## Notes

---

The brief descriptions and digest paragraphs in this digest were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Brief descriptions and digest paragraphs are not offered in substitution of or supplementary to the official titles and official text of the legislative measures. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

---

---

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

---

Companion bills are shown for original bills only.

---

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

# HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

## DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members  
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed  
VO - Veto overridden  
PV - Partial Veto  
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

## RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("\*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "\*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

## TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

## OTHER PUBLICATIONS

The Session Laws published after each session can be used to refer to the following:

- (1) Table of Contents (List of Acts in Chapter Order)
- (2) Text of new acts (Session Laws)
- (3) Bill Number to Chapter Number Table
- (4) RCW to Chapter Number
- (5) Uncodified Session Law Sections affected by Current Statutes
- (6) Topical Index of Statutes

The Legislative Report final edition contains:

- (1) Statistical Summary
- (2) Topical Index and Numerical Index
- (3) Analyses of Bills which passed the Legislature
- (4) Gubernatorial Veto Messages
- (5) Budget Data
- (6) Session Law Citations
- (7) Session Law Citations
- (8) List of Legislative Officers and Legislative Members by District
- (9) Standing and Interim Committee Assignments

**HB 1000** by Representatives Kessler, Kagi, Wallace, Moeller, B. Sullivan, Wood, Warnick, and Ormsby

Adding porphyria to the list of disabilities for special parking privileges.

(DIGEST AS ENACTED)

Adds porphyria to the list of disabilities for special parking privileges.

VETO MESSAGE ON HB 1000

April 17, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, House Bill No. 1000 entitled:

"AN ACT Relating to adding porphyria to the list of disabilities for special parking privileges."

Section 2, the emergency clause, was retained from a previous version of the bill. The bill sponsor, stakeholders and the Department of Licensing do not feel it is a necessary component of the bill. An emergency clause is used when immediate enactment of a bill is necessary to preserve the public peace, health, or safety or when it is necessary for the support of state government. It should be used sparingly because its application has the effect of limiting citizens' right to referendum. If retained, the emergency clause would move forward implementation of House Bill No. 1000 by approximately 15 days. Delaying the bill's implementation by 15 days does not rise to the level of public health risk necessitating an emergency clause.

For these reasons, I have vetoed Section 2 of House Bill No. 1000.

With the exception of Section 2, House Bill No. 1000 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

**HB 1003** by Representatives Darneille, Cody, Schual-Berke, Dickerson, Moeller, Flannigan, and Kenney

Concerning sexually transmitted infections in correctional facilities.

Declares an intent to study and implement a uniform system of sexually transmitted infections testing, reporting, and treatment.

Requires the secretary of the department of corrections or the secretary's designee, in consultation with the secretary of the department of health or the secretary's designee, to develop and implement a five-year strategic plan to reduce the prevalence and spread of sexually transmitted infections in correctional facilities operated by the department of corrections.

Directs the secretary of the department of corrections to report the department's five-year strategic plan and recommendations to the governor and the appropriate committees of the legislature, annually on November 1st, regarding the implementation and effectiveness of the strategy described in this act.

(DIGEST AS ENACTED)

Directs the administrative office of the courts to develop and prepare standard petition, temporary order for protection, and permanent order for protection forms, a standard notice form to provide notice to the vulnerable adult if the vulnerable adult is not the petitioner, instructions, and a court staff handbook on the protection order process. The standard petition and order for protection forms must be used after October 1, 2007, for all petitions filed and orders issued under this chapter. The administrative office of the courts, in preparing the instructions, forms, notice, and handbook, may consult with attorneys from the elder law section of the Washington state bar association, judges, the department, the Washington protection and advocacy system, and law enforcement personnel.

Directs the administrative office of the courts to determine the significant non-English-speaking or limited-English-speaking populations in the state. The administrator shall then arrange for translation of the instructions required by this act, which shall contain a sample of the standard petition and order for protection forms, into the languages spoken by those significant non-English-speaking populations, and shall distribute a master copy of the translated instructions to all court clerks by December 31, 2007.

Provides that any vulnerable adult who has not been adjudicated fully incapacitated under chapter 11.88 RCW, or the vulnerable adult's guardian, at any time subsequent to entry of a permanent protection order under chapter 74.34 RCW, may apply to the court for an order to modify or vacate the order. In a hearing on an application to dismiss or modify the protection

order, the court shall grant such relief consistent with RCW 74.34.110 as it deems necessary for the protection of the vulnerable adult, including dismissal or modification of the protection order.

Establishing work groups to periodically review and update the child support schedule.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, beginning in 2011 and every four years thereafter, a work group shall be convened to review the child support guidelines and the child support review report prepared under this act and determine if the application of the child support guidelines results in appropriate support orders.

Requires that, by October 1, 2011, and every four years thereafter, the work group shall report its findings and recommendations to the legislature, including recommendations for legislative action, if necessary.

Provides that, beginning in 2011 and every four years thereafter, the joint legislative audit and review committee subject to the committee's approval, or other entity designated by the legislature, shall: (1) Review and analyze data collected from the order summary report, the recommendations of the previous child support work group, the current child support guidelines, and other relevant research and data regarding the cost of child rearing, as well as research and data on the application of, and

deviations from, the child support guidelines in order to perform the required quadrennial review of the Washington state child support guidelines under RCW 26.19.025; and

(2) Prepare a report to the legislature no later than July 1, 2011, and every four years thereafter, on the application of the current child support guidelines, and on the recommendations of the prior work group.

Provides that, by August 1, 2007, the division of child support shall convene a work group to examine the current laws, administrative rules, and practices regarding child support, with members as provided in this act. The objective of the work group shall be to continue the work of the 2005 child support guidelines work group, and produce findings and recommendations to the legislature, including recommendations for legislative action, by December 30, 2007.

Requiring construction contractors to display their licenses and certificates.

Finds that dishonest construction contractors sometimes hire persons without proper licensing and certification to do electrical, plumbing, and conveyance work. This practice gives honest contractors an unfair competitive disadvantage and leaves workers and customers vulnerable. Requiring persons with proper

licensing and certification to visibly display their licenses and certificates while doing such work will help address the problems of the underground economy in the construction industry, level the playing field for honest contractors, and protect workers and consumers.

Encouraging safe storage of firearms.

Declares that, except as otherwise provided in this act, a person is guilty of reckless endangerment if the person stores or leaves a loaded firearm in a location where the person knows, or reasonably should know, that a child is likely to gain access, and a child obtains possession of the loaded firearm.

Does not apply if: (1) The firearm is secured in a locked box, gun safe, other secure locked storage space, or secured with a lock or any device that prevents the firearm from discharging;

(2) The child's access to the firearm is supervised by an adult;

(3) The child's access to the firearm was obtained as a result of an unlawful entry; or

(4) The child's access to the firearm was in accordance with RCW 9.41.042.

Provides that, when selling any firearm, every dealer shall offer to sell or give the purchaser a locked box, gun safe, a lock, or any device that prevents the firearm from discharging.

Requires that, every store, shop, or sales outlet where firearms are sold, that is registered as a dealer in firearms with the department of licensing, shall conspicuously post, in a prominent location so that all patrons may take notice, the following warning sign, to be provided by the department of licensing, in block letters at least one inch in height:

"IT IS UNLAWFUL TO STORE OR LEAVE AN UNSECURED, LOADED FIREARM WHERE A CHILD CAN AND DOES OBTAIN POSSESSION."

Prioritizing basic education expenditures within the state appropriations process.

Declares an intent to require that all appropriations for K-12 basic education, together with appropriations for other K-12 education programs, be enacted into law before the legislature takes executive action on other omnibus appropriations legislation.

Provides that, beginning with the 2009-2011 fiscal biennium and thereafter, appropriations for the purposes of this act and other K-12 education purposes must be made in legislation that is separate from the omnibus operating appropriations act. Such appropriations must be enacted into law before it is in order for either house of the legislature to take executive action on omnibus operating appropriations legislation.

Regulating small loans.

Finds that consumers should be able to access loans at reasonable rates; no one should have to pay usurious interest rates. Paying the interest rates associated with payday loans can cause a borrower to need a loan to pay off their loan. By turning to payday loans again and again, the borrower can become trapped in a debt cycle.

Declares that the director of the department of financial institutions must ensure compliance with laws prohibiting rollovers by thorough and regular examinations and investigations. Violations of the prohibition on rollovers or other consumer protections by a licensee in chapter 31.45 RCW must be followed by timely and appropriate disciplinary actions.

Requires the director of the department of financial institutions to study the merits of implementing a real-time database that allows licensees to verify if a consumer has an outstanding small loan. The director shall study the cost of a database and the effectiveness of a database in limiting the possibility of an excessive number of contemporaneous loans. The director must provide the findings of this study to the committees of the legislature that address financial regulation no later than November 30, 2007. Provides that military borrowers, as defined in RCW 31.45.210(3), must be offered the payment plan option terms and conditions in RCW 31.45.210(2).

Requires that a licensee shall: (1) When collecting any delinquent small loan, not garnish any wages or salary paid for service in the armed forces;

(2) Defer any payments on a small loan that was taken out prior to deployment by a military borrower who has been deployed to a combat or combat support posting until thirty days after the duration of the posting. A licensee shall not charge a fee or accrue interest on a small loan while the payments are deferred;

(3) Defer until thirty days after the duration of the posting all collection activity against a military borrower who has been deployed to a combat or combat support posting;

(4) Not contact, or threaten to contact, either orally or in writing, the military chain of command of a military borrower in an effort to collect a delinquent small loan;

(5) Not communicate with a military borrower in such a manner as to harass, intimidate, threaten, or embarrass the military borrower, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, by threats of criminal prosecution, and by use of offensive language.

Companion Bill: 5034

Phasing out the use of polybrominated diphenyl ethers.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that polybrominated diphenyl ethers (PBDEs) have been used extensively as flame retardants in a large number of common household products for the past thirty years. Studies on animals show that PBDEs can impact the developing brain, affecting behavior and learning after birth and into adulthood, making exposure to fetuses and children a particular concern. Levels of PBDEs are increasing in people, and in the environment, particularly in North America. Because people can be exposed to these chemicals through house dust and indoor air as well as through food, it is important to phase out their use in common household products, provided that effective flame retardants that are safer and technically feasible are available at a reasonable cost.

Requires that, by December 15, 2008, the department and the department of health shall review risk assessments, scientific studies, and other relevant findings regarding alternatives to the use of commercial deca-bde in residential upholstered furniture, televisions, and computers.

Requires the department and the department of health to document their findings and the findings of the fire safety committee in a report to the legislature by December 15, 2008. The report must also include any additional evidence of the potential harm posed by deca-bde.

Provides that, if the department and the department of health jointly find, by December 15, 2008, that an effective flame retardant that is safer than commercial deca-bde and technically feasible for use in residential upholstered furniture, televisions, or computers is not available or if the fire safety committee finds that an alternative to commercial deca-bde does not meet applicable fire safety standards, the department shall by rule grant an exemption to allow for the manufacture, sale, or distribution of products prohibited from manufacture, sale, or distribution under this act.

Provides that a manufacturer of products containing PBDEs in violation of this act is punishable by a civil penalty not to exceed one thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are liable for a civil penalty not to exceed five thousand dollars for each repeat offense. Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070.

**HB 1028** by Representatives B. Sullivan, Linville, Chase, and Miloscia

Companion Bill: 6121

Establishing a state report card for education.

Finds that accountability for meeting high standards of student achievement should be expected from individual students, schools, school districts, and educators, as well as state officials and the legislature.

Finds that the state and the overall system of public schools should be expected to demonstrate that the necessary instruction, support, and resources are being provided to students to enable them to meet the higher standards before consequences are imposed on individual students.

Declares an intent to create the Washington state report card for education based on statewide goals for improving academic achievement, increasing high school graduation, reducing the achievement gap, increasing per pupil funding, and reducing class size. The Washington state report card for education will serve as a mechanism to hold the state and the system of public schools accountable for their performance on the statewide goals, each of which must be reached before students are held individually accountable for their performance on the Washington assessment of student learning.

Defining E85 motor fuel.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that "E85 motor fuel" means an alternative fuel that is a blend of denatured ethanol and hydrocarbon that typically contains eighty-five percent ethanol by volume, but at a minimum must contain seventy percent ethanol by volume, and complies with ASTM specification D5798-99.

**HB 1029-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives B. Sullivan, Linville, and Morris)

Defining E85 motor fuel. (REVISED FOR PASSED LEGISLATURE: Defining alternative motor fuels.)

(DIGEST AS ENACTED)

Declares that "alternative fuel" means all products or energy sources used to propel motor vehicles, other than conventional gasoline, diesel, or reformulated gasoline. Alternative fuel includes, but is not limited to, liquefied petroleum gas, liquefied natural gas, compressed natural gas, biodiesel fuel, E85 motor fuel, fuels containing seventy percent or more by volume of alcohol fuel, fuels that are derived from biomass, hydrogen fuel, anhydrous ammonia fuel, nonhazardous motor fuel, or electricity, excluding onboard electric generation.

Provides that "E85 motor fuel" means an alternative fuel that is a blend of ethanol and hydrocarbon of which the ethanol portion is nominally seventy-five to eighty-five percent denatured fuel ethanol by volume that complies with the most recent version of American society of testing and materials specification D 5798.

Enhancing the penalty for eluding a police vehicle.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the prosecuting attorney may file a special allegation of endangerment by eluding in every criminal case involving a charge of attempting to elude a police vehicle under RCW 46.61.024, when sufficient admissible evidence exists, to show that another person was threatened with physical injury or harm by the actions of the person committing the crime of attempting to elude a police vehicle.

Provides that, in a criminal case in which there has been a special allegation the state shall prove beyond a reasonable doubt that the accused committed the crime while endangering another person. The court shall make a finding of fact of whether or not another person was endangered at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not another person was endangered during the commission of the crime.

Provides that an additional twelve months shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering another person under this act.

**HB 1031** by Representatives Morris, Hudgins, Moeller, Linville, B. Sullivan, and Chase

Changing provisions concerning electronic devices.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to establish individual privacy rights in an era of innovation of new technologies. It is further the intent to establish such rights so that manufacturers and sellers of new, innovative technologies have a predictable set of known, individual rights to be aware of before offering their technology for sale or use in the state of Washington.

Provides that all consumers shall have the following fundamental rights with respect to electronic privacy: (1) The right to receive notice of an entity's information practices before any personal information is collected about them;

(2) The right to receive choices as to how any personal information collected from an individual may be used;

(3) The right to access one's personal information and to contest the accuracy of such information;

(4) The right to expect that collectors of data will implement security measures to ensure that their data is accurate and secure; and

(5) The right to seek private remedies if an entity fails to comply with any of the principles outlined in this act.

Requires that any person who sells or utilizes an electronic communication device must implement adequate security measures to ensure that information is secure from unauthorized access, loss, or tampering. These security measures should be consistent with industry standards that are commensurate with the amount and sensitivity of the information being stored on the system.

Declares that it is a violation of this act for a person to engage in any of the following activities: (1) Use an electronic communication device to remotely scan or attempt to scan an item associated with a consumer without that consumer's knowledge;

(2) Disclose, either directly or through an affiliate, a consumer's personal information associated with information gathered by, or contained within, a device capable of engaging in electronic communication; or

(3) Use, either directly or through an affiliate or nonaffiliated third party, information gathered by, or contained within, a device capable of engaging in electronic communication in order to identify a consumer.

Provides that a person who is injured under this act may bring a civil action in district or superior court to enjoin further violations, and to seek up to five hundred dollars per violation, or actual damages, whichever is greater.

Declares that a person who willfully violates any of the provisions of this act is guilty of a gross misdemeanor.

Declares that a person who willfully violates any of the provisions of this act in conjunction with the commission of another unlawful act is guilty of a class B felony.

**HB 1031-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Moeller, Linville, B. Sullivan, and Chase)

(DIGEST AS ENACTED)

Provides that a person that intentionally scans another person's identification device remotely, without that person's prior knowledge and prior consent, for the purpose of fraud, identity theft, or for any other illegal purpose, is guilty of a class C felony.

Creating a sustainable energy trust.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to promote the development of sustainable energy resources, including new energy technologies, and to improve system reliability by establishing a fund that can be used to reduce the cost of deploying distributive generation projects in the state.

Establishes in the department a sustainable energy grant program to support sustainable energy projects in the state. The purpose of the program is to foster the growth, development, and commercialization of distributive generation projects and related enterprises and to stimulate demand for distributive generation sources that serve end use customers in this state.

Requires the department to establish a peer review committee to assist the department in matters related to the sustainable energy trust fund including, but not limited to, development of a comprehensive plan and expenditure of funds.

Requires the department to establish performance benchmarks against which the sustainable energy grant program will be evaluated. The grant program must be reviewed periodically by the department. The department must report annually to the appropriate standing committees of the legislature on grants

awarded and as appropriate on program review conducted by the department.

**HB 1032-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Anderson, Wallace, Moeller, B. Sullivan, and Chase)

(AS OF HOUSE 2ND READING 1/23/2008)

Declares an intent to promote the development of sustainable energy resources, including new energy technologies, and to improve system reliability by establishing a fund that can be used to reduce the cost of deploying distributive generation projects in the state.

Authorizes all electric and natural gas utilities to collect a monthly system benefits charge from all retail electricity and natural gas customers served by the utility. The purpose of the system benefits charge is to foster the growth, development, and commercialization of sustainable energy resources of five megawatts or less or smart energy technologies that are connected to the distribution system of an electric utility.

**HB 1033** by Representatives Morris, Hudgins, Anderson, Morrell, Haler, Wallace, Linville, B. Sullivan, and Kenney

Promoting the growth of research in the science and technology fields.

Recognizes the difficulty in attracting and retaining top quality graduate students in Washington state, particularly in the science and technology fields. In order to promote the growth of research in these fields, the legislature intends to help colleges and universities raise additional moneys for graduate fellowships by creating a graduate fellowship trust fund program for the sciences.

Declares that the foundation of an institution of higher education is eligible to receive moneys from the trust fund only if the foundation and the governing board of the institution of higher education have entered into a contract approved by the attorney general that: (1) Specifies the services to be provided by the foundation;

(2) Provides for the protection of any state matching funds under the foundation's control that were provided under the program;

(3) Provides for the institution of higher education's assumption of the ownership, management, and control of program funds if the foundation ceases to exist, fails to function properly, or fails to provide the specified services in accordance with the contract; and

(4) Includes any other conditions specified by the board.

House Rules "X" file.

**HB 1035** by Representatives Morris, Hudgins, Eickmeyer, Linville, and B. Sullivan

Addressing the purchase of anaerobic digestion power.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that a state agency that is served by a public or private utility must purchase all available anaerobic digestion power from the local electric utility when the producer of the power sends a written purchase request to the agency. Purchases by a state agency shall not exceed the agency's annual electricity consumption. A state agency shall pay for anaerobic digestion power at no less than the retail price that the local electric utility charges that customer.

Declares that state agencies are not required to purchase all available anaerobic digestion power from their local electric utility if the utility is exempt from offering a qualified alternative energy resource as defined in RCW 19.29A.090.

**HB 1035-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Eickmeyer, Linville, and B. Sullivan)

Regarding anaerobic digestion power.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that anaerobic digester projects in the state provide numerous environmental benefits; they reduce odors from organic waste, control pathogens, minimize sludge production, conserve nutrients, and reduce greenhouse gas emissions. In addition to providing environmental benefits, anaerobic digestion produces power using a clean, renewable resource.

Finds that, despite the numerous environmental and energy-producing benefits that result from anaerobic digester projects, many potential anaerobic digester projects are not pursued in this state because of the high capital costs for construction of such projects. Therefore, it is the intent of the legislature to establish a clean streams grant program to assist anaerobic digestion power producers by bringing down the cost of the initial capital investment.

Appropriates the sum of three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act.

**HB 1035-S2** by House Committee on Appropriations (originally sponsored by Representatives Morris, Hudgins, Eickmeyer, Linville, and B. Sullivan)

(AS OF HOUSE 2ND READING 3/10/2007)

Finds that anaerobic digester projects in the state provide numerous environmental benefits; they reduce odors from organic waste, control pathogens, minimize sludge production, conserve nutrients, and reduce greenhouse gas emissions. In addition to providing environmental benefits, anaerobic digestion produces power using a clean, renewable resource.

Finds that, despite the numerous environmental and energy-producing benefits that result from anaerobic digester projects, many potential anaerobic digester projects are not pursued in this state because of the high capital costs for construction of such projects. Therefore, it is the intent of the legislature to establish a clean streams grant program to assist anaerobic digestion power producers by bringing down the cost of the initial capital investment.

Requires that, by September 1, 2007, the department shall survey all desktop computers owned by the state and identify which desktop computers are suitable for using power management software.

Provides that after conducting the review, the department shall purchase power management software for all desktop computers owned by the state that have been identified by the department as suitable for using power management software.

The power management software must be purchased according to the terms of the master contract number T06-MST-002 effective July 7, 2006, or a subsequent contract entered into by the state for power management software that offers comparable or better energy efficiency savings.

Directs the department to install power management software on all desktop computers as expeditiously as possible.

Provides that, when acquiring new desktop computers, the department must purchase and install power management software at the time of acquisition, unless power management software is not suitable for a particular desktop computer's intended use.

Authorizes the department to retain any rebate moneys the state receives for energy conservation resulting from utilization of the power management software.

Requires that, by December 1st of each year, the department of information services shall report to the legislature on the number of licenses installed, the amount of estimated energy saved per computer per year, as well as the amount and number of rebates received by the state as a result of implementing the power management software.

Provides that the act shall be null and void if appropriations are not approved.

House Rules "X" file.

**HB 1036** by Representatives Morris, Hudgins, Morrell, Linville, B. Sullivan, and Goodman

Regarding the purchase of renewable energy by public entities.

(SEE ALSO PROPOSED 2ND SUB)

Requires that except as provided by this act, a state agency that is served by a public or private utility must purchase twenty percent of their total electricity in the form of qualified alternative energy resources from their local electric utility. In purchasing qualified alternative energy resources from their local electric utility, a state agency shall pay for qualified alternative energy resources at a rate no less than the retail price of a qualified alternative energy product that their local electric utility charges its customers under RCW 19.29A.090.

Provides that state agencies are not required to purchase qualified alternative energy resources from their local electric utility if the utility is exempt from offering a qualified alternative energy product.

**HB 1036-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Morrell, Linville, B. Sullivan, and Goodman)

(SEE ALSO PROPOSED 2ND SUB)

Finds and declares that increasing the state's investment in renewable energy resources will provide a number of public benefits, including reducing greenhouse gas emissions and other pollutants, increasing energy diversity and security, and furthering economic development opportunities, particularly in emerging energy technologies.

Requires each state agency to meet the following electricity consumption targets: (1) The eligible renewable energy resource percentage of total annual electric usage is at least twenty percent by January 1, 2008;

(2) The eligible renewable energy resource percentage of total annual electric usage is at least sixty percent by January 1, 2010; and

(3) The eligible renewable energy resource percentage of total annual electric usage is one hundred percent by January 1, 2012.

Declares that these renewable energy targets shall not apply if the department of general administration is unable to obtain enough renewable energy resources or renewable energy credits from a facility in the state or in the Pacific Northwest region to satisfy the targets.

Requires the department to establish a clear sky program to encourage the development of sustainable energy technologies such as fuel cells, high-efficiency cogeneration, and other emerging energy technologies that significantly reduce air pollution. The director may establish policies and procedures necessary for processing, reviewing, and approving loan applications made under this act.

Creates the clean streams and clear sky subaccount as a subaccount of the energy freedom account. All receipts from appropriations made to the clean streams and clear sky subaccount shall be deposited into the subaccount. Expenditures from the subaccount may be used only for projects and activities authorized under this act and under the clean streams program established in chapter . . . (Proposed Substitute House Bill No. 1035 (H-2146.3/07)), Laws of 2007. In no circumstances shall more than fifty percent of the moneys in the subaccount be used for a single program or technology.

Appropriates the sum of three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act.

Regarding electrical transmission.

(SUBSTITUTED FOR - SEE 1ST SUB)

Amends RCW 80.50.060 and 80.50.020 relating to siting electrical transmission under the energy facility site evaluation council.

**HB 1037-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Moeller, and B. Sullivan)

(DIGEST AS ENACTED)

Amends RCW 80.50.060 and 80.50.020 relating to siting electrical transmission under the energy facility site evaluation council.

Provides that, for applications to site electrical transmission facilities, the council shall conduct a preapplication process pursuant to rules adopted by the council to govern such process, receive applications as prescribed in RCW 80.50.071, and conduct public meetings pursuant to RCW 80.50.090.

Provides that the council shall consider and may recommend certification of electrical transmission facilities in corridors designated for this purpose by affected cities, towns, or counties: (1) Where the jurisdictions have identified electrical transmission facility corridors as part of their land use plans and zoning maps based on policies adopted in their plans;

(2) Where the proposed electrical transmission facility is consistent with any adopted development regulations that govern the siting of electrical transmission facilities in such corridors; and

(3) Where contiguous jurisdictions and jurisdictions in which related regional electrical transmission facilities are located have either prior to or during the preapplication process undertaken good faith efforts to coordinate the locations of their corridors consistent with RCW 36.70A.100.

Provides that a preapplicant shall pay to the council a fee of ten thousand dollars to be applied to the cost of the preapplication process as a condition precedent to any action by the council, provided that costs in excess of this amount shall be paid only upon prior approval by the preapplicant, and provided further that any unexpended portions thereof shall be returned to the preapplicant.

Requires the council to consult with the preapplicant and prepare a plan for the preapplication process which shall commence with an informational public hearing within sixty days after the receipt of the preapplication fee as provided in RCW 80.50.090.

Provides that the preapplication plan shall include but need not be limited to: (1) An initial consultation to explain the proposal and request input from council staff, federal and state agencies, cities, towns, counties, port districts, tribal governments, property owners, and interested individuals;

(2) Where applicable, a process to guide negotiations between the preapplicant and cities, towns, and counties within the corridor proposed pursuant to this act.

Repeals 2006 c 196 s 2 (uncodified).

Developing regional compacts for siting electric transmission lines.

(DIGEST AS ENACTED)

Declares an intent to create a regional process for the siting of new electric transmission lines related to the national energy policy act of 2005. This regional process will facilitate the siting of new cross borders electric transmission lines by providing a "one stop" licensing process. This act calls for the creation of a legislative task force to establish an interstate compact to assert jurisdiction over national interest electric transmission corridors.

Directs the task force to report its preliminary recommendations on the compact to the appropriate committees of the legislature by January 1, 2008.

Directs the task force to report its final recommendations on the compact to the appropriate committees of the legislature by September 1, 2008.

Concerning the Vancouver national historic reserve.

(AS OF HOUSE 2ND READING 3/7/2007)

Finds that the legislature has declared through RCW 27.34.220 that it is the public policy and in the public interest of the state to designate, preserve, protect, enhance, and perpetuate those structures, sites, districts, buildings, and objects that reflect outstanding elements of the state's historic, archaeological, architectural, or cultural heritage, for the inspiration and enrichment of the people of the state. The Vancouver national historic reserve is on both the state and federal registers as a historic district and encompasses some of the richest historic, archaeological, architectural, and cultural resources in the state.

Declares it is the purpose of this act to: (1) Confirm the role of the state of Washington in the development and management of the Vancouver national historic reserve;

(2) Identify the role of state agencies in the Vancouver national historic reserve; and

(3) Establish an account in the state treasury through the Washington state historical society for funds designated specifically for the Vancouver national historic reserve.

Allowing certain students with disabilities to participate in graduation ceremonies.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that by September 1, 2007, each school district that operates a high school shall permit any student meeting the following criteria to participate in commencement exercises with the student's graduating class and be recognized for their accomplishments: (1) The student is receiving services under chapter 28A.155 RCW;

(2) The student's individualized education program prescribes continued special education or related services beyond the fourth year of high school; and

(3) The student has attended four years of high school.

Declares that a student's participation in commencement exercises under this act shall not affect the student's possible future receipt of a high school diploma, a certificate of individual

achievement under RCW 28A.155.045, or a certificate of academic achievement under RCW 28A.655.061.

(DIGEST AS ENACTED)

Provides that, beginning July 1, 2007, each school district that operates a high school shall establish a policy and procedures that permit any student who is receiving special education or related services under an individualized education program pursuant to state and federal law and who will continue to receive such services between the ages of eighteen and twenty-one to participate in the graduation ceremony and activities after four years of high school attendance with his or her age-appropriate peers and receive a certificate of attendance.

Declares that participation in a graduation ceremony and receipt of a certificate of attendance under this act does not preclude a student from continuing to receive special education and related services under an individualized education program beyond the graduation ceremony.

Provides that a student's participation in a graduation ceremony and receipt of a certificate of attendance under this act shall not be construed as the student's receipt of either: (1) A high school diploma pursuant to RCW 28A.230.120; or

(2) A certificate of individual achievement pursuant to RCW 28A.155.045.

Expanding high school completion programs.

(DIGEST AS ENACTED)

Declares an intent to create a pilot high school completion program at two community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support.

Provides that a pilot program is created for two community or technical colleges to make available courses or a program of study, on the college campus, designed to enable students under the age of twenty-one who have completed all state and local high school graduation requirements except the certificate of academic achievement or certificate of individual achievement to complete their high school education and obtain a high school diploma.

Provides that the office of the superintendent of public instruction and the state board for community and technical colleges shall: (1) By June 30, 2007, select the two community and technical colleges to be involved in the pilot program created in this act. The criteria for selecting the two pilot program sites shall include, but are not limited to: (a) the quality of the courses or program offerings; (b) having the appropriate type of staff and facility to deliver the program; and (c) the number of eligible students;

(2) Submit a report with an implementation plan for the two community and technical colleges participating in the pilot program created under this act and submit findings and recommendations to the education and fiscal committees of the legislature by December 15, 2007; and

(3) By December 15, 2009, submit a report to the education and fiscal committees of the legislature on the progress of the pilot program created under this act that shall include the following: (a) the number of students taking part in the high school completion programs, reported by their high school of last attendance and the community or technical college that offered the program; (b) the types of high school completion programs offered at the two community or technical colleges; (c) the number of students successfully receiving a high school diploma and other identified outcome measures; (d) the amount of funds spent in support of this effort compared to actual reimbursement costs that are provided under this act; and (e) a plan for implementing the program statewide.

VETO MESSAGE ON HB 1051

May 8, 2007

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 9, House Bill 1051 entitled:

"AN ACT Relating to high school completion programs."

Sections 1 through 8 of this bill provide for the development of two pilot programs at community or technical colleges. The programs are intended to support certain students as they work to meet the State's academic standards in reading, writing, mathematics or science. For these students, demonstrating proficiency in one or more of these subjects is the final step in meeting their high school graduation requirements and obtaining a

high school diploma. The legislation outlines the student eligibility and program criteria, authorizes the financial support, waives student tuition and fees, and provides for a study of the program's results in two years' time.

Section 9 of the bill creates and recognizes a new state certificate for high school students who do not meet the requirements for a high school diploma, the Certificate of Academic Completion (Certificate). The Certificate may be conferred by school districts to students who meet all state and local requirements for graduation with the exception of passage of one or more of the high school assessments in reading, writing and mathematics. Our students are working very hard to achieve the skills necessary for success in their endeavors beyond high school. By creating the Certificate of Academic Completion we will be sending a message to these students that they do not need the basic skills required for the high school diploma. This is wrong.

For these reasons, I am vetoing Section 9 of House Bill 1051.

With the exception of Section 9, House Bill 1051 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Modifying the legislative youth advisory council.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the legislative youth advisory council provides a unique opportunity for middle and high school students to be actively involved in government. Council members not only learn about, but exercise, the core values and democratic principles of our state and nation, along with the rights and responsibilities of citizenship and democratic civic involvement. As such, they are engaged in authentic practice of the essential academic learning requirements in civics. In the short time since its creation, the legislative youth advisory council has studied, debated, and begun to formulate positions and recommendations on such important topics as education reform, school finance, public school learning environments, health and fitness education, and standardized testing. The legislature continues to stress the importance of civics education and support the type of civic involvement by students exemplified by the legislative youth advisory council.

**HB 1053** by Representatives Hudgins, Morrell, Simpson, Dickerson, Moeller, B. Sullivan, Goodman, Morris, Dunshee, Chase, and Ormsby

Increasing the availability of alternative fuels at retail fuel stations.

Declares that any provision of a franchise that prohibits a motor fuel retailer from purchasing or selling an alternative motor fuel from a person or firm other than the refiner-supplier, or limits the quantity of motor fuel to be purchased from the other person or firm, or any provision of a franchise which directly or indirectly discourages a motor fuel retailer from purchasing or selling alternative motor fuels from other persons or firms, is null and void as it pertains to that particular alternative motor fuel if the refiner-supplier does not supply or offer to supply to the motor fuel retailer alternative motor fuel. Nothing in this act grants to any motor fuel retailer any rights, authority, or obligation with respect to the permissible uses of the premises or facilities owned, leased, or controlled by a refiner-supplier under the terms of the franchise.

**HB 1055** by Representatives Hudgins, B. Sullivan, Morris, Dunshee, and Chase

Defining alternative motor fuels.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that "alcohol fuel" means any alcohol made from a product other than petroleum or natural gas that is used alone or in combination with gasoline or other petroleum products for use as a fuel in self-propelled motor vehicles.

**HB 1055-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Hudgins, B. Sullivan, Morris, Dunshee, and Chase)

(AS OF HOUSE 2ND READING 3/9/2007)

Declares that "alcohol fuel" means any alcohol made from a product other than petroleum or natural gas that is used alone or in combination with gasoline or other petroleum products for use as a fuel in self-propelled motor vehicles.

Declares that "alternative fuel" means all products or energy sources used to propel motor vehicles, other than conventional gasoline, diesel, or reformulated gasoline. Alternative fuel includes, but is not limited to, liquefied petroleum gas, liquefied natural gas, compressed natural gas, biodiesel fuel, E85 motor fuel, fuels containing seventy percent or more by volume of alcohol fuel, fuels that are derived from biomass, hydrogen fuel, nonhazardous motor fuel, or electricity, excluding onboard electric generation.

Declares that "E85 motor fuel" means an alternative fuel that is a blend of ethanol and hydrocarbon of which the ethanol portion is nominally seventy-five to eighty-five percent denatured fuel ethanol by volume that complies with the most recent version of American society of testing and materials specification D 5798.

Declares that "nonhazardous motor fuel" means any fuel of a type distributed for use in self-propelled motor vehicles that does not contain a hazardous liquid as defined in RCW 19.122.020.

Provides that special fuel licensees under chapter 82.38 RCW, other than international fuel tax agreement licensees, dyed special fuel users, and special fuel distributors, shall not use biodiesel fuel derived from palm oil to qualify towards the biodiesel fuel requirements established in RCW 19.112.110, unless the following conditions are satisfied: (1) The special fuel licensee can demonstrate that, at the time of production, there was not sufficient Washington grown feedstock available to produce the biodiesel from canola, rapeseed, or mustard oil; and

(2) The palm oil was purchased from a company that: (a) maintains active membership in the roundtable on sustainable palm oil; and (b) implements the roundtable on sustainable palm oil's directives as they are promulgated in order to ensure the sustainability of the palm oil.

Enhancing the availability of nonhazardous motor fuels.

Declares that, for the purposes of chapter 19.120 RCW and without limiting its general application, it shall be an unfair or deceptive act or practice or an unfair method of competition and therefore unlawful and a violation of this chapter for any person to: (1) Prohibit or in any way prevent a motor fuel retailer from offering and selling, consistent with all other applicable federal or state laws, any nonhazardous motor fuel for use in self-propelled motor vehicles; or

(2) Discriminate between motor fuel retailers based on a motor fuel retailer's decision to offer and sell, consistent with all other applicable federal or state laws, any nonhazardous motor fuel for use in self-propelled motor vehicles.

Provides that, in addition to other remedies available under this chapter, violations of this act shall be subject to a civil penalty of not less than five thousand dollars.

Companion Bill: 5005

Increasing nonconstruction loan limits for projects using financing through the public works board.

(AS OF HOUSE 2ND READING 2/28/2007)

Finds that it is in the state's best fiscal interest to ensure that community infrastructure projects are ready to proceed when applying for and receiving public works board approved construction loans. Many jurisdictions use portions of their construction loans to pay for nonconstruction activities, such as planning and preconstruction, to get ready for construction. This means some of the construction phase takes place at the end of the loan agreement, and requires jurisdictions to request loan extensions.

Recognizes this type of financing strategy slows down the expenditure of funds, limits the amount of funding available for construction loans, and increases the amount requested for reappropriation.

**HB 1070** by Representatives Williams, Hunt, Hudgins, Hasegawa, Appleton, Simpson, and Moeller

Regarding the limitations on a legislator's use of public resources.

Declares an intent that chapter 42.52 RCW shall not be read to limit a legislator's use of public resources to only investigating facts surrounding an issue or dispute involving constituents and a government office or government official, or between constituents.

Declares that a de minimis cost includes letters or electronic communication by a legislator advocating a personal position when gathering facts and investigating issues or disputes involving constituents and a government office or government official, or between constituents. All such letters and electronic communications are subject to public disclosure.

Companion Bill: 5093

Concerning access to health care services for children.

(SEE ALSO PROPOSED 1ST SUB)

Declares that, in order to provide students with the opportunity to become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives, the state recognizes the importance that access to appropriate health services and improved health brings to the children of Washington state. In addition, fully immunized children are themselves protected, and in turn protect others, from contracting communicable diseases.

Declares that, consistent with the goals established in RCW 74.09.402, the department shall design and administer a program to provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future.

Finds that parents have a responsibility to: (1) Enroll their children in affordable health coverage;

(2) Ensure that their children receive appropriate well-child preventive care;

(3) Link their child with a medical home; and

(4) Understand and act upon the health benefits of good nutrition and physical activity.

Directs the department, in collaboration with the department of health, health plans, local public health jurisdictions, children's health care providers, parents, and other purchasers, to identify explicit performance measures that indicate that a child has an established and effective medical home, such as: (1) Childhood immunization rates;

(2) Well child care utilization rates, including the use of validated, structured developmental assessment tools that include behavioral and oral health screening;

(3) Care management for children with chronic illnesses;

(4) Emergency room utilization; and

(5) Preventive oral health service utilization.

Declares that it is the goal of Washington state to ensure that:

(1) By 2010, all K-12 districts have school health advisory committees that advise school administration and school board members on policies, environmental changes, and programs needed to support healthy food choice and physical activity and childhood fitness.

(2) By 2010, only healthy food and beverages shall be available on school campuses. Minimal standards for available food items, except food served as part of a United States department of agriculture meal program, include: (a) not more than thirty-five percent of its total calories from fat; (b) not more than ten percent of its total calories from saturated fat; and (c) not more than thirty-five percent of its total weight or fifteen grams sugar per food item composed of sugar, including naturally occurring and added sugar.

(3) By 2010, all students in grades one through eight should have at least thirty minutes of quality physical education per school day.

(4) By 2010, all student health and fitness instruction shall be conducted by appropriately certified instructors.

(5) By 2010, any district waiver or exemption policy from physical education requirements for high school students shall be based upon meeting both health and fitness curricula concepts as well as relevant and adequate physical activity.

Repeals RCW 74.09.405, 74.09.415, 74.09.425, 74.09.435, and 74.09.450.

(5) By 2010, any district waiver or exemption policy from physical education requirements for high school students shall be based upon meeting both health and fitness curricula concepts as well as relevant and adequate physical activity, but should acknowledge students' interest in pursuing their academic interests.

Establishes a select interim legislative task force on comprehensive school health reform. The task force shall review and make recommendations on policies, environmental changes, and programs needed to support healthy schools, including but not limited to food choice, physical activity, and childhood fitness. The task force shall also review the delivery of health care services in the schools by school personnel providing health services. The task force may establish technical advisory committees related to nutrition, fitness, and child health.

Requires the task force to submit its findings and recommendations to the appropriate committees of the senate and house of representatives by October 1, 2008.

Modifying requirements concerning the public disclosure of sensitive fish and wildlife information.

(DIGEST AS ENACTED)

Provides that sensitive fish and wildlife data may be released to the following entities and their agents for fish, wildlife, land management purposes, or scientific research needs: Government agencies, public utilities, and accredited colleges and universities.

Sensitive fish and wildlife data may be released to tribal governments. Sensitive fish and wildlife data may also be released to the owner, lessee, or right-of-way or easement holder of the private land to which the data pertains. The release of sensitive fish and wildlife data may be subject to a confidentiality agreement, except upon release of sensitive fish and wildlife data to the owner, lessee, or right-of-way or easement holder of private land who initially provided the data.

Requires the department to post on its internet web site all reported predatory wildlife interactions, including reported human safety confrontations or sightings as well as the known details of reported depredations by predatory wildlife on humans, pets, or livestock, within ten days of receiving the report. The posted material must include, but is not limited to, the location and time, the known details, and a running summary of such reported interactions by identified specie and interaction type within each affected county. For the purposes of this section and RCW 42.56.430, "predatory wildlife" means grizzly bears, wolves, and cougars.

Creating the community revitalization partnership pilot program.

Creates a community revitalization partnership program on a pilot basis to enable the state's most economically distressed areas to plan and carry out comprehensive, locally determined projects designed to result in sustainable community development and economic opportunities. The program shall emphasize local decision making, grassroots participation, and community partnerships, as well as accountability and leveraging of public and private sector resources to accomplish priority projects.

Requires the department, lead managing entities, and partner communities to prepare a joint report regarding the results of the pilot program in this act and make recommendations for statutory changes to the appropriate committees of the legislature by January 1, 2010, and every two years thereafter.

Declares an intent that the community revitalization partnership pilot program be funded by the legislature in the amount of eight hundred fifty thousand dollars each year beginning with fiscal year 2010 and ending with fiscal year 2018.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act. This amount may be used by the department solely for agency and program administration.

Appropriates the sum of three hundred sixty-two thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of community, trade, and economic development for the purposes of this act. No more than one hundred thousand dollars of this amount may be used by the department for agency and program administration.

Appropriates the sum of four hundred eighty-seven thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the state building construction account to the department of community, trade, and economic development for the purposes of this act.

(DIGEST AS ENACTED)

Provides that a personal use shellfish and seaweed license or razor clam license must be in immediate possession of the licensee and available for inspection while a licensee is harvesting shellfish or seaweed. However, the license does not need to be visible at all times.

Requires the department of fish and wildlife to monitor the sale of personal use shellfish and seaweed licenses and razor clam licenses for four years from the effective date of this act. If in any of the four years the number of license sales drop more than ten percent from the effective date of this act, then the department of fish and wildlife shall report the sales and revenue data for the licenses along with any relevant information regarding the reasons for the decrease to the legislature.

Companion Bill: 5704

Creating a pilot project to examine the impacts of small scale mineral prospecting on coastal areas.

Provides that beginning July 1, 2007, the state parks and recreation commission and the department of fish and wildlife shall establish a pilot program to evaluate the impacts of small scale mineral prospecting on ocean beaches. The pilot program must be conducted from July 1, 2007, through July 1, 2009.

Directs the department of fish and wildlife to monitor the impacts of the small scale prospecting activities on the beach ecology including, but not limited to, habitat, birds, shellfish, and other beach marine life.

Requires that, by October 1, 2009, the department of fish and wildlife shall report its findings and recommendations regarding the impacts of small scale prospecting on the beach ecology to the state parks and recreation commission. The department shall consider public input prior to finalizing their findings and recommendations.

Requires the state parks and recreation commission and the department of fish and wildlife to report their findings and recommendations on the impacts of small scale prospecting on ocean beaches to the appropriate committees of the legislature by December 1, 2009.

Improving delivery of children's mental health services.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that it is the goal of the legislature that, by 2012, the children's mental health system in Washington state include the following elements: (1) A continuum of services from early identification, intervention, and prevention through crisis intervention, including peer support and parent mentoring services;

(2) Equity in access to services for similarly situated children, including children with co-occurring disorders;

(3) Developmentally appropriate, high quality, and culturally responsive services available statewide;

(4) Treatment of each child in the context of his or her family and other persons that are a source of support and stability in his or her life;

(5) A sufficient supply of qualified and culturally diverse children's mental health providers;

(6) Use of developmentally appropriate evidence-based and promising practices; and

(7) Integrated and flexible services to meet the needs of children who, due to mental illness or emotional or behavioral disturbance, are at risk of out-of-home placement or involved with multiple child-serving systems.

Repeals RCW 71.36.020, 71.36.030, and 71.36.040.

Appropriates one million seven hundred thousand dollars from the general fund--state for fiscal year 2008 and one million three hundred thousand dollars from the general fund--state for fiscal year 2009 for the department of social and health services.

Appropriates twelve million dollars from the general fund--state for fiscal year 2008 and twelve million dollars from the general fund--state for fiscal year 2009 for the department of social and health services solely for mental health services for low-income children who do not meet regional support network access to care standards, regardless of their medical assistance eligibility status.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to substantially improve the delivery of children's mental health services in Washington state through the development and implementation of a children's mental health system that: (1) Values early identification, intervention, and prevention;

(2) Coordinates existing categorical children's mental health programs and funding, through efforts that include elimination of duplicative care plans and case management;

(3) Treats each child in the context of his or her family, and provides services and supports needed to maintain a child with his or her family and community;

(4) Integrates families into treatment through choice of treatment, participation in treatment, and provision of peer support;

(5) Focuses on resiliency and recovery;

(6) Relies to a greater extent on evidence-based and promising practices;

(7) Is sensitive to the unique cultural circumstances of children of color and children in families whose primary language is not English; and

(8) To the greatest extent possible, blends categorical funding to offer more service and support options to each child.

Declares that it is the goal of the legislature that, by 2012, the children's mental health system in Washington state include the following elements: (1) A continuum of services from early identification, intervention, and prevention through crisis intervention, including peer support and parent mentoring services;

VETO MESSAGE ON ESHB 1092

May 15, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1032(2); 1068, page 42, lines 8 through 12; 3181, page 143, lines 22 through 33 and page 144, lines 1 through 22; and (1), (2), and (3); 3204(2); 6023; 6024; 6030; and 6031 of Engrossed Substitute House Bill 1092 entitled:

"AN ACT Relating to the capital budget."

**Section 1032(2), page 19, Department of Community, Trade and Economic Development, Job Development Fund Grants**

This proviso prohibits the Department of Community, Trade and Economic Development from proceeding with a competitive process for the 2009-2011 Biennium. I believe a competitive grant selection process is appropriate for these projects. Therefore, I am vetoing Section 1032(2).

Because I am concerned that the current process does not put enough emphasis on the creation of family wage jobs, I am directing my staff to work with the Department and the Community Economic Revitalization Board to establish weighted criteria for the next group of projects and to develop legislation to make creation of jobs the top priority for the grant selection process.

**Section 1068, page 42, lines 8 through 12, Department of General Administration, Signage Near Capitol Lake**

This proviso directs the Department of General Administration to post signs on 5th Avenue at Capitol Lake dam in the City of Olympia concerning bicycle lanes. I am vetoing this proviso because it directs a state agency to install traffic control signs on a city street, even though the city's existing signage already complies with standards in the Manual on Uniform Traffic Control Devices. I am directing the Department of General Administration to work with the City of Olympia to look at how to provide additional appropriate warnings that would enhance the safety of bicyclists crossing Capitol Lake dam.

**Section 3181, page 143, lines 22 through 33 and page 144, lines 1 through 22, Department of Fish and Wildlife, Wiley Slough Restoration**

This proviso prohibits the Department of Fish and Wildlife from spending funds until July 1, 2008, so that a report can be developed regarding the loss of recreation opportunities in upland habitat areas. The Wiley Slough Restoration project already has broad support from many in the community and should move ahead so that critical juvenile Chinook salmon habitat in the Skagit River basin can be restored. Rather than delay the project further, I expect the Department of Fish and Wildlife to work in good faith with legislators, waterfowl hunters and other community members to develop off-site hunting and recreation opportunities. For this reason, I have vetoed the specific restrictions in Section 3181, page 143, lines 22 through 33 and page 144, lines 1 through 22.

**Section 3204 (2), page 151, Department of Natural Resources, Trust Land Transfer**

This section requires that the funds from transferred properties be used exclusively for the acquisition of forest lands. Existing statute for the Natural Resource Real Property Replacement Account allows purchases of commercial property, agriculture property and forest lands. I am vetoing Section 3204(2), because placing limits on the type of land that can be purchased should be more fully considered as a policy issue with separate legislation.

**Section 6023, page 264, Department of General Administration, Consolidation Review**

This section restates the Department of General Administration's statutory authority to review any capital improvement or capital project for possible consolidation, co-location, and compliance with state standards before allotment of funds. In addition, the passage of SHB 2366 creates new, broad authority for the Office of Financial Management to oversee facility issues of this type. Because existing statutes for General Administration and the new authority for the Office of Financial Management already require these actions, I am vetoing Section 6023.

**Section 6024, page 264, Department of General Administration, Tacoma Rhodes**

This section prevents the Department of General Administration from selling the Tacoma Rhodes building until after June 30, 2009, except to another state agency, state institution, or political subdivision of the state. I am vetoing this proviso because decisions regarding Tacoma Rhodes are within the authority and responsibilities of the Department of General Administration as an executive agency responsible for housing state government, and acquiring and disposing of property. This existing authority includes managing and making appropriate decisions on the future of facilities, based on sound business principles. Current law allows public agencies and local governments the first right of refusal on purchasing surplus property such as the Tacoma Rhodes building. I expect General Administration to follow this process.

**Section 6030, page 267, For the State Treasurer--Transfers**

This section requires a transfer of \$20 million from the Natural Resources Real Property Replacement Account to the Common School Permanent Fund. The amount transferred is to be added to the irreducible principal of the common school permanent fund and invested by the State Investment Board rather than to purchase replacement timber land. I believe this is a policy issue that is better addressed in substantive legislation. Therefore, I am vetoing Section 6030.

**Section 6031, page 267, Natural Resources Real Property Replacement Account**

This section amends RCW 79.17.210 so that during the 2007-2009 Biennium balances in the Natural Resources Real Property Replacement Account may be transferred to the appropriate permanent funds as directed in the capital budget appropriations act. I believe this is a policy issue that is better addressed in substantive legislation. Therefore, I am vetoing Section 6031.

For these reasons, I have vetoed Sections 1032(2); 1068, page 42, lines 8 through 12; 3181, page 143, lines 22 through 33 and page 144, lines 1 through 22; 3204(2); 6023; 6024; 6030; and 6031 of Engrossed Substitute House Bill 1092.

With the exception of Sections 1032(2); 1068, page 42, lines 8 through 12; 3181, page 143, lines 22 through 33 and page 144, lines 1 through 22; 3204(2); 6023; 6024; 6030; and 6031, Engrossed Substitute House Bill 1092 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

- VETO MESSAGE ON ESHB 1094  
May 15, 2007  
To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington  
Ladies and Gentlemen:  
I am returning, without my approval as to Sections 305(7); 305  
(10); 308(3); 407(9) and 407(b); 504; 709; 710; 712; 905, page  
104, lines 11 through 30, and 905(1); 906, page 109, lines 24  
through 37 and page 110, lines 1 through 2 and 906(1); 907; and  
909, page 116, lines 8 through 28 of Engrossed Substitute House  
Bill 1094 entitled:  
"AN ACT Relating to transportation funding and  
appropriations."  
**Section 305(7), page 37, Use of Mitigation Funding**  
This proviso prevents funds provided for mitigation from being  
used to pay for environmental assessments. The amount of  
funding for mitigation was not identified in the project list making  
it unclear how the Department of Transportation would  
implement this proviso or show compliance. Therefore, I am  
vetoing Section 305(7).  
**Section 305(10), page 37, Limit Use of Agricultural Land**  
Many agricultural lands consist of historically drained wetlands  
that often provide the best, and at times only, opportunity to  
successfully restore wetlands. Mitigation banks that conform to  
state statutes and to rules the Department of Ecology is now  
finalizing will help protect productive agricultural lands. This  
language could restrict the land considered for mitigation banks  
and could prohibit the Department from incorporating real estate  
acquired from a willing seller. Of the Department's three existing  
wetland mitigation bank sites, one was established on this type of  
land and was acquired from a willing seller.  
Although I am vetoing this section, I am directing the Department  
of Transportation to not use eminent domain on its own to acquire  
agriculture land, and to submit any proposal to acquire  
agricultural property for review by my office before the land is  
acquired.  
**Section 308(3), page 43, Replacing Dolphins at Orcas and  
Vashon Islands**  
Section 308(3) identifies funding from the Puget Sound Ferries  
Operating Account - State appropriation; however no funding is  
appropriated from this account. Although I am vetoing this  
section, I have asked the Department of Transportation to  
complete a predesign study before designing and constructing  
dolphins at the Orcas and Vashon Island Ferry Terminals.  
**Sections 407(9) and 407(b), page 54, Reducing Business and  
Occupation Tax Rates**  
Sections 407(9) and 407(b) make funding contingent on  
Engrossed Substitute Senate Bill 5799, which did not pass during  
the 2007 Legislative Session. Therefore, I am vetoing these two  
sections.  
**Section 504, page 57, Compensation -- Pension Contributions**  
This section asserts that appropriations are provided to fund  
employer contributions to state pension funds at rates adopted by  
the pension funding council. Because employer contribution rates  
are not set in this manner, this section is vetoed to avoid any  
confusion regarding the contribution rates for public pension  
funds. Therefore, I am vetoing section 504.

**Section 709, page 74, Government Accounting Standards Board Asset Valuation**

The Department of Transportation is meeting the requirements of the Governmental Accounting Standards Board's (GASB), Statement #34 to reflect additions and improvements that increase capacity or efficiency of the system. The requirement to establish the asset replacement value exceeds the reporting requirements of GASB, Statement #34. Establishing the asset replacement value is very complex and fluctuates with the economy and inflation, and is difficult to accomplish. Therefore, I am vetoing section 709.

**Section 710, pages 74-75, Freight Mobility Strategic Investment Board**

Under RCW 47.06A.030 (2), the Freight Mobility Strategic Investment Board has twelve members that represent a variety of stakeholders. Each member is appointed by the Governor for a four-year term. Section 710 adds a new member to the board for the 2007-09 Biennium. I support the addition but making a change in the size and composition of the board is a policy decision best done in substantive legislation. Therefore, I am vetoing section 710.

**Section 712, pages 76-77, Transportation Goals and Policies**

This section establishes policy goals for the state's transportation system. The language is identical to Section 3(a) of Substitute Senate Bill 5412, which was enacted by the Legislature. Therefore, I have vetoed section 712 to eliminate the duplicate language.

**Section 905, lines 11 through 30, page 104, and Section 905(1), 2007 Supplemental Adjustments in the Improvement Program**

The 2005-07 appropriations were reduced to reflect planned spending levels for the remainder of the biennium. The revised estimates were developed in January and February. Since then, four projects have progressed more quickly than was previously expected including the I-5/SR 16 Tacoma HOV Design that requires \$600,000 more in 2005-07, SR 11/Chuckanut Park and Ride that needs another \$5 million for right-of-way acquisition, the SR 3/SR 303 Interchange that is under construction and needs another .9 million, and SR 240/I-182 to the Richland Y which is also under construction and requires an additional million.

Vetoing Section 905(1) restores current law procedures for moving funds among projects when the Legislature is not in session and ensures continuity with similar procedures included in the 2007-09 budget.

For these reasons, I have vetoed all appropriations (lines 11 through 30, page 104) and Section 905(1) to restore funding to prior levels and to simplify the allotment process. The Office of Financial Management will direct the Department of Transportation to place into reserve status any excess appropriation authority not required for the remainder of the 2005-07 Biennium.

**Section 906, page 109, lines 24 through 37, and page 110, lines 1 through 2 and Section 906(1), 2007 Supplemental Adjustments in the Preservation Program**

The 2005-07 appropriations were reduced to reflect planned spending levels for the remainder of the biennium. The revised estimates were developed in January and February. Since then, cost estimates changed, and better than expected weather has allowed a number of projects to move more quickly than previously expected.

Vetoing Section 906(1) restores current law procedures for moving funds among projects when the legislature is not in session and ensures continuity with similar procedures included in the 2007-09 budget.

For these reasons, I have vetoed all appropriations (lines 24 through 37, page 109, and lines 1 through 2, page 110) and Section 906(1) to restore funding to prior levels and simplify the allotment process. The Office of Financial Management will

direct the Department of Transportation to place into reserve status any excess appropriation authority not required for the remainder of the 2005-07 Biennium.

**Section 907, pages 111-113, 2007 Supplemental Adjustments in the Ferry Construction Program**

The 2005-07 appropriations were reduced to reflect planned spending levels for the remainder of the biennium. The revised estimates were developed in January and February. Since then, cost estimates have changed and the underlying provisos will place unintended restrictions upon available resources for the remainder of the biennium.

For these reasons, I have vetoed the entire section to restore funding to prior levels and simplify the allotment process. The Office of Financial Management will direct the Department of Transportation to place into reserve status any excess appropriation authority that is not required for the remainder of the 2005-07 Biennium.

**Section 909, lines 8 through 28, page 116, 2007 Supplemental Adjustments in Highways and Local Programs**

The 2005-07 appropriations were reduced to reflect planned spending levels for the remainder of the biennium. The revised estimates were developed in January and February. Since then, two projects have progressed more quickly than was previously expected: the LeMay Museum and the Issaquah Traffic Signal project.

I have vetoed the appropriations on lines 8 through 28, page 116, to restore funding to prior levels and simplify the allotment process. The Office of Financial Management will direct the Department of Transportation to place into reserve status any excess appropriation authority that is not required for the remainder of the 2005-07 Biennium.

For these reasons, I have vetoed Sections 305(7); 305(10); 308(3); 407(9) and 407(b); 504; 709; 710; 712; 905, page 104, lines 11 through 30, and 905(1); 906, page 109, lines 24 through 37 and page 110, lines 1 through 2 and 906(1); 907; and 909, page 116, lines 8 through 28 of Engrossed Substitute House Bill 1094.

With the exception of Sections 305(7); 305(10); 308(3); 407(9) and 407(b); 504; 709; 710; 712; 905, page 104, lines 11 through 30, and 905(1); 906, page 109, lines 24 through 37 and page 110, lines 1 through 2 and 906(1); 907; and 909, page 116, lines 8 through 28, Engrossed Substitute House Bill 1094 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Companion Bill: 5410

Creating postsecondary opportunity programs.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the college board, in partnership with business,  
 labor, and the workforce training and education coordinating  
 board, to: (1) Identify job specific training programs offered by  
 qualified postsecondary institutions that lead to a credential,  
 certificate, or degree in high demand occupations, which are  
 occupations where employer demand for workers exceeds the  
 supply of qualified job applicants throughout the state or in a  
 specific region;

(2) Gain recognition of the credentials, certificates, and degrees by Washington's employers and labor organizations. The college board shall designate these recognized credentials, certificates, and degrees as "opportunity grant-eligible programs of study"; and

(3) Market the credentials, certificates, and degrees to potential students, businesses, and apprenticeship programs as a way for individuals to advance in their careers and to better meet the needs of industry.

**HB 1096-S** by House Committee on Community & Economic Development & Trade (originally sponsored by Representatives Kenney, Priest, Quall, Wallace, Conway, Haler, Morris, Ormsby, Linville, Jarrett, Dickerson, Hunt, Walsh, Sullivan, Darneille, Appleton, Morrell, Williams, Dunn, Schual-Berke, Fromhold, Hasegawa, Chase, Upthegrove, McCoy, Green, O'Brien, Hudgins, Sells, Springer, Moeller, Goodman, Barlow, Eddy, Santos, Simpson, Haigh, Lantz, Kagi, and Rolfes)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) The economic trends of globalization and technological change are increasing the demand for higher and differently skilled workers than in the past;

(2) Increasing Washington's economic competitiveness requires increasing the supply of skilled workers in the state;

(3) Improving the labor market competitiveness of all Washington residents requires that all residents have access to postsecondary education; and

(4) Community and technical college workforce training programs and Washington state apprenticeship and training council-approved apprenticeship programs provide effective and efficient pathways for people to enter high wage, high skill careers while also meeting the needs of the economy.

Requires the college board to develop and implement a workforce education program known as the opportunity grant program to provide funding for students enrolled at qualified institutions of higher education in opportunity grant-eligible programs of study as described in this act. Students enrolled in the opportunity grant program are eligible for: (1) Funding for tuition and mandatory fees at the public community and technical college rate, prorated if the credit load is less than full time, paid directly to the educational institution; and

(2) An additional one thousand dollars per academic year for books, tools, and supplies, prorated if the credit load is less than full time.

**HB 1096-S2** by House Committee on Appropriations (originally sponsored by Representatives Kenney, Priest, Quall, Wallace, Conway, Haler, Morris, Ormsby, Linville, Jarrett, Dickerson, Hunt, Walsh, Sullivan, Darneille, Appleton, Morrell, Williams, Dunn, Schual-Berke, Fromhold, Hasegawa, Chase, Upthegrove, McCoy, Green, O'Brien, Hudgins, Sells, Springer, Moeller, Goodman, Barlow, Eddy, Santos, Simpson, Haigh, Lantz, Kagi, and Rolfes)

(DIGEST AS ENACTED)

Finds that: (1) The economic trends of globalization and technological change are increasing the demand for higher and differently skilled workers than in the past;

(2) Increasing Washington's economic competitiveness requires increasing the supply of skilled workers in the state;

(3) Improving the labor market competitiveness of all Washington residents requires that all residents have access to postsecondary education; and

(4) Community and technical college workforce training programs and Washington state apprenticeship and training council-approved apprenticeship programs provide effective and efficient pathways for people to enter high wage, high skill careers while also meeting the needs of the economy.

Requires the college board to develop and implement a workforce education program known as the opportunity grant program to provide funding for students enrolled at qualified institutions of higher education in opportunity grant-eligible programs of study as described in this act. Students enrolled in the opportunity grant program are eligible for: (1) Funding for tuition

and mandatory fees at the public community and technical college rate, prorated if the credit load is less than full time, paid directly to the educational institution; and

(2) An additional one thousand dollars per academic year for books, tools, and supplies, prorated if the credit load is less than full time.

Declares that funding under this act is limited to a maximum forty-five credits or the equivalent in an opportunity grant-eligible program of study, including required related courses. No student may receive opportunity grant funding for more than forty-five credits or for more than three years from initial receipt of grant funds in one or a combination of programs.

Requires the college board, in partnership with business, labor, and the workforce training and education coordinating board, to: (1) Identify job specific training programs offered by qualified postsecondary institutions that lead to a credential, certificate, or degree in high demand occupations, which are occupations where data show that employer demand for workers exceeds the supply of qualified job applicants throughout the state or in a specific region, and where training capacity is underutilized;

(2) Gain recognition of the credentials, certificates, and degrees by Washington's employers and labor organizations. The college board shall designate these recognized credentials, certificates, and degrees as "opportunity grant-eligible programs of study"; and

(3) Market the credentials, certificates, and degrees to potential students, businesses, and apprenticeship programs as a way for individuals to advance in their careers and to better meet the needs of industry.

VETO MESSAGE ON 4SHB 1103

March 25, 2008

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 40, Fourth Substitute House Bill 1103 entitled:

"AN ACT Relating to health professions."

This bill ensures that all health care providers in Washington State are well-qualified by strengthening the state's standards for credentialing and disciplining providers.

Section 40 is an emergency clause. Fourth Substitute House Bill 1103 increases the authority of regulators to remove health care practitioners who pose a risk to the public but does not necessitate an emergency clause. An emergency clause is to be used where it is necessary for the immediate preservation of the public peace, health or safety or whenever it is essential for the support of state government. I do not believe that an emergency clause is needed.

For this reason, I have vetoed Section 40 of Fourth Substitute House Bill 1103.

With the exception of Section 40, Fourth Substitute House Bill 1103 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

Companion Bill: 5071

Concerning visitation rights for grandparents.

Recognizes that the recent Washington State Supreme Court decision in *In re Parentage of C.A.M.A.* reaffirmed that Washington's grandparent visitation statutes are unconstitutional. It is the intent of the legislature to bring the law in line with the court's holding in that case, in order to ensure that grandparents have a viable means of petitioning the court for visitation with their grandchildren.

Repeals RCW 26.09.240.

Exempting transfer students from military families from the certificate of academic achievement.

Finds that students who have been relocated across the country and perhaps across the world as a result of their families' service in the military face academic challenges with each relocation. Requiring students from military families who transfer in high school to pass the Washington assessment of student learning in order to receive a high school diploma poses an unfair burden on these students and their families.

Provides that any student who transfers to a Washington state public school from another state after the ninth grade as a result of the student's parent or guardian receiving an active military duty assignment to Washington state shall not be required to earn a certificate of academic achievement as a requirement for high school graduation.

**HB 1110** by Representatives Morris, Hudgins, B. Sullivan, Morrell, and Wallace

Intending to create a Washington institute of technology.

Declares that, in order for Washington to continue to be a leading technology state, and to compete in a global, technology-driven economy, Washington needs a more robust higher education system that places a priority on enrolling and conferring undergraduate and graduate degrees upon students in science and technology, particularly in the fields of engineering, technology, biotechnology, science, computer science, and mathematics. The legislature recognizes that it must increase access, enrollment

slots, and degree opportunities in those fields of study as they are integrally linked to ensuring that Washington state's economy can compete nationally and globally.

Declares an intent to create a center of excellence in this state, dedicated to technology, to be known as the Washington institute of technology. This institute of technology shall combine three world-class, university branch campuses: University of Washington - Bothell; Washington State University - TriCities; and Washington State University - Vancouver, and shall offer areas of study including, but not limited to, engineering, technology, biotechnology, science, computer science, and mathematics.

 FOR ENGROSSED: Prohibiting the marketing of estate  
 distribution documents by persons not authorized to practice law  
 in this state or who are not a financial institution.)

(DIGEST AS ENACTED)

Prohibits the marketing of estate distribution documents by  
 persons not authorized to practice law in this state or who are not a  
 financial institution.

Finds the practice of using "living trusts" as a marketing tool  
 by persons who are not authorized to practice law or who are not  
 acting directly under the supervision of a person authorized to  
 practice law to be a deceptive means of obtaining personal asset  
 information and of developing and generating leads for sales to  
 senior citizens. The legislature further finds that this practice  
 endangers the financial security of consumers and may frustrate  
 their estate planning objectives. Therefore, the legislature intends  
 to prohibit the marketing of services related to preparation of  
 estate distribution documents by persons who are not authorized  
 to practice law.

Creating programs to end homelessness.

(SUBSTITUTED FOR - SEE 2ND SUB)

Establishes programs to end homelessness.

Requires the joint legislative audit and review committee to  
 conduct a performance audit of the ending homelessness program  
 every four years. The first audit must be conducted by December  
 31, 2009. Each audit must take no longer than six months or fifty  
 thousand dollars to complete.

Appropriates the sum of fifty thousand dollars, or as much  
 thereof as may be necessary, for the fiscal year ending June 30,  
 2008, from the general fund to the ending homelessness account  
 to be distributed by the department of community, trade, and  
 economic development to five housing authorities, using a  
 selection method and distribution formula to be determined by the  
 department, to implement a quality management program and  
 prepare and submit an application to the Washington quality  
 awards program by December 31, 2009.

(SUBSTITUTED FOR - SEE 2ND SUB)

Establishes programs to end homelessness.

Creates within the department the ending homelessness  
 program to develop and implement a statewide ending  
 homelessness strategic plan, coordinate and monitor local  
 government ending homelessness plans and programs, and  
 implement and manage an ending homelessness grant program.  
 The ending homelessness program has an established short-term  
 goal of reducing the homeless population statewide and in each  
 county by fifty percent by July 1, 2015, and an ultimate goal of  
 ending homelessness. The ending homelessness program is  
 developed and administered by the department with advice and  
 input from the affordable housing advisory board established in  
 RCW 43.185B.020.

Provides that program outcomes and performance measures  
 and goals must be created by the department in consultation with  
 the interagency council on homelessness and a task force  
 established by the department consisting of the committee chairs

of the appropriate committees of the legislature, representatives appointed by the director from a minimum of five local ending homelessness task forces representing both urban and rural areas and communities east and west of the Cascade mountains, and a representative from a statewide membership organization that advocates for ending homelessness. The task force must also produce guidelines for local governments regarding methods, techniques, and data suggested to measure each performance measure. Performance measures, yearly targets, and corresponding measurement guidelines must be established by December 31, 2007, and must be reviewed annually by the department and the interagency council on homelessness after soliciting feedback from all local ending homelessness task forces.

Authorizes the department to determine a timeline for implementation and measurement of each performance measure for the state and local ending homelessness plans, except that the state and all local governments must implement and respond to all performance measures by December 31, 2009, unless the department finds that a performance measure is not applicable to a specific local area according to parameters and thresholds established by the department.

Requires the employment security department to annually establish a self-sufficiency standard based upon the cost of living, including housing costs, which include mortgage or rent payments and utilities other than telephone, for each county and major city in the state. The first self-sufficiency standard must be presented to the legislature by December 31, 2008.

Finds that the use of contract harvesting for silvicultural treatments has proven effective and that continued utilization is important to improve and maintain forest health.

Finds that it is necessary to remove the expiration date for this authority, set for December 31, 2007, and to continue the use of contract harvesting for silvicultural treatments to improve forest health on state trust lands.

Provides that, if such plans are not in place, the department shall prioritize silvicultural treatments for forest health with higher priority given to the protection of public health and safety, public resources as defined in RCW 76.09.020, and the long-term asset value of the trust.

- VETO MESSAGE ON SHB 1128  
May 15, 2007  
To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington  
Ladies and Gentlemen:

I am returning, without my approval as to Sections 113(9); 127(14); 127(29); 129(11); 141(1); 214(13); 222, page 105, line 12; 307(23); 307(24); 307(30); 402, page 147, line 33; 949; 1608(4) and (5); and 1621(4) of Substitute House Bill 1128 entitled:

"AN ACT Relating to fiscal matters."

**Section 127(14), page 25, Department of Community, Trade and Economic Development, Distribution of Visitor Guides**

Visitor guides are an important tool for promoting tourism to Washington State. The Department of Community, Trade and Economic Development currently has a formal agreement with the tourism industry to store and mail visitor guides as requested by the industry. The Department, in close partnership with the new tourism committee created by Substitute House Bill 1276, should have discretion on how many guides should be distributed. Therefore, I have vetoed Section 127(14).

**Section 127(29), page 28, Department of Community, Trade and Economic Development, Grant to the Synergy Group**

This nonprofit organization has the potential to ensure that the delivery of social services in the Lake Stevens area is accomplished more efficiently, and I encourage this type of coordination. However, this effort is more appropriately a local function, not the state's. Furthermore, the Synergy Group has not yet been legally established and does not yet have a clearly defined mission and purpose. For this reason, I have vetoed Section 127(29).

**Section 129(11), pages 37-38, Office of Financial Management, Technical Assistance to Pharmacies**

This proviso requires that the Office of Financial Management enter into an interagency agreement with the Department of Social and Health Services to establish a technical audit assistance program for pharmacies that provide Medicaid services, to oversee the technical assistance program, and to review and update pharmacy audit practices. No new funds were provided to accomplish these activities. In addition, the delegation of this authority to the Office of Financial Management over audit practices appears to violate the federal Medicaid Single State Agency requirement that the Department of Social and Health Services handle matters of this sort. For these reasons, I have vetoed Section 129(11).

**Section 141(1), page 44, Department of General Administration, Moving Costs for Office of Minority and Women-Owned Businesses**

This proviso prevents the Department of General Administration from charging the Office of Minority and Women's Business Enterprise for the cost of moving to a new office. Since the Department of General Administration is supported by rates and fees, any service that is not charged to the agency receiving the services could result in higher rates for other state agencies. Therefore, I have vetoed Section 141(1).

**Section 214(13), page 97, Health Care Authority, Family Practice Residency in Southeastern Washington**

This proviso establishes a family practice residency program in southwest Washington. On-going programs of this nature are best established with substantive legislation, not as a proviso in the appropriations bill. For this reason, I have vetoed Section 214(13).

**Section 222, page 105, line 12, Department of Health, Oyster Reserve Land Account Appropriation**

This is a technical veto to correct an over-appropriation in this account. While the Department of Health will no longer have a direct appropriation, the Department of Fish and Wildlife will enter into an agreement with the Department of Health to distribute pass-through funding to local health jurisdictions for grants to individuals to improve on-site sewage systems, as required by Substitute Senate Bill 5372, the Puget Sound Partnership. For this reason, I have vetoed Section 222, line 12.

**Section 307(23), page 135, Department of Fish and Wildlife, Sinking Vessels in Puget Sound for Dive Attractions**

This proviso requires that, within existing funds, the Department of Fish and Wildlife in coordination with the Department of Ecology shall evaluate the environmental impacts of sinking vessels in Puget Sound for dive attractions. A needs assessment and scoping study (including environmental impacts) for sinking ships as diving sites in Puget Sound has already been completed, and was submitted to the Office of Financial Management and the Legislature in November of 2006. No additional funding was provided for this new evaluation. For these reasons, I have vetoed Section 307(23).

**Section 307(30), page 136, Department of Fish and Wildlife, Use of Appropriated Funds for Mole Trapping, Mountain Beaver Removal Enforcement**

This proviso prohibits the Department of Fish and Wildlife from using appropriated funds to enforce RCW 77.15.194, providing penalties for the use of leg-hold traps for trapping by mole exterminators or for the removal of mountain beaver from forest lands. The budget bill is not the appropriate vehicle for making substantive policy changes in the way the state implements Initiative 713. No bill passed the Legislature this session modifying RCW 77.15.194. Therefore, I have vetoed section 307(30).

**Section 402, line 33, page 147, Washington State Patrol, DNA Data Base Account Appropriation**

A drafting error resulted in an inadvertent appropriation from the DNA Data Base Account, which is a nonappropriated fund. Funds from the nonappropriated source are still available to the State Patrol for forensic laboratory improvements. Therefore, I have vetoed the appropriation from this account.

**Section 949, page 283-287, Health Care Authority, Amending the Public Employee Benefits Board Statute**

In this act, the Legislature defines the maximum contribution rates to be paid by state agencies on behalf of employees for health benefits. The Public Employee Benefits Board (PEBB) uses this funding level to secure a competitive benefit package for PEBB participants. Section 949 amends existing statute to prevent the Board from revising health plan offerings if that change would increase the actuarial value of the plans for the 2007-09 Biennium. This restriction is contrary to the PEBB's responsibility to successfully manage a competitive employee benefit package within the fiscal parameters established by the Legislature. It also limits the involvement of key stakeholders (including labor, retirees, and benefit experts) in important benefit decisions. For these reasons, I have vetoed Section 949 in its entirety.

**Section 1608(4) and (5), page 501, Department of Retirement Systems, Funding for 2006 Legislation**

These subsections add funding for legislation that was passed in 2006, and is already in the budget. Therefore, I have vetoed Section 1608(4) and (5).

**Section 1621(4), page 506, for the Office of Financial Management, Technology Funding**

This proviso would prohibit the release of funds to pay for at least 35 projects with a risk-severity assessment of level 2 or greater until a feasibility study is completed and the project is approved by the Information Services Board. While I agree that these projects need careful review and scrutiny before they proceed, I am vetoing Section 1621(4) because of the added workload and complexity introduced by these requirements. However, I direct the Department of Information Services and the Information Services Board to use their existing authority to provide the review and analysis desired in this proviso so that future costs and risks are better understood before the projects are allowed to move forward.

In addition, I share the intention expressed by the Legislature in Section 903 of this bill to better manage technology investments to achieve more common and coordinated technology and data

solutions. Therefore, I also direct the Department of Information Services and Information Services Board to use their existing authority to review and strengthen investment planning for information technology projects to include, at a minimum, a review of the ability of projects to better use common services and solutions. Doing so can help reduce costs and risks for individual projects and can help the state realize greater economies of scale across multiple projects.

The following sections are vetoed because the bills referenced did not pass:

**Section 113(9), page 12, Office of Administrator for the Courts, SHB 1141, Diversion Records**

**Section 307(24), page 135, Department of Fish and Wildlife, ESHB 1147, Damage to Livestock**

For these reasons, I have vetoed Sections 113(9); 127(14); 127(29); 129(11); 141(1); 214(13); 222, page 105, line 12; 307(23); 307(24); 307(30); 402, page 147, line 33; 949; 1608(4) and (5); and 1621(4) of Substitute House Bill 1128.

I am signing Section 307(8) which directs the Department of Fish and Wildlife to implement a joint management and collaborative enforcement agreement with the Confederated Tribes of the Colville and the Spokane Tribe without providing additional appropriations for the agreement. While I would have preferred that the Legislature provide new funding for this important endeavor, I am committed to the agreement and will work with the agency, the tribes and the Legislature to ensure its success.

With the exception of Sections 113(9); 127(14); 127(29); 129(11); 141(1); 214(13); 222, page 105, line 12; 307(23); 307(24); 307(30); 402, page 147, line 33; 949; 1608(4) and (5); and 1621(4), Substitute House Bill 1128 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Creating an office of public guardianship as an independent agency of the judiciary.

(SEE ALSO PROPOSED 2ND SUB)

Provides that, in establishing an office of public guardianship, the legislature intends to promote the availability of guardianship services for individuals who need them and for whom adequate services may otherwise be unavailable.

Reaffirms its commitment to treat liberty and autonomy as paramount values for all Washington residents and to authorize public guardianship only to the minimum extent necessary to provide for health or safety, or to manage financial affairs, when the legal conditions for appointment of a guardian are met.

Does not intend to alter those legal conditions or to expand judicial authority to determine that any individual is incapacitated.

Creating the passport to college promise program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to create the passport to college promise program that will have two primary components, as follows: (1) Significantly increasing outreach to foster care youth between the ages of fifteen and eighteen regarding the higher education opportunities available to them, how to apply to college, and how to apply for and obtain financial aid; and

(2) Providing financial aid to former foster care youth to ensure that the entire costs of their public undergraduate college education are paid for.

Creates the passport to college promise program. The purpose of the program is: (1) To encourage current and former foster care youth to prepare for, attend, and successfully complete higher education; and

(2) To provide current and former foster care youth with the educational planning, information, institutional support, and direct financial resources necessary for them to succeed in higher education.

Directs the department of social and health services, with input from the state board for community and technical colleges, the higher education coordinating board, and institutions of higher education, to contract with at least one nongovernmental entity through a request for proposals process to develop, implement, and administer a program of supplemental educational transition planning for youth in foster care in Washington state.

Requires the state board for community and technical colleges to monitor and analyze the academic progress of community and technical college students who receive scholarships under this act, and submit a report regarding the number of community and technical college students who have received scholarships under this chapter and the academic progress of those students to the higher education committees of the senate and the house of representatives by January 15, 2010.

Requires the higher education coordinating board to monitor and analyze the academic progress of students enrolled at four-year institutions of higher education who receive scholarships under this chapter, and shall submit a report regarding the number of students who have received scholarships under this chapter and the academic progress of those students to the higher education committees of the senate and the house of representatives by January 15, 2010.

**HB 1131-S** by House Committee on Appropriations (originally sponsored by Representatives Dunshee, Haler, Kenney, Fromhold, Priest, Roberts, Jarrett, Kagi, Hunt, McDermott, Haigh, Ormsby, Chase, Wallace, Hudgins, Schual-Berke, Simpson, Conway, Morrell, Moeller, and Santos)

Creating the passport to college promise program. (REVISED FOR PASSED LEGISLATURE: Creating the passport to college promise pilot program.)

(DIGEST AS ENACTED)

Declares an intent to create the passport to college promise program that will have two primary components, as follows: (1) Significantly increasing outreach to foster care youth between the ages of fourteen and eighteen regarding the higher education opportunities available to them, how to apply to college, and how to apply for and obtain financial aid; and

(2) Providing financial aid to former foster care youth to assist with the costs of their public undergraduate college education.

Creates the passport to college promise program. The purpose of the program is: (1) To encourage current and former foster care youth to prepare for, attend, and successfully complete higher education; and

(2) To provide current and former foster care youth with the educational planning, information, institutional support, and direct financial resources necessary for them to succeed in higher education.

Requires the higher education coordinating board to design and, to the extent funds are appropriated for this purpose, implement, a program of supplemental scholarship and student assistance for students who have emancipated from the state foster care system after having spent at least one year in care.

Directs the higher education coordinating board, in consultation with and with assistance from the state board for community and technical colleges, to perform an annual analysis to verify that those institutions of higher education at which students have received a scholarship under this section have awarded the student all available need-based and merit-based grant and scholarship aid for which the student qualifies.

Provides that, to the extent funds are appropriated for this purpose, the department of social and health services, with input from the state board for community and technical colleges, the higher education coordinating board, and institutions of higher education, shall contract with at least one nongovernmental entity through a request for proposals process to develop, implement, and administer a program of supplemental educational transition planning for youth in foster care in Washington state.

Requires the higher education coordinating board to report to appropriate committees of the legislature by January 15, 2008, on the status of program design and implementation.

Requires the state board for community and technical colleges and the higher education coordinating board to monitor and analyze the extent to which eligible young people are increasing their participation, persistence, and progress in postsecondary education, and shall jointly submit a report on their findings to appropriate committees of the legislature by December 1, 2009, and by December 1, 2011.

Requires the Washington state institute for public policy to complete an evaluation of the passport to college promise pilot program and shall submit a report to appropriate committees of the legislature by December 1, 2012. The report shall estimate the impact of the program on eligible students' participation and success in postsecondary education, and shall include recommendations for program revision and improvement.

Allowing certain cities to designate aquifer conservation zones.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that any city coterminous with, and comprised only of, an island that does not have access to a potable water source outside its jurisdiction may designate one or more aquifer conservation zones.

Provides that aquifer conservation zones may only be designated for the purpose of conserving and protecting potable water sources and may not include the entirety of a jurisdiction.

**HB 1135-S** by House Committee on Local Government (originally sponsored by Representatives Appleton, Rolfes, Lantz, Seaquist, and Clibborn)

(DIGEST AS ENACTED)

Provides that any city coterminous with, and comprised only of, an island that relies solely on groundwater aquifers for its potable water source and does not have reasonable access to a potable water source outside its jurisdiction may designate one or more aquifer conservation zones.

Declares that aquifer conservation zones may only be designated for the purpose of conserving and protecting potable water sources.

Authorizes any city to consider whether an area is within an aquifer conservation zone when determining the residential density of that particular area. The residential densities within conservation zones, in combination with other densities of the city, must be sufficient to accommodate projected population growth under RCW 36.70A.110.

Allowing for the net meter aggregation of electricity.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that "meter aggregation" means the administrative combination of readings from and billing for all meters, regardless of the rate class, on premises owned or leased by a customer-generator located within the service territory of a single electric utility.

Provides that, if a customer-generator requests, an electric utility shall provide meter aggregation.

**HB 1140-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives McCoy, Crouse, Grant, and Blake)

(DIGEST AS ENACTED)

Declares that "meter aggregation" means the administrative combination of readings from and billing for all meters, regardless of the rate class, on premises owned or leased by a customer-generator located within the service territory of a single electric utility.

Provides that, if a production meter and software is required by the electric utility to provide meter aggregation under RCW 80.60.030(4), the customer-generator is responsible for the purchase of the production meter and software.

Provides that, if a customer-generator requests, an electric utility shall provide meter aggregation.

Provides that: (1) For customer-generators participating in meter aggregation, kilowatt-hours credits earned by a net metering system during the billing period first shall be used to offset electricity supplied by the electric utility.

(2) Not more than a total of one hundred kilowatts shall be aggregated among all customer-generators participating in a generating facility under this act.

(3) Excess kilowatt-hours credits earned by the net metering system, during the same billing period, shall be credited equally by the electric utility to remaining meters located on all premises of a customer-generator at the designated rate of each meter.

(4) Meters so aggregated shall not change rate classes due to meter aggregation under this act.

**HB 1147** by Representatives Kretz, B. Sullivan, Hinkle, Pettigrew, Linville, Kristiansen, Blake, Takko, Newhouse, Warnick, Hailey, Grant, Armstrong, Kessler, Wallace, Haigh, Moeller, Haler, and Condotta

Concerning damage to livestock.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the department shall enter into and maintain a contract with the United States department of agriculture that will provide for the inspection of killed or injured commercial livestock by the United States department of agriculture when the owner of the commercial livestock notifies the department of a suspected attack by predatory wildlife. Under the contract, the United States department of agriculture must be the exclusive party responsible for determining the cause of injury or death to the commercial livestock, and the director must abide by the decision of the United States department of agriculture.

Creates the commercial livestock valuation committee to determine the market value of killed or injured commercial livestock for the purposes of reimbursing the owner under RCW 77.36.040.

**HB 1147-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Kretz, B. Sullivan, Hinkle, Pettigrew, Linville, Kristiansen, Blake, Takko, Newhouse, Warnick, Hailey, Grant, Armstrong, Kessler, Wallace, Haigh, Moeller, Haler, and Condotta)

(AS OF HOUSE 2ND READING 1/28/2008)

Authorizes the director of fish and wildlife or the director's designee to distribute money appropriated to reimburse the owner

of commercial livestock that has been killed by predatory wildlife, or injured by predatory wildlife to such a degree that the market value of the commercial livestock has been diminished, if during the current fiscal biennium the department has received appropriations from either the state wildlife account or the general fund above the amounts specified in RCW 77.36.070 and 77.36.080 for the reimbursement of damage to commercial livestock.

Creates the commercial livestock valuation committee to assist the director with the determination of the market value of killed or injured commercial livestock for the purposes of reimbursing the owner under RCW 77.36.040.

Prohibits the department of fish and wildlife to pay no more than the amount indicated for predatory wildlife damage in the current fiscal biennium's appropriation to the department from the state wildlife account for claims under RCW 77.36.040 and for assessment costs and compromise of predatory wildlife claims.

**HB 1148-S** by House Committee on Housing (originally sponsored by Representatives Simpson, Dunn, Orcutt, McCune, Chase, Wallace, Ormsby, and Springer)

Addressing the restriction of mobile home or manufactured home locations.

(AS OF HOUSE 2ND READING 1/18/2008)

Prohibits restrictions on the location of mobile homes or manufactured homes based exclusively on age and dimensions.

Provides that a city or town, code city or county may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of mobile homes or manufactured homes in mobile home parks or manufactured housing communities, as defined in RCW 59.20.030, which were legally in existence before the effective date of this section, based exclusively on the age or dimensions of the mobile home or manufactured home. This does not preclude a city or town from restricting the location of a mobile home or manufactured home in mobile home parks or manufactured housing communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to mobile homes and manufactured homes.

Regulating employment decisions based on the consumption of lawful tobacco products.

(SEE ALSO PROPOSED 1ST SUB)

Declares that it is unlawful for an employer to refuse to hire or to discharge an individual, or otherwise disadvantage an individual, with respect to compensation, terms, conditions, or privileges of employment because the individual engages in the consumption of lawful tobacco products off the premises of the employer during nonworking hours, provided the individual complies with applicable laws or policies regulating consumption of lawful tobacco products on the premises of the employer during working hours.

Declares that nothing in this act precludes a religious or health organization, whose tenets prohibit the use of an otherwise lawful tobacco product or a company or nonprofit organization whose primary business purpose is the prevention of heart and lung disease, from refusing to employ an individual who uses an otherwise lawful tobacco product.

Provides that the remedy for an individual claiming to be aggrieved by a violation of this act is a civil action for damages for all wages and benefits deprived the individual by reason of the violation.

**HB 1154-S** by House Committee on Commerce & Labor (originally sponsored by Representatives Morrell,

Conway, Grant, Sells, Blake, Moeller, Eickmeyer, Appleton, Kenney, Flannigan, Hudgins, Williams, Ormsby, and Simpson)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that except as provided, it is unlawful for an employer to require an employee or prospective employee to disclose verbally or in writing whether he or she consumed lawful tobacco products at any time before or during employment with the employer or to require an employee or prospective employee to agree verbally or in writing not to consume lawful tobacco products off the premises of the employer during nonworking hours.

Provides that any person violating this act is guilty of a misdemeanor.

Provides that, in a civil action alleging a violation of this act, the court may: (1) Award a penalty in the amount of five hundred dollars to a prevailing employee or prospective employee in addition to any award of actual damages;

(2) Award reasonable attorneys' fees and costs to the prevailing employee or prospective employee; and

(3) Pursuant to RCW 4.84.185, award any prevailing party against whom an action has been brought for a violation of this act reasonable expenses and attorneys' fees upon final judgment and written findings by the trial judge that the action was frivolous and advanced without reasonable cause.

Regarding student transportation funding.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the current student transportation funding formula is outdated and does not adequately address the costs incurred by school districts in transporting students.

Finds that any new formula should be based on reliable data from a uniform system of accounting used by all districts, provide incentives for efficient use of state resources, and maintain local school district control over operational decisions within the transportation program.

Declares an intent to respond to the findings of the 2006 pupil transportation funding study by the joint legislative audit and review committee by improving the system of accounting for transportation costs, providing additional payments to districts to mitigate funding discrepancies identified by the study, and directing that a new funding formula be developed in a thoughtful and deliberative manner and implemented no later than the 2009-10 school year.

Modifying provisions on judicial campaigns.

(SEE ALSO PROPOSED 1ST SUB)

Declares that the intent of this act is to protect the fairness of elections for the highest courts in Washington state - the supreme court and court of appeals. Doing so will maintain the public's trust in the integrity and independence of our courts in the face of increasingly large sums of money raised and spent by special interest groups. That flood of money threatens the impartiality, independence, and credibility of our judiciary.

Provides that, to maintain public confidence in the judiciary, we must prevent not only corruption, but the appearance of corruption, for the judiciary is the one branch of government that must be uniquely impartial, independent, and unbiased in order to best serve the residents of Washington. It would be destructive for our democracy to allow our courts to become influenced by large amounts of money, and for our citizens to think that judicial decisions are influenced by those large amounts of money. This act is necessary to ensure that our highest courts continue to be unbiased and insulated from special interests.

Establishes the judicial election reform act as an alternative source of financing candidates for the Washington supreme court and court of appeals who demonstrate public support and voluntarily accept strict fund-raising and spending limits.

**HB 1198** by Representatives Ross, Ahern, Bailey, Pearson, McDonald, and Warnick

Changing eluding provisions.

Authorizes the prosecuting attorney to file a special allegation of endangerment by eluding in every criminal case involving a charge of attempting to elude a police vehicle under RCW

46.61.024, when sufficient admissible evidence exists, to show that a person other than the defendant was threatened with physical injury or harm by the actions of the person committing the crime of attempting to elude a police vehicle.

Requires that, in a criminal case in which there has been a special allegation, the state shall prove beyond a reasonable doubt that the accused committed the crime while endangering a person other than the defendant. The court shall make a finding of fact of whether or not a person other than the defendant was endangered at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not a person other than the defendant was endangered during the commission of the crime.

Provides that an additional term of total confinement of not less than twelve months and one day or more than twenty-four months shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering another person under this act. Any enhancement added under this provision shall run consecutively to any other sentence or enhancement imposed by the court.

Establishing the statewide CBRNE response program.

Finds that the threat of an incident caused by a chemical, biological, radioactive, nuclear, or explosive agent occurring in the state poses a severe threat to the health, safety, and welfare of the citizens of the state of Washington. In order to mitigate any damage that may be caused by CBRNE incidents, it is necessary that the state have a coordinated and comprehensive plan to respond to these dangerous and deadly incidents.

Requires the director to establish and maintain a statewide CBRNE response program. This program must include, without limitation: (1) The division of the state into CBRNE response regions;

(2) A network of regional teams to respond to CBRNE incidents within their respective regions and to operate outside their respective regions to assist other regional teams;

(3) Standards for training, equipment, and procedures for regional teams and other responders concerning responses to CBRNE incidents;

(4) Procedures for reimbursing regional teams for costs incurred by approved responses; and

(5) Procedures for recovering response costs from parties responsible for causing a CBRNE incident.

Declares that the requirement of the program under this act is subject to appropriation by the legislature.

Appropriates the sum of twenty-three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the director of fire protection for the purposes of this act.

**HB 1232** by Representatives Hunt, Alexander, Curtis, Simpson, Chandler, Armstrong, and Appleton

Clarifying that certain local government real estate excise tax proceeds may be used for the acquisition of equipment and software related to business applications.

(SEE ALSO PROPOSED 2ND SUB)

Declares that the intent in defining the permitted uses of the proceeds of the tax authorized in RCW 82.46.010(2) has always been to authorize the use of tax proceeds for the acquisition of equipment such as computer hardware, telecommunications equipment, and software used by a county, city, or town in the regular course of business in connection with associated capital improvements. All such expenditures made by counties, cities, and towns on, before, or after the effective date of this act are declared to be authorized and valid.

**HB 1232-S** by House Committee on Local Government (originally sponsored by Representatives Hunt, Alexander, Curtis, Simpson, Chandler, Armstrong, and Appleton)

(SEE ALSO PROPOSED 2ND SUB)

Declares that "capital project" includes equipment that may contain and employ software elements necessary for initial installation and operation that may be included in the capital budget expenditure on a one-time basis during the initial acquisition by a county or city in the regular course of business in connection with associated capital improvements. These capital expenditures must be capitalized with a lifetime of at least five years and must be tied directly to the dollar amount used solely for the economic development value of an existing or planned capital improvement. None of the tax proceeds may be used for daily operation, maintenance, or upgrading of the original capital investment.

Declares that, all expenditures made by counties and cities for capital purposes, local capital improvements, and capital projects authorized under this act on or before the effective date of this act are declared to be valid.

**HB 1232-S2** by House Committee on Local Government (originally sponsored by Representatives Hunt, Alexander, Curtis, Simpson, Chandler, Armstrong, and Appleton)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that "capital projects" include equipment items that may contain and employ a software element necessary for initial installation and operation that may be included in the capital expenditure on a one-time basis during initial acquisition by a county or city in the regular course of business in connection with associated capital improvements. These expenditures must be capitalized with a lifetime of at least five years and must be tied directly to the dollar amount used solely for the economic development value of an existing or planned capital improvement. None of the tax proceeds may be used for daily operations or upgrading of the original capital investment.

Allows proceeds from the tax authorized to be used for the initial acquisition and installation of computer hardware and computer business systems and applications that are: Capitalized with a useful life of five or more years; and directly related to an existing or planned capital project. Proceeds from the tax authorized may not be used for: Ongoing maintenance, operation, or upgrades of computer hardware or software; computer peripherals; or computer accessories.

Declares that, all expenditures made by counties and cities for capital purposes, local capital improvements, and capital projects authorized under this act on or before the effective date of this act are declared to be valid.

**HB 1237** by Representatives Kirby and Roach; by request of Insurance Commissioner

Companion Bill: 5263

Modifying medical malpractice closed claim reporting requirements.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that instances in which a claim is not reported by an insuring entity include, but are not limited to, situations in which the insuring entity contends that it cannot be regulated, such as: (1) A risk retention group that refuses to report closed claims and asserts that the federal liability risk retention act (95 Stat. 949; 15 U.S.C. 3901 et seq.) preempts state law; or

(2) An unauthorized insurer refuses to report closed claims and asserts a federal exemption or other jurisdictional preemption.

**HB 1237-S** by House Committee on Insurance, Financial Services & Consumer Protection (originally sponsored by Representatives Kirby and Roach; by request of Insurance Commissioner)

(AS OF HOUSE 2ND READING 2/21/2007)

Provides that if a facility or provider is insured by a risk retention group and the risk retention group refuses to report closed claims and asserts that the federal liability risk retention act (95 Stat. 949; 15 U.S.C. Sec. 3901 et seq.) preempts state law, the facility or provider must report all data required by chapter 48.140 RCW on behalf of the risk retention group.

Provides that, if a facility or provider is insured by an unauthorized insurer and the unauthorized insurer refuses to report closed claims and asserts a federal exemption or other jurisdictional preemption, the facility or provider must report all data required by this chapter on behalf of the unauthorized insurer.

**HB 1245** by Representatives Chase, Kirby, Eickmeyer, Campbell, Williams, Haigh, Lovick, Green, Darneille, and Morrell

Addressing credit card applications and rates.

Finds that the number of unrequested solicitations to residents for credit cards is a cause for concern and consider them to be a violation of the consumer protection laws of Washington state.

Finds that rising interest rates on credit cards regularly far exceed the state usury limit. The legislature finds many of the credit card industry's practices and interest rates to be unethical. The legislature intends to tax the amounts raised by interest rates that exceed the usury rate at a higher tax rate. The additional tax revenues shall be deposited into the vocational education enhancement account.

Redirecting certain moneys for the benefit of department of fish  
 and wildlife programs.

(SEE ALSO PROPOSED 1ST SUB)

Directs the department to deposit the following into the  
 regional fisheries enhancement group account: (1) All revenue  
 from a surcharge of one hundred dollars, which shall be collected  
 on each commercial salmon fishery license, salmon delivery  
 license, and salmon charter license sold in the state;

(2) All revenue from the department's sale of salmon  
 carcasses and eggs that return to group facilities; and

(3)(a) Two dollars for each recreational fishing license sold to  
 an individual intending to fish for salmon, steelhead, marine fish,  
 or sturgeon. (b) To determine the number of individuals intending  
 to fish for salmon, steelhead, marine fish, or sturgeon, the  
 department shall conduct an annual survey of a portion of the  
 individuals who purchased a recreational fishing license in that  
 year. The survey must be designed to determine the percentage of  
 licensees surveyed who intended to, or actually did, fish for  
 salmon, steelhead, marine fish, or sturgeon.

Authorizing a one-year deferral of hunter education training.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the director may authorize a once in a lifetime,  
 one license year deferral of hunter education training for  
 individuals who are accompanied by a nondeferred Washington-  
 licensed hunter over eighteen years of age. The commission may  
 adopt rules for the administration of this provision.

Provides that if a person who has a deferral of hunter  
 education training or the accompanying hunter is convicted of a  
 violation of Title 77 RCW while hunting under the authority of  
 RCW 77.32.155(2), the department shall revoke all hunting  
 licenses and tags and order a suspension of the convicted person's  
 hunting privileges for two years.

**HB 1249-S** by House Committee on Agriculture & Natural  
 Resources (originally sponsored by  
 Representatives Blake, Kretz, Orcutt, Takko, and Haigh)

(DIGEST AS ENACTED)

Provides that the director may authorize a once in a lifetime,  
 one license year deferral of hunter education training for  
 individuals who are accompanied by a nondeferred Washington-  
 licensed hunter who has held a Washington hunting license for the  
 prior three years and is over eighteen years of age. The  
 commission shall adopt rules for the administration of this  
 provision to avoid potential fraud and abuse.

Provides that if either the deferred education licensee or the  
 required nondeferred accompanying person, hunting under the  
 authority of RCW 77.32.155(2), is convicted of a violation of  
 Title 77 RCW, except for a violation of RCW 77.15.400 (1)  
 through (3), the department may revoke all hunting licenses and  
 tags and may order a suspension of one or both the deferred  
 education licensee and the nondeferred accompanying person's  
 hunting privileges for one year.

**HB 1250** by Representatives Orcutt, B. Sullivan, Kretz, Alexander, and Pearson

Conducting a pilot project to provide the fish and wildlife commission with independent biological information.

(SEE ALSO PROPOSED 1ST SUB)

Provides for a pilot project to provide the fish and wildlife commission with independent biological information.

Requires the results of the assessments and plans developed under this act by the contract wildlife biologists to be reported directly to the fish and wildlife commission by October 31, 2008.

Requires that, upon the completion of the pilot project, the chair of the fish and wildlife commission shall present a report to the appropriate committees of the legislature on the differences between the management recommendations made by the independent biologists as compared to recommendations made by employees of the department of fish and wildlife.

**HB 1250-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Orcutt, B. Sullivan, Kretz, Alexander, and Pearson)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides for a pilot project to provide the fish and wildlife commission with independent biological information.

Requires the results of the assessments and plans developed under this act by the contract wildlife biologists to be reported directly to the fish and wildlife commission by October 31, 2008, with each additional year's information reporting at the end of that year.

Requires that, upon the completion of the pilot project, the chair of the fish and wildlife commission shall present a report to the appropriate committees of the legislature on the differences

between the management recommendations made by the independent biologists as compared to recommendations made by employees of the department of fish and wildlife.

Addressing the issue of stolen metal property.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that: (1) Because the current exemption of transactions involving "metal junk" from the requirements of chapter 19.60 RCW has enabled the theft of stolen metal property, that exemption must be removed;

(2) Uniform interpretation and enforcement of the laws governing pawnbrokers and second-hand dealers can be facilitated through precise clarification of the current law, and such changes in the law should discourage those who steal metal properties from seeking the most lenient jurisdiction in which to sell their stolen property; and

(3) Provisions must be made to ensure the appropriate documentation of transactions to assist law enforcement agencies to identify, recover, and return stolen property to its owner and to ensure, as reasonably as possible, that pawnbrokers and second-hand dealers are less likely to be used as conduits for the liquidation and disposal of stolen metal property.

**HB 1251-S** by House Committee on Insurance, Financial Services & Consumer Protection (originally sponsored by Representatives Morrell, Haler, O'Brien, Skinner, Lantz, Hinkle, Upthegrove, Takko, Moeller, Wallace, Crouse, Campbell, Kristiansen, Wood, Pearson, Ross, Fromhold, McCoy, Williams, Kretz, Hurst, Green, Kenney, VanDeWege, Haigh, McCune, Grant, Darneille, Simpson, Dunn, and Rolfes)

(AS OF HOUSE 2ND READING 3/10/2007)

Revises provisions relating to protecting and recovering property owned by utilities, telecommunications companies, railroads, state agencies, political subdivisions of the state, construction firms, and other parties.

**HB 1253** by Representatives Dickerson, Schual-Berke,  
 Campbell, Santos, Kenney, and Moeller

Requiring written authorization to display human remains for a  
 commercial purpose.

Declares that it is unlawful to display human remains to the  
 public for commercial purposes without valid written  
 authorization from the deceased. The valid written authorization  
 may be given in the last will of the deceased or in a document  
 created under RCW 68.50.160 or 68.50.540, or by a person who  
 has the right to control the disposition of the remains under RCW  
 68.50.160. The secretary of the department of health or the  
 secretary's designee must, prior to the display, determine the  
 adequacy of the documentation offered to establish authorization  
 for display.

Does not apply to the display of human remains: (1) More  
 than one hundred years old;

(2) Consisting solely of human teeth or hair;

(3) As part of the ordinary display or viewing of the deceased  
 at a funeral establishment licensed under chapter 18.39 RCW, or  
 as part of a similar funeral or memorial service; or

(4) As objects of religious veneration.

Provides that a violation of this act is a misdemeanor  
 punishable under chapter 9A.20 RCW.

**HB 1256** by Representatives Dickerson, Kagi, Hunter, O'Brien, and Ericks

Preventing serious injury and strangulation from window blind cords or other significant safety hazards in child care settings.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that minimum requirements related to safety of the premises shall include a prohibition on the use of window blinds or other window coverings with pull cords or inner cords capable of forming a loop and posing a risk of strangulation to young children. When developing and periodically reviewing minimum requirements related to safety of the premises, the director also shall consult and give serious consideration to the consumer product safety commission's most wanted list of child safety recommendations

**HB 1256-S** by House Committee on Early Learning & Children's Services (originally sponsored by Representatives Dickerson, Kagi, Hunter, O'Brien, and Ericks)

(DIGEST AS ENACTED)

Provides that minimum licensing requirements under chapter 43.215 RCW shall include a prohibition on the use of window blinds or other window coverings with pull cords or inner cords capable of forming a loop and posing a risk of strangulation to young children. Window blinds and other coverings that have been manufactured or properly retrofitted in a manner that eliminates the formation of loops posing a risk of strangulation are not prohibited under this act.

Requires that, when developing and periodically reviewing minimum licensing requirements related to safety of the premises, the director shall consult and give serious consideration to publications of the United States consumer product safety commission.

Authorizes the department to provide information as available regarding reduced cost or no-cost options for retrofitting or replacing unsafe window blinds and window coverings.

**HB 1272** by Representatives Roach, Ericks, Hurst, Strow, Newhouse, McDonald, Simpson, Williams, Haler, O'Brien, Pearson, VanDeWege, McCune, Sullivan, and Rolfes

Changing identity theft provisions.

(SEE ALSO PROPOSED 1ST SUB)

Enacts this act to expressly reject the interpretation of *State v. Leyda*, 157 Wn.2d 335, 138P.3d 610 (2006), which holds that the unit of prosecution in identity theft is any one act of either knowingly obtaining, possessing, using, or transferring a single piece of another's identification or financial information, including all subsequent proscribed conduct with that single piece of identification or financial information, when the acts are taken with the requisite intent.

Finds that proportionality of punishment requires the need for charging and punishing for obtaining, using, possessing, or transferring any individual person's identification or financial information, with the requisite intent.

Intends that each individual who obtains, possesses, uses, or transfers any individual person's identification or financial information, with the requisite intent, be classified separately and punished separately as provided in chapter 9.94A RCW.

Authorizing fraud alert networks.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to enable financial institutions and merchants, to the extent permitted by federal law, to exchange information to prevent, detect, deter, and assist in the prosecution of financial fraud, bank robbery, money laundering, identity theft, and other financial crimes.

Declares an intent to encourage the sharing of information consistent with federal law.

Declares that a fraud alert network is intended to protect against or prevent actual or potential fraud and unauthorized transactions, claims, or other liability, and is intended to be exempt from the privacy disclosure requirements of the Gramm-Leach-Bliley Act of 1999.

Provides that it is intended that so long as the participants comply with this act, the provisions of the Washington fair credit reporting act, chapter 19.182 RCW, do not apply to the fraud alert network. However, if it is determined that the federal fair credit reporting act applies to a fraud alert network, the Washington fair credit reporting act also applies.

Creating a public-private tourism partnership.  
(SUBSTITUTED FOR - SEE 1ST SUB)  
Creates the Washington tourism commission.  
Requires the commission to pursue a coordinated program to  
expand the tourism industry throughout the state in cooperation  
with the public and private tourism development organizations.  
The commission shall develop and approve, and update as  
necessary, a six-year strategic plan that includes, but is not limited  
to: (1) Promoting Washington as a tourism destination to national  
and international markets to include nature-based and wildlife  
viewing tourism;  
(2) Providing information to businesses and local  
communities on tourism opportunities that could expand local  
revenues;  
(3) Assisting local communities to strengthen their tourism  
partnerships, including their relationships with state and local  
agencies;  
(4) Providing leadership training and assistance to local  
communities to facilitate the development and implementation of  
local tourism plans; and  
(5) Coordinating the development of a statewide tourism  
marketing plan that must be adopted by March 31, 2008, and  
every two years thereafter. If the commission does not adopt a  
marketing plan by March 31st of even-numbered years, the  
director has the authority to approve a tourism marketing plan for  
implementation. The plan shall specifically address mechanisms  
for: (a) funding national and international marketing and nature-  
based tourism efforts; (b) interagency cooperation; and (c)  
integrating the state plan with local tourism plans.

Companion Bill: 5267

Providing for the use of the school district capital projects funds for technology.

(SUBSTITUTED FOR - SEE 2ND SUB)

Recognizes that technology has become an integral part of the facilities and educational delivery systems in our schools. In order to prepare our state's students to participate fully in our state's economy, school districts are making substantial capital investments in their technology systems, facilities, and projects. Districts are implementing, applying, and modernizing their technology systems.

Declares that school districts must be empowered to respond to the changing business models in the software industry and be given flexibility and authority to use capital projects funds to pay for licenses or online application fees.

Declares an intent that these investments be deemed major capital purpose and are also permitted uses of the district's two to six-year levies authorized by RCW 84.52.053.

**HB 1285** by Representatives Anderson, Fromhold, Priest, Quall, and Haler

Recodifying the basic education program.

(AS OF HOUSE 2ND READING 3/10/2007)

Finds that, in 1977, the legislature adopted the Washington basic education act of 1977 to set forth an education program that complies with the requirements of Article IX, sections 1 and 2, of the state Constitution. Subsequently, the courts have held that included in the state's obligation for basic education under Article IX, sections 1 and 2 of the state Constitution, is the provision of several programs in addition to the program contained in the Washington basic education act of 1977.

Finds that, in 1983, Thurston county superior court Judge Robert J. Doran held in *Seattle School District No. 1 v. State*, Thurston Co. Superior Court No. 81-2-1713-1 (1983), that the program of basic education required by Article IX of the state Constitution includes certain programs in addition to the program set forth in the basic education act.

Finds that, following Judge Doran's decision, the legislature has proceeded as though those programs held by Judge Doran to be part of the state's obligations under Article IX of the state Constitution are part of basic education. The purpose of this act is to set forth in a separate chapter for clarity and ease of reference all statutes the courts have held to be part of the program of basic education. This act does not expand, diminish, or alter the state's basic education obligations under Article IX of the state Constitution.

Repeals RCW 28A.150.100.

Companion Bill: 5245

Modifying foster children placement provisions.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires the supervising agency to provide the child's foster parents, preadoptive parents, or relative caregivers with notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under chapter 13.34 RCW. The rights to notice and to be heard apply only to persons with whom a child has been placed by the supervising agency and who are providing care to the child at the time of the proceeding. This act shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

**HB 1287-S** by House Committee on Early Learning & Children's Services (originally sponsored by Representatives Kagi, Hinkle, Walsh, Haler, Appleton, Simpson, Moeller, and Kenney; by request of Department of Social and Health Services)

(DIGEST AS ENACTED)

Requires the supervising agency to provide the child's foster parents, preadoptive parents, or relative caregivers with notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under chapter 13.34 RCW. The rights to notice and to be heard apply only to persons with whom a child has been placed by the supervising agency and who are

providing care to the child at the time of the proceeding. This act shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

Provides that if a child is placed in the custody of the department of social and health services or other supervising agency, immediately following the shelter care hearing, the court will enter an order granting the department or other supervising agency the right to inspect and copy all health, medical, mental health, and education records of the child, directing health care providers to release such information without further consent, and granting the department or supervising agency or its designee the authority and responsibility, where applicable, to: (1) Notify the child's school that the child is in out-of-home placement;

- (2) Enroll the child in school;
- (3) Request the school transfer records;
- (4) Request and authorize evaluation of special needs;
- (5) Attend parent or teacher conferences;
- (6) Excuse absences;
- (7) Grant permission for extracurricular activities;
- (8) Authorize medications which need to be administered during school hours and sign for medical needs that arise during school hours; and

(9) Complete or update school emergency records.

Provides that any person who receives information about a child or a child's family pursuant to this act shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law. Care providers shall agree in writing to keep the information that they receive confidential and shall affirm that the information will not be further disclosed or disseminated, except as authorized by law.

Provides that any foster parent who receives information about a child or a child's family pursuant to this act shall keep the information confidential and shall not further disclose or disseminate the information, except as authorized by law. Such individuals shall agree in writing to keep the information that they receive confidential and shall affirm that the information will not be further disclosed or disseminated, except as authorized by law.

#### VETO MESSAGE ON SHB 1287

May 11, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 3 and 4, Substitute House Bill 1287 entitled:

"AN ACT Relating to compliance with the federal safe and timely interstate placement of foster children."

Section 3 of this bill amends RCW 13.34.138, which pertains to judicial review of hearings for children in dependant care. Likewise, Section 4 of this bill amends RCW 13.34.145, which pertains to court permanency plan hearings for children in dependant care. The amendments outlined in Section 3 and 4 of this bill are unnecessary as they are incorporated into the amendments of Engrossed Substitute House Bill 1624.

Section 8 of Engrossed Substitute House Bill 1624, which passed this Legislative session, also amends and substantially reorganizes RCW 13.34.138. Section 9 of Engrossed Substitute House Bill 1624 also amends and substantially reorganizes RCW 13.34.145. The reorganization of RCW 13.34.138 and RCW 13.34.145 in Engrossed Substitute House Bill 1624 would likely make it difficult to incorporate the changes outlined in Sections 3 and 4 of this bill.

For these reasons, I have vetoed Sections 3 and 4 of Substitute House Bill 1287.

With the exception of Sections 3 and 4, Substitute House Bill 1287 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

**HB 1288** by Representatives Haler, Santos, Hankins, Sullivan, Lovick, Chase, Simpson, Hasegawa, McCune, and Kenney

Revising the essential academic learning requirements and statewide academic assessment system.

Directs the state board of education to appoint an academic standards panel comprised of exemplary educators from

Washington and nationally and internationally recognized individuals with knowledge and expertise in student learning standards at various grade levels and in various subject areas.

Requires that, by September 1, 2007, the academic standards panel shall recommend revisions to the essential academic learning requirements in reading, writing, mathematics, and science, which shall be adopted by the superintendent of public instruction. The revised essential academic learning requirements shall be aligned with national and international standards of academic achievement and aligned with diagnostic and standards-based assessments that are available and used in school districts and in other states. The revised essential academic learning requirements shall form the basis for revisions of the grade level content expectations and the statewide academic assessment system used for state and federal accountability purposes to ensure alignment between instruction, curriculum, standards, assessments, and accountability in core academic areas.

Provides that, not later than the 2009-10 school year, the superintendent of public instruction shall submit to the United States department of education a proposal to use a growth model of school accountability for purposes of P.L. 107-110, the no child left behind act of 2001. The growth model shall be based on results of the Washington assessment of student learning as revised by the 2007 c . . . (this act) amendments to RCW 28A.655.070 and shall measure improvements in individual student achievement from one year to the next rather than comparing the achievement status of a different cohort of students at the same grade level from one year to the next. If the proposal is approved by the department, the superintendent of public instruction and the state board of education shall implement the growth model for both state and federal accountability purposes.

Repeals RCW 28A.155.045, 28A.655.010, 28A.655.063, 28A.655.065, and 28A.230.195.

Authorizes the department to issue an enhanced driver's license or identicard for the purposes of crossing the border between the state of Washington and the Canadian province of British Columbia to an applicant who provides the department with proof of: United States citizenship, identity, and state residency.

**HB 1289-S** by House Committee on Transportation (originally sponsored by Representatives Clibborn, Campbell, VanDeWege, Dickerson, Moeller, and Morrell; by request of Department of Licensing)

(DIGEST AS ENACTED)

Authorizes the department to enter into a memorandum of understanding with any federal agency for the purposes of facilitating the crossing of the border between the state of Washington and the Canadian province of British Columbia.

Authorizes the department to issue an enhanced driver's license or identicard for the purposes of crossing the border between the state of Washington and the Canadian province of British Columbia to an applicant who provides the department

with proof of: United States citizenship, identity, and state residency.

Directs the department to develop and implement a statewide education campaign to educate Washington citizens about the border crossing initiative authorized by this act. The educational campaign must include information on the forms of travel for which the existing and enhanced driver's license can be used. The campaign must include information on the time frames for implementation of laws that impact identification requirements at the border with Canada.

Provides that the act shall be null and void if appropriations are not approved.

Regarding state purchasing of information technology projects.

(AS OF HOUSE 2ND READING 2/4/2008)

Provides that fiscal notes shall also identify the fiscal and operational impacts on the state information technology portfolio. To develop a process for assessing the fiscal and operational impacts on the state information technology portfolio, the office of financial management shall consult with the information services board and the department of information services.

Directs the department, in consultation with the office of financial management and the information services board, to prepare a six-year strategic plan for state information technology projects.

Requires that, at a minimum, the strategic plan must contain the following: (1) A long-term plan for state investments in information technology projects, that identifies the highest priority needs for information technology projects within affordable spending levels;

(2) A statewide information technology assessment, that includes detailed project information and estimated costs for all ongoing information technology projects included in a state

agency's information technology portfolio, under RCW 43.105.170;

(3) A detailed list of proposed information technology projects for the upcoming biennium and the two succeeding biennia; and

(4) A comprehensive review of the most recent biennial state performance report prepared under this act.

Regarding providing medically and scientifically accurate sexual health education in schools.

Declares an intent to support and advance the standards established in the January 2005 guidelines for sexual health information and disease prevention developed by the office of the superintendent of public instruction and the department of health. These guidelines are a fundamental tool to help school districts, teachers, guest speakers, health and counseling providers, community groups, parents, and guardians choose, develop, and evaluate sexual health curricula to better meet the health and safety needs of adolescents and young adults in their communities.

Requires that, by September 1, 2008, every school that offers sexual health education must assure that sexual health education is medically and scientifically accurate, age-appropriate, appropriate for students regardless of gender, race, disability status, or sexual orientation, and includes information about abstinence and other methods of preventing unintended pregnancy and sexually transmitted diseases. All sexual health information, instruction, and materials must be medically and scientifically accurate.

Provides that the office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask schools to identify any curricula used to provide sexual health education, and shall report the results of this inquiry to the legislature on an annual basis, beginning with the 2008-09 school year.

Companion Bill: 5293

Regarding dental hygienist employment by health care facilities and sealant programs in schools.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides for dental hygienist employment by health care facilities and sealant programs in schools.

**HB 1298-S** by House Committee on Health Care & Wellness (originally sponsored by Representatives Green, Campbell, Cody, Morrell, Moeller, and Conway)

(DIGEST AS ENACTED)

Provides for dental hygienist employment by health care facilities and sealant programs in schools.

Provides that a dental hygienist employed or retained to perform services under this act in a senior center must, before providing services: (1) Enter into a written practice arrangement plan, approved by the department, with a dentist licensed in this state, under which the dentist will provide off-site supervision of the dental services provided. This agreement does not create an obligation for the dentist to accept referrals of patients receiving services under the program;

(2) Collect data on the patients treated by dental hygienists under the program, including age, treatments rendered, insurance coverage, if any, and patient referral to dentists. This data must be submitted to the department of health at the end of each annual quarter, commencing October 1, 2007; and

(3) Obtain information from the patient's primary health care provider about any health conditions of the patient that would be relevant to the provision of preventive dental care. The information may be obtained by the dental hygienist's direct contact with the provider or through a written document from the provider that the patient presents to the dental hygienist.

Provides that a dental hygienist participating in a program under RCW 18.29.056 that involves providing services at senior centers, as defined in RCW 18.29.056, or under RCW 18.29.220 that involves removing deposits and stains from the surfaces of

teeth in a community-based sealant program must: (1) Provide the patient or, if the patient is a minor, the parent or legal guardian of the patient, if reasonably available, with written information that includes at least the following: (a) a notice that the treatment being given under the program is not a comprehensive oral health care service, but is provided as a preventive service only; and (b) a recommendation that the patient should be examined by a licensed dentist for comprehensive oral health care services; and

(2) Assist the patient in obtaining a referral for further dental planning and treatment, including providing a written description of methods and sources by which a patient may obtain a referral, if needed, to a dentist, and a list of licensed dentists in the community.

Directs the secretary of health, in consultation with representatives of dental hygienists and dentists, to provide a report to the appropriate committees of the legislature by December 1, 2008, that: (1) Provides a summary of the information about patients receiving dental services in senior centers that is collected under RCW 18.29.056(1)(c)(ii), and in community-based sealant programs carried out in schools under RCW 18.29.220, and describing the dental health outcomes, including both effects on dental health and adverse incidents, if any, related to the services these patients receive under the programs; and

(2) Makes recommendations, as appropriate, with regard to the services that could be appropriately provided by dental hygienists in senior centers and community-based sealant programs carried out in schools, and the effects on dental health of patients treated.

Encouraging the use of cleaner energy.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, to reduce fossil fuel dependence and build our clean energy economy, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: (1) Incentives for replacement of the most polluting diesel engines, especially in school buses;

(2) Transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops and ethanol from plant waste;

(3) Reduced fossil fuel consumption by state fleets;

(4) Development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and

(5) Impact analysis and emission accounting procedures that prepare Washington to respond and prosper as global warming impacts occur and as policies and markets to reduce global warming pollution are developed.

(5) Impact analysis and emission accounting procedures that prepare Washington to respond and prosper as global warming impacts occur and as policies and markets to reduce global warming pollution are developed.

Finds that it is not cost-effective to retrofit much older buses because of their mechanical condition and very high emissions. Replacement with new, ultra-low emission buses, beginning with the model year 2007, is the most effective means to nearly eliminate the toxic emissions generated by the use of these older buses. In addition, newer buses are safer, more reliable, provide significantly higher fuel economy, and have lower overall operating costs. An incentive program to accelerate purchase of newer buses and replacement of older buses will more quickly achieve these gains and result in a lower health risk to children.

Requires the office of the superintendent of public instruction to implement a school bus replacement incentive program. As part of the program, the office shall fund up to ten percent of the

cost of a new 2007 or later model year school bus purchased by a school district by no later than June 30, 2009, provided that the new bus is replacing a 1994 or older school bus in the school district's fleet. Replacement of the oldest buses must be given highest priority.

Directs the office of the superintendent of public instruction to ensure that buses being replaced through this program are surplus under RCW 28A.335.180.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in section 601 of this act to the office of the superintendent of public instruction for the purposes of this act.

Finds that the development of a Washington-based feedstock agricultural and forest products market is highly desirable for producing biodiesel and ethanol. Research and incentive programs are needed to develop a market in Washington to produce cellulosic ethanol from wood waste and other organic materials. Cellulosic ethanol is a preferred biofuel because it provides much greater reductions in petroleum dependence and carbon emissions as compared to starch-based ethanol.

Declares it is important for the state of Washington to develop a complete supply chain infrastructure that allows the state government, including its local government subdivisions, to supply its complete fuel needs with biofuels produced from feedstocks completely produced in Washington. The goal of supplying one hundred percent of state and local government's fuel needs with biofuels should be a reality by 2015.

Provides that, by no later than January 1, 2020, the annual fossil fuel usage by the state's motor vehicle fleets must be at least twenty-five percent below the annual usage for the year 2006.

Declares it is in the state's interest and to the benefit of the people of the state to encourage the use of electrical vehicles in order to reduce emissions and provide the public with cleaner air. This section expressly authorizes the purchase of power at state expense to recharge privately and publicly owned plug-in electrical vehicles at state office locations where the vehicles are used for state business, are commute vehicles, or where the vehicles are at the state location for the purpose of conducting business with the state.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in section 601 of this act to the department of community, trade, and economic development for the purposes of staffing the vehicle electrification work group and providing research to carry out the work of the group.

Finds that it is important for the state of Washington to participate in emerging regional, national, and international markets to mitigate climate change.

Appropriates the sum of two hundred fifty thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in this act to the climate impacts group at the University of Washington for the purposes of contracting for an analysis of the potential human health impacts of global warming on the state of Washington.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in this act to the department of community, trade, and economic development for the purposes of developing and recommending a framework for the state of Washington to participate in emerging regional, national, and global markets to mitigate climate change, on a multisector basis, including the forest sector.

Requires the department of general administration, in conjunction with private sector suppliers, to develop a pilot program for providing E85 fueling capacity at appropriate intervals and locations along at least interstate routes 5, 82, and 90 throughout the state for the use of public and private vehicles.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in this act to the office of financial management to be provided to the

clean energy coordinator created in this act and for the purpose of providing greater access to public sector fueling capacity for biofuels.

Appropriates the sum of six million seven hundred fifty thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in this act to Washington State University for the purposes of this act and for qualifying for potential federal matching funds for research on biofuels.

Appropriates the sum of two million one hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the clean energy incentive account created in this act to the climate impacts group at the University of Washington for the purposes of producing a fifty-year comprehensive state climate change assessment

VETO MESSAGE ON E2SHB 1303

May 7, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 306, Engrossed Second Substitute House Bill 1303 entitled:

"AN ACT Relating to providing for the means to encourage the use of cleaner energy thereby providing for healthier communities by reducing emissions."

Section 306 of this bill adds to the existing reporting requirements of the energy Freedom Program. Given the expanded scope of that program, and the existence of the same reporting requirements for Washington State University (WSU) in Section 402 of the bill, I am vetoing Section 306. I am confident WSU will work closely with Department of Community Trade and Economic Development (CTED) to report the information the Legislature is seeking about biofuels within our state.

For these reasons, I have vetoed Section 306 of Engrossed Second Substitute House Bill 1303.

With the exception of Section 306, Engrossed Second Substitute House Bill 1303 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Regarding freedom of speech and press for high school and college students.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that freedom of expression and freedom of the press are fundamental principles in our democratic society granted to every citizen of this state and the nation by the First Amendment of the United States Constitution and by Article 1, section 5 of the state Constitution. These freedoms provide all citizens, including students, with the right to engage in robust and uninhibited discussion of issues.

Finds that court decisions have not provided adequate protection for the free speech and free press rights of students.

Declares an intent to ensure free speech and free press protections for both high school and college students in the state

in order to encourage students to become educated, informed, and responsible members of society.

**HB 1307-S** by House Committee on Judiciary (originally sponsored by Representatives Upthegrove, Lantz, Williams, O'Brien, Sells, McCoy, Appleton, Darneille, Lovick, Dunshee, Takko, Pedersen, Simpson, Dickerson, Moeller, McIntire, Schual-Berke, Quall, Springer, and Morrell)

**HB 1321** by Representatives Ahern, O'Brien, Warnick, Miloscia, McCune, Haler, Kretz, Roach, Ericksen, Chandler, Dunn, Kristiansen, Pearson, Condotta, and Hurst  
Establishing parental notification requirements for abortion.

Provides that, except in a medical emergency, or except as provided in this act, if a pregnant woman is less than eighteen years of age and not emancipated, or if she has been adjudged an incapacitated person, a physician shall not perform an abortion upon her unless at least forty-eight hours before the abortion, in the case of a woman who is less than eighteen years of age, he or she first notifies one of her parents; or, in the case of a woman who is an incapacitated person, he or she first notifies one of her guardians. In the case of a pregnancy that is the result of incest where the father is a party to the incestuous act, the physician need only notify the pregnant woman's mother or guardian.

Provides that any person who performs an abortion upon a woman who is an unemancipated minor or incapacitated person to whom this act applies either with knowledge that she is a minor or incapacitated person to whom this act applies, or with reckless disregard or negligence as to whether she is a minor or incapacitated person to whom this act applies, and who intentionally, knowingly, or recklessly fails to conform to any requirement of this act is guilty of unprofessional conduct and his or her license for the practice of medicine and surgery shall be suspended for a period of at least three months.

Defining disability in the Washington law against discrimination.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the Washington state supreme court, in *McClarty v. Totem Electric*, 157 Wn.2d 214, 137 P.3d 844 (2006), overstepped its constitutional role of deciding cases and controversies before it, and engaged in judicial activism by significantly rewriting the state law against discrimination. By failing to answer the question upon which the court had granted review, by disregarding a properly adopted state rule, by needlessly overturning the court's own recent precedent, and by importing into state law a substantive rule adapted from federal statute, the court has effectively legislated from the bench.

Finds that the law changed by the court is of significant importance to the citizens of the state, in that it determines the scope of application of the law against discrimination, and that the court's deviation from settled law was substantial in degree. The legislature reaffirms its intent that the law against discrimination affords to Washington residents protections that are wholly independent of those afforded by the federal Americans with disabilities act of 1990, and rejects the opinion stated by the majority in *McClarty v. Totem Electric*.

**HB 1322-S** by House Committee on Judiciary (originally sponsored by Representatives McCoy, Grant, Sells, Cody, Conway, Schual-Berke, Roberts, Pettigrew, Lantz, Kagi, Moeller, Chase, Green, Kenney, Simpson, Darneille, Dickerson, Hankins, Santos, Ormsby, and Flannigan)

(AS OF HOUSE 2ND READING 3/9/2007)

Declares that "disability" means the presence of a sensory, mental, or physical impairment that: (1) Is medically cognizable or diagnosable; or

(2) Exists as a record or history; or

(3) Is perceived to exist whether or not it exists in fact.

Declares that for purposes of this definition, "impairment" includes but is not limited to: (1) Any physiological disorder, or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological, musculoskeletal, special sense organs, respiratory, including speech organs, cardiovascular, reproductive, digestive, genitor-urinary, hemic and lymphatic, skin, and endocrine; or

(2) Any mental, developmental, traumatic, or psychological disorder, including but not limited to cognitive limitation, organic

brain syndrome, emotional or mental illness, and specific learning disabilities.

Declares that, only for the purposes of qualifying for reasonable accommodation in employment, an impairment must have: (1) A substantially limiting effect upon the individual's ability to perform his or her job, the individual's ability to apply or be considered for a job, or the individual's access to equal benefits, privileges, or terms or conditions of employment; or

(2) The reasonable likelihood that job-related factors will aggravate it to the extent that it could create a substantially limiting effect if not accommodated.

**HB 1333** by Representatives Hinkle, Kagi, and Walsh  
Concerning child welfare protections.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, prior to the child returning home, the department must complete the following: (1) Identify any person who will act as a caregiver for the child and determine whether the caregiver is in need of any services in order to ensure the safety of the child, regardless of whether the caregiver is a party to the dependency. If services are recommended for the caregiver, and the caregiver fails to engage in the recommended services, the child welfare worker must promptly notify the court;

(2) Identify all adults residing in the home and conduct background checks on those persons; and

(3) Notify the parent in the home to which the child is being returned that he or she has an ongoing duty to notify the department of any persons who are residing in the home or acting as a caregiver for the child.

Provides that, if a child is removed from home due to allegations of abuse or neglect, returned home, and subsequently removed and placed in out-of-home care, the court shall hold a permanency hearing no later than thirty days from the date of the removal to determine the appropriate action, including a change in the permanency plan or the filing of a termination petition. The best interests of the child shall be the primary consideration in determining the appropriate action.

Requires the criminal justice training commission to implement by January 1, 2008, a course of instruction for the training of law enforcement officers in Washington in the handling of child abuse or neglect complaints. The basic law enforcement curriculum of the criminal justice training commission shall include basic training instruction on child abuse and neglect issues. The course of instruction, the learning and performance objectives, and the standards for the training shall be developed by the commission and shall be required for all new law enforcement officers.

Directs the department of social and health services, the attorney general, and the judicial branch to identify all cases in which a dependency has been established under chapter 13.34 RCW and in which the permanency planning goals have not been achieved within fifteen months of when the child was placed in out-of-home care. The agencies shall also identify the reasons for the noncompliance. The department, the attorney general, and the judicial branch shall report to the appropriate committees of the legislature before December 1, 2007, and before December 1st of each year thereafter.

**HB 1333-S** by House Committee on Early Learning & Children's Services (originally sponsored by Representatives Hinkle, Kagi, and Walsh)

(DIGEST AS ENACTED)

Requires the department to coordinate within the divisions of the department, and shall enter into contracts with service providers, to require that parents in dependency proceedings under this act receive priority access to court-ordered services to the extent funding is appropriated in the operating budget. If court-ordered services are unavailable for any reason, including lack of services or language barriers, the department shall promptly notify the court that the parent is unable to engage in the treatment due to the inability to access such services.

Provides that, prior to the child returning home, the department must complete the following: (1) Identify any person who will act as a caregiver for the child and determine whether the caregiver is in need of any services in order to ensure the safety of the child, regardless of whether the caregiver is a party to the dependency. If services are recommended for the caregiver, and the caregiver fails to engage in the recommended services, the child welfare worker must promptly notify the court;

(2) Identify all adults residing in the home and conduct background checks on those persons; and

(3) Notify the parent in the home to which the child is being returned that he or she has an ongoing duty to notify the department of any persons who are residing in the home or acting as a caregiver for the child.

Provides that, if a child is removed from home due to allegations of abuse or neglect, returned home, and subsequently removed and placed in out-of-home care, the court shall hold a permanency hearing no later than thirty days from the date of the removal to determine the appropriate action, including a change in the permanency plan or the filing of a termination petition. The best interests of the child shall be the primary consideration in determining the appropriate action.

Requires the criminal justice training commission to develop and deliver multidisciplinary team training sessions aimed at improving the coordination of, and communication between, agencies involved in the investigation of child fatality, child sexual abuse, child physical abuse, and criminal child neglect cases. Each county shall be encouraged to send a multidisciplinary team to participate in one of these team training sessions at least on an annual basis. Multidisciplinary teams shall include, at a minimum, representatives from the prosecuting attorney's office, the sheriff's office, police departments located in the county, the department of children and family services, local child advocacy groups, and emergency medical services.

Directs the department of social and health services, the attorney general, and the judicial branch to identify all cases in which a dependency has been established under chapter 13.34 RCW and in which the permanency planning goals have not been achieved within fifteen months of when the child was placed in out-of-home care. The agencies shall also identify the reasons for the noncompliance. The department, the attorney general, and the judicial branch shall report to the appropriate committees of the legislature before December 1, 2007, and before December 1st of each year thereafter.

**HB 1334** by Representatives Hinkle and Walsh

Requiring the petitioner in a child welfare case to provide the court with relevant documentation.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires that, in any proceeding under chapter 13.34 RCW, if the petitioner submits a report containing any recommendations, opinions, evaluations, or assertions to the court, the petitioner must provide the court with documentation relating to the recommendation, opinion, evaluation, or assertion, that is available to the petitioner and of which the petitioner is aware, including but not limited to psychological evaluations, service reports, visitation reports, foster parent reports, medical reports, and other reports relevant to that particular court hearing.

**HB 1334-S** by House Committee on Early Learning & Children's Services (originally sponsored by Representatives Hinkle and Walsh)

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires that in any proceeding under chapter 13.34 RCW, if the department submits a report to the court in which the department is recommending a child be placed with a parent after the child was removed from the parent due to abuse or neglect allegations, the department shall include the documents listed in (1) through (4) of this act to the report. The department shall include only these relevant documents and shall not attach the entire history of the parent or child.

(1) If the report contains a recommendation, opinion, or assertion by the department relating to the parent's substance abuse treatment, mental health treatment, anger management classes, or domestic violence classes, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the progress report or evaluation submitted by the provider, but may not include the entire history with the provider.

(2) If the report contains a recommendation, opinion, or assertion by the department relating to the parent's visitation with

the child, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the most recent visitation report, a visitation report referencing a specific incident alleged in the report, or summary of the visitation prepared by the person who supervised the visitation. The documentation attached to the report shall not include the entire visitation history.

(3) If the report contains a recommendation, opinion, or assertion by the department relating to the psychological status of the parent, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the progress report, evaluation, or summary submitted by the provider, but shall not include the entire history of the parent.

(4) If the report contains a recommendation, opinion, or assertion by the department relating to injuries to the child that occurred while in the care of the parent, the department shall attach a summary of the physician's report relating to the recommendation, opinion, or assertion by the department.

**HB 1334-S2** by House Committee on Appropriations (originally sponsored by Representatives Hinkle and Walsh)

(DIGEST AS ENACTED)

Requires that in any proceeding under chapter 13.34 RCW, if the department submits a report to the court in which the department is recommending a child be placed with a parent after the child was removed from the parent due to abuse or neglect allegations, the department shall include the documents listed in (1) through (4) of this act to the report. The department shall include only these relevant documents and shall not attach the entire history of the parent or child.

(1) If the report contains a recommendation, opinion, or assertion by the department relating to the parent's substance abuse treatment, mental health treatment, anger management classes, or domestic violence classes, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the progress report or evaluation submitted by the provider, but may not include the entire history with the provider.

(2) If the report contains a recommendation, opinion, or assertion by the department relating to the parent's visitation with the child, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the most recent visitation report, a visitation report referencing a specific incident alleged in the report, or summary of the visitation prepared by the person who supervised the visitation. The documentation attached to the report shall not include the entire visitation history.

(3) If the report contains a recommendation, opinion, or assertion by the department relating to the psychological status of the parent, the department shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the progress report, evaluation, or summary submitted by the provider, but shall not include the entire history of the parent.

(4) If the report contains a recommendation, opinion, or assertion by the department relating to injuries to the child that occurred while in the care of the parent, the department shall attach a summary of the physician's report relating to the recommendation, opinion, or assertion by the department.

Provides that the act shall be null and void if appropriations are not approved.

request of Gambling Commission

Companion Bill: 5374

Allowing the exclusion of certain people from licensed gambling  
premises.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the exclusion of certain persons from gambling  
premises that conduct licensed gambling activities is necessary to  
carry out the policies of chapter 9.46 RCW and to effectively  
maintain the strict regulation of gambling.

Authorizes the commission to, by rule, provide for the  
establishment of a list of persons who are to be excluded from  
licensed gambling premises. The list may include any person  
whose presence on the gambling premises is determined by the

commission to pose a threat to the interests of this state, to licensed gambling, or both.

Requires the commission's rules to define the standards for exclusion and must include standards relating to persons: (1) Who are career or professional offenders or involved in organized crime;

(2) Who have been convicted of a criminal violation of a gambling law of any state or of the United States, or who have been convicted of any felony including, but not limited to, theft, extortion, conspiracy to defraud, or any similar offense involving, or in connection with, any gambling activity; or

(3) Who have been excluded under similar involuntary exclusion laws or rules of any other state or nation that regulates gambling.

Provides that, race, color, creed, national origin or ancestry, gender, or other discriminatory reasons shall not be used to place any person upon the list of exclusion.

Provides that a person on the list of excluded persons who enters a gambling premises is guilty of a gross misdemeanor punishable under RCW 9A.20.021.

**HB 1350** by Representatives Pedersen, McDermott, Upthegrove, Moeller, Darneille, Williams, Hasegawa, Dickerson, Hunt, Schual-Berke, Kenney, Sommers, McIntire, Ormsby, Sells, Flannigan, Santos, Appleton, Chase, Cody, Hudgins, Pettigrew, Wood, Kagi, Morris, and Roberts

Addressing civil marriage equality.

Declares that civil marriage is a legal institution recognized by the state in order to promote stable relationships and to protect individuals who are in those relationships. Civil marriage is based on a civil contract between two persons and does not require the sanction or involvement of religious institutions. Civil marriage provides important protections for the families of those who are married, including not only children and other dependents they may have, but also members of their extended families.

Finds that strong, healthy families promote social stability and economic growth, and that these families are supported and protected by the mutual obligations and benefits conferred by civil marriage licenses. On these bases, the state therefore has a strong interest in ending discrimination against otherwise qualified applicants for a civil marriage license, including discrimination on the basis of sex or sexual orientation of the applicants.

**HB 1353** by Representative Chase

Providing incentives to recycle beverage containers.

Finds that global climate change presents an immediate challenge to the state of Washington to move away from a carbon-based economy, and reduce its use of greenhouse gas-producing fossil fuels.

Finds that beverage containers that are not recycled contribute substantially to unnecessary waste, including wasted raw materials, wasted electricity to create new containers, and litter, which takes up scarce landfill space. Therefore, the legislature finds that increased incentives to recycle beverage containers will reduce waste and reduce the use of fossil fuels.

**HB 1359** by Representatives Miloscia, Chase, Hasegawa, Pettigrew, Springer, Ormsby, Roberts, Darneille, Goodman, and Santos

Creating an affordable housing for all program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state goal and that, at a minimum, this goal must be accomplished for every very low-income household by 2020. Furthermore, this goal includes increasing the percentage of very low-income households who are able to obtain and retain housing without government subsidies or other public support.

Finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal.

Finds that the provision of housing and housing-related services should be administered at the local level. However, the state should play a primary role in: Providing financial resources to achieve the goal at all levels of government; researching, evaluating, benchmarking, and implementing best practices; continually updating and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, objectives, and performance measures of all other state housing plans and programs; coordinating and supporting county government plans and activities; and directing quality management practices by monitoring both state and county government performance towards achieving interim and ultimate goals.

Declares that the systematic and comprehensive performance measurement and evaluation of progress toward interim goals and the immediate state affordable housing goal of a decent, appropriate, and affordable home in a healthy, safe environment for every low-income household in the state by 2020 is a necessary component of the statewide effort to end the affordable housing crisis.

Requires the joint legislative audit and review committee to conduct a performance audit of the state affordable housing for all program every four years. The audit must include an analysis of the department's expenditures of funds from sources established by RCW 36.22.178 (as recodified by this act) and all other sources directed to the affordable housing for all program. The first audit must be conducted on or before December 31, 2010. Each audit must take no longer than six months or fifty thousand dollars to complete.

Directs the department of community, trade, and economic development to conduct a study to evaluate the potential development of a voluntary statewide, low-income household housing waiting list database that would include information on all low-income households requesting housing assistance for the purpose of connecting such households with appropriate housing opportunities.

Requires the department to report the results of this study to the appropriate committees of the legislature by December 31, 2008.

Requires the department to create or purchase, and implement by December 31, 2009, a master affordable housing database that includes specific information about existing affordable rental housing stock in the state of Washington.

Requires the department to create a statewide affordable homeownership database by December 31, 2009, to collect and disseminate information related to available homeownership programs, resources, and affordable housing throughout the state for low and moderate-income persons, which are persons making at or below eighty percent of the area median income.

Requires the Washington state institute for public policy to conduct a study to investigate and recommend appropriate criteria that the state and local governments can use to determine whether or not to allocate funding to rental voucher programs, and at what level existing or future voucher programs shall be funded.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the affordable housing for all account to be distributed by the department to five housing authorities, using a selection method and distribution formula to be determined by the department, to implement a quality management program and prepare and submit an application to the Washington quality awards program by December 31, 2009.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the affordable housing for all account to be distributed by the department of community, trade, and economic development to five community action agencies, using a selection method and distribution formula to be determined by the department, to implement a quality management program and prepare and submit an application to the Washington quality awards program by December 31, 2009.

Appropriates the sum of seven million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the affordable housing for all account created in this act to be distributed by the department to the participating counties, using a formula as determined by the department, to be used for county planning, data system creation, data collection, program implementation purposes, and housing programs eligible under RCW 36.22.178.

**HB 1359-S** by House Committee on Housing (originally sponsored by Representatives Miloscia, Chase, Hasegawa, Pettigrew, Springer, Ormsby, Roberts, Darneille, Goodman, and Santos)

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state

goal and that, at a minimum, this goal must be accomplished for every very low-income household by 2020. Furthermore, this goal includes increasing the percentage of very low-income households who are able to obtain and retain housing without government subsidies or other public support.

Finds that there are many root causes of the affordable housing shortage and declares that it is critical that such causes be analyzed, effective solutions be developed, implemented, monitored, and evaluated, and that these causal factors be eliminated. The legislature also finds that there is a taxpayer and societal cost associated with a lack of jobs that pay self-sufficiency standard wages and a shortage of affordable housing, and that the state must identify and quantify that cost.

Finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal.

Finds that the provision of housing and housing-related services should be administered at the local level. However, the state should play a primary role in: Providing financial resources to achieve the goal at all levels of government; researching, evaluating, benchmarking, and implementing best practices; continually updating and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, objectives, and performance measures of all other state housing plans and programs; coordinating and supporting county government plans and activities; and directing quality management practices by monitoring both state and county government performance towards achieving interim and ultimate goals.

Requires the joint legislative audit and review committee to conduct an evaluation and comparison of the cost-efficiency of rental housing voucher programs funded with state or local moneys versus other low-income housing projects funded with state or local moneys that are intended to assist low-income households to obtain and retain affordable housing.

Requires the joint legislative audit and review committee to present the results of this study to the appropriate committees of the legislature by December 31, 2008.

Appropriates the sum of seven million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the affordable housing for all account created in this act to be used by the department of community, trade, and economic development to: (1) Meet planning, evaluation, and reporting requirements associated with the affordable housing for all program;

(2) Provide technical assistance to counties to help them meet planning, reporting, evaluation, and quality management requirements of the affordable housing for all program; and

(3) Distribute remaining funds to the counties participating in the affordable housing for all program, using a formula as determined by the department of community, trade, and economic development, to be used for county planning, data system creation, data collection, program implementation purposes, housing programs eligible under RCW 36.22.178 (as recodified by this act), and other housing projects or housing services described in the county affordable housing for all plan.

Companion Bill: 5510

Regarding public financing of campaigns.

Declares that the purpose of this act is to create a system of clean elections for state office campaigns through public financing, thereby focusing campaigns on issues and away from the sources of campaign contributions. Public financing of campaigns will limit the influence of large contributors and special interests in political campaigns.

Provides that a candidate who wishes to receive public campaign funds must: (1) File an application with the commission declaring his or her intent to participate in the program as candidate for political office. The application must be filed before or during the qualifying period. The application must identify the candidate, the office that the candidate plans to seek, and the candidate's party, if any. In the application, the candidate shall affirm that only one political committee, identified with its treasurer, shall handle all contributions, expenditures, and obligations for the publicly financed candidate and that the candidate will comply with the requirements of this act and rules adopted by the commission; and

(2) Obtain the minimum number of qualifying contributions by the end of the qualifying period. Candidates for the legislature must obtain at least two hundred qualifying contributions, candidates for governor must obtain at least four thousand qualifying contributions, and candidates for other state executive offices must obtain at least one thousand five hundred qualifying contributions. No payment, gift, or anything of value may be given for a qualifying contribution. A qualifying contribution must be: (a) made by a resident who at the time of the contribution resides in the electoral district of the office the candidate is seeking; (b) made by a person who is not given

anything of value in exchange for the qualifying contribution; (c) in the sum of five dollars, exactly; (d) received during the qualifying period by the candidate or on behalf of the candidate; and (e) made by check, money order, or credit card.

Provides that, within five business days after a publicly financed candidate's name is approved to appear on the primary election ballot in a contested election, the commission shall distribute to the account of the authorized committee of each candidate who qualifies for public campaign funding revenue from the citizens public campaign fund as follows: (1) For state legislative offices, twenty-five thousand dollars;

(2) For the office of governor, five hundred thousand dollars; and

(3) For other state executive offices, fifty thousand dollars.

Requires that publicly financed candidates in contested races must participate in two public debates during a primary election period and two public debates during a general election period. The debates shall be conducted at times decided by the commission and in accordance with rules prescribed by the commission. Nonparticipating candidates shall be invited to participate in the debates.

Dedicating existing revenue to infrastructure funding.

(SEE ALSO PROPOSED 1ST SUB)

Establishes the growth management infrastructure account to assist counties and cities in financing and constructing those infrastructure projects needed to accommodate growth, as identified in the capital facilities elements of growth management plans, and dedicates a portion of the real estate excise tax to the growth management infrastructure account and to the accounts used to fund the Washington wildlife and recreation program.

**HB 1361-S** by House Committee on Local Government (originally sponsored by Representatives Miloscia, B. Sullivan, and Chase)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that existing funding levels are insufficient to meet current and future demands for infrastructure, especially infrastructure that is necessary to accommodate new population growth.

Finds also that the transportation improvement board's urban corridor program provides a mechanism to ensure that infrastructure funding is directed to projects that are necessary to accommodate growth.

Declares an intent to establish requirements pertaining to funding growth infrastructure projects from the urban corridor program, and dedicate funding to the transportation improvement board for grants to fund qualifying infrastructure programs that are consistent with these requirements.

Appropriates the sum of ten million dollars for the fiscal year ending June 30, 2008, from the general fund to the transportation improvement board for the purpose of issuing grants to local governments to accommodate growth under RCW 47.26.282.

Appropriates the sum of ten million dollars for the fiscal year ending June 30, 2009, from the general fund to the transportation improvement board for the purpose of issuing grants to local governments to accommodate growth under RCW 47.26.282.

Making voter registration available at state agencies.

(SEE ALSO PROPOSED 1ST SUB)

Provides that a person may also register to vote any time he or she receives an in-person public service from any state agency as defined by RCW 42.52.010(1). An in-person public service includes reporting a change of address.

Requires all state agencies, as defined by RCW 42.52.010(1), to have a link on the main agency web page to the secretary of state's voter registration web page.

Requires the state agencies providing voter registration services to keep records of persons who: (1) Request, apply, or receive an in-person state service, including reporting a change of address;

(2) Register to vote, transfer a voter registration, or decline to either register to vote or transfer a voter registration; or

(3) Request a voter registration application but do not return it to the agency staff.

Requires the secretary of state to produce an annual report from this data on a county by county basis.

**HB 1363-S** by House Committee on State Government & Tribal Affairs (originally sponsored by Representatives Miloscia, Chase, Hasegawa, McDermott, Pettigrew, Upthegrove, Roberts, Darneille, and Goodman)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that a person may register to vote, transfer a voter registration, or change his or her name for voter registration purposes when he or she applies in person for public assistance, disability services, or makes an in-person report of an address change at an employment security department facility or the department of social and health services. Voter registration procedures at these agencies shall be pursuant to RCW 29A.08.330.

Requires state agencies providing voter registration services, whether designated by the governor or required by statute, to keep records reflecting the number of persons who: (1) Request, apply for, or receive a service from those agencies, including reporting a change of address;

(2) Register to vote, transfer a voter registration, or decline to either register to vote or transfer a voter registration;

(3) Request a voter registration application but do not return it to the agency staff.

Directs the secretary of state to produce an annual report, with appropriate performance measures, from this data on a county by county basis. The data should be reported in aggregate terms and not with reference to individual voters. The report must: (1) Show the number of registered voters as a reflection of the number of eligible voting population in each county;

(2) Identify the chief challenges in increasing voter registration; and

(3) Recommend action for increasing the percentage of registered voters.

Providing home visitation services for families.

Finds that a significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; mother without a high school degree; and no parent fluent in English.

Finds that parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

Declares an intent to promote the use of home visitation services as an early intervention strategy to alleviate the effect risk factors have on child development.

Repeals RCW 43.70.530.

Companion Bill: 5338

Addressing traffic infractions involving rental vehicles.

(DIGEST AS ENACTED)

Provides that, in the event a parking infraction is issued by a private parking facility and is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the parking facility shall provide a written notice of the infraction to the rental car business within thirty days of the infraction date. The rental car business receiving the written notice of the infraction shall provide to the parking facility by return mail: (1) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(2) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this provision must be accompanied by a copy of a filed police report regarding the vehicle theft.

Declares that timely mailing of this statement to the parking facility relieves a rental car business of any liability under this act for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Licensing specialty hospitals.

(AS OF HOUSE 2ND READING 2/23/2007)

Finds that specialty hospitals jeopardize the financial balance of community hospitals by selectively providing care to less ill patients, treating fewer medicare, medicaid, and uninsured patients, providing primarily care that is profitable to investors, and reducing community hospital staffing. To assure that private and public hospitals in Washington remain financially viable institutions able to provide general acute care in their communities and maintain the capacity to respond to local, state, and national emergencies, the legislature has concluded that specialty hospitals must meet certain conditions in order to be licensed. These conditions will ensure that specialty hospitals and community hospitals compete on a level playing field and, therefore, will minimize the adverse impacts of specialty hospitals on community general hospitals while assuring quality patient care.

Companion Bill: 5434

Regarding excise taxation of sales of tangible personal property originating from or destined to foreign countries.

Declares that, because of the uncertainty regarding the constitutional limitations on the taxation of import and export sales of tangible personal property, the legislature recognizes the need to provide clarity in the taxation of imports and exports. It is the legislature's intent to provide a statutory tax exemption for the sale of tangible personal property in import or export commerce, which is not dependent on future interpretation of the constitutional limitations on the taxation of imports and exports by the courts.

Declares it is not the intent of the legislature in enacting this act to eliminate, narrow, or expand existing exemptions under WAC 458-20-193C.

**HB 1384** by Representatives Kenney, Roberts, Wallace, Hasegawa, Jarrett, Seaquist, Green, Upthegrove, Appleton, Ormsby, Quall, Sullivan, Chase, Conway, and Simpson; by request of State Board for Community and Technical Colleges

Companion Bill: 5495

Providing for academic employee salary increments for community and technical colleges.

Declares an intent that state appropriations be adjusted to an amount which, together with academic employee turnover savings, provide for consistent and predictable funding of academic employee salary increases for state-funded academic employees who qualify through experience, professional development, and training pursuant to local collective bargaining.

Directs the state board for community and technical colleges to, in consultation with the various bargaining representatives of the academic employees, recommend an allocation model for the distribution of increments for experience, professional development, and training. The state board shall present its recommended allocation model to the legislature no later than December 1, 2008.

**HB 1385** by Representatives Jarrett, Priest, Wallace, Buri, Sells, Ormsby, and Chase

Implementing a strategic direction for higher education.

Finds that the system of public higher education in Washington state is at a crossroads. Demographic and economic pressures place competing demands on policymakers and on colleges and universities. Increasing numbers of students are demanding access to workforce training and baccalaureate and advanced degree programs. Businesses are demanding highly qualified workers and technological advancements gained through university research. At the same time, taxpayers expect policymakers to set priorities and maximize use of public resources.

Declares an intent to articulate a strategic direction for public higher education on issues of access, affordability, service delivery, and accountability that will guide coordinated decision making on policies, operating budgets, and capital plans. It is further the legislature's intent to provide the management tools and resources necessary to implement the strategic direction. Additional investment in higher education is needed, but the public deserves assurance that such an investment is based on a clear plan and will be carefully managed with specific expectations and measurable outcomes.

Companion Bill: 5282

Providing a single ballot proposition for regional transportation investment districts and regional transit authorities at the 2007 general election.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that under RCW 81.112.030 and 36.120.170 regional transportation investment districts and regional transit authorities are required to submit to the voters propositions for their respective transportation plans on the same ballot at the 2007 general election and that the opportunity to propose a single ballot reflecting a comprehensive, systemic, and interrelated approach to regional transportation would further the legislative intent and provide voters with an easier and more efficient method of expressing their will.

Declares that it is therefore the policy and intent of the state of Washington that transportation plans required to be submitted for voter approval at the 2007 general election by a regional transportation investment district and a regional transit authority must be submitted to voters in single ballot question seeking approval of both plans.

Regarding the acquisition of land for affordable housing.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest.

Creates the affordable housing land acquisition program in the department to establish a revolving loan fund to be used for land acquisition by eligible organizations described under RCW 43.185A.040.

Appropriates the sum of five million dollars for the fiscal year ending June 30, 2008, from the general fund solely for deposit in the affordable housing land acquisition account created in this act for the purposes of this act.

**HB 1401-S** by House Committee on Housing (originally sponsored by Representatives Pettigrew, Springer, Dunn, McCune, Miloscia, Chase, and Santos)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest.

Creates the affordable housing land acquisition program in the department to establish a revolving loan fund to be used for land acquisition by eligible organizations described under RCW 43.185A.040.

Provides that the act shall be null and void if appropriations are not approved.

Establishing activities to support the certificate of need program.

Declares that a strategic health planning process that is responsive to changing health and social needs and conditions is essential to the health, safety, and welfare of the people of the state. The strategic health planning process must be concerned with the performance of the health system, encompassing health care financing, quality, and the availability of information and services for all residents. The strategic health planning process must ensure the involvement of both consumers and health care providers in the health planning process. The outcomes of the strategic health planning process must be clearly articulated and available for public use and review.

Requires such strategic health planning, when informed by relevant data about the state's health system, shall guide the state in establishing objectives and strategies to: (1) Promote, maintain, and assure the health of all citizens in the state;

(2) Provide accessible health services through the maintenance of an adequate supply of health facilities and an adequate workforce;

(3) Apply specific quality criteria and population health indicators;

(4) Recognize prevention as a high priority in health programs;

(5) Address periodic priority issues including disaster planning, public health threats, and public safety dilemmas;

(6) Coordinate efforts among state agencies including those tasked with facility, services, and professional provider licensing; state and federal reimbursement; health service utilization data systems; and other functions relevant to health planning;

(7) Recognize the close interrelationship of health planning concerns and emphasize health care expenditure control, including cost-effectiveness and cost-benefit analysis;

(8) Integrate criteria for evidence-based medicine; and

(9) Regularly evaluate the impact of capacity management on health service expenditures, access, quality, and innovation.

Creates the office of strategic health resource coordination in the office of the governor. The office shall serve as a coordinating body for public and private efforts to improve quality in health care, promote cost-effectiveness in health care, and plan health facility and health service availability. In addition, the office shall facilitate access to health care data collected by public and private organizations as needed to conduct its planning responsibilities.

VETO MESSAGE ON SHB 1417

May 15, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 3, Substitute House Bill 1417 entitled:

"AN ACT Relating to Washington state patrol survivor benefits."

This bill reimburses the cost of health insurance premiums for survivors of members of the Washington State Patrol Retirement System who are killed in the line of duty. Section 3 amends an uncodified emergency clause from legislation passed in 2001, and could lead to confusion about the effective date of the bill. This section is not needed to provide the insurance benefits that the bill is designed to offer.

For these reasons, I have vetoed Section 3 of Substitute House Bill No. 1417.

With the exception of Section 3, Substitute House Bill No. 1417 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Protecting consumers from the keeping of dangerous wild animals.

(DIGEST AS ENACTED)

Declares that it is the intent of the state of Washington to protect the public against the serious health and safety risks that dangerous wild animals pose to the community.

Provides that a city or county may adopt an ordinance governing potentially dangerous wild animals that is more restrictive than this act. However, nothing in this act requires a city or county to adopt an ordinance to be in compliance with this act.

Provides that a person who violates this act is liable for a civil penalty of not less than two hundred dollars and not more than two thousand dollars for each animal with respect to which there is a violation and for each day the violation continues.

Provides that the animal control authority and its staff and agents, local law enforcement agents, and county sheriffs are authorized and empowered to enforce the provisions of this act.

Provides that, if a locality does not have a local animal control authority, the department of fish and wildlife shall enforce the provisions of this act.

Companion Bill: 5393

Ensuring the cleanup of certain hazardous waste sites.

Declares that it is the purpose of this act and the policy of the state of Washington to ensure cleanup and compliance at sites at which hazardous wastes have seriously contaminated the environment and where ongoing violations of chapter 70.105D RCW are projected to take more than twenty years to complete the cleanup and compliance. It is further the purpose of this act to ensure public involvement in the cleanup of these sites.

Declares that it is further the policy of the state to ensure cleanup and compliance at these sites before permitting the addition of more waste that is not generated from the cleanup of the site, and which may add to long-term cumulative impacts to health and the environment, until the hazardous waste on-site has been cleaned up and is stored, treated, or disposed of in compliance with all state and federal laws.

Declares that it is further the policy of the state to discontinue the use of, and ensure characterization and remediation of, unlined trenches where hazardous wastes have been disposed. These policies must guide state action for approval of plans, permits, orders, or agreements under the federal facility compliance act of 1992 (42 U.S.C. Sec. 6961 et seq.). It is not the intent of this act to interfere with the transportation, manufacturing, storage, or use of any hazardous substance necessary for medical research, medical treatment, manufacturing or industrial processes, or national defense.

Companion Bill: 5643

Addressing children and families of incarcerated parents.

(SUBSTITUTED FOR - SEE 2ND SUB)

Recognizes the significant impact on the lives and well-being of children and families when a parent is incarcerated. It is the intent of the legislature to support children and families, and maintain familial connections when appropriate, during the period a parent is incarcerated.

Finds that there must be a greater emphasis placed on identifying state policies and programs impacting children with incarcerated parents. Additionally, greater effort must be made to ensure that the policies and programs of the state are supportive of the children, and meet their needs during the time the parent is incarcerated.

Finds that, according to the final report of the children of incarcerated parents oversight committee, helping offenders build durable family relationships may reduce the likelihood that their children will go to prison later in life. Additionally, the report indicates that offenders who reconnect with their families in sustaining ways are less likely to reoffend.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purpose of enhancing programs and services for the children and families of inmates incarcerated in department of corrections facilities.

Appropriates the sum of seven hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of community, trade, and economic development for the purpose of enhancing programs and services for the children and families of inmates incarcerated in department of corrections facilities.

Additionally, the report indicates that offenders who reconnect with their families in sustaining ways are less likely to reoffend.

Requires the secretary of corrections and the secretary of social and health services to review current department policies and assess the adequacy and availability of programs targeted at inmates with children. The secretary shall adopt policies and programs that encourage familial contact and engagement between inmates and their children with the goal of facilitating normal child development, while reducing recidivism and intergenerational incarceration. Programs and policies should take into consideration the children's need to maintain contact with his or her parent and the inmate's ability to develop plans to financially support their children, assist in reunification when appropriate, and encourage the improvement of parenting skills where needed.

Applies to the director of the department of early learning and the superintendent of public instruction.

**HB 1423** by Representatives McCoy, Hunt, VanDeWege, and Upthegrove

Concerning small rainwater collection facilities.

Declares that RCW 90.03.250 does not apply to rain barrels, cisterns, and other similar facilities for capturing runoff from roofs, paved areas, and other hard surfaces on a single residential property when the: (1) Total amount of water storage does not exceed three hundred gallons; and

(2) Water is intended to be put to beneficial use on the property where the rainwater is collected.

Declares that rainwater collected under this act does not result in a water right under this act or RCW 90.03.370.

Provides that rain barrels, cisterns, and other similar facilities for capturing runoff from roofs, paved areas, and other hard surfaces on a single residential property are exempt from the reservoir and secondary permit requirements of chapter 90.03 RCW when the: (1) Total amount of water storage does not exceed three hundred gallons; and

(2) Water is intended to be put to beneficial use on the property where the rainwater is collected.

Declares that rainwater collected under this act does not result in a water right under this act or RCW 90.03.250.

Authorizing the department of ecology to adopt rules regulating certain rainwater collection facilities.

(SEE ALSO PROPOSED 1ST SUB)

Authorizes the department of ecology to adopt rules regulating certain rainwater collection facilities.

Requires the department to report to the appropriate committees of the legislature by December 31, 2008, regarding the implementation of this act. After June 1, 2009, the department shall proceed with permanent rule making to establish exemptions by rule for rainwater systems consistent with this act unless the legislature acts to direct otherwise.

**HB 1424-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives McCoy, VanDeWege, and Chase)

Regarding rainwater collection facilities.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that the owner of a rain barrel, cistern, or other similar water storage facility that has a storage capacity greater than three thousand gallons for capture and use of runoff from roofs, paved areas, and other artificial surfaces is exempt from the permit requirements of RCW 90.03.250 and 90.03.370, provided the water is intended to be put to beneficial use on the same property where the runoff is collected and the capture, storage, and use is done in compliance with rules or general permits developed by the department under this act for such purpose.

Requires the department to either initiate rule making or issuing general permits, or both, as provided in this act by August 1, 2007. The department shall report to the appropriate committees of the legislature by December 31, 2008, regarding the implementation of this act. The authority provided under this act to issue general permits that do not create a water right is not intended to modify or in any way affect existing authority to issue general permits that do create a water right.

**HB 1429** by Representatives Hunter, Hinkle, Morrell, Schual-Berke, Clibborn, Green, Lovick, Haigh, VanDeWege, and Santos

Requiring a plan to place automatic external defibrillators in public high schools.

Requires the office of the superintendent of public instruction to develop a plan to phase in the placement of automatic external defibrillators in all public high schools in the state by September 1, 2010. Between September 1, 2007, and September 1, 2010, the plan shall require an increasing number of public high schools in each successive year to have an automatic external defibrillator located in the school.

Provides that, subject to funding provided for the purposes of this act, school district boards of directors shall: (1) Provide for the placement of an automatic external defibrillator in each public high school in the district according to the plan developed by the office of the superintendent of public instruction;

(2) Ensure that the automatic external defibrillator is placed in a prominent location and is readily accessible during the school day and for extracurricular activities such as sporting events outside the school day;

(3) Comply with the requirements of RCW 70.54.310, including training of personnel, use of the defibrillator, and notification of the local emergency medical services organization about the location of the defibrillator; and

(4) Include instruction in the use of the defibrillator in staff training and the health and fitness curriculum.

Provides that the act shall be null and void if appropriations are not approved.

Companion Bill: 5417

Providing for temporary management in boarding homes.

(DIGEST AS ENACTED)

Provides that, if the department determines that the health, safety, or welfare of residents is immediately jeopardized by a boarding home's failure or refusal to comply with the requirements of chapter 18.20 RCW or the rules adopted under this chapter, and the department summarily suspends the boarding home license, the department may appoint a temporary manager of the boarding home, or the licensee may, subject to the department's approval, voluntarily participate in the temporary management program.

Declares that the purposes of the temporary management program are as follows: (1) To mitigate dislocation and transfer trauma of residents while the department and licensee may pursue dispute resolution or appeal of a summary suspension of license;

(2) To facilitate the continuity of safe and appropriate resident care and services;

(3) To protect the health, safety, and welfare of residents, by providing time for an orderly closure of the boarding home, or for the deficiencies that necessitated temporary management to be corrected; and

(4) To preserve a residential option that meets a specialized service need or is in a geographical area that has a lack of available providers.

Creating associate faculty positions for part-time faculty at community and technical colleges.

Requires each community and technical college to develop a new senior faculty position for nontenure track, part-time professors to be officially called associate faculty.

Declares that nontenure track faculty are eligible for associate faculty status after having taught for nine quarters.

Requires that, at a minimum, associate faculty shall have the following privileges conferred on them as a result of their seniority: (1) The right of first refusal on available departmental courses up to the equivalent of a full-time teaching load each year for fall, winter, and spring quarters;

(2) The right to bump other nontenure track faculty in the event the associate faculty member's course is canceled;

(3) The right to be paid thirty-three percent of their contract by the college in the event there is no one with less seniority to bump and the associate faculty member's class is canceled;

(4) Their names and qualifications appearing in the college's biennial catalogs;

(5) The right to receive annual contracts with the equivalent of full-time teaching loads; and

(6) Annual contracts presumed to be automatically renewable.

Directing the department of ecology to approve changes in the point of diversion under a water right.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of this act is to authorize and direct the department of ecology to approve changes in the point of diversion under a water right, as defined in this act, from any point within a pool, or hydraulically connected groundwater, to any other point within the same pool, or hydraulically connected groundwater, and to adopt a conclusive presumption that the changes do not impair any other water right and are in the public interest.

**HB 1453-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Grant, Haler, Moeller, Hankins, and Linville)

Regarding points of diversion under a water right.

(AS OF HOUSE 2ND READING 2/1/2008)

Provides that the department of ecology shall not approve a change in the point of diversion prescribed in a permit if it will result in a negative impact on fish habitat or archaeological sites.

Authorizes the department of ecology to approve a change of the point of diversion prescribed in a permit to appropriate water for a beneficial use to a point of diversion that is located in the same pool of the main stem of the Columbia and Snake rivers, and is an approved intake structure, if the ownership, purpose of use, season of use, and place of use of the permit remain the same.

Changing tuition waivers for families of fallen veterans and national guard members.

Declares that, subject to the conditions in this act, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, shall waive all tuition and fees for the following persons: (1) A child and the spouse of an eligible veteran or national guard member who became totally disabled as defined in RCW 28B.15.385 while engaged in active federal military or naval service, or who is determined by the federal government to be a prisoner of war or missing in action; and

(2) A child and the surviving spouse of an eligible veteran or national guard member who lost his or her life while engaged in active federal military or naval service.

Provides that a child must be a Washington domiciliary between the age of seventeen and twenty-six to be eligible for the tuition waiver and a child's marital status does not affect eligibility.

Declares that a surviving spouse must be a Washington domiciliary, and has ten years from the date of the death, total disability as defined in RCW 28B.15.385, or federal determination of prisoner of war or missing in action status of the eligible veteran or national guard member to receive the benefit. Companion Bill: 5477

Addressing manufactured/mobile home community registrations and dispute resolution.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that taking legal action against a manufactured/mobile home community landlord for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Manufactured/mobile home community landlords will also benefit by having access to a process that resolves disputes quickly and efficiently.

Declares an intent to provide an equitable as well as a less costly and more efficient way for manufactured/mobile home tenants and manufactured/mobile home community landlords to resolve disputes, and to provide a mechanism for state authorities

to quickly locate manufactured/mobile home community landlords.

Declares an intent to authorize the department of community, trade, and economic development to register manufactured/mobile home communities, collect a registration fee, and collaborate with the attorney general to disseminate educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in this act.

Declares an intent to authorize the attorney general to: (1) Administer a dispute resolution program by taking complaints, conducting investigations, making determinations, and administratively resolving disputes, when there are alleged violations of the manufactured/mobile home landlord-tenant act or the consumer protection act;

(2) Collect and annually report upon data related to disputes and violations, and make recommendations on modifying chapter 59.20 RCW, to the appropriate committees of the legislature; and

(3) Produce, and collaborate with the department of community, trade, and economic development to distribute, educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in section 3 of this act.

#### VETO MESSAGE ON E2SHB 1461

May 11, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 10, Engrossed Second Substitute House Bill 1461 entitled:

"AN ACT Relating to manufactured/mobile home community registrations and dispute resolution."

Both Section 10 of this bill and Section 9 of Substitute House Bill 2118 amend RCW 59.22.250, concerning the Office of Mobile Home Affairs, located within the Department of Community Trade & Economic Development. The amendments in separate bills may lead to confusion with legislative intent.

For this reason, I have vetoed Section 10 of Engrossed Second Substitute House Bill 1461.

With the exception of Section 10, Engrossed Second Substitute House Bill 1461 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Companion Bill: 5317

Creating additional safeguards for child care.

Declares that the purpose of this act is: (1) To establish the department of early learning;

(2) To coordinate and consolidate state activities relating to child care and early learning programs;

(3) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance; and

(4) To provide tools to promote the hiring of suitable providers of child care by: (a) providing parents with access to information regarding child care providers; (b) providing child care providers with known information regarding applicants' sexual misconduct or other abusive conduct; (c) providing parents with child care licensing complaint histories regarding child care providers; and (d) requiring background checks of applicants for employment in any child care facility licensed or regulated under current law.

Provides that, in determining whether an individual is of appropriate character, suitability, and competence to provide child

care and early learning services to children, the department may consider all child abuse and neglect history information whether founded, unfounded, or inconclusive regarding a prospective child care provider. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this act.

Authorizes the department to make available on a publicly accessible web site all inspection reports and notices of enforcement actions involving child day-care centers and family day-care providers. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Requires the department and an agency to, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct or abuse by an agency employee, notify the parents of a child alleged to be the victim, target, or recipient of the misconduct or abuse. The department and an agency shall provide parents with information regarding their rights under the public records act, chapter 42.56 RCW, to request the public records regarding the employee. This information shall be provided to all parents on an annual basis.

Provides that, for the purposes of reporting actions taken against agency employees or licensees, the following actions shall be posted to the department's web site accessible by the public: Suspension, surrender, revocation, denial, stayed suspension, or reinstatement of a license, and any written reprimand related to abuse and sexual misconduct or abuse.

Reducing the environmental impact of cleaning state facilities.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires all state agencies to procure and use cleaning products having properties that minimize potential impacts to human health and the environment consistent with maintenance of the effectiveness of these products for the protection of public health and safety. For purposes of this act, "state agency" means any office, department, division, bureau, board, commission, or other agency of the state of Washington or of any subdivision thereof.

Provides that the department of general administration, in consultation with the department of health and the department of ecology, shall provide consultation and guidance to state agencies to: (1) Select and procure products and use practices that reduce or minimize the risks of harmful effects to employees, custodial workers, visitors, and other building occupants and to the environment;

(2) Promote adoption of practices endorsed by this act;

(3) Recognize state agencies that adopt and implement environmentally beneficial facility and workplace management policies and practices;

(4) Encourage contractors supplying goods and services to state agencies to select and procure such products; and

(5) Encourage lessors and building managers who provide leased space to state agencies to select and procure such products.

**HB 1464-S** by House Committee on Select Committee on Environmental Health (originally sponsored by Representatives Simpson, Hudgins, Wood, Campbell, Morrell, and Hasegawa)

(AS OF HOUSE 2ND READING 2/28/2007)

Finds that the adoption of practices to select, procure, and use environmentally preferred products will benefit the environment and the health and safety of workers and visitors to state facilities.

Provides that all state agencies that purchase cleaning products or services must ensure that cleaning products have properties that minimize potential impacts to human health and the environment consistent with maintenance of the effectiveness of these products for the protection of public health and safety. For purposes of this act, "state agency" means any office, department, division, bureau, board, commission, or other agency of the state of Washington or of any subdivision thereof.

Directs the department of general administration, in consultation with the department of health and the department of ecology, to consider nationally recognized accrediting information and provide consultation and guidance to state agencies to:

(1) Select and procure products and use practices that reduce or minimize the risks of harmful effects to employees, custodial workers, visitors, and other building occupants and to the environment;

(2) Promote adoption of practices endorsed by this act;

(3) Recognize state agencies that adopt and implement environmentally beneficial facility and workplace management policies and practices;

(4) Encourage contractors supplying goods and services to state agencies to select and procure such products; and

(5) Encourage lessors and building managers who provide leased space to state agencies to select and procure such products.

Requires the department of general administration, upon renewal of a lease and for all new leases, to require lessors and building managers who provide leased space to state agencies to use environmentally preferred products and practices.

Analyzing and remedying racial disproportionality and racial disparity in child welfare.

(SUBSTITUTED FOR - SEE 1ST SUB)

Directs the secretary of the department of social and health services to convene an advisory committee to analyze and make recommendations on the disproportionate representation of children of color in the child welfare and juvenile justice systems of Washington. The department shall collaborate with the Washington institute for public policy and private sector entities to develop a methodology for the advisory committee to follow in conducting a baseline analysis of data from the child welfare and juvenile justice systems to determine whether racial disproportionality and racial disparity exist in these systems.

Requires, at a minimum, the advisory committee to examine and analyze: (1) The level of involvement of children of color at

each stage in the state's child welfare and juvenile justice systems, including the points of entry and exit, and each point at which a treatment decision is made; and

(2) The outcomes for children in the existing systems. This analysis shall be disaggregated by racial and ethnic group, and by geographic region.

Requires that, not later than January 1, 2008, the secretary shall report the results of the analysis conducted under this act and shall describe the remediation plan required under this act to the appropriate committees of the legislature with jurisdiction over policy and fiscal matters relating to children, families, and human services. Beginning January 1, 2009, the secretary shall report annually to the appropriate committees of the legislature on the implementation of the remediation plan, including any measurable progress made in reducing and eliminating racial disproportionality and disparity in the state's child welfare and juvenile justice systems.

(DIGEST AS ENACTED)

Directs the secretary of the department of social and health services to convene an advisory committee to analyze and make recommendations on the disproportionate representation of children of color in Washington's child welfare system. The department shall collaborate with the Washington institute for public policy and private sector entities to develop a methodology for the advisory committee to follow in conducting a baseline analysis of data from the child welfare system to determine whether racial disproportionality and racial disparity exist in this system. The Washington institute for public policy shall serve as technical staff for the advisory committee. In determining whether racial disproportionality or racial disparity exists, the committee shall utilize existing research and evaluations conducted within Washington state, nationally, and in other states and localities that have similarly analyzed the prevalence of racial disproportionality and disparity in child welfare.

Provides that, at a minimum, the advisory committee shall examine and analyze: (1) The level of involvement of children of color at each stage in the state's child welfare system, including the points of entry and exit, and each point at which a treatment decision is made;

(2) The number of children of color in low-income or single-parent families involved in the state's child welfare system;

(3) The family structures of families involved in the state's child welfare system; and

(4) The outcomes for children in the existing child welfare system. This analysis shall be disaggregated by racial and ethnic group, and by geographic region.

Requires that, not later than January 1, 2008, the secretary shall report the results of the analysis conducted under this act and shall describe the remediation plan required under this act to the appropriate committees of the legislature with jurisdiction over policy and fiscal matters relating to children, families, and human services. Beginning January 1, 2010, the secretary shall report annually to the appropriate committees of the legislature on the implementation of the remediation plan, including any measurable progress made in reducing and eliminating racial disproportionality and disparity in the state's child welfare system.

(DIGEST AS ENACTED)

Directs the department of ecology to request that federal agencies with jurisdiction seek to require or fund the stationing of a response tug at such location, and seek reimbursement for the funding provided by the state for this purpose commencing with the fiscal year 2008 costs to the state.

Provides that, by September 1, 2008, the joint legislative audit and review committee shall examine the funding mechanism for the oil spill prevention and response programs. This study shall evaluate the state's oil spill prevention, preparedness, and response programs to compare the sources of oil spill risk with the funding mechanism. The study shall include: (1) A review of existing oil spill risk evaluations and qualitative models, including: (a) evaluations or models for a risk evaluation framework, considering such factors as volume of oil, time at sea, proximity to water, organizational readiness, and damage done; and (b) evaluations or models for risk allocation, assessing how much of the risk goes with the product and how much with where and how the product is handled and who is handling it;

(2) A review of empirical data related to actual spill numbers, spill volumes, spill locations, and other circumstances related to individual spills;

(3) Comparisons of the risk allocation to the actual funding contributed by sector; and

(4) Options to allocate the state's costs to the major risk categories, by sector.

**HB 1502** by Representatives Williams, Conway, Wood,  
 Chase, Moeller, and Ormsby

Suppressing workers' compensation claims.

Provides that employers shall not engage in the suppression  
 of industrial insurance claims for their employees.

Declares that, for the purposes of this act, claim suppression  
 is defined as expressly or repeatedly inducing employees to fail to  
 report injuries, inducing employees to treat injuries in the course  
 of employment as off-the-job injuries, or otherwise acting to  
 suppress legitimate industrial insurance claims.

Provides that, in determining whether an employer has engaged in claim suppression, the department shall consider the employer's history of compliance with industrial insurance reporting requirements, and whether there are employment-related incentives to discourage employees from reporting injuries or filing claims. The department will have the burden of proving claims suppression by a preponderance of the evidence.

**HB 1503** by Representatives Conway, McCoy, Wood, Campbell, Williams, Green, Kenney, Moeller, Ormsby, and Chase

Regarding injured worker medical rights.

(SEE ALSO PROPOSED 2ND SUB)

Provides that, at any time that an examining or attending physician or licensed advanced registered nurse practitioner is contacted by the employer, or a representative of the employer, a written report must be generated by the person or entity initiating contact which fully discloses all subjects discussed and responses given. This report must be completed within five days of the meeting, and a copy must be mailed to the worker no later than the fifth day. Failure to comply with this provision constitutes a violation of RCW 51.48.080 and the penalty shall be paid to the worker.

Provides that, in any circumstance in which an attorney, vocational counselor, nurse case manager, or other representative of the employer seeks to meet with an examining or attending physician or licensed advanced registered nurse practitioner to discuss the worker's physical capacities, medical treatment, permanent partial disability, ability to work, or other issues pertaining to the claim, that person shall give at least seven days' prior written notice to the worker or the worker's designated representative. The worker and representative have the right to attend and participate in the conference.

Requires that, within five days of the completion of the meeting, the employer or representative shall create a complete report of the meeting, including all questions asked and information provided. A copy of this report must be mailed to the worker or the worker's designated representative, no later than the fifth day following the meeting.

Provides that, once an appeal has been filed with the board, the department and the employer, as well as the representatives of each, may not have ex parte contact, to discuss the facts or issues in question in the appeal, with any medical provider who has provided treatment to the claimant unless written authorization for such contact is given by the claimant or the claimant's representative. This also applies to medical providers who examined the claimant for consultative purposes at the request of either the claimant or a treating medical provider unless the examination request was initiated by the department.

**HB 1503-S** by House Committee on Commerce & Labor (originally sponsored by Representatives Conway, McCoy, Wood, Campbell, Williams, Green, Kenney, Moeller, Ormsby, and Chase)

(SEE ALSO PROPOSED 2ND SUB)

Provides that, in all hearings, actions, or proceedings before the board of industrial insurance appeals, or before any court on appeal from the board of industrial insurance appeals, the claimant shall be deemed to waive the physician-patient privilege under RCW 5.60.060, subject to the limitations imposed pursuant to court rules and this act.

Provides that, once an appeal has been filed with the board, the department and the employer, as well as the representatives of each, may not have ex parte contact, to discuss the facts or issues in question in the appeal, with any medical provider who has provided treatment to the claimant unless written authorization for such contact is given by the claimant or the claimant's

representative. This also applies to medical providers who examined the claimant for consultative purposes at the request of either the claimant or a treating medical provider unless the examination request was initiated by the department.

Repeals RCW 51.32.114.

**HB 1503-S2** by House Committee on Appropriations (originally sponsored by Representatives Conway, McCoy, Wood, Campbell, Williams, Green, Kenney, Moeller, Ormsby, and Chase)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Provides that, in all hearings, actions, or proceedings before the board of industrial insurance appeals, or before any court on appeal from the board of industrial insurance appeals, the claimant shall be deemed to waive the physician-patient privilege under RCW 5.60.060, subject to the limitations imposed pursuant to court rules and this act.

Provides that, once an appeal has been filed with the board, the department and the employer, as well as the representatives of each, may not have ex parte contact, to discuss the facts or issues in question in the appeal, with any medical provider who has provided treatment to the claimant unless written authorization for such contact is given by the claimant or the claimant's representative. This also applies to medical providers who examined the claimant for consultative purposes at the request of either the claimant or a treating medical provider unless the examination request was initiated by the department.

Feb 13 Public hearing in the House Committee on Finance at 10:00 AM.

**HB 1510** by Representatives Hasegawa, Chase, Conway, Williams, Roberts, Hudgins, Wood, Moeller, Ormsby, Santos, and Morrell

Providing for the community reinvestment of oil windfall profits.

Finds that Washington citizens and businesses are paying historically high prices for gasoline while the major oil companies are reaping windfall profits. As a result, tens of millions of dollars are being taken from the budgets of families and businesses.

Declares an intent to reverse this economic injustice by developing a state windfall profits tax. This tax will create an incentive for major oil companies to keep retail gasoline prices at historically reasonable levels and a disincentive to increase prices to gain windfall profits. If the major oil companies are unresponsive to this incentive, the tax will generate substantial revenue which can be used to partially offset the adverse effects of high gasoline prices by providing additional funding for public goods and services that are linked to the current costs of energy and/or the development of renewable in-state energy resources.

Companion Bill: 5666

Increasing the amount the treasurer may use for the linked deposit program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the state treasurer may use up to two hundred million dollars per year of all funds available under this act for the purposes of RCW 43.86A.060. The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(DIGEST AS ENACTED)

Declares that the office of minority and women's business enterprises has the authority to promulgate, amend, and repeal rules in order to: (1) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(2) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(3) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and

(4) Limit the total amount of any one qualified loan made under the linked deposit program.

Provides that the act shall be null and void if appropriations are not approved.

Enhancing public school world language instruction.

(AS OF HOUSE 2ND READING 3/8/2007)

Finds that Washington state: (1) Is one of the most trade-dependent states in the United States, where one in three jobs is directly connected to trade;

(2) Benefits from a thriving tourist trade;

(3) Encourages cultural understanding and tolerance for its citizens; and

(4) Seeks a world-class education system.

Finds that there is a current lack of leadership and commitment at the state level to improve world language instruction so that our students can secure their part in the global community and remain competitive in the world.

Provides that, subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grants, based on a competitive application process, for pilot projects to enhance instruction in world languages at the elementary and middle school level.

Provides that, at the end of the grant period, the office of the superintendent of public instruction shall evaluate the outcomes, successes, and limitations of the pilot projects as strategies to enhance world language instruction in public schools and report its findings to the education committees of the legislature at the first legislative session after the end of the grant period.

**HB 1518** by Representatives Williams, Lantz, Moeller, Appleton, Darneille, Goodman, Hunt, Chase, Miloscia, Ormsby, Hudgins, Pedersen, McDermott, and Santos  
Creating a death penalty task force.

(SEE ALSO PROPOSED 1ST SUB)

Finds that historically most death sentences imposed in Washington have been reversed and rarely imposed. The legislature further finds that it is in the state's interest to determine whether the state's capital punishment system is applied fairly and proportionally, and whether the continued allocation of substantial time, resources, and moneys spent on capital trials and appeals is warranted.

Provides that, until July 1, 2008, the sentence of death for anyone sentenced under RCW 10.95.030(2) shall be stayed.

Creates a death penalty task force for the purpose of conducting a review of the existing death penalty statutes and court rules to determine the following: (1) The uniformity of decision making by prosecuting attorneys in terms of charging defendants with aggravated first degree murder and the criteria used in such decisions;

(2) The impact of race, ethnicity, gender, and economic status on the likelihood of a defendant being charged with aggravated first degree murder;

(3) The administration of Washington's death penalty law since the enactment of chapter 10.95 RCW to determine whether it is applied randomly or arbitrarily;

(4) The costs associated with capital trials and appeals; and

(5) Whether there are revisions to existing statutes and court rules that, if implemented, would decrease the likelihood of an inappropriate imposition of the death penalty.

Directs the task force to report its findings and recommendations to the governor, Washington supreme court, and appropriate committees of the legislature by January 1, 2008.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2007, from the state general fund to the administrative office of the courts for the purposes of providing staffing and support to the death penalty task force.

Appropriates the sum of one hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the state general fund to the administrative office of the courts for the purposes of providing staffing and support to the death penalty task force.

**HB 1525** by Representatives Chase, Kessler, Morris, Sump, B. Sullivan, Hunt, and Hudgins

Reducing the impact of regulatory provisions on small businesses.

(DIGEST AS ENACTED)

Finds that: (1) A vibrant and growing small business sector is critical to creating jobs in a dynamic economy;

(2) Small businesses bear a disproportionate share of regulatory costs and burdens;

(3) Fundamental changes that are needed in the regulatory and enforcement culture of state agencies to make them more responsive to small business can be made without compromising the statutory missions of the agencies;

(4) When adopting rules to protect the health, safety, and economic welfare of Washington, state agencies should seek to achieve statutory goals as effectively and efficiently as possible without imposing unnecessary burdens on small employers;

(5) Uniform regulatory and reporting requirements can impose unnecessary and disproportionately burdensome demands including legal, accounting, and consulting costs upon small businesses with limited resources;

(6) The failure to recognize differences in the scale and resources of regulated businesses can adversely affect competition in the marketplace, discourage innovation, and restrict improvements in productivity;

(7) Unnecessary regulations create entry barriers in many industries and discourage potential entrepreneurs from introducing beneficial products and processes;

(8) The practice of treating all regulated businesses the same leads to inefficient use of regulatory agency resources, enforcement problems, and, in some cases, to actions inconsistent with the legislative intent of health, safety, environmental, and economic welfare legislation;

(9) Alternative regulatory approaches which do not conflict with the state objective of applicable statutes may be available to minimize the significant economic impact of rules on small businesses; and

(10) The process by which state rules are developed and adopted should be reformed to require agencies to solicit the ideas and comments of small businesses, to examine the impact of proposed and existing rules on such businesses, and to review the continued need for existing rules.

**HB 1532-S** by House Committee on Insurance, Financial Services & Consumer Protection (originally sponsored by Representatives Kirby, Kenney, Moeller, and Morrell; by request of Insurance Commissioner)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the purpose of this act is to establish a framework for the commissioner's market conduct actions, including: (1) Processes and systems for identifying, assessing, and prioritizing market conduct problems that have a substantial adverse impact on consumers, policyholders, and claimants;

(2) Market conduct actions by a commissioner to substantiate such market conduct problems and a means to remedy significant market conduct problems; and

(3) Procedures to communicate and coordinate market conduct actions among state insurance regulators to foster the most efficient and effective use of resources.

Declares an intent that the market analysis or market conduct process utilize available technology in the least intrusive and most cost-efficient manner to develop a baseline understanding of the market place and to identify insurers or practices that deviate significantly from the norm or that pose a potential risk to the insurance consumer. It is also the intent of the legislature that this process include discretion for the commissioner to use market conduct examinations when the continuum of available market conduct actions have not sufficiently addressed issues concerning insurer activities in Washington, or when the continuum of available market conduct actions are not reasonably expected to address issues concerning insurer activities in Washington.

Declares an intent that the commissioner work with the national association of insurance commissioners toward development of an accreditation process for market conduct oversight and an effective process for domestic deference that creates protections for Washington consumers and efficient and effective regulation of the industry.

Companion Bill: 5843

Regarding educational data and data systems.

Finds that: (1) Reliable data on student progress, characteristics of students and schools, and teacher qualifications and mobility is critical for accountability to the state and to the public;

(2) Educational data should be made available as widely as possible while appropriately protecting the privacy of individuals as provided by law;

(3) School districts and the office of the superintendent of public instruction need robust and compatible data systems and programs to reduce inefficiencies caused by the lack of connectivity and to minimize or eliminate multiple data entry; and

(4) Schools and districts should be supported in their management of educational data and should have access to user-friendly programs and reports that can be readily used by classroom teachers and building principals to improve instruction.

Requires the office of the superintendent of public instruction and educational service districts to provide training to school and school district personnel on: (1) The importance of accurate and timely collection and submission of educational data;

(2) Troubleshooting potential data problems and common errors;

(3) Maintaining appropriate privacy and confidentiality of data; and

(4) Ways to use educational data to inform decision making and classroom instruction.

Provides that, by the beginning of the 2008-09 school year, the office of the superintendent of public instruction shall develop and disseminate recommended guidelines for training, professional development, certification, and compensation of school data quality specialists.

 The sea grant program shall use funding provided from the  
 geoduck aquaculture research account created in this act to  
 directly perform the research or to enter into and manage  
 contracts with scientific organizations or institutions.

Provides that, except for contracts that have had a request for  
 offer issued prior to the effective date of this act, the department  
 is prohibited from entering into any leases that would permit the  
 commercial aquaculture of geoducks on state-owned aquatic  
 lands associated with Puget Sound, including the Strait of Juan de  
 Fuca until one full calendar year after the sea grant program at the  
 University of Washington reports to the legislature the results of  
 the studies required by this act.

Declares that all geoduck aquaculture operations located or  
 proposed to be located on lands or waters associated with Puget  
 Sound or the Strait of Juan de Fuca, regardless of whether or not  
 the operation would otherwise require permitting under chapter  
 90.58 RCW or whether or not the operation is included in an  
 approved local master program, may only exist and operate if the  
 operation receives a permit as a conditional use under RCW  
 90.58.090(5).

Declares that the permit conditions placed on geoduck  
 aquaculture operations by this act are intended to serve as  
 minimal, basic protections necessary to preserve the health and  
 enjoyment of Puget Sound while the sea grant program at the  
 University of Washington commissions a series of scientific  
 studies on the effects of geoduck aquaculture on the natural  
 environment as provided in this act. It is the intent of the  
 legislature to revisit these protections after the sea grant program  
 delivers its final report to the appropriate committees of the  
 legislature.

Companion Bill: 5467

Creating the individual and family services program for people with developmental disabilities.

(SEE ALSO PROPOSED 2ND SUB)

Finds that: (1) A developmental disability is a natural part of human life, and the presence of a developmental disability in the life of a person does not diminish the person's rights or opportunity to participate fully in the life of the local community;

(2) Investing in family members who have children and adults living in the family home preserves a valuable natural support system for the individual with a developmental disability and is also cost-effective for the state of Washington;

(3) Providing support services to families can help maintain the well-being of the family and stabilize the family unit.

Declares an intent: (1) To partner with families as care providers for children with developmental disabilities and adults who choose to live in the family home;

(2) That individual and family services be centered on the needs of the person with a developmental disability and the family;

(3) That, to the maximum extent possible, individuals and families must be given choice of services and exercise control over the resources available to them.

 Companion Bill: 5438

Creating the Washington community learning center program.

Agrees with the findings of the Washington learns report that research shows that after-school programs that are well designed and connected with students' school studies can improve academic learning for those struggling in school and that after-school programs can play a strong role in supporting increased math and science learning.

Finds that good after-school programs and activities provide safe and effective learning environments for children, including children who might otherwise be alone and unsupervised after school. These programs not only support children's academic efforts, they also build community partnerships that support children and their learning.

Companion Bill: 5973

Establishing a controlled substances prescription monitoring program.

(SEE ALSO PROPOSED 1ST SUB)

Finds that prescription drug abuse has been on the rise and that often dispensers and prescribing providers are unaware of prescriptions provided by others both in and out of state.

Declares an intent to establish an electronic database available in real time to dispensers and prescribers of controlled substances. And further, that the department in as much as possible should establish a common dataset with other sets of other states.

Provides that a dispenser who knowingly fails to submit prescription monitoring information to the department as required by this act or knowingly submits incorrect prescription information is subject to disciplinary action under chapter 18.130 RCW.

Provides that a person authorized to have prescription monitoring information under this act who knowingly discloses such information in violation of this act is subject to civil penalty.

Provides that a person authorized to have prescription monitoring information under this act who uses such information in a manner or for a purpose in violation of this act is subject to civil penalty.

Provides that, in accordance with HIPPA, any physician or pharmacist authorized to access a patient's prescription monitoring may discuss or release that information to other health care providers involved with the patient in order to provide safe and appropriate care coordination.

**HB 1553-S** by House Committee on Health Care & Wellness (originally sponsored by Representatives Hinkle, Morrell, Moeller, Seaquist, Curtis, Linville, Green, and Ormsby)

**HB 1558** by Representatives Jarrett, Dunshee, Priest, Moeller, Anderson, Linville, Ormsby, and Dunn

Establishing a growth management needs and priorities task force.

(SEE ALSO PROPOSED 1ST SUB)

Establishes a growth management needs and priorities task force.

Requires, by December 1, 2007, the task force to issue a report with recommendations on legislative and executive actions that address, at a minimum, the following topics: (1) How the best available science is identified and applied when local governments develop regulations to protect critical areas under the growth management act, and the relationship of those regulations to preexisting land uses; and

(2) A review of the appeals process for actions taken under the growth management act, including data on the number and outcome of cases, and any recommendations on needed improvements to the appeals process.

Requires, by June 30, 2008, the task force to issue a report with recommendations on legislative and executive actions that address, at a minimum, the following topics: (1) How to better meet the infrastructure and basic service needs of growing communities, including schools, local roads, fire and police service, and water, sewer, and other utilities, with recommendations for financing these service and infrastructure needs;

(2) How to ensure that state roads provide a level of service consistent with local growth management decisions;

(3) The effect of the vested rights doctrine on the achievement of the goals and requirements of the growth management act;

(4) The effect of the provisions for fully contained communities and master planned resorts on the achievement of the goals and requirements of the growth management act;

(5) Performance measures for the ongoing evaluation of land use programs, based on the assessment conducted under this act; and

(6) Any recommendations for additional topics that warrant continued work by the task force or by other groups.

Appropriates the sum of two hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act.

Provides that a watershed management partnership formed under the authority of RCW 39.34.210 that is composed entirely of public agencies authorized to exercise the power of eminent domain in the manner provided by chapter 8.12 RCW, and a separate legal entity established by such a partnership to conduct the cooperated undertaking of the partnership under the same statutory authority, may also exercise the power of eminent domain as provided in chapter 8.12 RCW; provided that, the

authority granted shall be limited to those purposes for which the watershed management partnership was formed.

**HB 1561-S** by House Committee on Judiciary (originally sponsored by Representatives Jarrett, Clibborn, Goodman, Springer, Eddy, Rodne, and Sullivan)

(AS OF HOUSE 2ND READING 2/14/2008)

Provides that a watershed management partnership formed under the authority of RCW 39.34.210, and a separate legal entity established by such a partnership to conduct the cooperative undertaking of the partnership under the same statutory authority, may exercise the power of eminent domain as provided in chapter 8.12 RCW.

Provides that the eminent domain authority granted under this act may be exercised only for those utility purposes for which the watershed management partnership was formed.

Applies only to a watershed management partnership that: (1) Was formed before July 1, 2006, under the authority of RCW 39.34.200 and 39.34.210;

(2) Is not engaged in planning or in implementing a plan for a water resource inventory area under the terms of chapter 90.82 RCW;

(3) Is composed entirely of cities and water-sewer districts authorized to exercise the power of eminent domain in the manner provided by chapter 8.12 RCW; and

(4) Is governed by a board of directors consisting entirely of elected officials from the cities and water-sewer districts that constitute the watershed management partnership.

Reforming the health care system in Washington state. (REVISED FOR PASSED LEGISLATURE: Improving health insurance coverage in Washington state.)

(DIGEST AS ENACTED)

Revises provisions relating to improving health insurance coverage by establishing a health insurance partnership for the purchase of small employer health insurance coverage, evaluating the inclusion of additional health insurance markets in the health insurance partnership, and studying the impact of health insurance mandates.

Provides that the health insurance partnership board shall: (1) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups;

(2) Designate health benefit plans that are currently offered in the small group market that will qualify for premium subsidy payments;

(3) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(4) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(5) Determine appropriate health benefit plan rating methodologies; and

(6) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

Requires that, on or before December 1, 2008, the health insurance partnership board shall submit a preliminary report to the governor and the legislature that includes an implementation plan to incorporate the individual and small group health insurance markets into the partnership program. In preparing the report, the board shall examine at least the following issues: (1) The impact of these markets being incorporated into the partnership, with respect to the utilization of services and cost of health plans offered through the partnership;

(2) The impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and

(3) How the composition of the board should be modified to reflect the incorporation of the individual and small group markets in the partnership.

Requires that, on or before September 1, 2009, the health insurance partnership board shall submit a report and recommendations to the governor and the legislature regarding: (1) The risks and benefits of additional markets participating in the partnership:

(a) The report shall examine the following markets: (i) Washington state health insurance pool under chapter 48.41 RCW; (ii) basic health plan under chapter 70.47 RCW; (iii) public employees' benefits board enrollees under chapter 41.05 RCW; (iv) public school employees; and (v) any final recommendations for the individual and small group markets, relevant to the study outlined in section 10 of this act; and

(b) The report shall examine at least the following issues: (i) the impact of these markets participating in the partnership, with respect to the utilization of services and cost of health plans offered through the partnership; (ii) whether any distinction should be made in participation between active and retired employees enrolled in public employees' benefits board plans, giving consideration to the implicit subsidy that nonmedicare-eligible retirees currently benefit from by being pooled with active employees, and how medicare-eligible retirees would be affected; (iii) the impact of applying small group health benefit plan regulations on access to health services and the cost of coverage for these markets; and (iv) if the board recommends the inclusion of additional markets, how the composition of the board should be modified to reflect the participation of these markets; and

(2) The risks and benefits of establishing a requirement that residents of the state of Washington age eighteen and over obtain and maintain affordable creditable coverage, as defined in the federal health insurance portability and accountability act of 1996

(42 U.S.C. Sec. 300gg(c)). The report shall address the question of how a requirement that residents maintain coverage could be enforced in the state of Washington.

Directs the office of the insurance commissioner to contract for an independent study of health benefit mandates, rating requirements, and insurance statutes and rules to determine the impact on premiums and individuals' health if those statutes or rules were amended or repealed.

Requires the office of the insurance commissioner to submit an interim report to the governor and appropriate committees of the legislature by December 1, 2007, and a final report by December 1, 2008.

Repeals 2006 c 255 s 10 (uncodified.)

#### VETO MESSAGE ON E2SHB 1569

May 2, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 3 and 17, Engrossed Second Substitute House Bill 1569 entitled:

"AN ACT Relating to improving health insurance coverage by establishing a health insurance partnership for the purchase of small employer health insurance coverage, evaluating the inclusion of additional health insurance markets in the health insurance partnership, and studying the impact of health insurance mandates."

This bill creates the Washington Health Insurance Partnership (WHP), an innovative approach to providing affordable health care in this state. By combining public and private resources, and creating a mechanism to organize and improve access to the insurance market, WHP will offer choice and assistance to small business employees seeking coverage for themselves and their families, and I welcome it.

Section 3 of the bill, which sets forth many of the operational details of the WHP program, is virtually identical to Section 58 of Engrossed Second Substitute Senate Bill 5930. However, it adds the requirement that eligible employees who transition from employer-sponsored insurance to the WHP program wait six months before receiving a subsidy. This requirement could unintentionally delay assistance to someone at the very point they most need it -- when they have lost their job and are attempting to retain health benefits provided through the WHP.

Section 17 of the bill is an emergency clause, and would allow certain sections of the bill to become effective on July 1. The emergency clause is not essential to the proper and timely implementation of the bill.

For these reasons, I have vetoed Sections 3 and 17 of Engrossed Second Substitute House Bill 1569.

With the exception of Sections 3 and 17, Engrossed Second Substitute House Bill 1569 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

(SEE ALSO PROPOSED 1ST SUB)

Directs the department to conduct biomonitoring, in consultation with the department of ecology, local health jurisdictions, and other public health agencies, to assist public health agencies and policymakers in allocating resources to maximize improvements in environmental public health by: (1) Determining levels of exposure to environmental chemicals in population groups that may be at increased risk of exposure;

(2) Measuring the prevalence of elevated levels of environmental chemicals in specific population groups;

(3) Interpreting the public health significance of environmental monitoring data;

(4) Assessing effectiveness of public health efforts to reduce exposure to specific populations to environmental chemicals; and

(5) Determining the impact of public health efforts to reduce high levels of environmental chemicals.

Requires that, by December 1, 2007, the department of health shall, in consultation with the department of ecology and local health jurisdictions, provide recommendations to the governor and the appropriate committees of the senate and house of representatives for funding the biomonitoring program.

Appropriates the sum of ninety thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the state toxics control account to the department of health for the purposes of this act.

Authorizing a statewide program for comprehensive dropout prevention, intervention, and retrieval.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall create a grant program to local partnerships of schools, families, and communities to begin the phase in of a statewide comprehensive dropout prevention, intervention, and retrieval system. This program shall be known as the building bridges program. For purposes of this act, a "building bridges program" means a local partnership of schools, families, and communities that provides all of the following programs or activities: (1) A system that identifies individual students at risk of dropping out from middle through high school based on local predictive data, including state assessment data starting in the fourth grade, and provides timely interventions for such students, including a plan for educational success as already required by the student learning plan as defined under RCW 28A.655.061. Students identified shall include foster care youth and adjudicated youth;

(2) Coaches or mentors for students as necessary;

(3) Staff responsible for coordination of community partners that provide a seamless continuum of academic and nonacademic support in schools and communities;

(4) Retrieval or reentry activities; and

(5) Alternative educational programming, including, but not limited to, career and technical education preparatory programs and online learning opportunities.

Provides that, from the funds appropriated for grant awards under this act, the office of the superintendent of public instruction shall award a grant to a community partnership for a classroom without walls learning proposal involving first place school, Maxine Mimms academy, Yakima valley occupational industries council, and other partners.

Declares that the grant awarded under this act shall be for a two-year demonstration project focusing on providing fifth through twelfth grade students with a program that utilizes technology and is integrated with state standards, basic academics, cross-cultural exposures, and age-appropriate preemployment training. The project shall identify at-risk students in each of three distinct communities and populations and implement strategies to close the achievement gap.

Requires the community partnership grant recipient under this act to collect and report data on participant characteristics and outcomes of the project, including the characteristics and outcomes specified under this act, and submit a report to the legislature by December 1, 2009.

**HB 1573-S2** by House Committee on Appropriations (originally sponsored by Representatives Quall, Priest, Sullivan, Pettigrew, Kenney, Kagi, Wallace, McCoy, Dickerson, Lovick, Santos, Hunt, Hasegawa, Simpson, Pedersen, Morrell, Conway, Lantz, O'Brien, and Ormsby; by request of Superintendent of Public Instruction)

(DIGEST AS ENACTED)

Provides that, subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall create a grant program to local partnerships of schools, families, and communities to begin the phase in of a statewide comprehensive dropout prevention, intervention, and retrieval system. This program shall be known as the building bridges program. For purposes of this act, a "building bridges program" means a local partnership of schools, families, and communities that provides all of the following programs or activities: (1) A system that identifies individual students at risk of dropping out from middle through high school based on local predictive data, including state assessment data starting in the fourth grade, and provides timely interventions for such students, including a plan for educational success as already required by the student learning plan as defined under RCW 28A.655.061. Students identified shall include foster care youth and adjudicated youth;

(2) Coaches or mentors for students as necessary;

(3) Staff responsible for coordination of community partners that provide a seamless continuum of academic and nonacademic support in schools and communities;

(4) Retrieval or reentry activities; and

(5) Alternative educational programming, including, but not limited to, career and technical education preparatory programs and online learning opportunities.

Declares that the grant awarded under this act shall be for a two-year demonstration project focusing on providing fifth through twelfth grade students with a program that utilizes technology and is integrated with state standards, basic academics, cross-cultural exposures, and age-appropriate preemployment training. The project shall: (1) Establish programs in two western Washington and one eastern Washington urban areas;

(2) Identify at-risk students in each of the distinct communities and populations and implement strategies to close the achievement gap;

(3) Collect and report data on participant characteristics and outcomes of the project, including the characteristics and outcomes specified under this act; and

(4) Submit a report to the legislature by December 1, 2009.

Provides that the act shall be null and void if appropriations are not approved.

VETO MESSAGE ON 2SHB 1573

May 9, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 8, Second Substitute House Bill 1573 entitled:

"AN ACT Relating to dropout prevention, intervention, and retrieval."

Sections 1 through 7 of this bill provide for the development and implementation of a grant program that, through collaborative school district, family and community partnerships and services, support vulnerable students who are at risk of dropping out of middle or high school. The grant program will be called the Building Bridges Program.

Section 8 deals with existing dropout prevention and high school completion programs run by community based organizations and community and technical colleges through contracts with school districts. Section 8 sets the criteria for determining state funding for students enrolled in these programs, and was intended to address concerns raised by community based organizations. I am vetoing Section 8 because it would have the unintended consequence of decreasing enrollment in existing high school completion programs available through community and technical colleges. The Superintendent of Public Instruction has indicated that the concerns of the community based organizations can be addressed through the rule making process for the new dropout prevention program.

For these reasons, I have vetoed Section 8 of Second Substitute House Bill 1573.

With the exception of Section 8, Second Substitute House Bill 1573 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Creating the institutions review commission.

Finds that the state lacks an independent review process and an effective method of decision making for state institutions with excess capacity or with alternative service delivery models to meet state policy. The legislature further finds that independent evidence-based facts are crucial to any decision that affects Washington citizens who reside in state institutions; and that a fair and objective analysis of the independent evidence-based facts will be better for the clients of the institutions.

Declares that, for these reasons, the legislature intends to create an institutions review commission as an independent entity to review state institutions on a regular basis.

**HB 1597** by Representative Moeller

Requiring plumbing, electrical, and conveyance workers to have licenses, certificates, or permits in their possession while working.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that dishonest construction contractors sometimes hire workers without proper licenses, certificates, and permits to do electrical, plumbing, and conveyance work. This practice gives these contractors an unfair competitive advantage and leaves workers and customers vulnerable. Requiring workers to have their licenses, certificates, and permits in their possession while doing such work will help address the problems of the underground economy in the construction industry, level the playing field for honest contractors, and protect workers and consumers.

**HB 1597-S** by House Committee on Commerce & Labor (originally sponsored by Representative Moeller)

(AS OF HOUSE 2ND READING 2/4/2008)

Finds that dishonest construction contractors sometimes hire workers without proper licenses, certificates, and permits to do electrical, plumbing, and conveyance work. This practice gives these contractors an unfair competitive advantage and leaves workers and customers vulnerable. Requiring workers to have their licenses, certificates, and permits in their possession while doing such work will help address the problems of the underground economy in the construction industry, level the playing field for honest contractors, and protect workers and consumers.

Provides that the certificate shall be wallet size, made of a durable material, and include a photograph of the holder.

Directs the department of labor and industries to convene a work group to develop recommendations for enforcement of laws requiring persons performing plumbing, electrical, and conveyance work to have proper licenses, certificates, and permits.

Requires the work group to report its recommendations to the house commerce and labor committee and the senate labor, commerce, research, and development committee by December 1, 2007. Any recommendations requiring amendments or additions to the plumbing, electrical, or conveyance code shall include proposed legislation. Any recommendations requiring appropriations shall include proposed decision packages.

Allowing raffles by state employees. (REVISED FOR PASSED LEGISLATURE: Allowing raffles by executive branch state employees.)

(DIGEST AS ENACTED)

Allows raffles by state employees.

Pertains to a group of executive branch state employees that:

(1) Has requested and received revocable approval from the agency's chief executive official, or such official's designee, to conduct one or more raffles in compliance with this act;

(2) Conducts a raffle solely to raise funds for either the state combined fund drive, created under RCW 41.04.033; an entity approved to receive funds from the state combined fund drive; or a charitable or benevolent entity, including but not limited to a person or family in need, as determined by a majority vote of the approved group of employees. No person or other entity may receive compensation in any form from the group for services rendered in support of this purpose;

(3) Promptly provides such information about the group's receipts, expenditures, and other activities as the agency's chief executive official or designee may periodically require, and otherwise complies with this section and RCW 9.46.0315; and

(4) Limits the participation in the raffle such that raffle tickets are sold only to, and winners are determined only from, the employees of the agency.

Protecting ancestral trees.

(SEE ALSO PROPOSED 1ST SUB)

Provides that the department may not offer for sale, sell, or harvest any ancestral trees located on public lands west of the crest of the Cascade mountains, unless: (1) The operation is specifically authorized by the board prior to sale or harvest, consistent with this act; or

(2) The operation is conducted solely within the borders of the Olympic experimental state forest and is consistent with the research objectives of the Olympic experimental state forest.

Provides that the board may only authorize the sale or harvest of ancestral trees located on public lands after making a formal finding that some harvest is necessary to preserve the health and safety of other ancestral trees in the immediate area, to protect public safety, to enhance overall forest health in the stand containing the ancestral trees, or to meet the demands of other special circumstances.

Providing for the enrollment of foster parents in the Washington basic health plan.

Finds that foster parents play a critical role in our child welfare system by providing a safe and nurturing environment for children who have been placed in foster care. The legislature further finds that foster parents often forgo employment in order to become foster parents, and thereby lose an opportunity to obtain health care coverage through employer-sponsored health insurance.

Declares an intent to acknowledge the difficulties that foster parents encounter in finding affordable health care coverage by providing opportunities to enroll in the Washington basic health plan.

Appropriates the sum of three million five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the health services account to the health care authority for the purposes of funding subsidized enrollment for up to one thousand foster parents in the basic health plan.

**HB 1603** by Representatives Conway, Wood, Condotta, and Moeller; by request of Liquor Control Board

Companion Bill: 5551

Enhancing enforcement of liquor and tobacco laws.

Authorizes the liquor control board to issue subpoenas in connection with any investigation, hearing, or proceeding for the production of books, records, and documents held under chapter 66.08 RCW or chapters 70.155, 70.158, 82.24, and 82.26 RCW, and books and records of common carriers as defined in RCW 81.80.010, or vehicle rental agencies relating to the transportation or possession of cigarettes or other tobacco products.

Provides that, if any person is served a subpoena from the board for the production of records, documents, and books, and fails or refuses to obey the subpoena for the production of records, documents, and books when required to do so, the person is subject to proceedings for contempt, and the board may institute contempt of court proceedings in the superior court of Thurston county or in the county in which the person resides.

Provides that, for the purposes of obtaining information concerning any matter relating to the administration or enforcement of chapter 82.24 RCW, the department, the board, or any of its agents may inspect the books, documents, or records of any person transporting cigarettes for sale to any person or entity in the state, and books, documents, or records containing any information relating to the transportation or possession of cigarettes for sale in the possession of a specific common carrier as defined in RCW 81.80.010 doing business in this state, or books, documents, and records of vehicle rental agencies whose vehicles are being rented for the purpose of transporting contraband cigarettes.

Provides that, if a person neglects or refuses to produce and submit for inspection any book, record, or document as required by this act when requested to do so by the department, the board,

or its agent, then the department or the board may seek an order in superior court compelling production of the books, records, or documents.

Introducing oxygen into Hood Canal.

(SEE ALSO PROPOSED 1ST SUB)

Directs the department of fish and wildlife to implement a pilot program to test the viability and efficiency of introducing oxygen to the waters of Hood Canal for the purpose of protecting aquatic life. The pilot project must take place in a small marine area where a large number of bottom dwelling fish species exist. The pilot project has the following goals: (1) To determine the feasibility and cost of designing and constructing a mechanical system to inject oxygen into Hood Canal, thereby reducing the impact of low levels of dissolved oxygen on aquatic life; and

(2) To construct, operate, and evaluate a pilot facility to increase levels of dissolved oxygen near Sund Rock on Hood Canal.

Provides that, following the evaluation of the pilot project, the department of fish and wildlife must report to the appropriate committees of the legislature on the pilot project results and include recommendations whether to proceed with a larger scale project to inject oxygen into Hood Canal.

Appropriates the sum of one hundred thirty-five thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of fish and wildlife for the purposes of this act.

Appropriates the sum of six hundred forty-six thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of fish and wildlife for the purposes of this act.

- HB 1610** by Representatives Anderson, Priest, Haler, and Strow  
Creating a school and school district accountability system that allows for progressive interventions.  
Requires the state board of education to adopt: (1) A comprehensive set of objective improvement standards that schools and school districts must meet annually that are in addition to the standards established by the federal no child left behind act of 2001;  
(2) An objective, systematic set of criteria to identify consistently high performing schools that show exemplary progress with respect to meeting state and federal academic standards and a system of monetary and nonmonetary rewards for such schools; and  
(3) A program of progressive interventions for schools or school districts that fail to meet the annual improvement standards adopted by the board pursuant to this act.  
Provides that, by December 1, 2007, the board shall report to the K-12 education committees of the house of representatives and the senate regarding the objective improvement standards, criteria for consistently high performing schools, monetary and nonmonetary rewards, and program of progressive interventions the board has adopted as required by this act.  
Requires that, if approved by the legislature, the board shall implement the objective improvement standards, criteria for consistently high performing schools, rewards, and program of progressive interventions no later than September 1st following the legislature's approval.

- HB 1613** by Representatives Anderson, Priest, Haler, Strow, Haigh, and Hunter  
Creating the schoolwide academic achievement bonus program.  
Finds that an accountability system for improved student academic achievement is incomplete without recognition and rewards for exemplary effort by teachers, staff, and principals as evidenced by outstanding school performance on statewide assessments. Rewards can be a mechanism to focus a school's attention on attaining specific goals; motivate teachers, staff, and principals to excel in their own performance; and channel resources and energy in the school toward improving student achievement. Rewards made on a schoolwide basis reinforce the notion that each individual in the school plays an important role in educating students, and each should in turn be recognized when student academic performance in the school is outstanding or makes significant improvement.  
Finds that strong educational and managerial leadership by the principal is a significant contributing factor to a school's high performance and deserves special recognition and reward.

- HB 1614** by Representatives Anderson, Priest, Hasegawa, and Haigh

Improving availability of student guidance and planning programs.

Declares that timely access to information about educational and social service resources is essential for children and parents to evaluate and make choices about educational opportunities.

Finds that well-developed school counseling programs can significantly increase academic achievement, improve building safety, and reduce student dropout rates.

Finds that a comprehensive guidance and planning curriculum is now available to all districts in the state. It is therefore the intent of the legislature that all middle schools, junior high schools, and high schools must implement a comprehensive guidance and planning program for all students.

**HB 1615** by Representatives Anderson, Priest, Rodne, Haigh, and Hunter

Revising the state funding formula for nonemployee related costs.

Requires the legislative evaluation and accountability program committee to conduct a study of nonemployee-related costs based on a review of school district expenditures. The purpose of the study is to: (1) Make recommendations for revising and updating the amount of the state allocation for nonemployee-related costs in the general apportionment program funding formula, including the enhanced allocation for vocational programs, to more accurately reflect costs of such items as textbooks, fuel, utilities, vocational program equipment, computer technology, and other common educational costs; and

(2) Recommend a division of the nonemployee-related cost allocation into three components, each separately adjusted for inflation as follows: (a) an energy component, to be annually adjusted by the index for fuels and utilities from the consumer price index for all urban consumers, published by the United States bureau of labor statistics; (b) an instructional materials component, to be annually adjusted by an aggregate index for educational books and supplies and information technology from the consumer price index for all urban consumers, published by the United States bureau of labor statistics; and (c) a component for all other nonemployee-related costs covered by the allocation, to be adjusted by the index for all items from the consumer price index for all urban consumers, published by the United States bureau of labor statistics.

Requires the legislative evaluation and accountability program committee to recommend the new allocations for nonemployee-related costs based on the study findings to the fiscal committees of the legislature by December 1, 2007.

**HB 1616** by Representatives Anderson, Priest, and Rodne

Requiring development of a new state funding formula for pupil transportation.

Provides that the superintendent of public instruction, in cooperation with the legislative evaluation and accountability program, shall develop and propose a new distribution formula for allocating state funds for transportation costs under RCW 28A.160.150 through 28A.160.180.

Provides that the distribution formula developed under this act should seek to achieve the following objectives: (1) More accurately reflect the costs of providing transportation for eligible students to and from school based on data reported under RCW 28A.160.170;

(2) Promote the efficient use of state and local resources; and

(3) Continue to allow local control of school district student transportation programs, including determination of which

individual students are transported and by what manner and what routes are most efficiently used.

Requires the superintendent and the legislative evaluation and accountability program to make a preliminary report on the proposed distribution formula to the governor and the education and fiscal committees of the legislature by September 1, 2007. A final report with recommendations, estimates of the fiscal impact of the proposal on the state and school districts, and draft legislation necessary to implement the proposal shall be submitted by December 15, 2007.

**HB 1617** by Representatives Anderson, Priest, and Orcutt

Restoring full funding for the student achievement fund from the state property tax.

Finds that the people of Washington state intended through their approval of Initiative Measure No. 728 to provide a stable funding source for the student achievement fund through an allocation of the state property tax. The substitution of funding from the education legacy trust fund breaks faith with the people of the state and should be reversed so that state property tax dollars are allocated to the support of local schools just as local property tax dollars are.

**HB 1618** by Representatives Anderson, Priest, Morrell, Haigh, and Hunter

Aligning standards for high school graduation, college readiness, and college admission.

Finds that too many students graduate from high school unprepared for college or entrance into the workforce. There is no clear relation between the coursework required for a high school diploma and the skills and knowledge needed to succeed in college, whether the college program is academic or technical in nature. There is also no common standard among the state's two and four-year institutions of higher education as to what constitutes readiness for college-level work as opposed to placement in remedial courses.

Declares an intent to direct the responsible state agencies to work together to define and align standards for high school graduation, college readiness, and college admission.

Authorizing pilot grants to establish first teacher parent mentor programs.

Finds that families have a major influence on their children's achievement in school. Families of all income and education levels, and from all ethnic and cultural backgrounds, should be supported and encouraged to be involved in school and in their children's learning at home.

Declares an intent to establish first teacher parent mentor programs to provide connections between schools, community organizations, and parents; recruit and provide training for parent mentors; and expand opportunities for involvement by parents in their children's schools, particularly for parents from diverse communities.

Concerning the authority of boundary review boards.

(SEE ALSO PROPOSED 2ND SUB)

Declares that the boundary review board has the authority to add or delete territory and adjust the boundary of a proposed annexation to include all or any land located within an unincorporated urban growth area as supported by the principles in RCW 36.93.157, 36.93.170, and 36.93.180.

**HB 1622-S** by House Committee on Local Government (originally sponsored by Representatives Moeller and Jarrett)

(SEE ALSO PROPOSED 2ND SUB)

Provides that, subject to the requirements of chapter 36.93 RCW, a board may modify a proposal by adding territory that would increase the total area within the proposal before the board. A board, however, may not modify a proposal for annexation of territory to a city or town by adding an amount of

territory that constitutes more than one hundred percent of the total area within the proposal before the board.

**HB 1622-S2** by House Committee on Local Government (originally sponsored by Representatives Moeller and Jarrett)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that, subject to the requirements of chapter 36.93 RCW, a boundary review board may modify a proposal for annexation by adding territory that would increase the total area within the proposal before the board, but the board may not modify a proposal for annexation of territory to a city or town by adding an amount of territory that constitutes more than one hundred percent of the total area within the proposal before the board.

**HB 1624** by Representatives Kagi, Walsh, Appleton, Roberts, and Haigh

Reinstating parental rights for adolescents who are in state care and have not been adopted and providing immunity for department of social and health services representatives.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that a child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances: (1) The child must have been found to be a dependent child under chapter 13.34 RCW and be in the custody of the state;

(2) The child must be at least twelve years of age at the time the petition to reinstate parental rights is filed;

(3) At least three years have passed from the date of entry of an order for the termination of parental rights under RCW 13.34.190;

(4) The child has not been adopted;

(5) The petition is signed by the child in the absence of a showing of good cause as to why the child could not do so; and

(6) The court has determined that reinstating the parental rights of the child's parent is in the best interest of the child after conducting the inquiry required in this act.

Provides that the state or a person, individually or in a representative capacity for the state, who is involved in the delivery of social and health services through the department of social and health services, is not liable for selecting one of two or more alternative courses of action even though the course of action chosen results in a poor outcome if the person exercised reasonable care and skill in arriving at the judgment to follow the particular course of action.

Companion Bill: 5108

Creating the office of farmland preservation.

(SEE ALSO PROPOSED 1ST SUB)

Finds that there is a finite quantity of high quality agricultural land and that often this agricultural land is mistakenly viewed as an expendable resource.

Finds that the retention of agricultural land is desirable, not only to produce food and other products, but also to maintain our state economy and preferable environmental conditions. For these reasons, and because it is essential that agricultural production be sufficient to meet the needs of our growing population, commitment to the retention of agricultural land should be reflected at the state policy level by the creation of an office of farmland preservation to support the retention of farmland and the viability of farming for future generations.

Companion Bill: 5597

Concerning contracts with chiropractors.

Provides that contractors may not directly or indirectly through contract or otherwise refuse to reimburse for the health care services legally provided by employees of a contracted chiropractor if the service would be a reimbursable benefit but for the contractor's refusal to recognize or reimburse the services performed by employees of the contracted chiropractor.

Provides that contractors may not refuse to contract with licensed health care providers employed by a contracted chiropractor if such licensed health care provider otherwise meets the fair credentialing standards of the contractor.

Provides that contractors may not require directly or indirectly by contract or otherwise that a chiropractor comply with health care reimbursement or delivery standards that conflict with those standards and practices authorized or adopted by the Washington state chiropractic quality assurance commission.

Declares that any term or condition of any contract between a chiropractor and a contractor that violates a provision of this act and any contractor attempt to waive, modify, or shift responsibility for compliance with this act is invalid.

Companion Bill: 5596

Concerning discrimination against chiropractors.

Provides that contractors may not develop and employ provider payment methodologies that discriminate against chiropractors by setting differing payment formulas for a chiropractor's services than for a different profession's services when the contractor is reimbursing for the same type of health care services. The contractor may not have a methodology that would pay chiropractors less than any other provider for the same payment code.

Creating a regional transfer of development rights program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that transferring development rights is a market-based technique that encourages the voluntary transfer of growth from places where a community would like to see less development, referred to as sending areas, to places where a community would like to see more development, referred to as receiving areas. Under this technique, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities such as farming, forest management, conservation, or passive recreation. Also under this technique, the costs of purchasing the recorded development restrictions are borne by the developers who receive the building credit or bonus.

Determines that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region.

Requires the department to submit recommendations, findings, and legislative recommendations according to the following schedule: (1) By December 1, 2007, the department shall submit a report to the governor and appropriate committees of the legislature on the progress of the regional transfer of development rights program. The report must also include identification of other candidate transfer of development areas and proposals to modify grant criteria for local governments;

(2) By December 1, 2008, the department shall submit a final report to the governor and the appropriate committees of the legislature on the progress of the regional transfer of development rights program; and

(3) By December 1, 2008, the department shall submit findings and legislative recommendations to the appropriate committees of the legislature to implement the recommendations and strategies identified in the final report.

Companion Bill: 5021

Providing a specific funding mechanism for making community and technical college faculty salary increment awards.

Declares an intent that state appropriations be adjusted to an amount which, together with faculty turnover savings, provides for a fair and equitable funding of faculty salary increments for both part-time and full-time faculty.

Directs the state board for community and technical colleges to convene a task force comprised of representatives from the state board, the presidents' organization, the trustees' organization, the faculties' organization as defined by RCW 28B.52.020(7), as well as the Washington part-time faculty association, to advise the state board on guidelines for the fair and equitable distribution of increment funds to both part-time and full-time faculty. The task force shall report to the legislature by June 30, 2008.

Providing for an inspected inventory of on-site sewage disposal systems.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the number, location, and functionality of on-site sewage disposal systems in operation in Washington is unknown. Creating a locally designed inventory and inspection system for on-site sewage disposal systems, and encouraging expansion of sanitary sewage systems, are necessary first steps towards addressing the problems inherent with failing systems. When prioritizing inventories and inspections, areas within incorporated cities should be addressed as early as possible because of the inherent proximity of sanitary sewage systems to existing on-site sewage disposal systems in use within a city.

**HB 1650-S** by House Committee on Select Committee on Environmental Health (originally sponsored by Representatives Fromhold, Hunt, B. Sullivan, and Moeller)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the number, location, and functionality of on-site sewage disposal systems in operation in Washington is unknown. Creating a locally designed inventory and inspection system for on-site sewage disposal systems, and encouraging expansion of sanitary sewage systems, are necessary first steps towards addressing the problems inherent with failing systems. When prioritizing inventories and inspections, areas within incorporated cities should be addressed as early as possible because of the inherent proximity of sanitary sewage systems to existing on-site sewage disposal systems in use within a city.

Requires all cities and towns with a population of thirty-one thousand residents or greater, as forecasted by the office of financial management as of the effective date of this act, not located within a marine recovery area designated under RCW 70.118A.040, to, either directly or by contract with a local health jurisdiction, consistent with this act: (1) Create and maintain an inventory of the households and businesses within the boundaries of the city or town that do not receive sanitary sewage services by January 1, 2009; and

(2) Institute a program for the inspection of all on-site sewage disposal systems within the city's or town's jurisdiction by January 1, 2012.

Requires that, by January 15, 2009, the department shall submit to the appropriate committees of the legislature a report summarizing the information provided by cities and towns under this act.

Declares that the report required by this provision must contain summarized information regarding, at a minimum: (1) The number and general location of inventoried on-site sewage disposal systems;

(2) The functionality or failure rates of the state's on-site sewage disposal systems;

(3) The number of jurisdictions in full compliance with this act;

(4) The actual reimbursement requests received from local jurisdictions under this act; and

(5) Anticipated future reimbursement requests received from local jurisdictions under this act.

Provides that the report required by this act must be updated no fewer than three times, with each update reported to the appropriate committees of the legislature by: (1) January 15, 2011;

(2) January 15, 2013; and

(3) January 15, 2015.

Establishing the wildfire prevention and protection work group.

(SEE ALSO PROPOSED 1ST SUB)

Provides that the wildfire prevention and protection work group created in this act shall review existing fire studies conducted by or for the department of natural resources, the joint

legislative audit and review committee, and other organizations. The work group shall review the following issues: (1) Whether the forest fire protection assessment rate provides sufficient funding towards the protection of public and private lands from wildfires;

(2) Whether the statutory limitations on the purposes for which moneys collected through the forest fire protection assessment and from the landowner contingency forest fire suppression account may be expended are warranted;

(3) Whether the term "forest land," as set forth in RCW 76.04.005, properly defines the scope of land on which the forest fire protection assessment should be assessed;

(4) Whether forest fire protection assessments are currently being collected from all lands on which the department of natural resources has the duty to impose such assessments;

(5) Whether the adoption of elements from wildfire programs of other western states would improve wildfire protection and suppression in Washington state;

(6) Whether the department of natural resources' authority to protect forest land should include the authority to protect structures;

(7) Whether improvements and efficiencies in the department of natural resources' fire protection activities would impact fire suppression activities and expenses;

(8) Whether state and local building codes adequately address the dangers posed by development in areas subject to wildfires;

(9) Whether local government land use regulations, and state advisory and assistance programs, adequately address the dangers posed by development in areas subject to wildfires; and

(10) Whether insurance rates in Washington state reflect the dangers posed by development in areas subject to wildfires.

Requires the wildfire prevention and protection work group to report its findings and recommendations in the form of draft legislation to the legislature by December 1, 2007.

Appropriates the sum of thirty-five thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the senate for the travel expenses of the wildfire prevention and protection work group.

VETO MESSAGE ON 2SHB 1656

May 7, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Second Substitute House Bill 1656 entitled:

"AN ACT Relating to establishing a Puget Sound scientific research account."

This legislation creates a new Puget Sound research account, and assigns tasks to the Puget Sound Leadership Council created in Engrossed Second Substitute Senate Bill 5372 (Puget Sound Partnership bill).

Section 2 of Second Substitute House Bill No. 1656 would assign to the Puget Sound Leadership Council the responsibility for identifying research gaps, and for competitive selection, prioritization, peer review, and funding for science projects. However, several of these responsibilities are assigned to the

Puget Sound science panel created in the Puget Sound Partnership bill.

The Puget Sound Partnership will be a new agency with many challenging tasks and issues related to Puget Sound restoration. Good science is fundamental to the Partnership's success. Inconsistent responsibility assignments for scientific research would complicate the agency's ability to establish and carry out a sound, efficient science program.

I can see the value to the Puget Sound restoration effort of having a separate account for expenditures related to scientific research. As a result, I direct the Puget Sound Partnership to work with the Legislature to develop a legislative proposal for consideration during the 2008 session that harmonizes the remaining provisions of Second Substitute House Bill 1656 with those contained in Engrossed Substitute Senate Bill 5372.

For these reasons, I am vetoing Section 2 of Second Substitute House Bill 1656.

With the exception of Section 2, Second Substitute House Bill 1656 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Establishing family and medical leave insurance.

(SEE ALSO PROPOSED 1ST SUB)

Declares it to be in the public interest to establish a program  
that: (1) Allows parents to bond with a newborn or newly placed  
child, and workers to care for seriously ill family members or  
recover from their own serious health condition;

(2) Is in addition to those programs offered by employers;

(3) Provides limited income support for a reasonable period  
while an individual is away from work on family and medical  
leave; and

(4) Reduces the impact on state income support programs by  
increasing an individual's ability to provide caregiving services  
for family members while maintaining an employment  
relationship.

Changing the high school science Washington assessment of  
student learning.

Declares an intent to initiate revisions to the science  
assessment while delaying the graduation requirement in science  
so that there is adequate time to realign curriculum, instruction,  
and assessment in science before students are required to meet the  
standard on the Washington assessment of student learning in  
science for high school graduation.

Requires the superintendent of public instruction to report to  
the education committees of the legislature by January 15, 2008,  
and each year thereafter until January 15, 2013, on the timelines,  
major milestones, and progress of the transition of the high  
school Washington assessment of student learning in science to  
end-of-course assessments as required by RCW 28A.655.070.

Requiring an independent study to identify the cost of basic  
education.

Requires the Washington state institute for public policy to  
conduct a detailed study of the cost for the state to deliver,  
through the K-12 public school system, a basic education as  
defined by Title 28A RCW, the state Constitution, and various  
court decisions. The institute's study shall examine and provide  
cost information for four scenarios: (1) One where the definition  
of a basic education is as currently defined in statute by the  
legislature and supplemented by decisions of the courts;

(2) One where the definition of a basic education would  
include estimated average class sizes and average salaries for  
certificated instructional staff in public schools at or near the  
median compared to other states;

(3) One where the definition of a basic education would include estimated average class sizes and average salaries for certificated instructional staff in public schools in the top ten percent compared to other states; and

(4) One where the definition of a basic education would reflect a level of resources, including class sizes, staffing, salaries, and other resources, that would be equal to the resources available to public schools in the state with the top performing students, as measured by the national assessment of educational progress adjusted for student demographics.

Directs the institute to make a progress report to the fiscal committees of the legislature by January 15, 2008, and a final report by November 1, 2008.

Regarding early child development and learning.

(SEE ALSO PROPOSED 1ST SUB)

Declares that, as recommended by Washington learns, the legislature declares that the overarching goal for education in the state is to have a world-class, learner-focused, seamless education system that educates more Washingtonians to the highest levels of educational attainment.

Establishes the early learning advisory council to advise the department on statewide early learning community needs and progress.

Provides that, in conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this act changes the department's responsibility to collectively bargain over mandatory subjects.

Regarding fairness and equity in health professions licensing fees.

(AS OF HOUSE 2ND READING 3/14/2007)

Requires fairness and equity in health professions licensing fees.

Provides that, for all credentials issued after January 1, 2008, in addition to the credentialing fee, the secretary shall impose an annual surcharge of one dollar and fifty cents on all credentialed health professionals operating under the health professions account created under RCW 43.70.320. The surcharge shall be placed in the health professions account and used to reduce the fee when the annual base renewal fee for any credentialed health profession exceeds five hundred dollars per year to conduct core credentialing and disciplinary activities. Annual base renewal fees do not include special surcharges that may also be collected at the time of the credential renewal. This provision does not apply to regulated business entities whose funds reside with the health professions account.

Directs the department of health to review the effectiveness of the equity surcharge established in RCW 43.70.250 with respect to eliminating inequities in the level of credentialing fees paid by health care providers regulated by the department of health. The review shall specifically consider the effect of the surcharge in reducing credentialing fees for professions with high fees and increasing the number of health care providers in those professions. The review shall provide any recommendations that would increase administrative efficiency and provide greater equity in credentialing fee amounts. The department of health shall submit its report to the legislature by November 15, 2010.

**HB 1668** by Representatives Ormsby, Miloscia, B. Sullivan,  
Morrell, Wood, and Simpson

Modifying minimum terms for manufactured/mobile home lot  
rental agreements.

Finds that many tenants who reside in manufactured/mobile  
home communities are low-income households and senior  
citizens and are, therefore, those residents most in need of  
reasonable security in the siting of their manufactured/mobile  
homes because of the adverse impacts on the health, safety, and  
welfare of tenants forced to move due to closure, change of use,  
or discontinuance of manufactured/mobile home communities.

Provides that, given the effort and expense involved in  
moving a manufactured/mobile home, it is the intent of the  
legislature to provide an opportunity for manufactured/mobile  
tenants to remain in manufactured/mobile home communities for  
at least five years.

Concerning the district and municipal court's probation and  
supervision services.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that a district court and a municipal court, and its  
officers, employees, agents, and volunteers, who provide  
preconviction or postconviction misdemeanor probation or  
supervision services, or monitor a misdemeanor defendant's  
compliance with a preconviction or postconviction order of the  
court, including but not limited to community corrections  
programs, probation supervision, pretrial supervision, or pretrial  
release services, are not liable for civil damages resulting from  
any act or omission in the provision of such services or  
monitoring, unless the act or omission constitutes gross  
negligence.

Does not create any duty and shall not be construed to create a  
duty where none exists.

**HB 1669-S** by House Committee on Judiciary (originally  
sponsored by Representatives Strow, Ericks,  
O'Brien, Rodne, Kirby, Haler, Eddy, Hinkle, and Lantz)

(DIGEST AS ENACTED)

Finds that the provision of preconviction and postconviction  
misdemeanor probation and supervision services, and the  
monitoring of persons charged with or convicted of  
misdemeanors to ensure their compliance with preconviction or  
postconviction orders of the court, are essential to improving the  
safety of the public in general.

Finds that decisions concerning whether criminal offenders  
are released into the community pretrial or postconviction,  
including the revocation of probation, rest with the judiciary.

Provides that a limited jurisdiction court that provides  
misdemeanor supervision services is not liable for civil damages  
based on the inadequate supervision or monitoring of a  
misdemeanor defendant or probationer unless the inadequate  
supervision or monitoring constitutes gross negligence.

**HB 1696** by Representatives McDermott, Haler, Haigh, Hunt, Jarrett, Linville, Chase, Appleton, Moeller, Fromhold, Hasegawa, Miloscia, Dunshee, Green, Ormsby, Strow, Sells, and Kenney

Facilitating the statewide initiative and referendum processes under Article II, section 1 of the state Constitution.

Affirms the state's long-standing policy of promoting informed public discussion and understanding of statewide ballot measures and declares that it is in the best interests of the state to provide for an independent and impartial analysis of those measures to be made available to voters so that they may thoughtfully evaluate the measures. In support of these declarations, the legislature makes the following findings: (1) In Article II, section 1 of the state Constitution, the people of the state of Washington reserved the right to initiate and vote on legislation through the initiative and referendum processes;

(2) It is the long-standing policy of the state and an underlying premise of democratic government that informed public discussion will enhance the direct legislation process. This is supported by recent studies and surveys, presented to the legislature, suggesting that review by an impartial and independent panel of Washington voters would lead to better, more informed public discussion and would thus enhance the direct legislation process; and

(3) The most effective way to make available this type of independent and impartial information is for the state to convene panels of voters, demographically representative of the state as a whole, who will study and evaluate ballot measures through a quasi-legislative hearing process, and to make the panels' findings public by inclusion in the voters' pamphlet.

Establishing requirements for industrial insurance final settlement agreements.

Provides that the parties to a claim may enter into a final settlement agreement at any time once the worker has reached maximum medical improvement as provided in this act with respect to one or more claims under Title 51 RCW. All final settlement agreements must be approved by the board of industrial insurance appeals. The final settlement agreement may: (1) Bind the parties with regard to any or all aspects of a claim, including but not limited to allowance or rejection of a claim, monetary payment, vocational services, claim closure, and claim reopening under RCW 51.32.160; and

(2) Not subject any employer who is not a signatory to the agreement to any responsibility or burden under any claim.

Requires the department to develop and maintain a registry system by which it records final settlement agreements entered into between the parties. This information shall be made available to employers at appropriate times as determined by the department in rule, but an employer may not consider a prior settlement agreement when making hiring decisions or as a condition of employment.

Companion Bill: 5621

Creating certified capital companies to promote economic development through investment in start-up and emerging businesses.

(SEE ALSO PROPOSED 1ST SUB)

Finds that new sources of prudently targeted private equity investments would promote economic development by strengthening the local venture capital infrastructure, increasing access to capital for local companies, supporting emerging businesses, and creating jobs for Washington citizens. Targeted venture capital has the potential to hasten the transformation of research and development concepts into commercially viable products and services, expedite the expansion of small Washington firms, enlarge the state's tax base, and develop these businesses into significant contributors to the Washington economy. This act is intended to assist small start-up enterprises

to succeed in their business and to contribute to the future of Washington.

Modifying provisions relating to state community justice facilities.

(SUBSTITUTED FOR - SEE 2ND SUB)

Directs the department to prepare a projected list of counties and rural multicounty geographic areas in which community facilities need to be sited during the fiscal year beginning July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2008, and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed. In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of community facilities among counties. The department shall give great weight to the following factors in determining equitable distribution: (1) The locations of existing community facilities

owned or operated by, or operated under contract with, the department in each county;

(2) The number and proportion of juvenile offenders committed to the department residing in the county or rural multicounty geographic area; and

(3) The number of juvenile registered sex offenders classified as level II or III and juvenile sex offenders registered as homeless per thousand persons residing in the county.

**HB 1733-S** by House Committee on Human Services  
(originally sponsored by Representatives Conway, Kirby, Darneille, and Chase)

(SUBSTITUTED FOR - SEE 2ND SUB)

Directs the department to prepare a projected list of counties and rural multicounty geographic areas in which community facilities need to be sited during the fiscal year beginning July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2008, and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed. In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of community facilities among counties. The department shall give great weight to the following factors in determining equitable distribution: (1) The locations of existing community facilities owned or operated by, or operated under contract with, the department in each county;

(2) The number and proportion of juvenile offenders committed to the department residing in the county or rural multicounty geographic area; and

(3) The number of juvenile registered sex offenders classified as level II or III and juvenile sex offenders registered as homeless per thousand persons residing in the county.

Provides that, after twelve months have passed since the city or county receives notice that the county has been included on the list of projected potential sites for a work release facility or community facility for juvenile offenders, and the county and cities within have failed to establish a process for siting a work release facility or community facility for juvenile offenders, notwithstanding RCW 36.70A.103 or any other law, this act preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the department of corrections to site, construct, renovate, occupy, and operate a work release facility or to enable the department of social and health services to operate a community facility for juvenile offenders within the county.

**HB 1733-S2** by House Committee on Appropriations  
(originally sponsored by Representatives Conway, Kirby, Darneille, and Chase)

Providing for the review of state community justice facilities.

(AS OF HOUSE 2ND READING 3/13/2007)

Requires the department to prepare a projected list of counties and rural multicounty geographic areas in which community facilities need to be sited during the fiscal year beginning July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2008, and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed. In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of community facilities among counties. The department shall give great weight to the following factors in determining equitable distribution: (1) The locations of existing community facilities owned or operated by, or operated under contract with, the department in each county;

(2) The number and proportion of juvenile offenders committed to the department residing in the county or rural multicounty geographic area; and

(3) The number of juvenile registered sex offenders classified as level II or III and juvenile sex offenders registered as homeless per thousand persons residing in the county.

Directs the department to submit the operational requirements for the facilities on the list to the office of financial management and the counties on the list.

Provides that a county, and any county designated by the department within a rural multicounty geographic area, that is included on the list required under this act planning under RCW 36.70A.040 to, in cooperation with its cities, allow the siting of each projected community facility on the list within the county using its process for siting essential public facilities under RCW 36.70A.200 and this act. The process shall allow the siting of a facility within twelve months of receiving notice that the county has been included on the list.

Requires the department to prepare a projected list of counties and rural multicounty geographic areas in which work release facilities need to be sited during the fiscal year beginning July 1, 2007, and every biennium thereafter starting with the biennium beginning July 1, 2008, and transmit the list to the office of financial management and the counties on the list. The list may be updated as needed. In preparing the list, the department shall make substantial efforts to provide for the equitable distribution of work release facilities among counties. The department shall give great weight to the following factors in determining equitable distribution: (1) The locations of existing residential facilities owned or operated by, or operated under contract with, the department in each county;

(2) The number and proportion of adult offenders sentenced to the custody or supervision of the department by the courts of the county or rural multicounty geographic area; and

(3) The number of adult registered sex offenders classified as level II or III and adult sex offenders registered as homeless per thousand persons residing in the county.

Directs the department to submit, along with the list required under this act, the operational requirements for the facilities on the list to the office of financial management and the counties on the list.

Provides that, within twelve months of receiving notice that the county has been included on the list of projected potential sites for a work release facility or community facility for juvenile offenders, each county, in cooperation with the cities located in whole or in part within the county, and each city planning under RCW 36.70A.040 shall, when it next amends its comprehensive plan, but in no case later than the deadline specified in RCW 36.70A.130, establish a process, or amend its existing process, for identifying and siting essential public facilities, and adopt or amend its development regulations as necessary to provide for the siting of community facilities as defined in RCW 72.05.020 and work release and other facilities operated by or under contract with the department of corrections. When siting a community facility under chapter 72.05 RCW or a work release facility under chapter 72.65 RCW, a county or city shall follow, in addition to requirements of the process for siting essential public facilities established under this provision, the requirements established in this act.

Provides that the department, in consultation with the ballast water work group created in this act, shall collect data necessary to establish and maintain an inventory of the location and geographic range of nonindigenous plant and animal populations in the coastal and estuarine waters of the state that includes open coastal waters and bays and estuaries. In particular, data must be collected that does both of the following: (1) Supplements the existing baseline of nonindigenous species previously developed pursuant to this section, by adding data from investigations of intertidal and nearshore subtidal habitats along the open coast; and  
(2) Monitors the coastal and estuarine waters of the state, including, but not limited to, habitats along the open coast, for new introductions of nonindigenous species or spread of existing nonindigenous species populations.  
Repeals RCW 77.120.060, 77.120.080, and 77.120.090.
- HB 1738-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives B. Sullivan and Chase)  
(DIGEST OF PROPOSED 1ST SUBSTITUTE)  
Directs the department, in consultation with the ballast water work group, or a similar collaborative forum, to adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing nonindigenous species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 1251-1387), or the international maritime organization.  
Requires the ballast water work group to: (1) Provide a report to the legislature by July 1, 2009, on the progress of the work group on the tasks listed in this act, and report on compliance with this act, and recommendations for improvements, if any, to the ballast water program;  
(2) Work with the state of Oregon to develop a consistent, coordinated, and enforceable ballast water management program for the Columbia river that is acceptable to both states;  
(3) Advise the department as it develops a program to establish and maintain an inventory of introduced nonindigenous plants and animals in state waters in and adjacent to ports, harbors, oil transfer facilities, grain elevators, and other ship berthing facilities and evaluate the effectiveness of the program and a program to assess vessel specific risks;  
(4) Help the department review the needs of the ballast water program, including research investments, and identify unmet needs. Work through the Puget Sound action team and the department's internal budget development process to secure needed funds;  
(5) Help the department develop and align the state program with national and regional ballast water management programs;

(6) Assist the department by developing a workable technical and financial assistance program to support the shipping industry comply with state ballast water laws and rules; and

(7) Work with the United States coast guard and the department of ecology to improve coordination and integration of vessel inspection procedures among agencies that board and inspect vessels and identify ways to minimize apparent duplication of effort, work more effectively with vessel masters and crew, and recommend changes to state law to streamline the program, if needed.

Repeals RCW 77.120.060, 77.120.080, and 77.120.090.

**HB 1739** by Representatives Eickmeyer, Chase, Grant, Seaquist, and Darneille

Providing that newly created property tax exemptions do not apply to school district levies.

Finds that, in the state of Washington, school funding for construction bonds, as well as maintenance and operation levies is derived solely from property taxes at the local level. Tax benefits given to businesses as location incentives often include property tax reductions or forgiveness, which has the effect of burdening other taxpayers in the district with higher rates and taxes. The legislature recognizes that it is the paramount duty of the state to adequately educate our children and finds that this responsibility should be shared as broadly as possible among its taxpayers.

VETO MESSAGE ON 3SHB 1741

March 28, 2008

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 16, Third Substitute House Bill 1741 entitled:

"AN ACT Relating to the oral history program."

Sections 1 through 15 of this bill transfer the legislative portion of the Oral History Program, now called the Legislative Oral History Project, from the Office of the Secretary of State to the Legislature. The Secretary of State will continue to conduct and record histories of the Washington state executive and judicial branches, the state's congressional delegation, and other citizens who have participated in the political history of the state under a new program called the Washington State Legacy Project.

Section 16 would declare this act null and void if funding were not provided specifically for this measure in the omnibus appropriations act. The bill provides for funding for legislative oral history projects to come from proceeds from the Legislative Gift Center. The scope of oral history projects conducted can vary depending upon the resources available.

In order to preserve the policy in the bill, I am vetoing Section 16 to permit the bill to become law even if the money is removed from the budget.

For this reason, I have vetoed Section 16 of Third Substitute House Bill 1741.

With the exception of Section 16, Third Substitute House Bill 1741 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

Regarding hydraulic project permit approval for projects intended to reduce or eliminate damage from floods.

(SEE ALSO PROPOSED 1ST SUB)

Requires the department to, when reviewing applications for hydraulic projects specifically intended by the applicant to eliminate or reduce damages to upland properties caused by potential floods, give equal consideration to protecting fish life, public safety, and private property.

Provides that, for any property that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a structure, water supply system, septic system, or access to any road or highway, the county legislative authority must determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, if it determines that a chronic danger exists. In cases of chronic danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, restore road or highway access, protect fish resources, or protect property.

**HB 1756** by Representatives Kretz, Upthegrove, B. Sullivan, Blake, Takko, and VanDeWege

Authorizing one additional hound hunting cougar season.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the department of fish and wildlife may authorize one additional season in which cougars may be pursued or killed with dogs, subject to the other conditions of the pilot project. This additional season is authorized to avoid a lag in cougar management and conditioning between the end of the third pilot cougar season and the time needed for the 2008 legislature to consider the report provided under section 3, chapter 264, Laws of 2004.

Authorizes a county legislative authority to request inclusion in the cougar control pilot project authorized by chapter 264, Laws of 2004 after taking the following actions: (1) Adopting a resolution that requests inclusion in the pilot project;

(2) Documenting the need to participate in the pilot project by identifying the number of cougar/human encounters and livestock and pet depredations; and

(3) Demonstrating that existing cougar depredation permits, public safety cougar hunts, or other existing wildlife management tools have not been sufficient to deal with cougar incidents in the county.

Accelerating the cleanup of Puget Sound and hazardous waste and waste sites in the state.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that, in 1988, the citizens of the state of Washington created by initiative the model toxics control act. The primary purpose of this act, as stated in its intent, is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state's lands and waters. The legislature reaffirms this purpose.

Finds that global economic trends and events since 1988 have caused the funds raised by the model toxics control act to shift in a cyclical manner. The intent of this act is to accelerate clean-up efforts throughout Washington with the goal of cleaning up all currently-known sites within ten years, to create the financing tools to clean up large-scale hazardous waste sites that require multi-year commitments of funding and effort, and to ensure that the state continue its efforts to ensure the long-term ecological health of Puget Sound's sediments and shorelines.

**HB 1761-S** by House Committee on Capital Budget (originally sponsored by Representatives Linville, Hunter, Priest, Hunt, B. Sullivan, Uptegrove, Kessler, Sump, Hankins, Jarrett, Fromhold, Appleton, Rolfes, Darneille, Campbell, Conway, Green, O'Brien, Schual-Berke, Simpson, Ormsby, and Chase)

Regarding cleanup of hazardous waste.

(DIGEST AS ENACTED)

Provides that, to achieve and protect the state's long-term ecological health, the department shall prioritize sufficient funding to clean up hazardous waste sites and prevent the creation of future hazards due to improper disposal of toxic wastes on land or in water. The department shall accelerate clean-up efforts throughout Washington, and create financing tools to clean up large-scale hazardous waste sites requiring multiyear commitments. To effectively monitor toxic accounts expenditures, the department shall develop a comprehensive ten-year financing report that identifies long-term remedial action project costs, tracks expenses, and projects future needs.

Provides that, to expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations: (1) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists: (a) funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability; (b) funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or (c) funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(2) The use of outside contracts to conduct necessary studies; and

(3) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

Expanding the veterans conservation corps program.

Requires the department to assist veterans enrolled in the veterans conservation corps with obtaining employment in conservation programs and projects that restore Washington's natural habitat, maintain and steward local, state, and federal forest lands and other outdoor lands, maintain and improve urban and suburban storm water management facilities and other water management facilities, and other environmental maintenance, stewardship, and restoration projects.

Requires the department to submit a report to the appropriate committees of the legislature by December 1, 2008, on the status of the veterans conservation corps program, including the number of enrollees employed in projects, training provided, certifications earned, employment placements achieved, program funding provided from all sources, and the results of the pilot project authorized in this act.

Provides that, during fiscal year 2008, the department of veterans affairs may enter an agreement with a local government or other entity for use of veterans conservation corps enrollees in a project or projects, where the enrollees' work on the project or projects will be commenced before June 30, 2008. Up to one million dollars appropriated from the veterans conservation corps account in the biennial budget act may be expended by the department for this agreement.

Provides that, by September 30, 2007, the department shall provide to the office of financial management and to the appropriate committees of the senate and house of representatives a report that: (1) Identifies projects on state agency-managed lands that are currently planned for veterans conservation corps enrollee participation;

(2) Identifies additional projects on state agency-managed lands that are suitable for veterans conservation corps enrollee participation and for which funding is currently in place for such participation; and

(3) Identifies additional projects on state agency-managed lands for which project implementation has been funded or is included in the agency's multiannual stewardship plans, and that are suitable for veterans conservation corps enrollee participation in the event that additional funding is provided to the department for associated training, education, and certification.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of veterans affairs for the purposes of this act.

Regarding the imposition of tolls.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the transportation commission, in determining whether to impose or remove tolls on a particular corridor or facility and in determining the amount of the tolls, to consider the following policy guidelines: (1) Overall Direction. Washington should use tolling to encourage effective use of the transportation system and provide a supplementary source of transportation funding.

(2) When to Use Tolling. Tolling should be used when it can be demonstrated to contribute a significant portion of the cost of a project that cannot be funded solely with existing sources or optimize the performance of the transportation system. Such tolling should in all cases be fairly and equitably applied in the context of the statewide transportation system and not have

significant adverse impacts through the diversion of traffic to other routes.

(3) Use of Toll Revenue. Toll revenue should be used only to improve, preserve, or operate the transportation facility, corridor, or operation in which the revenue is collected.

(4) Setting Toll Rates. Toll rates, which may include variable pricing, should be set to optimize system performance, recognizing necessary trade-offs to generate revenue.

(5) Duration of Toll Collection. Because transportation infrastructure projects have costs and benefits that extend well beyond those paid for by initial construction funding, tolls should remain in place to fund additional capacity, capital rehabilitation, maintenance, and operations, and to optimize performance of the system.

**HB 1773-S** by House Committee on Transportation (originally sponsored by Representatives Clibborn and Jarrett)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, unless otherwise delegated, only the legislature may authorize the imposition of tolls on a specific facility or corridor.

Provides that all revenue from a tolled facility or corridor must be used only to improve, preserve, or operate the tolled facility or corridor on or in which the revenue is collected. For the purposes of this act, "facility or corridor" means the following: (1) A bridge, highway, or roadway;

(2) A vessel, bus, vehicle, or other conveyance of people or goods; or

(3) A system of facilities or corridors as defined by the tolling authority.

Provides that any proposal for the initial establishment of a tolled facility or corridor shall consider the following policy guidelines: (1) Overall Direction. Washington should use tolling to encourage effective use of the transportation system and provide a supplementary source of transportation funding.

(2) When to Use Tolling. Tolling should be used when it can be demonstrated to contribute a significant portion of the cost of a project that cannot be funded solely with existing sources or optimize the performance of the transportation system. Such tolling should in all cases be fairly and equitably applied in the context of the statewide transportation system and not have significant adverse impacts through the diversion of traffic to other routes.

(3) Use of Toll Revenue. Toll revenue should be used only to improve, preserve, or operate the transportation facility, corridor, or operation in which the revenue is collected.

(4) Setting Toll Rates. Toll rates, which may include variable pricing, should be set to optimize system performance, recognizing necessary trade-offs to generate revenue.

(5) Duration of Toll Collection. Because transportation infrastructure projects have costs and benefits that extend well beyond those paid for by initial construction funding, tolls should remain in place to fund additional capacity, capital rehabilitation, maintenance, and operations, and to optimize performance of the system.

**HB 1773-S2** by House Committee on Transportation (originally sponsored by Representatives Clibborn and Jarrett)

Concerning the imposition of tolls.

(DIGEST AS ENACTED)

Provides, unless otherwise delegated, only the legislature may authorize the imposition of tolls on eligible toll facilities.

Provides all revenue from an eligible toll facility must be used only to construct, improve, preserve, maintain, manage, or operate the eligible toll facility on or in which the revenue is collected. Expenditures of toll revenues are subject to appropriation and must be made only for the purposes listed in the act.

Provides any proposal for the establishment of eligible toll facilities shall consider the policy guidelines listed in the act.

Allows a tolling advisory committee to be created at the direction of the tolling authority for any eligible toll facilities. The tolling authority shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without receiving compensation.

Provides, unless the powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state.

(DIGEST AS ENACTED)

Establishes the GET ready for math and science scholarship program. The purpose of the program is to provide scholarships to students who achieve level four on the mathematics or science portions of the tenth grade Washington assessment of student learning or achieve a score in the math section of the SAT or the math section of the ACT that is above the ninety-fifth percentile, major in a mathematics, science, or related field in college, and commit to working in mathematics, science, or a related field for at least three years in Washington following completion of their bachelor's degree. The program shall be administered by the nonprofit organization selected as the private partner in the public-private partnership.

Requires the office of the superintendent of public instruction to: (1) Notify elementary, middle, junior high, high school, and school district staff and administrators, and the children's administration of the department of social and health services about the GET ready for math and science scholarship program using methods in place for communicating with schools and school districts; and

(2) Provide data showing the race, ethnicity, income, and other available demographic information of students who achieve level four of the math and science Washington assessment of student learning in the tenth grade. Compare those data with comparable information on the tenth grade student population as a whole. Submit a report with the analysis to the committees responsible for education and higher education in the legislature on December 1st of even-numbered years.

Provides that school districts shall: (1) Notify parents, teachers, counselors, and principals about the GET ready for math and science scholarship program through existing channels. Notification methods may include, but are not limited to, regular school district and building communications, online scholarship bulletins and announcements, notices posted on school walls and bulletin boards, information available in each counselor's office, and school or district scholarship information sessions.

(2) Provide each student who achieves level four on the mathematics or science high school Washington assessment of student learning with information regarding the scholarship program and how to contact the program administrator.

**HB 1780** by Representatives Kagi, Walsh, McIntire, Fromhold, Moeller, Sullivan, Hunt, Flannigan, Pettigrew, Appleton, Darneille, Kenney, Dickerson, Simpson, Wood, Haler, Santos, and Ormsby

Creating a statewide family court.

Declares an intent to consolidate the areas in the legal system that involve children and families to better serve the legal and social needs of the families. The goal is to enable families to address issues that may arise in the future with minimal legal intervention. Family court has long been recognized as a potential means of serving the legal and social needs of families. It is the intent of the legislature to support the use and success of family court through means such as judicial training, longer judicial rotations, and provision of needed services to the families.

Companion Bill: 5766

Eliminating limitations on the investment of certain state moneys.

**(SUBSTITUTED FOR - SEE 1ST SUB)**

Deletes limitations on the investment of certain state moneys.

Declares that this act takes effect if the proposed amendment to Article XVI of the state Constitution regarding investment of certain state moneys is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety.

**HB 1784-S** by House Committee on Capital Budget (originally sponsored by Representatives Kenney, Sells, Buri, and Wood; by request of Washington State University)

**(DIGEST AS ENACTED)**

Deletes limitations on the investment of certain state moneys.

Declares an intent to clarify state law to permit equity investment of higher education permanent funds even if there is a decline in the value of a permanent fund due to market changes. It is not the intent of the legislature to change the requirement that unless otherwise allowed by law the principal amounts in the higher education permanent funds are to be held in perpetuity for the benefit of the designated institutions and future generations, and that only the earnings from a higher education permanent fund may be appropriated to support the benefited institution.

Declares that this act takes effect if the proposed amendment to Article XVI of the state Constitution regarding investment of certain state moneys is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety.

Minimizing the safety risks posed by wildlife at airports.

Declares that, except as otherwise provided, the director shall authorize operators of public airports, as the term "airport" is defined in RCW 47.68.020, to remove or kill wildlife that is posing a threat to human health or safety either on the grounds of a public airport or in the immediate vicinity of the airport. Wildlife removed or killed in the immediate vicinity of an airport must be posing a threat to aircraft taking off or landing at the airport before it can be removed or killed.

Authorizes the operator of a public airport, when acting under the authority granted by the director under this act, to take or kill wildlife in any manner without the permits or licenses required by the department under RCW 77.32.010 or chapter 77.32 RCW.

Provides that the authority granted by the director to an airport operator under this act extends to employees of the federal government invited by the airport operator to control wildlife or otherwise engage in wildlife management at the airport or in the immediate vicinity of the airport.

Provides that nothing in this act authorizes airport operators or federal employees invited to manage wildlife at airports to take or kill species listed as threatened or endangered by the commission under RCW 77.12.020.

Declares that no part of wildlife taken or killed at public airports under the authority granted by the director under this act may be sold, traded, bartered, or exchanged in any manner and must be disposed of in a timely manner by the operator of the airport.

Provides that the director may require airport operators to request the authority to remove or kill wildlife under this act before removal actions are allowed and may require airport operators to submit to the department a summary of the individual animals taken or killed under this act.

Companion Bill: 5500

Removing essential government services as a condition to exempt from taxation property belonging to federally recognized Indian tribes.

(SEE ALSO PROPOSED 1ST SUB)

Removes essential government services as a condition to exempt from taxation property belonging to federally recognized Indian tribes.

**HB 1794-S** by House Committee on State Government & Tribal Affairs (originally sponsored by Representatives Conway, Simpson, McCoy, Chase, Wood, and Moeller)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Removes essential government services as a condition to exempt from taxation property belonging to federally recognized Indian tribes.

Finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

Limiting the use of high hazard pesticides on school facilities.

(SUBSTITUTED FOR - SEE 4TH SUB)

Requires the state board of health to adopt by rule a list of products that the board considers to pose a high hazard to the health of children or staff if applied in or on school facilities. In developing the list, the board shall include at least products that fall in each of the following categories. Products that: (1) Meet the criteria of toxicity category I or toxicity category II for pesticides as defined by the United States environmental protection agency in 40 C.F.R. Sec. 156.62 as it exists on the effective date of this act;

(2) Are classified as known, likely, probable, or possible carcinogens by the United States environmental protection agency on the effective date of this act; listed as causing cancer under the state of California's Proposition 65 on the effective date of this act; or classified by the international agency for research on cancer as a known, probable, or possible carcinogen on the effective date of this act;

(3) Are determined to be known, probable, or suspected endocrine disruptors by the state of Illinois's environmental protection agency on the effective date of this act;

(4) Are identified by the United States toxics release inventory on the effective date of this section as having chronic neurologic effects or contain N-methyl-carbamate, neuro-toxic organophosphorus compounds, or pyrethroids;

(5) Are identified on the effective date of this act by the United States toxics release inventory or listed on the effective date of this act under the state of California's Proposition 65 as causing birth defects, reproductive harm, or developmental harm;

(6) Are labeled as part of its state or federal registration as being toxic to fish, birds, bees, wildlife, or domestic animals; and

(7) Are persistent in soil, as defined by a half-life in soil of more than sixty days, except for minerals, i.e., nonorganic chemicals.

**HB 1806-S** by House Committee on Select Committee on Environmental Health (originally sponsored by Representatives Pedersen, Upthegrove, Campbell, Kenney, McDermott, Morrell, Chase, Appleton, Dunshee, McIntire, Santos, Moeller, Darneille, Roberts, Hudgins, Hunt, Hasegawa, Conway, O'Brien, Green, Rolfes, Simpson, Schual-Berke, Goodman, Wood, and Lantz)

(SUBSTITUTED FOR - SEE 4TH SUB)

Requires the office of the superintendent of public instruction, in consultation with the department of health and the department of agriculture, to develop a model integrated pest management policy that emphasizes use of nonchemical pest control measures and allows use of high-hazard pesticides only as a last resort. The policy must be completed by March 1, 2008, and must be disseminated to all school districts and licensed day care centers. The office of the superintendent of public instruction shall review and, if appropriate, update the policy at least once every five years.

Does not limit the authority of a county health officer, state agency, mosquito control district, or noxious weed control board that is responsible for pest management decisions regarding school facilities to make decisions and take actions regarding those facilities.

Does not limit the authority of the director of a licensed day care center or the officers of a school district to establish pesticide

application policies that are more restrictive than the policy provided by this act.

Requires the state board of health to adopt by rule a list of products that the board considers to pose a high hazard to the health of children or staff if applied in or on school facilities.

Provides that, in developing the list, the board shall include products that meet the criteria of toxicity category I or toxicity category II for pesticides as defined by the United States environmental protection agency in 40 C.F.R. Sec. 156.62 as it exists on the effective date of this act.

Developing a model integrated pest management program.

(SUBSTITUTED FOR - SEE 4TH SUB)

Declares that the intent of the act is to protect children and staff by making it easier for school districts to adopt child-friendly pest management strategies.

Requires, by January 1, 2009, the Washington state school directors' association, in consultation with the department of health and the department of agriculture, to develop a model integrated pest management policy that emphasizes the use of nonchemical pest control measures which must be disseminated to all school districts.

Requires, by September 1, 2009, each school district to have adopted an integrated pest management policy and begin implementation of an integrated pest management program that is based on the model integrated pest management policy.

Directs certain appropriation amounts from the general fund for the purposes of providing technical assistance to each school district regarding implementation of each school district's integrated pest management program to go to the Washington State University urban integrated pest management program.

Including medical costs in the reimbursement of extraordinary criminal justice costs.

Authorizes cities and counties to submit a petition for relief to the office of public defense for reimbursement of extraordinary criminal justice medical costs. Extraordinary criminal justice medical costs are defined as those associated with providing medically necessary care to respond to the medical, dental, and mental health needs of adult misdemeanor or felony suspects in custody or incarcerated adult misdemeanor or felony offenders held in city or county facilities that exceed fifteen thousand dollars per individual suspect or offender per year.

Requires that, before January 1st of each year, the office of public defense, in consultation with the Washington association of counties, the Washington association of sheriffs and police chiefs, and the association of Washington cities, shall develop and submit to the appropriate fiscal committees of the senate and

house of representatives a prioritized list of submitted petitions that are recommended for funding by the legislature.

Companion Bill: 5696

Creating the Washington state patient safety act.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that research demonstrates the critical role that registered nurses play in improving patient safety and quality of care. Greater numbers of registered nurses available to care for hospitalized patients are key to reducing errors, complications, and adverse patient care events. Moreover, higher nurse staffing levels result in improved staff safety and satisfaction and reduced incidences of workplace injuries. In addition, health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care.

Provides therefore, in order to protect patients and to support greater retention of registered nurses, to promote evidence-based nurse staffing, and to increase transparency of health care data and decision making, the legislature finds that ensuring sufficient nurse staffing to meet patient care needs is an urgent public policy priority.

VETO MESSAGE ON 2SHB 1811

May 11, 2007

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 4, Second  
 Substitute House Bill 1811 entitled:

"AN ACT Relating to the installation of automatic  
 sprinkler systems in nightclubs."

This bill helps to promote fire safety at nightclubs, while giving  
 nightclub owners the necessary time to install automatic fire  
 sprinkler systems. The bill contains an unnecessary emergency  
 clause. With the emergency clause, the bill would go into effect  
 on July 1, without it, early August. Regardless of the effective  
 date of the bill, my signing it into law tells nightclub owners that  
 the two year implementation delay will be in effect. Emergency  
 clauses should be used sparingly and only when necessary.

For these reasons, I have vetoed Section 4 of Second Substitute House Bill 1811.

With the exception of Section 4, Second Substitute House Bill 1811 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

VETO MESSAGE ON HB 1813

April 30, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 74, House Bill No. 1813 entitled:

"AN ACT Relating to changing the name of the interagency committee for outdoor recreation."

This bill changes the name of the Interagency Committee for Outdoor Recreation to the Recreation and Conservation Funding Board. It also changes the name of the Office of the Interagency Committee to the Recreation and Conservation Office. Section 74 makes this second name change in RCW 90.71.020, the statute that created the Puget Sound Action Team. Since RCW 90.71.020 is being repealed in Engrossed Substitute Senate Bill 5372, I am vetoing Section 74 in order to avoid any confusion.

For these reasons, I have vetoed Section 74 of House Bill No. 1813.

With the exception of Section 74, House Bill No. 1813 is approved.

Companion Bill: 5716

## Regulating retainer health care practices.

Provides that a retainer practice may charge a retainer fee as consideration for being available to provide and providing all primary care services that are within the scope of the provider's license to a retainer subscriber during a specified service period if the retainer health care practice deposits the fee in one or more identifiable trust accounts and distributes the fee to the retainer practice at the end of the specified service period.

Requires every retainer health care practice to maintain the following records for a period of five years, and upon request must make the following records available to the commissioner for review: (1) Forms of contracts between the retainer practice and retainer subscribers;

(2) Documents relating to the creation and maintenance of any retainer fee trust accounts. However, any patient's personal identifying information may be withheld, unless otherwise authorized by the patient;

(3) All advertising relating to the retainer practice and its services; and

(4) All records relating to retainer fees received by the retainer health care practice. However, any patient's personal identifying information may be withheld, unless otherwise authorized by the patient.

Directs the commissioner to adopt rules in accordance with chapter 34.05 RCW establishing a standardized disclosure form to be distributed to all retainer subscribers with their enrollment forms. Such form will inform the subscriber patient of their financial rights and responsibilities to the retainer practice as provided for in this act, will encourage that the retainer patient obtain and maintain insurance for services not provided by the retainer practice, and that the provider will not bill a carrier for services covered under the retainer agreement. Such a standardized disclosure form shall be deemed sufficient disclosure of a retainer practice's obligations under this act.

**HB 1825** by Representatives Schual-Berke, Curtis, Dunshee, Moeller, Lovick, Morrell, Seaquist, McCoy, Clibborn, Barlow, Green, Appleton, Pedersen, Darneille, Sullivan, Kenney, Rolfes, Simpson, McIntire, Roberts, Ormsby, and Chase

Companion Bill: 5729

Providing dedicated funding for public health services.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that protecting the public's health across the state is a fundamental responsibility of the state. With the commitment to state funding of the public health system as provided in this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

Requires this increase in public health funding to deliver the following outcomes, subject to available funding levels: (1) Create a disease response system capable of responding at all times;

(2) Stop the increase in, and reduce, sexually transmitted disease rates;

(3) Reduce vaccine preventable diseases;

(4) Build capacity to quickly contain disease outbreaks;

(5) Decrease childhood obesity and diabetes rates;

(6) Increase childhood immunization rates;

(7) Provide home visiting services that improve birth outcomes and decrease child abuse;

(8) Reduce animal-to-human disease rates; and

(9) Monitor and protect drinking water across jurisdictional boundaries.

Requires that, by April 1, 2008, the committee shall develop a list of activities and services offered by local health jurisdictions that qualify as core public health functions of statewide significance as defined in this act.

Requires that, by October 1, 2008, the committee shall develop appropriate performance measures applicable to the core public health functions of statewide significance that local health jurisdictions must provide pursuant to this act.

Provides that, beginning July 1, 2009, local health jurisdictions are eligible to receive funds under this act from the local public health financing account only upon demonstrating that the local health jurisdiction has: (1) Complied with the performance measures adopted under this act; and

(2) Spent funds received after July 1, 2008, under this act in accordance with the criteria established in that act.

Requires that, by November 15, 2011, the department shall report to the legislature and the governor on the distribution of funds under this act and the use of those funds. In addition, the report must discuss the performance measures adopted by the advisory committee and the impact of the funds to improve compliance with the performance measures and health status indicators.

**HB 1825-S** by House Committee on Health Care & Wellness (originally sponsored by Representatives Schual-Berke, Curtis, Dunshee, Moeller, Lovick, Morrell, Seaquist, McCoy, Clibborn, Barlow, Green, Appleton, Pedersen, Darneille, Sullivan, Kenney, Rolfes, Simpson, McIntire, Roberts, Ormsby, and Chase)

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that protecting the public's health across the state is a fundamental responsibility of the state. With the commitment to state funding of the public health system as provided in section 3 of this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in this act is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

Requires this increase in public health funding to deliver the following outcomes, subject to available funding: (1) Create a disease response system capable of responding at all times;

- (2) Stop the increase in, and reduce, sexually transmitted disease rates;
- (3) Reduce vaccine preventable diseases;
- (4) Build capacity to quickly contain disease outbreaks;
- (5) Decrease childhood and adult obesity and types I and II diabetes rates, and resulting kidney failure and dialysis;
- (6) Increase childhood immunization rates;
- (7) Improve birth outcomes and decrease child abuse;
- (8) Reduce animal-to-human disease rates; and
- (9) Monitor and protect drinking water across jurisdictional boundaries.

Requires that beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds under this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in this act has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time.

**HB 1825-S2** by House Committee on Appropriations (originally sponsored by Representatives Schual-Berke, Curtis, Dunshee, Moeller, Lovick, Morrell, Seaquist, McCoy, Clibborn, Barlow, Green, Appleton, Pedersen, Darneille, Sullivan, Kenney, Rolfes, Simpson, McIntire, Roberts, Ormsby, and Chase)

(AS OF HOUSE 2ND READING 3/13/2007)

Declares that protecting the public's health across the state is a fundamental responsibility of the state. With the commitment to state funding of the public health system as provided in this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in this act is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

Requires this increase in public health funding to deliver the following outcomes, subject to available funding: (1) Create a disease response system capable of responding at all times;

**HB 1826** by Representatives Seaquist, Hinkle, Morrell, Moeller, and Ormsby; by request of Department of Social and Health Services

Companion Bill: 5699

Modifying provisions affecting medical benefits.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires health insurers, including private insurers, group health plans, service benefit plans, managed care organizations, pharmacy benefit managers, or other parties that are, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service, as a condition of doing business in Washington, to increase their effort to share information with the department and accept the department's timely claims consistent with 42 U.S.C. 1396a(a)(25).

Requires health insurers, as a condition of doing business in Washington, to: (1) Provide, with respect to individuals who are eligible for, or are provided, medical assistance under chapter 74.09 RCW, upon the request of the medical assistance administration, information to determine during what period the

individual or their spouses or their dependants may be, or may have been, covered by a health insurer and the nature of coverage that is or was provided by the health insurer, including the name, address, and identifying number of the plan, in a manner prescribed by the medical assistance administration;

(2) Accept the medical assistance administration's right to recovery and the assignment to the medical assistance administration of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under chapter 74.09 RCW;

(3) Respond to any inquiry by the medical assistance administration regarding a claim for payment for any health care item or service that is submitted not later than three years after the date of the provision of such health care item or service;

(4) Agree not to deny a claim submitted by the medical assistance administration on the basis of the date of submission of the claim, the type or format of the claim form, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if: (a) the claim is submitted by the medical assistance administration within the three-year period beginning on the date the item or service was furnished; and (b) any action by the medical assistance administration to enforce its rights with respect to such claim is commenced within six years of the medical assistance administration's submission of such claim; and

(5) Agree that the prevailing party in any legal action to enforce these provisions receives attorneys' fees as well as related collection fees and costs incurred in the enforcement of these provisions.

Companion Bill: 5700

Requiring a state policy of neutrality towards unionization for persons using aerospace-related tax incentives.

Finds that the state's tax policy currently provides for tax exemptions and credits, as well as preferential tax rates, for certain industries. The state's tax policy does not, however, require neutrality towards unionization as a condition of claiming these incentives. As a result, some employers that benefit substantially from these incentives have encouraged or discouraged unionization.

Declares that the state's tax policy should recognize the right of employees to freedom of association in the workplace and freedom of choice in who will represent employees in collective bargaining.

Provides that, for these reasons, the legislature intends to bar persons from claiming these tax incentives if they choose to encourage or discourage unionization.

Companion Bill: 5741

Expanding the presumption of occupational disease for firefighters.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds and declares: (1) By reason of their employment, firefighters are required to work in the midst of, and are subject to, smoke, fumes, infectious diseases, and toxic substances;

(2) Firefighters are continually exposed to a vast and expanding field of hazardous substances;

(3) Firefighters enter uncontrolled environments to save lives, provide emergency medical services, and reduce property damage and are frequently not aware or informed of the potential toxic and carcinogenic substances, and infectious diseases that they may be exposed to;

(4) Firefighters are often exposed simultaneously to multiple carcinogens;

(5) Firefighters so exposed can potentially and unwittingly expose coworkers, families, and members of the public to infectious diseases;

(6) Harmful effects caused by firefighters' exposure to hazardous substances, whether cancer, infectious disease, a heart injury, or respiratory disease, develop very slowly, usually manifesting themselves years after exposure;

(7) Cardiovascular disease is exacerbated by firefighting duties and firefighting increases the incidence of cardiovascular disease and heart injuries in firefighters;

(8) Firefighters frequently and at unpredictable intervals perform job duties under strenuous physical conditions when engaged in firefighting activities and routinely are unable to meet normal definitions of "unusual exertion" standards; and

(9) Firefighters who experience heart injuries during firefighting activities shall be assumed to meet current "unusual exertion" standards during strenuous physical exertion.

Provides that, in any case where the presumption is upheld, or the employee prevails on the basis of a presumption, whether at the board of industrial insurance appeals or in any court, the employee must be awarded full benefits, attorney fees, expert witness costs, and all other costs from the date of the employee's initial application for benefits.

**HB 1833-S** by House Committee on Commerce & Labor (originally sponsored by Representatives Conway, Pettigrew, Seaquist, Upthegrove, Morrell, Kessler, Sullivan, Williams, Kenney, Haler, Ericksen, Moeller, Sells, Dunn, Rolfes, Lantz, McCoy, Lovick, Jarrett, Strow, Hurst, Springer, Campbell, Goodman, Simpson, Pearson, Curtis, Rodne, Schual-Berke, McDermott, Ormsby, and Chase)

(DIGEST AS ENACTED)

Amends RCW 51.32.185 regarding the industrial insurance presumption of occupational disease for firefighters to include certain heart injuries and certain cancers.

Provides that when a determination involving the presumption established in this act is appealed to the board of industrial insurance appeals and the final decision allows the claim for benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorney fees and witness fees, be paid to the firefighter or his or her beneficiary by the opposing party.

VETO MESSAGE ON ESHB 1833

May 15, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 1, Engrossed Substitute House Bill 1833 entitled:

"AN ACT Relating to occupational diseases affecting firefighters."

Engrossed Substitute House Bill 1833 creates a rebuttable presumption that certain heart problems, cancer and infectious diseases are occupational diseases for firefighters that are covered by industrial insurance. I strongly support this law. The legislature's statement of intent in Section 1, however, makes broad generalizations about the incidence of cardiovascular disease. In an effort to avoid the unintended interpretations of broad generalizations, Section 2 of the bill has been carefully crafted to define specific "firefighting activities" that are related to occupational diseases.

For these reasons, I have vetoed Section 1 Engrossed Substitute House Bill 1833.

With the exception of Section 1, Engrossed Substitute House Bill 1833 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

**HB 1836** by Representatives Ericks, Pearson, Lovick, Williams, Kelley, Kretz, Hurst, and Simpson

Requiring registered sex and kidnapping offenders to register after serving a term of confinement for a subsequent offense that is not a sex or kidnapping offense.

(AS OF HOUSE 2ND READING 2/12/2008)

Provides that, when an offender required to register under this act is subsequently convicted of an offense that is not a sex or kidnapping offense, and is in the custody, as a result of the offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, he or she shall register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall, within three days, forward the registration information to the county sheriff for the county of the offender's anticipated residence.

Requires the offender to also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. The requirements of this provision apply regardless of whether the offender was registered prior to his or her confinement.

**HB 1839** by Representative Anderson

Suspending certain collective bargaining agreements and administrative rules in the event of a disaster.

Provides that, in the event of a disaster, any collective bargaining agreement entered into on or after the effective date of this act shall be suspended to the extent necessary to: (1) Safely restore public utilities as quickly as possible; and

(2) Provide emergency services to persons affected by the disaster.

-- 2007 REGULAR SESSION --

Jan 30 First reading, referred to Commerce & Labor.

**HB 1840** by Representatives Anderson, O'Brien, Pearson, and Kessler

Establishing a pilot project to design and test a command and control data system.

(SEE ALSO PROPOSED 1ST SUB)

Finds that implementing a command and control system statewide would: (1) Provide a visual, computer-based common operating picture for all decision makers in the event of an emergency;

(2) Reduce the need for radio frequency bandwidth for voice communications;

(3) Allow emergency responders to take action based on a common operating picture of the emergency situation; and

(4) Allow for redundant pathway capabilities, which would increase the robustness of the state's communications system.

Requires that, by December 1, 2008, the adjunct general shall submit a report to the legislature and the governor, indicating the feasibility and cost of implementing a command and control data system statewide, and making recommendations.

Provides that the act shall be null and void if appropriations are not approved.

**HB 1840-S** by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Anderson, O'Brien, Pearson, and Kessler)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds public safety would be enhanced by a common information sharing system for reporting that would: (1) Provide a visual, computer-based common operating picture for all decision makers in the event of an emergency;

(2) Reduce the need for radio frequency bandwidth for voice communications;

(3) Allow emergency responders and incident management teams to take action based on an understanding of the emergency situation; and

(4) Allow for redundant pathway capabilities, which would increase the robustness of the state's communications system.

Requires the state interoperability executive committee to establish a pilot project to design and test a web-based reporting system. This program shall be developed in conjunction with the proposed interoperability project for region 1 to prepare security for the 2010 Olympic Games.

Provides that, by December 1, 2008, the state interoperability executive committee shall submit a report to the legislature and the governor, indicating performance measures and effectiveness of the pilot project and recommendations for its possible expanded utilization.

Provides that the act shall be null and void if appropriations are not approved.

Requiring certain providers of food, water, or fuel to operate on backup power in the event of a disaster.

Requires that, by July 1, 2009, every motor fuel retailer located within the state shall be capable of operating all fuel dispensing equipment, life safety systems, and payment acceptance equipment using a backup power source for a period of at least seventy-two hours. Installation of the backup power source shall be performed by a licensed electrical contractor.

Requires that, by July 1, 2009, every water distribution business doing business within the state shall be capable of operating all water distribution systems using a backup power source for a period of at least seventy-two hours. Installation of the backup power source shall be performed by a licensed electrical contractor.

Authorizes the attorney general or county prosecuting attorney to file an action in superior court to require a grocery store, motor fuel retailer, or water distribution business to comply with any of the requirements of this act.

Provides that a grocery store, motor fuel retailer, or water distribution business that complies with this act is not liable for civil damages arising from the failure of the store, retailer, or business to operate during a disaster because: (1) The backup power source during a disaster has failed; or

(2) Conditions caused by the disaster make operations impracticable or unsafe.

Regarding sex education in schools.

(SEE ALSO PROPOSED 1ST SUB)

Declares that it is in the public's best interest to ensure that young people are equipped with medically and scientifically accurate, age-appropriate information that will help them avoid unintended pregnancies, remain free of sexually transmitted diseases, and make informed, responsible decisions throughout their lives.

Declares an intent to support and advance the standards established in the January 2005 guidelines for sexual health information and disease prevention developed by the office of the superintendent of public instruction and the department of health. These guidelines are a fundamental tool to help school districts, teachers, guest speakers, health and counseling providers, community groups, parents, and guardians choose, develop, and evaluate sexual health curricula to better meet the health and safety needs of adolescents and young adults in their communities.

Provides that the office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask schools to identify any curricula used to provide sexual health education, and shall report the results of this inquiry to the legislature on an annual basis, beginning with the 2008-09 school year.

**HB 1855-S** by House Committee on Health Care & Wellness (originally sponsored by Representatives Schual-Berke, Kessler, Walsh, Appleton, Linville, Darneille, Hankins, Kenney, Lantz, Green, McCoy, Quall, Morrell, Haigh, Fromhold, Hunt, Dunshee, Sullivan, McDermott, McIntire, Wood, Dickerson, Ericks, Moeller, Pedersen, Conway, Hasegawa, Roberts, Seaquist, Kagi, Sells, Upthegrove, Williams, Goodman, Simpson, Springer, Chase, and Jarrett)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that it is in the public's best interest to ensure that young people are equipped with medically and scientifically accurate, age-appropriate information that will help them avoid unintended pregnancies, remain free of sexually transmitted diseases, and make informed, responsible decisions throughout their lives.

Declares an intent to support and advance the standards established in the January 2005 guidelines for sexual health information and disease prevention developed by the office of the superintendent of public instruction and the department of health. These guidelines are a fundamental tool to help school districts, teachers, guest speakers, health and counseling providers, community groups, parents, and guardians choose, develop, and evaluate sexual health curricula to better meet the health and safety needs of adolescents and young adults in their communities.

Provides that the office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask schools to identify any curricula used to provide sexual health education, and shall report the results of this inquiry to the legislature on a biennial basis, beginning with the 2008-09 school year.

Regulating utility pole attachments.

(SEE ALSO PROPOSED 1ST SUB)

Finds that public utility districts that own utility poles and that are exempt from the pole attachment provisions under chapter 80.54 RCW have sought to charge multiple attachment fees on the same pole and have used attachment rates, terms, and conditions that are inconsistent with the pole attachment provisions under chapter 80.54 RCW and federal communications commission regulations.

Finds that these practices: (1) Are inconsistent with the policy of the state;

(2) Do not advance the efficiency or availability of telecommunications facilities in rural or urban areas;

(3) Do not encourage the introduction of competition, making the use of these essential facilities difficult for providers of telecommunications and cable television services; and

(4) Result in excessive litigation costs, the courts being the only recourse available to licensees who do not agree to contract terms.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that disputes concerning the rates, terms, and conditions made, demanded, or received by a locally regulated utility for allocated space on its poles for placement of licensees'

attachments may be brought before the American arbitration association. All rates, terms, and conditions made, demanded, or received by any locally regulated utility must be based on the utility's cost for provision of the allocated space used by the licensee. Rates must be just, fair, reasonable, nondiscriminatory, and sufficient to cover the utility's actual capital and operating expenses attributable to the portion of the pole used by the licensee.

**HB 1860** by Representatives Dunn, McCune, and Kretz

Providing a tax exemption for property that has declined in value due to shoreline or growth management regulation.

Declares that eligible regulated real property is exempt from taxation from regular property tax levies by the state, city or town, and county. Eligible regulated real property means real property for which the land value has been reduced by ten percent or more after November 20, 2003, as a result of regulation under a shoreline master program adopted under chapter 90.58 RCW or under an amendment to or new comprehensive plan or development regulations adopted under chapter 36.70A RCW. The exemption continues until the cumulative tax savings due to the exemption equals or exceeds the reduction in value.

**HB 1865** by Representatives Williams, O'Brien, Springer, Fromhold, Warnick, and McCune

Companion Bill: 5800

Limiting the obligations of landlords under writs of restitution.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the legislature has previously recognized that landlords who choose the option of storing a tenant's property as part of an eviction should be entitled to recover the costs of drayage and storage from the tenant who was evicted. It has always been the intent of the legislature to give a landlord the option, but not the obligation, to store a tenant's property as part of an eviction.

Recognizes that county sheriffs when executing writs of restitution provide one or more deputies to maintain the peace while the landlord's personnel, under the direction of the sheriff, enter the premises and remove the property belonging to the tenant and place it on the nearest public property.

**HB 1865-S** by House Committee on Judiciary (originally sponsored by Representatives Williams, O'Brien, Springer, Fromhold, Warnick, and McCune)

(DIGEST AS ENACTED)

Instructs a landlord to, upon the execution of a writ of restitution by the sheriff, enter and take possession of any property of the tenant found on the premises. The landlord may store the property in any reasonably secure place, including the premises, and sell or dispose of the property as provided under this act.

Requires the landlord to store the property if the tenant serves a written request to do so on the landlord or the landlord's representative by any of the methods described in RCW 59.18.365 no later than three days after service of the writ.

Provides that when serving a tenant with a writ of restitution, the sheriff shall also serve the tenant with a form provided by the landlord that can be used to request the landlord to store the tenant's property.

VETO MESSAGE ON ESHB 1865

March 17, 2008

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Engrossed Substitute House Bill 1865 entitled:

"AN ACT Relating to limiting the obligations of landlords under writs of restitution."

Section 2 is an emergency clause. An emergency clause is to be used where it is necessary for the immediate preservation of the public peace, health or safety or whenever it is necessary for the support of state government. Engrossed Substitute House Bill 1865 clarifies the rights and obligations of landlords and tenants, while including new rights for tenants. Consequently, I do not believe that an emergency clause is necessary.

For this reason, I have vetoed Section 2 of Engrossed Substitute House Bill 1865.

With the exception of Section 2, Engrossed Substitute House Bill 1865 is approved.

Respectfully submitted,  
Christine Gregoire  
Governor

Regarding education system benchmarks and monitoring.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the existing school district budget review system focuses on current school year budget implementation and preparation of the ensuing school year budget and does not provide a systematic look of longer-range budget issues, including any indication of impending financial problems in school districts and the financial impact of long-term contractual agreements. Parents, students, taxpayers, school employees, and school administrators need a financial monitoring system that considers long-term budgeting issues and commitments, and provides early warning of school district financial health concerns. Once financial concerns and issues are identified, districts should receive early, practical assistance.

Requires the office of the superintendent of public instruction and the office of financial management to present proposed system measures and a financial health outlook rating system to the governor by November 1, 2007. Subject to agreement between the governor and the superintendent of public instruction on the measures and the rating system, the financial health and monitoring system shall be implemented during the 2008-09 school year.

Directs the office of the superintendent of public instruction, with regional financial specialists contracted through educational service districts, to provide progressive levels of technical assistance to school districts in the lowest two categories on the financial health outlook rating system.

Requires the superintendent of public instruction to submit a report summarizing the review and reporting recommendations in this act to the governor and the education and fiscal committees of the legislature by November 15, 2007.

school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Resources for all-day kindergarten shall support students who qualify for free and reduced-price lunch program support. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions: (1) Providing at least a one thousand-hour instructional program;

(2) Providing a curriculum that offers a rich, varied set of experiences that assist students in: (a) developing initial skills in the academic areas of reading, mathematics, and writing; (b) developing a variety of communication skills; (c) providing experiences in science, social studies, arts, health and physical education, and a world language other than English; (d) acquiring large and small motor skills; (e) acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; (f) establishing learning environments that are developmentally appropriate and promote creativity; and (g) learning through hands-on experiences;

(3) Demonstrating strong connections and communication with early learning community providers; and

(4) Participating in kindergarten program readiness activities with early learning providers and parents.

Authorizes ten demonstration projects for schools serving kindergarten through third grade students to develop, implement, and document the effects of a comprehensive K-3 foundations program. At least two demonstration projects shall be in schools that are participating in the public-private early learning partnerships in the Highline and Yakima school districts.

Declares that the goals of the English as a second language demonstration project are to develop recommendations: (1) Identifying foundational competencies for developing academic English skills in English language learner students that all teachers should acquire in initial teacher preparation programs;

(2) Identifying components of a professional development program that builds classroom teacher competence for developing academic English skills in English language learner students; and

(3) Identifying job-embedded practices that connect the English language learner teacher and classroom teachers to coordinate instruction to support the work of the student.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the education and fiscal committees of the legislature. An interim report is due November 1, 2008. The final report is due December 1, 2009.

**HB 1872-S** by House Committee on Education (originally sponsored by Representative Santos)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the goal of the basic education act for the schools of the state of Washington set forth in this act shall be to provide students with the opportunity to become responsible and respectful global citizens, to contribute to their economic well-being and that of their families and communities, to explore and understand diverse perspectives, to enjoy productive and satisfying lives, and to develop a public school system that focuses on the educational achievement of all students, which includes high expectations for and prepares students to achieve personal and academic success. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for every student to develop the knowledge and skills essential to: (1) Read with comprehension, write effectively, and communicate successfully in a variety of ways and settings and with a variety of audiences;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; world history, cultures, and geography; civics and arts; and health and fitness;

(3) Think analytically, logically, and creatively, and to integrate different experiences and knowledge to form reasoned judgments and solve problems;

(4) Understand the importance of work and personal financial literacy and how performance, effort, and decisions directly affect future career and educational opportunities; and

(5) Understand and be fully prepared to exercise the responsibilities of civic participation in a pluralistic society.

Provides that, beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. **HB 1874** by Representatives Roberts, Dickerson, Green, Pettigrew, O'Brien, Kagi, Dunshee, Hunt, Goodman, Jarrett, Darneille, Hasegawa, McCoy, Appleton, Upthegrove, Kessler, Kenney, Moeller, Lantz, Sells, Hurst, Simpson, McIntire, and Ormsby

Addressing the transition and reentry of offenders into the community.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to support evidence-based programing for offenders and focus on facilitating the successful reentry of offenders into the community. The goals of the offender reentry

programs are to increase public safety, maximize rehabilitation of offenders, and lower recidivism.

Provides that the department of corrections shall continue to establish community justice centers within the state for the purpose of providing assistance to inmates who are reentering the community.

Requires a minimum of six community justice centers to be operational by December 1, 2009. The six community justice centers include those in operation at the time of the effective date of this act. The community justice centers shall be located in the six counties with the largest population of offenders who were released from department of corrections custody. At least one center shall be located in a rural geographic region of the state.

Provides that, by December 1, 2011, the department of corrections shall establish a minimum of three additional community justice centers within the state.

Provides that, in addition to any other programs or services offered, the community justice centers shall designate a community transition coordinator who shall act to facilitate connections between the former inmate and the community. The community transition coordinator shall provide information to former inmates regarding services available to them in the community regardless of the length of time since the offender's release from the correctional facility.

Directs the department of corrections and the state board for community and technical colleges to investigate and review methods to optimize educational and vocational programming opportunities to meet the needs of each offender as identified in his or her individual reentry plan both while an offender is incarcerated and postrelease.

Requires that, in conducting its review, the department and state board shall consider and make recommendations regarding: (1) Technological advances which could serve to expand educational programs and vocational training including, but not limited to, distance learning, satellite instruction, videotape usage, computer aided instruction, and flexible scheduling;

(2) Methods to ensure educational programs and vocational training are relevant to work programs and skills necessary to enhance the employability of offenders upon release;

(3) Long-term methods for maintaining channels of communication between the department, state board administration, educators, and students; and

(4) Methods for ensuring that security measures remain intact regarding an offender's use of the internet.

Requires the department and state board to report to the governor and the legislature on the investigation and recommendations required in this act no later than November 15, 2007.

Provides that, on or before October 1, 2007, the department of corrections and the department of licensing shall enter into an agreement establishing expedited procedures to assist offenders in obtaining a driver's license or identification card upon their release from a department of corrections' institution.

Establishes a joint legislative task force on reentry barriers for previously incarcerated individuals for the purpose of providing oversight into the implementation of this act and develop recommendations to assist the reentry of inmates into the community.

Requires the joint legislative task force to present a report of its findings and recommendations to the governor and the appropriate committees of the legislature, including any proposed legislation, by November 15, 2008.

Provides that: (1) The department of corrections shall enter into agreements to provide short-term housing assistance to offenders classified as high risk or high needs who are reentering the community and are in need of transitional housing;

(2) The department may develop further criteria in rule to determine who will qualify for housing assistance and shall utilize the recommendations provided by the joint legislative task force under this act in the development of the criteria;

(3) Housing assistance shall not be provided in excess of one hundred twenty days for each offender; and

(4) The state, department, and its employees are not liable for civil damages arising from the conduct of an offender solely due

to the placement of an offender in short-term housing or the provision of housing assistance.

Appropriates the sum of three million eight hundred fifty thousand dollars, or as much thereof as may be necessary, from the general fund for the fiscal year ending June 30, 2008, and the sum of three million eight hundred fifty thousand dollars, or as much thereof as may be necessary, from the general fund for the fiscal year ending June 30, 2009, to the department of corrections for the purposes of this act.

Appropriates the sum of three million eight hundred fifty thousand dollars, or as much thereof as may be necessary, from the general fund for the fiscal year ending June 30, 2008, and the sum of three million eight hundred fifty thousand dollars, or as much thereof as may be necessary, from the general fund for the fiscal year ending June 30, 2009, to the department of community, trade, and economic development for the purposes of this act.

**HB 1875** by Representatives Kenney, Haigh, Sells, Moeller, McDermott, Appleton, Wallace, Lantz, Hasegawa, Sullivan, Ormsby, Conway, Roberts, O'Brien, and Goodman

Providing for faculty opportunities at institutions of higher education.

Declares it is the purpose of this act to address growing concerns about the academic staffing crisis in higher education. Staffing issues, including the economic exploitation of adjunct faculty along with the shrinking ranks of full-time tenured faculty, limit the ability of the state system of higher education to provide high quality education, improve retention rates, conduct research, and provide support for economic development.

Declares it is the goal of this act to have at least seventy-five percent of the full-time equivalent faculty positions be held by full-time tenured and tenure-track faculty in each department that has at least eight full-time equivalent faculty appointments, as defined in RCW 28B.50.851, on each campus of each institution of higher education.

Declares it is further the goal of this act to have salaries in institutions of higher education that will attract and retain the best faculty possible to educate the citizens of Washington state.

Companion Bill: 5752

Providing vocational rehabilitation services for volunteer firefighters and reserve officers.

Declares that one of the primary purposes of this act is to enable injured participants to return to their regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit. To this end, the state board shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the secretary or the secretary's designee in such programs of vocational rehabilitation as may be reasonable to make the participant return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit consistent with his or her physical and mental status.

Provides that, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the participant's permanent disability, if in the sole opinion of the secretary or the secretary's designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured participant to return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit, the secretary or the secretary's designee may, in his or her sole discretion, pay the cost as provided in this act.

Creating the skills-based economic growth program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the education and skills of Washington's workforce is a major determinant of the state's economic growth, and that finding regional solutions to the state's workforce needs are of paramount concern.

Recognizes that different areas of the state will need the flexibility to fashion local solutions to their economic and workforce strengths and challenges, and that regional workforce systems may evolve over time.

Finds that while the workforce system in Washington is operated by numerous entities, each with a critical role, it should

function as one interconnected and coordinated system. Workforce development planning, at the regional level, should be coordinated with regional strategic plans. Further, regional and state plans should be coordinated to achieve both statewide and local workforce development goals. To facilitate this coordination and cooperation among state and local regions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional workforce development systems throughout the state.

Finds that the education and skills of Washington's workforce is a major determinant of the state's economic growth, and that finding regional solutions to the state's workforce needs are of paramount concern.

Recognizes that different areas of the state will need the flexibility to fashion local solutions to their economic and workforce strengths and challenges, and that regional workforce systems may evolve over time.

Finds that while the workforce system in Washington is operated by numerous entities, each with a critical role, it should function as one interconnected and coordinated system. Workforce development planning, at the regional level, should be coordinated with regional strategic plans. Further, regional and state plans should be coordinated to achieve both statewide and local workforce development goals. To facilitate this coordination and cooperation among state and local regions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional workforce development systems throughout the state.

Implements Washington learns higher education recommendations.

**HB 1882-S2** by House Committee on Appropriations (originally sponsored by Representatives Wallace, Moeller, Haigh, McDermott, Kagi, Roberts, O'Brien, Kenney, Hurst, and Ormsby)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Implements Washington learns higher education recommendations.

Finds that access to higher education is of critical importance to the current and future prosperity of the citizens of the state of Washington. However, the legislature further finds that the following three factors are creating barriers to access for students: (1) Tuition increases have varied dramatically over the last decade, making the cost of postsecondary attendance unpredictable for students and families;

(2) There are at least thirty separate state and federal programs providing direct financial aid or tax benefits to individuals seeking postsecondary education, in addition to institutional aid, private scholarships, and other programs. The system is complicated and difficult to understand, with the unfortunate effect of discouraging some low-income students from even applying to college. Additionally, some students are not able to access enough financial assistance to make postsecondary education affordable; and

(3) Students frequently must repeat college-level coursework when transferring from one institution of higher education to another, increasing their financial and time costs.

Declares that, through implementing of a complementary and coordinated set of policies around tuition, financial aid, and student transitions, the legislature intends to make access to higher education a top priority.

House Rules "X" file.

**HB 1883** by Representatives Wallace, Anderson, Chase, Jarrett, Moeller, McDermott, Priest, Haigh, Kagi, Roberts, Kenney, and Conway

Modifying the higher education coordinating board.

(SUBSTITUTED FOR - SEE 1ST SUB)

Revises the higher education coordinating board.

**HB 1883-S** by House Committee on Higher Education (originally sponsored by Representatives Wallace, Anderson, Chase, Jarrett, Moeller, McDermott, Priest, Haigh, Kagi, Roberts, Kenney, and Conway)

(DIGEST AS ENACTED)

Revises the higher education coordinating board.

Requires the board to develop a statewide strategic master plan for higher education that proposes a vision and identifies measurable goals and priorities for the system of higher education in Washington state for a ten-year time period. The board shall update the statewide strategic master plan every four years. The plan shall address the goals of: (1) Expanding access;

(2) Using methods of educational delivery that are efficient, cost-effective, and productive to deliver modern educational programs; and

(3) Using performance measures to gauge the effectiveness of the state's progress towards meeting its higher education goals.

VETO MESSAGE ON ESHB 1883

May 14, 2007

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 302, Engrossed Substitute House Bill 1883 entitled:

"AN ACT Relating to modifications of the higher education coordinating board."

This bill focuses on minor changes to the responsibilities of the Higher Education Coordinating Board. The emergency clause in Section 302 of this bill is unnecessary. Emergency clauses should be restricted to bills that address public emergencies.

For this reason, I have vetoed Section 302 of Engrossed Substitute House Bill 1883.

With the exception of Section 302, Engrossed Substitute House Bill 1883 is approved.

Respectfully submitted,  
Christine O. Gregoire  
Governor

Companion Bill: 5756

Creating the Washington health security trust.

Declares that, simplifying health care financing and eliminating administrative waste inherent in multiple insurance plans can create sufficient savings to extend health care coverage to all residents and enhance fairness in the system.

Asserts that the people of the state of Washington declare their intent to create a framework and process to involve the citizens of Washington state in the creation of a single financing entity called the Washington health security trust. Through public hearings, research, and consensus building, the trust will accomplish the following goals: (1) Provide fair, simple, and accountable health care financing for all Washington residents using a single health care financing entity;

(2) Cover a comprehensive package of effective and necessary personal health services;

(3) Make health care coverage independent from employment;

(4) Eliminate excessive administrative costs resulting from the current fragmented system of multiple insurers;

(5) Generate savings sufficient to ensure coverage for all Washington residents;

(6) Integrate current publicly sponsored health programs into the health security trust;

(7) Preserve choice of providers for Washington residents;

(8) Protect patient rights;

(9) Keep clinical decisions in the hands of health professionals and patients, rather than administrative personnel;

(10) Promote health care quality; and

(11) Control excessive health care costs.

Abolishes the health care authority and its powers, duties, and functions are hereby transferred to the Washington health security trust. All references to the administrator or the health care

authority in the Revised Code of Washington shall be construed to mean the chair or the Washington health security trust.

Appropriates the sum of fifty million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the benefits account of the Washington health security trust for start-up moneys for purposes of this act during the period of July 1, 2008, through June 30, 2009.

Companion Bill: 5749

Regarding Brassica seed production.

(DIGEST AS ENACTED)

Finds that production of biofuel using *Brassica* seed crops, generally known as canola or rapeseed, can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, improve air and water quality, and create new industries and jobs for Washington citizens. The legislature also finds that Washington state offers conditions uniquely suited to the production of high quality, high value *Brassica* vegetable seed, and that the vegetable seed industry is a significant contributor to the diversity and economic viability of the agricultural community.

Declares that the purpose of this act is to provide for the orderly production of potentially incompatible varieties of *Brassica* seed crops.

**HB 1889** by Representatives Barlow, Hankins, O'Brien, Blake, and Ormsby

Regarding the wild horse coordinated resource management plan.

Finds that the wild horse coordinated resource management plan in Kittitas county was developed in 2006 by a group of diverse local citizens interested in coordinating the management of resources for the Skookumchuck and Whiskey Dick wildlife areas, which encompasses approximately sixty-two thousand acres in eastern Kittitas county. The diverse planning process brought together ranchers, local landowners, a large energy company, the department of natural resources, the department of fish and wildlife, several environmental groups, and the federal

government to collaboratively plan to improve the management in the wild horse coordinated resource management plan area.

Finds that coordinated management is of the utmost importance due to the fragmented ownership pattern and varied management regimes of the past. Coordinated management of the area will allow for the enhancement of wildlife habitat, the rehabilitation of natural springs, the development of water resources, and an improvement in domestic livestock opportunities due to a better distribution of forage plants growing in the area.

Appropriates the sum of two hundred forty-five thousand two hundred sixty-four dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of fish and wildlife for the purposes of this act.

Finds that Washington lacks a systemic and strategic recruitment approach to increasing diversity among educators. Additional steps must be taken to increase the number of diverse high school students who seek to enter the teaching profession, especially in teacher shortage areas and among multilingual, multicultural students.

**HB 1907-S2** by House Committee on Appropriations (originally sponsored by Representatives Sullivan, McDermott, and Ormsby)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Establishes a public-private partnership to develop, pilot, and implement the Washington state leadership academy to focus on the development and enhancement of personal leadership characteristics and the teaching of effective practices and skills demonstrated by school and district administrators who are successful managers and instructional leaders. It is the goal of the academy to provide state-of-the-art programs and services across the state.

Declares that the purpose of the duties in this act for the professional educator standards board is to take the next steps in developing quality teaching knowledge and skill in the state's teaching ranks.

Requires the professional educator standards board to: (1) By December 2007: (a) adopt new knowledge and skill standards that prepare all individuals seeking residency teacher certification to integrate mathematics across all content areas; and (b) adopt new certification requirements for individuals seeking residency teacher certification as elementary education or middle level and secondary mathematics teachers to assure adequate content and instructional strategy preparation to teach to the kindergarten through twelfth grades state mathematics and science standards;

(2) By June 2009: (a) set performance standards and develop, pilot, and implement a uniform and externally administered professional-level certification assessment based on demonstrated teaching skill. In the development of this assessment, consideration shall be given to changes in professional certification program components such as the culminating seminar; (b) summarize its work in the development of the assessment in this act in the annual reports required by RCW 28A.410.240; and (c) review and revise the standards for higher education teacher preparation programs to incorporate updated practices to enhance teacher success in a knowledge and skill-based performance system that emphasizes strong content, applied learning, and personal, meaningful connections with students; and

(3) By December 2009, review and revise as needed teacher preparation standards and requirements to focus on diversity in cultural knowledge and respect.

Requires that, in support of the mathematics, science, and targeted secondary reading improvement initiative, the office of the superintendent of public instruction shall create a partnership with the educational service districts to develop and deliver professional development learning opportunities for educators that fulfill the goals and address the specific targeted activities described in this act.

Establishes the recruiting diverse Washington teachers program to recruit and provide training and support for diverse high school students to enter the teaching profession, especially in teacher shortage areas and among multilingual, multicultural students. The program shall be administered by the professional educator standards board.

**HB 1909** by Representatives Orcutt, B. Sullivan, Roach, Blake, Takko, Pearson, Kristiansen, and Hinkle

Protecting from the theft of specialized forest products.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, with the introduction of this act, the legislature intends to begin a conversation on proper revisions to chapter 76.48 RCW that streamlines the permitting system for specialized forest products and creates a more equitable and manageable situation for wood hobbyists, while maintaining the chapter's important protections that it provides to forest landowners.

Declares it is the intent for this act to be used by law enforcement authorities and others responsible for its implementation to pursue and prosecute those individuals that are genuinely engaged in the theft of large quantities of valuable forest materials, and not those individuals who are responsibly collecting wood or wood pieces from landowners who are aware and accepting of the collection. The legislature urges prosecutorial discretion where warranted and the consideration of all factors involved with a situation before bringing a criminal action under this act.

**HB 1909-S** by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Orcutt, B. Sullivan, Roach, Blake, Takko, Pearson, Kristiansen, and Hinkle)

Establishes the specialized forest products work group.

Requires the specialized forest products work group to review the current specialized forest products statute, chapter 76.48 RCW, as well as applicable theft laws. The specialized forest products work group must evaluate the statute, as well as its

application, and make recommendations, if any, to ensure that the specialized forest products requirements: Provide reasonable tools for law enforcement and reasonably protect landowners from theft; are not unduly burdensome to harvesters, those possessing or transporting specialized forest products, or cedar or specialty wood processors or buyers; are clear and may be readily understood by law enforcement and the public; and are administered and enforced consistently throughout the state.

Directs the specialized forest products work group to provide a report to the appropriate committees of the legislature containing its recommendations, as well as draft legislation implementing its recommendations, by December 1, 2007.

Provides that, by December 1, 2007, the department of natural resources must review the uses of and demands on the state's wild huckleberry resource, and estimate whether the current consumptive uses of wild huckleberries are sustainable and compatible among the various consumptive users of the resource. Based upon this review, the department of natural resources must deliver recommendations to the appropriate committees of the legislature as to whether a state-permitting requirement to harvest, possess, or transport wild huckleberries would remedy any problems identified during the review, whether the specialized forest products permit would be the most effective permitting program to utilize, and what permit conditions or requirements should be placed on the harvest, possession, or transportation of wild huckleberries.

VETO MESSAGE ON E2SHB 1910

May 11, 2007

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 12, Engrossed Second Substitute House Bill 1910 entitled:

"AN ACT Relating to tax incentives for certain multiple-unit dwellings in urban centers that provide affordable housing."

This bill lowers the population requirement for a city to be eligible to offer property tax exemptions for certain multi-unit housing projects and requires cities that issue property tax exemptions for multi-unit housing projects to report data annually to the Department of Community, Trade and Economic Development.

I have concerns about this bill. It expands the multi-unit housing project property tax exemption to as many as forty-three additional cities with no evidence of the effectiveness of the exemption in increasing affordable housing. It also allows cities to grant a property tax exemption that affects counties without consultation. I request that the cities include the counties in this important decision making. Section 10 requires cities using the exemption program to report information on exemptions granted to the Department of Community, Trade, and Economic Development annually starting December 31, 2007. I am asking the Department of Community, Trade, and Economic Development to analyze the reports on the use of the property tax exemption and evaluate its use and effects as well as assess the need for legislation to alter the exemption program. Section 12 is an emergency clause which would allow the bill to become effective immediately. This is not essential to the bill's proper and timely implementation.

For these reasons, I have vetoed Section 12 of Engrossed Second Substitute House Bill 1910.

With the exception of Section 12, Engrossed Second Substitute House Bill 1910 is approved.

Respectfully submitted,  
 Christine O. Gregoire  
 Governor

Improving court hearings in dependency proceedings.

(SEE ALSO PROPOSED 1ST SUB)

Recognizes that the 2005 Washington state court improvement project re-assessment found that Washington statutes fail to consistently address the health and safety of children in care. Statutory language does not stress the safety and welfare of the child as the paramount concerns. Additionally, the lack of clarity in the statutes undermines the effectiveness of the hearings and, ultimately, the safety and welfare of the child. The legislature intends to clarify the purpose of the court hearings and the roles and responsibilities of the parties.

Finds that an investment of time into quality court hearings results in better decisions for children and their families and preserves the resources of the court and the child welfare system. The legislature intends to clearly state that court hearings should always strive to be independent, thorough, and timely inquiries into the status of the case to ensure the department of social and health services is responding to the needs of the family and child in a prompt manner and that the case is progressing appropriately.

Encourages the courts to develop clearer, stronger oversight and leadership roles within the courts to achieve safe, timely permanency for children. The court is encouraged to engage all parties to question whether the case is progressing and, if not, to assist in problem-solving to ensure progress is made towards permanency for the child.

Creating an independent youth housing program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that protecting the public health, safety, and welfare by providing housing resources to needy or vulnerable persons, such as young people exiting the state dependency system, is a fundamental purpose of government. The legislature further finds that providing such young people with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that constitutes consideration for financial assistance to such youth.

Provides that, beginning in September 2008, the Washington state institute for public policy shall conduct a study measuring the outcomes for youth who are participating or who have participated in the independent youth housing program created in this act. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2009, and a final report by December 1, 2010.

Appropriates the sum of two million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the Washington housing trust fund to the department of community, trade, and economic development, and provided solely for housing stipends administered through the independent youth housing program. Any of the money that is not obligated by the department by January 31, 2009, shall be added to the housing assistance program under chapter 43.185 RCW.

Appropriates the sum of two hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the independent youth housing program account created in this act for the purpose of implementing and operating the independent youth housing program.

Appropriates the sum of two hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the independent youth housing program account created in this act for the purpose of implementing and operating the independent youth housing program.

**HB 1922-S** by House Committee on Housing (originally sponsored by Representatives Pedersen, Pettigrew, Miloscia, McIntire, Walsh, Kagi, Appleton, Kenney, Hasegawa, and Ormsby)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that protecting the public health, safety, and welfare by providing housing resources to needy or vulnerable persons, such as young people exiting the state dependency system, is a fundamental purpose of government. The legislature further finds that providing such young people with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that constitutes consideration for financial assistance to such youth.

Provides that, beginning in September 2008, the Washington state institute for public policy shall conduct a study measuring the outcomes for youth who are participating or who have participated in the independent youth housing program created in this act. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2009, and a final report by December 1, 2010.

**HB 1922-S2** by House Committee on Appropriations (originally sponsored by Representatives Pedersen, Pettigrew, Miloscia, McIntire, Walsh, Kagi, Appleton, Kenney, Hasegawa, and Ormsby)

(DIGEST AS ENACTED)

Finds that providing needy youth aging out of the state dependency system with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that is intended to improve public health, safety, and welfare.

Declares it is the goal of this state to: (1) Ensure that all youth aging out of the state dependency system have access to a decent, appropriate, and affordable home in a healthy safe environment to prevent such young people from experiencing homelessness; and (2) Reduce each year the percentage of young people eligible for state assistance upon aging out of the state dependency system.

Provides that, beginning in September 2008, the Washington state institute for public policy shall conduct a study measuring the outcomes for youth who are participating or who have participated in the independent youth housing program created in this act. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2009, and a final report by December 1, 2010.

Provides that the act shall be null and void if appropriations are not approved.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Amends RCW 74.13.031 relating to the duties of the department of social and health services.

Requires the department to consult at least quarterly with licensed foster parents and any association or group of licensed foster parents for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in RCW 74.13.031, 74.13.250, and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

Requires the department of social and health services to consult with licensed foster parents, including any association or group of licensed foster parents, and with child welfare professionals from the public, private, and academic communities regarding the need for and the feasibility of creating tiered classifications for foster parent licensing, including a professional foster parent classification. The department shall report its recommendations to the appropriate committees of the legislature by January 1, 2008.

Restricting the use and disclosure of social security numbers.

Provides that the county auditor may not publicly disclose or otherwise allow public access to federal social security numbers contained in any documents, records, or files maintained by the auditor unless: (1) The individual to whom the federal social security number is assigned gives his or her express written consent for the disclosure of his or her federal social security number; or

(2) The disclosure is requested by a federal, state, or local government agency.

Provides that, beginning July 1, 2007, the county auditor is required to remove, or otherwise redact, the federal social security numbers from all documents, records, or files it posts on the internet, releases in response to a public records request or other requests for information, or otherwise allows for public inspection under chapter 42.56 RCW.

Declares that it shall be unlawful for any person, business, or corporation to require an individual's federal social security number as a requirement for doing business or providing a service unless that person, business, or corporation has the express privilege under federal or state law.

Provides that, in addition to the penalties provided for in chapter 19.86 RCW, a person, business, or corporation that uses federal social security numbers without authorization shall be assessed a monetary penalty of one hundred fifty dollars per day per violation.

**HB 1940** by Representatives Schindler, Simpson, Crouse, McCune, Dunn, Moeller, and Ormsby

Requiring state agencies to notify local governments of proposed land dispositions.

(DIGEST AS ENACTED)

Recognizes that state agencies dispose of state-owned lands when these lands cannot be advantageously used by the agency or when dispositions are beneficial to the public's interest.

Recognizes that dispositions of state-owned land can create opportunities for counties, cities, and towns wishing to purchase or otherwise acquire the lands, and citizens wishing to enjoy the lands for recreational or other purposes. However, the legislature finds that absent a specific requirement obligating state agencies to notify affected local governments of proposed land dispositions, occasions for governmental acquisition and public enjoyment of certain lands can be permanently lost.

Declares an intent to enact an express and supplemental requirement obligating state agencies to notify local governments of proposed land dispositions.

**HB 1946** by Representatives Wood, Campbell, Hudgins, and Ormsby

Establishing a pesticide use reporting system.

Finds that pesticide use reporting is crucial for the protection of human health and safety and to protect Washington's water and environment. The legislature further finds that the development of a comprehensive, reliable, and cost-effective system for collecting and organizing information on all categories of pesticide use in Washington allows people to obtain information with a single contact regarding what pesticide was used, where it was used, and under what conditions it was used. This information is valuable when used for conducting detailed studies of human exposure to pesticides, environmental monitoring, and the relationship to human health.

**HB 1947** by Representatives Cody, Hinkle, Schual-Berke, Morrell, and Ormsby

Promoting chronic care management in medical assistance programs for full benefit dual eligible beneficiaries.

Finds that the blue ribbon commission on health care costs and access has recommended that Washington state become a leader in prevention and management of chronic illness. Their consensus recommendation provides that state health purchasing agencies, including the medical assistance program, will integrate proven chronic care management into all state programs. The state further finds that full benefit dual eligible beneficiaries, who are eligible for both the federal medicare program and medical assistance benefits, are among the most chronically ill medical assistance clients.

Declares an intent to take an opportunity to realize the blue ribbon commission's recommendation by directing the department of social and health services to continue to support the enrollment of some full benefit dual eligible beneficiaries in the managed health care plan of their choice, in coordination with the federal medicare program.

**HB 1957** by Representative Eddy; by request of Department of Transportation

Companion Bill: 5208

Regarding bond amounts for certain department of transportation highway construction contracts.

(SEE ALSO PROPOSED 1ST SUB)

Requires that, on highway construction contracts administered by the department of transportation with an estimated contract price of eighty million dollars or more, the department shall fix the amount of the bond to adequately protect one hundred percent of the state's exposure to loss. The amount of the bond shall not be less than eighty million dollars.

**HB 1957-S** by House Committee on Transportation (originally sponsored by Representative Eddy; by request of Department of Transportation)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires that, on highway construction contracts administered by the department of transportation with an estimated contract price of eighty million dollars or more, the department shall fix the amount of the bond to adequately protect one hundred percent of the state's exposure to loss. The amount of the bond shall not be less than eighty million dollars.

Requires the department to develop risk assessment guidelines before implementing this act and gain approval of those guidelines from the office of financial management. The guidelines must include a clear process for how the department measures the state's exposure to loss and how the bond amount adequately protects one hundred percent of the state's exposure to loss.

Provides that, if the office of financial management approves the risk management guidelines in this act, the secretary of transportation must approve each bond issued for less than the full contract price of a project.

Directs the department to report to the house of representatives and senate transportation committees by December 1, 2008, regarding: The number of projects where the department authorized bonds for less than the full contract price; the difference between the project amount and the bond requirement; the number of bidders on the project; and other information that documents the effects of the reduced bond amounts on the project.

Clarifying the authority of physician assistants to sign and attest to documents.

(DIGEST AS ENACTED)

Clarifies the authority of physician assistants to sign and attest to documents.

Finds that some state agencies and departments do not accept the signature of physician assistants on certain certificates, reports, and other documents that their supervising physician is permitted to sign, notwithstanding the fact that the signing of such documents is within the physician assistant's scope of practice, covered under their practice arrangement plan, and permitted pursuant to WAC 246-918-140.

Declares an intent to clarify in statute what was adopted by rule in WAC 246-918-140, that a physician assistant may sign and attest to any document that might ordinarily be signed by the supervising physician and that is consistent with the terms of the practice arrangement plan.

Providing for the reporting of physician convictions for driving while under the influence to an approved substance abuse program. (REVISED FOR ENGROSSED: Providing for the reporting of physician convictions for driving while under the influence to the medical quality assurance commission.)

(AS OF HOUSE 2ND READING 3/8/2007)

Provides that, upon a guilty plea or conviction of a person for violations of RCW 46.61.502 or 46.61.504, the prosecuting attorney shall notify the state patrol of such guilty plea or conviction.

Provides that when the state patrol receives information that a person has pled guilty to or been convicted of one of the violations under this act, the state patrol shall transmit that information to the department of health. It is the duty of the department of health to identify whether the person holds a credential issued by the medical quality assurance commission under RCW 18.130.040 and chapter 18.71 RCW, and provide this information to the commission. The commission shall review the information provided by the department of health and assess whether or not the physician should be referred to the impaired physician program under RCW 18.71.330 and 18.130.175.
