(b) In the event a mental health professional discloses information or releases records, or both, that relate solely to mental health services of an adolescent, to a parent pursuant to RCW 70.02.240(3), the mental health professional must provide notice of this disclosure to the adolescent and the adolescent must have a reasonable opportunity to express any concerns about this disclosure to the mental health professional prior to the disclosure of the information or records related solely to mental health services. The mental health professional shall document any objections to disclosure in the adolescent's medical record if the mental health professional subsequently discloses information or records related solely to mental health services over the objection of the adolescent.

(2) When an adolescent receives a mental health evaluation or treatment at the direction of a parent under RCW 71.34.600 through 71.34.670, the mental health professional is encouraged to exercise his or her discretion under RCW 70.02.240 to proactively release to the parent such information and records related to solely mental health services received by the adolescent, excluding psychotherapy notes, that are necessary to assist the parent in understanding the nature of the evaluation or treatment and in supporting their child. (4) Information or records about an adolescent's substance use disorder evaluation or treatment may be provided to a parent without the written consent of the adolescent only if permitted by federal law. A mental health professional or chemical dependency professional providing substance use disorder evaluation or treatment to an adolescent may seek the written consent of the adolescent to provide substance use disorder treatment information or records to a parent when the mental health professional or chemical dependency professional determines that both seeking the written consent and sharing the substance use disorder treatment information or records of the adolescent would not be detrimental to the adolescent.

(5) A mental health professional providing inpatient or outpatient mental health evaluation or treatment is not civilly liable for the decision to disclose information or records related to solely mental health services or not disclose such information or records so long as the decision was reached in good faith and without gross negligence.

(6) A chemical dependency professional or mental health professional providing inpatient or outpatient substance use disorder evaluation or treatment is not civilly liable for the decision to disclose information or records related to substance use disorder treatment information with the written consent of the adolescent or to not disclose such information or records to a parent without an adolescent's consent pursuant to this section so long as the decision was reached in good faith and without gross negligence.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.76 RCW to read as follows:

(1) The legislature recognizes that dual credit programs reduce both the cost and time of attendance to obtain a postsecondary degree. The legislature intends to reduce barriers and increase access to postsecondary educational opportunities for low-income students by removing the financial barriers for dual enrollment programs for students.

(2) The office, in consultation with the institutions of higher education and the office of the superintendent of public instruction, shall create the Washington dual enrollment scholarship pilot program. The office shall administer the Washington dual enrollment scholarship pilot program and may adopt rules as necessary.

(3) Eligible students are those who meet the following requirements:

(a) Qualify for the free or reduced-price lunch program;

(b) Are enrolled in one or more dual credit programs, as defined in RCW 28B.15.821, such as college in the high school and running start; and

(c) Have at least a 2.0 grade point average.

(4) Subject to availability of amounts appropriated for this specific purpose, beginning with the 2019-20 academic year, the office may award scholarships to eligible students. The scholarship award must be as follows:

(i) Mandatory fees, as defined in RCW 28A.600.310(2), prorated based on credit load; and

(ii) A textbook voucher to be used at the institution of higher education's bookstore where the student is enrolled. For every credit per quarter the student is enrolled, the student shall receive a textbook voucher for ten dollars, up to a maximum of fifteen credits per quarter, or the equivalent, per year.

(b) An eligible student enrolled in a college in the high school program may receive a scholarship for tuition fees as set forth under RCW 28A.600.290(5)(a).

(5) The Washington dual enrollment scholarship pilot program must apply after the fee waivers for low-income students under RCW 28A.600.310 and subsidies under RCW 28A.600.290 are provided for.

Sec. 2. RCW 28A.600.310 and 2015 c 202 s 4 are each amended to read as follows:

(1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students

at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. (~~Each institution must establish a written policy for the determination of low-income students before offering the fee waiver.~~) A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b)(i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student

achievement council, shall develop a centralized process for school districts to provide students' low-income status to institutions of higher education to meet the requirements of (b)(i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

The above-named plaintiff has applied for a writ of garnishment against you, claiming that the above-named defendant is indebted to plaintiff and that the amount to be held to satisfy that indebtedness is \$, consisting of:

THIS IS A WRIT FOR A CONTINUING LIEN. THE GARNISHEE SHALL HOLD the nonexempt portion of the defendant's earnings due at the time of service of this writ and shall also hold the defendant's nonexempt earnings that accrue through the last payroll period ending on or before SIXTY days after the date of service of this writ. HOWEVER, IF THE GARNISHEE IS PRESENTLY HOLDING THE NONEXEMPT PORTION OF THE DEFENDANT'S EARNINGS UNDER A PREVIOUSLY SERVED WRIT FOR A CONTINUING LIEN, THE GARNISHEE SHALL HOLD UNDER THIS WRIT only the defendant's nonexempt earnings that accrue from the date the previously served writ or writs terminate and through the last payroll period ending on or before sixty days after the date of termination of the previous writ or writs. IN EITHER CASE,

THE GARNISHEE SHALL STOP WITHHOLDING WHEN THE SUM WITHHELD EQUALS THE AMOUNT STATED IN THIS WRIT OF GARNISHMENT.

YOU ARE HEREBY COMMANDED, unless otherwise directed by the court, by the attorney of record for the plaintiff, or by this writ, not to pay any debt, whether earnings subject to this garnishment or any other debt, owed to the defendant at the time this writ was served and not to deliver, sell, or transfer, or recognize any sale or transfer of, any personal property or effects of the defendant in your possession or control at the time when this writ was served. Any such payment, delivery, sale, or transfer is void to the extent necessary to satisfy the plaintiff's claim and costs for this writ with interest.

YOU ARE FURTHER COMMANDED to answer this writ according to the instructions in this writ and in the answer forms and, within twenty days after the service of the writ upon you, to mail or deliver the original of such answer to the court, one copy to the plaintiff or the plaintiff's attorney, and one copy to the defendant, at the addresses listed at the bottom of this writ.

If, at the time this writ was served, you owed the defendant any earnings (that is, wages, salary, commission, bonus, tips, or other compensation for personal services or any periodic payments pursuant to a nongovernmental pension or retirement program), the defendant is entitled to receive amounts that are exempt from garnishment under federal and state law. You must pay the exempt amounts to the defendant on the day you would customarily pay the compensation or other periodic payment. As more fully explained in the answer, the basic exempt amount is the greater of seventy-five percent of disposable earnings or a minimum amount determined by reference to the employee's pay period, to be calculated as provided in the answer. However, if this writ carries a statement in the heading of ~~((either:))~~ "This garnishment is based on a judgment or order for child support," the basic exempt amount is fifty percent of disposable earnings; ~~((or))~~ and if this writ carries a statement in the heading of "This garnishment is based on a judgment or order for private student loan debt," the basic exempt amount is the greater of eighty-five percent of disposable earnings or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable; and if this writ carries a statement in the heading of "This garnishment is based on a judgment or order for consumer debt," the basic exempt amount is the greater of eighty percent of disposable earnings or thirty-five times the state minimum hourly wage.

YOU MAY DEDUCT A PROCESSING FEE FROM THE REMAINDER OF THE EMPLOYEE'S EARNINGS AFTER WITHHOLDING UNDER THIS WRIT. THE PROCESSING FEE MAY NOT EXCEED TWENTY DOLLARS FOR THE FIRST ANSWER AND TEN DOLLARS AT THE TIME YOU SUBMIT THE SECOND ANSWER.

If you owe the defendant a debt payable in money in excess of the amount set forth in the first paragraph of this writ, hold only the amount set forth in the first paragraph and any processing fee if one is charged and release all additional funds or property to defendant.

IF YOU FAIL TO ANSWER THIS WRIT AS COMMANDED, A JUDGMENT MAY BE ENTERED AGAINST YOU FOR THE FULL AMOUNT OF THE PLAINTIFF'S CLAIM AGAINST THE DEFENDANT WITH ACCRUING INTEREST, ATTORNEY FEES, AND COSTS WHETHER OR NOT YOU OWE ANYTHING TO THE DEFENDANT. IF YOU PROPERLY ANSWER THIS WRIT, ANY JUDGMENT AGAINST YOU WILL NOT EXCEED THE AMOUNT OF ANY NONEXEMPT DEBT OR THE VALUE OF ANY NONEXEMPT PROPERTY OR EFFECTS IN YOUR POSSESSION OR CONTROL.

JUDGMENT MAY ALSO BE ENTERED AGAINST THE DEFENDANT FOR COSTS AND FEES INCURRED BY THE PLAINTIFF.

Sec. 6. RCW 6.27.140 and 2018 c 199 s 206 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

NOTICE OF GARNISHMENT AND OF YOUR RIGHTS

A Writ of Garnishment issued in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. If the garnishment is for child support, the exempt amount

paid to you will be a percent of your disposable earnings, which is fifty percent of that part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld. If the garnishment is for private student loan debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty-five percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable. If the garnishment is for consumer debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or thirty-five times the state minimum hourly wage.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or any federally qualified pension, such as a state or federal pension, individual retirement account (IRA), or 401K plan, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts certain property of your choice (including up to \$2,500.00 in a bank account if you owe on private student loan debts; up to \$2,000.00 in a bank account if you owe on consumer debts; or up to \$500.00 in a bank account for all other debts) and certain other property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2)(a) If the writ is to garnish funds or property held by a financial institution, the claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1646, by House Committee on Appropriations (originally sponsored by Goodman, Eslick, Senn, Corry, Irwin, Griffey, Lovick, Graham, Davis, Frame, Appleton, Jinkins, Valdez and Ormsby)

Concerning confinement in juvenile rehabilitation facilities.

The measure was read the second time.

MOTION

Senator Darneille moved that the following committee striking amendment by the Committee on Human Services, Reentry & Rehabilitation be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature recognizes state and national efforts to reform policies that incarcerate youth and young adults in the adult criminal justice system. The legislature acknowledges that transferring youth and young adults to the adult criminal justice system is not effective in reducing future criminal behavior. Youth and young adults incarcerated in the adult criminal justice system are more likely to recidivate than their counterparts housed in juvenile facilities.

The legislature intends to enhance community safety by emphasizing rehabilitation of juveniles convicted even of the most serious violent offenses under the adult criminal justice system. Juveniles adjudicated as adults should be served and housed within the facilities of the juvenile rehabilitation administration up until age twenty-five, but released earlier if their sentence ends prior to that. In doing so, the legislature takes advantage of recent changes made by congress during the reauthorization of the juvenile justice and delinquency prevention act by the juvenile justice reform act of 2018 that allow youth and young adults who at the time of their offense are younger than the maximum age of confinement in a juvenile correctional facility, to be placed in a juvenile correctional facility by operation of state law. The emphasis on rehabilitation up to age twenty-five reflects similar programming in other states, which has significantly reduced recidivism of juveniles confined in adult correctional facilities.

Sec. 2. RCW 72.01.410 and 2017 3rd sp.s. c 6 s 728 are each amended to read as follows:

(1) Whenever any (~~(child under the age of eighteen)~~) person is convicted as an adult in the courts of this state of a (~~(crime amounting to a)~~) felony offense committed under the age of eighteen, and is committed for a term of confinement, that (~~(child)~~) person shall be initially placed in a facility operated by the department of (~~(corrections to)~~) children, youth, and families. The department of corrections shall determine the ((child's)) person's earned release date.

(a) (~~(If the earned release date is prior to the child's twenty first birthday, the department of corrections shall transfer the child to the custody of the department of children, youth, and families, or to such other institution as is now, or may hereafter be authorized by law to receive such child, until such time as the child completes the ordered term of confinement or arrives at the age of twenty one years.~~

~~(+))~~ While in the custody of the department of children, youth, and families, the (~~(child)~~) person must have the same treatment, housing options, transfer, and access to program resources as any other (~~(child)~~) person committed (~~(directly)~~) to that juvenile

correctional facility or institution pursuant to chapter 13.40 RCW. Except as provided under (d) of this subsection, treatment, placement, and program decisions shall be at the sole discretion of the department of children, youth, and families. The ((youth)) person shall ((only)) not be transferred ((back)) to the custody of the department of corrections ((with)) without the approval of the department of children, youth, and families ((or when the child)) until the person reaches the age of ((twenty-one)) twenty-five.

((iii)) (b) If the ((child's)) person's sentence includes a term of community custody, the department of children, youth, and families shall not release the ((child)) person to community custody until the department of corrections has approved the ((child's)) person's release plan pursuant to RCW 9.94A.729(5)(b). If a ((child)) person is held past his or her earned release date pending release plan approval, the department of children, youth, and families shall retain custody until a plan is approved or the ((child)) person completes the ordered term of confinement prior to age ((twenty-one)) twenty-five.

((iii)) (c) If the department of children, youth, and families determines that retaining custody of the ((child)) person in a facility of the department of children, youth, and families presents a significant safety risk, the ((child may be returned)) department of children, youth, and families may transfer the person to the custody of the department of corrections.

((b) If the child's earned release date is on or after the child's twenty-first birthday, the department of corrections shall, with the consent of the secretary of children, youth, and families, transfer the child to a facility or institution operated by the department of children, youth, and families. Despite the transfer,)) (d) The department of corrections ((retains)) must retain authority over custody decisions relating to a person whose earned release date is on or after the person's twenty-fifth birthday and who is placed in a facility operated by the department of children, youth, and families under this section, unless the person qualifies for partial confinement under section 6 of this act, and must approve any leave from the facility. When the ((child)) person turns age ((twenty-one)) twenty-five, he or she must be transferred ((back)) to the department of corrections, except as described under section 6 of this act. The department of children, youth, and families has all routine and day-to-day operations authority for the ((child)) person while the person is in its custody.

(2)(a) Except as provided in (b) and (c) of this subsection, ((an offender)) a person under the age of eighteen who is ((convicted in adult criminal court and who is committed to a term of confinement at)) transferred to the custody of the department of corrections must be placed in a housing unit, or a portion of a housing unit, that is separated from ((offenders)) other persons in custody who are eighteen years of age or older, until the ((offender)) person reaches the age of eighteen.

(b) ((An offender)) A person who is transferred to the custody of the department of corrections and reaches eighteen years of age may remain in a housing unit for ((offenders)) persons under the age of eighteen if the secretary of corrections determines that: (i) The ((offender's)) person's needs and the ((correctional)) rehabilitation goals for the ((offender)) person could continue to be better met by the programs and housing environment that is separate from ((offenders)) other persons in custody who are eighteen years of age and older; and (ii) the programs or housing environment for ((offenders)) persons under the age of eighteen will not be substantially affected by the continued placement of the ((offender)) person in that environment. The ((offender)) person may remain placed in a housing unit for ((offenders)) persons under the age of eighteen until such time as the secretary of corrections determines that the ((offender's)) person's needs and ((correctional)) goals are no longer better met in that

environment but in no case past the ((offender's twenty-first)) person's twenty-fifth birthday.

(c) ((An offender)) A person transferred to the custody of the department of corrections who is under the age of eighteen may be housed in an intensive management unit or administrative segregation unit containing offenders eighteen years of age or older if it is necessary for the safety or security of the offender or staff. In these cases, the offender must be kept physically separate from other offenders at all times.

(3) The department of children, youth, and families must review the placement of a person over age twenty-one in the custody of the department of children, youth, and families under this section to determine whether the person should be transferred to the custody of the department of corrections. The department of children, youth, and families may determine the frequency of the review required under this subsection, but the review must occur at least once before the person reaches age twenty-three if the person's commitment period in a juvenile institution extends beyond the person's twenty-third birthday.

Sec. 3. RCW 13.40.300 and 2018 c 162 s 7 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a juvenile offender may not be committed by the juvenile court to the department of children, youth, and families for placement in a juvenile ((correctional institution)) rehabilitation facility beyond the juvenile offender's twenty-first birthday.

(2) A juvenile offender ((convicted)) adjudicated of an A++ juvenile disposition category offense listed in RCW 13.40.0357, or found to be armed with a firearm and sentenced to an additional twelve months pursuant to RCW 13.40.193(3)(b), may be committed by the juvenile court to the department of children, youth, and families for placement in a juvenile ((correctional institution)) rehabilitation facility up to the juvenile offender's twenty-fifth birthday, but not beyond.

(3) A juvenile may be under the jurisdiction of the juvenile court or the authority of the department of children, youth, and families beyond the juvenile's eighteenth birthday only if prior to the juvenile's eighteenth birthday:

(a) Proceedings are pending seeking the adjudication of a juvenile offense and the court by written order setting forth its reasons extends jurisdiction of juvenile court over the juvenile beyond his or her eighteenth birthday, except:

(i) If the court enters a written order extending jurisdiction under this subsection, it shall not extend jurisdiction beyond the juvenile's twenty-first birthday;

(ii) If the order fails to specify a specific date, it shall be presumed that jurisdiction is extended to age twenty-one; and

(iii) If the juvenile court previously extended jurisdiction beyond the juvenile's eighteenth birthday, and that period of extension has not expired, the court may further extend jurisdiction by written order setting forth its reasons;

(b) The juvenile has been found guilty after a fact finding or after a plea of guilty and an automatic extension is necessary to allow for the imposition of disposition;

(c) Disposition has been held and an automatic extension is necessary to allow for the execution and enforcement of the court's order of disposition, subject to the following:

(i) If an order of disposition imposes commitment to the department, then jurisdiction is automatically extended to include a period of up to twelve months of parole, in no case extending beyond the offender's twenty-first birthday, except;

(ii) If an order of disposition imposes a commitment to the department for a juvenile offender ((convicted)) adjudicated of an A++ juvenile disposition category offense listed in RCW 13.40.0357, or found to be armed with a firearm and sentenced to

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

an additional twelve months pursuant to RCW 13.40.193(3)(b), then jurisdiction for parole is automatically extended to include a period of up to twenty-four months of parole, in no case extending beyond the offender's twenty-fifth birthday;

(d) While proceedings are pending in a case in which jurisdiction is vested in the adult criminal court pursuant to RCW 13.04.030, the juvenile turns eighteen years of age and is subsequently found not guilty of the charge for which he or she was transferred, or is convicted in the adult criminal court of ~~((a lesser included))~~ an offense that is not also an offense listed in RCW 13.04.030(1)(e)(v), and an automatic extension is necessary to impose the juvenile disposition as required by RCW 13.04.030(1)(e)(v)(C)(II); or

(e) Pursuant to the terms of RCW 13.40.190 and 13.40.198, the juvenile court maintains jurisdiction beyond the juvenile offender's twenty-first birthday for the purpose of enforcing an order of restitution or penalty assessment.

(4) Except as otherwise provided herein, in no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday.

(5) Notwithstanding any extension of jurisdiction over a person pursuant to this section, the juvenile court has no jurisdiction over any offenses alleged to have been committed by a person eighteen years of age or older.

NEW SECTION. Sec. 4. A new section is added to chapter 72.01 RCW to read as follows:

(1) Any person in the custody of the department of social and health services or the department of children, youth, and families on or before the effective date of this section, who was under the age of eighteen at the time of the commission of the offense and who was convicted as an adult, must remain in the custody of the department of children, youth, and families until transfer to the department of corrections or release pursuant to RCW 72.01.410.

(2) Any person in the custody of the department of corrections on the effective date of this section, who was under the age of eighteen at the time of the commission of the offense and who was convicted as an adult, and who has not yet reached the age of twenty-five, is eligible for transfer to the custody of the department of children, youth, and families beginning January 1, 2020, subject to the process established in subsection (3) of this section.

(3) By February 1, 2020, the department of corrections and the department of children, youth, and families must review and determine whether a person identified in subsection (2) of this section should transfer from the department of corrections to the department of children, youth, and families through the following process:

(a) No later than September 1, 2019, the department of corrections and the department of children, youth, and families shall establish, through a memorandum of understanding, a multidisciplinary interagency team to conduct a case-by-case review of the transfer of persons from the department of corrections to the department of children, youth, and families pursuant to subsection (2) of this section. The multidisciplinary interagency team must include a minimum of three representatives from the department of corrections and three representatives from the department of children, youth, and families, and must provide the person whose transfer is being considered an opportunity to consent to the transfer. In considering whether a transfer to the department of children, youth, and families is appropriate, the multidisciplinary interagency team may consider any relevant factors including, but not limited to:

(i) The safety and security of the person, staff, and other persons in the custody of the department of children, youth, and families;

(ii) The person's behavior and assessed risks and needs;

(iii) Whether the department of children, youth, and families or the department of corrections' programs are better equipped to facilitate successful rehabilitation and reentry into the community; and

(iv) Any statements regarding the transfer made by the person whose transfer is being considered.

(b) After reviewing each proposed transfer, the multidisciplinary interagency team shall make a recommendation regarding the transfer to the secretaries of the department of children, youth, and families and the department of corrections. This recommendation must be provided to the secretaries of each department by January 1, 2020.

(c) The secretaries of the department of children, youth, and families and the department of corrections, or their designees, shall approve or deny the transfer within thirty days of receiving the recommendation of the multidisciplinary interagency team, and by no later than February 1, 2020.

(4) This section expires July 1, 2021.

Sec. 5. 2018 c 162 s 9 (uncodified) is amended to read as follows:

(1) The Washington state institute for public policy must:

(a) Assess the impact of ~~((this act))~~ chapter 162, Laws of 2018, and sections 2 through 6, chapter . . . , Laws of 2019 (sections 2 through 6 of this act) on community safety, racial disproportionality, recidivism, state expenditures, and youth rehabilitation, to the extent possible(??); and

(b) Conduct a cost-benefit analysis, including health impacts and recidivism effects, of extending RCW 72.01.410 to include all offenses committed under the age of twenty-one.

(2) The institute shall submit, in compliance with RCW 43.01.036, a preliminary report on the requirements listed in subsection (1) of this section to the governor and the appropriate committees of the legislature by December 1, 2023, and a final report to the governor and the appropriate committees of the legislature by December 1, 2031.

NEW SECTION. Sec. 6. A new section is added to chapter 72.01 RCW to read as follows:

(1) A person in the custody of the department of children, youth, and families under RCW 72.01.410 who has an earned release date that is after the person's twenty-fifth birthday but on or before the person's twenty-sixth birthday may, after turning twenty-five, serve the remainder of the person's term of confinement in partial confinement on electronic home monitoring under the authority and supervision of the department of children, youth, and families, provided that the department of children, youth, and families determines that such placement and retention by the department of children, youth, and families is in the best interests of the person and the community. The department of children, youth, and families retains the authority to transfer the person to the custody of the department of corrections under RCW 72.01.410.

(2) A person placed on electronic home monitoring under this section must otherwise continue to be subject to similar treatment, options, access to programs and resources, conditions, and restrictions applicable to other similarly situated persons under the jurisdiction of the department of children, youth, and families. If the person has a sentence that includes a term of community custody, this term of community custody must begin after the current term of confinement has ended.

(3) If a person placed on electronic home monitoring under this section commits a violation requiring the return of the person to total confinement, the person must be transferred to the custody and supervision of the department of corrections for the remainder of the sentence.

NEW SECTION. Sec. 7. A new section is added to chapter 43.216 RCW to read as follows:

(1) The department shall meet regularly with the school districts that educate students who are in the custody of medium and maximum security facilities operated by juvenile rehabilitation to help coordinate activities in areas of common interest, such as communication with parents. The office of the superintendent of public instruction shall facilitate upon request of the department.

(2) The office of the superintendent of public instruction, in collaboration with the department, shall create a comprehensive plan for the education of students in juvenile rehabilitation and provide it to the governor and relevant committees of the legislature by September 1, 2020.

STANDARD RANGE

OFFENSE	B	LS	LS	15-36 weeks	15-36 weeks	52-65 weeks
CATEGORY	C+	LS	LS	LS	15-36 weeks	15-36 weeks
	C	LS	LS	LS	LS	15-36 weeks

PRIOR ADJUDICATIONS		0	1	2	3	4 or more

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

- (ii) Manslaughter in the first degree (RCW 9A.32.060);
- (iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), or manslaughter 2 (RCW 9A.32.070); or
- (iv) Violation of the uniform controlled substances act (RCW 69.50.401(2) (a) and (b)), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;
- (c) Is ordered to serve a disposition for a firearm violation under RCW 13.40.193;
- (d) Is adjudicated of a sex offense as defined in RCW 9.94A.030; or
- (e) Has a prior option B disposition.

OR

**OPTION B
SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender:

- (a) Is adjudicated of an A+ or A++ offense;
- (b) Is fourteen years of age or older and is adjudicated of one or more of the following offenses:
 - (i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

OR

**OPTION C
CHEMICAL DEPENDENCY/MENTAL HEALTH
DISPOSITION ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed a B++ or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

**OPTION D
MANIFEST INJUSTICE**

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 9. RCW 13.04.030 and 2018 c 162 s 2 are each amended to read as follows:

(1) Except as provided in this section, the juvenile courts in this state shall have exclusive original jurisdiction over all proceedings:

- (a) Under the interstate compact on placement of children as provided in chapter 26.34 RCW;

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

(i) The juvenile court transfers jurisdiction of a particular juvenile to adult criminal court pursuant to RCW 13.40.110;

(ii) The statute of limitations applicable to adult prosecution for the offense, traffic or civil infraction, or violation has expired;

(iii) The alleged offense or infraction is a traffic, fish, boating, or game offense, or traffic or civil infraction committed by a juvenile sixteen years of age or older and would, if committed by an adult, be tried or heard in a court of limited jurisdiction, in which instance the appropriate court of limited jurisdiction shall have jurisdiction over the alleged offense or infraction, and no guardian ad litem is required in any such proceeding due to the juvenile's age. If such an alleged offense or infraction and an alleged offense or infraction subject to juvenile court jurisdiction arise out of the same event or incident, the juvenile court may have jurisdiction of both matters. The jurisdiction under this subsection does not constitute "transfer" or a "decline" for purposes of RCW 13.40.110 (1) or (2) or (e)(i) of this subsection. Courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060;

(iv) The alleged offense is a traffic or civil infraction, a violation of compulsory school attendance provisions under chapter 28A.225 RCW, or a misdemeanor, and a court of limited jurisdiction has assumed concurrent jurisdiction over those offenses as provided in RCW 13.04.0301; or

(v) The juvenile is sixteen or seventeen years old on the date the alleged offense is committed and the alleged offense is:

(A) A serious violent offense as defined in RCW 9.94A.030;

(C) Rape of a child in the first degree.

(I) In such a case the adult criminal court shall have exclusive original jurisdiction, except as provided in (e)(v)(C)(II) and (III) of this subsection.

(II) The juvenile court shall have exclusive jurisdiction over the disposition of any remaining charges in any case in which the juvenile is found not guilty in the adult criminal court of the charge or charges for which he or she was transferred, or is convicted in the adult criminal court of ~~((a lesser included))~~ an offense that is not also an offense listed in (e)(v) of this subsection. The juvenile court shall maintain residual juvenile court jurisdiction up to age twenty-five if the juvenile has turned eighteen years of age during the adult criminal court proceedings but only for the purpose of returning a case to juvenile court for disposition pursuant to RCW 13.40.300(3)(d). ~~((However, once the case is returned to juvenile court, the court may hold a decline hearing pursuant to RCW 13.40.110 to determine whether to retain the case in juvenile court for the purpose of disposition or return the case to adult criminal court for sentencing.))~~

(III) The prosecutor and respondent may agree to juvenile court jurisdiction and waive application of exclusive adult criminal jurisdiction in (e)(v)(A) through (C) of this subsection and remove the proceeding back to juvenile court with the court's approval.

If the juvenile challenges the state's determination of the juvenile's criminal history under (e)(v) of this subsection, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the diveree has attained eighteen years of age;

(i) Relating to petitions to compel disclosure of information filed by the department of social and health services pursuant to RCW 74.13.042; and

(j) Relating to judicial determinations and permanency planning hearings involving developmentally disabled children who have been placed in out-of-home care pursuant to a voluntary placement agreement between the child's parent, guardian, or legal custodian and the department of social and health services and the department of children, youth, and families.

(2) The family court shall have concurrent original jurisdiction with the juvenile court over all proceedings under this section if the superior court judges of a county authorize concurrent jurisdiction as provided in RCW 26.12.010.

(3) The juvenile court shall have concurrent original jurisdiction with the family court over child custody proceedings under chapter 26.10 RCW and parenting plans or residential schedules under chapter ~~((s))~~ 26.09 ~~((and 26.26)), 26.26A, or 26.26B~~ RCW as provided for in RCW 13.34.155.

(4) A juvenile subject to adult superior court jurisdiction under subsection (1)(e)(i) through (v) of this section, who is detained pending trial, may be detained in a detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal.

Sec. 10. RCW 13.40.110 and 2018 c 162 s 4 are each amended to read as follows:

(1) Discretionary decline hearing - The prosecutor, respondent, or the court on its own motion may, before a hearing on the information on its merits, file a motion requesting the court to transfer the respondent for adult criminal prosecution and the matter shall be set for a hearing on the question of declining jurisdiction only if:

(a) The respondent is, at the time of proceedings, at least fifteen years of age or older and is charged with a serious violent offense as defined in RCW 9.94A.030; ~~((or))~~

(b) The respondent is, at the time of proceedings, fourteen years of age or younger and is charged with murder in the first degree (RCW 9A.32.030), and/or murder in the second degree (RCW 9A.32.050); or

(c) The respondent is any age and is charged with custodial assault, RCW 9A.36.100, and, at the time the respondent is charged, is already serving a minimum juvenile sentence to age twenty-one.

(2) Mandatory decline hearing - Unless waived by the court, the parties, and their counsel, a decline hearing shall be held when the information alleges an escape by the respondent and the

respondent is serving a minimum juvenile sentence to age twenty-one.

(3) The court after a decline hearing may order the case transferred for adult criminal prosecution upon a finding that the declination would be in the best interest of the juvenile or the public. The court shall consider the relevant reports, facts, opinions, and arguments presented by the parties and their counsel.

(4) When the respondent is transferred for criminal prosecution or retained for prosecution in juvenile court, the court shall set forth in writing its finding which shall be supported by relevant facts and opinions produced at the hearing.

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1646, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1112, by House Committee on Appropriations (originally sponsored by Fitzgibbon, Kloba, Peterson, Tharinger, Jinkins, Macri, Goodman, Bergquist, Doglio, Robinson, Pollet, Stanford and Frame)

Reducing greenhouse gas emissions from hydrofluorocarbons.

The measure was read the second time.

MOTION

Senator Carlyle moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature finds that hydrofluorocarbons are air pollutants that pose significant threats to our environment and that safer alternatives for the most damaging hydrofluorocarbons are readily available and cost-effective.

(2) Hydrofluorocarbons came into widespread commercial use as United States environmental protection agency-approved replacements for ozone-depleting substances that were being phased out under an international agreement. However, under a 2017 federal appeals court ruling, while the environmental protection agency had been given the power to originally designate hydrofluorocarbons as suitable replacements for the ozone-depleting substances, the environmental protection agency did not have clear authority to require the replacement of hydrofluorocarbons once the replacement of the original ozone-depleting substances had already occurred.

(3) Because the impacts of climate change will not wait until congress acts to clarify the scope of the environmental protection agency’s authority, it falls to the states to provide leadership on addressing hydrofluorocarbons. Doing so will not only help the climate, but will help American businesses retain their positions as global leaders in air conditioning and refrigerant technologies. Although hydrofluorocarbons currently represent a small proportion of the state’s greenhouse gas emissions, emissions of hydrofluorocarbons have been rapidly increasing in the United States and worldwide, and they are thousands of times more potent than carbon dioxide. However, hydrofluorocarbons are also a segment of the state’s emissions that will be comparatively easy to reduce and eliminate without widespread implications for the way that power is produced, heavy industries operate, or people transport themselves. Substituting or reducing the use of hydrofluorocarbons with the highest global warming potential will provide a significant boost to the state’s efforts to reduce its greenhouse gas emissions to the limits established in RCW 70.235.020.

(4) Therefore, it is the intent of the legislature to transition to the use of less damaging hydrofluorocarbons or suitable

substitutes in various applications in Washington, in a manner similar to the regulations that were adopted by the environmental protection agency, and that have been subsequently adopted or will be adopted in several other states around the country.

Sec. 2. RCW 70.235.010 and 2010 c 146 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) “Carbon dioxide equivalents” means a metric measure used to compare the emissions from various greenhouse gases based upon their global warming potential.

(2) “Climate advisory team” means the stakeholder group formed in response to executive order 07-02.

(3) “Climate impacts group” means the University of Washington’s climate impacts group.

(4) “Department” means the department of ecology.

(5) “Director” means the director of the department.

(6) “Greenhouse gas” and “greenhouse gases” includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride, and any other gas or gases designated by the department by rule.

(7) “Person” means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of the state.

(8) “Program” means the department’s climate change program.

(9) “Western climate initiative” means the collaboration of states, Canadian provinces, Mexican states, and tribes to design a multisector market-based mechanism as directed under the western regional climate action initiative signed by the governor on February 22, 2007.

(10) “Class I substance” and “class II substance” means those substances listed in 42 U.S.C. Sec. 7671a, as it read on November 15, 1990, or those substances listed in Appendix A or B of Subpart A of 40 C.F.R. Part 82, as those read on January 3, 2017.

(11) “Hydrofluorocarbons” means a class of greenhouse gases that are saturated organic compounds containing hydrogen, fluorine, and carbon.

(12) “Manufacturer” includes any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces any product that contains or uses hydrofluorocarbons or is an importer or domestic distributor of such a product.

(13) “Residential consumer refrigeration products” has the same meaning as defined in section 430.2 of Subpart A of 10 C.F.R. Part 430 (2017).

(14) “Retrofit” has the same meaning as defined in section 152 of Subpart F of 40 C.F.R. Part 82, as that section existed as of January 3, 2017.

(15) “Substitute” means a chemical, product substitute, or alternative manufacturing process, whether existing or new, that is used to perform a function previously performed by a class I substance or class II substance and any substitute subsequently adopted to perform that function, including, but not limited to, hydrofluorocarbons. “Substitute” does not include 2-BTP or any compound as applied to its use in aerospace fire extinguishing systems.

NEW SECTION. Sec. 3. A new section is added to chapter 70.235 RCW to read as follows:

(1) A person may not offer any product or equipment for sale, lease, or rent, or install or otherwise cause any equipment or

product to enter into commerce in Washington if that equipment or product consists of, uses, or will use a substitute, as set forth in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, for the applications or end uses restricted by appendix U or V of the federal regulation, as those read on January 3, 2017, consistent with the deadlines established in subsection (2) of this section. Except where existing equipment is retrofit, nothing in this subsection requires a person that acquired a restricted product or equipment prior to the effective date of the restrictions in subsection (2) of this section to cease use of that product or equipment. Products or equipment manufactured prior to the applicable effective date of the restrictions specified in subsection (2) of this section may be sold, imported, exported, distributed, installed, and used after the specified effective date.

(2) The restrictions under subsection (1) of this section for the following products and equipment identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, take effect beginning:

- (a) January 1, 2020, for:
 - (i) Propellants;
 - (ii) Rigid polyurethane applications and spray foam, flexible polyurethane, integral skin polyurethane, flexible polyurethane foam, polystyrene extruded sheet, polyolefin, phenolic insulation board, and bunstock;
 - (iii) Supermarket systems, remote condensing units, stand-alone units, and vending machines;
- (b) January 1, 2021, for:
 - (i) Refrigerated food processing and dispensing equipment;
 - (ii) Compact residential consumer refrigeration products;
 - (iii) Polystyrene extruded boardstock and billet, and rigid polyurethane low-pressure two component spray foam;
- (c) January 1, 2022, for residential consumer refrigeration products other than compact and built-in residential consumer refrigeration products;
- (d) January 1, 2023, for cold storage warehouses;
- (e) January 1, 2023, for built-in residential consumer refrigeration products;
- (f) January 1, 2024, for centrifugal chillers and positive displacement chillers; and
- (g) On either January 1, 2020, or the effective date of the restrictions identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, whichever comes later, for all other applications and end uses for substitutes not covered by the categories listed in (a) through (f) of this subsection.

(3) The department may by rule:

- (a) Modify the effective date of a prohibition established in subsection (2) of this section if the department determines that the rule reduces the overall risk to human health or the environment and reflects the earliest date that a substitute is currently or potentially available or, in the case of certain specific applications of vending machines addressed by subsection (2)(a)(iii) of this section, modify the effective date of the prohibition to a date no later than January 1, 2022, if the department determines that relevant safety standards including, but not limited to, those published by underwriters laboratories (UL) or the American society of heating, refrigerating and air-conditioning engineers (ASHRAE), do not permit the use of commercially available substitutes for hydrofluorocarbons in those specific applications;
- (b) Prohibit the use of a substitute if the department determines that the prohibition reduces the overall risk to human health or the environment and that a lower risk substitute is currently or potentially available;

(c)(i) Adopt a list of approved substitutes, use conditions, or use limits, if any; and

(ii) Add or remove substitutes, use conditions, or use limits to or from the list of approved substitutes if the department determines those substitutes reduce the overall risk to human health and the environment; and

(d) Designate acceptable uses of hydrofluorocarbons for medical uses that are exempt from the requirements of subsection (2) of this section.

(4)(a) Within twelve months of another state's enactment or adoption of restrictions on substitutes applicable to new light duty vehicles, the department may adopt restrictions applicable to the sale, lease, rental, or other introduction into commerce by a manufacturer of new light duty vehicles consistent with the restrictions identified in appendix B, Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017. The department may not adopt restrictions that take effect prior to the effective date of restrictions adopted or enacted in at least one other state.

(b) If the United States environmental protection agency approves a previously prohibited hydrofluorocarbon blend with a global warming potential of seven hundred fifty or less for foam blowing of polystyrene extruded boardstock and billet and rigid polyurethane low-pressure two-component spray foam pursuant to the significant new alternatives policy program under section 7671(k) of the federal clean air act (42 U.S.C. Sec. 7401 et seq.), the department must expeditiously propose a rule consistent with RCW 34.05.320 to conform the requirements established under this section with that federal action.

(5) A manufacturer must disclose the substitutes used in its products or equipment. That disclosure must take the form of:

(a) A label on the equipment or product. The label must meet requirements designated by the department by rule. To the extent feasible, the department must recognize existing labeling that provides sufficient disclosure of the use of substitutes in the product or equipment.

(i) The department must consider labels required by state building codes and other safety standards in its rule making; and

(ii) The department may not require labeling of aircraft and aircraft components subject to certification requirements of the federal aviation administration.

(b) Submitting information about the use of substitutes to the department, upon request.

(i) By December 31, 2019, all manufacturers must notify the department of the status of each product class utilizing hydrofluorocarbons or other substitutes restricted under subsection (1) of this section that the manufacturer sells, offers for sale, leases, installs, or rents in Washington state. This status notification must identify the substitutes used by products or equipment in each product or equipment class in a manner determined by rule by the department.

(ii) Within one hundred twenty days after the date of a restriction put in place under this section, any manufacturer affected by the restriction must provide an updated status notification. This notification must indicate whether the manufacturer has ceased the use of hydrofluorocarbons or substitutes restricted under this section within each product class and, if not, what hydrofluorocarbons or other restricted substitutes remain in use.

(iii) After the effective date of a restriction put in place under this section, any manufacturer must provide an updated status notification when the manufacturer introduces a new or modified product or piece of equipment that uses hydrofluorocarbons or changes the type of hydrofluorocarbons utilized within a product

2019 REGULAR SESSION

class affected by a restriction. Such a notification must occur within one hundred twenty days of the introduction into commerce in Washington of the product or equipment triggering this notification requirement.

(6) The department may adopt rules to administer, implement, and enforce this section. If the department elects to adopt rules, the department must seek, where feasible and appropriate, to adopt rules, including rules under subsection (4) of this section, that are the same or consistent with the regulatory standards, exemptions, reporting obligations, disclosure requirements, and other compliance requirements of other states or the federal government that have adopted restrictions on the use of hydrofluorocarbons and other substitutes. Prior to the adoption or update of a rule under this section, the department must identify the sources of information it relied upon, including peer-reviewed science.

(7) For the purposes of implementing the restrictions specified in appendix U of Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017, consistent with this section, the department must interpret the term "aircraft maintenance" to mean activities to support the production, fabrication, manufacture, rework, inspection, maintenance, overhaul, or repair of commercial, civil, or military aircraft, aircraft parts, aerospace vehicles, or aerospace components.

(8) The authority granted by this section to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70.94 RCW. Nothing in this section limits the authority of the department under chapter 70.94 RCW.

(9) Except where existing equipment is retrofit, the restrictions of this section do not apply to or limit any use of commercial refrigeration equipment that was installed or in use prior to the effective date of the restrictions established in this section.

Sec. 4. RCW 70.94.430 and 2011 c 96 s 49 are each amended to read as follows:

(1) Any person who knowingly violates any of the provisions of chapter 70.94 or 70.120 RCW, section 3 of this act, or any ordinance, resolution, or regulation in force pursuant thereto is guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for up to three hundred sixty-four days, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm is guilty of a gross misdemeanor and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for up to three hundred sixty-four days, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, is guilty of a class C felony and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 is guilty of a gross

misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five thousand dollars.

Sec. 5. RCW 70.94.431 and 2013 c 51 s 6 are each amended to read as follows:

(1)(a) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70.120 (~~RCW, chapter~~) or 70.310 RCW, section 3 of this act, or any of the rules in force under such chapters or section may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

(b) Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2)(a) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

(b) The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) (~~By January 1, 1992,~~) The department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

Sec. 6. RCW 70.94.015 and 1998 c 321 s 33 are each amended to read as follows:

(1) The air pollution control account is established in the state treasury. All receipts collected by or on behalf of the department from RCW 70.94.151(2), and receipts from nonpermit program sources under RCW 70.94.152(1) and 70.94.154(7), and all receipts from RCW ((70.94.650, 70.94.660, 82.44.020(2), and 82.50.405)) 70.94.6528 and 70.94.6534 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of chapters 70.94 and 70.120 RCW and section 3 of this act.

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts collected by or on behalf of the department from permit program sources under RCW 70.94.152(1), 70.94.161, 70.94.162, and 70.94.154(7) shall be deposited into the account. Expenditures from the account may be used only for the activities described in RCW 70.94.152(1), 70.94.161, 70.94.162, and 70.94.154(7). Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 7. A new section is added to chapter 19.27 RCW to read as follows:

The building code council shall adopt rules that permit the use of substitutes approved under section 3 of this act and that do not require the use of substitutes that are restricted under section 3 of this act.

NEW SECTION. Sec. 8. The department of ecology, in consultation with the department of commerce and the utilities and transportation commission, must complete a report addressing how to increase the use of refrigerants with a low global warming potential in mobile sources, utility equipment, and consumer appliances, and how to reduce other uses of hydrofluorocarbons in Washington. The report must be submitted to the legislature consistent with RCW 43.01.036 by December 1, 2020, and must include recommendations for how to fund, structure, and prioritize a state program that incentivizes or provides grants to support the elimination of legacy uses of hydrofluorocarbons regulated under section 3 of this act or uses of hydrofluorocarbons not covered by section 3 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 39.26 RCW to read as follows:

(1) The department shall establish purchasing and procurement policies that provide a preference for products that:

(a) Are not restricted under section 3 of this act;

(b) Do not contain hydrofluorocarbons or contain hydrofluorocarbons with a comparatively low global warming potential;

(c) Are not designed to function only in conjunction with hydrofluorocarbons characterized by a comparatively high global warming potential; and

(d) Were not manufactured using hydrofluorocarbons or were manufactured using hydrofluorocarbons with a low global warming potential.

(2) No agency may knowingly purchase products that are not accorded a preference in the purchasing and procurement policies established by the department pursuant to subsection (1) of this section, unless there is no cost-effective and technologically feasible option that is accorded a preference.

(3) Nothing in this section requires the department or any other state agency to breach an existing contract or dispose of stock that has been ordered or is in the possession of the department or other state agency as of the effective date of this section.

(4) By December 1, 2020, and each December 1st of even numbered years thereafter, the department must submit a status report to the appropriate committees of the house of representatives and senate regarding the implementation and compliance of the department and state agencies with this section.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

MOTION

Senator Cleveland moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 74.46.561 and 2017 c 286 s 2 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the ~~((RS means))~~ RSMMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility ~~((RS means))~~ RSMMeans construction index value per square foot ~~((for Washington state))~~. The department may use updated ~~((RS means))~~ RSMMeans construction index information when more recent square footage

data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average ((~~FRV~~ ~~[fair rental value]~~) ~~fair rental value~~) fair rental value rate is not less than ten dollars and eighty cents ((~~ppd~~ ~~[per patient day]~~) ~~per patient day~~). The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMean" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using a minimum the facility's most recent available three-quarter average ((~~CMS~~ ~~[centers for medicare and medicaid services]~~) ~~centers for medicare and medicaid services~~) quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure ((~~QM~~) ~~quality measure~~) point determinants of eighty ((~~QM~~) ~~quality measure~~) points, sixty ((~~QM~~) ~~quality measure~~) points, forty ((~~QM~~) ~~quality measure~~)

points, and twenty ((~~QM~~) ~~quality measure~~) points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average ((~~CMS~~ ~~[centers for medicare and medicaid services]~~) ~~centers for medicare and medicaid services~~) quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient ((~~CMS~~ ~~[centers for medicare and medicaid services]~~) ~~centers for medicare and medicaid services~~) minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average ((~~CMS~~ ~~[centers for medicare and medicaid services]~~) ~~centers for medicare and medicaid services~~) quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature finds that appliance standards and design requirements:

(1) ~~((According to estimates of the department of community, trade, and economic development, the efficiency standards set forth in chapter 298, Laws of 2005 will save nine hundred thousand megawatt hours of electricity, thirteen million therms of natural gas, and one billion seven hundred million gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.~~

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

~~((2) Efficiency standards))~~ For certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

~~((3) Efficiency standards))~~ (2) Save energy and reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

Concerning the efficient administration of campaign finance and public disclosure reporting and enforcement.

The measure was read the second time.

MOTION

Senator Hunt moved that the following committee striking amendment by the Committee on State Government, Tribal Relations & Elections be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that passage of chapter 304, Laws of 2018 (Engrossed Substitute House Bill No. 2938) and chapter 111, Laws of 2018 (Substitute Senate Bill No. 5991) was an important step in achieving the goals of reforming campaign finance reporting and oversight, including simplifying the reporting and enforcement processes to

promote administrative efficiencies. Much has been accomplished in the short time the public disclosure commission has implemented these new laws. However, some additional improvements were identified by the legislature, stakeholders, and the public disclosure commission, that are necessary to further implement these goals and the purpose of the state campaign finance law. Additional refinements to the law will help to ensure the public disclosure commission may continue to provide transparency of election campaign funding activities, meaningful guidance to participants in the political process, and enforcement that is timely, fair, and focused on improving compliance.

Sec. 2. RCW 42.17A.001 and 1975 1st ex.s. c 294 s 1 are each amended to read as follows:

It is hereby declared by the sovereign people to be the public policy of the state of Washington:

(1) That political campaign and lobbying contributions and expenditures be fully disclosed to the public and that secrecy is to be avoided.

(2) That the people have the right to expect from their elected representatives at all levels of government the utmost of integrity, honesty, and fairness in their dealings.

(3) That the people shall be assured that the private financial dealings of their public officials, and of candidates for those offices, present no conflict of interest between the public trust and private interest.

(4) That our representative form of government is founded on a belief that those entrusted with the offices of government have nothing to fear from full public disclosure of their financial and business holdings, provided those officials deal honestly and fairly with the people.

(5) That public confidence in government at all levels is essential and must be promoted by all possible means.

(6) That public confidence in government at all levels can best be sustained by assuring the people of the impartiality and honesty of the officials in all public transactions and decisions.

(7) That the concept of attempting to increase financial participation of individual contributors in political campaigns is encouraged by the passage of the Revenue Act of 1971 by the Congress of the United States, and in consequence thereof, it is desirable to have implementing legislation at the state level.

(8) That the concepts of disclosure and limitation of election campaign financing are established by the passage of the Federal Election Campaign Act of 1971 by the Congress of the United States, and in consequence thereof it is desirable to have implementing legislation at the state level.

(9) That small contributions by individual contributors are to be encouraged, and that not requiring the reporting of small contributions may tend to encourage such contributions.

(10) That the public's right to know of the financing of political campaigns and lobbying and the financial affairs of elected officials and candidates far outweighs any right that these matters remain secret and private.

(11) That, mindful of the right of individuals to privacy and of the desirability of the efficient administration of government, full access to information concerning the conduct of government on every level must be assured as a fundamental and necessary precondition to the sound governance of a free society.

The provisions of this chapter shall be liberally construed to promote complete disclosure of all information respecting the financing of political campaigns and lobbying, and the financial affairs of elected officials and candidates, and full access to public records so as to assure continuing public confidence of fairness of

NINETY SECOND DAY, APRIL 15, 2019

In promoting such complete disclosure, however, this chapter shall be enforced so as to ~~((insure))~~ ensure that the information disclosed will not be misused for arbitrary and capricious purposes and to ~~((insure))~~ ensure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.

(2) Appoint an executive director and set, within the limits established by the office of financial management under RCW 43.03.028, the executive director's compensation. The executive director shall perform such duties and have such powers as the commission may prescribe and delegate to implement and enforce this chapter efficiently and effectively. The commission shall not delegate its authority to adopt, amend, or rescind rules nor may it delegate authority to determine that ~~((an actual))~~ a violation of this chapter has occurred or to assess penalties for such violations;

NEW SECTION. Sec. 9. A new section is added to chapter 42.17A RCW to read as follows:

(1) The commission may apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. The application may be made in Thurston county, the

county where the subpoenaed person resides or is found, or the county where the subpoenaed documents, records, or evidence are located. The application must:

(a) State that an order is sought under this section;

(b) Adequately specify the documents, records, evidence, or testimony; and

(c) Include a declaration made under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the commission's authority and that the subpoenaed documents, records, evidence, or testimony are reasonably related to an investigation within the commission's authority.

(2) When an application under this section is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the agency to subpoena the documents, records, evidence, or testimony.

(3) The commission may seek approval and a court may issue an order under this section without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation. An application for court approval is subject to the fee and process set forth in RCW 36.18.012(3).

Sec. 10. RCW 42.17A.120 and 2010 c 204 s 304 are each amended to read as follows:

(1) The commission may suspend or modify any of the reporting requirements of this chapter if it finds that literal application of this chapter works a manifestly unreasonable hardship in a particular case and the suspension or modification will not frustrate the purposes of this chapter. The commission may suspend or modify reporting requirements only to the extent necessary to substantially relieve the hardship and only after a hearing is held and the suspension or modification receives approval ~~((from a majority of the commission. The commission shall act to suspend or modify any reporting requirements:~~

~~((a) Only if it determines that facts exist that are clear and convincing proof of the findings required under this section; and~~

~~((b) Only to the extent necessary to substantially relieve the hardship)). A suspension or modification of the financial affairs reporting requirements in RCW 42.17A.710 may be approved for an elected official's term of office or for up to three years for an executive state officer. If a material change in the applicant's circumstances or relevant information occurs or has occurred, the applicant must request a modification at least one month prior to the next filing deadline rather than at the conclusion of the term.~~

(2) A manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17A.710(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in which the person filing the report, or any member of ~~((his or her))~~ the person's immediate family, holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more.

(3) Requests for ~~((renewals of))~~ reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards established in this section. ~~((No initial request may be heard in a brief adjudicative proceeding. No request for renewal may be heard in a brief adjudicative proceeding if the initial request was granted more than three years previously or if the applicant is holding an office or position of employment different from the office or position held when the initial request was granted.))~~ The commission, the commission chair acting as

presiding officer, or another commissioner appointed by the chair to serve as presiding officer, may preside over a brief adjudicatory proceeding. If a modification is requested by a filer because of a concern for personal safety, the information submitted regarding that safety concern shall not be made public prior to, or at, the hearing on the request. Any information provided or prepared for the modification hearing shall remain exempt from public disclosure under this chapter and chapter 42.56 RCW to the extent it is determined at the hearing that disclosure of such information would present a personal safety risk to a reasonable person.

(4) If the commission, or presiding officer, grants a modification request, the commission or presiding officer may apply the modification retroactively to previously filed reports. In that event, previously reported information of the kind that is no longer being reported is confidential and exempt from public disclosure under this chapter and chapter 42.56 RCW.

(5) Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order.

~~((5))~~ (6) The commission shall adopt rules governing the proceedings.

Sec. 11. RCW 42.17A.125 and 2011 c 60 s 21 are each amended to read as follows:

~~((1) At the beginning of each even numbered calendar year, the commission shall increase or decrease the dollar amounts in RCW 42.17A.005(26), 42.17A.405, 42.17A.410, 42.17A.445(3), 42.17A.475, and 42.17A.630(1) based on changes in economic conditions as reflected in the inflationary index recommended by the office of financial management. The new dollar amounts established by the commission under this section shall be rounded off to amounts as judged most convenient for public understanding and so as to be within ten percent of the target amount equal to the base amount provided in this chapter multiplied by the increase in the inflationary index since July 2008.~~

~~(2) The commission may revise,)~~ At least once every five years, but no more often than every two years, the commission must consider whether to revise the monetary contribution limits and reporting thresholds and ((reporting)) code values of this chapter. If the commission chooses to make revisions, the revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management, and may be rounded off to amounts as determined by the commission to be most accessible for public understanding. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter, reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials, the revisions shall equally affect all thresholds within each category. The revisions authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold.

~~((3))~~ Revisions made in accordance with ~~((subsections (1) and (2) of))~~ this section shall be adopted as rules ~~((under))~~ in accordance with chapter 34.05 RCW.

Sec. 12. RCW 42.17A.135 and 2010 c 204 s 307 are each amended to read as follows:

(b) Political committees formed to support or oppose candidates or ballot propositions in such political subdivisions; or

(c) Persons making independent expenditures in support of or opposition to such ballot propositions.

(2) The reporting provisions of this chapter apply in any exempt political subdivision from which a "petition for disclosure" containing the valid signatures of fifteen percent of the number of registered voters, as of the date of the most recent general election in the political subdivision, is filed with the commission. The commission shall by rule prescribe the form of the petition. After the signatures are gathered, the petition shall be presented to the auditor or elections officer of the county, or counties, in which the political subdivision is located. The auditor or elections officer shall verify the signatures and certify to the commission that the petition contains no less than the required number of valid signatures. The commission, upon receipt of a valid petition, shall order every known affected person in the political subdivision to file the initially required statement and reports within fourteen days of the date of the order.

(3) The reporting provisions of this chapter apply in any exempt political subdivision that by ordinance, resolution, or other official action has petitioned the commission to make the provisions applicable to elected officials and candidates of the exempt political subdivision. A copy of the action shall be sent to the commission. If the commission finds the petition to be a valid action of the appropriate governing body or authority, the commission shall order every known affected person in the political subdivision to file the initially required statement and reports within fourteen days of the date of the order.

(4) The commission shall void any order issued by it pursuant to subsection (2) or (3) of this section when, at least four years after issuing the order, the commission is presented a petition or official action so requesting from the affected political subdivision. Such petition or official action shall meet the respective requirements of subsection (2) or (3) of this section.

(5) Any petition for disclosure, ordinance, resolution, or official action of an agency petitioning the commission to void the exemption in RCW 42.17A.200(3) shall not be considered unless it has been filed with the commission:

(a) In the case of a ballot ~~((measure))~~ proposition, at least sixty days before the date of any election in which campaign finance reporting is to be required;

(b) In the case of a candidate, at least sixty days before the first day on which a person may file a declaration of candidacy for any election in which campaign finance reporting is to be required.

(6) Any person exempted from reporting under this chapter may at ~~((his or her))~~ the person's option file the statement and reports.

(7) The reporting provisions of this chapter apply to a candidate in any political subdivision if the candidate receives or expects to receive five thousand dollars or more in contributions.

Sec. 13. RCW 42.17A.140 and 2010 c 204 s 308 are each amended to read as follows:

The commission shall notify the filer of receipt of the electronically filed report. Such notification may be sent by mail ~~((facsimile,))~~ or ~~((electronic mail))~~ electronically. If the notification of receipt of the electronically filed report is not received by the filer, the filer may offer ~~((his or her own))~~ proof of sending the report, and such proof shall be treated as if it were a receipt sent by the commission. Electronic filing may be used for purposes of filing the special reports required to be delivered under RCW 42.17A.265 and 42.17A.625.

((For an)) (b) Each incidental committee((s)) shall file with the commission a report on the tenth day of each month during which the incidental committee is not otherwise required to report under this section only if the committee has:

((A)) (i) Received a payment that would change the information required under RCW 42.17A.240(2)((e)) (d) as included in its last report; or

((B)) (ii) Made any election campaign expenditure reportable under RCW 42.17A.240(6) since its last report, and the total election campaign expenditures made since the last report exceed two hundred dollars.

(4) The report filed twenty-one days before the election shall report all contributions received and expenditures made as of the end of one business day before the date of the report. The report filed seven days before the election shall report all contributions received and expenditures made as of the end of one business day before the date of the report. Reports filed on the tenth day of the month shall report all contributions received and expenditures made from the closing date of the last report filed through the last day of the month preceding the date of the current report.

(5) For the period beginning the first day of the fourth month preceding the date of the special election, or for the period beginning the first day of the fifth month before the date of the general election, and ending on the date of that special or general election, each Monday the treasurer for a candidate or a political committee shall file with the commission a report of each bank deposit made during the previous seven calendar days. The report shall contain the name of each person contributing the funds and the amount contributed by each person. However, persons who contribute no more than twenty-five dollars in the aggregate are not required to be identified in the report. A copy of the report shall be retained by the treasurer for ((his or her)) the treasurer's records. In the event of deposits made by candidates, political committee members, or paid staff other than the treasurer, the copy shall be immediately provided to the treasurer for ((his or her)) the treasurer's records. Each report shall be certified as correct by the treasurer.

(6)(a) The treasurer for a candidate or a political committee shall maintain books of account accurately reflecting all contributions and expenditures on a current basis within five business days of receipt or expenditure. During the ten calendar days immediately preceding the date of the election the books of account shall be kept current within one business day. As specified in the political committee's statement of organization filed under RCW 42.17A.205, the books of account must be open for public inspection by appointment at a place agreed upon by both the treasurer and the requestor, for inspections between 9:00 a.m. and 5:00 p.m. on any day from the tenth calendar day immediately before the election through the day immediately before the election, other than Saturday, Sunday, or a legal holiday. It is a violation of this chapter for a candidate or political committee to refuse to allow and keep an appointment for an inspection to be conducted during these authorized times and days. The appointment must be allowed at an authorized time and

day for such inspections that is within forty-eight hours of the time and day that is requested for the inspection. The treasurer may provide digital access or copies of the books of account in lieu of scheduling an appointment at a designated place for inspection. If the treasurer and requestor are unable to agree on a location and the treasurer has not provided digital access to the books of account, the default location for an appointment shall be a place of public accommodation selected by the treasurer within a reasonable distance from the treasurer's office.

(b) At the time of making the appointment, a person wishing to inspect the books of account must provide the treasurer the name and telephone number of the person wishing to inspect the books of account. The person inspecting the books of account must show photo identification before the inspection begins.

(c) A treasurer may refuse to show the books of account to any person who does not make an appointment or provide the required identification. The commission may issue limited rules to modify the requirements set forth in this section in consideration of other technology and best practices.

(7) Copies of all reports filed pursuant to this section shall be readily available for public inspection by appointment, pursuant to subsection (6) of this section.

(8) The treasurer or candidate shall preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than ~~((two))~~ five calendar years following the year during which the transaction occurred or for any longer period as otherwise required by law.

(9) All reports filed pursuant to subsection (1) or (2) of this section shall be certified as correct by the candidate and the treasurer.

(10) Where there is not a pending complaint concerning a report, it is not evidence of a violation of this section to submit an amended report within twenty-one days of filing an ~~((underlying))~~ initial report if:

- (a) The report is accurately amended;
- (b) The ~~((corrected))~~ amended report is filed more than thirty days before an election;
- (c) The total aggregate dollar amount of the adjustment for the ~~((individual))~~ amended report is within three times the contribution limit per election or two hundred dollars, whichever is greater; and
- (d) The committee reported all information that was available to it at the time of filing, or made a good-faith effort to do so, or if a refund of a contribution or expenditure is being reported.

(11)(a) When there is no outstanding debt or obligation, the campaign fund is closed, the campaign is concluded in all respects, and the political committee has ceased to function and intends to dissolve, the treasurer shall file a final report. Upon submitting a final report, the political committee so intending to dissolve must file notice of intent to dissolve with the commission and the commission must post the notice on its web site.

(b) Any political committee may dissolve sixty days after it files its notice to dissolve, only if:

- (i) The political committee does not make any expenditures other than those related to the dissolution process or engage in any political activity or any other activities that generate additional reporting requirements under this chapter after filing such notice;
- (ii) No complaint or court action under this chapter is pending against the political committee; and
- (iii) All penalties assessed by the commission or court order ~~((are))~~ have been paid by the political committee.

(c) The political committee must continue to report regularly as required under this chapter until all the conditions under (b) of this subsection are resolved.

~~((d))~~ ~~((The treasurer may not close the political committee's bank account before the political committee has dissolved.~~

~~((e))~~ Upon dissolution, the commission must issue an acknowledgment of dissolution, the duties of the treasurer shall cease, and there shall be no further obligations under this chapter. Dissolution does not absolve the candidate or board of the committee from responsibility for any future obligations resulting from the finding after dissolution of a violation committed prior to dissolution.

~~((9))~~ (12) The commission must adopt rules for the dissolution of incidental committees.

(b) The commission shall, by rule, develop additional processes by which a respondent may agree by stipulation to any allegations and pay a penalty subject to a schedule of violations and penalties, unless waived by the commission as provided for in this section. Any stipulation must be referred to the commission for review. If approved or modified by the commission, agreed to by the parties, and the respondent complies with all requirements set forth in the stipulation, the matter is then considered resolved and no further action or review is allowed.

The commission must create a schedule to enhance penalties based on repeat ~~((actual))~~ violations by the person.

(d) Any order issued by the commission is subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days, the commission may petition a court of competent jurisdiction of any county in which a petition for review could be filed under that jurisdiction, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17A.760.

(4) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney

general consistent with this section, when the commission believes:

(a) Additional authority is needed to ensure full compliance with this chapter;

(b) An ~~((actual))~~ apparent violation potentially warrants a penalty greater than the commission's penalty authority; or

(c) The maximum penalty the commission is able to levy is not enough to address the severity of the violation.

(5) Prior to filing a citizen's action under RCW 42.17A.775, a person who has filed a complaint pursuant to this section must provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. ~~(1)(a) ((Only after a matter is referred by the commission, under RCW 42.17A.755.))~~ The attorney general may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17A.750~~(-)~~ upon:

(i) Referral by the commission pursuant to RCW 42.17A.755(4);

(b) Within forty-five days of receiving a referral from the commission or notice of the commission's failure to take action provided in accordance with RCW 42.17A.755(5), or within ten days of receiving a citizen's action notice, the attorney general must ~~((provide notice of his or her))~~ publish a decision whether to commence an action on the attorney general's office web site ~~((within forty five days of receiving the referral, which constitutes state action for purposes of this chapter)).~~ Publication of the decision within the forty-five day period, or ten-day period, whichever is applicable, shall preclude a citizen's action pursuant to RCW 42.17A.775.

~~((b))~~ (c) The attorney general should use the enforcement powers in this section in a consistent manner that provides guidance in complying with the provisions of this chapter to candidates, political committees, or other individuals subject to the regulations of this chapter.

(2) The attorney general may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general requires the attendance of any person to obtain such information or produce the accounts, bills, receipts, books, papers, and documents that may be relevant or material to any investigation authorized under this chapter, ~~((he or she))~~ the attorney general shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. The order shall have the same force and effect as a subpoena, shall

be effective statewide, and, upon application of the attorney general, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

Sec. 41. RCW 42.17A.775 and 2018 c 304 s 16 are each amended to read as follows:

(1) A person who has reason to believe that a provision of this chapter is being or has been violated may bring a citizen's action in the name of the state, in accordance with the procedures of this section.

(c) The person who initially filed the complaint with the commission has provided notice of a citizen's action in accordance with subsection (3) of this section and the commission or the attorney general has not commenced action within the ten days provided under subsection (3) of this section.

(3) To initiate the citizen's action, after meeting the requirements under subsection (2) (a) and (b) of this section, a person must notify the attorney general and the commission that ~~((he or she))~~ the person will commence a citizen's action within ten days if the commission does not take action authorized under RCW 42.17A.755(1), or~~((, if applicable,))~~ the attorney general does not commence an action or publish a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b). The attorney general and the commission must notify the other of its decision whether to commence an action.

(4) The citizen's action must be commenced within two years after the date when the alleged violation occurred and may not be commenced against a committee or incidental committee before the end of such period if the committee or incidental committee has received an acknowledgment of dissolution.

(5) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, ~~((but he or she shall be entitled to be reimbursed by the state))~~ except for reasonable costs and reasonable attorneys' fees ~~((the person incurred))~~ awarded by the court, if any, which shall be paid by the defendant. Concerning disclosure of contributions from political committees to other political committees.

The measure was read the second time.

MOTION

Senator Hunt moved that the following committee striking amendment by the Committee on State Government, Tribal Relations & Elections be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the public has the right to know who is contributing to election campaigns in Washington state and that campaign finance disclosure deters corruption, increases public confidence in Washington state elections, raises the level of debate, and strengthens our representative democracy.

The legislature finds that campaign finance disclosure is overwhelmingly supported by the citizens of Washington state as evidenced by the two initiatives that largely established Washington's current system. Both passed with more than seventy-two percent of the popular vote, as well as winning margins in every county in the state.

One of the cornerstones of Washington state's campaign finance disclosure laws is the requirement that political advertisements disclose the sponsor and the sponsor's top five donors. Many political action committees have avoided this important transparency requirement by funneling money from political action committee to political action committee so the top five donors listed are deceptive political action committee names rather than the real donors. The legislature finds that this practice, sometimes called "gray money" or "donor washing," undermines the intent of Washington state's campaign finance laws and impairs the transparency required for fair elections and a healthy democracy.

Therefore, the legislature intends to close this disclosure loophole, increase transparency and accountability, raise the level of discourse, deter corruption, and strengthen confidence in the election process by prohibiting political committees from receiving an overwhelming majority of their funds from one or a combination of political committees.

NEW SECTION. Sec. 2. A new section is added to chapter 42.17A RCW to read as follows:

(1) For any requirement to include the top five contributors under RCW 42.17A.320 or any other provision of this chapter, the sponsor must identify the five persons or entities making the largest contributions to the sponsor in excess of the threshold aggregate value to be considered an independent expenditure

under RCW 42.17A.005(30)(a)(iv) reportable under this chapter during the twelve-month period preceding the date on which the advertisement is initially to be published or otherwise presented to the public.

(2) If one or more of the top five contributors identified under subsection (1) of this section is a political committee, the top three contributors to each of those political committees during the same period must then be identified, and so on, until the individuals or entities other than political committees with the largest aggregate contributions to each political committee identified under subsection (1) of this section have also been identified. The sponsor must identify the three individuals or entities, not including political committees, who made the largest aggregate contributions to any political committee identified under subsection (1) of this section in excess of the threshold aggregate value to be considered an independent expenditure under RCW 42.17A.005(30)(a)(iv) reportable under this chapter during the same period, and the names of those individuals or entities must be displayed in the advertisement alongside the statement "Top Three Donors to PAC Contributors."

(3) Contributions to the sponsor or a political committee that are earmarked, tracked, and used for purposes other than the advertisement in question should not be counted in identifying the top five contributors under subsection (1) of this section or the top three contributors under subsection (2) of this section.

(4) The sponsor shall not be liable for a violation of this section that occurs because a person making a contribution to any political committee identified under subsection (1) of this section has not reported such contribution to the commission.

(5) The commission is authorized to adopt rules, as needed, to prevent ways to circumvent the purposes of the required disclosures in this section to inform voters about the individuals and entities sponsoring political advertisements.

Sec. 3. RCW 42.17A.320 and 2013 c 138 s 1 are each amended to read as follows:

(1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name for the sponsor of electioneering communications, independent expenditures, or political advertising shall be unlawful. For partisan office, if a candidate has expressed a party or independent preference on the declaration of candidacy, that party or independent designation shall be clearly identified in electioneering communications, independent expenditures, or political advertising.

(2) In addition to the information required by subsection (1) of this section, except as specifically addressed in subsections (4) and (5) of this section, all political advertising undertaken as an independent expenditure or an electioneering communication by a person or entity other than a bona fide political party must include as part of the communication:

(a) The statement: "No candidate authorized this ad. It is paid for by (name, address, city, state)";

(b) If the sponsor is a political committee, the statement: "Top Five Contributors," followed by a listing of the names of the five persons ((or entities)) making the largest contributions ((in excess of seven hundred dollars reportable under this chapter during the twelve month period before the date of the advertisement or communication)) as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities, other than political committees, making

the largest aggregated contributions as determined by section 2(2) of this act; and

(c) If the sponsor is a political committee established, maintained, or controlled directly, or indirectly through the formation of one or more political committees, by an individual, corporation, union, association, or other entity, the full name of that individual or entity.

(3) The information required by subsections (1) and (2) of this section shall:

(a) Appear on the first page or fold of the written advertisement or communication in at least ten-point type, or in type at least ten percent of the largest size type used in a written advertisement or communication directed at more than one voter, such as a billboard or poster, whichever is larger;

(b) Not be subject to the half-tone or screening process; and

(c) Be set apart from any other printed matter. No text may be before, after, or immediately adjacent to the information required by subsections (1) and (2) of this section.

(4) In an independent expenditure or electioneering communication transmitted via television or other medium that includes a visual image, the following statement must either be clearly spoken, or appear in print and be visible for at least four seconds, appear in letters greater than four percent of the visual screen height on a solid black background on the entire bottom one-third of the television or visual display screen, or bottom one-fourth of the screen if the sponsor does not have or is otherwise not required to list its top five contributors, and have a reasonable color contrast with the background: "No candidate authorized this ad. Paid for by (name, city, state)." If the advertisement or communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors" followed by a listing of the names of the five persons ((or entities)) making the largest aggregate contributions ((in excess of seven hundred dollars reportable under this chapter during the twelve month period preceding the date on which the advertisement is initially published or otherwise presented to the public)) as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities other than political committees making the largest aggregate contributions to political committees as determined by section 2(2) of this act. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(5) The following statement shall be clearly spoken in an independent expenditure or electioneering communication transmitted by a method that does not include a visual image: "No candidate authorized this ad. Paid for by (name, city, state)." If the independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following statement must also be included: "Top Five Contributors" followed by a listing of the names of the five persons ((or entities)) making the largest contributions ((in excess of seven hundred dollars reportable under this chapter during the twelve month period preceding the date on which the advertisement is initially published or otherwise presented to the public)) as determined by section 2(1) of this act; and if necessary, the statement "Top Three Donors to PAC Contributors," followed by a listing of the names of the three individuals or entities, other than political committees, making the largest aggregate contributions to political committees as determined by section 2(2) of this act. Abbreviations may be used to describe

contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(6) Political advertising costing one thousand dollars or more supporting or opposing ballot measures sponsored by a political committee must include the information on the (~~“(Top Five Contributors” consistent with subsections (2), (4), and (5) of this section)~~ top five contributors and top three contributors, other than political committees, as required by section 2 of this act. A series of political advertising sponsored by the same political committee, each of which is under one thousand dollars, must include the (~~“(Top Five Contributors” information required by this section)~~ top five contributors and top three contributors, other than political committees, as required by section 2 of this act once their cumulative value reaches one thousand dollars or more.

(7) Political yard signs are exempt from the requirements of this section that the sponsor’s name and address, and (~~“(Top Five Contributor” information)~~ the top five contributors and top three PAC contributors as required by section 2 of this act, be listed on the advertising. Concerning energy efficiency.

The measure was read the second time.

MOTION

Senator Carlyle moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature finds that state policy encouraging energy efficiency has been extremely successful in reducing energy use, avoiding costly investment in new generating capacity, lowering customer energy bills, and reducing air pollution and greenhouse gas emissions. The state’s 2019 biennial energy report indicates that utility conservation investments under chapter 19.285 RCW, the energy independence act, now save consumers more than seven hundred fifty million dollars annually, helping to keep Washington’s electricity prices among the lowest in the nation.

(2) Studies by the Northwest power and conservation council and by individual Washington utilities repeatedly show that efficiency is the region’s largest, cheapest, lowest risk energy resource; that without it, the Northwest would have needed to invest in additional natural gas-fired generation; and that, looking ahead, efficiency can approach the size of the region’s

hydropower system as a regional resource. The Northwest power and conservation council forecasts that with an aggressive new energy efficiency policy, the region can potentially meet one hundred percent of its electricity load growth over the next twenty years with energy efficiency.

(3) Energy efficiency investments that reduce energy use in buildings bring cobenefits that directly impact Washingtonians’ quality of life. These benefits include improved indoor air quality, more comfortable homes and workplaces, and lower tenant energy bills. The legislature notes that according to the United States department of energy’s energy and employment report, 2017, the energy efficiency sector has created more than sixty-five thousand jobs in the state, more than two-thirds of which are in the construction sector, and that the number continues to grow.

(4) Considering the benefits of and the need for additional energy efficiency to meet regional energy demand, the legislature notes that attaining as much of this resource as possible from the buildings sector can have a significant effect on state greenhouse gas emissions by deferring or displacing the need for natural gas-fired electricity generation and reducing the direct use of natural gas. Buildings represent the second largest source of greenhouse gas emissions in Washington and emissions from the buildings sector have grown by fifty percent since 1990, far outpacing all other emission sources.

(5) The legislature therefore determines that it is in the state’s interest to maximize the full potential of energy efficiency standards, retrofit incentives, utility programs, and building codes to keep energy costs low and to meet statutory goals for increased building efficiency and reduced greenhouse gas emissions.

(6) It is the intent of this act to provide incentives and regulations that encourage greater energy efficiency in all aspects of new and existing buildings, including building design, energy delivery, and utilization and operations. This act:

(a) Establishes energy performance standards for larger existing commercial buildings;

(b) Provides financial incentives and technical assistance for building owners taking early action to meet these standards before they are required to be met;

(c) Enhances access to commercial building energy consumption data in order to assist with monitoring progress toward meeting energy performance standards; and

(d) Establishes efficiency performance requirements for natural gas distribution companies, recognizing the significant contribution of natural gas to the state’s greenhouse gas emissions, the role that natural gas plays in heating buildings and powering equipment within buildings across the state, and the greenhouse gas reduction benefits associated with substituting renewable natural gas for fossil fuels.

NEW SECTION. Sec. 2. A new section is added to chapter 19.27A RCW to read as follows:

The definitions in this section apply throughout sections 3 through 6 of this act unless the context clearly requires otherwise.

(1) “Agricultural structure” means a structure designed and constructed to house farm implements, hay, grain, poultry, livestock, or other horticultural products, and that is not a place used by the public or a place of human habitation or employment where agricultural products are processed, treated, or packaged.

(2) “Baseline energy use intensity” means a building’s weather normalized energy use intensity measured the previous year to making an application for an incentive under section 4 of this act.

(3) “Building owner” means an individual or entity possessing title to a building.

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

(4) "Building tenant" means a person or entity occupying or holding possession of a building or premises pursuant to a rental agreement.

(5) "Conditional compliance" means a temporary compliance method used by building owners that demonstrate the owner has implemented energy use reduction strategies required by the standard, but has not demonstrated full compliance with the energy use intensity target.

(6) "Consumer-owned utility" has the same meaning as defined in RCW 19.27A.140.

(7) "Covered commercial building" means a building where the sum of nonresidential, hotel, motel, and dormitory floor areas exceeds fifty thousand gross square feet, excluding the parking garage area.

(8) "Department" means the department of commerce.

(9) "Director" means the director of the department of commerce or the director's designee.

(10) "Electric utility" means a consumer-owned utility or an investor-owned utility.

(13) "Energy use intensity" means a measurement that normalizes a building's site energy use relative to its size. A building's energy use intensity is calculated by dividing the total net energy consumed in one year by the gross floor area of the building, excluding the parking garage. "Energy use intensity" is reported as a value of thousand British thermal units per square foot per year.

(14) "Energy use intensity target" means the net energy use intensity of a covered commercial building that has been established for the purposes of complying with the standard established under section 3 of this act.

(22) "Savings-to-investment ratio" means the ratio of the total present value savings to the total present value costs of a bundle of an energy or water conservation measure estimated over the projected useful life of each measure. The numerator of the ratio is the present value of net savings in energy or water and nonfuel or nonwater operation and maintenance costs attributable to the proposed energy or water conservation measure. The denominator of the ratio is the present value of the net increase in investment and replacement costs less salvage value attributable to the proposed energy or water conservation measure.

(23) "Standard" means the state energy performance standard for covered commercial buildings established under section 3 of this act.

(24) "Thermal energy company" has the same meaning as defined in RCW 80.04.550.

NEW SECTION. Sec. 3. A new section is added to chapter 19.27A RCW to read as follows:

(1)(a) By November 1, 2020, the department must establish by rule a state energy performance standard for covered commercial buildings.

(b) In developing energy performance standards, the department shall seek to maximize reductions of greenhouse gas emissions from the building sector. The standard must include energy use intensity targets by building type and methods of conditional compliance that include an energy management plan, operations and maintenance program, energy efficiency audits, and investment in energy efficiency measures designed to meet the targets. The department shall use ANSI/ASHRAE/IES standard 100-2018 as an initial model for standard development. The department must update the standard by July 1, 2029, and every five years thereafter. Prior to the adoption or update of the standard, the department must identify the sources of information it relied upon, including peer-reviewed science.

(2) In establishing the standard under subsection (1) of this section, the department:

(a) Must develop energy use intensity targets that are no greater than the average energy use intensity for the covered commercial building occupancy type with adjustments for unique energy using features. The department must also develop energy use intensity targets for additional property types eligible for incentives in section 4 of this act. The department must consider regional and local building energy utilization data, such as existing energy star benchmarking data, in establishing targets for the standard. Energy use intensity targets must be developed for two or more climate zones and be representative of energy use in a normal weather year;

(b) May consider building occupancy classifications from ANSI/ASHRAE/IES standard 100-2018 and the United States environmental protection agency's energy star portfolio manager when developing energy use intensity targets;

(c) May implement lower energy use intensity targets for more recently built covered commercial buildings based on the state energy code in place when the buildings were constructed;

(d)(i) Must adopt a conditional compliance method that ensures that covered commercial buildings that do not meet the specified energy use intensity targets are taking action to achieve reduction in energy use, including investment criteria for conditional compliance that ensure that energy efficiency measures identified by energy audits are implemented to achieve a covered commercial building's energy use intensity target. The investment criteria must require that a building owner adopt an implementation plan to meet the energy intensity target or implement an optimized bundle of energy efficiency measures that provides maximum energy savings without resulting in a savings-to-investment ratio of less than 1.0, except as exempted in (d)(ii) of this subsection. The implementation plan must be based on an investment grade energy audit and a life-cycle cost analysis that accounts for the period during which a bundle of measures will provide savings. The building owner's cost for implementing energy efficiency measures must reflect net cost, excluding any costs covered by utility or government grants. The implementation plan may exclude measures that do not pay for themselves over the useful life of the measure and measures excluded under (d)(ii) of this subsection. The implementation plan may include phased implementation such that the building owner is not required to replace a system or equipment before the end of the system or equipment's useful life;

(ii) For those buildings or structures that are listed in the state or national register of historic places; designated as a historic property under local or state designation law or survey; certified as a contributing resource with a national register listed or locally designated historic district; or with an opinion or certification that the property is eligible to be listed on the national or state registers of historic places either individually or as a contributing building to a historic district by the state historic preservation officer or the keeper of the national register of historic places, no individual energy efficiency requirement need be met that would compromise the historical integrity of a building or part of a building.

(3) Based on records obtained from each county assessor and other available information sources, the department must create a database of covered commercial buildings and building owners required to comply with the standard established in accordance with this section.

(4) By July 1, 2021, the department must provide the owners of covered buildings with notification of compliance requirements.

(5) The department must develop a method for administering compliance reports from building owners.

(6) The department must provide a customer support program to building owners including, but not limited to, outreach and informational material, periodic training, phone and email support, and other technical assistance.

(7) The building owner of a covered commercial building must report the building owner's compliance with the standard to the department in accordance with the schedule established under subsection (8) of this section and every five years thereafter. For each reporting date, the building owner must submit documentation to demonstrate that:

(a) The weather normalized energy use intensity of the covered commercial building measured in the previous calendar year is less than or equal to the energy use intensity target; or

(b) The covered commercial building has received conditional compliance from the department based on energy efficiency actions prescribed by the standard; or

(c) The covered commercial building is exempt from the standard by demonstrating that the building meets one of the following criteria:

(i) The building did not have a certificate of occupancy or temporary certificate of occupancy for all twelve months of the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(ii) The building did not have an average physical occupancy of at least fifty percent throughout the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(iii) The sum of the buildings gross floor area minus unconditioned and semiconditioned spaces, as defined in the Washington state energy code, is less than fifty thousand square feet;

(iv) The primary use of the building is manufacturing or other industrial purposes, as defined under the following use designations of the international building code: (A) Factory group F; or (B) high hazard group H;

(v) The building is an agricultural structure; or

(vi) The building meets at least one of the following conditions of financial hardship: (A) The building had arrears of property taxes or water or wastewater charges that resulted in the building's inclusion, within the prior two years, on a city's or county's annual tax lien sale list; (B) the building has a court appointed receiver in control of the asset due to financial distress; (C) the building is owned by a financial institution through default by a borrower; (D) the building has been acquired by a deed in lieu of foreclosure within the previous twenty-four months; (E) the building has a senior mortgage subject to a notice of default; or (F) other conditions of financial hardship identified by the department by rule.

(8) A building owner of a covered commercial building must meet the following reporting schedule for complying with the standard established under this section:

(a) For a building with more than two hundred twenty thousand gross square feet, June 1, 2026;

(b) For a building with more than ninety thousand gross square feet but less than two hundred twenty thousand and one gross square feet, June 1, 2027; and

(c) For a building with more than fifty thousand gross square feet but less than ninety thousand and one square feet, June 1, 2028.

(9)(a) The department may issue a notice of violation to a building owner for noncompliance with the requirements of this section. A determination of noncompliance may be made for any of the following reasons:

(i) Failure to submit a compliance report in the form and manner prescribed by the department;

(ii) Failure to meet an energy use intensity target or failure to receive conditional compliance approval;

(iii) Failure to provide accurate reporting consistent with the requirements of the standard established under this section; and

(iv) Failure to provide a valid exemption certificate.

(b) In order to create consistency with the implementation of the standard and rules adopted under this section, the department must reply and cite the section of law, code, or standard in a notice of violation for noncompliance with the requirements of this section when requested to do so by the building owner or the building owner's agent.

(10) The department is authorized to impose an administrative penalty upon a building owner for failing to submit documentation demonstrating compliance with the requirements

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

of this section. The penalty may not exceed an amount equal to five thousand dollars plus an amount based on the duration of any continuing violation. The additional amount for a continuing violation may not exceed a daily amount equal to one dollar per year per gross square foot of floor area. The department may by rule increase the maximum penalty rates to adjust for the effects of inflation.

(11) Administrative penalties collected under this section must be deposited into the low-income weatherization and structural rehabilitation assistance account created in RCW 70.164.030.

(12) The department must adopt rules as necessary to implement this section, including but not limited to:

(a) Rules necessary to ensure timely, accurate, and complete reporting of building energy performance for all covered commercial buildings;

(b) Rules necessary to enforce the standard established under this section; and

(c) Rules that provide a mechanism for appeal of any administrative penalty imposed by the department under this section.

(13) Upon request by the department, each county assessor must provide property data from existing records to the department as necessary to implement this section.

(14) By January 15, 2022, and each year thereafter through 2029, the department must submit a report to the governor and the appropriate committees of the legislature on the implementation of the state energy performance standard established under this section. The report must include information regarding the adoption of the ANSI/ASHRAE/IES standard 100-2018 as an initial model, the financial impact to building owners required to comply with the standard, the amount of incentives provided under sections 4 and 5 of this act, and any other significant information associated with the implementation of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 19.27A RCW to read as follows:

(1) The department must establish a state energy performance standard early adoption incentive program consistent with the requirements of this section.

(2) The department must adopt application and reporting requirements for the incentive program. Building energy reporting for the incentive program must be consistent with the energy reporting requirements established under section 3 of this act.

(3) Upon receiving documentation demonstrating that a building owner qualifies for an incentive under this section, the department must authorize each applicable entity administering incentive payments, as provided in section 6 of this act, to make an incentive payment to the building owner. When a building is served by more than one entity offering incentives or more than one type of fuel, incentive payments must be proportional to the energy use intensity reduction of each specific fuel provided by each entity.

(4) An eligible building owner may receive an incentive payment in the amounts specified in subsection (6) of this section only if the following requirements are met:

(a) The building is either: (i) A covered commercial building subject to the requirements of the standard established under section 3 of this act; or (ii) a multifamily residential building where the floor area exceeds fifty thousand gross square feet, excluding the parking garage area;

(b) The building's baseline energy use intensity exceeds its applicable energy use intensity target by at least fifteen energy use intensity units;

(c) At least one electric utility, gas company, or thermal energy company providing or delivering energy to the covered commercial building is participating in the incentive program by administering incentive payments as provided in section 6 of this act; and

(d) The building owner complies with any other requirements established by the department.

(5)(a) An eligible building owner who meets the requirements of subsection (4) of this section may submit an application to the department for an incentive payment in a form and manner prescribed by the department. The application must be submitted in accordance with the following schedule:

(i) For a building with more than two hundred twenty thousand gross square feet, beginning July 1, 2021, through June 1, 2025;

(ii) For a building with more than ninety thousand gross square feet but less than two hundred twenty thousand and one gross square feet, beginning July 1, 2021, through June 1, 2026; and

(iii) For a building with more than fifty thousand gross square feet but less than ninety thousand and one gross square feet, beginning July 1, 2021, through June 1, 2027.

(b) The department must review each application and determine whether the applicant is eligible for the incentive program and if funds are available for the incentive payment within the limitation established in section 5 of this act. If the department certifies an application, it must provide verification to the building owner and each entity participating as provided in section 6 of this act and providing service to the building owner.

(6) An eligible building owner that demonstrates early compliance with the applicable energy use intensity target under the standard established under section 3 of this act may receive a base incentive payment of eighty-five cents per gross square foot of floor area, excluding parking, unconditioned, or semiconditioned spaces.

(7) The incentives provided in subsection (6) of this section are subject to the limitations and requirements of this section, including any rules or procedures implementing this section.

(8) The department must establish requirements for the verification of energy consumption by the building owner and each participating electric utility, gas company, and thermal energy company.

(9) The department must provide an administrative process for an eligible building owner to appeal a determination of an incentive eligibility or amount.

(10) By September 30, 2025, and every two years thereafter, the department must report to the appropriate committees of the legislature on the results of the incentive program under this section and may provide recommendations to improve the effectiveness of the program.

(11) The department may adopt rules to implement this section.

NEW SECTION. Sec. 5. A new section is added to chapter 19.27A RCW to read as follows:

The department may not issue a certification for an incentive application under section 4 of this act if doing so is likely to result in total incentive payments under section 4 of this act in excess of seventy-five million dollars.

NEW SECTION. Sec. 6. A new section is added to chapter 19.27A RCW to read as follows:

(1)(a) Each qualifying utility must administer incentive payments for the state energy performance standard early adoption incentive program established in section 4 of this act on behalf of its customers who are eligible building owners of covered commercial buildings or multifamily residential buildings, consistent with the requirements of this section. Any thermal energy company, electric utility, or gas company not otherwise required to administer incentive payments may voluntarily participate by providing notice to the department in a form and manner prescribed by the department.

(b) Nothing in this subsection (1) requires a qualifying utility to administer incentive payments for the state energy performance standard early adoption incentive program established in section 4 of this act for which the qualifying utility is not allowed a credit against taxes due under this chapter.

(2) An entity that administers the payments for the incentive program under this section must administer the program in a manner that is consistent with the standard established and any rules adopted by the department under sections 3 and 4 of this act.

(3) Upon receiving notification from the department that a building owner has qualified for an incentive payment, each entity that administers incentive payments under this section must make incentive payments to its customers who are eligible building owners of covered commercial buildings or multifamily residential buildings who qualify as provided under this section and at rates specified in section 4(6) of this act. When a building is served by more than one entity administering incentive payments, incentive payments must be proportional to the energy use intensity reduction of the participating entities' fuel.

(4) The participation by an entity in the administration of incentive payments under this section does not relieve the entity of any obligation that may otherwise exist or be established to provide customer energy efficiency programs or incentives.

(5) An entity that administers the payments for the incentive program under this section is not liable for excess payments made in reliance on amounts reported by the department as due and payable as provided under section 4 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

NEW SECTION. Sec. 7. This section is the tax preference performance statement for the tax preference contained in section 8, chapter . . . , Laws of 2019 (section 8 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce implementation of building energy efficiency measures, as indicated in section 4 of this act.

(2) It is the legislature's specific public policy objective to increase energy efficiency and the use of renewable fuels that reduce the amount of greenhouse gas emissions in Washington. It is the legislature's intent to provide a credit against the taxes owing by utilities under chapter 82.16 RCW for the incentives provided for the implementation by eligible building owners of energy efficiency and renewable energy measures.

(3) If a review finds that measurable energy savings have increased in covered commercial buildings for which building owners are receiving an incentive payment from a qualifying utility, then the legislature intends to extend the expiration date of the tax preference.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and

review committee may refer to the number of building owners receiving an incentive payment from qualifying utilities taking the public utility tax preference under section 8 of this act, the amount of the incentive payment, and the energy use intensity reduction of the buildings as a result of the incentive program, as reported by the department of commerce.

NEW SECTION. Sec. 8. A new section is added to chapter 82.16 RCW to read as follows:

(1) Subject to the requirements of this section, a light and power business or a gas distribution business is allowed a credit against taxes due under this chapter in an amount equal to:

(a) Incentive payments made in any calendar year under section 4 of this act; and

(b) Documented administrative cost not to exceed eight percent of the incentive payments.

(2) The credit must be taken in a form and manner as required by the department.

(3) Credit must be claimed against taxes due under this chapter for the incentive payments made and administrative expenses incurred. Credit earned in one calendar year may not be carried backward but may be claimed against taxes due under this chapter during the same calendar year and for the following two calendar years. The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of a credit.

(4)(a) Except as provided in (c) of this subsection, any business that has claimed credit in excess of the amount of credit the business earned under subsection (1) of this section must repay the amount of tax against which the excess credit was claimed.

(b) The department must assess interest on the taxes due under this subsection. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid. The department must provide written notice of the amount due under this subsection and that the amount due must be paid within thirty days of the date of the notice. The department may not impose penalties as provided in chapter 82.32 RCW on taxes due under this subsection unless the amount due is not paid in full by the due date in the notice.

(c) A business is not liable for excess credits claimed in reliance on amounts reported to the business by the department of commerce as due and payable as provided under section 4 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

NEW SECTION. Sec. 11. A new section is added to chapter 80.28 RCW to read as follows:

Each gas company must identify and acquire all conservation measures that are available and cost-effective. Each company must establish an acquisition target every two years and must demonstrate that the target will result in the acquisition of all resources identified as available and cost-effective. The cost-effectiveness analysis required by this section must include the costs of greenhouse gas emissions established in section 15 of this act. The targets must be based on a conservation potential assessment prepared by an independent third party and approved by the commission. Conservation targets must be approved by order by the commission. The initial conservation target must take effect by 2022.

NEW SECTION. Sec. 12. (1) The legislature finds and declares that:

(a) Renewable natural gas provides benefits to natural gas utility customers and to the public; and

(b) The development of renewable natural gas resources should be encouraged to support a smooth transition to a low carbon energy economy in Washington.

(2) It is the policy of the state to provide clear and reliable guidelines for gas companies that opt to supply renewable natural gas resources to serve their customers and that ensure robust ratepayer protections.

NEW SECTION. Sec. 13. A new section is added to chapter 80.28 RCW to read as follows:

(1) A natural gas company may propose a renewable natural gas program under which the company would supply renewable

natural gas for a portion of the natural gas sold or delivered to its retail customers. The renewable natural gas program is subject to review and approval by the commission. The customer charge for a renewable natural gas program may not exceed five percent of the amount charged to retail customers for natural gas.

(2) The environmental attributes of renewable natural gas provided under this section must be retired using procedures established by the commission and may not be used for any other purpose. The commission must approve procedures for banking and transfer of environmental attributes.

(3) As used in this section, "renewable natural gas" includes renewable natural gas as defined in RCW 54.04.190. The commission may approve inclusion of other sources of gas if those sources are produced without consumption of fossil fuels.

NEW SECTION. Sec. 14. A new section is added to chapter 80.28 RCW to read as follows:

(1) Each gas company must offer by tariff a voluntary renewable natural gas service available to all customers to replace any portion of the natural gas that would otherwise be provided by the gas company. The tariff may provide reasonable limits on participation based on the availability of renewable natural gas and may use environmental attributes of renewable natural gas combined with natural gas. The voluntary renewable natural gas service must include delivery to, or the retirement on behalf of, the customer of all environmental attributes associated with the renewable natural gas.

(2) For the purposes of this section, "renewable natural gas" includes renewable natural gas as defined in RCW 54.04.190. The commission may approve inclusion of other sources of gas if those sources are produced without consumption of fossil fuels.

NEW SECTION. Sec. 15. A new section is added to chapter 80.28 RCW to read as follows:

For the purposes of section 11 of this act, the cost of greenhouse gas emissions resulting from the use of natural gas, including the effect of emissions occurring in the gathering, transmission, and distribution of natural gas to the end user is equal to the cost per metric ton of carbon dioxide emissions, using the two and one-half percent discount rate, listed in table 2, Technical Support Document: Technical update of the social cost of carbon for regulatory impact analysis under Executive Order 12866, published by the interagency working group on social cost of greenhouse gases of the United States government, August 2016. The commission must adjust the costs established in this section to reflect the effect of inflation.

NEW SECTION. Sec. 16. A new section is added to chapter 80.28 RCW to read as follows:

The commission must monitor the greenhouse gas emissions resulting from natural gas and renewable natural gas delivered by each gas company to its customers, relative to a proportionate share of the state's greenhouse gas emissions reduction goal. The commission must report to the governor by January 1, 2020, and every three years thereafter, an assessment of whether the gas companies are on track to meet a proportionate share of the state's greenhouse gas emissions reduction goal. The commission may rely on reports submitted by gas companies to the United States environmental protection agency or other governmental agencies in complying with this section.

(2)(a) Except as provided in (b) of this subsection, the rules adopted under this section must require electric vehicle charging capability at all new buildings that provide on-site parking. Where parking is provided, the greater of one parking space or ten percent of parking spaces, rounded to the next whole number, must be provided with wiring or raceway sized to accommodate 208/240 V 40-amp or equivalent electric vehicle charging. Electrical rooms serving buildings with on-site parking must be sized to accommodate the potential for electrical equipment and distribution required to serve a minimum of twenty percent of the total parking spaces with 208/240 V 40-amp or equivalent electric vehicle charging. Load management infrastructure may be used to adjust the size and capacity of the required building electric service equipment and circuits on the customer facilities, as well as electric utility owned infrastructure, as allowed by applicable local and national electrical code. For accessible parking spaces, the greater of one parking space or ten percent of accessible parking spaces, rounded to the next whole number, must be provided with electric vehicle charging infrastructure that may also serve adjacent parking spaces not designated as accessible parking.

(b) For occupancies classified as assembly, education, or mercantile, the requirements of this section apply only to employee parking spaces. The requirements of this section do not apply to occupancies classified as residential R-3, utility, or miscellaneous.

(c) The required rules required under this subsection must be implemented by July 1, 2021.

MOTION

Senator Darneille moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that nearly eleven percent of Washington households, including more than two hundred eighty thousand children, are food insecure with limited or uncertain availability of nutritionally adequate and safe foods. The legislature further finds that food insecurity

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

contributes to poor quality diets; chronic medical conditions such as diabetes, heart disease, and hypertension; and negative outcomes for children and families, including harmful effects on behavioral health. Further, food insecurity disproportionately affects people with low incomes, people of color, and rural residents.

(2) The legislature finds that food assistance programs such as the special supplemental nutrition program for women, infants, and children and the supplemental nutrition assistance program are effective in significantly reducing food insecurity; that participants report difficulty affording and accessing healthy foods; and that fruit and vegetable consumption among such food assistance program participants is far below national dietary guidelines.

(3) The legislature finds that the state department of health has successfully managed a food insecurity nutrition incentives grant from the United States department of agriculture that provides a framework for providing fruit and vegetable incentives for low-income shoppers and that those federal funds are set to expire in March 2020. Further, the legislature finds that more than two million dollars in fruit and vegetable incentives have been redeemed by food insecure Washingtonians through this grant, helping to alleviate food insecurity and increase fruit and vegetable consumption.

(4) Therefore, the legislature intends to create a state fruit and vegetable incentives program to benefit people who are food insecure, our agricultural industry, and retailers across the state.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) The fruit and vegetable incentives program is established to increase fruit and vegetable consumption among food insecure individuals with limited incomes. The fruit and vegetable incentives program includes:

(a) Farmers market basic food incentives to provide eligible participants with extra benefits to purchase fruits and vegetables at authorized farmers markets when the participant uses basic food benefits;

(b) Grocery store basic food incentives to provide eligible participants with extra benefits to purchase fruits and vegetables at authorized grocery stores when the participant uses basic food benefits; and

(c) Fruit and vegetable vouchers provided by a health care provider, health educator, community health worker, or other health professional to an eligible participant for use at an authorized farmers market or grocery store.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer the fruit and vegetable incentives program. As part of its duties, the department shall:

(a) Collaborate with other state agencies whose missions and programs closely align with the fruit and vegetable incentives program, including the department of social and health services and the department of agriculture, in the development and implementation of the program;

(b) Provide resources, coordination, and technical assistance to program partners for targeted outreach to food insecure populations and for administration of the program. Program partners may include farmers markets, grocery stores, government agencies, health care systems, and nonprofit organizations; and

(c) Adopt rules to implement this section.

(3) Farmers market basic food incentives may be provided to eligible participants for use at farmers markets authorized by the department. The incentives are additional funds that may be used to purchase eligible fruits and vegetables as defined by the department. When authorizing a participating farmers market, the department may give preference to a farmers market that accepts or has previously accepted supplemental nutrition assistance program benefits, has the capacity to accept supplemental nutrition assistance program benefits, or is located in a county with a high level of food insecurity, as defined by the department.

(4) Grocery store basic food incentives may be provided to eligible participants for use at a grocery store that is an authorized supplemental nutrition assistance program retailer and approved by the department. The incentives are additional funds that may be used to purchase eligible fruits and vegetables as defined by the department. When approving a participating grocery store, the department may give preference to a store that is located in a county with a high level of food insecurity.

(5) Fruit and vegetable vouchers are cash-value vouchers that may be distributed by a participating health care provider, health educator, community health worker, or other health professional to a patient who is eligible for basic food and has a qualifying health condition, as defined by the department, or is food insecure. The voucher may be redeemed at a participating retailer, including an authorized farmers market or grocery store. The department shall approve participating health care systems and may give preference to systems that have operated fruit and vegetable prescription programs, routinely screen patients for food insecurity, have a high percentage of patients who are medicaid clients, or are located in a county with a high level of food insecurity.

(6) Subject to the availability of funds, the department must evaluate the fruit and vegetable incentives program effectiveness. When conducting the evaluation, the department must collect information related to fruit and vegetable consumption by eligible participants, levels of food security, and likely impacts on public health outcomes as a result of the program. By July 1, 2021, and in compliance with RCW 43.01.036, the department must submit a progress report to the governor and the legislature describing the results of the program and recommending any legislative or programmatic changes to improve the effectiveness of program delivery. By December 1, 2023, the department must submit a complete program evaluation describing the program's effectiveness and including any additional recommendations for program improvements.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible participant" means:

(i) For the purposes of subsection (1)(a) and (b) of this section, a recipient of basic food benefits, including the supplemental nutrition assistance program and the food assistance program, as authorized under Title 74 RCW; or

(ii) For the purposes of subsection (1)(c) of this section, a person who is determined to be food insecure by a participating health care provider.

(b) "Food insecure" means a state in which consistent access to adequate food is limited by a lack of money and other resources at times during the year."

On page 1, line 2 of the title, after "incomes;" strike the remainder of the title and insert "adding a new section to chapter 43.70 RCW; and creating a new section."

PERSONAL PRIVILEGE

Senator Fortunato: “So, many of us, I don’t know if you have seen on the news, but Notre Dame Cathedral has had a serious, it looks like it is almost totally destroyed. This is a monumental loss to humanity. Luckily, I don’t know whether people know, but the real crown of thorns was actually housed in the Notre Dame. And when you walk into the building, aside from the fact that you can’t help but being uplifted spiritually, they also have in there relics of the true cross. They have monstrances, where the have exposition of the Blessed Sacrament, but encrusted with diamonds and rubies and there must be two, two billion dollars worth of treasures in that building. So hopefully they were able to get all those things out of the building but the architecture of that building is just magnificent and to think that if you were to say today ‘Let’s build something that lasts for 1300 years’ How would you do that? Where would you even start? These people built this structure, took hundreds of years to build and they didn’t even have forks. I mean they were eating with knives and eating with their hands while they were doing this. They didn’t have tape measures, they had no lasers and levels and all this stuff. And they built these structures to last for over a thousand years and the building itself, was ransacked during the French Revolution. Many of the stained glass windows and things were broken out and the building was gutted in some cases. And many people don’t know this but *The Hunchback of Notre Dame* movie actually was something that allowed them to raise the funds to refurbish the building. So, this is a tremendous loss. I saw the spire fall over, fall off. And so this is a tremendous loss and hopefully they’ve saved all those relics and things and somehow, I don’t know how many hundreds of millions of dollars it would take to reconstruct this but it is a sad day and lets hope that this can be replaced. Thank you for your time Mr. President.”

EDITOR’S NOTE: On Monday, April 15, 2019, a fire broke out in the roof of the Notre-Dame Cathedral in Paris, France, causing considerable damage to the 856 year-old building. The cathedral’s spire, which had been undergoing renovations to fix damage from pollution and age, and roof collapsed causing significant damage to the interior, upper walls and windows of the church. The stone ceiling vault beneath the roof prevented additional damage to the cathedral below. In the ensuing days a variety of sources across the world pledged over one billion dollars toward its rebuilding.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1139, by House Committee on Appropriations (originally sponsored by Santos, Dolan, Callan, Pollet, Reeves and Bergquist)

Expanding the current and future educator workforce supply.

The measure was read the second time.

MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. FINDINGS—INTENT. (1) The legislature finds that discrete efforts are being made at state and local levels to address the educator shortage, but these efforts need to be streamlined and performed in concert, in order to enhance the effect of these recruitment and retention strategies.

(2) The legislature also reaffirms that excellent, effective educators and educator leaders are essential to the state’s ongoing efforts to establish a world-class, globally competitive education system. As acknowledged in Engrossed Substitute House Bill No. 2261 (chapter 548, Laws of 2009), “Teachers, principals, and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. A system that clearly defines, supports, measures, and recognizes effective teaching and leadership is one of the most important investments to be made.”

(3) Therefore, the legislature intends to seize the challenges presented by the educator workforce shortage in Washington to build the capacity of the education system to attract, retain, support, and sustain successful educators through:

- (a) Intentional recruitment strategies;
- (b) Expanding educator training programs;
- (c) Focused financial incentives, assistance, and supports;
- (d) Responsive and responsible retention strategies; and
- (e) Deeper systems evaluation.

PART I RECRUITMENT—CHARACTERISTICS OF INDIVIDUALS

NEW SECTION. Sec. 101. FINDINGS—INTENT. (1) The legislature finds that effective educators who share their love of learning inspire students to enter into the education profession. The legislature further finds that every category and level of educator should support and inspire the next generation into careers in education.

(2) The legislature finds that a comprehensive effort is needed to repair the disjointed system for attracting persons into certificated educator professions. The legislature acknowledges that Washington is facing a short-term recruitment problem with the immediate need to fill classroom vacancies, but recognizes that it must also solve its long-term recruitment problem by creating a pipeline of interested persons entering into, and remaining in, the educator workforce.

(3) Therefore, the legislature intends to support a multipronged grow-your-own initiative to develop persons from the community, which includes programs that target middle and high school students, paraeducators, military personnel, and career changers who are subject matter experts, and that supports these persons to become educators. The initiative includes:

(a) Improvements to existing programs and activities, including the recruiting Washington teachers program, the high school career and technical education course called careers in education, and the alternative route teacher certification programs; and

(b) Development and implementation of additional programs and activities, including the coordination of existing resources that attract persons with needed skills and abilities, improving standards of practice, and reviewing barriers to recruitment.

NEW SECTION. Sec. 109. A new section is added to chapter 28A.630 RCW to read as follows:

EDUCATIONAL SERVICE DISTRICT ALTERNATIVE ROUTE PILOT PROGRAM.

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the Washington professional educator standards board shall distribute grants to an educational service district that volunteers to pilot an alternative route teacher certification program, under chapter 28A.660 RCW. The purpose of the grant is to provide financial assistance to teacher candidates enrolled in the educational service district’s alternative route teacher certification program with the intent to pursue an initial teacher certificate. The Washington professional educator standards board must provide a grant sufficient to provide up to five thousand dollars of financial assistance for up to twenty teacher candidates in the 2019-20 school year and for up to thirty teacher candidates in the 2020-21 school year.

(b) In piloting the program, the educational service district must:

(i) Engage retired or practicing teachers and administrators who are knowledgeable and experienced classroom teachers to inform the development and curriculum of the program;

(ii) Provide extended support and mentoring through the first three years of a teacher’s career, using the components of the beginning educator support team, under RCW 28A.415.265;

(iii) Support school districts in developing school staff and community members to become teachers, so that the district’s teachers better reflect the region’s demographics, values, and interests; and

(iv) Provide opportunities for classified staff to become teachers.

(2) By November 1, 2024, the volunteer educational service district must report to the Washington professional educator standards board with the outcomes of the pilot and any recommendations for implementing alternative route teacher certification programs in other educational service districts. The report must include the following data: (a) The number of teacher

candidates applying for, and completing, the alternative route teacher certification program; (b) the number of program completers who are hired as teachers, both in the educational service district and elsewhere in the state; and (c) the retention of teachers in the educational service district before and after implementation of the pilot. The data must be disaggregated by race and ethnicity, gender, type of endorsement, and school. The report must also include feedback from school principals and teachers in the local school districts on the quality of the teacher candidates they worked with during the pilot.

(3) By December 1, 2024, and in compliance with RCW 43.01.036, the Washington professional educator standards board must submit the educational service district’s report, required under subsection (2) of this section, to the appropriate committees of the legislature, with recommendations for whether the pilot program should be expanded, modified, or terminated.

(4) This section expires August 1, 2025.

**PART II
FINANCIAL INCENTIVES, ASSISTANCE, AND
SUPPORTS**

NEW SECTION. Sec. 201. FINDINGS—INTENT. (1) The legislature finds that financial incentives, assistance, and supports are essential to recruit and retain persons into educator positions within the public common school system. In order to have the most impact, these incentives, assistance, and supports must be related explicitly and directly to the legislature’s objectives for recruiting and retaining an educator workforce that will best serve diverse student populations, as well as meet the state’s short-term and long-term educator workforce needs.

(2) Therefore, the legislature intends to:

(a) Promote effective incentives, assistance, and supports;

(b) Remove barriers and disincentives; and

(c) Enhance and encourage capacity-building for and coordination between educator preparation programs and the public common school system, especially in underserved areas.

(3) The legislature finds that conditional scholarship and loan repayment programs are effective tools to attract persons into the profession of education and to encourage future teachers to seek certifications in shortage areas. Therefore, the legislature intends to utilize conditional scholarships to recruit candidates to meet targeted needs in education and to assist with keeping new educators in the profession during the early years of their career. The legislature recognizes that the state need grant does not meet the needs of many qualified students, so conditional scholarships are intended to be provided in a “last dollar in” model. The legislature also intends for loan repayment programs to help retain certificated educators who are already working in the public common schools.

(4) The legislature finds that the location and characteristics of a student teacher’s field placement are strong predictors of where the teacher takes his or her first job. Therefore, the legislature intends to encourage the appropriate placement of student teachers, especially in high-need subject and geographic areas. In addition, the legislature intends to continue providing grants for student teachers at Title I public common schools.

FIELD PLACEMENTS

Sec. 202. RCW 28B.10.033 and 2016 c 233 s 10 are each amended to read as follows:

(b) Beginning July 1, 2020, the following goals must be considered when developing the plans required under this section:

(i) Field placement of student teachers should be targeted to high-need subject areas, including special education and English learner, and high-need geographic areas, including Title I and rural schools; and

(ii) Student teacher mentors should be highly effective as evidenced by the mentors having received level 3 or above on both criteria 3 (recognizing individual student learning needs and developing strategies to address those needs) and criteria 6 (using multiple student data elements to modify instruction and improve student learning) on their most recent comprehensive performance evaluation under RCW 28A.405.100. Student teacher mentors should also have received or be concurrently receiving professional development in mentoring skills.

(2) The plans required under subsection (1) of this section must be submitted to the Washington professional educator standards board and updated ((at least biennially)) by July 1st every even-numbered year.

TEACHER PREPARATION PROGRAM EXPANSION

NEW SECTION. **Sec. 230.** EXPAND ENROLLMENTS IN HIGH-NEED SUBJECTS AND LOCATIONS. The legislature recognizes the important role of teacher preparation programs in addressing the shortages in the educator career continuum. Through the omnibus appropriations act, the legislature intends to prioritize the expansion of teacher preparation program enrollments in high-need subjects and high-need locations within the state, taking into consideration the community and technical colleges' capacity to contribute to teacher preparation.

**PART III
RETENTION STRATEGIES**

NEW SECTION. **Sec. 301.** FINDINGS—INTENT. (1) The legislature finds that the most successful education systems have robust, well-prepared educators and educator leaders, with ample and relevant mentoring and professional learning opportunities appropriate to their roles and career aspirations. Further, the legislature finds that cultivating a public common school system that focuses on the growth of educator knowledge, skills, and dispositions to help students perform at high levels not only supports better professional practice, but results in greater professional satisfaction for educators.

(2) The legislature finds that excessively rigid policies have had the unintended consequence of preventing qualified and effective educators from remaining in the common schools. Barriers to educator retention, such as lack of induction and mentoring for beginning educators, a complicated and burdensome certification system, and frequent comprehensive performance evaluation requirements must be addressed. The legislature acknowledges that a substantial step towards reducing the barriers of complicated and burdensome certification requirements was taken in chapter 26, Laws of 2017 by creating a flexible option for renewing teacher and administrator certificates. However, continued legislative review and refinement of the link between certification programs, effective pedagogy, and professional satisfaction is necessary to strengthen educator retention efforts.

(3) Further efforts can also focus on the improvement of working conditions within schools and school districts. The legislature acknowledges that the demands on educators must be balanced with an encouragement of their excitement for the profession. The legislature intends to expand upon successful educator induction and mentoring programs such as the beginning educator support team program, and to streamline the teacher and principal evaluation program requirements for the highest performing educators.

EVALUATIONS

Sec. 303. RCW 28A.405.100 and 2012 c 35 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) ~~((Pursuant to the implementation schedule established in subsection (7)(e) of this section.))~~ Every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish ~~((revised))~~ evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using

multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and the school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning. Student growth data must be a substantial factor in evaluating the ~~((summative))~~ performance of certificated classroom teachers for at least three of the evaluation criteria listed in this subsection.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. The ~~((summative))~~ performance ratings shall be as follows: Level 1 - unsatisfactory; level 2 - basic; level 3 - proficient; and level 4 - distinguished. A classroom teacher shall receive one of the four ~~((summative))~~ performance ratings for each of the minimum criteria in (b) of this subsection and one of the four ~~((summative))~~ performance ratings for the evaluation as a whole, which shall be the comprehensive ~~((summative evaluation))~~ performance rating. ~~((By December 1, 2012,))~~ The superintendent of public instruction must adopt rules prescribing a common method for calculating the comprehensive ~~((summative evaluation))~~ performance rating for each of the preferred instructional frameworks, including for a focused performance evaluation under subsection (12) of this section, giving appropriate weight to the indicators evaluated under each criteria and maximizing rater agreement among the frameworks.

(d) ~~((By December 1, 2012,))~~ The superintendent of public instruction shall adopt rules that provide descriptors for each of the ~~((summative))~~ performance ratings ~~((, based on the development work of pilot school districts under subsection (7) of this section. Any subsequent changes to the descriptors by the superintendent may only be))~~ with updates to the rules made following consultation with ~~((a group broadly reflective of the parties represented))~~ the steering committee described in subsection (7)(a)(i) of this section.

(e) ~~((By September 1, 2012,))~~ The superintendent of public instruction shall identify up to three preferred instructional frameworks that support the ~~((revised))~~ four-level rating evaluation system. The instructional frameworks shall be research-based and establish definitions or rubrics for each of the four ~~((summative))~~ performance ratings for each evaluation criteria. Each school district must adopt one of the preferred instructional frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred instructional framework that may be proposed by a school district.

(f) Student growth data that is relevant to the teacher and subject matter must be a factor in the evaluation process and must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. Student growth data elements may include the teacher's performance as a member of a grade-level, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate. Student growth data elements may also include the teacher's performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Student input may also be included in the evaluation process.

(3)(a) Except as provided in subsection (11) of this section, it shall be the responsibility of a principal or his or her designee to

evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel except where otherwise specified.

(4)(a) At any time after October 15th, an employee whose work is not judged satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. For classroom teachers who ~~((have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section))~~ are required to be on the four-level rating evaluation system, the following comprehensive ~~((summative evaluation))~~ performance ratings based on the evaluation criteria in subsection (2)(b) of this section mean a classroom teacher's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the classroom teacher is a continuing contract employee under RCW 28A.405.210 with more than five years of teaching experience and if the level 2 comprehensive ~~((summative evaluation))~~ performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

(b) During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer's performance, as long as the probationary period is concluded before May 15th of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive ~~((summative evaluation))~~ performance rating as of May 15th of less than level 2. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency. Should the evaluator not authorize such additional evaluator, the probationer may request that an additional certificated employee evaluator become part of the probationary process and this request must be implemented by including an additional experienced evaluator assigned by the educational service district in which the school district is located and selected from a list of evaluation specialists compiled by the educational service district. Such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer's plan for improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance. The probationer must be removed from probation if he or she has demonstrated improvement to the satisfaction of the evaluator in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her program for improvement. A classroom teacher who ~~((has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section))~~ is required to be on the four-level rating evaluation system must be removed from probation if he or she has demonstrated improvement that results in a new comprehensive ~~((summative evaluation))~~ performance rating of level 2 or above for a provisional employee or a continuing contract employee with five or fewer years of experience, or of level 3 or above for a continuing contract employee with more than five years of experience. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(c) When a continuing contract employee with five or more years of experience receives a comprehensive ~~((summative evaluation))~~ performance rating below level 2 for two consecutive years, the school district shall, within ten days of the completion of the second ~~((summative))~~ comprehensive ~~((comprehensive summative))~~ performance evaluation or May 15th, whichever occurs first, implement the employee notification of discharge as provided in RCW 28A.405.300.

(d) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and program for improvement, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. In the case of a classroom teacher who ~~((has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section))~~ is required to be on the four-level rating evaluation system, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year immediately following the completion of a probationary period that does not result in the required comprehensive ~~((summative evaluation))~~ performance ratings specified in (b) of this subsection. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment

is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

~~(6)(a) ((Pursuant to the implementation schedule established by subsection (7)(b) of this section,))~~ Every board of directors shall establish ~~((revised))~~ evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning. Student growth data must be a substantial factor in evaluating the ~~((summative))~~ performance of the principal for at least three of the evaluation criteria listed in this subsection.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. The ~~((summative))~~ performance ratings shall be as follows: Level 1 - unsatisfactory; level 2 - basic; level 3 - proficient; and level 4 - distinguished. A principal shall receive one of the four ~~((summative))~~ performance ratings for each of the minimum criteria in (b) of this subsection and one of the four ~~((summative))~~ performance ratings for the evaluation as a whole, which shall be the comprehensive ~~((summative evaluation))~~ performance rating.

~~(d) ((By December 1, 2012,))~~ The superintendent of public instruction shall adopt rules that provide descriptors for each of the ~~((summative))~~ performance ratings, ~~((based on the development work of pilot school districts under subsection (7) of this section. Any subsequent changes to the descriptors by the superintendent may only be))~~ with updates to the rules made following consultation with ((a group broadly reflective of the parties represented)) the steering committee described in subsection (7)(a)(i) of this section.

~~(e) ((By September 1, 2012,))~~ The superintendent of public instruction shall identify up to three preferred leadership frameworks that support the ~~((revised))~~ four-level rating evaluation system. The leadership frameworks shall be research-based and establish definitions or rubrics for each of the four

performance ratings for each evaluation criteria. Each school district shall adopt one of the preferred leadership frameworks and post the selection on the district's web site. The superintendent of public instruction shall establish a process for approving minor modifications or adaptations to a preferred leadership framework that may be proposed by a school district.

(f) Student growth data that is relevant to the principal must be a factor in the evaluation process and must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(g) Input from building staff may also be included in the evaluation process.

(h) ~~((For principals who have been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(c) of this section,))~~ The following comprehensive ~~((summative evaluation))~~ performance ratings mean a principal's work is not judged satisfactory:

(i) Level 1; or

(ii) Level 2 if the principal has more than five years of experience in the principal role and if the level 2 comprehensive ~~((summative evaluation))~~ performance rating has been received for two consecutive years or for two years within a consecutive three-year time period.

~~(7)(a) ((The superintendent of public instruction, in collaboration with state associations representing teachers, principals, administrators, school board members, and parents, to be known as the steering committee, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.~~

~~(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased in beginning with the 2010-11 school year by districts identified in (d) of this subsection and implemented in all school districts beginning with the 2013-14 school year.~~

~~(c) Each school district board of directors shall adopt a schedule for implementation of the revised evaluation systems that transitions a portion of classroom teachers and principals in the district to the revised evaluation systems each year beginning no later than the 2013-14 school year, until all classroom teachers and principals are being evaluated under the revised evaluation systems no later than the 2015-16 school year. A school district is not precluded from completing the transition of all classroom teachers and principals to the revised evaluation systems before the 2015-16 school year. The schedule adopted under this subsection (7)(c) must provide that the following employees are transitioned to the revised evaluation systems beginning in the 2013-14 school year:~~

~~(i) Classroom teachers who are provisional employees under RCW 28A.405.220;~~

~~(ii) Classroom teachers who are on probation under subsection (4) of this section;~~

~~(iii) Principals in the first three consecutive school years of employment as a principal;~~

~~(iv) Principals whose work is not judged satisfactory in their most recent evaluation; and~~

~~(v) Principals previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district.~~

~~(d) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated classroom teacher and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district-collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011, report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.~~

~~(e)(i) The steering committee in subsection (7)(a) of this section and the pilot school districts in subsection (7)(d) of this section shall continue to examine implementation issues and refine tools for the new certificated classroom teacher evaluation system in subsection (2) of this section and the new principal evaluation system in subsection (6) of this section during the 2013-14 through 2015-16 implementation phase.~~

~~(ii) Particular attention shall be given to the following issues:~~

~~(A) Developing a report for the legislature and governor, due by December 1, 2013, of best practices and recommendations regarding how teacher and principal evaluations and other appropriate elements shall inform school district human resource and personnel practices. The legislature and governor are~~

~~provided the opportunity to review the report and recommendations during the 2014 legislative session;~~

~~(B) Taking the new teacher and principal evaluation systems to scale and the use of best practices for statewide implementation;~~

~~(C) Providing guidance regarding the use of student growth data to assure it is used responsibly and with integrity;~~

~~(D) Refining evaluation system management tools, professional development programs, and evaluator training programs with an emphasis on developing rater reliability;~~

~~(E) Reviewing emerging research regarding teacher and principal evaluation systems and the development and implementation of evaluation systems in other states;~~

~~(F) Reviewing the impact that variable demographic characteristics of students and schools have on the objectivity, reliability, validity, and availability of student growth data; and~~

~~(G) Developing recommendations regarding how teacher evaluations could inform state policies regarding the criteria for a teacher to obtain continuing contract status under RCW 28A.405.210. In developing these recommendations the experiences of school districts and teachers during the evaluation transition phase must be considered. Recommendations must be reported by July 1, 2016, to the legislature and the governor.~~

~~(iii) To support the tasks in (e)(ii) of this subsection, the superintendent of public instruction may contract with an independent research organization with expertise in educator evaluations and knowledge of the revised evaluation systems being implemented under this section.~~

~~(iv)) (i) The steering committee is composed of the following participants: State associations representing teachers, principals, administrators, school board members, and parents.~~

~~(ii) The superintendent of public instruction, in collaboration with the steering committee, shall periodically examine implementation issues and refine tools for the teacher and principal four-level rating evaluation systems, including professional learning that addresses issues of equity through the lens of the selected instructional and leadership frameworks.~~

~~(b) The superintendent of public instruction shall monitor the statewide implementation of ((revised)) teacher and principal four-level rating evaluation systems using data reported under RCW 28A.150.230 as well as periodic input from focus groups of administrators, principals, and teachers.~~

~~((v) The superintendent of public instruction shall submit reports detailing findings, emergent issues or trends, recommendations from the steering committee, and pilot school districts, and other recommendations, to enhance implementation and continuous improvement of the revised evaluation systems to appropriate committees of the legislature and the governor beginning July 1, 2013, and each July 1st thereafter for each year of the school district implementation transition period concluding with a report on December 1, 2016.)~~

(8)(a) Beginning with the 2015-16 school year, evaluation results for certificated classroom teachers and principals must be used as one of multiple factors in making human resource and personnel decisions. Human resource decisions include, but are not limited to: Staff assignment, including the consideration of an agreement to an assignment by an appropriate teacher, principal, and superintendent; and reduction in force. Nothing in this section limits the ability to collectively bargain how the multiple factors shall be used in making human resource or personnel decisions, with the exception that evaluation results must be a factor.

(b) The office of the superintendent of public instruction must, in accordance with RCW 43.01.036, report to the legislature and

the governor regarding the school district implementation of the provisions of (a) of this subsection by December 1, ((2017)) 2019, and December 1, 2020.

(9) Each certificated classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

(10) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated classroom teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

(11) After a certificated classroom teacher ((or)) who is not required to be on the four-level rating evaluation system or a certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise. ((The provisions of this subsection apply to certificated classroom teachers only until the teacher has been transitioned to the revised evaluation system pursuant to the district implementation schedule adopted under subsection (7)(e) of this section.))

(12) ((All)) Certificated classroom teachers and principals who ((have been transitioned to the revised evaluation systems pursuant to the district implementation schedule adopted under subsection (7)(e) of this section)) are required to be on the four-level rating evaluation system must receive annual performance evaluations as provided in this subsection((e)) (12).

(a) ((All classroom teachers and principals shall receive a comprehensive summative evaluation at least once every four years.)) A comprehensive ((summative)) performance evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive ((summative evaluation)) performance rating.

Classroom teachers and principals must receive a comprehensive performance evaluation according to the schedule specified in (b) of this subsection.

(b)(i) Except as otherwise provided in this subsection (12)(b), classroom teachers and principals must receive a comprehensive performance evaluation at least once every six years.

((b)) (ii) The following ((categories)) types of classroom teachers and principals ((shall)) must receive an annual comprehensive ((summative)) performance evaluation:

((i)) (A) A classroom teacher((s)) who ((are)) is a provisional employee((s)) under RCW 28A.405.220;

((ii)) (B) A principal((s)) in the first three consecutive school years of employment as a principal;

((iii)) (C) A principal((s)) previously employed as a principal by another school district in the state of Washington for three or more consecutive school years and in the first full year as a principal in the school district; and

((iv Any)) (D) A classroom teacher or principal who received a comprehensive ((summative evaluation)) performance rating of level 1 or level 2 in the previous school year.

(c)(i) In the years when a comprehensive ((summative)) performance evaluation is not required, classroom teachers and principals who received a comprehensive ((summative evaluation)) performance rating of level 3 or above in ((the previous school year)) their previous comprehensive performance evaluation are required to complete a focused performance evaluation. A focused performance evaluation includes an assessment of one of the eight criteria selected for a performance rating plus professional growth activities specifically linked to the selected criteria.

(ii) The selected criteria must be approved by the teacher's or principal's evaluator and may have been identified in a previous comprehensive ((summative)) performance evaluation as benefiting from additional attention. A group of teachers may focus on the same evaluation criteria and share professional growth activities. A group of principals may focus on the same evaluation criteria and share professional growth activities.

(iii) The evaluator must assign a ((comprehensive summative evaluation)) performance rating for the focused performance evaluation using the methodology adopted by the superintendent of public instruction for the instructional or leadership framework being used.

(iv) A teacher or principal may be transferred from a focused performance evaluation to a comprehensive ((summative)) performance evaluation at the request of the teacher or principal, or at the direction of the teacher's or principal's evaluator.

(v) Due to the importance of instructional leadership and assuring rater agreement among evaluators, particularly those evaluating teacher performance, school districts are encouraged to conduct comprehensive ((summative)) performance evaluations of principals ((performance)) on an annual basis.

(vi) A classroom teacher or principal may apply the focused performance evaluation professional growth activities toward the professional growth plan for ((professional)) certificate renewal as required by the Washington professional educator standards board.

(13) Each school district is encouraged to acknowledge and recognize classroom teachers and principals who have attained level 4 - distinguished performance ratings.

Sec. 304. RCW 28A.410.278 and 2012 c 35 s 4 are each amended to read as follows:

REDUCING TRAINING REQUIREMENTS.

(1)((b)) After August 31, 2013, candidates for a residency principal certificate must have demonstrated knowledge of teacher evaluation research and Washington's evaluation requirements and successfully completed opportunities to practice teacher evaluation skills.

((b)) (2) At a minimum, principal preparation programs must address the following knowledge and skills related to evaluations under RCW 28A.405.100:

((i)) (a) Examination of ((Washington)) teacher and principal evaluation criteria, and ((four-tiered performance)) four-level rating evaluation system, and the preferred instructional and leadership frameworks used to describe the evaluation criteria;

((ii)) (b) Classroom observations;

((iii)) (c) The use of student growth data and multiple measures of performance;

((iv)) (d) Evaluation conferencing;

((v)) (e) Development of classroom teacher and principal support plans resulting from an evaluation; and

((vi)) (f) Use of an online tool to manage the collection of observation notes, teacher and principal-submitted materials, and other information related to the conduct of the evaluation.

((2) Beginning September 1, 2016, the professional educator standards board shall incorporate in service training or continuing education on the revised teacher and principal evaluation systems under RCW 28A.405.100 as a requirement for renewal of continuing or professional level certificates, including requiring knowledge and competencies in teacher and principal evaluation systems as an aspect of professional growth plans used for certificate renewal.)

NEW SECTION. Sec. 305. A new section is added to chapter 28A.630 RCW to read as follows:

(1) By October 31, 2019, and in compliance with RCW 43.01.036, the Washington professional educator standards board must report to the appropriate committees of the legislature on the results of the three microcredential pilot grant programs the board conducted during the 2018-19 academic year. The report must include: (a) A description of microcredentials and how microcredentials are used; (b) a description of and rationale for each microcredential pilot grant program; (c) information on the participants in each program, such as demographics and geographic distribution; and (d) the results of each program, including the number of participants who completed the program and earned a microcredential. The report must also include recommendations for continuing, modifying, or expanding the use of microcredentials.

(2) This section expires July 1, 2020.

NEW SECTION. Sec. 306. A new section is added to chapter 28A.410 RCW to read as follows:

The Washington professional educator standards board is prohibited from expanding the use of microcredentials beyond the microcredential pilot grant programs in existence on the effective date of this section unless and until the legislature directs the board to do so.

POSTRETIREMENT EMPLOYMENT

Sec. 307. RCW 41.32.068 and 2016 c 233 s 7 are each amended to read as follows:

NEW SECTION. Sec. 308. A new section is added to chapter 41.35 RCW to read as follows:

In addition to the postretirement employment options available in RCW 41.35.060, a retiree in the school employees' retirement system plan 2 or plan 3 who has retired under the alternate early retirement provisions of RCW 41.35.420(3)(b) or 41.35.680(3)(b) may be employed with an employer for up to eight hundred sixty-seven hours per calendar year without suspension of his or her benefit, provided that: (1) The retiree reenters employment more than one calendar month after his or her accrual date; and (2) the retiree is employed in a nonadministrative position.

NEW SECTION. Sec. 310. By December 1, 2020, the office of the superintendent of public instruction and the Washington professional educator standards board shall jointly report to the education committees of the legislature regarding the effect that discipline issued against professional educator certificates under RCW 28A.410.090 has on the recruitment and retention of educators in Washington state. The report must include at least the following:

- (1) A comparison of the laws governing educator certificate discipline to the uniform disciplinary act, chapter 18.130 RCW;
- (2) Recommendations regarding alternative forms of discipline that may be imposed on certificates of professional educators, including probation, the payment of a fine, and corrective action;
- (3) Recommendations regarding the improvement of the administration of professional educator certificate discipline in Washington; and
- (4) A recommendation regarding whether the Washington professional educator standards board should be authorized to establish a process for review and expungement of reprimands issued against educator certifications.

PART IV

STRENGTHENING AND SUPPORTING PROFESSIONAL PATHWAYS FOR EDUCATORS—THE COLLABORATIVE

NEW SECTION. Sec. 401. FINDINGS—INTENT. (1) The legislature finds that additional time and resources are necessary to establish a comprehensive and coordinated long-term vision that addresses Washington's demands for an excellent, effective educator workforce. The legislature recognizes that such an undertaking requires focused efforts to

develop meaningful policy options to expand the current and future workforce supply.

(2) Therefore, the legislature intends to establish a professional educator collaborative, including a variety of stakeholders, to make recommendations on how to improve and strengthen state policies, programs, and pathways that lead to highly effective educators at each level of the public common school system.

NEW SECTION. Sec. 402. A new section is added to chapter 28A.410 RCW to read as follows:

THE COLLABORATIVE.

(1) For the purpose of this section, "educator" means a paraeducator, teacher, principal, administrator, superintendent, school counselor, school psychologist, school social worker, school nurse, school physical therapist, school occupational therapist, or school speech-language pathologist or audiologist. "Educator" includes persons who hold, or have held, certificates as authorized by rule of the Washington professional educator standards board.

(2)(a) The professional educator collaborative is established to make recommendations on how to improve and strengthen state policies, programs, and pathways that lead to highly effective educators at each level of the public school system.

(b) The collaborative shall examine issues related to educator recruitment, certification, retention, professional learning and development, leadership, and evaluation for effectiveness. The examination must consider what barriers and deterrents hinder the recruitment and retention of professional educators, including those from underrepresented populations. The collaborative shall also consider what incentives and supports could be provided at each stage of an educator's career to produce a more effective educational system. Specifically, the collaborative must review the following issues:

- (i) Educator recruitment, including the role of school districts, community and technical colleges, preparation programs, and communities, and the efficacy of financial incentives and other types of support on recruitment;
- (ii) Educator preparation, including traditional and alternative route program design and content, the role of community and technical colleges, field experience duration and quality, the efficacy of financial assistance and incentives on program completion, school district and community connections, and the need for and efficacy of academic and social support for students;
- (iii) Educator certificate types and tiers, including requirements for an initial or first-tier certificate, requirements for advanced certificates, and requirements that are transferable between certificate types;
- (iv) Educator certificate renewal requirements, including comparing professional growth plan requirements with the teacher and principal residency certificate renewal requirements established in RCW 28A.410.251;
- (v) Educator evaluation, including comparison to educator certificate renewal requirements to determine inconsistent or duplicative requirements or efforts, implementation issues and tool refinement, and relationship with educator compensation;
- (vi) Educator certificate reciprocity;
- (vii) Professional learning and development opportunities, particularly for mid-career teachers;
- (viii) Leadership in the education system, including best practices of high quality leaders, training for principals and administrators, and identifying and developing teachers as leaders; and

(ix) Systems monitoring, including collection of outcomes data on educator production, employment, and retention, and the value in a cost-benefit analysis of state recruitment and retention activities.

(3)(a) The members of the collaborative must include representatives of the following organizations:

(i) The two largest caucuses of the senate and the house of representatives, appointed by the president of the senate and the speaker of the house of representatives, respectively;

(ii) The Washington professional educator standards board;

(iii) The office of the superintendent of public instruction;

(iv) The Washington association of colleges for teacher education;

(v) The Washington state school directors' association;

(vi) The Washington education association;

(vii) The Washington association of school administrators;

(viii) The association of Washington school principals; and

(ix) The association of Washington school counselors.

(b) Each organization listed in (a) of this subsection must designate one voting member, except that each legislator is a voting member.

(c) The collaborative shall choose its chair or cochairs from among its members.

(d) The voting members of the collaborative, where appropriate, may consult with stakeholders, including representatives of other educator associations, or ask stakeholders to establish an advisory committee. Members of such an advisory committee are not entitled to expense reimbursement.

(e) The voting members of the collaborative must consult with the student achievement council's office of student financial assistance on issues related to financial incentives, assistance, and supports.

(4)(a) Staff support for the collaborative must be provided by the Washington professional educator standards board, and from other state agencies, including the office of the superintendent of public instruction, if requested by the collaborative.

(b) The Washington professional educator standards board must convene the initial meeting of the collaborative within sixty days of the effective date of this section.

(5) The collaborative must contract with a nonprofit, nonpartisan institute that conducts independent, high quality research to improve education policy and practice and that works with policymakers, researchers, educators, and others to advance evidence-based policies that support equitable learning for each child for the purpose of consultation and guidance on meeting agendas and materials development, meeting facilitation, documenting collaborative discussions and recommendations, locating and summarizing useful policy and research documents, and drafting required reports.

(6) Legislative members of the collaborative are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7)(a) By November 1, 2020, and in compliance with RCW 43.01.036, the collaborative shall submit a preliminary report to the education committees of the legislature that makes recommendations on the educator certificate types, tiers, and renewal issues described in subsection (2) of this section. The report must also describe the activities of the collaborative to date, and include any preliminary recommendations agreed to by the

collaborative on other issues described in subsection (2) of this section.

(b) By November 1, 2021, and in compliance with RCW 43.01.036, the collaborative shall submit a final report to the education committees of the legislature that describes the activities of the collaborative since the preliminary report and makes recommendations on each issue described in subsection (2) of this section, including the fiscal implications of each recommendation at the state and local level. The report must also describe the expected efficiencies achieved by implementing the recommended comprehensive and coordinated system.

(8) This section expires July 1, 2022.

“PART I DECOUPLING STATEWIDE ASSESSMENTS FROM GRADUATION REQUIREMENTS AND MAKING OTHER MODIFICATIONS

NEW SECTION. Sec. 101. The legislature intends to continue providing students with the opportunity to access a challenging learning environment and a meaningful diploma that supports every student in achieving his or her individualized career and college goals.

In an ongoing effort to create an educational system focused on individualized student learning that is culturally responsive to the needs of our diverse student population, the legislature must provide a system that allows each student to work with his or her teachers, parents or guardians, and counselors to identify the best ways to demonstrate appropriate readiness in furtherance of the student’s career and college goals.

The legislature further recognizes that student-focused graduation pathways must be adaptable and allow students to change pathways as their goals shift. While standardized tests may be a graduation pathway option chosen by some to

demonstrate career and college readiness, students should have other rigorous and meaningful pathway options to select from when demonstrating their proficiencies. The legislature, therefore, intends to create a system of multiple graduation pathway options that enable students to support their individual goals for high school and beyond.

Sec. 102. RCW 28A.655.065 and 2017 3rd sp.s. c 31 s 2 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the statewide student assessment. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, and concluding with the graduating class of 2019, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school statewide student assessment. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school statewide student assessment, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the statewide student assessment.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments;

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances;

(c)(i) For the graduating classes of 2014, 2015, 2016, 2017, ~~(and)~~ 2018, 2019, and 2020, an expedited appeal process for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and the certificate of individual achievement for eligible students who have not met the state standard on the English language arts statewide student assessment, the mathematics high school statewide student assessment, or both. The student or the student's parent, guardian, or principal may initiate an appeal with the district and the district has the authority to determine which appeals are submitted to the superintendent of public instruction for review and approval. The superintendent of public instruction may only approve an appeal if it has been demonstrated that the student has the necessary skills and knowledge to meet the high school graduation standard and that the student has the skills necessary to successfully achieve the college or career goals established in his or her high school and beyond plan. Pathways for demonstrating the necessary skills and knowledge may include, but are not limited to:

(A) Successful completion of a college-level class in the relevant subject area;

(B) Admission to a higher education institution or career preparation program;

(C) Award of a scholarship for higher education; or

(D) Enlistment in a branch of the military.

(ii) A student in the class of 2014, 2015, 2016, or 2017 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district.

(iii) A student in the class of 2018 is eligible for the expedited appeal process in (c)(i) of this subsection if he or she has met all other graduation requirements established by the state and district and has attempted at least one alternative assessment option as established in ~~((RCW 28A.655.065))~~ this section.

(6) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(7) The superintendent of public instruction shall adopt rules to implement this section.

(8) This section expires August 31, 2022.

Sec. 103. RCW 28A.230.090 and 2018 c 229 s 1 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

provided in RCW 28A.230.122 and section 201 of this act and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and ~~((prepare))~~ inform course taking that is aligned with the student's goals for ~~((postsecondary))~~ education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who ~~((have not met the high school graduation standard))~~ are not on track to graduate, to enable them to ~~((meet the standard))~~ fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)~~((iii))~~ (iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

~~((iv))~~ (v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including ~~((but not limited to))~~ eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies ~~((dual credit programs and the opportunities they create for students))~~ course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program; ~~((and))~~

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on ~~((unusual))~~ a student's circumstances ~~((and in accordance with))~~, provided that none of the waived credits are

identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) ~~((#))~~ Unless requested otherwise by the student and ~~((his or her))~~ the student's family, a student who has completed high

school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

Sec. 104. RCW 28A.155.045 and 2007 c 354 s 3 are each amended to read as follows:

Beginning with the graduating class of 2008, and concluding with the graduating class of 2021, students served under this chapter, who are not appropriately ~~((assessed))~~ served by the ~~((high school Washington assessment system as defined in RCW 28A.655.061))~~ graduation pathway options established in section 201 of this act, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ~~((ways))~~ measures to demonstrate skills and abilities commensurate with their ~~((individual))~~ individualized education programs. The determination of whether the ~~((high school assessment system is))~~ graduation pathway options established in section 201 of this act or the multiple measures authorized in this section are appropriate shall be made by the student's ~~((individual))~~ individualized education program team. ~~((Except as provided in RCW 28A.655.061,))~~ For ~~((these))~~ the students who use the multiple measures authorized by this section, the certificate of individual achievement is required for graduation from a public high school ~~((, but need not be the only requirement for graduation. achievement)) graduation pathway options established in section 201 of this act.

This section expires August 31, 2024.

Sec. 105. RCW 28A.655.061 and 2017 3rd sp.s. c 31 s 1 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection ~~((40))~~ (9) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, and concluding with the graduating class of 2019, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 ~~((or 28A.655.061))~~, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the English language arts and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the high school graduation standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive

mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

~~(d) ((Beginning with the graduating class of 2020, a student who meets the high school graduation standard on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium to be administered in tenth grade shall earn a certificate of academic achievement.~~

(e)) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection ~~((40))~~ (9) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

~~(4) ((Beginning with the graduating class of 2021, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement. The assessment under this subsection must be a comprehensive assessment of the science essential academic learning requirements adopted by the superintendent of public instruction in 2013.~~

~~(5))~~ (5)) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

~~((6))~~ (5) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

~~((7))~~ (6) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

~~((8))~~ (7) Students who achieve the standard in a content area of the high school assessment but who wish to improve their

results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

~~((9))~~ (8) Opportunities to retake the assessment at least twice a year shall be available to each school district.

~~((40))~~ (9)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may

use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(iv)(A) ~~(Beginning)~~ In the 2018-19 school year, high school students who have not earned a certificate of academic achievement due to not meeting the high school graduation standard on the mathematics or English language arts assessment may take and pass a locally determined course in the content area in which the student was not successful, and may use the passing score on a locally administered assessment tied to that course and approved under the provisions of this subsection ~~((40))~~ (9)(b)(iv), as an objective alternative assessment for demonstrating that the student has met or exceeded the high school graduation standard. High school transition courses and the assessments offered in association with high school transition courses shall be considered an approved locally determined course and assessment for demonstrating that the student met or exceeded the high school graduation standard. The course must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097. School districts shall record students' participation in locally determined courses under this section in the statewide individual data system.

(B) The office of the superintendent of public instruction shall develop a process by which local school districts can submit assessments for review and approval for use as objective alternative assessments for graduation as allowed by (b)(iv) of this subsection. This process shall establish means to determine whether a local school district-administered assessment is comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and is objective in its determination of student achievement of the state standards. The office of the superintendent of public instruction shall post on its agency web site a compiled list of local school district-administered assessments approved as objective alternative assessments, including the comparable scores on these assessments necessary to meet the standard.

(C) For the purpose of this section, "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must, in accordance with this section, satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to any institution of higher education as defined in RCW 28B.10.016.

(v) A student who completes a dual credit course in English language arts or mathematics in which the student earns college

credit may use passage of the course as an objective alternative assessment under this section for demonstrating that the student has met or exceeded the high school graduation standard for the certificate of academic achievement.

~~((44))~~ (10) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall:

(a) Provide students who have not earned a certificate of academic achievement before the beginning of grade eleven with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet the high school graduation standard. These interventions, supports, or courses must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted pursuant to RCW 28A.230.097; and

(b) Prepare student learning plans and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

- (i) The student's results on the state assessment;
- (ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;
- (iii) Any credit deficiencies;
- (iv) The student's attendance rates over the previous two years;
- (v) The student's progress toward meeting state and local graduation requirements;
- (vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
- (vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
- (viii) The alternative assessment options available to students under this section and RCW 28A.655.065;
- (ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
- (x) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

(11) This section expires August 31, 2022.

Sec. 106. RCW 28A.155.170 and 2007 c 318 s 2 are each amended to read as follows:

(1) Beginning July 1, 2007, each school district that operates a high school shall establish a policy and procedures that permit any student who is receiving special education or related services under an individualized education program pursuant to state and federal law and who will continue to receive such services between the ages of eighteen and twenty-one to participate in the graduation ceremony and activities after four years of high school

attendance with his or her age-appropriate peers and receive a certificate of attendance.

(2) Participation in a graduation ceremony and receipt of a certificate of attendance under this section does not preclude a student from continuing to receive special education and related services under an individualized education program beyond the graduation ceremony.

(3) A student's participation in a graduation ceremony and receipt of a certificate of attendance under this section shall not be construed as the student's receipt of ~~((either:~~

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. ~~((In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not earned a certificate of academic achievement.))~~ By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

The administrative or executive authority of private schools or private school districts shall file each year with the state board of education a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. The state board of education may request clarification or additional information. After review of the statement, the state board of education will notify schools or school districts of any concerns, deficiencies, and deviations which must be corrected. If there are any unresolved concerns, deficiencies, or deviations, the school or school district may request or the state board of education on its own initiative may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, ~~((obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school,))~~ to ~~((master))~~ learn the ~~((essential academic))~~ state learning ~~((requirements))~~ standards, or to be assessed pursuant to RCW ~~((28A.655.064))~~ 28A.655.070. (c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, ~~((master)) learn the ((essential academic)) state learning ((requirements)) standards, ((to)) or take the assessments(, or to obtain a certificate of academic achievement or a certificate of individual achievement pursuant to RCW 28A.655.061 and 28A.155.045))~~ under RCW 28A.655.070. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

satisfied state minimum requirements for graduation from a public high school, except that((:

~~(a) The provisions of RCW 28A.655.061 regarding the certificate of academic achievement or RCW 28A.155.045 regarding the certificate of individual achievement apply to students under this section; and~~

~~(b))~~ the provisions of RCW 28A.230.170 regarding study of the United States Constitution and the Washington state Constitution apply to students under this section.

(2) School districts may require students under this section to complete local graduation requirements that are in addition to state minimum requirements before issuing a high school diploma under RCW 28A.230.120. However, school districts are encouraged to waive local requirements as necessary to encourage students to pursue an international baccalaureate diploma.

(3) To receive a high school diploma under this section, a student must complete and pass all required international baccalaureate diploma programme courses as scored at the local level; pass all internal assessments as scored at the local level; successfully complete all required projects and products as scored at the local level; and complete the final examinations administered by the international baccalaureate organization in each of the required subjects under the diploma programme.

Sec. 111. RCW 28A.230.125 and 2014 c 102 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the four-year institutions as defined in RCW 28B.76.020, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms “credits” and “hours” so that school programs operating on the quarter, semester, or trimester system can be compared.

~~(2) ((The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement.~~

~~(3))~~ The standardized high school transcript may include a notation of whether the student has earned the Washington state seal of biliteracy established under RCW 28A.300.575.

Sec. 112. RCW 28A.305.130 and 2017 3rd sp.s. c 31 s 3 are each amended to read as follows:

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees’ review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

~~(b)(i)(A)~~ Identify the scores students must achieve in order to meet the standard on the statewide student assessment, and the SAT or the ACT if used to demonstrate career and college readiness under section 201 of this act. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;

(B) To permit the legislature to take any statutory action it deems warranted before modified or newly established scores are implemented, the board shall notify the education committees of the house of representatives and the senate of any scores that are modified or established under (b)(i)(A) of this subsection on or after July 28, 2019. The notifications required by this subsection (4)(b)(i)(B) must be provided by November 30th of the year preceding the beginning of the school year in which the modified or established scores will take effect;

~~(ii)((A))~~ The legislature intends to continue the implementation of chapter 22, Laws of 2013((7)) 2nd sp. sess. when the legislature expressed the intent for the state board of education to identify the student performance standard that demonstrates a student’s career and college readiness for the eleventh grade consortium-developed assessments. Therefore, by December 1, 2018, the state board of education, in consultation with the superintendent of public instruction, must identify and report to the governor and the education policy and fiscal committees of the legislature on the equivalent student performance standard that a tenth grade student would need to achieve on the state assessments to be on track to be career and college ready at the end of the student’s high school experience;

~~((B) Nothing in this section prohibits the state board of education from identifying a college and career readiness score that is different from the score required for high school graduation purposes;))~~

(iii) The legislature shall be advised of the initial performance standards and any changes made to the elementary, middle, and high school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredited, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.

Sec. 113. RCW 28A.320.190 and 2009 c 578 s 2 are each amended to read as follows:

(1) The extended learning opportunities program is created for eligible eleventh and twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who need additional assistance in order to have the opportunity for a successful entry into high school. The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program and to the extent funds are available for that purpose, districts shall make available to students in grade twelve who have failed to meet one

or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220~~((3))~~(5).

(3) Under the extended learning opportunities program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

(a) Individual or small group instruction;

~~(b) ((Instruction in English language arts and/or mathematics that eligible students need to pass all or part of the Washington assessment of student learning;~~

~~(c))~~ Attendance in a public high school or public alternative school classes or at a skill center;

~~((d))~~ (c) Inclusion in remediation programs, including summer school;

~~((e))~~ (d) Language development instruction for English language learners;

~~((f))~~ (e) Online curriculum and instructional support, including programs for credit retrieval and ~~((Washington))~~ statewide student assessment ~~((of student learning))~~ preparatory classes; and

~~((g))~~ (f) Reading improvement specialists available at the educational service districts to serve eighth, eleventh, and twelfth grade educators through professional development in accordance with RCW 28A.415.350. The reading improvement specialist may also provide direct services to eligible students and those students electing to continue a fifth year in a high school program who are still struggling with basic reading skills.

Sec. 114. RCW 28A.320.208 and 2013 2nd sp.s. c 22 s 8 are each amended to read as follows:

(1) At the beginning of each school year, school districts must notify parents and guardians of enrolled students from eighth through twelfth grade about each student assessment required by the state, the minimum state-level graduation requirements, and any additional school district graduation requirements. The information may be provided when the student is enrolled, contained in the student or parent handbook, or posted on the school district's web site. The notification must include the following:

(a) When each assessment will be administered;

~~(b) ((Which assessments will be required for graduation and what options students have to meet graduation requirements if they do not pass a given assessment;~~

~~(c))~~ Whether the results of the assessment will be used for program placement or grade-level advancement;

~~((d))~~ (c) When the assessment results will be released to parents or guardians and whether there will be an opportunity for parents and teachers to discuss strategic adjustments; and

~~((e))~~ (d) Whether the assessment is required by the school district, state, federal government, or more than one of these entities.

(2) The office of the superintendent of public instruction shall provide information to the school districts to enable the districts to provide the information to the parents and guardians in accordance with subsection (1) of this section.

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

Sec. 115. RCW 28A.600.310 and 2015 c 202 s 4 are each amended to read as follows:

(1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals ~~(to obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school,)~~ or to ~~((master))~~ learn the ~~((essential academic))~~ state learning ~~((requirements))~~ standards. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon

proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

Sec. 116. RCW 28A.700.080 and 2008 c 170 s 301 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall develop and conduct an ongoing campaign for career and technical education to increase awareness among teachers, counselors, students, parents, principals, school administrators, and the general public about the opportunities offered by rigorous career and technical education programs. Messages in the campaign shall emphasize career and technical education as a high quality educational pathway for students, including for students who seek advanced education that includes a bachelor's degree or beyond. In particular, the office shall provide information about the following:

(a) The model career and technical education programs of study developed under RCW 28A.700.060;

(b) Career and technical education course equivalencies and dual credit for high school and college;

(c) ~~((The career and technical education alternative assessment guidelines under RCW 28A.655.065;~~

~~((e))~~ ~~(d)~~ Education, apprenticeship, and career opportunities in emerging and high-demand programs.

(2) The office shall use multiple strategies in the campaign depending on available funds, including developing an interactive web site to encourage and facilitate career exploration; conducting training and orientation for guidance counselors and teachers; and developing and disseminating printed materials.

(3) The office shall seek advice, participation, and financial assistance from the workforce training and education coordinating board, higher education institutions, foundations, employers, apprenticeship and training councils, workforce development councils, and business and labor organizations for the campaign.

Sec. 117. RCW 28A.415.360 and 2009 c 548 s 403 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

(a) Provision of meaningful, targeted professional development for all teachers in mathematics, science, or reading;

(b) Increased knowledge and instructional skill for mathematics, science, or reading teachers;

(c) Increased use of curriculum materials with supporting diagnostic and supplemental materials that align with state standards;

~~(d) ((Skillful guidance for students participating in alternative assessment activities;~~

~~(e))~~ Increased rigor of course offerings especially in mathematics, science, and reading;

~~((f))~~ ~~(e)~~ Increased student opportunities for focused, applied mathematics and science classes;

(3) School districts receiving resources under this section shall submit reports to the superintendent of public instruction documenting how the use of the funds contributes to measurable improvement in the outcomes described under subsection (2) of this section; and how other professional development resources and programs authorized in statute or in the omnibus appropriations act contribute to the expected outcomes. The superintendent of public instruction and the office of financial management shall collaborate on required report content and format.

Sec. 118. RCW 28A.655.068 and 2017 3rd sp.s. c 31 s 6 are each amended to read as follows:

~~(1) ((Beginning in the 2011-12 school year,))~~ The statewide high school assessment in science shall be ~~((an end-of-course))~~ a comprehensive assessment ~~((for biology))~~ that measures the state standards for the application of science and engineering practices, disciplinary core ideas, and crosscutting concepts in the domains of physical sciences, life sciences, (in addition to systems, inquiry, and application as they pertain to life sciences)) Earth and space sciences, and engineering design.

~~(2)((a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.~~

~~(b))~~ The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

~~((c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.))~~

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the ~~((essential academic))~~ state learning ((requirements)) standards and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

(4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment until a comprehensive science assessment is required under RCW 28A.655.061.

Sec. 119. RCW 28A.655.070 and 2018 c 177 s 401 are each amended to read as follows:

(1) The superintendent of public instruction shall develop ~~((essential academic))~~ state learning ((requirements)) standards that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the ~~((essential academic))~~ state learning ((requirements)) standards, as needed, based on the student

2019 REGULAR SESSION

learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the ~~((essential academic))~~ state learning ((requirements)) standards; and

(b) Review and prioritize the ~~((essential academic))~~ state learning ((requirements)) standards and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3)(a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the ~~((essential academic))~~ state learning ((requirements)) standards identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year, and beginning with the graduating class of 2020, the assessments must be administered to students in the tenth grade. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c)(i) of this subsection shall be used for the purposes of ~~((earning a certificate of academic achievement for high school graduation under the timeline established in RCW 28A.655.064))~~ federal and state accountability and for assessing student career and college readiness.

~~((iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to~~

~~develop and administer a tenth grade high school English language arts assessment, an end-of-course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end-of-course mathematics assessment to assess the standards common to geometry and integrated mathematics II.)~~

(d) The statewide academic assessment system must also include the Washington access to instruction and measurement assessment for students with significant cognitive challenges.

(4) If the superintendent proposes any modification to the ~~((essential academic))~~ state learning ((requirements)) standards or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the ~~((essential academic))~~ state learning ((requirements)) standards before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the ~~((essential academic))~~ state learning ((requirements)) standards at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the ~~((essential academic))~~ state learning ((requirements)) standards and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the ~~((essential academic))~~ state learning ((requirements)) standards, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall review available and appropriate options for competency-based assessments that meet the ~~((essential academic))~~ state learning ((requirements)) standards. In accordance with the review required by this subsection, the superintendent shall provide a report and recommendations to the education committees of the house of representatives and the senate by November 1, 2019.

(12) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(13) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(14) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

(15) The superintendent shall integrate financial education skills and content knowledge into the state learning standards pursuant to RCW 28A.300.460(2)(d).

(16)(a) The superintendent shall notify the state board of education in writing before initiating the development or revision of the ~~((essential academic))~~ state learning ((requirements)) standards under subsections (1) and (2) of this section. The notification must be provided to the state board of education in advance for review at a regularly scheduled or special board meeting and must include the following information:

(i) The subject matter of the ~~((essential academic))~~ state learning ((requirements)) standards;

(ii) The reason or reasons the superintendent is initiating the development or revision; and

(iii) The process and timeline that the superintendent intends to follow for the development or revision.

(b) The state board of education may provide a response to the superintendent's notification for consideration in the development or revision process in (a) of this subsection.

(c) Prior to adoption by the superintendent of any new or revised ~~((essential academic))~~ state learning ((requirements)) standards, the superintendent shall submit the proposed new or revised ~~((essential academic))~~ state learning ((requirements)) standards to the state board of education in advance in writing for review at a regularly scheduled or special board meeting. The state board of education may provide a response to the superintendent's proposal for consideration prior to final adoption.

(17) The state board of education may propose new or revised ~~((essential academic))~~ state learning ((requirements)) standards to the superintendent. The superintendent must respond to the state board of education's proposal in writing.

Sec. 120. RCW 28A.655.090 and 2008 c 165 s 3 are each amended to read as follows:

(1) By September 10, 1998, and by September 10th each year thereafter, the superintendent of public instruction shall report to schools, school districts, and the legislature on the results of the ~~((Washington assessment of student learning and state mandated norm referenced standardized tests))~~ statewide student assessment.

(2) The reports shall include the assessment results by school and school district, and include changes over time. For the ~~((Washington assessment of student learning))~~ statewide student assessment, results shall be reported as follows:

(a) The percentage of students meeting the standards;

(b) The percentage of students performing at each level of the assessment;

(c) Disaggregation of results by at least the following subgroups of students: White, Black, Hispanic, American Indian/Alaskan Native, Asian, Pacific Islander/Hawaiian Native, low income, transitional bilingual, migrant, special education, and, beginning with the 2009-10 school year, students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794); and

(d) A learning improvement index that shows changes in student performance within the different levels of student learning reported on the ~~((Washington assessment of student learning))~~ statewide student assessment.

(3) The reports shall contain data regarding the different characteristics of schools, such as poverty levels, percent of English as a second language students, dropout rates, attendance, percent of students in special education, and student mobility so that districts and schools can learn from the improvement efforts of other schools and districts with similar characteristics.

(4) The reports shall contain student scores on mandated tests by comparable Washington schools of similar characteristics.

(5) The reports shall contain information on public school choice options available to students, including vocational education.

(6) The reports shall be posted on the superintendent of public instruction's internet web site.

(7) To protect the privacy of students, the results of schools and districts that test fewer than ten students in a grade level shall not be reported. In addition, in order to ensure that results are reported accurately, the superintendent of public instruction shall maintain the confidentiality of statewide data files until the superintendent determines that the data are complete and accurate.

(8) The superintendent of public instruction shall monitor the percentage and number of special education and limited English-proficient students exempted from taking the assessments by schools and school districts to ensure the exemptions are in compliance with exemption guidelines.

Sec. 121. RCW 28A.655.200 and 2009 c 539 s 1 are each amended to read as follows:

(1) The legislature intends to permit school districts to offer norm-referenced assessments, make diagnostic tools available to school districts, and provide funding for diagnostic assessments to enhance student learning at all grade levels and provide early intervention before the high school ~~((Washington assessment of student learning))~~ statewide student assessment.

(2) In addition to the diagnostic assessments provided under this section, school districts may, at their own expense, administer norm-referenced assessments to students.

(3) Subject to the availability of amounts appropriated for this purpose, the office of the superintendent of public instruction shall post on its web site for voluntary use by school districts, a guide of diagnostic assessments. The assessments in the guide, to the extent possible, shall include the characteristics listed in subsection (4) of this section.

(4) Subject to the availability of amounts appropriated for this purpose, beginning September 1, 2007, the office of the superintendent of public instruction shall make diagnostic assessments in reading, writing, mathematics, and science in elementary, middle, and high school grades available to school districts. Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall also provide funding to school districts for administration of diagnostic assessments to help improve student learning, identify academic weaknesses, enhance student planning and guidance, and develop targeted instructional strategies to assist students before the high school ~~((Washington assessment of student learning))~~ statewide student assessment. To the greatest extent possible, the assessments shall be:

(a) Aligned to the state's grade level expectations;

(b) Individualized to each student's performance level;

(c) Administered efficiently to provide results either immediately or within two weeks;

(d) Capable of measuring individual student growth over time and allowing student progress to be compared to other students across the country;

(e) Readily available to parents; and

(f) Cost-effective.

(5) The office of the superintendent of public instruction shall offer training at statewide and regional staff development activities in:

(a) The interpretation of diagnostic assessments; and

**PART II
GRADUATION PATHWAY OPTIONS FOR THE
GRADUATING CLASS OF 2020 AND SUBSEQUENT
CLASSES**

NEW SECTION. **Sec. 201.** A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) Beginning with the class of 2020, graduation from a public high school and the earning of a high school diploma must include the following:

(i) Satisfying the graduation requirements established by the state board of education under RCW 28A.230.090 and any graduation requirements established by the applicable public high school or school district;

(ii) Satisfying credit requirements for graduation;

(iii) Demonstrating career and college readiness through completion of the high school and beyond plan as required by RCW 28A.230.090; and

(iv) Meeting the requirements of at least one graduation pathway option established in this section. The pathway options established in this section are intended to provide a student with multiple pathways to graduating with a meaningful high school diploma that are tailored to the goals of the student. A student may choose to pursue one or more of the pathway options under (b) of this subsection, but any pathway option used by a student to demonstrate career and college readiness must be in alignment with the student's high school and beyond plan.

(b) The following graduation pathway options may be used to demonstrate career and college readiness in accordance with (a)(iv) of this subsection:

(i) Meet or exceed the graduation standard established by the state board of education under RCW 28A.305.130 on the statewide high school assessments in English language arts and mathematics as provided for under RCW 28A.655.070;

(ii) Complete and qualify for college credit in dual credit courses in English language arts and mathematics. For the purposes of this subsection, "dual credit course" means a course in which a student qualifies for college and high school credit in English language arts or mathematics upon successfully completing the course;

(iii) Earn high school credit in a high school transition course in English language arts and mathematics, an example of which includes a bridge to college course. For the purposes of this subsection (1)(b)(iii), "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school

transition course does not entitle the student to be admitted to an institution of higher education as defined in RCW 28B.10.016;

(iv) Earn high school credit, with a C+ grade, or receiving a three or higher on the AP exam, or equivalent, in AP, international baccalaureate, or Cambridge international courses in English language arts and mathematics; or receiving a four or higher on international baccalaureate exams. For English language arts, successfully completing any of the following courses meets the standard: AP English language and composition literature, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics; or any of the international baccalaureate individuals and societies courses. For mathematics, successfully completing any of the following courses meets the standard: AP statistics, computer science, computer science principles, or calculus; or any of the international baccalaureate mathematics courses;

(v) Meet or exceed the scores established by the state board of education for the mathematics portion and the reading, English, or writing portion of the SAT or ACT;

(vi) Meet any combination of at least one English language arts option and at least one mathematics option established in (b)(i) through (v) of this subsection (1);

(vii) Meet standard in the armed services vocational aptitude battery; and

(viii) Complete a sequence of career and technical education courses that are relevant to a student's postsecondary pathway, including those leading to workforce entry, state or nationally approved apprenticeships, or postsecondary education, and that meet either: The curriculum requirements of core plus programs for aerospace, maritime, health care, information technology, or construction and manufacturing; or the minimum criteria identified in RCW 28A.700.030. Nothing in this subsection (1)(b)(viii) requires a student to enroll in a preparatory course that is approved under RCW 28A.700.030 for the purposes of demonstrating career and college readiness under this section.

(2) While the legislature encourages school districts to make all pathway options established in this section available to their high school students, and to expand their pathway options until that goal is met, school districts have discretion in determining which pathway options under this section they will offer to students.

(3) The state board of education shall adopt rules to implement the graduation pathway options established in this section.

NEW SECTION. **Sec. 202.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) The superintendent of public instruction shall collect the following information from school districts: Which of the graduation pathways under section 201 of this act are available to students at each of the school districts; and the number of students using each graduation pathway for graduation purposes. This information shall be reported annually to the education committees of the legislature beginning January 10, 2021. To the extent feasible, data on student participation in each of the graduation pathways shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch.

(2) Beginning August 1, 2019, the state board of education shall conduct a survey of interested parties regarding what additional graduation pathways should be added to the existing graduation pathways identified in section 201 of this act and whether modifications should be made to any of the existing pathways. Interested parties shall include at a minimum:

Representatives from the state board for community and technical colleges and four-year higher education institutions; representatives from the apprenticeship and training council; associations representing business; members of the educational opportunity gap oversight and accountability committee; and associations representing educators, school board members, school administrators, superintendents, and parents. The state board of education shall provide a report to the education committees of the legislature by August 1, 2020, summarizing the information collected in the surveys.

(3) Using the data reported by the superintendent of public instruction under subsection (1) of this section, the state board of education shall survey a sampling of the school districts unable to provide all of the graduation pathways under section 201 of this act in order to identify the types of barriers to implementation school districts have. Using the survey results from this subsection and the survey results collected under subsection (2) of this section, the state board of education shall review the existing graduation pathways, suggested changes to those graduation pathways, and the options for additional graduation pathways, and shall provide a report to the education committees of the legislature by December 10, 2022, on the following:

- (a) Recommendations on whether changes to the existing pathways should be made and what those changes should be;
- (b) The barriers school districts have to offering all of the graduation pathways and recommendations for ways to eliminate or reduce those barriers for school districts;
- (c) Whether all students have equitable access to all of the graduation pathways and, if not, recommendations for reducing the barriers students may have to accessing all of the graduation pathways; and
- (d) Whether additional graduation pathways should be included and recommendations for what those pathways should be.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.655 RCW to read as follows:

To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation in whichever graduation pathway the student chooses, each school district shall:

(1) Provide students who did not meet or exceed the standard on the high school assessments in English language arts or mathematics under RCW 28A.655.070, with the opportunity to access any combination of interventions, academic supports, or courses, that are designed to support students in meeting high school graduation requirements. These interventions, supports, and courses must be rigorous and consistent with the student's educational and career goals identified in his or her high school and beyond plan, and may include career and technical education equivalencies in English language arts or mathematics adopted under RCW 28A.230.097; and

(2) Prepare student learning plans and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who are not on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the student learning plan into the primary language of the family.

The student learning plan must include the following information as applicable:

- (a) The student's results on the state assessment;
- (b) If the student is in the transitional bilingual instruction program, the score on his or her Washington language proficiency test II;
- (c) Any credit deficiencies;
- (d) The student's attendance rates over the previous two years;
- (e) The student's progress toward meeting state and local graduation requirements;
- (f) The courses, competencies, and other steps the student needs to take to meet state academic standards and stay on track for graduation;
- (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until age twenty-one;
- (h) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
- (i) Available programs offered through skill centers or community and technical colleges, including diploma options under RCW 28B.50.535.

PART III ESTABLISHING A MASTERY-BASED LEARNING WORK GROUP

NEW SECTION. Sec. 301. (1) By August 1, 2019, the state board of education shall convene a work group to inform the governor, the legislature, and the public about barriers to mastery-based learning in Washington state whereby:

- (a) Students advance upon demonstrated mastery of content;
 - (b) Competencies include explicit, measurable, transferable learning objectives that empower students;
 - (c) Assessments are meaningful and a positive learning experience for students;
 - (d) Students receive rapid, differentiated support based on their individual learning needs; and
 - (e) Learning outcomes emphasize competencies that include application and creation of knowledge along with the development of important skills and dispositions.
- (2) The work group shall examine opportunities to increase student access to relevant and robust mastery-based academic pathways aligned to personal career goals and postsecondary education. The work group shall also review the role of the high school and beyond plan in supporting mastery-based learning. The work group shall consider:
- (a) Improvements in the high school and beyond plan as an essential tool for mastery-based learning;
 - (b) Development of mastery-based pathways to the earning of a high school diploma;

(b) Each school district may include additional eligibility criteria for students to participate in the academic acceleration policy so long as the district criteria does not create inequities among student groups in the advanced course or program.

(3)(a) The subject matter of the advanced courses or program in which ((the)) a student is automatically enrolled depends on the content area or areas of the ((statewide student)) assessments where the student has met or exceeded the state standard under subsection (2) of this section. ((Students who meet the state standard on both end-of-course mathematics assessments are considered to have met the state standard for high school mathematics.))

NEW SECTION. Sec. 504. A new section is added to chapter 28A.230 RCW to read as follows:

(1) The legislature finds that fully realizing the potential of high school and beyond plans as meaningful tools for articulating and revising pathways for graduation will require additional school counselors and family coordinators. The legislature further finds that the development and implementation of an online electronic platform for high school and beyond plans will be an appropriate and supportive action that will assist students, parents and guardians, educators, and counselors as the legislature explores options for funding additional school counselors.

(2) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction shall facilitate the creation of a list of available electronic platforms for the high school and beyond plan. (d) Comply with state and federal requirements for student privacy;

(e) Allow for the portability between platforms so that students moving between school districts are able to easily transfer their high school and beyond plans; and

(f) To the extent possible, include platforms in use by school districts during the 2018-19 school year.

(3) Beginning in the 2020-21 school year, each school district must ensure that an electronic high school and beyond plan platform is available to all students who are required to have a high school and beyond plan.

(4) The office of the superintendent of public instruction may adopt and revise rules as necessary to implement this section.

Concerning sustainable recycling.

The measure was read the second time.

MOTION

Senator Das moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Recycling reduces greenhouse gas emissions, conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, promotes health, and protects the environment;

(b) Washington has long been a leader in sound management of recyclable materials and solid waste;

(c) Waste import restrictions worldwide are having huge implications for state and local recycling programs and operations in Washington state, requiring immediate action by the legislature;

(d) In order to maintain our leadership in recycling and create regional domestic markets, Washington must be innovative and implement best practices for recycling and waste reduction;

(e) Washington’s environment and economy will benefit from expanding the number of industries that process recycled materials and use recycled feedstocks in their manufacturing;

(f) Washington recognizes the value of manufacturing incentives to encourage recycling industries to locate and operate in Washington and provide manufacturer incentives to improve the recyclability of their products;

(g) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature;

(h) A sustainable recycling system is one that is economically sustainable, in addition to environmentally sustainable;

(i) The private sector has the greatest capacity for creating and expanding markets for recycled commodities and the development of private markets for recycled commodities is in the public interest; and

(j) Washington must create a center to facilitate business assistance, provide basic and applied research and development, as well as policy analysis, to further the development of domestic processing and markets for recycled commodities.

(2) Therefore, it is the policy of the state to create the recycling development center to research, incentivize, and develop new markets and expand existing markets for recycled commodities and recycling facilities.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) “Center” means recycling development center.

(2) “Department” means the department of ecology.

(3) “Director” means the director of the department of ecology.

(4) “Local government” means a city, town, or county.

(5) “Recyclable materials” means those solid wastes that are separated for recycling or reuse, such as papers, metals, and glass, that are identified as recyclable material pursuant to a local comprehensive solid waste plan.

(6) “Recycling” means transforming or remanufacturing waste materials into usable or marketable materials for use other than landfill disposal or incineration.

(7) “Secondary materials” means any materials that are not the primary products from manufacturing and other industrial sectors. These materials may include scrap and residuals from production

processes and products that have been recovered at the end of their useful life.

(8) “Solid waste” or “wastes” means all putrescible and nonputrescible solid and semisolid wastes including, but not limited to, garbage, rubbish, ashes, industrial wastes, swill, sewage sludge, demolition and construction wastes, abandoned vehicles or parts thereof, and recyclable materials.

NEW SECTION. Sec. 3. (1) The recycling development center is created within the department of ecology.

(2) The purpose of the center is to provide or facilitate basic and applied research and development, marketing, and policy analysis in furthering the development of markets and processing for recycled commodities and products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full and productive use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission, the center must initially direct its services to businesses that transform or remanufacture waste materials into usable or marketable materials or products for use rather than disposal.

(3) The center must perform the following activities:

(a) Develop an annual work plan. The work plan must describe actions and recommendations for developing markets for commodities comprising a significant percentage of the waste stream and having potential for use as an industrial or commercial feedstock, with initial focus on mixed waste paper and plastics;

(b) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials. Such recommendations must include explicit consideration of the costs and benefits of the market-affecting policies, including estimates of the anticipated: Rate impacts on solid waste utility ratepayers; impacts on the prices of consumer goods affected by the recommended policies; and impacts on rates of recycling or utilization of postconsumer materials;

(c) Work with manufacturers and producers of packaging and other potentially recyclable materials on their work to increase the ability of their products to be recycled or reduced in Washington;

(d) Initiate, conduct, or contract for studies relating to market development for recyclable materials, including but not limited to applied research, technology transfer, life-cycle analysis, and pilot demonstration projects;

(e) Obtain and disseminate information relating to market development for recyclable materials from other state and local agencies and other sources;

(f) Contract with individuals, corporations, trade associations, and research institutions for the purposes of this chapter;

(g) Provide grants or contracts to local governments, state agencies, or other public institutions to further the development or revitalization of recycling markets in accordance with applicable rules and regulations;

(h) Provide business and marketing assistance to public and private sector entities within the state;

(i) Represent the state in regional and national market development issues and work to create a regional recycling development council that will work across either state or provincial borders, or both;

(j) Wherever necessary, the center must work with: Material recovery facility operators; public and private sector recycling and solid waste industries; packaging manufacturers and retailers; local governments; environmental organizations; interested colleges and universities; and state agencies, including the

department of commerce and the utilities and transportation commission; and

(k) Report to the legislature and the governor each even-numbered year on the progress of achieving the center's purpose and performing the center's activities, including any effects on state recycling rates or rates of utilization of postconsumer materials in manufactured products that can reasonably be attributed, at least in part, to the activities of the center.

(4) In order to carry out its responsibilities under this chapter, the department must enter into an interagency agreement with the department of commerce to perform or contract for the following activities:

(a) Provide targeted business assistance to recycling businesses, including:

- (i) Development of business plans;
- (ii) Market research and planning information;
- (iii) Referral and information on market conditions; and
- (iv) Information on new technology and product development;

(b) Conduct outreach to negotiate voluntary agreements with manufacturers to increase the use of recycled materials in products and product development;

(c) Support, promote, and identify research and development to stimulate new technologies and products using recycled materials;

(d) Actively promote manufacturing with recycled commodities, as well as purchasing of recycled products by state agencies consistent with and in addition to the requirements of chapter 43.19A RCW and RCW 39.26.255, local governments, and the private sector;

(e) Undertake studies on the unmet capital and other needs of reprocessing and manufacturing firms using recycled materials, such as financing and incentive programs; and

(f) Conduct research to understand the waste stream supply chain and incentive strategies for retention, expansion, and attraction of innovative recycling technology businesses.

(5) The department may adopt any rules necessary to implement and enforce this chapter including, but not limited to, measures for the center's performance.

NEW SECTION. Sec. 4. (1) The center's activities must be guided by an advisory board.

(2) The duties of the advisory board are to:

(a) Provide advice and guidance on the annual work plan of the center; and

(b) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials to the director and the department of commerce.

(3) Except as otherwise provided, advisory board members must be appointed by the director in consultation with the department of commerce as follows:

(a) One member to represent cities;

(b) One member appointed by the Washington association of county solid waste managers to represent counties east of the crest of the Cascade mountains;

(c) One member appointed by the Washington association of county solid waste managers to represent counties west of the crest of the Cascade mountains;

(d) One member to represent public interest groups;

(e) Three members from universities or state and federal research institutions;

(f) Up to seven private sector members to represent all aspects of the recycling materials system, including but not limited to manufacturing and packaging, solid waste management, and at least one not-for-profit organization familiar with innovative

recycling solutions that are being used internationally in Scandinavia, China, and other countries;

(g) The chair of the utilities and transportation commission or the chair's designee as a nonvoting member; and

(h) Nonvoting, temporary appointments to the board may be made by the chair of the advisory board where specific expertise is needed.

(4) The initial appointments of the seven private sector members are as follows: Three members with three-year terms and four members with two-year terms. Thereafter, members serve two-year renewable terms.

(5) The advisory board must meet at least quarterly.

(6) The chair of the advisory board must be elected from among the members by a simple majority vote.

(7) The advisory board may adopt bylaws and a charter for the operation of its business for the purposes of this chapter.

(8) The department shall provide staff support to the advisory board.

Sec. 5. RCW 70.93.180 and 2015 c 15 s 3 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) ~~((Fifty))~~ Forty percent to the department of ecology, primarily for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for ~~((use in))~~ litter collection programs ~~((; to be distributed))~~ under RCW 70.93.220. (a) Any franchise for solid waste collection granted by the utilities and transportation commission in the respective jurisdictions including the name of the holder of the franchise and the address of his or her place of business and the area covered by the franchise;

(b) Any city solid waste operation within the county and the boundaries of such operation;

(c) The population density of each area serviced by a city operation or by a franchised operation within the respective jurisdictions;

(d) The projected solid waste collection needs for the respective jurisdictions for the next six years.

(6) A comprehensive waste reduction and recycling element that, in accordance with the priorities established in RCW 70.95.010, provides programs that (a) reduce the amount of waste generated, (b) provide incentives and mechanisms for source separation, and (c) establish recycling opportunities for the source separated waste.

(7) The waste reduction and recycling element shall include the following:

(a) Waste reduction strategies;

(b) Source separation strategies, including:

(i) Programs for the collection of source separated materials from residences in urban and rural areas. In urban areas, these programs shall include collection of source separated recyclable materials from single and multiple-family residences, unless the department approves an alternative program, according to the criteria in the planning guidelines. Such criteria shall include: Anticipated recovery rates and levels of public participation, availability of environmentally sound disposal capacity, access to markets for recyclable materials, unreasonable cost impacts on the ratepayer over the six-year planning period, utilization of environmentally sound waste reduction and recycling technologies, and other factors as appropriate. In rural areas, these programs shall include but not be limited to drop-off boxes, buy-back centers, or a combination of both, at each solid waste transfer, processing, or disposal site, or at locations convenient to the residents of the county. The drop-off boxes and buy-back centers may be owned or operated by public, nonprofit, or private persons;

(10) A contamination reduction and outreach plan. The contamination reduction and outreach plan must address reducing contamination in recycling. Except for counties with a population of twenty-five thousand or fewer, by July 1, 2021, a contamination reduction and outreach plan must be included in each solid waste management plan by a plan amendment or included when revising or updating a solid waste management plan developed under this chapter. Jurisdictions may adopt the state's contamination reduction and outreach plan as developed under RCW 70.95.100 in lieu of creating their own plan. A recycling contamination reduction and outreach plan must include the following:

Guidelines prepared under this section shall be consistent with the provisions of this chapter. Guidelines for the preparation of the waste reduction and recycling element of the comprehensive solid waste management plan shall be completed by the department by March 15, 1990. These guidelines shall provide recommendations to local government on materials to be considered for designation as recyclable materials. The state solid waste management plan prepared pursuant to RCW 70.95.260 shall be consistent with these guidelines.

(2) The department shall be responsible for development and implementation of a comprehensive statewide public information program designed to encourage waste reduction, source separation, and recycling by the public. The department shall operate a toll free hotline to provide the public information on waste reduction and recycling.

(3) The department shall provide technical assistance to local governments in the development and dissemination of informational materials and related activities to assure recognition of unique local waste reduction and recycling programs.

Any county may apply to the department on a form prescribed thereby for financial aid for the preparation and implementation of the comprehensive county plan for solid waste management required by RCW 70.95.080, including contamination reduction and outreach plans. Any city electing to prepare an independent city plan, a joint city plan, or a joint county-city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning and implementation, including contamination reduction and outreach plan development and implementation, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures.

The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(4) ~~((For purposes of this section, "breach of the security of the system" means unauthorized acquisition of data that compromises the security, confidentiality, or integrity of personal information maintained by the agency. Collecting DNA samples.

The measure was read the second time.

MOTION

Senator Padden moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. **Sec. 1.** This act may be known and cited as Jennifer and Michella’s law.

NEW SECTION. **Sec. 2.** The legislature finds that the state of Washington has for decades routinely required collection of DNA biological samples from certain convicted offenders and persons required to register as sex and kidnapping offenders. The resulting DNA data has proven to be an invaluable component of forensic evidence analysis. Not only have DNA matches focused law enforcement efforts and resources on productive leads, assisted in the expeditious conviction of guilty persons, and provided identification of recidivist and cold case offenders, DNA analysis has also played a crucial role in absolving wrongly suspected and convicted persons and in providing resolution to those who have tragically suffered unimaginable harm.

In an effort to solve cold cases and unsolved crimes, to provide closure to victims and their family members, and to support efforts to exonerate the wrongly accused or convicted, the legislature finds that procedural improvements and measured

expansions to the collection and analysis of lawfully obtained DNA biological samples are both appropriate and necessary.

Sec. 3. RCW 43.43.754 and 2017 c 272 s 4 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(i) Assault in the fourth degree where domestic violence as defined in RCW 9.94A.030 was pleaded and proven (RCW 9A.36.041, 9.94A.030);

(ii) Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835);

(iii) Communication with a minor for immoral purposes (RCW 9.68A.090);

(iv) Custodial sexual misconduct in the second degree (RCW 9A.44.170);

(v) Failure to register (~~RCW 9A.44.130 for persons convicted on or before June 10, 2010, and RCW 9A.44.132 for persons convicted after June 10, 2010~~) chapter 9A.44 RCW);

(vi) Harassment (RCW 9A.46.020);

(vii) Patronizing a prostitute (RCW 9A.88.110);

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2)(a) A municipal jurisdiction may also submit any biological sample to the laboratory services bureau of the Washington state patrol for purposes of DNA identification analysis when:

(ii) The equivalent offense in subsection (1)(a) of this section was an offense for which collection of a biological sample was required under this section at the time of the conviction; and

(iii) The sample was collected on or after June 12, 2008, and before January 1, 2020.

(b) When submitting a biological sample under this subsection, the municipal jurisdiction must include a signed affidavit from the municipal prosecuting authority of the jurisdiction in which the conviction occurred specifying the state crime to which the municipal offense is equivalent.

(4) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

~~((3))~~ (5) Biological samples shall be collected in the following manner:

(ii) For youth sentenced to the jurisdiction of the department of children, youth, and families to report to a facility operated by the department of children, youth, and families; or

(iii) For individuals sentenced to the jurisdiction of a city or county to report to a county or city jail facility.

(6) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

~~((5))~~ (7) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under ~~((subsection (1) of))~~ this section, to the extent allowed by funding available for this purpose. ~~((The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030.))~~ Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

ENGROSSED HOUSE BILL NO. 2020, by Representatives Dolan, Kretz, Doglio, Stanford, Slatter, Klippert, Davis, Hudgins, Macri, Jinkins, Morgan, Frame and Ormsby

Exempting the disclosure of names in employment investigation records.

The measure was read the second time.

MOTION

Senator Kuderer moved that the following committee striking amendment by the Committee on State Government, Tribal Relations & Elections be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** The legislature finds that workplace harassment remains a persistent problem and there is an urgent need to address barriers that prevent people from reporting harassment. The United States equal employment opportunity commission select task force on the study of harassment in the workplace released a report in 2016 finding that ninety percent of individuals who experience harassment never take formal action, and noting that seventy-five percent of employees who spoke out against workplace mistreatment faced some sort of retaliation. The legislature finds that it is in the public interest for state employees to feel safe to report incidents of harassment when it occurs and to protect these employees from an increased risk of retaliation. The legislature finds that the release of the identities of employees who report or participate in harassment investigations increases the risk of retaliation, invades the privacy of a vulnerable population, and significantly reduces reporting of harassment. The legislature finds that if state government can make it easier for victims and witnesses of harassment to come forward and report harassment, harassment issues can be dealt with before they worsen or spread.

Sec. 2. RCW 42.56.250 and 2018 c 109 s 17 are each amended to read as follows:

The following employment and licensing information is exempt from public inspection and copying under this chapter:

For purposes of this subsection, "employees" includes independent provider home care workers as defined in RCW 74.39A.240;

(5) Information that identifies a person who, while an agency employee: (a) Seeks advice, under an informal process established by the employing agency, in order to ascertain his or her rights in connection with a possible unfair practice under chapter 49.60 RCW against the person; and (b) requests his or her identity or any identifying information not be disclosed;

(6) Investigative records compiled by an employing agency ~~((conducting an active and ongoing))~~ in connection with an investigation of a possible unfair practice under chapter 49.60 RCW or of a possible violation of other federal, state, or local laws or an employing agency's internal policies prohibiting discrimination or harassment in employment. Records are exempt in their entirety while the investigation is active and ongoing. After the agency has notified the complaining employee of the outcome of the investigation, the records may be disclosed only if the names of complainants, other accusers, and witnesses are redacted, unless a complainant, other accuser, or witness has consented to the disclosure of his or her name. The employing agency must inform a complainant, other accuser, or witness that his or her name will be redacted from the investigation records unless he or she consents to disclosure;

(7) Criminal history records checks for board staff finalist candidates conducted pursuant to RCW 43.33A.025;

(8) ~~((Except as provided in RCW 47.64.220, salary and benefit information for maritime employees collected from private employers under RCW 47.64.220(1) and described in RCW 47.64.220(2);~~

For the purposes of this subsection, news media does not include any person or organization of persons in the custody of a criminal justice agency as defined in RCW 10.97.030;

~~((4))~~ (9) The global positioning system data that would indicate the location of the residence of a public employee or volunteer using the global positioning system recording device; and

~~((4))~~ (10) Until the person reaches eighteen years of age, information, otherwise disclosable under chapter 29A.08 RCW, that relates to a future voter, except for the purpose of processing and delivering ballots.

On page 1, line 2 of the title, after "records;" strike the remainder of the title and insert "amending RCW 42.56.250; and creating a new section."

The measure was read the second time.

MOTION

Senator Kuderer moved that the following committee striking amendment by the Committee on State Government, Tribal Relations & Elections be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that state agency employees operate in unique work environments in which there is a higher level of transparency surrounding their daily work activities. The legislature finds that we must act to protect the health and safety of state employees, but even more so when employees become the victims of sexual harassment or stalking. The legislature finds that when a state agency employee is the target of sexual harassment or stalking, there is a significant risk to the employee's physical safety and well-being. The legislature finds that workplace safety is of paramount importance and that the state has an interest in protecting against the inappropriate use of public resources to carry out actions of sexual harassment or stalking.

NEW SECTION. Sec. 2. A new section is added to chapter 42.56 RCW to read as follows:

(1) Except by court order issued pursuant to subsection (3) of this section, an agency may not disclose as a response to a public records request made pursuant to this chapter records concerning an agency employee, as defined in subsection (5) of this section, if:

(a) The requestor is a person alleged in the claim of workplace sexual harassment or stalking to have harassed or stalked the agency employee who is named as the victim in the claim; and

(b) After conducting an investigation, the agency issued discipline resulting from the claim of workplace sexual harassment or stalking to the requestor described under (a) of this subsection.

(2)(a) When the requestor is someone other than a person described under subsection (1) of this section, the agency must immediately notify an agency employee upon receipt of a public records request for records concerning that agency employee if the agency conducted an investigation of the claim of workplace sexual harassment or stalking involving the agency employee and the agency issued discipline resulting from the claim.

(b) Upon notice provided in accordance with (a) of this subsection, the agency employee may bring an action in a court of competent jurisdiction to enjoin the agency from disclosing the records. The agency employee shall immediately notify the

Except for the five-day notification required under RCW 42.56.520, the time for the employing agency to process a request for records is suspended during the pendency of an action filed under this subsection. Upon notice of an action filed under this subsection, the agency may not disclose such records unless by an order issued in accordance with subsection (3) of this section, or if the action is dismissed without the court granting an injunction.

(3)(a) A court of competent jurisdiction, following sufficient notice to the employing agency, may order the release of some or all of the records described in subsections (1) and (2) of this section after finding that, in consideration of the totality of the circumstances, disclosure would not violate the right to privacy under RCW 42.56.050 for the agency employee. An agency that is ordered in accordance with this subsection to disclose records is not liable for penalties, attorneys' fees, or costs under RCW 42.56.550 if the agency has complied with this section.

(b) For the purposes of this section, it is presumed to be highly offensive to a reasonable person under RCW 42.56.050 to disclose, directly or indirectly, records concerning an agency employee who has made a claim of workplace sexual harassment or stalking with the agency, or is named as a victim in the claim, to persons alleged in the claim to have sexually harassed or stalked the agency employee named as the victim and where the agency issued discipline resulting from the claim after conducting an investigation. The presumption set out under this subsection may be rebutted upon showing of clear, cogent, and convincing evidence that disclosure of the requested record or information to persons alleged in the claim to have sexually harassed or stalked the agency employee named as the victim in the claim is not highly offensive.

(4) Nothing in this section restricts access to records described under subsections (1) and (2) of this section where the agency employee consents in writing to disclosure.

(5) For the purposes of this section:

(a) "Agency" means a state agency, including every state office, department, division, bureau, board, commission, or other state agency.

(b) "Agency employee" means a state agency employee who has made a claim of workplace sexual harassment or stalking with the employing agency, or is named as the victim in the claim.

NEW SECTION. Sec. 3. A new section is added to chapter 42.56 RCW to read as follows:

(1) Any person who requests and obtains a record concerning an agency employee, as described in section 2 of this act, is subject to civil liability if he or she uses the record or information in the record to harass, stalk, threaten, or intimidate that agency employee, or provides the record or information in the record to a person, knowing that the person intends to use it to harass, stalk, threaten, or intimidate that agency employee.

(2) Any person liable under subsection (1) of this section may be sued in superior court by any aggrieved party, or in the name of the state by the attorney general or the prosecuting authority of any political subdivision. The court may order an appropriate civil remedy. The plaintiff may recover up to one thousand dollars for each record used in violation of this section, as well as costs and reasonable attorneys' fees.

(3) For the purposes of this section:

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

NEW SECTION. Sec. 4. A new section is added to chapter 42.56 RCW to read as follows:

By January 1, 2020, the attorney general, in consultation with state agencies, shall create model policies for the implementation of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 42.56 RCW to read as follows:

A state agency may not disclose lists of the names of agency employees, as defined under section 2 of this act, maintained by the agency in order to administer section 2 of this act.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1094, by House Committee on Health Care & Wellness (originally sponsored by Blake and Walsh)

Establishing compassionate care renewals for medical marijuana qualifying patients.

The measure was read the second time.

MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Labor & Commerce be adopted:

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 69.51A.030 and 2015 c 70 s 18 are each amended to read as follows:

(1) The following acts do not constitute crimes under state law or unprofessional conduct under chapter 18.130 RCW, and a health care professional may not be arrested, searched, prosecuted, disciplined, or subject to other criminal sanctions or civil consequences or liability under state law, or have real or personal property searched, seized, or forfeited pursuant to state law, notwithstanding any other provision of law as long as the health care professional complies with subsection (2) of this section:

(a) Advising a patient about the risks and benefits of medical use of marijuana or that the patient may benefit from the medical use of marijuana; or

(b) Providing a patient or designated provider meeting the criteria established under RCW 69.51A.010 with an authorization, based upon the health care professional’s assessment of the patient’s medical history and current medical condition, if the health care professional has complied with this chapter and he or she determines within a professional standard of care or in the individual health care professional’s medical judgment the qualifying patient may benefit from the medical use of marijuana.

(2)(a) A health care professional may provide a qualifying patient or that patient’s designated provider with an authorization for the medical use of marijuana in accordance with this section.

(b) In order to authorize for the medical use of marijuana under (a) of this subsection, the health care professional must:

(i) Have a documented relationship with the patient, as a principal care provider or a specialist, relating to the diagnosis and ongoing treatment or monitoring of the patient’s terminal or debilitating medical condition;

(ii) Complete an in-person physical examination of the patient or a remote physical examination of the patient if one is determined to be appropriate under (c)(iii) of this subsection;

(iii) Document the terminal or debilitating medical condition of the patient in the patient’s medical record and that the patient may benefit from treatment of this condition or its symptoms with medical use of marijuana;

(iv) Inform the patient of other options for treating the terminal or debilitating medical condition and documenting in the patient’s medical record that the patient has received this information;

(v) Document in the patient’s medical record other measures attempted to treat the terminal or debilitating medical condition that do not involve the medical use of marijuana; and

(vi) Complete an authorization on forms developed by the department, in accordance with subsection (3) of this section.

(c)(i) For a qualifying patient eighteen years of age or older, an authorization expires one year after its issuance. For a qualifying patient less than eighteen years of age, an authorization expires six months after its issuance.

(ii) An authorization may be renewed upon completion of an in-person physical examination ~~((and))~~ or a remote physical examination of the patient if one is determined to be appropriate under (c)(iii) of this subsection and, in compliance with the other requirements of (b) of this subsection.

(iii) Following an in-person physical examination to authorize the use of marijuana for medical purposes, the health care professional may determine and note in the patient’s medical record that subsequent physical examinations for the purposes of renewing an authorization may occur through the use of

telemedicine technology if the health care professional determines that requiring the qualifying patient to attend a physical examination in person to renew an authorization would likely result in severe hardship to the qualifying patient because of the qualifying patient’s physical or emotional condition.

(iv) When renewing a qualifying patient’s authorization for the medical use of marijuana on or after the effective date of this section, the health care professional may indicate that the qualifying patient qualifies for a compassionate care renewal of his or her registration in the medical marijuana authorization database and recognition card if the health care professional determines that requiring the qualifying patient to renew a registration in person would likely result in severe hardship to the qualifying patient because of the qualifying patient’s physical or emotional condition. A compassionate care renewal of a qualifying patient’s registration and recognition card allows the qualifying patient to receive renewals without the need to be physically present at a retailer and without the requirement to have a photograph taken.

(d) A health care professional shall not:

(i) Accept, solicit, or offer any form of pecuniary remuneration from or to a marijuana retailer, marijuana processor, or marijuana producer;

(ii) Offer a discount or any other thing of value to a qualifying patient who is a customer of, or agrees to be a customer of, a particular marijuana retailer;

(iii) Examine or offer to examine a patient for purposes of diagnosing a terminal or debilitating medical condition at a location where marijuana is produced, processed, or sold;

(iv) Have a business or practice which consists primarily of authorizing the medical use of marijuana or authorize the medical use of marijuana at any location other than his or her practice’s permanent physical location;

(v) Except as provided in RCW 69.51A.280, sell, or provide at no charge, marijuana concentrates, marijuana-infused products, or useable marijuana to a qualifying patient or designated provider; or

(vi) Hold an economic interest in an enterprise that produces, processes, or sells marijuana if the health care professional authorizes the medical use of marijuana.

(3) The department shall develop the form for the health care professional to use as an authorization for qualifying patients and designated providers. The form shall include the qualifying patient’s or designated provider’s name, address, and date of birth; the health care professional’s name, address, and license number; the amount of marijuana recommended for the qualifying patient; a telephone number where the authorization can be verified during normal business hours; the dates of issuance and expiration; and a statement that an authorization does not provide protection from arrest unless the qualifying patient or designated provider is also entered in the medical marijuana authorization database and holds a recognition card.

~~(4) ((Until July 1, 2016, a health care professional who, within a single calendar month, authorizes the medical use of marijuana to more than thirty patients must report the number of authorizations issued.~~

~~(5))~~ The appropriate health professions disciplining authority may inspect or request patient records to confirm compliance with this section. The health care professional must provide access to or produce documents, records, or other items that are within his or her possession or control within twenty-one calendar days of service of a request by the health professions disciplining authority. If the twenty-one calendar day limit results in a

hardship upon the health care professional, he or she may request, for good cause, an extension not to exceed thirty additional calendar days. Failure to produce the documents, records, or other items shall result in citations and fines issued consistent with RCW 18.130.230. Failure to otherwise comply with the requirements of this section shall be considered unprofessional conduct and subject to sanctions under chapter 18.130 RCW.

~~((6))~~ (5) After a health care professional authorizes a qualifying patient for the medical use of marijuana, he or she may discuss with the qualifying patient how to use marijuana and the types of products the qualifying patient should seek from a retail outlet.

(e) A marijuana retailer holding a medical marijuana endorsement to confirm the validity of the recognition card of a qualifying patient or designated provider;

(f) The department of revenue to verify tax exemptions under chapters 82.08 and 82.12 RCW;

(2) A qualifying patient and his or her designated provider, if any, may be placed in the medical marijuana authorization database at a marijuana retailer with a medical marijuana endorsement. After a qualifying patient or designated provider is placed in the medical marijuana authorization database, he or she must be provided with a recognition card that contains identifiers required in subsection (3) of this section.

(3) The recognition card requirements must be developed by the department in rule and include:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

(c) A photograph of the qualifying patient's or designated provider's face taken by an employee of the marijuana retailer with a medical marijuana endorsement at the same time that the

qualifying patient or designated provider is being placed in the medical marijuana authorization database in accordance with rules adopted by the department;

(d) The amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under RCW 69.51A.210;

(e) The effective date and expiration date of the recognition card;

(f) The name of the health care professional who authorized the qualifying patient or designated provider; and

(g) For the recognition card, additional security features as necessary to ensure its validity.

(4)(a) For qualifying patients who are eighteen years of age or older and their designated providers, recognition cards are valid for one year from the date the health care professional issued the authorization. For qualifying patients who are under the age of eighteen and their designated providers, recognition cards are valid for six months from the date the health care professional issued the authorization. Qualifying patients may not be reentered into the medical marijuana authorization database until they have been reexamined by a health care professional and determined to meet the definition of qualifying patient. After reexamination, a marijuana retailer with a medical marijuana endorsement must reenter the qualifying patient or designated provider into the medical marijuana authorization database and a new recognition card will then be issued in accordance with department rules.

(b) Beginning on the effective date of this section, a qualifying patient's registration in the medical marijuana authorization database and his or her recognition card may be renewed by a qualifying patient's designated provider without the physical presence of the qualifying patient at the retailer if the authorization from the health care professional indicates that the qualifying patient qualifies for a compassionate care renewal, as provided in RCW 69.51A.030. A qualifying patient receiving renewals under the compassionate care renewal provisions is exempt from the photograph requirements under subsection (3)(c) of this section.

(5) If a recognition card is lost or stolen, a marijuana retailer with a medical marijuana endorsement, in conjunction with the database administrator, may issue a new card that will be valid for six months to one year if the patient is reexamined by a health care professional and determined to meet the definition of qualifying patient and depending on whether the patient is under the age of eighteen or eighteen years of age or older as provided in subsection (4) of this section. If a reexamination is not performed, the expiration date of the replacement recognition card must be the same as the lost or stolen recognition card.

(6) The database administrator must remove qualifying patients and designated providers from the medical marijuana authorization database upon expiration of the recognition card. Qualifying patients and designated providers may request to remove themselves from the medical marijuana authorization database before expiration of a recognition card and health care professionals may request to remove qualifying patients and designated providers from the medical marijuana authorization database if the patient or provider no longer qualifies for the medical use of marijuana. The database administrator must retain database records for at least five calendar years to permit the state liquor and cannabis board and the department of revenue to verify eligibility for tax exemptions.

(7) During development of the medical marijuana authorization database, the database administrator must consult with the

department, stakeholders, and persons with relevant expertise to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab or a certified cybersecurity firm, vendor, or service.

(8) The medical marijuana authorization database must meet the following requirements:

(a) Any personally identifiable information included in the database must be nonreversible, pursuant to definitions and standards set forth by the national institute of standards and technology;

(b) Any personally identifiable information included in the database must not be susceptible to linkage by use of data external to the database;

(c) The database must incorporate current best differential privacy practices, allowing for maximum accuracy of database queries while minimizing the chances of identifying the personally identifiable information included therein; and

(d) The database must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(9)(a) Personally identifiable information of qualifying patients and designated providers included in the medical marijuana authorization database is confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW.

(b) Information contained in the medical marijuana authorization database may be released in aggregate form, with all personally ~~((identifying identifiable))~~ identifiable information redacted, for the purpose of statistical analysis and oversight of agency performance and actions.

(c) Information contained in the medical marijuana authorization database shall not be shared with the federal government or its agents unless the particular ~~((qualifying))~~ qualifying patient or designated provider is convicted in state court for violating this chapter or chapter 69.50 RCW.

~~((a))~~ The department must charge a one dollar fee for each initial and renewal recognition card issued by a marijuana retailer with a medical marijuana endorsement. The marijuana retailer with a medical marijuana endorsement shall collect the fee from the qualifying patient or designated provider at the time that he or she is entered into the database and issued a recognition card. The department shall establish a schedule for marijuana retailers with a medical marijuana endorsement to remit the fees collected. Fees collected under this subsection shall be deposited into the health professions account created under RCW 43.70.320.

~~((b) By November 1, 2016, the department shall report to the governor and the fiscal committees of both the house of representatives and the senate regarding the cost of implementation and administration of the medical marijuana authorization database. The report must specify amounts from the health professions account used to finance the establishment and administration of the medical marijuana authorization database as well as estimates of the continuing costs associated with operating the medical marijuana authorization database. The report must also provide initial enrollment figures in the medical marijuana authorization database and estimates of expected future enrollment.))~~

(11) If the database administrator fails to comply with this section, the department may cancel any contracts with the database administrator and contract with another database administrator to continue administration of the database. A

database administrator who fails to comply with this section is subject to a fine of up to five thousand dollars in addition to any penalties established in the contract. Fines collected under this section must be deposited into the health professions account created under RCW 43.70.320.

(12) The department may adopt rules to implement this section.

NEW SECTION. **Sec. 3.** A new section is added to chapter 69.51A RCW to read as follows:

The compassionate care renewals permitted in RCW 69.51A.030 and 69.51A.230 take effect November 1, 2019. (3) If section 1 of this act expires pursuant to subsection (2) of this section, the Washington state patrol must provide written notice of the expiration to the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the Washington state patrol."

POINT OF INQUIRY

Senator Short: "Is it correct that the CPL [concealed pistol license] holders would be unable to purchase any kind of pistol or rifle until actually the system was put into place?"

Senator Pedersen: "I'm sorry, 'the system'?"

NINETY SECOND DAY, APRIL 15, 2019

2019 REGULAR SESSION

Senator Short: "The state background check system. So, my question is does this legislation prevent a current CPL holder from purchasing a pistol or a rifle until the state background check is put into place?"

Senator Pedersen: "I'm sorry. By the state background check, do you mean the single point of contact system?"

Senator Short: "Yes, that is correct."

Senator Pedersen: "No, it does not. It just means that the CPL is not a shortcut to being able to purchase on the same day. The person or purchaser who wanted to purchase a pistol would have to go through the same process that somebody walking in off the street without a concealed pistol license would have to go through, which would involve, in the case of either a pistol or a long gun that's covered, a semi-automatic that is covered by Initiative 1639, it would involve the more extensive background check that is done that involves NICS [National Instant Criminal Background Check System] and then checking with the county sheriffs and the DSHS and the others. So, it is more cumbersome, but it is absolutely possible for them. They just won't be able to walk out with the pistol the same day that they walk into the store."

Senator Schoesler spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Senator Becker: "Senator Pedersen, it also states in this bill that each and every member purchasing a gun will need to have training. And that training is good for a five year period. And part of the training and in the bill it states that they have to train their, they have to be trained on safe storage, training their children on what a gun is, etc. and it goes through..."

Senator Pedersen: "Senator Becker, I think you may be talking about Senator Palumbo's bill, Senate Bill 5174, or its House companion. This bill is only about the background check requirement. It does not impose any new or different training requirement."

Acting President Pro Tempore Hasegawa: "Is your conversation concluded?"

Senator Becker: "Not quite."

Senator Pedersen: "Senator Becker is doing on the spot research."

Senator Becker: "No, I have been reading it, it's on 1465 and the question I had was about number one it was about the timeframe around when you can get a gun. The six month, but in reading the bill, which it didn't change, talked about the training requirements, so I will figure this out myself, but that is what I thought I was reading on this bill. Thank you."

Senator Padden spoke in favor of adoption of the amendment.

Senator Short demanded a roll call.

The Acting President Pro Tempore declared that one-sixth of the members supported the demand and the demand was sustained.

The Acting President Pro Tempore declared the question before the Senate to be the adoption of the amendment by Senator Holy on page 6, line 20 to Engrossed House Bill No. 1465.

Voting nay: Senators Billig, Carlyle, Cleveland, Darneille, Das, Dhingra, Frockt, Hasegawa, Hunt, Keiser, Kuderer, Liias, Lovelett, Mullet, Nguyen, Palumbo, Pedersen, Randall, Rolfes, Saldaña, Salomon, Wellman and Wilson, C.

In order to ensure the requirements of the federal Brady handgun violence act (18 U.S.C. Sec. 921 et seq.) are met before the sale, transfer, or delivery of a pistol, the Washington state patrol shall implement a single point of contact firearm background check system.”

On page 1, strike all material after line 1 of the title, and insert the following:

“and adding a new section to chapter 43.43 RCW.”

Senator Fortunato spoke in favor of adoption of the amendment.

Senator Pedersen spoke against adoption of the amendment.

POINT OF INQUIRY

Senator Fortunato: “Did we or did we not pass a CPL bill that I was the prime sponsor on that assures that the state of, that the State Patrol can communicate with the FBI to run background checks so that we don’t lose that window?”

Senator Pedersen: “Senator Fortunato, the bill that, OK, now I understand what you’re referring to and you will have to bear with me for just a second.”

Senator Fortunato: “And that bill, in effect, had an emergency clause so hopefully the Governor can sign that bill tomorrow.”

Senator Pedersen: “So, Senator Fortunato. The bill that you’re referring to for the members’ information is Senate Bill 5508 and it clarifies that the background check for the original issuance of a concealed pistol license can be conducted through the Washington State Patrol Criminal Identification Section, so that corrects a defect that the FBI identified in the authorizing statute for our concealed pistol licenses. That doesn’t do anything about the problem of the courtesy checks that the FBI has been doing separately for people who already have a concealed pistol license and want to purchase a firearm using that concealed pistol license.

Senator Fortunato: “So this, in effect, allows the State Patrol to communicate with the FBI to do background checks – which is what we want. And with the emergency clause, it closes that window. There is no gap. One reason we had to attach the emergency clause was because the FBI said that by date certain you had to effect this change otherwise, you can’t do background checks so to close that window we attached the emergency clause. so hopefully the Governor can sign that bill tomorrow.”

Senator Pedersen: “These are two separate things. The bill that you sponsored had to do with the issuance of a concealed pistol license and the background check needed to get the concealed pistol license. So it solves that problem and it does indeed have an emergency clause. Separately, when people want, it has been possible up to now for people who hold a concealed pistol license to get, when they want to buy a firearm, to get a courtesy background check, pair that courtesy background check through NICS with their concealed pistol license and walk out of the store the same day with a pistol. The FBI has let us know that, effective July 1, they will no longer perform those courtesy background checks. That is not changed by Senate Bill 5508.”

Acting President Pro Tempore Hasegawa: “Your time has elapsed.”

Senator Fortunato: “Then why did we need 5508? And that will be my last follow-up.”

The Acting President Pro Tempore declared the question before the Senate to be the adoption of striking amendment no. 700 by Senator Fortunato to Engrossed House Bill No. 1465.

The motion by Senator Fortunato did not carry and striking amendment no. 700 was not adopted by voice vote.

MOTIONS

On motion of Senator Pedersen, the rules were suspended, Engrossed House Bill No. 1465 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Concerning recovery support services.

The measure was read the second time.

MOTION

Senator Dhingra moved that the following subcommittee striking amendment by the Subcommittee on Behavioral Health to the Committee on Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that substance use disorder is a disease impacting the whole family and the whole society and requires a system of care that includes prevention, treatment, and recovery services that support and strengthen impacted individuals, families, and the community at large.

(2) The legislature further finds that access to quality recovery housing is crucial for helping individuals remain in recovery from substance use disorder beyond treatment. Furthermore, recovery housing serves to preserve the state's financial investment in a

person's treatment. Without access to quality recovery housing, individuals are much less likely to recover from substance use disorder and more likely to face continued issues that impact their well-being, their families, and their communities. These issues include death by overdose or other substance use disorder-related medical complications; higher health care costs; high use of emergency departments and public health care systems; higher risk for involvement with law enforcement and incarceration; and an inability to obtain and maintain employment. These challenges are compounded by an overall lack of affordable housing nationwide.

(3) The legislature recognizes that recovery is a long-term process and requires a comprehensive approach. Recognizing the potential for fraudulent and unethical recovery housing operators, this act is designed to address the quality of recovery housing in the state of Washington.

NEW SECTION. Sec. 2. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall establish and maintain a registry of approved recovery residences. The authority may contract with a nationally recognized recovery residence certification organization based in Washington to establish and maintain the registry.

(2) The authority or the contracted entity described in subsection (1) of this section shall determine that a recovery residence is approved for inclusion in the registry if the recovery residence has been certified by a nationally recognized recovery residence certification organization based in Washington that is approved by the authority or if the recovery residence is a chapter of a national recovery residence organization with peer-run homes that is approved by the authority as meeting the following standards in its certification process:

(a) Peers are required to be involved in the governance of the recovery residence;

(b) Recovery support is integrated into the daily activities;

(c) The recovery residence must be maintained as a home-like environment that promotes healthy recovery;

(d) Resident activities are promoted within the recovery residence and in the community through work, education, community engagement, or other activities; and

(e) The recovery residence maintains an environment free from alcohol and illicit drugs.

(3) Nothing in this section requires that a recovery residence become certified by the certifying organization approved by the authority in subsection (2) of this section or be included in the registry, unless the recovery residence decides to participate in the recovery residence program activities established in this chapter.

(4) For the purposes of this section, "recovery residence" means a home-like environment that promotes healthy recovery from a substance use disorder and supports persons recovering from a substance use disorder through the use of peer recovery support.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the authority shall contract with the nationally recognized recovery residence organization based in Washington that is approved by the authority in section 2 of this act to provide technical assistance to recovery residences actively seeking certification. The technical assistance shall include, but not be limited to:

(a) New manager training;

NINETY THIRD DAY, APRIL 16, 2019

2019 REGULAR SESSION

(b) Assistance preparing facility operations documents and policies; and

(c) Support for working with residents on medication-assisted treatment.

(2) This section expires July 1, 2025.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall establish a revolving fund for loans to operators of new recovery residences or existing recovery residences actively seeking certification and registration under section 2 of this act. Approved uses of the funds include, but are not limited to:

(a) Facility modifications necessary to achieve certification; and

(b) Operating start-up costs, including rent or mortgage payments, security deposits, salaries for on-site staff, and minimal maintenance costs.

(2) This section expires July 1, 2025.

NEW SECTION. Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

Beginning January 1, 2023, a licensed or certified service provider may not refer a client who is appropriate for housing in a recovery residence, to support the client's recovery from a substance use disorder, to a recovery residence that is not included in the registry of approved recovery residences maintained by the authority under section 2 of this act. This section does not otherwise limit the discharge or referral options available for a person in recovery from a substance use disorder to any other appropriate placements or services.

Sec. 6. RCW 71.24.385 and 2018 c 201 s 4023 and 2018 c 175 s 6 are each reenacted and amended to read as follows:

(1) Within funds appropriated by the legislature for this purpose, behavioral health organizations shall develop the means to serve the needs of people:

(a) With mental disorders residing within the boundaries of their regional service area. Elements of the program may include:

- (i) Crisis diversion services;
- (ii) Evaluation and treatment and community hospital beds;
- (iii) Residential treatment;
- (iv) Programs for intensive community treatment;
- (v) Outpatient services, including family support;
- (vi) Peer support services;
- (vii) Community support services;
- (viii) Resource management services; and
- (ix) Supported housing and supported employment services.

(b) With substance use disorders and their families, people incapacitated by alcohol or other psychoactive chemicals, and intoxicated people.

(i) Elements of the program shall include, but not necessarily be limited to, a continuum of substance use disorder treatment services that includes:

- (A) Withdrawal management;
- (B) Residential treatment; and
- (C) Outpatient treatment.

(ii) The program may include peer support, supported housing, supported employment, crisis diversion, ~~((or))~~ recovery support services, or technology-based recovery supports.

(iii) The authority may contract for the use of an approved substance use disorder treatment program or other individual or organization if the director considers this to be an effective and economical course to follow.

(2)(a) The behavioral health organization shall have the flexibility, within the funds appropriated by the legislature for this purpose and the terms of their contract, to design the mix of

services that will be most effective within their service area of meeting the needs of people with behavioral health disorders and avoiding placement of such individuals at the state mental hospital. Behavioral health organizations are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

(b) The behavioral health organization may allow reimbursement to providers for services delivered through a partial hospitalization or intensive outpatient program. Such payment and services are distinct from the state's delivery of wraparound with intensive services under the *T.R. v. Strange and McDermott*, formerly the *T.R. v. Dreyfus and Porter*, settlement agreement.

(3)(a) Treatment provided under this chapter must be purchased primarily through managed care contracts.

(b) Consistent with RCW 71.24.580, services and funding provided through the criminal justice treatment account are intended to be exempted from managed care contracting.

NEW SECTION. Sec. 7. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "services;" strike the remainder of the title and insert "reenacting and amending RCW 71.24.385; adding new sections to chapter 41.05 RCW; adding a new section to chapter 71.24 RCW; creating new sections; and providing expiration dates."

ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1324, by House Committee on Appropriations (originally sponsored by Chapman, Maycumber, Springer, Chandler, Blake, Stokesbary, Steele, Reeves, Pettigrew, Dolan, Volz, Barkis, Eslick, Lekanoff, Tharinger, Hoff, Jinkins, Kilduff and Leavitt)

Creating the Washington rural development and opportunity zone act.

The measure was read the second time.

MOTION

Senator Mullet moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that while many parts of the state are thriving economically, some rural and distressed communities have struggled to keep pace. These communities represent significant opportunity for economic growth and innovation. However, businesses and entrepreneurs often find it difficult to obtain the capital they need to expand and grow in these areas. Therefore, it is the intent of the legislature to study the creation of a program to incentivize private investments and job creation in rural and distressed communities while ensuring no loss of revenue to the state.

NEW SECTION. Sec. 2. (1) The Washington state institute for public policy must conduct a study on certain programs incentivizing private investment and job creation in rural and distressed communities. In conducting the study, the institute must:

(a) Conduct a fifty-state review on the structure and characteristics of certified capital company programs, new markets tax credit programs, rural jobs programs, and other similar economic development programs in other states; and

(b) Review any available research on these initiatives and, to the extent possible, describe the effects of each type of initiative on employment, earnings, property values, and job creation.

(2) The Washington state institute for public policy must submit a report on its findings to the appropriate committees of

the legislature, in compliance with RCW 43.01.036, by July 1, 2020.

NEW SECTION. Sec. 3. (1) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration's marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests, and creates regulatory stability for landowners. The legislature further finds that funding for the adaptive management program and participation grants are required to implement the forest and fish agreement and meet the goals of the conservation plan. The legislature further finds that the surcharge on the timber products business and occupation tax rate was agreed to by the forest products industry, tribal leaders, and stakeholders as a way to provide funding and safeguard the future of the conservation plan. The legislature further finds that the forestry industry assumed significant financial obligation with the enactment of this conservation plan, in exchange for operational certainty under the endangered species act. Therefore, the legislature concludes that the timber products business and occupation tax rate and the surcharge should continue until the expiration date of the forest and fish agreement, in 2056.

(2) The legislature finds that Washington has one of the strongest economies in the country. However, the local economies in some rural counties continue to struggle. The legislature further finds that the economic prosperity of our state must be shared by all of our communities. The legislature further finds that forest product sectors provide family-wage jobs in economically struggling areas of the state. The legislature further finds that in 2017 the Washington forest products industry, directly and indirectly, employed one hundred one thousand workers, earning 5.5 billion dollars in wages. Therefore, the legislature concludes that the forest products industries support our local rural economies and contribute towards the effort to lower unemployment rates across the state, especially in rural areas.

MOTION

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.115.010 and 1989 1st ex.s. c 9 s 716 are each amended to read as follows:

The legislature finds that changes in demographics, the delivery of health care services, and an escalation in the cost of educating health professionals has resulted in shortages of health professionals. A poor distribution of health care professionals has resulted in a surplus of some professionals in some areas of the state and a shortage of others in other parts of the state, such as in the more rural areas and in behavioral health services. The high cost of health professional education requires that health care practitioners command higher incomes to repay the financial obligations incurred to obtain the required training. Health professional shortage areas are often areas that have troubled economies and lower per capita incomes. These areas often require more services because the health care needs are greater due to poverty or because the areas are difficult to service due to geographic circumstances. The salary potentials for shortage areas are often not as favorable when compared to nonshortage areas and practitioners are unable to serve. The legislature further finds that encouraging health professionals to serve in shortage areas is essential to assure continued access to health care for persons living in these parts of the state.

The legislature also finds that one in five adults in the United States experiences mental illness in any given year, but only forty-one percent of adults with a mental health condition received mental health services in 2016, according to the national institute of mental health. The children's mental health work group found that in 2013, only forty percent of children on medicaid with mental health treatment needs were receiving services. Individuals seeking behavioral health services may have trouble receiving the help they need from health care professionals because behavioral health services are limited due to workforce shortages of behavioral health providers. The legislature further finds that encouraging more health care professionals to practice behavioral health in areas with limited services would benefit the state by creating greater access to behavioral health services and by having more health care professionals experienced in providing behavioral health services.

Therefore, the legislature intends to establish the Washington health corps to encourage more health care professionals to work in underserved areas by providing loan repayment and conditional scholarships in return for completing a service commitment.

Sec. 2. RCW 28B.115.020 and 2013 c 19 s 46 are each amended to read as follows:

The department may provide technical assistance to rural communities desiring to become sponsoring communities for the purposes of identification of prospective students for the health professional loan repayment and scholarship program, assisting prospective students to apply to an eligible education and training program, making formal agreements with prospective students to provide credentialed health care services in the community, forming agreements between rural communities in a service area to share credentialed health care professionals, and fulfilling any matching requirements.

Sec. 5. RCW 28B.115.050 and 2011 1st sp.s. c 11 s 206 are each amended to read as follows:

((1)) (1) Determine eligible credentialed health care professions for the purposes of the health professional loan repayment and scholarship program and the behavioral health loan repayment program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The office may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years, for the health professional loan repayment and scholarship program and the behavioral health loan repayment program. (5) Honor loan repayment and scholarship contract terms negotiated between the office and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter 28B.115(~~28B.104~~) or 70.180 RCW.

The office may grant loan repayment to eligible participants from the funds appropriated to the behavioral health loan repayment program or from any private or public funds given to the office for this purpose. (2) Funds appropriated for the health professional loan repayment and scholarship program, including reasonable administrative costs, may be used by the office for the purposes of loan repayments or scholarships. The office shall annually

In providing health care services the participant shall not discriminate against a person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance including Title XIX of the federal social security act or under the state medical assistance program authorized by chapter 74.09 RCW and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of the federal social security act for all services for which payment may be made under part B of Title XVIII of the federal social security act and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX of the federal social security act to provide services to individuals entitled to medical assistance under the plan and enters into appropriate agreements with the department of social and health services for medical care services under chapter 74.09 RCW. Participants found by the ~~(board)~~ office or the department in violation of this section shall be declared ineligible for receiving assistance under the programs authorized by this chapter.

office, to the participant until the loan is repaid or the participant becomes ineligible due to discontinued service in a health professional shortage area or an underserved behavioral health area after the required service obligation when eligibility discontinues, whichever comes first.

(5) Should the participant discontinue service in a health professional shortage area or an underserved behavioral health area, payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

(6) Except for circumstances beyond their control, participants who serve less than the required service obligation shall be obligated to repay to the program an amount equal to ~~((twice))~~ the unsatisfied portion of the service obligation, or the total amount paid by the program on their behalf, whichever is less. This amount is due and payable immediately. Participants who are unable to pay the full amount due shall enter into a payment arrangement with the office, including an arrangement for payment of interest. The maximum period for repayment is ten years. The office shall determine the applicability of this subsection. The interest rate shall be determined by the office and be established by rule.

Participants who fail to complete the service obligation shall incur an equalization fee based on the remaining unforgiven balance. The equalization fee shall be added to the remaining balance and repaid by the participant.

(3) The period for repayment shall coincide with the required service obligation, with payments of principal and interest commencing no later than six months from the date the participant completes or discontinues the course of study or completes or discontinues the required postgraduate training. Provisions for deferral of payment shall be determined by the office.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payment of the unsatisfied portion of the principal and interest is due and payable immediately.

MOTION

Senator Short moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 76.06.200 and 2017 c 95 s 1 are each amended to read as follows:

(1) The department must establish a forest health assessment and treatment framework designed to proactively and systematically address the forest health issues facing the state. Specifically, the framework must endeavor to achieve an initial goal of assessing and treating one million acres of land by 2033.

(2) The department must utilize the framework to assess and treat acreage in an incremental fashion each biennium. The framework consists of three elements: Assessment; treatment; and progress review and reporting.

(a) Assessment. Each biennium, the department must identify and assess two hundred thousand acres of fire prone lands and communities that are in need of forest health treatment, including the use of prescribed fire or mechanical treatment, such as thinning.

(i) The scope of the assessment must include lands protected by the department as well as lands outside of the department's fire protection responsibilities that could pose a high risk to department protected lands during a fire.

(ii) The assessment must identify areas in need of treatment, the type or types of treatment recommended, data and planning needs to carry out recommended treatment, and the estimated cost of recommended treatment.

(b) Treatment. Each biennium, the department must review previously completed assessments and prioritize and conduct as many identified treatments as possible using appropriations provided for that specific purpose.

(c) Progress review and reporting. By December 1st of each even-numbered year, the department must provide the appropriate committees of the legislature and the office of financial management with:

(i) A request for appropriations designed to implement the framework in the following biennium, including assessment work and conducting treatments identified in previously completed assessments;

(ii) A prioritized list and brief summary of treatments planned to be conducted under the framework with the requested appropriations, including relevant information from the assessment; and

(iii) A list and brief summary of treatments carried out under the framework in the preceding biennium, including total funding available, costs for completed treatment, and treatment outcomes. The summary must include any barriers to framework implementation and legislative or administrative recommendations to address those barriers.

(3) In developing and implementing the framework, the department must:

(a) Utilize and build on the forest health strategic planning initiated under section 308(11), chapter 36, Laws of 2016 sp. sess., to the maximum extent practicable, to promote the efficient use of resources; ~~(and)~~

(b) Prioritize, to the maximum extent practicable consistent with this section, forest health treatments that are strategically planned to serve the dual benefits of forest health maximization while providing geographically planned tools for wildfire response; and

(c) Establish a forest health advisory committee to assist in developing and implementing the framework. The committee may: (i) Include representation from large and small forest landowners, wildland fire response organizations, milling and log transportation industries, forest collaboratives that may exist in the affected areas, highly affected communities and community preparedness organizations, conservation groups, and other interested parties deemed appropriate by the commissioner; and (ii) consult with relevant local, state, and federal agencies, and tribes.

(4) In implementing subsection (3)(b) of this section, the department shall attempt to locate and design forest health treatments in such a way as to provide wildfire response personnel with strategically located treated areas to assist with managing fire response. These areas must attempt to maximize the firefighting benefits of natural and artificial geographic features and be located in areas that prioritize the protection of commercially managed lands from fires originating on public land.

(5) The department must establish and implement the forest health assessment and treatment framework within the appropriations specifically provided for this purpose.

Sec. 2. RCW 76.04.015 and 2016 c 109 s 1 are each amended to read as follows:

(1) The department may, at its discretion, appoint trained personnel possessing the necessary qualifications to carry out the duties and supporting functions of the department and may determine their respective salaries.

(2) The department shall have direct charge of and supervision of all matters pertaining to the forest fire service of the state.

(3) The department shall:

(a) Enforce all laws within this chapter;

(b) Be empowered to take charge of and, consistent with RCW 76.04.021, direct the work of suppressing forest fires;

(c)(i) Investigate the origin and cause of all forest fires to determine whether either a criminal act or negligence by any person, firm, or corporation caused the starting, spreading, or existence of the fire. In conducting investigations, the department shall work cooperatively, to the extent possible, with utilities, property owners, and other interested parties to identify and preserve evidence. Except as provided otherwise in this subsection, the department in conducting investigations is authorized, without court order, to take possession or control of relevant evidence found in plain view and belonging to any person, firm, or corporation. To the extent possible, the department shall notify the person, firm, or corporation of its intent to take possession or control of the evidence. The person, firm, or corporation shall be afforded reasonable opportunity to view the evidence and, before the department takes possession or control of the evidence, also shall be afforded reasonable opportunity to examine, document, and photograph it. If the person, firm, or corporation objects in writing to the department's taking possession or control of the evidence, the department must either return the evidence within seven days after the day on which the department is provided with the written objections or

NINETY THIRD DAY, APRIL 16, 2019

2019 REGULAR SESSION

obtain a court order authorizing the continued possession or control.

(ii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of the owner of the evidence if the evidence is used by the owner in conducting a business or in providing an electric utility service and the department's taking possession or control of the evidence would substantially and materially interfere with the operation of the business or provision of electric utility service.

(iii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of an electric utility when the evidence is not owned by the utility but has caused damage to property owned by the utility. However, this subsection (3)(c)(iii) does not apply if the department has notified the utility of its intent to take possession or control of the evidence and provided the utility with reasonable time to examine, document, and photograph the evidence.

(iv) Only personnel qualified to work on electrical equipment may take possession or control of evidence owned or controlled by an electric utility;

(d) Furnish notices or information to the public calling attention to forest fire dangers and the penalties for violation of this chapter;

(e) Be familiar with all timbered and cut-over areas of the state, areas where forest health treatments were undertaken on state, federal, or private land, public general transportation roads and public and private logging roads, water bodies, and other features on the landscape relevant in planning a fire response and include those features on a geographic information system for use by fire response personnel to assist in response decision making;

(f) Maximize the effective utilization of local fire suppression assets consistent with RCW 76.04.181; and

(g) Regulate and control the official actions of its employees, the wardens, and the rangers.

(4) The department may:

(a) Authorize all needful and proper expenditures for forest protection;

(b) Adopt rules consistent with this section for the prevention, control, and suppression of forest fires as it considers necessary including but not limited to: Fire equipment and materials; use of personnel; and fire prevention standards and operating conditions including a provision for reducing these conditions where justified by local factors such as location and weather;

(c) Remove at will the commission of any ranger or suspend the authority of any warden;

(d) Inquire into:

(i) The extent, kind, value, and condition of all timberlands within the state;

(ii) The extent to which timberlands are being destroyed by fire and the damage thereon;

(e) Provide fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by the department or another state agency, but only to the extent that providing these services does not interfere with or detract from the obligations set forth in subsection (3) of this section. If the department provides fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by another state agency, the department must be fully reimbursed for the work through a cooperative agreement as provided for in RCW 76.04.135(1).

(5) Any rules adopted under this section for the suppression of forest fires must include a mechanism by which a local fire mobilization radio frequency, consistent with RCW 43.43.963, is identified and made available during the initial response to any forest fire that crosses jurisdictional lines so that all responders

have access to communications during the response. Different initial response frequencies may be identified and used as appropriate in different geographic response areas. If the fire radio communication needs escalate beyond the capability of the identified local radio frequency, the use of other available designated interoperability radio frequencies may be used.

(6) When the department considers it to be in the best interest of the state, it may cooperate with any agency of another state, the United States or any agency thereof, the Dominion of Canada or any agency or province thereof, and any county, town, corporation, individual, or Indian tribe within the state of Washington in forest firefighting and patrol.

Sec. 3. RCW 70.94.6514 and 2009 c 118 s 103 are each amended to read as follows:

(1) Consistent with the policy of the state to reduce outdoor burning to the greatest extent practical, outdoor burning shall not be allowed in:

(a) Any area of the state where federal or state ambient air quality standards are exceeded for pollutants emitted by outdoor burning; or

(b) Any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available.

(2) Notwithstanding any other provision of this section, outdoor burning may be allowed for the exclusive purpose of managing storm or flood-related debris. The decision to allow burning shall be made by the entity with permitting jurisdiction as determined under RCW 70.94.6534 or 70.94.6518. If outdoor burning is allowed in areas subject to subsection (1)(a) or (b) of this section, a permit shall be required, and a fee may be collected to cover the expenses of administering and enforcing the permit. All conditions and restrictions pursuant to RCW 70.94.6526(1) and 70.94.6512 apply to outdoor burning allowed under this section.

(3)(a) Outdoor burning that is normal, necessary, and customary to ongoing agricultural activities, that is consistent with agricultural burning authorized under RCW 70.94.6528 and 70.94.6532, is allowed within the urban growth area in accordance with RCW 70.94.6528(8)(a).

(b) Outdoor burning of cultivated orchard trees shall be allowed as an ongoing agricultural activity under this section in accordance with RCW 70.94.6528(8)(b).

(4) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(5) Notwithstanding any other provisions of this section, outdoor burning that reduces the risk of a wildfire, or is normal, necessary, and customary to ongoing silvicultural activities consistent with silvicultural burning authorized under RCW 70.94.6534(1), is allowed within the urban growth area in accordance with RCW 70.94.6534. Before issuing a burn permit within the urban growth area for any burn that exceeds one hundred tons of material, the department of natural resources shall consult with department of ecology and condition the issuance and use of such permits to comply with air quality standards established by the department of ecology.

Sec. 4. RCW 70.94.6524 and 2009 c 118 s 301 are each amended to read as follows:

(1) It shall be the responsibility and duty of the department of natural resources, department of ecology, department of agriculture, county fire marshals in consultation with fire districts, and local air pollution control authorities to establish, through regulations, ordinances, or policy, a limited burning permit program.

(2) The permit program shall apply to residential and land clearing burning in the following areas:

(a) In the nonurban areas of any county with an unincorporated population of greater than fifty thousand; and

(b) In any city and urban growth area that is not otherwise prohibited from burning pursuant to RCW 70.94.6514.

(3) The permit program shall apply only to land clearing burning in the nonurban areas of any county with an unincorporated population of less than fifty thousand.

(4) The permit program may be limited to a general permit by rule, or by verbal, written, or electronic approval by the permitting entity.

(5) Notwithstanding any other provision of this section, neither a permit nor the payment of a fee shall be required for outdoor burning for the purpose of disposal of tumbleweeds blown by wind. Such burning shall not be conducted during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715. This subsection (5) shall only apply within counties with a population less than two hundred fifty thousand.

(6) Burning shall be prohibited in an area when an alternate technology or method of disposing of the organic refuse is available, reasonably economical, and less harmful to the environment. It is the policy of this state to foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse.

(7) Incidental agricultural burning must be allowed without applying for any permit and without the payment of any fee if:

(a) The burning is incidental to commercial agricultural activities;

(b) The operator notifies the local fire department within the area where the burning is to be conducted;

(c) The burning does not occur during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715; and

(d) Only the following items are burned:

(i) Orchard prunings;

(ii) Organic debris along fence lines or irrigation or drainage ditches; or

(iii) Organic debris blown by wind.

(8) As used in this section, "nonurban areas" are unincorporated areas within a county that are not designated as urban growth areas under chapter 36.70A RCW.

(9) Nothing in this section shall require fire districts to enforce air quality requirements related to outdoor burning, unless the fire district enters into an agreement with the department of ecology, department of natural resources, a local air pollution control authority, or other appropriate entity to provide such enforcement.

Sec. 5. RCW 70.94.6534 and 2010 1st sp.s. c 7 s 128 are each amended to read as follows:

(1) The department of natural resources (~~shall have the responsibility~~) is responsible for issuing and regulating burning permits required by it relating to the following activities for the protection of life or property (~~and/or~~) and for the public health, safety, and welfare:

(c) Instruction of public officials in methods of forest firefighting;

(d) Any silvicultural operation to improve the forestlands of the state, including but not limited to forest health and resiliency, decreasing forest insect or disease susceptibility, maintaining or restoring native vegetation, or otherwise enhancing resiliency to fire; and

(e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility, except for the issuance of permits for reducing the risk of wildfire under RCW 70.94.6514(5). The department of natural resources may enter into cooperative agreements with local fire protection agencies to issue permits for reducing wildfire risk under RCW 70.94.6514(5).

(3) Permit fees shall be assessed for wildfire risk reduction and for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in RCW 70.94.015. The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under this section and RCW 70.94.6536, 70.94.6538, and 70.94.6540. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public.

Sec. 6. RCW 70.94.6536 and 1995 c 143 s 1 are each amended to read as follows:

(1)(a) The department of natural resources shall administer a program to reduce statewide emissions from silvicultural forest burning so as to achieve the following minimum objectives:

~~((+))~~ (i) Twenty percent reduction by December 31, 1994, providing a ceiling for emissions until December 31, 2000; and

~~((+))~~ (ii) Fifty percent reduction by December 31, 2000, providing a ceiling for emissions thereafter.

(b) Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2)(a) The department of natural resources, within twelve months after May 15, 1991, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

(b) The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner's responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, ~~(and)~~ diversity of land ownership, improving forest health and resiliency, decreasing forest insect or disease susceptibility, maintaining or restoring native vegetation, or otherwise enhancing resiliency to fire. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, forest health and resiliency, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The

2019 REGULAR SESSION

plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

(c) The emission reductions in this section are to apply to all forestlands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

(d) The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology, shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years.

(4) Emissions from silvicultural burning in eastern Washington that is conducted for the purpose of restoring forest health or preventing the additional deterioration of forest health are exempt from the reduction targets and calculations in this section if the following conditions are met:

(a) The landowner submits a written request to the department identifying the location of the proposed burning and the nature of the forest health problem to be corrected. The request shall include a brief description of alternatives to silvicultural burning and reasons why the landowner believes the alternatives not to be appropriate.

(b) The department determines that the proposed silvicultural burning operation is being conducted to restore forest health or prevent additional deterioration to forest health; meets the requirements of the state smoke management plan to protect public health, visibility, and the environment; and will not be conducted during an air pollution episode or during periods of impaired air quality in the vicinity of the proposed burn.

(c) Upon approval of the request by the department and before burning, the landowner is encouraged to notify the public in the vicinity of the burn of the general location and approximate time of ignition.

(5) The department of ecology may conduct a limited, seasonal ambient air quality monitoring program to measure the effects of forest health burning conducted under subsection (4) of this section. The monitoring program may be developed in consultation with the department of natural resources, private and public forest landowners, academic experts in forest health issues, and the general public.

Sec. 7. RCW 70.94.6538 and 2009 c 118 s 502 are each amended to read as follows:

The department of natural resources, in granting burning permits for fires for the purposes set forth in RCW 70.94.6534, shall condition the issuance and use of such permits to comply to the extent feasible with air quality standards established by the department of ecology ~~((after full consultation with the~~

~~department of natural resources))~~). Such burning shall not cause the state air quality standards to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when and where air contaminant levels exceed or threaten to exceed the ambient air standards over such critical areas. The air quality shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established monitoring stations over such designated areas. Further, such permitted burning shall not cause damage to public health or the environment. All permits issued under this section shall be subject to all applicable fees, permitting, penalty, and enforcement provisions of this chapter. The department of natural resources shall set forth smoke dispersal objectives designed consistent with this section to minimize any air pollution from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging and alternative silviculture practices to reduce the need for burning. The department of natural resources shall, whenever practical, encourage landowners to develop and use alternative acceptable disposal methods subject to the following priorities: (1) Slash production minimization, (2) slash utilization, (3) nonburning disposal, (4) silvicultural burning. Such alternative methods shall be evaluated as to the relative impact on air, water, and land pollution, public health, and their financial feasibility.

The department of natural resources shall not issue burning permits and shall revoke previously issued permits at any time in any area where the department of ecology or local board has declared a stage of impaired air quality as defined in RCW 70.94.473.

MOTION

Senator Rivers moved that the following striking amendment no. 667 by Senators Rivers and Mullet be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the state of Washington has substantial public interest in the following:

(1) The price and cost of prescription drugs. Washington state is a major purchaser through the department of corrections, the health care authority, and other entities acting on behalf of a state purchaser;

(2) Enacting this chapter to provide notice and disclosure of information relating to the cost and pricing of prescription drugs in order to provide accountability to the state for prescription drug pricing;

(3) Rising drug costs and consumer ability to access prescription drugs; and

(4) Containing prescription drug costs. It is essential to understand the drivers and impacts of these costs, as transparency is typically the first step toward cost containment and greater consumer access to needed prescription drugs.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aggregate retained rebate percentage" means the percentage of all rebates received by a pharmacy benefit manager from all pharmaceutical manufacturers which is not passed on to the pharmacy benefit manager's health carrier clients. An aggregate retained rebate percentage must be expressed without disclosing any identifying information regarding any health plan, prescription drug, or therapeutic class, and must be calculated by dividing:

(a) The aggregate dollar amount of all rebates that the pharmacy benefit manager received during the prior calendar year

from all pharmaceutical manufacturers and did not pass through to the pharmacy benefit manager's health carrier clients; by

(b) The aggregate dollar amount of all rebates that the pharmacy benefit manager received during the prior calendar year from all pharmaceutical manufacturers.

(i) Twenty percent, including the proposed increase and the cumulative increase over one calendar year prior to the date of the proposed increase; or

(ii) Fifty percent, including the proposed increase and the cumulative increase over three calendar years prior to the date of the proposed increase.

(4) "Covered manufacturer" means a person, corporation, or other entity engaged in the manufacture of prescription drugs sold in or into Washington state. "Covered manufacturer" does not include a private label distributor or retail pharmacy that sells a drug under the retail pharmacy's store, or a prescription drug repackager.

(5) "Health care provider," "health plan," "health carrier," and "carrier" mean the same as in RCW 48.43.005.

(6) "Pharmacy benefit manager" means the same as in RCW 19.340.010.

(7) "Prescription drug" means a drug regulated under chapter 69.41 or 69.50 RCW, including generic, brand name, specialty drugs, and biological products that are prescribed for outpatient use and distributed in a retail setting.

(9) "Wholesale acquisition cost" or "price" means, with respect to a prescription drug, the manufacturer's list price for the drug to wholesalers or direct purchasers in the United States, excluding any discounts, rebates, or reductions in price, for the most recent month for which the information is available, as reported in wholesale price guides or other publications of prescription drug pricing.

(2) The twenty-five costliest prescription drugs expressed as a percentage of total plan prescription drug spending, and the plan's total spending for each of these prescription drugs;

(3) The twenty-five drugs with the highest year-over-year increase in wholesale acquisition cost, excluding drugs made available for the first time that plan year, and the percentages of the increases for each of these prescription drugs;

(4) The portion of the premium that is attributable to each of the following categories of covered prescription drugs, after accounting for all rebates and discounts:

(a) Brand name drugs;

- (b) Generic drugs; and
- (c) Specialty drugs;
- (5) The year-over-year increase, calculated on a per member, per month basis and expressed as a percentage, in the total annual cost of each category of covered drugs listed in subsection (4) of this section, after accounting for all rebates and discounts;

Concerning long-term services and supports.

The measure was read the second time.

MOTION

Senator Cleveland moved that the following committee striking amendment by the Committee on Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Long-term care is not covered by medicare or other health insurance plans, and the few private long-term care insurance

plans that exist are unaffordable for most people, leaving more than ninety percent of seniors uninsured for long-term care. The current market for long-term care insurance is broken: In 2002, there were one hundred two companies offering long-term care insurance coverage, but today that number is only twelve.

(2) The majority of people over sixty-five years of age will need long-term services and supports within their lifetimes. The senior population has doubled in Washington since 1980, to currently over one million, and will more than double again by 2040. Without access to insurance, seniors must rely on family care and spend their life savings down to poverty levels in order to access long-term care through medicaid. In Washington, more than eight hundred fifty thousand unpaid family caregivers provided care valued at eleven billion dollars in 2015. Furthermore, family caregivers who leave the workforce to provide unpaid long-term services and supports lose an average of three hundred thousand dollars in their own income and health and retirement benefits.

(3) Paying out-of-pocket for long-term care is expensive. In Washington, the average cost for medicaid in-home care is twenty-four thousand dollars per year and the average cost for nursing home care is sixty-five thousand dollars per year. These are costs that most seniors cannot afford.

(4) Seniors and the state will not be able to continue their reliance on family caregivers in the near future. Demographic shifts mean that fewer potential family caregivers will be available in the future. Today, there are around seven potential caregivers for each senior, but by 2030 that ratio will decrease to four potential caregivers for each senior.

(5) Long-term services and supports comprise approximately six percent of the state operating budget, and demand for these services will double by 2030 to over twelve percent. This will result in an additional six billion dollars in increased near-general fund costs for the state by 2030.

(6) An alternative funding mechanism for long-term care access in Washington state could relieve hardship on families and lessen the burden of medicaid on the state budget. In addition, an alternative funding mechanism could result in positive economic impact to our state through increased state competition and fewer Washingtonians leaving the workforce to provide unpaid care.

(7) The average aging and long-term supports administration medicaid consumer utilizes ninety-six hours of care per month. At current costs, a one hundred dollars per day benefit for three hundred sixty-five days would provide complete financial relief for the average in-home care consumer and substantial relief for the average facility care consumer for a full year or more.

(8) Under current caseload and demographic projections, an alternative funding mechanism for long-term care access could save the medicaid program eight hundred ninety-eight million dollars in the 2051-2053 biennium.

(9) As the state pursues an alternative funding mechanism for long-term care access, the state must continue its commitment to promoting choice in approved services and long-term care settings. Therefore, any alternative funding mechanism program should be structured such that:

(a) Individuals are able to use their benefits for long-term care services in the setting of their choice, whether in the home, a residential community-based setting, or a skilled nursing facility;

(b) The choice of provider types and approved services is the same or greater than currently available through Washington's publicly funded long-term services and supports;

(c) Transitions from private and public funding sources for consumers are seamless; and

(d) Long-term care health status data is collected across all home and community-based settings.

NINETY THIRD DAY, APRIL 16, 2019

CYRUS HABIB, President of the Senate

BRAD HENDRICKSON, Secretary of the Senate

NINETY FOURTH DAY

MORNING SESSION

Senate Chamber, Olympia
Wednesday, April 17, 2019

The Senate was called to order at 10:05 a.m. by the President of the Senate, Lt. Governor Habib presiding. The Secretary called the roll and announced to the President that all Senators were present with the exception of Senator McCoy.

The Sergeant at Arms Color Guard consisting of Pages Miss Lily Hopkins and Mr. Trinity Marden, presented the Colors. Page Miss Grace Cannon led the Senate in the Pledge of Allegiance.

The prayer was offered by Lt. Governor Cyrus Habib.

The President called upon the Secretary to read the journal of the preceding day.

MOMENT OF SILENCE

At the request of the President, the senate rose and observed a moment of silence in remembrance of Mr. Hunter Graham Goodman, former Secretary of the Senate, who passed away on Tuesday, April 16, 2019.

President Habib: "Thank you. I want to say first of all, I wasn't here with you Saturday morning but I know that Hunter was watching the many tributes and points of personal privilege that were offered in Senator O'Ban's words and others that morning. And that our colleague Senator Fain was with him at that time and how much it meant to Hunter that he was honored and in that way. He cared so much about this institution and I know that firsthand. I just want to say one thing before this prayer, which is that, what I would have said Saturday if I were presiding here, is that I came to know Hunter as a friend but the first way I got to know him was when I was coming into this body as a senator and he took such pains, even before the general election. He said, 'You know I have a feeling you're going to win. Can we get lunch and talk about any special needs that you might have?' He said, 'You know, if you don't win, then we wasted some time but it's better then, than waiting until November, because I want to make sure that you're ready to go in as a member of the Senate.' And then, similarly after my primary in 2016, it was Hunter, who even again before the general election, said, 'Let's plan for if you, if you were to win. How are you going to preside? Let's figure that out.' And I said, 'Gee.' I knew that I would figure it out somehow, but how are we going to do it? And Hunter was the one. It was his leadership that led to the machines that you all have, that allows me to do this job. You know and I think all of that speaks to how he was as a person even more than how he was as a professional which is that he went beyond being bipartisan because you would have been fully within his rights to say 'Oh, you haven't won the election yet, you know. Well, what do you mean?' You know. And that wasn't how it was. He was thoughtful, gentle, smart, compassionate, funny, ethical, fair and I really miss him. I miss him a lot. And on behalf of the Senate, I conveyed to Sarah and to Grayson, our condolences and we'll find other ways to recognize Hunter in the weeks and days and weeks to come but we honor his legacy and his memory.

And please, join me now. I, there's a prayer that's very meaningful to me personally and I, I never got to sadly get to, got to talk to Hunter about John Donne, the great British poet who I

suspect Hunter had a great fondness for. For one thing, they were both Cambridge graduates. John Donne was a lawyer, loved politics, was a member of parliament, in fact, and was a deep man a man of deep faith. Just as Hunter was and, in fact, I had this read at my own father's funeral a couple years ago and I think Hunter would enjoy this.

'Bring [him, bring Hunter], O Lord God, at his last awakening, into the house and gate of heaven, to enter into that gate, and dwell in that house where there shall be no darkness nor dazzling, but one equal light; no noise nor silence, but one equal music; no fears nor hopes, but one equal possession; no ends nor beginnings, but one equal eternity; in the habitations of thy majesty and glory, world without end Amen.'"

MOTION

On motion of Senator Liias, the reading of the Journal of the previous day was dispensed with and it was approved.

PERSONAL PRIVILEGE

Senator Liias: "Thank you Mr. President. I join, with our Senate family, I appreciate your comments and I appreciate the prayer you led us in this morning. Like you, when I joined the Senate, it was a difficult transition. I was appointed to the Senate in the middle of our 2014 Legislative Session and so had to transition over while trying to do the work and Hunter was critical to making that a success. And, as I shared with my friends, he let me focus on representing my constituents while he focused on the details of transitioning, which was incredibly kind and generous. And further, Mr. President, in 2018, last session, as the majority transitioned in the Senate, Hunter was a critical link both to our current Secretary, Brad Hendrickson, to pass off the responsibilities. But also to me as our new floor leader to our leadership team to ensure that despite the change in majorities that the Senate would continue to function as it always had. And he once again demonstrated grace and bipartisanship and, as you said, a real love of the institution. So I didn't get as many opportunities to spend time with Hunter as, in reflection, I wish I'd had – our offices were next door to each other for a year, but I do remember fondly and see through his work and his commitment to this institution the love and grace and charity that I know he shared with so many people around the state. So, for my own part, I share in the sadness and appreciate the opportunity to remember him."

MOTION TO LIMIT DEBATE

Pursuant to Rule 29, on motion of Senator Liias and without objection, senators were limited to speaking but once and for no more than three minutes on each question under debate for the remainder of the day by voice vote.

Providing assistance for certain postsecondary students.

The measure was read the second time.

MOTION

Senator Palumbo moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.50 RCW to read as follows:

(1)(a) Subject to availability of amounts appropriated for this specific purpose, the emergency assistance grant program is established to provide students of community and technical colleges monetary aid to assist students experiencing unforeseen emergencies or situations that affect the student's ability to attend classes.

(b) The college board shall administer the competitive grant program in accordance with this section.

(2) The college board shall establish eligibility criteria for community and technical colleges to apply for grants under the grant program. At a minimum, to be eligible for a grant, a community or technical college must:

(a) Demonstrate the need for grant funds. Demonstrating need may include producing demographic data on student income levels, the number of students experiencing food insecurity or homelessness, the number of students who meet the definition of "needy student" under RCW 28B.92.030, the number of students accessing the college's food pantry, if one is available, and other information specific to the student population;

(b) Ensure that students' access to emergency aid funds will be as low barrier as possible and will not require the student to have to fill out the free application for federal student aid to receive emergency funds. However, the college must require the student to request assistance in writing;

(c) Allow flexibility in which students may apply for emergency aid funds. Students who may not meet the definition of "needy student" but who may be experiencing emergency situations must be able to apply for emergency aid funds; and

(d) Indicate how the college will prioritize the disbursement of emergency aid funds.

(3) In selecting grant recipients, the college board must consider a community or technical college's demonstration of

need and the resources and programs already in existence at the college.

(4) A community or technical college shall use grant funds to provide students emergency aid in the form of monetary grants to assist the student in, for example, purchasing food, paying utilities or rent, paying for transportation, child care, or other goods or services that the student needs in order to continue to attend classes. Emergency aid under the grant program is considered a grant and a student is not required to reimburse the community or technical college.

(5) The college board must begin accepting applications for the grant program by December 1, 2019.

(6) The college board shall submit a report to the appropriate committees of the legislature beginning December 1, 2020, and each December 1st thereafter. At a minimum, the report must:

(a) Identify the community and technical colleges receiving grants and the amounts of the grants; and

(b) Summarize how the community and technical colleges distributed funds to students, and provide the number of students, the amounts, and the emergency conditions for which funds were granted.

NEW SECTION. Sec. 2. (1) The legislature finds that students who receive supplemental nutrition assistance program benefits in the form of an electronic benefit transfer card cannot use these benefits to purchase food items from on-campus food retail establishments at institutions of higher education. On-campus food retail establishments or point-of-sale locations such as cafeterias, bookstores, and cafes do not qualify as retail food stores under the federal food and nutrition act of 2008 because these on-campus food retail establishments either do not sell enough categories of staple foods or do not gross over fifty percent of their total sales from staple foods.

(2) The legislature recognizes that students perform better in classes when they are well-nourished, yet finds that students who receive supplemental nutrition assistance program benefits have to travel off campus to use their benefits at a participating vendor, incurring extra travel costs, reducing study time, and causing unnecessary stress.

(3) The legislature finds that this limitation on the use of supplemental nutrition assistance program benefits is a barrier that prevents public and private institutions of higher education from providing equal access to food retail establishments on campuses to all students, faculty, and staff regardless of economic status. The legislature recognizes that eliminating this barrier is vital to assuring equal access to every aspect of Washington's public and private institutions of higher education.

(4) The legislature intends to have the department of social and health services request a waiver from the United States department of agriculture to allow students to use their electronic benefit transfer card at on-campus food retail establishments at Washington's public and private institutions of higher education.

NEW SECTION. Sec. 3. A new section is added to chapter 43.20A RCW to read as follows:

(1) The department shall, in consultation with the state board for community and technical colleges and the student achievement council, seek all necessary exemptions and waivers from and amendments to federal statutes, rules, and regulations, as set forth in this section. These exemptions and waiver requests shall seek to authorize Washington's public and private institutions of higher education to accept supplemental nutrition assistance program benefits in the form of an electronic benefit transfer card at the institutions' on-campus food retail establishments.

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

(2) The department shall report to the appropriate legislative committees quarterly on the efforts to secure the federal changes to permit full implementation of this act at the earliest possible date.

(3) In the event that the department is not able to obtain the necessary exemptions, waivers, or amendments referred to in subsection (1) of this section before January 1, 2020, this section expires on that date and has no further force or effect.

NEW SECTION. Sec. 4. A new section is added to chapter 43.20A RCW to read as follows:

(1)(a) For the purposes of community and technical college students' eligibility for the Washington basic food program, the department shall, in consultation with the state board for community and technical colleges, identify educational programs at the community and technical colleges that would meet the requirements of state-approved employment and training programs.

(b) In identifying educational programs, the department must consider science, technology, engineering, and mathematics programs and must be as inclusive as possible of other programs.

(c) The department shall maintain and regularly update a list of identified programs in accordance with 7 C.F.R. Sec. 273.5(b)(11), which provides that a student is eligible for an exemption from eligibility rules if the student's attendance can be described as part of a program to increase the student's employability.

(d) For the purposes of this section, and to the extent allowed by federal law, a student shall be anticipating participation through a work-study program if he or she can reasonably expect or foresee being assigned work-study employment. For the purposes of this subsection: "Anticipation participation" means a student has received approval of work-study as part of a financial aid package and has yet to receive notice from the institution of higher education that he or she has been denied participation in work-study; and "work-study" means the program created in chapter 28B.12 RCW.

(e) The department shall coordinate with the state board of community and technical colleges and the Washington state student achievement council to identify options that could confer categorical eligibility for students who receive state need grants that are funded through temporary assistance for needy families federal or state maintenance of effort dollars. By January 1, 2020, the department must provide a report to the appropriate committees of the legislature that identifies federal assistance options for state need grant recipients.

(2) If the United States department of agriculture requires federal approval of what constitutes state-approved employment and training programs for the purposes of basic food eligibility, the department shall seek federal approval.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.92 RCW to read as follows:

(1) Each institution of higher education shall provide written notification to every student eligible for the state need grant or state work-study program of possible eligibility for the supplemental nutrition assistance program. The written notification must include information on how to apply for the supplemental nutrition assistance program.

(2) In the event the department of social and health services is not able to obtain the necessary exemptions, waivers, or amendments referred to in section 3 of this act before January 1, 2020, this section expires on that date and has no further force and effect.

NEW SECTION. Sec. 6. If any part of this act is found to be in conflict with federal requirements that are a prescribed

condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 7. The department of social and health services must provide written notice of the expiration date of section 3 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department.

NEW SECTION. Sec. 8. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 3 of the title, after "enrolled;" strike the remainder of the title and insert "adding a new section to chapter 28B.50 RCW; adding new sections to chapter 43.20A RCW; adding a new section to chapter 28B.92 RCW; creating new sections; and providing contingent expiration dates."

POINT OF INQUIRY

Senator Padden: "Senator Keiser, is it your understanding that those current employees who are working under this special certificate will continue to have jobs if this bill passes?"

Senator Keiser: "The certificate remains in place, whether or not the employers continue to employ them is their choice. We do not have real authority or jurisdiction in that regard because it isn't our employees, but I will tell you this, the state programs that have DD clients working at sub-minimum wage will keep their jobs because we have authority over that."

Senator Padden spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed House Bill No. 1706 as amended by the Senate.

Concerning community facilities needed to ensure a continuum of care for behavioral health patients.

The measure was read the second time.

MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a need for additional bed capacity and services for individuals with behavioral health needs. The legislature further finds that for many individuals, it is best for them to receive treatment in their communities and in smaller facilities that help them stay closer to home. The legislature further finds that the state hospitals are struggling to keep up with rising demand; there are challenges to finding appropriate placements for patients ready to discharge, and there are a shortage of appropriate facilities for individuals with complex behavioral health needs.

Therefore, the legislature intends to provide more options in the continuum of care for behavioral health clients by creating new facility types and by expanding the capacity of current provider types in the community.

the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

- (vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

- (c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

- (i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and
- (ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a)

Sec. 8. RCW 71.05.210 and 2017 3rd sp.s. c 14 s 15 are each amended to read as follows:

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement; however, a person may only be referred to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 9. RCW 71.05.210 and 2017 3rd sp.s. c 14 s 16 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a chemical dependency professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period

that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional or chemical dependency professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program, or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement.

(3) An evaluation and treatment center, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 10. RCW 71.05.220 and 2016 sp.s. c 29 s 229 are each amended to read as follows:

At the time a person is involuntarily admitted to an evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program, the professional person in charge or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court.

Sec. 11. RCW 71.05.240 and 2018 c 291 s 7 and 2018 c 201 s 3009 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The

hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program. A court may only enter a commitment order based on a substance use disorder if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 12. RCW 71.05.240 and 2018 c 291 s 8 and 2018 c 201 s 3010 are each reenacted and amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW

71.05.180, or at a time determined under RCW 71.05.148. If requested by the person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

(2) If the petition is for mental health treatment, the court at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department.

(b) Commitment for up to fourteen days based on a substance use disorder must be to either a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for not to exceed ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a mental disorder or substance use disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm or grave disability, the court shall order an appropriate less restrictive alternative course of treatment not to exceed ninety days.

(4) An order for less restrictive alternative treatment must name the mental health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the mental health service provider.

(5) The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. If the commitment is for mental health treatment, the court shall also state to the person and provide written notice that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

Sec. 13. RCW 71.05.360 and 2017 3rd sp.s. c 14 s 20 are each amended to read as follows:

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as chapter 9.41 RCW may limit the right of a

person to purchase or possess a firearm or to qualify for a concealed pistol license if the person is committed under RCW 71.05.240 or 71.05.320 for mental health treatment.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder or substance use disorder, under this chapter or any prior laws of this state dealing with mental illness or substance use disorders. Competency shall not be determined or withdrawn except under the provisions of chapter 10.77 or 11.88 RCW.

(c) Any person who leaves a public or private agency following evaluation or treatment for a mental disorder or substance use disorder shall be given a written statement setting forth the substance of this section.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment.

(3) The provisions of this chapter shall not be construed to deny to any person treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) A judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a person whose mental disorder or substance use disorder presents a likelihood of serious harm or that the person is gravely disabled;

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.153, no later than twelve hours after such person is admitted to the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program the personnel of the

facility or the designated crisis responder shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

(8) At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

- (a) To present evidence on his or her behalf;
- (b) To cross-examine witnesses who testify against him or her;
- (c) To be proceeded against by the rules of evidence;
- (d) To remain silent;
- (e) To view and copy all petitions and reports in the court file.

(9) Privileges between patients and physicians, physician assistants, psychologists, or psychiatric advanced registered nurse practitioners are deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

- (a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;
- (b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;
- (c) To have access to individual storage space for his or her private use;
- (d) To have visitors at reasonable times;
- (e) To have reasonable access to a telephone, both to make and receive confidential calls, consistent with an effective treatment program;
- (f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;
- (g) To discuss treatment plans and decisions with professional persons;

(h) Not to consent to the administration of antipsychotic medications and not to thereafter be administered antipsychotic medications unless ordered by a court under RCW 71.05.217 or pursuant to an administrative hearing under RCW 71.05.215;

(i) Not to consent to the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court under RCW 71.05.217;

(j) Not to have psychosurgery performed on him or her under any circumstances;

(k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.

(11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.

(12) A person challenging his or her detention or his or her attorney shall have the right to designate and have the court appoint a reasonably available independent physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person to examine the person detained, the results of which examination may be used in the proceeding. The person shall, if he or she is financially able, bear the cost of such expert examination, otherwise such expert examination shall be at public expense.

(13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

(14) Nothing in this chapter shall prohibit a person committed on or prior to January 1, 1974, from exercising a right available to him or her at or prior to January 1, 1974, for obtaining release from confinement.

(15) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or an active condition of supervision by the department of corrections.

Sec. 14. RCW 71.05.590 and 2018 c 291 s 9 and 2018 c 201 s 3026 are each reenacted and amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order. The agency, facility, or designated crisis responder must determine that:

- (a) The person is failing to adhere to the terms and conditions of the court order;
- (b) Substantial deterioration in the person's functioning has occurred;
- (c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or
- (d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

- (a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;
- (b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;
- (c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting

2019 REGULAR SESSION

this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure ~~((detoxification))~~ withdrawal management and stabilization facility with available space or an approved substance use disorder treatment program with available space if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initiate initial inpatient detention procedures under subsection (6) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) Except as provided in subsection (6) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment and has adequate space. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection (6) of this section, a person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may

modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection (6) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

(6)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to seventy-two hours, excluding weekends and holidays, pending a court hearing. If the person is not detained, the hearing must be scheduled within seventy-two hours of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the seventy-two hour period, the court must find that the person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

Sec. 15. RCW 71.05.590 and 2018 c 291 s 10 and 2018 c 201 s 3027 are each reenacted and amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release order, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release order. The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, or to an evaluation and treatment facility if the person is committed for mental health treatment, or to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or an approved substance use disorder treatment program if the person is committed for substance use disorder treatment. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection (4) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (4) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initial inpatient detention procedures under subsection (6) of this section.

(3) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(4)(a) Except as provided in subsection (6) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection (4) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection (6) of this section, a person detained under this subsection (4) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person

2019 REGULAR SESSION

has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection (6) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release order or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period may be for no longer than the period authorized in the original court order.

(5) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

(6)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment if the person is committed for mental health treatment, or, if the person is committed for substance use disorder treatment, in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if either is available in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to seventy-two hours, excluding weekends and holidays, pending a court hearing. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the seventy-two hour period, the court must find that the person, as a result of a mental disorder or substance use disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

Sec. 16. RCW 71.05.760 and 2018 c 201 s 3035 are each amended to read as follows:

(ii) Training must include chemical dependency training specific to the duties of a designated crisis responder, including diagnosis of substance abuse and dependence and assessment of risk associated with substance use.

(c) The authority must develop a transition process for any person who has been designated as a designated mental health professional or a designated chemical dependency specialist before April 1, 2018, to be converted to a designated crisis responder. The behavioral health organizations shall provide training, as required by the authority, to persons converting to designated crisis responders, which must include both mental health and chemical dependency training applicable to the designated crisis responder role.

(2)(a) The authority must ensure that at least one sixteen-bed secure ~~((detoxification))~~ withdrawal management and stabilization facility is operational by April 1, 2018, and that at least two sixteen-bed secure ~~((detoxification))~~ withdrawal management and stabilization facilities are operational by April 1, 2019.

(b) If, at any time during the implementation of secure ~~((detoxification))~~ withdrawal management and stabilization facility capacity, federal funding becomes unavailable for federal match for services provided in secure ~~((detoxification))~~

If the individual has been arrested, the evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program shall detain the individual for not more than eight hours at the request of the peace officer. The facility shall make reasonable attempts to contact the requesting peace officer during this time to inform the peace officer that the person is not approved for admission in order to enable a peace officer to return to the facility and take the individual back into custody.

Sec. 18. RCW 71.05.180 and 2016 sp.s. c 29 s 219 are each amended to read as follows:

If the evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the person, it may detain him or her for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance as set forth in RCW 71.05.170. The computation of such seventy-two hour period shall exclude Saturdays, Sundays and holidays.

Sec. 19. RCW 71.05.160 and 2016 sp.s. c 29 s 217 are each amended to read as follows:

Any facility receiving a person pursuant to RCW 71.05.150 or 71.05.153 shall require the designated crisis responder to prepare a petition for initial detention stating the circumstances under which the person's condition was made known and stating that there is evidence, as a result of his or her personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm, or that he or she is gravely disabled, and stating the specific facts known to him or her as a result of his or her personal observation or investigation, upon which he or she bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program pursuant to RCW 71.05.150 or 71.05.153, on the next judicial day following the initial detention, the designated crisis responder shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention.

Sec. 20. RCW 71.05.157 and 2016 sp.s. c 29 s 216 are each amended to read as follows:

(1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider

shall notify the designated crisis responder and the department of corrections of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

(6) No jail or state correctional facility may be considered a less restrictive alternative to an evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program.

Sec. 21. RCW 71.05.148 and 2018 c 291 s 3 are each amended to read as follows:

This section establishes a process for initial evaluation and filing of a petition for assisted outpatient behavioral health treatment, but however does not preclude the filing of a petition for assisted outpatient behavioral health treatment following a period of inpatient detention in appropriate circumstances:

(1) The designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at a mental health facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program.

(2) The designated crisis responder must investigate and evaluate the specific facts alleged and the reliability or credibility of any person providing information. The designated crisis responder may spend up to forty-eight hours to complete the investigation, provided that the person may not be held for investigation for any period except as authorized by RCW 71.05.050 or 71.05.153.

(3) If the designated crisis responder finds that the person is in need of assisted outpatient behavioral health treatment, they may file a petition requesting the court to enter an order for up to ninety days ((~~of~~)) of less restrictive alternative treatment. The petition must include:

(a) A statement of the circumstances under which the person's condition was made known and stating that there is evidence, as a result of the designated crisis responder's personal observation or investigation, that the person is in need of assisted outpatient behavioral health treatment, and stating the specific facts known as a result of personal observation or investigation, upon which the designated crisis responder bases this belief;

(b) The declaration of additional witnesses, if any, supporting the petition for assisted outpatient behavioral health treatment;

(c) A designation of retained counsel for the person or, if counsel is appointed, the name, business address, and telephone number of the attorney appointed to represent the person;

(d) The name of an agency or facility which agreed to assume the responsibility of providing less restrictive alternative treatment if the petition is granted by the court;

(e) A summons to appear in court at a specific time and place within five judicial days for a probable cause hearing, except as provided in subsection (4) of this section.

(4) If the person is in the custody of jail or prison at the time of the investigation, a petition for assisted outpatient behavioral health treatment may be used to facilitate continuity of care after release from custody or the diversion of criminal charges as follows:

(a) If the petition is filed in anticipation of the person's release from custody, the summons may be for a date up to five judicial days following the person's anticipated release date, provided that a clear time and place for the hearing is provided; or

(b) The hearing may be held prior to the person's release from custody, provided that (i) the filing of the petition does not extend the time the person would otherwise spend in the custody of jail or prison; (ii) the charges or custody of the person is not a pretext to detain the person for the purpose of the involuntary commitment hearing; and (iii) the person's release from custody must be expected to swiftly follow the adjudication of the petition. In this circumstance, the time for hearing is shortened to three judicial days after the filing of the petition.

(5) The petition must be served upon the person and the person's counsel with a notice of applicable rights. Proof of service must be filed with the court.

(6) A petition for assisted outpatient behavioral health treatment filed under this section must be adjudicated under RCW 71.05.240.

Sec. 22. RCW 71.05.120 and 2016 sp.s. c 29 s 208 and 2016 c 158 s 4 are each reenacted and amended to read as follows:

(2) Peace officers and their employing agencies are not liable for the referral of a person, or the failure to refer a person, to a mental health agency pursuant to a policy adopted pursuant to RCW 71.05.457 if such action or inaction is taken in good faith and without gross negligence.

(3) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.

Sec. 23. RCW 71.24.037 and 2018 c 201 s 4005 are each amended to read as follows:

(1) The secretary shall by rule establish state minimum standards for licensed or certified behavioral health service providers and services, whether those service providers and services are licensed or certified to provide solely mental health services, substance use disorder treatment services, or services to persons with co-occurring disorders.

(2) Minimum standards for licensed or certified behavioral health service providers shall, at a minimum, establish: Qualifications for staff providing services directly to persons with mental disorders, substance use disorders, or both, the intended result of each service, and the rights and responsibilities of persons receiving behavioral health services pursuant to this chapter. (3) Minimum standards for community support services and resource management services shall include at least qualifications for resource management services, client tracking systems, and the transfer of patient information between behavioral health service providers.

(4) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.70.115 governs notice of a license or certification denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(5) No licensed or certified behavioral health service provider may advertise or represent itself as a licensed or certified behavioral health service provider if approval has not been granted, has been denied, suspended, revoked, or canceled.

(6) Licensure or certification as a behavioral health service provider is effective for one calendar year from the date of issuance of the license or certification. The license or certification must specify the types of services provided by the behavioral health service provider that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(7) Licensure or certification as a licensed or certified behavioral health service provider must specify the types of services provided that meet the standards adopted under this chapter. Renewal of a license or certification must be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

~~((9))~~ (10) The department shall develop a process by which a provider may obtain dual licensure as an evaluation and treatment facility and secure withdrawal management and stabilization facility.

~~((9))~~ (9) Licensed or certified behavioral health service providers may not provide types of services for which the licensed or certified behavioral health service provider has not been certified. Licensed or certified behavioral health service providers may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

~~((9))~~ (10) The department periodically shall inspect licensed or certified behavioral health service providers at reasonable times and in a reasonable manner.

~~((40))~~ (11) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any licensed or certified behavioral health service provider refusing

to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter.

~~((41))~~ (12) The department shall maintain and periodically publish a current list of licensed or certified behavioral health service providers.

~~((42))~~ (13) Each licensed or certified behavioral health service provider shall file with the department or the authority upon request, data, statistics, schedules, and information the department or the authority reasonably requires. A licensed or certified behavioral health service provider that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may have its license or certification revoked or suspended.

~~((43))~~ (14) The authority shall use the data provided in subsection ~~((42))~~ (13) of this section to evaluate each program that admits children to inpatient substance use disorder treatment upon application of their parents. The evaluation must be done at least once every twelve months. In addition, the authority shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into substance use disorder treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

~~((44))~~ (15) Any settlement agreement entered into between the department and licensed or certified behavioral health service providers to resolve administrative complaints, license or certification violations, license or certification suspensions, or license or certification revocations may not reduce the number of violations reported by the department unless the department concludes, based on evidence gathered by inspectors, that the licensed or certified behavioral health service provider did not commit one or more of the violations.

~~((45))~~ (16) In cases in which a behavioral health service provider that is in violation of licensing or certification standards attempts to transfer or sell the behavioral health service provider to a family member, the transfer or sale may only be made for the purpose of remedying license or certification violations and achieving full compliance with the terms of the license or certification. Transfers or sales to family members are prohibited in cases in which the purpose of the transfer or sale is to avoid liability or reset the number of license or certification violations found before the transfer or sale. If the department finds that the owner intends to transfer or sell, or has completed the transfer or sale of, ownership of the behavioral health service provider to a family member solely for the purpose of resetting the number of violations found before the transfer or sale, the department may not renew the behavioral health service provider's license or certification or issue a new license or certification to the behavioral health service provider.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure ((~~detoxification~~)) withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement; however a minor may only be referred to a secure ((~~detoxification~~)) withdrawal management and stabilization facility or approved substance use disorder treatment program if there is a secure ((~~detoxification~~)) withdrawal management and stabilization facility or approved substance use disorder treatment program available and that has adequate space for the minor.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure ((~~detoxification~~)) withdrawal management and stabilization facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children’s mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(9) Rules of evidence shall not apply in fourteen-day commitment hearings.

If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner, or two physician assistants, one of whom must be supervised by a child psychiatrist; (b) one children's mental health specialist and either an examining physician, physician assistant, or a psychiatric advanced registered nurse practitioner; or (c) two among an examining physician, physician assistant, and a psychiatric advanced registered nurse practitioner, one of which needs to be a child psychiatrist~~((+))~~, a physician assistant supervised by a child psychiatrist, or a child and adolescent psychiatric nurse practitioner. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment:

- (a) The court must find by clear, cogent, and convincing evidence that the minor:
 - (i) Is suffering from a mental disorder or substance use disorder;
 - (ii) Presents a likelihood of serious harm or is gravely disabled; and
 - (iii) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(b) If commitment is for a substance use disorder, the court must find that there is an available approved substance use disorder treatment program that has adequate space for the minor.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed to the custody of the secretary for further inpatient mental health treatment, to an approved substance use disorder

treatment program for further substance use disorder treatment, or to a private treatment and evaluation facility for inpatient mental health or substance use disorder treatment if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order.

Sec. 40. RCW 71.34.750 and 2016 sp.s. c 29 s 277 are each amended to read as follows:

(1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of treatment. The evidence in support of the petition shall be presented by the county prosecutor unless the petition is filed by the professional person in charge of a state-operated facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

- (a) The name and address of the petitioner or petitioners;
- (b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;
- (c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility, secure ~~((detoxification))~~ withdrawal management and stabilization facility, or approved substance use disorder treatment program responsible for the treatment of the minor;
- (d) The date of the fourteen-day commitment order; and
- (e) A summary of the facts supporting the petition.

(3) The petition shall be supported by accompanying affidavits signed by: (a) Two examining physicians, one of whom shall be a child psychiatrist, or two psychiatric advanced registered nurse practitioners, one of whom shall be a child and adolescent or family psychiatric advanced registered nurse practitioner. If the petition is for substance use disorder treatment, the petition may be signed by a chemical dependency professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner, or two physician assistants, one of whom must be supervised by a child psychiatrist; (b) one children's mental health specialist and either an examining physician, physician assistant, or a psychiatric advanced registered nurse practitioner; or (c) two among an examining physician, physician assistant, and a psychiatric advanced registered nurse practitioner, one of which needs to be a child psychiatrist~~((+))~~, a physician assistant supervised by a child psychiatrist, or a child and adolescent psychiatric nurse practitioner. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition

shall be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:

(a) Is suffering from a mental disorder or substance use disorder;

(b) Presents a likelihood of serious harm or is gravely disabled; and

(c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed to the custody of the secretary for further inpatient mental health treatment, to an approved substance use disorder treatment program for further substance use disorder treatment, or to a private treatment and evaluation facility for inpatient mental health or substance use disorder treatment if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order.

Sec. 41. RCW 71.34.780 and 2018 c 201 s 5020 are each amended to read as follows:

(1) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor, if committed for mental health treatment, be taken into custody and transported to an inpatient evaluation and treatment facility or, if committed for substance use disorder treatment, be taken into custody and transported to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the minor.

(2) The designated crisis responder or the director or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director or secretary, as appropriate, with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or, subject to subsection (4) of this section, whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions.

(4) A court may not order the return of a minor to inpatient treatment in a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program available with adequate space for the minor.

Sec. 42. RCW 71.34.780 and 2018 c 201 s 5021 are each amended to read as follows:

(1) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor, if committed for mental health treatment, be taken into custody and transported to an inpatient evaluation and treatment facility or, if committed for substance use disorder treatment, be taken into custody and transported to a secure ~~((detoxification))~~ withdrawal management and stabilization facility or approved substance use disorder treatment program.

(2) The designated crisis responder or the director or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director or secretary, as appropriate, with the court in the county

ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions.

MOTION

Senator Dhingra moved that the following amendment no. 730 by Senator Dhingra be adopted:

On page 75, after line 37, insert the following:

"**Sec. 43.** RCW 18.130.175 and 2006 c 99 s 7 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an

adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinatory [(disciplining)])~~) disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinatory [(disciplining)])~~) disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;
- (iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be an agency affiliated counselor registered under chapter 18.19 RCW and practices or intends to practice as a peer counselor in an agency, as defined in RCW 18.19.020, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(b) At least one year in recovery from a substance use disorder, the person may not be required to participate in the substance abuse monitoring program.

Sec. 44. RCW 43.43.842 and 2014 c 88 s 1 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for

employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(d) The offense was theft in the second degree, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section; or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as an agency affiliated counselor registered under chapter 18.19 RCW practicing as a peer counselor in an agency or facility if:

(a) At least one year has passed between the applicant's most recent conviction for an offense set forth in subsection (2) of this section and the date of application for employment;

(b) The offense was committed as a result of the person's substance use or untreated mental health symptoms; and

(c) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

(4) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

NEW SECTION. Sec. 45. A new section is added to chapter 18.19 RCW to read as follows:

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

The department may not automatically deny an applicant for registration under this chapter for a position as an agency affiliated counselor practicing as a peer counselor in an agency or facility based on a conviction history consisting of convictions for simple assault, assault in the fourth degree, prostitution, theft in the third degree, theft in the second degree, or forgery, the same offenses as they may be renamed, or substantially equivalent offenses committed in other states or jurisdictions if:

(1) At least one year has passed between the applicant's most recent conviction for an offense set forth in this section and the date of application for employment;

(2) The offense was committed as a result of the person's substance use or untreated mental health symptoms; and

(3) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

Sec. 46. RCW 18.130.055 and 2016 c 81 s 12 are each amended to read as follows:

(1) The disciplining authority may deny an application for licensure or grant a license with conditions if the applicant:

(a) Has had his or her license to practice any health care profession suspended, revoked, or restricted, by competent authority in any state, federal, or foreign jurisdiction;

(b) Has committed any act defined as unprofessional conduct for a license holder under RCW 18.130.180, except as provided in RCW 9.97.020;

(c) Has been convicted or is subject to current prosecution or pending charges of a crime involving moral turpitude or a crime identified in RCW 43.43.830, except as provided in RCW 9.97.020 and section 45 of this act. For purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the prosecution or sentence has been deferred or suspended. At the request of an applicant for an original license whose conviction is under appeal, the disciplining authority may defer decision upon the application during the pendency of such a prosecution or appeal;

(d) Fails to prove that he or she is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), or the rules adopted by the disciplining authority; or

(e) Is not able to practice with reasonable skill and safety to consumers by reason of any mental or physical condition.

(i) The disciplining authority may require the applicant, at his or her own expense, to submit to a mental, physical, or psychological examination by one or more licensed health professionals designated by the disciplining authority. The disciplining authority shall provide written notice of its requirement for a mental or physical examination that includes a statement of the specific conduct, event, or circumstances justifying an examination and a statement of the nature, purpose, scope, and content of the intended examination. If the applicant fails to submit to the examination or provide the results of the examination or any required waivers, the disciplining authority may deny the application.

(ii) An applicant governed by this chapter is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining health professional's testimony or examination reports by the disciplining authority on the grounds that the testimony or reports constitute privileged communications.

(2) The provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to a decision to deny a license under this section.

(3) The disciplining authority shall give written notice to the applicant of the decision to deny a license or grant a license with conditions in response to an application for a license. The notice must state the grounds and factual basis for the action and be served upon the applicant.

(4) A license applicant who is aggrieved by the decision to deny the license or grant the license with conditions has the right to an adjudicative proceeding. The application for adjudicative proceeding must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, and be served on and received by the department within twenty-eight days of the decision. The license applicant has the burden to establish, by a preponderance of evidence, that the license applicant is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), and the rules adopted by the disciplining authority.

Sec. 47. RCW 18.19.210 and 2013 c 338 s 6 are each amended to read as follows:

(1)(a) An applicant for registration as an agency affiliated counselor who applies to the department within ~~((seven))~~ thirty days of employment by an agency may work as an agency affiliated counselor ~~((for up to sixty days))~~ while the application is processed. (b) The applicant may not provide unsupervised counseling prior to completion of a criminal background check performed by either the employer or the secretary. For purposes of this subsection, "unsupervised" means the supervisor is not physically present at the location where the counseling occurs.

(2) Agency affiliated counselors shall notify the department if they are either no longer employed by the agency identified on their application or are now employed with another agency, or both. Agency affiliated counselors may not engage in the practice of counseling unless they are currently affiliated with an agency.

(1) The department of health shall conduct a sunrise review under chapter 18.120 RCW to evaluate transfer of the peer support counselor certification program under this chapter to the department of health with modifications to allow the program to become a license or certification under the oversight of the department of health subject to oversight, structure, discipline, and continuing education requirements typical of other programs related to behavioral health administered by the department of health. The plan for modification of the program must allow for grandfathering of current individuals who hold the peer support counselor certification. The sunrise review must evaluate the effect of these modifications on professionalism, portability, scope of practice, approved practice locations, workforce, bidirectional integration, and appropriate deployment of peer support services throughout the health system.

(2) The department of health shall conduct a sunrise review under chapter 18.120 RCW to evaluate the need for creation of an advanced peer support specialist credential to provide a license to perform peer support services in the areas of mental health, substance use disorders, and forensic behavioral health. The requirements for this credential must be accessible to persons in recovery and:

(a) Integrate with and complement the attributes of the peer counselor certification program administered by the Washington state health care authority under section 48 of this act;

(b) Provide education, experience, and training requirements that are more stringent than the requirements for the peer counselor certification program but less extensive than the requirements for licensure or certification under other credentials related to behavioral health which are administered by the department of health;

(c) Provide oversight, structure, discipline, and continuing education requirements typical for other professional licenses and certifications;

(d) Allow advanced peer support specialists to maximize the scope of practice suitable to their skills, lived experience, education, and training;

(e) Allow advanced peer support specialists to practice and receive reimbursement in behavioral health capitation rates in the full range of settings in which clients receive behavioral health services which are appropriate for their participation;

(f) Provide a path for career progression to more advanced credentials for those who are interested in pursuing them; and

(g) Incorporate consideration of common barriers to certification and licensure related to criminal history and recovery from behavioral health disorders experienced by peers and accommodate applicants who have these lived experiences to the greatest extent consistent with prudence and client safety.

"**Sec. 1.** RCW 9.94A.533 and 2018 c 7 s 8 are each amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. Notwithstanding any other provision of law, all impaired driving enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other impaired driving enhancements, for all offenses sentenced under this chapter.

An offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c).

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. (e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. (10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other minor child enhancements, for all offenses sentenced under this chapter. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832.

Sec. 2. RCW 9.94A.729 and 2015 c 134 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2)(a) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release

time for that portion of his or her sentence that results from any deadly weapon enhancements.

(b) An offender whose sentence includes any impaired driving enhancements under RCW 9.94A.533(7), minor child enhancements under RCW 9.94A.533(13), or both, shall not receive any good time credits or earned release time for any portion of his or her sentence that results from those enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or 10.95.035, the offender may not receive any earned early release time during the minimum term of confinement imposed by the court; for any remaining portion of the sentence served by the offender, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release

shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(~~(5)~~) (1)(c);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(g) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

Sec. 3. RCW 10.21.055 and 2016 c 203 s 16 are each amended to read as follows:

(1)(a) When any person charged with a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody at arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release that person comply with one of the following four requirements:

(i) Have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or

(ii) Comply with 24/7 sobriety program monitoring, as defined in RCW 36.28A.330; or

(iii) Have an ignition interlock device on all motor vehicles operated by the person pursuant to (a)(i) of this subsection and submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c); or

(iv) Have an ignition interlock device on all motor vehicles operated by the person and that such person agrees not to operate

any motor vehicle without an ignition interlock device as required by the court. Under this subsection (1)(a)(iv), the person must file a sworn statement with the court upon release at arraignment that states the person will not operate any motor vehicle without an ignition interlock device while the ignition interlock restriction is imposed by the court. Such person must also submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c).

(b) The court shall immediately notify the department of licensing when an ignition interlock restriction is imposed(~~(+)~~) as a condition of release (~~(pursuant to (a) of this subsection)~~) or (~~(+)~~) after conviction in instances where a person is charged with, or convicted of, a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522(~~(-)~~ ~~and the offense involves alcohol~~). If the court imposes an ignition interlock restriction, the department of licensing shall attach or imprint a notation on the driving record of any person restricted under this section stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device.

(2)(a) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under subsection (1) of this section. Nothing in this section limits the authority of the court or department under RCW 46.20.720.

(b) If the court authorizes removal of an ignition interlock device imposed under this section, the court shall immediately notify the department of licensing regarding the lifting of the ignition interlock restriction and the department of licensing shall release any attachment, imprint, or notation on such person's driving record relating to the ignition interlock requirement imposed under this section.

(3) When an ignition interlock restriction imposed as a condition of release is canceled, the court shall provide a defendant with a written order confirming release of the restriction. The written order shall serve as proof of release of the restriction until which time the department of licensing updates the driving record.

Sec. 4. RCW 38.52.430 and 2012 c 183 s 6 are each amended to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, RCW 46.61.504; (3) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (~~(3)~~) (4) use of a vessel while under the influence of alcohol or drugs, RCW 79A.60.040; (~~(4)~~) (5) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (~~(5)~~) (6) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied. Following a conviction of an offense listed in this section, and prior to sentencing, the prosecution may present to the court information

setting forth the expenses incurred by the public agency for its emergency response to the incident. Upon a finding by the court that the expenses are reasonable, the court shall order the defendant to reimburse the public agency. The cost reimbursement shall be included in the sentencing order as an additional monetary obligation of the defendant and may not be substituted for any other fine or cost required or allowed by statute. The court may establish a payment schedule for the payment of the cost reimbursement, separate from any payment schedule imposed for other fines and costs. All payments for the cost reimbursement must be remitted directly to the public agency or agencies that incurred the cost associated with the emergency response.

In no event shall a person's liability under this section for the expense of an emergency response exceed two thousand five hundred dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

Sec. 5. RCW 46.20.245 and 2005 c 288 s 1 are each amended to read as follows:

(1) Whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) For persons subject to suspension, revocation, or denial of a driver's license who are eligible for full credit under RCW 46.61.5055(9)(b)(ii), the notice in subsection (1) of this section must also notify the person of the obligation to complete the requirements under RCW 46.20.311 and pay the probationary license fee under RCW 46.20.355 by the date specified in the notice in order to avoid license suspension.

(3) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

(i) Whether the records relied on by the department identify the correct person; and

(ii) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity, regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(e) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in RCW 46.20.308~~((9))~~ (8). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.

~~((3))~~ (4) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

~~((4))~~ (5) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department.

Sec. 6. RCW 46.20.3101 and 2016 c 203 s 18 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within seven years, or for a first refusal where there has been one or more previous incidents within seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.08 or more, or that the THC concentration of the person's blood was 5.00 or more:

(a) For a first incident within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, suspension for ninety days, unless the person successfully completes or is enrolled in a pretrial 24/7 sobriety program;

(b) For a second or subsequent incident within seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.02 or more, or that the THC concentration of the person's blood was above 0.00:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(4) The department shall grant credit on a day-for-day basis for ~~((any portion of))~~ a suspension, revocation, or denial ~~((already served))~~ imposed under this section for any portion of a suspension, revocation, or denial ~~((imposed))~~ already served under RCW 46.61.5055 arising out of the same incident. If a person has already served a suspension, revocation, or denial under RCW 46.61.5055 for a period equal to or greater than the period imposed under this section, the department shall provide notice of full credit, shall provide for no further suspension or revocation under this section, and shall impose no additional reissue fees for this credit.

Sec. 7. RCW 46.20.355 and 1998 c 209 s 3 and 1998 c 41 s 5 are each reenacted and amended to read as follows:

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) If a person is eligible for full credit under RCW 46.61.5055(9)(b)(ii) and, by the date specified in the notice issued under RCW 46.20.245, has completed the requirements under RCW 46.20.311 and paid the fee under subsection (5) of this section, the department shall issue a probationary license on the date specified in the notice with no further action required of the person.

(5) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

~~((§))~~ (6) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a

probationary license shall not be a part of the person's record that is available to insurance companies.

Sec. 8. RCW 46.20.720 and 2017 c 336 s 5 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of ~~((0.025))~~ 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while ~~((#))~~ one or more passengers under the age of sixteen ~~((was))~~ were in the vehicle shall be extended for an additional ~~((six-month))~~ period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by one hundred eighty days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of ~~((0.025))~~ 0.020 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than ~~((0.025))~~ 0.020, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4)

of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty-~~one~~ dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

Sec. 9. RCW 46.20.740 and 2015 2nd sp.s. c 3 s 4 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e).

NINETY FOURTH DAY, APRIL 17, 2019

suspension, revocation, or denial ~~((imposed))~~ already served under RCW 46.20.3101 arising out of the same incident.

(ii) If a person has already served a suspension, revocation, or denial under RCW 46.20.3101 for a period equal to or greater than the period imposed under this subsection (9), the department shall provide notice of full credit, shall provide for no further suspension or revocation under this subsection provided the person has completed the requirements under RCW 46.20.311 and paid the probationary license fee under RCW 46.20.355 by the date specified in the notice under RCW 46.20.245, and shall impose no additional reissue fees for this credit.

(c) Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

(d) Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

(e) For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall

2019 REGULAR SESSION

order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

(3)(a) It is an affirmative defense to a violation of subsection (1)(a) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(b) It is an affirmative defense to a violation of subsection (1)(b) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of marijuana after the time of driving and before the administration of an analysis of the person's blood to cause the defendant's THC concentration to be 5.00 or more within two hours after driving. (4)(a) Analyses of blood or breath samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had an alcohol concentration of 0.08 or more in violation of subsection (1)(a) of this section, and in any case in which the analysis shows an alcohol concentration above 0.00 may be used as evidence that a person was under the influence of or affected by intoxicating liquor or any drug in violation of subsection (1)(c) or (d) of this section.

Sec. 18. RCW 9.94A.525 and 2017 c 272 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary

conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW (~~9A.44.130~~) 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW (~~9A.44.130~~) 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order RCW 26.50.110, felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW 9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(b) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after July 23, 2017, for any of the following offenses: Assault of a child in the first degree, RCW 9A.36.120; Assault of a child in the second degree, RCW 9A.36.130; Assault of a child in the third degree, RCW 9A.36.140; Criminal Mistreatment in the first degree, RCW 9A.42.020; or Criminal Mistreatment in the second degree, RCW 9A.42.030;

(c) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for the offenses listed in (a) of this subsection; and

(d) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was pleaded and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

Sec. 19. RCW 46.20.311 and 2016 c 203 s 12 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or

driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred ~~(fifty)~~ seventy-five dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars.

Sec. 20. RCW 46.20.385 and 2017 c 336 s 4 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its

restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

NEW SECTION. Sec. 21. (1) Within existing resources, the Washington association of sheriffs and police chiefs shall review current laws and regulations regarding the sentencing structure for impaired driving offenses in an effort to reduce fatalities from individuals driving under the influence. Establishing a law enforcement grant program to expand alternatives to arrest and jail processes.

MOTION

Senator Dhingra moved that the following subcommittee striking amendment by the Subcommittee on Behavioral Health to the Committee on Health & Long Term Care be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 36.28A RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs, in consultation with the law enforcement assisted diversion national support bureau, shall develop and implement a grant program aimed at supporting local initiatives to properly identify criminal justice system-involved persons with substance use disorders and other behavioral health needs and engage those persons with therapeutic interventions and other services, the efficacy of which have been demonstrated by experience, peer-reviewed research, or which are credible promising practices, prior to or at the time of jail booking, or while in custody.

(2) Grants must be awarded to local jurisdictions based on locally developed proposals to establish or expand existing programs. The lead proposing agency may be a law enforcement agency, other local government entity, or a nonprofit community-based organization. All proposals must include governing involvement from community-based organizations, local government, and law enforcement, and must also demonstrate engagement of law enforcement, prosecutors, civil rights advocates, public health experts, harm reduction practitioners, organizations led by and representing individuals with past justice system involvement, and public safety advocates. A peer review panel appointed by the Washington association of sheriffs and police chiefs in consultation with the law enforcement assisted diversion national support bureau, integrated managed care organizations and behavioral health organizations must review the grant applications. The peer review panel must include experts in harm reduction and civil rights experts.

(3)(a) Programs preferred for the award of grant funding are those that have a prebooking diversion focus and demonstrate how they will impact one or more of the expected outcomes of the grant program. Preferred programs must contain one or both of the following components:

(i) Employment of tools and strategies to accurately identify individuals with substance use disorders and other behavioral health needs who are known to commit law violations, at or prior to the point of arrest, and immediately engage those individuals with appropriate community-based care and support services that have been proven to be effective for marginalized populations by experience or peer-reviewed research or that are credible promising practices; and

(ii) Capacity to receive ongoing referrals to the same community-based care approach for persons with substance use disorders and other behavioral health needs encountered in jail, with an emphasis on securing the release of those individuals whenever possible consistent with public safety and relevant court rules.

(b) Proposals targeting prebooking diversion may use funds to identify and refer persons who are encountered in jail to community-based services.

(4) Up to twenty-five percent of the total funds appropriated for the grant program may be allocated to proposals containing any of the following components:

(a) Utilization of case manager and peer support services for persons with substance use disorders and other behavioral health needs who are incarcerated in jails;

(b) Specialized training for jail staff relating to incarcerated individuals with substance use disorders and other behavioral health needs;

(c) Comprehensive jail reentry programming for incarcerated persons with substance use disorders and other behavioral health needs; and

(d) Other innovative interventions targeted specifically at persons with substance use disorders and other behavioral health needs who are brought to jail for booking or are incarcerated in jails.

(5) Proposals must provide a plan for tracking client engagement and describe how they will impact one or more of the expected outcomes of the grant program. Grant recipients must agree to comply with any data collection and reporting requirements that are established by the Washington association of sheriffs and police chiefs in consultation with the law enforcement assisted diversion national support bureau. Grant recipients whose proposals include prebooking diversion programs must engage with the law enforcement assisted diversion national support bureau for technical assistance regarding best practices for prebooking diversion programs, and regarding establishment of an evaluation plan. Subject to appropriated funding, grant awards will be eligible for annual renewal conditioned upon the recipient's demonstration that the funded program is operating in alignment with the requirements for the grant program.

(6) The Washington association of sheriffs and police chiefs must ensure that grants awarded under this program are separate and distinct from grants awarded pursuant to RCW 36.28A.440. Grant funds may not be used to fulfill minimum medical and treatment services that jails or community mental health agencies are legally required to provide.

(7) Once the Washington association of sheriffs and police chiefs, after consultation with the law enforcement assisted diversion national support bureau, certifies that a selected applicant satisfies the proposal criteria, the grant funds will be distributed. To the extent possible, grant awards should be geographically distributed on both the east and west sides of the crest of the Cascade mountain range. Grant applications that include local matching funds may be prioritized. Grant recipients must be selected no later than March 1, 2020.

(8)(a) The grant program under this section must be managed to achieve expected outcomes which are measurable and may be used in the future to evaluate the performance of grant recipients and hold them accountable for the use of funding. The initial expected outcomes defined for the grant program include:

(i) To reduce arrests, time spent in custody, and/or recidivism for clients served by the program;

(ii) To increase access to and utilization of nonemergency community behavioral health services;

(iii) To reduce unnecessary utilization of emergency services;

(iv) To increase resilience, stability, and well-being for clients served; and

(v) To reduce costs for the justice system compared to processing cases as usual through the justice system.

(b) Programs which apply for and are awarded grant funding may focus on a subset of these outcomes and may target a segment of an outcome, such as reducing time spent in custody but not arrests. The Washington association of sheriffs and police chiefs, in consultation with the law enforcement assisted diversion national support bureau, must develop a plan, timetable, and budget by December 1, 2019, to transition the grant program into a performance-based contracting format and to establish an evidence-based evaluation framework. The plan may include making reasonable modifications to the initial expected outcomes for use in grant contracts. Delivery of the plan to the governor and appropriate committees of the legislature may be combined with the annual report provided in subsection (9) of this section. Subject to appropriations, the research and data division of the department of social and health services and Washington institute for public policy must provide technical support and consultation to support plan development.

(9) The Washington association of sheriffs and police chiefs must submit an annual report regarding the grant program to the governor and appropriate committees of the legislature by December 1st of each year the program is funded. The report must

In preparing the report, the Washington association of sheriffs and police chiefs may consult with the law enforcement assisted diversion national support bureau.

(10) Nothing in this section prohibits the Washington association of sheriffs and police chiefs from soliciting or accepting private funds to support the program created in this section.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2097, by House Committee on Appropriations (originally sponsored by Kretz, Chapman, Springer, Blake, Pettigrew, Dent, Schmick, Dye, Maycumber, Wilcox and Corry)

Addressing statewide wolf recovery.

The measure was read the second time.

MOTION

Senator Short moved that the following committee striking amendment by the Committee on Agriculture, Water, Natural Resources & Parks be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) It is the legislature's intent to support full recovery of gray wolves in Washington state in accordance with the department of fish and wildlife's 2011 wolf recovery and management plan and state law. It is also the legislature's intent to support the livestock industry and rural lifestyles and ensure that state agencies and residents have the tools necessary to support coexistence with wolves.

(2) The wolf plan requires that the department of fish and wildlife conduct a review of the effectiveness of the plan's implementation every five years. The legislature finds that because the regional recovery goals have been exceeded in the eastern Washington recovery region, but not yet in other regions, it is timely for the department of fish and wildlife to conduct a periodic status review and recommend to the state fish and wildlife commission whether a change in status is warranted.

(3) Furthermore, the legislature recognizes that management of wolf-livestock conflict is key to both wolf recovery and public acceptance of wolves in rural areas and that as the wolf population grows, and even after it achieves recovery, stable and adequate funding for nonlethal wolf deterrence will be needed to support livestock producers and the livestock industry and minimize the

need for lethal removal of wolves. As such, it is the intent of the legislature, regardless of the listing status of gray wolves, to continue to sufficiently fund nonlethal deterrents for minimizing depredation of livestock by wolves. Proactive deterrence and community collaboration, as set forth in RCW 16.76.020, are necessary to reduce conflict between wolves and livestock and will be important for maintaining the economic viability of the livestock industry, the state's wolf populations, and public acceptance of wolves in northeast Washington after wolves have recovered and have been delisted.

(4) Further, the legislature intends to expand funding and personnel resources in the department of fish and wildlife for similar nonlethal deterrent efforts to mitigate conflicts statewide, as wolves recover in the remainder of the state beyond northeast Washington.

NEW SECTION. Sec. 2. A new section is added to chapter 77.12 RCW to read as follows:

The department shall implement conflict mitigation guidelines that distinguish between wolf recovery regions, identified in the 2011 wolf conservation and management plan, that are at or above the regional recovery objective and wolf recovery regions that are below the regional recovery objective. In developing conflict management guidelines, the department shall consider the provisions of its 2011 wolf recovery and management plan, and all regional plans must include proactive nonlethal deterrents regardless of listing status.

NEW SECTION. Sec. 3. A new section is added to chapter 77.36 RCW to read as follows:

The department shall maintain sufficient staff resources in Ferry and Stevens counties for response to wolf-livestock conflict on an ongoing basis and for coordination with livestock producers on the continued implementation of proactive nonlethal deterrents.

Sec. 4. RCW 16.76.020 and 2017 c 257 s 3 are each amended to read as follows:

(1) The northeast Washington wolf-livestock management grant is created within the department. Funds from the grant program must be used only for the deployment of nonlethal deterrence resources in any Washington county east of the crest of the Cascade mountain range that shares a border with Canada, including human presence, and locally owned and deliberately located equipment and tools.

(2)(a) A four-member advisory board is established to advise the department on the expenditure of the northeast Washington wolf-livestock management grant funds. Advisory board members must be knowledgeable about wolf depredation issues, and have a special interest in the use of nonlethal wolf management techniques. Board members are unpaid, are not state employees, and are not eligible for reimbursement for subsistence, lodging, or travel expenses incurred in the performance of their duties as board members. The director must appoint each member to the board for a term of two years. Board members may be reappointed for subsequent two-year terms. The following board members must be appointed by the director in consultation with each applicable conservation district and the legislators in the legislative district encompassing each county:

(i) One Ferry county conservation district board member or staff member;

(ii) One Stevens county conservation district board member or staff member;

(iii) One Pend Oreille conservation district board member or staff member; and

(iv) One Okanogan conservation district board member or staff member.

NINETY FOURTH DAY, APRIL 17, 2019

2019 REGULAR SESSION

(b) If no board member or staff member qualifies under this section, the director must appoint a resident of the applicable county to serve on the board.

(c) Board members may not:

(i) Directly benefit, in whole or in part, from any contract entered into or grant awarded under this section; or

(ii) Directly accept any compensation, gratuity, or reward in connection with such a contract from any other person with a beneficial interest in the contract.

(3) The board must help direct funding for the deployment of nonlethal deterrence resources, including human presence, and locally owned and deliberately located equipment and tools. Funds may only be distributed to nonprofit community-based collaborative organizations that have advisory boards that include personnel from relevant agencies including, but not limited to, the United States forest service and the Washington department of fish and wildlife, or to individuals that are willing to receive technical assistance from the same agencies.

(4) To ensure accountability and efficient use of funds between agencies involved in wolf-livestock management, the department must maintain a list of grants awarded under this section and at least annually share the list with the department of fish and wildlife.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "recovery;" strike the remainder of the title and insert "amending RCW 16.76.020; adding a new section to chapter 77.12 RCW; adding a new section to chapter 77.36 RCW; and creating new sections."

(b) The secretary and the disciplining authorities shall update the list at least once every two years.

(c) By June 30, 2016, the department shall adopt rules establishing minimum standards for the training programs included on the model list. The minimum standards must require that six-hour trainings include content specific to veterans and the assessment of issues related to imminent harm via lethal means or self-injurious behaviors and that three-hour trainings for pharmacists include content related to the assessment of issues related to imminent harm via lethal means. When adopting the rules required under this subsection (6)(c), the department shall:

However, the disciplining authority may approve training that includes only screening and referral elements if appropriate for the profession in question based on the profession's scope of practice. The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(11) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. (3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. (1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinatory [disciplining]))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinatory [disciplining]))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW

18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

(i) An approved monitoring treatment program;

(ii) The professional association operating the program;

(iii) Members, employees, or agents of the program or association;

(iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW if:
