance under median water conditions and resource capability and by the investor-owned utility's participation in centralized markets. In identifying specific actions in its clean energy implementation plan, the investor-owned utility may also take into consideration any significant and unplanned loss or addition of load it experiences.

(c) The commission, after a hearing, must by order approve, reject, or approve with conditions an investor-owned utility's clean energy implementation plan and interim targets. The commission may, in its order, recommend or require more stringent targets than those proposed by the investor-owned utility. The commission may periodically adjust or expedite timelines if it can be demonstrated that the targets or timelines can be achieved in a manner consistent with the following:

(i) Maintaining and protecting the safety, reliable operation, and balancing of the electric system;

(ii) Planning to meet the standards at the lowest reasonable cost, considering risk;

(iii) Ensuring that all customers are benefiting from the transition to clean energy: Through the equitable distribution of energy and nonenergy benefits and the reduction of burdens to vulnerable populations and highly impacted communities; long-

term and short-term public health and environmental benefits and reduction of costs and risks; and energy security and resiliency; and

(iv) Ensuring that no customer or class of customers is unreasonably harmed by any resulting increases in the cost of utility-supplied electricity as may be necessary to comply with the standards.

(2)(a) By January 1, 2022, and every four years thereafter, each consumer-owned utility must develop and submit to the department a four-year clean energy implementation plan for the standards established under sections 4(1) and 5(1) of this act that:

(i) Proposes interim targets for meeting the standard under section 4(1) of this act during the years prior to 2030 and between 2030 and 2045, as well as specific targets for energy efficiency, demand response, and renewable energy;

(ii) Is informed by the consumer-owned utility's clean energy action plan developed under RCW 19.280.030(1) or other ten-year plan developed under RCW 19.280.030(5);

(iii) Is consistent with subsection (4) of this section; and

(iv) Identifies specific actions to be taken by the consumer-owned utility over the next four years, consistent with the utility's long-range resource plan and resource adequacy requirements, that demonstrate progress towards meeting the standards under sections 4(1) and 5(1) of this act and the interim targets proposed under (a)(i) of this subsection. The specific actions identified must be informed by the consumer-owned utility's historic performance under median water conditions and resource capability and by the consumer-owned utility's participation in centralized markets. In identifying specific actions in its clean energy implementation plan, the consumer-owned utility may also take into consideration any significant and unplanned loss or addition of load it experiences.

(b) The governing body of the consumer-owned utility must, after a public meeting, adopt the consumer-owned utility's clean energy implementation plan. The clean energy implementation plan must be submitted to the department and made available to the public. The governing body may adopt more stringent targets than those proposed by the consumer-owned utility and periodically adjust or expedite timelines if it can be demonstrated that such targets or timelines can be achieved in a manner consistent with the following:

(i) Maintaining and protecting the safety, reliable operation, and balancing of the electric system;

(ii) Planning to meet the standards at the lowest reasonable cost, considering risk;

(iii) Ensuring that all customers are benefiting from the transition to clean energy: Through the equitable distribution of energy and nonenergy benefits and reduction of burdens to vulnerable populations and highly impacted communities; long-term and short-term public health and environmental benefits and reduction of costs and risks; and energy security and resiliency; and

(iv) Ensuring that no customer or class of customers is unreasonably harmed by any resulting increases in the cost of utility-supplied electricity as may be necessary to comply with the standards.

(3)(a) An investor-owned utility must be considered to be in compliance with the standards under sections 4(1) and 5(1) of this act if, over the four-year compliance period, the average annual incremental cost of meeting the standards or the interim targets established under subsection (1) of this section equals a two percent increase of the investor-owned utility's weather-adjusted sales revenue to customers for electric operations above the previous year, as reported by the investor-owned utility in its most recent commission basis report. All costs included in the determination of cost impact must be directly attributable to

actions necessary to comply with the requirements of sections 4 and 5 of this act.

(b) If an investor-owned utility relies on (a) of this subsection as a basis for compliance with the standard under section 4(1) of this act, then it must demonstrate that it has maximized investments in renewable resources and nonemitting electric generation prior to using alternative compliance options allowed under section 4(1)(b) of this act.

(4)(a) A consumer-owned utility must be considered to be in compliance with the standards under sections 4(1) and 5(1) of this act if, over the four-year compliance period, the average annual incremental cost of meeting the standards or the interim targets established under subsection (2) of this section meets or exceeds a two percent increase of the consumer-owned utility's retail revenue requirement above the previous year. All costs included in the determination of cost impact must be directly attributable to actions necessary to comply with the requirements of sections 4 and 5 of this act.

(b) If a consumer-owned utility relies on (a) of this subsection as a basis for compliance with the standard under section 4(1) of this act, and it has not met eighty percent of its annual retail electric load using electricity from renewable resources and nonemitting electric generation, then it must demonstrate that it has maximized investments in renewable resources and nonemitting electric generation prior to using alternative compliance options allowed under section 4(1)(b) of this act.

(5) The commission, for investor-owned utilities, and the department, for consumer-owned utilities, must adopt rules establishing the methodology for calculating the incremental cost of compliance under this section, as compared to the cost of an alternative lowest reasonable cost portfolio of investments that are reasonably available.

NEW SECTION. Sec. 7. (1) Each electric utility must provide to the department, in the case of a consumer-owned utility, or to the commission, in the case of an investor-owned utility, its greenhouse gas content calculation in conformance with this section. A utility's greenhouse gas content calculation must be based on the fuel sources that it reports and discloses in compliance with chapter 19.29A RCW. An investor-owned utility must also report the information required in this subsection to the department.

(2) For unspecified electricity, the utility must use an emissions rate determined, and periodically updated, by the department of ecology by rule. The department of ecology must adopt an emissions rate for unspecified electricity consistent with the emissions rate established for other markets in the western interconnection. If the department of ecology has not adopted an emissions rate for unspecified electricity, the emissions rate that applies for the purposes of this chapter is 0.437 metric tons of carbon dioxide per megawatt-hour of electricity.

(3) For the purposes of this act, the fuel mix calculated for the Bonneville power administration may exclude any purchases of electric generation that are not associated with load in the state of Washington.

NEW SECTION. Sec. 8. By January 1, 2024, and at least every four years thereafter and in compliance with RCW 43.01.036, the department must submit a report to the legislature. The report must include the following:

(1) A review of the standards described in sections 3 through 5 of this act focused on technologies, forecasts, and existing transmission, and an evaluation of safety, environmental and public safety protection, affordability, and system reliability.

(2)(a) An evaluation, produced in consultation with the commission, electric utilities, transmission operators in

2019 REGULAR SESSION

Washington, the reliability coordinator for electric utilities, any regional planning organization serving electric utilities, public interest and environmental organizations, and the regional entity for the western interconnection identifying the potential benefits, impacts, and risks on system reliability associated with achieving the standards described in sections 4 and 5 of this act. The evaluation must assess whether electric utilities have sufficient electric generation resources to meet forecasted retail electric load in addition to adequate transmission capability to implement sections 3 through 5 of this act without: (i) Violating mandatory and enforceable reliability standards of the North American electric reliability corporation; (ii) violating prudent utility practice for assuring resource adequacy; or (iii) compromising the power quality or integrity of the electricity system. Subject to funding appropriated for this purpose, the department must consult with a national laboratory with expertise in grid reliability, security, and resilience.

(b) The evaluation should assess the anticipated financial costs and benefits of investments necessary to correct those deficiencies at the lowest reasonable costs as identified by electric utilities, transmission operators in Washington, the regional entity for the western interconnection, or any regional planning organization serving electric utilities. The assessment of these investments in the report is not deemed to be approval of such investments for rate recovery by any authorizing entity.

(3) An evaluation identifying the nature of any anticipated financial costs and benefits to electric utilities, including customer rate impacts and benefits including, but not limited to:

(a) Greenhouse gas emissions of electric utilities;

(b) The allocation of risk between customers and electric utilities;

(c) The allocation of financial costs among electric utilities in the state and whether retail electric customers are equitably bearing the financial costs of implementing sections 3 through 5 of this act;

(d) The timing of cost recovery for electricity generated by nonemitting electric generation or renewable resources;

(e) The resource procurement process of electric utilities; and

(f) The barriers to, and benefits of, implementing sections 4 and 5 of this act.

(4) An evaluation of new or emerging technologies that could be considered to be a renewable resource.

(5) An assessment of the impacts of sections 3 through 5 of this act on middle-income families, small businesses, and manufacturers in Washington.

NEW SECTION. Sec. 9. (1)(a) An electric utility or an affected market customer that fails to meet the standards established under sections 3(1) and 4(1) of this act must pay an administrative penalty to the state of Washington in the amount of one hundred dollars, times the following multipliers, for each megawatt-hour of electric generation used to meet load that is not electricity from a renewable resource or nonemitting electric generation:

(i) 1.5 for coal-fired resources;

(ii) 0.84 for gas-fired peaking power plants; and

(iii) 0.60 for gas-fired combined-cycle power plants.

(b) Beginning in 2027, this penalty must be adjusted on a biennial basis according to the rate of change of the inflation indicator, gross domestic product implicit price deflator, as published by the bureau of economic analysis of the United States department of commerce or its successor. Beginning in 2040, the commission may by rule increase this penalty for investor-owned utilities if the commission determines that doing so will accelerate utilities' compliance with the standards established under this chapter and that doing so is in the public interest.

(2) Consistent with the requirements of section 4(1)(b) of this act, a utility may opt to make a payment in the amount of the administrative penalty as an alternative compliance payment, without incurring a penalty for noncompliance.

(3)(a) Upon its own motion or at the request of an investor-owned utility, and after a hearing, the commission may issue an order relieving the utility of its administrative penalty obligation under subsection (1) of this section if it finds that:

(i) After taking all reasonable measures, the investor-owned utility's compliance with this chapter is likely to result in conflicts with or compromises to its obligation to comply with the mandatory and enforceable reliability standards of the North American electric reliability corporation, violate prudent utility practice for assuring resource adequacy, or compromise the power quality or integrity of its system; or

(ii) The investor-owned utility is unable to comply with the standards established in section 3(1) or 4(1) of this act due to reasons beyond the reasonable control of the investor-owned utility, as set forth in subsection (6) of this section.

(b) If the commission issues an order pursuant to (a) of this subsection that relieves an investor-owned utility of its administrative penalty obligation under subsection (1) of this section, the commission may issue an order:

(i) Temporarily exempting the investor-owned utility from the requirements of section 4(1) of this act for an amount of time sufficient to allow the investor-owned utility to achieve full compliance with the standard;

(ii) Directing the investor-owned utility to file a progress report to the commission on achieving full compliance with the standard within six months after issuing the order, or within an amount of time determined to be reasonable by the commission; and

(iii) Directing the investor-owned utility to take specific actions to achieve full compliance with the requirements of this chapter.

(c) An investor-owned utility may request an extension of a temporary exemption granted under this section. An investor-owned utility that requests an extension must request an update to the order issued by the commission under (b) of this subsection.

(4) Subsection (3) of this section does not permanently relieve an investor-owned utility of its obligation to comply with the requirements of this chapter.

(5)(a) The governing body of a consumer-owned utility may authorize a temporary exemption from the standard established under section 4(1) of this act, for an amount of time sufficient to allow the consumer-owned utility to achieve full compliance with the standard, if the governing body finds that:

(i) The consumer-owned utility's compliance with the standard is likely to: Result in conflicts with or compromises to its obligation to comply with the mandatory and enforceable reliability standards of the North American electric reliability corporation; violate prudent utility practice for assuring resource adequacy; or compromise the power quality or integrity of its system; or

(ii) The consumer-owned utility is unable to comply with the standard due to reasons beyond the reasonable control of the utility, as set forth in subsection (6) of this section; and

(iii) The consumer-owned utility has provided to the department a plan demonstrating how it plans to achieve full compliance with the standard, consistent with the findings of the report submitted to the legislature under section 8 of this act.

(b) Upon request by the governing body of a consumer-owned utility, a consumer-owned utility must be relieved of its administrative penalty obligation under subsection (1) of this section if the auditor issues a finding that:

(i) The governing body of the consumer-owned utility has properly issued a temporary exemption under (a) of this subsection for a period of time not to exceed six months; and

(ii) The governing body of the consumer-owned utility has submitted to the department a plan to take specific actions to achieve full compliance with the standard, consistent with the findings of the report submitted to the legislature under section 8 of this act.

(c) Upon issuance of a finding by the auditor, the consumer-owned utility must submit a progress report to the department on achieving full compliance with the standard within the term authorized in the temporary exemption.

(d) A consumer-owned utility may request an extension of a temporary exemption granted under this subsection, subject to the same requirements as provided in (a) through (c) of this subsection.

(e) The attorney general may bring a civil action in the name of the state for any appropriate civil remedy including, but not limited to, injunctive relief, penalties, costs, and attorneys' fees, to enforce compliance with this chapter:

(i) Upon the failure of the governing body of a consumer-owned utility to comply with the conditions of a temporary exemption found by the auditor to be properly adopted or extended; or

(ii) Upon failure of the governing body of a consumer-owned utility to comply with a finding by the auditor that a temporary exemption is not properly granted.

(f) This subsection does not permanently relieve a consumer-owned utility of its obligation to comply with the requirements of this chapter.

(6) To the extent an event or circumstance cannot be reasonably foreseen and ameliorated, such events or circumstances beyond the reasonable control of an electric utility may include but are not limited to:

(a) Weather-related damage;

(b) Natural disasters;

(c) Mechanical or resource failure;

(d) Failure of a third party to meet contractual obligations to the electric utility;

(e) Actions of governmental authorities that adversely affect the generation, transmission, or distribution of nonemitting electric generation or renewable resources owned or under contract to an electric utility, including condemnation actions by municipal electric utilities, public utility districts, or irrigation districts that adversely affect an investor-owned utility's ability to meet the standard established in sections 3(1) and 4(1) of this act;

(f) Inability to acquire sufficient transmission to transmit electricity from nonemitting electric generation or renewable resources to load; and

(g) Substantial limitations, restrictions, or prohibitions on nonemitting electric generation or renewable resources.

(7) An electric utility must notify its retail electric customers in published form within three months of paying the administrative penalty established under subsection (1) of this section. An electric utility is not required to notify its retail electric customers when making a payment in the amount of the administrative penalty as an alternative compliance payment consistent with the requirements of section 4(1)(b) of this act.

(8) Moneys collected under this section must be deposited into the low-income weatherization and structural rehabilitation assistance account created in RCW 70.164.030.

(9) For an investor-owned utility, the commission must determine compliance with the requirements of this chapter.

(10) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under

this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

(11) If the report submitted under section 8 of this act demonstrates adverse system reliability impacts from the implementation of sections 4 and 5 of this act, the governor, consistent with the emergency powers under RCW 43.21G.040, may suspend or delay implementation of this chapter, or exempt an electric utility from paying the administrative penalty under this section, until system reliability impacts can be addressed. Adverse system reliability impacts may include, but are not limited to, the inability of electric utilities or transmission operators to meet reliability standards mandated by federal or state law and required by prudent utility practices.

(12) Notwithstanding RCW 54.16.020, the fair market value compensation for an asset that is condemned by a municipal electric utility, public utility district, or irrigation district and that is either demonstrated in an electric utility's clean energy action plan or clean energy implementation plan to be used or acquired after the effective date of this section to meet the requirements of sections 4 and 5 of this act, or an asset that generates electricity from renewable resources or nonemitting electric generation, must include but not be limited to a replacement value approach. Additionally, the electric utility may seek, and the court may award, damages attributable to the severance, separation, replacement, or relocation of utility assets. The trier of fact may also consider other damages, as well as offsetting benefits, that it finds just and equitable.

(13) An entity that establishes or extends service to the premises of a customer who is being served by an electric utility or was served by an electric utility prior to the effective date of this section must serve those premises in a manner that complies with the requirements of this act and with chapter 19.285 RCW, if applicable. An electric utility or other entity that fails to comply with the requirements of this subsection must pay the administrative penalty under subsection (1) of this section for each megawatt-hour of electric generation used to serve load that does not meet the terms of this subsection.

NEW SECTION. Sec. 10. (1) It is the intent of this chapter that the commission and department adopt rules to streamline the implementation of this act with chapter 19.285 RCW to simplify compliance and avoid duplicative processes. It is the intent of the legislature that the commission and the department coordinate in developing rules related to process, timelines, and documentation that are necessary for the implementation of this chapter.

(2) The commission may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to investor-owned utilities.

(3) The department may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to consumer-owned utilities. Nothing in this subsection may be construed to restrict the rate-making authority of the governing body of a consumer-owned utility as otherwise provided by law.

(4) The department must adopt rules establishing reporting requirements for electric utilities to demonstrate compliance with this chapter. The requirements must, to the extent practicable, be consistent with the disclosures required under chapter 19.29A RCW.

(5) An investor-owned utility must also report all information required in subsection (4) of this section to the commission.

(6) An electric utility must also make reports required in this section available to its retail electric customers.

(7) The department of ecology must adopt rules, in consultation with the commission and the department of commerce, to establish requirements for energy transformation project

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

investments including, but not limited to, verification procedures, reporting standards, and other logistical issues as necessary.

(8) The department must adopt rules providing for the measuring and tracking of thermal renewable energy credits that may be used for compliance under section 4 of this act.

(9) Pursuant to the administrative procedure act, chapter 34.05 RCW, rules needed for the implementation of this chapter must be adopted by January 1, 2021, unless specified otherwise elsewhere in this chapter. These rules may be revised as needed to carry out the intent and purposes of this chapter.

NEW SECTION. Sec. 11. The requirements of sections 3 through 9 of this act do not replace or modify the requirements established under chapter 19.285 RCW. All utility activities to comply with the requirements established under chapter 19.285 RCW also qualify for compliance with the requirements contained in this chapter, insofar as those activities meet the requirements of this act.

NEW SECTION. Sec. 12. (1) It is the intent of the legislature to demonstrate progress toward making energy assistance funds available to low-income households consistent with the policies identified in this section.

(2) An electric utility must make programs and funding available for energy assistance to low-income households by July 31, 2021. Each utility must demonstrate progress in providing energy assistance pursuant to the assessment and plans in subsection (4) of this section. To the extent practicable, priority must be given to low-income households with a higher energy burden.

(3) Beginning July 31, 2020, the department must collect and aggregate data estimating the energy burden and energy assistance need and reported energy assistance for each electric utility, in order to improve agency and utility efforts to serve low-income households with energy assistance. The department must update the aggregated data on a biennial basis, make it publicly accessible on its internet web site and, to the extent practicable, include geographic attributes.

(a) The aggregated data published by the department must include, but is not limited to:

(i) The estimated number and demographic characteristics of households served by energy assistance for each utility and the dollar value of the assistance;

(ii) The estimated level of energy burden and energy assistance need among customers served, accounting for household income and other drivers of energy burden;

(iii) Housing characteristics including housing type, home vintage, and fuel types; and

(iv) Energy efficiency potential.

(b) Each utility must disclose information to the department for use under this subsection, including:

(i) The amount and type of energy assistance and the number and type of households, if applicable, served for programs administered by the utility;

(ii) The amount of money passed through to third parties that administer energy assistance programs; and

(iii) Subject to availability, any other information related to the utility's low-income assistance programs that is requested by the department.

(c) The information required by (b) of this subsection must be from the electric utility's most recent completed budget period and in a form, timeline, and manner as prescribed by the department.

(4)(a) In addition to the requirements under subsection (3) of this section, each electric utility must submit biennially to the department an assessment of:

(i) The programs and mechanisms used by the utility to reduce energy burden and the effectiveness of those programs and mechanisms in both short-term and sustained energy burden reductions;

(ii) The outreach strategies used to encourage participation of eligible households, including consultation with community-based organizations and Indian tribes as appropriate, and comprehensive enrollment campaigns that are linguistically and culturally appropriate to the customers they serve in vulnerable populations; and

(iii) A cumulative assessment of previous funding levels for energy assistance compared to the funding levels needed to meet: (A) Sixty percent of the current energy assistance need, or increasing energy assistance by fifteen percent over the amount provided in 2018, whichever is greater, by 2030; and (B) ninety percent of the current energy assistance need by 2050.

(b) The assessment required in (a) of this subsection must include a plan to improve the effectiveness of the assessed mechanisms and strategies toward meeting the energy assistance need.

(5) A consumer-owned utility may enter into an agreement with a public university, community-based organization, or joint operating agency organized under chapter 43.52 RCW to aggregate the disclosures required in this section and submit the assessment required in subsections (3) and (4) of this section.

(6)(a) The department must submit a biennial report to the legislature that:

(i) Aggregates information into a statewide summary of energy assistance programs, energy burden, and energy assistance need;

(ii) Identifies and quantifies current expenditures on low-income energy assistance; and

(iii) Evaluates the effectiveness of additional optimal mechanisms for energy assistance including, but not limited to, customer rates, a low-income specific discount, system benefits charges, and public and private funds.

(b) The department must also assess mechanisms to prioritize energy assistance towards low-income households with a higher energy burden.

(7) Nothing in this section may be construed to restrict the rate-making authority of the commission or the governing body of a consumer-owned utility as otherwise provided by law.

NEW SECTION. Sec. 13. (1) The department and the commission must convene a stakeholder work group to examine the:

(a) Efficient and consistent integration of this act and transactions with carbon and electricity markets outside the state; and

(b) Compatibility of the requirements under this act relative to a linked cap-and-trade program.

(2) To assist in its examination of the issues identified in this section, as well as any other issues pertinent to its review, the work group must, at a minimum, consist of electric utilities, gas companies, the Bonneville power administration, public interest and environmental organizations, and other agencies.

(3) The department and the commission must adopt rules by June 30, 2022, defining requirements, including appropriate specification, verification, and reporting requirements, for the following: (a) Retail electric load met with market purchases and the western energy imbalance market or other centralized market administered by a market operator for the purposes of sections 3 through 5 of this act; and (b) to address the prohibition on double counting of nonpower attributes under section 4(1) of this act that could occur under other programs. With respect to purchases from the western energy imbalance market or other centralized market, the department and the commission must consult with the market

operator and market participants to consider options that support the objectives of this chapter and the efficient dispatch of the generation resources dispatched by those markets.

Sec. 14. RCW 19.280.030 and 2015 3rd sp.s. c 19 s 9 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers (~~(shall)~~) must develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years or longer, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources, as informed, as applicable, by the assessment for conservation potential under RCW 19.285.040 for the planning horizon consistent with (a) of this subsection. Such assessment may include, as appropriate, opportunities for development of combined heat and power as an energy and capacity resource, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies including a comparison of the benefits and risks of purchasing power or building new resources;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) An assessment of methods, commercially available technologies, or facilities for integrating renewable resources, including but not limited to battery storage and pumped storage, and addressing overgeneration events, if applicable to the utility's resource portfolio;

(f) An assessment and ten-year forecast of the availability of regional generation and transmission capacity on which the utility may rely to provide and deliver electricity to its customers;

(g) A determination of resource adequacy metrics for the resource plan consistent with the forecasts;

(h) A forecast of distributed energy resources that may be installed by the utility's customers and an assessment of their effect on the utility's load and operations;

(i) An identification of an appropriate resource adequacy requirement and measurement metric consistent with prudent utility practice in implementing sections 3 through 5 of this act;

(j) The integration of the demand forecasts (~~(and)~~)₂ resource evaluations, and resource adequacy requirement into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs, including mitigating overgeneration events and implementing sections 3 through 5 of this act, at the lowest reasonable cost and risk to the utility and its (~~(ratepayers)~~) customers, while maintaining and protecting the safety, reliable operation, and balancing of its electric system; (~~(and)~~

(~~(g)~~) (k) An assessment, informed by the cumulative impact analysis conducted under section 24 of this act, of: Energy and nonenergy benefits and reductions of burdens to vulnerable populations and highly impacted communities; long-term and

short-term public health and environmental benefits, costs, and risks; and energy security and risk; and

(l) A (~~(short-term plan identifying)~~) ten-year clean energy action plan for implementing sections 3 through 5 of this act at the lowest reasonable cost, and at an acceptable resource adequacy standard, that identifies the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) For an investor-owned utility, the clean energy action plan must: (a) Identify and be informed by the utility's ten-year cost-effective conservation potential assessment as determined under RCW 19.285.040, if applicable; (b) establish a resource adequacy requirement; (c) identify the potential cost-effective demand response and load management programs that may be acquired; (d) identify renewable resources, nonemitting electric generation, and distributed energy resources that may be acquired and evaluate how each identified resource may be expected to contribute to meeting the utility's resource adequacy requirement; (e) identify any need to develop new, or expand or upgrade existing, bulk transmission and distribution facilities; and (f) identify the nature and possible extent to which the utility may need to rely on alternative compliance options under section 4(1)(b) of this act, if appropriate.

(3)(a) An electric utility shall consider the social cost of greenhouse gas emissions, as determined by the commission for investor-owned utilities pursuant to section 15 of this act and the department for consumer-owned utilities, when developing integrated resource plans and clean energy action plans. An electric utility must incorporate the social cost of greenhouse gas emissions as a cost adder when:

(i) Evaluating and selecting conservation policies, programs, and targets;

(ii) Developing integrated resource plans and clean energy action plans; and

(iii) Evaluating and selecting intermediate term and long-term resource options.

(b) For the purposes of this subsection (3): (i) Gas consisting largely of methane and other hydrocarbons derived from the decomposition of organic material in landfills, wastewater treatment facilities, and anaerobic digesters must be considered a nonemitting resource; and (ii) qualified biomass energy must be considered a nonemitting resource.

(4) To facilitate broad, equitable, and efficient implementation of this act, a consumer-owned energy utility may enter into an agreement with a joint operating agency organized under chapter 43.52 RCW or other nonprofit organization to develop and implement a joint clean energy action plan in collaboration with other utilities.

(5) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; (~~(and)~~)

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not: (i) Renewable resources; (ii) methods, commercially available technologies, or facilities for integrating renewable resources, including addressing any overgeneration event; or (iii) conservation and efficiency resources, why such a decision was made; and

(d) By December 31, 2020, and in every resource plan thereafter, identifies how the utility plans over a ten-year period to implement sections 4 and 5 of this act.

(~~(3)~~) (6) Assessments for demand side resources included in an integrated resource plan may include combined heat and power systems as one of the measures in a conservation supply curve.

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

The value of recoverable waste heat resulting from combined heat and power must be reflected in analyses of cost-effectiveness under this subsection.

~~((4))~~ (7) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

~~((5) Resource)~~ (8) Plans developed under this section must be updated on a regular basis, on intervals approved by the commission or the department, or at a minimum on intervals of two years.

~~((6))~~ (9) Plans shall not be a basis to bring legal action against electric utilities.

~~((7))~~ (10)(a) To maximize transparency, the commission, for investor-owned utilities, or the governing body, for consumer-owned utilities, may require an electric utility to make the utility's data input files available in a native format. Each electric utility shall publish its final plan either as part of an annual report or as a separate document available to the public. The report may be in an electronic form.

(b) Nothing in this subsection limits the protection of records containing commercial information under RCW 80.04.095.

(11) By December 31, 2021, the department and the commission must adopt rules establishing the requirements for incorporating the cumulative impact analysis developed under section 24 of this act into the criteria for developing clean energy action plans under this section.

NEW SECTION. Sec. 15. A new section is added to chapter 80.28 RCW to read as follows:

For the purposes of this act, the cost of greenhouse gas emissions resulting from the generation of electricity, including the effect of emissions, is equal to the cost per metric ton of carbon dioxide equivalent emissions, using the two and one-half percent discount rate, listed in table 2, technical support document: Technical update of the social cost of carbon for regulatory impact analysis under Executive Order No. 12866, published by the interagency working group on social cost of greenhouse gases of the United States government, August 2016. The commission must adjust the costs established in this section to reflect the effect of inflation.

Sec. 16. RCW 80.84.010 and 2016 c 220 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible coal plant" means a coal-fired electric generation facility that: (a) ~~((Had two or fewer generating units as of January 1, 1980, and four generating units as of January 1, 2016; (b)))~~ Is owned in whole or in part by more than one electrical company as of January 1, 2016; and ~~((e))~~ (b) provides, as a portion of the load served by the coal-fired electric generation facility, electricity paid for in rates by customers in the state of Washington.

(2) "Eligible coal unit" means any generating unit of an eligible coal plant.

NEW SECTION. Sec. 17. This section is the tax preference performance statement for the tax preferences contained in sections 18 and 19, chapter . . . , Laws of 2019 (sections 18 and 19 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to reduce the amount of carbon dioxide emissions in Washington. It is the legislature's intent to extend the expiration date of and expand the existing sales and use tax exemption for machinery and equipment used directly in generating certain types of alternative energy, in order to reduce the price charged to customers for that machinery and equipment, thereby inducing some customers to buy machinery and equipment for alternative energy when they might not otherwise, thereby displacing electricity from fossil-fueled generating resources, thereby reducing the amount of carbon dioxide emissions in Washington. It is also the intent of the legislature to maximize cost savings associated with clean energy construction for Washington electric customers by encouraging development of these resources in time for projects to benefit from both this incentive and expiring federal incentives.

(3) It is also the legislature's specific public policy objective to provide an incentive for more of the projects that meet the objectives of subsection (2) of this section to be constructed with high labor standards, including family level wages and providing benefits including health care and pensions, as well as maximizing access to economic benefits from such projects for local workers and diverse businesses.

(4) The joint legislative audit and review committee is not required to perform a tax preference review under chapter 43.136 RCW for the tax preferences contained in sections 18 and 19, chapter . . . , Laws of 2019 (sections 18 and 19 of this act) and it is the intent of the legislature to allow the tax preferences to expire upon their scheduled expiration dates.

Sec. 18. RCW 82.08.962 and 2018 c 164 s 5 are each amended to read as follows:

(1)(a) ~~((Except as provided in RCW 82.08.963, purchasers who have paid))~~ Subject to the requirements of this section, the tax imposed by RCW 82.08.020 ~~((on))~~ does not apply to sales of machinery and equipment used directly in generating electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, or technology that converts otherwise lost energy from exhaust, as the principal source of power, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, ~~((are eligible for an exemption as provided in this section,))~~ but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not less than one thousand watts AC of electricity. (i) Seventy-five percent of the state and local sales tax paid, if the department of labor and industries certifies that the project complies with (c)(i)(A) and (B) of this subsection and compensates workers at prevailing wage rates determined by local collective bargaining as determined by the department of labor and industries. This subsection (1)(c)(ii) does not apply with respect to solar energy systems described in (c)(i)(B) of this subsection; or

(iii) One hundred percent of the state and local sales tax paid, if the department of labor and industries certifies that the project is developed under a community workforce agreement or project labor agreement. This subsection (1)(c)(iii) does not apply with respect to solar energy systems described in (c)(i)(B) of this subsection.

(d) In order to qualify for the remittance under (c) of this subsection, installation of the qualifying machinery and equipment must commence no earlier than January 1, 2020, and be completed by December 31, 2029.

(e) Beginning July 1, 2019, and through December 31, 2029, the purchaser is entitled to an exemption under this subsection (1)(e) in an amount equal to one hundred percent of the state and local sales tax due on:

(i) Machinery and equipment that is used directly in the generation of electricity by a solar energy system that is capable of generating no more than one hundred kilowatts AC of electricity; or

(ii) Labor and services rendered in respect to installing machinery and equipment exempt under (e)(i) of this subsection, and the seller meets the following requirements at the time of the sale for which the exemption is claimed:

(A) Has obtained a certificate of registration in compliance with chapter 18.27 RCW;

(f) Purchasers claiming an exemption under (e) of this subsection must provide the seller with an exemption certificate in a form and manner prescribed by the department.

(g) In order to qualify for the exemption under (e)(ii) of this subsection, installation of the qualifying machinery and equipment must commence no earlier than July 1, 2019, and be completed by December 31, 2029.

(2)(a) The department of labor and industries must adopt emergency and permanent rules to:

(i) Define and set minimum requirements for all labor standards identified in subsection (1)(c) of this section; and

(ii) Set requirements for all good faith efforts under subsection (1)(c)(i) and (ii) of this section, as well as documentation requirements and a certification process. Requirements for all good faith efforts must be designed to maximize the likelihood that the project is completed with said standards and could include: Proactive outreach to firms that are women, minority, and veteran-owned businesses; advertising in local community publications and publications appropriate to identified firms; participating in community job fairs, conferences, and trade shows; and other measures. The certification process and timeline must be designed to prevent undue delay to project development.

(b) Emergency rules must be adopted by December 1, 2019, and take effect January 1, 2020.

(3) For purposes of this section and RCW 82.12.962, the following definitions apply:

(a) "Biomass energy" includes: (i) By-products of pulping and wood manufacturing process; (ii) animal waste; (iii) solid organic fuels from wood; (iv) forest or field residues; (v) wooden demolition or construction debris; (vi) food waste; (vii) liquors derived from algae and other sources; (viii) dedicated energy crops; (ix) biosolids; and (x) yard waste. (c)(i) "Machinery and equipment" means fixtures, devices, and support facilities that are integral and necessary to the generation of electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, or technology that converts otherwise lost energy from exhaust.

(ii) "Machinery and equipment" does not include: (A) Hand-powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings; or (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.

((3)) (d) "Project labor agreement" and "community workforce agreement" means a prehire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project and is an agreement described in 29 U.S.C. Sec. 158(f).

(4)(a) Machinery and equipment is “used directly” in generating electricity by wind energy, solar energy, biomass energy, tidal or wave energy, geothermal resources, or technology that converts otherwise lost energy from exhaust if it provides any part of the process that captures the energy of the wind, sun, biomass energy, tidal or wave energy, geothermal resources, or technology that converts otherwise lost energy from exhaust, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

(b) Machinery and equipment is “used directly” in generating electricity by fuel cells if it provides any part of the process that captures the energy of the fuel, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

~~((4))~~ (5)(a)(i) A purchaser claiming an exemption in the form of a remittance under subsection (1)(b) or (c) of this section must pay the tax imposed by RCW 82.08.020 and all applicable local sales taxes imposed under the authority of chapters 82.14 and 81.104 RCW. The purchaser may then apply to the department for remittance in a form and manner prescribed by the department. A purchaser may not apply for a remittance under this section more frequently than once per quarter. The purchaser must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The purchaser must retain, in adequate detail, records to enable the department to determine whether the purchaser is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(ii) The application for remittance must include a copy of the certificate issued for the project by the department of labor and industries as prescribed by rule under subsection (2) of this section.

(b) The department must determine eligibility under this section based on the information provided by the purchaser, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying purchasers who submitted applications during the previous quarter.

~~((5) The exemption provided by this section expires September 30, 2017, as it applies to: (a))~~ (6)(a) Except as otherwise provided in (c) of this subsection, from October 1, 2017, through December 31, 2019, the exemption provided by this section does not apply to: (i) Machinery and equipment that is used directly in the generation of electricity using solar energy and capable of generating no more than five hundred kilowatts AC of electricity; or ((b)) (ii) sales of or charges made for labor and services rendered in respect to installing such machinery and equipment.

Sec. 20. RCW 80.04.250 and 2011 c 214 s 9 are each amended to read as follows:

(1) The provisions of this section are necessary to ensure that the commission has sufficient flexible authority to determine the value of utility property for rate making purposes and to implement the requirements and full intent of this act.

(2) The commission has power upon complaint or upon its own motion to ascertain and determine the fair value for rate making purposes of the property of any public service company used and useful for service in this state by or during the rate effective period and shall exercise such power whenever it deems such valuation or determination necessary or proper under any of the provisions of this title. ~~((In determining what property is used and useful for providing electric, gas, wastewater company services, or water service, the commission may include the reasonable costs of construction work in progress to the extent that the commission finds that inclusion is in the public interest.~~

~~(2))~~ The valuation may include consideration of any property of the public service company acquired or constructed by or during the rate effective period, including the reasonable costs of construction work in progress, to the extent that the commission finds that such an inclusion is in the public interest and will yield fair, just, reasonable, and sufficient rates.

(3) The commission may provide changes to rates under this section for up to forty-eight months after the rate effective date using any standard, formula, method, or theory of valuation reasonably calculated to arrive at fair, just, reasonable, and sufficient rates. The commission must establish an appropriate process to identify, review, and approve public service company property that becomes used and useful for service in this state after the rate effective date.

(4) The commission has the power to make revaluations of the property of any public service company from time to time.

~~((3))~~ (5) The commission shall, before any hearing is had, notify the complainants and the public service company concerned of the time and place of such hearing by giving at least thirty days' written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of ascertaining the value of the company's property, used and useful as aforesaid, which notice must be sufficient to authorize the commission to inquire into and pass upon the matters designated in this section.

(6) Nothing in this section limits the commission's authority to consider and implement performance and incentive-based regulation, multiyear rate plans, and other flexible regulatory mechanisms.

NEW SECTION. Sec. 21. A new section is added to chapter 80.28 RCW to read as follows:

(1) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with major projects in the electrical company's clean energy action plan pursuant to RCW 19.280.030(1)(l), or selected in the electrical company's solicitation of bids for delivering electric capacity, energy, capacity and energy, or conservation. The deferral in this subsection begins with the date on which the resource begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed thirty-six months. However, if during such a period the electrical company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such a proceeding. Creation of such a deferral account does not by itself determine the actual costs of the resource or power purchase agreement, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding.

(2) The costs that an electrical company may account for and defer for later consideration by the commission pursuant to subsection (1) of this section include all operating and maintenance costs, depreciation, taxes, cost of capital associated

with the applicable resource or the execution of a power purchase agreement. Such costs of capital include:

(a) The electrical company's authorized return on equity for any resource acquired or developed by the electrical company; or

(b) For the duration of a power purchase agreement, a rate of return of no less than the authorized cost of debt and no greater than the authorized rate of return of the electrical company, which would be multiplied by the operating expense incurred by the electrical company under the power purchase agreement.

Sec. 22. RCW 43.21F.090 and 1996 c 186 s 106 are each amended to read as follows:

(1) The department shall review the state energy strategy ((as developed under section 1, chapter 201, Laws of 1991, periodically with the guidance of an advisory committee. Sec. 29. RCW 19.285.040 and 2017 c 315 s 2 are each amended to read as follows:

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and

conservation planning council in the most recently published regional power plan as it existed on June 12, 2014, or a subsequent date as may be provided by the department or the commission by rule, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. Nothing in the rule adopted under this subsection precludes a qualifying utility from using its utility specific conservation measures, values, and assumptions in identifying its achievable cost-effective conservation potential. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection, beginning on January 1, 2014, cost-effective conservation achieved by a qualifying utility in excess of its biennial acquisition target may be used to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty percent of any biennial target may be met with excess conservation savings.

(ii) Beginning January 1, 2014, a qualifying utility may use single large facility conservation savings in excess of its biennial target to meet up to an additional five percent of the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined. For the purposes of this subsection (1)(c)(ii), "single large facility conservation savings" means cost-effective conservation savings achieved in a single biennial period at the premises of a single customer of a qualifying utility whose annual electricity consumption prior to the conservation savings exceeded five average megawatts.

(iii) Beginning January 1, 2012, and until December 31, 2017, a qualifying utility with an industrial facility located in a county with a population between ninety-five thousand and one hundred fifteen thousand that is directly interconnected with electricity facilities that are capable of carrying electricity at transmission voltage may use cost-effective conservation from that industrial facility in excess of its biennial acquisition target to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined.

(d) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(e) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(f) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or any combination of them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than coal transition power or renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

~~(e) (The requirements of this section may be met for any given year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.)~~ A qualifying utility may use renewable energy credits to meet the requirements of this section, subject to the limitations of this subsection.

(i) A renewable energy credit from electricity generated by a resource other than freshwater may be used to meet a requirement applicable to the year in which the credit was created, the year before the year in which the credit was created, or the year after the year in which the credit was created.

(ii) A renewable energy credit from electricity generated by freshwater:

(A) May only be used to meet a requirement applicable to the year in which the credit was created; and

(B) Must be acquired by the qualifying utility through ownership of the generation facility or through a transaction that conveyed both the electricity and the nonpower attributes of the electricity.

(iii) A renewable energy credit transferred to an investor-owned utility pursuant to the Bonneville power administration's residential exchange program may not be used by any utility other than the utility receiving the credit from the Bonneville power administration.

(iv) Each renewable energy credit may only be used once to meet the requirements of this section and must be retired using procedures of the renewable energy credit tracking system.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

(i) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(j)(i) Beginning January 1, 2016, only a qualifying utility that owns or is directly interconnected to a qualified biomass energy facility may use qualified biomass energy to meet its compliance obligation under this subsection.

(ii) A qualifying utility may no longer use electricity and associated renewable energy credits from a qualified biomass energy facility if the associated industrial pulping or wood manufacturing facility ceases operation other than for purposes of maintenance or upgrade.

(k) An industrial facility that hosts a qualified biomass energy facility may only transfer or sell renewable energy credits associated with qualified biomass energy generated at its facility to the qualifying utility with which it is directly interconnected with facilities owned by such a qualifying utility and that are capable of carrying electricity at transmission voltage. The qualifying utility may only use an amount of renewable energy credits associated with qualified biomass energy that are equivalent to the proportionate amount of its annual targets under (a)(ii) and (iii) of this subsection that was created by the load of the industrial facility. A qualifying utility that owns a qualified biomass energy facility may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(l) Beginning January 1, 2020, a qualifying utility may use eligible renewable resources as identified under RCW 19.285.030(12) (g) and (h) to meet its compliance obligation under this subsection (2). A qualifying utility may not transfer or sell these eligible renewable resources to another utility for compliance purposes under this chapter.

(m) Beginning January 1, 2030, a qualifying utility is considered to be in compliance with an annual target in (a) of this subsection if the utility uses electricity from: (i) Renewable resources and renewable energy credits as defined in RCW 19.285.030; and (ii) nonemitting electric generation as defined in section 2 of this act, in an amount equal to one hundred percent of the utility's average annual retail electric load. Nothing in this

subsection relieves the requirements of a qualifying utility to comply with subsection (1) of this section.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006.

NEW SECTION. Sec. 30. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 31. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

NEW SECTION. Sec. 3. (1) Every five years, and consistent with the timeline established in section 5 of this act, the department, in consultation with the department of health, shall identify priority consumer products that are a significant source of or use of priority chemicals. The department must submit a report to the appropriate committees of the legislature at the time that it identifies a priority consumer product.

(2) When identifying priority consumer products under this section, the department must consider, at a minimum, the following criteria:

(a) The estimated volume of a priority chemical or priority chemicals added to, used in, or present in the consumer product;

(b) The estimated volume or number of units of the consumer product sold or present in the state;

(c) The potential for exposure to priority chemicals by sensitive populations or sensitive species when the consumer product is used, disposed of, or has decomposed;

(d) The potential for priority chemicals to be found in the outdoor environment, with priority given to surface water, groundwater, marine waters, sediments, and other ecologically sensitive areas, when the consumer product is used, disposed of, or has decomposed;

(e) If another state or nation has identified or taken regulatory action to restrict or otherwise regulate the priority chemical in the consumer product;

(f) The availability and feasibility of safer alternatives; and

(g) Whether the department has already identified the consumer product in a chemical action plan completed under chapter 70.105 RCW as a source of a priority chemical or other reports or information gathered under chapter 70.240, 70.76, 70.95G, 70.280, 70.285, 70.95M, or 70.75A RCW.

(3) The department is not required to give equal weight to each of the criteria in subsection (2)(a) through (g) of this section when identifying priority consumer products that use or are a significant source of priority chemicals.

(4) To assist with identifying priority consumer products under this section and making determinations as authorized under section 4 of this act, the department may request a manufacturer to submit a notice to the department that contains the information specified in RCW 70.240.040 (1) through (6) or other information relevant to subsection (2)(a) through (d) of this section. The manufacturer must provide the notice to the department no later than six months after receipt of such a demand by the department.

(5)(a) Except as provided in (b) of this subsection, the department may not identify the following as priority consumer products under this section:

(i) Plastic shipping pallets manufactured prior to 2012;

(ii) Food or beverages;

(iii) Tobacco products;

(iv) Drug or biological products regulated by the United States food and drug administration;

(v) Finished products certified or regulated by the federal aviation administration or the department of defense, or both, when used in a manner that was certified or regulated by such agencies, including parts, materials, and processes when used to manufacture or maintain such regulated or certified finished products;

(vi) Motorized vehicles, including on and off-highway vehicles, such as all-terrain vehicles, motorcycles, side-by-side vehicles, farm equipment, and personal assistive mobility devices; and

(vii) Chemical products used to produce an agricultural commodity, as defined in RCW 17.21.020.

(b) The department may identify the packaging of products listed in (a) of this subsection as priority consumer products.

(6) For an electronic product identified by the department as a priority consumer product under this section, the department may not make a regulatory determination under section 4 of this act to restrict or require the disclosure of a priority chemical in an inaccessible electronic component of the electronic product.

NEW SECTION. Sec. 4. (1) Every five years, and consistent with the timeline established in section 5 of this act, the department, in consultation with the department of health, must determine regulatory actions to increase transparency and to reduce the use of priority chemicals in priority consumer products. The department must submit a report to the appropriate committees of the legislature at the time that it determines regulatory actions. The department may:

(a) Determine that no regulatory action is currently required;

(b) Require a manufacturer to provide notice of the use of a priority chemical or class of priority chemicals consistent with RCW 70.240.040; or

(c) Restrict or prohibit the manufacture, wholesale, distribution, sale, retail sale, or use, or any combination thereof, of a priority chemical or class of priority chemicals in a consumer product.

(2)(a) The department may order a manufacturer to submit information consistent with section 3(4) of this act.

(b) The department may require a manufacturer to provide:

(i) A list of products containing priority chemicals;

(ii) Product ingredients;

(iii) Information regarding exposure and chemical hazard; and

(iv) A description of the amount and the function of the high priority chemical in the product.

(3) The department may restrict or prohibit a priority chemical or members of a class of priority chemicals in a priority consumer product when it determines:

(a) Safer alternatives are feasible and available; and

(b)(i) The restriction will reduce a significant source of or use of a priority chemical; or

(ii) The restriction is necessary to protect the health of sensitive populations or sensitive species.

(4) When determining regulatory actions under this section, the department may consider, in addition to the criteria pertaining to the selection of priority chemicals and priority consumer products that are specified in sections 2 and 3 of this act, whether:

(a) The priority chemical or members of a class of priority chemicals are functionally necessary in the priority consumer product; and

(b) A restriction would be consistent with regulatory actions taken by another state or nation on a priority chemical or members of a class of priority chemicals in a product.

(5) A restriction or prohibition on a priority chemical in a consumer product may include exemptions or exceptions, including exemptions to address existing stock of a product in commerce at the time that a restriction takes effect.

NEW SECTION. Sec. 5. (1)(a) By June 1, 2020, and consistent with section 3 of this act, the department shall identify priority consumer products that are a significant source of or use of priority chemicals specified in section 1(10) (a) through (f) of this act.

(b) By June 1, 2022, and consistent with section 4 of this act, the department must determine regulatory actions regarding the priority chemicals and priority consumer products identified in (a) of this subsection.

(c) By June 1, 2023, the department must adopt rules to implement regulatory actions determined under (b) of this subsection.

(2)(a) By June 1, 2024, and every five years thereafter, the department shall select at least five priority chemicals specified in section 1(10) (a) through (g) of this act that are identified consistent with section 2 of this act.

(b) By June 1, 2025, and every five years thereafter, the department must identify priority consumer products that contain any new priority chemicals after notifying the appropriate committees of the legislature, consistent with section 3 of this act.

(c) By June 1, 2027, and every five years thereafter, the department must determine regulatory actions for any priority chemicals in priority consumer products identified under (b) of this subsection, consistent with section 4 of this act.

(d) By June 1, 2028, and every five years thereafter, the department must adopt rules to implement regulatory actions identified under (c) of this subsection.

(3)(a) The designation of priority chemicals by the department does not take effect until the adjournment of the regular legislative session immediately following the identification of chemicals, in order to allow an opportunity for the legislature to add to, limit, or otherwise amend the list of priority chemicals to be considered by the department.

(b) The designation of priority consumer products by the department does not take effect until the adjournment of the regular legislative session immediately following the identification of priority consumer products, in order to allow an opportunity for the legislature to add to, limit, or otherwise amend the list of priority consumer products to be considered by the department.

(c) The determination of regulatory actions by the department does not take effect until the adjournment of the regular legislative session immediately following the determination by the department, in order to allow an opportunity for the legislature to add to, limit, or otherwise amend the regulatory determinations by the department.

(d) Nothing in this subsection (3) limits the authority of the department to:

(i) Begin to identify priority consumer products for a priority chemical prior to the effective date of the designation of a priority chemical;

(ii) Begin to consider possible regulatory actions prior to the effective date of the designation of a priority consumer product; or

(iii) Initiate a rule-making process prior to the effective date of a determination of a regulatory action.

(4)(a) When identifying priority chemicals and priority consumer products under this chapter, the department must notify the public of the selection, including the identification of the peer-reviewed science and other sources of information that the department relied upon, the basis for the selection, and a draft schedule for making determinations. The notice must be published in the Washington State Register. The department shall provide the public with an opportunity for review and comment on the regulatory determinations.

(b)(i) By June 1, 2020, the department must create a stakeholder advisory process to provide expertise, input, and a review of the department's rationale for identifying priority chemicals and priority consumer products and proposed regulatory determinations. The input received from a stakeholder process must be considered and addressed when adopting rules.

(ii) The stakeholder process must include, but is not limited to, representatives from: Large and small business sectors; community, environmental, and public health advocacy groups; local governments; affected and interested businesses; an expert in scientific data analysis; and public health agencies.

NEW SECTION. Sec. 6. (1) A manufacturer that submits information or records to the department under this chapter may request that the information or records be made available only for the confidential use of the department, the director, or the appropriate division of the department. The director shall give consideration to the request and if this action is not detrimental to the public interest and is otherwise within accord with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160. Under the procedures established under RCW 43.21A.160, the director must keep confidential any records furnished by a manufacturer under this chapter that relate to proprietary manufacturing processes or chemical formulations used in products or processes.

(2) For records or other information furnished to the department by a federal agency on the condition that the information be afforded the same confidentiality protections as under federal law, the director may determine that the information or records be available only for the confidential use of the director, the department, or the appropriate division of the department. All such records and information are exempt from public disclosure. The director is authorized to enter into an agreement with the federal agency furnishing the records or information to ensure the confidentiality of the records or information.

NEW SECTION. Sec. 7. (1) A manufacturer violating a requirement of this chapter, a rule adopted under this chapter, or an order issued under this chapter, is subject to a civil penalty not to exceed five thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are subject to a civil penalty not to exceed ten thousand dollars for each repeat offense.

(2) Any penalty provided for in this section, and any order issued by the department under this chapter, may be appealed to the pollution control hearings board.

(3) All penalties collected under this chapter shall be deposited in the state toxics control account created in RCW 70.105D.070.

NEW SECTION. Sec. 8. (1) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(2)(a) The department must adopt rules to implement the determinations of regulatory actions specified in section 4(1) (b) or (c) of this act. When proposing or adopting rules to implement regulatory determinations specified in this subsection, the department must identify the expected costs and benefits of the proposed or adopted rules to state agencies to administer and enforce the rules and to private persons or businesses, by category of type of person or business affected.

(b) A rule adopted to implement a regulatory determination involving a restriction on the manufacture, wholesale, distribution, sale, retail sale, or use of a priority consumer product containing a priority chemical may take effect no sooner than three hundred sixty-five days after the adoption of the rule.

(c) Each rule adopted to implement a determination of regulatory action specified in section 4(1) (b) or (c) of this act is a significant legislative rule for purposes of RCW 34.05.328. The department must prepare a small business economic impact statement consistent with the requirements of RCW 19.85.040 for each rule to implement a determination of a regulatory action specified in section 4(1) (b) or (c) of this act.

Sec. 9. RCW 70.240.040 and 2008 c 288 s 5 are each amended to read as follows:

(10) "Net metering system" means a fuel cell, a facility that produces electricity and used and useful thermal energy from a common fuel source, or a facility for the production of electrical energy that generates renewable energy, and that:

(a) Has an electrical generating AC capacity of not more than one hundred kilowatts;

 (c) Operates in parallel with the electric utility's transmission and distribution facilities and is connected to the electric utility's distribution system; and

(d) Is intended primarily to offset part or all of the customer-generator's requirements for electricity.

(11) "Premises" means any residential property, commercial real estate, or lands, owned or leased by a customer-generator within the service area of a single electric utility.

(18) "Retail electric customer" includes an individual, organization, group, association, partnership, corporation, agency, unit of state government, or entity that is connected to the electric utility's distribution system and purchases electricity for ultimate consumption and not for resale.

Sec. 2. RCW 80.60.020 and 2007 c 323 s 2 are each amended to read as follows:

(1) An electric utility:

(a) Shall offer to make net metering, pursuant to RCW 80.60.030, available to eligible (~~customers-generators~~) customer-generators on a first-come, first-served basis until the ~~((cumulative generating capacity of net metering systems equals 0.25 percent of the utility's peak demand during 1996. On January 1, 2014, the cumulative generating capacity available to net metering systems will equal 0.5 percent of the utility's peak demand during 1996))~~ earlier of either: (i) June 30, 2029; or (ii) the first date upon which the cumulative generating capacity of net metering systems equals four percent of the utility's peak demand during 1996. Not less than one-half of the utility's 1996 peak demand available for net metering systems shall be reserved for the cumulative generating capacity attributable to net metering systems that generate renewable energy;

(b) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(i) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(ii) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(c) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(i) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(ii) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

(2) If a production meter and software is required by the electric utility to provide meter aggregation under RCW 80.60.030(4), the customer-generator is responsible for the purchase of the production meter and software.

(3)(a)(i) A consumer-owned utility may develop a standard rate or tariff schedule that deviates from RCW 80.60.030 for eligible customer-generators to take effect at the earlier of either: (A) June 30, 2029; or (B) the first date upon which the cumulative generating capacity of net metering systems equals four percent of the utility's peak demand during 1996.

(ii) An electrical company may submit a filing with the commission to develop a standard tariff schedule that deviates from RCW 80.60.030 for eligible customer-generators. The commission must approve, reject, or approve with conditions a net metering tariff schedule pursuant to this subsection within one year of an electrical company filing. If the commission approves the filing with conditions, the investor-owned utility may choose to accept the tariff schedule with conditions or file a new tariff schedule with the commission.

(b) An approved standard rate or tariff schedule under this subsection applies to any customer-generator subject to an interconnection agreement entered into: (i) After June 30, 2029, or (ii) the first date upon which the cumulative generating capacity of net metering systems pursuant to RCW 80.60.030 equals four percent of the utility's peak demand during 1996, whichever is earlier, unless the commission or governing body determines that a customer-generator is eligible for net metering under a rate or tariff schedule pursuant to RCW 80.60.030.

(c)(i) A consumer-owned utility must notify the Washington State University extension energy program sixty days in advance of when a standard rate for an eligible customer-generator is first placed on the agenda of the governing body.

(ii) Each electric utility must give notice by July 31, 2020, and semiannually thereafter, to the Washington State University extension energy program of the status of meeting the cumulative generating capacity available to net metering systems pursuant to subsection (1)(a) of this section.

(iii) The Washington State University extension energy program must make available on its web site a list of the following:

(A) Each electric utility's progress on reaching the cumulative generating capacity available to net metering systems pursuant to subsection (1)(a) of this section;

(B) Electric utilities that have provided notice of a rate or tariff schedule under this subsection; and

(C) Electric utilities that have adopted a standard rate or tariff schedule under this subsection.

(d) If the commission does not approve an electrical company's tariff schedule under (a)(ii) of this subsection, the commission may determine the alternative cumulative generating capacity available to net metering systems pursuant to RCW 80.60.030.

(4)(a) An electric utility must continue to credit a customer-generator pursuant to RCW 80.60.030 if:

(i) The customer-generator takes service under net metering prior to the earlier of: (A) June 30, 2029; or (B) the first date upon which the cumulative generating capacity of net metering systems reaches four percent of the utility's peak demand in 1996; and

(ii) The customer-generator's existing interconnection agreement for the net metering system remains valid.

(b) The commission, in the case of electrical companies, and a governing body, in the case of consumer-owned utilities, must determine as part of a standard rate or tariff schedule under this subsection when customer-generators become ineligible for credit pursuant to RCW 80.60.030.

(c) Upon adoption of a standard rate or tariff schedule by the commission or governing body pursuant to subsection (3)(a) of this section, the electric utility is exempt from requirements under subsection (1)(c) of this section and RCW 80.60.030 for new interconnection agreements.

Sec. 3. RCW 80.60.030 and 2007 c 323 s 3 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement, billed charges for kilowatt-hour consumption, and credits for excess kilowatt-hour generation by a net metered system, must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator's net metering system and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If excess electricity generated by the ~~((customer-generator))~~ net metering system during a billing period exceeds the electricity supplied by the electric utility during the same billing period, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with ~~((this kilowatt-hour credit))~~ the credit for kilowatt-hours appearing on the bill for the following billing period.

(4) If a customer-generator requests, an electric utility shall provide such a customer-generator meter aggregation.

(a) For a customer-generator~~((s))~~ participating in meter aggregation, credits for kilowatt-hours ((credits)) earned by ((a)) the customer-generator's net metering system during the billing period first shall be used to offset electricity supplied by the electric utility at the location of the customer-generator's designated meter.

(b) ~~((Not more than a total of one hundred kilowatts shall be aggregated among all customer generators participating in a generating facility under this subsection.~~

~~((e)))~~ A customer-generator may aggregate a designated meter with one additional aggregated meter located on the same parcel as the designated meter or a parcel that is contiguous with the parcel where the designated meter is located.

(c) For the purposes of (b) of this subsection, a parcel is considered contiguous if they share a common property boundary, but may be separated only by a road or rail corridor.

(d) A retail electric customer who is a customer-generator and receives retail electric service from an electric utility at an aggregated meter must be the same retail electric customer who receives retail electric service from such an electric utility at the designated meter that is located on the premises where such a customer-generator's net metering system is located.

(e) Credits for excess kilowatt-hours ((credits)) earned by the net metering system((s)) at the site of a designated meter during ((the same)) a billing period((s)) shall be credited ((equally)) by the electric utility ((to remaining meters located on all premises of a customer-generator)) for kilowatt hour charges due at the aggregated meter at the ~~((designated))~~ applicable rate of ~~((each))~~ the aggregated meter.

~~((d)))~~ (f) If credits generated in any billing period exceed total consumption for that billing period at both meters that are part of an aggregated arrangement, credits are retained pursuant to subsections (3) and (5) of this section.

(g) Credits carried over from one billing period to the next pursuant to (f) of this subsection must be applied in subsequent billing periods in the same manner described under (a) and (e) of this subsection.

(h) Meters so aggregated shall not change rate classes due to meter aggregation under this section.

(5) On ~~((April 30th))~~ March 31st of each calendar year, any remaining unused ~~((kilowatt-hour credit))~~ credits for kilowatt-hours accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

(6) Nothing in this section prohibits a utility from allowing aggregation under terms different than the requirements of subsection (4) of this section if a customer-generator has an existing arrangement for meter aggregation in effect or a customer submits a written request for aggregation on or before July 1, 2019.

(7) Nothing in this section prohibits the owner of multifamily residential facility from installing a net metering system as defined in RCW 80.60.010 assigned to a single designated meter located on the premises of the multifamily residential facility where the tenants are not individually metered customers of the utility and distributing any benefits of the net metering to tenants of the facility where the net metering system is located. The utility must measure the net energy produced and provide credit to the single designated meter to which the net metering system is assigned in accordance with subsections (1) through (3) of this section or under the terms of a standard rate or tariff schedule established under RCW 80.60.020(3). The distribution of benefits to tenants of such a system, if any, is the responsibility of the owner of the net metering system and not the responsibility of the utility.

Sec. 4. RCW 80.60.040 and 2006 c 201 s 4 are each amended to read as follows:

(1) A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

(2) The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators, including limitations on the number of customer-generators and total capacity of net metering systems that may be interconnected to

2019 REGULAR SESSION

any distribution feeder line, circuit, or network that the commission or governing body determines are necessary to protect public safety and system reliability.

(3) An electric utility may not require a customer-generator whose net metering system meets the standards in subsections (1) and (2) of this section to comply with additional safety or performance standards, perform or pay for additional tests, or purchase additional liability insurance. However, an electric utility shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering system, or for the acts or omissions of the customer-generator that cause loss or injury, including death, to any third party.

(4) Except when required under the federal public utility regulatory policies act, an electric utility may not establish compensation arrangements or interconnection requirements, other than those permitted in this chapter, for a customer-generator that would have the effect of prohibiting or restricting the ability of a customer-generator to generate or store electricity for consumption on its premises.

Sec. 5. RCW 82.16.090 and 1988 c 228 s 1 are each amended to read as follows:

(1) Any customer billing issued by a light or power business or gas distribution business that serves a total of more than twenty thousand customers and operates within the state shall include the following information:

((+)) (a) The rates and amounts of taxes paid directly by the customer upon products or services rendered by the light and power business or gas distribution business; ~~(and~~

(2)) (b) The rate, origin and approximate amount of each tax levied upon the revenue of the light and power business or gas distribution business and added as a component of the amount charged to the customer. Taxes based upon revenue of the light and power business or gas distribution business to be listed on the customer billing need not include taxes levied by the federal government or taxes levied under chapters 54.28, 80.24, or 82.04 RCW; and

(c) The total amount of kilowatt-hours of electricity consumed for the most recent twelve-month period or other information that provides the customer with information regarding their energy usage over a twelve-month period.

(2) A light or power business or gas distribution business that serves a total of more than twenty thousand customers and operates within the state may include information regarding rates over the most recent twelve-month period on any customer billing.

NEW SECTION. Sec. 6. A new section is added to chapter 19.27 RCW to read as follows:

The state building code council, in consultation with the department of commerce and local governments, shall conduct a study of the state building code and adopt changes necessary to encourage greater use of renewable energy systems as defined in RCW 82.16.110.”

MR. PRESIDENT:
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5397 with the following amendment(s): 5397-S2.E AMH APP H2862.1

Strike everything after the enacting clause and insert the following:

“**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Convenient and environmentally sound product stewardship programs that include collecting, transporting, and reuse, recycling, or the proper end-of-life management of unwanted products help protect Washington’s environment and the health of state residents;

(b) Unwanted products should be managed where priority is placed on prevention, waste reduction, source reduction, recycling, and reuse over energy recovery and landfill disposal; and

(c) Producers of plastic packaging should consider the design and management of their packaging in a manner that ensures minimal environmental impact. Producers of plastic packaging should be involved from design concept to end-of-life management to incentivize innovation and research to minimize environmental impacts.

(2) Additionally, the legislature finds that, through design and innovation, industry should strive to achieve the goals of recycling one hundred percent of packaging, using at least twenty percent postconsumer recycled content in packaging, and

reducing plastic packaging when possible to optimize the use to meet the need.

(3) The legislature intends that the department, through a consultative process with industry and consumer interest, develop options to reduce plastic packaging in the waste stream for implementation by January 1, 2022.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Brand" means a name, symbol, word, or mark that identifies a product, rather than its components, and attributes the covered product to the owner of the brand as the producer.

(2) "Department" means the department of ecology.

(3) "Producer" means a person who has legal ownership of the brand, brand name, or cobrand of plastic packaging sold in or into Washington state.

(4) "Recycling" has the same meaning as defined in RCW 70.95.030.

(5) "Stakeholder" means a person who may have an interest in or be affected by the management of plastic packaging.

NEW SECTION. Sec. 3. (1) The department must evaluate and assess the amount and types of plastic packaging sold into the state as well as the management and disposal of plastic packaging. When conducting the evaluation, the department must ensure that producers, providers of solid waste management services, and stakeholders are consulted. The department must produce a report that includes:

(a) An assessment of the:

(i) Amount and types of plastic packaging currently produced in or coming into the state by category;

(ii) Full cost of managing plastic packaging waste, including the cost to ratepayers, businesses, and others, with consideration given to costs that are determined by volume or weight;

(iii) Final disposition of all plastic packaging sold into the state, based on current information available at the department;

(iv) Costs and savings to all stakeholders in existing product stewardship programs where they have been implemented including, where available, the specific costs for the management of plastic packaging;

(v) Infrastructure necessary to manage plastic packaging in the state;

(vi) Contamination and sorting issues facing the current plastic packaging recycling stream; and

(vii) Existing organizations and databases for managing plastic packaging that could be employed for use in developing a program in the state;

(b) A compilation of:

(i) All the programs currently managing plastic packaging in the state, including all end-of-life management and litter and contamination cleanup; and

(ii) Existing studies regarding the final disposition of plastic packaging and material recovery facilities residual composition, including data on cross-contamination of other recyclables, contamination in compost, and brand data in litter when available;

(c) A review and identification of businesses in Washington that use recycled plastic material as a feedstock or component of a product produced by the company; and

(d) A review of industry and any other domestic or international efforts and innovations to reduce, reuse, and recycle plastic and chemically recycle packaging, utilize recycled content in packaging, and develop new programs, systems, or technologies to manage plastics including innovative technologies such as pyrolysis and gasification processes to divert

recoverable polymers and other materials away from landfills and into valuable raw, intermediate, and final products.

(2) The department must contract with a third-party independent consultant to conduct the evaluation and assessment as required under subsection (1) of this section. In developing the recommendations, the department must ensure consistency with the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301 et. seq).

(3)(a) By October 31, 2020, the department must submit a report on the evaluation and assessment of plastic packaging to the appropriate committees of the legislature. The department must cite the sources of information that it relied upon in the report and that the independent consultant relied upon in the assessment, including any sources of peer-reviewed science.

(b) The report required under this subsection must include:

(i) Findings regarding amount and types of plastic packaging sold into the state as well as the management and disposal of plastic packaging;

(ii) Recommendations to meet the goals of reducing plastic packaging, including through industry initiative or plastic packaging product stewardship, or both, to:

(A) Achieve one hundred percent recyclable, reusable, or compostable packaging in all goods sold in Washington by January 1, 2025;

(B) Achieve at least twenty percent postconsumer recycled content in packaging by January 1, 2025; and

(C) Reduce plastic packaging when possible optimizing the use to meet the need; and

(iii) For the purposes of legislative consideration, options to meet plastic packaging reduction goals, that are capable of being established and implemented by January 1, 2022. For proposed options, the department must identify expected costs and benefits of the proposal to state and local government agencies to administer and enforce the rule, and to private persons or businesses, by category of type of person or business affected.

NEW SECTION. Sec. 4. This chapter expires July 1, 2029.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

(b) A facility may not load or unload crude oil into or from a rail tank car unless the oil has a vapor pressure of less than nine pounds per square inch beginning two years after the volume of crude oil transported by rail to the facility for a calendar year as reported under RCW 90.56.565 has increased more than ten percent above the volume reported for calendar year 2018.

(2) The director may impose a penalty of up to twenty-five hundred dollars per day per rail tank car or the equivalent volume of oil for violations of this section. Any penalty recovered pursuant to this section must be credited to the coastal protection fund created in RCW 90.48.390.

With respect to the information reported under subsection (1)(a) of this section, the information published by the department must be aggregated on a statewide basis by route through the state, by week, and by type of crude oil. The report may also include other information available to the department including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4) To further strengthen rail safety and the transportation of crude oil, the department must provide to the utilities and transportation commission data reported by facilities on the characteristics, volatility, vapor pressure, and volume of crude oil transported by rail, as required under subsection (1)(a) of this section.

(5) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

MESSAGE FROM THE HOUSE

April 15, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5552 with the following amendment(s): 5552-S AMH APP H2850.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that more than three-fourths of the world's flowering plants and about thirty-five percent of the world's food crops depend on pollinators to reproduce. In Washington state, honey bees and other pollinators are responsible for the production of tree fruits, small fruits, and other crops, with the value in 2016 of crops pollinated by honey bees exceeding three billion dollars. The legislature further finds that, beyond agriculture, pollinators are keystone species in the terrestrial ecosystems of Washington, with fruit and seeds derived from insect pollination providing a major part of the diet of numerous bird and mammal species. The state has experienced pollinator habitat loss through property conversion, fragmentation, and degradation of land, and with the state's population continuing to grow at a fast pace, the additional loss of habitat is a significant concern.

Therefore, the legislature intends by this act to initiate a concerted effort to protect and expand the habitat upon which pollinators depend, by providing technical and financial assistance to public and private landowners, and by coordinating with other state agencies and local governments in promoting

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

practices to ensure sustainable, healthy populations of managed and native pollinators.

NEW SECTION. Sec. 2. A new section is added to chapter 43.23 RCW to read as follows:

The department shall establish a program to promote and protect pollinator habitat and the health and sustainability of pollinator species. As funds are made available, the program must provide technical and financial assistance to state agencies, local governments, and private landowners to implement practices that promote habitat for managed pollinators, as well as beekeeper and grower best management practices. The program must be administered in coordination with the apiary program established in chapter 15.60 RCW, the honey bee commission authorized in chapter 15.62 RCW, and programs administered by the conservation commission and conservation districts.

NEW SECTION. Sec. 3. (1) The department of agriculture shall create and chair a pollinator health task force. The department of agriculture shall appoint the members of the task force, which must include but is not limited to representatives of the following interests, organizations, and state agencies:

- (a) The conservation commission;
- (b) The department of natural resources;
- (c) The department of fish and wildlife;
- (d) The state parks and recreation commission;
- (e) The Washington state department of transportation;
- (f) The state noxious weed control board;
- (g) The tree fruit industry;
- (h) The seed industry;
- (i) The berry industry;
- (j) Other agricultural industries dependent upon pollinators;
- (k) Washington State University;
- (l) Pesticide distributors and applicators;
- (m) Conservation organizations;
- (n) Organizations representing beekeepers or apiarists;
- (o) A member of the public from west of the crest of the Cascade mountains; and
- (p) A member of the public from east of the crest of the Cascade mountains.

(2) One or more representatives of Washington tribes must also be invited to participate on the task force.

(3) One youth representative from an organization that encourages students to engage in agricultural education must also be invited to participate on the task force when available.

MESSAGE FROM THE HOUSE

April 16, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5597 with the following amendment(s): 5597-S AMH BLAK H2939.1

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1)(a) The legislature finds that forest managers, state agencies, and the broader community share an interest in minimizing human and environmental exposure to herbicides. Forestland owners have made significant gains in the protection of riparian and wetland areas along the state’s waterways, as well as protecting the health and safety of the public and forest workers, through a combination of scientific advancements, ongoing education and training, improved technologies, and proper monitoring and regulation under the forests and fish statute and the associated forest practices rules.

(b) The legislature further finds that while the use of herbicides is an important tool to the timber industry, the use of chemicals should be integrated within a broader pest management approach. The legislature finds that the research, development, and feasibility of nontraditional control methods, along with methods

already in use, could result in a more integrated pest management approach for forest management.

(2) This section expires December 31, 2020.

NEW SECTION. Sec. 2. (1) A work group on the aerial application of herbicides on state and private forestlands is established to review all existing best management practices and, if necessary, develop recommendations for improving the best management practices for aerial application of herbicides on state and private forestlands, including the criteria to be used in evaluating best management practices.

(2) The work group shall:

(a) Review the roles of all management and regulatory agencies in approving herbicides for use and application on forestlands in Washington and review existing state and federal programs, policies, and regulations concerning aerial application of herbicides on forestlands;

(b) Review current herbicide application technology in the state and throughout the nation to increase herbicide application accuracy and other best management practices to minimize drift and exposure of humans, fish, and wildlife as well impact on drinking water, surface waters, and wetland areas;

(c) Review research, reports, and data from government agencies, research institutions, nongovernmental organizations, and landowners regarding the most frequently used herbicides in forest practices, to inform the development and update of strategies related to herbicides management on forestlands; and

(d) Develop recommendations, if appropriate, for managing working forestlands through an integrated pest management approach that combines traditional chemical and other vegetative control methods as well as other silvicultural practices to protect resource values from pests, while minimizing the effect on nontarget species as well as ensuring the protection of public safety and human health, while still offering effective control that is economically feasible on a commercial forestry scale. Recommendations must consider the toxicity, mobility, and bioaccumulation of any proposed alternatives as compared to traditional operations.

(3)(a) The work group is composed of:

(i) One member and one alternate from each of the two largest caucuses in the senate, who must be appointed by the majority leader and minority leader of the senate;

(ii) One member and one alternate from each of the two largest caucuses in the house of representatives, who must be appointed by the speaker and minority leader of the house of representatives;

(iii) One senior level management representative from each of the following agencies:

(A) The department of agriculture;

(B) The department of health;

(C) The department of natural resources;

(D) The department of fish and wildlife; and

(E) The department of ecology;

(iv) One representative of Washington State University pesticide safety education program;

(v) One representative from the Pacific Northwest agricultural safety and health center at the University of Washington; and

(vi) Representatives from the following groups, appointed by the consensus of the cochairs:

(A) Two industrial forestland owners with one from the west of the crest of the Cascade mountains and one from east of the crest of the Cascade mountains;

(B) One representative of small forestland owners;

(C) One representative of large-scale organic farming;

(D) One representative of aerial applicators;

(E) Three representatives of environmental or community interests;

(F) One representative with expertise in noxious weed control; and

(G) One representative with pesticide registrant expertise in forest herbicides.

(b) Representatives of Washington tribes that are involved in timber production must be invited to participate on the work group.

(c) If a member has not been designated for a position set forth in this section, that position may not be counted for purposes of determining a quorum.

(4) The work group must be cochaired by one representative each from the department of agriculture and the department of natural resources.

(5) Staff support for the members of the work group must be provided by the departments of natural resources and agriculture.

(6) Legislative members of the work group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members of the work group are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for nonlegislative members is subject to chapter 43.03 RCW.

(7) The work group shall provide a report that includes any findings, recommendations, and draft legislation, to the governor and the legislature consistent with RCW 43.01.036, by December 31, 2019.

The President Pro Tempore declared the question before the Senate to be motion by Senator Cleveland that the Senate insist on its position in the Senate amendment(s) to House Bill No. 1016 and ask the House to concur thereon.

The legislature recognizes that it is quite costly ~~((to move a mobile home))~~ for tenants who own homes in manufactured/mobile home parks to relocate when the park in which they reside is closed or converted to another use. Many ~~((mobile home))~~ such tenants need financial assistance in order to ~~((move their mobile homes from a))~~ relocate from a manufactured/mobile home park. The purpose of this chapter is to provide a mechanism for assisting manufactured/mobile home tenants to relocate their manufactured/mobile homes to suitable alternative sites ~~((when the mobile home park in which they reside is closed or converted to another use))~~ or demolish and dispose of their homes and secure housing.

The motion by Senator Cleveland carried and the Senate insisted on its position in the Senate amendment(s) to House Bill No. 1016 and asked the House to concur thereon by voice vote.

NEW SECTION. Sec. 8. A new section is added to chapter 59.21 RCW to read as follows:

(1) A relocation coordination program is created within the department for the purpose of assisting tenants of a mobile home park scheduled for closure or conversion to another use with the process of relocation.

(2) The relocation coordination program assistance may include, but is not limited to, performing casework on behalf of individual tenants, maintaining and distributing informational resources for tenants regarding the process for relocating and disposal of manufactured/mobile homes, researching and distributing current information regarding available locations for manufactured/mobile homes and other forms of available housing, and researching and distributing information regarding other sources of financial assistance that may be available to secure new housing.

NEW SECTION. Sec. 9. This section is the tax preference performance statement for the tax preference contained in section 10, chapter . . . , Laws of 2019 (section 10 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce certain designated behaviors by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to preserve the affordable housing opportunities provided by

existing manufactured/mobile home communities. It is the legislature's intent to encourage owners to sell existing communities to tenants and eligible organizations by providing a real estate excise tax exemption.

(3) To measure the effectiveness of this tax preference in achieving the specific public policy objective described in subsection (2) of this section, the joint legislative audit and review committee must, at minimum, review the number of units of housing that are preserved as a result of qualified sales of manufactured/mobile home communities and the total amount of exemptions claimed, as reported to the department of revenue.

(4) The joint legislative audit and review committee may use any other data it deems necessary in performing the evaluation under this section.

Sec. 10. RCW 82.45.010 and 2018 c 223 s 3 and 2018 c 221 s 1 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer by transfer on death deed, to the extent that it is not in satisfaction of a contractual obligation of the decedent owed to the recipient of the property.

(c) A transfer of any leasehold interest other than of the type mentioned above.

(i) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(k) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(n) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(o) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(p) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes become due and payable on the original transfer as otherwise provided by law.

(q)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (q)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (q)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(q)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(q)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(r) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030(, that takes place on or after June 12, 2008, but before December 31, 2018)).

(ii) For purposes of this subsection (3)(s), "qualified low-income housing development" means real property and improvements in respect to which the seller or, in the case of a transfer of a controlling interest, the owner or beneficial owner, was allocated federal low-income housing tax credits authorized under 26 U.S.C. Sec. 42 or successor statute, by the Washington state housing finance commission or successor state-authorized tax credit allocating agency.

(iii) This subsection (3)(s) does not apply to transfers of a qualified low-income housing development or controlling interest in a qualified low-income housing development occurring on or after July 1, 2035.

(iv) The Washington state housing finance commission, in consultation with the department, must gather data on: (A) The fiscal savings, if any, accruing to transferees as a result of the exemption provided in this subsection (3)(s); (B) the extent to which transferors of qualified low-income housing developments receive consideration, including any assumption of debt, as part of a transfer subject to the exemption provided in this subsection (3)(s); and (C) the continued use of the property for low-income housing. The Washington state housing finance commission must provide this information to the joint legislative audit and review committee. The committee must conduct a review of the tax preference created under this subsection (3)(s) in calendar year 2033, as required under chapter 43.136 RCW.

(t)(i) A qualified transfer of residential property by a legal representative of a person with developmental disabilities to a qualified entity subject to the following conditions:

(A) The adult child with developmental disabilities of the transferor of the residential property must be allowed to reside in the residence or successor property so long as the placement is

safe and appropriate as determined by the department of social and health services;

(B) The title to the residential property is conveyed without the receipt of consideration by the legal representative of a person with developmental disabilities to a qualified entity;

(C) The residential property must have no more than four living units located on it; and

(D) The residential property transferred must remain in continued use for fifty years by the qualified entity as supported living for persons with developmental disabilities by the qualified entity or successor entity. If the qualified entity sells or otherwise conveys ownership of the residential property the proceeds of the sale or conveyance must be used to acquire similar residential property and such similar residential property must be considered the successor for continued use. The property will not be considered in continued use if the department of social and health services finds that the property has failed, after a reasonable time to remedy, to meet any health and safety statutory or regulatory requirements. If the department of social and health services determines that the property fails to meet the requirements for continued use, the department of social and health services must notify the department and the real estate excise tax based on the value of the property at the time of the transfer into use as residential property for persons with developmental disabilities becomes immediately due and payable by the qualified entity. The tax due is not subject to penalties, fees, or interest under this title.

(ii) For the purposes of this subsection (3)(t) the definitions in RCW 71A.10.020 apply.

(iii) A "qualified entity" is:

(A) A nonprofit organization under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of June 7, 2018, or a subsidiary under the same taxpayer identification number that provides residential supported living for persons with developmental disabilities; or

(B) A nonprofit adult family home, as defined in RCW 70.128.010, that exclusively serves persons with developmental disabilities.

(iv) In order to receive an exemption under this subsection (3)(t) an affidavit must be submitted by the transferor of the residential property and must include a copy of the transfer agreement and any other documentation as required by the department.

Sec. 11. RCW 84.36.560 and 2007 c 301 s 1 are each amended to read as follows:

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for very low-income households or used to provide space for the placement of a mobile home for a very low-income household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a very low-income household; and

(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:

(i) A federal or state housing program administered by the department of (~~community, trade, and economic development~~) commerce;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105; (~~or~~)

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW; or

(v) The Washington state housing finance commission, provided that the financing is for a mobile home park cooperative or a manufactured housing cooperative, as defined in RCW 59.20.030.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by very low-income households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption (~~(shall be)~~) is allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a very low-income household.

(b) The amount of exemption (~~(shall)~~) must be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by very low-income households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit in a facility with ten units or fewer or mobile home lot in a mobile home park with ten lots or fewer was occupied by a very low-income household at the time the exemption was granted and the income of the household subsequently rises above fifty percent of the median income but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements of a very low-income housing program listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently re-rented, the income of the new household must be at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for very low-income households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for very low-income households; and

NINETY NINTH DAY, APRIL 22, 2019

2019 REGULAR SESSION

(c) Only the portion of property that will be used to provide housing or lots for very low-income households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. However, these payments shall not exceed the amount last levied as the annual tax of the city, county, or political subdivision upon the property prior to exemption.

(a) "Group home" means a single-family dwelling financed, in whole or in part, by one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual or household as of December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. If the housing facility is comprised of three or fewer dwelling units and there are any unoccupied units on January 1st, the department shall base the amount of the exemption upon the number of occupied dwelling units as of December 31st of the first assessment year the rental housing becomes operational and on May 1st of each subsequent assessment year in which the claim for exemption is submitted;

(d) "Rental housing" means a residential housing facility or group home that is occupied but not owned by very low-income households;

35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a managing member; or

NEW SECTION. **Sec. 12.** The provisions of RCW 82.32.805 and 82.32.808 do not apply to section 11 of this act.

NEW SECTION. **Sec. 13.** The legislature finds that manufactured housing communities provide significant opportunity for affordable housing, but at the same time, vacancy rates in established communities are very low. Siting a replacement manufactured home on a manufactured housing community lot is basic to a landlord's right to continue in business and to provide opportunity for housing that is needed. Imposing undue burdens and new restrictions for the siting of replacement manufactured homes may deem lots unusable as home sites thus, exacerbating the low vacancy rates and reducing affordable housing opportunities. The legislature intends to provide protection for manufactured housing communities by not prohibiting the siting of a manufactured/mobile home on an existing lot based solely on lack of compliance with the existing separation and setback requirements that regulate distance between such homes.

Sec. 14. RCW 35.21.684 and 2009 c 79 s 1 are each amended to read as follows:

(1) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any city or town may require that:

(a) A manufactured home be a new manufactured home;

(b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;

(c) The manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located;

(d) The home is thermally equivalent to the state energy code; and

(e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

A city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2)(a) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. ~~((This does not preclude))~~

(b) A city or town may not prohibit the siting of a manufactured/mobile home on an existing lot based solely on lack of compliance with existing separation and setback requirements that regulate the distance between homes.

(c) A city or town is not precluded by (a) or (b) of this subsection from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(c) Includes both of the following provisions:

(i) A recreational vehicle must contain at least one internal toilet and at least one internal shower; and

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, “manufactured/mobile home community” has the same meaning as in RCW 59.20.030.
