With the exception of a commercial fisher engaged in sales of fish to a fish buyer, no person may sell at wholesale or retail any fresh or frozen salmon food fish or cultured aquatic salmon without identifying the species of salmon by its common name to the buyer at the point of sale such that the buyer can make an informed decision in purchasing. A person knowingly violating this section is guilty of misbranding under this chapter. A person who receives misleading or erroneous information about the species of salmon and subsequently inaccurately identifies salmon shall not be guilty of misbranding. This section shall not apply to salmon that is minced, pulverized, coated with batter, or breaded. [1993 c 282 § 3.]

Finding—1993 c 282: See note following RCW 69.04.932.

A person knowingly violating this section is guilty of misbranding under this chapter. A person who receives misleading or erroneous information about whether the salmon is farm-raised or commercially caught, and subsequently inaccurately identifies salmon shall not be guilty of misbranding. This section shall not apply to salmon that is minced, pulverized, coated with batter, or breaded. [2003 c 39 § 29; 1993 c 282 § 4.]

Finding—1993 c 282: See note following RCW 69.04.932.

(3) "In bulk form" means a food or substance which is not packaged or contained by anything other than the cargo carrying portion of the vehicle or vessel.

(4) "Vehicle or vessel" means a commercial vehicle or commercial vessel which has a gross weight of more than ten thousand pounds, is used to transport property, and is a motor vehicle, motor truck, trailer, railroad car, or vessel. [1990 c 202 § 1.]

The director and secretary shall report the findings to the legislature by January 1, 1992, concerning the extent of the potential hazards, the frequency of mixed shipments of packaged food and nonfood items, the manner in which mixed shipments of packaged food and nonfood items are transported, and the incidents of food contamination in Washington state within the past five years. The findings shall include recommendations, if any, for regulating the transportation of food in other than bulk form.

The director and the secretary shall establish an industry advisory committee to provide advice regarding the examination required by this section. The director and the secretary shall jointly appoint not less than nine persons to the committee. These persons shall be representatives from the manufacturing, processing, wholesaling, distributing, and retailing sectors of the food industry." [1990 c 202 § 8.]

69.04.955 Transport of bulk foods—Prohibitions—

Exemption. (1) Except as provided in RCW 69.04.965 and 69.04.975, no person may transport in intrastate commerce food in bulk form in the cargo carrying portion of a vehicle or vessel that has been used for transporting in bulk form a cargo other than food.

(2) No person may transport in intrastate commerce food in bulk form in the cargo carrying portion of a vehicle or vessel unless the vehicle or vessel is marked "Food or Food Compatible Only" in conformance with rules adopted under RCW 69.04.960.

(3) No person may transport in intrastate commerce a substance in bulk form other than food or a substance on a list adopted under RCW 69.04.960 in the cargo carrying portion of a vehicle or vessel marked "Food or Food Compatible Only."

(4) This section does not apply to the transportation of a raw agricultural commodity from the point of its production to the facility at which the commodity is first processed or packaged. [1990 c 202 § 2.]

69.04.960 Transport of bulk foods—Compatible substances—Cleaning vehicle or vessel—Vehicle or vessel marking. (1) The director of agriculture and the secretary of health shall jointly adopt by rule:

(a) A list of food compatible substances other than food that may be transported in bulk form as cargo in a vehicle or vessel that is also used, on separate occasions, to transport food in bulk form as cargo. The list shall contain those substances that the director and the secretary determine will not pose a health hazard if food in bulk form were transported in the vehicle or vessel after it transported the substance. In making this determination, the director and the secretary shall assume that some residual portion of the substance will remain in the cargo carrying portion of the vehicle or vessel when the food is transported;

(b) The procedures to be used to clean the vehicle or vessel after transporting the substance and prior to transporting the food;

(c) The form of the certificates to be used under RCW 69.04.965; and

(d) Requirements for the "Food or Food Compatible Only" marking which must be borne by a vehicle or vessel under RCW 69.04.955 or 69.04.965.

(2) In developing and adopting rules under this section and RCW 69.04.970, the director and the secretary shall consult with the secretary of transportation, the chief of the state patrol, the chair of the utilities and transportation commission, and representatives of the vehicle and vessel transportation industries, food processors, and agricultural commodity organizations. [1990 c 202 § 3.]

69.04.965 Transport of bulk foods—Transports not constituting violations. Transporting food as cargo in bulk form in intrastate commerce in a vehicle or vessel that has previously been used to transport in bulk form a cargo other than food does not constitute a violation of RCW 69.04.955 if:

(1) The cargo is a food compatible substance contained on the list adopted by the director and secretary under RCW 69.04.960;

(2) The vehicle or vessel has been cleaned as required by the rules adopted under RCW 69.04.960;

(3) The vehicle or vessel is marked "Food or Food Compatible" in conformance with rules adopted under RCW 69.04.960; and

(4) A certificate accompanies the vehicle or vessel when the food is transported by other than railroad car which attests, under penalty of perjury, to the fact that the vehicle or vessel has been cleaned as required by those rules and is dated and signed by the party responsible for that cleaning. Such certificates shall be maintained by the owner of the vehicle or vessel for not less than three years and shall be available for inspection concerning compliance with RCW 69.04.950 through 69.04.980. The director of agriculture and the secretary of health shall jointly adopt rules requiring such certificates for the transportation of food under this section by railroad car and requiring such certificates to be available for inspection concerning compliance with RCW 69.04.950 through 69.04.980. Forms for the certificates shall be provided by the department of agriculture. [1990 c 202 § 4.]

69.04.970 Transport of bulk foods—Substances rendering vehicle or vessel permanently unsuitable for bulk food transport—Procedures to rehabilitate vehicles and vessels. The director of agriculture and the secretary of health shall jointly adopt by rule:

(1) A list of substances which, if transported in bulk form in the cargo carrying portion of a vehicle or vessel, render the vehicle or vessel permanently unsuitable for use in transporting food in bulk form because the prospect that any residue might be present in the vehicle or vessel when it transports food poses a hazard to the public health; and

(2) Procedures to be used to rehabilitate a vehicle or vessel that has been used to transport a substance other than a substance contained on a list adopted under RCW 69.04.960

or under subsection (1) of this section. The procedures shall ensure that transporting food in the cargo carrying portion of the vehicle or vessel after its rehabilitation will not pose a health hazard. [1990 c 202 § 5.]

69.04.975 Transport of bulk foods—Rehabilitation of vehicles and vessels—Inspection—Certification—Marking—Costs. A vehicle or vessel that has been used to transport a substance other than food or a substance contained on the lists adopted by the director and secretary under RCW 69.04.960 and 69.04.970, may be rehabilitated and used to transport food only if:

(1) The vehicle or vessel is rehabilitated in accordance with the procedures established by the director and secretary in RCW 69.04.970;

(2) The vehicle or vessel is inspected by the department of agriculture, and the department determines that transporting food in the cargo carrying portion of the vehicle or vessel will not pose a health hazard;

(3) A certificate accompanies the vehicle or vessel certifying that the vehicle or vessel has been rehabilitated and inspected and is authorized to transport food, and is dated and signed by the director of agriculture, or an authorized agent of the director. Such certificates shall be maintained for the life of the vehicle by the owner of the vehicle or vessel, and shall be available for inspection concerning compliance with RCW 69.04.950 through 69.04.980. Forms for the certificates shall be provided by the department of agriculture; and

(4) The vehicle or vessel is marked as required by RCW 69.04.955 or is marked and satisfies the requirements of RCW 69.04.965 which are not inconsistent with the rehabilitation authorized by this section.

No vehicle or vessel that has transported in bulk form a substance contained on the list adopted under RCW 69.04.970 qualifies for rehabilitation.

The cost of rehabilitation shall be borne by the vehicle or vessel owner. The director shall determine a reasonable fee to be imposed on the vehicle or vessel owner based on inspection, laboratory, and administrative costs incurred by the department in rehabilitating the vehicle or vessel. [1990 c 202 § 6.]

69.04.980 Transport of bulk foods—Penalties. A person who knowingly transports a cargo in violation of RCW 69.04.955 or who knowingly causes a cargo to be transported in violation of RCW 69.04.955 is subject to a civil penalty, as determined by the director of agriculture, for each such violation as follows:

(1) For a person's first violation or first violation in a period of five years, not more than five thousand dollars;

(2) For a person's second or subsequent violation within five years of a previous violation, not more than ten thousand dollars.

The director shall impose the penalty by an order which is subject to the provisions of chapter 34.05 RCW.

The director shall, wherever practical, secure the assistance of other public agencies, including but not limited to the department of health, the utilities and transportation commission, and the state patrol, in identifying and investigating potential violations of RCW 69.04.955. [1990 c 202 § 7.]

In such a case, the licensee may engage in processing the new type of food product only after the amendment has been approved by the department.

If upon investigation by the director, it is determined that a person is processing food for retail sale and is not under permit, license, or inspection by a local health authority, then that person may be considered a food processor and subject to the provisions of this chapter. The director may waive the licensure requirements of this chapter for a person's operations at a facility if the person has obtained a milk processing plant license under chapter 15.36 RCW to conduct the same or a similar operation at the facility. [1991 c 137 § 8.]

The director or his or her representative may inspect food storage warehouses for compliance with the provisions of chapter 69.04 RCW and the rules adopted under chapter 69.04 RCW as deemed necessary by the director. Any food storage warehouse found to not be in substantial compliance with chapter 69.04 RCW and the rules adopted under chapter 69.04 RCW will be reinspected as deemed necessary by the director to determine compliance. This does not preclude the director from using any other remedies as provided under chapter 69.04 RCW to gain compliance or to embargo products as provided under RCW 69.04.110 to protect the public from adulterated foods. [1995 c 374 § 9.]

Except as provided in this section and RCW 69.10.020, it shall be unlawful for any person to operate a food storage warehouse in the state without first having obtained an annual license from the department, which shall expire on a date set by rule by the director. Application for a license or license renewal shall be on a form prescribed by the director and accompanied by the license fee. The license fee is fifty dollars.

For a food storage warehouse that has been inspected on at least an annual basis for compliance with the provisions of the current good manufacturing practices (Title 21 C.F.R. part 110) by a federal agency or by a state agency acting on behalf of and under contract with a federal agency and that is not exempted from licensure by RCW 69.10.020, the annual license fee for the warehouse is twenty-five dollars.

The application shall include the full name of the applicant for the license and the location of the food storage warehouse he or she intends to operate. 69.10.020 Exemption from licensure—Independent inspection—Report to department. A food storage warehouse that is inspected for compliance with the current good manufacturing practices (Title 21 C.F.R. part 110) on at least an annual basis by an independent sanitation consultant approved by the department shall be exempted from licensure under this chapter.

An inspection shall be conducted and an inspection report for a food storage warehouse shall be filed with the department at least once every twelve months or the warehouse shall be licensed under this chapter and inspected by the department for a period of two years. [1995 c 374 § 11.]

69.10.025 Application for renewal of license after expiration date—Additional fee. (1) Refused, neglected, or failed to comply with the provisions of this chapter, the rules adopted under this chapter, or any lawful order of the director;

(2) Refused, neglected, or failed to keep and maintain records required by this chapter, or to make such records available if requested pursuant to the provisions of this chapter;

(2) Whenever a license is summarily suspended, the holder of the license shall be notified in writing that the license is, upon service of the notice, immediately suspended and that prompt opportunity for a hearing will be provided.

(3) Whenever a license is summarily suspended, food distribution operations shall immediately cease. However, the director may reinstate the license if the condition that caused the suspension has been abated to the director's satisfaction. [1995 c 374 § 14.]

It is unlawful to sell, offer for sale, or distribute in intrastate commerce food from or stored in a food storage warehouse that is required to be licensed under this chapter but that has not obtained a license, once notification by the director has been given to the persons selling, offering, or distributing food for sale, that the food is in or from such an unlicensed food storage warehouse. [1995 c 374 § 15.]

69.25.010 Legislative finding. Eggs and egg products are an important source of the state's total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers. [1975 1st ex.s. c 201 § 2.]

(1) For the purpose of preventing the entry into or movement in intrastate commerce of any egg product which is capable of use as human food and is misbranded or adulterated, the director shall, whenever processing operations are being conducted, unless under inspection by the United States department of agriculture, cause continuous inspection to be made, in accordance with the regulations promulgated under this chapter, of the processing of egg products, in each plant processing egg products for commerce, unless exempted under RCW 69.25.170. Without restricting the application of the preceding sentence to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant which uses any eggs that do not meet the requirements of RCW 69.25.170(1)(a) in the preparation of any articles for human food, shall be deemed to be a plant processing egg products, with respect to such operations.

(2) The director, at any time, shall cause such retention, segregation, and reinspection as he deems necessary of eggs and egg products capable of use as human food in each official plant.

(3) Eggs and egg products found to be adulterated at official plants shall be condemned, and if no appeal be taken from such determination or condemnation, such articles shall be destroyed for human food purposes under the supervision of an inspector: PROVIDED, That articles which may by reprocessing be made not adulterated need not be condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken from such determination, the eggs or egg products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the director determines that the appeal is frivolous. If the determination of condemnation is sustained, the eggs or egg products shall be destroyed for human food purposes under the supervision of an inspector.

(4) The director shall cause such other inspections to be made of the business premises, facilities, inventory, operations, and records of egg handlers, and the records and inventory of other persons required to keep records under RCW 69.25.140, as he deems appropriate (and in the case of shell egg packers, packing eggs for the ultimate consumer, at least once each calendar quarter) to assure that only eggs fit for human food are used for such purpose, and otherwise to assure compliance by egg handlers and other persons with the requirements of RCW 69.25.140, except that the director shall cause such inspections to be made as he deems appropriate to assure compliance with such requirements at food manufacturing establishments, institutions, and restaurants, other than plants processing egg products. Representatives of the director shall be afforded access to all such places of business for purposes of making the inspections provided for in this chapter. [1975 1st ex.s. c 201 § 9.]

(1) Egg products inspected at any official plant under the authority of this chapter and found to be not adulterated shall be pasteurized before they leave the official plant, except as otherwise permitted by regulations of the director, and shall at the time they leave the official plant, bear in distinctly legible form on their shipping containers or immediate containers, or both, when required by regulations of the director, the official inspection legend and official plant number, of the plant where the products were processed, and such other information as the director may require by regulations to describe the products adequately and to assure that they will not have false or misleading labeling.

(2) No labeling or container shall be used for egg products at official plants if it is false or misleading or has not been approved as required by the regulations of the director. If the director has reason to believe that any labeling or the size or form of any container in use or proposed for use with respect to egg products at any official plant is false or misleading in any particular, he may direct that such use be withheld unless the labeling or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person using or proposing to use the labeling or container does not accept the determination of the director, such person may request a hearing, but the use of the labeling or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person adversely affected thereby appeals to the superior court in the county in which such person has its principal place of business. (3) No person shall process any egg products for intrastate commerce at any plant except in compliance with the requirements of this chapter.

(4) No person shall buy, sell, or transport, or offer to buy or sell, or offer or receive for transportation, in intrastate commerce any egg products required to be inspected under this chapter unless they have been so inspected and are labeled and packaged in accordance with the requirements of RCW 69.25.100.

(5) No operator of any official plant shall allow any egg products to be moved from such plant if they are adulterated or misbranded and capable of use as human food.

(6) No person shall:

(a) Manufacture, cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the director;

Failure to pay assessments when due or refusal to pay for audit costs may be cause for a summary suspension of an egg handler's or dealer's license and a charge of one percent per month, or fraction thereof shall be added to the sum due the director, for each remittance not received by the director when due. The conditions and charges applicable to egg handlers and dealers set forth herein shall also be applicable to payments due the director for facsimiles of seals placed on egg containers. Only shellfish bearing a certificate of compliance with the sanitary requirements of this state or a state, territory, province or country of origin whose requirements are equal or comparable to those established pursuant to this chapter may be sold or offered for sale in the state of Washington. [1955 c 144 § 2.]

69.30.030 Rules and regulations—Duties of state board of health. The state board of health shall cause such investigations to be made as are necessary to determine reasonable requirements governing the sanitation of shellfish, shellfish growing areas, and shellfish plant facilities and operations, in order to protect public health and carry out the provisions of this chapter; and shall adopt such requirements as rules and regulations of the state board of health. Such rules and regulations may include reasonable sanitary requirements relative to the quality of shellfish growing waters and areas, boat and barge sanitation, building construction, water supply, sewage and waste water disposal, lighting and ventilation, insect and rodent control, shell disposal, garbage and waste disposal, cleanliness of establishment, the handling, storage, construction and maintenance of equipment, the handling, storage and refrigeration of shellfish, the identification of containers, and the handling, maintenance, and storage of permits, certificates, and records regarding shellfish taken under this chapter. Shellfish growing areas, from which shellfish are removed in a commercial quantity or for sale for human consumption shall meet the requirements of this chapter and the state board of health; and such shellfish growing areas shall be so certified by the department. Any person desiring to remove shellfish in a commercial quantity or for sale for human consumption from a growing area in the state of Washington shall first apply to the department for a certificate of approval of the growing area. The department shall

cause the shellfish growing area to be inspected and if the area meets the requirements of this chapter and the state board of health, the department shall issue a certificate of approval for that area. Such certificates shall be issued for a period not to exceed twelve months and may be revoked at any time the area is found not to be in compliance with the requirements of this chapter and the state board of health.

Shellfish growing areas from which shellfish are removed in a commercial quantity for purposes other than human consumption including but not limited to bait or seed, shall be readily subject to monitoring and inspections, and shall otherwise be of a character ensuring that shellfish harvested from such areas are not diverted for use as food. A certificate of approval issued by the department for shellfish growing areas from which shellfish are to be removed for purposes other than human consumption shall specify the date or dates and time of harvest and all applicable conditions of harvest, identification by tagging, dyeing, or other means, transportation, processing, sale, and other factors to ensure that shellfish harvested from such areas are not diverted for use as food. Any person desiring to cull, shuck, or pack shellfish within the state of Washington in a commercial quantity or for sale for human consumption, shall apply to the department for a certificate of approval for the establishment in which such operations will be done. The department shall cause such establishment to be inspected, and if the establishment meets the sanitary requirements of the state board of health, the department shall issue a certificate of approval. The state board of health shall develop by rule procedures for the disposal of the seized shellfish. [2001 c 253 § 6; 1995 c 147 § 4; 1985 c 51 § 4; 1979 c 141 § 74; 1955 c 144 § 11.]

In connection with such inspections the department may take such samples or specimens as may be

reasonably necessary to determine whether there exists a violation of this chapter or rules adopted under this chapter.

Inspection of establishments may be conducted between eight a.m. and five p.m. on any weekday that is not a legal holiday, during any time the regulated business or entity has established as its usual business hours, at any time the regulated business or entity is open for business or is otherwise in operation, and at any other time with the consent of the owner or authorized agent of the regulated business or entity.

The department may apply for an administrative inspection warrant to a court of competent jurisdiction and an administrative inspection warrant may issue where:

(1) The department has attempted an inspection under this chapter and access to all or part of the regulated business or entity has been actually or constructively denied; or

(2) There is reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred. [1995 c 147 § 5; 1985 c 51 § 5; 1955 c 144 § 12.]

69.30.130 Water pollution laws and rules applicable.

[2001 c 253 § 7; 1995 c 147 § 6; 1985 c 51 § 6; 1955 c 144 § 14.]

*Reviser's note: RCW 77.15.700 was amended by 2003 c 386 § 2, deleting subsection (5).

69.30.145 Civil penalties. As limited by RCW 69.30.150, the department may impose civil penalties for violations of standards set forth in this chapter or rules adopted under RCW 69.30.030. [1989 c 200 § 3.]

or in a manner which shows proof of receipt. Any penalty imposed by this section shall become due and payable twenty-eight days after receipt of notice unless application for remission or mitigation is made as provided in subsection (3) of this section or unless application for an adjudicative proceeding is filed as provided in subsection (4) of this section.

(3) Within fourteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of the penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department deems proper, giving consideration to the degree of hazard associated with the violation. The department may only grant a remission or mitigation that it deems to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in a manner it deems proper. Reviser's note: This section was amended by 2003 c 140 § 11 and by 2003 c 257 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective date—2003 c 140: See note following RCW 18.79.040.

Findings—Intent—2000 c 8: "The legislature finds that we have one of the finest health care systems in the world and excellent professionals to deliver that care. However, there are incidents of medication errors that are avoidable and serious mistakes that are preventable. Medical errors throughout the health care system constitute one of the nation's leading causes of death and injury resulting in over seven thousand deaths a year, according to a recent report from the institute of medicine. The majority of medical errors do not result from individual recklessness, but from basic flaws in the way the health system is organized. There is a need for a comprehensive strategy for government, industry, consumers, and health providers to reduce medical errors. The legislature declares a need to bring about greater safety for patients in this state who depend on prescription drugs.

It is the intent of the legislature to promote medical safety as a top priority for all citizens of our state." [2000 c 8 § 1.]

(a) Electronically communicated prescription information must comply with all applicable statutes and rules regarding the form, content, recordkeeping, and processing of a prescription for a legend drug;

(b) The system used for transmitting electronically communicated prescription information and the system used for receiving electronically communicated prescription information must be approved by the board. This subsection does not apply to currently used facsimile equipment transmitting an exact visual image of the prescription. The board shall maintain and provide, upon request, a list of systems used for elec-

(c) An explicit opportunity for practitioners must be made to indicate their preference on whether a therapeutically equivalent generic drug may be substituted;

A copy of said warrant shall be served upon the person or persons found in possession of any such legend drugs, furniture or fixtures so seized, and if no person be found in the possession thereof, a copy of said warrant shall be posted on the door of the building or room wherein the same are found, or, if there be no door, then in any conspicuous place upon the premises. (2) Except as otherwise provided in subsection (3) of this section, upon petition of a juvenile whose privilege to drive has been revoked pursuant to RCW 46.20.265, the court may notify the department of licensing that the juvenile's privilege to drive should be reinstated.

(3) If the conviction is for the juvenile's first violation of this chapter or chapter 66.44, 69.50, or 69.52 RCW, the juvenile may not petition the court for reinstatement of the juvenile's privilege to drive revoked pursuant to RCW 46.20.265 until the later of ninety days after the date the juvenile turns sixteen or ninety days after the judgment was entered. If the conviction was for the juvenile's second or subsequent violation of this chapter or chapter 66.44, 69.50, or 69.52 RCW, the juvenile may not petition the court for reinstatement of the juvenile's privilege to drive revoked pursuant to RCW 46.20.265 until the later of the date the juvenile turns seventeen or one year after the date judgment was entered. 69.41.075 Rules—Availability of lists of drugs. The state board of pharmacy may make such rules for the enforcement of this chapter as are deemed necessary or advisable. The board shall identify, by rule-making pursuant to chapter 34.05 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the board shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The board shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

(2004 Ed.)

In identifying legend drugs the board may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. Any such lists so incorporated shall be available for public inspection at the headquarters of the department of health and shall be available on request from the department of health upon payment of a reasonable fee to be set by the department. Humane societies and animal control agencies registered with the state board of pharmacy under chapter 69.50 RCW and authorized to euthanize animals may purchase, possess, and administer approved legend drugs for the sole purpose of sedating animals prior to euthanasia, when necessary, and for use in chemical capture programs. For the purposes of this section, "approved legend drugs" means those legend drugs designated by the board by rule as being approved for use by such societies and agencies for animal sedating or capture and does not include any substance regulated under chapter 69.50 RCW. Any society or agency so registered shall not permit persons to administer any legend drugs unless such person has demonstrated to the satisfaction of the board adequate knowledge of the potential hazards involved in and the proper techniques to be used in administering the drugs.

The board shall promulgate rules to regulate the purchase, possession, and administration of legend drugs by such societies and agencies and to insure strict compliance with the provisions of this section. Such rules shall require that the storage, inventory control, administration, and recordkeeping for approved legend drugs conform to the standards adopted by the board under chapter 69.50 RCW to regulate the use of controlled substances by such societies and agencies. The board may suspend or revoke a registration under chapter 69.50 RCW upon a determination by the board that the person administering legend drugs has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke a registration as provided by law. [1989 c 242 § 1.]

69.41.085 Medication assistance—Community-based care setting. Effective date—2003 c 140: See note following RCW 18.79.040.

SUBSTITUTION OF PRESCRIPTION DRUGS

69.41.100 Legislative recognition and declaration. The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered a choice between generic drugs and brand name drugs and the benefit

of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. [1986 c 52 § 1; 1977 ex.s. c 352 § 1.]

Severability—1977 ex.s. c 352: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 352 § 10.]

69.41.110 Definitions. As used in RCW 69.41.100 through 69.41.180, the following words shall have the following meanings:

Every drug prescription shall contain an instruction on whether or not a therapeutically equivalent generic drug may be substituted in its place, unless substitution is permitted under a prior-consent authorization.

If a written prescription is involved, the prescription must be legible and the form shall have two signature lines at opposite ends on the bottom of the form. Under the line at the right side shall be clearly printed the words "DISPENSE AS WRITTEN". Under the line at the left side shall be clearly printed the words "SUBSTITUTION PERMITTED". The practitioner shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the practitioner on one of these lines. In the case of a prescription issued by a practitioner in another state that uses a one-line prescription form or variation thereof, the pharmacist may substitute a therapeutically equivalent generic drug unless otherwise instructed by the practitioner through the use of the words "dispense as written", words of similar meaning, or some other indication.

If an oral prescription is involved, the practitioner or the practitioner's agent shall instruct the pharmacist as to whether

or not a therapeutically equivalent generic drug may be substituted in its place. The pharmacist shall note the instructions on the file copy of the prescription.

Unless the brand name drug is requested by the patient or the patient's representative, the pharmacist shall substitute an equivalent drug product which he has in stock if its wholesale price to the pharmacist is less than the wholesale price of the prescribed drug product, and at least sixty percent of the savings shall be passed on to the purchaser. [1986 c 52 § 2; 1979 c 110 § 3; 1977 ex.s. c 352 § 4.]

69.41.140 Minimum manufacturing standards and practices. A pharmacist may not substitute a product under the provisions of this section unless the manufacturer has shown that the drug has been manufactured with the following minimum good manufacturing standards and practices:

(1) Maintain quality control standards equal to those of the Food and Drug Administration;

(2) Comply with regulations promulgated by the Food and Drug Administration. [1979 c 110 § 4; 1977 ex.s. c 352 § 5.]

69.41.150 Liability of practitioner, pharmacist. (1) A practitioner who authorizes a prescribed drug shall not be liable for any side effects or adverse reactions caused by the manner or method by which a substituted drug product is selected or dispensed.

(2) A pharmacist who substitutes an equivalent drug product pursuant to RCW 69.41.100 through 69.41.180 as now or hereafter amended assumes no greater liability for selecting the dispensed drug product than would be incurred in filling a prescription for a drug product prescribed by its established name.

(3) A pharmacist who substitutes a preferred drug for a nonpreferred drug pursuant to RCW 69.41.190 assumes no greater liability for substituting the preferred drug than would be incurred in filling a prescription for the preferred drug when prescribed by name. [2003 1st sp.s. c 29 § 6; 1979 c 110 § 5; 1977 ex.s. c 352 § 6.]

Every pharmacy shall post a sign in a location at the prescription counter that is readily visible to patrons stating, "Under Washington law, an equivalent but less expensive drug may in some cases be substituted for the drug prescribed by your doctor. Such substitution, however, may only be made with the consent of your doctor. Please consult your pharmacist or physician for more information." [1979 c 110 § 6; 1977 ex.s. c 352 § 7.]

A violation of this section shall be punishable as a misdemeanor. [1977 ex.s. c 352 § 8.]

69.41.180 Rules. The state board of pharmacy may adopt any necessary rules under chapter 34.05 RCW for the implementation, continuation, or enforcement of RCW 69.41.100 through 69.41.180, including, but not limited to, a list of therapeutically or nontherapeutically equivalent drugs which, when adopted, shall be provided to all registered pharmacists in the state and shall be updated as necessary. [1979 c 110 § 7; 1977 ex.s. c 352 § 9.]

(1) Any pharmacist filling a prescription under a state purchased health care program as defined in RCW 41.05.011(2) shall substitute, where identified, a preferred drug for any nonpreferred drug in a given therapeutic class, unless the endorsing practitioner has indicated on the prescription that the nonpreferred drug must be dispensed as written, or the prescription is for a refill of an antipsychotic, antidepressant, chemotherapy, antiretroviral, or immunosuppressive drug, in which case the pharmacist shall dispense the prescribed nonpreferred drug.

(2) When a substitution is made under subsection (1) of this section, the dispensing pharmacist shall notify the prescribing practitioner of the specific drug and dose dispensed. [2003 1st sp.s. c 29 § 5.]

Finding—Intent—Severability—Conflict with federal requirements—Effective date—2003 1st sp.s. c 29: See notes following RCW 74.09.650.

(2) No manufacturer or distributor may sell any legend drug contained within a bottle, vial, carton, or other container, or in any way affixed or appended to or enclosed within a package of any kind designed or intended for delivery in such container or package to an ultimate consumer within this state unless such container or package has clearly and permanently marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or National Drug Code number identifying the drug and the manufacturer or distributor of such drug.

Intent—2001 c 96: "Communities all over the state of Washington have experienced an increase in the illegal manufacture of methamphetamine. Illegal methamphetamine labs create a significant threat to the health and safety of the people of the state. Some of the chemicals and compounds used to make methamphetamine, and the toxic wastes the process generates, are hazards to the public health. Increases in crime, violence, and the abuse and neglect of children present at laboratory sites are also associated with the increasing number of illegal laboratory sites. The drugs ephedrine, pseudoephedrine, and phenylpropanolamine, which are used in the illegal manufacture of methamphetamine, have been identified as factors in the increase in the number of illegal methamphetamine labs. Therefore, it is the intent of the legislature to place restrictions on the sale and possession of those three drugs in order to reduce the proliferation of illegal methamphetamine laboratories and the associated threats to public health and safety." [2001 c 96 § 1.]

Severability—2001 c 96: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2001 c 96 § 15.]

(c) The board of pharmacy determines that the value to the people of the state of having the product, as packaged, available for sale to consumers outweighs the danger, and the product, as packaged, has not been used in the illegal manufacture of methamphetamine. [2004 c 52 § 7; 2001 c 96 § 11.]

Finding—Severability—Effective date—2004 c 52: See notes following RCW 18.64.044.

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.140 Civil penalty—State board of pharmacy waiver. (1) In addition to the other penalties provided for in this chapter or in chapter 18.64 RCW, the state board of pharmacy may impose a civil penalty, not to exceed ten thousand dollars for each violation, on any licensee or registrant who has failed to comply with this chapter or the rules adopted under this chapter. In the case of a continuing violation, every day the violation continues shall be considered a separate violation.

(2) The state board of pharmacy may waive the suspension or revocation of a license or registration issued under chapter 18.64 RCW, or waive any civil penalty under this chapter, if the licensee or registrant establishes that he or she acted in good faith to prevent violations of this chapter, and the violation occurred despite the licensee's or registrant's exercise of due diligence. In making such a determination, the state board of pharmacy may consider evidence that an employer trained employees on how to sell, transfer, or oth-

erwise furnish substances specified in RCW 69.43.010(1) in accordance with applicable laws. [2001 c 96 § 12.]

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.150 Application of chapter to local government. This chapter is applicable and uniform throughout this state and in all counties, cities, code cities, and towns therein. A county, city, code city, or town may not adopt or enforce any ordinance, pertaining to this chapter, which prohibits conduct that is not prohibited under this chapter, or defining violations or penalties different from those provided under this chapter. However, this section does not preclude a county, city, code city, or town from revoking, canceling, suspending, or otherwise limiting a business or professional license it has issued for conduct that violates any provision of this chapter. [2001 c 96 § 13.]

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.160 Ephedrine, pseudoephedrine, phenylpropanolamine—Methods to prevent sales violations—Department of health preparation of sign summarizing prohibitions. (1) To prevent violations of RCW 69.43.110, every licensee and registrant under chapter 18.64 RCW, who sells at retail any products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall do either or may do both of the following:

(a) Program scanners, cash registers, or other electronic devices used to record sales in a manner that will alert persons handling transactions to potential violations of RCW 69.43.110(1) and/or prevent such violations; or

(b) Place one or more signs on the premises to notify customers of the prohibitions of RCW 69.43.110. Any such sign may, but is not required to, conform to the language and format prepared by the department of health under subsection (2) of this section.

(2) The department of health shall prepare language and format for a sign summarizing the prohibitions in RCW 69.43.110 and 69.43.120 and make the language and format available to licensees and registrants under chapter 18.64 RCW, for voluntary use in their places of business to inform customers and employees of the prohibitions. Nothing in this section requires the department of health to provide licensees or registrants with copies of signs, or any licensee or registrant to use the specific language or format prepared by the department under this subsection. [2001 c 96 § 14.]

ARTICLE II STANDARDS AND SCHEDULES

69.50.201 Enforcement of chapter—Authority to change schedules of controlled substances. (a) The state board of pharmacy shall enforce this chapter and may add substances to or delete or reschedule substances listed in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, or 69.50.212 pursuant to the procedures of chapter 34.05 RCW.

(1) In making a determination regarding a substance, the board shall consider the following:

(i) the actual or relative potential for abuse;

(ii) the scientific evidence of its pharmacological effect, if known;

(iii) the state of current scientific knowledge regarding the substance;

(iv) the history and current pattern of abuse;

(v) the scope, duration, and significance of abuse;

(vi) the risk to the public health;

(vii) the potential of the substance to produce psychic or physiological dependence liability; and

(viii) whether the substance is an immediate precursor of a controlled substance.

(2) The board may consider findings of the federal Food and Drug Administration or the Drug Enforcement Administration as prima facie evidence relating to one or more of the determinative factors.

(b) After considering the factors enumerated in subsection (a) of this section, the board shall make findings with respect thereto and adopt and cause to be published a rule controlling the substance upon finding the substance has a potential for abuse.

(c) The board, without regard to the findings required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211 or the procedures prescribed by subsections (a) and (b) of this section, may place an immediate precursor in the same schedule in which the controlled substance of which it is an immediate precursor is placed or in any other schedule. If the board designates a substance as an immediate precursor, substances that are precursors of the controlled precursor are not subject to control solely because they are precursors of the controlled precursor.

(d) If a substance is designated, rescheduled, or deleted as a controlled substance under federal law, the board shall similarly control the substance under this chapter after the expiration of thirty days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under Section 508 of the federal Dangerous Drug Diversion Control Act of 1984, 21 U.S.C. Sec. 811(h), unless within that thirty-day period, the board or an interested party objects to inclusion, rescheduling, temporary scheduling, or deletion. If no objection is made, the board shall adopt and cause to be published, without the necessity of making determinations or findings as required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211, a final rule, for which notice of proposed rule making is omitted, designating, rescheduling, temporarily scheduling, or deleting the substance. If an objection is made, the board shall make a determination with respect to the designation, rescheduling, or deletion of the substance as provided by subsection (a) of this section. Upon receipt of an objection to inclusion, rescheduling, or deletion under this chapter by the board, the board shall publish notice of the receipt of the objection, and control under this chapter is stayed until the board adopts a rule as provided by subsection (a) of this section.

(e) The board, by rule and without regard to the requirements of subsection (a) of this section, may schedule a substance in Schedule I regardless of whether the substance is substantially similar to a controlled substance in Schedule I or II if the board finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under Section 505 of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. Sec. 355. Upon receipt of notice under RCW 69.50.214, the board shall initiate scheduling of the controlled substance analog on an emergency basis pursuant to this subsection. The scheduling of a substance under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the board shall consider whether the substance has been scheduled on a temporary basis under federal law or factors set forth in subsection (a)(1)(iv), (v), and (vi) of this section, and may also consider clandestine importation, manufacture, or distribution, and, if available, information concerning the other factors set forth in subsection (a)(1) of this section. A rule may not be adopted under this subsection until the board initiates a rule-making proceeding under subsection (a) of this section with respect to

the substance. A rule adopted under this subsection must be vacated upon the conclusion of the rule-making proceeding initiated under subsection (a) of this section with respect to the substance.

(g) [(f)] Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Titles 66 and 26 RCW. [1998 c 245 § 108; 1993 c 187 § 2; 1989 1st ex.s. c 9 § 430; 1986 c 124 § 2; 1971 ex.s. c 308 § 69.50.201.]

ARTICLE III REGULATION OF MANUFACTURE, DISTRIBUTION, AND DISPENSING OF CONTROLLED SUBSTANCES

69.50.301 Rules—Fees. The board may adopt rules and the department may charge reasonable fees, relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state. [1993 c 187 § 15; 1991 c 229 § 9; 1989 1st ex.s. c 9 § 431; 1971 ex.s. c 308 § 69.50.301.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

69.50.302 Registration requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain annually a registration issued by the department in accordance with the board's rules.

(b) A person registered by the department under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by the registration and in conformity with this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this chapter:

(1) an agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of business or employment. This exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) an ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a substance included in Schedule V.

(d) The board may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers upon finding it consistent with the public health and safety. Personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this chapter unless the specific exemption is denied pursuant to RCW 69.50.305 for violation of any provisions of this chapter.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The department may inspect the establishment of a registrant or applicant for registration in accordance with rules adopted by the board. [1993 c 187 § 16; 1989 1st ex.s. c 9 § 432; 1971 ex.s. c 308 § 69.50.302.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

69.50.303 Registration. (a) The department shall register an applicant to manufacture or distribute controlled sub-

stances included in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless the board determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;

(2) compliance with applicable state and local law;

(3) promotion of technical advances in the art of manufacturing controlled substances and the development of new substances;

(4) any convictions of the applicant under any laws of another country or federal or state laws relating to any controlled substance;

(5) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;

(6) furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

(7) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(8) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) of this section does not entitle a registrant to manufacture or distribute controlled substances included in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances included in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic substances included in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with substances included in Schedule I may conduct research with substances included in Schedule I within this state upon furnishing the board evidence of that federal registration.

(d) A manufacturer or distributor registered under the federal Controlled Substances Act, 21 U.S.C. Sec. 801 et seq., may submit a copy of the federal application as an application for registration as a manufacturer or distributor under this section. The board may require a manufacturer or distributor to submit information in addition to the application for registration under the federal act. [1993 c 187 § 17; 1989 1st ex.s. c 9 § 433; 1971 ex.s. c 308 § 69.50.303.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

69.50.304 Revocation and suspension of registration—Seizure or placement under seal of controlled substances. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon finding that the registrant has:

(1) furnished false or fraudulent material information in any application filed under this chapter;

(2) been convicted of a felony under any state or federal law relating to any controlled substance;

(3) had the registrant's federal registration suspended or revoked and is no longer authorized by federal law to manufacture, distribute, or dispense controlled substances; or

(4) committed acts that would render registration under RCW 69.50.303 inconsistent with the public interest as determined under that section.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The department may seize or place under seal any controlled substance owned or possessed by a registrant whose registration has expired or who has ceased to practice or do business in the manner contemplated by the registration. The controlled substance must be held for the benefit of the registrant or the registrant's successor in interest. The department shall notify a registrant, or the registrant's successor in interest, who has any controlled substance seized or placed under seal, of the procedures to be followed to secure the return of the controlled substance and the conditions under which it will be returned. The department may not dispose of any controlled substance seized or placed under seal under this subsection until the expiration of one hundred eighty days after the controlled substance was seized or placed under seal. The costs incurred by the department in seizing, placing under seal, maintaining custody, and disposing of any controlled substance under this subsection may be recovered from the registrant, any proceeds obtained from the disposition of the controlled substance, or from both. Any balance remaining after the costs have been recovered from the proceeds of any disposition must be delivered to the registrant or the registrant's successor in interest.

(e) The department shall promptly notify the drug enforcement administration of all orders restricting, suspending, or revoking registration and all forfeitures of controlled substances. [1993 c 187 § 18; 1989 1st ex.s. c 9 § 434; 1986 c 124 § 8; 1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension, or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.05 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues. [1971 ex.s. c 308 § 69.50.306.]

69.50.308 Prescriptions. (a) A controlled substance may be dispensed only as provided in this section.

(b) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule II may not be dispensed without the written prescription of a practitioner.

(1) Schedule II narcotic substances may be dispensed by a pharmacy pursuant to a facsimile prescription under the following circumstances:

(i) The facsimile prescription is transmitted by a practitioner to the pharmacy; and

(ii) The facsimile prescription is for a patient in a long-term care facility. "Long-term care facility" means nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, and adult family homes licensed under chapter 70.128 RCW; or

(iii) The facsimile prescription is for a patient of a hospice program certified or paid for by medicare under Title XVIII; or

(iv) The facsimile prescription is for a patient of a hospice program licensed by the state; and

(v) The practitioner or the practitioner's agent notes on the facsimile prescription that the patient is a long-term care or hospice patient.

(2) Injectable Schedule II narcotic substances that are to be compounded for patient use may be dispensed by a pharmacy pursuant to a facsimile prescription if the facsimile prescription is transmitted by a practitioner to the pharmacy.

(3) Under (1) and (2) of this subsection the facsimile prescription shall serve as the original prescription and shall be maintained as other Schedule II narcotic substances prescriptions.

(c) In emergency situations, as defined by rule of the state board of pharmacy, a substance included in Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306. A prescription for a substance included in Schedule II may not be refilled.

(d) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, may not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(e) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that the person is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(f) A substance included in Schedule V must be distributed or dispensed only for a medical purpose.

(g) A practitioner may dispense or deliver a controlled substance to or for an individual or animal only for medical treatment or authorized research in the ordinary course of that practitioner's profession. Medical treatment includes dispensing or administering a narcotic drug for pain, including intractable pain.

(h) No administrative sanction, or civil or criminal liability, authorized or created by this chapter may be imposed on a pharmacist for action taken in reliance on a reasonable belief that an order purporting to be a prescription was issued by a practitioner in the usual course of professional treatment or in authorized research.

(i) An individual practitioner may not dispense a substance included in Schedule II, III, or IV for that individual practitioner's personal use. [2001 c 248 § 1; 1993 c 187 § 19; 1971 ex.s. c 308 § 69.50.308.]

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [1971 ex.s. c 308 § 69.50.309.]

69.50.310 Sodium pentobarbital—Registration of humane societies and animal control agencies for use in animal control. On and after September 21, 1977, a humane society and animal control agency may apply to the department for registration pursuant to the applicable provisions of this chapter for the sole purpose of being authorized to purchase, possess, and administer sodium pentobarbital to euthanize injured, sick, homeless, or unwanted domestic pets and animals. Any agency so registered shall not permit a person to administer sodium pentobarbital unless such person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering this drug.

The department may issue a limited registration to carry out the provisions of this section. The board shall promulgate such rules as it deems necessary to insure strict compliance with the provisions of this section. The board may suspend or revoke registration upon determination that the person administering sodium pentobarbital has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [1989 1st ex.s. c 9 § 435; 1977 ex.s. c 197 § 1.]

[1989 1st ex.s. c 9 § 436; 1984 c 153 § 20.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

69.50.312 Electronic communication of prescription information—Board may adopt rules. (1) Information concerning an original prescription or information concerning a prescription refill for a controlled substance may be electronically communicated to a pharmacy of the patient's choice pursuant to the provisions of this chapter if the electronically communicated prescription information complies with the following:

(a) Electronically communicated prescription information must comply with all applicable statutes and rules regarding the form, content, recordkeeping, and processing of a prescription for a legend drug;

(b) The system used for transmitting electronically communicated prescription information and the system used for receiving electronically communicated prescription information must be approved by the board. This subsection does not apply to currently used facsimile equipment transmitting an exact visual image of the prescription. The board shall maintain and provide, upon request, a list of systems used for electronically communicating prescription information currently approved by the board;

(c) An explicit opportunity for practitioners must be made to indicate their preference on whether a therapeutically equivalent generic drug may be substituted;

(d) Prescription drug orders are confidential health information, and may be released only to the patient or the patient's authorized representative, the prescriber or other authorized practitioner then caring for the patient, or other persons specifically authorized by law to receive such information;

(e) To maintain confidentiality of prescription records, the electronic system shall have adequate security and systems safeguards designed to prevent and detect unauthorized access, modification, or manipulation of these records. The pharmacist in charge shall establish or verify the existence of policies and procedures which ensure the integrity and confidentiality of prescription information transmitted to the phar-

macy by electronic means. All managers, employees, and agents of the pharmacy are required to read, sign, and comply with the established policies and procedures; and

(f) The pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of the prescription drug order received by way of electronic transmission, consistent with federal and state laws and rules and guidelines of the board.

(2) The board may adopt rules implementing this section. [1998 c 222 § 4.]

69.50.320 Registration of department of fish and wildlife for use in chemical capture programs—Rules.

The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The board may adopt rules to ensure strict compliance with the provisions of this section. The board, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The board shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [2003 c 175 § 2.]

Findings—2003 c 175: "The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals." [2003 c 175 § 1.]

The provisions of this section shall not operate to more than double the fine or imprisonment otherwise authorized by this chapter for an offense.

(2) It is not a defense to a prosecution for a violation of this section that the person was unaware that the prohibited conduct took place while in a school or school bus or within one thousand feet of the school or school bus route stop, in a public park, in a public housing project designated by a local governing authority as a drug-free zone, on a public transit vehicle, in a public transit stop shelter, at a civic center designated as a drug-free zone by the local governing authority, or within one thousand feet of the perimeter of a facility designated under subsection (1)(i) of this section, if the local governing authority specifically designates the one thousand foot perimeter.

Any map approved under this section or a true copy of the map shall be filed with the clerk of the municipality or county, and shall be maintained as an official record of the municipality or county. This section shall not be construed as precluding the prosecution from introducing or relying upon any other evidence or testimony to establish any element of the offense. This section shall not be construed as precluding the use or admissibility of any map or diagram other than the one which has been approved by the governing body of a municipality, school district, county, transit authority, or public housing authority if the map or diagram is otherwise admissible under court rule.

If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant;

(e) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter or chapter 69.41 or 69.52 RCW;

(f) All drug paraphernalia;

(g) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of this chapter or chapter 69.41 or 69.52 RCW. A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission. No personal property may be forfeited under this subsection (1)(g), to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(h) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivery, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial production or sale of the controlled substance and the real property. However:

(i) No property may be forfeited pursuant to this subsection (1)(h), to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender's intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one

hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(2) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(d), (g), or (h) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees.

(7) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(d) Forward it to the drug enforcement administration for disposition.

(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(b) Each seizing agency shall retain records of forfeited property for at least seven years.

(c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the violence reduction and drug enforcement account under RCW 69.50.520.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (15) of this section.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(10) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(11) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(12) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(13) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he or she is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(14) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(15) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (7)(b) of this section, only if:

(a) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(b) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (b) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(c) For any claim filed under (b) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(16) The landlord's claim for damages under subsection (15) of this section may not include a claim for loss of business and is limited to:

(a) Damage to tangible property and clean-up costs;

(b) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(c) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (7)(b) of this section; and

(d) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (9)(b) of this section.

(17) Subsections (15) and (16) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (15) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency. Findings—1989 c 271: "The legislature finds that: Drug offenses and crimes resulting from illegal drug use are destructive to society; the nature of drug trafficking results in many property crimes and crimes of violence; state and local governmental agencies incur immense expenses in the investigation, prosecution, adjudication, incarceration, and treatment of drug-related offenders and the compensation of their victims; drug-related offenses are difficult to eradicate because of the profits derived from the criminal activities, which can be invested in legitimate assets and later used for further criminal activities; and the forfeiture of real assets where a substantial nexus exists between the commercial production or sale of the substances and the real property will provide a significant deterrent to crime by removing the profit incentive of drug trafficking, and will provide a revenue source that will partially defray the large costs incurred by government as a result of these crimes. The legislature recognizes that seizure of real property is a very powerful tool and should not be applied in cases in which a manifest injustice would occur as a result of forfeiture of an innocent spouse's community property interest." 69.50.506 Burden of proof; liabilities. (a) It is not necessary for the state to negate any exemption or exception in this chapter in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding

under this chapter. The burden of proof of any exemption or exception is upon the person claiming it.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter, he is presumed not to be the holder of the registration or form. The burden of proof is upon him to rebut the presumption.

(c) No liability is imposed by this chapter upon any authorized state, county or municipal officer, engaged in the lawful performance of his duties. [1971 ex.s. c 308 § 69.50.506.]

69.50.507 Judicial review. All final determinations, findings and conclusions of the state board of pharmacy under this chapter are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision in the superior court wherein he resides or in the superior court of Thurston county, such review to be in conformity with the administrative procedure act, chapter 34.05 RCW. [1971 ex.s. c 308 § 69.50.507.]

69.50.508 Education and research. (a) The state board of pharmacy may carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs it may:

(2) assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled substances;

(3) consult with interested groups and organizations to aid them in solving administrative and organizational problems;

(4) evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled substances;

(5) disseminate the results of research on misuse and abuse of controlled substances to promote a better public understanding of what problems exist and what can be done to combat them; and

(6) assist in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.

(b) The board may encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this chapter, it may:

(1) establish methods to assess accurately the effects of controlled substances and identify and characterize those with potential for abuse;

(2) make studies and undertake programs of research to:

(i) develop new or improved approaches, techniques, systems, equipment and devices to strengthen the enforcement of this chapter;

(ii) determine patterns of misuse and abuse of controlled substances and the social effects thereof; and,

(iii) improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of controlled substances; and,

(3) enter into contracts with public agencies, institutions of higher education, and private organizations or individuals for the purpose of conducting research, demonstrations, or special projects which bear directly on misuse and abuse of controlled substances.

(c) The board may enter into contracts for educational and research activities without performance bonds.

(d) The board may authorize persons engaged in research on the use and effects of controlled substances to withhold the names and other identifying characteristics of individuals who are the subjects of the research. Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(e) The board may authorize the possession and distribution of controlled substances by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of controlled substances to the extent of the authorization. [1971 ex.s. c 308 § 69.50.508.]

69.50.509 Search and seizure of controlled substances. If, upon the sworn complaint of any person, it shall be made to appear to any judge of the superior court, district court, or municipal court that there is probable cause to believe that any controlled substance is being used, manufactured, sold, bartered, exchanged, administered, dispensed, delivered, distributed, produced, possessed, given away, furnished or otherwise disposed of or kept in violation of the provisions of this chapter, such judge shall, with or without the approval of the prosecuting attorney, issue a warrant directed to any law enforcement officer of the state, commanding him or her to search the premises designated and described in such complaint and warrant, and to seize all controlled substances there found, together with the vessels in which they are contained, and all implements, furniture and fixtures used or kept for the illegal manufacture, sale, barter, exchange, administering, dispensing, delivering, distributing, producing, possessing, giving away, furnishing or otherwise disposing of such controlled substances, and to safely keep the same, and to make a return of said warrant within three days, showing all acts and things done thereunder, with a particular statement of all articles seized and the name of the person or persons in whose possession the same were found, if any, and if no person be found in the possession of said articles, the returns shall so state. The provisions of RCW 10.31.030 as now or hereafter amended shall apply to actions taken pursuant to this chapter. [1987 c 202 § 228; 1971 ex.s. c 308 § 69.50.509.]

69.50.511 Clean-up of hazardous substances at illegal drug manufacturing facility—Rules. Law enforcement agencies who during the official investigation or enforcement of any illegal drug manufacturing facility come in contact with or are aware of any substances suspected of being hazardous as defined in *RCW 70.105D.020(5), shall notify the department of ecology for the purpose of securing a contractor to identify, clean-up, store, and dispose of suspected hazardous substances, except for those random and representative samples obtained for evidentiary purposes. Whenever possible, a destruct order covering hazardous substances which may be described in general terms shall be obtained concurrently with a search warrant. Materials that have been photographed, fingerprinted, and subsampled by police shall be destroyed as soon as practical. The department of ecology shall make every effort to recover costs from the parties responsible for the suspected hazardous substance. All recoveries shall be deposited in the account or fund from which contractor payments are made.

The department of ecology may adopt rules to carry out its responsibilities under this section. The department of ecology shall consult with law enforcement agencies prior to adopting any rule or policy relating to this section. [1990 c 213 § 13; 1989 c 271 § 228.]

(b) The department shall regularly prepare and make available to other state regulatory, licensing, and law enforcement agencies a report on the patterns and trends of actual distribution, diversion, and abuse of controlled substances.

(c) The department shall enter into written agreements with local, state, and federal agencies for the purpose of improving identification of sources of diversion and to improve enforcement of and compliance with this chapter and other laws and regulations pertaining to unlawful conduct involving controlled substances. An agreement must specify the roles and responsibilities of each agency that has information or authority to identify, prevent, and control drug diversion and drug abuse. The department shall convene periodic meetings to coordinate a state diversion prevention and control program. 69.51.020 Legislative purpose. The legislature finds that recent research has shown that the use of marijuana may alleviate the nausea and ill effects of cancer chemotherapy and radiology, and, additionally, may alleviate the ill effects of glaucoma. The legislature further finds that there is a need for further research and experimentation regarding the use of marijuana under strictly controlled circumstances. It is for this purpose that the Controlled Substances Therapeutic Research Act is hereby enacted. [1979 c 136 § 2.]

69.51.030 Definitions. As used in this chapter:

- (1) "Board" means the state board of pharmacy;
- (2) "Department" means the department of health.
- (3) "Marijuana" means all parts of the plant of the genus *Cannabis* L., whether growing or not, the seeds thereof, the resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin; and
- (4) "Practitioner" means a physician licensed pursuant to chapter 18.71 or 18.57 RCW. [1989 1st ex.s. c 9 § 438; 1979 c 136 § 3.]

In such promulgation, the board shall take into consideration those pertinent rules promulgated by the United States drug enforcement agency, the food and drug administration, and the national institute on drug abuse.

(2) Except as provided in RCW 69.51.050(4), the controlled substances therapeutic research program shall be limited to cancer chemotherapy and radiology patients and glaucoma patients, who are certified to the patient qualification review committee by a practitioner as being involved in a life-threatening or sense-threatening situation. No patient

may be admitted to the controlled substances therapeutic research program without full disclosure by the practitioner of the experimental nature of this program and of the possible risks and side effects of the proposed treatment in accordance with the informed consent provisions of chapter 7.70 RCW.

(3) The board shall provide by rule for a program of registration with the department of bona fide controlled substance therapeutic research projects. [1989 1st ex.s. c 9 § 439; 1979 c 136 § 4.]

(2) The patient qualification review committee shall review all applicants for the controlled substance therapeutic research program and their licensed practitioners and certify their participation in the program.

(3) The patient qualification review committee and the board shall insure that the privacy of individuals who participate in the controlled substance therapeutic research program is protected by withholding from all persons not connected with the conduct of the research the names and other identifying characteristics of such individuals. Persons authorized to engage in research under the controlled substance therapeutic research program may not be compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was granted, except to the extent necessary to permit the board to determine whether the research is being conducted in accordance with the authorization.

(4) The patient qualification review committee may include other disease groups for participation in the controlled substances therapeutic research program after pertinent medical data have been presented by a practitioner to both the committee and the board, and after approval for such participation has been granted pursuant to pertinent rules promulgated by the United States drug enforcement agency, the food and drug administration, and the national institute on drug abuse. 69.51A.005 Purpose and intent. The people of Washington state find that some patients with terminal or debilitating illnesses, under their physician's care, may benefit from the medical use of marijuana. Some of the illnesses for which marijuana appears to be beneficial include chemotherapy-related nausea and vomiting in cancer patients; AIDS wasting syndrome; severe muscle spasms associated with multiple sclerosis and other spasticity disorders; epilepsy; acute or chronic glaucoma; and some forms of intractable pain.

The people find that humanitarian compassion necessitates that the decision to authorize the medical use of marijuana by patients with terminal or debilitating illnesses is a personal, individual decision, based upon their physician's professional medical judgment and discretion.

Therefore, the people of the state of Washington intend that:

Qualifying patients with terminal or debilitating illnesses who, in the judgment of their physicians, would benefit from the medical use of marijuana, shall not be found guilty of a crime under state law for their possession and limited use of marijuana;

Persons who act as primary caregivers to such patients shall also not be found guilty of a crime under state law for assisting with the medical use of marijuana; and

Physicians also be excepted from liability and prosecution for the authorization of marijuana use to qualifying patients for whom, in the physician's professional judgment, medical marijuana may prove beneficial. [1999 c 2 § 2 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(5) "Valid documentation" means:

(a) A statement signed by a qualifying patient's physician, or a copy of the qualifying patient's pertinent medical records, which states that, in the physician's professional opinion, the potential benefits of the medical use of marijuana would likely outweigh the health risks for a particular qualifying patient; and

(b) Proof of identity such as a Washington state driver's license or identicard, as defined in RCW 46.20.035. [1999 c 2 § 6 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.020 Construction of chapter. Nothing in this chapter shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale, or

use of marijuana for nonmedical purposes. [1999 c 2 § 3 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.030 Physicians excepted from state's criminal laws. A physician licensed under chapter 18.71 or 18.57 RCW shall be excepted from the state's criminal laws and shall not be penalized in any manner, or denied any right or privilege, for:

(1) Advising a qualifying patient about the risks and benefits of medical use of marijuana or that the qualifying patient may benefit from the medical use of marijuana where such use is within a professional standard of care or in the individual physician's medical judgment; or

(2) Providing a qualifying patient with valid documentation, based upon the physician's assessment of the qualifying patient's medical history and current medical condition, that the potential benefits of the medical use of marijuana would likely outweigh the health risks for the particular qualifying patient. [1999 c 2 § 4 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.040 Qualifying patients' affirmative defense.

(1) If charged with a violation of state law relating to marijuana, any qualifying patient who is engaged in the medical use of marijuana, or any designated primary caregiver who assists a qualifying patient in the medical use of marijuana, will be deemed to have established an affirmative defense to such charges by proof of his or her compliance with the requirements provided in this chapter. Any person meeting the requirements appropriate to his or her status under this chapter shall be considered to have engaged in activities permitted by this chapter and shall not be penalized in any manner, or denied any right or privilege, for such actions.

(4) The designated primary caregiver shall:

(a) Meet all criteria for status as a primary caregiver to a qualifying patient;

(b) Possess, in combination with and as an agent for the qualifying patient, no more marijuana than is necessary for the patient's personal, medical use, not exceeding the amount necessary for a sixty-day supply;

(c) Present a copy of the qualifying patient's valid documentation required by this chapter, as well as evidence of designation to act as primary caregiver by the patient, to any law enforcement official requesting such information;

(d) Be prohibited from consuming marijuana obtained for the personal, medical use of the patient for whom the individual is acting as primary caregiver; and

(e) Be the primary caregiver to only one patient at any one time. [1999 c 2 § 5 (Initiative Measure No. 692, approved November 3, 1998).]

(2) No person shall be prosecuted for constructive possession, conspiracy, or any other criminal offense solely for being in the presence or vicinity of medical marijuana or its use as authorized by this chapter.

(3) The state shall not be held liable for any deleterious outcomes from the medical use of marijuana by any qualifying patient. [1999 c 2 § 7 (Initiative Measure No. 692, approved November 3, 1998).]

[1999 c 2 § 8 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.070 Addition of medical conditions. The Washington state medical quality assurance board [commission], or other appropriate agency as designated by the governor, shall accept for consideration petitions submitted by physicians or patients to add terminal or debilitating conditions to those included in this chapter. Drug nuisances—Injunctions: Chapter 7.43 RCW.

69.52.010 Legislative findings. The legislature finds that imitation controlled substances are being manufactured to imitate the appearance of the dosage units of controlled substances for sale to school age youths and others to facilitate the fraudulent sale of controlled substances. The legislature further finds that manufacturers are endeavoring to profit from the manufacture of these imitation controlled substances while avoiding liability by accurately labeling the containers or packaging which contain these imitation controlled substances. The close similarity of appearance between dosage units of imitation controlled substances and controlled substances is indicative of a deliberate and wilful attempt to profit by deception without regard to the tragic human consequences. The use of imitation controlled substances is responsible for a growing number of injuries and deaths, and the legislature hereby declares that this chapter is necessary for the protection and preservation of the public health and safety. [1982 c 171 § 2.]

69.52.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled substance" means a substance as that term is defined in chapter 69.50 RCW.

(2) "Distribute" means the actual or constructive transfer (or attempted transfer) or delivery or dispensing to another of an imitation controlled substance.

(3) "Imitation controlled substance" means a substance that is not a controlled substance, but which by appearance or

(2004 Ed.)

representation would lead a reasonable person to believe that the substance is a controlled substance. Appearance includes, but is not limited to, color, shape, size, and markings of the dosage unit. Representation includes, but is not limited to, representations or factors of the following nature:

(a) Statements made by an owner or by anyone else in control of the substance concerning the nature of the substance, or its use or effect;

(b) Statements made to the recipient that the substance may be resold for inordinate profit; or

(c) Whether the substance is packaged in a manner normally used for illicit controlled substances.

(4) "Manufacture" means the production, preparation, compounding, processing, encapsulating, packaging or repackaging, or labeling or relabeling of an imitation controlled substance. [1982 c 171 § 3.]

69.52.030 Violations—Exceptions. (1) It is unlawful for any person to manufacture, distribute, or possess with intent to distribute, an imitation controlled substance. Any person who violates this subsection shall, upon conviction, be guilty of a class C felony.

(2) Any person eighteen years of age or over who violates subsection (1) of this section by distributing an imitation controlled substance to a person under eighteen years of age is guilty of a class B felony.

(3) It is unlawful for any person to cause to be placed in any newspaper, magazine, handbill, or other publication, or to post or distribute in any public place, any advertisement or solicitation offering for sale imitation controlled substances. Any person who violates this subsection is guilty of a class C felony.

(4) No civil or criminal liability shall be imposed by virtue of this chapter on any person registered under the Uniform Controlled Substances Act pursuant to RCW 69.50.301 or 69.50.303 who manufactures, distributes, or possesses an imitation controlled substance for use as a placebo or other use by a registered practitioner, as defined in *RCW 69.50.101(t), in the course of professional practice or research.

(5) No prosecution under this chapter shall be dismissed solely by reason of the fact that the dosage units were contained in a bottle or other container with a label accurately describing the ingredients of the imitation controlled substance dosage units. The good faith of the defendant shall be an issue of fact for the trier of fact. [1983 1st ex.s. c 4 § 5; 1982 c 171 § 4.]

***Reviser's note:** The reference to RCW 69.50.101(t) is erroneous. "Practitioner" is defined in (w) of that section.

Severability—1983 1st ex.s. c 4: See note following RCW 9A.48.070.

69.52.040 Seizure of contraband. Imitation controlled substances shall be subject to seizure, forfeiture, and disposition in the same manner as are controlled substances under RCW 69.50.505. [1982 c 171 § 5.]

69.52.045 Seizure at rental premises—Notification of landlord. Whenever an imitation controlled substance which is manufactured, distributed, or possessed in violation of this chapter is seized at rental premises, the law enforce-

ment agency shall make a reasonable attempt to discover the identity of the landlord and shall notify the landlord in writing, at the last address listed in the property tax records and at any other address known to the law enforcement agency, of the seizure and the location of the seizure. | 69.60.901 | Effective date—1993 c 135. |

69.60.010 Legislative findings. The legislature of the state of Washington finds that:

(1) Accidental and purposeful ingestions of solid medication forms continue to be the most frequent cause of poisoning in our state;

(2) Modern treatment is dependent upon knowing the ingredients of the ingestant;

(3) The imprinting of identifying characteristics on all tablets, capsules, and caplets of prescription medication forms, both trade name products and generic products, has been extremely beneficial in our state and was accomplished at trivial cost to the manufacturers and consumers;

(4) Although over-the-counter medications usually constitute a lower order of risk to ingestees, treatment after overdose is equally dependent upon knowing the ingredients involved, but there is no coding index uniformly used by this class of medication;

(5) Approximately seventy percent of over-the-counter medications in solid form already have some type of an identifier imprinted on their surfaces;

(6) While particular efforts are being instituted to prevent recurrent tampering with over-the-counter medications, the added benefit of rapid and prompt identification of all possible contaminated products, including over-the-counter medications, would make for a significant improvement in planning for appropriate tracking and monitoring programs;

(7) At the same time, health care professionals serving the elderly find it especially advantageous to be able to identify and confirm the ingredients of their multiple medications, including over-the-counter products, as are often consumed by such patients;

(8) The legislature supports and encourages efforts that are being made to establish a national, legally enforceable

system governing the imprinting of solid dosage form over-the-counter medications, which system is consistent with the requirements of this chapter. [1989 c 247 § 1.]

69.60.020 Definitions. The terms defined in this section shall have the meanings indicated when used in this chapter.

(1) "Solid dosage form" means capsules or tablets or similar over-the-counter medication products intended for administration and which could be ingested orally.

(2) "Over-the-counter medication" means a drug that can be obtained without a prescription and is not restricted to use by prescribing practitioners. For purposes of this chapter, over-the-counter medication does not include vitamins.

(3) "Board" means the state board of pharmacy.

(4) "Purveyor" means any corporation, person, or other entity that offers over-the-counter medications for wholesale, retail, or other type of sale. [1989 c 247 § 3.]

69.60.030 Identification required. (1) No over-the-counter medication in solid dosage form may be manufactured or commercially distributed within this state unless it has clearly marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or national drug code number identifying the medication and the manufacturer or distributor of the medication: PROVIDED, HOWEVER, That an over-the-counter medication which has clearly marked or imprinted on it a distinctive logo, symbol, product name, letters, or other identifying mark, or which by its color, shape, or size together with a distinctive logo, symbol, product name, letters, or other mark is identifiable, shall be deemed in compliance with the provisions of this chapter.

(2) No manufacturer may sell any over-the-counter medication in solid dosage form contained within a bottle, vial, carton, or other container, or in any way affixed or appended to or enclosed within a package of any kind designed or intended for delivery in such container or package to an ultimate consumer within this state unless such container or package has clearly and permanently marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or national drug code number identifying the medication and the manufacturer, packer, or distributor of the medication. [1993 c 135 § 1; 1989 c 247 § 2.]

69.60.040 Imprint information—Publication—Availability. Each manufacturer shall publish and provide to the board printed material which will identify each current imprint used by the manufacturer and the board shall be notified of any change. This information shall be provided by the board to all pharmacies licensed in the state of Washington, poison control centers, and hospital emergency rooms. [1989 c 247 § 4.]

69.60.050 Noncompliance—Contraband—Fine. (1) Any over-the-counter medication prepared or manufactured or offered for sale in violation of this chapter or implementing rules shall be contraband and subject to seizure, in the same manner as contraband legend drugs under RCW 69.41.060.

(2) A purveyor who fails to comply with this chapter after one notice of noncompliance by the board is subject to a one thousand dollar civil fine for each instance of noncompliance. [1989 c 247 § 5.]

69.60.060 Rules. The board shall have authority to promulgate rules for the enforcement and implementation of this chapter. [1989 c 247 § 6.]

69.60.070 Imprinting requirements—Retailers and wholesalers. All over-the-counter medications manufactured in, received by, distributed to, or shipped to any retailer or wholesaler in this state after January 1, 1994, shall meet the requirements of this chapter. No over-the-counter medication may be sold to a consumer in this state after January 1, 1995, unless such over-the-counter medication complies with the imprinting requirements of this chapter. [1993 c 135 § 2; 1989 c 247 § 7.]

69.60.080 Exemptions—Application by manufacturer. The board, upon application of a manufacturer, may exempt an over-the-counter drug from the requirements of chapter 69.60 RCW on the grounds that imprinting is infeasible because of size, texture, or other unique characteristics. [1989 c 247 § 8.]

69.60.090 Implementation of federal system—Termination of state system. Before January 1, 1994, the board of pharmacy will consult with the state toxicologist to determine whether the federal government has established a legally enforceable system that is substantially equivalent to the requirements of this chapter that govern the imprinting of solid dosage form over-the-counter medication. To be substantially equivalent, the effective dates for implementation of the federal system for imprinting solid dosage form over-the-counter medication must be the same or earlier than the dates of implementation set out in the state system for imprinting solid dosage form over-the-counter medication. If the board determines that the federal system for imprinting solid dosage form over-the-counter medication is substantially equivalent to the state system for imprinting solid dosage form over-the-counter medication, this chapter will cease to exist on January 1, 1994. If the board determines that the federal system is substantially equivalent, except that the federal dates for implementation are later than the Washington state dates, this chapter will cease to exist when the federal system is implemented. [1993 c 135 § 3; 1989 c 247 § 9.]

69.60.900 Severability—1993 c 135. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 135 § 4.]

69.60.901 Effective date—1993 c 135. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 30, 1993]. [1993 c 135 § 5.]

Record retention by hospitals: RCW 70.41.190.

70.02.005 Findings. The legislature finds that:

(1) Health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy, health care, or other interests.

(2) Patients need access to their own health care information as a matter of fairness to enable them to make informed decisions about their health care and correct inaccurate or incomplete information about themselves.

(3) In order to retain the full trust and confidence of patients, health care providers have an interest in assuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information.

(4) Persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of the patient's health care information survives even when the information is held by persons other than health care providers.

(5) The movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information. [1991 c 335 § 101.]

70.02.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Audit" means an assessment, evaluation, determination, or investigation of a health care provider by a person not employed by or affiliated with the provider to determine compliance with:

(a) Statutory, regulatory, fiscal, medical, or scientific standards;

(b) A private or public program of payments to a health care provider; or

(c) Requirements for licensing, accreditation, or certification.

(2) "Directory information" means information disclosing the presence, and for the purpose of identification, the name, residence, sex, and the general health condition of a particular patient who is a patient in a health care facility or who is currently receiving emergency health care in a health care facility.

(3) "General health condition" means the patient's health status described in terms of "critical," "poor," "fair," "good," "excellent," or terms denoting similar conditions.

(4) "Health care" means any care, service, or procedure provided by a health care provider:

(a) To diagnose, treat, or maintain a patient's physical or mental condition; or

(b) That affects the structure or any function of the human body.

(5) "Health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(6) "Health care information" means any information, whether oral or recorded in any form or medium, that identifies or can readily be associated with the identity of a patient and directly relates to the patient's health care, including a patient's deoxyribonucleic acid and identified sequence of chemical base pairs. The term includes any record of disclosures of health care information.

(7) "Health care provider" means a person who is licensed, certified, registered, or otherwise authorized by the law of this state to provide health care in the ordinary course of business or practice of a profession.

(8) "Institutional review board" means any board, committee, or other group formally designated by an institution, or authorized under federal or state law, to review, approve the initiation of, or conduct periodic review of research programs to assure the protection of the rights and welfare of human research subjects.

(9) "Maintain," as related to health care information, means to hold, possess, preserve, retain, store, or control that information.

(10) "Patient" means an individual who receives or has received health care. The term includes a deceased individual who has received health care.

(11) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(12) "Reasonable fee" means the charges for duplicating or searching the record, but shall not exceed sixty-five cents per page for the first thirty pages and fifty cents per page for all other pages. In addition, a clerical fee for searching and handling may be charged not to exceed fifteen dollars. These amounts shall be adjusted biennially in accordance with changes in the consumer price index, all consumers, for Seattle-Tacoma metropolitan statistical area as determined by the secretary of health. However, where editing of records by a health care provider is required by statute and is done by the provider personally, the fee may be the usual and customary charge for a basic office visit.

(13) "Third-party payor" means an insurer regulated under Title 48 RCW authorized to transact business in this state or other jurisdiction, including a health care service contractor, and health maintenance organization; or an employee welfare benefit plan; or a state or federal health benefit program. [2002 c 318 § 1; 1993 c 448 § 1; 1991 c 335 § 102.]

Reviser's note: For charges or fees under subsection (12) of this section as adjusted by the secretary of health, see chapter 246-08 WAC.

Effective date—1993 c 448: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993." [1993 c 448 § 9.]

70.02.020 Disclosure by health care provider. Except as authorized in RCW 70.02.050, a health care provider, an individual who assists a health care provider in the delivery of health care, or an agent and employee of a health care provider may not disclose health care information about a patient to any other person without the patient's written authorization. A disclosure made under a patient's written authorization must conform to the authorization.

Health care providers or facilities shall chart all disclosures, except to third-party payors, of health care information, such as chartings to become part of the health care information. [1993 c 448 § 2; 1991 c 335 § 201.]

Effective date—1993 c 448: See note following RCW 70.02.010.

70.02.030 Patient authorization of disclosure. (1) A patient may authorize a health care provider to disclose the patient's health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under RCW 70.02.090.

(2) A health care provider may charge a reasonable fee for providing the health care information and is not required to honor an authorization until the fee is paid.

(3) To be valid, a disclosure authorization to a health care provider shall:

- (a) Be in writing, dated, and signed by the patient;
- (b) Identify the nature of the information to be disclosed;
- (c) Identify the name, address, and institutional affiliation of the person to whom the information is to be disclosed;
- (d) Except for third-party payors, identify the provider who is to make the disclosure; and
- (e) Identify the patient.

(4) Except as provided by this chapter, the signing of an authorization by a patient is not a waiver of any rights a patient has under other statutes, the rules of evidence, or common law.

(5) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made. This requirement shall not apply to disclosures to third-party payors.

(6) Except for authorizations given pursuant to an agreement with a treatment or monitoring program or disciplinary authority under chapter 18.71 or 18.130 RCW, when the patient is under the supervision of the department of corrections, or to provide information to third-party payors, an authorization may not permit the release of health care information relating to future health care that the patient receives more than ninety days after the authorization was signed. Patients shall be advised of the period of validity of their authorization on the disclosure authorization form. If the authorization does not contain an expiration date and the patient is not under the supervision of the department of corrections, it expires ninety days after it is signed.

(7) Where the patient is under the supervision of the department of corrections, an authorization signed pursuant to this section for health care information related to mental health or drug or alcohol treatment expires at the end of the term of supervision, unless the patient is part of a treatment program that requires the continued exchange of information until the end of the period of treatment. [2004 c 166 § 19; 1994 sp.s. c 9 § 741; 1993 c 448 § 3; 1991 c 335 § 202.]

Severability—Effective dates—2004 c 166: See notes following RCW 71.05.040.

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

Effective date—1993 c 448: See note following RCW 70.02.010.

70.02.040 Patient's revocation of authorization for disclosure. A patient may revoke in writing a disclosure authorization to a health care provider at any time unless disclosure is required to effectuate payments for health care that has been provided or other substantial action has been taken in reliance on the authorization. A patient may not maintain an action against the health care provider for disclosures made in good-faith reliance on an authorization if the health care provider had no actual notice of the revocation of the authorization. [1991 c 335 § 203.]

70.02.045 Third-party payor release of information. Third-party payors shall not release health care information disclosed under this chapter, except to the extent that health care providers are authorized to do so under RCW 70.02.050. [2000 c 5 § 2.]

Intent—Purpose—2000 c 5: See RCW 48.43.005.

Application—Short title—Captions not law—Construction—Severability—Application to contracts—Effective dates—2000 c 5: See notes following RCW 48.43.500.

70.02.050 Disclosure without patient's authorization. (1) A health care provider may disclose health care information about a patient without the patient's authorization to the extent a recipient needs to know the information, if the disclosure is:

(a) To a person who the provider reasonably believes is providing health care to the patient;

(b) To any other person who requires health care information for health care education, or to provide planning, quality assurance, peer review, or administrative, legal, financial, or actuarial services to the health care provider; or for assisting the health care provider in the delivery of health care and the health care provider reasonably believes that the person:

(i) Will not use or disclose the health care information for any other purpose; and

(ii) Will take appropriate steps to protect the health care information;

(c) To any other health care provider reasonably believed to have previously provided health care to the patient, to the extent necessary to provide health care to the patient, unless the patient has instructed the health care provider in writing not to make the disclosure;

(d) To any person if the health care provider reasonably believes that disclosure will avoid or minimize an imminent danger to the health or safety of the patient or any other individual, however there is no obligation under this chapter on the part of the provider to so disclose;

(e) Oral, and made to immediate family members of the patient, or any other individual with whom the patient is known to have a close personal relationship, if made in accordance with good medical or other professional practice, unless the patient has instructed the health care provider in writing not to make the disclosure;

(f) To a health care provider who is the successor in interest to the health care provider maintaining the health care information;

(g) For use in a research project that an institutional review board has determined:

(i) Is of sufficient importance to outweigh the intrusion into the privacy of the patient that would result from the disclosure;

(ii) Is impracticable without the use or disclosure of the health care information in individually identifiable form;

(iii) Contains reasonable safeguards to protect the information from redisclosure;

(iv) Contains reasonable safeguards to protect against identifying, directly or indirectly, any patient in any report of the research project; and

(v) Contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;

(h) To a person who obtains information for purposes of an audit, if that person agrees in writing to:

(i) Remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

(ii) Not to disclose the information further, except to accomplish the audit or report unlawful or improper conduct involving fraud in payment for health care by a health care provider or patient, or other unlawful conduct by the health care provider;

(i) To an official of a penal or other custodial institution in which the patient is detained;

(j) To provide directory information, unless the patient has instructed the health care provider not to make the disclosure;

(k) In the case of a hospital or health care provider to provide, in cases reported by fire, police, sheriff, or other public authority, name, residence, sex, age, occupation, condition, diagnosis, or extent and location of injuries as determined by a physician, and whether the patient was conscious when admitted.

(2) A health care provider shall disclose health care information about a patient without the patient's authorization if the disclosure is:

(a) To federal, state, or local public health authorities, to the extent the health care provider is required by law to report health care information; when needed to determine compliance with state or federal licensure, certification or registration rules or laws; or when needed to protect the public health;

(b) To federal, state, or local law enforcement authorities to the extent the health care provider is required by law;

(c) To county coroners and medical examiners for the investigations of deaths;

(d) Pursuant to compulsory process in accordance with RCW 70.02.060.

(3) All state or local agencies obtaining patient health care information pursuant to this section shall adopt rules establishing their record acquisition, retention, and security policies that are consistent with this chapter. [1998 c 158 § 1; 1993 c 448 § 4; 1991 c 335 § 204.]

Effective date—1993 c 448: See note following RCW 70.02.010.

(2004 Ed.)

70.02.060 Discovery request or compulsory process.

(1) Before service of a discovery request or compulsory process on a health care provider for health care information, an attorney shall provide advance notice to the health care provider and the patient or the patient's attorney involved through service of process or first class mail, indicating the health care provider from whom the information is sought, what health care information is sought, and the date by which a protective order must be obtained to prevent the health care provider from complying. Such date shall give the patient and the health care provider adequate time to seek a protective order, but in no event be less than fourteen days since the date of service or delivery to the patient and the health care provider of the foregoing. Thereafter the request for discovery or compulsory process shall be served on the health care provider.

(2) Without the written consent of the patient, the health care provider may not disclose the health care information sought under subsection (1) of this section if the requestor has not complied with the requirements of subsection (1) of this section. In the absence of a protective order issued by a court of competent jurisdiction forbidding compliance, the health care provider shall disclose the information in accordance with this chapter. In the case of compliance, the request for discovery or compulsory process shall be made a part of the patient record.

(3) Production of health care information under this section, in and of itself, does not constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure. [1991 c 335 § 205.]

70.02.070 Certification of record. Upon the request of the person requesting the record, the health care provider or facility shall certify the record furnished and may charge for such certification in accordance with RCW 36.18.016(5). No record need be certified until the fee is paid. The certification shall be affixed to the record and disclose:

(1) The identity of the patient;

(2) The kind of health care information involved;

(3) The identity of the person to whom the information is being furnished;

(4) The identity of the health care provider or facility furnishing the information;

(5) The number of pages of the health care information;

(6) The date on which the health care information is furnished; and

(7) That the certification is to fulfill and meet the requirements of this section. [1995 c 292 § 20; 1991 c 335 § 206.]

70.02.080 Patient's examination and copying—Requirements. (1) Upon receipt of a written request from a patient to examine or copy all or part of the patient's recorded health care information, a health care provider, as promptly as required under the circumstances, but no later than fifteen working days after receiving the request shall:

(a) Make the information available for examination during regular business hours and provide a copy, if requested, to the patient;

(b) Inform the patient if the information does not exist or cannot be found;

(c) If the health care provider does not maintain a record of the information, inform the patient and provide the name and address, if known, of the health care provider who maintains the record;

(d) If the information is in use or unusual circumstances have delayed handling the request, inform the patient and specify in writing the reasons for the delay and the earliest date, not later than twenty-one working days after receiving the request, when the information will be available for examination or copying or when the request will be otherwise disposed of; or

(e) Deny the request, in whole or in part, under RCW 70.02.090 and inform the patient.

(2) Upon request, the health care provider shall provide an explanation of any code or abbreviation used in the health care information. If a record of the particular health care information requested is not maintained by the health care provider in the requested form, the health care provider is not required to create a new record or reformulate an existing record to make the health care information available in the requested form. The health care provider may charge a reasonable fee for providing the health care information and is not required to permit examination or copying until the fee is paid. [1993 c 448 § 5; 1991 c 335 § 301.]

Effective date—1993 c 448: See note following RCW 70.02.010.

70.02.090 Patient's request—Denial of examination and copying. (1) Subject to any conflicting requirement in the public disclosure act, chapter 42.17 RCW, a health care provider may deny access to health care information by a patient if the health care provider reasonably concludes that:

(a) Knowledge of the health care information would be injurious to the health of the patient;

(b) Knowledge of the health care information could reasonably be expected to lead to the patient's identification of an individual who provided the information in confidence and under circumstances in which confidentiality was appropriate;

(c) Knowledge of the health care information could reasonably be expected to cause danger to the life or safety of any individual;

(d) The health care information was compiled and is used solely for litigation, quality assurance, peer review, or administrative purposes; or

(e) Access to the health care information is otherwise prohibited by law.

(2) If a health care provider denies a request for examination and copying under this section, the provider, to the extent possible, shall segregate health care information for which access has been denied under subsection (1) of this section from information for which access cannot be denied and permit the patient to examine or copy the disclosable information.

(3) If a health care provider denies a patient's request for examination and copying, in whole or in part, under subsection (1)(a) or (c) of this section, the provider shall permit examination and copying of the record by another health care provider, selected by the patient, who is licensed, certified, registered, or otherwise authorized under the laws of this state to treat the patient for the same condition as the health

care provider denying the request. The health care provider denying the request shall inform the patient of the patient's right to select another health care provider under this subsection. 70.05.072 Local health officer—Authority to grant waiver from on-site sewage system requirements. The local health officer may grant a waiver from specific requirements adopted by the state board of health for on-site sewage systems if:

(1) The on-site sewage system for which a waiver is requested is for sewage flows under three thousand five hundred gallons per day;

(2) The waiver request is evaluated by the local health officer on an individual, site-by-site basis;

(3) The local health officer determines that the waiver is consistent with the standards in, and the intent of, the state board of health rules; and

(4) The local health officer submits quarterly reports to the department regarding any waivers approved or denied.

Based on review of the quarterly reports, if the department finds that the waivers previously granted have not been consistent with the standards in, and intent of, the state board of health rules, the department shall provide technical assistance to the local health officer to correct the inconsistency, and may notify the local and state boards of health of the department's concerns.

If upon further review of the quarterly reports, the department finds that the inconsistency between the waivers granted and the state board of health standards has not been corrected, the department may suspend the authority of the local health officer to grant waivers under this section until such inconsistencies have been corrected. [1995 c 263 § 1.]

70.05.074 On-site sewage system permits—Application—Limitation of alternative sewage systems. (1) The local health officer must respond to the applicant for an on-site sewage system permit within thirty days after receiving a fully completed application. The local health officer must respond that the application is either approved, denied, or pending.

(2) If the local health officer denies an application to install an on-site sewage system, the denial must be for cause and based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. The local health officer must provide the applicant with a written justification for the denial, along with an explanation of the procedure for appeal.

(3) If the local health officer identifies the application as pending and subject to review beyond thirty days, the local health officer must provide the applicant with a written justification that the site-specific conditions or circumstances necessitate a longer time period for a decision on the application. The local health officer must include any specific infor-

mation necessary to make a decision and the estimated time required for a decision to be made.

(4) A local health officer may not limit the number of alternative sewage systems within his or her jurisdiction without cause. Any such limitation must be based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. If such a limitation is established, the local health officer must justify the limitation in writing, with specific reasons, and must provide an explanation of the procedure for appealing the limitation. [1997 c 447 § 2.]

Finding—Purpose—1997 c 447: "The legislature finds that improperly designed, installed, or maintained on-site sewage disposal systems are a major contributor to water pollution in this state. The legislature also recognizes that evolving technology has produced many viable alternatives to traditional on-site septic systems. It is the purpose of this act to help facilitate the siting of new alternative on-site septic systems and to assist local governments in promoting efficient operation of on-site septic *these systems." [1997 c 447 § 1.]

***Reviser's note:** Due to a drafting error, the word "these" was not removed when this sentence was rewritten.

Construction—1997 c 447 §§ 2-4: "Nothing in sections 2 through 4 of this act may be deemed to eliminate any requirements for approval from public health agencies under applicable law in connection with the siting, design, construction, and repair of on-site septic systems." [1997 c 447 § 6.]

70.05.077 Department of health—Training—On-site sewage systems—Application of the waiver authority—Topics—Availability. (1) The department of health, in consultation and cooperation with local environmental health officers, shall develop a one-day course to train local environmental health officers, health officers, and environmental health specialists and technicians to address the application of the waiver authority granted under RCW 70.05.072 as well as other existing statutory or regulatory flexibility for siting on-site sewage systems.

(2) The training course shall include the following topics:

(a) The statutory authority to grant waivers from the state on-site sewage system rules;

(b) The regulatory framework for the application of on-site sewage treatment and disposal technologies, with an emphasis on the differences between rules, standards, and guidance. The course shall include instruction on interpreting the intent of a rule rather than the strict reading of the language of a rule, and also discuss the liability assumed by a unit of local government when local rules, policies, or practices deviate from the state administrative code;

(c) The application of site evaluation and assessment methods to match the particular site and development plans with the on-site sewage treatment and disposal technology suitable to protect public health to at least the level provided by state rule; and

(d) Instruction in the concept and application of mitigation waivers.

(3) The training course shall be made available to all local health departments and districts in various locations in the state without fee. Updated guidance documents and materials shall be provided to all participants, including examples of the types of waivers and processes that other jurisdictions in the region have granted and used. The first training con-

ducted under this section shall take place by June 30, 1999. [1998 c 34 § 3.]

Intent—1998 c 34: "(1) The 1997 legislature directed the department of health to convene a work group for the purpose of making recommendations to the legislature for the development of a certification program for occupations related to on-site septic systems, including those who pump, install, design, perform maintenance, inspect, or regulate on-site septic systems. The work group was convened and studied issues relating to certification of people employed in these occupations, bonding levels, and other standards related to these occupations. In addition, the work group examined the application of a risk analysis pertaining to the installation and maintenance of different types of septic systems in different parts of the state. A written report containing the work group's findings and recommendations was submitted to the legislature as directed.

(2) The legislature recognizes that the recommendations of the work group must be phased-in over a time period in order to develop the necessary scope of work requirements, knowledge requirements, public protection requirements, and other criteria for the upgrading of these occupations. It is the intent of the legislature to start implementing the work group's recommendations by focusing first on the occupations that are considered to be the highest priority, and to address the other occupational recommendations in subsequent sessions." [1998 c 34 § 1.]

70.05.080 Local health officer—Failure to appoint—

Procedure. If the local board of health or other official responsible for appointing a local health officer under RCW 70.05.050 refuses or neglects to appoint a local health officer after a vacancy exists, the secretary of health may appoint a local health officer and fix the compensation. [1991 c 3 § 311; 1979 c 141 § 82; 1967 ex.s. c 51 § 14.]

70.05.100 Determination of character of disease. In case of the question arising as to whether or not any person is affected or is sick with a dangerous, contagious or infectious disease, the opinion of the local health officer shall prevail until the state department of health can be notified, and then the opinion of the executive officer of the state department of health, or any physician he or she may appoint to examine such case, shall be final. Any person may complain to the state board of health concerning the failure of the local health officer or administrative officer to carry out the laws or the rules and regulations concerning public health, and the state board of health shall, if a preliminary investigation so warrants, call a hearing to determine whether the local health officer or administrative officer is guilty of the alleged acts. Such hearings shall be held pursuant to the provisions of chapter 34.05 RCW, and the rules and regulations of the state board of health adopted thereunder.

(2) Any member of a local board of health who shall violate any of the provisions of chapters 70.05, 70.24, and 70.46 RCW or refuse or neglect to obey or enforce any of the rules, regulations or orders of the state board of health made for the prevention, suppression or control of any dangerous contagious or infectious disease or for the protection of the health of the people of this state, is guilty of a misdemeanor, and upon conviction shall be fined not less than ten dollars nor more than two hundred dollars.

(3) Any physician who shall refuse or neglect to report to the proper health officer or administrative officer within twelve hours after first attending any case of contagious or infectious disease or any diseases required by the state board of health to be reported or any case suspicious of being one of such diseases, is guilty of a misdemeanor, and upon conviction shall be fined not less than ten dollars nor more than two hundred dollars for each case that is not reported.

70.05.125 County public health account—Distribution to local public health jurisdictions. (1) The county public health account is created in the state treasury. Funds deposited in the county public health account shall be distributed by the state treasurer to each local public health jurisdiction based upon amounts certified to it by the department of community, trade, and economic development in consultation with the Washington state association of counties. The account shall include funds distributed under RCW *82.44.110 and 82.14.200(8) and such funds as are appropriated to the account from the health services account under RCW 43.72.900, the public health services account under RCW 43.72.902, and such other funds as the legislature may appropriate to it.

(2)(a) The director of the department of community, trade, and economic development shall certify the amounts to be distributed to each local public health jurisdiction using 1995 as the base year of actual city contributions to local public health.

(b) Only if funds are available and in an amount no greater than available funds under RCW 82.14.200(8), the department of community, trade, and economic development shall adjust the amount certified under (a) of this subsection to compensate for any annexation of an area with fifty thousand residents or more to any city as a result of a petition during calendar year 1996 or 1997, or for any city that became newly incorporated as a result of an election during calendar year 1994 or 1995. The amount to be adjusted shall be equal to the amount which otherwise would have been lost to the health jurisdiction due to the annexation or incorporation as calculated using the jurisdiction's 1995 funding formula.

(c) The county treasurer shall certify the actual 1995 city contribution to the department. Funds in excess of the base shall be distributed proportionately among the health jurisdictions based on incorporated population figures as last determined by the office of financial management.

(3) Moneys distributed under this section shall be expended exclusively for local public health purposes. [1998 c 266 § 1; 1997 c 333 § 1; 1995 1st sp.s. c 15 § 1.]

70.05.160 Moratorium on water, sewer hookups, or septic systems—Public hearing—Limitation on length. A local board of health that adopts a moratorium affecting water hookups, sewer hookups, or septic systems without holding a public hearing on the proposed moratorium, shall hold a public hearing on the adopted moratorium within at least sixty days of its adoption. If the board does not adopt findings of fact justifying its action before this hearing, then the board shall do so immediately after this public hearing. A moratorium adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 7.]

70.05.170 Child mortality review. (1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:

(a) All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of a child mortality review are confidential insofar as the identity of an individual child and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review, if such compilations and reports do not identify individual cases and sources of information.

(b) Any records or documents supplied or maintained for the purposes of a child mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.

(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of a child mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW. [1993 c 41 § 1; 1992 c 179 § 1.]

70.05.180 Infectious disease testing—Good samaritans—Rules. A person rendering emergency care or transportation, commonly known as a "Good Samaritan," as described in RCW 4.24.300 and 4.24.310, may request and receive appropriate infectious disease testing free of charge from the local health department of the county of her or his residence, if: (1) While rendering emergency care she or he came into contact with bodily fluids; and (2) she or he does not have health insurance that covers the testing. Nothing in this section requires a local health department to provide health care services beyond testing. The department shall adopt rules implementing this section.

The information obtained from infectious disease testing is subject to statutory confidentiality provisions, including those of chapters 70.24 and 70.05 RCW. [1999 c 391 § 2.]

Findings—Purpose—1999 c 391: "The legislature finds that citizens who assist individuals in emergency situations perform a needed and valuable role that deserves recognition and support. The legislature further finds that emergency assistance in the form of mouth to mouth resuscitation or other emergency medical procedures resulting in the exchange of bodily fluids significantly increases the odds of being exposed to a deadly infectious disease. Some of the more life-threatening diseases that can be transferred during an emergency procedure where bodily fluids are exchanged include hepatitis A, B, and C, and human immunodeficiency virus (HIV). Individuals infected by these diseases value confidentiality regarding this information. A number of good samaritans who perform life-saving emergency procedures such as cardiopulmonary resuscitation are unable to pay for the tests necessary for detecting infectious diseases that could have been transmitted during the emergency procedure. It is the purpose of this act to provide infectious disease testing at no cost to good samaritans who request testing for infectious diseases after rendering emergency assistance that has brought them into contact with a bodily fluid and to further protect the testing information once obtained through confidentiality provisions." [1999 c 391 § 1.]

Effective date—1999 c 391 §§ 1 and 2: "Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [May 18, 1999]." [1999 c 391 § 7.]

Community mental health services act: Chapter 71.24 RCW.

Mental health and retardation services, interstate contracts: RCW 71.28.010.

70.10.010 Declaration of policy—Combining health services—State authorized to cooperate with other entities in constructing. It is declared to be the policy of the legislature of the state of Washington that, wherever feasible, community health, mental health and mental retardation services shall be combined within single facilities in order to provide maximum utilization of available funds and personnel, and to assure the greatest possible coordination of such services for the benefit of those requiring them. It is further

declared to be the policy of the legislature to authorize the state to cooperate with counties, cities, and other municipal corporations in order to encourage them to take such steps as may be necessary to construct comprehensive community health centers in communities throughout the state. [1967 ex.s. c 4 § 1.]

70.10.020 "Comprehensive community health center" defined. The term "comprehensive community health center" as used in this chapter shall mean a health facility housing community health, mental health, and developmental disabilities services. [1977 ex.s. c 80 § 37; 1967 ex.s. c 4 § 2.]

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

70.10.030 Authorization to apply for and administer federal or state funds. The several agencies of the state authorized to administer within the state the various federal acts providing federal moneys to assist in the cost of establishing community health, mental health, and mental retardation facilities, are authorized to apply for and disburse federal grants, matching funds, or other funds, including gifts or donations from any source, available for use by counties, cities, other municipal corporations or nonprofit corporations. Upon application, these agencies shall also be authorized to distribute such state funds as may be appropriated by the legislature for such local construction projects: PROVIDED, That where state funds have been appropriated to assist in covering the cost of constructing a comprehensive community health center, or a community health, mental health, or mental retardation facility, and where any county, city, other municipal corporation or nonprofit corporation has submitted an approved application for such state funds, then, after any applicable federal grant has been deducted from the total cost of construction, the state agency or agencies in charge of each program may allocate to such applicant an amount not to exceed fifty percent of that particular program's contribution toward the balance of remaining construction costs. [1967 ex.s. c 4 § 3.]

70.10.040 Application for federal or state funds for construction of facility as part of or separate from health center—Processing and approval by administering agencies—Decision on use as part of comprehensive health center. Any application for federal or state funds to be used for construction of the community health, mental health, or developmental disabilities facility, which will be part of the comprehensive community health center as defined in RCW 70.10.020, shall be separately processed and approved by the state agency which has been designated to administer the particular federal or state program involved. Any application for federal or state funds for a construction project to establish a community health, mental health, or developmental disabilities facility not part of a comprehensive health center shall be processed by the state agency which is designated to administer the particular federal or state program involved. This agency shall also forward a copy of the application to the other agency or agencies designated to administer the program or programs providing funds for construction of the

facilities which make up a comprehensive health center. The agency or agencies receiving this copy of the application shall have a period of time not to exceed sixty days in which to file a statement with the agency to which the application has been submitted and to any statutory advisory council or committee which has been designated to advise the administering agency with regard to the program, stating that the proposed facility should or should not be part of a comprehensive health center. [1977 ex.s. c 80 § 38; 1967 ex.s. c 4 § 4.]

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

70.10.050 Application for federal or state funds for construction of facility as part of or separate from health center—Cooperation between agencies in standardizing application procedures and forms. The several state agencies processing applications for the construction of comprehensive health centers for community health, mental health, or developmental disability facilities shall cooperate to develop general procedures to be used in implementing the statute and to attempt to develop application forms and procedures which are as nearly standard as possible, after taking cognizance of the different information required in the various programs, to assist applicants in applying to various state agencies. [1977 ex.s. c 80 § 39; 1967 ex.s. c 4 § 5.]

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

70.10.060 Adoption of rules and regulations—Liberal construction of chapter. In furtherance of the legislative policy to authorize the state to cooperate with the federal government in facilitating the construction of comprehensive community health centers, the state agencies involved shall adopt such rules and regulations as may become necessary to entitle the state and local units of government to share in federal grants, matching funds, or other funds, unless the same be expressly prohibited by this chapter. Any section or provision of this chapter susceptible to more than one construction shall be interpreted in favor of the construction most likely to satisfy federal laws entitling the state and local units of government to receive federal grants, matching funds or other funds for the construction of comprehensive community health centers. 70.14.020 State agencies to identify alternative health care providers. Each of the agencies listed in *RCW 70.14.010, with the exception of the department of labor and industries, which expends more than five hundred thousand dollars annually of state funds for purchase of health care shall identify the availability and costs of nonfee for service providers of health care, including preferred provider organizations, health maintenance organizations, managed health care or case management systems, or other nonfee for service alternatives. In each case where feasible in which an alternative health care provider arrangement, of similar scope and quality, is available at lower cost than fee for service providers, such state agencies shall make the services of the alternative provider available to clients, consumers, or employees for whom state dollars are spent to purchase health care. As consistent with other state and federal law, requirements for copayments, deductibles, the scope of available services, or other incentives shall be used to encourage clients, consumers, or employees to use the lowest cost providers, except that copayments or deductibles shall not be required where they might have the impact of denying access to necessary health care in a timely manner. 70.14.030 Health care utilization review procedures. Plans for establishing or improving utilization review procedures for purchased health care services shall be developed by each agency listed in *RCW 70.14.010. The plans shall specifically address such utilization review procedures as prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and the obtaining of second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers. [1986 c 303 § 8.]

The state agencies listed in *RCW 70.14.010 shall review the feasibility of establishing prospective payment approaches within their health care programs. Work plans or timetables shall be prepared for the development of prospective rates. The agencies shall identify legislative actions that may be necessary to facilitate the adoption of prospective rate setting methods. [1986 c 303 § 9.]

(1) Each agency administering a state purchased health care program as defined in RCW 41.05.011(2) shall, in cooperation with other agencies, take any necessary actions to control costs without reducing the quality of care when reimbursing for or purchasing drugs. To accomplish this purpose, participating agencies may establish an evidence-based prescription drug program.

(2) In developing the evidence-based prescription drug program authorized by this section, agencies:

(a) Shall prohibit reimbursement for drugs that are determined to be ineffective by the United States food and drug administration;

(b) Shall adopt rules in order to ensure that less expensive generic drugs will be substituted for brand name drugs in those instances where the quality of care is not diminished;

(c) Where possible, may authorize reimbursement for drugs only in economical quantities;

(d) May limit the prices paid for drugs by such means as negotiated discounts from pharmaceutical manufacturers, central purchasing, volume contracting, or setting maximum prices to be paid;

(e) Shall consider the approval of drugs with lower abuse potential in substitution for drugs with significant abuse potential;

(f) May take other necessary measures to control costs of drugs without reducing the quality of care; and

(g) Shall adopt rules governing practitioner endorsement and use of any list developed as part of the program authorized by this section.

(3) Agencies shall provide for reasonable exceptions, consistent with RCW 69.41.190, to any list developed as part of the program authorized by this section.

(4) Agencies shall establish an independent pharmacy and therapeutics committee to evaluate the effectiveness of prescription drugs in the development of the program authorized by this section. [2003 1st sp.s. c 29 § 9; 1986 c 303 § 10.]

70.24.015 Legislative finding. The legislature declares that sexually transmitted diseases constitute a serious and

sometimes fatal threat to the public and individual health and welfare of the people of the state. The legislature finds that the incidence of sexually transmitted diseases is rising at an alarming rate and that these diseases result in significant social, health, and economic costs, including infant and maternal mortality, temporary and lifelong disability, and premature death. The legislature further finds that sexually transmitted diseases, by their nature, involve sensitive issues of privacy, and it is the intent of the legislature that all programs designed to deal with these diseases afford patients privacy, confidentiality, and dignity. The legislature also finds that medical knowledge and information about sexually transmitted diseases are rapidly changing. It is therefore the intent of the legislature to provide a program that is sufficiently flexible to meet emerging needs, deals efficiently and effectively with reducing the incidence of sexually transmitted diseases, and provides patients with a secure knowledge that information they provide will remain private and confidential. [1988 c 206 § 901.]

70.24.017 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Acquired immunodeficiency syndrome" or "AIDS" means the clinical syndrome of HIV-related illness as defined by the board of health by rule.

70.24.024 Orders for examinations and counseling—Restrictive measures—Investigation—Issuance of order—Confidential notice and hearing—Exception. (1)

(2004 Ed.)

Subject to the provisions of this chapter, the state and local public health officers or their authorized representatives may examine and counsel or cause to be examined and counseled persons reasonably believed to be infected with or to have been exposed to a sexually transmitted disease.

(2) Orders or restrictive measures directed to persons with a sexually transmitted disease shall be used as the last resort when other measures to protect the public health have failed, including reasonable efforts, which shall be documented, to obtain the voluntary cooperation of the person who may be subject to such an order. The orders and measures shall be applied serially with the least intrusive measures used first. The burden of proof shall be on the state or local public health officer to show that specified grounds exist for the issuance of the orders or restrictive measures and that the terms and conditions imposed are no more restrictive than necessary to protect the public health.

(3) When the state or local public health officer within his or her respective jurisdiction knows or has reason to believe, because of direct medical knowledge or reliable testimony of others in a position to have direct knowledge of a person's behavior, that a person has a sexually transmitted disease and is engaging in specified conduct, as determined by the board by rule based upon generally accepted standards of medical and public health science, that endangers the public health, he or she shall conduct an investigation in accordance with procedures prescribed by the board to evaluate the specific facts alleged, if any, and the reliability and credibility of the person or persons providing such information and, if satisfied that the allegations are true, he or she may issue an order according to the following priority to:

(a) Order a person to submit to a medical examination or testing, seek counseling, or obtain medical treatment for curable diseases, or any combination of these, within a period of time determined by the public health officer, not to exceed fourteen days.

(b) Order a person to immediately cease and desist from specified conduct which endangers the health of others by imposing such restrictions upon the person as are necessary to prevent the specified conduct that endangers the health of others only if the public health officer has determined that clear and convincing evidence exists to believe that such person has been ordered to report for counseling as provided in (a) of this subsection and continues to demonstrate behavior which endangers the health of others. Any restriction shall be in writing, setting forth the name of the person to be restricted and the initial period of time, not to exceed three months, during which the order shall remain effective, the terms of the restrictions, and such other conditions as may be necessary to protect the public health. Restrictions shall be imposed in the least-restrictive manner necessary to protect the public health.

(4)(a) Upon the issuance of any order by the state or local public health officer or an authorized representative pursuant to subsection (3) of this section or RCW 70.24.340(4), such public health officer shall give written notice promptly, personally, and confidentially to the person who is the subject of the order stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an

order, and notifying the person who is the subject of the order that, if he or she contests the order, he or she may appear at a judicial hearing on the enforceability of the order, to be held in superior court. He or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. The hearing shall be held within seventy-two hours of receipt of the notice, unless the person subject to the order agrees to comply. If the person contests the order, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to this subsection. If the person does not contest the order within seventy-two hours of receiving it, and the person does not comply with the order within the time period specified for compliance with the order, the state or local public health officer may request a warrant be issued by the superior court to insure appearance at the hearing. The hearing shall be within seventy-two hours of the expiration date of the time specified for compliance with the original order. The burden of proof shall be on the public health officer to show by clear and convincing evidence that the specified grounds exist for the issuance of the order and for the need for compliance and that the terms and conditions imposed therein are no more restrictive than necessary to protect the public health. Upon conclusion of the hearing, the court shall issue appropriate orders affirming, modifying, or dismissing the order.

(b) If the superior court dismisses the order of the public health officer, the fact that the order was issued shall be expunged from the records of the department or local department of health.

(5) Any hearing conducted pursuant to this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by the order of the court. [1988 c 206 § 909.]

70.24.034 Detention—Grounds—Order—Hearing.

(1) When the procedures of RCW 70.24.024 have been exhausted and the state or local public health officer, within his or her respective jurisdiction, knows or has reason to believe, because of medical information, that a person has a sexually transmitted disease and that the person continues to engage in behaviors that present an imminent danger to the public health as defined by the board by rule based upon generally accepted standards of medical and public health science, the public health officer may bring an action in superior court to detain the person in a facility designated by the board for a period of time necessary to accomplish a program of counseling and education, excluding any coercive techniques or procedures, designed to get the person to adopt nondangerous behavior. In no case may the period exceed ninety days under each order. The board shall establish, by rule, standards for counseling and education under this subsection. The public health officer shall request the prosecuting attorney to file such action in superior court. During that period, reasonable efforts will be made in a noncoercive manner to get the person to adopt nondangerous behavior.

(2) If an action is filed as outlined in subsection (1) of this section, the superior court, upon the petition of the prosecuting attorney, shall issue other appropriate court orders

including, but not limited to, an order to take the person into custody immediately, for a period not to exceed seventy-two hours, and place him or her in a facility designated or approved by the board. The person who is the subject of the order shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an order, and notifying the person that if he or she refuses to comply with the order he or she may appear at a hearing to review the order and that he or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. If the person contests testing or treatment, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to subsection (3) of this section.

(3) The hearing shall be conducted no later than forty-eight hours after the receipt of the order. The person who is subject to the order has a right to be present at the hearing and may have an attorney appear on his or her behalf in the hearing, at public expense if necessary. If the order being contested includes detention for a period of fourteen days or longer, the person shall also have the right to a trial by jury upon request. Upon conclusion of the hearing or trial by jury, the court shall issue appropriate orders.

The court may continue the hearing upon the request of the person who is subject to the order for good cause shown for no more than five additional judicial days. If a trial by jury is requested, the court, upon motion, may continue the hearing for no more than ten additional judicial days. During the pendency of the continuance, the court may order that the person contesting the order remain in detention or may place terms and conditions upon the person which the court deems appropriate to protect public health.

(4) The burden of proof shall be on the state or local public health officer to show by clear and convincing evidence that grounds exist for the issuance of any court order pursuant to subsection (2) or (3) of this section. If the superior court dismisses the order, the fact that the order was issued shall be expunged from the records of the state or local department of health.

(5) Any hearing conducted by the superior court pursuant to subsection (2) or (3) of this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by order of the court.

(6) Any order entered by the superior court pursuant to subsection (1) or (2) of this section shall impose terms and conditions no more restrictive than necessary to protect the public health. [1988 c 206 § 910.]

70.24.050 Diagnosis of sexually transmitted diseases—Confirmation—Anonymous prevalence reports.

Diagnosis of a sexually transmitted disease in every instance must be confirmed by laboratory tests or examinations in a laboratory approved or conducted in accordance with procedures and such other requirements as may be established by the board. Laboratories testing for HIV shall report anony-

mous HIV prevalence results to the department, for health statistics purposes, in a manner established by the board. [1988 c 206 § 907; 1919 c 114 § 6; RRS § 6105.]

70.24.070 Detention and treatment facilities. For the purpose of carrying out this chapter, the board shall have the power and authority to designate facilities for the detention and treatment of persons found to be infected with a sexually transmitted disease and to designate any such facility in any hospital or other public or private institution, other than a jail or correctional facility, having, or which may be provided with, such necessary detention, segregation, isolation, clinic and hospital facilities as may be required and prescribed by the board, and to enter into arrangements for the conduct of such facilities with the public officials or persons, associations, or corporations in charge of or maintaining and operating such institutions. [1988 c 206 § 908; 1919 c 114 § 8; RRS § 6107.]

70.24.080 Penalty. Any person who shall violate any of the provisions of this chapter or any lawful rule adopted by the board pursuant to the authority herein granted, or who shall fail or refuse to obey any lawful order issued by any state, county or municipal public health officer, pursuant to the authority granted in this chapter, shall be deemed guilty of a gross misdemeanor punishable as provided under RCW 9A.20.021. [1988 c 206 § 911; 1919 c 114 § 5; RRS § 6104.]

70.24.084 Violations of chapter—Aggrieved persons—Right of action. (1) Any person aggrieved by a violation of this chapter shall have a right of action in superior court and may recover for each violation:

(a) Against any person who negligently violates a provision of this chapter, one thousand dollars, or actual damages, whichever is greater, for each violation.

(b) Against any person who intentionally or recklessly violates a provision of this chapter, ten thousand dollars, or actual damages, whichever is greater, for each violation.

(c) Reasonable attorneys' fees and costs.

(d) Such other relief, including an injunction, as the court may deem appropriate.

(2) Any action under this chapter is barred unless the action is commenced within three years after the cause of action accrues.

(3) Nothing in this chapter limits the rights of the subject of a test for a sexually transmitted disease to recover damages or other relief under any other applicable law.

(4) Nothing in this chapter may be construed to impose civil liability or criminal sanction for disclosure of a test result for a sexually transmitted disease in accordance with any reporting requirement for a diagnosed case of sexually transmitted disease by the department or the centers for disease control of the United States public health service.

(5) It is a negligent violation of this chapter to cause an unauthorized communication of confidential sexually transmitted disease information by facsimile transmission or otherwise communicating the information to an unauthorized recipient when the sender knew or had reason to know the facsimile transmission telephone number or other transmittal

information was incorrect or outdated. [2001 c 16 § 1; 1999 c 391 § 4; 1988 c 206 § 914.]

Findings—Purpose—1999 c 391: See note following RCW 70.05.180.

70.24.090 Pregnant women—Test for syphilis. Every physician attending a pregnant woman in the state of Washington during gestation shall, in the case of each woman so attended, take or cause to be taken a sample of blood of such woman at the time of first examination, and submit such sample to an approved laboratory for a standard serological test for syphilis. If the pregnant woman first presents herself for examination after the fifth month of gestation the physician or other attendant shall in addition to the above, advise and urge the patient to secure a medical examination and blood test before the fifth month of any subsequent pregnancies. [1939 c 165 § 1; RRS § 6002-1.]

70.24.095 Pregnant women—Drug treatment program participants—AIDS counseling. (1) Every health care practitioner attending a pregnant woman or a person seeking treatment of a sexually transmitted disease shall insure that AIDS counseling of the patient is conducted.

(2) AIDS counseling shall be provided to each person in a drug treatment program under *chapter 69.54 RCW. [1988 c 206 § 705.]

*Reviser's note: Chapter 69.54 RCW was repealed by 1989 c 270 § 35.

70.24.100 Syphilis laboratory tests. A standard serological test shall be a laboratory test for syphilis approved by the secretary of health and shall be performed either by a laboratory approved by the secretary of health for the performance of the particular serological test used or by the state department of health, on request of the physician free of charge. [1991 c 3 § 323; 1979 c 141 § 95; 1939 c 165 § 2; RRS § 6002-2.]

70.24.105 Disclosure of HIV antibody test or testing or treatment of sexually transmitted diseases—Exchange of medical information. (1) No person may disclose or be compelled to disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease, except as authorized by this chapter.

(2) No person may disclose or be compelled to disclose the identity of any person upon whom an HIV antibody test is performed, or the results of such a test, nor may the result of a test for any other sexually transmitted disease when it is positive be disclosed. This protection against disclosure of test subject, diagnosis, or treatment also applies to any information relating to diagnosis of or treatment for HIV infection and for any other confirmed sexually transmitted disease. The following persons, however, may receive such information:

(a) The subject of the test or the subject's legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(b) Any person who secures a specific release of test results or information relating to HIV or confirmed diagnosis

of or treatment for any other sexually transmitted disease executed by the subject or the subject's legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(c) The state public health officer, a local public health officer, or the centers for disease control of the United States public health service in accordance with reporting requirements for a diagnosed case of a sexually transmitted disease;

(d) A health facility or health care provider that procures, processes, distributes, or uses: (i) A human body part, tissue, or blood from a deceased person with respect to medical information regarding that person; (ii) semen, including that provided prior to March 23, 1988, for the purpose of artificial insemination; or (iii) blood specimens;

(f) A person allowed access to the record by a court order granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure shall: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services, including but not limited to the written statement set forth in subsection (5) of this section;

(g) *Local law enforcement agencies to the extent provided in RCW 70.24.034;

(h) Persons who, because of their behavioral interaction with the infected individual, have been placed at risk for acquisition of a sexually transmitted disease, as provided in RCW 70.24.022, if the health officer or authorized representative believes that the exposed person was unaware that a risk of disease exposure existed and that the disclosure of the identity of the infected person is necessary;

(i) A law enforcement officer, fire fighter, health care provider, health care facility staff person, department of correction's staff person, jail staff person, or other persons as defined by the board in rule pursuant to RCW 70.24.340(4), who has requested a test of a person whose bodily fluids he or she has been substantially exposed to, pursuant to RCW 70.24.340(4), if a state or local public health officer performs the test;

(j) Claims management personnel employed by or associated with an insurer, health care service contractor, health maintenance organization, self-funded health plan, state-administered health care claims payer, or any other payer of health care claims where such disclosure is to be used solely for the prompt and accurate evaluation and payment of medical or related claims. Information released under this subsec-

tion shall be confidential and shall not be released or available to persons who are not involved in handling or determining medical claims payment; and

(k) A department of social and health services worker, a child placing agency worker, or a guardian ad litem who is responsible for making or reviewing placement or case-planning decisions or recommendations to the court regarding a child, who is less than fourteen years of age, has a sexually transmitted disease, and is in the custody of the department of social and health services or a licensed child placing agency; this information may also be received by a person responsible for providing residential care for such a child when the department of social and health services or a licensed child placing agency determines that it is necessary for the provision of child care services.

(3) No person to whom the results of a test for a sexually transmitted disease have been disclosed pursuant to subsection (2) of this section may disclose the test results to another person except as authorized by that subsection.

(4) The release of sexually transmitted disease information regarding an offender or detained person, except as provided in subsection (2)(e) of this section, shall be governed as follows:

(a) The sexually transmitted disease status of a department of corrections offender who has had a mandatory test conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be made available by department of corrections health care providers and local public health officers to the department of corrections health care administrator or infection control coordinator of the facility in which the offender is housed. The information made available to the health care administrator or the infection control coordinator under this subsection (4)(a) shall be used only for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. The information may be submitted to transporting officers and receiving facilities, including facilities that are not under the department of corrections' jurisdiction according to the provisions of (d) and (e) of this subsection.

(b) The sexually transmitted disease status of a person detained in a jail who has had a mandatory test conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be made available by the local public health officer to a jail health care administrator or infection control coordinator. The information made available to a health care administrator under this subsection (4)(b) shall be used only for disease prevention or control and for protection of the safety and security of the staff, offenders, detainees, and the public. The information may be submitted to transporting officers and receiving facilities according to the provisions of (d) and (e) of this subsection.

(c) Information regarding the sexually transmitted disease status of an offender or detained person is confidential and may be disclosed by a correctional health care administrator or infection control coordinator or local jail health care administrator or infection control coordinator only as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. Unauthorized disclosure of this information to any person may result in disciplinary action, in addition to the penalties

prescribed in RCW 70.24.080 or any other penalties as may be prescribed by law.

(d) Notwithstanding the limitations on disclosure contained in (a), (b), and (c) of this subsection, whenever any member of a jail staff or department of corrections staff has been substantially exposed to the bodily fluids of an offender or detained person, then the results of any tests conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370, shall be immediately disclosed to the staff person in accordance with the Washington Administrative Code rules governing employees' occupational exposure to bloodborne pathogens. Disclosure must be accompanied by appropriate counseling for the staff member, including information regarding follow-up testing and treatment. Disclosure shall also include notice that subsequent disclosure of the information in violation of this chapter or use of the information to harass or discriminate against the offender or detainee may result in disciplinary action, in addition to the penalties prescribed in RCW 70.24.080, and imposition of other penalties prescribed by law.

(e) The staff member shall also be informed whether the offender or detained person had any other communicable disease, as defined in RCW 72.09.251(3), when the staff person was substantially exposed to the offender's or detainee's bodily fluids.

(f) The test results of voluntary and anonymous HIV testing or HIV-related condition may not be disclosed to a staff person except as provided in subsection (2)(i) of this section and RCW 70.24.340(4). A health care administrator or infection control coordinator may provide the staff member with information about how to obtain the offender's or detainee's test results under subsection (2)(i) of this section and RCW 70.24.340(4).

(5) Whenever disclosure is made pursuant to this section, except for subsections (2)(a) and (6) of this section, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose." An oral disclosure shall be accompanied or followed by such a notice within ten days.

(6) The requirements of this section shall not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor shall they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties.

(7) Upon request of the victim, disclosure of test results under this section to victims of sexual offenses under chapter 9A.44 RCW shall be made if the result is negative or positive. The county prosecuting attorney shall notify the victim of the right to such disclosure. Such disclosure shall be accompanied by appropriate counseling, including information regarding follow-up testing. [1997 c 345 § 2; 1997 c 196 § 6; 1994 c 72 § 1; 1989 c 123 § 1; 1988 c 206 § 904.]

Reviser's note: *(1) The governor vetoed 1997 c 196 § 5, the amendment directing disclosure to local law enforcement agencies.

(2004 Ed.)

(2) This section was amended by 1997 c 196 § 6 and by 1997 c 345 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—1997 c 345: "(1) The legislature finds that department of corrections staff and jail staff perform essential public functions that are vital to our communities. The health and safety of these workers is often placed in jeopardy while they perform the responsibilities of their jobs. Therefore, the legislature intends that the results of any HIV tests conducted on an offender or detainee pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be disclosed to the health care administrator or infection control coordinator of the department of corrections facility or the local jail that houses the offender or detainee. The legislature intends that these test results also be disclosed to any corrections or jail staff who have been substantially exposed to the bodily fluids of the offender or detainee when the disclosure is provided by a licensed health care provider in accordance with Washington Administrative Code rules governing employees' occupational exposure to bloodborne pathogens.

(2) The legislature further finds that, through the efforts of health care professionals and corrections staff, offenders in department of corrections facilities and people detained in local jails are being encouraged to take responsibility for their health by requesting voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling. The legislature does not intend, through chapter 345, Laws of 1997, to mandate disclosure of the results of voluntary and anonymous tests. The legislature intends to continue to protect the confidential exchange of medical information related to voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling as provided by chapter 70.24 RCW." [1997 c 345 § 1.]

70.24.107 Rule-making authority—1997 c 345. The department of health and the department of corrections shall each adopt rules to implement chapter 345, Laws of 1997. The department of health and the department of corrections shall cooperate with local jail administrators to obtain the information from local jail administrators that is necessary to comply with this section. [1999 c 372 § 14; 1997 c 345 § 6.]

Findings—Intent—1997 c 345: See note following RCW 70.24.105.

70.24.110 Minors—Treatment, consent, liability for payment for care. A minor fourteen years of age or older who may have come in contact with any sexually transmitted disease or suspected sexually transmitted disease may give consent to the furnishing of hospital, medical and surgical care related to the diagnosis or treatment of such disease. Such consent shall not be subject to disaffirmance because of minority. The consent of the parent, parents, or legal guardian of such minor shall not be necessary to authorize hospital, medical and surgical care related to such disease and such parent, parents, or legal guardian shall not be liable for payment for any care rendered pursuant to this section. [1988 c 206 § 912; 1969 ex.s. c 164 § 1.]

70.24.120 Sexually transmitted disease case investigators—Authority to withdraw blood. Sexually transmitted disease case investigators, upon specific authorization from a physician, are hereby authorized to perform venipuncture or skin puncture on a person for the sole purpose of withdrawing blood for use in sexually transmitted disease tests.

The term "sexually transmitted disease case investigator" shall mean only those persons who:

- (1) Are employed by public health authorities; and
- (2) Have been trained by a physician in proper procedures to be employed when withdrawing blood in accordance with training requirements established by the department of health; and

(3) Possess a statement signed by the instructing physician that the training required by subsection (2) of this section has been successfully completed.

The term "physician" means any person licensed under the provisions of chapters 18.57 or 18.71 RCW. [1991 c 3 § 324; 1988 c 206 § 913; 1977 c 59 § 1.]

70.24.125 Reporting requirements for sexually transmitted diseases—Rules. The board shall establish reporting requirements for sexually transmitted diseases by rule. Reporting under this section may be required for such sexually transmitted diseases included under this chapter as the board finds appropriate. [1988 c 206 § 905.]

70.24.130 Adoption of rules. The board shall adopt such rules as are necessary to implement and enforce this chapter. Rules may also be adopted by the department of health for the purposes of this chapter. The rules may include procedures for taking appropriate action, in addition to any other penalty under this chapter, with regard to health care facilities or health care providers which violate this chapter or the rules adopted under this chapter. The rules shall prescribe stringent safeguards to protect the confidentiality of the persons and records subject to this chapter. The procedures set forth in chapter 34.05 RCW apply to the administration of this chapter, except that in case of conflict between chapter 34.05 RCW and this chapter, the provisions of this chapter shall control. [1991 c 3 § 325; 1988 c 206 § 915.]

70.24.140 Certain infected persons—Sexual intercourse unlawful without notification. It is unlawful for any person who has a sexually transmitted disease, except HIV infection, when such person knows he or she is infected with such a disease and when such person has been informed that he or she may communicate the disease to another person through sexual intercourse, to have sexual intercourse with any other person, unless such other person has been informed of the presence of the sexually transmitted disease. [1988 c 206 § 917.]

Effective date—1988 c 206 §§ 916, 917: See note following RCW 9A.36.021.

Criminal sanctions: RCW 9A.36.021.

70.24.150 Immunity of certain public employees. Members of the state board of health and local boards of health, public health officers, and employees of the department of health and local health departments are immune from civil action for damages arising out of the good faith performance of their duties as prescribed by this chapter, unless such performance constitutes gross negligence. [1991 c 3 § 326; 1988 c 206 § 918.]

70.24.200 Information for the general public on sexually transmitted diseases—Emphasis. Information directed to the general public and providing education regarding any sexually transmitted disease that is written, published, distributed, or used by any public entity, and all such information paid for, in whole or in part, with any public moneys shall give emphasis to the importance of sexual

abstinence, sexual fidelity, and avoidance of substance abuse in controlling disease. [1988 c 206 § 201.]

70.24.210 Information for children on sexually transmitted diseases—Emphasis. All material directed to children in grades kindergarten through twelve and providing education regarding any sexually transmitted disease that is written, published, distributed, or used by any public entity, and all such information paid for, in whole or in part, with any public moneys shall give emphasis to the importance of sexual abstinence outside lawful marriage and avoidance of substance abuse in controlling disease. [1988 c 206 § 202.]

Common school curriculum: RCW 28A.230.020.

70.24.220 AIDS education in public schools—Finding. The legislature finds that the public schools provide a unique and appropriate setting for educating young people about the pathology and prevention of acquired immunodeficiency syndrome (AIDS). The legislature recognizes that schools and communities vary throughout the state and that locally elected school directors should have a significant role in establishing a program of AIDS education in their districts. [1988 c 206 § 401.]

70.24.240 Clearinghouse for AIDS educational materials. The number of acquired immunodeficiency syndrome (AIDS) cases in the state may reach five thousand by 1991. This makes it necessary to provide our state's workforce with the resources and knowledge to deal with the epidemic. To ensure that accurate information is available to the state's work force, a clearinghouse for all technically correct educational materials related to AIDS should be created. [1988 c 206 § 601.]

70.24.250 Office on AIDS—Repository and clearinghouse for AIDS education and training material—University of Washington duties. There is established in the department an office on AIDS. If a department of health is created, the office on AIDS shall be transferred to the department of health, and its chief shall report directly to the secretary of health. The office on AIDS shall have as its chief a physician licensed under chapter 18.57 or 18.71 RCW or a person experienced in public health who shall report directly to the assistant secretary for health. This office shall be the repository and clearinghouse for all education and training material related to the treatment, transmission, and prevention of AIDS. The office on AIDS shall have the responsibility for coordinating all publicly funded education and service activities related to AIDS. The University of Washington shall provide the office on AIDS with appropriate training and educational materials necessary to carry out its duties. The office on AIDS shall assist state agencies with information necessary to carry out the purposes of this chapter. The department shall work with state and county agencies and specific employee and professional groups to provide information appropriate to their needs, and shall make educational materials available to private employers and encourage them to distribute this information to their employees. [1988 c 206 § 602.]

70.24.260 Emergency medical personnel—Rules for AIDS education and training. The department shall adopt rules that recommend appropriate education and training for licensed and certified emergency medical personnel under chapter 18.73 RCW on the prevention, transmission, and treatment of AIDS. The department shall require appropriate education or training as a condition of certification or license issuance or renewal. [1988 c 206 § 603.]

70.24.270 Health professionals—Rules for AIDS education and training. Each disciplining authority under chapter 18.130 RCW shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. The disciplining authorities shall work with the office on AIDS under RCW 70.24.250 to develop the training and educational material necessary for health professionals. [1988 c 206 § 604.]

70.24.280 Board of pharmacy—Rules for AIDS education and training. The state board of pharmacy shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. The board shall work with the office on AIDS under RCW 70.24.250 to develop the training and educational material necessary for health professionals. [1988 c 206 § 605.]

70.24.290 Public school employees—Rules for AIDS education and training. The superintendent of public instruction shall adopt rules that require appropriate education and training, to be included as part of their present continuing education requirements, for public school employees on the prevention, transmission, and treatment of AIDS. The superintendent of public instruction shall work with the office on AIDS under RCW 70.24.250 to develop the educational and training material necessary for school employees. [1988 c 206 § 606.]

70.24.300 State and local government employees—Determination of substantial likelihood of exposure—Rules for AIDS education and training. The Washington personnel resources board and each unit of local government shall determine whether any employees under their jurisdiction have a substantial likelihood of exposure in the course of their employment to the human immunodeficiency virus. If so, the agency or unit of government shall adopt rules requiring appropriate training and education for the employees on the prevention, transmission, and treatment of AIDS. The rules shall specifically provide for such training and education for law enforcement, correctional, and health care workers. The Washington personnel resources board and each unit of local government shall work with the office on AIDS under RCW 70.24.250 to develop the educational and training material necessary for employees. [1993 c 281 § 60; 1988 c 206 § 607.]

Effective date—1993 c 281: See note following RCW 41.06.022.

70.24.310 Health care facility employees—Rules for AIDS education and training. The department shall adopt rules requiring appropriate education and training of employ-

ees of state licensed or certified health care facilities. The education and training shall be on the prevention, transmission, and treatment of AIDS and shall not be required for employees who are covered by comparable rules adopted under other sections of this chapter. In adopting rules under this section, the department shall consider infection control standards and educational materials available from appropriate professional associations and professionally prepared publications. [1988 c 206 § 608.]

70.24.320 Counseling and testing—AIDS and HIV—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Pretest counseling" means counseling aimed at helping the individual understand ways to reduce the risk of HIV infection, the nature and purpose of the tests, the significance of the results, and the potential dangers of the disease, and to assess the individual's ability to cope with the results.

(2) "Posttest counseling" means further counseling following testing usually directed toward increasing the individual's understanding of the human immunodeficiency virus infection, changing the individual's behavior, and, if necessary, encouraging the individual to notify persons with whom there has been contact capable of spreading HIV.

(3) "AIDS counseling" means counseling directed toward increasing the individual's understanding of acquired immunodeficiency syndrome and changing the individual's behavior.

(4) "HIV testing" means a test indicative of infection with the human immunodeficiency virus as specified by the board of health by rule. [1988 c 206 § 701.]

70.24.325 Counseling and testing—Insurance requirements. (1) This section shall apply to counseling and consent for HIV testing administered as part of an application for coverage authorized under Title 48 RCW.

(2) Persons subject to regulation under Title 48 RCW who are requesting an insured, a subscriber, or a potential insured or subscriber to furnish the results of an HIV test for underwriting purposes as a condition for obtaining or renewing coverage under an insurance contract, health care service contract, or health maintenance organization agreement shall:

(a) Provide written information to the individual prior to being tested which explains:

(i) What an HIV test is;

(ii) Behaviors that place a person at risk for HIV infection;

(iii) That the purpose of HIV testing in this setting is to determine eligibility for coverage;

(iv) The potential risks of HIV testing; and

(v) Where to obtain HIV pretest counseling.

(b) Obtain informed specific written consent for an HIV test. The written informed consent shall include:

(i) An explanation of the confidential treatment of the test results which limits access to the results to persons involved in handling or determining applications for coverage or claims of the applicant or claimant and to those persons designated under (c)(iii) of this subsection; and

(ii) Requirements under (c)(iii) of this subsection.

(c) Establish procedures to inform an applicant of the following:

(i) That post-test counseling, as specified under WAC 248-100-209(4), is required if an HIV test is positive or indeterminate;

(ii) That post-test counseling occurs at the time a positive or indeterminate HIV test result is given to the tested individual;

(iii) That the applicant may designate a health care provider or health care agency to whom the insurer, the health care service contractor, or health maintenance organization will provide positive or indeterminate test results for interpretation and post-test counseling. When an applicant does not identify a designated health care provider or health care agency and the applicant's test results are either positive or indeterminate, the insurer, the health care service contractor, or health maintenance organization shall provide the test results to the local health department for interpretation and post-test counseling; and

(iv) That positive or indeterminate HIV test results shall not be sent directly to the applicant. [1989 c 387 § 1.]

70.24.330 HIV testing—Consent, exceptions. No person may undergo HIV testing without the person's consent except:

(1) Pursuant to RCW 7.70.065 for incompetent persons;

(2) In seroprevalence studies where neither the persons whose blood is being tested know the test results nor the persons conducting the tests know who is undergoing testing;

(3) If the department of labor and industries determines that it is relevant, in which case payments made under Title 51 RCW may be conditioned on the taking of an HIV antibody test; or

(4) As otherwise expressly authorized by this chapter. [1988 c 206 § 702.]

70.24.340 Convicted persons—Mandatory testing and counseling for certain offenses—Employees' substantial exposure to bodily fluids—Procedure and court orders. (1) Local health departments authorized under this chapter shall conduct or cause to be conducted pretest counseling, HIV testing, and posttest counseling of all persons:

(a) Convicted of a sexual offense under chapter 9A.44 RCW;

(b) Convicted of prostitution or offenses relating to prostitution under chapter 9A.88 RCW; or

(c) Convicted of drug offenses under chapter 69.50 RCW if the court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.

(2) Such testing shall be conducted as soon as possible after sentencing and shall be so ordered by the sentencing judge.

(3) This section applies only to offenses committed after March 23, 1988.

(4) A law enforcement officer, fire fighter, health care provider, health care facility staff person, department of corrections' staff person, jail staff person, or other categories of employment determined by the board in rule to be at risk of substantial exposure to HIV, who has experienced a substan-

tial exposure to another person's bodily fluids in the course of his or her employment, may request a state or local public health officer to order pretest counseling, HIV testing, and posttest counseling for the person whose bodily fluids he or she has been exposed to. If the state or local public health officer refuses to order counseling and testing under this subsection, the person who made the request may petition the superior court for a hearing to determine whether an order shall be issued. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review to determine whether the public health officer shall be required to issue the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order.

The person who is subject to the state or local public health officer's order to receive counseling and testing shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual basis therefor. If the person who is subject to the order refuses to comply, the state or local public health officer may petition the superior court for a hearing. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review for the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order.

The state or local public health officer shall perform counseling and testing under this subsection if he or she finds that the exposure was substantial and presents a possible risk as defined by the board of health by rule or if he or she is ordered to do so by a court.

The counseling and testing required under this subsection shall be completed as soon as possible after the substantial exposure or after an order is issued by a court, but shall begin not later than seventy-two hours after the substantial exposure or an order is issued by the court. [1997 c 345 § 3; 1988 c 206 § 703.]

Findings—Intent—1997 c 345: See note following RCW 70.24.105.

70.24.350 Prostitution and drug offenses—Voluntary testing and counseling. Local health departments, in cooperation with the regional AIDS services networks, shall make available voluntary testing and counseling services to all persons arrested for prostitution offenses under chapter 9A.88 RCW and drug offenses under chapter 69.50 RCW. Services shall include educational materials that outline the seriousness of AIDS and encourage voluntary participation. [1988 c 206 § 704.]

70.24.360 Jail detainees—Testing and counseling of persons who present a possible risk. Jail administrators, with the approval of the local public health officer, may order pretest counseling, HIV testing, and posttest counseling for persons detained in the jail if the local public health officer determines that actual or threatened behavior presents a pos-

sible risk to the staff, general public, or other persons. Approval of the local public health officer shall be based on RCW 70.24.024(3) and may be contested through RCW 70.24.024(4). The administrator shall establish, pursuant to RCW 70.48.071, a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the board in rule. Documentation of the behavior, or threat thereof, shall be reviewed with the person to try to assure that the person understands the basis for testing. [1988 c 206 § 706.]

70.24.370 Correction facility inmates—Counseling and testing of persons who present a possible risk—Training for administrators and superintendents—Procedure. (1) Department of corrections facility administrators may order pretest counseling, HIV testing, and posttest counseling for inmates if the secretary of corrections or the secretary's designee determines that actual or threatened behavior presents a possible risk to the staff, general public, or other inmates. The department of corrections shall establish a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the department of corrections after consultation with the board. Possible risk, as used in the documentation of the behavior, or threat thereof, shall be reviewed with the inmate.

(2) Department of corrections administrators and superintendents who are authorized to make decisions about testing and dissemination of test information shall, at least annually, participate in training seminars on public health considerations conducted by the assistant secretary for public health or her or his designee.

(3) Administrative hearing requirements set forth in chapter 34.05 RCW do not apply to the procedure developed by the department of corrections pursuant to this section. This section shall not be construed as requiring any hearing process except as may be required under existing federal constitutional law.

(4) RCW 70.24.340 does not apply to the department of corrections or to inmates in its custody or subject to its jurisdiction. [1988 c 206 § 707.]

70.24.380 Board of health—Rules for counseling and testing. The board of health shall adopt rules establishing minimum standards for pretest counseling, HIV testing, posttest counseling, and AIDS counseling. [1988 c 206 § 709.]

70.24.400 Department to establish regional AIDS service networks—Funding—Lead counties—Regional plans—University of Washington, center for AIDS education. The department shall establish a statewide system of regional acquired immunodeficiency syndrome (AIDS) service networks as follows:

(1) The secretary of health shall direct that all state or federal funds, excluding those from federal Title XIX for services or other activities authorized in this chapter, shall be allocated to the office on AIDS established in RCW 70.24.250. The secretary shall further direct that all funds for services and activities specified in subsection (3) of this section shall be provided to lead counties through contractual

agreements based on plans developed as provided in subsection (2) of this section, unless direction of such funds is explicitly prohibited by federal law, federal regulation, or federal policy. The department shall deny funding allocations to lead counties only if the denial is based upon documented incidents of nonfeasance, misfeasance, or malfeasance. However, the department shall give written notice and thirty days for corrective action in incidents of misfeasance or nonfeasance before funding may be denied. The department shall designate six AIDS service network regions encompassing the state. In doing so, the department shall use the boundaries of the regional structures in place for the community services administration on January 1, 1988.

(2) The department shall request that a lead county within each region, which shall be the county with the largest population, prepare, through a cooperative effort of local health departments within the region, a regional organizational and service plan, which meets the requirements set forth in subsection (3) of this section. Efforts should be made to use existing plans, where appropriate. The plan should place emphasis on contracting with existing hospitals, major voluntary organizations, or health care organizations within a region that have in the past provided quality services similar to those mentioned in subsection (3) of this section and that have demonstrated an interest in providing any of the components listed in subsection (3) of this section. If any of the counties within a region do not participate, it shall be the lead county's responsibility to develop the part of the plan for the nonparticipating county or counties. If all of the counties within a region do not participate, the department shall assume the responsibility.

(3) The regional AIDS service network plan shall include the following components:

(a) A designated single administrative or coordinating agency;

(b) A complement of services to include:

(i) Voluntary and anonymous counseling and testing;

(ii) Mandatory testing and/or counseling services for certain individuals, as required by law;

(iii) Notification of sexual partners of infected persons, as required by law;

(iv) Education for the general public, health professionals, and high-risk groups;

(v) Intervention strategies to reduce the incidence of HIV infection among high-risk groups, possibly including needle sterilization and methadone maintenance;

(vi) Related community outreach services for runaway youth;

(vii) Case management;

(viii) Strategies for the development of volunteer networks;

(ix) Strategies for the coordination of related agencies within the network; and

(x) Other necessary information, including needs particular to the region;

(c) A service delivery model that includes:

(i) Case management services; and

(ii) A community-based continuum-of-care model encompassing both medical, mental health, and social services with the goal of maintaining persons with AIDS in a

home-like setting, to the extent possible, in the least-expensive manner; and

(d) Budget, caseload, and staffing projections.

(4) Efforts shall be made by both the counties and the department to use existing service delivery systems, where possible, in developing the networks.

(5) The University of Washington health science program, in cooperation with the office on AIDS may, within available resources, establish a center for AIDS education, which shall be linked to the networks. The center for AIDS education is not intended to engage in state-funded research related to HIV infection, AIDS, or HIV-related conditions. Its duties shall include providing the office on AIDS with the appropriate educational materials necessary to carry out that office's duties.

(6) The department shall implement this section, consistent with available funds, by October 1, 1988, by establishing six regional AIDS service networks whose combined jurisdictions shall include the entire state.

(a) Until June 30, 1991, available funding for each regional AIDS service network shall be allocated as follows:

(i) Seventy-five percent of the amount provided for regional AIDS service networks shall be allocated per capita based on the number of persons residing within each region, but in no case less than one hundred fifty thousand dollars for each regional AIDS service network per fiscal year. This amount shall be expended for testing, counseling, education, case management, notification of sexual partners of infected persons, planning, coordination, and other services required by law, except for those enumerated in (a)(ii) of this subsection.

(ii) Twenty-five percent of the amount provided for regional AIDS service networks shall be allocated for intervention strategies specifically addressing groups that are at a high risk of being infected with the human immunodeficiency virus. The allocation shall be made by the office on AIDS based on documented need as specified in regional AIDS network plans.

(b) After June 30, 1991, the funding shall be allocated as provided by law.

(7) The regional AIDS service networks shall be the official state regional agencies for AIDS information education and coordination of services. The state public health officer, as designated by the secretary of health, shall make adequate efforts to publicize the existence and functions of the networks.

(8) If the department is not able to establish a network by an agreement solely with counties, it may contract with non-profit agencies for any or all of the designated network responsibilities.

(9) The department, in establishing the networks, shall study mechanisms that could lead to reduced costs and/or increased access to services. The methods shall include capitation.

(10) The department shall reflect in its departmental biennial budget request the funds necessary to implement this section.

(11) The use of appropriate materials may be authorized by regional AIDS service networks in the prevention or control of HIV infection. [1998 c 245 § 126; 1991 c 3 § 327; 1988 c 206 § 801.]

70.24.410 AIDS advisory committee—Duties, review of insurance problems—Termination. To assist the secretary of health in the development and implementation of AIDS programs, the governor shall appoint an AIDS advisory committee. Among its duties shall be a review of insurance problems as related to persons with AIDS. The committee shall terminate on June 30, 1991. [1991 c 3 § 328; 1988 c 206 § 803.]

70.24.420 Additional local funding of treatment programs not required. Nothing in this chapter may be construed to require additional local funding of programs to treat communicable disease established as of March 23, 1988. [1988 c 206 § 919.]

70.24.430 Application of chapter to persons subject to jurisdiction of department of corrections. Nothing in this chapter is intended to create a state-mandated liberty interest of any nature for offenders or inmates confined in department of corrections facilities or subject to the jurisdiction of the department of corrections. [1988 c 206 § 920.]

70.24.450 Confidentiality—Reports—Unauthorized disclosures. (1) In order to assure compliance with the protections under this chapter and the rules of the board, and to assure public confidence in the confidentiality of reported information, the department shall:

(a) Report annually to the board any incidents of unauthorized disclosure by the department, local health departments, or their employees of information protected under RCW 70.24.105. The report shall include recommendations for preventing future unauthorized disclosures and improving the system of confidentiality for reported information; and

(b) Assist health care providers, facilities that conduct tests, local health departments, and other persons involved in disease reporting to understand, implement, and comply with this chapter and the rules of the board related to disease reporting.

(2) This section is exempt from RCW 70.24.084, 70.05.070, and 70.05.120. [1999 c 391 § 3.]

Findings—Purpose—1999 c 391: See note following RCW 70.05.180.

70.24.900 Severability—1988 c 206. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1988 c 206 § 1001.]

Reviser's note: Powers and duties of the department of social and health services and the secretary of social and health services transferred to the department of health and the secretary of health. See RCW 43.70.060.

70.28.005 Health officials, broad powers to protect public health. (1) Tuberculosis has been and continues to be a threat to the public's health in the state of Washington.

(2) While it is important to respect the rights of individuals, the legitimate public interest in protecting the public health and welfare from the spread of a deadly infectious disease outweighs incidental curtailment of individual rights that may occur in implementing effective testing, treatment, and infection control strategies.

(3) To protect the public's health, it is the intent of the legislature that local health officials provide culturally sensitive and medically appropriate early diagnosis, treatment, education, and follow-up to prevent tuberculosis. Further, it is imperative that public health officials and their staff have the necessary authority and discretion to take actions as are necessary to protect the health and welfare of the public, subject to the constitutional protection required under the federal and state constitutions. Nothing in this chapter shall be construed as in any way limiting the broad powers of health officials to act as necessary to protect the public health. [1994 c 145 § 1.]

70.28.008 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

- (1) "Department" means the department of health;
- (2) "Secretary" means the secretary of the department of health or his or her designee;
- (3) "Tuberculosis control" refers to the procedures administered in the counties for the control, prevention, and treatment of tuberculosis. [1999 c 172 § 7; 1991 c 3 § 330; 1983 c 3 § 171; 1971 ex.s. c 277 § 15. Formerly RCW 70.33.010.]

Finding—Severability—1999 c 172: See notes following RCW 70.28.010.

70.28.010 Health care providers required to report cases. All practicing health care providers in the state are hereby required to report to the local health department cases of every person having tuberculosis who has been attended by, or who has come under the observation of, the health care provider within one day thereof. [1999 c 172 § 2; 1996 c 209 § 1; 1967 c 54 § 1; 1899 c 71 § 1; RRS § 6109.]

Finding—1999 c 172: "The legislature finds that current statutes relating to the reporting, treatment, and payment for tuberculosis are outdated, and not in concert with current clinical practice and tuberculosis care management. Updating reporting requirements for local health departments will benefit providers, local health, and individuals requiring treatment for tuberculosis." [1999 c 172 § 1.]

Severability—1999 c 172: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1999 c 172 § 13.]

(2004 Ed.)

Severability—1967 c 54: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 54 § 20.]

70.28.020 Record of reports. All local health departments in this state are hereby required to receive and keep a record, for a period of ten years from the date of the report, of the reports required by RCW 70.28.010 to be made to them; such records shall not be open to public inspection, but shall be submitted to the proper inspection of other local health departments and of the department of health alone, and such records shall not be published nor made public. [1999 c 172 § 3; 1967 c 54 § 2; 1899 c 71 § 2; RRS § 6110.]

Finding—Severability—1999 c 172: See notes following RCW 70.28.010.

70.28.025 Secretary's administrative responsibility—Scope. The secretary shall have responsibility for establishing standards for the control, prevention, and treatment of tuberculosis and hospitals approved to treat tuberculosis in the state operated under this chapter and chapter 70.30 RCW and for providing, either directly or through agreement, contract, or purchase, appropriate facilities and services for persons who are, or may be suffering from tuberculosis except as otherwise provided by RCW 70.30.061 or this section.

Under that responsibility, the secretary shall have the following powers and duties:

70.28.031 Powers and duties of health officers. Each health officer is hereby directed to use every available means to ascertain the existence of, and immediately to investigate, all reported or suspected cases of tuberculosis in the infectious stages within his or her jurisdiction and to ascertain the sources of such infections. In carrying out such investigations, each health officer is hereby invested with full powers of inspection, examination, treatment, and quarantine or isolation of all persons known to be infected with tuberculosis in an infectious stage or persons who have been previously diagnosed as having tuberculosis and who are under medical orders for treatment or periodic follow-up examinations and is hereby directed:

- (a) To make such examinations as are deemed necessary of persons reasonably suspected of having tuberculosis in an infectious stage and to isolate and treat or isolate, treat, and quarantine such persons, whenever deemed necessary for the protection of the public health.

(b) To make such examinations as deemed necessary of persons who have been previously diagnosed as having tuberculosis and who are under medical orders for periodic follow-up examinations.

(c) Follow local rules and regulations regarding examinations, treatment, quarantine, or isolation, and all rules, regulations, and orders of the state board and of the department in carrying out such examination, treatment, quarantine, or isolation.

(d) Whenever the health officer shall determine on reasonable grounds that an examination or treatment of any person is necessary for the preservation and protection of the public health, he or she shall make an examination order in writing, setting forth the name of the person to be examined, the time and place of the examination, the treatment, and such other terms and conditions as may be necessary to protect the public health. Nothing contained in this subdivision shall be construed to prevent any person whom the health officer determines should have an examination or treatment for infectious tuberculosis from having such an examination or treatment made by a physician of his or her own choice who is licensed to practice osteopathic medicine and surgery under chapter 18.57 RCW or medicine and surgery under chapter 18.71 RCW under such terms and conditions as the health officer shall determine on reasonable grounds to be necessary to protect the public health.

(e) Whenever the health officer shall determine that quarantine, treatment, or isolation in a particular case is necessary for the preservation and protection of the public health, he or she shall make an order to that effect in writing, setting forth the name of the person, the period of time during which the order shall remain effective, the place of treatment, isolation, or quarantine, and such other terms and conditions as may be necessary to protect the public health.

(f) Upon the making of an examination, treatment, isolation, or quarantine order as provided in this section, a copy of such order shall be served upon the person named in such order.

(h) Any and all orders authorized under this section shall be made by the health officer or his or her tuberculosis control officer.

(i) Nothing in this chapter shall be construed to abridge the right of any person to rely exclusively on spiritual means alone through prayer to treat tuberculosis in accordance with the tenets and practice of any well-recognized church or religious denomination, nor shall anything in this chapter be deemed to prohibit a person who is inflicted with tuberculosis from being isolated or quarantined in a private place of his own choice, provided, it is approved by the local health officer, and all laws, rules and regulations governing control, sanitation, isolation, and quarantine are complied with. [1996 c 209 § 2; 1996 c 178 § 21; 1967 c 54 § 4.]

Reviser's note: This section was amended by 1996 c 178 § 21 and by 1996 c 209 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

(b) Due process standards for health officers exercising their authority to involuntarily detain, test, treat, or isolate persons with suspected or confirmed tuberculosis under RCW 70.28.031 and 70.05.070 that provide for release from any involuntary detention, testing, treatment, or isolation as soon as the health officer determines the patient no longer represents a risk to the public's health;

(c) Training of persons to perform tuberculosis skin testing and to administer tuberculosis medications.

(2) Notwithstanding any other provision of law, persons trained under subsection (1)(c) of this section may perform skin testing and administer medications if doing so as part of a program established by a state or local health officer to control tuberculosis. [1996 c 209 § 3; 1994 c 145 § 2.]

70.28.033 Treatment, isolation, or examination order of health officer—Violation—Penalty. Inasmuch as the order provided for by RCW 70.28.031 is for the protection of the public health, any person who, after service upon him or her of an order of a health officer directing his or her treatment, isolation, or examination as provided for in RCW 70.28.031, violates or fails to comply with the same or any provision thereof, is guilty of a misdemeanor, and, upon conviction thereof, in addition to any and all other penalties which may be imposed by law upon such conviction, may be ordered by the court confined until such order of such health officer shall have been fully complied with or terminated by such health officer, but not exceeding six months from the date of passing judgment upon such conviction: **PROVIDED**, That the court, upon suitable assurances that such order of such health officer will be complied with, may place any person convicted of a violation of such order of such health officer upon probation for a period not to exceed two years, upon condition that the said order of said health officer be fully complied with: **AND PROVIDED FURTHER**, That upon any subsequent violation of such order of such health officer, such probation shall be terminated and confinement as herein provided ordered by the court. isolation, or quarantine, the health officer may apply to the superior court for an order requiring the individual to comply with the order of the local health officer. [1996 c 209 § 5; 1967 c 54 § 6.]

70.28.037 Superior court order for confinement of individuals having active tuberculosis. Where it has been determined after an examination as prescribed in this chapter that an individual has active tuberculosis, upon application to the superior court by the local health officer, the superior court shall order the sheriff to transport the individual to a designated facility for isolation, treatment, and care until such time as the local health officer or designee determines that the patient's condition is such that it is safe for the patient to be discharged from the facility. 70.37.010 Declaration of public policies—Purpose.

The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 ex.s. c 147 § 1.]

70.37.020 Definitions. The authority shall constitute a political subdivision of the state established as an instrumentality exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010. The authority shall consist of the governor who shall serve as chairman, the lieutenant governor, the insurance commissioner, the secretary of health, and one member of the public who shall be appointed by the governor, subject to confirmation by the senate, on the basis of the member's interest or expertise in health care delivery, for a term expiring on the fourth anniversary of the date of appointment. 70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation by the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recordation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a

single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereto. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chapter, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: PROVIDED, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. [1974 ex.s. c 147 § 4.]

70.37.050 Requests for financing—Financing plan—Bond issue, special fund authorized. The authority shall establish rules concerning its exercise of the powers authorized by this chapter. The authority shall receive from applicants requests for the providing of bonds for financing of health care facilities and shall investigate and determine the need and the feasibility of providing such bonds. Whenever the authority deems it necessary or advisable for the benefit of the public health to provide financing for a health care facility, it shall adopt a financing plan therefor and shall declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for the expenses incurred in the financing as well as in the construction or purchase or other acquisition or in connection with the rental or other payment for the use thereof, interest during construction, reserve funds and any funds necessary for initial start-up costs, and shall issue and sell its bonds for the purposes of carrying out the proposed financing plan: PROVIDED, That if a certificate of need is required for the proposed project, no such financing plan shall be adopted until such certificate has been issued pursuant to chapter 70.38 RCW by the secretary of the department of social and health services. The authority

shall have power as a part of such plan to create a special fund or funds for the purpose of defraying the cost of such project and for other projects of the same participant subsequently or at the same time approved by it and for their maintenance, improvement, reconstruction, remodeling and rehabilitation, into which special fund or funds it shall obligate and bind the participant to set aside and pay from the gross revenues of the project or from other sources an amount sufficient to pay the principal and interest of the bonds being issued, reserves and other requirements of the special fund and to issue and sell bonds payable as to both principal and interest out of such fund or funds relating to the project or projects of such participant.

Such bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, as provided in RCW 39.46.030, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, and be sold in such manner, at such price, as the authority shall determine. Such bonds shall be executed by the chairman, by either its duly elected secretary or its executive director, and by the trustee if the authority determines to utilize a trustee for the bonds. Execution of the bonds may be by manual or facsimile signature: PROVIDED, That at least one signature placed thereon shall be manually subscribed. Any interest coupons appurtenant to the bonds shall be executed by facsimile or manual signature or signatures, as the authority shall determine. [1983 c 210 § 2; 1983 c 167 § 171; 1981 c 121 § 1; 1974 ex.s. c 147 § 5.]

Reviser's note: This section was amended by 1983 c 167 § 171 and by 1983 c 210 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

70.37.060 Bond issues—Terms—Payment—Legal investment, etc. The bonds of the authority shall be subject to such terms, conditions and covenants and protective provisions as shall be found necessary or desirable by the authority, which may include but shall not be limited to provisions for the establishment and maintenance by the participant of rates for health services of the project, fees and other charges of every kind and nature sufficient in amount and adequate, over and above costs of operation and maintenance and all other costs other than costs and expenses of capital, associated with the project, to pay the principal of and interest on the bonds payable out of the special fund or funds of the project, to set aside and maintain reserves as determined by the authority to secure the payment of such principal and interest, to set aside and maintain reserves for repairs and replacement, to maintain coverage which may be agreed upon over and above the requirements of payment of principal and interest, and for other needs found by the authority to be required for the security of the bonds. When issuing bonds the authority may provide for the future issuance of additional bonds on a parity with outstanding bonds, and the terms and conditions of their issuance.

All bonds issued under the authority of this chapter shall constitute legal investments for trustees and other fiduciaries and for savings and loan associations, banks, and insurance companies doing business in this state. All such bonds and all coupons appertaining thereto shall be negotiable instruments within the meaning of and for all purposes of the negotiable instruments law of this state. [1974 ex.s. c 147 § 6.]

70.37.070 Bond issues—Special trust fund—Payments—Status—Administration of fund. All revenues received by the authority from a participant derived from a particular project of such participant to be applied on principal and interest of bonds or for other bond requirements such as reserves and all other funds for the bond requirements of a particular project received from contributions or grants or in any other form shall be deposited by the authority in qualified public depositories to the credit of a special trust fund to be designated as the authority special bond fund for the particular project or projects producing such revenue or to which the contribution or grant relates. Such fund shall not be or constitute funds of the state of Washington but at all times shall be kept segregated and set apart from other funds. From such funds, the authority shall make payment of principal and interest of the bonds of the particular project or projects; and the authority may set up subaccounts in the bond fund for reserve accounts for payment of principal and interest, for repairs and replacement and for other special requirements of the bonds of the project or projects as determined by the authority. In lieu of itself receiving and handling these moneys as here outlined the authority may appoint trustees, depositories and paying agents to perform the functions outlined and to receive, hold, disburse, invest and reinvest such funds on its behalf and for the protection of the bondholders. [1974 ex.s. c 147 § 7.]

70.37.080 Bond issues—Disposition of proceeds—Special fund. Proceeds from the sale of all bonds of a project issued under the provisions of this chapter received by the authority shall be deposited forthwith by the authority in qualified public depositories in a special fund for the particular project for which the bonds were issued and sold, which money shall not be funds of the state of Washington. Such fund shall at all times be segregated and set apart from all other funds and in trust for the purposes of purchase, construction, acquisition, leasing, or use of a project or projects, and for other special needs of the project declared by the authority, including the manner of disposition of any money not finally needed in the construction, purchase, or other acquisition. Money other than bond sale proceeds received by the authority for these same purposes, such as contributions from a participant or a grant from the federal government may be deposited in the same project fund. Proceeds received from the sale of the bonds may also be used to defray the expenses of the authority in connection with and incidental to the issuance and sale of bonds for the project, as well as expenses for studies, surveys, estimates, inspections and examinations of or relating to the particular project, and other costs advanced therefor by the participant or by the authority. In lieu of itself receiving and handling these moneys in the manner here outlined the authority may appoint trustees,

depositories and paying agents to perform the functions outlined and to receive, hold, disburse, invest and reinvest such funds on its behalf and for the protection of the participants and of bondholders. [1974 ex.s. c 147 § 8.]

The authority shall have power to require persons applying for its assistance in connection with the investigation and financing of projects to pay fees and charges to provide the authority with funds for investigation, financial feasibility studies, expenses of issuance and sale of bonds and other charges for services provided by the authority in connection with such projects. All other expenses of the authority including compensation of its employees and consultants, expenses of administration and conduct of its work and business and other expenses shall be paid out of such fees and charges, out of contributions and grants to it, out of the proceeds of bonds issued for projects of participants or out of revenues of such projects; none by the state of Washington. The authority shall have power to establish special funds into which such money shall be received and out of which it may be disbursed by the persons and with the procedure and in the manner established by the authority. [1974 ex.s. c 147 § 9.]

70.37.100 Powers of authority. The authority may make contracts, employ or engage engineers, architects, attorneys, an executive director, and other technical or professional assistants, and such other personnel as are necessary. It may delegate to the executive director or other appropriate persons the power to execute legal instruments on its behalf. It may enter into contracts with the United States, accept gifts for its purposes, and exercise any other power reasonably required to implement the principal powers granted in this chapter. No provision of this chapter shall be construed so as to limit the power of the authority to provide bond financing to more than one participant and/or project by means of a single issue of revenue bonds utilizing a single bond fund and/or a single special fund into which proceeds of such bonds are deposited. The authority shall have no power to levy any taxes of any kind or nature and no power to incur obligations on behalf of the state of Washington. [1982 c 10 § 14. Prior: 1981 c 121 § 2; 1981 c 31 § 1; 1974 ex.s. c 147 § 10.]

Severability—1982 c 10: See note following RCW 6.13.080.

70.37.110 Advancements and contributions by political subdivisions. Any city, county or other political subdivision of this state and any public health care facility is hereby authorized to advance or contribute to the authority real property, money, and other personal property of any kind towards the expense of preliminary surveys and studies and other preliminary expenses of projects which they are by other statutes of this state authorized to own or operate which are a part of a plan or system which has been submitted by them and is under consideration by the authority for assistance under the provisions of this chapter. [1974 ex.s. c 147 § 11.]

(2004 Ed.)

70.37.900 Severability—1974 ex.s. c 147. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 147 § 12.]

70.38.015 Declaration of public policy. It is declared to be the public policy of this state:

(1) That health planning to promote, maintain, and assure the health of all citizens in the state, to provide accessible health services, health manpower, health facilities, and other resources while controlling excessive increases in costs, and to recognize prevention as a high priority in health programs, is essential to the health, safety, and welfare of the people of the state. Health planning should be responsive to changing health and social needs and conditions. Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning should be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis. [1989 1st ex.s. c 9 § 601; 1983 c 235 § 1; 1980 c 139 § 1; 1979 ex.s. c 161 § 1.]

70.38.025 Definitions. When used in this chapter, the terms defined in this section shall have the meanings indicated.

(1) "Board of health" means the state board of health created pursuant to chapter 43.20 RCW.

(2) "Capital expenditure" is an expenditure, including a force account expenditure (i.e., an expenditure for a construction project undertaken by a nursing home facility as its own contractor) which, under generally accepted accounting principles, is not properly chargeable as an expense of operation or maintenance. Where a person makes an acquisition under lease or comparable arrangement, or through donation, which would have required review if the acquisition had been made by purchase, such expenditure shall be deemed a capital expenditure. Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which such expenditure is made shall be included in determining the amount of the expenditure.

(3) "Continuing care retirement community" means an entity which provides shelter and services under continuing care contracts with its members and which sponsors or includes a health care facility or a health service. A "continuing care contract" means a contract to provide a person, for the duration of that person's life or for a term in excess of one year, shelter along with nursing, medical, health-related, or personal care services, which is conditioned upon the transfer of property, the payment of an entrance fee to the provider of such services, or the payment of periodic charges for the care and services involved. A continuing care contract is not excluded from this definition because the contract is mutually terminable or because shelter and services are not provided at the same location.

(4) "Department" means the department of health.

(5) "Expenditure minimum" means, for the purposes of the certificate of need program, one million dollars adjusted by the department by rule to reflect changes in the United States department of commerce composite construction cost index; or a lesser amount required by federal law and established by the department by rule.

(6) "Health care facility" means hospices, hospice care centers, hospitals, psychiatric hospitals, nursing homes, kidney disease treatment centers, ambulatory surgical facilities,

and home health agencies, and includes such facilities when owned and operated by a political subdivision or instrumentality of the state and such other facilities as required by federal law and implementing regulations, but does not include any health facility or institution conducted by and for those who rely exclusively upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denomination, or any health facility or institution operated for the exclusive care of members of a convent as defined in RCW 84.36.800 or rectory, monastery, or other institution operated for the care of members of the clergy. In addition, the term does not include any nonprofit hospital: (a) Which is operated exclusively to provide health care services for children; (b) which does not charge fees for such services; and (c) if not contrary to federal law as necessary to the receipt of federal funds by the state.

(7) "Health maintenance organization" means a public or private organization, organized under the laws of the state, which:

(a) Is a qualified health maintenance organization under Title XIII, section 1310(d) of the Public Health Services Act; or

(b)(i) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: Usual physician services, hospitalization, laboratory, x-ray, emergency, and preventive services, and out-of-area coverage; (ii) is compensated (except for copayments) for the provision of the basic health care services listed in (b)(i) to enrolled participants by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health service actually provided; and (iii) provides physicians' services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) through arrangements with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

(8) "Health services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services and includes alcoholism, drug abuse, and mental health services and as defined in federal law.

(9) "Health service area" means a geographic region appropriate for effective health planning which includes a broad range of health services.

(10) "Person" means an individual, a trust or estate, a partnership, a corporation (including associations, joint stock companies, and insurance companies), the state, or a political subdivision or instrumentality of the state, including a municipal corporation or a hospital district.

(11) "Provider" generally means a health care professional or an organization, institution, or other entity providing health care but the precise definition for this term shall be established by rule of the department, consistent with federal law.

(12) "Public health" means the level of well-being of the general population; those actions in a community necessary to preserve, protect, and promote the health of the people for which government is responsible; and the governmental system developed to guarantee the preservation of the health of the people.

(13) "Secretary" means the secretary of health or the secretary's designee.

(14) "Tertiary health service" means a specialized service that meets complicated medical needs of people and requires sufficient patient volume to optimize provider effectiveness, quality of service, and improved outcomes of care.

(15) "Hospital" means any health care institution which is required to qualify for a license under *RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW. [2000 c 175 § 22; 1997 c 210 § 2; 1991 c 158 § 1; 1989 1st ex.s. c 9 § 602; 1988 c 20 § 1; 1983 1st ex.s. c 41 § 43; 1983 c 235 § 2; 1982 c 119 § 1; 1980 c 139 § 2; 1979 ex.s. c 161 § 2.]

*Reviser's note: RCW 70.41.020 was amended by 2002 c 116 § 2, changing subsection (2) to subsection (4).

Effective date—2000 c 175: See note following RCW 70.127.010.

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

70.38.095 Public disclosure. Public accessibility to records shall be accorded by health systems agencies pursuant to Public Law 93-641 and RCW 42.17.250 through 42.17.340. A health systems agency shall be considered a "public agency" for the sole purpose of complying with the "Open Public Meetings Act of 1971", chapter 42.30 RCW. [1979 ex.s. c 161 § 9.]

70.38.105 Health services and facilities requiring certificate of need—Fees. (1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.38.025;

(c) Any capital expenditure for the construction, renovation, or alteration of a nursing home which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

(d) Any capital expenditure for the construction, renovation, or alteration of a nursing home which exceeds the expenditure minimum as defined by RCW 70.38.025. However, a capital expenditure which is not subject to certificate of need review under (a), (b), (c), or (e) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review:

(i) Communications and parking facilities;

(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;

(iii) Energy conservation systems;

(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure, however, other additional repairs, remodeling, or replacement projects that are not related to one or more deficiency citations and are not necessary to maintain state licensure are not exempt from certificate of need review except as otherwise permitted by (d)(vi) of this subsection or RCW 70.38.115(13);

(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;

(vi) Construction or renovation at an existing nursing home which involves physical plant facilities, including administrative, dining areas, kitchen, laundry, therapy areas, and support facilities, by an existing licensee who has operated the beds for at least one year;

(vii) Acquisition of land; and

(viii) Refinancing of existing debt;

(e) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among acute care, nursing home care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months, or a change in bed capacity of a rural health care facility licensed under RCW 70.175.100 that increases the total number of nursing home beds or redistributes beds from acute care or boarding home care to nursing home care if the bed redistribution is to be effective for a period in excess of six months. A health care facility certified as a critical access hospital under 42 U.S.C. 1395i-4 may increase its total number of licensed beds to the total number of beds permitted under 42 U.S.C. 1395i-4 for acute care and may redistribute beds permitted under 42 U.S.C. 1395i-4 among acute care and nursing home care without being subject to certificate of need review. If there is a nursing home licensed under chapter 18.51 RCW within twenty-seven miles of the critical access hospital, the critical access hospital is subject to certificate of need review except for:

(i) Critical access hospitals which had designated beds to provide nursing home care, in excess of five swing beds, prior to December 31, 2003; or

(ii) Up to five swing beds.

Critical access hospital beds not subject to certificate of need review under this subsection (4)(e) will not be counted as either acute care or nursing home care for certificate of need review purposes. If a health care facility ceases to be certified as a critical access hospital under 42 U.S.C. 1395i-4, the hospital may revert back to the type and number of licensed hospital beds as it had when it requested critical access hospital designation;

(f) Any new tertiary health services which are offered in or through a health care facility or rural health care facility licensed under RCW 70.175.100, and which were not offered on a regular basis by, in, or through such health care facility or rural health care facility within the twelve-month period prior to the time such services would be offered;

(g) Any expenditure for the construction, renovation, or alteration of a nursing home or change in nursing home services in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such

undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any subsequent undertaking with respect to which such predevelopment expenditures are made; and

(h) Any increase in the number of dialysis stations in a kidney disease center.

(5) The department is authorized to charge fees for the review of certificate of need applications and requests for exemptions from certificate of need review. The fees shall be sufficient to cover the full cost of review and exemption, which may include the development of standards, criteria, and policies.

(6) No person may divide a project in order to avoid review requirements under any of the thresholds specified in this section. [2004 c 261 § 6; 1996 c 50 § 1; 1992 c 27 § 1; 1991 sp.s. c 8 § 4; 1989 1st ex.s. c 9 § 603; 1984 c 288 § 21; 1983 c 235 § 7; 1982 c 119 § 2; 1980 c 139 § 7; 1979 ex.s. c 161 § 10.]

Effective date—1991 sp.s. c 8: See note following RCW 18.51.050.

Severability—1984 c 288: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 288 § 27.]

Effective date—1980 c 139: See RCW 70.38.916.

Effective dates—1979 ex.s. c 161: See RCW 70.38.915.

70.38.111 Certificates of need—Exemptions. (1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enroll-

ment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization; if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combi-

nation of health maintenance organizations, the department may under the program apply its certificate of need requirements only to the offering of inpatient tertiary health services and then only to the extent that such offering is not exempt under the provisions of this section.

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

- (i) Offers services only to contractual members;
- (ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;
- (iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;
- (iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;
- (v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;
- (vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and
- (vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

- (i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and
- (ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed boarding home care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

- (i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and
- (ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW

70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

70.38.115 Certificates of need—Procedures—Rules—Criteria for review—Conditional certificates of need—Concurrent review—Review periods—Hearing—Adjudicative proceeding—Amended certificates of need.

(1) Certificates of need shall be issued, denied, suspended, or revoked by the designee of the secretary in accord with the provisions of this chapter and rules of the department which establish review procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as provided in subsection (3) of this section for health maintenance organizations, shall include but not be limited to consideration of the following:

(a) The need that the population served or to be served by such services has for such services;

(b) The availability of less costly or more effective alternative methods of providing such services;

(c) The financial feasibility and the probable impact of the proposal on the cost of and charges for providing health services in the community to be served;

(d) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic physicians and surgeons and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathic medicine and surgery and medicine at the student, internship, and residency training levels;

(e) In the case of a construction project, the costs and methods of the proposed construction, including the cost and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;

(f) The special needs and circumstances of osteopathic hospitals, nonallopathic services and children's hospitals;

(g) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

(h) In the case of health services proposed to be provided, the efficiency and appropriateness of the use of existing services and facilities similar to those proposed;

(i) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past;

(j) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the secretary; and

(k) In the case of nursing home applications:

(i) The availability of other nursing home beds in the planning area to be served; and

(ii) The availability of other services in the community to be served. Data used to determine the availability of other services will include but not be limited to data provided by the department of social and health services.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the

date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, record-keeping and related matters.

(10)(a) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(b) Any health care facility or health maintenance organization that: (i) Provides services similar to the services provided by the applicant and under review pursuant to this subsection; (ii) is located within the applicant's health service area; and (iii) testified or submitted evidence at a public hearing held pursuant to subsection (9) of this section, shall be provided an opportunity to present oral or written testimony and argument in a proceeding under this subsection: PROVIDED, That the health care facility or health maintenance organization had, in writing, requested to be informed of the department's decisions.

(c) If the department desires to settle with the applicant prior to the conclusion of the adjudicative proceeding, the department shall so inform the health care facility or health maintenance organization and afford them an opportunity to comment, in advance, on the proposed settlement.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

- (a) A new service requiring review under this chapter;
- (b) An expansion of a service subject to review beyond that originally approved;
- (c) An increase in bed capacity;

(d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

(13)(a) Replacement of existing nursing home beds in the same planning area by an existing licensee who has operated the beds for at least one year shall not require a certificate of need under this chapter. The licensee shall give written notice of its intent to replace the existing nursing home beds to the department and shall provide the department with information as may be required pursuant to rule. Replacement of the beds by a party other than the licensee is subject to certificate of need review under this chapter, except as otherwise permitted by subsection (14) of this section.

(b) When an entire nursing home ceases operation, the licensee or any other party who has secured an interest in the beds may reserve his or her interest in the beds for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home, licensee, or any other party who has secured an interest in the beds must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure. Certificate of need review shall be required for any party who has reserved the nursing home beds except that the need criteria shall be deemed met when the applicant is the licensee who had operated the beds for at least one year, who has operated the beds for at least one year immediately preceding the reservation of the beds, and who is replacing the beds in the same planning area.

(14) In the event that a licensee, who has provided the department with notice of his or her intent to replace nursing home beds under subsection (13)(a) of this section, engages in unprofessional conduct or becomes unable to practice with reasonable skill and safety by reason of mental or physical condition, pursuant to chapter 18.130 RCW, or dies, the building owner shall be permitted to complete the nursing home bed replacement project, provided the building owner has secured an interest in the beds. (3) The department shall monitor the approved projects to assure conformance with certificates of need that have been issued. The department may require applicants to submit periodic progress reports on approved projects or other information as may be necessary to effectuate its monitoring responsibilities.

(4) The secretary, in the case of a new health facility, shall not issue any license unless and until a prior certificate of need shall have been issued by the department for the offering or development of such new health facility.

(5) Any person who engages in any undertaking which requires certificate of need review without first having received from the department either a certificate of need or an exception granted in accordance with this chapter shall be liable to the state in an amount not to exceed one hundred dollars a day for each day of such unauthorized offering or development. Such amounts of money shall be recoverable in an action brought by the attorney general on behalf of the state in the superior court of any county in which the unauthorized undertaking occurred. Any amounts of money so recovered by the attorney general shall be deposited in the state general fund.

(6) The department may bring any action to enjoin a violation or the threatened violation of the provisions of this chapter or any rules and regulations adopted pursuant to this chapter, or may bring any legal proceeding authorized by law, including but not limited to the special proceedings authorized in Title 7 RCW, in the superior court in the county in which such violation occurs or is about to occur, or in the superior court of Thurston county. 70.38.220 Ethnic minorities—Nursing home beds that reflect cultural differences. (1) The legislature recognizes that in this state ethnic minorities currently use nursing home care at a lower rate than the general population. The legislature also recognizes and supports the federal mandate that nursing homes receiving federal funds provide residents with a homelike environment. The legislature finds that certain ethnic minorities have special cultural, language, dietary, and other needs not generally met by existing nursing homes which are intended to serve the general population. Accordingly, the legislature further finds that there is a need to foster the development of nursing homes designed to serve the special cultural, language, dietary, and other needs of ethnic minorities.

(2) The department shall establish a separate pool of no more than two hundred fifty beds for nursing homes designed to serve the special needs of ethnic minorities. The pool shall be made up of nursing home beds that become available on or after March 15, 1991, due to:

(a) Loss of license or reduction in licensed bed capacity if the beds are not otherwise obligated for replacement; or

(b) Expiration of a certificate of need.

(3) The department shall develop procedures for the fair and efficient award of beds from the special pool. In making its decisions regarding the award of beds from the pool, the department shall consider at least the following:

(a) The relative degree to which the long-term care needs of an ethnic minority are not otherwise being met;

(b) The percentage of low-income persons who would be served by the proposed nursing home;

(c) The financial feasibility of the proposed nursing home; and

(d) The impact of the proposal on the area's total need for nursing home beds.

(4) To be eligible to apply for or receive an award of beds from the special pool, an application must be to build a new nursing home, or add beds to a nursing home, that:

(a) Will be owned and operated by a nonprofit corporation, and at least fifty percent of the board of directors of the corporation are members of the ethnic minority the nursing home is intended to serve;

(b) Will be designed, managed, and administered to serve the special cultural, language, dietary, and other needs of an ethnic minority; and

(c) Will not discriminate in admissions against persons who are not members of the ethnic minority whose special needs the nursing home is designed to serve.

(5) If a nursing home or portion of a nursing home that is built as a result of an award from the special pool is sold or leased within ten years to a party not eligible under subsection (4) of this section:

(a) The purchaser or lessee may not operate those beds as nursing home beds without first obtaining a certificate of need for new beds under this chapter; and

(b) The beds that had been awarded from the special pool shall be returned to the special pool.

(6) The department shall initially award up to one hundred beds before that number of beds are actually in the special pool, provided that the number of beds so awarded are subtracted from the total of two hundred fifty beds that can be awarded from the special pool. [1991 c 271 § 1.]

70.38.230 Residential hospice care centers—Defined—Change in bed capacity—Applicability of chapter. (1) A change in bed capacity at a residential hospice care center shall not be subject to certificate of need review under this chapter if the department determined prior to June 1994 that the construction, development, or other establishment of the residential hospice care center was not subject to certificate of need review under this chapter.

(2) For purposes of this section, a "residential hospice care center" means any building, facility, place, or equivalent that opened in December 1996 and is organized, maintained, and operated specifically to provide beds, accommodations, facilities, and services over a continuous period of twenty-four hours or more for palliative care of two or more individuals, not related to the operator, who are diagnosed as being in the latter stages of an advanced disease that is expected to lead to death. [1998 c 322 § 50.]

Severability—1998 c 322: See RCW 74.46.907.

70.38.250 Redistribution and addition of beds—Determination. (1) The need for projects identified in *RCW 70.38.240 shall be determined using the individual planning area's estimated nursing home bed need ratio and includes but is not limited to the following criteria:

(a) The current capacity of nursing homes and other long-term care services;

(b) The occupancy rates of nursing homes and other long-term care services over the previous two-year period; and

(c) The ability of the other long-term care services to serve all people regardless of payor source.

(2) For the purposes of this section, nursing home beds include long-term care units or distinct part long-term care units located in a hospital that is licensed under chapter 70.41 RCW. [1999 c 376 § 2.]

Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be in substantial good faith. (4) Each quality improvement committee shall, on at least a semiannual basis, report to the governing board of the hospital in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

(5) The department of health shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission or the board of osteopathic medicine and surgery, as appropriate, may review and audit the records of committee decisions in which a physician's privileges are terminated or restricted. Each hospital shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of a hospital to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(b) If such association, employment, privilege, or practice was discontinued, the reasons for its discontinuation;

(e) A waiver by the physician of any confidentiality provisions concerning the information required to be provided to hospitals pursuant to this subsection; and

70.41.235 Doctor of osteopathic medicine and surgery—Discrimination based on board certification is prohibited. A hospital that provides health care services to the general public may not discriminate against a qualified doctor of osteopathic medicine and surgery licensed under chapter 18.57 RCW, who has applied to practice with the hospital, solely because that practitioner was board certified or eligible under an approved osteopathic certifying board instead of board certified or eligible respectively under an approved medical certifying board. [1995 c 64 § 3.]

70.41.240 Information regarding conversion of hospitals to nonhospital health care facilities. The department of health shall compile and make available to the public information regarding medicare health care facility certification options available to hospitals licensed under this title that desire to convert to nonhospital health care facilities. The information provided shall include standards and requirements for certification and procedures for acquiring certification. [1991 c 3 § 338; 1988 c 207 § 3.]

70.41.250 Cost disclosure to health care providers.

(1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications. 70.41.310 Long-term care—Program information to be provided to hospitals—Information on options to be provided to patients. (1)(a) The department of social and health services, in consultation with hospitals and acute care facilities, shall promote the most appropriate and cost-effective use of long-term care services by developing and distributing to hospitals and other appropriate health care settings information on the various chronic long-term care programs that it administers directly or through contract. The information developed by the department of social and health services shall, at a minimum, include the following:

(i) An identification and detailed description of each long-term care service available in the state;

(ii) Functional, cognitive, and medicaid eligibility criteria that may be required for placement or admission to each long-term care service; and

(iii) A long-term care services resource manual for each hospital, that identifies the long-term care services operating within each hospital's patient service area. The long-term care services resource manual shall, at a minimum, identify the name, address, and telephone number of each entity known to be providing long-term care services; a brief description of the programs or services provided by each of the identified entities; and the name or names of a person or persons who may be contacted for further information or assistance in accessing the programs or services at each of the identified entities.

(b) The information required in (a) of this subsection shall be periodically updated and distributed to hospitals by the department of social and health services so that the information reflects current long-term care service options available within each hospital's patient service area.

(2) To the extent that a patient will have continuing care needs, once discharged from the hospital setting, hospitals shall, during the course of the patient's hospital stay, promote each patient's family member's and/or legal representative's understanding of available long-term care service discharge options by, at a minimum:

(a) Discussing the various and relevant long-term care services available, including eligibility criteria;

(b) Making available, to patients, their family members, and/or legal representative, a copy of the most current long-term care services resource manual;

(c) Responding to long-term care questions posed by patients, their family members, and/or legal representative;

(d) Assisting the patient, their family members, and/or legal representative in contacting appropriate persons or entities to respond to the question or questions posed; and

(e) Linking the patient and family to the local, state-designated aging and long-term care network to ensure effective transitions to appropriate levels of care and ongoing support. [1995 1st sp.s. c 18 § 3.]

(a) Work cooperatively with the department of social and health services, area agencies on aging, and local long-term care information and assistance organizations in the planning and implementation of patient discharges to long-term care services.

(b) Establish and maintain a system for discharge planning and designate a person responsible for system management and implementation.

(c) Establish written policies and procedures to:

(i) Identify patients needing further nursing, therapy, or supportive care following discharge from the hospital;

(ii) Develop a documented discharge plan for each identified patient, including relevant patient history, specific care requirements, and date such follow-up care is to be initiated;

(iii) Coordinate with patient, family, caregiver, and appropriate members of the health care team;

(iv) Provide any patient, regardless of income status, written information and verbal consultation regarding the array of long-term care options available in the community, including the relative cost, eligibility criteria, location, and contact persons;

(v) Promote an informed choice of long-term care services on the part of patients, family members, and legal representatives; and

(vi) Coordinate with the department and specialized case management agencies, including area agencies on aging and other appropriate long-term care providers, as necessary, to ensure timely transition to appropriate home, community residential, or nursing facility care.

(d) Work in cooperation with the department which is responsible for ensuring that patients eligible for medicaid long-term care receive prompt assessment and appropriate service authorization.

(2) In partnership with selected hospitals, the department of social and health services shall develop and implement pilot projects in up to three areas of the state with the goal of providing information about appropriate in-home and community services to individuals and their families early during the individual's hospital stay.

The department shall not delay hospital discharges but shall assist and support the activities of hospital discharge planners. The department also shall coordinate with home health and hospice agencies whenever appropriate. The role of the department is to assist the hospital and to assist patients and their families in making informed choices by providing information regarding home and community options.

In conducting the pilot projects, the department shall:

(a) Assess and offer information regarding appropriate in-home and community services to individuals who are medicaid clients or applicants; and

(b) Offer assessment and information regarding appropriate in-home and community services to individuals who are reasonably expected to become medicaid recipients within one hundred eighty days of admission to a nursing facility. [1998 c 245 § 127; 1995 1st sp.s. c 18 § 5.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.030.

70.41.330 Hospital complaint toll-free telephone number. Every hospital shall post in conspicuous locations a notice of the department's hospital complaint toll-free telephone number. The form of the notice shall be approved by the department. [2000 c 6 § 4.]

70.41.340 Investigation of hospital complaints—Rules. The department is authorized to adopt rules necessary to implement RCW 70.41.150, 70.41.155, and 70.41.330. [2000 c 6 § 6.]

70.41.350 Emergency care provided to victims of sexual assault—Development of informational materials on emergency contraception—Rules. (1) Every hospital providing emergency care to a victim of sexual assault shall:

(a) Provide the victim with medically and factually accurate and unbiased written and oral information about emergency contraception;

(2004 Ed.)

(b) Orally inform each victim of sexual assault of her option to be provided emergency contraception at the hospital; and

(c) If not medically contraindicated, provide emergency contraception immediately at the hospital to each victim of sexual assault who requests it.

(2) The secretary, in collaboration with community sexual assault programs and other relevant stakeholders, shall develop, prepare, and produce informational materials relating to emergency contraception for the prevention of pregnancy in rape victims for distribution to and use in all emergency rooms in the state, in quantities sufficient to comply with the requirements of this section. The secretary, in collaboration with community sexual assault programs and other relevant stakeholders, may also approve informational materials from other sources for the purposes of this section. The informational materials must be clearly written and readily comprehensible in a culturally competent manner, as the secretary, in collaboration with community sexual assault programs and other relevant stakeholders, deems necessary to inform victims of sexual assault. The materials must explain the nature of emergency contraception, including that it is effective in preventing pregnancy, treatment options, and where they can be obtained.

(3) The secretary shall adopt rules necessary to implement this section. [2002 c 116 § 3.]

Findings—2002 c 116: "(1) The legislature finds that:

(a) Each year, over three hundred thousand women are sexually assaulted in the United States;

(b) Nationally, over thirty-two thousand women become pregnant each year as a result of sexual assault. Approximately fifty percent of these pregnancies end in abortion;

(c) Approximately thirty-eight percent of women in Washington are sexually assaulted over the course of their lifetime. This is twenty percent more than the national average;

(d) Only fifteen percent of sexual assaults in Washington are reported; however, even the numbers of reported attacks are staggering. For example, last year, two thousand six hundred fifty-nine rapes were reported in Washington, this is more than seven rapes per day.

(2) The legislature deems it essential that all hospital emergency rooms provide emergency contraception as a treatment option to any woman who seeks treatment as a result of a sexual assault." [2002 c 116 § 1.]

70.41.360 Emergency care provided to victims of sexual assault—Department to respond to violations—Task force. The department must respond to complaints of violations of RCW 70.41.350. The department shall convene a task force, composed of representatives from community sexual assault programs and other relevant stakeholders including advocacy agencies, medical agencies, and hospital associations, to provide input into the development and evaluation of the education materials and rule development. The task force shall expire on January 1, 2004. [2002 c 116 § 4.]

Findings—2002 c 116: See note following RCW 70.41.350.

70.41.370 Investigation of complaints of violations concerning nursing technicians. The department shall investigate complaints of violations of RCW 18.79.350 and 18.79.360 by an employer. The department shall maintain records of all employers that have violated RCW 18.79.350 and 18.79.360. [2003 c 258 § 8.]

Severability—Effective date—2003 c 258: See notes following RCW 18.79.330.

70.41.900 Severability—1955 c 267. If any part, or parts, of this chapter shall be held unconstitutional, the remaining provisions shall be given full force and effect, as completely as if the part held unconstitutional had not been included herein, if any such remaining part can then be administered for the purpose of establishing and maintaining standards for hospitals. [1955 c 267 § 21.]

70.42.005 Intent—Construction. The legislature intends that medical test sites meet criteria known to promote accurate and reliable analysis, thus improving health care through uniform test site licensure and regulation including quality control, quality assurance, and proficiency testing. The legislature also intends to meet the requirements of federal laws licensing and regulating medical testing.

The legislature intends that nothing in this chapter shall be interpreted to place any liability whatsoever on the state for the action or inaction of test sites or test site personnel. The legislature further intends that nothing in this chapter shall be interpreted to expand the state's role regarding medical testing beyond the provisions of this chapter. [1989 c 386 § 1.]

70.42.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the *department of health if enacted, otherwise the department of social and health services.

(3) "Person" means any individual, or any public or private organization, agent, agency, corporation, firm, association, partnership, or business.

(4) "Proficiency testing program" means an external service approved by the department which provides samples to evaluate the accuracy, reliability and performance of the tests at each test site.

(5) "Quality assurance" means a comprehensive set of policies, procedures, and practices to assure that a test site's results are accurate and reliable. Quality assurance means a total program of internal and external quality control, equipment preventative maintenance, calibration, recordkeeping, and proficiency testing evaluation, including a written quality assurance plan.

(6) "Quality control" means internal written procedures and day-to-day analysis of laboratory reference materials at each test site to insure precision and accuracy of test methodology, equipment, and results.

(7) "Test" means any examination or procedure conducted on a sample taken from the human body, including screening.

(8) "Test site" means any facility or site, public or private, which analyzes materials derived from the human body for the purposes of health care, treatment, or screening. A test site does not mean a facility or site, including a residence, where a test approved for home use by the federal food and drug administration is used by an individual to test himself or herself without direct supervision or guidance by another and where this test is not part of a commercial transaction. [1989 c 386 § 2.]

***Reviser's note:** 1989 1st ex.s. c 14 created the department of health.

70.42.020 License required. After July 1, 1990, no person may advertise, operate, manage, own, conduct, open, or maintain a test site without first obtaining a license for the tests to be performed, except as provided in RCW 70.42.030. [1989 c 386 § 3.]

70.42.030 Waiver of license—Conditions. (1) As a part of the application for licensure, a test site may request a waiver from licensure under this chapter if the test site performs only examinations which are determined to have insignificant risk of an erroneous result, including those which (a) are approved by the federal food and drug administration for home use; (b) are so simple and accurate as to render the likelihood of erroneous results negligible; or (c) pose no reasonable risk of harm to the patient if performed incorrectly.

(2) The department shall determine by rule which tests meet the criteria in subsection (1) of this section and shall be exempt from coverage of this chapter. The standards applied in developing the list shall be consistent with federal law and regulations.

(3) The department shall grant a waiver from licensure for two years for a valid request based on subsections (1) and (2) of this section.

(4) Any test site which has received a waiver under subsection (3) of this section shall report to the department any changes in the type of tests it intends to perform thirty days in advance of the changes. In no case shall a test site with a

waiver perform tests which require a license under this chapter. [1989 c 386 § 4.]

70.42.040 Sites approved under federal law—Automatic licensure. Test sites accredited, certified, or licensed by an organization or agency approved by the department consistent with federal law and regulations shall receive a license under RCW 70.42.110. [1989 c 386 § 5.]

70.42.050 Permission to perform tests not covered by license—License amendment. A licensee that desires to perform tests for which it is not currently licensed shall notify the department. To the extent allowed by federal law and regulations, upon notification and pending the department's determination, the department shall grant the licensee temporary permission to perform the additional tests. The department shall amend the license if it determines that the licensee meets all applicable requirements. [1989 c 386 § 6.]

70.42.060 Quality control, quality assurance, record-keeping, and personnel standards. The department shall adopt standards established in rule governing test sites for quality control, quality assurance, recordkeeping, and personnel consistent with federal laws and regulations. "Record-keeping" for purposes of this chapter means books, files, or records necessary to show compliance with the quality control and quality assurance requirements adopted by the department. [1989 c 386 § 7.]

70.42.070 Proficiency testing program. (1) Except where there is no reasonable proficiency test, each licensed test site must participate in a department-approved proficiency testing program appropriate to the test or tests which it performs. The department may approve proficiency testing programs offered by private or public organizations when the program meets the standards set by the department. Testing shall be conducted quarterly except as otherwise provided for in rule.

(2) The department shall establish proficiency testing standards by rule which include a measure of acceptable performance for tests, and a system for grading proficiency testing performance for tests. The standards may include an evaluation of the personnel performing tests. [1989 c 386 § 8.]

70.42.080 Test site supervisor. A test site shall have a designated test site supervisor who shall meet the qualifications determined by the department in rule. The designated test site supervisor shall be responsible for the testing functions of the test site. [1989 c 386 § 9.]

70.42.090 Fees—Account. (1) The department shall establish a schedule of fees for license applications, renewals, amendments, and waivers. In fixing said fees, the department shall set the fees at a sufficient level to defray the cost of administering the licensure program. All such fees shall be fixed by rule adopted in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW. In determining the fee schedule, the department shall consider the following: (a) Complexity of the license required; (b) number and type of tests performed at the test site; (c) degree of

supervision required from the department staff; (d) whether the license is granted under RCW 70.42.040; and (e) general administrative costs of the test site licensing program established under this chapter. For each category of license, fees charged shall be related to program costs.

(2) The medical test site licensure account is created in the state treasury. The state treasurer shall transfer into the medical test site licensure account all revenue received from medical test site license fees. Funds for this account may only be appropriated for the support of the activities defined under this chapter.

(3) The department may establish separate fees for repeat inspections and repeat audits it performs under RCW 70.42.170. [1989 c 386 § 10.]

70.42.100 Applicants—Requirements. An applicant for issuance or renewal of a medical test site license shall:

(1) File a written application on a form provided by the department;

(2) Demonstrate ability to comply with this chapter and the rules adopted under this chapter;

(3) Cooperate with any on-site review which may be conducted by the department prior to licensure or renewal. [1989 c 386 § 11.]

70.42.110 Issuance of license—Renewal. Upon receipt of an application for a license and the license fee, the department shall issue a license if the applicant meets the requirements established under this chapter. All persons operating test sites before July 1, 1990, shall submit applications by July 1, 1990. A license issued under this chapter shall not be transferred or assigned without thirty days' prior notice to the department and the department's timely approval. A license, unless suspended or revoked, shall be effective for a period of two years. The department may establish penalty fees or take other appropriate action pursuant to this chapter for failure to apply for licensure or renewal as required by this chapter. [1989 c 386 § 12.]

70.42.120 Denial of license. Under this chapter, and chapter 34.05 RCW, the department may deny a license to any applicant who:

(1) Refuses to comply with the requirements of this chapter or the standards or rules adopted under this chapter;

(2) Was the holder of a license under this chapter which was revoked for cause and never reissued by the department;

(3) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;

(4) Refuses to allow representatives of the department to examine any book, record, or file required by this chapter to be maintained;

(5) Willfully prevented, interfered with, or attempted to impede in any way the work of a representative of the department; or

70.42.130 Conditions upon license. Under this chapter, and chapter 34.05 RCW, the department may place conditions on a license which limit or cancel a test site's authority to conduct any of the tests or groups of tests of any licensee who:

- (1) Fails or refuses to comply with the requirements of this chapter or the rules adopted under this chapter;
- (2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;

- (4) Willfully prevented, interfered with, or attempted to impede in any way the work of a representative of the department;
- (5) Willfully prevented or interfered with preservation of evidence of a known violation of this chapter or the rules adopted under this chapter; or
- (6) Misrepresented, or was fraudulent in, any aspect of the licensee's business. [1989 c 386 § 14.]

70.42.140 Suspension of license. Under this chapter, and chapter 34.05 RCW, the department may suspend the license of any licensee who:

- (1) Fails or refuses to comply with the requirements of this chapter or the rules adopted under this chapter;
- (2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;
- (3) Refuses to allow representatives of the department to examine any book, record, or file required by this chapter to be maintained;
- (4) Willfully prevented, interfered with, or attempted to impede in any way the work of a representative of the department;
- (5) Willfully prevented or interfered with preservation of evidence of a known violation of this chapter or the rules adopted under this chapter;
- (6) Misrepresented, or was fraudulent in, any aspect of the licensee's business;
- (7) Used false or fraudulent advertising; or
- (8) Failed to pay any civil monetary penalty assessed by the department under this chapter within twenty-eight days after the assessment becomes final. [1989 c 386 § 15.]

70.42.150 Revocation of license. Under this chapter, and chapter 34.05 RCW, the department may revoke the license of any licensee who:

- (1) Fails or refuses to comply with the requirements of this chapter or the rules adopted under this chapter;
- (2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;
- (3) Refuses to allow representatives of the department to examine any book, record, or file required by this chapter to be maintained;

(4) Willfully prevented, interfered with, or attempted to impede in any way the work of a representative of the department;

(5) Willfully prevented or interfered with preservation of evidence of a known violation of this chapter or the rules adopted under this chapter;

(6) Misrepresented, or was fraudulent in, any aspect of the licensee's business;

(7) Used false or fraudulent advertising; or

(8) Failed to pay any civil monetary penalty assessed by the department pursuant to this chapter within twenty-eight days after the assessment becomes final.

The department may summarily revoke a license when it finds continued licensure of a test site immediately jeopardizes the public health, safety, or welfare. [1989 c 386 § 16.]

70.42.160 Penalties—Acts constituting violations.

Under this chapter, and chapter 34.05 RCW, the department may assess monetary penalties of up to ten thousand dollars per violation in addition to or in lieu of conditioning, suspending, or revoking a license. A violation occurs when a licensee:

(1) Fails or refuses to comply with the requirements of this chapter or the standards or rules adopted under this chapter;

(2) Has knowingly or with reason to know made a false statement of a material fact in the application for a license or in any data attached thereto or in any record required by the department;

(6) Misrepresents or was fraudulent in any aspect of the applicant's business; or

(7) Uses advertising which is false or fraudulent.

Each day of a continuing violation is a separate violation. [1989 c 386 § 17.]

70.42.170 On-site reviews. The department may at any time conduct an on-site review of a licensee or applicant in order to determine compliance with this chapter. When the department has reason to believe a waived site is conducting tests requiring a license, the department may conduct an on-site review of the waived site in order to determine compliance. The department may also examine and audit records necessary to determine compliance with this chapter. The right to conduct an on-site review and audit and examination of records shall extend to any premises and records of persons whom the department has reason to believe are opening, owning, conducting, maintaining, managing, or otherwise operating a test site without a license.

Following an on-site review, the department shall give written notice of any violation of this chapter or the rules adopted under this chapter. The notice shall describe the rea-

sons for noncompliance and inform the licensee or applicant or test site operator that it shall comply within a specified reasonable time. If the licensee or applicant or test site operator fails to comply, the department may take disciplinary action under RCW 70.42.120 through 70.42.150, or further action as authorized by this chapter. [1989 c 386 § 18.]

70.42.180 Operating without a license—Injunctions or other remedies—Penalty. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a test site without a license under this chapter. It is a misdemeanor to own, operate, or maintain a test site without a license. [1989 c 386 § 19.]

70.42.190 Petition of superior court for review of disciplinary action. Any test site which has had a denial, condition, suspension, or revocation of its license, or a civil monetary penalty upheld after administrative review under chapter 34.05 RCW, may, within sixty days of the administrative determination, petition the superior court for review of the decision. [1989 c 386 § 20.]

70.42.200 Persons who may not own or operate test site. No person who has owned or operated a test site that has had its license revoked may own or operate a test site within two years of the final adjudication of a license revocation. [1989 c 386 § 21.]

70.42.210 Confidentiality of certain information. All information received by the department through filed reports, audits, or on-site reviews, as authorized under this chapter shall not be disclosed publicly in any manner that would identify persons who have specimens of material from their bodies at a test site, absent a written release from the person, or a court order. [1989 c 386 § 22.]

70.42.220 Rules. The department shall adopt rules under chapter 34.05 RCW necessary to implement the purposes of this chapter. [1989 c 386 § 23.]

70.42.900 Effective dates—1989 c 386. (1) RCW 70.42.005 through 70.42.210 shall take effect July 1, 1990.

[1986 c 205 § 1.]

70.43.020 Applications for membership or privileges—Discrimination based on type of license prohibited—Exception. The governing body of any hospital, except any hospital which employs its medical staff, in considering and acting upon applications for staff membership or professional privileges within the scope of the applicants' respective licenses, shall not discriminate against a qualified person solely on the basis of whether such person is licensed under chapters 18.71, 18.57, or 18.22 RCW. A public hospital district initially may be created with three, five, or seven commissioner districts. At the election at which the proposition is submitted to the voters as to whether a district shall be formed, three, five, or seven commissioners shall be elected from either three, five, or seven commissioner districts, or at-large positions, or both, as determined by resolution of the county commissioners of the county or counties in which the proposed public hospital district is located, all in accordance with RCW 70.44.054. The person receiving the greatest number of votes for the commissioner of each commissioner district or at-large position shall be elected as the commissioner of that district. (2) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district. Voters of the entire public hospital district may vote at a primary or general election to elect a person as a commissioner of the commissioner district.

If the proposed public hospital district initially will have three commissioner districts and the public hospital district is county-wide, and if the county has three county legislative authority districts, the county legislative authority districts shall be used as public hospital district commissioner districts. In all other instances the county auditor of the county in which all or the largest portion of the proposed public hospital district is located shall draw the initial public hospital district commissioner districts and designate at-large positions, if appropriate, as provided in RCW 70.44.054. Each of the commissioner positions shall be numbered consecutively and associated with the commissioner district or at-large position of the same number.

This section does not limit the authority of a public hospital district to otherwise participate in the public improvements if that authority exists elsewhere. [2001 c 212 § 22.]

Severability—2001 c 212: See RCW 39.89.902.

70.44.070 Superintendent—Appointment—Removal—Compensation. (1) The public hospital district commission shall appoint a superintendent, who shall be appointed for an indefinite time and be removable at the will of the commission. Appointments and removals shall be by resolution, introduced at a regular meeting and adopted at a subsequent regular meeting by a majority vote. The superintendent shall receive such compensation as the commission shall fix by resolution.

(2) Where a public hospital district operates more than one hospital, the commission may in its discretion appoint up to one superintendent per hospital and assign among the superintendents the powers and duties set forth in RCW 70.44.080 and 70.44.090 as deemed appropriate by the commission. [1987 c 58 § 1; 1982 c 84 § 16; 1945 c 264 § 7; Rem. Supp. 1945 § 6090-36.]

The superintendent shall be responsible to the commission for the efficient administration of all affairs of the district. In case of the absence or temporary disability of the superintendent a competent person shall be appointed by the commission. The superintendent shall be entitled to attend all meetings of the commission and its committees and to take part in the discussion of any matters pertaining to the district, but shall have no vote.

(2) Where the commission has appointed more than one superintendent as provided in RCW 70.44.070, the commission shall assign among the superintendents the powers set forth in this section as deemed appropriate by the commission. [1987 c 58 § 2; 1982 c 84 § 17; 1945 c 264 § 9; Rem. Supp. 1945 § 6090-38.]

70.44.090 Superintendent—Duties. (1) The public hospital district superintendent shall have the power, and duty:

To prepare, each year, an estimate for the ensuing fiscal year of the probable expenses of the district, and to recommend to the commission what development work should be undertaken, and what extensions and additions, if any, should be made, during the ensuing fiscal year, with an estimate of the costs of such development work, extensions and additions. To certify to the commission all the bills, allowances and payrolls, including claims due contractors of public works. To recommend to the commission a range of salaries to be paid to district employees.

70.44.110 Plan to construct or improve—General obligation bonds. Whenever the commission deems it advisable that the district acquire or construct a public hospital, or other health care facilities, or make additions or betterments thereto, or extensions thereof, it shall provide therefor by resolution, which shall specify and adopt the plan proposed, declare the estimated cost thereof, and specify the amount of indebtedness to be incurred therefor. General indebtedness may be incurred by the issuance of general obligation bonds or short-term obligations in anticipation of such bonds. General obligation bonds shall mature in not to exceed thirty years. The incurring of such indebtedness shall be subject to the applicable limitations and requirements provided in section 1, chapter 143, Laws of 1917, as last amended by section 4, chapter 107, Laws of 1967, and RCW 39.36.020, as now or hereafter amended. 70.44.140 Contracts for material and work—Call for bids—Alternative procedures—Exemptions. (1) All materials purchased and work ordered, the estimated cost of which is in excess of fifty thousand dollars, shall be by contract. Before awarding any such contract, the commission shall publish a notice at least thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work. The plans and specifications must at the time of the publication of such notice be on file at the office of the public hospital district, subject to public inspection: **PROVIDED, HOWEVER,** That the commission may at the same time, and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by bidders. The notice shall state generally the work to be done, and shall call for proposals for doing the same, to be sealed and filed with the commission on or before the day and hour named therein. Each bid shall be accompanied by bid proposal security in the form of a certified check, cashier's check, postal money order, or surety bond made payable to the order of the commission, for a sum not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal security. At the time and place named, such bids shall be publicly opened and read, and the commission shall proceed to canvass the bids, and may let such contract to the lowest responsible bidder upon plans and specifications on file, or to the best bidder submitting his or her own plans and specifications: **PROVIDED, HOWEVER,** That no contract shall be let in excess of the estimated cost of the materials or work, or if, in the opinion of the commission, all bids are unsatisfactory, they may reject all of them and readvertise, and in such case all bid proposal security shall be returned to the bidders. If the contract is let, then all bid proposal security shall be returned to the bidders, except that of the successful bidder, which is retained until a contract shall be entered into for the purchase of such materials for doing such work, and a bond to perform such work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of contract price in any case, between the bidder and commission, in accordance with the bid. If such bidder fails to enter into the contract in accordance with the bid and furnish such bond within ten days from the date at which the bidder is notified that he or she is the successful bidder, the bid proposal security and the amount thereof shall be forfeited to the public hospital district. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to the requirements of subsection (1) of this section, a public hospital district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchases with an estimated cost of up to fifteen thousand dollars may be made using the process provided in RCW 39.04.190.

(4) The commission may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work. [2002 c 106 § 1; 2000 c 138 § 213; 1999 c 99 § 1; 1998 c 278 § 9; 1996 c 18 § 15; 1993 c 198 § 22; 1965 c 83 § 1; 1945 c 264 § 17; Rem. Supp. 1945 § 6090-46.]

70.44.171 Treasurer—Duties—Funds—Depositaries—Surety bonds, cost. The treasurer of the county in which a public hospital district is located shall be treasurer of the district, except that the commission by resolution may designate some other person having experience in financial or fiscal matters as treasurer of the district. If the treasurer is not the county treasurer, the commission shall require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the commission by resolution from time to time finds will protect the district against loss. The premium on any such bond shall be paid by the district.

All district funds shall be paid to the treasurer and shall be disbursed by him only on warrants issued by an auditor appointed by the commission, upon orders or vouchers approved by it. The treasurer shall establish a public hospital district fund, into which shall be paid all district funds, and he shall maintain such special funds as may be created by the commission, into which he shall place all money as the commission may, by resolution, direct.

If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositaries under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the district is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state as the commission by resolution shall designate, and with surety bond to the district or securities in lieu thereof of the kind, no less in amount, as provided in *RCW 36.48.020 for deposit of county funds. Such surety bond or securities in lieu thereof shall be filed or deposited with the treasurer of the district, and approved by resolution of the commission.

All interest collected on district funds shall belong to the district and be deposited to its credit in the proper district funds.

A district may provide and require a reasonable bond of any other person handling moneys or securities of the district. The district may pay the premium on such bond. [1967 c 227 § 1.]

***Reviser's note:** RCW 36.48.020 was repealed by 1984 c 177 § 21.

70.44.185 Change of district boundary lines to allow farm units to be wholly within one hospital district—Notice. Notwithstanding any other provision of law, including RCW 70.44.040, whenever the boundary line between contiguous hospital districts bisects an irrigation block unit placing part of the unit in one hospital district and the balance thereof in another such district, the county auditor, upon his approval of a request therefor after public hearing thereon, shall change the hospital district boundary lines so that the entire farm unit of the person so requesting shall be wholly in one of such hospital districts and give notice thereof to those hospital district and county officials as he shall deem appropriate therefor. [1971 ex.s. c 218 § 4.]

70.44.190 Consolidation of districts. Two or more contiguous hospital districts, whether the territory therein lies in one or more counties, may consolidate by following the procedure outlined in chapter 35.10 RCW with reference to consolidation of cities and towns. [1953 c 267 § 3.]

70.44.200 Annexation of territory. (1) A public hospital district may annex territory outside the existing boundaries of such district and contiguous thereto, whether the territory lies in one or more counties, in accordance with this section.

(2) A petition for annexation of territory contiguous to a public hospital district may be filed with the commission of the district to which annexation is proposed. The petition must be signed by the owners, as prescribed by RCW 35A.01.040(9) (a) through (e), of not less than sixty percent of the area of land within the territory proposed to be annexed. Such petition shall describe the boundaries of the territory proposed to be annexed and shall be accompanied by a map which outlines the boundaries of such territory.

(3) Whenever such a petition for annexation is filed with the commission of a public hospital district, the commission may entertain the same, fix a date for public hearing thereon, and cause notice of the hearing to be published once a week for at least two consecutive weeks in a newspaper of general circulation within the territory proposed to be annexed. The notice shall also be posted in three public places within the territory proposed to be annexed, shall contain a description of the boundaries of such territory, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(4) Following the hearing, if the commission of the district determines to accomplish the annexation, it shall do so by resolution. The resolution may annex all or any portion of the proposed territory but may not include in the annexation any property not described in the petition. Upon passage of the annexation resolution, the territory annexed shall become part of the district and a certified copy of such resolution shall be filed with the legislative authority of the county or counties in which the annexed property is located.

(5) If the petition for annexation and the annexation resolution so provide, as the commission may require, and such petition has been signed by the owners of all the land within the boundaries of the territory being annexed, the annexed property shall assume and be assessed and taxed to pay for all or any portion of the outstanding indebtedness of the district to which it is annexed at the same rates as other property within such district. Unless so provided in the petition and resolution, property within the boundaries of the territory annexed shall not be assessed or taxed to pay for all or any portion of the indebtedness of the district to which it is annexed that was contracted prior to or which existed at the date of annexation. In no event shall any such annexed property be released from any assessments or taxes previously levied against it or from its existing liability for the payment of outstanding bonds or warrants issued prior to such annexation.

(6) The annexation procedure provided for in this section shall be an alternative method of annexation applicable only if at the time the annexation petition is filed either there are no registered voters residing in the territory proposed to be

annexed or the petition is also signed by all of the registered voters residing in the territory proposed to be annexed. [1993 c 489 § 1; 1979 ex.s. c 143 § 1; 1953 c 267 § 4.]

Severability—1979 ex.s. c 143: "If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 143 § 3.]

70.44.210 Alternate method of annexation—Contents of resolution calling for election. As an alternate method of annexation to public hospital districts, any territory adjacent to a public hospital district may be annexed thereto by vote of the qualified electors residing in the territory to be annexed, in the manner provided in RCW 70.44.210 through 70.44.230. An election to annex such territory may be called pursuant to a resolution calling for such an election adopted by the district commissioners.

Any resolution calling for such an election shall describe the boundaries of the territory to be annexed, state that the annexation of such territory to the public hospital district will be conducive to the welfare and benefit of the persons or property within the district and within the territory proposed to be annexed, and fix the date, time and place for a public hearing thereon which date shall be not more than sixty nor less than forty days following the adoption of such resolution. [1967 c 227 § 6.]

70.44.220 Alternate method of annexation—Publication and contents of notice of hearing—Hearing—Resolution—Special election. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the territory proposed to be annexed. The notice shall contain a description of the boundaries of the territory proposed to be annexed and shall state the time and place of the hearing thereon and the fact that any changes in the boundaries of such territory will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the proposed annexation. The district commissioners may make such changes in the boundaries of the territory proposed to be annexed as it shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands. If the district commissioners shall determine that any additional territory should be included in the territory to be annexed, a second hearing shall be held and notice given in the same manner as for the original hearing. The district commissioners may adjourn the hearing on the proposed annexation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing, the district commissioners shall, if it finds that the annexation of such territory will be conducive to the welfare and benefit of the persons and property therein and the welfare and benefit of the persons and property within the public hospital district, adopt a resolution fixing the boundaries of the territory to be annexed and causing to be called a special election on such annexation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. [1967 c 227 § 7.]

70.44.230 Alternate method of annexation—Conduct and canvass of election—Notice—Ballot. An election on the annexation of territory to a public hospital district shall be conducted and canvassed in the same manner as provided for the conduct of an election on the formation of a public hospital district except that notice of such election shall be published in one or more newspapers of general circulation in the territory proposed to be annexed and the ballot proposition shall be in substantially the following form:

ANNEXATION TO (herein insert name of public hospital district)

"Shall the territory described in a resolution of the public hospital district commissioners of (here insert name of public hospital district) adopted on, 19. . ., be annexed to such district?"

YES
NO "

If a majority of those voting on such proposition vote in favor thereof, the territory shall thereupon be annexed to the public hospital district. [1967 c 227 § 8.]

70.44.235 Withdrawal or reannexation of areas. (1) As provided in this section, a public hospital district may withdraw areas from its boundaries, or reannex areas into the public hospital district that previously had been withdrawn from the public hospital district under this section.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the hospital district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the public hospital district will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal shall be effective at the end of the day on the thirty-first day of December in the year in which the resolutions are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

The withdrawal of an area from the boundaries of a public hospital district shall not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the public hospital district existing at the time of the withdrawal.

(3) An area that has been withdrawn from the boundaries of a public hospital district under this section may be reannexed into the public hospital district upon: (a) Adoption of a resolution by the hospital district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of

(2004 Ed.)

December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or county legislative authority, within a thirty-day period after the adoption of the second resolution, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in *RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation. [1987 c 138 § 4.]

***Reviser's note:** As enacted by 1987 c 138 § 4, this section contained an apparently erroneous reference to RCW 29.13.030, a section repealed in 1965. Pursuant to RCW 1.08.015, this reference has been changed to RCW 29.13.020, a later enactment of the section repealed. RCW 29.13.020 was subsequently recodified as RCW 29A.04.330 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

70.44.240 Contracting or joining with other districts, hospitals, corporations, or individuals to provide services or facilities. Any public hospital district may contract or join with any other public hospital district, publicly owned hospital, nonprofit hospital, legal entity, or individual to acquire, own, operate, manage, or provide any hospital or other health care facilities or hospital services or other health care services to be used by individuals, districts, hospitals, or others, including providing health maintenance services. If a public hospital district chooses to contract or join with another party or parties pursuant to the provisions of this chapter, it may do so through establishing a nonprofit corporation, partnership, limited liability company, or other legal entity of its choosing in which the public hospital district and the other party or parties participate. The governing body of such legal entity shall include representatives of the public hospital district, which representatives may include members of the public hospital district's board of commissioners. A public hospital district contracting or joining with another party pursuant to the provisions of this chapter may appropriate funds and may sell, lease, or otherwise provide property, personnel, and services to the legal entity established to carry out the contract or joint activity. [2004 c 261 § 7; 1997 c 332 § 16; 1982 c 84 § 19; 1974 ex.s. c 165 § 4; 1967 c 227 § 3.]

Severability—1997 c 332: See RCW 70.45.900.

70.44.260 Contracts for purchase of real or personal property. Any public hospital district may execute an executory conditional sales contract with any other municipal corporation, the state, or any of its political subdivisions, the government of the United States, or any private party for the purchase of any real or personal property, or property rights, in connection with the exercise of any powers or duties which

such districts now or hereafter are authorized to exercise, if the entire amount of the purchase price specified in such contract does not result in a total indebtedness in excess of the limitation imposed by RCW 39.36.020, as now or hereafter amended, to be incurred without the assent of the voters of the district: PROVIDED, That if such a proposed contract would result in a total indebtedness in excess of three-fourths of one percent of the value of taxable property in such public hospital district, a proposition in regard to whether or not such a contract may be executed shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. The term "value of taxable property" shall have the meaning set forth in RCW 39.36.015. [1975-'76 2nd ex.s. c 78 § 1.]

70.44.300 Sale of surplus real property. (1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district if the board determines by resolution that the property is no longer required for public hospital district purposes or determines by resolution that the sale of the property will further the purposes of the public hospital district.

(2) Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 or three independent experts in valuing health care property, selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.

(3) When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.

(4) If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraisers as defined in RCW 74.46.020 or independent expert in valuing health care property selected by the board to appraise the market value of a parcel of property to be sold may be a party to any contract with the public hospital district to sell such property for a period of three years after the appraisal. [1997 c 332 § 17; 1984 c 103 § 4; 1982 c 84 § 2.]

Severability—1997 c 332: See RCW 70.45.900.

70.44.310 Lease of surplus real property. The board of commissioners of any public hospital district may lease or rent out real property of the district which the board has determined by resolution presently is not required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 3.]

70.44.315 Evaluation criteria and requirements for acquisition of district hospitals. (1) When evaluating a potential acquisition, the commissioners shall determine their compliance with the following requirements:

(a) That the acquisition is authorized under chapter 70.44 RCW and other laws governing public hospital districts;

(b) That the procedures used in the decision-making process allowed district officials to thoroughly fulfill their due diligence responsibilities as municipal officers, including those covered under chapter 42.23 RCW governing conflicts of interest and chapter 42.20 RCW prohibiting malfeasance of public officials;

(c) That the acquisition will not result in the revocation of hospital privileges;

(d) That sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;

(e) That the acquisition is allowed under Article VIII, section 7 of the state Constitution, which prohibits gifts of public funds or lending of credit and Article XI, section 14, prohibiting private use of public funds;

(f) That the public hospital district will retain control over district functions as required under chapter 70.44 RCW and other laws governing hospital districts;

(g) That the activities related to the acquisition process complied with chapters 42.17 and 42.32 RCW, governing disclosure of public records, and chapter 42.30 RCW, governing public meetings;

(h) That the acquisition complies with the requirements of RCW 70.44.300 relating to fair market value; and

(i) Other state laws affecting the proposed acquisition.

(2) The commissioners shall also determine whether the public hospital district should retain a right of first refusal to repurchase the assets by the public hospital district if the hospital is subsequently sold to, acquired by, or merged with another entity.

(3)(a) Prior to approving the acquisition of a district hospital, the board of commissioners of the hospital district shall obtain a written opinion from a qualified independent expert or the Washington state department of health as to whether or not the acquisition meets the standards set forth in RCW 70.45.080.

(b) Upon request, the hospital district and the person seeking to acquire its hospital shall provide the department or independent expert with any needed information and documents. The department shall charge the hospital district for any costs the department incurs in preparing an opinion under this section. The hospital district may recover from the acquiring person any costs it incurs in obtaining the opinion from either the department or the independent expert. The

opinion shall be delivered to the board of commissioners no later than ninety days after it is requested.

(c) Within ten working days after it receives the opinion, the board of commissioners shall publish notice of the opinion in at least one newspaper of general circulation within the hospital district, stating how a person may obtain a copy, and giving the time and location of the hearing required under (d) of this subsection. It shall make a copy of the report and the opinion available to anyone upon request.

(d) Within thirty days after it received the opinion, the board of commissioners shall hold a public hearing regarding the proposed acquisition. The board of commissioners may vote to approve the acquisition no sooner than thirty days following the public hearing.

(4)(a) For purposes of this section, "acquisition" means an acquisition by a person of any interest in a hospital owned by a public hospital district, whether by purchase, merger, lease, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of a hospital currently licensed and operating under RCW 70.41.090. Acquisition does not include an acquisition where the other party or parties to the acquisition are nonprofit corporations having a substantially similar charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or governmental entities. Acquisition does not include an acquisition where the other party is an organization that is a limited liability corporation, a partnership, or any other legal entity and the members, partners, or otherwise designated controlling parties of the organization are all nonprofit corporations having a charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or governmental entities. Acquisition does not include activities between two or more governmental organizations, including organizations acting pursuant to chapter 39.34 RCW, regardless of the type of organizational structure used by the governmental entities.

(b) For purposes of this subsection (4), "person" means an individual, a trust or estate, a partnership, a corporation including associations, a limited liability company, a joint stock company, or an insurance company. [1997 c 332 § 18.]

Severability—1997 c 332: See RCW 70.45.900.

70.44.320 Disposal of surplus personal property. The board of commissioners of any public hospital district may sell or otherwise dispose of surplus personal property of the district which the board has determined by resolution is no longer required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 4.]

70.44.350 Dividing a district. An existing public hospital district upon resolution of its board of commissioners may be divided into two new public hospital districts, in the manner provided in RCW 70.44.350 through 70.44.380, subject to the approval of the plan therefor by the superior court in the county where such district is located and by a majority of the voters voting on the proposition for such approval at a special election to be held in each of the proposed new dis-

tricts. The board of commissioners of an existing district shall by resolution or resolutions find that such division is in the public interest; adopt and approve a plan of division; authorize the filing of a petition in the superior court in the county in which the district is located to obtain court approval of the plan of division; request the calling of a special election to be held, following such court approval, for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out; and direct all officers and employees of the existing district to take whatever actions are reasonable and necessary in order to carry out the division, subject to the approval of the plan therefor by the court and the voters. [1982 c 84 § 5.]

70.44.360 Dividing a district—Plan. The plan of division authorized by RCW 70.44.350 shall include: Proposed names for the new districts; a description of the boundaries of the new districts, which boundaries shall follow insofar as reasonably possible the then-existing precinct boundaries and include all of the territory encompassed by the existing district; a division of all the assets of the existing district between the resulting new districts, including funds, rights, and property, both real and personal; the assumption of all the outstanding obligations of the existing district by the resulting new districts, including general obligation and revenue bonds, contracts, and any other liabilities or indebtedness; the establishing and constituting of new boards of three commissioners for each of the new districts, including fixing the boundaries of commissioner districts within such new districts following insofar as reasonably possible the then-existing precinct boundaries; and such other matters as the board of commissioners of the existing district may deem appropriate. Unless the plan of division provides otherwise, all the area and property of the existing district shall remain subject to the outstanding obligations of that district, and the boards of commissioners of the new districts shall make such levies or charges for services as may be necessary to pay such outstanding obligations in accordance with their terms from the sources originally pledged or otherwise liable for that purpose. [1982 c 84 § 6.]

70.44.370 Dividing a district—Petition to court, hearing, order. After adoption of a resolution approving the plan of division by the board of commissioners of an existing district pursuant to RCW 70.44.350 through 70.44.380, the district shall petition the superior court in the county where such district is located requesting court approval of the plan. The court shall conduct a hearing on the plan of division, after reasonable and proper notice of such hearing (including notice to bondholders) is given in the manner fixed and directed by such court. At the conclusion of the hearing, the court may enter its order approving the division of the existing district and of its assets and outstanding obligations in the manner provided by the plan after finding such division to be fair and equitable and in the public interest. [1982 c 84 § 7.]

70.44.380 Dividing a district—Election—Creation of new districts—Challenges. Following the entry of the court order pursuant to RCW 70.44.370, the county officer autho-

rized to call and conduct elections in the county in which the existing district is located shall call a special election as provided by the resolution of the board of commissioners of such district for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out. Notice of the election describing the boundaries of the proposed new districts and stating the objects of the election shall be given and the election conducted in accordance with the general election laws. The proposition expressed on the ballots at such election shall be substantially as follows:

"Shall the plan of division of public hospital district No., approved by the Superior Court on (insert date), be approved and carried out?

Yes

No

At such election three commissioners for each of the proposed new districts nominated by petition pursuant to RCW 54.12.010 shall be elected to hold office pursuant to RCW 70.44.040. If at such election a majority of the voters voting on the proposition in each of the proposed new districts shall vote in favor of the plan of division, the county canvassing board shall so declare in its canvass of the returns of such election and upon the filing of the certificate of such canvass: The division of the existing district shall be effective; such original district shall cease to exist; the creation of the two new public hospital districts shall be complete; all assets of the original district shall vest in and become the property of the new districts, respectively, pursuant to the plan of division; all the outstanding obligations of the original district shall be assumed by the new districts, respectively, pursuant to such plan; the commissioners of the original district shall cease to hold office; and the affairs of the new districts shall be governed by the newly elected commissioners of such respective new districts. Unless commenced within thirty days after the date of the filing of the certificate of the canvass of such election, no lawsuit whatever may be maintained challenging in any way the legal existence of the resulting new districts, the validity of the proceedings had for the organization and creation thereof, or the lawfulness of the plan of division. Upon the petition of either or both new districts, the superior court in the county where they are located may take whatever actions are reasonable and necessary to complete or confirm the carrying out of such plan. [1982 c 84 § 8.]

70.44.400 Withdrawal of territory from public hospital district. Territory within a public hospital district may be withdrawn therefrom in the same manner provided by law for withdrawal of territory from water-sewer districts, as provided by chapter 57.28 RCW. For purposes of conforming with such procedure, the public hospital district shall be deemed to be the water-sewer district and the public hospital board of commissioners shall be deemed to be the water-sewer district board of commissioners. [1999 c 153 § 65; 1984 c 100 § 1.]

Part headings not law—1999 c 153: See note following RCW 57.04.050.

70.44.450 Rural public hospital districts—Cooperative agreements and contracts. In addition to other powers

granted to public hospital districts by chapter 39.34 RCW, rural public hospital districts may enter into cooperative agreements and contracts with other rural public hospital districts in order to provide for the health care needs of the people served by the hospital districts. These agreements and contracts are specifically authorized to include:

(1) Allocation of health care services among the different facilities owned and operated by the districts;

(2) Combined purchases and allocations of medical equipment and technologies;

(3) Joint agreements and contracts for health care service delivery and payment with public and private entities; and

(4) Other cooperative arrangements consistent with the intent of chapter 161, Laws of 1992. The provisions of chapter 39.34 RCW shall apply to the development and implementation of the cooperative contracts and agreements. [1992 c 161 § 3.]

Intent—1992 c 161: "The legislature finds that maintaining the viability of health care service delivery in rural areas of Washington is a primary goal of state health policy. The legislature also finds that most hospitals located in rural Washington are operated by public hospital districts authorized under chapter 70.44 RCW and declares that it is not cost-effective, practical, or desirable to provide quality health and hospital care services in rural areas on a competitive basis because of limited patient volume and geographic isolation. It is the intent of this act to foster the development of cooperative and collaborative arrangements among rural public hospital districts by specifically authorizing cooperative agreements and contracts for these entities under the interlocal cooperation act." [1992 c 161 § 1.]

70.44.460 Rural public hospital district defined. Unless the context clearly requires otherwise, the definition in this section applies throughout RCW 70.44.450.

"Rural public hospital district" means a public hospital district authorized under chapter 70.44 RCW whose geographic boundaries do not include a city with a population greater than thirty thousand. [1992 c 161 § 2.]

Intent—1992 c 161: See note following RCW 70.44.450.

70.44.900 Severability—Construction—1945 c 264. Adjudication of invalidity of any section, clause or part of a section of this act [1945 c 264] shall not impair or otherwise affect the validity of the act as a whole or any other part thereof. The rule of strict construction shall have no application to this act, but the same shall be liberally construed, in order to carry out the purposes and objects for which this act is intended. When this act comes in conflict with any provisions, limitation or restriction in any other law, this act shall govern and control. [1945 c 264 § 21; no RRS.]

70.44.901 Severability—Construction—1974 ex.s. c 165. If any section, clause, or other provision of this 1974 amendatory act, or its application to any person or circumstance, is held invalid, the remainder of such 1974 amendatory act, or the application of such section, clause, or provision to other persons or circumstances, shall not be affected. The rule of strict construction shall have no application to this 1974 amendatory act, but the same shall be liberally construed, in order to carry out the purposes and objects for which this 1974 amendatory act is intended. When this 1974 amendatory act comes in conflict with any provision, limitation, or restriction in any other law, this 1974 amendatory act shall govern and control. [1974 ex.s. c 165 § 6.]

70.44.902 Severability—1982 c 84. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 84 § 21.]

70.44.903 Savings—1982 c 84. All debts, contracts, and obligations made or incurred prior to June 10, 1982, by or in favor of any public hospital district, and all bonds, warrants, or other obligations issued by such district, and all other actions and proceedings relating thereto done or taken by such public hospital districts or by their respective officers within their authority are hereby declared to be legal and valid and of full force and effect from the date thereof. [1982 c 84 § 11.]

70.44.910 Construction—1945 c 264. This act [1945 c 264 § 22] shall not be deemed or construed to repeal or affect any existing act, or any part thereof, relating to the construction, operation and maintenance of public hospitals, but shall be supplemental thereto and concurrent therewith. [1945 c 264 § 22; no RRS.]

70.45.010 Legislative findings. The health of the people of our state is a most important public concern. The state has an interest in assuring the continued existence of accessible, affordable health care facilities that are responsive to the needs of the communities in which they exist. The state also has a responsibility to protect the public interest in nonprofit hospitals and to clarify the responsibilities of local public hospital district boards with respect to public hospital district assets by making certain that the charitable and public assets of those hospitals are managed prudently and safeguarded consistent with their mission under the laws governing nonprofit and municipal corporations. [1997 c 332 § 1.]

70.45.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2004 Ed.)

(1) "Department" means the Washington state department of health.

(2) "Hospital" means any entity that is: (a) Defined as a hospital in RCW 70.41.020 and is required to obtain a license under RCW 70.41.090; or (b) a psychiatric hospital required to obtain a license under chapter 71.12 RCW.

(3) "Acquisition" means an acquisition by a person of an interest in a nonprofit hospital, whether by purchase, merger, lease, gift, joint venture, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of the hospital, or that results in the acquiring person holding or controlling fifty percent or more of the assets of the hospital, but acquisition does not include an acquisition if the acquiring person: (a) Is a nonprofit corporation having a substantially similar charitable health care purpose as the nonprofit corporation from whom the hospital is being acquired, or is a government entity; (b) is exempt from federal income tax under section 501(c)(3) of the internal revenue code or as a government entity; and (c) will maintain representation from the affected community on the local board of the hospital.

(4) "Nonprofit hospital" means a hospital owned by a nonprofit corporation organized under Title 24 RCW.

(5) "Person" means an individual, a trust or estate, a partnership, a corporation including associations, limited liability companies, joint stock companies, and insurance companies. [1997 c 332 § 2.]

70.45.030 Department approval required—Application—Fees. (1) A person may not engage in the acquisition of a nonprofit hospital without first having applied for and received the approval of the department under this chapter.

(2) An application must be submitted to the department on forms provided by the department, and at a minimum must include: The name of the hospital being acquired, the name of the acquiring person or other parties to the acquisition, the acquisition price, a copy of the acquisition agreement, a financial and economic analysis and report from an independent expert or consultant of the effect of the acquisition under the criteria in RCW 70.45.070, and all other related documents. The applications and all related documents are considered public records for purposes of chapter 42.17 RCW.

(3) The department shall charge an applicant fees sufficient to cover the costs of implementing this chapter. The fees must include the cost of the attorney general's opinion under RCW 70.45.060. The department shall transfer this portion of the fee, upon receipt, to the attorney general. [1997 c 332 § 3.]

70.45.040 Applications—Deficiencies—Public notice. (1) The department, in consultation with the attorney general, shall determine if the application is complete for the purposes of review. The department may find that an application is incomplete if a question on the application form has not been answered in whole or in part, or has been answered in a manner that does not fairly meet the question addressed, or if the application does not include attachments of supporting documents as required by RCW 70.45.030. If the department determines that an application is incomplete, it shall notify the applicant within fifteen working days after the date

the application was received stating the reasons for its determination of incompleteness, with reference to the particular questions for which a deficiency is noted.

(2) Within five working days after receipt of a completed application, the department shall publish notice of the application in a newspaper of general circulation in the county or counties where the hospital is located and shall notify by first class United States mail, electronic mail, or facsimile transmission, any person who has requested notice of the filing of such applications. The notice must state that an application has been received, state the names of the parties to the agreement, describe the contents of the application, and state the date by which a person may submit written comments about the application to the department. [1997 c 332 § 4.]

70.45.050 Public hearings. During the course of review under this chapter, the department shall conduct one or more public hearings, at least one of which must be in the county where the hospital to be acquired is located. At the hearings, anyone may file written comments and exhibits or appear and make a statement. The department may subpoena additional information or witnesses, require and administer oaths, require sworn statements, take depositions, and use related discovery procedures for purposes of the hearing and at any time prior to making a decision on the application.

A hearing must be held not later than forty-five days after receipt of a completed application. At least ten days' public notice must be given before the holding of a hearing. [1997 c 332 § 5.]

70.45.060 Attorney general review and opinion—Department review and decision—Adjudicative proceedings. (1) The department shall provide the attorney general with a copy of a completed application upon receiving it. The attorney general shall review the completed application, and within forty-five days of the first public hearing held under RCW 70.45.050 shall provide a written opinion to the department as to whether or not the acquisition meets the requirements for approval in RCW 70.45.070.

(2) The department shall review the completed application to determine whether or not the acquisition meets the requirements for approval in RCW 70.45.070 and 70.45.080. Within thirty days after receiving the written opinion of the attorney general under subsection (1) of this section, the department shall:

(a) Approve the acquisition, with or without any specific modifications or conditions; or

(b) Disapprove the acquisition.

(3) The department may not make its decision subject to any condition not directly related to requirements in RCW 70.45.070 or 70.45.080, and any condition or modification must bear a direct and rational relationship to the application under review.

(4) A person engaged in an acquisition and affected by a final decision of the department has the right to an adjudicative proceeding under chapter 34.05 RCW. The opinion of the attorney general provided under subsection (1) of this section may not constitute a final decision for purposes of review.

(5) The department or the attorney general may extend, by not more than thirty days, any deadline established under this chapter one time during consideration of any application, for good cause. [1997 c 332 § 6.]

70.45.070 Department review—Criteria to safeguard charitable assets. The department shall only approve an application if the parties to the acquisition have taken the proper steps to safeguard the value of charitable assets and ensure that any proceeds from the acquisition are used for appropriate charitable health purposes. To this end, the department may not approve an application unless, at a minimum, it determines that:

(1) The acquisition is permitted under chapter 24.03 RCW, the Washington nonprofit corporation act, and other laws governing nonprofit entities, trusts, or charities;

(2) The nonprofit corporation that owns the hospital being acquired has exercised due diligence in authorizing the acquisition, selecting the acquiring person, and negotiating the terms and conditions of the acquisition;

(3) The procedures used by the nonprofit corporation's board of trustees and officers in making its decision fulfilled their fiduciary duties, that the board and officers were sufficiently informed about the proposed acquisition and possible alternatives, and that they used appropriate expert assistance;

(4) No conflict of interest exists related to the acquisition, including, but not limited to, conflicts of interest related to board members of, executives of, and experts retained by the nonprofit corporation, acquiring person, or other parties to the acquisition;

(5) The nonprofit corporation will receive fair market value for its assets. The attorney general or the department may employ, at the expense of the acquiring person, reasonably necessary expert assistance in making this determination. This expense must be in addition to the fees charged under RCW 70.45.030;

(6) Charitable funds will not be placed at unreasonable risk, if the acquisition is financed in part by the nonprofit corporation;

(7) Any management contract under the acquisition will be for fair market value;

(8) The proceeds from the acquisition will be controlled as charitable funds independently of the acquiring person or parties to the acquisition, and will be used for charitable health purposes consistent with the nonprofit corporation's original purpose, including providing health care to the disadvantaged, the uninsured, and the underinsured and providing benefits to promote improved health in the affected community;

(9) Any charitable entity established to hold the proceeds of the acquisition will be broadly based in and representative of the community where the hospital to be acquired is located, taking into consideration the structure and governance of such entity; and

(10) A right of first refusal to repurchase the assets by a successor nonprofit corporation or foundation has been retained if the hospital is subsequently sold to, acquired by, or merged with another entity. [1997 c 332 § 7.]

70.45.080 Department review—Criteria for continued existence of accessible, affordable health care. The department shall only approve an application if the acquisition in question will not detrimentally affect the continued existence of accessible, affordable health care that is responsive to the needs of the community in which the hospital to be acquired is located. To this end, the department shall not approve an application unless, at a minimum, it determines that:

(1) Sufficient safeguards are included to assure the affected community continued access to affordable care, and that alternative sources of care are available in the community should the acquisition result in a reduction or elimination of particular health services;

(2) The acquisition will not result in the revocation of hospital privileges;

(3) Sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;

(4) The acquiring person and parties to the acquisition are committed to providing health care to the disadvantaged, the uninsured, and the underinsured and to providing benefits to promote improved health in the affected community. Activities and funding provided under RCW 70.45.070(8) may be considered in evaluating compliance with this commitment; and

(5) Sufficient safeguards are included to avoid conflict of interest in patient referral. [1997 c 332 § 8.]

70.45.090 Approval of acquisition required—Injunctions. (1) The secretary of state may not accept any forms or documents in connection with any acquisition of a nonprofit hospital until the acquisition has been approved by the department under this chapter.

(2) The attorney general may seek an injunction to prevent any acquisition not approved by the department under this chapter. [1997 c 332 § 9.]

70.45.100 Compliance—Department authority—Hearings—Revocation or suspension of hospital license—Referral to attorney general for action. The department shall require periodic reports from the nonprofit corporation or its successor nonprofit corporation or foundation and from the acquiring person or other parties to the acquisition to ensure compliance with commitments made. The department may subpoena information and documents and may conduct on-site compliance audits at the acquiring person's expense.

If the department receives information indicating that the acquiring person is not fulfilling commitments to the affected community under RCW 70.45.080, the department shall hold a hearing upon ten days' notice to the affected parties. If after the hearing the department determines that the information is true, it may revoke or suspend the hospital license issued to the acquiring person pursuant to the procedure established under RCW 70.41.130, refer the matter to the attorney general for appropriate action, or both. The attorney general may seek a court order compelling the acquiring person to fulfill its commitments under RCW 70.45.080. [1997 c 332 § 10.]

70.45.110 Authority of attorney general to ensure compliance. The attorney general has the authority to ensure

(2004 Ed.)

compliance with commitments that inure to the public interest. [1997 c 332 § 11.]

70.45.120 Acquisitions completed before July 27, 1997, not subject to this chapter. An acquisition of a hospital completed before July 27, 1997, and an acquisition in which an application for a certificate of need under chapter 70.38 RCW has been granted by the department before July 27, 1997, is not subject to this chapter. [1997 c 332 § 12.]

70.45.130 Common law and statutory authority of attorney general. No provision of this chapter derogates from the common law or statutory authority of the attorney general. [1997 c 332 § 13.]

70.45.140 Rule-making and contracting authority. The department may adopt rules necessary to implement this chapter and may contract with and provide reasonable reimbursement to qualified persons to assist in determining whether the requirements of RCW 70.45.070 and 70.45.080 have been met. [1997 c 332 § 14.]

70.45.900 Severability—1997 c 332. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1997 c 332 § 19.]

70.47.002 Intent—2002 c 2 (Initiative Measure No. 773). It is the intent of the people to improve the health of low-income children and adults by expanding access to basic health care and by reducing tobacco-related and other diseases and illnesses that disproportionately affect low-income persons. [2002 c 2 § 1 (Initiative Measure No. 773, approved November 6, 2001).]

70.47.005 Transfer power, duties, and functions to Washington state health care authority. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority. [1993 c 492 § 201.]

Findings—Intent—1993 c 492: See notes following RCW 43.20.050.

Short title—Severability—Savings—Captions not law—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

70.47.010 Legislative findings—Purpose—Administrator and department of social and health services to coordinate eligibility. (1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the administrator to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the administrator shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such alternatives, the administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.

(2) The legislature further finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-

income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(5)(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients. [2000 c 79 § 42; 1993 c 492 § 208; 1987 1st ex.s. c 5 § 3.]

Short title—Severability—Savings—Captions not law—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

70.47.015 Expanded enrollment—Findings—Intent—Enrollee premium share—Expedited application and enrollment process—Commission for agents and brokers. (1) The legislature finds that the basic health plan has been an effective program in providing health coverage for uninsured residents. Further, since 1993, substantial amounts of public funds have been allocated for subsidized basic health plan enrollment.

(2) It is the intent of the legislature that the basic health plan enrollment be expanded expeditiously, consistent with funds available in the health services account, with the goal of two hundred thousand adult subsidized basic health plan enrollees and one hundred thirty thousand children covered through expanded medical assistance services by June 30, 1997, with the priority of providing needed health services to children in conjunction with other public programs.

(3) Effective January 1, 1996, basic health plan enrollees whose income is less than one hundred twenty-five percent of the federal poverty level shall pay at least a ten-dollar premium share.

(4) No later than July 1, 1996, the administrator shall implement procedures whereby hospitals licensed under chapters 70.41 and 71.12 RCW, health carrier, rural health care facilities regulated under chapter 70.175 RCW, and community and migrant health centers funded under RCW 41.05.220, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

(5) No later than July 1, 1996, the administrator shall implement procedures whereby health insurance agents and brokers, licensed under chapter 48.17 RCW, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. Brokers and agents may receive a commission for each individual sale of the basic health plan to anyone not signed up within the previous five years and a commission for each group sale of the basic health plan, if funding for this purpose is provided in a specific appropriation to the health care authority. No commission shall be provided upon a renewal. Commissions shall be determined based on the estimated annual cost of the basic health plan, however, commissions shall not result in a reduction in the premium amount paid to health carriers. For purposes of this section "health carrier" is as defined in RCW 48.43.005. The administrator may establish: (a) Minimum educational requirements that must be completed by the agents or brokers; (b) an appointment process for agents or brokers marketing the basic health plan; or (c) standards for revocation of the appointment of an agent or broker to submit applications for cause, including untrustworthy or incompetent conduct or harm to the public. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process. [1997 c 337 § 1; 1995 c 265 § 1.]

Effective date—1997 c 337 §§ 1 and 2: "Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or

safety, or support of the state government and its existing public institutions, and take effect July 1, 1997." [1997 c 337 § 9.]

Captions not law—1995 c 265: "Captions as used in this act constitute no part of the law." [1995 c 265 § 29.]

Effective date—1995 c 265: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995, except that sections 13 through 18 of this act shall take effect January 1, 1996." [1995 c 265 § 30.]

Savings—1995 c 265: "This act shall not be construed as affecting any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections." [1995 c 265 § 31.]

Severability—1995 c 265: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 c 265 § 32.]

system, that is based upon the enrollment of subsidized, non-subsidized, and health coverage tax credit eligible enrollees in the plan and in that system. 70.47.040 Basic health plan—Health care authority head to be administrator—Joint operations—Technical advisory committee. (1) The Washington basic health plan is created as a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator of the Washington state health care authority. The administrator shall appoint a medical director. The medical director and up to

(2004 Ed.)

five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans. [1993 c 492 § 211; 1987 1st ex.s. c 5 § 6.]

Findings—Intent—1993 c 492: See notes following RCW 43.20.050.

70.47.050 Rules. The administrator may promulgate and adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. [1987 1st ex.s. c 5 § 7.]

70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment. (*Effective until January 1, 2005.*) The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health

plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing

mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for either subsidized enrollees, or nonsubsidized enrollees, or both. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incor-

rectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(2004 Ed.)

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(16) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(17) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool. [2001 c 196 § 13; 2000 c 79 § 34. 70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment. (*Effective January 1, 2005.*) The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the

office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium pay-

ments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust

(2004 Ed.)

the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool. 70.47.070 Benefits from other coverages not reduced.

The benefits available under the plan shall be subject to RCW 48.21.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury. [1987 1st ex.s. c 5 § 9.]

70.47.080 Enrollment of applicants—Participation limitations. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan.

Thereafter, total subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in *RCW 70.47.020(5). [Title 70 RCW—page 88]

70.47.090 Removal of enrollees. Any enrollee whose premium payments to the plan are delinquent or who moves his or her residence out of an area served by the plan may be dropped from enrollment status. An enrollee whose premium is the responsibility of the department of social and health services under RCW 70.47.110 may not be dropped solely because of nonpayment by the department. The administrator shall provide delinquent enrollees with advance written notice of their removal from the plan and shall provide for a hearing under chapters 34.05 and 34.12 RCW for any enrollee who contests the decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the administrator shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, if applicable, members of the enrollee's family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.05 and 34.12 RCW. [1987 1st ex.s. c 5 § 11.]

70.47.100 Participation by a managed health care system. (Effective until January 1, 2005.) (1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of provid-

(2004 Ed.)

ing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to either subsidized enrollees, or nonsubsidized enrollees, or both.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:

(i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or

(ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the statewide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.

(b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. [2000 c 79 § 35; 1987 1st ex.s. c 5 § 12.]

70.47.100 Participation by a managed health care system. (*Effective January 1, 2005.*) (1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health

coverage tax credit eligible enrollees, or any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:

(i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or

(ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the statewide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.

(b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. 70.47.110 Enrollment of medical assistance recipients. The department of social and health services may make payments to the administrator or to participating managed health care systems on behalf of any enrollee who is a recipient of medical care under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act. Any enrollee on whose behalf the department of social and health services makes such payments may continue as an enrollee, making premium payments based on the enrollee's own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The administrator shall seek to determine which enrollees or prospective enrollees may be eligible for medical care under chapter

74.09 RCW and may require these individuals to complete the eligibility determination process under chapter 74.09 RCW prior to enrollment or continued participation in the plan. The administrator and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW. [1991 sp.s. c 4 § 3; 1987 1st ex.s. c 5 § 13.]

Effective date—1991 sp.s. c 4: See note following RCW 70.47.030.

70.47.115 Enrollment of persons in timber impact areas.

(1) The administrator, when specific funding is provided and where feasible, shall make the basic health plan available in timber impact areas. The administrator shall prioritize making the plan available under this section to the timber impact areas meeting the following criteria, as determined by the employment security department: (a) A lumber and wood products employment location quotient at or above the state average; (b) a direct lumber and wood products job loss of one hundred positions or more; and (c) an annual unemployment rate twenty percent above the state average.

(2) Persons assisted under this section shall meet the requirements of enrollee as defined in *RCW 70.47.020(4).

(3) For purposes of this section, "timber impact area" means:

(a) A county having a population of less than five hundred thousand, or a city or town located within a county having a population of less than five hundred thousand, and meeting two of the following three criteria, as determined by the employment security department, for the most recent year such data is available: (i) A lumber and wood products employment location quotient at or above the state average; (ii) projected or actual direct lumber and wood products job losses of one hundred positions or more, except counties having a population greater than two hundred thousand but less than five hundred thousand must have direct lumber and wood products job losses of one thousand positions or more; or (iii) an annual unemployment rate twenty percent or more above the state average; or

(b) Additional communities as the economic recovery coordinating board, established in **RCW 43.31.631, designates based on a finding by the board that each designated community is socially and economically integrated with areas that meet the definition of a timber impact area under (a) of this subsection. [1992 c 21 § 7; 1991 c 315 § 22.]

Reviser's note: *(1) RCW 70.47.020 was amended by 2004 c 192 § 1, changing subsection (4) to subsection (6), effective January 1, 2005.

70.47.120 Administrator—Contracts for services. In addition to the powers and duties specified in RCW 70.47.040 and 70.47.060, the administrator has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or eval-

uate the performance of participating managed health care systems.

(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW except that persons appointed or authorized to solicit applications for enrollment in the basic health plan shall comply with chapter 48.17 RCW. [1997 c 337 § 7; 1987 1st ex.s. c 5 § 14.]

70.47.130 Exemption from insurance code. (1) The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, are exempt from the provisions and requirements of Title 48 RCW except:

(a) Benefits as provided in RCW 70.47.070;

(b) Managed health care systems are subject to the provisions of RCW 48.43.022, 48.43.500, 70.02.045, 48.43.505 through 48.43.535, 43.70.235, 48.43.545, 48.43.550, 70.02.110, and 70.02.900;

(c) Persons appointed or authorized to solicit applications for enrollment in the basic health plan, including employees of the health care authority, must comply with chapter 48.17 RCW. For purposes of this subsection (1)(c), "solicit" does not include distributing information and applications for the basic health plan and responding to questions; and

(d) Amounts paid to a managed health care system by the basic health plan for participating in the basic health plan and providing health care services for nonsubsidized enrollees in the basic health plan must comply with RCW 48.14.0201.

(2) The purpose of the 1994 amendatory language to this section in chapter 309, Laws of 1994 is to clarify the intent of the legislature that premiums paid on behalf of nonsubsidized enrollees in the basic health plan are subject to the premium and prepayment tax. The legislature does not consider this clarifying language to either raise existing taxes nor to impose a tax that did not exist previously. [2004 c 115 § 2; 2000 c 5 § 21; 1997 c 337 § 8; 1994 c 309 § 6; 1987 1st ex.s. c 5 § 15.]

(2004 Ed.)

70.47.140 Reservation of legislative power. The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time. [1987 1st ex.s. c 5 § 2.]

70.47.150 Public disclosure. Notwithstanding the provisions of chapter 42.17 RCW, (1) records obtained, reviewed by, or on file with the plan containing information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (2) actuarial formulas, statistics, and assumptions submitted in support of a rate filing by a managed health care system or submitted to the administrator upon his or her request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition. [1990 c 54 § 1.]

70.47.160 Right of individuals to receive services—Right of providers, carriers, and facilities to refuse to participate in or pay for services for reason of conscience or religion—Requirements. (1) The legislature recognizes that every individual possesses a fundamental right to exercise their religious beliefs and conscience. The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. Therefore, while recognizing the right of conscientious objection to participating in specific health services, the state shall also recognize the right of individuals enrolled with the basic health plan to receive the full range of services covered under the basic health plan.

(2)(a) No individual health care provider, religiously sponsored health carrier, or health care facility may be required by law or contract in any circumstances to participate in the provision of or payment for a specific service if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(b) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the basic health plan. Each health carrier shall:

(i) Provide written notice to enrollees, upon enrollment with the plan, listing services that the carrier refuses to cover for reason of conscience or religion;

(ii) Provide written information describing how an enrollee may directly access services in an expeditious manner; and

(iii) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b)(ii) of this subsection.

(c) The administrator shall establish a mechanism or mechanisms to recognize the right to exercise conscience while ensuring enrollees timely access to services and to assure prompt payment to service providers.

(3)(a) No individual or organization with a religious or moral tenet opposed to a specific service may be required to purchase coverage for that service or services if they object to doing so for reason of conscience or religion.

(b) The provisions of this section shall not result in an enrollee being denied coverage of, and timely access to, any service or services excluded from their benefits package as a result of their employer's or another individual's exercise of the conscience clause in (a) of this subsection.

(c) The administrator shall define the process through which health carriers may offer the basic health plan to individuals and organizations identified in (a) and (b) of this subsection in accordance with the provisions of subsection (2)(c) of this section.

(4) Nothing in this section requires the health care authority, health carriers, health care facilities, or health care providers to provide any basic health plan service without payment of appropriate premium share or enrollee cost sharing. [1995 c 266 § 3.]

Effective date—1995 c 266: See note following RCW 70.47.060.

70.47.900 Short title. This chapter shall be known and may be cited as the health care access act of 1987. [1987 1st ex.s. c 5 § 1.]

70.47.901 Severability—1987 1st ex.s. c 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 1st ex.s. c 5 § 26.]

(2) The contract authorized in subsection (1) of this section shall be for a minimum term of ten years when state funds are provided to construct or remodel a jail in one governing unit that will be used to house prisoners of other governing units. The contract may not be terminated prior to the end of the term without the office's approval. If the contract is terminated, or upon the expiration and nonrenewal of the contract, the governing unit whose jail facility was built or remodeled to hold the prisoners of other governing units shall pay to the state treasurer the amount set by the *corrections standards board or office when it authorized disbursement of state funds for the remodeling or construction under **RCW

(2004 Ed.)

70.48.120. (2) A jurisdiction that confines persons prior to conviction in a regional jail in another county is responsible for providing private telephone, video-conferencing, or in-person contact between the defendant and his or her public defense counsel.

(3) The creation and operation of any regional jail must comply with the interlocal cooperation act described in chapter 39.34 RCW.

(4) Nothing in this section prevents counties and cities from contracting for jail services as described in RCW 70.48.090. [2002 c 124 § 1.]

70.48.100 Jail register, open to the public—Records confidential—Exception. (1) A department of corrections or chief law enforcement officer responsible for the operation of a jail shall maintain a jail register, open to the public, into which shall be entered in a timely basis:

70.48.130 Emergency or necessary medical and health care for confined persons—Reimbursement procedures—Conditions—Limitations. It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the department of social and health services, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the department, if the confined person is eligible under the department's medical care programs as authorized under chapter 74.09 RCW. After payment by the department, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the department for similar services provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the department, the governing unit, and any provider of health care services.

The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person.

Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the department's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided. [1993 c 409 § 1; 1986 c 118 § 9; 1977 ex.s. c 316 § 13.]

Effective date—1993 c 409: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 15, 1993]." [1993 c 409 § 2.]

70.48.140 Confinement pursuant to authority of the United States. A person having charge of a jail shall receive and keep in such jail, when room is available, all persons confined or committed thereto by process or order issued under authority of the United States until discharged according to law, the same as if such persons had been committed under process issued under authority of the state, if provision is made by the United States for the support of such persons confined, and for any additional personnel required. [1977 ex.s. c 316 § 14.]

Severability—1977 ex.s. c 316: See note following RCW 70.48.020.

70.48.160 Post-approval limitation on funding. Having received approval pursuant to *RCW 70.48.060, a governing unit shall not be eligible for further funding for physical plant standards for a period of ten years from the date of the completion of the approved project. A jail shall not be closed for noncompliance to physical plant standards within this same ten year period. This section does not apply if:

(1) The state elects to fund phased components of a jail project for which a governing unit has applied. In that

instance, initially funded components do not constitute full funding within the meaning of *RCW 70.48.060(1) and **70.48.070(2) and the state may fund subsequent phases of the jail project;

(2) There is destruction of the facility because of an act of God or the result of a negligent and/or criminal act. [1987 c 462 § 9; 1986 c 118 § 10; 1981 c 276 § 3; 1977 ex.s. c 316 § 16.]

70.48.210 Farms, camps, work release programs, and special detention facilities. (1) All cities and counties are authorized to establish and maintain farms, camps, and work release programs and facilities, as well as special detention facilities. The facilities shall meet the requirements of chapter 70.48 RCW and any rules adopted thereunder.

(2) Farms and camps may be established either inside or outside the territorial limits of a city or county. A sentence of confinement in a city or county jail may include placement in a farm or camp. Unless directed otherwise by court order, the chief law enforcement officer or department of corrections, may transfer the prisoner to a farm or camp. The sentencing court, chief law enforcement officer, or department of corrections may not transfer to a farm or camp a greater number of

prisoners than can be furnished with constructive employment and can be reasonably accommodated.

(3) The city or county may establish a city or county work release program and housing facilities for the prisoners in the program. In such regard, factors such as employment conditions and the condition of jail facilities should be considered. When a work release program is established the following provisions apply:

(a) A person convicted of a felony and placed in a city or county jail is eligible for the work release program. A person sentenced to a city or county jail is eligible for the work release program. The program may be used as a condition of probation for a criminal offense. Good conduct is a condition of participation in the program.

(b) The court may permit a person who is currently, regularly employed to continue his or her employment. The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible. The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail unless authorized to be absent from the facility for program-related purposes, unless the court directs otherwise.

(d) Each work release prisoner's earnings may be collected by the chief law enforcement officer or a designee. The chief law enforcement officer or a designee may deduct from the earnings moneys for the payments for the prisoner's board, personal expenses inside and outside the jail, a share of the administrative expenses of this section, court-ordered victim compensation, and court-ordered restitution. Support payments for the prisoner's dependents, if any, shall be made as directed by the court. With the prisoner's consent, the remaining funds may be used to pay the prisoner's preexisting debts. Any remaining balance shall be returned to the prisoner.

(e) The prisoner's sentence may be reduced by earned early release time in accordance with procedures that shall be developed and promulgated by the work release facility. The earned early release time shall be for good behavior and good performance as determined by the facility. The facility shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(f) If the work release prisoner violates the conditions of custody or employment, the prisoner shall be returned to the sentencing court. The sentencing court may require the prisoner to spend the remainder of the sentence in actual confinement and may cancel any earned reduction of the sentence.

(4) A special detention facility may be operated by a noncorrectional agency or by noncorrectional personnel by contract with the governing unit. The employees shall meet

the standards of training and education established by the criminal justice training commission as authorized by RCW 43.101.080. The special detention facility may use combinations of features including, but not limited to, low-security or honor prisoner status, work farm, work release, community review, prisoner facility maintenance and food preparation, training programs, or alcohol or drug rehabilitation programs. Special detention facilities may establish a reasonable fee schedule to cover the cost of facility housing and programs. The schedule shall be on a sliding basis that reflects the person's ability to pay. [1990 c 3 § 203; 1989 c 248 § 3; 1985 c 298 § 1; 1983 c 165 § 39; 1979 ex.s. c 232 § 17.]

This section does not apply to persons sentenced for a felony who are held in the facility as a condition of probation or who are specifically sentenced to confinement in the facility.

Payment for persons sentenced to state institutions and remaining in a jail from the eighth through the fortieth days following sentencing shall be in accordance with the procedure prescribed under this chapter. [1984 c 235 § 8; 1979 ex.s. c 232 § 20.]

This fund shall be used for the payment of interest on and retirement of the bonds and notes authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required in the next succeeding twelve months for the payment of the principal of and the interest coming due on the bonds. Not less than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the jail renovation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on the payment date. The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

If a debt-limit general fund bond retirement account is created in the state treasury by chapter 456, Laws of 1997 and becomes effective prior to the issuance of any of the bonds authorized by this chapter, the debt-limit general fund bond retirement account shall be used for the purposes of this chapter in lieu of the jail renovation bond retirement fund. It is the intent of the legislature that passage of RCW 70.54.130 through 70.54.150 shall not constitute any endorsement whatever of the efficacy of amygdalin (Laetrile) in the treatment of cancer, but represents only the legislature's endorsement of a patient's freedom of choice, so long as the patient has been given sufficient information in writing to make an informed decision regarding his/her treatment and the substance is not proven to be directly detrimental to health. (3) The county legislative authority of each county with a population of eighteen thousand or less shall by July 1, 1980, make a determination of whether sufficient need exists with their respective counties to require installation of a telecommunication device. Reconsideration of such determination will be made at any future date when a deaf individual indicates a need for such an instrument. [1991 c 363 § 142; 1979 ex.s. c 63 § 2.]

In order to accomplish this, the legislature has determined that cancer cases shall be reported to the department of health, and that there shall be established a statewide population-based cancer registry." [1990 c 280 § 1.]

70.54.240 Cancer registry program—Reporting requirements. (1) The department of health shall adopt rules as to which types of cancer shall be reported, who shall report, and the form and timing of the reports.

(2) Every health care facility and independent clinical laboratory, and those physicians or others providing health care who diagnose or treat any patient with cancer who is not hospitalized within one month of diagnosis, will provide the contractor with the information required under subsection (1) of this section. The required information may be collected on a regional basis where such a system exists and forwarded to the contractor in a form suitable for the purposes of RCW 70.54.230 through 70.54.270. Such reporting arrangements shall be reduced to a written agreement between the contractor and any regional reporting agency which shall detail the manner, form, and timeliness of the reporting. bility on the part of the provider nor shall it constitute a breach of confidentiality. The contractor shall, at the request of the provider, but not more frequently than once a year, sign an oath of confidentiality, which reads substantially as follows:

"As a condition of conducting research concerning persons who have received services from (name of the health care provider or facility), I, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such research that could lead to identification of such persons receiving services, or to the identification of their health care providers. I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law."

Intent—1990 c 280: See note following RCW 70.54.230.

70.54.280 Bone marrow donor recruitment and education program—Generally—Target minority populations. The department of health shall establish a bone marrow donor recruitment and education program to educate residents of the state about:

- (1) The need for bone marrow donors;
- (2) The procedures required to become registered as a potential bone marrow donor, including procedures for determining a person's tissue type; and
- (3) The procedures a donor must undergo to donate bone marrow or other sources of blood stem cells.

The department of health shall make special efforts to educate and recruit citizens from minority populations to volunteer as potential bone marrow donors. Means of communication may include use of press, radio, and television, and placement of educational materials in appropriate health care facilities, blood banks, and state and local agencies. The department of health in conjunction with the department of licensing shall make educational materials available at all places where driver licenses are issued or renewed. [1992 c 109 § 2.]

Findings—1992 c 109: "The legislature finds that an estimated sixteen thousand American children and adults are stricken each year with leukemia, aplastic anemia, or other fatal blood diseases. For many of these individuals, bone marrow transplantation is the only chance for survival. Nearly seventy percent cannot find a suitable bone marrow match within their own families. The chance that a patient will find a matching, unrelated donor in the general population is between one in a hundred and one in a million.

The legislature further finds that because tissue types are inherited, and different tissue types are found in different ethnic groups, the chances of finding an unrelated donor vary according to the patient's ethnic and racial background. Patients from minority groups are therefore less likely to find matching, unrelated donors.

It is the intent of the legislature to establish a statewide bone marrow donor education and recruitment program in order to increase the number of Washington residents who become bone marrow donors, and to increase the chance that patients in need of bone marrow transplants will find a suitable bone marrow match." [1992 c 109 § 1.]

(2004 Ed.)

70.54.290 Bone marrow donor recruitment and education program—State employees to be recruited. The department of health shall make special efforts to educate and recruit state employees to volunteer as potential bone marrow donors. Such efforts shall include, but not be limited to, conducting a bone marrow donor drive to encourage state employees to volunteer as potential bone marrow donors. The drive shall include educational materials furnished by the national bone marrow donor program and presentations that explain the need for bone marrow donors, and the procedures for becoming registered as potential bone marrow donors. The cost of educational materials and presentations to state employees shall be borne by the national marrow donor program. [1992 c 109 § 3.]

Findings—1992 c 109: See note following RCW 70.54.280.

70.54.300 Bone marrow donor recruitment and education program—Private sector and community involvement. In addition to educating and recruiting state employees, the department of health shall make special efforts to encourage community and private sector businesses and associations to initiate independent efforts to achieve the goals of chapter 109, Laws of 1992. [1992 c 109 § 4.]

Findings—1992 c 109: See note following RCW 70.54.280.

(e) The defibrillator user shall call 911 or its local equivalent as soon as possible after the emergency use of the defibrillator and shall assure that appropriate follow-up data is made available as requested by emergency medical service or other health care providers.

(3) A person who uses a defibrillator at the scene of an emergency and all other persons and entities providing services under this section are immune from civil liability for any personal injury that results from any act or omission in the use of the defibrillator in an emergency setting.

(4) The immunity from civil liability does not apply if the acts or omissions amount to gross negligence or willful or wanton misconduct.

(5) The requirements of subsection (2) of this section shall not apply to any individual using a defibrillator in an emergency setting if that individual is acting as a good samaritan under RCW 4.24.300. [1998 c 150 § 1.]

70.54.320 Electrology and tattooing—Findings. The legislature finds and declares that the practices of electrology and tattooing involve an invasive procedure with the use of needles and instruments which may be dangerous when improperly sterilized presenting a risk of infecting the client with bloodborne pathogens such as HIV and Hepatitis B. It is in the interests of the public health, safety, and welfare to establish requirements for the sterilization procedures in the commercial practices of electrology and tattooing in this state. The secretary of health shall adopt by rule requirements for the sterilization of needles and instruments by electrologists and tattoo artists in accordance with nationally recognized professional standards. The secretary shall consider the universal precautions for infection control, as recommended by the United States centers for disease control, and guidelines for infection control, as recommended by the national environmental health association and the alliance of professional tattooists, in the adoption of these sterilization requirements. Reviser's note: Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 398, Laws of 2003.

Effective date—2003 c 398: "This act takes effect July 1, 2004." [2003 c 398 § 2.]

If no births or deaths were registered during any month, the local registrar shall be paid the sum of one dollar for each report to that effect: PROVIDED, That all local health officers who are by statute required to serve as local registrars shall not be entitled to the fee of one dollar. Neither shall any members of their staffs be entitled to the above fee of one dollar when such persons serve as deputy registrars. All fees payable to local registrars shall be paid by the treasurer of the county or city, properly chargeable therewith, out of the funds of the county or city, upon warrants drawn by the auditor, or other proper officer of the county or city. No warrant shall be issued to a local registrar except upon a statement, signed by the state registrar, stating the names and addresses respectively of the local registrars entitled to fees from the county or city, and the number of certificates and reports of births, deaths, and fetal deaths, properly returned to the state registrar, by each local registrar, during three preceding calendar months prior to the date of the statement, and the amount of fees to which each local registrar is entitled, which statement the state registrar shall file with the proper officers during the months of January, April, July, and October of each year. Upon filing of the statement the auditor or other proper officer of the county or city shall issue warrants for the amount due each local registrar. [1961 ex.s. c 5 § 7; 1951 c 106 § 8; 1915 c 180 § 10; 1907 c 83 § 19; RRS § 6036.]

And they shall make an immediate report to the state registrar of any violations of this law coming to their notice by observation or upon the complaint of any person, or otherwise. The state registrar is hereby charged with the thorough and efficient execution of the provisions of *this act in every part of the state, and with supervisory power over local registrars, to the end that all of the requirements shall be uniformly complied with. He shall have authority to investigate cases of irregularity or violation of law, personally or by accredited representative, and all local registrars shall aid him, upon request, in such investigation. When he shall deem it necessary he shall report cases of violation of any of the provisions of *this act to the prosecuting attorney of the proper county with a statement of the fact and circumstances; and when any such case is reported to them by the state registrar, all prosecuting attorneys or officials acting in such capacity shall forthwith initiate and promptly follow up the necessary court proceedings against the parties responsible for the alleged violations of law. And upon request of the state registrar the attorney general shall likewise assist in the enforcement of the provisions of *this act. [1907 c 83 § 22; RRS § 6039.]

70.58.055 Certificates generally. (1) To promote and maintain nation-wide uniformity in the system of vital statistics, the certificates required by this chapter or by the rules adopted under this chapter shall include, as a minimum, the

items recommended by the federal agency responsible for national vital statistics including social security numbers.

(2) The state board of health by rule may require additional pertinent information relative to the birth and manner of delivery as it may deem necessary for statistical study. This information shall be placed in a confidential section of the birth certificate form and shall not be subject to the view of the public or for certification purposes except upon order of the court. The state board of health may eliminate from the forms items that it determines are not necessary for statistical study.

(3) Each certificate or other document required by this chapter shall be on a form or in a format prescribed by the state registrar.

(4) All vital records shall contain the data required for registration. No certificate may be held to be complete and correct that does not supply all items of information called for or that does not satisfactorily account for the omission of required items.

(5) Information required in certificates or documents authorized by this chapter may be filed and registered by photographic, electronic, or other means as prescribed by the state registrar. [1997 c 58 § 948; 1991 c 96 § 1.]

70.58.061 Electronic and hard copy transmission.

The department is authorized to prescribe by rule the schedule and system for electronic and hard copy transmission of certificates and documents required by this chapter. [1991 c 96 § 2.]

70.58.065 Local registrar use of electronic data bases. The department, in mutual agreement with a local health officer as defined in RCW 70.05.010, may authorize a local registrar to access the statewide birth data base or death data base and to issue a certified copy of birth or death certificates from the respective statewide electronic data bases. In such cases, the department may bill local registrars for only direct line charges associated with accessing birth and death data bases. [1991 c 96 § 3.]

70.58.070 Registration of births required. All births that occur in the state shall be immediately registered in the districts in which they occur, as hereinafter provided. [1907 c 83 § 11; RRS § 6028.]

70.58.080 Birth certificates—Filing—Establishing paternity—Surname of child. (1) Within ten days after the birth of any child, the attending physician, midwife, or his or her agent shall:

(a) Fill out a certificate of birth, giving all of the particulars required, including: (i) The mother's name and date of birth, and (ii) if the mother and father are married at the time of birth or an acknowledgment of paternity has been signed or one has been filed with the state registrar of vital statistics naming the man as the father, the father's name and date of birth; and

(b) File the certificate of birth together with the mother's and father's social security numbers with the state registrar of vital statistics.

(2) The local registrar shall forward the birth certificate, any signed acknowledgment of paternity that has not been filed with the state registrar of vital statistics, and the mother's and father's social security numbers to the state office of vital statistics pursuant to RCW 70.58.030.

(3) The state registrar of vital statistics shall make available to the division of child support the birth certificates, the mother's and father's social security numbers and acknowledgments of paternity.

(4) Upon the birth of a child to an unmarried woman, the attending physician, midwife, or his or her agent shall:

(a) Provide an opportunity for the child's mother and natural father to complete an acknowledgment of paternity. The completed acknowledgment shall be filed with the state registrar of vital statistics. The acknowledgment shall be prepared as required by RCW 26.26.305.

(b) Provide written information and oral information, furnished by the department of social and health services, to the mother and the father regarding the benefits of having the child's paternity established and of the availability of paternity establishment services, including a request for support enforcement services. The oral and written information shall also include information regarding the alternatives to, the legal consequences of, and the rights, including, if one parent is a minor any rights afforded due to minority status, and responsibilities that arise from, signing the acknowledgment of paternity.

(5) The physician or midwife or his or her agent is entitled to reimbursement for reasonable costs, which the department shall establish by rule, when an acknowledgment of paternity is filed with the state registrar of vital statistics.

(6) If there is no attending physician or midwife, the father or mother of the child, householder or owner of the premises, manager or superintendent of the public or private institution in which the birth occurred, shall notify the local registrar, within ten days after the birth, of the fact of the birth, and the local registrar shall secure the necessary information and signature to make a proper certificate of birth.

(7) When an infant is found for whom no certificate of birth is known to be on file, a birth certificate shall be filed within the time and in the form prescribed by the state board of health.

(8) When no alleged father is named on a birth certificate of a child born to an unwed mother the mother may give any surname she so desires to her child but shall designate in space provided for father's name on the birth certificate "None Named". Application—Construction—Short title—Severability—2002 c 302: See RCW 26.26.903, 26.26.911, and 26.26.912.

Implementation—1994 c 299: "The department of social and health services shall make a substantial effort to determine the identity of the non-custodial parent through consistent implementation of RCW 70.58.080. By December 1, 1994, the department of social and health services shall report

to the fiscal committees of the legislature on the method for validating claims of good cause for refusing to establish paternity, the methods used in other states, and the national average rate of claims of good cause for refusing to establish paternity compared to the Washington state rate of claims of good cause for refusing to establish paternity, the reasons for differences in the rates, and steps that may be taken to reduce these differences." [1994 c 299 § 13.]

70.58.082 Birth certificates—Rules—Release of copies. No person may prepare or issue any birth certificate that purports to be an original, certified copy, or copy of a birth certificate except as authorized in this chapter.

The department shall adopt rules providing for the release of paper or electronic copies of birth certificate records that include adequate standards for security and confidentiality, assure the proper record is identified, and prevent fraudulent use of records. All certified copies of birth certificates in the state must be on paper and in a format provided and approved by the department and must include security features to deter the alteration, counterfeiting, duplication, or simulation without ready detection.

Federal, state, and local governmental agencies may, upon request and with submission of the appropriate fee, be furnished copies of birth certificates if the birth certificate will be used for the agencies' official duties. The department may enter into agreements with offices of vital statistics outside the state for the transmission of copies of birth certificates to those offices when the birth certificates relate to residents of those jurisdictions and receipt of copies of birth certificates from those offices. The agreement must specify the statistical and administrative purposes for which the birth certificates may be used and must provide instructions for the proper retention and disposition of the copies. Copies of birth certificates that are received by the department from other offices of vital statistics outside the state must be handled as provided under the agreements.

The department may disclose information that may identify any person named in any birth certificate record for research purposes as provided under chapter 42.48 RCW. [1997 c 108 § 1.]

70.58.085 Birth certificates suitable for display—Issuance—Fee—Disposition of funds. (1) In addition to the original birth certificate, the state registrar shall issue upon request and upon payment of the fee established pursuant to subsection (3) of this section a birth certificate representing that the birth of the person named thereon is recorded in the office of the registrar. The certificate issued under this section shall be in a form consistent with the need to protect the integrity of vital records but shall be suitable for display. It may bear the seal of the state printed thereon and may be signed by the governor. It shall have the same status as evidence as the original birth certificate.

(2) Of the funds received under subsection (1) of this section, the amount needed to reimburse the registrar for expenses incurred in administering this section shall be credited to the state registrar account. The remainder shall be credited to the children's trust fund established under RCW 43.121.100.

(3) The fee shall be set by the council established pursuant to RCW 43.121.020, at a level likely to maximize reve-

nues for the children's trust fund. [2004 c 53 § 1; 1987 c 351 § 6.]

Legislative findings—1987 c 351: "The legislature finds that children are society's most valuable resource and that child abuse and neglect is a threat to the physical, mental, and emotional health of children. The legislature further finds that assisting community-based private nonprofit and public organizations, agencies, or school districts in identifying and establishing needed primary prevention programs will reduce the incidence of child abuse and neglect, and the necessity for costly subsequent intervention in family life by the state. Child abuse and neglect prevention programs can be most effectively and economically administered through the use of trained volunteers and the cooperative efforts of the communities, citizens, and the state. The legislature finds that the Washington council for prevention of child abuse is an effective counsel for reducing child abuse but limited resources have prevented the council from funding promising prevention concepts statewide.

It is the intent of the legislature to establish a cost-neutral revenue system for the children's trust fund which is designed to fund primary prevention programs and innovative prevention related activities such as research or public awareness campaigns. The fund shall be supported through revenue created by the sale of heirloom birth certificates. This concept has proven to be a cost-effective approach to funding child abuse prevention in the state of Oregon. The legislature believes that this is an innovative way of using private dollars to supplement our public dollars to reduce child abuse and neglect." [1987 c 351 § 1.]

70.58.095 New certificate of birth—Legitimation, paternity—Substitution for original—Inspection of original, when—When delayed registration required. The state registrar of vital statistics shall establish a new certificate of birth for a person born in this state when he receives a request that a new certificate be established and such evidence as required by regulation of the state board of health proving that such person has been acknowledged, or that a court of competent jurisdiction has determined the paternity of such person. When a new certificate of birth is established, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of paternity, or acknowledgment shall not be subject to inspection except upon order of a court of competent jurisdiction, or upon written request of the department of social and health services, the attorney general, or a prosecuting attorney, stating that the documents are being sought in furtherance of an action to enforce a duty of support. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed registration of birth shall be filed with the state registrar of vital statistics as provided in RCW 70.58.120. [1983 1st ex.s. c 41 § 14; 1975-'76 2nd ex.s. c 42 § 38; 1961 ex.s. c 5 § 21.]

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

70.58.100 Supplemental report on name of child. It shall be the duty of every local registrar when any certificate of birth of a living child is presented without statement of the given name, to make out and deliver to the parents of such child a special blank for the supplemental report of the given name of the child, which shall be filled out as directed and returned to the registrar as soon as the child has been named. [1915 c 180 § 8; 1907 c 83 § 14; RRS § 6031.]

70.58.104 Reproductions of vital records—Disclosure of information for research purposes—Furnishing of birth and death records by local registrars. (1) The state registrar may prepare typewritten, photographic, electronic,

or other reproductions of records of birth, death, fetal death, marriage, or decrees of divorce, annulment, or legal separation registered under law or that portion of the record of any birth which shows the child's full name, sex, date of birth, and date of filing of the certificate. Such reproductions, when certified by the state registrar, shall be considered for all purposes the same as the original and shall be prima facie evidence of the facts stated therein.

(2) The department may authorize by regulation the disclosure of information contained in vital records for research purposes. All research proposals must be submitted to the department and must be reviewed and approved as to scientific merit and to ensure that confidentiality safeguards are provided in accordance with department policy.

(3) Local registrars may, upon request, furnish certified copies of the records of birth, death, and fetal death, subject to all provisions of state law applicable to the state registrar. [1991 c 96 § 4; 1987 c 223 § 2.]

70.58.107 Fees charged by department and local registrars. The department of health shall charge a fee of seventeen dollars for certified copies of records and for copies or information provided for research, statistical, or administrative purposes, and eight dollars for a search of the files or records when no copy is made. The department shall prescribe by regulation fees to be paid for preparing sealed files and for opening sealed files.

No fee may be demanded or required for furnishing certified copies of a birth, death, fetal death, marriage, divorce, annulment, or legal separation record for use in connection with a claim for compensation or pension pending before the veterans administration. No fee may be demanded or required for furnishing certified copies of a death certificate of a sex offender for use by a law enforcement agency in maintaining a registered sex offender data base.

The department shall keep a true and correct account of all fees received and transmit the fees to the state treasurer on a weekly basis.

Local registrars shall charge the same fees as the state as hereinabove provided and as prescribed by department regulation except in cases where payment is made by credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication. Payment by these electronic methods may be subject to an additional fee consistent with the requirements established by RCW 36.29.190. All such fees collected, except for seven dollars of each fee collected for the issuance of birth certificates and first copies of death certificates and fourteen dollars of each fee collected for additional copies of the same death certificate ordered at the same time as the first copy, shall be paid to the jurisdictional health department.

All local registrars in cities and counties shall keep a true and correct account of all fees received under this section for the issuance of certified copies and shall transmit seven dollars of the fees collected for birth certificates and first copies of death certificates and fourteen dollars of the fee collected for additional copies of death certificates to the state treasurer on or before the first day of January, April, July, and October. All but five dollars of the fees turned over to the state treasurer by local registrars shall be paid to the department of

(2004 Ed.)

health for the purpose of developing and maintaining the state vital records systems, including a web-based electronic death registration system.

Five dollars of each fee imposed for the issuance of certified copies, except for copies suitable for display issued under RCW 70.58.085, at both the state and local levels shall be held by the state treasurer in the death investigations' account established by RCW 43.79.445. [2003 c 272 § 1; 2003 c 241 § 1; 1997 c 223 § 1; 1991 c 3 § 343; 1988 c 40 § 1; 1987 c 223 § 3.]

Reviser's note: This section was amended by 2003 c 241 § 1 and by 2003 c 272 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

70.58.110 Delayed registration of births—Authorized. Whenever a birth which occurred in this state on or after July 1, 1907, is not on record in the office of the state registrar or in the office of the auditor of the county in which the birth occurred if the birth was prior to July 1, 1907, application for the registration of the birth may be made by the interested person to the state registrar: PROVIDED, That if the person whose birth is to be recorded be a child under four years of age the attending physician, if available, shall make the registration. [1953 c 90 § 2; 1943 c 176 § 1; 1941 c 167 § 1; Rem. Supp. 1943 § 6011-1.]

70.58.120 Delayed registration of births—Application—Evidence required. The delayed registration of birth form shall be provided by the state registrar and shall be signed by the registrant if of legal age, or by the attendant at birth, parent, or guardian if the registrant is not of legal age. In instances of delayed registration of birth where the person whose birth is to be recorded is four years of age or over but under twelve years of age and in instances where the person whose birth is to be recorded is less than four years of age and the attending physician is not available to make the registration, the facts concerning date of birth, place of birth, and parentage shall be established by at least one piece of documentary evidence. In instances of delayed registration of birth where the person whose birth is to be recorded is twelve years of age or over, the facts concerning date of birth and place of birth shall be established by at least three documents of which only one may be an affidavit. The facts concerning parentage shall be established by at least one document. Documents, other than affidavits, or documents established prior to the fourth birthday of the registrant, shall be at least five years old or shall have been made from records established at least five years prior to the date of application. [1961 ex.s. c 5 § 9; 1953 c 90 § 3; 1943 c 176 § 2; 1941 c 167 § 2; Rem. Supp. 1943 § 6011-2.]

70.58.130 Delayed registration of births—Where registered—Copy as evidence. The birth shall be registered in the records of the state registrar. A certified copy of the record shall be prima facie evidence of the facts stated therein. [1961 ex.s. c 5 § 10; 1953 c 90 § 4; 1951 c 106 § 2; 1943 c 176 § 4; 1941 c 167 § 4; Rem. Supp. 1943 § 6011-4.]

person alleged to be born in this state is unable to meet the requirements for a delayed registration of birth in accordance with RCW 70.58.120, he may petition the superior court of the county of residence or of the county of birth for an order establishing a record of the date and place of his birth, and his parentage. The court shall fix a time for hearing the petition, and the state registrar shall be given notice at least twenty days prior to the date set for hearing in order that he may present at the hearing any information he believes will be useful to the court. If the court from the evidence presented to it finds that the petitioner was born in this state, the court shall issue an order to establish a record of birth. This order shall include the birth data to be registered. If the court orders the birth of a person born in this state registered, it shall be registered in the records of the state registrar. [1961 ex.s. c 5 § 20.]

70.58.150 "Fetal death," "evidence of life," defined.

A fetal death means any product of conception that shows no evidence of life after complete expulsion or extraction from its mother. The words "evidence of life" include breathing, beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles. [1961 ex.s. c 5 § 11; 1945 c 159 § 5; Rem. Supp. 1945 § 6024-5.]

70.58.160 Certificate of death or fetal death required. A certificate of every death or fetal death shall be filed with the local registrar of the district in which the death or fetal death occurred within three days after the occurrence is known, or if the place of death or fetal death is not known, then with the local registrar of the district in which the body is found within twenty-four hours thereafter. In every instance a certificate shall be filed prior to the interment or other disposition of the body: PROVIDED, That a certificate of fetal death shall not be required if the period of gestation is less than twenty weeks. [1961 ex.s. c 5 § 12; 1945 c 159 § 1; Rem. Supp. 1945 § 6024-1. Prior: 1915 c 180 § 4; 1907 c 83 § 5.]

70.58.170 Certificate of death or fetal death—By whom filed. The funeral director or person in charge of interment shall file the certificate of death or fetal death. In preparing such certificate, the funeral director or person in charge of interment shall obtain and enter on the certificate such personal data as the certificate requires from the person or persons best qualified to supply them. He or she shall present the certificate of death to the physician, physician's assistant, or advanced registered nurse practitioner last in attendance upon the deceased, or, if the deceased died without medical attendance, to the health officer, coroner, or prosecuting attorney having jurisdiction, who shall thereupon certify the cause of death according to his or her best knowledge and belief and shall sign the certificate of death or fetal death within two days after being presented with the certificate unless good cause for not signing the certificate within the two days can be established. He or she shall present the certificate of fetal death to the physician, physician's assistant, advanced registered nurse practitioner, midwife, or other person in attendance at the fetal death, who shall certify the fetal death and such medical data pertaining thereto as he or she

can furnish. [2000 c 133 § 1; 1979 ex.s. c 162 § 1; 1961 ex.s. c 5 § 13; 1945 c 159 § 2; Rem. Supp. 1945 § 6024-2.]

If the circumstances suggest that the death or fetal death was caused by unlawful or unnatural causes or if there is no local health officer with jurisdiction, the coroner, or if none, the prosecuting attorney shall complete and sign the certification, noting upon the certificate that no physician, physician's assistant, or advanced registered nurse practitioner was in attendance at the time of death. In case of any death without medical attendance in which there is no suspicion of death from unlawful or unnatural causes, the local health officer or his or her deputy, the coroner and if none, the prosecuting attorney, shall complete and sign the certification, noting upon the certificate that no physician, physician's assistant, or advanced registered nurse practitioner was in attendance at the time of death, and noting the cause of death without the holding of an inquest or performing of an autopsy or post mortem, but from statements of relatives, persons in attendance during the last sickness, persons present at the time of death or other persons having adequate knowledge of the facts.

The cause of death, the manner and mode in which death occurred, as noted by the coroner or if none, the prosecuting attorney or the health officer and incorporated in the death certificate filed with the bureau of vital statistics of the board of health shall be the legally accepted manner and mode by which the deceased came to his or her death and shall be the legally accepted cause of death. [2000 c 133 § 2; 1961 ex.s. c 5 § 14; 1953 c 188 § 5; 1945 c 159 § 3; Rem. Supp. 1945 § 6024-3. Prior: 1915 c 180 § 5; 1907 c 83 § 7.]

The records of the United States immigration and naturalization service or of the United States department of state are essentially equivalent to the birth certificate. A certificate of birth shall issue upon request, bearing the new name of the child as shown in the decree of adoption, the names of the adoptive parents of the child and the age, sex, and date of birth of the child, but no reference in any birth certificate shall have reference to the adoption of the child. A person born outside of the United States and its territories for whom a decree of adoption has been entered in a court of this state before September 1, 1979, may apply for a certificate of birth under this subsection by furnishing the proper department of registration of births with a certified copy of the decree of adoption together with the other evidence required by this subsection as to the date and place of birth. Severability—1979 ex.s. c 101: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 101 § 3.]

And in case of persons admitted or committed for medical treatment of contagious disease, the physician in charge shall specify, for entry in the record, the nature of the disease, and where, in his opinion, it was contracted. The personal particulars and information required by this section shall be obtained from the individual himself, if it is practicable to do so; and when they cannot be so obtained, they shall be secured in as complete a manner as possible from the relatives, friends, or other persons acquainted with the facts. [1907 c 83 § 16; RRS § 6033.]

Reviser's note: Although 1981 c 284 directs this section be added to chapter 74.04 RCW, codification here is considered more appropriate. The department of social and health services is apparently the department referred to.

70.58.390 Certificates of presumed death incident to accidents, disasters. A county coroner, medical examiner, or the prosecuting attorney having jurisdiction may issue a certificate of presumed death when the official issuing the certificate determines to the best of the official's knowledge and belief that there is sufficient circumstantial evidence to indicate that a person has in fact died in the county or in waters contiguous to the county as a result of an accident or natural disaster, such as a drowning, flood, earthquake, volcanic eruption, or similar occurrence, and that it is unlikely that the body will be recovered. The certificate shall recite, to the extent possible, the date, circumstances, and place of the death, and shall be the legally accepted fact of death.

In the event that the county in which the death occurred cannot be determined with certainty, the county coroner, medical examiner, or prosecuting attorney in the county in which the events occurred and in which the decedent was last known to be alive may issue a certificate of presumed death under this section.

The official issuing the certificate of presumed death shall file the certificate with the state registrar of vital statistics, and thereafter all persons and parties acting in good faith may rely thereon with acquittance. [1981 c 176 § 1.]

(8) The seizing law enforcement agency shall promptly return the items seized to the claimant upon a determination that the claimant is entitled to possession of the items seized.

(9) If the items seized are forfeited under this statute, the seizing agency shall dispose of the explosives by summary destruction. However, when explosives are destroyed either to protect public safety or because the explosives were forfeited, the person from whom the explosives were seized loses all rights of action against the law enforcement agency or its employees acting within the scope of their employment, or other governmental entity or employee involved with the seizure and destruction of explosives.

State building code: Chapter 19.27 RCW.

70.79.010 Board of boiler rules—Members—Terms—Meetings. There is hereby created within this state a board of boiler rules, which shall hereafter be referred to as the board, consisting of five members who shall be appointed to the board by the governor, one for a term of one year, one for a term of two years, one for a term of three years, and two for a term of four years. At the expiration of their respective terms of office, they, or their successors identifiable with the same interests respectively as hereinafter provided, shall be appointed for terms of four years each. The governor may at any time remove any member of the board for inefficiency or neglect of duty in office. Upon the death or incapacity of any member the governor shall fill the vacancy for the remainder of the vacated term with a representative of the same interests with which his or her predecessor was identified. Of these five appointed members, one shall be representative of owners and users of boilers and unfired pressure vessels within the state, one shall be representative of the boiler or unfired pressure vessel manufacturers within the state, one shall be a representative of a boiler insurance company licensed to do business within the state, one shall be a mechanical engineer on the faculty of a recognized engineering college or a graduate mechanical engineer having equivalent experience, and one shall be representative of the boilermakers, stationary operating engineers, or pressure vessel operators. The board shall elect one of its members to serve as chair and, at the call of the chair, the board shall meet at least four times each year at the state capitol or other place designated by the board. [1999 c 183 § 1; 1951 c 32 § 1.]

70.79.020 Compensation and travel expenses. The members of the board shall be compensated in accordance with RCW 43.03.240 and shall receive travel expenses incurred while in the performance of their duties as members of the board, in accordance with RCW 43.03.050 and 43.03.060. [1984 c 287 § 105; 1975-'76 2nd ex.s. c 34 § 159; 1951 c 32 § 2.]

Legislative findings—Severability—Effective date—1984 c 287: See notes following RCW 43.03.220.

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.79.030 Duties of board. The board shall formulate definitions and rules for the safe and proper construction, installation, repair, use, and operation of boilers and for the safe and proper construction, installation, and repair of unfired pressure vessels in this state. The definitions and rules so formulated shall be based upon, and, at all times, follow the nationally or internationally accepted engineering standards, formulae, and practices established and pertaining to boiler and unfired pressure vessel construction and safety, and the board may by resolution adopt existing published codifications thereof, and when so adopted the same shall be

(2004 Ed.)

deemed incorporated into, and to constitute a part or the whole of the definitions and rules of the board. Amendments and interpretations to the code shall be enforceable immediately upon being adopted, to the end that the definitions and rules shall at all times follow nationally or internationally accepted engineering standards. However, all rules adopted by the board shall be adopted in compliance with the Administrative Procedure Act, chapter 34.05 RCW, as now or hereafter amended. [1999 c 183 § 2; 1972 ex.s. c 86 § 1; 1951 c 32 § 3.]

70.79.040 Rules and regulations—Scope. The board shall promulgate rules and regulations for the safe and proper installation, repair, use and operation of boilers, and for the safe and proper installation and repair of unfired pressure vessels which were in use or installed ready for use in this state prior to the date upon which the first rules and regulations under this chapter pertaining to existing installations became effective, or during the twelve months period immediately thereafter. [1951 c 32 § 4.]

70.79.050 Rules and regulations—Effect. (1) The rules and regulations formulated by the board shall have the force and effect of law, except that the rules applying to the construction of new boilers and unfired pressure vessels shall not be construed to prevent the installation thereof until twelve months after their approval by the director of the department of labor and industries.

(2) Subsequent amendments to the rules and regulations adopted by the board shall be permissive immediately and shall become mandatory twelve months after such approval. [1951 c 32 § 5.]

70.79.060 Construction, installation must conform to rules—Special installation and operating permits. (1) Except as provided in subsection (2) of this section, no power boiler, low pressure boiler, or unfired pressure vessel which does not conform to the rules and regulations formulated by the board governing new construction and installation shall be installed and operated in this state after twelve months from the date upon which the first rules and regulations under this chapter pertaining to new construction and installation shall have become effective, unless the boiler or unfired pressure vessel is of special design or construction, and is not covered by the rules and regulations, nor is in any way inconsistent with such rules and regulations, in which case a special installation and operating permit may at its discretion be granted by the board.

(2) A special permit may also be granted for boilers and pressure vessels manufactured before 1951 which do not comply with the code requirements of the American Society of Mechanical Engineers adopted under this chapter, if the boiler or pressure vessel is operated exclusively for the purposes of public exhibition, and the board finds, upon inspection, that operation of the boiler or pressure vessel for such purposes is not unsafe. [1984 c 93 § 1; 1951 c 32 § 6.]

70.79.070 Existing installations—Conformance required—Miniature hobby boilers. (1) All boilers and unfired pressure vessels which were in use, or installed ready

for use in this state prior to the date upon which the first rules and regulations under this chapter pertaining to existing installations became effective, or during the twelve months period immediately thereafter, shall be made to conform to the rules and regulations of the board governing existing installations, and the formulae prescribed therein shall be used in determining the maximum allowable working pressure for such boilers and unfired pressure vessels.

(2) This chapter shall not be construed as in any way preventing the use or sale of boilers or unfired vessels as referred to in subsection (1) of this section, provided they have been made to conform to the rules and regulations of the board governing existing installations, and provided, further, they have not been found upon inspection to be in an unsafe condition.

(3) A special permit may also be granted for miniature hobby boilers that do not comply with the code requirements of the American society of mechanical engineers adopted under this chapter and do not exceed any of the following limits:

- (a) Sixteen inches inside diameter of the shell;
- (b) Twenty square feet of total heating surface;
- (c) Five cubic feet of gross volume of vessel; and
- (d) One hundred fifty p.s.i.g. maximum allowable working pressure, and if the boiler is to be operated exclusively not for commercial or industrial use and the department of labor and industries finds, upon inspection, that operation of the boiler for such purposes is not unsafe. [1995 c 41 § 1; 1993 c 193 § 1; 1951 c 32 § 7.]

70.79.080 Exemptions from chapter. This chapter shall not apply to the following boilers, unfired pressure vessels and domestic hot water tanks:

- (1) Boilers and unfired pressure vessels under federal regulation or operated by any railroad subject to the provisions of the interstate commerce act;

- (10) Electric boilers:

(a) Having a tank volume of not more than one and one-half cubic feet;

(b) Having a maximum allowable working pressure of eighty pounds per square inch or less, with a pressure relief system to prevent excess pressure; and

(c) If constructed after June 10, 1994, constructed to American society of mechanical engineers code, or approved or otherwise certified by a nationally recognized or recognized foreign testing laboratory or construction code, including but not limited to Underwriters Laboratories, Edison Testing Laboratory, or Instituto Superiore Per La Prevenzione E La Sicurezza Del Lavoro;

(11) Electrical switchgear and control apparatus that have no external source of energy to maintain pressure and are located in restricted access areas under the control of an electric utility;

(12) Regardless of location, unfired pressure vessels and hot water heaters less than one and one-half cubic feet (11.25 gallons) in volume with a safety valve setting of one hundred fifty pounds per square inch gauge (psig) or less, or less than six inches in diameter and less than five cubic feet (37.5 gallons) in volume with a safety valve set at any pressure, or less than fifteen psig containing substances other than steam, lethal substances, or liquids with low flash points. Finding—Intent—1994 c 64: See note following RCW 70.79.095.

70.79.090 Exemptions from certain provisions. The following boilers and unfired pressure vessels shall be exempt from the requirements of RCW 70.79.220 and 70.79.240 through 70.79.330:

- (1) Boilers or unfired pressure vessels located on farms and used solely for agricultural purposes;
- (2) Unfired pressure vessels that are part of fertilizer applicator rigs designed and used exclusively for fertilization in the conduct of agricultural operations;
- (3) Steam boilers used exclusively for heating purposes carrying a pressure of not more than fifteen pounds per square inch gauge and which are located in private residences or in apartment houses of less than six families;
- (4) Hot water heating boilers carrying a pressure of not more than thirty pounds per square inch and which are located in private residences or in apartment houses of less than six families;
- (5) Approved pressure vessels (hot water heaters listed by a nationally recognized testing agency), with approved safety devices including a pressure relief valve, with a nominal water containing capacity of one hundred twenty gallons or less having a heat input of two hundred thousand b.t.u.'s per hour or less, used for hot water supply at pressure of one hundred sixty pounds per square inch or less, and at temperatures of two hundred ten degrees Fahrenheit or less: **PROVIDED, HOWEVER,** That such pressure vessels are not installed in schools, child care centers, public and private hospitals, nursing and boarding homes, churches, public buildings owned or leased and maintained by the state or any political subdivision thereof, and assembly halls;
- (6) Unfired pressure vessels containing only water under pressure for domestic supply purposes, including those con-

taining air, the compression of which serves only as a cushion or airlift pumping systems, when located in private residences or in apartment houses of less than six families;

70.79.095 Espresso machines—Local regulation prohibited. A county, city, or other political subdivision of the state may not enforce any law specifically regulating the manufacture, installation, operation, maintenance, or inspection of any electric boiler exempt from this chapter by RCW 70.79.080(10). [1994 c 64 § 3.]

Finding—Intent—1994 c 64: "The legislature finds that small low-pressure boilers are found in devices such as espresso coffee machines and cleaning equipment common throughout Washington state. Such systems present little threat to public health and safety. Government regulation of such systems could impose a substantial burden on many small businesses and provide minimal public benefit. It is therefore the intent of the legislature to exempt these boilers from regulation under chapter 70.79 RCW and similar laws adopted by local governments." [1994 c 64 § 1.]

70.79.100 Chief inspector—Qualifications—Appointment, removal. (1) Within sixty days after the effective date of this chapter, and at any time thereafter that the office of the chief inspector may become vacant, the director of the department of labor and industries shall appoint a chief inspector who shall have had at the time of such appointment not less than ten years practical experience in the construction, maintenance, repair, or operation of high pressure boilers and unfired pressure vessels, as a mechanical engineer, steam engineer, boilermaker, or boiler inspector, and who shall have passed the same kind of examination as that prescribed for deputy or special inspectors in RCW 70.79.170 to be chief inspector until his successor shall have been appointed and qualified. Such chief inspector may be removed for cause after due investigation by the board and its recommendation to the director of the department of labor and industries. [1951 c 32 § 10.]

70.79.110 Chief inspector—Duties in general. The chief inspector, if authorized by the director of the department of labor and industries is hereby charged, directed and empowered:

(1) To cause the prosecution of all violators of the provisions of this chapter;

(2) To issue, or to suspend, or revoke for cause, inspection certificates as provided for in RCW 70.79.290;

(3) To take action necessary for the enforcement of the laws of the state governing the use of boilers and unfired pressure vessels and of the rules and regulations of the board;

(4) To keep a complete record of the type, dimensions, maximum allowable working pressure, age, condition, location, and date of the last recorded internal inspection of all boilers and unfired pressure vessels to which this chapter applies;

(5) To publish and distribute, among manufacturers and others requesting them, copies of the rules and regulations adopted by the board. [1951 c 32 § 11.]

70.79.120 Deputy inspectors—Qualifications—Employment. The director shall employ deputy inspectors

(2004 Ed.)

who shall have had at time of appointment not less than five years practical experience in the construction, maintenance, repair, or operation of high pressure boilers and unfired pressure vessels as a mechanical engineer, steam engineer, boilermaker, or boiler inspector, and who shall have passed the examination provided for in RCW 70.79.170. [1994 c 164 § 27; 1951 c 32 § 12.]

70.79.130 Special inspectors—Qualifications—Commission. In addition to the deputy boiler inspectors authorized by RCW 70.79.120, the chief inspector shall, upon the request of any company authorized to insure against loss from explosion of boilers and unfired pressure vessels in this state, or upon the request of any company operating boilers or unfired pressure vessels in this state, issue to any inspectors of said company commissions as special inspectors, provided that each such inspector before receiving his or her commission shall satisfactorily pass the examination provided for in RCW 70.79.170, or, in lieu of such examination, shall hold a certificate of competency as an inspector of boilers and unfired pressure vessels for a state that has a standard of examination substantially equal to that of this state or a certificate as an inspector of boilers and unfired pressure vessels from the national board of boiler and pressure vessel inspectors. A commission as a special inspector for a company operating boilers or unfired pressure vessels in this state shall be issued only if, in addition to meeting the requirements stated herein, the inspector is continuously employed by the company for the purpose of making inspections of boilers or unfired pressure vessels used, or to be used, by such company. [1999 c 183 § 5; 1951 c 32 § 13.]

70.79.140 Special inspectors—Compensation—Continuance of commission. Special inspectors shall receive no salary from, nor shall any of their expenses be paid by the state, and the continuance of a special inspector's commission shall be conditioned upon his or her continuing in the employ of a boiler insurance company duly authorized as aforesaid or upon continuing in the employ of a company operating boilers or unfired pressure vessels in this state and upon his or her maintenance of the standards imposed by this chapter. [1999 c 183 § 6; 1951 c 32 § 14.]

70.79.150 Special inspectors—Inspections—Exempts from inspection fees. Special inspectors shall inspect all boilers and unfired pressure vessels insured or operated by their respective companies and, when so inspected, the owners and users of such insured boilers and unfired pressure vessels shall be exempt from the payment to the state of the inspection fees as provided for in RCW 70.79.330. [1999 c 183 § 7; 1951 c 32 § 15.]

70.79.160 Report of inspection by special inspector—Filing. Each company employing special inspectors shall, within thirty days following each internal boiler or unfired pressure vessel inspection made by such inspectors, file a report of such inspection with the chief inspector upon appropriate forms. Reports of external inspections shall not be required except when such inspections disclose that the boiler

or unfired pressure vessel is in dangerous condition. [1999 c 183 § 8; 1951 c 32 § 16.]

70.79.170 Examinations for inspector's appointment or commission—Reexamination. Examinations for chief, deputy, or special inspectors shall be in writing and shall be held by the board, or by at least two members of the board. Such examinations shall be confined to questions the answers to which will aid in determining the fitness and competency of the applicant for the intended service. In case an applicant for an inspector's appointment or commission fails to pass the examination, he may appeal to the board for another examination which shall be given by the board within ninety days. The record of an applicant's examination shall be accessible to said applicant and his employer. [1951 c 32 § 18.]

70.79.180 Suspension, revocation of inspector's commission—Grounds—Reinstatement. A commission may be suspended or revoked after due investigation and recommendation by the board to the director of the department of labor and industries for the incompetence or untrustworthiness of the holder thereof, or for wilful falsification of any matter or statement contained in his application or in a report of any inspection. A person whose commission has been suspended or revoked, except for untrustworthiness, shall be entitled to apply to the board for reinstatement or, in the case of a revocation, for a new examination and commission after ninety days from such revocation. [1951 c 32 § 19.]

70.79.190 Suspension, revocation of commission—Appeal. A person whose commission has been suspended or revoked shall be entitled to an appeal as provided in RCW 70.79.360 and to be present in person and/or represented by counsel on the hearing of the appeal. [1951 c 32 § 20.]

70.79.200 Lost or destroyed certificate or commission. If a certificate or commission is lost or destroyed, a new certificate or commission shall be issued in its place without another examination. [1951 c 32 § 21.]

70.79.210 Inspectors—Performance bond required. The chief inspector shall furnish a bond in the sum of five thousand dollars and each of the deputy inspectors, employed and paid by the state, shall furnish a bond in the sum of two thousand dollars conditioned upon the faithful performance of their duties and upon a true account of moneys handled by them respectively and the payment thereof to the proper recipient. The cost of said bonds shall be paid by the state. [1951 c 32 § 35.]

70.79.220 Inspections—Who shall make. The inspections herein required shall be made by the chief inspector, by a deputy inspector, or by a special inspector provided for in this chapter. [1951 c 32 § 25.]

70.79.230 Access to premises by inspectors. The chief inspector, or any deputy or special inspector, shall have free access, during reasonable hours, to any premises in the state where a boiler or unfired pressure vessel is being constructed, or is being installed or operated, for the purpose of ascertain-

ing whether such boiler or unfired pressure vessel is constructed, installed and operated in accordance with the provisions of this chapter. [1951 c 32 § 17.]

70.79.240 Inspection of boilers, unfired pressure vessels—Scope—Frequency. Each boiler and unfired pressure vessel used or proposed to be used within this state, except boilers or unfired pressure vessels exempt in RCW 70.79.080 and 70.79.090, shall be thoroughly inspected as to their construction, installation, condition and operation, as follows:

(1) Power boilers shall be inspected annually both internally and externally while not under pressure, except that the board may provide for longer periods between inspections where the contents, history, or operation of the power boiler or the material of which it is constructed warrant special consideration. Power boilers shall also be inspected annually externally while under pressure if possible;

(2) Low pressure heating boilers shall be inspected both internally and externally biennially where construction will permit;

(3) Unfired pressure vessels subject to internal corrosion shall be inspected both internally and externally biennially where construction will permit, except that the board may, in its discretion, provide for longer periods between inspections;

(4) Unfired pressure vessels not subject to internal corrosion shall be inspected externally at intervals set by the board, but internal inspections shall not be required of unfired pressure vessels, the contents of which are known to be noncorrosive to the material of which the shell, head, or fittings are constructed, either from the chemical composition of the contents or from evidence that the contents are adequately treated with a corrosion inhibitor, provided that such vessels are constructed in accordance with the rules and regulations of the board or in accordance with standards substantially equivalent to the rules and regulations of the board, in effect at the time of manufacture. [1993 c 391 § 1; 1951 c 32 § 22.]

70.79.250 Inspection—Frequency—Grace period. In the case of power boilers a grace period of not more than two months longer than the period established by the board under RCW 70.79.240(1) may elapse between internal inspections of a boiler while not under pressure or between external inspections of a boiler while under pressure; in the case of low pressure heating boilers not more than twenty-six months shall elapse between inspections, and in the case of unfired pressure vessels not more than two months longer than the period between inspections prescribed by the board shall elapse between internal inspections. [1993 c 391 § 2; 1951 c 32 § 23.]

70.79.260 Inspection—Frequency—Modification by rules. The rules and regulations formulated by the board applying to the inspection of unfired pressure vessels may be modified by the board to reduce or extend the interval between required inspections where the contents of the vessel or the material of which it is constructed warrant special consideration. [1951 c 32 § 24.]

70.79.270 Hydrostatic test. If at any time a hydrostatic test shall be deemed necessary to determine the safety of a boiler or unfired pressure vessel, [the] same shall be made, at the discretion of the inspector, by the owner or user thereof. [1951 c 32 § 26.]

70.79.280 Inspection during construction. All boilers and all unfired pressure vessels to be installed in this state after the twelve-month period from the date upon which the rules of the board shall become effective shall be inspected during construction as required by the applicable rules of the board by an inspector authorized to inspect boilers and unfired pressure vessels in this state, or, if constructed outside of the state, by an inspector holding a certificate from the national board of boiler and pressure vessel inspectors, or a certificate of competency as an inspector of boilers and unfired pressure vessels for a state that has a standard of examination substantially equal to that of this state as provided in RCW 70.79.170. [1999 c 183 § 9; 1951 c 32 § 27.]

70.79.290 Inspection certificate—Contents—Posting—Fee. If, upon inspection, a boiler or pressure vessel is found to comply with the rules and regulations of the board, and upon the appropriate fee payment made directly to the chief inspector, as required by RCW 70.79.160 or 70.79.330, the chief inspector shall issue to the owner or user of such a boiler or pressure vessel an inspection certificate bearing the date of inspection and specifying the maximum pressure under which the boiler or pressure vessel may be operated. Such inspection certificate shall be valid for not more than fourteen months from its date in the case of power boilers and twenty-six months in the case of low pressure heating boilers, and for not more than two months longer than the authorized inspection period in the case of pressure vessels. Certificates shall be posted under glass in the room containing the boiler or pressure vessel inspected. If the boiler or pressure vessel is not located within a building, the certificate shall be posted in a location convenient to the boiler or pressure vessel inspected or, in the case of a portable boiler or pressure vessel, the certificate shall be kept in a protective container to be fastened to the boiler or pressure vessel or in a tool box accompanying the boiler or pressure vessel. [1977 ex.s. c 175 § 1; 1970 ex.s. c 21 § 1; 1951 c 32 § 28.]

70.79.300 Inspection certificate invalid on termination of insurance. No inspection certificate issued for an insured boiler or unfired pressure vessel inspected by a special inspector shall be valid after the boiler or unfired pressure vessel, for which it was issued, shall cease to be insured by a company duly authorized by this state to carry such insurance. [1951 c 32 § 29.]

70.79.310 Inspection certificate—Suspension—Reinstatement. The chief inspector, or his or her authorized representative, may at any time suspend an inspection certificate when, in his or her opinion, the boiler or unfired pressure vessel for which it was issued cannot be operated without menace to the public safety, or when the boiler or unfired pressure vessel is found not to comply with the rules herein provided. A special inspector shall have corresponding powers with

respect to inspection certificates for boilers or unfired pressure vessels insured or operated by the company employing him or her. Such suspension of an inspection certificate shall continue in effect until such boiler or unfired pressure vessel shall have been made to conform to the rules of the board, and until said inspection certificate shall have been reinstated. [1999 c 183 § 10; 1951 c 32 § 30.]

70.79.320 Operating without inspection certificate prohibited—Penalty. (1) It shall be unlawful for any person, firm, partnership, or corporation to operate under pressure in this state a boiler or unfired pressure vessel, to which this chapter applies, without a valid inspection certificate as provided for in this chapter.

(2) The department may assess a penalty against a person violating a provision of this chapter. The penalty shall be not more than five hundred dollars. Each day that the violation continues is a separate violation and is subject to a separate penalty.

(3) The department may not assess a penalty until it adopts rules describing the method it will use to calculate penalties for various violations.

(4) The department shall notify the violator of its action, and the reasons for its action, in writing. The department shall send the notice by certified mail to the violator that a hearing may be requested under RCW 70.79.360. The hearing shall not stay the effect of the penalty. [1986 c 97 § 2; 1951 c 32 § 31.]

70.79.330 Inspection fees—Expenses—Schedules. The owner or user of a boiler or pressure vessel required by this chapter to be inspected by the chief inspector, or his deputy inspector, shall pay directly to the chief inspector, upon completion of inspection, fees and expenses in accordance with a schedule adopted by the board and approved by the director of the department of labor and industries in accordance with the requirements of the Administrative Procedure Act, chapter 34.05 RCW. [1977 ex.s. c 175 § 2; 1970 ex.s. c 21 § 2; 1963 c 217 § 1; 1951 c 32 § 32.]

70.79.350 Inspection fees—Receipts for—Pressure systems safety fund. The chief inspector shall give an official receipt for all fees required by chapter 70.79 RCW and shall transfer all sums so received to the treasurer of the state of Washington as ex officio custodian thereof and the treasurer shall place all sums in a special fund hereby created and designated as the "pressure systems safety fund". Funds shall be paid out upon vouchers duly and regularly issued therefor and approved by the director of the department of labor and industries. The treasurer, as ex officio custodian of the fund, shall keep an accurate record of any payments into the fund, and of all disbursements therefrom. The fund shall be used exclusively to defray only the expenses of administering chapter 70.79 RCW by the chief inspector as authorized by law and the expenses incident to the maintenance of the office. The fund shall be charged with its pro rata share of the cost of administering the fund which is to be determined by the director of financial management and by the director of the department of labor and industries.

During the 2003-2005 fiscal biennium, the legislature may transfer from the pressure systems safety fund to the state general fund such amounts as reflect the excess fund balance of the fund. [2003 1st sp.s. c 25 § 931; 1979 c 151 § 171; 1977 ex.s. c 175 § 3; 1951 c 32 § 34.]

Severability—Effective date—2003 1st sp.s. c 25: See notes following RCW 19.28.351.

70.79.360 Appeal from orders or acts. Any person aggrieved by an order or act of the director of the department of labor and industries, the chief inspector, under this chapter, may, within fifteen days after notice thereof, appeal from such order or act to the board which shall, within thirty days thereafter, hold a hearing after having given at least ten days written notice to all interested parties. The board shall, within thirty days after such hearing, issue an appropriate order either approving or disapproving said order or act. A copy of such order by the board shall be given to all interested parties. Within thirty days after any order or act of the board, any person aggrieved thereby may file a petition in the superior court of the county of Thurston for a review thereof. ALCOHOL AND DRUG USE TREATMENT ASSOCIATED WITH PREGNANCY—FETAL ALCOHOL SYNDROME

Sections

- 70.83C.005 Intent.
- 70.83C.010 Definitions.
- 70.83C.020 Prevention strategies.

70.83C.005 Intent. The legislature recognizes that the use of alcohol and other drugs during pregnancy can cause medical, psychological, and social problems for women and infants. The legislature further recognizes that communities are increasingly concerned about this problem and the associated costs to the mothers, infants, and society as a whole. The legislature recognizes that the department of health and other agencies are focusing on primary prevention activities to reduce the use of alcohol or drugs during pregnancy but few efforts have focused on secondary prevention efforts aimed at intervening in the lives of women already involved in the use of alcohol or other drugs during pregnancy. The legislature recognizes that the best way to prevent problems for chemically dependent pregnant women and their resulting children is to engage the women in alcohol or drug treatment. The legislature acknowledges that treatment professionals find pretreatment services to clients to be important in engaging women in alcohol or drug treatment. The legislature further recognizes that pretreatment services should be provided at locations where chemically dependent women are likely to be found, including public health clinics and domestic violence or homeless shelters. Therefore the legislature intends to prevent the detrimental effects of alcohol or other drug use to women and their resulting infants by promoting the establishment of local programs to help facilitate a woman's entry into alcohol or other drug treatment. These programs shall provide secondary prevention services and provision of opportunities for immediate treatment so that women who seek help are welcomed rather than ostracized. [1993 c 422 § 3.]

Finding—1993 c 422: See note following RCW 66.16.110.

70.87.020 Conveyances to be safe and in conformity with law. (1) The purpose of this chapter is to provide for safety of life and limb, to promote safety awareness, and to ensure the safe design, mechanical and electrical operation, and inspection of conveyances, and performance of conveyance work, and all such operation, inspection, and conveyance work subject to the provisions of this chapter shall be reasonably safe to persons and property and in conformity with the provisions of this chapter and the applicable statutes of the state of Washington, and all orders, and rules of the

department. The use of unsafe and defective conveyances imposes a substantial probability of serious and preventable injury to employees and the public exposed to unsafe conditions. The prevention of these injuries and protection of employees and the public from unsafe conditions is in the best interest of the people of this state. Personnel performing work covered by this chapter must, by documented training or experience or both, be familiar with the operation and safety functions of the components and equipment. Training and experience must include, but not be limited to, recognizing the safety hazards and performing the procedures to which the personnel performing conveyance work covered by this chapter are assigned in conformance with the requirements of this chapter. This chapter establishes the minimum standards for personnel performing conveyance work.

(2) This chapter is not intended to prevent the use of systems, methods, or devices of equivalent or superior quality, strength, fire resistance, code effectiveness, durability, and safety to those required by this chapter, provided that there is technical documentation to demonstrate the equivalency of the system, method, or device, as prescribed in this chapter and the rules adopted under this chapter.

(3) In any suit for damages allegedly caused by a failure or malfunction of the conveyance, conformity with the rules of the department is prima facie evidence that the conveyance work, operation, and inspection is reasonably safe to persons and property. The department by rule shall establish a schedule of fees to pay the costs incurred by the department for the work related to administration and enforcement of this chapter. Nothing in this chapter limits the authority of the department to prescribe or enforce general or special safety orders as provided by law.

The department may consult with: Engineering authorities and organizations concerned with standard safety codes; rules and regulations governing conveyance work, operation, and inspection; and the qualifications that are adequate, reasonable, and necessary for the elevator mechanic, contractor, and inspector. (c) If the department has revoked or suspended a permit because the conveyance is unsafe or the conveyance work is not permitted and performed in accordance with this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

(6) The department must remove a suspension or reinstate a revoked license if the licensee pays all the assessed civil penalties and is able to demonstrate to the department that the licensee has met all the qualifications established by this chapter.

70.87.305 Private residence conveyances—Licensing requirements—Rules. (1) The department shall, by rule, establish licensing requirements for conveyance work performed on private residence conveyances. These rules shall include an exemption from licensing for maintenance work on private residence conveyances performed by an owner or at the direction of the owner, provided the owner resides in the residence at which the conveyance is located and the conveyance is not accessible to the general public. However, maintenance work performed on private residence conveyances located in or at adult family homes licensed under chapter 70.128 RCW, boarding homes licensed under chapter 18.20 RCW, or similarly licensed caregiving facilities must comply with the licensing requirements of this chapter.

(2) The rules adopted under this section take effect July 1, 2004. [2004 c 66 § 3.]

Findings—2004 c 66: "The legislature finds that individuals performing conveyance work on private residence conveyances must be licensed by the department of labor and industries. However, the licensing requirements for this type of work need not be to the same level as those established for conveyance work in circumstances where the general public has access to the conveyances. The legislature further finds that the department of labor and industries should be given the authority to develop the licensing requirements for this type of work using the normal rule-making process established under chapter 34.05 RCW. Lastly, the legislature finds that private residence conveyance maintenance work that is performed by an owner or at the direction of the owner is exempt from licensing if the owner resides in the residence at which the conveyance is located and the conveyance is not accessible to the general public." [2004 c 66 § 1.]

70.87.900 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances, is not affected. [1983 c 123 § 24; 1963 c 26 § 22.]

State parks: RCW 79A.05.045.

70.93.010 Legislative findings. (1) The legislature finds:

(a) Washington state is experiencing rapid population growth and its citizens are increasingly mobile;

(b) There is a fundamental need for a healthful, clean, and beautiful environment;

(c) The proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard;

(d) There is a need to conserve energy and natural resources, and the effective litter control and recovery and

recycling of litter materials will serve to accomplish such conservation;

(e) In addition to effective litter control, there must be effective programs to accomplish waste reduction, the state's highest waste management priority; and

(f) There must also be effective systems to accomplish all components of recycling, including collection and processing.

(2) Recognizing the multifaceted nature of the state's solid waste management problems, the legislation enacted in 1971 and entitled the "Model Litter Control and Recycling Act" is hereby renamed the "waste reduction, recycling, and model litter control act." [1998 c 257 § 1; 1992 c 175 § 1; 1979 c 94 § 1; 1971 ex.s. c 307 § 1.]

Effective date—1992 c 175: See RCW 82.19.900.

70.93.020 Declaration of purpose. The purpose of this chapter is to accomplish litter control, increase waste reduction, and stimulate all components of recycling throughout this state by delegating to the department of ecology the authority to:

(1) Conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible;

(2) Recover and recycle waste materials related to litter and littering;

(3) Foster public and private recycling of recyclable materials;

(4) Increase public awareness of the need for waste reduction, recycling, and litter control; and

(5) Coordinate the litter collection efforts and expenditure of funds for litter collection by other agencies identified in this chapter.

It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts. Effective date—Intent, construction—Savings—Severability—1980 c 78: See notes following RCW 77.04.010.

70.93.060 Littering prohibited—Penalties—Litter cleanup restitution payment. (1) It is a violation of this section to abandon a junk vehicle upon any property. In addition, no person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or her or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:

(a) When the property is designated by the state or its agencies or political subdivisions for the disposal of garbage and refuse, and the person is authorized to use such property for that purpose;

(b) Into a litter receptacle in a manner that will prevent litter from being carried away or deposited by the elements upon any part of the private or public property or waters.

(2)(a) Except as provided in subsection (4) of this section, it is a class 3 civil infraction as provided in RCW 7.80.120 for a person to litter in an amount less than or equal to one cubic foot.

(b) It is a misdemeanor for a person to litter in an amount greater than one cubic foot but less than one cubic yard. The person shall also pay a litter cleanup restitution payment equal to twice the actual cost of cleanup, or fifty dollars per cubic foot of litter, whichever is greater. The court shall distribute one-half of the restitution payment to the landowner and one-half of the restitution payment to the law enforcement agency investigating the incident. The court may, in addition to or in lieu of part or all of the cleanup restitution payment, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property. The court may suspend or modify the litter cleanup restitution payment for a first-time offender under this section, if the person cleans up and properly disposes of the litter.

(c) It is a gross misdemeanor for a person to litter in an amount of one cubic yard or more. The person shall also pay a litter cleanup restitution payment equal to twice the actual cost of cleanup, or one hundred dollars per cubic foot of litter, whichever is greater. The court shall distribute one-half of the restitution payment to the landowner and one-half of the restitution payment to the law enforcement agency investigating the incident. The court may, in addition to or in lieu of part or all of the cleanup restitution payment, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property. The court may suspend or modify the litter cleanup restitution payment for a first-time offender under this section, if the person cleans up and properly disposes of the litter.

(d) If a junk vehicle is abandoned in violation of this section, RCW 46.55.230 governs the vehicle's removal, disposal, and sale, and the penalties that may be imposed against the person who abandoned the vehicle.

(3) If the violation occurs in a state park, the court shall, in addition to any other penalties assessed, order the person to perform twenty-four hours of community restitution in the state park where the violation occurred if the state park has stated an intent to participate as provided in RCW 79A.05.050.

(4) It is a class 1 civil infraction as provided in RCW 7.80.120 for a person to discard, in violation of this section, potentially dangerous litter in any amount. [2003 c 337 § 3; 2002 c 175 § 45; 2001 c 139 § 1; 2000 c 154 § 2; 1997 c 159 § 1; 1996 c 263 § 1; 1993 c 292 § 1; 1983 c 277 § 1; 1979 ex.s. c 39 § 1; 1971 ex.s. c 307 § 6.]

Findings—2003 c 337: "(1) The legislature finds that the littering of potentially dangerous products poses a greater danger to the public safety than other classes of litter. Broken glass, human waste, and other dangerous materials along roadways, within parking lots, and on pedestrian, bicycle, and recreation trails elevates the risk to public safety, such as vehicle tire punctures, and the risk to the community volunteers who spend their time gathering and properly disposing of the litter left behind by others. As such, the legislature finds that a higher penalty should be imposed on those who improperly dispose of potentially dangerous products, such as is imposed on those who improperly dispose of tobacco products.

(2) The legislature further finds that litter is a nuisance, and, in order to alleviate such a nuisance, counties must be provided statutory authority to declare what shall be a nuisance, to abate a nuisance, and to impose and col-

lect fines upon parties who may create, cause, or commit a nuisance." [2003 c 337 § 1.]

[1971 ex.s. c 307 § 8.]

70.93.090 Litter receptacles—Use of anti-litter symbol—Distribution—Placement—Violations—Penalties. The department shall design and the director shall adopt by rule or regulation one or more types of litter receptacles which are reasonably uniform as to size, shape, capacity and color, for wide and extensive distribution throughout the public places of this state. Each such litter receptacle shall bear an anti-litter symbol as designed and adopted by the department. In addition, all litter receptacles shall be designed to attract attention and to encourage the depositing of litter.

Litter receptacles of the uniform design shall be placed along the public highways of this state and at all parks, campgrounds, trailer parks, drive-in restaurants, gasoline service stations, tavern parking lots, shopping centers, grocery store parking lots, parking lots of major industrial firms, marinas, boat launching areas, boat moorage and fueling stations, public and private piers, beaches and bathing areas, and such other public places within this state as specified by rule or regulation of the director adopted pursuant to chapter 34.05 RCW. It shall be the responsibility of any person owning or operating any establishment or public place in which litter receptacles of the uniform design are required by this section to procure and place such receptacles at their own expense on the premises in accord with rules and regulations adopted by the department.

Any person, other than a political subdivision, government agency, or municipality, who fails to place such litter receptacles on the premises in the numbers required by rule or regulation of the department, violating the provisions of this section or rules or regulations adopted thereunder shall be subject to a fine of ten dollars for each day of violation. (2004 Ed.)

ing regularly scheduled commercial passenger service shall provide adequate recycling receptacles on, or adjacent to, its facility. The receptacles shall be clearly marked for the disposal of at least two of the following recyclable materials: Aluminum, glass, newspaper, plastic, and tin.

(2) Marinas and airports subject to this section shall not be required to provide recycling receptacles until the city or county in which it is located adopts a waste reduction and recycling element of a solid waste management plan pursuant to RCW 70.95.090. [1991 c 11 § 2.]

70.93.097 Transported waste must be covered or secured. (1) By January 1, 1994, each county or city with a staffed transfer station or landfill in its jurisdiction shall adopt an ordinance to reduce litter from vehicles. The ordinance shall require the operator of a vehicle transporting solid waste to a staffed transfer station or landfill to secure or cover the vehicle's waste in a manner that will prevent spillage. The ordinance may provide exemptions for vehicle operators transporting waste that is unlikely to spill from a vehicle.

The ordinance shall, in the absence of an exemption, require a fee, in addition to other landfill charges, for a person arriving at a staffed landfill or transfer station without a cover on the vehicle's waste or without the waste secured.

(2) The fee collected under subsection (1) of this section shall be deposited, no less often than quarterly, with the city or county in which the landfill or transfer station is located.

(3) A vehicle transporting sand, dirt, or gravel in compliance with the provisions of RCW 46.61.655 shall not be required to secure or cover a load pursuant to ordinances adopted under this section. [1993 c 399 § 1.]

70.93.110 Removal of litter—Responsibility. Responsibility for the removal of litter from receptacles placed at parks, beaches, campgrounds, trailer parks, and other public places shall remain upon those state and local agencies performing litter removal. Removal of litter from litter receptacles placed on private property which is used by the public shall remain the responsibility of the owner of such private property. [1971 ex.s. c 307 § 11.]

70.93.180 Waste reduction, recycling, and litter control account—Distribution. (1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of

local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal. [1998 c 257 § 5; 1992 c 175 § 8; 1991 sp.s. c 13 § 40; 1985 c 57 § 68; 1983 c 277 § 3; 1971 ex.s. c 307 § 18.]

70.93.200 Department of ecology—Administration of anti-litter and recycling programs—Guidelines—Report to legislature. In addition to the foregoing, the department of ecology shall:

(1) Serve as the coordinating agency between the various industry organizations seeking to aid in the waste reduction, anti-litter, and recycling efforts;

(2) Serve as the coordinating and administrating agency for all state agencies and local governments receiving funds for waste reduction, litter control, and recycling under this chapter;

(3) Recommend to the governing bodies of all local governments that they adopt ordinances similar to the provisions of this chapter;

(4) Cooperate with all local governments to accomplish coordination of local waste reduction, anti-litter, and recycling efforts;

(5) Encourage, organize, and coordinate all voluntary local waste reduction, anti-litter, and recycling campaigns seeking to focus the attention of the public on the programs of this state to reduce waste, control and remove litter, and foster recycling;

(6) Investigate the availability of, and apply for funds available from any private or public source to be used in the program outlined in this chapter;

(7) Develop statewide programs by working with local governments, payers of the waste reduction, recycling, and litter control tax, and industry organizations that are active in waste reduction, anti-litter, and recycling efforts to increase public awareness of and participation in recycling and to stimulate and encourage local private recycling centers, public participation in recycling and research and development in the field of litter control, and recycling, removal, and disposal of litter-related recycling materials;

(8) Conduct a biennial statewide litter survey targeted at litter composition, sources, demographics, and geographic trends; and

(9) Provide a biennial summary of all waste reduction, litter control, and recycling efforts statewide including those of the department of ecology, and other state agencies and local governments funded for such programs under this chapter. This report is due to the legislature in March of even-numbered years. [1998 c 257 § 8; 1979 c 94 § 7; 1971 ex.s. c 307 § 20.]

70.93.210 Waste reduction, anti-litter, and recycling campaign—Industrial cooperation requested. To aid in the statewide waste reduction, anti-litter, and recycling campaign, the state legislature requests that the payers of the waste reduction, recycling, and litter control tax and the various industry organizations which are active in waste reduction, anti-litter, and recycling efforts provide active cooperation with the department of ecology so that additional effect may be given to the waste reduction, anti-litter, and recycling campaign of the state of Washington. [1998 c 257 § 9; 1979 c 94 § 8; 1971 ex.s. c 307 § 21.]

70.93.220 Litter collection programs—Department of ecology—Coordinating agency—Use of funds—Reporting. (1) The department of ecology is the coordinating and administrative agency working with the departments of natural resources, revenue, transportation, and corrections, and the parks and recreation commission in developing a biennial budget request for funds for the various agencies' litter collection programs.

(2) Funds may be used to meet the needs of efficient and effective litter collection and illegal dumping programs identified by the various agencies. The department shall develop criteria for evaluating the effectiveness and efficiency of the waste reduction, litter control, and recycling programs being administered by the various agencies listed in RCW 70.93.180, and shall distribute funds according to the effectiveness and efficiency of those programs. In addition, the department shall approve funding requests for efficient and effective waste reduction, litter control, and recycling programs, provide funds, and monitor the results of all agency programs.

(3) All agencies are responsible for reporting information on their litter collection programs, as requested by the department of ecology. Beginning in the year 2000, this information shall be provided to the department by March of

even-numbered years. In 1998, this information shall be provided by July 1st.

(4) By December 1998, and in every even-numbered year thereafter, the department shall provide a report to the legislature summarizing biennial waste reduction, litter control, and recycling activities by state agencies and submitting the coordinated litter budget request of all agencies. [1998 c 257 § 6.]

70.93.230 Violations of chapter—Penalties. Every person convicted of a violation of this chapter for which no penalty is specially provided for shall be punished by a fine of not more than fifty dollars for each such violation. [1983 c 277 § 4; 1971 ex.s. c 307 § 23.]

70.93.250 Funding to local governments—Reports.

(1) The department shall provide funding to local units of government to establish, conduct, and evaluate community restitution and other programs for waste reduction, litter and illegal dump cleanup, and recycling. Programs eligible for funding under this section shall include, but not be limited to, programs established pursuant to RCW 72.09.260.

(2) Funds may be offered for costs associated with community waste reduction, litter cleanup and prevention, and recycling activities. The funding program must be flexible, allowing local governments to use funds broadly to meet their needs to reduce waste, control litter and illegal dumping, and promote recycling. Local governments are required to contribute resources or in-kind services. The department shall evaluate funding requests from local government according to the same criteria as those developed in RCW 70.93.220, provide funds according to the effectiveness and efficiency of local government litter control programs, and monitor the results of all local government programs under this section.

(3) Local governments shall report information as requested by the department in funding agreements entered into by the department and a local government. The department shall report to the appropriate standing committees of the legislature by December of even-numbered years on the effectiveness of local government waste reduction, litter, and recycling programs funded under this section. 70.94.011 Declaration of public policies and purpose.

It is declared to be the public policy to preserve, protect, and enhance the air quality for current and future generations. Air is an essential resource that must be protected from harmful levels of pollution. Improving air quality is a matter of statewide concern and is in the public interest. It is the intent of this chapter to secure and maintain levels of air quality that protect human health and safety, including the most sensitive members of the population, to comply with the requirements of the federal clean air act, to prevent injury to plant, animal life, and property, to foster the comfort and convenience of Washington's inhabitants, to promote the economic and social development of the state, and to facilitate the enjoyment of the natural attractions of the state.

It is further the intent of this chapter to protect the public welfare, to preserve visibility, to protect scenic, aesthetic, historic, and cultural values, and to prevent air pollution problems that interfere with the enjoyment of life, property, or natural attractions.

Because of the extent of the air pollution problem the legislature finds it necessary to return areas with poor air quality to levels adequate to protect health and the environment as expeditiously as possible but no later than December 31, 1995. Further, it is the intent of this chapter to prevent any areas of the state with acceptable air quality from reaching air contaminant levels that are not protective of human health and the environment.

The legislature recognizes that air pollution control projects may affect other environmental media. In selecting air pollution control strategies state and local agencies shall support those strategies that lessen the negative environmental impact of the project on all environmental media, including air, water, and land.

The legislature further recognizes that energy efficiency and energy conservation can help to reduce air pollution and shall therefore be considered when making decisions on air pollution control strategies and projects.

It is the policy of the state that the costs of protecting the air resource and operating state and local air pollution control programs shall be shared as equitably as possible among all sources whose emissions cause air pollution.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to

(2004 Ed.)

the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

To these ends it is the purpose of this chapter to safeguard the public interest through an intensive, progressive, and coordinated statewide program of air pollution prevention and control, to provide for an appropriate distribution of responsibilities, and to encourage coordination and cooperation between the state, regional, and local units of government, to improve cooperation between state and federal government, public and private organizations, and the concerned individual, as well as to provide for the use of all known, available, and reasonable methods to reduce, prevent, and control air pollution.

The legislature recognizes that the problems and effects of air pollution cross political boundaries, are frequently regional or interjurisdictional in nature, and are dependent upon the existence of human activity in areas having common topography and weather conditions conducive to the buildup of air contaminants. In addition, the legislature recognizes that air pollution levels are aggravated and compounded by increased population, and its consequences. These changes often result in increasingly serious problems for the public and the environment.

The legislature further recognizes that air emissions from thousands of small individual sources are major contributors to air pollution in many regions of the state. As the population of a region grows, small sources may contribute an increasing proportion of that region's total air emissions. It is declared to be the policy of the state to achieve significant reductions in emissions from those small sources whose aggregate emissions constitute a significant contribution to air pollution in a particular region.

It is the intent of the legislature that air pollution goals be incorporated in the missions and actions of state agencies. [1991 c 199 § 102; 1973 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 1; 1967 c 238 § 1.]

Finding—1991 c 199: "The legislature finds that ambient air pollution is the most serious environmental threat in Washington state. Air pollution causes significant harm to human health; damages the environment, including trees, crops, and animals; causes deterioration of equipment and materials; contributes to water pollution; and degrades the quality of life.

Over three million residents of Washington state live where air pollution levels are considered unhealthy. Of all toxic chemicals released into the environment more than half enter our breathing air. Citizens of Washington state spend hundreds of millions of dollars annually to offset health, environmental, and material damage caused by air pollution. The legislature considers such air pollution levels, costs, and damages to be unacceptable.

It is the intent of this act that the implementation of programs and regulations to control air pollution shall be the primary responsibility of the department of ecology and local air pollution control authorities." [1991 c 199 § 101.]

Alternative fuel and solar powered vehicles—1991 c 199: "The department of ecology shall contract with Western Washington University for the biennium ending June 30, 1993, for research and development of alternative fuel and solar powered vehicles. A report on the progress of such research shall be presented to the standing environmental committees and the department by January 1, 1994." [1991 c 199 § 230.]

70.94.017 Air pollution control account—Subaccount distribution. (Expires July 1, 2008.) (1) Money deposited in the segregated subaccount of the air pollution control account under RCW 46.68.020(2) shall be distributed as follows:

(a) Eighty-five percent shall be distributed to air pollution control authorities created under this chapter. The money must be distributed in direct proportion with the amount of fees imposed under RCW 46.12.080, 46.12.170, and 46.12.181 that are collected within the boundaries of each authority. However, an amount in direct proportion with those fees collected in counties for which no air pollution control authority exists must be distributed to the department.

(2) Money distributed to air pollution control authorities and the department under subsection (1) of this section must be used as follows:

(a) Eighty-five percent of the money received by an air pollution control authority or the department must be used to retrofit school buses with exhaust emission control devices or to provide funding for fueling infrastructure necessary to allow school bus fleets to use alternative, cleaner fuels.

(b) The remaining fifteen percent may be used by the air pollution control authority or department to reduce vehicle air contaminant emissions and clean up air pollution, or reduce and monitor toxic air contaminants.

(3) Money in the air pollution control account may be spent by the department only after appropriation.

(4) The department shall provide a report to the legislative transportation committees on the progress of the implementation of this section by December 31, 2004. [2003 c 264 § 1.]

70.94.030 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Air contaminant" means dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof.

(2) "Air pollution" is presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interfere with enjoyment of life and property. For the purpose of this chapter, air pollution shall not include air contaminants emitted in compliance with chapter 17.21 RCW.

(3) "Air quality standard" means an established concentration, exposure time, and frequency of occurrence of an air contaminant or multiple contaminants in the ambient air which shall not be exceeded.

(4) "Ambient air" means the surrounding outside air.

(5) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(6) "Best available control technology" (BACT) means an emission limitation based on the maximum degree of reduction for each air pollutant subject to regulation under this chapter emitted from or that results from any new or modified stationary source, that the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such a source or modification through application of production processes and available methods, systems, and techniques, including fuel cleaning, clean fuels, or treatment or innovative fuel combustion techniques for control of each such pollutant. In no event shall application of "best available control technology" result in emissions of any pollutants that will exceed the emissions allowed by any applicable standard under 40 C.F.R. Part 60 and Part 61, as they exist on July 25, 1993, or their later enactments as adopted by reference by the director by rule. Emissions from any source utilizing clean fuels, or any other means, to comply with this subsection shall not be allowed to increase above levels that would have been required under the definition of BACT as it

existed prior to enactment of the [federal] clean air act amendments of 1990.

(7) "Best available retrofit technology" (BART) means an emission limitation based on the degree of reduction achievable through the application of the best system of continuous emission reduction for each pollutant that is emitted by an existing stationary facility. The emission limitation must be established, on a case-by-case basis, taking into consideration the technology available, the costs of compliance, the energy and nonair quality environmental impacts of compliance, any pollution control equipment in use or in existence at the source, the remaining useful life of the source, and the degree of improvement in visibility that might reasonably be anticipated to result from the use of the technology.

(8) "Board" means the board of directors of an authority.

(9) "Control officer" means the air pollution control officer of any authority.

(10) "Department" or "ecology" means the department of ecology.

(11) "Emission" means a release of air contaminants into the ambient air.

(12) "Emission standard" and "emission limitation" mean a requirement established under the federal clean air act or this chapter that limits the quantity, rate, or concentration of emissions of air contaminants on a continuous basis, including any requirement relating to the operation or maintenance of a source to assure continuous emission reduction, and any design, equipment, work practice, or operational standard adopted under the federal clean air act or this chapter.

(13) "Lowest achievable emission rate" (LAER) means for any source that rate of emissions that reflects:

(a) The most stringent emission limitation that is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed source demonstrates that such limitations are not achievable; or

(b) The most stringent emission limitation that is achieved in practice by such class or category of source, whichever is more stringent.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

(14) "Modification" means any physical change in, or change in the method of operation of, a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted. The term modification shall be construed consistent with the definition of modification in Section 7411, Title 42, United States Code, and with rules implementing that section.

(15) "Multicounty authority" means an authority which consists of two or more counties.

(16) "New source" means (a) the construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted, and (b) any other project that constitutes a new source under the federal clean air act.

(17) "Permit program source" means a source required to apply for or to maintain an operating permit under RCW 70.94.161.

(18) "Person" means an individual, firm, public or private corporation, association, partnership, political subdivision of the state, municipality, or governmental agency.

(19) "Reasonably available control technology" (RACT) means the lowest emission limit that a particular source or source category is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility. RACT is determined on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for a source or source category shall be adopted only after notice and opportunity for comment are afforded.

(20) "Silvicultural burning" means burning of wood fiber on forest land consistent with the provisions of RCW 70.94.660.

(21) "Source" means all of the emissions units including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control, whose activities are ancillary to the production of a single product or functionally related group of products.

(22) "Stationary source" means any building, structure, facility, or installation that emits or may emit any air contaminant. [1993 c 252 § 2; 1991 c 199 § 103; 1987 c 109 § 33; 1979 c 141 § 119; 1969 ex.s. c 168 § 2; 1967 ex.s. c 61 § 1; 1967 c 238 § 2; 1957 c 232 § 3.]

70.94.033 Environmental excellence program agreements—Effect on chapter. Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.21K RCW. [1997 c 381 § 21.]

Purpose—1997 c 381: See RCW 43.21K.005.

70.94.035 Technical assistance program for regulated community. The department shall establish a technical assistance unit within its air quality program, consistent with the federal clean air act, to provide the regulated community, especially small businesses with:

(1) Information on air pollution laws, rules, compliance methods, and technologies;

(2) Information on air pollution prevention methods and technologies, and prevention of accidental releases;

(3) Assistance in obtaining permits and developing emission reduction plans;

(4) Information on the health and environmental effects of air pollution.

No representatives of the department designated as part of the technical assistance unit created in this section may have any enforcement authority. Staff of the technical assistance unit who provide on-site consultation at an industrial or commercial facility and who observe violations of air quality rules shall immediately inform the owner or operator of the facility of such violations. On-site consultation visits shall not be regarded as an inspection or investigation and no notices or citations may be issued or civil penalties assessed during such a visit. However, violations shall be reported to the appropriate enforcement agency and the facility owner or operator shall be notified that the violations will be reported. No enforcement action shall be taken by the enforcement agency for violations reported by technical assistance unit staff unless and until the facility owner or operator has been provided reasonable time to correct the violation. Violations that place any person in imminent danger of death or substantial bodily harm or cause physical damage to the property of another in an amount exceeding one thousand dollars may result in immediate enforcement action by the appropriate enforcement agency. [1991 c 199 § 308.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.037 Transportation activities—"Conformity" determination requirements. In areas subject to a state implementation plan, no state agency, metropolitan planning organization, or local government shall approve or fund a transportation plan, program, or project within or that affects a nonattainment area unless a determination has been made that the plan, program, or project conforms with the state implementation plan for air quality as required by the federal clean air act.

Conformity determination shall be made by the state or local government or metropolitan planning organization administering or developing the plan, program, or project.

No later than eighteen months after May 15, 1991, the director of the department of ecology and the secretary of transportation, in consultation with other state, regional, and local agencies as appropriate, shall adopt by rule criteria and guidance for demonstrating and assuring conformity of plans, programs, and projects that are wholly or partially federally funded.

A project with a scope that is limited to preservation or maintenance, or both, shall be exempted from a conformity determination requirement. [1991 c 199 § 219.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.040 Causing or permitting air pollution unlawful—Exception. Except where specified in a variance permit, as provided in RCW 70.94.181, it shall be unlawful for any person to cause air pollution or permit it to be caused in violation of this chapter, or of any ordinance, resolution, rule or regulation validly promulgated hereunder. [1980 c 175 § 2; 1967 c 238 § 3; 1957 c 232 § 4.]

70.94.041 Exception—Burning wood at historic structure. Except as otherwise provided in this section, any building or structure listed on the national register of historic sites, structures, or buildings established pursuant to 80 Stat. 915, 16 U.S.C. Sec. 470a, or on the state register established

pursuant to RCW 27.34.220, shall be permitted to burn wood as it would have when it was a functioning facility as an authorized exception to the provisions of this chapter. Such burning of wood shall not be exempted from the provisions of RCW 70.94.710 through 70.94.730. [1991 c 199 § 506; 1983 c 3 § 175; 1977 ex.s. c 38 § 1.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.053 Air pollution control authorities created—Activated authorities, composition, meetings—Delineation of air pollution regions, considerations. (1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) Except as provided in RCW 70.94.262, all authorities which are presently activated authorities shall carry out the duties and exercise the powers provided in this chapter. Those activated authorities which encompass contiguous counties are declared to be and directed to function as a multicounty authority.

(3) All other air pollution control authorities are hereby designated as inactive authorities.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such individuals as is provided in RCW 70.94.100. [1995 c 135 § 5. Prior: 1991 c 363 § 143; 1991 c 199 § 701; 1991 c 125 § 1; prior: 1987 c 505 § 60; 1987 c 109 § 34; 1979 c 141 § 120; 1967 c 238 § 4.]

Intent—1995 c 135: See note following RCW 29A.08.760.

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.055 Air pollution control authority may be activated by counties, when. The legislative authority of any county may activate an air pollution control authority following a public hearing on its own motion, or upon a filing of a petition signed by one hundred property owners within the county. If the county legislative authority determines as a result of the public hearing that:

(1) Air pollution exists or is likely to occur; and

(2) The city or town ordinances, or county resolutions, or their enforcement, are inadequate to prevent or control air pollution,

it may by resolution activate an air pollution control authority or combine with a contiguous county or counties to form a multicounty air pollution control authority. [1995 c 135 § 6. Prior: 1991 c 363 § 144; 1991 c 199 § 702; 1967 c 238 § 5.]

Intent—1995 c 135: See note following RCW 29A.08.760.

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.057 Multicounty authority may be formed by contiguous counties—Name. The boards of county commissioners of two or more contiguous counties may, by joint resolution, combine to form a multicounty air pollution control authority. Boundaries of such authority shall be coextensive with the boundaries of the counties forming the authority.

The name of the multicounty authority shall bear the names of the counties making up such multicounty authority or a name adopted by the board of such multicounty authority. [1967 c 238 § 6.]

70.94.068 Merger of active and inactive authorities to form multicounty or regional authority—Procedure. The respective boards of county commissioners of two or more contiguous counties may merge any combination of their several inactive or activated authorities to form one activated multicounty authority. Upon a determination that the purposes of this chapter will be served by such merger, each board of county commissioners may adopt the resolution providing for such merger. Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

70.94.069 Merger of active and inactive authorities to form multicounty or regional authority—Reorganization of board of directors—Rules and regulations. Whenever there occurs a merger of an inactive authority with an activated authority or authorities, or of two activated authorities to form a multicounty authority, the board of directors shall be reorganized as provided in RCW 70.94.100, 70.94.110, and 70.94.120.

In the case of the merger of two or more activated authorities the rules and regulations of each authority shall continue in effect and shall be enforced within the jurisdiction of each until such time as the board of directors adopts rules and regulations applicable to the newly formed multicounty authority.

In the case of the merger of an inactive authority with an activated authority or authorities, upon approval of such merger by the board or boards of county commissioners of the county or counties comprising the existing activated authority or authorities, the rules and regulations of the activated authority or authorities shall remain in effect until superseded by the rules and regulations of the multicounty authority as provided in RCW 70.94.230. [1969 ex.s. c 168 § 4; 1967 c 238 § 12.]

70.94.070 Resolutions activating authorities—Contents—Filings—Effective date of operation. The resolution or resolutions activating an air pollution authority shall specify the name of the authority and participating political bodies; the authority's principal place of business; the territory included within it; and the effective date upon which such authority shall begin to transact business and exercise its powers. In addition, such resolution or resolutions may specify the amount of money to be contributed annually by each political subdivision, or a method of dividing expenses of the

air pollution control program. Upon the adoption of a resolution or resolutions calling for the activation of an authority or the merger of an inactive or activated authority or several activated authorities to form a multicounty authority, the governing body of each shall cause a certified copy of each such ordinance or resolution to be filed in the office of the secretary of state of the state of Washington. From and after the date of filing with the secretary of state a certified copy of each such resolution, or resolutions, or the date specified in such resolution or resolutions, whichever is later, the authority may begin to function and may exercise its powers.

Any authority activated by the provisions of this chapter shall cause a certified copy of all information required by this section to be filed in the office of the secretary of state of the state of Washington. [1969 ex.s. c 168 § 5; 1967 c 238 § 13; 1957 c 232 § 7.]

70.94.081 Powers and duties of authorities. An activated authority shall be deemed a municipal corporation; have right to perpetual succession; adopt and use a seal; may sue and be sued in the name of the authority in all courts and in all proceedings; and, may receive, account for, and disburse funds, employ personnel, and acquire or dispose of any interest in real or personal property within or without the authority in the furtherance of its purposes. [1969 ex.s. c 168 § 6; 1967 c 238 § 14.]

70.94.085 Cost-reimbursement agreements. (1) An authority may enter into a written cost-reimbursement agreement with a permit applicant to recover from the applicant the reasonable costs incurred by the authority in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the air pollution control authority to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The air pollution control authority may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The air pollution control authority shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The air pollution control authority shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff avail-

able to work on permits not covered by cost-reimbursement agreements. The air pollution control authority may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The provisions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. Members of the air pollution control authority's board of directors shall be considered as state officers, and employees of the air pollution control authority shall be considered as state employees, for the sole purpose of applying the restrictions of chapter 42.52 RCW to this section.

(3) An air pollution control authority may not enter into any new cost-reimbursement agreements on or after July 1, 2007. The authority may continue to administer any cost-reimbursement agreement that was entered into before July 1, 2007, until the project is completed. [2003 c 70 § 5; 2000 c 251 § 6.]

Intent—Captions not law—Effective date—2000 c 251: See notes following RCW 43.21A.690.

70.94.091 Excess tax levy authorized—Election, procedure, expense. An activated authority shall have the power to levy additional taxes in excess of the constitutional and/or statutory tax limitations for any of the authorized purposes of such activated authority, not in excess of twenty-five cents per thousand dollars of assessed value a year when authorized so to do by the electors of such authority by a three-fifths majority of those voting on the proposition at a special election, to be held in the year in which the levy is made, in the manner set forth in Article VII, section 2 (a) of the Constitution of this state, as amended by Amendment 59 and as thereafter amended. Nothing herein shall be construed to prevent holding the foregoing special election at the same time as that fixed for a general election. The expense of all special elections held pursuant to this section shall be paid by the authority. [1973 1st ex.s. c 195 § 84; 1969 ex.s. c 168 § 7; 1967 c 238 § 15.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

70.94.092 Air pollution control authority—Fiscal year—Adoption of budget—Contents. Notwithstanding the provisions of RCW 1.16.030, the budget year of each activated authority shall be the fiscal year beginning July 1st and ending on the following June 30th. On or before the fourth Monday in June of each year, each activated authority shall adopt a budget for the following fiscal year. The activated authority budget shall contain adequate funding and provide for staff sufficient to carry out the provisions of all applicable ordinances, resolutions, and local regulations related to the reduction, prevention, and control of air pollution. The legislature acknowledges the need for the state to provide reasonable funding to local authorities to carry out the requirements of this chapter. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The remaining funds required to meet budget expenditures, if any, shall be designated as "supplemental income" and shall be obtained from the component cities, towns, and counties in the manner provided in this chapter. The affirmative vote of three-fourths of

all members of the board shall be required to authorize emergency expenditures. [1991 c 199 § 703; 1975 1st ex.s. c 106 § 1; 1969 ex.s. c 168 § 8; 1967 c 238 § 16.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.093 Methods for determining proportion of supplemental income to be paid by component cities, towns and counties—Payment. (1) Each component city or town shall pay such proportion of the supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as provided in subsection (1)(c) of this section:

(a) Each component city or town shall pay such proportion of the supplemental income as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component city or town shall pay such proportion of the supplemental income as the total population of such city or town bears to the total population of the activated authority. The population of the city or town shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: PROVIDED, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(2) Each component county shall pay such proportion of such supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as prescribed in subsection (2)(c) of this section:

(a) Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the activated authority bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component county shall pay such proportion of the supplemental income as the total population of the unincorporated area of such county bears to the total population of the activated authority. The population of the county shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: PROVIDED, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(3) In making such determination of the assessed valuation of property in the component cities, towns and counties, the board shall use the last available assessed valuations. The board shall certify to each component city, town and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city, town or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the activated

authority, in equal quarterly installments, the amount of its supplemental share. [1969 ex.s. c 168 § 9; 1967 c 238 § 17.]

70.94.094 Designation of authority treasurer and auditor—Duties. The treasurer of each component city, town or county shall create a separate fund into which shall be paid all money collected from taxes or from any other available sources, levied by or obtained for the activated authority on property or on any other available sources in such city, town or county and such money shall be forwarded quarterly by the treasurer of each such city, town or county to the treasurer of the county designated by the board as the authority treasurer. The treasurer of the county so designated to serve as treasurer of the authority shall establish and maintain such funds as may be authorized by the board. Money shall be disbursed from such funds upon warrants drawn by the auditor of the county designated by the board as the authority auditor as authorized by the board. The respective county shall be reimbursed by the board for services rendered by the treasurer and auditor of the respective county in connection with the receipt and disbursement of such funds. [1969 ex.s. c 168 § 10; 1967 c 238 § 18.]

70.94.095 Assessed valuation of taxable property, certification by county assessors. It shall be the duty of the assessor of each component county to certify annually to the board the aggregate assessed valuation of all taxable property in all incorporated and unincorporated areas situated in any activated authority as the same appears from the last assessment roll of his county. [1969 ex.s. c 168 § 11; 1967 c 238 § 19.]

70.94.096 Authorization to borrow money. An activated authority shall have the power when authorized by a majority of all members of the board to borrow money from any component city, town or county and such cities, towns and counties are hereby authorized to make such loans or advances on such terms as may be mutually agreed upon by the board and the legislative bodies of any such component city, town or county to provide funds to carry out the purposes of the activated authority. [1969 ex.s. c 168 § 12; 1967 c 238 § 20.]

70.94.097 Special air pollution studies—Contracts for conduct of. In addition to paying its share of the supplemental income of the activated authority, each component city, town, or county shall have the power to contract with such authority and expend funds for the conduct of special studies, investigations, plans, research, advice, or consultation relating to air pollution and its causes, effects, prevention, abatement, and control as such may affect any area within the boundaries of the component city, town, or county, and which could not be performed by the authority with funds otherwise available to it. Any component city, town or county which contracts for the conduct of such special air pollution studies, investigations, plans, research, advice or consultation with any entity other than the activated authority shall require that such an entity consult with the activated authority. [1975 1st ex.s. c 106 § 2.]

(2004 Ed.)

70.94.100 Air pollution control authority—Board of directors—Composition—Term. (1) The governing body of each authority shall be known as the board of directors.

(2) In the case of an authority comprised of one county the board shall be comprised of two appointees of the city selection committee, at least one of whom shall represent the city having the most population in the county, and two representatives to be designated by the board of county commissioners. In the case of an authority comprised of two, three, four, or five counties, the board shall be comprised of one appointee from each county, who shall represent the city having the most population in such county, to be designated by the mayor and city council of such city, and one representative from each county to be designated by the board of county commissioners of each county making up the authority. In the case of an authority comprised of six or more counties, the board shall be comprised of one representative from each county to be designated by the board of county commissioners of each county making up the authority, and three appointees, one each from the three largest cities within the local authority's jurisdiction to be appointed by the mayor and city council of such city.

(3) If the board of an authority otherwise would consist of an even number, the members selected as above provided shall agree upon and elect an additional member who shall be either a member of the governing body of one of the towns, cities or counties comprising the authority, or a private citizen residing in the authority.

(4) The terms of office of board members shall be four years.

(5) Wherever a member of a board has a potential conflict of interest in an action before the board, the member shall declare to the board the nature of the potential conflict prior to participating in the action review. The board shall, if the potential conflict of interest, in the judgment of a majority of the board, may prevent the member from a fair and objective review of the case, remove the member from participation in the action. [1991 c 199 § 704; 1989 c 150 § 1; 1969 ex.s. c 168 § 13; 1967 c 238 § 21; 1957 c 232 § 10.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.110 City selection committees. There shall be a separate and distinct city selection committee for each county making up an authority. The membership of such committee shall consist of the mayor of each incorporated city and town within such county. A majority of the members of each city selection committee shall constitute a quorum. [1967 c 238 § 22; 1963 c 27 § 1; 1957 c 232 § 11.]

70.94.120 City selection committees—Meetings, notice, recording officer—Alternative mail balloting—Notice. (1) The city selection committee of each county which is included within an authority shall meet within one month after the activation of such authority for the purpose of making its initial appointments to the board of such authority and thereafter whenever necessary for the purpose of making succeeding appointments. All meetings shall be held upon at least two weeks written notice given by the county auditor to each member of the city selection committee of each county and he shall give such notice upon request of any member of such committee. A similar notice shall be given to the general

public by a publication of such notice in a newspaper of general circulation in such authority. The county auditor shall act as recording officer, maintain its records and give appropriate notice of its proceedings and actions.

(2) As an alternative to meeting in accordance with subsection (1) of this section, the county auditor may mail ballots by certified mail to the members of the city selection committee, specifying a date by which to complete the ballot, and a date by which to return the completed ballot. Each mayor who chooses to participate in the balloting shall write in the choice for appointment, sign the ballot, and return the ballot to the county auditor. Each completed ballot shall be date-stamped upon receipt by the mayor or staff of the mayor of the city or town. The timely return of completed ballots by a majority of the members of each city selection committee constitutes a quorum and the common choice by a majority of the quorum constitutes a valid appointment.

(3) Balloting shall be preceded by at least two weeks' written notice, given by the county auditor to each member of the city selection committee. A similar notice shall be given to the general public by publication in a newspaper of general circulation in the authority. [1995 c 261 § 2; 1969 ex.s. c 168 § 14; 1967 c 238 § 23; 1957 c 232 § 12.]

70.94.130 Air pollution control authority—Board of directors—Powers, quorum, officers, compensation. The board shall exercise all powers of the authority except as otherwise provided. The board shall conduct its first meeting within thirty days after all of its members have been appointed or designated as provided in RCW 70.94.100. The board shall meet at least ten times per year. All meetings shall be publicly announced prior to their occurrence. All meetings shall be open to the public. A majority of the board shall constitute a quorum for the transaction of business and shall be necessary for any action taken by the board. The board shall elect from its members a chair and such other officers as may be necessary. Any member of the board may designate a regular alternate to serve on the board in his or her place with the same authority as the member when he or she is unable to attend. In no event may a regular alternate serve as the permanent chair. Each member of the board, or his or her representative, shall receive from the authority compensation consistent with such authority's rates (but not to exceed one thousand dollars per year) for time spent in the performance of duties under this chapter, plus the actual and necessary expenses incurred by the member in such performance. The board may appoint a control officer, and any other personnel, and shall determine their salaries, and pay same, together with any other proper indebtedness, from authority funds. [1998 c 342 § 1; 1991 c 199 § 705; 1969 ex.s. c 168 § 15; 1967 c 238 § 24; 1957 c 232 § 13.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.141 Air pollution control authority—Powers and duties of activated authority. The board of any activated authority in addition to any other powers vested in them by law, shall have power to:

(1) Adopt, amend and repeal its own rules and regulations, implementing this chapter and consistent with it, after consideration at a public hearing held in accordance with

chapter 42.30 RCW. Rules and regulations shall also be adopted in accordance with the notice and adoption procedures set forth in RCW 34.05.320, those provisions of RCW 34.05.325 that are not in conflict with chapter 42.30 RCW, and with the procedures of RCW 34.05.340, *34.05.355 through 34.05.380, and with chapter 34.08 RCW, except that rules shall not be published in the Washington Administrative Code. Judicial review of rules adopted by an authority shall be in accordance with Part V of chapter 34.05 RCW. An air pollution control authority shall not be deemed to be a state agency.

(2) Hold hearings relating to any aspect of or matter in the administration of this chapter not prohibited by the provisions of chapter 62, Laws of 1970 ex. sess. and in connection therewith issue subpoenas to compel the attendance of witnesses and the production of evidence, administer oaths and take the testimony of any person under oath.

(3) Issue such orders as may be necessary to effectuate the purposes of this chapter and enforce the same by all appropriate administrative and judicial proceedings subject to the rights of appeal as provided in chapter 62, Laws of 1970 ex. sess.

(4) Require access to records, books, files and other information specific to the control, recovery or release of air contaminants into the atmosphere.

(5) Secure necessary scientific, technical, administrative and operational services, including laboratory facilities, by contract or otherwise.

(6) Prepare and develop a comprehensive plan or plans for the prevention, abatement and control of air pollution within its jurisdiction.

(7) Encourage voluntary cooperation by persons or affected groups to achieve the purposes of this chapter.

(10) Advise, consult, cooperate and contract with agencies and departments and the educational institutions of the state, other political subdivisions, industries, other states, interstate or interlocal agencies, and the United States government, and with interested persons or groups.

(11) Consult, upon request, with any person proposing to construct, install, or otherwise acquire an air contaminant source or device or system for the control thereof, concerning the efficacy of such device or system, or the air pollution problems which may be related to the source, device or system. Nothing in any such consultation shall be construed to relieve any person from compliance with this chapter, ordinances, resolutions, rules and regulations in force pursuant thereto, or any other provision of law.

(12) Accept, receive, disburse and administer grants or other funds or gifts from any source, including public and private agencies and the United States government for the purpose of carrying out any of the functions of this chapter. [1991 c 199 § 706; 1970 ex.s. c 62 § 56; 1969 ex.s. c 168 § 16; 1967 c 238 § 25.]

(b) May issue a subpoena upon their own motion.

(2) The subpoena powers given in RCW 70.94.141(2) shall be statewide in effect.

(3) Witnesses appearing under the compulsion of a subpoena in a hearing before the board or the department shall be paid the same fees and mileage that are provided for witnesses in the courts of this state. Such fees and mileage, and the cost of duplicating records required to be produced by subpoena issued upon the motion of the board or department, shall be paid by the board or department. Such fees and mileage, and the cost of producing records required to be produced by subpoena issued upon the request of a party, shall be paid by that party.

(4) If an individual fails to obey the subpoena, or obeys the subpoena but refuses to testify when required concerning any matter under examination or investigation or the subject of the hearing, the board or department shall file its written report thereof and proof of service of its subpoena, in any court of competent jurisdiction in the county where the examination, hearing or investigation is being conducted. Thereupon, the court shall forthwith cause the individual to be brought before it and, upon being satisfied that the subpoena is within the jurisdiction of the board or department and otherwise in accordance with law, shall punish him as if the failure or refusal related to a subpoena from or testimony in that court.

(5) The department may make such rules and regulations as to the issuance of its own subpoenas as are not inconsistent with the provisions of this chapter. [1987 c 109 § 35; 1969 ex.s. c 168 § 17; 1967 c 238 § 26.]

70.94.143 Federal aid. Any authority exercising the powers and duties prescribed in this chapter may make application for, receive, administer, and expend any federal aid, under federal legislation from any agency of the federal government, for the prevention and control of air pollution or the development and administration of programs related to air pollution control and prevention, as permitted by RCW 70.94.141(12): PROVIDED, That any such application shall be submitted to and approved by the department. The department shall adopt rules and regulations establishing standards for such approval and shall approve any such application, if it is consistent with this chapter, and any other applicable requirements of law. 70.94.151 Classification of air contaminant sources—Registration—Fee—Registration program defined. (1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The department or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration with any other board or the department.

All registration program fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or

[Title 70 RCW—page 177]

elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

For the purposes of this subsection, a "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade; and a "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually. [1997 c 410 § 1; 1993 c 252 § 3; 1987 c 109 § 37; 1984 c 88 § 2; 1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.152 Notice may be required of construction of proposed new contaminant source—Submission of plans—Approval, disapproval—Emission control—"De minimis new sources" defined. (1) The department of ecology or board of any authority may require notice of the establishment of any proposed new sources except single family and duplex dwellings or de minimis new sources as defined in rules adopted under subsection (11) of this section. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: PROVIDED, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: PROVIDED FURTHER, That any such notice given or notice of construction application submitted to either the board or to the department of ecology shall preclude a further submittal of a duplicate application to any board or to the department of ecology.

(2) The department shall, after opportunity for public review and comment, adopt rules that establish a workload-driven process for determination and review of the fee covering the direct and indirect costs of processing a notice of construction application and a methodology for tracking revenues and expenditures. All new source fees collected by the delegated local air authorities from sources shall be deposited in the dedicated accounts of their respective treasuries. All new source fees collected by the department from sources shall be deposited in the air pollution control account.

(3) Within thirty days of receipt of a notice of construction application, the department of ecology or board may require, as a condition precedent to the establishment of the new source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary to determine whether the proposed new source will be in accord with applicable rules and regulations in force under this chapter. If on the basis of plans, specifications, or other information required under this section the department of ecology or board determines that the proposed new source will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted under this

chapter, it shall issue an order denying permission to establish the new source. If on the basis of plans, specifications, or other information required under this section, the department of ecology or board determines that the proposed new source will be in accord with this chapter, and the applicable rules and regulations adopted under this chapter, it shall issue an order of approval for the establishment of the new source or sources, which order may provide such conditions as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable rules and regulations adopted under this chapter. Every order of approval under this chapter must be reviewed prior to issuance by a professional engineer or staff under the supervision of a professional engineer in the employ of the department of ecology or board.

(4) The determination required under subsection (3) of this section shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(5) New source review of a modification shall be limited to the emission unit or units proposed to be modified and the air contaminants whose emissions would increase as a result of the modification.

(6) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(7) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) or (3) of this section shall be maintained and operate in good working order.

(8) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his or her obligation to comply with applicable emission control requirements or with any other provision of law.

(9) Within thirty days of receipt of a notice of construction application the department of ecology or board shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within sixty days of receipt of a complete application the department or board shall either (a) issue a final decision on the application, or (b) for those projects subject to public notice, initiate notice and comment on a proposed decision, followed as promptly as possible by a final decision. A person seeking approval to construct or modify a source that requires an operating permit may elect to integrate review of the operating permit application or amendment required by RCW 70.94.161 and the notice of construction application required by this section. A notice of construction application designated for integrated review shall be processed in accordance with operating permit program procedures and deadlines.

(10) A notice of construction approval required under subsection (3) of this section shall include a determination that the new source will achieve best available control technology. If more stringent controls are required under federal law, the notice of construction shall include a determination that the new source will achieve the more stringent federal

requirements. Nothing in this subsection is intended to diminish other state authorities under this chapter.

(11) No person is required to submit a notice of construction or receive approval for a new source that is deemed by the department of ecology or board to have de minimis impact on air quality. The department of ecology shall adopt and periodically update rules identifying categories of de minimis new sources. The department of ecology may identify de minimis new sources by category, size, or emission thresholds.

(12) For purposes of this section, "de minimis new sources" means new sources with trivial levels of emissions that do not pose a threat to human health or the environment. [1996 c 67 § 1; 1996 c 29 § 1; 1993 c 252 § 4; 1991 c 199 § 302; 1973 1st ex.s. c 193 § 2; 1969 ex.s. c 168 § 20; 1967 c 238 § 29.]

Reviser's note: This section was amended by 1996 c 29 § 1 and by 1996 c 67 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—1991 c 199: See note following RCW 70.94.011.

Use of emission credits to be consistent with new source review program:
RCW 70.94.850.

70.94.153 Existing stationary source—Replacement or substantial alteration of emission control technology.

Any person proposing to replace or substantially alter the emission control technology installed on an existing stationary source emission unit shall file a notice of construction application with the jurisdictional permitting authority. For projects not otherwise reviewable under RCW 70.94.152, the permitting authority may (1) require that the owner or operator employ reasonably available control technology for the affected emission unit and (2) may prescribe reasonable operation and maintenance conditions for the control equipment. Within thirty days of receipt of an application for notice of construction under this section the permitting authority shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within thirty days of receipt of a complete application the permitting authority shall either issue an order of approval or a proposed RACT determination for the proposed project. Construction shall not commence on a project subject to review under this section until the permitting authority issues a final order of approval. However, any notice of construction application filed under this section shall be deemed to be approved without conditions if the permitting authority takes no action within thirty days of receipt of a complete application for a notice of construction. [1991 c 199 § 303.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.154 RACT requirements. (1) RACT as defined in RCW 70.94.030 is required for existing sources except as otherwise provided in RCW 70.94.331(9).

(2) RACT for each source category containing three or more sources shall be determined by rule except as provided in subsection (3) of this section.

(3) Source-specific RACT determinations may be performed under any of the following circumstances:

(a) As authorized by RCW 70.94.153;

(b) When required by the federal clean air act;

(c) For sources in source categories containing fewer than three sources;

(d) When an air quality problem, for which the source is a contributor, justifies a source-specific RACT determination prior to development of a categorical RACT rule; or

(e) When a source-specific RACT determination is needed to address either specific air quality problems for which the source is a significant contributor or source-specific economic concerns.

(4) By January 1, 1994, ecology shall develop a list of sources and source categories requiring RACT review and a schedule for conducting that review. Ecology shall review the list and schedule within six months of receiving the initial operating permit applications and at least once every five years thereafter. In developing the list to determine the schedule of RACT review, ecology shall consider emission reductions achievable through the use of new available technologies and the impacts of those incremental reductions on air quality, the remaining useful life of previously installed control equipment, the impact of the source or source category on air quality, the number of years since the last BACT, RACT, or LAER determination for that source and other relevant factors. Prior to finalizing the list and schedule, ecology shall consult with local air authorities, the regulated community, environmental groups, and other interested individuals and organizations. The department and local authorities shall revise RACT requirements, as needed, based on the review conducted under this subsection.

(5) In determining RACT, ecology and local authorities shall utilize the factors set forth in RCW 70.94.030 and shall consider RACT determinations and guidance made by the federal environmental protection agency, other states and local authorities for similar sources, and other relevant factors. In establishing or revising RACT requirements, ecology and local authorities shall address, where practicable, all air contaminants deemed to be of concern for that source or source category.

(6) Emission standards and other requirements contained in rules or regulatory orders in effect at the time of operating permit issuance or renewal shall be considered RACT for purposes of permit issuance or renewal. RACT determinations under subsections (2) and (3) of this section shall be incorporated into operating permits as provided in RCW 70.94.161 and rules implementing that section.

(7) The department and local air authorities are authorized to assess and collect a fee to cover the costs of developing, establishing, or reviewing categorical or case-by-case RACT requirements. The fee shall apply to determinations of RACT requirements as defined under this section and RCW 70.94.331(9). The amount of the fee may not exceed the direct and indirect costs of establishing the requirement for the particular source or the pro rata portion of the direct and indirect costs of establishing the requirement for the relevant source category. The department shall, after opportunity for public review and comment, adopt rules that establish a workload-driven process for determination and review of the fee covering the direct and indirect costs of its RACT determinations and a methodology for tracking revenues and expenditures. All such RACT determination fees collected by the delegated local air authorities from sources shall be

deposited in the dedicated accounts of their respective treasuries. All such RACT fees collected by the department from sources shall be deposited in the air pollution control account. [1996 c 29 § 2; 1993 c 252 § 8.]

70.94.155 Control of emissions—Bubble concept—Schedules of compliance. (1) As used in subsection (3) of this section, the term "bubble" means an air pollution control system which permits aggregate measurements of allowable emissions, for a single category of pollutant, for emissions points from a specified emissions-generating facility or facilities. Individual point source emissions levels from such specified facility or facilities may be modified provided that the aggregate limit for the specified sources is not exceeded.

(2) Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by permit or regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable, but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein.

(3) Wherever requirements necessary for the attainment of air quality standards or, where such standards are not exceeded, for the maintenance of air quality can be achieved through the use of a control program involving the bubble concept, such program may be authorized by a regulatory order or orders or permit issued to the air contaminant source or sources involved. Such order or permit shall only be authorized after the control program involving the bubble concept is accepted by [the] United States environmental protection agency as part of an approved state implementation plan. Any such order or permit provision shall restrict total emissions within the bubble to no more than would otherwise be allowed in the aggregate for all emitting processes covered. The orders or permits provided for by this subsection shall be issued by the department or the authority with jurisdiction. If the bubble involves interjurisdictional approval, concurrence in the total program must be secured from each regulatory entity concerned. [1991 c 199 § 305; 1981 c 224 § 1; 1973 1st ex.s. c 193 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

Use of emission credits to be consistent with bubble program: RCW 70.94.850.

70.94.157 Preemption of uniform building and fire codes. The department and local air pollution control authorities shall preempt the application of chapter 9 of the uniform building code and article 80 of the uniform fire code by other state agencies and local governments for the purposes of controlling outdoor air pollution from industrial and commercial sources, except where authorized by chapter 199, Laws of 1991. Actions by other state agencies and local governments under article 80 of the uniform fire code to take immediate action in response to an emission that presents a physical haz-

ard or imminent health hazard are not preempted. [1991 c 199 § 315.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.161 Operating permits for air contaminant sources—Generally—Fees, report to legislature. The department of ecology, or board of an authority, shall require renewable permits for the operation of air contaminant sources subject to the following conditions and limitations:

(1) Permits shall be issued for a term of five years. A permit may be modified or amended during its term at the request of the permittee, or for any reason allowed by the federal clean air act. The rules adopted pursuant to subsection (2) of this section shall include rules for permit amendments and modifications. The terms and conditions of a permit shall remain in effect after the permit itself expires if the permittee submits a timely and complete application for permit renewal.

(2)(a) Rules establishing the elements for a statewide operating permit program and the process for permit application and renewal consistent with federal requirements shall be established by the department by January 1, 1993. The rules shall provide that every proposed permit must be reviewed prior to issuance by a professional engineer or staff under the direct supervision of a professional engineer in the employ of the permitting authority. The permit program established by these rules shall be administered by the department and delegated local air authorities. Rules developed under this subsection shall not preclude a delegated local air authority from including in a permit its own more stringent emission standards and operating restrictions.

(b) The board of any local air pollution control authority may apply to the department of ecology for a delegation order authorizing the local authority to administer the operating permit program for sources under that authority's jurisdiction. The department shall, by order, approve such delegation, if the department finds that the local authority has the technical and financial resources, to discharge the responsibilities of a permitting authority under the federal clean air act. A delegation request shall include adequate information about the local authority's resources to enable the department to make the findings required by this subsection; provided, any delegation order issued under this subsection shall take effect ninety days after the environmental protection agency authorizes the local authority to issue operating permits under the federal clean air act.

(c) Except for the authority granted the energy facility site evaluation council to issue permits for the new construction, reconstruction, or enlargement or operation of new energy facilities under chapter 80.50 RCW, the department may exercise the authority, as delegated by the environmental protection agency, to administer Title IV of the federal clean air act as amended and to delegate such administration to local authorities as applicable pursuant to (b) of this subsection.

(3) In establishing technical standards, defined in RCW 70.94.030, the permitting authority shall consider and, if found to be appropriate, give credit for waste reduction within the process.

(4) Operating permits shall apply to all sources (a) where required by the federal clean air act, and (b) for any source that may cause or contribute to air pollution in such quantity as to create a threat to the public health or welfare. Subsection (b) of this subsection is not intended to apply to small businesses except when both of the following limitations are satisfied: (i) The source is in an area exceeding or threatening to exceed federal or state air quality standards; and (ii) the department provides a reasonable justification that requiring a source to have a permit is necessary to meet a federal or state air quality standard, or to prevent exceeding a standard in an area threatening to exceed the standard. For purposes of this subsection "areas threatening to exceed air quality standards" shall mean areas projected by the department to exceed such standards within five years. Prior to identifying threatened areas the department shall hold a public hearing or hearings within the proposed areas.

(5) Sources operated by government agencies are not exempt under this section.

(6) Within one hundred eighty days after the United States environmental protection agency approves the state operating permit program, a person required to have a permit shall submit to the permitting authority a compliance plan and permit application, signed by a responsible official, certifying the accuracy of the information submitted. Until permits are issued, existing sources shall be allowed to operate under presently applicable standards and conditions provided that such sources submit complete and timely permit applications.

(7) All draft permits shall be subject to public notice and comment. The rules adopted pursuant to subsection (2) of this section shall specify procedures for public notice and comment. Such procedures shall provide the permitting agency with an opportunity to respond to comments received from interested parties prior to the time that the proposed permit is submitted to the environmental protection agency for review pursuant to section 505(a) of the federal clean air act. In the event that the environmental protection agency objects to a proposed permit pursuant to section 505(b) of the federal clean air act, the permitting authority shall not issue the permit, unless the permittee consents to the changes required by the environmental protection agency.

(8) The procedures contained in chapter 43.21B RCW shall apply to permit appeals. The pollution control hearings board may stay the effectiveness of any permit issued under this section during the pendency of an appeal filed by the permittee, if the permittee demonstrates that compliance with the permit during the pendency of the appeal would require significant expenditures that would not be necessary in the event that the permittee prevailed on the merits of the appeal.

(9) After the effective date of any permit program promulgated under this section, it shall be unlawful for any person to: (a) Operate a permitted source in violation of any requirement of a permit issued under this section; or (b) fail to submit a permit application at the time required by rules adopted under subsection (2) of this section.

(10) Each air operating permit shall state the origin of and specific legal authority for each requirement included therein. Every requirement in an operating permit shall be based upon the most stringent of the following requirements:

(a) The federal clean air act and rules implementing that act, including provision of the approved state implementation plan;

(b) This chapter and rules adopted thereunder;

(c) In permits issued by a local air pollution control authority, the requirements of any order or regulation adopted by that authority;

(d) Chapter 70.98 RCW and rules adopted thereunder; and

(e) Chapter 80.50 RCW and rules adopted thereunder.

(11) Consistent with the provisions of the federal clean air act, the permitting authority may issue general permits covering categories of permitted sources, and temporary permits authorizing emissions from similar operations at multiple temporary locations.

(12) Permit program sources within the territorial jurisdiction of an authority delegated the operating permit program shall file their permit applications with that authority, except that permit applications for sources regulated on a statewide basis pursuant to RCW 70.94.395 shall be filed with the department. Permit program sources outside the territorial jurisdiction of a delegated authority shall file their applications with the department. Permit program sources subject to chapter 80.50 RCW shall, irrespective of their location, file their applications with the energy facility site evaluation council.

(13) When issuing operating permits to coal fired electric generating plants, the permitting authority shall establish requirements consistent with Title IV of the federal clean air act.

(14)(a) The department and the local air authorities are authorized to assess and to collect, and each source emitting one hundred tons or more per year of a regulated pollutant shall pay an interim assessment to fund the development of the operating permit program during fiscal year 1994.

(b) The department shall conduct a workload analysis and prepare an operating permit program development budget for fiscal year 1994. The department shall allocate among all sources emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 the costs identified in its program development budget according to a three-tiered model, with each of the three tiers being equally weighted, based upon:

(i) The number of sources;

(ii) The complexity of sources; and

(iii) The size of sources, as measured by the quantity of each regulated pollutant emitted by the source.

(c) Each local authority and the department shall collect from sources under their respective jurisdictions the interim fee determined by the department and shall remit the fee to the department.

(d) Each local authority may, in addition, allocate its fiscal year 1994 operating permit program development costs among the sources under its jurisdiction emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 and may collect an interim fee from these sources. A fee assessed pursuant to this subsection (14)(d) shall be collected at the same time as the fee assessed pursuant to (c) of this subsection.

(e) The fees assessed to a source under this subsection shall be limited to the first seven thousand five hundred tons for each regulated pollutant per year.

(15) The department shall determine the persons liable for the fee imposed by subsection (14) of this section, compute the fee, and provide by November 1 of 1993 the identity of the fee payer with the computation of the fee to each local authority and to the department of revenue for collection. The department of revenue shall collect the fee computed by the department from the fee payers under the jurisdiction of the department. The administrative, collection, and penalty provisions of chapter 82.32 RCW shall apply to the collection of the fee by the department of revenue. The department shall provide technical assistance to the department of revenue for decisions made by the department of revenue pursuant to RCW 82.32.160 and 82.32.170. All interim fees collected by the department of revenue on behalf of the department and all interim fees collected by local authorities on behalf of the department shall be deposited in the air operating permit account. The interim fees collected by the local air authorities to cover their permit program development costs under subsection (14)(d) of this section shall be deposited in the dedicated accounts of their respective treasuries.

All fees identified in this section shall be due and payable on March 1 of 1994, except that the local air pollution control authorities may adopt by rule an earlier date on which fees are to be due and payable. The section 5, chapter 252, Laws of 1993 amendments to RCW 70.94.161 do not have the effect of terminating, or in any way modifying, any liability, civil or criminal, incurred pursuant to the provisions of RCW 70.94.161 (15) and (17) as they existed prior to July 25, 1993.

(16) For sources or source categories not required to obtain permits under subsection (4) of this section, the department or local authority may establish by rule control technology requirements. If control technology rule revisions are made by the department or local authority under this subsection, the department or local authority shall consider the remaining useful life of control equipment previously installed on existing sources before requiring technology changes. The department or any local air authority may issue a general permit, as authorized under the federal clean air act, for such sources.

(17) RCW 70.94.151 shall not apply to any permit program source after the effective date of United States environmental protection agency approval of the state operating permit program. [1993 c 252 § 5; 1991 c 199 § 301.]

Finding—1991 c 199: See note following RCW 70.94.011.

Air operating permit account: RCW 70.94.015.

70.94.162 Annual fees from operating permit program source to cover cost of program. (1) The department and delegated local air authorities are authorized to determine, assess, and collect, and each permit program source shall pay, annual fees sufficient to cover the direct and indirect costs of implementing a state operating permit program approved by the United States environmental protection agency under the federal clean air act. However, a source that receives its operating permit from the United States environmental protection agency shall not be considered a permit

program source so long as the environmental protection agency continues to act as the permitting authority for that source. Each permitting authority shall develop by rule a fee schedule allocating among its permit program sources the costs of the operating permit program, and may, by rule, establish a payment schedule whereby periodic installments of the annual fee are due and payable more frequently. All operating permit program fees collected by the department shall be deposited in the air operating permit account. All operating permit program fees collected by the delegated local air authorities shall be deposited in their respective air operating permit accounts or other accounts dedicated exclusively to support of the operating permit program. The fees assessed under this subsection shall first be due not less than forty-five days after the United States environmental protection agency delegates to the department the authority to administer the operating permit program and then annually thereafter.

The department shall establish, by rule, procedures for administrative appeals to the department regarding the fee assessed pursuant to this subsection.

(2) The fee schedule developed by each permitting authority shall fully cover and not exceed both its permit administration costs and the permitting authority's share of statewide program development and oversight costs.

(a) Permit administration costs are those incurred by each permitting authority, including the department, in administering and enforcing the operating permit program with respect to sources under its jurisdiction. Costs associated with the following activities are fee eligible as these activities relate to the operating permit program and to the sources permitted by a permitting authority, including, where applicable, sources subject to a general permit:

(i) Preapplication assistance and review of an application and proposed compliance plan for a permit, permit revision, or renewal;

(ii) Source inspections, testing, and other data-gathering activities necessary for the development of a permit, permit revision, or renewal;

(iii) Acting on an application for a permit, permit revision, or renewal, including the costs of developing an applicable requirement as part of the processing of a permit, permit revision, or renewal, preparing a draft permit and fact sheet, and preparing a final permit, but excluding the costs of developing BACT, LAER, BART, or RACT requirements for criteria and toxic air pollutants;

(iv) Notifying and soliciting, reviewing and responding to comment from the public and contiguous states and tribes, conducting public hearings regarding the issuance of a draft permit and other costs of providing information to the public regarding operating permits and the permit issuance process;

(v) Modeling necessary to establish permit limits or to determine compliance with permit limits;

(vi) Reviewing compliance certifications and emissions reports and conducting related compilation and reporting activities;

(vii) Conducting compliance inspections, complaint investigations, and other activities necessary to ensure that a source is complying with permit conditions;

(viii) Administrative enforcement activities and penalty assessment, excluding the costs of proceedings before the

pollution control hearings board and all costs of judicial enforcement;

(ix) The share attributable to permitted sources of the development and maintenance of emissions inventories;

(x) The share attributable to permitted sources of ambient air quality monitoring and associated recording and reporting activities;

(xi) Training for permit administration and enforcement;

(xii) Fee determination, assessment, and collection, including the costs of necessary administrative dispute resolution and penalty collection;

(xiii) Required fiscal audits, periodic performance audits, and reporting activities;

(xiv) Tracking of time, revenues and expenditures, and accounting activities;

(xv) Administering the permit program including the costs of clerical support, supervision, and management;

(xvi) Provision of assistance to small businesses under the jurisdiction of the permitting authority as required under section 507 of the federal clean air act; and

(xvii) Other activities required by operating permit regulations issued by the United States environmental protection agency under the federal clean air act.

(b) Development and oversight costs are those incurred by the department in developing and administering the state operating permit program, and in overseeing the administration of the program by the delegated local permitting authorities. Costs associated with the following activities are fee eligible as these activities relate to the operating permit program:

(i) Review and determinations necessary for delegation of authority to administer and enforce a permit program to a local air authority under RCW 70.94.161(2) and 70.94.860;

(ii) Conducting fiscal audits and periodic performance audits of delegated local authorities, and other oversight functions required by the operating permit program;

(iii) Administrative enforcement actions taken by the department on behalf of a permitting authority, including those actions taken by the department under RCW 70.94.785, but excluding the costs of proceedings before the pollution control hearings board and all costs of judicial enforcement;

(iv) Determination and assessment with respect to each permitting authority of the fees covering its share of the costs of development and oversight;

(v) Training and assistance for permit program administration and oversight, including training and assistance regarding technical, administrative, and data management issues;

(vi) Development of generally applicable regulations or guidance regarding the permit program or its implementation or enforcement;

(vii) State codification of federal rules or standards for inclusion in operating permits;

(viii) Preparation of delegation package and other activities associated with submittal of the state permit program to the United States environmental protection agency for approval, including ongoing coordination activities;

(ix) General administration and coordination of the state permit program, related support activities, and other agency indirect costs, including necessary data management and quality assurance;

(x) Required fiscal audits and periodic performance audits of the department, and reporting activities;

(xi) Tracking of time, revenues and expenditures, and accounting activities;

(xii) Public education and outreach related to the operating permit program, including the maintenance of a permit register;

(xiii) The share attributable to permitted sources of compiling and maintaining emissions inventories;

(xiv) The share attributable to permitted sources of ambient air quality monitoring, related technical support, and associated recording activities;

(xv) The share attributable to permitted sources of modeling activities;

(xvi) Provision of assistance to small business as required under section 507 of the federal clean air act as it exists on July 25, 1993, or its later enactment as adopted by reference by the director by rule;

(xvii) Provision of services by the department of revenue and the office of the state attorney general and other state agencies in support of permit program administration;

(xviii) A one-time revision to the state implementation plan to make those administrative changes necessary to ensure coordination of the state implementation plan and the operating permit program; and

(xix) Other activities required by operating permit regulations issued by the United States environmental protection agency under the federal clean air act.

(3) The responsibility for operating permit fee determination, assessment, and collection is to be shared by the department and delegated local air authorities as follows:

(a) Each permitting authority, including the department, acting in its capacity as a permitting authority, shall develop a fee schedule and mechanism for collecting fees from the permit program sources under its jurisdiction; the fees collected by each authority shall be sufficient to cover its costs of permit administration and its share of the department's costs of development and oversight. Each delegated local authority shall remit to the department its share of the department's development and oversight costs.

(b) Only those local air authorities to whom the department has delegated the authority to administer the program pursuant to RCW 70.94.161(2) (b) and (c) and 70.94.860 shall have the authority to administer and collect operating permit fees. The department shall retain the authority to administer and collect such fees with respect to the sources within the jurisdiction of a local air authority until the effective date of program delegation to that air authority.

(c) The department shall allocate its development and oversight costs among all permitting authorities, including the department, in proportion to the number of permit program sources under the jurisdiction of each authority, except that extraordinary costs or other costs readily attributable to a specific permitting authority may be assessed that authority. For purposes of this subsection, all sources covered by a single general permit shall be treated as one source.

(4) The department and each delegated local air authority shall adopt by rule a general permit fee schedule for sources under their respective jurisdictions after such time as the department adopts provisions for general permit issuance. Within ninety days of the time that the department adopts a

general permit fee schedule, the department shall report to the relevant standing committees of the legislature regarding the general permit fee schedules adopted by the department and by the delegated local air authorities. The permit administration costs of each general permit shall be allocated equitably among only those sources subject to that general permit. The share of development and oversight costs attributable to each general permit shall be determined pursuant to subsection (3)(c) of this section.

(5) The fee schedule developed by the department shall allocate among the sources for whom the department acts as a permitting authority, other than sources subject to a general permit, those portions of the department's permit administration costs and the department's share of the development and oversight costs which the department does not plan to recover under its general permit fee schedule or schedules as follows:

(a) The department shall allocate its permit administration costs and its share of the development and oversight costs not recovered through general permit fees according to a three-tiered model based upon:

(i) The number of permit program sources under its jurisdiction;

(ii) The complexity of permit program sources under its jurisdiction; and

(iii) The size of permit program sources under its jurisdiction, as measured by the quantity of each regulated pollutant emitted by the source.

(b) Each of the three tiers shall be equally weighted.

(c) The department may, in addition, allocate activities-based costs readily attributable to a specific source to that source under RCW 70.94.152(1) and 70.94.154(7).

The quantity of each regulated pollutant emitted by a source shall be determined based on the annual emissions during the most recent calendar year for which data is available.

(6) The department shall, after opportunity for public review and comment, adopt rules that establish a process for development and review of its operating permit program fee schedule, a methodology for tracking program revenues and expenditures and, for both the department and the delegated local air authorities, a system of fiscal audits, reports, and periodic performance audits.

(a) The fee schedule development and review process shall include the following:

(i) The department shall conduct a biennial workload analysis. The department shall provide the opportunity for public review of and comment on the workload analysis. The department shall review and update its workload analysis during each biennial budget cycle, taking into account information gathered by tracking previous revenues, time, and expenditures and other information obtained through fiscal audits and performance audits.

(ii) The department shall prepare a biennial budget based upon the resource requirements identified in the workload analysis for that biennium. In preparing the budget, the department shall take into account the projected operating permit account balance at the start of the biennium. The department shall provide the opportunity for public review of and comment on the proposed budget. The department shall review and update its budget each biennium.

(iii) The department shall develop a fee schedule allocating the department's permit administration costs and its share of the development and oversight costs among the department's permit program sources using the methodology described in subsection (5) of this section. The department shall provide the opportunity for public review of and comment on the allocation methodology and fee schedule. The department shall provide procedures for administrative resolution of disputes regarding the source data on which allocation determinations are based; these procedures shall be designed such that resolution occurs prior to the completion of the allocation process. The department shall review and update its fee schedule annually.

(b) The methodology for tracking revenues and expenditures shall include the following:

(i) The department shall develop a system for tracking revenues and expenditures that provides the maximum practicable information. At a minimum, revenues from fees collected under the operating permit program shall be tracked on a source-specific basis and time and expenditures required to administer the program shall be tracked on the basis of source categories and functional categories. Each general permit will be treated as a separate source category for tracking and accounting purposes.

(ii) The department shall use the information obtained from tracking revenues, time, and expenditures to modify the workload analysis required in subsection (6)(a) of this section.

(iii) The information obtained from tracking revenues, time, and expenditures shall not provide a basis for challenge to the amount of an individual source's fee.

(c) The system of fiscal audits, reports, and periodic performance audits shall include the following:

(i) The department and the delegated local air authorities shall prepare annual reports and shall submit the reports to, respectively, the appropriate standing committees of the legislature and the board of directors of the local air authority.

(ii) The department shall arrange for fiscal audits and routine performance audits and for periodic intensive performance audits of each permitting authority and of the department.

(7) Each local air authority requesting delegation shall, after opportunity for public review and comment, publish regulations which establish a process for development and review of its operating permit program fee schedule, and a methodology for tracking its revenues and expenditures. These regulations shall be submitted to the department for review and approval as part of the local authority's delegation request.

(8) As used in this section and in RCW 70.94.161(14), "regulated pollutant" shall have the same meaning as defined in section 502(b) of the federal clean air act as it exists on July 25, 1993, or its later enactment as adopted by reference by the director by rule.

(9) Fee structures as authorized under this section shall remain in effect until such time as the legislature authorizes an alternative structure following receipt of the report required by this subsection. [1998 c 245 § 129; 1993 c 252 § 6.]

70.94.163 Source categories not required to have a permit—Recommendations. The department shall prepare recommendations to reduce air emissions for source categories not generally required to have a permit under RCW 70.94.161. Such recommendations shall not require any action by the owner or operator of a source and shall be consistent with rules adopted under chapter 70.95C RCW. The recommendations shall include but not be limited to: Process changes, product substitution, equipment modifications, hazardous substance use reduction, recycling, and energy efficiency. [1991 c 199 § 304.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.165 Gasoline recovery devices—Limitation on requiring. (1) A gasoline vapor recovery device that captures vapors during vehicle fueling may only be required at a service station, or any other gasoline dispensing facility supplying fuel to the general public, in any of the following circumstances:

(a) The facility sells in excess of six hundred thousand gallons of gasoline per year and is located in a county, any part of which is designated as nonattainment for ozone under the federal clean air act, 42 U.S.C. Sec. 7407; or

(b) The facility sells in excess of six hundred thousand gallons of gasoline per year and is located in a county where a maintenance plan has been adopted by a local air pollution control authority or the department of ecology that includes gasoline vapor recovery devices as a control strategy; or

(c) From March 30, 1996, until December 31, 1998, in any facility that sells in excess of one million two hundred thousand gallons of gasoline per year and is located in an ozone-contributing county. For purposes of this section, an ozone-contributing county means a county in which the emissions have contributed to the formation of ozone in any county where violations of federal ozone standards have been measured, and includes: Cowlitz, Island, Kitsap, Lewis, Skagit, Thurston, Wahkiakum, and Whatcom counties; or

(d) After December 31, 1998, in any facility that sells in excess of eight hundred forty thousand gallons of gasoline per year and is located in any county, no part of which is designated as nonattainment for ozone under the federal clean air act, 42 U.S.C. Sec. 7407, provided that the department of ecology determines by December 31, 1997, that the use of gasoline vapor control devices in the county is important to achieving or maintaining attainment status in any other county.

(2) This section does not preclude the department of ecology or any local air pollution authority from requiring a gasoline vapor recovery device that captures vapors during vehicle refueling as part of the regulation of sources as provided in RCW 70.94.152, 70.94.331, or 70.94.141 or where required under 42 U.S.C. Sec. 7412. [1996 c 294 § 1.]

Effective date—1996 c 294: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 30, 1996]." [1996 c 294 § 2.]

70.94.170 Air pollution control authority control officer. Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall

(2004 Ed.)

appoint a full time control officer, whose sole responsibility shall be to observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1991 c 199 § 707; 1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.181 Variances—Application for—Considerations—Limitations—Renewals—Review. (1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology or appropriate local authority board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, provided that variances to state rules shall require the department's approval prior to being issued by a local authority board. The total time period for a variance and renewal of such variance shall not exceed one year. Variances may be issued by either the department or a local board but only after public hearing or due notice, if the department or board finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety or the environment; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) of this section and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(c) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in (a) and (b) of this subsection, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the department or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.05 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his or her property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance.

(8) Variances approved under this section shall not be included in orders or permits provided for in RCW 70.94.161 or 70.94.152 until such time as the variance has been accepted by the United States environmental protection agency as part of an approved state implementation plan. 70.94.200 Investigation of conditions by control officer or department—Entering private, public property. For the purpose of investigating conditions specific to the control, recovery or release of air contaminants into the atmosphere, a control officer, the department, or their duly authorized representatives, shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing two families or less. No person shall refuse entry or access to any control officer, the department, or their duly authorized representatives, who requests entry for the purpose of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. 70.94.205 Confidentiality of records and information. Whenever any records or other information, other than

ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority under this chapter, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: PROVIDED, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: PROVIDED FURTHER, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board. At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 or 70.94.431 a local air authority shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order directing that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing. Every notice of violation shall offer to the alleged violator an opportunity to meet with the local air authority prior to the commencement of enforcement action. 70.94.230 Rules of authority supersede local rules, regulations, etc.—Exceptions. The rules and regulations hereafter adopted by an authority under the provisions of this chapter shall supersede the existing rules, regulations, resolutions and ordinances of any of the component bodies included within said authority in all matters relating to the

control and enforcement of air pollution as contemplated by this chapter: PROVIDED, HOWEVER, That existing rules, regulations, resolutions and ordinances shall remain in effect until such rules, regulations, resolutions and ordinances are superseded as provided in this section: PROVIDED FURTHER, That nothing herein shall be construed to supersede any local county, or city ordinance or resolution, or any provision of the statutory or common law pertaining to nuisance; nor to affect any aspect of employer-employee relationship relating to conditions in a place of work, including without limitation, statutes, rules or regulations governing industrial health and safety standards or performance standards incorporated in zoning ordinances or resolutions of the component bodies where such standards relating to air pollution control or air quality containing requirements not less stringent than those of the authority. [1969 ex.s. c 168 § 28; 1967 c 238 § 38; 1957 c 232 § 23.]

70.94.231 Air pollution control authority—Dissolution of prior districts—Continuation of rules and regulations until superseded. Upon the date that an authority begins to exercise its powers and functions, all rules and regulations in force on such date shall remain in effect until superseded by the rules and regulations of the authority as provided in RCW 70.94.230. [1991 c 199 § 708; 1969 ex.s. c 168 § 29; 1967 c 238 § 39.]

70.94.240 Air pollution control advisory council. The board of any authority may appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of at least five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, chemistry, meteorology, public health, or a related field, at least one of whom shall serve as a representative of industry and one of whom shall serve as a representative of the environmental community. The chair of the board of any such authority shall serve as ex officio member of the council and be its chair. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his or her duties under this chapter. [1991 c 199 § 709; 1969 ex.s. c 168 § 30; 1967 c 238 § 41; 1957 c 232 § 24.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.260 Dissolution of authority—Deactivation of authority. An air pollution control authority may be deactivated prior to the term provided in the original or subsequent agreement by the county or counties comprising such authority upon the adoption by the board, following a hearing held upon ten days notice, to said counties, of a resolution for dissolution or deactivation and upon the approval by the legislative authority of each county comprising the authority. In such event, the board shall proceed to wind up the affairs of the authority and pay all indebtedness thereof. Any surplus of funds shall be paid over to the counties comprising the

authority in proportion to their last contribution. Upon the completion of the process of closing the affairs of the authority, the board shall by resolution entered in its minutes declare the authority deactivated and a certified copy of such resolution shall be filed with the secretary of state and the authority shall be deemed inactive. [1979 ex.s. c 30 § 12; 1969 ex.s. c 168 § 31; 1967 c 238 § 43; 1957 c 232 § 26.]

70.94.262 Withdrawal from multicounty authority.

(1) Any county that is part of a multicounty authority, pursuant to RCW 70.94.053, may withdraw from the multicounty authority after January 1, 1992, if the county wishes to provide for air quality protection and regulation by an alternate air quality authority. A withdrawing county shall:

- (a) Create its own single county authority;
- (b) Join another existing multicounty authority with which its boundaries are contiguous;
- (c) Join with one or more contiguous inactive authorities to operate as a new multicounty authority; or
- (d) Become an inactive authority and subject to regulation by the department of ecology.

(2) In order to withdraw from an existing multicounty authority, a county shall make arrangements, by interlocal agreement, for division of assets and liabilities and the appropriate release of any and all interest in assets of the multicounty authority.

(3) In order to effectuate any of the alternate arrangements in subsection (1) of this section, the procedures of this chapter to create an air pollution control authority shall be met and the actions must be taken at least six months prior to the effective date of withdrawal. The rules of the original multicounty authority shall continue in force for the withdrawing county until such time as all conditions to create an air pollution control authority have been met.

(4) At the effective date of a county's withdrawal, the remaining counties shall reorganize and reconstitute the legislative authority pursuant to this chapter. The air pollution control regulations of the existing multicounty authority shall remain in force and effect after the reorganization.

(5) If a county elects to withdraw from an existing multicounty authority, the air pollution control regulations shall remain in effect for the withdrawing county until suspended by the adoption of rules, regulations, or ordinances adopted under one of the alternatives of subsection (1) of this section. A county shall initiate proceedings to adopt such rules, regulations, or ordinances on or before the effective date of the county's withdrawal. [1991 c 125 § 2.]

70.94.331 Powers and duties of department. (1) The department shall have all the powers as provided in RCW 70.94.141.

(2) The department, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapters 42.30 and 34.05 RCW shall:

- (a) Adopt rules establishing air quality objectives and air quality standards;
- (b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, except for emission performance standards for new wood stoves and

opacity levels for residential solid fuel burning devices which shall be statewide, but in no event may less stringent standards be enacted by an authority without the prior approval of the department after public hearing and due notice to interested parties;

(c) Adopt by rule air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of radionuclides, dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter. However, an industry, or the air pollution control authority having jurisdiction, can choose, subject to the submittal of appropriate data that the industry has quantified, to have any limit on the opacity of emissions from a source whose emission standard is stated in terms of a weight of particulate per unit volume of air (e.g., grains per dry standard cubic foot) be based on the applicable particulate emission standard for that source, such that any violation of the opacity limit accurately indicates a violation of the applicable particulate emission standard. Any alternative opacity limit provided by this section that would result in increasing air contaminants emissions in any nonattainment area shall only be granted if equal or greater emission reductions are provided for by the same source obtaining the revised opacity limit. A reasonable fee may be assessed to the industry to which the alternate opacity standard would apply. The fee shall cover only those costs to the air pollution control authority which are directly related to the determination on the acceptability of the alternate opacity standard, including testing, oversight and review of data.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area or source to source, except that emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices shall be statewide, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonably foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The department is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The department is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants and conduct or cause to be conducted a program to determine the quantity of emissions to the atmosphere.

(6) The department shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The department shall encourage local units of government to handle air pollution problems within their respec-

tive jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The department shall have the power to require the addition to or deletion of a county or counties from an existing authority in order to carry out the purposes of this chapter. No such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.05 RCW.

(9) The department shall establish rules requiring sources or source categories to apply reasonable and available control methods. Such rules shall apply to those sources or source categories that individually or collectively contribute the majority of statewide air emissions of each regulated pollutant. The department shall review, and if necessary, update its rules every five years to ensure consistency with current reasonable and available control methods. The department shall have adopted rules required under this subsection for all sources by July 1, 1996.

For the purposes of this section, "reasonable and available control methods" shall include but not be limited to, changes in technology, processes, or other control strategies. [1991 c 199 § 710; 1988 c 106 § 1. Prior: 1987 c 405 § 13; 1987 c 109 § 39; 1985 c 372 § 4; 1969 ex.s. c 168 § 34; 1967 c 238 § 46.]

70.94.332 Enforcement actions by department—Notice to violators. At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 and 70.94.431, the department of ecology shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require that the alleged violator or violators appear before it for the purpose of providing the department information pertaining to the violation or the charges complained of. Every notice of violation shall offer to the alleged violator an opportunity to meet with the department prior to the commencement of enforcement action. 70.94.335 Hazardous substance remedial actions—Procedural requirements not applicable. The procedural requirements of this chapter shall not apply to any person conducting a remedial action at a facility pursuant to a consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or to the department of ecology when it conducts a remedial action under chapter 70.105D RCW. The

department of ecology shall ensure compliance with the substantive requirements of this chapter through the consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or during the department-conducted remedial action, through the procedures developed by the department pursuant to RCW 70.105D.090. [1994 c 257 § 15.]

Severability—1994 c 257: See note following RCW 36.70A.270.

70.94.350 Contracts, agreements for use of personnel by department—Reimbursement—Merit system regulations waived. The department is authorized to contract for or otherwise agree to the use of personnel of municipal corporations or other agencies or private persons; and the department is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel hired under contract as provided for in this section. The department shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for performing the functions under this chapter. 70.94.370 Powers and rights of governmental units and persons are not limited by act or recommendations. No provision of this chapter or any recommendation of the state board or of any local or regional air pollution program is a limitation:

(1) On the power of any city, town or county to declare, prohibit and abate nuisances.

(2) On the power of the secretary of social and health services to provide for the protection of the public health under any authority presently vested in that office or which may be hereafter prescribed by law.

(3) On the power of a state agency in the enforcement, or administration of any provision of law which it is specifically permitted or required to enforce or administer.

(4) On the right of any person to maintain at any time any appropriate action for relief against any air pollution. [1979 c 141 § 123; 1967 c 238 § 59; 1961 c 188 § 8.]

70.94.380 Emission control requirements. (1) Every activated authority operating an air pollution control program shall have requirements for the control of emissions which are no less stringent than those adopted by the department of ecology for the geographic area in which such air pollution control program is located. Less stringent requirements than compelled by this section may be included in a local or regional air pollution control program only after approval by the department of ecology following demonstration to the satisfaction of the department of ecology that the proposed requirements are consistent with the purposes of this chapter: PROVIDED, That such approval shall be preceded by public hearing, of which notice has been given in accordance with chapter 42.30 RCW. The department of ecology, upon receiving evidence that conditions have changed or that additional information is relevant to a decision with respect to the requirements for emission control, may, after public hearing

(2004 Ed.)

on due notice, withdraw any approval previously given to a less stringent local or regional requirement.

[(2)] Nothing in this chapter shall be construed to prevent a local or regional air pollution control authority from adopting and enforcing more stringent emission control requirements than those adopted by the department of ecology and applicable within the jurisdiction of the local or regional air pollution control authority, except that the emission performance standards for new wood stoves and the opacity levels for residential solid fuel burning devices shall be statewide. [1987 c 405 § 14; 1979 ex.s. c 30 § 13; 1969 ex.s. c 168 § 36; 1967 c 238 § 50.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.385 State financial aid—Application for—Requirements. (1) Any authority may apply to the department for state financial aid. The department shall annually establish the amount of state funds available for the local authorities taking into consideration available federal and state funds. The establishment of funding amounts shall be consistent with federal requirements and local maintenance of effort necessary to carry out the provisions of this chapter. Any such aid shall be expended from the general fund or from other appropriations as the legislature may provide for this purpose: PROVIDED, That federal funds shall be utilized to the maximum unless otherwise approved by the department: PROVIDED FURTHER, That the amount of state funds provided to local authorities during the previous year shall not be reduced without a public notice or public hearing held by the department if requested by the affected local authority, unless such changes are the direct result of a reduction in the available federal funds for air pollution control programs.

(2) Before any such application is approved and financial aid is given or approved by the department, the authority shall demonstrate to the satisfaction of the department that it is fulfilling the requirements of this chapter. If the department has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the department that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The department shall adopt rules requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the department to determine the need for state aid. [1991 c 199 § 712; 1987 c 109 § 41; 1969 ex.s. c 168 § 37; 1967 c 238 § 51.]

70.94.390 Hearing upon activation of authority—Finding—Assumption of jurisdiction by department—Expenses. The department may, at any time and on its own motion, hold a hearing to determine if the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist in any

area of the state. Notice of such hearing shall be conducted in accordance with chapter 42.30 RCW and chapter 34.05 RCW. If at such hearing the department finds that air pollution exists or is likely to occur in a particular area, and that the purposes of this chapter and the public interest will be best served by the activation of an authority it shall designate the boundaries of such area and set forth in a report to the appropriate county or counties recommendations for the activation of an authority: PROVIDED, That if at such hearing the department determines that the activation of an authority is not practical or feasible for the reason that a local or regional air pollution control program cannot be successfully established or operated due to unusual circumstances and conditions, but that the control and/or prevention of air pollution is necessary for the purposes of this chapter and the public interest, it may assume jurisdiction and so declare by order. Such order shall designate the geographic area in which, and the effective date upon which, the department will exercise jurisdiction for the control and/or prevention of air pollution. The department shall exercise its powers and duties in the same manner as if it had assumed authority under RCW 70.94.410.

All expenses incurred by the department in the control and prevention of air pollution in any county pursuant to the provisions of RCW 70.94.390 and 70.94.410 shall constitute a claim against such county. The department shall certify the expenses to the auditor of the county, who promptly shall issue his warrant on the county treasurer payable out of the current expense fund of the county. In the event that the amount in the current expense fund of the county is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any money in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer as provided in RCW 82.08.170. In the event that the amount in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any excess funds from the liquor revolving fund that are to be distributed to that county as provided in RCW 66.08.190 through 66.08.220. All moneys that are collected as provided in this section shall be placed in the general fund in the account of the office of air programs of the department. 70.94.395 Air contaminant sources—Regulation by department; authorities may be more stringent—Hearing—Standards. If the department finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a statewide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules to control and/or prevent the emission of air contaminants from such source. An authority may, after public hearing and a finding by the board of a need for more stringent rules than those adopted by the department under this section, propose the adoption of such rules by the department for the control of emissions from the

particular type or class of air contaminant source within the geographical area of the authority. The department shall hold a public hearing and shall adopt the proposed rules within the area of the requesting authority, unless it finds that the proposed rules are inconsistent with the rules adopted by the department under this section. When such standards are adopted by the department it shall delegate solely to the requesting authority all powers necessary for their enforcement at the request of the authority. If after public hearing the department finds that the regulation on a statewide basis of a particular type or class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the department may relinquish exclusive jurisdiction over such source. [1991 c 199 § 713; 1987 c 109 § 43; 1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

70.94.400 Order activating authority—Filing—Hearing—Amendment of order. If, at the end of ninety days after the department issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the department, and the department is still of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the department may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the department shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The department may, upon due notice to all interested parties, conduct a hearing in accordance with chapter 42.30 RCW and chapter 34.05 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the department may amend any such order issued if it is determined by the department that such order is being carried out in bad faith or the department may take the appropriate action as is provided in RCW 70.94.410. 70.94.405 Air pollution control authority—Review by department of program. At any time after an authority has been activated for no less than one year, the department may, on its own motion, conduct a hearing held in accordance with chapters 42.30 and 34.05 RCW, to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible. If at such hearing the department finds that such authority is not carrying out its air pollution control or prevention program in good faith, is not doing all that is possible and reasonable to control and/or prevent air pollution within

the geographical area over which it has jurisdiction, or is not carrying out the provisions of this chapter, it shall set forth in a report or order to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the department. [1991 c 199 § 714; 1987 c 109 § 45; 1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.410 Air pollution control authority—Assumption of control by department. (1) If, after thirty days from the time that the department issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken action which indicates that it is attempting in good faith to implement the recommendations or actions of the department as set forth in the report or order, the department may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the department shall become the sole body with authority to make and enforce rules and regulations for the control and/or prevention of air pollution within the geographical area of such authority. If this occurs, the department may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The department may, by order, continue in effect and enforce provisions of the ordinances, resolutions, or rules of such authority which are not less stringent than those requirements which the department may have found applicable to the area under RCW 70.94.331, until such time as the department adopts its own rules. Any rules promulgated by the department shall be subject to the provisions of chapter 34.05 RCW. Any enforcement actions shall be subject to RCW 43.21B.300 or 43.21B.310.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the department and which complies with the purposes of this chapter and with applicable rules and orders of the department.

(3) Nothing in this chapter shall prevent the department from withdrawing the exercise of its jurisdiction over an authority upon its own motion if the department has found at a hearing held in accordance with chapters 42.30 and 34.05 RCW, that the air pollution prevention and control program of such authority will be carried out in good faith, that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, and that the program complies with the provisions of this chapter. Upon the withdrawal of the department, the department shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the department. [1991 c 199 § 715; 1987 c 109 § 46; 1969 ex.s. c 168 § 42; 1967 c 238 § 56.]

70.94.420 State departments and agencies to cooperate with department and authorities. It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, other property, or other activity creating or likely to create significant air pollution shall cooperate with the department and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of air contaminants from or by such building, installation, other property, or activity may cause or contribute to pollution of the air in such area. Such state department or agency shall comply with the provisions of this chapter and with any ordinance, resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws or rules. [1991 c 199 § 716; 1987 c 109 § 47; 1969 ex.s. c 168 § 44; 1967 c 238 § 58.]

Finding—1991 c 199: See note following RCW 70.94.011.

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.422 Department of health powers regarding radionuclides—Energy facility site evaluation council authority over permit program sources. (1) The department of health shall have all the enforcement powers as provided in RCW 70.94.332, 70.94.425, 70.94.430, 70.94.431 (1) through (7), and 70.94.435 with respect to emissions of radionuclides. This section does not preclude the department of ecology from exercising its authority under this chapter.

(2) Permits for energy facilities subject to chapter 80.50 RCW shall be issued by the energy facility site evaluation council. However, the permits become effective only if the governor approves an application for certification and executes a certification agreement under chapter 80.50 RCW. The council shall have all powers necessary to administer an operating permits program pertaining to such facilities, consistent with applicable air quality standards established by the department or local air pollution control authorities, or both, and to obtain the approval of the United States environmental protection agency. The council's powers include, but are not limited to, all of the enforcement powers provided in RCW 70.94.332, 70.94.425, 70.94.430, 70.94.431 (1) through (7), and 70.94.435 with respect to permit program sources required to obtain certification from the council under chapter 80.50 RCW. To the extent not covered under RCW 80.50.071, the council may collect fees as granted to delegated local air authorities under RCW 70.94.152, 70.94.161 (14) and (15), 70.94.162, and 70.94.154(7) with respect to permit program sources required to obtain certification from the council under chapter 80.50 RCW. The council and the department shall each establish procedures that provide maximum coordination and avoid duplication between the two agencies in carrying out the requirements of this chapter. [1993 c 252 § 7.]

70.94.425 Restraining orders—Injunctions. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation or order issued thereunder, the governing body or board of the department, after notice to such person and an opportunity to com-

ply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order. [1987 c 109 § 48; 1967 c 238 § 60.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.430 Penalties. (1) Any person who knowingly violates any of the provisions of chapter 70.94 or 70.120 RCW, or any ordinance, resolution, or regulation in force pursuant thereto is guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for not more than one year, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm is guilty of a gross misdemeanor and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for not more than one year, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, is guilty of a class C felony and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five thousand dollars. [2003 c 53 § 355; 1991 c 199 § 310; 1984 c 255 § 1; 1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.431 Civil penalties—Excusable excess emissions. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW, chapter 70.120 RCW, or any of the rules in force under such chapters may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the

penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan. 70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant hereto, from any person engaging in, or

who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.450 Wood stoves—Policy. In the interest of the public health and welfare and in keeping with the objectives of RCW 70.94.011, the legislature declares it to be the public policy of the state to control, reduce, and prevent air pollution caused by wood stove emissions. It is the state's policy to reduce wood stove emissions by encouraging the department of ecology to continue efforts to educate the public about the effects of wood stove emissions, other heating alternatives, and the desirability of achieving better emission performance and heating efficiency from wood stoves. The legislature further declares that: (1) The purchase of certified wood stoves will not solve the problem of pollution caused by wood stove emissions; and (2) the reduction of air pollution caused by wood stove emissions will only occur when wood stove users adopt proper methods of wood burning. [1987 c 405 § 1.]

Severability—1987 c 405: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 405 § 18.]

70.94.453 Wood stoves—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 70.94.453 through *70.94.487:

(1) "Department" means the department of ecology.

(2) "Wood stove" means a solid fuel burning device other than a fireplace not meeting the requirements of RCW 70.94.457, including any fireplace insert, wood stove, wood burning heater, wood stick boiler, coal-fired furnace, coal stove, or similar device burning any solid fuel used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than one million British thermal units per hour. The term "wood stove" does not include wood cook stoves.

(3) "Fireplace" means: (a) Any permanently installed masonry fireplace; or (b) any factory-built metal solid fuel burning device designed to be used with an open combustion chamber and without features to control the air to fuel ratio.

(4) "New wood stove" means: (a) A wood stove that is sold at retail, bargained, exchanged, or given away for the first time by the manufacturer, the manufacturer's dealer or agency, or a retailer; and (b) has not been so used to have become what is commonly known as "second hand" within the ordinary meaning of that term.

(2004 Ed.)

(5) "Solid fuel burning device" means any device for burning wood, coal, or any other nongaseous and nonliquid fuel, including a wood stove and fireplace.

(6) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(7) "Opacity" means the degree to which an object seen through a plume is obscured, stated as a percentage. The methods approved by the department in accordance with RCW 70.94.331 shall be used to establish opacity for the purposes of this chapter. [1987 c 405 § 2.]

***Reviser's note:** RCW 70.94.487 was repealed by 1988 c 186 § 16, effective June 30, 1988.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.455 Residential and commercial construction—Burning and heating device standards. After January 1, 1992, no used solid fuel burning device shall be installed in new or existing buildings unless such device is either Oregon department of environmental quality phase II or United States environmental protection agency certified or a pellet stove either certified or exempt from certification by the United States environmental protection agency.

(1) By July 1, 1992, the state building code council shall adopt rules requiring an adequate source of heat other than wood stoves in all new and substantially remodeled residential and commercial construction. This rule shall apply (a) to areas designated by a county to be an urban growth area under chapter 36.70A RCW; and (b) to areas designated by the environmental protection agency as being in nonattainment for particulate matter.

(2) For purposes of this section, "substantially remodeled" means any alteration or restoration of a building exceeding sixty percent of the appraised value of such building within a twelve-month period. [1991 c 199 § 503.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.457 Solid fuel burning devices—Emission performance standards. The department of ecology shall establish by rule under chapter 34.05 RCW:

(1) Statewide emission performance standards for new solid fuel burning devices. Notwithstanding any other provision of this chapter which allows an authority to adopt more stringent emission standards, no authority shall adopt any emission standard for new solid fuel burning devices other than the statewide standard adopted by the department under this section.

(a) After January 1, 1995, no solid fuel burning device shall be offered for sale in this state to residents of this state that does not meet the following particulate air contaminant emission standards under the test methodology of the United States environmental protection agency in effect on January 1, 1991, or an equivalent standard under any test methodology adopted by the United States environmental protection agency subsequent to such date: (i) Two and one-half grams per hour for catalytic wood stoves; and (ii) four and one-half grams per hour for all other solid fuel burning devices. For purposes of this subsection, "equivalent" shall mean the emissions limits specified in this subsection multiplied by a statistically reliable conversion factor determined by the

department that compares the difference between the emission test methodology established by the United States environmental protection agency prior to May 15, 1991, with the test methodology adopted subsequently by the agency. Subsection (a) of this subsection does not apply to fireplaces.

(b) After January 1, 1997, no fireplace, except masonry fireplaces, shall be offered for sale unless such fireplace meets the 1990 United States environmental protection agency standards for wood stoves or equivalent standard that may be established by the state building code council by rule. Prior to January 1, 1997, the state building code council shall establish by rule a methodology for the testing of factory-built fireplaces. The methodology shall be designed to achieve a particulate air emission standard equivalent to the 1990 United States environmental protection agency standard for wood stoves. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers.

(c) Prior to January 1, 1997, the state building code council shall establish by rule design standards for the construction of new masonry fireplaces in Washington state. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers. It shall be the goal of the council to develop design standards that generally achieve reductions in particulate air contaminant emissions commensurate with the reductions being achieved by factory-built fireplaces at the time the standard is established.

(d) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991.

(e) Subsection (1)(a) of this section shall not apply to fireplaces.

(f) Notwithstanding (a) of this subsection, the department is authorized to adopt, by rule, emission standards adopted by the United States environmental protection agency for new wood stoves sold at retail. For solid fuel burning devices for which the United States environmental protection agency has not established emission standards, the department may exempt or establish, by rule, statewide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves and fireplaces regulated under this subsection.

(2) A program to:

(a) Determine whether a new solid fuel burning device complies with the statewide emission performance standards established in subsection (1) of this section; and

(b) Approve the sale of devices that comply with the statewide emission performance standards. [1995 c 205 § 3; 1991 c 199 § 501; 1987 c 405 § 4.]

Finding—1991 c 199: See note following RCW 70.94.011.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.460 Sale of unapproved wood stoves—Prohibited. After July 1, 1988, no person shall sell, offer to sell, or knowingly advertise to sell a new wood stove in this state to a resident of this state unless the wood stove has been approved by the department under the program established under RCW 70.94.457. [1995 c 205 § 4; 1987 c 405 § 7.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.463 Sale of unapproved wood stoves—Penalty. After July 1, 1988, any person who sells, offers to sell, or knowingly advertises to sell a new wood stove in this state in violation of RCW 70.94.460 shall be subject to the penalties and enforcement actions under this chapter. [1987 c 405 § 8.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.467 Sale of unapproved wood stoves—Application of law to advertising media. Nothing in RCW 70.94.460 or 70.94.463 shall apply to a radio station, television station, publisher, printer, or distributor of a newspaper, magazine, billboard, or other advertising medium that accepts advertising in good faith and without knowledge of its violation of RCW 70.94.453 through *70.94.487. [1987 c 405 § 12.]

***Reviser's note:** RCW 70.94.487 was repealed by 1988 c 186 § 16, effective June 30, 1988.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.470 Residential solid fuel burning devices—Opacity levels—Enforcement and public education. (1) The department shall establish, by rule under chapter 34.05 RCW, (a) a statewide opacity level of twenty percent for residential solid fuel burning devices for the purpose of enforcement on a complaint basis and (b) a statewide opacity of ten percent for purposes of public education.

(2) Notwithstanding any other provision of this chapter which may allow an authority to adopt a more stringent opacity level, no authority shall adopt or enforce an opacity level for solid fuel burning devices other than established in this section.

(3) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991. [1991 c 199 § 502; 1987 c 405 § 5.]

Finding—1991 c 199: See note following RCW 70.94.011.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.473 Limitations on burning wood for heat. (1) Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(a) Not burn wood in any solid fuel burning device whenever the department has determined under RCW 70.94.715 that any air pollution episode exists in that area;

(b) Not burn wood in any solid fuel burning device except those which are either Oregon department of environmental quality phase II or United States environmental protection agency certified or certified by the department under RCW 70.94.457(1) or a pellet stove either certified or issued

an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, in the geographical area and for the period of time that a first stage of impaired air quality has been determined, by the department or any authority, for that area. A first stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of sixty micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average; and

(c) Not burn wood in any solid fuel burning device in a geographical area and for the period of time that a second stage of impaired air quality has been determined by the department or any authority, for that area. A second stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of one hundred five micrograms per cubic meter measured on a twenty-four hour average.

(2) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991. [1998 c 342 § 8; 1995 c 205 § 1; 1991 c 199 § 504; 1990 c 128 § 2; 1987 c 405 § 6.]

Finding—1991 c 199: See note following RCW 70.94.011.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.475 Liability of condominium owners' association or resident association. A condominium owners' association or an association formed by residents of a multiple-family dwelling are not liable for violations of RCW 70.94.473 by a resident of a condominium or multiple-family dwelling. The associations shall cooperate with local air pollution control authorities to acquaint residents with the provisions of this section. [1990 c 157 § 2.]

70.94.477 Limitations on use of solid fuel burning devices. (1) Unless allowed by rule, under chapter 34.05 RCW, a person shall not cause or allow any of the following materials to be burned in any residential solid fuel burning device:

- (a) Garbage;
- (b) Treated wood;
- (c) Plastics;
- (d) Rubber products;
- (e) Animals;
- (f) Asphaltic products;
- (g) Waste petroleum products;
- (h) Paints; or
- (i) Any substance, other than properly seasoned fuel wood, which normally emits dense smoke or obnoxious odors.

(2) For the sole purpose of a contingency measure to meet the requirements of section 172(c)(9) of the federal clean air act, a local authority or the department may prohibit the use of solid fuel burning devices, except fireplaces as defined in RCW 70.94.453(3), wood stoves meeting the standards set forth in RCW 70.94.457 or pellet stoves either cer-

tified or issued an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, if the United States environmental protection agency, in consultation with the department and the local authority makes written findings that:

(a) The area has failed to make reasonable further progress or attain or maintain a national ambient air quality standard; and

(b) Emissions from solid fuel burning devices from a particular geographic area are a contributing factor to such failure to make reasonable further progress or attain or maintain a national ambient air quality standard.

A prohibition issued by a local authority or the department under this subsection shall not apply to a person in a residence or commercial establishment that does not have an adequate source of heat without burning wood. [1995 c 205 § 2; 1990 c 128 § 3; 1987 c 405 § 9.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.480 Wood stove education program. (1) The department of ecology shall establish a program to educate wood stove dealers and the public about:

(a) The effects of wood stove emissions on health and air quality;

(b) Methods of achieving better efficiency and emission performance from wood stoves;

(c) Wood stoves that have been approved by the department;

(d) The benefits of replacing inefficient wood stoves with stoves approved under RCW 70.94.457.

(2) Persons selling new wood stoves shall distribute and verbally explain educational materials describing when a stove can and cannot be legally used to customers purchasing new wood stoves. [1990 c 128 § 6; 1987 c 405 § 3.]

70.94.483 Wood stove education and enforcement account created—Fee imposed on solid fuel burning device sales. (1) The wood stove education and enforcement account is hereby created in the state treasury. Money placed in the account shall include all money received under subsection (2) of this section and any other money appropriated by the legislature. Money in the account shall be spent for the purposes of the wood stove education program established under RCW 70.94.480 and for enforcement of the wood stove program, and shall be subject to legislative appropriation. However, during the 2003-05 fiscal biennium, the legislature may transfer from the wood stove education and enforcement account to the air pollution control account such amounts as specified in the omnibus operating budget bill.

(2) The department of ecology, with the advice of the advisory committee, shall set a flat fee of thirty dollars, on the retail sale, as defined in RCW 82.04.050, of each solid fuel burning device after January 1, 1992. The fee shall be imposed upon the consumer and shall not be subject to the retail sales tax provisions of chapters 82.08 and 82.12 RCW. The fee may be adjusted annually above thirty dollars to account for inflation as determined by the state office of the economic and revenue forecast council. The fee shall be collected by the department of revenue in conjunction with the

retail sales tax under chapter 82.08 RCW. If the seller fails to collect the fee herein imposed or fails to remit the fee to the department of revenue in the manner prescribed in chapter 82.08 RCW, the seller shall be personally liable to the state for the amount of the fee. The collection provisions of chapter 82.32 RCW shall apply. The department of revenue shall deposit fees collected under this section in the wood stove education and enforcement account. 70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the department of ecology to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the department is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1987 c 109 § 49; 1969 ex.s. c 168 § 45.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

70.94.521 Transportation demand management—Findings. The legislature finds that automotive traffic in Washington's metropolitan areas is the major source of emissions of air contaminants. This air pollution causes significant harm to public health, causes damage to trees, plants, structures, and materials and degrades the quality of the environment.

Increasing automotive traffic is also aggravating traffic congestion in Washington's metropolitan areas. This traffic congestion imposes significant costs on Washington's businesses, governmental agencies, and individuals in terms of lost working hours and delays in the delivery of goods and services. Traffic congestion worsens automobile-related air pollution, increases the consumption of fuel, and degrades the habitability of many of Washington's cities and suburban areas. The capital and environmental costs of fully accommodating the existing and projected automobile traffic on roads and highways are prohibitive. Decreasing the demand for vehicle trips is significantly less costly and at least as effective in reducing traffic congestion and its impacts as constructing new transportation facilities such as roads and bridges, to accommodate increased traffic volumes.

The legislature also finds that increasing automotive transportation is a major factor in increasing consumption of gasoline and, thereby, increasing reliance on imported sources of petroleum. Moderating the growth in automotive travel is essential to stabilizing and reducing dependence on

imported petroleum and improving the nation's energy security.

The legislature further finds that reducing the number of commute trips to work made via single-occupant cars and light trucks is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. Major employers have significant opportunities to encourage and facilitate reducing single-occupant vehicle commuting by employees. In addition, the legislature also recognizes the importance of increasing individual citizens' awareness of air quality, energy consumption, and traffic congestion, and the contribution individual actions can make towards addressing these issues.

The intent of this chapter is to require local governments in those counties experiencing the greatest automobile-related air pollution and traffic congestion to develop and implement plans to reduce single-occupant vehicle commute trips. Such plans shall require major employers and employers at major worksites to implement programs to reduce single-occupant vehicle commuting by employees at major worksites. Local governments in counties experiencing significant but less severe automobile-related air pollution and traffic congestion may implement such plans. State agencies shall implement programs to reduce single-occupant vehicle commuting at all major worksites throughout the state. [1997 c 250 § 1; 1991 c 202 § 10.]

70.94.524 Transportation demand management—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "A major employer" means a private or public employer that employs one hundred or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for at least twelve continuous months during the year.

(2) "Major worksite" means a building or group of buildings that are on physically contiguous parcels of land or on parcels separated solely by private or public roadways or rights of way, and at which there are one hundred or more full-time employees of one or more employers, who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays, for at least twelve continuous months.

(3) "Commute trip reduction zones" mean areas, such as census tracts or combinations of census tracts, within a jurisdiction that are characterized by similar employment density, population density, level of transit service, parking availability, access to high occupancy vehicle facilities, and other factors that are determined to affect the level of single occupancy vehicle commuting.

(4) "Commute trip" means trips made from a worker's home to a worksite during the peak period of 6:00 a.m. to 9:00 a.m. on weekdays.

(5) "Proportion of single-occupant vehicle commute trips" means the number of commute trips made by single-occupant automobiles divided by the number of full-time employees.

(6) "Commute trip vehicle miles traveled per employee" means the sum of the individual vehicle commute trip lengths

in miles over a set period divided by the number of full-time employees during that period.

(7) "Base year" means the year January 1, 1992, through December 31, 1992, on which goals for vehicle miles traveled and single-occupant vehicle trips shall be based. Base year goals may be determined using the 1990 journey-to-work census data projected to the year 1992 and shall be consistent with the growth management act. The task force shall establish a method to be used by jurisdictions to determine reductions of vehicle miles traveled. [1991 c 202 § 11.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.527 Transportation demand management—Requirements for counties and cities. (1) Each county with a population over one hundred fifty thousand, and each city or town within those counties containing a major employer shall, by October 1, 1992, adopt by ordinance and implement a commute trip reduction plan for all major employers. The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction.

(2) All other counties, and cities and towns in those counties, may adopt and implement a commute trip reduction plan.

(3) The department of ecology may, after consultation with the department of transportation, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the guidelines established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee; (b) designation of commute trip reduction zones; (c) requirements for major public and private sector employers to implement commute trip reduction programs; (d) a commute trip reduction program for employees of the county, city, or town; (e) a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and (g) means for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major

employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the worksite base year value or the base year value for the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty percent reduction from the base year values by January 1, 1997, twenty-five percent reduction from the base year values by January 1, 1999, and a thirty-five percent reduction from the base year values by January 1, 2005.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the inter-local cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns to take into account the location of major employer worksites when planning transit service changes or the expansion of public transportation services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(8) Each county, city, or town implementing a commute trip reduction program shall submit an annual progress report to the commute trip reduction task force established under RCW 70.94.537. The report shall be due July 1, 1994, and each July 1st thereafter through July 1, 2006. The report shall describe progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall

be submitted for review to the commute trip reduction task force established under RCW 70.94.537. The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

(12) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(13) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years. [1997 c 250 § 2; 1996 c 186 § 513; 1991 c 202 § 12.]

70.94.531 Transportation demand management—Requirements for employers. (1) Not more than six months after the adoption of the commute trip reduction plan by a jurisdiction, each major employer in that jurisdiction shall develop a commute trip reduction program and shall submit a description of that program to the jurisdiction for review. The program shall be implemented not more than six months after submission to the jurisdiction.

(2) A commute trip reduction program shall consist of, at a minimum (a) designation of a transportation coordinator and the display of the name, location, and telephone number of the coordinator in a prominent manner at each affected worksite; (b) regular distribution of information to employees regarding alternatives to single-occupant vehicle commuting; (c) an annual review of employee commuting and reporting of progress toward meeting the single-occupant vehicle reduction goals to the county, city, or town consistent with the method established in the commute trip reduction plan; and (d) implementation of a set of measures designed to achieve the applicable commute trip reduction goals adopted by the jurisdiction. Such measures may include but are not limited to:

(i) Provision of preferential parking or reduced parking charges, or both, for high occupancy vehicles;

(ii) Instituting or increasing parking charges for single-occupant vehicles;

(iii) Provision of commuter ride matching services to facilitate employee ridesharing for commute trips;

(iv) Provision of subsidies for transit fares;

(v) Provision of vans for van pools;

(vi) Provision of subsidies for car pooling or van pooling;

(vii) Permitting the use of the employer's vehicles for car pooling or van pooling;

(viii) Permitting flexible work schedules to facilitate employees' use of transit, car pools, or van pools;

(ix) Cooperation with transportation providers to provide additional regular or express service to the worksite;

(x) Construction of special loading and unloading facilities for transit, car pool, and van pool users;

(xi) Provision of bicycle parking facilities, lockers, changing areas, and showers for employees who bicycle or walk to work;

(xii) Provision of a program of parking incentives such as a rebate for employees who do not use the parking facility;

(xiii) Establishment of a program to permit employees to work part or full time at home or at an alternative worksite closer to their homes;

(xiv) Establishment of a program of alternative work schedules such as compressed work week schedules which reduce commuting; and

(xv) Implementation of other measures designed to facilitate the use of high-occupancy vehicles such as on-site day care facilities and emergency taxi services.

(3) Employers or owners of worksites may form or utilize existing transportation management associations to assist members in developing and implementing commute trip reduction programs.

(4) Employers shall make a good faith effort towards achievement of the goals identified in RCW 70.94.527(4)(g). [1997 c 250 § 3; (1995 2nd sp.s. c 14 § 530 expired June 30, 1997); 1991 c 202 § 13.]

70.94.534 Transportation demand management—Jurisdictions' review and penalties. (1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. The employer shall be notified by the jurisdiction of its findings. If the jurisdiction finds that the program is not likely to meet the applicable commute trip reduction goals, the jurisdiction will work with the employer to modify the program as necessary. The jurisdiction shall complete review of each employer's initial commute trip reduction program within three months of receipt.

(2) Employers implementing commute trip reduction programs are expected to undertake good faith efforts to achieve the goals outlined in RCW 70.94.527(4). Employers

are considered to be making a good faith effort if the following conditions have been met:

(a) The employer has met the minimum requirements identified in RCW 70.94.531; and

(b) The employer is working collaboratively with its jurisdiction to continue its existing program or is developing and implementing program modifications likely to result in improvements to the program over an agreed upon length of time.

(3) Each jurisdiction shall annually review each employer's progress and good faith efforts toward meeting the applicable commute trip reduction goals. If an employer makes a good faith effort, as defined in this section, but is not likely to meet the applicable commute trip reduction goals, the jurisdiction shall work collaboratively with the employer to make modifications to the commute trip reduction program. Failure of an employer to reach the applicable commute trip reduction goals is not a violation of this chapter.

(4) If an employer fails to make a good faith effort and fails to meet the applicable commute trip reduction goals, the jurisdiction shall work collaboratively with the employer to propose modifications to the program and shall direct the employer to revise its program within thirty days to incorporate those modifications or modifications which the jurisdiction determines to be equivalent.

(5) Each jurisdiction implementing a commute trip reduction plan pursuant to this chapter may impose civil penalties, in the manner provided in chapter 7.80 RCW, for failure by an employer to implement a commute trip reduction program or to modify its commute trip reduction program as required in subsection (4) of this section. No major employer may be held liable for civil penalties for failure to reach the applicable commute trip reduction goals. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith.

(6) Jurisdictions shall notify major employers of the procedures for applying for goal modification or exemption from the commute trip reduction requirements based on the guidelines established by the commute trip reduction task force. [1997 c 250 § 4; 1991 c 202 § 14.]

(a) The secretary of the department of transportation or the secretary's designee who shall serve as chair;

(b) The director of the department of ecology or the director's designee;

(c) The director of the department of community, trade, and economic development or the director's designee;

(d) The director of the department of general administration or the director's designee;

(e) Three representatives from counties appointed by the governor from a list of at least six recommended by the Washington state association of counties;

(f) Three representatives from cities and towns appointed by the governor from a list of at least six recommended by the association of Washington cities;

Members appointed by the governor shall be compensated in accordance with RCW 43.03.220. The task force has all powers necessary to carry out its duties as prescribed by this chapter. The task force shall be dissolved on July 1, 2006.

(2) By March 1, 1992, the commute trip reduction task force shall establish guidelines for commute trip reduction plans. The guidelines are intended to ensure consistency in commute trip reduction plans and goals among jurisdictions while fairly taking into account differences in employment and housing density, employer size, existing and anticipated levels of transit service, special employer circumstances, and other factors the task force determines to be relevant. The guidelines shall include:

(a) Criteria for establishing commute trip reduction zones;

(b) Methods and information requirements for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals;

(c) Model commute trip reduction ordinances;

(d) Methods for assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction;

(e) An appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain a waiver or modification of those requirements and criteria for determining eligibility for waiver or modification;

(f) Methods to ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year;

(g) Alternative commute trip reduction goals for major employers which cannot meet the goals of this chapter because of the unique nature of their business;

(h) Alternative commute trip reduction goals for major employers whose worksites change and who contribute substantially to traffic congestion in a trip reduction zone; and

(i) Methods to insure that employers receive credit for scheduling changes enacted pursuant to the criteria identified in RCW 70.94.527(11).

(3) The task force shall work with jurisdictions, major employers, and other parties to develop and implement a public awareness campaign designed to increase the effectiveness of local commute trip reduction programs and support achievement of the objectives identified in this chapter.

(4) The task force shall assess the commute trip reduction options available to employers other than major employers and make recommendations to the legislature by October 1, 1992. The recommendations shall include the minimum size of employer who shall be required to implement trip reduction programs and the appropriate methods those employers can use to accomplish trip reduction goals.

(5) The task force shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature by December 1, 1995, December 1, 1999, December 1, 2001, December 1, 2003, and December 1, 2005. In assessing the costs and benefits, the task force shall consider the costs of not having implemented commute trip reduction plans and programs. The task force shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter. The recommendations made December 1, 1995, shall include recommendations regarding extension of the requirements of this chapter to employers with fifty or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous months. 70.94.541 Transportation demand management—Technical assistance team. (1) A technical assistance team shall be established under the direction of the department of transportation and include representatives of the department of ecology. The team shall provide staff support to the commute trip reduction task force in carrying out the requirements of RCW 70.94.537 and to the department of general administration in carrying out the requirements of RCW 70.94.551.

(2) The team shall provide technical assistance to counties, cities, and towns, the department of general administration, other state agencies, and other employers in developing and implementing commute trip reduction plans and programs. The technical assistance shall include: (a) Guidance in determining base and subsequent year values of single-occupant vehicle commuting proportion and commute trip reduction vehicle miles traveled to be used in determining progress in attaining plan goals; (b) developing model plans and programs appropriate to different situations; and (c) providing consistent training and informational materials for the implementation of commute trip reduction programs. Model plans and programs, training and informational materials

shall be developed in cooperation with representatives of local governments, transit agencies, and employers.

(3) In carrying out this section the department of transportation may contract with statewide associations representing cities, towns, and counties to assist cities, towns, and counties in implementing commute trip reduction plans and programs. [1996 c 186 § 515; 1991 c 202 § 16.]

70.94.544 Transportation demand management—Use of funds. A portion of the funds made available for the purposes of this chapter shall be used to fund the commute trip reduction task force in carrying out the responsibilities of RCW 70.94.541, and the interagency technical assistance team, including the activities authorized under RCW 70.94.541(2), and to assist counties, cities, and towns implementing commute trip reduction plans. 70.94.547 Transportation demand management—Intent—State leadership. The legislature hereby recognizes the state's crucial leadership role in establishing and implementing effective commute trip reduction programs. Therefore, it is the policy of the state that the department of general administration and other state agencies shall aggressively develop substantive programs to reduce commute trips by state employees. Implementation of these programs will reduce energy consumption, congestion in urban areas, and air and water pollution associated with automobile travel. [1991 c 202 § 18.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

70.94.551 Transportation demand management—State agency plan. (1) The director of general administration, with the concurrence of an interagency task force established for the purposes of this section, shall coordinate a commute trip reduction plan for state agencies which are phase 1 major employers by January 1, 1993. The task force shall include representatives of the departments of transportation and ecology and such other departments as the director of general administration determines to be necessary to be generally representative of state agencies. The state agency plan shall be consistent with the requirements of RCW 70.94.527 and 70.94.531 and shall be developed in consultation with state employees, local and regional governments, local transit agencies, the business community, and other interested groups. The plan shall consider and recommend policies applicable to all state agencies including but not limited to policies regarding parking and parking charges, employee incentives for commuting by other than single-occupant automobiles, flexible and alternative work schedules, alternative worksites, and the use of state-owned vehicles for car and van pools. The plan shall also consider the costs and benefits to state agencies of achieving commute trip reductions and consider mechanisms for funding state agency commute trip

reduction programs. The department shall, within thirty days, submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

(2) Not more than three months after the adoption of the commute trip reduction plan, each state agency shall, for each facility which is a major employer, develop a commute trip reduction program. The program shall be designed to meet the goals of the commute trip reduction plan of the county, city, or town or, if there is no local commute trip reduction plan, the state. The program shall be consistent with the policies of the state commute trip reduction plan and RCW 70.94.531. The agency shall submit a description of that program to the local jurisdiction implementing a commute trip reduction plan or, if there is no local commute trip reduction plan, to the department of general administration. The program shall be implemented not more than three months after submission to the department. Annual reports required in RCW 70.94.531(2)(c) shall be submitted to the local jurisdiction implementing a commute trip reduction plan and to the department of general administration. An agency which is not meeting the applicable commute trip reduction goals shall, to the extent possible, modify its program to comply with the recommendations of the local jurisdiction or the department of general administration.

(3) State agencies sharing a common location may develop and implement a joint commute trip reduction program or may delegate the development and implementation of the commute trip reduction program to the department of general administration.

(4) The department of general administration in consultation with the state technical assistance team shall review the initial commute trip reduction program of each state agency subject to the commute trip reduction plan for state agencies to determine if the program is likely to meet the applicable commute trip reduction goals and notify the agency of any deficiencies. If it is found that the program is not likely to meet the applicable commute trip reduction goals, the team will work with the agency to modify the program as necessary.

(5) For each agency subject to the state agency commute trip reduction plan, the department of general administration in consultation with the technical assistance team shall annually review progress toward meeting the applicable commute trip reduction goals. If it appears an agency is not meeting or is not likely to meet the applicable commute trip reduction goals, the team shall work with the agency to make modifications to the commute trip reduction program.

(6) The department of general administration shall submit an annual progress report for state agencies subject to the state agency commute trip reduction plan to the commute trip reduction task force established under RCW 70.94.537. The report shall be due April 1, 1993, and each April 1st through 2006. The report shall report progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force. [1997 c 250 § 6; 1996 c 186 § 516; 1991 c 202 § 19.]

70.94.600 Reports of authorities to department of ecology—Contents. All authorities in the state shall submit quarterly reports to the department of ecology detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards. 70.94.610 Burning used oil fuel in land-based facilities. (1) Except as provided in subsection (2) of this section, a person may not burn used oil as fuel in a land-based facility or in state waters unless the used oil meets the following standards:

- (a) Cadmium: 2 ppm maximum
- (b) Chromium: 10 ppm maximum
- (c) Lead: 100 ppm maximum
- (d) Arsenic: 5 ppm maximum
- (e) Total halogens: 1000 ppm maximum
- (f) Polychlorinated biphenyls: 2 ppm maximum
- (g) Ash: .1 percent maximum
- (h) Sulfur: 1.0 percent maximum
- (i) Flash point: 100 degrees Fahrenheit minimum.

(2) This section shall not apply to: (a) Used oil burned in space heaters if the space heater has a maximum heat output of not greater than 0.5 million btu's per hour or used oil burned in facilities permitted by the department or a local air pollution control authority; or (b) ocean-going vessels.

(3) This section shall not apply to persons in the business of collecting used oil from residences when under authorization by a city, county, or the utilities and transportation commission. [1991 c 319 § 311.]

70.94.620 Metals mining and milling operations permits—Inspections by department of ecology. If a metals mining and milling operation is issued a permit pursuant to this chapter, then it will be subject to special inspection requirements. The department of ecology shall inspect these mining operations at least quarterly in order to ensure that the operation is in compliance with the conditions of any permit issued to it pursuant to this chapter. The department shall conduct additional inspections during the construction phase of the mining and milling operation in order to ensure compliance with this chapter. [1994 c 232 § 18.]

70.94.630 Sulfur dioxide abatement account—Coal-fired thermal electric generation facilities—Application—Determination and assessment of progress—Certification of pollution level—Reimbursement—Time limit for and extension of account. (1) The sulfur dioxide abatement account is created. All receipts from subsection (2) of this section must be deposited in the account. Expenditures in

the account may be used only for the purposes of subsection (3) of this section. Only the director of revenue or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Upon application by the owners of a generation facility, the department of ecology shall make a determination of whether the owners are making initial progress in the construction of air pollution control facilities. Evidence of initial progress may include, but is not limited to, engineering work, agreements to proceed with construction, contracts to purchase, or contracts for construction of air pollution control facilities. However, if the owners' progress is impeded due to actions caused by regulatory delays or by defensive litigation, certification of initial progress may not be withheld.

Upon certification of initial progress by the department of ecology and after January 1, 1999, an amount equal to all sales and use taxes paid under chapters 82.08, 82.12, and 82.14 RCW, that were obtained from the sales of coal to, or use of coal by, a business for use at a generation facility shall be deposited in the account under RCW 82.32.392.

By June 1st of each year during construction of the air pollution control facilities and during the verification period required in RCW 82.08.811(2)(d) and 82.12.811(2)(d), the department of ecology shall make an assessment regarding the continued progress of the pollution control facilities. Evidence of continued progress may include, but is not limited to, acquisition of construction material, visible progress on construction, or other actions that have occurred that would verify progress under general construction time tables. The treasurer shall continue to deposit an amount equal to the tax revenues to the sulfur dioxide abatement account unless the department of ecology fails to certify that reasonable progress has been made during the previous year. The operator of a generation facility shall file documentation accompanying its combined monthly excise tax return that identifies all sales and use tax payments made by the owners for coal used at the generation facility during the reporting period.

(3) When a generation facility emits no more than ten thousand tons of sulfur dioxide during a consecutive twelve-month period, the department of ecology shall certify this to the department of revenue and the state treasurer by the end of the following month. Within thirty days of receipt of certification under this subsection, the department of revenue shall approve the tax exemption application and the director or the director's designee shall authorize the release of any moneys in the sulfur dioxide abatement account to the operator of the generation facility. The operator shall disburse the payment among the owners of record according to the terms of their contractual agreement.

(4)(a) If the department of revenue has not approved a tax exemption under RCW 82.08.811 and 82.12.811 by March 1, 2005, any moneys in the sulfur dioxide abatement account shall be transferred to the general fund and the appropriate local governments in accordance with chapter 82.14 RCW, and the sulfur dioxide abatement account shall cease to exist after March 1, 2005.

(b) The dates in (a) of this subsection must be extended if the owners of a generation facility have experienced difficulties in complying with this section, or RCW 82.08.811,

*82.08.812, 82.12.811, *82.12.812, and 82.32.392, due to actions caused by regulatory delays or by defensive litigation.

(5) For the purposes of this section:

(a) "Air pollution control facilities" means any treatment works, control devices and disposal systems, machinery, equipment, structure, property, property improvements and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation; and

(b) "Generation facility" means a coal-fired thermal electric generation facility placed in operation after December 3, 1969, and before July 1, 1975. [1997 c 368 § 10.]

*Reviser's note: RCW 82.08.812 and 82.12.812 were repealed by 2000 c 4 § 1.

Findings—Intent—Rules adoption—Severability—Effective date—1997 c 368: See notes following RCW 82.08.810.

70.94.640 Odors caused by agricultural activities consistent with good agricultural practices exempt from chapter.

(1) Odors caused by agricultural activity consistent with good agricultural practices on agricultural land are exempt from the requirements of this chapter unless they have a substantial adverse effect on public health. In determining whether agricultural activity is consistent with good agricultural practices, the department of ecology or board of any authority shall consult with a recognized third-party expert in the activity prior to issuing any notice of violation.

(2) Any notice of violation issued under this chapter pertaining to odors caused by agricultural activity shall include a statement as to why the activity is inconsistent with good agricultural practices, or a statement that the odors have substantial adverse effect on public health.

(3) In any appeal to the pollution control hearings board or any judicial appeal, the agency issuing a final order pertaining to odors caused by agricultural activity shall prove the activity is inconsistent with good agricultural practices or that the odors have a substantial adverse impact on public health.

(4) If a person engaged in agricultural activity on a contiguous piece of agricultural land sells or has sold a portion of that land for residential purposes, the exemption of this section shall not apply.

(5) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.

(b) "Good agricultural practices" means economically feasible practices which are customary among or appropriate to farms and ranches of a similar nature in the local area.

(c) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 30.]

Legislative finding, intent—1981 c 297: "The legislature finds that agricultural land is essential to providing citizens with food and fiber and to insuring aesthetic values through the preservation of open spaces in our state. The legislature further finds that government regulations can cause agricultural land to be converted to nonagricultural uses. The legislature intends that agricultural activity consistent with good practices be protected from government over-regulation." [1981 c 297 § 29.]

Reviser's note: The above legislative finding and intent section apparently applies to sections 30 and 31 of chapter 297, Laws of 1981, which sections have been codified pursuant to legislative direction as RCW 70.94.640 and 90.48.450, respectively.

Severability—1981 c 297: See note following RCW 15.36.201.

70.94.645 Ammonia emissions from use as agricultural or silvicultural fertilizer—Regulation prohibited. The department shall not regulate ammonia emissions resulting from the storage, distribution, transport, or application of ammonia for use as an agricultural or silvicultural fertilizer. [1996 c 204 § 2.]

70.94.650 Burning permits for weed abatement, fire fighting instruction, or agriculture activities—Issuance—Agricultural burning practices and research task force—Exemption for aircraft crash fire rescue training activities. (1) Any person who proposes to set fires in the course of:

(a) Weed abatement;

(b) Instruction in methods of fire fighting, except training to fight structural fires as provided in RCW 52.12.150 or training to fight aircraft crash rescue fires as provided in subsection (5) of this section, and except forest fire training; or

(c) Agricultural activities,

shall obtain a permit from an air pollution control authority, the department of ecology, or a local entity delegated permitting authority under RCW 70.94.654. General permit criteria of statewide applicability shall be established by the department, by rule, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both. All permits shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise in which the applicant is engaged, or both. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses, or other approvals required by any other law. An application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, weed abatement or development of physiological conditions conducive to increased crop yield, shall be acted upon within seven days from the date such application is filed. The department of ecology and local air authorities shall provide convenient methods for issuance and oversight of agricultural burning permits. The department and local air authorities shall, through agreement, work with counties and cities to provide convenient methods for granting permission for agricultural burning, including telephone, facsimile transmission, issuance from local city or county offices, or other methods. A local air authority administering the permit program under this subsection (1)(c) shall not limit the number of days of allowable agricultural burning, but may consider the time of year, meteorological conditions, and other criteria specified

(2004 Ed.)

in rules adopted by the department to implement this subsection (1)(c).

(2) Permit fees shall be assessed for burning under this section and shall be collected by the department of ecology, the appropriate local air authority, or a local entity delegated permitting authority pursuant to RCW 70.94.654 at the time the permit is issued. All fees collected shall be deposited in the air pollution control account created in RCW 70.94.015, except for that portion of the fee necessary to cover local costs of administering a permit issued under this section. Fees shall be set by rule by the permitting agency at the level determined by the task force created by subsection (4) of this section, but shall not exceed two dollars and fifty cents per acre to be burned. After fees are established by rule, any increases in such fees shall be limited to annual inflation adjustments as determined by the state office of the economic and revenue forecast council.

(3) Conservation districts and the Washington State University agricultural extension program in conjunction with the department shall develop public education material for the agricultural community identifying the health and environmental effects of agricultural outdoor burning and providing technical assistance in alternatives to agricultural outdoor burning.

(4) An agricultural burning practices and research task force shall be established under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair; one representative of eastern Washington local air authorities; three representatives of the agricultural community from different agricultural pursuits; one representative of the department of agriculture; two representatives from universities or colleges knowledgeable in agricultural issues; one representative of the public health or medical community; and one representative of the conservation districts. The task force shall identify best management practices for reducing air contaminant emissions from agricultural activities and provide such information to the department and local air authorities. The task force shall determine the level of fees to be assessed by the permitting agency pursuant to subsection (2) of this section, based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged for such burning permits in neighboring states. The fee level shall provide, to the extent possible, for lesser fees for permittees who use best management practices to minimize air contaminant emissions. The task force shall identify research needs related to minimizing emissions from agricultural burning and alternatives to such burning. Further, the task force shall make recommendations to the department on priorities for spending funds provided through this chapter for research into alternative methods to reduce emissions from agricultural burning.

(5) A permit is not required under this section, or under RCW 70.94.743 through 70.94.780, from an air pollution control authority, the department, or any local entity with delegated permit authority, for aircraft crash rescue fire training activities meeting the following conditions:

(a) Fire fighters participating in the training fires must be limited to those who provide fire fighting support to an air-

port that is either certified by the federal aviation administration or operated in support of military or governmental activities;

(b) The fire training may not be conducted during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715 for the area where training is to be conducted;

(c) The number of training fires allowed per year without a permit shall be the minimum number necessary to meet federal aviation administration or other federal safety requirements;

(d) The facility shall use current technology and be operated in a manner that will minimize, to the extent possible, the air contaminants generated during operation; and

(e) Prior to the commencement of the aircraft fire training, the organization conducting training shall notify both the: (i) Local fire district or fire department; and (ii) air pollution control authority, department of ecology, or local entity delegated permitting authority under RCW 70.94.654, having jurisdiction within the area where training is to be conducted.

Written approval from the department or a local air pollution control authority shall be obtained prior to the initial operation of aircraft crash rescue fire training. Such approval will be granted to fire training activities meeting the conditions in this subsection.

(6) Aircraft crash rescue fire training activities conducted in compliance with *this subsection are not subject to the prohibition, in RCW 70.94.775(1), of outdoor fires containing petroleum products and are not considered outdoor burning under RCW 70.94.743 through 70.94.780.

(7) To provide for fire fighting instruction in instances not governed by subsection (6) of this section, or other actions to protect public health and safety, the department or a local air pollution control authority may issue permits that allow limited burning of prohibited materials listed in RCW 70.94.775(1). [1998 c 43 § 1. Prior: 1995 c 362 § 1; 1995 c 58 § 1; 1994 c 28 § 2; 1993 c 353 § 1; 1991 c 199 § 408; 1971 ex.s. c 232 § 1.]

*Reviser's note: The reference to "this subsection" appears to be erroneous, and should instead refer to subsection (5) of this section.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.651 Burning permits for regeneration of rare and endangered plants; Indian ceremonies. Nothing contained in this chapter shall prohibit fires necessary: (1) To promote the regeneration of rare and endangered plants found within natural area preserves as identified under chapter 79.70 RCW; and (2) for Indian ceremonies or for the sending of smoke signals if part of a religious ritual. Permits issued for burning under this section shall be drafted to minimize emissions including denial of permission to burn during periods of adverse meteorological conditions. [1991 c 199 § 407.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.654 Delegation of permit issuance and enforcement to political subdivisions. Whenever an air pollution control authority, or the department of ecology for areas outside the jurisdictional boundaries of an activated air pollution

control authority, shall find that any fire protection agency, county, or conservation district is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650 and desirous of doing so, the authority or the department of ecology, as appropriate, may delegate powers necessary for the issuance or enforcement, or both, of permits for any or all of the kinds of burning to the fire protection agency, county, or conservation district. Such delegation may be withdrawn by the authority or the department of ecology upon finding that the fire protection agency, county, or conservation district is not effectively administering the permit program. [1993 c 353 § 2; 1991 c 199 § 409; 1973 1st ex.s. c 193 § 6.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.656 Open burning of grasses grown for seed—Alternatives—Studies—Deposit of permit fees in special grass seed burning account—Procedures—Limitations—Report. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Any study conducted pursuant to this section shall be conducted by Washington State University. The university may not charge more than eight percent for administrative overhead. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed one dollar per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the state treasury.

(2) The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in subsection (1) of this section. Whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund. The fee collected under subsection (1) of this section shall constitute the research portion of fees required under RCW 70.94.650 for open burning of grass grown for seed.

(3) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order,

certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(4) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(5) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions.

(6) By November 1, 1996, and every two years thereafter until grass seed burning is prohibited, Washington State University may prepare a brief report assessing the potential of the university's research to result in economical and practical alternatives to grass seed burning. 70.94.660 Burning permits for abating or prevention of forest fire hazards, management of ecosystems, instruction or silvicultural operations—Issuance. (1) The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities for the protection of life or property and/or for the public health, safety, and welfare:

- (a) Abating a forest fire hazard;
- (b) Prevention of a fire hazard;
- (c) Instruction of public officials in methods of forest fire fighting;
- (d) Any silvicultural operation to improve the forest lands of the state; and

(e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility.

(3) Permit fees shall be assessed for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in RCW 70.94.015. The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under RCW 70.94.665 and 70.94.660, 70.94.670, and 70.94.690. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public and the forest fire

advisory board established by RCW 76.04.145. [1991 c 199 § 404; 1971 ex.s. c 232 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

Burning permits, issuance, air pollution a factor: RCW 76.04.205.

Disposal of forest debris: RCW 76.04.650.

70.94.665 Silvicultural forest burning—Reduce statewide emissions—Exemption—Monitoring program. (1) The department of natural resources shall administer a program to reduce statewide emissions from silvicultural forest burning so as to achieve the following minimum objectives:

(a) Twenty percent reduction by December 31, 1994 providing a ceiling for emissions until December 31, 2000; and

(b) Fifty percent reduction by December 31, 2000 providing a ceiling for emissions thereafter.

Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2) The department of natural resources, within twelve months after May 15, 1991, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner's responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, and diversity of land ownership. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

The emission reductions in this section are to apply to all forest lands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology,

shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years.

(4) Emissions from silvicultural burning in eastern Washington that is conducted for the purpose of restoring forest health or preventing the additional deterioration of forest health are exempt from the reduction targets and calculations in this section if the following conditions are met:

(a) The landowner submits a written request to the department identifying the location of the proposed burning and the nature of the forest health problem to be corrected. The request shall include a brief description of alternatives to silvicultural burning and reasons why the landowner believes the alternatives not to be appropriate.

(b) The department determines that the proposed silvicultural burning operation is being conducted to restore forest health or prevent additional deterioration to forest health; meets the requirements of the state smoke management plan to protect public health, visibility, and the environment; and will not be conducted during an air pollution episode or during periods of impaired air quality in the vicinity of the proposed burn.

(c) Upon approval of the request by the department and before burning, the landowner is encouraged to notify the public in the vicinity of the burn of the general location and approximate time of ignition.

(5) The department of ecology may conduct a limited, seasonal ambient air quality monitoring program to measure the effects of forest health burning conducted under subsection (4) of this section. The monitoring program may be developed in consultation with the department of natural resources, private and public forest landowners, academic experts in forest health issues, and the general public. [1995 c 143 § 1; 1991 c 199 § 403.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.670 Burning permits for abating or prevention of forest fire hazards, management of ecosystems, instruction or silvicultural operations—Conditions for issuance and use of permits—Air quality standards to be met—Alternate methods to lessen forest debris. The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards shall be established

and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when and where air contaminant levels exceed or threaten to exceed the ambient air standards over such critical areas. The air quality shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established monitoring stations over such designated areas. Further, such permitted burning shall not cause damage to public health or the environment. All permits issued under this section shall be subject to all applicable fees, permitting, penalty, and enforcement provisions of this chapter. The department of natural resources shall set forth smoke dispersal objectives designed consistent with this section to minimize any air pollution from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging and alternative silviculture practices to reduce the need for burning. The department of natural resources shall, whenever practical, encourage landowners to develop and use alternative acceptable disposal methods subject to the following priorities: (1) Slash production minimization, (2) slash utilization, (3) nonburning disposal, (4) silvicultural burning. Such alternative methods shall be evaluated as to the relative impact on air, water, and land pollution, public health, and their financial feasibility.

The department of natural resources shall not issue burning permits and shall revoke previously issued permits at any time in any area where the department of ecology or local board has declared a stage of impaired air quality as defined in RCW 70.94.473. [1991 c 199 § 405; 1971 ex.s. c 232 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits. In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies. The department of natural resources shall include any local authority's burning regulations with permits issued where applicable pursuant to RCW *70.94.740 through 70.94.775. The department shall develop agreements with all local authorities to coordinate regulations.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning, or emergency condition exists as defined in the episode criteria of the department of ecology. [1991 c 199 § 406; 1971 ex.s. c 232 § 5.]

***Reviser's note:** RCW 70.94.740 was repealed by 1991 c 199 § 718.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions whenever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective statewide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.05 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of pre-planned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. The department shall not call a forecast episode prior to the department or an authority calling a first stage impaired air quality condition as provided by RCW 70.94.473(1)(b) or calling a single-stage impaired air quality condition as provided by *RCW 70.94.473(2). "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW. [1990 c 128 § 4; 1971 ex.s. c 194 § 2.]

*Reviser's note: RCW 70.94.473 was amended by 1995 c 205 § 1, which deleted subsection (2).

70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 3.]

70.94.725 Air pollution episodes—Restraining orders, temporary injunctions to enforce orders—Procedure. Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the

county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 4.]

70.94.730 Air pollution episodes—Orders to be effective immediately. Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

70.94.743 Outdoor burning—Areas where prohibited—Exceptions—Use for management of storm or flood-related debris—Silvicultural burning. (1) Consistent with the policy of the state to reduce outdoor burning to the greatest extent practical:

(a) Outdoor burning shall not be allowed in any area of the state where federal or state ambient air quality standards are exceeded for pollutants emitted by outdoor burning.

(b) Outdoor burning shall not be allowed in any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available. In no event shall such burning be allowed after December 31, 2000, except that within the urban growth areas for cities having a population of less than five thousand people, that are neither within nor contiguous with any non-attainment or maintenance area designated under the federal clean air act, in no event shall such burning be allowed after December 31, 2006.

(c) Notwithstanding any other provision of this section, outdoor burning may be allowed for the exclusive purpose of managing storm or flood-related debris. The decision to allow burning shall be made by the entity with permitting jurisdiction as determined under RCW 70.94.660 or 70.94.755. If outdoor burning is allowed in areas subject to (a) or (b) of this subsection, a permit shall be required, and a fee may be collected to cover the expenses of administering and enforcing the permit. All conditions and restrictions pursuant to RCW 70.94.750(1) and 70.94.775 apply to outdoor burning allowed under this section.

(d)(i) Outdoor burning that is normal, necessary, and customary to ongoing agricultural activities, that is consistent with agricultural burning authorized under RCW 70.94.650 and 70.94.656, is allowed within the urban growth area as defined in (b) of this subsection if the burning is not conducted during air quality episodes, or where a determination

of impaired air quality has been made as provided in RCW 70.94.473, and the agricultural activities preceded the designation as an urban growth area.

(ii) Outdoor burning of cultivated orchard trees, whether or not agricultural crops will be replanted on the land, shall be allowed as an ongoing agricultural activity under this section if a local horticultural pest and disease board formed under chapter 15.09 RCW, an extension office agent with Washington State University that has horticultural experience, or an entomologist employed by the department of agriculture, has determined in writing that burning is an appropriate method to prevent or control the spread of horticultural pests or diseases.

(2) "Outdoor burning" means the combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion.

(3) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. [2004 c 213 § 1; 2001 1st sp.s. c 12 § 1; 1998 c 68 § 1; 1997 c 225 § 1; 1991 c 199 § 402.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.745 Limited outdoor burning—Program—Exceptions. (1) It shall be the responsibility and duty of the department of natural resources, department of ecology, department of agriculture, fire districts, and local air pollution control authorities to establish, through regulations, ordinances, or policy, a limited burning permit program.

(2) The permit program shall apply to residential and land clearing burning in the following areas:

(a) In the nonurban areas of any county with an unincorporated population of greater than fifty thousand; and

(b) In any city and urban growth area that is not otherwise prohibited from burning pursuant to RCW 70.94.743.

(3) The permit program shall apply only to land clearing burning in the nonurban areas of any county with an unincorporated population of less than fifty thousand.

(4) The permit program may be limited to a general permit by rule, or by verbal, written, or electronic approval by the permitting entity.

(5) Notwithstanding any other provision of this section, neither a permit nor the payment of a fee shall be required for outdoor burning for the purpose of disposal of tumbleweeds blown by wind. Such burning shall not be conducted during an air pollution episode or any stage of impaired air quality declared under *RCW 70.94.714. This subsection (5) shall only apply within counties with a population less than two hundred fifty thousand.

(6) Burning shall be prohibited in an area when an alternate technology or method of disposing of the organic refuse is available, reasonably economical, and less harmful to the environment. It is the policy of this state to foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse.

(7) Incidental agricultural burning must be allowed without applying for any permit and without the payment of any fee if:

(a) The burning is incidental to commercial agricultural activities;

(b) The operator notifies the local fire department within the area where the burning is to be conducted;

(c) The burning does not occur during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715; and

(d) Only the following items are burned:

(i) Orchard prunings;

(ii) Organic debris along fence lines or irrigation or drainage ditches; or

(iii) Organic debris blown by wind.

(8) As used in this section, "nonurban areas" are unincorporated areas within a county that is not designated as an urban growth area under chapter 36.70A RCW.

(9) Nothing in this section shall require fire districts to enforce air quality requirements related to outdoor burning, unless the fire district enters into an agreement with the department of ecology, department of natural resources, a local air pollution control authority, or other appropriate entity to provide such enforcement. [1995 c 206 § 1; 1991 c 199 § 401; 1972 ex.s. c 136 § 2.]

***Reviser's note:** The reference to RCW 70.94.714 appears erroneous. Reference to RCW 70.94.715 was apparently intended.

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.750 Limited outdoor burning—Permits issued by political subdivisions—Types of fires permitted. The following outdoor fires described in this section may be burned subject to the provisions of this chapter and also subject to city ordinances, county resolutions, rules of fire districts and laws, and rules enforced by the department of natural resources if a permit has been issued by a fire protection agency, county, or conservation district:

(1) Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his or her designee.

(2) Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general population density of one thousand or more persons per square mile. [1991 c 199 § 412; 1972 ex.s. c 136 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.755 Limited outdoor burning—Establishment of program. Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances, or policy, a program implementing the limited burning policy authorized by RCW 70.94.743 through 70.94.765. [1997 c 225 § 2; 1972 ex.s. c 136 § 4.]

70.94.760 Limited outdoor burning—Construction. Nothing contained in RCW *70.94.740 through 70.94.765 is intended to alter or change the provisions of RCW 70.94.660,

(2004 Ed.)

70.94.710 through 70.94.730, and 76.04.205. [1986 c 100 § 55; 1972 ex.s. c 136 § 5.]

***Reviser's note:** RCW 70.94.740 was repealed by 1991 c 199 § 718.

70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted. Nothing in RCW *70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

***Reviser's note:** RCW 70.94.740 was repealed by 1991 c 199 § 718.

70.94.775 Outdoor burning—Fires prohibited—Exceptions. Except as provided in RCW 70.94.650(5), no person shall cause or allow any outdoor fire:

(1) Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation that normally emits dense smoke or obnoxious odors. Agricultural heating devices that otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

(2) During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715 or impaired air quality condition as defined in RCW 70.94.473. [1995 c 362 § 2; 1991 c 199 § 410; 1974 ex.s. c 164 § 1; 1973 2nd ex.s. c 11 § 1; 1973 1st ex.s. c 193 § 9.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.780 Outdoor burning—Permits issued by political subdivisions. In addition to any other powers granted to them by law, the fire protection agency, county, or conservation district issuing burning permits shall regulate or prohibit outdoor burning as necessary to prevent or abate the nuisances caused by such burning. No fire protection agency, county, or conservation district may issue a burning permit in an area where the department or local board has declared any stage of impaired air quality per RCW 70.94.473 or any stage of an air pollution episode. All burning permits issued shall be subject to all applicable fee, permitting, penalty, and enforcement provisions of this chapter. The permitted burning shall not cause damage to public health or the environment.

Any entity issuing a permit under this section may charge a fee at the level necessary to recover the costs of administering and enforcing the permit program. [1991 c 199 § 411; 1973 1st ex.s. c 193 § 10.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.785 Plans approved pursuant to federal clean air act—Enforcement authority. Notwithstanding any provision of the law to the contrary, except RCW 70.94.660 through 70.94.690, the department of ecology, upon its approval of any plan (or part thereof) required or permitted under the federal clean air act, shall have the authority to enforce all regulatory provisions within such plan (or part thereof): PROVIDED, That departmental enforcement of any such provision which is within the power of an activated

authority to enforce shall be initiated only, when with respect to any source, the authority is not enforcing the provisions and then only after written notice is given the authority. [1973 1st ex.s. c 193 § 11.]

70.94.800 Legislative declaration—Intent. The legislature recognizes that:

(1) Acid deposition resulting from commercial, industrial or other emissions of sulphur dioxide and nitrogen oxides pose a threat to the delicate balance of the state's ecological systems, particularly in alpine lakes that are known to be highly sensitive to acidification;

(2) Failure to act promptly and decisively to mitigate or eliminate this danger may soon result in untold and irreparable damage to the fish, forest, wildlife, agricultural, water, and recreational resources of this state;

(3) There is a direct correlation between emissions of sulphur dioxides and nitrogen oxides and increases in acid deposition;

(4) Acidification is cumulative; and

(5) Once an environment is acidified, it is difficult, if not impossible, to restore the natural balance.

It is therefore the intent of the legislature to provide for early detection of acidification and the resulting environmental degradation through continued monitoring of acid deposition levels and trends, and major source changes, so that the legislature can take any necessary action to prevent environmental degradation resulting from acid deposition. [1985 c 456 § 1; 1984 c 277 § 1.]

70.94.805 Definitions. As used in RCW 70.94.800 through *70.94.825, the following terms have the following meanings.

(1) "Acid deposition" means wet or dry deposition from the atmosphere of chemical compounds with a pH of less than 5.6.

(2) "Critical level of acid deposition and lake, stream, and soil acidification" means the level at which irreparable damage may occur unless corrective action is taken. [1985 c 456 § 2; 1984 c 277 § 2.]

*Reviser's note: RCW 70.94.810, 70.94.815, and 70.94.825 were repealed by 1991 c 199 § 718.

70.94.820 Monitoring by department of ecology. The department of ecology shall maintain a program of periodic monitoring of acid rain deposition and lake, stream, and soil acidification to ensure early detection of acidification and environmental degradation. [1987 c 505 § 61; 1985 c 456 § 5; 1984 c 277 § 6.]

70.94.850 Emission credits banking program—Amount of credit. The department of ecology and the local boards may implement an emission credits banking program. For the purposes of this section, an emission credits banking program means a program whereby an air contaminant source which reduces emissions of a given air contaminant by an amount greater than that required by applicable law, regulation, or order is granted credit for a given amount, which credit shall be administered by a credit bank operated by the appropriate agency. The amount of the credit shall be

determined by the department or local board with jurisdiction, but it shall be less than the amount of the emissions reduction. The credit may be used, traded, sold, or otherwise expended for purposes established by regulation of state or local agencies consistent with the provisions of the prevention of significant deterioration program under RCW 70.94.860, the bubble program under RCW 70.94.155, and the new source review program under RCW 70.94.152, if there will be no net adverse impact on air quality. [1984 c 164 § 1.]

70.94.860 Department of ecology may accept delegation of programs. The department of ecology may accept delegation of programs as provided for in the federal clean air act. Subject to federal approval, the department may, in turn, delegate such programs to the local authority with jurisdiction in a given area. [1991 c 199 § 312; 1984 c 164 § 2.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.875 Evaluation of information on acid deposition in Pacific Northwest—Establishment of critical levels—Notification of legislature. The department of ecology, in consultation with the appropriate committees of the house of representatives and of the senate, shall:

(1) Continue evaluation of information and research on acid deposition in the Pacific Northwest region;

(2) Establish critical levels of acid deposition and lake, stream, and soil acidification; and

(3) Notify the legislature if acid deposition or lake, stream, and soil acidification reaches the levels established under subsection (2) of this section. [1991 c 199 § 313; 1985 c 456 § 3.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.880 Establishment of critical deposition and acidification levels—Considerations. In establishing critical levels of acid deposition and lake, stream, and soil acidification, the department of ecology shall consider:

(1) Current acid deposition and lake, stream, and soil acidification levels;

(2) Changes in acid deposition and lake, stream, and soil acidification levels;

(3) Effects of acid deposition and lake, stream, and soil acidification on the environment; and

(4) The need to prevent environmental degradation. [1985 c 456 § 4.]

70.94.892 Carbon dioxide mitigation—Fees. (1) For fossil-fueled electric generation facilities having more than twenty-five thousand kilowatts station generating capability but less than three hundred fifty thousand kilowatts station generating capability, except for fossil-fueled floating thermal electric generation facilities under the jurisdiction of the energy facility site evaluation council pursuant to RCW 80.50.010, the department or authority shall implement a carbon dioxide mitigation program consistent with the requirements of chapter 80.70 RCW.

(2) For mitigation projects conducted directly by or under the control of the applicant, the department or local air authority shall approve or deny the mitigation plans, as part

of its action to approve or deny an application submitted under RCW 70.94.152 based upon whether or not the mitigation plan is consistent with the requirements of chapter 80.70 RCW.

(3) The department or authority may determine, assess, and collect fees sufficient to cover the costs to review and approve or deny the carbon dioxide mitigation plan components of an order of approval issued under RCW 70.94.152. The department or authority may also collect fees sufficient to cover its additional costs to monitor conformance with the carbon dioxide mitigation plan components of the registration and air operating permit programs authorized in RCW 70.94.151 and 70.94.161. The department or authority shall track its costs related to review, approval, and monitoring conformance with carbon dioxide mitigation plans. [2004 c 224 § 8.]

70.94.901 Construction—1967 c 238. This 1967 amendatory act shall not be construed to create in any way nor to enlarge, diminish or otherwise affect in any way any private rights in any civil action for damages. Any determination that there has been a violation of the provisions of this 1967 amendatory act or of any ordinance, rule, regulation or order issued pursuant thereto, shall not create by reason thereof any presumption or finding of fact or of law for use in any lawsuit brought by a private citizen. [1967 c 238 § 65.]

70.94.902 Construction, repeal of RCW 70.94.061 through 70.94.066—Saving. The following acts or parts of acts are each repealed:

(1) Section 7, chapter 238, Laws of 1967, and RCW 70.94.061;

(2) Section 8, chapter 238, Laws of 1967, and RCW 70.94.062;

(3) Section 9, chapter 238, Laws of 1967, and RCW 70.94.064; and

(4) Section 10, chapter 238, Laws of 1967, and RCW 70.94.066.

Such repeals shall not be construed as affecting any authority in existence on April 24, 1969, nor as affecting any action, activities or proceedings initiated by such authority prior hereto, nor as affecting any civil or criminal proceedings instituted by such authority, nor any rule, regulation, resolution, ordinance, or order promulgated by such authority, nor any administrative action taken by such authority, nor the term of office, or appointment or employment of any person appointed or employed by such authority. [1969 ex.s. c 168 § 46.]

70.94.904 Effective dates—1991 c 199. Sections 602 and 603 of this act shall take effect July 1, 1992. Sections 202 through 209 of this act shall take effect January 1, 1993. Sections 210 and 505 of this act shall take effect January 1, 1992.

The remainder of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately. [1991 c 199 § 717.]

70.94.905 Severability—1991 c 199. If any provision of this act or its application to any person or circumstance is

(2004 Ed.)

held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 199 § 719.]

70.94.906 Captions not law. Captions and headings as used in this act constitute no part of the law. [1991 c 199 § 720.]

70.94.911 Severability—1967 c 238. If any phrase, clause, subsection or section of this 1967 amendatory act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid. [1967 c 238 § 64.]

70.94.950 Disincorporation of district located in county with a population of two hundred ten thousand or more and inactive for five years. See chapter 57.90 RCW.

70.94.960 Clean fuel matching grants for public transit, vehicle mechanics, and refueling infrastructure. The department may disburse matching grants from funds provided by the legislature from the air pollution control account, created in RCW 70.94.015, to units of local government to partially offset the additional cost of purchasing "clean fuel" and/or operating "clean-fuel vehicles" provided that such vehicles are used for public transit. Publicly owned school buses are considered public transit for the purposes of this section. The department may also disburse grants to vocational-technical institutes for the purpose of establishing programs to certify clean-fuel vehicle mechanics. The department may also distribute grants to Washington State University for the purpose of furthering the establishment of clean fuel refueling infrastructure. [1996 c 186 § 517; 1991 c 199 § 218.]

Finding—1991 c 199: See note following RCW 70.94.011.

Clean fuel: RCW 70.120.210.

Refueling: RCW 80.28.280.

State vehicles: RCW 43.19.637.

70.94.970 Chlorofluorocarbons—Ozone—Refrigerants regulated. (1) Regulated refrigerant means a class I or class II substance as listed in Title VI of section 602 of the federal clean air act amendments of November 15, 1990.

(2) A person who services or repairs or disposes of a motor vehicle air conditioning system; commercial or industrial air conditioning, heating, or refrigeration system; or consumer appliance shall use refrigerant extraction equipment to recover regulated refrigerant that would otherwise be released into the atmosphere. This subsection does not apply to off-road commercial equipment.

(3) Upon request, the department shall provide information and assistance to persons interested in collecting, transporting, or recycling regulated refrigerants.

(4) The willful release of regulated refrigerant from a source listed in subsection (2) of this section is prohibited. [1991 c 199 § 602.]

Finding—1991 c 199: "The legislature finds that:

(1) The release of chlorofluorocarbons and other ozone-depleting chemicals into the atmosphere contributes to the destruction of stratospheric ozone and threatens plant and animal life with harmful overexposure to ultraviolet radiation;

(2) The technology and equipment to extract and recover chlorofluorocarbons and other ozone-depleting chemicals from air conditioners, refrigerators, and other appliances are available;

(3) A number of nonessential consumer products contain ozone-depleting chemicals; and

(4) Unnecessary releases of chlorofluorocarbons and other ozone-depleting chemicals from these sources should be eliminated." [1991 c 199 § 601.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.980 Refrigerants—Unlawful acts. No person may sell, offer for sale, or purchase any of the following:

(1) A regulated refrigerant in a container designed for consumer recharge of a motor vehicle air conditioning system or consumer appliance during repair or service. This subsection does not apply to a regulated refrigerant purchased for the recharge of the air conditioning system of off-road commercial or agricultural equipment and sold or offered for sale at an establishment which specializes in the sale of off-road commercial or agricultural equipment or parts or service for such equipment;

(2) Nonessential consumer products that contain chlorofluorocarbons or other ozone-depleting chemicals, and for which substitutes are readily available. Products affected under this subsection shall include, but are not limited to, party streamers, tire inflators, air horns, noise makers, and chlorofluorocarbon-containing cleaning sprays designed for noncommercial or nonindustrial cleaning of electronic or photographic equipment. 70.94.990 Refrigerants—Rules—Enforcement provisions, limitations. The department shall adopt rules to implement RCW 70.94.970 and 70.94.980. Rules shall include but not be limited to minimum performance specifications for refrigerant extraction equipment, as well as procedures for enforcing RCW 70.94.970 and 70.94.980.

Enforcement provisions adopted by the department shall not include penalties or fines in areas where equipment to collect or recycle regulated refrigerants is not readily available. [1991 c 199 § 604.]

Finding—1991 c 199: See note following RCW 70.94.011.

70.94.996 Grant program for ride sharing. (Expires January 1, 2014.) (1) To the extent that funds are appropriated, the department of transportation shall administer a performance-based grant program for private employers, public agencies, nonprofit organizations, developers, and property managers who provide financial incentives for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, including telework, before July 1, 2013, to their own or other employees.

[Title 70 RCW—page 212]

(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.

(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.

(4) The total of grants provided under this section may not exceed seven hundred fifty thousand dollars in any fiscal year. However, this subsection does not apply during the 2003-2005 fiscal biennium.

(5) The department of transportation shall report to the department of revenue by the 15th day of each month the aggregate monetary amount of grants provided under this section in the prior month and the identity of the recipients of those grants.

(6) The source of funds for this grant program is the multimodal transportation account.

(7) This section expires January 1, 2014. [2004 c 229 § 501; 2003 c 364 § 9.]

Severability—2004 c 229: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 229 § 507.]

70.95.010 Legislative finding—Priorities—Goals.

The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It should be the goal of every person and business to minimize their production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed municipal solid waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

- (a) Waste reduction;
- (b) Recycling, with source separation of recyclable materials as the preferred method;
- (c) Energy recovery, incineration, or landfill of separated waste;
- (d) Energy recovery, incineration, or landfill of mixed municipal solid wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by 2007.

(10) It is the state's goal that programs be established to eliminate residential or commercial yard debris in landfills by 2012 in those areas where alternatives to disposal are readily available and effective.

(11) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

(12) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

(13) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

(14) Excessive and nonrecyclable packaging of products should be avoided.

(15) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

(16) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

(17) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

(18) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

(19) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of this act.

(20) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded tires and other problem wastes with the subsequent conservation of resources and energy. [2002 c 299 § 3; 1989 c 431 § 1; 1985 c 345 § 1; 1984 c 123 § 1; 1975-76 2nd ex.s. c 41 § 1; 1969 ex.s. c 134 § 1.]

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive statewide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

(2) To provide for adequate planning for solid waste handling by local government;

(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

(4) To encourage the development and operation of waste recycling facilities needed to accomplish the management priority of waste recycling, and to promote consistency in the requirements for such facilities throughout the state;

(5) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;

(6) To encourage storage, proper disposal, and recycling of discarded vehicle tires and to stimulate private recycling programs throughout the state; and

(7) To encourage the development and operation of waste recycling facilities and activities needed to accomplish the management priority of waste recycling and to promote consistency in the permitting requirements for such facilities and activities throughout the state.

It is the intent of the legislature that local governments be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to

carry out solid waste recovery and/or recycling programs. [1998 c 156 § 1; 1998 c 90 § 1; 1985 c 345 § 2; 1975-'76 2nd ex.s. c 41 § 2; 1969 ex.s. c 134 § 2.]

Reviser's note: This section was amended by 1998 c 90 § 1 and by 1998 c 156 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

This subsection applies only to wholly new solid waste landfill facilities, no part or unit of which has had construction commence before April 27, 1999.

(a) No landfill specified in this subsection may be located:

(i) So that the active area is closer than five miles to any national park or a public or private nonprofit zoological park displaying native animals in their native habitats; or

(ii) Over a sole source aquifer designated under the federal safe drinking water act, if such designation was effective before January 1, 1999.

(b) Each landfill specified in this subsection (2) shall be constructed with an impermeable berm around the entire perimeter of the active area of the landfill of such height, thickness, and design as will be sufficient to contain all material disposed in the event of a complete failure of the structural integrity of the landfill. 70.95.065 Inert waste landfills. (1) The department shall, as part of the minimum functional standards for solid waste handling required under RCW 70.95.060, develop specific criteria for the types of solid wastes that are allowed to be received by inert waste landfills that seek to continue operation after February 10, 2003.

(2) The criteria for inert waste developed under this section must, at a minimum, contain a list of substances that an inert waste landfill located in a county with fewer than forty-five thousand residents is permitted to receive if it was operational before February 10, 2003, and is located at a site with a five-year annual rainfall of twenty-five inches or less. The substances permitted for the inert waste landfills satisfying the criteria listed in this subsection must include the following types of solid waste if the waste has not been tainted, through exposure from chemical, physical, biological, or radiological substances, such that it presents a threat to human health or the environment greater than that inherent to the material:

- (a) Cured concrete, including any embedded steel reinforcing and wood;
 - (b) Asphaltic materials, including road construction asphalt;
 - (c) Brick and masonry;
 - (d) Ceramic materials produced from fired clay or porcelain;

- (3) Pollution of surface and ground waters (coordinated with the regulations of the department of ecology).
- (4) Hazards to service or disposal workers or to the public.
- (5) Prevention of littering.
- (6) Adequacy and adaptability of disposal sites to population served.
- (7) Design and operation of disposal sites.
- (8) Recovery and/or recycling of solid waste. [1975-'76 2nd ex.s. c 41 § 4; 1969 ex.s. c 134 § 7.]

70.95.075 Implementation of standards—Assessment—Analyses—Proposals. In order to implement the minimum functional standards for solid waste handling, evaluate the effectiveness of the minimum functional standards, evaluate the cost of implementation, and develop a mechanism to finance the implementation, the department shall prepare:

- (1) An assessment of local health agencies' information on all existing permitted landfill sites, including (a) measures taken and facilities installed at each landfill to mitigate surface water and ground water contamination, (b) proposed measures taken and facilities to be constructed at each landfill to mitigate surface water and ground water contamination, and (c) the costs of such measures and facilities;

70.95.080 County comprehensive solid waste management plan—Joint plans—Duties of cities. Each county within the state, in cooperation with the various cities located within such county, shall prepare a coordinated, comprehensive solid waste management plan. Such plan may cover two or more counties.

Each city shall:

- (1) Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan; or
- (2) Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or
- (3) Authorize the county to prepare a plan for the city's solid waste management for inclusion in the comprehensive county plan.

Two or more cities may prepare a plan for inclusion in the county plan. With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.

After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule, the department shall take into account the probable cost of such plans to the cities and counties.

Local governments shall not be required to include a hazardous waste element in their solid waste management plans. [1985 c 448 § 17; 1969 ex.s. c 134 § 8.]

Severability—1985 c 448: See note following RCW 70.105.005.

Finding—1991 c 298: See note following RCW 70.95.030.

Certain provisions not to detract from utilities and transportation commission powers, duties, and functions: RCW 80.01.300.

70.95.092 County and city comprehensive solid waste management plans—Levels of service, reduction and recycling. Levels of service shall be defined in the waste reduction and recycling element of each local comprehensive solid waste management plan and shall include the services set forth in RCW 70.95.090. In determining which service level is provided to residential and nonresidential waste generators in each community, counties and cities shall develop clear criteria for designating areas as urban or rural. In designating urban areas, local governments shall consider the planning guidelines adopted by the department, total population, population density, and any applicable land use or utility service plans. [1989 c 431 § 4.]

70.95.094 County and city comprehensive solid waste management plans—Review and approval process. (1) The department and local governments preparing plans are encouraged to work cooperatively during plan development. Each county and city preparing a comprehensive solid waste management plan shall submit a preliminary draft plan to the department for technical review. The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.

(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section. [1989 c 431 § 8.]

70.95.096 Utilities and transportation commission to review local plan's assessment of cost impacts on rates. Upon receipt, the department shall immediately provide the utilities and transportation commission with a copy of each preliminary draft local comprehensive solid waste management plan. Within forty-five days after receiving a plan, the commission shall have reviewed the plan's assessment of solid waste collection cost impacts on rates charged by solid waste collection companies regulated under chapter 81.77 RCW and shall advise the county or city submitting the plan and the department of the probable effect of the plan's recommendations on those rates. [1989 c 431 § 12.]

(1) The department or the commission, as appropriate, shall provide to counties and cities technical assistance including, but not limited to, planning guidelines, in the preparation, review, and revision of solid waste management plans required by this chapter. Guidelines prepared under this section shall be consistent with the provisions of this chapter. Guidelines for the preparation of the waste reduction and recycling element of the comprehensive solid waste management plan shall be completed by the department by March 15, 1990. These guidelines shall provide recommendations to local government on materials to be considered for designation as recyclable materials. The state solid waste management plan prepared pursuant to RCW 70.95.260 shall be consistent with these guidelines.

(2) The department shall be responsible for development and implementation of a comprehensive statewide public information program designed to encourage waste reduction, source separation, and recycling by the public. The department shall operate a toll free hot line to provide the public information on waste reduction and recycling.

(3) The department shall provide technical assistance to local governments in the development and dissemination of informational materials and related activities to assure recognition of unique local waste reduction and recycling programs.

(4) Local governments shall make all materials and information developed with the assistance grants provided under RCW 70.95.130 available to the department for potential use in other areas of the state. [1989 c 431 § 6; 1984 c 123 § 6; 1969 ex.s. c 134 § 10.]

70.95.110 Maintenance of plans—Review, revisions—Implementation of source separation programs.

(1) The comprehensive county solid waste management plans and any comprehensive city solid waste management plans prepared in accordance with RCW 70.95.080 shall be maintained in a current condition and reviewed and revised periodically by counties and cities as may be required by the department. Upon each review such plans shall be extended to show long-range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for six years in the future. Each revised solid waste management plan shall be submitted to the department.

Each plan shall be reviewed and revised within five years of July 1, 1984, and thereafter shall be reviewed, and

revised if necessary according to the schedule provided in subsection (2) of this section.

(2) Cities and counties preparing solid waste management plans shall submit the waste reduction and recycling element required in RCW 70.95.090 and any revisions to other elements of its comprehensive solid waste management plan to the department no later than:

(a) July 1, 1991, for class one areas: PROVIDED, That portions relating to multiple family residences shall be submitted no later than July 1, 1992;

(b) July 1, 1992, for class two areas; and

(c) July 1, 1994, for class three areas.

Thereafter, each plan shall be reviewed and revised, if necessary, at least every five years. Nothing in chapter 431, Laws of 1989 shall prohibit local governments from submitting a plan prior to the dates listed in this subsection.

(3) The classes of areas are defined as follows:

(a) Class one areas are the counties of Spokane, Snohomish, King, Pierce, and Kitsap and all the cities therein.

(b) Class two areas are all other counties located west of the crest of the Cascade mountains and all the cities therein.

(c) Class three areas are the counties east of the crest of the Cascade mountains and all the cities therein, except for Spokane county.

(4) Cities and counties shall begin implementing the programs to collect source separated materials no later than one year following the adoption and approval of the waste reduction and recycling element and these programs shall be fully implemented within two years of approval. [1991 c 298 § 4; 1989 c 431 § 5; 1984 c 123 § 7; 1969 ex.s. c 134 § 11.]

Finding—1991 c 298: See note following RCW 70.95.030.

70.95.130 Financial aid to counties and cities. Any county may apply to the department on a form prescribed thereby for financial aid for the preparation of the comprehensive county plan for solid waste management required by RCW 70.95.080. Any city electing to prepare an independent city plan, a joint city plan, or a joint county-city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures. [1969 ex.s. c 134 § 13.]

70.95.140 Matching requirements. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated

cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services. [1969 ex.s. c 134 § 14.]

70.95.150 Contracts with counties to assure proper expenditures. Upon the allocation of planning funds as provided in RCW 70.95.130, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county. [1969 ex.s. c 134 § 15.]

70.95.160 Local board of health regulations to implement the comprehensive plan—Section not to be construed to authorize counties to operate system. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including but not limited to the issuance of permits and the establishment of minimum levels and types of service for any aspect of solid waste handling. County regulations or ordinances adopted regarding levels and types of service shall not apply within the limits of any city where the city has by local ordinance determined that the county shall not exercise such powers within the corporate limits of the city. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, are consistent with the priorities established in RCW 70.95.010, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties. [1989 c 431 § 10; 1988 c 127 § 29; 1969 ex.s. c 134 § 16.]

70.95.163 Local health departments may contract with the department of ecology. Any jurisdictional health department and the department of ecology may enter into an agreement providing for the exercise by the department of ecology of any power that is specified in the contract and that is granted to the jurisdictional health department under this chapter. However, the jurisdictional health department shall have the approval of the legislative authority or authorities it serves before entering into any such agreement with the department of ecology. [1989 c 431 § 16.]

70.95.165 Solid waste disposal facility siting—Site review—Local solid waste advisory committees—Membership. (1) Each county or city siting a solid waste disposal

facility shall review each potential site for conformance with the standards as set by the department for:

- (a) Geology;

- (c) Soil;
- (d) Flooding;
- (e) Surface water;
- (f) Slope;
- (g) Cover material;
- (h) Capacity;

- (j) Land use;
- (k) Toxic air emissions; and
- (l) Other factors as determined by the department.

(2) The standards in subsection (1) of this section shall be designed to use the best available technology to protect the environment and human health, and shall be revised periodically to reflect new technology and information.

(3) Each county shall establish a local solid waste advisory committee to assist in the development of programs and policies concerning solid waste handling and disposal and to review and comment upon proposed rules, policies, or ordinances prior to their adoption. Such committees shall consist of a minimum of nine members and shall represent a balance of interests including, but not limited to, citizens, public interest groups, business, the waste management industry, and local elected public officials. The members shall be appointed by the county legislative authority. A county or city shall not apply for funds from the state and local improvements revolving account, Waste Disposal Facilities, 1980, under chapter 43.99F RCW, for the preparation, update, or major amendment of a comprehensive solid waste management plan unless the plan or revision has been prepared with the active assistance and participation of a local solid waste advisory committee. [1989 c 431 § 11; 1984 c 123 § 4.]

70.95.167 Private businesses involvement in source separated materials—Local solid waste advisory committee to examine. (1) Each local solid waste advisory committee shall conduct one or more meetings for the purpose of determining how local private recycling and solid waste collection businesses may participate in the development and implementation of programs to collect source separated materials from residences, and to process and market materials collected for recycling. The meetings shall include local private recycling businesses, private solid waste collection companies operating within the jurisdiction, and the local solid waste planning agencies. The meetings shall be held during the development of the waste reduction and recycling element or no later than one year prior to the date that a jurisdiction is required [to] submit the element under RCW 70.95.110(2).

(2) The meeting requirement under subsection (1) of this section shall apply whenever a city or county develops or amends the waste reduction and recycling element required under this chapter. Jurisdictions having approved waste reduction and recycling elements or having initiated a process for the selection of a service provider as of May 21, 1991, do not have to comply with the requirements of subsection

tion (1) of this section until the next revisions to the waste reduction and recycling element are made or required.

(3) After the waste reduction and recycling element is approved by the local legislative authority but before it is submitted to the department for approval, the local solid waste advisory committee shall hold at least one additional meeting to review the element.

(4) For the purpose of this section, "private recycling business" means any private for-profit or private not-for-profit business that engages in the processing and marketing of recyclable materials. [1991 c 319 § 402.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.95.170 Permit for solid waste handling facility—Required. Except as provided otherwise in RCW 70.95.305 or 70.95.310, after approval of the comprehensive solid waste plan by the department no solid waste handling facility or facilities shall be maintained, established, or modified until the county, city, or other person operating such site has obtained a permit pursuant to RCW 70.95.180 or 70.95.190. [1998 c 156 § 3; 1997 c 213 § 2; 1969 ex.s. c 134 § 17.]

70.95.180 Permit for solid waste handling facility—Applications, fee. (1) Applications for permits to operate a new or modified solid waste handling facility shall be on forms prescribed by the department and shall contain a description of the proposed facilities and operations at the site, plans and specifications for any new or additional facilities to be constructed, and such other information as the jurisdictional health department may deem necessary in order to determine whether the site and solid waste disposal facilities located thereon will comply with local and state regulations.

(2) Upon receipt of an application for a permit to establish or modify a solid waste handling facility, the jurisdictional health department shall refer one copy of the application to the department which shall report its findings to the jurisdictional health department.

(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether a proposed or modified site and facilities meet all solid waste, air, and other applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved within ninety days after its receipt by the jurisdictional health department.

(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid. [1997 c 213 § 3; 1988 c 127 § 30; 1969 ex.s. c 134 § 18.]

70.95.185 Permit for solid waste disposal site or facilities—Review by department—Appeal of issuance—Validity of permits issued after June 7, 1984. Every permit issued by a jurisdictional health department under RCW

70.95.180 shall be reviewed by the department to ensure that the proposed site or facility conforms with:

(1) All applicable laws and regulations including the minimal functional standards for solid waste handling; and

(2) The approved comprehensive solid waste management plan.

The department shall review the permit within thirty days after the issuance of the permit by the jurisdictional health department. The department may appeal the issuance of the permit by the jurisdictional health department to the pollution control hearings board, as described in chapter 43.21B RCW, for noncompliance with subsection (1) or (2) of this section.

No permit issued pursuant to RCW 70.95.180 after June 7, 1984, shall be considered valid unless it has been reviewed by the department. [1984 c 123 § 8.]

70.95.190 Permit for solid waste handling facility—Renewal—Appeal—Validity of renewal—Review fees.

(1) Every permit for an existing solid waste handling facility issued pursuant to RCW 70.95.180 shall be renewed at least every five years on a date established by the jurisdictional health department having jurisdiction of the site and as specified in the permit. If a permit is to be renewed for longer than one year, the local jurisdictional health department may hold a public hearing before making such a decision. Prior to renewing a permit, the health department shall conduct a review as it deems necessary to assure that the solid waste handling facility or facilities located on the site continues to meet minimum functional standards of the department, applicable local regulations, and are not in conflict with the approved solid waste management plan. A jurisdictional health department shall approve or disapprove a permit renewal within forty-five days of conducting its review. The department shall review and may appeal the renewal as set forth for the approval of permits in RCW 70.95.185.

(2) The jurisdictional board of health may establish reasonable fees for permits reviewed under this section. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid. [1998 c 156 § 4; 1997 c 213 § 4; 1984 c 123 § 9; 1969 ex.s. c 134 § 19.]

70.95.200 Permit for solid waste disposal site or facilities—Suspension.

Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this chapter, or the regulations of the department or local laws and regulations. [1969 ex.s. c 134 § 20.]

70.95.205 Exemption from solid waste permit requirements—Waste-derived soil amendments—Application—Revocation of exemption—Appeal.

(1) Waste-derived soil amendments that meet the standards and criteria in this section may apply for exemption from solid waste permitting as required under RCW 70.95.170. The application shall be submitted to the department in a format determined

by the department or an equivalent format. The application shall include:

(a) Analytical data showing that the waste-derived soil amendments meet standards established under RCW 15.54.800; and

(b) Other information deemed appropriate by the department to protect human health and the environment.

(2) After receipt of an application, the department shall review it to determine whether the application is complete, and forward a copy of the complete application to all interested jurisdictional health departments for review and comment. Within forty-five days, the jurisdictional health departments shall forward their comments and any other information they deem relevant to the department, which shall then give final approval or disapproval of the application. Every complete application shall be approved or disapproved by the department within ninety days after receipt.

(3) The department, after providing opportunity for comments from the jurisdictional health departments, may at any time revoke an exemption granted under this section if the quality or use of the waste-derived soil amendment changes or the management, storage, or end use of the waste-derived soil amendment constitutes a threat to human health or the environment.

(4) Any aggrieved party may appeal the determination by the department in subsection (2) or (3) of this section to the pollution control hearings board. [1998 c 36 § 18.]

Intent—1998 c 36: See RCW 15.54.265.

70.95.210 Hearing—Appeal—Denial, suspension—When effective. Whenever the jurisdictional health department denies a permit or suspends a permit for a solid waste disposal site, it shall, upon request of the applicant or holder of the permit, grant a hearing on such denial or suspension within thirty days after the request therefor is made. Notice of the hearing shall be given [to] all interested parties including the county or city having jurisdiction over the site and the department. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the pollution control hearings board by filing with the hearings board a notice of appeal within thirty days after receipt of notice of the determination of the health officer. The hearings board shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.05 RCW. If the jurisdictional health department denies a permit renewal or suspends a permit for an operating waste recycling facility that receives waste from more than one city or county, and the applicant or holder of the permit requests a hearing or files an appeal under this section, the permit denial or suspension shall not be effective until the completion of the appeal process under this section, unless the jurisdictional health department declares that continued operation of the waste recycling facility poses a very probable threat to human health and the environment. 70.95.212 Solid waste collection companies—Notice of changes in tipping fees and disposal rate schedules. To provide solid waste collection companies with sufficient time to prepare and submit tariffs and rate filings for public comment and commission approval, the owner or operator of a transfer station, landfill, or facility used to burn solid waste shall provide seventy-five days' notice to solid waste collection companies of any change in tipping fees and disposal rate schedules. The notice period shall begin on the date individual notice to a collection company is delivered to the company or is postmarked.

A collection company may agree to a shorter notice period: PROVIDED, That such agreement by a company shall not affect the notice requirements for rate filings under RCW 81.28.050.

The owner of a transfer station, landfill or facility used to burn solid waste may agree to provide companies with a longer notice period.

"Solid waste collection companies" as used in this section means the companies regulated by the commission pursuant to chapter 81.77 RCW. [1993 c 300 § 3.]

70.95.215 Landfill disposal facilities—Reserve accounts required by July 1, 1987—Exception—Rules.

(1) By July 1, 1987, each holder or applicant of a permit for a landfill disposal facility issued under this chapter shall establish a reserve account to cover the costs of closing the facility in accordance with state and federal regulations. The account shall be designed to ensure that there will be adequate revenue available by the projected date of closure. A landfill disposal facility maintained on private property for the sole use of the entity owning the site and a landfill disposal facility operated and maintained by a government shall not be required to establish a reserve account if, to the satisfaction of the department, the entity or government provides another form of financial assurance adequate to comply with the requirements of this section.

(2) By July 1, 1986, the department shall adopt rules under chapter 34.05 RCW to implement subsection (1) of this section. The department is not required to adopt rules pertaining to other approved forms of financial assurance to cover the costs of closing a landfill disposal facility. The rules shall include but not be limited to:

(a) Methods to estimate closure costs, including postclosure monitoring, pollution prevention measures, and any other procedures required under state and federal regulations;

(b) Methods to ensure that reserve accounts receive adequate funds, including:

(i) Requirements that the reserve account be generated by user fees. However, the department may waive this requirement for existing landfills if user fees would be prohibitively high;

(ii) Requirements that moneys be placed in the reserve account on a regular basis and that the reserve account be kept separate from all other accounts; and

(iii) Procedures for the department to verify that adequate sums are deposited in the reserve account; and

(c) Methods to ensure that other types of financial assurance provided in accordance with subsection (1) of this section are adequate to cover the costs of closing the facility. [2000 c 114 § 1; 1985 c 436 § 1.]

70.95.217 Waste generated outside the state—Findings. The legislature finds that:

(1) The state of Washington has responded to the increasing challenges of safe, affordable disposal of solid waste by an ambitious program of waste reduction, recycling and reuse, as well as strict standards to ensure the safe handling, transportation, and disposal of solid waste;

(2) All communities in Washington participate in these programs through locally available recycling services, increased source separation and material recovery requirements, programs for waste reduction and product reuse, and performance standards that apply to all solid waste disposal facilities in the state;

(3) New requirements for the siting and performance of disposal facilities have greatly decreased the number of such facilities in Washington, and the state has a significant interest in ensuring adequate disposal capacity within the state;

(4) The landfilling, incineration, and other disposal of solid waste may adversely impact public health and environmental quality, and the state has a significant interest in decreasing volumes of the waste stream destined for disposal;

(5) Because of the decreasing number of disposal facilities and other reasons, solid waste is being transported greater distances, often beyond the community where generated and is increasingly being transported between states;

(6) Washington's waste management priorities and programs are a balanced approach of increased reuse, recycling and waste reduction, the strengthening of markets for recycled content products, and the safe disposal of the remaining waste stream, with the costs of these programs shared equitably by all persons generating waste in the state;

(7) Those residing in other states who generate waste destined for disposal within Washington should also share the costs of waste diversion and management of Washington's disposal facilities, so that the risks of waste disposal and the costs of mitigating those risks are shared equitably by all waste generators, regardless of their location;

(8) Because Washington state may not directly regulate waste handling, reduction, and recycling activities beyond its state boundaries, the only reasonable alternative to ensure this equitable treatment of waste being disposed within Washington is to implement a program of reviewing such activities as to waste originating outside of Washington, and to assign the additional costs, when necessary, to ensure that the waste meets standards substantially equivalent to those applicable to waste generated within the state, and, in some cases, to prohibit disposal of waste where its generation and management is not subject to standards substantially equivalent to those applicable to waste generated within the state. [1993 c 286 § 1.]

Severability—1993 c 286: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 286 § 3.]

Effective date—1993 c 286: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 12, 1993]." [1993 c 286 § 4.]

70.95.218 Waste generated outside the state—Solid waste disposal site facility reporting requirements—Fees.

(1) At least sixty days prior to receiving solid waste generated

(2004 Ed.)

from outside of the state, the operator of a solid waste disposal site facility shall report to the department the types and quantities of waste to be received from an out-of-state source. The department shall develop guidelines for reporting this information. The guidelines shall provide for less than sixty days notice for shipments of waste made on a short-term or emergency basis. The requirements of this subsection shall take effect upon completion of the guidelines.

(2) Upon notice under subsection (1) of this section, the department shall identify all activities and costs necessary to ensure that solid waste generated out-of-state meets standards relating to solid waste reduction, recycling, and management substantially equivalent to those required of solid waste generated within the state. The department may assess a fee on the out-of-state waste sufficient to recover the actual costs incurred in ensuring that the out-of-state waste meets equivalent state standards. The department may delegate, to a local health department, authority to implement the activities identified by the department under this subsection. All money received from fees imposed under this subsection shall be deposited into the solid waste management account created by *RCW 70.95.800, and shall be used solely for the activities required by this section.

(3) The department may prohibit in-state disposal of solid waste generated from outside of the state, unless the generators of the waste meet: (a) Waste reduction and recycling requirements substantially equivalent to those applicable in Washington state; and (b) solid waste handling standards substantially equivalent to those applicable in Washington state.

(4) The department may adopt rules to implement this section. [1993 c 286 § 2.]

***Reviser's note:** RCW 70.95.800 was repealed by 2000 c 150 § 2, effective July 1, 2001.

Severability—Effective date—1993 c 286: See notes following RCW 70.95.217.

70.95.220 Financial aid to jurisdictional health departments—Applications—Allocations. Any jurisdictional health department may apply to the department for financial aid for the enforcement of rules and regulations promulgated under this chapter. Such application shall contain such information, including budget and program description, as may be prescribed by regulations of the department.

After receipt of such applications the department may allocate available funds according to criteria established by regulations of the department considering population, urban development, the number of the disposal sites, and geographical area.

The sum allocated to a jurisdictional health department shall be paid to the treasury from which the operating expenses of the health department are paid, and shall be used exclusively for inspections and administrative expenses necessary to enforce applicable regulations. [1969 ex.s. c 134 § 22.]

70.95.230 Financial aid to jurisdictional health departments—Matching funds requirements. The jurisdictional health department applying for state assistance for the enforcement of this chapter shall match such aid allocated by the department in an amount not less than twenty-five per-

cent of the total amount spent for such enforcement activity during the year. The local share of enforcement costs may be met by cash and contributed services. [1969 ex.s. c 134 § 23.]

70.95.235 Diversion of recyclable material—Penalty.

(1) No person may divert to personal use any recyclable material placed in a container as part of a recycling program, without the consent of the generator of such recyclable material or the solid waste collection company operating under the authority of a town, city, county, or the utilities and transportation commission, and no person may divert to commercial use any recyclable material placed in a container as part of a recycling program, without the consent of the person owning or operating such container.

(2) A violation of subsection (1) of this section is a class 1 civil infraction under chapter 7.80 RCW. Each violation of this section shall be a separate infraction. [1991 c 319 § 407.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

70.95.240 Unlawful to dump or deposit solid waste without permit—Penalties—Litter cleanup restitution payment.

(1) After the adoption of regulations or ordinances by any county, city, or jurisdictional board of health providing for the issuance of permits as provided in RCW 70.95.160, it shall be unlawful for any person to dump or deposit or permit the dumping or depositing of any solid waste onto or under the surface of the ground or into the waters of this state except at a solid waste disposal site for which there is a valid permit. This section does not:

(a) Prohibit a person from dumping or depositing solid waste resulting from his or her own activities onto or under the surface of ground owned or leased by him or her when such action does not violate statutes or ordinances, or create a nuisance;

(b) Apply to a person using a waste-derived soil amendment that has been approved by the department under RCW 70.95.205; or

(c) Apply to the application of commercial fertilizer that has been registered with the department of agriculture as provided in RCW 15.54.325, and that is applied in accordance with the standards established in RCW 15.54.800(3).

(2)(a) It is a class 3 civil infraction as defined in RCW 7.80.120 for a person to litter in an amount less than or equal to one cubic foot.

(b) It is a misdemeanor for a person to litter in an amount greater than one cubic foot but less than one cubic yard. The person shall also pay a litter cleanup restitution payment equal to twice the actual cost of cleanup, or fifty dollars per cubic foot of litter, whichever is greater. The court shall distribute one-half of the restitution payment to the landowner and one-half of the restitution payment to the jurisdictional health department investigating the incident. The court may, in addition to or in lieu of part or all of the cleanup restitution payment, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property. The court may suspend or modify the litter cleanup restitution payment for a first-time offender under this section, if the person cleans up and properly disposes of the litter.

(c) It is a gross misdemeanor for a person to litter in an amount of one cubic yard or more. The person shall also pay a litter cleanup restitution payment equal to twice the actual cost of cleanup, or one hundred dollars per cubic foot of litter, whichever is greater. The court shall distribute one-half of the restitution payment to the landowner and one-half of the restitution payment to the jurisdictional health department investigating the incident. The court may, in addition to or in lieu of part or all of the cleanup restitution payment, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property. The court may suspend or modify the litter cleanup restitution payment for a first-time offender under this section, if the person cleans up and properly disposes of the litter.

(d) If a junk vehicle is abandoned in violation of this chapter, RCW 46.55.230 governs the vehicle's removal, disposal, and sale, and the penalties that may be imposed against the person who abandoned the vehicle. [2001 c 139 § 2; 2000 c 154 § 3; 1998 c 36 § 19; 1997 c 427 § 4; 1993 c 292 § 3; 1969 ex.s. c 134 § 24.]

70.95.250 Name appearing on waste material—Presumption. Whenever solid wastes dumped in violation of RCW 70.95.240 contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping. [1969 ex.s. c 134 § 25.]

70.95.255 Disposal of sewage sludge or septic tank sludge prohibited—Exemptions—Uses of sludge material permitted. After January 1, 1988, the department of ecology may prohibit disposal of sewage sludge or septic tank sludge (septage) in landfills for final disposal, except on a temporary, emergency basis, if the jurisdictional health department determines that a potentially unhealthful circumstance exists. Beneficial uses of sludge in landfill reclamation is acceptable utilization and not considered disposal.

The department of ecology shall adopt rules that provide exemptions from this section on a case-by-case basis. Exemptions shall be based on the economic infeasibility of using or disposing of the sludge material other than in a landfill.

The department of ecology, in conjunction with the department of health and the department of agriculture, shall adopt rules establishing labeling and notification requirements for sludge material sold commercially or given away to the public. The department shall specify mandatory wording for labels and notification to warn the public against improper use of the material. [1992 c 174 § 15; 1986 c 297 § 1.]

70.95.260 Duties of department—State solid waste management plan—Assistance—Coordination—Tire recycling. The department shall in addition to its other powers and duties:

(2) Coordinate the development of a solid waste management plan for all areas of the state in cooperation with local government, the department of community, trade, and economic development, and other appropriate state and regional agencies. The plan shall relate to solid waste management for twenty years in the future and shall be reviewed biennially, revised as necessary, and extended so that perpetually the plan shall look to the future for twenty years as a guide in carrying out a state coordinated solid waste management program. The plan shall be developed into a single integrated document and shall be adopted no later than October 1990. The plan shall be revised regularly after its initial completion so that local governments revising local comprehensive solid waste management plans can take advantage of the data and analysis in the state plan.

(8) An evaluation of possible benefits in separating the solid waste planning and technical assistance responsibilities from the enforcement responsibilities within the department." [1989 c 431 § 96.]

70.95.263 Additional powers and duties of department. The department shall in addition to its other duties and powers under this chapter:

(1) Prepare the following:

(a) A management system for recycling waste paper generated by state offices and institutions in cooperation with such offices and institutions;

(b) An evaluation of existing and potential systems for recovery of energy and materials from solid waste with recommendations to affected governmental agencies as to those systems which would be the most appropriate for implementation;

The department shall work closely with the department of community, trade, and economic development, the department of general administration, and with other state departments and agencies, the Washington state association of counties, the association of Washington cities, and business associations, to carry out the objectives and purposes of chapter 41, Laws of 1975-'76 2nd ex. sess. [1995 c 399 § 190; 1985 c 466 § 69; 1975-'76 2nd ex.s. c 41 § 6.]

The department is authorized to use referendum 26 (chapter 43.83A RCW) funds of the Washington futures account to disburse to local governments in developing solid waste recovery and/or recycling projects. [1975-'76 2nd ex.s. c 41 § 10.]

70.95.268 Department authorized to disburse funds under chapter 43.99F RCW for local government solid waste projects. The department is authorized to use funds under chapter 43.99F RCW to disburse to local governments in developing solid waste recovery or recycling projects. Priority shall be given to those projects that use incineration of solid waste to produce energy and to recycling projects. [1984 c 123 § 10.]

70.95.270 Hazardous substance remedial actions—Procedural requirements not applicable. The procedural requirements of this chapter shall not apply to any person conducting a remedial action at a facility pursuant to a consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or to the department of ecology when it conducts a remedial action under chapter 70.105D RCW. The department of ecology shall ensure compliance with the substantive requirements of this chapter through the consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or during the department-conducted remedial action, through the procedures developed by the department pursuant to RCW 70.105D.090. [1994 c 257 § 16.]

Severability—1994 c 257: See note following RCW 36.70A.270.

70.95.280 Determination of best solid waste management practices—Department to develop method to monitor waste stream—Collectors to report quantity and quality of waste—Confidentiality of proprietary information. The department of ecology shall determine the best management practices for categories of solid waste in accordance with the priority solid waste management methods established in RCW 70.95.010. In order to make this determination, the department shall conduct a comprehensive solid waste stream analysis and evaluation. Following establishment of baseline data resulting from an initial in-depth analysis of the waste stream, the department shall develop a less intensive method of monitoring the disposed waste stream including, but not limited to, changes in the amount of waste generated and waste type. The department shall monitor curbside collection programs and other waste segregation and disposal technologies to determine, to the extent possible, the effectiveness of these programs in terms of cost and participation, their applicability to other locations, and their implications regarding rules adopted under this chapter. Persons who collect solid waste shall annually report to the department the types and quantities of solid waste that are collected and where it is delivered. The department shall adopt guidelines for reporting and for keeping proprietary information confidential. [1989 c 431 § 13; 1988 c 184 § 1.]

Recovered materials transportation, utilities and transportation commission to adopt rules for reporting under RCW 70.95.280: RCW 81.80.450.

70.95.285 Solid waste stream analysis. The comprehensive, statewide solid waste stream analysis under RCW 70.95.280 shall be based on representative solid waste generation areas and solid waste generation sources within the state. The following information and evaluations shall be included:

- (1) Solid waste generation rates for each category;
- (2) The rate of recycling being achieved within the state for each category of solid waste;

(3) The current and potential rates of solid waste reduction within the state;

(4) A technological assessment of current solid waste reduction and recycling methods and systems, including cost/benefit analyses;

(5) An assessment of the feasibility of segregating solid waste at: (a) The original source, (b) transfer stations, and (c) the point of final disposal;

(6) A review of methods that will increase the rate of solid waste reduction; and

(7) An assessment of new and existing technologies that are available for solid waste management including an analysis of the associated environmental risks and costs.

The data required by the analysis under this section shall be kept current and shall be available to local governments and the waste management industry. [1988 c 184 § 2.]

70.95.290 Solid waste stream evaluation. (1) The evaluation of the solid waste stream required in RCW 70.95.280 shall include the following elements:

(a) The department shall determine which management method for each category of solid waste will have the least environmental impact; and

(b) The department shall evaluate the costs of various management options for each category of solid waste, including a review of market availability, and shall take into consideration the economic impact on affected parties;

(c) Based on the results of (a) and (b) of this subsection, the department shall determine the best management for each category of solid waste. Different management methods for the same categories of waste may be developed for different parts of the state.

(2) The department shall give priority to evaluating categories of solid waste that, in relation to other categories of solid waste, comprise a large volume of the solid waste stream or present a high potential of harm to human health. At a minimum the following categories of waste shall be evaluated:

(a) By January 1, 1989, yard waste and other biodegradable materials, paper products, disposable diapers, and batteries; and

(b) By January 1, 1990, metals, glass, plastics, styrofoam or rigid lightweight cellular polystyrene, and tires. [1988 c 184 § 3.]

The department shall incorporate the information from the analysis and evaluation conducted under RCW 70.95.280 through 70.95.290 to the state solid waste management plan under RCW 70.95.260. The plan shall be revised periodically as the evaluation and analysis is updated. [1988 c 184 § 4.]

70.95.300 Solid waste—Beneficial uses—Permitting requirement exemptions. (1) The department may by rule exempt a solid waste from the permitting requirements of this chapter for one or more beneficial uses. In adopting such rules, the department shall specify both the solid waste that is exempted from the permitting requirements and the beneficial use or uses for which the solid waste is so exempted. The

department shall consider: (a) Whether the material will be beneficially used or reused; and (b) whether the beneficial use or reuse of the material will present threats to human health or the environment.

(2) The department may also exempt a solid waste from the permitting requirements of this chapter for one or more beneficial uses by approving an application for such an exemption. The department shall establish by rule procedures under which a person may apply to the department for such an exemption. The rules shall establish criteria for providing such an exemption, which shall include, but not be limited to: (a) The material will be beneficially used or reused; and (b) the beneficial use or reuse of the material will not present threats to human health or the environment. Rules adopted under this subsection shall identify the information that an application shall contain. Persons seeking such an exemption shall apply to the department under the procedures established by the rules adopted under this subsection.

(3) After receipt of an application filed under rules adopted under subsection (2) of this section, the department shall review the application to determine whether it is complete, and forward a copy of the completed application to all jurisdictional health departments for review and comment. Within forty-five days, the jurisdictional health departments shall forward to the department their comments and any other information they deem relevant to the department's decision to approve or disapprove the application. Every complete application shall be approved or disapproved by the department within ninety days of receipt. If the application is approved by the department, the solid waste is exempt from the permitting requirements of this chapter when used anywhere in the state in the manner approved by the department. If the composition, use, or reuse of the solid waste is not consistent with the terms and conditions of the department's approval of the application, the use of the solid waste remains subject to the permitting requirements of this chapter.

(4) The department shall establish procedures by rule for providing to the public and the solid waste industry notice of and an opportunity to comment on each application for an exemption under subsection (2) of this section.

(5) Any jurisdictional health department or applicant may appeal the decision of the department to approve or disapprove an application under subsection (3) of this section. The appeal shall be made to the pollution control hearings board by filing with the hearings board a notice of appeal within thirty days of the decision of the department. The hearings board's review of the decision shall be made in accordance with chapter 43.21B RCW and any subsequent appeal of a decision of the board shall be made in accordance with RCW 43.21B.180.

(6) This section shall not be deemed to invalidate the exemptions or determinations of nonapplicability in the department's solid waste rules as they exist on June 11, 1998, which exemptions and determinations are recognized and confirmed subject to the department's continuing authority to modify or revoke those exemptions or determinations by rule. [1998 c 156 § 2.]

70.95.305 Solid waste handling permit—Exemption from requirements—Application of section—Rules. (1) Notwithstanding any other provision of this chapter, the

(2004 Ed.)

department may by rule exempt from the requirements to obtain a solid waste handling permit any category of solid waste handling facility that it determines to:

(a) Present little or no environmental risk; and

(b) Meet the environmental protection and performance requirements required for other similar solid waste facilities.

(2) This section does not apply to any facility or category of facilities that:

(a) Receives municipal solid waste destined for final disposal, including but not limited to transfer stations, landfills, and incinerators;

(b) Applies putrescible solid waste on land for final disposal purposes;

(c) Handles mixed solid wastes that have not been processed to segregate solid waste materials destined for disposal from other solid waste materials destined for a beneficial use;

(d) Receives or processes organic waste materials into compost in volumes that generally far exceed those handled by municipal park departments, master gardening programs, and households; or

(e) Receives solid waste destined for recycling or reuse, the operation of which is determined by the department to present risks to human health and the environment.

(3) Rules adopted under this section shall contain such terms and conditions as the department deems necessary to ensure compliance with applicable statutes and rules. If a facility does not operate in compliance with the terms and conditions established for an exemption under subsection (1) of this section, the facility is subject to the permitting requirements for solid waste handling under this chapter.

(4) This section shall not be deemed to invalidate the exemptions or determinations of nonapplicability in the department's solid waste rules as they exist on June 11, 1998, which exemptions and determinations are recognized and confirmed subject to the department's continuing authority to modify or revoke those exemptions or determinations by rule. [1998 c 156 § 5.]

70.95.310 Rules—Department "deferring" to other permits—Application of section. (1) Notwithstanding any other provisions of this chapter, the department shall adopt rules:

(a) Describing when a jurisdictional health department may, at its discretion, waive the requirement that a permit be issued for a facility under this chapter if other air, water, or environmental permits are issued for the same facility. As used in this section, a jurisdictional health department's waiving the requirement that a permit be issued for a facility under this chapter based on the issuance of such other permits for the facility is the health department's "deferring" to the other permits; and

(b) Allowing deferral only if the applicant and the jurisdictional health department demonstrate that other permits for the facility will provide a comparable level of protection for human health and the environment that would be provided by a solid waste handling permit.

(2) This section does not apply to any transfer station, landfill, or incinerator that receives municipal solid waste destined for final disposal.

[Title 70 RCW—page 227]

(3) If, before June 11, 1998, either the department or a jurisdictional health department has deferred solid waste permitting or regulation of a solid waste facility to permitting or regulation under other environmental permits for the same facility, such deferral is valid and shall not be affected by the rules developed under subsection (1) of this section.

(4) Rules adopted under this section shall contain such terms and conditions as the department deems necessary to ensure compliance with applicable statutes and rules. [1998 c 156 § 6.]

70.95.315 Penalty. The department may assess a civil penalty in an amount not to exceed one thousand dollars per day per violation to any person exempt from solid waste permitting in accordance with RCW 70.95.300 or 70.95.305 who fails to comply with the terms and conditions of the exemption. Each such violation shall be a separate and distinct offense, and in the case of a continuing violation, each day's continuance shall be a separate and distinct violation. [1998 c 156 § 7.]

70.95.320 Construction. Nothing in chapter 156, Laws of 1998 may be construed to affect chapter 81.77 RCW and the authority of the utilities and transportation commission. [1998 c 156 § 9.]

70.95.500 Disposal of vehicle tires outside designated area prohibited—Penalty—Exemption. (1) No person may drop, deposit, discard, or otherwise dispose of vehicle tires on any public property or private property in this state or in the waters of this state whether from a vehicle or otherwise, including, but not limited to, any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley unless:

(a) The property is designated by the state, or by any of its agencies or political subdivisions, for the disposal of discarded vehicle tires; and

(b) The person is authorized to use the property for such purpose.

(2) A violation of this section is punishable by a civil penalty, which shall not be less than two hundred dollars nor more than two thousand dollars for each offense.

(3) This section does not apply to the storage or deposit of vehicle tires in quantities deemed exempt under rules adopted by the department of ecology under its functional standards for solid waste. [1985 c 345 § 4.]

70.95.510 Fee on the retail sale of new replacement vehicle tires. There is levied a one dollar per tire fee on the retail sale of new replacement vehicle tires for a period of five years, beginning October 1, 1989. The fee imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the fee. The fee collected from the buyer by the seller less the ten percent amount retained by the seller as provided in RCW 70.95.535 shall be paid to the department of revenue in accordance with RCW 82.32.045. All other applicable provisions of chapter 82.32 RCW have full force and application with respect to the fee imposed under this section. The department of revenue shall administer this section.

For the purposes of this section, "new replacement vehicle tires" means tires that are newly manufactured for vehicle purposes and does not include retreaded vehicle tires. [1989 c 431 § 92; 1985 c 345 § 5.]

70.95.530 Vehicle tire recycling account—Use. Moneys in the account may be appropriated to the department of ecology:

(1) To provide for funding to state and local governments for the removal of discarded vehicle tires from unauthorized tire dump sites;

(2) To accomplish the other purposes of *RCW 70.95.020(5); and

(3) To fund the study authorized in section 2, chapter 250, Laws of 1988.

In spending funds in the account under this section, the department of ecology shall identify communities with the most severe problems with waste tires and provide funds first to those communities to remove accumulations of waste tires. [1988 c 250 § 1; 1985 c 345 § 7.]

***Reviser's note:** RCW 70.95.020 was amended by 1998 c 90 § 1, changing subsection (5) to subsection (6).

70.95.535 Disposition of fee. (1) Every person engaged in making retail sales of new replacement vehicle tires in this state shall retain ten percent of the collected one dollar fee. The moneys retained may be used for costs associated with the proper management of the waste vehicle tires by the retailer.

(2) The department of ecology will administer the funds for the purposes specified in *RCW 70.95.020(5) including, but not limited to:

(a) Making grants to local governments for pilot demonstration projects for on-site shredding and recycling of tires from unauthorized dump sites;

(b) Grants to local government for enforcement programs;

(c) Implementation of a public information and education program to include posters, signs, and informational materials to be distributed to retail tire sales and tire service outlets;

***Reviser's note:** RCW 70.95.020 was amended by 1998 c 90 § 1, changing subsection (5) to subsection (6).

70.95.540 Cooperation with department to aid tire recycling. To aid in the statewide tire recycling campaign, the legislature strongly encourages various industry organizations which are active in resource recycling efforts to provide active cooperation with the department of ecology so that additional technology can be developed for the tire recycling campaign. [1985 c 345 § 9.]

70.95.545 Tire recycling—Report. The department of ecology, in conjunction with the appropriate private sector stakeholders, shall track and report annually to the legislature the total increase or reduction of tire recycling or reuse rates in the state for each calendar year and for the cumulative calendar years from June 13, 2002. [2002 c 299 § 9.]

(2) "Transportation" or "transporting" means picking up or transporting waste tires for the purpose of storage or final disposal.

(3) "Waste tires" means tires that are no longer suitable for their original intended purpose because of wear, damage, or defect. [1988 c 250 § 3.]

(1) Transportation of waste tires with an unlicensed waste tire transporter; or

(2) Waste tire storage with an unlicensed owner or operator of a waste tire storage site. [1988 c 250 § 6.]

70.95.600 Educational material promoting household waste reduction and recycling. The department of ecology, at the request of a local government jurisdiction, may periodically provide educational material promoting household waste reduction and recycling to public and private refuse haulers. The educational material shall be distributed to households receiving refuse collection service by local governments or the refuse hauler providing service. The refuse hauler may distribute the educational material by any means that assures timely delivery.

Reasonable expenses incurred in the distribution of this material shall be considered, for rate-making purposes, as legitimate operating expenses of garbage and refuse haulers regulated under chapter 81.77 RCW. [1988 c 175 § 3.]

Effective date—1988 c 175: See note following RCW 43.19.538.

70.95.610 Battery disposal—Restrictions—Violators subject to fine—"Vehicle battery" defined. (1) No person may knowingly dispose of a vehicle battery except by deliv-

(3) Any person who violates this section shall be subject to a fine of up to one thousand dollars. Each battery will constitute a separate violation. Nothing in this section and RCW 70.95.620 through 70.95.660 shall supersede the provisions under chapter 70.105 RCW.

(4) For purposes of this section and RCW 70.95.620 through 70.95.660, "vehicle battery" means batteries capable for use in any vehicle, having a core consisting of elemental lead, and a capacity of six or more volts. [1989 c 431 § 37.]

70.95.620 Identification procedure for persons accepting used vehicle batteries. The department shall establish a procedure to identify, on an annual basis, those persons accepting used vehicle batteries from retail establishments. [1989 c 431 § 38.]

70.95.630 Requirements for accepting used batteries by retailers of vehicle batteries—Notice. A person selling vehicle batteries at retail in the state shall:

(1) Accept, at the time of purchase of a replacement battery, in the place where the new batteries are physically transferred to the purchasers, and in a quantity at least equal to the number of new batteries purchased, used vehicle batteries from the purchasers, if offered by the purchasers. When a purchaser fails to provide an equivalent used battery or batteries, the purchaser may reclaim the core charge paid under RCW 70.95.640 by returning, to the point of purchase within thirty days, a used battery or batteries and a receipt showing proof of purchase from the establishment where the replacement battery or batteries were purchased; and

(2) Post written notice which must be at least eight and one-half inches by eleven inches in size and must contain the universal recycling symbol and the following language:

(a) "It is illegal to put a motor vehicle battery or other vehicle battery in your garbage."

(b) "State law requires us to accept used motor vehicle batteries or other vehicle batteries for recycling, in exchange for new batteries purchased."

(c) "When you buy a battery, state law also requires us to include a core charge of five dollars or more if you do not return your old battery for exchange." [1989 c 431 § 39.]

70.95.640 Retail core charge. Each retail sale of a vehicle battery shall include, in the price of the battery for sale, a core charge of not less than five dollars. When a purchaser offers the seller a used battery of equivalent size, the seller shall omit the core charge from the price of the battery. [1989 c 431 § 40.]

70.95.650 Vehicle battery wholesalers—Obligations regarding used batteries—Noncompliance procedure. (1) A person selling vehicle batteries at wholesale to a retail establishment in this state shall accept, at the time and place

of transfer, used vehicle batteries in a quantity at least equal to the number of new batteries purchased, if offered by the purchaser.

(2) When a battery wholesaler, or agent of the wholesaler, fails to accept used vehicle batteries as provided in this section, a retailer may file a complaint with the department and the department shall investigate any such complaint.

(3)(a) The department shall issue an order suspending any of the provisions of RCW 70.95.630 through 70.95.660 whenever it finds that the market price of lead has fallen to the extent that new battery wholesalers' estimated statewide average cost of transporting used batteries to a smelter or other person or entity in the business of purchasing used batteries is clearly greater than the market price paid for used lead batteries by such smelter or person or entity.

(b) The order of suspension shall only apply to batteries that are sold at retail during the period in which the suspension order is effective.

(c) The department shall limit its suspension order to a definite period not exceeding six months, but shall revoke the order prior to its expiration date should it find that the reasons for its issuance are no longer valid. [1989 c 431 § 41.]

Failure to conform to the notice requirements of RCW 70.95.630 shall subject the violator to a fine imposed by the department not to exceed one thousand dollars. However, no such fine shall be imposed unless the department has issued a warning of infraction for the first offense. Each day that a violator does not comply with the requirements of chapter 431, Laws of 1989 following the issuance of an initial warning of infraction shall constitute a separate offense. [1989 c 431 § 42.]

70.95.670 Rules. The department shall adopt rules providing for the implementation and enforcement of RCW 70.95.610 through 70.95.660. [1989 c 431 § 43.]

(2) The department, in cooperation with the department of community, trade, and economic development, may approve an application if the project can demonstrate the essential parameters for successful composting, including, but not limited to, cost-effectiveness, handling and safety requirements, and current and potential markets. [1998 c 245 § 132; 1995 c 399 § 191; 1989 c 431 § 97.]

70.95A.010 Legislative declaration—Liberal construction. The legislature finds:

(1) That environmental damage seriously endangers the public health and welfare;

(2004 Ed.)

(2) That such environmental damage results from air, water, and other resources pollution and from solid waste disposal, noise and other environmental problems;

(3) That to abate or control such environmental damage antipollution devices, equipment, and facilities must be acquired, constructed and installed;

(4) That the tax exempt financing permitted by Section 103 of the Internal Revenue Code of 1954, as amended, and authorized by this chapter results in lower costs of installation of pollution control facilities;

(5) That such lower costs benefit the public with no measurable cost impact;

(6) That the method of financing provided in this chapter is in the public interest and its use serves a public purpose in (a) protecting and promoting the health and welfare of the citizens of the cities, towns, counties, and port districts and of this state by encouraging and accelerating the installation of facilities for abating or controlling and preventing environmental damage and (b) in attracting and retaining environmentally sound industry in this state which reduces unemployment and provides a more diversified tax base.

(7) For the reasons set forth in subsection (6) of this section, the provisions of this chapter relating to port districts and all proceedings heretofore or hereafter taken by port districts pursuant thereto are, and shall be deemed to be, for industrial development as authorized by Article 8, section 8 of the Washington state Constitution.

This chapter shall be liberally construed to accomplish the intentions expressed in this section. [1975 c 6 § 1; 1973 c 132 § 2.]

70.95A.020 Definitions. As used in this chapter, unless the context otherwise requires:

(2) "Facility" or "facilities" shall mean any land, building, structure, machinery, system, fixture, appurtenance, equipment or any combination thereof, or any interest therein, and all real and personal properties deemed necessary in connection therewith whether or not now in existence, which is used or to be used by any person, corporation or municipality in furtherance of the purpose of abating, controlling or preventing pollution;

(3) "Pollution" shall mean any form of environmental pollution, including but not limited to water pollution, air pollution, land pollution, solid waste disposal, thermal pollution, radiation contamination, or noise pollution;

(4) "Governing body" shall mean the body or bodies in which the legislative powers of the municipality are vested;

(5) "Mortgage" shall mean a mortgage or a mortgage and deed of trust or other security device; and

(6) "Department" shall mean the state department of ecology. [1973 c 132 § 3.]

70.95A.030 Municipalities—Powers. In addition to any other powers which it may now have, each municipality shall have the following powers:

(1) To acquire, whether by construction, purchase, devise, gift or lease, or any one or more of such methods, one

or more facilities which shall be located within, or partially within the municipality;

(2) To lease, lease with option to purchase, sell or sell by installment sale, any or all of the facilities upon such terms and conditions as the governing body may deem advisable but which shall at least fully reimburse the municipality for all debt service on any bonds issued to finance the facilities and for all costs incurred by the municipality in financing and operating the facilities and as shall not conflict with the provisions of this chapter;

(3) To issue revenue bonds for the purpose of defraying the cost of acquiring or improving any facility or facilities or refunding any bonds issued for such purpose and to secure the payment of such bonds as provided in this chapter. Revenue bonds may be issued in one or more series or issues where deemed advisable, and each such series or issue may have the same or different maturity dates, interest rates, priorities on revenues available for payment of such bonds and priorities on security available for assuring payment thereof, and such other differing terms and conditions as are deemed necessary and are not in conflict with the provisions of this chapter. [1973 c 132 § 4.]

70.95A.035 Actions by municipalities validated. All actions heretofore taken by any municipality in conformity with the provisions of this chapter and the provisions of chapter 6, Laws of 1975 hereby made applicable thereto relating to pollution control facilities, including but not limited to all bonds issued for such purposes, are hereby declared to be valid, legal and binding in all respects. [1975 c 6 § 4.]

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.040 Municipalities—Revenue bonds for pollution control facilities—Authorized—Construction—Sale, conditions—Form, terms. (1) All bonds issued by a municipality under the authority of this chapter shall be secured solely by revenues derived from the lease or sale of the facility. Bonds and any interest coupons issued under the authority of this chapter shall not constitute nor give rise to a pecuniary liability of the municipality or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds. The use of the municipality's name on revenue bonds authorized hereunder shall not be construed to be the giving or lending of the municipality's financial guarantee or pledge, i.e. credit to any private person, firm, or corporation as the term credit is used in Article 8, section 7 of the Washington state Constitution.

(2) The bonds referred to in subsection (1) of this section, may (a) be executed and delivered at any time and from time to time, (b) be in such form and denominations, (c) be of such tenor, (d) be in bearer or registered form either as to principal or interest or both, as provided in RCW 39.46.030, and may provide for conversion between registered and coupon bonds of varying denominations, (e) be payable in such installments and at such time or times not exceeding forty years from their date, (f) be payable at such place or places, (g) bear interest at such rate or rates as may be determined by the governing body, payable at such place or places within or without this state and evidenced in such manner, (h) be redeemable prior to maturity, with or without premium, and

(i) contain such provisions not inconsistent herewith, as shall be deemed for the best interest of the municipality and provided for in the proceedings of the governing body whereunder the bonds shall be authorized to be issued.

(3) Any bonds issued under the authority of this chapter, may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The municipality may pay all expenses, premiums and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale and issuance thereof from the proceeds of the sale of said bonds or from the revenues of the facilities.

(4) All bonds issued under the authority of this chapter, and any interest coupons applicable thereto shall be investment securities within the meaning of the uniform commercial code and shall be deemed to be issued by a political subdivision of the state.

(5) The proceeds from any bonds issued under this chapter shall be used only for purposes qualifying under Section 103(c)(4)(f) of the Internal Revenue Code of 1954, as amended.

(6) Notwithstanding subsections (2) and (3) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 174; 1975 c 6 § 3; 1973 c 132 § 5.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.045 Proceeds of bonds are separate trust funds—Municipal treasurer, compensation. The proceeds of any bonds heretofore or hereafter issued in conformity with the authority of this chapter, together with interest and premiums thereon, and any revenues used to pay or redeem any of such bonds, together with interest and any premiums thereon, shall be separate trust funds and used only for the purposes permitted herein and shall not be considered to be money of the municipality. The services of the treasurer of a municipality, if such treasurer is or has been used, were and are intended to be for the administrative convenience of receipt and payment of nonpublic moneys only for which reasonable compensation may be charged by such treasurer or municipality. [1975 c 6 § 2.]

Port districts—Pollution control facilities or other industrial development—Validation: RCW 53.08.041.

70.95A.050 Revenue bonds—Security—Scope—Default—Authorization proceedings. (1) The principal of and interest on any bonds issued under the authority of this chapter (a) shall be secured by a pledge of the revenues derived from the sale or lease of the facilities out of which such bonds shall be made payable, (b) may be secured by a mortgage covering all or any part of the facilities, (c) may be secured by a pledge or assignment of the lease of such facilities, or (d) may be secured by a trust agreement or such other security device as may be deemed most advantageous by the governing body.

(2) The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and

any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (a) the fixing and collection of rents for any facilities covered by such proceedings or mortgage, (b) the terms to be incorporated in the lease of such facilities, (c) the maintenance and insurance of such facilities, (d) the creation and maintenance of special funds from the revenues of such facilities, and (e) the rights and remedies available in the event of a default to the bond owners or to the trustee under a mortgage or trust agreement, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this chapter: PROVIDED, That in making any such agreements or provisions a municipality shall not have the power to obligate itself except with respect to the facilities and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(3) The proceedings authorizing any bonds under the provisions of this chapter and any mortgage securing such bonds may provide that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the facilities in accordance with such proceedings or the provisions of such mortgage.

(4) Any mortgage made under the provisions of this chapter, to secure bonds issued thereunder, may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and the mortgaged property sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the owner of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or any charge upon their general credit or against their taxing powers.

(5) The proceedings authorizing the issuance of bonds hereunder may provide for the appointment of a trustee or trustees for the protection of the owners of the bonds, whether or not a mortgage is entered into as security for such bonds. Any such trustee may be a bank with trust powers or a trust company and shall be located in the United States, within or without the state of Washington, shall have the immunities, powers and duties provided in said proceedings, and may, to the extent permitted by such proceedings, hold and invest funds deposited with it in direct obligations of the United States, obligations guaranteed by the United States or certificates of deposit of a bank (including the trustee) which are continuously secured by such obligations of or guaranteed by the United States. Any bank acting as such trustee may, to the extent permitted by such proceedings, buy bonds issued hereunder to the same extent as if it were not such trustee. Said proceedings may provide for one or more co-trustees, and any co-trustee may be any competent individual over the age of twenty-one years or a bank having trust pow-

ers or trust company within or without the state. The proceedings authorizing the bonds may provide that some or all of the proceeds of the sale of the bonds, the revenues of any facilities, the proceeds of the sale of any part of a facility, of any insurance policy or of any condemnation award be deposited with the trustee or a co-trustee and applied as provided in said proceedings. [1983 c 167 § 175; 1973 c 132 § 6.]

70.95A.060 Facilities—Leases authorized. Prior to the issuance of the bonds authorized by this chapter, the municipality may lease the facilities to a lessee or lessees under an agreement providing for payment to the municipality of such rentals as will be sufficient (a) to pay the principal of and interest on the bonds issued to finance the facilities, (b) to pay the taxes on the facilities, (c) to build up and maintain any reserves deemed by the governing body to be advisable in connection therewith, and (d) unless the agreement of lease obligates the lessees to pay for the maintenance and insurance of the facilities, to pay the costs of maintaining the facilities in good repair and keeping the same properly insured. Subject to the limitations of this chapter, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by municipalities, such lease may contain an option for the lessees to purchase the facilities on such terms and conditions with or without consideration as may be mutually acceptable to the parties. [1973 c 132 § 7.]

70.95A.070 Facilities—Revenue bonds—Refunding provisions. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby: PROVIDED FURTHER, That the owners of any bonds to be so refunded shall not be compelled without their consent to surrender their bonds for payment or exchange except on the terms expressed on the face thereof.
