70.95C.010 Legislative findings. The legislature finds that land disposal and incineration of solid and hazardous waste can be both harmful to the environment and costly to those who must dispose of the waste. In order to address this problem in the most cost-effective and environmentally sound manner, and to implement the highest waste management priority as articulated in RCW 70.95.010 and 70.105.150, public and private efforts should focus on reducing the generation of waste. Waste reduction can be achieved by encouraging voluntary efforts to redesign industrial, commercial, production, and other processes to result in the reduction or elimination of waste byproducts and to maximize the in-process reuse or reclamation of valuable spent material.

In the interest of protecting the public health, safety, and the environment, the legislature declares that it is the policy of the state of Washington to encourage reduction in the use of hazardous substances and reduction in the generation of hazardous waste whenever economically and technically practicable.

The legislature finds that hazardous wastes are generated by numerous different sources including, but not limited to, large and small business, households, and state and local government. The legislature further finds that a goal against which efforts at waste reduction may be measured is essential for an effective hazardous waste reduction program. The Pacific Northwest hazardous waste advisory council has endorsed a goal of reducing, through hazardous substance use reduction and waste reduction techniques, the generation of hazardous waste by fifty percent by 1995. The legislature adopts this as a policy goal for the state of Washington. The legislature recognizes that many individual businesses have already reduced the generation of hazardous waste through appropriate hazardous waste reduction techniques. The legislature also recognizes that there are some basic industrial processes which by their nature have limited potential for significantly reducing the use of certain raw materials or substantially reducing the generation of hazardous wastes. Therefore, the goal of reducing hazardous waste generation by fifty percent cannot be applied as a regulatory requirement. [1990 c 114 § 1; 1988 c 177 § 1.]

70.95C.030 Office of waste reduction—Duties. (1)

There is established in the department an office of waste reduction. The office shall use its authorities to encourage the voluntary reduction of hazardous substance usage and waste generation by waste generators and hazardous substance users. The office shall prepare and submit a quarterly progress report to the director.

(2) The office shall be the coordinating center for all state agency programs that provide technical assistance to waste generators and hazardous substance users and shall serve as the state's lead agency and promoter for such programs. In addition to this coordinating function, the office shall encourage hazardous substance use reduction and waste reduction by:

(a) Providing for the rendering of advice and consultation to waste generators and hazardous substance users on hazardous substance use reduction and waste reduction techniques, including assistance in preparation of plans provided for in RCW 70.95C.200;

(b) Sponsoring or co-sponsoring with public or private organizations technical workshops and seminars on waste reduction and hazardous substance use reduction;

(c) Administering a waste reduction and hazardous substance use reduction data base and hot line providing comprehensive referral services to waste generators and hazardous substance users;

(d) Administering a waste reduction and hazardous substance use reduction research and development program;

(e) Coordinating a waste reduction and hazardous substance use reduction public education program that includes the utilization of existing publications from public and private sources, as well as publishing necessary new materials on waste reduction;

Pursuant to a request from a facility such as a business, governmental entity, or other process site in the state, the director may visit the facility making the request for the purposes of observing hazardous substance use and the waste-generating process, obtaining information relevant to waste reduction and hazardous substance use reduction, rendering advice, and making recommendations. No such visit may be regarded as an inspection or investigation, and no notices or citations may be issued, or civil penalty be assessed, upon such a visit. A representative of the director providing advisory or consultative services under this section may not have any enforcement authority.

(3) Consultation and advice given under this section shall be limited to the matters specified in the request and shall include specific techniques of waste reduction and hazardous substance use reduction tailored to the relevant process. In granting any request for advisory or consultative services, the director may provide for an alternative means of affording consultation and advice other than on-site consultation.

70.95C.050 Waste reduction techniques—Workshops and seminars. The office, in coordination with all other state waste reduction technical assistance programs, shall sponsor technical workshops and seminars on waste reduction techniques that have been successfully used to eliminate or reduce substantially the amount of waste or toxicity of hazardous waste generated, or that use in-process reclamation or reuse of spent material. [1988 c 177 § 5.]

70.95C.060 Waste reduction hot line—Data base system. (1) The office shall establish a statewide waste reduction hot line with the capacity to refer waste generators and the public to sources of information on specific waste reduction techniques and procedures. 70.95C.110 Waste reduction and recycling program to promote activities by state agencies—Recycled paper goal. The legislature finds and declares that the buildings and facilities owned and leased by state government produce significant amounts of solid and hazardous wastes, and actions must be taken to reduce and recycle these wastes and thus reduce the costs associated with their disposal. In order for the operations of state government to provide the citizens of the state an example of positive waste management, the legislature further finds and declares that state government

should undertake an aggressive program designed to reduce and recycle solid and hazardous wastes produced in the operations of state buildings and facilities to the maximum extent possible.

The office of waste reduction, in cooperation with the department of general administration, shall establish an intensive waste reduction and recycling program to promote the reduction of waste produced by state agencies and to promote the source separation and recovery of recyclable and reusable materials.

All state agencies, including but not limited to, colleges, community colleges, universities, offices of elected and appointed officers, the supreme court, court of appeals, and administrative departments of state government shall fully cooperate with the office of waste reduction and recycling in all phases of implementing the provisions of this section. The office shall establish a coordinated state plan identifying each agency's participation in waste reduction and recycling. The office shall develop the plan in cooperation with a multi-agency committee on waste reduction and recycling. Appointments to the committee shall be made by the director of the department of general administration. The director shall notify each agency of the committee, which shall implement the applicable waste reduction and recycling plan elements. All state agencies are to use maximum efforts to achieve a goal of increasing the use of recycled paper by fifty percent by July 1, 1993. [1989 c 431 § 53.]

Severability—Section captions not law—1989 c 431: See RCW 70.95.901 and 70.95.902.

70.95C.120 Waste reduction and recycling awards program in K-12 public schools. The office of waste reduction shall develop, in consultation with the superintendent of public instruction, an awards program to achieve waste reduction and recycling in the public schools, grades kindergarten through high school. The office shall develop guidelines for program development and implementation. Each public school shall implement a waste reduction and recycling program conforming to guidelines developed by the office.

For the purpose of granting awards, the office may group schools into not more than three classes, based upon student population, distance to markets for recyclable materials, and other criteria, as deemed appropriate by the office. Except as otherwise provided, five or more awards shall be granted to each of the three classes. Each award shall be a sum of not less than two thousand dollars nor more than five thousand dollars. Awards shall be granted each year to the schools that achieve the greatest levels of waste reduction and recycling. A single award of not less than five thousand dollars shall be presented to the school having the best recycling program as measured by the total amount of materials recycled, including materials generated outside of the school. A single award of not less than five thousand dollars shall be presented to the school having the best waste reduction program as determined by the office.

The superintendent of public instruction shall distribute guidelines and other materials developed by the office to implement programs to reduce and recycle waste generated in administrative offices, classrooms, laboratories, cafeterias,

and maintenance operations. [1991 c 319 § 114; 1989 c 431 § 54.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

Severability—Section captions not law—1989 c 431: See RCW 70.95.901 and 70.95.902.

70.95C.200 Hazardous waste generators and users—Voluntary reduction plan. (1) Each hazardous waste generator who generates more than two thousand six hundred forty pounds of hazardous waste per year and each hazardous substance user, except for those facilities that are primarily permitted treatment, storage, and disposal facilities or recycling facilities, shall prepare a plan for the voluntary reduction of the use of hazardous substances and the generation of hazardous wastes. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculation of hazardous waste generated for purposes of this section. The department may develop reporting requirements, consistent with existing reporting, to establish recycling for beneficial use under this section. Used oil to be re-refined or burned for energy or heat recovery shall not be used in the calculation of hazardous wastes generated for purposes of this section, and is not required to be addressed by plans prepared under this section. A person with multiple interrelated facilities where the processes in the facilities are substantially similar, may prepare a single plan covering one or more of those facilities.

(2) Each user or generator required to write a plan is encouraged to advise its employees of the planning process and solicit comments or suggestions from its employees on hazardous substance use and waste reduction options.

(3) The department shall adopt by April 1, 1991, rules for preparation of plans. The rules shall require the plan to address the following options, according to the following order of priorities: Hazardous substance use reduction, waste reduction, recycling, and treatment. In the planning process, first consideration shall be given to hazardous substance use reduction and waste reduction options. Consideration shall be given next to recycling options. Recycling options may be considered only after hazardous substance use reduction options and waste reduction options have been thoroughly researched and shown to be inappropriate. Treatment options may be considered only after hazardous substance use reduction, waste reduction, and recycling options have been thoroughly researched and shown to be inappropriate. Documentation of the research shall be available to the department upon request. The rules shall also require the plans to discuss the hazardous substance use reduction, waste reduction, and closed loop recycling options separately from other recycling and treatment options. All plans shall be written in conformance with the format prescribed in the rules adopted under this section. The rules shall require the plans to include, but not be limited to:

(a) A written policy articulating management and corporate support for the plan and a commitment to implementing planned activities and achieving established goals;

(b) The plan scope and objectives;

(c) Analysis of current hazardous substance use and hazardous waste generation, and a description of current hazard-

ous substance use reduction, waste reduction, recycling, and treatment activities;

(d) An identification of further hazardous substance use reduction, waste reduction, recycling, and treatment opportunities, and an analysis of the amount of hazardous substance use reduction and waste reduction that would be achieved, and the costs. The analysis of options shall demonstrate that the priorities provided for in this section have been followed;

(e) A selection of options to be implemented in accordance with the priorities established in this section;

(f) An analysis of impediments to implementing the options. Impediments that shall be considered acceptable include, but are not limited to: Adverse impacts on product quality, legal or contractual obligations, economic practicality, and technical feasibility;

(g) A written policy stating that in implementing the selected options, whenever technically and economically practicable, risks will not be shifted from one part of a process, environmental media, or product to another;

(h) Specific performance goals in each of the following categories, expressed in numeric terms:

(i) Hazardous substances to be reduced or eliminated from use;

(ii) Wastes to be reduced or eliminated through waste reduction techniques;

(iii) Materials or wastes to be recycled; and

(iv) Wastes to be treated;

If the establishment of numeric performance goals is not practicable, the performance goals shall include a clearly stated list of objectives designed to lead to the establishment of numeric goals as soon as is practicable. Goals shall be set for a five-year period from the first reporting date;

(i) A description of how the wastes that are not recycled or treated and the residues from recycling and treatment processes are managed may be included in the plan;

(j) Hazardous substance use and hazardous waste accounting systems that identify hazardous substance use and waste management costs and factor in liability, compliance, and oversight costs;

(k) A financial description of the plan;

(l) Personnel training and employee involvement programs;

(m) A five-year plan implementation schedule;

(n) Documentation of hazardous substance use reduction and waste reduction efforts completed before or in progress at the time of the first reporting date; and

(o) An executive summary of the plan, which shall include, but not be limited to:

(i) The information required by (c), (e), (h), and (n) of this subsection; and

(ii) A summary of the information required by (d) and (f) of this subsection.

(4) Upon completion of a plan, the owner, chief executive officer, or other person with the authority to commit management to the plan shall sign and submit an executive summary of the plan to the department.

(5) Plans shall be completed and executive summaries submitted in accordance with the following schedule:

(a) Hazardous waste generators who generated more than fifty thousand pounds of hazardous waste in calendar

year 1991 and hazardous substance users who were required to report in 1991, by September 1, 1992;

(b) Hazardous waste generators who generated between seven thousand and fifty thousand pounds of hazardous waste in calendar year 1992 and hazardous substance users who were required to report for the first time in 1992, by September 1, 1993;

(c) Hazardous waste generators who generated between two thousand six hundred forty and seven thousand pounds of hazardous waste in 1993 and hazardous substance users who were required to report for the first time in 1993, by September 1, 1994;

(d) Hazardous waste generators who have not been required to complete a plan on or prior to September 1, 1994, must complete a plan by September 1 of the year following the first year that they generate more than two thousand six hundred forty pounds of hazardous waste; and

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.210 Voluntary reduction plan—Exemption.

A person required to prepare a plan under RCW 70.95C.200 because of the quantity of hazardous waste generated may petition the director to be excused from this requirement. The person must demonstrate to the satisfaction of the director that the quantity of hazardous waste generated was due to unique circumstances not likely to be repeated and that the person is unlikely to generate sufficient hazardous waste to require a plan in the next five years. [1990 c 114 § 7.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.220 Voluntary reduction plan, executive summary, or progress report—Department review. (1)

The department may review a plan, executive summary, or an annual progress report to determine whether the plan, executive summary, or annual progress report is adequate pursuant to the rules developed under this section and with the provisions of RCW 70.95C.200. In determining the adequacy of any plan, executive summary, or annual progress report, the department shall base its determination solely on whether the plan, executive summary, or annual progress report is com-

plete and prepared in accordance with the provisions of RCW 70.95C.200.

(2) Plans developed under RCW 70.95C.200 shall be retained at the facility of the hazardous substance user or hazardous waste generator preparing a plan. The plan is not a public record under the public disclosure laws of the state of Washington contained in chapter 42.17 RCW. A user or generator required to prepare a plan shall permit the director or a representative of the director to review the plan to determine its adequacy. No visit made by the director or a representative of the director to a facility for the purposes of this subsection may be regarded as an inspection or investigation, and no notices or citations may be issued, nor any civil penalty assessed, upon such a visit.

(3) If a hazardous substance user or hazardous waste generator fails to complete an adequate plan, executive summary, or annual progress report, the department shall notify the user or generator of the inadequacy, identifying specific deficiencies. For the purposes of this section, a deficiency may include failure to develop a plan, failure to submit an executive summary pursuant to the schedule provided in RCW 70.95C.200(5), and failure to submit an annual progress report pursuant to the rules developed under RCW 70.95C.200(6). The department shall specify a reasonable time frame, of not less than ninety days, within which the user or generator shall complete a modified plan, executive summary, or annual progress report addressing the specified deficiencies.

(4) If the department determines that a modified plan, executive summary, or annual progress report is inadequate, the department may, within its discretion, either require further modification or enter an order pursuant to subsection (5)(a) of this section.

(5)(a) If, after having received a list of specified deficiencies from the department, a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete modification of a plan, executive summary, or annual progress report within the time period specified by the department, the department may enter an order pursuant to chapter 34.05 RCW finding the user or generator not in compliance with the requirements of RCW 70.95C.200. When the order is final, the department shall notify the department of revenue to charge a penalty fee. The penalty fee shall be the greater of one thousand dollars or three times the amount of the user's or generator's previous year's fee, in addition to the current year's fee. If no fee was assessed the previous year, the penalty shall be the greater of one thousand dollars or three times the amount of the current year's fee. The penalty assessed under this subsection shall be collected each year after the year for which the penalty was assessed until an adequate plan or executive summary is completed.

(b) If a hazardous substance user or hazardous waste generator required to prepare a plan fails to complete an adequate plan, executive summary, or annual progress report after the department has levied against the user or generator the penalty provided in (a) of this subsection, the user or generator shall be required to pay a surcharge to the department whenever the user or generator disposes of a hazardous waste at any hazardous waste incinerator or hazardous waste landfill facility located in Washington state, until a plan, executive summary, or annual progress report is completed and

determined to be adequate by the department. The surcharge shall be equal to three times the fee charged for disposal. The department shall furnish the incinerator and landfill facilities in this state with a list of environmental protection agency/state identification numbers of the hazardous waste generators that are not in compliance with the requirements of RCW 70.95C.200. [1990 c 114 § 8.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.230 Appeal of department order or surcharge. A user or generator may appeal from a department order or a surcharge under RCW 70.95C.220 to the pollution control hearings board pursuant to chapter 43.21B RCW. [1990 c 114 § 9.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.240 Public inspection of plans, summaries, progress reports. (1) The department shall make available for public inspection any executive summary or annual progress report submitted to the department. Any hazardous substance user or hazardous waste generator required to prepare an executive summary or annual progress report who believes that disclosure of any information contained in the executive summary or annual progress report may adversely affect the competitive position of the user or generator may request the department pursuant to RCW 43.21A.160 to delete from the public record those portions of the executive summary or annual progress report that may affect the user's or generator's competitive position. The department shall not disclose any information contained in an executive summary or annual progress report pending a determination of whether the department will delete any information contained in the report from the public record.

(2) Any ten persons residing within ten miles of a hazardous substance user or hazardous waste generator required to prepare a plan may file with the department a petition requesting the department to examine a plan to determine its adequacy. The department shall report its determination of adequacy to the petitioners and to the user or generator within a reasonable time. The department may deny a petition if the department has within the previous year determined the plan of the user or generator named in the petition to be adequate.

(3) The department shall maintain a record of each plan, executive summary, or annual progress report it reviews, and a list of all plans, executive summaries, or annual progress reports the department has determined to be inadequate, including descriptions of corrective actions taken. This information shall be made available to the public. [1990 c 114 § 10.]

Severability—1990 c 114: See RCW 70.95E.900.

70.95C.250 Multimedia permit pilot program—Air, water, hazardous waste management. (1) Not later than January 1, 1995, the department shall designate an industry type and up to ten individual facilities within that industry type to be the focus of a pilot multimedia program. The program shall be designed to coordinate department actions related to environmental permits, plans, approvals, certificates, registrations, technical assistance, and inspections. The program shall also investigate the feasibility of issuing facil-

ity-wide permits. The director shall determine the industry type and facilities based on:

- (a) A review of at least three industry types; and
- (b) Criteria which shall include at least the following factors:

(i) The potential for the industry to serve as a statewide model for multimedia environmental programs including pollution prevention;

(ii) Whether the industry type is subject to regulatory requirements relating to at least two of the following subject areas: Air quality, water quality, or hazardous waste management;

(iii) The existence within the industry type of a range of business sizes; and

(iv) Voluntary participation in the program.

(2) In developing the program, the department shall consult with and seek the cooperation of the environmental protection agency.

(3) For purposes of this section, "facility-wide permit" means a single multimedia permit issued by the department to the owner or operator of a facility incorporating the permits and any other relevant department approvals previously issued to the owner or operator or currently required by the department. [1998 c 245 § 134; 1994 c 248 § 1.]

Conflict with federal requirements—1994 c 248: "If any part of this act is found to be in conflict with federal requirements, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned." 70.95D.020 Incineration facilities—Owner and operator certification requirements. (1) By January 1, 1992, the owner or operator of a solid waste incineration facility shall employ a certified operator. At a minimum, the individual on-site at a solid waste incineration facility who is designated by the owner as the operator in responsible charge of the operation and maintenance of the facility on a routine basis shall be certified by the department.

(2) If a solid waste incinerator is operated on more than one daily shift, the operator in charge of each shift shall be certified.

(3) Operators not required to be certified are encouraged to become certified on a voluntary basis.

(4) The department shall adopt and enforce such rules as may be necessary for the administration of this section. [1989 c 431 § 66.]

70.95D.030 Landfills—Owner and operator certification requirements. (1) By January 1, 1992, the owner or operator of a landfill shall employ a certified landfill operator.

(2) For each of the following types of landfills defined in existing regulations: Inert, demolition waste, problem waste, and municipal solid waste, the department shall adopt rules classifying all landfills in each class. The factors to be considered in the classification shall include, but not be limited to, the type and amount of waste in place and projected to be disposed of at the site, whether the landfill currently meets state and federal operating criteria, the location of the landfill, and such other factors as may be determined to affect the skill, knowledge, and experience required of an operator to operate the landfill in a manner protective of human health and the environment.

(3) The rules shall identify the landfills in each class in which the owner or operator will be required to employ a certified landfill operator who is on-site at all times the landfill is operating. At a minimum, the rule shall require that owners and operators of landfills are required to employ a certified landfill operator who is on call at all times the landfill is operating. [1989 c 431 § 67.]

70.95D.040 Certification process—Suspension of license or certificate for noncompliance with support order. (1) The department shall establish a process to certify incinerator and landfill operators. (3) By January 1, 1991, the department shall adopt rules to require incinerator and appropriate landfill operators to:

(a) Attend a training session concerning the operation of the relevant type of landfill or incinerator;

(b) Demonstrate sufficient skill and competency for proper operation of the incinerator or landfill by successfully completing an examination prepared by the department; and

(c) Renew the certificate of competency at reasonable intervals established by the department.

(7) Upon July 23, 1989, and prior to January 1, 1992, the owner or operator of an incinerator or landfill may apply to the department for interim certification. Operators shall receive interim certification if they:

(a) Have received training provided by a recognized national organization, educational institution, or the federal government that is acceptable to the department; or

(b) Have received individualized training in a manner approved by the department; and

(c) Have successfully completed any required examinations.

(8) No interim certification shall be valid after January 1, 1992, and interim certification shall not automatically qualify operators for certification pursuant to subsections (2) through (4) of this section.

(9) The department shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a *residential or visitation order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order. 70.95E.020 Hazardous waste generation—Fee. A fee is imposed for the privilege of generating hazardous waste in the state. The annual amount of the fee shall be thirty-five dollars upon every hazardous waste generator doing business in Washington in the current calendar year or any part thereof. This fee shall be collected by the department or its designee. A hazardous waste generator shall be exempt from the fee imposed under this section if the value of products,

gross proceeds of sales, or gross income of the business, from all business activities of the hazardous waste generator, is less than twelve thousand dollars in the current calendar year. The department shall, subject to appropriation, use the funds collected from the fees assessed in this subsection to support the activities of the office of waste reduction as specified in RCW 70.95C.030. Hazardous waste generators and hazardous substance users required to prepare plans under RCW 70.95C.200 shall pay an annual fee to support implementation of RCW 70.95C.200 and 70.95C.040. These fees are to be used by the department, subject to appropriation, for plan review, technical assistance to facilities that are required to prepare plans, other activities related to plan development and implementation, and associated indirect costs. The total fees collected under this subsection shall not exceed the department's costs of implementing RCW 70.95C.200 and 70.95C.040 and shall not exceed one million dollars per year. The annual fee for a facility shall not exceed ten thousand dollars per year. Any facility that generates less than two thousand six hundred forty pounds of hazardous waste per waste generation site in the previous calendar year shall be exempt from the fee imposed by this section. The annual fee for a facility generating at least two thousand six hundred forty pounds but not more than four thousand pounds of hazardous waste per waste generation site in the previous calendar year shall not exceed fifty dollars. A person that develops a plan covering more than one interrelated facility as provided for in RCW 70.95C.200 shall be assessed fees only for the number of plans prepared. The department shall adopt a fee schedule by rule after consultation with typical affected businesses and other interested parties. Hazardous waste generated and recycled for beneficial use, including initial amount of hazardous substances introduced into a process and subsequently recycled for beneficial use, shall not be used in the calculations of hazardous waste generated for purposes of this section.

The annual fee imposed by this section shall be first due on July 1 of the year prior to the year that the facility is required to prepare a plan, and by July 1 of each year thereafter. [1994 c 136 § 3; 1990 c 114 § 13.]

70.95E.040 Fees—Generally. On an annual basis, the department shall adjust the fees provided for in RCW 70.95E.020 and 70.95E.030, including the maximum annual fee, and maximum total fees, by conducting the calculation in subsection (1) of this section and taking the actions set forth in subsection (2) of this section:

(1) In November of each year, the fees, annual fee, and maximum total fees imposed in RCW 70.95E.020 and 70.95E.030, or as subsequently adjusted by this section, shall be multiplied by a factor equal to the most current quarterly "price deflator" available, divided by the "price deflator" used in the numerator the previous year. However, the "price

deflator" used in the denominator for the first adjustment shall be defined by the second quarter "price deflator" for 1990.

(2) Each year by March 1 the fee schedule, as adjusted in subsection (1) of this section will be published. The department will round the published fees to the nearest dollar. [1990 c 114 § 14.]

70.95E.050 Administration of fees. In administration of this chapter for the enforcement and collection of the fees due and owing under RCW 70.95E.020 and 70.95E.030, the department may apply RCW 43.17.240. [1995 c 207 § 3; 1994 c 136 § 4; 1990 c 114 § 15.]

Effective date—1995 c 207: See note following RCW 70.95E.010.

Technical assistance may include the activities authorized under chapter 70.95C RCW and RCW 70.105.170 to encourage hazardous waste reduction and hazardous use reduction and the assistance provided for by RCW 70.105.100(2).

Compliance education may include the activities authorized under RCW 70.105.100(2) to train local agency officials and to inform hazardous substance users and hazardous waste generators and owners and operators of hazardous waste management facilities of the requirements of chapter 70.105 RCW and related federal laws and regulations. To the extent practicable, the department shall contract with private businesses to provide compliance education.

Grants to local governments shall be used for small quantity generator technical assistance and compliance education components of their moderate risk waste plans as required by RCW 70.105.220. [1995 c 207 § 4; 1990 c 114 § 19.]

Effective date—1995 c 207: See note following RCW 70.95E.010.

| 70.95G.900 | Severability—Part headings not law—1991 c 319. |

70.95G.005 Finding. The legislature finds and declares that:

(1) The management of solid waste can pose a wide range of hazards to public health and safety and to the environment;

(2) Packaging comprises a significant percentage of the overall solid waste stream;

(3) The presence of heavy metals in packaging is a part of the total concern in light of their likely presence in emissions or ash when packaging is incinerated, or in leachate when packaging is landfilled;

(4) Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern;

(5) The intent of this chapter is to achieve a reduction in toxicity without impeding or discouraging the expanded use of postconsumer materials in the production of packaging and its components. [1991 c 319 § 106.]

Report to legislature—1991 c 319: "By July 1, 1993, the solid waste advisory committee created under chapter 70.95 RCW shall report to the appropriate standing committees of the legislature on the need to further reduce toxic metals from packaging. The report shall contain recommendations to add other toxic substances contained in packaging to the list set forth in this chapter, including but not limited to mutagens, carcinogens, and teratogens, in order to further reduce the toxicity of packaging waste, and shall contain a recommendation regarding imposition of penalty for violation of section 108 of this act." [1991 c 319 § 113.]

70.95G.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Package" means a container providing a means of marketing, protecting, or handling a product and shall include a unit package, an intermediate package, and a shipping container. "Package" also means and includes unsealed receptacles such as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.

(2) "Manufacturer" means a person, firm, or corporation that applies a package to a product for distribution or sale.

(3) "Packaging component" means an individual assembled part of a package such as, but not limited to, any interior or exterior blocking, bracing, cushioning, weatherproofing, exterior strapping, coatings, closures, inks, and labels. [1991 c 319 § 107.]

70.95G.020 Concentration levels. The sum of the concentration levels of lead, cadmium, mercury, and hexavalent chromium present in any package or packaging component shall not exceed the following:

(1) Six hundred parts per million by weight effective July 1, 1993;

(2) Two hundred fifty parts per million by weight effective July 1, 1994; and

(3) One hundred parts per million by weight effective July 1, 1995.

This section shall apply only to lead, cadmium, mercury, and hexavalent chromium that has been intentionally introduced as an element during manufacturing or distribution. [1992 c 131 § 1; 1991 c 319 § 108.]

70.95G.030 Exemptions. All packages and packaging components shall be subject to this chapter except the following:

(1) Those packages or package components with a code indicating date of manufacture that were manufactured prior to May 21, 1991;

(2) Those packages or packaging components that have been purchased by, delivered to, or are possessed by a retailer on or before twenty-four months following May 21, 1991, to permit opportunity to clear existing inventory of the proscribed packaging material;

(3) Those packages or packaging components to which lead, cadmium, mercury, or hexavalent chromium have been

added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or for which there is no feasible alternative; or

(4) Those packages and packaging components that would not exceed the maximum contaminant levels set forth in RCW 70.95G.020(1) but for the addition of postconsumer materials; and provided that the exemption for this subsection shall expire six years after May 21, 1991. [1991 c 319 § 109.]

70.95G.040 Certificate of compliance. By July 1, 1993, a certificate of compliance stating that a package or packaging component is in compliance with the requirements of this chapter shall be developed by its manufacturer. If compliance is achieved under the exemption or exemptions provided in RCW 70.95G.030 (3) or (4), the certificate shall state the specific basis upon which the exemption is claimed. The certificate of compliance shall be signed by an authorized official of the manufacturing company. The certificate of compliance shall be kept on file by the manufacturer for as long as the package or packaging component is in use, and for three years from the date of the last sale or distribution by the manufacturer. Certificates of compliance, or copies thereof, shall be furnished to the department of ecology upon request within sixty days. If manufacturers are required under any other state statute to provide a certificate of compliance, one certificate may be developed containing all required information.

If the manufacturer or supplier of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer shall develop an amended or new certificate of compliance for the reformulated or new package or packaging component. [1991 c 319 § 110.]

70.95G.050 Certificate of compliance—Public access. Requests from a member of the public for any certificate of compliance shall be:

(1) Made in writing to the department of ecology;

(2) Made specific as to package or packaging component information requested; and

(3) Responded to by the department of ecology within ninety days. [1991 c 319 § 111.]

70.95G.060 Prohibition of sale of package. The department of ecology may prohibit the sale of any package for which a manufacturer has failed to respond to a request by the department for a certificate of compliance within the allotted period of time pursuant to RCW 70.95G.040. [1991 c 319 § 112.]

70.95G.900 Severability—Part headings not law—1991 c 319. See RCW 70.95F.900 and 70.95F.901.

 70.95H.902 Severability—Part headings not law—1991 c 319.

70.95H.005 Finding. (1) The legislature finds that:

(a) Recycling conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, and promotes health and environmental protection;

(b) Seventy-eight percent of the citizens of the state actively participate in recycling programs and Washington currently has the highest recycling rate in the nation;

(c) The current supply of many recycled commodities far exceeds the demand for such commodities;

(d) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature; and

(e) The private sector has the greatest capacity for creating and expanding markets for recycled commodities, and the development of private markets for recycled commodities is in the public interest.

(2) It is therefore the policy of the state to create a single entity to be known as the clean Washington center to develop new, and expand existing, markets for recycled commodities. [1991 c 319 § 201.]

70.95H.007 Center created. There is created the clean Washington center within the department of community, trade, and economic development. As used in this chapter, "center" means the clean Washington center. [1995 c 399 § 192; 1991 c 319 § 202.]

70.95H.010 Purpose—Market development defined. The purpose of the center is to provide or facilitate business assistance, basic and applied research and development, marketing, public education, and policy analysis in furthering the development of markets for recycled products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission the center shall primarily direct its services to businesses that transform or remanufacture waste materials into usable or marketable materials or products for use other than landfill disposal or incineration. [1991 c 319 § 203.]

70.95H.030 Duties and responsibilities. The center shall:

(1) Provide targeted business assistance to recycling businesses, including:

- (a) Development of business plans;
- (b) Market research and planning information;
- (c) Access to financing programs;
- (d) Referral and information on market conditions; and
- (e) Information on new technology and product development;

(2004 Ed.)

(2) Negotiate voluntary agreements with manufacturers to increase the use of recycled materials in product development;

(3) Support and provide research and development to stimulate and commercialize new and existing technologies and products using recycled materials;

(4) Undertake an integrated, comprehensive education effort directed to recycling businesses to promote processing, manufacturing, and purchase of recycled products, including:

(a) Provide information to recycling businesses on the availability and benefits of using recycled materials;

(b) Provide information and referral services on recycled material markets;

(c) Provide information on new research and technologies that may be used by local businesses and governments; and

(d) Participate in projects to demonstrate new market uses or applications for recycled products;

(5) Assist the departments of ecology and general administration in the development of consistent definitions and standards on recycled content, product performance, and availability;

(6) Undertake studies on the unmet capital needs of reprocessing and manufacturing firms using recycled materials;

(7) Undertake and participate in marketing promotions for the purposes of achieving expanded market penetration for recycled content products;

(8) Coordinate with the department of ecology to ensure that the education programs of both are mutually reinforcing, with the center acting as the lead entity with respect to recycling businesses, and the department as the lead entity with respect to the general public and retailers;

(9) Develop an annual work plan. The plan shall describe actions and recommendations for developing markets for commodities comprising a significant percentage of the waste stream and having potential for use as an industrial or commercial feedstock. The initial plan shall address, but not be limited to, mixed waste paper, waste tires, yard and food waste, and plastics; and

(10) Represent the state in regional and national market development issues. [1992 c 131 § 2; 1991 c 319 § 205.]

70.95H.040 Authority. In order to carry out its responsibilities under this chapter, the center may:

(1) Receive such gifts, grants, funds, fees, and endowments, in trust or otherwise, for the use and benefit of the purposes of the center. The center may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments;

(2) Initiate, conduct, or contract for studies and searches relating to market development for recyclable materials, including but not limited to applied research, technology transfer, and pilot demonstration projects;

(3) Obtain and disseminate information relating to market development for recyclable materials from other state and local agencies;

(4) Enter into, amend, and terminate contracts with individuals, corporations, trade associations, and research institutions for the purposes of this chapter;

(5) Provide grants to local governments or other public institutions to further the development of recycling markets;

(6) Provide business and marketing assistance to public and private sector entities within the state; and

(7) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials. [1991 c 319 § 206.]

70.95H.050 Funding. The center shall solicit financial contributions and support from manufacturing industries and other private sector sources, foundations, and grants from governmental sources to assist in conducting its activities. It may also use separately appropriated funds of the department of community, trade, and economic development for the center's activities. [1995 c 399 § 194; 1991 c 319 § 207.]

70.95H.900 Termination. The center shall terminate on June 30, 1997. [1991 c 319 § 209.]

70.95H.901 Captions not law. Section headings as used in this chapter do not constitute any part of the law. [1991 c 319 § 211.]

70.95I.005 Finding. (1) The legislature finds that:

(a) Millions of gallons of used oil are generated each year in this state, and used oil is a valuable petroleum resource that can be recycled;

(b) The improper collection, transportation, recycling, use, or disposal of used oil contributes to the pollution of air, water, and land, and endangers public health and welfare;

(c) The private sector is a vital resource in the collection and recycling of used oil and should be involved in its collection and recycling whenever practicable.

(2) In light of the harmful consequences of improper disposal and use of used oil, and its value as a resource, the legislature declares that the collection, recycling, and reuse of used oil is in the public interest.

(3) The department, when appropriate, should promote the rerefining of used oil in its grants, public education, regulation, and other programs. [1991 c 319 § 301.]

Hazardous waste: Chapter 70.95C RCW.

70.95I.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Rerefining used oil" means the reclaiming of base lube stock from used oil for use again in the production of lube stock. Rerefining used oil does not mean combustion or landfilling.

(2) "Used oil" means (a) lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, hydraulic device, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine; (b) any oil that has been refined from crude oil, used, and as a result of use, has been contaminated with physical or chemical impurities; and (c) any oil that has been refined from crude oil and, as a consequence of extended storage, spillage, or contamination, is no longer useful to the original purchaser. "Used oil" does not include used oil to which hazardous wastes have been added.

(3) "Public used oil collection site" means a site where a used oil collection tank has been placed for the purpose of collecting household generated used oil. "Public used oil collection site" also means a vehicle designed or operated to collect used oil from the public.

(4) "Lubricating oil" means any oil designed for use in, or maintenance of, a vehicle, including, but not limited to, motor oil, gear oil, and hydraulic oil. "Lubricating oil" does not mean petroleum hydrocarbons with a flash point below one hundred degrees Centigrade.

(5) "Vehicle" includes every device physically capable of being moved upon a public or private highway, road, street, watercourse, or trail, and in, upon, or by which any person or property is or may be transported or drawn upon a public or private highway, road, street, watercourse, or trail, except devices moved by human or animal power.

(6) "Department" means the department of ecology.

(7) "Local government" means a city or county developing a local hazardous waste plan under RCW 70.105.220. [1991 c 319 § 302.]

70.95I.020 Used oil recycling element. (1) Each local government and its local hazardous waste plan under RCW 70.105.220 is required to include a used oil recycling element. This element shall include:

(a) A plan to reach the local goals for household used oil recycling established by the local government and the department under RCW 70.95I.030. The plan shall, to the maximum extent possible, incorporate voluntary agreements with the private sector and state agencies to provide sites for the collection of used oil. Where provided, the plan shall also incorporate residential collection of used oil;

(b) A plan for enforcing the sign and container ordinances required by RCW 70.95I.040;

(c) A plan for public education on used oil recycling; and

(d) An estimate of funding needed to implement the requirements of this chapter. This estimate shall include a budget reserve for disposal of contaminated oil detected at any public used oil collection site administered by the local government.

(2) By July 1, 1993, each local government or combination of contiguous local governments shall submit its used oil recycling element to the department. The department shall

approve or disapprove the used oil recycling element by January 1, 1994, or within ninety days of submission, whichever is later. The department shall approve or disapprove the used oil recycling element if it determines that the element is consistent with this chapter and the guidelines developed by the department under RCW 70.95I.030.

(3) Each local government, or combination of contiguous local governments, shall submit an annual statement to the department describing the number of used oil collection sites and the quantity of household used oil recycled for the jurisdiction during the previous calendar year. The first statement shall be due April 1, 1994. Subsequent statements shall be due April 1st of each year.

Nothing in this section shall be construed to require a city or county to construct or operate a public used oil collection site. [1991 c 319 § 303.]

70.95I.030 Used oil recycling element guidelines—Waiver—Statewide goals. (1) By July 1, 1992, the department shall, in consultation with local governments, prepare guidelines for the used oil recycling elements required by RCW 70.95I.020. The guidelines shall:

(a) Require development of local collection and refining goals for household used oil for each entity preparing a used oil recycling element under RCW 70.95I.020;

(b) Require local government to recommend the number of used oil collection sites needed to meet the local goals. The department shall establish criteria regarding minimum levels of used oil collection sites;

(c) Require local government to identify locations suitable as public used oil collection sites as described under RCW 70.95I.020(1)(a).

(2) The department may waive all or part of the specific requirements of RCW 70.95I.020 if a local government demonstrates to the satisfaction of the department that the objectives of this chapter have been met.

(3) The department may prepare and implement a used oil recycling plan for any local government failing to complete the used oil recycling element of the plan.

(4) The department shall develop statewide collection and refining goals for household used oil for each calendar year beginning with calendar year 1994. Goals shall be based on the estimated statewide collection and refining rate for calendar year 1993, and shall increase each year until calendar year 1996, when the rate shall be eighty percent.

(5) By July 1, 1993, the department shall prepare guidelines establishing statewide equipment and operating standards for public used oil collection sites. Standards shall:

(a) Allow the use of used oil collection igloos and other types of portable used oil collection tanks;

(b) Prohibit the disposal of nonhousehold-generated used oil;

(c) Limit the amount of used oil deposited to five gallons per household per day;

(d) Ensure adequate protection against leaks and spills; and

(e) Include other requirements deemed appropriate by the department. [1991 c 319 § 304.]

(2004 Ed.)

70.95I.040 Oil sellers—Education responsibility—Penalty. (1) A person annually selling one thousand or more gallons of lubricating oil to ultimate consumers for use or installation off the premises, or five hundred or more vehicle oil filters to ultimate consumers for use or installation off the premises within a city or county having an approved used oil recycling element, shall:

(a) Post and maintain at or near the point of sale, durable and legible signs informing the public of the importance of used oil recycling and how and where used oil may be properly recycled; and

(b) Provide for sale at or near the display location of the lubricating oil or vehicle oil filters, household used oil recycling containers. The department shall design and print the signs required by this section, and shall make them available to local governments and retail outlets.

(2) A person, who, after notice, violates this section is guilty of a misdemeanor and on conviction is subject to a fine not to exceed one thousand dollars.

(3) The department is responsible for notifying retailers subject to this section.

(4) A city or county may adopt household used oil recycling container standards in order to ensure compatibility with local recycling programs.

(5) Each local government preparing a used oil recycling element of a local hazardous waste plan pursuant to RCW 70.95I.020 shall adopt ordinances within its jurisdiction to enforce subsections (1) and (4) of this section. [1991 c 319 § 305.]

70.95I.050 Statewide education. The department shall conduct a public education program to inform the public of the needs for and benefits of collecting and recycling used oil in order to conserve resources and protect the environment. As part of this program, the department shall:

(1) Establish and maintain a statewide list of public used oil collection sites, and a list of all persons coordinating local government used oil programs;

(2) Establish a statewide media campaign describing used oil recycling;

(3) Assist local governments in providing public education and awareness programs concerning used oil by providing technical assistance and education materials; and

(4) Encourage the establishment of voluntary used oil collection and recycling programs, including public-private partnerships, and provide technical assistance to persons organizing such programs. [1991 c 319 § 306.]

70.95I.060 Disposal of used oil—Penalty. (1) Effective January 1, 1992, the use of used oil for dust suppression or weed abatement is prohibited.

(2) Effective July 1, 1992, no person may sell or distribute absorbent-based kits, intended for home use, as a means for collecting, recycling, or disposing of used oil.

(3) Effective January 1, 1994, no person may knowingly dispose of used oil except by delivery to a person collecting used oil for recycling, treatment, or disposal, subject to the provisions of this chapter and chapter 70.105 RCW.

(4) Effective January 1, 1994, no owner or operator of a solid waste landfill may knowingly accept used oil for disposal in the landfill.

(5) A person who violates this section is guilty of a misdemeanor. [1991 c 319 § 307.]

70.951.070 Used oil transporter and processor requirements—Civil penalties. (1) By January 1, 1993, the department shall adopt rules requiring any transporter of used oil to comply with minimum notification, invoicing, record-keeping, and reporting requirements. For the purpose of this section, a transporter means a person engaged in the off-site transportation of used oil in quantities greater than twenty-five gallons per day.

(2) By January 1, 1993, the department shall adopt minimum standards for used oil that is blended into fuels. Standards shall, at a minimum, establish testing and recordkeeping requirements. Unless otherwise exempted, a processor is any person involved in the marketing, blending, mixing, or processing of used oil to produce fuel to be burned for energy recovery.

(3) Any person who knowingly transports used oil without meeting the requirements of this section shall be subject to civil penalties under chapter 70.105 RCW.

(4) Rules developed under this section shall not require a manifest from individual residences served by a waste oil curbside collection program. [1991 c 319 § 308.]

70.951.080 Above-ground used oil collection tanks. By January 1, 1987, the state fire protection board, in cooperation with the department of ecology, shall develop a state-wide standard for the placement of above-ground tanks to collect used oil from private individuals for recycling purposes. 70.95J.005 Findings—Municipal sewage sludge as a beneficial commodity. (1) The legislature finds that:

(a) Municipal sewage sludge is an unavoidable byproduct of the wastewater treatment process;

(b) Population increases and technological improvements in wastewater treatment processes will double the amount of sludge generated within the next ten years;

(c) Sludge management is often a financial burden to municipalities and to ratepayers;

(d) Properly managed municipal sewage sludge is a valuable commodity and can be beneficially used in agriculture, silviculture, and in landscapes as a soil conditioner; and

(e) Municipal sewage sludge can contain metals and microorganisms that, under certain circumstances, may pose a risk to public health.

(2) The legislature declares that a program shall be established to manage municipal sewage sludge and that the program shall, to the maximum extent possible, ensure that municipal sewage sludge is reused as a beneficial commodity and is managed in a manner that minimizes risk to public health and the environment. [1992 c 174 § 1.]

70.95J.007 Purpose—Federal requirements. The purpose of this chapter is to provide the department of ecology and local governments with the authority and direction to meet federal regulatory requirements for municipal sewage sludge. The department of ecology may seek delegation and administer the sludge permit program required by the federal clean water act as it existed February 4, 1987. [1992 c 174 § 2.]

70.95J.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biosolids" means municipal sewage sludge that is a primarily organic, semisolid product resulting from the wastewater treatment process, that can be beneficially recycled and meets all requirements under this chapter. For the purposes of this chapter, "biosolids" includes septic tank sludge, also known as septage, that can be beneficially recycled and meets all requirements under this chapter.

(2) "Department" means the department of ecology.

(3) "Local health department" has the same meaning as "jurisdictional health department" in RCW 70.95.030.

(4) "Municipal sewage sludge" means a semisolid substance consisting of settled sewage solids combined with varying amounts of water and dissolved materials generated from a publicly owned wastewater treatment plant. [1992 c 174 § 3.]

70.95J.020 Biosolid management program—Transportation of biosolids and sludge. (1) The department shall adopt rules to implement a biosolid management program within twelve months of the adoption of federal rules, 40 C.F.R. Sec. 503, relating to technical standards for the use and disposal of sewage sludge. The biosolid management program shall, at a minimum, conform with all applicable federal rules adopted pursuant to the federal clean water act as it existed on February 4, 1987.

(2) In addition to any federal requirements, the state biosolid management program may include, but not be limited

to, an education program to provide relevant legal and scientific information to local governments and citizen groups.

(3) Rules adopted by the department under this section shall provide for public input and involvement for all state and local permits.

(4) Materials that have received a permit as a biosolid shall be regulated pursuant to this chapter.

(5) The transportation of biosolids and municipal sewage sludge shall be governed by Title 81 RCW. Certificates issued by the utilities and transportation commission before June 11, 1992, that include or authorize transportation of municipal sewage sludge shall continue in force and effect and be interpreted to include biosolids. [1992 c 174 § 4.]

70.95J.025 Biosolids permits—Fees—Biosolids permit account—Report. (1) The department shall establish annual fees to collect expenses for issuing and administering biosolids permits under this chapter. An initial fee schedule shall be established by rule and shall be adjusted no more often than once every two years. This fee schedule applies to all permits, regardless of date of issuance, and fees shall be assessed prospectively. Fees shall be established in amounts to recover expenses incurred by the department in processing permit applications and modifications, reviewing related plans and documents, monitoring, evaluating, conducting inspections, overseeing performance of delegated program elements, providing technical assistance and supporting overhead expenses that are directly related to these activities.

(2) The annual fee paid by a permittee for any permit issued under this chapter shall be determined by the number of residences or residential equivalents contributing to the permittee's biosolids management system. If residences or residential equivalents cannot be determined or reasonably estimated, fees shall be based on other appropriate criteria.

(3) The biosolids permit account is created in the state treasury. All receipts from fees under this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of administering permits under this chapter.

(4) The department shall present a biennial progress report on the use of moneys from the biosolids permit account to the legislature. The first report is due on or before December 31, 1998, and thereafter on or before December 31st of odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

(5) The department shall work with the regulated community and local health departments to study the feasibility of modifying the fee schedule to support delegated local health departments and reduce local health department fees paid by biosolids permittees. [1997 c 398 § 1.]

70.95J.030 Beneficial uses for biosolids and glassified sewage sludge. The department may work with all appropriate state agencies, local governments, and private entities to establish beneficial uses for biosolids and glassified sewage sludge. [1992 c 174 § 5.]

(2004 Ed.)

70.95J.040 Violations—Orders. If a person violates any provision of this chapter, or a permit issued or rule adopted pursuant to this chapter, the department may issue an appropriate order to assure compliance with the chapter, permit, or rule. [1992 c 174 § 6.]

70.95J.050 Enforcement of chapter. The department, with the assistance of the attorney general, may bring an action at law or in equity, including an action for injunctive relief, to enforce this chapter or a permit issued or rule adopted by the department pursuant to this chapter. [1992 c 174 § 7.]

70.95J.060 Violations—Punishment. A person who willfully violates, without sufficient cause, any of the provisions of this chapter, or a permit or order issued pursuant to this chapter, is guilty of a gross misdemeanor. Willful violation of this chapter, or a permit or order issued pursuant to this chapter is a gross misdemeanor punishable by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation. [1992 c 174 § 8.]

70.95J.070 Violations—Monetary penalty. In addition to any other penalty provided by law, a person who violates this chapter or rules or orders adopted or issued pursuant to it shall be subject to a penalty in an amount of up to five thousand dollars a day for each violation. Each violation shall be a separate violation. In the case of a continuing violation, each day of violation is a separate violation. An act of commission or omission that procures, aids, or abets in the violation shall be considered a violation under this section. [1992 c 174 § 9.]

70.95J.080 Delegation to local health department—Generally. The department may delegate to a local health department the powers necessary to issue and enforce permits to use or dispose of biosolids. A delegation may be withdrawn if the department finds that a local health department is not effectively administering the permit program. [1992 c 174 § 10.]

70.95J.090 Delegation to local health department—Review. (1) Any permit issued by a local health department under RCW 70.95J.080 may be reviewed by the department to ensure that the proposed site or facility conforms with all applicable laws, rules, and standards under this chapter.

(2) If the department does not approve or disapprove a permit within sixty days, the permit shall be considered approved.

(3) A local health department may appeal the department's decision to disapprove a permit to the pollution control hearings board, as provided in chapter 43.21B RCW. [1992 c 174 § 11.]

70.95K.005 Findings. The legislature finds and declares that:

(1) It is a matter of statewide concern that biomedical waste be handled in a manner that protects the health, safety, and welfare of the public, the environment, and the workers who handle the waste.

(2) Infectious disease transmission has not been identified from improperly disposed biomedical waste, but the potential for such transmission may be present.

(3) A uniform, statewide definition of biomedical waste will simplify compliance with local regulations while preserving local control of biomedical waste management. [1992 c 14 § 1.]

70.95K.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomedical waste" means, and is limited to, the following types of waste:

(a) "Animal waste" is waste animal carcasses, body parts, and bedding of animals that are known to be infected with, or that have been inoculated with, human pathogenic microorganisms infectious to humans.

(b) "Biosafety level 4 disease waste" is waste contaminated with blood, excretions, exudates, or secretions from humans or animals who are isolated to protect others from highly communicable infectious diseases that are identified as pathogenic organisms assigned to biosafety level 4 by the centers for disease control, national institute of health, biosafety in microbiological and biomedical laboratories, current edition.

(c) "Cultures and stocks" are wastes infectious to humans and includes specimen cultures, cultures and stocks of etiologic agents, wastes from production of biologicals and serums, discarded live and attenuated vaccines, and laboratory waste that has come into contact with cultures and stocks of etiologic agents or blood specimens. Such waste includes but is not limited to culture dishes, blood specimen tubes, and devices used to transfer, inoculate, and mix cultures.

(d) "Human blood and blood products" is discarded waste human blood and blood components, and materials containing free-flowing blood and blood products.

(e) "Pathological waste" is waste human source biopsy materials, tissues, and anatomical parts that emanate from surgery, obstetrical procedures, and autopsy. "Pathological waste" does not include teeth, human corpses, remains, and anatomical parts that are intended for interment or cremation.

(f) "Sharps waste" is all hypodermic needles, syringes with needles attached, IV tubing with needles attached, scalpel blades, and lancets that have been removed from the original sterile package.

(2) "Local government" means city, town, or county.

(3) "Local health department" means the city, county, city-county, or district public health department.

(4) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, or local government.

(5) "Treatment" means incineration, sterilization, or other method, technique, or process that changes the character or composition of a biomedical waste so as to minimize the risk of transmitting an infectious disease.

(6) "Residential sharps waste" has the same meaning as "sharps waste" in subsection (1) of this section except that the sharps waste is generated and prepared for disposal at a residence, apartment, dwelling, or other noncommercial habitat.

(7) "Sharps waste container" means a leak-proof, rigid, puncture-resistant red container that is taped closed or tightly lidded to prevent the loss of the residential sharps waste.

(8) "Mail programs" means those programs that provide sharps users with a multiple barrier protection kit for the placement of a sharps container and subsequent mailing of the wastes to an approved disposal facility.

(9) "Pharmacy return programs" means those programs where sharps containers are returned by the user to designated return sites located at a pharmacy to be transported by a biomedical or solid waste collection company approved by the utilities and transportation commission.

(10) "Drop-off programs" means those program sites designated by the solid waste planning jurisdiction where sharps users may dispose of their sharps containers.

(11) "Source separation" has the same meaning as in RCW 70.95.030.

(12) "Unprotected sharps" means residential sharps waste that are not disposed of in a sharps waste container. [1994 c 165 § 2; 1992 c 14 § 2.]

Findings—Purpose—Intent—1994 c 165: "The legislature finds that the improper disposal and labeling of sharps waste from residences poses a potential health risk and perceived threat to the waste generators, public, and workers in the waste and recycling industry. The legislature further finds that a uniform method for handling sharps waste generated at residences will reduce confusion and injuries, and enhance public and waste worker confidence.

It is the purpose and intent of this act that residential generated sharps waste be contained in easily identified containers and separated from the regular solid waste stream to ensure worker safety and promote proper disposal of these wastes in a manner that is environmentally safe and economically sound." [1994 c 165 § 1.]

70.95K.011 State definition preempts local definitions. The definition of biomedical waste set forth in RCW 70.95K.010 shall be the sole state definition for biomedical waste within the state, and shall preempt biomedical waste definitions established by a local health department or local government. [1992 c 14 § 3.]

70.95K.020 Waste treatment technologies. (1) At the request of an applicant, the department of health, in consultation with the department of ecology and local health departments, may evaluate the environmental and public health impacts of biomedical waste treatment technologies. The department shall make available the results of any evaluation to local health departments.

(2) All direct costs associated with the evaluation shall be paid by the applicant to the department of health or to a state or local entity designated by the department of health.

(3) For the purposes of this section, "applicant" means any person representing a biomedical waste treatment tech-

nology that seeks an evaluation under subsection (1) of this section.

(4) The department of health may adopt rules to implement this section. [1992 c 14 § 4.]

70.95K.030 Residential sharps—Disposal—Violation. (1) A person shall not intentionally place unprotected sharps or a sharps waste container into: (a) Recycling containers provided by a city, county, or solid waste collection company, or any other recycling collection site unless that site is specifically designated by a local health department as a drop-off site for sharps waste containers; or (b) cans, carts, drop boxes, or other containers in which refuse, trash, or solid waste has been placed for collection if a source separated collection service is provided for residential sharps waste.

(2) Local health departments shall enforce this section, primarily through an educational approach regarding proper disposal of residential sharps. On the first and second violation, the health department shall provide a warning to the person that includes information on proper disposal of residential sharps. A subsequent violation shall be a class 3 infraction under chapter 7.80 RCW.

(3) It is not a violation of this section to place a sharps waste container into a household refuse receptacle if the utilities and transportation commission determines that such placement is necessary to reduce the potential for theft of the sharps waste container. [1994 c 165 § 3.]

Effective date—1994 c 165 § 3: "Section 3 of this act shall take effect July 1, 1995." [1994 c 165 § 6.]

Findings—Purpose—Intent—1994 c 165: See note following RCW 70.95K.010.

70.95K.040 Residential sharps waste collection. (1) A public or private provider of solid waste collection service may provide a program to collect source separated residential sharps waste containers in conjunction with regular collection services.

(2) A company collecting source separated residential sharps waste containers shall notify the public, in writing, on the availability of this service. Notice shall occur at least forty-five days prior to the provision of this service and shall include the following information: (a) How to properly dispose of residential sharps waste; (b) how to obtain sharps waste containers; (c) the cost of the program; (d) options to home collection of sharps waste; and (e) the legal requirements of residential sharps waste disposal.

(3) A company under the jurisdiction of the utilities and transportation commission may provide the service authorized under subsection (1) of this section only under tariff.

The commission may require companies collecting sharps waste containers to implement practices that will protect the containers from theft. [1994 c 165 § 4.]

Findings—Purpose—Intent—1994 c 165: See note following RCW 70.95K.010.

70.95K.900 Section headings. Section headings as used in this chapter do not constitute any part of the law. [1992 c 14 § 5.]

70.95K.910 Severability—1992 c 14. If any provision of this act or its application to any person or circumstance is (2004 Ed.)

held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 14 § 6.]

70.95K.920 Effective dates—1992 c 14. (1) Sections 2 and 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 20, 1992].

(2) Section 4 of this act shall take effect October 1, 1992. [1992 c 14 § 7.]

| 70.95L.040 | Injunction. |

70.95L.005 Finding. The legislature hereby finds and declares that:

(1) Phosphorus loading of surface waters can stimulate the growth of weeds and algae, and that such growth can have adverse environmental, health, and aesthetic effects;

(2) Household detergents contribute to phosphorus loading, and that a limit on detergents containing phosphorus can significantly reduce the discharge of phosphorus into the state's surface and ground waters;

(3) Household detergents containing no or very low phosphorus are readily available and that over thirty percent of the United States population lives in areas with a ban on detergents containing phosphorus; and

(4) Phosphorus limits on household detergents can significantly reduce treatment costs at those sewage treatment facilities that remove phosphorus from the waste stream.

It is therefore the intent of the legislature to impose a statewide limit on the phosphorus content of household detergents. [1993 c 118 § 1.]

70.95L.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 70.95L.005 through 70.95L.030.

(1) "Department" means the department of ecology.

(2) "Dishwashing detergent" means a cleaning agent sold, used, or manufactured for the purpose of cleaning dishes, whether by hand or by household machine.

(3) "Laundry detergent" means a cleaning agent sold, used, or manufactured for the purpose of cleaning laundry, whether by hand or by household machine.

(4) "Person" means an individual, firm, association, copartnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

(5) "Phosphorus" means elemental phosphorus. [1993 c 118 § 2.]

70.95L.020 Phosphorus content regulated. (1) After July 1, 1994, a person may not sell or distribute for sale a

laundry detergent that contains 0.5 percent or more phosphorus by weight.

(2) After July 1, 1994, a person may not sell or distribute for sale a dishwashing detergent that contains 8.7 percent or more phosphorous by weight.

(3) This section does not apply to the sale or distribution of detergents for commercial and industrial uses. [1993 c 118 § 3.]

70.95L.030 Notice to distributors and wholesalers.

The department is responsible for notifying major distributors and wholesalers of the statewide limit on phosphorus in detergents. [1993 c 118 § 4.]

70.95L.040 Injunction. The attorney general or appropriate city or county prosecuting attorney is authorized to bring an appropriate action to enjoin any violation of the provisions of RCW 70.95L.020. [1993 c 118 § 5.]

(2) "Department" means the department of ecology.

(3) "Director" means the director of the department of ecology.

(4) "Health care facility" includes a hospital, nursing home, extended care facility, long-term care facility, clinical or medical laboratory, state or private health or mental institution, clinic, physician's office, or health maintenance organization.

(5) "Manufacturer" includes any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces a mercury-added product or an importer or domestic distributor of a mercury-added product produced in a foreign country. In the case of a multicomponent product containing mercury, the manufacturer is the last manufacturer to produce or assemble the product. If the multicomponent product or mercury-added product is produced in a foreign country, the manufacturer is the first importer or domestic distributor.

(6) "Mercury-added button-cell battery" means a button-cell battery to which the manufacturer intentionally introduces mercury for the operation of the battery.

(7) "Mercury-added novelty" means a mercury-added product intended mainly for personal or household enjoyment or adornment. Mercury-added novelties include, but are not limited to, items intended for use as practical jokes, figurines, adornments, toys, games, cards, ornaments, yard statues and figures, candles, jewelry, holiday decorations, items of apparel, and other similar products. Mercury-added novelty does not include games, toys, or products that require a button-cell or lithium battery, liquid crystal display screens, or a lamp that contains mercury.

(8) "Mercury-added product" means a product, commodity, or chemical, or a product with a component that contains mercury or a mercury compound intentionally added to the product, commodity, or chemical in order to provide a specific characteristic, appearance, or quality, or to perform a specific function, or for any other reason. Mercury-added products include, but are not limited to, mercury thermometers, mercury thermostats, and mercury switches in motor vehicles.

(9) "Mercury manometer" means a mercury-added product that is used for measuring blood pressure.

(10) "Mercury thermometer" means a mercury-added product that is used for measuring temperature.

(11) "Retailer" means a retailer of a mercury-added product. [2003 c 260 § 2.]

70.95M.020 Fluorescent lamps—Labeling requirements. (1) Effective January 1, 2004, a manufacturer, wholesaler, or retailer may not knowingly sell at retail a fluorescent lamp if the fluorescent lamp contains mercury and was manufactured after November 30, 2003, unless the fluorescent lamp is labeled in accordance with the guidelines listed under subsection (2) of this section. Primary responsibility for affixing labels required under this section is on the manufacturer, and not on the wholesaler or retailer.

(2) Except as provided in subsection (3) of this section, a lamp is considered labeled pursuant to subsection (1) of this section if the lamp has all of the following:

(a) A label affixed to the lamp that displays the internationally recognized symbol for the element mercury; and

(b) A label on the lamp's packaging that: (i) Clearly informs the purchaser that mercury is present in the item; (ii) explains that the fluorescent lamp should be disposed of according to applicable federal, state, and local laws; and (iii) provides a toll-free telephone number, and a uniform resource locator internet address to a web site, that contains information on applicable disposal laws.

(3) The manufacturer of a mercury-added lamp is in compliance with the requirements of this section if the manufacturer is in compliance with the labeling requirements of another state.

(4) The provisions of this section do not apply to products containing mercury-added lamps. [2003 c 260 § 3.]

70.95M.030 Mercury disposal education plan. The department of health must develop an educational plan for schools, local governments, businesses, and the public on the

proper disposal methods for mercury and mercury-added products. [2003 c 260 § 4.]

By January 1, 2006, all primary and secondary schools in the state must remove and properly dispose of all bulk elemental mercury, chemical mercury, and bulk mercury compounds used as teaching aids in science classrooms, not including barometers. [2003 c 260 § 5.]

70.95M.050 Prohibited sales—Novelties, manometers, thermometers, thermostats, motor vehicles. (1) Effective January 1, 2006, no person may sell, offer for sale, or distribute for sale or use in this state a mercury-added novelty. A manufacturer of mercury-added novelties must notify all retailers that sell the product about the provisions of this section and how to properly dispose of any remaining mercury-added novelty inventory.

(2)(a) Effective January 1, 2006, no person may sell, offer for sale, or distribute for sale or use in this state a manometer used to measure blood pressure or a thermometer that contains mercury. This subsection (2)(a) does not apply to:

(i) An electronic thermometer with a button-cell battery containing mercury;

(ii) A thermometer that contains mercury and that is used for food research and development or food processing, including meat, dairy products, and pet food processing;

(iii) A thermometer that contains mercury and that is a component of an animal agriculture climate control system or industrial measurement system or for veterinary medicine until such a time as the system is replaced or a nonmercury component for the system or application is available;

(iv) A thermometer or manometer that contains mercury that is used for calibration of other thermometers, manometers, apparatus, or equipment, unless a nonmercury calibration standard is approved for the application by the national institute of standards and technology;

(v) A thermometer that is provided by prescription. A manufacturer of a mercury thermometer shall supply clear instructions on the careful handling of the thermometer to avoid breakage and proper cleanup should a breakage occur; or

(vi) A manometer or thermometer sold or distributed to a hospital, or a health care facility controlled by a hospital, if the hospital has adopted a plan for mercury reduction consistent with the goals of the mercury chemical action plan developed by the department under section 302, chapter 371, Laws of 2002.

(b) A manufacturer of thermometers that contain mercury must notify all retailers that sell the product about the provisions of this section and how to properly dispose of any remaining thermometer inventory.

(3) Effective January 1, 2006, no person may sell, install, or reinstall a commercial or residential thermostat that contains mercury unless the manufacturer of the thermostat conducts or participates in a thermostat recovery or recycling program designed to assist contractors in the proper disposal

(2004 Ed.)

of thermostats that contain mercury in accordance with 42 U.S.C. Sec. 6901, et seq., the federal resource conservation and recovery act.

(4) No person may sell, offer for sale, or distribute for sale or use in this state a motor vehicle manufactured after January 1, 2006, if the motor vehicle contains an automotive mercury switch.

(5) Nothing in this section restricts the ability of a manufacturer, importer, or domestic distributor from transporting products through the state, or storing products in the state for later distribution outside the state. [2003 c 260 § 6.]

70.95M.060 Rules—Product preference. (1) The department of general administration must, by January 1, 2005, revise its rules, policies, and guidelines to implement the purpose of this chapter.

(2) The department of general administration must give priority and preference to the purchase of equipment, supplies, and other products that contain no mercury-added compounds or components, unless: (a) There is no economically feasible nonmercury-added alternative that performs a similar function; or (b) the product containing mercury is designed to reduce electricity consumption by at least forty percent and there is no nonmercury or lower mercury alternative available that saves the same or a greater amount of electricity as the exempted product. In circumstances where a nonmercury-added product is not available, preference must be given to the purchase of products that contain the least amount of mercury added to the product necessary for the required performance. [2003 c 260 § 7.]

70.95M.070 Clearinghouse—Department participation. The department is authorized to participate in a regional or multistate clearinghouse to assist in carrying out any of the requirements of this chapter. A clearinghouse may also be used for examining notification and label requirements, developing education and outreach activities, and maintaining a list of all mercury-added products. [2003 c 260 § 8.]

70.95M.080 Penalties. A violation of this chapter is punishable by a civil penalty not to exceed one thousand dollars for each violation in the case of a first violation. Repeat violators are liable for a civil penalty not to exceed five thousand dollars for each repeat violation. Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070. [2003 c 260 § 9.]

70.95M.090 Crematories—Nonapplicability of chapter. Nothing in this chapter applies to crematories as that term is defined in RCW 68.04.070. [2003 c 260 § 10.]

Nothing in this chapter applies to prescription drugs regulated by the food and drug administration under the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301 et seq.), to biological products regulated by the food and drug administration under the public health service act (42 U.S.C. Sec. 262 et seq.), or to any substance that may be lawfully sold over-

This act [1972 ex.s. c 122] consists of chapter 70.96A RCW, the amendment of RCW 9.87.010, 71.24.030 and the repeal of RCW 9.68.040, 70.96.010-70.96.030, 70.96.040-70.96.080, 70.96.090, 70.96.100-70.96.140, 70.96.900, and 71.08.010-71.08.090.

Alcoholism and drug addiction and support act: Chapter 74.50 RCW.

70.96A.010 Declaration of policy. It is the policy of this state that alcoholics and intoxicated persons may not be subjected to criminal prosecution solely because of their consumption of alcoholic beverages but rather should, within available funds, be afforded a continuum of treatment in order that they may lead normal lives as productive members of society. Within available funds, treatment should also be provided for drug addicts. [1989 c 271 § 304; 1972 ex.s. c 122 § 1.]

Severability—1989 c 271: See note following RCW 9.94A.510.

Effective date—1972 ex.s. c 122. "Chapter 122, Laws of 1972 extraordinary session shall be effective January 1, 1975." [1973 c 92 § 1; 1972 ex.s. c 122 § 31.]

Chemical dependency benefit provisions

group disability contracts: RCW 48.21.160-48.21.190.

health care services contracts: RCW 48.44.240.

70.96A.011 Legislative finding and intent—Purpose of chapter. The legislature finds that the use of alcohol and other drugs has become a serious threat to the health of the citizens of the state of Washington. The use of psychoactive chemicals has been found to be a prime factor in the current AIDS epidemic. Therefore, a comprehensive statute to deal with alcoholism and other drug addiction is necessary.

The legislature agrees with the 1987 resolution of the American Medical Association that endorses the proposition that all chemical dependencies, including alcoholism, are diseases. It is the intent of the legislature to end the sharp distinctions between alcoholism services and other drug addiction services, to recognize that chemical dependency is a disease, and to insure that prevention and treatment services are available and are of high quality. It is the purpose of this chapter to provide the financial assistance necessary to enable the department of social and health services to provide a discrete program of alcoholism and other drug addiction services. [1989 c 270 § 1.]

Severability—2001 c 13: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2001 c 13 § 5.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

Effective date—1996 c 178: See note following RCW 18.35.110.

Findings—Short title—Intent—Construction—1996 c 133: See notes following RCW 13.32A.197.

Effective date—1994 c 231: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 231 § 3.]

Findings—1991 c 364: "The legislature finds that the use of alcohol and illicit drugs continues to be a primarycrippler of our youth. This translates into incredible costs to individuals, families, and society in terms of traffic fatalities, suicides, criminal activity including homicides, sexual promiscuity, familial incorrigibility, and conduct disorders, and educational fallout. Among children of all socioeconomic groups lower expectations for the future, low motivation and self-esteem, alienation, and depression are associated with alcohol and drug abuse.

Studies reveal that deaths from alcohol and other drug-related injuries rise sharply through adolescence, peaking in the early twenties. But second peak occurs in later life, where it accounts for three times as many deaths from chronic diseases. A young victim's life expectancy is likely to be reduced by an average of twenty-six years.

Yet the cost of treating alcohol and drug addicts can be recouped in the first three years of abstinence in health care savings alone. Public money spent on treatment saves not only the life of the chemical abuser, it makes us safer as individuals, and in the long-run costs less.

The legislature further finds that many children who abuse alcohol and other drugs may not require involuntary treatment, but still are not adequately served. These children remain at risk for future chemical dependency, and may become mentally ill or a juvenile offender or need out-of-home placement. Children placed at risk because of chemical abuse may be better served by the creation of a comprehensive integrated system for children in crisis.

The legislature declares that an emphasis on the treatment of youth will pay the largest dividend in terms of preventable costs to individuals themselves, their families, and to society. The provision of augmented involuntary alcohol treatment services to youths, as well as involuntary treatment for youths addicted by other drugs, is in the interest of the public health and safety." [1991 c 364 § 7.]

Construction—1991 c 364 §§ 7-12: "The purpose of sections 7 through 12 of this act is solely to provide authority for the involuntary commitment of minors addicted by drugs within available funds and current programs and facilities. Nothing in sections 7 through 12 of this act shall be construed to require the addition of new facilities nor affect the department's authority for the uses of existing programs and facilities authorized by law. Nothing in sections 7 through 12 of this act shall prevent a parent or guardian from requesting the involuntary commitment of a minor through a county designated chemical dependency specialist on an ability to pay basis." [1991 c 364 § 13.]

Conflict with federal requirements—1991 c 364: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [1991 c 364 § 15.]

Severability—1989 c 271: See note following RCW 9.94A.510.

70.96A.070 Citizens advisory council—Qualifications—Duties—Rules and policies. Pursuant to the provisions of RCW 43.20A.360, there shall be a citizens advisory council composed of not less than seven nor more than fifteen members. It is the intent of the legislature that the citizens advisory council broadly represent citizens who have been recipients of voluntary or involuntary treatment for alcoholism or other drug addiction and who have been in recovery from chemical dependency for a minimum of two years. To meet this intent, at least two-thirds of the council's members shall be former recipients of these services and not employed in an occupation relating to alcoholism or drug addiction. The remaining members shall be broadly representative of the

community, shall include representation from business and industry, organized labor, the judiciary, and minority groups, chosen for their demonstrated concern with alcoholism and other drug addiction problems. Members shall be appointed by the secretary. In addition to advising the department in carrying out the purposes of this chapter, the council shall develop and propose to the secretary for his or her consideration the rules for the implementation of the chemical dependency program of the department. Rules and policies governing treatment programs shall be developed in collaboration among the council, department staff, local government, and administrators of voluntary and involuntary treatment programs. The secretary shall thereafter adopt such rules that, in his or her judgment properly implement the chemical dependency program of the department consistent with the welfare of those to be served, the legislative intent, and the public good. [1994 c 231 § 2; 1989 c 270 § 9; 1973 1st ex.s. c 155 § 1; 1972 ex.s. c 122 § 7.]

Effective date—1994 c 231: See note following RCW 70.96A.020.

Effective date—1972 ex.s. c 122: See note following RCW 70.96A.010.

70.96A.080 Comprehensive program for treatment—Regional facilities. (1) The department shall establish by all appropriate means, including contracting for services, a comprehensive and coordinated discrete program for the treatment of alcoholics and other drug addicts and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons.

(2) The program shall include, but not necessarily be limited to:

- (a) Detoxification;
- (b) Residential treatment; and
- (c) Outpatient treatment.

(3) All appropriate public and private resources shall be coordinated with and used in the program when possible.

(4) The department may contract for the use of an approved treatment program or other individual or organizational if the secretary considers this to be an effective and economical course to follow. [1989 c 270 § 18; 1972 ex.s. c 122 § 8.]

70.96A.085 City, town, or county without facility—Contribution of liquor taxes prerequisite to use of another's facility. A city, town, or county that does not have its own facility or program for the treatment and rehabilitation of alcoholics and other drug addicts may share in the use of a facility or program maintained by another city or county so long as it contributes no less than two percent of its share of liquor taxes and profits to the support of the facility or program. [1989 c 270 § 12.]

70.96A.087 Liquor taxes and profits—City and county eligibility conditioned. To be eligible to receive its share of liquor taxes and profits, each city and county shall devote no less than two percent of its share of liquor taxes and profits to the support of a program of alcoholism and other drug addiction approved by the alcoholism and other drug addiction board authorized by RCW 70.96A.300 and the secretary. [1989 c 270 § 13.]

(2004 Ed.)

70.96A.090 Standards for treatment programs—Enforcement procedures—Penalties—Evaluation of treatment of children. (1) The department shall adopt rules establishing standards for approved treatment programs, the process for the review and inspection program applying to the department for certification as an approved treatment program, and fixing the fees to be charged by the department for the required inspections. The standards may concern the health standards to be met and standards of services and treatment to be afforded patients.

(2) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(3) No treatment program may advertise or represent itself as an approved treatment program if approval has not been granted, has been denied, suspended, revoked, or canceled.

(4) Certification as an approved treatment program is effective for one calendar year from the date of issuance of the certificate. The certification shall specify the types of services provided by the approved treatment program that meet the standards adopted under this chapter. Renewal of certification shall be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(5) Approved treatment programs shall not provide alcoholism or other drug addiction treatment services for which the approved treatment program has not been certified. Approved treatment programs may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(6) The department periodically shall inspect approved public and private treatment programs at reasonable times and in a reasonable manner.

(7) The department shall maintain and periodically publish a current list of approved treatment programs.

(8) Each approved treatment program shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. An approved treatment program that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may be removed from the list of approved treatment programs, and its certification revoked or suspended.

(9) The department shall use the data provided in subsection (8) of this section to evaluate each program that admits children to inpatient treatment upon application of their parents. The evaluation shall be done at least once every twelve months. In addition, the department shall randomly select and review the information on individual children who are admitted on application of the child's parent for the purpose of determining whether the child was appropriately placed into treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment.

(10) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable

times, and examine the books and accounts of, any approved public or private treatment program refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter. [1995 c 312 § 46; 1990 c 151 § 5. Prior: 1989 c 270 § 19; 1989 c 175 § 131; 1972 ex.s. c 122 § 9.]

70.96A.095 Age of consent—Outpatient treatment of minors for chemical dependency. Any person thirteen years of age or older may give consent for himself or herself to the furnishing of outpatient treatment by a chemical dependency treatment program certified by the department. Parental authorization is required for any treatment of a minor under the age of thirteen. [1998 c 296 § 23; 1996 c 133 § 34; 1995 c 312 § 47; 1991 c 364 § 9; 1989 c 270 § 24.]

70.96A.096 Notice to parents, school contacts for referring students to inpatient treatment. School district personnel who contact a chemical dependency inpatient treatment program or provider for the purpose of referring a student to inpatient treatment shall provide the parents with notice of the contact within forty-eight hours. [1996 c 133 § 5.]

Findings—Short title—Intent—Construction—1996 c 133: See notes following RCW 13.32A.197.

70.96A.097 Review of admission and inpatient treatment of minors—Determination of medical necessity—Department review—Minor declines necessary treatment—At-risk youth petition—Costs—Public funds. (1) The department shall ensure that, for any minor admitted to inpatient treatment under RCW 70.96A.245, a review is conducted by a physician or chemical dependency counselor, as defined in rule by the department, who is employed by the department or an agency under contract with the department and who neither has a financial interest in continued inpatient treatment of the minor nor is affiliated with the program providing the treatment. The physician or chemical dependency counselor shall conduct the review not less than seven nor more than fourteen days following the date the minor was brought to the facility under RCW 70.96A.245(1) to determine whether it is a medical necessity to continue the minor's treatment on an inpatient basis.

(2) In making a determination under subsection (1) of this section whether it is a medical necessity to release the minor from inpatient treatment, the department shall consider the opinion of the treatment provider, the safety of the minor, the likelihood the minor's chemical dependency recovery will deteriorate if released from inpatient treatment, and the wishes of the parent.

(3) If, after any review conducted by the department under this section, the department determines it is no longer a medical necessity for a minor to receive inpatient treatment, the department shall immediately notify the parents and the professional person in charge. The professional person in charge shall release the minor to the parents within twenty-four hours of receiving notice. If the professional person in charge and the parent believe that it is a medical necessity for the minor to remain in inpatient treatment, the minor shall be released to the parent on the second judicial day following the department's determination in order to allow the parent time to file an at-risk youth petition under chapter 13.32A RCW. If the department determines it is a medical necessity for the minor to receive outpatient treatment and the minor declines to obtain such treatment, such refusal shall be grounds for the parent to file an at-risk youth petition.

(4) The department may, subject to available funds, contract with other governmental agencies for the conduct of the reviews conducted under this section and may seek reimbursement from the parents, their insurance, or medicaid for the expense of any review conducted by an agency under contract.

(5) In addition to the review required under this section, the department may periodically determine and redetermine the medical necessity of treatment for purposes of payment with public funds. [1998 c 296 § 28; 1995 c 312 § 48.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

Short title—1995 c 312: See note following RCW 13.32A.010.

70.96A.100 Acceptance for approved treatment—Rules. The secretary shall adopt and may amend and repeal rules for acceptance of persons into the approved treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics and other drug addicts, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient treatment, unless he or she is found to require residential treatment.

(3) A person shall not be denied treatment solely because he or she has withdrawn from treatment against medical advice on a prior occasion or because he or she has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and use other appropriate treatment. [1989 c 270 § 23; 1972 ex.s. c 122 § 10.]

70.96A.110 Voluntary treatment of alcoholics or other drug addicts. (1) An alcoholic or other drug addict may apply for voluntary treatment directly to an approved treatment program. If the proposed patient is a minor or an

incompetent person, he or she, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears to the administrator in charge of the treatment program that the patient is an alcoholic or other drug addict who requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

(4) If a patient leaves an approved public treatment program, with or against the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than fourteen years of age or an incompetent person the request for discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he or she was the original applicant. [1990 c 151 § 7; 1989 c 270 § 25; 1972 ex.s. c 122 § 11.]

70.96A.120 Treatment programs and facilities—Admissions—Peace officer duties—Protective custody.

(1) An intoxicated person may come voluntarily to an approved treatment program for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he or she consents to the proffered help, may be assisted to his or her home, an approved treatment program or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism, drug addiction, or intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while under the influence of intoxicating liquor or any drug and except for a person who may wish to avail himself or herself of the provisions of RCW 46.20.308, a person who appears to be incapacitated or gravely disabled by alcohol or other drugs and who is in a public place or who has threatened, attempted, or inflicted physical harm on himself, herself, or another, shall be taken into protective custody by a peace officer or staff designated by the county and as soon as practicable, but in no event beyond eight hours brought to an approved treatment program for treatment. If no approved treatment program is readily available he or she shall be taken to an emergency medical service customarily used for incapacitated persons. The peace officer or staff designated by the county, in detaining the person and in taking him or her to an approved treatment program, is taking him or her into protective custody and shall make every reasonable effort to protect his or her health and safety. In taking the person into protective custody, the detaining peace officer or staff designated by the county may take reasonable steps including reasonable force if necessary to protect himself or herself or effect the custody.

(2004 Ed.)

A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment program shall be examined by a qualified person. He or she may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment program shall arrange for his or her transportation.

(4) A person who is found to be incapacitated or gravely disabled by alcohol or other drugs at the time of his or her admission or to have become incapacitated or gravely disabled at any time after his or her admission, may not be detained at the program for more than seventy-two hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended: PROVIDED, That the treatment personnel at an approved treatment program are authorized to use such reasonable physical restraint as may be necessary to retain an incapacitated or gravely disabled person for up to seventy-two hours from the time of admission. The seventy-two hour periods specified in this section shall be computed by excluding Saturdays, Sundays, and holidays. A person may consent to remain in the program as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment program, is not referred to another health facility, and has no funds, may be taken to his or her home, if any. If he or she has no home, the approved treatment program shall provide him or her with information and assistance to access available community shelter resources.

(6) If a patient is admitted to an approved treatment program, his or her family or next of kin shall be notified as promptly as possible by the treatment program. If an adult patient who is not incapacitated requests that there be no notification, his or her request shall be respected.

(7) The peace officer, staff designated by the county, or treatment facility personnel, who act in compliance with this chapter and are performing in the course of their official duty are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment program determines that appropriate treatment is available, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1991 c 290 § 6; 1990 c 151 § 8; 1989 c 271 § 306; 1987 c 439 § 13; 1977 ex.s. c 62 § 1; 1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

Severability—1989 c 271: See note following RCW 9.94A.510.

70.96A.140 Involuntary commitment. (1) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a county designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification, sobering services, or chemical dependency treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.050, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state

are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after

the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to pro-

vide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions. 70.96A.142 Evaluation by designated chemical dependency specialist—When required—Required notifications. (1) When a designated chemical dependency specialist is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated chemical dependency specialist shall evaluate the person within seventy-two hours of release, if the person's treatment information indicates that he or she may need chemical dependency treatment.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated chemical dependency specialist of the violation and request an evaluation for purposes of revocation of the conditional release.

(3) When a designated chemical dependency specialist becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated chemical dependency specialist detains a person under this chapter, the designated chemical dependency specialist shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated chemical dependency specialist to provide offender supervision. [2004 c 166 § 15.]

(3) Nothing contained in this chapter relieves a person or firm from the requirements under federal regulations for the confidentiality of alcohol and drug abuse patient records. (3) An appropriately trained professional person may evaluate whether the minor is chemically dependent. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the program, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the pro-

Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; and (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal biennium beginning July 1, 2003, the state treasurer shall transfer eight million nine hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug

70.96A.400 Opiate substitution treatment—Declaration of regulation by state. The state of Washington declares that there is no fundamental right to opiate substitution treatment. The state of Washington further declares that while opiate substitution drugs used in the treatment of opiate dependency are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons addicted to or habituated to opioids. Opiate substitution treatment should only be used for participants who are deemed appropriate to need this level of intervention and should not be the first treatment intervention for all opiate addicts.

Because opiate substitution drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II controlled substance in chapter 69.50 RCW, the state of Washington has the legal obligation and right to regulate the use of opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in consultation with counties and cities, all clinical uses of opiate substitution drugs used in the treatment of opiate addiction.

Further, the state declares that the primary goal of opiate substitution treatment is total abstinence from chemical dependency for the individuals who participate in the treatment program. The state recognizes that a small percentage of persons who participate in opiate substitution treatment programs require treatment for an extended period of time. Opiate substitution treatment programs shall provide a comprehensive transition program to eliminate chemical dependency, including opiate and opiate substitute addiction of

program participants. [2001 c 242 § 1; 1995 c 321 § 1; 1989 c 270 § 20.]

70.96A.410 Opiate substitution treatment—Program certification by department, department duties—Definition of opiate substitution treatment. (1) For purposes of this section, "area" means the county in which an applicant proposes to locate a certified program and counties adjacent, or near to, the county in which the program is proposed to be located.

When making a decision on an application for certification of a program, the department shall:

(a) Consult with the county legislative authorities in the area in which an applicant proposes to locate a program and the city legislative authority in any city in which an applicant proposes to locate a program;

(b) Certify only programs that will be sited in accordance with the appropriate county or city land use ordinances. Counties and cities may require conditional or special use permits with reasonable conditions for the siting of programs. Pursuant to RCW 36.70A.200, no local comprehensive plan or development regulation may preclude the siting of essential public facilities;

(c) Not discriminate in its certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and certify only applicants whose programs meet the necessary treatment needs of that population;

(e) Demonstrate a need in the community for opiate substitution treatment and not certify more program slots than justified by the need in that community. No program shall exceed three hundred fifty participants unless specifically authorized by the county in which the program is certified;

(f) Consider the availability of other certified programs near the area in which the applicant proposes to locate the program;

(g) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

(h) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature, including abstinence from opiates and opiate substitutes, obtaining mental health treatment, improving economic independence, and reducing adverse consequences associated with illegal use of controlled substances. The department shall prioritize certification to applicants who have demonstrated such capability;

(i) Hold at least one public hearing in the county in which the facility is proposed to be located and one hearing in the area in which the facility is proposed to be located. The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

(2) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall

(2004 Ed.)

be provided with a written notice specifying the rationale and reasons for the denial.

(3) For the purpose of this chapter, opiate substitution treatment means:

(a) Dispensing an opiate substitution drug approved by the federal drug administration for the treatment of opiate addiction; and

(b) Providing a comprehensive range of medical and rehabilitative services. [2001 c 242 § 2; 1995 c 321 § 2; 1989 c 270 § 21.]

70.96A.420 Statewide treatment and operating standards for opiate substitution programs—Evaluation and report. (1) The department, in consultation with opiate substitution treatment service providers and counties and cities, shall establish statewide treatment standards for certified opiate substitution treatment programs. The department shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter.

(2) The department, in consultation with opiate substitution treatment programs and counties, shall establish statewide operating standards for certified opiate substitution treatment programs. The department shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and counties to monitor certified and licensed opiate substitution treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the opiate substitution treatment programs upon the business and residential neighborhoods in which the program is located.

(3) The department shall establish criteria for evaluating the compliance of opiate substitution treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislative authority, including data as specified by the department necessary for outcome analysis. The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter. [2003 c 207 § 6; 2001 c 242 § 3; 1998 c 245 § 135; 1995 c 321 § 3; 1989 c 270 § 22.]

70.96A.430 Inability to contribute to cost no bar to admission—Department may limit admissions. The department shall not refuse admission for diagnosis, evaluation, guidance or treatment to any applicant because it is determined that the applicant is financially unable to contribute fully or in part to the cost of any services or facilities available under the program on alcoholism.

The department may limit admissions of such applicants or modify its programs in order to ensure that expenditures for services or programs do not exceed amounts appropriated by the legislature and are allocated by the department for such services or programs. The department may limit admissions of such applicants or modify its programs in order to ensure that expenditures for services or programs do not exceed amounts appropriated by the legislature and are allocated by the department for such services or programs. The department may establish admission priorities in the event that the number of eligible

applicants exceeds the limits set by the department. [1989 c 271 § 308; 1959 c 85 § 15. Formerly RCW 70.96.150.]

Reviser's note: This section was also repealed by 1989 c 270 § 35, without cognizance of its amendment by 1989 c 271 § 308; and subsequently recodified pursuant to 1993 c 131 § 1. For rule of construction concerning sections amended and repealed in the same legislative session, see RCW 1.12.025.

Severability—1989 c 271: See note following RCW 9.94A.510.

70.96A.500 Fetal alcohol screening and assessment services. The department shall contract with the University of Washington fetal alcohol syndrome clinic to provide fetal alcohol exposure screening and assessment services. The University indirect charges shall not exceed ten percent of the total contract amount. The contract shall require the University of Washington fetal alcohol syndrome clinic to provide the following services:

(1) Training for health care staff in community-based fetal alcohol exposure clinics to ensure the accurate diagnosis of individuals with fetal alcohol exposure and the development and implementation of appropriate service referral plans;

(2) Development of written or visual educational materials for the individuals diagnosed with fetal alcohol exposure and their families or caregivers;

(3) Systematic information retrieval from each community clinic to (a) maintain diagnostic accuracy and reliability across all community clinics, (b) facilitate the development of effective and efficient screening tools for population-based identification of individuals with fetal alcohol exposure, (c) facilitate identification of the most clinically efficacious and cost-effective educational, social, vocational, and health service interventions for individuals with fetal alcohol exposure;

(4) Based on available funds, establishment of a network of community-based fetal alcohol exposure clinics across the state to meet the demand for fetal alcohol exposure diagnostic and referral services; and

(5) Preparation of an annual report for submission to the department of health, the department of social and health services, the department of corrections, and the office of the superintendent of public instruction which includes the information retrieved under subsection (3) of this section. [1998 c 245 § 136; 1995 c 54 § 2.]

Findings—Purpose—1995 c 54: "The legislature finds that fetal alcohol exposure is among the leading known causes of mental retardation in the children of our state. The legislature further finds that individuals with undiagnosed fetal alcohol exposure suffer substantially from secondary disabilities such as child abuse and neglect, separation from families, multiple foster placements, depression, aggression, school failure, juvenile detention, and job instability. These secondary disabilities come at a high cost to the individuals, their family, and society. The legislature finds that these problems can be reduced substantially by early diagnosis and receipt of appropriate, effective intervention.

The purpose of this act is to support current public and private efforts directed at the early identification of and intervention into the problems associated with fetal alcohol exposure through the creation of a fetal alcohol exposure clinical network." [1995 c 54 § 1.]

70.96A.510 Interagency agreement on fetal alcohol exposure programs. The department of social and health services, the department of health, the department of corrections, and the office of the superintendent of public instruction shall execute an interagency agreement to ensure the coordination of identification, prevention, and intervention

programs for children who have fetal alcohol exposure, and for women who are at high risk of having children with fetal alcohol exposure.

The interagency agreement shall provide a process for community advocacy groups to participate in the review and development of identification, prevention, and intervention programs administered or contracted for by the agencies executing this agreement. [1995 c 54 § 3.]

Findings—Purpose—1995 c 54: See note following RCW 70.96A.500.

70.96A.520 Chemical dependency treatment expenditures—Prioritization. The department shall prioritize expenditures for treatment provided under RCW 13.40.165. The department shall provide funds for inpatient and outpatient treatment providers that are the most successful, using the standards developed by the University of Washington under section 27, chapter 338, Laws of 1997. The department may consider variations between the nature of the programs provided and clients served but must provide funds first for those programs that demonstrate the greatest success in treatment within categories of treatment and the nature of the persons receiving treatment. [2003 c 207 § 7; 1997 c 338 § 28.]

Finding—Evaluation—Report—1997 c 338: See note following RCW 13.40.0357.

Severability—Effective dates—1997 c 338: See notes following RCW 5.60.060.

70.96A.905 Uniform application of chapter—Training for county-designated mental health professionals. The department shall ensure that the provisions of this chapter are applied by the counties in a consistent and uniform manner. The department shall also ensure that, to the extent possible within available funds, the county-designated chemical dependency specialists are specifically trained in adolescent chemical dependency issues, the chemical dependency commitment laws, and the criteria for commitment. [1992 c 205 § 306.]

Part headings not law—Severability—1992 c 205: See notes following RCW 13.40.010.

70.96A.910 Application—Construction—1972 ex.s. c 122. This act shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this act among those states which enact it. [1972 ex.s. c 122 § 22.]

70.96A.915 Department allocation of funds—Construction. The department is authorized to allocate appropriated funds in the manner that it determines best meets the purposes of this chapter. Nothing in this chapter shall be construed to entitle any individual to services authorized in this chapter, or to require the department or its contractors to reallocate funds in order to ensure that services are available to any eligible person upon demand. [1989 c 271 § 309.]

Severability—1989 c 271: See note following RCW 9.94A.510.

70.96A.920 Severability—1972 ex.s. c 122. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect

other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable. [1972 ex.s. c 122 § 20.]

70.96A.930 Section, subsection headings not part of law. Section or subsection headings as used in this chapter do not constitute any part of the law. [1972 ex.s. c 122 § 27.]

70.98.010 Declaration of policy. It is the policy of the state of Washington in furtherance of its responsibility to protect the public health and safety and to encourage, insofar as consistent with this responsibility, the industrial and economic growth of the state and to institute and maintain a regulatory and inspection program for sources and uses of ionizing radiation so as to provide for (1) compatibility with the standards and regulatory programs of the federal government, (2) a single, effective system of regulation within the state, and (3) a system consonant insofar as possible with those of other states. [1975-'76 2nd ex.s. c 108 § 12; 1961 c 207 § 1.]

(f) Formulate, adopt, promulgate, and repeal codes, rules and regulations relating to control of sources of ionizing radiation;

(g) Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, political subdivisions, and with groups concerned with control of sources of ionizing radiation;

(h) Have the authority to accept and administer loans, grants, or other funds or gifts, conditional or otherwise, in

furtherance of its functions, from the federal government and from other sources, public or private;

[1990 c 173 § 2; 1989 c 175 § 132; 1985 c 383 § 1; 1985 c 372 § 1; 1971 ex.s. c 189 § 10; 1970 ex.s. c 18 § 16; 1965 c 88 § 3; 1961 c 207 § 5.]

Finding—1990 c 173: "The legislature finds that concern has been raised over possible health effects resulting from exposure to nonionizing radiation, and specifically exposure to electric and magnetic fields. The legislature further finds that there is no clear responsibility in state government for following this issue and that this responsibility is best suited for the department of health." 70.98.080 Rules and regulations—Licensing requirements and procedure—Notice of license application—Objections—Notice upon granting of license—Registra-

tion of sources of ionizing radiation—Exemptions from registration or licensing. (1) The agency shall provide by rule or regulation for general or specific licensing of byproduct, source, special nuclear materials, or devices or equipment utilizing such materials, or other radioactive material occurring naturally or produced artificially. Such rule or regulation shall provide for amendment, suspension, or revocation of licenses. Such rule or regulation shall provide that:

(a) Each application for a specific license shall be in writing and shall state such information as the agency, by rule or regulation, may determine to be necessary to decide the technical, insurance, and financial qualifications, or any other qualification of the applicant as the agency may deem reasonable and necessary to protect the occupational and public health and safety. The agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and shall make such inspections as the agency deems necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. In no event shall the agency grant a specific license to any applicant who has never possessed a specific license issued by a recognized state or federal authority until the agency has conducted an inspection which insures that the applicant can meet the rules, regulations and standards adopted pursuant to this chapter. All applications and statements shall be signed by the applicant or licensee. The agency may require any applications or statements to be made under oath or affirmation;

(b) Each license shall be in such form and contain such terms and conditions as the agency may by rule or regulation prescribe;

(c) No license issued under the authority of this chapter and no right to possess or utilize sources of ionizing radiation granted by any license shall be assigned or in any manner disposed of; and

(d) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations or orders issued in accordance with the provisions of this chapter.

(2) Before the agency issues a license to an applicant under this section, it shall give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns. The incorporated city or town, through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the agency within twenty days after date of transmittal of such notice, written objections against the applicant or against the activity for which the license is sought, and shall include with such objections a statement of all facts upon which such objections are based, and in case written objections are filed, may request and the agency may in its discretion hold a formal hearing under chapter 34.05 RCW. Upon the granting of a license under this section the agency shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative

authority if the license is granted outside the boundaries of incorporated cities or towns.

This subsection shall not apply to activities conducted within the boundaries of the Hanford reservation.

(3) The agency may require registration of all sources of ionizing radiation.

(4) The agency may exempt certain sources of ionizing radiation or kinds of uses or users from the registration or licensing requirements set forth in this section when the agency makes a finding after approval of the technical advisory board that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public.

(5) In promulgating rules and regulations pursuant to this chapter the agency shall, insofar as practical, strive to avoid requiring dual licensing, and shall provide for such recognition of other state or federal licenses as the agency shall deem desirable, subject to such registration requirements as the agency may prescribe. [1984 c 96 § 1; 1965 c 88 § 5; 1961 c 207 § 8.]

70.98.085 Suspension and reinstatement of site use permits—Surveillance fee. (1) The agency is empowered to suspend and reinstate site use permits consistent with current regulatory practices and in coordination with the department of ecology, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility.

(2) The agency shall collect a surveillance fee as an added charge on each cubic foot of low level radioactive waste disposed of at the disposal site in this state which shall be set at a level that is sufficient to fund completely the radiation control activities of the agency directly related to the disposal site, including but not limited to the management, licensing, monitoring, and regulation of the site. The surveillance fee shall not exceed five percent in 1990, six percent in 1991, and seven percent in 1992 of the basic minimum fee charged by an operator of a low-level radioactive waste disposal site in this state. The basic minimum fee consists of the disposal fee for the site operator, the fee for the perpetual care and maintenance fund administered by the state, the fee for the state closure fund, and the tax collected pursuant to chapter 82.04 RCW. Site use permit fees and surcharges collected under chapter 43.200 RCW are not part of the basic minimum fee. The fee shall also provide funds to the Washington state patrol for costs incurred from inspection of low-level radioactive waste shipments entering this state. Disbursements for this purpose shall be by authorization of the secretary of the department of health or the secretary's designee.

The agency may adopt such rules as are necessary to carry out its responsibilities under this section. [1990 c 21 § 7; 1989 c 106 § 1; 1986 c 2 § 2; 1985 c 383 § 3.]

Issuance of site use permits: RCW 43.200.080.

70.98.090 Inspection. The agency or its duly authorized representative shall have the power to enter at all reasonable times upon any private or public property for the purpose of determining whether or not there is compliance with or violation of the provisions of this chapter and rules and regulations issued thereunder. [1985 c 372 § 2; 1961 c 207 § 9.]

Severability—1985 c 372: See note following RCW 70.98.050.

70.98.095 Financial assurance—Noncompliance. (1)

The radiation control agency may require any person who applies for, or holds, a license under this chapter to demonstrate that the person has financial assurance sufficient to assure that liability incurred as a result of licensed operations and activities can be fully satisfied. Financial assurance may be in the form of insurance, cash deposits, surety bonds, corporate guarantees, letters of credit, or other financial instruments or guarantees determined by the agency to be acceptable financial assurance. The agency may require financial assurance in an amount determined by the secretary pursuant to RCW 70.98.098.

(2) The radiation control agency shall refuse to issue a license or permit or suspend the license or permit of any person required by this section to demonstrate financial assurance who fails to demonstrate compliance with this section. The license or permit shall not be issued or reinstated until the person demonstrates compliance with this section.

(3) The radiation control agency shall require (a) that any person required to demonstrate financial assurance, maintain with the agency current copies of any insurance policies, certificates of insurance, letters of credit, surety bonds, or any other documents used to comply with this section, (b) that the agency be notified of any changes in the financial assurance or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. [1992 c 61 § 3; 1990 c 82 § 4; 1986 c 191 § 3.]

Construction—Severability—1986 c 191: See RCW 43.200.905 and 43.200.906.

70.98.098 Financial assurance—Generally. (1) In

making the determination of the appropriate level of financial assurance, the secretary shall consider: (a) The report prepared by the department of ecology pursuant to RCW 43.200.200; (b) the potential cost of decontamination, treatment, disposal, decommissioning, and cleanup of facilities or equipment; (c) federal cleanup and decommissioning requirements; and (d) the legal defense cost, if any, that might be paid from the required financial assurance.

(2) The secretary may establish different levels of required financial assurance for various classes of permit or license holders.

(3) The secretary shall establish by rule the instruments or mechanisms by which a person may demonstrate financial assurance as required by RCW 70.98.095.

(4) To the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account pursuant to RCW 43.200.080 equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the Hanford low-level radioactive waste disposal facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements under RCW 70.98.095. [2003 1st sp.s. c 21 § 2; 1992 c 61 § 4; 1990 c 82 § 3.]

70.98.100 Records. (1) The agency shall require each person who possesses or uses a source of ionizing radiation to maintain necessary records relating to its receipt, use, storage, transfer, or disposal and such other records as the agency may require which will permit the determination of the extent of occupational and public exposure from the radiation source. Copies of these records shall be submitted to the agency on request. These requirements are subject to such exemptions as may be provided by rules.

(2) The agency may by rule and regulation establish standards requiring that personnel monitoring be provided for any employee potentially exposed to ionizing radiation and may provide for the reporting to any employee of his radiation exposure record. [1961 c 207 § 10.]

70.98.110 Federal-state agreements—Authorized—Effect as to federal licenses. (1) The governor, on behalf of this state, is authorized to enter into agreements with the federal government providing for discontinuance of certain of the federal government's responsibilities with respect to sources of ionizing radiation and the assumption thereof by this state pursuant to this chapter.

(2) Any person who, on the effective date of an agreement under subsection (1) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this chapter which shall expire either ninety days after the receipt from the state radiation control agency of a notice of expiration of such license or on the date of expiration specified in the federal license, whichever is earlier. [1965 c 88 § 6; 1961 c 207 § 11.]

70.98.120 Inspection agreements and training programs. (1) The agency is authorized to enter into an agreement or agreements with the federal government, other states, or interstate agencies, whereby this state will perform on a cooperative basis with the federal government, other states, or interstate agencies, inspections or other functions relating to control of sources of ionizing radiation.

(2) The agency may institute training programs for the purpose of qualifying personnel to carry out the provisions of this chapter and may make said personnel available for participation in any program or programs of the federal government, other states, or interstate agencies in furtherance of the purposes of this chapter. [1961 c 207 § 12.]

70.98.122 Department of ecology to seek federal funding for environmental radiation monitoring. The department of ecology shall seek federal funding, such as is available under the clean air act (42 U.S.C. Sec. 1857 et seq.) and the nuclear waste policy act (42 U.S.C. Sec. 10101 et seq.) to carry out the purposes of *RCW 70.98.050(4)(c). [1985 c 372 § 3.]

***Reviser's note:** The subparagraph "(c)" in this reference has been redesignated "(c)[(e)]" in the published version of RCW 70.98.050.

Severability—1985 c 372: See note following RCW 70.98.050.

70.98.125 Federal assistance to be sought for high-level radioactive waste program. (1) The agency shall seek federal financial assistance as authorized by the nuclear

waste policy act of 1982, P.L. 97-425 section 116(c), for activities related to the high-level radioactive waste program in the state of Washington. The activities for which federal funding is sought shall include, but are not limited to, the development of a radiological baseline for the Hanford reservation; the implementation of a program to monitor ionizing radiation emissions on the Hanford reservation; the collection of statistical data and epidemiological research, where available, on diseases that result from exposure to sources of ionizing radiation on the Hanford reservation.

(2) In the event the federal government refuses to grant financial assistance for the activities under subsection (1) of this section, the agency is directed to investigate potential legal action. [1985 c 383 § 2.]

70.98.130 Administrative procedure. In any proceeding under this chapter for the issuance or modification or repeal of rules relating to control of sources of ionizing radiation, the agency shall comply with the requirements of chapter 34.05 RCW, the Administrative Procedure Act.

Notwithstanding any other provision of this chapter, whenever the agency finds that an emergency exists requiring immediate action to protect the public health, safety, or general welfare, the agency may, in accordance with RCW 34.05.350 without notice or hearing, adopt a rule reciting the existence of such emergency and require that such action be taken as is necessary to meet the emergency. As specified in RCW 34.05.350, such rules are effective immediately. [1989 c 175 § 133; 1961 c 207 § 13.]

Effective date—1989 c 175: See note following RCW 34.05.010.

70.98.140 Injunction proceedings. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation, or order issued thereunder, the attorney general upon the request of the agency, after notice to such person and opportunity to comply, may make application to the appropriate court for an order enjoining such acts or practices, or for an order directing compliance, and upon a showing by the agency that such person has engaged in, or is about to engage in, any such acts or practices, a permanent or temporary injunction, restraining order, or other order may be granted. [1961 c 207 § 14.]

70.98.150 Prohibited uses. It shall be unlawful for any person to use, manufacture, produce, transport, transfer, receive, acquire, own, or possess any source of ionizing radiation unless licensed by or registered with, or exempted by the agency in accordance with the provisions of this chapter. [1965 c 88 § 7; 1961 c 207 § 15.]

70.98.160 Impounding of materials. The agency shall have the authority in the event of an emergency to impound or order the impounding of sources of ionizing radiation in the possession of any person who is not equipped to observe or fails to observe the provisions of this chapter or any rules or regulations issued thereunder. [1961 c 207 § 16.]

70.98.170 Prohibition—Fluoroscopic x-ray shoe-fitting devices. The operation or maintenance of any x-ray, fluoroscopic, or other equipment or apparatus employing roentgen rays, in the fitting of shoes or other footwear or in the viewing of bones in the feet is prohibited. This prohibition does not apply to any licensed physician, surgeon, *podiatrist, or any person practicing a licensed healing art, or any technician working under the direct and immediate supervision of such persons. [1973 c 77 § 27; 1961 c 207 § 17.]

***Reviser's note:** The term "podiatrist" was changed to "podiatric physician and surgeon" by 1990 c 147.

70.98.180 Exemptions. This chapter shall not apply to the following sources or conditions:

(1) Radiation machines during process of manufacture, or in storage or transit: PROVIDED, That this exclusion shall not apply to functional testing of such machines.

(2) Any radioactive material while being transported in conformity with regulations adopted by any federal agency having jurisdiction therein, and specifically applicable to the transportation of such radioactive materials.

(3) No exemptions under this section are granted for those quantities or types of activities which do not comply with the established rules and regulations promulgated by the Atomic Energy Commission, or any successor thereto. [1965 c 88 § 8; 1961 c 207 § 18.]

70.98.190 Professional uses. Nothing in this chapter shall be construed to limit the kind or amount of radiation that may be intentionally applied to a person for diagnostic or therapeutic purposes by or under the immediate direction of a licensed practitioner of the healing arts acting within the scope of his professional license. [1961 c 207 § 19.]

Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.

Uranium and thorium mill tailings—Licensing and perpetual care: Chapter 70.121 RCW.

70.99.010 Finding. The people of the state of Washington find that:

(1) Radioactive wastes are highly dangerous, in that releases of radioactive materials and emissions to the environment are inimical to the health and welfare of the people of the state of Washington, and contribute to the occurrences of harmful diseases, including excessive cancer and leukemia. The dangers posed by the transportation and presence of radioactive wastes are increased further by the long time periods that the wastes remain radioactive and highly dangerous;

(2) Transporting, handling, storing, or otherwise caring for radioactive waste presents a hazard to the health, safety, and welfare of the individual citizens of the state of Washington because of the ever-present risk that an accident or incident will occur while the wastes are being cared for;

(3) The likelihood that an accident will occur in this state involving the release of radioactive wastes to the environment becomes greater as the volume of wastes transported, handled, stored, or otherwise cared for in this state increases;

(4) The effects of unplanned releases of radioactive wastes into the environment, especially into the air and water of the state, are potentially both widespread and harmful to the health, safety, and welfare of the citizens of this state.

The burdens and hazards posed by increasing the volume of radioactive wastes transported, handled, stored, or otherwise cared for in this state by the importation of such wastes from outside this state is not a hazard the state government may reasonably ask its citizens to bear. The people of the state of Washington believe that the principles of federalism do not require the sacrifice of the health, safety, and welfare of the people of one state for the convenience of other states or nations. [1981 c 1 § 1 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Radioactive waste" means unwanted radioactive material, including radioactive residues produced as a result of electric power generation or other reactor operation.

(2) "Medical waste" means radioactive waste from all therapy, diagnosis, or research in medical fields and radioac-

tive waste which results from the production and manufacture of radioactive material used for therapy, diagnosis, or research in medical fields, except that "medical waste" does not include spent fuel or waste from the fuel of an isotope production reactor.

(3) "Radioactive waste generated or otherwise produced outside the geographic boundaries of the state of Washington" means radioactive waste which was located outside the state of Washington at the time of removal from a reactor vessel. [1981 c 1 § 2 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.030 Storage of radioactive waste from outside the state prohibited—Exceptions. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no area within the geographic boundaries of the state of Washington may be used by any person or entity as a temporary, interim, or permanent storage site for radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington. This section does not apply to radioactive waste stored within the state of Washington prior to July 1, 1981. [1981 c 1 § 3 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.040 Transportation of radioactive waste from outside the state for storage within the state prohibited—Exception. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no person or entity may transport radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington to any site within the geographic boundaries of the state of Washington for temporary, interim, or permanent storage. [1981 c 1 § 4 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.050 Violations—Penalties—Injunctions—Jurisdiction and venue—Fees and costs. (1) A violation of or failure to comply with the provisions of RCW 70.99.030 or 70.99.040 is a gross misdemeanor.

(2) Any person or entity that violates or fails to comply with the provisions of RCW 70.99.030 or 70.99.040 is subject to a civil penalty of one thousand dollars for each violation or failure to comply.

(3) Each day upon which a violation occurs constitutes a separate violation for the purposes of subsections (1) and (2) of this section.

(4) Any person or entity violating this chapter may be enjoined from continuing the violation. The attorney general or any person residing in the state of Washington may bring an action to enjoin violations of this chapter, on his or her own behalf and on the behalf of all persons similarly situated. Such action may be maintained in the person's own name or in the name of the state of Washington. No bond may be required as a condition to obtaining any injunctive relief. The superior courts have jurisdiction over actions brought under this section, and venue shall lie in the county of the plaintiff's residence, in the county in which the violation is alleged to occur, or in Thurston county. In addition to other relief, the court in its discretion may award attorney's and expert witness fees and costs of the suit to a party who demonstrates

that a violation of this chapter has occurred. [1981 c 1 § 5 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.060 Interstate compact for regional storage.

Notwithstanding the other provisions of this chapter, the state of Washington may enter into an interstate compact, which will become effective upon ratification by a majority of both houses of the United States Congress, to provide for the regional storage of radioactive wastes. [1981 c 1 § 6 (Initiative Measure No. 383, approved November 4, 1980).]

Northwest Interstate Compact on Low-Level Radioactive Waste Management: Chapter 43.145 RCW.

70.99.900 Construction—1981 c 1. This chapter shall be liberally construed to protect the health, safety, and welfare of the individual citizens of the state of Washington. [1981 c 1 § 7 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.905 Severability—1981 c 1. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 1 § 8 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.910 Short title. This act may be known as the Radioactive Waste Storage and Transportation Act of 1980. [1981 c 1 § 9 (Initiative Measure No. 383, approved November 4, 1980).]

70.103.010 Finding. (Contingent expiration date.) (1) The legislature finds that lead hazards associated with lead-based paint represent a significant and preventable environmental health problem. Lead-based paint is the most widespread of the various sources of lead exposure to the public. Census data show that one million five hundred sixty thousand homes in Washington state were built prior to 1978 when the sale of residential lead-based paint was banned. These are homes that are believed to contain some lead-based paint.

Lead negatively affects every system of the body. It is harmful to individuals of all ages and is especially harmful to children, fetuses, and adults of childbearing age. The effects of lead on a child's cognitive, behavioral, and developmental abilities may necessitate large expenditures of public funds for health care and special education. The irreversible damage to children and subsequent expenditures could be avoided if exposure to lead is reduced.

(2) The federal government regulates lead poisoning and lead hazard reduction through:

(a)(i) The lead-based paint poisoning prevention act;

(ii) The lead contamination control act;

(iii) The safe drinking water act;

(iv) The resource conservation and recovery act of 1976;

and

(v) The residential lead-based paint hazard reduction act of 1992; and

(b) Implementing regulations of:

(i) The environmental protection agency;

(ii) The department of housing and urban development;

(iii) The occupational safety and health administration; and

(iv) The centers for disease control and prevention.

(3) In 1992, congress passed the federal residential lead-based paint hazard reduction act, which allows states to provide for the accreditation of lead-based paint activities programs, the certification of persons completing such training programs, and the licensing of lead-based paint activities contractors under standards developed by the United States environmental protection agency.

(4) The legislature recognizes the state's need to protect the public from exposure to lead hazards. A qualified and properly trained work force is needed to assist in the prevention, detection, reduction, and elimination of hazards associated with lead-based paint. The purpose of training workers, supervisors, inspectors, risk assessors, and project designers engaged in lead-based paint activities is to protect building occupants, particularly children ages six years and younger from potential lead-based paint hazards and exposures both during and after lead-based paint activities. Qualified and properly trained individuals and firms will help to ensure lead-based paint activities are conducted in a way that protects the health of the citizens of Washington state and safeguards the environment. The state lead-based paint activities program requires that all lead-based paint activities be performed by certified personnel trained by an accredited program, and that all lead-based paint activities meet minimum work practice standards established by the department of community, trade, and economic development. Therefore, the lead-based paint activities accreditation, training, and certification program shall be established in accordance with this chapter. The lead-based paint activities accreditation, training, and certification program shall be administered by the department of community, trade, and economic development and shall be used as a means to assure the protection of the general public from exposure to lead hazards.

(5) For the welfare of the people of the state of Washington, this chapter establishes a lead-based paint activities program within the department of community, trade, and economic development to protect the general public from exposure to lead hazards and to ensure the availability of a trained and qualified work force to identify and address lead-based paint hazards. The legislature recognizes the department of community, trade, and economic development is not a regulatory agency and may delegate enforcement responsibilities under chapter 322, Laws of 2003 to local governments or private entities. [2003 c 322 § 1.]

70.103.020 Definitions. (Contingent expiration date.)

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abatement" means any measure or set of measures designed to permanently eliminate lead-based paint hazards.

(a) Abatement includes, but is not limited to:

(i) The removal of paint and dust, the permanent enclosure or encapsulation of lead-based paint, the replacement of painted surfaces or fixtures, or the removal or permanent covering of soil, when lead-based paint hazards are present in such paint, dust, or soil; and

(ii) All preparation, cleanup, disposal, and postabatement clearance testing activities associated with such measures.

(b) Specifically, abatement includes, but is not limited to:

(i) Projects for which there is a written contract or other documentation, which provides that an individual or firm will be conducting activities in or to a residential dwelling or child-occupied facility that:

(A) Shall result in the permanent elimination of lead-based paint hazards; or

(B) Are designed to permanently eliminate lead-based paint hazards and are described in (a)(i) and (ii) of this subsection;

(ii) Projects resulting in the permanent elimination of lead-based paint hazards, conducted by certified firms or individuals, unless such projects are covered by (c) of this subsection;

(iii) Projects resulting in the permanent elimination of lead-based paint hazards, conducted by firms or individuals who, through their company name or promotional literature, represent, advertise, or hold themselves out to be in the business of performing lead-based paint activities as identified and defined by this section, unless such projects are covered by (c) of this subsection; or

(iv) Projects resulting in the permanent elimination of lead-based paint hazards, that are conducted in response to state or local abatement orders.

(c) Abatement does not include renovation, remodeling, landscaping, or other activities, when such activities are not designed to permanently eliminate lead-based paint hazards, but, instead, are designed to repair, restore, or remodel a given structure or dwelling, even though these activities may incidentally result in a reduction or elimination of lead-based paint hazards. Furthermore, abatement does not include interim controls, operations and maintenance activities, or other measures and activities designed to temporarily, but not permanently, reduce lead-based paint hazards.

(2) "Accredited training program" means a training program that has been accredited by the department to provide training for individuals engaged in lead-based paint activities.

(5) "Certified firm" includes a company, partnership, corporation, sole proprietorship, association, agency, or other business entity that meets all the qualifications established by the department and performs lead-based paint activities to which the department has issued a certificate.

(6) "Certified project designer" means an individual who has been trained by an accredited training program, meets all the qualifications established by the department, and is certified by the department to prepare abatement project designs, occupant protection plans, and abatement reports.

(7) "Certified risk assessor" means an individual who has been trained by an accredited training program, meets all the qualifications established by the department, and is certified by the department to conduct risk assessments and sample for

the presence of lead in dust and soil for the purposes of abatement clearance testing.

(8) "Certified supervisor" means an individual who has been trained by an accredited training program, meets all the qualifications established by the department, and is certified by the department to supervise and conduct abatements, and to prepare occupant protection plans and abatement reports.

(9) "Department" means the Washington state department of community, trade, and economic development.

(10) "Director" means the director of the Washington state department of community, trade, and economic development.

(11) "Federal laws and rules" means:

(a) Title IV, toxic substances control act (15 U.S.C. Sec. 2681 et seq.) and the rules adopted by the United States environmental protection agency under that law for authorization of state programs;

(b) Any regulations or requirements adopted by the United States department of housing and urban development regarding eligibility for grants to states and local governments; and

(c) Any other requirements adopted by a federal agency with jurisdiction over lead-based paint hazards.

(12) "Lead-based paint" means paint or other surface coatings that contain lead equal to or in excess of 1.0 milligrams per square centimeter or more than 0.5 percent by weight.

(13) "Lead-based paint activity" includes inspection, testing, risk assessment, lead-based paint hazard reduction project design or planning, or abatement of lead-based paint hazards.

(14) "Lead-based paint hazard" means any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, or lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as identified by the administrator of the United States environmental protection agency under the toxic substances control act, section 403.

(15) "State program" means a state administered lead-based paint activities certification and training program that meets the federal environmental protection agency requirements.

(16) "Person" includes an individual, corporation, firm, partnership, or association, an Indian tribe, state, or political subdivision of a state, and a state department or agency.

(17) "Risk assessment" means:

(a) An on-site investigation to determine the existence, nature, severity, and location of lead-based paint hazards; and

(b) The provision of a report by the individual or the firm conducting the risk assessment, explaining the results of the investigation and options for reducing lead-based paint hazards. [2003 c 322 § 2.]

70.103.030 Certification and training—Local governments—Rules. (Contingent expiration date.) (1) The department shall administer and enforce a state program for worker training and certification, and training program accreditation, which shall include those program elements necessary to assume responsibility for federal requirements for a program as set forth in Title IV of the toxic substances

control act (15 U.S.C. Sec. 2601 et seq.), the residential lead-based paint hazard reduction act of 1992 (42 U.S.C. Sec. 4851 et seq.), 40 C.F.R. Reviser's note: Powers and duties of the department of social and health services and the secretary of social and health services transferred to the department of health and the secretary of health. See RCW 43.70.060.

70.104.010 Declaration. The department of health has responsibility to protect and enhance the public health and welfare. As a consequence, it must be concerned with both natural and artificial environmental factors which may adversely affect the public health and welfare. Dangers to the public health and welfare related to the use of pesticides require specific legislative recognition of departmental authority and responsibility in this area. [1991 c 3 § 356; 1971 ex.s. c 41 § 1.]

70.104.020 "Pesticide" defined. For the purposes of this chapter pesticide means, but is not limited to:

(1) Any substance or mixture of substances intended to prevent, destroy, control, repel, or mitigate any insect, rodent, nematode, snail, slug, fungus, weed and any other form of plant or animal life or virus, except virus on or in living man or other animal, which is normally considered to be a pest or which the director of agriculture may declare to be a pest; or

(2) Any substance or mixture of substances intended to be used as a plant regulator, defoliant or desiccant; or

(3) Any spray adjuvant, such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any other pesticide as an aid to the application or effect

thereof, and sold in a package or container separate from that of the pesticide with which it is to be used; or

(4) Any fungicide, rodenticide, herbicide, insecticide, and nematocide. [1971 ex.s. c 41 § 2.]

70.104.030 Powers and duties of department of health. (1) The department of health shall investigate all suspected human cases of pesticide poisoning and such cases of suspected pesticide poisoning of animals that may relate to human illness. The department shall establish time periods by rule to determine investigation response time. Time periods shall range from immediate to forty-eight hours to initiate an investigation, depending on the severity of the case or suspected case of pesticide poisoning.

In order to adequately investigate such cases, the department shall have the power to:

(a) Take all necessary samples and human or animal tissue specimens for diagnostic purposes: PROVIDED, That tissue, if taken from a living human, shall be taken from a living human only with the consent of a person legally qualified to give such consent;

(b) Secure any and all such information as may be necessary to adequately determine the nature and causes of any case of pesticide poisoning.

(2) The department shall, by rule adopted pursuant to the Administrative Procedure Act, chapter 34.05 RCW, with due notice and a hearing for the adoption of permanent rules, establish procedures for the prevention of any recurrence of poisoning and the department shall immediately notify the department of agriculture, the department of labor and industries, and other appropriate agencies of the results of its investigation for such action as the other departments or agencies deem appropriate. The notification of such investigations and their results may include recommendations for further action by the appropriate department or agency. [1991 c 3 § 357; 1989 c 380 § 71; 1971 ex.s. c 41 § 3.]

Effective date—1989 c 380 §§ 69, 71-73: See note following RCW 70.104.090.

Severability—1989 c 380: See RCW 15.58.942.

70.104.040 Pesticide emergencies—Authority of department of agriculture not infringed upon. (1) In any case where an emergency relating to pesticides occurs that represents a hazard to the public due to toxicity of the material, the quantities involved or the environment in which the incident takes place, such emergencies including but not limited to fires, spillage, and accidental contamination, the person or agent of such person having actual or constructive control of the pesticides involved shall immediately notify the department of health by telephone or the fastest available method.

(2) Upon notification or discovery of any pesticide emergency the department of health shall:

(a) Make such orders and take such actions as are appropriate to assume control of the property and to dispose of hazardous substances, prevent further contamination, and restore any property involved to a nonhazardous condition. In the event of failure of any individual to obey and carry out orders pursuant to this section, the department shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department as a

(2004 Ed.)

result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In any case where the department of health has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department or his or her designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. Nothing in this chapter shall prevent a farmer from continuing to process his or her crops and/or animals provided that the processing does not endanger the public health.

(4) The department shall recognize the pesticide industry's responsibility and active role in minimizing the effect of pesticide emergencies and shall provide for maximum utilization of these services.

(5) Nothing in this chapter shall be construed in any way to infringe upon or negate the authority and responsibility of the department of agriculture in its application and enforcement of the Washington Pesticide Control Act, chapter 15.58 RCW and the Washington Pesticide Application Act, chapter 17.21 RCW. The department of health shall work closely with the department of agriculture in the enforcement of this chapter and shall keep it appropriately advised. [1991 c 3 § 358; 1983 c 3 § 178; 1971 ex.s. c 41 § 4.]

70.104.050 Investigation of human exposure to pesticides. The department of health shall investigate human exposure to pesticides, and in order to carry out such investigations shall have authority to secure and analyze appropriate specimens of human tissue and samples representing sources of possible exposure. [1991 c 3 § 359; 1971 ex.s. c 41 § 5.]

70.104.055 Pesticide poisonings—Reports. (1) Any attending physician or other health care provider recognized as primarily responsible for the diagnosis and treatment of a patient or, in the absence of a primary health care provider, the health care provider initiating diagnostic testing or therapy for a patient shall report a case or suspected case of pesticide poisoning to the department of health in the manner prescribed by, and within the reasonable time periods established by, rules of the state board of health. Time periods established by the board shall range from immediate reporting to reporting within seven days depending on the severity of the case or suspected case of pesticide poisoning. The reporting requirements shall be patterned after other board rules establishing requirements for reporting of diseases or conditions. Confidentiality requirements shall be the same as the confidentiality requirements established for other reportable diseases or conditions. The information to be reported may include information from relevant pesticide application records and shall include information required under board rules. Reports shall be made on forms provided to health care providers by the department of health. For purposes of any oral reporting, the department of health shall make available a toll-free telephone number.

(2) Within a reasonable time period as established by board rules, the department of health shall investigate the

report of a case or suspected case of pesticide poisoning to document the incident. The department shall report the results of the investigation to the health care provider submitting the original report.

(3) Cases or suspected cases of pesticide poisoning shall be reported by the department of health to the pesticide reporting and tracking review panel within the time periods established by state board of health rules.

(4) Upon request of the primary health care provider, pesticide applicators or employers shall provide a copy of records of pesticide applications which may have affected the health of the provider's patient. This information is to be used only for the purposes of providing health care services to the patient.

(5) Any failure of the primary health care provider to make the reports required under this section may be cause for the department of health to submit information about such nonreporting to the applicable disciplining authority for the provider under RCW 18.130.040.

(6) No cause of action shall arise as the result of: (a) The failure to report under this section; or (b) any report submitted to the department of health under this section.

(7) For the purposes of this section, a suspected case of pesticide poisoning is a case in which the diagnosis is thought more likely than not to be pesticide poisoning. [1992 c 173 § 4; 1991 c 3 § 360; 1989 c 380 § 72.]

Effective dates—1992 c 173: See note following RCW 17.21.100.

Effective date—1989 c 380 §§ 69, 71-73: See note following RCW 70.104.090.

Severability—1989 c 380: See RCW 15.58.942.

70.104.057 Pesticide poisonings—Medical education program. The department of health, after seeking advice from the state board of health, local health officers, and state and local medical associations, shall develop a program of medical education to alert physicians and other health care providers to the symptoms, diagnosis, treatment, and reporting of pesticide poisonings. [1991 c 3 § 361; 1989 c 380 § 73.]

Effective date—1989 c 380 §§ 69, 71-73: See note following RCW 70.104.090.

Severability—1989 c 380: See RCW 15.58.942.

70.104.060 Technical assistance, consultations and services to physicians and agencies authorized. In order effectively to prevent human illness due to pesticides and to carry out the requirements of this chapter, the department of health is authorized to provide technical assistance and consultation regarding health effects of pesticides to physicians and other agencies, and is authorized to operate an analytical chemical laboratory and may provide analytical and laboratory services to physicians and other agencies to determine pesticide levels in human and other tissues, and appropriate environmental samples. [1991 c 3 § 362; 1971 ex.s. c 41 § 6.]

70.104.070 Pesticide incident reporting and tracking review panel—Intent. The legislature finds that heightened concern regarding health and environmental impacts from pesticide use and misuse has resulted in an increased demand for full-scale health investigations, assessment of resource

damages, and health effects information. Increased reporting, comprehensive unbiased investigation capability, and enhanced community education efforts are required to maintain this state's responsibilities to provide for public health and safety.

It is the intent of the legislature that the various state agencies responsible for pesticide regulation coordinate their activities in a timely manner to ensure adequate monitoring of pesticide use and protection of workers and the public from the effects of pesticide misuse. [1989 c 380 § 67.]

Severability—1989 c 380: See RCW 15.58.942.

70.104.080 Pesticide panel—Generally. (1) There is hereby created a pesticide incident reporting and tracking review panel consisting of the following members:

Upon the death, resignation, or removal for cause of a member of the review panel, the governor shall fill such vacancy, within thirty days of its creation, for the remainder of the term in the manner herein prescribed for appointment to the review panel.

(2) The review panel shall be chaired by the secretary of the department of health, or the secretary's designee. The members of the review panel shall meet at least monthly at a time and place specified by the chair, or at the call of a majority of the review panel. [1994 c 264 § 41; 1991 c 3 § 363; 1989 c 380 § 68.]

Severability—1989 c 380: See RCW 15.58.942.

70.104.090 Pesticide panel—Responsibilities. The responsibilities of the review panel shall include, but not be limited to:

(1) Establishing guidelines for centralizing the receipt of information relating to actual or alleged health and environmental incidents involving pesticides;

(2) Reviewing and making recommendations for procedures for investigation of pesticide incidents, which shall be implemented by the appropriate agency unless a written statement providing the reasons for not adopting the recommendations is provided to the review panel;

(3) Monitoring the time periods required for response to reports of pesticide incidents by the departments of agriculture, health, and labor and industries;

(4) At the request of the chair or any panel member, reviewing pesticide incidents of unusual complexity or those that cannot be resolved;

The panel shall establish a priority list for reviewing reentry intervals, which considers the following criteria:

(a) Whether the pesticide is being widely used in labor-intensive agriculture in Washington;

(b) Whether another state has established a reentry interval for the pesticide that is longer than the existing federal reentry interval;

(c) The toxicity category of the pesticide under federal law;

(d) Whether the pesticide has been identified by a federal or state agency or through a scientific review as presenting a risk of cancer, birth defects, genetic damage, neurological effects, blood disorders, sterility, menstrual dysfunction, organ damage, or other chronic or subchronic effects; and

(e) Whether reports or complaints of ill effects from the pesticide have been filed following worker entry into fields to which the pesticide has been applied; and

(6) Reviewing and approving an annual report prepared by the department of health to the governor, agency heads, and members of the legislature, with the same available to the public. The report shall include, at a minimum:

(a) A summary of the year's activities;

(b) A synopsis of the cases reviewed;

(c) A separate descriptive listing of each case in which adverse health or environmental effects due to pesticides were found to occur;

70.105.005 Legislative declaration. The legislature hereby finds and declares:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. At the same time, the quality of life of the people of the state is in part based upon a large variety of goods produced by the economy of the state. The complex industrial processes that produce these goods also generate waste byproducts, some of which are hazardous to the public health and the environment if improperly managed.

(2) Safe and responsible management of hazardous waste is necessary to prevent adverse effects on the environment and to protect public health and safety.

(3) The availability of safe, effective, economical, and environmentally sound facilities for the management of hazardous waste is essential to protect public health and the environment and to preserve the economic strength of the state.

(4) Strong and effective enforcement of federal and state hazardous waste laws and regulations is essential to protect the public health and the environment and to meet the public's concerns regarding the acceptance of needed new hazardous waste management facilities.

(5) Negotiation, mediation, and similar conflict resolution techniques are useful in resolving concerns over the local impacts of siting hazardous waste management facilities.

(6) Safe and responsible management of hazardous waste requires an effective planning process that involves local and state governments, the public, and industry.

(7) Public acceptance and successful siting of needed new hazardous waste management facilities depends on several factors, including:

(a) Public confidence in the safety of the facilities;

(b) Assurance that the hazardous waste management priorities established in this chapter are being carried out to the maximum degree practical;

(c) Recognition that all state citizens benefit from certain products whose manufacture results in the generation of hazardous byproducts, and that all state citizens must, therefore, share in the responsibility for finding safe and effective means to manage this hazardous waste; and

(d) Provision of adequate opportunities for citizens to meet with facility operators and resolve concerns about local hazardous waste management facilities.

(8) Due to the controversial and regional nature of facilities for the disposal and incineration of hazardous waste, the facilities have had difficulty in obtaining necessary local approvals. The legislature finds that there is a statewide interest in assuring that such facilities can be sited.

It is therefore the intent of the legislature to preempt local government's authority to approve, deny, or otherwise regulate disposal and incineration facilities, and to vest in the department of ecology the sole authority among state,

regional, and local agencies to approve, deny, and regulate preempted facilities, as defined in this chapter.

In addition, it is the intent of the legislature that such complete preemptive authority also be vested in the department for treatment and storage facilities, in addition to disposal and incineration facilities, if a local government fails to carry out its responsibilities established in RCW 70.105.225.

It is further the intent of the legislature that no local ordinance, permit requirement, other requirement, or decision shall prohibit on the basis of land use considerations the construction of a hazardous waste management facility within any zone designated and approved in accordance with this chapter, provided that the proposed site for the facility is consistent with applicable state siting criteria.

(9) With the exception of the disposal site authorized for acquisition under this chapter, the private sector has had the primary role in providing hazardous waste management facilities and services in the state. It is the intent of the legislature that this role be encouraged and continue into the future to the extent feasible. Whether privately or publicly owned and operated, hazardous waste management facilities and services should be subject to strict governmental regulation as provided under this chapter.

(10) Wastes that are exempt or excluded from full regulation under this chapter due to their small quantity or household origin have the potential to pose significant risk to public health and the environment if not properly managed. It is the intent of the legislature that the specific risks posed by such waste be investigated and assessed and that programs be carried out as necessary to manage the waste appropriately. In addition, the legislature finds that, because local conditions vary substantially in regard to the quantities, risks, and management opportunities available for such wastes, local government is the appropriate level of government to plan for and carry out programs to manage moderate-risk waste, with assistance and coordination provided by the department. [1985 c 448 § 2.]

Severability—1985 c 448: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 448 § 19.]

70.105.007 Purpose. The purpose of this chapter is to establish a comprehensive statewide framework for the planning, regulation, control, and management of hazardous waste which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of the state. To this end it is the purpose of this chapter:

(1) To provide broad powers of regulation to the department of ecology relating to management of hazardous wastes and releases of hazardous substances;

(2) To promote waste reduction and to encourage other improvements in waste management practices;

(3) To promote cooperation between state and local governments by assigning responsibilities for planning for hazardous wastes to the state and planning for moderate-risk waste to local government;

(4) To provide for prevention of problems related to improper management of hazardous substances before such problems occur; and

(5) To assure that needed hazardous waste management facilities may be sited in the state, and to ensure the safe operation of the facilities. [1985 c 448 § 3.]

Severability—1985 c 448: See note following RCW 70.105.005.

(2) The consent decree characterizes the solid waste and specifies management practices and a department-approved treatment or disposal location;

(3) The management practices are consistent with RCW 70.105.150 and are protective of human health and the environment as determined by the department of ecology; and

(4) Waste treated or disposed of on-site will be managed in a manner determined by the department to be as protective of human health and the environment as clean-up standards pursuant to chapter 70.105D RCW.

This section shall not be interpreted to limit the ability of the department to apply any requirement of this chapter through a consent decree issued under chapter 70.105D RCW, if the department determines these requirements to be appropriate. (2) The department may establish an appropriate fee schedule for use of such disposal facilities to offset the cost of administration of this chapter and the cost of development, operation, maintenance, and perpetual management of the disposal site. If operated by a private entity, the disposal fee may be such as to provide a reasonable profit. [1975-'76 2nd ex.s. c 101 § 4.]

70.105.050 Disposal at other than approved site prohibited—Disposal of radioactive wastes. (1) No person shall dispose of designated extremely hazardous wastes at any disposal site in the state other than the disposal site established and approved for such purpose under provisions of this chapter, except:

(b) When such wastes are managed on-site as part of a remedial action conducted by the department or by potentially liable persons under a consent decree issued by the department pursuant to chapter 70.105D RCW.

(2) Extremely hazardous wastes that contain radioactive components may be disposed at a radioactive waste disposal site that is (a) owned by the United States department of energy or a licensee of the nuclear regulatory commission and (b) permitted by the department and operated in compliance with the provisions of this chapter. However, prior to disposal, or as a part of disposal, all reasonable methods of treatment, detoxification, neutralization, or other waste management methodologies designed to mitigate hazards associated with these wastes shall be employed, as required by applicable federal and state laws and regulations. [1994 c 254 § 6; 1987 c 488 § 4; 1975-'76 2nd ex.s. c 101 § 5.]

(1) it is upon request of the owner, producer, or person having custody of the waste, and

(2) upon the payment of a fee to cover disposal

(3) it can be reasonably demonstrated that there is no other disposal sites in the state that will handle such dangerous waste, and

(4) the site is designed to handle such a request or can be modified to the extent necessary to adequately dispose of the waste, or

(5) if a demonstrable emergency and potential threat to the public health and safety exists. [1975-'76 2nd ex.s. c 101 § 7.]

Each and every such violation shall be a separate and distinct offense. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

In the implementation of said section, the department shall consult and cooperate with the energy facility site evaluation council and, in order to reduce duplication of effort and to provide necessary coordination of monitoring and on-site inspection programs at energy facility sites, any on-site inspection by the department that may be required for the purposes of this chapter shall be performed pursuant to an interagency coordination agreement with the council.

(2) To facilitate the implementation of this chapter, the energy facility site evaluation council may require certificate holders to remove from their energy facility sites any dangerous wastes, controlled by this chapter, within ninety days of their generation. 70.105.145 Department's authority to participate in and administer federal act. Notwithstanding any other provision of chapter 70.105 RCW, the department of ecology is empowered to participate fully in and is empowered to administer all aspects of the programs of the federal Resource Conservation and Recovery Act, as it exists on June 7, 1984, (42 U.S.C. Sec. 6901 et seq.), contemplated for participation and administration by a state under that act. [1984 c 237 § 2; 1983 c 270 § 2.]

Severability—1983 c 270: See note following RCW 90.48.260.

70.105.150 Declaration—Management of hazardous waste—Priorities—Definitions. The legislature hereby declares that:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. Management and regulation of hazardous waste disposal should encourage practices which result in the least amount of waste being produced. Towards that end, the legislature finds that the following priorities in the management of hazardous waste are necessary and should be followed in order of descending priority as applicable:

- (a) Waste reduction;
- (b) Waste recycling;
- (c) Physical, chemical, and biological treatment;
- (d) Incineration;
- (e) Solidification/stabilization treatment;
- (f) Landfill.

(2) As used in this section:

(a) "Waste reduction" means reducing waste so that hazardous byproducts are not produced;

(b) "Waste recycling" means reusing waste materials and extracting valuable materials from a waste stream;

(c) "Physical, chemical, and biological treatment" means processing the waste to render it completely innocuous, produce a recyclable byproduct, reduce toxicity, or substantially reduce the volume of material requiring disposal;

(d) "Incineration" means reducing the volume or toxicity of wastes by use of an enclosed device using controlled flame combustion;

(e) "Solidification/stabilization treatment" means the use of encapsulation techniques to solidify wastes and make them less permeable or leachable; and

(f) "Landfill" means a disposal facility, or part of a facility, at which waste is placed in or on land and which is not a land treatment facility, surface impoundment, or injection well. [1983 1st ex.s. c 70 § 1.]

(2004 Ed.)

70.105.160 Waste management study—Public hearings—Adoption or modification of rules. The department shall conduct a study to determine the best management practices for categories of waste for the priority waste management methods established in RCW 70.105.150, with due consideration in the course of the study to sound environmental management and available technology. As an element of the study, the department shall review methods that will help achieve the priority of RCW 70.105.150(1)(a), waste reduction. Before issuing any proposed rules, the department shall conduct public hearings regarding the best management practices for the various waste categories studied by the department. After conducting the study, the department shall prepare new rules or modify existing rules as appropriate to promote implementation of the priorities established in RCW 70.105.150 for management practices which assure use of sound environmental management techniques and available technology. The preliminary study shall be completed by July 1, 1986, and the rules shall be adopted by July 1, 1987. The solid waste advisory committee shall review the studies and the new or modified rules.

The studies shall be updated at least once every five years. The funding for these studies shall be from the hazardous waste control and elimination account, subject to legislative appropriation. [1998 c 245 § 110; 1984 c 254 § 2; 1983 1st ex.s. c 70 § 2.]

Severability—1984 c 254: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 254 § 3.]

70.105.165 Disposal of dangerous wastes at commercial off-site land disposal facilities—Limitations. (1) Independent of the processing or issuance of any or all federal, state, and local permits for disposal of dangerous wastes, no disposal of dangerous wastes at a commercial off-site land disposal facility may be undertaken prior to July 1, 1986, unless:

(a) The disposal results from actions taken under *RCW 70.105A.060 (2) and (3), or results from other emergency situations; or

(b) Studies undertaken by the department under RCW 70.105.160 to determine the best management practices for various waste categories under the priority waste management methods established in RCW 70.105.150 are completed for the particular wastes or waste categories to be disposed of and any regulatory revisions deemed necessary by the department are proposed and do not prohibit land disposal of such wastes; or

(c) Final regulations have been adopted by the department that allow for such disposal.

(2) Construction of facilities used solely for the purpose of disposal of wastes that have not met the requirements of subsection (1) of this section shall not be undertaken by any developer of a dangerous waste disposal facility.

(3) The department shall prioritize the studies of waste categories undertaken under RCW 70.105.160 to provide initial consideration of those categories most likely to be suitable for land disposal. Any regulatory changes deemed necessary by the department shall be proposed and subjected to the rule-making process by category as the study of each

waste category is completed. All of the study shall be completed, and implementing regulations proposed, by July 1, 1986.

(4) Any final permit issued by the department before the adoption of rules promulgated as a result of the study conducted under RCW 70.105.160 shall be modified as necessary to be consistent with such rules. [1984 c 254 § 1.]

*Reviser's note: RCW 70.105A.060 was repealed by 1990 c 114 § 21.
Severability—1984 c 254: See note following RCW 70.105.160.

70.105.170 Waste management—Consultative services—Technical assistance—Confidentiality. Consistent with the purposes of RCW 70.105.150 and 70.105.160, the department is authorized to promote the priority waste management methods listed in RCW 70.105.150 by establishing or assisting in the establishment of: (1) Consultative services which, in conjunction with any business or industry requesting such service, study and recommend alternative waste management practices; and (2) technical assistance, such as a toll-free telephone service, to persons interested in waste management alternatives. Any person receiving such service or assistance may, in accordance with state law, request confidential treatment of information about their manufacturing or business practices. [1983 1st ex.s. c 70 § 3.]

70.105.180 Disposition of fines and penalties—Earnings. All fines and penalties collected under this chapter shall be deposited in the hazardous waste control and elimination account, which is hereby created in the state treasury. Moneys in the account collected from fines and penalties shall be expended exclusively by the department of ecology for the purposes of chapter 70, Laws of 1983 1st ex. sess., subject to legislative appropriation. Other sources of funds deposited in this account may also be used for the purposes of chapter 70, Laws of 1983 1st ex. sess. All earnings of investments of balances in the hazardous waste control and elimination account shall be credited to the general fund. [1985 c 57 § 70; 1983 1st ex.s. c 70 § 4.]

Effective date—1985 c 57: See note following RCW 18.04.105.

70.105.200 Hazardous waste management plan. (1) The department shall develop, and shall update at least once every five years, a state hazardous waste management plan. The plan shall include, but shall not be limited to, the following elements:

(a) A state inventory and assessment of the capacity of existing facilities to treat, store, dispose, or otherwise manage hazardous waste;

(b) A forecast of future hazardous waste generation;

(c) A description of the plan or program required by RCW 70.105.160 to promote the waste management priorities established in RCW 70.105.150;

(d) Siting criteria as appropriate for hazardous waste management facilities, including such criteria as may be appropriate for the designation of eligible zones for designated zone facilities. However, these criteria shall not prevent the continued operation, at or below the present level of waste management activity, of existing facilities on the basis of their location in areas other than those designated as eligible zones pursuant to RCW 70.105.225;

(e) Siting policies as deemed appropriate by the department; and

(f) A plan or program to provide appropriate public information and education relating to hazardous waste management. The department shall ensure to the maximum degree practical that these plans or programs are coordinated with public education programs carried out by local government under RCW 70.105.220.

(2) The department shall seek, encourage, and assist participation in the development, revision, and implementation of the state hazardous waste management plan by interested citizens, local government, business and industry, environmental groups, and other entities as appropriate.

(3) Siting criteria shall be completed by December 31, 1986. Other plan components listed in subsection (1) of this section shall be completed by June 30, 1987.

(4) The department shall incorporate into the state hazardous waste management plan those elements of the local hazardous waste management plans that it deems necessary to assure effective and coordinated programs throughout the state. [1985 c 448 § 4.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.210 Hazardous waste management facilities—Department to develop criteria for siting. By May 31, 1990, the department shall develop and adopt criteria for the siting of hazardous waste management facilities. These criteria will be part of the state hazardous waste management plan as described in RCW 70.105.200. To the extent practical, these criteria shall be designed to minimize the short-term and long-term risks and costs that may result from hazardous waste management facilities. These criteria may vary by type of facilities and may consider natural site characteristics and engineered protection. Criteria may be established for:

(1) Geology;

(2) Surface and groundwater hydrology;

(3) Soils;

(4) Flooding;

(5) Climatic factors;

(6) Unique or endangered flora and fauna;

(7) Transportation routes;

(8) Site access;

(9) Buffer zones;

(10) Availability of utilities and public services;

(11) Compatibility with existing uses of land;

(12) Shorelines and wetlands;

(13) Sole-source aquifers;

(14) Natural hazards; and

(15) Other factors as determined by the department.

[1989 1st ex.s. c 13 § 2; 1985 c 448 § 5.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.215 Department to adopt rules for permits for hazardous substances treatment facilities. The legislature recognizes the need for new, modified, or expanded facilities to treat, incinerate, or otherwise process or dispose of hazardous substances safely. In order to encourage the development of such facilities, the department shall adopt rules as necessary regarding the permitting of such facilities to ensure the

most expeditious permit processing possible consistent with the substantive requirements of applicable law. If owners and operators are not the same entity, the operator shall be the permit applicant and responsible for the development of the permit application and all accompanying materials, as long as the owner also signs the application and certifies its ownership of the real property described in the application, and acknowledges its awareness of the contents of the application and receipt of a copy thereof. [1986 c 210 § 3.]

70.105.217 Local government regulatory authority to prohibit or condition. Nothing in this chapter shall alter or affect the regulatory authority of a county, city, or jurisdictional health district to condition or prohibit the acceptance of hazardous waste in a county or city landfill. [1994 c 254 § 7.]

70.105.220 Local governments to prepare local hazardous waste plans—Basis—Elements required. (1) Each local government, or combination of contiguous local governments, is directed to prepare a local hazardous waste plan which shall be based on state guidelines and include the following elements:

(a) A plan or program to manage moderate-risk wastes that are generated or otherwise present within the jurisdiction. This element shall include an assessment of the quantities, types, generators, and fate of moderate-risk wastes in the jurisdiction. The purpose of this element is to develop a system of managing moderate-risk waste, appropriate to each local area, to ensure protection of the environment and public health;

(b) A plan or program to provide for ongoing public involvement and public education in regard to the management of moderate-risk waste. This element shall provide information regarding:

(i) The potential hazards to human health and the environment resulting from improper use and disposal of the waste; and

(ii) Proper methods of handling, reducing, recycling, and disposing of the waste;

(c) An inventory of all existing generators of hazardous waste and facilities managing hazardous waste within the jurisdiction. This inventory shall be based on data provided by the department;

(d) A description of the public involvement process used in developing the plan;

(e) A description of the eligible zones designated in accordance with RCW 70.105.225. However, the requirement to designate eligible zones shall not be considered part of the local hazardous waste planning requirements; and

(f) Other elements as deemed appropriate by local government.

(2) To the maximum extent practicable, the local hazardous waste plan shall be coordinated with other hazardous materials-related plans and policies in the jurisdiction.

(3) Local governments shall coordinate with those persons involved in providing privately owned hazardous and moderate-risk waste facilities and services as follows: If a local government determines that a moderate-risk waste will be or is adequately managed by one or more privately owned facilities or services at a reasonable price, the local govern-

(2004 Ed.)

ment shall take actions to encourage the use of that private facility or service. Actions taken by a local government under this subsection may include, but are not limited to, restricting or prohibiting the land disposal of a moderate-risk waste at any transfer station or land disposal facility within its jurisdiction.

(4)(a) The department shall prepare guidelines for the development of local hazardous waste plans. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986. The guidelines shall include a list of substances identified as hazardous household substances.

(b) In preparing the guidelines under (a) of this subsection, the department shall review and assess information on pilot projects that have been conducted for moderate-risk waste management. The department shall encourage additional pilot projects as needed to provide information to improve and update the guidelines.

(5) The department shall consult with retailers, trade associations, public interest groups, and appropriate units of local government to encourage the development of voluntary public education programs on the proper handling of hazardous household substances.

(6) Local hazardous waste plans shall be completed and submitted to the department no later than June 30, 1990. Local governments may from time to time amend the local plan.

(7) Each local government, or combination of contiguous local governments, shall submit its local hazardous waste plan or amendments thereto to the department. The department shall approve or disapprove local hazardous waste plans or amendments by December 31, 1990, or within ninety days of submission, whichever is later. The department shall approve a local hazardous waste plan if it determines that the plan is consistent with this chapter and the guidelines under subsection (4) of this section. If approval is denied, the department shall submit its objections to the local government within ninety days of submission. However, for plans submitted between January 1, 1990, and June 30, 1990, the department shall have one hundred eighty days to submit its objections. No local government is eligible for grants under RCW 70.105.235 for implementing a local hazardous waste plan unless the plan for that jurisdiction has been approved by the department.

(8) Each local government, or combination of contiguous local governments, shall implement the local hazardous waste plan for its jurisdiction by December 31, 1991.

(9) The department may waive the specific requirements of this section for any local government if such local government demonstrates to the satisfaction of the department that the objectives of the planning requirements have been met. [1992 c 17 § 1; 1986 c 210 § 1; 1985 c 448 § 6.]

Severability—1985 c 448: See note following RCW 70.105.005.

Used oil recycling element: RCW 70.951.020.

70.105.221 Local governments to prepare local hazardous waste plans—Used oil recycling element. Local governments and combinations of local governments shall amend their local hazardous waste plans required under

RCW 70.105.220 to comply with RCW 70.95I.020. [1991 c 319 § 312.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.105.225 Local governments to designate zones—Departmental guidelines—Approval of local government zone designations or amendments—Exemption. (1) Each local government, or combination of contiguous local governments, is directed to: (a) Demonstrate to the satisfaction of the department that existing zoning allows designated zone facilities as permitted uses; or (b) designate land use zones within its jurisdiction in which designated zone facilities are permitted uses. The zone designations shall be consistent with the state siting criteria adopted in accordance with RCW 70.105.210, except as may be approved by the department in accordance with subsection (6) of this section.

(2) Local governments shall not prohibit the processing or handling of hazardous waste in zones in which the processing or handling of hazardous substances is not prohibited. This subsection does not apply in residential zones.

(3) The department shall prepare guidelines, as appropriate, for the designation of zones under this section. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986.

(4) The initial designation of zones shall be completed or revised, and submitted to the department within eighteen months after the enactment of siting criteria in accordance with RCW 70.105.210. Local governments that do not comply with this submittal deadline shall be subject to the preemptive provisions of RCW 70.105.240(4) until such time as zone designations are completed and approved by the department. Local governments may from time to time amend their designated zones.

(5) Local governments without land use zoning provisions shall designate eligible geographic areas within their jurisdiction, based on siting criteria adopted in accordance with RCW 70.105.210. The area designation shall be subject to the same requirements as if they were zone designations.

(6) Each local government, or combination of contiguous local governments, shall submit its designation of zones or amendments thereto to the department. The department shall approve or disapprove zone designations or amendments within ninety days of submission. The department shall approve eligible zone designations if it determines that the proposed zone designations are consistent with this chapter, the applicable siting criteria, and guidelines for developing designated zones: PROVIDED, That the department shall consider local zoning in place as of January 1, 1985, or other special situations or conditions which may exist in the jurisdiction. If approval is denied, the department shall state within ninety days from the date of submission the facts upon which that decision is based and shall submit the statement to the local government together with any other comments or recommendations it deems appropriate. The local government shall have ninety days after it receives the statement from the department to make modifications designed to eliminate the inconsistencies and resubmit the designation to the department for approval. Any designations shall take effect when approved by the department.

(7) The department may exempt a local government from the requirements of this section if:

(a) Regulated quantities of hazardous waste have not been generated within the jurisdiction during the two calendar years immediately preceding the calendar year during which the exemption is requested; and

(b) The local government can demonstrate to the satisfaction of the department that no significant portion of land within the jurisdiction can meet the siting criteria adopted in accordance with RCW 70.105.210. [1989 1st ex.s. c 13 § 1; 1985 c 448 § 7.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.230 Local governments to submit letter of intent to identify or designate zones and submit management plans—Department to prepare plan in event of failure to act. (1) Each local government is directed to submit to the director of the department by October 31, 1987, a letter of intent stating that it intends to (a) identify, or designate if necessary, eligible zones for designated zone facilities no later than June 30, 1988, and (b) submit a complete local hazardous waste management plan to the department no later than June 30, 1990. The letters shall also indicate whether these requirements will be completed in conjunction with other local governments.

(2) If any local government fails to submit a letter as provided in subsection (1)(b) of this section, or fails to adopt a local hazardous waste plan for its jurisdiction in accordance with the time schedule provided in this chapter, or fails to secure approval from the department for its local hazardous waste plan in accordance with the time schedule provided in this chapter, the department shall prepare a hazardous waste plan for the local jurisdiction. [1985 c 448 § 8.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.235 Grants to local governments for plan preparation, implementation, and designation of zones—Matching funds—Qualifications. (1) Subject to legislative appropriations, the department may make and administer grants to local governments for (a) preparing and updating local hazardous waste plans, (b) implementing approved local hazardous waste plans, and (c) designating eligible zones for designated zone facilities as required under this chapter.

(2) Local governments shall match the funds provided by the department for planning or designating zones with an amount not less than twenty-five percent of the estimated cost of the work to be performed. Local governments may meet their share of costs with cash or contributed services. Local governments, or combination of contiguous local governments, conducting pilot projects pursuant to RCW 70.105.220(4) may subtract the cost of those pilot projects conducted for hazardous household substances from their share of the cost. If a pilot project has been conducted for all moderate-risk wastes, only the portion of the cost that applies to hazardous household substances shall be subtracted. The matching funds requirement under this subsection shall be waived for local governments, or combination of contiguous local governments, that complete and submit their local haz-

ardous waste plans under RCW 70.105.220(6) prior to June 30, 1988.

(3) Recipients of grants shall meet such qualifications and follow such procedures in applying for and using grants as may be established by the department. [1986 c 210 § 2; 1985 c 448 § 9.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.240 State preemption—Department sole authority—Local requirements superseded—State authority over designated zone facilities. (1) As of July 28, 1985, the state preempts the field of state, regional, or local permitting and regulating of all preempted facilities as defined in this chapter. The department of ecology is designated the sole decision-making authority with respect to permitting and regulating such facilities and no other state agency, department, division, bureau, commission, or board, or any local or regional political subdivision of the state, shall have any permitting or regulatory authority with respect to such facilities including, but not limited to, the location, construction, and operation of such facilities. Permits issued by the department shall be in lieu of any and all permits, approvals, certifications, or conditions of any other state, regional, or local governmental authority which would otherwise apply.

(2) The department shall ensure that any permits issued under this chapter invoking the preemption authority of this section meet the substantive requirements of existing state laws and regulations to the extent such laws and regulations are not inconsistent or in conflict with any of the provisions of this chapter. In the event that any of the provisions of this chapter, or any of the regulations promulgated hereunder, are in conflict with any other state law or regulations, such other law or regulations shall be deemed superseded for purposes of this chapter.

(3) As of July 28, 1985, any ordinances, regulations, requirements, or restrictions of regional or local governmental authorities regarding the location, construction, or operation of preempted facilities shall be deemed superseded. However, in issuing permits under this section, the department shall consider local fire and building codes and condition such permits as appropriate in compliance therewith.

(4) Effective July 1, 1988, the department shall have the same preemptive authority as defined in subsections (1) through (3) of this section in regard to any designated zone facility that may be proposed in any jurisdiction where the designation of eligible zones pursuant to RCW 70.105.225 has not been completed and approved by the department. Unless otherwise preempted by this subsection, designated zone facilities shall be subject to all applicable state and local laws, regulations, plans, and other requirements. [1985 c 448 § 10.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.260 Department to assist conflict resolution activities related to siting facilities—Agreements may constitute conditions for permit. (1) In order to promote identification, discussion, negotiation, and resolution of issues related to siting of hazardous waste management facilities, the department:

(a) Shall compile and maintain information on the use and availability of conflict resolution techniques and make this information available to industries, state and local government officials, and other citizens;

(b) Shall encourage and assist in facilitating conflict resolution activities, as appropriate, between facility proponents, host communities, and other interested persons;

(c) May adopt rules specifying procedures for facility proponents, host communities, and citizens to follow in providing opportunities for conflict resolution activities, including the use of dispute resolution centers established pursuant to chapter 7.75 RCW; and

(d) May expend funds to support such conflict resolution activities, and may adopt rules as appropriate to govern the support.

(2) Any agreements reached under the processes described in subsection (1) of this section and deemed valid by the department may be written as conditions binding on a permit issued under this chapter. [1985 c 448 § 14.]

(1) The department may assess reasonable service charges against those facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component or which are undergoing closure under this chapter in those instances

where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal, except any commercial low-level radioactive waste facility. Service charges may not exceed the costs to the department in carrying out the duties of this section.

(2) Program elements or activities for which service charges may be assessed include:

(a) Office, staff, and staff support for the purposes of facility or unit permit development, review, and issuance; and

(b) Actions taken to determine and ensure compliance with the state's hazardous waste management act.

(3) Moneys collected through the imposition of such service charges shall be deposited in the state toxics control account.

(4) The department shall adopt rules necessary to implement this section. Facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component shall not be subject to service charges prior to such rule making. Facilities undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal shall not be subject to service charges prior to such rule making. If a metals mining and milling operation is issued a permit pursuant to this chapter, then it will be subject to special inspection requirements. The department of ecology shall inspect these mining operations at least quarterly in order to ensure that the operation is in compliance with the conditions of any permit issued to it pursuant to this chapter. The department shall conduct additional inspections during the construction phase of the mining operation in order to ensure compliance with this chapter. [1994 c 232 § 19.]

encouraged to revise the hazardous waste fees prescribed in *RCW 70.105A.030 in a manner which provides an incentive for waste reduction and recycling. If prior to March 1, 1989, *RCW 70.105A.030 as it existed on August 1, 1987, has not been amended in a manner which specifically provides an incentive for hazardous waste reduction and recycling, then (1) the requirement to pay the fees prescribed in that section is eliminated solely for fees due and payable on June 30, 1989; and (2) the department of ecology shall prepare, and submit to the legislature by January 1, 1990, a proposed revision designed to provide an incentive for hazardous waste reduction and recycling. [1989 c 2 § 16 (Initiative Measure No. 97, approved November 8, 1988).]

***Reviser's note:** RCW 70.105A.030 was repealed by 1990 c 114 § 21.

70.105D.010 Declaration of policy. (1) Each person has a fundamental and inalienable right to a healthful environment, and each person has a responsibility to preserve and enhance that right. The beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.

(2) A healthful environment is now threatened by the irresponsible use and disposal of hazardous substances. There are hundreds of hazardous waste sites in this state, and more will be created if current waste practices continue. Hazardous waste sites threaten the state's water resources, including those used for public drinking water. Many of our municipal landfills are current or potential hazardous waste sites and present serious threats to human health and environment. The costs of eliminating these threats in many cases are beyond the financial means of our local governments and ratepayers. The main purpose of chapter 2, Laws of 1989 is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state's land and waters.

(3) Many farmers and small business owners who have followed the law with respect to their uses of pesticides and other chemicals nonetheless may face devastating economic consequences because their uses have contaminated the environment or the water supplies of their neighbors. With a source of funds, the state may assist these farmers and business owners, as well as those persons who sustain damages, such as the loss of their drinking water supplies, as a result of the contamination.

(4) It is in the public's interest to efficiently use our finite land base, to integrate our land use planning policies with our clean-up policies, and to clean up and reuse contaminated industrial properties in order to minimize industrial development pressures on undeveloped land and to make clean land available for future social use.

(5) Because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential that sites be cleaned up well and expeditiously, each responsible person should be liable jointly and severally.

(6) Because releases of hazardous substances can adversely affect the health and welfare of the public, the environment, and property values, it is in the public interest that affected communities be notified of where releases of hazardous substances have occurred and what is being done to clean them up. [2002 c 288 § 1; 1994 c 254 § 1; 1989 c 2 § 1 (Initiative Measure No. 97, approved November 8, 1988).]

Severability—2002 c 288: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 288 § 5.]

70.105D.020 Definitions. (1) "Agreed order" means an order issued by the department under this chapter with which the potentially liable person receiving the order agrees to comply. An agreed order may be used to require or approve any cleanup or other remedial actions but it is not a settlement under RCW 70.105D.040(4) and shall not contain a covenant not to sue, or provide protection from claims for contribution, or provide eligibility for public funding of remedial actions under RCW 70.105D.070(2)(d)(xi).

(2) "Department" means the department of ecology.

(3) "Director" means the director of ecology or the director's designee.

(4) "Facility" means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(5) "Federal cleanup law" means the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended by Public Law 99-499.

(6) "Foreclosure and its equivalents" means purchase at a foreclosure sale, acquisition, or assignment of title in lieu of foreclosure, termination of a lease, or other repossession, acquisition of a right to title or possession, an agreement in satisfaction of the obligation, or any other comparable formal

or informal manner, whether pursuant to law or under warranties, covenants, conditions, representations, or promises from the borrower, by which the holder acquires title to or possession of a facility securing a loan or other obligation.

(7) "Hazardous substance" means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010 (5) and (6), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(b) Any hazardous substance as defined in RCW 70.105.010(14) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;

(c) Any substance that, on March 1, 1989, is a hazardous substance under section 101(14) of the federal cleanup law, 42 U.S.C. Sec. 9601(14);

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(8) "Independent remedial actions" means remedial actions conducted without department oversight or approval, and not under an order, agreed order, or consent decree.

(9) "Holder" means a person who holds indicia of ownership primarily to protect a security interest. A holder includes the initial holder such as the loan originator, any subsequent holder such as a successor-in-interest or subsequent purchaser of the security interest on the secondary market, a guarantor of an obligation, surety, or any other person who holds indicia of ownership primarily to protect a security interest, or a receiver, court-appointed trustee, or other person who acts on behalf or for the benefit of a holder. A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

(10) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests includes, mortgages, deeds of trust, sellers interest in a real estate contract, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also includes assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

(11) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the

loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

(12) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility;

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection (13)(e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:

(A) The holder properly maintains the environmental compliance measures already in place at the facility;

(B) The holder complies with the reporting requirements in the rules adopted under this chapter;

(C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;

(D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The holder does not exacerbate an existing release. The exemption in this subsection (12)(b)(ii) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release;

(iii) A fiduciary in his, her, or its personal or individual capacity. This exemption does not preclude a claim against the assets of the estate or trust administered by the fiduciary

or against a nonemployee agent or independent contractor retained by a fiduciary. This exemption also does not apply to the extent that a person is liable under this chapter independently of the person's ownership as a fiduciary or for actions taken in a fiduciary capacity which cause or contribute to a new release or exacerbate an existing release of hazardous substances. This exemption applies provided that, to the extent of the fiduciary's powers granted by law or by the applicable governing instrument granting fiduciary powers, the fiduciary complies with all of the following:

(A) The fiduciary properly maintains the environmental compliance measures already in place at the facility;

(B) The fiduciary complies with the reporting requirements in the rules adopted under this chapter;

(C) The fiduciary complies with any order issued to the fiduciary by the department to abate an imminent or substantial endangerment;

(D) The fiduciary allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the fiduciary are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The fiduciary does not exacerbate an existing release.

The exemption in this subsection (12)(b)(iii) does not apply to fiduciaries who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided however, that a fiduciary shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release. The exemption in this subsection (12)(b)(iii) also does not apply where the fiduciary's powers to comply with this subsection (12)(b)(iii) are limited by a governing instrument created with the objective purpose of avoiding liability under this chapter or of avoiding compliance with this chapter; or

(iv) Any person who has any ownership interest in, operates, or exercises control over real property where a hazardous substance has come to be located solely as a result of migration of the hazardous substance to the real property through the ground water from a source off the property, if:

(A) The person can demonstrate that the hazardous substance has not been used, placed, managed, or otherwise handled on the property in a manner likely to cause or contribute to a release of the hazardous substance that has migrated onto the property;

(B) The person has not caused or contributed to the release of the hazardous substance;

(C) The person does not engage in activities that damage or interfere with the operation of remedial actions installed on the person's property or engage in activities that result in exposure of humans or the environment to the contaminated ground water that has migrated onto the property;

(D) If requested, the person allows the department, potentially liable persons who are subject to an order, agreed order, or consent decree, and the authorized employees, agents, or contractors of each, access to the property to conduct remedial actions required by the department. The person may attempt to negotiate an access agreement before allowing access; and

(E) Legal withdrawal of ground water does not disqualify a person from the exemption in this subsection (12)(b)(iv).

(13) "Participation in management" means exercising decision-making control over the borrower's operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facility for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower's remedial actions or the scope of the borrower's remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder's security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

(14) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(15) "Policing activities" means actions the holder takes to insure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower's business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan

or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

(16) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(17) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to clean up releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the holder's security interest in the facility. A holder can prepare a facility for sale, transfer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection (12)(b)(ii) of this section.

(18) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest. For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

(19) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(20) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

(21) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

(22) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or

other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

(23) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

(24) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower.

(25)(a) "Fiduciary" means a person acting for the benefit of another party as a bona fide trustee; executor; administrator; custodian; guardian of estates or guardian ad litem; receiver; conservator; committee of estates of incapacitated persons; trustee in bankruptcy; trustee, under an indenture agreement, trust agreement, lease, or similar financing agreement, for debt securities, certificates of interest or certificates of participation in debt securities, or other forms of indebtedness as to which the trustee is not, in the capacity of trustee, the lender. Except as provided in subsection (12)(b)(iii) of this section, the liability of a fiduciary under this chapter shall not exceed the assets held in the fiduciary capacity.

(b) "Fiduciary" does not mean:

(i) A person acting as a fiduciary with respect to a trust or other fiduciary estate that was organized for the primary purpose of, or is engaged in, actively carrying on a trade or business for profit, unless the trust or other fiduciary estate was created as part of, or to facilitate, one or more estate plans or because of the incapacity of a natural person;

(ii) A person who acquires ownership or control of a facility with the objective purpose of avoiding liability of the person or any other person. It is prima facie evidence that the

fiduciary acquired ownership or control of the facility to avoid liability if the facility is the only substantial asset in the fiduciary estate at the time the facility became subject to the fiduciary estate;

(iii) A person who acts in a capacity other than that of a fiduciary or in a beneficiary capacity and in that capacity directly or indirectly benefits from a trust or fiduciary relationship;

(iv) A person who is a beneficiary and fiduciary with respect to the same fiduciary estate, and who while acting as a fiduciary receives benefits that exceed customary or reasonable compensation, and incidental benefits permitted under applicable law;

(v) A person who is a fiduciary and receives benefits that substantially exceed customary or reasonable compensation, and incidental benefits permitted under applicable law; or

(vi) A person who acts in the capacity of trustee of state or federal lands or resources.

(26) "Fiduciary capacity" means the capacity of a person holding title to a facility, or otherwise having control of an interest in the facility pursuant to the exercise of the responsibilities of the person as a fiduciary. [1998 c 6 § 1; 1997 c 406 § 2; 1995 c 70 § 1; 1994 c 254 § 2; 1989 c 2 § 2 (Initiative Measure No. 97, approved November 8, 1988).]

Findings—Intent—1997 c 406: "The legislature finds that:

(1) Engrossed Substitute House Bill No. 1810 enacted during the 1995 legislative session [1995 c 359] authorized establishment of the model toxics control act policy advisory committee, a twenty-two member committee representing a broad range of interests including the legislature, agriculture, large and small business, environmental organizations, and local and state government. The committee was charged with the task of providing advice to the legislature and the department of ecology to more effectively implement the model toxics control act, chapter 70.105D RCW.

(2) The committee members committed considerable time and effort to their charge, meeting twenty-six times during 1995 and 1996 to discuss and decide issues. In addition, the committee created four subcommittees that met over sixty times during this same period. There were also numerous working subgroups and drafting committees formed on an ad hoc basis to support the committee's work. Many members of the public also attended these meetings and were provided opportunities to contribute to the committee deliberations.

(3) The policy advisory committee completed its work and submitted a final report to the department of ecology and the legislature on December 15, 1996. That report contains numerous recommendations for statutory changes that were agreed to by consensus of the committee members or obtained broad support of most of the committee members. Chapter 406, Laws of 1997 is intended to implement those recommended statutory changes." [1997 c 406 § 1.]

70.105D.030 Department's powers and duties. (1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses

and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(7) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, deed restrictions where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing a deed restriction under this subsection, the department shall notify and seek comment from a city or county department with land use planning authority for real property subject to a deed restriction;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in RCW 70.105D.110, and impose penalties for violations of that section consistent with RCW 70.105D.050;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(12)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employ-

ees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance; and

(j) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(e) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department's activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and

planned at each site, how the department is meeting its top two management priorities under RCW 70.105.150, and all funds expended under this chapter.

(4) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(7) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites. 70.105D.040 Standard of liability—Settlement. (1)

Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:

- (a) The owner or operator of the facility;
- (b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;
- (c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;
- (d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW; and
- (e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.

(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney

general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.

(3) The following persons are not liable under this section:

(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

- (i) An act of God;
- (ii) An act of war; or
- (iii) An act or omission of a third party (including but not limited to a trespasser) other than (A) an employee or agent of the person asserting the defense, or (B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;

(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (b) is limited as follows:

(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (b) shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;

(ii) The defense contained in this subsection (b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this subsection (b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;

(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.

(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this section.

(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and any required hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with cleanup standards under RCW 70.105D.030(2)(e) and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity. A hearing shall be required only if at least ten persons request one or if the department determines a hearing is necessary.

(b) A settlement agreement under this section shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopener clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this section shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(e) If the state has entered into a consent decree with an owner or operator under this section, the state shall not enforce this chapter against any owner or operator who is a successor in interest to the settling party unless under the terms of the consent decree the state could enforce against the settling party, if:

(i) The successor owner or operator is liable with respect to the facility solely due to that person's ownership interest or operator status acquired as a successor in interest to the owner or operator with whom the state has entered into a consent decree; and

(ii) The stay of enforcement under this subsection does not apply if the consent decree was based on circumstances unique to the settling party that do not exist with regard to the successor in interest, such as financial hardship. For consent decrees entered into before July 27, 1997, at the request of a settling party or a potential successor owner or operator, the attorney general shall issue a written opinion on whether a consent decree contains such unique circumstances. For all other consent decrees, such unique circumstances shall be specified in the consent decree.

(f) Any person who is not subject to enforcement by the state under (e) of this subsection is not liable for claims for contribution regarding matters addressed in the settlement.

(5)(a) In addition to the settlement authority provided under subsection (4) of this section, the attorney general may agree to a settlement with a person not currently liable for

remedial action at a facility who proposes to purchase, redevelop, or reuse the facility, provided that:

(i) The settlement will yield substantial new resources to facilitate cleanup;

(ii) The settlement will expedite remedial action consistent with the rules adopted under this chapter; and

(iii) Based on available information, the department determines that the redevelopment or reuse of the facility is not likely to contribute to the existing release or threatened release, interfere with remedial actions that may be needed at the site, or increase health risks to persons at or in the vicinity of the site.

(b) The legislature recognizes that the state does not have adequate resources to participate in all property transactions involving contaminated property. The primary purpose of this subsection (5) is to promote the cleanup and reuse of vacant or abandoned commercial or industrial contaminated property. The attorney general and the department may give priority to settlements that will provide a substantial public benefit, including, but not limited to the reuse of a vacant or abandoned manufacturing or industrial facility, or the development of a facility by a governmental entity to address an important public purpose.

(6) Nothing in this chapter affects or modifies in any way any person's right to seek or obtain relief under other statutes or under common law, including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes. [1997 c 406 § 4; 1994 c 254 § 4; 1989 c 2 § 4 (Initiative Measure No. 97, approved November 8, 1988).]

Findings—Intent—1997 c 406: See note following RCW 70.105D.020.

70.105D.050 Enforcement. (1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for

investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply. [2002 c 288 § 4; 1994 c 257 § 12; 1989 c 2 § 5 (Initiative Measure No. 97, approved November 8, 1988).]

70.105D.060 Timing of review. The department's investigative and remedial decisions under RCW 70.105D.030 and 70.105D.050 and its decisions regarding liable persons under RCW *70.105D.020(8) and 70.105D.040 shall be reviewable exclusively in superior court and only at the following times: (1) In a cost recovery suit under RCW 70.105D.050(3); (2) in a suit by the department to enforce an order or an agreed order, or seek a civil penalty under this chapter; (3) in a suit for reimbursement under RCW 70.105D.050(2); (4) in a suit by the department to compel investigative or remedial action; and (5) in a citizen's suit under RCW 70.105D.050(5). The court shall uphold the department's actions unless they were arbitrary and capricious. [1994 c 257 § 13; 1989 c 2 § 6 (Initiative Measure No. 97, approved November 8, 1988).]

***Reviser's note:** RCW 70.105D.020 was amended by 1994 c 254 § 2, changing subsection (8) to subsection (9); and was subsequently amended by 1995 c 70 § 1, changing subsection (9) to subsection (15); and was subsequently amended by 1997 c 406 § 2, changing subsection (15) to subsection (16).

70.105D.070 Toxics control accounts. (1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the

account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and

(xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters

70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the 2003-05 fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as specified in the omnibus operating budget bill for methamphetamine lab cleanup.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance. [2003 1st sp.s. c 25 § 933; 2001 c 27 § 2; 2000 2nd sp.s. c 1 § 912; 1999 c 309 § 923. 70.105D.080 Private right of action—Remedial action costs. Except as provided in RCW 70.105D.040(4) (d) and (f), a person may bring a private right of action, including a claim for contribution or for declaratory relief, against any other person liable under RCW 70.105D.040 for the recovery of remedial action costs. In the action, natural resource damages paid to the state under this chapter may also be recovered. Recovery shall be based on such equitable factors as the court determines are appropriate. Remedial action costs shall include reasonable attorneys' fees and expenses. Recovery of remedial action costs shall be limited to those remedial actions that, when evaluated as a whole, are the substantial equivalent of a department-conducted or department-supervised remedial action. Substantial equivalence shall be determined by the court with reference to the rules adopted by the department under this chapter. An action under this section may be brought after remedial action costs are incurred but must be brought within three years from the date remedial action confirms cleanup standards are met or within one year of May 12, 1993, whichever is later. The prevailing party in such an action shall recover its reasonable attorneys' fees and costs. This section applies to all causes of action regardless of when the cause of action may have arisen. To the extent a cause of action has arisen prior to May 12, 1993, this section applies retroactively, but in all other respects it applies prospectively. [1997 c 406 § 6; 1993 c 326 § 1.]

Findings—Intent—1997 c 406: See note following RCW 70.105D.020.

Effective date—1993 c 326: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 12, 1993]." [1993 c 326 § 2.]

Severability—1993 c 326: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 326 § 3.]

70.105D.090 Remedial actions—Exemption from procedural requirements. (1) A person conducting a remedial action at a facility under a consent decree, order, or agreed order, and the department when it conducts a remedial action, are exempt from the procedural requirements of chapters 70.94, 70.95, 70.105, 77.55, 90.48, and 90.58 RCW, and the procedural requirements of any laws requiring or authorizing local government permits or approvals for the remedial action. The department shall ensure compliance with the substantive provisions of chapters 70.94, 70.95, 70.105, 77.55, 90.48, and 90.58 RCW, and the substantive provisions

[Title 70 RCW—page 309]

of any laws requiring or authorizing local government permits of approvals. The department shall establish procedures for ensuring that such remedial actions comply with the substantive requirements adopted pursuant to such laws, and shall consult with the state agencies and local governments charged with implementing these laws. The procedures shall provide an opportunity for comment by the public and by the state agencies and local governments that would otherwise implement the laws referenced in this section. Nothing in this section is intended to prohibit implementing agencies from charging a fee to the person conducting the remedial action to defray the costs of services rendered relating to the substantive requirements for the remedial action.

(2) An exemption in this section or in RCW 70.94.335, 70.95.270, 70.105.116, 77.55.030, 90.48.039, and 90.58.355 shall not apply if the department determines that the exemption would result in loss of approval from a federal agency necessary for the state to administer any federal law, including the federal resource conservation and recovery act, the federal clean water act, the federal clean air act, and the federal coastal zone management act. Such a determination by the department shall not affect the applicability of the exemptions to other statutes specified in this section. [2003 c 39 § 30; 1994 c 257 § 14.]

Severability—1994 c 257: See note following RCW 36.70A.270.

70.105D.100 Grants to local governments—Statement of environmental benefits—Development of outcome-focused performance measures. In providing grants to local governments, the department shall require grant recipients to incorporate the environmental benefits of the project into their grant applications, and the department shall utilize the statement of environmental benefit[s] in its prioritization and selection process. The department shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The department shall consult with affected interest groups in implementing this section. [2001 c 227 § 5.]

Findings—Intent—2001 c 227: See note following RCW 43.41.270.

70.105D.110 Releases of hazardous substances—Notice—Exemptions. (1) Except as provided in subsection (5) of this section, any owner or operator of a facility that is actively transitioning from operating under a federal permit for treatment, storage, or disposal of hazardous waste issued under 42 U.S.C. Sec. 6925 to operating under the provisions of this chapter, who has information that a hazardous substance has been released to the environment at the owner or operator's facility that may be a threat to human health or the environment, shall issue a notice to the department within ninety days. The notice shall include a description of any remedial actions planned, completed, or underway.

(2) The notice must be posted in a visible, publicly accessible location on the facility, to remain in place until all remedial actions except confirmational monitoring are complete.

(3) After receiving the notice from the facility, the department must review the notice and mail a summary of its contents, along with any additional information deemed appropriate by the department, to:

(a) Each residence and landowner of a residence whose property boundary is within three hundred feet of the boundary of the property where the release occurred or if the release occurred from a pipeline or other facility that does not have a property boundary, within three hundred feet of the actual release;

(b) Each business and landowner of a business whose property boundary is within three hundred feet of the boundary of the property where the release occurred;

(c) Each residence, landowner of a residence, and business with a property boundary within the area where hazardous substances have come to be located as a result of the release;

(d) Neighborhood associations and community organizations representing an area within one mile of the facility and recognized by the city or county with jurisdiction within this area;

(e) The city, county, and local health district with jurisdiction within the areas described in (a), (b), and (c) of this subsection; and

(f) The department of health.

(4) A notice produced by a facility shall provide the following information:

(a) The common name of any hazardous substances released and, if available, the chemical abstract service registry number of these substances;

(b) The address of the facility where the release occurred;

(c) The date the release was discovered;

(d) The cause and date of the release, if known;

(e) The remedial actions being taken or planned to address the release;

(f) The potential health and environmental effects of the hazardous substances released; and

(g) The name, address, and telephone number of a contact person at the facility where the release occurred.

(5) The following releases are exempt from the notification requirements in this section:

(a) Application of pesticides and fertilizers for their intended purposes and according to label instructions;

(b) The lawful and nonnegligent use of hazardous household substances by a natural person for personal or domestic purposes;

(c) The discharge of hazardous substances in compliance with permits issued under chapter 70.94, 90.48, or 90.56 RCW;

(d) De minimis amounts of any hazardous substance leaked or discharged onto the ground;

(e) The discharge of hazardous substances to a permitted waste water treatment facility or from a permitted waste water collection system or treatment facility as allowed by a facility's discharge permit;

(f) Any releases originating from a single-family or multifamily residence, including but not limited to the discharge of oil from a residential home heating oil tank with the capacity of five hundred gallons or less;

(g) Any spill on a public road, street, or highway or to surface waters of the state that has previously been reported to the United States coast guard and the state division of emergency management under chapter 90.56 RCW;

(h) Any release of hazardous substances to the air;

(i) Any release that occurs on agricultural land, including land used to grow trees for the commercial production of wood or wood fiber, that is at least five acres in size, when the effects of the release do not come within three hundred feet of any property boundary. For the purposes of this subsection, agricultural land includes incidental uses that are compatible with agricultural or silvicultural purposes, including, but not limited to, land used for the housing of the owner, operator, or employees, structures used for the storage or repair of equipment, machinery, and chemicals, and any paths or roads on the land; and

(j) Releases that, before January 1, 2003, have been previously reported to the department, or remediated in compliance with a settlement agreement under RCW 70.105D.040(4) or enforcement order or agreed order issued under this chapter or have been the subject of an opinion from the department under RCW 70.105D.030(1)(i) that no further remedial action is required.

An exemption from the notification requirements of this section does not exempt the owner or operator of a facility from any other notification or reporting requirements, or imply a release from liability under this chapter.

(6) If a significant segment of the community to be notified speaks a language other than English, an appropriate translation of the notice must also be posted and mailed to the department in accordance with the requirements of this section.

(7) The facility where the release occurred is responsible for reimbursing the department within thirty days for the actual costs associated with the production and mailing of the notices under this section. [2002 c 288 § 2.]

(1) Sections 1 through 24 of this act shall take effect March 1, 1989, except that the director of ecology and the director of revenue may take whatever actions may be necessary to ensure that sections 1 through 24 of this act are implemented on their effective date.

*(2) This section does not apply and shall have no force or effect if (a) this act is passed by the legislature in the 1988 regular session or (b) no bill is enacted by the legislature involving hazardous substance cleanup (along with any other subject matter) between August 15, 1987, and January 1, 1988. [1989 c 2 § 26 (Initiative Measure No. 97, approved November 8, 1988).]

Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.

70.106.010 Purpose. The purpose of this chapter is to provide for special packaging to protect children from personal injury, serious illness or death resulting from handling, using or ingesting household substances, and to provide penalties. [1974 ex.s. c 49 § 1.]

70.106.020 Short title. This chapter shall be cited as the Washington Poison Prevention Act of 1974. [1974 ex.s. c 49 § 2.]

70.106.030 Definitions—Construction. The definitions in RCW 70.106.040 through 70.106.090 unless the context otherwise requires shall govern the construction of this chapter. [1974 ex.s. c 49 § 3.]

70.106.040 "Director" defined. "Director" means the director of the department of agriculture of the state of Washington, or his duly authorized representative. [1974 ex.s. c 49 § 4.]

70.106.050 "Sale" defined. "Sale" means to sell, offer for sale, hold for sale, handle or use as an inducement in the promotion of a household substance or the sale of another article or product. [1974 ex.s. c 49 § 5.]

70.106.060 "Household substance" defined. "Household substance" means any substance which is customarily produced or distributed for sale for consumption or use, or customarily stored, by individuals in or about the household and which is:

(1) A "hazardous substance", which means (a) any substance or mixture of substances or product which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

(2) A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

(3) A food, drug, or cosmetic as those terms are defined in the Uniform Washington Food, Drug and Cosmetic Act, chapter 69.04 RCW as now or hereafter amended; or

(4) A substance intended for use as fuel when stored in portable containers and used in the heating, cooking, or refrigeration system of a house; or

(5) Any other substance which the director may declare to be a household substance subsequent to a hearing as provided for under the provisions of chapter 34.05 RCW, Administrative Procedure Act, for the adoption of rules. [1974 ex.s. c 49 § 6.]

70.106.070 "Package" defined. "Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

(1) Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

(2) Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 ex.s. c 49 § 7.]

70.106.080 "Special packaging" defined. "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 ex.s. c 49 § 8.]

70.106.090 "Labeling" defined. "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 ex.s. c 49 § 9.]

70.106.100 Standards for packaging. (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

(a) The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using or ingesting such substance; and

(b) The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

(a) The reasonableness of such standard;

(b) Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(c) The manufacturing practices of industries affected by this chapter; and

(d) The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.

(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 ex.s. c 49 § 10.]

70.106.110 Exceptions from packaging standards.

(1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:

(a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and

(b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]

70.106.120 Adoption of rules and regulations under federal poison prevention packaging act. One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. Sec. 1261, 1471-1476; 21 U.S.C. Sec. 343, 352, 353, 362) on July 24, 1974, are hereby adopted as rules and regulations applicable to this chapter. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.05 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 ex.s. c 49 § 12.]

(2004 Ed.)

70.106.140 Penalties. (1) Except as provided in subsection (2) of this section, any person violating the provisions of this chapter or rules adopted under this chapter is guilty of a misdemeanor.

(2) A second or subsequent violation of the provisions of this chapter or rules adopted under this chapter is a gross misdemeanor. Any offense committed more than five years after a previous conviction shall be considered a first offense. [2003 c 53 § 358; 1974 ex.s. c 49 § 16.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

70.106.150 Authority to adopt regulations—Delegation of authority to board of pharmacy. The authority to promulgate regulations for the efficient enforcement of this chapter is hereby vested in the director. However, the director shall designate the Washington state board of pharmacy to carry out all the provisions of this chapter pertaining to drugs and cosmetics, with authority to promulgate regulations for the efficient enforcement thereof. [1987 c 236 § 1.]

70.106.900 Severability—1974 ex.s. c 49. If any provision of this 1974 act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 ex.s. c 49 § 14.]

70.106.905 Saving—1974 ex.s. c 49. The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 ex.s. c 49 § 15.]

70.106.910 Chapter cumulative and nonexclusive. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy. [1974 ex.s. c 49 § 17.]

| 70.107.900 | Construction—Severability—1974 ex.s. c 183. |
| 70.107.910 | Short title. |

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts statewide directed toward the abatement and control of noise, considering the social and economic impact upon

the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

- (1) "Department" means the department of ecology.
- (2) "Director" means director of the department of ecology.
- (3) "Local government" means county or city government or any combination of the two.
- (4) "Noise" means the intensity, duration and character of sounds from any and all sources.
- (5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:

(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: PROVIDED, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.

(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901-4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:

(a) Performance standards setting allowable noise limits for the operation of products which produce noise;

(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: PROVIDED, The rules shall provide for temporarily exceeding those standards for stated purposes; and

(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.

(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

70.107.040 Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975-'76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.107.050 Civil penalties. (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars imposed by local government pursuant to this section. An action under this section shall not preclude enforcement of any provisions of the local government noise ordinance.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed in accordance with the administrative procedures of the local government, or if it has no such administrative appeal, to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the local administrative agency or the pollution control hearings board shall become due and payable on the issuance of said agency or board's final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney for the local government may bring an action in the superior court of the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. [1987 c 103 § 2; 1974 ex.s. c 183 § 5.]

70.107.060 Other rights, remedies, powers, duties and functions—Local regulation—Approval—Procedure. (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places

of the state, as now or hereafter vested in the department of labor and industries.

(3) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. Noise limiting requirements of local government which differ from those adopted or controlled by the department shall be invalid unless first approved by the department. If the department of ecology fails to approve or disapprove standards submitted by local governmental jurisdictions within ninety days of submittal, such standards shall be deemed approved. If disapproved, the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. The department determination of whether to grant approval shall depend on the reasonableness and practicability of compliance. Particular attention shall be given to stationary sources located near jurisdictional boundaries, and temporary noise producing operations which may operate across one or more jurisdictional boundaries.

(4) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.05 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1987 c 103 § 1; 1974 ex.s. c 183 § 6.]

70.107.070 Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state patrol. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1987 c 330 § 749; 1974 ex.s. c 183 § 7.]

Construction—Application of rules—Severability—1987 c 330: See notes following RCW 28B.12.050.

70.107.080 Exemptions. The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 ex.s. c 183 § 8.]

70.107.900 Construction—Severability—1974 ex.s. c 183. (1) This chapter shall be liberally construed to carry out its broad purposes.

(2004 Ed.)

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 183 § 11.]

70.107.910 Short title. This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 ex.s. c 183 § 12.]

Reviser's note: Throughout chapter 70.108 RCW the references to "this act" have been changed to "this chapter." "This act" [1971 ex.s. c 302] consists of this chapter, the 1971 amendments to RCW 9.40.110-9.40.130, 9.41.010, 9.41.070, 26.44.050, 70.74.135, 70.74.270, 70.74.280, and the enactment of RCW 9.27.015 and 9.91.110.

70.108.010 Legislative declaration. The legislature hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons. [1971 ex.s. c 302 § 19.]

Severability—1971 ex.s. c 302: See note following RCW 9.41.010.

70.108.020 Definitions. For the purposes of this chapter the following words and phrases shall have the indicated meanings:

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: PROVIDED, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people

the maximum seating capacity of the structure where the assembly is held: PROVIDED, FURTHER, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

(5) "Participate" means to knowingly provide or deliver to the festival site supplies, materials, food, lumber, beverages, sound equipment, generators, or musical entertainment and/or to attend a music festival. | 70.111.901 | Severability—1996 c 158. |

70.111.010 Findings—Purpose—Intent. (1) The legislature finds all of the following:

(a) The disability and death of infants resulting from injuries sustained in crib accidents are a serious threat to the public health, welfare, and safety of the people of this state.

(b) Infants are an especially vulnerable class of people.

(c) The design and construction of a baby crib must ensure that it is safe to leave an infant unattended for extended periods of time. A parent or caregiver has a right to believe that the crib in use is a safe place to leave an infant.

(d) Over thirteen thousand infants are injured in unsafe cribs every year.

(e) In the past decade, six hundred twenty-two infants died (a rate of sixty-two infants each year) from injuries sustained in unsafe cribs.

(f) The United States consumer product safety commission estimates that the cost to society resulting from injuries and death due to unsafe cribs is two hundred thirty-five million dollars per year.

(g) Secondhand, hand-me-down, and heirloom cribs pose a special problem. There were four million infants born in this country last year, but only one million new cribs sold. As many as three out of four infants are placed in secondhand, hand-me-down, or heirloom cribs.

(h) Most injuries and deaths occur in secondhand, hand-me-down, or heirloom cribs.

(i) Existing state and federal legislation is inadequate to deal with this hazard.

(j) Prohibiting the remanufacture, retrofit, sale, contracting to sell or resell, leasing, or subletting of unsafe cribs, particularly unsafe secondhand, hand-me-down, or heirloom cribs, will prevent injuries and deaths caused by cribs.

(2) The purpose of this chapter is to prevent the occurrence of injuries and deaths to infants as a result of unsafe cribs by making it illegal to remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, after June 6, 1996, any full-size or non-full-size crib that is unsafe for any infant using a crib.

(3) It is the intent of the legislature to encourage public and private collaboration in disseminating materials relative to the safety of baby cribs to parents, child care providers, and those who would be likely to place unsafe cribs in the stream of commerce. The legislature also intends that informational materials regarding baby crib safety be available to consumers through the department of health. [1996 c 158 § 1.]

70.111.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Infant" means any person less than thirty-five inches tall and less than three years of age.

(2) "Crib" means a bed or containment designed to accommodate an infant.

(3) "Full-size crib" means a full-size crib as defined in Section 1508.3 of Title 16 of the Code of Federal Regulations regarding the requirements for full-size cribs.

(4) "Nonfull-size crib" means a nonfull-size crib as defined in Section 1509.2(b) of Title 16 of the Code of the Federal Regulations regarding the requirements for nonfull-size cribs.

(5) "Person" means any natural person, firm, corporation, association, or agent or employee thereof.

(6) "Commercial user" means any person who deals in full-size or nonfull-size cribs of the kind governed by this chapter or who otherwise by one's occupation holds oneself out as having knowledge or skill peculiar to the full-size or nonfull-size cribs governed by this chapter, including child care facilities and family child care homes licensed by the department of social and health services under chapter 74.15 RCW, or any person who is in the business of remanufacturing, retrofitting, selling, leasing, subletting, or otherwise placing in the stream of commerce full-size or nonfull-size cribs. [1996 c 158 § 3.]

70.111.030 Unsafe cribs—Prohibition—Definition—Penalty. (1) No commercial user may remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, on or after June 6, 1996, a full-size or nonfull-size crib that is unsafe for any infant using the crib.

(2) A crib is presumed to be unsafe pursuant to this chapter if it does not conform to all of the following:

(a) Part 1508 (commencing with Section 1508.1) of Title 16 of the Code of Federal Regulations;

(b) Part 1509 (commencing with Section 1509.1) of Title 16 of the Code of Federal Regulations;

(c) Part 1303 (commencing with Section 1303.1) of Title 16 of the Code of Federal Regulations;

(d) American Society for Testing Materials Voluntary Standards F966-90;

(e) American Society for Testing Materials Voluntary Standards F1169.88;

(f) Any regulations that are adopted in order to amend or supplement the regulations described in (a) through (e) of this subsection.

(3) Cribs that are unsafe or fail to perform as expected pursuant to subsection (2) of this section include, but are not

limited to, cribs that have any of the following dangerous features or characteristics:

(a) Corner posts that extend more than one-sixteenth of an inch;

(b) Spaces between side slats more than two and three-eighths inches;

(c) Mattress support that can be easily dislodged from any point of the crib. A mattress segment can be easily dislodged if it cannot withstand at least a twenty-five pound upward force from underneath the crib;

(d) Cutout designs on the end panels;

(e) Rail height dimensions that do not conform to the following:

(i) The height of the rail and end panel as measured from the top of the rail or panel in its lowest position to the top of the mattress support in its highest position is at least nine inches;

(ii) The height of the rail and end panel as measured from the top of the rail or panel in its highest position to the top of the mattress support in its lowest position is at least twenty-six inches;

(f) Any screws, bolts, or hardware that are loose and not secured;

(g) Sharp edges, points, or rough surfaces, or any wood surfaces that are not smooth and free from splinters, splits, or cracks;

(h) Nonfull-size cribs with tears in mesh or fabric sides.

(4) On or after January 1, 1997, any commercial user who willfully and knowingly violates this section is guilty of a misdemeanor, punishable by a fine not exceeding one thousand dollars. Hotels, motels, and similar transient lodging, child care facilities, and family child care homes are not subject to this section until January 1, 1999. [2003 c 53 § 361; 1996 c 158 § 4.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

70.111.040 Exemption. Any crib that is clearly not intended for use by an infant is exempt from the provisions of this chapter, provided that it is accompanied at the time of remanufacturing, retrofitting, selling, leasing, subletting, or otherwise placing in the stream of commerce, by a notice to be furnished by the commercial user declaring that it is not intended to be used for an infant and is dangerous to use for an infant. The commercial user is further exempt from claims for liability resulting from use of a crib contrary to the notice required in this section. [1996 c 158 § 5.]

70.111.060 Civil actions. Any person may maintain an action against any commercial user who violates RCW 70.111.030 to enjoin the remanufacture, retrofit, sale, contract to sell, contract to resell, lease, or subletting of a full-size or nonfull-size crib that is unsafe for any infant using the crib, and for reasonable attorneys' fees and costs. This section does not apply to hotels, motels, and similar transient lodging, child care facilities, and family child care homes until January 1, 1999. [1996 c 158 § 7.]

70.111.070 Remedies. Remedies available under this chapter are in addition to any other remedies or procedures

under any other provision of law that may be available to an aggrieved party. [1996 c 158 § 8.]

70.111.900 Short title. This chapter may be known and cited as the infant crib safety act. [1996 c 158 § 2.]

70.111.901 Severability—1996 c 158. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1996 c 158 § 9.]

70.114.010 Legislative declaration—Fees for use of housing. The legislature finds that the migrant labor housing project constructed on property purchased by the state in Yakima county should be continued until June 30, 1981. The employment security department is authorized to set day use or extended period use fees, consistent with those established by the department of parks and recreation. [1979 ex.s. c 79 § 1; 1977 ex.s. c 287 § 1; 1975 1st ex.s. c 50 § 1; 1974 ex.s. c 125 § 1.]

The employment security department is authorized to enter into such agreements and contracts as may be necessary to provide for the continued operation of the facility by a state agency, an appropriate local governmental body, or by such other entity as the commissioner may deem appropriate and in the state's best interest. [1979 ex.s. c 79 § 2; 1977 ex.s. c 287 § 2; 1975 1st ex.s. c 50 § 3; 1974 ex.s. c 125 § 4.]

70.114A.010 Findings—Intent. The legislature finds that there is an inadequate supply of temporary and permanent housing for migrant and seasonal workers in this state. The legislature also finds that unclear, complex regulations related to the development, construction, and permitting of

worker housing inhibit the development of this much needed housing. The legislature further finds that as a result, many workers are forced to obtain housing that is unsafe and unsanitary.

Therefore, it is the intent of the legislature to encourage the development of temporary and permanent housing for workers that is safe and sanitary by: Establishing a clear and concise set of regulations for temporary housing; establishing a streamlined permitting and administrative process that will be locally administered and encourage the development of such housing; and by providing technical assistance to organizations or individuals interested in the development of worker housing. [1995 c 220 § 1.]

70.114A.020 Definitions. The definitions in this section apply throughout this chapter.

(1) "Agricultural employee" means any person who renders personal services to, or under the direction of, an agricultural employer in connection with the employer's agricultural activity.

(2) "Agricultural employer" means any person engaged in agricultural activity, including the growing, producing, or harvesting of farm or nursery products, or engaged in the forestation or reforestation of lands, which includes but is not limited to the planting, transplanting, tubing, precommercial thinning, and thinning of trees and seedlings, the clearing, piling, and disposal of brush and slash, the harvest of Christmas trees, and other related activities.

(3) "Department" means the department of health.

(4) "Dwelling unit" means a shelter, building, or portion of a building, that may include cooking and eating facilities, that is:

(a) Provided and designated by the operator as either a sleeping area, living area, or both, for occupants; and

(b) Physically separated from other sleeping and common-use areas.

(5) "Enforcement" and "enforcement actions" include the authority to levy and collect fines.

(6) "Facility" means a sleeping place, drinking water, toilet, sewage disposal, food handling installation, or other installations required for compliance with this chapter.

(7) "Occupant" means a temporary worker or a person who resides with a temporary worker at the housing site.

(8) "Operator" means a person holding legal title to the land on which temporary worker housing is located. However, if the legal title and the right to possession are in different persons, "operator" means a person having the lawful control or supervision over the temporary worker housing under a lease or other arrangement.

(9) "Temporary worker" means an agricultural employee employed intermittently and not residing year-round at the same site.

(10) "Temporary worker housing" means a place, area, or piece of land where sleeping places or housing sites are provided by an agricultural employer for his or her agricultural employees or by another person, including a temporary worker housing operator, who is providing such accommodations for employees, for temporary, seasonal occupancy. [1999 c 374 § 6; 1995 c 220 § 2.]

70.114A.030 Application of chapter. Chapter 220, Laws of 1995, applies to temporary worker housing that consists of five or more dwelling units, or any combination of dwelling units, dormitories, or spaces that house ten or more occupants. [1995 c 220 § 3.]

70.114A.040 Responsibilities of department. The department is designated the single state agency responsible for encouraging the development of additional temporary worker housing, and shall be responsible for coordinating the activities of the various state and local agencies to assure a seamless, nonduplicative system for the development and operation of temporary worker housing. [1995 c 220 § 4.]

70.114A.045 Housing operation standards—Departments' agreement—Enforcement. By December 1, 1999, the department and the department of labor and industries shall jointly establish a formal agreement that identifies the roles of each of the two agencies with respect to the enforcement of temporary worker housing operation standards.

The agreement shall, to the extent feasible, provide for inspection and enforcement actions by a single agency, and shall include measures to avoid multiple citations for the same violation. [1999 c 374 § 3.]

70.114A.050 Housing on rural worksites. Temporary worker housing located on a rural worksite, and used for workers employed on the worksite, shall be considered a permitted use at the rural worksite for the purposes of zoning or other land use review processes, subject only to height, setback, and road access requirements of the underlying zone. [1995 c 220 § 5.]

70.114A.060 Inspection of housing. The secretary of the department or authorized representative may inspect housing covered by chapter 220, Laws of 1995, to enforce temporary worker housing rules adopted by the state board of health prior to July 25, 1999, or the department, or when the secretary or representative has reasonable cause to believe that a violation of temporary worker housing rules adopted by the state board of health prior to July 25, 1999, or the department is occurring or is being maintained. If the buildings or premises are occupied as a residence, a reasonable effort shall be made to obtain permission from the resident. If the premises or building is unoccupied, a reasonable effort shall be made to locate the owner or other person having charge or control of the building or premises and request entry. If consent for entry is not obtained, for whatever reason, the secretary or representative shall have recourse to every remedy provided by law to secure entry. [1999 c 374 § 7; 1995 c 220 § 6.]

70.114A.065 Licensing, operation, and inspection—Rules. The department and the department of labor and industries shall adopt joint rules for the licensing, operation, and inspection of temporary worker housing, and the enforcement thereof. These rules shall establish standards that are as effective as the standards developed under the Washington industrial safety and health act, chapter 49.17 RCW. [1999 c 374 § 1.]

(2004 Ed.)

70.114A.070 Technical assistance. The department of community, trade, and economic development shall contract with private, nonprofit corporations to provide technical assistance to any private individual or nonprofit organization wishing to construct temporary or permanent worker housing. The assistance may include information on state and local application and approval procedures, information or assistance in applying for federal, state, or local financial assistance, including tax incentives, information on cost-effective housing designs, or any other assistance the department of community, trade, and economic development may deem helpful in obtaining the active participation of private individuals or groups in constructing or operating temporary or permanent worker housing. [1995 c 220 § 7.]

70.114A.081 Temporary worker building code—Rules—Guidelines—Exceptions—Enforcement—Variations. (1) The department shall adopt by rule a temporary worker building code in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, and the following guidelines:

(a) The temporary worker building code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements;

(b) The temporary worker building code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing;

(c) In developing the temporary worker building code the department of health shall consider:

(i) The need for dormitory type housing for groups of unrelated individuals; and

(ii) The need for housing to accommodate families;

(d) The temporary worker building code shall incorporate the opportunity for the use of construction alternatives and the use of new technologies that meet the performance standards required by law;

(e) The temporary worker building code shall include standards for heating and insulation appropriate to the type of structure and length and season of occupancy;

(f) The temporary worker building code shall include standards for temporary worker housing that are to be used only during periods when no auxiliary heat is required; and

(g) The temporary worker building code shall provide that persons operating temporary worker housing consisting of four or fewer dwelling units or combinations of dwelling units, dormitories, or spaces that house nine or fewer occupants may elect to comply with the provisions of the temporary worker building code, and that unless the election is made, such housing is subject to the codes adopted under RCW 19.27.031.

(2) In adopting the temporary worker building code, the department shall make exceptions to the codes listed in RCW 19.27.031 and chapter 19.27A RCW, in keeping with the guidelines set forth in this section. The initial temporary worker building code adopted by the department shall be substantially equivalent with the temporary worker building

code developed by the state building code council as directed by section 8, chapter 220, Laws of 1995.

(3) The temporary worker building code authorized and required by this section shall be enforced by the department.

The department shall have the authority to allow minor variations from the temporary worker building code that do not compromise the health or safety of workers. Procedures for requesting variations and guidelines for granting such requests shall be included in the rules adopted under this section. [1999 c 374 § 8; 1998 c 37 § 2.]

70.114A.085 Temporary worker building code—Report. The department shall prepare a report to the legislature on utilization of the temporary worker building code authorized by RCW 70.114A.081. The report shall include the number of housing units, number of families or individuals housed, number of growers obtaining permits, the geographic distribution of the permits, and recommendations of changes in the temporary worker building code necessary to avoid health and safety problems for the occupants. The report shall be transmitted to the senate committee on commerce, trade, housing and financial institutions and the house of representatives committee on economic development, housing and trade by December 15, 2000, and an update shall be transmitted every two years thereafter. [1999 c 374 § 11.]

70.114A.100 Rules—Compliance with federal act. Any rules adopted under chapter 220, Laws of 1995, pertaining to an employer who is subject to the migrant and seasonal agricultural worker protection act (96 Stat. 2583; 29 U.S.C. Sec. 1801 et seq.), must comply with the housing provisions of that federal act. [1995 c 220 § 10.]

70.114A.110 Cherry harvest temporary labor camps—Rule making—Definition—Conditions for occupation—Application. (1) The department and the department of labor and industries are directed to engage in joint rule making to establish standards for cherry harvest temporary labor camps. These standards may include some variation from standards that are necessary for longer occupancies, provided they are as effective as the standards adopted under the Washington industrial safety and health act, chapter 49.17 RCW. As used in this section "cherry harvest temporary labor camp" means a place where housing and related facilities are provided to agricultural employees by agricultural employers for their use while employed for the harvest of cherries. The housing and facilities may be occupied by agricultural employees for a period not to exceed one week before the commencement through one week following the conclusion of the cherry crop harvest within the state.

(2) Facilities licensed under rules adopted under this section may not be used to provide housing for agricultural employees who are nonimmigrant aliens admitted to the United States for agricultural labor or services of a temporary or seasonal nature under section 1101(a)(15)(H)(ii)(a) of the immigration and nationality act (8 U.S.C. Sec. 1101(a)(15)(H)(ii)(a)).

(3) This section has no application to temporary worker housing constructed in conformance with codes listed in

Drinking water quality consumer complaints: RCW 80.04.110.

70.116.010 Legislative declaration. The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health

and well-being of the people of the state. Readily available water for use in public water systems is limited and should be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state's public water supply systems, the department of health shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1991 c 3 § 365; 1977 ex.s. c 142 § 1.]

70.116.020 Declaration of purpose. The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 ex.s. c 142 § 2.]

70.116.030 Definitions. Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made

(2004 Ed.)

available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of health or the secretary's authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1991 c 3 § 366; 1977 ex.s. c 142 § 3.]

70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures. (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply service area. The committee shall include a representative from each purveyor serving more than fifty customers, the county legislative authority, county planning agency, and health agencies. Such proposed boundaries shall be established within six months of the appointment of the committee.

During the six month period following the establishment of the proposed external boundaries of the critical water supply services areas, the county legislative authority shall conduct public hearings on the proposed boundaries and shall modify or ratify the proposed boundaries in accordance with the findings of the public hearings. The boundaries shall reflect the existing land usage, and permitted densities in county plans, ordinances, and/or growth policies. If the proposed boundaries are not modified during the six month period, the proposed boundaries shall be automatically ratified and be the critical water supply service area.

After establishment of the external boundaries of the critical water supply service area, no new public water systems may be approved within the boundary area unless an existing water purveyor is unable to provide water service.

(2) At the time a critical water supply service area is established, the external boundaries for such area shall not include any fractional part of a purveyor's existing contiguous service area.

(3) The external boundaries of the critical water supply service area may be amended in accordance with procedures prescribed in subsection (1) of this section for the establishment of the critical water supply service areas when such

amendment is necessary to accomplish the purposes of this chapter. [1977 ex.s. c 142 § 4.]

70.116.050 Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they have no plans for water service beyond their existing service area: PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being. Decisions of the committee shall be by majority vote of those present at meetings of the committee.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(f) Include satellite system management requirements consistent with RCW 70.116.134.

(g) Include policies and procedures that generally address failing water systems for which counties may become responsible under RCW 43.70.195.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) The committee established in RCW 70.116.040 may develop and utilize a mechanism for addressing disputes that arise in the development of the coordinated water system plan.

(7) Prior to the submission of a coordinated water system plan to the secretary for approval pursuant to RCW 70.116.060, the legislative authorities of the counties in which the critical water supply service area is located shall hold a public hearing thereon and shall determine the plan's consistency with subsection (4) of this section. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval.

(8) Any county legislative authority may adopt an abbreviated plan for the provision of water supplies within its boundaries that includes provisions for service area boundaries, minimum design criteria, and review process. The elements of the abbreviated plan shall conform to the criteria established by the department under subsection (4) of this section and shall otherwise be consistent with other adopted land use and resource plans. The county legislative authority may, in lieu of the committee required under RCW 70.116.040, and the procedures authorized in this section, utilize an advisory committee that is representative of the water utilities and local governments within its jurisdiction to assist in the preparation of the abbreviated plan, which may be adopted by resolution and submitted to the secretary for approval. Purveyors within the boundaries covered by the abbreviated plan need not develop a water system plan, except to the extent required by the secretary or state board of health under other authority. Any abbreviated plan adopted by a county legislative authority pursuant to this subsection shall be subject to the same provisions contained in RCW 70.116.060 for coordinated water system plans that are approved by the secretary. [1995 c 376 § 7; 1977 ex.s. c 142 § 5.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.116.060 Approval of coordinated water system plan—Limitations following approval—Dispute resolution mechanism—Update or revision of plan. (1) A coordinated water system plan shall be submitted to the secretary

for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall review the coordinated water system plan and, to the extent the plan is consistent with the requirements of this chapter and regulations adopted hereunder, shall approve the plan, provided that the secretary shall not approve those portions of a coordinated water system plan that fail to meet the requirements for future service area boundaries until any boundary dispute is resolved as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the local legislative authority determines that existing purveyors are unable to provide the service in a timely and reasonable manner, pursuant to guidelines developed by the secretary. An existing purveyor is unable to provide the service in a timely manner if the water cannot be provided to an applicant for water within one hundred twenty days unless specified otherwise by the local legislative authority. If such a determination is made, the local legislative authority shall require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area. The service area boundaries in the coordinated plan for the affected utilities shall be revised to reflect the decision of the local legislative authority.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions.

(5) The affected legislative authorities may develop and utilize a mechanism for addressing disputes that arise in the implementation of the coordinated water system plan after the plan has been approved by the secretary.

(6) After adoption of the initial coordinated water system plan, the local legislative authority or the secretary may determine that the plan should be updated or revised. The legislative authority may initiate an update at any time, but the secretary may initiate an update no more frequently than once every five years. The update may encompass all or a portion of the plan, with the scope of the update to be determined by the secretary and the legislative authority. The process for the update shall be the one prescribed in RCW 70.116.050.

(7) The provisions of subsection (3) of this section shall not apply in any county for which a coordinated water system plan has not been approved under subsection (2) of this section.

(8) If the secretary initiates an update or revision of a coordinated water system plan, the state shall pay for the cost of updating or revising the plan. [1995 c 376 § 2; 1977 ex.s. c 142 § 6.]

Findings—1995 c 376: "The legislature finds that:

(1) Protection of the state's water resources, and utilization of such resources for provision of public water supplies, requires more efficient and

effective management than is currently provided under state law;

(2) The provision of public water supplies to the people of the state should be undertaken in a manner that is consistent with the planning principles of the growth management act and the comprehensive plans adopted by local governments under the growth management act;

(3) Small water systems have inherent difficulties with proper planning, operation, financing, management and maintenance. The ability of such systems to provide safe and reliable supplies to their customers on a long-term basis needs to be assured through proper management and training of operators;

(4) New water quality standards and operational requirements for public water systems will soon generate higher rates for the customers of those systems, which may be difficult for customers to afford to pay. It is in the best interest of the people of this state that small systems maintain themselves in a financially viable condition;

(5) The drinking water 2000 task force has recommended maintaining a strong and properly funded statewide drinking water program, retaining primary responsibility for administering the federal safe drinking water act in Washington. The task force has further recommended delegation of as many water system regulatory functions as possible to local governments, with provision of adequate resources and elimination of barriers to such delegation. In order to achieve these objectives, the state shall provide adequate funding from both general state funds and funding directly from the regulated water system;

(6) The public health services improvement plan recommends that the principal public health functions in Washington, including regulation of public water systems, should be fully funded by state revenues and undertaken by local jurisdictions with the capacity to perform them; and

(7) State government, local governments, water suppliers, and other interested parties should work for continuing economic growth of the state by maximizing the use of existing water supply management alternatives, including regional water systems, satellite management, and coordinated water system development." [1995 c 376 § 1.]

70.116.070 Service area boundaries within critical water supply area.

(1) The proposed service area boundaries of public water systems within the critical water supply service area that are required to submit water system plans under this chapter shall be identified in the system's plan. The local legislative authority, or its planning department or other designee, shall review the proposed boundaries to determine whether the proposed boundaries of one or more systems overlap. The boundaries determined by the local legislative authority not to overlap shall be incorporated into the coordinated water system plan. Where any overlap exists, the local legislative authority may attempt to resolve the conflict through procedures established under RCW 70.116.060(5).

(2) Any final decision by a local legislative authority regarding overlapping service areas, or any unresolved disputes regarding service area boundaries, may be appealed or referred to the secretary in writing for resolution. After receipt of an appeal or referral, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor involved in the dispute, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1995 c 376 § 13; 1977 ex.s. c 142 § 7.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.116.080 Performance standards relating to fire protection. The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: PROVIDED, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 ex.s. c 142 § 8.]

70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city. The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city, shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 ex.s. c 142 § 9.]

70.116.100 Bottled water exempt. Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water or the distribution of the bottles or containers of water. [1977 ex.s. c 142 § 10.]

70.116.110 Rate making authority preserved. Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 ex.s. c 142 § 11.]

70.116.120 Short title. This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 ex.s. c 142 § 12.]

70.116.134 Satellite system management agencies. (1) The secretary shall adopt rules pursuant to chapter 34.05 RCW establishing criteria for designating individuals or water purveyors as qualified satellite system management agencies. The criteria shall set forth minimum standards for designation as a satellite system management agency qualified to assume ownership, operation, or both, of an existing or proposed public water system. The criteria shall include demonstration of financial integrity and operational capability, and may require demonstration of previous experience in successful operation and management of a public water system.

(2) Each county shall identify potential satellite system management agencies to the secretary for areas where: (a) No purveyor has been designated a future service area pursuant to this chapter, or (b) an existing purveyor is unable or unwilling to provide service. Preference shall be given to public utilities or utility districts or to investor-owned utilities under the jurisdiction of the utilities and transportation commission.

(3) The secretary shall approve satellite system management agencies meeting the established criteria and shall maintain and make available to counties a list of approved agencies. Prior to the construction of a new public water system, the individual(s) proposing the new system or requesting service shall first be directed by the local agency responsible for issuing the construction or building permit to one or more qualified satellite system management agencies designated for the service area where the new system is proposed for the purpose of exploring the possibility of a satellite agency either owning or operating the proposed new water system.

(4) Approved satellite system management agencies shall be reviewed periodically by the secretary for continued compliance with established criteria. The secretary may require status reports and other information necessary for such review. Satellite system management agencies shall be subject to reapproval at the discretion of the secretary but not less than once every five years.

(5) The secretary may assess reasonable fees to process applications for initial approval and for periodic review of satellite system management agencies. A satellite system management account is hereby created in the custody of the state treasurer. All receipts from satellite system management agencies or applicants under subsection (4) of this section shall be deposited into the account. Funds in this account may be used only for administration of the satellite system management program. Expenditures from the account shall be authorized by the secretary or the secretary's designee. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(6) For purposes of this section, "satellite system management agency" and "satellite agency" shall mean a person or entity that is certified by the secretary to own or operate more than one public water system on a regional or county-wide basis, without the necessity for a physical connection between such systems. [1991 c 18 § 1.]

70.116.140 Review of water or sewer system plan—Time limitations—Notice of rejection of plan or extension of timeline. For any new or revised water or sewer system plan submitted for review under this chapter, the department of health shall review and either approve, conditionally approve, reject, or request amendments within ninety days of the receipt of the submission of the plan. The department of health may extend this ninety-day time limitation for new submittals by up to an additional ninety days if insufficient time exists to adequately review the general comprehensive plan. For rejections of plans or extensions of the timeline, the department shall provide in writing, to the person or entity submitting the plan, the reason for such action. In addition, the person or entity submitting the plan and the department of health may mutually agree to an extension of the deadlines contained in this section. [2002 c 161 § 3.]

70.116.900 Severability—1977 ex.s. c 142. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 142 § 13.]

Local health officer authority to grant waiver from on-site sewage system requirements: RCW 70.05.072.

70.118.010 Legislative declaration. The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health hazards, loss of property values, and water quality degradation. The legislature further finds that failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 ex.s. c 133 § 1.]

70.118.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of health, including at least, mound systems, alternating drain fields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a ground water supply.

(4) "Additive" means any commercial product intended to affect the performance or aesthetics of an on-site sewage disposal system.

(5) "Department" means the department of health.

(6) "On-site sewage disposal system" means any system of piping, treatment devices, or other facilities that convey, store, treat, or dispose of sewage on the property where it originates or on nearby property under the control of the user where the system is not connected to a public sewer system. For purposes of this chapter, an on-site sewage disposal sys-

(2004 Ed.)

tem does not include indoor plumbing and associated fixtures.

(7) "Chemical additive" means those additives containing acids, bases, or other chemicals deemed unsafe by the department for use in an on-site sewage disposal system.

(8) "Additive manufacturer" means any person who manufactures, formulates, blends, packages, or repackages an additive product for sale, use, or distribution within the state. [1994 c 281 § 2; 1993 c 321 § 2; 1991 c 3 § 367; 1977 ex.s. c 133 § 2.]

Finding—Purpose—1994 c 281: "The legislature finds that chemical additives do, and that other types of additives may, contribute to septic system failure and ground water contamination. In order to determine which ingredients of nonchemically based additive products have adverse effects on public health or the environment, it is necessary to submit such products to a review procedure.

The purpose of this act is: (1) To establish a timely and orderly procedure for review and approval of on-site sewage disposal system additives; (2) to prohibit the use, sale, or distribution of additives having an adverse effect on public health or the water quality of the state; (3) to require the disclosure of the contents of additives that are advertised, sold, or distributed in the state; and (4) to provide for consumer protection." [1994 c 281 § 1.]

Effective date—1994 c 281: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 281 § 7.]

Intent—1993 c 321: See note following RCW 70.118.060.

70.118.030 Local boards of health—Administrative search warrant—Administrative plan—Corrections. (1) Local boards of health shall identify failing septic tank drainfield systems in the normal manner and will use reasonable effort to determine new failures. The local health officer, environmental health director, or equivalent officer may apply for an administrative search warrant to a court official authorized to issue a criminal search warrant. The warrant may only be applied for after the local health officer or the health officer's designee has requested inspection of the person's property under the specific administrative plan required in this section, and the person has refused the health officer or the health officer's designee access to the person's property. Timely notice must be given to any affected person that a warrant is being requested and that the person may be present at any court proceeding to consider the requested search warrant. The court official may issue the warrant upon probable cause. A request for a search warrant must show [that] the inspection, examination, test, or sampling is in response to pollution in commercial or recreational shellfish harvesting areas or pollution in fresh water. A specific administrative plan must be developed expressly in response to the pollution. The local health officer, environmental health director, or equivalent officer shall submit the plan to the court as part of the justification for the warrant, along with specific evidence showing that it is reasonable to believe pollution is coming from the septic system on the property to be accessed for inspection. The plan must include each of the following elements:

- (a) The overall goal of the inspection;
- (b) The location and identification by address of the properties being authorized for inspection;
- (c) Requirements for giving the person owning the property and the person occupying the property if it is someone

other than the owner, notice of the plan, its provisions, and times of any inspections;

(d) The survey procedures to be used in the inspection;

(e) The criteria that would be used to define an on-site sewage system failure; and

(f) The follow-up actions that would be pursued once an on-site sewage system failure has been identified and confirmed.

(2) Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated in this section. [1998 c 152 § 1; 1977 ex.s. c 133 § 3.]

70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes. With the advice of the secretary of the department of health, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1991 c 3 § 368; 1977 ex.s. c 133 § 4.]

70.118.050 Adoption of more restrictive standards. If the legislative authority of a county or city finds that more restrictive standards than those contained in *section 2 of this act or those adopted by the state board of health for systems allowed under *section 2 of this act or limitations on expansion of a residence are necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources, the legislative authority may adopt ordinances or resolutions setting standards as they may find necessary for implementing their findings. The legislative authority may identify the geographic areas where it is necessary to implement the more restrictive standards. In addition, the legislative authority may adopt standards for the design, construction, maintenance, and monitoring of sewage disposal systems. [1989 c 349 § 3.]

***Reviser's note:** "Section 2 of this act" did not become law. See effective date note following.

Effective date—1989 c 349: "(1) Except as provided in subsection (2) of this section, this act shall take effect November 1, 1989.

(2) *Section 2 of this act shall not take effect if the state board of health adopts standards for the replacement and repair of existing on-site sewage disposal systems located on property adjacent to marine waters by October 31, 1989." [1989 c 349 § 4.]

***Reviser's note:** Section 2 of this act did not take effect. See chapter 248-96 WAC.

70.118.060 Additive regulation. (1) After July 1, 1994, a person may not use, sell, or distribute a chemical additive to on-site sewage disposal systems.

(2) After January 1, 1996, no person shall use, sell, or distribute any on-site sewage disposal additive whose ingredients have not been approved by the department.

(3) Each manufacturer of an on-site sewage disposal system additive that is sold, advertised, or distributed in the state shall submit the following information to the department: (a) The name and address of the company; (b) the name of the product; (c) the complete product formulation; (d) the loca-

tion where the product is manufactured; (e) the intended method of product application; and (f) a request that the product be reviewed.

(4) The department shall adopt rules providing the criteria, review, and decision-making procedures to be used in reviewing on-site sewage disposal additives for use, sale, or distribution in the state. The criteria shall be designed to determine whether the additive has an adverse effect on public health or water quality. The department may charge a fee sufficient to cover the costs of evaluating the additive, including the development of criteria and review procedures. The fee schedule shall be established by rule.

(5) The department shall issue a decision as to whether a product registered pursuant to subsection (3) of this section is approved or denied within forty-five days of receiving a complete evaluation as required pursuant to subsection (4) of this section.

(6) Manufacturers shall reregister their product as provided in subsection (3) of this section each time their product formulation changes. The department may require a new approval for products registered under this subsection prior to allowing the use, sale, or distribution within the state.

(7) The department may contract with private laboratories for the performance of any duties necessary to carry out the purpose of this section.

(8) The attorney general or appropriate city or county prosecuting attorney is authorized to bring an appropriate action to enjoin any violation of the prohibition on the sale or distribution of additives, or to enjoin any violation of the conditions in RCW 70.118.080.

(9) The department is responsible for providing written notification to additives manufacturers of the provisions of this section and RCW 70.118.070 and 70.118.080. The notification shall be provided no later than thirty days after April 1, 1994. Within thirty days of notification from the department, manufacturers shall provide the same notification to their distributors, wholesalers, and retail customers. [1994 c 281 § 3; 1993 c 321 § 3.]

Finding—Purpose—Effective date—1994 c 281: See notes following RCW 70.118.020.

Intent—1993 c 321: "The legislature finds that most additives do not have a positive effect on the operation of on-site systems and can contaminate ground water aquifers, render septic drainfields dysfunctional, and result in costly repairs to homeowners. It is therefore the intent of the legislature to ban the use, sale, and distribution of additives within the state unless an additive has been specifically approved by the department of health." [1993 c 321 § 1.]

70.118.070 Additives—Confidentiality. The department shall hold confidential any information obtained pursuant to RCW 70.118.060 when shown by any manufacturer that such information, if made public, would divulge confidential business information, methods, or processes entitled to protection as trade secrets of the manufacturer. [1994 c 281 § 4.]

Finding—Purpose—Effective date—1994 c 281: See notes following RCW 70.118.020.

70.118.080 Additives—Unfair practices. (1) Each manufacturer of a certified and approved additive product advertised, sold, or distributed in the state shall:

(a) Make no claims relating to the elimination of the need for septic tank pumping or proper septic tank maintenance;

(b) List the components of additive products on the product label, along with information regarding instructions for use and precautions;

(c) Make no false statements, design, or graphic representation relative to an additive product that is inconsistent with RCW 70.118.060, 70.118.070, or this section; and

(d) Make no claims, either direct or implied, about the performance of the product based on state approval of its ingredients.

(2) A violation of this section is an unfair act or practice in violation of the consumer protection act, chapter 19.86 RCW. [1994 c 281 § 5.]

Finding—Purpose—Effective date—1994 c 281: See notes following RCW 70.118.020.

70.118.090 Funding. The department may not use funds appropriated to implement an element of the *Puget Sound water quality authority plan to conduct any activity required under chapter 281, Laws of 1994. [1994 c 281 § 6.]

***Reviser's note:** The Puget Sound water quality authority and its powers and duties, pursuant to the Sunset Act, chapter 43.131 RCW, were terminated June 30, 1995, and repealed June 30, 1996. See 1990 c 115 §§ 11 and 12. Powers, duties, and functions of the Puget Sound water quality authority pertaining to cleanup and protection of Puget Sound transferred to the Puget Sound action team by 1996 c 138 § 11. See RCW 90.71.903.

Finding—Purpose—Effective date—1994 c 281: See notes following RCW 70.118.020.

70.118.100 Alternative systems—Technical review committee. The department of health must include one person who is familiar with the operation and maintenance of certified proprietary devices on the technical review committee responsible for evaluating and making recommendations to the department of health regarding the general use of alternative on-site sewage systems in the state. [1997 c 447 § 3.]

Finding—Purpose—Construction—1997 c 447: See notes following RCW 70.05.074.

70.118.110 Alternative systems—State guidelines and standards. In order to assure that technical guidelines and standards keep pace with advancing technologies, the department of health in collaboration with the technical review committee, local health departments, and other interested parties, must review and update as appropriate, the state guidelines and standards for alternative on-site sewage disposal every three years. The first review and update must be completed by January 1, 1999. [1997 c 447 § 5.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

70.118.120 Inspectors—Certificate of competency. (1) The local board of health shall ensure that individuals who conduct inspections of on-site wastewater treatment systems or who otherwise conduct reviews of such systems are qualified in the technology and application of on-site sewage treatment principles. A certificate of competency issued by the department of licensing is adequate demonstration that an individual is competent in the engineering aspects of on-site wastewater treatment system technology.

(2004 Ed.)

(2) A local board of health may allow noncertified individuals to review designs of, and conduct inspections of, on-site wastewater treatment systems for a maximum of two years after the date of hire, if a certified individual reviews or supervises the work during that time. [1999 c 263 § 22.]

70.119.010 Legislative declaration. The legislature declares that competent operation of a public water system is necessary for the protection of the consumers' health, and therefore it is of vital interest to the public. In order to protect the public health and conserve and protect the water resources of the state, it is necessary to provide for the classifying of all public water systems; to require the examination and certification of the persons responsible for the technical operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1991 c 305 § 1; 1983 c 292 § 1; 1977 ex.s. c 99 § 1.]

70.119.020 Definitions. As used in this chapter unless context requires another meaning:

(1) "Certificate" means a certificate of competency issued by the secretary stating that the operator has met the requirements for the specified operator classification of the certification program.

(2) "Certified operator" means an individual holding a valid certificate and employed or appointed by any county, water-sewer district, municipality, public or private corporation, company, institution, person, or the state of Washington and who is designated by the employing or appointing officials as the person responsible for active daily technical operation.

(3) "Department" means the department of health.

(4) "Distribution system" means that portion of a public water system which stores, transmits, pumps and distributes water to consumers.

(5) "Ground water under the direct influence of surface water" means any water beneath the surface of the ground with:

(a) Significant occurrence of insects or other macroorganisms, algae, or large diameter pathogens such as giardia lamblia; or

(b) Significant and relatively rapid shifts in water characteristics such as turbidity, temperature, conductivity, or pH

which closely correlate to climatological or surface water conditions.

(6) "Group A water system" means a system with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. Group A water system does not include a system serving fewer than fifteen single-family residences, regardless of the number of people.

(7) "Nationally recognized association of certification authorities" shall mean an organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and waste water facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(8) "Public water system" means any system, excluding a system serving only one single-family residence and a system with four or fewer connections all of which serve residences on the same farm, providing piped water for human consumption, including any collection, treatment, storage, or distribution facilities under control of the purveyor and used primarily in connection with the system; and collection or pretreatment storage facilities not under control of the purveyor but primarily used in connection with the system.

(9) "Purification plant" means that portion of a public water system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

(10) "Secretary" means the secretary of the department of health.

(11) "Service" means a connection to a public water system designed to serve a single-family residence, dwelling unit, or equivalent use. If the facility has group home or barracks-type accommodations, three persons will be considered equivalent to one service.

(12) "Surface water" means all water open to the atmosphere and subject to surface runoff. [1999 c 153 § 67; 1995 c 269 § 2904; 1991 c 305 § 2; 1991 c 3 § 369; 1983 c 292 § 2; 1977 ex.s. c 99 § 2.]

Public water supply systems to comply with water quality standards: RCW 70.142.050.

70.119.030 Certified operators required for certain public water systems. (1) A public water system shall have a certified operator if:

(a) It is a group A water system; or
 (b) It is a public water system using a surface water source or a ground water source under the direct influence of surface water.

(2) The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system neces-

sary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(3) A certified operator may provide required services to more than one system or to a group of systems. The amount of time that a certified operator shall be required to be present at any given system shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(4) The department shall, in establishing by rule or otherwise the requirements for public water systems with fewer than one hundred connections, phase in such requirements in order to assure that (a) an adequate number of certified operators are available to serve the additional systems, (b) the systems have adequate notice and time to plan for securing the services of a certified operator, (c) the department has the additional data and other administrative capacity, (d) adequate training is available to certify additional operators as necessary, and (e) any additional requirements under federal law are satisfied. The department shall require certified operators for all group A systems as necessary to conform to federal law or implementing rules or guidelines. Unless necessary to conform to federal law, rules, or guidelines, the department shall not require a certified operator for a system with fewer than one hundred connections unless that system is determined by the department to be in significant noncompliance with operational, monitoring, or water quality standards that would put the public health at risk, as defined by the department by rule, or has, or is required to have, water treatment facilities other than simple disinfection.

(5) Any examination required by the department as a prerequisite for the issuance of a certificate under this chapter shall be offered in each region where the department has a regional office.

(6) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1997 c 218 § 2; 1995 c 376 § 6; 1991 c 305 § 3; 1983 c 292 § 3; 1977 ex.s. c 99 § 3.]

Findings—1997 c 218: "The legislature finds and declares that:

(1) The provision of safe and reliable water supplies to the people of the state of Washington is fundamental to ensuring public health and continuing economic vitality of this state.

(2) The department of health, pursuant to legislative directive in 1995, has provided a report that incorporates the findings and recommendations of the water supply advisory committee as to progress in meeting the objectives of the public health improvement plan, changes warranted by the recent congressional action reauthorizing the federal safe drinking water act, and new approaches to providing services under the general principles of regulatory reform.

(3) The environmental protection agency has recently completed a national assessment of public water system capital needs, which has identified over four billion dollars in such needs in the state of Washington.

(4) The changes to the safe drinking water act offer the opportunity for the increased ability of the state to tailor federal requirements and programs to meet the conditions and objectives within this state.

(5) The department of health and local governments should be provided with adequate authority, flexibility, and resources to be able to implement the principles and recommendations adopted by the water supply advisory committee.

(6) Statutory changes are necessary to eliminate ambiguity or conflicting authorities, provide additional information and tools to consumers and

the public, and make necessary changes to be consistent with federal law.

(7) A basic element to the protection of the public's health from water-borne disease outbreaks is systematic and comprehensive monitoring of water supplies for all contaminants, including hazardous substances with long-term health effects, and routine field visits to water systems for technical assistance and evaluation.

(8) The water systems of this state should have prompt and full access to the newly created federal state revolving fund program to help meet their financial needs and to achieve and maintain the technical, managerial, and financial capacity necessary for long-term compliance with state and federal regulations. This requires authority for streamlined program administration and the provision of the necessary state funds required to match the available federal funds.

(9) Stable, predictable, and adequate funding is essential to a statewide drinking water program that meets state public health objectives and provides the necessary state resources to utilize the new flexibility, opportunities, and programs under the safe drinking water act." [1997 c 218 § 1.]

Effective date—1997 c 218: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 25, 1997]." [1997 c 218 § 6.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.119.040 Exclusions from chapter. Nothing in this chapter shall apply to:

(1) Industrial water supply systems which do not supply water to residences for domestic use and are under the jurisdictional requirements of the Washington Industrial Safety and Health Act of 1973, chapter 49.17 RCW, as now or hereafter amended; or

(2) The preparation, distribution, or sale of bottled water or water similarly packaged. [1977 ex.s. c 99 § 4.]

70.119.050 Rules and regulations—Secretary to adopt. The secretary shall adopt such rules and regulations as may be necessary for the administration of this chapter and shall enforce such rules and regulations. The rules and regulations shall include provisions establishing minimum qualifications and procedures for the certification of operators, criteria for determining the kind and nature of continuing educational requirements for renewal of certification under RCW 70.119.100(2), and provisions for classifying water purification plants and distribution systems.

70.119.060 Public water systems—Secretary to categorize. The secretary shall further categorize all public water systems with regard to the size, type, source of water, and other relevant physical conditions affecting purification plants and distribution systems to assist in identifying the skills, knowledge and experience required for the certification of operators for each category of such systems, to assure the protection of the public health and conservation and protection of the state's water resources as required under RCW 70.119.010, and to implement the provisions of the state safe drinking water act in chapter 70.119A RCW. In categorizing all public water systems for the purpose of implementing these provisions of state law, the secretary shall take into con-

sideration economic impacts as well as the degree and nature of any public health risk. [1991 c 305 § 4; 1977 ex.s. c 99 § 6.]

70.119.070 Secretary—Consideration of guidelines.

The secretary is authorized, when taking action pursuant to RCW 70.119.050 and 70.119.060, to consider generally applicable criteria and guidelines developed by a nationally recognized association of certification authorities and commonly accepted national guidelines and standards. [1983 c 292 § 5; 1977 ex.s. c 99 § 7.]

70.119.081 Ad hoc advisory committees. A certificate so issued shall be valid for operating any plant or system of the same classification and same type of water source.

(3) A nonrenewable certificate, temporary in nature, may be issued to an operator for a period not to exceed twelve months to fill a vacated position required to have a certified operator. Only one such certificate may be issued subsequent to each instance of vacation of any such position. [1991 c 305 § 5; 1983 c 292 § 7; 1977 ex.s. c 99 § 9.]

Effective date—1977 ex.s. c 99: See RCW 70.119.900.

(2) Every certificate shall be renewed annually upon the payment of a fee as established by the department under RCW 70.119.160 and satisfactory evidence is presented to the secretary that the operator has fulfilled the continuing

education requirements as prescribed by rule of the department.

(3) The secretary shall notify operators who fail to renew their certificates before the end of the year that their certificates are temporarily valid for two months following the end of the certificate year. Certificates not renewed during the two month period shall be invalid and the secretary shall so notify the holders of such certificates.

Finding—Intent—1999 c 118: "The legislature finds and declares that the provision of safe and reliable water supplies is essential to public health and the continued economic vitality of the state of Washington. Maintaining the authority necessary to ensure safe and reliable water supplies requires that state laws conform with the provisions of the federal safe drinking water act. It is the intent of the legislature that the definition of public water system be amended to reflect recent amendments to the federal safe drinking water act." [1999 c 118 § 1.]

Finding—1994 c 252: "The legislature finds that:

- (1) The federal safe drinking water act has imposed significant new costs on public water systems and that the state should seek maximum regulatory flexibility allowed under federal law;
 - (2) There is a need to comprehensively assess and characterize the ground waters of the state to evaluate public health risks from organic and inorganic chemicals regulated under federal law;
 - (3) That federal law provides a mechanism to significantly reduce testing and monitoring costs to public water systems through the use of area-wide waivers.
- The legislature therefore directs the department of health to conduct a voluntary program to selectively test the ground waters of the state for organic and inorganic chemicals regulated under federal law for the purpose of granting area-wide waivers." [1994 c 252 § 1.]

Effective date—1994 c 252: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 252 § 6.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.025 Environmental excellence program agreements—Effect on chapter. Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.21K RCW. [1997 c 381 § 24.]

Purpose—1997 c 381: See RCW 43.21K.005.

70.119A.030 Public health emergencies—Violations—Penalty. (1) The secretary or his or her designee or the local health officer may declare a public health emergency. As limited by RCW 70.119A.040, the department may impose penalties for violations of laws or regulations that are determined to be a public health emergency.

(2) As limited by RCW 70.119A.040, the department may impose penalties for violation of laws or rules regulating

public water systems and administered by the department of health. [1993 c 305 § 1; 1991 c 304 § 3; 1989 c 422 § 6; 1986 c 271 § 3.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.040 Additional or alternative penalty—Informal resolution unless a public health emergency.

(1)(a) In addition to or as an alternative to any other penalty or action allowed by law, a person who violates a law or rule regulating public water systems and administered by the department of health is subject to a penalty of not more than five thousand dollars per day for every such violation, or, in the case of a violation that has been determined to be a public health emergency, a penalty of not more than ten thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation.

(b) In addition, a person who constructs, modifies, or expands a public water system or who commences the construction, modification, or expansion of a public water system without first obtaining the required departmental approval is subject to penalties of not more than five thousand dollars per service connection, or, in the case of a system serving a transient population, a penalty of not more than four hundred dollars per person based on the highest average daily population the system serves or is anticipated to serve may be imposed. The total penalty that may be imposed pursuant to this subsection (1)(b) is five hundred thousand dollars. For the purpose of computing the penalty under this subsection, a service connection shall include any new service connection actually constructed, any anticipated service connection the system has been designed to serve, and, in the case of a system modification not involving expansions, each existing service connection that benefits or would benefit from the modification.

(c) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil penalty is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (3) of this section.

(3) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

(4) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative

order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served and such reasonable attorney's fees as are incurred in securing the final administrative order.

(5) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorney's fees for the cost of the attorney general's office in representing the department.

(6) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the public water system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(7) A judgment entered under subsection (5) or (6) of this section shall have the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(8) All penalties imposed under this section shall be payable to the state treasury and credited to the safe drinking water account, and shall be used by the department to provide training and technical assistance to system owners and operators.

(9) Except in cases of public health emergencies, the department may not impose monetary penalties under this section unless a prior effort has been made to resolve the violation informally. [1995 c 376 § 8; 1993 c 305 § 2; 1990 c 133 § 8; 1989 c 175 § 135; 1986 c 271 § 4.]

Findings—Severability—1990 c 133: See notes following RCW 36.94.140.

Effective date—1989 c 175: See note following RCW 34.05.010.

70.119A.050 Enforcement of regulations by local boards of health—Civil penalties. Each local board of health that is enforcing the regulations under an agreement with the department allocating state and local responsibility is authorized to impose and collect civil penalties for violations within the area of its responsibility under the same limitations and requirements imposed upon the department by RCW 70.119A.030 and 70.119A.040, except that judgment shall be entered in the name of the local board [and] penalties shall be placed into the general fund of the county, city, or town operating the local board of health. [1993 c 305 § 3; 1989 c 422 § 8; 1986 c 271 § 5.]

70.119A.060 Public water systems—Mandate—Conditions for approval or creation of new public water system—Department and local health jurisdiction duties.

(1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:

- (a) Protect the water sources used for drinking water;
- (b) Provide treatment adequate to assure that the public health is protected;
- (c) Provide and effectively operate and maintain public water system facilities;
- (d) Plan for future growth and assure the availability of safe and reliable drinking water;
- (e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name and twenty-four hour telephone number of an emergency contact person; and
- (f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) No new public water system may be approved or created unless: (a) It is owned or operated by a satellite system management agency established under RCW 70.116.134 and the satellite system management system complies with financial viability requirements of the department; or (b) a satellite management system is not available and it is determined that the new system has sufficient management and financial resources to provide safe and reliable service. The approval of any new system that is not owned by a satellite system management agency shall be conditioned upon future management or ownership by a satellite system management agency, if such management or ownership can be made with reasonable economy and efficiency, or upon periodic review of the system's operational history to determine its ability to meet the department's financial viability and other operating requirements. The department and local health jurisdictions shall enforce this requirement under authority provided under this chapter, chapter 70.116, or 70.05 RCW, or other authority governing the approval of new water systems by the department or a local jurisdiction.

(3) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems. 70.119A.070 Department contracting authority. The department may enter into contracts to carry out the purposes of this chapter. [1989 c 422 § 4.]

70.119A.080 Drinking water program. (1) The department shall administer a drinking water program which includes, but is not limited to, those program elements necessary to assume primary enforcement responsibility for part B,

(2004 Ed.)

and section 1428 of part C of the federal safe drinking water act. No rule promulgated or implemented by the department of health or the state board of health for the purpose of compliance with the requirements of the federal safe drinking water act, 42 U.S.C. Sec. 300f et seq., shall be applicable to public water systems to which that federal law is not applicable, unless the department or the state board determines that such rule is necessary for the protection of public health.

(2) The department shall enter into an agreement of administration with the department of ecology and any other appropriate agencies, to administer the federal safe drinking water act.

(3) The department is authorized to accept federal grants for the administration of a primary program. [1991 c 3 § 371; 1989 c 422 § 5.]

70.119A.100 Operating permits—Findings. The legislature finds that:

(1) The responsibility for ensuring that the citizens of this state have a safe and reliable drinking water supply is shared between local government and state government, and is the obligation of every public water system;

(2) A rapid increase in the number of public water systems supplying drinking water to the citizens of this state has significantly increased the burden on both local and state government to monitor and enforce compliance by these systems with state laws that govern planning, design, construction, operation, maintenance, financing, management, and emergency response;

(3) The federal safe drinking water act imposes on state and local governments and the public water systems of this state significant new responsibilities for monitoring, testing, and treating drinking water supplies; and

(4) Existing drinking water programs at both the state and local government level need additional authorities to enable them to more comprehensively and systematically address the needs of the public water systems of this state and assure that the public health and safety of its citizens are protected.

Therefore, annual operating permit requirements shall be established in accordance with this chapter. The operating permit requirements shall be administered by the department and shall be used as a means to assure that public water systems provide safe and reliable drinking water to the public. The department and local government shall conduct comprehensive and systematic evaluations to assess the adequacy and financial viability of public water systems. The department may impose permit conditions, requirements for system improvements, and compliance schedules in order to carry out the purpose of chapter 304, Laws of 1991. [1991 c 304 § 1.]

Requirements effective upon adoption of rules—1991 c 304: "The department shall adopt rules necessary to implement sections 5 through 7 of this act. The requirements of this act shall take effect upon adoption of rules pursuant to this act." [1991 c 304 § 8.]

70.119A.110 Operating permits—Application process—Phase-in of implementation—Satellite systems. (1) No person may operate a group A public water system unless the person first submits an application to the department and receives an operating permit as provided in this section. A

new application must be submitted upon any change in ownership of the system. Any person operating a public water system on July 28, 1991, may continue to operate the system until the department takes final action, including any time necessary for a hearing under subsection (3) of this section, on a permit application submitted by the person operating the system under the rules adopted by the department to implement this section.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

(3) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. The department shall act on initial permit applications as expeditiously as possible, and shall in all cases either grant or deny the application within one hundred twenty days of receipt of the application or of any supplemental information required to complete the application. The applicant for a permit shall be entitled to file an appeal in accordance with chapter 34.05 RCW if the department denies the initial or subsequent applications or imposes conditions or requirements upon the operator. Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee as follows:

(a) The annual fee for public water supply systems serving fifteen to forty-nine service connections shall be twenty-five dollars.

(b) The annual fee for public water supply systems serving fifty to three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection.

(c) The annual fee for public water supply systems serving three thousand three hundred thirty-four to fifty-three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection plus ten cents for each service connection in excess of three thousand three hundred thirty-three service connections.

(d) The annual fee for public water supply systems serving fifty-three thousand three hundred thirty-four or more service connections shall be ten thousand dollars.

(e) In addition to the fees under (a) through (d) of this subsection, the department may charge an additional one-

time fee of five dollars for each service connection in a new water system.

(f) Until June 30, 2007, in addition to the fees under (a) through (e) of this subsection, the department may charge municipal water suppliers, as defined in RCW 90.03.015, an additional annual fee equivalent to twenty-five cents for each residential service connection for the purpose of funding the water conservation activities in RCW 70.119A.180.

(7) The department may phase-in the implementation for any group of systems provided the schedule for implementation is established by rule. Prior to implementing the operating permit requirement on water systems having less than five hundred service connections, the department shall form a committee composed of persons operating these systems. The committee shall be composed of the department of health, two operators of water systems having under one hundred connections, two operators of water systems having between one hundred and two hundred service connections, two operators of water systems having between two hundred and three hundred service connections, two operators of water systems having between three hundred and four hundred service connections, two operators of water systems having between four hundred and five hundred service connections, and two county public health officials. The members shall be chosen from different geographic regions of the state. This committee shall develop draft rules to implement this section. The draft rules will then be subject to the rule-making procedures in accordance with chapter 34.05 RCW.

(8) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(9) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies shall be one dollar per connection per year for the total number of connections under the management of the approved satellite agency. The department shall define by rule the meaning of the term "satellite system management agency." If a statutory definition of this term exists, then the department shall adopt by rule a definition consistent with the statutory definition.

(10) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. [2003 1st sp.s. c 5 § 18; 1991 c 304 § 5.]

70.119A.115 Organic and inorganic chemicals—Area-wide waiver program. The department shall develop and implement a voluntary consolidated source monitoring program sufficient to accurately characterize the source water quality of the state's drinking water supplies and to maximize the flexibility allowed in the federal safe drinking water act to

allow public water systems to be waived from full testing requirements for organic and inorganic chemicals under the federal safe drinking water act. The department shall arrange for the initial sampling and provide for testing and programmatic costs to the extent that the legislature provides funding for this purpose in water system operating permit fees or through specific appropriation of funds from other sources. The department shall assess a fee using its authority under RCW 43.20B.020, sufficient to cover all testing and directly related costs to public water systems that otherwise are not funded. The department shall adjust the amount of the fee based on the size of the public drinking water system. Fees charged by the department for this purpose may not vary by more than a factor of ten. The department shall, to the extent feasible and cost-effective, use the services of local governments, local health departments, and private laboratories to implement the testing program. The department shall consult with the departments of agriculture and ecology for the purpose of exchanging water quality and other information. [1997 c 218 § 3; 1994 c 252 § 3.]

Findings—Effective date—1997 c 218: See notes following RCW 70.119.030.

Finding—Effective date—1994 c 252: See notes following RCW 70.119A.020.

70.119A.120 Safe drinking water account. The safe drinking water account is created in the general fund of the state treasury. All receipts from the operating permit fees required to be paid under RCW 70.119A.110 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of health to carry out the purposes of chapter 304, Laws of 1991 and to carry out contracts with local governments in accordance with this chapter. [1991 c 304 § 6.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.130 Local government authority. Local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department. [1995 c 376 § 9; 1991 c 304 § 7.]

Effective date—1995 c 376 § 9: "Section 9 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995." [1995 c 376 § 17.]

Findings—1995 c 376: See note following RCW 70.116.060.

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.140 Report by bottled water plant operator or water dealer of contaminant in water source. In such cases where a bottled water plant operator or water dealer knows or has reason to believe that a contaminant is present in the source water because of spill, release of a hazardous

substance, or otherwise, and the contaminant's presence would create a potential health hazard to consumers, the plant operator or water dealer must report such an occurrence to the state's department of health. [1992 c 34 § 5.]

Severability—1992 c 34: See note following RCW 69.07.170.

70.119A.150 Authority to enter premises—Search warrants—Investigations. (1)(a) Except as otherwise provided in (b) of this subsection, the secretary or his or her designee shall have the right to enter a premises under the control of a public water system at reasonable times with prior notification in order to determine compliance with laws and rules administered by the department of health to test, inspect, or sample features of a public water system and inspect, copy, or photograph monitoring equipment or other features of a public water system, or records required to be kept under laws or rules regulating public water systems. For the purposes of this section, "premises under the control of a public water system" does not include the premises or private property of a customer of a public water system past the point on the system where the service connection is made.

(b) The secretary or his or her designee need not give prior notification to enter a premises under (a) of this subsection if the purpose of the entry is to ensure compliance by the public water system with a prior order of the department or if the secretary or the secretary's designee has reasonable cause to believe the public water system is violating the law and poses a serious threat to public health and safety.

(2) The secretary or his or her designee may apply for an administrative search warrant to a court official authorized to issue a criminal search warrant. An administrative search warrant may be issued for the purposes of inspecting or examining property, buildings, premises, place, books, records, or other physical evidence, or conducting tests or taking samples. The warrant shall be issued upon probable cause. It is sufficient probable cause to show any of the following:

(a) The inspection, examination, test, or sampling is pursuant to a general administrative plan to determine compliance with laws or rules administered by the department; or

(b) The secretary or his or her designee has reason to believe that a violation of a law or rule administered by the department has occurred, is occurring, or may occur.

(3) The local health officer or the designee of a local health officer of a local board of health that is enforcing rules regulating public water systems under an agreement with the department allocating state and local responsibility is authorized to conduct investigations and to apply for, obtain, and execute administrative search warrants necessary to perform the local board's agreed-to responsibilities under the same limitations and requirements imposed on the department under this section. [1993 c 305 § 4.]

70.119A.160 Water supply advisory committee. The department shall create a water supply advisory committee. Membership on the committee shall reflect a broad range of interests in the regulation of public water supplies, including water utilities of all sizes, local governments, business groups, special purpose districts, local health jurisdictions, other state and federal agencies, financial institutions, envi-

ronmental organizations, the legislature, and other groups substantially affected by the department's role in implementing state and federal requirements for public water systems. Members shall be appointed for fixed terms of no less than two years, and may be reappointed. Any members of an existing advisory committee to the drinking water program may remain as members of the water supply advisory committee. The committee shall provide advice to the department on the organization, functions, service delivery methods, and funding of the drinking water program. The committee shall also review the adequacy and necessity of the current and prospective funding for the drinking water program, and the results of the committees' review shall be forwarded to the department. The report shall include a discussion of the extent to which the drinking water program has progressed toward achieving the objectives of the public health improvement plan, and an assessment of any changes to the program necessitated by modifications to the federal safe drinking water act. [1998 c 245 § 112; 1995 c 376 § 4.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.119A.170 Drinking water assistance account—Drinking water assistance administrative account—Drinking water assistance repayment account—Program to provide financial assistance to public water systems—Responsibilities. (1) A drinking water assistance account is created in the state treasury. Such subaccounts as are necessary to carry out the purposes of this chapter are permitted to be established within the account. Therefore, the drinking water assistance administrative account and the drinking water assistance repayment account are created in the state treasury. The purpose of the account is to allow the state to use any federal funds that become available to states from congress to fund a state revolving loan fund program as part of the reauthorization of the federal safe drinking water act. Expenditures from the account may only be made by the secretary, the public works board, or the department of community, trade, and economic development, after appropriation. Moneys in the account may only be used, consistent with federal law, to assist water systems to provide safe drinking water through a program administered through the department of health, the public works board, and the department of community, trade, and economic development and for other activities authorized under federal law. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal capitalization grants or other financial assistance, all repayments of moneys borrowed from the account, all interest payments made by borrowers from the account or otherwise earned on the account, or any other lawful source. All interest earned on moneys deposited in the account, including repayments, shall remain in the account and may be used for any eligible purpose. Moneys in the account may only be used to assist local governments and water systems to provide safe and reliable drinking water, for other services and assistance authorized by federal law to be funded from these federal funds, and to administer the program.

(2) The department and the public works board shall establish and maintain a program to use the moneys in the

drinking water assistance account as provided by the federal government under the safe drinking water act. The department and the public works board, in consultation with purveyors, local governments, local health jurisdictions, financial institutions, commercial construction interests, other state agencies, and other affected and interested parties, shall by January 1, 1999, adopt final joint rules and requirements for the provision of financial assistance to public water systems as authorized under federal law. Prior to the effective date of the final rules, the department and the public works board may establish and utilize guidelines for the sole purpose of ensuring the timely procurement of financial assistance from the federal government under the safe drinking water act, but such guidelines shall be converted to rules by January 1, 1999. The department and the public works board shall make every reasonable effort to ensure the state's receipt and disbursement of federal funds to eligible public water systems as quickly as possible after the federal government has made them available. By December 15, 1997, the department and the public works board shall provide a report to the appropriate committees of the legislature reflecting the input from the affected interests and parties on the status of the program. The report shall include significant issues and concerns, the status of rule making and guidelines, and a plan for the adoption of final rules.

(3) If the department, public works board, or any other department, agency, board, or commission of state government participates in providing service under this section, the administering entity shall endeavor to provide cost-effective and timely services. Mechanisms to provide cost-effective and timely services include: (a) Adopting federal guidelines by reference into administrative rules; (b) using existing management mechanisms rather than creating new administrative structures; (c) investigating the use of service contracts, either with other governmental entities or with non-governmental service providers; (d) the use of joint or combined financial assistance applications; and (e) any other method or practice designed to streamline and expedite the delivery of services and financial assistance.

(4) The department shall have the authority to establish assistance priorities and carry out oversight and related activities, other than financial administration, with respect to assistance provided with federal funds. The department, the public works board, and the department of community, trade, and economic development shall jointly develop, with the assistance of water purveyors and other affected and interested parties, a memorandum of understanding setting forth responsibilities and duties for each of the parties. The memorandum of understanding at a minimum, shall include:

(a) Responsibility for developing guidelines for providing assistance to public water systems and related oversight prioritization and oversight responsibilities including requirements for prioritization of loans or other financial assistance to public water systems;

(b) Department submittal of preapplication information to the public works board for review and comment;

(c) Department submittal of a prioritized list of projects to the public works board for determination of:

(i) Financial capability of the applicant; and

(ii) Readiness to proceed, or the ability of the applicant to promptly commence the project;

(d) A process for determining consistency with existing water resource planning and management, including coordinated water supply plans, regional water resource plans, and comprehensive plans under the growth management act, chapter 36.70A RCW;

(e) A determination of:

(i) Least-cost solutions, including consolidation and restructuring of small systems, where appropriate, into more economical units;

(ii) The provision of regional facilities;

(iii) Projects and activities that facilitate compliance with the federal safe drinking water act; and

(iv) Projects and activities that are intended to achieve the public health objectives of federal and state drinking water laws;

(f) Implementation of water conservation and other demand management measures consistent with state guidelines for water utilities;

(g) Assistance for the necessary planning and engineering to assure that consistency, coordination, and proper professional review are incorporated into projects or activities proposed for funding;

(h) Minimum standards for water system capacity, financial viability, and water system planning;

(i) Testing and evaluation of the water quality of the state's public water system to assure that priority for financial assistance is provided to systems and areas with threats to public health from contaminated supplies and reduce in appropriate cases the substantial increases in costs and rates that customers of small systems would otherwise incur under the monitoring and testing requirements of the federal safe drinking water act;

(j) Coordination, to the maximum extent possible, with other state programs that provide financial assistance to public water systems and state programs that address existing or potential water quality or drinking contamination problems;

(k) Definitions of "affordability" and "disadvantaged community" that are consistent with these and similar terms in use by other state or federal assistance programs;

(l) Criteria for the financial assistance program for public water systems, which shall include, but are not limited to:

(i) Determining projects addressing the most serious risk to human health;

(ii) Determining the capacity of the system to effectively manage its resources, including meeting state financial viability criteria; and

(iii) Determining the relative benefit to the community served; and

(m) Ensure that each agency fulfills the audit, accounting, and reporting requirements under federal law for its portion of the administration of this program.

(5) The department and the public works board shall begin the process to disburse funds no later than October 1, 1997, and shall adopt such rules as are necessary under chapter 34.05 RCW to administer the program by January 1, 1999. [2001 c 141 § 4; 1997 c 218 § 4; 1995 c 376 § 10.]

(2004 Ed.)

70.119A.180 Water use efficiency requirements—

Rules. (1) It is the intent of the legislature that the department establish water use efficiency requirements designed to ensure efficient use of water while maintaining water system financial viability, improving affordability of supplies, and enhancing system reliability.

(2) The requirements of this section shall apply to all municipal water suppliers and shall be tailored to be appropriate to system size, forecasted system demand, and system supply characteristics.

(3) For the purposes of this section:

(a) Water use efficiency includes conservation planning requirements, water distribution system leakage standards, and water conservation performance reporting requirements; and

(b) "Municipal water supplier" and "municipal water supply purposes" have the meanings provided by RCW 90.03.015.

(4) To accomplish the purposes of this section, the department shall adopt rules necessary to implement this section by December 31, 2005. The department shall:

(a) Develop conservation planning requirements that ensure municipal water suppliers are: (i) Implementing programs to integrate conservation with water system operation and management; and (ii) identifying how to appropriately fund and implement conservation activities. Requirements shall apply to the conservation element of water system plans and small water system management programs developed pursuant to chapter 43.20 RCW. In establishing the conservation planning requirements the department shall review the current department conservation planning guidelines and include those elements that are appropriate for rule. Conservation planning requirements shall include but not be limited to:

(A) Selection of cost-effective measures to achieve a system's water conservation objectives. Requirements shall allow the municipal water supplier to select and schedule implementation of the best methods for achieving its conservation objectives;

(B) Evaluation of the feasibility of adopting and implementing water delivery rate structures that encourage water conservation;

(C) Evaluation of each system's water distribution system leakage and, if necessary, identification of steps necessary for achieving water distribution system leakage standards developed under (b) of this subsection;

(D) Collection and reporting of water consumption and source production and/or water purchase data. Data collection and reporting requirements shall be sufficient to identify water use patterns among utility customer classes, where applicable, and evaluate the effectiveness of each system's conservation program. Requirements, including reporting frequency, shall be appropriate to system size and complexity. Reports shall be available to the public; and

(E) Establishment of minimum requirements for water demand forecast methodologies such that demand forecasts prepared by municipal water suppliers are sufficient for use in determining reasonably anticipated future water needs;

(b) Develop water distribution system leakage standards to ensure that municipal water suppliers are taking appropriate steps to reduce water system leakage rates or are main-

taining their water distribution systems in a condition that results in leakage rates in compliance with the standards. Limits shall be developed in terms of percentage of total water produced and/or purchased and shall not be lower than ten percent. The department may consider alternatives to the percentage of total water supplied where alternatives provide a better evaluation of the water system's leakage performance. The department shall institute a graduated system of requirements based on levels of water system leakage. A municipal water supplier shall select one or more control methods appropriate for addressing leakage in its water system;

(c) Establish minimum requirements for water conservation performance reporting to assure that municipal water suppliers are regularly evaluating and reporting their water conservation performance. The objective of setting conservation goals is to enhance the efficient use of water by the water system customers. Performance reporting shall include:

(i) Requirements that municipal water suppliers adopt and achieve water conservation goals. The elected governing board or governing body of the water system shall set water conservation goals for the system. In setting water conservation goals the water supplier may consider historic conservation performance and conservation investment, customer base demographics, regional climate variations, forecasted demand and system supply characteristics, system financial viability, system reliability, and affordability of water rates. Conservation goals shall be established by the municipal water supplier in an open public forum;

(ii) Requirements that the municipal water supplier adopt schedules for implementing conservation program elements and achieving conservation goals to ensure that progress is being made toward adopted conservation goals;

(iii) A reporting system for regular reviews of conservation performance against adopted goals. Performance reports shall be available to customers and the public. Requirements, including reporting frequency, shall be appropriate to system size and complexity;

(iv) Requirements that any system not meeting its water conservation goals shall develop a plan for modifying its conservation program to achieve its goals along with procedures for reporting performance to the department;

(v) If a municipal water supplier determines that further reductions in consumption are not reasonably achievable, it shall identify how current consumption levels will be maintained;

(d) Adopt rules that, to the maximum extent practical, utilize existing mechanisms and simplified procedures in order to minimize the cost and complexity of implementation and to avoid placing unreasonable financial burden on smaller municipal systems.

(5) The department shall establish an advisory committee to assist the department in developing rules for water use efficiency. The advisory committee shall include representatives from public water system customers, environmental interest groups, business interest groups, a representative cross-section of municipal water suppliers, a water utility conservation professional, tribal governments, the department of ecology, and any other members determined necessary by the department. The department may use the water

supply advisory committee created pursuant to RCW 70.119A.160 augmented with additional participants as necessary to comply with this subsection to assist the department in developing rules.

(6) The department shall provide technical assistance upon request to municipal water suppliers and local governments regarding water conservation, which may include development of best management practices for water conservation programs, conservation landscape ordinances, conservation rate structures for public water systems, and general public education programs on water conservation.

(7) To ensure compliance with this section, the department shall establish a compliance process that incorporates a graduated approach employing the full range of compliance mechanisms available to the department.

(8) Prior to completion of rule making required in subsection (4) of this section, municipal water suppliers shall continue to meet the existing conservation requirements of the department and shall continue to implement their current water conservation programs. [2003 1st sp.s. c 5 § 7.]

Severability—2003 1st sp.s. c 5: See note following RCW 90.03.015.

70.120.070 Vehicle inspections—Failed—Certificate of acceptance. (1) Any person:

(a) Whose motor vehicle is tested pursuant to this chapter and fails to comply with the emission standards established for the vehicle; and

(b) Who, following such a test, expends more than one hundred dollars on a 1980 or earlier model year motor vehicle or expends more than one hundred fifty dollars on a 1981 or later model year motor vehicle for repairs solely devoted to meeting the emission standards and that are performed by a certified emission specialist authorized by RCW 70.120.020(2)(a); and

(c) Whose vehicle fails a retest, may be issued a certificate of acceptance if (i) the vehicle has been in use for more than five years or fifty thousand miles, and (ii) any component of the vehicle installed by the manufacturer for the purpose of reducing emissions, or its appropriate replacement, is installed and operative.

To receive the certificate, the person must document compliance with (b) and (c) of this subsection to the satisfaction of the department.

Should any provision of (b) of this subsection be disapproved by the administrator of the United States environmental protection agency, all vehicles shall be required to expend at least four hundred fifty dollars to qualify for a certificate of acceptance.

(2) Persons who fail the initial tests shall be provided with:

(a) Information regarding the availability of federal warranties and certified emission specialists;

(b) Information on the availability and procedure for acquiring license trip-permits;

(c) Information on the availability and procedure for receiving a certificate of acceptance; and

70.120.080 Vehicle inspections—Fleets. The director may authorize an owner or lessee of a fleet of motor vehicles, or the owner's or lessee's agent, to inspect the vehicles in the fleet and issue certificates of compliance for the vehicles in the fleet if the director determines that: (1) The director's inspection procedures will be complied with; and (2) certificates will be issued only to vehicles in the fleet that meet emission and equipment standards adopted under RCW 70.120.150 and only when appropriate.

In addition, the director may authorize an owner or lessee of one or more diesel motor vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds, or the owner's or lessee's agent, to inspect the vehicles and issue certificates of compliance for the vehicles. The inspections shall be conducted in compliance with inspection procedures adopted by the department and certificates of compliance shall only be issued to vehicles that meet emission and equipment standards adopted under RCW 70.120.150.

The director shall establish by rule the fee for fleet or diesel inspections provided for in this section. The fee shall be set at an amount necessary to offset the department's cost to administer the fleet and diesel inspection program authorized by this section.

70.120.100 Vehicle inspections—Complaints. The department shall investigate complaints received regarding the operation of emission testing stations and shall require corrections or modifications in those operations when deemed necessary.

The department shall also review complaints received regarding the maintenance or repairs secured by owners of motor vehicles for the purpose of complying with the requirements of this chapter. When possible, the department shall assist such owners in determining the merits of the complaints.

The department shall keep a copy of all complaints received, and on request, make copies available to the public. This is not intended to require disclosure of any information that is exempt from public disclosure under chapter 42.17 RCW. [1998 c 342 § 3; 1979 ex.s. c 163 § 10.]

Severability—1979 ex.s. c 163: See note following RCW 70.120.010.

70.120.120 Rules. The director shall adopt rules implementing and enforcing this chapter in accordance with chapter 34.05 RCW. The department shall take into account when considering proposed modifications of emission contributing boundaries, as provided for in RCW 70.120.150(6), alternative transportation control and motor vehicle emission reduction measures that are required by local municipal corporations for the purpose of satisfying federal emission guidelines. [1991 c 199 § 206; 1989 c 240 § 8; 1979 ex.s. c 163 § 13.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

Severability—1979 ex.s. c 163: See note following RCW 70.120.010.

70.120.130 Authority. The authority granted by this chapter to the director and the department for controlling vehicle emissions is supplementary to the department's authority to control air pollution pursuant to chapter 70.94 RCW. [1979 ex.s. c 163 § 14.]

Severability—1979 ex.s. c 163: See note following RCW 70.120.010.

70.120.150 Vehicle emission and equipment standards—Designation of noncompliance areas and emission contributing areas. The director:

(1) Shall adopt motor vehicle emission and equipment standards to: Ensure that no less than seventy percent of the vehicles tested comply with the standards on the first inspection

conducted, meet federal clean air act requirements, and protect human health and the environment.

(2) Shall adopt rules implementing the smoke opacity testing requirement for diesel vehicles that ensure that such test is objective and repeatable and that properly maintained engines that otherwise would meet the applicable federal emission standards, as measured by the new engine certification test, would not fail the smoke opacity test.

(3) Shall designate a geographic area as being a "non-compliance area" for motor vehicle emissions if (a) the department's analysis of emission and ambient air quality data, covering a period of no less than one year, indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the air contaminant is motor vehicle emissions.

(4) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

(5) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an "emission contributing area." An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a "nonattainment area for ozone" under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et seq.), and (b) it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's nonattainment area.

(6) Shall, after consultation with the appropriate local government entities, designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

(7) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions. [1991 c 199 § 207; 1989 c 240 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.160 Noncompliance areas—Annual review.

(1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a non-compliance area for motor vehicle emissions.

(2) An area shall no longer be designated as a non-compliance area if the director determines that:

(a) Air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the noncompliance area; and

(b) The standards would not be violated if the emission inspection system in the emission contributing area was discontinued and the requirements of RCW 46.16.015 no longer applied. [1989 c 240 § 3.]

70.120.170 Motor vehicle emission inspections—Fees—Certificate of compliance—State and local agency vehicles.

(1) The department shall administer a system for emission inspections of all motor vehicles, except those described in RCW 46.16.015(2), that are registered within the boundaries of each emission contributing area. Under such system a motor vehicle shall be inspected biennially except where an annual program would be required to meet federal law and prevent federal sanctions. In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle as provided under RCW 46.16.015.

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting vehicle emission inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1) if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable statewide or throughout an emission contributing area and shall be no greater than fifteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation

to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection. If the inspected vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle does not comply with those standards, one reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles annually to ensure that the vehicle's emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles' emissions comply with standards established by the director. A report of the results of the tests shall be submitted to the department. [1998 c 342 § 4; 1991 c 199 § 208; 1989 c 240 § 4.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.190 Used vehicles. (1) Motor vehicle dealers selling a used vehicle not under a new vehicle warranty shall include a notice in each vehicle purchase order form that reads as follows: "The owner of a vehicle may be required to spend up to (a dollar amount established under RCW 70.120.070) for repairs if the vehicle does not meet the vehicle emission standards under this chapter. Unless expressly warranted by the motor vehicle dealer, the dealer is not warranting that this vehicle will pass any emission tests required by federal or state law."

(2) The signature of the purchaser on the notice required under subsection (1) of this section shall constitute a valid disclaimer of any implied warranty by the dealer as to a vehicle's compliance with any emission standards.

(3) The disclosure requirement of subsection (1) of this section applies to all motor vehicle dealers located in counties where state emission inspections are required. [1991 c 199 § 210.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.200 Engine conformance. Engine manufacturers shall certify that new engines conform with current exhaust emission standards of the federal environmental protection agency. [1991 c 199 § 211.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.904 through 70.94.906.

70.120.210 Clean-fuel performance and clean-fuel vehicle emissions specifications. By July 1, 1992, the department shall develop, in cooperation with the departments of general administration and transportation, and

Washington State University, aggressive clean-fuel performance and clean-fuel vehicle emissions specifications including clean-fuel vehicle conversion equipment. To the extent possible, such specifications shall be equivalent for all fuel types. In developing such specifications the department shall consider the requirements of the clean air act and the findings of the environmental protection agency, other states, the American petroleum institute, the gas research institute, and the motor vehicles manufacturers association. [1996 c 186 § 518; 1991 c 199 § 212.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

Finding—1991 c 199: See note following RCW 70.94.011.

Clean-fuel grants: RCW 70.94.960.

70.120.230 Scientific advisory board—Composition of board—Duties. The department shall establish a scientific advisory board to review plans to establish or expand the geographic area where an inspection and maintenance system for motor vehicle emissions is required. The board shall consist of three to five members. All members shall have at least a master's degree in physics, chemistry, or engineering, or a closely related field. No member may be a current employee of a local air pollution control authority, the department, the United States environmental protection agency, or a company that may benefit from a review by the board.

The board shall review an inspection and maintenance plan at the request of a local air pollution control authority, the department, or by a petition of at least fifty people living within the proposed boundaries of a vehicle emission inspection and maintenance system. The entity or entities requesting a scientific review may include specific issues for the board to consider in its review. The board shall limit its review to matters of science and shall not provide advice on penalties or issues that are strictly legal in nature.

The board shall provide a complete written review to the department. If the board members are not in agreement as to the scientific merit of any issue under review, the board may include a dissenting opinion in its report to the department. The department shall immediately make copies available to the local air pollution control authority and to the public.

The department shall conduct a public hearing, within the area affected by the proposed rule, if any significant aspect of the rule is in conflict with a majority opinion of the board. The department shall include in its responsiveness summary the rationale for including a rule that is not consistent with the review of the board, including a response to the issues raised at the public hearing.

Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. [1998 c 342 § 5.]

Nuclear energy and radiation: Chapter 70.98 RCW.

Radioactive waste storage and transportation act of 1980: Chapter 70.99 RCW.

70.121.010 Legislative findings. The legislature finds that:

(1) The milling of uranium and thorium creates potential hazards to the health of the citizens of the state of Washington in that potentially hazardous radioactive isotopes, decay products of uranium and thorium, naturally occurring in relatively dispersed geologic formations, are brought to one location on the surface and pulverized in the process of mining and milling uranium and thorium.

(2) These radioactive isotopes, in addition to creating a field of gamma radiation in the vicinity of the tailings area, also exude potentially hazardous radioactive gas and particulates into the atmosphere from the tailings areas, and contaminate the milling facilities, thereby creating hazards which will be present for many generations.

(3) The public health and welfare of the citizens demands that the state assure that the public health be protected by requiring that: (a) Prior to the termination of any radioactive materials license, all milling facilities and associated tailings piles will be decommissioned in such a manner as to bring the potential public health hazard to a minimum; and (b) such environmental radiation monitoring as is necessary to verify the status of decommissioned facilities will be conducted. [1979 ex.s. c 110 § 1.]

Effective date—1979 ex.s. c 110: "This act shall take effect on January 1, 1980." [1979 ex.s. c 110 § 18.]

70.121.020 Definitions. Unless the context clearly requires a different meaning, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Secretary" means the secretary of health.

(3) "Site" means the restricted area as defined by the United States nuclear regulatory commission.

(4) "Tailings" means the residue remaining after extraction of uranium or thorium from the ore whether or not the residue is left in piles, but shall not include ore bodies nor ore stock piles.

(5) "License" means a radioactive materials license issued under chapter 70.98 RCW and the rules adopted under chapter 70.98 RCW.

(6) "Termination of license" means the cancellation of the license after permanent cessation of operations. Temporary interruptions or suspensions of production due to economic or other conditions are not a permanent cessation of operations.

(7) "Milling" means grinding, cutting, working, or concentrating ore which has been extracted from the earth by mechanical (conventional) or chemical (in situ) processes.

(8) "Obligor-licensee" means any person who obtains a license to operate a uranium or thorium mill in the state of Washington or any person who owns the property on which the mill operates and who owes money to the state for the licensing fee, for reclamation of the site, for perpetual surveillance and maintenance of the site, or for any other obligation owed the state under this chapter.

(9) "Statement of claim" means the document recorded or filed pursuant to this chapter, which names an obligor-licensee, names the state as obligee, describes the obligation owed to the state, and describes property owned by the obligor-licensee on which a lien will attach for the benefit of the state, and which creates the lien when filed. [1991 c 3 § 372; 1987 c 184 § 1; 1982 c 78 § 1; 1979 ex.s. c 110 § 2.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.030 Licenses—Renewal—Hearings. (1) Any person who proposes to operate a uranium or thorium mill within the state of Washington after January 1, 1980, shall obtain a license from the department to mill thorium and uranium. The period of the license shall be determined by the secretary and shall be initially valid for not more than two years and renewable thereafter for periods of not more than five years. No license may be granted unless:

(a) The owner or operator of the mill submits to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill agrees to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(2) Any person operating a uranium or thorium mill on January 1, 1980, shall, at the time of application for renewal of his license to mill thorium or uranium, comply with the following conditions for continued operation of the mill:

(a) The owner or operator of the mill shall submit to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill shall agree to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter

(2004 Ed.)

except where the lands are held in trust for or are owned by any Indian tribe.

(3) The department shall, after public notice and opportunity for written comment, hold a public hearing to consider the adequacy of the proposed plan to protect the safety and health of the public required by subsections (1) and (2) of this section. The proceedings shall be recorded and transcribed. The public hearing shall provide the opportunity for cross-examination by both the department and the person proposing the plan required under this section. The department shall make a written determination as to the licensing of the mill which is based upon the findings included in the determination and upon the evidence presented during the public comment period. The determination is subject to judicial review. If a declaration of nonsignificance is issued for a license renewal application under rules adopted under chapter 43.21C RCW, the public hearing is not required.

(4) The department shall set a schedule of license and amendment fees predicated on the cost of reviewing the license application and of monitoring for compliance with the conditions of the license. A permit for construction of a uranium or thorium mill may be granted by the secretary prior to licensing. [1979 ex.s. c 110 § 3.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.040 Facility operations and decommissioning—Monitoring. The secretary or his representative shall monitor the operations of the mill for compliance with the conditions of the license by the owner or operator. The mill owner or operator shall be responsible for compliance, both during the lifetime of the facility and at shutdown, including but not limited to such requirements as fencing and posting the site; contouring, covering, and stabilizing the pile; and for decommissioning the facility. [1979 ex.s. c 110 § 4.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.050 Radiation perpetual maintenance fund—Licensee contributions—Disposition. On a quarterly basis on and after January 1, 1980, there shall be levied and the department shall collect a charge of five cents per pound on each pound of uranium or thorium compound milled out of the raw ore. All moneys paid to the department from these charges shall be deposited in a special security fund in the treasury of the state of Washington to be known as the "radiation perpetual maintenance fund". This security fund shall be used by the department when a licensee has ceased to operate and the site may still contain, or have associated with the site at which the licensed activity was conducted in spite of full compliance with RCW 70.121.030, radioactive material which will require further maintenance, surveillance, or other care. If, with respect to a licensee, the department determines that the estimated total of these charges will be less than or greater than that required to defray the estimated cost of administration of this responsibility, the department may prescribe such an increased or decreased charge as is considered necessary for this purpose. If, at termination of the license, the department determines that by the applicable standards and practices then in effect, the charges which have been collected from the licensee and earnings generated

therefrom are in excess of the amount required to defray the cost of this responsibility, the department may refund the excess portion to the licensee. If, at termination of the license or cessation of operation, the department determines, by the applicable standards and practices then in effect, that the charges which have been collected from the licensee and earnings generated therefrom are together insufficient to defray the cost of this responsibility, the department may collect the excess portion from the licensee.

Moneys in the radiation perpetual maintenance fund shall be invested by the state investment board in the manner as other state moneys. [1987 c 184 § 2; 1979 ex.s. c 110 § 5.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.060 State authority to acquire property for surveillance sites. In order to provide for the proper care and surveillance of sites under RCW 70.121.050, the state may acquire by gift or transfer from any government agency, corporation, partnership, or person, all lands, buildings, and grounds necessary to fulfill the purposes of this chapter. Any such gift or transfer shall be subject to approval by the department. In exercising the authority of this section, the department shall take into consideration the status of the ownership of the land and interests therein and the ability of the licensee to transfer title and custody thereof to the state. [1979 ex.s. c 110 § 6.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.070 Status of acquired state property for surveillance sites. Recognizing the uncertainty of the existence of a person or corporation in perpetuity, and recognizing that ultimate responsibility to protect the public health and safety must be reposed in a solvent government, without regard to the existence of any particular agency or department thereof, all lands, buildings, and grounds acquired by the state under RCW 70.121.060 shall be owned in fee simple by the state and dedicated in perpetuity to the purposes stated in RCW 70.121.060. All radioactive material received at a site and located therein at the time of acquisition of ownership by the state shall become the property of the state. [1979 ex.s. c 110 § 7.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.080 Payment for transferred sites for surveillance. If a person licensed by any governmental agency other than the state or if any other governmental agency desires to transfer a site to the state for the purpose of administering or providing perpetual care, a lump sum payment shall be made to the radiation perpetual maintenance fund. The amount of the deposit shall be determined by the department taking into consideration the factors stated in RCW 70.121.050. [1979 ex.s. c 110 § 8.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.090 Authority for on-site inspections and monitoring. Each licensee under this chapter, as a condition of his license, shall submit to whatever reasonable on-site

inspections and on-site monitoring as required in order for the department to carry out its responsibilities and duties under this chapter. Such on-site inspections and monitoring shall be conducted without the necessity of any further approval or any permit or warrant therefor. [1979 ex.s. c 110 § 9.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.100 Licensees' bond requirements. The secretary or the secretary's duly authorized representative shall require the posting of a bond by licensees to be used exclusively to provide funds in the event of abandonment, default, or other inability of the licensee to meet the requirements of the department. The secretary may establish bonding requirements by classes of licensees and by range of monetary amounts. In establishing these requirements, the secretary shall consider the potential for contamination, injury, cost of disposal, and reclamation of the property. The amount of the bond shall be sufficient to pay the costs of reclamation and perpetual maintenance. [1987 c 184 § 5; 1979 ex.s. c 110 § 10.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.110 Acceptable bonds. A bond shall be accepted by the department if it is a bond issued by a fidelity or surety company admitted to do business in the state of Washington and the fidelity or surety company is found by the state finance commission to be financially secure at licensing and licensing renewals, if it is a personal bond secured by such collateral as the secretary deems satisfactory and in accordance with RCW 70.121.100, or if it is a cash bond. [1987 c 184 § 6; 1979 ex.s. c 110 § 11.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.120 Forfeited bonds—Use of fund. All bonds forfeited shall be paid to the department for deposit in the radiation perpetual maintenance fund. All moneys in this fund may only be expended by the department as necessary for the protection of the public health and safety and shall not be used for normal operating expenses of the department. [1979 ex.s. c 110 § 12.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.130 Exemptions from bonding requirements. All state, local, or other governmental agencies, or subdivisions thereof, are exempt from the bonding requirements of this chapter. [1987 c 184 § 7; 1979 ex.s. c 110 § 13.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.140 Amounts owed to state—Lien created. If a licensee fails to pay the department within a reasonable time money owed to the state under this chapter, the obligation owed to the state shall constitute a lien on all property, both real and personal, owned by the obligor-licensee when the department records or files, pursuant to this section, a statement of claim against the obligor-licensee. The state-

ment of claim against the obligor-licensee shall name the obligor-licensee, name the state as obligee, describe the obligation, and describe the property to be held in security for the obligation.

Statements of claim creating a lien on real property, fixtures, timber, agricultural products, oil, gas, or minerals shall be recorded with the county auditor in each county where the property is located. Statements of claim creating a lien in personal property, whether tangible or intangible, shall be filed with the department of licensing.

A lien recorded or filed pursuant to this section has priority over any lien, interest, or other encumbrance previously or thereafter recorded or filed concerning any property described in the statement of claim, to the extent allowed by federal law.

A lien created pursuant to this section shall continue in force until extinguished by foreclosure or bankruptcy proceedings or until a release of the lien signed by the secretary is recorded or filed in the place where the statement of claim was recorded or filed. The secretary shall sign and record or file a release only after the obligation owed to the state under this chapter, together with accrued interest and costs of collection has been paid. [1987 c 184 § 3.]

70.121.150 Amounts owed to the state—Collection by attorney general. The attorney general shall use all available methods of obtaining funds owed to the state under this chapter. The attorney general shall foreclose on liens made pursuant to this section, obtain judgments against obligor-licensees and pursue assets of the obligor-licensees found outside the state, consider pursuing the assets of parent corporations and shareholders where an obligor-licensee corporation is an underfinanced corporation, and pursue any other legal remedy available. [1987 c 184 § 4.]

70.121.900 Construction. This chapter is cumulative and not exclusive, and no part of this chapter shall be construed to repeal any existing law specifically enacted for the protection of the public health and safety. [1979 ex.s. c 110 § 14.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.905 Short title. This chapter may be known as the "Mill Tailings Licensing and Perpetual Care Act of 1979". [1979 ex.s. c 110 § 15.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.910 Severability—1979 ex.s. c 110. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 110 § 16.]

Futile treatment and emergency medical personnel: RCW 43.70.480.

70.122.010 Legislative findings. The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their own health care, including the decision to have life-sustaining treatment withheld or withdrawn in instances of a terminal condition or permanent unconscious condition.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that, in the interest of protecting individual autonomy, such prolongation of the process of dying for persons with a terminal condition or permanent unconscious condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient. The legislature further believes that physicians and nurses should not withhold or unreasonably diminish pain medication for patients in a terminal condition where the primary intent of providing such medication is to alleviate pain and maintain or increase the patient's comfort.

The legislature further finds that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining treatment where the patient having the capacity to make health care decisions has voluntarily evidenced a desire that such treatment be withheld or withdrawn.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining treatment in the event of a terminal condition or permanent unconscious condition. The legislature also recognizes that a person's right to control his or her health care may be exercised by an authorized representative who validly holds the person's durable power of attorney for health care. [1992 c 98 § 1; 1979 c 112 § 2.]

70.122.020 Definitions. Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Adult person" means a person who has attained the age of majority as defined in RCW 26.28.010 and 26.28.015, and who has the capacity to make health care decisions.

(2) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(3) "Directive" means a written document voluntarily executed by the declarer generally consistent with the guidelines of RCW 70.122.030.

(4) "Health facility" means a hospital as defined in *RCW 70.41.020(2) or a nursing home as defined in RCW 18.51.010, a home health agency or hospice agency as defined in RCW 70.126.010, or a boarding home as defined in RCW 18.20.020.

(5) "Life-sustaining treatment" means any medical or surgical intervention that uses mechanical or other artificial means, including artificially provided nutrition and hydration, to sustain, restore, or replace a vital function, which, when applied to a qualified patient, would serve only to prolong the process of dying. "Life-sustaining treatment" shall not include the administration of medication or the performance of any medical or surgical intervention deemed necessary solely to alleviate pain.

(6) "Permanent unconscious condition" means an incurable and irreversible condition in which the patient is medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(7) "Physician" means a person licensed under chapters 18.71 or 18.57 RCW.

(8) "Qualified patient" means an adult person who is a patient diagnosed in writing to have a terminal condition by the patient's attending physician, who has personally examined the patient, or a patient who is diagnosed in writing to be in a permanent unconscious condition in accordance with accepted medical standards by two physicians, one of whom is the patient's attending physician, and both of whom have personally examined the patient.

(9) "Terminal condition" means an incurable and irreversible condition caused by injury, disease, or illness, that, within reasonable medical judgment, will cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment serves only to prolong the process of dying. [1992 c 98 § 2; 1979 c 112 § 3.]

*Reviser's note: RCW 70.41.020 was amended by 2002 c 116 § 2, changing subsection (2) to subsection (4).

70.122.030 Directive to withhold or withdraw life-sustaining treatment. (1) Any adult person may execute a directive directing the withholding or withdrawal of life-sustaining treatment in a terminal condition or permanent unconscious condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who

has a claim against any portion of the estate of the declarer upon declarer's decease at the time of the execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded by the custodian of the records to the health facility when the withholding or withdrawal of life-support treatment is contemplated. The directive may be in the following form, but in addition may include other specific directions:

Health Care Directive

Directive made this day of (month, year).

I, having the capacity to make health care decisions, willfully, and voluntarily make known my desire that my dying shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should be diagnosed in writing to be in a terminal condition by the attending physician, or in a permanent unconscious condition by two physicians, and where the application of life-sustaining treatment would serve only to artificially prolong the process of my dying, I direct that such treatment be withheld or withdrawn, and that I be permitted to die naturally. I understand by using this form that a terminal condition means an incurable and irreversible condition caused by injury, disease, or illness, that would within reasonable medical judgment cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment would serve only to prolong the process of dying. I further understand in using this form that a permanent unconscious condition means an incurable and irreversible condition in which I am medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining treatment, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences of such refusal. If another person is appointed to make these decisions for me, whether through a durable power of attorney or otherwise, I request that the person be guided by this directive and any other clear expressions of my desires.

(c) If I am diagnosed to be in a terminal condition or in a permanent unconscious condition (check one):

I DO want to have artificially provided nutrition and hydration.

I DO NOT want to have artificially provided nutrition and hydration.

(d) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(e) I understand the full import of this directive and I am emotionally and mentally capable to make the health care decisions contained in this directive.

(f) I understand that before I sign this directive, I can add to or delete from or otherwise change the wording of this directive and that I may add to or delete from this directive at any time and that any changes shall be consistent with Washington state law or federal constitutional law to be legally valid.

(g) It is my wish that every part of this directive be fully implemented. If for any reason any part is held invalid it is my wish that the remainder of my directive be implemented.

Signed

City, County, and State of Residence

The declarer has been personally known to me and I believe him or her to be capable of making health care decisions.

(2) Prior to withholding or withdrawing life-sustaining treatment, the diagnosis of a terminal condition by the attending physician or the diagnosis of a permanent unconscious state by two physicians shall be entered in writing and made a permanent part of the patient's medical records.

(3) A directive executed in another political jurisdiction is valid to the extent permitted by Washington state law and federal constitutional law. [1992 c 98 § 3; 1979 c 112 § 4.]

70.122.040 Revocation of directive. (1) A directive may be revoked at any time by the declarer, without regard to declarer's mental state or competency, by any of the following methods:

(a) By being canceled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarer or by some person in declarer's presence and by declarer's direction.

(b) By a written revocation of the declarer expressing declarer's intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time and date when said physician received notification of the written revocation.

(c) By a verbal expression by the declarer of declarer's intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when said physician received notification of the revocation.

(2) There shall be no criminal or civil liability on the part of any person for failure to act upon a revocation made pursuant to this section unless that person has actual or constructive knowledge of the revocation.

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's condition renders declarer able to communicate with the attending physician. [1979 c 112 § 5.]

70.122.051 Liability of health care provider or facility. Any physician, health care provider acting under the direction of a physician, or health facility and its personnel who participate in good faith in the withholding or withdrawal of life-sustaining treatment from a qualified patient in accordance with the requirements of this chapter, shall be immune from legal liability, including civil, criminal, or pro-

fessional conduct sanctions, unless otherwise negligent. [1992 c 98 § 5.]

70.122.060 Procedures by physician—Health care facility or personnel may refuse to participate. (1) Prior to the withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is capable of making health care decisions, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The attending physician or health facility shall inform a patient or patient's authorized representative of the existence of any policy or practice that would preclude the honoring of the patient's directive at the time the physician or facility becomes aware of the existence of such a directive. If the patient, after being informed of such policy or directive, chooses to retain the physician or facility, the physician or facility with the patient or the patient's representative shall prepare a written plan to be filed with the patient's directive that sets forth the physician's or facilities' intended actions should the patient's medical status change so that the directive would become operative. The physician or facility under this subsection has no obligation to honor the patient's directive if they have complied with the requirements of this subsection, including compliance with the written plan required under this subsection.

(3) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining treatment. No physician, health facility, or health personnel acting in good faith with the directive or in accordance with the written plan in subsection (2) of this section shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection.

(4) No nurse, physician, or other health care practitioner may be required by law or contract in any circumstances to participate in the withholding or withdrawal of life-sustaining treatment if such person objects to so doing. No person may be discriminated against in employment or professional privileges because of the person's participation or refusal to participate in the withholding or withdrawal of life-sustaining treatment. [1992 c 98 § 6; 1979 c 112 § 7.]

70.122.070 Effects of carrying out directive—Insurance. (1) The withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide or a homicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining treatment from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services. [1992 c 98 § 7; 1979 c 112 § 8.]

70.122.080 Effects of carrying out directive on cause of death. The act of withholding or withdrawing life-sustaining treatment, when done pursuant to a directive described in RCW 70.122.030 and which results in the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of anyone that placed the declarer in a terminal condition or a permanent unconscious condition and the death of the declarer. [1992 c 98 § 8; 1979 c 112 § 10.]

70.122.090 Criminal conduct—Penalties. (1) Any person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent is guilty of a gross misdemeanor.

(2) Any person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040 with the intent to cause a withholding or withdrawal of life-sustaining treatment contrary to the wishes of the declarer, and thereby, because of any such act, directly causes life-sustaining treatment to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030. [2003 c 53 § 362; 1992 c 98 § 9; 1979 c 112 § 9.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

70.122.100 Mercy killing or physician-assisted suicide not authorized. Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing or physician-assisted suicide, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying. [1992 c 98 § 10; 1979 c 112 § 11.]

70.122.110 Discharge so that patient may die at home. If a qualified patient capable of making health care decisions indicates that he or she wishes to die at home, the patient shall be discharged as soon as reasonably possible. The health care provider or facility has an obligation to explain the medical risks of an immediate discharge to the qualified patient. If the provider or facility complies with the obligation to explain the medical risks of an immediate discharge to a qualified patient, there shall be no civil or criminal liability for claims arising from such discharge. [1992 c 98 § 4.]

70.122.120 Directive's validity assumed. Any person or health facility may assume that a directive complies with this chapter and is valid. [1992 c 98 § 12.]

70.122.900 Short title—1979 c 112. This act shall be known and may be cited as the "Natural Death Act". [1979 c 112 § 1.]

70.122.905 Severability—1979 c 112. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable. [1979 c 112 § 13.]

70.122.910 Construction. This chapter shall not be construed as providing the exclusive means by which individuals may make decisions regarding their health treatment, including but not limited to, the withholding or withdrawal of life-sustaining treatment, nor limiting the means provided by case law more expansive than chapter 98, Laws of 1992. [1992 c 98 § 11.]

70.122.915 Application—1992 c 98. A directive executed anytime before June 11, 1992, which generally complies with chapter 98, Laws of 1992 is effective under chapter 98, Laws of 1992. [1992 c 98 § 13.]

70.122.920 Severability—1992 c 98. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 98 § 17.]

Domestic violence—Official response: Chapter 10.99 RCW.

Domestic violence prevention: Chapter 26.50 RCW.

Donations of surplus state property: RCW 43.19.1920.

Public disclosure: RCW 42.17.310.

70.123.010 Legislative findings. The legislature finds that domestic violence is an issue of growing concern at all levels of government and that there is a present and growing need to develop innovative strategies and services which will ameliorate and reduce the trauma of domestic violence. Research findings show that domestic violence constitutes a significant percentage of homicides, aggravated assaults, and assaults and batteries in the United States. Domestic violence is a disruptive influence on personal and community life and

is often interrelated with a number of other family problems and stresses. Shelters for victims of domestic violence are essential to provide protection to victims from further abuse and physical harm and to help the victim find long-range alternative living situations, if requested. Shelters provide safety, refuge, advocacy, and helping resources to victims who may not have access to such things if they remain in abusive situations.

The legislature therefore recognizes the need for the statewide development and expansion of shelters for victims of domestic violence. [1979 ex.s. c 245 § 1.]

70.123.040 Minimum standards to provide basic survival needs. Minimum standards established by the department under RCW 70.123.030 shall ensure that shelters receiving grants under this chapter provide services meeting basic survival needs, where not provided by other means, such as, but not limited to, food, clothing, housing, safety, security, client advocacy, and counseling. These services shall be problem-oriented and designed to provide necessary assistance to the victims of domestic violence and their children. [1979 ex.s. c 245 § 4.]

70.123.050 Contracts with nonprofit organizations—Purposes. The department shall contract, where appropriate, with public or private nonprofit groups or organizations with experience and expertise in the field of domestic violence to:

(1) Develop and implement an educational program designed to promote public and professional awareness of the problems of domestic violence and of the availability of services for victims of domestic violence. Particular emphasis should be given to the education needs of law enforcement agencies, the legal system, the medical profession, and other relevant professions that are engaged in the prevention, identification, and treatment of domestic violence;

(2) Maintain a directory of temporary shelters and other direct service facilities for the victims of domestic violence which is current, complete, detailed, and available, as necessary, to provide useful referral services to persons seeking help on an emergency basis;

(b) The written motion is accompanied by an affidavit or affidavits setting forth specifically the reasons why discovery is requested of the domestic violence program's records;

(c) The court reviews the domestic violence program's records in camera to determine whether the domestic violence program's records are relevant and whether the probative value of the records is outweighed by the victim's privacy interest in the confidentiality of such records, taking into account the further trauma that may be inflicted upon the victim by the disclosure of the records; and

(d) The court enters an order stating whether the records or any part of the records are discoverable and setting forth the basis for the court's findings.

(2) Assure an integrated, comprehensive, accountable community response that is adequately funded and sensitive to the diverse needs of the community;

(3) Create a continuum of services that range from prevention, crisis intervention, and counseling through shelter, advocacy, legal intervention, and representation to longer term support, counseling, and training; and

(4) Coordinate the efforts of government, the legal system, the private sector, and a range of service providers, such as doctors, nurses, social workers, teachers, and child care workers. [1991 c 301 § 11.]

70.123.140 Technical assistance grant for county plans. (1) A county or group of counties may apply to the department for a technical assistance grant to develop a comprehensive county plan for dealing with domestic violence. The county authority may contract with a local nonprofit entity to develop the plan.

(2) County comprehensive plans shall be developed in consultation with the department, domestic violence programs, schools, law enforcement, and health care, legal, and social service providers that provide services to persons affected by domestic violence.

(b) Training for professionals on how to recognize domestic violence and assist those affected by it;

(c) Development of protocols among agencies so that professionals respond to domestic violence in an effective, consistent manner;

(d) Development of services to victims of domestic violence and their families, including shelters, safe homes, transitional housing, community and legal advocates, and children's services; and

(e) Local and regional teams to oversee implementation of the system, ensure that efforts continue over the years, and assist with day-to-day and system-wide coordination. [1991 c 301 § 12.]

Finding—1991 c 301: See note following RCW 10.99.020.

Persons over sixty, abuse: Chapter 74.34 RCW.

70.124.010 Legislative findings. (1) The Washington state legislature finds and declares that a reporting system is needed to protect state hospital patients from abuse. Instances of nonaccidental injury, neglect, death, sexual abuse, and cruelty to such patients have occurred, and in the instance where such a patient is deprived of his or her right to conditions of minimal health and safety, the state is justified in emergency intervention based upon verified information. Therefore the Washington state legislature hereby provides for the reporting of such cases to the appropriate public authorities.

(2) It is the intent of the legislature that: (a) As a result of such reports, protective services shall be made available in an effort to prevent further abuses, and to safeguard the gen-

(2004 Ed.)

eral welfare of the patients; and (b) such reports shall be maintained and disseminated with strictest regard for the privacy of the subjects of such reports and so as to safeguard against arbitrary, malicious, or erroneous information or actions. The reports must contain the following information, if known:

(2) Each law enforcement agency receiving such a report shall, in addition to taking the action required by RCW 70.124.050, immediately relay the report to the department, and to other law enforcement agencies, including the medic-aid fraud control unit of the office of the attorney general, as appropriate. For any report it receives, the department shall likewise take the required action and in addition relay the report to the appropriate law enforcement agency or agencies. [1983 1st ex.s. c 41 § 24; 1979 ex.s. c 228 § 5.]

70.124.060 Liability of persons making reports. (1) A person other than a person alleged to have committed the abuse or neglect participating in good faith in the making of a report pursuant to this chapter, or testifying as to alleged patient abuse or neglect in a judicial proceeding, is, in so doing, immune from any liability, civil or criminal, arising out of such reporting or testifying under any law of this state or its political subdivisions, and if such person is an employee of a state hospital it is an unfair practice under chapter 49.60 RCW for the employer to discharge, expel, or otherwise discriminate against the employee for such reporting activity.

(2) Conduct conforming with the reporting requirements of this chapter is not a violation of the confidential communication privilege of RCW 5.60.060 (3) or (4) or 18.83.110. Nothing in this chapter supersedes or abridges remedies provided in chapter 4.92 RCW. [1999 c 176 § 24; 1993 c 510 § 25; 1981 c 174 § 5; 1979 ex.s. c 228 § 6.]

A person who is required to make or to cause to be made a report pursuant to RCW 70.124.030 or 70.124.040 and who knowingly fails to make such report or fails to cause such report to be made is guilty of a gross misdemeanor. [1997 c 392 § 521; 1979 ex.s. c 228 § 7.]

Short title—Findings—Construction—Conflict with federal requirements—Part headings and captions not law—1997 c 392: See notes following RCW 74.39A.009.

70.124.080 Department reports of abused or neglected patients. The department shall forward to the appropriate state licensing authority a copy of any report received pursuant to this chapter which alleges that a person who is professionally licensed by this state has abused or neglected a patient. [1979 ex.s. c 228 § 8.]

70.124.090 Publicizing objectives. In the adoption of rules under the authority of this chapter, the department shall provide for the publication and dissemination to state hospitals and state hospital employees and the posting where appropriate by state hospitals of informational, educational, or training materials calculated to aid and assist in achieving

(2004 Ed.)

the objectives of this chapter. [1999 c 176 § 25; 1981 c 174 § 6; 1979 ex.s. c 228 § 9.]

Findings—Purpose—Severability—Conflict with federal requirements—1999 c 176: See notes following RCW 74.34.005.

70.124.100 Retaliation against whistleblowers and residents—Remedies—Rules. (1) An employee who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, financial exploitation, or abandonment by any person in a state hospital may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to discharge a resident from a state hospital or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint substantiated by the department has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident's needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or employee of a state hospital or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, financial exploitation, or abandonment to the department or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a state hospital from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a state hospital from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) for facilities

(2004 Ed.)

with six or fewer residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No resident who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes. [1999 c 176 § 26; 1997 c 392 § 201.]

70.125.010 Short title. This chapter may be known and cited as the Victims of Sexual Assault Act. [1979 ex.s. c 219 § 1.]

Severability—1979 ex.s. c 219: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 219 § 22.]

70.125.020 Legislative findings—Program objectives. (1) The legislature hereby finds and declares that:

(a) Sexual assault has become one of the most rapidly increasing violent crimes over the last decade;

(b) There is a lack of essential information and data concerning sexual assault;

(c) There is a lack of adequate training for law enforcement officers concerning sexual assault, the victim, the offender, and the investigation;

(d) There is a lack of community awareness and knowledge concerning sexual assault and the physical and psychological impact upon the victim;

(e) There is a lack of public information concerning sexual assault prevention and personal self-protection;

(f) Because of the lack of information, training, and services, the victims of sexual assault are not receiving the assistance they require in dealing with the physical and psychological trauma of a sexual assault;

(g) The criminal justice system and health care system should maintain close contact and cooperation with each other and with community rape crisis centers to expedite the disposition of sexual assault cases; and

(h) Persons who are victims of sexual assault will benefit directly from increased public awareness and education, increased prosecutions, and a criminal justice system which treats them in a humane manner.

(2) Therefore, a statewide sexual assault education, training, and consultation program should be developed. Such a statewide program should seek to improve treatment of victims through information-gathering, education, training, community awareness programs, and by increasing the efficiency of the criminal justice and health care systems as they relate to sexual assault. The purpose of RCW 70.126.001 through *70.126.050 is to support the provision of less expensive and more appropriate levels of care, home health care and hospice care, in order to avoid hospitalization or shorten hospital stays. [1983 c 249 § 4.]

70.127.005 Legislative intent. The legislature finds that the availability of home health, hospice, and home care services has improved the quality of life for Washington's citizens. However, the delivery of these services bring risks because the in-home location of services makes their actual

delivery virtually invisible. Also, the complexity of products, services, and delivery systems in today's health care delivery system challenges even informed and healthy individuals. The fact that these services are delivered to the state's most vulnerable population, the ill or disabled who are frequently also elderly, adds to these risks.

It is the intent of the legislature to protect the citizens of Washington state by licensing home health, hospice, and home care agencies. This legislation is not intended to unreasonably restrict entry into the in-home service marketplace. Standards established are intended to be the minimum necessary to ensure safe and competent care, and should be demonstrably related to patient safety and welfare. [1988 c 245 § 1.]

Findings—Captions not law—Severability—2002 c 3 (Initiative Measure No. 775): See RCW 74.39A.220 and notes following.

70.127.050 Volunteer organizations—Use of phrase "volunteer hospice." (1) An entity that provides hospice care without receiving compensation for delivery of any of its services is exempt from licensure pursuant to RCW 70.127.020(1) if it notifies the department, on forms provided by the department, of its name, address, name of owner, and a statement affirming that it provides hospice care without receiving compensation for delivery of any of its services. This form must be filed with the department within sixty days after being informed in writing by the department of this requirement for obtaining exemption from licensure under this chapter.

(2) For the purposes of this section, it is not relevant if the entity compensates its staff. For the purposes of this section, the word "compensation" does not include donations.

(3) Notwithstanding the provisions of RCW 70.127.030(2), an entity that provides hospice care without receiving compensation for delivery of any of its services is allowed to use the phrase "volunteer hospice."

(4) Nothing in this chapter precludes an entity providing hospice care without receiving compensation for delivery of any of its services from obtaining a hospice license if it so chooses, but that entity would be exempt from the requirements set forth in RCW 70.127.080(1)(d). [2000 c 175 § 5; 1993 c 42 § 3; 1988 c 245 § 6.]

(b) Demonstrate ability to comply with this chapter and the rules adopted under this chapter;

(c) Cooperate with on-site survey conducted by the department except as provided in RCW 70.127.085;

(d) Provide evidence of and maintain professional liability, public liability, and property damage insurance in an amount established by the department, based on industry standards. This subsection shall not apply to hospice agency applicants that provide hospice care without receiving compensation for delivery of services;

(e) Provide documentation of an organizational structure, and the identity of the applicant, officers, administrator, directors of clinical services, partners, managing employees, or owners of ten percent or more of the applicant's assets;

(f) File with the department for approval a description of the service area in which the applicant will operate and a description of how the applicant intends to provide management and supervision of services throughout the service area. The department shall adopt rules necessary to establish criteria

for approval that are related to appropriate management and supervision of services throughout the service area. In developing the rules, the department may not establish criteria that:

(i) Limit the number or type of agencies in any service area; or

(ii) Limit the number of persons any agency may serve within its service area unless the criteria are related to the need for trained and available staff to provide services within the service area;

(g) File with the department a list of the home health, hospice, and home care services provided directly and under contract;

(h) Pay to the department a license fee as provided in RCW 70.127.090;

(i) Comply with RCW 43.43.830 through 43.43.842 for criminal background checks; and

(j) Provide any other information that the department may reasonably require.

70.127.085 State licensure survey. (1) Notwithstanding the provisions of RCW 70.127.080(1)(c), an in-home services agency that is certified by the federal medicare program, or accredited by the community health accreditation program, or the joint commission on accreditation of health care organizations as a home health or hospice agency is not subject to a state licensure survey if:

(a) The department determines that the applicable survey standards of the certification or accreditation program are substantially equivalent to those required by this chapter;

(b) An on-site survey has been conducted for the purposes of certification or accreditation during the previous twenty-four months; and

(c) The department receives directly from the certifying or accrediting entity or from the licensee applicant copies of the initial and subsequent survey reports and other relevant reports or findings that indicate compliance with licensure requirements.

(2) Notwithstanding the provisions of RCW 70.127.080(1)(c), an in-home services agency providing services under contract with the department of social and health services or area agency on aging to provide home care services and that is monitored by the department of social and health services or area agency on aging is not subject to a state licensure survey by the department of health if:

(a) The department determines that the department of social and health services or an area agency on aging monitoring standards are substantially equivalent to those required by this chapter;

(b) An on-site monitoring has been conducted by the department of social and health services or an area agency on aging during the previous twenty-four months;

(c) The department of social and health services or an area agency on aging includes in its monitoring a sample of private pay clients, if applicable; and

(d) The department receives directly from the department of social and health services copies of monitoring reports and other relevant reports or findings that indicate compliance with licensure requirements.

(3) The department retains authority to survey those service areas not addressed by the national accrediting body, department of social and health services, or an area agency on aging.

(4) In reviewing the federal, the joint commission on accreditation of health care organizations, the community health accreditation program, or the department of social and health services survey standards for substantial equivalency to those set forth in this chapter, the department is directed to provide the most liberal interpretation consistent with the intent of this chapter. In the event the department determines at any time that the survey standards are not substantially equivalent to those required by this chapter, the department is directed to notify the affected licensees. The notification shall contain a detailed description of the deficiencies in the alternative survey process, as well as an explanation concerning the risk to the consumer. The determination of substantial equivalency for alternative survey process and lack of substantial equivalency are agency actions and subject to RCW 34.05.210 through 34.05.395 and 34.05.510 through 34.05.675.

(5) The department is authorized to perform a validation survey on in-home services agencies who previously received a survey through accreditation or contracts with the department of social and health services or an area agency on aging under subsection (2) of this section. The department is authorized to perform a validation survey on no greater than ten percent of each type of certification or accreditation survey.

(6) This section does not affect the department's enforcement authority for licensed agencies. [2000 c 175 § 7; 1993 c 42 § 11.]

70.127.090 License or renewal—Fees—Sliding scale.

(1) Application and renewal fee: An application for a license or any renewal shall be accompanied by a fee as established by the department under RCW 43.70.250. The department shall adopt by rule licensure fees based on a sliding scale using such factors as the number of agency full-time equivalents, geographic area served, number of locations, or type and volume of services provided. For agencies receiving a licensure survey that requires more than two on-site surveys by the department per licensure period, an additional fee as determined by the department by rule shall be charged for each additional on-site survey. The department may set different licensure fees for each licensure category. Agencies receiving a license without necessity of an on-site survey by the department under this chapter shall pay the same licensure or transfer fee as other agencies in their licensure category.

(2) Change of ownership fee: The department shall charge a reasonable fee for processing changes in ownership. The fee for transfer of ownership may not exceed fifty percent of the base licensure fee.

(3) Late fee: The department may establish a late fee for failure to apply for licensure or renewal as required by this chapter. [2000 c 175 § 8; 1999 c 190 § 3; 1993 c 42 § 5; 1988 c 245 § 10.]

Upon receipt of an application under RCW 70.127.080 for a license and the license fee, the department shall issue a license if the applicant meets the requirements established under this chapter. A license issued under this chapter shall not be transferred or assigned without thirty days prior notice to the department and the department's approval. A license, unless suspended or revoked, is effective for a period of two years, however an initial license is only effective for twelve months. The department shall conduct a survey within each licensure period and may conduct a licensure survey after ownership transfer. [2000 c 175 § 9; 1993 c 42 § 6; 1988 c 245 § 11.]

70.127.180 Surveys and in-home visits—Notice of violations—Enforcement action. (1) The department may at any time conduct a survey of all records and operations of a licensee in order to determine compliance with this chapter. The department may conduct in-home visits to observe patient/client care and services. The right to conduct a survey shall extend to any premises and records of persons whom the department has reason to believe are providing home health, hospice, or home care services without a license.

(2) Following a survey, the department shall give written notice of any violation of this chapter or the rules adopted under this chapter. The notice shall describe the reasons for noncompliance.

(3) The licensee may be subject to formal enforcement action under RCW 70.127.170 if the department determines: (a) The licensee has previously been subject to a formal enforcement action for the same or similar type of violation of the same statute or rule, or has been given previous notice of the same or similar type of violation of the same statute or rule; (b) the licensee failed to achieve compliance with a statute, rule, or order by the date established in a previously issued notice or order; (c) the violation resulted in actual serious physical or emotional harm or immediate threat to the health, safety, welfare, or rights of one or more individuals; or (d) the violation has a potential for serious physical or emotional harm or immediate threat to the health, safety, welfare, or rights of one or more individuals. 70.127.190 Disclosure of compliance information. All information received by the department through filed reports, surveys, and in-home visits conducted under this chapter shall not be disclosed publicly in any manner that would identify individuals receiving care under this chapter. [2000 c 175 § 16; 1988 c 245 § 20.]

Effective date—2000 c 175: See note following RCW 70.127.010.

70.127.200 Unlicensed agencies—Department may seek injunctive or other relief—Injunctive relief does not prohibit criminal or civil penalties—Fines. (1) Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a home health, hospice, hospice care

center, or home care agency without an in-home services agency license under this chapter.

(2) The injunction shall not relieve the person operating an in-home services agency without a license from criminal prosecution, or the imposition of a civil fine under RCW 70.127.213(2), but the remedy by injunction shall be in addition to any criminal liability or civil fine. A person that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be deposited in the department's local fee account. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account. [2000 c 175 § 17; 1988 c 245 § 21.]

Effective date—2000 c 175: See note following RCW 70.127.010.

70.127.213 Unlicensed operation of an in-home services agency—Cease and desist orders—Adjudicative proceedings—Fines. (1) The department may issue a notice of intention to issue a cease and desist order to any person whom the department has reason to believe is engaged in the unlicensed operation of an in-home services agency. The person to whom the notice of intent is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intent to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(2) If the department makes a final determination that a person has engaged or is engaging in unlicensed operation of an in-home services agency, the department may issue a cease and desist order. In addition, the department may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed operation of an in-home services agency. The proceeds of such fines shall be deposited in the department's local fee account.

(3) If the department makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the department may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the department. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine.

(4) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so operating an in-home services agency without a license from criminal prosecution, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed operation and may be enforced under RCW 7.21.060. This

(2004 Ed.)

method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW. [2000 c 175 § 19.]

Effective date—2000 c 175: See note following RCW 70.127.010.

70.127.216 Unlicensed operation of an in-home services agency—Consumer protection act. The legislature finds that the operation of an in-home services agency without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an in-home services agency without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [2000 c 175 § 20.]

Effective date—2000 c 175: See note following RCW 70.127.010.

(d) For hospice agencies that operate a hospice care center, no more than forty-nine percent of patient care days, in the aggregate on a biennial basis, may be provided in the hospice care center;

(e) The maximum number of beds in a hospice care center is twenty;

(f) The maximum number of individuals per room is one, unless the individual requests a roommate;

(g) A hospice care center may either be owned or leased by a hospice agency. If the agency leases space, all delivery of interdisciplinary services, to include staffing and management, shall be done by the hospice agency; and

(h) A hospice care center may either be freestanding or a separate portion of another building.

(2) The department is authorized to develop rules to implement this section. The rules shall be specific to each hospice care center service category provided. The rules shall at least specifically address the following:

(a) Adequate space for family members to visit, meet, cook, share meals, and stay overnight with patients or clients;

(b) A separate external entrance, clearly identifiable to the public when part of an existing structure;

(c) Construction, maintenance, and operation of a hospice care center;

(d) Means to inform the public which hospice care center service categories are provided; and

(e) A registered nurse present twenty-four hours a day, seven days a week for hospice care centers delivering general inpatient services.

(3) Hospice agencies which as of January 1, 2000, operate the functional equivalent of a hospice care center through licensure as a hospital, under chapter 70.41 RCW, shall be exempt from the certificate of need requirement for hospice care centers if they apply for and receive a license as an in-home services agency to operate a hospice home care center by July 1, 2002. [2000 c 175 § 21.]

Effective date—2000 c 175: See note following RCW 70.127.010.

70.127.902 Severability—1988 c 245. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1988 c 245 § 39.]

70.128.005 Findings—Intent. The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. The legislature further finds that different populations living in adult family homes, such as the developmentally disabled and the elderly, often have significantly different needs and capacities from one another.

It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and special care services should be encouraged.

The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions. [2001 c 319 § 1; 2000 c 121 § 4; 1995 c 260 § 1; 1989 c 427 § 14.]

70.128.007 Purpose. The purposes of this chapter are to:

(1) Encourage the establishment and maintenance of adult family homes that provide a humane, safe, and residential home environment for persons with functional limitations who need personal and special care;

(2) Establish standards for regulating adult family homes that adequately protect residents;

(3) Encourage consumers, families, providers, and the public to become active in assuring their full participation in development of adult family homes that provide high quality and cost-effective care;

(4) Provide for appropriate care of residents in adult family homes by requiring that each resident have a care plan that promotes the most appropriate level of physical, mental, and psychosocial well-being consistent with client choice; and

(5) Accord each resident the right to participate in the development of the care plan and in other major decisions involving the resident and their care. [2001 c 319 § 5; 1995 1st sp.s. c 18 § 19; 1989 c 427 § 15.]

(4) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(5) "Adults" means persons who have attained the age of eighteen years.

(6) "Home" means an adult family home.

Reviser's note: This section was amended by 2001 c 319 § 2 and by 2001 c 319 § 6, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

70.128.030 Exemptions. The following residential facilities shall be exempt from the operation of this chapter:

(1) Nursing homes licensed under chapter 18.51 RCW;

(2) Boarding homes licensed under chapter 18.20 RCW;

(3) Facilities approved and certified under chapter 71A.22 RCW;

(4) Residential treatment centers for the mentally ill licensed under chapter 71.24 RCW;

(5) Hospitals licensed under chapter 70.41 RCW;

(6) Homes for the developmentally disabled licensed under chapter 74.15 RCW. [1989 c 427 § 17.]

70.128.040 Adoption of rules and standards. (1) The department shall adopt rules and standards with respect to adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. The rules and standards relating to applicants and operators shall address the differences between individual providers and providers that are partnerships, corporations, associations, or companies. The rules and standards shall also recognize and be appropriate to the different needs and capacities of the various populations served by adult family homes such as but not limited to the developmentally

(2004 Ed.)

disabled and the elderly. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for applicants and providers explaining licensure requirements and procedures.

(2) In developing the rules and standards, the department shall consult with all divisions and administrations within the department serving the various populations living in adult family homes, including the division of developmental disabilities and the aging and adult services administration. Involvement by the divisions and administration shall be for the purposes of assisting the department to develop rules and standards appropriate to the different needs and capacities of the various populations served by adult family homes. During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter. [1995 c 260 § 3; 1989 c 427 § 18.]

70.128.050 License—Required as of July 1, 1990.

After July 1, 1990, no person shall operate or maintain an adult family home in this state without a license under this chapter. [1989 c 427 § 19.]

70.128.055 Operating without a license—Misdemeanor. A person operating or maintaining an adult family home without a license under this chapter is guilty of a misdemeanor. Each day of a continuing violation after conviction is considered a separate offense. [1991 c 40 § 1.]

70.128.057 Operating without a license—Injunction or civil penalty. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, upon the advice of the attorney general who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of an adult family home without a license under this chapter. [1995 1st sp.s. c 18 § 20; 1991 c 40 § 2.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.030.

70.128.058 Operating without a license—Application of consumer protection act. The legislature finds that the operation of an adult family home without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection

act, chapter 19.86 RCW. Operation of an adult family home without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [1995 1st sp.s. c 18 § 21.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.030.

70.128.060 License—Generally. (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(5) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(6) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(7) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(8) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(9) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed.

(10) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(11) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license. [2004 c 140 § 3; 2001 c 193 § 9; 1995 c 260 § 4; 1989 c 427 § 20.]

70.128.064 Priority processing for license applications—Provisional license. In order to prevent disruption to current residents, at the request of the current licensed provider, the department shall give processing priority to the application of a person seeking to be licensed as the new provider for the adult family home. The department may issue a provisional license when a currently licensed adult family home provider has applied to be licensed as the new provider for a currently licensed adult family home, the application has been initially processed, and all that remains to complete the application process is an on-site inspection. [2001 c 319 § 10.]

70.128.065 Multiple facility operators—Requirements. A multiple facility operator must successfully demonstrate to the department financial solvency and management experience for the homes under its ownership and the ability to meet other relevant safety, health, and operating standards pertaining to the operation of multiple homes, including ways to mitigate the potential impact of vehicular traffic related to the operation of the homes. [1996 c 81 § 6.]

Reviser's note: 1996 c 81 directed that this section be added to chapter 18.48 RCW. However, it appears that placement is erroneous and the appropriate placement is in chapter 70.128 RCW.

Effective date—1996 c 81: See note following RCW 70.128.120.

70.128.070 License—Inspections—Correction of violations. (1) A license shall remain valid unless voluntarily surrendered, suspended, or revoked in accordance with this chapter.

(2)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected at least every eighteen months, subject to available funds. However, an adult family home may be allowed to continue without inspection for two years if the adult family home had no inspection citations for the past three consecutive inspections and has received no written notice of violations resulting from complaint investigations during that same time period.

(c) The department may make an unannounced inspection of a licensed home at any time to assure that the home and provider are in compliance with this chapter and the rules adopted under this chapter.

(3) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter. [2004 c 143 § 1; 1998 c 272 § 4; 1995 1st sp.s. c 18 § 22; 1989 c 427 § 22.]

70.128.080 License and inspection report—Availability for review. An adult family home shall have readily available for review by the department, residents, and the public:

(1) Its license to operate; and

(2) A copy of each inspection report received by the home from the department for the past three years. [1995 1st sp.s. c 18 § 23; 1989 c 427 § 21.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.030.

70.128.090 Inspections—Generally. (1) During inspections of an adult family home, the department shall have access and authority to examine areas and articles in the home used to provide care or support to residents, including residents' records, accounts, and the physical premises, including the buildings, grounds, and equipment. The personal records of the provider are not subject to department inspection nor is the separate bedroom of the provider, not used in direct care of a client, subject to review. The department may inspect all rooms during the initial licensing of the home. However, during a complaint investigation, the department shall have access to the entire premises and all pertinent records when necessary to conduct official business. The department also shall have the authority to interview the provider and residents of an adult family home.

(2) Whenever an inspection is conducted, the department shall prepare a written report that summarizes all information obtained during the inspection, and if the home is in violation of this chapter, serve a copy of the inspection report upon the provider at the same time as a notice of violation. This notice shall be mailed to the provider within ten working days of the completion of the inspection process. If the home is not in violation of this chapter, a copy of the inspection report shall be mailed to the provider within ten calendar days of the inspection of the home. All inspection reports shall be made available to the public at the department during business hours.

(3) The provider shall develop corrective measures for any violations found by the department's inspection. The

(2004 Ed.)

department shall upon request provide consultation and technical assistance to assist the provider in developing effective corrective measures. The department shall include a statement of the provider's corrective measures in the department's inspection report. [2001 c 319 § 7; 1995 1st sp.s. c 18 § 24; 1989 c 427 § 30.]

70.128.110 Prohibition against recommending unlicensed home—Report and investigation of unlicensed home. (1) No public agency contractor or employee shall place, refer, or recommend placement of a person into an adult family home that is operating without a license.

(2) Any public agency contractor or employee who knows that an adult family home is operating without a license shall report the name and address of the home to the department. The department shall investigate any report filed under this section. [1989 c 427 § 23.]

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement when: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement,

the previous stop placement shall remain in effect until the new stop placement is imposed.

(4) After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing. 70.128.163 Temporary management program—Purposes—Voluntary participation—Temporary management duties, duration—Rules. (1) When the department has summarily suspended a license, the licensee may, subject to the department's approval, elect to participate in a temporary management program. All provisions of this section shall apply.

The purposes of a temporary management program are as follows:

(a) To mitigate dislocation and transfer trauma of residents while the department and licensee may pursue dispute resolution or appeal of a summary suspension of license;

(b) To facilitate the continuity of safe and appropriate resident care and services;

(c) To preserve a residential option that meets a specialized service need and/or is in a geographical area that has a lack of available providers; and

(d) To provide residents with the opportunity for orderly discharge.

(2) Licensee participation in the temporary management program is voluntary. The department shall have the discretion to approve any temporary manager and the temporary management arrangements. The temporary management shall assume the total responsibility for the daily operations of the home.

(3) The temporary management shall contract with the licensee as an independent contractor and is responsible for ensuring that all minimum licensing requirements are met. The temporary management shall protect the health, safety, and well-being of the residents for the duration of the tempo-

rary management and shall perform all acts reasonably necessary to ensure that residents' needs are met. The licensee is responsible for all costs related to administering the temporary management program and contracting with the temporary management. The temporary management agreement shall at a minimum address the following:

(a) Provision of liability insurance to protect residents and their property;

(b) Preservation of resident trust funds;

(c) The timely payment of past due or current accounts, operating expenses, including but not limited to staff compensation, and all debt that comes due during the period of the temporary management;

(d) The responsibilities for addressing all other financial obligations that would interfere with the ability of the temporary manager to provide adequate care and services to residents; and

(e) The authority of the temporary manager to manage the home, including the hiring, managing, and firing of employees for good cause, and to provide adequate care and services to residents.

(4) The licensee and department shall provide written notification immediately to all residents, legal representatives, interested family members, and the state long-term care ombudsman program, of the temporary management and the reasons for it. This notification shall include notice that residents may move from the home without notifying the licensee in advance, and without incurring any charges, fees, or costs otherwise available for insufficient advance notice, during the temporary management period.

(5) The temporary management period under this section concludes twenty-eight days after issuance of the formal notification of enforcement action or conclusion of administrative proceedings, whichever date is later. Nothing in this section precludes the department from revoking its approval of the temporary management and/or exercising its licensing enforcement authority under this chapter. The department's decision whether to approve or to revoke a temporary management arrangement is not subject to the administrative procedure act, chapter 34.05 RCW.

(6) The department is authorized to adopt rules implementing this section. In implementing this section, the department shall consult with consumers, advocates, the adult family home advisory committee established under chapter 18.48 RCW, and organizations representing adult family homes. The department may recruit and approve qualified, licensed providers interested in serving as temporary managers. [2001 c 193 § 6.]

***Reviser's note:** Chapter 18.48 RCW was repealed in its entirety by 2002 c 223 § 2.

70.128.167 Disputed violations, enforcement remedies—Informal dispute resolution process. (1) The licensee or its designee has the right to an informal dispute resolution process to dispute any violation found or enforcement remedy imposed by the department during a licensing inspection or complaint investigation. The purpose of the informal dispute resolution process is to provide an opportunity for an exchange of information that may lead to the modification, deletion, or removal of a violation, or parts of a violation, or enforcement remedy imposed by the department.

(2) The informal dispute resolution process provided by the department shall include, but is not necessarily limited to, an opportunity for review by a department employee who did not participate in, or oversee, the determination of the violation or enforcement remedy under dispute. The department shall develop, or further develop, an informal dispute resolution process consistent with this section.

(3) A request for an informal dispute resolution shall be made to the department within ten working days from the receipt of a written finding of a violation or enforcement remedy. The request shall identify the violation or violations and enforcement remedy or remedies being disputed. The department shall convene a meeting, when possible, within ten working days of receipt of the request for informal dispute resolution, unless by mutual agreement a later date is agreed upon.

(4) If the department determines that a violation or enforcement remedy should not be cited or imposed, the department shall delete the violation or immediately rescind or modify the enforcement remedy. Upon request, the department shall issue a clean copy of the revised report, statement of deficiencies, or notice of enforcement action.

(5) The request for informal dispute resolution does not delay the effective date of any enforcement remedy imposed by the department, except that civil monetary fines are not payable until the exhaustion of any formal hearing and appeal rights provided under this chapter. The licensee shall submit to the department, within the time period prescribed by the department, a plan of correction to address any undisputed violations, and including any violations that still remain following the informal dispute resolution. [2001 c 193 § 8.]

70.128.170 Homes relying on prayer for healing—Application of chapter. Nothing in this chapter or the rules adopted under it may be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents in any adult family home conducted by and for the adherents of a church or religious denomination who rely upon spiritual means alone through prayer for healing in accordance with the tenets and practices of such church or religious denomination and the bona fide religious beliefs genuinely held by such adherents. [1989 c 427 § 33.]

70.128.175 Definitions. (1) Unless the context clearly requires otherwise, these definitions shall apply throughout this section and RCW 35.63.140, 35A.63.149, 36.70.755, 35.22.680, and 36.32.560:

70.128.200 Toll-free telephone number for complaints—Discrimination or retaliation prohibited. (1) The department shall maintain a toll-free telephone number for receiving complaints regarding adult family homes.

(2) An adult family home shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number.

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.030.

70.128.210 Training standards review—Delivery system—Issues reviewed—Report to the legislature. (1) The department of social and health services shall review, in coordination with the department of health, the nursing care quality assurance commission, adult family home providers, boarding home providers, in-home personal care providers, and long-term care consumers and advocates, training standards for providers, resident managers, and resident caregiving staff. The departments and the commission shall submit to the appropriate committees of the house of representatives and the senate by December 1, 1998, specific recommendations on training standards and the delivery system, including necessary statutory changes and funding requirements. Any proposed enhancements shall be consistent with this section, shall take into account and not duplicate other training requirements applicable to adult family homes and staff, and shall be developed with the input of adult family home and resident representatives, health care professionals, and other vested interest groups. Training standards and the delivery system shall be relevant to the needs of residents served by the adult family home and recipients of long-term in-home personal care services and shall be sufficient to ensure that providers, resident managers, and caregiving staff have the skills and knowledge necessary to provide high quality, appropriate care.

(2) The recommendations on training standards and the delivery system developed under subsection (1) of this section shall be based on a review and consideration of the following: Quality of care; availability of training; affordability, including the training costs incurred by the department of social and health services and private providers; portability of existing training requirements; competency testing; practical and clinical course work; methods of delivery of training;

standards for management; uniform caregiving staff training; necessary enhancements for special needs populations; and resident rights training. Residents with special needs include, but are not limited to, residents with a diagnosis of mental illness, dementia, or developmental disability. Development of training recommendations for developmental disabilities services shall be coordinated with the study requirements in section 6, chapter 272, Laws of 1998.

(3) The department of social and health services shall report to the appropriate committees of the house of representatives and the senate by December 1, 1998, on the cost of implementing the proposed training standards for state-funded residents, and on the extent to which that cost is covered by existing state payment rates. [1998 c 272 § 3.]

Findings—Severability—Effective date—1998 c 272: See notes following RCW 18.20.230.

70.128.220 Elder care—Professionalization of providers. Adult family homes have developed rapidly in response to the health and social needs of the aging population in community settings, especially as the aging population has increased in proportion to the general population. The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents. The establishment of an advisory committee to the department of social and health services under RCW 70.128.225 formalizes a stable process for discussing and considering these issues among residents and their advocates, regulatory officials, and adult family home providers. The dialogue among all stakeholders interested in maintaining a healthy option for the aging population in community settings assures the highest regard for the well-being of these residents within a benign and functional regulatory environment. The secretary shall be advised by an advisory committee on adult family homes established under RCW 70.128.225. [2002 c 223 § 3; 1998 c 272 § 9.]

Findings—Severability—Effective date—1998 c 272: See notes following RCW 18.20.230.

70.128.225 Advisory committee. (1) In an effort to ensure a cooperative process among the department, adult family home provider representatives, and resident and family representatives on matters pertaining to the adult family home program, the secretary, or his or her designee, shall designate an advisory committee. The advisory committee must include: Representatives from the industry including four adult family home providers, at least two of whom are affiliated with recognized adult family home associations; one representative from the state long-term care ombudsman program; one representative from the statewide resident council program; and two representatives of families and other consumers. The secretary shall appoint a chairperson for the committee from the committee membership for a term of one year. In appointing the chairperson, the secretary shall consult with members of the committee. Depending on the topic to be discussed, the department may invite other repre-

sentatives in addition to the named members of the advisory committee. The secretary, or his or her designee, shall periodically, but not less than quarterly, convene a meeting of the advisory committee to encourage open dialogue on matters affecting the adult family home program. It is, minimally, expected that the department will discuss with the advisory committee the department's inspection, enforcement, and quality improvement activities, in addition to seeking their comments and recommendations on matters described under subsection (2) of this section.

(2) The secretary, or his or her designee, shall seek comments and recommendations from the advisory committee prior to the adoption of rules and standards, implementation of adult family home provider programs, or development of methods and rates of payment.

(3) Establishment of the advisory committee shall not prohibit the department of social and health services from utilizing other advisory activities that the department of social and health services deems necessary for program development.

(4) Members of the advisory committee shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060 from license fees collected under chapter 70.128 RCW. [2002 c 223 § 4.]

70.128.230 Long-term caregiver training. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes all adult family home resident managers and any person who provides residents with hands-on personal care on behalf of an adult family home, except volunteers who are directly supervised.

(b) "Indirect supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section and is quickly and easily available to the caregiver, but not necessarily on-site.

(2) Training must have three components: Orientation, basic training, and continuing education. All adult family home providers, resident managers, and employees, or volunteers who routinely interact with residents shall complete orientation. Caregivers shall complete orientation, basic training, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate adult family home staff to all adult family home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care or within one hundred twenty days of September 1, 2002, whichever is later. Until competency in the core areas has been demonstrated, caregivers shall not provide

hands-on personal care to residents without indirect supervision.

(5) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers. Specialty training consists of modules on the core knowledge and skills that providers and resident managers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test. Specialty training must be completed by providers and resident managers before admitting and serving residents who have been determined to have special needs related to mental illness, dementia, or a developmental disability. Should a resident develop special needs while living in a home without specialty designation, the provider and resident manager have one hundred twenty days to complete specialty training.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8) Licensed persons who perform the tasks for which they are licensed are fully or partially exempt from the training requirements of this section, as specified by the department in rule.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges, private associations, or other entities, as defined by the department.

(10) Adult family homes that desire to deliver facility-based training with facility designated trainers, or adult family homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The department shall develop criteria for reviewing and approving trainers and training materials. The department may approve a curriculum based upon attestation by an adult family home administrator that the adult family home's training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled inspection authorized under RCW

70.128.070. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(11) The department shall adopt rules by September 1, 2002, for the implementation of this section.

(12) The orientation, basic training, specialty training, and continuing education requirements of this section commence September 1, 2002, and shall be applied to (a) employees hired subsequent to September 1, 2002; or (b) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 and this section. Existing employees who have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 shall be subject to all applicable requirements of this section. However, until September 1, 2002, nothing in this section affects the current training requirements under RCW 70.128.120 and 70.128.130. [2002 c 233 § 3; 2000 c 121 § 3.]

Effective date—2002 c 233: See note following RCW 18.20.270.

70.128.240 Approval system—Department-approved training—Adoption of rules. By March 1, 2002, the department must, by rule, create an approval system for those seeking to conduct department-approved training under RCW 70.128.230, *70.128.120 (5) and (6), and 70.128.130(10). The department shall adopt rules based on recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190. [2000 c 121 § 7.]

***Reviser's note:** RCW 70.128.120 was amended by 2001 c 319 § 8, changing subsections (5) and (6) to subsections (6) and (7).

70.129.005 Intent—Basic rights. The legislature recognizes that long-term care facilities are a critical part of the

state's long-term care services system. It is the intent of the legislature that individuals who reside in long-term care facilities receive appropriate services, be treated with courtesy, and continue to enjoy their basic civil and legal rights.

It is also the intent of the legislature that long-term care facility residents have the opportunity to exercise reasonable control over life decisions. The legislature finds that choice, participation, privacy, and the opportunity to engage in religious, political, civic, recreational, and other social activities foster a sense of self-worth and enhance the quality of life for long-term care residents.

The legislature finds that the public interest would be best served by providing the same basic resident rights in all long-term care settings. Residents in nursing facilities are guaranteed certain rights by federal law and regulation, 42 U.S.C. 1396r and 42 C.F.R. part 483. It is the intent of the legislature to extend those basic rights to residents in veterans' homes, boarding homes, and adult family homes.

The legislature intends that a facility should care for its residents in a manner and in an environment that promotes maintenance or enhancement of each resident's quality of life. A resident should have a safe, clean, comfortable, and homelike environment, allowing the resident to use his or her personal belongings to the extent possible. [1994 c 214 § 1.]

Zoning—1994 c 214: "Nothing in this act shall affect the classifying of an adult family home for the purposes of zoning." [1994 c 214 § 30.]

70.129.007 Rights are minimal—Other rights not diminished. The rights set forth in this chapter are the minimal rights guaranteed to all residents of long-term care facilities, and are not intended to diminish rights set forth in other state or federal laws that may contain additional rights. [1994 c 214 § 20.]

70.129.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Department" means the department of state government responsible for licensing the provider in question.
- (2) "Facility" means a long-term care facility.
- (3) "Long-term care facility" means a facility that is licensed or required to be licensed under chapter 18.20, 72.36, or 70.128 RCW.
- (4) "Resident" means the individual receiving services in a long-term care facility, that resident's attorney in fact, guardian, or other legal representative acting within the scope of their authority.
- (5) "Physical restraint" means a manual method, obstacle, or physical or mechanical device, material, or equipment attached or adjacent to the resident's body that restricts freedom of movement or access to his or her body, is used for discipline or convenience, and not required to treat the resident's medical symptoms.
- (6) "Chemical restraint" means a psychopharmacologic drug that is used for discipline or convenience and not required to treat the resident's medical symptoms.
- (7) "Representative" means a person appointed under RCW 7.70.065.
- (8) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabili-

ties act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations. [1997 c 392 § 203; 1994 c 214 § 2.]

Short title—Findings—Construction—Conflict with federal requirements—Part headings and captions not law—1997 c 392: See notes following RCW 74.39A.009.

70.129.020 Exercise of rights. The resident has a right to a dignified existence, self-determination, and communication with and access to persons and services inside and outside the facility. A facility must protect and promote the rights of each resident and assist the resident which include:

(1) The resident has the right to exercise his or her rights as a resident of the facility and as a citizen or resident of the United States and the state of Washington.

(2) The resident has the right to be free of interference, coercion, discrimination, and reprisal from the facility in exercising his or her rights.

70.129.030 Notice of rights and services—Admission of individuals. (1) The facility must inform the resident both orally and in writing in a language that the resident understands of his or her rights and all rules and regulations governing resident conduct and responsibilities during the stay in the facility. The notification must be made prior to or upon admission. Receipt of the information must be acknowledged in writing.

(2) The resident or his or her legal representative has the right:

(a) Upon an oral or written request, to access all records pertaining to himself or herself including clinical records within twenty-four hours; and

(3) The facility shall only admit or retain individuals whose needs it can safely and appropriately serve in the facility with appropriate available staff and through the provision of reasonable accommodations required by state or federal law. Except in cases of genuine emergency, the facility shall not admit an individual before obtaining a thorough assessment of the resident's needs and preferences. The assessment shall contain, unless unavailable despite the best efforts of the facility, the resident applicant, and other interested parties, the following minimum information: Recent medical history; necessary and contraindicated medications; a licensed medical or other health professional's diagnosis, unless the individual objects for religious reasons; significant known behaviors or symptoms that may cause concern or require special care; mental illness, except where protected by confidentiality laws; level of personal care needs; activities and service preferences; and preferences regarding other issues

important to the resident applicant, such as food and daily routine.

(4) The facility must inform each resident in writing in a language the resident or his or her representative understands before admission, and at least once every twenty-four months thereafter of: (a) Services, items, and activities customarily available in the facility or arranged for by the facility as permitted by the facility's license; (b) charges for those services, items, and activities including charges for services, items, and activities not covered by the facility's per diem rate or applicable public benefit programs; and (c) the rules of facility operations required under RCW 70.129.140(2). Each resident and his or her representative must be informed in writing in advance of changes in the availability or the charges for services, items, or activities, or of changes in the facility's rules. Except in emergencies, thirty days' advance notice must be given prior to the change. However, for facilities licensed for six or fewer residents, if there has been a substantial and continuing change in the resident's condition necessitating substantially greater or lesser services, items, or activities, then the charges for those services, items, or activities may be changed upon fourteen days' advance written notice.

(5) The facility must furnish a written description of resident rights that includes:

(a) A description of the manner of protecting personal funds, under RCW 70.129.040;

(b) A posting of names, addresses, and telephone numbers of the state survey and certification agency, the state licensure office, the state ombudsmen program, and the protection and advocacy systems; and

Failing that, and where feasible, recourse may be sought through state or federal long-term care or nursing home licensing or other regulatory authorities. However, the procedures suggested in this section are cumulative and shall not restrict an agency or person from seeking a remedy provided by law or from obtaining additional relief based on the same facts, including any remedy available to an individual at common law. Chapter 214, Laws of 1994 is not intended to, and shall not be construed to, create any right of action on the part of any individual beyond those in existence under any common law or statutory doctrine. Chapter 214, Laws of 1994 is not intended to, and shall not be construed to, operate in derogation of any right of action on the part of any individual in existence on June 9, 1994. [1994 c 214 § 19.]

If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state. [1994 c 214 § 27.]

70.136.010 Legislative intent. A copy of the official incident command agency designation shall be a part of the assistance agreement specified in this section. [1987 c 238 § 5; 1982 c 172 § 6.]

70.136.070 Verbal emergency assistance agreements—Good Samaritan law—Notification—Form. If a requesting incident command agency deliberately misrepresents individual or agency status, that agency shall assume full liability for any damages resulting from the actions of the person or public agency whose assistance is requested, other than those damages resulting from gross negligence or wilful or wanton misconduct.

(2) The notification required by subsection (1) of this section shall be in substantially the following form:

NOTIFICATION OF "GOOD SAMARITAN" LAW

You have been requested to provide emergency assistance by a representative of a hazardous materials incident command agency. To encourage your assistance, the Washington state legislature has passed "Good Samaritan" legislation (RCW 70.136.050) to protect you from potential liability. The law reads, in part:

"Any person or public agency whose assistance has been requested by an incident command agency, who has entered into a written hazardous materials assistance agreement . . . at the scene of the incident pursuant to . . . RCW 70.136.070, and who, in good faith, renders emergency care, assistance, or advice with respect to a hazardous materials incident, is not liable for civil damages resulting from any act or omission in the rendering of such care, assistance, or advice, other than acts or omissions constituting gross negligence or wilful or wanton misconduct."

The law requires that you be advised of certain conditions to ensure your protection:

- 1. You are not obligated to assist and you may withdraw your assistance at any time.
- 2. You cannot profit from assisting.
- 3. You must agree to act under the direction of the incident command agency.
- 4. You are not covered by this law if you caused the initial accident.

I have read and understand the above.

Environmental certification programs—Fees—Rules—Liability: RCW 43.21A.175.

70.138.010 Legislative findings. The legislature finds:

(1) Solid wastes generated in the state are to be managed in the following order of descending priority: (a) Waste reduction; (b) recycling; (c) treatment; (d) energy recovery or incineration; (e) solidification/stabilization; and (f) landfill.

(2) Special incinerator ash residues from the incineration of municipal solid waste that would otherwise be regulated as hazardous wastes need a separate regulatory scheme in order to (a) ease the permitting and reporting requirements of chapter 70.105 RCW, the state hazardous waste management act, and (b) supplement the environmental protection provisions of chapter 70.95 RCW, the state solid waste management act.

(3) Raw garbage poses significant environmental and public health risks. Municipal solid waste incineration constitutes a higher waste management priority than the land disposal of untreated municipal solid waste due to its reduction of waste volumes and environmental health risks.

It is therefore the purpose of this chapter to establish management requirements for special incinerator ash that otherwise would be regulated as hazardous waste under chapter 70.105 RCW, the hazardous waste management act. [1987 c 528 § 1.]

70.138.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department of ecology or the director's designee.

(3) "Dispose" or "disposal" means the treatment, utilization, processing, or final deposit of special incineration ash.

(4) "Generate" means any act or process which produces special incinerator ash or which first causes special incinerator ash to become subject to regulation.

(5) "Management" means the handling, storage, collection, transportation, and disposal of special incinerator ash.

(6) "Person" means any person, firm, association, county, public or municipal or private corporation, agency, or other entity whatsoever.

(7) "Facility" means all structures, other appurtenances, improvements, and land used for recycling, storing, treating, or disposing of special incinerator ash.

(8) "Special incinerator ash" means ash residues resulting from the operation of incinerator or energy recovery facilities managing municipal solid waste, including solid waste from residential, commercial, and industrial establishments, if the ash residues (a) would otherwise be regulated as hazardous wastes under chapter 70.105 RCW; and (b) are not regulated as a hazardous waste under the federal resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq. [1987 c 528 § 2.]

70.138.030 Review and approval of management plans—Disposal permits. (1) Prior to managing special

incinerator ash, persons who generate special incinerator ash shall develop plans for managing the special incinerator ash. These plans shall:

(a) Identify procedures for all aspects relating to the management of the special incinerator ash that are necessary to protect employees, human health, and the environment;

(b) Identify alternatives for managing solid waste prior to incineration for the purpose of (i) reducing the toxicity of the special incinerator ash; and (ii) reducing the quantity of the special incinerator ash;

(c) Establish a process for submittal of an annual report to the department disclosing the results of a testing program to identify the toxic properties of the special incinerator ash as necessary to ensure that the procedures established in the plans submitted pursuant to this chapter are adequate to protect employees, human health, and the environment; and

(d) Comply with the rules established by the department in accordance with this section.

(2) Prior to managing any special incinerator ash, any person required to develop a plan pursuant to subsection (1) of this section shall submit the plan to the department for review and approval. Prior to approving a plan, the department shall find that the plan complies with the provisions of this chapter, including any rules adopted under this chapter. Approval may be conditioned upon additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(3) The department shall give notice of receipt of a proposed plan to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall approve, approve with conditions, or reject the plan submitted pursuant to this section within ninety days of submittal.

(4) Prior to accepting any special incinerator ash for disposal, persons owning or operating facilities for the disposal of the incinerator ash shall apply to the department for a permit. The department shall issue a permit if the disposal will provide adequate protection of human health and the environment. Prior to issuance of any permit, the department shall find that the facility meets the requirements of chapter 70.95 RCW and any rules adopted under this chapter. The department may place conditions on the permit to include additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(5) The department shall give notice of its receipt of a permit application to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall issue, issue with conditions, or deny the permit within ninety days of submittal.

(6) The department shall adopt rules to implement the provisions of this chapter. The rules shall (a) establish minimum requirements for the management of special incinerator ash as necessary to protect employees, human health, and the environment, (b) clearly define the elements of the plans required by this chapter, and (c) require special incinerator

ash to be disposed at facilities that are operating in compliance with this chapter. [1987 c 528 § 3.]

70.138.040 Civil penalties. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, any person who violates any provision of a department regulation or regulatory order relating to the management of special incinerator ash shall incur in addition to any other penalty provided by law, a penalty in an amount up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review by the hearings board is filed. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or any county in which such violator may do business, to recover such penalty. In all such actions, the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter. [1995 c 403 § 633; 1987 c 528 § 4.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

Part headings not law—Severability—1995 c 403: See RCW 43.05.903 and 43.05.904.

70.138.050 Violations—Orders. Whenever a person violates any provision of this chapter or any permit or regulation the department may issue an order appropriate under the circumstances to assure compliance with the chapter, permit, or regulation. Such an order must be served personally or by

registered mail upon any person to whom it is directed. [1987 c 528 § 5.]

70.138.060 Enforcement—Injunctive relief. The department, with the assistance of the attorney general, may bring any appropriate action at law or in equity, including action for injunctive relief as may be necessary to enforce the provisions of this chapter or any permit or regulation issued thereunder. [1987 c 528 § 6.]

70.138.070 Criminal penalties. Any person found guilty of wilfully violating, without sufficient cause, any of the provisions of this chapter, or permit or order issued pursuant to this chapter is guilty of a gross misdemeanor and upon conviction shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation. [1987 c 528 § 7.]

70.138.900 Application of chapter to certain incinerators. This chapter shall not apply to municipal solid waste incinerators that are in operation on May 19, 1987, until a special incinerator waste disposal permit is issued in the county where the municipal solid waste incinerator is located, or July 1, 1989, whichever is sooner. [1987 c 528 § 12.]

70.138.901 Short title. This chapter shall be known as the special incinerator ash disposal act. [1987 c 528 § 11.]

70.138.902 Severability—1987 c 528. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 528 § 14.]

Reviser's note: Powers and duties of the department of social and health services and the secretary of social and health services transferred to the department of health and the secretary of health. See RCW 43.70.060.

70.142.010 Establishment of standards for chemical contaminants in drinking water by state board of health.

(1) In order to protect public health from chemical contaminants in drinking water, the state board of health shall conduct public hearings and, where technical data allow, establish by rule standards for allowable concentrations. For purposes of this chapter, the words "chemical contaminants" are limited to synthetic organic chemical contaminants and to any other contaminants which in the opinion of the board

constitute a threat to public health. If adequate data to support setting of a standard is available, the state board of health shall adopt by rule a maximum contaminant level for water provided to consumers' taps. Standards set for contaminants known to be toxic shall consider both short-term and chronic toxicity. Standards set for contaminants known to be carcinogenic shall be consistent with risk levels established by the state board of health.

(2) The board shall consider the best available scientific information in establishing the standards. The board may review and revise the standards. State and local standards for chemical contaminants may be more strict than the federal standards. [1984 c 187 § 1.]

70.142.020 Establishment of monitoring requirements for chemical contaminants in public water supplies by state board of health. The state board of health shall conduct public hearings and establish by rule monitoring requirements for chemical contaminants in public water supplies. Results of tests conducted pursuant to such requirements shall be submitted to the department of health and to the local health department. The state board of health may review and revise monitoring requirements for chemical contaminants. [1991 c 3 § 374; 1984 c 187 § 2.]

70.142.030 Monitoring requirements—Considerations. The state board of health in determining monitoring requirements for public water supply systems shall take into consideration economic impacts as well as public health risks. [1984 c 187 § 5.]

70.142.040 Establishment of water quality standards by local health department in large counties. Each local health department serving a county with a population of one hundred twenty-five thousand or more may establish water quality standards for its jurisdiction more stringent than standards established by the state board of health. Each local health department establishing such standards shall base the standards on the best available scientific information. [1991 c 363 § 145; 1984 c 187 § 3.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

70.142.050 Noncomplying public water supply systems—Submission of corrective plan—Notification to system's customers. Public water supply systems as defined by RCW 70.119.020 that the state board of health or local health department determines do not comply with the water quality standards applicable to the system shall immediately initiate preparation of a corrective plan designed to meet or exceed the minimum standards for submission to the department of health. The owner of such system shall within one year take any action required to bring the water into full compliance with the standards. The department of health may require compliance as promptly as necessary to abate an immediate public health threat or may extend the period of compliance if substantial new construction is required: PROVIDED FURTHER, That the extension shall be granted only upon a determination by the department, after a public hearing, that the extension will not pose an imminent threat to

(2004 Ed.)

public health. Each such system shall include a notice identifying the water quality standards exceeded, and the amount by which the water tested exceeded the standards, in all customer bills mailed after such determination. The notification shall continue until water quality tests conducted in accordance with this chapter establish that the system meets or exceeds the minimum standards. [1991 c 3 § 375; 1984 c 187 § 4.]

70.146.010 Purpose—Legislative intent. The long-range health and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, enjoyment, and economic benefit of its people. It is the purpose of this chapter to provide financial assistance to the state and to local governments for the planning, design, acquisition, construction, and improvement of water pollution control facilities and related activities in the achievement of state and federal water pollution control requirements for the protection of the state's waters.

It is the intent of the legislature that distribution of moneys for water pollution control facilities under this chapter be made on an equitable basis taking into consideration legal mandates, local effort, ratepayer impacts, and past distributions of state and federal moneys for water pollution control facilities.

It is the intent of this chapter that the cost of any water pollution control facility attributable to increased or additional capacity that exceeds one hundred ten percent of existing needs at the time of application for assistance under this chapter shall be entirely a local or private responsibility. It is the intent of this chapter that industrial pretreatment be paid by industries and that the water quality account shall not be used for such purposes. [1986 c 3 § 1.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Account" means the water quality account in the state treasury.

(2) "Department" means the department of ecology.

(3) "Eligible cost" means the cost of that portion of a water pollution control facility that can be financed under this chapter excluding any portion of a facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the applicant's needs for water pollution control existing at the time application is submitted for assistance under this chapter.

(4) "Water pollution control facility" or "facilities" means any facilities or systems for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential, commercial, industrial, and agricultural wastes, which are causing water quality degradation due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities include all equipment, utilities, structures, real property, and interests in and improvements on real property necessary for or incidental to such purpose. Water pollution control facilities also include such facilities, equipment, and collection systems as are necessary to protect federally designated sole source aquifers.

(5) "Water pollution control activities" means actions taken by a public body for the following purposes: (a) To prevent or mitigate pollution of underground water; (b) to control nonpoint sources of water pollution; (c) to restore the water quality of fresh water lakes; and (d) to maintain or improve water quality through the use of water pollution control facilities or other means. During the 1995-1997 fiscal biennium, "water pollution control activities" includes activities by state agencies to protect public drinking water supplies and sources.

(6) "Public body" means the state of Washington or any agency, county, city or town, conservation district, other political subdivision, municipal corporation, quasi-municipal corporation, and those Indian tribes now or hereafter recognized as such by the federal government.

(7) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(8) "Nonpoint source water pollution" means pollution that enters any waters of the state from any dispersed water-based or land-use activities, including, but not limited to, atmospheric deposition, surface water runoff from agricultural lands, urban areas, and forest lands, subsurface or underground sources, and discharges from boats or other marine vessels.

(9) "Sole source aquifer" means the sole or principal source of public drinking water for an area designated by the administrator of the environmental protection agency pursuant to Public Law 93-523, Sec. 1424(b). [1995 2nd sp.s. c 18 § 920; 1993 sp.s. c 24 § 923; 1987 c 436 § 5; 1986 c 3 § 2.]

70.146.030 Water quality account—Progress report.

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both. (2004 Ed.)

70.146.040 Level of grant or loan not precedent. No grant or loan made in this chapter for fiscal year 1987 shall be construed to establish a precedent for levels of grants or loans made from the water quality account thereafter. [1986 c 3 § 6.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.050 Compliance schedule for secondary treatment. The department of ecology may provide for a phased in compliance schedule for secondary treatment which addresses local factors that may impede compliance with secondary treatment requirements of the federal clean water act.

In determining the length of time to be granted for compliance, the department shall consider the criteria specified in the federal clean water act. [1986 c 3 § 8.]

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.060 Water quality account distributions—Limitations. During the period from July 1, 1987, until June 30, 1995, the following limitations shall apply to the department's total distribution of funds appropriated from the water quality account:

(1) Not more than fifty percent for water pollution control facilities which discharge directly into marine waters;

(2) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie Aquifer;

(3) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(4) Not more than ten percent for activities which control nonpoint source water pollution;

(5) Ten percent and such sums as may be remaining from the categories specified in subsections (1) through (4) of this section for water pollution control activities or facilities as determined by the department; and

(6) Two and one-half percent of the total amounts of moneys under subsections (1) through (5) of this section from February 21, 1986, until December 31, 1995, shall be appropriated biennially to the state conservation commission for the purposes of this chapter. Not less than ten percent of the moneys received by the state conservation commission under the provisions of this section shall be expended on research activities.

The distribution under this section shall not be required to be met in any single fiscal year.

Funds provided for facilities and activities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into

service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1987 c 527 § 1; 1987 c 436 § 7; 1986 c 3 § 9.]

Reviser's note: This section was amended by 1987 c 436 § 7 and by 1987 c 527 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective dates—1986 c 3: See note following RCW 82.24.027.

70.146.070 Grants or loans for water pollution control facilities—Considerations. (1) When making grants or loans for water pollution control facilities, the department shall consider the following:

(a) The protection of water quality and public health;

(b) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;

(c) Actions required under federal and state permits and compliance orders;

(d) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;

(e) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and

(f) The recommendations of the Puget Sound action team and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a grant or loan.

(3) Whenever the department is considering awarding grants or loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

The department shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant and loan program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. 70.148.005 Finding—Intent. (Expires June 1, 2007.)
(1) The legislature finds that:

(a) Final regulations adopted by the United States environmental protection agency (EPA) require owners and operators of underground petroleum storage tanks to demonstrate financial responsibility for accidental releases of petroleum as a precondition to continued ownership and operation of such tanks;

(b) Financial responsibility is demonstrated through the purchase of pollution liability insurance or an acceptable alternative such as coverage under a state financial responsibility program, in the amount of at least five hundred thousand dollars per occurrence and one million dollars annual aggregate depending upon the nature, use, and number of tanks owned or operated;

(c) Many owners and operators of underground petroleum storage tanks cannot purchase pollution liability insurance either because private insurance is unavailable at any price or because owners and operators cannot meet the rigid underwriting standards of existing insurers, nor can many owners and operators meet the strict regulatory standards imposed for alternatives to the purchase of insurance; and

(d) Without a state financial responsibility program for owners and operators of underground petroleum storage tanks, many tank owners and operators will be forced to discontinue the ownership and operation of these tanks.

(2) The purpose of this chapter is to create a state financial responsibility program meeting EPA standards for owners and operators of underground petroleum storage tanks in a manner that:

(a) Minimizes state involvement in pollution liability claims management and insurance administration;

(b) Protects the state of Washington from unwanted and unanticipated liability for accidental release claims;

(c) Creates incentives for private insurers to provide needed liability insurance; and

(d) Parallels generally accepted principles of insurance and risk management.

To that end, this chapter establishes a temporary program to provide pollution liability reinsurance at a price that will encourage a private insurance company or risk retention group to sell pollution liability insurance in accordance with the requirements of this chapter to owners and operators of underground petroleum storage tanks, thereby allowing the owners and operators to comply with the financial responsibility regulations of the EPA.

(3) It is not the intent of this chapter to permit owners and operators of underground petroleum storage tanks to obtain pollution liability insurance without regard to the quality or condition of their storage tanks or without regard to the risk management practices of tank owners and operators, nor is it the intent of this chapter to provide coverage or funding for past or existing petroleum releases. Further, it is the intent of the legislature that the program follow generally accepted insurance underwriting and actuarial principles and to deviate from those principles only to the extent necessary and within the tax revenue limits provided, to make pollution liability insurance reasonably affordable and available to owners and operators who meet the requirements of this chapter, particularly to those owners and operators whose underground storage tanks meet a vital economic need within the affected community. [1990 c 64 § 1; 1989 c 383 § 1.]

70.148.010 Definitions. (Expires June 1, 2007.)

Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means any sudden or nonsudden release of petroleum arising from operating an underground storage tank that results in a need for corrective action, bodily injury, or property damage neither expected nor intended by the owner or operator.

(2) "Director" means the Washington pollution liability insurance program director.

(3) "Bodily injury" means bodily injury, sickness, or disease sustained by any person, including death at any time resulting from the injury, sickness, or disease.

(4) "Corrective action" means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with any statute, ordinance, rule, regulation, directive, order, or similar legal requirement of the United States, the state of Washington, or any political subdivision of the United States or the state of Washington in effect at the time of an accidental release. "Corrective action" includes, when agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release. "Corrective action" does not include:

(a) Replacement or repair of storage tanks or other receptacles;

(b) Replacement or repair of piping, connections, and valves of storage tanks or other receptacles;

(c) Excavation or backfilling done in conjunction with (a) or (b) of this subsection; or

(19) "Underground storage tank" means any one or a combination of tanks including underground pipes connected to the tank, that is used to contain an accumulation of petroleum and the volume of which (including the volume of the underground pipes connected to the tank) is ten percent or more beneath the surface of the ground. [1990 c 64 § 2; 1989 c 383 § 2.]

70.148.020 Pollution liability insurance program trust account. (Expires June 1, 2007.) (1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. Expenditures for payment of administrative and operating costs of the agency are subject to the allotment procedures under chapter 43.88 RCW and may be made only

after appropriation by statute. No appropriation is required for other expenditures from the account.

(2) Each calendar quarter, the director shall report to the insurance commissioner the loss and surplus reserves required for the calendar quarter. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter.

(3) Each calendar quarter the director shall determine the amount of reserves necessary to fund commitments made to provide financial assistance under RCW 70.148.130 to the extent that the financial assistance reserves do not jeopardize the operations and liabilities of the pollution liability insurance program. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from available revenues. The director may not expend more than fifteen million dollars for the financial assistance program.

[1995 c 20 § 12.]

Severability—1995 c 20: See RCW 70.149.901.

70.148.030 Pollution liability insurance program—Generally—Ad hoc committees. (Expires June 1, 2007.)

(1) The Washington pollution liability insurance program is created as an independent agency of the state. The administrative head and appointing authority of the program shall be the director who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The director shall appoint a deputy director. The director, deputy director, and up to three other employees are exempt from the civil service law, chapter 41.06 RCW.

(2) The director shall employ such other staff as are necessary to fulfill the responsibilities and duties of the director. The staff is subject to the civil service law, chapter 41.06 RCW. In addition, the director may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. To the extent necessary to protect the state from unintended liability and ensure quality program and contract design, the director shall contract with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability insurance and with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability reinsurance. The director shall enter

into such contracts after competitive bid but need not select the lowest bid. Any such contractor or consultant is prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the program director. The director may call upon other agencies of the state to provide technical support and available information as necessary to assist the director in meeting the director's responsibilities under this chapter. Agencies shall supply this support and information as promptly as circumstances permit.

(3) The director may appoint ad hoc technical advisory committees to obtain expertise necessary to fulfill the purposes of this chapter. [1994 sp.s. c 9 § 805; 1990 c 64 § 4; 1989 c 383 § 4.]

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

70.148.035 Program design—Cost coverage. (Expires June 1, 2007.) The director may design the program to cover the costs incurred in determining whether a proposed applicant for pollution insurance under the program meets the underwriting standards of the insurer. In covering such costs the director shall consider the financial resources of the applicant, shall take into consideration the economic impact of the discontinued use of the applicant's storage tank upon the affected community, shall provide coverage within the revenue limits provided under this chapter, and shall limit coverage of such costs to the extent that coverage would be detrimental to providing affordable insurance under the program. [1990 c 64 § 11.]

70.148.040 Rules. (Expires June 1, 2007.) The director may adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. [1990 c 64 § 5; 1989 c 383 § 5.]

70.148.050 Powers and duties of director. (Expires June 1, 2007.) The director has the following powers and duties:

(1) To design and from time to time revise a reinsurance contract providing coverage to an insurer meeting the requirements of this chapter. Before initially entering into a reinsurance contract, the director shall prepare an actuarial report describing the various reinsurance methods considered by the director and describing each method's costs. In designing the reinsurance contract the director shall consider common insurance industry reinsurance contract provisions and shall design the contract in accordance with the following guidelines:

(a) The contract shall provide coverage to the insurer for the liability risks of owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action that are underwritten by the insurer.

(b) In the event of an insolvency of the insurer, the reinsurance contract shall provide reinsurance payable directly to the insurer or to its liquidator, receiver, or successor on the basis of the liability of the insurer in accordance with the reinsurance contract. In no event may the program be liable for or provide coverage for that portion of any covered loss

(2004 Ed.)

that is the responsibility of the insurer whether or not the insurer is able to fulfill the responsibility.

(c) The total limit of liability for reinsurance coverage shall not exceed one million dollars per occurrence and two million dollars annual aggregate for each policy underwritten by the insurer less the ultimate net loss retained by the insurer as defined and provided for in the reinsurance contract.

(d) Disputes between the insurer and the insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the director from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the director deems appropriate, and to annually publish a financial report on the pollution liability insurance program trust account showing, among other things, administrative and other expenses paid from the fund.

(7) To annually report the financial and loss experience of the insurer as to policies issued under the program and the financial and loss experience of the program to the legislature.

(8) To evaluate the effects of the program upon the private market for liability insurance for owners and operators of underground storage tanks and make recommendations to the legislature on the necessity for continuing the program to ensure availability of such coverage.

(9) To enter into contracts with public and private agencies to assist the director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the director.

(10) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the director deems advisable. [1998 c 245 § 115; 1995 c 12 § 1; 1990 c 64 § 6; 1989 c 383 § 6.]

Expiration date—1998 c 245 §§ 114 and 115: See note following RCW 70.148.020.

Effective date—1995 c 12: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 12, 1995]." [1995 c 12 § 3.]

70.148.060 Disclosure of reports and information—Penalty. (Expires June 1, 2007.) (1) All examination and proprietary reports and information obtained by the director and the director's staff in soliciting bids from insurers and in monitoring the insurer selected by the director shall not be

made public or otherwise disclosed to any person, firm, corporation, agency, association, governmental body, or other entity.

(2) Subsection (1) of this section notwithstanding, the director may furnish all or part of examination reports prepared by the director or by any person, firm, corporation, association, or other entity preparing the reports on behalf of the director to:

(a) The Washington state insurance commissioner;

(b) A person or organization officially connected with the insurer as officer, director, attorney, auditor, or independent attorney or independent auditor; and

(c) The attorney general in his or her role as legal advisor to the director.

(3) Subsection (1) of this section notwithstanding, the director may furnish all or part of the examination or proprietary reports or information obtained by the director to:

(a) The Washington state insurance commissioner; and

(b) A person, firm, corporation, association, governmental body, or other entity with whom the director has contracted for services necessary to perform his or her official duties.

(4) Examination reports and proprietary information obtained by the director and the director's staff are not subject to public disclosure under chapter 42.17 RCW.

(5) A person who violates any provision of this section is guilty of a gross misdemeanor. [1990 c 64 § 7; 1989 c 383 § 7.]

70.148.070 Insurer selection process and criteria. (*Expires June 1, 2007.*) (1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of underground storage tanks, the director shall evaluate bids based upon criteria established by the director that shall include:

(a) The insurer's ability to underwrite pollution liability insurance;

(b) The insurer's ability to settle pollution liability claims quickly and efficiently;

(c) The insurer's estimate of underwriting and claims adjustment expenses;

(d) The insurer's estimate of premium rates for providing coverage;

(e) The insurer's ability to manage and invest premiums; and

(f) The insurer's ability to provide risk management guidance to insureds.

The director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(2) The successful bidder shall agree to provide liability insurance coverage to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action consistent with the following minimum standards:

(a) The insurer shall provide coverage for defense costs.

(b) The insurer shall collect a deductible from the insured for corrective action in an amount approved by the director.

(c) The insurer shall provide coverage for accidental releases in the amount of five hundred thousand dollars per occurrence and one million dollars annual aggregate but no more than one million dollars per occurrence and two million dollars annual aggregate exclusive of defense costs.

(d) The insurer shall require insurance applicants to meet at least the following underwriting standards before issuing coverage to the applicant:

(i) The applicant must be in compliance with statutes, ordinances, rules, regulations, and orders governing the ownership and operation of underground storage tanks as identified by the director by rule; and

(ii) The applicant must exercise adequate underground storage tank risk management as specified by the director by rule.

(e) The insurer may exclude coverage for losses arising before the effective date of coverage, and the director may adopt rules establishing standards for determining whether a loss was incurred before the effective date of coverage.

(f) The insurer may exclude coverage for bodily injury, property damage, and corrective action as permitted by the director by rule.

(g) The insurer shall use a variable rate schedule approved by the director taking into account tank type, tank age, and other factors specified by the director.

(3) The director shall adopt all rules necessary to implement this section. In developing and adopting rules governing rates, deductibles, underwriting standards, and coverage conditions, limitations, and exclusions, the director shall balance the owner and operator's need for coverage with the need to maintain the actuarial integrity of the program, shall take into consideration the economic impact of the discontinued use of a storage tank upon the affected community, and shall consult with the *standing technical advisory committee established under RCW 70.148.030(3). In developing and adopting rules governing coverage exclusions affecting corrective action, the director shall consult with the Washington state department of ecology.

(4) Notwithstanding the definitions contained in RCW 70.148.010, the director may permit an insurer to use different words or phrases describing the coverage provided under the program. In permitting such deviations from the definitions contained in RCW 70.148.010, the director shall consider the regulations adopted by the United States environmental protection agency requiring financial responsibility by owners and operators of underground petroleum storage tanks.

(5) Owners and operators of underground storage tanks or sites containing underground storage tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or oper-

ator demonstrates to the satisfaction of the director that corrective action has been completed.

(6) When a reinsurance contract has been entered into by the agency and insurance companies, the director shall notify the department of ecology of the letting of the contract. Within thirty days of that notification, the department of ecology shall notify all known owners and operators of petroleum underground storage tanks that appropriate levels of financial responsibility must be established by October 26, 1990, in accordance with federal environmental protection agency requirements, and that insurance under the program is available. All owners and operators of petroleum underground storage tanks must also be notified that declaration of method of financial responsibility or intent to seek to be insured under the program must be made to the state by November 1, 1990. If the declaration of method of financial responsibility is not made by November 1, 1990, the department of ecology shall, pursuant to chapter 90.76 RCW, prohibit the owner or operator of an underground storage tank from obtaining a tank tag or receiving petroleum products until such time as financial responsibility has been established. [1990 c 64 § 8; 1989 c 383 § 8.]

***Reviser's note:** The "standing technical advisory committee" was abolished by 1994 sp.s. c 9 § 805 and in its place the director was given authority to appoint ad hoc technical advisory committees.

70.148.080 Cancellation or refusal by insurer—Appeal. (Expires June 1, 2007.) (2004 Ed.)

70.148.110 Reservation of legislative power. (Expires June 1, 2007.) The legislature reserves the right to amend or repeal all or any part of this chapter at any time, and there is no vested right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done under it exist subject to the power of the legislature to amend or repeal this chapter at any time. [1989 c 383 § 12.]

70.148.120 Financial assistance for corrective actions in small communities—Intent. (Expires June 1, 2007.) The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

- (1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and
- (2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks. [1991 c 4 § 1.]

Severability—1991 c 4: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 4 § 10.]

70.148.130 Financial assistance—Criteria. (Expires June 1, 2007.) (1) Subject to the conditions and limitations of RCW 70.148.120 through 70.148.170, the director shall

establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than one hundred fifty thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2) Except as otherwise provided in RCW 70.148.120 through 70.148.170, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of RCW 70.148.120 through 70.148.170. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of RCW 70.148.120 through 70.148.170.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance. [1991 c 4 § 2.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.140 Financial assistance—Private owner or operator. (Expires June 1, 2007.) (1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) If the director makes a preliminary determination of possible eligibility for financial assistance, apply to the appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor [of the county] in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under RCW 70.148.120 through 70.148.170 shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the director, if an owner or operator materially breaches the agreement, any financial assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement. [1991 c 4 § 3.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.150 Financial assistance—Public owner or operator. (Expires June 1, 2007.) (1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) Provide to the director a copy of the resolution by the governing body of the city, town, or county having jurisdiction, finding that the continued operation of the tanks is necessary to maintain vital local public health, education, or safety needs;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The director shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible. For this purpose, the director may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under RCW 70.148.120 through 70.148.170, the director may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation. [1991 c 4 § 4.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.160 Financial assistance—Rural hospitals. (Expires June 1, 2007.) To qualify for financial assistance, a rural hospital as defined in *RCW 18.89.020, owning or operating an underground storage tank must:

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care as defined in **RCW 70.39.020 in an amount of equivalent value to the financial assistance provided under RCW 70.148.120 through 70.148.170. Reviser's note: *(1) RCW 18.89.020 was amended by 1997 c 334 § 3, deleting the definition of "rural hospital."

***(2) RCW 70.39.020 was repealed by 1982 c 223 § 10, effective June 30, 1990.

Severability—1991 c 4: See note following RCW 70.148.120.

70.148.170 Certification. (Expires June 1, 2007.) (1) The director shall develop and distribute to appropriate cities, towns, and counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The director shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved. [1991 c 4 § 6.]

Severability—1991 c 4: See note following RCW 70.148.120.

70.149.010 Intent—Findings. (Expires June 1, 2007.) It is the intent of the legislature to establish a temporary regulatory program to assist owners and operators of heating oil tanks. The legislature finds that it is in the best interests of all citizens for heating oil tanks to be operated safely and for tank leaks or spills to be dealt with expeditiously. The legislature further finds that it is necessary to protect tank owners from the financial hardship related to damaged heating oil tanks. The problem is especially acute because owners and operators of heating oil tanks used for space heating have been unable to obtain pollution liability insurance or insurance has been unaffordable. [1995 c 20 § 1.]

70.149.020 Short title. (*Expires June 1, 2007.*) This chapter may be known and cited as the Washington state heating oil pollution liability protection act. [1995 c 20 § 2.]

70.149.030 Definitions. (*Expires June 1, 2007.*) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means a sudden or nonsudden release of heating oil, occurring after July 23, 1995, from operating a heating oil tank that results in bodily injury, property damage, or a need for corrective action, neither expected nor intended by the owner or operator.

(2) "Bodily injury" means bodily injury, sickness, or disease sustained by a person, including death at any time, resulting from the injury, sickness, or disease.

(3)(a) "Corrective action" means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with a statute, ordinance, rule, regulation, directive, order, or similar legal requirement, in effect at the time of an accidental release, of the United States, the state of Washington, or a political subdivision of the United States or the state of Washington. "Corrective action" includes, where agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release.

(b) "Corrective action" does not include:

(i) Replacement or repair of heating oil tanks or other receptacles; or

(ii) Replacement or repair of piping, connections, and valves of tanks or other receptacles.

(4) "Defense costs" include the costs of legal representation, expert fees, and related costs and expenses incurred in defending against claims or actions brought by or on behalf of:

(a) The United States, the state of Washington, or a political subdivision of the United States or state of Washington to require corrective action or to recover costs of corrective action; or

(b) A third party for bodily injury or property damage caused by an accidental release.

(5) "Director" means the director of the Washington state pollution liability insurance agency or the director's appointed representative.

(6) "Heating oil" means any petroleum product used for space heating in oil-fired furnaces, heaters, and boilers, including stove oil, diesel fuel, or kerosene. "Heating oil" does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or any off-highway equipment not used for space heating, or for industrial processing or the generation of electrical energy.

(7) "Heating oil tank" means a tank and its connecting pipes, whether above or below ground, or in a basement, with pipes connected to the tank for space heating of human living or working space on the premises where the tank is located. "Heating oil tank" does not include a decommissioned or abandoned heating oil tank, or a tank used solely for indus-

trial process heating purposes or generation of electrical energy.

(8) "Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in a release from a heating oil tank.

(9) "Owner or operator" means a person in control of, or having responsibility for, the daily operation of a heating oil tank.

(10) "Pollution liability insurance agency" means the Washington state pollution liability insurance agency.

(11) "Property damage" means:

(a) Physical injury to, destruction of, or contamination of tangible property, including the loss of use of the property resulting from the injury, destruction, or contamination; or

(b) Loss of use of tangible property that has not been physically injured, destroyed, or contaminated but has been evacuated, withdrawn from use, or rendered inaccessible because of an accidental release.

(12) "Release" means a spill, leak, emission, escape, or leaching into the environment.

(13) "Remedial action costs" means reasonable costs that are attributable to or associated with a remedial action.

70.149.040 Duties of director. (*Expires June 1, 2007.*)

The director shall:

(1) Design a program for providing pollution liability insurance for heating oil tanks that provides up to sixty thousand dollars per occurrence coverage and aggregate limits, and protects the state of Washington from unwanted or unanticipated liability for accidental release claims;

(2) Administer, implement, and enforce the provisions of this chapter. To assist in administration of the program, the director is authorized to appoint up to two employees who are exempt from the civil service law, chapter 41.06 RCW, and who shall serve at the pleasure of the director;

(3) Administer the heating oil pollution liability trust account, as established under RCW 70.149.070;

(4) Employ and discharge, at his or her discretion, agents, attorneys, consultants, companies, organizations, and employees as deemed necessary, and to prescribe their duties and powers, and fix their compensation;

(5) Adopt rules under chapter 34.05 RCW as necessary to carry out the provisions of this chapter;

(6) Design and from time to time revise a reinsurance contract providing coverage to an insurer or insurers meeting the requirements of this chapter. The director is authorized to provide reinsurance through the pollution liability insurance program trust account;

(7) Solicit bids from insurers and select an insurer to provide pollution liability insurance for third-party bodily injury and property damage, and corrective action to owners and operators of heating oil tanks;

(8) Register, and design a means of accounting for, operating heating oil tanks;

(9) Implement a program to provide advice and technical assistance to owners and operators of active and abandoned heating oil tanks if contamination from an active or abandoned heating oil tank is suspected. Advice and assistance regarding administrative and technical requirements may include observation of testing or site assessments and review of the results of reports. If the director finds that contamination is not present or that the contamination is apparently minor and not a threat to human health or the environment, the director may provide written opinions and conclusions on the results of the investigation to owners and operators of active and abandoned heating oil tanks. The agency is authorized to collect, from persons requesting advice and assistance, the costs incurred by the agency in providing such advice and assistance. The costs may include travel costs and expenses associated with review of reports and preparation of written opinions and conclusions. Funds from cost reimbursement must be deposited in the heating oil pollution liability trust account. The state of Washington, the pollution liability insurance agency, and its officers and employees are immune from all liability, and no cause of action arises from any act or omission in providing, or failing to provide, such advice, opinion, conclusion, or assistance;

(10) Establish a public information program to provide information regarding liability, technical, and environmental requirements associated with active and abandoned heating oil tanks;

(11) Monitor agency expenditures and seek to minimize costs and maximize benefits to ensure responsible financial stewardship;

(12) Create an advisory committee of stakeholders to advise the director on all aspects of program operations and fees authorized by this chapter, including pollution prevention programs. The advisory committee must have one member each from the Pacific Northwest oil heat council, the Washington oil marketers association, the western states petroleum association, and the department of ecology and three members from among the owners of home heating oil tanks registered with the pollution liability insurance agency who are generally representative of the geographical distribution and types of registered owners. The committee should meet at least quarterly, or more frequently at the discretion of the director; and

(13) Study if appropriate user fees to supplement program funding are necessary and develop recommendations for legislation to authorize such fees. [2004 c 203 § 1; 1997 c 8 § 1; 1995 c 20 § 4.]

Expiration date—1997 c 8: "This act expires June 1, 2007." [2000 c 16 § 5; 1997 c 8 § 3.]

70.149.050 Selection of insurer to provide pollution liability insurance—Eligibility for coverage. (Expires June 1, 2007.) (1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of heating oil tanks used for space heating, the director shall evaluate bids based upon criteria established by the director that shall include:

(a) The insurer's ability to underwrite pollution liability insurance;

(2004 Ed.)

(b) The insurer's ability to settle pollution liability claims quickly and efficiently;

(c) The insurer's estimate of underwriting and claims adjustment expenses;

(d) The insurer's estimate of premium rates for providing coverage;

(e) The insurer's ability to manage and invest premiums; and

(f) The insurer's ability to provide risk management guidance to insureds.

The director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(3) Owners and operators of heating oil tanks, or sites containing heating oil tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the director that corrective action has been completed. [1995 c 20 § 5.]

70.149.060 Exemptions from Title 48 RCW—Exceptions. (Expires June 1, 2007.) ums shall be deposited into the account. Expenditures from the account may be used only for the purposes set out under this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Any residue in the account in excess of funds needed to meet administrative costs for January of the following year shall be transferred at the end of the calendar year to the pollution liability insurance program trust account.

70.150.010 Purpose—Legislative intent. The long-range health and economic and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, and enjoyment of its people. It is the purpose of this chapter to provide public bodies an additional means by which to provide for financing, development, and operation of water pollution control facilities needed for achievement of state and federal water pollution control requirements for the protection of the state's waters.

It is the intent of the legislature that public bodies be authorized to provide service from water pollution control facilities by means of service agreements with public or private parties as provided in this chapter. [1986 c 244 § 1.]

70.150.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Water pollution control facilities" or "facilities" means any facilities, systems, or subsystems owned or operated by a public body, or owned or operated by any person or entity for the purpose of providing service to a public body, for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential wastes, commercial wastes, industrial wastes, and agricultural wastes, that are causing or threatening the degradation of subterranean or surface bodies of water due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities do not include dams or water supply systems.

(2) "Public body" means the state of Washington or any agency, county, city or town, political subdivision, municipal corporation, or quasi-municipal corporation.

(3) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any surface or subterranean waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(4) "Agreement" means any agreement to which a public body and a service provider are parties by which the service provider agrees to deliver service to such public body in connection with its design, financing, construction, ownership, operation, or maintenance of water pollution control facilities in accordance with this chapter.

(5) "Service provider" means any privately owned or publicly owned profit or nonprofit corporation, partnership, joint venture, association, or other person or entity that is legally capable of contracting for and providing service with respect to the design, financing, ownership, construction, operation, or maintenance of water pollution control facilities in accordance with this chapter. [1986 c 244 § 2.]

70.150.030 Agreements with service providers—Contents—Sources of funds for periodic payments under agreements. (1) Public bodies may enter into agreements with service providers for the furnishing of service in connection with water pollution control facilities pursuant to the process set forth in RCW 70.150.040. The agreements may provide that a public body pay a minimum periodic fee in consideration of the service actually available without regard to the amount of service actually used during all or any part of the contractual period. Agreements may be for a term not to exceed forty years or the life of the facility, whichever is longer, and may be renewable.

(2) The source of funds to meet periodic payment obligations assumed by a public body pursuant to an agreement permitted under this section may be paid from taxes, or solely from user fees, charges, or other revenues pledged to the payment of the periodic obligations, or any of these sources. [1986 c 244 § 3.]

70.150.040 Service agreements and related agreements—Procedural requirements. The legislative authority of a public body may secure services by means of an agreement with a service provider. Such an agreement may obligate a service provider to design, finance, construct, own, operate, or maintain water pollution control facilities by which services are provided to the public body. Service agreements and related agreements under this chapter shall be entered into in accordance with the following procedure:

(1) The legislative authority of the public body shall publish notice that it is seeking to secure certain specified services by means of entering into an agreement with a service provider. The notice shall be published in the official newspaper of the public body, or if there is no official newspaper then in a newspaper in general circulation within the boundaries of the public body, at least once each week for two consecutive weeks. The final notice shall appear not less than sixty days before the date for submission of proposals. The notice shall state (a) the nature of the services needed, (b) the location in the public body's offices where the requirements and standards for construction, operation, or maintenance of projects needed as part of the services are available for inspection, and (c) the final date for the submission of proposals. The legislative authority may undertake a prequalification process by the same procedure set forth in this subsection.

(2) The request for proposals shall (a) indicate the time and place responses are due, (b) include evaluation criteria to be considered in selecting a service provider, (c) specify minimum requirements or other limitations applying to selection, (d) insofar as practicable, set forth terms and provisions to be included in the service agreement, and (e) require the service provider to demonstrate in its proposal that a public body's annual costs will be lower under its proposal than they would be if the public body financed, constructed, owned, operated, and maintained facilities required for service.

(3) The criteria set forth in the request for proposals shall be those determined to be relevant by the legislative authority of the public body, which may include but shall not be limited to: The respondent's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability, and financial resources; cost of the service; nature of facility design proposed by respondents; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public body; project performance warranties; penalty and other enforcement provisions; environmental protection measures to be used; and allocation of project risks. The legislative authority shall designate persons or entities (a) to assist it in issuing the request for proposals to ensure that proposals will be responsive to its needs, and (b) to assist it in evaluating the proposals received. The designee shall not be a member of the legislative authority.

(4) After proposals under subsections (1) through (3) of this section have been received, the legislative authority's designee shall determine, on the basis of its review of the proposals, whether one or more proposals have been received from respondents which are (a) determined to be qualified to provide the requested services, and (b) responsive to the notice and evaluation criteria, which shall include, but not be

limited to, cost of services. These chosen respondents shall be referred to as the selected respondents in this section. The designee shall conduct a bidder's conference to include all these selected respondents to assure a full understanding of the proposals. The bidder's conference shall also allow the designee to make these selected respondents aware of any changes in the request for proposal. Any information related to revisions in the request for proposal shall be made available to all these selected respondents. Any selected respondent shall be accorded a reasonable opportunity for revision of its proposal prior to commencement of the negotiation provided in subsection (5) of this section, for the purpose of obtaining best and final proposals.

(5) After such conference is held, the designee may negotiate with the selected respondent whose proposal it determines to be the most advantageous to the public body, considering the criteria set forth in the request for proposals. If the negotiation is unsuccessful, the legislative authority may authorize the designee to commence negotiations with any other selected respondent. On completion of this process, the designee shall report to the legislative authority on his or her recommendations and the reasons for them.

(6) Any person aggrieved by the legislative authority's approval of a contract may appeal the determination to an appeals board selected by the public body, which shall consist of not less than three persons determined by the legislative authority to be qualified for such purposes. Such board shall promptly hear and determine whether the public body entered into the agreement in accordance with this chapter and other applicable law. The hearing shall be conducted in the same manner as an adjudicative proceeding under chapter 34.05 RCW. The board shall have the power only to affirm or void the agreement.

(7) Notwithstanding the foregoing, where contracting for design services by the public body is done separately from contracting for other services permitted under this chapter, the contracting for design of water pollution control facilities shall be done in accordance with chapter 39.80 RCW.

(8) A service agreement shall include provision for an option by which a public body may acquire at fair market value facilities dedicated to such service.

(9) Before any service agreement is entered into by the public body, it shall be reviewed and approved by the department of ecology to ensure that the purposes of chapter 90.48 RCW are implemented.

(10) Prior to entering into any service agreement under this chapter, the public body must have made written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous compared to other methods.

(11) Each service agreement shall include project performance bonds or other security by the service provider which in the judgment of the public body is sufficient to secure adequate performance by the service provider. [1989 c 175 § 136; 1986 c 244 § 4.]

Effective date—1989 c 175: See note following RCW 34.05.010.

Competitive bids—Inapplicability to certain agreements: RCW 35.22.625 and 36.32.265.

70.150.050 Sale, lease, or assignment of public property to service provider—Use for services to public body. A public body may sell, lease, or assign public property for fair market value to any service provider as part of a service agreement entered into under the authority of this chapter. The property sold or leased shall be used by the provider, directly or indirectly, in providing services to the public body. Such use may include demolition, modification, or other use of the property as may be necessary to execute the purposes of the service agreement. [1986 c 244 § 5.]

70.150.060 Public body eligible for grants or loans—Use of grants or loans. A public body that enters into a service agreement pursuant to this chapter, under which a facility is owned wholly or partly by a service provider, shall be eligible for grants or loans to the extent permitted by law or regulation as if the entire portion of the facility dedicated to service to such public body were publicly owned. The grants or loans shall be made to and shall inure to the benefit of the public body and not the service provider. Such grants or loans shall be used by the public body for all or part of its ownership interest in the facility, and/or to defray a part of the payments it makes to the service provider under a service agreement if such uses are permitted under the grant or loan program. [1986 c 244 § 6.]

70.150.070 RCW 70.150.030 through 70.150.060 to be additional method of providing services. RCW 70.150.030 through 70.150.060 shall be deemed to provide an additional method for the provision of services from and in connection with facilities and shall be regarded as supplemental and additional to powers conferred by other state laws and by federal laws. [1986 c 244 § 7.]

70.150.080 Application of other chapters to service agreements under this chapter—Prevailing wages. (1) The provisions of chapters 39.12, 39.19, and *39.25 RCW shall apply to a service agreement entered into under this chapter to the same extent as if the facilities dedicated to such service were owned by a public body.

(2) Subsection (1) of this section shall not be construed to apply to agreements or actions by persons or entities which are not undertaken pursuant to this chapter.

(3) Except for RCW 39.04.175, this chapter shall not be construed as a limitation or restriction on the application of Title 39 RCW to public bodies.

(4) Prevailing wages shall be established as the prevailing wage in the largest city of the county in which facilities are built. [1986 c 244 § 8.]

***Reviser's note:** Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

70.150.900 Short title. This chapter may be cited as the water quality joint development act. [1986 c 244 § 9.]

70.150.905 Severability—1986 c 244. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 244 § 18.]

70.155.005 Finding. The legislature finds that while present state law prohibits the sale and distribution of tobacco to minors, youth obtain tobacco products with ease. Availability and lack of enforcement put tobacco products in the hands of youth.

Federal law requires states to enforce laws prohibiting sale and distribution of tobacco products to minors in a manner that can reasonably be expected to reduce the extent to which the products are available to minors. It is imperative to effectively reduce the sale, distribution, and availability of tobacco products to minors. [1993 c 507 § 1.]

Minors and tobacco: RCW 26.28.080.

Taxation: Chapters 82.24 and 82.26 RCW.

Tobacco on school grounds: RCW 28A.210.310.

70.155.010 Definitions. The definitions set forth in RCW 82.24.010 shall apply to RCW 70.155.020 through 70.155.130. In addition, for the purposes of this chapter, unless otherwise required by the context:

(1) "Board" means the Washington state liquor control board.

(2) "Delivery sale" means any sale of cigarettes to a consumer in the state where either: (a) The purchaser submits an order for a sale by means of a telephonic or other method of voice transmission, mail delivery, any other delivery service, or the internet or other on-line service; or (b) the cigarettes are delivered by use of mail delivery or any other delivery service. A sale of cigarettes shall be a delivery sale regardless of whether the seller is located within or without the state. A sale of cigarettes not for personal consumption to a person who is a wholesaler licensed pursuant to chapter 82.24 RCW or a retailer pursuant to chapter 82.24 RCW is not a delivery sale.

(3) "Delivery service" means any private carrier engaged in the commercial delivery of letters, packages, or other containers that requires the recipient of that letter, package, or container to sign to accept delivery.

(4) "Minor" refers to an individual who is less than eighteen years old.

(5) "Public place" means a public street, sidewalk, or park, or any area open to the public in a publicly owned and operated building.

(2004 Ed.)

(6) "Sample" means a tobacco product distributed to members of the general public at no cost or at nominal cost for product promotion purposes.

(7) "Sampler" means a person engaged in the business of sampling other than a retailer.

(8) "Sampling" means the distribution of samples to members of the general public in a public place.

(9) "Shipping container" means a container in which cigarettes are shipped in connection with a delivery sale.

(10) "Shipping documents" means bills of lading, airbills, or any other documents used to evidence the undertaking by a delivery service to deliver letters, packages, or other containers.

(11) "Tobacco product" means a product that contains tobacco and is intended for human consumption. [2003 c 113 § 1; 1993 c 507 § 2.]

70.155.020 Cigarette wholesaler or retailer licensee duties—Prohibition sign to be posted. A person who holds a license issued under RCW 82.24.520 or 82.24.530 shall:

(1) Display the license or a copy in a prominent location at the outlet for which the license is issued; and

(2) Display a sign concerning the prohibition of tobacco sales to minors.

Such sign shall:

(a) Be posted so that it is clearly visible to anyone purchasing tobacco products from the licensee;

(b) Be designed and produced by the department of health to read: "THE SALE OF TOBACCO PRODUCTS TO PERSONS UNDER AGE 18 IS STRICTLY PROHIBITED BY STATE LAW. IF YOU ARE UNDER 18, YOU COULD BE PENALIZED FOR PURCHASING A TOBACCO PRODUCT; PHOTO ID REQUIRED"; and

(c) Be provided free of charge by the liquor control board. [1993 c 507 § 3.]

70.155.030 Cigarette machine location. No person shall sell or permit to be sold any tobacco product through any device that mechanically dispenses tobacco products unless the device is located fully within premises from which minors are prohibited or in industrial worksites where minors are not employed and not less than ten feet from all entrance or exit ways to and from each premise. The board shall adopt rules that allow an exception to the requirement that a device be located not less than ten feet from all entrance or exit ways to and from a premise if it is architecturally impractical for the device to be located not less than ten feet from all entrance and exit ways. [1994 c 202 § 1; 1993 c 507 § 4.]

70.155.040 Cigarettes must be sold in original package—Exception. No person shall sell or permit to be sold cigarettes not in the original unopened package or container to which the stamps required by RCW 82.24.060 have been affixed.

This section does not apply to the sale of loose leaf tobacco by a retail business that generates a minimum of sixty percent of annual gross sales from the sale of tobacco products. [1993 c 507 § 5.]

70.155.050 Sampling—License required. (1) No person may engage in the business of sampling within the state unless licensed to do so by the board. If a firm contracts with a manufacturer to distribute samples of the manufacturer's products, that firm is deemed to be the person engaged in the business of sampling.

(2) The board shall issue a license to a sampler not otherwise disqualified by RCW 70.155.100 upon application and payment of the fee.

(3) A sampler's license expires on the thirtieth day of June of each year and must be renewed annually upon payment of the appropriate fee.

(4) The board shall annually determine the fee for a sampler's license and each renewal. However, the fee for a manufacturer whose employees distribute samples within the state is five hundred dollars per annum, and the fee for all other samplers must be not less than fifty dollars per annum.

(5) A sampler's license entitles the licensee, and employees or agents of the licensee, to distribute samples at any lawful location in the state during the term of the license. A person engaged in sampling under the license shall carry the license or a copy at all times. [1993 c 507 § 6.]

70.155.060 Sampling in public places. (1) No person may distribute or offer to distribute samples in a public place. This prohibition does not apply to sampling (a) in an area to which persons under the age of eighteen are denied admission, (b) in or at a store or concession to which a retailer's license has been issued, or (c) at or adjacent to a production, repair, or outdoor construction site or facility.

(2) Notwithstanding subsection (1) of this section, no person may distribute or offer to distribute samples in or on a public street, sidewalk, or park that is within five hundred feet of a playground, school, or other facility when that facility is being used primarily by persons under the age of eighteen for recreational, educational, or other purposes. [1993 c 507 § 7.]

70.155.070 Coupons. No person shall give or distribute cigarettes or other tobacco products to a person by a coupon if such coupon is redeemed in any manner that does not require an in-person transaction in a retail store. [1993 c 507 § 8.]

70.155.080 Purchasing, possessing by persons under eighteen—Civil infraction—Jurisdiction. (1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in up to four hours of community restitution, or both. The court may also require participation in a smoking cessation program. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section. [2002 c 175 § 47; 1998 c 133 § 2; 1993 c 507 § 9.]

Effective date—2002 c 175: See note following RCW 7.80.130.

Finding—Intent—1998 c 133: "The legislature finds that the protection of adolescents' health requires a strong set of comprehensive health and law enforcement interventions. We know that youth are deterred from using alcohol in public because of existing laws making possession illegal. However, while the purchase of tobacco by youth is clearly prohibited, the possession of tobacco is not. It is the legislature's intent that youth hear consistent messages from public entities, including law enforcement, about public opposition to their illegal use of tobacco products." [1998 c 133 § 1.]

70.155.090 Age identification requirement. (1) Where there may be a question of a person's right to purchase or obtain tobacco products by reason of age, the retailer, sampler, or agent thereof, shall require the purchaser to present any one of the following officially issued identification that shows the purchaser's age and bears his or her signature and photograph: Liquor control authority card of identification of a state or province of Canada; driver's license, instruction permit, or identification card of a state or province of Canada; "identocard" issued by the Washington state department of licensing under chapter 46.20 RCW; United States military identification; passport; or merchant marine identification card issued by the United States coast guard.

(2) It is a defense to a prosecution under *RCW 26.28.080(4) that the person making a sale reasonably relied on any of the officially issued identification as defined in subsection (1) of this section. The liquor control board shall waive the suspension or revocation of a license if the licensee clearly establishes that he or she acted in good faith to prevent violations and a violation occurred despite the licensee's exercise of due diligence. [1993 c 507 § 10.]

*Reviser's note: RCW 26.28.080 was amended by 1994 sp.s. c 7 § 437, and no longer has numbered subsections.

70.155.100 Penalties, sanctions, and actions against licensees. (1) The liquor control board may suspend or revoke a retailer's license held by a business at any location, or may impose a monetary penalty as set forth in subsection (2) of this section, if the liquor control board finds that the licensee has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.060, 70.155.070, or 70.155.090.

(2) The sanctions that the liquor control board may impose against a person licensed under RCW 82.24.530 and 70.155.050 and 70.155.060 based upon one or more findings under subsection (1) of this section may not exceed the following:

(a) For violation of RCW 26.28.080 or 70.155.020:

(i) A monetary penalty of one hundred dollars for the first violation within any two-year period;

(ii) A monetary penalty of three hundred dollars for the second violation within any two-year period;

(iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;

(iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;

(b) For violations of RCW 70.155.030, a monetary penalty in the amount of one hundred dollars for each day upon which such violation occurred;

(c) For violations of RCW 70.155.040 occurring on the licensed premises:

(i) A monetary penalty of one hundred dollars for the first violation within any two-year period;

(ii) A monetary penalty of three hundred dollars for the second violation within any two-year period;

(iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;

(iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;

(d) For violations of RCW 70.155.050 and 70.155.060, a monetary penalty in the amount of three hundred dollars for each violation;

(e) For violations of RCW 70.155.070, a monetary penalty in the amount of one thousand dollars for each violation.

(3) The liquor control board may impose a monetary penalty upon any person other than a licensed cigarette retailer or licensed sampler if the liquor control board finds that the person has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.060, 70.155.070, or 70.155.090.

(4) The monetary penalty that the liquor control board may impose based upon one or more findings under subsection (3) of this section may not exceed the following:

(a) For violation of RCW 26.28.080 or 70.155.020, fifty dollars for the first violation and one hundred dollars for each subsequent violation;

(b) For violations of RCW 70.155.030, one hundred dollars for each day upon which such violation occurred;

(c) For violations of RCW 70.155.040, one hundred dollars for each violation;

(d) For violations of RCW 70.155.050 and 70.155.060, three hundred dollars for each violation;

(e) For violations of RCW 70.155.070, one thousand dollars for each violation.

(5) The liquor control board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(6) The liquor control board may issue a cease and desist order to any person who is found by the liquor control board to have violated or intending to violate the provisions of this chapter, RCW 26.28.080 or 82.24.500, requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order shall not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(7) The liquor control board may seek injunctive relief to enforce the provisions of RCW 26.28.080 or 82.24.500 or this chapter. The liquor control board may initiate legal action to collect civil penalties imposed under this chapter if the same have not been paid within thirty days after imposition of such penalties. In any action filed by the liquor control board under this chapter, the court may, in addition to any

other relief, award the liquor control board reasonable attorneys' fees and costs.

(8) All proceedings under subsections (1) through (6) of this section shall be conducted in accordance with chapter 34.05 RCW.

(9) The liquor control board may reduce or waive either the penalties or the suspension or revocation of a license, or both, as set forth in this chapter where the elements of proof are inadequate or where there are mitigating circumstances. Mitigating circumstances may include, but are not limited to, an exercise of due diligence by a retailer. Further, the board may exceed penalties set forth in this chapter based on aggravating circumstances. [1998 c 133 § 3; 1993 c 507 § 11.]

Finding—Intent—1998 c 133: See note following RCW 70.155.080.

70.155.105 Delivery sale of cigarettes—Requirements, unlawful practices—Penalties—Enforcement. (1) It is unlawful for a person who mails, ships, or otherwise delivers cigarettes to fail to:

(a) Verify the age of the receiver of the cigarettes upon delivery; and

(b) Obtain in writing, before the first delivery sale of cigarettes, verification of the receiver's address and that the receiver of the cigarettes is not a minor. The statement must also confirm that the purchaser understands: (i) That signing another person's name to the certification is a violation of RCW 9A.60.040(1)(a); (ii) that the sale of cigarettes to a minor is a violation of RCW 26.28.080; (iii) that the purchase of cigarettes by minors is a violation of RCW 70.155.080; and (iv) that he or she has the option to receive mailings from a tobacco company about tobacco products.

(2) It is unlawful for a person to mail, ship, or otherwise deliver cigarettes in connection with a delivery sale unless before the first delivery sale to the consumer that person:

(a) Either verifies the information contained in the certification provided by the prospective consumer in subsection (1) of this section against a commercially available data base, or obtains a photocopy of an officially issued identification containing the bearer's age, signature, and photograph. If such a person neglects or refuses to produce and submit for inspection any book, record, or document as required by this section when requested to do so by the board or its agent, then the board or the attorney general may seek an order in superior court compelling such production of books, records, or documents. (1) The liquor control board shall, in addition to the board's other powers and authorities, have the authority to enforce the provisions of this chapter and *RCW 26.28.080(4) and 82.24.500. Further, tobacco products possessed by persons under the age of eighteen years of age are considered contraband and may be seized by a peace officer or enforcement officer of the liquor control board.

(4) The liquor control board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance. [1993 c 507 § 12.]

70.155.120 Youth tobacco prevention account—Source and use of funds. (1) The youth tobacco prevention account is created in the state treasury. All fees collected pursuant to RCW 82.24.520 and 82.24.530 and funds collected by the liquor control board from the imposition of monetary penalties and samplers' fees shall be deposited into this account, except that ten percent of all such fees and penalties shall be deposited in the state general fund.

Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products are available to individuals under the age of eighteen. The agreements shall also set forth requirements for data reporting by the liquor control board regarding its enforcement activities.

(4) The department of health and the department of revenue shall enter into an interagency agreement for payment of the cost of administering the tobacco retailer licensing system and for the provision of quarterly documentation of tobacco wholesaler, retailer, and vending machine names and locations.

(5) The department of health shall, within up to seventy percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco intervention strategies to prevent and reduce tobacco use by youth. [1993 c 507 § 13.]

70.155.130 Preemption of political subdivisions. This chapter preempts political subdivisions from adopting or enforcing requirements for the licensure and regulation of tobacco product promotions and sales within retail stores, except that political subdivisions that have adopted ordinances prohibiting sampling by January 1, 1993, may continue to enforce these ordinances. No political subdivision may: (1) Impose fees or license requirements on retail businesses for possessing or selling cigarettes or tobacco products, other than general business taxes or license fees not primarily levied on tobacco products; or (2) regulate or prohibit activities covered by RCW 70.155.020 through 70.155.080. This chapter does not otherwise preempt political subdivisions from adopting ordinances regulating the sale, purchase, use, or promotion of tobacco products not inconsistent with chapter 507, Laws of 1993. [1993 c 507 § 14.]

70.155.900 Severability—1993 c 507. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 507 § 20.]

70.157.005 Findings and purpose. (a) Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

(b) Cigarette smoking also presents serious financial concerns for the State. Under certain health-care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

(c) Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

(d) It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts.

(e) On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the State (tied in part to their volume of sales); to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

(f) It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise. [1999 c 393 § 1.]

70.157.010 Definitions. (a) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.

(b) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the

equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(c) "Allocable share" means Allocable Share as that term is defined in the Master Settlement Agreement.

(d) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains (1) any roll of tobacco wrapped in paper or in any substance not containing tobacco; or (2) tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or (3) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in clause (1) of this definition. The term "cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette".

(e) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on November 23, 1998 by the State and leading United States tobacco product manufacturers.

(f) "Qualified escrow fund" means an escrow arrangement with a federally or State chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least \$1,000,000,000 where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or directing the use of the funds' principal except as consistent with RCW 70.157.020(b).

(g) "Released claims" means Released Claims as that term is defined in the Master Settlement Agreement.

(h) "Releasing parties" means Releasing Parties as that term is defined in the Master Settlement Agreement.

(i) "Tobacco Product Manufacturer" means an entity that after the date of enactment of this Act directly (and not exclusively through any affiliate):

(2) is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the

manufacturer does not intend to be sold in the United States; or

(3) becomes a successor of an entity described in paragraph (1) or (2).

The term "Tobacco Product Manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of (1)-(3) above.

(j) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs bearing the excise tax stamp of the State or "roll-your-own" tobacco containers. The department of revenue shall promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year. [1999 c 393 § 2.]

70.158.010 Findings. The legislature finds that violations of RCW 70.157.020 threaten the integrity of the tobacco master settlement agreement, the fiscal soundness of the state, and the public health. The provisions of chapter 25, Laws of 2003 are not intended to and shall not be interpreted to amend chapter 70.157 RCW. [2003 c 25 § 1.]

(ii) That the nonparticipating manufacturer: (A) Has established and continues to maintain a qualified escrow fund; and (B) has executed a qualified escrow agreement that has been reviewed and approved by the attorney general and that governs the qualified escrow fund;

(iii) That the nonparticipating manufacturer is in full compliance with RCW 70.157.020(b)(1) and this chapter, and any rules adopted pursuant thereto; and

(iv)(A) The name, address, and telephone number of the financial institution where the nonparticipating manufacturer has established a qualified escrow fund required pursuant to RCW 70.157.020(b)(1) and all rules adopted thereunder; (B) the account number of the qualified escrow fund and any sub-account number for the state of Washington; (C) the amount the nonparticipating manufacturer placed in the fund for cigarettes sold in the state during the preceding calendar year, the date and amount of each deposit, and evidence or verification as may be deemed necessary by the attorney general to confirm the foregoing; and (D) the amount and date of any withdrawal or transfer of funds the nonparticipating manufacturer made at any time from the fund or from any other qualified escrow fund into which it ever made escrow payments pursuant to RCW 70.157.020(b)(1) and all rules adopted thereunder.

(d) A tobacco product manufacturer may not include a brand family in its certification unless: (i) In the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement; and (ii) in the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of RCW 70.157.020(b)(1). Nothing in this section limits or otherwise affects the state's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of RCW 70.157.020.

(e) A tobacco product manufacturer shall maintain all invoices and documentation of sales and other information relied upon for such certification for a period of five years, unless otherwise required by law to maintain them for a greater period of time.

(2) Not later than November 1, 2003, the attorney general shall develop and publish on its web site a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of this section and all brand families that are listed in these certifications, except as noted below:

(a) The attorney general shall not include or retain in the directory the name or brand families of any nonparticipating

manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with subsection (1)(b) and (c) of this section, unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

(b) Neither a tobacco product manufacturer nor brand family shall be included or retained in the directory if the attorney general concludes, in the case of a nonparticipating manufacturer, that: (i) Any escrow payment required pursuant to RCW 70.157.020(b)(1) for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general; or (ii) any outstanding final judgment, including interest, for a violation of RCW 70.157.020(b)(1) that has not been fully satisfied for the brand family or manufacturer.

(c) The attorney general shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this chapter. The attorney general shall transmit, by e-mail or other practicable means to each wholesaler or distributor, notice of any addition to or removal from the directory of any tobacco product manufacturer or brand family. Unless otherwise provided by agreement between the wholesaler or distributor and a tobacco product manufacturer, the wholesaler or distributor shall be entitled to a refund from a tobacco product manufacturer for any money paid by the wholesaler or distributor to the tobacco product manufacturer for any cigarettes of the tobacco product manufacturer still held by the wholesaler or distributor on the date of notice by the attorney general of the removal from the directory of that tobacco product manufacturer or the brand family of the cigarettes. The attorney general shall not restore to the directory the tobacco product manufacturer or the brand family until the tobacco product manufacturer has paid the wholesaler or distributor any refund due.

(d) Every wholesaler and distributor shall provide and update as necessary an electronic mail address to the attorney general for the purpose of receiving any notifications as may be required by this chapter.

(e) A tobacco product manufacturer included in the directory may request that a new brand family be certified and added to the directory. Within forty-five business days of receiving the request, the attorney general will respond by either: (i) Certifying the new brand family; or (ii) denying the request. However, in cases where the attorney general determines that it needs clarification as to whether the requestor is actually the tobacco product manufacturer, the attorney general may take more time as needed to clarify the request, to locate and assemble information or documents needed to process the request, and to notify persons or agencies affected by the request.

(f) The web site will state that chapter 25, Laws of 2003 applies only to cigarettes including, pursuant to the definition of "cigarettes" in chapter 25, Laws of 2003, roll-your-own tobacco.

(3) It is unlawful for any person (a) to affix a stamp to a package or other container of cigarettes of a tobacco product

manufacturer or brand family not included in the directory, or to pay or cause to be paid the tobacco products tax on any package or container; or (b) to sell, offer, or possess for sale in this state or import for sale in this state, any cigarettes of a tobacco product manufacturer or brand family not included in the directory. [2003 c 25 § 3.]

70.158.040 Nonresident, nonparticipating manufacturers—Agent for service of process. (1) Any nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having its brand families included or retained in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this chapter and RCW 70.157.020(b)(1), may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number, and proof of the appointment and availability of the agent to the satisfaction of the attorney general.

(2) The nonparticipating manufacturer shall provide notice to the attorney general thirty calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the attorney general of the appointment of a new agent no less than five calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the attorney general of the termination within five calendar days and include proof to the satisfaction of the attorney general of the appointment of a new agent.

(3) Any nonparticipating manufacturer whose cigarettes are sold in this state, who has not appointed and engaged an agent as required in this section, shall be deemed to have appointed the secretary of state as the agent and may be proceeded against in courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory. [2003 c 25 § 4.]

70.158.050 Reports, records—Confidentiality, disclosures, voluntary waivers—Escrow payments. (1) In addition to the reporting requirements under *RCW 70.157.010(j) and the rules adopted thereunder, not later than twenty-five calendar days after the end of each calendar month, and more frequently if directed by the director, each wholesaler and distributor shall submit information the director requires to facilitate compliance with this chapter, including, but not limited to, a list by brand family of the total number of cigarettes, or, in the case of roll-your-own, the equivalent stick count for which the wholesaler or distributor affixed stamps during the previous calendar month or otherwise paid the tax due for the cigarettes. Each wholesaler and distributor shall maintain and make available to the director,

all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the attorney general or the director for a period of five years.

(2) Information or records required to be furnished to the department, the board, or the attorney general are confidential and shall not be disclosed. However, the director and the board are authorized to disclose to the attorney general any information received under this chapter and requested by the attorney general for purposes of determining compliance with and enforcing the provisions of this chapter. The director, the board, and the attorney general may share with each other the information received under this chapter, and may share information with other federal, state, or local agencies, including without limitation the board, only for purposes of enforcement of this chapter, RCW 70.157.020, or corresponding laws of other states. If a tobacco product manufacturer that is required to establish a qualified escrow fund under RCW 70.157.020 disputes the attorney general's determination of what that manufacturer needs to place into escrow, and the attorney general determines that the dispute can likely be resolved by disclosing reports from the relevant distributors and wholesalers indicating the sales or purchases of the tobacco manufacturer's products, then the attorney general shall request voluntary waivers of confidentiality so that the reports may be disclosed to the tobacco product manufacturer to help resolve the dispute. If the waivers are provided, then the director and the attorney general are authorized to disclose the waived confidential information collected on the sales or purchases of cigarettes to the tobacco product manufacturer. However, before the attorney general or the director discloses the waived confidential information, the tobacco product manufacturer must provide to the attorney general all records relating to its sales or purchases of cigarettes in dispute. The information provided to a tobacco product manufacturer pursuant to this subsection (2) shall be limited to brands or products of that manufacturer only, may be used only for the limited purpose of determining the appropriate escrow deposit, and may not be disclosed by the tobacco product manufacturer.

(3) The attorney general may require at any time from the nonparticipating manufacturer proof, from the financial institution in which the manufacturer has established a qualified escrow fund for the purpose of compliance with RCW 70.157.020(b)(1), of the amount of money in the fund, exclusive of interest, the amount and date of each deposit to the fund, and the amount and date of each withdrawal from the fund.

(4) In addition to the information required to be submitted pursuant to RCW 70.158.030, this section, and chapters 82.24 and 82.26 RCW, the director, the board, or the attorney general may require a wholesaler, distributor, or tobacco product manufacturer to submit any additional information including, but not limited to, samples of the packaging or labeling of each brand family, as is necessary to enable the attorney general to determine whether a tobacco product manufacturer is in compliance with this chapter. If the director, the board, or the attorney general makes a request for information pursuant to this subsection (4), the tobacco product manufacturer, distributor, or wholesaler shall comply promptly.

(5) A nonparticipating manufacturer that either: (a) Has not previously made escrow payments to the state of Washington pursuant to RCW 70.157.020; or (b) has not actually made any escrow payments for more than one year, shall make the required escrow deposits in quarterly installments during the first year in which the sales covered by the deposits are made or in the first year in which the payments are made. The director or the attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit. [2003 c 25 § 5.]

*Reviser's note: For rules and reporting requirements adopted pursuant to RCW 70.157.010, see WAC 458-20-264.

70.158.060 Penalties—Application of consumer protection act. (1) In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that a wholesaler has violated RCW 70.158.030(3) or any rule adopted pursuant to this chapter, the director or the board may revoke or suspend the license of the wholesaler in the manner provided by chapter 82.24 or 82.32 RCW. Each stamp affixed and each sale or offer to sell cigarettes in violation of RCW 70.158.030(3) shall constitute a separate violation. For each violation of this chapter, the director or the board may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars upon a determination of violation of RCW 70.158.030(3) or any rules adopted pursuant thereto. The penalty shall be imposed in the manner provided by chapter 82.24 RCW.

(2) The attorney general may seek an injunction in superior court to restrain a threatened or actual violation of RCW 70.158.030(3) or 70.158.050 (1) or (4) by a person and to compel the person to comply with these sections. In any action brought pursuant to this section, the state shall be entitled to recover the costs of investigation, costs of the action, and reasonable attorney fees.

(3) It is unlawful for a person to: (a) Sell or distribute cigarettes or (b) acquire, hold, own, possess, transport, import, or cause to be imported cigarettes, that the person knows or should know are intended for distribution or sale in the state in violation of RCW 70.158.030(3). A violation of this subsection (3) is a gross misdemeanor.

(4) Any violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and an unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Standing to bring an action to enforce RCW 19.86.020 for violation of this chapter shall lie solely with the attorney general. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive. [2003 c 25 § 6.]

70.158.070 Attorney general's directory decision to be final agency action—Due dates for reports, certifications, directory—Rules—Costs—Penalties. (1) A determination of the attorney general not to include or to remove from the directory a brand family or tobacco product manufacturer shall be final agency action for purposes of review under RCW 34.05.570(4).

(2004 Ed.)

(2) No person shall be issued a license or granted a renewal of a license to act as a wholesaler unless the person has certified in writing under penalty of perjury, that the person will comply fully with this section.

(3) The first reports of wholesalers and distributors are due August 25, 2003. The certifications by a tobacco product manufacturer described in RCW 70.158.030(1) are due September 15, 2003. The directory described in RCW 70.158.030(2) shall be published or made available by November 1, 2003.

(4) The attorney general, the board, and the director may adopt rules as necessary to effect the administration of this chapter.

(5) In any action brought by the state to enforce this chapter, the state is entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.

(6) If a court determines that a person has violated this chapter, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the general fund. Unless otherwise expressly provided, the remedies or penalties provided by this chapter are cumulative to each other and to the remedies or penalties available under all other laws of this state. [2003 c 25 § 7.]

70.158.900 Conflict of law—Severability—2003 c 25.

If a court of competent jurisdiction finds that the provisions of chapter 25, Laws of 2003 and chapter 70.157 RCW conflict and cannot be harmonized, then the provisions of chapter 70.157 RCW shall control. If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of chapter 25, Laws of 2003 causes chapter 70.157 RCW no longer to constitute a qualifying or model statute, as those terms are defined in the master settlement agreement, then that portion of chapter 25, Laws of 2003 shall not be valid. If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of chapter 25, Laws of 2003 is for any reason held to be invalid, unlawful, or unconstitutional, the decision shall not affect the validity of the remaining portions of chapter 25, Laws of 2003 or any part thereof. [2003 c 25 § 8.]

70.158.901 Effective date—2003 c 25. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003. [2003 c 25 § 13.]

Smoking in municipal transit vehicle, unlawful bus conduct: RCW 9.91.025.

70.160.010 Legislative intent. The legislature recognizes the increasing evidence that tobacco smoke in closely confined places may create a danger to the health of some citizens of this state. In order to protect the health and welfare of those citizens, it is necessary to prohibit smoking in public places except in areas designated as smoking areas. [1985 c 236 § 1.]

70.160.020 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly indicates otherwise.

(1) "Smoke" or "smoking" means the carrying or smoking of any kind of lighted pipe, cigar, cigarette, or any other lighted smoking equipment.

(2) "Public place" means that portion of any building or vehicle used by and open to the public, regardless of whether the building or vehicle is owned in whole or in part by private persons or entities, the state of Washington, or other public entity, and regardless of whether a fee is charged for admission.

Public places include, but are not limited to: Elevators, public conveyances or transportation facilities, museums, concert halls, theaters, auditoriums, exhibition halls, indoor sports arenas, hospitals, nursing homes, health care facilities or clinics, enclosed shopping centers, retail stores, retail service establishments, financial institutions, educational facilities, ticket areas, public hearing facilities, state legislative chambers and immediately adjacent hallways, public restrooms, libraries, restaurants, waiting areas, lobbies, and reception areas. A public place does not include a private residence. This chapter is not intended to restrict smoking in private facilities which are occasionally open to the public except upon the occasions when the facility is open to the public.

(3) "Restaurant" means any building, structure, or area used, maintained, or advertised as, or held out to the public to be, an enclosure where meals are made available to be consumed on the premises, for consideration of payment. [1985 c 236 § 2.]

70.160.030 Smoking in public places except designated smoking areas prohibited. No person may smoke in a public place except in designated smoking areas. [1985 c 236 § 3.]

70.160.040 Designation of smoking areas in public places—Exceptions—Restaurant smoking areas—Entire facility or area may be designated as nonsmoking. (1) A smoking area may be designated in a public place by the owner or, in the case of a leased or rented space, by the lessee or other person in charge except in:

(a) Elevators; buses, except for private hire; streetcars; taxis, except those clearly and visibly designated by the

owner to permit smoking; public areas of retail stores and lobbies of financial institutions; office reception areas and waiting rooms of any building owned or leased by the state of Washington or by any city, county, or other municipality in the state of Washington; museums; public meetings or hearings; classrooms and lecture halls of schools, colleges, and universities; and the seating areas and aisle ways which are contiguous to seating areas of concert halls, theaters, auditoriums, exhibition halls, and indoor sports arenas; and

(b) Hallways of health care facilities, with the exception of nursing homes, and lobbies of concert halls, theaters, auditoriums, exhibition halls, and indoor sports arenas, if the area is not physically separated. Owners or other persons in charge are not required to incur any expense to make structural or other physical modifications in providing these areas.

Except as provided in other provisions of this chapter, no public place, other than a bar, tavern, bowling alley, tobacco shop, or restaurant, may be designated as a smoking area in its entirety. If a bar, tobacco shop, or restaurant is designated as a smoking area in its entirety, this designation shall be posted conspicuously on all entrances normally used by the public.

(2) Where smoking areas are designated, existing physical barriers and ventilation systems shall be used to minimize the toxic effect of smoke in adjacent nonsmoking areas.

(3) Managers of restaurants who choose to provide smoking areas shall designate an adequate amount of seating to meet the demands of restaurant patrons who wish to smoke. Owners of restaurants are not required to incur any expense to make structural or other physical modifications in providing these areas. Restaurant patrons shall be informed that separate smoking and nonsmoking sections are available.

(4) Except as otherwise provided in this chapter, a facility or area may be designated in its entirety as a nonsmoking area by the owner or other person in charge. [1985 c 236 § 4.]

70.160.050 Owners, lessees to post signs prohibiting or permitting smoking—Boundaries to be clearly designated. Owners, or in the case of a leased or rented space the lessee or other person in charge, of a place regulated under this chapter shall make every reasonable effort to prohibit smoking in public places by posting signs prohibiting or permitting smoking as appropriate under this chapter. Signs shall be posted conspicuously at each building entrance. In the case of retail stores and retail service establishments, signs shall be posted conspicuously at each entrance and in prominent locations throughout the place. The boundary between a nonsmoking area and a smoking permitted area shall be clearly designated so that persons may differentiate between the two areas. [1985 c 236 § 5.]

70.160.060 Intent of chapter as applied to certain private workplaces. This chapter is not intended to regulate smoking in a private enclosed workplace, within a public place, even though such workplace may be visited by nonsmokers, excepting places in which smoking is prohibited by the chief of the Washington state patrol, through the director of fire protection, or by other law, ordinance, or regulation. [1995 c 369 § 60; 1986 c 266 § 121; 1985 c 236 § 6.]

Effective date—1995 c 369: See note following RCW 43.43.930.

Severability—1986 c 266: See note following RCW 38.52.005.

70.160.070 Intentional violation of chapter—Removing, defacing, or destroying required sign—Fine—Notice of infraction—Exceptions—Violations of RCW 70.160.040 or 70.160.050—Subsequent violations—Fine—Enforcement by fire officials. (1) Any person intentionally violating this chapter by smoking in a public place not designated as a smoking area or any person removing, defacing, or destroying a sign required by this chapter is subject to a civil fine of up to one hundred dollars. Local law enforcement agencies shall enforce this section by issuing a notice of infraction to be assessed in the same manner as traffic infractions. The provisions contained in chapter 46.63 RCW for the disposition of traffic infractions apply to the disposition of infractions for violation of this subsection except as follows:

(a) The provisions in chapter 46.63 RCW relating to the provision of records to the department of licensing in accordance with RCW 46.20.270 are not applicable to this chapter; and

(b) The provisions in chapter 46.63 RCW relating to the imposition of sanctions against a person's driver's license or vehicle license are not applicable to this chapter.

The form for the notice of infraction for a violation of this subsection shall be prescribed by rule of the supreme court.

(2) When violations of RCW 70.160.040 or 70.160.050 occur, a warning shall first be given to the owner or other person in charge. Any subsequent violation is subject to a civil fine of up to one hundred dollars. Each day upon which a violation occurs or is permitted to continue constitutes a separate violation.

(3) Local fire departments or fire districts shall enforce RCW 70.160.040 or 70.160.050 regarding the duties of owners or persons in control of public places, and local health departments shall enforce RCW 70.160.040 or 70.160.050 regarding the duties of owners of restaurants by either of the following actions:

(a) Serving notice requiring the correction of any violation; or

(b) Calling upon the city or town attorney or county prosecutor to maintain an action for an injunction to enforce RCW 70.160.040 and 70.160.050, to correct a violation, and to assess and recover a civil penalty for the violation. [1985 c 236 § 7.]

70.160.080 Local regulations authorized. Local fire departments or fire districts and local health departments may adopt regulations as required to implement this chapter. [1985 c 236 § 9.]

70.160.100 Penalty assessed under this chapter paid to jurisdiction bringing action. Any penalty assessed and recovered in an action brought under this chapter shall be paid to the city or county bringing the action. [1985 c 236 § 8.]

70.160.900 Short title—1985 c 236. This chapter shall be known as the Washington clean indoor air act. [1985 c 236 § 10.]

INDOOR AIR QUALITY IN PUBLIC BUILDINGS

| 70.162.005 | Finding—Intent. |
| 70.162.010 | Definitions. |

| 70.162.900 | Severability—1989 c 315. |

70.162.005 Finding—Intent. The legislature finds that many Washington residents spend a significant amount of their time working indoors and that exposure to indoor air pollutants may occur in public buildings, schools, work places, and other indoor environments. Scientific studies indicate that pollutants common in the indoor air may include radon, asbestos, volatile organic chemicals including formaldehyde and benzene, combustion byproducts including carbon monoxide, nitrogen oxides, and carbon dioxide, metals and gases including lead, chlorine, and ozone, respirable particles, tobacco smoke, biological contaminants, micro-organisms, and other contaminants. In some circumstances, exposure to these substances may cause adverse health effects, including respiratory illnesses, multiple chemical sensitivities, skin and eye irritations, headaches, and other related symptoms. There is inadequate information about indoor air quality within the state of Washington, including the sources and nature of indoor air pollution.

The intent of the legislature is to develop a control strategy that will improve indoor air quality, provide for the evaluation of indoor air quality in public buildings, and encourage voluntary measures to improve indoor air quality. [1989 c 315 § 1.]

70.162.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of labor and industries.

(2) "Public agency" means a state office, commission, committee, bureau, or department.

(3) "Industry standard" means the 62-1981R standard established by the American society of heating, refrigerating, and air conditioning engineers as codified in M-1602 of the building officials and code administrators international manual as of January 1, 1990. [1989 c 315 § 2.]

70.162.020 Department duties. The department shall, in coordination with other appropriate state agencies:

(1) Recommend a policy for evaluation and prioritization of state-owned or leased buildings with respect to indoor air quality;

(2) Recommend stronger workplace regulation of indoor air quality under the Washington industrial safety and health act;

(3) Review indoor air quality programs in public schools administered by the superintendent of public instruction and the department of social and health services;

(4) Provide educational and informational pamphlets or brochures to state agencies on indoor air quality standards; and

(5) Recommend to the legislature measures to implement the recommendations, if any, for the improvement of indoor air quality in public buildings within a reasonable period of time. [1989 c 315 § 3.]

70.162.030 State building code council duties. The state building code council is directed to:

(1) Review the state building code to determine the adequacy of current mechanical ventilation and filtration standards prescribed by the state compared to the industry standard; and

(2) Make appropriate changes in the building code to bring the state prescribed standards into conformity with the industry standard. [1989 c 315 § 4.]

70.162.040 Public agencies—Directive. Public agencies are encouraged to:

(1) Evaluate the adequacy of mechanical ventilation and filtration systems in light of the recommendations of the American society of heating, refrigerating, and air conditioning engineers and the building officials and code administrators international; and

(2) Maintain and operate any mechanical ventilation and filtration systems in a manner that allows for maximum operating efficiency consistent with the recommendations of the American society of heating, refrigerating, and air conditioning engineers and the building officials and code administrators international. [1989 c 315 § 5.]

70.162.050 Superintendent of public instruction—Model program. (1) The superintendent of public instruction may implement a model indoor air quality program in a school district selected by the superintendent.

(2) The superintendent shall ensure that the model program includes:

(a) An initial evaluation by an indoor air quality expert of the current indoor air quality in the school district. The evaluation shall be completed within ninety days after the beginning of the school year;

(b) Establishment of procedures to ensure the maintenance and operation of any ventilation and filtration system used. These procedures shall be implemented within thirty days of the initial evaluation;

(c) A reevaluation by an indoor air quality expert, to be conducted approximately two hundred seventy days after the initial evaluation; and

(d) The implementation of other procedures or plans that the superintendent deems necessary to implement the model program. [1998 c 245 § 116; 1989 c 315 § 6.]

70.162.900 Severability—1989 c 315. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the

provision to other persons or circumstances is not affected. [1989 c 315 § 7.]

70.164.010 Legislative findings. The legislature finds and declares that weatherization of the residences of low-income households will help conserve energy resources in this state and can reduce the need to obtain energy from more costly conventional energy resources. The legislature also finds that rising energy costs have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat. Weatherization of residences will lower energy consumption, making space heat more affordable for persons in low-income households. It will also reduce the uncollectible accounts of fuel suppliers resulting from low-income customers not being able to pay fuel bills.

The program implementing the policy of this chapter is necessary to support the poor and infirm and also to benefit the health, safety, and general welfare of all citizens of the state. [1987 c 36 § 1.]

70.164.030 Low-income weatherization assistance account. The low-income weatherization assistance account is created in the state treasury. All moneys from the money distributed to the state pursuant to *Exxon v. United States*, 561 F.Supp. 816 (1983), affirmed 773 F.2d 1240 (1985), or any other oil overcharge settlements or judgments distributed by the federal government, that are allocated to the low-income weatherization assistance account shall be deposited in the account. 70.164.040 Proposals for low-income weatherization programs—Matching funds. (1) The department shall solicit proposals for low-income weatherization programs from potential sponsors. A proposal shall state the amount of the sponsor match, the amount requested from the low-income weatherization assistance account, the name of the weatherizing agency, and any other information required by the department.

(2)(a) A sponsor may use its own moneys, including corporate or ratepayer moneys, or moneys provided by landlords, charitable groups, government programs, the Bonneville Power Administration, or other sources to pay the sponsor match.

(b) Moneys provided by a sponsor pursuant to requirements in this section shall be in addition to and shall not supplant any funding for low-income weatherization that would otherwise have been provided by the sponsor or any other entity enumerated in (a) of this subsection.

(c) No proposal may require any contribution as a condition of weatherization from any household whose residence is weatherized under the proposal.

(d) Proposals shall provide that full levels of all cost-effective structurally feasible measures, as determined by the department, shall be installed when a low-income residence is weatherized.

(2004 Ed.)

(3) The department may in its discretion accept, accept in part, or reject proposals submitted. The department shall allocate funds appropriated from the low-income weatherization assistance account among proposals accepted or accepted in part so as to achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers and shall, to the extent feasible, ensure a balance of participation in proportion to population among low-income households for: (a) Geographic regions in the state; (b) types of fuel used for heating; (c) owner-occupied and rental residences; and (d) single-family and multifamily dwellings. The department may allocate funds to a nonutility sponsor without requiring a sponsor match if the department determines that such an allocation is necessary to provide the greatest benefits to low-income residents of the state.

(4)(a) A sponsor may elect to: (i) Pay a sponsor match as a lump sum at the time of weatherization, or (ii) make yearly payments to the low-income weatherization assistance account over a period not to exceed ten years. If a sponsor elects to make yearly payments, the value of the payments shall not be less than the value of the lump sum payment that would have been made under (i) of this subsection.

(b) The department may permit a sponsor to meet its match requirement in whole or in part through providing labor, materials, or other in-kind expenditures.

(5) The department shall adopt rules to carry out this section. [1987 c 36 § 4.]

70.164.050 Program compliance with laws and rules—Energy assessment required. (1) The department is responsible for ensuring that sponsors and weatherizing agencies comply with the state laws, the department's rules, and the sponsor's proposal in carrying out proposals.

(2) Before a residence is weatherized, the department shall require that an energy assessment be conducted. [1987 c 36 § 5.]

70.164.060 Weatherization of leased or rented residences—Limitations. Before a leased or rented residence is weatherized, written permission shall be obtained from the owner of the residence for the weatherization. The department shall adopt rules to ensure that: (1) The benefits of weatherization assistance in connection with a leased or rented residence accrue primarily to low-income tenants; (2) as a result of weatherization provided under this chapter, the rent on the residence is not increased and the tenant is not evicted; and (3) as a result of weatherization provided under this chapter, no undue or excessive enhancement occurs in the value of the residence. This section is in the public interest and any violation by a landlord of the rules adopted under this section shall be an act in trade or commerce violating chapter 19.86 RCW, the consumer protection act. [1987 c 36 § 6.]

70.164.070 Payments to low-income weatherization assistance account. Payments to the low-income weatherization assistance account shall be treated, for purposes of state law, as payments for energy conservation and shall be eligible for any tax credits or deductions, equity returns, or

other benefits for which conservation investments are eligible. [1987 c 36 § 7.]

70.168.010 Legislative finding. The legislature finds and declares that:

(1) Trauma is a severe health problem in the state of Washington and a major cause of death;

(2) Presently, trauma care is very limited in many parts of the state, and health care in rural areas is in transition with the danger that some communities will be without emergency medical care;

(3) It is in the best interest of the citizens of Washington state to establish an efficient and well-coordinated statewide emergency medical services and trauma care system to reduce costs and incidence of inappropriate and inadequate trauma care and emergency medical service and minimize the human suffering and costs associated with preventable mortality and morbidity;

(4) The goals and objectives of an emergency medical services and trauma care system are to: (a) Pursue trauma prevention activities to decrease the incidence of trauma; (b) provide optimal care for the trauma victim; (c) prevent unnecessary death and disability from trauma and emergency illness; and (d) contain costs of trauma care and trauma system implementation; and

(5) In other parts of the United States where trauma care systems have failed and trauma care centers have closed, there is a direct relationship between such failures and closures and a lack of commitment to fair and equitable reim-

bursement for trauma care participating providers and system overhead costs. [1990 c 269 § 1; 1988 c 183 § 1.]

70.168.070 Provision of trauma care service—Designation. Any hospital or health care facility that desires to be authorized to provide a designated trauma care service shall request designation from the department. Designation involves a contractual relationship between the state and a hospital or health care facility whereby each agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards required by the statewide emergency medical services and trauma care system plan. By January 1992, the department shall determine by rule the manner and form of such requests. Upon receiving a request, the department shall review the request to determine whether the hospital or health care facility is in compliance with standards for the trauma care service or services for which designation is desired. If requests are received from more than one hospital or health care facility within the same emergency medical planning and trauma care planning and service region, the department shall select the most qualified applicant or applicants to be selected through a competitive process. Any applicant not designated may request a hearing to review the decision.

Designations are valid for a period of three years and are renewable upon receipt of a request for renewal prior to expiration from the hospital or health care facility. When an authorization for designation is due for renewal other hospitals and health care facilities in the area may also apply and compete for designation. Regional emergency medical and trauma care councils shall be notified promptly of designated hospitals and health care facilities in their region so they may incorporate them into the regional plan as required by this chapter. The department may revoke or suspend the designation should it determine that the hospital or health care facility is substantially out of compliance with the standards and has refused or been unable to comply after a reasonable period of time has elapsed. The department shall promptly notify the regional emergency medical and trauma care planning and service region of suspensions or revocations. Any facility whose designation has been revoked or suspended may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

As a part of the process to designate and renew the designation of hospitals authorized to provide level I, II, or III trauma care services or level I, II, and III pediatric trauma care services, the department shall contract for on-site

reviews of such hospitals to determine compliance with required standards. The department may contract for on-site reviews of hospitals and health care facilities authorized to provide level IV or V trauma care services or level I, I-pediatric, II, or III trauma-related rehabilitative services to determine compliance with required standards. Members of on-site review teams and staff included in site visits are exempt from RCW 42.17.250 through 42.17.450. They may not divulge and cannot be subpoenaed to divulge information obtained or reports written pursuant to this section in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (1) In actions arising out of the department's designation of a hospital or health care facility pursuant to this section; (2) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under this section; or (3) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in *RCW 70.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent. When a facility requests designation for more than one service, the department may coordinate the joint consideration of such requests.

The department may establish fees to help defray the costs of this section, though such fees shall not be assessed to health care facilities authorized to provide level IV and V trauma care services.

This section shall not restrict the authority of a hospital or a health care provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [1990 c 269 § 9.]

***Reviser's note:** The reference to RCW 70.70.020 appears to be erroneous. RCW 7.70.020 was apparently intended.

70.168.080 Prehospital trauma care service—Verification—Compliance—Variance. (1) Any provider desiring to provide a verified prehospital trauma care service shall indicate on the licensing application how they meet the standards required for verification as a provider of this service. The department shall notify the regional emergency medical services and trauma care councils of the providers of verified trauma care services in their regions. The department may conduct on-site reviews of prehospital providers to assess compliance with the applicable standards.

(2) Should the department determine that a prehospital provider is substantially out of compliance with the standards, the department shall notify the regional emergency medical services and trauma care council. If the failure of a prehospital provider to comply with the applicable standards results in the region being out of compliance with its regional plan, the council shall take such steps necessary to assure the region is brought into compliance within a reasonable period of time. The council may seek assistance and funding from the department and others to provide training or grants necessary to bring a prehospital provider into compliance. The council may appeal to the department for modification of the regional plan if it is unable to assure continued compliance with the regional plan. The department may authorize modi-

fication of the plan if such modifications meet the requirements of this chapter. The department may suspend or revoke the authorization of a prehospital provider to provide a verified prehospital service if the provider has refused or been unable to comply after a reasonable period of time has elapsed. The council shall be notified promptly of any revocations or suspensions. Any prehospital provider whose verification has been suspended or revoked may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

(3) The department may grant a variance from provisions of this section if the department determines: (a) That no detriment to public health and safety will result from the variance, and (b) compliance with provisions of this section will cause a reduction or loss of existing prehospital services. Variances may be granted for a period not to exceed one year. A variance may be renewed by the department. If a renewal is granted, a plan of compliance shall be prepared specifying steps necessary to bring a provider or region into compliance and expected date of compliance.

(4) This section shall not restrict the authority of a provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [1990 c 269 § 10.]

70.168.090 Statewide data registry—Quality assurance program—Confidentiality. (1) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the *statewide hospital data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) By January 1994, in each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The emergency medical services medical program director and all other health care pro-

viders and facilities who provide trauma care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

(3) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

(4) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from RCW 42.17.250 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. In any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; or (c) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent. [1990 c 269 § 11.]

***Reviser's note:** The "statewide hospital data system" was redesignated as the "health care data system" by 1993 c 492 § 259.

70.168.100 Regional emergency medical services and trauma care councils. Regional emergency medical services and trauma care councils are established. The councils shall:

(1) By June 1990, begin the development of regional emergency medical services and trauma care plans to:

(a) Assess and analyze regional emergency medical services and trauma care needs;

(c) Identify specific activities necessary to meet statewide standards and patient care outcomes and develop a plan of implementation for regional compliance;

(d) Establish and review agreements with regional providers necessary to meet state standards;

(e) Establish agreements with providers outside the region to facilitate patient transfer;

(f) Include a regional budget;

(g) Establish the number and level of facilities to be designated which are consistent with state standards and based upon availability of resources and the distribution of trauma within the region;

(h) Identify the need for and recommend distribution and level of care of prehospital services to assure adequate availability and avoid inefficient duplication and lack of coordination of prehospital services within the region; and

(i) Include other specific elements defined by the department;

(2) By June 1991, begin the submission of the regional emergency services and trauma care plan to the department;

(3) Advise the department on matters relating to the delivery of emergency medical services and trauma care within the region;

(4) Provide data required by the department to assess the effectiveness of the emergency medical services and trauma care system;

(5) May apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including any activities related to the design, maintenance, or enhancements of the emergency medical services and trauma care system in the region. The councils shall report in the regional budget the amount, source, and purpose of all gifts and payments. [1990 c 269 § 13.]

70.168.110 Planning and service regions. The department shall designate at least eight emergency medical services and trauma care planning and service regions so that all parts of the state are within such an area. These regional designations are to be made on the basis of efficiency of delivery of needed emergency medical services and trauma care. [1990 c 269 § 14; 1987 c 214 § 4; 1973 1st ex.s. c 208 § 6. Formerly RCW 18.73.060.]

70.168.120 Local and regional emergency medical services and trauma care councils—Power and duties. (1) A county or group of counties may create a local emergency medical services and trauma care council composed of representatives of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement officials, and local government agencies involved in the delivery of emergency medical services and trauma care.

(2) The department shall establish regional emergency medical services and trauma care councils and shall appoint members to be comprised of a balance of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement representatives, and local government agencies involved in the delivery of trauma care and emergency medical services recommended by the local emergency medical services and trauma care councils within the region.

(3) Local emergency medical services and trauma care councils shall review, evaluate, and provide recommendations to the regional emergency medical services and trauma care council regarding the provision of emergency medical services and trauma care in the region, and provide recommendations to the regional emergency medical services and trauma care councils on the plan for emergency medical services and trauma care. [1990 c 269 § 15; 1987 c 214 § 6; 1983 c 112 § 8. Formerly RCW 18.73.073.]

70.168.130 Disbursement of funds to regional emergency medical services and trauma care councils—Grants to nonprofit agencies—Purposes. (1) The department, with the assistance of the emergency medical services and trauma care steering committee, shall adopt a program for the disbursement of funds for the development, implementation, and enhancement of the emergency medical ser-

vices and trauma care system. Under the program, the department shall disburse funds to each emergency medical services and trauma care regional council, or their chosen fiscal agent or agents, which shall be city or county governments, stipulating the purpose for which the funds shall be expended. The regional emergency medical services and trauma care council shall use such funds to make available matching grants in an amount not to exceed fifty percent of the cost of the proposal for which the grant is made; provided, the department may waive or modify the matching requirement if it determines insufficient local funding exists and the public health and safety would be jeopardized if the proposal were not funded. Grants shall be made to any public or private nonprofit agency which, in the judgment of the regional emergency medical services and trauma care council, will best fulfill the purpose of the grant.

(2) Grants may be awarded for any of the following purposes:

(a) Establishment and initial development of an emergency medical services and trauma care system;

(b) Expansion and improvement of an emergency medical services and trauma care system;

(c) Purchase of equipment for the operation of an emergency medical services and trauma care system;

(d) Training and continuing education of emergency medical and trauma care personnel; and

(e) Department approved research and development activities pertaining to emergency medical services and trauma care.

(3) Any emergency medical services agency or trauma care provider which receives a grant shall stipulate that it will:

(a) Operate in accordance with applicable provisions and standards required under this chapter;

(b) Provide, without prior inquiry as to ability to pay, emergency medical and trauma care to all patients requiring such care; and

(c) Be consistent with applicable provisions of the regional emergency medical services and trauma care plan and the statewide emergency medical services and trauma care system plan. [1990 c 269 § 16; 1987 c 214 § 8; 1979 ex.s. c 261 § 8. Formerly RCW 18.73.085.]

70.168.135 Grant program for designated trauma care services—Rules. The department shall establish by rule a grant program for designated trauma care services. The grants shall be made from the emergency medical services and trauma care system trust account and shall require regional matching funds. The trust account funds and regional match shall be in a seventy-five to twenty-five percent ratio. [1997 c 331 § 1.]

Effective date—1997 c 331: "Sections 1 through 8 of this act take effect January 1, 1998." [1997 c 331 § 11.]

70.168.140 Prehospital provider liability. (1) No act or omission of any prehospital provider done or omitted in good faith while rendering emergency medical services in accordance with the approved regional plan shall impose any liability upon that provider.

(2) This section does not apply to the commission or omission of an act which is not within the field of the medical expertise of the provider.

(3) This section does not relieve a provider of any duty otherwise imposed by law.

(4) This section does not apply to any act or omission which constitutes gross negligence or willful or wanton misconduct.

(5) This section applies in addition to provisions already established in RCW 18.71.210. [1990 c 269 § 26.]

70.168.900 Short title. This chapter shall be known and cited as the "statewide emergency medical services and trauma care system act." [1990 c 269 § 2.]

70.168.901 Severability—1990 c 269. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 269 § 30.]

Hospital discharge data—Financial reports—Data retrieval—American Indian health data: RCW 43.70.052.

70.170.010 Intent. (1) The legislature finds and declares that there is a need for health care information that helps the general public understand health care issues and how they can be better consumers and that is useful to purchasers, payers, and providers in making health care choices and negotiating payments. It is the purpose and intent of this chapter to establish a hospital data collection, storage, and retrieval system which supports these data needs and which also provides public officials and others engaged in the development of state health policy the information necessary for the analysis of health care issues.

(2) The legislature finds that rising health care costs and access to health care services are of vital concern to the people of this state. It is, therefore, essential that strategies be explored that moderate health care costs and promote access to health care services.

(3) The legislature further finds that access to health care is among the state's goals and the provision of such care should be among the purposes of health care providers and facilities. Therefore, the legislature intends that charity care requirements and related enforcement provisions for hospitals be explicitly established.

(4) The lack of reliable statistical information about the delivery of charity care is a particular concern that should be addressed. It is the purpose and intent of this chapter to

(2004 Ed.)

require hospitals to provide, and report to the state, charity care to persons with acute care needs, and to have a state agency both monitor and report on the relative commitment of hospitals to the delivery of charity care services, as well as the relative commitment of public and private purchasers or payers to charity care funding. [1989 1st ex.s. c 9 § 501.]

70.170.020 Definitions. As used in this chapter:

(1) "Department" means department of health.

(2) "Hospital" means any health care institution which is required to qualify for a license under *RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW.

(3) "Secretary" means secretary of health.

(4) "Charity care" means necessary hospital health care rendered to indigent persons, to the extent that the persons are unable to pay for the care or to pay deductibles or co-insurance amounts required by a third-party payer, as determined by the department.

(5) "Sliding fee schedule" means a hospital-determined, publicly available schedule of discounts to charges for persons deemed eligible for charity care; such schedules shall be established after consideration of guidelines developed by the department.

(6) "Special studies" means studies which have not been funded through the department's biennial or other legislative appropriations. [1995 c 269 § 2203; 1989 1st ex.s. c 9 § 502.]

***Reviser's note:** RCW 70.41.020 was amended by 2002 c 116 § 2, changing subsection (2) to subsection (4).

Effective date—1995 c 269: See note following RCW 9.94A.850.

Part headings not law—Severability—1995 c 269: See notes following RCW 13.40.005.

70.170.050 Requested studies—Costs. The department shall have the authority to respond to requests of others for special studies or analysis. The department may require such sponsors to pay any or all of the reasonable costs associated with such requests that might be approved, but in no event may costs directly associated with any such special study be charged against the funds generated by the assessment authorized under RCW 70.170.080. [1989 1st ex.s. c 9 § 505.]

70.170.060 Charity care—Prohibited and required hospital practices and policies—Rules—Department to monitor and report. (1) No hospital or its medical staff shall adopt or maintain admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is, or is likely to be, less than the anticipated charges for or costs of such services; or

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital.

(2) No hospital shall adopt or maintain practices or policies which would deny access to emergency care based on ability to pay. No hospital which maintains an emergency

department shall transfer a patient with an emergency medical condition or who is in active labor unless the transfer is performed at the request of the patient or is due to the limited medical resources of the transferring hospital. Hospitals must follow reasonable procedures in making transfers to other hospitals including confirmation of acceptance of the transfer by the receiving hospital.

(3) The department shall develop definitions by rule, as appropriate, for subsection (1) of this section and, with reference to federal requirements, subsection (2) of this section. The department shall monitor hospital compliance with subsections (1) and (2) of this section. The department shall report individual instances of possible noncompliance to the state attorney general or the appropriate federal agency.

(4) The department shall establish and maintain by rule, consistent with the definition of charity care in RCW 70.170.020, the following:

(a) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(b) A definition of residual bad debt including reasonable and uniform standards for collection procedures to be used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

(5) For the purpose of providing charity care, each hospital shall develop, implement, and maintain a charity care policy which, consistent with subsection (1) of this section, shall enable people below the federal poverty level access to appropriate hospital-based medical services, and a sliding fee schedule for determination of discounts from charges for persons who qualify for such discounts by January 1, 1990. The department shall develop specific guidelines to assist hospitals in setting sliding fee schedules required by this section. All persons with family income below one hundred percent of the federal poverty standard shall be deemed charity care patients for the full amount of hospital charges, provided that such persons are not eligible for other private or public health coverage sponsorship. Persons who may be eligible for charity care shall be notified by the hospital.

(6) Each hospital shall make every reasonable effort to determine the existence or nonexistence of private or public sponsorship which might cover in full or part the charges for care rendered by the hospital to a patient; the family income of the patient as classified under federal poverty income guidelines; and the eligibility of the patient for charity care as defined in this chapter and in accordance with hospital policy. An initial determination of sponsorship status shall precede collection efforts directed at the patient.

(7) The department shall monitor the distribution of charity care among hospitals, with reference to factors such as relative need for charity care in hospital service areas and trends in private and public health coverage. The department shall prepare reports that identify any problems in distribution which are in contradiction of the intent of this chapter. The report shall include an assessment of the effects of the provisions of this chapter on access to hospital and health care services, as well as an evaluation of the contribution of all purchasers of care to hospital charity care.

(8) The department shall issue a report on the subjects addressed in this section at least annually, with the first report due on July 1, 1990. [1998 c 245 § 118; 1989 1st ex.s. c 9 § 506.]

70.170.070 Penalties. (1) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (5) or (6), 70.170.080, or *70.170.100, or any valid orders or rules adopted pursuant to these sections, or who fails to perform any act which it is herein made his or her duty to perform, shall be guilty of a misdemeanor. Following official notice to the accused by the department of the existence of an alleged violation, each day of noncompliance upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. The department has authority to levy civil penalties not exceeding one thousand dollars for violations of this chapter and determined pursuant to this section.

(2) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (1) or (2), or any valid orders or rules adopted pursuant to such section, or who fails to perform any act which it is herein made his or her duty to perform, shall be subject to the following criminal and civil penalties:

(a) For any initial violations: The violating person shall be guilty of a misdemeanor, and the department may impose a civil penalty not to exceed one thousand dollars as determined pursuant to this section.

(b) For a subsequent violation of RCW 70.170.060 (1) or (2) within five years following a conviction: The violating person shall be guilty of a misdemeanor, and the department may impose a penalty not to exceed three thousand dollars as determined pursuant to this section.

(c) For a subsequent violation with intent to violate RCW 70.170.060 (1) or (2) within five years following a conviction: The criminal and civil penalties enumerated in (a) of this subsection; plus up to a three-year prohibition against the issuance of tax exempt bonds under the authority of the Washington health care facilities authority; and up to a three-year prohibition from applying for and receiving a certificate of need.

(d) For a violation of RCW 70.170.060 (1) or (2) within five years of a conviction under (c) of this subsection: The criminal and civil penalties and prohibition enumerated in (a) and (b) of this subsection; plus up to a one-year prohibition from participation in the state medical assistance or medical care services authorized under chapter 74.09 RCW.

(3) The provisions of chapter 34.05 RCW shall apply to all noncriminal actions undertaken by the department of health, the department of social and health services, and the Washington health care facilities authority pursuant to chapter 9, Laws of 1989 1st ex. sess. [1989 1st ex.s. c 9 § 507.]

***Reviser's note:** RCW 70.170.100 was repealed by 1995 c 265 § 27 and by 1995 c 267 § 12, effective July 1, 1995.

70.170.080 Assessments—Costs. The basic expenses for the hospital data collection and reporting activities of this chapter shall be financed by an assessment against hospitals of no more than four one-hundredths of one percent of each hospital's gross operating costs, to be levied and collected from and after that date, upon which the similar assessment levied under *chapter 70.39 RCW is terminated, for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit must be financed by a

general fund appropriation by the legislature. All moneys collected under this section shall be deposited by the state treasurer in the hospital data collection account which is hereby created in the state treasury. The department may also charge, receive, and dispense funds or authorize any contractor or outside sponsor to charge for and reimburse the costs associated with special studies as specified in RCW 70.170.050.

During the 1993-1995 fiscal biennium, moneys in the hospital data collection account may be expended, pursuant to appropriation, for hospital data analysis and the administration of the health information program.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the department in succeeding years. [1993 sp.s. c 24 § 925; 1991 sp.s. c 13 § 71; 1989 1st ex.s. c 9 § 508.]

***Reviser's note:** Chapter 70.39 RCW was repealed by 1982 c 223 § 10, effective June 30, 1990.

Rural health access account: RCW 43.70.325.

Rural hospitals: RCW 70.38.105, 70.38.111, 70.41.090.

Rural public hospital districts: RCW 70.44.450.

70.175.010 Legislative findings. (1) The legislature declares that availability of health services to rural citizens is an issue on which a state policy is needed.

The legislature finds that changes in the demand for health care, in reimbursement policies of public and private

purchasers, [and] in the economic and demographic conditions in rural areas threaten the availability of care services.

In addition, many factors inhibit needed changes in the delivery of health care services to rural areas which include inappropriate and outdated regulatory laws, aging and inefficient health care facilities, the absence of local planning and coordination of rural health care services, the lack of community understanding of the real costs and benefits of supporting rural hospitals, the lack of regional systems to assure access to care that cannot be provided in every community, and the absence of state health care policy objectives.

The legislature further finds that the creation of effective health care delivery systems that assure access to health care services provided in an affordable manner will depend on active local community involvement. It further finds that it is the duty of the state to create a regulatory environment and health care payment policy that promotes innovation at the local level to provide such care.

It further declares that it is the responsibility of the state to develop policy that provides direction to local communities with regard to such factors as a definition of health care services, identification of statewide health status outcomes, clarification of state, regional, [and] community responsibilities and interrelationships for assuring access to affordable health care and continued assurances that quality health care services are provided.

(2) The legislature further finds that many rural communities do not operate hospitals in a cost-efficient manner. The cost of operating the rural hospital often exceeds the revenues generated. Some of these hospitals face closure, which may result in the loss of health care services for the community. Many communities are struggling to retain health care services by operating a cost-efficient facility located in the community. Current regulatory laws do not provide for the facilities licensure option that is appropriate for rural areas. A major barrier to the development of an appropriate rural licensure model is federal medicare approval to guarantee reimbursement for the costs of providing care and operating the facility. Medicare certification typically elaborates upon state licensure requirements. Medicare approval of reimbursement is more likely if the state has developed legal criteria for a rural-appropriate health facility. Medicare has begun negotiations with other states facing similar problems to develop exceptions with the goal of allowing reimbursement of rural alternative health care facilities. It is in the best interests of rural citizens for Washington state to begin negotiations with the federal government with the objective of designing a medicare eligible rural health care facility structured to meet the health care needs of rural Washington and be eligible for federal and state financial support for its development and operation. [1989 1st ex.s. c 9 § 701.]

(1) The department shall establish the Washington rural health system project to provide financial and technical assistance to participants. The goal of the project is to help assure access to affordable health care services to citizens in the rural areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts,

including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(5) In designing and implementing the project the secretary shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the secretary to follow any specific recommendation contained in that report except as it may also be included in this chapter. [1994 sp.s. c 9 § 806; 1989 1st ex.s. c 9 § 703.]

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

All rules and procedures adopted by the department shall minimize paperwork and compliance requirements for participants and should not be complex in nature so as to serve as a barrier or disincentive for prospective participants applying for the project. [1989 1st ex.s. c 9 § 704.]

70.175.050 Secretary's powers and duties. The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Project sites that receive seed grant funding may hire consultants and shall perform other activities necessary to meet participant requirements defined in this chapter. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) where a financially vulnerable health care facility is present, (c) where a financially vulnerable health care facility is present and an adjoining community in the same catchment area has a competing facility, or (d) where improvements in the delivery of primary care services, including preventive care services, is needed.

The department may obtain technical assistance support for project sites that are not selected to be funded sites. The secretary shall select these assisted project sites based upon merit and to the extent possible, based upon the desire to address specific health status outcomes;

(2) To design acceptable outcome measures which are based upon health status outcomes and are to be part of the community plan, to work with communities to set acceptable local outcome targets in the health care delivery system strategic plan, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve community strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

(4) To define health care catchment areas, identify financially vulnerable health care facilities, and to identify rural populations which are not receiving adequate health care services;

(6) To develop outcome measures to assess the long-term effectiveness of modifications initiated through the project;

(7) To write a health care delivery system strategic plan including to the extent possible, identification of outcome measures needed to achieve health status outcomes identified in the plan. New organizational structures created should integrate existing programs and activities of local health providers so as to maximize the efficient planning and delivery of health care by local providers and promote more accessible and affordable health care services to rural citizens. Participants should create health care delivery system strategic plans which promote health care services which the participant can financially sustain;

(8) To screen and contract with consultants for technical assistance if the project site was selected to receive funding and assistance is needed;

(9) To monitor and evaluate the project in an ongoing manner;

(10) To implement necessary changes as defined in the plans such as converting existing facilities, developing or modifying services, recruiting providers, or obtaining agree-

70.175.090 Participants authorized to contract—Penalty—Secretary and state exempt from liability. (1) Participants are authorized to use funding granted to them by the secretary for the purpose of contracting for technical assistance services. Participants shall use only consultants identified by the secretary for consulting services unless the participant can show that an alternative consultant is qualified to provide technical assistance and is approved by the secretary. Adequate records shall be kept by the participant showing project site expenditures from grant moneys. Inappropriate use of grant funding shall be a gross misdemeanor.

(2) In providing a list of qualified consultants the secretary and the state shall not be held responsible for assuring qualifications of consultants and shall be held harmless for the actions of consultants. Furthermore, the secretary and the state shall not be held liable for the failure of participants to meet contractual obligations established in connection with project participation. [1989 1st ex.s. c 9 § 709.]

70.175.100 Licensure—Rules. (1) The department shall establish and adopt such standards and rules pertaining to the construction, maintenance, and operation of a rural health care facility and the scope of health care services, and rescind, amend, or modify the rules from time to time as necessary in the public interest. In developing the rules, the department shall consult with representatives of rural hospitals, community mental health centers, public health depart-

ments, community and migrant health clinics, and other providers of health care in rural communities. The department shall also consult with third-party payers, consumers, local officials, and others to ensure broad participation in defining regulatory standards and requirements that are appropriate for a rural health care facility.

(2) When developing the rural health care facility licensure rules, the department shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the department to follow any specific recommendation contained in that report except as it may also be included in this chapter.

(3) Upon developing rules, the department shall enter into negotiations with appropriate federal officials to seek medicare approval of the facility and financial participation of medicare and other federal programs in developing and operating the rural health care facility. [1998 c 245 § 119; 1989 1st ex.s. c 9 § 710.]

(5) Permit regionalization of health care services when appropriate;

(6) Provide for linkages with hospitals, tertiary care centers, and other health care facilities to provide services not available in the facility; and

(7) Achieve health care outcomes defined by the community through a community planning process. [1989 1st ex.s. c 9 § 711.]

70.175.120 Rural health care facility not a hospital. The rural health care facility is not considered a hospital for building occupancy purposes. [1989 1st ex.s. c 9 § 712.]

70.175.130 Rural health care plan. The department may develop and implement a rural health care plan and may approve hospital and rural health care facility requests to be designated as essential access community hospitals or rural primary care hospitals so that such facilities may form rural health networks to preserve health care services in rural areas and thereby be eligible for federal program funding and enhanced medicare reimbursement. The department may monitor any rural health care plan and designated facilities to assure continued compliance with the rural health care plan. [1992 c 27 § 4; 1990 c 271 § 18.]

Rural health access account: RCW 43.70.325.

Rural public hospital districts: RCW 70.44.450.

70.180.005 Finding—Health care professionals. The legislature finds that a health care access problem exists in rural areas of the state because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community. [1991 c 332 § 27; 1990 c 271 § 1.]

Application to scope of practice—Captions not law—1991 c 332: See notes following RCW 18.130.010.

70.180.009 Finding—Rural training opportunities. The legislature finds that a shortage of physicians, nurses, pharmacists, and physician assistants exists in rural areas of the state. In addition, many education programs to train these health care providers do not include options for practical training experience in rural settings. As a result, many health care providers find their current training does not prepare them for the unique demands of rural practice.

The legislature declares that the availability of rural training opportunities as a part of professional medical, nursing, pharmacist, and physician assistant education would provide needed practical experience, serve to attract providers to rural areas, and help address the current shortage of these providers in rural Washington. [1990 c 271 § 14.]

70.180.011 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Rural areas" means a rural area in the state of Washington as identified by the department. [1991 c 332 § 29.]

Application to scope of practice—Captions not law—1991 c 332: See notes following RCW 18.130.010.

70.180.020 Health professional temporary substitute resource pool. The department shall establish or contract for a health professional temporary substitute resource pool. The purpose of the pool is to provide short-term physician, physician assistant, pharmacist, and advanced registered nurse practitioner personnel to rural communities where these health care providers:

(1) Are unavailable due to provider shortages;

(2) Need time off from practice to attend continuing education and other training programs; and

(3) Need time off from practice to attend to personal matters or recover from illness.

The health professional temporary substitute resource pool is intended to provide short-term assistance and should complement active health provider recruitment efforts by rural communities where shortages exist. [1994 c 103 § 1; 1990 c 271 § 2.]

70.180.030 Registry of health care professionals available to rural communities—Conditions of participation. (1) The department, in cooperation with the University of Washington school of medicine, the state's registered nursing programs, the state's pharmacy programs, and other appropriate public and private agencies and associations, shall develop and keep current a register of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners who are available to practice on a short-term basis in rural communities of the state. The department shall list only individuals who have a valid license to practice. The register shall be compiled and made available to all rural hospitals, public health departments and districts, rural pharmacies, and other appropriate public and private agencies and associations.

(2) Eligible health care professionals are those licensed under chapters 18.57, 18.57A, 18.64, 18.71, and 18.71A RCW and advanced registered nurse practitioners licensed under chapter 18.79 RCW.

(3) Participating sites may:

(a) Receive reimbursement for substitute provider travel to and from the rural community and for lodging at a rate determined under RCW 43.03.050 and 43.03.060; and

(b) Receive reimbursement for the cost of malpractice insurance if the services provided are not covered by the substitute provider's or local provider's existing medical malpractice insurance. Reimbursement for malpractice insurance shall only be made available to sites that incur additional costs for substitute provider coverage.

(4) The department may require rural communities to participate in health professional recruitment programs as a condition for providing a temporary substitute health care professional if the community does not have adequate permanent health care personnel. To the extent deemed appropriate

and subject to funding, the department may also require communities to participate in other programs or projects, such as the rural health system project authorized in chapter 70.175 RCW, that are designed to assist communities to reorganize the delivery of rural health care services.

(5) A participating site may receive reimbursement for substitute provider assistance as provided for in subsection (3) of this section for up to ninety days during any twelve-month period. The department may modify or waive this limitation should it determine that the health and safety of the community warrants a waiver or modification.

(6) Participating sites shall:

(a) Be responsible for all salary expenses for the temporary substitute provider.

(b) Provide the temporary substitute provider with referral and back-up coverage information. [1994 sp.s. c 9 § 746; 1994 c 103 § 2; 1990 c 271 § 3.]

Reviser's note: This section was amended by 1994 c 103 § 2 and by 1994 sp.s. c 9 § 746, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

70.180.040 Request procedure—Acceptance of gifts.

(1) Requests for a temporary substitute health care professional may be made to the department by the certified health plan, local rural hospital, public health department or district, community health clinic, local practicing physician, physician assistant, pharmacist, or advanced registered nurse practitioner, or local city or county government.

(2) The department may provide directly or contract for services to:

(a) Establish a manner and form for receiving requests;

(b) Minimize paperwork and compliance requirements for participant health care professionals and entities requesting assistance; and

(c) Respond promptly to all requests for assistance.

(3) The department may apply for, receive, and accept gifts and other payments, including property and services, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts to operate the pool. The department shall make available upon request to the appropriate legislative committees information concerning the source, amount, and use of such gifts or payments. [1994 c 103 § 3; 1990 c 271 § 4.]

70.180.110 Rural training opportunities—Plan development. (1) The department, in consultation with at least the higher education coordinating board, the state board for community and technical colleges, the superintendent of public instruction, and state-supported education programs in medicine, pharmacy, and nursing, shall develop a plan for increasing rural training opportunities for students in medicine, pharmacy, and nursing. The plan shall provide for direct exposure to rural health professional practice conditions for students planning careers in medicine, pharmacy, and nursing.

(2) The department and the medical, pharmacy, and nurse education programs shall:

(a) Inventory existing rural-based clinical experience programs, including internships, clerkships, residencies, and other training opportunities available to students pursuing degrees in nursing, pharmacy, and medicine;

(b) Identify where training opportunities do not currently exist and are needed;

(c) Develop recommendations for improving the availability of rural training opportunities;

(d) Develop recommendations on establishing agreements between education programs to assure that all students in medical, pharmacist, and nurse education programs in the state have access to rural training opportunities; and

(e) Review private and public funding sources to finance rural-based training opportunities. [1998 c 245 § 120; 1990 c 271 § 15.]

70.180.120 Midwifery—Statewide plan. The department, in consultation with training programs that lead to licensure in midwifery and certification as a certified nurse midwife, and other appropriate private and public groups, shall develop a statewide plan to address access to midwifery services.

The plan shall include at least the following: (1) Identification of maternity service shortage areas in the state where midwives could reduce the shortage of services; (2) an inventory of current training programs and preceptorship activities available to train licensed and certified nurse midwives; (3) identification of gaps in the availability of training due to such factors as geographic or economic conditions that prevent individuals from seeking training; (4) identification of other barriers to utilizing midwives; (5) identification of strategies to train future midwives such as developing training programs at community colleges and universities, using innovative telecommunications for training in rural areas, and establishing preceptorship programs accessible to prospective midwives in shortage areas; (6) development of recruitment strategies; and (7) estimates of expected costs associated in recruitment and training.

The plan shall identify the most expeditious and cost-efficient manner to recruit and train midwives to meet the current shortages. Plan development and implementation shall be coordinated with other state policy efforts directed toward, but not limited to, maternity care access, rural health care system organization, and provider recruitment for shortage and medically underserved areas of the state. [1998 c 245 § 121; 1990 c 271 § 16.]

70.180.130 Expenditures, funding. Any additional expenditures incurred by the University of Washington from provisions of chapter 271, Laws of 1990 shall be funded from existing financial resources. [1990 c 271 § 28.]

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic

medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(f) Implements the plan, with the exception of the expansion of the family practice residency network, within current biennial appropriations for the University of Washington school of medicine.

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993." [1993 c 492 § 279.]

70.185.040 Rules. The department shall adopt rules consistent with this chapter to carry out the purpose of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. All rules and procedures adopted by the department shall minimize paperwork and compliance requirements for participants and should not be complex in nature so as to serve as a barrier or disincentive for prospective participants applying for the project. [1991 c 332 § 10.]

70.185.050 Secretary's powers and duties. The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Subject to funding, project sites shall be selected that are eligible to receive funding. Funding shall be used to hire consultants and perform other activities necessary to meet participant requirements under this chapter. The secretary shall require at least fifty percent matching funds or in-kind contributions from participants. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) recruitment and retention problems have been chronic, (c) the community is in need of primary care practitioners, or (d) the community has unmet health care needs for specific target populations;

(2) To design acceptable health care professional recruitment and retention strategic plans, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

(4) To identify existing private and public resources that may serve as eligible consultants, identify technical assistance resources for communities in the project, create a register of public and private technical resource services available, and provide the register to participants. The secretary shall screen consultants to determine their qualifications prior to including them on the register;

(5) To work with other state agencies, institutions of higher education, and other public and private organizations to coordinate technical assistance services for participants;

(6) To administer available funds for community use while participating in the project and establish procedures to

assure accountability in the use of seed grant funds by participants;

(7) To define data and other minimum requirements for adequate evaluation of projects and to develop and implement an overall monitoring and evaluation mechanism for the projects;

(8) To act as facilitator for multiple applicants and entrants to the project;

(9) To report to the appropriate legislative committees and others from time to time on the progress of the projects including the identification of statutory and regulatory barriers to successful completion of rural health care delivery goals and an ongoing evaluation of the project. [1991 c 332 § 11.]

70.185.060 Duties and responsibilities of participating communities. The duties and responsibilities of participating communities shall include:

(1) To involve major health care providers, businesses, public officials, and other community leaders in project design, administration, and oversight;

(2) To identify an individual or organization to serve as the local administrator of the project. The secretary may require the local administrator to maintain acceptable accountability of seed grant funding;

(3) To coordinate and avoid duplication of public health and other health care services;

(4) To assess and analyze community health care professional needs;

(5) To write a health care professional recruitment and retention strategic plan;

(6) To screen and contract with consultants for technical assistance if the project site was selected to receive funding and assistance is needed;

(7) To monitor and evaluate the project in an ongoing manner;

(8) To provide data and comply with other requirements of the administrator that are intended to evaluate the effectiveness of the projects;

(9) To assure that specific populations with unmet health care needs have access to services. [1991 c 332 § 12.]

70.185.070 Cooperation of state agencies. (1) The secretary may call upon other agencies of the state to provide available information to assist the secretary in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(2) The secretary may call upon other state agencies including institutions of higher education as authorized under Titles 28A and 28B RCW to identify and coordinate the delivery of technical assistance services to participants in meeting the responsibilities of this chapter. The state agencies, vocational-technical institutions, and institutions of higher education shall cooperate and provide technical assistance to the secretary to the extent that current funding for these entities permits. [1991 c 332 § 13.]

70.185.080 Participants authorized to contract—Penalty—Secretary and state exempt from liability. (1) Participants are authorized to use funding granted to them by

[Title 70 RCW—page 434]

the secretary for the purpose of contracting for technical assistance services. Participants shall use only consultants identified by the secretary for consulting services unless the participant can show that an alternative consultant is qualified to provide technical assistance and is approved by the secretary. Adequate records shall be kept by the participant showing project site expenditures from grant moneys. Inappropriate use of grant funding is a gross misdemeanor and shall incur the penalties under chapter 9A.20 RCW.

(2) In providing a list of qualified consultants the secretary and the state shall not be held responsible for assuring qualifications of consultants and shall be held harmless for the actions of consultants. Furthermore, the secretary and the state shall not be held liable for the failure of participants to meet contractual obligations established in connection with project participation. [1991 c 332 § 14.]

70.185.090 Community contracted student educational positions. (1) The department may develop a mechanism for underserved rural or urban communities to contract with education and training programs for student positions above the full time equivalent lids. The goal of this program is to provide additional capacity, educating students who will practice in underserved communities.

(2) Eligible education and training programs are those programs approved by the department that lead to eligibility for a credential as a credentialed health care professional. Eligible professions are those licensed under chapters 18.36A, 18.57, 18.57A, 18.71, and 18.71A RCW and advanced registered nurse practitioners and certified nurse midwives licensed under *chapter 18.88 RCW, and may include other providers identified as needed in the health personnel resource plan.

(3) Students participating in the community contracted educational positions shall meet all applicable educational program requirements and provide assurances, acceptable to the community, that they will practice in the sponsoring community following completion of education and necessary licensure.

(4) Participants in the program incur an obligation to repay any contracted funds with interest set by state law, unless they serve at least three years in the sponsoring community.

(5) The department may provide funds to communities for use in contracting. [1993 c 492 § 274.]

areas of the state. The center shall assist in the development and operation of health personnel recruitment and retention programs that are consistent with activities authorized under this chapter. 70.190.005 Purpose. The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit.

However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help reconstruct family and community networks to assist in meeting the needs of children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of

these services will be enhanced through the adoption of an approach that allows communities to prioritize and coordinate services to meet their local needs. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals' problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family's needs.

The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children and (2) to improve the responsiveness of services for children and families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies. [1994 sp.s. c 7 § 301; 1992 c 198 § 1.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(3) "At-risk" children are children who engage in or are victims of at-risk behaviors.

(4) "At-risk behaviors" means violent delinquent acts, teen substance abuse, teen pregnancy and male parentage, teen suicide attempts, dropping out of school, child abuse or neglect, and domestic violence.

(5) "Community public health and safety networks" or "networks" means the organizations authorized under RCW 70.190.060.

(7) "Participating state agencies" means the office of the superintendent of public instruction, the department of social and health services, the department of health, the employment security department, the department of community, trade, and economic development, and such other departments as may be specifically designated by the governor.

(11) "Matching funds" means an amount no less than twenty-five percent of the amount budgeted for a network. The network's matching funds may be in-kind goods and services. Funding sources allowable for match include appropriate federal or local levy funds, private charitable funding, and other charitable giving. Basic education funds shall not be used as a match. State general funds shall not be used as a match for violence reduction and drug enforcement account funds created under RCW 69.50.520.

(12) "Policy development" has the same meaning as provided in RCW 43.70.010.

(14) "Risk factors" means those factors determined by the department of health to be empirically associated with at-risk behaviors that contribute to violence. [1996 c 132 § 2; 1995 c 399 § 200; 1992 c 198 § 3.]

Intent—Construction—1996 c 132: "It is the intent of this act only to make minimal clarifying, technical, and administrative revisions to the laws concerning community public health and safety networks and to the related agencies responsible for implementation of the networks. This act is not intended to change the scope of the duties or responsibilities, nor to undermine the underlying policies, set forth in chapter 7, Laws of 1994 sp. sess." [1996 c 132 § 1.]

Severability—1996 c 132: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1996 c 132 § 10.]

70.190.020 Consolidate efforts of existing entities. To the extent that any power or duty of the council may duplicate efforts of existing councils, commissions, advisory committees, or other entities, the governor is authorized to take necessary actions to eliminate such duplication. This shall include authority to consolidate similar councils or activities in a manner consistent with the goals of this chapter. [1994 sp.s. c 7 § 315; 1992 c 198 § 4.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.030 Proposals to facilitate services at the community level. The council shall annually solicit from community networks proposals to facilitate greater flexibility, coordination, and responsiveness of services at the community level. The council shall consider such proposals only if:

(1) A comprehensive plan has been prepared by the community networks;

(2) The community network has identified and agreed to contribute matching funds as specified in RCW 70.190.010;

(3) An interagency agreement has been prepared by the council and the participating local service and support agencies that governs the use of funds, specifies the relationship of the project to the principles listed in RCW 74.14A.025, and identifies specific outcomes and indicators; and

(4) The community network has designed into its comprehensive plan standards for accountability. Accountability standards include, but are not limited to, the public hearing process eliciting public comment about the appropriateness of the proposed comprehensive plan. The community network must submit reports to the council outlining the public response regarding the appropriateness and effectiveness of the comprehensive plan. [1994 sp.s. c 7 § 316; 1992 c 198 § 5.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.040 Finding—Grants to improve readiness to learn. (1) The legislature finds that helping children to arrive at school ready to learn is an important part of improving student learning.

(2) To the extent funds are appropriated, the family policy council shall award grants to community-based consortiums that submit comprehensive plans that include strategies to improve readiness to learn. [1993 c 336 § 901.]

Findings—Intent—Part headings not law—1993 c 336: See notes following RCW 28A.150.210.

Findings—1993 c 336: See note following RCW 28A.150.210.

70.190.050 Community networks—Outcome evaluation. (1) The Washington state institute for public policy shall conduct or contract for monitoring and tracking of the implementation of chapter 7, Laws of 1994 sp. sess. to determine whether these efforts result in a measurable reduction of violence. The institute shall also conduct or contract for an evaluation of the effectiveness of the community public health and safety networks in reducing the rate of at-risk youth through reducing risk factors and increasing protective factors. The evaluation plan shall result in statistically valid evaluation at both statewide and community levels.

(2) Starting five years after the initial grant to a community network, if the community network fails to meet the outcome standards and goals in any two consecutive years, the institute shall make recommendations to the legislature concerning whether the funds received by that community network should revert back to the originating agency. In making this determination, the institute shall consider the adequacy of the level of intervention relative to the risk factors in the community and any external events having a significant impact on risk factors or outcomes.

(3) The outcomes required under this chapter and social development standards and measures established by the

department of health under RCW 43.70.555 shall be used in conducting the outcome evaluation of the community networks. [1998 c 245 § 122; 1994 sp.s. c 7 § 207.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.060 Community networks—Legislative intent—Membership—Open meetings. (1) The legislature authorizes community public health and safety networks to reconnect parents and other citizens with children, youth, families, and community institutions which support health and safety. The networks have only those powers and duties expressly authorized under this chapter. The networks should empower parents and other citizens by being a means of expressing their attitudes, spirit, and perspectives regarding safe and healthy family and community life. The legislature intends that parent and other citizen perspectives exercise a controlling influence over policy and program operations of professional organizations concerned with children and family issues within networks in a manner consistent with the Constitution and state law. It is not the intent of the legislature that health, social service, or educational professionals dominate community public health and safety network processes or programs, but rather that these professionals use their skills to lend support to parents and other citizens in expressing their values as parents and other citizens identify community needs and establish community priorities. To this end, the legislature intends full participation of parents and other citizens in community public health and safety networks. The intent is that local community values are reflected in the operations of the network.

(2) A group of persons described in subsection (3) of this section may apply to be a community public health and safety network.

(3) Each community public health and safety network shall be composed of twenty-three people, thirteen of whom shall be citizens who live within the network boundary with no fiduciary interest. In selecting these members, first priority shall be given to members of community mobilization advisory boards, city or county children's services commissions, human services advisory boards, or other such organizations. The thirteen persons shall be selected as follows: Three by chambers of commerce, three by school board members, three by county legislative authorities, three by city legislative authorities, and one high school student, selected by student organizations. The remaining ten members shall live or work within the network boundary and shall include local representation selected by the following groups and entities: Cities; counties; federally recognized Indian tribes; parks and recreation programs; law enforcement agencies; state children's service workers; employment assistance workers; private social service providers, broad-based non-secular organizations, or health service providers; and public education.

(4) Each of the twenty-three people who are members of each community public health and safety network must sign an annual declaration under penalty of perjury or a notarized statement that clearly, in plain and understandable language, states whether or not he or she has a fiduciary interest. If a member has a fiduciary interest, the nature of that interest

must be made clear, in plain understandable language, on the signed statement.

(5) Members of the network shall serve terms of three years.

The terms of the initial members of each network shall be as follows: (a) One-third shall serve for one year; (b) one-third shall serve for two years; and (c) one-third shall serve for three years. Initial members may agree which shall serve fewer than three years or the decision may be made by lot. Any vacancy occurring during the term may be filled by the chair for the balance of the unexpired term.

(6) Not less than sixty days before the expiration of a network member's term, the chair shall submit the name of a nominee to the network for its approval. The network shall comply with subsection (3) of this section.

(7) Networks are subject to the open public meetings act under chapter 42.30 RCW and the public records provisions of RCW 42.17.270 through 42.17.310. [1998 c 314 § 12; 1996 c 132 § 3; 1994 sp.s. c 7 § 303.]

Application—1996 c 132 § 3: "The amendments to RCW 70.190.060 in 1996 c 132 § 3 shall apply prospectively only and are not intended to affect the composition of any community public health and safety network's membership that has been approved by the family policy council prior to June 6, 1996." [1996 c 132 § 11.]

Intent—Construction—Severability—1996 c 132: See notes following RCW 70.190.010.

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.065 Member's authorization of expenditures—Limitation. No network member may vote to authorize, or attempt to influence the authorization of, any expenditure in which the member's immediate family has a fiduciary interest. For the purpose of this section "immediate family" means a spouse, parent, grandparent, adult child, brother, or sister. [1996 c 132 § 5.]

Intent—Construction—Severability—1996 c 132: See notes following RCW 70.190.010.

70.190.070 Community networks—Duties. The community public health and safety networks shall:

(1) Review state and local public health data and analysis relating to risk factors, protective factors, and at-risk children and youth;

(2) Prioritize the risk factors and protective factors to reduce the likelihood of their children and youth being at risk. The priorities shall be based upon public health data and assessment and policy development standards provided by the department of health under RCW 43.70.555;

(3) Develop long-term comprehensive plans to reduce the rate of at-risk children and youth; set definitive, measurable goals, based upon the department of health standards; and project their desired outcomes;

(4) Distribute funds to local programs that reflect the locally established priorities and as provided in *RCW 70.190.140;

(5) Comply with outcome-based standards;

(6) Cooperate with the department of health and local boards of health to provide data and determine outcomes; and

(7) Coordinate its efforts with anti-drug use efforts and organizations and maintain a high priority for combatting drug use by at-risk youth. [1994 sp.s. c 7 § 304.]

*Reviser's note: RCW 70.190.140 expired June 30, 1995.

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.075 Lead fiscal agent. (1) Each network shall contract with a public entity as its lead fiscal agent. The contract shall grant the agent authority to perform fiscal, accounting, contract administration, legal, and other administrative duties, including the provision of liability insurance. Any contract under this subsection shall be submitted to the council by the network for approval prior to its execution. The council shall review the contract to determine whether the administrative costs will be held to no more than ten percent.

(2) The lead agent shall maintain a system of accounting for network funds consistent with the budgeting, accounting, and reporting systems and standards adopted or approved by the state auditor.

(3) The lead agent may contract with another public or private entity to perform duties other than fiscal or accounting duties. [1996 c 132 § 4.]

Intent—Construction—Severability—1996 c 132: See notes following RCW 70.190.010.

70.190.080 Community networks—Programs and plans. (1) The community network's plan may include a program to provide postsecondary scholarships to at-risk students who: (a) Are community role models under criteria established by the community network; (b) successfully complete high school; and (c) maintain at least a 2.5 grade point average throughout high school. Funding for the scholarships may include public and private sources.

(2) The community network's plan may also include funding of community-based home visitor programs which are designed to reduce the incidence of child abuse and neglect within the network. Parents shall sign a voluntary authorization for services, which may be withdrawn at any time. The program may provide parents with education and support either in parents' homes or in other locations comfortable for parents, beginning with the birth of their first baby. The program may make the following services available to the families:

(a) Visits for all expectant or new parents, either at the parent's home or another location with which the parent is comfortable;

(b) Screening before or soon after the birth of a child to assess the family's strengths and goals and define areas of concern in consultation with the family;

(c) Parenting education and skills development;

(d) Parenting and family support information and referral;

(e) Parent support groups; and

(f) Service coordination for individual families, and assistance with accessing services, provided in a manner that ensures that individual families have only one individual or agency to which they look for service coordination. Where appropriate for a family, service coordination may be conducted through interdisciplinary or interagency teams.

These programs are intended to be voluntary for the parents involved.

(3) In developing long-term comprehensive plans to reduce the rate of at-risk children and youth, the community networks shall consider increasing employment and job training opportunities in recognition that they constitute an effective network strategy and strong protective factor. The networks shall consider and may include funding of:

(a) At-risk youth job placement and training programs. The programs shall:

(i) Identify and recruit at-risk youth for local job opportunities;

(ii) Provide skills and needs assessments for each youth recruited;

(iii) Provide career and occupational counseling to each youth recruited;

(iv) Identify businesses willing to provide employment and training opportunities for at-risk youth;

(v) Match each youth recruited with a business that meets his or her skills and training needs;

(vi) Provide employment and training opportunities that prepare the individual for demand occupations; and

(vii) Include, to the extent possible, collaboration of business, labor, education and training, community organizations, and local government;

(b) Employment assistance, including job development, school-to-work placement, employment readiness training, basic skills, apprenticeships, job mentoring, and private sector and community service employment;

(c) Education assistance, including tutoring, mentoring, interactions with role models, entrepreneurial education and projects, violence prevention training, safe school strategies, and employment reentry assistance services.

(4) The community network may include funding of:

(a) Peer-to-peer, group, and individual counseling, including crisis intervention, for at-risk youth and their parents;

(b) Youth coalitions that provide opportunities to develop leadership skills and gain appropriate respect, recognition, and rewards for their positive contribution to their community;

(c) Technical assistance to applicants to increase their organizational capacity and to improve the likelihood of a successful application; and

70.190.085 Community networks—Sexual abstinence and activity campaign. The community network's plan may include funding for a student designed media and community campaign promoting sexual abstinence and addressing the importance of delaying sexual activity and pregnancy or male parenting until individuals are ready to nurture and support their children. Under the campaign, which shall be substantially designed and produced by students, the same messages shall be distributed in schools, through the media, and in the community where the campaign is targeted. The campaign shall require local private sector matching funds equal to state funds. Local private sec-

tor funds may include in-kind contributions of technical or other assistance from consultants or firms involved in public relations, advertising, broadcasting, and graphics or video production or other related fields. The campaign shall be evaluated using the outcomes required of community networks under this chapter, in particular reductions in the number or rate of teen pregnancies and teen male parentage over a three to five year period. [1994 c 299 § 5.]

Intent—Finding—Severability—Conflict with federal requirements—1994 c 299: See notes following RCW 74.12.400.

70.190.090 Community networks—Planning grants and contracts—Distribution of funds—Reports. (1) A network shall, upon application to the council, be eligible to receive planning grants and technical assistance from the council. However, during the 1999-01 fiscal biennium, a network that has not finalized its membership shall be eligible to receive such grants and assistance. Planning grants may be funded through available federal funds for family preservation services. After receiving the planning grant the network has up to one year to submit the long-term comprehensive plan.

(2) The council shall enter into biennial contracts with networks as part of the grant process. The contracts shall be consistent with available resources, and shall be distributed in accordance with the distribution formula developed pursuant to RCW 43.41.195, subject to the applicable matching fund requirement.

(3) No later than February 1 of each odd-numbered year following the initial contract between the council and a network, the council shall request from the network its plan for the upcoming biennial contract period.

(4) The council shall notify the networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(5) The networks shall, by contract, distribute funds (a) appropriated for plan implementation by the legislature, and (b) obtained from nonstate or federal sources. In distributing funds, the networks shall ensure that administrative costs are held to a maximum of ten percent. However, during the 1999-01 fiscal biennium, administrative costs shall be held to a maximum of ten percent or twenty thousand dollars, whichever is greater, exclusive of costs associated with procurement, payroll processing, personnel functions, management, maintenance and operation of space and property, data processing and computer services, indirect costs, and organizational planning, consultation, coordination, and training.

(6) A network shall not provide services or operate programs.

(7) A network shall file a report with the council by May 1 of each year that includes but is not limited to the following information: Detailed expenditures, programs under way, progress on contracted services and programs, and successes and problems in achieving the outcomes required by RCW 70.190.130(1)(h) related to reducing the rate of state-funded out-of-home placements and the other three at-risk behaviors covered by the comprehensive plan and approved by the council. Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.100 Duties of council. The family policy council shall:

(1) Establish network boundaries no later than July 1, 1994. There is a presumption that no county may be divided between two or more community networks and no network shall have fewer than forty thousand population. When approving multicounty networks, considering dividing a county between networks, or creating a network with a population of less than forty thousand, the council must consider: (a) Common economic, geographic, and social interests; (b) historical and existing shared governance; and (c) the size and location of population centers. Individuals and groups within any area shall be given ample opportunity to propose network boundaries in a manner designed to assure full consideration of their expressed wishes;

(2) Develop a technical assistance and training program to assist communities in creating and developing community networks and comprehensive plans;

(3) Approve the structure, purpose, goals, plan, and performance measurements of each community network;

(4) Identify all prevention and early intervention programs and funds, including all programs funded under RCW 69.50.520, in addition to the programs set forth in RCW 70.190.110, which could be transferred, in all or part, to the community networks, and report their findings and recommendations to the governor and the legislature regarding any appropriate program transfers by January 1 of each year;

(5) Reward community networks that show exceptional success as provided in RCW 43.41.195;

(6) Seek every opportunity to maximize federal and other funding that is consistent with the plans approved by the council for the purpose and goals of this chapter;

(7) Review the state-funded out-of-home placement rate before the end of each contract to determine whether the region has sufficiently reduced the rate. If the council determines that there has not been a sufficient reduction in the rate, it may reduce the immediately succeeding grant to the network;

(8)(a) The council shall monitor the implementation of programs contracted by participating state agencies by reviewing periodic reports on the extent to which services were delivered to intended populations, the quality of services, and the extent to which service outcomes were achieved at the conclusion of service interventions. This monitoring shall include provision for periodic feedback to community networks;

(b) The legislature intends that this monitoring be used by the Washington state institute for public policy, together with public health data on at-risk behaviors and risk and protective factors, to produce an external evaluation of the effectiveness of the networks and their programs. For this reason,

and to conserve public funds, the council shall not conduct or contract for the conduct of control group studies, quasi-experimental design studies, or other analysis efforts to attempt to determine the impact of network programs on at-risk behaviors or risk and protective factors; and

(9) Review the implementation of chapter 7, Laws of 1994 sp. sess. The report shall use measurable performance standards to evaluate the implementation. [1998 c 245 § 123; 1994 sp.s. c 7 § 307.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.110 Program review. (1) The council, and each network, shall biennially review all state and federal funded programs serving individuals, families, or communities to determine whether a network may be better able to integrate and coordinate these services within the community.

(2) The council, and each network, shall specifically review the feasibility and desirability of decategorizing and granting, all or part of, the following program funds to the networks:

- (a) Consolidated juvenile services;
- (b) Family preservation and support services;
- (c) Readiness to learn;
- (d) Community mobilization;
- (e) Violence prevention;
- (f) Community-police partnership;
- (g) Child care;
- (h) Early intervention and educational services, including but not limited to, birth to three, birth to six, early childhood education and assistance, and headstart;
- (i) Crisis residential care;
- (j) Victims' assistance;
- (k) Foster care;
- (l) Adoption support;
- (m) Continuum of care; and
- (n) Drug and alcohol abuse prevention and early intervention in schools.

(3) In determining the desirability of decategorizing these programs the report shall analyze whether:

- (a) The program is an integral part of the comprehensive plan without decategorization;
- (b) The program is already adequately integrated and coordinated with other programs that are, or will be, funded by the network;
- (c) The network could develop the capacity to provide the program's services;
- (d) The program goals might receive greater community support and reinforcement through the network;
- (e) The program presently ensures that adequate follow-up efforts are utilized, and whether the network could improve on those efforts through decategorization of the funds;
- (f) The decategorization would benefit the community; and
- (g) The decategorization would assist the network in achieving its goals.

(4) If the council or a network determines that a program should not be decategorized, the council or network shall make recommendations regarding programmatic changes that are necessary to improve the coordination and integra-

tion of services and programs, regardless of the funding source for those programs. [1998 c 245 § 124; 1994 sp.s. c 7 § 308.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

Office of financial management, recommended legislation: RCW 43.41.190.

70.190.120 Interagency agreement. (1) The participating state agencies shall execute an interagency agreement to ensure the coordination of their local program efforts regarding children. This agreement shall recognize and give specific planning, coordination, and program administration responsibilities to community networks, after the approval under RCW 70.190.130 of their comprehensive plans. The community networks shall encourage the development of integrated, regionally based children, youth, and family activities and services with adequate local flexibility to accomplish the purposes stated in section 101, chapter 7, Laws of 1994 sp. sess. and RCW 74.14A.020.

(2) The community networks shall exercise the planning, coordinating, and program administration functions specified by the state interagency agreement in addition to other activities required by law, and shall participate in the planning process required by chapter 71.36 RCW.

(3) Any state or federal funds identified for contracts with community networks shall be transferred with no reductions. [1994 sp.s. c 7 § 309.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

70.190.130 Comprehensive plan—Approval process—Network expenditures—Penalty for noncompliance with chapter. (1) The council shall only disburse funds to a network after a comprehensive plan has been prepared by the network and approved by the council. In approving the plan the council shall consider whether the network:

- (a) Promoted input from the widest practical range of agencies and affected parties, including public hearings;
- (b) Reviewed the indicators of violence data compiled by the local public health departments and incorporated a response to those indicators in the plan;
- (c) Obtained a declaration by the largest health department within the network boundary, indicating whether the plan meets minimum standards for assessment and policy development relating to social development according to RCW 43.70.555;
- (d) Included a specific mechanism of data collection and transmission based on the rules established under RCW 43.70.555;
- (e) Considered all relevant causes of violence in its community and did not isolate only one or a few of the elements to the exclusion of others and demonstrated evidence of building community capacity through effective neighborhood and community development;
- (f) Considered youth employment and job training programs outlined in this chapter as a strategy to reduce the rate of at-risk children and youth;
- (g) Integrated local programs that met the network's priorities and were deemed successful by the network;
- (h) Committed to make measurable reductions in the rate of at-risk children and youth by reducing the rate of state-

funded out-of-home placements and make reductions in at least three of the following rates of youth: Violent criminal acts, substance abuse, pregnancy and male parentage, suicide attempts, dropping out of school, child abuse or neglect, and domestic violence; and

(i) Held a public hearing on its proposed comprehensive plan and submitted to the council all of the written comments received at the hearing and a copy of the minutes taken at the hearing.

(2) The council may establish a maximum amount to be expended by a network for purposes of planning and administrative duties, that shall not, in total, exceed ten percent of funds available to a network. The council shall make recommendations to the legislature regarding the specific maximum amounts that can be spent by a network or group of networks on planning and administrative duties. The recommendation may provide differing percentages, considering the size of the budgets of each network and giving consideration to whether there should be a higher percentage for administrative and planning purposes in budgets for smaller networks and a smaller percentage of the budgets for administration and planning purposes in larger networks.

(3) The council may determine that a network is not in compliance with this chapter if it fails to comply with statutory requirements. Upon a determination of noncompliance, the council may suspend or revoke a network's status or contract and specify a process and deadline for the network's compliance. 70.190.150 Federal restrictions on funds transfers, waivers. If there exist any federal restrictions against the transfer of funds, for the programs enumerated in RCW 70.190.110, to the community networks, the council shall assist the governor in immediately applying to the federal government for waivers of the federal restrictions. The council shall also assist the governor in coordinating efforts to make any changes in federal law necessary to meet the purpose and intent of chapter 7, Laws of 1994 sp. sess. 70.195.005 Findings. The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a statewide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage. [1992 c 198 § 14.]

70.195.010 Birth-to-six interagency coordinating council—Early intervention services—Conditions and limitations. For the purposes of implementing this chapter, the governor shall appoint a state birth-to-six interagency coordinating council and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. [1998 c 245 § 125; 1992 c 198 § 15.]

70.195.020 Birth-to-six interagency coordinating council—Coordination with counties and communities. The state birth-to-six interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [1992 c 198 § 17.]

70.195.030 Early intervention services—Interagency agreements. State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into for-

mal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. [1992 c 198 § 16.]

EARLY INTERVENTION SERVICES— HEARING LOSS

Sections

- 70.198.010 Findings.
- 70.198.020 Advisory council—Membership.
- 70.198.030 Development of early intervention service standards.
- 70.198.040 Hearing loss pamphlet.

70.198.010 Findings. (1) The legislature finds that children who are deaf or hard of hearing and their families have unique needs specific to the hearing loss. These unique needs reflect the challenges children with hearing loss and their families encounter related to their lack of full access to auditory communication.

(2) The legislature further finds that early detection of hearing loss in a child and early intervention and treatment have been demonstrated to be highly effective in facilitating a child's healthy development in a manner consistent with the child's age and cognitive ability.

(3) These combined factors support the need for early intervention services providers with specialized training and expertise, spanning the spectrum of available approaches and educational options, who can address the unique characteristics and needs of each child who is deaf or hard of hearing and that child's family. [2004 c 47 § 1.]

70.198.020 Advisory council—Membership. (1) There is established an advisory council in the department of social and health services for the purpose of advancing the development of a comprehensive and effective statewide system to provide prompt and effective early interventions for children in the state who are deaf or hard of hearing and their families.

(2) Members of the advisory council shall have training, experience, or interest in hearing loss in children. Membership shall include, but not be limited to, the following: Pediatricians; audiologists; teachers of the deaf and hard of hearing; parents of children who are deaf or hard of hearing; a representative from the Washington state school for the deaf; and representatives of the infant toddler early intervention program in the department of social and health services, the department of health, and the office of the superintendent of public instruction. [2004 c 47 § 2.]

70.198.030 Development of early intervention service standards. (1) The advisory council shall develop statewide standards for early intervention services and early intervention services providers specifically related to children who are deaf or hard of hearing.

(2) The advisory council shall develop these standards by January 1, 2005. [2004 c 47 § 3.]

70.198.040 Hearing loss pamphlet. (1) The advisory council shall create a pamphlet to be provided to the parents of a child in the state who is diagnosed with hearing loss by their child's pediatrician or audiologist, as appropriate, upon diagnosis of hearing loss. The pamphlet shall contain, at minimum, information on the following: The variety of interventions and treatments available for children who are deaf or hard of hearing; and resources for parent support, counseling, financing, and education related to hearing loss in children.

(2) The pamphlet shall be available for distribution by July 1, 2005. [2004 c 47 § 4.]

Reviser's note: The department of social and health services filed an emergency order, WSR 89-20-030, effective October 1, 1989, establishing rules for the recognition and certification of regional support networks. A final order was filed on January 24, 1990, effective January 25, 1990.

Council for the prevention of child abuse and neglect: Chapter 43.121 RCW.

Minors—Mental health services, commitment: Chapter 71.34 RCW.

Regional support networks: RCW 71.24.310.

71.05.010 Legislative intent. The provisions of this chapter are intended by the legislature:

(1) To prevent inappropriate, indefinite commitment of mentally disordered persons and to eliminate legal disabilities that arise from such commitment;

(2) To provide prompt evaluation and timely and appropriate treatment of persons with serious mental disorders;

(3) To safeguard individual rights;

(4) To provide continuity of care for persons with serious mental disorders;

(5) To encourage the full use of all existing agencies, professional personnel, and public funds to prevent duplication of services and unnecessary expenditures;

(6) To encourage, whenever appropriate, that services be provided within the community;

(7) To protect the public safety. [1998 c 297 § 2; 1997 c 112 § 2; 1989 c 120 § 1; 1973 1st ex.s. c 142 § 6.]

Effective dates—1998 c 297: "This act takes effect July 1, 1998, except for sections 18, 35, 38, and 39 of this act, which take effect March 1, 1999." [1998 c 297 § 53.]

Severability—1998 c 297: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1998 c 297 § 58.]

Intent—1998 c 297: "It is the intent of the legislature to: (1) Clarify that it is the nature of a person's current conduct, current mental condition, history, and likelihood of committing future acts that pose a threat to public safety or himself or herself, rather than simple categorization of offenses, that should determine treatment procedures and level; (2) improve and clarify the sharing of information between the mental health and criminal justice systems; and (3) provide additional opportunities for mental health treatment for persons whose conduct threatens himself or herself or threatens public safety and has led to contact with the criminal justice system.

The legislature recognizes that a person can be incompetent to stand trial, but may not be gravely disabled or may not present a likelihood of serious harm. The legislature does not intend to create a presumption that a person who is found incompetent to stand trial is gravely disabled or presents a likelihood of serious harm requiring civil commitment." [1998 c 297 § 1.]

71.05.012 Legislative intent and finding. It is the intent of the legislature to enhance continuity of care for persons with serious mental disorders that can be controlled or stabilized in a less restrictive alternative commitment. Within the guidelines stated in *In Re LaBelle* 107 Wn. 2d 196 (1986), the legislature intends to encourage appropriate interventions at a point when there is the best opportunity to restore the person to or maintain satisfactory functioning.

For persons with a prior history or pattern of repeated hospitalizations or law enforcement interventions due to decompensation, the consideration of prior mental history is particularly relevant in determining whether the person would receive, if released, such care as is essential for his or her health or safety.

Therefore, the legislature finds that for persons who are currently under a commitment order, a prior history of dec-

ompenation leading to repeated hospitalizations or law enforcement interventions should be given great weight in determining whether a new less restrictive alternative commitment should be ordered. [1997 c 112 § 1.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.025 Integration with chapter 71.24 RCW—Regional support networks. The legislature intends that the procedures and services authorized in this chapter be integrated with those in chapter 71.24 RCW to the maximum extent necessary to assure a continuum of care to persons

who are mentally ill or who have mental disorders, as defined in either or both this chapter and chapter 71.24 RCW. To this end, regional support networks established in accordance with chapter 71.24 RCW shall institute procedures which require timely consultation with resource management services by county-designated mental health professionals and evaluation and treatment facilities to assure that determinations to admit, detain, commit, treat, discharge, or release persons with mental disorders under this chapter are made only after appropriate information regarding such person's treatment history and current treatment plan has been sought from resource management services. [2000 c 94 § 2; 1989 c 205 § 9.]

Evaluation of transition to regional systems—1989 c 205: See note following RCW 71.24.015.

71.05.030 Commitment laws applicable. Persons suffering from a mental disorder may not be involuntarily committed for treatment of such disorder except pursuant to provisions of this chapter, chapter 10.77 RCW, chapter 71.06 RCW, chapter 71.34 RCW, transfer pursuant to RCW 72.68.031 through 72.68.037, or pursuant to court ordered evaluation and treatment not to exceed ninety days pending a criminal trial or sentencing. [1998 c 297 § 4; 1985 c 354 § 31; 1983 c 3 § 179; 1974 ex.s. c 145 § 4; 1973 2nd ex.s. c 24 § 2; 1973 1st ex.s. c 142 § 8.]

Severability—Effective date—1985 c 354: See RCW 71.34.900 and 71.34.901.

71.05.035 Findings—Developmentally disabled. The legislature finds that among those persons who endanger the safety of others by committing crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with crimes that involve a threat to public safety or security, and have been found either incompetent to stand trial or not guilty by reason of insanity.

The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities.

Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with crimes that involve a threat to public safety or security and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment

should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety. [1998 c 297 § 5; 1989 c 420 § 2.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.040 Detention or judicial commitment of persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia. Persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia shall not be detained for evaluation and treatment or judicially committed solely by reason of that condition unless such condition causes a person to be gravely disabled or as a result of a mental disorder such condition exists that constitutes a likelihood of serious harm: Provided however, That persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia and who otherwise meet the criteria for detention or judicial commitment are not ineligible for detention or commitment based on this condition alone. [2004 c 166 § 2; 1997 c 112 § 4; 1987 c 439 § 1; 1977 ex.s. c 80 § 41; 1975 1st ex.s. c 199 § 1; 1974 ex.s. c 145 § 5; 1973 1st ex.s. c 142 § 9.]

Severability—2004 c 166: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 166 § 23.]

Effective dates—2004 c 166: "This act takes effect July 1, 2004, except for sections 6, 20, and 22 of this act, which are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [March 26, 2004]." 71.05.050 Voluntary application for mental health services—Rights—Review of condition and status—Detention—Person refusing voluntary admission, temporary detention. Nothing in this chapter shall be construed to limit the right of any person to apply voluntarily to any public or private agency or practitioner for treatment of a mental disorder, either by direct application or by referral. Any person voluntarily admitted for inpatient treatment to any public or private agency shall be released immediately upon his or her request. Any person voluntarily admitted for inpatient treatment to any public or private agency shall orally be advised of the right to immediate discharge, and further advised of such rights in writing as are secured to them pursuant to this chapter and their rights of access to attorneys, courts, and other legal redress. Their condition and status shall be reviewed at least once each one hundred eighty days for evaluation as to the need for further treatment or possible discharge, at which time they shall again be advised of their right to discharge upon request: PROVIDED HOWEVER, That if the professional staff of any public or private agency or hospital regards a person voluntarily admitted who requests discharge as presenting, as a result of a mental disorder, an imminent likelihood of serious harm, or is gravely disabled, they may detain such person for sufficient time to notify the county designated mental health professional of such person's condition to enable the county designated men-

(2004 Ed.)

tal health professional to authorize such person being further held in custody or transported to an evaluation and treatment center pursuant to the provisions of this chapter, which shall in ordinary circumstances be no later than the next judicial day: PROVIDED FURTHER, That if a person is brought to the emergency room of a public or private agency or hospital for observation or treatment, the person refuses voluntary admission, and the professional staff of the public or private agency or hospital regard such person as presenting as a result of a mental disorder an imminent likelihood of serious harm, or as presenting an imminent danger because of grave disability, they may detain such person for sufficient time to notify the county designated mental health professional of such person's condition to enable the county designated mental health professional to authorize such person being further held in custody or transported to an evaluation treatment center pursuant to the conditions in this chapter, but which time shall be no more than six hours from the time the professional staff determine that an evaluation by the county designated mental health professional is necessary. 71.05.150 Detention of mentally disordered persons for evaluation and treatment—Procedure. Before filing the petition, the county designated mental health professional must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility.

(b) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents, as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treat-

ment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period. The order shall state the address of the evaluation and treatment facility to which the person is to report and whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis and that if the person named in the order fails to appear at the evaluation and treatment facility at or before the date and time stated in the order, such person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The county designated mental health professional shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear together with a notice of rights and a petition for initial detention. After service on such person the county designated mental health professional shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility and the designated attorney. The county designated mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility. The person shall be permitted to remain in his or her home or other place of his or her choosing prior to the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility may admit such person as required by RCW 71.05.170 or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility shall immediately notify the county designated mental health professional who may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. Should the county designated mental health professional notify a peace officer authorizing him or her to take a person into custody under the provisions of this subsection, he or she shall file with the court a copy of such authorization and a notice of detention. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) When a county designated mental health professional receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the county designated mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility pursuant to subsection (1)(d) of this section.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause such person to be taken into custody and immediately delivered to an evaluation and treatment facility or the emergency department of a local hospital:

(a) Only pursuant to subsections (1)(d) and (2) of this section; or

(b) When he or she has reasonable cause to believe that such person is suffering from a mental disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(3) When a county designated mental health professional becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision, or the county designated mental health professional detains a person under this chapter, the county designated mental health professional shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

evaluation and commitment recommendations, of persons who have, or are alleged to have, mental disorders and are subject to this chapter.

The initial protocols shall be developed not later than September 1, 1999. The department shall develop and update the protocols in consultation with representatives of county designated mental health professionals, local government, law enforcement, county and city prosecutors, public defenders, and groups concerned with mental illness. The protocols shall be submitted to the governor and legislature upon adoption by the department. [1998 c 297 § 26.]

71.05.215 Right to refuse antipsychotic medicine—Rules. (1) A person found to be gravely disabled or presents a likelihood of serious harm as a result of a mental disorder has a right to refuse antipsychotic medication unless it is determined that the failure to medicate may result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication in the best interest of that person.

(2) The department shall adopt rules to carry out the purposes of this chapter. These rules shall include:

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

(b) For short-term treatment up to thirty days, the right to refuse antipsychotic medications unless there is an additional concurring medical opinion approving medication.

(c) For continued treatment beyond thirty days through the hearing on any petition filed under RCW 71.05.370(7), the right to periodic review of the decision to medicate by the medical director or designee.

(d) Administration of antipsychotic medication in an emergency and review of this decision within twenty-four hours. An emergency exists if the person presents an imminent likelihood of serious harm, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the physician, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the physician's attempt to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent. [1997 c 112 § 16; 1991 c 105 § 1.]

Severability—1991 c 105: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 105 § 6.]

71.05.220 Property of committed person. At the time a person is involuntarily admitted to an evaluation and treatment facility, the professional person in charge or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to lim-

itations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court. [1997 c 112 § 17; 1973 1st ex.s. c 142 § 27.]

71.05.230 Procedures for additional treatment. A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder and either results in a likelihood of serious harm, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the county designated mental health professional has filed a petition for fourteen day involuntary detention or a ninety day less restrictive alternative with the court. The petition must be signed either by two physicians or by one physician and a mental health professional who have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

(5) A copy of the petition has been served on the detained person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The court has ordered a fourteen day involuntary intensive treatment or a ninety day less restrictive alternative treatment after a probable cause hearing has been held pursuant to RCW 71.05.240; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the county designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility. [1998 c 297 § 13; 1997 c 112 § 18; 1987 c 439 § 3; 1975 1st ex.s. c 199 § 5; 1974 ex.s. c 145 § 15; 1973 1st ex.s. c 142 § 28.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.232 Discharge reviews—Consultations, notifications required. (1) When a state hospital admits a person for evaluation or treatment under this chapter who has a history of one or more violent acts and:

(a) Has been transferred from a correctional facility; or

(b) Is or has been under the authority of the department of corrections or the indeterminate sentence review board, the state hospital shall consult with the appropriate corrections and chemical dependency personnel and the appropriate forensic staff at the state hospital to conduct a discharge review to determine whether the person presents a likelihood of serious harm and whether the person is appropriate for release to a less restrictive alternative.

(2) When a state hospital returns a person who was reviewed under subsection (1) of this section to a correctional facility, the hospital shall notify the correctional facility that the person was subject to a discharge review pursuant to this section. [2004 c 166 § 18.]

Severability—Effective dates—2004 c 166: See notes following RCW 71.05.040.

71.05.235 Examination, evaluation of criminal defendant—Hearing. (1) If an individual is referred to a county designated mental health professional under RCW 10.77.090(1)(d)(iii)(A), the county designated mental health professional shall examine the individual within forty-eight hours. If the county designated mental health professional determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the county designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the county designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.090(1)(d)(iii)(B), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.090(1)(d)(iii)(B), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recom-

mentation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.250.

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a county designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW 71.05.250. [2000 c 74 § 6; 1999 c 11 § 1; 1998 c 297 § 18.]

Severability—2000 c 74: See note following RCW 10.77.060.

Effective date—1999 c 11: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect March 1, 1999,

or upon approval by the governor, whichever occurs later [April 15, 1999]." [1999 c 11 § 2.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.237 Judicial proceedings—Court to enter findings when recommendations of professional person not followed. In any judicial proceeding in which a professional person has made a recommendation regarding whether an individual should be committed for treatment under this chapter, and the court does not follow the recommendation, the court shall enter findings that state with particularity its reasoning, including a finding whether the state met its burden of proof in showing whether the person presents a likelihood of serious harm. [1998 c 297 § 25.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.240 Petition for involuntary treatment or alternative treatment—Probable cause hearing. If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed ninety days.

The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also provide written notice that the person is barred from the possession of firearms. [1997 c 112 § 19; 1992 c 168 § 3; 1987 c 439 § 5; 1979 ex.s. c 215 § 13; 1974 ex.s. c 145 § 16; 1973 1st ex.s. c 142 § 29.]

Severability—1992 c 168: See note following RCW 9.41.070.

71.05.245 Determination of likelihood of serious harm—Use of recent history evidence. In making a determination of whether there is a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court shall give great weight to any evidence before the court

regarding whether the person has: (1) A recent history of one or more violent acts; or (2) a recent history of one or more commitments under this chapter or its equivalent provisions under the laws of another state which were based on a likelihood of serious harm. The existence of prior violent acts or commitments under this chapter or its equivalent shall not be the sole basis for determining whether a person presents a likelihood of serious harm.

For the purposes of this section "recent" refers to the period of time not exceeding three years prior to the current hearing. [1999 c 13 § 6; 1998 c 297 § 14.]

Purpose—Construction—1999 c 13: See note following RCW 10.77.010.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.250 Probable cause hearing—Detained person's rights—Waiver of privilege—Limitation—Records as evidence. At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

- (1) To present evidence on his or her behalf;
- (2) To cross-examine witnesses who testify against him or her;
- (3) To be proceeded against by the rules of evidence;
- (4) To remain silent;
- (5) To view and copy all petitions and reports in the court file.

The physician-patient privilege or the psychologist-client privilege shall be deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contains opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination. [1989 c 120 § 7; 1987 c 439 § 6; 1974 ex.s. c 145 § 17; 1973 1st ex.s. c 142 § 30.]

71.05.260 Release from involuntary intensive treatment—Exception. (1) Involuntary intensive treatment ordered at the time of the probable cause hearing shall be for no more than fourteen days, and shall terminate sooner when, in the opinion of the professional person in charge of the facility or his or her professional designee, (a) the person no longer constitutes a likelihood of serious harm, or (b) no longer is gravely disabled, or (c) is prepared to accept voluntary treatment upon referral, or (d) is to remain in the facility providing intensive treatment on a voluntary basis.

(2004 Ed.)

(2) A person who has been detained for fourteen days of intensive treatment shall be released at the end of the fourteen days unless one of the following applies: (a) Such person agrees to receive further treatment on a voluntary basis; or (b) such person is a patient to whom RCW 71.05.280 is applicable. [1997 c 112 § 20; 1987 c 439 § 7; 1974 ex.s. c 145 § 18; 1973 1st ex.s. c 142 § 31.]

71.05.270 Temporary release. Nothing in this chapter shall prohibit the professional person in charge of a treatment facility, or his or her professional designee, from permitting a person detained for intensive treatment to leave the facility for prescribed periods during the term of the person's detention, under such conditions as may be appropriate. [1997 c 112 § 21; 1973 1st ex.s. c 142 § 32.]

71.05.280 Additional confinement—Grounds. At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of mental disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of mental disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.090 (4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts. In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime; or

(4) Such person is gravely disabled. [1998 c 297 § 15; 1997 c 112 § 22; 1986 c 67 § 3; 1979 ex.s. c 215 § 14; 1974 ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.285 Additional confinement—Prior history evidence. In determining whether an inpatient or less restrictive alternative commitment under the process provided in RCW 71.05.280 and 71.05.320(2) is appropriate, great weight shall be given to evidence of a prior history or pattern of decompensation and discontinuation of treatment resulting in: (1) Repeated hospitalizations; or (2) repeated peace officer interventions resulting in juvenile offenses, criminal charges, diversion programs, or jail admissions. Such evidence may be used to provide a factual basis for concluding that the individual would not receive, if released, such care as is essential for his or her health or safety. [2001 c 12 § 1; 1997 c 112 § 23.]

71.05.290 Petition for additional confinement—Affidavit. (1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the county designated mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by two examining physicians, or by one examining physician and examining mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.090(4), then the professional person in charge of the treatment facility or his or her professional designee or the county designated mental health professional may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed. [1998 c 297 § 16; 1997 c 112 § 24; 1986 c 67 § 4; 1975 1st ex.s. c 199 § 6; 1974 ex.s. c 145 § 20; 1973 1st ex.s. c 142 § 34.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.300 Filing of petition—Appearance—Notice—Advice as to rights—Appointment of representative. The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the county designated mental health professional. The county designated mental health professional shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, and the prosecuting attorney, and provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney and of his or her right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a developmentally disabled

person who has been determined to be incompetent pursuant to RCW 10.77.090(4), then the appointed professional person under this section shall be a developmental disabilities professional.

The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310. [1998 c 297 § 17; 1997 c 112 § 25; 1989 c 420 § 14; 1987 c 439 § 8; 1975 1st ex.s. c 199 § 7; 1974 ex.s. c 145 § 21; 1973 1st ex.s. c 142 § 35.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.310 Time for hearing—Due process—Jury trial—Continuation of treatment. The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.250.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, the detained person shall be released. [1987 c 439 § 9; 1975 1st ex.s. c 199 § 8; 1974 ex.s. c 145 § 22; 1973 1st ex.s. c 142 § 36.]

71.05.320 Remand for additional treatment—Duration—Developmentally disabled—Grounds—Hearing.

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department. If the committed person is developmentally disabled and has been determined incompetent pursuant to RCW 10.77.090(4), and the best interests of the person or others will not be served by a less-restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training

of developmentally disabled persons. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment: PROVIDED, That if the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(2) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional or developmental disabilities professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability presents a substantial likelihood of repeating similar acts considering the charged criminal behavior, life history, progress in treatment, and the public safety; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless

(2004 Ed.)

good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this subsection. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment.

(3) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. 71.05.325 Release—Authorized leave—Notice to prosecuting attorney. (1) Before a person committed under grounds set forth in RCW 71.05.280(3) is released because a new petition for involuntary treatment has not been filed under RCW 71.05.320(2), the superintendent, professional person, or designated mental health professional responsible for the decision whether to file a new petition shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision not to file a new petition for involuntary treatment. Notice shall be provided at least forty-five days before the period of commitment expires.

(2)(a) Before a person committed under grounds set forth in RCW 71.05.280(3) is permitted temporarily to leave a treatment facility pursuant to RCW 71.05.270 for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county of the person's destination and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed. The notice shall be provided at least forty-five days before the anticipated leave and shall describe the conditions under which the leave is to occur.

(b) The provisions of RCW 71.05.330(2) apply to proposed leaves, and either or both prosecuting attorneys receiving notice under this subsection may petition the court under RCW 71.05.330(2).

(3) Nothing in this section shall be construed to authorize detention of a person unless a valid order of commitment is in effect.

(4) The existence of the notice requirements in this section will not require any extension of the leave date in the event the leave plan changes after notification.

(5) The notice requirements contained in this section shall not apply to emergency medical transfers.

(6) The notice provisions of this section are in addition to those provided in RCW 71.05.425. [2000 c 94 § 7; 1994 c 129 § 8; 1990 c 3 § 111; 1989 c 401 § 1; 1986 c 67 § 2.]

71.05.330 Early release—Notice to court and prosecuting attorney—Petition for hearing. (1) Nothing in this chapter shall prohibit the superintendent or professional person in charge of the hospital or facility in which the person is being involuntarily treated from releasing him or her prior to the expiration of the commitment period when, in the opinion of the superintendent or professional person in charge, the person being involuntarily treated no longer presents a likelihood of serious harm.

Whenever the superintendent or professional person in charge of a hospital or facility providing involuntary treatment pursuant to this chapter releases a person prior to the expiration of the period of commitment, the superintendent or professional person in charge shall in writing notify the court which committed the person for treatment.

(2) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) is released under this section, the superintendent or professional person in charge shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the release date. Notice shall be provided at least thirty days before the release date. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county in which the person is being involuntarily treated for a hearing to determine whether the person is to be released. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and the guardian or conservator of the committed person. The court shall conduct a hearing on the petition within ten days of filing the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the committed person shall be released or shall be returned for involuntary treatment subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter. [1998 c 297 § 20; 1997 c 112 § 27; 1986 c 67 § 1; 1973 1st ex.s. c 142 § 38.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.335 Modification of order for inpatient treatment—Intervention by prosecuting attorney. In any proceeding under this chapter to modify a commitment order of a person committed to inpatient treatment under grounds set

forth in RCW 71.05.280(3) or 71.05.320(2)(c) in which the requested relief includes treatment less restrictive than detention, the prosecuting attorney shall be entitled to intervene. The party initiating the motion to modify the commitment order shall serve the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed with written notice and copies of the initiating papers. [1986 c 67 § 7.]

71.05.340 Outpatient treatment or care—Conditional release—Procedures for revocation. (1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the county designated mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(2)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may

do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the county designated mental health professional, or the secretary determines that:

(i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;

(ii) Substantial deterioration in a conditionally released person's functioning has occurred;

(iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or

(iv) The person poses a likelihood of serious harm.

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the county designated mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or county designated mental health professional when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The county designated mental health professional or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The county designated mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the county designated mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that

there shall be no right to jury trial. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the county designated mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order. [2000 c 94 § 8; 1998 c 297 § 21; 1997 c 112 § 28; 1987 c 439 § 10; 1986 c 67 § 6; 1979 ex.s. c 215 § 16; 1974 ex.s. c 145 § 24; 1973 1st ex.s. c 142 § 39.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.350 Assistance to released persons. No indigent patient shall be conditionally released or discharged from involuntary treatment without suitable clothing, and the superintendent of a state hospital shall furnish the same, together with such sum of money as he or she deems necessary for the immediate welfare of the patient. Such sum of money shall be the same as the amount required by RCW 72.02.100 to be provided to persons in need being released from correctional institutions. As funds are available, the secretary may provide payment to indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt

rules and regulations to do so. [1997 c 112 § 29; 1973 1st ex.s. c 142 § 40.]

71.05.360 Rights of involuntarily detained persons.

(1) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter and shall retain all rights not denied him or her under this chapter.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment. [1997 c 112 § 30; 1974 ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.370 Rights—Posting of list. Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(2) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(3) To have access to individual storage space for his or her private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320(2) or the performance of electroconvulsant therapy or surgery, except emergency life-saving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the

patient as if he or she were competent to make such a determination.

(c) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: (i) To be represented by an attorney; (ii) to present evidence; (iii) to cross-examine witnesses; (iv) to have the rules of evidence enforced; (v) to remain silent; (vi) to view and copy all petitions and reports in the court file; and (vii) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, psychologist within their scope of practice, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, psychologist within their scope of practice, or physician designated by such person or the person's counsel to testify on behalf of the person in cases where an order for electroconvulsant therapy is sought.

(d) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

(e) Any person detained pursuant to RCW 71.05.320(2), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in RCW 71.05.370(7).

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him or her under any circumstances. [1997 c 112 § 31; 1991 c 105 § 5; 1989 c 120 § 8; 1974 ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42.]

Severability—1991 c 105: See note following RCW 71.05.215.

71.05.380 Rights of voluntarily committed persons.

All persons voluntarily entering or remaining in any facility, institution, or hospital providing evaluation and treatment for

mental disorder shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and 71.05.370. [1973 1st ex.s. c 142 § 43.]

71.05.390 Confidential information and records—

Information and records may be disclosed only:

(1) In communications between qualified professional persons to meet the requirements of this chapter, in the provision of services or appropriate referrals, or in the course of guardianship proceedings. (3) When the person receiving services, or his or her guardian, designates persons to whom information or records may be released, or if the person is a minor, when his or her parents make such designation.

(4) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he or she may be entitled.

(5) For either program evaluation or research, or both: PROVIDED, That the secretary adopts rules for the conduct of the evaluation or research, or both. Such rules shall include, but need not be limited to, the requirement that all evaluators and researchers must sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding persons who have received services such that the person who received such services is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law.

(6)(a) To the courts as necessary to the administration of this chapter or to a court ordering an evaluation or treatment under chapter 10.77 RCW solely for the purpose of preventing the entry of any evaluation or treatment order that is inconsistent with any order entered under this chapter.

(c) Additional information shall be disclosed only after giving notice to said person and his or her counsel and upon a showing of clear, cogent, and convincing evidence that such information is necessary and that appropriate safeguards for strict confidentiality are and will be maintained. However, in the event the said person has escaped from custody, said notice prior to disclosure is not necessary and that the facility from which the person escaped shall include an evaluation as to whether the person is of danger to persons or property and has a propensity toward violence;

(d) Information and records shall be disclosed to the department of corrections pursuant to and in compliance with the provisions of RCW 71.05.445 for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated offender or offender under supervision in the community, planning for and provision of supervision of an offender, or assessment of an offender's risk to the community; and

Information shall be disclosed

only after giving notice to the committed person and the person's counsel.

(10) To appropriate law enforcement agencies and to a person, when the identity of the person is known to the public or private agency, whose health and safety has been threatened, or who is known to have been repeatedly harassed, by the patient. The person may designate a representative to receive the disclosure. The disclosure shall be made by the professional person in charge of the public or private agency or his or her designee and shall include the dates of commitment, admission, discharge, or release, authorized or unauthorized absence from the agency's facility, and only such other information that is pertinent to the threat or harassment. The fact of admission, as well as all records, files, evidence, findings, or orders made, prepared, collected, or maintained pursuant to this chapter shall not be admissible as evidence in any legal proceeding outside this chapter without the written consent of the person who was the subject of the proceeding except in a subsequent criminal prosecution of a person committed pursuant to RCW 71.05.280(3) or 71.05.320(2)(c) on charges that were dismissed pursuant to chapter 10.77 RCW due to incompetency to stand trial or in a civil commitment proceeding pursuant to chapter 71.09 RCW. The records and files maintained in any court proceeding pursuant to this chapter shall be confidential and available subsequent to such proceedings only to the person who was the subject of the proceeding or his or her attorney. Finding—Intent—2004 c 33: "The legislature finds that social stigmas surrounding mental illness have prevented patients buried in the state hospital cemeteries from being properly memorialized. From 1887 to 1953, the state buried many of the patients who died while in residence at the three state hospitals on hospital grounds. In order to honor these patients, the legislature intends that the state be allowed to release records necessary to appropriately mark their resting place." [2004 c 33 § 1.]

71.05.445 Mental health services information—Release to department of corrections—Initial assessment inquiry—Required notifications—Rules. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of

their office. The information must be provided only for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated offender or offender under supervision in the community, planning for and provision of supervision of an offender, or assessment of an offender's risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department of corrections upon request. The initial request may be written or oral. All oral requests must be subsequently confirmed in writing. Information released in response to an oral request is limited to a statement as to whether the offender is or is not being treated by the mental health services provider and the address or information about the location or whereabouts of the offender. Information released in response to a written request may include information identified by rule as provided in subsections (4) and (5) of this section. For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. The request must specify the information being requested. Disclosure of the information requested does not require the consent of the subject of the records unless the offender has received relief from disclosure under RCW 9.94A.562, 70.96A.155, or 71.05.132.

(3)(a) When a mental health service provider conducts its initial assessment for a person receiving court-ordered treatment, the service provider shall inquire and shall be told by the offender whether he or she is subject to supervision by the department of corrections.

(b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health services provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132 and the offender has provided the mental health services provider with a copy of the order granting relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132, the mental health services provider is not required to notify the department of corrections that the mental health services provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notification is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(4) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections

to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

(6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

(7) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section except under RCW 71.05.670 and 71.05.440.

(8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments. [2004 c 166 § 4; 2002 c 39 § 2; 2000 c 75 § 3.]

Severability—Effective dates—2004 c 166: See notes following RCW 71.05.040.

Intent—2000 c 75: "It is the intent of the legislature to enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A RCW by authorizing access to, and release or disclosure of, necessary information related to mental health services. This includes accessing and releasing or disclosing information of persons who received mental health services as a minor. The legislature does not intend this act to readdress access to information and records regarding continuity of care.

The legislature recognizes that persons with mental illness have a right to the confidentiality of information related to mental health services, including the fact of their receiving such services, unless there is a state interest that supersedes this right. It is the intent of the legislature to balance that right of the individual with the state interest to enhance public safety." [2000 c 75 § 1.]

71.06.020 Sexual psychopaths—Petition. Where any person is charged in the superior court in this state with a sex offense and it appears that such person is a sexual psychopath, the prosecuting attorney may file a petition in the criminal proceeding, alleging that the defendant is a sexual psychopath and stating sufficient facts to support such allegation. Such petition must be filed and served on the defendant or his attorney at least ten days prior to hearing on the criminal charge. [1959 c 25 § 71.06.020. Prior: 1951 c 223 § 3; 1949 c 198 § 26; Rem. Supp. 1949 § 6953-26.]

71.06.040 Preliminary hearing—Evidence—Detention in hospital for observation. At a preliminary hearing upon the charge of sexual psychopathy, the court may require the testimony of two duly licensed physicians who have examined the defendant. If the court finds that there are reasonable grounds to believe the defendant is a sexual psychopath, the court shall order said defendant confined at the nearest state hospital for observation as to the existence of sexual psychopathy. Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities pending execution of such observation order by the department. [1959 c 25 § 71.06.040. Prior: 1951 c 223 § 5.]

71.06.050 Preliminary hearing—Report of findings. Upon completion of said observation period the superintendent of the state hospital shall return the defendant to the court, together with a written report of his findings as to whether or not the defendant is a sexual psychopath and the facts upon which his opinion is based. [1959 c 25 § 71.06.050. Prior: 1951 c 223 § 6.]

71.06.060 Preliminary hearing—Commitment, or other disposition of charge. If said defendant is found to be a sexual psychopath, the court shall commit him to the secretary of social and health services for designation of the facility for detention, care, and treatment of the sexual psychopath. If the defendant is found not to be a sexual psychopath, the court shall order the sentence to be executed, or may discharge the defendant as the case may merit. [1979 c 141 § 129; 1967 c 104 § 2; 1959 c 25 § 71.06.060. Prior: 1951 c 223 § 7.]

Prior: 1951 c 223 § 14; 1949 c 198 § 38; Rem. Supp. 1949 § 6953-38.]

Nothing in this chapter shall be construed as to affect the procedure for the ordinary conduct of criminal trials as otherwise set up by law. Nothing in this chapter shall be construed to prevent the defendant, his attorney or the court of its own motion, from producing evidence and witnesses at the hearing on the probable existence of sexual psychopathy or at

the hearing after the return of the superintendent's report. Nothing in this chapter shall be construed as affecting the laws relating to the criminally insane or the insane criminal, nor shall this chapter be construed as preventing the defendant from raising the defense of insanity as in other criminal cases. Thereupon, the superintendent of the institution involved shall so inform whatever court committed the sexual psychopath. The court then may order such further examination and investigation of such person as seems necessary, and may at its discretion, summon such person before it for further hearing, together with any witnesses whose testimony may be pertinent, and together with any relevant documents and other evidence. On the basis of such reports, investigation, and possible hearing, the court shall determine whether the person before it shall be released unconditionally from custody as a sexual psychopath, released conditionally, returned to the custody of the institution as a sexual psychopath, or transferred to the department of corrections to serve the original sentence imposed upon him. The power of the court to grant conditional release for any such person before it shall be the same as its power to grant, amend and revoke probation as provided by chapter 9.95 RCW. 71.09.010 Findings. The legislature finds that a small but extremely dangerous group of sexually violent predators exist who do not have a mental disease or defect that renders them appropriate for the existing involuntary treatment act, chapter 71.05 RCW, which is intended to be a short-term civil commitment system that is primarily designed to provide short-term treatment to individuals with serious mental disorders and then return them to the community. In contrast to persons appropriate for civil commitment under chapter 71.05 RCW, sexually violent predators generally have personality disorders and/or mental abnormalities which are unamenable to existing mental illness treatment modalities and those conditions render them likely to engage in sexually violent behavior. The legislature further finds that sex offenders' likelihood of engaging in repeat acts of predatory sexual violence is high. The existing involuntary commitment act, chapter 71.05 RCW, is inadequate to address the risk to reoffend because during confinement these offenders do not have access to potential victims and therefore they will not engage in an overt act during confinement as required by the involuntary treatment act for continued confinement. The legislature further finds that the prognosis for curing sexually violent offenders is poor, the treatment needs of this population are very long term, and the treatment modalities for this population are very different than the traditional treatment modalities for people appropriate for commitment under the involuntary treatment act. [2001 c 286 § 3; 1990 c 3 § 1001.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.015 Finding—Intent—Clarification. The legislature finds that presentation of evidence related to conditions of a less restrictive alternative that are beyond the authority of the court to order, and that would not exist in the absence of a court order, reduces the public respect for the rule of law and for the authority of the courts. Consequently, the legislature finds that the decision in *In re the Detention of Casper Ross*, 102 Wn. App 108 (2000), is contrary to the legislature's intent. The legislature hereby clarifies that it intends, and has

always intended, in any proceeding under this chapter that the court and jury be presented only with conditions that would exist or that the court would have the authority to order in the absence of a finding that the person is a sexually violent predator. [2001 c 286 § 1.]

Recommendations—2001 c 286: "The department of social and health services shall, in consultation with interested stakeholders, develop recommendations for improving the procedures used to notify victims when a sexually violent predator is conditionally released to a less restrictive alternative under chapter 71.09 RCW, while at the same time maintaining the confidentiality of victim information." [2001 c 286 § 10.]

Application—2001 c 286: "This act applies to all individuals currently committed or awaiting commitment under chapter 71.09 RCW either on, before, or after May 14, 2001, whether confined in a secure facility or on conditional release." [2001 c 286 § 14.]

Effective date—2001 c 286: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2001]." [2001 c 286 § 15.]

71.09.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, federally approved renal dialysis center or facility, or federally approved blood bank.

(3) "Health care practitioner" means an individual or firm licensed or certified to engage actively in a regulated health profession.

(4) "Health care services" means those services provided by health professionals licensed pursuant to RCW 18.120.020(4).

(5) "Health profession" means those licensed or regulated professions set forth in RCW 18.120.020(4).

(6) "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement which satisfies the conditions set forth in RCW 71.09.092.

(7) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

(8) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

(9) "Predatory" means acts directed towards: (a) Strangers; (b) individuals with whom a relationship has been established or promoted for the primary purpose of victimization; or (c) persons of casual acquaintance with whom no substantial personal relationship exists.

(10) "Recent overt act" means any act or threat that has either caused harm of a sexually violent nature or creates a reasonable apprehension of such harm in the mind of an

objective person who knows of the history and mental condition of the person engaging in the act.

(11) "Risk potential activity" or "risk potential facility" means an activity or facility that provides a higher incidence of risk to the public from persons conditionally released from the special commitment center. Risk potential activities and facilities include: Public and private schools, school bus stops, licensed day care and licensed preschool facilities, public parks, publicly dedicated trails, sports fields, playgrounds, recreational and community centers, churches, synagogues, temples, mosques, public libraries, public and private youth camps, and others identified by the department following the hearings on a potential site required in RCW 71.09.315. For purposes of this chapter, "school bus stops" does not include bus stops established primarily for public transit.

(12) "Secretary" means the secretary of social and health services or the secretary's designee.

(13) "Secure facility" means a residential facility for persons civilly confined under the provisions of this chapter that includes security measures sufficient to protect the community. (14) "Secure community transition facility" means a residential facility for persons civilly committed and conditionally released to a less restrictive alternative under this chapter. A secure community transition facility has supervision and security, and either provides or ensures the provision of sex offender treatment services. Secure community transition facilities include but are not limited to the facility established pursuant to RCW 71.09.250(1)(a)(i) and any community-based facilities established under this chapter and operated by the secretary or under contract with the secretary.

(15) "Sexually violent offense" means an act committed on, before, or after July 1, 1990, that is: (a) An act defined in Title 9A RCW as rape in the first degree, rape in the second degree by forcible compulsion, rape of a child in the first or second degree, statutory rape in the first or second degree, indecent liberties by forcible compulsion, indecent liberties against a child under age fourteen, incest against a child under age fourteen, or child molestation in the first or second degree; (b) a felony offense in effect at any time prior to July 1, 1990, that is comparable to a sexually violent offense as defined in (a) of this subsection, or any federal or out-of-state conviction for a felony offense that under the laws of this state would be a sexually violent offense as defined in this subsection; (c) an act of murder in the first or second degree, assault in the first or second degree, assault of a child in the first or second degree, kidnapping in the first or second degree, burglary in the first degree, residential burglary, or unlawful imprisonment, which act, either at the time of sentencing for the offense or subsequently during civil commitment proceedings pursuant to this chapter, has been determined beyond a reasonable doubt to have been sexually motivated, as that term is defined in RCW 9.94A.030; or (d) an act as described in chapter 9A.28 RCW, that is an attempt, criminal solicitation, or criminal conspiracy to commit one of the felonies designated in (a), (b), or (c) of this subsection.

(16) "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual vio-

lence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

(17) "Total confinement facility" means a secure facility that provides supervision and sex offender treatment services in a total confinement setting. Total confinement facilities include the special commitment center and any similar facility designated as a total confinement facility by the secretary. 71.09.030 Sexually violent predator petition—Filing.

When it appears that: (1) A person who at any time previously has been convicted of a sexually violent offense is about to be released from total confinement on, before, or after July 1, 1990; (2) a person found to have committed a sexually violent offense as a juvenile is about to be released from total confinement on, before, or after July 1, 1990; (3) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released on, before, or after July 1, 1990, pursuant to *RCW 10.77.090(3); (4) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released on, before, or after July 1, 1990, pursuant to RCW **10.77.020(3), 10.77.110 (1) or (3), or 10.77.150; or (5) a person who at any time previously has been convicted of a sexually violent offense and has since been released from total confinement and has committed a recent overt act; and it appears that the person may be a sexually violent predator, the prosecuting attorney of the county where the person was convicted or charged or the attorney general if requested by the prosecuting attorney may file a petition alleging that the person is a "sexually violent predator" and stating sufficient facts to support such allegation. [1995 c 216 § 3; 1992 c 45 § 4; 1990 1st ex.s. c 12 § 3; 1990 c 3 § 1003.]

** (2) RCW 10.77.020 was amended by 1998 c 297 § 30, deleting subsection (3).

Severability—Application—1992 c 45: See notes following RCW 9.94A.840.

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.

71.09.040 Sexually violent predator petition—Probable cause hearing—Judicial determination—Transfer for evaluation. (1) Upon the filing of a petition under RCW 71.09.030, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such determination is made the judge shall direct that the person be taken into custody.

(2) Within seventy-two hours after a person is taken into custody pursuant to subsection (1) of this section, the court shall provide the person with notice of, and an opportunity to appear in person at, a hearing to contest probable cause as to whether the person is a sexually violent predator. At this hearing, the court shall (a) verify the person's identity, and (b) determine whether probable cause exists to believe that the person is a sexually violent predator. At the probable cause hearing, the state may rely upon the petition and certification for determination of probable cause filed pursuant to RCW 71.09.030. The state may supplement this with additional documentary evidence or live testimony.

(3) At the probable cause hearing, the person shall have the following rights in addition to the rights previously specified: (a) To be represented by counsel; (b) to present evidence on his or her behalf; (c) to cross-examine witnesses who testify against him or her; (d) to view and copy all petitions and reports in the court file.

(4) If the probable cause determination is made, the judge shall direct that the person be transferred to an appropriate facility for an evaluation as to whether the person is a sexually violent predator. The evaluation shall be conducted by a person deemed to be professionally qualified to conduct such an examination pursuant to rules developed by the department of social and health services. In adopting such rules, the department of social and health services shall consult with the department of health and the department of corrections. In no event shall the person be released from confinement prior to trial. A witness called by either party shall be permitted to testify by telephone. [2001 c 286 § 6; 1995 c 216 § 4; 1990 c 3 § 1004.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.050 Trial—Rights of parties. (1) Within forty-five days after the completion of any hearing held pursuant to RCW 71.09.040, the court shall conduct a trial to determine whether the person is a sexually violent predator. The trial may be continued upon the request of either party and a showing of good cause, or by the court on its own motion in the due administration of justice, and when the respondent will not be substantially prejudiced. At all stages of the proceedings under this chapter, any person subject to this chapter shall be entitled to the assistance of counsel, and if the person is indigent, the court shall appoint counsel to assist him or her. The person shall be confined in a secure facility for the duration of the trial.

(2) Whenever any person is subjected to an examination under this chapter, he or she may retain experts or professional persons to perform an examination on their behalf. When the person wishes to be examined by a qualified expert or professional person of his or her own choice, such examiner shall be permitted to have reasonable access to the person for the purpose of such examination, as well as to all rel-

evant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf.

(3) The person, the prosecuting attorney or attorney general, or the judge shall have the right to demand that the trial be before a twelve-person jury. If no demand is made, the trial shall be before the court. [1995 c 216 § 5; 1990 c 3 § 1005.]

71.09.060 Trial—Determination—Commitment procedures. (1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. In determining whether or not the person would be likely to engage in predatory acts of sexual violence if not confined in a secure facility, the fact finder may consider only placement conditions and voluntary treatment options that would exist for the person if unconditionally released from detention on the sexually violent predator petition. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in *RCW 71.09.020(6)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030.

If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative as set forth in RCW 71.09.092 is in the best interest of the person and conditions can be imposed that would adequately protect the community.

If the court or unanimous jury decides that the state has not met its burden of proving that the person is a sexually violent predator, the court shall direct the person's release.

If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial and set a retrial within forty-five days of the date of the mistrial unless the prosecuting agency earlier moves to dismiss the petition. The retrial may be continued upon the request of either party accompanied by a showing of good cause, or by the court on its own motion in the due administration of justice provided that the respondent will not be substantially prejudiced. In no event may the person be released from confinement prior to retrial or dismissal of the case.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to or has been released pursuant to RCW 10.77.090(4), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the

court did not enter a finding prior to dismissal under RCW 10.77.090(4) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) The state shall comply with RCW 10.77.220 while confining the person pursuant to this chapter, except that during all court proceedings the person shall be detained in a secure facility. The department shall not place the person, even temporarily, in a facility on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population.

(4) A court has jurisdiction to order a less restrictive alternative placement only after a hearing ordered pursuant to RCW 71.09.090 following initial commitment under this section and in accord with the provisions of this chapter. [2001 c 286 § 7; 1998 c 146 § 1; 1995 c 216 § 6; 1990 1st ex.s. c 12 § 4; 1990 c 3 § 1006.]

***Reviser's note:** RCW 71.09.020 was amended by 2001 2nd sp.s. c 12 § 102, changing subsection (6)(c) to subsection (11)(c). RCW 71.09.020 was subsequently amended by 2002 c 58 § 2, changing subsection (11)(c) to subsection (15)(c).

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

Effective date—1998 c 146: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 25, 1998]." [1998 c 146 § 2.]

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.

71.09.070 Annual examinations of persons committed under chapter. Each person committed under this chapter shall have a current examination of his or her mental condition made by the department of social and health services at least once every year. The annual report shall include consideration of whether the committed person currently meets the definition of a sexually violent predator and whether conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that would adequately protect the community. The department of social and health services shall file this periodic report with the court that committed the person under this chapter. The report shall be in the form of a declaration or certification in compliance with the requirements of RCW 9A.72.085 and shall be prepared by a professionally qualified person as

defined by rules adopted by the secretary. A copy of the report shall be served on the prosecuting agency involved in the initial commitment and upon the committed person and his or her counsel. The committed person may retain, or if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her, and such expert or professional person shall have access to all records concerning the person. [2001 c 286 § 8; 1995 c 216 § 7; 1990 c 3 § 1007.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.080 Rights of persons committed under this chapter. (1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter.

(2) Any person committed pursuant to this chapter has the right to adequate care and individualized treatment. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting attorney, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(3) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

(4) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

(5) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so. [1995 c 216 § 8; 1990 c 3 § 1008.]

71.09.085 Medical care—Contracts for services. (1) Notwithstanding any other provisions of law, the secretary may enter into contracts with health care practitioners, health care facilities, and other entities or agents as may be necessary to provide basic medical care to residents. The contracts shall not cause the termination of classified employees of the department rendering the services at the time the contract is executed.

(2) In contracting for services, the secretary is authorized to provide for indemnification of health care practitioners who cannot obtain professional liability insurance through reasonable effort, from liability on any action, claim, or proceeding instituted against them arising out of the good faith performance or failure of performance of services on behalf of the department. The contracts may provide that for the purposes of chapter 4.92 RCW only, those health care practitioners with whom the department has contracted shall be considered state employees. [2002 c 58 § 1.]

Effective date—2002 c 58: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 21, 2002]." [2002 c 58 § 3.]

71.09.090 Petition for conditional release to less restrictive alternative or unconditional discharge—Procedures. (1) If the secretary determines that either: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community, the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative or unconditional discharge. The petition shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment. The court, upon receipt of the petition for conditional release to a less restrictive alternative or unconditional discharge, shall within forty-five days order a hearing.

(2)(a) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall file the notice and waiver form and the annual report with the court. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether probable cause exists to warrant a hearing on whether: (i) The person's condition has so changed that he or she no longer meets the definition of a sexually violent predator; or (ii) conditional release to a less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community.

(b) The committed person shall have a right to have an attorney represent him or her at the show cause hearing, which may be conducted solely on the basis of affidavits or declarations, but the person is not entitled to be present at the show cause hearing. At the show cause hearing, the prosecut-

ing attorney or attorney general shall present prima facie evidence establishing that the committed person continues to meet the definition of a sexually violent predator and that a less restrictive alternative is not in the best interest of the person and conditions cannot be imposed that adequately protect the community. In making this showing, the state may rely exclusively upon the annual report prepared pursuant to RCW 71.09.070. The committed person may present responsive affidavits or declarations to which the state may reply.

(c) If the court at the show cause hearing determines that either: (i) The state has failed to present prima facie evidence that the committed person continues to meet the definition of a sexually violent predator and that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community; or (ii) probable cause exists to believe that the person's condition has so changed that: (A) The person no longer meets the definition of a sexually violent predator; or (B) release to a less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community, then the court shall set a hearing on either or both issues.

(d) If the court has not previously considered the issue of release to a less restrictive alternative, either through a trial on the merits or through the procedures set forth in RCW 71.09.094(1), the court shall consider whether release to a less restrictive alternative would be in the best interests of the person and conditions can be imposed that would adequately protect the community, without considering whether the person's condition has changed.

(3)(a) At the hearing resulting from subsection (1) or (2) of this section, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting agency or the attorney general if requested by the county shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person shall also have the right to a jury trial and the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment.

(b) If the issue at the hearing is whether the person should be unconditionally discharged, the burden of proof shall be upon the state to prove beyond a reasonable doubt that the committed person's condition remains such that the person continues to meet the definition of a sexually violent predator. Evidence of the prior commitment trial and disposition is admissible.

(c) If the issue at the hearing is whether the person should be conditionally released to a less restrictive alternative, the burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that conditional release to any proposed less restrictive alternative either: (i) Is not in the best interest of the committed person; or (ii) does not include conditions that would adequately protect the community. Evidence of the prior commitment trial and disposition is admissible.

(4) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time

(2004 Ed.)

as the person is unconditionally discharged. [2001 c 286 § 9; 1995 c 216 § 9; 1992 c 45 § 7; 1990 c 3 § 1009.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

Severability—Application—1992 c 45: See notes following RCW 9.94A.840.

71.09.092 Conditional release to less restrictive alternative—Findings. Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists that is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) the person is willing to comply with the treatment provider and all requirements imposed by the treatment provider and by the court; and (5) the person is willing to comply with supervision requirements imposed by the department of corrections. [1995 c 216 § 10.]

71.09.094 Conditional release to less restrictive alternative—Verdict. (1) Upon the conclusion of the evidence in a hearing held pursuant to RCW 71.09.090 or through summary judgment proceedings prior to such a hearing, if the court finds that there is no legally sufficient evidentiary basis for a reasonable jury to find that the conditions set forth in RCW 71.09.092 have been met, the court shall grant a motion by the state for a judgment as a matter of law on the issue of conditional release to a less restrictive alternative.

(2) Whenever the issue of conditional release to a less restrictive alternative is submitted to the jury, the court shall instruct the jury to return a verdict in substantially the following form: Has the state proved beyond a reasonable doubt that either: (a) The proposed less restrictive alternative is not in the best interests of respondent; or (b) does not include conditions that would adequately protect the community? Answer: Yes or No. [2001 c 286 § 11; 1995 c 216 § 11.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.096 Conditional release to less restrictive alternative—Judgment—Conditions—Annual review. (1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and includes conditions that would adequately protect the community, and the court determines that the minimum conditions set forth in RCW 71.09.092 and in this section are met,

the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person's compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care, and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated by the court to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person's placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment, monitoring, or supervision in accord with this section. Any person providing or agreeing to provide treatment, monitoring, or supervision services pursuant to this chapter may be compelled to testify and any privilege with regard to such person's testimony is deemed waived.

(4) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. The court shall order the department of corrections to investigate the less restrictive alternative and recommend any additional conditions to the court. These conditions shall include, but are not limited to the following: Specification of residence, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, supervision by a department of corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(5) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecutor of the county in which the person was found to be a sexually violent predator, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and conditions of the conditional release to a less restrictive alternative.

(6) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting attorney so determines. The sole question to be determined by the court is whether the person shall continue to be conditionally released to a less restrictive alternative. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection (5) of this section and the opinions of the secre-

tary and other experts or professional persons. [2001 c 286 § 12; 1995 c 216 § 12.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.098 Conditional release to less restrictive alternative—Hearing on revocation or modification—Authority to apprehend conditionally released person. (1) Any service provider submitting reports pursuant to RCW 71.09.096(6), the supervising community corrections officer, the prosecuting attorney, or the attorney general may petition the court, or the court on its own motion may schedule an immediate hearing, for the purpose of revoking or modifying the terms of the person's conditional release to a less restrictive alternative if the petitioner or the court believes the released person is not complying with the terms and conditions of his or her release or is in need of additional care, monitoring, supervision, or treatment.

(2) If the prosecuting attorney, the supervising community corrections officer, or the court, based upon information received by them, reasonably believes that a conditionally released person is not complying with the terms and conditions of his or her conditional release to a less restrictive alternative, the court or community corrections officer may order that the conditionally released person be apprehended and taken into custody until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified. The court shall be notified before the close of the next judicial day of the person's apprehension. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) The court, upon receiving notification of the person's apprehension, shall promptly schedule a hearing. The issue to be determined is whether the state has proven by a preponderance of the evidence that the conditionally released person did not comply with the terms and conditions of his or her release. Hearsay evidence is admissible if the court finds it otherwise reliable. At the hearing, the court shall determine whether the person shall continue to be conditionally released on the same or modified conditions or whether his or her conditional release shall be revoked and he or she shall be committed to total confinement, subject to release only in accordance with provisions of this chapter. [2001 c 286 § 13; 1995 c 216 § 13.]

Recommendations—Application—Effective date—2001 c 286: See notes following RCW 71.09.015.

71.09.110 Department of social and health services—Duties—Reimbursement. The department of social and health services shall be responsible for all costs relating to the evaluation and treatment of persons committed to their custody whether in a secure facility or under a less restrictive alternative under any provision of this chapter. Reimbursement may be obtained by the department for the cost of care and treatment of persons committed to its custody whether in a secure facility or under a less restrictive alternative pursuant

to RCW 43.20B.330 through 43.20B.370. [1995 c 216 § 14; 1990 c 3 § 1011.]

71.09.112 Department of social and health services—Jurisdiction continues after criminal conviction—Exception. A person subject to court order under the provisions of this chapter who is thereafter convicted of a criminal offense remains under the jurisdiction of the department following: (1) Completion of the criminal sentence; or (2) release from confinement in a state or local correctional facility, and shall be returned to the custody of the department.

This section does not apply to persons subject to a court order under the provisions of this chapter who are thereafter sentenced to life without the possibility of release. [2002 c 19 § 1.]

71.09.115 Record check required for employees of secure facility. (1) The safety and security needs of the secure facility operated by the department of social and health services pursuant to RCW 71.09.060(1) make it vital that employees working in the facility meet necessary character, suitability, and competency qualifications. The secretary shall require a record check through the Washington state patrol criminal identification system under chapter 10.97 RCW and through the federal bureau of investigation. The record check must include a fingerprint check using a complete Washington state criminal identification fingerprint card. The criminal history record checks shall be at the expense of the department. The secretary shall use the information only in making the initial employment or engagement decision, except as provided in subsection (2) of this section. Further dissemination or use of the record is prohibited.

(2) This section applies to all current employees hired prior to June 6, 1996, who have not previously submitted to a department of social and health services criminal history records check. The secretary shall use the information only in determining whether the current employee meets the necessary character, suitability, and competency requirements for employment or engagement. [1996 c 27 § 1.]

71.09.120 Release of information authorized. In addition to any other information required to be released under this chapter, the department is authorized, pursuant to RCW 4.24.550, to release relevant information that is necessary to protect the public, concerning a specific sexually violent predator committed under this chapter. [1990 c 3 § 1012.]

71.09.130 Notice of escape or disappearance. In the event of an escape by a person committed under this chapter from a state institution or the disappearance of such a person while on conditional release, the superintendent or community corrections officer shall notify the following as appropriate: Local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person. [1995 c 216 § 16.]

71.09.135 McNeil Island—Escape planning, response. The emergency response team for McNeil Island shall plan, coordinate, and respond in the event of an escape

from the special commitment center or the secure community transition facility. [2003 c 216 § 6.]

Severability—Effective date—2003 c 216: See notes following RCW 71.09.300.

71.09.140 Notice of conditional release or unconditional discharge—Notice of escape and recapture. (1) At the earliest possible date, and in no event later than thirty days before conditional release or unconditional discharge, except in the event of escape, the department of social and health services shall send written notice of conditional release, unconditional discharge, or escape, to the following:

(a) The chief of police of the city, if any, in which the person will reside or in which placement will be made under a less restrictive alternative;

(b) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

(c) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

(a) The victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. "Next of kin" as used in this section means a person's spouse, parents, siblings, and children;

(b) Any witnesses who testified against the person in his or her commitment trial under RCW 71.09.060; and

(c) Any person specified in writing by the prosecuting attorney.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the committed person.

(3) If a person committed as a sexually violent predator under this chapter escapes from a department of social and health services facility, the department shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the committed person resided immediately before his or her commitment as a sexually violent predator, or immediately before his or her incarceration for his or her most recent offense. If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the

victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section. [1995 c 216 § 17.]

71.09.200 Escorted leave—Definitions. For purposes of RCW 71.09.210 through 71.09.230:

(1) "Escorted leave" means a leave of absence from a facility housing persons detained or committed pursuant to this chapter under the continuous supervision of an escort.

(2) "Escort" means a correctional officer or other person approved by the superintendent or the superintendent's designee to accompany a resident on a leave of absence and be in visual or auditory contact with the resident at all times.

(3) "Resident" means a person detained or committed pursuant to this chapter. [1995 c 216 § 18.]

71.09.210 Escorted leave—Conditions. The superintendent of any facility housing persons detained or committed pursuant to this chapter may, subject to the approval of the secretary, grant escorted leaves of absence to residents confined in such institutions to:

(1) Go to the bedside of the resident's wife, husband, child, mother or father, or other member of the resident's immediate family who is seriously ill;

(2) Attend the funeral of a member of the resident's immediate family listed in subsection (1) of this section; and

(3) Receive necessary medical or dental care which is not available in the institution. [1995 c 216 § 19.]

71.09.220 Escorted leave—Notice. A resident shall not be allowed to start a leave of absence under RCW 71.09.210 until the secretary, or the secretary's designee, has notified any county and city law enforcement agency having jurisdiction in the area of the resident's destination. [1995 c 216 § 20.]

71.09.230 Escorted leave—Rules. (1) The secretary is authorized to adopt rules providing for the conditions under which residents will be granted leaves of absence and providing for safeguards to prevent escapes while on leaves of absence. Leaves of absence granted to residents under RCW 71.09.210, however, shall not allow or permit any resident to go beyond the boundaries of this state.

(2) The secretary shall adopt rules requiring reimbursement of the state from the resident granted leave of absence, or the resident's family, for the actual costs incurred arising from any leave of absence granted under the authority of RCW 71.09.210 (1) and (2). No state funds shall be expended in connection with leaves of absence granted under RCW 71.09.210 (1) and (2) unless the resident and the resident's immediate family are indigent and without resources suffi-

cient to reimburse the state for the expenses of such leaves of absence. [1995 c 216 § 21.]

71.09.250 Transition facility—Siting. (1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to twenty-four, consisting of up to fifteen transitional beds and up to nine pretransitional beds. The residents occupying the transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than fifteen residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the fifteen residents so designated, along with their photographs and physical descriptions, and the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for residents who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) Develop and publish policy guidelines for the siting and operation of secure community transition facilities.

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(2004 Ed.)

(9)(a) "Equitable distribution" means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which distinct political or judicial authority may be exercised. [2003 c 216 § 3; 2001 2nd sp.s. c 12 § 201.]

Severability—Effective date—2003 c 216: See notes following RCW 71.09.300.

Intent—2001 2nd sp.s. c 12: "The legislature intends the following omnibus bill to address the management of sex offenders in the civil commitment and criminal justice systems for purposes of public health, safety, and welfare. Provisions address siting of and continued operation of facilities for persons civilly committed under chapter 71.09 RCW and sentencing of persons who have committed sex offenses. Other provisions address the need for sex offender treatment providers with specific credentials. Additional provisions address the continued operation or authorized expansion of criminal justice facilities at McNeil Island, because these facilities are impacted by the civil facilities on McNeil Island for persons committed under chapter 71.09 RCW." [2001 2nd sp.s. c 12 § 101.]

Severability—2001 2nd sp.s. c 12: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2001 2nd sp.s. c 12 § 504.]

Effective dates—2001 2nd sp.s. c 12: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 26, 2001], except for sections 301 through 363, 501, and 503 of this act which take effect September 1, 2001." [2001 2nd sp.s. c 12 § 505.]

71.09.2501 "All other laws" defined. (Expires June 30, 2009.) An emergency has been caused by the need to expeditiously site facilities to house sexually violent predators who have been committed under this chapter. To meet this emergency, for purposes of RCW 71.09.250 and 71.09.342, "all other laws" means the state environmental policy act, the shoreline management act, the hydraulics code, and all other state laws regulating the protection and use of the water, land, and air.

This section expires June 30, 2009. [2002 c 68 § 11.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

71.09.252 Transition facilities—Agreements for regional facilities. (1) To encourage economies of scale in the siting and operation of secure community transition facilities, the department may enter into an agreement with two or more counties to create a regional secure community transition facility. The agreement must clearly identify the number of beds from each county that will be contained in the regional secure community transition facility. The agreement must specify which county must contain the regional secure community transition facility and the facility must be sited accordingly. No county may withdraw from an agreement under this section unless it has provided an alternative acceptable secure community transition facility to house any displaced residents that meets the criteria established for such facilities in this chapter and the guidelines established by the department.

(2) A regional secure community transition facility must meet the criteria established for secure community transition

facilities in this chapter and the guidelines established by the department.

(3) The department shall count the beds identified for each participating county in a regional secure community transition facility against the maximum number of beds that could be required for each county under RCW 71.09.250(7)(a).

(4) An agreement for a regional secure community transition facility does not alter the maximum number of beds for purposes of the incentive grants under RCW 71.09.255 for the county containing the regional facility. [2002 c 68 § 18.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

71.09.255 Transition facilities—Incentive grants and payments. (1) Upon receiving the notification required by RCW 71.09.250, counties must promptly notify the cities within the county of the maximum number of secure community transition facility beds that may be required and the projected number of beds to be needed in that county.

(2) The incentive grants and payments provided under this section are subject to the following provisions:

(a) Counties and the cities within the county must notify each other of siting plans to promote the establishment and equitable distribution of secure community transition facilities;

(b) Development regulations, ordinances, plans, laws, and criteria established for siting must be consistent with statutory requirements and rules applicable to siting and operating secure community transition facilities;

(c) The minimum size for any facility is three beds; and

(d) The department must approve any sites selected.

(3) Any county or city that makes a commitment to initiate the process to site one or more secure community transition facilities by one hundred twenty days after March 21, 2002, shall receive a planning grant as proposed and approved by the department of community, trade, and economic development.

(4) Any county or city that has issued all necessary permits by May 1, 2003, for one or more secure community transition facilities that comply with the requirements of this section shall receive an incentive grant in the amount of fifty thousand dollars for each bed sited.

(5) To encourage the rapid permitting of sites, any county or city that has issued all necessary permits by January 1, 2003, for one or more secure community transition facilities that comply with the requirements of this section shall receive a bonus in the amount of twenty percent of the amount provided under subsection (4) of this section.

(6) Any county or city that establishes secure community transition facility beds in excess of the maximum number that could be required to be sited in that county shall receive a bonus payment of one hundred thousand dollars for each bed established in excess of the maximum requirement.

(7) No payment shall be made under subsection (4), (5), or (6) of this section until all necessary permits have been issued.

(8) The funds available to counties and cities under this section are contingent upon funds being appropriated by the legislature. [2002 c 68 § 8; 2001 2nd sp.s. c 12 § 204.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.260 Transition facilities not limited to residential neighborhoods. The provisions of chapter 12, Laws of 2001 2nd sp. sess. shall not be construed to limit siting of secure community transition facilities to residential neighborhoods. [2001 2nd sp.s. c 12 § 206.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.265 Transition facilities—Distribution of impact. (1) The department shall make reasonable efforts to distribute the impact of the employment, education, and social services needs of the residents of the secure community transition facility established pursuant to RCW 71.09.250(1) among the adjoining counties and not to concentrate the residents' use of resources in any one community.

(2) The department shall develop policies to ensure that, to the extent possible, placement of persons eligible in the future for conditional release to a setting less restrictive than the facility established pursuant to RCW 71.09.250(1) will be equitably distributed among the counties and within jurisdictions in the county. [2001 2nd sp.s. c 12 § 208.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.275 Transition facility—Transportation of residents. (1) If the department does not provide a separate vessel for transporting residents of the secure community transition facility established in RCW 71.09.250(1) between McNeil Island and the mainland, the department shall:

(a) Separate residents from minors and vulnerable adults, except vulnerable adults who have been found to be sexually violent predators.

(b) Not transport residents during times when children are normally coming to and from the mainland for school.

(2) The department shall designate a separate waiting area at the points of debarkation, and residents shall be required to remain in this area while awaiting transportation.

(3) The department shall provide law enforcement agencies in the counties and cities in which residents of the secure community transition facility established pursuant to RCW 71.09.250(1)(a)(i) regularly participate in employment, education, or social services, or through which these persons are regularly transported, with a copy of the court's order of conditional release with respect to these persons. [2003 c 216 § 4; 2001 2nd sp.s. c 12 § 211.]

Severability—Effective date—2003 c 216: See notes following RCW 71.09.300.

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.280 Transition facility—Release to less restrictive placement. When considering whether a person civilly committed under this chapter and conditionally released to a secure community transition facility is appropriate for release to a placement that is less restrictive than that facility, the court shall comply with the procedures set forth in RCW

71.09.090 through 71.09.096. In addition, the court shall consider whether the person has progressed in treatment to the point that a significant change in the person's routine, including but not limited to a change of employment, education, residence, or sex offender treatment provider will not cause the person to regress to the point that the person presents a greater risk to the community than can reasonably be addressed in the proposed placement. [2001 2nd sp.s. c 12 § 212.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.285 Transition facility—Siting policy guidelines. (1) Except with respect to the secure community transition facility established pursuant to RCW 71.09.250, the secretary shall develop policy guidelines that balance the average response time of emergency services to the general area of a proposed secure community transition facility against the proximity of the proposed site to risk potential activities and facilities in existence at the time the site is listed for consideration.

(2) In no case shall the policy guidelines permit location of a facility adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration. "Within the line of sight" means that it is possible to reasonably visually distinguish and recognize individuals.

(3) The policy guidelines shall require that great weight be given to sites that are the farthest removed from any risk potential activity.

(4) The policy guidelines shall specify how distance from the location is measured and any variations in the measurement based on the size of the property within which a proposed facility is to be located.

(5) The policy guidelines shall establish a method to analyze and compare the criteria for each site in terms of public safety and security, site characteristics, and program components. In making a decision regarding a site following the analysis and comparison, the secretary shall give priority to public safety and security considerations. The analysis and comparison of the criteria are to be documented and made available at the public hearings prescribed in RCW 71.09.315.

(6) Policy guidelines adopted by the secretary under this section shall be considered by counties and cities when providing for the siting of secure community transition facilities as required under RCW 36.70A.200. [2002 c 68 § 5; 2001 2nd sp.s. c 12 § 213.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.290 Other transition facilities—Siting policy guidelines. The secretary shall establish policy guidelines for the siting of secure community transition facilities, other than the secure community transition facility established pursuant to RCW 71.09.250(1)(a)(i), which shall include at least the following minimum requirements:

(1) The following criteria must be considered prior to any real property being listed for consideration for the location of or use as a secure community transition facility:

(a) The proximity and response time criteria established under RCW 71.09.285;

(b) The site or building is available for lease for the anticipated use period or for purchase;

(c) Security monitoring services and appropriate back-up systems are available and reliable;

(d) Appropriate mental health and sex offender treatment providers must be available within a reasonable commute; and

(e) Appropriate permitting for a secure community transition facility must be possible under the zoning code of the local jurisdiction.

(2) For sites which meet the criteria of subsection (1) of this section, the department shall analyze and compare the criteria in subsections (3) through (5) of this section using the method established in RCW 71.09.285.

(3) Public safety and security criteria shall include at least the following:

(a) Whether limited visibility between the facility and adjacent properties can be achieved prior to placement of any person;

(b) The distance from, and number of, risk potential activities and facilities, as measured using the policies adopted under RCW 71.09.285;

(c) The existence of or ability to establish barriers between the site and the risk potential facilities and activities;

(d) Suitability of the buildings to be used for the secure community transition facility with regard to existing or feasibly modified features; and

(e) The availability of electronic monitoring that allows a resident's location to be determined with specificity.

(4) Site characteristics criteria shall include at least the following:

(a) Reasonableness of rental, lease, or sale terms including length and renewability of a lease or rental agreement;

(b) Traffic and access patterns associated with the real property;

(c) Feasibility of complying with zoning requirements within the necessary time frame; and

(d) A contractor or contractors are available to install, monitor, and repair the necessary security and alarm systems.

(5) Program characteristics criteria shall include at least the following:

(a) Reasonable proximity to available medical, mental health, sex offender, and chemical dependency treatment providers and facilities;

(b) Suitability of the location for programming, staffing, and support considerations;

(c) Proximity to employment, educational, vocational, and other treatment plan components.

(6) For purposes of this section "available" or "availability" of qualified treatment providers includes provider qualifications and willingness to provide services, average commute time, and cost of services. [2003 c 216 § 5; 2001 2nd sp.s. c 12 § 214.]

Severability—Effective date—2003 c 216: See notes following RCW 71.09.300.

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.295 Transition facilities—Security systems. (1) Security systems for all secure community transition facilities shall meet the following minimum qualifications:

(a) The security panel must be a commercial grade panel with tamper-proof switches and a key-lock to prevent unauthorized access.

(b) There must be an emergency electrical supply system which shall include a battery back-up system and a generator.

(c) The system must include personal panic devices for all staff.

(d) The security system must be capable of being monitored and signaled either by telephone through either a land or cellular telephone system or by private radio network in the event of a total dial-tone failure or through equivalent technologies.

(e) The department shall issue photo-identification badges to all staff which must be worn at all times.

(2) Security systems for the secure community transition facility established pursuant to RCW 71.09.250(1) shall also include a fence and provide the maximum protection appropriate in a civil facility for persons in less than total confinement. [2001 2nd sp.s. c 12 § 215.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.300 Transition facilities—Staffing. Secure community transition facilities shall meet the following minimum staffing requirements:

(1)(a) At any time the census of a facility that accepts its first resident before July 1, 2003, is six or fewer residents, the facility shall maintain a minimum staffing ratio of one staff per three residents during normal waking hours and one awake staff per four residents during normal sleeping hours. In no case shall the staffing ratio permit less than two staff per housing unit.

(b) At any time the census of a facility that accepts its first resident on or after July 1, 2003, is six or fewer residents, the facility shall maintain a minimum staffing ratio of one staff per resident during normal waking hours and two awake staff per three residents during normal sleeping hours. In no case shall the staffing ratio permit less than two staff per housing unit.

(2) At any time the census of a facility is six or fewer residents, all staff shall be classified as residential rehabilitation counselor II or have a classification that indicates an equivalent or higher level of skill, experience, and training.

(3) Before being assigned to a facility, all staff shall have training in sex offender issues, self-defense, and crisis de-escalation skills in addition to departmental orientation and, as appropriate, management training. All staff with resident treatment or care duties must participate in ongoing in-service training.

(4) All staff must pass a departmental background check and the check is not subject to the limitations in chapter 9.96A RCW. A person who has been convicted of a felony, or any sex offense, may not be employed at the secure community transition facility or be approved as an escort for a

resident of the facility. [2003 c 216 § 1; 2001 2nd sp.s. c 12 § 216.]

Severability—2003 c 216: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 c 216 § 8.]

Effective date—2003 c 216: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003." [2003 c 216 § 9.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.305 Transition facility residents—Monitoring, escorting. (1) Unless otherwise ordered by the court:

(a) Residents of a secure community transition facility shall wear electronic monitoring devices at all times. To the extent that electronic monitoring devices that employ global positioning system technology are available and funds for this purpose are appropriated by the legislature, the department shall use these devices.

(b) At least one staff member, or other court-authorized and department-approved person must escort each resident when the resident leaves the secure community transition facility for appointments, employment, or other approved activities. Escorting persons must supervise the resident closely and maintain close proximity to the resident. The escort must immediately notify the department of any serious violation, as defined in RCW 71.09.325, by the resident and must immediately notify law enforcement of any violation of law by the resident. The escort may not be a relative of the resident or a person with whom the resident has, or has had, a dating relationship as defined in RCW 26.50.010.

(2) Staff members of the special commitment center and any other total confinement facility and any secure community transition facility must be trained in self-defense and appropriate crisis responses including incident de-escalation. Prior to escorting a person outside of a facility, staff members must also have training in the offense pattern of the offender they are escorting.

(3) Any escort must carry a cellular telephone or a similar device at all times when escorting a resident of a secure community transition facility.

(4) The department shall require training in offender pattern, self-defense, and incident response for all court-authorized escorts who are not employed by the department or the department of corrections. [2002 c 68 § 6; 2001 2nd sp.s. c 12 § 217.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.310 Transition facility residents—Mandatory escorts. Notwithstanding the provisions of RCW 71.09.305, residents of the secure community transition facility established pursuant to RCW 71.09.250(1) must be escorted at any time the resident leaves the facility. [2001 2nd sp.s. c 12 § 218.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.315 Transition facilities—Public notice, review, and comment. (1) Whenever the department operates, or the secretary enters into a contract to operate, a secure community transition facility except the secure community transition facility established pursuant to RCW 71.09.250(1), the secure community transition facility may be operated only after the public notification and opportunities for review and comment as required by this section.

(2) The secretary shall establish a process for early and continuous public participation in establishing or relocating secure community transition facilities. The process shall include, at a minimum, public meetings in the local communities affected, as well as opportunities for written and oral comments, in the following manner:

(a) If there are more than three sites initially selected as potential locations and the selection process by the secretary or a service provider reduces the number of possible sites for a secure community transition facility to no fewer than three, the secretary or the chief operating officer of the service provider shall notify the public of the possible siting and hold at least two public hearings in each community where a secure community transition facility may be sited.

(b) When the secretary or service provider has determined the secure community transition facility's location, the secretary or the chief operating officer of the service provider shall hold at least one additional public hearing in the community where the secure community transition facility will be sited.

(c) When the secretary has entered negotiations with a service provider and only one site is under consideration, then at least two public hearings shall be held.

(d) To provide adequate notice of, and opportunity for interested persons to comment on, a proposed location, the secretary or the chief operating officer of the service provider shall provide at least fourteen days' advance notice of the meeting to all newspapers of general circulation in the community, all radio and television stations generally available to persons in the community, any school district in which the secure community transition facility would be sited or whose boundary is within two miles of a proposed secure community transition facility, any library district in which the secure community transition facility would be sited, local business or fraternal organizations that request notification from the secretary or agency, and any person or property owner within a one-half mile radius of the proposed secure community transition facility. Before initiating this process, the department of social and health services shall contact local government planning agencies in the communities containing the proposed secure community transition facility. The department of social and health services shall coordinate with local government agencies to ensure that opportunities are provided for effective citizen input and to reduce the duplication of notice and meetings.

(3) If local government land use regulations require that a special use or conditional use permit be submitted and approved before a secure community transition facility can be sited, and the process for obtaining such a permit includes public notice and hearing requirements similar to those required under this section, the requirements of this section shall not apply to the extent they would duplicate requirements under the local land use regulations.

(4) This section applies only to secure community transition facilities sited after June 26, 2001. [2001 2nd sp.s. c 12 § 219.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.320 Transition facilities—Operational advisory boards. (1) The secretary shall develop a process with local governments that allows each community in which a secure community transition facility is located to establish operational advisory boards of at least seven persons for the secure community transition facilities. The department may conduct community awareness activities to publicize this opportunity. The operational advisory boards developed under this section shall be implemented following the decision to locate a secure community transition facility in a particular community.

(2) The operational advisory boards may review and make recommendations regarding the security and operations of the secure community transition facility and conditions or modifications necessary with relation to any person who the secretary proposes to place in the secure community transition facility.

(3) The facility management must consider the recommendations of the community advisory boards. Where the facility management does not implement an operational advisory board recommendation, the management must provide a written response to the operational advisory board stating its reasons for its decision not to implement the recommendation.

(4) The operational advisory boards, their members, and any agency represented by a member shall not be liable in any cause of action as a result of its recommendations unless the advisory board acts with gross negligence or bad faith in making a recommendation. [2001 2nd sp.s. c 12 § 220.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.325 Transition facilities—Conditional release—Reports—Violations. (1) The secretary shall adopt a violation reporting policy for persons conditionally released to less restrictive alternative placements. The policy shall require written documentation by the department and service providers of all violations of conditions set by the department, the department of corrections, or the court and establish criteria for returning a violator to the special commitment center or a secure community transition facility with a higher degree of security. Any conditionally released person who commits a serious violation of conditions shall be returned to the special commitment center, unless arrested by a law enforcement officer, and the court shall be notified immediately and shall initiate proceedings under RCW 71.09.098 to revoke or modify the less restrictive alternative placement. Nothing in this section limits the authority of the department to return a person to the special commitment center based on a violation that is not a serious violation as defined in this section. For the purposes of this section, "serious violation" includes but is not limited to:

(a) The commission of any criminal offense;

(b) Any unlawful use or possession of a controlled substance; and

(c) Any violation of conditions targeted to address the person's documented pattern of offense that increases the risk to public safety.

(2) When a person is conditionally released to a less restrictive alternative under this chapter and is under the supervision of the department of corrections, notice of any violation of the person's conditions of release must also be made to the department of corrections.

(3) Whenever the secretary contracts with a service provider to operate a secure community transition facility, the contract shall include a requirement that the service provider must report to the department of social and health services any known violation of conditions committed by any resident of the secure community transition facility.

(4) The secretary shall document in writing all violations, penalties, actions by the department of social and health services to remove persons from a secure community transition facility, and contract terminations. The secretary shall compile this information and submit it to the appropriate committees of the legislature on an annual basis. The secretary shall give great weight to a service provider's record of violations, penalties, actions by the department of social and health services or the department of corrections to remove persons from a secure community transition facility, and contract terminations in determining whether to execute, renew, or renegotiate a contract with a service provider. [2001 2nd sp.s. c 12 § 221.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.330 Transition facilities—Contracted operation—Enforcement remedies. Whenever the secretary contracts with a provider to operate a secure community transition facility, the secretary shall include in the contract provisions establishing intermediate contract enforcement remedies. [2001 2nd sp.s. c 12 § 222.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.335 Conditional release from total confinement—Community notification. A conditional release from a total confinement facility to a less restrictive alternative is a release that subjects the conditionally released person to the registration requirements specified in RCW 9A.44.130 and to community notification under RCW 4.24.550.

When a person is conditionally released to the secure community transition facility established pursuant to RCW 71.09.250(1), the sheriff must provide each household on McNeil Island with the community notification information provided for under RCW 4.24.550. [2001 2nd sp.s. c 12 § 223.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.340 Conditionally released persons—Employment, educational notification. An employer who hires a person who has been conditionally released to a less restrictive alternative must notify all other employees of the conditionally released person's status. Notification for conditionally released persons who enroll in an institution of higher

education shall be made pursuant to the provisions of RCW 9A.44.130 related to sex offenders enrolled in institutions of higher education and RCW 4.24.550. This section applies only to conditionally released persons whose court-approved treatment plan includes permission or a requirement for the person to obtain education or employment and to employment positions or educational programs that meet the requirements of the court-approved treatment plan. [2001 2nd sp.s. c 12 § 224.]

Intent—Severability—Effective dates—2001 2nd sp.s. c 12: See notes following RCW 71.09.250.

71.09.341 Transition facilities—Authority of department—Effect of local regulations. The minimum requirements set out in RCW 71.09.285 through 71.09.340 are minimum requirements to be applied by the department. Nothing in this section is intended to prevent a city or county from adopting development regulations, as defined in RCW 36.70A.030, unless the proposed regulation imposes requirements more restrictive than those specifically addressed in RCW 71.09.285 through 71.09.340. Regulations that impose requirements more restrictive than those specifically addressed in these sections are void. Nothing in these sections prevents the department from adding requirements to enhance public safety. [2002 c 68 § 7.]

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

71.09.342 Transition facilities—Siting—Local regulations preempted, when—Consideration of public safety measures. (1) After October 1, 2002, notwithstanding RCW 36.70A.103 or any other law, this section preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the department to site, construct, renovate, occupy, and operate secure community transition facilities within the borders of the following:

(a) Any county that had five or more persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause has been made, on April 1, 2001, if the department determines that the county has not met the requirements of RCW 36.70A.200 with respect to secure community transition facilities. This subsection does not apply to the county in which the secure community transition facility authorized under RCW 71.09.250(1) is located; and

(b) Any city located within a county listed in (a) of this subsection that the department determines has not met the requirements of RCW 36.70A.200 with respect to secure community transition facilities.

(2) The department's determination under subsection (1)(a) or (b) of this section is final and is not subject to appeal under chapter 34.05 or 36.70A RCW.

(3) When siting a facility in a county or city that has been preempted under this section, the department shall consider the policy guidelines established under RCW 71.09.285 and 71.09.290 and shall hold the hearings required in RCW 71.09.315.

(4) Nothing in this section prohibits the department from:

(a) Siting a secure community transition facility in a city or county that has complied with the requirements of RCW 36.70A.200 with respect to secure community transition facilities, including a city that is located within a county that has been preempted. If the department sites a secure community transition facility in such a city or county, the department shall use the process established by the city or county for siting such facilities; or

(b) Consulting with a city or county that has been preempted under this section regarding the siting of a secure community transition facility.

(5)(a) A preempted city or county may propose public safety measures specific to any finalist site to the department. The measures must be consistent with the location of the facility at that finalist site. The proposal must be made in writing by the date of:

(i) The second hearing under RCW 71.09.315(2)(a) when there are three finalist sites; or

(ii) The first hearing under RCW 71.09.315(2)(b) when there is only one site under consideration.

(b) The department shall respond to the city or county in writing within fifteen business days of receiving the proposed measures. The response shall address all proposed measures.

(c) If the city or county finds that the department's response is inadequate, the city or county may notify the department in writing within fifteen business days of the specific items which it finds inadequate. If the city or county does not notify the department of a finding that the response is inadequate within fifteen business days, the department's response shall be final.

(d) If the city or county notifies the department that it finds the response inadequate and the department does not revise its response to the satisfaction of the city or county within seven business days, the city or county may petition the governor to designate a person with law enforcement expertise to review the response under RCW 34.05.479.

(e) The governor's designee shall hear a petition filed under this subsection and shall make a determination within thirty days of hearing the petition. The governor's designee shall consider the department's response, and the effectiveness and cost of the proposed measures, in relation to the purposes of this chapter. The determination by the governor's designee shall be final and may not be the basis for any cause of action in civil court.

(f) The city or county shall bear the cost of the petition to the governor's designee. If the city or county prevails on all issues, the department shall reimburse the city or county costs incurred, as provided under chapter 34.05 RCW.

(g) Neither the department's consideration and response to public safety conditions proposed by a city or county nor the decision of the governor's designee shall affect the preemption under this section or the department's authority to site, construct, renovate, occupy, and operate the secure community transition facility at that finalist site or at any finalist site.

(6) Until June 30, 2009, the secretary shall site, construct, occupy, and operate a secure community transition facility sited under this section in an environmentally responsible manner that is consistent with the substantive objectives of chapter 43.21C RCW, and shall consult with the department of ecology as appropriate in carrying out the planning,

(2004 Ed.)

construction, and operations of the facility. The secretary shall make a threshold determination of whether a secure community transition facility sited under this section would have a probable significant, adverse environmental impact. If the secretary determines that the secure community transition facility has such an impact, the secretary shall prepare an environmental impact statement that meets the requirements of RCW 43.21C.030 and 43.21C.031 and the rules promulgated by the department of ecology relating to such statements. Nothing in this subsection shall be the basis for any civil cause of action or administrative appeal.

(7) In no case may a secure community transition facility be sited adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration unless the site that the department has chosen in a particular county or city was identified pursuant to a process for siting secure community transition facilities adopted by that county or city in compliance with RCW 36.70A.200. "Within the line of sight" means that it is possible to reasonably visually distinguish and recognize individuals.

(8) This section does not apply to the secure community transition facility established pursuant to RCW 71.09.250(1). [2003 c 50 § 2; 2002 c 68 § 9.]

Application—Effective date—2003 c 50: See notes following RCW 71.09.020.

Purpose—Severability—Effective date—2002 c 68: See notes following RCW 36.70A.200.

Comprehensive community health centers: Chapter 70.10 RCW.

Funding: RCW 43.79.201 and 79.02.410.

71.24.011 Short title. This chapter may be known and cited as the community mental health services act. [1982 c 204 § 1.]

71.24.015 Legislative intent and policy. It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early iden-

tification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers. [2001 c 334 § 6; 2001 c 323 § 1; 1999 c 214 § 7; 1991 c 306 § 1; 1989 c 205 § 1; 1986 c 274 § 1; 1982 c 204 § 2.]

Reviser's note: This section was amended by 2001 c 323 § 1 and by 2001 c 334 § 6, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Intent—Effective date—1999 c 214: See notes following RCW 72.09.370.

(2004 Ed.)

Conflict with federal requirements—1991 c 306: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

However, if any part of this act conflicts with such federal requirements, the state appropriation for mental health services provided to children whose mental disorders are discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program shall be provided through the division of medical assistance and no state funds appropriated to the division of mental health shall be expended or transferred for this purpose." [1991 c 306 § 7.]

Effective date—1986 c 274 §§ 1, 2, 3, 5, and 9: "Sections 1, 2, 3, 5, and 9 of this act shall take effect on July 1, 1987." [1986 c 274 § 11.]

71.24.016 Intent. It is the intent of the legislature that the community mental health service delivery system focus on maintaining mentally ill individuals in the community. The program shall be evaluated and managed through a limited number of performance measures designed to hold each regional support network accountable for program success. [2001 c 323 § 4.]

These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives. [2001 c 334 § 7; 2001 c 323 § 10; 1999 c 10 § 4; 1998 c 245 § 137. 71.24.037 Licensed service providers, residential services, community support services—Minimum standards. (1) The secretary shall by rule establish state minimum standards for licensed service providers and services.

(2) Minimum standards for licensed service providers shall, at a minimum, establish: Qualifications for staff providing services directly to mentally ill persons, the intended result of each service, and the rights and responsibilities of persons receiving mental health services pursuant to this chapter. The secretary shall provide for deeming of licensed service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

(3) Minimum standards for community support services and resource management services shall include at least qualifications for resource management services, client tracking systems, and the transfer of patient information between service providers. [2001 c 323 § 11; 1999 c 10 § 5.]

The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Coordinate services for individuals who have received services through the community mental health sys-

tem and who become patients at a state mental hospital. [2001 c 323 § 12; 1992 c 230 § 5. Prior: 1991 c 363 § 147; 1991 c 306 § 5; 1991 c 29 § 2; 1989 c 205 § 4; 1986 c 274 § 5; 1982 c 204 § 5.]

71.24.049 Identification by regional support network—Children's mental health services. By January 1st of each odd-numbered year, the regional support network shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families. [2001 c 323 § 13; 1999 c 10 § 6; 1986 c 274 § 6.]

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

71.24.100 Joint agreements of county authorities—Required provisions. Any agreement between two or more county authorities for the establishment of a community mental health program shall provide:

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer. [1982 c 204 § 7; 1967 ex.s. c 111 § 10.]

71.24.110 Joint agreements of county authorities—Permissive provisions. An agreement for the establishment of a community mental health program under RCW 71.24.100 may also provide:

71.24.155 Grants to regional support networks—Accounting. Grants shall be made by the department to regional support networks for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects, including early intervention or primary prevention programs for children, and the remainder shall be for emer-

gency needs and technical assistance under this chapter. [2001 c 323 § 14; 1987 c 505 § 65; 1986 c 274 § 9; 1982 c 204 § 9.]

Effective date—1986 c 274 §§ 1, 2, 3, 5, and 9: See note following RCW 71.24.015.

71.24.160 Proof as to uses made of state funds. The regional support networks shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. [2001 c 323 § 15; 1989 c 205 § 7; 1982 c 204 § 10; 1967 ex.s. c 111 § 16.]

71.24.215 Clients to be charged for services. Clients receiving mental health services funded by available resources shall be charged a fee under sliding-scale fee schedules, based on ability to pay, approved by the department. Fees shall not exceed the actual cost of care. [1982 c 204 § 11.]

71.24.220 Reimbursement may be withheld for non-compliance with chapter or related rules. The secretary may withhold state grants in whole or in part for any community mental health program in the event of a failure to comply with this chapter or the related rules adopted by the department. [1999 c 10 § 8; 1982 c 204 § 12; 1967 ex.s. c 111 § 22.]

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

71.24.240 County program plans to be approved by secretary prior to submittal to federal agency. In order to establish eligibility for funding under this chapter, any county or counties seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency. [1982 c 204 § 13; 1967 ex.s. c 111 § 24.]

71.24.250 Regional support network may accept and expend gifts and grants. The regional support network may accept and expend gifts and grants received from private, county, state, and federal sources. [2001 c 323 § 16; 1982 c 204 § 14; 1967 ex.s. c 111 § 25.]

71.24.260 Waiver of postgraduate educational requirements. The department shall waive postgraduate educational requirements applicable to mental health professionals under this chapter for those persons who have a bachelor's degree and on June 11, 1986:

(1) Are employed by an agency subject to licensure under this chapter, the community mental health services act, in a capacity involving the treatment of mental illness; and

(2) Have at least ten years of full-time experience in the treatment of mental illness. [1986 c 274 § 10.]

71.24.300 Regional support networks—Roles and responsibilities. A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7).

(c) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(d) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

(e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions.

The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

(f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children as provided in this chapter designed to achieve the outcomes specified in *section 5 of this act.

(g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).

(7) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section. [2001 c 323 § 17. Prior: 1999 c 214 § 8; 1999 c 10 § 9; 1994 c 204 § 2; 1992 c 230 § 6; prior: 1991 c 295 § 3; 1991 c 262 § 2; 1991 c 29 § 3; 1989 c 205 § 5.]

***Reviser's note:** Section 5 of this act was vetoed by the governor.

Intent—Effective date—1999 c 214: See notes following RCW 72.09.370.

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

Intent—1992 c 230: See note following RCW 72.23.025.

Evaluation of transition to regional systems—1989 c 205: See note following RCW 71.24.015.

71.24.310 Implementation of chapters 71.05 and 71.24 RCW through regional support networks. The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that any enhanced program funding for implementation of chapter 71.05 RCW or this chapter, except for funds allocated for implementation of mandatory statewide programs as required by federal statute, be made available primarily to those counties participating in regional support networks. [1989 c 205 § 6.]

Evaluation of transition to regional systems—1989 c 205: See note following RCW 71.24.015.

71.24.400 Streamlining delivery system—Finding. The legislature finds that the current complex set of federal, state, and local rules and regulations, audited and administered at multiple levels, which affect the community mental health service delivery system, focus primarily on the process of providing mental health services and do not sufficiently address consumer and system outcomes. The legislature finds that the department and the community mental health service delivery system must make ongoing efforts to achieve the purposes set forth in RCW 71.24.015 related to reduced administrative layering, duplication, elimination of process measures not specifically required by the federal government for the receipt of federal funds, and reduced administrative costs. [2001 c 323 § 18; 1999 c 10 § 10; 1995 c 96 § 1; 1994 c 259 § 1.]

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

Effective date—1995 c 96: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 18, 1995]." [1995 c 96 § 5.]

71.24.405 Streamlining delivery system. The department shall establish a comprehensive and collaborative effort within regional support networks and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health

adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and regional support networks. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and regional support networks and mental health service providers that link financial incentives to the success or failure of mental health service providers and regional support networks to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under *section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section. [2001 c 323 § 19; 1999 c 10 § 11; 1995 c 96 § 2; 1994 c 259 § 2.]

***Reviser's note:** Section 5 of this act was vetoed by the governor.

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

Effective date—1995 c 96: See note following RCW 71.24.400.

71.24.415 Streamlining delivery system—Department duties to achieve outcomes. To carry out the purposes specified in RCW 71.24.400, the department is encouraged to utilize its authority to eliminate any unnecessary rules, regulations, standards, or contracts, to immediately eliminate duplication of audits or any other unnecessarily duplicated functions, and to seek any waivers of federal or state rules or regulations necessary to achieve the purpose of streamlining the community mental health service delivery system and infusing it with incentives that reward efficiency, positive outcomes for clients, and quality services. [1999 c 10 § 12; 1995 c 96 § 3; 1994 c 259 § 4.]

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

Effective date—1995 c 96: See note following RCW 71.24.400.

71.24.420 Expenditure of federal funds. The department shall operate the community mental health service delivery system authorized under this chapter within the following constraints:

(1) The full amount of federal funds for mental health services, plus qualifying state expenditures as appropriated in the biennial operating budget, shall be appropriated to the department each year in the biennial appropriations act to carry out the provisions of the community mental health service delivery system authorized in this chapter.

(2) The department may expend funds defined in subsection (1) of this section in any manner that will effectively accomplish the outcome measures defined in *section 5 of this act.

(3) The department shall implement strategies that accomplish the outcome measures identified in *section 5 of this act that are within the funding constraints in this section.

(4) The department shall monitor expenditures against the appropriation levels provided for in subsection (1) of this section. [2001 c 323 § 2.]

***Reviser's note:** Section 5 of this act was vetoed by the governor.

71.24.430 Collaborative service delivery. (1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and funding issues at all levels of the system, including the state, the regional support networks, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery. [2001 c 323 § 3.]

71.24.450 Mentally ill offenders—Findings and intent. (1) Many acute and chronically mentally ill offenders are delayed in their release from Washington correctional facilities due to their inability to access reasonable treatment and living accommodations prior to the maximum expiration of their sentences. Often the offender reaches the end of his or her sentence and is released without any follow-up care, funds, or housing. These delays are costly to the state, often lead to psychiatric relapse, and result in unnecessary risk to the public.

These offenders rarely possess the skills or emotional stability to maintain employment or even complete applications to receive entitlement funding. Nation-wide only five percent of diagnosed schizophrenics are able to maintain part-time or full-time employment. Housing and appropriate treatment are difficult to obtain.

This lack of resources, funding, treatment, and housing creates additional stress for the mentally ill offender, impairing self-control and judgment. When the mental illness is instrumental in the offender's patterns of crime, such stresses may lead to a worsening of his or her illness, reoffending, and a threat to public safety.

(2) It is the intent of the legislature to create a pilot program to provide for postrelease mental health care and housing for a select group of mentally ill offenders entering community living, in order to reduce incarceration costs, increase public safety, and enhance the offender's quality of life. [1997 c 342 § 1.]

Severability—1997 c 342: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1997 c 342 § 6.]

71.24.455 Mentally ill offenders—Contracts for specialized access and services. (1) The secretary shall select and contract with a regional support network or private provider to provide specialized access and services to mentally ill offenders upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the regional support network or private provider as high-priority clients for

(2004 Ed.)

services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(a) The offender suffers from a major mental illness and needs continued mental health treatment;

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The regional support network or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected regional support network or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the regional support network or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected regional support network or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervi-

sion of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk mentally ill offenders shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998. [1997 c 342 § 2.]

Severability—1997 c 342: See note following RCW 71.24.450.

71.24.460 Mentally ill offenders—Report to legislature—Contingent termination of program. The department, in collaboration with the department of corrections and the oversight committee created in RCW 71.24.455, shall track outcomes and submit to the legislature annual reports regarding services and outcomes. The reports shall include the following: (1) A statistical analysis regarding the reoffense and reinstitutionalization rate by the enrollees in the program set forth in RCW 71.24.455; (2) a quantitative description of the services provided in the program set forth in RCW 71.24.455; and (3) recommendations for any needed modifications in the services and funding levels to increase the effectiveness of the program set forth in RCW 71.24.455. By December 1, 2003, the department shall certify the reoffense rate for enrollees in the program authorized by RCW 71.24.455 to the office of financial management and the appropriate legislative committees. If the reoffense rate exceeds fifteen percent, the authorization for the department to conduct the program under RCW 71.24.455 is terminated on January 1, 2004. [1999 c 10 § 13; 1997 c 342 § 4.]

Purpose—Intent—1999 c 10: See note following RCW 71.24.025.

Severability—1997 c 342: See note following RCW 71.24.450.

71.24.470 Dangerous mentally ill offenders—Contract for case management—Use of appropriated funds.

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370. The contracts may be with regional support networks or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the regional support networks are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the statutory distribution formula established pursuant to RCW 71.24.035. [1999 c 214 § 9.]

Intent—Effective date—1999 c 214: See notes following RCW 72.09.370.

71.24.480 Dangerous mentally ill offenders—Limitation on liability due to treatment—Reporting requirements. (1) A licensed service provider or regional support network, acting in the course of the provider's or network's duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a dangerous mentally ill offender who is a client of the provider or network, unless the act or omission of the provider or network constitutes:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and regional support network shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or regional support network's mere act of treating a dangerous mentally ill offender is not negligence. Nothing in this subsection alters the licensed service provider's or regional support network's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and regional support networks and does not apply to conduct of the state.

(5) For purposes of this section, "dangerous mentally ill offender" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably

believed to be dangerous to himself or herself or others; and (b) has a mental disorder. [2002 c 173 § 1.]

71.24.805 Mental health system review—Performance audit recommendations affirmed. The legislature affirms its support for those recommendations of the performance audit of the public mental health system conducted by the joint legislative audit and review committee relating to: Improving the coordination of services for clients with multiple needs; improving the consistency of client, service, and fiscal data collected by the mental health division; replacing process-oriented accountability activities with a uniform statewide outcome measurement system; and using outcome information to identify and provide incentives for best practices in the provision of public mental health services. 71.24.810 Mental health system review—Implementation of performance audit recommendations. The legislature supports recommendations 1 through 10 and 12 through 14 of the mental health system performance audit conducted by the joint legislative audit and review committee. The legislature expects the department of social and health services to work diligently within available funds to implement these recommendations. [2001 c 334 § 2.]

Effective date—2001 c 334: See note following RCW 71.24.805.

71.24.840 Mental health system review—Study of long-term outcomes. The Washington institute for public policy shall conduct a longitudinal study of long-term client outcomes to assess any changes in client status at two, five, and ten years. The measures tracked shall include client change as a result of services, employment and/or education, housing stability, criminal justice involvement, and level of services needed. The institute shall report these long-term outcomes to the appropriate policy and fiscal committee of the legislature annually beginning not later than December 31, 2005. [2001 c 334 § 5.]

Effective date—2001 c 334: See note following RCW 71.24.805.

71.24.900 Effective date—1967 ex.s. c 111. This act shall take effect on July 1, 1967. [1967 ex.s. c 111 § 26.]

71.24.901 Severability—1982 c 204. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 204 § 28.]

71.24.902 Construction. Nothing in this chapter shall be construed as prohibiting the secretary from consolidating within the department children's mental health services with other departmental services related to children. [1986 c 274 § 7.]

71.32.010 Legislative declaration—Findings. (1) The legislature declares that an individual with capacity has the ability to control decisions relating to his or her own mental health care. The legislature finds that:

(a) Some mental illnesses cause individuals to fluctuate between capacity and incapacity;

(b) During periods when an individual's capacity is unclear, the individual may be unable to access needed treatment because the individual may be unable to give informed consent;

(c) Early treatment may prevent an individual from becoming so ill that involuntary treatment is necessary; and

(d) Mentally ill individuals need some method of expressing their instructions and preferences for treatment and providing advance consent to or refusal of treatment.

The legislature recognizes that a mental health advance directive can be an essential tool for an individual to express his or her choices at a time when the effects of mental illness have not deprived him or her of the power to express his or her instructions or preferences.

(2) The legislature further finds that:

(a) A mental health advance directive must provide the individual with a full range of choices;

(b) Mentally ill individuals have varying perspectives on whether they want to be able to revoke a directive during periods of incapacity;

(c) For a mental health advance directive to be an effective tool, individuals must be able to choose how they want their directives treated during periods of incapacity; and

(d) There must be clear standards so that treatment providers can readily discern an individual's treatment choices.

Consequently, the legislature affirms that, pursuant to other provisions of law, a validly executed mental health advance directive is to be respected by agents, guardians, and other surrogate decision makers, health care providers, professional persons, and health care facilities. [2003 c 283 § 1.]

(2) The definitions of mental disorder, mental health professional, and professional person are to be construed to be consistent with those terms as they are defined in RCW 71.05.020. [2003 c 283 § 3.]

71.32.040 Adult presumed to have capacity. For the purposes of this chapter, an adult is presumed to have capacity. [2003 c 283 § 4.]

71.32.050 Execution of directive—Scope. (1) An adult with capacity may execute a mental health advance directive.

(2) A directive executed in accordance with this chapter is presumed to be valid. The inability to honor one or more provisions of a directive does not affect the validity of the remaining provisions.

(3) A directive may include any provision relating to mental health treatment or the care of the principal or the principal's personal affairs. Without limitation, a directive may include:

(a) The principal's preferences and instructions for mental health treatment;

(b) Consent to specific types of mental health treatment;

(c) Refusal to consent to specific types of mental health treatment;

(d) Consent to admission to and retention in a facility for mental health treatment for up to fourteen days;

(e) Descriptions of situations that may cause the principal to experience a mental health crisis;

(f) Suggested alternative responses that may supplement or be in lieu of direct mental health treatment, such as treatment approaches from other providers;

(g) Appointment of an agent pursuant to chapter 11.94 RCW to make mental health treatment decisions on the principal's behalf, including authorizing the agent to provide consent on the principal's behalf to voluntary admission to inpatient mental health treatment; and

(h) The principal's nomination of a guardian or limited guardian as provided in RCW 11.94.010 for consideration by the court if guardianship proceedings are commenced.

(4) A directive may be combined with or be independent of a nomination of a guardian or other durable power of attorney under chapter 11.94 RCW, so long as the processes for each are executed in accordance with its own statutes. [2003 c 283 § 5.]

71.32.060 Execution of directive—Elements—Effective date—Expiration. (1) A directive shall:

(a) Be in writing;

(b) Contain language that clearly indicates that the principal intends to create a directive;

(c) Be dated and signed by the principal or at the principal's direction in the principal's presence if the principal is unable to sign;

(d) Designate whether the principal wishes to be able to revoke the directive during any period of incapacity or wishes to be unable to revoke the directive during any period of incapacity; and

(e) Be witnessed in writing by at least two adults, each of whom shall declare that he or she personally knows the principal, was present when the principal dated and signed the directive, and that the principal did not appear to be incapacitated or acting under fraud, undue influence, or duress.

(2) A directive that includes the appointment of an agent under chapter 11.94 RCW shall contain the words "This power of attorney shall not be affected by the incapacity of the principal," or "This power of attorney shall become effective upon the incapacity of the principal," or similar words showing the principal's intent that the authority conferred shall be exercisable notwithstanding the principal's incapacity.

(3) A directive is valid upon execution, but all or part of the directive may take effect at a later time as designated by the principal in the directive.

(4) A directive may:

(a) Be revoked, in whole or in part, pursuant to the provisions of RCW 71.32.080; or

(b) Expire under its own terms. [2003 c 283 § 6.]

71.32.070 Prohibited elements. A directive may not:

(1) Create an entitlement to mental health or medical treatment or supersede a determination of medical necessity;

(2) Obligate any health care provider, professional person, or health care facility to pay the costs associated with the treatment requested;

(3) Obligate any health care provider, professional person, or health care facility to be responsible for the nontreatment personal care of the principal or the principal's personal affairs outside the scope of services the facility normally provides;

(4) Replace or supersede the provisions of any will or testamentary document or supersede the provisions of intestate succession;

(5) Be revoked by an incapacitated principal unless that principal selected the option to permit revocation while incapacitated at the time his or her directive was executed; or

(6) Be used as the authority for inpatient admission for more than fourteen days in any twenty-one day period. [2003 c 283 § 7.]

71.32.080 Revocation—Waiver. (1)(a) A principal with capacity may, by written statement by the principal or at the principal's direction in the principal's presence, revoke a directive in whole or in part.

(b) An incapacitated principal may revoke a directive only if he or she elected at the time of executing the directive to be able to revoke when incapacitated.

(2) The revocation need not follow any specific form so long as it is written and the intent of the principal can be discerned.

(3) The principal shall provide a copy of his or her written statement of revocation to his or her agent, if any, and to each health care provider, professional person, or health care facility that received a copy of the directive from the principal.

(4) The written statement of revocation is effective:

(a) As to a health care provider, professional person, or health care facility, upon receipt. The professional person, health care provider, or health care facility, or persons acting under their direction shall make the statement of revocation part of the principal's medical record; and

(b) As to the principal's agent, upon receipt. The principal's agent shall notify the principal's health care provider, professional person, or health care facility of the revocation and provide them with a copy of the written statement of revocation.

(5) A directive also may:

(a) Be revoked, in whole or in part, expressly or to the extent of any inconsistency, by a subsequent directive; or

(b) Be superseded or revoked by a court order, including any order entered in a criminal matter. A directive may be superseded by a court order regardless of whether the order contains an explicit reference to the directive. To the extent a directive is not in conflict with a court order, the directive remains effective, subject to the provisions of RCW 71.32.150. A directive shall not be interpreted in a manner that interferes with: (i) Incarceration or detention by the department of corrections, in a city or county jail, or by the department of social and health services; or (ii) treatment of a principal who is subject to involuntary treatment pursuant to chapter 10.77, 70.96A, 71.05, 71.09, or 71.34 RCW.

(6) A directive that would have otherwise expired but is effective because the principal is incapacitated remains effective until the principal is no longer incapacitated unless the principal has elected to be able to revoke while incapacitated and has revoked the directive.

(7) When a principal with capacity consents to treatment that differs from, or refuses treatment consented to in, the provisions of his or her directive, the consent or refusal constitutes a waiver of that provision and does not constitute a revocation of the provision or directive unless the principal also revokes the directive or provision. [2003 c 283 § 8.]

71.32.090 Witnesses. A witness may not be any of the following:

(1) A person designated to make health care decisions on the principal's behalf;

(2) A health care provider or professional person directly involved with the provision of care to the principal at the time the directive is executed;

(3) An owner, operator, employee, or relative of an owner or operator of a health care facility or long-term care facility in which the principal is a patient or resident;

(4) A person who is related by blood, marriage, or adoption to the person or with whom the principal has a dating relationship, as defined in RCW 26.50.010;

(5) A person who is declared to be an incapacitated person; or

(6) A person who would benefit financially if the principal making the directive undergoes mental health treatment. [2003 c 283 § 9.]

71.32.100 Appointment of agent. (1) If a directive authorizes the appointment of an agent, the provisions of chapter 11.94 RCW and RCW 7.70.065 shall apply unless otherwise stated in this chapter.

(2) The principal who appoints an agent must notify the agent in writing of the appointment.

(3) An agent must act in good faith.

(4) An agent may make decisions on behalf of the principal. Unless the principal has revoked the directive, the decisions must be consistent with the instructions and preferences the principal has expressed in the directive, or if not expressed, as otherwise known to the agent. If the principal's instructions or preferences are not known, the agent shall make a decision he or she determines is in the best interest of the principal.

(5) Except to the extent the right is limited by the appointment or any federal or state law, the agent has the same right as the principal to receive, review, and authorize the use and disclosure of the principal's health care information when the agent is acting on behalf of the principal and to the extent required for the agent to carry out his or her duties. This subsection shall be construed to be consistent with chapters 70.02, 70.24, 70.96A, 71.05, and 71.34 RCW, and with federal law regarding health care information.

(6) Unless otherwise provided in the appointment and agreed to in writing by the agent, the agent is not, as a result of acting in the capacity of agent, personally liable for the cost of treatment provided to the principal.

(7) An agent may resign or withdraw at any time by giving written notice to the principal. The agent must also give written notice to any health care provider, professional person, or health care facility providing treatment to the principal. The resignation or withdrawal is effective upon receipt unless otherwise specified in the resignation or withdrawal.

(8) If the directive gives the agent authority to act while the principal has capacity, the decisions of the principal supersede those of the agent at any time the principal has capacity.

(9) Unless otherwise provided in the durable power of attorney, the principal may revoke the agent's appointment as provided under other state law. [2003 c 283 § 10.]

71.32.110 Determination of capacity. (1) For the purposes of this chapter, a principal, agent, professional person, or health care provider may seek a determination whether the principal is incapacitated or has regained capacity.

(2)(a) For the purposes of this chapter, no adult may be declared an incapacitated person except by:

(i) A court, if the request is made by the principal or the principal's agent;

(ii) One mental health professional and one health care provider; or

(iii) Two health care providers.

(b) One of the persons making the determination under (a)(ii) or (iii) of this subsection must be a psychiatrist, psychologist, or a psychiatric advanced registered nurse practitioner.

(3) When a professional person or health care provider requests a capacity determination, he or she shall promptly inform the principal that:

(a) A request for capacity determination has been made; and

(b) The principal may request that the determination be made by a court.

(4) At least one mental health professional or health care provider must personally examine the principal prior to making a capacity determination.

(5)(a) When a court makes a determination whether a principal has capacity, the court shall, at a minimum, be informed by the testimony of one mental health professional familiar with the principal and shall, except for good cause, give the principal an opportunity to appear in court prior to the court making its determination.

(b) To the extent that local court rules permit, any party or witness may testify telephonically.

(6) When a court has made a determination regarding a principal's capacity and there is a subsequent change in the principal's condition, subsequent determinations whether the principal is incapacitated may be made in accordance with any of the provisions of subsection (2) of this section. [2003 c 283 § 11.]

71.32.120 Action to contest directive. A principal may bring an action to contest the validity of his or her directive. If an action under this section is commenced while an action to determine the principal's capacity is pending, the court shall consolidate the actions and decide the issues simultaneously. [2003 c 283 § 12.]

71.32.130 Determination of capacity—Reevaluations of capacity. (1) An initial determination of capacity must be completed within forty-eight hours of a request made by a person authorized in RCW 71.32.110. During the period between the request for an initial determination of the princi-

pal's capacity and completion of that determination, the principal may not be treated unless he or she consents at the time or treatment is otherwise authorized by state or federal law.

(2)(a)(i) When an incapacitated principal is admitted to inpatient treatment pursuant to the provisions of his or her directive, his or her capacity must be reevaluated within seventy-two hours or when there has been a change in the principal's condition that indicates that he or she appears to have regained capacity, whichever occurs first.

(ii) When an incapacitated principal has been admitted to and remains in inpatient treatment for more than seventy-two hours pursuant to the provisions of his or her directive, the principal's capacity must be reevaluated when there has been a change in his or her condition that indicates that he or she appears to have regained capacity.

(iii) When a principal who is being treated on an inpatient basis and has been determined to be incapacitated requests, or his or her agent requests, a redetermination of the principal's capacity the redetermination must be made within seventy-two hours.

(b) When a principal who has been determined to be incapacitated is being treated on an outpatient basis and there is a request for a redetermination of his or her capacity, the redetermination must be made within five days of the first request following a determination.

(3)(a) When a principal who has appointed an agent for mental health treatment decisions requests a determination or redetermination of capacity, the agent must make reasonable efforts to obtain the determination or redetermination.

(b) When a principal who does not have an agent for mental health treatment decisions is being treated in an inpatient facility and requests a determination or redetermination of capacity, the mental health professional or health care provider must complete the determination or, if the principal is seeking a determination from a court, must make reasonable efforts to notify the person authorized to make decisions for the principal under RCW 7.70.065 of the principal's request.

(c) When a principal who does not have an agent for mental health treatment decisions is being treated on an outpatient basis, the person requesting a capacity determination must arrange for the determination.

(4) If no determination has been made within the time frames established in subsection (1) or (2) of this section, the principal shall be considered to have capacity.

(5) When an incapacitated principal is being treated pursuant to his or her directive, a request for a redetermination of capacity does not prevent treatment. [2003 c 283 § 13.]

71.32.140 Refusal of admission to inpatient treatment—Effect of directive. (1) A principal who:

(a) Chose not to be able to revoke his or her directive during any period of incapacity;

(b) Consented to voluntary admission to inpatient mental health treatment, or authorized an agent to consent on the principal's behalf; and

(c) At the time of admission to inpatient treatment, refuses to be admitted, may only be admitted into inpatient mental health treatment under subsection (2) of this section.

(2) A principal may only be admitted to inpatient mental health treatment under his or her directive if, prior to admis-

(2004 Ed.)

sion, a physician member of the treating facility's professional staff:

(a) Evaluates the principal's mental condition, including a review of reasonably available psychiatric and psychological history, diagnosis, and treatment needs, and determines, in conjunction with another health care provider or mental health professional, that the principal is incapacitated;

(b) Obtains the informed consent of the agent, if any, designated in the directive;

(c) Makes a written determination that the principal needs an inpatient evaluation or is in need of inpatient treatment and that the evaluation or treatment cannot be accomplished in a less restrictive setting; and

(d) Documents in the principal's medical record a summary of the physician's findings and recommendations for treatment or evaluation.

(3) In the event the admitting physician is not a psychiatrist, the principal shall receive a complete psychological assessment by a mental health professional within twenty-four hours of admission to determine the continued need for inpatient evaluation or treatment.

(4)(a) If it is determined that the principal has capacity, then the principal may only be admitted to, or remain in, inpatient treatment if he or she consents at the time or is detained under the involuntary treatment provisions of chapter 70.96A, 71.05, or 71.34 RCW.

(b) If a principal who is determined by two health care providers or one mental health professional and one health care provider to be incapacitated continues to refuse inpatient treatment, the principal may immediately seek injunctive relief for release from the facility.

(5) If, at the end of the period of time that the principal or the principal's agent, if any, has consented to voluntary inpatient treatment, but no more than fourteen days after admission, the principal has not regained capacity or has regained capacity but refuses to consent to remain for additional treatment, the principal must be released during reasonable daylight hours, unless detained under chapter 70.96A, 71.05, or 71.34 RCW.

(6)(a) Except as provided in (b) of this subsection, any principal who is voluntarily admitted to inpatient mental health treatment under this chapter shall have all the rights provided to individuals who are voluntarily admitted to inpatient treatment under chapter 71.05, 71.34, or 72.23 RCW.

(b) Notwithstanding RCW 71.05.050 regarding consent to inpatient treatment for a specified length of time, the choices an incapacitated principal expressed in his or her directive shall control, provided, however, that a principal who takes action demonstrating a desire to be discharged, in addition to making statements requesting to be discharged, shall be discharged, and no principal shall be restrained in any way in order to prevent his or her discharge. Nothing in this subsection shall be construed to prevent detention and evaluation for civil commitment under chapter 71.05 RCW.

(7) Consent to inpatient admission in a directive is effective only while the professional person, health care provider, and health care facility are in substantial compliance with the material provisions of the directive related to inpatient treatment. [2004 c 39 § 2; 2003 c 283 § 14.]

Finding—Intent—2004 c 39: "Questions have been raised about the intent of the legislature in cross-referencing RCW 71.05.050 without further

clarification in RCW 71.32.140. The legislature finds that because RCW 71.05.050 pertains to a variety of rights as well as the procedures for detaining a voluntary patient for evaluation for civil commitment, and the legislature intended only to address the right of release upon request, there is ambiguity as to whether an incapacitated person admitted pursuant to his or her mental health advance directive and seeking release can be held for evaluation for civil commitment under chapter 71.05 RCW. The legislature therefore intends to clarify the ambiguity without making any change to its intended policy as laid out in chapter 71.32 RCW." [2004 c 39 § 1.]

71.32.150 Compliance with directive—Conditions for noncompliance. (1) Upon receiving a directive, a health care provider, professional person, or health care facility providing treatment to the principal, or persons acting under the direction of the health care provider, professional person, or health care facility, shall make the directive a part of the principal's medical record and shall be deemed to have actual knowledge of the directive's contents.

(2) When acting under authority of a directive, a health care provider, professional person, or health care facility shall act in accordance with the provisions of the directive to the fullest extent possible, unless in the determination of the health care provider, professional person, or health care facility:

(a) Compliance with the provision would violate the accepted standard of care established in RCW 7.70.040;

(b) The requested treatment is not available;

(c) Compliance with the provision would violate applicable law; or

(d) It is an emergency situation and compliance would endanger any person's life or health.

(3)(a) In the case of a principal committed or detained under the involuntary treatment provisions of chapter 10.77, 70.96A, 71.05, 71.09, or 71.34 RCW, those provisions of a principal's directive that, in the determination of the health care provider, professional person, or health care facility, are inconsistent with the purpose of the commitment or with any order of the court relating to the commitment are invalid during the commitment.

(b) Remaining provisions of a principal's directive are advisory while the principal is committed or detained.

The treatment provider is encouraged to follow the remaining provisions of the directive, except as provided in (a) of this subsection or subsection (2) of this section.

(4) In the case of a principal who is incarcerated or committed in a state or local correctional facility, provisions of the principal's directive that are inconsistent with reasonable penological objectives or administrative hearings regarding involuntary medication are invalid during the period of incarceration or commitment. In addition, treatment may be given despite refusal of the principal or the provisions of the directive: (a) For any reason under subsection (2) of this section; or (b) if, without the benefit of the specific treatment measure, there is a significant possibility that the person will harm self or others before an improvement of the person's condition occurs.

(5)(a) If the health care provider, professional person, or health care facility is, at the time of receiving the directive, unable or unwilling to comply with any part or parts of the directive for any reason, the health care provider, professional person, or health care facility shall promptly notify the

principal and, if applicable, his or her agent and shall document the reason in the principal's medical record.

(b) If the health care provider, professional person, or health care facility is acting under authority of a directive and is unable to comply with any part or parts of the directive for the reasons listed in subsection (2) or (3) of this section, the health care provider, professional person, or health care facility shall promptly notify the principal and if applicable, his or her agent, and shall document the reason in the principal's medical record.

(6) In the event that one or more parts of the directive are not followed because of one or more of the reasons set forth in subsection (2) or (4) of this section, all other parts of the directive shall be followed.

(7) If no provider-patient relationship has previously been established, nothing in this chapter requires the establishment of a provider-patient relationship. [2003 c 283 § 15.]

71.32.160 Electroconvulsive therapy. Where a principal consents in a directive to electroconvulsive therapy, the health care provider, professional person, or health care facility, or persons acting under the direction of the health care provider, professional person, or health care facility, shall document the therapy and the reason it was used in the principal's medical record. [2003 c 283 § 16.]

71.32.170 Providers—Immunity from liability—Conditions. (1) For the purposes of this section, "provider" means a private or public agency, government entity, health care provider, professional person, health care facility, or person acting under the direction of a health care provider or professional person, health care facility, or long-term care facility.

(2) A provider is not subject to civil liability or sanctions for unprofessional conduct under the uniform disciplinary act, chapter 18.130 RCW, when in good faith and without negligence:

(a) The provider provides treatment to a principal in the absence of actual knowledge of the existence of a directive, or provides treatment pursuant to a directive in the absence of actual knowledge of the revocation of the directive;

(b) A health care provider or mental health professional determines that the principal is or is not incapacitated for the purpose of deciding whether to proceed according to a directive, and acts upon that determination;

(c) The provider administers or does not administer mental health treatment according to the principal's directive in good faith reliance upon the validity of the directive and the directive is subsequently found to be invalid;

(d) The provider does not provide treatment according to the directive for one of the reasons authorized under RCW 71.32.150; or

(e) The provider provides treatment according to the principal's directive. [2003 c 283 § 17.]

71.32.180 Multiple directives, agents—Effect—Disclosure of court orders. (1) Where an incapacitated principal has executed more than one valid directive and has not revoked any of the directives:

(a) The directive most recently created shall be treated as the principal's mental health treatment preferences and instructions as to any inconsistent or conflicting provisions, unless provided otherwise in either document.

(b) Where a directive executed under this chapter is inconsistent with a directive executed under any other chapter, the most recently created directive controls as to the inconsistent provisions.

(2) Where an incapacitated principal has appointed more than one agent under chapter 11.94 RCW with authority to make mental health treatment decisions, RCW 11.94.010 controls.

(3) The treatment provider shall inquire of a principal whether the principal is subject to any court orders that would affect the implementation of his or her directive. [2003 c 283 § 18.]

71.32.190 Preexisting, foreign directives—Validity.

(1) Directives validly executed before July 27, 2003, shall be given full force and effect until revoked, superseded, or expired.

(2) A directive validly executed in another political jurisdiction is valid to the extent permitted by Washington state law. [2003 c 283 § 19.]

71.32.200 Fraud, duress, undue influence—Appointment of guardian. Any person with reasonable cause to believe that a directive has been created or revoked under circumstances amounting to fraud, duress, or undue influence may petition the court for appointment of a guardian for the person or to review the actions of the agent or person alleged to be involved in improper conduct under RCW 11.94.090 or 74.34.110. [2003 c 283 § 20.]

71.32.210 Execution of directive not evidence of mental disorder or lack of capacity. The fact that a person has executed a directive does not constitute an indication of mental disorder or that the person is not capable of providing informed consent. [2003 c 283 § 21.]

71.32.220 Requiring directive prohibited. A person shall not be required to execute or to refrain from executing a directive, nor shall the existence of a directive be used as a criterion for insurance, as a condition for receiving mental or physical health services, or as a condition of admission to or discharge from a health care facility or long-term care facility. [2003 c 283 § 22.]

71.32.230 Coercion, threats prohibited. No person or health care facility may use or threaten abuse, neglect, financial exploitation, or abandonment of the principal, as those

terms are defined in RCW 74.34.020, to carry out the directive. [2003 c 283 § 23.]

71.32.240 Other authority not limited. A directive does not limit any authority otherwise provided in Title 10, 70, or 71 RCW, or any other applicable state or federal laws to detain a person, take a person into custody, or to admit, retain, or treat a person in a health care facility. [2003 c 283 § 24.]

71.32.250 Long-term care facility residents—Readmission after inpatient mental health treatment—Evaluation, report to legislature. (1) If a principal who is a resident of a long-term care facility is admitted to inpatient mental health treatment pursuant to his or her directive, the principal shall be allowed to be readmitted to the same long-term care facility as if his or her inpatient admission had been for a physical condition on the same basis that the principal would be readmitted under state or federal statute or rule when:

(a) The treating facility's professional staff determine that inpatient mental health treatment is no longer medically necessary for the resident. The determination shall be made in writing by a psychiatrist or by a mental health professional and a physician; or

(b) The person's consent to admission in his or her directive has expired.

(2)(a) If the long-term care facility does not have a bed available at the time of discharge, the treating facility may discharge the resident, in consultation with the resident and agent if any, and in accordance with a medically appropriate discharge plan, to another long-term care facility.

(b) This section shall apply to inpatient mental health treatment admission of long-term care facility residents, regardless of whether the admission is directly from a facility, hospital emergency room, or other location.

(c) This section does not restrict the right of the resident to an earlier release from the inpatient treatment facility. This section does not restrict the right of a long-term care facility to initiate transfer or discharge of a resident who is readmitted pursuant to this section, provided that the facility has complied with the laws governing the transfer or discharge of a resident.

(3) The joint legislative audit and review committee shall conduct an evaluation of the operation and impact of this section. The committee shall report its findings to the appropriate committees of the legislature by December 1, 2004. [2003 c 283 § 25.]

71.32.260 Form. The directive shall be in substantially the following form:

Mental Health Advance Directive

**NOTICE TO PERSONS
CREATING A MENTAL HEALTH ADVANCE DIRECTIVE**

This is an important legal document. It creates an advance directive for mental health treatment. Before signing this document you should know these important facts:

(1) This document is called an advance directive and allows you to make decisions in advance about your mental health treatment, including medications, short-term admission to inpatient treatment and electroconvulsive therapy.

**YOU DO NOT HAVE TO FILL OUT OR SIGN THIS FORM.
IF YOU DO NOT SIGN THIS FORM, IT WILL NOT TAKE EFFECT.**

If you choose to complete and sign this document, you may still decide to leave some items blank.

- (2) You have the right to appoint a person as your agent to make treatment decisions for you. You must notify your agent that you have appointed him or her as an agent. The person you appoint has a duty to act consistently with your wishes made known by you. If your agent does not know what your wishes are, he or she has a duty to act in your best interest. Your agent has the right to withdraw from the appointment at any time.
- (3) The instructions you include with this advance directive and the authority you give your agent to act will only become effective under the conditions you select in this document. You may choose to limit this directive and your agent's authority to times when you are incapacitated or to times when you are exhibiting symptoms or behavior that you specify. You may also make this directive effective immediately. No matter when you choose to make this directive effective, your treatment providers must still seek your informed consent at all times that you have capacity to give informed consent.
- (4) You have the right to revoke this document in writing at any time you have capacity.
YOU MAY NOT REVOKE THIS DIRECTIVE WHEN YOU HAVE BEEN FOUND TO BE INCAPACITATED UNLESS YOU HAVE SPECIFICALLY STATED IN THIS DIRECTIVE THAT YOU WANT IT TO BE REVOCABLE WHEN YOU ARE INCAPACITATED.
- (5) This directive will stay in effect until you revoke it unless you specify an expiration date. If you specify an expiration date and you are incapacitated at the time it expires, it will remain in effect until you have capacity to make treatment decisions again unless you chose to be able to revoke it while you are incapacitated and you revoke the directive.
- (6) You cannot use your advance directive to consent to civil commitment. The procedures that apply to your advance directive are different than those provided for in the Involuntary Treatment Act. Involuntary treatment is a different process.
- (7) If there is anything in this directive that you do not understand, you should ask a lawyer to explain it to you.
- (8) You should be aware that there are some circumstances where your provider may not have to follow your directive.
- (9) You should discuss any treatment decisions in your directive with your provider.
- (10) You may ask the court to rule on the validity of your directive.

**PART I.
STATEMENT OF INTENT TO CREATE A
MENTAL HEALTH ADVANCE DIRECTIVE**

I, being a person with capacity, willfully and voluntarily execute this mental health advance directive so that my choices regarding my mental health care will be carried out in circumstances when I am unable to express my instructions and preferences regarding my mental health care. If a guardian is appointed by a court to make mental health decisions for me, I intend this document to take precedence over all other means of ascertaining my intent.

The fact that I may have left blanks in this directive does not affect its validity in any way. I intend that all completed sections be followed. If I have not expressed a choice, my agent should make the decision that he or she determines is in my best interest. I intend this directive to take precedence over any other directives I have previously executed, to the extent that they are inconsistent with this document, or unless I expressly state otherwise in either document.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if a court, two health care providers, or one mental health professional and one health care provider find that I am an incapacitated person, unless, when I executed this directive, I chose to be able to revoke this directive while incapacitated.

I understand that, except as otherwise provided in law, revocation must be in writing. I understand that nothing in this directive, or in my refusal of treatment to which I consent in this directive, authorizes any health care provider, professional person, health care facility, or agent appointed in this directive to use or threaten to use abuse, neglect, financial exploitation, or abandonment to carry out my directive.

I understand that there are some circumstances where my provider may not have to follow my directive.

**PART II.
WHEN THIS DIRECTIVE IS EFFECTIVE**

YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE TO BE VALID.

I intend that this directive become effective (*YOU MUST CHOOSE ONLY ONE*):

- Immediately upon my signing of this directive.
- If I become incapacitated.

I want this directive to (*YOU MUST CHOOSE ONLY ONE*):

- Remain valid and in effect for an indefinite period of time.

**PART IV.
WHEN I MAY REVOKE THIS DIRECTIVE**

YOU MUST COMPLETE THIS PART FOR THIS DIRECTIVE TO BE VALID.

I intend that I be able to revoke this directive (*YOU MUST CHOOSE ONLY ONE*):

- Only when I have capacity.
I understand that choosing this option means I may only revoke this directive if I have capacity. I further understand that if I choose this option and become incapacitated while this directive is in effect, I may receive treatment that I specify in this directive, even if I object at the time.
- Even if I am incapacitated.
I understand that choosing this option means that I may revoke this directive even if I am incapacitated. I further understand that if I choose this option and revoke this directive while I am incapacitated I may not receive treatment that I specify in this directive, even if I want the treatment.

71.34.010 Purpose—Parental participation in treatment decisions—Parental control of minor children during treatment. It is the purpose of this chapter to assure that minors in need of mental health care and treatment receive an appropriate continuum of culturally relevant care and treatment, including prevention and early intervention, self-directed care, parent-directed care, and involuntary treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide mental health services to minors shall jointly plan and deliver those services.

It is also the purpose of this chapter to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment. The mental health care and treatment providers shall encourage the use of voluntary services and, whenever clinically appropriate, the providers shall offer less restrictive alternatives to inpatient treatment. Additionally, all mental health care and treatment providers shall assure that minors' parents are given an opportunity to participate in the treatment decisions for their minor children. The mental health care and treatment providers shall, to the extent possible, offer services that involve minors' parents or family.

It is also the purpose of this chapter to assure the ability of parents to exercise reasonable, compassionate care and control of their minor children when there is a medical necessity for treatment and without the requirement of filing a petition under this chapter. [1998 c 296 § 7; 1992 c 205 § 302; 1985 c 354 § 1.]

71.34.015 Availability of treatment does not create right to obtain public funds. The ability of a parent to bring his or her minor child to a certified evaluation and treatment program for evaluation and treatment does not create a right to obtain or benefit from any funds or resources of the state. The state may provide services for indigent minors to the extent that funds are available. [1998 c 296 § 21.]

71.34.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child psychiatrist" means a person having a license as a physician and surgeon in this state, who has had graduate training in child psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and who is board eligible or board certified in child psychiatry.

(2) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(3) "Commitment" means a determination by a judge or court commissioner, made after a commitment hearing, that the minor is in need of inpatient diagnosis, evaluation, or treatment or that the minor is in need of less restrictive alternative treatment.

(4) "County-designated mental health professional" means a mental health professional designated by one or more counties to perform the functions of a county-designated mental health professional described in this chapter.

(5) "Department" means the department of social and health services.

(6) "Evaluation and treatment facility" means a public or private facility or unit that is certified by the department to provide emergency, inpatient, residential, or outpatient mental health evaluation and treatment services for minors. A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. A facility which is part of or operated by the department or federal agency does not require certification. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

(7) "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

(8) "Gravely disabled minor" means a minor who, as a result of a mental disorder, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

(9) "Inpatient treatment" means twenty-four-hour-per-day mental health care provided within a general hospital, psychiatric hospital, or residential treatment facility certified by the department as an evaluation and treatment facility for minors.

(10) "Less restrictive alternative" or "less restrictive setting" means outpatient treatment provided to a minor who is not residing in a facility providing inpatient treatment as defined in this chapter.

(11) "Likelihood of serious harm" means either: (a) A substantial risk that physical harm will be inflicted by an individual upon his or her own person, as evidenced by threats or attempts to commit suicide or inflict physical harm on oneself; (b) a substantial risk that physical harm will be inflicted by an individual upon another, as evidenced by behavior which has caused such harm or which places another person or persons in reasonable fear of sustaining such harm; or (c) a substantial risk that physical harm will be inflicted by an individual upon the property of others, as evidenced by behavior

which has caused substantial loss or damage to the property of others.

(12) "Medical necessity" for inpatient care means a requested service which is reasonably calculated to: (a) Diagnose, correct, cure, or alleviate a mental disorder; or (b) prevent the worsening of mental conditions that endanger life or cause suffering and pain, or result in illness or infirmity or threaten to cause or aggravate a handicap, or cause physical deformity or malfunction, and there is no adequate less restrictive alternative available.

(13) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or mental retardation alone is insufficient to justify a finding of "mental disorder" within the meaning of this section.

(14) "Mental health professional" means a psychiatrist, psychologist, psychiatric nurse, or social worker, and such other mental health professionals as may be defined by rules adopted by the secretary under this chapter.

(15) "Minor" means any person under the age of eighteen years.

(16) "Outpatient treatment" means any of the nonresidential services mandated under chapter 71.24 RCW and provided by licensed services providers as identified by *RCW 71.24.025(3).

(17) "Parent" means:

(a) A biological or adoptive parent who has legal custody of the child, including either parent if custody is shared under a joint custody agreement; or

(b) A person or agency judicially appointed as legal guardian or custodian of the child.

(18) "Professional person in charge" or "professional person" means a physician or other mental health professional empowered by an evaluation and treatment facility with authority to make admission and discharge decisions on behalf of that facility.

(19) "Psychiatric nurse" means a registered nurse who has a bachelor's degree from an accredited college or university, and who has had, in addition, at least two years' experience in the direct treatment of mentally ill or emotionally disturbed persons, such experience gained under the supervision of a mental health professional. "Psychiatric nurse" shall also mean any other registered nurse who has three years of such experience.

(20) "Psychiatrist" means a person having a license as a physician in this state who has completed residency training in psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and is board eligible or board certified in psychiatry.

(21) "Psychologist" means a person licensed as a psychologist under chapter 18.83 RCW.

(22) "Responsible other" means the minor, the minor's parent or estate, or any other person legally responsible for support of the minor.

(23) "Secretary" means the secretary of the department or secretary's designee.

(24) "Start of initial detention" means the time of arrival of the minor at the first evaluation and treatment facility offering inpatient treatment if the minor is being involun-

tarily detained at the time. With regard to voluntary patients, "start of initial detention" means the time at which the minor gives notice of intent to leave under the provisions of this chapter. [1998 c 296 § 8; 1985 c 354 § 2.]

*Reviser's note: Due to an alphabetization directive by 1999 c 10 § 14, subsection (3) is now subsection (10).

71.34.025 Review of admission and inpatient treatment of minors—Determination of medical necessity—Department review—Minor declines necessary treatment—At-risk youth petition—Costs—Public funds. (1) The department shall assure that, for any minor admitted to inpatient treatment under RCW 71.34.052, a review is conducted by a physician or other mental health professional who is employed by the department, or an agency under contract with the department, and who neither has a financial interest in continued inpatient treatment of the minor nor is affiliated with the facility providing the treatment. The physician or other mental health professional shall conduct the review not less than seven nor more than fourteen days following the date the minor was brought to the facility under RCW 71.34.052 to determine whether it is a medical necessity to continue the minor's treatment on an inpatient basis.

(2) In making a determination under subsection (1) of this section, the department shall consider the opinion of the treatment provider, the safety of the minor, and the likelihood the minor's mental health will deteriorate if released from inpatient treatment. The department shall consult with the parent in advance of making its determination.

(3) If, after any review conducted by the department under this section, the department determines it is no longer a medical necessity for a minor to receive inpatient treatment, the department shall immediately notify the parents and the facility. The facility shall release the minor to the parents within twenty-four hours of receiving notice. If the professional person in charge and the parent believe that it is a medical necessity for the minor to remain in inpatient treatment, the minor shall be released to the parent on the second judicial day following the department's determination in order to allow the parent time to file an at-risk youth petition under chapter 13.32A RCW. If the department determines it is a medical necessity for the minor to receive outpatient treatment and the minor declines to obtain such treatment, such refusal shall be grounds for the parent to file an at-risk youth petition.

(4) If the evaluation conducted under RCW 71.34.052 is done by the department, the reviews required by subsection (1) of this section shall be done by contract with an independent agency.

(5) The department may, subject to available funds, contract with other governmental agencies to conduct the reviews under this section. The department may seek reimbursement from the parents, their insurance, or medicaid for the expense of any review conducted by an agency under contract.

(6) In addition to the review required under this section, the department may periodically determine and redetermine the medical necessity of treatment for purposes of payment with public funds. [1998 c 296 § 9; 1995 c 312 § 56.]

71.34.027 Eligibility for medical assistance under chapter 74.09 RCW—Payment by department. For purposes of eligibility for medical assistance under chapter 74.09 RCW, minors in inpatient mental health treatment shall be considered to be part of their parent's or legal guardian's household, unless the minor has been assessed by the department or its designee as likely to require such treatment for at least ninety consecutive days, or is in out-of-home care in accordance with chapter 13.34 RCW, or the parents are found to not be exercising responsibility for care and control of the minor. Payment for such care by the department shall be made only in accordance with rules, guidelines, and clinical criteria applicable to inpatient treatment of minors established by the department. [1998 c 296 § 11.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.030 Age of consent—Outpatient treatment of minors. Any minor thirteen years or older may request and receive outpatient treatment without the consent of the minor's parent. Parental authorization is required for outpatient treatment of a minor under the age of thirteen. [1998 c 296 § 12; 1995 c 312 § 52; 1985 c 354 § 3.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.032 Notice to parents, school contacts for referring students to inpatient treatment. School district personnel who contact a mental health inpatient treatment program or provider for the purpose of referring a student to inpatient treatment shall provide the parents with notice of the contact within forty-eight hours. [1996 c 133 § 6.]

Findings—Short title—Intent—Construction—1996 c 133: See notes following RCW 13.32A.197.

71.34.035 Evaluation of treatment of minors. The department shall randomly select and review the information on children who are admitted to inpatient treatment on application of the child's parent regardless of the source of payment, if any. The review shall determine whether the children reviewed were appropriately admitted into treatment based on an objective evaluation of the child's condition and the outcome of the child's treatment. [1996 c 133 § 36; 1995 c 312 § 58.]

Findings—Short title—Intent—Construction—1996 c 133: See notes following RCW 13.32A.197.

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.040 Evaluation of minor thirteen or older brought for immediate mental health services—Temporary detention. If a minor, thirteen years or older, is brought to an evaluation and treatment facility or hospital emergency room for immediate mental health services, the professional person in charge of the facility shall evaluate the minor's mental condition, determine whether the minor suffers from a mental disorder, and whether the minor is in need of immedi-

ate inpatient treatment. If it is determined that the minor suffers from a mental disorder, inpatient treatment is required, the minor is unwilling to consent to voluntary admission, and the professional person believes that the minor meets the criteria for initial detention set forth herein, the facility may detain or arrange for the detention of the minor for up to twelve hours in order to enable a county-designated mental health professional to evaluate the minor and commence initial detention proceedings under the provisions of this chapter. [1985 c 354 § 4.]

71.34.042 Minor thirteen or older may be admitted for inpatient mental treatment without parental consent—Professional person in charge must concur—Written renewal of consent required. (1) A minor thirteen years or older may admit himself or herself to an evaluation and treatment facility for inpatient mental treatment, without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days. [1998 c 296 § 14.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.044 Notice to parents when minor admitted to inpatient treatment without parental consent. The administrator of the treatment facility shall provide notice to the parents of a minor when the minor is voluntarily admitted to inpatient treatment under RCW 71.34.042. The notice shall be in the form most likely to reach the parent within twenty-four hours of the minor's voluntary admission and shall advise the parent: (1) That the minor has been admitted to inpatient treatment; (2) of the location and telephone number of the facility providing such treatment; (3) of the name of a professional person on the staff of the facility providing treatment who is designated to discuss the minor's need for inpatient treatment with the parent; and (4) of the medical necessity for admission. [1998 c 296 § 15.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.046 Minor voluntarily admitted may give notice to leave at any time. (1) Any minor thirteen years or older voluntarily admitted to an evaluation and treatment facility under RCW 71.34.042 may give notice of intent to leave at any time. The notice need not follow any specific form so long as it is written and the intent of the minor can be discerned.

(2) The staff member receiving the notice shall date it immediately, record its existence in the minor's clinical record, and send copies of it to the minor's attorney, if any, the county-designated mental health professional, and the parent.

(3) The professional person shall discharge the minor, thirteen years or older, from the facility by the second judicial day following receipt of the minor's notice of intent to leave. [2003 c 106 § 1; 1998 c 296 § 16.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.050 Minor thirteen or older who presents likelihood of serious harm or is gravely disabled—Transport to inpatient facility—Petition for initial detention—Notice of commitment hearing—Facility to evaluate and admit or release minor. (1) When a county-designated mental health professional receives information that a minor, thirteen years or older, as a result of a mental disorder presents a likelihood of serious harm or is gravely disabled, has investigated the specific facts alleged and of the credibility of the person or persons providing the information, and has determined that voluntary admission for inpatient treatment is not possible, the county-designated mental health professional may take the minor, or cause the minor to be taken, into custody and transported to an evaluation and treatment facility providing inpatient treatment.

If the minor is not taken into custody for evaluation and treatment, the parent who has custody of the minor may seek review of that decision made by the county designated mental health professional in court. The parent shall file notice with the court and provide a copy of the county designated mental health professional's report or notes.

(2) Within twelve hours of the minor's arrival at the evaluation and treatment facility, the county-designated mental health professional shall serve on the minor a copy of the petition for initial detention, notice of initial detention, and statement of rights. The county-designated mental health professional shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The county-designated mental health professional shall commence service of the petition for initial detention and notice of the initial detention on the minor's parent and the minor's attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the county-designated mental health professional shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor's provisional acceptance to determine whether probable cause exists to commit the minor for further mental health treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the county designated mental health professional petitions for detention of a minor under this chapter, an evaluation and treatment facility providing seventy-two hour evaluation and treatment must immediately accept on a

provisional basis the petition and the person. Within twenty-four hours of the minor's arrival, the facility must evaluate the minor's condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary. [1995 c 312 § 53; 1985 c 354 § 5.]

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.052 Parent may request determination whether minor has mental disorder requiring inpatient treatment—Minor consent not required—Duties and obligations of professional person and facility. (1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility and request that the professional person examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" does not include a social worker, unless the social worker is certified under *RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work. [1998 c 296 § 17.]

***Reviser's note:** RCW 18.19.110 was repealed by 2001 c 251 § 37.

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.054 Parent may request determination whether minor has mental disorder requiring outpatient

treatment—Consent of minor not required—Discharge of minor. (1) A parent may bring, or authorize the bringing of, his or her minor child to a provider of outpatient mental health treatment and request that an appropriately trained professional person examine the minor to determine whether the minor has a mental disorder and is in need of outpatient treatment.

(2) The consent of the minor is not required for evaluation if the parent brings the minor to the provider.

(3) The professional person may evaluate whether the minor has a mental disorder and is in need of outpatient treatment.

(4) Any minor admitted to inpatient treatment under RCW 71.34.042 or 71.34.052 shall be discharged immediately from inpatient treatment upon written request of the parent. [1998 c 296 § 18.]

Findings—Intent—Part headings not law—Short title—1998 c 296: See notes following RCW 74.13.025.

71.34.056 Parent-initiated treatment—Notice to parents of available treatment options. (1) The evaluation and treatment facility is required to promptly provide written and verbal notice of all statutorily available treatment options contained in this chapter to every parent or guardian of a minor child when the parent or guardian seeks to have his or her minor child treated at an evaluation and treatment facility.

(2) The notice must contain the following information:

(a) All current statutorily available treatment options including but not limited to those provided in this chapter; and

(b) The procedures to be followed to utilize the treatment options described in this chapter.

(3) The department shall produce, and make available, the written notification that must include, at a minimum, the information contained in subsection (2) of this section. [2003 c 107 § 1.]

71.34.060 Examination and evaluation of minor approved for inpatient admission—Referral to chemical dependency treatment program—Right to communication, exception—Evaluation and treatment period. (1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist as to the child's mental condition and by a physician as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist and the physician determine that the initial needs of the minor would be better served by placement in a chemical dependency treatment facility, then the minor shall be referred to an approved treatment program defined under RCW 70.96A.020.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so

(2004 Ed.)

indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter. [1991 c 364 § 12; 1985 c 354 § 6.]

Findings—Construction—Conflict with federal requirements—1991 c 364: See notes following RCW 70.96A.020.

71.34.070 Petition for fourteen-day commitment—Requirements. (1) The professional person in charge of an evaluation and treatment facility where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to have a minor committed to an evaluation and treatment facility for fourteen-day diagnosis, evaluation, and treatment.

If the professional person in charge of the treatment and evaluation facility does not petition to have the minor committed, the parent who has custody of the minor may seek review of that decision in court. The parent shall file notice with the court and provide a copy of the treatment and evaluation facility's report.

(2) A petition for commitment of a minor under this section shall be filed with the superior court in the county where the minor is residing or being detained.

(a) A petition for a fourteen-day commitment shall be signed either by two physicians or by one physician and a mental health professional who have examined the minor and shall contain the following:

(i) The name and address of the petitioner;

(ii) The name of the minor alleged to meet the criteria for fourteen-day commitment;

(iii) The name, telephone number, and address if known of every person believed by the petitioner to be legally responsible for the minor;

(iv) A statement that the petitioner has examined the minor and finds that the minor's condition meets required criteria for fourteen-day commitment and the supporting facts therefor;

(v) A statement that the minor has been advised of the need for voluntary treatment but has been unwilling or unable to consent to necessary treatment;

(vi) A statement recommending the appropriate facility or facilities to provide the necessary treatment; and

(vii) A statement concerning whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(b) A copy of the petition shall be personally delivered to the minor by the petitioner or petitioner's designee. A copy of the petition shall be sent to the minor's attorney and the minor's parent. [1995 c 312 § 54; 1985 c 354 § 7.]

71.34.080 Commitment hearing—Requirements—Findings by court—Commitment—Release. (1) A commitment hearing shall be held within seventy-two hours of the minor's admission, excluding Saturday, Sunday, and holidays, unless a continuance is requested by the minor or the minor's attorney.

(2) The commitment hearing shall be conducted at the superior court or an appropriate place at the facility in which the minor is being detained.

(3) At the commitment hearing, the evidence in support of the petition shall be presented by the county prosecutor.

(4) The minor shall be present at the commitment hearing unless the minor, with the assistance of the minor's attorney, waives the right to be present at the hearing.

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the commitment hearing, the minor shall have the following rights:

- (a) To be represented by an attorney;
- (b) To present evidence on his or her own behalf;
- (c) To question persons testifying in support of the petition.

(7) If the minor has received medication within twenty-four hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(8) Rules of evidence shall not apply in fourteen-day commitment hearings.

(9) For a fourteen-day commitment, the court must find by a preponderance of the evidence that:

(a) The minor has a mental disorder and presents a "likelihood of serious harm" or is "gravely disabled";

(b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor; and

(c) The minor is unwilling or unable in good faith to consent to voluntary treatment.

(10) If the court finds that the minor meets the criteria for a fourteen-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a fourteen-day commitment, the minor shall be released.

(11) Nothing in this section prohibits the professional person in charge of the evaluation and treatment facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(12) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for one hundred eighty-day commitment is pending before the court. [1985 c 354 § 8.]

71.34.090 Petition for one hundred eighty-day commitment—Hearing—Requirements—Findings by court—Commitment order—Release—Successive commitments. (1) At any time during the minor's period of fourteen-day commitment, the professional person in charge may petition the court for an order requiring the minor to undergo an additional one hundred eighty-day period of treatment. The evidence in support of the petition shall be presented by the county prosecutor unless the petition is filed by the professional person in charge of a state-operated facility in which case the evidence shall be presented by the attorney general.

(2) The petition for one hundred eighty-day commitment shall contain the following:

(a) The name and address of the petitioner or petitioners;

(b) The name of the minor alleged to meet the criteria for one hundred eighty-day commitment;

(c) A statement that the petitioner is the professional person in charge of the evaluation and treatment facility responsible for the treatment of the minor;

(d) The date of the fourteen-day commitment order; and

(e) A summary of the facts supporting the petition.

(3) The petition shall be supported by accompanying affidavits signed by two examining physicians, one of whom shall be a child psychiatrist, or by one examining physician and one children's mental health specialist. The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.

(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall be provided to such persons at least twenty-four hours prior to the hearing.

(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor's attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing. Treatment of the minor shall continue pending the proceeding.

(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:

(a) Is suffering from a mental disorder;

(b) Presents a likelihood of serious harm or is gravely disabled; and

(c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.

(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed for further inpatient treatment to the custody of the secretary or to a private treatment and evaluation facility if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall

order less restrictive alternative treatment upon such conditions as necessary.

If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.

(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order. [1985 c 354 § 9.]

71.34.100 Placement of minor in state evaluation and treatment facility—Placement committee—Facility to report to committee. (1) If a minor is committed for one hundred eighty-day inpatient treatment and is to be placed in a state-supported program, the secretary shall accept immediately and place the minor in a state-funded long-term evaluation and treatment facility.

(2) The secretary's placement authority shall be exercised through a designated placement committee appointed by the secretary and composed of children's mental health specialists, including at least one child psychiatrist who represents the state-funded, long-term, evaluation and treatment facility for minors. The responsibility of the placement committee will be to:

(a) Make the long-term placement of the minor in the most appropriate, available state-funded evaluation and treatment facility, having carefully considered factors including the treatment needs of the minor, the most appropriate facility able to respond to the minor's identified treatment needs, the geographic proximity of the facility to the minor's family, the immediate availability of bed space, and the probable impact of the placement on other residents of the facility;

(b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

(d) Receive and monitor reports of all discharges.

(3) The secretary may authorize transfer of minors among treatment facilities if the transfer is in the best interests of the minor or due to treatment priorities.

[1985 c 354 § 10.]

71.34.110 Minor's failure to adhere to outpatient conditions—Deterioration of minor's functioning—Transport to inpatient facility—Order of apprehension and detention—Revocation of alternative treatment or conditional release—Hearings. (1) If the professional person in charge of an outpatient treatment program, a county-designated mental health professional, or the secretary determines that a minor is failing to adhere to the conditions of the court order for less restrictive alternative treatment or the

conditions for the conditional release, or that substantial deterioration in the minor's functioning has occurred, the county-designated mental health professional, or the secretary may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility.

(2) The county-designated mental health professional or the secretary shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The county-designated mental health professional or the secretary may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(3) A petition for revocation of less restrictive alternative treatment shall be filed by the county-designated mental health professional or the secretary with the court in the county ordering the less restrictive alternative treatment. The court shall conduct the hearing in that county. A petition for revocation of conditional release may be filed with the court in the county ordering inpatient treatment or the county where the minor on conditional release is residing. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. Upon motion for good cause, the hearing may be transferred to the county of the minor's residence or to the county in which the alleged violations occurred. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the minor should be returned to inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be returned to inpatient treatment. If the minor is returned to inpatient treatment, RCW 71.34.100 regarding the secretary's placement responsibility shall apply. The hearing may be waived by the minor and the minor returned to inpatient treatment or to less restrictive alternative treatment or conditional release on the same or modified conditions. [1985 c 354 § 11.]

A voluntary admitted minor or minors committed under this section and no longer meeting the criteria for one hundred eighty-day commitment shall be returned to the state correctional institution to serve the remaining time of the underlying dispositional order or sentence. 71A.10.010 Legislative finding—Intent—1988 c 176.

The legislature finds that the statutory authority for the programs, policies, and services of the department of social and health services for persons with developmental disabilities often lack[s] clarity and contain[s] internal inconsistencies. In addition, existing authority is in several chapters of the code and frequently contains obsolete language not reflecting current use. The legislature declares that it is in the public interest to unify and update statutes for programs, policies, and services provided to persons with developmental disabilities.

The legislature intends to recodify the authority for the programs, policies, and services for persons with developmental disabilities. This recodification is not intended to affect existing programs, policies, and services, nor to establish any new program, policies, or services not otherwise authorized before June 9, 1988. The legislature intends to provide only those services authorized under state law before June 9, 1988, and only to the extent funds are provided by the legislature. [1988 c 176 § 1.]

71A.10.011 Intent—1995 c 383. The legislature recognizes that the emphasis of state developmental disability services is shifting from institutional-based care to community services in an effort to increase the personal and social inde-

pendence and fulfillment of persons with developmental disabilities, consistent with state policy as expressed in RCW 71A.10.015. It is the intent of the legislature that financial savings achieved from program reductions and efficiencies within the developmental disabilities program shall be redirected within the program to provide public or private community-based services for eligible persons who would otherwise be unidentified or unserved. [1995 c 383 § 1.]

71A.10.015 Declaration of policy. The legislature recognizes the capacity of all persons, including those with developmental disabilities, to be personally and socially productive. The legislature further recognizes the state's obligation to provide aid to persons with developmental disabilities through a uniform, coordinated system of services to enable them to achieve a greater measure of independence and fulfillment and to enjoy all rights and privileges under the Constitution and laws of the United States and the state of Washington. [1988 c 176 § 101.]

71A.10.020 Definitions. As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

(2) "Department" means the department of social and health services.

(3) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

(4) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

(5) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy.

(6) "Legal representative" means a parent of a person who is under eighteen years of age, a person's legal guardian, a person's limited guardian when the subject matter is within

the scope of the limited guardianship, a person's attorney at law, a person's attorney in fact, or any other person who is authorized by law to act for another person.

(7) "Notice" or "notification" of an action of the secretary means notice in compliance with RCW 71A.10.060.

(8) "Residential habilitation center" means a state-operated facility for persons with developmental disabilities governed by chapter 71A.20 RCW.

(9) "Secretary" means the secretary of social and health services or the secretary's designee.

(10) "Service" or "services" means services provided by state or local government to carry out this title.

(11) "Vacancy" means an opening at a residential habilitation center, which when filled, would not require the center to exceed its biannually [biennially] budgeted capacity. [1998 c 216 § 2; 1988 c 176 § 102.]

Effective date—1998 c 216: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 30, 1998]." [1998 c 216 § 10.]

71A.10.030 Civil and parental rights not affected. (1)

The existence of developmental disabilities does not affect the civil rights of the person with the developmental disability except as otherwise provided by law.

(2) The secretary's determination under RCW 71A.16.040 that a person is eligible for services under this title shall not deprive the person of any civil rights or privileges. The secretary's determination alone shall not constitute cause to declare the person to be legally incompetent.

(3) This title shall not be construed to deprive the parent or parents of any parental rights with relation to a child residing in a residential habilitation center, except as provided in this title for the orderly operation of such residential habilitation centers. [1988 c 176 § 103.]

71A.10.040 Protection from discrimination. Persons are protected from discrimination because of a developmental disability as well as other mental or physical handicaps by the law against discrimination, chapter 49.60 RCW, by other state and federal statutes, rules, and regulations, and by local ordinances, when the persons qualify as handicapped under those statutes, rules, regulations, and ordinances. [1988 c 176 § 104.]

71A.10.050 Appeal of department actions—Right to.

(1) An applicant or recipient or former recipient of a developmental disabilities service under this title from the department of social and health services has the right to appeal the following department actions:

(a) A denial of an application for eligibility under RCW 71A.16.040;

(b) An unreasonable delay in acting on an application for eligibility, for a service, or for an alternative service under RCW 71A.18.040;

(c) A denial, reduction, or termination of a service;

(d) A claim that the person owes a debt to the state for an overpayment;

(e) A disagreement with an action of the secretary under RCW 71A.10.060 or 71A.10.070;

(f) A decision to return a resident of an [a] habilitation center to the community; and

(g) A decision to change a person's placement from one category of residential services to a different category of residential services.

The adjudicative proceeding is governed by the Administrative Procedure Act, chapter 34.05 RCW.

(2) This subsection applies only to an adjudicative proceeding in which the department action appealed is a decision to return a resident of a habilitation center to the community. The resident or his or her representative may appeal on the basis of whether the specific placement decision is in the best interests of the resident. When the resident or his or her representative files an application for an adjudicative proceeding under this section the department has the burden of proving that the specific placement decision is in the best interests of the resident.

(3) When the department takes any action described in subsection (1) of this section it shall give notice as provided by RCW 71A.10.060. The notice must include a statement advising the recipient of the right to an adjudicative proceeding and the time limits for filing an application for an adjudicative proceeding. Notice of a decision to return a resident of a habilitation center to the community under RCW 71A.20.080 must also include a statement advising the recipient of the right to file a petition for judicial review of an adverse adjudicative order as provided in chapter 34.05 RCW. [1989 c 175 § 138; 1988 c 176 § 105.]

Effective date—1989 c 175: See note following RCW 34.05.010.

71A.10.060 Notice by secretary. (1) Whenever this title requires the secretary to give notice, the secretary shall give notice to the person with a developmental disability and, except as provided in subsection (3) of this section, to at least one other person. (e) A person who is not an employee of the department or of a person who contracts with the department under this title who, in the opinion of the secretary, will be concerned with the welfare of the person.

(2) Notice to a person with a developmental disability shall be given in a way that the person is best able to understand. This can include reading or explaining the materials to the person.

(3) A person with a developmental disability may in writing request the secretary to give notice only to that person. The secretary shall comply with that direction unless the secretary denies the request because the person may be at risk of losing rights if the secretary complies with the request. The secretary shall give notice as provided in subsections (1) and (2) of this section. On filing an application with the secretary

within thirty days of receipt of the notice, the person who made the request has the right to an adjudicative proceeding under RCW 71A.10.050 on the secretary's decision.

(4) The giving of notice to a person under this title does not empower the person who is given notice to take any action or give any consent. [1989 c 175 § 139; 1988 c 176 § 106.]

Effective date—1989 c 175: See note following RCW 34.05.010.

The other person shall be in order of priority:

(a) A legal representative of the person with a developmental disability;

(b) A parent of a person with a developmental disability who is eighteen years of age or older;

(c) Other kin of the person with a developmental disability, with preference to persons with the closest kinship;

(e) Any other person who is not an employee of the department or of a person who contracts with the department under this title who, in the opinion of the secretary, will be concerned with the welfare of the person.

(2) A person with a developmental disability may in writing request the secretary to consult only with that person. The secretary shall comply with that direction unless the secretary denies the request because the person may be at risk of losing rights if the secretary complies with the request. The secretary shall give notice as provided in RCW 71A.10.060 when a request is denied. On filing an application with the secretary within thirty days of receipt of the notice, the person who made the request has the right to an adjudicative proceeding under RCW 71A.10.050 on the secretary's decision.

(3) Consultation with a person under this section does not authorize the person who is consulted to take any action or give any consent. [1989 c 175 § 140; 1988 c 176 § 107.]

Effective date—1989 c 175: See note following RCW 34.05.010.

Secs. 6000-6083 (1975), (as amended). The designated agency shall have the authority to pursue legal, administrative, and other appropriate remedies to protect the rights of the developmentally disabled and to investigate allegations of abuse and neglect. The designated agency shall be independent of any state agency that provides treatment or services other than advocacy services to persons with developmental disabilities.

(2) The agency designated under subsection (1) of this section shall implement a program for the protection and advocacy of the rights of mentally ill persons pursuant to the protection and advocacy for mentally ill individuals act of 1986, 100 Stat. 478; 42 U.S.C. Secs. 10801-10851 (1986), (as amended). The designated agency shall have the authority to pursue legal, administrative, and other appropriate remedies to protect the rights of mentally ill persons and to investigate allegations of abuse or neglect of mentally ill persons. The designated agency shall be independent of any state agency that provides treatment or services other than advocacy services to mentally ill persons.

(3) The governor shall designate an appropriate state official to serve as liaison between the agency designated to implement the protection and advocacy programs and the state departments and agencies that provide services to persons with developmental disabilities and mentally ill persons. [1991 c 333 § 1.]

71A.10.901 Saving—1988 c 176. The repeals made by sections 1005 through 1007, chapter 176, Laws of 1988, shall not be construed as affecting any existing right, status, or eligibility for services acquired under the provisions of the statutes repealed, nor as affecting the validity of any rule or order promulgated under the prior statutes, nor as affecting the status of any person appointed or employed under the prior statutes. [1988 c 176 § 1004.]

71A.12.010 State and local program—Coordination—Continuum. It is declared to be the policy of the state to authorize the secretary to develop and coordinate state services for persons with developmental disabilities; to encourage research and staff training for state and local personnel working with persons with developmental disabilities; and to cooperate with communities to encourage the establishment and development of services to persons with developmental disabilities through locally administered and locally controlled programs.

The complexities of developmental disabilities require the services of many state departments as well as those of the community. Services should be planned and provided as a part of a continuum. A pattern of facilities and services should be established, within appropriations designated for this purpose, which is sufficiently complete to meet the needs of each person with a developmental disability regardless of age or degree of handicap, and at each stage of the person's development. [1988 c 176 § 201.]

71A.12.020 Objectives of program. (1) To the extent that state, federal, or other funds designated for services to persons with developmental disabilities are available, the secretary shall provide every eligible person with habilitative services suited to the person's needs, regardless of age or degree of developmental disability.

(2) The secretary shall provide persons who receive services with the opportunity for integration with nonhandicapped and less handicapped persons to the greatest extent possible.

(3) The secretary shall establish minimum standards for habilitative services. Consumers, advocates, service providers, appropriate professionals, and local government agencies shall be involved in the development of the standards. [1988 c 176 § 202.]

71A.12.030 General authority of secretary—Rule adoption. The secretary is authorized to provide, or arrange with others to provide, all services and facilities that are necessary or appropriate to accomplish the purposes of this title, and to take all actions that are necessary or appropriate to accomplish the purposes of this title. The secretary shall adopt rules under the administrative procedure act, chapter

34.05 RCW, as are appropriate to carry out this title. [1988 c 176 § 203.]

71A.12.040 Authorized services. Services that the secretary may provide or arrange with others to provide under this title include, but are not limited to:

- (1) Architectural services;
- (2) Case management services;
- (3) Early childhood intervention;
- (4) Employment services;
- (5) Family counseling;

- (9) Legal services;
- (10) Residential services and support;
- (11) Respite care;
- (12) Therapy services and equipment;
- (13) Transportation services; and
- (14) Vocational services. [1988 c 176 § 204.]

71A.12.050 Payments for nonresidential services. The secretary may make payments for nonresidential services which exceed the cost of caring for an average individual at home, and which are reasonably necessary for the care, treatment, maintenance, support, and training of persons with developmental disabilities, upon application pursuant to RCW 71A.18.050. The secretary shall adopt rules determining the extent and type of care and training for which the department will pay all or a portion of the costs. [1988 c 176 § 205.]

71A.12.060 Payment authorized for residents in community residential programs. The secretary is authorized to pay for all or a portion of the costs of care, support, and training of residents of a residential habilitation center who are placed in community residential programs under this section and RCW 71A.12.070 and 71A.12.080. [1988 c 176 § 206.]

71A.12.070 Payments under RCW 71A.12.060 supplemental to payments from other resources—Direct payments. All payments made by the secretary under RCW 71A.12.060 shall, insofar as reasonably possible, be supplementary to payments to be made for the costs of care, support, and training in a community residential program by the estate of such resident of the residential habilitation center, or from any resource which such resident may have, or become entitled to, from any public, federal, or state agency. Payments by the secretary under this title may, in the secretary's discretion, be paid directly to community residential programs, or to counties having created developmental disability boards under chapter 71A.14 RCW. [1988 c 176 § 207.]

71A.12.080 Rules. (1) The secretary shall adopt rules concerning the eligibility of residents of residential habilitation centers for placement in community residential programs under this title; determination of ability of such persons or their estates to pay all or a portion of the cost of care, support, and training; the manner and method of licensing or certifica-

tion and inspection and approval of such community residential programs for placement under this title; and procedures for the payment of costs of care, maintenance, and training in community residential programs. The rules shall include standards for care, maintenance, and training to be met by such community residential programs.

(2) The secretary shall coordinate state activities and resources relating to placement in community residential programs to help efficiently expend state and local resources and, to the extent designated funds are available, create an effective community residential program. [1988 c 176 § 208.]

71A.12.090 Eligibility of parent for services. If a person with developmental disabilities is the parent of a child who is about to be placed for adoption or foster care by the secretary, the parent shall be eligible to receive services in order to promote the integrity of the family unit. [1988 c 176 § 209.]

71A.12.100 Other services. Consistent with the general powers of the secretary and whether or not a particular person with a developmental disability is involved, the secretary may:

71A.12.110 Authority to contract for services. (1) The secretary may enter into agreements with any person, corporation, or governmental entity to pay the contracting party to perform services that the secretary is authorized to provide under this title, except for operation of residential habilitation centers under chapter 71A.20 RCW.

(2) The secretary by contract or by rule may impose standards for services contracted for by the secretary. [1988 c 176 § 211.]

71A.12.120 Authority to participate in federal programs. (1) The governor may take whatever action is necessary to enable the state to participate in the manner set forth in this title in any programs provided by any federal law and to designate state agencies authorized to administer within this state the several federal acts providing federal moneys to assist in providing services and training at the state or local level for persons with developmental disabilities and for persons who work with persons with developmental disabilities.

(2) Designated state agencies may apply for and accept and disburse federal grants, matching funds, or other funds or gifts or donations from any source available for use by the

state or by local government to provide more adequate services for and habilitation of persons with developmental disabilities. [1988 c 176 § 212.]

71A.12.130 Gifts—Acceptance, use, record. The secretary may receive and accept from any person, organization, or estate gifts of money or personal property on behalf of a residential habilitation center, or the residents therein, or on behalf of the entire program for persons with developmental disabilities, or any part of the program, and to use the gifts for the purposes specified by the donor where such use is consistent with law. In the absence of a specified purpose, the secretary shall use such money or personal property for the general benefit of persons with developmental disabilities. The secretary shall keep an accurate record of the amount or kind of gift, the date received, manner expended, and the name and address of the donor. Any increase resulting from such gift may be used for the same purpose as the original gift. [1988 c 176 § 213.]

71A.12.140 Duties of state agencies generally. Each state agency that administers federal or state funds for services to persons with developmental disabilities, or for research or staff training in the field of developmental disabilities, shall:

(1) Investigate and determine the nature and extent of services within its legal authority that are presently available to persons with developmental disabilities in this state;

(2) Develop and prepare any state plan or application which may be necessary to establish the eligibility of the state or any community to participate in any program established by the federal government relating to persons with developmental disabilities;

(3) Cooperate with other state agencies providing services to persons with developmental disabilities to determine the availability of services and facilities within the state, and to coordinate state and local services in order to maximize services to persons with developmental disabilities and their families;

(4) Review and approve any proposed plans that local governments are required to submit for the expenditure of funds by local governments for services to persons with developmental disabilities; and

(5) Provide consultant and staff training for state and local personnel working in the field of developmental disability. [1988 c 176 § 214.]

71A.12.150 Contracts with United States and other states for developmental disability services. The secretary shall have the authority, in the name of the state, to enter into contracts with any duly authorized representative of the United States of America, or its territories, or other states for the provision of services under this title at the expense of the United States, its territories, or other states. The contracts may provide for the separate or joint maintenance, care, treatment, training, or education of persons. The contracts shall provide that all payments due to the state of Washington from the United States, its territories, or other states for services rendered under the contracts shall be paid to the department

and transmitted to the state treasurer for deposit in the general fund. [1988 c 176 § 215.]

Such information shall be kept in accordance with state law and rules promulgated by the secretary under chapter 34.05 RCW to permit the use of the information to coordinate and plan services. All persons permitted to have access to or to use such information shall sign an oath of confidentiality, substantially as follows:

"As a condition of obtaining information from (fill in facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of using such confidential information, where release of such infor-

71A.16.010 Referral for services—Admittance to residential habilitation centers—Expiration of subsections. (1) It is the intention of the legislature in this chapter to establish a single point of referral for persons with developmental disabilities and their families so that they may have a place of entry and continuing contact for services authorized under this title to persons with developmental disabilities. Eligible persons with developmental disabilities, whether they live in the community or residential habilitation centers, should have the opportunity to choose where they live.

(2004 Ed.)

(2) Until June 30, 2003, and subject to subsection (3) of this section, if there is a vacancy in a residential habilitation center, the department shall offer admittance to the center to any eligible adult, or eligible adolescent on an exceptional case-by-case basis, with developmental disabilities if his or her assessed needs require the funded level of resources that are provided by the center.

(3) The department shall not offer a person admittance to a residential habilitation center under subsection (2) of this section unless the department also offers the person appropriate community support services listed in RCW 71A.12.040.

(4) Community support services offered under subsection (3) of this section may only be offered using funds specifically designated for this purpose in the state operating budget. When these funds are exhausted, the department may not offer admittance to a residential habilitation center, or community support services under this section.

(5) Nothing in this section shall be construed to create an entitlement to state services for persons with developmental disabilities.

(6) Subsections (2) through (6) of this section expire June 30, 2003. [1998 c 216 § 3; 1988 c 176 § 401.]

Effective date—1998 c 216: See note following RCW 71A.10.020.

71A.16.020 Eligibility for services—Rules. (1) A person is eligible for services under this title if the secretary finds that the person has a developmental disability as defined in *RCW 71A.10.020(2).

(2) The secretary may adopt rules further defining and implementing the criteria in the definition of "developmental disability" under *RCW 71A.10.020(2). [1988 c 176 § 402.]

***Reviser's note:** RCW 71A.10.020 was amended by 1998 c 216 § 2, changing subsection (2) to subsection (3).

71A.16.030 Outreach program—Determination of eligibility for services—Application. (1) The department will develop an outreach program to ensure that any eligible person with developmental disabilities services in homes, the community, and residential habilitation centers will be made aware of these services. This subsection (1) expires June 30, 2003.

(2) The secretary shall establish a single procedure for persons to apply for a determination of eligibility for services provided to persons with developmental disabilities.

(3) Until June 30, 2003, the procedure set out under subsection (1) of this section must require that all applicants and all persons with developmental disabilities currently receiving services from the division of developmental disabilities within the department be given notice of the existence and availability of residential habilitation center and community support services. For genuine choice to exist, people must know what the options are. Available options must be clearly explained, with services customized to fit the unique needs and circumstances of developmentally disabled clients and their families. Choice of providers and design of services and supports will be determined by the individual in conjunction with the department. When the person cannot make these choices, the person's legal guardian may make them, consistent with chapter 11.88 or 11.92 RCW. This subsection expires June 30, 2003.

(4) An application may be submitted by a person with a developmental disability, by the legal representative of a person with a developmental disability, or by any other person who is authorized by rule of the secretary to submit an application. [1998 c 216 § 4; 1988 c 176 § 403.]

Effective date—1998 c 216: See note following RCW 71A.10.020.

71A.16.040 Determination of eligibility—Notice—Rules for redetermination. (1) On receipt of an application for services submitted under RCW 71A.16.030, the secretary in a timely manner shall make a written determination as to whether the applicant is eligible for services provided under this title for persons with developmental disabilities.

(2) The secretary shall give notice of the secretary's determination on eligibility to the person who submitted the application and to the applicant, if the applicant is a person other than the person who submitted the application for services. The notice shall also include a statement advising the recipient of the right to an adjudicative proceeding under RCW 71A.10.050 and the right to judicial review of the secretary's final decision.

(3) The secretary may establish rules for redetermination of eligibility for services under this title. [1989 c 175 § 141; 1988 c 176 § 404.]

Effective date—1989 c 175: See note following RCW 34.05.010.

71A.16.050 Determination of eligibility—Effect—Determination of appropriate services. The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the secretary shall make a determination as to what services are appropriate for the person. [1988 c 176 § 405.]

71A.18.010 Individual service plans. The secretary may produce and maintain an individual service plan for each eligible person. An individual service plan is a plan that identifies the needs of a person for services and determines what services will be in the best interests of the person and will meet the person's needs. [1988 c 176 § 501.]

71A.18.020 Services provided if funds available. The secretary may provide a service to a person eligible under this title if funds are available. If there is an individual service plan, the secretary shall consider the need for services as provided in that plan. [1988 c 176 § 601.]

71A.18.030 Rejection of service. An eligible person or the person's legal representative may reject an authorized service. Rejection of an authorized service shall not affect the

person's eligibility for services and shall not eliminate the person from consideration for other services or for the same service at a different time or under different circumstances. [1988 c 176 § 602.]

71A.18.040 Alternative service—Application—Determination—Reauthorization—Notice. (1) A person who is receiving a service under this title or the person's legal representative may request the secretary to authorize a service that is available under this title in place of a service that the person is presently receiving.

(2) The secretary upon receiving a request for change of service shall consult in the manner provided in RCW 71A.10.070 and within ninety days shall determine whether the following criteria are met:

(a) The alternative plan proposes a less dependent program than the person is participating in under current service;

(b) The alternative service is appropriate under the goals and objectives of the person's individual service plan;

(c) The alternative service is not in violation of applicable state and federal law; and

(d) The service can reasonably be made available.

(3) If the requested alternative service meets all of the criteria of subsection (2) of this section, the service shall be authorized as soon as reasonable, but not later than one hundred twenty days after completion of the determination process, unless the secretary determines that:

(a) The alternative plan is more costly than the current plan;

(b) Current appropriations are not sufficient to implement the alternative service without reducing services to existing clients; or

(c) Providing alternative service would take precedence over other priorities for delivery of service.

(4) The secretary shall give notice as provided in RCW 71A.10.060 of the grant of a request for a change of service. The secretary shall give notice as provided in RCW 71A.10.060 of denial of a request for change of service and of the right to an adjudicative proceeding.

(5) When the secretary has changed service from a residential habilitation center to a setting other than a residential habilitation center, the secretary shall reauthorize service at the residential habilitation center if the secretary in reevaluating the needs of the person finds that the person needs service in a residential habilitation center.

(6) If the secretary determines that current appropriations are sufficient to deliver additional services without reducing services to persons who are presently receiving services, the secretary is authorized to give persons notice under RCW 71A.10.060 that they may request the services as new services or as changes of services under this section. [1989 c 175 § 142; 1988 c 176 § 603.]

Effective date—1989 c 175: See note following RCW 34.05.010.

71A.18.050 Discontinuance of a service. (1) When considering the discontinuance of a service that is being provided to a person, the secretary shall consult as required in RCW 71A.10.070.

(2) The discontinuance of a service under this section does not affect the person's eligibility for services. Other ser-

vices may be provided or the same service may be restored when it is again available or when it is again needed.

(3) Except when the service is discontinued at the request of the person receiving the service or that person's legal representative, the secretary shall give notice as required in RCW 71A.10.060. [1988 c 176 § 604.]

The purposes of this chapter are: To provide for those children and adults who are exceptional in their needs for care, treatment, and education by reason of developmental disabilities, residential care designed to develop their individual capacities to their optimum; to provide for admittance, withdrawal and discharge from state residential habilitation centers upon application; and to insure a comprehensive program for the education, guidance, care, treatment, and rehabilitation of all persons admitted to residential habilitation centers. [1988 c 176 § 701.]

71A.20.020 Residential habilitation centers. The following residential habilitation centers are permanently established to provide services to persons with developmental disabilities: Lakeland Village, located at Medical Lake, Spokane county; Rainier School, located at Buckley, Pierce county; Yakima Valley School, located at Selah, Yakima county; Fircrest School, located at Seattle, King county; and Frances Haddon Morgan Children's Center, located at Bremerton, Kitsap county. 71A.20.030 Facilities for Interlake School. (1) The secretary may use surplus physical facilities at Eastern State Hospital as a residential habilitation center, which shall be known as the "Interlake School."

(2) The secretary may designate and select such buildings and facilities and tracts of land at Eastern State Hospital

that are surplus to the needs of the department for mentally ill persons and that are reasonably necessary and adequate for services for persons with developmental disabilities. The secretary shall also designate those buildings, equipment, and facilities which are to be used jointly and mutually by both Eastern State Hospital and Interlake School. [1988 c 176 § 703.]

[1989 c 175 § 143; 1988 c 176 § 708.]

Effective date—1989 c 175: See note following RCW 34.05.010.

The secretary shall determine by the application of proper criteria the maximum number of persons to reside in the residential quarters of each residential habilitation center. The secretary in authorizing service at a residential habilitation center shall not exceed the maximum population for the residential habilitation center unless the secretary makes a written finding of reasons for exceeding the rated capacity. [1988 c 176 § 709.]

71A.20.100 Personal property of resident—Secretary as custodian—Limitations—Judicial proceedings to recover. The secretary shall serve as custodian without compensation of personal property of a resident of a residential habilitation center that is located at the residential habilitation center, including moneys deposited with the secretary for the benefit of the resident. As custodian, the secretary shall have authority to disburse moneys from the resident's fund for the following purposes and subject to the following limitations:

(1) Subject to specific instructions by a donor of money to the secretary for the benefit of a resident, the secretary may disburse any of the funds belonging to a resident for such per-

sonal needs of the resident as the secretary may deem proper and necessary.

(2) The secretary may pay to the department as reimbursement for the costs of care, support, maintenance, treatment, hospitalization, medical care, and habilitation of a resident from the resident's fund when such fund exceeds a sum as established by rule of the department, to the extent of any notice and finding of financial responsibility served upon the secretary after such findings shall have become final. If the resident does not have a guardian, parent, spouse, or other person acting in a representative capacity, upon whom notice and findings of financial responsibility have been served, then the secretary shall not make payments to the department as provided in this subsection, until a guardian has been appointed by the court, and the time for the appeal of findings of financial responsibility as provided in RCW 43.20B.430 shall not commence to run until the appointment of such guardian and the service upon the guardian of notice and findings of financial responsibility.

(3) When services to a person are changed from a residential center to another setting, the secretary shall deliver to the person, or to the parent, guardian, or agency legally responsible for the person, all or such portion of the funds of which the secretary is custodian as defined in this section, or other property belonging to the person, as the secretary may deem necessary to the person's welfare, and the secretary may deliver to the person such additional property or funds belonging to the person as the secretary may from time to time deem proper, so long as the person continues to receive service under this title. When the resident no longer receives any services under this title, the secretary shall deliver to the person, or to the parent, person, or agency legally responsible for the person, all funds or other property belonging to the person remaining in the secretary's possession as custodian.

(4) All funds held by the secretary as custodian may be deposited in a single fund, the receipts and expenditures from the fund to be accurately accounted for by the secretary. All interest accruing from, or as a result of the deposit of such moneys in a single fund shall be credited to the personal accounts of the residents. All expenditures under this section shall be subject to the duty of accounting provided for in this section.

(5) The appointment of a guardian for the estate of a resident shall terminate the secretary's authority as custodian of any funds of the resident which may be subject to the control of the guardianship, upon receipt by the secretary of a certified copy of letters of guardianship. Upon the guardian's request, the secretary shall immediately forward to the guardian any funds subject to the control of the guardianship or other property of the resident remaining in the secretary's possession, together with a full and final accounting of all receipts and expenditures made.

(6) Upon receipt of a written request from the secretary stating that a designated individual is a resident of the residential habilitation center and that such resident has no legally appointed guardian of his or her estate, any person, bank, corporation, or agency having possession of any money, bank accounts, or choses in action owned by such resident, shall, if the amount does not exceed two hundred dollars, deliver the same to the secretary as custodian and mail written notice of the delivery to such resident at the res-

idential habilitation center. The receipt by the secretary shall constitute full and complete acquittance for such payment and the person, bank, corporation, or agency making such payment shall not be liable to the resident or his or her legal representative. All funds so received by the secretary shall be duly deposited by the secretary as custodian in the resident's fund to the personal account of the resident. If any proceeding is brought in any court to recover property so delivered, the attorney general shall defend the lawsuit without cost to the person, bank, corporation, or agency that delivered the property to the secretary, and the state shall indemnify such person, bank, corporation, or agency against any judgment rendered as a result of such proceeding. [1988 c 176 § 710.]

71A.20.110 Clothing for residents—Cost. When clothing for a resident of a residential habilitation center is not otherwise provided, the secretary shall provide a resident with suitable clothing, the actual cost of which shall be a charge against the parents, guardian, or estate of the resident. If such parent or guardian is unable to provide or pay for the clothing, or the estate of the resident is insufficient to provide or pay for the clothing, the clothing shall be provided by the state. [1988 c 176 § 711.]

71A.20.120 Financial responsibility. The subject of financial responsibility for the provision of services to persons in residential habilitation centers is covered by RCW 43.20B.410 through 43.20B.455. [1988 c 176 § 712.]

71A.20.130 Death of resident, payment of funeral expenses—Limitation. Upon the death of a resident of a residential habilitation center, the secretary may supplement such funds as were in the resident's account at the time of the person's death to provide funeral and burial expense for the deceased resident. These expenses shall not exceed funeral and burial expenses allowed under *RCW 74.08.120. [1988 c 176 § 713.]

*Reviser's note: RCW 74.08.120 was repealed by 1997 c 58 § 1002.

71A.20.140 Resident desiring to leave center—Authority to hold resident limited. (1) If a resident of a residential habilitation center desires to leave the center and the secretary believes that departures may be harmful to the resident, the secretary may hold the resident at the residential habilitation center for a period not to exceed forty-eight hours in order to consult with the person's legal representative as provided in RCW 71A.10.070 as to the best interests of the resident.

(2) The secretary shall adopt rules to provide for the application of subsection (1) of this section in a manner that protects the constitutional rights of the resident.

(3) Neither the secretary nor any person taking action under this section shall be civilly or criminally liable for performing duties under this section if such duties were performed in good faith and without gross negligence. [1988 c 176 § 714.]

71A.20.150 Admission to residential habilitation center for observation. Without committing the department to continued provision of service, the secretary may admit a per-

son eligible for services under this chapter to a residential habilitation center for a period not to exceed thirty days for observation prior to determination of needed services, where such observation is necessary to determine the extent and necessity of services to be provided. [1988 c 176 § 715.]

71A.20.800 Chapter to be liberally construed. The provisions of this chapter shall be liberally construed to accomplish its purposes. [1988 c 176 § 716.]

If the superintendent has reasonable cause to believe that the person to be released has ample funds, with the exception of earnings from labor or employment while in confinement, to assume the expenses of clothing, transportation, or the expenses for which payments made pursuant to RCW 72.02.100 or

The initial weekly payment shall be made to such person upon his release or parole by the superintendent of the institution. Subsequent weekly payments shall be made to such person by the community corrections officer at the office of such officer. In addition to the initial six weekly payments provided for in this section, a community corrections officer and his supervisor may, at their discretion, continue such payments up to a maximum of twenty additional weeks when they are satisfied that such person is actively seeking employment and that such payments are necessary to continue the efforts of such person to gain employment: PROVIDED, That if, at the time of release or parole, in the opinion of the superintendent funds are otherwise available to such person, with the exception of earnings from labor or employment while in confinement, such weekly sums of money or part thereof shall not be provided to such person.
