Prior: 2007 c 61 § 2; 2007 c 19 § 2; 2003 c 68 § 2; 2000 c 60 § 1; 1999 c 26 § 1; 1993 c 129 § 2; 1991 sp.s. c 20 § 1; 1991 c 57 § 2; 1989 c 128 § 1; 1985 c 189 § 1; 1979 c 77 § 1; 1977 ex.s. c 111 § 1; 1975-'76 2nd ex.s. c 24 § 1; 1975 1st ex.s. c 194 § 1; 1973 2nd ex.s. c 1 § 1; 1969 c 11 § 1; 1955 c 20 § 1; 1927 c 51 § 1; RRS § 61; prior: 1895 c 3 § 1; 1891 c 41 § 1; 1888 p 107 § 1.]

Finding—Declaration—2007 c 61: "The legislature recognizes that on June 19, 1865, Union soldiers landed at Galveston, Texas with news that the Civil War had ended and the slaves were now free; that this was two and a half years after President Lincoln signed the Emancipation Proclamation on January 1, 1863; that the end of slavery brought on new challenges and realities in establishing a previously nonexistent status for African-Americans in the United States; that racism and continued inequality is the legacy of slavery and acknowledging it is the first step in its eradication; and that since 1980 June 19th has been celebrated as Juneteenth across the United States as a day for people to come together in the spirit of reconciliation to commemorate the contributions of African-Americans to this country's history and culture.

The legislature declares that an annual day of recognition be observed

in remembrance of the day the slaves realized they were free as a reminder that individual rights and freedoms must never be denied." [2007 c 61 § 1.]

Findings—2007 c 19: "The legislature finds that in the more than one hundred years that Koreans have immigrated to the United States, these immigrants and their descendants have made an invaluable contribution to our state and nation. Korean-Americans have worked for many years to better not only their community, but the communities in which they live and the state as a whole. The legislature further finds that due to the close friendship between the people of Korea and the United States, it is fitting to recognize Korean-American contributions to our society in a dignified and fitting manner, and to encourage Korean-Americans to honor the sacrifices made by American citizens during the Korean War." [2007 c 19 § 1.]

Finding—1993 c 129: "The legislature finds that Washington's children are one of our most valuable assets, representing hope for the future. Children today are at risk for many things, including drug and alcohol abuse, child abuse, suicide, peer pressure, and the economic and educational challenges of a changing world. It is increasingly important for families, schools, health professionals, caregivers, and workers at state agencies charged with the protection and help of children to listen to them, to support and encourage them, and to help them build their dreams for the future.

To increase recognition of children's issues, a national children's day is celebrated in October, with ceremonies and activities devoted to children. Washington state focuses special attention on its children by establishing a Washington state children's day." [1993 c 129 § 1.]

Finding—Declaration—1991 c 57: "The legislature finds that the Washington army and air national guard comprise almost nine thousand dedicated men and women who serve the state and nation on a voluntary basis. The legislature also finds that the state of Washington benefits from that dedication by immediate access to well-prepared resources in time of natural disasters and public emergency. The national guard has consistently and frequently responded to state and local emergencies with people and equipment to provide enforcement assistance, medical services, and overall support to emergency management services.

The legislature further declares that an annual day of commemoration should be observed in honor of the achievements, sacrifices, and dedication of the men and women of the Washington army and air national guard." [1991 c 57 § 1.]

2.28.165 Specialty and therapeutic courts—Establishment—Principles of best practices—Limitations. (1) The legislature respectfully encourages the supreme court to adopt any administrative orders and court rules of practice and procedure it deems necessary to support the establishment of effective specialty and therapeutic courts.

(2) Any jurisdiction may establish a specialty or therapeutic court under this section and may seek state or federal funding as it becomes available for the establishment, maintenance, and expansion of specialty and therapeutic courts and for the provision by participating agencies of treatment to participating defendants.

(3) Any jurisdiction establishing a specialty court shall endeavor to incorporate the treatment court principles of best practices as recognized by state and national treatment court agencies and organizations in structuring a particular program, which may include:

- (a) Determine the population;
- (b) Perform a clinical assessment;
- (c) Develop the treatment plan;
- (d) Supervise the offender;
- (e) Forge agency, organization, and community partnerships;
- (f) Take a judicial leadership role;
- (g) Develop case management strategies;
- (h) Address transportation issues;
- (i) Evaluate the program;
- (j) Ensure a sustainable program.

(4) No therapeutic or specialty court may be established specifically for the purpose of applying foreign law, including foreign criminal, civil, or religious law, that is otherwise not required by treaty.

(5) Specialty and therapeutic courts shall continue to: (a) Obtain the consent of the prosecuting authority in order to

remove a charged offender from the regular course of prosecution and punishment; and (b) comply with sentencing requirements as established in state law.

(6) No specialty or therapeutic court established by court rule shall enforce a foreign law, if doing so would violate a right guaranteed by the Constitution of this state or of the United States. [2013 c 257 § 2.]

Findings—2013 c 257: "The legislature finds that in the state of Washington, there exists a type of court administered by the judiciary commonly called a specialty or therapeutic court. Judges in the trial courts throughout the state effectively utilize specialty and therapeutic courts to remove defendants with their consent and the consent of the prosecuting authority from the normal criminal court system and allow those defendants the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest in exchange for dismissal of the charges. Trial courts have proved adept at creative approaches in fashioning a wide variety of specialty and therapeutic courts addressing the spectrum of social issues that can contribute to criminal activity.

The legislature also finds that there are presently more than seventy-four specialty and therapeutic courts operating in the state of Washington that save costs to both the trial courts and law enforcement by strategic focus of resources within the criminal justice system. There are presently more than fifteen types of specialty and therapeutic courts in the state including: Veterans treatment court, adult drug court, juvenile drug court, family dependency treatment court, mental health court, DUI court, community court, reentry drug court, tribal healing to wellness court, truancy court, homeless court, domestic violence court, gambling court, and Back on TRAC: Treatment, responsibility, accountability on campus.

The legislature recognizes the inherent authority of the judiciary under Article IV, section 1 of the state Constitution to establish specialty and therapeutic courts. The legislature recognizes the outstanding contribution to the state and a local community made by the establishment of specialty and therapeutic courts and desires to provide a general provision in statute acknowledging and encouraging the judiciary to provide for such courts to address the particular needs within a given judicial jurisdiction." [2013 c 257 § 1.]

Effective date—2013 c 257: "This act takes effect August 1, 2013." [2013 c 257 § 9.]

2.28.166 Definition of "specialty court" and "therapeutic court." For the purposes of chapter 257, Laws of 2013, "specialty court" and "therapeutic court" both mean a specialized pretrial or sentencing docket in select criminal cases where agencies coordinate work to provide treatment for a defendant who has particular needs. [2013 c 257 § 4.]

plement, not supplant, other federal, state, and local funds for DUI court operations and associated services. 4.92.100 Tortious conduct of state or its agents—Claims—Presentment and filing—Contents. (1) All claims against the state, or against the state's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct, must be presented to the office of risk management. A claim is deemed presented when the claim form is delivered in person or by regular mail, registered mail, or certified mail, with return receipt requested, or as an attachment to electronic mail or by fax, to the office of risk management. For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the office of risk management. The standard tort claim form must be posted on the department of enterprise services' web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b)(i) The standard tort claim form must be signed either:

(B) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(C) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(D) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(ii) For the purpose of this subsection (1)(b), when the claim form is presented electronically it must bear an electronic signature in lieu of a written original signature. An electronic signature means a facsimile of an original signature that is affixed to the claim form and executed or adopted by the person with the intent to sign the document.

(iii) When an electronic signature is used and the claim is submitted as an attachment to electronic mail, the conveyance of that claim must include the date, time the claim was presented, and the internet provider's address from which it was sent. The attached claim form must be a format approved by the office of risk management.

(iv) When an electronic signature is used and the claim is submitted via a facsimile machine, the conveyance must include the date, time the claim was submitted, and the fax number from which it was sent.

(c) The amount of damages stated on the claim form is not admissible at trial.

(2) The state shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the office of risk management. 4.100.010 Intent. The legislature recognizes that persons convicted and imprisoned for crimes they did not commit have been uniquely victimized. Having suffered tremendous injustice by being stripped of their lives and liberty, they are forced to endure imprisonment and are later stigmatized as felons. A majority of those wrongly convicted in Washington state have no remedy available under the law for the destruction of their personal lives resulting from errors in our criminal justice system. The legislature intends to provide an avenue for those who have been wrongly convicted in Washington state to redress the lost years of their lives, and help to address the unique challenges faced by the wrongly convicted after exoneration. [2013 c 175 § 1.]

4.100.020 Claim for compensation—Definitions. (1) Any person convicted in superior court and subsequently imprisoned for one or more felonies of which he or she is actually innocent may file a claim for compensation against the state.

(2) For purposes of this chapter, a person is:

(a) "Actually innocent" of a felony if he or she did not engage in any illegal conduct alleged in the charging documents; and

(b) "Wrongly convicted" if he or she was charged, convicted, and imprisoned for one or more felonies of which he or she is actually innocent.

(3)(a) If the person entitled to file a claim under subsection (1) of this section is incapacitated and incapable of filing the claim, or if he or she is a minor, or is a nonresident of the state, the claim may be filed on behalf of the claimant by an authorized agent.

(b) A claim filed under this chapter survives to the personal representative of the claimant as provided in RCW 4.20.046. [2013 c 175 § 2.]

4.100.030 Procedure for filing of claims. (1) All claims under this chapter must be filed in superior court. The venue for such actions is governed by RCW 4.12.020.

(2) Service of the summons and complaint is governed by RCW 4.28.080. [2013 c 175 § 3.]

4.100.040 Claims—Evidence, determinations required—Dismissal of claim. (1) In order to file an actionable claim for compensation under this chapter, the claimant must establish by documentary evidence that:

(a) The claimant has been convicted of one or more felonies in superior court and subsequently sentenced to a term of imprisonment, and has served all or part of the sentence;

(b)(i) The claimant is not currently incarcerated for any offense; and

(ii) During the period of confinement for which the claimant is seeking compensation, the claimant was not serving a term of imprisonment or a concurrent sentence for any crime other than the felony or felonies that are the basis for the claim;

(c)(i) The claimant has been pardoned on grounds consistent with innocence for the felony or felonies that are the basis for the claim; or

(ii) The claimant's judgment of conviction was reversed or vacated and the charging document dismissed on the basis of significant new exculpatory information or, if a new trial

was ordered pursuant to the presentation of significant new exculpatory information, either the claimant was found not guilty at the new trial or the claimant was not retried and the charging document dismissed; and

(d) The claim is not time barred by RCW 4.100.090.

(2) In addition to the requirements in subsection (1) of this section, the claimant must state facts in sufficient detail for the finder of fact to determine that:

(a) The claimant did not engage in any illegal conduct alleged in the charging documents; and

(b) The claimant did not commit or suborn perjury, or fabricate evidence to cause or bring about the conviction. A guilty plea to a crime the claimant did not commit, or a confession that is later determined by a court to be false, does not automatically constitute perjury or fabricated evidence under this subsection.

(3) Convictions vacated, overturned, or subject to resentencing pursuant to *In re: Personal Detention of Andress*, 147 Wn.2d 602 (2002) may not serve as the basis for a claim under this chapter unless the claimant otherwise satisfies the qualifying criteria set forth in RCW 4.100.020 and this section.

(4) The claimant must verify the claim unless he or she is incapacitated, in which case the personal representative or agent filing on behalf of the claimant must verify the claim.

(5) If the attorney general concedes that the claimant was wrongly convicted, the court must award compensation as provided in RCW 4.100.060.

(6)(a) If the attorney general does not concede that the claimant was wrongly convicted and the court finds after reading the claim that the claimant does not meet the filing criteria set forth in this section, it may dismiss the claim, either on its own motion or on the motion of the attorney general.

(b) If the court dismisses the claim, the court must set forth the reasons for its decision in written findings of fact and conclusions of law. [2013 c 175 § 4.]

4.100.050 Appeals. Any party is entitled to the rights of appeal afforded parties in a civil action following a decision on such motions. In the case of dismissal of a claim, review of the superior court action is de novo. [2013 c 175 § 5.]

4.100.060 Compensation awards—Amounts—Proof required—Reentry services. (1) In order to obtain a judgment in his or her favor, the claimant must show by clear and convincing evidence that:

(a) The claimant was convicted of one or more felonies in superior court and subsequently sentenced to a term of imprisonment, and has served all or any part of the sentence;

(b)(i) The claimant is not currently incarcerated for any offense; and

(ii) During the period of confinement for which the claimant is seeking compensation, the claimant was not serving a term of imprisonment or a concurrent sentence for any conviction other than those that are the basis for the claim;

(c)(i) The claimant has been pardoned on grounds consistent with innocence for the felony or felonies that are the basis for the claim; or

(ii) The claimant's judgment of conviction was reversed or vacated and the charging document dismissed on the basis

of significant new exculpatory information or, if a new trial was ordered pursuant to the presentation of significant new exculpatory information, either the claimant was found not guilty at the new trial or the claimant was not retried and the charging document dismissed;

(d) The claimant did not engage in any illegal conduct alleged in the charging documents; and

(e) The claimant did not commit or suborn perjury, or fabricate evidence to cause or bring about his or her conviction. A guilty plea to a crime the claimant did not commit, or a confession that is later determined by a court to be false, does not automatically constitute perjury or fabricated evidence under this subsection.

(2) Any pardon or proclamation issued to the claimant must be certified by the officer having lawful custody of the pardon or proclamation, and be affixed with the seal of the office of the governor, or with the official certificate of such officer before it may be offered as evidence.

(3) In exercising its discretion regarding the weight and admissibility of evidence, the court must give due consideration to difficulties of proof caused by the passage of time or by release of evidence pursuant to a plea, the death or unavailability of witnesses, the destruction of evidence, or other factors not caused by the parties.

(4) The claimant may not be compensated for any period of time in which he or she was serving a term of imprisonment or a concurrent sentence for any conviction other than the felony or felonies that are the basis for the claim.

(5) If the jury or, in the case where the right to a jury is waived, the court finds by clear and convincing evidence that the claimant was wrongly convicted, the court must order the state to pay the actually innocent claimant the following compensation award, as adjusted for partial years served and to account for inflation from July 28, 2013:

(a) Fifty thousand dollars for each year of actual confinement including time spent awaiting trial and an additional fifty thousand dollars for each year served under a sentence of death pursuant to chapter 10.95 RCW;

(b) Twenty-five thousand dollars for each year served on parole, community custody, or as a registered sex offender pursuant only to the felony or felonies which are grounds for the claim;

(c) Compensation for child support payments owed by the claimant that became due and interest on child support arrearages that accrued while the claimant was in custody on the felony or felonies that are grounds for the compensation claim. The funds must be paid on the claimant's behalf in a lump sum payment to the department of social and health services for disbursement under Title 26 RCW;

(d) Reimbursement for all restitution, assessments, fees, court costs, and all other sums paid by the claimant as required by pretrial orders and the judgment and sentence; and

(e) Attorneys' fees for successfully bringing the wrongful conviction claim calculated at ten percent of the monetary damages awarded under subsection (5)(a) and (b) of this section, plus expenses. However, attorneys' fees and expenses may not exceed seventy-five thousand dollars. These fees may not be deducted from the compensation award due to the claimant and counsel is not entitled to receive additional fees from the client related to the claim. The court may not award

any attorneys' fees to the claimant if the claimant fails to prove he or she was wrongly convicted.

(6) The compensation award may not include any punitive damages.

(7) The court may not offset the compensation award by any expenses incurred by the state, the county, or any political subdivision of the state including, but not limited to, expenses incurred to secure the claimant's custody, or to feed, clothe, or provide medical services for the claimant. The court may not offset against the compensation award the value of any services or reduction in fees for services to be provided to the claimant as part of the award under this section.

(8) The compensation award is not income for tax purposes, except attorneys' fees awarded under subsection (5)(e) of this section.

(9)(a) Upon finding that the claimant was wrongly convicted, the court must seal the claimant's record of conviction.

(b) Upon request of the claimant, the court may order the claimant's record of conviction vacated if the record has not already been vacated, expunged, or destroyed under court rules. The requirements for vacating records under RCW 9.94A.640 do not apply.

(10) Upon request of the claimant, the court must refer the claimant to the department of corrections or the department of social and health services for access to reentry services, if available, including but not limited to counseling on the ability to enter into a structured settlement agreement and where to obtain free or low-cost legal and financial advice if the claimant is not already represented, the community-based transition programs and long-term support programs for education, mentoring, life skills training, assessment, job skills development, mental health and substance abuse treatment.

(11) The claimant or the attorney general may initiate and agree to a claim with a structured settlement for the compensation awarded under subsection (5) of this section. During negotiation of the structured settlement agreement, the claimant must be given adequate time to consult with the legal and financial advisor of his or her choice. Any structured settlement agreement binds the parties with regard to all compensation awarded. A structured settlement agreement entered into under this section must be in writing and signed by the parties or their representatives and must clearly state that the parties understand and agree to the terms of the agreement.

(12) Before approving any structured settlement agreement, the court must ensure that the claimant has an adequate understanding of the agreement. The court may approve the agreement only if the judge finds that the agreement is in the best interest of the claimant and actuarially equivalent to the lump sum compensation award under subsection (5) of this section before taxation. When determining whether the agreement is in the best interest of the claimant, the court must consider the following factors:

(a) The age and life expectancy of the claimant;

(b) The marital or domestic partnership status of the claimant; and

(c) The number and age of the claimant's dependants. [2013 c 175 § 6.]

4.100.070 Provision of information—Statute of limitations. (1) On or after July 28, 2013, when a court grants judicial relief, such as reversal and vacation of a person's conviction, consistent with the criteria established in RCW 4.100.040, the court must provide to the claimant a copy of RCW 4.100.020 through 4.100.090, 28B.15.395, and 72.09.750 at the time the relief is granted.

(2) The clemency and pardons board or the indeterminate sentence review board, whichever is applicable, upon issuance of a pardon by the governor on grounds consistent with innocence on or after July 28, 2013, must provide a copy of RCW 4.100.020 through 4.100.090, 28B.15.395, and 72.09.750 to the individual pardoned.

(3) If an individual entitled to receive the information required under this section shows that he or she was not provided with the information, he or she has an additional twelve months, beyond the statute of limitations under RCW 4.100.090, to bring a claim under this chapter. [2013 c 175 § 7.]

4.100.080 Remedies and compensation exclusive—Admissibility of agreements. (1) It is the intent of the legislature that the remedies and compensation provided under this chapter shall be exclusive to all other remedies at law and in equity against the state or any political subdivision of the state. As a requirement to making a request for relief under this chapter, the claimant waives any and all other remedies, causes of action, and other forms of relief or compensation against the state, any political subdivision of the state, and their officers, employees, agents, and volunteers related to the claimant's wrongful conviction and imprisonment. This waiver shall also include all state, common law, and federal claims for relief, including claims pursuant to 42 U.S.C. Sec. 1983. A wrongfully convicted person who elects not to pursue a claim for compensation pursuant to this chapter shall not be precluded from seeking relief through any other existing remedy. The claimant must execute a legal release prior to the payment of any compensation under this chapter. If the release is held invalid for any reason and the claimant is awarded compensation under this chapter and receives a tort award related to his or her wrongful conviction and incarceration, the claimant must reimburse the state for the lesser of:

(a) The amount of the compensation award, excluding the portion awarded pursuant to RCW 4.100.060(5) (c) through (e); or

(b) The amount received by the claimant under the tort award.

(2) A release dismissal agreement, plea agreement, or any similar agreement whereby a prosecutor's office or an agent acting on its behalf agrees to take or refrain from certain action if the accused individual agrees to forgo legal action against the county, the state of Washington, or any political subdivision, is admissible and should be evaluated in light of all the evidence. However, any such agreement is not dispositive of the question of whether the claimant was wrongfully convicted or entitled to compensation under this chapter. [2013 c 175 § 8.]

4.100.090 Actions for compensation. Except as provided in RCW 4.100.070, an action for compensation under this chapter must be commenced within three years after the

grant of a pardon, the grant of judicial relief and satisfaction of other conditions described in RCW 4.100.020, or release from custody, whichever is later. However, any action by the state challenging or appealing the grant of judicial relief or release from custody tolls the three-year period. Any persons meeting the criteria set forth in RCW 4.100.020 who was wrongfully convicted before July 28, 2013, may commence an action under this chapter within three years after July 28, 2013. [2013 c 175 § 9.]

Sections

6.13.080 Homestead exemption, when not available.

6.13.080 Homestead exemption, when not available.

The homestead exemption is not available against an execution or forced sale in satisfaction of judgments obtained:

(1) On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, material supplier's, or vendor's liens arising out of and against the particular property claimed as a homestead;

(2) On debts secured (a) by security agreements describing as collateral the property that is claimed as a homestead or (b) by mortgages or deeds of trust on the premises that have been executed and acknowledged by both spouses or both domestic partners or by any claimant not married or in a state registered domestic partnership;

(3) On one spouse's or one domestic partner's or the community's debts existing at the time of that spouse's or that domestic partner's bankruptcy filing where (a) bankruptcy is filed by both spouses or both domestic partners within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse or other domestic partner exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay maintenance;

(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p;

(6) On debts secured by a condominium's or homeowner association's lien. In order for an association to be exempt under this provision, the association must have provided a homeowner with notice that nonpayment of the association's assessment may result in foreclosure of the association lien and that the homestead protection under this chapter shall not apply. An association has complied with this notice requirement by mailing the notice, by first-class mail, to the address of the owner's lot or unit. The notice required in this subsec-

tion shall be given within thirty days from the date the association learns of a new owner, but in all cases the notice must be given prior to the initiation of a foreclosure. The phrase "learns of a new owner" in this subsection means actual knowledge of the identity of a homeowner acquiring title after June 9, 1988, and does not require that an association affirmatively ascertain the identity of a homeowner. Failure to give the notice specified in this subsection affects an association's lien only for debts accrued up to the time an association complies with the notice provisions under this subsection; or

(7) On debts owed for taxes collected under chapters 82.08, 82.12, and 82.14 RCW but not remitted to the department of revenue. 7.68.031 Sending notices, orders, payments to claimants. On all claims under this chapter, claimants' written or electronic notices, orders, or payments must be forwarded directly to the claimant until such time as there has been entered an order on the claim appealable to the department. Claimants' written or electronic notices, orders, or payments may be forwarded to the claimant in care of a representative before an order has been entered if the claimant sets forth in writing the name and address of the representative to whom the claimant desires this information to be forwarded. [2013 c 125 § 1; 2011 c 346 § 201.]

Intent—Retroactive application—Effective date—2011 c 346: See notes following RCW 7.68.020.

7.68.033 Protection of payments—Payment after death—Time limitations for filing—Confinement in institution. (1) Except as provided in RCW 43.20B.720, 72.09.111, 74.20A.260, and 51.32.380, no money paid or payable under this chapter shall, before the issuance and delivery of the payment, or disbursement of electronic funds or electronic payment, be assigned, charged, or taken in execution, attached, garnished, or pass or be paid to any other person by operation of law, any form of voluntary assignment, or power of attorney. Any such assignment or charge is void unless the transfer is to a financial institution at the request of a victim or other beneficiary and made in accordance with RCW 7.68.034.

(2)(a) If any victim suffers an injury and dies from it before he or she receives payment of any monthly installment covering financial support for lost wages for any period of time before his or her death, the amount of the monthly payment shall be paid to the surviving spouse or the child or children if there is no surviving spouse. If there is no surviving spouse and no child or children, the amount of the monthly payment shall be paid by the department and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

(b) Any application for compensation under this subsection (2) shall be filed with the department within one year of the date of death. The department may satisfy its responsibilities under this subsection (2) by sending any payment due in the name of the decedent and to the last known address of the decedent.

(3) Any victim or beneficiary receiving benefits under this chapter who is subsequently confined in, or who subsequently becomes eligible for benefits under this chapter while confined in, any institution under conviction and sentence shall have all payments of the compensation canceled during the period of confinement. After discharge from the institution, payment of benefits due afterward shall be paid if the victim or beneficiary would, except for the provisions of this subsection (3), otherwise be eligible for them. [2013 c 125 § 2; 2011 c 346 § 203.]

Intent—Retroactive application—Effective date—2011 c 346: See notes following RCW 7.68.020.

7.68.034 Direct deposit or electronic payment of benefits. Any victim or other recipient of benefits under this chapter may elect to have any payments due paid by debit card or other electronic means or transferred to such person's account in a financial institution for either: (1) Credit to the recipient's account in such financial institution; or (2) immediate transfer therefrom to the recipient's account in any other financial institution. A single payment may be drawn in favor of such financial institution, for the total amount due the recipients involved, and written directions provided to such financial institution of the amount to be credited to the account of a recipient or to be transferred to an account in another financial institution for such recipient. The issuance and delivery by the disbursing officer of a payment in accordance with the procedure set forth in this section and proper endorsement thereof by the financial institution shall have the same legal effect as payment directly to the recipient.

For the purposes of this section, "financial institution" shall have the meaning given in RCW 41.04.240 as now or hereafter amended. [2013 c 125 § 3; 2011 c 346 § 204.]

ACTIONS FOR INJURIES RESULTING FROM HEALTH CARE

Sections

7.70.100 Mandatory mediation of health care claims—Procedures.

7.70.100 Mandatory mediation of health care claims—Procedures. (1) Before a superior court trial, all causes of action, whether based in tort, contract, or otherwise, for damages arising from injury occurring as a result of health care provided after July 1, 1993, shall be subject to mandatory mediation prior to trial except as provided in subsection (4) of this section.

(2) The supreme court shall by rule adopt procedures to implement mandatory mediation of actions under this chapter. The implementation contemplates the adoption of rules by the supreme court which will require mandatory mediation without exception unless subsection (4) of this section applies. The rules on mandatory mediation shall address, at a minimum:

(a) Procedures for the appointment of, and qualifications of, mediators. A mediator shall have experience or expertise related to actions arising from injury occurring as a result of health care, and be a member of the state bar association who has been admitted to the bar for a minimum of five years or who is a retired judge. The parties may stipulate to a nonlawyer mediator. The court may prescribe additional qualifications of mediators;

(b) Appropriate limits on the amount or manner of compensation of mediators;

(c) The number of days following the filing of a claim under this chapter within which a mediator must be selected;

(d) The method by which a mediator is selected. The rule shall provide for designation of a mediator by the superior court if the parties are unable to agree upon a mediator;

(e) The number of days following the selection of a mediator within which a mediation conference must be held;

(f) A means by which mediation of an action under this chapter may be waived by a mediator who has determined that the claim is not appropriate for mediation; and

(g) Any other matters deemed necessary by the court.

(3) Mediators shall not impose discovery schedules upon the parties.

(4) The mandatory mediation requirement of subsection (2) of this section does not apply to an action subject to mandatory arbitration under chapter 7.06 RCW or to an action in which the parties have agreed, subsequent to the arising of the claim, to submit the claim to arbitration under chapter 7.04A or 7.70A RCW.

(5) The implementation also contemplates the adoption of a rule by the supreme court for procedures for the parties to certify to the court the manner of mediation used by the parties to comply with this section. [2013 c 82 § 1; 2007 c 119 § 1; 2006 c 8 § 314; 1993 c 492 § 419.]

(3) A collaborative law process is concluded by a:

7.77.050 Proceedings pending before tribunal—Status report. (1) Persons in a proceeding pending before a tribunal may sign a collaborative law participation agreement to seek to resolve a collaborative matter related to the proceeding. Parties shall file promptly with the tribunal a notice of the agreement after it is signed. (2) The parties shall file promptly with the tribunal notice in a record when a collaborative law process con-

cludes. The stay of the proceeding under subsection (1) of this section is lifted when the notice is filed. The notice may not specify any reason for termination of the process.

(3) A tribunal in which a proceeding is stayed under subsection (1) of this section may require the parties and collaborative lawyers to provide a status report on the collaborative law process and the proceeding. A status report may include only information on whether the process is ongoing or concluded. It may not include a report, assessment, evaluation, recommendation, finding, or other communication regarding a collaborative law process or collaborative matter.

(4) A tribunal may not consider a communication made in violation of subsection (3) of this section.

7.77.070 Approval of agreement by tribunal. A tribunal may approve an agreement resulting from a collaborative law process. [2013 c 119 § 8.]

(2) Except as otherwise provided in subsection (3) of this section and RCW 7.77.090, a lawyer in a law firm with which the collaborative lawyer is associated is disqualified from appearing before a tribunal to represent a party in a proceeding related to the collaborative matter if the collaborative lawyer is disqualified from doing so under subsection (1) of this section.

(3) A collaborative lawyer or a lawyer in a law firm with which the collaborative lawyer is associated may represent a party:

(a) To ask a tribunal to approve an agreement resulting from the collaborative law process; or

(b) To seek or defend an emergency order to protect the health, safety, welfare, or interest of a party, or family or household member, as defined in RCW 26.50.010, if a successor lawyer is not immediately available to represent that person.

(4) If subsection (3)(b) of this section applies, a collaborative lawyer, or lawyer in a law firm with which the collaborative lawyer is associated, may represent a party or family or household member only until the person is represented by a successor lawyer or reasonable measures are taken to protect the health, safety, welfare, or interest of the person. [2013 c 119 § 9.]

7.77.090 Governmental entity as party. (1) The disqualification of RCW 7.77.080(1) applies to a collaborative

lawyer representing a party that is a government or governmental subdivision, agency, or instrumentality.

(2) After a collaborative law process concludes, another lawyer in a law firm with which the collaborative lawyer is associated may represent a government or governmental subdivision, agency, or instrumentality in the collaborative matter or a matter related to the collaborative matter if:

(a) The collaborative law participation agreement so provides; and

(b) The collaborative lawyer is isolated from any participation in the collaborative matter or a matter related to the collaborative matter through procedures within the law firm which are reasonably calculated to isolate the collaborative lawyer from such participation. [2013 c 119 § 10.]

7.77.100 Disclosure of information. Except as provided by law other than this chapter, during the collaborative law process, on the request of another party, a party shall make timely, full, candid, and informal disclosure of information related to the collaborative matter without formal discovery. A party also shall update promptly previously disclosed information that has materially changed. The parties may define the scope of disclosure during the collaborative law process. [2013 c 119 § 11.]

7.77.110 Standards of professional responsibility and mandatory reporting not affected. (1) This chapter does not affect the professional responsibility obligations and standards applicable to a lawyer or other licensed professional or relieve a lawyer or other licensed professional from the duty to comply with all applicable professional responsibility obligations and standards.

(2) This chapter does not affect the obligation of a person to report abuse or neglect, abandonment, or exploitation of a child or adult under the law of this state.

(3) Noncompliance with an obligation or prohibition imposed by this chapter does not in itself establish grounds for professional discipline. [2013 c 119 § 12.]

7.77.120 Appropriateness of collaborative law process. Before a prospective party signs a collaborative law participation agreement, the prospective party must:

(1) Be advised as to whether a collaborative law process is appropriate for the prospective party's matter;

(2) Be provided with sufficient information to make an informed decision about the material benefits and risks of a collaborative law process as compared to the material benefits and risks of other reasonably available alternatives for resolving the proposed collaborative matter, such as litigation, mediation, arbitration, or expert evaluation;

(3) Be informed that after signing an agreement if a party initiates a proceeding or seeks tribunal intervention in a pending proceeding related to the collaborative matter, the collaborative law process terminates;

(4) Be informed that participation in a collaborative law process is voluntary and any party has the right to terminate unilaterally a collaborative law process with or without cause; and

(5) Be informed that the collaborative lawyer and any lawyer in a law firm with which the collaborative lawyer is associated may not appear before a tribunal to represent a

party in a proceeding related to the collaborative matter, except as authorized by law or court rule. [2013 c 119 § 13.]

7.77.130 Coercive or violent relationship among parties. (1) Before a prospective party signs a collaborative law participation agreement, a prospective collaborative lawyer shall make reasonable inquiry whether the prospective party has a history of a coercive or violent relationship with another prospective party.

(2) Throughout a collaborative law process, a collaborative lawyer reasonably and continuously shall assess whether the party the collaborative lawyer represents has a history of a coercive or violent relationship with another party.

(3) If a collaborative lawyer reasonably believes that the party the lawyer represents or the prospective party who consults the lawyer has a history of a coercive or violent relationship with another party or prospective party, the lawyer may not begin or continue a collaborative law process unless:

(a) The party or the prospective party requests beginning or continuing a process; and

(b) The collaborative lawyer reasonably believes that the safety of the party or prospective party can be protected adequately during a process. [2013 c 119 § 14.]

7.77.140 Confidentiality of collaborative law communication. Subject to RCW 7.77.110, a collaborative law communication is confidential to the extent agreed by the parties in a signed record or as provided by law of this state other than this chapter. [2013 c 119 § 15.]

7.77.150 Privilege against disclosure for collaborative law communication—Admissibility—Discovery. (1) Subject to RCW 7.77.160 and 7.77.170, a collaborative law communication is privileged under subsection (2) of this section, is not subject to discovery, and is not admissible in evidence.

(2) In a proceeding, the following privileges apply:

(a) A party may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication.

(b) A nonparty participant may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication of the nonparty participant.

(3) Evidence or information that is otherwise admissible or subject to discovery does not become inadmissible or protected from discovery solely because of its disclosure or use in a collaborative law process. [2013 c 119 § 16.]

7.77.160 Waiver and preclusion of privilege. (1) A privilege under RCW 7.77.150 may be waived in a record or orally during a proceeding if it is expressly waived by all parties and, in the case of the privilege of a nonparty participant, it is also expressly waived by the nonparty participant.

(2) A person that makes a disclosure or representation about a collaborative law communication which prejudices another person in a proceeding may not assert a privilege under RCW 7.77.150, but this preclusion applies only to the extent necessary for the person prejudiced to respond to the disclosure or representation. [2013 c 119 § 17.]

7.77.170 Limits of privilege. (1) There is no privilege under RCW 7.77.150 for a collaborative law communication that is:

(a) Available to the public under chapter 42.56 RCW or made during a session of a collaborative law process that is open, or is required by law to be open, to the public;

(b) A threat or statement of a plan to inflict bodily injury or commit a crime of violence;

(c) Intentionally used to plan a crime, commit or attempt to commit a crime, or conceal an ongoing crime or ongoing criminal activity; or

(d) In an agreement resulting from the collaborative law process, evidenced by a record signed by all parties to the agreement.

(2) The privileges under RCW 7.77.150 for a collaborative law communication do not apply to the extent that a communication is:

(a) Sought or offered to prove or disprove a claim or complaint of professional misconduct or malpractice arising from or related to a collaborative law process;

(b) Sought or offered to prove or disprove abuse, neglect, abandonment, or exploitation of a child or adult, unless the child protective services agency or adult protective services agency is a party to or otherwise participates in the process; or

(c) Sought or offered to prove or disprove stalking or cyber stalking of a party or child.

(3) There is no privilege under RCW 7.77.150 if a tribunal finds, after a hearing in camera, that the party seeking discovery or the proponent of the evidence has shown the evidence is not otherwise available, the need for the evidence substantially outweighs the interest in protecting confidentiality, and the collaborative law communication is sought or offered in:

(a) A court proceeding involving a felony or misdemeanor; or

(b) A proceeding seeking rescission or reformation of a contract arising out of the collaborative law process or in which a defense to avoid liability on the contract is asserted.

(4) If a collaborative law communication is subject to an exception under subsection (2) or (3) of this section, only the part of the communication necessary for the application of the exception may be disclosed or admitted.

(5) Disclosure or admission of evidence excepted from the privilege under subsection (2) or (3) of this section does not make the evidence or any other collaborative law communication discoverable or admissible for any other purpose.

(6) The privileges under RCW 7.77.150 do not apply if the parties agree in advance in a signed record, or if a record of a proceeding reflects agreement by the parties, that all or part of a collaborative law process is not privileged. This subsection does not apply to a collaborative law communication made by a person that did not receive actual notice of the agreement before the communication was made. [2013 c 119 § 18.]

7.77.180 Authority of tribunal in case of noncompliance. (1) If an agreement fails to meet the requirements of RCW 7.77.030, or a lawyer fails to comply with RCW 7.77.120 or 7.77.130, a tribunal may nonetheless find that the

parties intended to enter into a collaborative law participation agreement if they:

(a) Signed a record indicating an intention to enter into a collaborative law participation agreement; and

(b) Reasonably believed they were participating in a collaborative law process.

(2) If a tribunal makes the findings specified in subsection (1) of this section, and the interests of justice require, the tribunal may:

(a) Enforce an agreement evidenced by a record resulting from the process in which the parties participated;

(b) Apply the disqualification provisions of RCW 7.77.040, 7.77.050, 7.77.080, and 7.77.090; and

(c) Apply a privilege under RCW 7.77.150. [2013 c 119 § 19.]

7.77.900 Short title. This chapter may be known and cited as the "uniform collaborative law act." [2013 c 119 § 1.]

7.77.901 Uniformity of application and construction. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it. [2013 c 119 § 20.]

7.77.902 Relation to electronic signatures in global and national commerce act. This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001, et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b). [2013 c 119 § 21.]

(2) A person under eighteen years of age who is sixteen years of age or older may seek relief under this chapter and is not required to seek relief by a guardian or next friend.

(3) No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter who is under eighteen years of age if such respondent is sixteen years of age or older.

(4) The court may, if it deems necessary, appoint a guardian ad litem for a petitioner or respondent who is a party to an action under this chapter. The appointment shall be at no cost to either party.

(5) Jurisdiction of the courts over proceedings under this chapter shall be the same as jurisdiction over domestic violence protection orders under RCW 26.50.020(5).

(6) An action under this chapter shall be filed in the county or the municipality where the petitioner resides. [2013 c 74 § 1; 2006 c 138 § 4.]

7.90.050 Petition—Hearings prior to issuance of protection order. Upon receipt of the petition, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. The court may schedule a hearing by telephone pursuant to local court rule, to reason-

ably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing. Personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or service by mail unless the petitioner requests additional time to attempt personal service. If the court permits service by publication or service by mail, the court shall set the hearing date not later than twenty-four days from the date of the order. The court may issue an ex parte temporary sexual assault order pending the hearing as provided in RCW 7.90.110. [2013 c 74 § 2; 2006 c 138 § 6.]

7.90.052 Service by publication—When authorized.

(1) The court may order service by publication instead of personal service under the following circumstances:

(a) The sheriff or municipal peace officer files an affidavit stating that the officer was unable to complete personal service upon the respondent. The affidavit must describe the number and type of attempts the officer made to complete service;

(b) The petitioner files an affidavit stating that the petitioner believes the respondent is hiding from the server to avoid service. The petitioner's affidavit must state the reasons for the belief that the respondent is avoiding service;

(c) The server has deposited a copy of the summons, in substantially the form prescribed in subsection (3) of this section, notice of hearing, and the ex parte order of protection in the post office, directed to the respondent at the respondent's last known address, unless the server states that he or she does not know the respondent's address; and

(d) The court finds reasonable grounds exist to believe the respondent is concealing himself or herself to avoid service, and that further attempts to personally serve the respondent would be futile or unduly burdensome.

(2) If the court orders service by publication, it shall also reissue the temporary order of protection not to exceed another twenty-four days from the date of reissuing the ex parte protection order and order that service by publication be provided.

(3) The publication must be made in a newspaper of general circulation in the county where the petition was brought and in the county of the last known address of the respondent once a week for three consecutive weeks. The newspaper selected must be one of the three most widely circulated papers in the county. The publication of summons must not be made until the court orders service by publication under this section. Service of the summons is considered complete when the publication has been made for three consecutive weeks. The summons must be signed by the petitioner. The summons must contain the date of the first publication, and must require the respondent upon whom service by publication is desired, to appear and answer the petition on the date

set for the hearing. The summons must also contain a brief statement of the reason for the petition and a summary of the provisions under the ex parte order. The summons must be essentially in the following form:

In the court of the state of Washington for the county of

., Petitioner

If you fail to respond, an order of protection will be issued against you pursuant to the provisions of the sexual assault protection order act, chapter 7.90 RCW, for a minimum of one year from the date you are required to appear. A temporary order of protection has been issued against you, restraining you from the following: (Insert a brief statement of the provisions of the ex parte order). A copy of the petition, notice of hearing, and ex parte order has been filed with the clerk of this court.

[2013 c 74 § 6.]

7.90.053 Service by mail—When authorized. (1) In circumstances justifying service by publication under RCW 7.90.052, if the serving party files an affidavit stating facts from which the court determines that service by mail is just as likely to give actual notice as service by publication and that the serving party is unable to afford the cost of service by publication, the court may order that service be made by mail. The service must be made by any person over eighteen years of age, who is competent to be a witness, other than a party, by mailing copies of the order and other process to the party to be served at his or her last known address or any other address determined by the court to be appropriate. Two copies must be mailed, postage prepaid, one by ordinary first-class mail and the other by a form of mail requiring a signed receipt showing when and to whom it was delivered. The envelopes must bear the return address of the sender.

(2) Proof of service under this section must be consistent with court rules for civil proceedings.

(3) Service under this section may be used in the same manner and has the same jurisdictional effect as service by publication for purposes of this chapter. Service is deemed complete upon the mailing of the two copies as prescribed in this section. [2013 c 74 § 7.]

7.90.054 Issuance of order following service by publication or mail. Following completion of service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053, if the respondent fails to appear at the hearing, the court may issue an order of protection as provided in RCW 7.90.140. That order must be served pursuant to RCW 7.90.140 and forwarded to the appropriate law enforcement agency pursuant to RCW 7.90.160. [2013 c 74 § 8.]

7.90.120 Ex parte orders—Duration. (1)(a) An ex parte temporary sexual assault protection order shall be effective for a fixed period not to exceed fourteen days. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or service by mail is permitted. If the court permits service by publication or service by mail, the court shall also reissue the ex parte temporary protection order not to exceed another twenty-four days from the date of reissuing the ex parte protection order. Except as provided in RCW 7.90.050, 7.90.052, or 7.90.053, the respondent shall be personally served with a copy of the ex parte temporary sexual assault protection order along with a copy of the petition and notice of the date set for the hearing.

(b) Any ex parte temporary order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

(2) Except as otherwise provided in this section or RCW 7.90.150, a final sexual assault protection order shall be effective for a fixed period of time, not to exceed two years.

(3) Any sexual assault protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(4) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a sexual assault protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice. [2013 c 74 § 3; 2006 c 138 § 13.]

7.90.121 Renewal of ex parte order. (1) Any ex parte temporary or final sexual assault protection order may be renewed one or more times, as required.

(2) The petitioner may apply for renewal of the order by filing a motion for renewal at any time within the three months before the order expires.

(3) If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner’s motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal.

(4)(a) If the motion is contested, upon receipt of the motion, the court shall order that a hearing be held not later than fourteen days from the date of the order.

(b) The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner’s identity before conducting a telephonic hearing.

(c) The respondent shall be personally served not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053. The court shall not require more than two attempts at obtaining personal service and shall permit service by pub-

lication or service by mail unless the petitioner requests additional time to attempt personal service. If the court permits service by publication or service by mail, the court shall set the hearing date not later than twenty-four days from the date of the order.

(5) Renewals may be granted only in open court. [2013 c 74 § 4.]

7.90.140 Sexual assault protection orders—Service to respondent. (1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) If the court previously entered an order allowing service of the notice of hearing and temporary order of protection by publication under RCW 7.90.052 or service by mail under RCW 7.90.053, the court may permit service by publication or service by mail of the order of protection issued under this chapter. Service by publication must comply with the requirements of RCW 7.90.052 and service by mail must comply with the requirements of RCW 7.90.053. The court order must state whether the court permitted service by publication or service by mail. [2013 c 74 § 5; 2006 c 138 § 15.]

7.90.170 Modification or termination of protection orders. (1) Upon receipt of a motion to modify the terms of an existing sexual assault protection order, the court shall order that a hearing be held not later than fourteen days from the date of the order. The respondent shall be personally served not less than five days before the hearing. If timely service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 7.90.052 or service by mail as provided in RCW 7.90.053. If the court permits service by mail or service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made, the court shall grant an ex parte order of protection as provided in

RCW 7.90.110. The court may modify the protection order for another fixed time period or may enter a permanent order as provided in RCW 7.90.120.

(2) In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system. [2013 c 74 § 9; 2006 c 138 § 18.]

7.92.010 Intent—Finding. Stalking is a crime that affects 3.4 million people over the age of eighteen each year in the United States. Almost half of those victims experience at least one unwanted contact per week. Twenty-nine percent of stalking victims fear that the stalking will never stop. The prevalence of anxiety, insomnia, social dysfunction, and severe depression is much higher among stalking victims than the general population. Three in four stalking victims are stalked by someone they know, and at least thirty percent of stalking victims are stalked by a current or former intimate partner. For many of those victims, the domestic violence protection order is a tool they can access to help them stay safer. For those who have not had an intimate relationship with the person stalking them, there are few remedies for them under the law. Victims who do not report the crime still desire safety and protection from future interactions with the offender. Some cases in which the stalking is reported are not prosecuted. In these situations, the victim should be able to seek a civil remedy requiring that the offender stay away from the victim. It is the intent of the legislature that the stalking protection order created by this chapter be a remedy for victims who do not qualify for a domestic violence order

of protection. Moreover, it is the intent of the legislature that courts specifically distinguish stalking conduct covered by the stalking protection order from common acts of harassment or nuisance covered by antiharassment orders. Law enforcement agencies need to be able to rely on orders that distinguish stalking conduct from common acts of harassment or nuisance. Victims of stalking conduct deserve the same protection and access to the court system as victims of domestic violence and sexual assault, and this protection can be accomplished without infringing on constitutionally protected speech or activity. The legislature finds that preventing the issuance of conflicting orders is in the interest of both petitioners and respondents. [2013 c 84 § 1.]

7.92.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Minor" means a person who is under eighteen years of age.

(2) "Petitioner" means any named petitioner for the stalking protection order or any named victim of stalking conduct on whose behalf the petition is brought.

(3) "Stalking conduct" means any of the following:

(a) Any act of stalking as defined under RCW 9A.46.110;

(b) Any act of cyberstalking as defined under RCW 9.61.260;

(c) Any course of conduct involving repeated or continuing contacts, attempts to contact, monitoring, tracking, keeping under observation, or following of another that:

(i) Would cause a reasonable person to feel intimidated, frightened, or threatened and that actually causes such a feeling;

(ii) Serves no lawful purpose; and

(iii) The stalker knows or reasonably should know threatens, frightens, or intimidates the person, even if the stalker did not intend to intimidate, frighten, or threaten the person.

(4) "Stalking no-contact order" means a temporary order or a final order granted under this chapter against a person charged with or arrested for stalking, which includes a remedy authorized under RCW 7.92.160.

(5) "Stalking protection order" means an ex parte temporary order or a final order granted under this chapter, which includes a remedy authorized in RCW 7.92.100. [2013 c 84 § 2.]

7.92.030 Petition for stalking protection order—Creation—Contents. There shall exist an action known as a petition for a stalking protection order.

(1) A petition for relief shall allege the existence of stalking conduct and shall be accompanied by an affidavit made under oath stating the specific reasons that have caused the petitioner to become reasonably fearful that the respondent intends to injure the petitioner or another person, or the petitioner's property or the property of another. The petition shall disclose the existence of any other litigation or of any other restraining, protection, or no-contact orders between the parties.

(2) A petition for relief shall be filed as a separate, stand-alone civil case and a petition for relief may be made regard-

less of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) Forms and instructional brochures and the necessary number of certified copies shall be provided to the petitioner free of charge.

(4) A person is not required to post a bond to obtain relief in any proceeding under this section.

(5) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions. [2013 c 84 § 3.]

7.92.040 Petition—Who may file. A petition for a stalking protection order may be filed by a person:

(1) Who does not qualify for a protection order under chapter 26.50 RCW and who is a victim of stalking conduct; or

(2) On behalf of any of the following persons who is a victim of stalking conduct and who does not qualify for a protection order under chapter 26.50 RCW:

(a) A minor child, where the petitioner is a parent, a legal custodian, or, where the respondent is not a parent, an adult with whom the child is currently residing; or

(b) A vulnerable adult as defined in RCW 74.34.020 and where the petitioner is an interested person as defined in RCW 74.34.020(10). [2013 c 84 § 4.]

7.92.050 Petition—Additional requirements. (1) Any person may seek relief under this chapter by filing a petition with a court alleging that the person has been the victim of stalking conduct committed by the respondent.

(2) A minor sixteen years of age or older may seek relief under this chapter and is not required to seek relief through a guardian or next friend. This does not preclude a parent or legal custodian of a victim sixteen or seventeen years of age from seeking relief on behalf of the minor.

(3) The district courts shall have original jurisdiction and cognizance of any civil actions and proceedings brought under this chapter, except a district court shall transfer such actions and proceedings to the superior court when it is shown that (a) the petitioner, victim, or respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(4) Municipal courts may exercise jurisdiction and cognizance of any civil actions and proceedings brought under this chapter by adoption of local court rule, except a municipal court shall transfer such actions and proceedings to the superior court when it is shown that (a) the petitioner, victim, or respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(5) Superior courts shall have concurrent jurisdiction to receive transfer of stalking petitions in cases where a district or municipal court judge makes findings of fact and conclusions of law showing that meritorious reasons exist for the transfer. The jurisdiction of district and municipal courts is limited to enforcement of RCW 26.50.110(1), or the equivalent municipal ordinance, and the issuance and enforcement of temporary orders provided for in RCW 7.92.120 if the superior court is exercising jurisdiction over a proceeding under this chapter involving the parties.

(6) No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter if such respondent is sixteen years of age or older.

(7) If a guardian ad litem is appointed for the petitioner or respondent, the petitioner shall not be required to pay any fee associated with such appointment.

(8) An action under this chapter shall be filed in the county or the municipality where the petitioner resides, unless the petitioner has left the residence or household to avoid stalking conduct. In that case, the petitioner may bring an action in the county or municipality of the previous or the new residence or household. [2013 c 84 § 5.]

7.92.060 Petition—Hearings prior to issuance of protection order. Upon receipt of the petition, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. The court may schedule a hearing by telephone, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further stalking behavior. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing. Except as provided in RCW 7.92.150, personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall require additional attempts at obtaining personal service or other service as permitted under RCW 7.92.150. The court may issue an ex parte temporary stalking order pending the hearing as provided in RCW 7.92.120. [2013 c 84 § 6.]

7.92.070 Consultation with judicial information system. Before granting an order under this chapter, the court may consult the judicial information system, if available, to determine criminal history or the pendency of other proceedings involving the parties. [2013 c 84 § 7.]

7.92.080 Fees not permitted. No fees for filing or service of process may be charged by a public agency to petitioners seeking relief under this chapter. [2013 c 84 § 8.]

7.92.090 Victim's advocates. Victim advocates shall be allowed to accompany the victim and confer with the victim, unless otherwise directed by the court. Court administrators shall allow advocates to assist victims of stalking conduct in the preparation of petitions for stalking protection orders. Advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this section. [2013 c 84 § 9.]

7.92.100 Burden of proof—Issuance of protection order—Remedies. (1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of stalking conduct by the respondent, the court shall issue a stalking protection order.

(b) The petitioner shall not be denied a stalking protection order because the petitioner or the respondent is a minor or because the petitioner did not report the stalking conduct to law enforcement. The court, when determining whether or not to issue a stalking protection order, may not require proof of the respondent's intentions regarding the acts alleged by the petitioner. Modification and extension of prior stalking protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care, workplace, or school of the petitioner's minor children;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location;

(d) Prohibit the respondent from keeping the petitioner and/or the petitioner's minor children under surveillance, to include electronic surveillance;

(e) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner, to include a mental health and/or chemical dependency evaluation; and

(f) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees.

(3) Unless otherwise stated in the order, when a person is petitioning on behalf of a minor child or vulnerable adult, the relief authorized in this section shall apply only for the protection of the victim, and not the petitioner.

(4) In cases where the petitioner and the respondent attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends. [2013 c 84 § 10.]

7.92.110 Accountability for conduct of others. For the purposes of issuing a stalking protection order, deciding

what relief should be included in the order, and enforcing the order, RCW 9A.08.020 shall govern whether the respondent is legally accountable for the conduct of another person. [2013 c 84 § 11.]

7.92.120 Ex parte temporary order for protection—

Issuance. (1) Where it appears from the petition and any additional evidence that the respondent has engaged in stalking conduct and that irreparable injury could result if an order is not issued immediately without prior notice, the court may grant an ex parte temporary order for protection, pending a full hearing and grant such injunctive relief as it deems proper, including the relief as specified under RCW 7.92.100 (2)(a) through (d) and (4).

(2) Irreparable injury under this section includes, but is not limited to, situations in which the respondent has recently threatened the petitioner with bodily injury or has engaged in acts of stalking conduct against the petitioner.

(3) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following judicial day.

(4) An ex parte temporary stalking protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication or mail. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or by mail is permitted. Unless the court has permitted service by publication or mail, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

(5) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

(6) If the court declines to issue an ex parte temporary stalking protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte temporary order shall be filed with the court.

(7) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110. [2013 c 84 § 12.]

7.92.125 Ex parte temporary order—Admissibility in subsequent civil actions. An ex parte temporary order issued under this chapter shall not be admissible as evidence in any subsequent civil action for damages arising from the conduct alleged in the petition or the order. [2013 c 84 § 22.]

7.92.130 Protection orders—Duration. (1) Except as otherwise provided in this section or RCW 7.92.160, a final stalking protection order shall be effective for a fixed period of time or be permanent.

(2) Any ex parte temporary or final stalking protection order may be renewed one or more times. The petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion or affidavit stating that

there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of stalking conduct against the petitioner or the petitioner's children or family or household members when the order expires. The court may renew the stalking protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys' fees as provided in RCW 7.92.100.

(3) Any stalking protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(4) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a stalking protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice.

(5) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court's denial. [2013 c 84 § 13.]

7.92.140 Protection order—Contents. (1) Any stalking protection order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(2) A stalking protection order shall further state the following:

(a) The name of the petitioner that the court finds was the victim of stalking by the respondent;

(b) The date and time the stalking protection order was issued, whether it is an ex parte temporary or final order, and the duration of the order;

(c) The date, time, and place for any scheduled hearing for renewal of that stalking protection order or for another order of greater duration or scope;

(d) For each remedy in an ex parte temporary stalking protection order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given;

(e) For ex parte temporary stalking protection orders, that the respondent may petition the court, to modify or terminate the order if he or she did not receive actual prior notice of the hearing and if the respondent alleges that he or she had a meritorious defense to the order or that the order or its remedy is not authorized by this chapter.

(3) A stalking protection order shall include the following notice, printed in conspicuous type: "A knowing violation of this stalking protection order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order." [2013 c 84 § 14.]

7.92.150 Protection orders—Service to respondent—Service by publication. (1) An order issued under this chapter shall be personally served upon the respondent, except as

provided in subsection (6), (7), or (8) of this section. If the respondent is a minor, the respondent’s parent or legal custodian shall also be personally served.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

(7) If the respondent was not personally served with the petition, notice of hearing, and ex parte order before the hearing, the court shall reset the hearing for twenty-four days from the date of entry of the order and may order service by publication instead of personal service under the following circumstances:

(a) The sheriff or municipal officer or private process server files an affidavit stating that the officer or private process server was unable to complete personal service upon the respondent. The affidavit must describe the number and types of attempts the officer or private process server made to complete service;

(b) The petitioner files an affidavit stating that the petitioner believes that the respondent is hiding from the server to avoid service. The petitioner’s affidavit must state the reasons for the belief that the respondent is avoiding service;

(c) The server has deposited a copy of the petition, notice of hearing, and the ex parte order of protection in the post office, directed to the respondent at the respondent’s last known address, unless the server states that the server does not know the respondent’s address;

(d) The court finds reasonable grounds exist to believe that the respondent is concealing himself or herself to avoid service, and that further attempts to personally serve the respondent would be futile or unduly burdensome;

(e) The court shall reissue the temporary order of protection not to exceed another twenty-four days from the date of reissuing the ex parte protection order and order to provide service by publication; and

(f) The publication shall be made in a newspaper of general circulation in the county where the petition was brought and in the county of the last known address of the respondent once a week for three consecutive weeks. The newspaper selected must be one of the three most widely circulated papers in the county. The publication of summons shall not

be made until the court orders service by publication under this section. Service of the summons shall be considered complete when the publication has been made for three consecutive weeks. The summons must be signed by the petitioner. The summons shall contain the date of the first publication, and shall require the respondent upon whom service by publication is desired, to appear and answer the petition on the date set for the hearing. The summons shall also contain a brief statement of the reason for the petition and a summary of the provisions under the ex parte order. The summons shall be essentially in the following form:

In the court of the state of Washington for the county of
....., Petitioner
vs. No.
....., Respondent

The state of Washington to (respondent):

You are hereby summoned to appear on the day of, 20 .., at a.m./p.m., and respond to the petition. If you fail to respond, an order of protection will be issued against you pursuant to the provisions of the stalking protection order act, chapter 7.92 RCW, for a minimum of one year from the date you are required to appear. A temporary order of protection has been issued against you, restraining you from the following: (Insert a brief statement of the provisions of the ex parte order.) A copy of the petition, notice of hearing, and ex parte order has been filed with the clerk of this court.

.....
Petitioner

(8) In circumstances justifying service by publication under subsection (7) of this section, if the serving party files an affidavit stating facts from which the court determines that service by mail is just as likely to give actual notice as service by publication and that the serving party is unable to afford the cost of service by publication, the court may order that service be made by mail. Such service shall be made by any person over eighteen years of age, who is competent to be a witness, other than a party, by mailing copies of the order and other process to the party to be served at his or her last known address or any other address determined by the court to be appropriate. Two copies shall be mailed, postage prepaid, one by ordinary first-class mail and the other by a form of mail requiring a signed receipt showing when and to whom it was delivered. The envelopes must bear the return address of the sender.

(a) Proof of service under this section shall be consistent with court rules for civil proceedings.

(b) Service under this section may be used in the same manner and shall have the same jurisdictional effect as service by publication for purposes of this chapter. Service shall be deemed complete upon the mailing of two copies as prescribed in this section. [2013 c 84 § 15.]

7.92.160 Court-initiated stalking no-contact orders.

(1)(a) When any person charged with or arrested for stalking as defined in RCW 9A.46.110 or any other stalking-related

offense under RCW 9A.46.060 is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, and the victim does not qualify for a domestic violence protection order under chapter 26.50 RCW, the court authorizing release may issue, by telephone, a stalking no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The stalking no-contact order shall also be issued in writing as soon as possible.

(2)(a) At the time of arraignment or whenever a motion is brought to modify the conditions of the defendant's release, the court shall determine whether a stalking no-contact order shall be issued or extended. If a stalking no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring, including real-time global position satellite monitoring with victim notification. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring, including costs relating to real-time global position satellite monitoring with victim notification.

(b) A stalking no-contact order issued by the court in conjunction with criminal charges shall terminate if the defendant is acquitted or the charges are dismissed, unless the victim files an independent action for a stalking protection order. If the victim files an independent action for a civil stalking protection order, the order may be continued by the court until a full hearing is conducted pursuant to RCW 7.92.060.

(3)(a) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(b) A certified copy of the order shall be provided to the victim at no charge.

(4) If a stalking no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

(5) Whenever an order prohibiting contact is issued pursuant to subsection (2) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year unless a different expiration date is specified on the order into any

computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(6)(a) When a defendant is found guilty of stalking as defined in RCW 9A.46.110 or any other stalking-related offense under RCW 9A.46.060 and a condition of the sentence restricts the defendant's ability to have contact with the victim, and the victim does not qualify for a domestic violence protection order under chapter 26.50 RCW, the condition shall be recorded as a stalking no-contact order.

(b) The written order entered as a condition of sentencing shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A final stalking no-contact order entered in conjunction with a criminal prosecution shall remain in effect for a period of five years from the date of entry.

(d) A certified copy of the order shall be provided to the victim at no charge.

(7) A knowing violation of a court order issued under subsection (1), (2), or (6) of this section is punishable under RCW 26.50.110.

(8) Whenever a stalking no-contact order is issued, modified, or terminated under subsection (1), (2), or (6) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year unless a different expiration date is specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (2) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. [2013 c 84 § 16.]

7.92.170 Personal jurisdiction by court over nonresident individuals. (1) In a proceeding in which a petition for a stalking protection order is sought under this chapter, a court of this state may exercise personal jurisdiction over a nonresident individual if:

(a) The individual is personally served with a petition within this state;

(b) The individual submits to the jurisdiction of this state by consent, entering a general appearance, or filing a responsive document having the effect of waiving any objection to consent to personal jurisdiction;

(c) The act or acts of the individual or the individual's agent giving rise to the petition or enforcement of a stalking protection order occurred within this state;

(d)(i) The act or acts of the individual or the individual's agent giving rise to the petition or enforcement of a stalking protection order occurred outside this state and are part of an ongoing pattern of stalking behavior that has an adverse effect on the petitioner or a member of the petitioner's family or household and the petitioner resides in this state; or

(ii) As a result of acts of stalking behavior, the petitioner or a member of the petitioner's family or household has sought safety or protection in this state and currently resides in this state; or

(e) There is any other basis consistent with RCW 4.28.185 or with the Constitution of this state and the Constitution of the United States.

(2) For jurisdiction to be exercised under subsection (1)(d)(i) or (ii) of this section, the individual must have communicated with the petitioner or a member of the petitioner's family, directly or indirectly, or made known a threat to the safety of the petitioner or member of the petitioner's family while the petitioner or family member resides in this state. For the purposes of subsection (1)(d)(i) or (ii) of this section, "communicated or made known" includes, but is not limited to, through the mail, telephonically, or a posting on an electronic communication site or medium. Communication on any electronic medium that is generally available to any individual residing in the state shall be sufficient to exercise jurisdiction under subsection (1)(d)(i) or (ii) of this section.

(3) For the purposes of this section, an act or acts that "occurred within this state" includes, but is not limited to, an oral or written statement made or published by a person outside of this state to any person in this state by means of the mail, interstate commerce, or foreign commerce. Oral or written statements sent by electronic mail or the internet are deemed to have "occurred within this state." [2013 c 84 § 17.]

7.92.180 Copy of order to be forwarded to law enforcement agency—Entry of information into computer-based information systems. (1) A copy of a stalking protection order or stalking no-contact order granted under this chapter shall be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall immediately enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in the computer for one year unless a different expiration date is specified on the order. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. The law enforcement agency shall only expunge from the computer-based criminal intelligence information system orders that are expired, vacated, terminated, or superseded. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

[2013 RCW Supp—page 28]

(2) The information entered into the computer-based criminal intelligence information system shall include notice to law enforcement whether the order was personally served, served by publication, or served by mail. [2013 c 84 § 18.]

7.92.190 Modification or termination of protection orders. (1) Upon application with notice to all parties and after a hearing, the court may modify the terms of an existing stalking protection order.

(2) A respondent's motion to modify or terminate an existing stalking protection order must include a declaration setting forth facts supporting the requested order for termination or modification. The nonmoving parties to the proceeding may file opposing declarations. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the declarations. If the court finds that the respondent established adequate cause, the court shall set a date for hearing the respondent's motion.

(3) The court may not terminate or modify an existing stalking protection order unless the respondent proves by a preponderance of the evidence that there has been a substantial change in circumstances such that the respondent will not resume acts of stalking conduct against the petitioner or those persons protected by the protection order if the order is terminated or modified. The petitioner bears no burden of proving that he or she has a current reasonable fear of harm by the respondent.

(4) A court may require the respondent to pay the petitioner for costs incurred in responding to a motion to terminate or modify a stalking protection order, including reasonable attorneys' fees.

(5) In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system. [2013 c 84 § 19.]

7.92.900 Construction—Filing of criminal charges not required. Nothing in this chapter shall be construed as requiring criminal charges to be filed as a condition of a stalking protection order being issued. [2013 c 84 § 23.]

UNIFORM CORRECTION OR CLARIFICATION OF DEFAMATION ACT

7.96.901	Short title.

7.96.010 Intent. Since the United States supreme court recognized the First Amendment limitations on the common law tort of defamation and defamation-like torts, courts have struggled to achieve a balance between constitutionally protected guarantees of free expression and the need to protect citizens from reputational harm. Unlike personal injuries, harm to reputation can often be cured by means other than money damages. The correction or clarification of a published statement may restore a person's reputation more quickly and more thoroughly than a victorious lawsuit. The salutary effect of a correction or clarification is enhanced if it is published reasonably soon after a statement is made.

Chapter 294, Laws of 2013 seeks to provide strong incentives for individuals to promptly correct or clarify an alleged false statement as an alternative to costly litigation. The options created by chapter 294, Laws of 2013 provide an opportunity for a plaintiff who believes he or she has been harmed by a false statement to secure quick and complete vindication of his or her reputation. Chapter 294, Laws of 2013 provides publishers with a quick and cost-effective means of correcting or clarifying alleged mistakes and avoiding costly litigation. [2013 c 294 § 1.]

7.96.020 Definition of "person." The definition in this section applies throughout this chapter unless the context clearly requires otherwise.

"Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, or other legal or commercial entity. The term does not include a government or governmental subdivision, agency, or instrumentality. [2013 c 294 § 2.]

7.96.030 Scope. (1) This chapter applies to any claim for relief, however characterized, for damages arising out of harm caused by the false content of a publication that is published on or after the effective date of this section.

(2) This chapter applies to all publications, including writings, broadcasts, oral communications, electronic transmissions, or other forms of transmitting information. [2013 c 294 § 3.]

7.96.040 Request for correction or clarification. (1) A person may maintain an action for defamation or another claim covered by this chapter only if:

(a) The person has made a timely and adequate request for correction or clarification from the defendant; or

(b) The defendant has made a correction or clarification.

(2) A request for correction or clarification is timely if made within the period of limitation for commencement of an action for defamation.

(3) A request for correction or clarification is adequate if it:

(a) Is made in writing and reasonably identifies the person making the request;

(b) Specifies with particularity the statement alleged to be false and defamatory or otherwise actionable and, to the extent known, the time and place of publication;

(c) Alleges the defamatory meaning of the statement;

(d) Specifies the circumstances giving rise to any defamatory meaning of the statement which arises from other than the express language of the publication; and

(e) States that the alleged defamatory meaning of the statement is false.

(4) In the absence of a previous adequate request, service of a summons and complaint stating a claim for defamation or another claim covered by this chapter and containing the information required in subsection (3) of this section constitutes an adequate request for correction or clarification.

(5) The period of limitation for commencement of a defamation action or another claim covered by this chapter is tolled during the period allowed in RCW 7.96.070(1) for responding to a request for correction or clarification. [2013 c 294 § 4.]

7.96.050 Disclosure of evidence of falsity. (1) A person who has been requested to make a correction or clarification may ask the requester to disclose reasonably available information material to the falsity of the allegedly defamatory or otherwise actionable statement.

(2) If a correction or clarification is not made, a person who unreasonably fails to disclose the information after a request to do so may not recover damages for injury to reputation or presumed damages; however, the person may recover all other damages permitted by law. [2013 c 294 § 5.]

7.96.060 Effect of correction or clarification. If a timely and sufficient correction or clarification is made, a person may not recover damages for injury to reputation or presumed damages; however, the person may recover all other damages permitted by law. [2013 c 294 § 6.]

7.96.070 Timelines and sufficiency of correction or clarification. (1) A correction or clarification is timely if it is published before, or within thirty days after, receipt of a request for correction or clarification or of the information in RCW 7.96.050(1), whichever is later, unless the period is extended by written agreement of the parties.

(2) A correction or clarification is sufficient if it:

(a) Is published with a prominence and in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of;

(b) Refers to the statement being corrected or clarified and:

(i) Corrects the statement;

(ii) In the case of defamatory or false meaning arising from other than the express language of the publication, disclaims an intent to communicate that meaning or to assert its truth; or

(iii) In the case of a statement attributed to another person, identifies the person and disclaims an intent to assert the truth of the statement;

(c) In advance of the publication, is provided to the person who has made a request for correction or clarification; and

(d) Accompanies and is an equally prominent part of any electronic publication of the allegedly defamatory or otherwise actionable statement by the publisher.

(3) A correction or clarification is published in a medium reasonably likely to reach substantially the same audience as the publication complained of if it is published in a later issue, edition, or broadcast of the original publication.

(4) If a later issue, edition, or broadcast of the original publication will not be published within the time limits established for a timely correction or clarification, a correction or clarification is published in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of if:

(a) It is timely published in a reasonably prominent manner:

(i) In another medium likely to reach an audience reasonably equivalent to the original publication; or

(ii) If the parties cannot agree on another medium, in the newspaper with the largest general circulation in the region in which the original publication was distributed;

(b) Reasonable steps are taken to correct undistributed copies of the original publication, if any; and

(c) It is published in the next practicable issue, edition, or broadcast, if any, of the original publication.

(5) A correction or clarification is timely and sufficient if the parties agree in writing that it is timely and sufficient. [2013 c 294 § 7.]

7.96.080 Challenges to correction or clarification or to request for correction or clarification. (1) If a defendant in an action governed by this chapter intends to rely on a timely and sufficient correction or clarification, the defendant's intention to do so, and the correction or clarification relied upon, must be set forth in a notice served on the plaintiff within sixty days after service of the summons and complaint or ten days after the correction or clarification is made, whichever is later.

(2) If a defendant in an action governed by this chapter intends to challenge the adequacy or timeliness of a request for correction or clarification, the defendant must set forth the challenge in a motion to declare the request inadequate or untimely served within sixty days after service of the summons and complaint. The court shall rule on the motion at the earliest appropriate time before trial. [2013 c 294 § 8.]

7.96.090 Offer to correct or clarify. (1) If a timely correction or clarification is no longer possible, the publisher of an alleged defamatory or otherwise actionable statement may offer, at any time before trial, to make a correction or clarification. The offer must be made in writing to the person allegedly harmed by the publication and:

(a) Contain the publisher's offer to:

(i) Publish, at the person's request, a sufficient correction or clarification; and

(ii) Pay the person's reasonable expenses of litigation, including attorneys' fees, incurred before publication of the correction or clarification; and

(b) Be accompanied by a copy of the proposed correction or clarification and the plan for its publication.

(2) If the person accepts in writing an offer to correct or clarify made pursuant to subsection (1) of this section:

(a) The person is barred from commencing an action against the publisher based on the statement; or

(b) If an action has been commenced, the court shall dismiss the action against the defendant with prejudice after the defendant complies with the terms of the offer.

(3) A person who does not accept an offer made in conformance with subsection (1) of this section may not recover damages for injury to reputation or presumed damages in an action based on the statement; however, the person may recover all other damages permitted by law, together with reasonable expenses of litigation, including attorneys' fees, incurred before the offer, unless the person failed to make a good faith attempt to request a correction or clarification in accordance with RCW 7.96.040 or failed to disclose information in accordance with RCW 7.96.050.

(4) On request of either party, a court shall promptly determine the sufficiency of the offered correction or clarification. [2013 c 294 § 9.]

7.96.100 Scope of protection. A timely and sufficient correction or clarification made by a person responsible for a publication constitutes a correction or clarification made by all persons responsible for that publication other than a republisher. However, a correction or clarification that is sufficient only because of the operation of RCW 7.96.070(2)(b)(iii) does not constitute a correction or clarification made by the person to whom the statement is attributed. [2013 c 294 § 10.]

7.96.900 Uniformity of application and construction. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it. [2013 c 294 § 11.]

7.96.901 Short title. This chapter may be known and cited as the uniform correction or clarification of defamation act. [2013 c 294 § 12.]

Sections

9.46.0323 Enhanced raffles—Authority of commission—Report, recommendations. (*Expires June 30, 2017.*)

9.46.0323 Enhanced raffles—Authority of commission—Report, recommendations. (*Expires June 30, 2017.*) (1) A bona fide charitable or nonprofit organization, as defined in RCW 9.46.0209, whose primary purpose is serving individuals with intellectual disabilities may conduct enhanced raffles if licensed by the commission.

(2) The commission has the authority to approve two enhanced raffles per calendar year for western Washington and two enhanced raffles per calendar year for eastern Washington. Whether the enhanced raffle occurs in western Washington or eastern Washington will be determined by the location where the grand prize winning ticket is to be drawn as stated on the organization's application to the commission. An enhanced raffle is considered approved when voted on by the commission.

(3) The commission has the authority to approve enhanced raffles under the following conditions:

(a) The value of the grand prize must not exceed five million dollars.

(b) Sales may be made in person, by mail, by fax, or by telephone only. Raffle ticket order forms may be printed from the bona fide charitable or nonprofit organization's web site. Obtaining the form in this manner does not constitute a sale.

(c) Tickets purchased as part of a multiple ticket package may be purchased at a discount.

(d) Multiple smaller prizes are authorized during the course of an enhanced raffle for a grand prize including, but not limited to, early bird, refer a friend, and multiple ticket drawings.

(e) A purchase contract is not necessary for smaller non-cash prizes, but the bona fide charitable or nonprofit organization must be able to demonstrate that such a prize is available and sufficient funds are held in reserve in the event that the winner chooses a noncash prize.

(f) All enhanced raffles and associated smaller raffles must be independently audited, as defined by the commission during rule making. The audit results must be reported to the commission.

(g) Call centers, when licensed by the commission, are authorized. The bona fide charitable or nonprofit organization may contract with a call center vendor to receive enhanced raffle ticket sales. The vendor may not solicit sales. The vendor may be located outside the state, but the bona fide charitable or nonprofit organization must have a contractual relationship with the vendor stating that the vendor must comply with all applicable Washington state laws and rules.

(h) The bona fide charitable or nonprofit organization must be the primary recipient of the funds raised.

(i) Sales data may be transmitted electronically from the vendor to the bona fide charitable or nonprofit organization. Credit cards, issued by a state regulated or federally regulated financial institution, may be used for payment to participate in enhanced raffles.

(j) Receipts including ticket confirmation numbers may be sent to ticket purchasers either by mail or by e-mail.

(k) In the event the bona fide charitable or nonprofit organization determines ticket sales are insufficient to qualify for a complete enhanced raffle to move forward, the enhanced raffle winner must receive fifty percent of the net proceeds in excess of expenses as the grand prize. The enhanced raffle winner will receive a choice between an annuity value equal to fifty percent of the net proceeds in excess of expenses paid by annuity over twenty years, or a one-time cash payment of seventy percent of the annuity value.

(l) A bona fide charitable or nonprofit organization is authorized to hire a consultant licensed by the commission to run an enhanced raffle; in addition, the bona fide charitable or nonprofit organization must have a dedicated employee who is responsible for oversight of enhanced raffle operations. The bona fide charitable or nonprofit organization is ultimately responsible for ensuring that an enhanced raffle is conducted in accordance with all applicable state laws and rules.

(4) The commission has the authority to set fees for bona fide charitable or nonprofit organizations, call center ven-

dors, and consultants conducting enhanced raffles authorized under this section.

(5) The commission has the authority to adopt rules governing the licensing and operation of enhanced raffles.

(6) Except as specifically authorized in this section, enhanced raffles must be held in accordance with all other requirements of this chapter, other applicable laws, and rules of the commission.

(7) For the purposes of this section:

(a) "Enhanced raffle" means a game in which tickets bearing an individual number are sold for not more than two hundred fifty dollars each and in which a grand prize and smaller prizes are awarded on the basis of drawings from the tickets by the person or persons conducting the game. An enhanced raffle may include additional related entries and drawings, such as early bird, refer a friend, and multiple ticket drawings when the bona fide charitable or nonprofit organization establishes the eligibility standards for such entries and drawings before any enhanced raffle tickets are sold. No drawing may occur by using a random number generator or similar means.

(b) "Early bird drawing" means a separate drawing for a separate prize held prior to the grand prize drawing. All tickets entered into the early bird drawing, including all early bird winning tickets, are entered into subsequent early bird drawings, and also entered into the drawing for the grand prize.

(c) "Refer a friend drawing" means a completely separate drawing, using tickets distinct from those for the enhanced raffle, for a separate prize held at the conclusion of the enhanced raffle for all enhanced raffle ticket purchasers, known as the referring friend, who refer other persons to the enhanced raffle when the other person ultimately purchases an enhanced raffle ticket. The referring friend will receive one ticket for each friend referred specifically for the refer a friend drawing. In addition, each friend referred could also become a referring friend and receive his or her own additional ticket for the refer a friend drawing.

(d) "Multiple ticket drawing" means a completely separate drawing, using tickets distinct from those for the enhanced raffle, for a separate prize held at the conclusion of the enhanced raffle for all enhanced raffle ticket purchasers who purchase a specified number of enhanced raffle tickets. For example, a multiple ticket drawing could include persons who purchase three or more enhanced raffle tickets in the same order, using the same payment information, with tickets in the same person's name. For each eligible enhanced raffle ticket purchased, the purchaser also receives a ticket for the multiple ticket drawing prize.

(e) "Western Washington" includes those counties west of the Cascade mountains, including Clallam, Clark, Cowlitz, Grays Harbor, Island, Jefferson, King, Kitsap, Lewis, Mason, Pacific, Pierce, San Juan, Skagit, Skamania, Snohomish, Thurston, Wahkiakum, and Whatcom.

(f) "Eastern Washington" includes those counties east of the Cascade mountains that are not listed in (e) of this subsection.

(8) By December 2016, the commission must report back to the appropriate committees of the legislature on enhanced raffles. The report must include results of the raffles, revenue generated by the raffles, and identify any state

or federal regulatory actions taken in relation to enhanced raffles in Washington. The report must also make recommendations, if any, for policy changes to the enhanced raffle authority.

(9) This section expires June 30, 2017. [2013 c 310 § 1.]

Unless specifically waived by the court, the court shall order the department to complete a chemical dependency screening report before imposing a sentence upon a defendant who has been convicted of a violation of the uniform controlled substances act under chapter 69.50 RCW, a criminal solicitation to commit such a violation under chapter 9A.28 RCW, or any felony where the court finds that the

offender has a chemical dependency that has contributed to his or her offense. In addition, the court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

A criminal history summary relating to the defendant from the prosecuting authority or from a state, federal, or foreign governmental agency shall be prima facie evidence of the existence and validity of the convictions listed therein. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

(2) To prevent wrongful disclosure of information and records related to mental health services, as described in RCW 71.05.445 and 70.02.250, a court may take only those steps necessary during a sentencing hearing or any hearing in which the department presents information related to mental health services to the court. The steps may be taken on motion of the defendant, the prosecuting attorney, or on the court's own motion. The court may seal the portion of the record relating to information relating to mental health services, exclude the public from the hearing during presentation or discussion of information and records relating to mental health services, or grant other relief to achieve the result intended by this subsection, but nothing in this subsection shall be construed to prevent the subsequent release of information and records related to mental health services as authorized by RCW 71.05.445, 70.02.250, or 72.09.585. Any person who otherwise is permitted to attend any hearing pursuant to chapter 7.69 or 7.69A RCW shall not be excluded from the hearing solely because the department intends to disclose or discloses information related to mental health services. Effective date—2013 c 200: See note following RCW 70.02.010.

Intent—2008 c 231 §§ 2-4: "It is the legislature's intent to ensure that offenders receive accurate sentences that are based on their actual, complete criminal history. Accurate sentences further the sentencing reform act's goals of:

- (1) Ensuring that the punishment for a criminal offense is proportionate to the seriousness of the offense and the offender's criminal history;
- (2) Ensuring punishment that is just; and
- (3) Ensuring that sentences are commensurate with the punishment imposed on others for committing similar offenses.

Given the decisions in *In re Cadwallader*, 155 Wn.2d 867 (2005); *State v. Lopez*, 147 Wn.2d 515 (2002); *State v. Ford*, 137 Wn.2d 472 (1999); and *State v. McCorkle*, 137 Wn.2d 490 (1999), the legislature finds it is necessary to amend the provisions in RCW 9.94A.500, 9.94A.525, and 9.94A.530 in order to ensure that sentences imposed accurately reflect the offender's actual, complete criminal history, whether imposed at sentencing or upon resentencing. These amendments are consistent with the United States supreme court holding in *Monge v. California*, 524 U.S. 721 (1998), that double jeopardy is not implicated at resentencing following an appeal or collateral attack." [2008 c 231 § 1.]

Application—2008 c 231 §§ 2 and 3: "Sections 2 and 3 of this act apply to all sentencings and resentencings commenced before, on, or after June 12, 2008." [2008 c 231 § 5.]

Severability—2008 c 231: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2008 c 231 § 62.]

Intent—Part headings not law—2006 c 339: See notes following RCW 70.96A.325.

Intent—2000 c 75: See note following RCW 71.05.445.

Intent—1998 c 260: "It is the intent of the legislature to decrease the likelihood of recidivism and reincarceration by mentally ill offenders under correctional supervision in the community by authorizing:

- (1) The courts to request presentence reports from the department of corrections when a relationship between mental illness and criminal behavior is suspected, and to order a mental status evaluation and treatment for offenders whose criminal behavior is influenced by a mental illness; and
- (2) Community corrections officers to work with community mental health providers to support participation in treatment by mentally ill offenders on community placement or community supervision." [1998 c 260 § 1.]

III	51 to 68 months	68+ to 100 months	100+ to 120 months
II	12+ to 20 months	20+ to 60 months	60+ to 120 months
I	0 to 6 months	6+ to 12 months	12+ to 24 months

References to months represent the standard sentence ranges. 12+ equals one year and one day.

(2) The court may utilize any other sanctions or alternatives as authorized by law, including but not limited to the special drug offender sentencing alternative under RCW 9.94A.660 or drug court under RCW 2.28.170.

(3) Nothing in this section creates an entitlement for a criminal defendant to any specific sanction, alternative, sentence option, or substance abuse treatment. [2013 2nd sp.s. c 14 § 1; 2002 c 290 § 8.]

Application—Recalculation of earned release date—2013 2nd sp.s. c 14: "Pursuant to RCW 9.94A.729, the department shall recalculate the earned release date for any offender currently serving a term in a facility or institution either operated by the state or utilized under contract. The earned release date shall be recalculated whether the offender is currently incarcerated or is sentenced after July 1, 2013, and regardless of the offender's date of offense. For offenders whose offense was committed prior to July 1, 2013, the recalculation shall not extend a term of incarceration beyond that to which an offender is currently subject." [2013 2nd sp.s. c 14 § 4.]

Declaration—2013 2nd sp.s. c 14 § 4: "The legislature declares that section 4 of this act does not create any liberty interest. The department is authorized to take the time reasonably necessary to complete the recalculations of section 4 of this act after July 1, 2013." [2013 2nd sp.s. c 14 § 6.]

Compilation of sentencing information—Report—2013 2nd sp.s. c 14: "(1)(a) The department must, in consultation with the caseload forecast council, compile the following information in summary form for the two years prior to and after July 1, 2013: For offenders sentenced under RCW 9.94A.517 for a seriousness level I offense where the offender score is three to five: (A) The total number of sentences and the average length of sentence imposed, sorted by sentences served in state versus local correctional facilities; (B) the number of current and prior felony convictions for each offender; (C) the estimated cost or cost savings, total and per offender, to the state and local governments from the change to the maximum sentence pursuant to RCW 9.94A.517(1); and (D) the number of offenders who were sentenced to community custody, the number of violations committed on community custody, and any sanctions imposed for such violations.

(b) The department must submit a report with its findings to the office of financial management and the appropriate fiscal and policy committees of the house of representatives and the senate by January 1, 2015, and January 1, 2018.

(2) For purposes of this section, "department" means the department of corrections." [2013 2nd sp.s. c 14 § 5.]

Effective date—2013 2nd sp.s. c 14: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2013." [2013 2nd sp.s. c 14 § 9.]

Applicability—2013 2nd sp.s. c 14 § 1: "Section 1 of this act applies to sentences imposed on or after July 1, 2013, regardless of the date of offense." [2013 2nd sp.s. c 14 § 7.]

Expiration date—2013 2nd sp.s. c 14 §§ 1 and 5: "Sections 1 and 5 of this act expire July 1, 2018." [2013 2nd sp.s. c 14 § 10.]

Intent—2002 c 290: "It is the intent of the legislature to increase the use of effective substance abuse treatment for defendants and offenders in Washington in order to make frugal use of state and local resources, thus reducing recidivism and increasing the likelihood that defendants and offenders will become productive and law-abiding persons. The legislature recognizes that substance abuse treatment can be effective if it is well planned and involves adequate monitoring, and that substance abuse and addiction is a public safety and public health issue that must be more effectively addressed if recidivism is to be reduced. The legislature intends that sentences for drug offenses accurately reflect the adverse impact of substance abuse and addiction on public safety, that the public must have protection from violent offenders, and further intends that such sentences be based on policies that are supported by research and public policy goals established by the legislature." [2002 c 290 § 1.]

9.94A.525 Offender score. The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW

46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy,

count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

9.94A.533 Adjustments to standard sentences. (1)

The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter

9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(3);

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addi-

tion of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(3);

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the

statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(2) (a) or (b) or 69.50.410;

(b) Fifteen months for offenses committed under RCW 69.50.401(2) (c), (d), or (e);

(c) Twelve months for offenses committed under RCW 69.50.4013.

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the standard sentence range for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435 or 9.94A.827. All enhancements under this subsection shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055. All enhancements under this subsection shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions.

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(i) Two years for any felony defined under the law as a class A felony or with a statutory maximum sentence of at least twenty years, or both;

(ii) Eighteen months for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both;

(iii) One year for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both;

(iv) If the offender is being sentenced for any sexual motivation enhancements under (a)(i), (ii), and/or (iii) of this subsection and the offender has previously been sentenced for any sexual motivation enhancements on or after July 1, 2006, under (a)(i), (ii), and/or (iii) of this subsection, all sexual motivation enhancements under this subsection shall be twice the amount of the enhancement listed;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(3);

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

(12) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.831.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832. 9.94A.535 Departures from the guidelines. The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(i) The defendant was making a good faith effort to obtain or provide medical assistance for someone who is experiencing a drug-related overdose.

(j) The current offense involved domestic violence, as defined in RCW 10.99.020, and the defendant suffered a continuing pattern of coercion, control, or abuse by the victim of the offense and the offense is a response to that coercion, control, or abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statu-

tory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, or stalking, as defined in RCW 9A.46.110, and one or more of the following was present:

9.94A.729 Earned release time—Risk assessments.

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for pre-sentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(c) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(ii) Has no prior conviction for the offenses listed in (c)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the con-

ditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section. [2013 2nd sp.s. c 14 § 2; 2013 c 266 § 1; 2011 1st sp.s. c 40 § 4; 2010 c 224 § 7; 2009 c 455 § 3.]

9A.44.020 Testimony—Evidence—Written motion—Admissibility. (1) In order to convict a person of any crime defined in this chapter it shall not be necessary that the testimony of the alleged victim be corroborated.

(2) Evidence of the victim's past sexual behavior including but not limited to the victim's marital history, divorce history, or general reputation for promiscuity, nonchastity, or sexual mores contrary to community standards is inadmissible on the issue of credibility and is inadmissible to prove the victim's consent except as provided in subsection (3) of this section, but when the perpetrator and the victim have engaged in sexual intercourse with each other in the past, and when the past behavior is material to the issue of consent, evidence concerning the past behavior between the perpetrator and the victim may be admissible on the issue of consent to the offense.

(3) In any prosecution for the crime of rape, trafficking pursuant to RCW 9A.40.100, or any of the offenses in chapter 9.68A RCW, or for an attempt to commit, or an assault with an intent to commit any such crime evidence of the victim's past sexual behavior including but not limited to the victim's marital behavior, divorce history, or general reputation for promiscuity, nonchastity, or sexual mores contrary to community standards is not admissible if offered to attack the credibility of the victim and is admissible on the issue of consent, except where prohibited in the underlying criminal offense, only pursuant to the following procedure:

(a) A written pretrial motion shall be made by the defendant to the court and prosecutor stating that the defense has an offer of proof of the relevancy of evidence of the past sexual behavior of the victim proposed to be presented and its relevancy on the issue of the consent of the victim.

(b) The written motion shall be accompanied by an affidavit or affidavits in which the offer of proof shall be stated.

(c) If the court finds that the offer of proof is sufficient, the court shall order a hearing out of the presence of the jury, if any, and the hearing shall be closed except to the necessary witnesses, the defendant, counsel, and those who have a direct interest in the case or in the work of the court.

(d) At the conclusion of the hearing, if the court finds that the evidence proposed to be offered by the defendant regarding the past sexual behavior of the victim is relevant to the issue of the victim's consent; is not inadmissible because its probative value is substantially outweighed by the probability that its admission will create a substantial danger of undue prejudice; and that its exclusion would result in denial of substantial justice to the defendant; the court shall make an order stating what evidence may be introduced by the defendant, which order may include the nature of the questions to be permitted. The defendant may then offer evidence pursuant to the order of the court.

(4) Nothing in this section shall be construed to prohibit cross-examination of the victim on the issue of past sexual behavior when the prosecution presents evidence in its case in chief tending to prove the nature of the victim's past sexual behavior, but the court may require a hearing pursuant to subsection (3) of this section concerning such evidence. (d) When the perpetrator is a health care provider, the victim is a client or patient, and the sexual contact occurs during a treatment session, consultation, interview, or examination. 9A.44.150 Testimony of child by closed-circuit television. (1) On motion of the prosecuting attorney in a criminal proceeding, the court may order that a child under the age of fourteen may testify in a room outside the presence of the defendant and the jury while one-way closed-circuit television equipment simultaneously projects the child's testimony into another room so the defendant and the jury can watch and hear the child testify if:

(a) The testimony will:

(i) Describe an act or attempted act of sexual contact performed with or on the child witness by another person or with or on a child other than the child witness by another person;

(ii) Describe an act or attempted act of physical abuse against the child witness by another person or against a child other than the child witness by another person;

(iii) Describe a violation of RCW 9A.40.100 (trafficking) or any offense identified in chapter 9.68A RCW (sexual exploitation of children); or

(iv) Describe a violent offense as defined by RCW 9.94A.030 committed against a person known by or familiar to the child witness or by a person known by or familiar to the child witness;

(b) The testimony is taken during the criminal proceeding;

(c) The court finds by substantial evidence, in a hearing conducted outside the presence of the jury, that requiring the child witness to testify in the presence of the defendant will cause the child to suffer serious emotional or mental distress that will prevent the child from reasonably communicating at the trial. If the defendant is excluded from the presence of the child, the jury must also be excluded;

(d) As provided in (a) and (b) of this subsection, the court may allow a child witness to testify in the presence of the defendant but outside the presence of the jury, via closed-circuit television, if the court finds, upon motion and hearing outside the presence of the jury, that the child will suffer serious emotional distress that will prevent the child from reasonably communicating at the trial in front of the jury, or, that although the child may be able to reasonably communicate at trial in front of the jury, the child will suffer serious emotional or mental distress from testifying in front of the jury. If the child is able to communicate in front of the defendant but not the jury the defendant will remain in the room with the child while the jury is excluded from the room;

(e) The court finds that the prosecutor has made all reasonable efforts to prepare the child witness for testifying, including informing the child or the child's parent or guardian about community counseling services, giving court tours, and explaining the trial process. If the prosecutor fails to demonstrate that preparations were implemented or the prosecutor in good faith attempted to implement them, the court shall deny the motion;

(f) The court balances the strength of the state's case without the testimony of the child witness against the defendant's constitutional rights and the degree of infringement of the closed-circuit television procedure on those rights;

(g) The court finds that no less restrictive method of obtaining the testimony exists that can adequately protect the child witness from the serious emotional or mental distress;

(h) When the court allows the child witness to testify outside the presence of the defendant, the defendant can com-

municate constantly with the defense attorney by electronic transmission and be granted reasonable court recesses during the child's testimony for person-to-person consultation with the defense attorney;

(i) The court can communicate with the attorneys by an audio system so that the court can rule on objections and otherwise control the proceedings;

(j) All parties in the room with the child witness are on camera and can be viewed by all other parties. If viewing all participants is not possible, the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child;

(k) The court finds that the television equipment is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment; and

(l) The court imposes reasonable guidelines upon the parties for conducting the filming to avoid trauma to the child witness or abuse of the procedure for tactical advantage.

The prosecutor, defense attorney, and a neutral and trained victim's advocate, if any, shall always be in the room where the child witness is testifying. The court in the court's discretion depending on the circumstances and whether the jury or defendant or both are excluded from the room where the child is testifying, may remain or may not remain in the room with the child.

(2) During the hearing conducted under subsection (1) of this section to determine whether the child witness may testify outside the presence of the defendant and/or the jury, the court may conduct the observation and examination of the child outside the presence of the defendant if:

(a) The prosecutor alleges and the court concurs that the child witness will be unable to testify in front of the defendant or will suffer severe emotional or mental distress if forced to testify in front of the defendant;

(b) The defendant can observe and hear the child witness by closed-circuit television;

(c) The defendant can communicate constantly with the defense attorney during the examination of the child witness by electronic transmission and be granted reasonable court recesses during the child's examination for person-to-person consultation with the defense attorney; and

(d) The court finds the closed-circuit television is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment. Whenever possible, all the parties in the room with the child witness shall be on camera so that the viewers can see all the parties. If viewing all participants is not possible, then the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child.

(3) The court shall make particularized findings on the record articulating the factors upon which the court based its decision to allow the child witness to testify via closed-circuit television pursuant to this section. The factors the court may consider include, but are not limited to, a consideration of the child's age, physical health, emotional stability, expressions by the child of fear of testifying in open court or in front of the defendant, the relationship of the defendant to the child, and the court's observations of the child's inability to reasonably communicate in front of the defendant or in open court. The court's findings shall identify the impact the factors have

upon the child's ability to testify in front of the jury or the defendant or both and the specific nature of the emotional or mental trauma the child would suffer. The court shall determine whether the source of the trauma is the presence of the defendant, the jury, or both, and shall limit the use of the closed-circuit television accordingly.

(4) This section does not apply if the defendant is an attorney pro se unless the defendant has a court-appointed attorney assisting the defendant in the defense.

(5) This section may not preclude the presence of both the child witness and the defendant in the courtroom together for purposes of establishing or challenging the identification of the defendant when identification is a legitimate issue in the proceeding.

(6) The Washington supreme court may adopt rules of procedure regarding closed-circuit television procedures.

(7) All recorded tapes of testimony produced by closed-circuit television equipment shall be subject to any protective order of the court for the purpose of protecting the privacy of the child witness.

(8) Nothing in this section creates a right of the child witness to a closed-circuit television procedure in lieu of testifying in open court.

(9) The state shall bear the costs of the closed-circuit television procedure.

(10) A child witness may or may not be a victim in the proceeding.

(11) Nothing in this section precludes the court, under other circumstances arising under subsection (1)(a) of this section, from allowing a child to testify outside the presence of the defendant and the jury so long as the testimony is presented in accordance with the standards and procedures required in this section. [2013 c 302 § 9; 2005 c 455 § 1; 1990 c 150 § 2.]

9A.46.040 Court-ordered requirements upon person charged with crime—Violation. (1) Because of the likelihood of repeated harassment directed at those who have been victims of harassment in the past, when any defendant charged with a crime involving harassment is released from custody before trial on bail or personal recognizance, the court authorizing the release may issue an order pursuant to this chapter and require that the defendant:

(a) Stay away from the home, school, business, or place of employment of the victim or victims of the alleged offense or other location, as shall be specifically named by the court in the order;

A certified copy of the order shall be provided to the victim by the clerk of the court.

(3) If the defendant is charged with the crime of stalking or any other stalking-related offense under RCW 9A.46.060, and the court issues an order protecting the victim, the court shall issue a stalking no-contact order pursuant to chapter 7.92 RCW. (4) The stalking no-contact order shall be issued and entered with the appropriate law enforcement agency pursuant to the procedures outlined in chapter 7.92 RCW. [2013 c 84 § 28.]

9A.46.110 Stalking. (1) A person commits the crime of stalking if, without lawful authority and under circumstances not amounting to a felony attempt of another crime:

(a) He or she intentionally and repeatedly harasses or repeatedly follows another person; and

(b) The person being harassed or followed is placed in fear that the stalker intends to injure the person, another person, or property of the person or of another person. The feeling of fear must be one that a reasonable person in the same situation would experience under all the circumstances; and

(c) The stalker either:

(i) Intends to frighten, intimidate, or harass the person; or
(ii) Knows or reasonably should know that the person is afraid, intimidated, or harassed even if the stalker did not intend to place the person in fear or intimidate or harass the person.

(2)(a) It is not a defense to the crime of stalking under subsection (1)(c)(i) of this section that the stalker was not given actual notice that the person did not want the stalker to contact or follow the person; and

(b) It is not a defense to the crime of stalking under subsection (1)(c)(ii) of this section that the stalker did not intend to frighten, intimidate, or harass the person.

(3) It shall be a defense to the crime of stalking that the defendant is a licensed private investigator acting within the capacity of his or her license as provided by chapter 18.165 RCW.

(4) Attempts to contact or follow the person after being given actual notice that the person does not want to be con-

tacted or followed constitutes prima facie evidence that the stalker intends to intimidate or harass the person. "Contact" includes, in addition to any other form of contact or communication, the sending of an electronic communication to the person.

(5)(a) Except as provided in (b) of this subsection, a person who stalks another person is guilty of a gross misdemeanor.

(b) A person who stalks another is guilty of a class B felony if any of the following applies: (i) The stalker has previously been convicted in this state or any other state of any crime of harassment, as defined in RCW 9A.46.060, of the same victim or members of the victim's family or household or any person specifically named in a protective order; (ii) the stalking violates any protective order protecting the person being stalked; (iii) the stalker has previously been convicted of a gross misdemeanor or felony stalking offense under this section for stalking another person; (iv) the stalker was armed with a deadly weapon, as defined in RCW 9.94A.825, while stalking the person; (v)(A) the stalker's victim is or was a law enforcement officer; judge; juror; attorney; victim advocate; legislator; community corrections' officer; an employee, contract staff person, or volunteer of a correctional agency; court employee, court clerk, or courthouse facilitator; or an employee of the child protective, child welfare, or adult protective services division within the department of social and health services; and (B) the stalker stalked the victim to retaliate against the victim for an act the victim performed during the course of official duties or to influence the victim's performance of official duties; or (vi) the stalker's victim is a current, former, or prospective witness in an adjudicative proceeding, and the stalker stalked the victim to retaliate against the victim as a result of the victim's testimony or potential testimony.

(b) "Follows" means deliberately maintaining visual or physical proximity to a specific person over a period of time. A finding that the alleged stalker repeatedly and deliberately appears at the person's home, school, place of employment, business, or any other location to maintain visual or physical proximity to the person is sufficient to find that the alleged stalker follows the person. It is not necessary to establish that the alleged stalker follows the person while in transit from one location to another.

(c) "Harasses" means unlawful harassment as defined in RCW 10.14.020.

(d) "Protective order" means any temporary or permanent court order prohibiting or limiting violence against, harassment of, contact or communication with, or physical proximity to another person.

(2) Appointment of a qualified expert or professional person under this section must be from a list of qualified experts or professional persons assembled with participation by representatives of the prosecuting attorney and the defense bar of the county. The qualified expert or professional person shall complete an evaluation and report that includes the components specified in RCW 10.77.060(3).

(3) The county shall provide a copy of the evaluation report to the applicable state hospital upon referral of the defendant for admission to the state hospital. The county shall maintain data on the timeliness of competency evaluations completed under this section.

(4) A qualified expert or professional person appointed by a court under this section must be compensated for competency evaluations in an amount that will encourage in-depth evaluation reports. Subject to the availability of amounts appropriated for this specific purpose, the department shall reimburse the county in an amount determined by the department to be fair and reasonable with the county paying any excess costs. The amount of reimbursement established by the department must at least meet the equivalent amount for evaluations conducted by the department.

(4) [(5)] Nothing in this section precludes either party from objecting to the appointment of an evaluator on the basis that an inpatient evaluation is appropriate under RCW 10.77.060(1)(d).

(5) [(6)] This section expires June 30, 2016. [2013 c 284 § 1.]

Data gathering and report—2013 c 284: "Within current resources, the office of the state human resources director shall gather market salary data related to psychologists and psychiatrists employed by the department of social and health services and department of corrections and report to the governor and relevant committees of the legislature by June 30, 2013." [2013 c 284 § 2.]

Effective date—2013 c 284: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2013]." [2013 c 284 § 3.]

10.77.086 Commitment—Procedure in felony charge. (1)(a) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, or has been determined unlikely to regain competency pursuant to RCW 10.77.084(1)(b), but in any event for a period of no longer than ninety days, the court:

(i) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment; or

(ii) May alternatively order the defendant to undergo evaluation and treatment at some other facility as determined by the department, or under the guidance and control of a professional person.

(b) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under

RCW 9.94A.030, the maximum time allowed for the initial period of commitment for competency restoration is forty-five days.

(2) On or before expiration of the initial period of commitment under subsection (1) of this section the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent.

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third restoration period as provided in subsection (4) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(4) For persons charged with a felony, at the hearing upon the expiration of the second restoration period or at the end of the first restoration period, in the case of a defendant with a developmental disability, if the jury or court finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and the court shall order the defendant be committed to a state hospital as defined in RCW 72.23.010 for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months. [2013 c 289 § 2; 2012 c 256 § 6; 2007 c 375 § 4.]

Findings—2013 c 289: "The legislature finds that persons with a mental illness or developmental disability are more likely to be victimized by crime than to be perpetrators of crime. The legislature further finds that there are a small number of individuals who commit repeated violent acts against others while suffering from the effects of a mental illness and/or developmental disability that both contributes to their criminal behaviors and renders them legally incompetent to be held accountable for those behaviors. The legislature further finds that the primary statutory mechanisms designed to protect the public from violent behavior, either criminal commitment to a corrections institution, or long-term commitment as not guilty by reason of insanity, are unavailable due to the legal incompetence of these individuals to stand trial. The legislature further finds that the existing civil system of short-term commitments under the Washington's involuntary treatment act is insufficient to protect the public from these violent acts. Finally, the legislature finds that changes to the involuntary treatment act to account for this small number of individuals is necessary in order to serve Washington's compelling interest in public safety and to provide for the proper care of these individuals." 10.77.200 Release—Procedure. (1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the person who is the subject of the petition examined by an expert or professional person of the prosecuting attorney's choice. If the secretary is the petitioner, the attorney general shall represent the secretary. If the person who is the subject of the petition is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the person who is the subject of the petition has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the person who is the subject of the petition no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions. If the person who is the subject of the petition will be transferred to a state correctional institution or facility upon release to serve a sentence for any class A felony, the petitioner must show that the person's mental disease or defect is manageable within a state correctional institution or facility, but must not be required to prove that the person does not present either a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, if released.

(4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the person who is the subject of the petition has a mental disease or defect in a state of remission under this subsection, the court may deny

release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The petition shall be served upon the court, the prosecuting attorney, and the secretary. Upon receipt of such petition, the secretary shall develop a recommendation as provided in subsection (1) of this section and provide the secretary's recommendation to all parties and the court. The issue to be determined on such proceeding is whether the patient, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus. [2013 c 289 § 7; 2010 c 263 § 8; 2000 c 94 § 16; 1998 c 297 § 44; 1993 c 31 § 11; 1989 c 420 § 11; 1983 c 25 § 2; 1974 ex.s. c 198 § 16; 1973 1st ex.s. c 117 § 20.]

(1) The secretary shall establish an independent public safety review panel for the purpose of advising the secretary and the courts with respect to persons who have been found not guilty by reason of insanity, or persons committed under the involuntary treatment act where the court has made a special finding under RCW 71.05.280(3)(b). The panel shall provide advice regarding all recommendations to the secretary, decisions by the secretary, or actions pending in court: (a) For a change in commitment status; (b) to allow furloughs or temporary leaves accompanied by staff; (c) not to seek further commitment terms under RCW 71.05.320; or (d) to permit movement about the grounds of the treatment facility, with or without the accompaniment of staff.

(2) The members of the public safety review panel shall be appointed by the governor for a renewable term of three years and shall include the following:

- (a) A psychiatrist;
- (b) A licensed clinical psychologist;
- (c) A representative of the department of corrections;
- (d) A prosecutor or a representative of a prosecutor's association;
- (e) A representative of law enforcement or a law enforcement association;
- (f) A consumer and family advocate representative; and
- (g) A public defender or a representative of a defender's association.

(3) Thirty days prior to issuing a recommendation for conditional release under RCW 10.77.150 or forty-five days prior to issuing a recommendation for release under RCW 10.77.200, the secretary shall submit its recommendation with the committed person's application and the department's risk assessment to the public safety review panel. The public safety review panel shall complete an independent

assessment of the public safety risk entailed by the secretary's proposed conditional release recommendation or release recommendation and provide this assessment in writing to the secretary. The public safety review panel may, within funds appropriated for this purpose, request additional evaluations of the committed person. The public safety review panel may indicate whether it is in agreement with the secretary's recommendation, or whether it would issue a different recommendation. The secretary shall provide the panel's assessment when it is received along with any supporting documentation, including all previous reports of evaluations of the committed person in the person's hospital record, to the court, prosecutor in the county that ordered the person's commitment, and counsel for the committed person.

(4) The secretary shall notify the public safety review panel at appropriate intervals concerning any changes in the commitment or custody status of persons found not guilty by reason of insanity, or persons committed under the involuntary treatment act where the court has made a special finding under RCW 71.05.280(3)(b). The panel shall have access, upon request, to a committed person's complete hospital record, and any other records deemed necessary by the public safety review panel.

(5) The department shall provide administrative and financial support to the public safety review panel. The department, in consultation with the public safety review panel, may adopt rules to implement this section.

(6) By December 1, 2014, the public safety review panel shall report to the appropriate legislative committees the following:

(a) Whether the public safety review panel has observed a change in statewide consistency of evaluations and decisions concerning changes in the commitment status of persons found not guilty by reason of insanity;

(b) Whether the public safety review panel should be given the authority to make release decisions and monitor release conditions;

(c) Whether further changes in the law are necessary to enhance public safety when incompetency prevents operation of the criminal justice system and long-term commitment of the criminally insane; and

(d) Any other issues the public safety review panel deems relevant. [2013 c 289 § 3; 2010 c 263 § 1.]

(b) A report adequately discloses the existence of a potential claim for breach of trust if it provides sufficient information so that the beneficiary or representative knows or should have known of the potential claim. A report that includes all of the items described in this subsection [(1)](b) that are relevant for the reporting period is presumed to have provided such sufficient information regarding the existence of potential claims for breach of trust for such period:

(i) A statement of receipts and disbursements of principal and income that have occurred during the accounting period;

(ii) A statement of the assets and liabilities of the trust and their values at the beginning and end of the period;

(iii) The trustee's compensation for the period;

(iv) The agents hired by the trustee, their relationship to the trustee, if any, and their compensation, for the period;

(v) Disclosure of any pledge, mortgage, option, or lease of trust property, or other agreement affecting trust property binding for a period of five years or more that was granted or entered into during the accounting period;

(vi) Disclosure of all transactions during the period that are equivalent to one of the types of transactions described in RCW 11.98.078 or otherwise could have been affected by a conflict between the trustee's fiduciary and personal interests;

(vii) A statement that the recipient of the account information may petition the superior court pursuant to chapter 11.106 RCW to obtain review of the statement and of acts of the trustee disclosed in the statement; and

(viii) A statement that claims against the trustee for breach of trust may not be made after the expiration of three years from the date the trustee delivers the report in the manner provided in RCW 11.96A.110.

(c) If (a) of this subsection does not apply, a judicial proceeding by a beneficiary against a trustee for breach of trust must be commenced within three years after the first to occur of:

- (i) The removal, resignation, or death of the trustee;
- (ii) The termination of the beneficiary's interest in the trust; or
- (iii) The termination of the trust.

(d) For purposes of this section, "express trust" does not include resulting trusts, constructive trusts, business trusts in which certificates of beneficial interest are issued to the beneficiary, investment trusts, voting trusts, trusts in the nature of mortgages or pledges, liquidation trusts, or trusts for the sole purpose of paying dividends, interest, interest coupons, salaries, wages, pensions, or profits, trusts created in deposits in any financial institution under chapter 30.22 RCW, unless any such trust that is created in writing specifically incorporates this chapter in whole or in part.

(2) Except as provided in RCW 11.96A.250 with respect to special representatives, an action against a personal representative for alleged breach of fiduciary duty by an heir, legatee, or other interested party must be brought before discharge of the personal representative.

(3) The legislature hereby confirms the long standing public policy of promoting the prompt and efficient resolution of matters involving trusts and estates. To further implement this policy, the legislature adopts the following statutory provisions in order to:

(a) Encourage and facilitate the participation of qualified individuals as special representatives;

(b) Serve the public's interest in having a prompt and efficient resolution of matters involving trusts or estates; and

(c) Promote complete and final resolution of proceedings involving trusts and estates.

(i) Actions against a special representative must be brought before the earlier of:

(A) Three years from the discharge of the special representative as provided in RCW 11.96A.250; or

(B) The entry of an order by a court of competent jurisdiction under RCW 11.96A.240 approving the written agreement executed by all interested parties in accord with the provisions of RCW 11.96A.220.

(ii) If a legal action is commenced against the special representative after the expiration of the period during which claims may be brought against the special representative as provided in (c)(i) of this subsection, alleging property damage, property loss, or other civil liability caused by or resulting from an alleged act or omission of the special representative arising out of or by reason of the special representative's duties or actions as special representative, the special representative must be indemnified: (A) From the assets held in the trust or comprising the estate involved in the dispute; and (B) by the persons bringing the legal action, for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action. To the extent possible, indemnification must be made first by the persons bringing the legal action, second from that portion of the trust or estate that is held for the benefit of, or has been distributed or applied to, the persons bringing the legal action, and third from the other

assets held in the trust or comprising the estate involved in the dispute.

(4) The tolling provisions of RCW 4.16.190 apply to this chapter except that the running of a statute of limitations under subsection (1) or (2) of this section, or any other applicable statute of limitations for any matter that is the subject of dispute under this chapter, is not tolled as to an individual who had a guardian ad litem, limited or general guardian of the estate, or a special representative to represent the person during the probate or dispute resolution proceeding. 11.96A.090 Judicial proceedings. (1) A judicial proceeding under this title is a special proceeding under the civil rules of court. The provisions of this title governing such actions control over any inconsistent provision of the civil rules.

(2) A judicial proceeding under this title must be commenced as a new action.

(3) Once commenced, the action may be consolidated with an existing proceeding upon the motion of a party for good cause shown, or by the court on its own motion.

(4) The procedural rules of court apply to judicial proceedings under this title only to the extent that they are consistent with this title, unless otherwise provided by statute or ordered by the court under RCW 11.96A.020 or 11.96A.050, or other applicable rules of court. [2013 c 246 § 2; 1999 c 42 § 302.]

11.96A.120 Application of doctrine of virtual representation. (1) Notice to a person who may represent and bind another person under this section has the same effect as if notice were given directly to the other person.

(2) The consent of a person who may represent and bind another person under this section is binding on the person represented unless the person represented objects to the representation before the consent would otherwise have become effective.

(3) The following limitations on the ability to serve as a virtual representative apply:

(a) A trustor may not represent and bind a beneficiary under this section with respect to the termination and modification of an irrevocable trust; and

(b) Representation of an incapacitated trustor with respect to his or her powers over a trust is subject to the provisions of RCW 11.103.030, and chapters 11.96A, 11.88, and 11.92 RCW.

(4) To the extent there is no conflict of interest between the representative and the person represented or among those being represented with respect to the particular question or dispute:

(a) A guardian may represent and bind the estate that the guardian controls, subject to chapters 11.96A, 11.88, and 11.92 RCW;

(b) A guardian of the person may represent and bind the incapacitated person if a guardian of the incapacitated person's estate has not been appointed;

(c) An agent having authority to act with respect to the particular question or dispute may represent and bind the principal;

(d) A trustee may represent and bind the beneficiaries of the trust;

(e) A personal representative of a decedent's estate may represent and bind persons interested in the estate; and

(f) A parent may represent and bind the parent's minor or unborn child or children if a guardian for the child or children has not been appointed.

(5) Unless otherwise represented, a minor, incapacitated, or unborn individual, or a person whose identity or location is unknown and not reasonably ascertainable, may be represented by and bound by another having a substantially identical interest with respect to the particular question or dispute, but only to the extent there is no conflict of interest between the representative and the person represented with regard to the particular question or dispute.

(6) Where an interest has been given to persons who comprise a certain class upon the happening of a certain event, the living persons who would constitute the class as of the date the representation is to be determined may virtually represent all other members of the class as of that date, but only to the extent that there is no conflict of interest between the representative and the person(s) represented with regard to the particular question or dispute.

(7) Where an interest has been given to a living person, and the same interest, or a share in it, is to pass to the surviving spouse or surviving domestic partner or to persons who are, or might be, the heirs, issue, or other kindred of that living person or the distributees of the estate of that living person upon the happening of a future event, that living person may virtually represent the surviving spouse or surviving domestic partner, heirs, issue, or other kindred of the person, and the distributees of the estate of the person, but only to the extent that there is no conflict of interest between the representative and the person(s) represented with regard to the particular question or dispute.

(8) Except as otherwise provided in subsection (7) of this section, where an interest has been given to a person or a class of persons, or both, upon the happening of any future event, and the same interest or a share of the interest is to pass to another person or class of persons, or both, upon the happening of an additional future event, the living person or persons who would take the interest upon the happening of the first event may virtually represent the persons and classes of persons who might take on the happening of the additional future event, but only to the extent that there is no conflict of interest between the representative and the person(s) represented with regard to the particular question or dispute.

(9) To the extent there is no conflict of interest between the holder of the power of appointment and the persons represented with respect to the particular question or dispute, the holder of a lifetime or testamentary power of appointment may virtually represent and bind persons who are permissible appointees or takers in default (but only to the extent that they are permissible appointees in the case of a limited power of appointment) under the power, and who are not permissible distributees as defined in RCW 11.98.002.

(10) The attorney general may virtually represent and bind a charitable organization if:

(a) The charitable organization is not a qualified beneficiary as defined in RCW 11.98.002 specified in the trust instrument or acting as trustee; or

(b) The charitable organization is a qualified beneficiary, but is not a permissible distributee, as those terms are defined in RCW 11.98.002, and its beneficial interest in the trust is subject to change by the trustor or by a person designated by the trustor.

(11) An action taken by the court is conclusive and binding upon each person receiving actual or constructive notice or who is otherwise represented under this section.

(12) This section is intended to adopt the common law concept of virtual representation. This section supplements the common law relating to the doctrine of virtual representation and may not be construed as limiting the application of that common law doctrine. 11.96A.125 Mistake of fact or law in terms of will or trust—Judicial and nonjudicial reform. The terms of a will or trust, even if unambiguous, may be reformed by judicial proceedings under this chapter to conform the terms to the intention of the testator or trustor if it is proved by clear, cogent, and convincing evidence that both the intent of the testator or trustor and the terms of the will or trust were affected by a mistake of fact or law, whether in expression or inducement. This does not limit the ability to reform the will or trust using the binding nonjudicial procedures of RCW 11.96A.220. [2013 c 272 § 6; 2011 c 327 § 11.]

11.96A.250 Special representative. (1)(a) Any party or the parent of a minor or unborn party may petition the court for the appointment of a special representative to represent a party: (i) Who is a minor; (ii) who is incapacitated without an appointed guardian of his or her estate; (iii) who is yet unborn or unascertained; or (iv) whose identity or address is unknown. The petition may be heard by the court without notice.

(b) In appointing the special representative the court shall give due consideration and deference to any nomination(s) made in the petition, the special skills required in the representation, and the need for a representative who will act independently and prudently. The nomination of a person as special representative by the petitioner and the person's willingness to serve as special representative are not grounds by themselves for finding a lack of independence, however, the court may consider any interests that the nominating party may have in the estate or trust in making the determination.

(c) The special representative may enter into a binding agreement on behalf of the person or beneficiary. The special representative may be appointed for more than one person or class of persons if the interests of such persons or class are not in conflict. The petition must be verified. The petition

and order appointing the special representative may be in the following form:

11.98.005 Trust situs and governing law. (1) If provisions of a trust instrument designate Washington as the situs of the trust or designate Washington law to govern the trust or any of its terms, then the situs of the trust is Washington provided that one of the following conditions is met:

(a) A trustee has a place of business in or a trustee is a resident of Washington; or

(b) More than an insignificant part of the trust administration occurs in Washington; or

(c) The trustor resides in Washington at the time situs is being established, or resided in Washington at the time the trust became irrevocable; or

(d) One or more of the qualified beneficiaries resides in Washington; or

(e) An interest in real property located in Washington is an asset of the trust.

(2)(a) Unless the trust instrument designates a state other than Washington as the situs of the trust and does not expressly authorize transfer of situs, the trustee may register the trust as a Washington trust if any of the factors in subsection (1)(a) through (e) of this section are present. The trustee must register the trust by filing with the clerk of the court in any county where venue lies for the trust under RCW 11.96A.050, a statement including the following information:

(i) The name and address of the trustee;

(ii) The date of the trust, name of the trustor, and name of the trust, if any;

(iii) The factor or factors listed in subsection (1)(a) through (e) of this section that are present for the trust and which qualify the trust for registration.

(b) Within five days of filing the registration with the court, the trustee must mail a copy of the registration to each qualified beneficiary who has not waived notice of the registration, in writing, filed in the cause, together with a notice that must be in substantially the same form as set forth in this section. Persons receiving such notice have thirty days from the date of filing the registration to file a petition in the court objecting to such registration and requesting the court to issue an order that Washington is not the proper situs of the trust, and to serve a copy of such petition upon the trustee or the trustee's lawyer. If a petition objecting to the registration is filed within thirty days of the date of filing the registration, the trustee must request the court to fix a time and place for the hearing of the petition and notify by mail, personal service or electronic transmission, if a valid consent to electronic transmission is in effect under the terms of RCW 11.96A.110, all qualified beneficiaries of the time and place of the hearing, not less than ten days before the hearing on the petition.

(c) Unless a person receiving notice of the registration files a petition with the court objecting to the registration within thirty days of the date of filing the registration, the registration will be deemed the equivalent of an order entered by the court declaring that the situs of the trust is Washington. After expiration of the thirty-day period following filing of the registration, the trustee may obtain a certificate of registration signed by the clerk, and issued under the seal of the court, which may be in the form specified in (d) of this subsection.

(d) Notice of registration and certificates of registration may be in the following form:

(i) Notice form:

If you file and serve a petition within the period specified, the undersigned will request the court to fix a time and place for the hearing of your petition, and you will be notified of the time and place thereof, by mail, or personal service, not less than ten days before the hearing on the petition.

(ii) Certificate of Registration:

(3) If the instrument establishing a trust does not designate any jurisdiction as the situs or designate any jurisdiction's governing law to apply to the trust, and the trustee of the trust has not registered the trust as allowed in subsection (2) of this section, the situs of the trust is Washington if situs has not previously been established by any court proceeding and the additional conditions specified in this subsection (3) are met.

(a) For a testamentary trust, the situs of the trust is Washington if:

(i) The will was admitted to probate in Washington; or

(ii) The will has not been admitted to probate in Washington, but any trustee of the trust resides or has a place of business in Washington, any qualified beneficiary resides in Washington, or any real property that is an asset of the trust is located in Washington.

(c) If the situs of the trust is not determined under (a) or (b) of this subsection, the determination regarding the situs of the trust is a matter for purposes of RCW 11.96A.030. 11.98.015 Noncharitable trusts without ascertainable beneficiaries. Except as otherwise provided in chapter 11.118 RCW or by another statute, the following rules apply:

(1) A trust may be created for a noncharitable purpose without a definite or definitely ascertainable beneficiary or

for a noncharitable but otherwise valid purpose to be selected by the trustee. The trust may not be enforced for longer than the time period specified in RCW 11.98.130 as the period during which a trust cannot be deemed to violate the rule against perpetuities;

(2) A trust authorized by this section may be enforced by a person appointed in the terms of the trust or, if no person is so appointed, by a person appointed by the court. Such person is considered to be a permissible distributee of the trust; and

(3) Property of a trust authorized by this section may be applied only to its intended use, except to the extent the court determines that the value of the trust property exceeds the amount required for the intended use. Except as otherwise provided in the terms of the trust, property not required for the intended use must be distributed to the trustor, if then living, otherwise to the trustor's successors in interest. Successors in interest include the beneficiaries under the trustor's will, if the trustor has a will, or, in the absence of an effective will provision, the trustor's heirs. 11.98.017 Trusteeship—Accepting and declining—Powers without acceptance. (1) Except as otherwise provided in subsection (3) of this section, a person designated as trustee accepts the trusteeship:

(a) By substantially complying with a method of acceptance provided in the terms of the trust; or

(b) If the terms of the trust do not provide a method of acceptance or the method provided in the terms is not expressly made exclusive, by accepting delivery of the trust property, exercising powers or performing duties as trustee, or otherwise indicating acceptance of the trusteeship.

(2) A person designated as trustee who has not yet accepted the trusteeship may decline the trusteeship by delivering a written declination of the trusteeship to the trustor or, if the trustor is deceased or is incapacitated, to a successor trustee, if any, and if none, to a qualified beneficiary.

(3) A person designated as trustee, without accepting the trusteeship, may:

(a) Act to preserve the trust property if, within a reasonable time after acting, the person sends a written declination of the trusteeship to the trustor or, if the trustor is dead or is incapacitated, to a successor trustee, if any, and if none, to a qualified beneficiary; and

(b) Inspect or investigate trust property to determine potential liability under environmental or other law or for any other purpose. [2013 c 272 § 10.]

Application—2013 c 272: See note following RCW 11.98.002.

11.98.019 Relinquishment of powers by trustee. Any trustee may, by written instrument delivered to any then acting co-trustee and to the permissible distributees of the trust, relinquish to any extent and upon any terms any or all of the trustee's powers, rights, authorities, or discretions that are or may be tax sensitive in that they cause or may cause adverse tax consequences to the trustee or the trust. Any trustee not relinquishing such a power, right, authority, or discretion and

upon whom it is conferred continues to have full power to exercise it. [2013 c 272 § 11; 1985 c 30 § 42. Prior: 1984 c 149 § 69.]

Application—2013 c 272: See note following RCW 11.98.002.

11.98.039 Nonjudicial change of trustee—Judicial appointment or change of trustee—Liability and duties of successor fiduciary. (1) Where a vacancy occurs in the office of the trustee and there is a successor trustee who is willing to serve as trustee and (a) is named in the governing instrument as successor trustee or (b) has been selected to serve as successor trustee under the procedure established in the governing instrument for the selection of a successor trustee, the outgoing trustee, or any other interested party, must give notice of such vacancy, whether arising because of the trustee's resignation or because of any other reason, and of the successor trustee's agreement to serve as trustee, to each permissible distributee. The successor trustee named in the governing instrument or selected pursuant to the procedure therefor established in the governing instrument is entitled to act as trustee except for good cause or disqualification. The successor trustee is deemed to have accepted the trusteeship as of the effective date of the discharge of the predecessor trustee as provided in RCW 11.98.041.

(2) Where a vacancy exists or occurs in the office of the trustee and there is no successor trustee who is named in the governing instrument or who has been selected to serve as successor trustee under the procedure established in the governing instrument for the selection of a successor trustee, and who is willing to serve as trustee, then all parties with an interest in the trust may agree to a nonjudicial change of the trustee under RCW 11.96A.220. The successor trustee is deemed to have accepted the trusteeship as of the effective date of the discharge of the predecessor trustee as provided in RCW 11.98.041 or, in circumstances where there is no predecessor trustee, as of the effective date of the trustee's appointment.

(3) When there is a desire to name one or more cotrustees to serve with the existing trustee, then all parties with an interest in the trust may agree to the nonjudicial addition of one or more cotrustees under RCW 11.96A.220. The additional cotrustee is deemed to have accepted the trusteeship as of the effective date of the cotrustee's appointment.

(4) Unless subsection (1), (2), or (3) of this section applies, any beneficiary of a trust, the trustor, if alive, or the trustee may petition the superior court having jurisdiction for the appointment or change of a trustee or cotrustee under the procedures provided in RCW 11.96A.080 through 11.96A.200: (a) Whenever the office of trustee becomes vacant; (b) upon filing of a petition of resignation by a trustee; or (c) for any other reasonable cause.

(5) For purposes of this subsection, the term fiduciary includes both trustee and personal representative.

(a) Except as otherwise provided in the governing instrument, a successor fiduciary, absent actual knowledge of a breach of fiduciary duty: (i) Is not liable for any act or omission of a predecessor fiduciary and is not obligated to inquire into the validity or propriety of any such act or omission; (ii)

is authorized to accept as conclusively accurate any accounting or statement of assets tendered to the successor fiduciary by a predecessor fiduciary; and (iii) is authorized to receipt only for assets actually delivered and has no duty to make further inquiry as to undisclosed assets of the trust or estate.

(b) Nothing in this section relieves a successor fiduciary from liability for retaining improper investments, nor does this section in any way bar the successor fiduciary, trust beneficiaries, or other party in interest from bringing an action against a predecessor fiduciary arising out of the acts or omissions of the predecessor fiduciary, nor does it relieve the successor fiduciary of liability for its own acts or omissions except as specifically stated or authorized in this section.

(6) A change of trustee to a foreign trustee does not change the situs of the trust. Transfer of situs of a trust to another jurisdiction requires compliance with RCW 11.98.005 and RCW 11.98.045 through 11.98.055. 11.98.041 Change of trustee—Discharge of outgoing trustee, when. Where a vacancy occurs in the office of trustee under the circumstances described in RCW 11.98.039 (1) or (2), the outgoing trustee is discharged upon the agreement of all parties entitled to notice or upon the expiration of thirty days after notice is given of such vacancy as required by the applicable subsection of RCW 11.98.039, whichever occurs first, or if no notice is required under RCW 11.98.039(1), upon the date the vacancy occurs, unless before the effective date of such discharge a petition is filed under RCW 11.98.039(4) regarding the appointment or change of a trustee of the trust. Where a petition is filed under RCW 11.98.039(4) regarding the appointment or change of a trustee, the superior court having jurisdiction may discharge the trustee from the trust and may appoint a successor trustee upon such terms as the court may require. 11.98.045 Criteria for transfer of trust assets or administration. (1) If a trust is a Washington trust under RCW 11.98.005, a trustee may transfer the situs of the trust to a jurisdiction other than Washington if the trust instrument so provides or in accordance with RCW 11.98.051 or 11.98.055.

(2) Transfer under this section is permitted only if:

(a) The transfer would facilitate the economic and convenient administration of the trust;

(b) The transfer would not materially impair the interests of the qualified beneficiaries or others interested in the trust;

(c) The transfer does not violate the terms of the trust;

(d) The new trustee is qualified and able to administer the trust or such assets on the terms set forth in the trust; and

(e) The trust meets at least one condition for situs listed in RCW 11.98.005(1) with respect to the new jurisdiction.

(3) Acceptance of such transfer by a foreign corporate trustee or trust company under this section or RCW 11.98.051 or 11.98.055 may not be construed to be doing a "trust business" as described in RCW 30.08.150(9). [2013 c 272 § 14; 2011 c 327 § 23; 1985 c 30 § 45. Prior: 1984 c 149 § 74.]

11.98.051 Nonjudicial transfer of trust assets or administration—Notice—Consent required. (1) The trustee may transfer trust situs (a) in accordance with RCW 11.96A.220; or (b) by giving written notice to the attorney general in the case of a charitable trust subject to chapter 11.110 RCW and to the qualified beneficiaries not less than sixty days before initiating the transfer. The notice must:

(a) State the name and mailing address of the trustee;

(b) Include a copy of the governing instrument of the trust;

(c) Include a statement of assets and liabilities of the trust dated within ninety days of the notice;

(d) State the name and mailing address of the trustee to whom the trust will be transferred together with evidence that the trustee has agreed to accept the trust in the manner provided by law of the new situs. The notice must also contain a statement of the trustee's qualifications and the name of the court, if any, having jurisdiction of that trustee or in which a proceeding with respect to the administration of the trust may be heard;

(e) State the facts supporting the requirements of RCW 11.98.045(2);

(f) Advise the recipients of the notice of the date, not less than sixty days after the giving of the notice, by which such recipients must notify the trustee of an objection to the proposed transfer; and

(g) Include a form on which the recipient may object to the proposed transfer.

(2) If the date upon which the right to object to the transfer expires without receipt by the trustee of any objection, the trustee may transfer the trust situs as provided in the notice. If the trust was registered under RCW 11.98.045(2), the trustee must file a notice of transfer of situs and termination of registration with the court of the county where the trust was registered.

(3) The authority of a trustee under this section to transfer a trust's situs terminates if a recipient of the notice notifies the trustee of an objection to the proposed transfer on or before the date specified in the notice.

(4) A change of trust situs does not authorize a change of trustee. Change of trustee of a trust requires compliance with RCW 11.98.039. [2013 c 272 § 15; 2011 c 327 § 24; 1999 c 42 § 619; 1985 c 30 § 46. Prior: 1984 c 149 § 75.]

11.98.072 Trustee—Notification requirements. (1) A trustee must keep all qualified beneficiaries of a trust reasonably informed about the administration of the trust and of the material facts necessary for them to protect their interests. Unless unreasonable under the circumstances, a trustee must promptly respond to any beneficiary's request for information related to the administration of the trust. The trustee is deemed to have satisfied the request of a qualified beneficiary who requests information concerning the terms of the trust reasonably necessary to enable such beneficiary to enforce his or her rights under the trust if the trustee provides a copy of the entire trust instrument. If a qualified beneficiary must compel production of information from the trustee by order of the court, then the court may order costs, including reasonable attorneys' fees, to be awarded to such beneficiary pursuant to RCW 11.96A.150.

(2)(a) Except to the extent waived or modified as provided in subsection (5) of this section, within sixty days after the date of acceptance of the position of trustee, the trustee must give notice to the qualified beneficiaries of the trust of:

- (i) The existence of the trust;
- (ii) The identity of the trustor or trustors;
- (iii) The trustee's name, address, and telephone number;

and

(iv) The right to request such information as is reasonably necessary to enable the notified person to enforce his or her rights under the trust.

(b) The notice required under this subsection (2) applies only to irrevocable trusts created after December 31, 2011, and revocable trusts that become irrevocable after December 31, 2011.

(3) Despite any other provision of this section, and except to the extent waived or modified as provided in subsection (5) of this section, the trustee may not be required to provide any information described in subsection (1) or (2) of this section to any beneficiary of a trust other than the trustor's spouse or domestic partner if:

- (a) Such spouse or domestic partner has capacity;
- (b) Such spouse or domestic partner is the only permissible distributee of the trust; and
- (c) All of the other qualified beneficiaries of the trust are the descendants of the trustor and the trustor's spouse or domestic partner.

(4) While the trustor of a revocable trust is living, no beneficiary other than the trustor is entitled to receive any information under this section.

(5) The trustor may waive or modify the notification requirements of subsections (2) and (3) of this section in the trust document or in a separate writing, made at any time, that is delivered to the trustee. [2013 c 272 § 16.]

Application—2013 c 272: See note following RCW 11.98.002.

11.98.078 Trustee duty of loyalty. (1) A trustee must administer the trust solely in the interests of the beneficiaries.

(2) Subject to the rights of persons dealing with or assisting the trustee as provided in RCW 11.98.105, a sale, encumbrance, or other transaction involving the investment or man-

agement of trust property entered into by the trustee for the trustee's own personal account or which is otherwise affected by a conflict between the trustee's fiduciary and personal interests is voidable by a beneficiary affected by the transaction unless:

(a) The transaction was authorized by the terms of the trust;

(b) The transaction was approved by the court or approved in a nonjudicial binding agreement in compliance with RCW 11.96A.210 through 11.96A.250;

(c) The beneficiary did not commence a judicial proceeding within the time allowed by RCW 11.96A.070;

(d) The beneficiary consented to the trustee's conduct, ratified the transaction, or released the trustee in compliance with RCW 11.98.108; or

(e) The transaction involves a contract entered into or claim acquired by the trustee before the person became or contemplated becoming trustee.

(3)(a) A sale, encumbrance, or other transaction involving the investment or management of trust property is presumed to be "otherwise affected" by a conflict between fiduciary and personal interests under this section if it is entered into by the trustee with:

- (i) The trustee's spouse or registered domestic partner;
- (ii) The trustee's descendants, siblings, parents, or their spouses or registered domestic partners;
- (iii) An agent or attorney of the trustee; or

(iv) A corporation or other person or enterprise in which the trustee, or a person that owns a significant interest in the trustee, has an interest that might affect the trustee's best judgment.

(b) The presumption is rebutted if the trustee establishes that the conflict did not adversely affect the interests of the beneficiaries.

(4) A sale, encumbrance, or other transaction involving the investment or management of trust property entered into by the trustee for the trustee's own personal account that is voidable under subsection (2) of this section may be voided by a beneficiary without further proof.

(5) An investment by a trustee in securities of an investment company or investment trust to which the trustee, or its affiliate, provides services in a capacity other than as trustee is not presumed to be affected by a conflict between personal and fiduciary interests if the investment complies with the prudent investor rule of chapter 11.100 RCW. In addition to its compensation for acting as trustee, the trustee may be compensated by the investment company or investment trust for providing those services out of fees charged to the trust. If the trustee receives compensation from the investment company or investment trust for providing investment advisory or investment management services, the trustee must at least annually notify the permissible distributees of the rate and method by which that compensation was determined. The obligation of the trustee to provide the notice described in this section may be waived or modified by the trustor in the trust document or in a separate writing, made at any time, that is delivered to the trustee.

(6) The following transactions, if fair to the beneficiaries, cannot be voided under this section:

- (a) An agreement between a trustee and a beneficiary relating to the appointment or compensation of the trustee;

(b) Payment of reasonable compensation to the trustee and any affiliate providing services to the trust, provided total compensation is reasonable;

(c) A transaction between a trust and another trust, decedent's estate, or guardianship of which the trustee is a fiduciary or in which a beneficiary has an interest;

(d) A deposit of trust money in a regulated financial-service institution operated by the trustee or its affiliate;

(e) A delegation and any transaction made pursuant to the delegation from a trustee to an agent that is affiliated or associated with the trustee; or

(f) Any loan from the trustee or its affiliate.

(7) The court may appoint a special fiduciary to make a decision with respect to any proposed transaction that might violate this section if entered into by the trustee.

(8) If a trust has two or more beneficiaries, the trustee must act impartially in administering the trust and distributing the trust property, giving due regard to the beneficiaries' respective interests. [2013 c 272 § 23; 2011 c 327 § 32.]

Application—2013 c 272: See note following RCW 11.98.002.

Application—Effective date—2011 c 327: See notes following RCW 11.103.020.

11.98.080 Consolidation of trusts. (1)(a) Two or more trusts may be consolidated if:

(i) The trusts so provide; or

(ii) Whether provided in the trusts or not, the requirements of subsection (2), (3), or (4) of this section are satisfied.

(b) Consolidation under subsection (2), (3), or (4) of this section is permitted only if:

(i) The dispositive provisions of each trust to be consolidated are substantially similar;

(ii) Consolidation is not inconsistent with the intent of the trustor with regard to any trust to be consolidated; and

(iii) Consolidation would facilitate administration of the trusts and would not materially impair the interests of the beneficiaries.

(c) Trusts may be consolidated whether created inter vivos or by will, by the same or different instruments, by the same or different trustors, whether the trustees are the same, and regardless of where the trusts were created or administered.

(2)(a) A trustee must deliver sixty days in advance written notice of a proposed consolidation in the manner provided in RCW 11.96A.110 to the qualified beneficiaries of every trust affected by the consolidation and to any trustee of such trusts who does not join in the notice. The notice must: (i) State the name and mailing address of the trustee; (ii) include a copy of the governing instrument of each trust to be consolidated; (iii) include a statement of assets and liabilities of each trust to be consolidated, dated within ninety days of the notice; (iv) fully describe the terms and manner of consolidation; and (v) state the reasons supporting the requirements of subsection (1)(b) of this section. The notice must advise the recipient of the right to petition for a judicial determination of the proposed consolidation as provided in subsection (4) of this section, and must indicate that the recipient has thirty days to object to the proposed consolidation.

(b) If the trustee receives written objection to the proposed consolidation from any trustee or beneficiary entitled

to notice or from their representatives within the objection period provided in subsection (a) of this section, the trustee(s) may not consolidate the trusts as provided in the notice, though an objection does not preclude the trustee or a beneficiary's right to petition for a judicial determination of the proposed consolidation as provided in subsection (4) of this section. If the trustee does not receive any objection within the objection period provided above, then the trustee may consolidate the trusts, and such will be deemed the equivalent of an order entered by the court declaring that the trusts were combined in the manner provided in the initial notice.

(3) The trustees of two or more trusts may consolidate the trusts on such terms and conditions as appropriate without court approval as provided in RCW 11.96A.220.

(4)(a) Any trustee, beneficiary, or special representative may petition the superior court of the county in which the situs of a trust is located for an order consolidating two or more trusts under RCW 11.96A.080 through 11.96A.200.

(b) At the conclusion of the hearing, if the court finds that the requirements of subsection (1)(b) of this section have been satisfied, it may direct consolidation of two or more trusts on such terms and conditions as appropriate. The court in its discretion may provide for payment from one or more of the trusts of reasonable fees and expenses for any party to the proceeding.

(5) This section applies to all trusts whenever created. Any person dealing with the trustee of the resulting consolidated trust is entitled to rely on the authority of that trustee to act and is not obliged to inquire into the validity or propriety of the consolidation under this section.

(6) For powers of fiduciaries to divide trusts, see RCW 11.108.025. [2013 c 272 § 17; 1999 c 42 § 621; 1991 c 6 § 2; 1985 c 30 § 51. Prior: 1984 c 149 § 81.]

(2) If a revocable trust is created or funded by more than one trustor and unless the trust agreement provides otherwise:

(a) To the extent the trust consists of community property, the trust may be revoked by either spouse or either domestic partner acting alone but may be amended only by joint action of both spouses or both domestic partners;

(b) To the extent the trust consists of property other than community property, each trustor may revoke or amend the trust with regard to the portion of the trust property attributable to that trustor's contribution;

(c) The character of community property or separate property is unaffected by its transfer to and from a revocable trust; and

(d) Upon the revocation or amendment of the trust by fewer than all of the trustors, the trustee must promptly notify the other trustors of the revocation or amendment.

(3) The trustor may revoke or amend a revocable trust:

(a) By substantial compliance with a method provided in the terms of the trust; or

(b)(i) If the terms of the trust do not provide a method or the method provided in the terms is not expressly made exclusive, by:

(A) A later will or codicil that expressly refers to the trust or specifically devises property that would otherwise have passed according to the terms of the trust; or

(B) A written instrument signed by the trustor evidencing intent to revoke or amend.

(ii) The requirements of chapter 11.11 RCW do not apply to revocation or amendment of a revocable trust under (b)(i) of this subsection.

(4) Upon revocation of a revocable trust, the trustee must deliver the trust property as the trustor directs.

(5) A trustor's powers with respect to the revocation or amendment of a trust or distribution of the property of a trust, may be exercised by the trustor's agent under a power of attorney only to the extent specified in the power of attorney document, as provided in RCW 11.94.050(1) and to the extent consistent with or expressly authorized by the trust agreement.

(a) Twenty-four months after the trustor's death; or

(b) Four months after the trustee sent to the person by personal service, mail, or in an electronic transmission if there is a consent of the recipient to electronic transmission then in effect under the terms of RCW 11.96A.110, a notice including:

(i) The name and date of the trust;

(ii) The identity of the trustor or trustors;

(iii) The trustee's name, address, and telephone number; and

Chapter 13.04 RCW BASIC JUVENILE COURT ACT (Formerly: Juvenile courts)

Sections

13.04.011 Definitions.

13.04.011 Definitions. For purposes of this title:

(1) "Adjudication" has the same meaning as "conviction" in RCW 9.94A.030, but only for the purposes of sentencing under chapter 9.94A RCW;

(2) Except as specifically provided in RCW 13.40.020 and chapters 13.24 and 13.34 RCW, "juvenile," "youth," and "child" mean any individual who is under the chronological age of eighteen years;

(3) "Juvenile offender" and "juvenile offense" have the meaning ascribed in RCW 13.40.020;

(4) "Court" when used without further qualification means the juvenile court judge(s) or commissioner(s);

(5) "Parent" or "parents," except as used in chapter 13.34 RCW, means that parent or parents who have the right of legal custody of the child. "Parent" or "parents" as used in chapter 13.34 RCW, means the biological or adoptive parents of a child unless the legal rights of that person have been terminated by judicial proceedings;

(6) "Custodian" means that person who has the legal right to custody of the child. [2011 c 330 § 2; 2010 c 150 § 4; 1997 c 338 § 6; 1992 c 205 § 119; 1979 c 155 § 1; 1977 ex.s. c 291 § 2.]

Intent—2013 c 39; 2011 c 330: "The Washington state legislature has consistently provided national leadership on safe housing and support to foster youth transitioning out of foster care. Since 2006, the legislature has addressed the needs of foster youth aging out of care with medicaid to twenty-one (2007), foster care to twenty-one (2006), the independent youth housing program (2007), and Washington's alignment with the federal fostering connections act (2009). As a result of this national leadership to provide safe and basic housing to youth aging out of foster care, the programs have demonstrated the significant cost-benefit to providing safe housing to our youth exiting foster care.

The United States congress passed the fostering connections to success and increasing adoptions act of 2008 in order to give states another financial tool to continue to provide foster care services to dependent youth who turn eighteen years old while in foster care. However, substantially declining revenues have resulted in markedly decreased funds for states to use to meet the federal requirements necessary to help these youth. Current fiscal realities require that the scope of programs must be narrowed.

The Washington state legislature intends to serve, within the resources available, the maximum number of foster youth who are legally dependent on the state and who reach the age of eighteen while still in foster care. The legislature intends to provide these youth continued foster care services to support basic and healthy transition into adulthood. The legislature recognizes the extremely poor outcomes of unsupported foster youth aging out of the foster care system and is committed to ensuring that those foster youth who engage in positive, age-appropriate activities receive support. It is the intent of the legislature to fully engage in the fostering connections act by providing support, including extended court supervision to foster youth pursuing a high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 to age twenty-one with the goal of increasing support to all children up to age twenty-one who are eligible under the federal fostering connections to success act as resources become available." [2013 c 39 § 1; 2011 c 330 § 1.]

13.32A.082 Providing shelter to minor—Requirement to notify parent, law enforcement, or department.

(1)(a) Except as provided in (b) of this subsection, any person, unlicensed youth shelter, or runaway and homeless youth program that, without legal authorization, provides shelter to a minor and that knows at the time of providing the shelter that the minor is away from a lawfully prescribed residence or home without parental permission, shall promptly report the location of the child to the parent, the law enforcement agency of the jurisdiction in which the person lives, or the department.

(b)(i) If a licensed overnight youth shelter, or another licensed organization with a stated mission to provide services to homeless or runaway youth and their families, shelters a child and knows at the time of providing the shelter that the child is away from a lawfully prescribed residence or home without parental permission, it must contact the youth's parent within seventy-two hours, but preferably within twenty-four hours, following the time that the youth is admitted to the shelter or other licensed organization's program. The notification must include the whereabouts of the youth, a description of the youth's physical and emotional condition, and the circumstances surrounding the youth's contact with the shelter or organization. If there are compelling reasons not to notify the parent, the shelter or organization must instead notify the department.

(ii) At least once every eight hours after learning that a youth receiving services or shelter under this section is away from home without permission, the shelter or organization staff must consult the information that the Washington state patrol makes publicly available under RCW 43.43.510(2). If the youth is publicly listed as missing, the shelter or organization must immediately notify the department of its contact with the youth listed as missing. The notification must include a description of the minor's physical and emotional condition and the circumstances surrounding the youth's contact with the shelter or organization.

(c) Reports required under this section may be made by telephone or any other reasonable means.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Shelter" means the person's home or any structure over which the person has any control.

(b) "Promptly report" means to report within eight hours after the person has knowledge that the minor is away from a lawfully prescribed residence or home without parental permission.

(c) "Compelling reasons" include, but are not limited to, circumstances that indicate that notifying the parent or legal

guardian will subject the minor to abuse or neglect as defined in RCW 26.44.020.

(3) When the department receives a report under subsection (1) of this section, it shall make a good faith attempt to notify the parent that a report has been received and offer services designed to resolve the conflict and accomplish a reunification of the family.

(4) Nothing in this section prohibits any person, unlicensed youth shelter, or runaway and homeless youth program from immediately reporting the identity and location of any minor who is away from a lawfully prescribed residence or home without parental permission more promptly than required under this section. [2013 c 4 § 2; 2011 c 151 § 1; 2010 c 229 § 2; 2000 c 123 § 10; 1996 c 133 § 14; 1995 c 312 § 34.]

Effective date—2011 c 151 § 1: "Section 1 of this act takes effect July 1, 2012." [2011 c 151 § 2.]

Findings—2010 c 229: "The legislature finds that youth services provide safety to youth on the streets and are a critical pathway to ensuring the youth's return home. Runaway youth are without protection, live under the threat of violence, and fall victim to predators who exploit their vulnerability. The policy of this state is to provide assistance to youth in crisis and to protect and preserve families. In order to effectively serve youth on the streets and promote their safe return home, shelters must have the time to establish and maintain an environment that facilitates open communication and trust.

The legislature also finds that parents of runaway youth have an interest in knowing their sons and daughters are safe in a shelter, rather than on the streets without protection. The legislature further finds that law enforcement and the department can notify a parent that the youth is safe, without disclosing the youth's location or compromising the ability of youth services providers to effectively assist youth in crisis." [2010 c 229 § 1.]

13.32A.085 Unlicensed youth shelter or unlicensed runaway and homeless youth program—Private right of action or claim.

A private right of action or claim on the part of a parent is created against an unlicensed youth shelter or unlicensed runaway and homeless youth program that fails to meet the reporting requirements in RCW 13.32A.082(1) (a), (b), and (c). [2013 c 4 § 3; 2010 c 229 § 3.]

Findings—2010 c 229: See note following RCW 13.32A.082.

13.34.030 Definitions. For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or
 (b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;
 (b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;
 (c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or
 (d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which

disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(9) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(10) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(11) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(13) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(14) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(17) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(18) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(19) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(21) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate set-

tings. Supervised independent living settings must be approved by the children's administration or the court.

(22) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

Findings—2013 c 182: "The legislature believes that youth residing in foster care are capable of achieving success in school with appropriate support. Youth residing in foster care in Washington state lag behind their non-foster youth peers in educational outcomes. Reasonable efforts by the department of social and health services to monitor educational outcomes and encourage academic achievement for youth in out-of-home care should be a responsibility of the child welfare system. When a youth is removed from his or her school district, it is the expectation of the legislature that the department of social and health services recognizes [recognize] the impact this move may have on a youth's academic success and provide the youth with necessary supports to be successful in school. The legislature believes that active oversight and advocacy by an educational liaison and collaborations will encourage youth to reach their fullest academic potential." [2013 c 182 § 1.]

Legislative finding—1983 c 311: "The legislature finds that in order for the state to receive federal funds for family foster care under Title IV-B and Title IV-E of the social security act, all children in family foster care must be subjected to periodic court review. Unfortunately, this includes children who are developmentally disabled and who are placed in family foster care solely because their parents have determined that the children's service needs require out-of-home placement. Except for providing such needed services, the parents of these children are completely competent to care for the children. The legislature intends by this act to minimize the embarrassment and inconvenience of developmentally disabled persons and their fam-

ilies caused by complying with these federal requirements." [1983 c 311 § 1.]

13.34.045 Educational liaison—Identification. (1)

The department must identify an educational liaison for youth in grades six through twelve who are subject to a proceeding under this chapter and who meet one of the following requirements:

- (a) All parental rights have been terminated;
- (b) Parents are unavailable because of incarceration or other limitations;
- (c) The court has restricted contact between the youth and parents; or
- (d) The youth is placed in a behavioral rehabilitative setting and the court has limited the educational rights of parents.

(2) If a child is placed in the custody of the department at the shelter care hearing, the department shall recommend the identified educational liaison at the shelter care hearing and all subsequent review hearings for the given case. The purpose of identifying the educational liaison at each hearing during the dependency case is to determine if the identified educational liaison remains appropriate for the case as youth change placements.

(3) It is presumed that the educational liaison is the youth's parent. If a youth's parent is not able to serve as the educational liaison, the department must identify another person to act as the educational liaison. It is preferred that the educational liaison be known to the youth and be a relative, other suitable person as described in RCW 13.34.130(1)(b), or the youth's foster parent. Birth parents with a primary plan of family reunification may serve as the educational liaison. The identified educational liaison should be a person committed to providing enduring educational support to the youth. If the department is not able to identify an adult with an existing relationship to the youth who is able to serve as the educational liaison, the court may appoint another adult as the educational liaison, such as the court-appointed special advocate if applicable, but may not appoint the youth's caseworker. In the event that any party disagrees with the department's recommendation, the court shall determine who will serve as the educational liaison based on who is most appropriate and available to act in the youth's educational interest. [2013 c 182 § 3.]

Findings—2013 c 182: See note following RCW 13.34.030.

13.34.046 Educational liaison—Responsibilities—Background checks. (1) Unless otherwise directed by the court, the responsibilities of the educational liaison for a youth subject to a proceeding under this chapter include, but are not limited to, the following:

- (a) To attend educational meetings and dependency hearings;
- (b) To meet with local school personnel at regular intervals regarding the youth's educational performance and academic needs;
- (c) To seek to understand the youth's academic strengths, areas of concern, and future life goals;
- (d) To advocate for necessary educational services;

(e) To join in decision-making processes regarding appropriate school placements, school coursework, personal future, and educational planning;

(f) To explore opportunities and barriers for youth to participate in extracurricular activities;

(g) To involve youth in educational decisions as developmentally appropriate;

(h) To keep all information regarding the youth confidential except as required pursuant to lawful order of a court; and

(i) To provide a written or verbal report to the court during each dependency hearing. The report must include information about the youth's educational progress, experience in school, and the educational liaison's and youth's recommendations regarding needed services in school or the community.

(2) The educational liaison may serve as the surrogate parent or educational representative under federal law.

(3) The educational liaison may have access to all educational records pertaining to the youth involved in the case, without the consent of a parent or guardian of the child, or if the child is under thirteen years of age.

(4) The educational liaison is a volunteer and not compensated for services.

(5) The educational liaison must complete background checks as required by the department. [2013 c 182 § 5.]

Findings—2013 c 182: See note following RCW 13.34.030.

13.34.065 Shelter care—Hearing—Recommendation as to further need—Release. (1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) If it is likely that the child will remain in shelter care longer than seventy-two hours, in those areas in which child welfare services are being provided by a supervising agency, the supervising agency shall assume case management responsibilities of the case. The department or supervising agency shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the seventy-two hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department or supervising agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have

been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. If such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, the fingerprint-based background check need not be completed before placement, but as soon as possible after placement. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department or supervising agency in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or supervising agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (b) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the

control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department. [2013 c 162 § 6; 2011 c 309 § 24. 13.34.067 Shelter care—Case conference—Service agreement. (1)(a) Following shelter care and no later than thirty days prior to fact-finding, the department or supervising agency shall convene a case conference as required in the shelter care order to develop and specify in a written service agreement the expectations of both the department or supervising agency and the parent regarding voluntary services for the parent.

(b) The case conference shall include the parent, counsel for the parent, caseworker, counsel for the state, guardian ad litem, counsel for the child, and any other person agreed upon by the parties. Once the shelter care order is entered, the department or supervising agency is not required to provide additional notice of the case conference to any participants in the case conference.

(c) The written service agreement expectations must correlate with the court's findings at the shelter care hearing. The written service agreement must set forth specific services to be provided to the parent.

(d) The case conference agreement must be agreed to and signed by the parties. The court shall not consider the content of the discussions at the case conference at the time of the fact-finding hearing for the purposes of establishing that the child is a dependent child, and the court shall not consider any documents or written materials presented at the case conference but not incorporated into the case conference agreement, unless the documents or written materials were prepared for purposes other than or as a result of the case conference and are otherwise admissible under the rules of evidence.

(2) At any other stage in a dependency proceeding, the department or supervising agency, upon the parent's request, shall convene a case conference.

(3) If a case conference is convened pursuant to subsection (1) or (2) of this section and the parent is unable to participate in person due to incarceration, the parent must have the option to participate through the use of a teleconference or videoconference. 13.34.069 Shelter care—Order and authorization of health care and education records. If a child is placed in

the custody of the department of social and health services or other supervising agency, immediately following the shelter care hearing, an order and authorization regarding health care and education records for the child shall be entered. The order shall:

(1) Provide the department or other supervising agency with the right to inspect and copy all health, medical, mental health, and education records of the child;

(2) Authorize and direct any agency, hospital, doctor, nurse, dentist, orthodontist, or other health care provider, therapist, drug or alcohol treatment provider, psychologist, psychiatrist, or mental health clinic, or health or medical records custodian or document management company, or school or school organization to permit the department or other supervising agency to inspect and to obtain copies of any records relating to the child involved in the case, without the further consent of the parent or guardian of the child; and

(3) Identify the person who will serve as the educational liaison; and

(4) Grant the department or other supervising agency or its designee the authority and responsibility, where applicable, to:

(a) Notify the child's school that the child is in out-of-home placement;

(b) Enroll the child in school;

(c) Request the school transfer records;

(d) Request and authorize evaluation of special needs;

(e) Attend parent or teacher conferences;

(f) Excuse absences;

(g) Grant permission for extracurricular activities;

(h) Authorize medications which need to be administered during school hours and sign for medical needs that arise during school hours; and

(i) Complete or update school emergency records.

Access to records under this section is subject to the child's consent where required by other state and federal laws. [2013 c 182 § 4; 2007 c 409 § 2.]

13.34.105 Guardian ad litem—Duties—Immunity—

Access to information. (1) Unless otherwise directed by the court, the duties of the guardian ad litem for a child subject to a proceeding under this chapter, including an attorney specifically appointed by the court to serve as a guardian ad litem, include but are not limited to the following:

(a) To investigate, collect relevant information about the child's situation, and report to the court factual information regarding the best interests of the child;

(b) To meet with, interview, or observe the child, depending on the child's age and developmental status, and report to the court any views or positions expressed by the child on issues pending before the court;

(c) To monitor all court orders for compliance and to bring to the court's attention any change in circumstances that may require a modification of the court's order;

(d) To report to the court information on the legal status of a child's membership in any Indian tribe or band;

(e) Court-appointed special advocates and guardians ad litem may make recommendations based upon an independent investigation regarding the best interests of the child,

which the court may consider and weigh in conjunction with the recommendations of all of the parties;

(f) To represent and be an advocate for the best interests of the child;

(g) To inform the child, if the child is twelve years old or older, of his or her right to request counsel and to ask the child whether he or she wishes to have counsel, pursuant to RCW 13.34.100(6). The guardian ad litem shall report to the court that the child was notified of this right and indicate the child's position regarding appointment of counsel. The guardian ad litem shall report to the court his or her independent recommendation as to whether appointment of counsel is in the best interest of the child; and

(h) In the case of an Indian child as defined in RCW 13.38.040, know, understand, and advocate the best interests of the Indian child.

(2) A guardian ad litem shall be deemed an officer of the court for the purpose of immunity from civil liability.

(3) Except for information or records specified in RCW 13.50.100(7), the guardian ad litem shall have access to all information available to the state or agency on the case. Upon presentation of the order of appointment by the guardian ad litem, any agency, hospital, school organization, division or department of the state, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the guardian ad litem to inspect and copy any records relating to the child or children involved in the case, without the consent of the parent or guardian of the child, or of the child if the child is under the age of thirteen years, unless such access is otherwise specifically prohibited by law.

(4) A guardian ad litem may release confidential information, records, and reports to the office of the family and children's ombuds for the purposes of carrying out its duties under chapter 43.06A RCW.

(5) The guardian ad litem shall release case information in accordance with the provisions of RCW 13.50.100. [2013 c 23 § 5; 2011 c 309 § 26; 2010 c 180 § 3; 2008 c 267 § 13; 2000 c 124 § 4; 1999 c 390 § 2; 1993 c 241 § 3.]

13.34.130 Order of disposition for a dependent child, alternatives—Petition seeking termination of parent-child relationship—Placement with relatives, foster family home, group care facility, or other suitable persons—Placement of an Indian child in out-of-home care—Contact with siblings.

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition that maintains the child in his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In

determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b)(i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or a supervising agency for supervision of the child's placement. If the court orders that the child be placed with a caregiver over the objections of the parent or the department, the court shall articulate, on the record, his or her reasons for ordering the placement. The court may not order an Indian child, as defined in RCW 13.38.040, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department or supervising agency has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child, or (C) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW.

(iii) The department may also consider placing the child, subject to review and approval by the court, with a person with whom the child's sibling or half-sibling is residing or a person who has adopted the sibling or half-sibling of the child being placed as long as the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be competent to provide care for the child.

(2) Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260.

(3) The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a), including a placement provided for in subsection (1)(b)(iii) of this section, when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in subsection (1)(b) of this section. The court shall consider the child's existing relationships and attachments when determining placement.

(4) When placing an Indian child in out-of-home care, the department or supervising agency shall follow the placement preference characteristics in RCW 13.38.180.

(5) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section

shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(6) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a stepbrother or stepsister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the stepsibling.

(7) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(8) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(9) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department or supervising agency to conduct necessary background investigations as

provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court. [2013 c 254 § 1. 13.34.132 Petition seeking termination of parent-child relationship—Requirements. A court may order that a petition seeking termination of the parent and child relationship be filed if the following requirements are met:

- (1) The court has removed the child from his or her home pursuant to RCW 13.34.130;
- (2) Termination is recommended by the department or the supervising agency;
- (3) Termination is in the best interests of the child; and
- (4) Because of the existence of aggravated circumstances, reasonable efforts to unify the family are not

required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interests of the child. In determining whether aggravated circumstances exist by clear, cogent, and convincing evidence, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) Conviction of the parent of trafficking, or promoting commercial sexual abuse of a minor when the victim of the crime is the child, the child's other parent, a sibling of the child, or another child;

(f) Conviction of the parent of attempting, soliciting, or conspiring to commit a crime listed in (a), (b), (c), or (d) of this subsection;

(g) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(h) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in RCW 13.38.040, the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;

(i) An infant under three years of age has been abandoned;

(j) Conviction of the parent, when a child has been born of the offense, of: (A) A sex offense under chapter 9A.44 RCW; or (B) incest under RCW 9A.64.020. [2013 c 302 § 11; 2011 c 309 § 28; 2000 c 122 § 16.]

13.34.136 Permanency plan of care. (1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be

provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement. If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law

enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to

believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with *RCW 13.34.145(3)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe. Reviser's note: *(1) RCW 13.34.145 was amended by 2013 c 332 § 3, changing subsection (3)(b)(vi) to subsection (4)(b)(vi).

(2) This section was amended by 2013 c 173 § 2, 2013 c 254 § 2, and by 2013 c 316 § 2, each without reference to the other. All amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Intent—2013 c 316: "The Washington state legislature recognizes the importance of frequent and meaningful contact for siblings separated due to involvement in the foster care system. The legislature also recognizes that children and youth in foster care have not always been provided adequate opportunities for visitation with their siblings. It is the intent of the legislature to encourage appropriate facilitation of sibling visits." [2013 c 316 § 1.]

Findings—Intent—2008 c 152: "The legislature finds that meeting the needs of vulnerable children who enter the child welfare system includes protecting the child's right to a safe, stable, and permanent home where the child receives basic nurturing. The legislature also finds that according to measures of timely dependency case processing, many children's cases are not meeting the federal and state standards intended to promote child-centered decision making in dependency cases. The legislature intends to encourage a greater focus on children's developmental needs and to promote closer adherence to timeliness standards in the resolution of dependency cases." 13.34.145 Permanency planning hearing—Purpose—Time limits—Goals—Review hearing—Petition for termination of parental rights—Guardianship petition—Agency responsibility to provide services to parents—Due process rights. (1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adop-

tion within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(5) Following this inquiry, at the permanency planning hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this subsection, "good cause exception" includes but is not limited to the following:

(i) The child is being cared for by a relative;

(ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home;

(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests; or

(iv) The parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for fifteen of the last twenty-two months, the parent maintains a meaningful role in the child's life, and the department has not documented another reason why it would be otherwise appropriate to file a petition pursuant to this section;

(v) Until June 30, 2015, where a parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(vi) Until June 30, 2015, where a parent who has been court ordered to complete services necessary for the child's safe return home files a declaration under penalty of perjury stating the parent's financial inability to pay for the same court-ordered services, and also declares the department was unwilling or unable to pay for the same services necessary for the child's safe return home.

(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:

(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;

(ii) The parent's efforts to communicate and work with the department or supervising agency or other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;

(iii) A positive response by the parent to the reasonable efforts of the department or the supervising agency;

(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;

(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty access-

ing lawyers and participating meaningfully in court proceedings; and

(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-mandated services may be considered in rebuttal to a claim of aggravated circumstances under *RCW 13.34.132(4)(g) for a parent's failure to complete available treatment.

(6)(a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(c) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(7) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(a) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(b) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(8) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) If the court orders the child returned home, case-work supervision by the department or supervising agency shall continue for at least six months, at which time a review

hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(12) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(13) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (12) of this section are met.

(14) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(15) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(16) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter. 13.34.180 Order terminating parent and child relationship—Petition—Filing—Allegations. (1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party, including the supervising agency, to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (3) or (4) of this section applies:

(a) That the child has been found to be a dependent child;
 (b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;

(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or

prior incarceration or service in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in his or her child's life based on factors identified in RCW 13.34.145(5)(b); whether the department or supervising agency made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(5)(b) including, but not limited to, delays or barriers experienced in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(2) As evidence of rebuttal to any presumption established pursuant to subsection (1)(e) of this section, the court may consider the particular constraints of a parent's current or prior incarceration. Such evidence may include, but is not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(3) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(4) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(5) When a parent has been sentenced to a long-term incarceration and has maintained a meaningful role in the child's life considering the factors provided in RCW 13.34.145(5)(b), and it is in the best interest of the child, the department should consider a permanent placement that allows the parent to maintain a relationship with his or her child, such as, but not limited to, a guardianship pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services or the supervising agency and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

13.34.267 Extended foster care services—Maintenance of dependency proceeding—Placement, care of youth—Appointment of counsel—Case plan. (1) In order to facilitate the delivery of extended foster care services, the court, upon the agreement of the youth to participate in the extended foster care program, shall maintain the dependency proceeding for any youth who is dependent in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is:

(a) Enrolled in a secondary education program or a secondary education equivalency program;

(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program; or

(c) Participating in a program or activity designed to promote employment or remove barriers to employment.

(2) If the court maintains the dependency proceeding of a youth pursuant to subsection (1) of this section, the youth is eligible to receive extended foster care services pursuant to RCW 74.13.031, subject to the youth's continuing eligibility and agreement to participate.

(3) A dependent youth receiving extended foster care services is a party to the dependency proceeding. The youth's parent or guardian must be dismissed from the dependency proceeding when the youth reaches the age of eighteen.

(4) The court shall dismiss the dependency proceeding for any youth who is a dependent in foster care and who, at the age of eighteen years, does not meet any of the criteria

described in subsection (1)(a) through (c) of this section or does not agree to participate in the program.

(5) The court shall order a youth participating in extended foster care services to be under the placement and care authority of the department, subject to the youth's continuing agreement to participate in extended foster care services. The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services. The department's placement and care authority over a youth receiving extended foster care services is solely for the purpose of providing services and does not create a legal responsibility for the actions of the youth receiving extended foster care services.

(6) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(7) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

(a) Whether the youth is safe in his or her placement;

(b) Whether the youth continues to be eligible for extended foster care services;

(c) Whether the current placement is developmentally appropriate for the youth;

(d) The youth's development of independent living skills; and

(e) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.

(8) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review. [2013 c 332 § 4; 2012 c 52 § 4; 2011 c 330 § 7.]

Findings—2013 c 332: "(1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities to increase the impact of state funding through maximizing the amount of federal funding available to promote permanency and positive outcomes for dependent youth.

(2) The legislature also finds that children and adolescents who are legal dependents of Washington state have experienced significant trauma and loss, putting them at increased risk for poor life outcomes. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security and inability to fully take advantage of secondary and postsecondary educational opportunities, untreated mental or behavioral health problems, involvement in the criminal justice and corrections systems, and early parenthood combined with second-generation child welfare involvement.

(3) The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment, employment and earnings, and reduced rates of teen pregnancies." [2013 c 332 § 1.]

Recommendations—2013 c 332: "No later than September 1, 2013, the department of social and health services shall develop recommendations regarding the needs of dependent youth in juvenile rehabilitation administration institutions and report those recommendations to the governor and appropriate legislative committees. The report must include specific recommendations regarding how these youth may access services under the extended foster care program. The recommendations must be developed by the children's administration and the juvenile rehabilitation administration in

consultation with youth who have been involved with the juvenile rehabilitation administration and representatives from community stakeholders and the courts." [2013 c 332 § 14.]

Application—2013 c 332: "This act applies prospectively only and not retroactively. It applies to:

- (1) Dependency matters that have an open court case on July 28, 2013; and
- (2) Dependency matters for which a petition is filed on or after July 28, 2013." [2013 c 332 § 15.]

Intent—2012 c 52: See note following RCW 74.13.031.

Intent—2011 c 330: See note following RCW 13.04.011.

13.34.268 Extended foster care services—Voluntary placement agreement—Decline—Petition for dependency. (1)(a) If a youth prior to reaching age nineteen years requests extended foster care services from the department pursuant to RCW 74.13.336, and the department declines to enter into a voluntary placement agreement with the youth, the department must provide written documentation to the youth which contains:

- (i) The date that the youth requested extended foster care services;
- (ii) The department’s reasons for declining to enter into a voluntary placement agreement with the youth and the date of the department’s decision; and
- (iii) Information regarding the youth’s right to ask the court to establish a dependency for the purpose of providing extended foster care services and his or her right to counsel to assist in making that request.

(b) The written documentation pursuant to (a) of this subsection must be provided to the youth within ten days of the department’s decision not to enter into a voluntary placement agreement with the youth.

(2)(a) A youth seeking to participate in extended foster care after being declined by the department under subsection (1) of this section may file a notice of intent to file a petition for dependency, asking the court to determine his or her eligibility for extended foster care services, and to enter an order of dependency. If the youth chooses to file such notice, it must be filed within thirty days of the date of the department’s decision.

(b) Upon filing the notice, the youth must be provided counsel at no cost to him or her. Upon receipt of the youth’s petition, the court must set a hearing date to determine whether the petition should be granted. [2013 c 332 § 6.]

Findings—Recommendations—Application—2013 c 332: See notes following RCW 13.34.267.

13.34.380 Visitation policies and protocols—Development—Elements. The department shall develop consistent policies and protocols, based on current relevant research, concerning visitation for dependent children to be implemented consistently throughout the state. The department shall develop the policies and protocols in consultation with researchers in the field, community-based agencies, court-appointed special advocates, parents’ representatives, and court representatives. The policies and protocols shall include, but not be limited to: The structure and quality of visitations; consultation with the assigned law enforcement officer in the event the parent or sibling of the child is identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the

safety of the child; and training for department and supervising agency caseworkers, visitation supervisors, and foster parents related to visitation.

The policies and protocols shall be consistent with the provisions of this chapter and implementation of the policies and protocols shall be consistent with relevant orders of the court. [2013 c 254 § 3; 2009 c 520 § 45; 2004 c 146 § 3.]

13.34.410 Psychosexual evaluation. In the event a judge orders a parent to undergo a psychosexual evaluation, and pending the outcome of the evaluation, the department, subject to the approval of the court, may reassess visitation duration, supervision, and location, if appropriate. If the assessment indicates the current visitation plan is contrary to the child’s health, safety, or welfare, the department, subject to approval by the court, may alter the visitation plan pending the outcome of the investigation. [2013 c 254 § 4.]

PRIOR ADJUDICATIONS		0	1	2	3	4 or more

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

**OPTION B
SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A+ offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

OR

**OPTION C
CHEMICAL DEPENDENCY
DISPOSITION ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

**OPTION D
MANIFEST INJUSTICE**

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2). [2013 c 20 § 2; 2012 c 177 § 4. To accomplish this evaluation, the Washington state institute for public policy shall conduct a study of the sentencing revisions. The institute shall report the results of the study to the governor and legislature not later than July 1, 2002." [1997 c 338 § 59.]

13.40.042 Detention of juvenile with mental disorder.

(1) When a police officer has reasonable cause to believe that a juvenile has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092, and the officer believes that the juvenile suffers from a mental disorder, and the local prosecutor has entered into an agreement with law enforcement regarding the detention of juveniles who may have a mental disorder, the arresting officer, instead of taking the juvenile to the local juvenile detention facility, may take the juvenile to:

(a) An evaluation and treatment facility as defined in RCW 71.34.020 if the facility has been identified as an alternative location by agreement of the prosecutor, law enforcement, and the mental health provider;

(b) A facility or program identified by agreement of the prosecutor and law enforcement; or

(c) A location already identified and in use by law enforcement for the purpose of mental health diversion.

(2) For the purposes of this section, an "alternative location" means a facility or program that has the capacity to evaluate a youth and, if determined to be appropriate, develop a behavioral health intervention plan and initiate treatment.

(3) If a juvenile is taken to any location described in subsection (1)(a) or (b) of this section, the juvenile may be held for up to twelve hours and must be examined by a mental health professional within three hours of arrival.

(4) The authority provided pursuant to this section is in addition to existing authority under RCW 10.31.110. [2013 c 179 § 2.]

Finding—2013 c 179: "The legislature finds that the large number of youth involved in the juvenile justice system with mental health challenges is of significant concern. Access to effective treatment is critical to the successful treatment of youth in the early stages of their contact with the juvenile justice system. Such access may prevent further involvement in the system after an initial contact or assist a youth in avoiding any further contact with the juvenile justice system altogether. There is growing evidence that mental health diversion strategies, in particular, are effective in connecting youth with needed treatment and preventing additional offending behaviors. These strategies allow a continuum of opportunities for connecting youth who may be facing a mental illness or disorder to community mental health services at multiple decision points, such as law enforcement diversion, prosecutor diversion, court-based diversion, and court disposition. The effective use of these strategies can result not only in significant cost savings for the juvenile justice system, but can create the benefit of improved lives of the youth who face mental health challenges and barriers." [2013 c 179 § 1.]

13.40.070 Complaints—Screening—Filing information—Diversion—Modification of community supervision—Notice to parent or guardian—Probation counselor acting for prosecutor—Referral to mediation or reconciliation programs. (1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (8) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(2)(a)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has three or more diversion agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (8) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient to charge an alleged offender with either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case.

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims. 13.40.080 Diversion agreement—Scope—Limitations—Restitution orders—Divertee’s rights—Diversion unit’s powers and duties—Interpreters—Modification—Fines. (1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversion unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to one or more of the following:

(a) Community restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by any victim;

(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. If an assessment identifies mental health needs, a

youth may access up to thirty hours of counseling. The counseling sessions may include services demonstrated to improve behavioral health and reduce recidivism. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, a physician, a counselor, a school, or a treatment provider, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversion unit exercising the option to permit diversion agreements to mandate attendance at up to thirty hours of counseling and/or up to twenty hours of educational or informational sessions;

(d) A fine, not to exceed one hundred dollars;

(e) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas; and

(f) Upon request of any victim or witness, requirements to refrain from any contact with victims or witnesses of offenses committed by the juvenile.

(3) Notwithstanding the provisions of subsection (2) of this section, youth courts are not limited to the conditions imposed by subsection (2) of this section in imposing sanctions on juveniles pursuant to RCW 13.40.630.

(4) In assessing periods of community restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile’s custodial parent or parents or guardian. To the extent possible, the court officer shall advise the victims of the juvenile offender of the diversion process, offer victim impact letter forms and restitution claim forms, and involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(5)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (5)(c), the juvenile shall remain under the court’s jurisdiction for a maximum term of ten years after the juvenile’s eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may relieve the juvenile of the requirement to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate.

The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Divertees and potential divertees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement;

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to a restorative justice program, community-based counseling, or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews

mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile's obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs or a restorative justice program. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(16) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

(17) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section. 13.40.127 Deferred disposition. (1) A juvenile is eligible for deferred disposition unless he or she:

- (a) Is charged with a sex or violent offense;
- (b) Has a criminal history which includes any felony;
- (c) Has a prior deferred disposition or deferred adjudication; or
- (d) Has two or more adjudications.

(2) The juvenile court may, upon motion at least fourteen days before commencement of trial and, after consulting the juvenile's custodial parent or parents or guardian and with the consent of the juvenile, continue the case for disposition for a period not to exceed one year from the date the juvenile is found guilty. The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition. The court may waive the fourteen-day period anytime before the commencement of trial for good cause.

(3) Any juvenile who agrees to a deferral of disposition shall:

- (a) Stipulate to the admissibility of the facts contained in the written police report;
- (b) Acknowledge that the report will be entered and used to support a finding of guilt and to impose a disposition if the juvenile fails to comply with terms of supervision;
- (c) Waive the following rights to: (i) A speedy disposition; and (ii) call and confront witnesses; and
- (d) Acknowledge the direct consequences of being found guilty and the direct consequences that will happen if an order of disposition is entered.

The adjudicatory hearing shall be limited to a reading of the court's record.

(4) Following the stipulation, acknowledgment, waiver, and entry of a finding or plea of guilt, the court shall defer entry of an order of disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

The court may require a juvenile offender convicted of animal cruelty in the first degree to submit to a mental health evaluation to determine if the offender would benefit from treatment and such intervention would promote the safety of the community. After consideration of the results of the evaluation, as a condition of community supervision, the court may order the offender to attend treatment to address issues pertinent to the offense.

The court may require the juvenile to undergo a mental health or substance abuse assessment, or both. If the assessment identifies a need for treatment, conditions of supervision may include treatment for the assessed need that has been demonstrated to improve behavioral health and reduce recidivism.

(6) A parent who signed for a probation bond has the right to notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the probation bond. The state shall bear the burden to prove, by a preponderance of the evidence, that the juvenile has failed to comply with the terms of community supervision.

(7)(a) Anytime prior to the conclusion of the period of supervision, the prosecutor or the juvenile's juvenile court community supervision counselor may file a motion with the court requesting the court revoke the deferred disposition based on the juvenile's lack of compliance or treat the juvenile's lack of compliance as a violation pursuant to RCW 13.40.200.

(b) If the court finds the juvenile failed to comply with the terms of the deferred disposition, the court may:

- (i) Revoke the deferred disposition and enter an order of disposition; or
- (ii) Impose sanctions for the violation pursuant to RCW 13.40.200.

(8) At any time following deferral of disposition the court may, following a hearing, continue supervision for an additional one-year period for good cause.

(9)(a) At the conclusion of the period of supervision, the court shall determine whether the juvenile is entitled to dismissal of the deferred disposition only when the court finds:

- (i) The deferred disposition has not been previously revoked;
- (ii) The juvenile has completed the terms of supervision;
- (iii) There are no pending motions concerning lack of compliance pursuant to subsection (7) of this section; and
- (iv) The juvenile has either paid the full amount of restitution, or, made a good faith effort to pay the full amount of restitution during the period of supervision.

(b) If the court finds the juvenile is entitled to dismissal of the deferred disposition pursuant to (a) of this subsection,

the juvenile's conviction shall be vacated and the court shall dismiss the case with prejudice, except that a conviction under RCW 16.52.205 shall not be vacated. Whenever a case is dismissed with restitution still owing, the court shall enter a restitution order pursuant to RCW 13.40.190 for any unpaid restitution. Jurisdiction to enforce payment and modify terms of the restitution order shall be the same as those set forth in RCW 13.40.190.

(c) If the court finds the juvenile is not entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the court shall revoke the deferred disposition and enter an order of disposition. A deferred disposition shall remain a conviction unless the case is dismissed and the conviction is vacated pursuant to (b) of this subsection or sealed pursuant to RCW 13.50.050.

(10)(a)(i) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution ordered has been paid, the court shall enter a written order sealing the case.

(ii) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is not eighteen years of age or older and full restitution ordered has been paid, the court shall schedule an administrative sealing hearing to take place no later than thirty days after the respondent's eighteenth birthday, at which time the court shall enter a written order sealing the case. The respondent's presence at the administrative sealing hearing is not required.

(iii) Any deferred disposition vacated prior to June 7, 2012, is not subject to sealing under this subsection.

(b) Nothing in this subsection shall preclude a juvenile from petitioning the court to have the records of his or her deferred dispositions sealed under RCW 13.50.050 (11) and (12).

(c) Records sealed under this provision shall have the same legal status as records sealed under RCW 13.50.050. [2013 c 179 § 5; 2012 c 177 § 1; 2009 c 236 § 1; 2004 c 117 § 2; 2001 c 175 § 3; 1997 c 338 § 21.]

(1) During any consecutive six-month period, at least four samples of: (a) Either raw milk or raw milk for pasteurization, or both, from each milk producer; or (b)(i) raw milk for pasteurization after receipt by the milk processing plant and prior to pasteurization; (ii) heat-treated milk products; and (iii) pasteurized milk and milk products from each milk processing plant shall be collected and examined in an official laboratory to determine compliance with bacteriological or cooling temperature standards for milk or milk products established in this chapter and rules adopted under this chapter. However, in the case of raw milk for pasteurization, the director may accept the results of an officially designated laboratory.

(2) If a bacterial count, somatic cell count, coliform determination, or cooling temperature exceeds the standard, the director shall send written notice to the milk producer or milk processor. 15.36.451 Regrading of milk or milk products—Reinstatement of license. Any producer or milk processing plant whose milk has been degraded by the director, or whose license has been suspended may at any time make application for the regrading of his or her products or the reinstatement of his or her license.

In case the lowered grade or the license suspension was the result of violation of the bacteriological or cooling temperature standards, the director may take further samples of the applicant's output, at a rate of not more than two samples per week. The director shall regrade the milk or milk products upward or reinstate the license on compliance with grade requirements as determined in accordance with the provisions of RCW 15.36.201.

In case the lowered grade of the applicant's product or the license suspension was due to a violation of an item other than bacteriological standard or cooling temperature, the said application must be accompanied by a statement signed by the applicant to the effect that the violated item of the specifications had been conformed with. Within one week of the receipt of such an application and statement the director shall make a reinspection of the applicant's establishment and thereafter as many additional reinspections as he or she may

deem necessary to assure himself or herself that the applicant is again complying with the higher grade requirements. The higher grade or license shall be reinstated upon confirmation that all violated items are corrected and any period for reduction in grade or license suspensions as ordered by the director has been completed. (a) The name and address of licensee.

(b) Any other information required by the department by rule.

(3) The name and address shown on the license must be shown on all labels, pertinent invoices, and storage facilities for fertilizer distributed by the licensee in this state.

(4) If an application for license renewal provided for in this section is not filed prior to the business license expiration date, a delinquency fee of twenty-five dollars must be assessed and added to the original fee and must be paid by the applicant before the renewal license is issued. The assessment of this delinquency fee does not prevent the department from taking any other action as provided for in this chapter. The penalty does not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of his or her prior license. 15.58.180 Pesticide dealer license—Generally. (1) Except as provided in subsections (4) and (5) of this section, it is unlawful for any person to act in the capacity of a pesticide dealer or advertise as or assume to act as a pesticide dealer without first having obtained an annual license from the director. The license expires on the business license expiration date. A license is required for each location or outlet located within this state from which pesticides are distributed. A manufacturer, registrant, or distributor who has no pesticide dealer outlet licensed within this state and who distributes pesticides directly into this state must obtain a pesticide dealer license for his or her principal out-of-state location or outlet, but such a licensed out-of-state pesticide dealer is exempt from the pesticide dealer manager requirements.

(2) Application for a license must be accompanied by a fee of sixty-seven dollars and must be made through the business licensing system and must include the full name of the person applying for the license and the name of the individual within the state designated as the pesticide dealer manager. If the applicant is a partnership, association, corporation, or organized group of persons, the full name of each member of the firm or partnership or the names of the officers of the association or corporation must be given on the application. The application must state the principal business address of the applicant in the state and elsewhere, the name of a person domiciled in this state authorized to receive and accept service of summons of legal notices of all kinds for the applicant, and any other necessary information prescribed by the director.

(3) It is unlawful for any licensed dealer outlet to operate without a pesticide dealer manager who has a license of qualification.

(4) This section does not apply to (a) a licensed pesticide applicator who sells pesticides only as an integral part of the applicator's pesticide application service when pesticides are dispensed only through apparatuses used for pesticide application, or (b) any federal, state, county, or municipal agency that provides pesticides only for its own programs.

(5) A user of a pesticide may distribute a properly labeled pesticide to another user who is legally entitled to use that pesticide without obtaining a pesticide dealer's license if the exclusive purpose of distributing the pesticide is keeping it from becoming a hazardous waste as defined in chapter 70.105 RCW. [2013 c 144 § 10; 2008 c 285 § 16; 1997 c 242 § 4; 1989 c 380 § 14; 1983 c 95 § 4; 1982 c 182 § 27; 1971 ex.s. c 190 § 18.]

15.58.235 Renewal of licenses—Delinquency. (1) If an application for renewal of a pesticide dealer license is not filed on or before the business license expiration date, the business license delinquency fee must be assessed under chapter 19.02 RCW and must be paid by the applicant before the renewal license is issued.

(2) If application for renewal of any license provided for in this chapter other than the pesticide dealer license is not filed on or before the expiration date of the license, a penalty equivalent to the license fee must be assessed and added to the original fee, and must be paid by the applicant before the renewal license is issued. However, such penalty does not apply if the applicant furnishes an affidavit certifying that he or she has not acted as a licensee subsequent to the expiration of the license.

(3) Any license for which a renewal application has been made, all other requirements have been met, and the proper fee paid, continues in full force and effect until the director notifies the applicant that the license has been renewed or the application has been denied. [2013 c 144 § 11; 1989 c 380 § 19.]

Findings—1995 c 269: "The legislature finds that the economic opportunities for cosmetologists, barbers, estheticians, and manicurists have deteriorated in this state as a result of the lack of skilled practitioners, inadequate licensing controls, and inadequate enforcement of health standards. To increase the opportunities for individuals to earn viable incomes in these professions and to protect the general health of the public, the state cosmetology, barbering, esthetics, and manicuring advisory board should be reconstituted and given a new charge to develop appropriate responses to this situation, including legislative proposals." (3) A license placed on inactive status under this section may not be extended more frequently than once in any twenty-four month period or for more than six consecutive years.

(4) If, by the expiration date of a license placed on inactive status under this section, a licensee is unable, or fails, to request that the status be extended and the license is not renewed, the license shall be canceled. [2013 c 187 § 12; 2004 c 51 § 2.]

The applicant must stop working on the sixtieth day of employment if the registration has not been granted for any reason.

(b) The applicant may not provide unsupervised counseling prior to completion of a criminal background check performed by either the employer or the secretary. Chapter 18.20 RCW BOARDING HOMES

Sections

18.20.185 Complaints—Toll-free telephone number—Investigation and referral—Rules—Retaliation prohibited.

18.20.270 Long-term caregiver training.

18.20.305 Disclosure to nonresidents.

18.20.390 Quality assurance committee.

18.20.420 Temporary management.

18.20.185 Complaints—Toll-free telephone number—Investigation and referral—Rules—Retaliation prohibited. (1) The department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the department licenses.

(2) All facilities that are licensed under this chapter shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number and the toll-free number and program description of the long-term care ombuds as provided by RCW 43.190.050.

(3) The department shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis for investigation; or (c) corrective

action has been taken as determined by the ombuds or the department.

(4) The department shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombuds, or other entities if the department lacks authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.

(5) The department shall adopt rules that include the following complaint investigation protocols:

(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.

(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department's course of action; and informed of the right to receive a written copy of the investigation report.

(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the resident or residents allegedly harmed by the violations, and, in addition to facility staff, any available independent sources of relevant information, including if appropriate the family members of the resident.

(d) Substantiated complaints involving harm to a resident, if an applicable law or regulation has been violated, shall be subject to one or more of the actions provided in RCW 18.20.190. Whenever appropriate, the department shall also give consultation and technical assistance to the facility.

(e) After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal vio-

lations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may provide the substance of the complaint to the licensee before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombuds program to monitor the department's licensing, contract, and complaint investigation files for long-term care facilities.

(7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility licensed under this chapter shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombuds, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident's wishes, or any type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombuds, within one year of the filing of the complaint, raises a rebuttable presumption that such action was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident's phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident's request for service or assistance. A facility licensed under this chapter shall not willfully interfere with the performance of official duties by a long-term care ombuds. The department shall sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection. [2013 c 23 § 9; 2001 c 193 § 2; 1997 c 392 § 214.]

18.20.270 Long-term caregiver training. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes any person who provides residents with hands-on personal care on behalf of an assisted living facility, except volunteers who are directly supervised.

(b) "Direct supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section, is on the premises, and is quickly and easily available to the caregiver.

(2) Training must have the following components: Orientation, basic training, specialty training as appropriate, and continuing education. All assisted living facility employees or volunteers who routinely interact with residents shall complete orientation. Assisted living facility administrators, or their designees, and caregivers shall complete orientation, basic training, specialty training as appropriate, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate assisted living facility staff to all assisted living facility employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision. Assisted living facility administrators, or their designees, must complete basic training and demonstrate competency within one hundred twenty days of employment.

(5) For assisted living facilities that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of administrators, or designees, and caregivers.

(a) Specialty training consists of modules on the core knowledge and skills that caregivers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test.

(b) Specialty training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care to a resident having special needs. However, if specialty training is not integrated with basic training, the specialty training must be completed within ninety days of completion of basic training. Until competency in the core specialty areas has been demonstrated, caregivers shall not provide hands-on personal care to residents with special needs without direct supervision.

(c) Assisted living facility administrators, or their designees, must complete specialty training and demonstrate competency within one hundred twenty days from the date on which the administrator or his or her designee is hired, if the assisted living facility serves one or more residents with special needs.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8)(a) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW are exempt from any continuing education requirement established under this section.

(b) The department may adopt rules that would exempt licensed persons from all or part of the training requirements under this chapter, if they are (i) performing the tasks for which they are licensed and (ii) subject to chapter 18.130 RCW.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(10) The department shall develop criteria for the approval of orientation, basic training, and specialty training programs.

(11) Assisted living facilities that desire to deliver facility-based training with facility designated trainers, or assisted living facilities that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The department shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the department. The department may approve a curriculum based upon attestation by an assisted living facility administrator that the assisted living facility's training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled yearly inspection and investigation required under RCW 18.20.110. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(12) The department shall adopt rules for the implementation of this section.

(13)(a) Except as provided in (b) of this subsection, the orientation, basic training, specialty training, and continuing education requirements of this section commence September 1, 2002, or one hundred twenty days from the date of employment, whichever is later, and shall be applied to (i) employees hired subsequent to September 1, 2002; and (ii) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 and this section. Existing employees who have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 shall be subject to all applicable requirements of this section.

18.20.305 Disclosure to nonresidents. (1) An assisted living facility must provide each nonresident a disclosure statement upon admission and at the time that additional services are requested by a nonresident.

(2) The disclosure statement shall notify the nonresident that:

(a) The resident rights of chapter 70.129 RCW do not apply to nonresidents;

(b) Licensing requirements for boarding homes under this chapter do not apply to nonresident units; and

(c) The jurisdiction of the long-term care ombuds does not apply to nonresidents and nonresident units. [2013 c 23 § 10; 2011 c 366 § 4.]

18.20.390 Quality assurance committee. (1) To ensure the proper delivery of services and the maintenance and improvement in quality of care through self-review, any assisted living facility licensed under this chapter may maintain a quality assurance committee that, at a minimum, includes:

(a) A licensed registered nurse under chapter 18.79 RCW;

(b) The administrator; and

(c) Three other members from the staff of the assisted living facility.

(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.

(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombuds program shall not request, disclosure of any quality assurance committee records or reports, unless

the disclosure is related to the committee's compliance with this section, if:

(a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and

(b) The records or reports are created for and collected and maintained by the committee.

(4) If the assisted living facility refuses to release records or reports that would otherwise be protected under this section, the department may then request only that information that is necessary to determine whether the assisted living facility has a quality assurance committee and to determine that it is operating in compliance with this section. However, if the assisted living facility offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with assisted living facility requirements, the documents are protected as quality assurance committee documents under subsections (6) and (8) of this section when in the possession of the department. The department is not liable for an inadvertent disclosure, a disclosure related to a required federal or state audit, or disclosure of documents incorrectly marked as quality assurance committee documents by the facility.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.

(6) Information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, a quality assurance committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude:

(a) In any civil action, the discovery of the identity of persons involved in the care that is the basis of the civil action whose involvement was independent of any quality improvement committee activity;

(b) In any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of their participation in the quality assurance committee activities.

(7) A quality assurance committee under subsection (1) of this section, RCW 70.41.200, 74.42.640, 4.24.250, or 43.70.510 may share information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, the committee, with one or more other quality assurance committees created under subsection (1) of this section, RCW 70.41.200, 74.42.640, 4.24.250, or 43.70.510 for the improvement of the quality of care and services rendered to assisted living facility residents. Information and documents disclosed by one quality assurance committee to another quality assurance committee and any information and documents created or maintained as a result of the sharing of information and documents shall not be subject to the discovery process and confidentiality shall be respected as required by subsections (6) and (8) of this section, RCW 43.70.510(4), 70.41.200(3), 4.24.250(1),

and 74.42.640 (7) and (9). The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws.

(8) Information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, a quality assurance committee are exempt from disclosure under chapter 42.56 RCW.

(9) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident's records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident's needs, and the resident outcome. [2013 c 23 § 11; 2012 c 10 § 28; 2006 c 209 § 3; 2005 c 33 § 2; 2004 c 144 § 2.]

Application—2012 c 10: See note following RCW 18.20.010.

Effective date—2006 c 209: See RCW 42.56.903.

Findings—2005 c 33: "The legislature finds that facilitation of the quality assurance process in licensed boarding homes and nursing homes will promote safe patient care. The legislature also finds that communication and quality assurance efforts by boarding homes and nursing homes will achieve the goal of providing high quality of care to citizens residing in licensed boarding homes and nursing homes, and may reduce property and liability insurance premium costs for such facilities. The legislature further finds that sharing of quality assurance information between boarding homes, nursing homes, coordinated quality improvement plans, peer review organizations, and hospitals will promote safe patient care and ensure consistency of care across organizations and practices." [2005 c 33 § 1.]

Finding—2004 c 144: "The legislature finds that quality assurance efforts will promote compliance with regulations by providers and achieve the goal of providing high quality of care to citizens residing in licensed boarding homes, and may reduce property and liability insurance premium costs for such facilities." [2004 c 144 § 1.]

Effective date—2004 c 144: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 26, 2004]." [2004 c 144 § 5.]

18.20.420 Temporary management. (1) If the department determines that the health, safety, or welfare of residents is immediately jeopardized by an assisted living facility's failure or refusal to comply with the requirements of this chapter or the rules adopted under this chapter, and the department summarily suspends the assisted living facility license, the department may appoint a temporary manager of the assisted living facility, or the licensee may, subject to the department's approval, voluntarily participate in the temporary management program.

The purposes of the temporary management program are as follows:

(a) To mitigate dislocation and transfer trauma of residents while the department and licensee may pursue dispute resolution or appeal of a summary suspension of license;

(b) To facilitate the continuity of safe and appropriate resident care and services;

(c) To protect the health, safety, and welfare of residents, by providing time for an orderly closure of the assisted living facility, or for the deficiencies that necessitated temporary management to be corrected; and

(d) To preserve a residential option that meets a specialized service need or is in a geographical area that has a lack of available providers.

(2) The department may recruit, approve, and appoint qualified individuals, partnerships, corporations, and other entities interested in serving as a temporary manager of an assisted living facility. These individuals and entities shall satisfy the criteria established under this chapter or by the department for approving licensees. The department shall not approve or appoint any person, including partnerships and other entities, if that person is affiliated with the assisted living facility subject to the temporary management, or has owned or operated an assisted living facility ordered into temporary management or receivership in any state. When approving or appointing a temporary manager, the department shall consider the temporary manager's past experience in long-term care, the quality of care provided, the temporary manager's availability, and the person's familiarity with applicable state and federal laws. Subject to the provisions of this section and RCW 18.20.430, the department's authority to approve or appoint a temporary manager is discretionary and not subject to the administrative procedure act, chapter 34.05 RCW.

(3) When the department appoints a temporary manager, the department shall enter into a contract with the temporary manager and shall order the licensee to cease operating the assisted living facility and immediately turn over to the temporary manager possession and control of the assisted living facility, including but not limited to all resident care records, financial records, and other records necessary for operation of the facility while temporary management is in effect. If the department has not appointed a temporary manager and the licensee elects to participate in the temporary management program, the licensee shall select the temporary manager, subject to the department's approval, and enter into a contract with the temporary manager, consistent with this section. The department has the discretion to approve or revoke any temporary management arrangements made by the licensee.

(4) When the department appoints a temporary manager, the costs associated with the temporary management may be paid for through the assisted living facility temporary management account established by RCW 18.20.430, or from other departmental funds, or a combination thereof. All funds must be administered according to department procedures. The department may enter into an agreement with the licensee allowing the licensee to pay for some of the costs associated with a temporary manager appointed by the department. If the department has not appointed a temporary manager and the licensee elects to participate in the temporary management program, the licensee is responsible for all costs related to administering the temporary management program at the assisted living facility and contracting with the temporary manager.

(5) The temporary manager shall assume full responsibility for the daily operations of the assisted living facility and is responsible for correcting cited deficiencies and ensuring that all minimum licensing requirements are met. The temporary manager must comply with all state and federal laws and regulations applicable to assisted living facilities. The temporary manager shall protect the health, safety, and

welfare of the residents for the duration of the temporary management and shall perform all acts reasonably necessary to ensure residents' needs are met. The temporary management contract shall address the responsibility of the temporary manager to pay past due debts. The temporary manager's specific responsibilities may include, but are not limited to:

(a) Receiving and expending in a prudent and business-like manner all current revenues of the assisted living facility, provided that priority is given to debts and expenditures directly related to providing care and meeting residents' needs;

(b) Hiring and managing all consultants and employees and firing them for good cause;

(c) Making necessary purchases, repairs, and replacements, provided that such expenditures in excess of five thousand dollars by a temporary manager appointed by the department must be approved by the department;

(d) Entering into contracts necessary for the operation of the assisted living facility;

(e) Preserving resident trust funds and resident records; and

(f) Preparing all department-required reports, including a detailed monthly accounting of all expenditures and liabilities, which shall be sent to the department and the licensee.

(6) The licensee and department shall provide written notification immediately to all residents, resident representatives, interested family members, and the state long-term care ombuds program of the temporary management and the reasons for it. This notification shall include notice that residents may move from the assisted living facility without notifying the licensee or temporary manager in advance, and without incurring any charges, fees, or costs otherwise available for insufficient advance notice, during the temporary management period. The notification shall also inform residents and their families or representatives that the temporary management team will provide residents help with relocation and appropriate discharge planning and coordination if desired. The department shall provide assistance with relocation to residents who are department clients and may provide such assistance to other residents. The temporary manager shall meet regularly with staff, residents, residents' representatives, and families to inform them of the plans for and progress achieved in the correction of deficiencies, and of the plans for facility closure or continued operation.

(7) The department shall terminate temporary management:

(a) After sixty days unless good cause is shown to continue the temporary management. Good cause for continuing the temporary management exists when returning the assisted living facility to its former licensee would subject residents to a threat to health, safety, or welfare;

(b) When all residents are transferred and the assisted living facility is closed;

(c) When deficiencies threatening residents' health, safety, or welfare are eliminated and the former licensee agrees to department-specified conditions regarding the continued facility operation; or

(d) When a new licensee assumes control of the assisted living facility.

Nothing in this section precludes the department from revoking its approval of the temporary management or exercising its licensing enforcement authority under this chapter. The department's decision whether to approve or to revoke a temporary management arrangement is not subject to the administrative procedure act, chapter 34.05 RCW.

(8) The department shall indemnify, defend, and hold harmless any temporary manager appointed or approved under this section against claims made against the temporary manager for any actions by the temporary manager or its agents that do not amount to intentional torts or criminal behavior.

(9) The department may adopt rules implementing this section. In the development of rules or policies implementing this section, the department shall consult with residents and their representatives, resident advocates, financial professionals, assisted living facility providers, and organizations representing assisted living facilities. [2013 c 23 § 12; 2012 c 10 § 31; 2007 c 162 § 1.]

If the commission intends to conduct a pilot project, it must provide a notice in writing to the secretary by July 1, 2013. If the commission chooses to conduct a pilot project, the pilot project shall begin on July 1, 2013, and conclude on June 30, 2018.

(d) That, prior to the secretary exercising the secretary's authority to adopt uniform rules and guidelines, or any other actions that might impact the licensing or disciplinary authority of the commission, the secretary shall first meet with the commission to determine how those rules or guidelines, or changes to rules or guidelines, might impact the commission's ability to effectively carry out its statutory duties. If the commission, in consultation with the secretary, determines that the proposed rules or guidelines, or changes to existing rules or guidelines, will negatively impact the commission's ability to effectively carry out its statutory duties, then the individual commission shall collaborate with the secretary to develop alternative solutions to mitigate the impacts. If an alternative solution cannot be reached, the parties may resolve the dispute through a mediator as set forth in (f) of this subsection;

(e) That the commission shall negotiate with the secretary to develop performance-based expectations, including identification of key performance measures. The performance expectations should focus on consistent, timely regulation of health care professionals; and

(f) That in the event there is a disagreement between the commission and the secretary, that is unable to be resolved through negotiation, a representative of both parties shall agree on the designation of a third party to mediate the dispute.

(3) By December 15, 2017, the secretary and the commission shall report to the governor and the legislature on the results of the pilot project. The report shall:

(d) Evaluate the commission's regulatory activities, including timelines, consistency of decision making, and performance levels in comparison to other disciplining authorities; and

Effective date—2013 c 81: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2013." [2013 c 81 § 9.]

(c) A surety bond in the amount of ten thousand dollars executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety, unless the fidelity bond obtained by the licensee to satisfy the requirement in (a) of this subsection does not have a deductible. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the applicant's or its employee's violation of this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. This bond shall be for the sole benefit of the escrow agent and under no circumstances whatsoever shall the bonding company be liable under the bond to any other party unless the corporate officer, partner, or sole practitioner commits a fraudulent or dishonest act, in which case, the bond shall be for the benefit of the harmed consumer. The bond shall name the escrow agent as obligee and shall protect the obligee against the loss of money or other real or personal property belonging to the obligee, or in which the obligee has a pecuniary interest, or for which the obligee is legally liable or held by the obligee in any capacity, whether the obligee is legally liable therefor or not. An escrow agent's bond must be maintained until all accounts have been reconciled and the escrow trust account balance is zero. The bond may be canceled by the insurer upon delivery of thirty days' written notice to the

director and to the escrow agent. In the event that the fidelity bond required under this subsection is not reasonably available, the director may adopt rules to implement a surety bond requirement.

(1) During the time that the director retains possession of the property and business of a licensee, the director has the power and authority to conduct the licensee's business and take any action on behalf of the licensee to protect consumers, including but not limited to discontinuing any violations and unsafe or injurious practices, making good any deficiencies, and making claims against the licensee's fidelity bond, errors and omissions bond, or surety bond on behalf of the company.

(2) The director, the department, and its employees are not subject to liability for actions under this section and RCW 18.44.455 and no moneys from the department's fund may be required to be expended on behalf of the licensee or the licensee's clients, creditors, employees, shareholders, members, investors, or any other party or entity. Finding—Effective dates—Severability—2005 c 388: See notes following RCW 69.43.105.

Finding—2004 c 52: "The legislature finds that quantities of ephedrine, pseudoephedrine, and phenylpropanolamine continue to be sold at the wholesale and retail levels far in excess of legitimate consumer needs. The excess quantities being sold are most likely used in the criminal manufacture of methamphetamine. It is therefore necessary for the legislature to further regulate the sales of these drugs, including sales from out-of-state sources, in order to reduce the threat that methamphetamine presents to the people of the state." [2004 c 52 § 1.]

Severability—2004 c 52: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 52 § 8.]

Effective date—2004 c 52: "This act takes effect July 1, 2004." [2004 c 52 § 9.]

(b) Proof of compliance with all lawful directions and requests for information from the regulatory or licensing agency of the state or Canadian province in which it is licensed as well as with all requests for information made by the department of health under this section. The nonresident pharmacy shall maintain, at all times, a valid unexpired license, permit, or registration to operate the pharmacy in compliance with the laws of the state or Canadian province in which it is located. As a prerequisite to be licensed by the department of health, the nonresident pharmacy shall submit a copy of the most recent inspection report issued by the regulatory licensing agency of the state or Canadian province in which it is located;

The designation of such an agent does not indicate that the non-resident pharmacy is a resident of Washington for tax purposes.

(9) The commission shall attempt to develop a reciprocal licensing agreement for licensure of nonresident pharmacies with Health Canada or an applicable Canadian province. If the commission is unable to develop such an agreement, the commission shall develop a process to license participating Canadian nonresident pharmacies through on-site inspection and certification. The waiver shall provide that:

(a) Canadian, United Kingdom, Irish, and other nondomestic prescription drug wholesalers meet the requirements of RCW 18.64.046 and any rules adopted by the commission to implement those requirements;

(b) The commission must ensure the integrity of the prescription drug products being distributed by:

Finding—Intent—2005 c 293: "The legislature finds that as consumers' prescription drug costs continue to rise, people across the state of Washington are seeking opportunities to purchase lower cost prescription drugs from Canada, the United Kingdom, Ireland, and other countries for their personal use. The state has a strong interest in promoting the safe use of prescription drugs by consumers in Washington state. To address this interest, the legislature intends to seek authorization from the federal government to license Canadian, United Kingdom, Irish, and other nondomestic prescription drug wholesalers, thereby providing licensed retail pharmacies the opportunity to purchase prescription drugs from approved wholesalers and pass those savings on to consumers, and providing consumers the opportunity to purchase prescription drugs from a trusted community pharmacist who is aware of all of their prescription drug needs." [2005 c 293 § 1.]

Conflict with federal requirements—2005 c 293: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2005 c 293 § 3.]

18.64.500 Tamper-resistant prescription pads or paper. (1) Effective July 1, 2010, every prescription written in this state by a licensed practitioner must be written on a tamper-resistant prescription pad or paper approved by the commission.

(2) A pharmacist may not fill a written prescription from a licensed practitioner unless it is written on an approved tamper-resistant prescription pad or paper, except that a pharmacist may provide emergency supplies in accordance with the commission and other insurance contract requirements.

(3) If a hard copy of an electronic prescription is given directly to the patient, the manually signed hard copy pre-

scription must be on approved tamper-resistant paper that meets the requirements of this section.

(4) For the purposes of this section, "tamper-resistant prescription pads or paper" means a prescription pad or paper that has been approved by the commission for use and contains the following characteristics:

(c) One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

(5) Practitioners shall employ reasonable safeguards to assure against theft or unauthorized use of prescriptions.

(6) All vendors must have their tamper-resistant prescription pads or paper approved by the commission prior to the marketing or sale of pads or paper in Washington state.

(7) The commission shall create a seal of approval that confirms that a pad or paper contains all three industry-recognized characteristics required by this section. The seal must be affixed to all prescription pads or paper used in this state.

(8) The commission may adopt rules necessary for the administration of chapter 328, Laws of 2009.

(9) The tamper-resistant prescription pad or paper requirements in this section shall not apply to:

(b) Prescriptions written for inpatients of a hospital, outpatients of a hospital, residents of a nursing home, inpatients or residents of a mental health facility, or individuals incarcerated in a local, state, or federal correction facility, when the health care practitioner authorized to write prescriptions writes the order into the patient's medical or clinical record, the order is given directly to the pharmacy, and the patient never has the opportunity to handle the written order.

(10) All acts related to the prescribing, dispensing, and records maintenance of all prescriptions shall be in compliance with applicable federal and state laws, rules, and regulations. [2013 c 19 § 30; 2009 c 328 § 1.]

18.64.510 Limitation on authority to regulate or establish standards regarding a jail. Nothing in this chapter or in any provision of law shall be interpreted to invest the commission with the authority to regulate or establish standards regarding a jail as defined in RCW 70.48.020 that does not operate, in whole or in part, a pharmacy or a correctional pharmacy. This section does not limit the commission's authority to regulate a pharmacist that has entered into an agreement with a jail for the provision of pharmaceutical services. [2013 c 19 § 31; 2009 c 411 § 2.]

18.64.520 Dispensing of drug other than controlled substance—Supply limit. (1) A pharmacist may dispense not more than a ninety-day supply of a drug other than a controlled substance pursuant to a valid prescription that specifies an initial quantity of less than a ninety-day supply followed by periodic refills of that amount if all of the following requirements are satisfied:

(a) The patient has completed an initial thirty-day supply of the drug. However, if the prescription continues the same medication as previously dispensed in a ninety-day supply, the initial thirty-day supply under this subsection (1) is not required;

(b) The total quantity of dosage units dispensed does not exceed the total quantity of dosage units authorized by the prescriber on the prescription including refills;

(c) The prescriber has not specified on the prescription that dispensing the prescription in an initial amount followed by periodic refills is medically necessary; and

(d) The pharmacist is exercising his or her professional judgment.

(2) In no case may a pharmacist dispense a greater supply of a drug pursuant to this section if the prescriber personally indicates, either orally or in their own handwriting, "no change to quantity," or words of similar meaning. Nothing in this section prohibits a prescriber from checking a box on a prescription marked "no change to quantity," provided that the prescriber personally initials the box or checkmark.

(3) A pharmacist dispensing an increased supply of a drug pursuant to this section shall notify the prescriber of the increase in the quantity of dosage units dispensed.

(4) Nothing in this section may be construed to require a health benefit plan, health carrier, workers' compensation insurance plan, pharmacy benefit manager, or any other person or entity including, but not limited to, a state program or state employer, to provide coverage in a manner inconsistent with the beneficiary's or enrollee's plan benefit. (3)(a) The showing of properties not owned by the seller to prospective buyers or the listing of competing properties for sale by a dual agent does not in and of itself constitute action that is adverse or detrimental to the seller or create a conflict of interest.

(b) The representation of more than one seller by different brokers licensed to the same firm in competing transactions involving the same buyer does not in and of itself constitute action that is adverse or detrimental to the sellers or create a conflict of interest.

(4)(a) The showing of property in which a buyer is interested to other prospective buyers or the presentation of additional offers to purchase property while the property is subject to a transaction by a dual agent does not in and of itself constitute action that is adverse or detrimental to the buyer or create a conflict of interest.

18.86.070 Duration of agency relationship. (1) The agency relationships set forth in this chapter commence at the time that the broker undertakes to provide real estate brokerage services to a principal and continue until the earliest of the following:

- (a) Completion of performance by the broker;
- (b) Expiration of the term agreed upon by the parties;
- (c) Termination of the relationship by mutual agreement of the parties; or
- (d) Termination of the relationship by notice from either party to the other. However, such a termination does not affect the contractual rights of either party.

(2) Except as otherwise agreed to in writing, a broker owes no further duty after termination of the agency relationship, other than the duties of:

- (a) Accounting for all moneys and property received during the relationship; and
- (b) Not disclosing confidential information. [2013 c 58 § 8; 1997 c 217 § 5; 1996 c 179 § 7.]

18.86.080 Compensation. (1) In any real estate transaction, a firm's compensation may be paid by the seller, the buyer, a third party, or by sharing the compensation between firms.

(2) An agreement to pay or payment of compensation does not establish an agency relationship between the party who paid the compensation and the broker.

(3) A seller may agree that a seller's agent's firm may share with another firm the compensation paid by the seller.

(4) A buyer may agree that a buyer's agent's firm may share with another firm the compensation paid by the buyer.

(5) A firm may be compensated by more than one party for real estate brokerage services in a real estate transaction, if those parties consent in writing at or before the time of signing an offer in the transaction.

(6) A firm may receive compensation based on the purchase price without breaching any duty to the buyer or seller.

(7) Nothing contained in this chapter negates the requirement that an agreement authorizing or employing a broker to sell or purchase real estate for compensation or a commission be in writing and signed by the seller or buyer. [2013 c 58 § 9; 1997 c 217 § 6; 1996 c 179 § 8.]

18.86.090 Vicarious liability. (1) A principal is not liable for an act, error, or omission by an agent or subagent of the principal arising out of an agency relationship:

(a) Unless the principal participated in or authorized the act, error, or omission; or

(b) Except to the extent that: (i) The principal benefited from the act, error, or omission; and (ii) the court determines that it is highly probable that the claimant would be unable to enforce a judgment against the agent or subagent.

(2) A broker is not liable for an act, error, or omission of a subagent under this chapter, unless that broker participated in or authorized the act, error or omission. This subsection does not limit the liability of a firm for an act, error, or omission by a broker licensed to the firm. [2013 c 58 § 10; 1996 c 179 § 9.]

18.86.100 Imputed knowledge and notice. (1) Unless otherwise agreed to in writing, a principal does not have knowledge or notice of any facts known by an agent or subagent of the principal that are not actually known by the principal.

(2) Unless otherwise agreed to in writing, a broker does not have knowledge or notice of any facts known by a subagent that are not actually known by the broker. This subsection does not limit the knowledge imputed to the designated broker or any managing broker responsible for the supervision of the broker of any facts known by the broker. [2013 c 58 § 11; 1996 c 179 § 10.]

18.86.110 Application. The duties under this chapter are statutory duties and not fiduciary duties. This chapter supersedes the fiduciary duties of an agent to a principal under the common law. The common law continues to apply to the parties in all other respects. This chapter does not affect the duties of a broker while engaging in the authorized or unauthorized practice of law as determined by the courts of

this state. This chapter shall be construed broadly. [2013 c 58 § 12; 1996 c 179 § 11.]

18.86.120 Pamphlet on the law of real estate agency—Content—Definition. (1) The pamphlet required under RCW 18.86.030(1)(f) shall consist of the entire text of RCW 18.86.010 through 18.86.030 and 18.86.040 through 18.86.110 with a separate cover page. The pamphlet shall be 8 1/2 by 11 inches in size, the text shall be in print no smaller than 10-point type, the cover page shall be in print no smaller than 12-point type, and the title of the cover page "The Law of Real Estate Agency" shall be in print no smaller than 18-point type. The cover page shall be in the following form:

The Law of Real Estate Agency

This pamphlet describes your legal rights in dealing with a real estate firm or broker. Please read it carefully before signing any documents.

The following is only a brief summary of the attached law:

Sec. 1. Definitions. Defines the specific terms used in the law.

Sec. 2. Relationships between Brokers and the Public. Prescribes that a broker who works with a buyer or tenant represents that buyer or tenant—unless the broker is the listing agent, a seller's subagent, a dual agent, the seller personally or the parties agree otherwise. Also prescribes that in a transaction involving two different brokers licensed to the same real estate firm, the firm's designated broker and any managing broker responsible for the supervision of both brokers, are dual agents and each broker solely represents his or her client—unless the parties agree in writing that both brokers are dual agents.

Sec. 3. Duties of a Broker Generally. Prescribes the duties that are owed by all brokers, regardless of who the broker represents. Requires disclosure of the broker's agency relationship in a specific transaction.

Sec. 4. Duties of a Seller's Agent. Prescribes the additional duties of a broker representing the seller or landlord only.

Sec. 5. Duties of a Buyer's Agent. Prescribes the additional duties of a broker representing the buyer or tenant only.

Sec. 6. Duties of a Dual Agent. Prescribes the additional duties of a broker representing both parties in the same transaction, and requires the written consent of both parties to the broker acting as a dual agent.

Sec. 7. Duration of Agency Relationship. Describes when an agency relationship begins and ends. Provides that the duties of accounting and confidentiality continue after the termination of an agency relationship.

Sec. 8. Compensation. Allows real estate firms to share compensation with cooperating real estate firms. States that payment of compensation does not necessarily establish an agency relationship. Allows brokers to receive compensation from more

than one party in a transaction with the parties' consent.

Sec. 9. Vicarious Liability. Eliminates the liability of a party for the conduct of the party's agent or subagent, unless the principal participated in or benefited from the conduct or the agent or subagent is insolvent. Also limits the liability of a broker for the conduct of a subagent.

Sec. 10. Imputed Knowledge and Notice. Eliminates the common law rule that notice to or knowledge of an agent constitutes notice to or knowledge of the principal.

Sec. 11. Interpretation. This law establishes statutory duties which replace common law fiduciary duties owed by an agent to a principal.

Sec. 12. Short Sale. Prescribes an additional duty of a firm representing the seller of owner-occupied real property in a short sale.

(2)(a) The pamphlet required under RCW 18.86.030(1)(f) must also include the following disclosure: When the seller of owner-occupied residential real property enters into a listing agreement with a real estate firm where the proceeds from the sale may be insufficient to cover the costs at closing, it is the responsibility of the real estate firm to disclose to the seller in writing that the decision by any beneficiary or mortgagee, or its assignees, to release its interest in the real property, for less than the amount the borrower owes, does not automatically relieve the seller of the obligation to pay any debt or costs remaining at closing, including fees such as the real estate firm's commission.

(b) For the purposes of this subsection, "owner-occupied real property" means real property consisting solely of a single-family residence, a residential condominium unit, or a residential cooperative unit that is the principal residence of the borrower. [2013 c 58 § 13; 2012 c 185 § 2; 1997 c 217 § 7; 1996 c 179 § 13.]

Finding—Intent—2009 c 36: "(1) The legislature finds that dishonest construction contractors sometimes hire workers without proper licenses, certificates, permits, and endorsements to do electrical, plumbing, and conveyance work. This practice gives these contractors an unfair competitive advantage and leaves workers and customers vulnerable.

(2) The legislature intends that electricians, plumbers, and conveyance workers be required to have their licenses, certificates, permits, and endorse-

ments and photo identification in their possession while working. The legislature further intends that the department of labor and industries be authorized to require electricians, plumbers, and conveyance workers to wear and visibly display their licenses, certificates, permits, and endorsements while working, and to include photo identification on these documents. These requirements will help address the problems of the underground economy in the construction industry, level the playing field for honest contractors, and protect workers and consumers." If the person does not renew the certificate within ninety days of the renewal date, he or she must retake the examination and pay the examination fee.

The journey level plumber and specialty plumber certificates of competency, the medical gas piping installer

18.130.095 Uniform procedural rules. (1)(a) The secretary, in consultation with the disciplining authorities, shall develop uniform procedural rules to respond to public inquiries concerning complaints and their disposition, active investigations, statement of charges, findings of fact, and final orders involving a license holder, applicant, or unlicensed person. The uniform procedural rules adopted under this subsection apply to all adjudicative proceedings conducted under this chapter and shall include provisions for establishing time periods for initial assessment, investigation, charging, discovery, settlement, and adjudication of complaints, and shall include enforcement provisions for violations of the specific time periods by the department, the disciplining authority, and the respondent. A license holder must be notified upon receipt of a complaint, except when the notification would impede an effective investigation. At the earliest point of time the license holder must be allowed to submit a written statement about that complaint, which statement must be included in the file. Complaints filed after July 27, 1997, are exempt from public disclosure under chapter 42.56 RCW until the complaint has been initially assessed and determined to warrant an investigation by the disciplining authority. Complaints determined not to warrant an investigation by the disciplining authority are no longer considered complaints, but must remain in the records and tracking system of the department. Information about complaints that did not warrant an investigation, including the existence of the complaint, may be released only upon receipt of a written public disclosure request or pursuant to an interagency agreement as provided in (b) of this subsection. Complaints determined to warrant no cause for action after investigation are subject to public disclosure, must include an explanation of the determination to close the complaint, and must remain in the records and tracking system of the department.

(b) The secretary, on behalf of the disciplining authorities, shall enter into interagency agreements for the exchange of records, which may include complaints filed but not yet assessed, with other state agencies if access to the records will assist those agencies in meeting their federal or state statutory responsibilities. Records obtained by state agencies under the interagency agreements are subject to the limitations on disclosure contained in (a) of this subsection.

(2) The uniform procedures for conducting investigations shall provide that prior to taking a written statement:

(a) For violation of this chapter, the investigator shall inform such person, in writing of: (i) The nature of the complaint; (ii) that the person may consult with legal counsel at his or her expense prior to making a statement; and (iii) that

any statement that the person makes may be used in an adjudicative proceeding conducted under this chapter; and

(b) From a witness or potential witness in an investigation under this chapter, the investigator shall inform the person, in writing, that the statement may be released to the license holder, applicant, or unlicensed person under investigation if a statement of charges is issued.

(3) Only upon the authorization of a disciplining authority identified in RCW 18.130.040(2)(b), the secretary, or his or her designee, may serve as the presiding officer for any disciplinary proceedings of the disciplining authority authorized under this chapter. The presiding officer shall not vote on or make any final decision in cases pertaining to standards of practice or where clinical expertise is necessary. All functions performed by the presiding officer shall be subject to chapter 34.05 RCW. The secretary, in consultation with the disciplining authorities, shall adopt procedures for implementing this subsection.

(4) Upon delegation from the secretary, a presiding officer may conduct disciplinary proceedings for professions identified in RCW 18.130.040(2)(a). All functions performed by the presiding officer are subject to chapter 34.05 RCW. Decisions of the presiding officer are initial decisions subject to review by the secretary. The secretary shall adopt procedures for implementing this subsection.

(5) The uniform procedural rules shall be adopted by all disciplining authorities listed in RCW 18.130.040(2), and shall be used for all adjudicative proceedings conducted under this chapter, as defined by chapter 34.05 RCW. The uniform procedural rules shall address the use of a presiding officer authorized in subsections (3) and (4) of this section to determine and issue decisions on all legal issues and motions arising during adjudicative proceedings. 18.225.145 Associate licensing—Requirements.

18.225.005 Findings. The legislature finds that licensed advanced social workers and licensed independent clinical social workers represent different specializations within the social work profession, with each license signifying the highest degree of licensure as it pertains to each specialty. The legislature further finds that practitioners in each specialty exercise independent judgment and operate independently within their area of practice.

Therefore, for purposes of job classification, licensed advanced social workers and licensed independent clinical social workers licensed under this chapter shall both be considered the top tier of licensure for the profession. [2013 c 73 § 1.]

18.360.080	Certifications existing before July 1, 2013.

18.360.005 Findings—Intent. The legislature finds that medical assistants are health professionals specifically trained to work in settings such as physicians' offices, clinics, group practices, and other health care facilities. These multi-skilled personnel are trained to perform administrative and clinical procedures under the supervision of health care providers. Physicians value this unique versatility more and more because of the skills of medical assistants and their ability to contain costs and manage human resources efficiently. The demand for medical assistants is expanding rapidly. The efficient and effective delivery of health care in Washington will be improved by recognizing the valuable contributions of medical assistants, and providing statutory support for medical assistants in Washington state. The legislature intends that individuals performing specialized functions be trained and supervised in a manner that will not pose an undue risk to patient safety. The legislature further finds that rural and small medical practices and clinics may have limited access to formally trained medical assistants. The legislature further intends that the secretary of health develop rec-

ommendations for a career ladder that includes medical assistants. [2013 c 128 § 1; 2012 c 153 § 1.]

Effective date—2012 c 153 §§ 1-12, 14, 16, and 18: "Sections 1 through 12, 14, 16, and 18 of this act take effect July 1, 2013." [2012 c 153 § 22.]

(b) The secretary shall issue an interim certification to any person who has met all of the qualifications in (a) of this subsection, except for the passage of the examination. A person holding an interim permit possesses the full scope of practice of a medical assistant-certified. The interim permit expires upon passage of the examination or after one year, whichever occurs first, and may not be renewed.

(3) The secretary shall issue a certification as a medical assistant-phlebotomist to any person who meets the qualifications for a medical assistant-phlebotomist established under RCW 18.360.030.

(4)(a) The secretary shall issue a registration as a medical assistant-registered to any person who has a current endorsement from a health care practitioner, clinic, or group practice.

(b) In order to be endorsed under this subsection (4), a person must:

(ii) Have a current attestation of his or her endorsement to perform specific medical tasks signed by a supervising health care practitioner filed with the department. A medical assistant-registered may only perform the medical tasks listed in his or her current attestation of endorsement.

(c) A registration based on an endorsement by a health care practitioner, clinic, or group practice is not transferrable to another health care practitioner, clinic, or group practice.

(d) An applicant for registration as a medical assistant-registered who applies to the department within seven days of employment by the endorsing health care practitioner, clinic, or group practice may work as a medical assistant-registered for up to sixty days while the application is processed. The applicant must stop working on the sixtieth day of employment if the registration has not been granted for any reason.

(5) A certification issued under subsections (1) through (3) of this section is transferrable between different practice settings. [2013 c 128 § 2; 2012 c 153 § 5.]

19.02.010 Purpose—Intent. (1) Experience under the pilot program of the business coordination act suggests that the number of state licenses required for new businesses and the renewal of existing licenses places an undue burden on business. Studies under this act also show that the state can reduce its costs by coordinating and consolidating application forms, information, and licenses. Therefore, the legislature extends the business coordination act by establishing a business license program and license center to develop and implement the following goals and objectives:

(a) The first goal of this system is to provide a convenient, accessible, and timely one-stop system for the business community to acquire and maintain the necessary state licenses to conduct business. This system must be developed and operated in the most cost-efficient manner for the business community and state. The objectives of this goal are:

(i) To provide a service whereby information is available to the business community concerning all state licensing and regulatory requirements, and to the extent feasible, include local and federal information concerning the same regulated activities;

(ii) To provide a system which enables state agencies to efficiently store, retrieve, and exchange license information with due regard to privacy statutes; to issue and renew business licenses where such licenses are appropriate; and to provide appropriate support services for this objective;

(iii) To provide at designated locations one consolidated application form to be completed by any given applicant; and

(iv) To provide a statewide system of common business identification.

(b) The second goal of this system is to aid business and the growth of business in Washington state by instituting a business license system that reduces the paperwork burden

on business, and promote the elimination of obsolete and duplicative licensing requirements by consolidating existing licenses and applications.

(2) It is the intent of the legislature that the authority for determining if a requested license is issued remains with the agency authorized to issue the license.

(3) It is the further intent of the legislature that those licenses which no longer serve a useful purpose in regulating certain business activities should be eliminated. [2013 c 144 § 15; 1982 c 182 § 1; 1977 ex.s. c 319 § 1.]

[2011 c 298 § 1.]

tively comply with this chapter by providing the department with a link to its licensing web site, summary information about the licensing requirements or standards in a format or formats designated by the department, and a designated agency contact.

(2) In addition to the requirements in subsection (1) of this section, each agency, by November 1st of each year, beginning November 1, 2013, must provide the department with certification on a form designated by the department that all business licensing information submitted by the agency is complete and up-to-date. If an agency has not submitted all the business licensing information required under this section, the agency must instead submit a progress report and explanation to the department.

The business licensing service has the authority to issue those licenses for which proper fee payment and a completed application form have been received and for which no preclicensing or renewal approval action is required by the regulatory agency.

(4) Upon receipt of the application and proper fee payment for any license for which issuance is subject to regulatory agency action under subsection (3) of this section, the department must immediately notify the regulatory agency with authority to approve issuance or renewal of the license requested by the applicant. (5) The department must issue a business license endorsed for all the approved licenses to the applicant and advise the applicant of the status of other requested licenses. It is the responsibility of the applicant to contest the decision

regarding conditions imposed or licenses denied through the normal process established by statute or by the regulatory agency with the authority for approving issuance of the license.

(6) Regulatory agencies must be provided information from the business license application for their licensing and regulatory functions. [2013 c 144 § 19; 2011 c 298 § 7; 1990 c 264 § 1; 1982 c 182 § 6; 1979 c 158 § 79; 1977 ex.s. c 319 § 7.]

19.02.085 Licensing fees—Business license delinquency fee—Rate—Disposition. To encourage timely renewal by applicants, a business license delinquency fee is imposed on licensees who fail to renew by the business license expiration date. The business license delinquency fee must be the lesser of one hundred fifty dollars or fifty percent of a base comprised of the licensee's renewal fee minus corporate licensing taxes, corporation annual report fee, and any interest fees or penalties charged for late taxes or corporate renewals. The business license delinquency fee must be added to the renewal fee and paid by the licensee before a business license is renewed. The delinquency fee must be deposited in the business license account. [2013 c 144 § 22; 1992 c 107 § 5; 1989 c 170 § 1; 1982 c 182 § 9.]

19.02.090 Business license—Expiration date—Prorated fees—Conditions of renewal. (1) The department must assign an expiration date for each business license. All renewable licenses endorsed on that business license must expire on that date. License fees must be prorated to accommodate the staggering of expiration dates.

(2) All renewable licenses endorsed on a business license must be renewed by the department under conditions originally imposed unless a regulatory agency advises the department of conditions or denials to be imposed before the endorsement is renewed. [2013 c 144 § 23; 1982 c 182 § 8.]

19.02.100 Business license—Issuance or renewal—Denial. (1) The department may refuse to issue or renew a business license to any person if:

(a) The person does not have a valid tax registration, if required by a regulatory agency;

(b) The person is a corporation delinquent in fees or penalties owing to the secretary of state or is not validly registered under Title 23B RCW, chapter 18.100 RCW, Title 24 RCW, or any other statute now or hereafter adopted which gives corporate or business licensing responsibilities to the secretary of state if the person is required to be so registered and the regulatory agency having the authority to approve the issuance or renewal of the license requires, as a condition of such approval, that the person be so registered or not delinquent in fees or penalties owing to the secretary of state; or

(c) The person has not submitted the sum of all fees and deposits required for the requested individual license endorsements, any outstanding business license delinquency fee, or other fees and penalties to be collected through the system.

(2) Nothing in this section prevents registration by the state of a business for taxation purposes, or an employer for the purpose of paying an employee of that employer industrial insurance or unemployment insurance benefits. [2013 c 144 § 24; 2011 c 298 § 9; 1997 c 58 § 865; 1991 c 72 § 8; 1982 c 182 § 10.]

19.02.110 Business license—System to include additional licenses. (1) In addition to the licenses processed under the business licensing system prior to April 1, 1982, on July 1, 1982, use of the business licensing system is expanded as provided by this section.

(2) Applications for the following must be filed with the business licensing service and must be processed, and renewals must be issued, under the business licensing system:

(a) Nursery dealer's licenses required by chapter 15.13 RCW;

(b) Seed dealer's licenses required by chapter 15.49 RCW;

19.02.115 Licensing information—Authorized disclosure—Penalty. (1) For purposes of this section:

(a) "Disclose" means to make known to any person in any manner licensing information;

(b) "Licensing information" means any information created or obtained by the department in the administration of this chapter and chapters 19.80 and 59.30 RCW, which information relates to any person who: (i) Has applied for or has been issued a license or trade name; or (ii) has been issued an assessment or delinquency fee. Licensing information includes initial and renewal business license applications, and business licenses;

(c) "Person" has the same meaning as in RCW 82.04.030 and also includes the state and the state's departments and institutions; and

(d) "State agency" means every Washington state office, department, division, bureau, board, commission, or other state agency.

(2) Licensing information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose any licensing information. Nothing in this chapter requires any person possessing licensing information made confidential and privileged by this section to delete information from such information so as to permit its disclosure.

(3) This section does not prohibit the department of revenue, or any other person receiving licensing information from the department under this subsection, from:

(a) Disclosing licensing information in a civil or criminal judicial proceeding or an administrative proceeding:

(i) In which the person about whom such licensing information is sought and the department, another state agency, or a local government are adverse parties in the proceeding; or

(ii) Involving a dispute arising out of the department's administration of chapter 19.80 or 59.30 RCW, or this chapter if the licensing information relates to a party in the proceeding;

(b) Disclosing, subject to such requirements and conditions as the director prescribes by rules adopted pursuant to chapter 34.05 RCW, such licensing information regarding a license applicant or license holder to such license applicant or license holder or to such person or persons as that license applicant or license holder may designate in a request for, or consent to, such disclosure, or to any other person, at the license applicant's or license holder's request, to the extent necessary to comply with a request for information or assistance made by the license applicant or license holder to such other person. However, licensing information not received from the license applicant or holder must not be so disclosed if the director determines that such disclosure would compromise any investigation or litigation by any federal, state, or local government agency in connection with the civil or criminal liability of the license applicant, license holder, or another person, or that such disclosure would identify a confidential informant, or that such disclosure is contrary to any agreement entered into by the department that provides for the reciprocal exchange of information with other govern-

ment agencies, which agreement requires confidentiality with respect to such information unless such information is required to be disclosed to the license applicant or license holder by the order of any court;

(c) Publishing statistics so classified as to prevent the identification of particular licensing information;

(d) Disclosing licensing information for official purposes only, to the governor or attorney general, or to any state agency, or to any committee or subcommittee of the legislature dealing with matters of taxation, revenue, trade, commerce, the control of industry or the professions, or licensing;

(e) Permitting the department's records to be audited and examined by the proper state officer, his or her agents and employees;

(f) Disclosing any licensing information to a peace officer as defined in RCW 9A.04.110 or county prosecuting attorney, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax or license enforcement. A peace officer or county prosecuting attorney who receives the licensing information may disclose that licensing information only for use in the investigation and a related court proceeding, or in the court proceeding for which the licensing information originally was sought;

(g) Disclosing, in a manner that is not associated with other licensing information, the name of a license applicant or license holder, entity type, registered trade name, business address, mailing address, unified business identifier number, list of licenses issued to a person through the business licensing system established in this chapter and their issuance and expiration dates, and the dates of opening of a business;

(h) Disclosing licensing information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.56 RCW or is a document maintained by a court of record and is not otherwise prohibited from disclosure;

(i) Disclosing any licensing information when the disclosure is specifically authorized under any other section of the Revised Code of Washington;

(j) Disclosing licensing information to the proper officer of the licensing or tax department of any city, town, or county of this state, for official purposes. If the licensing information does not relate to a license issued by the city, town, or county requesting the licensing information, disclosure may be made only if the laws of the requesting city, town, or county grants substantially similar privileges to the proper officers of this state; or

(k) Disclosing licensing information to the federal government for official purposes.

(4) Notwithstanding anything to the contrary in this section, a state agency or local government agency may disclose licensing information relating to a license issued on its behalf by the department pursuant to this chapter if the disclosure is authorized by another statute, local law, or administrative rule.

(5) The department, any other state agency, or local government may refuse to disclose licensing information that is otherwise disclosable under subsection (3) of this section if such disclosure would violate federal law or any information

sharing agreement between the state or local government and federal government.

(6) Any person acquiring knowledge of any licensing information in the course of his or her employment with the department and any person acquiring knowledge of any licensing information as provided under subsection (3)(d), (e), (f), (j), or (k) of this section, who discloses any such licensing information to another person not entitled to knowledge of such licensing information under the provisions of this section, is guilty of a misdemeanor. If the person guilty of such violation is an officer or employee of the state, such person must forfeit such office or employment and is incapable of holding any public office or employment in this state for a period of two years thereafter. [2013 c 144 § 26; 2011 c 298 § 12.]

19.02.210 Business license account. The business license account is created in the state treasury. Unless otherwise indicated in RCW 19.02.075, all receipts from handling and business license delinquency fees must be deposited into the account. Moneys in the account may be spent only after appropriation beginning in fiscal year 1993. Expenditures from the account may be used only to administer the business licensing service program. 19.02.310 Performance-based grant program. (1) Subject to the availability of amounts appropriated for this specific purpose, the department may administer a performance-based grant program that provides funding assistance to public agencies that issue business licenses and that wish to join with the department's business licensing service.

(2) The department may determine among interested grant applicants the order and the amount of the grant. In making grant determinations, consideration must be given, but not limited to, the following criteria: Readiness of the public agency to participate; the number of renewable licenses; and the reduced regulatory impact to businesses subject to licensure relative to the overall investment required by the department.

(3) The department must invite and encourage participation by all Washington city and county governments having interests or responsibilities relating to business licensing.

(4) The total amount of grants provided under this section may not exceed seven hundred fifty thousand dollars in any one fiscal year.

(5) The source of funds for this grant program is the business license account. [2013 c 144 § 28; 2005 c 201 § 1.]

19.02.320 Employment of minors. A person seeking a work permit for the employment of minors under RCW 49.12.121 is not required to complete an entirely new master application if there are no changes to any other information submitted on the most recent master application. The person need only complete the parts of a new master application that identify the employer seeking the minor work permit, includ-

ing address and contact information, and that indicate the employer plans to employ one or more minors, the duties to be performed by minors, and the estimated number of hours to be worked by minors. [2013 c 156 § 1.]

19.02.800 Business license system—Certain business or professional activity licenses exempt. Except as provided in RCW 43.07.200, the provisions of this chapter regarding the processing of license applications and renewals under the business licensing system do not apply to those business or professional activities that are licensed or regulated under chapter 31.04, 31.12, or 31.13 RCW or under Title 30, 32, 33, or 48 RCW. [2013 c 144 § 29; 2011 c 298 § 10; 2000 c 171 § 44; 1982 c 182 § 17.]

If the licensee or employee of a licensee reports a claim to a credit reporting bureau, the licensee shall, upon receipt of written notice from the debtor that any part of the claim is disputed, notify the credit reporting bureau of the dispute by written or electronic means and create a record of the fact of the notification and when the notification was provided;

(i) The licensee or employee has notified or attempted to notify the debtor in writing at his or her last known address or last known place of employment concerning the claim and the debtor after a reasonable time has failed to pay the claim or has failed to agree to make payments on the claim in a manner acceptable to the licensee, and

(13) Communicate with a debtor or anyone else in such a manner as to harass, intimidate, threaten, or embarrass a debtor, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, by threats of criminal prosecution, and by use of offensive language. A communication shall be presumed to have been made for the purposes of harassment if:

(b) It is made with a debtor at his or her place of employment more than one time in a single week, unless the licensee is responding to a communication from the debtor;

(c) It is made with the debtor or spouse at his or her place of residence between the hours of 9:00 p.m. and 7:30 a.m. A call to a telephone is presumed to be received in the local time zone to which the area code of the number called is assigned for landline numbers, unless the licensee reasonably believes the telephone is located in a different time zone. If the area code is not assigned to landlines in any specific geographic area, such as with toll-free telephone numbers, a call to a telephone is presumed to be received in the local time zone of the debtor's last known place of residence, unless the licensee reasonably believes the telephone is located in a different time zone.

(a) This subsection does not prohibit a licensee from attempting to communicate by way of a cellular telephone or other wireless device: PROVIDED, That a licensee cannot cause charges to be incurred to the recipient of the attempted communication more than three times in any calendar week

when the licensee knows or reasonably should know that the number belongs to a cellular telephone or other wireless device, unless the licensee is responding to a communication from the debtor or the person to whom the call is made.

(b) The licensee is not in violation of (a) of this subsection if the licensee at least monthly updates its records with information provided by a commercial provider of cellular telephone lists that the licensee in good faith believes provides reasonably current and comprehensive data identifying cellular telephone numbers, calls a number not appearing in the most recent list provided by the commercial provider, and does not otherwise know or reasonably should know that the number belongs to a cellular telephone.

(c) This subsection may not be construed to increase the number of communications permitted pursuant to subsection (13)(a) of this section.

(18) Call, or send a text message or other electronic communication to, a cellular telephone or other wireless device more than twice in any day when the licensee knows or reasonably should know that the number belongs to a cellular telephone or other wireless device, unless the licensee is responding to a communication from the debtor or the person to whom the call, text message, or other electronic communication is made. The licensee is not in violation of this subsection if the licensee at least monthly updates its records with information provided by a commercial provider of cellular telephone lists that the licensee in good faith believes provides reasonably current and comprehensive data identifying cellular telephone numbers, calls a number not appearing in the most recent list provided by the commercial provider, and does not otherwise know or reasonably should know that the number belongs to a cellular telephone. Nothing in this subsection may be construed to increase the number of communications permitted pursuant to subsection (13)(a) of this section.

(19) Intentionally block its telephone number from displaying on a debtor's telephone.

(20) In any manner convey the impression that the licensee is vouched for, bonded to or by, or is an instrumentality of the state of Washington or any agency or department thereof.

A licensee may collect or attempt to collect collection costs and fees, including contingent collection fees, as authorized by a written agreement or contract, between the licensee's client and the debtor, in the collection of a commercial claim. The amount charged to the debtor for collection services shall not exceed thirty-five percent of the commercial claim.

(22) Procure from a debtor or collect or attempt to collect on any written note, contract, stipulation, promise or acknowledgment under which a debtor may be required to pay any sum other than principal, allowable interest, except as noted in subsection (21) of this section, and, in the case of suit, attorney's fees and taxable court costs.

(23) Bring an action or initiate an arbitration proceeding on a claim when the licensee knows, or reasonably should

know, that such suit or arbitration is barred by the applicable statute of limitations.

(24) Upon notification by a debtor that the debtor disputes all debts arising from a series of dishonored checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments, initiate oral contact with a debtor more than one time in an attempt to collect from the debtor debts arising from the identified series of dishonored checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments when: (a) Within the previous one hundred eighty days, in response to the licensee's attempt to collect the initial debt assigned to the licensee and arising from the identified series of dishonored checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments, the debtor in writing notified the licensee that the debtor's checkbook or other series of preprinted written instruments was stolen or fraudulently created; (b) the licensee has received from the debtor a certified copy of a police report referencing the theft or fraudulent creation of the checkbook, automated clearinghouse transactions on a demand deposit account, or series of preprinted written instruments; (c) in the written notification to the licensee or in the police report, the debtor identified the financial institution where the account was maintained, the account number, the magnetic ink character recognition number, the full bank routing and transit number, and the check numbers of the stolen checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments, which check numbers included the number of the check that is the subject of the licensee's collection efforts; (d) the debtor provides, or within the previous one hundred eighty days provided, to the licensee a legible copy of a government-issued photo identification, which contains the debtor's signature and which was issued prior to the date of the theft or fraud identified in the police report; and (e) the debtor advised the licensee that the subject debt is disputed because the identified check, automated clearinghouse transaction on a demand deposit account, or other preprinted written instrument underlying the debt is a stolen or fraudulently created check or instrument.

The licensee is not in violation of this subsection if the licensee initiates oral contact with the debtor more than one time in an attempt to collect debts arising from the identified series of dishonored checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments when: (i) The licensee acted in good faith and relied on their established practices and procedures for batching, recording, or packeting debtor accounts, and the licensee inadvertently initiates oral contact with the debtor in an attempt to collect debts in the identified series subsequent to the initial debt assigned to the licensee; (ii) the licensee is following up on collection of a debt assigned to the licensee, and the debtor has previously requested more information from the licensee regarding the subject debt; (iii) the debtor has notified the licensee that the debtor disputes only some, but not all the debts arising from the identified series of dishonored checks, automated clearinghouse transactions on a demand deposit account, or other preprinted written instruments, in which case the licensee shall be allowed to initiate oral contact with the debtor one time for each debt arising

from the series of identified checks, automated clearinghouse transactions on a demand deposit account, or written instruments and initiate additional oral contact for those debts that the debtor acknowledges do not arise from stolen or fraudulently created checks or written instruments; (iv) the oral contact is in the context of a judicial, administrative, arbitration, mediation, or similar proceeding; or (v) the oral contact is made for the purpose of investigating, confirming, or authenticating the information received from the debtor, to provide additional information to the debtor, or to request additional information from the debtor needed by the licensee to accurately record the debtor's information in the licensee's records.

(25) Submit an affidavit or other request pursuant to chapter 6.32 RCW asking a superior or district court to transfer a bond posted by a debtor subject to a money judgment to the licensee, when the debtor has appeared as required. 19.28.041 License required—General or specialty licenses—Fees—Application—Bond or cash deposit. (1) It is unlawful for any person, firm, partnership, corporation, or other entity to advertise, offer to do work, submit a bid, engage in, conduct, or carry on the business of installing or maintaining wires or equipment to convey electric current, or installing or maintaining equipment to be operated by electric current as it pertains to the electrical industry, without having an unrevoked, unsuspended, and unexpired electrical contractor license, issued by the department in accordance with this chapter. All electrical contractor licenses expire twenty-four calendar months following the day of their issue. The

department may issue an electrical contractor license for a period of less than twenty-four months only for the purpose of equalizing the number of electrical contractor licenses that expire each month. Application for an electrical contractor license shall be made in writing to the department, accompanied by the required fee. The application shall state:

(a) The name and address of the applicant; in case of firms or partnerships, the names of the individuals composing the firm or partnership; in case of corporations, the names of the managing officials thereof;

(b) The location of the place of business of the applicant and the name under which the business is conducted;

(c) Employer social security number;

(d) Evidence of workers' compensation coverage for the applicant's employees working in Washington, as follows:

(i) The applicant's industrial insurance account number issued by the department;

(ii) The applicant's self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers' compensation law in the applicant's state or province of domicile certifying that the applicant has secured the payment of compensation under the other state's or province's workers' compensation law;

(e) Employment security department number;

(f) State excise tax registration number;

(g) Unified business identifier (UBI) account number may be substituted for the information required by (d) of this subsection if the applicant will not employ employees in Washington, and by (e) and (f) of this subsection; and

(h) Whether a general or specialty electrical contractor license is sought and, if the latter, the type of specialty. Electrical contractor specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars with the state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. The bond shall be conditioned further that the principal will pay for all labor, including employee benefits, and material furnished or used upon the work, taxes and contributions to the state of Washington, and all damages that may be sustained by any person, firm, partnership, corporation, or other entity due to a failure of the principal to make the installation or maintenance in accordance with this chapter or any applicable ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3). In lieu of the surety bond required by this section, the license applicant may file with the department a cash deposit or other negotiable security acceptable to the department. If the license applicant has filed a cash deposit, the department shall deposit the funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from the account.

(4) The department shall issue general or specialty electrical contractor licenses to applicants meeting all of the requirements of this chapter. The provisions of this chapter relating to the licensing of any person, firm, partnership, corporation, or other entity including the requirement of a bond with the state of Washington named as obligee therein and the collection of a fee therefor, are exclusive, and no political subdivision of the state of Washington may require or issue any licenses or bonds or charge any fee for the same or a similar purpose. No person, firm, partnership, corporation, or other entity holding more than one specialty contractor license under this chapter may be required to pay an annual fee for more than one such license or to post more than one four thousand dollar bond, equivalent cash deposit, or other negotiable security.

(5) To obtain a general or specialty electrical contractor license, the applicant must designate an individual who currently possesses a valid master journey level electrician's certificate of competency, master specialty electrician's certificate of competency in the specialty for which application has been made, or administrator's certificate as a general electrician.

cal contractor administrator or as a specialty electrical contractor administrator in the specialty for which application has been made.

(6) Administrator certificate specialties include, but are not limited to: Residential, pump and irrigation or domestic pump, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and combination specialty. To obtain an administrator's certificate, an individual must pass an examination as set forth in RCW 19.28.051 unless the applicant was a licensed electrical contractor at any time during 1974. Applicants who were electrical contractors licensed by the state of Washington at any time during 1974 are entitled to receive a general electrical contractor administrator's certificate without examination if the applicants apply prior to January 1, 1984. The board of electrical examiners shall certify to the department the names of all persons who are entitled to either a general or specialty electrical contractor administrator's certificate.

(7) For a contractor doing domestic water pumping system work as defined by RCW 18.106.010(10)(c), the department shall consider the requirements of subsections (1)(a) through (h), (2), and (3) of this section to have been met to be a pump and irrigation or domestic pump licensed electrical contractor if the contractor has met the contractor registration requirements of chapter 18.27 RCW. The department shall establish a single registration/licensing document for those who qualify for both general contractor registration as defined in chapter 18.27 RCW and a pump and irrigation or domestic pump electrical contractor license as defined by this chapter. Electrician certificate of competency specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, and appliance repair. Until July 1, 2007, the department of labor and industries shall issue a written warning to any specialty pump and irrigation or domestic pump electrician not having a valid electrician certification. The warning will state that the individual must apply for an electrical training certificate or be qualified for and apply for electrician certification under the requirements in RCW

19.28.191(1)(g) within thirty calendar days of the warning. Only one warning will be issued to any individual. If the individual fails to comply with this section, the department shall issue a penalty as defined in RCW 19.28.271 to the individual.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the electrical construction trade or who is learning the electrical construction trade may work in the electrical construction trade if supervised by a certified master journey level electrician, journey level electrician, master specialty electrician in that electrician's specialty, or specialty electrician in that electrician's specialty. All apprentices and individuals learning the electrical construction trade shall obtain an electrical training certificate from the department. The certificate shall authorize the holder to learn the electrical construction trade while under the direct supervision of a master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty. The certificate may include a photograph of the holder. The holder of the electrical training certificate shall renew the certificate biennially. At the time of renewal, the holder shall provide the department with an accurate list of the holder's employers in the electrical construction industry for the previous biennial period and the number of hours worked for each employer. The holder shall also provide proof of sixteen hours of: Approved classroom training covering this chapter, the national electrical code, or electrical theory; or equivalent classroom training taken as part of an approved apprenticeship program under chapter 49.04 RCW or an approved electrical training program under RCW 19.28.191(1)(h). At the request of the chairs of the house of representatives commerce and labor committee and the senate labor, commerce and consumer protection committee, or their successor committees, the department of labor and industries shall provide information on the implementation of the new classroom training requirements for electrical trainees to both committees by December 1, 2012. A biennial fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the electrical construction trade shall have their electrical training certificates in their possession at all times that they are performing electrical work. They shall show their certificates to an authorized representative of the department at the representative's request.

Supervision shall consist of a person being on the same job site and under the control of either a certified master journey level electrician, journey level electrician,

master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty. Either a certified master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day unless otherwise provided in this chapter.

(4) The ratio of noncertified individuals to certified master journey level electricians, journey level electricians, master specialty electricians, or specialty electricians on any one job site is as follows:

(a) When working as a specialty electrician, not more than two noncertified individuals for every certified master specialty electrician working in that electrician's specialty, specialty electrician working in that electrician's specialty, master journey level electrician, or journey level electrician, except that the ratio requirements are one certified master specialty electrician working in that electrician's specialty, specialty electrician working in that electrician's specialty, master journey level electrician, or journey level electrician working as a specialty electrician to no more than four students enrolled in and working as part of an electrical construction program at public community or technical colleges, or not-for-profit nationally accredited trade or technical schools licensed by the workforce training and education coordinating board under chapter 28C.10 RCW. In meeting the ratio requirements for students enrolled in an electrical construction program at a trade school, a trade school may receive input and advice from the electrical board; and

(b) When working as a journey level electrician, not more than one noncertified individual for every certified master journey level electrician or journey level electrician, except that the ratio requirements shall be one certified master journey level electrician or journey level electrician to no more than four students enrolled in and working as part of an electrical construction program at public community or technical colleges, or not-for-profit nationally accredited trade or technical schools licensed by the workforce training and education coordinating board under chapter 28C.10 RCW. In meeting the ratio requirements for students enrolled in an electrical construction program at a trade school, a trade school may receive input and advice from the electrical board.

An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in an electrical construction program at public community or technical colleges, or not-for-profit nationally accredited technical or trade schools licensed by the workforce training and education coordinating board under chapter 28C.10 RCW, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

dential specialties, not including appliance repair, as determined by the department in rule, either a master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty must be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day. Other specialties must meet the requirements specified in RCW 19.28.191(1)(g)(ii). When the ratio of certified electricians to noncertified individuals on a job site is one certified electrician to three or four noncertified individuals, the certified electrician must:

(a) Directly supervise and instruct the noncertified individuals and the certified electrician may not directly make or engage in an electrical installation; and

(b) Be on the same job site as the noncertified individual for a minimum of one hundred percent of each working day.

(6) The electrical contractor shall accurately verify and attest to the electrical trainee hours worked by electrical trainees on behalf of the electrical contractor. (a) Before July 1, 2005, an applicant who possesses a valid journey level electrician certificate of competency in effect for the previous four years and a valid general administrator's certificate may apply for a master journey level electrician certificate of competency without examination.

(b) Before July 1, 2005, an applicant who possesses a valid specialty electrician certificate of competency, in the specialty applied for, for the previous two years and a valid specialty administrator's certificate, in the specialty applied for, may apply for a master specialty electrician certificate of competency without examination.

(c) Before December 1, 2003, the following persons may obtain an equipment repair specialty electrician certificate of competency without examination:

(g) To be eligible to take the examination for a specialty electrician certificate of competency, the applicant must have:

(i) Worked in the residential (as specified in WAC 296-46B-920(2)(a)), pump and irrigation (as specified in WAC 296-46B-920(2)(b)), sign (as specified in WAC 296-46B-920(2)(d)), limited energy (as specified in WAC 296-46B-920(2)(e)), nonresidential maintenance (as specified in WAC 296-46B-920(2)(g)), or other new nonresidential specialties as determined by the department in rule under the supervision of a master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty for a minimum of four thousand hours;

(ii) Worked in the appliance repair specialty as determined by the department in rule, restricted nonresidential maintenance as determined by the department in rule, the equipment repair specialty as determined by the department in rule, the pump and irrigation specialty other than as defined by (g)(i) of this subsection or domestic pump specialty as determined by the department in rule, or a specialty other than the designated specialties in (g)(i) of this subsection for a minimum of the initial ninety days, or longer if set by rule by the department. The restricted nonresidential maintenance specialty is limited to a maximum of 277 volts and 20 amperes for lighting branch circuits and/or a maximum of 250 volts and 60 amperes for other circuits, but excludes the replacement or repair of circuit breakers. The initial period must be spent under one hundred percent supervision of a master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty. After this initial period, a person may take the specialty examination. If the person passes the examination, the person may work unsupervised for the balance of the minimum hours required for certification. A person may not be certified as a specialty electrician in the appliance repair specialty or in a specialty other than the designated specialties in (g)(i) of this subsection, however, until

the person has worked a minimum of two thousand hours in that specialty, or longer if set by rule by the department;

(iii) Successfully completed an approved apprenticeship program under chapter 49.04 RCW for the applicant's specialty in the electrical construction trade; or

(iv) In meeting the training requirements for the pump and irrigation or domestic pump specialties, the individual shall be allowed to obtain the experience required by this section at the same time the individual is meeting the experience required by RCW 18.106.040(1)(c). After meeting the training requirements provided in this section, the individual may take the examination and upon passing the examination, meeting additional training requirements as may still be required for those seeking a pump and irrigation, or a domestic pump specialty certificate as defined by rule, and paying the applicable fees, the individual must be issued the appropriate certificate. The department may include an examination for specialty plumbing certificate defined in RCW 18.106.010(10)(c) with the examination required by this section. The department, by rule and in consultation with the electrical board, may establish additional equivalent ways to gain the experience requirements required by this subsection. Individuals who are able to provide evidence to the department, prior to January 1, 2007, that they have been employed as a pump installer in the pump and irrigation or domestic pump business by an appropriately licensed electrical contractor, registered general contractor defined by chapter 18.27 RCW, or appropriate general specialty contractor defined by chapter 18.27 RCW for not less than eight thousand hours in the most recent six calendar years shall be issued the appropriate certificate by the department upon receiving such documentation and applicable fees. The department shall establish a single document for those who have received both an electrical specialty certification as defined by this subsection and have also met the certification requirements for the specialty plumber as defined by RCW 18.106.010(10)(c), showing that the individual has received both certifications. No other experience or training requirements may be imposed.

(h) Any applicant for a journey level electrician certificate of competency who has successfully completed a two-year program in the electrical construction trade at public community or technical colleges, or not-for-profit nationally accredited technical or trade schools licensed by the workforce training and education coordinating board under chapter 28C.10 RCW, may substitute up to two years of the technical or trade school program for two years of work experience under a master journey level electrician or journey level electrician. The applicant shall obtain the additional two years of work experience required in industrial or commercial electrical installation prior to the beginning, or after the completion, of the technical school program. Any applicant who has received training in the electrical construction trade in the armed service of the United States may be eligible to apply armed service work experience towards qualification to take the examination for the journey level electrician certificate of competency.

(i) An applicant for a specialty electrician certificate of competency who, after January 1, 2000, has successfully completed a two-year program in the electrical construction trade at a public community or technical college, or a not-for-

profit nationally accredited technical or trade school licensed by the workforce training and education coordinating board under chapter 28C.10 RCW, may substitute up to one year of the technical or trade school program for one year of work experience under a master journey level electrician, journey level electrician, master specialty electrician working in that electrician's specialty, or specialty electrician working in that electrician's specialty. Any applicant who has received training in the electrical construction trade in the armed services of the United States may be eligible to apply armed service work experience towards qualification to take the examination for an appropriate specialty electrician certificate of competency.

(j) The department must determine whether hours of training and experience in the armed services or school program are in the electrical construction trade and appropriate as a substitute for hours of work experience. The department must use the following criteria for evaluating the equivalence of classroom electrical training programs and work in the electrical construction trade:

(i) A two-year electrical training program must consist of three thousand or more hours.

(ii) In a two-year electrical training program, a minimum of two thousand four hundred hours of student/instructor contact time must be technical electrical instruction directly related to the scope of work of the electrical specialty. Student/instructor contact time includes lecture and in-school lab.

(iii) The department may not allow credit for a program that accepts more than one thousand hours transferred from another school's program.

(iv) Electrical specialty training school programs of less than two years will have all of the above student/instructor contact time hours proportionately reduced. Such programs may not apply to more than fifty percent of the work experience required to attain certification.

(v) Electrical training programs of less than two years may not be credited towards qualification for journey level electrician unless the training program is used to gain qualification for a four thousand hour electrical specialty.

(k) No other requirement for eligibility may be imposed.

(2) The department shall establish reasonable rules for the examinations to be given applicants for certificates of competency. In establishing the rules, the department shall consult with the board. Upon determination that the applicant is eligible to take the examination, the department shall so notify the applicant, indicating the time and place for taking the examination.

(3) No noncertified individual may work unsupervised more than one year beyond the date when the trainee would be eligible to test for a certificate of competency if working on a full-time basis after original application for the trainee certificate. For the purposes of this section, "full-time basis" means two thousand hours. [2013 c 23 § 30; 2006 c 185 § 7. 19.28.201 Examination—Times—Certification of results—Contents—Fees. The department, in coordination with the board, shall prepare an examination to be administered to applicants for master journey level electrician, journey level electrician, master specialty electrician, and specialty electrician certificates of competency.

The department, with the consent of the board, may enter into a contract with a professional testing agency to develop, administer, and score electrician certification examinations. The department may set the examination fee by contract with the professional testing agency.

The department must, at least four times annually, administer the examination to persons eligible to take it under RCW 19.28.191. The fee must cover, but not exceed, the costs of preparing and administering the examination.

The department must certify the results of the examination upon the terms and after such a period of time as the department, in cooperation with the board, deems necessary and proper.

(1)(a) The master electrician's certificates of competency examinations must include questions from the following categories to ensure proper safety and protection for the general public: (i) Safety; (ii) the state electrical code; and (iii) electrical theory.

(b) A person may take the master electrician examination as many times as necessary without limit. All applicants must, before taking the examination, pay the required examination fee to the agency administering the examination.

(2) The journey level electrician and specialty electrician examinations shall be constructed to determine:

(a) Whether the applicant possesses varied general knowledge of the technical information and practical procedures that are identified with the status of journey level electrician or specialty electrician; and

(b) Whether the applicant is sufficiently familiar with the applicable electrical codes and the rules of the department pertaining to electrical installations and electricians.

A person may take the examination as many times as necessary without limit. All applicants must, before taking the examination, pay the required examination fee to the agency administering the examination. 19.28.205 In-class education requirements. (1) An applicant for a journey level certificate of competency under RCW 19.28.191(1)(f) or a specialty electrician certificate of competency under RCW 19.28.191(1)(g) must demonstrate to the satisfaction of the department completion of in-class education as follows:

(a) Twenty-four hours of in-class education if two thousand hours or more but less than four thousand hours of work are required for the certificate;

(b) Forty-eight hours of in-class education if four thousand or more but less than six thousand hours of work are required for the certificate;

(c) Seventy-two hours of in-class education if six thousand or more but less than eight thousand hours of work are required for the certificate;

(d) Ninety-six hours of in-class education if eight thousand or more hours of work are required for the certificate.

(2) For purposes of this section, "in-class education" means approved classroom training covering this chapter, the national electric code, or electrical theory; or equivalent classroom training taken as part of an approved apprenticeship program under chapter 49.04 RCW or an approved electrical training program under RCW 19.28.191(1)(h).

(3) Classroom training taken to qualify for trainee certificate renewal under RCW 19.28.161 qualifies as in-class education under this section. [2013 c 23 § 32; 2012 c 32 § 1.]

The certificate may include a photograph of the holder. The certificate shall bear the date of issuance, and shall expire on the holder's birthday. The certificate shall be renewed every three years, upon application, on or before the holder's birthdate. A fee shall be assessed for each certificate and for each annual renewal.

(2) If the certificate holder demonstrates to the department that he or she has satisfactorily completed an annual eight-hour continuing education course, the certificate may be renewed without examination by appropriate application unless the certificate has been revoked, suspended, or not renewed within ninety days after the expiration date. For pump and irrigation or domestic pump specialty electricians, the continuing education course may combine both electrical and plumbing education provided that there is a minimum of four hours of electrical training in the course.

(a) The contents and requirements for satisfactory completion of the continuing education course shall be determined by the director and approved by the board.

(b) The department shall accept proof of a certificate holder's satisfactory completion of a continuing education course offered in another state as meeting the requirements for maintaining a current Washington state certificate of competency if the department is satisfied the course is comparable in nature to that required in Washington state for maintaining a current certificate of competency.

(3) If the certificate is not renewed before the expiration date, the individual shall pay twice the usual fee. The department shall set the fees by rule for issuance and renewal of a certificate of competency. The fees shall cover but not exceed the costs of issuing the certificates and of administering and enforcing the electrician certification requirements of this chapter.

(4) The certificates of competency and temporary permits provided for in this chapter grant the holder the right to work in the electrical construction trade as a master electrician, journey level electrician, or specialty electrician in accordance with their provisions throughout the state and within any of its political subdivisions without additional proof of competency or any other license, permit, or fee to engage in such work. 19.28.231 Temporary permits. The department is authorized to grant and issue temporary permits in lieu of certificates of competency whenever an electrician coming into the state of Washington from another state requests the department for a temporary permit to engage in the electrical construction trade as an electrician during the period of time between filing of an application for a certificate as provided in RCW 19.28.181 and the date the results of taking the examination provided for in RCW 19.28.201 are furnished to the applicant. The temporary permit may include a photograph of the holder. The department is authorized to enter into reciprocal agreements with other states providing for the acceptance of such states' journey level and specialty electrician certificate of competency or its equivalent when such states requirements are equal to the standards set by this chapter. No temporary permit shall be issued to:

(1) Any person who has failed to pass the examination for a certificate of competency, except that any person who has failed the examination for competency under this section shall be entitled to continue to work under a temporary permit for ninety days if the person is enrolled in a journey level electrician refresher course and shows evidence to the department that he or she has not missed any classes. The person, after completing the journey level electrician refresher course, shall be eligible to retake the examination for competency at the next scheduled time.

(2) Any applicant under this section who has not furnished the department with such evidence required under RCW 19.28.181.

- (d) The holder thereof has committed a serious violation of this chapter or any rule adopted under this chapter. A serious violation is a violation that presents imminent danger to the public.

(2) The department may deny an application for a certificate of competency for up to two years if the applicant's previous certificate of competency has been revoked.

(3) Before any certificate of competency shall be revoked, the holder shall be given written notice of the department's intention to do so, mailed by registered mail, return receipt requested, to the holder's last known address. The notice shall enumerate the allegations against the holder, and shall give the holder the opportunity to request a hearing before the board. However, if the construction is of a new residential building with up to four units intended for rent, sale, or lease, the owner may receive an exemption from the requirement to obtain a license or use a certified electrician if he or she provides a signed affidavit to the department stating that he or she will be performing the work and will occupy one of the units as his or her principal residence. The owner shall apply to the department for this exemption and may only receive an

exemption once every twenty-four months. It is intended that the owner receiving this exemption shall occupy the unit as his or her principal residence for twenty-four months after completion of the units.

(2) Nothing in RCW 19.28.161 through 19.28.271 shall be intended to derogate from or dispense with the requirements of any valid electrical code enacted by a city or town pursuant to RCW 19.28.010(3), except that no code shall require the holder of a certificate of competency to demonstrate any additional proof of competency or obtain any other license or pay any fee in order to engage in the electrical construction trade.

(b) Employees of an employer while the employer is performing utility type work of the nature described in RCW 19.28.091 so long as such employees have registered in the state of Washington with or graduated from a state-approved outside lineworker apprenticeship course that is recognized by the department and that qualifies a person to perform such work;

(c) Any work exempted under RCW 19.28.091(6); and

Chapter 19.68 RCW REBATING BY PRACTITIONERS OF HEALING PROFESSIONS

Sections

19.68.005	Definition.
19.68.900	Construction—Application.

19.68.005 Definition. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

"Electronic health record technology" means items and services, in the form of software or information technology and training services, necessary and used predominantly to create, maintain, transmit, or receive electronic health records. [2013 c 297 § 3.]

Findings—Intent—Retroactive application—2013 c 297: See notes following RCW 19.68.900.

19.68.900 Construction—Application. (1) Nothing in this chapter may be construed to limit or prohibit the donation of electronic health record technology or other activity by any entity, including a hospital licensed under chapter 70.41 RCW that operates a clinical laboratory, when the donation or other activity is allowed by or otherwise does not violate, 42 U.S.C. Sec. 1320a-7b(b) or the federal rules adopted to implement 42 U.S.C. Sec. 1320a-7b(b).

(2) This section does not apply to any entity which principally operates as a clinical laboratory licensed or certified under section 353 of the public health service act, 42 U.S.C. Sec. 263a, or other applicable Washington state law. [2013 c 297 § 2.]

Findings—Intent—2013 c 297: "(1) The legislature recognizes the complexity of the health care delivery system and the need to provide a clear and consistent regulatory framework to enable health care providers to manage their operations in an efficient and effective manner. The legislature also recognizes that the donation of electronic health records systems reduces

[2013 RCW Supp—page 208]

health care costs, promotes patient safety, and improves the quality of health care.

(2) To further the important national policy of promoting the widespread adoption of electronic health records systems, the federal antikickback statute and the rules adopted to implement the statute contain a safe harbor that allows the donation of electronic health records systems. The federal statute and rules also contain additional safe harbors to preserve a variety of other activities which, in many cases, improve access to health care. For health care entities other than clinical laboratories, the legality of all of these arrangements is currently in question.

(3) The legislature is adding language to chapter 19.68 RCW to clarifying existing law and ensure that, except with respect to arrangements involving an entity which principally operates as a clinical laboratory, it is interpreted in a manner consistent with the federal antikickback statute." [2013 c 297 § 1.]

Retroactive application—2013 c 297: "This act applies retroactively to June 1, 2006, as well as prospectively." [2013 c 297 § 4.]

19.80.080 Renewal and cancellation. (1) The department may require the renewal of trade names and establish a process for renewing trade names. Any such renewal process may not require renewals of trade names more often than annually and must allow persons to renew their trade name at the same time they are required to renew their business license.

(2) The department may cancel a person's trade name upon request of the person the trade name is registered to or when the person's business license account with the department's business licensing service is inactive. The department may also provide for the cancellation of trade names under circumstances as defined by the department by rule, which may include failure to renew a trade name under a renewal process as may be established by the department under the authority of subsection (1) of this section.

(3)(a) The department must make a reasonable effort to notify a person that the department intends to cancel the person's trade name. This notice is not required when a request for cancellation of a trade name is received by the department from the person the trade name was registered to or the person's authorized representative. The department may comply with this subsection either by mailing the notice to the person's last known address on record with the department or by providing the notice electronically instead of by mail. Such electronic notice is not subject to the confidentiality provisions of RCW 19.02.115 and may be sent by e-mail to the person's last known e-mail address on record with the department. However, if the department sends a notice by e-mail and is notified that the e-mail is undeliverable, the department must resend the notice by mail to the person's last known address on record with the department.

(b) The department may cancel a trade name unless, within twenty days of sending the notice required under this subsection, the person notifies the department in writing not to cancel the person's trade name and pays any applicable renewal fee.

(4) The department may remove any canceled trade names from its database of trade names.

(5) "Business license" and "business licensing service" have the same meaning as in RCW 19.02.020. [2013 c 144 § 31.]

WEIGHTS AND MEASURES

Sections

19.94.015 Commercial use of instrument or device—Registration—Fees.
19.94.2582 Service agent—Registration certificate—Fee—Decision—Denial—Notice—Refund.

19.94.015 Commercial use of instrument or device—Registration—Fees. (1) Except as provided in subsection (4) of this section for the initial registration of an instrument or device, no weighing or measuring instrument or device may be used for commercial purposes in the state unless its commercial use is registered annually. If its commercial use is within a city that has a city sealer and a weights and measures program as provided by RCW 19.94.280, the commercial use of the instrument or device must be registered with the city if the city has adopted fees pursuant to subsection (2)

of this section. If its commercial use is outside of such a city, the commercial use of the instrument or device must be registered with the department.

(2) A city with such a sealer and program may establish an annual fee for registering the commercial use of such a weighing or measuring instrument or device with the city. The annual fee may not exceed the fee established in RCW 19.94.175 for registering the use of a similar instrument or device with the department. Fees upon weighing or measuring instruments or devices within the jurisdiction of the city that are collected under this subsection by city sealers must be deposited into the general fund, or other account, of the city as directed by the governing body of the city.

(3) Registrations with the department are accomplished as part of the business licensing system under chapter 19.02 RCW. Payment of the registration fee for a weighing or measuring instrument or device under the business licensing system constitutes the registration required by this section.

(4) The fees established by or under RCW 19.94.175 for registering a weighing or measuring instrument or device must be paid to the department of revenue concurrently with an application for a business license under chapter 19.02 RCW or with the annual renewal of a business license under chapter 19.02 RCW. A weighing or measuring instrument or device must be initially registered with the state at the time the owner applies for a business license for a new business or at the first renewal of the license that occurs after the instrument or device is first placed into commercial use. The department of revenue must remit to the department of agriculture all fees collected under this provision less reasonable collection expenses.

(5) Each city charging registration fees under this section must notify the department of agriculture at the time such fees are adopted and whenever changes in the fees are adopted. [2013 c 144 § 34. Prior: 2011 c 298 § 19; 2011 c 103 § 38; 1995 c 355 § 1.]

Chapter 19.112 RCW MOTOR FUEL QUALITY ACT

Sections

- 19.112.110 Special fuel licensees—Required sales of biodiesel or renewable diesel fuel—Rules. (*Effective July 1, 2015.*)
19.112.120 Motor vehicle fuel licensees—Required sales of denatured ethanol—Rules—Limitation of section. (*Effective July 1, 2015.*)

19.112.110 Special fuel licensees—Required sales of biodiesel or renewable diesel fuel—Rules. (*Effective July 1, 2015.*) (1) Special fuel licensees under chapter 82.38 RCW, as determined by the department of licensing, must provide evidence to the department of licensing that at least two percent of the total annual diesel fuel sold in Washington is biodiesel or renewable diesel fuel, following the earlier of: (a) November 30, 2008; or (b) when a determination is made by the director, published in the Washington State Register, that feedstock grown in Washington state can satisfy a two-percent requirement.

(2) Special fuel licensees under chapter 82.38 RCW, as determined by the department of licensing, must provide evidence to the department of licensing that at least five percent of total annual diesel fuel sold in Washington is biodiesel or renewable diesel fuel, when the director determines, and publishes this determination in the Washington State Register, that both in-state oil seed crushing capacity and feedstock grown in Washington state can satisfy a three-percent requirement.

(3) The requirements of subsections (1) and (2) of this section may take effect no sooner than one hundred eighty days after the determination has been published in the Washington State Register.

(4) The director and the director of licensing must each adopt rules, in coordination with each other, for enforcing and carrying out the purposes of this section. [2013 c 225 § 601; 2009 c 132 § 2; 2006 c 338 § 2.]

Effective date—2013 c 225: See note following RCW 82.38.010.

Findings—Intent—2006 c 338: "The legislature finds that it is in the public interest to establish a market for alternative fuels in Washington. By requiring a growing percentage of our fuel supply to be renewable biofuel that meets appropriate fuel quality standards, we will reduce our dependence on imports of foreign oil, improve the health and quality of life for Washingtonians, and stimulate the creation of a new industry in Washington that benefits our farmers and rural communities. The legislature finds that it is in the public interest for the state to play a central role in spurring the market by purchasing an increasing amount of alternative fuels produced in Washington. The legislature finds that we must act now and that the time available before the requirements of this act take effect is sufficient for feedstock and fuel providers to prepare for successful implementation.

The legislature intends for consumers to have a choice of fuels and to encourage and promote the development, availability, and use of a diversity of renewable fuels and fuel blends ranging from fuels composed of no renewable content to completely renewable fuels." [2006 c 338 § 1.]

19.112.120 Motor vehicle fuel licensees—Required sales of denatured ethanol—Rules—Limitation of section. (*Effective July 1, 2015.*) (1) By December 1, 2008, motor vehicle fuel licensees under chapter 82.38 RCW, as determined by the department of licensing, must provide evidence to the department of licensing that at least two percent of total gasoline sold in Washington, measured on a quarterly basis, is denatured ethanol.

(2) If the director of ecology determines that ethanol content greater than two percent of the total gasoline sold in Washington will not jeopardize continued attainment of the federal clean air act's national ambient air quality standard for ozone pollution in Washington and the director of agriculture determines and publishes this determination in the Washington State Register that sufficient raw materials are available within Washington to support economical production of ethanol at higher levels, the director of agriculture may require by rule that licensees provide evidence to the department of licensing that denatured ethanol comprises between two percent and at least ten percent of total gasoline sold in Washington, measured on a quarterly basis.

(3) The requirements of subsections (1) and (2) of this section may take effect no sooner than one hundred eighty days after the determination has been published in the Washington State Register.

(4) The director and the director of licensing must each adopt rules, in coordination with each other, for enforcing and carrying out the purposes of this section.

(5) Nothing in this section is intended to prohibit the production, sale, or use of motor fuel for use in federally designated flexibly fueled vehicles capable of using E85 motor fuel. Nothing in this section is intended to limit the use of high octane gasoline not blended with ethanol for use in aircraft. [2013 c 225 § 602; 2007 c 309 § 2; 2006 c 338 § 3.]

(b) False statements or omission of material information on the application that, if known, would have allowed the director to deny the application for the original license;

(c) Failure to pay a fee required by the director or maintain the required bond;

(d) Failure to comply with any directive, order, or subpoena of the director; or

(e) Any violation of this chapter.

(3) The director may impose fines on an employee, loan originator, independent contractor, or agent of the licensee, or other person subject to this chapter for:

(a) Any violations of this chapter; or

(b) Failure to comply with any directive or order of the director.

(4) The director may issue orders directing a licensee, its employee, loan originator, independent contractor, agent, or other person subject to this chapter to cease and desist from conducting business.

(5) The director may issue orders removing from office or prohibiting from participation in the conduct of the affairs of a licensed mortgage broker, or both, any officer, principal, employee, or loan originator of any licensed mortgage broker or any person subject to licensing under this chapter for:

(a) Any violation of this chapter;

19.146.240 Violations—Claims against bond or alternative. (1) The director or any person injured by a violation of this chapter may bring an action against the surety bond or approved alternative of the licensed mortgage broker who committed the violation or who employed or engaged the loan originator who committed the violation.

(2)(a) The director or any person who is damaged by the licensee's or its loan originator's violation of this chapter, or rules adopted under this chapter, may bring suit upon the surety bond or approved alternative in the superior court of any county in which jurisdiction over the licensee may be obtained. Jurisdiction shall be exclusively in the superior court. Except as provided in subsection (2)(b) of this section,

in the event valid claims of borrowers against a bond or deposit exceed the amount of the bond or deposit, each borrower claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond or deposit, without regard to the date of filing of any claim or action. If, after all valid borrower claims are paid, valid claims by nonborrower claimants exceed the remaining amount of the bond or deposit, each nonborrower claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond or deposit, without regard to the date of the filing or any claim or action. A judgment arising from a violation of this chapter or rule adopted under this chapter shall be entered for actual damages and in no case be less than the amount paid by the borrower to the licensed mortgage broker plus reasonable attorneys' fees and costs. In no event shall the surety bond or approved alternative provide payment for any trebled or punitive damages.

(b) Borrowers shall be given priority over the director and other persons in distributions in actions against the surety bond. The director and other third parties shall then be entitled to distribution to the extent of their claims as found valid against the remainder of the bond. In the case of claims made by any person or entity who is not a borrower, no final judgment may be entered prior to one hundred eighty days following the date the claim is filed. This provision regarding priority shall not restrict the right of any claimant to file a claim.

(3) The remedies provided under this section are cumulative and nonexclusive and do not affect any other remedy available at law. [2013 c 30 § 6; 1997 c 106 § 15; 1994 c 33 § 21; 1993 c 468 § 14.]

(2) A licensee shall file with the director within forty-five days after the end of each fiscal quarter a current list of all authorized delegates including the name, address, and e-mail address, if available, of each authorized delegate providing money services to persons in Washington. (2) The director, with respect to any money transmitter licensee, may limit the extent to which a type of investment within a class of permissible investments may be considered a permissible investment, except for money, time deposits, savings deposits, demand deposits, and certificates of deposit issued by a federally insured financial institution. The director may prescribe in rule, or by order allow, other types of investments that the director determines to have a safety substantially equivalent to other permissible investments. [2013 c 106 § 7; 2010 c 73 § 9; 2003 c 287 § 22.]

19.230.310 Administration and rule-making powers.

The director has the authority and administrative discretion to administer and interpret this chapter to fulfill the intent of the legislature as expressed in RCW 19.230.005. 19.280.060	Department's duties—Report to the legislature.

19.280.010 Intent—Finding. It is the intent of the legislature to encourage the development of new safe, clean, and reliable energy resources to meet demand in Washington for affordable and reliable electricity. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet their customers' electricity needs in both the short term and the long term. The legislature intends that information obtained from integrated resource planning under this chapter will be used to assist in identifying and developing: (1) New energy generation; (2) conservation and efficiency resources; (3) methods, commercially available technologies, and facilities for integrating renewable resources, including addressing any overgeneration event; and (4) related infrastructure to meet the state's electricity needs. [2013 c 149 § 1; 2006 c 195 § 1.]

19.280.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Findings—Intent—2012 c 22: "(1) The legislature finds that: (a) Pulping liquors can be used to reduce harmful pollution and produce electricity and thermal energy that enables pulp and paper facilities to be highly energy efficient; (b) biomass facilities and pulp and paper mills are typically located in communities that are disproportionately affected by economic downturns; (c) mill closures have occurred throughout the state for more than a decade and the remaining ones have become all the more dependent on selling wood residuals, which are used for electricity generation, in order to sustain their economic viability; (d) employment at pulp and paper mills in the state has also declined significantly, most recently in Grays Harbor and Snohomish counties; (e) wood derived biomass is a renewable fuel for generating electricity and considered carbon-neutral under the laws of the state of Washington; and (f) using food processing residues, food waste, and yard waste to generate renewable electricity can benefit rural economies, decrease the amount of solid waste that requires disposal, and reduce greenhouse gas emissions that result from organic decay.

(2) The legislature declares that, by promoting the generation of renewable energy from biomass, particularly in economically distressed communities, it intends to ensure greater economic stability for the communities that have suffered heavy job losses and chronic unemployment.

(3) The legislature further declares that: (a) The owners of qualified biomass energy facilities that must comply with the renewable energy standards under the energy independence act of 2006, either as a matter of law or contractual obligation, should be permitted to use qualified biomass energy credits to meet their obligations; and (b) electricity that is generated by a biomass energy facility that entered commercial operation after March 31, 1999, from the combustion of organic by-products of pulping and the wood manufacturing process should be treated as an eligible renewable resource." [2012 c 22 § 1.]

19.285.040 Energy conservation and renewable energy targets. (1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in its most recently published regional power plan, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source,

where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(d) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(e) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or any combination of them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than coal transition power or renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) The requirements of this section may be met for any given year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

(i) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(j)(i) Beginning January 1, 2016, only a qualifying utility that owns or is directly interconnected to a qualified biomass energy facility may use qualified biomass energy to meet its compliance obligation under RCW 19.285.040(2).

(ii) A qualifying utility may no longer use electricity and associated renewable energy credits from a qualified biomass energy facility if the associated industrial pulping or wood manufacturing facility ceases operation other than for purposes of maintenance or upgrade.

(k) An industrial facility that hosts a qualified biomass energy facility may only transfer or sell renewable energy credits associated with its facility to the qualifying utility with which it is directly interconnected with facilities owned by such a qualifying utility and that are capable of carrying electricity at transmission voltage. The qualifying utility may only use an amount of renewable energy credits associated with qualified biomass energy that are equivalent to the proportionate amount of its annual targets under (a)(ii) and (iii) of this subsection that was created by the load of the industrial facility. A qualifying utility that owns a qualified biomass energy facility may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006. [2013 c 158 § 2; 2012 c 22 § 3; 2007 c 1 § 4 (Initiative Measure No. 937, approved November 7, 2006).]

Findings—Intent—2012 c 22: See note following RCW 19.285.030.

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding.

However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. The notice of seizure of personal property may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen-day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized property within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve

process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the property involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property.

(7) At the hearing, the seizing agency has the burden of proof to establish by a preponderance of the evidence that seized property is subject to forfeiture, and that the use or intended use of the seized property in connection with a crime pursuant to this section occurred with the owner's actual or constructive knowledge or consent. The person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property has the burden of proof to establish by a preponderance of the evidence that the person owns or has a right to possess the seized property. The possession of bare legal title is not sufficient to establish ownership of seized property if the seizing agency proves by a preponderance of the evidence that the person claiming ownership or right to possession is a nominal owner and did not actually own or exert a controlling interest in the property.

The seizing law enforcement agency shall promptly return the property to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

(8) When property is forfeited under this chapter, after satisfying any court-ordered victim restitution, the seizing law enforcement agency may:

(a) Retain it for official use or, upon application by any law enforcement agency of this state, release such property to such agency; or

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public.

(9)(a) Within one hundred twenty days after the entry of an order of forfeiture, each seizing agency shall remit to, if known, the victim of the crime involving the seized property, an amount equal to fifty percent of the net proceeds of any property forfeited.

(b) Retained property and net proceeds not required to be paid to victims shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(c) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling

agents, and the cost of any valid landlord's claim for damages.

(d) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(10) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located. [2013 c 322 § 27.]

19.290.240 Chapter to be liberally construed. The provisions of this chapter shall be liberally construed to the end that traffic in stolen private metal property or nonferrous metal property may be prevented, and irresponsible, unreliable, or dishonest persons may be prevented from engaging in the business of processing, recycling, or supplying scrap metal in this state and reliable persons may be encouraged to engage in businesses of processing, recycling, or supplying scrap metal in this state. [2013 c 322 § 28.]

19.290.250 No-buy list database program—Scrap metal business to determine if customer is listed. A scrap metal business shall, before completing any transaction under this chapter, determine whether such customer is listed in the Washington association of sheriffs and police chiefs no-buy list database program established and made available under RCW 43.43.885. [2013 c 322 § 32.]

(ii) Maintains an office in this state for the purpose of soliciting business as an exchange facilitator.

(b) "Exchange facilitator" does not include:

(i) A taxpayer or a disqualified person, as defined under treasury regulation section 1.1031(k)-1(k), seeking to qualify for the nonrecognition provisions of section 1031 of the internal revenue code of 1986, as amended;

(ii) A financial institution that is (A) acting as a depository for exchange funds and is not facilitating an exchange or (B) acting solely as a qualified escrow holder or qualified trustee, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3), and is not facilitating an exchange;

(iii) A title insurance company, underwritten title company, or escrow company that is acting solely as a qualified escrow holder or qualified trustee, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3), and is not facilitating an exchange;

(iv) A person that advertises for and teaches seminars or classes, or otherwise makes a presentation, to attorneys, accountants, real estate professionals, tax professionals, or other professionals, when the primary purpose is to teach the professionals about tax-deferred exchanges or to train them to act as exchange facilitators;

(5) "Financial institution" means a state chartered or federally chartered bank, credit union, savings and loan association, savings bank, or trust company whose accounts are insured by the full faith and credit of the United States, the federal deposit insurance corporation, the national credit

union share insurance fund, or other similar or successor programs.

(7) "Prudent investor standard" means the standard for investment as described under RCW 11.100.020. [2013 c 228 § 1; 2009 c 70 § 2.]

19.310.040 Duties of exchange facilitator—Fidelity bonds. (1) A person who engages in business as an exchange facilitator must:

(a)(i) Maintain a fidelity bond or bonds in an amount of not less than one million dollars executed by an insurer authorized to do business in this state for the benefit of a client of the exchange facilitator that suffers a direct financial loss as a result of the exchange facilitator's covered dishonest act. Such fidelity bond must cover the acts of employees of an exchange facilitator and owners of a nonpublicly traded exchange facilitator; or

(ii) Deposit all exchange funds in a qualified escrow account or qualified trust, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3), with a financial institution. If an exchange facilitator deposits exchange funds in a qualified escrow account or qualified trust:

(A) A withdrawal of exchange funds requires the exchange facilitator and the client to independently authenticate a record, as defined under RCW 62A.9A-102, of the transaction; and

(B) The client of the exchange facilitator must receive independently from the depository financial institution, by any commercially reasonable means, a current statement for verification of the deposited exchange funds; and

(b) Disclose on the company web site and contractual agreement the following statement in large, bold, or otherwise conspicuous typeface calculated to draw the eye: "Washington state law, RCW 19.310.040, requires an exchange facilitator to either maintain a fidelity bond in an amount of not less than one million dollars that protects clients against losses caused by criminal acts of the exchange facilitator, or to hold all client funds in a qualified escrow account or qualified trust that requires your consent for withdrawals. All exchange funds must be deposited in a separately identified account using your taxpayer identification number. You must receive written notification of how your exchange funds have been deposited. Your exchange facilitator is required to provide you with written directions of how to independently verify the deposit of the exchange funds. Exchange facilitation services are not regulated by any agency of the state of Washington or of the United States government. It is your responsibility to determine that your exchange funds will be held in a safe manner." If recommending other products or services, the exchange facilitator must disclose to the client that the exchange facilitator may receive a financial benefit, such as a commission or referral fee, as a result of such recommendation. The exchange facilitator must not recommend or suggest to a client the use of services of another organization or business entity in which the exchange facilitator has a direct or indirect interest with-

out full disclosure of such interest at the time of recommendation or suggestion.

(2) An exchange facilitator must provide evidence to each client that the requirements of this section are satisfied before entering into an exchange agreement.

(3) Upon request of a current or prospective client, or the attorney general under chapter 19.86 RCW, the exchange facilitator must offer evidence proving that the requirements of this section are satisfied at the time of the request. [2013 c 228 § 2; 2012 c 34 § 2; 2009 c 70 § 5.]

Findings—2012 c 34: "The legislature finds that exchange facilitators are a specialized business in Washington state that involves the transfer of certain assets of citizens for investment purposes. In 2009 legislation was passed that provided enhanced reporting requirements, as well as civil and criminal penalties, to serve as additional protections for citizens involved in these types of transactions. The legislature finds that current law is still inadequate to protect those who trust these companies with assets they may have spent a lifetime accumulating. Additional protections are required to properly regulate the companies engaged in these transactions." [2012 c 34 § 1.]

19.310.050 Claims on fidelity bonds—Remedies. (1) A person who claims to have sustained damages by reason of the fraudulent act or covered dishonest act of an exchange facilitator or an exchange facilitator's employee may file a claim on the fidelity bond.

(2) The remedies provided under this section are cumulative and nonexclusive and do not affect any other remedy available at law. [2013 c 228 § 3; 2009 c 70 § 6.]

19.310.080 Exchange funds—Prudent investor standard—Violations—Not subject to execution or attachment. (1) A person who engages in business as an exchange facilitator shall act as a custodian for all exchange funds, including money, property, other consideration, or instruments received by the exchange facilitator from, or on behalf of, the client, except funds received as the exchange facilitator's compensation. The exchange facilitator shall hold the exchange funds in a manner that provides liquidity and preserves both principal and any earned interest, and if invested, shall invest those exchange funds in investments that meet a prudent investor standard and satisfy investment goals of liquidity and preservation of principal and any earned interest. For purposes of this section, a violation of the prudent investor standard includes, but is not limited to, a transaction in which:

(a) Exchange funds are knowingly commingled by the exchange facilitator with the operating accounts of the exchange facilitator, except that the exchange facilitator's fee may be deposited as part of the exchange transaction into the same account as that containing exchange funds, in which event the exchange facilitator must promptly withdraw the fee;

(b) Exchange funds are loaned or otherwise transferred to any person or entity, other than a financial institution, that is affiliated with or related to the exchange facilitator, except that this subsection (1)(b) does not apply to the transfer of funds from an exchange facilitator to an exchange accommodation titleholder in accordance with an exchange contract;

(c) Exchange funds are invested in a manner that does not provide sufficient liquidity to meet the exchange facilitator's contractual obligations to its clients, unless insufficient liquidity occurs as the result of: (i) Events beyond the predic-

tion or control of the exchange facilitator including, but not limited to, failure of a financial institution; or (ii) an investment specifically requested by the client; or

(d) Exchange funds are invested in a manner that does not preserve the principal of the exchange funds, unless loss of principal occurs as the result of: (i) Events beyond the prediction or control of the exchange facilitator; or (ii) an investment specifically requested by the client.

(2) Exchange funds are not subject to execution or attachment on any claim against the exchange facilitator. [2013 c 228 § 4; 2009 c 70 § 9.]

19.310.100 Prohibited practices. A person who engages in business as an exchange facilitator shall not, with respect to a like-kind exchange transaction:

(1) Make a false, deceptive, or misleading material representation, directly or indirectly, concerning a like-kind transaction;

(2) Make a false, deceptive, or misleading material representation, directly or indirectly, in advertising or by any other means, concerning a like-kind transaction;

(3) Engage in any unfair or deceptive practice toward any person;

(4) Obtain property by fraud or misrepresentation;

(5) Fail to account for any moneys or property belonging to others that may be in the possession or under the control of the exchange facilitator;

(6) Commingle funds held for a client in any account that holds the exchange facilitator's own funds, except as provided in RCW 19.310.080(1)(a);

(7) Loan or otherwise transfer exchange funds to any person or entity, other than a financial institution, that is affiliated with or related to the exchange facilitator, except for the transfer of funds from an exchange facilitator to an exchange accommodation title holder in accordance with an exchange contract;

(8) Keep, or cause to be kept, any money in any bank, credit union, or other financial institution under a name designating the money as belonging to the client of any exchange facilitator, unless that money belongs to that client and was entrusted to the exchange facilitator by that client;

(9) Fail to fulfill its contractual duties to the client to deliver property or funds to the taxpayer in a material way unless such a failure is due to: (a) Events beyond the prediction or control of the exchange facilitator; or (b) an investment specifically requested by the client;

(10) Commit, including commission by its owners, officers, directors, employees, agents, or independent contractors, any crime involving fraud, misrepresentation, deceit, embezzlement, misappropriation of funds, robbery, or other theft of property;

(11) Fail to make disclosures required by any applicable state law; or

(12) Make any false statement or omission of material fact in connection with any reports filed by an exchange facilitator or in connection with any investigation conducted by the department of financial institutions. [2013 c 228 § 5; 2009 c 70 § 11.]

19.310.110 Deposit of client funds—Written notice.

(1) An exchange facilitator must deposit all client funds in a

separately identified account, as defined in treasury regulation section 1.468B-6(c)(ii), for the particular client or client's matter, and the client must receive all the earnings credited to the separately identified account.

(2) An exchange facilitator must provide the client with written notification of how the exchange proceeds have been invested or deposited. [2013 c 228 § 6; 2009 c 70 § 12.]

19.310.120 Prima facie evidence of fraud—Violations—Penalty—Cure for violations. (1) Failure to fulfill the requirements under RCW 19.310.040 constitutes prima facie evidence that the exchange facilitator intended to defraud a client who suffered a subsequent loss of the asset entrusted to the exchange facilitator.

(2) A person who engages in business as an exchange facilitator and who knowingly violates RCW 19.310.100 (1) through (9) or fails to comply with the requirements under RCW 19.310.040 is guilty of a class B felony under chapter 9A.20 RCW. However, an exchange facilitator is not guilty of a class B felony for failure to comply with the requirements under RCW 19.310.040 if: (a) Failure to comply is due to the cancellation or amendment of the fidelity bond by the bond issuer; and (b) the exchange facilitator:

(i) Within thirty days, takes all reasonable steps to comply with the requirements under RCW 19.310.040; and

(ii) Deposits any new exchange funds into a qualified escrow account or qualified trust until a fidelity bond is obtained that meets the requirements under RCW 19.310.040(1)(a)(i). [2013 c 228 § 7; 2012 c 34 § 4; 2009 c 70 § 13.]

26.09.315 Child custody issues—Abduction by parent—Information. In any proceeding under this chapter where the custody or care of a minor child is at issue or in dispute, information on the harmful effects of parental abduction shall be included in any packet of information or materials provided to the parties, or in any parenting class or seminar that is offered to or required of the parties. The information shall include the following:

PAMPHLET REGARDING THE HARMFUL EFFECTS OF PARENTAL ABDUCTION IN CHILD CUSTODY CASES

Child custody disputes can sometimes lead one parent or the other to abduct one or more of their children. Each year approximately two hundred fifty thousand children in the United States are abducted by a noncustodial or custodial parent in violation of the law.

Child abduction, including abduction by a parent, commonly leads to growing fear, confusion, and general mistrust on the part of the child. Parental abduction means a loss of

[2013 RCW Supp—page 236]

the parent left behind, extended family, friends, pets, community, and familiar surroundings that provide children with a sense of security and well-being. Such losses may be very traumatic for a child leading to long-term, adverse effects as the child grows.

Given the need to maintain secrecy by the abducting parent, children who are parentally abducted often:

- (1) Fail to receive an adequate education;
- (2) Fail to receive adequate medical care;
- (3) Live in substandard housing;
- (4) Are told the parent left behind is a bad person, does not want the child, or is deceased;
- (5) Are instructed to lie to remain anonymous and hidden;
- (6) Are fearful of leaving their residence;
- (7) Are fearful of encountering law enforcement and other security personnel.

If and when returned, abducted children often live in apprehension of being abducted again. Just as abused children may identify with and seek the approval of their abuser, abducted children may do the same with their abductor. Once returned the child may feel anger and resentment at the parent who was left behind because the child now does not have visitation or communication with the abducting parent.

The returned child may suffer loyalty conflicts, emotional detachment, and feelings of betrayal by providing information about the abducting parent who broke the law. An inability to trust adults in general can hinder the child's ability to form lasting relationships even long into adulthood.

If the child is very young when abducted and is returned as an older child, the child may suffer serious negative emotional effects because the child feels as if he or she is returned to a stranger and therefore the return to the parent who was originally left behind seems like an abduction itself.

Parents need to understand that even though their relationship with each other may be strained or even toxic, their children often have a strong, loving, trusting relationship with both parents.

A parent who is considering abducting his or her child should know and understand the potential short-term and long-term traumatic impacts that parental abduction has on a child and consider only those actions that will be lawful and will contribute to the child's best interests. [2013 c 91 § 1.]

26.33.345 Search for birth parent or adopted child—Limited release of information—Noncertified copies of original birth certificate—Contact preference form.

26.33.345 Search for birth parent or adopted child—Limited release of information—Noncertified copies of original birth certificate—Contact preference form. (1) The department of social and health services, adoption agencies, and independent adoption facilitators shall release the name and location of the court where a relinquishment of parental rights or finalization of an adoption took place to an adult adoptee, a birth parent of an adult adoptee, an adoptive parent, a birth or adoptive grandparent of an adult adoptee, or an adult sibling of an adult adoptee, or the legal guardian of any of these.

(2) The department of health shall make available a noncertified copy of the original birth certificate of a child to the child's birth parents upon request.

(3)(a) For adoptions finalized after October 1, 1993, the department of health shall provide a noncertified copy of the original birth certificate to an adoptee eighteen years of age or older upon request, unless the birth parent has filed an affidavit of nondisclosure before July 28, 2013, or a contact preference form that indicates he or she does not want the original birth certificate released: PROVIDED, That the affidavit of nondisclosure, the contact preference form, or both have not expired.

(b) For adoptions finalized on or before October 1, 1993, the department of health may not provide a noncertified copy of the original birth certificate to the adoptee until after June 30, 2014. After June 30, 2014, the department of health shall provide a noncertified copy of the original birth certificate to an adoptee eighteen years of age or older upon request, unless the birth parent has filed a contact preference form that indicates he or she does not want the original birth certificate released: PROVIDED, That the contact preference form has not expired.

(c) An affidavit of nondisclosure expires upon the death of the birth parent.

(4)(a) Regardless of whether a birth parent has filed an affidavit of nondisclosure or when the adoption was finalized, a birth parent may at any time complete a contact preference form stating his or her preference about personal contact with the adoptee, which, if available, must accompany an original birth certificate provided to an adoptee under subsection (3) of this section.

(b) The contact preference form must include the following options:

(i) I would like to be contacted. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(ii) I would like to be contacted only through a confidential intermediary as described in RCW 26.33.343. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(iii) I prefer not to be contacted and have completed the birth parent updated medical history form. I give the depart-

ment of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate; and

(iv) I prefer not to be contacted and have completed the birth parent updated medical history form. I do not want a noncertified copy of the original birth certificate released to the adoptee.

(c) If the birth parent indicates he or she prefers not to be contacted, personally identifying information on the contact preference form must be kept confidential and may not be released.

(d) Nothing in this section precludes a birth parent from subsequently filing another contact preference form to rescind the previous contact preference form and state a different preference.

(e) A contact preference form expires upon the death of the birth parent.

(5) If a birth parent files a contact preference form, the birth parent must also file an updated medical history form with the department of health. Upon request of the adoptee, the department of health must provide the adoptee with the updated medical history form filed by the adoptee's birth parent.

(6) Both a completed contact preference form and birth parent updated medical history form are confidential and must be placed in the adoptee's sealed file.

(7) If a birth parent files a contact preference form within six months after the first time an adoptee requests a copy of his or her original birth certificate as provided in subsection (3) of this section, the department of health must forward the contact preference form and the birth parent updated medical history form to the address of the adoptee.

(8) The department of health may charge a fee not to exceed twenty dollars for providing a noncertified copy of a birth certificate to an adoptee.

(9) The department of health must create the contact preference form and an updated medical history form. The contact preference form must provide a method to ensure personally identifying information can be kept confidential. The updated medical history form may not require the birth parent to disclose any identifying information about the birth parent.

(10) If the department of health does not provide an adoptee with a noncertified copy of the original birth certificate because a valid affidavit of nondisclosure or contact preference form has been filed, the adoptee may request, no more than once per year, that the department of health attempt to determine if the birth parent is deceased. Upon request of the adoptee, the department of health must make a reasonable effort to search public records that are accessible and already available to the department of health to determine if the birth parent is deceased. The department of health may charge the adoptee a reasonable fee to cover the cost of conducting a search. [2013 c 321 § 1; 1993 c 81 § 3; 1990 c 145 § 2.]

(*Effective until December 1, 2013.*) (1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombuds or any volunteer in the ombuds's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state

whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11, 13, and 26 RCW, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the

child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(12)(a) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(14) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(15) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(16) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

(17) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030. Finding—Intent—1996 c 278: "The legislature finds that including certain department of corrections personnel among the professionals who are mandated to report suspected abuse or neglect of children, dependent adults, or people with developmental disabilities is an important step toward improving the protection of these vulnerable populations. The legislature intends, however, to limit the circumstances under which department of corrections personnel are mandated reporters of suspected abuse or neglect to only those circumstances when the information is obtained during the course of their employment. This act is not to be construed to alter the circumstances under which other professionals are mandated to report suspected abuse or neglect, nor is it the legislature's intent to alter current practices and procedures utilized by other professional organizations who are mandated reporters under RCW 26.44.030(1)(a)." [1996 c 278 § 1.]

Legislative findings—1985 c 259: "The Washington state legislature finds and declares:

The children of the state of Washington are the state's greatest resource and the greatest source of wealth to the state of Washington. Children of all ages must be protected from child abuse. Governmental authorities must give the prevention, treatment, and punishment of child abuse the highest priority, and all instances of child abuse must be reported to the proper authorities who should diligently and expeditiously take appropriate action, and child abusers must be held accountable to the people of the state for their actions.

The legislature recognizes the current heavy caseload of governmental authorities responsible for the prevention, treatment, and punishment of child abuse. The information obtained by child abuse reporting requirements, in addition to its use as a law enforcement tool, will be used to determine the need for additional funding to ensure that resources for appropriate governmental response to child abuse are available." 26.44.030 Reports—Duty and authority to make—Duty of receiving agency—Duty to notify—Case planning and consultation—Penalty for unauthorized exchange of information—Filing dependency petitions—Investigations—Interviews of children—Records—Risk assessment process. (Effective December 1, 2013.) (1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombuds or any volunteer in the ombuds's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act

of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11, 13, and 26 RCW, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department

within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.

(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the

investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian sign an agreement to participate in services before services are initiated that informs the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not sign the consent form.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on

school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030. Finding—Intent—1996 c 278: "The legislature finds that including certain department of corrections personnel among the professionals who are mandated to report suspected abuse or neglect of children, dependent adults, or people with developmental disabilities is an important step toward improving the protection of these vulnerable populations. The legislature intends, however, to limit the circumstances under which department of corrections personnel are mandated reporters of suspected abuse or neglect to only those circumstances when the information is obtained during the course of their employment. This act is not to be construed to alter the circumstances under which other professionals are mandated to report suspected abuse or neglect, nor is it the legislature's intent to alter current practices and procedures utilized by other professional organizations who are mandated reporters under RCW 26.44.030(1)(a)." [1996 c 278 § 1.]

Legislative findings—1985 c 259: "The Washington state legislature finds and declares:

The children of the state of Washington are the state's greatest resource and the greatest source of wealth to the state of Washington. Children of all ages must be protected from child abuse. Governmental authorities must give the prevention, treatment, and punishment of child abuse the highest priority, and all instances of child abuse must be reported to the proper authorities who should diligently and expeditiously take appropriate action, and child abusers must be held accountable to the people of the state for their actions.

The legislature recognizes the current heavy caseload of governmental authorities responsible for the prevention, treatment, and punishment of child abuse. The information obtained by child abuse reporting requirements, in addition to its use as a law enforcement tool, will be used to determine the need for additional funding to ensure that resources for appropriate governmental response to child abuse are available." 26.44.220 Abuse of adolescents—Staff training curriculum. (1) Within existing resources, the department shall develop a curriculum designed to train staff of the department's children's administration who assess or provide services to adolescents on how to screen and respond to referrals to child protective services when those referrals may involve victims of abuse or neglect between the ages of eleven and eighteen. At a minimum, the curriculum developed pursuant to this section shall include:

(a) Review of relevant laws and regulations, including the requirement that the department investigate complaints if a parent's or caretaker's actions result in serious physical or emotional harm or present an imminent risk of serious harm to any person under eighteen;

(b) Review of policies of the department's children's administration that require assessment and screening of abuse and neglect referrals on the basis of risk and not age;

(c) Explanation of safety assessment and risk assessment models;

(d) Case studies of situations in which the department has received reports of alleged abuse or neglect of older children and adolescents;

(e) Discussion of best practices in screening and responding to referrals involving older children and adolescents; and

(f) Discussion of how abuse and neglect referrals related to adolescents are investigated and when law enforcement must be notified.

(2) As it develops its curriculum pursuant to this section, the department shall request that the office of the family and children's ombuds review and comment on its proposed training materials. The department shall consider the comments and recommendations of the office of the family and children's ombuds as it develops the curriculum required by this section.

(3) The department shall complete the curriculum materials required by this section no later than December 31, 2005.

(4) Within existing resources, the department shall incorporate training on the curriculum developed pursuant to this section into existing training for child protective services workers who screen intake calls, children's administration staff responsible for assessing or providing services to older children and adolescents, and all new employees of the children's administration responsible for assessing or providing services to older children and adolescents. Intent—1988 c 124: "It is the intent of the legislature that those historic archaeological resources located on state-owned aquatic lands that are of importance to the history of our state, or its communities, be protected for the people of the state. At the same time, the legislature also recognizes that divers have long enjoyed the recreation of diving near shipwrecks and picking up artifacts from the state-owned aquatic lands, and it is not the intent of the legislature to regulate these occasional, recreational activities except in areas where necessary to protect underwater historic archaeological sites. The legislature also recognizes that salvors who invest in a project to salvage underwater archaeological resources on state-owned aquatic lands should be required to obtain a state permit for their operation in order to protect the interest of the people of the state, as well as to protect the interest of the salvors who have invested considerable time and money in the salvage expedition." 28A.150.100 Basic education certificated instructional staff—Definition—Ratio to students. (1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience courses as defined in RCW 28A.232.010. 28A.150.220 Basic education—Minimum instructional requirements—Program accessibility—Rules. (1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand instructional hours for students in each of grades one through six according to an implementation schedule adopted by the legislature, but not before the 2014-15 school year; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, subject to a phased-in implementation of the twenty-four credits as established by the legislature. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students and exited students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020; and

(g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any partic-

ular number of hours per day or to take any particular courses.

(5) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as required in the parent involvement component of the inventory. In addition, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(6) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish. 28A.150.305 Alternative educational service providers—Student eligibility. (1) The board of directors of school districts may contract with alternative educational service providers for eligible students. Alternative educational service providers that the school district may contract with include, but are not limited to:

- (a) Other schools;
- (b) Alternative education programs not operated by the school district;
- (c) Education centers;
- (d) Skills centers;
- (e) The Washington national guard youth challenge program;
- (f) Dropout prevention programs; or
- (g) Other public or private organizations, excluding sectarian or religious organizations.

(2) Eligible students include students who are likely to be expelled or who are enrolled in the school district but have been suspended, are academically at risk, or who have been subject to repeated disciplinary actions due to behavioral problems.

(3) If a school district board of directors chooses to initiate specialized programs for students at risk of expulsion or who are failing academically by contracting out with alternative educational service providers identified in subsection (1) of this section, the school district board of directors and the organization must specify the specific learning standards that students are expected to achieve. Placement of the student shall be jointly determined by the school district, the student's parent or legal guardian, and the alternative educational service provider.

(4) For the purpose of this section, the superintendent of public instruction shall adopt rules for reporting and documenting enrollment. Students may reenter at the grade level appropriate to the student's ability. Students who are sixteen years of age or older may take a test to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190.

(5) The board of directors of school districts may require that students who would otherwise be suspended or expelled attend schools or programs listed in subsection (1) of this section as a condition of continued enrollment in the school district. [2013 c 39 § 3; 2002 c 291 § 1; 1997 c 265 § 6.]

28A.150.550 Statewide indicators of educational system health—Disaggregation—Use of indicators—Status reports. (1) The following statewide indicators of educational system health are established:

(a) The percentage of students demonstrating the characteristics of entering kindergartners in all six areas identified by the Washington kindergarten inventory of developing skills administered in accordance with RCW 28A.655.080;

(b) The percentage of students meeting the standard on the fourth grade statewide reading assessment administered in accordance with RCW 28A.655.070;

(c) The percentage of students meeting the standard on the eighth grade statewide mathematics assessment administered in accordance with RCW 28A.655.070;

(d) The four-year cohort high school graduation rate;

(e) The percentage of high school graduates who during the second quarter after graduation are either enrolled in post-secondary education or training or are employed, and the percentage during the fourth quarter after graduation who are either enrolled in postsecondary education or training or are employed; and

(f) The percentage of students enrolled in precollege or remedial courses in college.

(2) The statewide indicators established in subsection (1) of this section shall be disaggregated as provided under RCW 28A.300.042.

(3) The state board of education, with assistance from the office of the superintendent of public instruction, the workforce training and education coordinating board, the educational opportunity gap oversight and accountability committee, and the student achievement council, shall establish a process for identifying realistic but challenging system-wide performance goals and measurements, if necessary, for each of the indicators established in subsection (1) of this section, including for subcategories of students as provided under subsection (2) of this section. The performance goal for each indicator must be set on a biennial basis, and may only be adjusted upward.

(4) The state board of education, the office of the superintendent of public instruction, and the student achievement council shall each align their strategic planning and education reform efforts with the statewide indicators and performance goals established under this section.

(5)(a) The state board of education, with assistance from the office of the superintendent of public instruction, the workforce training and education coordinating board, the educational opportunity gap oversight and accountability committee, and the student achievement council, shall submit a report on the status of each indicator in subsection (1) of this section and recommend revised performance goals and measurements, if necessary, by December 1st of each even-numbered year, except that the initial report establishing baseline values and initial goals shall be delivered to the education committees of the legislature by December 1, 2013.

(b) If the educational system is not on target to meet the performance goals on any individual indicator, the report must recommend evidence-based reforms intended to improve student achievement in that area.

(c) To the extent data is available, the performance goals for each indicator must be compared with national data in order to identify whether Washington student achievement results are within the top ten percent nationally or are comparable to results in peer states with similar characteristics as Washington. If comparison data show that Washington stu-

dents are falling behind national peers on any indicator, the report must recommend evidence-based reforms targeted at addressing the indicator in question. [2013 c 282 § 2.]

Intent—2013 c 282: "(1) The legislature acknowledges that multiple entities, including the state board of education, the office of the superintendent of public instruction, the workforce training and education coordinating board, the quality education council, and the student achievement council, are actively working on efforts to identify measurable goals and priorities, road maps, and strategic plans for the entire educational system. It is not the legislature's intent to undermine or curtail the ongoing work of these groups. However, the legislature believes that a coordinated single set of statewide goals would help focus these efforts.

(2) It is, therefore, the intent of the legislature to establish a discrete set of statewide data points that will serve as snapshots of the overall health of the educational system and as a means for evaluating progress in achieving the outcomes set for the system and the students it serves. By monitoring these statewide indicators over time, it is the intent of the legislature to understand whether reform efforts and investments are making positive progress in the overall education of students and whether adjustments are necessary. Finally, it is the intent of the legislature to align the education reform efforts of each state education agency in order to hold each part of the system – statewide leaders, school personnel, and students – accountable to the same definitions of success." [2013 c 282 § 1.]

(2) School districts implementing a learning assistance program shall focus first on addressing the needs of students in grades kindergarten through four who are deficient in read-

28A.165.035 Program activities—Partnerships with local entities—Development and use of state menus of best practices and strategies. (1) Beginning in the 2015-16 school year, expenditure of funds from the learning assistance program must be consistent with the provisions of RCW 28A.655.235.

(2) Use of best practices that have been demonstrated through research to be associated with increased student achievement magnifies the opportunities for student success. To the extent they are included as a best practice or strategy in one of the state menus or an approved alternative under this section or RCW 28A.655.235, the following are services and activities that may be supported by the learning assistance program:

- (a) Extended learning time opportunities occurring:
 - (i) Before or after the regular school day;
 - (ii) On Saturday; and
 - (iii) Beyond the regular school year;
- (b) Services under RCW 28A.320.190;

(c) Professional development for certificated and classified staff that focuses on:

- (i) The needs of a diverse student population;
- (ii) Specific literacy and mathematics content and instructional strategies; and
- (iii) The use of student work to guide effective instruction and appropriate assistance;
- (d) Consultant teachers to assist in implementing effective instructional practices by teachers serving participating students;

(e) Tutoring support for participating students;

(f) Outreach activities and support for parents of participating students, including employing parent and family engagement coordinators; and

(g) Up to five percent of a district's learning assistance program allocation may be used for development of partnerships with community-based organizations, educational service districts, and other local agencies to deliver academic and nonacademic supports to participating students who are significantly at risk of not being successful in school to reduce barriers to learning, increase student engagement, and enhance students' readiness to learn. The office of the superintendent of public instruction must approve any community-based organization or local agency before learning assistance funds may be expended.

(3) In addition to the state menu developed under RCW 28A.655.235, the office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop additional state menus of best practices and strategies for use in the learning assistance program to assist struggling students at all grade levels in English language arts and mathematics and reduce disruptive behaviors in the classroom. The office of the superintendent of public instruction shall publish the state menus by July 1, 2015, and update the state menus by each July 1st thereafter.

(4)(a) Beginning in the 2016-17 school year, except as provided in (b) of this subsection, school districts must use a practice or strategy that is on a state menu developed under subsection (3) of this section or RCW 28A.655.235.

(b) Beginning in the 2016-17 school year, school districts may use a practice or strategy that is not on a state menu developed under subsection (3) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction shall approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate increased improved outcomes for participating students.

(c) Beginning in the 2016-17 school year, school districts may enter cooperative agreements with state agencies, local governments, or school districts for administrative or operational costs needed to provide services in accordance with the state menus developed under this section and RCW 28A.655.235.

(5) School districts are encouraged to implement best practices and strategies from the state menus developed

28A.175.075 Building bridges work group—Composition—Duties—Reports. (1) The office of the superintendent of public instruction shall establish a state-level building bridges work group that includes K-12 and state agencies that work with youth who have dropped out or are at risk of dropping out of school. The following agencies shall appoint representatives to the work group: The office of the superintendent of public instruction, the workforce training and education coordinating board, the department of early learning, the employment security department, the state board for community and technical colleges, the department of health, the community mobilization office, and the children's services and behavioral health and recovery divisions of the department of social and health services. The work group should also consist of one representative from each of the following agencies and organizations: A statewide organization representing career and technical education programs including skill centers; the juvenile courts or the office of juvenile justice, or both; the Washington association of prosecuting attorneys; the Washington state office of public defense; accredited institutions of higher education; the educational service districts; the area workforce development councils; parent and educator associations; educational opportunity gap oversight and accountability committee; office of the education ombuds; local school districts; agencies or organizations that provide services to special education students; community organizations serving youth; federally recognized tribes and urban tribal centers; each of the major political caucuses of the senate and house of representatives; and the minority commissions.

(2) To assist and enhance the work of the building bridges programs established in RCW 28A.175.025, the state-level work group shall:

(a) Identify and make recommendations to the legislature for the reduction of fiscal, legal, and regulatory barriers that prevent coordination of program resources across agencies at the state and local level;

(b) Develop and track performance measures and benchmarks for each partner agency or organization across the state including performance measures and benchmarks based on student characteristics and outcomes specified in RCW 28A.175.035(1)(e); and

(c) Identify research-based and emerging best practices regarding prevention, intervention, and retrieval programs.

(3)(a) The work group shall report to the quality education council, appropriate committees of the legislature, and the governor on an annual basis beginning December 1, 2007, with proposed strategies for building K-12 dropout prevention, intervention, and reengagement systems in local communities throughout the state including, but not limited to, recommendations for implementing emerging best practices, needed additional resources, and eliminating barriers.

(b) By September 15, 2010, the work group shall report on:

(i) A recommended state goal and annual state targets for the percentage of students graduating from high school;

(ii) A recommended state goal and annual state targets for the percentage of youth who have dropped out of school who should be reengaged in education and be college and work ready;

(iii) Recommended funding for supporting career guidance and the planning and implementation of K-12 dropout prevention, intervention, and reengagement systems in school districts and a plan for phasing the funding into the program of basic education, beginning in the 2011-2013 biennium; and

(iv) A plan for phasing in the expansion of the current school improvement planning program to include state-funded, dropout-focused school improvement technical assistance for school districts in significant need of improvement regarding high school graduation rates.

(4) State agencies in the building bridges work group shall work together, wherever feasible, on the following activities to support school/family/community partnerships engaged in building K-12 dropout prevention, intervention, and reengagement systems:

(a) Providing opportunities for coordination and flexibility of program eligibility and funding criteria;

(b) Providing joint funding;

(c) Developing protocols and templates for model agreements on sharing records and data;

(d) Providing joint professional development opportunities that provide knowledge and training on:

(i) Research-based and promising practices;

(ii) The availability of programs and services for vulnerable youth; and

(iii) Cultural competence.

(5) The building bridges work group shall make recommendations to the governor and the legislature by December 1, 2010, on a state-level and regional infrastructure for coordinating services for vulnerable youth. Recommendations must address the following issues:

(a) Whether to adopt an official conceptual approach or framework for all entities working with vulnerable youth that can support coordinated planning and evaluation;

(b) The creation of a performance-based management system, including outcomes, indicators, and performance

measures relating to vulnerable youth and programs serving them, including accountability for the dropout issue;

(c) The development of regional and/or county-level multipartner youth consortia with a specific charge to assist school districts and local communities in building K-12 comprehensive dropout prevention, intervention, and reengagement systems;

(i) Provide individualized attention to the neediest youth and prioritized access to services for students identified by a dropout early warning and intervention data system;

(ii) Establish protocols for coordinating data and services, including getting data release at time of intake and common assessment and referral processes; and

(iii) Build a system of single case managers across agencies;

(e) Launching a statewide media campaign on increasing the high school graduation rate; and

(f) Developing a statewide database of available services for vulnerable youth. [2013 c 23 § 46; 2010 c 243 § 4; 2007 c 408 § 7.]

Intent—Findings—2007 c 408: See note following RCW 28A.175.025.

28A.175.100 Statewide dropout reengagement program. (1) This section and RCW 28A.175.105 through 28A.175.115 provide a statutory framework for a statewide dropout reengagement system to provide appropriate educational opportunities and access to services for students age sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

(2) Under the system, school districts may:

(a) Enter into the model interlocal agreement developed under RCW 28A.175.110 with an educational service district, community or technical college, or other public entity to provide a dropout reengagement program for eligible students of the district; or

(b) Enter into the model contract developed under RCW 28A.175.110 with a community-based organization to provide a dropout reengagement program for eligible students of the district.

(3) If a school district does not enter an interlocal agreement or contract with an educational service district, community or technical college, other public entity, or community-based organization to provide a dropout reengagement program for eligible students residing in the district, the educational service district, community or technical college, other public entity, or community-based organization may petition a school district other than the resident school district to enroll the eligible students under RCW 28A.225.220 through 28A.225.230 and enter the interlocal agreement or contract with the petitioning entity to provide a dropout reengagement program for the eligible students.

(4) This section does not affect the authority of school districts to contract for educational services under RCW 28A.150.305 and 28A.320.035. This section also does not affect the authority of school districts to offer dropout reen-

agement programs or other educational services for eligible students directly. [2010 c 20 § 2.]

Intent—2013 c 39; 2010 c 20: "(1) In every school district there are older youth who have become disengaged with the traditional education program of public high schools. They may have failed multiple classes and are far behind in accumulating credits to graduate. They do not see a high school diploma as an achievable goal. They may have dropped out of school entirely. They are not likely to become reengaged in their education by the prospect of reenrollment in a traditional or even an alternative high school.

(2) For many years, school districts, community and technical colleges, and community-based organizations have created partnerships to provide appropriate educational programs for these students. Programs such as career education options and career link have successfully offered individualized academic instruction, case management support, and career-oriented skills in an age-appropriate learning environment to hundreds of disengaged older youth. Preparation for a test to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190 is provided but is not the end goal for students.

(3) However, in recent years, many of these partnerships have ceased to operate. The laws and rules authorizing school districts to contract using basic education allocations do not provide sufficient guidance and instead present barriers. Program providers are forced to adapt to rules that were not written to address the needs of the students being served. Questions and concerns about liability, responsibility, and administrative burden have caused districts reluctantly to abandon their partnerships, and consequently leave hundreds of students without a viable alternative for continuing their public education.

(4) Therefore the legislature intends to provide a statutory framework to support a statewide dropout reengagement system for older youth. The framework clarifies and standardizes funding, programs, and administration by directing the office of the superintendent of public instruction to develop model contracts and interlocal agreements. It is the legislature's intent to encourage school districts, community and technical colleges, and community-based organizations to participate in this system and provide appropriate instruction and services to reengage older students and help them make progress toward a meaningful credential and career skills." [2013 c 39 § 4; 2010 c 20 § 1.]

28A.175.105 Statewide dropout reengagement program—Definitions. The definitions in this section apply throughout RCW 28A.175.100 through 28A.175.110 unless the context clearly requires otherwise:

(1) "Dropout reengagement program" means an educational program that offers at least the following instruction and services:

(a) Academic instruction, including but not limited to preparation to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190, academic skills instruction, and college and work readiness preparation, that generates credits that can be applied to a high school diploma from the student's school district or from a community or technical college under RCW 28B.50.535 and has the goal of enabling the student to obtain the academic and work readiness skills necessary for employment or postsecondary study. A dropout reengagement program is not required to offer instruction in only those subject areas where a student is deficient in accumulated credits. Academic instruction must be provided by teachers certified by the Washington professional educator standards board or by instructors employed by a community or technical college whose required credentials are established by the college;

(b) Case management, academic and career counseling, and assistance with accessing services and resources that support at-risk youth and reduce barriers to educational success; and

(c) If the program provider is a community or technical college, the opportunity for qualified students to enroll in college courses that lead to a postsecondary degree or certificate. The college may not charge an eligible student tuition for such enrollment.

(2) "Eligible student" means a student who:

(a) Is at least sixteen but less than twenty-one years of age at the beginning of the school year;

(b) Is not accumulating sufficient credits toward a high school diploma to reasonably complete a high school diploma from a public school before the age of twenty-one or is recommended for the program by case managers from the department of social and health services or the juvenile justice system; and

(c) Is enrolled or enrolls in the school district in which the student resides, or is enrolled or enrolls in a nonresident school district under RCW 28A.225.220 through 28A.225.230.

(3) "Full-time equivalent eligible student" means an eligible student whose enrollment and attendance meet criteria adopted by the office of the superintendent of public instruction specifically for dropout reengagement programs. The criteria shall be:

(a) Based on the community or technical college credits generated by the student if the program provider is a community or technical college; and

(b) Based on a minimum amount of planned programming or instruction and minimum attendance by the student rather than hours of seat time if the program provider is a community-based organization. [2013 c 39 § 5; 2010 c 20 § 3.]

Intent—2010 c 20: See note following RCW 28A.175.100.

28A.175.140 PASS program—Duties of superintendent of public instruction. (1) The office of the superintendent of public instruction, in consultation with the state board of education, must:

(a) Calculate the annual extended graduation rate for each high school, which is the rate at which a class of students enters high school as first-year students and graduates with a high school diploma, including students who receive a high school diploma after the year they were expected to graduate. The office may statistically adjust the rate for student demographics in the high school, including the number of students eligible for free and reduced-price meals, special education and English language learner students, students of various racial and ethnic backgrounds, and student mobility;

(b) Annually calculate the proportion of students at grade level for each high school, which shall be measured by the number of credits a student has accumulated at the end of each school year compared to the total number required for graduation. For the purposes of this subsection (1)(b), the office shall adopt a standard definition of "at grade level" for each high school grade;

(c) Annually calculate the proportion of students in each high school who are suspended or expelled from school, as reported by the high school. In-school suspensions shall not be included in the calculation. Improvement on the indicator under this subsection (1)(c) shall be measured by a reduction in the number of students suspended or expelled from school; and

(d) Beginning with the 2012-13 school year, annually measure student attendance in each high school as provided under RCW 28A.300.046.

(2) The office of the superintendent of public instruction may add dropout prevention indicators to the list of indicators under subsection (1) of this section, such as student grades, state assessment mastery, or student retention.

(3) To the maximum extent possible, the office of the superintendent of public instruction shall rely on data collected through the comprehensive education data and research system to calculate the dropout prevention indicators under this section and shall minimize additional data collection from schools and school districts unless necessary to meet the requirements of this section.

(4) The office of the superintendent of public instruction shall develop a metric for measuring the performance of each high school on the indicators under subsection (1) of this section that assigns points for each indicator and results in a single numeric dropout prevention score for each high school. The office shall weight the extended graduation rate indicator within the metric so that a high school does not qualify for an award under RCW 28A.175.145 without an increase in its extended graduation rate. The metric used through the 2012-13 school year shall include the indicators in subsection (1)(a) through (c) of this section and shall measure improvement against the 2010-11 school year as the baseline year. Beginning in the 2013-14 school year, the metric shall also include the indicator in subsection (1)(d) of this section, with improvement in this indicator measured against the 2012-13 school year as the baseline year. The office may establish a minimum level of improvement in a high school's dropout prevention score for the high school to qualify for a PASS program award under RCW 28A.175.145. [2013 c 23 § 47; 2011 c 288 § 4.]

28A.188.010 STEM literacy. (1) As used throughout this chapter, "STEM" means science, technology, engineering, and mathematics.

(2) To provide focus and clarity to efforts to increase learning opportunities and improve educational outcomes in STEM, the following definition of STEM literacy is adopted: STEM literacy means the ability to identify, apply, and integrate concepts from science, technology, engineering, and mathematics to understand complex problems and to innovate to solve them. STEM literacy is achieved when a student is able to apply his or her understanding of how the world works within and across the four interrelated STEM disciplines to improve the social, economic, and environmental conditions of the local and global community.

(3) The component parts of STEM literacy are:

(a) Scientific literacy, which is the ability to use scientific knowledge and processes in physics, chemistry, biology, and earth and space science to understand the natural world and to participate in decisions that affect it;

(b) Technological literacy, which is the ability to use new technologies, understand how technologies are developed, and have skills to analyze how new technologies affect individuals, the nation, and the world. Technology is the innovation, change, or modification of the natural environment to satisfy perceived human needs and wants;

(c) Engineering literacy, which is the understanding of how technologies are developed through the engineering design process. Engineering design is the systematic and cre-

ative application of scientific and mathematical principles to practical ends, such as the design, manufacture, and operation of efficient and economic structures, machines, processes, and systems; and

(d) Mathematical literacy, which is the ability to analyze, reason, and communicate ideas effectively through posing, formulating, solving, and interpreting solutions to mathematical problems in a variety of situations. [2013 2nd sp.s. c 25 § 1.]

28A.188.020 Statewide director for math, science, and technology—Duties—Reporting. The superintendent of public instruction shall provide support for statewide coordination for math, science, and technology, including employing a statewide director for math, science, and technology. The duties of the director shall include, but not be limited to:

(1) Within funds specifically appropriated therefor, obtain a statewide license, or otherwise obtain and disseminate, an interactive, project-based high school and middle school technology curriculum that includes a comprehensive professional development component for teachers and, if possible, counselors, and also includes a systematic program evaluation. The curriculum must be distributed to all school districts, or as many as feasible, by the 2007-08 school year;

(2) Within funds specifically appropriated therefor, supporting a public-private partnership to assist school districts with implementing an ongoing, inquiry-based science program that is based on a research-based model of systemic reform and aligned with the Washington state science grade level expectations;

(3) Within funds specifically appropriated therefor, supporting a public-private partnership to provide enriching opportunities in mathematics, engineering, and science for underrepresented students in grades kindergarten through twelve using exemplary materials and instructional approaches;

(4) In an effort to increase precollege and prework interest in math, science, and technology fields, in collaboration with the community and technical colleges, the four-year institutions of higher education, and the workforce training and education coordinating board, conducting outreach efforts to attract middle and high school students to careers in math, science, and technology and to educate students about the coursework that is necessary to be adequately prepared to succeed in these fields;

(5) Coordinating youth opportunities in math, science, and technology, including facilitating student participation in school clubs, state-level fairs, national competitions, and encouraging partnerships between students and university faculty or industry to facilitate such student participation;

(6) Developing and maintaining public-private partnerships to generate business and industry assistance to accomplish the following:

(a) Increasing student engagement and career awareness, including increasing student participation in the youth opportunities in subsection (5) of this section;

(b) Creation and promotion of student scholarships, internships, and apprenticeships;

(c) Provision of relevant teacher experience and training, including on-the-job professional development opportunities;

(d) Upgrading kindergarten through twelfth grade school equipment and facilities to support high quality math, science, and technology programs;

(7) Assembling a cadre of inspiring speakers employed or experienced in the relevant fields to speak to kindergarten through twelfth grade students to demonstrate the breadth of the opportunities in the relevant fields as well as share the types of coursework that are necessary for someone to be successful in the relevant field;

(8) Providing technical assistance to schools and school districts, including working with counselors in support of the math, science, and technology programs;

(9) Subject to available funding, working with the state board for community and technical colleges to develop high-demand applied baccalaureate programs that align with high quality secondary science, technology, engineering, and mathematics programs and career and technical education programs; and

(10) Reporting annually to the legislature about the actions taken to provide statewide coordination for math, science, and technology. [2013 c 55 § 1; 2007 c 396 § 15. Formerly RCW 28A.300.515.]

Finding—Intent—2007 c 396: "The legislature finds that knowledge, skills, and opportunities in mathematics, science, and technology should be increased for all students in Washington. The legislature intends to foster capacity between and among the educational sectors to enable continuous and sustainable growth of the learning and teaching of mathematics, science, and technologies. The legislature intends to foster high quality mathematics, science, and technology programs to increase the number of students in the kindergarten through twelfth grade pipeline who are prepared and aspire to continue in the areas of mathematics, science, and technology, whether it be at a college, university, or in the workforce." 28A.188.030 STEM education innovation alliance.

(1) The STEM education innovation alliance is established to advise the governor and to provide vision, guidance, assistance, and advice to support the initiatives under this chapter, as well as other current or proposed programs and initiatives across the spectrum of early learning through postsecondary education, that are intended to increase learning opportunities and improve educational outcomes in STEM.

(2) The governor's office, in consultation with the superintendent of public instruction, shall invite representatives of STEM businesses, business and labor organizations with expertise in STEM fields, one or more nonprofit organizations with a mission to enhance STEM education from early learning through postsecondary education, school districts and institutions of higher education that have demonstrated leadership and innovation in STEM education, and STEM educators to participate in the alliance. Representatives from the governor's office, the office of the superintendent of public instruction, and other state education agencies shall also participate as members of the alliance.

(3) The STEM education innovation alliance shall initiate its work by aligning and combining previous STEM education strategic plans into a single, cohesive, and comprehensive STEM framework for action and accountability. The framework must concentrate on a limited number of selected

and specific measures that are meaningful indicators of progress in increasing STEM learning opportunities and in achieving the intended longer-term outcomes of such efforts. The framework must use measures that are quantifiable and based on data that are regularly and reliably collected statewide.

(4) Staff support for the STEM education innovation alliance shall be provided by the governor's office and the office of financial management, with support from the office of the superintendent of public instruction and other state education agencies as necessary. [2013 2nd sp.s. c 25 § 2.]

28A.188.040 STEM education report card—Coordination of data collection and analysis—Reports by education agencies and the employment security department.

(1) The STEM education innovation alliance shall develop a STEM education report card, based on the STEM framework for action and accountability, to monitor progress in increasing learning opportunities and aligning strategic plans and activities in order to prepare students for STEM-related jobs and careers, with the longer-term goal of improving educational, workforce, and economic outcomes in STEM.

(2) The report card must:

(a) Illustrate the most recent data for the indicators and measures of the STEM framework for action and accountability;

(b) Provide information from state education agencies that indicates the extent that activities and resources are aligned with and support the STEM framework for action and accountability;

(c) Provide data regarding current and projected STEM job openings in the state; and

(d) Be prominently displayed on a web site designed for this purpose.

(3)(a) The education data center under RCW 43.41.400 must coordinate data collection and analysis to support the report card.

(b) The state education agencies must annually report on how their policies, activities, and expenditures of public resources align with and support the STEM framework for action and accountability. The focus of the reporting under this subsection is on programs and initiatives specifically identified in law or budget proviso as related to STEM education. The agencies must use a common metric for the reporting, designed by the education data center in consultation with the STEM education innovation alliance. For the purposes of this section, "state education agencies" includes the office of the superintendent of public instruction, the student achievement council, the state board for community and technical colleges, the workforce training and education coordinating board, the professional educator standards board, the state board of education, and the department of early learning.

(c) The employment security department must create an annual report on current and projected job openings in STEM fields and submit the report to the education data center for inclusion in the STEM education report card.

(4) The STEM education innovation alliance must publish the first STEM education report card with baseline data on the identified measures by January 10, 2014, and must

update the report card by each January 10th thereafter. [2013 2nd sp.s. c 25 § 3.]

28A.188.050 Statewide STEM organization. (1) To the extent funds are appropriated specifically for this purpose, the office of financial management shall contract with a statewide nonprofit organization with expertise in promoting and supporting STEM education from early learning through postsecondary education. The purpose of the contract is to identify, test, and develop scalable, cost-effective, and evidence-based approaches for increasing learning opportunities and improving educational outcomes in STEM that are aligned with the STEM framework for action and accountability. The activities to be conducted under the contract shall be as provided in this section, with specific performance expectations negotiated between the office of the governor, the office of financial management, and the selected organization.

(2) Under the terms of the contract, the organization selected under this section shall:

(a) Conduct a statewide communications campaign to expand awareness of the importance of STEM literacy and the opportunities presented by STEM education and careers, particularly as a strategy to close the educational opportunity gap for disadvantaged students and promote economic development in disadvantaged communities;

(b) Expand regional networks of schools, institutions of higher education, educational service districts, STEM businesses, and community-based organizations to align STEM learning opportunities with best practices and local economic development;

(c) Establish an innovation fund and offer competitive grants to support innovative practices in STEM education, from early learning through postsecondary education, including developing models of interdisciplinary instruction and project-based learning;

(d) Expand STEM professional development opportunities for educators, faculty, and principals, including developing technology-enabled learning systems to support implementation of state learning standards; and

(e) Create opportunities to extend STEM learning into early learning programs. [2013 2nd sp.s. c 25 § 4.]

28A.188.060 Identification and dissemination of resources and materials to encourage interdisciplinary instruction and project-based learning. (1) Subject to funds appropriated specifically for this purpose, the office of the superintendent of public instruction, in consultation with the STEM education innovation alliance, must identify and disseminate resources and materials to elementary, middle, and high schools that are intended to encourage and increase interdisciplinary instruction and project-based learning in STEM.

(2) In collaboration with work groups of STEM educators and using the work of regional STEM networks and innovation grant recipients under RCW 28A.188.050, the office of the superintendent of public instruction must:

(a) Identify interdisciplinary STEM instructional modules appropriate for different grade levels;

(b) Identify project-based learning models, projects, lessons, and guides appropriate for different grade levels; and

(c) Make the information collected in this section, including online resource guides, available for teachers to incorporate into their classroom instruction.

(3) The office of the superintendent of public instruction must also disseminate information and research on best practices in interdisciplinary instruction and project-based learning in STEM. [2013 2nd sp.s. c 25 § 5.]

28A.188.070 Specialized courses in science, technology, engineering, and mathematics (STEM)—Grants to high schools—Selection criteria—Data collection by education data center—Reports. (1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grants to high schools to implement specialized courses in science, technology, engineering, and mathematics (STEM) careers as provided by a national multidisciplinary science, technology, engineering, and mathematics program. Grant funds must be allocated on a one-time basis and may be used to purchase course curriculum and equipment, initial course student materials, and support professional development for course teachers.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this subsection (2). This is a competitive grant process. Successful high school applicants must:

(a) Demonstrate engaged and committed high school and district leadership and faculty in support of expanding specialized STEM courses;

(b) Demonstrate that faculty are appropriately trained to offer specialized STEM courses or a plan for faculty to obtain the appropriate training;

(c) Demonstrate capacity to offer the specialized STEM courses and maximize the use of grant resources by addressing: Availability of appropriate physical space, meeting program technology requirements, providing projected enrollment at the high school and from area high schools as appropriate, planned hours and days each week the program is to be offered, and other specific program requirements set forth by the superintendent of public instruction;

(d) Provide the plan for course implementation that includes a beginning date for first classes as well as plans for recruiting and retaining students in the course;

(e) Provide a plan to promote opportunities for students to acquire college credit;

(f) Demonstrate a history of successful partnerships within the community and partner support for implementing specialized STEM courses. Partner support may include one or more of the following: Supplying materials, instruction support, internships, mentorships, apprenticeships, and other program components;

(g) Demonstrate connections to community and technical college programs as well as links to four-year higher education institution STEM programs; and

(h) Demonstrate capacity to continue the course in years succeeding the initial grant year.

(3)(a) The education data center in the office of financial management must, with the office of the superintendent of public instruction, collect student course enrollment and course completion information.

(b) The education data center must: (i) Study mathematics and science course-taking patterns of students completing

specialized STEM courses; and (ii) follow the students to employment or further training and education in the two years following high school. This study must be designed to inform policymakers about the extent to which specialized science, technology, engineering, and mathematics classes taken by students reduce mathematics remediation of students entering the workplace, apprenticeships, community and technical colleges, and four-year institutions of higher education. Study findings must be reported annually beginning January 2014 and each January thereafter through January 2018 to the governor, appropriate state agencies, and the appropriate education and fiscal committees of the legislature. 28A.188.080 Mathematics, engineering, and science achievement program—Findings and intent. The legislature finds that high technology is important to the state's economy and the welfare of its citizens. The legislature finds that certain groups, as characterized by sex or ethnic background, are traditionally underrepresented in mathematics, engineering, and the science-related professions in this state. The legislature finds that women and minority students have been traditionally discouraged from entering the fields of science and mathematics including teaching in these fields. The legislature finds that attitudes and knowledges acquired during the kindergarten through eighth grade prepare students to succeed in high school science and mathematics programs and that special skills necessary for these fields need to be acquired during the ninth through twelfth grades. It is the intent of the legislature to promote a mathematics, engineering, and science achievement program to help increase the number of people in these fields and teaching in these fields from groups underrepresented in these fields. 28A.188.082 Mathematics, engineering, and science achievement program—Establishment and administration—Goals. A program to increase the number of people from groups underrepresented in the fields of mathematics, engineering, and the physical sciences in this state shall be established by the University of Washington. The program shall be administered through the University of Washington and designed to:

(1) Encourage students in the targeted groups in the common schools, with a particular emphasis on those students in middle and junior high schools and the sixth through twelfth grades, to acquire the academic skills needed to study mathematics, engineering, or related sciences at an institution of higher education;

(2) Promote the awareness of career opportunities including the career opportunities of teaching in the fields of science and mathematics and the skills necessary to achieve those opportunities among students sufficiently early in their educational careers to permit and encourage the students to acquire the skills;

(3) Promote cooperation among institutions of higher education, the superintendent of public instruction and local

school districts in working towards the goals of the program; and

(4) Solicit contributions of time and resources from public and private institutions of higher education, high schools, middle and junior high schools, and private business and industry. [1990 c 286 § 1; 1989 c 66 § 2; 1984 c 265 § 2. Formerly RCW 28A.625.210, 28A.03.432.]

28A.188.086 Mathematics, engineering, and science achievement program—Selection standards. The coordinator shall develop standards and criteria for selecting students who participate in the program which may include predictive instruments to ascertain aptitude and probability of success. The standards shall include requirements that students take certain courses, maintain a certain grade point average, and participate in activities sponsored by the program. Women and students from minority groups, which are traditionally underrepresented in mathematics and science-related professions and which meet the requirements established by the coordinator shall be selected. 28A.188.088 Local program centers. The coordinator shall establish local program centers throughout the state to implement *RCW 28A.625.210 through 28A.625.230. Each center shall be managed by a center director. Additional staff as necessary may be hired. [1990 c 33 § 521; 1984 c 265 § 5. Formerly RCW 28A.625.240, 28A.03.438.]

28A.188.090 Lighthouse programs—Science, technology, engineering, and mathematics focus. (1) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate schools at the elementary, middle, and high school level to serve as resources and examples of how to combine the following best practices:

- (a) A small, highly personalized learning community;
- (b) An interdisciplinary curriculum with a strong focus on science, technology, engineering, and mathematics delivered through a project-based instructional approach; and
- (c) Active partnerships with businesses and the local community to connect learning beyond the classroom.

(2) The designated elementary, middle, and high schools shall serve as lighthouse programs and provide technical assistance and advice to other schools and communities in the initial stages of creating an alternative learning environment focused on science, technology, engineering, and mathematics. The designated schools must have proven experience and be recognized as model programs.

(3) In addition, the office of the superintendent of public instruction shall work with the designated elementary, middle, and high schools to publicize the models of best practices in science, technology, engineering, and mathematics instruction used by the designated schools and shall encourage other schools and communities to work with the designated schools to replicate similar models. [2012 c 151 § 1; 2010 c 238 § 2. Formerly RCW 28A.630.065.]

Intent—2010 c 238: "(1) The legislature has made a commitment to support multiple strategies to improve teaching and learning of science, technology, engineering, and mathematics in Washington's public schools. In recent years, Washington has adopted new technology, mathematics, and science learning standards; initiated funding for middle schools to provide a career and technical program in science, technology, engineering, and mathematics at the same rate as a high school operating a similar program; provided professional development for mathematics and science teachers; created a scholarship program to encourage students to enter mathematics and science degree programs; supported career and technical education in high-demand fields; and authorized alternative ways for teachers to earn certification in the mathematics and science fields.

(2) At the local level, school districts and their communities are also finding new ways to improve teaching and learning of science, technology, engineering, and mathematics. Some districts have combined several best practices into promising learning models for students. For example, Aviation high school in the Highline school district offers a small, highly personalized learning community that is focused on interdisciplinary immersion in science, technology, engineering, and mathematics using a hands-on, project-based curriculum. Delta high school in the Tri-Cities is a collaboration among three school districts, a skill center, two institutions of higher education, a community foundation, and local business leaders. The science and math institute at Point Defiance in Tacoma offers students field-based applied learning using the natural, historical, and community resources of a large metropolitan park. These schools draw students from across regions who are seeking an exciting, rigorous, and nontraditional learning experience. Other schools and communities across the state are seeking to replicate these innovative learning models.

(3) The legislature intends to support continued expansion of the type of innovation and creativity displayed by Aviation, Delta, and the science and math institute by designating so-called "lighthouse" high schools to serve as resources and examples of best practices in science, technology, engineering, and mathematics instruction." [2010 c 238 § 1.]

28A.188.092 Lighthouse programs—Science, technology, engineering, and mathematics education lighthouse account. The science, technology, engineering, and mathematics education lighthouse account is created in the custody of the state treasurer. The purpose of the account is to support schools designated as lighthouse schools under *RCW 28A.630.065 to serve as resources to other schools and communities interested in replicating similar models. Revenues to the account may include gifts from the private sector, federal funds, any appropriations made by the state legislature, or revenues from other sources. Grants to the designated lighthouse schools and their administration shall be paid from the account. Only the superintendent of public instruction or the superintendent's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2012 c 151 § 2. Formerly RCW 28A.630.066.]

***Reviser's note:** RCW 28A.630.065 was recodified as RCW 28A.188.090 pursuant to 2013 2nd sp.s. c 25 § 8.

28A.195.090 Online school programs. (1) If a private school that has been approved under this chapter by the state board of education seeks approval also to offer and administer an online school program as defined under RCW 28A.250.010, including under contract with a third party, the requirements for minimum instructional hour offerings under RCW 28A.195.010(1) shall be deemed met for the online school program. A residential dwelling of a parent, guardian, or custodian shall be deemed an adequate physical facility for students enrolled in the online school program. The online school program is not required to be offered for the same grade levels as the approved private school.

(2) The state board of education may approve an online school program under this section that meets other applicable requirements under this chapter.

(3) No private school offering and administering an online program under this section, third party that contracts with a private school to offer and administer an online program, or parent or guardian providing an online program may receive state funding to provide the program. [2013 c 161 § 2.]

Findings—2013 c 161: "The legislature supports student access to a variety of educational options, both public and private. However, state policies regarding the approval of private schools were created before online learning was possible. Consequently, these policies do not provide for approval criteria that are sufficiently flexible to accommodate online learning. While some policy adjustments have been made to permit public online choices, current law does not provide a clear process for private schools to obtain state approval to offer similar learning options." Notwithstanding any other provision of law, any certified education center student sixteen years of age or older, upon completion of an individual student program, is eligible to take a test to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190 as given throughout the state. The superintendent shall set fees by rule.

(b) Revisions in such fees proposed by an education center shall become effective after thirty days notice unless the superintendent finds such a revision is unreasonable in which case the revision shall not take effect. The administration of any test to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190 shall not be a part of such initial diagnostic procedure.

(c) Reimbursements shall not be made for students who are absent.

(d) No center shall make any charge to any student, or the student's parent, guardian or custodian, for whom a fee is being received under the provisions of this section.

(2) Payments shall be made from available funds first to those centers that have in the judgment of the superintendent demonstrated superior performance based upon consideration of students' educational gains taking into account such students' backgrounds, and upon consideration of cost effectiveness. In considering the cost effectiveness of nonprofit centers the superintendent shall take into account not only payments made under this section but also factors such as tax exemptions, direct and indirect subsidies or any other cost to taxpayers at any level of government which result from such nonprofit status.

(3) To be eligible for such payment, every such center, without prior notice, shall permit a review of its accounting records by personnel of the state auditor during normal business hours.

(4) If total funds for this purpose approach depletion, the superintendent shall notify the centers of the date after which further funds for reimbursement of the centers' services will be exhausted. (1) The board of directors of the public school district or the governing board of the private school or, if none, the chief administrator of the private school shall adopt policies which address the designation of employees who may administer oral medications, topical medications, eye drops, ear drops, or nasal spray to students, the acquisition of parent requests and instructions, and the acquisition of requests from licensed health professionals prescribing within the scope of their prescriptive authority and instructions regarding students who require medication for more than fifteen consecutive school days, the identification of the medication to be administered, the means of safekeeping medications with special attention given to the safeguarding of legend drugs as defined in chapter 69.41 RCW, and the means of maintaining a record of the administration of such medication;

(2) The board of directors shall seek advice from one or more licensed physicians or nurses in the course of developing the foregoing policies;

(3) The public school district or private school is in receipt of a written, current and unexpired request from a parent, or a legal guardian, or other person having legal control over the student to administer the medication to the student;

(4) The public school district or the private school is in receipt of (a) a written, current and unexpired request from a licensed health professional prescribing within the scope of his or her prescriptive authority for administration of the medication, as there exists a valid health reason which makes administration of such medication advisable during the hours when school is in session or the hours in which the student is under the supervision of school officials, and (b) written, current and unexpired instructions from such licensed health professional prescribing within the scope of his or her prescriptive authority regarding the administration of prescribed medication to students who require medication for more than fifteen consecutive workdays;

(5) The medication is administered by an employee designated by or pursuant to the policies adopted pursuant to subsection (1) of this section and in substantial compliance with the prescription of a licensed health professional prescribing within the scope of his or her prescriptive authority or the written instructions provided pursuant to subsection (4) of this section. If a school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance must be administered by the school nurse. If no school nurse is on the premises, a nasal spray that is a legend drug or a controlled substance may be administered by a trained school employee or parent-designated adult who is not a school nurse. The board of directors shall allow school personnel, who have received appropriate training and volunteered for such training, to administer a nasal spray that is a legend drug or a controlled substance. After a school employee who is not a school nurse administers a nasal spray that is a legend drug or a controlled substance, the employee shall summon emergency medical assistance as soon as practicable;

(6) The medication is first examined by the employee administering the same to determine in his or her judgment that it appears to be in the original container and to be properly labeled; and

(7) The board of directors shall designate a professional person licensed pursuant to chapter 18.71 RCW or chapter 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to delegate to, train, and supervise the designated school district personnel in proper medication procedures;

(8)(a) For the purposes of this section, "parent-designated adult" means a volunteer, who may be a school district employee, who receives additional training from a health care professional or expert in epileptic seizure care selected by the parents, and who provides care for the child consistent with the individual health plan.

(b) To be eligible to be a parent-designated adult, a school district employee not licensed under chapter 18.79 RCW must file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee's willingness to be a parent-designated adult. If a school employee who is not licensed under chapter 18.79 RCW chooses not to file a letter under this section, the employee shall not be subject to any employer reprisal or disciplinary action for refusing to file a letter;

(9) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to consult and coordinate with the student's parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures for care for students with epilepsy to ensure a safe, therapeutic learning environment. Training may also be provided by an epilepsy educator who is nationally certified. Parent-designated adults who are school employees are required to receive the training provided under this subsection. Parent-designated adults who are not school employees must show evidence of comparable training. The parent-designated adult must also receive additional training as established in subsection (8)(a) of this section for the additional care the parents have authorized the parent-designated adult to provide. The professional person designated under this subsection is not responsible for the supervision of the parent-designated adult for those procedures that are authorized by the parents. 28A.210.270 Public and private schools—Administration of medication—Immunity from liability—Discontinuance, procedure. (1) In the event a school employee administers oral medication, topical medication, eye drops, ear drops, or nasal spray to a student pursuant to RCW 28A.210.260 in substantial compliance with the prescription of the student's licensed health professional prescribing within the scope of the professional's prescriptive authority or the written instructions provided pursuant to RCW 28A.210.260(4), and the other conditions set forth in RCW 28A.210.260 have been substantially complied with, then the employee, the employee's school district or school of employment, and the members of the governing board and

chief administrator thereof shall not be liable in any criminal action or for civil damages in their individual or marital or governmental or corporate or other capacities as a result of the administration of the medication.

(2) The administration of oral medication, topical medication, eye drops, ear drops, or nasal spray to any student pursuant to RCW 28A.210.260 may be discontinued by a public school district or private school and the school district or school, its employees, its chief administrator, and members of its governing board shall not be liable in any criminal action or for civil damages in their governmental or corporate or individual or marital or other capacities as a result of the discontinuance of such administration: PROVIDED, That the chief administrator of the public school district or private school, or his or her designee, has first provided actual notice orally or in writing in advance of the date of discontinuance to a parent or legal guardian of the student or other person having legal control over the student. 28A.210.383 Epinephrine autoinjectors (EPI pens)—School supply—Use. (1) School districts and nonpublic schools may maintain at a school in a designated location a supply of epinephrine autoinjectors based on the number of students enrolled in the school.

(2)(a) A licensed health professional with the authority to prescribe epinephrine autoinjectors may prescribe epinephrine autoinjectors in the name of the school district or school to be maintained for use when necessary. Epinephrine prescriptions must be accompanied by a standing order for the administration of school-supplied, undesignated epinephrine autoinjectors for potentially life-threatening allergic reactions.

(b) There are no changes to current prescription or self-administration practices for children with existing epinephrine autoinjector prescriptions or a guided anaphylaxis care plan.

(c) Epinephrine autoinjectors may be obtained from donation sources, but must be accompanied by a prescription.

(3)(a) When a student has a prescription for an epinephrine autoinjector on file, the school nurse or designated trained school personnel may utilize the school district or school supply of epinephrine autoinjectors to respond to an anaphylactic reaction under a standing protocol according to RCW 28A.210.300.

(b) When a student does not have an epinephrine autoinjector or prescription for an epinephrine autoinjector on file, the school nurse may utilize the school district or school supply of epinephrine autoinjectors to respond to an anaphylactic reaction under a standing protocol according to RCW 28A.210.300.

(c) Epinephrine autoinjectors may be used on school property, including the school building, playground, and school bus, as well as during field trips or sanctioned excursions away from school property. The school nurse or designated trained school personnel may carry an appropriate supply of school-owned epinephrine autoinjectors on field trips or excursions.

(4)(a) If a student is injured or harmed due to the administration of epinephrine that a licensed health professional with prescribing authority has prescribed and a pharmacist has dispensed to a school under this section, the licensed health professional with prescribing authority and pharmacist may not be held responsible for the injury unless he or she issued the prescription with a conscious disregard for safety.

(b) In the event a school nurse or other school employee administers epinephrine in substantial compliance with a student's prescription that has been prescribed by a licensed health professional within the scope of the professional's prescriptive authority, if applicable, and written policies of the school district or private school, then the school employee, the employee's school district or school of employment, and the members of the governing board and chief administrator thereof are not liable in any criminal action or for civil damages in their individual, marital, governmental, corporate, or other capacity as a result of providing the epinephrine.

(c) School employees, except those licensed under chapter 18.79 RCW, who have not agreed in writing to the use of epinephrine autoinjectors as a specific part of their job description, may file with the school district a written letter of refusal to use epinephrine autoinjectors. This written letter of refusal may not serve as grounds for discharge, nonrenewal of an employment contract, or other action adversely affecting the employee's contract status.

(5) The office of the superintendent of public instruction shall review the anaphylaxis policy guidelines required under RCW 28A.210.380 and make a recommendation to the education committees of the legislature by December 1, 2013, based on student safety, regarding whether to designate other trained school employees to administer epinephrine autoinjectors to students without prescriptions for epinephrine autoinjectors demonstrating the symptoms of anaphylaxis when a school nurse is not in the vicinity. [2013 c 268 § 2.]

Findings—2013 c 268: "(1) The legislature finds that allergies are a serious medical disorder that affect more than one in five persons in the United States and are the sixth leading cause of chronic disease. Roughly one in thirteen children has a food allergy, and the incidence is rising. Up to forty percent of food-allergic children may be at risk for anaphylaxis, a severe and potentially life-threatening reaction. Anaphylaxis may also occur due to an insect sting, drug allergy, or other causes. Twenty-five percent of first-time anaphylactic reactions among children occur in a school setting. Anaphylaxis can occur anywhere on school property, including the classroom, playground, school bus, or on field trips.

(2) Rapid and appropriate administration of the drug epinephrine, also known as adrenaline, to a patient experiencing an anaphylactic reaction may make the difference between life and death. In a school setting, epinephrine is typically administered intramuscularly via an epinephrine autoinjector device. Medical experts agree that the benefits of emergency epinephrine administration far outweigh the risks.

(3) The legislature further finds that, on many days, as much as twenty percent of the nation's combined adult and child population can be found in public and nonpublic schools. Therefore, schools need to be prepared to treat potentially life-threatening anaphylactic reactions in the event a student is experiencing a first-time anaphylactic reaction, a student does not have his or her own epinephrine autoinjector device available, or if a school nurse is not in the vicinity at the time." 28A.225.023 Youth dependent pursuant to chapter 13.34 RCW—Review of unexpected or excessive absences—Support for youth's school work. A school district representative or school employee shall review unexpected or excessive absences with a youth who is dependent pursuant to chapter 13.34 RCW and adults involved with that youth, to include the youth's caseworker, educational liaison, attorney if one is appointed, parent or guardians, and foster parents or the person providing placement for the youth. The purpose of the review is to determine the cause of the absences, taking into account: Unplanned school transitions, periods of running from care, in-patient treatment, incarceration, school adjustment, educational gaps, psychosocial issues, and unavoidable appointments during the school day. A school district representative or a school employee must proactively support the youth's school work so the student does not fall behind and to avoid suspension or expulsion based on truancy. [2013 c 182 § 9.]

Findings—2013 c 182: See note following RCW 13.34.030.

28A.225.220 Adults, children from other districts, agreements for attending school—Tuition. (1) Any board of directors may make agreements with adults choosing to attend school, and may charge the adults reasonable tuition.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district or the request of a parent or guardian for his or her child to transfer as a student receiving home-based instruction.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition; or

(d) The purpose of the transfer is for the student to enroll in an online course or online school program offered by an online provider approved under RCW 28A.250.020.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) Beginning with the 1993-94 school year, school districts may not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds. Finding—1990 1st ex.s. c 9: "The legislature finds that academic achievement of Washington students can and should be improved. The legislature further finds that student success depends, in large part, on increased parental involvement in their children's education.

In order to take another step toward improving education in Washington, it is the purpose of this act to enhance the ability of parents to exercise choice in where they prefer their children attend school; inform parents of their options under local policies and state law for the intradistrict and inter-district enrollment of their children; and provide additional program opportunities for secondary students." 28A.225.225 Applications from school employees' children, nonresident students, or students receiving home-based instruction to attend district school—Acceptance and rejection standards—Notification. (1) Except for students who reside out-of-state and students under RCW 28A.225.217, a district shall accept applications from nonresident students who are the children of full-time certificated and classified school employees, and those children shall be permitted to enroll:

(a) At the school to which the employee is assigned;

(b) At a school forming the district's K through 12 continuum which includes the school to which the employee is assigned; or

(c) At a school in the district that provides early intervention services pursuant to RCW 28A.155.065 or preschool services pursuant to RCW 28A.155.070, if the student is eligible for such services.

(2) A district may reject applications under this section if:

(a) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(b) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (2)(b) must apply uniformly to both resident and nonresident applicants;

(c) Enrollment of a child under this section would displace a child who is a resident of the district, except that if a child is admitted under subsection (1) of this section, that child shall be permitted to remain enrolled at that school, or in that district's kindergarten through twelfth grade continuum, until he or she has completed his or her schooling; or

(d) The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

(3) A nonhigh district that is participating in an innovation academy cooperative may not accept an application from a high school student that conflicts with RCW 28A.340.080.

(4) Except as provided in subsection (1) of this section, all districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990. The policy may include rejection of a nonresident student if:

(a) Acceptance of a nonresident student would result in the district experiencing a financial hardship;

(b) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(c) Accepting of the nonresident student would conflict with RCW 28A.340.080; or

(d) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (4)(d) must apply uniformly to both resident and nonresident applicants.

For purposes of subsections (2)(a) and (4)(b) of this section, "gang" means a group which: (i) Consists of three or more persons; (ii) has identifiable leadership; and (iii) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(5) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3). 28A.225.330 Enrolling students from other districts—Requests for information and permanent records—Withheld transcripts—Immunity from liability—Notification to teachers and security personnel—Rules. (1) When enrolling a student who has attended school in another school district, the school enrolling the student may request the parent and the student to briefly indicate in writing whether or not the student has:

- (a) Any history of placement in special educational programs;
- (b) Any past, current, or pending disciplinary action;
- (c) Any history of violent behavior, or behavior listed in RCW 13.04.155;
- (d) Any unpaid fines or fees imposed by other schools; and
- (e) Any health conditions affecting the student's educational needs.

(2) The school enrolling the student shall request the school the student previously attended to send the student's permanent record including records of disciplinary action, history of violent behavior or behavior listed in RCW 13.04.155, attendance, immunization records, and academic performance. If the student has not paid a fine or fee under RCW 28A.635.060, or tuition, fees, or fines at approved private schools the school may withhold the student's official transcript, but shall transmit information about the student's academic performance, special placement, immunization records, records of disciplinary action, and history of violent behavior or behavior listed in RCW 13.04.155. If the official transcript is not sent due to unpaid tuition, fees, or fines, the enrolling school shall notify both the student and parent or guardian that the official transcript will not be sent until the obligation is met, and failure to have an official transcript may result in exclusion from extracurricular activities or failure to graduate.

(3) Upon request, school districts shall furnish a set of unofficial educational records to a parent or guardian of a student who is transferring out of state and who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010. School districts may charge the parent or guardian the actual cost of providing the copies of the records.

(4) If information is requested under subsection (2) of this section, the information shall be transmitted within two school days after receiving the request and the records shall be sent as soon as possible. The records of a student who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010 shall be sent within ten days after receiving the request. Any school district or district employee who releases the information in compliance with this section is immune from civil liability for damages unless it is shown that the school district employee acted with gross negligence or in bad faith. The professional educator standards board shall provide by rule for the discipline under chapter 28A.410 RCW of a school principal or other chief administrator of a public school building who fails to make a good faith effort to assure compliance with this subsection.

(5) Any school district or district employee who releases the information in compliance with federal and state law is immune from civil liability for damages unless it is shown that the school district or district employee acted with gross negligence or in bad faith.

(6) When a school receives information under this section or RCW 13.40.215 that a student has a history of disciplinary actions, criminal or violent behavior, or other behavior that indicates the student could be a threat to the safety of educational staff or other students, the school shall provide

this information to the student's teachers and security personnel.

(7) A school may not prevent a student who is dependent pursuant to chapter 13.34 RCW from enrolling if there is incomplete information as enumerated in subsection (1) of this section during the ten business days that the department of social and health services has to obtain that information under RCW 74.13.631. In addition, upon enrollment of a student who is dependent pursuant to chapter 13.34 RCW, the school district must make reasonable efforts to obtain and assess that child's educational history in order to meet the child's unique needs within two business days. All common schools shall give instruction in reading, handwriting, orthography, written and mental arithmetic, geography, the history of the United States, English grammar, physiology and hygiene with special reference to the effects of alcohol and drug abuse on the human system, science with special reference to the environment, and such other studies as may be prescribed by rule of the superintendent of public instruction. All teachers shall stress the importance of the cultivation of manners, the fundamental principles of honesty, honor, industry and economy, the minimum requisites for good health including the beneficial effect of physical exercise and methods to prevent exposure to and transmission of sexually transmitted diseases, and the worth of kindness to all living creatures and the land. The prevention of child abuse may be offered as part of the curriculum in the common schools. 28A.230.097 Career and technical high school course equivalencies. (1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students in high schools and skill centers. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure. Boards of directors must approve AP computer science courses as equivalent to high school mathematics or science, and must denote on a student's transcript that AP computer science qualifies as a math-based quantitative course for students who take the course in their senior year. In order for a board to approve AP computer science as equivalent to high school mathematics, the student must be concurrently enrolled in or have successfully completed algebra II.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be either part of the student's high school and beyond plan or the student's culminating project, as determined by the student. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion. [2013 c 241 § 2; 2008 c 170 § 202; 2006 c 114 § 2.]

Findings—Intent—2013 c 241: "(1) The legislature finds that:

(a) Through such initiatives as grants for high-demand career and technical education programs and participation in the Microsoft IT academy, the state has previously supported K-12 computer science education;

(b) However, even though there were nearly sixty-five thousand student enrollments in high school computer science courses in the 2011-12 school year, more than half of those enrollments were in beginning or exploratory courses. Fewer than twelve hundred students enrolled in AP computer science courses;

(c) National studies of K-12 computer science education indicate that, in part because computer science is not treated as an academic subject, students may not perceive advanced computer science as relevant to their future academic or career success;

(d) Public institutions of higher education have expanded capacity to grant certificates and degrees in computer science and related fields in response to high employer demand and high student demand. Additional expansion and improvement will be dependent on new resources, updated equipment, and the availability of expert faculty;

(e) Information technology job vacancies exist at all levels of training and education and across all industries that are critical to Washington's economy; and

(f) Strategies are needed to support additional opportunities for Washington students to have careers in the innovative, technology-based or technology-enhanced industries located in our state.

(2) Therefore the legislature intends to take additional steps to improve and expand access to computer science education, particularly in advanced courses that could prepare students for careers in the field." [2013 c 241 § 1.]

Findings—Intent—Part headings not law—2008 c 170: See RCW 28A.700.005 and 28A.700.901.

Finding—Intent—2006 c 114: "(1) The legislature finds that Washington's performance-based education system should seek to provide fundamental academic knowledge and skills for all students, and to provide the opportunity for students to acquire knowledge and skills likely to contribute

to their own economic well-being and that of their families and communities.

(2) The legislature recognizes that career and technical options are available for students.

(3) High schools or school districts should take advantage of their opportunity to offer course credits, including credits toward graduation requirements, for knowledge and skills in fundamental academic content areas that students gain in career and technical education courses.

(4) Therefore the legislature intends to create a rigorous and high quality career and technical high school alternative assessment that assures students meet state standards, and also reflects nationally recognized standards for the knowledge and skills needed to pursue employment and careers in technical fields." [2006 c 114 § 1.]

28A.230.179 Cardiopulmonary resuscitation instruction. (1) Each school district that operates a high school must offer instruction in cardiopulmonary resuscitation to students as provided in this section. Beginning with the 2013-14 school year, instruction in cardiopulmonary resuscitation must be included in at least one health class necessary for graduation.

(2) Instruction in cardiopulmonary resuscitation under this section must:

(a) Be an instructional program developed by the American heart association or the American red cross or be nationally recognized and based on the most current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation;

(b) Include appropriate use of an automated external defibrillator, which may be taught by video; and

(c) Incorporate hands-on practice in addition to cognitive learning.

(3) School districts may offer the instruction in cardiopulmonary resuscitation directly or arrange for the instruction to be provided by available community-based providers. The instruction is not required to be provided by a certificated teacher. Certificated teachers providing the instruction are not required to be certified trainers of cardiopulmonary resuscitation. A student is not required to earn certification in cardiopulmonary resuscitation to successfully complete the instruction for the purposes of this section. [2013 c 181 § 3.]

Findings—Intent—2013 c 181: "The legislature finds that more than three hundred sixty thousand people in the United States experience cardiac arrest outside of a hospital every year, and only ten percent survive because the remainder do not receive timely cardiopulmonary resuscitation. When administered immediately, cardiopulmonary resuscitation doubles or triples survival rates from cardiac arrest. Sudden cardiac arrest can happen to anyone at any time. Many victims appear healthy and have no known heart disease or other risk factors. The legislature finds that schools are the hearts of our community, and preparing students to help with a sudden cardiac arrest emergency could save the life of a child, parent, or teacher. Washington state has a longstanding history of training members of the public in cardiopulmonary resuscitation with community-based training programs. The legislature finds that training students will continue the legacy of providing high quality emergency cardiac care to its citizens. Therefore, the legislature intends to create a generation of lifesavers by putting cardiopulmonary resuscitation skills in the hands of all high school graduates and providing schools with a flexible framework to prepare for an emergency." [2013 c 181 § 1.]

28A.230.180 Access to campus and student information directories by official recruiting representatives—Informing students of educational and career opportunities. If the board of directors of a school district provides access to the campus and the student information directory to persons or groups which make students aware of occupational or educational options, the board shall provide access to official recruiting representatives of the job corps, peace

corps, and AmeriCorps, and to official recruiting representatives of the military forces of the state and the United States for the purpose of informing students of educational and career opportunities available in the military, which must be equal to and no less than access provided to other postsecondary occupational or educational representatives. As used in this section, "access" includes, but is not limited to, the number of days provided and the type of presentation space. [2013 c 25 § 1; 1980 c 96 § 1. Formerly RCW 28A.58.535.]

Chapter 28A.232 RCW
ALTERNATIVE LEARNING
EXPERIENCE COURSES

Sections

28A.232.005	Finding—Intent.
28A.232.010	Alternative learning experience courses—Generally—Rules—Reports.
28A.232.020	Calculation and allocation of appropriations.

28A.232.005 Finding—Intent. (1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience courses. Since 2005, there has been significant enrollment growth in alternative learning experience online courses, with evidence of unexpected financial impact when large numbers of nonresident students enroll in courses. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing courses not primarily based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience courses. [2013 2nd sp.s. c 18 § 501; 2011 1st sp.s. c 34 § 1.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.232.010 Alternative learning experience courses—Generally—Rules—Reports. (1) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Alternative learning experience course" means a course, or for grades kindergarten through eight grade-level coursework, that is a delivery method for the program of basic education and is:

(i) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

(ii) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

(iii) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(b) "In-person" means face-to-face instructional contact in a physical classroom environment.

(c) "Instructional contact time" means instructional time with a certificated teacher. Instructional contact time must be for the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the student's written student learning plan. Instructional contact time must be related to an alternative learning experience course identified in the student's written student learning plan. Instructional contact time may occur in a group setting between the teacher and multiple students and may be delivered either in-person or remotely using technology.

(d) "Online course" means an alternative learning experience course that has the same meaning as provided in RCW 28A.250.010.

(e) "Remote course" means an alternative learning experience course that is not an online course where the student has in-person instructional contact time for less than twenty percent of the total weekly time for the course. No minimum in-person instructional contact time is required.

(f) "Site-based course" means an alternative learning experience course where the student has in-person instructional contact time for at least twenty percent of the total weekly time for the course.

(g) "Total weekly time" means the estimated average hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan.

(2) School districts may claim state funding under RCW 28A.232.020, to the extent otherwise allowed by state law including the provisions of RCW 28A.250.060, for students enrolled in remote, site-based, or online alternative learning experience courses. High school courses must meet district or state graduation requirements and be offered for high school credit.

(3) School districts that offer alternative learning experience courses may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation in the courses. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in alternative learning experience courses. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience courses if the purchase is consistent with the district's

approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or cocurricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience course must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience courses, and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this subsection shall prohibit school districts from contracting with school district employees to provide services or experiences to students, or from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) Each school district offering or contracting to offer alternative learning experience courses must:

(a) Report annually to the superintendent of public instruction regarding the course types and offerings, and number of students participating in each;

(b) Document the district of residence for each student enrolled in an alternative learning experience course; and

(c) Beginning in the 2013-14 school year and continuing through the 2016-17 school year, pay costs associated with a biennial measure of student outcomes and financial audit of the district's alternative learning experience courses by the office of the state auditor.

(5) A school district offering or contracting to offer an alternative learning experience course to a nonresident student must inform the resident school district if the student drops out of the course or is otherwise no longer enrolled.

(6) School districts must assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students must also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules must address how students who reside outside the geographic service area of the school district are to be assessed.

(7) Beginning with the 2013-14 school year, school districts must designate alternative learning experience courses as such when reporting course information to the office of the superintendent of public instruction under RCW 28A.300.500.

(8)(a) The superintendent of public instruction shall adopt rules necessary to implement this section.

(b) Rules adopted for weekly direct personal contact requirements and monthly progress evaluation must be flexible and reflect the needs of the student and the student's individual learning plan rather than specifying an amount of time. In addition, the rules must reduce documentation requirements, particularly for students making satisfactory progress, based on the unique aspects of the alternative learning experience course types defined in this section and taking into consideration the technical and system capabilities associated with the different course types.

(c) The rules must establish procedures that address how the counting of students must be coordinated by resident and nonresident districts for state funding so that no student is counted for more than one full-time equivalent in the aggregate. Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.232.020 Calculation and allocation of appropriations. The superintendent of public instruction shall separately calculate and allocate moneys appropriated under RCW 28A.150.260 to school districts for each full-time equivalent student enrolled in an alternative learning experience course. The calculation shall be based on the estimated statewide annual average allocation per full-time equivalent student in grades nine through twelve in general education, excluding small high school enhancements, and including applicable rules and provisions of the omnibus appropriations act. [2013 2nd sp.s. c 18 § 503.]

Effective date—2013 2nd sp.s. c 18 § 503: "Section 503 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 30, 2013]." 28A.250.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course or grade-level coursework where:

(i) More than half of the course content is delivered electronically using the internet or other computer-based methods;

(ii) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools;

(iii) A certificated teacher has the primary responsibility for the student's instructional interaction. Instructional interaction between the teacher and the student includes, but is not limited to, direct instruction, review of assignments, assessment, testing, progress monitoring, and educational facilitation; and

(iv) Students have access to the teacher synchronously, asynchronously, or both.

(b) "Online school program" means a school program that offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students.

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW 28A.232.010 and associated rules adopted by the superintendent of public instruction to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs. [2013 2nd sp.s. c 18 § 504; 2011 1st sp.s. c 34 § 5; 2009 c 542 § 2.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Finding—Intent—2011 1st sp.s. c 34: See note following RCW 28A.150.325.

28A.250.020 Multidistrict online providers—Approval criteria—Advisory committee. (1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation, or are candidates for accreditation, through the Northwest accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction. In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding whether credit meets the school district's graduation requirements shall remain the responsibility of the school districts.

(3) Initial approval of online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year

terms, and may be reappointed. The superintendent shall select the chair of the committee. [2013 2nd sp.s. c 18 § 505; 2011 1st sp.s. c 34 § 6; 2009 c 542 § 3.]

28A.250.050 Student access to online courses and online learning programs—Policies and procedures—Course credit—Dissemination of information—Development of local or regional online learning programs. (1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010-11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts must award credit and grades for online high school courses successfully completed by a student that meet the school district's graduation requirements and are provided by an approved online provider.

(3) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

(4) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020. [2013 2nd sp.s. c 18 § 506; 2011 1st sp.s. c 34 § 11; 2009 c 542 § 6.]

28A.250.060 Availability of state funding for students enrolled in online courses or programs. (1) Beginning with the 2011-12 school year, school districts may claim state funding under RCW 28A.232.020, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school

district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under RCW 28A.232.020, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements. 28A.250.070 Rights of students to attend nonresident school district for the purposes of enrolling in online courses or online school programs—Standard release form. Nothing in this chapter is intended to diminish the rights of students to attend a nonresident school district in accordance with RCW 28A.225.220 through 28A.225.230 for the purposes of enrolling in online courses or online school programs. The office of online learning under RCW 28A.250.030 shall develop a standard form, which must be used by all school districts, for releasing a student to a nonresident school district for the purposes of enrolling in an online course or online school program. [2013 2nd sp.s. c 18 § 508; 2009 c 542 § 8.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.250.080 Administration of statewide student assessment—Waiver of scheduled dates. An online school program may request a waiver from the office of the superintendent of public instruction to administer one or more sections of the statewide student assessment for grades three through eight for some or all students enrolled in the program on alternate days or on an alternate schedule, as long as the administration is within the testing period established by the office. The office may deny a request for a waiver if the online school program's proposal does not maintain adequate test security or would reduce the reliability of the assessment results by providing an inequitable advantage for some students. [2013 2nd sp.s. c 18 § 509.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

(g) Exploring innovative school models that have shown success in closing the achievement gap.

(3) Taking a multidisciplinary approach, the committee may seek input and advice from other state and local agencies and organizations with expertise in health, social services, gang and violence prevention, substance abuse prevention, and other issues that disproportionately affect student achievement and student success.

(4) The educational opportunity gap oversight and accountability committee shall be composed of the following members:

(a) The chairs and ranking minority members of the house and senate education committees, or their designees;

(b) One additional member of the house of representatives appointed by the speaker of the house and one additional member of the senate appointed by the president of the senate;

(c) A representative of the office of the education ombuds;

(d) A representative of the center for the improvement of student learning in the office of the superintendent of public instruction;

(e) A representative of federally recognized Indian tribes whose traditional lands and territories lie within the borders of Washington state, designated by the federally recognized tribes; and

(f) Four members appointed by the governor in consultation with the state ethnic commissions, who represent the following populations: African-Americans, Hispanic Americans, Asian Americans, and Pacific Islander Americans.

(5) The governor and the tribes are encouraged to designate members who have experience working in and with schools.

(6) The committee may convene ad hoc working groups to obtain additional input and participation from community members. Members of ad hoc working groups shall serve without compensation and shall not be reimbursed for travel or other expenses.

(7) The chair or cochairs of the committee shall be selected by the members of the committee. Staff support for the committee shall be provided by the center for the improvement of student learning. Members of the committee shall serve without compensation but must be reimbursed as provided in RCW 43.03.050 and 43.03.060. Legislative members of the committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120.

(8) The superintendent of public instruction, the state board of education, the professional educator standards board, and the quality education council shall work collaboratively with the educational opportunity gap oversight and accountability committee to close the achievement gap. [2013 c 23 § 49; 2011 1st sp.s. c 21 § 33; 2010 c 235 § 901; 2009 c 468 § 2.]

Effective date—2011 1st sp.s. c 21: See note following RCW 72.23.025.

Finding—2010 c 235: See note following RCW 28A.405.245.

Findings—Intent—2009 c 468: "(1) The legislature finds compelling evidence from five commissioned studies that additional progress must be made to address the achievement gap. Many students are in demographic groups that are overrepresented in measures such as school disciplinary sanctions; failure to meet state academic standards; failure to graduate; enrollment in special education and underperforming schools; enrollment in advanced placement courses, honors programs, and college preparatory classes; and enrollment in and completion of college. The studies contain specific recommendations that are data-driven and drawn from education research, as well as the personal, professional, and cultural experience of those who contributed to the studies. The legislature finds there is no better opportunity to make a strong commitment to closing the achievement gap and to affirm the state's constitutional obligation to provide opportunities to learn for all students without distinction or preference on account of race, ethnicity, socioeconomic status, or gender.

(2) The legislature further finds that access to comprehensive and consistent data that is disaggregated in the smallest units allowable by law is important in closing the achievement gap. Policymakers and educators need as much information as possible not only about students' academic progress, but also about other factors across multiple disciplines that affect student performance.

(3) A consistent and powerful theme throughout the achievement gap studies was the need for cultural competency in instruction, curriculum, assessment, and professional development. Cultural competency forms a foundation for efforts to address the achievement gap, and more work is needed to embed it into the public school system.

(4) Therefore, following the priority recommendations from the achievement gap studies, the legislature intends to:

(a) Provide resources to support parent and community involvement and outreach efforts by public schools, including such items as additional notices and communication to parents, translations, translators, parent and community meetings, and school events within the community. The legislature encourages school districts to consult with the office of the education ombudsman in developing plans for parent and community involvement and outreach;

(b) Require that teachers demonstrate cultural competency in the classroom and with students at each level of state teacher certification, and provide additional opportunities for professional development in cultural com-

petency for current teachers;

(c) Create local alternative routes to teacher certification for paraeducators and individuals in the communities surrounding schools and school districts that are struggling to address the achievement gap;

(d) Reexamine the study recommendations regarding data and accountability and identify ways for the education data system to address these needs; and

(e) Sustain efforts to close the achievement gap over the long term by creating a high profile achievement gap oversight and accountability committee that will provide ongoing advice to education agencies and report annually to the legislature and the governor." [2009 c 468 § 1.]

(6) Other information as deemed appropriate. [2013 c 10 § 3; 2006 c 135 § 2.]

Finding—2013 c 10: See note following RCW 28A.410.035.

28A.300.145 Educational materials regarding sex offenses, sex offenders, and victims of sexual assault (as amended by 2013 c 85). (1) The Washington coalition of sexual assault programs, in consultation with the Washington association of sheriffs and police chiefs, the Washington association of prosecuting attorneys, and the office of the superintendent of public instruction, shall develop educational materials to be made available throughout the state to inform parents, students, school districts, and other interested community members about:

~~((+))~~ (a) The laws related to sex offenses, including the legal elements of sexual [sex] offenses under chapter 9A.44 RCW where a minor is a victim, the consequences upon conviction, and sex offender registration, community notification~~((+))~~, and the classification of sex offenders based on an assessment of the risk of reoffending;

~~((2))~~ (b) How to recognize behaviors characteristic of sex offenses and sex offenders;

~~((3))~~ (c) How to prevent victimization, particularly that of young children;

~~((4))~~ (d) How to take advantage of community resources for victims of sexual assault; and

~~((5))~~ (e) Other information as deemed appropriate.

(2) By September 1, 2014, and biennially thereafter, the Washington coalition of sexual assault programs, in consultation with the Washington association of sheriffs and police chiefs, the Washington association of prosecuting attorneys, and the office of the superintendent of public instruction, shall review and update the educational materials developed under subsection (1) of this section to assure that they remain current and accurate, and are age-appropriate for a variety of ages.

(3) Every public school that offers sexual health education must assure that sexual health education complies with existing requirements in the January 2005 guidelines for sexual health information and disease prevention developed by the department of health and the superintendent of public instruction. Specifically, sexual health education must attempt to achieve the objective "take responsibility for and understand the consequences of their own behavior" and the objective "avoid exploitive or manipulative relationships." To do this, sexual health education programs should include age-appropriate information about the legal elements of sexual [sex] offenses under chapter 9A.44 RCW where a minor is a victim and the consequences

upon conviction, as well as the other information required to be included in informational materials prepared pursuant to subsection (1) of this section. Public schools that offer sexual health education are encouraged to incorporate the materials developed under subsection (1) of this section into the curriculum. [2013 c 85 § 1; 2006 c 135 § 2.]

Reviser's note: RCW 28A.300.145 was amended twice during the 2013 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

28A.300.285 Harassment, intimidation, and bullying prevention policies and procedures—Model policy and procedure—Training materials—Posting on web site—Rules—Advisory committee. (1) By August 1, 2011, each school district shall adopt or amend if necessary a policy and procedure that at a minimum incorporates the revised model policy and procedure provided under subsection (4) of this section that prohibits the harassment, intimidation, or bullying of any student. It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and school employees in accordance with rules adopted by the superintendent of public instruction. Each school district shall designate one person in the district as the primary contact regarding the antiharassment, intimidation, or bullying policy. The primary contact shall receive copies of all formal and informal complaints, have responsibility for assuring the implementation of the policy and procedure, and serve as the primary contact on the policy and procedures between the school district, the office of the education ombuds, and the office of the superintendent of public instruction.

(2) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

(a) Physically harms a student or damages the student's property; or

(b) Has the effect of substantially interfering with a student's education; or

(c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or

(d) Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy and procedure should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

(4)(a) By August 1, 2010, the superintendent of public instruction, in consultation with representatives of parents, school personnel, the office of the education ombuds, the Washington state school directors' association, and other interested parties, shall provide to the education committees

of the legislature a revised and updated model harassment, intimidation, and bullying prevention policy and procedure. The superintendent of public instruction shall publish on its web site, with a link to the safety center web page, the revised and updated model harassment, intimidation, and bullying prevention policy and procedure, along with training and instructional materials on the components that shall be included in any district policy and procedure. The superintendent shall adopt rules regarding school districts' communication of the policy and procedure to parents, students, employees, and volunteers.

(b) The office of the superintendent of public instruction has the authority to update with new technologies access to this information in the safety center, to the extent resources are made available.

(c) Each school district shall by August 15, 2011, provide to the superintendent of public instruction a brief summary of its policies, procedures, programs, partnerships, vendors, and instructional and training materials to be posted on the school safety center web site, and shall also provide the superintendent with a link to the school district's web site for further information. The district's primary contact for bullying and harassment issues shall annually by August 15th verify posted information and links and notify the school safety center of any updates or changes.

(5) The Washington state school directors' association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site. The school directors' association and the advisory committee shall develop sample materials for school districts to disseminate, which shall also include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means including, but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. The school directors' association shall submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

(6) As used in this section, "electronic" or "electronic means" means any communication where there is the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means. [2013 c 23 § 50; 2010 c 239 § 2; 2007 c 407 § 1; 2002 c 207 § 2.]

Finding—Intent—2010 c 239: "The legislature finds that despite a recognized law prohibiting harassment, intimidation, and bullying of students in public schools and despite widespread adoption of antiharassment policies by school districts, harassment of students continues and has not declined since the law was enacted. Furthermore, students and parents continue to seek assistance against harassment, and schools need to disseminate more widely their antiharassment policies and procedures. The legislature intends to expand the tools, information, and strategies that can be used to combat harassment, intimidation, and bullying of students, and increase

awareness of the need for respectful learning communities in all public schools." [2010 c 239 § 1.]

Findings—2002 c 207: "The legislature declares that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. The legislature finds that harassment, intimidation, or bullying, like other disruptive or violent behavior, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment.

Furthermore, the legislature finds that students learn by example. The legislature commends school administrators, faculty, staff, and volunteers for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying." [2002 c 207 § 1.]

28A.300.2851 School bullying and harassment—

Work group. (1) The office of the superintendent of public instruction and the office of the education ombuds shall convene a work group on school bullying and harassment prevention to develop, recommend, and implement strategies to improve school climate and create respectful learning environments in all public schools in Washington. The superintendent of public instruction or a designee shall serve as the chair of the work group.

(2) The work group shall:

(a) Consider whether additional disaggregated data should be collected regarding incidents of bullying and harassment or disciplinary actions and make recommendations to the office of the superintendent of public instruction for collection of such data;

(b) Examine possible procedures for anonymous reporting of incidents of bullying and harassment;

(c) Identify curriculum and best practices for school districts to improve school climate, create respectful learning environments, and train staff and students in de-escalation and intervention techniques;

(d) Identify curriculum and best practices for incorporating instruction about mental health, youth suicide prevention, and prevention of bullying and harassment;

(e) Recommend best practices for informing parents about the harassment, intimidation, and bullying prevention policy and procedure under RCW 28A.300.285 and involving parents in improving school climate;

(f) Recommend training for district personnel who are designated as the primary contact regarding the policy and procedure and for school resource officers and other school security personnel;

(g) Recommend educator preparation and certification requirements in harassment, intimidation, and bullying prevention and de-escalation and intervention techniques for teachers, educational staff associates, and school administrators;

(h) Examine and recommend policies for discipline of students and staff who harass, intimidate, or bully; and

(i) In collaboration with the state board for community and technical colleges, examine and recommend policies to protect K-12 students attending community and technical colleges from harassment, intimidation, and bullying.

(3) The work group must include representatives from the state board of education, the Washington state parent teacher association, the Washington state association of school psychologists, school directors, school administrators, principals, teachers, school counselors, classified school staff, youth, community organizations, and parents.

(4) The work group shall submit a biennial progress and status report to the governor and the education committees of the legislature, beginning December 1, 2011, with additional reports by December 1, 2013, and December 1, 2015.

(5) The work group is terminated effective January 1, 2016. [2013 c 23 § 51; 2011 c 185 § 2.]

Finding—2011 c 185: "The legislature finds that having updated school district policies and procedures is a step in the right direction for preventing bullying, intimidation, and harassment, but more steps are needed. A work group could help to maintain focus and attention on antibullying and antiharassment, as well as monitor progress. In addition, students' knowledge and understanding of two key correlates of bullying and harassment, depression and youth suicide, could be enhanced through instruction and assessments that address mental health and suicide prevention." [2011 c 185 § 1.]

28A.300.471 Medical emergency response and automated external defibrillator program. (1) An automated external defibrillator is often a critical component in the chain of survival for a cardiac arrest victim.

(2) The office of the superintendent of public instruction, in consultation with school districts and stakeholder groups, shall develop guidance for a medical emergency response and automated external defibrillator program for high schools.

(3) The medical emergency response and automated external defibrillator program must comply with current evidence-based guidance from the American heart association or other national science organization.

(4) The office of the superintendent of public instruction, in consultation with the department of health, shall assist districts in carrying out a program under this section, including providing guidelines and advice for seeking grants for the purchase of automated external defibrillators or seeking donations of automated external defibrillators. The superintendent may coordinate with local health districts or other organizations in seeking grants and donations for this purpose. [2013 c 181 § 2.]

28A.300.560 Data on college credit through dual credit courses—Posting on web site. In addition to data on student enrollment in dual credit courses, the office of the superintendent of public instruction shall collect and post on the Washington state report card web site the rates at which students earn college credit through a dual credit course, using the following criteria:

(1) Students who achieve a score of three or higher on an AP examination;

(2) Students who achieve a score of four or higher on an examination of the international baccalaureate diploma programme;

(3) Students who successfully complete a Cambridge advanced international certificate of education examination;

(4) Students who successfully complete a course through the college in the high school program under RCW 28A.600.290 and are awarded credit by the partnering institution of higher education; and

(5) Students who satisfy the dual enrollment and class performance requirements to earn college credit through a tech prep course; and

(6) Students who successfully complete a course through the running start program under RCW 28A.600.300 and are awarded credit by the institution of higher education. [2013 c 184 § 4.]

Findings—2013 c 184: See note following RCW 28A.320.195.

28A.300.565 Grants to implement emergency response systems. Subject to funds appropriated specifically for this purpose, the office of the superintendent of public instruction shall allocate grants to school districts on a competitive basis for the purpose of implementing emergency response systems using evolving technology to expedite the response and arrival of law enforcement in the event of a threat or emergency at a school. [2013 c 233 § 4.]

28A.300.570 Support of reading and early literacy. In support of reading and early literacy, the office of the superintendent of public instruction is responsible for:

(1) Continuing to work collaboratively with state and regional partners such as the department of early learning and the educational service districts to establish early literacy benchmarks and standards and to implement the Washington state comprehensive literacy plan;

(2) Disseminating research and information to school districts about evidence-based programs and practices in reading readiness skills, early literacy, and reading instruction;

(3) Providing statewide models to support school districts that are implementing response to intervention initiatives, positive behavior intervention support systems, or other similar comprehensive models of data-based identification and early intervention; and

(4) Within available funds and in partnership with the educational service districts, providing technical assistance and professional development opportunities for school districts. [2013 2nd sp.s. c 18 § 101.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Chapter 28A.305 RCW STATE BOARD OF EDUCATION

Sections

28A.305.130 Powers and duties—Purpose.

28A.305.190 Eligibility to take test to earn a high school equivalency certificate.

28A.305.130 Powers and duties—Purpose. The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability framework that creates a unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically under-achieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b)(i) Identify the scores students must achieve in order to meet the standard on the statewide student assessment and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose.

(ii) By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the tenth grade English language arts assessment and the end-of-course mathematics assessments developed in accordance with RCW 28A.655.070 to be used as the state transitions to high school assessments developed with a multistate consortium.

(iii) By the end of the 2014-15 school year, establish the scores students must achieve to meet the standard and earn a certificate of academic achievement on the high school English language arts assessment and the comprehensive mathematics assessment developed with a multistate consortium in accordance with RCW 28A.655.070. To determine the appropriate score, the state board shall review the transition experience of Washington students to the consortium-

developed assessments, examine the student scores used in other states that are administering the consortium-developed assessments, and review the scores in other states that require passage of an eleventh grade assessment as a high school graduation requirement. The scores established by the state board of education for the purposes of earning a certificate of academic achievement and graduation from high school may be different from the scores used for the purpose of determining a student's career and college readiness.

(iv) The legislature shall be advised of the initial performance standards for the high school statewide student assessment. Any changes recommended by the board in the performance standards for the high school assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards. The board must provide an explanation of and rationale for all initial performance standards and any changes, for all grade levels of the statewide student assessment. If the board changes the performance standards for any grade level or subject, the superintendent of public instruction must recalculate the results from the previous ten years of administering that assessment regarding students below, meeting, and beyond the state standard, to the extent that this data is available, and post a comparison of the original and recalculated results on the superintendent's web site;

(c) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;

(5) Accredit, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve. However, no private school may be approved that operates a kindergarten program only and no private school shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not

limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction. [2013 2nd sp.s. c 22 § 7; 2011 1st sp.s. c 6 § 1; 2009 c 548 § 502; 2008 c 27 § 1; 2006 c 263 § 102; 2005 c 497 § 104; 2002 c 205 § 3; 1997 c 13 § 5; 1996 c 83 § 1; 1995 c 369 § 9; 1991 c 116 § 11; 1990 c 33 § 266. Findings—Intent—2013 2nd sp.s. c 22: See note following RCW 28A.655.061.

Effective date—2011 1st sp.s. c 6: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 31, 2011]." [2011 1st sp.s. c 6 § 2.]

Intent—Finding—2009 c 548: "(1)(a) The legislature intends to develop a system in which the state and school districts share accountability for achieving state educational standards and supporting continuous school improvement. The legislature recognizes that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by a new mechanism for clearly defining the relationships and expectations for the state, school districts, and schools. It is the legislature's intent that this be accomplished through the development of a proactive, collaborative accountability system that focuses on a school improvement system that engages and serves the local school board, parents, students, staff in the schools and districts, and the community. The improvement system shall be based on progressive levels of support, with a goal of continuous improvement in student achievement and alignment with the federal system of accountability.

(b) The legislature further recognizes that it is the state's responsibility to provide schools and districts with the tools and resources necessary to improve student achievement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, if necessary, state intervention.

(2) The legislature has already charged the state board of education to develop criteria to identify schools and districts that are successful, in need of assistance, and those where students persistently fail, as well as to identify a range of intervention strategies and a performance incentive system. The legislature finds that the state board of education should build on the work that the board has already begun in these areas. As development of these formulas, processes, and systems progresses, the legislature should monitor the progress." [2009 c 548 § 501.]

28A.320.125 Safe school plans—Requirements—Duties of school districts, schools, and educational service districts—Reports—Drills—Rules. (1) The legislature considers it to be a matter of public safety for public schools and staff to have current safe school plans and procedures in place, fully consistent with federal law. The legislature further finds and intends, by requiring safe school plans to be in place, that school districts will become eligible for federal assistance. The legislature further finds that schools are in a position to serve the community in the event of an emergency resulting from natural disasters or man-made disasters.

(2) Schools and school districts shall consider the guidance provided by the superintendent of public instruction, including the comprehensive school safety checklist and the model comprehensive safe school plans that include prevention, intervention, all hazard/crisis response, and postcrisis recovery, when developing their own individual comprehensive safe school plans. Each school district shall adopt, no later than September 1, 2008, and implement a safe school plan consistent with the school mapping information system pursuant to RCW 36.28A.060. The plan shall:

(a) Include required school safety policies and procedures;

(b) Address emergency mitigation, preparedness, response, and recovery;

(c) Include provisions for assisting and communicating with students and staff, including those with special needs or disabilities;

(d) Use the training guidance provided by the Washington emergency management division of the state military department in collaboration with the Washington state office of the superintendent of public instruction school safety center and the school safety center advisory committee;

(e) Require the building principal to be certified on the incident command system;

(f) Take into account the manner in which the school facilities may be used as a community asset in the event of a community-wide emergency; and

(g) Set guidelines for requesting city or county law enforcement agencies, local fire departments, emergency service providers, and county emergency management agencies to meet with school districts and participate in safety-related drills.

(3) To the extent funds are available, school districts shall annually:

(a) Review and update safe school plans in collaboration with local emergency response agencies;

(b) Conduct an inventory of all hazardous materials;

(c) Update information on the school mapping information system to reflect current staffing and updated plans, including:

(i) Identifying all staff members who are trained on the national incident management system, trained on the incident command system, or are certified on the incident command system; and

(ii) Identifying school transportation procedures for evacuation, to include bus staging areas, evacuation routes, communication systems, parent-student reunification sites, and secondary transportation agreements consistent with the school mapping information system; and

(d) Provide information to all staff on the use of emergency supplies and notification and alert procedures.

(4) To the extent funds are available, school districts shall annually record and report on the information and activities required in subsection (3) of this section to the Washington association of sheriffs and police chiefs.

(5) School districts are encouraged to work with local emergency management agencies and other emergency responders to conduct one tabletop exercise, one functional exercise, and two full-scale exercises within a four-year period.

(6) Schools shall conduct no less than one safety-related drill each month that school is in session. Schools shall complete no less than one drill using the school mapping information system, three drills for lockdowns, one drill for shelter-in-place, three drills for fire evacuation in accordance with the state fire code, and one other safety-related drill to be determined by the school. Schools should consider drills for earthquakes, tsunamis, or other high-risk local events. Schools shall document the date and time of such drills. This subsection is intended to satisfy all federal requirements for comprehensive school emergency drills and evacuations.

(7) Educational service districts are encouraged to apply for federal emergency response and crisis management grants with the assistance of the superintendent of public instruction and the Washington emergency management division of the state military department.

(8) The superintendent of public instruction may adopt rules to implement provisions of this section. These rules may include, but are not limited to, provisions for evacuations, lockdowns, or other components of a comprehensive safe school plan. [2013 c 14 § 1; 2009 c 578 § 10; 2007 c 406 § 1; 2002 c 205 § 2.]

Findings—2002 c 205: "Following the tragic events of September 11, 2001, the government's primary role in protecting the health, safety, and well-being of its citizens has been underscored. The legislature recognizes

that there is a need to focus on the development and implementation of comprehensive safe school plans for each public school. The legislature recognizes that comprehensive safe school plans for each public school are an integral part of rebuilding public confidence. In developing these plans, the legislature finds that a coordinated effort is essential to ensure the most effective response to any type of emergency. Further, the legislature recognizes that comprehensive safe school plans for each public school are of paramount importance and will help to assure students, parents, guardians, school employees, and school administrators that our schools provide the safest possible learning environment." [2002 c 205 § 1.]

28A.320.126 Emergency response system. School districts must work collaboratively with local law enforcement agencies and school security personnel to develop an emergency response system using evolving technology to expedite the response and arrival of law enforcement in the event of a threat or emergency at a school. School districts are encouraged to use the model policies developed by the school safety [center] advisory committee of the office of the superintendent of public instruction as a resource. Each school district must submit a progress report on its implementation of an emergency response system as required under this section to the office of the superintendent of public instruction by December 1, 2014. [2013 c 233 § 1.]

Model policies and strategies—Recommendations—Report—2013 c 233: "(1) The school safety advisory committee convened by the office of the superintendent of public instruction shall develop model policies and strategies for school districts and local law enforcement agencies to design emergency response systems using evolving technology to expedite the response and arrival of law enforcement in the event of a threat or emergency at a school. The committee shall develop policies and strategies appropriate for a range of different threat or emergency scenarios.

(2)(a) The school safety advisory committee shall also develop recommendations related to incorporating school safety features in the planning and design of new or remodeled school facilities. The recommendations shall address, at a minimum:

- (i) Options to address public access to school buildings and grounds;
- (ii) Interior design features to address public access to classrooms; and
- (iii) Options and best practices to protect students and staff in the event of a threat during school hours.

(b) The recommendations shall consider and provide flexibility regarding varying campus designs, geographic locations, site-specific needs, grade-level configurations, cost-effectiveness, and coordination with local law enforcement in a manner suitable to the locale.

(3) The school safety advisory committee shall submit a report to the education committees of the legislature by December 1, 2013, and post the report, model policies and recommendations developed under this section, and other resource information to assist school districts on the school safety center web site." [2013 c 233 § 3.]

28A.320.127 Plan for recognition, screening, and response to emotional or behavioral distress in students.

(1) Beginning in the 2014-15 school year, each school district must adopt a plan for recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. The school district must annually provide the plan to all district staff.

(2) At a minimum the plan must address:

- (a) Identification of training opportunities in recognition, screening, and referral that may be available for staff;
- (b) How to use the expertise of district staff who have been trained in recognition, screening, and referral;
- (c) How staff should respond to suspicions, concerns, or warning signs of emotional or behavioral distress in students;

(d) Identification and development of partnerships with community organizations and agencies for referral of students to health, mental health, substance abuse, and social support services, including development of at least one memorandum of understanding between the district and such an entity in the community or region;

(e) Protocols and procedures for communication with parents;

(f) How staff should respond to a crisis situation where a student is in imminent danger to himself or herself or others; and

(g) How the district will provide support to students and staff after an incident of violence or youth suicide.

(3) The plan under this section may be a separate plan or a component of another district plan or policy, such as the harassment, intimidation, and bullying prevention policy under RCW 28A.300.2851 or the comprehensive safe school plan required under RCW 28A.320.125. [2013 c 197 § 4.]

Findings—Intent—2013 c 197: See note following RCW 28A.410.226.

Civil liability—2013 c 197: See RCW 28A.310.501.

28A.320.1271 Model school district plan for recognition, initial screening, and response to emotional or behavioral distress in students. The office of the superintendent of public instruction and the school safety [center] advisory committee shall develop a model school district plan for recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. The model plan must incorporate research-based best practices, including practices and protocols used in schools and school districts in other states. The model plan must be posted by February 1, 2014, on the school safety center web site, along with relevant resources and information to support school districts in developing and implementing the plan required under RCW 28A.320.127. [2013 c 197 § 5.]

Finding—Intent—2013 c 197: See note following RCW 43.20A.765.

Findings—Intent—2013 c 197: See note following RCW 28A.410.226.

Civil liability—2013 c 197: See RCW 28A.310.501.

28A.320.193 Community service—Policy—Incentive. By September 1, 2013, each school district shall adopt a policy that is supportive of community service and provides an incentive, such as recognition or credit, for students who participate in community service. [2013 c 176 § 2.]

Finding—2013 c 176: "The legislature finds that volunteering connects students to their communities and provides an opportunity for students to practice and apply their academic and social skills in preparation for entering the workforce. Community service can better prepare and inspire students to continue their education beyond high school. Community service is also associated with increased civic awareness and participation by students." [2013 c 176 § 1.]

28A.320.195 Academic acceleration for high school students—Adoption of policy. (1) Each school district board of directors is encouraged to adopt an academic acceleration policy for high school students as provided under this section.

(2) Under an academic acceleration policy:

(a) The district automatically enrolls any student who meets the state standard on the high school statewide student assessment in the next most rigorous level of advanced courses offered by the high school. Students who successfully complete such an advanced course are then enrolled in the next most rigorous level of advanced course, with the objective that students will eventually be automatically enrolled in courses that offer the opportunity to earn dual credit for high school and college.

(b) The subject matter of the advanced courses in which the student is automatically enrolled depends on the content area or areas of the statewide student assessment where the student has met the state standard. Students who meet the state standard on both end-of-course mathematics assessments are considered to have met the state standard for high school mathematics. Students who meet the state standard in both reading and writing are eligible for enrollment in advanced courses in English, social studies, humanities, and other related subjects.

(c) The district must notify students and parents or guardians regarding the academic acceleration policy and the advanced courses available to students.

(d) The district must provide a parent or guardian with an opportunity to opt out of the academic acceleration policy and enroll a student in an alternative course. [2013 c 184 § 2.]

Findings—2013 c 184: "(1) The legislature finds that progress is being made in making dual high school and college credit courses available for students:

(a) Overall dual credit program enrollments increased by almost four percent between 2009 and 2012;

(b) The number of dual credit programs offered by Washington high schools increased by almost fifteen percent between the 2009-10 school year and the 2011-12 school year; and

(c) Dual credit program participation rates for low-income students increased more than fourteen percent between the 2009-10 school year and the 2011-12 school year.

(2) However, the legislature further finds that more can be done to promote academic acceleration for all students and eliminate barriers, real or perceived, that may prevent students from enrolling in rigorous advanced courses, including dual credit courses." [2013 c 184 § 1.]

28A.320.196 Academic acceleration incentive program—Dual credit courses—Allocation of funds—Reports. (1) Subject to funds appropriated specifically for this purpose, the academic acceleration incentive program is established as provided in this section. The intent of the legislature is that the funds awarded under the program be used to support teacher training, curriculum, technology, examination fees, and other costs associated with offering dual credit courses to high school students.

(2) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section on a competitive basis to provide one-time grants for high schools to expand the availability of dual credit courses. To be eligible for a grant, a school district must have adopted an academic acceleration policy as provided under RCW 28A.320.195. In making grant awards, the office of the superintendent of public instruction must give priority to grants for high schools with a high proportion of low-income students and high schools seeking to develop

new capacity for dual credit courses rather than proposing marginal expansion of current capacity.

(3) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section to school districts as an incentive award for each student who earned dual high school and college credit, as described under subsection (4) of this section, for courses offered by the district's high schools during the previous school year. School districts must distribute the award to the high schools that generated the funds. The award amount for low-income students eligible to participate in the federal free and reduced-price meals program who earn dual credits must be set at one hundred twenty-five percent of the base award for other students. A student who earns more than one dual credit in the same school year counts only once for the purposes of the incentive award.

(4) For the purposes of this section, the following students are considered to have earned dual high school and college credit in a course offered by a high school:

(a) Students who achieve a score of three or higher on an AP examination;

(b) Students who achieve a score of four or higher on an examination of the international baccalaureate diploma programme;

(c) Students who successfully complete a Cambridge advanced international certificate of education examination;

(d) Students who successfully complete a course through the college in the high school program under RCW 28A.600.290 and are awarded credit by the partnering institution of higher education; and

(e) Students who satisfy the dual enrollment and class performance requirements to earn college credit through a tech prep course.

(5) If a high school provides access to online courses for students to earn dual high school and college credit at no cost to the student, such a course is considered to be offered by the high school. Students enrolled in the running start program under RCW 28A.600.300 do not generate an incentive award under this section.

(6) The office of the superintendent of public instruction shall report to the education policy committees and the fiscal committees of the legislature, by January 1st of each year, information about the demographics of the students earning dual credits in the schools receiving grants under this section for the prior school year. Demographic data shall be disaggregated pursuant to RCW 28A.300.042. [2013 c 184 § 3.]

Contingency—2013 c 184 § 3: "If specific funding for purposes of section 3 of this act, referencing section 3 of this act by bill or chapter and section number, is not provided by June 30, 2013, in the omnibus operating appropriations act, section 3 of this act is null and void." The omnibus appropriations act provided funding for "this act" by bill and chapter but not section number. See section 513(21), chapter 4, Laws of 2013 2nd sp. sess. [2013 c 184 § 5.]

Findings—2013 c 184: See note following RCW 28A.320.195.

28A.320.202 Comprehensive system of instruction and services in reading and early literacy. School districts are responsible for providing a comprehensive system of instruction and services in reading and early literacy to kindergarten through fourth grade students that is based on the degree of student need for additional support. Reading and

early literacy systems provided by school districts must include:

(1) Annual use of screening assessments and other tools to identify at-risk readers in kindergarten through fourth grade, such as the Washington kindergarten inventory of developing skills, the Washington state early learning and development guidelines for birth through third grade, the second grade reading assessment under RCW 28A.300.310, and locally used assessments and other tools; and

(2) Research-based family involvement and engagement strategies, including strategies to help families and guardians assist in improving students' reading and early literacy skills at home. [2013 2nd sp.s. c 18 § 102.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.320.203 Reading skills—Report cards. (1) Each school district shall require that report cards for students in kindergarten through fourth grade include information regarding how the student is progressing on acquiring reading skills and whether the student is at grade level in reading.

(2) If a student is not reading at or above grade level, the teacher, with the support of other school personnel as appropriate, must explain to the parent or guardian which interventions and strategies will be used to help improve the student's reading skills and must provide strategies for parents or guardians to assist with improving the student's reading skills at home.

(3) Each school shall report to the school district the number of students in grades kindergarten through four who are reading below grade level and the interventions that are being provided to improve the reading skills of the students, with the information disaggregated by subgroups of students. The school district shall aggregate the reports from the schools and provide the reports to the office of the superintendent of public instruction. The office of the superintendent of public instruction shall submit a statewide report annually to the education committees of the legislature and the educational opportunity gap oversight and accountability committee. [2013 2nd sp.s. c 18 § 104.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.320.208 Notice to parents and guardians of student assessments, graduation requirements, and additional district graduation requirements. (1) At the beginning of each school year, school districts must notify parents and guardians of enrolled students from eighth through twelfth grade about each student assessment required by the state, the minimum state-level graduation requirements, and any additional school district graduation requirements. The information may be provided when the student is enrolled, contained in the student or parent handbook, or posted on the school district's web site. The notification must include the following:

(a) When each assessment will be administered;

(b) Which assessments will be required for graduation and what options students have to meet graduation requirements if they do not pass a given assessment;

(c) Whether the results of the assessment will be used for program placement or grade-level advancement;

(d) When the assessment results will be released to parents or guardians and whether there will be an opportunity for parents and teachers to discuss strategic adjustments; and

(e) Whether the assessment is required by the school district, state, federal government, or more than one of these entities.

(2) The office of the superintendent of public instruction shall provide information to the school districts to enable the districts to provide the information to the parents and guardians in accordance with subsection (1) of this section. [2013 2nd sp.s. c 22 § 8.]

Whenever the estimated cost of a building, improvement, repair, or other public works project is one hundred thousand dollars or more, the public bidding process provided in subsection (1) of this section shall be followed unless the contract is let using the small works roster process in RCW 39.04.155 or under any other procedure authorized for school districts. One or more school districts may autho-

rize an educational service district to establish and operate a small works roster for the school district under the provisions of RCW 39.04.155.

(5) The contract for the work or purchase shall be awarded to the lowest responsible bidder as described in RCW 39.26.160(2) but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

(6) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency," for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

(7) This section does not apply to the direct purchase of school buses by school districts and educational services in accordance with RCW 28A.160.195.

(8) This section does not apply to the purchase of Washington grown food.

(9) At the discretion of the board, a school district may develop and implement policies and procedures to facilitate and maximize to the extent practicable, purchases of Washington grown food including, but not limited to, policies that permit a percentage price preference for the purpose of procuring Washington grown food.

(10) As used in this section, "Washington grown" has the definition in RCW 15.64.060.

(11) As used in this section, "price percentage preference" means the percent by which a responsive bid from a responsible bidder whose product is a Washington grown food may exceed the lowest responsive bid submitted by a responsible bidder whose product is not a Washington grown food. Sections

28A.340.080 Innovation academy cooperatives—Formation—Student enrollment.

28A.340.080 Innovation academy cooperatives—Formation—Student enrollment. (1) Two or more non-high school districts may form an interdistrict cooperative to offer an innovation academy cooperative, as defined in RCW

28A.340.085 and subject to the approval of the office of the superintendent of public instruction under RCW 28A.340.090, for high school students residing in the participating nonhigh school districts or for high school students residing in other school districts who enroll in the cooperative's reporting district under RCW 28A.225.220 through 28A.225.230. However, a high school student residing in a school district that is not a participating member of the cooperative may not enroll exclusively in alternative learning experience courses or programs as defined by *RCW 28A.150.325. Nothing in this section is intended to affect or otherwise modify the superintendent of public instruction's duty to approve and monitor online providers pursuant to RCW 28A.250.020.

(2) Enrollment in an innovation academy cooperative is optional for students. For students residing in a participating nonhigh school district who enroll in a high school district rather than the innovation academy cooperative, the provisions of RCW 28A.540.110 and chapter 28A.545 RCW apply to the nonhigh school district.

(3) Each innovation academy cooperative shall designate one of the participating nonhigh school districts to report enrolled students for funding purposes. The reporting district shall claim the monthly full-time equivalent students enrolled in the innovation academy cooperative and receive state funding allocations, including basic education allocations that are based on the small high school allocation under the appropriations act to the extent the number of students enrolled in the innovation academy cooperative meets the criteria for a small high school. [2013 c 192 § 1; 2010 c 99 § 2.]

***Reviser's note:** RCW 28A.150.325 was recodified as RCW 28A.232.010 pursuant to 2013 2nd sp.s. c 18 § 517.

Implementation review—Report—2010 c 99: "The office of the superintendent of public instruction shall review the implementation of RCW 28A.340.080 through 28A.340.090 to identify keys to success and any barriers to successful implementation of innovation academy cooperatives and submit a report to the education committees of the legislature by January 1, 2013." [2010 c 99 § 9.]

Findings—Intent—2010 c 99: "The legislature finds that the availability of technology, online learning, and field and project-based curricula offer new opportunities for school districts to design innovative programs for high school students. However, the legislature also finds that while small, rural school districts desire to offer innovative learning options for students in their communities, they are constrained by state laws and rules that appear to prohibit nonhigh school districts from creating options for their high school students in cooperation with other nonhigh school districts. Therefore, the legislature intends to authorize and encourage innovative, cooperative high school programs for students from very small school districts." [2010 c 99 § 1.]

28A.400.205 Cost-of-living increases for employees.

(1) School district employees shall be provided an annual salary cost-of-living increase in accordance with this section.

(a) The cost-of-living increase shall be calculated by applying the rate of the yearly increase in the cost-of-living index to any state-funded salary base used in state funding

formulas for teachers and other school district employees. Beginning with the 2001-02 school year, and for each subsequent school year, except for the 2013-14 and 2014-15 school years, each school district shall be provided a cost-of-living allocation sufficient to grant this cost-of-living increase.

(b) A school district shall distribute its cost-of-living allocation for salaries and salary-related benefits in accordance with the district's salary schedules, collective bargaining agreements, and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for cost-of-living increases on salaries and salary-related benefits.

(c) Any funded cost-of-living increase shall be included in the salary base used to determine cost-of-living increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual cost-of-living increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation schedule established under RCW 28A.150.410 and to any other salary models used to recognize school district personnel costs.

(2) For the purposes of this section, "cost-of-living index" means, for any school year, the previous calendar year's annual average consumer price index, using the official current base, compiled by the bureau of labor statistics, United States department of labor for the state of Washington. If the bureau of labor statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the cost-of-living index in this section. A reprimand may be issued as an alternative to suspension or revocation of a certificate or permit. School district superintendents, educational service district superintendents, the professional educator standards board, or private school administrators may file a complaint concerning any certificated employee of a school district, educational service district, or private school and this filing authority is not limited to employees of the complaining superintendent or administrator. Such written complaint shall state the grounds and summarize the factual basis upon which a determination has been made that an investigation by the superintendent of public instruction is warranted.

(5)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be suspended or revoked, according to the provisions of this subsection, by the authority authorized to grant the certificate upon a finding that an employee has engaged in an unauthorized use of school equipment to intentionally access material depicting sexually explicit conduct or has intentionally possessed on school grounds any material depicting sexually explicit conduct; except for material used in conjunction with established curriculum. A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. A second violation shall result in a mandatory revocation of the certificate or permit.

(b) In all cases under this subsection (5), the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in *RCW 28A.410.100. 28A.410.220 Washington professional educator standards board—Performance standards and professional-level certification assessment—Basic skills assessment—Assessment of subject knowledge—Administration of section—Rule-making authority. (1)(a) Beginning not later than September 1, 2001, the Washington professional educator standards board shall make available and pilot a means of assessing an applicant's knowledge in the basic skills. For the purposes of this section, "basic skills" means the subjects of at least reading, writing, and mathematics. Beginning September 1, 2002, except as provided in (c) and (d) of this subsection and subsection (4) of this section, passing this assessment shall be required for admission to approved teacher preparation programs and for persons from out-of-state applying for a Washington state residency teaching certificate.

(b) On an individual student basis, approved teacher preparation programs may admit into their programs a candidate who has not achieved the minimum basic skills assessment score established by the Washington professional educator standards board. Individuals so admitted may not receive residency certification without passing the basic skills assessment under this section.

(c) The Washington professional educator standards board may establish criteria to ensure that persons from out-of-state who are applying for residency certification and persons applying to master's degree level teacher preparation programs can demonstrate to the board's satisfaction that they have the requisite basic skills based upon having completed another basic skills assessment acceptable to the Washington professional educator standards board or by some other alternative approved by the Washington professional educator standards board.

(d) The Washington professional educator standards board may identify and accept other tests and test scores as long as the tests are comparable in rigor to the basic skills assessment and candidates meet or exceed the basic skills requirements established by the board. The board must set the acceptable score for admission to teacher certification programs at no lower than the average national scores for the SAT or ACT.

(2) The Washington professional educator standards board shall set performance standards and develop, pilot, and implement a uniform and externally administered professional-level certification assessment based on demonstrated teaching skill. In the development of this assessment, consid-

eration shall be given to changes in professional certification program components such as the culminating seminar.

(3) Beginning not later than September 1, 2002, the Washington professional educator standards board shall provide for the initial piloting and implementation of a means of assessing an applicant's knowledge in the subjects for which the applicant has applied for an endorsement to his or her residency or professional teaching certificate. The assessment of subject knowledge shall not include instructional methodology. Beginning September 1, 2005, passing this assessment shall be required to receive an endorsement for certification purposes.

(4) The Washington professional educator standards board may permit exceptions from the assessment requirements under subsections (1), (2), and (3) of this section on a case-by-case basis.

(5) The Washington professional educator standards board shall provide for reasonable accommodations for individuals who are required to take the assessments in subsection (1), (2), or (3) of this section if the individuals have learning or other disabilities.

(6) With the exception of applicants exempt from the requirements of subsections (1), (2), and (3) of this section, an applicant must achieve a minimum assessment score or scores established by the Washington professional educator standards board on each of the assessments under subsections (1), (2), and (3) of this section.

(7) The Washington professional educator standards board and superintendent of public instruction, as determined by the Washington professional educator standards board, may contract with one or more third parties for:

(a) The development, purchase, administration, scoring, and reporting of scores of the assessments established by the Washington professional educator standards board under subsections (1), (2), and (3) of this section;

(b) Related clerical and administrative activities; or

(c) Any combination of the purposes in this subsection.

(8) Applicants for admission to a Washington teacher preparation program and applicants for residency and professional certificates who are required to successfully complete one or more of the assessments under subsections (1), (2), and (3) of this section, and who are charged a fee for the assessment by a third party contracted with under subsection (7) of this section, shall pay the fee charged by the contractor directly to the contractor. Such fees shall be reasonably related to the actual costs of the contractor in providing the assessment.

(9) The superintendent of public instruction is responsible for supervision and providing support services to administer this section.

(10) The Washington professional educator standards board shall collaboratively select or develop and implement the assessments and minimum assessment scores required under this section with the superintendent of public instruction and shall provide opportunities for representatives of other interested educational organizations to participate in the selection or development and implementation of such assessments in a manner deemed appropriate by the Washington professional educator standards board.

(11) The Washington professional educator standards board shall adopt rules under chapter 34.05 RCW that are

reasonably necessary for the effective and efficient implementation of this section. [2013 c 193 § 2; 2008 c 176 § 2; 2002 c 92 § 2; 2000 c 39 § 201.]

Finding—Intent—2013 c 193: "The legislature finds that the use of a basic skills test as an entrance requirement to teacher certification programs has unintentionally created a barrier to the effective recruitment of candidates from underrepresented populations who are otherwise qualified for the program. Therefore, the legislature intends to expand the pool of potential teacher candidates by expanding the types of testing instruments and assessments that may be used to measure basic skills. The legislature intends to review any alternative assessments to ensure that candidates must continue to meet the established standards for admission to a teacher certification program." 28A.410.226 Washington professional educator standards board—Training program on youth suicide screening—Certificates for school nurses, social workers, psychologists, and counselors—Adoption of standards. (1) As provided under subsections (2) and (3) of this section, individuals certified by the professional educator standards board as a school nurse, school social worker, school psychologist, or school counselor must complete a training program on youth suicide screening and referral as a condition of certification. The training program must be at least three hours in length. The professional educator standards board must adopt standards for the minimum content of the training in consultation with the office of the superintendent of public instruction and the department of health. In developing the standards, the board must consider training programs listed on the best practices registry of the American foundation for suicide prevention and the suicide prevention resource center.

(2) This section applies to the following certificates if the certificate is first issued or is renewed on or after July 1, 2015:

- (a) Continuing certificates for school nurses;
- (b) Continuing certificates for school social workers;
- (c) Continuing and professional certificates for school psychologists; and
- (d) Continuing and professional certificates for school counselors.

(3) A school counselor who holds or submits a school counseling certificate from the national board for professional teaching standards or a school psychologist who holds or submits a school psychologist certificate from the national association of school psychologists in lieu of a professional certificate must complete the training program under subsection (1) of this section by July 1, 2015, or within the five-year period before the certificate is first submitted to the professional educator standards board, whichever is later, and at least once every five years thereafter in order to be considered certified by the professional educator standards board.

(4) The professional educator standards board shall consider the training program under subsection (1) of this section as approved continuing education under RCW 28A.415.020 and shall count the training program toward meeting continuing education requirements for certification as a school nurse, school social worker, school psychologist, or school counselor. [2013 c 197 § 2.]

Findings—Intent—2013 c 197: "(1) The legislature finds that:

- (a) According to the state department of health, suicide is the second

leading cause of death for Washington youth between the ages of ten and twenty-four. Suicide rates among Washington youth remain higher than that national average;

(b) An increasing body of research shows an association between adverse childhood experiences such as trauma, violence, or abuse, and school performance. Children and teens spend a significant amount of time in school. Teachers and other school staff who interact with students daily are in a prime position to recognize the signs of emotional or behavioral distress and make appropriate referrals. School personnel need effective training to help build the skills and confidence to assist youth in seeking help;

(c) Educators are not necessarily trained to address significant social, emotional, or behavioral issues exhibited by youth. Rather, best practices guidelines suggest that school districts should form partnerships with qualified health, mental health, and social services agencies to provide support; and

(d) Current safe school plans prepared by school districts tend to focus more on natural disasters and external threats and less on how to recognize and respond to potential crises among the students inside the school.

(2) Therefore, the legislature intends to increase the capacity for school districts to recognize and respond to youth in need through additional training, more comprehensive planning, and emphasis on partnerships between schools and communities." [2013 c 197 § 1.]

28A.410.271 Washington professional educator standards board—Adoption of standards for educational interpreters. (1) The definitions in this subsection apply throughout this section.

(a) "Educational interpreters" means school district employees, whether certificated or classified, providing sign language translation and further explanation of concepts introduced by the teacher for students who are deaf, deaf-blind, or hearing impaired.

(b) "Educational interpreter assessment" means an assessment that includes both written assessment and performance assessment that is offered by a national organization of professional sign language interpreters and transliterators, and is designed to assess performance in more than one sign system or sign language.

(2) The professional educator standards board shall adopt standards for educational interpreters and identify and publicize educational interpreter assessments that are available and meet the definition in this section. The board shall establish a performance standard for each educational interpreter assessment for the purposes of this section, defining what constitutes a minimum assessment result.

(3) By the beginning of the 2016-17 school year, educational interpreters who are employed by school districts must have successfully achieved the performance standard established by the professional educator standards board on one of the educational interpreter assessments identified by the board.

(4) By December 31, 2013, the professional educator standards board shall recommend to the education committees of the house of representatives and the senate, how to appropriately use the national interpreter certification and the educational interpreter performance assessment for educational interpreters in Washington public schools.

(5) The provisions of this section do not apply to educational interpreters employed to interpret a sign system or sign language for which no educational interpreter assessment has been identified by the professional educator standards board. [2013 c 151 § 2.]

Finding—Intent—2013 c 151: "The legislature finds that although the professional educator standards board has begun work on standards and assessments for educational interpreters as directed by the 2012 supplemental operating budget, there is a need formally to codify this as an ongoing responsibility. The legislature also intends to specify how the standards and assessments will be used to improve learning opportunities for students who are deaf, deaf-blind, or hearing impaired." 28A.415.010 Center for improvement of teaching—Improvement of teaching coordinating council—Teachers' institutes and workshops. It shall be the responsibility of each educational service district board to establish a center for the improvement of teaching. The center shall administer, coordinate, and act as fiscal agent for such programs related to the recruitment and training of certificated and classified K-12 education personnel as may be delegated to the center by the superintendent of public instruction under RCW 28A.310.470. To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council. The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and 28A.415.265.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

In local school districts employing more than one hundred teachers and other professional staff, the school district superintendent may hold a teachers' institute of one or more days in such district, said institute when so held by the school

district superintendent to be in all respects governed by the provisions of this title and rules relating to teachers' institutes held by educational service district superintendents. 28A.415.265 Educator support program. (1) The educator support program is established to provide professional development and mentor support for beginning educators and educators on probation under RCW 28A.405.100, to be composed of the beginning educator support team for beginning educators and continuous improvement coaching for educators on probation, as provided in this section.

(2)(a) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall allocate funds for the beginning educator support team on a competitive basis to individual school districts or consortia of districts. School districts are encouraged to include educational service districts in creating regional consortia. In allocating funds, the office of the superintendent of public instruction shall give priority to school districts with low-performing schools identified under RCW 28A.657.020 as being challenged schools in need of improvement. A portion of the appropriated funds may be used for program coordination and provision of statewide or regional professional development through the office of the superintendent of public instruction.

(b) A beginning educator support team must include the following components:

(i) A paid orientation or individualized assistance before the start of the school year for beginning educators;

(ii) Assignment of a trained and qualified mentor for the first three years for beginning educators, with intensive support in the first year and decreasing support over the following years depending on the needs of the beginning educator;

(iii) Professional development for beginning educators that is designed to meet their unique needs for supplemental training and skill development;

(iv) Professional development for mentors;

(v) Release time for mentors and their designated educators to work together, as well as time for educators to observe accomplished peers; and

(vi) A program evaluation using a standard evaluation tool provided from the office of the superintendent of public

instruction that measures increased knowledge, skills, and positive impact on student learning for program participants.

(3) Subject to funds separately appropriated for this specific purpose, the beginning educator support team components under subsection (2) of this section may be provided for continuous improvement coaching to support educators on probation under RCW 28A.405.100. [2013 2nd sp.s. c 18 § 401.]

28A.415.400 Reading instruction and early literacy—Professional development. (1) High-quality professional development is essential for educators to keep abreast of the important advances in research that are occurring regarding instructional strategies and curriculum. Professional development in early literacy is especially important to support the instruction of young readers since reading proficiency is a crucial element for student academic success.

(2) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall create partnerships with the educational service districts and public or private institutions of higher education with approved educator preparation programs to develop and deliver research-based professional development learning opportunities in reading instruction and early literacy for teachers of kindergarten through fourth grade students. 28A.500.020 Definitions. (*Effective until August 1, 2018.*) (1) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(a) "Prior tax collection year" means the year immediately preceding the year in which the local effort assistance shall be allocated.

(b) "Statewide average fourteen percent levy rate" means fourteen percent of the total levy bases as defined in RCW 84.52.0531 (3) through (5) for calendar years 2014 and 2015, and as defined in RCW 84.52.0531 (3) and (4) in calendar years 2016 and thereafter, summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The "district's fourteen percent levy amount" means the school district's maximum levy authority after transfers determined under RCW 84.52.0531(2) (a) through (c) divided by the district's maximum levy percentage determined under *RCW 84.52.0531(6) multiplied by fourteen percent.

(d) The "district's fourteen percent levy rate" means the district's fourteen percent levy amount divided by the district's assessed valuation for excess levy purposes for the

prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(e) "Districts eligible for local effort assistance" means those districts with a fourteen percent levy rate that exceeds the statewide average fourteen percent levy rate.

(2) Unless otherwise stated all rates, percents, and amounts are for the calendar year for which local effort assistance is being calculated under this chapter. [2013 2nd sp.s. c 4 § 957; 2010 c 237 § 5; 2004 c 21 § 1; 1999 c 317 § 2.]

28A.525.162 Allotment of appropriations for school plant facilities—Local school district participation—Computing state funding assistance—Rules. (1) Funds appropriated to the superintendent of public instruction from the common school construction fund shall be allotted by the superintendent of public instruction in accordance with this chapter.

(2) No allotment shall be made to a school district until such district has provided local funds equal to or greater than the difference between the total approved project cost and the amount of state funding assistance to the district for financing the project computed pursuant to RCW 28A.525.166, with the following exceptions:

(a) The superintendent of public instruction may waive the local requirement for state funding assistance for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such local funds shall be required as a condition to the allotment of funds from the state for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state funding assistance percentage under RCW 28A.525.166 when a school

district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(ii) The enrollment of nonhigh school districts shall be increased by the number of students residing within the district who are enrolled in a serving high school district so designated by the nonhigh school district under RCW 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district;

(c) The number of kindergarten students included in the enrollment count shall be counted as one headcount student; and

(d) The number of students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the total.

(4) In lieu of the exclusion in subsection (3)(d) of this section, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a regular duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(6) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the kindergarten enrollment count of the district. Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Intent—2012 c 244: "The school construction assistance funding formula is used to determine state funding contributions to school construction projects. It is the intent of the legislature that the formula use the most accurate method available to reflect the actual number of students using districts' school facilities. State funding currently provides all-day kindergarten for over twenty percent of kindergarten students and RCW 28A.150.315 calls for the continued phasing-in of all-day kindergarten each year until full state-wide implementation is achieved in the 2017-18 school year. In addition, because alternative learning experience programs of education take place in whole, or in part, outside the regular classroom setting, and because online alternative learning experience programs are delivered primarily electronically using the internet or other computer-based methods, it is appropriate to consider the impact of alternative learning experience students in assessing school space needs. The legislature acknowledges the review of the formula conducted by the office of the superintendent of public instruction and accepts many recommendations from the resulting December 2011 report. The legislature also intends to provide financial assistance for school districts affected by the transition to the new funding formula. This assistance will be limited to grants to cover direct district expenditures for contracted architects, engineers, and other consultants for projects that are no longer eligible for state assistance under the new formula or for projects requiring significant redesign work as a result of reduced state assistance under the new formula." [2012 c 244 § 1.]

Effective date—2012 c 244: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 30, 2012]." [2012 c 244 § 4.]

28A.525.166 Allotment of appropriations for school plant facilities—Computation of state aid for school plant project. Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{l} \text{Computed} \\ \text{State} \\ \text{Ratio} = \end{array} \frac{\text{District adjusted 3+valuation per pupil}}{\text{Total state adjusted valuation per pupil}} \div \frac{\text{District adjusted 3+valuation per pupil}}{\text{Total state adjusted valuation per pupil}} = \text{State \% Funding Assistance}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students

into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency. 28A.600.015 Rules incorporating due process guarantees of pupils with regard to expulsions and suspensions. (1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible: PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall

authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, ten consecutive school days.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action. (1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students

have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

(i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.320.135, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, 9A.1.280, or 28A.320.140; or

(ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than one calendar year from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the one calendar year limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the one calendar year limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis. 28A.600.022 Suspended or expelled students—Reengagement plan. (1) School districts should make efforts to

have suspended or expelled students return to an educational setting as soon as possible. School districts should convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission. [2013 2nd sp.s. c 18 § 308.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: "Nothing in chapter 18, Laws of 2013 2nd sp. sess. prevents a public school district, law enforcement agencies, or law enforcement personnel from enforcing laws protecting health and human safety." [2013 2nd sp.s. c 18 § 309.]

28A.600.460 Classroom discipline—Policies—Classroom placement of student offenders—Data on disciplinary actions. (1) School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

(5) All school districts must collect data on disciplinary actions taken in each school and must record these actions using the statewide student data system, based on the data collection standards established by the office of the superintendent of public instruction and the K-12 data governance group. The information shall be made available to the public, but public release of the data shall not include personally identifiable information including, but not limited to, a student's social security number, name, or address. [2013 2nd sp.s. c 18 § 305; 1997 c 266 § 9.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Findings—Intent—Severability—1997 c 266: See notes following RCW 28A.600.455.

28A.600.485 Restraint of students with individualized education programs or plans developed under section 504 of the rehabilitation act of 1973—Procedures—Definitions. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Isolation" means excluding a student from his or her regular instructional area and restricting the student alone within a room or any other form of enclosure, from which the student may not leave.

(b) "Restraint" means physical intervention or force used to control a student, including the use of a restraint device.

(c) "Restraint device" means a device used to assist in controlling a student, including but not limited to metal handcuffs, plastic ties, ankle restraints, leather cuffs, other hospital-type restraints, pepper spray, tasers, or batons.

(2) The provisions of this section apply only to any restraint of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973 that results in a physical injury to a student or a staff member, any restraint of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973, and any isolation of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973. The provisions of this section apply only to incidents of restraint or isolation that occur while a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973 is participating in school-sponsored instruction or activities.

(3) Following the release of a student from the use of restraint or isolation, the school must implement follow-up procedures. These procedures must include reviewing the incident with the student and the parent or guardian to address the behavior that precipitated the restraint or isolation and reviewing the incident with the staff member who administered the restraint or isolation to discuss whether proper procedures were followed.

(4) Any school employee, resource officer, or school security officer who uses any chemical spray, mechanical restraint, or physical force on a student during school-sponsored instruction or activities must inform the building administrator or building administrator's designee as soon as possible, and within two business days submit a written report of the incident to the district office. The written report should include, at a minimum, the following information:

- (a) The date and time of the incident;
- (b) The name and job title of the individual who administered the restraint or isolation;
- (c) A description of the activity that led to the restraint or isolation;
- (d) The type of restraint or isolation used on the student, including the duration; and
- (e) Whether the student or staff was physically injured during the restraint or isolation and any medical care provided.

(5) The principal or principal's designee must make a reasonable effort to verbally inform the student's parent or guardian within twenty-four hours of the incident, and must send written notification as soon as practical but postmarked no later than five business days after the restraint or isolation occurred. If the school or school district customarily provides the parent or guardian with school-related information in a language other than English, the written report under this section must be provided to the parent or guardian in that language. [2013 c 202 § 2.]

Findings—2013 c 202: "The legislature finds that preserving a safe and beneficial learning environment for all students requires the establishment and enforcement of appropriate student discipline policies. The legislature further finds that although physical restraint and isolation of a student should be avoided, there may be circumstances where school district boards of directors have authorized these actions to preserve the safety of other students and school staff. Nevertheless, if an incident of student restraint or isolation occurs, school personnel should be held accountable for providing a thorough explanation of the circumstances." [2013 c 202 § 1.]

28A.600.486 District policy on the use of isolation and restraint—Notice to parents and guardians of children who have individualized education programs or plans developed under section 504 of the rehabilitation act of 1973. Parents and guardians of children who have individualized education programs or plans developed under section 504 of the rehabilitation act of 1973 must be provided a copy of the district policy on the use of isolation and restraint at the time that the program or plan is created. [2013 c 202 § 4.]

Findings—2013 c 202: See note following RCW 28A.600.485.

28A.600.490 Discipline task force—Development of standard definitions—Development of data collection standards—Membership—Statewide student data system revision. (1) The office of the superintendent of public instruction shall convene a discipline task force to develop standard definitions for causes of student disciplinary actions taken at the discretion of the school district. The task force must also develop data collection standards for disciplinary actions that are discretionary and for disciplinary actions that result in the exclusion of a student from school. The data collection standards must include data about education services provided while a student is subject to a disciplinary action, the status of petitions for readmission to the school district when a student has been excluded from school, credit retrieval during a period of exclusion, and school dropout as a result of disciplinary action.

(2) The discipline task force shall include representatives from the K-12 data governance group, the educational opportunity gap oversight and accountability committee, the state ethnic commissions, the governor's office of Indian affairs,

[2013 RCW Supp—page 294]

the office of the education ombudsman [ombuds], school districts, and other education and advocacy organizations.

(3) The office of the superintendent of public instruction and the K-12 data governance group shall revise the statewide student data system to incorporate the student discipline data collection standards recommended by the discipline task force, and begin collecting data based on the revised standards in the 2015-16 school year. [2013 2nd sp.s. c 18 § 301.]

28A.655.061 High school assessment system—Certificate of academic achievement—Exemptions—Options to retake high school assessment—Objective alternative assessment—Student learning plans. (1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high

school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The reading and writing assessment or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the statewide student assessment at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2015, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200

RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the

score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(ii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(a) The student's results on the state assessment;

(b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

- (c) Any credit deficiencies;
- (d) The student's attendance rates over the previous two years;
- (e) The student's progress toward meeting state and local graduation requirements;
- (f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
- (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
- (h) The alternative assessment options available to students under this section and RCW 28A.655.065;
- (i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
- (j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535. [2013 2nd sp.s. c 22 § 2; 2011 1st sp.s. c 22 § 2; 2010 c 244 § 1; 2009 c 524 § 5; 2008 c 321 § 2. Prior: 2007 c 355 § 5; 2007 c 354 § 2; 2006 c 115 § 4; 2004 c 19 § 101.]

Findings—Intent—2013 2nd sp.s. c 22: "The legislature finds that the superintendent of public instruction was authorized to align the state essential academic learning requirements for mathematics, reading, writing, and communication with the common set of standards for students in grades kindergarten through twelve, known as the common core state standards, which were initiated by the governors and chief school officers of forty-five states, including Washington. The legislature further finds that Washington has joined one of two multistate consortia using a federal grant to develop new English language arts and mathematics assessments in grades three through eight and grade eleven that are, among other factors, aligned with the common core state standards and intended to demonstrate a student's career and college readiness. The legislature further finds that the assessments are required to be ready for use by the 2014-15 school year.

The legislature intends to reduce the overall costs of the state assessment system by implementing the eleventh grade English language arts and mathematics assessments being developed by a multistate consortium in which Washington is participating, maximize use of the consortium assessments by developing a tenth grade high school English language arts assessment and modifying the algebra I and geometry end-of-course assessment to be used only during the transition to the consortium-developed assessments, and reduce to three the number of assessments that will be required for students to graduate beginning with the class of 2019.

The legislature further intends that the eleventh grade consortium-developed assessments have two different student performance standards: One for the purposes of high school graduation that will be established by the state board of education and one that is intended to demonstrate a student's career and college readiness." [2013 2nd sp.s. c 22 § 1.]

Finding—Intent—2011 1st sp.s. c 22: "(1) The legislature continues to support end-of-course assessments as a fair and practical way to measure students' knowledge and skills in high school science, but the legislature also recognizes that there are important scientific concepts, principles, and content that are not able to be captured in a single course or a single assessment. The legislature also does not wish to narrow the high school science curriculum to a singular focus on biology.

(2) However, the legislature finds that the financial resources for developing additional end-of-course assessments for high school science are not available in the 2011-2013 biennium. Nevertheless, the legislature intends to revisit this issue in the future and further intends at an appropriate time to direct the superintendent of public instruction to develop one or more end-of-course assessments in additional science subjects." [2011 1st sp.s. c 22 § 1.]

Intent—2009 c 524: See note following RCW 28B.50.535.

Findings—2008 c 321: "The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the vari-

able, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements." [2008 c 321 § 1.]

Finding—Intent—2007 c 355: See note following RCW 28B.50.534.

Findings—Intent—2007 c 354: "(1) The legislature maintains a strong commitment to high expectations and high academic achievement for all students. The legislature finds that Washington schools and students are making significant progress in improving achievement in reading and writing. Schools are adapting instruction and providing remediation for students who need additional assistance. Reading and writing are being taught across the curriculum. Therefore, the legislature does not intend to make changes to the Washington assessment of student learning or high school graduation requirements in reading and writing.

(2) However, students are having difficulty improving their academic achievement in mathematics and science, particularly as measured by the high school Washington assessment of student learning. The legislature finds that corrections are needed in the state's high school assessment system that will improve alignment between learning standards, instruction, diagnosis, and assessment of students' knowledge and skills in high school mathematics and science. The legislature further finds there is a sense of urgency to make these corrections and intends to revise high school graduation requirements in mathematics and science only for the minimum period for corrections to be fully implemented." 28A.655.066 Statewide end-of-course assessments for high school mathematics. (Effective until September 1, 2019.)

(1)(a) In consultation with the state board of education, the superintendent of public instruction shall develop statewide end-of-course assessments for high school mathematics that measure student achievement of the state mathematics standards. The superintendent shall take steps to ensure that the language of the assessments is responsive to a diverse student population. The assessments shall be implemented statewide in the 2010-11 school year.

(b) The superintendent shall develop end-of-course assessments for the first year of high school mathematics that include the standards common to algebra I and integrated mathematics I and for the second year of high school mathematics that include the standards common to geometry and integrated mathematics II. The assessments under this subsection (1)(b) shall be used to demonstrate that a student meets the state standard on the mathematics content area of the high school statewide student assessment for purposes of RCW 28A.655.061.

(c) The superintendent of public instruction shall also develop subtests for the end-of-course assessments that measure standards for the first two years of high school mathe-

mathematics that are unique to algebra I, integrated mathematics I, geometry, and integrated mathematics II. The results of the subtests shall be reported at the student, teacher, school, and district level.

(2) All of the objective alternative assessments available to students under RCW 28A.655.061 and 28A.655.065 shall be available to any student who has taken an end-of-course assessment once but does not meet the state mathematics standard on an end-of-course assessment.

(3) The superintendent of public instruction shall report at least annually or more often if necessary to keep the education committees of the legislature informed on each step of the development and implementation process under this section. [2013 2nd sp.s. c 22 § 3; 2011 c 25 § 2; 2009 c 310 § 3; 2008 c 163 § 3.]

Findings—Intent—2013 2nd sp.s. c 22: See note following RCW 28A.655.061.

Findings—Intent—2011 c 25: "The legislature finds that acquiring mathematical skills and knowledge is critical for the future financial and personal success of public school graduates. However, the legislature finds that requiring students in the classes of 2013 and 2014 to meet the standards on two high school mathematics end-of-course assessments to graduate would not be fair to students or a valid use of the new end-of-course assessments. Specifically, a majority of these students will have taken algebra I or integrated mathematics one or more years before taking the end-of-course assessments. In addition, teachers need more time to incorporate the new 2008 mathematics standards into their instruction to properly prepare students for the new assessment requirements. Instead, the legislature intends to provide a reasonable transition period and require students in the classes of 2013 and 2014 to meet the standard on only one assessment. Students in subsequent classes will be required to meet the standards on both assessments." [2011 c 25 § 1.]

Findings—2008 c 163: "The legislature finds that, according to a recent report from a consultant retained by the state board of education, end-of-course assessments have certain advantages over comprehensive assessments such as the current form of the Washington assessment of student learning, and in most other areas end-of-course assessments are comparable to comprehensive assessments in meeting public policy objectives for a statewide assessment system. The legislature further finds that because the state's assessment contract will be renegotiated before the end of 2008, the 2008 legislature has an opportunity to provide policy direction in the design of the state assessment system and the design of the Washington assessment of student learning." [2008 c 163 § 1.]

28A.655.066 Repealed. (Effective September 1, 2019.)

See Supplementary Table of Disposition of Former RCW Sections, this volume.

28A.655.068 Statewide high school assessment in science. (1) Beginning in the 2011-12 school year, the statewide high school assessment in science shall be an end-of-course assessment for biology that measures the state standards for life sciences, in addition to systems, inquiry, and application as they pertain to life sciences.

(2)(a) The superintendent of public instruction may develop or adopt science end-of-course assessments or a comprehensive science assessment that includes subjects in addition to biology for purposes of RCW 28A.655.061, when so directed by the legislature. The legislature intends to transition from a biology end-of-course assessment to a more comprehensive science assessment in a manner consistent with the way in which the state transitioned to an English language arts assessment and a comprehensive mathematics assessment. The legislature further intends that the transition will include at least two years of using the student assessment results from either the biology end-of-course assessment or

the more comprehensive assessment in order to provide students with reasonable opportunities to demonstrate high school competencies while being mindful of the increasing rigor of the new assessment.

(b) The superintendent of public instruction shall develop or adopt a science assessment in accordance with RCW 28A.655.070(10) that is not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(c) Before the next subsequent school year after the legislature directs the superintendent to develop or adopt a new science assessment, the superintendent of public instruction shall review the objective alternative assessments for the science assessment and make recommendations to the legislature regarding additional objective alternatives, if any.

(3) The superintendent of public instruction may participate with consortia of multiple states as common student learning standards and assessments in science are developed. The superintendent of public instruction, in consultation with the state board of education, may modify the essential academic learning requirements and statewide student assessments in science, including the high school assessment, according to the multistate common student learning standards and assessments as long as the education committees of the legislature have opportunities for review before the modifications are adopted, as provided under RCW 28A.655.070.

(4) The statewide high school assessment under this section shall be used to demonstrate that a student meets the state standards in the science content area of the statewide student assessment for purposes of RCW 28A.655.061. [2013 2nd sp.s. c 22 § 4; 2011 1st sp.s. c 22 § 3.]

Findings—Intent—2013 2nd sp.s. c 22: See note following RCW 28A.655.061.

Finding—Intent—2011 1st sp.s. c 22: See note following RCW 28A.655.061.

28A.655.070 Essential academic learning requirements and assessments—Duties of the superintendent of public instruction.

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level

content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3)(a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c)(i) of this subsection shall be used for the purposes of earning a certificate of academic achievement for high school graduation under the timeline established in RCW 28A.655.061 and for assessing student career and college readiness.

(iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to develop and administer a tenth grade high school English language arts assessment, an end-of-course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end-of-course mathematics assessment to assess the standards common to geometry and integrated mathematics II.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments

and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness. [2013 2nd sp.s. c 22 § 5; 2008 c 163 § 2; 2007 c 354 § 5; 2005 c 497 § 106; 2004 c 19 § 204; 1999 c 388 § 501.]

28A.655.185 Intent—Apple award program. (1) It is the intent of the legislature, through the creation of the apple award, to honor and reward students in Washington's public elementary schools who have shown significant improvement in their school's results on the statewide student assessment.

(2) The apple award program is created to honor and reward public elementary schools that have the greatest combined average increase in the percentage of students meeting the fourth grade reading, mathematics, and writing standards on the statewide student assessment each school year. Beginning in the 2014-15 school year, the award shall be based on the percentage of students meeting the fourth grade English language arts and mathematics standards. The program shall be administered by the superintendent of public instruction.

(3) Within the amounts appropriated for this purpose, each school that receives an apple award shall be provided with a twenty-five thousand dollar grant to be used for capital construction purposes that have been selected by students in the school and approved by the district's school directors. The funds may be used exclusively for capital construction projects on school property or on other public property in the community, city, or county in which the school is located. [2013 2nd sp.s. c 22 § 9; 2005 c 495 § 1.]

Findings—Intent—2013 2nd sp.s. c 22: See note following RCW 28A.655.061.

28A.655.230 Reading skills—Meeting for grade placement and strategies for student improvement—Exemptions. (1) The definitions in this subsection apply throughout this section and RCW 28A.655.235 unless the context clearly requires otherwise.

(a) "Basic" means a score on the statewide student assessment at a level two in a four-level scoring system.

(b) "Below basic" means a score on the statewide student assessment at a level one in a four-level scoring system.

(c) "Not meet the state standard" means a score on the statewide student assessment at either a level one or a level two in a four-level scoring system.

(2) Beginning in the 2014-15 school year, for any student who receives a score of below basic on the third grade statewide student assessment in English language arts, a meeting must be scheduled before the end of the school year between the student's parent or guardian, teacher, and the principal of the school the student attends or the principal's designee to discuss appropriate grade placement and recommended intensive strategies to improve the student's reading skills. For students to be placed in fourth grade, the strategies discussed must include an intensive improvement strategy provided, supported, or contracted by the school district that includes a summer program or other option identified by the parents, teacher, principal, or principal's designee as appropriately meeting the student's need to prepare for fourth grade. The parents or guardians must be fully informed about the strategies and the parent's or guardian's consent must be obtained regarding the appropriate grade placement and the intensive improvement strategy to be implemented. The school district must implement the strategy selected in consultation with the student's parents or guardians.

(3) If a student does not have a score in English language arts on the third grade statewide student assessment but the

district determines, using district or classroom-based diagnostic assessments or another standardized assessment, that the student's performance is equivalent to below basic in English language arts, the policy in subsection (2) of this section applies.

(4) Students participating in the transitional bilingual instruction program are exempt from the policy in subsection (2) of this section, unless the student has participated in the transitional bilingual instruction program for three school years and receives a score of below basic on the third grade statewide student assessment in English language arts.

(5) Students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts are exempt from subsections (2), (3), and (4) of this section. Communication and consultation with parents or guardians of such students shall occur through the individualized education program process required under chapter 28A.155 RCW and associated administrative rules. [2013 2nd sp.s. c 18 § 105.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.655.235 Reading skills—Intensive reading and literacy improvement strategy—Calculation of tested students at or below basic on third grade student assessment—State menu of best practices. (1)(a) Beginning in the 2015-16 school year, except as otherwise provided in this subsection (1), for any student who received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section.

(b) Reading and literacy improvement strategies for students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts shall be as provided in the individualized education program.

(2)(a) Also beginning in the 2015-16 school year, in any school where more than forty percent of the tested students received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, as calculated under this subsection (2), the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section for all students in grades kindergarten through four at the school.

(b) For the purposes of this subsection (2), the office of the superintendent of public instruction shall exclude the following from the calculation of a school's percentage of tested students receiving a score of basic or below basic on the third grade statewide student assessment:

(i) Students enrolled in the transitional bilingual instruction program unless the student has participated in the transitional bilingual instruction program for three school years;

(ii) Students with disabilities whose individualized education program specifies a different standard to measure

reading performance than is required for the statewide student assessment; and

(iii) Schools with fewer than ten students in third grade.

(3) The office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop a state menu of best practices and strategies for intensive reading and literacy improvement designed to assist struggling students in reaching grade level in reading by the end of fourth grade. The state menu must also include best practices and strategies to improve the reading and literacy of students who are English language learners and for system improvements that schools and school districts can implement to improve reading instruction for all students. The office of the superintendent of public instruction shall publish the state menu by July 1, 2014, and update the state menu by each July 1st thereafter.

(4) School districts may use an alternative practice or strategy that is not on a state menu developed under subsection (3) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction must approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate an increase in improved outcomes for participating students. [2013 2nd sp.s. c 18 § 106.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

28A.657.005 Findings. (1) The legislature finds that an effective educational accountability system is premised on creating and maintaining partnerships between the state and local school district boards of directors. The legislature also recognizes it takes time to make significant changes that are sustainable over the long term in an educational system that serves more than one million students from diverse communities.

(2) The legislature further finds that it is the state’s responsibility to create a coherent and effective accountability framework for the continuous improvement of all schools and school districts. This system must provide an excellent and equitable education for all students, an aligned federal and state accountability system, and the tools necessary for schools and school districts to be accountable. These tools include accounting and data reporting systems, assessment systems to monitor student achievement, and a comprehensive system of differentiated support, targeted assistance, and, if necessary, intervention.

(3) The office of the superintendent of public instruction is responsible for developing and implementing the accountability tools to build district capacity and working within federal and state guidelines. The legislature assigned the state board of education responsibility and oversight for creating an accountability framework. This framework provides a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. Such a system will identify schools and their districts for recognition as well as for additional state support.

(4) For a specific group of persistently lowest-achieving schools and their districts, it is necessary to provide a required action process that creates a partnership between the state and local district to target funds and assistance to turn around the identified schools. The legislature finds that state takeover of persistently lowest-achieving schools is unlikely to produce long-term improvement in student achievement because takeover is an unsustainable approach to school governance and an inadequate response to addressing the underlying barriers to improved outcomes for all students. However, in the rare case of a persistently lowest-achieving school that continues to fail to improve even after required action and supplemental assistance, it is appropriate and necessary to assign the superintendent of public instruction the responsibility to intercede, provide robust technical assistance, and direct the necessary interventions. Even though the superintendent of public instruction continues to work in partnership with the local school board, the superintendent of public instruction is accountable for assuring that adequate steps are taken to improve student achievement in these schools.

(5) Phase I of this accountability system will recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the Washington achievement index adopted by the state board of education. The state board of education shall have ongoing collaboration with the educational opportunity gap oversight and accountability committee regarding the measures used to

measure the closing of the achievement gaps and recognition provided to the school districts for closing the achievement gaps. Phase I will also target the lowest five percent of persistently lowest-achieving schools defined under federal guidelines to provide federal funds and federal intervention models through a voluntary option in 2010, and for those who do not volunteer and have not improved student achievement, a required action process beginning in 2011.

(6) Phase II of this accountability system will work toward implementing the Washington achievement index for identification of challenged schools in need of improvement, including those that are not Title I schools, and the use of state and local intervention models and federal and state funds through a comprehensive system of differentiated support, targeted assistance, and intervention beginning in the 2014-15 school year. If federal approval of the Washington achievement index is not obtained, the federal guidelines for identifying schools will continue to be used. If it ever becomes necessary, a process is established to assign responsibility to the superintendent of public instruction to intervene in persistently lowest-achieving schools that have failed to improve despite required action.

(7) The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century. [2013 c 159 § 1; 2010 c 235 § 101.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "All students group" means those students in grades three through eight and high school who take the state's assessment in reading or English language arts and mathematics required under 20 U.S.C. Sec. 6311(b)(3).

(2) "Title I" means Title I, part A of the federal elementary and secondary education act of 1965 (ESEA) (20 U.S.C. Secs. 6311-6322).

(3) "Turnaround principles" include but are not limited to the following:

- (a) Providing strong leadership;
- (b) Ensuring teachers are effective and able to improve instruction;
- (c) Increasing learning time;
- (d) Strengthening the school's instructional program;
- (e) Using data to inform instruction;
- (f) Establishing a safe and supportive school environment; and
- (g) Engaging families and communities. [2013 c 159 § 2; 2010 c 235 § 112.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.020 Persistently lowest-achieving schools—Challenged schools—Identification—Criteria—Washington achievement index. (1) Beginning in 2010, and each year thereafter through December 1, 2012, the superintendent of public instruction shall annually identify schools as one of the state's persistently lowest-achieving schools if the school is a Title I school, or a school that is eligible for but does not

receive Title I funds, that is among the lowest-achieving five percent of Title I or Title I eligible schools in the state.

(2) The criteria for determining whether a school is among the persistently lowest-achieving five percent of Title I schools, or Title I eligible schools, under subsection (1) of this section shall be established by the superintendent of public instruction. The criteria must meet all applicable requirements for the receipt of a federal school improvement grant under the American recovery and reinvestment act of 2009 and Title I of the elementary and secondary education act of 1965, and take into account both:

(a) The academic achievement of the "all students" group in a school in terms of proficiency on the state's assessment, and any alternative assessments, in reading and mathematics combined; and

(b) The school's lack of progress on the mathematics and reading assessments over a number of years in the "all students" group.

(3)(a) Beginning December 1, 2013, and each December thereafter, the superintendent of public instruction shall annually identify challenged schools in need of improvement and a subset of such schools that are the persistently lowest-achieving schools in the state.

(b) The criteria for determining whether a school is a challenged school in need of improvement shall be adopted by the superintendent of public instruction in rule. The criteria must meet all applicable federal requirements under Title I of the elementary and secondary education act of 1965 and other federal rules or guidance, including applicable requirements for the receipt of federal school improvement funds if available, but shall apply equally to Title I, Title I-eligible, and non-Title I schools in the state. The criteria must take into account the academic achievement of the "all students" group and subgroups of students in a school in terms of proficiency on the state assessments in reading or English language arts and mathematics and a high school's graduation rate for all students and subgroups of students. The superintendent may establish tiered categories of challenged schools based on the relative performance of all students, subgroups of students, and other factors.

(c) The superintendent of public instruction shall also adopt criteria in rule for determining whether a challenged school in need of improvement is also a persistently lowest-achieving school for purposes of the required action district process under this chapter, which shall include the school's lack of progress for all students and subgroups of students over a number of years. The criteria for identifying persistently lowest-achieving schools shall also take into account the level of state or federal resources available to implement a required action plan.

(d) If the Washington achievement index is approved by the United States department of education for use in identifying schools for federal purposes, the superintendent of public instruction shall use the approved index to identify schools under (b) and (c) of this subsection. [2013 c 159 § 3; 2010 c 235 § 102.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.030 Required action districts—Recommendation for designation—Reconsideration—Designation—Notice. (1) Beginning in January 2011, the superintendent of

public instruction shall annually recommend to the state board of education school districts for designation as required action districts. A district with at least one school identified as a persistently lowest-achieving school according to the criteria established by the superintendent of public instruction under RCW 28A.657.020 shall be designated as a required action district. However, a school district shall not be recommended for designation as a required action district if the district was awarded a federal school improvement grant by the superintendent in 2010 or 2011 and for three consecutive years following receipt of the grant implemented a federal school intervention model at each school identified for improvement. The state board of education may designate a district that received a school improvement grant in 2010 or 2011 as a required action district if after three years of voluntarily implementing a plan the district continues to have a school identified as persistently lowest-achieving and meets the criteria for designation established by the superintendent of public instruction.

(2) The superintendent of public instruction shall provide a school district superintendent with written notice of the recommendation for designation as a required action district by certified mail or personal service. A school district superintendent may request reconsideration of the superintendent of public instruction's recommendation. The reconsideration shall be limited to a determination of whether the school district met the criteria for being recommended as a required action district. A request for reconsideration must be in writing and served on the superintendent of public instruction within ten days of service of the notice of the superintendent's recommendation.

(3) The state board of education shall annually designate those districts recommended by the superintendent in subsection (1) of this section as required action districts. A district designated as a required action district shall be required to notify all parents of students attending a school identified as a persistently lowest-achieving school in the district of the state board of education's designation of the district as a required action district and the process for complying with the requirements set forth in RCW 28A.657.040 through 28A.657.100. [2013 c 159 § 4; 2010 c 235 § 103.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.050 Required action plans—Development—Publication of guidelines, research, and models—Submission—Contents—Effect on existing collective bargaining agreements. (Effective until June 30, 2019.) (1)(a) The local district superintendent and local school board of a school district designated as a required action district must submit a required action plan to the state board of education for approval. Unless otherwise required by subsection (3) of this section, the plan must be submitted under a schedule as required by the state board. (b) The superintendent of public instruction shall provide a district with assistance in developing its plan if requested, and shall develop and publish guidelines for the development of required action plans. The superintendent of

public instruction, in consultation with the state board of education, shall also publish a list of research and evidence-based school improvement models, consistent with turnaround principles, that are approved for use in required action plans.

(c) The school board must conduct a public hearing to allow for comment on a proposed required action plan. The local school district shall submit the plan first to the office of the superintendent of public instruction to review and approve that the plan is consistent with federal and state guidelines, as applicable. After the office of the superintendent of public instruction has approved that the plan is consistent with federal and state guidelines, the local school district must submit its required action plan to the state board of education for approval.

(2) A required action plan must include all of the following:

(a) Implementation of an approved school improvement model required for the receipt of federal or state funds for school improvement for those persistently lowest-achieving schools that the district will be focusing on for required action. The approved school improvement model selected must address the concerns raised in the academic performance audit and be intended to improve student performance to allow a school district to be removed from the list of districts designated as a required action district by the state board of education within three years of implementation of the plan. The required action plan for districts with multiple persistently lowest-achieving schools must include separate plans for each school as well as a plan for how the school district will support the schools collectively;

(b) Submission of an application for federal or state funds for school improvement to the superintendent of public instruction;

(c) A budget that provides for adequate resources to implement the model selected and any other requirements of the plan;

(d) A description of the changes in the district's or school's existing policies, structures, agreements, processes, and practices that are intended to attain significant achievement gains for all students enrolled in the school and how the district intends to address the findings of the academic performance audit; and

(e) Identification of the measures that the school district will use in assessing student achievement at a school identified as a persistently lowest-achieving school, which include closing the educational opportunity gap, improving mathematics and reading or English language arts student achievement, and improving graduation rates as defined by the office of the superintendent of public instruction that enable the school to no longer be identified as a persistently lowest-achieving school.

(3)(a) For any district designated for required action, the parties to any collective bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after June 10, 2010, must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement a required action plan. For any district applying to participate in a collaborative schools for innovation and success pilot project under RCW 28A.630.104, the parties to any collec-

tive bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after June 7, 2012, must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement an innovation and success plan.

(b) If the school district and the employee organizations are unable to agree on the terms of an addendum or modification to an existing collective bargaining agreement, the parties, including all labor organizations affected under the required action plan, shall request the public employment relations commission to, and the commission shall, appoint an employee of the commission to act as a mediator to assist in the resolution of a dispute between the school district and the employee organizations. Beginning in 2011, and each year thereafter, mediation shall commence no later than April 15th. All mediations held under this section shall include the employer and representatives of all affected bargaining units.

(c) If the executive director of the public employment relations commission, upon the recommendation of the assigned mediator, finds that the employer and any affected bargaining unit are unable to reach agreement following a reasonable period of negotiations and mediation, but by no later than May 15th of the year in which mediation occurred, the executive director shall certify any disputed issues for a decision by the superior court in the county where the school district is located. The issues for determination by the superior court must be limited to the issues certified by the executive director.

(d) The process for filing with the court in this subsection (3)(d) must be used in the case where the executive director certifies issues for a decision by the superior court.

(i) The school district shall file a petition with the superior court, by no later than May 20th of the same year in which the issues were certified, setting forth the following:

(A) The name, address, and telephone number of the school district and its principal representative;

(B) The name, address, and telephone number of the employee organizations and their principal representatives;

(C) A description of the bargaining units involved;

(D) A copy of the unresolved issues certified by the executive director for a final and binding decision by the court; and

(E) The academic performance audit that the office of the superintendent of public instruction completed for the school district in the case of a required action district, or the comprehensive needs assessment in the case of a collaborative schools for innovation and success pilot project.

(ii) Within seven days after the filing of the petition, each party shall file with the court the proposal it is asking the court to order be implemented in a required action plan or innovation and success plan for the district for each issue certified by the executive director. Contemporaneously with the filing of the proposal, a party must file a brief with the court setting forth the reasons why the court should order implementation of its proposal in the final plan.

(iii) Following receipt of the proposals and briefs of the parties, the court must schedule a date and time for a hearing on the petition. The hearing must be limited to argument of the parties or their counsel regarding the proposals submitted for the court's consideration. The parties may waive a hearing by written agreement.

(iv) The court must enter an order selecting the proposal for inclusion in a required action plan that best responds to the issues raised in the school district's academic performance audit, and allows for the award of federal or state funds for school improvement to the district from the office of the superintendent of public instruction to implement an approved school improvement model. In the case of an innovation and success plan, the court must enter an order selecting the proposal for inclusion in the plan that best responds to the issues raised in the school's comprehensive needs assessment. The court's decision must be issued no later than June 15th of the year in which the petition is filed and is final and binding on the parties; however the court's decision is subject to appeal only in the case where it does not allow the school district to implement a required action plan consistent with the requirements for the award of federal or state funds for school improvement by the superintendent of public instruction.

(e) Each party shall bear its own costs and attorneys' fees incurred under this statute.

(f) Any party that proceeds with the process in this section after knowledge that any provision of this section has not been complied with and who fails to state its objection in writing is deemed to have waived its right to object.

(4) All contracts entered into between a school district and an employee must be consistent with this section and allow school districts designated as required action districts to implement an approved school improvement model in a required action plan. [2013 c 159 § 5; 2012 c 53 § 10; 2010 c 235 § 105.]

Expiration date—2013 c 159 § 5: "Section 5 of this act expires June 30, 2019." [2013 c 159 § 15.]

Findings—Intent—Expiration date—2012 c 53: See RCW 28A.630.101 and 28A.630.109.

Effective date—2013 c 159 § 6: "Section 6 of this act takes effect June 30, 2019." [2013 c 159 § 16.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.060 Required action plans—Approval or nonapproval by state board of education—Resubmission or reconsideration—Implementation. A required action plan developed by a district's school board and superintendent must be submitted to the state board of education for approval. The state board must accept for inclusion in any required action plan the final decision by the superior court on any issue certified by the executive director of the public employment relations commission under the process in RCW 28A.657.050. The state board of education shall approve a plan proposed by a school district only if the plan meets the requirements in RCW 28A.657.050 and provides sufficient remedies to address the findings in the academic performance audit to improve student achievement. Any addendum or modification to an existing collective bargaining agreement, negotiated under RCW 28A.657.050 or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under RCW 28A.657.080. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (1) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (2) submit a request to the required action plan review panel established under RCW 28A.657.070 for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal or state funds for school improvement are not available, the plan is not required to be implemented until such funding becomes available. If federal or state funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district. [2013 c 159 § 7; 2010 c 235 § 106.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.070 Required action plan review panel—Membership—Duties—Timelines and procedures for deliberations. (1) A required action plan review panel shall be established to offer an objective, external review of a request from a school district for reconsideration of the state board of education's rejection of the district's required action

plan or reconsideration of a level two required action plan developed only by the superintendent of public instruction as provided under RCW 28A.657.105. The review and reconsideration by the panel shall be based on whether the state board of education or the superintendent of public instruction gave appropriate consideration to the unique circumstances and characteristics identified in the academic performance audit or level two needs assessment and review of the local school district.

(2)(a) The panel shall be composed of five individuals with expertise in school improvement, school and school district restructuring, or parent and community involvement in schools. Two of the panel members shall be appointed by the speaker of the house of representatives; two shall be appointed by the president of the senate; and one shall be appointed by the governor.

(b) The speaker of the house of representatives, president of the senate, and governor shall solicit recommendations for possible panel members from the Washington association of school administrators, the Washington state school directors' association, the association of Washington school principals, the educational opportunity gap oversight and accountability committee, and associations representing certificated teachers, classified school employees, and parents.

(c) Members of the panel shall be appointed no later than December 1, 2010, but the superintendent of public instruction shall convene the panel only as needed to consider a school district's request for reconsideration. Appointments shall be for a four-year term, with opportunity for reappointment. Reappointments in the case of a vacancy shall be made expeditiously so that all requests are considered in a timely manner.

(3)(a) In the case of a rejection of a required action plan, the required action plan review panel may reaffirm the decision of the state board of education, recommend that the state board reconsider the rejection, or recommend changes to the required action plan that should be considered by the district and the state board of education to secure approval of the plan. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district and the panel. If the school district must submit a new required action plan to the state board of education, the district must submit the plan within forty days of the board's decision.

(b) In the case of a level two required action plan where the local school district and the superintendent of public instruction have not come to agreement, the required action plan review panel may reaffirm the level two required action plan submitted by the superintendent of public instruction or recommend changes to the plan that should be considered by the state board of education, the superintendent of public instruction, and the local school district. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district, the superintendent of public instruction, and the panel.

(4) The state board of education and superintendent of public instruction must develop timelines and procedures for the deliberations under this section so that school districts can implement a required action plan within the time frame required under RCW 28A.657.060. [2013 c 159 § 8; 2010 c 235 § 107.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.090 Required action plans—Implementation—Technical assistance and funds—Progress report.

A school district must implement a required action plan upon approval by the state board of education. The office of the superintendent of public instruction must provide the required action district with technical assistance and federal or state funds for school improvement, if available, to implement an approved plan. The district must submit a report to the superintendent of public instruction that provides the progress the district is making in meeting the student achievement goals based on the state's assessments, identifying strategies and assets used to solve audit findings, and establishing evidence of meeting plan implementation benchmarks as set forth in the required action plan. [2013 c 159 § 9; 2010 c 235 § 109.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.100 Required action districts—Progress reports—Release from designation—Assignment to level two of the required action process.

(1) The superintendent of public instruction must provide a report twice per year to the state board of education regarding the progress made by all school districts designated as required action districts.

(2) The superintendent of public instruction must recommend to the state board of education that a school district be released from the designation as a required action district after the district implements a required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction using the criteria adopted under RCW 28A.657.020 including progress in closing the educational opportunity gap; and no longer has a school within the district identified as persistently lowest-achieving. The state board shall release a school district from the designation as a required action district upon confirmation that the district has met the requirements for a release.

(3) If the state board of education determines that the required action district has not met the requirements for release after at least three years of implementing a required action plan, the board may recommend that the district remain in required action and submit a new or revised plan under the process in RCW 28A.657.050, or the board may direct that the school district be assigned to level two of the required action process as provided in RCW 28A.657.105. If the required action district received a federal school improvement grant for the same persistently lowest-achieving school in 2010 or 2011, the board may direct that the school district be assigned to level two of the required action process after one year of implementing a required action plan under this chapter if the district is not making progress. Before making a determination of whether to recommend that a school district that is not making progress remain in required action or be assigned to level two of the required action process, the state board of education must submit its findings to the education accountability system oversight committee under RCW 28A.657.130 and provide an opportunity for the oversight committee to review and comment. [2013 c 159 § 10; 2010 c 235 § 110.]

Finding—2010 c 235: See note following RCW 28A.405.245.

28A.657.105 Required action process—Level two schools and plans. (1) School districts assigned by the state board of education to level two of the required action process under this chapter are those with one or more schools that have remained as persistently lowest-achieving for more than three years and have not demonstrated recent and significant improvement or progress toward exiting persistently lowest-achieving status, despite implementation of a required action plan.

(2) Within ninety days following assignment of a school district to level two of the required action process, the superintendent of public instruction shall direct that a needs assessment and review be conducted to determine the reasons why the previous required action plan did not succeed in improving student achievement.

(3)(a) Based on the results of the needs assessment and review, the superintendent of public instruction shall work collaboratively with the school district board of directors to develop a revised required action plan for level two.

(b) The level two required action plan must explicitly address the reasons why the previous plan did not succeed and must specify the interventions that the school district must implement, which may include assignment or reassignment of personnel, reallocation of resources, use of specified curriculum or instructional strategies, use of a specified school improvement model, or any other conditions determined by the superintendent of public instruction to be necessary for the level two required action plan to succeed, which conditions shall be binding on the school district. The level two required action plan shall also include the specific technical assistance and support to be provided by the office of the superintendent of public instruction, which may include assignment of school improvement specialists to have a regular on-site presence in the school and technical assistance provided through the educational service district. Individuals assigned as on-site school improvement specialists must have demonstrated experience in school turnaround and cultural competence.

(c) The level two required action plan must be submitted to the state board of education for approval.

(4) If the superintendent of public instruction and the school district board of directors are unable to come to an agreement on a level two required action plan within ninety days of the completion of the needs assessment and review conducted under subsection (2) of this section, the superintendent of public instruction shall complete and submit a level two required action plan directly to the state board of education for approval. The school district board of directors may submit a request to the required action plan review panel established under RCW 28A.657.070 for reconsideration of the superintendent's level two required action plan within ten days of the submission of the plan to the state board of education. After the state board of education considers the recommendations of the required action plan review panel, the decision of the board regarding the level two required action plan is final and not subject to further reconsideration.

(5) If changes to a collective bargaining agreement are necessary to implement a level two required action plan, the parties must reopen the agreement, or negotiate an addendum, using the process outlined under RCW 28A.657.050. If the level two required action plan is developed by the super-

intendent of public instruction under subsection (4) of this section, a designee of the superintendent shall participate in the discussions among the parties to the collective bargaining agreement.

(6) While a school district is assigned to level two of the required action process under this chapter, the superintendent of public instruction is responsible and accountable for assuring that the level two required action plan is implemented with fidelity. The superintendent of public instruction shall defer to the school district board of directors as the governing authority of the school district and continue to work in partnership with the school district to implement the level two required action plan. However, if the superintendent of public instruction finds that the level two required action plan is not being implemented as specified, including the implementation of any binding conditions within the plan, the superintendent may direct actions that must be taken by school district personnel to implement the level two required action plan or the binding conditions. If necessary, the superintendent of public instruction may exercise authority under RCW 28A.505.120 regarding allocation of funds.

(7) The superintendent of public instruction shall include in the budget estimates and information submitted to the governor under RCW 28A.300.170 a request for sufficient funds to support implementation of the level two required action plans established under this section.

(8) The superintendent of public instruction must recommend to the state board of education that a school district be released from assignment to level two of the required action process after the district implements the level two required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction using the criteria established under RCW 28A.657.020; and no longer has a school within the district identified as persistently lowest-achieving. The state board of education shall release a school district from the level two assignment upon confirmation that the school district has met the requirements for a release. [2013 c 159 § 11.]

28A.657.110 Accountability framework for system of support for challenged schools—Washington achievement index—Recognition of schools for exemplary performance—Use of state system to replace federal accountability system. (1) By November 1, 2013, the state board of education shall propose rules for adoption establishing an accountability framework that creates a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. The board must seek input from the public and interested groups in developing the framework. Based on the framework, the superintendent of public instruction shall design a comprehensive system of specific strategies for recognition, provision of differentiated support and targeted assistance, and, if necessary, requiring intervention in schools and school districts. The superintendent shall submit the system design to the state board of education for review. The state board of education shall recommend approval or modification of the system design to the superintendent no later than January 1, 2014, and the system must be implemented statewide no later than the 2014-15 school year. To the extent state funds are appropriated for

this purpose, the system must apply equally to Title I, Title I-eligible, and non-Title I schools in the state.

(2) The state board of education shall develop a Washington achievement index to identify schools and school districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and school districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and school districts to self-assess their progress, and enable the identification of schools with exemplary performance and those that need assistance to overcome challenges in order to achieve exemplary performance.

(3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the Washington achievement index. The state board of education shall have ongoing collaboration with the educational opportunity gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the Washington achievement index and the state system of differentiated support, assistance, and intervention to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(5) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in RCW 28A.290.020 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and school districts but also as a tool for schools and school districts to report to the state legislature and the state board of education on how the state resources received are being used. STATE-TRIBAL EDUCATION
COMPACTS AUTHORITY**

28A.715.040 Student enrollment reporting—Funding apportionment and allocations—Retention of moneys in accounts.

28A.715.005 Findings—Intent—Purpose. (1) The legislature finds that:

(a) American Indian and Alaska Native students make up 2.5 percent of the total student population in the state and twenty-five percent or more of the student population in fifty-seven schools across the state.

(b) American Indian students in Washington have the highest annual drop-out rate at 9.5 percent, compared to 4.6 percent of all students in each of grades nine through twelve. Of the students expected to graduate in 2010 because they entered the ninth grade in 2006, the American Indian on-time graduation rate was only fifty-eight percent, compared to 76.5 percent of all students.

(c) The teaching of American Indian language, culture, and history are [is] important to American Indian people and critical to the educational attainment and achievement of American Indian children.

(d) The state-tribal education compacts authorized under this chapter reaffirm the state’s important commitment to government-to-government relationships with the tribes that has been recognized by proclamation, and in the centennial accord and the millennium agreement. These state-tribal education compacts build upon the efforts highlighted by the office of the superintendent of public instruction in its 2012 Centennial Accord Agency Highlights, including: The Since Time Immemorial (STI): Tribal Sovereignty in Washington State Curriculum Project that imbeds the history surrounding sovereignty and intergovernmental responsibilities into this state’s classrooms; the agency’s regular meetings with the superintendents of the seven current tribal schools, as well as the federal bureau of Indian education representatives at the regional and national level on issues relating to student academic achievement, accessing of funding for tribal schools, and connecting tribal schools to the K-20 network; and the recent establishment, in statute, of the office of native education within the office of the superintendent of public instruction.

(e) School funding should honor tribal sovereignty and reflect the government-to-government relationship between the state and the tribes, however the current structure that requires negotiation of an interlocal agreement between a school district and a tribal school ignores tribal sovereignty and results in a siphoning of funds for administration that could be better used for teaching and learning.

(2) The legislature further finds that:

(a) There is a preparation gap among entering kindergartners with many children, especially those from low-income homes, arriving at kindergarten without the knowledge, skills, and good health necessary to succeed in school;

(b) Upon entry into the K-12 school system, the educational opportunity gap becomes more evident, with children of color and from low-income homes having lower scores on math, reading, and writing standardized tests, as well as lower graduation rates and higher rates of dropping out of school; and

(c) Comprehensive, culturally competent early learning and greater collaboration between the early learning and K-12 school systems will ensure appropriate connections and smoother transitions for children, and help eliminate or bridge gaps that might otherwise develop.

(3) In light of these findings, it is the intent and purpose of the legislature to authorize the superintendent of public instruction to enter into state-tribal education compacts. [2013 c 242 § 1.]

28A.715.010 Authority to enter into compacts—Process—Rules. (1) The superintendent of public instruction is authorized to enter into state-tribal education compacts.

(2) No later than six months after July 28, 2013, the superintendent of public instruction shall establish an application and approval process, procedures, and timelines for the negotiation, approval or disapproval, and execution of state-tribal education compacts.

(3) The process may be initiated by submission, to the superintendent of public instruction, of a resolution by:

(a) The governing body of a tribe in the state of Washington; or

(b) The governing body of any of the schools in Washington that are currently funded by the federal bureau of Indian affairs, whether directly or through a contract or compact with an Indian tribe or a tribal consortium.

(4) The resolution must be accompanied by an application that indicates the grade or grades from kindergarten through twelve that will be offered and that demonstrates that the school will be operated in compliance with all applicable laws, the rules adopted thereunder, and the terms and conditions set forth in the application.

(5) Within ninety days of receipt of a resolution and application under this section, the superintendent must convene a government-to-government meeting for the purpose of considering the resolution and application and initiating negotiations.

(6) State-tribal education compacts must include provisions regarding:

(a) Compliance;

(b) Notices of violation;

(c) Dispute resolution, which may include nonjudicial processes such as mediation;

(d) Recordkeeping and auditing;

(e) The delineation of the respective roles and responsibilities;

(f) The term or length of the contract, and whether or not it is renewable; and

(g) Provisions for compact termination.

(7) The superintendent of public instruction shall adopt such rules as are necessary to implement this chapter. [2013 c 242 § 2.]

28A.715.020 Operation of schools. (1) A school that is the subject of a state-tribal education compact must operate according to the terms of its compact executed in accordance with RCW 28A.715.010.

(2) Schools that are the subjects of state-tribal education compacts are exempt from all state statutes and rules applicable to school districts and school district boards of directors, except those statutes and rules made applicable under this chapter and in the state-tribal education compact executed under RCW 28A.715.010.

(3) Each school that is the subject of a state-tribal education compact must:

(a) Provide a curriculum and conduct an educational program that satisfies the requirements of RCW 28A.150.200 through 28A.150.240 and 28A.230.010 through 28A.230.195;

(b) Employ certificated instructional staff as required in RCW 28A.410.010, however such schools may hire noncertificated instructional staff of unusual competence and in exceptional cases as specified in RCW 28A.150.203(7);

(c) Comply with the employee record check requirements in RCW 28A.400.303 and the mandatory termination and notification provisions of RCW 28A.400.320, 28A.400.330, 28A.405.470, and 28A.405.475;

(d) Comply with nondiscrimination laws;

(e) Adhere to generally accepted accounting principles and be subject to financial examinations and audits as determined by the state auditor, including annual audits for legal and fiscal compliance; and

(f) Be subject to and comply with legislation enacted after July 28, 2013, governing the operation and management of schools that are the subject of a state-tribal education compact.

(4) No such school may engage in any sectarian practices in its educational program, admissions or employment policies, or operations.

(5) Nothing in this chapter may limit or restrict any enrollment or school choice options otherwise available under Title 28A RCW. [2013 c 242 § 3.]

28A.715.030 Tuition—Fees—Admission—Enrollment priorities. (1) A school that is the subject of a state-tribal education compact may not charge tuition except to the same extent as school districts may be permitted to do so with respect to out-of-state and adult students pursuant to chapter 28A.225 RCW, but may charge fees for participation in optional extracurricular events and activities.

(2) Such schools may not limit admission on any basis other than age group, grade level, or capacity and must otherwise enroll all students who apply.

(3) If capacity is insufficient to enroll all students who apply, a school that is the subject of a state-tribal education compact may prioritize the enrollment of tribal members and siblings of already enrolled students. [2013 c 242 § 4.]

28A.715.040 Student enrollment reporting—Funding apportionment and allocations—Retention of moneys in accounts. (1) A school that is the subject of a state-tribal education compact must report student enrollment. Reporting must be done in the same manner and use the same definitions of enrolled students and annual average full-time equivalent enrollment as is required of school districts. The reporting requirements in this subsection are required for a school to receive state or federal funding that is allocated based on student characteristics.

(2) Funding for a school that is the subject of a state-tribal education compact shall be apportioned by the superintendent of public instruction according to the schedule established under RCW 28A.510.250, including general apportionment, special education, categorical, and other nonbasic education moneys. Allocations for certificated instructional staff must be based on the average staff mix ratio of the school, as calculated by the superintendent of public instruc-

tion using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act. Allocations for classified staff and certificated administrative staff must be based on the salary allocations of the school district in which the school is located, subject to conditions and limitations established by the omnibus appropriations act. Nothing in this section requires a school that is the subject of a state-tribal education compact to use the statewide salary allocation schedule. Such a school is eligible to apply for state grants on the same basis as a school district.

(3) Any moneys received by a school that is the subject of a state-tribal education compact from any source that remain in the school's accounts at the end of any budget year must remain in the school's accounts for use by the school during subsequent budget years. [2013 c 242 § 5.]

28B.07.030 Washington higher education facilities authority—Created—Members—Chairperson—Records—Quorum—Compensation and travel expenses.

(1) The Washington higher education facilities authority is hereby established as a public body corporate and politic, with perpetual corporate succession, constituting an agency

of the state of Washington exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010.

(2) The authority shall consist of seven members as follows: The governor, lieutenant governor, chair of the student achievement council or the chair's designee, and four public members, one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office. Any public member of the authority may be removed by the governor for misfeasance, malfeasance, willful neglect of duty, or any other cause after notice and a public hearing, unless such notice and hearing shall be expressly waived in writing.

(3) The governor shall serve as chairperson of the authority. The authority shall elect annually one of its members as secretary. If the governor shall be absent from a meeting of the authority, the secretary shall preside. However, the governor may designate an employee of the governor's office to act on the governor's behalf in all other respects during the absence of the governor at any meeting of the authority. If the designation is in writing and is presented to the person presiding at the meetings of the authority who is included in the designation, the vote of the designee has the same effect as if cast by the governor.

(4) Any person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents, and papers filed with the authority, the minute book or a journal of the authority, and the authority's official seal, if any. The person may cause copies to be made of all minutes and other records and documents of the authority, and may give certificates to the effect that such copies are true copies. All persons dealing with the authority may rely upon the certificates.

(5) Four members of the authority constitute a quorum. Members participating in a meeting through the use of any means of communication by which all members participating can hear each other during the meeting shall be deemed to be present in person at the meeting for all purposes. The authority may act on the basis of a motion except when authorizing the issuance and sale of bonds, in which case the authority shall act by resolution. Bond resolutions and other resolutions shall be adopted upon the affirmative vote of four members of the authority, and shall be signed by those members voting yes. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. All actions taken by the authority

shall take effect immediately without need for publication or other public notice. A vacancy in the membership of the authority does not impair the power of the authority to act under this chapter.

(6) The members of the authority shall be compensated in accordance with RCW 43.03.240 and shall be entitled to reimbursement, solely from the funds of the authority, for travel expenses as determined by the authority incurred in the discharge of their duties under this chapter. (2) This section expires August 1, 2015." [2013 c 218 § 1.]

28B.10.029 Property purchase and disposition—Independent printing production and purchasing authority—Purchase of correctional industries products.

(1)(a) An institution of higher education may, consistent with RCW 28B.10.925 and 28B.10.926, exercise independently those powers otherwise granted to the director of enterprise services in chapter 43.19 RCW in connection with the purchase and disposition of all material, supplies, services, and equipment needed for the support, maintenance, and use of the respective institution of higher education.

(b) Property disposition policies followed by institutions of higher education shall be consistent with policies followed by the department of enterprise services.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection, purchasing policies and procedures followed by institutions of higher education shall be in compliance with chapters 39.19, *39.29, and 43.03 RCW, and RCW 43.19.1917, 43.19.685, 39.26.260 through 39.26.271, and 43.19.560 through 43.19.637.

(ii) Institutions of higher education may use all appropriate means for making and paying for travel arrangements including, but not limited to, electronic booking and reservations, advance payment and deposits for tours, lodging, and other necessary expenses, and other travel transactions based on standard industry practices and federal accountable plan requirements. Such arrangements shall support student, faculty, staff, and other participants' travel, by groups and individuals, both domestic and international, in the most cost-effective and efficient manner possible, regardless of the source of funds.

(iii) Formal sealed, electronic, or web-based competitive bidding is not necessary for purchases or personal services contracts by institutions of higher education for less than one hundred thousand dollars. However, for purchases and personal services contracts of ten thousand dollars or more and less than one hundred thousand dollars, quotations must be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone, electronic, or written quotations, or any combination thereof. As part of securing the three vendor quotations, institutions of higher education must invite at least one quotation each from a certified minority and a certified woman-owned vendor that otherwise qualifies to perform the work. A record of competition for all such purchases and personal services contracts of ten thousand dollars or more and less than one hundred thousand dollars must be documented for audit purposes.

(d) Purchases under chapter *39.29, 43.19, or 43.105 RCW by institutions of higher education may be made by using contracts for materials, supplies, services, or equipment negotiated or entered into by, for, or through group purchasing organizations.

(e) The community and technical colleges shall comply with RCW 43.19.450.

(f) Except for the University of Washington, institutions of higher education shall comply with RCW 43.19.769, 43.19.763, and 43.19.781.

(g) If an institution of higher education can satisfactorily demonstrate to the director of the office of financial management that the cost of compliance is greater than the value of benefits from any of the following statutes, then it shall be exempt from them: RCW 43.19.685 and 43.19.637.

(h) Any institution of higher education that chooses to exercise independent purchasing authority for a commodity or group of commodities shall notify the director of enterprise services. Thereafter the director of enterprise services shall not be required to provide those services for that institution for the duration of the enterprise services contract term for that commodity or group of commodities.

(2) The council of presidents and the state board for community and technical colleges shall convene its correctional industries business development advisory committee, and work collaboratively with correctional industries, to:

(a) Reaffirm purchasing criteria and ensure that quality, service, and timely delivery result in the best value for expenditure of state dollars;

(b) Update the approved list of correctional industries products from which higher education shall purchase; and

(c) Develop recommendations on ways to continue to build correctional industries' business with institutions of higher education.

(3) Higher education and correctional industries shall develop a plan to build higher education business with correctional industries to increase higher education purchases of correctional industries products, based upon the criteria established in subsection (2) of this section. The plan shall include the correctional industries' production and sales goals for higher education and an approved list of products from which higher education institutions shall purchase, based on the criteria established in subsection (2) of this section. Higher education and correctional industries shall report to the legislature regarding the plan and its implementation no later than January 30, 2005.

(4)(a) Institutions of higher education shall set as a target to contract, beginning not later than June 30, 2006, to purchase one percent of the total goods and services required by the institutions each year produced or provided in whole or in part from class II inmate work programs operated by the department of corrections. Institutions of higher education shall set as a target to contract, beginning not later than June 30, 2008, to purchase two percent of the total goods and services required by the institutions each year produced or provided in whole or in part from class II inmate work programs operated by the department of corrections.

(b) Institutions of higher education shall endeavor to assure the department of corrections has notifications of bid opportunities with the goal of meeting or exceeding the purchasing target in (a) of this subsection. ***Reviser's note:** Chapter 39.29 RCW was repealed or recodified in its entirety by 2012 c 224 §§ 28 and 29, effective January 1, 2013. For later enactment, see chapter 39.26 RCW.

Effective date—Purpose—2011 1st sp.s. c 43: See notes following RCW 43.19.003.

Intent—Findings—1998 c 344: "It is the intent of the legislature to provide the necessary access to quality upper division and graduate higher education opportunities for the citizens of Spokane. The legislature intends that the Spokane branch campus of Washington State University, offering upper-division and graduate programs, be located at the Riverpoint Higher Education Park and that Washington State University be the administrative and fiscal agent for the Riverpoint Higher Education Park. In addition, those programs offered by Eastern Washington University that meet the rules and guidelines established by the higher education coordinating board's program approval process may serve students at the Riverpoint Higher Education Park. The legislature intends to streamline the program planning and approval process in Spokane by eliminating the joint center for higher education; thereby treating the Spokane higher education community like other public higher education communities in Washington that receive program approval from the higher education coordinating board. However, the legislature encourages partnerships, collaboration, and avoidance of program duplication through regular communication among the presidents of Spokane's public and private institutions of higher education. The legislature further intends that the residential mission of Eastern Washington University in Cheney be strengthened and that Eastern Washington University focus on the excellence of its primary campus in Cheney.

In addition, the legislature finds that the Spokane intercollegiate research and technology institute is a vital and necessary element in the academic and economic future of eastern Washington. The legislature also finds that it is in the interest of the state of Washington to support and promote applied research and technology in areas of the state that, because of geographic or historic circumstances, have not developed fully balanced economies. It is the intent of the legislature that institutions of higher education and the *department of community, trade, and economic development work cooperatively with the private sector in the development and implementation of a technology transfer and integration program to promote the economic development and enhance the quality of life in eastern Washington." [1998 c 344 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Intent—1993 c 379: "The legislature acknowledges the academic freedom of institutions of higher education, and seeks to improve their efficiency and effectiveness in carrying out their missions. By this act, the legislature intends to increase the flexibility of institutions of higher education to manage personnel, construction, purchasing, printing, and tuition." [1993 c 379 § 1.]

28B.10.053 Postsecondary credit for high school coursework—Master list of qualifying courses and qualifying examination scores—Dissemination of information.

(1) By December 1, 2011, and by June of each odd-numbered year thereafter, the institutions of higher education shall collaboratively develop a master list of postsecondary courses that can be fulfilled by taking the advanced placement, international baccalaureate, or other recognized college-level proficiency examinations, including but not limited to examinations by a national multidisciplinary science, technology, engineering, and mathematics program, and meeting the qualifying examination score or demonstrated competencies for lower division general education requirements or postsecondary professional technical requirements. The master list of postsecondary courses fulfilled by proficiency examinations or demonstrated competencies are those that fulfill lower division general education requirements or career and technical education requirements and qualify for postsecondary credit. From the master list, each institution shall create and publish a list of its courses that can be satisfied by successful proficiency examination scores or demonstrated com-

petencies for lower division general education requirements or postsecondary professional technical requirements. The qualifying examination scores and demonstrated competencies shall be included in the published list. The requirements to develop a master list under this section do not apply if an institution has a clearly published policy of awarding credit for the advanced placement, international baccalaureate, or other recognized college-level placement exams and does not require those credits to meet specific course requirements but generally applies those credits towards degree requirements.

(2) To the maximum extent possible, institutions of higher education shall agree on examination qualifying scores and demonstrated competencies for the credits or courses under subsection (3) of this section, with scores equivalent to qualified or well-qualified. Nothing in this subsection shall prevent an institution of higher education from adopting policies using higher scores for additional purposes.

(3) Each institution of higher education, in designing its certificate, technical degree program, two-year academic transfer program, or first-year student and sophomore courses of a baccalaureate program or baccalaureate degree, must recognize the equivalencies of at least one year of course credit and maximize the application of the credits toward lower division general education requirements that can be earned through successfully demonstrating proficiency on examinations, including but not limited to advanced placement and international baccalaureate examinations. The successful completion of the examination and the award of credit shall be noted on the student's college transcript.

(4) Each institution of higher education must clearly include in its admissions materials and on its web site the credits or the institution's list of postsecondary courses that can be fulfilled by proficiency examinations or demonstrated competencies and the agreed-upon examination scores and demonstrated competencies that qualify for postsecondary credit. Each institution must provide the information to the student achievement council and state board for community and technical colleges in a form that the superintendent of public instruction is able to distribute to school districts. [2013 c 23 § 52; 2012 c 229 § 510; 2011 2nd sp.s. c 3 § 1; 2011 c 77 § 3.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

28B.10.270 Rights of Washington national guard and other military reserve students called to service. (1) A member of the Washington national guard or any other military reserve component who is a student at an institution of higher education and who is ordered for a period exceeding thirty days to either active state service, as defined in RCW 38.04.010, or to federal active military service has the following rights:

(a) With regard to courses in which the person is enrolled, the person may:

(i) Withdraw from one or more courses for which tuition and fees have been paid that are attributable to the courses. The tuition and fees must be credited to the person's account

at the institution. Any refunds are subject to the requirements of the state or federal financial aid programs of origination. In such a case, the student shall not receive credit for the courses and shall not receive a failing grade, an incomplete, or other negative annotation on the student's record, and the student's grade point average shall not be altered or affected in any manner because of action under this item;

(ii) Be given a grade of incomplete and be allowed to complete the course upon release from active duty under the institution's standard practice for completion of incompletes; or

(iii) Continue and complete the course for full credit. Class sessions the student misses due to performance of state or federal active military service must be counted as excused absences and must not be used in any way to adversely impact the student's grade or standing in the class. Any student who selects this option is not, however, automatically excused from completing assignments due during the period the student is performing state or federal active military service. A letter grade or a grade of pass must only be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade;

(b) To receive a refund of amounts paid for room, board, and fees attributable to the time period during which the student was serving in state or federal active military service and did not use the facilities or services for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs of origination; and

(c) If the student chooses to withdraw, the student has the right to be readmitted and enrolled as a student at the institution, without penalty or redetermination of admission eligibility, within one year following release from the state or federal active military service.

(2)(a) A member of the Washington national guard or any other military reserve or guard component who is a student at an institution of higher education and who is ordered for a period of thirty days or less to either active or inactive state or federal service and as a result of that service or follow-up medical treatment for injury incurred during that service misses any class, test, examination, laboratory, or class day on which a written or oral assignment is due, or other event upon which a course grade or evaluation is based, is entitled to make up the class, test, examination, laboratory, presentation, or event without prejudice to the final course grade or evaluation. The makeup must be scheduled after the member's return from service and after a reasonable time for the student to prepare for the test, examination, laboratory, presentation, or event.

(b) Class sessions a student misses due to performance of state or federal active or inactive military service must be counted as excused absences and may not be used in any way to adversely impact the student's grade or standing in class.

(c) If the faculty member teaching the course determines that the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade without making up the class, test, examination, presentation, or other event, the grade may be awarded without the makeup, but the missed class, test,

examination, laboratory, class day, presentation, or other event must not be used in any way to adversely impact the student's grade or standing in the class.

(3) The protections in this section may be invoked as follows:

(a) The person, or an appropriate officer from the military organization in which the person will be serving, must give written notice that the person is being, or has been, ordered to qualifying service; and

(b) Upon written request from the institution, the person shall provide written verification of service.

(4) This section provides minimum protections for students. Nothing in this section prevents institutions of higher education from providing additional options or protections to students who are ordered to state or federal active military service. [2013 c 271 § 1; 2004 c 161 § 1.]

Effective date—2004 c 161: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 26, 2004]." [2004 c 161 § 7.]

28B.10.925 Transfer of ownership of institution-owned vessel—Review of vessel's physical condition. (1) Prior to transferring ownership of an institution-owned vessel, an institution of higher education shall conduct a thorough review of the physical condition of the vessel, the vessel's operating capability, and any containers and other materials that are not fixed to the vessel.

(2) If the institution of higher education determines that the vessel is in a state of advanced deterioration or poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination, the institution of higher education may: (a) Not transfer the vessel until the conditions identified under this subsection have been corrected; or (b) permanently dispose of the vessel by landfill, deconstruction, or other related method. [2013 c 291 § 25.]

28B.10.926 Transfer of ownership of institution-owned vessel—Further requirements. (1) Following the inspection required under RCW 28B.10.925 and prior to transferring ownership of an institution-owned vessel, the institution of higher education shall obtain the following from the transferee:

(a) The purposes for which the transferee intends to use the vessel; and

(b) Information demonstrating the prospective owner's intent to obtain legal moorage following the transfer, in the manner determined by the institution of higher education.

(2)(a) The institution of higher education shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the institution of higher education may transfer a vessel with:

(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the institution of higher education's satisfaction that the container's or material's presence is consistent with the anticipated use of the vessel; and

(ii) A reasonable amount of fuel as determined by the institution of higher education, based on factors including the

vessel's size, condition, and anticipated use of the vessel including initial destination following transfer.

(c) The institution of higher education may consult with the department of ecology in carrying out the requirements of this subsection.

(3) Prior to sale, and unless the vessel has a title or valid marine document, the institution of higher education is required to apply for a certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550. [2013 c 291 § 26.]

28B.15.067 Tuition fees—Established. (1) Tuition fees shall be established under the provisions of this chapter.

(2) Beginning in the 2011-12 academic year, reductions or increases in full-time tuition fees shall be as provided in the omnibus appropriations act for resident undergraduate students at community and technical colleges. The governing boards of the state universities, regional universities, and The Evergreen State College; and the state board for community and technical colleges may reduce or increase full-time tuition fees for all students other than resident undergraduates, including nonresident students, summer school students, and students in other self-supporting degree programs. Percentage increases in full-time tuition may exceed the fiscal growth factor. Except during the 2013-2015 fiscal biennium, the state board for community and technical colleges may pilot or institute differential tuition models. The board may define scale, scope, and rationale for the models.

(3)(a) Beginning with the 2011-12 academic year and through the end of the 2014-15 academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College may reduce or increase full-time tuition fees for all students, including summer school students and students in other self-supporting degree programs. Percentage increases in full-time tuition fees may exceed the fiscal growth factor. Reductions or increases may be made for all or portions of an institution's programs, campuses, courses, or students; however, during the 2013-2015 fiscal biennium, reductions or increases in tuition must be uniform among resident undergraduate students.

(b) Prior to reducing or increasing tuition for each academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College shall

consult with existing student associations or organizations with student undergraduate and graduate representatives regarding the impacts of potential tuition increases. Each governing board shall make public its proposal for tuition and fee increases twenty-one days before the governing board of the institution considers adoption and allow opportunity for public comment. However, the requirement to make public a proposal for tuition and fee increases twenty-one days before the governing board considers adoption shall not apply if the omnibus appropriations act has not passed the legislature by May 15th. Governing boards shall be required to provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(c) Prior to reducing or increasing tuition for each academic year, the state board for community and technical college system shall consult with existing student associations or organizations with undergraduate student representation regarding the impacts of potential tuition increases. The state board for community and technical colleges shall provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(4) Beginning with the 2015-16 academic year through the 2018-19 academic year, the governing boards of the state universities, regional universities, and The Evergreen State College may set tuition for resident undergraduates as follows:

(a) If state funding for a college or university falls below the state funding provided in the operating budget for fiscal year 2011, the governing board may increase tuition up to the limits set in (d) of this subsection, reduce enrollments, or both;

(b) If state funding for a college or university is at least at the level of state funding provided in the operating budget for fiscal year 2011, the governing board may increase tuition up to the limits set in (d) of this subsection and shall continue to at least maintain the actual enrollment levels for fiscal year 2011 or increase enrollments as required in the omnibus appropriations act;

(c) If state funding is increased so that combined with resident undergraduate tuition the sixtieth percentile of the total per-student funding at similar public institutions of higher education in the global challenge states under RCW 28B.15.068 is exceeded, the governing board shall decrease tuition by the amount needed for the total per-student funding to be at the sixtieth percentile under RCW 28B.15.068; and

(d) The amount of tuition set by the governing board for an institution under this subsection (4) may not exceed the sixtieth percentile of the resident undergraduate tuition of similar public institutions of higher education in the global challenge states.

(5) The tuition fees established under this chapter shall not apply to high school students enrolling in participating institutions of higher education under RCW 28A.600.300 through 28A.600.400.

(6) The tuition fees established under this chapter shall not apply to eligible students enrolling in a dropout reengagement program through an interlocal agreement between a school district and a community or technical college under RCW 28A.175.100 through 28A.175.110.

(7) The tuition fees established under this chapter shall not apply to eligible students enrolling in a community or technical college participating in the pilot program under RCW 28B.50.534 for the purpose of obtaining a high school diploma.

(8) Beginning in the 2019-20 academic year, reductions or increases in full-time tuition fees for resident undergraduates at four-year institutions of higher education shall be as provided in the omnibus appropriations act.

(9) The legislative advisory committee to the committee on advanced tuition payment established in RCW 28B.95.170 shall:

(a) Review the impact of differential tuition rates on the funded status and future unit price of the Washington advanced college tuition payment program; and

(b) No later than January 14, 2013, make a recommendation to the appropriate policy and fiscal committees of the legislature regarding how differential tuition should be addressed in order to maintain the ongoing solvency of the Washington advanced college tuition payment program. 28B.15.069 Building fees—Services and activities fees—Other fees. (1) The building fee for each academic year shall be a percentage of total tuition fees. This percentage shall be calculated by the office of financial management and be based on the actual percentage the building fee is of total tuition for each tuition category in the 1994-95 academic year, rounded up to the nearest half percent.

(2) The governing boards of each institution of higher education, except for the technical colleges, shall charge to and collect from each student a services and activities fee. A governing board may increase the existing fee annually, consistent with budgeting procedures set forth in RCW 28B.15.045, by a percentage not to exceed the annual percentage increase in student tuition fees for resident undergraduate students: PROVIDED, That such percentage increase shall not apply to that portion of the services and activities fee previously committed to the repayment of bonded debt. These rate adjustments may exceed the fiscal growth factor. For the 2013-2015 fiscal biennium, each governing board is authorized to increase the services and activi-

ties fees by amounts judged reasonable and necessary by the services and activities fee committee and the governing board consistent with the budgeting procedures set forth in RCW 28B.15.045. The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

(3) Tuition and services and activities fees consistent with subsection (2) of this section shall be set by the state board for community and technical colleges for community college summer school students unless the community college charges fees in accordance with RCW 28B.15.515.

(4) Subject to the limitations of RCW 28B.15.910, each governing board of a community college may charge such fees for ungraded courses, noncredit courses, community services courses, and self-supporting courses as it, in its discretion, may determine, consistent with the rules of the state board for community and technical colleges.

(5) The governing board of a college offering an applied baccalaureate degree program under RCW 28B.50.810 may charge tuition fees for those courses above the associate degree level at rates consistent with rules adopted by the state board for community and technical colleges, not to exceed tuition fee rates at the regional universities. 28B.15.102 Institutional tuition increases—Financial aid offset—Reports—Resident first-year undergraduate enrollment at the University of Washington, Seattle campus. (1) Beginning with the 2011-12 academic year, any four-year institution of higher education that increases tuition beyond levels assumed in the omnibus appropriations act is subject to the financial aid requirements included in this section and shall remain subject to these requirements through the 2018-19 academic year.

(2) Beginning July 1, 2011, each four-year institution of higher education that raises tuition beyond levels assumed in the omnibus appropriations act shall, in a manner consistent with the goal of enhancing the quality of and access to their institutions, provide financial aid to offset full-time tuition fees for resident undergraduate students as follows:

(a) Subtract from the full-time tuition fees an amount that is equal to the maximum amount of a state need grant award that would be given to an eligible student with a family income at or below fifty percent of the state's median family income as determined by the student achievement council; and

(b) Offset the remainder as follows:

(i) Students with demonstrated need whose family incomes are at or below fifty percent of the state's median family income shall receive financial aid equal to one hundred percent of the remainder if an institution's full-time

tuition fees for resident undergraduate students is five percent or greater of the state's median family income for a family of four as provided by the student achievement council;

(ii) Students with demonstrated need whose family incomes are greater than fifty percent and no more than seventy percent of the state's median family income shall receive financial aid equal to seventy-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is ten percent or greater of the state's median family income for a family of four as provided by the student achievement council;

(iii) Students with demonstrated need whose family incomes exceed seventy percent and are less than one hundred percent of the state's median family income shall receive financial aid equal to fifty percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is fifteen percent or greater of the state's median family income for a family of four as provided by the student achievement council; and

(iv) Students with demonstrated need whose family incomes are at or exceed one hundred percent and are no more than one hundred twenty-five percent of the state's median family income shall receive financial aid equal to twenty-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is twenty percent or greater of the state's median family income for a family of four as provided by the student achievement council.

(3) The financial aid required in subsection (2) of this section shall:

(a) Be reduced by the amount of other financial aid awards, not including the state need grant;

(b) Be prorated based on credit load; and

(c) Only be provided to students up to demonstrated need.

(4) Financial aid sources and methods may be:

(a) Tuition revenue or locally held funds;

(b) Tuition waivers created by a four-year institution of higher education for the specific purpose of serving low and middle-income students; or

(c) Local financial aid programs.

(5) Use of tuition waivers as specified in subsection (4)(b) of this section shall not be included in determining total state tuition waiver authority as defined in RCW 28B.15.910.

(6) By August 15, 2012, and August 15th every year thereafter, four-year institutions of higher education shall report to the governor and relevant committees of the legislature on the effectiveness of the various sources and methods of financial aid in mitigating tuition increases. A key purpose of these reports is to provide information regarding the results of the decision to grant tuition-setting authority to the four-year institutions of higher education and whether tuition setting authority should continue to be granted to the institutions or revert back to the legislature after consideration of the impacts on students, including educational access, affordability, and quality. These reports shall include:

(a) The amount of additional financial aid provided to middle-income and low-income students with demonstrated need in the aggregate and per student;

(b) An itemization of the sources and methods of financial aid provided by the four-year institution of higher education in the aggregate and per student;

(c) An analysis of the combined impact of federal tuition tax credits and financial aid provided by the institution of higher education on the net cost to students and their families resulting from tuition increases;

(d) In cases where tuition increases are greater than those assumed in the omnibus appropriations act at any four-year institution of higher education, the institution must include an explanation in its report of why this increase was necessary and how the institution will mitigate the effects of the increase. The institution must include in this section of its report a plan and specific timelines; and

(e) An analysis of changes in resident student enrollment patterns, participation rates, graduation rates, and debt load, by race and ethnicity, gender, state and county of origin, age, and socioeconomic status, and a plan to mitigate effects of reduced diversity due to tuition increases. This analysis shall include disaggregated data for resident students in the following income brackets:

(i) Up to seventy percent of the median family income;

(ii) Between seventy-one percent and one hundred twenty-five percent of the median family income; and

(iii) Above one hundred twenty-five percent of the median family income.

(7) Beginning in the 2012-13 academic year, the University of Washington shall enroll during each academic year at least the same number of resident first-year undergraduate students at the Seattle campus, as defined in RCW 28B.15.012, as enrolled during the 2009-10 academic year. This requirement shall not apply to nonresident undergraduate and graduate and professional students. [2013 c 23 § 53; 2012 c 229 § 526; 2011 1st sp.s. c 10 § 6.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—Short title—2011 1st sp.s. c 10: See notes following RCW 28B.15.031.

(1) One student advisory committee may be formed at each four-year institution of higher education by that institution's recognized student government organization for the purpose of advising and assisting the administration of that four-year institution of higher education on issues that directly affect students' ability to access and succeed in their educational programs. Issues that the student advisory committee may consider include:

(a) The institution's annual budget;

(b) Tuition and fee levels;

(c) Financial aid policies;

(d) Long-range budget priorities and allocation planning; and

(e) Admission and enrollment policies.

(2) Members of a student advisory committee may be appointed in a manner that is consistent with policies adopted by the recognized student government organizations at each

institution. If there is both an undergraduate and graduate recognized student government organization at one institution, members of the student advisory committee may be appointed in a manner consistent with policies adopted by both organizations.

(3) The administration of each four-year institution of higher education must: (a) Make readily available all non-confidential information, documents, and reports requested by the student advisory committee and that are necessary for the committee to provide informed recommendations; and (b) provide the opportunity to present recommendations to the boards of regents or trustees before final decisions of the administration that relate to the issues described in subsection (1) of this section.

(4) A student advisory committee must: (a) Make reasonable efforts to solicit feedback from students regarding the issues described in subsection (1) of this section and matters that are of general interest and impact students; and (b) take reasonable steps to keep students informed of deliberations and actions of the student advisory committee. [2013 c 218 § 4.]

Within thirty-five days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). During the 2013-2015 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments.
