50.20.070 Disqualification for misrepresentation—Penalties. (1) With respect to determinations delivered or mailed before January 1, 2008, an individual is disqualified for benefits for any week he or she has knowingly made a false statement or representation involving a material fact or knowingly failed to report a material fact and, as a result, has obtained or attempted to obtain any benefits under the provisions of this title, and for an additional twenty-six weeks beginning with the first week for which he or she completes an otherwise compensable claim for waiting period credit or benefits following the date of the delivery or mailing of the determination of disqualification under this section. (2) With respect to determinations delivered or mailed on or after January 1, 2008:

(a) An individual is disqualified for benefits for any week he or she has knowingly made a false statement or representation involving a material fact or knowingly failed to report a material fact and, as a result, has obtained or attempted to obtain any benefits under the provisions of this title;

(b) An individual disqualified for benefits under this subsection for the first time is also:

(i) Disqualified for an additional twenty-six weeks beginning with the Sunday of the week in which the determination is mailed or delivered; and

50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience. When determining whether the recovery would be against equity and good conscience, the department must consider whether the employer or employer's agent failed to respond timely and adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure pursuant to RCW 50.29.021(6). An overpayment waived under this subsection shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for

benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days' notice, using a method by which the mailing can be tracked or the delivery can be confirmed, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed within five days of its filing with the clerk to the person(s) mentioned in the warrant using a method by which the mailing can be tracked or the delivery can be confirmed.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period

in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full.

(7) The department shall: (a) Conduct social security number cross-match audits or engage in other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid; and (b) engage in other detection and recovery of overpayment and collection activities. (b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen or ex-servicewomen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits: PROVIDED, That, for the purposes of (a) and (b) of this subsection, an individual shall be deemed to have received in his or her current benefit year all of the regular benefits that were payable to him or her, or available to him or her, as the case may be, even though:

(i) As a result of a pending appeal with respect to wages or employment, or both, that were not included in the original monetary determination with respect to his or her current benefit year, he or she may subsequently be determined to be entitled to more regular benefits; or

(ii) By reason of the seasonal provisions of another state law, he or she is not entitled to regular benefits with respect to such week of unemployment (although he or she may be entitled to regular benefits with respect to future weeks of unemployment in the next season, as the case may be, in his or her current benefit year), and he or she is otherwise an exhaustee within the meaning of this section with respect to his or her right to regular benefits under such state law seasonal provisions during the season or off season in which that week of unemployment occurs; or

(iii) Having established a benefit year, no regular benefits are payable to him or her during such year because his or her wage credits were canceled or his or her right to regular benefits was totally reduced as the result of the application of a disqualification; or

(c) His or her benefit year having ended prior to such week, he or she has insufficient wages or employment, or both, on the basis of which he or she could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he or she is precluded from receiving regular benefits by reason of the provision in RCW 50.04.030 which meets the requirement of section 3304(a)(7) of the federal unemployment tax act, or the similar provision in any other state law; and

(d)(i) Has no right for such week to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, and such other federal laws as are specified in regulations issued by the United States secretary of labor; and

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (*Effective until January 1, 2014.*) (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (5) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) or (2)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) The forty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1201 and the twenty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1202 shall not be charged to the experience rating account of any contribution paying employer.

(h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed

the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.

(i) Upon approval of an individual's training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.

(j) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, except employers as provided in subsection (6) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, work-site, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW; or

(v) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(5) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits

paid that are based on the originally filed incomplete or inaccurate report or reports.

(6) An employer's experience rating account may not be relieved of charges for a benefit payment and an employer who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer's agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(A) At least three times in the previous two years; or

(B) Twenty percent of the total current claims against the employer.

(ii) If an employer's agent is utilized, a pattern is established based on each individual client employer that the employer's agent represents. [2013 c 189 § 3; 2011 c 4 § 14; 2010 c 25 § 1. 50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective January 1, 2014.) (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described

in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (5) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) or (2)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) The forty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1201 and the twenty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1202 shall not be charged to the experience rating account of any contribution paying employer.

(h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.

(i) Upon approval of an individual's training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.

(j) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, except employers as provided in subsection (6) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, work-site, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(v) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who qualified for two consecutive unemployment claims where wages were attributable to at least one employer who employed the individual in both base years. This subsection does not apply to shared work employers under chapter 50.60 RCW; or

(vi) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(5) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports.

(6) An employer's experience rating account may not be relieved of charges for a benefit payment and an employer

who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer's agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(A) At least three times in the previous two years; or

(B) Twenty percent of the total current claims against the employer.

(ii) If an employer's agent is utilized, a pattern is established based on each individual client employer that the employer's agent represents. Chapter 50.60 RCW SHARED WORK COMPENSATION PLANS—BENEFITS

Sections

50.60.020	Definitions.
50.60.030	Compensation plan—Criteria for approval.
50.60.090	Shared work benefits—Eligibility.
50.60.110	Benefits—Charge to employers' experience rating accounts.

50.60.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Affected employee" means a specified employee, hired on a permanent basis, to which an approved shared work compensation plan applies.

(2) "Employers' association" means an association which is a party to a collective bargaining agreement under which there is a shared work compensation plan.

(3) "Shared work benefits" means the benefits payable to an affected employee under an approved shared work compensation plan as distinguished from the benefits otherwise payable under this title.

(4) "Shared work compensation plan" means a plan of an employer, or of an employers' association, under which there is a reduction in the number of hours worked by employees rather than layoffs.

(5) "Shared work employer" means an employer, who has at least two employees, and at least one employee is covered by a shared work compensation plan.

(6) "Unemployment compensation" means the benefits payable under this title other than shared work benefits and includes any amounts payable pursuant to an agreement under federal law providing for compensation, assistance, or allowances with respect to unemployment.

(7) "Usual weekly hours of work" means the regular number of hours of work before the hours were reduced, not to exceed forty hours and not including overtime. [2013 c 79 § 1. Prior: 2009 c 3 § 7; 1983 c 207 § 2.]

Conflict with federal requirements—2013 c 79: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [2013 c 79 § 5.]

Short title—Effective date—Conflict with federal requirements—2009 c 3: See notes following RCW 50.20.120.

50.60.030 Compensation plan—Criteria for approval. An employer or employers' association wishing to participate in a shared work compensation program shall submit a written and signed shared work compensation plan to the commissioner for approval. The commissioner shall approve a shared work compensation plan only if the following criteria are met:

(1) The plan identifies the affected employees to which it applies;

(2) Each affected employee is identified by name, social security number, and by any other information required by the commissioner;

(3) The usual weekly hours of work for each affected employee are reduced by not less than ten percent and not more than fifty percent;

(4) The employer certifies health benefits will continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain coverage under the same terms and conditions as employees not participating in the shared work compensation plan. However, a change in health benefits applicable to employees who are not participating in the shared work compensation plan may also apply to affected employees;

(5) The employer certifies retirement benefits under a defined benefit plan or contributions under a defined contribution plan will continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain coverage in the retirement plan under the same terms and conditions as employees not participating in the shared work compensation plan. However, a reduction in benefits under a defined benefit plan or a reduction in contributions under a defined contribution plan applicable to

employees who are not participating in the shared work compensation plan may also apply to affected employees;

(6) The employer certifies paid vacation, holidays, and sick leave continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain these benefits under the same terms and conditions as employees not participating in the shared work compensation plan. However, a reduction in these benefits applicable to employees who are not participating in the shared work compensation plan may also apply to affected employees;

(7) The plan certifies that the aggregate reduction in work hours for each affected employee is in lieu of layoffs which would have resulted in an equivalent reduction in work hours;

(8) The plan is approved in writing by the collective bargaining agent for each collective bargaining agreement covering any affected employee;

(9) The plan will not subsidize seasonal employers during the off season;

(10) The employer agrees to furnish reports necessary for the proper administration of the plan and to permit access by the commissioner to all records necessary to verify the plan before approval and after approval to evaluate the application of the plan;

(11) The plan includes an estimate of the number of layoffs that would have occurred absent the ability to participate in shared work;

(12) The shared work compensation plan includes a plan to give advance notice, when feasible, to an employee whose usual weekly hours of work will be reduced. If not feasible, the shared work compensation plan must explain why it is not feasible; and

(13) The employer must attest that participation is consistent with employer obligations under federal and state law.

In addition to subsections (1) through (13) of this section, the commissioner shall take into account any other factors which may be pertinent. [2013 c 79 § 2; 2009 c 3 § 8; 1985 c 43 § 1; 1983 c 207 § 3.]

50.60.090 Shared work benefits—Eligibility. An individual is eligible to receive shared work benefits with respect to any week only if, in addition to meeting the conditions of eligibility for other benefits under this title, the commissioner finds that:

(1) The individual was employed during that week as an affected employee under an approved shared work compensation plan which was in effect for that week;

(2) The affected employee was able to work and was available for his or her usual weekly hours of work with the shared work employer; and

(3) Notwithstanding any other provision of this chapter, an individual is deemed to have been unemployed in any week for which remuneration is payable to him or her as an affected employee for less than his or her normal weekly

hours of work as specified under the approved shared work compensation plan in effect for that week. [2013 c 79 § 3; 2009 c 3 § 11; 1983 c 207 § 9.]

50.60.110 Benefits—Charge to employers' experience rating accounts. (1) Except as provided in subsection (2) of this section, shared work benefits shall be charged to employers' experience rating accounts in the same manner as other benefits under this title are charged. Employers liable for payments in lieu of contributions shall have shared work benefits attributed to their accounts in the same manner as other benefits under this title are attributed.

(2) For weeks of benefits paid between July 1, 2012, and June 28, 2015, any amount of shared work benefits reimbursed by the federal government is not charged to experience rating accounts of employers or to employers who are liable for payments in lieu of contributions. The department shall remove charges for any amount of shared work benefits reimbursed by the federal government between July 1, 2012, and the week prior to July 28, 2013. 51.04.080 Sending notices, orders, payments to claimants.

51.04.160 Logger safety initiative—Task force—Report.

51.04.165 Information about scholarship opportunities—Costs.

51.04.063 Injured worker options—Claim resolution structured settlement agreements. (1) Notwithstanding RCW 51.04.060 or any other provision of this title, beginning on January 1, 2012, an injured worker who is at least fifty-five years of age on or after January 1, 2012, fifty-three years of age on or after January 1, 2015, or fifty years of age on or after January 1, 2016, may choose from the following: (a) To continue to receive all benefits for which they are eligible under this title, (b) to participate in vocational training if eli-

gible, or (c) to initiate and agree to a resolution of their claim with a structured settlement.

(2)(a) As provided in this section, the parties to an allowed claim may initiate and agree to resolve a claim with a structured settlement for all benefits other than medical. Parties as defined in (b) of this subsection may only initiate claim resolution structured settlements if at least one hundred eighty days have passed since the claim was received by the department or self-insurer and the order allowing the claim is final and binding. All requirements of this title regarding entitlement to and payment of benefits will apply during this period. All claim resolution structured settlement agreements must be approved by the board of industrial insurance appeals.

(b) For purposes of this section, "parties" means:

(i) For a state fund claim, the worker, the employer, and the department. The employer will not be a party if the costs of the claim or claims are no longer included in the calculation of the employer's experience factor used to determine premiums, if they cannot be located, are no longer in business, or they fail to respond or decline to participate after timely notice of the claim resolution settlement process provided by the board and the department.

(ii) For a self-insured claim, the worker and the employer.

(c) The claim resolution structured settlement agreements shall:

(i) Bind the parties with regard to all aspects of a claim except medical benefits unless revoked by one of the parties as provided in subsection (6) of this section;

(ii) Provide a periodic payment schedule to the worker equal to at least twenty-five percent but not more than one hundred fifty percent of the average monthly wage in the state pursuant to RCW 51.08.018, except for the initial payment which may be up to six times the average monthly wage in the state pursuant to RCW 51.08.018;

(iii) Not set aside or reverse an allowance order;

(iv) Not subject any employer who is not a signatory to the agreement to any responsibility or burden under any claim; and

(v) Not subject any funds covered under this title to any responsibility or burden without prior approval from the director or designee.

(d) For state fund claims, the department shall negotiate the claim resolution structured settlement agreement with the worker or their representative and with the employer or employers and their representative or representatives.

(e) For self-insured claims, the self-insured employer shall negotiate the agreement with the worker or his or her representative. Workers of self-insured employers who are unrepresented may request that the office of the ombuds for self-insured injured workers provide assistance or be present during negotiations.

(f) Terms of the agreement may include the parties' agreement that the claim shall remain open for future necessary medical or surgical treatment related to the injury where there is a reasonable expectation such treatment is necessary. The parties may also agree that specific future treatment shall be provided without the application required in RCW 51.32.160.

(g) Any claim resolution structured settlement agreement entered into under this section must be in writing and signed by the parties or their representatives and must clearly state that the parties understand and agree to the terms of the agreement.

(h) If a worker is not represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties must forward a copy of the signed agreement to the board with a request for a conference with an industrial appeals judge. The industrial appeals judge must schedule a conference with all parties within fourteen days for the purpose of (i) reviewing the terms of the proposed settlement agreement by the parties; and (ii) ensuring the worker has an understanding of the benefits generally available under this title and that a claim resolution structured settlement agreement may alter the benefits payable on the claim or claims. The judge may schedule the initial conference for a later date with the consent of the parties.

(i) Before approving the agreement, the industrial appeals judge shall ensure the worker has an adequate understanding of the agreement and its consequences to the worker.

(j) The industrial appeals judge may approve a claim resolution structured settlement agreement only if the judge finds that the agreement is in the best interest of the worker. When determining whether the agreement is in the best interest of the worker, the industrial appeals judge shall consider the following factors, taken as a whole, with no individual factor being determinative:

(i) The nature and extent of the injuries and disabilities of the worker;

(ii) The age and life expectancy of the injured worker;

(iii) Other benefits the injured worker is receiving or is entitled to receive and the effect a claim resolution structured settlement agreement might have on those benefits; and

(iv) The marital or domestic partnership status of the injured worker.

(k) Within seven days after the conference, the industrial appeals judge shall issue an order allowing or rejecting the claim resolution structured settlement agreement. There is no appeal from the industrial appeals judge's decision.

(l) If the industrial appeals judge issues an order allowing the claim resolution structured settlement agreement, the order must be submitted to the board.

(3) Upon receiving the agreement, the board shall approve it within thirty working days of receipt unless it finds that:

(a) The parties have not entered into the agreement knowingly and willingly;

(b) The agreement does not meet the requirements of a claim resolution structured settlement agreement;

(c) The agreement is the result of a material misrepresentation of law or fact;

(d) The agreement is the result of harassment or coercion; or

(e) The agreement is unreasonable as a matter of law.

(4) If a worker is represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties shall submit the agreement directly to the board without the conference described in this section.

(5) If the board approves the agreement, it shall provide notice to all parties. The department shall place the agreement in the applicable claim file or files.

(6) A party may revoke consent to the claim resolution structured settlement agreement by providing written notice to the other parties and the board within thirty days after the date the agreement is approved by the board.

(7) To the extent the worker is entitled to any benefits while a claim resolution structured settlement agreement is being negotiated or during the revocation period of an agreement, the benefits must be paid pursuant to the requirements of this title until the agreement becomes final.

(8) A claim resolution structured settlement agreement that meets the conditions in this section and that has become final and binding as provided in this section is binding on all parties to the agreement as to its terms and the injuries and occupational diseases to which the agreement applies. A claim resolution structured settlement agreement that has become final and binding is not subject to appeal.

(9) All payments made to a worker pursuant to a final claim resolution structured settlement agreement must be reported to the department as claims costs pursuant to this title. If a self-insured employer contracts with a third-party administrator for claim services and the payment of benefits under this title, the third-party administrator shall also disburse the structured settlement payments pursuant to the agreement.

(10) Claims closed pursuant to a claim resolution structured settlement agreement can be reopened pursuant to RCW 51.32.160 for medical treatment only. Further temporary total, temporary partial, permanent partial, or permanent total benefits are not payable under the same claim or claims for which a claim resolution structured settlement agreement has been approved by the board and has become final.

(11) Parties aggrieved by the failure of any other party to comply with the terms of a claim resolution structured settlement agreement have one year from the date of failure to comply to petition to the board. If the board determines that a party has failed to comply with an agreement, it will order compliance and will impose a penalty payable to the aggrieved party of up to twenty-five percent of the monetary amount unpaid at the time the petition for noncompliance was filed. The board will also decide on any disputes as to attorneys' fees for services related to claim resolution structured settlement agreements.

(12) Parties and their representatives may not use settlement offers or the claim resolution structured settlement agreement process to harass or coerce any party. If the department determines that an employer has engaged in a pattern of harassment or coercion, the employer may be subject to penalty or corrective action, and may be removed from the retrospective rating program or be decertified from self-insurance under RCW 51.14.030. [2013 c 23 § 104; 2011 1st sp.s. c 37 § 302.]

Rules—2011 1st sp.s. c 37 §§ 302 and 303: "The department of labor and industries and the board of industrial insurance appeals shall adopt rules as necessary to implement sections 302 and 303 of this act." [2011 1st sp.s. c 37 § 305.]

Finding—Effective date—2011 1st sp.s. c 37: See notes following RCW 51.32.090.

51.04.080 Sending notices, orders, payments to claimants. On all claims under this title, claimants' written notices, orders, or payments must be forwarded directly to the claimant until such time as there has been entered an order on the claim appealable to the board of industrial insurance appeals. Claimants' written notices, orders, or payments may be forwarded to the claimant in care of a representative before an order has been entered if the claimant sets forth in writing the name and address of the representative to whom the claimant desires this information to be forwarded. [2013 c 125 § 4; 2007 c 78 § 1; 1972 ex.s. c 43 § 2; 1961 c 23 § 51.04.080. Prior: 1959 c 308 § 2; 1957 c 70 § 5; prior: 1947 c 56 § 1, part; 1927 c 310 § 7, part; 1923 c 136 § 4, part; 1921 c 182 § 6, part; 1919 c 131 § 6, part; 1911 c 74 § 10, part; Rem. Supp. 1947 § 7684, part.]

51.04.160 Logger safety initiative—Task force—Report. (1) The department shall include one or more representatives of logging industry workers on the logger safety task force. In addition, the department shall reach out to all employers in the logging industry, including those having one or more on the job fatalities in the last five years, and invite them to participate in the logger safety initiative. All participants must comply with the requirements of the logger safety initiative.

(2) By December 31, 2013, the department shall report back to the appropriate committees of the legislature on the development and implementation of the logger safety initiative. The report shall provide a status update on implementation of the initiative and participation in the safety program, including a description and summary of the worker training and supervision standards and the certification process for individual companies. The report shall also contain a description and summary of any industrial insurance rate reduction or other incentive for rate year 2014 that will be applied to employers participating in the initiative. The report may provide recommendations for legislative consideration to further the goals of the initiative. [2013 c 339 § 2.]

Findings—Intent—2013 c 339: "The legislature finds that many Washington workers involved in manual logging in the logging industry suffer industrial injuries with greater frequency and severity than workers in other industries. The legislature further finds that the incidence and severity of injury is particularly high among young workers during the early periods of employment in manual logging. The legislature recognizes the importance of improving safety performance in the logging industry to reduce industrial injuries for workers and resulting workers' compensation premium rates for employers. The legislature acknowledges that industry participants, including private land owners, timber industry employers, the department of natural resources, and the department of labor and industries, have formed a logger safety task force to develop and implement a logger safety initiative. The goal of the initiative is to reduce the frequency and severity of injuries in the logging industry. The task force will create a program that will establish sector-wide standards for worker training and supervision; establish a certification process for individual company safety programs; and review the progress of logging operations through mandatory performance-based audits. The legislature further recognizes that as the safety culture in the logging industry evolves, the frequency and severity of injuries will decrease, which will drive down industrial insurance costs for logging industry employers. While the industrial insurance costs will decline over time as safety improves, the legislature acknowledges that an immediate reduction in industrial insurance rates for the 2014 rate year for participating logging employers provides an additional incentive for these employers to commit to the logger safety initiative. Therefore, the legislature intends to monitor development and implementation of the logger safety initiative." [2013 c 339 § 1.]

51.04.165 Information about scholarship opportunities—Costs. The department may provide information about scholarship opportunities offered by nonprofit organizations and available to children and spouses of workers who suffered an injury in the course of employment resulting in death or permanent total disability. The department may, in its sole discretion, provide information about one or more scholarship opportunities. The cost of printing and inserting materials, any additional mailing costs, and any other related costs must be borne by the scholarship organization. [2013 c 134 § 2.]

51.16.210 Horse racing employment—Premiums.

(1) The department shall assess premiums, under the provisions of this section, for certain horse racing employments licensed in accordance with chapter 67.16 RCW. This premium assessment shall be for the purpose of providing industrial insurance coverage for employees of trainers licensed under chapter 67.16 RCW, including but not limited to exercise riders, pony riders, and grooms, and including all on or off track employment. The department may adopt rules under chapter 34.05 RCW to carry out the purposes of this section, including rules providing for alternative reporting periods and payment due dates for coverage under this section. trainers, and grooms in amounts established by department rule for coverage under this section. Premium assessments shall be determined in accordance with the requirements of this title, except that assessments shall not be experience rated and shall be fixed at the basic manual rate. Any worker or other recipient of benefits under this title may elect to have any payments due paid by debit card or other electronic means or transferred to such person's account in a financial institution for either: (1) Credit to the recipient's account in such financial institution; or (2) immediate transfer therefrom to the recipient's account in any other financial institution. The debit card or other electronic means payment option is available at the discretion of the department or self-insured employer, and the recipient must request in writing on a department-approved form or other department-approved method that the recipient's payments be made through this payment option.

For the purposes of this section, "financial institution" shall have the meaning given in RCW 41.04.240 as now or hereafter amended. [2013 c 125 § 7; 1982 c 109 § 11.]

51.32.095 Vocational rehabilitation services—Benefits—Priorities—Allowable costs—Performance criteria. (*Effective until June 30, 2016.*) (1) One of the primary purposes of this title is to enable the injured worker to become employable at gainful employment. To this end, the department or self-insurers shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker's permanent disability and in the sole opinion of the supervisor or supervisor's designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor's designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (4) of this section or RCW 51.32.099, as appropriate. An injured worker may not participate in vocational rehabilitation under this section or RCW 51.32.099 if such participation would result in a payment of benefits as described in RCW 51.32.240(5), and any benefits so paid shall be recovered according to the terms of that section.

(2) When in the sole discretion of the supervisor or the supervisor's designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, then the following order of priorities shall be used:

- (a) Return to the previous job with the same employer;
- (b) Modification of the previous job with the same employer including transitional return to work;
- (c) A new job with the same employer in keeping with any limitations or restrictions;
- (d) Modification of a new job with the same employer including transitional return to work;
- (e) Modification of the previous job with a new employer;
- (f) A new job with a new employer or self-employment based upon transferable skills;
- (g) Modification of a new job with a new employer;
- (h) A new job with a new employer or self-employment involving on-the-job training;
- (i) Short-term retraining and job placement.

(3) Notwithstanding subsection (2) of this section, vocational services may be provided to an injured worker who has suffered the loss or complete use of both legs, or arms, or one leg and one arm, or total eyesight when, in the sole discretion of the supervisor or the supervisor's designee, these services will either substantially improve the worker's quality of life or substantially improve the worker's ability to function in an employment setting, regardless of whether or not these services are either necessary or reasonably likely to make the worker employable at any gainful employment. Vocational services must be completed prior to the commencement of the worker's entitlement to benefits under RCW 51.32.060. However, workers who are eligible for vocational services

under this subsection are not eligible for option 2 benefits, as provided in RCW 51.32.099(4).

(4)(a) For vocational plans approved prior to July 1, 1999, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed three thousand dollars in any fifty-two week period, and the cost of continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(b) When the department has approved a vocational plan for a worker between July 1, 1999, through December 31, 2007, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor's designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed four thousand dollars in any fifty-two week period, and the cost of transportation and continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(c) The expenses allowed under (a) or (b) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) or (b) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

(d) In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(e) Costs paid under this subsection shall be chargeable to the employer's cost experience or shall be paid by the self-insurer as the case may be.

(5) In addition to the vocational rehabilitation expenditures provided for under subsection (4) of this section and RCW 51.32.099, an additional five thousand dollars may, upon authorization of the supervisor or the supervisor's designee, be expended for: (a) Accommodations for an injured worker that are medically necessary for the worker to participate in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured worker is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured worker's attending physician or licensed advanced registered nurse practitioner must verify the necessity of the modifications or accommodations. The total expenditures authorized in this subsection and the expenditures authorized under RCW 51.32.250 shall not exceed five thousand dollars.

(6) When the department has approved a vocational plan for a worker prior to January 1, 2008, regardless of whether the worker has begun participating in the approved plan, costs for vocational rehabilitation benefits allowed by the

supervisor or supervisor's designee under subsection (1) of this section are limited to those provided under subsections (4) and (5) of this section.

For vocational plans approved for a worker between January 1, 2008, through June 30, 2016, total vocational costs allowed by the supervisor or supervisor's designee under subsection (1) of this section shall be limited to those provided under the pilot program established in RCW 51.32.099, and vocational rehabilitation services shall conform to the requirements in RCW 51.32.099.

(7) The department shall establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations used under subsection (1) of this section and under RCW 51.32.099. The state fund shall make referrals for vocational rehabilitation services based on these performance criteria.

(8) The department shall engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section and RCW 51.32.099.

(9) The benefits in this section and RCW 51.32.099 shall be provided for the injured workers of self-insured employers. Self-insurers shall report both benefits provided and benefits denied under this section and RCW 51.32.099 in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section or RCW 51.32.099, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(10) Except as otherwise provided in this section or RCW 51.32.099, the benefits provided for in this section and RCW 51.32.099 are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims shall not be reopened solely for vocational rehabilitation purposes. [2013 c 331 § 1; 2011 c 291 § 1; 2007 c 72 § 1; 2004 c 65 § 10; 1999 c 110 § 1. Legislative finding—1985 c 339: "The legislature finds that the vocational rehabilitation program created by chapter 63, Laws of 1982, has failed to assist injured workers to return to suitable gainful employment without undue loss of time from work and has increased costs of industrial insurance for employers and employees alike. The legislature further finds that the administrative structure established within the industrial insurance division of the department of labor and industries to develop and oversee the provision of vocational rehabilitation services has not provided efficient delivery of vocational rehabilitation services. The legislature finds that restructuring

the state's vocational rehabilitation program under the department of labor and industries is necessary." [1985 c 339 § 1.]

51.32.099 Vocational rehabilitation pilot program—Vocational plans. (Expires June 30, 2016.) (1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2016. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary funding of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participation by the department as a partner with WorkSource, the established state system that administers the federal workforce investment act of 1998. As a partner, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(ii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iii) Create a vocational rehabilitation subcommittee made up of members appointed by the director for at least the duration of the pilot program. This subcommittee shall provide the business and labor partnership needed to maintain focus on the intent of the pilot program, as described in this section, and provide consistency and transparency to the development of rules and policies. The subcommittee shall report to the director at least annually and recommend to the director and the legislature any additional statutory changes needed, which may include extension of the pilot period. The subcommittee shall provide input and oversight with the department concerning the study required under (b) of this subsection. The subcommittee shall provide recommenda-

tions for additional changes or incentives for injured workers to return to work with their employer of injury. The subcommittee shall also consider options that, under limited circumstances, would allow injured workers to attend baccalaureate institutions under their vocational rehabilitation plans and, by December 31, 2013, the subcommittee shall provide recommendations to the director and the legislature on statutory changes needed to develop those options.

(iv) In collaboration with the subcommittee, the department shall develop an annual report concerning Washington's workers' compensation vocational rehabilitation system to the legislature with the final report due by December 1, 2015. The final report shall include an assessment and recommendations for further legislative action.

(2)(a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services or of an eligibility determination in response to a dispute of a vocational decision.

(b) When the supervisor or supervisor's designee has decided that vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she shall be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim shall, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers' compensation vocational system. The department shall provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department shall also inform the employer in writing of the employer's right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. However, at the sole discretion of the supervisor or the supervisor's designee, an employer may be granted an extension of time of up to ten additional days to make a valid return-to-work offer. The additional days may be allowed by the department with or without a request from the employer. The extension may only be granted if the employer made a return-to-work offer to the worker within fifteen days of the date the worker commenced vocational plan development that met some but not all of the requirements in this section. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker's documented physical and mental restrictions as provided by the worker's health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation shall be terminated effective on the starting date for the job without regard to whether the worker accepts the return-to-work offer.

(d) Following the time period described in (c) of this subsection, the employer may still provide, and the worker may accept, any valid return-to-work offer. The worker's acceptance of such an offer shall result in the termination of vocational plan development or implementation services and

temporary total disability compensation effective the day the employment begins.

(3)(a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1) (b)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section approved on or after this date but before June 30 of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges.

(e) The duration of the vocational plan shall not exceed two years from the date the plan is implemented. The worker shall receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(4) Vocational plan development services shall be completed within ninety days of commencing. Except as provided in RCW 51.32.095(3), during vocational plan development the worker shall, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker's physical and mental status. A vocational rehabilitation plan shall be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker shall elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. The worker may, within fifteen days of the department's approval

of the plan or of a determination that the plan is valid following a dispute, elect option 2. However, in the sole discretion of the supervisor or supervisor's designee, the department may approve an election for option 2 benefits that was submitted in writing within twenty-five days of the department's approval of the plan or of a determination that the plan is valid following a dispute if the worker provides a written explanation establishing that he or she was unable to submit his or her election of option 2 benefits within fifteen days. In no circumstance may the department approve of an election for option 2 benefits that was submitted more than twenty-five days after the department's approval of a retraining plan or of a determination that a plan is valid following a dispute.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to six months of temporary total disability compensation under RCW 51.32.090. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments shall not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section shall remain available to the worker, upon application to the department or self-insurer, for a period of five years. The vocational costs shall, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. The department shall issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability benefits effective the date of the order confirming that election. The department shall thereafter close the claim. A worker who elects option 2 benefits shall not be entitled to further temporary total, or to permanent total, disability benefits except upon a showing of a worsening in the condition or conditions accepted under the claim such that claim closure is not appropriate, in which case the option 2 selection will be rescinded and the amount paid to the worker will be assessed as an overpayment. A claim that was closed based on the worker's election of option 2 benefits may be reopened as provided in RCW 51.32.160, but cannot be reopened for the sole purpose of allowing the worker to seek vocational assistance.

(i) If within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopens the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both

necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker's prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) As used in this section, "vocational plan interruption" means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited institution, when it is due to a death in the worker's immediate family, or when documented changes in the worker's accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker's actions, the worker's entitlement to benefits shall be suspended in accordance with RCW 51.32.110. If plan development or implementation is recommenced, the cost and duration of the plan shall not include credit for that expended prior to the interruption. A vocational plan interruption is considered a result of the worker's actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker's failure to abide by the accountability agreement per subsection (3)(a) of this section. 51.36.010 Findings—Minimum standards for providers—Health care provider network—Advisory group—Best practices treatment guidelines—Extent and duration of treatment—Centers for occupational health and education—Rules—Reports. (1) The legislature finds that high quality medical treatment and adherence to occupational health best practices can prevent disability and reduce loss of family income for workers, and lower labor and insurance costs for employers. Injured workers deserve high quality medical care in accordance with current health care best practices. To this end, the department shall establish minimum standards for providers who treat workers from both state fund and self-insured employers. The department shall establish a health care provider network to treat injured workers, and shall accept providers into the network who meet those minimum standards. The department shall convene an advisory group made up of representatives from or designees of the workers' compensation advisory committee and the industrial insurance medical and chiropractic advisory committees to consider and advise the department related to implementation of this section, including development of best practices treatment guidelines for providers in the network. The department shall also seek the input of various health care provider groups and associations concerning the network's implementation. Network providers must be required to follow the department's evidence-based coverage decisions and treatment guidelines, policies, and must be expected to follow other national treatment guidelines appropriate for their patient. The department, in collaboration with the advisory group, shall also establish additional best practice standards for providers to qualify for a second tier within the network, based on demonstrated use of occupational health best practices. This second tier is separate from and in addition to the centers for occupational health and education established under subsection (5) of this section.

(2)(a) Upon the occurrence of any injury to a worker entitled to compensation under the provisions of this title, he or she shall receive proper and necessary medical and surgical services at the hands of a physician or licensed advanced

registered nurse practitioner of his or her own choice, if conveniently located, except as provided in (b) of this subsection, and proper and necessary hospital care and services during the period of his or her disability from such injury.

(b) Once the provider network is established in the worker's geographic area, an injured worker may receive care from a nonnetwork provider only for an initial office or emergency room visit. However, the department or self-insurer may limit reimbursement to the department's standard fee for the services. The provider must comply with all applicable billing policies and must accept the department's fee schedule as payment in full.

(c) The department, in collaboration with the advisory group, shall adopt policies for the development, credentialing, accreditation, and continued oversight of a network of health care providers approved to treat injured workers. Health care providers shall apply to the network by completing the department's provider application which shall have the force of a contract with the department to treat injured workers. The advisory group shall recommend minimum network standards for the department to approve a provider's application, to remove a provider from the network, or to require peer review such as, but not limited to:

(i) Current malpractice insurance coverage exceeding a dollar amount threshold, number, or seriousness of malpractice suits over a specific time frame;

(ii) Previous malpractice judgments or settlements that do not exceed a dollar amount threshold recommended by the advisory group, or a specific number or seriousness of malpractice suits over a specific time frame;

(iii) No licensing or disciplinary action in any jurisdiction or loss of treating or admitting privileges by any board, commission, agency, public or private health care payer, or hospital;

(iv) For some specialties such as surgeons, privileges in at least one hospital;

(v) Whether the provider has been credentialed by another health plan that follows national quality assurance guidelines; and

(vi) Alternative criteria for providers that are not credentialed by another health plan.

The department shall develop alternative criteria for providers that are not credentialed by another health plan or as needed to address access to care concerns in certain regions.

(d) Network provider contracts will automatically renew at the end of the contract period unless the department provides written notice of changes in contract provisions or the department or provider provides written notice of contract termination. The industrial insurance medical advisory committee shall develop criteria for removal of a provider from the network to be presented to the department and advisory group for consideration in the development of contract terms.

(e) In order to monitor quality of care and assure efficient management of the provider network, the department shall establish additional criteria and terms for network participation including, but not limited to, requiring compliance with administrative and billing policies.

(f) The advisory group shall recommend best practices standards to the department to use in determining second tier network providers. The department shall develop and implement financial and nonfinancial incentives for network pro-

viders who qualify for the second tier. The department is authorized to certify and decertify second tier providers.

(3) The department shall work with self-insurers and the department utilization review provider to implement utilization review for the self-insured community to ensure consistent quality, cost-effective care for all injured workers and employers, and to reduce administrative burden for providers.

(4) The department for state fund claims shall pay, in accordance with the department's fee schedule, for any alleged injury for which a worker files a claim, any initial prescription drugs provided in relation to that initial visit, without regard to whether the worker's claim for benefits is allowed. In all accepted claims, treatment shall be limited in point of duration as follows:

In the case of permanent partial disability, not to extend beyond the date when compensation shall be awarded him or her, except when the worker returned to work before permanent partial disability award is made, in such case not to extend beyond the time when monthly allowances to him or her shall cease; in case of temporary disability not to extend beyond the time when monthly allowances to him or her shall cease: PROVIDED, That after any injured worker has returned to his or her work his or her medical and surgical treatment may be continued if, and so long as, such continuation is deemed necessary by the supervisor of industrial insurance to be necessary to his or her more complete recovery; in case of a permanent total disability not to extend beyond the date on which a lump sum settlement is made with him or her or he or she is placed upon the permanent pension roll: PROVIDED, HOWEVER, That the supervisor of industrial insurance, solely in his or her discretion, may authorize continued medical and surgical treatment for conditions previously accepted by the department when such medical and surgical treatment is deemed necessary by the supervisor of industrial insurance to protect such worker's life or provide for the administration of medical and therapeutic measures including payment of prescription medications, but not including those controlled substances currently scheduled by the pharmacy quality assurance commission as Schedule I, II, III, or IV substances under chapter 69.50 RCW, which are necessary to alleviate continuing pain which results from the industrial injury. In order to authorize such continued treatment the written order of the supervisor of industrial insurance issued in advance of the continuation shall be necessary.

The supervisor of industrial insurance, the supervisor's designee, or a self-insurer, in his or her sole discretion, may authorize inoculation or other immunological treatment in cases in which a work-related activity has resulted in probable exposure of the worker to a potential infectious occupational disease. Authorization of such treatment does not bind the department or self-insurer in any adjudication of a claim by the same worker or the worker's beneficiary for an occupational disease.

(5)(a) The legislature finds that the department and its business and labor partners have collaborated in establishing centers for occupational health and education to promote best practices and prevent preventable disability by focusing additional provider-based resources during the first twelve weeks following an injury. The centers for occupational health and education represent innovative accountable care systems in

an early stage of development consistent with national health care reform efforts. Many Washington workers do not yet have access to these innovative health care delivery models.

(b) To expand evidence-based occupational health best practices, the department shall establish additional centers for occupational health and education, with the goal of extending access to at least fifty percent of injured and ill workers by December 2013 and to all injured workers by December 2015. The department shall also develop additional best practices and incentives that span the entire period of recovery, not only the first twelve weeks.

(c) The department shall certify and decertify centers for occupational health and education based on criteria including institutional leadership and geographic areas covered by the center for occupational health and education, occupational health leadership and education, mix of participating health care providers necessary to address the anticipated needs of injured workers, health services coordination to deliver occupational health best practices, indicators to measure the success of the center for occupational health and education, and agreement that the center's providers shall, if feasible, treat certain injured workers if referred by the department or a self-insurer.

(d) Health care delivery organizations may apply to the department for certification as a center for occupational health and education. These may include, but are not limited to, hospitals and affiliated clinics and providers, multispecialty clinics, health maintenance organizations, and organized systems of network physicians.

(e) The centers for occupational health and education shall implement benchmark quality indicators of occupational health best practices for individual providers, developed in collaboration with the department. A center for occupational health and education shall remove individual providers who do not consistently meet these quality benchmarks.

(f) The department shall develop and implement financial and nonfinancial incentives for center for occupational health and education providers that are based on progressive and measurable gains in occupational health best practices, and that are applicable throughout the duration of an injured or ill worker's episode of care.

(g) The department shall develop electronic methods of tracking evidence-based quality measures to identify and improve outcomes for injured workers at risk of developing prolonged disability. In addition, these methods must be used to provide systematic feedback to physicians regarding quality of care, to conduct appropriate objective evaluation of progress in the centers for occupational health and education, and to allow efficient coordination of services.

(6) If a provider fails to meet the minimum network standards established in subsection (2) of this section, the department is authorized to remove the provider from the network or take other appropriate action regarding a provider's participation. The department may also require remedial steps as a condition for a provider to participate in the network. The department, with input from the advisory group, shall establish waiting periods that may be imposed before a provider who has been denied or removed from the network may reapply.

(7) The department may permanently remove a provider from the network or take other appropriate action when the

provider exhibits a pattern of conduct of low quality care that exposes patients to risk of physical or psychiatric harm or death. Patterns that qualify as risk of harm include, but are not limited to, poor health care outcomes evidenced by increased, chronic, or prolonged pain or decreased function due to treatments that have not been shown to be curative, safe, or effective or for which it has been shown that the risks of harm exceed the benefits that can be reasonably expected based on peer-reviewed opinion.

(8) The department may not remove a health care provider from the network for an isolated instance of poor health and recovery outcomes due to treatment by the provider.

(9) When the department terminates a provider from the network, the department or self-insurer shall assist an injured worker currently under the provider's care in identifying a new network provider or providers from whom the worker can select an attending or treating provider. In such a case, the department or self-insurer shall notify the injured worker that he or she must choose a new attending or treating provider.

(10) The department may adopt rules related to this section.

(11) The department shall report to the workers' compensation advisory committee and to the appropriate committees of the legislature on each December 1st, beginning in 2012 and ending in 2016, on the implementation of the provider network and expansion of the centers for occupational health and education. The reports must include a summary of actions taken, progress toward long-term goals, outcomes of key initiatives, access to care issues, results of disputes or controversies related to new provisions, and whether any changes are needed to further improve the occupational health best practices care of injured workers. [2013 RCW Supp—page 658]

51.44.110 Disbursements of funds. Disbursement out of the several funds shall be made only upon warrants or payments drawn by the department. The state treasurer shall pay every warrant or payment out of the fund upon which it is drawn. If, at any time, there shall not be sufficient money in the fund on which any such warrant or payment is drawn wherewith to pay the same, the employer on account of whose worker it was that the warrant or payment was drawn shall pay the same, and he or she shall be credited upon his or her next following contribution to such fund the amount so paid with interest thereon at the legal rate from the date of such payment to the date such next following contribution became payable and, if the amount of the credit shall exceed the amount of the contribution, he or she shall have a warrant or payment upon the same fund for the excess and, if any such warrant or payment shall not be so paid, it shall remain, nevertheless, payable out of the fund. RESIDENTIAL LANDLORD-TENANT ACT

Sections

- 59.18.060 Landlord—Duties.
- 59.18.580 Victim protection—Limitation on tenant screening service provider disclosures and landlord’s rental decisions. (*Effective January 1, 2014.*)

59.18.060 Landlord—Duties. The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

- (1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition endangers or impairs the health or safety of the tenant;
- (2) Maintain the structural components including, but not limited to, the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components, in reasonably good repair so as to be usable;
- (3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;
- (4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single-family residence, control infestation during tenancy except where such infestation is caused by the tenant;
- (5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain and safeguard with reasonable care any master key or duplicate keys to the dwelling unit;

(8) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him or her in reasonably good working order;

(9) Maintain the dwelling unit in reasonably weather-tight condition;

(10) Except in the case of a single-family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(11) Provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(12)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 43.44.110. The notice shall inform the tenant of the tenant’s responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of RCW 43.44.110(3). The notice must be signed by the landlord or the landlord’s authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

- (i) Whether the smoke detection device is hard-wired or battery operated;
- (ii) Whether the building has a fire sprinkler system;
- (iii) Whether the building has a fire alarm system;
- (iv) Whether the building has a smoking policy, and what that policy is;
- (v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;
- (vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and
- (vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed;

(13) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to minimize the health risks associated with indoor mold. Landlords may

obtain the information from the department's web site or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed;

(14) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (13) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (13) of this section; and

(15) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes in writing, which must be either (a) delivered personally to the tenant or (b) mailed to the tenant and conspicuously posted on the premises. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent. Regardless of such designation, any owner who resides outside the state and who violates a provision of this chapter is deemed to have submitted himself or herself to the jurisdiction of the courts of this state and personal service of any process may be made on the owner outside the state with the same force and effect as personal service within the state. Any summons or process served out-of-state must contain the same information and be served in the same manner as personal service of summons or process served within the state, except the summons or process must require the party to appear and answer within sixty days after such personal service out of the state. In an action for a violation of this chapter that is filed under chapter 12.40 RCW, service of the notice of claim outside the state must contain the same information and be served in the same manner as required under chapter 12.40 RCW, except the date on which the party is required to appear must not be less than sixty days from the date of service of the notice of claim.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his or her family, invitee, or other person acting under his or her control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section. [2013 c 35 § 1; 2011 c 132 § 2; 2005 c 465 § 2; 2002 c 259 § 1; 1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

Finding—2005 c 465: "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the abil-

[2013 RCW Supp—page 662]

ity to think coherently and function in a job, and may cause fatigue, nausea, and headaches.

As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public's exposure to mold." [2005 c 465 § 1.]

59.18.580 Victim protection—Limitation on tenant screening service provider disclosures and landlord's rental decisions. (Effective January 1, 2014.) (1) A tenant screening service provider may not (a) disclose a tenant's, applicant's, or household member's status as a victim of domestic violence, sexual assault, or stalking, or (b) knowingly disclose that a tenant, applicant, or household member has previously terminated a rental agreement under RCW 59.18.575.

(2) A landlord may not terminate a tenancy, fail to renew a tenancy, or refuse to enter into a rental agreement based on the tenant's or applicant's or a household member's status as a victim of domestic violence, sexual assault, or stalking, or based on the tenant or applicant having terminated a rental agreement under RCW 59.18.575.

(3) A landlord who refuses to enter into a rental agreement in violation of subsection (2) of this section may be liable to the tenant or applicant in a civil action for damages sustained by the tenant or applicant. The prevailing party may also recover court costs and reasonable attorneys' fees.

(4) It is a defense to an unlawful detainer action under chapter 59.12 RCW that the action to remove the tenant and recover possession of the premises is in violation of subsection (2) of this section.

(5) This section does not prohibit adverse housing decisions based upon other lawful factors within the landlord's knowledge or prohibit volunteer disclosure by an applicant of any victim circumstances. [2013 c 54 § 1; 2004 c 17 § 4.]

59.20.210 Landlord—Failure to carry out duties—Repairs effected by tenant—Bids—Notice—Deduction of cost from rent—Limitations. (1) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.20.130, and notice of the defect is given to the landlord pursuant to RCW 59.20.200, the tenant may submit to the landlord or the landlord's designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed,

from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.20.200.

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or the landlord’s designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month’s rental of the tenant’s mobile home space in any calendar year. When, however, the landlord is required to begin remedying the defective condition within thirty days under RCW 59.20.200, the tenant cannot contract for repairs for at least fifteen days following receipt of bids by the landlord. The total costs of repairs deducted by the tenant in any calendar year under this subsection shall not exceed the sum expressed in dollars representing one month’s rental of the tenant’s mobile home space.

(3) Two or more tenants shall not collectively initiate remedies under this section. Remedial action under this section shall not be initiated for conditions in the design or construction existing in a mobile home park before June 7, 1984.

(4) The provisions of this section shall not:

(a) Create a relationship of employer and employee between landlord and tenant; or

(b) Create liability under the worker’s compensation act; or

(c) Constitute the tenant as an agent of the landlord for the purposes of mechanics’ and material suppliers’ liens under chapter 60.04 RCW.

(5) Any repair work performed under this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or rule. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs in return for cash payment or a reasonable reduction in rent, the agreement to be between the parties, and this agreement does not alter the landlord’s obligations under this chapter. MANUFACTURED/MOBILE HOME COMMUNITIES—DISPUTE RESOLUTION AND REGISTRATION

Sections

- 59.30.050 Registration process, fees.
- 59.30.090 Unpaid fees—Warrant—Interest—Lien.

59.30.050 Registration process, fees. (1) The department must register all manufactured/mobile home communities, which registration must be renewed annually. Each community must be registered separately. The department must mail registration notifications to all known manufac-

ured/mobile home community landlords. Registration information packets must include:

(a) Registration forms; and

(b) Registration assessment information, including registration due dates and late fees, and the collections procedures, liens, and charging costs to tenants.

(2) To apply for registration or registration renewal, the landlord of a manufactured/mobile home community must file with the department an application for registration or registration renewal on a form provided by the department and must pay a registration fee as described in subsection (3) of this section. The department may require the submission of information necessary to assist in identifying and locating a manufactured/mobile home community and other information that may be useful to the state, which must include, at a minimum:

(a) The names and addresses of the owners of the manufactured/mobile home community;

(b) The name and address of the manufactured/mobile home community;

(c) The name and address of the landlord and manager of the manufactured/mobile home community;

(d) The number of lots within the manufactured/mobile home community that are subject to chapter 59.20 RCW; and

(e) The addresses of each manufactured/mobile home lot within the manufactured/mobile home community that is subject to chapter 59.20 RCW.

(3) Each manufactured/mobile home community landlord must pay to the department:

(a) A one-time business license application fee for the first year of registration and, in subsequent years, an annual renewal application fee, as provided in RCW 19.02.075; and

(b) An annual registration assessment of ten dollars for each manufactured/mobile home that is subject to chapter 59.20 RCW within a manufactured/mobile home community. Manufactured/mobile home community landlords may charge a maximum of five dollars of this assessment to tenants. Nine dollars of the registration assessment for each manufactured/mobile home must be deposited into the manufactured/mobile home dispute resolution program account created in RCW 59.30.070 to fund the costs associated with the manufactured/mobile home dispute resolution program. The remaining one dollar must be deposited into the business license account created in RCW 19.02.210. The annual registration assessment must be reviewed once each biennium by the department and the attorney general and may be adjusted to reasonably relate to the cost of administering this chapter. The registration assessment may not exceed ten dollars, but if the assessment is reduced, the portion allocated to the manufactured/mobile home dispute resolution program account and the business license account must be adjusted proportionately.

(4) Initial registrations of manufactured/mobile home communities must be filed before November 1, 2007, or within three months of the availability of mobile home lots for rent within the community. The manufactured/mobile home community is subject to a delinquency fee of two hundred fifty dollars for late initial registrations. The delinquency fee must be deposited in the business license account. Renewal registrations that are not renewed by the expiration

date as assigned by the department are subject to delinquency fees under RCW 19.02.085.

(5) Thirty days after sending late fee notices to a non-complying landlord, the department may issue a warrant under RCW 59.30.090 for the unpaid registration assessment and delinquency fee. If a warrant is issued by the department under RCW 59.30.090, the department must add a penalty of ten percent of the amount of the unpaid registration assessment and delinquency fee, but not less than ten dollars. The warrant penalty must be deposited into the business license account created in RCW 19.02.210. Chapter 82.32 RCW applies to the collection of warrants issued under RCW 59.30.090.

(6) Registration is effective on the date determined by the department, and the department must issue a registration number to each registered manufactured/mobile home community. The department must provide an expiration date, assigned by the department, to each manufactured/mobile home community who registers. [2013 c 144 § 42; 2011 c 298 § 31; 2007 c 431 § 6.]

Implementation—2007 c 431: See note following RCW 59.30.010.

59.30.090 Unpaid fees—Warrant—Interest—Lien.

(1) If any registration assessment or delinquency fee is not paid in full within thirty days after sending late fee notices to a noncomplying landlord, the department may issue a warrant in the amount of such unpaid sums, together with interest thereon from the date the warrant is issued until the date of payment.

(2) Interest must be computed on a daily basis on the amount of outstanding registration assessment and delinquency fee imposed under RCW 59.30.050 at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year. Interest must be deposited in the business license account created in RCW 19.02.210.

(3) The department may file a copy of the warrant with the clerk of the superior court of any county of the state in which real or personal property of the owner of the manufactured/mobile home community may be found. The clerk is entitled to a filing fee under RCW 36.18.012(10). Upon filing, the clerk must enter in the judgment docket the name of the owner of the manufactured/mobile home community mentioned in the warrant and the amount of the registration assessment and delinquency fee, or portion thereof, and any increases and penalties for which the warrant is issued, and the date when the copy is filed.

(4) The amount of the warrant so docketed becomes a lien upon the title to, and interest in, all real and personal property of the owner of the manufactured/mobile home community against whom the warrant is issued the same as a judgment in a civil case duly docketed in the office of the clerk. The warrant so docketed is sufficient to support the issuance of writs of garnishment in favor of the state in the manner provided by law in the case of judgments wholly or partially unsatisfied.

(5) The lien is not superior to bona fide interests of third persons that had vested prior to the filing of the warrant. The

phrase "bona fide interests of third persons" does not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the owner of the manufactured/mobile home community mentioned in the warrant who executed the chattel or real property mortgage or the document evidencing the credit transaction. [2013 c 144 § 43; 2011 c 298 § 33.]

60.13.010 Definitions. As used in this chapter, the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.

(1) "Agricultural product" means any unprocessed horticultural, vermicultural and its by-products, viticultural, berry, poultry, poultry product, grain, bee, or other agricultural products, and includes mint or mint oil processed by or for the producer thereof and hay and straw baled or prepared for market in any manner or form and livestock. When used in RCW 60.13.020, "agricultural product" means horticultural, viticultural, aquacultural, or berry products, hay and straw, milk and milk products, vegetable seed, or turf and forage seed and applies only when such products are delivered to a processor or conditioner in an unprocessed form.

(2) "Commercial fisher" means a person licensed to fish commercially for or to take food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.

(3) "Conditioner," "consignor," "person," and "producer" have the meanings defined in RCW 20.01.010.

(4) "Delivers" means that a producer completes the performance of all contractual obligations with reference to the transfer of actual or constructive possession or control of an agricultural product to a processor or conditioner or preparer, regardless of whether the processor or conditioner or preparer takes physical possession.

(5) "Fish" means food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.

(6) "Preparer" means a person engaged in the business of feeding livestock or preparing livestock products for market.

(7) "Processor" means any person, firm, company, or other organization that purchases agricultural products except milk and milk products from a consignor and that cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those crops in any manner whatsoever for eventual resale, or that purchases or markets milk from a dairy producer and is obligated to remit payment to such dairy producer directly.

(8) "Vinifera grapes" means the agricultural product commonly known as *Vitis vinifera* and those hybrid of *Vitis vinifera* that have predominantly the character of *Vitis vinifera*.

(9) "Wine producer" means any person or other entity licensed under Title 66 RCW to produce within the state wine from vinifera grapes. [2013 c 23 § 118. Prior: 2012 c 106 § 1; 2002 c 278 § 1; 1991 c 174 § 2; 1987 c 148 § 1; 1985 c 412 § 1.]

60.13.020 Processor lien. Starting on the date a producer delivers any agricultural product to a processor or conditioner, the producer has a first priority statutory lien, referred to as a "processor lien." A commercial fisher who delivers fish to a processor also has a first priority statutory "processor lien" starting on the date the fisher delivers fish to the processor. This processor lien shall continue until twenty days after payment for the product is due and remains unpaid, without filing any notice of lien, for the contract price, if any, or the fair market value of the products delivered. The processor lien attaches to the agricultural products or fish delivered, to the processor's or conditioner's inventory, and to the processor's or conditioner's accounts receivable. However, no processor lien may attach to agricultural products or fish delivered by a producer or commercial fisher, or on the producer's or fisher's behalf, to a processor which is organized and operated on a cooperative basis and of which the producer or fisher is a member, nor may such lien attach to such processor's inventory or accounts receivable. [2013 c 23 § 119; 1987 c 148 § 2; 1985 c 412 § 2.]

60.13.040 Filing of statement evidencing lien—Contents—Standard filing forms, fees, and procedures. (1) A producer or commercial fisher claiming a wine producer, processor, or preparer lien may file a statement evidencing the lien with the department of licensing after payment from the wine producer, processor, conditioner, or preparer to the producer or fisher is due and remains unpaid. For purposes of this subsection and RCW 60.13.050, payment is due on the date specified in the contract, or if not specified, then within thirty days from time of delivery.

(2) The statement shall be in a record, authenticated by the producer or fisher, and shall contain in substance the following information:

(a) A true statement or a reasonable estimate of the amount demanded after deducting all credits and offsets;

(b) The name of the wine producer, processor, conditioner, or preparer who received the agricultural product or fish to be charged with the lien;

(c) A description sufficient to identify the agricultural product or fish to be charged with the lien;

(d) A statement that the amount claimed is a true and bona fide existing debt as of the date of the filing of the notice evidencing the lien;

(e) The date on which payment was due for the agricultural product or fish to be charged with the lien; and

(f) The department of licensing may by rule prescribe standard filing forms, fees, and uniform procedures for filing with, and obtaining information from, filing officers. [2013 c 23 § 120; 2012 c 106 § 3; 2002 c 278 § 2; 2001 c 32 § 6. Prior: 1987 c 189 § 7; 1987 c 148 § 3; 1985 c 412 § 4.]

60.13.050 Priority of lien. (1)(a) If a statement is filed pursuant to RCW 60.13.040 within twenty days of the date upon which payment from the processor, conditioner, or preparer to the producer or commercial fisher is due and remains unpaid, the processor or preparer lien evidenced by the statement continues its priority over all other liens or security interests upon agricultural products or fish, inventory, and accounts receivable, except as provided in (b) of this subsection. Such priority is without regard to whether the other liens or security interests attached before or after the date on which the processor or preparer lien attached.

(b) The processor or preparer lien shall be subordinate to liens for taxes or labor perfected before filing of the processor or preparer lien.

(2) If the statement provided for in RCW 60.13.040 is not filed within twenty days of the date payment is due and remains unpaid, the processor or preparer lien shall thereupon become subordinate to:

(a) A lien that has attached to the agricultural product or fish, inventory, or accounts receivable before the date on which the processor or preparer lien attaches; and

(b) A perfected security interest in the agricultural product or fish, inventory, or accounts receivable. [2013 c 23 § 121; 1987 c 148 § 4; 1985 c 412 § 5.]

60.13.060 Duration of lien—Statement of discharge. (1) The wine producer or processor lien shall terminate twelve months after, and the preparer lien shall terminate fifty days after, the later of the date of attachment or filing, unless a suit to foreclose the lien has been filed before that time as provided in RCW 60.13.070.

(2) If a statement has been filed as provided in RCW 60.13.040 and the producer or commercial fisher has received payment for the obligation secured by the lien, the producer or fisher shall promptly file with the department of licensing a statement declaring that full payment has been received and that the lien is discharged. If, after payment, the producer or fisher fails to file such statement of discharge within ten days following a request to do so, the producer or fisher shall be liable to the wine producer, processor, conditioner, or preparer in the sum of one hundred dollars plus actual damages caused by the failure. [2013 c 23 § 122; 2012 c 106 § 5; 2002 c 278 § 3; 1987 c 148 § 5; 1985 c 412 § 6.]

60.28.011 Retained percentage—Public transportation projects—Labor and material lien created—Bond in lieu of retained funds—Termination before completion—Chapter deemed exclusive—Release of ferry contract payments—Projects of farmers home administration—General contractor/construction manager procedure—Definitions.

(1)(a) Except as provided in (b) of this subsection, public improvement contracts must provide, and public bodies must reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and (ii) the state with respect to taxes, increases, and penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(b) Public improvement contracts funded in whole or in part by federal transportation funds must rely upon the contract bond as referred to in chapter 39.08 RCW for the protection and payment of: (i) The claims of any person or persons arising under the contract to the extent such claims are provided for in RCW 39.08.010; and (ii) the state with respect to taxes, increases, and penalties incurred on the public improvement project under Titles 50, 51, and 82 RCW which may be due. The contract bond must remain in full force and effect until, at a minimum, all claims filed in compliance with chapter 39.08 RCW are resolved.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract has a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant must be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, must be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract must be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body must issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check must be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities must be held in escrow. Interest on the bonds and securities must be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor must pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body must accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body must release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section must be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes may be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.210. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or material person who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.210. [2013 c 113 § 1; 2011 c 231 § 2. Prior: 2009 c 432 § 5; 2009 c 219 § 6; prior: 2007 c 494 § 504; 2007 c 218 § 92; 2003 c 301 § 7; 2000 c 185 § 1; 1994 c 101 § 1; 1992 c 223 § 2.]

Intent—Recognition—2011 c 231: "The legislature recognizes that federal regulations include requirements that pertain to contracts funded by

federal-aid highway funds. One such requirement is that states must ensure that prime contractors pay subcontractors in full by no later than thirty days after the subcontractor's work is satisfactorily completed. One option for meeting this requirement is to decline to hold retainage from prime contractors. The legislature also recognizes that retainage is currently used to ensure that claims against the contractor are resolved in a timely manner. The legislature intends that the contract bond provided by sureties on behalf of general contractors provides adequate security for claimants under the bond." [2011 c 231 § 1.]

62A.2-723	Proof of market price: Time and place.

62A.2-201 Formal requirements; statute of frauds.

(1) Except as otherwise provided in this section, a contract for the sale of goods for the price of five hundred dollars or more is not enforceable by way of action or defense unless there is some writing sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by his or her authorized agent or broker. A writing is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this paragraph beyond the quantity of goods shown in such writing.

(2) Between merchants if within a reasonable time a writing in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subsection (1) of this section against such party unless written notice of objection to its contents is given within ten days after it is received.

(3) A contract which does not satisfy the requirements of subsection (1) of this section but which is valid in other respects is enforceable:

(a) If the goods are to be specially manufactured for the buyer and are not suitable for sale to others in the ordinary course of the seller's business and the seller, before notice of repudiation is received and under circumstances which reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement; or

(b) If the party against whom enforcement is sought admits in his or her pleading, testimony, or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) With respect to goods for which payment has been made and accepted or which have been received and accepted (RCW 62A.2-606). [2013 c 23 § 126; 1965 ex.s c 157 § 2-201. Cf. former RCW 63.04.050; 1925 ex.s. c 142 § 4; RRS § 5836-4; prior: Code 1881 § 2326.]

Statute of frauds: RCW 19.36.010.

62A.2-210 Delegation of performance; assignment of rights. (1) A party may perform his or her duty through a delegate unless otherwise agreed or unless the other party has a substantial interest in having his or her original promisor perform or control the acts required by the contract. No delegation of performance relieves the party delegating of any duty to perform or any liability for breach.

(2) Except as otherwise provided in RCW 62A.9A-406, unless otherwise agreed, all rights of either seller or buyer can be assigned except where the assignment would materially change the duty of the other party, or increase materially the burden or risk imposed on him or her by his or her contract, or impair materially his or her chance of obtaining return performance. A right to damages for breach of the whole contract or a right arising out of the assignor's due performance of his or her entire obligation can be assigned despite agreement otherwise.

(3) The creation, attachment, perfection, or enforcement of a security interest in the seller's interest under a contract is not a transfer that materially changes the duty of or increases materially the burden or risk imposed on the buyer or impairs materially the buyer's chance of obtaining return performance within the purview of subsection (2) of this section unless, and then only to the extent that, enforcement actually results in a delegation of material performance of the seller. Even in that event, the creation, attachment, perfection, and enforcement of the security interest remain effective, but (a) the seller is liable to the buyer for damages caused by the delegation to the extent that the damages could not reasonably be prevented by the buyer, and (b) a court having jurisdiction may grant other appropriate relief, including cancellation of the contract for sale or an injunction against enforcement of the security interest or consummation of the enforcement.

(4) Unless the circumstances indicate the contrary, a prohibition of assignment of "the contract" is to be construed as barring only the delegation to the assignee of the assignor's performance.

(5) An assignment of "the contract" or of "all my rights under the contract" or an assignment in similar general terms is an assignment of rights and unless the language or the circumstances (as in an assignment for security) indicate the contrary, it is a delegation of performance of the duties of the assignor and its acceptance by the assignee constitutes a promise by him or her to perform those duties. This promise is enforceable by either the assignor or the other party to the original contract.

(6) The other party may treat any assignment which delegates performance as creating reasonable grounds for insecurity and may without prejudice to his or her rights against the assignor demand assurances from the assignee (RCW 62A.2-609).

(7) Notwithstanding subsections (2) and (3) of this section, an assignment that would be a breach but for the provisions of RCW 62A.9A-406 may create reasonable grounds for insecurity with respect to the due performance of the assignor (RCW 62A.2-609). [2013 c 23 § 127; 2000 c 250 § 9A-804; 1965 ex.s. c 157 § 2-210.]

62A.2-304 Price payable in money, goods, realty, or otherwise. (1) The price can be made payable in money or otherwise. If it is payable in whole or in part in goods each party is a seller of the goods which he or she is to transfer.

(2) Even though all or part of the price is payable in an interest in realty the transfer of the goods and the seller's obligations with reference to them are subject to this Article, but not the transfer of the interest in realty or the transferor's obligations in connection therewith. [2013 c 23 § 128; 1965

ex.s. c 157 § 2-304. Cf. former RCW 63.04.100(2), (3); 1925 ex.s. c 142 § 9; RRS § 5836-9.]

62A.2-305 Open price term. (1) The parties if they so intend can conclude a contract for sale even though the price is not settled. In such a case, the price is a reasonable price at the time for delivery if:

(a) Nothing is said as to price; or

(b) The price is left to be agreed by the parties and they fail to agree; or

(c) The price is to be fixed in terms of some agreed market or other standard as set or recorded by a third person or agency and it is not so set or recorded.

(2) A price to be fixed by the seller or by the buyer means a price for him or her to fix in good faith.

(3) When a price left to be fixed otherwise than by agreement of the parties fails to be fixed through fault of one party the other may at his or her option treat the contract as canceled or himself or herself fix a reasonable price.

(4) Where, however, the parties intend not to be bound unless the price be fixed or agreed and it is not fixed or agreed there is no contract. In such a case, the buyer must return any goods already received or if unable so to do must pay their reasonable value at the time of delivery and the seller must return any portion of the price paid on account. [2013 c 23 § 129; 1965 ex.s. c 157 § 2-305. Cf. former RCW sections: (i) RCW 63.04.100; 1925 ex.s. c 142 § 9; RRS § 5836-9. (ii) RCW 63.04.110; 1925 ex.s. c 142 § 10; RRS § 5836-10. Subd. (3) cf. former RCW 63.04.120(2); 1925 ex.s. c 142 § 11; RRS § 5836-11.]

62A.2-308 Absence of specified place for delivery.

Unless otherwise agreed:

(a) The place for delivery of goods is the seller's place of business or if he or she has none his or her residence; but

(b) In a contract for sale of identified goods which to the knowledge of the parties at the time of contracting are in some other place, that place is the place for their delivery; and

(c) Documents of title may be delivered through customary banking channels. [2013 c 23 § 130; 1965 ex.s. c 157 § 2-308. Subd. (a), (b) cf. former RCW 63.04.440(1); 1925 ex.s. c 142 § 43; RRS § 5836-43.]

62A.2-311 Options and cooperation respecting performance. (1) An agreement for sale which is otherwise sufficiently definite (RCW 62A.2-204(3)) to be a contract is not made invalid by the fact that it leaves particulars of performance to be specified by one of the parties. Any such specification must be made in good faith and within limits set by commercial reasonableness.

(2) Unless otherwise agreed, specifications relating to assortment of the goods are at the buyer's option and except as otherwise provided in RCW 62A.2-319 (1)(c) and (3) specifications or arrangements relating to shipment are at the seller's option.

(3) Where such specification would materially affect the other party's performance but is not seasonably made or where one party's cooperation is necessary to the agreed performance of the other but is not seasonably forthcoming, the other party in addition to all other remedies:

(a) Is excused for any resulting delay in his or her own performance; and

(b) May also either proceed to perform in any reasonable manner or after the time for a material part of his or her own performance treat the failure to specify or to cooperate as a breach by failure to deliver or accept the goods. [2013 c 23 § 131; 1965 ex.s. c 157 § 2-311.]

62A.2-312 Warranty of title and against infringement; buyer's obligation against infringement. (1) Subject to subsection (2) of this section, there is in a contract for sale a warranty by the seller that:

(a) The title conveyed shall be good, and its transfer rightful; and

(b) The goods shall be delivered free from any security interest or other lien or encumbrance of which the buyer at the time of contracting has no knowledge.

(2) A warranty under subsection (1) of this section will be excluded or modified only by specific language or by circumstances which give the buyer reason to know that the person selling does not claim title in himself or herself or that he or she is purporting to sell only such right or title as he or she or a third person may have.

(3) Unless otherwise agreed, a seller who is a merchant regularly dealing in goods of the kind warrants that the goods shall be delivered free of the rightful claim of any third person by way of infringement or the like but a buyer who furnishes specifications to the seller must hold the seller harmless against any such claim which arises out of compliance with the specifications. [2013 c 23 § 132; 1965 ex.s. c 157 § 2-312. Cf. former RCW 63.04.140; 1925 ex.s. c 142 § 13; RRS § 5836-13.]

62A.2-313 Express warranties by affirmation, promise, description, sample. (1) Express warranties by the seller are created as follows:

(a) Any affirmation of fact or promise made by the seller to the buyer which relates to the goods and becomes part of the basis of the bargain creates an express warranty that the goods shall conform to the affirmation or promise.

(b) Any description of the goods which is made part of the basis of the bargain creates an express warranty that the goods shall conform to the description.

(c) Any sample or model which is made part of the basis of the bargain creates an express warranty that the whole of the goods shall conform to the sample or model.

(2) It is not necessary to the creation of an express warranty that the seller use formal words such as "warranty" or "guarantee" or that he or she have a specific intention to make a warranty, but an affirmation merely of the value of the goods or a statement purporting to be merely the seller's opinion or commendation of the goods does not create a warranty. [2013 c 23 § 133; 1965 ex.s. c 157 § 2-313. Cf. former RCW sections: (i) RCW 63.04.130; 1925 ex.s. c 142 § 12; RRS § 5836-12. (ii) RCW 63.04.150; 1925 ex.s. c 142 § 14; RRS § 5836-14. Motor vehicle express warranties: Chapter 19.118 RCW.

62A.2-316 Exclusion or modification of warranties. (1) Words or conduct relevant to the creation of an express

warranty and words or conduct tending to negate or limit warranty shall be construed wherever reasonable as consistent with each other; but subject to the provisions of this Article on parol or extrinsic evidence (RCW 62A.2-202) negation or limitation is inoperative to the extent that such construction is unreasonable.

(2) Subject to subsection (3) of this section, to exclude or modify the implied warranty of merchantability or any part of it the language must mention merchantability and in case of a writing must be conspicuous, and to exclude or modify any implied warranty of fitness the exclusion must be by a writing and conspicuous. Language to exclude all implied warranties of fitness is sufficient if it states, for example, that "There are no warranties which extend beyond the description on the face hereof."

(3) Notwithstanding subsection (2) of this section:

(a) Unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties and makes plain that there is no implied warranty; and

(b) When the buyer before entering into the contract has examined the goods or the sample or model as fully as he or she desired or has refused to examine the goods there is no implied warranty with regard to defects which an examination ought in the circumstances to have revealed to him or her;

(c) An implied warranty can also be excluded or modified by course of dealing or course of performance or usage of trade; and

(d) In sales of livestock, including but not limited to, horses, mules, cattle, sheep, swine, goats, poultry, and rabbits, there are no implied warranties as defined in this article that the livestock are free from sickness or disease: PROVIDED, That the seller has complied with all state and federal laws and regulations that apply to animal health and disease, and the seller is not guilty of fraud, deceit, or misrepresentation.

(4) Notwithstanding the provisions of subsections (2) and (3) of this section and the provisions of RCW 62A.2-719, as now or hereafter amended, in any case where goods are purchased primarily for personal, family, or household use and not for commercial or business use, disclaimers of the warranty of merchantability or fitness for particular purpose shall not be effective to limit the liability of merchant sellers except insofar as the disclaimer sets forth with particularity the qualities and characteristics which are not being warranted. Remedies for breach of warranty can be limited in accordance with the provisions of this Article on liquidation or limitation of damages and on contractual modification of remedy (RCW 62A.2-718 and RCW 62A.2-719). [2013 c 23 § 134; 1982 c 199 § 1; 1974 ex.s. c 180 § 1; 1974 ex.s. c 78 § 1; 1965 ex.s. c 157 § 2-316. Subd. (3)(b) cf. former RCW 63.04.160(3); 1925 ex.s. c 142 § 15; RRS § 5836-15. Subd. Lease or rental of personal property—Disclaimer of warranty of merchantability or fitness: RCW 63.18.010.

62A.2-318 Third-party beneficiaries of warranties express or implied. A seller's warranty whether express or

implied extends to any natural person who is in the family or household of his or her buyer or who is a guest in his or her home if it is reasonable to expect that such person may use, consume, or be affected by the goods and who is injured in person by breach of the warranty. A seller may not exclude or limit the operation of this section. [2013 c 23 § 135; 1965 ex.s. c 157 § 2-318.]

62A.2-319 F.O.B. and F.A.S. terms. (1) Unless otherwise agreed, the term F.O.B. (which means "free on board") at a named place, even though used only in connection with the stated price, is a delivery term under which:

(a) When the term is F.O.B. the place of shipment, the seller must at that place ship the goods in the manner provided in this Article (RCW 62A.2-504) and bear the expense and risk of putting them into the possession of the carrier; or

(b) When the term is F.O.B. the place of destination, the seller must at his or her own expense and risk transport the goods to that place and there tender delivery of them in the manner provided in this Article (RCW 62A.2-503);

(c) When under either (a) or (b) of this subsection the term is also F.O.B. vessel, car, or other vehicle, the seller must in addition at his or her own expense and risk load the goods on board. If the term is F.O.B. vessel, the buyer must name the vessel and in an appropriate case the seller must comply with the provisions of this Article on the form of bill of lading (RCW 62A.2-323).

(2) Unless otherwise agreed the term F.A.S. vessel (which means "free alongside") at a named port, even though used only in connection with the stated price, is a delivery term under which the seller must:

(a) At his or her own expense and risk deliver the goods alongside the vessel in the manner usual in that port or on a dock designated and provided by the buyer; and

(b) Obtain and tender a receipt for the goods in exchange for which the carrier is under a duty to issue a bill of lading.

(3) Unless otherwise agreed, in any case falling within subsection (1)(a) or (c) or (2) of this section, the buyer must seasonably give any needed instructions for making delivery, including when the term is F.A.S. or F.O.B. the loading berth of the vessel and in an appropriate case its name and sailing date. The seller may treat the failure of needed instructions as a failure of cooperation under this Article (RCW 62A.2-311). He or she may also at his or her option move the goods in any reasonable manner preparatory to delivery or shipment.

(4) Under the term F.O.B. vessel or F.A.S., unless otherwise agreed, the buyer must make payment against tender of the required documents and the seller may not tender nor the buyer demand delivery of the goods in substitution for the documents. [2013 c 23 § 136; 1965 ex.s. c 157 § 2-319.]

62A.2-320 C.I.F. and C.&F. terms. (1) The term C.I.F. means that the price includes in a lump sum the cost of the goods and the insurance and freight to the named destination. The term C.&F. or C.F. means that the price so includes cost and freight to the named destination.

(2) Unless otherwise agreed and even though used only in connection with the stated price and destination, the term C.I.F. destination or its equivalent requires the seller at his or her own expense and risk to:

(a) Put the goods into the possession of a carrier at the port for shipment and obtain a negotiable bill or bills of lading covering the entire transportation to the named destination; and

(b) Load the goods and obtain a receipt from the carrier (which may be contained in the bill of lading) showing that the freight has been paid or provided for; and

(c) Obtain a policy or certificate of insurance, including any war risk insurance, of a kind and on terms then current at the port of shipment in the usual amount, in the currency of the contract, shown to cover the same goods covered by the bill of lading and providing for payment of loss to the order of the buyer or for the account of whom it may concern; but the seller may add to the price the amount of the premium for any such war risk insurance; and

(d) Prepare an invoice of the goods and procure any other documents required to effect shipment or to comply with the contract; and

(e) Forward and tender with commercial promptness all the documents in due form and with any indorsement necessary to perfect the buyer's rights.

(3) Unless otherwise agreed, the term C.&F. or its equivalent has the same effect and imposes upon the seller the same obligations and risks as a C.I.F. term except the obligation as to insurance.

(4) Under the term C.I.F. or C.&F., unless otherwise agreed, the buyer must make payment against tender of the required documents and the seller may not tender nor the buyer demand delivery of the goods in substitution for the documents. [2013 c 23 § 137; 1965 ex.s. c 157 § 2-320.]

62A.2-324 "No arrival, no sale" term. Under a term "no arrival, no sale" or terms of like meaning, unless otherwise agreed:

(a) The seller must properly ship conforming goods and if they arrive by any means he or she must tender them on arrival but he or she assumes no obligation that the goods will arrive unless he or she has caused the nonarrival; and

(b) Where without fault of the seller the goods are in part lost or have so deteriorated as no longer to conform to the contract or arrive after the contract time, the buyer may proceed as if there had been casualty to identified goods (RCW 62A.2-613). [2013 c 23 § 138; 1965 ex.s. c 157 § 2-324.]

62A.2-325 "Letter of credit" term; "confirmed credit". (1) Failure of the buyer seasonably to furnish an agreed letter of credit is a breach of the contract for sale.

(2) The delivery to seller of a proper letter of credit suspends the buyer's obligation to pay. If the letter of credit is dishonored, the seller may on seasonable notification to the buyer require payment directly from him or her.

(3) Unless otherwise agreed, the term "letter of credit" or "banker's credit" in a contract for sale means an irrevocable credit issued by a financing agency of good repute and, where the shipment is overseas, of good international repute. The term "confirmed credit" means that the credit must also carry the direct obligation of such an agency which does business in the seller's financial market. [2013 c 23 § 139; 1965 ex.s. c 157 § 2-325.]

62A.2-328 Sale by auction. (1) In a sale by auction if goods are put up in lots each lot is the subject of a separate sale.

(2) A sale by auction is complete when the auctioneer so announces by the fall of the hammer or in other customary manner. Where a bid is made while the hammer is falling in acceptance of a prior bid the auctioneer may in his or her discretion reopen the bidding or declare the goods sold under the bid on which the hammer was falling.

(3) Such a sale is with reserve unless the goods are in explicit terms put up without reserve. In an auction with reserve, the auctioneer may withdraw the goods at any time until he or she announces completion of the sale. In an auction without reserve, after the auctioneer calls for bids on an article or lot, that article or lot cannot be withdrawn unless no bid is made within a reasonable time. In either case a bidder may retract his or her bid until the auctioneer's announcement of completion of the sale, but a bidder's retraction does not revive any previous bid.

(4) If the auctioneer knowingly receives a bid on the seller's behalf or the seller makes or procures such a bid, and notice has not been given that liberty for such bidding is reserved, the buyer may at his or her option avoid the sale or take the goods at the price of the last good faith bid prior to the completion of the sale. This subsection shall not apply to any bid at a forced sale. [2013 c 23 § 140; 1965 ex.s. c 157 § 2-328. Cf. former RCW 63.04.220; 1925 ex.s. c 142 § 21; RRS § 5836-21.]

62A.2-402 Rights of seller's creditors against sold goods. (1) Except as provided in subsections (2) and (3) of this section, rights of unsecured creditors of the seller with respect to goods which have been identified to a contract for sale are subject to the buyer's rights to recover the goods under this Article (RCW 62A.2-502 and RCW 62A.2-716).

(2) A creditor of the seller may treat a sale or an identification of goods to a contract for sale as void if as against him or her a retention of possession by the seller is fraudulent under any rule of law of the state where the goods are situated, except that retention of possession in good faith and current course of trade by a merchant-seller for a commercially reasonable time after a sale or identification is not fraudulent.

(3) Nothing in this Article shall be deemed to impair the rights of creditors of the seller:

(a) Under the provisions of the Article on Secured Transactions (Article 9A); or

(b) Where identification to the contract or delivery is made not in current course of trade but in satisfaction of or as security for a preexisting claim for money, security, or the like and is made under circumstances which under any rule of law of the state where the goods are situated would apart from this Article constitute the transaction a fraudulent transfer or voidable preference. [2013 c 23 § 141; 1965 ex.s. c 157 § 2-402. Subd. (2) cf. former RCW sections: (i) RCW 63.04.270; 1925 ex.s. c 142 § 26; RRS § 5836-26. (ii) RCW 63.08.040; 1953 c 247 § 3; 1943 c 98 § 1, part; 1939 c 122 § 1, part; 1925 ex.s. c 135 § 2, part; Rem. Supp. 1943 § 5832, part; prior: 1901 c 109 § 1, part.]

62A.2-501 Insurable interest in goods; manner of identification of goods. (1) The buyer obtains a special property and an insurable interest in goods by identification of existing goods as goods to which the contract refers even though the goods so identified are nonconforming and he or she has an option to return or reject them. Such identification can be made at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs:

(a) When the contract is made if it is for the sale of goods already existing and identified;

(b) If the contract is for the sale of future goods other than those described in (c) of this subsection, when goods are shipped, marked, or otherwise designated by the seller as goods to which the contract refers;

(c) When the crops are planted or otherwise become growing crops or the young are conceived if the contract is for the sale of unborn young to be born within twelve months after contracting or for the sale of crops to be harvested within twelve months or the next normal harvest season after contracting whichever is longer.

(2) The seller retains an insurable interest in goods so long as title to or any security interest in the goods remains in him or her and where the identification is by the seller alone he or she may until default or insolvency or notification to the buyer that the identification is final substitute other goods for those identified.

(3) Nothing in this section impairs any insurable interest recognized under any other statute or rule of law. [2013 c 23 § 142; 1965 ex.s. c 157 § 2-501. Cf. former RCW sections: (i) RCW 63.04.180; 1925 ex.s. c 142 § 17; RRS § 5836-17. (ii) RCW 63.04.200; 1925 ex.s. c 142 § 19; RRS § 5836-19.]

62A.2-502 Buyer's right to goods on seller's insolvency. (1) Subject to subsections (2) and (3) of this section and even though the goods have not been shipped, a buyer who has paid a part or all of the price of goods in which he or she has a special property under the provisions of the immediately preceding section may on making and keeping good a tender of any unpaid portion of their price recover them from the seller if:

(a) In the case of goods bought for personal, family, or household purposes, the seller repudiates or fails to deliver as required by the contract; or

(b) In all cases, the seller becomes insolvent within ten days after receipt of the first installment on their price.

(2) The buyer's right to recover the goods under subsection (1)(a) of this section vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver.

(3) If the identification creating his or her special property has been made by the buyer, he or she acquires the right to recover the goods only if they conform to the contract for sale. [2013 c 23 § 143; 2000 c 250 § 9A-806; 1965 ex.s. c 157 § 2-502. Cf. former RCW sections: RCW 63.04.180 through 63.04.200; 1925 ex.s. c 142 §§ 17 through 19; RRS §§ 5836-17 through 5836-19.]

62A.2-504 Shipment by seller. Where the seller is required or authorized to send the goods to the buyer and the

contract does not require him or her to deliver them at a particular destination, then unless otherwise agreed he or she must:

(a) Put the goods in the possession of such a carrier and make such a contract for their transportation as may be reasonable having regard to the nature of the goods and other circumstances of the case; and

(b) Obtain and promptly deliver or tender in due form any document necessary to enable the buyer to obtain possession of the goods or otherwise required by the agreement or by usage of trade; and

(c) Promptly notify the buyer of the shipment. Failure to notify the buyer under this subsection or to make a proper contract under subsection (a) of this section is a ground for rejection only if material delay or loss ensues. [2013 c 23 § 144; 1965 ex.s. c 157 § 2-504. Cf. former RCW 63.04.470; 1925 ex.s. c 142 § 46; RRS § 5836-46.]

62A.2-507 Effect of seller's tender; delivery on condition. (1) Tender of delivery is a condition to the buyer's duty to accept the goods and, unless otherwise agreed, to his or her duty to pay for them. Tender entitles the seller to acceptance of the goods and to payment according to the contract.

(2) Where payment is due and demanded on the delivery to the buyer of goods or documents of title, his or her right as against the seller to retain or dispose of them is conditional upon his or her making the payment due. [2013 c 23 § 145; 1965 ex.s. c 157 § 2-507. Cf. former RCW sections: (i) RCW 63.04.120; 1925 ex.s. c 142 § 11; RRS § 5836-11. (ii) RCW 63.04.420; 1925 ex.s. c 142 § 41; RRS § 5836-41. (iii) RCW 63.04.430; 1925 ex.s. c 142 § 42; RRS § 5836-42. (iv) RCW 63.04.700; 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-508 Cure by seller of improper tender or delivery; replacement. (1) Where any tender or delivery by the seller is rejected because nonconforming and the time for performance has not yet expired, the seller may seasonably notify the buyer of his or her intention to cure and may then within the contract time make a conforming delivery.

(2) Where the buyer rejects a nonconforming tender which the seller had reasonable grounds to believe would be acceptable with or without money allowance, the seller may if he or she seasonably notifies the buyer have a further reasonable time to substitute a conforming tender. [2013 c 23 § 146; 1965 ex.s. c 157 § 2-508.]

62A.2-510 Effect of breach on risk of loss. (1) Where a tender or delivery of goods so fails to conform to the contract as to give a right of rejection, the risk of their loss remains on the seller until cure or acceptance.

(2) Where the buyer rightfully revokes acceptance, he or she may to the extent of any deficiency in his or her effective insurance coverage treat the risk of loss as having rested on the seller from the beginning.

(3) Where the buyer as to conforming goods already identified to the contract for sale repudiates or is otherwise in breach before risk of their loss has passed to him or her, the seller may to the extent of any deficiency in his or her effective insurance coverage treat the risk of loss as resting on the

buyer for a commercially reasonable time. [2013 c 23 § 147; 1965 ex.s. c 157 § 2-510.]

62A.2-602 Manner and effect of rightful rejection.

(1) Rejection of goods must be within a reasonable time after their delivery or tender. It is ineffective unless the buyer seasonably notifies the seller.

(2) Subject to the provisions of the two following sections on rejected goods (RCW 62A.2-603 and RCW 62A.2-604):

(a) After rejection, any exercise of ownership by the buyer with respect to any commercial unit is wrongful as against the seller; and

(b) If the buyer has before rejection taken physical possession of goods in which he or she does not have a security interest under the provisions of this Article (RCW 62A.2-711(3)), he or she is under a duty after rejection to hold them with reasonable care at the seller's disposition for a time sufficient to permit the seller to remove them; but

(c) The buyer has no further obligations with regard to goods rightfully rejected.

(3) The seller's rights with respect to goods wrongfully rejected are governed by the provisions of this Article on seller's remedies in general (RCW 62A.2-703). [2013 c 23 § 148; 1965 ex.s. c 157 § 2-602. Cf. former RCW sections: (i) RCW 63.04.090; 1925 ex.s. c 142 § 8; RRS § 5836-8. (ii) RCW 63.04.510; 1925 ex.s. c 142 § 50; RRS § 5836-50.]

62A.2-603 Merchant buyer's duties as to rightfully rejected goods. (1) Subject to any security interest in the buyer (RCW 62A.2-711(3)), when the seller has no agent or place of business at the market of rejection a merchant buyer is under a duty after rejection of goods in his or her possession or control to follow any reasonable instructions received from the seller with respect to the goods and in the absence of such instructions to make reasonable efforts to sell them for the seller's account if they are perishable or threaten to decline in value speedily. Instructions are not reasonable if on demand indemnity for expenses is not forthcoming.

(2) When the buyer sells goods under subsection (1) of this section, he or she is entitled to reimbursement from the seller or out of the proceeds for reasonable expenses of caring for and selling them, and if the expenses include no selling commission then to such commission as is usual in the trade or if there is none to a reasonable sum not exceeding ten per cent on the gross proceeds.

(3) In complying with this section, the buyer is held only to good faith and good faith conduct hereunder is neither acceptance nor conversion nor the basis of an action for damages. [2013 c 23 § 149; 1965 ex.s. c 157 § 2-603.]

62A.2-604 Buyer's options as to salvage of rightfully rejected goods. Subject to the provisions of the immediately preceding section on perishables, if the seller gives no instructions within a reasonable time after notification of rejection, the buyer may store the rejected goods for the seller's account or reship them to him or her or resell them for the seller's account with reimbursement as provided in the preceding section. Such action is not acceptance or conversion. [2013 c 23 § 150; 1965 ex.s. c 157 § 2-604.]

62A.2-606 What constitutes acceptance of goods. (1)

Acceptance of goods occurs when the buyer:

(a) After a reasonable opportunity to inspect the goods signifies to the seller that the goods are conforming or that he or she will take or retain them in spite of their nonconformity; or

(b) Fails to make an effective rejection (RCW 62A.2-602(1)), but such acceptance does not occur until the buyer has had a reasonable opportunity to inspect them; or

(c) Does any act inconsistent with the seller's ownership; but if such act is wrongful as against the seller it is an acceptance only if ratified by him or her.

(2) Acceptance of a part of any commercial unit is acceptance of that entire unit. [2013 c 23 § 151; 1965 ex.s. c 157 § 2-606. Cf. former RCW sections: (i) RCW 63.04.480(1); 1925 ex.s. c 142 § 47; RRS § 5836-47. (ii) RCW 63.04.490; 1925 ex.s. c 142 § 48; RRS § 5836-48.]

62A.2-607 Effect of acceptance; notice of breach; burden of establishing breach after acceptance; notice of claim or litigation to person answerable over. (1) The buyer must pay at the contract rate for any goods accepted.

(2) Acceptance of goods by the buyer precludes rejection of the goods accepted and if made with knowledge of a nonconformity cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured but acceptance does not of itself impair any other remedy provided by this Article for nonconformity.

(3) Where a tender has been accepted:

(a) The buyer must within a reasonable time after he or she discovers or should have discovered any breach notify the seller of breach or be barred from any remedy; and

(b) If the claim is one for infringement or the like (RCW 62A.2-312(3)) and the buyer is sued as a result of such a breach, he or she must so notify the seller within a reasonable time after he or she receives notice of the litigation or be barred from any remedy over for liability established by the litigation.

(4) The burden is on the buyer to establish any breach with respect to the goods accepted.

(5) Where the buyer is sued for breach of a warranty or other obligation for which his or her seller is answerable over:

(a) He or she may give his or her seller written notice of the litigation. If the notice states that the seller may come in and defend and that if the seller does not do so he or she will be bound in any action against him or her by his or her buyer by any determination of fact common to the two litigations, then unless the seller after seasonable receipt of the notice does come in and defend he or she is so bound.

(b) If the claim is one for infringement or the like (RCW 62A.2-312(3)), the original seller may demand in writing that his or her buyer turn over to him or her control of the litigation including settlement or else be barred from any remedy over and if he or she also agrees to bear all expense and to satisfy any adverse judgment, then unless the buyer after seasonable receipt of the demand does turn over control the buyer is so barred.

(6) The provisions of subsections (3), (4), and (5) of this section apply to any obligation of a buyer to hold the seller

harmless against infringement or the like (RCW 62A.2-312(3)). [2013 c 23 § 152; 1965 ex.s. c 157 § 2-607. Subd. (1) cf. former RCW 63.04.420; 1925 ex.s. c 142 § 41; RRS § 5836-41. Subd. (2), (3) cf. former RCW sections: (i) RCW 63.04.500; 1925 ex.s. c 142 § 49; RRS § 5836-49. (ii) RCW 63.04.700; 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-608 Revocation of acceptance in whole or in part. (1) The buyer may revoke his or her acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to him or her if he or she has accepted it:

(a) On the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) Without discovery of such nonconformity if his or her acceptance was reasonably induced either by the difficulty of discovery before acceptance or by the seller's assurances.

(2) Revocation of acceptance must occur within a reasonable time after the buyer discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by their own defects. It is not effective until the buyer notifies the seller of it.

(3) A buyer who so revokes has the same rights and duties with regard to the goods involved as if he or she had rejected them. [2013 c 23 § 153; 1965 ex.s. c 157 § 2-608. Cf. former RCW 63.04.700 (1)(d), (3), (4), (5); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-609 Right to adequate assurance of performance. (1) A contract for sale imposes an obligation on each party that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party the other may in writing demand adequate assurance of due performance and until he or she receives such assurance may if commercially reasonable suspend any performance for which he or she has not already received the agreed return.

(2) Between merchants, the reasonableness of grounds for insecurity and the adequacy of any assurance offered shall be determined according to commercial standards.

(3) Acceptance of any improper delivery or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.

(4) After receipt of a justified demand, failure to provide within a reasonable time not exceeding thirty days such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of the contract. [2013 c 23 § 154; 1965 ex.s. c 157 § 2-609. Cf. former RCW sections: (i) RCW 63.04.540; 1925 ex.s. c 142 § 53; RRS § 5836-53. (ii) RCW 63.04.550(1)(b); 1925 ex.s. c 142 § 54; RRS § 5836-54. (iii) RCW 63.04.560; 1925 ex.s. c 142 § 55; RRS § 5836-55. (iv) RCW 63.04.640(2); 1925 ex.s. c 142 § 63; RRS § 5836-63.]

62A.2-610 Anticipatory repudiation. When either party repudiates the contract with respect to a performance not yet due the loss of which will substantially impair the value of the contract to the other, the aggrieved party may:

(a) For a commercially reasonable time await performance by the repudiating party; or

(b) Resort to any remedy for breach (RCW 62A.2-703 or 62A.2-711), even though he or she has notified the repudiating party that he or she would await the latter's performance and has urged retraction; and

(c) In either case suspend his or her own performance or proceed in accordance with the provisions of this Article on the seller's right to identify goods to the contract notwithstanding breach or to salvage unfinished goods (RCW 62A.2-704). [2013 c 23 § 155; 1965 ex.s. c 157 § 2-610. Cf. former RCW section: (i) RCW 63.04.640(2); 1925 ex.s. c 142 § 63; RRS § 5836-63. (ii) RCW 63.04.660; 1925 ex.s. c 142 § 65; RRS § 5836-65.]

62A.2-611 Retraction of anticipatory repudiation.

(1) Until the repudiating party's next performance is due, he or she can retract his or her repudiation unless the aggrieved party has since the repudiation canceled or materially changed his or her position or otherwise indicated that he or she considers the repudiation final.

(2) Retraction may be by any method which clearly indicates to the aggrieved party that the repudiating party intends to perform, but must include any assurance justifiably demanded under the provisions of this Article (RCW 62A.2-609).

(3) Retraction reinstates the repudiating party's rights under the contract with due excuse and allowance to the aggrieved party for any delay occasioned by the repudiation. [2013 c 23 § 156; 1965 ex.s. c 157 § 2-611.]

62A.2-612 "Installment contract"; breach. (1) An "installment contract" is one which requires or authorizes the delivery of goods in separate lots to be separately accepted, even though the contract contains a clause "each delivery is a separate contract" or its equivalent.

(2) The buyer may reject any installment which is nonconforming if the nonconformity substantially impairs the value of that installment and cannot be cured or if the nonconformity is a defect in the required documents; but if the nonconformity does not fall within subsection (3) of this section and the seller gives adequate assurance of its cure, the buyer must accept that installment.

(3) Whenever nonconformity or default with respect to one or more installments substantially impairs the value of the whole contract there is a breach of the whole. But the aggrieved party reinstates the contract if he or she accepts a nonconforming installment without seasonably notifying of cancellation or if he or she brings an action with respect only to past installments or demands performance as to future installments. [2013 c 23 § 157; 1965 ex.s. c 157 § 2-612. Cf. former RCW 63.04.460(2); 1925 ex.s. c 142 § 45; RRS § 5836-45.]

62A.2-613 Casualty to identified goods. Where the contract requires for its performance goods identified when the contract is made, and the goods suffer casualty without fault of either party before the risk of loss passes to the buyer, or in a proper case under a "no arrival, no sale" term (RCW 62A.2-324) then:

(a) If the loss is total, the contract is avoided; and

(b) If the loss is partial or the goods have so deteriorated as no longer to conform to the contract, the buyer may nevertheless demand inspection and at his or her option either treat the contract as avoided or accept the goods with due allowance from the contract price for the deterioration or the deficiency in quantity but without further right against the seller. [2013 c 23 § 158; 1965 ex.s. c 157 § 2-613. Cf. former RCW sections: (i) RCW 63.04.080; 1925 ex.s. c 142 § 7; RRS § 5836-7. (ii) RCW 63.04.090; 1925 ex.s. c 142 § 8; RRS § 5836-8.]

62A.2-615 Excuse by failure of presupposed conditions. Except so far as a seller may have assumed a greater obligation and subject to the preceding section on substituted performance:

(a) Delay in delivery or nondelivery in whole or in part by a seller who complies with subsections (b) and (c) of this section is not a breach of his or her duty under a contract for sale if performance as agreed has been made impracticable by the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the contract was made or by compliance in good faith with any applicable foreign or domestic governmental regulation or order whether or not it later proves to be invalid.

(b) Where the causes mentioned in subsection (a) of this section affect only a part of the seller's capacity to perform, he or she must allocate production and deliveries among his or her customers but may at his or her option include regular customers not then under contract as well as his or her own requirements for further manufacture. He or she may so allocate in any manner which is fair and reasonable.

(c) The seller must notify the buyer seasonably that there will be delay or nondelivery and, when allocation is required under subsection (b) of this section, of the estimated quota thus made available for the buyer. [2013 c 23 § 159; 1965 ex.s. c 157 § 2-615.]

62A.2-616 Procedure on notice claiming excuse. (1) Where the buyer receives notification of a material or indefinite delay or an allocation justified under the preceding section, he or she may by written notification to the seller as to any delivery concerned, and where the prospective deficiency substantially impairs the value of the whole contract under the provisions of this Article relating to breach of installment contracts (RCW 62A.2-612), then also as to the whole:

(a) Terminate and thereby discharge any unexecuted portion of the contract; or

(b) Modify the contract by agreeing to take his or her available quota in substitution.

(2) If after receipt of such notification from the seller the buyer fails so to modify the contract within a reasonable time not exceeding thirty days, the contract lapses with respect to any deliveries affected. [2013 c 23 § 160; 1965 ex.s. c 157 § 2-616.]

62A.2-702 Seller's remedies on discovery of buyer's insolvency. (1) Where the seller discovers the buyer to be insolvent, he or she may refuse delivery except for cash including payment for all goods theretofore delivered under

the contract, and stop delivery under this Article (RCW 62A.2-705).

(2) Where the seller discovers that the buyer has received goods on credit while insolvent, he or she may reclaim the goods upon demand made within ten days after the receipt, but if misrepresentation of solvency has been made to the particular seller in writing within three months before delivery the ten-day limitation does not apply. Except as provided in this subsection, the seller may not base a right to reclaim goods on the buyer's fraudulent or innocent misrepresentation of solvency or of intent to pay.

(3) The seller's right to reclaim under subsection (2) of this section is subject to the rights of a buyer in ordinary course or other good faith purchaser under this Article (RCW 62A.2-403). Successful reclamation of goods excludes all other remedies with respect to them. [2013 c 23 § 161; 1981 c 41 § 4; 1965 ex.s. c 157 § 2-702. Subd. (1) cf. former RCW sections: (i) RCW 63.04.540(1)(b); 1925 ex.s. c 142 § 53; RRS § 5836-53. (ii) RCW 63.04.550(1)(c); 1925 ex.s. c 142 § 54; RRS § 5836-54. (iii) RCW 63.04.560; 1925 ex.s. c 142 § 55; RRS § 5836-55. (iv) RCW 63.04.580; 1925 ex.s. c 142 § 57; RRS § 5836-57. Subd. (3) cf. former RCW 63.04.755(3); 1925 ex.s. c 142 § 76; RRS § 5836-76; formerly RCW 63.04.010.]

62A.2-704 Seller's right to identify goods to the contract notwithstanding breach or to salvage unfinished goods. (1) An aggrieved seller under the preceding section may:

(a) Identify to the contract conforming goods not already identified if at the time he or she learned of the breach they are in his or her possession or control;

(b) Treat as the subject of resale goods which have demonstrably been intended for the particular contract even though those goods are unfinished.

(2) Where the goods are unfinished, an aggrieved seller may in the exercise of reasonable commercial judgment for the purposes of avoiding loss and of effective realization either complete the manufacture and wholly identify the goods to the contract or cease manufacture and resell for scrap or salvage value or proceed in any other reasonable manner. [2013 c 23 § 162; 1965 ex.s. c 157 § 2-704. Cf. former RCW sections: (i) RCW 63.04.640(3); 1925 ex.s. c 142 § 63; RRS § 5836-63. (ii) RCW 63.04.650(4); 1925 ex.s. c 142 § 64; RRS § 5836-64.]

62A.2-706 Seller's resale including contract for resale. (1) Under the conditions stated in RCW 62A.2-703 on seller's remedies, the seller may resell the goods concerned or the undelivered balance thereof. Where the resale is made in good faith and in a commercially reasonable manner, the seller may recover the difference between the resale price and the contract price together with any incidental damages allowed under the provisions of this Article (RCW 62A.2-710), but less expenses saved in consequence of the buyer's breach.

(2) Except as otherwise provided in subsection (3) of this section or unless otherwise agreed, resale may be at public or private sale including sale by way of one or more contracts to sell or of identification to an existing contract of the seller.

Sale may be as a unit or in parcels and at any time and place and on any terms but every aspect of the sale including the method, manner, time, place, and terms must be commercially reasonable. The resale must be reasonably identified as referring to the broken contract, but it is not necessary that the goods be in existence or that any or all of them have been identified to the contract before the breach.

(3) Where the resale is at private sale, the seller must give the buyer reasonable notification of his or her intention to resell.

(4) Where the resale is at public sale:

(a) Only identified goods can be sold except where there is a recognized market for a public sale of futures in goods of the kind; and

(b) It must be made at a usual place or market for public sale if one is reasonably available and except in the case of goods which are perishable or threaten to decline in value speedily the seller must give the buyer reasonable notice of the time and place of the resale; and

(c) If the goods are not to be within the view of those attending the sale the notification of sale must state the place where the goods are located and provide for their reasonable inspection by prospective bidders; and

(d) The seller may buy.

(5) A purchaser who buys in good faith at a resale takes the goods free of any rights of the original buyer even though the seller fails to comply with one or more of the requirements of this section.

(6) The seller is not accountable to the buyer for any profit made on any resale. A person in the position of a seller (RCW 62A.2-707) or a buyer who has rightfully rejected or justifiably revoked acceptance must account for any excess over the amount of his or her security interest, as hereinafter defined (RCW 62A.2-711(3)). [2013 c 23 § 163; 1967 c 114 § 13; 1965 ex.s. c 157 § 2-706. Cf. former RCW 63.04.610; 1925 ex.s. c 142 § 60; RRS § 5836-60.]

62A.2-707 "Person in the position of a seller". (1) A "person in the position of a seller" includes as against a principal an agent who has paid or become responsible for the price of goods on behalf of his or her principal or anyone who otherwise holds a security interest or other right in goods similar to that of a seller.

(2) A person in the position of a seller may as provided in this Article withhold or stop delivery (RCW 62A.2-705) and resell (RCW 62A.2-706) and recover incidental damages (RCW 62A.2-710). [2013 c 23 § 164; 1965 ex.s. c 157 § 2-707. Cf. former RCW 63.04.530(2); 1925 ex.s. c 142 § 52; RRS § 5836-52.]

62A.2-709 Action for the price. (1) When the buyer fails to pay the price as it becomes due, the seller may recover, together with any incidental damages under the next section, the price:

(a) Of goods accepted or of conforming goods lost or damaged within a commercially reasonable time after risk of their loss has passed to the buyer; and

(b) Of goods identified to the contract if the seller is unable after reasonable effort to resell them at a reasonable

price or the circumstances reasonably indicate that such effort will be unavailing.

(2) Where the seller sues for the price, he or she must hold for the buyer any goods which have been identified to the contract and are still in his or her control except that if resale becomes possible he or she may resell them at any time prior to the collection of the judgment. The net proceeds of any such resale must be credited to the buyer and payment of the judgment entitles him or her to any goods not resold.

(3) After the buyer has wrongfully rejected or revoked acceptance of the goods or has failed to make a payment due or has repudiated (RCW 62A.2-610), a seller who is held not entitled to the price under this section shall nevertheless be awarded damages for nonacceptance under the preceding section. [2013 c 23 § 165; 1965 ex.s. c 157 § 2-709. Cf. former RCW 63.04.640; 1925 ex.s. c 142 § 63; RRS § 5836-63.]

62A.2-711 Buyer's remedies in general; buyer's security interest in rejected goods. (1) Where the seller fails to make delivery or repudiates or the buyer rightfully rejects or justifiably revokes acceptance, then with respect to any goods involved, and with respect to the whole if the breach goes to the whole contract (RCW 62A.2-612), the buyer may cancel and whether or not he or she has done so may in addition to recovering so much of the price as has been paid:

(a) "Cover" and have damages under the next section as to all the goods affected whether or not they have been identified to the contract; or

(b) Recover damages for nondelivery as provided in this Article (RCW 62A.2-713).

(2) Where the seller fails to deliver or repudiates, the buyer may also:

(a) If the goods have been identified recover them as provided in this Article (RCW 62A.2-502); or

(b) In a proper case obtain specific performance or replevy the goods as provided in this Article (RCW 62A.2-716).

(3) On rightful rejection or justifiable revocation of acceptance, a buyer has a security interest in goods in his or her possession or control for any payments made on their price and any expenses reasonably incurred in their inspection, receipt, transportation, care, and custody and may hold such goods and resell them in like manner as an aggrieved seller (RCW 62A.2-706). [2013 c 23 § 166; 1965 ex.s. c 157 § 2-711. Subd. (3) cf. former RCW 63.04.700(5); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-712 "Cover"; buyer's procurement of substitute goods. (1) After a breach within the preceding section, the buyer may "cover" by making in good faith and without unreasonable delay any reasonable purchase of or contract to purchase goods in substitution for those due from the seller.

(2) The buyer may recover from the seller as damages the difference between the cost of cover and the contract price together with any incidental or consequential damages as hereinafter defined (RCW 62A.2-715), but less expenses saved in consequence of the seller's breach.

(3) Failure of the buyer to effect cover within this section does not bar him or her from any other remedy. [2013 c 23 § 167; 1965 ex.s. c 157 § 2-712.]

62A.2-714 Buyer's damages for breach in regard to accepted goods. (1) Where the buyer has accepted goods and given notification (RCW 62A.2-607(3)), he or she may recover as damages for any nonconformity of tender the loss resulting in the ordinary course of events from the seller's breach as determined in any manner which is reasonable.

(2) The measure of damages for breach of warranty is the difference at the time and place of acceptance between the value of the goods accepted and the value they would have had if they had been as warranted, unless special circumstances show proximate damages of a different amount.

(3) In a proper case, any incidental and consequential damages under the next section may also be recovered. [2013 c 23 § 168; 1965 ex.s. c 157 § 2-714. Cf. former RCW 63.04.700 (6), (7); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-716 Buyer's right to specific performance or replevin. (1) Specific performance may be decreed where the goods are unique or in other proper circumstances.

(2) The decree for specific performance may include such terms and conditions as to payment of the price, damages, or other relief as the court may deem just.

(3) The buyer has a right of replevin for goods identified to the contract if after reasonable effort he or she is unable to effect cover for such goods or the circumstances reasonably indicate that such effort will be unavailing or if the goods have been shipped under reservation and satisfaction of the security interest in them has been made or tendered. In the case of goods bought for personal, family, or household purposes, the buyer's right of replevin vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver. [2013 c 23 § 169; 2000 c 250 § 9A-807; 1965 ex.s. c 157 § 2-716. Cf. former RCW 63.04.690; 1925 ex.s. c 142 § 68; RRS § 5836-68.]

Replevin: Chapter 7.64 RCW.

62A.2-717 Deduction of damages from the price. The buyer on notifying the seller of his or her intention to do so may deduct all or any part of the damages resulting from any breach of the contract from any part of the price still due under the same contract. [2013 c 23 § 170; 1965 ex.s. c 157 § 2-717. Cf. former RCW 63.04.700(1)(a); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-718 Liquidation or limitation of damages; deposits. (1) Damages for breach by either party may be liquidated in the agreement but only at an amount which is reasonable in the light of the anticipated or actual harm caused by the breach, the difficulties of proof of loss, and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy. A term fixing unreasonably large liquidated damages is void as a penalty.

(2) Where the seller justifiably withholds delivery of goods because of the buyer's breach, the buyer is entitled to restitution of any amount by which the sum of his or her payments exceeds:

(a) The amount to which the seller is entitled by virtue of terms liquidating the seller's damages in accordance with subsection (1) of this section, or

(b) In the absence of such terms, twenty per cent of the value of the total performance for which the buyer is obligated under the contract or five hundred dollars, whichever is smaller.

(3) The buyer's right to restitution under subsection (2) of this section is subject to offset to the extent that the seller establishes:

(a) A right to recover damages under the provisions of this Article other than subsection (1) of this section, and

(b) The amount or value of any benefits received by the buyer directly or indirectly by reason of the contract.

(4) Where a seller has received payment in goods, their reasonable value or the proceeds of their resale shall be treated as payments for the purposes of subsection (2) of this section; but if the seller has notice of the buyer's breach before reselling goods received in part performance, his or her resale is subject to the conditions laid down in this Article on resale by an aggrieved seller (RCW 62A.2-706). [2013 c 23 § 171; 1965 ex.s. c 157 § 2-718.]

62A.2-722 Who can sue third parties for injury to goods. Where a third party so deals with goods which have been identified to a contract for sale as to cause actionable injury to a party to that contract:

(a) A right of action against the third party is in either party to the contract for sale who has title to or a security interest or a special property or an insurable interest in the goods; and if the goods have been destroyed or converted a right of action is also in the party who either bore the risk of loss under the contract for sale or has since the injury assumed that risk as against the other;

(b) If at the time of the injury the party plaintiff did not bear the risk of loss as against the other party to the contract for sale and there is no arrangement between them for disposition of the recovery, his or her suit or settlement is, subject to his or her own interest, as a fiduciary for the other party to the contract;

(c) Either party may with the consent of the other sue for the benefit of whom it may concern. [2013 c 23 § 172; 1965 ex.s. c 157 § 2-722.]

62A.2-723 Proof of market price: Time and place.

(1) If an action based on anticipatory repudiation comes to trial before the time for performance with respect to some or all of the goods, any damages based on market price (RCW 62A.2-708 or 62A.2-713) shall be determined according to the price of such goods prevailing at the time when the aggrieved party learned of the repudiation.

(2) If evidence of a price prevailing at the times or places described in this Article is not readily available, the price prevailing within any reasonable time before or after the time described or at any other place which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the cost of transporting the goods to or from such other place.

(3) Evidence of a relevant price prevailing at a time or place other than the one described in this Article offered by

one party is not admissible unless and until he or she has given the other party such notice as the court finds sufficient to prevent unfair surprise. [2013 c 23 § 173; 1965 ex.s. c 157 § 2-723.]

62A.4A-103 Payment order—Definitions. (a) In this Article:

(1) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, electronically, or in writing, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:

(i) The instruction does not state a condition to payment to the beneficiary other than time of payment;

(ii) The receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender; and

(iii) The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.

(2) "Beneficiary" means the person to be paid by the beneficiary's bank.

(3) "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.

(4) "Receiving bank" means the bank to which the sender's instruction is addressed.

(5) "Sender" means the person giving the instruction to the receiving bank.

(b) If an instruction complying with subsection (a)(1) of this section is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.

(c) A payment order is issued when it is sent to the receiving bank. [2013 c 118 § 2; 1991 sp.s. c 21 § 4A-103.]

62A.4A-104 Funds transfer—Definitions. In this Article:

(a) "Funds transfer" means the series of transactions, beginning with the originator's payment order, made for the purpose of making payment to the beneficiary of the order. The term includes any payment order issued by the originator's bank or an intermediary bank intended to carry out the originator's payment order. A funds transfer is completed by acceptance by the beneficiary's bank of a payment order for the benefit of the beneficiary of the originator's payment order.

(b) "Intermediary bank" means a receiving bank other than the originator's bank or the beneficiary's bank.

(c) "Originator" means the sender of the first payment order in a funds transfer.

(d) "Originator's bank" means (i) the receiving bank to which the payment order of the originator is issued if the originator is not a bank, or (ii) the originator if the originator is a bank. [2013 c 118 § 3; 1991 sp.s. c 21 § 4A-104.]

62A.4A-105 Other definitions. (a) In this Article:

(1) "Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of that account.

(2) "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this Article.

(3) "Customer" means a person, including a bank, having an account with a bank or from whom a bank has agreed to receive payment orders.

(4) "Funds-transfer business day" of a receiving bank means the part of a day during which the receiving bank is open for the receipt, processing, and transmittal of payment orders and cancellations and amendments of payment orders.

(5) "Funds-transfer system" means a wire transfer network, automated clearing house, or other communication system of a clearing house or other association of banks through which a payment order by a bank may be transmitted to the bank to which the order is addressed.

(6) [Reserved.]

(7) "Prove" with respect to a fact means to meet the burden of establishing the fact (RCW 62A.1-201(b)(8)).

(d) In addition, Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article. [2013 c 118 § 4; 2012 c 214 § 1201; 1991 sp.s. c 21 § 4A-105.]

Application—Savings—2012 c 214: See notes following RCW 62A.1-101.

62A.4A-106 Time payment order is received. (a) The time of receipt of a payment order or communication canceling or amending a payment order is determined by the rules applicable to receipt of a notice stated in RCW 62A.1-202. A receiving bank may fix a cut-off time or times on a funds-transfer business day for the receipt and processing of payment orders and communications canceling or amending payment orders. Different cut-off times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cut-off time may apply to senders generally or different cut-off times may apply to different senders or categories of payment orders. If a payment order or communication canceling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cut-off time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

(b) If this Article refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this Article. [2013 c 118 § 5; 2012 c 214 § 1202; 1991 sp.s. c 21 § 4A-106.]

Application—Savings—2012 c 214: See notes following RCW 62A.1-101.

62A.4A-108 Relationship to electronic fund transfer act. (a) Except as provided in subsection (b) of this section, this Article does not apply to a funds transfer any part of which is governed by the Electronic Fund Transfer Act of 1978 (Title XX, P.L. 95-630, 92 Stat. 3728, 15 U.S.C. Sec. 1693 et seq.).

(b) This Article applies to a funds transfer that is a remittance transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693o-1), unless the remittance transfer is an electronic fund transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693a).

(c) In a funds transfer to which this Article applies, in the event of an inconsistency between an applicable provision of this Article and an applicable provision of the Electronic Fund Transfer Act, the provision of the Electronic Fund Transfer Act governs to the extent of the inconsistency. [2013 c 118 § 1; 1991 sp.s. c 21 § 4A-108.]

62A.4A-202 Authorized and verified payment orders. (a) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if (i) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and (ii) the bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if (i) the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and (ii) the customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name, and accepted by the bank in compliance with the security procedure chosen by the customer.

(d) The term "sender" in this Article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (a) of this section, or it is effective as the order of the customer under subsection (b) of this section.

(e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(f) Except as provided in this section and RCW 62A.4A-203(a)(1), rights and obligations arising under this section or RCW 62A.4A-203 may not be varied by agreement. [2013 c 118 § 6; 1991 sp.s. c 21 § 4A-202.]

62A.4A-203 Unenforceability of certain verified payment orders. (a) If an accepted payment order is not, under RCW 62A.4A-202(a), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to RCW 62A.4A-202(b), the following rules apply.

(1) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(2) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(b) This section applies to amendments of payment orders to the same extent it applies to payment orders. [2013 c 118 § 7; 1991 sp.s. c 21 § 4A-203.]

62A.4A-204 Refund of payment and duty of customer to report with respect to unauthorized payment order. (a) If a receiving bank accepts a payment order issued in the name of its customer as sender which is (i) not authorized and not effective as the order of the customer under RCW 62A.4A-202, or (ii) not enforceable, in whole or in part, against the customer under RCW 62A.4A-203, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the date the customer received notification from the bank that the order was accepted or that the customer's account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(b) Reasonable time under subsection (a) of this section may be fixed by agreement as stated in RCW 62A.1-302(b), but the obligation of a receiving bank to refund payment as stated in subsection (a) of this section may not otherwise be varied by agreement. [2013 c 118 § 8; 2012 c 214 § 1203; 1991 sp.s. c 21 § 4A-204.]

Application—Savings—2012 c 214: See notes following RCW 62A.1-101.

62A.4A-205 Erroneous payment orders. (a) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order (i) erroneously instructed payment to a beneficiary not intended by the sender, (ii) erroneously instructed payment in an amount greater than the amount intended by the sender, or (iii) was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

(1) If the sender proves that the sender or a person acting on behalf of the sender pursuant to RCW 62A.4A-206 complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in paragraphs (2) and (3) of this subsection.

(2) If the funds transfer is completed on the basis of an erroneous payment order described in clause (i) or (iii) of this subsection (a), the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(3) If the funds transfer is completed on the basis of a payment order described in clause (ii) of this subsection (a), the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

(b) If (i) the sender of an erroneous payment order described in subsection (a) of this section is not obliged to pay all or part of the order, and (ii) the sender receives notification from the receiving bank that the order was accepted by the bank or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety days, after the bank's notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the liability of the sender may not exceed the amount of the sender's order.

(c) This section applies to amendments to payment orders to the same extent it applies to payment orders. [2013 c 118 § 9; 1991 sp.s. c 21 § 4A-205.]

62A.4A-206 Transmission of payment order through funds-transfer or other communication system. (a) If a payment order addressed to a receiving bank is transmitted to a funds-transfer system or other third-party communication system for transmittal to the bank, the system is deemed to be an agent of the sender for the purpose of transmitting the payment order to the bank. If there is a discrepancy between the terms of the payment order transmitted to the system and the terms of the payment order transmitted by the system to the bank, the terms of the payment order of the sender are those

transmitted by the system. This section does not apply to a funds-transfer system of the federal reserve banks.

(b) This section applies to cancellations and amendments of payment orders to the same extent it applies to payment orders. [2013 c 118 § 10; 1991 sp.s. c 21 § 4A-206.]

62A.4A-207 Misdescription of beneficiary. (a) Subject to subsection (b) of this section, if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(b) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(1) Except as otherwise provided in subsection (c) of this section, if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

(2) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(c) If (i) a payment order described in subsection (b) of this section is accepted, (ii) the originator's payment order described the beneficiary inconsistently by name and number, and (iii) the beneficiary's bank pays the person identified by number as permitted by subsection (b)(1) of this section, the following rules apply:

(1) If the originator is a bank, the originator is obliged to pay its order.

(2) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(d) In a case governed by subsection (b)(1) of this section, if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(1) If the originator is obliged to pay its payment order as stated in subsection (c) of this section, the originator has the right to recover.

(2) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover. [2013 c 118 § 11; 1991 sp.s. c 21 § 4A-207.]

62A.4A-208 Misdescription of intermediary bank or beneficiary's bank. (a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

(1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

(2) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

(1) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (b)(1) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(3) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(4) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in RCW 62A.4A-302(a)(1). [2013 c 118 § 12; 1991 sp.s. c 21 § 4A-208.]

62A.4A-209 Acceptance of payment order. (a) Subject to subsection (d) of this section, a receiving bank other than the beneficiary's bank accepts a payment order when it executes the order.

(b) Subject to subsections (c) and (d) of this section, a beneficiary's bank accepts a payment order at the earliest of the following times:

(1) When the bank (i) pays the beneficiary as stated in RCW 62A.4A-405 (a) or (b) or (ii) notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with respect to the order may not be withdrawn or used until receipt of payment from the sender of the order;

(2) When the bank receives payment of the entire amount of the sender's order pursuant to RCW 62A.4A-403(a) (1) or (2); or

(3) The opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender's order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within (i) one hour after that time, or (ii) one hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

(c) Acceptance of a payment order cannot occur before the order is received by the receiving bank. Acceptance does not occur under subsection (b)(2) or (3) of this section if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary's account.

(d) A payment order issued to the originator's bank cannot be accepted until the payment date if the bank is the beneficiary's bank, or the execution date if the bank is not the beneficiary's bank. If the originator's bank executes the originator's payment order before the execution date or pays the beneficiary of the originator's payment order before the payment date and the payment order is subsequently canceled pursuant to RCW 62A.4A-211(b), the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution. [2013 c 118 § 13; 1991 sp.s. c 21 § 4A-209.]

62A.4A-210 Rejection of payment order. (a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means

to be used to reject a payment order, (i) any means complying with the agreement is reasonable and (ii) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(b) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to RCW 62A.4A-211(d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(c) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order. [2013 c 118 § 14; 1991 sp.s. c 21 § 4A-210.]

62A.4A-211 Cancellation and amendment of payment order. (a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(b) Subject to subsection (a) of this section, a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

(1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the

beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(f) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorneys' fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(h) A funds-transfer system rule is not effective to the extent it conflicts with subsection (c)(2) of this section. [2013 c 118 § 15; 1991 sp.s. c 21 § 4A-211.]

62A.4A-212 Liability and duty of receiving bank regarding unaccepted payment order. If a receiving bank fails to accept a payment order that it is obliged by express agreement to accept, the bank is liable for breach of the agreement to the extent provided in the agreement or in this Article, but does not otherwise have any duty to accept a payment order or, before acceptance, to take any action, or refrain from taking action, with respect to the order except as provided in this Article or by express agreement. Liability based on acceptance arises only when acceptance occurs as stated in RCW 62A.4A-209, and liability is limited to that provided in this Article. A receiving bank is not the agent of the sender or beneficiary of the payment order it accepts, or of any other party to the funds transfer, and the bank owes no duty to any party to the funds transfer except as provided in this Article or by express agreement. [2013 c 118 § 16; 1991 sp.s. c 21 § 4A-212.]

62A.4A-301 Execution and execution date. (a) A payment order is "executed" by the receiving bank when it issues a payment order intended to carry out the payment order received by the bank. A payment order received by the beneficiary's bank can be accepted but cannot be executed.

(b) "Execution date" of a payment order means the day on which the receiving bank may properly issue a payment order in execution of the sender's order. The execution date

may be determined by instruction of the sender but cannot be earlier than the day the order is received and, unless otherwise determined, is the day the order is received. If the sender's instruction states a payment date, the execution date is the payment date or an earlier date on which execution is reasonably necessary to allow payment to the beneficiary on the payment date. [2013 c 118 § 17; 1991 sp.s. c 21 § 4A-301.]

62A.4A-302 Obligations of receiving bank in execution of payment order. (a) Except as provided in subsections (b) through (d) of this section, if the receiving bank accepts a payment order pursuant to RCW 62A.4A-209(a), the bank has the following obligations in executing the order.

(1) The receiving bank is obliged to issue, on the execution date, a payment order complying with the sender's order and to follow the sender's instructions concerning (i) any intermediary bank or funds-transfer system to be used in carrying out the funds transfer, or (ii) the means by which payment orders are to be transmitted in the funds transfer. If the originator's bank issues a payment order to an intermediary bank, the originator's bank is obliged to instruct the intermediary bank according to the instruction of the originator. An intermediary bank in the funds transfer is similarly bound by an instruction given to it by the sender of the payment order it accepts.

(2) If the sender's instruction states that the funds transfer is to be carried out telephonically or by wire transfer or otherwise indicates that the funds transfer is to be carried out by the most expeditious means, the receiving bank is obliged to transmit its payment order by the most expeditious available means, and to instruct any intermediary bank accordingly. If a sender's instruction states a payment date, the receiving bank is obliged to transmit its payment order at a time and by means reasonably necessary to allow payment to the beneficiary on the payment date or as soon thereafter as is feasible.

(b) Unless otherwise instructed, a receiving bank executing a payment order may (i) use any funds-transfer system if use of that system is reasonable in the circumstances, and (ii) issue a payment order to the beneficiary's bank or to an intermediary bank through which a payment order conforming to the sender's order can expeditiously be issued to the beneficiary's bank if the receiving bank exercises ordinary care in the selection of the intermediary bank. A receiving bank is not required to follow an instruction of the sender designating a funds-transfer system to be used in carrying out the funds transfer if the receiving bank, in good faith, determines that it is not feasible to follow the instruction or that following the instruction would unduly delay completion of the funds transfer.

(c) Unless subsection (a)(2) of this section applies or the receiving bank is otherwise instructed, the bank may execute a payment order by transmitting its payment order by first class mail or by any means reasonable in the circumstances. If the receiving bank is instructed to execute the sender's order by transmitting its payment order by a particular means, the receiving bank may issue its payment order by the means stated or by any means as expeditious as the means stated.

(d) Unless instructed by the sender, (i) the receiving bank may not obtain payment of its charges for services and

expenses in connection with the execution of the sender's order by issuing a payment order in an amount equal to the amount of the sender's order less the amount of the charges, and (ii) may not instruct a subsequent receiving bank to obtain payment of its charges in the same manner. [2013 c 118 § 18; 1991 sp.s. c 21 § 4A-302.]

62A.4A-303 Erroneous execution of payment order.

(a) A receiving bank that (i) executes the payment order of the sender by issuing a payment order in an amount greater than the amount of the sender's order, or (ii) issues a payment order in execution of the sender's order and then issues a duplicate order, is entitled to payment of the amount of the sender's order under RCW 62A.4A-402(c) if that subsection is otherwise satisfied. The bank is entitled to recover from the beneficiary of the erroneous order the excess payment received to the extent allowed by the law governing mistake and restitution.

(b) A receiving bank that executes the payment order of the sender by issuing a payment order in an amount less than the amount of the sender's order is entitled to payment of the amount of the sender's order under RCW 62A.4A-402(c) if (i) that subsection is otherwise satisfied and (ii) the bank corrects its mistake by issuing an additional payment order for the benefit of the beneficiary of the sender's order. If the error is not corrected, the issuer of the erroneous order is entitled to receive or retain payment from the sender of the order it accepted only to the extent of the amount of the erroneous order. This subsection does not apply if the receiving bank executes the sender's payment order by issuing a payment order in an amount less than the amount of the sender's order for the purpose of obtaining payment of its charges for services and expenses pursuant to instruction of the sender.

(c) If a receiving bank executes the payment order of the sender by issuing a payment order to a beneficiary different from the beneficiary of the sender's order and the funds transfer is completed on the basis of that error, the sender of the payment order that was erroneously executed and all previous senders in the funds transfer are not obliged to pay the payment orders they issued. The issuer of the erroneous order is entitled to recover from the beneficiary of the order the payment received to the extent allowed by the law governing mistake and restitution. [2013 c 118 § 19; 1991 sp.s. c 21 § 4A-303.]

62A.4A-304 Duty of sender to report erroneously executed payment order. If the sender of a payment order that is erroneously executed as stated in RCW 62A.4A-303 receives notification from the receiving bank that the order was executed or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care to determine, on the basis of information available to the sender, that the order was erroneously executed and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the notification from the bank was received by the sender. If the sender fails to perform that duty, the bank is not obliged to pay interest on any amount refundable to the sender under RCW 62A.4A-402(d) for the period before the bank learns of the execution error. The bank is not entitled to any recovery from the sender on

account of a failure by the sender to perform the duty stated in this section. [2013 c 118 § 20; 1991 sp.s. c 21 § 4A-304.]

62A.4A-305 Liability for late or improper execution or failure to execute payment order. (a) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of RCW 62A.4A-302 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(b) If execution of a payment order by a receiving bank in breach of RCW 62A.4A-302 results in (i) noncompletion of the funds transfer, (ii) failure to use an intermediary bank designated by the originator, or (iii) issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered by subsection (a) of this section, resulting from the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(c) In addition to the amounts payable under subsections (a) and (b) of this section, damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank.

(d) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, but are not otherwise recoverable.

(e) Reasonable attorneys' fees are recoverable if demand for compensation under subsection (a) or (b) of this section is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection (d) of this section and the agreement does not provide for damages, reasonable attorneys' fees are recoverable if demand for compensation under subsection (d) of this section is made and refused before an action is brought on the claim.

(f) Except as stated in this section, the liability of a receiving bank under subsections (a) and (b) of this section may not be varied by agreement. [2013 c 118 § 21; 1991 sp.s. c 21 § 4A-305.]

62A.4A-402 Obligation of sender to pay receiving bank. (a) This section is subject to RCW 62A.4A-205 and 62A.4A-207.

(b) With respect to a payment order issued to the beneficiary's bank, acceptance of the order by the bank obliges the sender to pay the bank the amount of the order, but payment is not due until the payment date of the order.

(c) This subsection is subject to subsection (e) of this section and to RCW 62A.4A-303. With respect to a payment order issued to a receiving bank other than the beneficiary's bank, acceptance of the order by the receiving bank obliges the sender to pay the bank the amount of the sender's order. Payment by the sender is not due until the execution date of

the sender's order. The obligation of that sender to pay its payment order is excused if the funds transfer is not completed by acceptance by the beneficiary's bank of a payment order instructing payment to the beneficiary of that sender's payment order.

(d) If the sender of a payment order pays the order and was not obliged to pay all or part of the amount paid, the bank receiving payment is obliged to refund payment to the extent the sender was not obliged to pay. Except as provided in RCW 62A.4A-204 and 62A.4A-304, interest is payable on the refundable amount from the date of payment.

(e) If a funds transfer is not completed as stated in (c) of this section and an intermediary bank is obliged to refund payment as stated in subsection (d) of this section but is unable to do so because not permitted by applicable law or because the bank suspends payments, a sender in the funds transfer that executed a payment order in compliance with an instruction, as stated in RCW 62A.4A-302(a)(1), to route the funds transfer through that intermediary bank is entitled to receive or retain payment from the sender of the payment order that it accepted. The first sender in the funds transfer that issued an instruction requiring routing through that intermediary bank is subrogated to the right of the bank that paid the intermediary bank to refund as stated in subsection (d) of this section.

(f) The right of the sender of a payment order to be excused from the obligation to pay the order as stated in subsection (c) of this section or to receive refund under subsection (d) of this section may not be varied by agreement. [2013 c 118 § 22; 1991 sp.s. c 21 § 4A-402.]

62A.4A-403 Payment by sender to receiving bank.

(a) Payment of the sender's obligation under RCW 62A.4A-402 to pay the receiving bank occurs as follows:

(1) If the sender is a bank, payment occurs when the receiving bank receives final settlement of the obligation through a federal reserve bank or through a funds-transfer system.

(2) If the sender is a bank and the sender (i) credited an account of the receiving bank with the sender, or (ii) caused an account of the receiving bank in another bank to be credited, payment occurs when the credit is withdrawn or, if not withdrawn, at midnight of the day on which the credit is withdrawable and the receiving bank learns of that fact.

(3) If the receiving bank debits an account of the sender with the receiving bank, payment occurs when the debit is made to the extent the debit is covered by a withdrawable credit balance in the account.

(b) If the sender and receiving bank are members of a funds-transfer system that nets obligations multilaterally among participants, the receiving bank receives final settlement when settlement is complete in accordance with the rules of the system. The obligation of the sender to pay the amount of a payment order transmitted through the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against the sender's obligation the right of the sender to receive payment from the receiving bank of the amount of any other payment order transmitted to the sender by the receiving bank through the funds-transfer system. The aggregate balance of obligations owed by each sender to each receiving bank in the

funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against that balance the aggregate balance of obligations owed to the sender by other members of the system. The aggregate balance is determined after the right of setoff stated in the second sentence of this subsection has been exercised.

(c) If two banks transmit payment orders to each other under an agreement that settlement of the obligations of each bank to the other under RCW 62A.4A-402 will be made at the end of the day or other period, the total amount owed with respect to all orders transmitted by one bank shall be set off against the total amount owed with respect to all orders transmitted by the other bank. To the extent of the setoff, each bank has made payment to the other.

(d) In a case not covered by subsection (a) of this section, the time when payment of the sender's obligation under RCW 62A.4A-402 (b) or (c) occurs is governed by applicable principles of law that determine when an obligation is satisfied. [2013 c 118 § 23; 1991 sp.s. c 21 § 4A-403.]

62A.4A-404 Obligation of beneficiary's bank to pay and give notice to beneficiary.

(a) Subject to RCW 62A.4A-211(e), 62A.4A-405(d), and 62A.4A-405(e), if a beneficiary's bank accepts a payment order, the bank is obliged to pay the amount of the order to the beneficiary of the order. Payment is due on the payment date of the order, but if acceptance occurs on the payment date after the close of the funds-transfer business day of the bank, payment is due on the next funds-transfer business day. If the bank refuses to pay after demand by the beneficiary and receipt of notice of particular circumstances that will give rise to consequential damages as a result of nonpayment, the beneficiary may recover damages resulting from the refusal to pay to the extent the bank had notice of the damages, unless the bank proves that it did not pay because of a reasonable doubt concerning the right of the beneficiary to payment.

(b) If a payment order accepted by the beneficiary's bank instructs payment to an account of the beneficiary, the bank is obliged to notify the beneficiary of receipt of the order before midnight of the next funds-transfer business day following the payment date. If the payment order does not instruct payment to an account of the beneficiary, the bank is required to notify the beneficiary only if notice is required by the order. Notice may be given by first-class mail or any other means reasonable in the circumstances. If the bank fails to give the required notice, the bank is obliged to pay interest to the beneficiary on the amount of the payment order from the day notice should have been given until the day the beneficiary learned of receipt of the payment order by the bank. No other damages are recoverable. Reasonable attorneys' fees are also recoverable if demand for interest is made and refused before an action is brought on the claim.

(c) The right of a beneficiary to receive payment and damages as stated in subsection (a) of this section may not be varied by agreement or a funds-transfer system rule. The right of a beneficiary to be notified as stated in subsection (b) of this section may be varied by agreement of the beneficiary or by a funds-transfer system rule if the beneficiary is notified of the rule before initiation of the funds transfer. [2013 c 118 § 24; 1991 sp.s. c 21 § 4A-404.]

62A.4A-405 Payment by beneficiary's bank to beneficiary. (a) If the beneficiary's bank credits an account of the beneficiary of a payment order, payment of the bank's obligation under RCW 62A.4A-404(a) occurs when and to the extent (i) the beneficiary is notified of the right to withdraw the credit, (ii) the bank lawfully applies the credit to a debt of the beneficiary, or (iii) funds with respect to the order are otherwise made available to the beneficiary by the bank.

(b) If the beneficiary's bank does not credit an account of the beneficiary of a payment order, the time when payment of the bank's obligation under RCW 62A.4A-404(a) occurs is governed by principles of law that determine when an obligation is satisfied.

(c) Except as stated in subsections (d) and (e) of this section, if the beneficiary's bank pays the beneficiary of a payment order under a condition to payment or agreement of the beneficiary giving the bank the right to recover payment from the beneficiary if the bank does not receive payment of the order, the condition to payment or agreement is not enforceable.

(d) A funds-transfer system rule may provide that payments made to beneficiaries of funds transfers made through the system are provisional until receipt of payment by the beneficiary's bank of the payment order it accepted. A beneficiary's bank that makes a payment that is provisional under the rule is entitled to refund from the beneficiary if (i) the rule requires that both the beneficiary and the originator be given notice of the provisional nature of the payment before the funds transfer is initiated, (ii) the beneficiary, the beneficiary's bank and the originator's bank agreed to be bound by the rule, and (iii) the beneficiary's bank did not receive payment of the payment order that it accepted. If the beneficiary is obliged to refund payment to the beneficiary's bank, acceptance of the payment order by the beneficiary's bank is nullified and no payment by the originator of the funds transfer to the beneficiary occurs under RCW 62A.4A-406.

(e) This subsection applies to a funds transfer that includes a payment order transmitted over a funds-transfer system that (i) nets obligations multilaterally among participants, and (ii) has in effect a loss-sharing agreement among participants for the purpose of providing funds necessary to complete settlement of the obligations of one or more participants that do not meet their settlement obligations. If the beneficiary's bank in the funds transfer accepts a payment order and the system fails to complete settlement pursuant to its rules with respect to any payment order in the funds transfer, (i) the acceptance by the beneficiary's bank is nullified and no person has any right or obligation based on the acceptance, (ii) the beneficiary's bank is entitled to recover payment from the beneficiary, (iii) no payment by the originator to the beneficiary occurs under RCW 62A.4A-406, and (iv) subject to RCW 62A.4A-402(e), each sender in the funds transfer is excused from its obligation to pay its payment order under RCW 62A.4A-402(c) because the funds transfer has not been completed. [2013 c 118 § 25; 1991 sp.s. c 21 § 4A-405.]

62A.4A-406 Payment by originator to beneficiary; discharge of underlying obligation. (a) Subject to RCW 62A.4A-211(e), 62A.4A-405(d), and 62A.4A-405(e), the originator of a funds transfer pays the beneficiary of the orig-

inator's payment order (i) at the time a payment order for the benefit of the beneficiary is accepted by the beneficiary's bank in the funds transfer and (ii) in an amount equal to the amount of the order accepted by the beneficiary's bank, but not more than the amount of the originator's order.

(b) If payment under subsection (a) of this section is made to satisfy an obligation, the obligation is discharged to the same extent discharge would result from payment to the beneficiary of the same amount in money, unless (i) the payment under subsection (a) of this section was made by a means prohibited by the contract of the beneficiary with respect to the obligation, (ii) the beneficiary, within a reasonable time after receiving notice of receipt of the order by the beneficiary's bank, notified the originator of the beneficiary's refusal of the payment, (iii) funds with respect to the order were not withdrawn by the beneficiary or applied to a debt of the beneficiary, and (iv) the beneficiary would suffer a loss that could reasonably have been avoided if payment had been made by a means complying with the contract. If payment by the originator does not result in discharge under this section, the originator is subrogated to the rights of the beneficiary to receive payment from the beneficiary's bank under RCW 62A.4A-404(a).

(c) For the purpose of determining whether discharge of an obligation occurs under subsection (b) of this section, if the beneficiary's bank accepts a payment order in an amount equal to the amount of the originator's payment order less charges of one or more receiving banks in the funds transfer, payment to the beneficiary is deemed to be in the amount of the originator's order unless upon demand by the beneficiary the originator does not pay the beneficiary the amount of the deducted charges.

(d) Rights of the originator or of the beneficiary of a funds transfer under this section may be varied only by agreement of the originator and the beneficiary. [2013 c 118 § 26; 1991 sp.s. c 21 § 4A-406.]

62A.4A-501 Variation by agreement and effect of funds-transfer system rule. (a) Except as otherwise provided in this Article, the rights and obligations of a party to a funds transfer may be varied by agreement of the affected party.

(b) "Funds-transfer system rule" means a rule of an association of banks (i) governing transmission of payment orders by means of a funds-transfer system of the association or rights and obligations with respect to those orders, or (ii) to the extent the rule governs rights and obligations between banks that are parties to a funds transfer in which a federal reserve bank, acting as an intermediary bank, sends a payment order to the beneficiary's bank. Except as otherwise provided in this Article, a funds-transfer system rule governing rights and obligations between participating banks using the system may be effective even if the rule conflicts with this Article and indirectly affects another party to the funds transfer who does not consent to the rule. A funds-transfer system rule may also govern rights and obligations of parties other than participating banks using the system to the extent stated in RCW 62A.4A-404(c), 62A.4A-405(d), and 62A.4A-507(c). [2013 c 118 § 27; 1991 sp.s. c 21 § 4A-501.]

62A.4A-502 Creditor process served on receiving bank; setoff by beneficiary's bank. (a) As used in this section, "creditor process" means levy, attachment, garnishment, notice of lien, sequestration, or similar process issued by or on behalf of a creditor or other claimant with respect to an account.

(b) This subsection applies to creditor process with respect to an authorized account of the sender of a payment order if the creditor process is served on the receiving bank. For the purpose of determining rights with respect to the creditor process, if the receiving bank accepts the payment order the balance in the authorized account is deemed to be reduced by the amount of the payment order to the extent the bank did not otherwise receive payment of the order, unless the creditor process is served at a time and in a manner affording the bank a reasonable opportunity to act on it before the bank accepts the payment order.

(c) If a beneficiary's bank has received a payment order for payment to the beneficiary's account in the bank, the following rules apply:

(1) The bank may credit the beneficiary's account. The amount credited may be set off against an obligation owed by the beneficiary to the bank or may be applied to satisfy creditor process served on the bank with respect to the account.

(2) The bank may credit the beneficiary's account and allow withdrawal of the amount credited unless creditor process with respect to the account is served at a time and in a manner affording the bank a reasonable opportunity to act to prevent withdrawal.

(3) If creditor process with respect to the beneficiary's account has been served and the bank has had a reasonable opportunity to act on it, the bank may not reject the payment order except for a reason unrelated to the service of process.

(d) Creditor process with respect to a payment by the originator to the beneficiary pursuant to a funds transfer may be served only on the beneficiary's bank with respect to the debt owed by that bank to the beneficiary. Any other bank served with the creditor process is not obliged to act with respect to the process. [2013 c 118 § 28; 1991 sp.s. c 21 § 4A-502.]

62A.4A-503 Injunction or restraining order with respect to funds transfer. For proper cause and in compliance with applicable law, a court may restrain (i) a person from issuing a payment order to initiate a funds transfer, (ii) an originator's bank from executing the payment order of the originator, or (iii) the beneficiary's bank from releasing funds to the beneficiary or the beneficiary from withdrawing the funds. A court may not otherwise restrain a person from issuing a payment order, paying or receiving payment of a payment order, or otherwise acting with respect to a funds transfer. [2013 c 118 § 29; 1991 sp.s. c 21 § 4A-503.]

62A.4A-504 Order in which items and payment orders may be charged to account; order of withdrawals from account. (a) If a receiving bank has received more than one payment order of the sender or one or more payment orders and other items that are payable from the sender's account, the bank may charge the sender's account with respect to the various orders and items in any sequence.

(b) In determining whether a credit to an account has been withdrawn by the holder of the account or applied to a debt of the holder of the account, credits first made to the account are first withdrawn or applied. [2013 c 118 § 30; 1991 sp.s. c 21 § 4A-504.]

62A.4A-506 Rate of interest. (a) If, under this Article, a receiving bank is obliged to pay interest with respect to a payment order issued to the bank, the amount payable may be determined (i) by agreement of the sender and receiving bank, or (ii) by a funds-transfer system rule if the payment order is transmitted through a funds-transfer system.

(b) If the amount of interest is not determined by an agreement or rule as stated in subsection (a) of this section, the amount is calculated by multiplying the applicable federal funds rate by the amount on which interest is payable, and then multiplying the product by the number of days for which interest is payable. The applicable federal funds rate is the average of the federal funds rates published by the federal reserve bank of New York for each of the days for which interest is payable divided by three hundred sixty. The federal funds rate for any day on which a published rate is not available is the same as the published rate for the next preceding day for which there is a published rate. If a receiving bank that accepted a payment order is required to refund payment to the sender of the order because the funds transfer was not completed, but the failure to complete was not due to any fault by the bank, the interest payable is reduced by a percentage equal to the reserve requirement on deposits of the receiving bank. [2013 c 118 § 31; 1991 sp.s. c 21 § 4A-506.]

62A.4A-507 Choice of law. (a) The following rules apply unless the affected parties otherwise agree or subsection (c) of this section applies:

(1) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(2) The rights and obligations between the beneficiary's bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary's bank is located.

(3) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary's bank is located.

(b) If the parties described in each paragraph of subsection (a) of this section have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relation to that jurisdiction.

(c) A funds-transfer system rule may select the law of a particular jurisdiction to govern (i) rights and obligations between participating banks with respect to payment orders transmitted or processed through the system, or (ii) the rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system. A choice of law made pursuant to clause (i) of this subsection is binding on participating banks. A choice of law made pursuant to clause (ii) of this subsection is binding on the originator, other sender, or a receiving bank having notice that the funds-

transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(d) In the event of inconsistency between an agreement under subsection (b) of this section and a choice-of-law rule under subsection (c) of this section, the agreement under subsection (b) of this section prevails.

(e) If a funds transfer is made by use of more than one funds-transfer system and there is inconsistency between choice-of-law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue. [2013 c 118 § 32; 1991 sp.s. c 21 § 4A-507.]

- (3) Indicates the collateral covered by the financing statement.

(b) **Real-property-related financing statements.** Except as otherwise provided in RCW 62A.9A-501(b), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subsection (a) of this section and also:

- (1) Indicate that it covers this type of collateral;
- (2) Indicate that it is to be filed for record in the real property records;
- (3) Provide a description of the real property to which the collateral is related sufficient to give constructive notice of a mortgage under the law of this state if the description were contained in a record of the mortgage of the real property; and
- (4) If the debtor does not have an interest of record in the real property, provide the name of a record owner.

(c) **Record of mortgage as financing statement.** A record of a mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if:

(1) The record indicates the goods or accounts that it covers;

(2) The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;

(3) The record satisfies the requirements for a financing statement in this section, but:

(A) The record need not indicate that it is to be filed in the real property records; and

(B) The record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom RCW 62A.9A-503(a)(4) applies; and

(4) The record is recorded.

(d) **Filing before security agreement or attachment.** A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. [2013 c 118 § 33; 2000 c 250 § 9A-502.]

62A.9A-503 Name of debtor and secured party. (a) **Sufficiency of debtor's name.** A financing statement sufficiently provides the name of the debtor:

(1) Except as otherwise provided in (3) of this subsection (a), if the debtor is a registered organization or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name that is stated to be the registered organization's name on the public organic record most recently filed with or issued or enacted by the registered organization's jurisdiction of organization which purports to state, amend, or restate the registered organization's name;

(2) Subject to subsection (f) of this section, if the collateral is being administered by the personal representative of a decedent, only if the financing statement provides, as the name of the debtor, the name of the decedent and, in a separate part of the financing statement, indicates that the collateral is being administered by a personal representative;

(3) If the collateral is held in a trust that is not a registered organization, only if the financing statement:

(A) Provides, as the name of the debtor:

- (i) If the organic record of the trust specifies a name for the trust, the name specified; or

- (ii) If the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

(B) In a separate part of the financing statement:

- (i) If the name is provided in accordance with (3)(A)(i) of this subsection, indicates that the collateral is held in a trust; or

- (ii) If the name is provided in accordance with (3)(A)(ii) of this subsection, provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates;

(4) Subject to subsection (g) of this section, if the debtor is an individual to whom this state has issued a driver's

license or identification card that has not expired, only if the financing statement provides the name of the individual which is indicated on the driver's license or identification card;

(5) If the debtor is an individual to whom (4) of this subsection (a) does not apply, only if the financing statement provides the individual name of the debtor or the surname and first personal name of the debtor; and

(6) In other cases:

(A) If the debtor has a name, only if the financing statement provides the organizational name of the debtor; and

(B) If the debtor does not have a name, only if the financing statement provides the names of the partners, members, associates, or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) **Additional debtor-related information.** A financing statement that provides the name of the debtor in accordance with subsection (a) of this section is not rendered ineffective by the absence of:

(1) A trade name or other name of the debtor; or

(2) Unless required under subsection (a)(6)(B) of this section, names of partners, members, associates, or other persons comprising the debtor.

(c) **Debtor's trade name insufficient.** A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(d) **Representative capacity.** Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) **Multiple debtors and secured parties.** A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) **Name of decedent.** The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (a)(2) of this section.

(g) **Multiple driver's licenses.** If this state has issued to an individual more than one driver's license or identification card of a kind described in subsection (a)(4) of this section, the one that was issued most recently is the one to which subsection (a)(4) of this section refers.

(h) **Definition.** In this section, the "name of the settlor or testator" means:

(1) If the settlor is a registered organization, the name that is stated to be the settlor's name on the public organic record most recently filed with or issued or enacted by the settlor's jurisdiction of organization which purports to state, amend, or restate the settlor's name; or

64.34.364 Lien for assessments.

64.34.364 Lien for assessments. (1) The association has a lien on a unit for any unpaid assessments levied against a unit from the time the assessment is due.

(2) A lien under this section shall be prior to all other liens and encumbrances on a unit except: (a) Liens and encumbrances recorded before the recording of the declaration; (b) a mortgage on the unit recorded before the date on which the assessment sought to be enforced became delinquent; and (c) liens for real property taxes and other governmental assessments or charges against the unit. A lien under this section is not subject to the provisions of chapter 6.13 RCW.

(3) Except as provided in subsections (4) and (5) of this section, the lien shall also be prior to the mortgages described in subsection (2)(b) of this section to the extent of assessments for common expenses, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.34.360(1) which would have become due during the six months immediately preceding the date of a sheriff's sale in an action for judicial foreclosure by either the association or a mortgagee, the date of a trustee's sale in a nonjudicial foreclosure by a mortgagee, or the date of recording of the declaration of forfeiture in a proceeding by the vendor under a real estate contract.

(4) The priority of the association's lien against units encumbered by a mortgage held by an eligible mortgagee or by a mortgagee which has given the association a written request for a notice of delinquent assessments shall be reduced by up to three months if and to the extent that the lien priority under subsection (3) of this section includes delinquencies which relate to a period after such holder becomes an eligible mortgagee or has given such notice and before the

association gives the holder a written notice of the delinquency. This subsection does not affect the priority of mechanics' or material suppliers' liens, or the priority of liens for other assessments made by the association.

(5) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided by subsection (9) of this section, the association shall not be entitled to the lien priority provided for under subsection (3) of this section.

(6) Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same real estate, those liens have equal priority.

(7) Recording of the declaration constitutes record notice and perfection of the lien for assessments. While no further recording of any claim of lien for assessment under this section shall be required to perfect the association's lien, the association may record a notice of claim of lien for assessments under this section in the real property records of any county in which the condominium is located. Such recording shall not constitute the written notice of delinquency to a mortgagee referred to in subsection (2) of this section.

(8) A lien for unpaid assessments and the personal liability for payment of assessments is extinguished unless proceedings to enforce the lien or collect the debt are instituted within three years after the amount of the assessments sought to be recovered becomes due.

(9) The lien arising under this section may be enforced judicially by the association or its authorized representative in the manner set forth in chapter 61.12 RCW. The lien arising under this section may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration (a) contains a grant of the condominium in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, (b) contains a power of sale, (c) provides in its terms that the units are not used principally for agricultural or farming purposes, and (d) provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative shall have the power, unless prohibited by the declaration, to purchase the unit at the foreclosure sale and to acquire, hold, lease, mortgage, or convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption shall be eight months. Nothing in this section shall prohibit an association from taking a deed in lieu of foreclosure.

(10) From the time of commencement of an action by the association to foreclose a lien for nonpayment of delinquent assessments against a unit that is not occupied by the owner thereof, the association shall be entitled to the appointment of a receiver to collect from the lessee thereof the rent for the unit as and when due. If the rental is not paid, the receiver may obtain possession of the unit, refurbish it for rental up to a reasonable standard for rental units in this type of condominium, rent the unit or permit its rental to others, and apply the rents first to the cost of the receivership and attorneys' fees thereof, then to the cost of refurbishing the unit, then to applicable charges, then to costs, fees, and charges of the foreclosure action, and then to the payment of the delinquent assessments. Only a receiver may take possession and collect

rents under this subsection, and a receiver shall not be appointed less than ninety days after the delinquency. The exercise by the association of the foregoing rights shall not affect the priority of preexisting liens on the unit.

(11) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure shall not be liable for assessments or installments thereof that became due prior to such right of possession. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(12) In addition to constituting a lien on the unit, each assessment shall be the joint and several obligation of the owner or owners of the unit to which the same are assessed as of the time the assessment is due. In a voluntary conveyance, the grantee of a unit shall be jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee therefor. Suit to recover a personal judgment for any delinquent assessment shall be maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(13) The association may from time to time establish reasonable late charges and a rate of interest to be charged on all subsequent delinquent assessments or installments thereof. In the absence of another established nonusurious rate, delinquent assessments shall bear interest from the date of delinquency at the maximum rate permitted under RCW 19.52.020 on the date on which the assessments became delinquent.

(14) The association shall be entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in suit being commenced or prosecuted to judgment. In addition, the association shall be entitled to recover costs and reasonable attorneys' fees if it prevails on appeal and in the enforcement of a judgment.

(15) The association upon written request shall furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments against that unit. The statement shall be furnished within fifteen days after receipt of the request and is binding on the association, the board of directors, and every unit owner, unless and to the extent known by the recipient to be false.

(16) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law. [2013 c 23 § 175; 1990 c 166 § 6; 1989 c 43 § 3-117.]

64.38.035 Association meetings—Notice—Board of directors. (1) A meeting of the association must be held at least once each year. Special meetings of the association may be called by the president, a majority of the board of directors, or by owners having ten percent of the votes in the association.

(2) Not less than fourteen nor more than sixty days in advance of any meeting of the association, the secretary or other officers specified in the bylaws shall provide written notice to each owner of record by:

(a) Hand-delivery to the mailing address of the owner or other address designated in writing by the owner;

(b) Prepaid first-class United States mail to the mailing address of the owner or to any other mailing address designated in writing by the owner; or

(c) Electronic transmission to an address, location, or system designated in writing by the owner. Notice to owners by an electronic transmission complies with this section only with respect to those owners who have delivered to the secretary or other officers specified in the bylaws a written record consenting to receive electronically transmitted notices. An owner who has consented to receipt of electronically transmitted notices may revoke the consent at any time by delivering a written record of the revocation to the secretary or other officer specified in the bylaws. Consent is deemed revoked if the secretary or other officer specified in the bylaws is unable to electronically transmit two consecutive notices given in accordance with the consent.

(3) The notice of any meeting shall state the time and place of the meeting and the business to be placed on the agenda by the board of directors for a vote by the owners, including the general nature of any proposed amendment to the articles of incorporation, bylaws, any budget or changes in the previously approved budget that result in a change in assessment obligation, and any proposal to remove a director.

(4) Except as provided in this subsection, all meetings of the board of directors shall be open for observation by all owners of record and their authorized agents. The board of directors shall keep minutes of all actions taken by the board, which shall be available to all owners. Upon the affirmative vote in open meeting to assemble in closed session, the board of directors may convene in closed executive session to consider personnel matters; consult with legal counsel or consider communications with legal counsel; and discuss likely or pending litigation, matters involving possible violations of the governing documents of the association, and matters involving the possible liability of an owner to the association. The motion shall state specifically the purpose for the closed session. Reference to the motion and the stated purpose for the closed session shall be included in the minutes. The board of directors shall restrict the consideration of matters during the closed portions of meetings only to those purposes specifically exempted and stated in the motion. No motion, or other action adopted, passed, or agreed to in closed session may become effective unless the board of directors, follow-

ing the closed session, reconvenes in open meeting and votes in the open meeting on such motion, or other action which is reasonably identified. The requirements of this subsection shall not require the disclosure of information in violation of law or which is otherwise exempt from disclosure. [2013 c 108 § 1; 1995 c 283 § 7.]

LIQUOR CONTROL BOARD— GENERAL PROVISIONS

Sections

- 66.08.250 Report on streamlining liquor tax collection.

66.08.250 Report on streamlining liquor tax collection. By September 30, 2013, and in compliance with RCW 43.01.036, the board and the department of revenue must make recommendations to the legislature that detail the statutory changes necessary to: Streamline the collection of liquor taxes, fees, and reports; and require a singular state agency to be responsible for the collection of this revenue and information. [2013 c 95 § 2.]

Findings—2013 c 95: "The legislature finds that the adoption of Initiative Measure No. 1183 by the voters in 2011 privatized the sale and distribution of spirits in Washington. The legislature also finds that reporting requirements for all liquor taxes and fees are administratively complex and require payment and reporting to multiple state agencies." [2013 c 95 § 1.]

Finding—Application—Rules—Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): See notes following RCW 66.24.620.

66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premise samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (1) There shall be a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, and sell wine of its own production at retail, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for on-premise consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the pur-

pose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection shall be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board shall notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers;

66.24.175 Farmers markets—Wine and beer sampling endorsement. (1) A qualifying farmers market authorized to allow wineries to sell bottled wine at retail under RCW 66.24.170 or microbreweries to sell bottled beer at retail under RCW 66.24.244, or both, may apply to the liquor control board for an endorsement to allow sampling of wine or beer or both. A winery or microbrewery offering samples under this section must have an endorsement from the board to sell wine or beer, as the case may be, of its own production at a qualifying farmers market under RCW 66.24.170 or 66.24.244, respectively.

(2) Samples may be offered only under the following conditions:

(a) No more than three wineries or microbreweries combined may offer samples at a qualifying farmers market per day.

(b) Samples must be two ounces or less. A winery or microbrewery may provide a maximum of two ounces of wine or beer to a customer per day.

(c) A winery or microbrewery may advertise that it offers samples only at its designated booth, stall, or other designated location at the farmers market.

(d) Customers must remain at the designated booth, stall, or other designated location while sampling beer or wine.

(e) Winery and microbrewery licensees and employees who are involved in sampling activities under this section must hold a class 12 or class 13 alcohol server permit.

(f) A winery or microbrewery must have food available for customers to consume while sampling beer or wine, or must be adjacent to a vendor offering prepared food.

(3) The board may establish additional requirements to ensure that persons under twenty-one years of age and apparently intoxicated persons may not possess or consume alcohol under the authority granted in this section.

(4) The board may prohibit sampling at a farmers market that is within the boundaries of an alcohol impact area recognized by resolution of the board if the board finds that the sampling activities at the farmers market have an adverse effect on the reduction of chronic public inebriation in the area.

(5) If a winery or microbrewery is found to have committed a public safety violation in conjunction with tasting activities, the board may suspend the licensee's farmers market endorsement and not reissue the endorsement for up to two years from the date of the violation. If mitigating circumstances exist, the board may offer a monetary penalty in lieu of suspension during a settlement conference.

(6) For the purposes of this section, a "qualifying farmers market" has the same meaning as defined in RCW 66.24.170. However, if a farmers market does not satisfy RCW 66.24.170(5)(g)(i)(B), which requires that the total combined gross annual sales of vendors who are farmers exceed the total combined gross annual sales of vendors who are processors or resellers, a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of vendors at the farmers market is one million dollars or more. [2013 c 238 § 1.]

66.24.244 Microbrewery's license—Fee. (1) There shall be a license for microbreweries; fee to be one hundred dollars for production of less than sixty thousand barrels of malt liquor, including strong beer, per year.

(2) Any microbrewery licensed under this section may also act as a distributor and/or retailer for beer and strong beer of its own production. Strong beer may not be sold at a farmers market or under any endorsement which may authorize microbreweries to sell beer at farmers markets. Any microbrewery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers, except that a microbrewery operating as a distributor may maintain a warehouse off the premises of the microbrewery for the distribution of beer provided that (a) the warehouse has been approved by the board under RCW 66.24.010 and (b) the number of warehouses off the premises of the microbrewery does not exceed one. A microbrewery holding a spirits, beer, and wine restaurant license may sell beer of its own produc-

tion for off-premises consumption from its restaurant premises in kegs or in a sanitary container brought to the premises by the purchaser or furnished by the licensee and filled at the tap by the licensee at the time of sale.

(3) Any microbrewery licensed under this section may also sell beer produced by another microbrewery or a domestic brewery for on and off-premises consumption from its premises as long as the other breweries' brands do not exceed twenty-five percent of the microbrewery's on-tap offering of its own brands.

(4) The board may issue up to two retail licenses allowing a microbrewery to operate an on or off-premise tavern, beer and/or wine restaurant, or spirits, beer, and wine restaurant.

(5) A microbrewery that holds a tavern license, spirits, beer, and wine restaurant license, or a beer and/or wine restaurant license shall hold the same privileges and endorsements as permitted under RCW 66.24.320, 66.24.330, and 66.24.420.

(6)(a) A microbrewery licensed under this section may apply to the board for an endorsement to sell bottled beer of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars.

(b) For each month during which a microbrewery will sell beer at a qualifying farmers market, the microbrewery must provide the board or its designee a list of the dates, times, and locations at which bottled beer may be offered for sale. This list must be received by the board before the microbrewery may offer beer for sale at a qualifying farmers market.

(c) Any person selling or serving beer must obtain a class 12 or class 13 alcohol server permit.

(d) The beer sold at qualifying farmers markets must be produced in Washington.

The approved locations under an endorsement granted under this subsection (6) include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The microbrewery may not store beer at a farmers market beyond the hours that the microbrewery offers bottled beer for sale. The microbrewery may not act as a distributor from a farmers market location.

(f) Before a microbrewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any microbrewery with an endorsement approved under this subsection (6) to sell bottled beer at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved microbrewery may sell bottled beer; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled beer may be sold. Before authorizing a qualifying farmers market to allow an approved microbrewery to sell bottled beer at retail at its farmers market location, the board shall notify the persons or entities of the application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this

subsection (6)(f) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(g) The board may adopt rules establishing the application and approval process under this section and any additional rules necessary to implement this section.

Intent—2013 c 112: "The legislature intends to save lives by increasing timely medical attention to alcohol poisoning victims through the establishment of limited immunity from prosecution for people under the age of twenty-one years who seek medical assistance in alcohol poisoning situations. Dozens of alcohol poisonings occur each year in Washington state. Many of these incidents occur because people delay or forego seeking medical assistance for fear of arrest or police involvement, which researchers continually identify as a significant barrier to the ideal response of calling 911." 67.16.280 Washington horse racing commission operating account.

67.16.200 Parimutuel wagering at satellite locations—Simulcasts. (1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue to participate in parimutuel wagering at a satellite location or locations. The sale of parimutuel pools at satellite locations shall be conducted simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; provided however, the commission may approve two satellite locations in counties with a population exceeding one million. The commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts

of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's or horsewomen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's or horsewomen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in a multijurisdictional common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(c) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing and offering the race.

(7) A licensed nonprofit racing association may be approved to import one simulcast race of regional or national interest on each live race day.

(8) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to

conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

(9) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

(10) A licensee conducting simulcasting under this section shall place signs in the licensee's gambling establishment under RCW 9.46.071. The informational signs concerning problem and compulsive gambling must include a toll-free telephone number for problem and pathological gamblers and be developed under RCW 9.46.071.

(11) Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. Purpose—Intent—2001 c 3 (Initiative Measure No. 728): "The citizens of Washington state expect and deserve great public schools for our generation of school children and for those who will follow. A quality public education system is crucial for our state's future economic success and prosperity, and for our children and their children to lead successful lives.

The purpose of this act is to improve public education and to achieve higher academic standards for all students through smaller class sizes and other improvements. A portion of the state's surplus general fund revenues is dedicated to this purpose.

In 1993, Washington state made a major commitment to improved public education by passing the Washington education reform act. This act established new, higher standards of academic achievement for all students. It also established new levels of accountability for students, teachers, schools, and school districts. However, the K-12 finance system has not been changed to respond to the new standards and individual student needs.

To make higher student achievement a reality, schools need the additional resources and flexibility to provide all students with more individualized quality instruction, more time, and the extra support that they may require. We need to ensure that curriculum, instruction methods, and assessments of student performance are aligned with the new standards and student needs. The current level of state funding does not provide adequate resources to support higher academic achievement for all students. In fact, inflation-adjusted per-student state funding has declined since the legislature adopted the 1993 education reform act.

The erosion of state funding for K-12 education is directly at odds with the state's "paramount duty to make ample provision for the education of all children...." Now is the time to invest some of our surplus state revenues in K-12 education and redirect state lottery funds to education, as was originally intended, so that we can fulfill the state's paramount duty.

Conditions and needs vary across Washington's two hundred ninety-

six school districts. School boards accountable to their local communities should therefore have the flexibility to decide which of the following strategies will be most effective in increasing student performance and in helping students meet the state's new, higher academic standards:

(1) Major reductions in K-4 class size;

(2) Selected class size reductions in grades 5-12, such as small high school writing classes;

(3) Extended learning opportunities for students who need or want additional time in school;

(4) Investments in educators and their professional development;

(5) Early assistance for children who need prekindergarten support in order to be successful in school; and

(6) Providing improvements or additions to facilities to support class size reductions and extended learning opportunities.

REDUCING CLASS SIZE

Smaller classes in the early grades can significantly increase the amount of learning that takes place in the classroom. Washington state now ranks forty-eighth in the nation in its student-teacher ratio. This is unacceptable.

Significant class size reductions will provide our children with more individualized instruction and the attention they need and deserve and will reduce behavioral problems in classrooms. The state's long-term goal should be to reduce class size in grades K-4 to no more than eighteen students per teacher in a class.

The people recognize that class size reduction should be phased-in over several years. It should be accompanied by the necessary funds for school construction and modernization and for high-quality, well-trained teachers.

EXTENDED LEARNING OPPORTUNITIES

Student achievement will also be increased if we expand learning opportunities beyond our traditional-length school day and year. In many school districts, educators and parents want a longer school day, a longer school year, and/or all-day kindergarten to help students improve their academic performance or explore new learning opportunities. In addition, special programs such as before-and-after-school tutoring will help struggling students catch and keep up with their classmates. Extended learning opportunities will be increasingly important as attainment of a certificate of mastery becomes a high school graduation requirement.

TEACHER QUALITY

Key to every student's academic success is a quality teacher in every classroom. Washington state's new standards for student achievement make teacher quality more important than ever. We are asking our teachers to teach more demanding curriculum in new ways, and we are holding our educators and schools to new, higher levels of accountability for student performance. Resources are needed to give teachers the content knowledge and skills to teach to higher standards and to give school leaders the skills to improve instruction and manage organizational change.

The ability of school districts throughout the state to attract and retain the highest quality teaching corps by offering competitive salaries and effective working conditions is an essential element of basic education. The state legislature is responsible for establishing teacher salaries. It is imperative that the legislature fund salary levels that ensure school districts' ability to recruit and retain the highest quality teachers.

EARLY ASSISTANCE

The importance of a child's intellectual development in the first five years has been established by widespread scientific research. This is especially true for children with disabilities and special needs. Providing assistance appropriate to children's developmental needs will enhance the academic achievement of these children in grades K-12. Early assistance will also lessen the need for more expensive remedial efforts in later years.

NO SUPPLANTING OF EXISTING EDUCATION FUNDS

It is the intent of the people that existing state funding for education, including all sources of such funding, shall not be reduced, supplanted, or otherwise adversely impacted by appropriations or expenditures from the *student achievement fund created in RCW 43.135.045 or the education construction fund.

INVESTING SURPLUS IN SCHOOLS UNTIL GOAL MET

It is the intent of the people to invest a portion of state surplus revenues in their schools. This investment should continue until the state's contribution to funding public education achieves a reasonable goal. The goal should reflect the state's paramount duty to make ample provision for the education of all children and our citizens' desire that all students receive a quality education. The people set a goal of per-student state funding for the mainte-

nance and operation of K-12 education being equal to at least ninety percent of the national average per-student expenditure from all sources. When this goal is met, further deposits to the *student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level." [2001 c 3 § 2 (Initiative Measure No. 728, approved November 7, 2000).]

*Reviser's note: The "student achievement fund" created in RCW 43.135.045 was deleted pursuant to 2009 c 479 § 37.

(2) The petition must be signed by at least ten percent of the registered voters in the proposed district. However, in counties with only one municipality the petition must be signed by at least ten percent of the registered voters in the proposed district, based on the total vote cast in the most recent county general election.

(3) The county auditor must, within thirty days from the date of filing of the petition, examine the signatures and certify the sufficiency or insufficiency of the petition.

(4) Notwithstanding subsection (3) of this section, in counties with only one municipality the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition within fifteen days from the date of filing of the petition. If the county auditor certifies that the petition is insufficient, the county auditor must afford the person who filed the petition ten days from that certification to add additional signatures to the petition. The petition must be refiled by the end of that period. Within fifteen days from the date of refiled, the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition.

(6) If the petition is found to contain a sufficient number of valid signatures, the county auditor must transmit it, with a certificate of sufficiency attached, to the county legislative authority, which must thereupon, by resolution entered upon its minutes, receive the petition and fix a day and hour when it will publicly hear the petition.

(7) For the purposes of this section, "municipality" means a city or town. [2013 c 167 § 1; 2008 c 96 § 1; 1994 c 223 § 74; 1947 c 6 § 2; Rem. Supp. 1947 § 3778-151. Formerly RCW 68.16.020.]

68.52.110 Hearing—Place and date. The county legislative authority must conduct a hearing on the petition not less than twenty nor more than forty days from the date of receipt of the petition from the county auditor. The hearing may be completed on the day set for hearing the petition or it may be adjourned from time to time as necessary, but an adjournment may not extend the time for the county legislative authority's determination pursuant to RCW 68.52.140 more than sixty days from the date of receipt of the petition from the county auditor. [2013 c 167 § 2; 1947 c 6 § 3; Rem. Supp. 1947 § 3778-152. Formerly RCW 68.16.030.]

68.52.130 Hearing—Inclusion and exclusion of lands. At the time and place fixed for the hearing on the petition or at any adjournment thereof, the county legislative authority must hear the petition and receive such evidence as it may deem material in favor of or opposed to the formation of the proposed cemetery district or to the inclusion or exclusion of any lands in the proposed district, but no lands not within the boundaries of the proposed district as described in

the petition may be included without a written waiver describing the land, executed by all persons having any interest of record therein, having been filed in the proceedings. No land within the boundaries described in the petition may be excluded from the proposed district. [2013 c 167 § 4; 1947 c 6 § 5; Rem. Supp. 1947 § 3778-154. Formerly RCW 68.16.050.]

68.52.140 Formation of district and election of first commissioners. (1) After conducting the hearing on the petition, if the county legislative authority determines that the formation of the proposed cemetery district will be conducive to the public welfare and convenience, the county legislative authority must by resolution so declare, otherwise the county legislative authority must deny the petition.

(2) If the county legislative authority finds in favor of the formation of the proposed district, the county legislative authority must designate the name and number of the proposed district, fix the boundaries of the proposed district, and cause an election to be held in the proposed district to determine whether the proposed district will be formed under the provisions of this chapter, and to elect the first cemetery district commissioners.

(3) Three cemetery district commissioners must be elected at the election to determine whether the proposed district will be formed, but the election of the commissioners is null and void if the district is not formed. No primary will be held for the office of cemetery district commissioner. A special filing period must be opened as provided in RCW 29A.24.171 and 29A.24.181. Candidates must run for specific commissioner positions. The person receiving the greatest number of votes for each commissioner position is elected to that position. The terms of office of the initial commissioners are as provided in RCW 68.52.220. [2013 c 167 § 5; 1996 c 324 § 3; 1994 c 223 § 75; 1982 c 60 § 2; 1947 c 6 § 6; Rem. Supp. 1947 § 3778-155. Except as otherwise provided in this chapter, the election must insofar as possible be called, noticed, held, conducted, and canvassed in the same manner and by the same officials as provided by law for special elections in the county. The notice of election must: State generally and briefly the purpose of the election; describe the boundaries of the proposed cemetery district; list the names of the candidates for first cemetery district commissioners; and specify the election date. [2013 c 167 § 6; 1947 c 6 § 7; Rem. Supp. 1947 § 3778-156. Formerly RCW 68.16.070.]

Elections: Title 29A RCW.

68.52.170 Canvass of returns—Votes required for district formation. (1) The returns of the election must be canvassed following the election, but the canvass may be adjourned from time to time to await the receipt of election returns. Upon conclusion of the canvass, the canvassing officials must certify the results to the county legislative authority.

(2) The cemetery district is formed if two-thirds of all votes cast at the election were in favor of the formation of the proposed district. However, in counties with only one municipality the district is formed if a majority of all votes

cast at the election were in favor of the formation of the proposed district.

(3) If the proposition to form the proposed district received the voter approval required under this section, the county legislative authority must by resolution recorded in the county legislative authority's minutes: Declare the district formed under the name and number previously designated; and declare the three candidates receiving the highest number of votes for cemetery district commissioners as the duly elected first commissioners of the district. The clerk of the county legislative authority must certify a copy of the resolution and cause it to be filed for record in the offices of the county auditor and the county assessor of the county. The certified copy may be recorded without payment of a recording fee.

(4) If the proposition to form the proposed district failed to receive the voter approval required under this section, the county legislative authority must record in the county legislative authority's minutes the failed vote, and all proceedings relating to the proposed district are null and void.

(5) For the purposes of this section, "municipality" means a city or town. [2013 c 167 § 7; 1947 c 6 § 9; Rem. Supp. 1947 § 3778-158. Formerly RCW 68.16.090.]

68.52.180 Review—When district formation is complete. (1) Any person, firm, or corporation having a substantial interest involved, and feeling aggrieved by any finding, determination, or resolution of the county legislative authority under the provisions of this chapter, may appeal within five days after the finding, determination, or resolution was made to the superior court of the county in the same manner as provided by law for appeals from orders of the county legislative authority.

(2) After the expiration of five days from the date of the resolution declaring the district formed, and upon filing of certified copies of the resolution in the offices of the county auditor and county assessor, the formation of the cemetery district is complete and its legal existence may not thereafter be questioned by any person by reason of any defect in the proceedings for the formation of the cemetery district. [2013 c 167 § 8; 1947 c 6 § 10; Rem. Supp. 1947 § 3778-159. Formerly RCW 68.16.100.]

Appeals from action of board of county commissioners: RCW 36.32.330.

68.52.220 District commissioners—Compensation—Election. (1) The affairs of the cemetery district must be managed by a board of cemetery district commissioners composed of three members. The board may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate of up to ninety dollars for each day or portion of a day spent in actual attendance at official meetings of the district commission, or in performance of other official services or duties on behalf of the district. However, the compensation for each commissioner must not exceed eight thousand six hundred forty dollars per year.

(2) Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner's

election and prior to the date on which the compensation would otherwise be paid. The waiver must specify the month or period of months for which it is made. The board must fix the compensation to be paid the secretary and other employees of the district. Cemetery district commissioners and candidates for cemetery district commissioner are exempt from the requirements of chapter 42.17A RCW.

(3) The initial cemetery district commissioners must assume office immediately upon their election and qualification. Staggering of terms of office must be accomplished as follows: (a) The person elected receiving the greatest number of votes is elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term of office if the election is held in an even-numbered year; (b) the person who is elected receiving the next greatest number of votes is elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and (c) the other person who is elected is elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners must assume office immediately after they are elected and qualified but their terms of office must be calculated from the first day of January after the election.

(4) Thereafter, commissioners are elected to six-year terms of office. Commissioners must serve until their successors are elected and qualified and assume office as provided in *RCW 29A.20.040.

(5) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items must be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(6) A person holding office as commissioner for two or more special purpose districts may receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. of the country or state of origin and of whether they were caught commercially or were farm-raised, is important to consumers." [1993 c 282 § 1.]

69.04.933 Food fish and shellfish labeling—Identification of species—Exceptions—Penalty. (1) It is unlawful to knowingly sell or offer for sale at wholesale or retail any fresh, frozen, or processed food fish or shellfish without identifying for the buyer at the point of sale the species of food fish or shellfish by its common name, such that the buyer can make an informed purchasing decision for his or her protection, health, and safety.

(7) For the purposes of this section, "processed" means food fish or shellfish processed by heat for human consumption, such as food fish or shellfish that is kippered, smoked, boiled, canned, cleaned, portioned, or prepared for sale or attempted sale for human consumption.

Finding—1993 c 282: See note following RCW 69.04.932.

69.04.934 Salmon labeling—Identification as farm-raised or commercially caught—Exceptions—Penalty.

(5) This section does not apply to a commercial fisher properly licensed under chapter 77.65 RCW and lawfully engaged in the sale of fish to a fish buyer.

(6) Nothing in this section precludes using additional descriptive language or trade names to describe food fish or shellfish as long as the labeling requirements of this section are met. [2013 c 290 § 5; 2003 c 39 § 29; 1993 c 282 § 4.]

Finding—1993 c 282: See note following RCW 69.04.932.

69.04.935 Salmon labeling—Rules for identification and enforcement. To promote honesty and fair dealing for consumers and to protect public health and safety, the director, in consultation with the director of the department of fish and wildlife, may adopt rules as necessary to:

(1) Establish and implement a reasonable definition and identification standard for species of food fish and shellfish that are sold for human consumption;

Findings—2006 c 8: "The legislature finds that prescription drug errors occur because the pharmacist or nurse cannot read the prescription from the physician or other provider with prescriptive authority. The legislature further finds that legible prescriptions can prevent these errors." [2006 c 8 § 114.]

Effective date—2003 c 140: See note following RCW 18.79.040.

Findings—Intent—2000 c 8: "The legislature finds that we have one of the finest health care systems in the world and excellent professionals to deliver that care. However, there are incidents of medication errors that are avoidable and serious mistakes that are preventable. Medical errors throughout the health care system constitute one of the nation's leading causes of death and injury resulting in over seven thousand deaths a year, according to a recent report from the institute of medicine. The majority of medical errors do not result from individual recklessness, but from basic flaws in the way the health system is organized. There is a need for a comprehensive strategy for government, industry, consumers, and health providers to reduce medical errors. The legislature declares a need to bring about greater safety for patients in this state who depend on prescription drugs.

It is the intent of the legislature to promote medical safety as a top priority for all citizens of our state." [2000 c 8 § 1.]

69.41.075 Rules—Availability of lists of drugs. The pharmacy quality assurance commission may make such rules for the enforcement of this chapter as are deemed necessary or advisable. The commission shall identify, by rule-making pursuant to chapter 34.05 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the commission shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The commission shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

In identifying legend drugs the commission may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. Any such lists so incorporated shall be available for public inspection at the headquarters of the department of health and shall be available on request from the department of health upon payment of a reasonable fee to be set by the department. The commission shall promulgate rules to regulate the purchase, possession, and administration of legend drugs by such societies and agencies and to insure strict compliance with the provisions of this section. Such rules shall require that the storage, inventory control, administration, and

recordkeeping for approved legend drugs conform to the standards adopted by the commission under chapter 69.50 RCW to regulate the use of controlled substances by such societies and agencies. The commission may suspend or revoke a registration under chapter 69.50 RCW upon a determination by the commission that the person administering legend drugs has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke a registration as provided by law. [2013 c 19 § 57; 1989 c 242 § 1.]

(2) The provisions of RCW 69.41.050 and 69.41.200 through 69.41.260 shall not apply to any legend drug which is prepared or manufactured by a pharmacy in this state and is for the purpose of retail sale from such pharmacy and not intended for resale. [2013 c 19 § 61; 1980 c 83 § 6.]

Intent—2001 c 96: "Communities all over the state of Washington have experienced an increase in the illegal manufacture of methamphetamine. Illegal methamphetamine labs create a significant threat to the health and safety of the people of the state. Some of the chemicals and compounds used to make methamphetamine, and the toxic wastes the process generates, are hazards to the public health. Increases in crime, violence, and the abuse and neglect of children present at laboratory sites are also associated with the increasing number of illegal laboratory sites. The drugs ephedrine, pseudoephedrine, and phenylpropanolamine, which are used in the illegal manufacture of methamphetamine, have been identified as factors in the increase in the number of illegal methamphetamine labs. Therefore, it is the intent of the legislature to place restrictions on the sale and possession of those three drugs in order to reduce the proliferation of illegal methamphetamine laboratories and the associated threats to public health and safety." [2001 c 96 § 1.]

However, a permit shall not be required of any manufacturer, wholesaler, retailer, or other person for the sale, transfer, furnishing, or receipt of any drug that contains ephedrine, phenylpropanolamine, or pseudoephedrine, or of any cosmetic that contains a substance specified in RCW 69.43.010(1), if such drug or cosmetic is lawfully sold, transferred, or furnished over the counter without a prescription or by a prescription under chapter 69.04 or 69.41 RCW.

69.43.105 Ephedrine, pseudoephedrine, phenylpropanolamine—Sales restrictions—Record of transaction—Exceptions—Penalty.

(1) For purposes of this section, "traditional Chinese herbal practitioner" means a person who is certified as a diplomate in Chinese herbology from the national certification commission for acupuncture and oriental medicine or who has received a certificate in Chinese herbology from a school accredited by the accreditation council on acupuncture and oriental medicine.

(2) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may not knowingly sell, transfer, or otherwise furnish to any person a product at retail that he or she knows to contain any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, without first obtaining photo identification of the person that shows the date of birth of the person.

(3) A person buying or receiving a product at retail containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner must first produce photo identification of the person that shows the date of birth of the person.

(4) Any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall be kept (a) behind a counter where the public is not permitted, or (b) in a locked display case so that a customer wanting access must ask an employee of the merchant for assistance.

(5) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may sell any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW selling a nonprescription drug containing ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers shall require the purchaser to electronically or manually sign a record of the transaction. The record must include the name and address of the pur-

chaser, the date and time of the sale, the name and initials of the shopkeeper, itinerant vendor, pharmacist, pharmacy technician, or employee conducting the transaction, the name of the product being sold, as well as the total quantity in grams, of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, being sold.

(7) The pharmacy quality assurance commission, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the commission to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the commission with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) Ease with which the product can be converted to methamphetamine;

(b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(c) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(8) Nothing in this section applies:

(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;

(b) To the sale of a product that may only be sold upon the presentation of a prescription;

(c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or

(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(9)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by

requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution under subsection (10) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(10) A violation of this section is a gross misdemeanor. [2013 c 19 § 75; 2010 c 182 § 1; 2005 c 388 § 2.]

Finding—2005 c 388: "Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine." [2005 c 388 § 1.]

Effective dates—2005 c 388: "(1) Section 2 of this act takes effect October 1, 2005.

(2) Sections 1, 3 through 7, 9, and 10 of this act take effect January 1, 2006.

(3) Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2005]." [2005 c 388 § 11.]

Severability—2005 c 388: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 388 § 10.]

69.43.110 Ephedrine, pseudoephedrine, phenylpropanolamine—Sales restrictions—Electronic sales tracking system—Penalty.

(1) It is unlawful for a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, knowingly to sell, transfer, or to otherwise furnish, in a single transaction a total of more than 3.6 grams of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers, in any twenty-four hour period or more than a total of nine grams per purchaser in any thirty-day period.

(2) It is unlawful for a person who is not a manufacturer, wholesaler, pharmacy, practitioner, shopkeeper, or itinerant vendor licensed by or registered with the department of health under chapter 18.64 RCW to purchase or acquire more than 3.6 grams in any twenty-four hour period, or more than a total of nine grams in any thirty-day period, of the substances specified in subsection (1) of this section.

(3) It is unlawful for any person to sell or distribute any of the substances specified in subsection (1) of this section unless the person is licensed by or registered with the department of health under chapter 18.64 RCW, or is a practitioner as defined in RCW 18.64.011.

(4)(a) Beginning July 1, 2011, or the date upon which the electronic sales tracking system established under RCW 69.43.165 is available, whichever is later, a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW shall, before completing a sale under this section, submit the required information to the electronic sales tracking system established under RCW 69.43.165, as long as such a system

is available without cost to the pharmacy, shopkeeper, or itinerant vendor for accessing the system. The pharmacy, shopkeeper, or itinerant vendor may not complete the sale if the system generates a stop sale alert, except as permitted in RCW 69.43.165.

(b) If a pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers experiences mechanical or electronic failure of the electronic sales tracking system and is unable to comply with the electronic sales tracking requirement, he or she shall maintain a written log or an alternative electronic recordkeeping mechanism until such time as he or she is able to comply with the electronic sales tracking requirement.

(c) A pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers may seek an exemption from submitting transactions to the electronic sales tracking system in writing to the pharmacy quality assurance commission stating the reasons for the exemption. The commission may grant an exemption for good cause shown, but in no event shall a granted exemption exceed one hundred eighty days. The commission may grant multiple exemptions for any pharmacy, shopkeeper, or itinerant vendor if the good cause shown indicates significant hardship for compliance with this section. A pharmacy, shopkeeper, or itinerant vendor that receives an exemption shall maintain a logbook in hardcopy form and must require the purchaser to provide the information required under this section before the completion of any sale. The logbook shall be maintained as a record of each sale for inspection by any law enforcement officer or commission inspector during normal business hours in accordance with any rules adopted pursuant to RCW 69.43.165. For purposes of this subsection (4)(c), "good cause" includes, but is not limited to, situations where the installation of the necessary equipment to access the system is unavailable or cost prohibitive to the pharmacy, shopkeeper, or itinerant vendor.

(d) A pharmacy, shopkeeper, or itinerant vendor may withdraw from participating in the electronic sales tracking system if the system is no longer being furnished without cost for accessing the system. A pharmacy, shopkeeper, or itinerant vendor who withdraws from the electronic sales tracking system is subject to the same requirements as a pharmacy, shopkeeper, or itinerant vendor who has been granted an exemption under (c) of this subsection.

(e) For the purposes of this subsection (4) and RCW 69.43.165:

(i) "Cost for accessing the system" means costs relating to:

(A) Access to the web-based electronic sales tracking software, including inputting and retrieving data;

(B) The web-based software known as software as a service;

(C) Training; and

(D) Technical support to integrate to point of sale vendors, if necessary.

(ii) "Cost for accessing the system" does not include:

(A) Costs relating to required internet access;

(B) Optional hardware that a pharmacy may choose to purchase for work flow purposes; or

(C) Other equipment.

(5) A violation of this section is a gross misdemeanor. [2013 c 19 § 76; 2010 c 182 § 2; 2005 c 388 § 4; 2004 c 52 § 5; 2001 c 96 § 9.]

69.43.130 Exemptions—Pediatric products—Products exempted by the pharmacy quality assurance commission. RCW 69.43.110 and 69.43.120 do not apply to:

(1) Pediatric products primarily intended for administration to children under twelve years of age, according to label instructions, either: (a) In solid dosage form whose individual dosage units do not exceed fifteen milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine; or (b) in liquid form whose recommended dosage, according to label instructions, does not exceed fifteen milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine per five milliliters of liquid product;

(2) Pediatric liquid products primarily intended for administration to children under two years of age for which the recommended dosage does not exceed two milliliters and the total package content does not exceed one fluid ounce;

(3) Products that the pharmacy quality assurance commission, upon application of a manufacturer, exempts by rule from RCW 69.43.110 and 69.43.120 because the product has been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine, or its salts or precursors; or

(4) Products, as packaged, that the pharmacy quality assurance commission, upon application of a manufacturer, exempts from RCW 69.43.110(1) and 69.43.120 because:

(a) The product meets the federal definition of an ordinary over-the-counter pseudoephedrine product as defined in 21 U.S.C. 802;

(b) The product is a salt, isomer, or salts of isomers of pseudoephedrine and, as packaged, has a total weight of more than three grams but the net weight of the pseudoephedrine base is equal to or less than three grams; and

(c) The pharmacy quality assurance commission determines that the value to the people of the state of having the product, as packaged, available for sale to consumers outweighs the danger, and the product, as packaged, has not been used in the illegal manufacture of methamphetamine. [2013 c 19 § 77; 2004 c 52 § 7; 2001 c 96 § 11.]

Finding—Severability—Effective date—2004 c 52: See notes following RCW 18.64.044.

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.140 Civil penalty—Pharmacy quality assurance commission waiver. (1) In addition to the other penalties provided for in this chapter or in chapter 18.64 RCW, the pharmacy quality assurance commission may impose a civil penalty, not to exceed ten thousand dollars for each violation,

on any licensee or registrant who has failed to comply with this chapter or the rules adopted under this chapter. In the case of a continuing violation, every day the violation continues shall be considered a separate violation.

(2) The pharmacy quality assurance commission may waive the suspension or revocation of a license or registration issued under chapter 18.64 RCW, or waive any civil penalty under this chapter, if the licensee or registrant establishes that he or she acted in good faith to prevent violations of this chapter, and the violation occurred despite the licensee's or registrant's exercise of due diligence. In making such a determination, the pharmacy quality assurance commission may consider evidence that an employer trained employees on how to sell, transfer, or otherwise furnish substances specified in RCW 69.43.010(1) in accordance with applicable laws. [2013 c 19 § 78; 2001 c 96 § 12.]

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.165 Ephedrine, pseudoephedrine, phenylpropanolamine—Electronic sales tracking system—Pharmacy quality assurance commission authority to adopt rules. (1) The pharmacy quality assurance commission shall implement a real-time electronic sales tracking system to monitor the nonprescription sale of products in this state containing any detectable quantity of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, provided that the system is available to the state without cost for accessing the system to the state or retailers. The commission is authorized to enter into a public-private partnership, through a memorandum of understanding or similar arrangement, to make the system available.

(2) The records submitted to the tracking system are for the confidential use of the pharmacy, shopkeeper, or itinerant vendor who submitted them, except that:

(a) The records must be produced in court when lawfully required;

(b) The records must be open for inspection by the pharmacy quality assurance commission; and

(c) The records must be available to any general or limited authority Washington peace officer to enforce the provisions of this chapter or to federal law enforcement officers in accordance with rules adopted by the pharmacy quality assurance commission regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010 and law enforcement access to the records submitted to the tracking system as provided in this section consistent with the federal combat meth act.

(3) The electronic sales tracking system shall be capable of generating a stop sale alert, which shall be a notification that completion of the sale would result in the seller or purchaser violating the quantity limits in RCW 69.43.110 (1) and (2). The system shall contain an override function for use by a dispenser of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, who has a reasonable fear of imminent bodily harm. Each instance in which the override function is utilized shall be logged by the system.

(4) The pharmacy quality assurance commission shall have the authority to adopt rules necessary to implement and enforce the provisions of this section. The pharmacy quality

assurance commission shall adopt rules regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010, and any public or law enforcement access to the records submitted to the tracking system as provided in subsection (2)(c) of this section consistent with the federal combat meth act.

(5) The pharmacy quality assurance commission may not raise licensing or registration fees to fund the rule making or implementation of this section. [2013 c 19 § 79; 2010 c 182 § 3.]

69.43.180 Expansion of log requirements—Petition by law enforcement. (1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the pharmacy quality assurance commission to apply the log requirements in *RCW 69.43.170 to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The pharmacy quality assurance commission shall adopt rules when a petition establishes that requiring the application of the log requirements in *RCW 69.43.170 to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The pharmacy quality assurance commission may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety. [2013 c 19 § 80; 2005 c 388 § 3.]

***Reviser's note:** RCW 69.43.170 was repealed by 2010 c 182 § 6.

69.50.1011 Definition—Commission. "Commission" means the pharmacy quality assurance commission. [2013 c 19 § 86.]

69.50.201 Enforcement of chapter—Authority to change schedules of controlled substances. (a) The commission shall enforce this chapter and may add substances to or delete or reschedule substances listed in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, or 69.50.212 pursuant to the procedures of chapter 34.05 RCW.

(1) In making a determination regarding a substance, the commission shall consider the following:

(i) the actual or relative potential for abuse;

- (ii) the scientific evidence of its pharmacological effect, if known;
- (iii) the state of current scientific knowledge regarding the substance;
- (iv) the history and current pattern of abuse;
- (v) the scope, duration, and significance of abuse;
- (vi) the risk to the public health;
- (vii) the potential of the substance to produce psychic or physiological dependence liability; and
- (viii) whether the substance is an immediate precursor of a controlled substance.

(2) The commission may consider findings of the federal Food and Drug Administration or the Drug Enforcement Administration as prima facie evidence relating to one or more of the determinative factors.

(b) After considering the factors enumerated in subsection (a) of this section, the commission shall make findings with respect thereto and adopt and cause to be published a rule controlling the substance upon finding the substance has a potential for abuse.

(c) The commission, without regard to the findings required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211 or the procedures prescribed by subsections (a) and (b) of this section, may place an immediate precursor in the same schedule in which the controlled substance of which it is an immediate precursor is placed or in any other schedule. If the commission designates a substance as an immediate precursor, substances that are precursors of the controlled precursor are not subject to control solely because they are precursors of the controlled precursor.

(d) If a substance is designated, rescheduled, or deleted as a controlled substance under federal law, the commission shall similarly control the substance under this chapter after the expiration of thirty days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under Section 508 of the federal Dangerous Drug Diversion Control Act of 1984, 21 U.S.C. Sec. 811(h), unless within that thirty-day period, the commission or an interested party objects to inclusion, rescheduling, temporary scheduling, or deletion. If no objection is made, the commission shall adopt and cause to be published, without the necessity of making determinations or findings as required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211, a final rule, for which notice of proposed rule making is omitted, designating, rescheduling, temporarily scheduling, or deleting the substance. If an objection is made, the commission shall make a determination with respect to the designation, rescheduling, or deletion of the substance as provided by subsection (a) of this section. Upon receipt of an objection to inclusion, rescheduling, or deletion under this chapter by the commission, the commission shall publish notice of the receipt of the objection, and control under this chapter is stayed until the commission adopts a rule as provided by subsection (a) of this section.

(e) The commission, by rule and without regard to the requirements of subsection (a) of this section, may schedule a substance in Schedule I regardless of whether the substance

is substantially similar to a controlled substance in Schedule I or II if the commission finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under Section 505 of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. Sec. 355. Upon receipt of notice under RCW 69.50.214, the commission shall initiate scheduling of the controlled substance analog on an emergency basis pursuant to this subsection. The scheduling of a substance under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the commission shall consider whether the substance has been scheduled on a temporary basis under federal law or factors set forth in subsection (a)(1)(iv), (v), and (vi) of this section, and may also consider clandestine importation, manufacture, or distribution, and, if available, information concerning the other factors set forth in subsection (a)(1) of this section. A rule may not be adopted under this subsection until the commission initiates a rule-making proceeding under subsection (a) of this section with respect to the substance. A rule adopted under this subsection must be vacated upon the conclusion of the rule-making proceeding initiated under subsection (a) of this section with respect to the substance.

(f) Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Titles 66 and 26 RCW. [2013 c 19 § 87; 1998 c 245 § 108; 1993 c 187 § 2; 1989 1st ex.s. c 9 § 430; 1986 c 124 § 2; 1971 ex.s. c 308 § 69.50.201.]

- (1) has high potential for abuse;
- (2) has no currently accepted medical use in treatment in the United States; and
- (3) lacks accepted safety for use in treatment under medical supervision.

(b) The commission may place a substance in Schedule I without making the findings required by subsection (a) of this section if the substance is controlled under Schedule I of the federal Controlled Substances Act by a federal agency as the result of an international treaty, convention, or protocol. [2013 c 19 § 88; 1993 c 187 § 3; 1971 ex.s. c 308 § 69.50.203.]

- (1) the substance has high potential for abuse;
- (2) the substance has currently accepted medical use in treatment in the United States, or currently accepted medical use with severe restrictions; and
- (3) the abuse of the substance may lead to severe psychological or physical dependence.

(b) The commission may place a substance in Schedule II without making the findings required by subsection (a) of this section if the substance is controlled under Schedule II of the federal Controlled Substances Act by a federal agency as the result of an international treaty, convention, or protocol.

[2013 c 19 § 89; 1993 c 187 § 5; 1971 ex.s. c 308 § 69.50.205.]

(1) the substance has a potential for abuse less than the substances included in Schedules I and II;

(2) the substance has currently accepted medical use in treatment in the United States; and

(3) abuse of the substance may lead to moderate or low physical dependence or high psychological dependence.

(b) The commission may place a substance in Schedule III without making the findings required by subsection (a) of this section if the substance is controlled under Schedule III of the federal Controlled Substances Act by a federal agency as the result of an international treaty, convention, or protocol. [2013 c 19 § 90; 1993 c 187 § 7; 1971 ex.s. c 308 § 69.50.207.]

- (2) the substance has currently accepted medical use in treatment in the United States; and
- (3) abuse of the substance may lead to limited physical dependence or psychological dependence relative to the substances included in Schedule IV.

(b) The commission may place a substance in Schedule V without being required to make the findings required by subsection (a) of this section if the substance is controlled under Schedule V of the federal Controlled Substances Act by a federal agency as the result of an international treaty, convention, or protocol. [2013 c 19 § 94; 1993 c 187 § 11; 1971 ex.s. c 308 § 69.50.211.]

69.50.302 Registration requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain annually a registration issued by the department in accordance with the commission's rules.

(b) A person registered by the department under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by the registration and in conformity with this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this chapter:

- (1) An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of business or employment. This exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;
- (2) A common or contract carrier or warehouse operator, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;
- (3) An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a substance included in Schedule V.

(d) The commission may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers upon finding it consistent with the public health and safety. Personal practitioners licensed or registered in the state of Washington under the respective professional licens-

ing acts shall not be required to be registered under this chapter unless the specific exemption is denied pursuant to RCW 69.50.305 for violation of any provisions of this chapter.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The department may inspect the establishment of a registrant or applicant for registration in accordance with rules adopted by the commission. [2013 c 19 § 98; 2011 c 336 § 839; 1993 c 187 § 16; 1989 1st ex.s. c 9 § 432; 1971 ex.s. c 308 § 69.50.302.]

69.50.303 Registration. (a) The department shall register an applicant to manufacture or distribute controlled substances included in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless the commission determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the commission shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;

(2) compliance with applicable state and local law;

(3) promotion of technical advances in the art of manufacturing controlled substances and the development of new substances;

(4) any convictions of the applicant under any laws of another country or federal or state laws relating to any controlled substance;

(5) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;

(6) furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

(7) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(8) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) of this section does not entitle a registrant to manufacture or distribute controlled substances included in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances included in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The commission need not require separate registration under this Article for practitioners engaging in research with nonnarcotic substances included in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with substances included in Schedule I may conduct research with substances included in Schedule I within this state upon furnishing the commission evidence of that federal registration.

(d) A manufacturer or distributor registered under the federal Controlled Substances Act, 21 U.S.C. Sec. 801 et seq., may submit a copy of the federal application as an application for registration as a manufacturer or distributor under this section. The commission may require a manufacturer or distributor to submit information in addition to the application for registration under the federal act. [2013 c 19 § 99; 1993 c 187 § 17; 1989 1st ex.s. c 9 § 433; 1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration—Seizure or placement under seal of controlled substances. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the commission upon finding that the registrant has:

(1) furnished false or fraudulent material information in any application filed under this chapter;

(2) been convicted of a felony under any state or federal law relating to any controlled substance;

(3) had the registrant's federal registration suspended or revoked and is no longer authorized by federal law to manufacture, distribute, or dispense controlled substances; or

(4) committed acts that would render registration under RCW 69.50.303 inconsistent with the public interest as determined under that section.

(b) The commission may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the commission suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The department may seize or place under seal any controlled substance owned or possessed by a registrant whose registration has expired or who has ceased to practice or do business in the manner contemplated by the registration. The controlled substance must be held for the benefit of the registrant or the registrant's successor in interest. The department shall notify a registrant, or the registrant's successor in interest, who has any controlled substance seized or placed under seal, of the procedures to be followed to secure the return of the controlled substance and the conditions under which it will be returned. The department may not dispose of any controlled substance seized or placed under seal under this subsection until the expiration of one hundred eighty days after the controlled substance was seized or placed under seal. The costs incurred by the department in seizing, placing under seal, maintaining custody, and disposing of any controlled substance under this subsection may be recovered from the registrant, any proceeds obtained from the disposition of the controlled substance, or from both. Any balance remaining after the costs have been recovered from

the proceeds of any disposition must be delivered to the registrant or the registrant's successor in interest.

(e) The department shall promptly notify the drug enforcement administration of all orders restricting, suspending, or revoking registration and all forfeitures of controlled substances. [2013 c 19 § 100; 1993 c 187 § 18; 1989 1st ex.s. c 9 § 434; 1986 c 124 § 8; 1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension, or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the commission denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.05 RCW.

(b) The commission may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the commission or dissolved by a court of competent jurisdiction. [2013 c 19 § 101; 1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the commission issues. [2013 c 19 § 102; 1971 ex.s. c 308 § 69.50.306.]

69.50.308 Prescriptions. (a) A controlled substance may be dispensed only as provided in this section. Prescriptions electronically communicated must also meet the requirements under RCW 69.50.312.

(b) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule II may not be dispensed without the written or electronically communicated prescription of a practitioner.

(1) Schedule II narcotic substances may be dispensed by a pharmacy pursuant to a facsimile prescription under the following circumstances:

(i) The facsimile prescription is transmitted by a practitioner to the pharmacy; and

(ii) The facsimile prescription is for a patient in a long-term care facility or a hospice program certified or paid by medicare under Title XVIII of the federal social security act. "Long-term care facility" means nursing homes licensed under chapter 18.51 RCW, assisted living facilities licensed under chapter 18.20 RCW, and adult family homes licensed under chapter 70.128 RCW; or

(iii) The facsimile prescription is for a patient of a hospice program licensed by the state; and

(iv) The practitioner or the practitioner's agent notes on the facsimile prescription that the patient is a long-term care or hospice patient.

(2) Injectable Schedule II narcotic substances that are to be compounded for patient use may be dispensed by a pharmacy pursuant to a facsimile prescription if the facsimile prescription is transmitted by a practitioner to the pharmacy.

(3) Under (1) and (2) of this subsection the facsimile prescription shall serve as the original prescription and shall be maintained as other Schedule II narcotic substances prescriptions.

(c) In emergency situations, as defined by rule of the commission, a substance included in Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306.

(d) A prescription for a substance included in Schedule II may not be refilled. A prescription for a substance included in Schedule II may not be filled more than six months after the date the prescription was issued.

(e) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, may not be dispensed without a written, oral, or electronically communicated prescription of a practitioner. Any oral prescription must be promptly reduced to writing.

(f) The prescription for a substance included in Schedule III, IV, or V may not be filled or refilled more than six months after the date issued by the practitioner or be refilled more than five times, unless renewed by the practitioner.

(g) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that the person is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(h) A substance included in Schedule V must be distributed or dispensed only for a medical purpose.

(i) A practitioner may dispense or deliver a controlled substance to or for an individual or animal only for medical treatment or authorized research in the ordinary course of that practitioner's profession. Medical treatment includes dispensing or administering a narcotic drug for pain, including intractable pain.

(j) No administrative sanction, or civil or criminal liability, authorized or created by this chapter may be imposed on a pharmacist for action taken in reliance on a reasonable belief that an order purporting to be a prescription was issued by a practitioner in the usual course of professional treatment or in authorized research.

(k) An individual practitioner may not dispense a substance included in Schedule II, III, or IV for that individual practitioner's personal use. [2013 c 276 § 3; 2013 c 19 § 103;

The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The commission may adopt rules to ensure strict compliance with the provisions of this section. The commission, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The commission shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [2013 c 19 § 106; 2003 c 175 § 2.]

Findings—2003 c 175: "The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals." [2003 c 175 § 1.]

(b) Is impracticable without the use or disclosure of the health care information in individually identifiable form;

(c) Contains reasonable safeguards to protect the information from redisclosure;

(d) Contains reasonable safeguards to protect against identifying, directly or indirectly, any patient in any report of the research project; and

In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in

determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure must: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services;

(i) A department of social and health services worker, a child placing agency worker, or a guardian ad litem who is responsible for making or reviewing placement or case-planning decisions or recommendations to the court regarding a child, who is less than fourteen years of age, has a sexually transmitted disease, and is in the custody of the department of social and health services or a licensed child placing agency. This information may also be received by a person responsible for providing residential care for such a child when the department of social and health services or a licensed child placing agency determines that it is necessary for the provision of child care services.

(3) No person to whom the results of a test for a sexually transmitted disease have been disclosed pursuant to subsection (2) of this section may disclose the test results to another person except as authorized by that subsection.

(4) The release of sexually transmitted disease information regarding an offender or detained person, except as provided in subsection (2)(d) of this section, is governed as follows:

Unauthorized disclosure of this information to any person may result in disciplinary action, in addition to the penalties prescribed in RCW 70.24.080 or any other penalties as may be prescribed by law.

(d) Notwithstanding the limitations on disclosure contained in (a), (b), and (c) of this subsection, whenever any member of a jail staff or department of corrections staff has been substantially exposed to the bodily fluids of an offender or detained person, then the results of any tests conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370, must be immediately disclosed to the staff person in accordance with the Washington Administrative Code rules governing employees' occupational exposure to bloodborne pathogens. (e) The staff member must also be informed whether the offender or detained person had any other communicable disease, as defined in RCW 72.09.251(3), when the staff person was substantially exposed to the offender's or detainee's bodily fluids.

(f) The test results of voluntary and anonymous HIV testing or HIV-related condition, as defined in RCW 70.24.017, may not be disclosed to a staff person except as provided in this section and RCW 70.02.050(1)(e) and

(5) The requirements of this section do not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor do they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties.

(6) Upon request of the victim, disclosure of test results under this section to victims of sexual offenses under chapter 9A.44 RCW must be made if the result is negative or positive. The disclosure must be accompanied by appropriate counseling, including information regarding follow-up testing.

70.42.090 Fees—Account. (1) The department shall establish a schedule of fees for license applications, renewals, amendments, and waivers. In fixing said fees, the department shall set the fees at a sufficient level to defray the cost of administering the licensure program. All such fees shall be fixed by rule adopted in accordance with the provisions of the

administrative procedure act, chapter 34.05 RCW. In determining the fee schedule, the department shall consider the following: (a) Complexity of the license required; (b) number and type of tests performed at the test site; (c) degree of supervision required from the department staff; (d) whether the license is granted under RCW 70.42.040; and (e) general administrative costs of the test site licensing program established under this chapter. For each category of license, fees charged shall be related to program costs.

(2) The medical test site licensure account is created in the state treasury. The state treasurer shall transfer into the medical test site licensure account all revenue received from medical test site license fees. Funds for this account may only be appropriated for the support of the activities defined under this chapter. For the 2013-2015 fiscal biennium, moneys in the account may be spent for laboratory services in the department of health.

(3) The department may establish separate fees for repeat inspections and repeat audits it performs under RCW 70.42.170. [2013 2nd sp.s. c 4 § 988; 1989 c 386 § 10.]

BASIC HEALTH PLAN—
HEALTH CARE ACCESS ACT**

70.47.100 Participation by a managed health care system—Expiration of subsections.

70.47.100 Participation by a managed health care system—Expiration of subsections. (1) A managed health care system participating in the plan shall do so by contract with the director and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the director as long as payments from the director on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The director may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the director to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(3) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must main-

tain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(4) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The director shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the director shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(5) Prior to negotiating with any managed health care system, the director shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(6) In negotiating with managed health care systems for participation in the plan, the director shall adopt a uniform procedure that includes at least the following:

(a) The director shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The director shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The director may then select one or more systems to provide the covered services within a local area; and

(d) The director may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(7)(a) The director may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof. At a minimum, such contracts issued on or after January 1, 2012, must include:

(i) Provider reimbursement methods that incentivize chronic care management within health homes;

(ii) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; and

(iii) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, includ-

ing allocation of funds to support provider participation in the training unless the managed care system is an integrated health delivery system that has programs in place for chronic care management.

(b) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(c) For the purposes of this subsection, "chronic care management," "chronic condition," and "health home" have the same meaning as in RCW 74.09.010.

(d) Contracts that include the items in (a)(i) through (iii) of this subsection must not exceed the rates that would be paid in the absence of these provisions.

(8) The director may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (6) of this section, upon a determination by the director that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(9) Subsections (2) and (3) of this section expire July 1, 2016. [2013 c 251 § 7. Prior: 2011 1st sp.s. c 9 § 4; 2011 c 316 § 5; 2009 c 568 § 5; 2004 c 192 § 4; 2000 c 79 § 35; 1987 1st ex.s. c 5 § 12.]

Purpose—1985 c 191: "It is the purpose of this 1985 act to protect the public by enabling ski area operators to exercise appropriate avalanche control measures. The legislature finds that avalanche control is of vital importance to safety in ski areas and that the provisions of the Washington state explosives act contain restrictions which do not reflect special needs for the use of explosives as a means of clearing an area of serious avalanche risks. This 1985 act recognizes these needs while providing for a system of regulations designed to ensure that the use of explosives for avalanche control conforms to fundamental safety requirements." (*Effective until June 30, 2017.*) (1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; for the biennial litter survey under RCW 70.93.200(8); for statewide public awareness programs under RCW 70.93.200(7); and during the 2013-2015 biennium, to support employment of youth in litter clean up as intended in RCW 70.93.020, and for litter pick up using other authorized agencies. The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department: (i) For local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and (ii) during the 2013-2015 biennium, to create a matching fund competitive grant program to be used by local govern-

ments and nonprofit organizations for local or statewide education programs designed to help the public with litter reduction, and recycling of primarily the products taxed under chapter 82.19 RCW. Unspent funds from (a) and (c) of this subsection may be applied to the competitive grant program; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts. During the 2013-2015 biennium, these funds are to be used to: (i) Implement activities under RCW 70.93.200 for waste reduction, recycling efforts; (ii) provide technical assistance to local governments for commercial business and residential recycling programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste and litter reduction and recyclable products and programs; and (iii) increase access to recycling programs, particularly for food packaging and plastic bags and appropriate techniques of discarding products.

(2) All moneys directed to the waste reduction, recycling, and litter control account under RCW 82.19.040 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the account and used for the programs under subsection (1) of this section.

Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(5) [(4)] During the 2013-2015 biennium, funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling and litter collection, reduction, and control programs.

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts. During the 2013-2015 biennium, these funds are to be used to: (i) Implement activities under RCW 70.93.200 for waste reduction, recycling efforts; (ii) provide technical assistance to local governments for commercial business and residential recycling programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste and litter reduction and recyclable products and programs; and (iii) increase access to recycling programs, particularly for food packaging and plastic bags and appropriate techniques of discarding products.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter

control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2011-2013 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. Additionally, during the 2011-2013 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

(5) During the 2013-2015 biennium, funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling and litter collection, reduction, and control programs.

(6) During the 2013-2015 biennium, the legislature may appropriate funds from the waste reduction, recycling, and litter control account to the state parks and recreation commission for parks operation and maintenance. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70.120 RCW, chapter 70.310 RCW, or any of the rules in force under

such chapters may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan. (2) A manufacturer must submit to the department with each registration or annual renewal a fee to cover the administrative costs of this chapter as determined by the department under RCW 70.95N.230.

(3) The department shall review the registration or renewal application and notify the manufacturer if their registration does not meet the requirements of this section. Within thirty days of receipt of such a notification from the department, the manufacturer must file with the department a revised registration addressing the requirements noted by the department.

(4) The registration must include the following information:

(a) The name and contact information of the manufacturer submitting the registration;

(b) The manufacturer's brand names of covered electronic products, including all brand names sold in the state in the past, all brand names currently being sold in the state, and all brand names for which the manufacturer has legal responsibility under RCW 70.95N.100;

[2013 c 305 § 2; 2006 c 183 § 4.]

Effective date—2013 c 305: See note following RCW 70.95N.020.

70.95N.050 Independent plan requirements. (Effective January 1, 2014.) (1) A manufacturer must participate in the standard plan administered by the authority, unless the manufacturer obtains department approval for an independent plan for the collection, transportation, and recycling of unwanted electronic products.

(2) An independent plan may be submitted by an individual manufacturer or by a group of manufacturers, provided that:

(a) For program years 2009 through 2015, each independent plan represents at least a five percent return share of covered electronic products. For program year 2016 and all sub-

sequent program years, each independent plan represents at least a five percent market share of covered electronic products; and

(b) No manufacturer may participate in an independent plan if it is a new entrant or a white box manufacturer.

(3) An individual manufacturer submitting an independent plan to the department is responsible for collecting, transporting, and recycling its equivalent share of covered electronic products.

(4)(a) Manufacturers collectively submitting an independent plan are responsible for collecting, transporting, and recycling the sum of the equivalent shares of each participating manufacturer.

(b) Each group of manufacturers submitting an independent plan must designate a party authorized to file the plan with the department on their behalf. A letter of certification from each of the manufacturers designating the authorized party must be submitted to the department together with the plan.

(5) Each manufacturer in the standard plan or in an independent plan retains responsibility and liability under this chapter in the event that the plan fails to meet the manufacturer's obligations under this chapter. [2013 c 305 § 3; 2006 c 183 § 5.]

Effective date—2013 c 305: See note following RCW 70.95N.020.

Each program must provide collection service in every county of the state. A program may provide collection services jointly with another plan or plans.

(a) For any city or town with a population of greater than ten thousand, each program shall provide a minimum of one collection site or alternate collection service described in subsection (3) of this section or a combination of sites and alternate service that together provide at least one collection opportunity for all product types. A collection site for a county may be the same as a collection site for a city or town in the county.

(b) Collection sites may include electronics recyclers and repair shops, recyclers of other commodities, reuse organizations, charities, retailers, government recycling sites, or other suitable locations.

(c) Collection sites must be staffed, open to the public at a frequency adequate to meet the needs of the area being served, and on an on-going basis.

(2) A program may limit the number of covered electronic products or covered electronic products by product type accepted per customer per day or per delivery at a collection site or service. All covered entities may use a collection site as long as the covered entities adhere to any restrictions established in the plans.

(3) A program may provide collection services in forms different than collection sites, such as curbside services, if those alternate services provide equal or better convenience to citizens and equal or increased recovery of unwanted covered electronic products.

(4) For rural areas without commercial centers or areas with widely dispersed population, a program may provide collection at the nearest commercial centers or solid waste sites, collection events, mail-back systems, or a combination of these options.

(5) For small businesses, small governments, charities, and school districts that may have large quantities of covered electronic products that cannot be handled at collection sites or curbside services, a program may provide alternate services. At a minimum, a program must provide for processing of these large quantities of covered electronic products at no charge to the small businesses, small governments, charities, and school districts. [2013 c 305 § 4; 2006 c 183 § 9.]

Effective date—2013 c 305: See note following RCW 70.95N.020.

70.95N.110 Covered electronic sampling. (Effective January 1, 2014.) (1) For program years 2009 through 2014, an independent plan and the standard plan must implement and finance an auditable, statistically significant sampling of covered electronic products entering its program every program year. The information collected must include a list of the brand names of covered electronic products by product type, the number of covered electronic products by product type, the weight of covered electronic products that are identified for each brand name or that lack a manufacturer's brand, the total weight of the sample by product type, and any additional information needed to assign return share.

(2) For program years 2009 through 2014, the sampling must be conducted in the presence of the department or a third-party organization approved by the department. The department may, at its discretion, audit the methodology and the results.

(3) After the fifth program year through the 2014 program year, the department may reassess the sampling required in this section. The department may adjust the frequency at which manufacturers must implement the sampling or may adjust the frequency at which manufacturers must provide certain information from the sampling. Prior to making any changes, the department shall notify the public, including all registered manufacturers, and provide a comment period. The department shall notify all registered manufacturers of any such changes. [2013 c 305 § 5; 2006 c 183 § 11.]

Effective date—2013 c 305: See note following RCW 70.95N.020.

70.95N.140 Annual reports. (Effective until January 1, 2014.) (1) By March 1st of the second program year and each program year thereafter, the authority and each authorized party shall file with the department an annual report for the preceding program year.

(2) The annual report must include the following information:

(a) The total weight in pounds of each type of covered electronic products collected and recycled, by county, during the preceding program year including documentation verifying collection and processing of that material. The total weight in pounds includes orphan products. The report must also indicate and document the weight in pounds received from each nonprofit charitable organization primarily engaged in the business of reuse and resale used by the plan. The report must document the weight in pounds that were

received in large quantities from small businesses, small governments, charities and school districts as described in RCW 70.95N.090(5);

(b) The collection services provided in each county and for each city with a population over ten thousand including a list of all collection sites and services operating in the state in the prior program year and the parties who operated them;

(c)(i) A list of processors used, the weight of covered electronic products processed by each direct processor, and a description of the processes and methods used to recycle the covered electronic products including a description of the processing and facility locations. 70.95N.290 Board of directors of the authority. (*Effective January 1, 2014.*) (1)(a) The authority is governed by a board of directors. The board of directors is comprised of eleven participating manufacturers, appointed by the director of the department. For program years 2009 through 2015, five board positions are reserved for representatives of the top ten brand owners by return share of covered electronic products, and six board positions are reserved for representatives of other brands, including at least one board position reserved for a manufacturer who is also a retailer selling their own private label. The return share of covered electronic products used to determine the top ten brand owners for purposes of electing the board must be determined by the department by January 1, 2007. For program years 2016 and beyond, five board positions are reserved for representatives of the top ten brand owners by market share of covered electronic products, and six board positions are reserved for representatives of other brands, including at least one board position reserved for a manufacturer who is also a retailer selling its own private label. The market share of covered electronic products used to determine the top ten brand owners for purposes of electing the board must be determined by the department by October 1, 2015.

(b) The board must have representation from both television and computer manufacturers.

(2) The board shall select from its membership the chair of the board and such other officers as it deems appropriate.

(3) A majority of the board constitutes a quorum.

(4) The directors of the department of commerce and the department of ecology serve as ex officio members. The state agency directors serving in ex officio capacity may each designate an employee of their respective departments to act on their behalf in all respects with regard to any matter to come before the authority. Ex officio designations must be made in writing and communicated to the authority director.

(5) The board shall create its own bylaws in accordance with the laws of the state of Washington.

(6) Any member of the board may be removed for misfeasance, malfeasance, or willful neglect of duty after notice and a public hearing, unless the notice and hearing are expressly waived in writing by the affected member.

(7) The members of the board serve without compensation but are entitled to reimbursement, solely from the funds of the authority, for expenses incurred in the discharge of their duties under this chapter. [2013 c 305 § 12; 2008 c 79 § 1; 2006 c 183 § 30.]

70.95N.300 Manufacturers to pay their apportioned share of administrative and operational costs—Performance bonds—Dispute arbitration. (*Effective January 1, 2014.*) (1) Manufacturers participating in the standard plan shall pay the authority to cover all administrative and operational costs associated with the collection, transportation, and

recycling of covered electronic products within the state of Washington incurred by the standard program operated by the authority to meet the standard plan's equivalent share obligation as described in RCW 70.95N.280(5).

(2) The authority shall assess charges on each manufacturer participating in the standard plan and collect funds from each participating manufacturer for the manufacturer's portion of the costs in subsection (1) of this section. For program years 2009 through 2015, such apportionment must be based on return share, market share, any combination of return share and market share, or any other equitable method. For the 2016 program year and all subsequent program years, such apportionment must be based on market share. The authority's apportionment of costs to manufacturers participating in the standard plan may not include nor be based on electronic products imported through the state and subsequently exported outside the state. Charges assessed under this section must not be formulated in such a way as to create incentives to divert imported electronic products to ports or distribution centers in other states. The authority shall adjust the charges to manufacturers participating in the standard plan as necessary in order to ensure that all costs associated with the identified activities are covered.

(3) The authority may require financial assurances or performance bonds for manufacturers participating in the standard plan, including but not limited to new entrants and white box manufacturers, when determining equitable methods for apportioning costs to ensure that the long-term costs for collecting, transporting, and recycling of a covered electronic product are borne by the appropriate manufacturer in the event that the manufacturer ceases to participate in the program.

(4) Nothing in this section authorizes the authority to assess fees or levy taxes directly on the sale or possession of electronic products.

(5) If a manufacturer has not met its financial obligations as determined by the authority under this section, the authority shall notify the department that the manufacturer is no longer participating in the standard plan.

(6) For program years 2009 through 2015, the authority shall submit its plan for assessing charges and apportioning cost on manufacturers participating in the standard plan to the department for review and approval along with the standard plan as provided in RCW 70.95N.060.

(7)(a) Any manufacturer participating in the standard plan may appeal an assessment of charges or apportionment of costs levied by the authority under this section by written petition to the director of the department. The director of the department or the director's designee shall review all appeals within timelines established by the department and shall reverse any assessments of charges or apportionment of costs if the director finds that the authority's assessments or apportionment of costs was an arbitrary administrative decision, an abuse of administrative discretion, or is not an equitable assessment or apportionment of costs. The director shall make a fair and impartial decision based on sound data. If the director of the department reverses an assessment of charges, the authority must redetermine the assessment or apportionment of costs.

(b) Disputes regarding a final decision made by the director or director's designee may be challenged through

arbitration. The director shall appoint one member to serve on the arbitration panel and the challenging party shall appoint one other. These two persons shall choose a third person to serve. If the two persons cannot agree on a third person, the presiding judge of the Thurston county superior court shall choose a third person. The decision of the arbitration panel shall be final and binding, subject to review by the superior court solely upon the question of whether the decision of the panel was arbitrary or capricious. [2013 c 305 § 13; 2006 c 183 § 31.]

70.96A.350 Criminal justice treatment account. (1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program; (c) the administrative and overhead costs associated with the operation of a drug court; and (d) during the 2011-2013 biennium, the legislature may appropriate up to three million dollars from the account in order to offset reductions in the state general fund for treatment services provided by counties. This amount is not subject to the requirements of subsections (5) through (9) of this section. During the 2013-2015 fiscal biennium, the legislature may transfer from the criminal justice treatment account to the state general fund amounts as reflect the state savings associated with the implementation of the medicaid expansion of the federal affordable care act. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance abuse treatment program, but does not include the following services: Housing other than that provided as part of an inpatient substance abuse treatment program, vocational training, and mental health counseling; and

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal biennium beginning July 1, 2003, the state treasurer shall transfer eight million nine hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the

implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)(b) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the division from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance abuse treatment providers, and any other person deemed by the division to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the division from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The division shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance abuse treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds

shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 70.96A.090, treatment support services, and for the administrative and overhead costs associated with the operation of a drug court.

(a) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent on the administrative and overhead costs associated with the operation of a drug court.

(b) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.28.170(3)(b).

(10) The authority under this section to use funds from the criminal justice treatment account for the administrative and overhead costs associated with the operation of a drug court expires June 30, 2015. As to other proceedings under chapter 10.77, 70.96A, or 71.05 RCW, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

(6) Insofar as danger to the person or others is not created, each resident of an enhanced services facility shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(b) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(c) To have access to individual storage space for his or her private use;

(d) To have visitors at reasonable times;

(e) To have reasonable access to a telephone, both to make and receive confidential calls, consistent with an effective treatment program;

(f) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(g) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.215 or 71.05.217, or the performance of electroconvulsant therapy, or surgery, except emergency life-saving surgery, unless ordered by a court under RCW 71.05.217;

(h) To discuss and actively participate in treatment plans and decisions with professional persons;

(i) Not to have psychosurgery performed on him or her under any circumstances;

(j) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue; and

(k) To complain about rights violations or conditions and request the assistance of a mental health ombuds or representative of Washington protection and advocacy. The facility may not prohibit or interfere with a resident's decision to consult with an advocate of his or her choice.

(7) Nothing contained in this chapter shall prohibit a resident from petitioning by writ of habeas corpus for release.

(8) Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or active supervision by the department of corrections.

(9) A person has a right to refuse placement, except where subject to commitment, in an enhanced services facility. No person shall be denied other department services solely on the grounds that he or she has made such a refusal.

(10) A person has a right to appeal the decision of the department that he or she is eligible for placement at an enhanced services facility, and shall be given notice of the right to appeal in a format that is accessible to the person with instructions regarding what to do if the person wants to appeal. (3) A licensee shall have the following readily accessible and available for review by the department, residents, families of residents, and the public:

(a) Its license to operate and a copy of the department's most recent inspection report and any recent complaint investigation reports issued by the department;

(b) Its written policies and procedures for all treatment, care, and services provided directly or indirectly by the facility; and

(c) The department's toll-free complaint number, which shall also be posted in a clearly visible place and manner.

(6) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information. [2013 c 23 § 180; 2005 c 504 § 412.]

Chapter 70.105 RCW HAZARDOUS WASTE MANAGEMENT

Sections

70.105.280 Service charges.

70.105.310 Radioactive mixed waste account.

70.105.280 Service charges. (1) The department may assess reasonable service charges against those facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component or which are undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal, except any commercial low-level radioactive waste facility. Service charges may not exceed the costs to the department in carrying out the duties of this section.

(2) Program elements or activities for which service charges may be assessed include:

(a) Office, staff, and staff support for the purposes of facility or unit permit development, review, and issuance; and

(b) Actions taken to determine and ensure compliance with the state's hazardous waste management act.

(3) Moneys collected through the imposition of such service charges shall be deposited in the radioactive mixed waste account created in RCW 70.105.310.

(4) The department shall adopt rules necessary to implement this section. Facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component shall not be subject to service charges prior to such rule making. Facilities undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal shall not be subject to service charges prior to such rule making. 70.105.310 Radioactive mixed waste account. The radioactive mixed waste account is created within the state treasury. All receipts received from facilities assessed service charges established under RCW 70.105.280 must be

deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used for carrying out the department's powers and duties under this chapter related to the regulation of facilities that treat, store, or dispose of mixed waste or mixed waste facilities that are undergoing closure. 70.105D.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agreed order" means an order issued by the department under this chapter with which the potentially liable person or prospective purchaser receiving the order agrees to comply. An agreed order may be used to require or approve any cleanup or other remedial actions but it is not a settlement under RCW 70.105D.040(4) and shall not contain a covenant not to sue, or provide protection from claims for contribution, or provide eligibility for public funding of remedial actions under RCW 70.105D.070(3) (k) and (q).

(2) "Areawide groundwater contamination" means groundwater contamination on multiple adjacent properties with different ownerships consisting of hazardous substances from multiple sources that have resulted in commingled plumes of contaminated groundwater that are not practicable to address separately.

(3) "Brownfield property" means previously developed and currently abandoned or underutilized real property and adjacent surface waters and sediment where environmental, economic, or community reuse objectives are hindered by the release or threatened release of hazardous substances that the department has determined requires remedial action under this chapter or that the United States environmental protection agency has determined requires remedial action under the federal cleanup law.

(4) "City" means a city or town.

(5) "Department" means the department of ecology.

(6) "Director" means the director of ecology or the director's designee.

(7) "Environmental covenant" has the same meaning as defined in RCW 64.70.020.

(8) "Facility" means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container,

motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(9) "Federal cleanup law" means the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended by Public Law 99-499.

(10)(a) "Fiduciary" means a person acting for the benefit of another party as a bona fide trustee; executor; administrator; custodian; guardian of estates or guardian ad litem; receiver; conservator; committee of estates of incapacitated persons; trustee in bankruptcy; trustee, under an indenture agreement, trust agreement, lease, or similar financing agreement, for debt securities, certificates of interest or certificates of participation in debt securities, or other forms of indebtedness as to which the trustee is not, in the capacity of trustee, the lender. Except as provided in subsection (22)(b)(iii) of this section, the liability of a fiduciary under this chapter shall not exceed the assets held in the fiduciary capacity.

(b) "Fiduciary" does not mean:

(i) A person acting as a fiduciary with respect to a trust or other fiduciary estate that was organized for the primary purpose of, or is engaged in, actively carrying on a trade or business for profit, unless the trust or other fiduciary estate was created as part of, or to facilitate, one or more estate plans or because of the incapacity of a natural person;

(ii) A person who acquires ownership or control of a facility with the objective purpose of avoiding liability of the person or any other person. It is prima facie evidence that the fiduciary acquired ownership or control of the facility to avoid liability if the facility is the only substantial asset in the fiduciary estate at the time the facility became subject to the fiduciary estate;

(iii) A person who acts in a capacity other than that of a fiduciary or in a beneficiary capacity and in that capacity directly or indirectly benefits from a trust or fiduciary relationship;

(iv) A person who is a beneficiary and fiduciary with respect to the same fiduciary estate, and who while acting as a fiduciary receives benefits that exceed customary or reasonable compensation, and incidental benefits permitted under applicable law;

(v) A person who is a fiduciary and receives benefits that substantially exceed customary or reasonable compensation, and incidental benefits permitted under applicable law; or

(vi) A person who acts in the capacity of trustee of state or federal lands or resources.

(11) "Fiduciary capacity" means the capacity of a person holding title to a facility, or otherwise having control of an interest in the facility pursuant to the exercise of the responsibilities of the person as a fiduciary.

(12) "Foreclosure and its equivalents" means purchase at a foreclosure sale, acquisition, or assignment of title in lieu of foreclosure, termination of a lease, or other repossession, acquisition of a right to title or possession, an agreement in satisfaction of the obligation, or any other comparable formal or informal manner, whether pursuant to law or under warranties, covenants, conditions, representations, or promises from the borrower, by which the holder acquires title to or possession of a facility securing a loan or other obligation.

(13) "Hazardous substance" means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010 (1) and (7), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(b) Any hazardous substance as defined in RCW 70.105.010(10) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;

(c) Any substance that, on March 1, 1989, is a hazardous substance under section 101(14) of the federal cleanup law, 42 U.S.C. Sec. 9601(14);

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(14) "Holder" means a person who holds indicia of ownership primarily to protect a security interest. A holder includes the initial holder such as the loan originator, any subsequent holder such as a successor-in-interest or subsequent purchaser of the security interest on the secondary market, a guarantor of an obligation, surety, or any other person who holds indicia of ownership primarily to protect a security interest, or a receiver, court-appointed trustee, or other person who acts on behalf or for the benefit of a holder. A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

(15) "Independent remedial actions" means remedial actions conducted without department oversight or approval, and not under an order, agreed order, or consent decree.

(16) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests includes, mortgages, deeds of trust, sellers interest in a real estate contract, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also includes assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

(17) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

(18) "Institutional controls" means measures undertaken to limit or prohibit activities that may interfere with the integrity of a remedial action or result in exposure to or migration of hazardous substances at a site. "Institutional controls" include environmental covenants.

(19) "Local government" means any political subdivision of the state, including a town, city, county, special purpose district, or other municipal corporation, including brownfield renewal authority created under RCW 70.105D.160.

(20) "Model remedy" or "model remedial action" means a set of technologies, procedures, and monitoring protocols identified by the department for use in routine types of clean-up projects at facilities that have common features and lower risk to human health and the environment.

(21) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

(22) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control through a drug forfeiture action under RCW 69.50.505, or involuntarily through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility;

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection (23)(e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:

(A) The holder properly maintains the environmental compliance measures already in place at the facility;

(B) The holder complies with the reporting requirements in the rules adopted under this chapter;

(C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;

(D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The holder does not exacerbate an existing release. The exemption in this subsection (22)(b)(ii) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release;

(iii) A fiduciary in his, her, or its personal or individual capacity. This exemption does not preclude a claim against the assets of the estate or trust administered by the fiduciary or against a nonemployee agent or independent contractor retained by a fiduciary. This exemption also does not apply to the extent that a person is liable under this chapter independently of the person's ownership as a fiduciary or for actions taken in a fiduciary capacity which cause or contribute to a new release or exacerbate an existing release of hazardous substances. This exemption applies provided that, to the extent of the fiduciary's powers granted by law or by the applicable governing instrument granting fiduciary powers, the fiduciary complies with all of the following:

(A) The fiduciary properly maintains the environmental compliance measures already in place at the facility;

(B) The fiduciary complies with the reporting requirements in the rules adopted under this chapter;

(C) The fiduciary complies with any order issued to the fiduciary by the department to abate an imminent or substantial endangerment;

(D) The fiduciary allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the fiduciary are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The fiduciary does not exacerbate an existing release.

The exemption in this subsection (22)(b)(iii) does not apply to fiduciaries who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided however, that a fiduciary shall not lose this exemption if it establishes that

any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release. The exemption in this subsection (22)(b)(iii) also does not apply where the fiduciary's powers to comply with this subsection (22)(b)(iii) are limited by a governing instrument created with the objective purpose of avoiding liability under this chapter or of avoiding compliance with this chapter; or

(iv) Any person who has any ownership interest in, operates, or exercises control over real property where a hazardous substance has come to be located solely as a result of migration of the hazardous substance to the real property through the groundwater from a source off the property, if:

(A) The person can demonstrate that the hazardous substance has not been used, placed, managed, or otherwise handled on the property in a manner likely to cause or contribute to a release of the hazardous substance that has migrated onto the property;

(B) The person has not caused or contributed to the release of the hazardous substance;

(C) The person does not engage in activities that damage or interfere with the operation of remedial actions installed on the person's property or engage in activities that result in exposure of humans or the environment to the contaminated groundwater that has migrated onto the property;

(D) If requested, the person allows the department, potentially liable persons who are subject to an order, agreed order, or consent decree, and the authorized employees, agents, or contractors of each, access to the property to conduct remedial actions required by the department. The person may attempt to negotiate an access agreement before allowing access; and

(E) Legal withdrawal of groundwater does not disqualify a person from the exemption in this subsection (22)(b)(iv).

(23) "Participation in management" means exercising decision-making control over the borrower's operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facility for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower's remedial actions or the scope of the borrower's remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder's security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect

a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

(24) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(25) "Policing activities" means actions the holder takes to ensure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower's business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

(26) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(27) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to cleanup releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the holder's security interest in the facility. A holder can prepare a facility for sale, transfer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection (22)(b)(ii) of this section.

(28) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest.

For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

(29) "Prospective purchaser" means a person who is not currently liable for remedial action at a facility and who proposes to purchase, redevelop, or reuse the facility.

(30) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(31) "Redevelopment opportunity zone" means a geographic area designated under RCW 70.105D.150.

(32) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

(33) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

(34) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

(35) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower. Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2013 2nd sp.s. c 1: "The legislature finds that there are a large number of toxic waste sites that have been identified in the department of ecology's priority list as ready for immediate cleanup. The legislature further finds that addressing the cleanup of these toxic waste sites will provide needed jobs to citizens of Washington state. It is the intent of the legislature to prioritize the spending of revenues under chapter 70.105D RCW, the model toxics control act, on cleaning up the most toxic sites, while also providing jobs in communities around the state." 70.105D.030 Department's powers and duties. (1)

The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or willful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020 and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, environmental covenants where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing an environmental covenant under this subsection, the department shall consult with and seek comment from a city or county depart-

ment with land use planning authority for real property subject to the environmental covenant;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in RCW 70.105D.110, and impose penalties for violations of that section consistent with RCW 70.105D.050;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(22)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. Nothing in this chapter may be construed to preclude the department from issuing a written opinion on whether further remedial action is necessary at any portion of the real property located within a facility, even if further remedial action is still necessary elsewhere at the same facility. Such a written opinion on a portion of a facility must also provide an opinion on the status of the facility as a whole. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance. The department must track the number of requests for reviews of planned or completed independent remedial actions and establish performance measures to track how quickly the department is able to respond to those requests. By November 1, 2015, the department must submit to the governor and the appropriate legislative fiscal and policy committees a report on achieving the performance measures and provide recommendations for improving performance, including staffing needs;

(j) In fulfilling the objectives of this chapter, the department shall allocate staffing and financial assistance in a manner that considers both the reduction of human and environmental risks and the land reuse potential and planning for the facilities to be cleaned up. This does not preclude the department from allocating resources to a facility based solely on human or environmental risks;

(k) Establish model remedies for common categories of facilities, types of hazardous substances, types of media, or geographic areas to streamline and accelerate the selection of remedies for routine types of cleanups at facilities;

(i) When establishing a model remedy, the department shall:

(A) Identify the requirements for characterizing a facility to select a model remedy, the applicability of the model remedy for use at a facility, and monitoring requirements;

(B) Describe how the model remedy meets clean-up standards and the requirements for selecting a remedy established by the department under this chapter; and

(C) Provide public notice and an opportunity to comment on the proposed model remedy and the conditions under which it may be used at a facility;

(i) When developing model remedies, the department shall solicit and consider proposals from qualified persons. The proposals must, in addition to describing the model remedy, provide the information required under (k)(i)(A) and (B) of this subsection;

(ii) If a facility meets the requirements for use of a model remedy, an analysis of the feasibility of alternative remedies is not required under this chapter. For department-conducted and department-supervised remedial actions, the department must provide public notice and consider public comments on the proposed use of a model remedy at a facility. The department may waive collection of its costs for providing a written opinion under (i) of this subsection on a cleanup that qualifies for and appropriately uses a model remedy; and

(l) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(e) Publish and periodically update minimum clean-up standards for remedial actions at least as stringent as the clean-up standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards

cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) To achieve and protect the state's long-term ecological health, the department shall plan to clean up hazardous waste sites and prevent the creation of future hazards due to improper disposal of toxic wastes at a pace that matches the estimated cash resources in the state and local toxics control accounts and the environmental legacy stewardship account created in RCW 70.105D.170. Estimated cash resources must consider the annual cash flow requirements of major projects that receive appropriations expected to cross multiple biennia. To effectively monitor toxic accounts expenditures, the department shall develop a comprehensive ten-year financing report that identifies long-term remedial action project costs, tracks expenses, and projects future needs.

(4) By November 1, 2016, the department must submit to the governor and the appropriate legislative committees a report on the status of developing model remedies and their use under this chapter. The report must include: The number and types of model remedies identified by the department under subsection (1)(k) of this section; the number and types of model remedy proposals prepared by qualified private sector engineers, consultants, or contractors that were accepted or rejected under subsection (1)(k) of this section and the reasons for rejection; and the success of model remedies in accelerating the cleanup as measured by the number of jobs created by the cleanup, where this information is available to the department, acres of land restored, and the number and types of hazardous waste sites successfully remediated using model remedies.

(5) Before September 20th of each even-numbered year, the department shall:

(a) Develop a comprehensive ten-year financing report in coordination with all local governments with clean-up responsibilities that identifies the projected biennial hazardous waste site remedial action needs that are eligible for funding from the state and local toxics control account and the environmental legacy stewardship account;

(b) Work with local governments to develop working capital reserves to be incorporated in the ten-year financing report;

(c) Identify the projected remedial action needs for orphaned, abandoned, and other clean-up sites that are eligible for funding from the state toxics control account;

(d) Project the remedial action need, cost, revenue, and any recommended working capital reserve estimate to the next biennium's long-term remedial action needs from both the local and state toxics control account and the environmental legacy stewardship account, and submit this information to the appropriate standing fiscal and environmental committees of the senate and house of representatives. This submittal must also include a ranked list of such remedial action projects for both accounts. The submittal must also identify separate budget estimates for large, multiyear

clean-up projects that exceed ten million dollars. The department shall prepare its ten-year capital budget plan that is submitted to the office of financial management to reflect the separate budget estimates for these large clean-up projects and include information on the anticipated private and public funding obligations for completion of the relevant projects.

(6) By December 1st of each odd-numbered year, the department must provide the legislature and the public a report of the department's activities supported by appropriations from the state and local toxics control accounts and the environmental legacy stewardship account. The report must be prepared and displayed in a manner that allows the legislature and the public to easily determine the statewide and local progress made in cleaning up hazardous waste sites under this chapter. The report must include, at a minimum:

(a) The name, location, hazardous waste ranking, and a short description of each site on the hazardous sites list, and the date the site was placed on the hazardous waste sites list; and

(b) For sites where there are state contracts, grants, loans, or direct investments by the state:

(i) The amount of money from the state and local toxics control accounts and the environmental legacy stewardship account used to conduct remedial actions at the site and the amount of that money recovered from potentially liable persons;

(ii) The actual or estimated start and end dates and the actual or estimated expenditures of funds authorized under this chapter for the following project phases:

(A) Emergency or interim actions, if needed;

(B) Remedial investigation;

(C) Feasibility study and selection of a remedy;

(D) Engineering design and construction of the selected remedy;

(E) Operation and maintenance or monitoring of the constructed remedy; and

(F) The final completion date.

(7) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

(8) For all facilities where an environmental covenant has been required under subsection (1)(f) of this section, including all facilities where the department has required an environmental covenant under an order, agreed order, or consent decree, or as a condition of a written opinion issued under the authority of subsection (1)(i) of this section, the department shall periodically review the environmental covenant for effectiveness. Except as otherwise provided in (c) of this subsection, the department shall conduct a review at least once every five years after an environmental covenant is recorded.

(a) The review shall consist of, at a minimum:

(i) A review of the title of the real property subject to the environmental covenant to determine whether the environmental covenant was properly recorded and, if applicable, amended or terminated;

(ii) A physical inspection of the real property subject to the environmental covenant to determine compliance with the environmental covenant, including whether any development or redevelopment of the real property has violated the terms of the environmental covenant; and

(iii) A review of the effectiveness of the environmental covenant in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances. This shall include a review of available monitoring data.

(b) If an environmental covenant has been amended or terminated without proper authority, or if the terms of an environmental covenant have been violated, or if the environmental covenant is no longer effective in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances, then the department shall take any and all appropriate actions necessary to ensure compliance with the environmental covenant and the policies and requirements of this chapter.

(c) For facilities where an environmental covenant required by the department under subsection (1)(f) of this section was required before July 1, 2007, the department shall:

(i) Enter all required information about the environmental covenant into the registry established under RCW 64.70.120 by June 30, 2008;

(ii) For those facilities where more than five years has elapsed since the environmental covenant was required and the department has yet to conduct a review, conduct an initial review according to the following schedule:

(A) By December 30, 2008, fifty facilities;

(B) By June 30, 2009, fifty additional facilities; and

(C) By June 30, 2010, the remainder of the facilities;

(iii) Once this initial review has been completed, conduct subsequent reviews at least once every five years. [2013 2nd sp.s. c 1 § 6; 2009 c 560 § 10. 70.105D.040 Standard of liability—Settlement. (1)

Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:

(a) The owner or operator of the facility;

(b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;

(c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;

(d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release

or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW; and

(e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.

(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.

(3) The following persons are not liable under this section:

(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

- (i) An act of God;
- (ii) An act of war; or

(iii) An act or omission of a third party (including but not limited to a trespasser) other than (A) an employee or agent of the person asserting the defense, or (B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;

(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (3)(b) is limited as follows:

(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (3)(b) shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;

(ii) The defense contained in this subsection (3)(b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this subsection (3)(b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;

(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.

(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this section.

(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and any required hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with clean-up standards under RCW 70.105D.030(2)(e) and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity. A hearing shall be required only if at least ten persons request one or if the department determines a hearing is necessary.

(b) A settlement agreement under this section shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopener clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this section shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(e) If the state has entered into a consent decree with an owner or operator under this section, the state shall not enforce this chapter against any owner or operator who is a successor in interest to the settling party unless under the terms of the consent decree the state could enforce against the settling party, if:

(i) The successor owner or operator is liable with respect to the facility solely due to that person's ownership interest or operator status acquired as a successor in interest to the owner or operator with whom the state has entered into a consent decree; and

(ii) The stay of enforcement under this subsection does not apply if the consent decree was based on circumstances unique to the settling party that do not exist with regard to the

successor in interest, such as financial hardship. For consent decrees entered into before July 27, 1997, at the request of a settling party or a potential successor owner or operator, the attorney general shall issue a written opinion on whether a consent decree contains such unique circumstances. For all other consent decrees, such unique circumstances shall be specified in the consent decree.

(f) Any person who is not subject to enforcement by the state under (e) of this subsection is not liable for claims for contribution regarding matters addressed in the settlement.

(5)(a) In addition to the settlement authority provided under subsection (4) of this section, the attorney general may agree to a settlement with a prospective purchaser, provided that:

(i) The settlement will yield substantial new resources to facilitate cleanup;

(ii) The settlement will expedite remedial action at the facility consistent with the rules adopted under this chapter; and

(iii) Based on available information, the department determines that the redevelopment or reuse of the facility is not likely to contribute to the existing release or threatened release, interfere with remedial actions that may be needed at the facility, or increase health risks to persons at or in the vicinity of the facility.

(b) The legislature recognizes that the state does not have adequate resources to participate in all property transactions involving contaminated property. The primary purpose of this subsection (5) is to promote the cleanup and reuse of brownfield property. The attorney general and the department may give priority to settlements that will provide a substantial public benefit in addition to cleanup.

(c) A settlement entered under this subsection is governed by subsection (4) of this section.

(6) As an alternative to a settlement under subsection (5) of this section, the department may enter into an agreed order with a prospective purchaser of a property within a designated redevelopment opportunity zone. The agreed order is subject to the limitations in RCW 70.105D.020(1), but stays enforcement by the department under this chapter regarding remedial actions required by the agreed order as long as the prospective purchaser complies with the requirements of the agreed order.

(7) Nothing in this chapter affects or modifies in any way any person's right to seek or obtain relief under other statutes or under common law, including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes. 70.105D.050 Enforcement. (1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders

requiring potentially liable persons to provide the remedial action. Any liable person, or prospective purchaser who has entered into an agreed order under RCW 70.105D.040(6), who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

(7) Any person who owns real property or lender holding a mortgage on real property that is subject to a lien filed under RCW 70.105D.055 may petition the department to have the lien removed or the amount of the lien reduced. If, after consideration of the petition and the information supporting the petition, the department decides to deny the request, the person may, within ninety days after receipt of the department's denial, file suit for removal or reduction of the lien. The person is entitled to removal of a lien filed under RCW 70.105D.055(2)(a) if they can prove by a preponderance of the evidence that the person is not a liable party under RCW 70.105D.040. The person is entitled to a reduction of the amount of the lien if they can prove by a preponderance of the evidence:

(a) For liens filed under RCW 70.105D.055(2)(a), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property; and

(b) For liens filed under RCW 70.105D.055(2)(c), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property or exceeds the increase of the fair market value of the real property solely attributable to the remedial action conducted by the department.

(8) The expenditure of moneys under the state and local toxics control accounts created in RCW 70.105D.170 and the environmental legacy stewardship account created in RCW 70.105D.170 does not alter the liability of any person under this chapter, or the authority of the department under this chapter, including the authority to recover those moneys. [2013 2nd sp.s. c 1 § 8; 2005 c 211 § 2; 2002 c 288 § 4; 1994 c 257 § 12; 1989 c 2 § 5 (Initiative Measure No. 97, approved November 8, 1988).]

(2)(a) Moneys collected under RCW 82.21.030 must be deposited as follows: Fifty-six percent to the state toxics control account under subsection (3) of this section and forty-four percent to the local toxics control account under subsection (4) of this section. When the cumulative amount of deposits made to the state and local toxics control accounts under this section reaches the limit during a fiscal year as established in (b) of this subsection, the remainder of the moneys collected under RCW 82.21.030 during that fiscal year must be deposited into the environmental legacy stewardship account created in RCW 70.105D.170.

(ii) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and

(iii) The director has found the funding meets any additional criteria established in rule by the department, will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, and will provide a public benefit in addition to cleanup commensurate with the scope of the public funding;

(r) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters;

(s) Appropriations to the local toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts;

(t) During the 2013-2015 fiscal biennium, the department of ecology's water quality, shorelands, environmental assessment, administration, and air quality programs;

(u) During the 2013-2015 fiscal biennium, actions at the state conservation commission to improve water quality for shellfish; and

(v) During the 2013-2015 fiscal biennium, actions at the University of Washington for reducing ocean acidification;

(w) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be spent on projects in sec-

tion 3159, chapter 19, Laws of 2013 2nd sp. sess. and for transfer to the local toxics control account; and

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (c)[(e)](i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (c)[(e)](iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to areawide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (c)[(e)](iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(d) [(f)] To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high

performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects [affects] the ability of a potentially liable person to receive public funding.

(10) During the 2013-2015 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for storm water grants. Finding—2001 c 27: "The legislature finds that there is an increasing number of derelict vessels that have been abandoned in the waters along the shorelines of the state. These vessels pose hazards to navigation and threaten the environment with the potential release of hazardous materials. There is no current federal program that comprehensively addresses this problem, and the legislature recognizes that the state must assist in providing a solution to this increasing hazard." 70.105D.140 Brownfield redevelopment trust fund account—Created—Report to the office of financial management and the legislature—Rules. (1) The brownfield redevelopment trust fund account is created in the state treasury. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the brownfield redevelopment trust fund account:

(a) Moneys appropriated by the legislature to the account for a specific redevelopment opportunity zone established under RCW 70.105D.150 or a specific brownfield renewal authority established under RCW 70.105D.160;

(b) Moneys voluntarily deposited in the account for a specific redevelopment opportunity zone or a specific brownfield renewal authority; and

(c) Receipts from settlements or court orders that direct payment to the account for a specific redevelopment opportunity zone to resolve a person's liability or potential liability under this chapter.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(c) of this section into the brownfield redevelopment trust fund account, then the receipts from any payment to the state must be deposited into the state toxics control account established under RCW 70.105D.070.

(4) Expenditures from the brownfield redevelopment trust fund account may only be used for the purposes of remediation and cleanup at the specific redevelopment opportunity zone or specific brownfield renewal authority for which the moneys were deposited in the account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) The account must retain its interest earnings in accordance with RCW 43.84.092.

(7) The local government designating the redevelopment opportunity zone under RCW 70.105D.150 or the associated brownfield renewal authority created under RCW 70.105D.160 must be the beneficiary of the deposited moneys.

(8) All expenditures must be used to conduct remediation and cleanup consistent with a plan for the remediation and cleanup of the properties or facilities approved by the department under this chapter. All expenditures must meet the eligibility requirements for the use by local governments under the rules for remedial action grants adopted by the department under this chapter, including requirements for the expenditure of nonstate match funding.

(9) Beginning October 31, 2015, the department must provide a biennial report to the office of financial management and the legislature regarding the activity for each specific redevelopment opportunity zone or specific brownfield renewal authority for which specific legislative appropriation was provided in the previous two fiscal years.

(10) After the department determines that all remedial actions within the redevelopment opportunity zone identified in the plan approved under subsection (8) of this section are completed, including payment of all cost reasonably attributable to the remedial actions and cleanup, any remaining moneys must be transferred to the state toxics control account established under RCW 70.105D.070.

(11) If the department determines that substantial progress has not been made on the plan approved under subsection (8) of this section for a redevelopment opportunity zone or specific brownfield renewal authority for which moneys were deposited in the account within six years, or that the brownfield renewal authority is no longer a viable entity, then all remaining moneys must be transferred to the state toxics control account established under RCW 70.105D.070.

(12) The department is authorized to adopt rules to implement this section. [2013 2nd sp.s. c 1 § 3.]

70.105D.150 Designation of a redevelopment opportunity zone—Criteria. (1) A city or county may designate a geographic area within its jurisdiction as a redevelopment opportunity zone if the zone meets the criteria in this subsection and the city or county adopts a resolution that includes the following determinations and commitments:

(a) At least fifty percent of the upland properties in the zone are brownfield properties whether or not the properties are contiguous;

(b) The upland portions of the zone are comprised entirely of parcels of property either owned by the city or county or whose owner has provided consent in writing to have their property included within the zone;

(c) The cleanup of brownfield properties will be integrated with planning for the future uses of the properties and is consistent with the comprehensive land use plan for the zone; and

(d) The proposed properties lie within the incorporated area of a city or within an urban growth area designated under RCW 36.70A.110.

(2) A port district may designate a redevelopment opportunity zone when:

(a) The port district adopts a resolution that includes the determinations and commitments required under subsection (1)(a), (c), and (d) of this section and (c) of this subsection;

(b) The zone meets the criteria in subsection (1)(a), (c), and (d) of this section; and

(c) The port district either:

(i) Owns in fee all of the upland properties within the zone; or

(ii) Owns in fee at least fifty percent of the upland property in the zone, the owners of other parcels of upland property in the zone have provided consent in writing to have their property included in the zone, and the governing body of the city and county in which the zone lies approves of the designation by resolution. [2013 2nd sp.s. c 1 § 4.]

Findings—Intent—Effective date—2013 2nd sp.s. c 1: See notes following RCW 70.105D.020.

70.105D.160 Brownfield renewal authority. (1) A city, county, or port district may establish by resolution a brownfield renewal authority for the purpose of guiding and implementing the cleanup and reuse of properties within a designated redevelopment opportunity zone. Any combination of cities, counties, and port districts may establish a brownfield renewal authority through an interlocal agreement under chapter 39.34 RCW, and the brownfield renewal authority may exercise those powers as are authorized under chapter 39.34 RCW and under this chapter.

(2) A brownfield renewal authority must be governed by a board of directors selected as determined by the resolution or interlocal agreement establishing the authority.

(3) A brownfield renewal authority must be a separate legal entity and be deemed a municipal corporation. It has the power to: Sue and be sued; receive, account for, and disburse funds; employ personnel; and acquire or dispose of any interest in real or personal property within a redevelopment opportunity zone in the furtherance of the authority purposes. A brownfield renewal authority has the power to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes.

(4) If the department determines that substantial progress has not been made on the plan approved under RCW 70.105D.140 by the brownfield renewal authority within six years of a city, county, or port district establishing a brownfield renewal authority, the department may require dissolution of the brownfield renewal authority. Upon dissolution of the brownfield renewal authority, except as provided in RCW 70.105D.140, all assets and liabilities transfer to the city,

town, or port district establishing the brownfield renewal authority. [2013 2nd sp.s. c 1 § 5.]

Beginning July 1, 2013, and every fiscal year thereafter, the annual amount received from the tax imposed by RCW 82.21.030 that exceeds one hundred forty million dollars must be deposited into the environmental legacy stewardship account. The state treasurer may make periodic deposits into the environmental legacy stewardship account based on forecasted revenue. Moneys in the account may only be spent after appropriation.

(2) Moneys in the environmental legacy stewardship account may be spent on:

(a) Grants or loans to local governments for performance and outcome-based projects, model remedies, demonstration projects, procedures, contracts, and project management and oversight that result in significant reductions in the time to complete compared to baseline averages;

(b) Purposes authorized under RCW 70.105D.070 (3) and (4);

(c) Grants or loans awarded through a competitive grant program administered by the department to fund design and construction of low-impact development retrofit projects and other high quality projects that reduce storm water pollution from existing infrastructure. The competitive grant program must apply criteria to review, rank, and prioritize projects for funding based on their water quality benefits, ecological benefits, and effectiveness at reducing environmental degradation; and

(d) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment.

(3) Except as provided under RCW 70.105D.070(3) (k) and (q), nothing in chapter 1, Laws of 2013 2nd sp. sess. expands the ability of a potentially liable person to receive public funding.

(4) Moneys in the environmental legacy stewardship account may also be used as follows:

(a) During the 2013-2015 fiscal biennia, shoreline update technical assistance and for local government shoreline master program update grants;

(b) During the 2013-2015 fiscal biennium, solid and hazardous waste compliance at the department of corrections;

(c) During the 2013-2015 fiscal biennium, activities at the department of fish and wildlife concerning water quality monitoring, hatchery water quality regulatory compliance, and technical assistance to local governments on growth management and shoreline management;

(d) During the 2013-2015 fiscal biennium, forest practices regulation and aquatic land investigation and cleanup activities at the department of natural resources.

(5) For the 2013-2015 fiscal biennium, moneys in the environmental legacy stewardship account may be transferred to the local toxics control account. [2013 2nd sp.s. c

70.116.134 Satellite system management agencies—Definitions.

70.116.134 Satellite system management agencies—Definitions. (1) The secretary shall adopt rules pursuant to chapter 34.05 RCW establishing criteria for designating individuals or water purveyors as qualified satellite system management agencies. The criteria shall set forth minimum standards for designation as a satellite system management agency qualified to assume ownership, operation, or both, of an existing or proposed public water system. The criteria shall include demonstration of financial integrity and operational capability, and may require demonstration of previous experience in successful operation and management of a public water system.

(2) Each county shall identify potential satellite system management agencies to the secretary for areas where: (a) No purveyor has been designated a future service area pursuant to this chapter, or (b) an existing purveyor is unable or unwilling to provide service. Preference shall be given to public utilities or utility districts or to investor-owned utilities under the jurisdiction of the utilities and transportation commission.

(3) The secretary shall approve satellite system management agencies meeting the established criteria and shall maintain and make available to counties a list of approved

agencies. Prior to the construction of a new public water system, the individual(s) proposing the new system or requesting service shall first be directed by the local agency responsible for issuing the construction or building permit to one or more qualified satellite system management agencies designated for the service area where the new system is proposed for the purpose of exploring the possibility of a satellite agency either owning or operating the proposed new water system.

(4) Approved satellite system management agencies shall be reviewed periodically by the secretary for continued compliance with established criteria. The secretary may require status reports and other information necessary for such review. Satellite system management agencies shall be subject to reapproval at the discretion of the secretary but not less than once every five years.

(5) The secretary may assess reasonable fees to process applications for initial approval and for periodic review of satellite system management agencies.

(6) For purposes of this section, "satellite system management agency" and "satellite agency" shall mean a person or entity that is certified by the secretary to own or operate more than one public water system on a regional or county-wide basis, without the necessity for a physical connection between such systems. The department shall digitally reproduce and store health care declarations in the registry. The department may establish standards for individuals to submit digitally reproduced health care declarations directly to the registry, but is not required to review the health care declarations that it receives to ensure they comply with the particular statutory requirements applicable to the document. - (iv) A form adopted pursuant to the department of health's authority in RCW 43.70.480.

(b) Failure to submit a health care declaration to the department of health does not affect the validity of the declaration.

(c) Failure to notify the department of health of a valid revocation of a health care declaration does not affect the validity of the revocation.

(d) The entry of a health care directive in the registry under this section does not:

- (i) Affect the validity of the document;
- (ii) Take the place of any requirements in law necessary to make the submitted document legal; or
- (iii) Create a presumption regarding the validity of the document.

(3) The department of health shall prescribe a procedure for an individual to revoke a health care declaration contained in the registry.

(4) The registry must:

(a) Be maintained in a secure database that is accessible through a web site maintained by the department of health;

(b) Send annual electronic messages to individuals that have submitted health care declarations to request that they review the registry materials to ensure that it is current;

(c) Provide individuals who have submitted one or more health care declarations with access to their documents and the ability to revoke their documents at all times; and

(d) Provide the personal representatives of individuals who have submitted one or more health care declarations to the registry, attending physicians, advanced registered nurse practitioners, health care providers licensed by a disciplining authority identified in RCW 18.130.040 who is acting under the direction of a physician or an advanced registered nurse practitioner, and health care facilities, as defined in this chapter or in chapter 71.32 RCW, access to the registry at all times.

(5) In designing the registry and web site, the department of health shall ensure compliance with state and federal requirements related to patient confidentiality.

(6) The department shall provide information to health care providers and health care facilities on the registry web site regarding the different federal and Washington state requirements to ascertain and document whether a patient has an advance directive.

(7) The department of health may accept donations, grants, gifts, or other forms of voluntary contributions to support activities related to the creation and maintenance of the health care declarations registry and statewide public education campaigns related to the existence of the registry. All receipts from donations made under this section, and other contributions and appropriations specifically made for the purposes of creating and maintaining the registry established under this section and statewide public education campaigns related to the existence of the registry, shall be deposited into the general fund. These moneys in the general fund may be spent only after appropriation.

(8) The department of health may adopt rules as necessary to implement chapter 108, Laws of 2006.

(9) By December 1, 2008, the department shall report to the house and senate committees on health care the following information:

- (a) Number of participants in the registry;
- (b) Number of health care declarations submitted by type of declaration as defined in this section;
- (c) Number of health care declarations revoked and the method of revocation;

(d) Number of providers and facilities, by type, that have been provided access to the registry;

(e) Actual costs of operation of the registry. [2013 c 251 § 12; 2006 c 108 § 2.]

Residual balance of funds—Effective date—2013 c 251: See notes following RCW 41.06.280.

Finding—Intent—2006 c 108: "The legislature finds that effective communication between patients, their families, and their caregivers regarding their wishes if they become incapacitated results in health care decisions that are more respectful of patients' desires. Whether the communication is for end-of-life planning or incapacity resulting from mental illness, the state must respect those wishes and support efforts to facilitate such communications and to make that information available when it is needed.

It is the intent of the legislature to establish an electronic registry to improve access to health care decision-making documents. The registry would support, not supplant, the current systems for advance directives and mental health advance directives by improving access to these documents. It is the legislature's intent that the registry would be consulted by health care providers in every instance where there may be a question about the patient's wishes for periods of incapacity and the existence of a document that may clarify a patient's intentions unless the circumstances are such that consulting the registry would compromise the emergency care of the patient." 70.128.060 License—Generally—Fees. (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter. The department may not issue a license if (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past ten years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) Proof of financial solvency must be submitted when requested by the department.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(6) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(7) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(8) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers consistent with RCW 70.128.230, and also is required for caregivers, with standardized competency testing for caregivers hired after July 28, 2013, as set forth by the department in rule. The department shall examine, with input from experts, providers, consumers, and advocates, whether the existing specialty training courses are adequate for providers, resident managers, and caregivers to meet these residents' special needs, are sufficiently standardized in curricula and instructional techniques, and are accompanied by effective tools to fairly evaluate successful student completion. The department may enhance the existing specialty training

requirements by rule, and may update curricula, instructional techniques, and competency testing based upon its review and stakeholder input. In addition, the department shall examine, with input from experts, providers, consumers, and advocates, whether additional specialty training categories should be created for adult family homes serving residents with other special needs, such as traumatic brain injury, skilled nursing, or bariatric care. The department may establish, by rule, additional specialty training categories and requirements for providers, resident managers, and caregivers, if needed to better serve residents with such special needs.

(9) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(10) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(11) At the time of an application for an adult family home license and upon the annual fee renewal date set by the department, the licensee shall pay a license fee. Beginning July 1, 2011, the per bed license fee and any processing fees, including the initial license fee, must be established in the omnibus appropriations act and any amendment or additions made to that act. The license fees established in the omnibus appropriations act and any amendment or additions made to that act may not exceed the department's annual licensing and oversight activity costs and must include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

(12) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(13) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license. [2013 c 300 § 2; 2011 1st sp.s. c 3 § 403; 2009 c 530 § 5; 2004 c 140 § 3; 2001 c 193 § 9; 1995 c 260 § 4; 1989 c 427 § 20.]

70.128.065 Multiple facility operators—Requirements—Licensure of additional homes. (1) A multiple facility operator must successfully demonstrate to the department financial solvency and management experience for the homes under its ownership and the ability to meet other relevant safety, health, and operating standards pertaining to the operation of multiple homes, including ways to mitigate the potential impact of vehicular traffic related to the operation of the homes.

(2) The department shall only accept and process an application for licensure of an additional home when:

(a) A period of no less than twenty-four months has passed since the issuance of the initial adult family home license; and

(b) The department has taken no enforcement actions against the applicant's currently licensed adult family homes during the twenty-four months prior to application.

(3)(a) Except as provided in (b) of this subsection, the department shall only accept and process an additional application for licensure of other adult family homes when twelve months has passed since the previous adult family home license, and the department has taken no enforcement actions against the applicant's currently licensed adult family homes during the twelve months prior to application.

(b) The department shall accept and process applications for licensure of additional adult family homes when less than twelve months have passed since the previous adult family home license, if the applications are due to the change in ownership of existing adult family homes that are currently licensed and the department has taken no enforcement actions against the applicant's currently licensed adult family homes during the twelve months prior to application.

(4) In the event of serious noncompliance leading to the imposition of one or more actions listed in RCW 70.128.160(2) for violation of federal, state, or local laws, or regulations relating to provision of care or services to vulnerable adults or children, the department is authorized to take one or more actions listed in RCW 70.128.160(2) against any home or homes operated by the provider if there is a violation in the home or homes.

(5) In the event of serious noncompliance in a home operated by a provider with multiple adult family homes, leading to the imposition of one or more actions listed in RCW 70.128.160(2), the department shall inspect the other homes operated by the provider to determine whether the same or related deficiencies are present in those homes. The cost of these additional inspections may be imposed on the provider as a civil penalty up to a maximum of three hundred dollars per additional inspection.

(6) A provider is ultimately responsible for the day-to-day operations of each licensed home. [2013 c 185 § 1; 2011 1st sp.s. c 3 § 203; 1996 c 81 § 6.]

70.128.150 Adult family homes to work with local quality assurance projects—Interference with representative of ombuds program—Penalty. Whenever possible, adult family homes are encouraged to contact and work with local quality assurance projects such as the volunteer ombuds with the goal of assuring high quality care is provided in the home.

70.128.160 Department authority to take actions in response to noncompliance or violations—Civil penalties—Adult family home account. (1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

- (a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;
 - (b) Operated an adult family home without a license or under a revoked license;
 - (c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or
 - (d) Willfully prevented or interfered with any inspection or investigation by the department.
- (2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:
- (a) Refuse to issue a license;
 - (b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;
 - (c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompt compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to

ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance. [2013 c 300 § 4; 2011 1st sp.s. c 3 § 208; 2001 c 193 § 5; 1995 1st sp.s. c 18 § 28; 1989 c 427 § 31.]

70.128.163 Temporary management program—Purposes—Voluntary participation—Temporary management duties, duration—Rules. (1) When the department has summarily suspended a license, the licensee may, subject to the department's approval, elect to participate in a temporary management program. All provisions of this section shall apply.

The purposes of a temporary management program are as follows:

(a) To mitigate dislocation and transfer trauma of residents while the department and licensee may pursue dispute resolution or appeal of a summary suspension of license;

(b) To facilitate the continuity of safe and appropriate resident care and services;

(c) To preserve a residential option that meets a specialized service need and/or is in a geographical area that has a lack of available providers; and

(d) To provide residents with the opportunity for orderly discharge.

(2) Licensee participation in the temporary management program is voluntary. The department shall have the discretion to approve any temporary manager and the temporary management arrangements. The temporary management

shall assume the total responsibility for the daily operations of the home.

(3) The temporary management shall contract with the licensee as an independent contractor and is responsible for ensuring that all minimum licensing requirements are met. The temporary management shall protect the health, safety, and well-being of the residents for the duration of the temporary management and shall perform all acts reasonably necessary to ensure that residents' needs are met. The licensee is responsible for all costs related to administering the temporary management program and contracting with the temporary management. The temporary management agreement shall at a minimum address the following:

- (a) Provision of liability insurance to protect residents and their property;
- (b) Preservation of resident trust funds;
- (c) The timely payment of past due or current accounts, operating expenses, including but not limited to staff compensation, and all debt that comes due during the period of the temporary management;
- (d) The responsibilities for addressing all other financial obligations that would interfere with the ability of the temporary manager to provide adequate care and services to residents; and
- (e) The authority of the temporary manager to manage the home, including the hiring, managing, and firing of employees for good cause, and to provide adequate care and services to residents.

(4) The licensee and department shall provide written notification immediately to all residents, legal representatives, interested family members, and the state long-term care ombuds program, of the temporary management and the reasons for it. This notification shall include notice that residents may move from the home without notifying the licensee in advance, and without incurring any charges, fees, or costs otherwise available for insufficient advance notice, during the temporary management period.

(5) The temporary management period under this section concludes twenty-eight days after issuance of the formal notification of enforcement action or conclusion of administrative proceedings, whichever date is later. Nothing in this section precludes the department from revoking its approval of the temporary management and/or exercising its licensing enforcement authority under this chapter. The department's decision whether to approve or to revoke a temporary management arrangement is not subject to the administrative procedure act, chapter 34.05 RCW.

(6) The department is authorized to adopt rules implementing this section. In implementing this section, the department shall consult with consumers, advocates, and organizations representing adult family homes. The department may recruit and approve qualified, licensed providers interested in serving as temporary managers. [2013 c 23 § 182; 2009 c 560 § 6; 2001 c 193 § 6.]

Intent—Effective date—Disposition of property and funds—Assignment/delegation of contractual rights or duties—2009 c 560: See notes following RCW 18.06.080.

70.128.200 Toll-free telephone number for complaints—Discrimination or retaliation prohibited. (1) The [2013 RCW Supp—page 796]

department shall maintain a toll-free telephone number for receiving complaints regarding adult family homes.

(2) An adult family home shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number.

(3) No adult family home shall discriminate or retaliate in any manner against a resident on the basis or for the reason that such resident or any other person made a complaint to the department or the long-term care ombuds or cooperated with the investigation of such a complaint. [2013 c 23 § 183; 1995 1st sp.s. c 18 § 30.]

70.128.230 Long-term caregiver training. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes all adult family home resident managers and any person who provides residents with hands-on personal care on behalf of an adult family home, except volunteers who are directly supervised.

(b) "Indirect supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section and is quickly and easily available to the caregiver, but not necessarily on-site.

(2) Training must have three components: Orientation, basic training, and continuing education. All adult family home providers, resident managers, and employees, or volunteers who routinely interact with residents shall complete orientation. Caregivers shall complete orientation, basic training, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate adult family home staff to all adult family home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision.

(5) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers.

(a) Specialty training consists of modules on the core knowledge and skills that providers and resident managers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test.

(b) Specialty training must be completed by providers and resident managers before admitting and serving residents who have been determined to have special needs related to mental illness, dementia, or a developmental disability. Should a resident develop special needs while living in a home without specialty designation, the provider and resident manager have one hundred twenty days to complete specialty training.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8) (a) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW are exempt from any continuing education requirement established under this section.

(b) The department may adopt rules that would exempt licensed persons from all or part of the training requirements under this chapter, if they are (i) performing the tasks for which they are licensed and (ii) subject to chapter 18.130 RCW.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges, private associations, or other entities, as defined by the department.

(10) Adult family homes that desire to deliver facility-based training with facility designated trainers, or adult family homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The department shall develop criteria for reviewing and approving trainers and training materials. The department may approve a curriculum based upon attestation by an adult family home administrator that the adult family home's training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled inspection authorized under RCW 70.128.070. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(11) The department shall adopt rules by September 1, 2002, for the implementation of this section.

(12)(a) Except as provided in (b) of this subsection, the orientation, basic training, specialty training, and continuing education requirements of this section commence September

1, 2002, and shall be applied to (i) employees hired subsequent to September 1, 2002; or (ii) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 and this section. Existing employees who have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 shall be subject to all applicable requirements of this section.

70.128.270 Legislative intent—Enacting recommendations included in the adult family home quality assurance panel report. (1) The protection of vulnerable residents living in adult family homes and other long-term care facilities in the state is a matter of ongoing concern and grave importance. In 2011, the legislature examined problems with the quality of care and oversight of adult family homes in Washington. The 2011 legislature passed Engrossed Substitute House Bill No. 1277 to address some of these issues, and in addition, created an adult family home quality assurance panel, chaired by the state long-term care ombudsman [ombuds], to meet and make recommendations to the governor and legislature by December 1, 2012, for further improvements in adult family home care and the oversight of the homes by the department of social and health services.

(2) The legislature recognizes that significant progress has been made over the years in adult family home care, and that many adult family homes provide high quality care and are the preferred alternative for many residents in contrast to a larger care facility setting. The legislature finds however that the quality of care in some adult family homes would be improved, and abuse and neglect would decline, if these homes' caregivers and providers received better training and mentoring, residents and their families were more informed and able to select an appropriate home, and oversight by the department of social and health services was more vigorous and prompt against poorly performing homes. It is therefore the intent of the legislature to enact the recommendations included in the adult family home quality assurance panel report in order to improve the quality of care of vulnerable residents and the department's oversight of adult family homes. [2013 c 300 § 1.]

70.128.280 Required disclosure—Forms—Decrease in scope of care, services, activities—Notice—Increased needs of a resident—Denial of admission to a prospective resident—Department web site. (1) In order to enhance the selection of an appropriate adult family home, all adult family homes licensed under this chapter shall disclose the scope of, and charges for, the care, services, and activities provided by the home or customarily arranged for by the home. The disclosure must be provided to the home's residents and the residents' representatives, if any, prior to admission, and to interested prospective residents and their representatives

upon request, using standardized disclosure forms developed by the department with stakeholders' input. The home may also disclose supplemental information to prospective residents and other interested persons.

(2)(a) The disclosure forms that the department develops must be standardized, reasonable in length, and easy to read. The form setting forth the scope of an adult family home's care, services, and activities must be available from the adult family home through a link to the department's web site developed pursuant to this section. This form must indicate, among other categories, the scope of personal care and medication service provided, the scope of skilled nursing services or nursing delegation provided or available, any specialty care designations held by the adult family home, the customary number of caregivers present during the day and whether the home has awake staff at night, any particular cultural or language access available, and clearly state whether the home admits medicaid clients or retains residents who later become eligible for medicaid. The adult family home shall provide or arrange for the care, services, and activities disclosed in its form.

(b) The department must also develop a second standardized disclosure form with stakeholders' input for use by adult family homes to set forth an adult family home's charges for its care, services, items, and activities, including the charges not covered by the home's daily or monthly rate, or by medicaid, medicare, or other programs. This form must be available from the home and disclosed to residents and their representatives, if any, prior to admission, and to interested prospective residents and their representatives upon request.

(3)(a) If the adult family home decreases the scope of care, services, or activities it provides, due to circumstances beyond the home's control, the home shall provide a minimum of thirty days' written notice to the residents, and the residents' representative if any, before the effective date of the decrease in the scope of care, services, or activities provided.

(b) If the adult family home voluntarily decreases the scope of care, services, or activities it provides, and any such decrease will result in the discharge of one or more residents, then ninety days' written notice must be provided prior to the effective date of the decrease. Notice must be given to the residents and the residents' representative, if any.

(c) If the adult family home increases the scope of care, services, or activities it provides, the home shall promptly provide written notice to the residents, and the residents' representative if any, and shall indicate the date on which the increase is effective.

(4) When the care needs of a resident exceed the disclosed scope of care or services that the adult family home provides, the home may exceed the care or services previously disclosed, provided that the additional care or services are permitted by the adult family home's license, and the home can safely and appropriately serve the resident with available staff or through the provision of reasonable accommodations required by state or federal law. The provision of care or services to a resident that exceed those previously disclosed by the home does not mean that the home is capable of or required to provide the same care or services to other residents, unless required as a reasonable accommodation under state or federal law.

(5) An adult family home may deny admission to a prospective resident if the home determines that the needs of the prospective resident cannot be met, so long as the adult family home operates in compliance with state and federal law, including RCW 70.129.030(3) and the reasonable accommodation requirements of state and federal antidiscrimination laws.

(6) The department shall work with consumers, advocates, and other stakeholders to combine and improve existing web resources to create a more robust, comprehensive, and user-friendly web site for family members, residents, and prospective residents of adult family homes in Washington. The department may contract with outside vendors and experts to assist in the development of the web site. The web site should be easy to navigate and have links to information important for residents, prospective residents, and their family members or representatives including, but not limited to: (a) Explanations of the types of licensed long-term care facilities, levels of care, and specialty designations; (b) lists of suggested questions when looking for a care facility; (c) warning signs of abuse, neglect, or financial exploitation; and (d) contact information for the department and the long-term care ombudsman [ombuds]. In addition, the consumer oriented web site should include a searchable list of all adult family homes in Washington, with links to inspection and investigation reports and any enforcement actions by the department for the previous three years. If a violation or enforcement remedy is deleted, rescinded, or modified under RCW 70.128.167 or chapter 34.05 RCW, the department shall make the appropriate changes to the information on the web site as soon as reasonably feasible, but no later than thirty days after the violation or enforcement remedy has been deleted, rescinded, or modified. To facilitate the comparison of adult family homes, the web site should also include a link to each licensed adult family home's disclosure form required by subsection (2)(a) of this section. The department's web site should also include periodically updated information about whether an adult family home has a current vacancy, if the home provides such information to the department, or may include links to other consumer-oriented web sites with the vacancy information. [2013 c 300 § 3.]

70.128.290 Correction of a violation or deficiency—Not included in a home's report—Criteria. (1) If during an inspection, reinspection, or complaint investigation by the department, an adult family home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the home's compliance history; however, the licensor or complaint investigator may not include in the home's report the violation or deficiency if the violation or deficiency:

- (a) Is corrected to the satisfaction of the department prior to the exit conference;
- (b) Is not recurring; and
- (c) Did not pose a significant risk of harm or actual harm to a resident.

(2) For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding

inspections, reinspections, or complaint investigations. [2013 c 300 § 5.]

70.129.170 Nonjudicial remedies through regulatory authorities encouraged—Remedies cumulative. The legislature intends that long-term care facility or nursing home residents, their family members or guardians, the long-term care ombuds, protection and advocacy personnel identified in RCW 70.129.110(5) (e) and (f), and others who may seek to assist long-term care facility or nursing home residents, use the least formal means available to satisfactorily resolve disputes that may arise regarding the rights conferred by the provisions of this chapter and RCW 18.20.180, 18.51.009, 72.36.037, and 70.128.125. 70.146.070 Grants or loans for water pollution control facilities—Considerations. (1) When making grants or loans for water pollution control facilities, the department shall consider the following:

- (a) The protection of water quality and public health;
- (b) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;
- (c) Actions required under federal and state permits and compliance orders;
- (d) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;
- (e) Except as otherwise conditioned by RCW 70.146.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;
- (f) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;
- (g) Except as otherwise provided in RCW 70.146.120, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the project is sponsored by an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;
- (h) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and
- (i) The recommendations of the Puget Sound partnership, created in RCW 90.71.210, and any other board, council, commission, or group established by the legislature or a

state agency to study water pollution control issues in the state.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. A county, city, or town that has adopted a comprehensive plan and development regulations as provided in RCW 36.70A.040 may request a grant or loan for water pollution control facilities. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before the department executes a contractual agreement for the grant or loan.

(3) Whenever the department is considering awarding grants or loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) After January 1, 2010, any project designed to address the effects of water pollution on Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. PRESCRIPTION MONITORING PROGRAM

Sections

70.225.020 Prescription monitoring program—Subject to funding—Duties of dispensers.

70.225.020 Prescription monitoring program—Subject to funding—Duties of dispensers. (1) The department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the pharmacy quality assurance commission as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of

eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with other states. This program's management and operations shall be funded entirely from the funds in the account established under RCW 74.09.215. Nothing in this chapter prohibits voluntary contributions from private individuals and business entities as defined under Title 23, 23B, 24, or 25 RCW to assist in funding the prescription monitoring program.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

- (a) Patient identifier;
- (b) Drug dispensed;
- (c) Date of dispensing;
- (d) Quantity dispensed;
- (e) Prescriber; and
- (f) Dispenser.

(3) Each dispenser shall submit the information in accordance with transmission methods established by the department.

(4) The data submission requirements of subsections (1) through (3) of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses;

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution; or

(c) Veterinarians licensed under chapter 18.92 RCW. The department, in collaboration with the veterinary board of governors, shall establish alternative data reporting requirements for veterinarians that allow veterinarians to report:

- (i) By either electronic or nonelectronic methods;
- (ii) Only those data elements that are relevant to veterinary practices and necessary to accomplish the public protection goals of this chapter; and
- (iii) No more frequently than once every three months and no less frequently than once every six months.

(5) The department shall continue to seek federal grants to support the activities described in chapter 259, Laws of 2007. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation and management of the system. Reviser's note: This section was amended by 2013 c 19 § 126 and by 2013 c 36 § 2, each without reference to the other. Both amendments are

incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—2013 c 36: "The legislature finds that:

(1) The prescription monitoring program contributes to patient safety and reduction in drug errors for all patients, including medicaid beneficiaries in Washington state. Further, the prescription monitoring program provides the critical function of reducing costs borne by medicaid and provides for the detection of fraud in the medicaid system.

(2) Because of the nexus between medicaid, medicaid fraud, and cost reductions, the funding for the operations and management of the prescription monitoring program should be funded entirely from the medicaid fraud penalty account under RCW 74.09.215, with the option of funding the prescription monitoring program through voluntary contributions from private individuals and corporations as defined under Title 23, 23B, 24, or 25 RCW." 70.230.080 Coordinated quality improvement—Rules.

70.230.140 Information concerning practitioners—Disclosure.

70.230.080 Coordinated quality improvement—

Rules. (1) Every ambulatory surgical facility shall maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The program shall include at least the following:

(a) The establishment of one or more quality improvement committees with the responsibility to review the services rendered in the ambulatory surgical facility, both retrospectively and prospectively, in order to improve the quality of medical care of patients and to prevent medical malpractice. Different quality improvement committees may be established as a part of the quality improvement program to review different health care services. Such committees shall oversee and coordinate the quality improvement and medical malpractice prevention program and shall ensure that information gathered pursuant to the program is used to review and to revise the policies and procedures of the ambulatory surgical facility;

(b) A process, including a medical staff privileges sanction procedure which must be conducted substantially in accordance with medical staff bylaws and applicable rules, regulations, or policies of the medical staff through which credentials, physical and mental capacity, professional conduct, and competence in delivering health care services are periodically reviewed as part of an evaluation of staff privileges;

(c) The periodic review of the credentials, physical and mental capacity, and competence in delivering health care services of all persons who are employed or associated with the ambulatory surgical facility;

(d) A procedure for the prompt resolution of grievances by patients or their representatives related to accidents, injuries, treatment, and other events that may result in claims of medical malpractice;

(e) The maintenance and continuous collection of information concerning the ambulatory surgical facility's experience with negative health care outcomes and incidents injurious to patients, patient grievances, professional liability premiums, settlements, awards, costs incurred by the ambulatory

surgical facility for patient injury prevention, and safety improvement activities;

(f) The maintenance of relevant and appropriate information gathered pursuant to (a) through (e) of this subsection concerning individual practitioners within the practitioner's personnel or credential file maintained by the ambulatory surgical facility;

(g) Education programs dealing with quality improvement, patient safety, medication errors, injury prevention, staff responsibility to report professional misconduct, the legal aspects of patient care, improved communication with patients, and causes of malpractice claims for staff personnel engaged in patient care activities; and

(h) Policies to ensure compliance with the reporting requirements of this section.

(2) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee is not subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be in substantial good faith. However, the presumption may be rebutted upon a showing of clear, cogent, and convincing evidence that the information shared was knowingly false or deliberately misleading.

(3) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to review or disclosure, except as provided in this section, or discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence of information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any, and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by rule of the department to be made regarding the care and treatment received.

(4) Each quality improvement committee shall, on at least a semiannual basis, report to the management of the ambulatory surgical facility, as identified in the facility's application, in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

(5) The department shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission, the board of osteopathic medicine and surgery, or the podiatric medical board, as appropriate, may review and audit the records of committee decisions in which a practitioner's privileges are terminated or restricted. Each ambulatory surgical facility shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained is not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of an ambulatory surgical facility to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(7) The department and any accrediting organization may review and audit the records of a quality improvement committee or peer review committee in connection with their inspection and review of the ambulatory surgical facility. Information so obtained is not subject to the discovery process, and confidentiality shall be respected as required by subsection (3) of this section. Each ambulatory surgical facility shall produce and make accessible to the department the appropriate records and otherwise facilitate the review and audit.

(8) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or RCW 43.70.510 or 70.41.200, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents are not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section, RCW 18.20.390 (6) and (8), 70.41.200(3), 74.42.640 (7) and (9), and 4.24.250.

(9) An ambulatory surgical facility that participates in a coordinated quality improvement program under RCW 43.70.510 shall be deemed to have met the requirements of this section.

(10) Violation of this section shall not be considered negligence per se. [2013 c 301 § 4; 2007 c 273 § 9.]

70.310.040	Placement of label—Content of label's notice—Tampering with label unlawful.

70.310.010 Purpose of chapter. Asbestos is a known human carcinogen that causes painful, premature deaths due to diseases such as asbestosis, mesothelioma, lung and gastrointestinal cancers, and other diseases and cancers. Activities that can lead to the release of asbestos fibers include installation, use, maintenance, repair, removal, and disposal of asbestos-containing building materials.

Many people are unaware that asbestos-containing building materials are still imported, sold, and used in the United States. Because few regulations exist that require the disclosure of asbestos in building materials, people can unknowingly be exposed to asbestos. Asbestos is generally invisible, odorless, very durable, and highly aerodynamic. Exposure can occur well after it has been disturbed and long distances from where the asbestos release occurred.

The purpose of this chapter is to allow people to make informed decisions regarding whether or not they purchase or use building materials containing asbestos. More specifically, building materials that contain asbestos must be clearly labeled as such by manufacturers, wholesalers, and distributors. [2013 c 51 § 1.]

70.310.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Asbestos" includes the asbestiform varieties of actinolite, amosite (cummingtonite-grunerite), tremolite, chrysotile,

tile (serpentine), crocidolite (riebeckite), anthophyllite, and any of these minerals that have been chemically treated or altered. The chemical abstracts service registry number for each is as follows: Asbestos (1332-21-4), actinolite (13768-00-8), amosite (12172-73-5), tremolite (14567-73-8), chrysotile (12001-29-5), crocidolite (12001-28-4), and anthophyllite (17068-78-9).

(2) "Asbestos-containing building material" means any building material to which asbestos is deliberately added in any concentration or that contains more than one percent asbestos by weight or area as determined using the United States environmental protection agency method for the determination of asbestos in building materials, EPA/600/R-93/116, July 1993.

(3) "Building material" includes materials designed for, or used in, construction, renovation, repair, or maintenance of institutional, commercial, public, industrial, or residential buildings and structures. The term does not include automobiles, recreational vehicles, boats, or other mobile means of transportation.

(4) "Consumer" means any person that acquires a building material for direct use or ownership, rather than for resale or use in production and manufacturing.

(5) "Department" means the department of ecology.

(6) "Person" means any individual, firm, public or private corporation, association, partnership, political subdivision, municipality, or government agency.

(7) "Retailer" means any person that sells goods or commodities directly to consumers. [2013 c 51 § 2.]

70.310.030 Labeling requirement for asbestos-containing building materials. (1) Effective January 1, 2014, it is unlawful to manufacture, wholesale, or distribute for sale an asbestos-containing building material that is not labeled as required by RCW 70.310.040 or as required under federal law, 40 C.F.R. part 763, subpart I, Sec. 173.171 (1994). The labeling requirement also applies to stock-on-hand, meaning any asbestos-containing building material in their possession or control after December 31, 2013, must be labeled. Retailers that do not manufacture, wholesale, or distribute asbestos-containing building materials are exempt from this chapter.

(2)(a) Subsection (1) of this section does not apply to asbestos-containing building materials that have already been installed, applied, or used by the consumer.

(b) Subsection (1) of this section does not apply to asbestos-containing building materials used solely for United States military purposes.

(3) Any manufacturer, wholesaler, or distributor may submit a written request for an exemption from the labeling requirements of this chapter, and the department may grant such an exemption if it determines that the labeling requirements are technically infeasible or create an undue economic hardship. Each exemption is in effect for a period not to exceed three years from the date issued and is subject to the terms and conditions prescribed by the department. [2013 c 51 § 3.]

70.310.040 Placement of label—Content of label's notice—Tampering with label unlawful. (1) A label must be placed in a prominent location adjacent to the product name or description on the exterior of the wrapping and pack-

aging in which the asbestos-containing building material is placed for storage, shipment, and sale.

(2) A label must also be placed on the exterior surface of the asbestos-containing building material itself unless it is sold as a liquid or paste, is sand or gravel, or an exemption is granted pursuant to RCW 70.310.030(3).

(3) Asbestos-containing building materials must have a legible label that clearly identifies it as containing asbestos. The department may adopt rules regarding the implementation of this chapter. At a minimum, the label must state the following:

CAUTION!

This product contains ASBESTOS which is known to cause cancer and lung disease. Avoid creating dust. Intentionally removing or tampering with this label is a violation of state law.

(4) It is unlawful for any person to remove, deface, cover, or otherwise obscure or tamper with a label or sticker that has been applied in compliance with this section, unless the asbestos-containing building material is in the possession of the end user. [2013 c 51 § 4.]

70.310.050 Enforcement of chapter—Penalties. (1)

The provisions of this chapter may be enforced by the department, local air authorities, or their designees.

(2) A person found in violation of this chapter is subject to the penalties provided under RCW 70.94.431. [2013 c 51 § 5.]

**WATER PURVEYORS—
FIRE SUPPRESSION WATER FACILITIES**

70.315.010 Findings and declaration of purpose. (1)

The legislature finds that historically governmental and non-governmental water purveyors have played two key public service roles: Providing safe drinking water and providing water for fire protection. This dual function approach is a deeply embedded and state-regulated feature of water system planning, engineering, operation, and maintenance. This dual function enables purveyors to provide these critical public services in a cost-effective way that protects public health and safety, promotes economic development, and supports appropriate land use planning.

(2) The legislature finds that the provision of integrated, dual function water facilities and services benefits all customers of a purveyor, similar to other benefits provided to water system customers in response to regulation regarding safe drinking water such as treatment and water quality monitoring.

(3) The legislature finds that water purveyors plan, construct, acquire, operate, and maintain fire suppression water facilities in response to regulatory requirements, including without limitation the public water system coordination act, RCW 70.116.080, the design of public water systems and water system operations requirements, chapter 246-290 WAC, Parts 3 and 5, the state building code, chapter 19.27 RCW, and the international fire code. The availability of infrastructure and water to fight fires allows for the development and habitability of property, increases property values, and benefits customers and property through lower casualty insurance rates.

(4) The legislature finds that recent Washington supreme court decisions, including *Lane v. City of Seattle*, 164 Wn.2d 875 (2008), and *City of Tacoma v. City of Bonney Lake, et al.*, 173 Wn.2d 584 (2012), have created uncertainty and confusion as to the role, responsibilities, cost allocation, and recovery authority of water purveyors. If left unresolved, the absence of legal clarity will adversely affect the availability and condition of fire suppression infrastructure necessary to protect life and property.

(5) It is the legislature's intent to determine appropriate methods of organizing public services and the authority of water purveyors with respect to critical public services. The legislature further intends this chapter to clarify the authority of water purveyors to provide fire suppression water facilities and services and to recover the costs for those facilities and services. The legislature also intends to provide liability protections appropriate for water purveyors engaged in this vital public service. [2013 c 127 § 1.]

70.315.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Fire suppression water facilities" means water supply transmission and distribution facilities, interties, pipes, valves, control systems, lines, storage, pumps, fire hydrants, and other facilities, or any part thereof, used or usable for the delivery of water for fire suppression purposes.

(2) "Fire suppression water services" or "services" means operation and maintenance of fire suppression water facilities and the delivery of water for fire suppression purposes.

(3) "Municipal corporation" means any city, town, county, water-sewer district, port district, public utility district, irrigation district, and any other municipal corporation, quasi-municipal corporation, or political subdivision of the state.

(4) "Purveyor" has the same meaning as set forth in RCW 70.116.030(4). [2013 c 127 § 2.]

70.315.030 Cost allocation and recovery. A purveyor may allocate and recover the costs of fire suppression water facilities and services from all customers as costs of complying with state laws and regulations, or from customers based on service to, benefits conferred upon, and burdens and impacts caused by various classes of customers, or both. [2013 c 127 § 3.]

70.315.040 Contracts to provide for facilities and services. A city, town, or county may contract with purveyors

for the provision of fire suppression water facilities, services, or both. The contract may take the form of a franchise agreement, an interlocal agreement pursuant to chapter 39.34 RCW, or an agreement under other contracting authority, and may provide for funding or cost recovery of fire suppression water facilities, services, or both, as the parties may agree. [2013 c 127 § 4.]

70.315.050 Payment by counties. A county is not required to pay for fire suppression water facilities or services except: (1) As a customer of a purveyor; (2) in areas where a county is acting as a purveyor; or (3) where a county has agreed to do so consistent with RCW 70.315.040. [2013 c 127 § 5.]

70.315.060 Liability protection for fire suppression water facilities and services. (1) A purveyor that is a municipal corporation is not liable for any damages that arise out of a fire event and relate to the operation, maintenance, and provision of fire suppression water facilities and services that are located within or outside its corporate boundaries.

(2) A purveyor that is not a municipal corporation is not liable for any damages that arise out of a fire event and relate to the operation, maintenance, and provision of fire suppression water facilities and services if the purveyor has a description of fire hydrant maintenance measures. The description of fire hydrant maintenance measures must be kept on file by the water purveyor and be available to the public, and may be included within the purveyor's most recently approved water system plan or small water system management program.

(3) Consistent with RCW 36.55.060, with respect to counties and notwithstanding the provisions of subsections (1) and (2) of this section, agreements or franchises may, as the parties mutually agree, include indemnification, hold harmless, or other risk management provisions under which purveyors indemnify and hold harmless cities, towns, and counties against damages arising from fire suppression activities during fire events. Such provisions are unaffected by subsections (1) and (2) of this section. [2013 c 127 § 6.]

70.315.900 Liberal construction. This chapter is exempted from the rule of strict construction and must be liberally construed to give full effect to the objectives and purposes for which it was enacted. [2013 c 127 § 7.]

70.315.901 Powers conferred by chapter are supplemental. SERVICE COORDINATION ORGANIZATIONS— ACCOUNTABILITY MEASURES

70.320.030	Adoption of performance measures.

70.320.060	Civil actions—Outcomes and performance measures do not establish a standard of care.

70.320.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Department" means the department of social and health services.

(3) "Emerging best practice" or "promising practice" means a program or practice that, based on statistical analyses or a well-established theory of change, shows potential for meeting the evidence-based or research-based criteria, which may include the use of a program that is evidence-based for outcomes other than those listed in this section.

(4) "Evidence-based" means a program or practice that has been tested in heterogeneous or intended populations with multiple randomized, or statistically controlled evaluations, or both; or one large multiple site randomized, or statistically controlled evaluation, or both, where the weight of the evidence from a systemic review demonstrates sustained improvements in at least one outcome. "Evidence-based" also means a program or practice that can be implemented with a set of procedures to allow successful replication in Washington and, when possible, is determined to be cost-beneficial.

(5) "Research-based" means a program or practice that has been tested with a single randomized, or statistically controlled evaluation, or both, demonstrating sustained desirable outcomes; or where the weight of the evidence from a systemic review supports sustained outcomes as described in this subsection but does not meet the full criteria for evidence-based.

(6) "Service coordination organization" or "service contracting entity" means the authority and department, or an entity that may contract with the state to provide, directly or through subcontracts, a comprehensive delivery system of medical, behavioral, long-term care, or social support services, including entities such as regional support networks as defined in RCW 71.24.025, managed care organizations that provide medical services to clients under chapter 74.09 RCW, counties providing chemical dependency services under chapters 74.50 and 70.96A RCW, and area agencies on aging providing case management services under chapter 74.39A RCW. [2013 c 320 § 1.]

70.320.020 Contract performance measures developed under RCW 70.320.030 based on outcomes. (1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington. [2013 c 320 § 2.]

70.320.030 Adoption of performance measures. By September 1, 2014:

(1) The authority shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in RCW 70.320.020 for clients enrolled in medical managed care programs operated according to Title XIX or XXI of the federal social security act.

(2) The department shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in RCW 70.320.020 for clients receiving mental health, long-term care, or chemical dependency services. [2013 c 320 § 3.]

70.320.040 Contract requirements. By July 1, 2015, the authority and the department shall require that contracts with service coordination organizations include provisions requiring the adoption of the outcomes and performance measures developed under this chapter and mechanisms for reporting data to support each of the outcomes and performance measures. [2013 c 320 § 4.]

70.320.050 Report to the legislature. (1) By December 1, 2014, the department and the authority shall report jointly to the legislature on the expected outcomes and the performance measures. The report must identify the performance measures and the expected outcomes established for each program, the relationship between the performance measures and expected improvements in client outcomes, mechanisms for reporting outcomes and measuring performance, and options for applying the performance measures and expected outcomes development process to other health and social service programs.

(2) By December 1, 2016, the department and the authority shall report to the legislature on the incorporation of the performance measures into contracts with service coordination organizations and progress toward achieving the identified outcomes. [2013 c 320 § 5.]

70.320.060 Civil actions—Outcomes and performance measures do not establish a standard of care. The outcomes and performance measures established pursuant to this chapter do not establish a standard of care in any civil action brought by a recipient of services. The failure of a service coordination organization to meet the outcomes and performance measures established pursuant to this chapter does not create civil liability on the part of the service coordination organization in a claim brought by a recipient of services. [2013 c 320 § 6.]

71.05.154 Detention of persons with mental disorders—Evaluation—Consultation with emergency room physician. A designated mental health professional conducting an evaluation of a person under RCW 71.05.150 or

71.05.153 must consult with any examining emergency room physician regarding the physician's observations and opinions relating to the person's condition, and whether, in the view of the physician, detention is appropriate. The designated mental health professional shall take serious consideration of observations and opinions by examining emergency room physicians in determining whether detention under this chapter is appropriate. The designated mental health professional must document the consultation with an examining emergency room physician, including the physician's observations or opinions regarding whether detention of the person is appropriate. [2013 c 334 § 1.]

71.05.156 Evaluation—Individual with grave disability. A designated mental health professional who conducts an evaluation for imminent likelihood of serious harm or imminent danger because of being gravely disabled under RCW 71.05.153 must also evaluate the person under RCW 71.05.150 for likelihood of serious harm or grave disability that does not meet the imminent standard for emergency detention. [2013 c 334 § 2.]

71.05.212 Evaluation—Credible witnesses—Consideration of information and records. (Effective until July 1, 2014.) (1) Whenever a designated mental health professional or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

- (a) Prior recommendations for evaluation of the need for civil commitments when the recommendation is made pursuant to an evaluation conducted under chapter 10.77 RCW;
- (b) History of one or more violent acts;
- (c) Prior determinations of incompetency or insanity under chapter 10.77 RCW; and
- (d) Prior commitments under this chapter.

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated mental health professional relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must provide contact information for any such witness to the prosecutor. The designated mental health professional or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) When conducting an evaluation for offenders identified under RCW 72.09.370, the designated mental health professional or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement. [2011 2nd sp.s. c 6 § 2; 1999 c 214 § 5; 1998 c 297 § 19.]

Expiration date—2013 c 335; 2011 2nd sp.s. c 6 § 2: "Section 2 of this act expires July 1, 2014." [2013 c 335 § 2; 2011 2nd sp.s. c 6 § 3.]

Effective date—2011 2nd sp.s. c 6: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [December 20, 2011], except for section 2 of this act which takes effect January 1, 2012." [2011 2nd sp.s. c 6 § 4.]

Intent—Effective date—1999 c 214: See notes following RCW 72.09.370.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.212 Evaluation—Consideration of information and records. (Effective July 1, 2014.) (1) Whenever a designated mental health professional or professional person is conducting an evaluation under this chapter, consideration shall include all reasonably available information from credible witnesses and records regarding:

- (a) Prior recommendations for evaluation of the need for civil commitments when the recommendation is made pursuant to an evaluation conducted under chapter 10.77 RCW;
- (b) Historical behavior, including history of one or more violent acts;
- (c) Prior determinations of incompetency or insanity under chapter 10.77 RCW; and
- (d) Prior commitments under this chapter.

(2) Credible witnesses may include family members, landlords, neighbors, or others with significant contact and history of involvement with the person. If the designated mental health professional relies upon information from a credible witness in reaching his or her decision to detain the individual, then he or she must provide contact information for any such witness to the prosecutor. The designated mental health professional or prosecutor shall provide notice of the date, time, and location of the probable cause hearing to such a witness.

(3) Symptoms and behavior of the respondent which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm when:

- (a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts;
- (b) These symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and
- (c) Without treatment, the continued deterioration of the respondent is probable.

(4) When conducting an evaluation for offenders identified under RCW 72.09.370, the designated mental health professional or professional person shall consider an offender's history of judicially required or administratively ordered antipsychotic medication while in confinement. [2010 c 280 § 2; 1999 c 214 § 5; 1998 c 297 § 19.]

Effective date—2013 c 335; 2011 2nd sp.s. c 6; 2010 c 280 §§ 2 and 3: "Sections 2 and 3 of this act take effect July 1, 2014." [2013 c 335 § 1; 2011 2nd sp.s. c 6 § 1; 2010 c 280 § 5.]

Intent—Effective date—1999 c 214: See notes following RCW 72.09.370.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.245 Determination of likelihood of serious harm—Use of recent history evidence. (Effective until July 1, 2014.) In making a determination of whether there is a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court shall give great weight to any evidence before the court regarding whether the person has: (1) A recent history of one or more violent acts; or (2) a recent history of one or more commitments

under this chapter or its equivalent provisions under the laws of another state which were based on a likelihood of serious harm. The existence of prior violent acts or commitments under this chapter or its equivalent shall not be the sole basis for determining whether a person presents a likelihood of serious harm.

For the purposes of this section "recent" refers to the period of time not exceeding three years prior to the current hearing. [1999 c 13 § 6; 1998 c 297 § 14.]

Purpose—Construction—1999 c 13: See note following RCW 10.77.010.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.245 Determination of grave disability or likelihood of serious harm—Use of recent history evidence. (Effective July 1, 2014.) (1) In making a determination of whether a person is gravely disabled or presents a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court must consider the symptoms and behavior of the respondent in light of all available evidence concerning the respondent's historical behavior.

(2) Symptoms or behavior which standing alone would not justify civil commitment may support a finding of grave disability or likelihood of serious harm when: (a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts; (b) these symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and (c) without treatment, the continued deterioration of the respondent is probable.

(3) In making a determination of whether there is a likelihood of serious harm in a hearing conducted under RCW 71.05.240 or 71.05.320, the court shall give great weight to any evidence before the court regarding whether the person has: (a) A recent history of one or more violent acts; or (b) a recent history of one or more commitments under this chapter or its equivalent provisions under the laws of another state which were based on a likelihood of serious harm. The existence of prior violent acts or commitments under this chapter or its equivalent shall not be the sole basis for determining whether a person presents a likelihood of serious harm.

For the purposes of this subsection "recent" refers to the period of time not exceeding three years prior to the current hearing. [2010 c 280 § 3; 1999 c 13 § 6; 1998 c 297 § 14.]

Effective date—2013 c 335; 2011 2nd sp.s. c 6; 2010 c 280 §§ 2 and 3: See note following RCW 71.05.212.

Purpose—Construction—1999 c 13: See note following RCW 10.77.010.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.280 Additional confinement—Grounds. At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of

another, and (b) as a result of mental disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of mental disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled. [2013 c 289 § 4; 2008 c 213 § 6; 1998 c 297 § 15; 1997 c 112 § 22; 1986 c 67 § 3; 1979 ex.s. c 215 § 14; 1974 ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

Findings—2013 c 289: See note following RCW 10.77.086.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

71.05.320 Remand for additional treatment—Less restrictive alternatives—Duration—Grounds—Hearing.

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(3) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a

new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated mental health professional may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or

the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

(7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. [2013 c 289 § 5; 2009 c 323 § 2; 2008 c 213 § 9; 2006 c 333 § 304; 1999 c 13 § 7; 1997 c 112 § 26; 1989 c 420 § 15; 1986 c 67 § 5; 1979 ex.s. c 215 § 15; 1975 1st ex.s. c 199 § 9; 1974 ex.s. c 145 § 23; 1973 1st ex.s. c 142 § 37.]

Findings—2013 c 289: See note following RCW 10.77.086.

Findings—Intent—2009 c 323: "(1) The legislature finds that many persons who are released from involuntary mental health treatment in an inpatient setting would benefit from an order for less restrictive treatment in order to provide the structure and support necessary to facilitate long-term stability and success in the community.

(2) The legislature intends to make it easier to renew orders for less restrictive treatment following a period of inpatient commitment in cases in which a person has been involuntarily committed more than once and is likely to benefit from a renewed order for less restrictive treatment.

(3) The legislature finds that public safety is enhanced when a designated mental health professional is able to file a petition to revoke an order for less restrictive treatment under RCW 71.05.340 before a person who is the subject of the petition becomes ill enough to present a likelihood of serious harm." (b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health service provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132 and the offender has provided the mental health service provider with a copy of the order granting relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132, the mental health service provider is not required to notify the department of corrections that the mental health service provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notification is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(2) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties.

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

(4) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

(5) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section.

(6) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(7) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

Intent—2000 c 75: "It is the intent of the legislature to enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A RCW by authorizing access to, and release or disclosure of, necessary information related to mental health services. This includes accessing and releasing or disclosing information of persons who received mental health services as a minor. The legislature does not intend this act to readdress access to information and records regarding continuity of care.

The legislature recognizes that persons with mental illness have a right to the confidentiality of information related to mental health services, including the fact of their receiving such services, unless there is a state interest that supersedes this right. It is the intent of the legislature to balance that right of the individual with the state interest to enhance public safety." [2000 c 75 § 1.]

LOCAL FUNDS FOR COMMUNITY SERVICES

Sections

71.20.110 Tax levy directed—Allocation of funds for federal matching funds purposes.

71.20.110 Tax levy directed—Allocation of funds for federal matching funds purposes. (1) In order to provide additional funds for the coordination and provision of community services for persons with developmental disabilities or mental health services, the county governing authority of each county in the state must budget and levy annually a tax in a sum equal to the amount which would be raised by a levy of two and one-half cents per thousand dollars of assessed value against the taxable property in the county, or as such amount is modified pursuant to subsection (2) or (3) of this section, to be used for such purposes. However, all or part of the funds collected from the tax levied for the purposes of this section may be transferred to the state of Washington, department of social and health services, for the purpose of obtaining federal matching funds to provide and coordinate community services for persons with developmental disabilities and mental health services. In the event a county elects to transfer such tax funds to the state for this purpose, the state must grant these moneys and the additional funds received as matching funds to service-providing community agencies or community boards in the county which has made such transfer, pursuant to the plan approved by the county, as provided by chapters 71.24 and 71.28 RCW and by chapter 71A.14 RCW, all as now or hereafter amended.

(2) The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW.

(3)(a) The amount of a levy allocated to the purposes specified in this section may be modified from the amount required by subsection (1) of this section as follows:

(i) If the certified levy is reduced from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section may be reduced by no more than the same percentage as the certified levy is reduced from the preceding year's certified levy;

(ii) If the certified levy is increased from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section must be increased from the amount of the levy so allocated in the previous year by at least the same percentage as the certified levy is increased from the preceding year's certified levy. However, the amount of the levy allocated to the purposes specified in this section does not have to be increased under this subsection (3)(a)(ii) for the portion of a certified levy increase resulting from a voter-approved increase under RCW 84.55.050 that is dedicated to a specific purpose; or

(iii) If the certified levy is unchanged from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section must be equal to or greater than the amount of the levy so allocated in the preceding year.

(b) For purposes of this subsection, "certified levy" means the property tax levy for general county purposes certified to the county assessor as required by RCW 84.52.070, excluding any amounts certified under chapters 84.69 and 84.68 RCW.

(4) Subsections (2) and (3) of this section do not preclude a county from increasing the levy amount in subsection (1) of this section to an amount that is greater than the change in the regular county levy. 71.24.310 Administration of chapters 71.05 and 71.24 RCW through regional support networks—Implementation of chapter 71.05 RCW. The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that the department and the regional support networks shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allo-

cated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a regional support network to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used. 71.24.330 Regional support networks—Contracts with department—Requirements. (1)(a) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to,

financial penalties, termination of the contract, and reprocurement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with regional support networks as provided in chapter 70.320 RCW.

(2) The regional support network procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a regional support network selected through the procurement process is not required to contract for services with any county-owned or operated facility. The regional support network procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

72.09.285 Rental voucher list—Housing providers.

(1) A housing provider may be placed on a list with the department to receive rental vouchers under RCW 9.94A.729 in accordance with the provisions of this section.

(2) For living environments with between four and eight beds, or a greater number of individuals if permitted by local code, the department shall provide transition support that verifies an offender is participating in programming or services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, development of positive living skills, or employment programming. In addition, when selecting housing providers, the department shall consider the compatibility of the proposed offender housing with the surrounding neighborhood and underlying zoning. The department shall adopt procedures to limit the concentration of housing providers who provide housing to sex offenders in a single neighborhood or area.

(3)(a) The department shall provide the local law and justice council, county sheriff, or, if such housing is located within a city, a city's chief law enforcement officer with notice anytime a housing provider or new housing location requests to be or is added to the list within that county.

(b) The county or city local government may provide the department with a community impact statement which includes the number and location of other special needs housing in the neighborhood and a review of services and supports in the area to assist offenders in their transition. If a community impact statement is provided to the department within ten business days of the notice of a new housing provider or housing location request, the department shall consider the community impact statement in determining whether to add the provider to the list and, if the provider is added, shall include the community impact statement in the notice that a provider is added to the list within that county.

(4) If a certificate of inspection, as provided in RCW 59.18.125, is required by local regulation and the local government does not have a current certificate of inspection on file, the local government shall have ten business days from the later of (a) receipt of notice from the department as provided in subsection (3) of this section; or (b) from the date the local government is given access to the dwelling unit to conduct an inspection or reinspection to issue a certificate. This

section is deemed satisfied if a local government does not issue a timely certificate of inspection.

(5)(a) If, within ten business days of receipt of a notice from the department of a new location or new housing provider, the county or city determines that the housing is in a neighborhood with an existing concentration of special needs housing, including but not limited to offender reentry housing, retirement homes, assisted living, emergency or transitional housing, or adult family homes, the county or city may request that the department program administrator remove the new location or new housing provider from the list.

(b) This subsection does not apply to housing providers approved by the department to receive rental vouchers on July 28, 2013.

(6) The county or city may at any time request a housing provider be removed from the list if it provides information to the department that:

(a) It has determined that the housing does not comply with state and local fire and building codes or applicable zoning and development regulations in effect at the time the housing provider first began receiving housing vouchers; or

(7) After receiving a request to remove a housing provider from the county or city, the department shall immediately notify the provider of the concerns and request that the provider demonstrate that it is in compliance with the provisions of this section. If, after ten days' written notice, the housing provider cannot demonstrate to the department that it is in compliance with the reasons for the county's or city's request for removal, the department shall remove the housing provider from the list.

(8) A housing provider who provides housing pursuant to this section is not liable for civil damages arising from the criminal conduct of an offender to any greater extent than a regular tenant, and no special duties are created under this section. [2013 c 266 § 2.]

The department of corrections shall establish one work ethic camp. The secretary shall locate the work ethic camp within an already existing department compound or facility, or in a facility that is scheduled to come on line within the initial implementation date outlined in this section. The facility selected for the camp shall appropriately accommodate the logistical and cost-effective objectives contained in RCW 72.09.400 through *72.09.420, 9.94A.690, and **section 5, chapter 338, Laws of 1993. The department shall be ready to assign inmates to the camp one hundred twenty days after July 1, 1993. The department shall establish the work ethic camp program cycle to last from one hundred twenty to one hundred eighty days. The department shall develop all aspects of the work ethic camp program including, but not limited to, program standards, conduct standards, educational components including preparation for a high school equivalency certificate as described in RCW 28B.50.536, offender incentives, drug rehabilitation program parameters, individual and team work goals, techniques for improving the offender's self-esteem, citizenship skills for successful living in the community, measures to hold the offender accountable for his or her behavior, and the successful completion of the

work ethic camp program granted to the offender based on successful attendance, participation, and performance as defined by the secretary. The work ethic camp shall be designed and implemented so that offenders are continually engaged in meaningful activities and unstructured time is kept to a minimum. In addition, the department is encouraged to explore the integration and overlay of a military style approach to the work ethic camp. [2013 c 39 § 23; 1993 c 338 § 3.]

Reviser's note: *(1) RCW 72.09.420 was repealed by 1998 c 273 § 1.
 **(2) 1993 c 338 § 5 was vetoed by the governor.

72.09.460 Inmate participation in education and work programs—Legislative intent—Priorities—Rules—Payment of costs. (1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted as specifically provided in this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(2) The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(3)(a) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(i) Achievement of basic academic skills through obtaining a high school diploma or a high school equivalency certificate as provided in RCW 28B.50.536;

(ii) Achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(iii) Additional work and education programs necessary for compliance with an offender's individual reentry plan under RCW 72.09.270 with the exception of postsecondary education degree programs as provided in RCW 72.09.465; and

(iv) Other appropriate vocational, work, or education programs that are not necessary for compliance with an offender's individual reentry plan under RCW 72.09.270 with the exception of postsecondary education degree programs as provided in RCW 72.09.465.

(b) If programming is provided pursuant to (a)(i) through (iii) of this subsection, the department shall pay the cost of such programming, including but not limited to books, materials, supplies, and postage costs related to correspondence courses.

(c) If programming is provided pursuant to (a)(iv) of this subsection, inmates shall be required to pay all or a portion of the costs, including books, fees, and tuition, for participation in any vocational, work, or education program as provided in department policies. Department policies shall include a formula for determining how much an offender shall be required

to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any programming provided pursuant to (a)(iv) of this subsection on behalf of an inmate. Such payments shall not be subject to any of the deductions as provided in this chapter.

(d) The department may accept any and all donations and grants of money, equipment, supplies, materials, and services from any third party, including but not limited to nonprofit entities, and may receive, utilize, and dispose of same to complete the purposes of this section.

(e) Any funds collected by the department under (c) and (d) of this subsection and subsections (8) and (9) of this section shall be used solely for the creation, maintenance, or expansion of inmate educational and vocational programs.

(4) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation requirements or requirements to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or high school equivalency certificate. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(5)(a) In addition to the policies set forth in this section, the department shall consider the following factors in establishing criteria for assessing the inclusion of education and work programs in an inmate's individual reentry plan and in placing inmates in education and work programs:

(i) An inmate's release date and custody level. An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that inmates with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of inmates participating in a new class I correctional industry not in existence on June 10, 2004;

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

(b) The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be

removed from the education or work program if they consistently fail to meet the standards or goals.

(6) Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges.

(7) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a health condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all inmates with temporary disabilities to ensure the earliest possible entry or reentry by inmates into available programming.

(8) The department shall establish policies requiring an offender to pay all or a portion of the costs and tuition for any vocational training or postsecondary education program if the offender previously abandoned coursework related to education or vocational training without excuse as defined in rule by the department. Department policies shall include a formula for determining how much an offender shall be required to pay. The formula shall include steps which correlate to an offender average monthly income or average available balance in a personal inmate savings account and which are correlated to a prorated portion or percent of the per credit fee for tuition, books, or other ancillary costs. The formula shall be reviewed every two years. A third party may pay directly to the department all or a portion of costs and tuition for any program on behalf of an inmate under this subsection. Such payments shall not be subject to any of the deductions as provided in this chapter.

(9) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release, sentenced to death under chapter 10.95 RCW, or subject to the provisions of 8 U.S.C. Sec. 1227:

(a) Shall not be required to participate in education programming except as may be necessary for the maintenance of discipline and security;

(b) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers;

(c) May participate in prevocational or vocational training that may be necessary to participate in a work program;

(d) Shall be subject to the applicable provisions of this chapter relating to inmate financial responsibility for programming. [2013 c 39 § 24; 2007 c 483 § 402; 2004 c 167 § 5; 1998 c 244 § 10; 1997 c 338 § 43; 1995 1st sp.s. c 19 § 5.]

Findings—Intent—2007 c 483: "Research and practice show that long-term success in helping offenders prepare for economic self-sufficiency requires strategies that address their education and employment needs.

[2013 RCW Supp—page 828]

Recent research suggests that a solid academic foundation and employment- and career-focused programs can be cost-effective in reducing the likelihood of reoffense. To this end, the legislature intends that the state strive to provide every inmate with basic academic skills as well as educational and vocational training designed to meet the assessed needs of the offender.

Nonetheless, it is vital that offenders engaged in educational or vocational training contribute to their own success. An offender should financially contribute to his or her education, particularly postsecondary educational pursuits. The legislature intends to provide more flexibility for offenders in obtaining postsecondary education by allowing third parties to make contributions to the offender's education without mandatory deductions. In developing the loan program, the department is encouraged to adopt rules and standards similar to those that apply to students in noninstitutional settings for issues such as applying for a loan, maintaining accountability, and accruing interest on the loan obligation." (1) When the department is determining an offender's risk management level, the department shall inquire of the offender and shall be told whether the offender is subject to court-ordered treatment for mental health services or chemical dependency services. The department shall request and the offender shall provide an authorization to release information form that meets applicable state and federal requirements and shall provide the offender with written notice that the department will request the offender's mental health and substance abuse treatment information. An offender's failure to inform the department of court-ordered treatment is a violation of the conditions of supervision if the offender is in the community and an infraction if the offender is in confinement, and the violation or infraction is subject to sanctions.

(2) When an offender discloses that he or she is subject to court-ordered mental health services or chemical dependency treatment, the department shall provide the mental health services provider or chemical dependency treatment provider with a written request for information and any necessary authorization to release information forms. The written request shall comply with rules adopted by the department of social and health services or protocols developed jointly by the department and the department of social and health services. A single request shall be valid for the duration of the offender's supervision in the community. Disclosures of information related to mental health services made pursuant to a department request shall not require consent of the offender.

(3) The information received by the department under RCW 71.05.445 or 70.02.250 may be released to the indeterminate sentence review board as relevant to carry out its responsibility of planning and ensuring community protection with respect to persons under its jurisdiction. Further disclosure by the indeterminate sentence review board is subject to the limitations set forth in subsections (5) and (6) of this section and must be consistent with the written policy of the indeterminate sentence review board. The decision to

disclose or not shall not result in civil liability for the indeterminate sentence review board or staff assigned to perform board-related duties provided that the decision was reached in good faith and without gross negligence.

(4) The information received by the department under RCW 71.05.445 or 70.02.250 may be used to meet the statutory duties of the department to provide evidence or report to the court. Disclosure to the public of information provided to the court by the department related to mental health services shall be limited in accordance with RCW 9.94A.500 or this section.

(5) The information received by the department under RCW 71.05.445 or 70.02.250 may be disclosed by the department to other state and local agencies as relevant to plan for and provide offenders transition, treatment, and supervision services, or as relevant and necessary to protect the public and counteract the danger created by a particular offender, and in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. The information received by a state or local agency from the department shall remain confidential and subject to the limitations on disclosure set forth in chapters 70.02, 71.05, and 71.34 RCW and, subject to these limitations, may be released only as relevant and necessary to counteract the danger created by a particular offender.

The information may not be disclosed for the purpose of engaging the public in a system of supervision, monitoring, and reporting offender behavior to the department. The department must limit the disclosure of information related to mental health services to the public to descriptions of an offender's behavior, risk he or she may present to the community, and need for mental health treatment, including medications, and shall not disclose or release to the public copies of treatment documents or records, except as otherwise provided by law. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk. VETERANS' RELIEF

Sections

73.08.005	Definitions.
73.08.080	Tax levy authorized.

73.08.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse or domestic partner, surviving spouse, surviving domestic partner, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, medical care services, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007, and in addition may include, at the discretion of the county legislative authority and in consultation with the veterans' advisory board, any other person who at the time he or she seeks the benefits of RCW 73.08.010, 73.08.070, and 73.08.080:

(a) Has received a general discharge under honorable conditions; or

(b) Has received a medical or physical discharge with an honorable record.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of RCW 73.08.035.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in

a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080. [2013 c 42 § 2; 2011 1st sp.s. c 36 § 17; 2010 1st sp.s. c 8 § 17; 2009 c 35 § 1; 2008 c 6 § 502; 2005 c 250 § 2.]

Effective date—2011 1st sp.s. c 36: See note following RCW 74.62.005.

Findings—Intent—Short title—Effective date—2010 1st sp.s. c 8: See notes following RCW 74.04.225.

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

Intent—2005 c 250: "(1) It is the intent of the legislature that each county establish a veterans' assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans' assistance funds. The legislature intends also for each county to establish a veterans' advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspectives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans.

(2) The legislature recognizes that ongoing veterans' relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans' service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans' relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families.

(3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships.

(4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans' assistance fund." [2005 c 250 § 1.]

73.08.080 Tax levy authorized. (1) The legislative authority in each county must levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating a veterans' assistance fund. Expenditures from the veterans' assistance fund, and interest earned on balances from the fund, may be used only for:

(a) The veterans' assistance programs authorized by RCW 73.08.010;

(b) The burial or cremation of a deceased indigent veteran or deceased family member of an indigent veteran as authorized by RCW 73.08.070; and

(c) The direct and indirect costs incurred in the administration of the fund as authorized by subsection (2) of this section.

(2) If the funds on deposit in the veterans' assistance fund, less outstanding warrants, on the first Tuesday in September exceed the lesser of the expected yield of one and one-eighth cents per thousand dollars of assessed value

against the taxable property of the county or the expected yield of a levy determined as set forth in subsection (5) of this section, the county legislative authority may levy a lesser amount than would otherwise be required under subsection (1) or (5) of this section.

(3) The direct and indirect costs incurred in the administration of the veterans' assistance fund must be computed by the county auditor, or the chief financial officer in a county operating under a charter, not less than annually. Following the computation of these direct and indirect costs, an amount equal to these costs may then be transferred from the veterans' assistance fund to the county current expense fund.

(4) The amount of a levy allocated to the purposes specified in this section may be reduced in the same proportion as the regular property tax levy of the county is reduced by chapter 84.55 RCW.

(5)(a) The amount of a levy allocated to the purposes specified in this section may be modified from the amount required by subsection (1) of this section as follows:

(i) If the certified levy is reduced from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section may be reduced by no more than the same percentage as the certified levy is reduced from the preceding year's certified levy;

(ii) If the certified levy is increased from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section may not be less than the base allocation increased by the same percentage as the certified levy is increased from the preceding year's certified levy. However, the amount of the levy allocated to the purposes specified in this section does not have to be increased under this subsection (5)(a)(ii) for the portion of a certified levy increase resulting from a voter-approved increase under RCW 84.55.050 that is dedicated to a specific purpose; or

(iii) If the certified levy is unchanged from the preceding year's certified levy, the amount of the levy allocated to the purposes specified in this section must be equal to or greater than the base allocation.

(b) For purposes of this subsection, the following definitions apply:

(i) "Base allocation" means the most recent allocation that was not reduced under subsection (2) of this section.

(ii) "Certified levy" means the property tax levy for general county purposes certified to the county assessor as required by RCW 84.52.070, excluding any amounts certified under chapters 84.69 and 84.68 RCW.

(6) Subsections (2), (4), and (5) of this section do not preclude a county from increasing the levy amount in subsection (1) of this section to an amount that is greater than the change in the regular county levy. 74.04.805 Essential needs and housing support eligibility. (*Effective January 1, 2014.*) (1) The department is responsible for determining eligibility for referral for essential needs and housing support under RCW 43.185C.220. Persons eligible are persons who:

(a) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(b) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(c) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number must be made prior to authorization of benefits, and the social security number must be provided to the department upon receipt;

(d) Have countable income as described in RCW 74.04.005 at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual;

(e) Do not have countable resources in excess of those described in RCW 74.04.005; and

(f) Are not eligible for:

(i) The aged, blind, or disabled assistance program;

(ii) The pregnant women assistance program; or

(iii) Federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

(2) The following persons are not eligible for a referral for essential needs and housing support:

(a) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in subsection (3) of this subsection. These persons must be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals must be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from making a referral for essential needs and housing report for persons who have a substance abuse addiction who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for a referral for essential needs and housing support;

(b) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(c) Persons who refuse or fail without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug

or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(3) For purposes of determining whether a person is incapacitated from gainful employment under subsection (1) of this section:

(a) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(4) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(5) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program. Effective date—2013 2nd sp.s. c 10: See note following RCW 74.62.030.

Effective date—2011 1st sp.s. c 15: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 1st sp.s. c 15 § 130.]

Findings—Intent—2011 1st sp.s. c 15: "The legislature finds that:

(1) Washington state government must be organized to be efficient, cost-effective, and responsive to its residents;

(2) The cost of state-purchased health care continues to grow at an unsustainable rate, now representing nearly one-third of the state's budget and hindering our ability to invest in other essential services such as education and public safety;

(3) Responsibility for state health care purchasing is currently spread over multiple agencies, but successful interagency collaboration on quality and cost initiatives has helped demonstrate the benefits to the state of centralized health care purchasing;

(4) Consolidating the majority of state health care purchasing into a single state agency will best position the state to work with others, including private sector purchasers, health insurance carriers, health care providers, and consumers to increase the quality and affordability of health care for all state residents;

(5) The development and implementation of uniform state policies for all state-purchased health care is among the purposes for which the health care authority was originally created; and

(6) The state will be best able to take advantage of the opportunities and meet its obligations under the federal affordable care act, including establishment of a health benefit exchange and medicaid expansion, if primary responsibility for doing so rests with a single state agency.

The legislature therefore intends, where appropriate, to consolidate state health care purchasing within the health care authority, positioning the state to use its full purchasing power to get the greatest value for its money, and allowing other agencies to focus even more intently on their core missions." [2011 1st sp.s. c 15 § 1.]

Report—2011 1st sp.s. c 15: "(1) By December 10, 2011, the department of social and health services and the health care authority shall provide

a preliminary report, and by December 1, 2012, provide a final implementation plan, to the governor and the legislature with recommendations regarding the role of the health care authority in the state's purchasing of mental health treatment, substance abuse treatment, and long-term care services, including services for those with developmental disabilities.

(2) The reports shall:

(a) Consider options for effectively coordinating the purchase and delivery of care for people who need long-term care, developmental disabilities, mental health, or chemical dependency services. Options considered may include, but are not limited to, transitioning purchase of these services from the department of social and health services to the health care authority, and strategies for the agencies to collaborate seamlessly while purchasing services separately; and

(b) Address the following components:

(i) Incentives to improve prevention efforts;

(ii) Service delivery approaches, including models for care management and care coordination and benefit design;

(iii) Rules to assure that those requiring long-term care services and supports receive that care in the least restrictive setting appropriate to their needs;

(iv) Systems to measure cost savings;

(v) Mechanisms to measure health outcomes and consumer satisfaction;

(vi) The designation of a single point of entry for financial and functional eligibility determinations for long-term care services; and

(vii) Process for collaboration with local governments.

(3) In developing these recommendations, the agencies shall:

(a) Consult with tribal governments and with interested stakeholders, including consumers, health care and other service providers, health insurance carriers, and local governments; and

(b) Cooperate with the joint select committee on health reform implementation established in House Concurrent Resolution No. 4404 and any of its advisory committees. The agencies shall strongly consider the guidance and input received from these forums in the development of its recommendations.

(4) The agencies shall submit a progress report to the governor and the legislature by November 15, 2013, that provides details on the agencies' progress on purchasing coordination to date." [2011 1st sp.s. c 15 § 116.]

Agency transfer—2011 1st sp.s. c 15: "(1) All powers, duties, and functions of the department of social and health services pertaining to the medical assistance program and the medicaid purchasing administration are transferred to the health care authority to the extent necessary to carry out the purposes of this act. All references to the secretary or the department of social and health services in the Revised Code of Washington shall be construed to mean the director or the health care authority when referring to the functions transferred in this section.

(b) Any appropriations made to the department of social and health services for carrying out the powers, functions, and duties transferred shall, on July 1, 2011, be transferred and credited to the health care authority.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the medicaid purchasing administration at the department of social and health services are transferred to the jurisdiction of the health care authority. (4) All rules and all pending business before the department of social and health services pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the health care authority. All existing contracts and obligations shall remain in full force and shall be per-

formed by the health care authority.

(5) The transfer of the powers, duties, functions, and personnel of the department of social and health services shall not affect the validity of any act performed before July 1, 2011.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) A nonsupervisory medicaid purchasing unit bargaining unit is created at the health care authority. All nonsupervisory civil service employees of the medicaid purchasing administration at the department of social and health services assigned to the health care authority under this section whose positions are within the existing bargaining unit description at the department of social and health services shall become a part of the nonsupervisory medicaid purchasing unit bargaining unit at the health care authority under the provisions of chapter 41.80 RCW. The exclusive bargaining representative of the existing bargaining unit at the department of social and health services is certified as the exclusive bargaining representative of the nonsupervisory medicaid purchasing unit bargaining unit at the health care authority without the necessity of an election.

(8) A supervisory medicaid purchasing unit bargaining unit is created at the health care authority. All supervisory civil service employees of the medicaid purchasing administration at the department of social and health services assigned to the health care authority under this section whose positions are within the existing bargaining unit description at the department of social and health services shall become a part of the supervisory medicaid purchasing unit bargaining unit at the health care authority under the provisions of chapter 41.80 RCW. The exclusive bargaining representative of the existing bargaining unit at the department of social and health services is certified as the exclusive bargaining representative of the supervisory medicaid purchasing unit bargaining unit at the health care authority without the necessity of an election.

(9) The bargaining units of employees created under this section are appropriate units under the provisions of chapter 41.80 RCW. However, nothing contained in this section shall be construed to alter the authority of the public employment relations commission under the provisions of chapter 41.80 RCW to amend or modify the bargaining units.

(10) Positions from the department of social and health services central administration are transferred to the jurisdiction of the health care authority. Employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(11) All classified employees of the department of social and health services central administration assigned to the health care authority under subsection (10) of this section whose positions are within an existing bargaining unit description at the health care authority shall become a part of the existing bargaining unit at the health care authority and shall be considered an appropriate inclusion or modification of the existing bargaining unit under the provisions of chapter 41.80 RCW." (3) Determination of the amount, scope, and duration of medical care services shall be limited to coverage as defined by the authority, except that adult dental, and routine foot care shall not be included unless there is a specific appropriation for these services.

74.09.522 Medical assistance—Agreements with managed health care systems required for services to recipients of temporary assistance for needy families—Principles to be applied in purchasing managed health

care—Expiration of subsections. (1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223; and

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients

and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(8) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in

addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(9) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(10) Payments under RCW 74.60.130 are exempt from this section.

(11) Subsections (7) through (9) of this section expire July 1, 2016. [2013 2nd sp.s. c 17 § 13; 2013 c 261 § 2. Prior: 2011 1st sp.s. c 15 § 29; 2011 1st sp.s. c 9 § 2; 2011 c 316 § 4; prior: 1997 c 59 § 15; 1997 c 34 § 1; 1989 c 260 § 2; 1987 1st ex.s. c 5 § 21; 1986 c 303 § 2.]

Findings—Intent—2011 1st sp.s. c 9: See note following RCW 70.47.020.

Legislative findings—Intent—1986 c 303: "(1) The legislature finds that:

- (a) Good health care for indigent persons is of importance to the state;
- (b) To ensure the availability of a good level of health care, efforts must be made to encourage cost consciousness on the part of providers and consumers, while maintaining medical assistance recipients within the mainstream of health care delivery;
- (c) Managed health care systems have been found to be effective in controlling costs while providing good health care services;
- (d) By enrolling medical assistance recipients within managed health care systems, the state's goal is to ensure that medical assistance recipients receive at least the same quality of care they currently receive.

(2) It is the intent of the legislature to develop and implement new strategies that promote the use of managed health care systems for medical assistance recipients by establishing prepaid capitated programs for both inpatient and outpatient services." [1986 c 303 § 1.]

74.09.5223 Findings—Chronic care management.

The legislature finds that chronic care management, including comprehensive medication management services, provided by licensed pharmacists and qualified providers is a critical component of a collaborative, multidisciplinary, inter-professional approach to the treatment of chronic diseases for targeted individuals, to improve the quality of care and reduce overall cost in the treatment of such diseases. [2013 c 261 § 1.]

(5) The department must establish rules to authorize long-term care clients enrolled in a PACE program to elect to continue their enrollment in a PACE program regardless of improved status related to functional criteria for nursing facility level of care, consistent with 42 C.F.R. Sec. 460.160(b) (2013).

(6) The department must develop and implement a coordinated plan to provide education about PACE program site operations under this section. The plan must include:

(2) The authority shall require complex needs patients receiving complex rehabilitation technology to be evaluated by:

(a) A licensed health care provider who performs specialty evaluations within his or her scope of practice, including a physical therapist licensed under chapter 18.74 RCW and an occupational therapist licensed under chapter 18.59 RCW, and has no financial relationship with the qualified complex rehabilitation technology supplier; and

(iii) Require certain services to allow for appropriate design, configuration, and use of such item, including patient evaluation and equipment fitting and configuration.

(c) "Individually configured" means a device has a combination of features, adjustments, or modifications specific to a complex needs patient that a qualified complex rehabilitation technology supplier provides by measuring, fitting, pro-

gramming, adjusting, or adapting the device as appropriate so that the device is consistent with an assessment or evaluation of the complex needs patient by a health care professional and consistent with the complex needs patient's medical condition, physical and functional needs and capacities, body size, period of need, and intended use.

(2) Establish and improve safeguards relating to the delivery and provision of medically necessary complex rehabilitation technology; and

(3) Provide supports for complex needs patients to stay in the home or community setting, prevent institutionalization, and prevent hospitalizations and other costly secondary complications." [2013 c 178 § 1.]

Effective date—2013 c 178: "This act takes effect January 1, 2014." [2013 c 178 § 3.]

74.09.605 Incorporation of outcomes/criteria into contracts with managed care organizations.

The authority shall incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.320 RCW into contracts with managed care organizations that provide services to clients under this chapter. [2013 c 320 § 7.]

74.09.611 Hospital quality incentive payments—Noncritical access hospitals.

(1) If sufficient funds are made available as provided in subsection (2) of this section the authority, in collaboration with the Washington state hospital association, shall design a system of hospital quality incentive payments for noncritical access hospitals. The system must be based upon the following principles:

(a) Evidence-based treatment and processes must be used to improve health care outcomes for hospital patients;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common

quality improvement measures by public and private health care purchasers, while recognizing that some measures may not be appropriate for application to specialty pediatric, psychiatric, or rehabilitation hospitals;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to hospitals should be minimized by giving priority to measures hospitals are currently required to report to governmental agencies, such as the hospital compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for hospitals to achieve, yet represent real improvements in quality and performance for a majority of hospitals in Washington state; and

(e) Hospital performance and incentive payments should be designed in a manner such that all noncritical access hospitals are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) If hospital safety net assessment funds under RCW 74.60.020 are made available, such funds must be used to support an additional one percent increase in inpatient hospital rates for noncritical access hospitals that:

(a) Meet the quality incentive benchmarks established under this section; and

(b) Participate in Washington state hospital association collaboratives related to the benchmarks in order to improve care and promote sharing of best practices with other hospitals.

(3) Funds directed from any other lawful source may also be used to support the purposes of this section. [2013 2nd sp.s. c 17 § 18.]

has been placed in a licensed or approved child care institution or foster home as a result of such determination and who: (1) Was receiving an aid to families with dependent children grant for the month in which court proceedings leading to such determination were initiated; or (2) would have received aid to families with dependent children for such month if application had been made therefor; or (3) in the case of a child who had been living with a specified relative within six months prior to the month in which such proceedings were initiated, would have received aid to families with dependent children for such month if in such month he or she had been living with such a relative and application had been made therefor, as authorized by the social security act.

74.12.035 Additional eligibility requirements—Students—Exceptions. (1) Children over eighteen years of age and under nineteen years of age who are full-time students reasonably expected to complete a program of secondary school, or the equivalent level of vocational or technical training, before reaching nineteen years of age are eligible to receive temporary assistance for needy families: PROVIDED HOWEVER, That if such students do not successfully complete such program before reaching nineteen years of age, the assistance rendered under this subsection during such period shall not be a debt due the state.

(2) Children with disabilities who are eighteen years of age and under twenty-one years of age and who are full-time students whose education is being provided in accordance with RCW 28A.155.020 are eligible to receive temporary assistance for needy families benefits.

(3) The department is authorized to grant exceptions to the eligibility restrictions for children eighteen years of age and under twenty-one years of age under subsections (1) and (2) of this section only when it determines by reasonable, objective criteria that such exceptions are likely to enable the children to complete their high school education, high school equivalency certificate as provided in RCW 28B.50.536, or vocational education. [2013 c 39 § 29; 1999 c 120 § 2; 1997 c 59 § 18; 1985 c 335 § 1; 1981 2nd ex.s. c 10 § 3.]

74.12.250 Payment of grant to another—Limited guardianship. If the department, after investigation, finds that any applicant for assistance under this chapter or any recipient of funds under this chapter would not use, or is not utilizing, the grant adequately for the needs of his or her child or children or would dissipate the grant or is dissipating such grant, or would be or is unable to manage adequately the funds paid on behalf of said child and that to provide or continue payments to the applicant or recipient would be con-

trary to the welfare of the child, the department may make such payments to another individual who is interested in or concerned with the welfare of such child and relative: PROVIDED, That the department shall provide such counseling and other services as are available and necessary to develop greater ability on the part of the relative to manage funds in such manner as to protect the welfare of the family. Periodic review of each case shall be made by the department to determine if said relative is able to resume management of the assistance grant. If after a reasonable period of time the payments to the relative cannot be resumed, the department may request the attorney general to file a petition in the superior court for the appointment of a guardian for the child or children. Such petition shall set forth the facts warranting such appointment. Notice of the hearing on such petition shall be served upon the recipient and the department not less than ten days before the date set for such hearing. Such petition may be filed with the clerk of superior court and all process issued and served without payment of costs. If upon the hearing of such petition the court is satisfied that it is for the best interest of the child or children, and all parties concerned, that a guardian be appointed, he or she shall order the appointment, and may require the guardian to render to the court a detailed itemized account of expenditures of such assistance payments at such time as the court may deem advisable.

It is the intention of this section that the guardianship herein provided for shall be a special and limited guardianship solely for the purpose of safeguarding the assistance grants made to dependent children. Such guardianship shall terminate upon the termination of such assistance grant, or sooner on order of the court, upon good cause shown. 74.13.031 Duties of department—Child welfare services—Children's services advisory committee. (Effective until December 1, 2013.) (1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against

a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(6) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) The department and supervising agency shall have authority to purchase care for children.

(9) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10)(a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program; or

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(11) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (10) of this section.

(12) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(13) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(14) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(15) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(16) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(17)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

- (i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;
- (ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);
- (iii) Parent-child visits;
- (iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and
- (v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed. [2013 c 332 § 9; 2013 c 32 § 1; 2012 c 52 § 2. Reviser's note: This section was amended by 2013 c 32 § 1 and by 2013 c 332 § 9, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Expiration date—2013 c 332 §§ 7 and 9: See note following RCW 74.13.020.

Findings—Recommendations—Application—2013 c 332: See notes following RCW 13.34.267.

Expiration date—2013 c 32 § 1: "Section 1 of this act expires December 1, 2013." [2013 c 32 § 4.]

Intent—2012 c 52: "Since 2006, under a program known as "foster care to 21," the Washington state legislature has provided services to young adults transitioning out of foster care in order for them to enroll in and complete their postsecondary educations. In 2008, the United States congress passed the fostering connections to success and increasing adoptions act of 2008, which allows states to receive a federal match for state dollars expended in supporting youth transitioning out of foster care. In 2011, the Washington state legislature opted to create the "extended foster care pro-

gram," in order to receive the federal match for youth completing high school. It is the intent of this act to enable the state to receive the federal match to offset costs expended on supporting youth seeking postsecondary education. This act would result in these youth being served under the extended foster care program, for which there is a federal match, instead of the foster care to 21 program, which relies solely on state dollars. It is the intent of the legislature to allow all youth currently enrolled in the foster care to 21 program for the purposes of postsecondary education to remain enrolled until they turn twenty-one, are no longer otherwise eligible, or choose to leave the program. Within three years of June 7, 2012, the "foster care to 21" program will cease to operate, and youth seeking a postsecondary education will be solely served by the extended foster care program." [2012 c 52 § 1.]

Intent—2011 c 330: See note following RCW 13.04.011.

Findings—2011 c 160: "The legislature finds that foster parents are a critical piece of the dependency system. The legislature further finds that the majority of foster parents provide excellent care to children in the dependency system, many of whom have suffered serious damage in their families of origin. It is the legislature's belief that through the selfless dedication of many foster parents that abused and neglected children are able to heal and go on to lead productive lives. The legislature also believes that some foster parents act in ways that are damaging to the children in their care and it is the department of social and health services' responsibility to make sure all children in care are safe. The legislature finds that unannounced visits to caregivers' homes is another method by which the department of social and health services can make sure the children in foster care are safe." [2011 c 160 § 1.]

Effective date—2009 c 235 § 2: "Section 2 of this act takes effect October 1, 2010." [2009 c 235 § 7.]

Expiration date—2009 c 235 § 4: "Section 4 of this act expires October 1, 2010." [2009 c 235 § 8.]

Findings—Intent—2009 c 235: "(1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities for the state to use federal funding to promote permanency and positive outcomes for youth in foster care and for those who age out of the foster care system.

(2) The legislature also finds that research regarding former foster youth is generally sobering. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security; untreated mental or behavioral health problems; involvement in the criminal justice and corrections systems; and early parenthood combined with second-generation child welfare involvement. The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment; employment and earnings; and reduced rates of teen pregnancies.

(3) The legislature intends to clarify existing authority for foster care services beyond age eighteen and to establish authority for future expansion of housing and other supports for youth aging out of foster care and youth who achieved permanency in later adolescence." [2009 c 235 § 1.]

Effective date—2008 c 267 § 6: "Section 6 of this act takes effect December 31, 2008." [2008 c 267 § 14.]

Severability—2007 c 413: See note following RCW 13.34.215.

Construction—2006 c 266: "Nothing in this act shall be construed to create:

- (1) An entitlement to services;
- (2) Judicial authority to extend the jurisdiction of juvenile court in a proceeding under chapter 13.34 RCW to a youth who has attained eighteen years of age or to order the provision of services to the youth; or
- (3) A private right of action or claim on the part of any individual, entity, or agency against the department of social and health services or any contractor of the department." [2006 c 266 § 2.]

Adoption of rules—2006 c 266: "The department of social and health services is authorized to adopt rules establishing eligibility for independent living services and placement for youths under this act." [2006 c 266 § 3.]

Study and report—2006 c 266: "(1) Beginning in July 2008 and subject to the approval of its governing board, the Washington state institute for public policy shall conduct a study measuring the outcomes for foster youth who have received continued support pursuant to RCW 74.13.031(10). The

study should include measurements of any savings to the state and local government. The institute shall issue a report containing its preliminary findings to the legislature by December 1, 2008, and a final report by December 1, 2009.

(2) The institute is authorized to accept nonstate funds to conduct the study required in subsection (1) of this section." [2006 c 266 § 4.]

74.13.031 Duties of department—Child welfare services—Children’s services advisory committee. (Effective December 1, 2013.) (1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of run-away, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department’s and supervising agency’s success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child’s parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of

care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver’s home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month’s visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children’s services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department and supervising agencies shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program; or

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster

care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing

the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

- (i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;
- (ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);
- (iii) Parent-child visits;
- (iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and
- (v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed. [2013 c 332 § 10; 2013 c 32 § 2. Intent—2012 c 52: "Since 2006, under a program known as "foster care to 21," the Washington state legislature has provided services to young adults transitioning out of foster care in order for them to enroll in and complete their postsecondary educations. It is the intent of this act to enable the state to receive the federal match to offset costs expended on supporting youth seeking postsecondary education. This act would result in these youth being served under the extended foster care program, for which there is a federal match, instead of the foster care to 21 program, which relies solely on state dollars. enrolled until they turn twenty-one, are no longer otherwise eligible, or choose to leave the program. Within three years of June 7, 2012, the "foster care to 21" program will cease to operate, and youth seeking a postsecondary education will be solely served by the extended foster care program." 74.13.107 Child and family reinvestment account— Methodology for calculating savings resulting from reductions in foster care caseloads and per capita costs.

(1) The child and family reinvestment account is created in the state treasury. Moneys in the account may be spent only after appropriation. Moneys in the account may be expended solely for improving outcomes related to: (a) Safely reducing entry into the foster care system and preventing reentry; (b) safely increasing reunifications; (c) achieving permanency for children unable to be reunified; and (d) improving outcomes for youth who will age out of the foster care system. Moneys may be expended for shared savings under performance-based contracts.

(2) Revenues to the child and family reinvestment account consist of: (a) Savings to the state general fund resulting from reductions in foster care caseloads and per capita costs, as calculated and transferred into the account under this section; and (b) any other public or private funds appropriated to or deposited in the account.

(3)(a) The department of social and health services, in collaboration with the office of financial management and the caseload forecast council, shall develop a methodology for calculating the savings under this section. The methodology must be used for the 2013-2015 fiscal biennium, and for each biennium thereafter. The methodology must establish a baseline for calculating savings. In developing the methodology, the department of social and health services shall incorporate the relevant requirements of any demonstration waiver granted to the state under P.L. 112-34. The savings must be based on actual caseload and per capita expenditures.

(b) The caseload and the per capita expenditures for youth in extended foster care pursuant to RCW 74.13.031 and as determined under RCW 43.88C.010(9) shall not be included in the following:

(i) The calculation of savings transferred to the account;
 or
 (ii) The capped allocation of the demonstration waiver granted to the state under P.L. 112-34.

(c) By December 1, 2012, the department of social and health services shall submit the proposed methodology to the governor and the appropriate committees of the legislature. The methodology is deemed approved unless the legislature enacts legislation to modify or reject the methodology.

(d) The department of social and health services shall use the methodology established in (a) of this subsection to calculate savings to the state general fund for transfer into the child and family reinvestment account in fiscal year 2014 and each fiscal year thereafter. Savings calculated by the department under this section are not subject to RCW 43.79.460. The department shall report the amount of the state general fund savings achieved to the office of financial management and the fiscal committees of the legislature at the end of each

fiscal year. The office of financial management shall provide notice to the state treasurer of the amount of state general fund savings, as calculated by the department of social and health services, for transfer into the child and family reinvestment account.

(e) Nothing in this section prohibits (i) the caseload forecast council from forecasting the foster care caseload under RCW 43.88C.010 or (ii) the department from including maintenance funding in its budget submittal for caseload costs that exceed the baseline established in (a) of this subsection. [2013 c 332 § 12; 2012 c 204 § 2.]

Reviser's note—Sunset Act application: The child and family reinvestment account and methodology for calculating savings is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.415. RCW 74.13.107 is scheduled for future repeal under RCW 43.131.416.

Findings—Recommendations—Application—2013 c 332: See notes following RCW 13.34.267.

Findings—Intent—2012 c 204: "(1) The legislature finds that the federal child and family services improvement and innovation act provides an important new opportunity for Washington state to flexibly use federal funding, traditionally limited to foster care, to achieve the following outcomes: Increase permanency for all infants, children, and youth by reducing the time spent in foster care placements when possible and promoting a successful transition to adulthood for older youth; increase the positive outcomes for infants, children, youth, and families in their homes and communities, including tribal communities; improve the safety and well-being of infants, children, and youth; and prevent child abuse and neglect and the reentry of infants, children, and youth into foster care.

(2) The legislature finds that the licensed out-of-home foster care caseload has declined by eighteen percent from fiscal year 2008 to fiscal year 2011. The legislature further finds that under the current system, as caseloads decline, fewer state and federal funds are available in the child welfare budget for prevention and reunification services to continue improving outcomes.

(3) The legislature recognizes the need to reinvest savings related to foster care caseload reductions into effective efforts that improve outcomes. The legislature intends to maximize limited resources by continuing to focus on efforts to improve child safety, child permanency, and child well-being in Washington state." [2012 c 204 § 1.]

(b) Except as provided in subsection (3) of this section, and notwithstanding any law to the contrary, the department may not directly provide child welfare services to families and children provided child welfare services by supervising agencies in the demonstration sites selected under *RCW 74.13.368(4)(a).

(2) No later than December 30, 2016, for families and children provided child welfare services by supervising agencies in the demonstration sites selected under *RCW 74.13.368(4)(a), the department is responsible for only the following:

(b) In an emergency or as a provider of last resort. The department shall adopt rules describing the circumstances under which the department may provide those services. For purposes of this section, "provider of last resort" means the department is unable to contract with a private agency to provide child welfare services in a particular geographic area or, after entering into a contract with a private agency, either the contractor or the department terminates the contract.

(4) For purposes of this chapter, on and after September 1, 2010, performance-based contracts shall be structured to hold the supervising agencies accountable for achieving the following goals in order of importance: Child safety; child permanency, including reunification; and child well-being.

(5) A federally recognized tribe located in this state may enter into a performance-based contract with the department to provide child welfare services to Indian children whether or not they reside on a reservation. Nothing in this section prohibits a federally recognized Indian tribe located in this state from providing child welfare services to its members or other Indian children pursuant to existing tribal law, regulation, or custom, or from directly entering into agreements for the provision of such services with the department, if the department continues to otherwise provide such services, or with federal agencies. Neither site must be wholly located in any of the department's administrative regions.

(b) The committee shall develop two sets of performance outcomes to be included in the performance-based contracts the department enters into with supervising agencies. The first set of outcomes shall be used for those cases transferred to a supervising agency over time. The second set of outcomes shall be used for new entrants to the child welfare system.

(c) The committee shall also identify methods for ensuring that comparison of performance between supervising agencies and the existing service delivery system takes into account the variation in the characteristics of the populations being served as well as historical trends in outcomes for those populations.

(5) The committee shall determine the appropriate size of the child and family populations to be provided services under performance-based contracts with supervising agencies. The committee shall also identify the time frame within which cases will be transferred to supervising agencies. The performance-based contracts entered into with supervising agencies shall encompass the provision of child welfare services to enough children and families in each demonstration site to allow for the assessment of whether there are meaningful differences, to be defined by the committee, between the outcomes achieved in the demonstration sites and the comparison sites or populations. To ensure adequate statistical power to assess these differences, the populations served shall be large enough to provide a probability greater than seventy percent that meaningful difference will be detected and a ninety-five percent probability that observed differences are not due to chance alone.

(6) The committee shall also prepare as part of the plan a recommendation as to how to implement chapter 520, Laws of 2009 so that full implementation of chapter 520, Laws of 2009 is achieved no later than December 30, 2015.

(8) Beginning June 30, 2009, the committee shall report quarterly to the governor and the legislative children's oversight committee established in RCW 44.04.220. From June 30, 2012, until December 30, 2015, the committee need only report twice a year. The committee shall report on its progress in meeting its duties under subsections (2) and (3) of this section and on any other matters the committee or the legislative children's oversight committee or the governor deems appropriate. The portion of the plan required in sub-

section (6) of this section shall be due to the legislative children's oversight committee on or before June 1, 2010. The reports shall be in written form.

(9) The committee, by majority vote, may establish advisory committees as it deems necessary.

(10) All state executive branch agencies and the agencies with whom the department contracts for child welfare services shall cooperate with the committee and provide timely information as the chair or cochairs may request. Cooperation by the children's administration must include developing and scheduling training for supervising agencies to access data and information necessary to implement and monitor the contracts.

(11) It is expected that the administrative costs for the committee will be supported through private funds.

(12) The committee is subject to chapters 42.30 (open public meetings act) and 42.52 (ethics in public service) RCW.

(13) This section expires July 1, 2016. [2013 c 23 § 208; 2012 c 205 § 10; 2010 c 291 § 2; 2009 c 520 § 8.]

Reviser's note: This section was amended by 2013 c 23 § 208 and suspended by 2013 c 205 § 5 until December 1, 2015.

Suspension—2013 c 205: "RCW 74.13.368 (Performance-based contracts—Child welfare transformation design committee) and 2012 c 205 s 10, 2010 c 291 s 2, & 2009 c 520 s 8 are each suspended as of July 28, 2013, until December 1, 2015." [2013 c 205 § 5.]

Findings—2010 c 291: "The legislature finds that, based upon the work of the child welfare transformation design committee established pursuant to 2SHB 2106 during the 2009 legislative session, several narrowly based amendments to that legislation need to be made, mainly for clarifying purposes. The legislature further finds that two deadlines need to be extended by six months, the first to allow the department of social and health services additional time to complete the conversion of its contracts to performance-based contracts and the second to allow the department additional time to gradually transfer existing cases to supervising agencies in the demonstration sites. The legislature finds that the addition of a foster youth on the child welfare transformation design committee will greatly assist the committee in its work.

The legislature recognizes that clarifying language regarding Indian tribes should be added regarding the government-to-government relationship the tribes have with the state. The legislature further recognizes that language is needed regarding the department's ability to receive federal funding based upon the recommendations made by the child welfare transformation design committee." [2010 c 291 § 1.]

Effective date—2009 c 520 § 8: "Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 18, 2009]." [2009 c 520 § 98.]

74.13.540 Independent living services. Independent living services include assistance in achieving basic educational requirements such as a high school equivalency certificate as provided in RCW 28B.50.536, enrollment in vocational and technical training programs offered at the community and vocational colleges, and obtaining and maintaining employment; and accomplishing basic life skills such as money management, nutrition, preparing meals, and cleaning house. A baseline skill level in ability to function productively and independently shall be determined at entry. Performance shall be measured and must demonstrate improvement from involvement in the program. Each recipient shall have a plan for achieving independent living skills by the time the recipient reaches age twenty-one. The plan shall be written within the first thirty days of placement and reviewed every ninety days. A recipient who fails to consistently

adhere to the elements of the plan shall be subject to reassessment by the professional staff of the program and may be declared ineligible to receive services. [2013 c 39 § 30; 2001 c 192 § 2.]

74.13.621 Kinship care oversight committee. (Expires June 30, 2015.) (1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with the first update due by January 1, 2006.

(6) This section expires June 30, 2015. [2013 2nd sp.s. c 4 § 996; (2011 1st sp.s. c 50 § 965 expired June 30, 2013); 2009 c 564 § 954; 2005 c 439 § 1.]

74.13.631 School-aged youth in out-of-home care—School placement options. (1) The department shall provide youth residing in out-of-home care the opportunity to remain enrolled in the school he or she was attending prior to out-of-home placement, unless the safety of the youth is jeopardized, or a relative or other suitable person placement approved by the department is secured for the youth, or it is determined not to be in the youth's best interest to remain enrolled in the school he or she was attending prior to out-of-home placement. If the parties in the dependency case disagree regarding which school the youth should be enrolled in, the youth may remain enrolled in the school of origin until the disagreement is resolved in court, unless the department determines that the youth is in immediate danger by remaining enrolled in the school of origin.

(2) Unless otherwise directed by the court, the educational responsibilities of the department for school-aged youth residing in out-of-home care are the following:

(a) To collaboratively discuss and document school placement options and plan necessary school transfers during the family team decision-making meeting;

(b) To notify the receiving school and the school of origin that a youth residing in foster care is transferring schools;

(c) To request and secure missing academic records or medical records required for school enrollment within ten business days;

(d) To document the request and receipt of academic records in the individual service and safety plan;

(e) To pay any unpaid fees or fines due by the youth to the school or school district;

(f) To notify all legal parties when a school disruption occurs; and

(g) To document factors that contributed to any school disruptions. [2013 c 182 § 6.]

Findings—2013 c 182: See note following RCW 13.34.030.

74.13.632 School-aged youth in out-of-home care—Educational experiences and progress—Reports. (1) A university-based child welfare research entity shall include in its reporting the educational experiences and progress of students in children's administration out-of-home care. This data must be disaggregated in the smallest units allowable by law that do not identify an individual student, in order to learn which children's administration offices and school districts are experiencing the greatest success and challenges in achieving quality educational outcomes with students in children's administration out-of-home care.

(2) By January 1, 2015 and annually thereafter, the university-based child welfare research entity must submit a report to the legislature. To the extent possible, the report should include, but is not limited to, information on the following measures for a youth who is a dependent pursuant to chapter 13.34 RCW:

(a) Aggregate scores from the Washington state kindergarten readiness assessment;

(b) Aggregate scores from the third grade statewide student assessment in reading;

(c) Number of youth graduating from high school with a documented plan for postsecondary education, employment, or military service;

(d) Number of youth completing one year of postsecondary education, the equivalent of first-year student credits, or achieving a postsecondary certificate; and

(e) Number of youth who complete an associate or bachelor's degree.

(3) The report must identify strengths and weaknesses in practice and recommend to the legislature strategy and needed resources for improvement. [2013 c 182 § 7.]

Findings—2013 c 182: See note following RCW 13.34.030.

74.13.640 Child fatality reviews. (1)(a) The department shall conduct a child fatality review in the event of a fatality suspected to be caused by child abuse or neglect of any minor who is in the care of the department or a supervising agency or receiving services described in this chapter or who has been in the care of the department or a supervising agency or received services described in this chapter within one year preceding the minor's death.

(b) The department shall consult with the office of the family and children's ombuds to determine if a child fatality review should be conducted in any case in which it cannot be determined whether the child's death is the result of suspected child abuse or neglect.

(c) The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case, including individuals whose professional expertise is pertinent to the dynamics of the case.

(d) Upon conclusion of a child fatality review required pursuant to this section, the department shall within one hundred eighty days following the fatality issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public web site where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public web site, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(e) The department shall develop and implement procedures to carry out the requirements of this section.

(2) In the event of a near fatality of a child who is in the care of or receiving services described in this chapter from the department or a supervising agency or who has been in the care of or received services described in this chapter from the department or a supervising agency within one year preceding the near fatality, the department shall promptly notify the office of the family and children's ombuds. The department may conduct a review of the near fatality at its discretion or at the request of the office of the family and children's ombuds.

(3) In any review of a child fatality or near fatality in which the child was placed with or received services from a supervising agency pursuant to a contract with the department, the department and the fatality review team shall have

access to all records and files regarding the child or otherwise relevant to the review that have been produced or retained by the supervising agency.

(4)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding (i) the work of the child fatality or near fatality review team, (ii) the incident under review, (iii) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review, or (iv) the statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions set forth in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team. [2013 c 23 § 209; 2011 c 61 § 2; 2009 c 520 § 91; 2008 c 211 § 1; 2004 c 36 § 1.]

74.13.690 Child welfare measurements. (1) A university-based child welfare research entity and the department, in collaboration with other stakeholders, shall develop measurements in the areas of safety, permanency, and well-being, using existing and available data. Measurements must be calculated from data used in the routine work of the state agencies' data and information technology departments. Any new record linkage or data-matching activities required in fulfillment of this section may be performed by the research entity pursuant to agreements developed under subsection (6) of this section.

(2) For the purposes of this section, "state agencies" means any agency or subagency providing data used in the integrated client database maintained by the research and data analysis division of the department. Any exchange of data must be in accordance with applicable federal and state law.

(3) All measurements must use a methodology accepted by the scientific community. All measurements must address any disproportionate racial and ethnic inequality. The initial measurements must be developed by December 1, 2013.

(4) The measurements may not require the state agencies to revise their data collection systems, and may not require the state agencies to provide individually identifiable information.

(5) The state agencies shall provide the research entity with all measurement data related to the measurements developed under this section at least quarterly beginning July 1, 2014. The research entity shall make any nonidentifiable data publicly available. The research entity shall report on the data to the legislature and the governor annually starting December 31, 2014.

(6) By January 1, 2014, the state agencies shall execute agreements with the research entity to enable sharing of data pursuant to RCW 42.48.020 sufficient to comply with this section.

(7) The fact that the research entity has chosen to use a specific measure, use a specific baseline, or compare any measure to a baseline is not admissible as evidence of negligence by the department in a civil action. [2013 c 205 § 2.]

Findings—Reports—2013 c 205: "(1) The legislature recognizes that the goals of the child welfare system are to protect the safety, permanence, and well-being of the children it serves. The legislature further recognizes the importance of maintaining publicly accessible data that tracks the performance of the child welfare system, leading to transparency and public understanding of the system.

(2) The legislature believes it is important to measure safety, permanence, and well-being such that the public and the legislature may understand how the child welfare system is performing. This information will also serve the legislature in determining priorities for investment of public dollars as well as need for substantive legislative changes to facilitate improvement.

(3) The reports to the legislature under section 2 of this act will be used to provide feedback to the department of social and health services. The agencies referenced in section 2 of this act will not disclose individually identifiable private information except as allowable under federal and state law." [2013 c 205 § 1.]

74.13.700 Denial or delay of licensure or approval of unsupervised access to children. (1) In determining the character, suitability, and competence of an individual, the department may not:

(a) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that is not on the secretary's list of crimes and negative actions and is not related directly to child safety, permanence, or well-being; or

(b) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that is not on the secretary's list of crimes and negative actions and is not related directly to child safety, permanence, or well-being and is not a permanent disqualifier pursuant to department rule.

(2) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents related to its decision to the individual within ten days of making the decision.

(3) For purposes of this section, "individual" means a relative as defined in RCW 74.15.020(2)(a), an "other suitable person" under chapter 13.34 RCW, a person pursuing licensing as a foster parent, or a person employed or seeking employment by a business or organization licensed by the department or with whom the department has a contract to provide care, supervision, case management, or treatment of children in the care of the department. "Individual" does not include long-term care workers defined in RCW 74.39A.009(17)(a) whose background checks are conducted as provided in RCW 74.39A.056.

(4) The department or its officers, agents, or employees may not be held civilly liable based upon its decision to grant or deny unsupervised access to children if the background information it relied upon at the time the decision was made did not indicate that child safety, permanence, or well-being would be a concern. [2013 c 162 § 2.]

Findings—2013 c 162: "The legislature recognizes that the goals of the child welfare system are the safety, permanence, and well-being of the children it serves. The legislature further recognizes the importance of background checks conducted by the department of social and health services to assess an individual's character, suitability, and competence to determine whether an individual is appropriate to be provided a license under chapter 74.13 RCW or have unsupervised access to children. The legislature does not intend to change the current secretary of social and health services' list of crimes and negative actions. However, the legislature believes that either an unreasonable delay in a determination of whether to approve or deny a license under chapter 74.13 RCW or unsupervised access to children, when such unreasonable delay or denial is based solely on a crime or civil infraction not directly related to child safety, is not appropriate and is not in the best interest of the children being served by the child welfare system." [2013 c 162 § 1.]

Rules—2013 c 162: "The department of social and health services shall adopt all necessary rules to implement this act." [2013 c 162 § 8.]

74.13.705 Background checks—Out-of-state requests—Fees. The department shall charge a fee to process a request made by a person in another state for an individual's child abuse or neglect history in this state or other background history on the individual possessed by the department. All proceeds from the fees collected must go directly to aiding the cost associated with the department conducting background checks. [2013 c 162 § 3.]

Findings—Rules—2013 c 162: See notes following RCW 74.13.700.

- 74.13A.025 Factors determining payments or adjustment in standards.
- 74.13A.040 Review of support payments.
- 74.13A.075 "Secretary" and "department" defined.

74.13A.025 Factors determining payments or adjustment in standards. The factors to be considered by the secretary in setting the amount of any payment or payments to be made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 and in adjusting standards hereunder shall

[2013 RCW Supp—page 860]

include: The size of the family including the adoptive child, the usual living expenses of the family, the special needs of any family member including education needs, the family income, the family resources and plan for savings, the medical and hospitalization needs of the family, the family's means of purchasing or otherwise receiving such care, and any other expenses likely to be needed by the child to be adopted. In setting the amount of any initial payment made pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary is authorized to establish maximum payment amounts that are reasonable and allow permanency planning goals related to adoption of children under RCW 13.34.145 to be achieved at the earliest possible date.

The amounts paid for the support of a child pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.33.320 and 74.13A.005 through 74.13A.080 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.33.320 and 74.13A.005 through 74.13A.080 and before issuing rules and regulations to carry out the provisions of RCW 26.33.320 and 74.13A.005 through 74.13A.080, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him or her with respect to child welfare. [2013 c 23 § 210; 1996 c 130 § 1; 1985 c 7 § 136; 1971 ex.s. c 63 § 5. Formerly RCW 74.13.112.]

74.13A.040 Review of support payments. (1) Any parent who is a party to an agreement under RCW 74.13A.005 through 74.13A.080 may at any time, in writing, request, for reasons set forth in such request, a review of the amount of any payment or the level of continuing payments. The review shall begin not later than thirty days from the receipt of such request. Any adjustment may be made retroactive to the date such request was received by the secretary. If such request is not acted on within thirty days after it has been received by the secretary, such parent may invoke his or her rights under the hearing provisions set forth in RCW 74.13A.055.

(2) The secretary may make adjustments in payments at the time of the review, or at other times, if the secretary finds that circumstances have changed and warrant an adjustment in payments. Changes in circumstances may include, but are not limited to, variations in medical opinions, prognosis, and costs. Appropriate adjustments in payments shall be made based upon changes in the needs of the child and/or changes in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance. [2013 c 23 § 211; 2009 c 527 § 1; 1995 c 270 § 2; 1985 c 7 § 138; 1971 ex.s. c 63 § 7. Formerly RCW 74.13.118.]

Finding—1995 c 270: "The legislature finds that it is in the best interest of the people of the state of Washington to support the adoption process in a variety of ways, including easing administrative burdens on adoptive parents receiving financial support, providing finality for adoptive placements and stable homes for children, and not delaying adoptions." [1995 c 270 § 1.]

74.13A.075 "Secretary" and "department" defined. As used in RCW 26.33.320 and 74.13A.005 through 74.13A.080 the following definitions shall apply:

(1) "Secretary" means the secretary of the department of social and health services or his or her designee.

(2) "Department" means the department of social and health services. [2013 c 23 § 212; 1985 c 7 § 145; 1971 ex.s. c 63 § 15. Formerly RCW 74.13.139.]

Chapter 74.13B RCW CHILD WELFARE SYSTEM— CONTRACTING FOR SERVICES

Sections

74.13B.020 Family support and related services—Performance-based contracting.

74.13B.020 Family support and related services—Performance-based contracting. (1) No later than July 1, 2014, the department shall enter into performance-based contracts for the provision of family support and related services. The department may enter into performance-based contracts for additional services, other than case management.

(2) The department shall conduct a procurement process to enter into performance-based contracts with one or more network administrators for family support and related services. As part of the procurement process, the department shall consult with department caseworkers, the exclusive bargaining representative for employees of the department, tribal representatives, parents who were formerly involved in the child welfare system, youth currently or previously in foster care, child welfare services researchers, and the Washington state institute for public policy to assist in identifying the categories of family support and related services that will be included in the procurement. The categories of family support and related services shall be defined no later than July 15, 2012. In identifying services, the department must review current data and research related to the effectiveness of family support and related services that mitigate child safety concerns and promote permanency, including reunification, and child well-being. Expenditures for family support and related services purchased under this section must remain within the levels appropriated in the operating budget.

(3)(a) Network administrators shall, directly or through subcontracts with service providers:

(i) Assist caseworkers in meeting their responsibility for implementation of case plans and individual service and safety plans; and

(ii) Provide the family support and related services within the categories of contracted services that are included in a child or family's case plan or individual service and safety plan within funds available under contract.

(b) While the department caseworker retains responsibility for case management, nothing in chapter 205, Laws of 2012 limits the ability of the department to continue to contract for the provision of case management services by child-

placing agencies, behavioral rehabilitation services agencies, or other entities that provided case management under contract with the department prior to July 1, 2005.

(4) In conducting the procurement, the department shall actively consult with other state agencies with relevant expertise, such as the health care authority, and with philanthropic entities with expertise in performance-based contracting for child welfare services. The director of the office of financial management must approve the request for proposal prior to its issuance.

(5) The procurement process must be developed and implemented in a manner that complies with applicable provisions of intergovernmental agreements between the state of Washington and tribal governments and must provide an opportunity for tribal governments to contract for service delivery through network administrators.

(6) The procurement and resulting contracts must include, but are not limited to, the following standards and requirements:

(a) The use of family engagement approaches to successfully motivate families to engage in services and training of the network's contracted providers to apply such approaches;

(b) The use of parents and youth who are successful veterans of the child welfare system to act as mentors through activities that include, but are not limited to, helping families navigate the system, facilitating parent engagement, and minimizing distrust of the child welfare system;

(c) The establishment of qualifications for service providers participating in provider networks, such as appropriate licensure or certification, education, and accreditation by professional accrediting entities;

(d) Adequate provider capacity to meet the anticipated service needs in the network administrator's contracted service area. The network administrator must be able to demonstrate that its provider network is culturally competent and has adequate capacity to address disproportionality, including utilization of tribal and other ethnic providers capable of serving children and families of color or who need language-appropriate services;

(e) Fiscal solvency of network administrators and providers participating in the network;

(f) The use of evidence-based, research-based, and promising practices, where appropriate, including fidelity and quality assurance provisions;

(g) Network administrator quality assurance activities, including monitoring of the performance of providers in their provider network, with respect to meeting measurable service outcomes;

(h) Network administrator data reporting, including data on contracted provider performance and service outcomes; and

(i) Network administrator compliance with applicable provisions of intergovernmental agreements between the state of Washington and tribal governments and the federal and Washington state Indian child welfare act.

(7) As part of the procurement process under this section, the department shall issue the request for proposals or request for information no later than December 31, 2013, shall begin implementation of performance-based contracting no later than July 1, 2014, and shall fully implement performance-based contracting no later than July 1, 2015.

(8) Performance-based payment methodologies must be used in network administrator contracting. Performance measures should relate to successful engagement by a child or parent in services included in their case plan, and resulting improvement in identified problem behaviors and interactions. For the initial three-year period of implementation of performance-based contracting, the department may transfer financial risk for the provision of services to network administrators only to the limited extent necessary to implement a performance-based payment methodology, such as phased payment for services. However, the department may develop a shared savings methodology through which the network administrator will receive a defined share of any savings that result from improved performance. If the department receives a Title IV-E waiver, the shared savings methodology must be consistent with the terms of the waiver. If a shared savings methodology is adopted, the network administrator shall reinvest the savings in enhanced services to better meet the needs of the families and children they serve.

(9) The department must actively monitor network administrator compliance with the terms of contracts executed under this section.

(10) The use of performance-based contracts under this section must be done in a manner that does not adversely affect the state's ability to continue to obtain federal funding for child welfare-related functions currently performed by the state and with consideration of options to further maximize federal funding opportunities and increase flexibility in the use of such funds, including use for preventive and in-home child welfare services. [2013 c 205 § 3; 2012 c 205 § 3.]

Findings—Reports—2013 c 205: See note following RCW 74.13.690.

74.14B.010 Children's services workers—Hiring and training. (1) Caseworkers employed in children services shall meet minimum standards established by the department of social and health services. Comprehensive training for caseworkers shall be completed before such caseworkers are assigned to case-carrying responsibilities without direct supervision. Intermittent, part-time, and standby workers shall be subject to the same minimum standards and training.

(2) Ongoing specialized training shall be provided for persons responsible for investigating child sexual abuse. Training participants shall have the opportunity to practice interview skills and receive feedback from instructors.

(4) The training shall: (a) Be based on research-based practices and standards; (b) minimize the trauma of all persons who are interviewed during abuse investigations; (c)

provide methods of reducing the number of investigative interviews necessary whenever possible; (d) assure, to the extent possible, that investigative interviews are thorough, objective, and complete; (e) recognize needs of special populations, such as persons with developmental disabilities; (f) recognize the nature and consequences of victimization; (g) require investigative interviews to be conducted in a manner most likely to permit the interviewed persons the maximum emotional comfort under the circumstances; (h) address record retention and retrieval; and (i) documentation of investigative interviews.

(5) The identification of domestic violence is critical in ensuring the safety of children in the child welfare system. As a result, ongoing domestic violence training and consultation shall be provided to caseworkers, including how to use the children's administration's practice guide to domestic violence. [2013 c 254 § 5; 1999 c 389 § 5; 1987 c 503 § 8.]

(c) "Crisis residential center" means an agency which is a temporary protective residential facility operated to perform the duties specified in chapter 13.32A RCW, in the manner provided in RCW 74.13.032 through 74.13.036;

A street youth whose parent wants him or her returned to home may remain in a HOPE center until his or her parent arranges return of the youth, not longer. All other street youth must have court approval under chapter 13.34 or 13.32A RCW to remain in a HOPE center up to thirty days;

Dependent minors ages fourteen and fifteen may be eligible if no other placement alternative is available and the department approves the placement;

74.15.140 Action against licensed or unlicensed agencies authorized. Notwithstanding the existence or pursuit of any other remedy, the secretary may, in the manner provided by law, upon the advice of the attorney general, who shall represent the department in the proceeding, maintain an action in the name of the state for injunction or such other relief as he or she may deem advisable against any agency subject to licensing under the provisions of chapter 74.15 RCW and RCW 74.13.031 or against any such agency not having a license as heretofore provided in chapter 74.15 RCW and RCW 74.13.031. [2013 c 23 § 213; 1979 c 141 § 363; 1967 c 172 § 14.]

74.15.230 Responsible living skills programs—Established—Requirements. The secretary shall establish responsible living skills programs that provide no more than seventy-five beds across the state and may establish responsible living skills programs by contract, within funds appropriated by the legislature specifically for this purpose. Responsible living skills programs shall have the following:

(1) A license issued by the secretary;

(2) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth available to serve residents or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. The professional shall provide counseling services and interface with other relevant resources and systems to prepare the minor for adult living. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency;

(3) Staff trained in development needs of older adolescents eligible to participate in responsible living skills programs as determined by the secretary;

(4) Transitional living services and a therapeutic model of service delivery that provides necessary program supervision of residents and at the same time includes a philosophy, program structure, and treatment planning that emphasizes achievement of competency in independent living skills. Independent living skills include achieving basic educational requirements such as a high school equivalency certificate as provided in RCW 28B.50.536, enrollment in vocational and technical training programs offered at the community and vocational colleges, obtaining and maintaining employment; accomplishing basic life skills such as money management, nutrition, preparing meals, and cleaning house. A baseline skill level in ability to function productively and indepen-

dently shall be determined at entry. Performance shall be measured and must demonstrate improvement from involvement in the program. Each resident shall have a plan for achieving independent living skills by the time the resident leaves the placement. The plan shall be written within the first thirty days of placement and reviewed every ninety days. A resident who fails to consistently adhere to the elements of the plan shall be subject to reassessment by the professional staff of the program and may be placed outside the program; and

(5) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary.

(6) The department shall not award contracts for the operation of responsible living skills programs until HOPE center beds are operational. [2013 c 39 § 31; 1999 c 267 § 13.]

Findings—Intent—Severability—1999 c 267: See notes following RCW 43.20A.790.

74.15.311 Resource and assessment centers—License. (1) The secretary is authorized to license resource and assessment centers if the agency meets the following requirements:

(a) There is a demonstrated need in the local community for a resource and assessment center;

(b) The resource and assessment center will be primarily staffed by trained volunteers; and

(c) The resource and assessment center demonstrates it is not financially dependent on reimbursement from the state to operate.

(2) The department may adopt rules to specify licensing requirements for resource and assessment centers. Rules adopted by the department shall allow:

(a) A sufficient number of trained volunteers to meet staffing requirements;

(b) Flexibility in hours of operation and not require the resource and assessment center to be open if there are no children in its care; and

(c) The ability to operate in a residential area.

(3) Resource and assessment centers licensed under this section may:

(a) Provide care for children ages birth through twelve, or for children ages thirteen through seventeen who have a sibling or siblings under thirteen years of age who are being admitted to the resource and assessment center; and

(b) Operate up to twenty-four hours per day, and for up to seven days per week.

(4) Resource and assessment centers may not be used to address placement disruptions for children who have been removed from a foster home because of behavior or safety concerns. [2013 c 105 § 3.]

Findings—Intent—2013 c 105: "The legislature finds that when a child is removed from his or her home due to suspected abuse or neglect it can take several hours or even days for placement plans to be made for the child during which time caseworkers have to care for the child while also trying to locate an appropriate placement for him or her. The legislature also finds that licensed foster homes are often unable to take a child into their home if his or her care needs have not been thoroughly assessed or he or she

is in immediate need of health care or social services. The legislature further finds that there are organizations in our state that are providing or wanting to provide short-term emergency and crisis care for children under the age of thirteen; however, there is currently no appropriate, cost-effective licensure category for organizations to provide these services. The legislature intends to create a resource and assessment center license for agencies to provide short-term emergency and crisis care for children ages birth through twelve, or for children ages thirteen through seventeen who have a sibling under thirteen years of age who have been removed from their homes by child protective services or law enforcement. The legislature further intends that resource and assessment centers be reimbursed at the same rate as foster family homes." [2013 c 105 § 1.]

74.20A.130 Distraint, seizure and sale of property subject to liens under RCW 74.20A.060—Procedure. Whenever a support lien has been filed pursuant to RCW 74.20A.060, the secretary may collect the support debt stated in said lien by the distraint, seizure, and sale of the property subject to said lien. Not less than ten days prior to the date of sale, the secretary shall cause a copy of the notice of sale to be transmitted by regular mail and by any form of mailing requiring a return receipt to the debtor and any person known to have or claim an interest in the property. Said notice shall contain a general description of the property to be sold and the time, date, and place of the sale. The proceeds of any such sale, except in those cases wherein the property has been acquired by the department, shall be first applied by the secretary to reimbursement of the costs of distraint and sale, and thereafter in satisfaction of the delinquent account. Any excess which shall thereafter remain in the hands of the secretary shall be refunded to the debtor. Sums so refundable to a debtor may be subject to seizure or distraint by any taxing authority of the state or its political subdivisions or by the secretary for new sums due and owing subsequent to the subject proceeding. Except as specifically provided in this chapter, there shall be exempt from distraint, seizure, and sale under this chapter such property as is exempt therefrom under the laws of this state. "Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;

(15) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself

74.34.035 Reports—Mandated and permissive—Contents—Confidentiality. (1) When there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred, mandated reporters shall immediately report to the department.

(2) When there is reason to suspect that sexual assault has occurred, mandated reporters shall immediately report to the appropriate law enforcement agency and to the department.

(3) When there is reason to suspect that physical assault has occurred or there is reasonable cause to believe that an act has caused fear of imminent harm:

(a) Mandated reporters shall immediately report to the department; and

(b) Mandated reporters shall immediately report to the appropriate law enforcement agency, except as provided in subsection (4) of this section.

(4) A mandated reporter is not required to report to a law enforcement agency, unless requested by the injured vulnerable adult or his or her legal representative or family member, an incident of physical assault between vulnerable adults that causes minor bodily injury and does not require more than basic first aid, unless:

(a) The injury appears on the back, face, head, neck, chest, breasts, groin, inner thigh, buttock, genital, or anal area;

(b) There is a fracture;

(c) There is a pattern of physical assault between the same vulnerable adults or involving the same vulnerable adults; or

(d) There is an attempt to choke a vulnerable adult.

(5) When there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person, mandated reporters shall, pursuant to RCW 68.50.020, report the death to the medical examiner or coroner having jurisdiction, as well as the department and local law enforcement, in the most expeditious manner possible. A mandated reporter is not relieved from the reporting requirement provisions of this subsection by the existence of a previously signed death certificate. If abuse, neglect, or abandonment caused or contributed to the death of a vulnerable adult, the death is a death caused by unnatural or unlawful means, and the body shall be the jurisdiction of the coroner or medical examiner pursuant to RCW 68.50.010.

(6) Permissive reporters may report to the department or a law enforcement agency when there is reasonable cause to believe that a vulnerable adult is being or has been abandoned, abused, financially exploited, or neglected.

(7) No facility, as defined by this chapter, agency licensed or required to be licensed under chapter 70.127 RCW, or facility or agency under contract with the department to provide care for vulnerable adults may develop policies or procedures that interfere with the reporting requirements of this chapter.

(8) Each report, oral or written, must contain as much as possible of the following information:

(a) The name and address of the person making the report;

(b) The name and address of the vulnerable adult and the name of the facility or agency providing care for the vulnerable adult;

(c) The name and address of the legal guardian or alternate decision maker;

(d) The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect;

(e) Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect;

(f) The identity of the alleged perpetrator, if known; and

(g) Other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

(9) Unless there is a judicial proceeding or the person consents, the identity of the person making the report under this section is confidential.

(10) In conducting an investigation of abandonment, abuse, financial exploitation, self-neglect, or neglect, the department or law enforcement, upon request, must have access to all relevant records related to the vulnerable adult that are in the possession of mandated reporters and their employees, unless otherwise prohibited by law. Records maintained under RCW 4.24.250, 18.20.390, 43.70.510, 70.41.200, 70.230.080, and 74.42.640 shall not be subject to the requirements of this subsection. Providing access to records relevant to an investigation by the department or law enforcement under this provision may not be deemed a violation of any confidential communication privilege. Access to any records that would violate attorney-client privilege shall not be provided without a court order unless otherwise required by court rule or caselaw. 74.34.067 Investigations—Interviews—Ongoing case planning—Agreements with tribes—Conclusion of investigation. (1) Where appropriate, an investigation by the department may include a private interview with the vulnerable adult regarding the alleged abandonment, abuse, financial exploitation, neglect, or self-neglect.

(2) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the vulnerable adult or adults harmed, and, consistent with the protection of the vulnerable adult shall interview facility staff, any available independent sources of relevant information, including if appropriate the family members of the vulnerable adult.

(3) The department may conduct ongoing case planning and consultation with: (a) Those persons or agencies required to report under this chapter or submit a report under this chapter; (b) consultants designated by the department; and (c) designated representatives of Washington Indian tribes if client information exchanged is pertinent to cases under investigation or the provision of protective services. Information considered privileged by statute and not directly related to reports required by this chapter must not be divulged without a valid written waiver of the privilege.

(4) The department shall prepare and keep on file a report of each investigation conducted by the department for a period of time in accordance with policies established by the department.

(5) If the department has reason to believe that the vulnerable adult has suffered from abandonment, abuse, financial exploitation, neglect, or self-neglect, and lacks the ability or capacity to consent, and needs the protection of a guardian, the department may bring a guardianship action under chapter 11.88 RCW.

(6) For purposes consistent with this chapter, the department, the certified professional guardian board, and the office of public guardianship may share information contained in reports and investigations of the abuse, abandonment, neglect, self-neglect, and financial exploitation of vulnerable adults. This information may be used solely for (a) recruiting or appointing appropriate guardians and (b) monitoring, or when appropriate, disciplining certified professional or pub-

lic guardians. Reports of abuse, abandonment, neglect, self-neglect, and financial exploitation are confidential under RCW 74.34.095 and other laws, and secondary disclosure of information shared under this section is prohibited.

(7) When the investigation is completed and the department determines that an incident of abandonment, abuse, financial exploitation, neglect, or self-neglect has occurred, the department shall inform the vulnerable adult of their right to refuse protective services, and ensure that, if necessary, appropriate protective services are provided to the vulnerable adult, with the consent of the vulnerable adult. The vulnerable adult has the right to withdraw or refuse protective services.

(8) The department's adult protective services division may enter into agreements with federally recognized tribes to investigate reports of abandonment, abuse, financial exploitation, neglect, or self-neglect of vulnerable adults on property over which a federally recognized tribe has exclusive jurisdiction. If the department has information that abandonment, abuse, financial exploitation, or neglect is criminal or is placing a vulnerable adult on tribal property at potential risk of personal or financial harm, the department may notify tribal law enforcement or another tribal representative specified by the tribe. Upon receipt of the notification, the tribe may assume jurisdiction of the matter. Neither the department nor its employees may participate in the investigation after the tribe assumes jurisdiction. The department, its officers, and its employees are not liable for any action or inaction of the tribe or for any harm to the alleged victim, the person against whom the allegations were made, or other parties that occurs after the tribe assumes jurisdiction. Nothing in this section limits the department's jurisdiction and authority over facilities or entities that the department licenses or certifies under federal or state law.

(9) The department may photograph a vulnerable adult or their environment for the purpose of providing documentary evidence of the physical condition of the vulnerable adult or his or her environment. When photographing the vulnerable adult, the department shall obtain permission from the vulnerable adult or his or her legal representative unless immediate photographing is necessary to preserve evidence. However, if the legal representative is alleged to have abused, neglected, abandoned, or exploited the vulnerable adult, consent from the legal representative is not necessary. No such consent is necessary when photographing the physical environment.

(10) When the investigation is complete and the department determines that the incident of abandonment, abuse, financial exploitation, or neglect has occurred, the department shall inform the facility in which the incident occurred, consistent with confidentiality requirements concerning the vulnerable adult, witnesses, and complainants. [2013 c 263 § 3; 2011 c 170 § 2; 2007 c 312 § 2; 1999 c 176 § 9.]

74.34.095 Confidential information—Disclosure. (1) The following information is confidential and not subject to disclosure, except as provided in this section:

(a) A report of abandonment, abuse, financial exploitation, or neglect made under this chapter;

(b) The identity of the person making the report; and

(c) All files, reports, records, communications, and working papers used or developed in the investigation or provision of protective services.

(2) Information considered confidential may be disclosed only for a purpose consistent with this chapter or as authorized by chapter 18.20, 18.51, or 74.39A RCW, or as authorized by the long-term care ombuds programs under federal law or state law, chapter 43.190 RCW.

(3) A court or presiding officer in an administrative proceeding may order disclosure of confidential information only if the court, or presiding officer in an administrative proceeding, determines that disclosure is essential to the administration of justice and will not endanger the life or safety of the vulnerable adult or individual who made the report. The court or presiding officer in an administrative hearing may place restrictions on such disclosure as the court or presiding officer deems proper. [2013 c 23 § 218; 2000 c 87 § 4; 1999 c 176 § 17.]

74.34.200 Abandonment, abuse, financial exploitation, or neglect of a vulnerable adult—Cause of action for damages—Legislative intent. (1) In addition to other remedies available under the law, a vulnerable adult who has been subjected to abandonment, abuse, financial exploitation, or neglect either while residing in a facility or in the case of a person residing at home who receives care from a home health, hospice, or home care agency, or an individual provider, shall have a cause of action for damages on account of his or her injuries, pain and suffering, and loss of property sustained thereby. This action shall be available where the defendant is or was a corporation, trust, unincorporated association, partnership, administrator, employee, agent, officer, partner, or director of a facility, or of a home health, hospice, or home care agency licensed or required to be licensed under chapter 70.127 RCW, as now or subsequently designated, or an individual provider.

(2) It is the intent of the legislature, however, that where there is a dispute about the care or treatment of a vulnerable adult, the parties should use the least formal means available to try to resolve the dispute. Where feasible, parties are encouraged but not mandated to employ direct discussion with the health care provider, use of the long-term care ombuds or other intermediaries, and, when necessary, recourse through licensing or other regulatory authorities.

(3) In an action brought under this section, a prevailing plaintiff shall be awarded his or her actual damages, together with the costs of the suit, including a reasonable attorneys' fee. The term "costs" includes, but is not limited to, the reasonable fees for a guardian, guardian ad litem, and experts, if any, that may be necessary to the litigation of a claim brought under this section. 74.39A.060 Toll-free telephone number for complaints—Investigation and referral—Rules—Discrimination or retaliation prohibited. (1) The aging and adult services administration of the department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the administration licenses or with which it contracts for long-term care services.

(2) All facilities that are licensed by, or that contract with the aging and adult services administration to provide chronic long-term care services shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number and the toll-free number and program description of the long-term care ombuds as provided by RCW 43.190.050.

(3) The aging and adult services administration shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis

for investigation; or (c) corrective action has been taken as determined by the ombuds or the department.

(4) The aging and adult services administration shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombuds, or other entities if the department lacks authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.

(5) The department shall adopt rules that include the following complaint investigation protocols:

(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.

(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss the alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department's course of action; and informed of the right to receive a written copy of the investigation report.

(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the vulnerable adult or adults allegedly harmed, and, consistent with the protection of the vulnerable adult shall interview facility staff, any available independent sources of relevant information, including if appropriate the family members of the vulnerable adult.

(d) Substantiated complaints involving harm to a resident, if an applicable law or rule has been violated, shall be subject to one or more of the actions provided in RCW 74.39A.080 or 70.128.160. Whenever appropriate, the department shall also give consultation and technical assistance to the provider.

(e) After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license or contract suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents and to enforce compliance with this chapter.

(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal violations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may provide the substance of the complaint to the licensee or contractor before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombuds program or department staff to monitor the department's licensing, contract, and complaint investigation files for long-term care facilities.

(7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility that provides long-term care services shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombuds, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident's wishes, or any type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombuds, within one year of the filing of the complaint, raises a rebuttable presumption that such action was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident's phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident's request for service or assistance. A facility that provides long-term care services shall not willfully interfere with the performance of official duties by a long-term care ombuds. The department shall sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection. [2013 c 23 § 227; 2001 c 193 § 1; 1999 c 176 § 34; 1997 c 392 § 210; 1995 1st sp.s. c 18 § 13.]

74.39A.090 Discharge planning—Contracts for case management services and reassessment and reauthorization—Assessment of case management roles and quality of in-home care services—Plan of care model language.

(1) The legislature intends that any staff reassigned by the department as a result of shifting of the reauthorization responsibilities by contract outlined in this section shall be dedicated for discharge planning and assisting with discharge planning and information on existing discharge planning cases. Discharge planning, as directed in this section, is intended for residents and patients identified for discharge to long-term care pursuant to RCW 70.41.320, 74.39A.040, and 74.42.058. The purpose of discharge planning is to protect residents and patients from the financial incentives inherent in keeping residents or patients in a more expensive higher level of care and shall focus on care options that are in the best interest of the patient or resident.

(2) The department shall contract with area agencies on aging:

(a) To provide case management services to consumers receiving home and community services in their own home; and

(b) To reassess and reauthorize home and community services in home or in other settings for consumers consistent with the intent of this section:

(i) Who have been initially authorized by the department to receive home and community services; and

(ii) Who, at the time of reassessment and reauthorization, are receiving home and community services in their own home.

(3) In the event that an area agency on aging is unwilling to enter into or satisfactorily fulfill a contract or an individual consumer's need for case management services will be met through an alternative delivery system, the department is authorized to:

(a) Obtain the services through competitive bid; and

(b) Provide the services directly until a qualified contractor can be found.

(4)(a) The department shall include, in its oversight and monitoring of area agency on aging performance, assessment of case management roles undertaken by area agencies on aging in this section. The scope of oversight and monitoring includes, but is not limited to, assessing the degree and quality of the case management performed by area agency on aging staff for elderly and persons with disabilities in the community.

(b) The department shall incorporate the expected outcomes and criteria to measure the performance of service coordination organizations into contracts with area agencies on aging as provided in chapter 70.320 RCW.

(5) Area agencies on aging shall assess the quality of the in-home care services provided to consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider or home care agency. Quality indicators may include, but are not limited to, home care con-

sumers satisfaction surveys, how quickly home care consumers are linked with home care workers, and whether the plan of care under RCW 74.39A.095 has been honored by the agency or the individual provider.

(6) The department shall develop model language for the plan of care established in RCW 74.39A.095. The plan of care shall be in clear language, and written at a reading level that will ensure the ability of consumers to understand the rights and responsibilities expressed in the plan of care. [2013 c 320 § 10; 2004 c 141 § 3; 1999 c 175 § 2; 1995 1st sp.s. c 18 § 38.]

Findings—1999 c 175: "(1) The legislature finds that the quality of long-term care services provided to, and protection of, Washington's low-income elderly and disabled residents is of great importance to the state. The legislature further finds that revised in-home care policies are needed to more effectively address concerns about the quality of these services.

(2) The legislature finds that consumers of in-home care services frequently are in contact with multiple health and long-term care providers in the public and private sector. The legislature further finds that better coordination between these health and long-term care providers, and case managers, can increase the consumer's understanding of their plan of care, maximize the health benefits of coordinated care, and facilitate cost efficiencies across health and long-term care systems." [1999 c 175 § 1.]

74.39A.341 Continuing education requirements for long-term care workers. (1) All long-term care workers shall complete twelve hours of continuing education training in advanced training topics each year. This requirement applies beginning July 1, 2012.

(2) Completion of continuing education as required in this section is a prerequisite to maintaining home care aide certification under chapter 18.88B RCW.

(3) Unless voluntarily certified as a home care aide under chapter 18.88B RCW, subsection (1) of this section does not apply to:

(a) An individual provider caring only for his or her biological, step, or adoptive child;

(b) Registered nurses and licensed practical nurses licensed under chapter 18.79 RCW;

(c) Before January 1, 2016, a long-term care worker employed by a community residential service business; or

(d) Before July 1, 2014, a person hired as an individual provider who provides twenty hours or less of care for one person in any calendar month.

(4) Only training curriculum approved by the department may be used to fulfill the training requirements specified in this section. The department shall only approve training curriculum that:

(a) Has been developed with input from consumer and worker representatives; and

(b) Requires comprehensive instruction by qualified instructors.

(5) Individual providers under RCW 74.39A.270 shall be compensated for training time required by this section.

(6) The department of health shall adopt rules to implement subsection (1) of this section.

(7) The department shall adopt rules to implement subsection (2) of this section. [2013 c 259 § 3; 2012 c 164 § 405; 2012 c 1 § 112 (Initiative Measure No. 1163, approved November 8, 2011).]

74.39A.380 Internal quality review and accountability program for residential care services—Quality assurance panel—Report. (1) Subject to funding provided for this specific purpose, the department of social and health services shall develop for phased-in implementation a statewide internal quality review and accountability program for residential care services. The program must be designed to enable the department to improve the accountability of staff and the consistent application of investigative activities across all long-term care settings, and must allow the systematic monitoring and evaluation of long-term care licensing and certification. The program must be designed to improve and standardize investigative outcomes for the vulnerable individuals at risk of abuse and neglect, and coordinate outcomes across the department to prevent perpetrators from changing settings and continuing to work with vulnerable adults.

(2) The department shall convene a quality assurance panel to review problems in the quality of care in adult family homes and to reduce incidents of abuse, neglect, abandonment, and financial exploitation. The state's long-term care ombuds shall chair the panel and identify appropriate stakeholders to participate. The panel must consider inspection, investigation, public complaint, and enforcement issues that relate to adult family homes. The panel must also focus on oversight issues to address de minimis violations, processes for handling unresolved citations, and better ways to oversee new providers. The panel shall meet at least quarterly, and provide a report with recommendations to the governor's office, the senate health and long-term care committee, and the house of representatives health and wellness committee by December 1, 2012. Chapter 74.42 RCW

NURSING HOMES—RESIDENT CARE, OPERATING STANDARDS

Sections

- 74.42.450 Residents limited to those the facility qualified to care for—Transfer or discharge of residents—Appeal of department discharge decision—Reasonable accommodation.
74.42.640 Quality assurance committee.

74.42.450 Residents limited to those the facility qualified to care for—Transfer or discharge of residents—Appeal of department discharge decision—Reasonable accommodation. (1) The facility shall admit as residents only those individuals whose needs can be met by:

- (a) The facility;

(b) The facility cooperating with community resources;
or

(c) The facility cooperating with other providers of care affiliated or under contract with the facility.

(2) The facility shall transfer a resident to a hospital or other appropriate facility when a change occurs in the resident's physical or mental condition that requires care or service that the facility cannot provide. The resident, the resident's guardian, if any, the resident's next of kin, the attending physician, and the department shall be consulted at least fifteen days before a transfer or discharge unless the resident is transferred under emergency circumstances. The department shall use casework services or other means to insure that adequate arrangements are made to meet the resident's needs.

(3) A resident shall be transferred or discharged only for medical reasons, the resident's welfare or request, the welfare of other residents, or nonpayment. A resident may not be discharged for nonpayment if the discharge would be prohibited by the medicaid program.

(4) If a resident chooses to remain in the nursing facility, the department shall respect that choice, provided that if the resident is a medicaid recipient, the resident continues to require a nursing facility level of care.

(5) If the department determines that a resident no longer requires a nursing facility level of care, the resident shall not be discharged from the nursing facility until at least thirty days after written notice is given to the resident, the resident's surrogate decision maker and, if appropriate, a family member or the resident's representative. A form for requesting a hearing to appeal the discharge decision shall be attached to the written notice. The written notice shall include at least the following:

- (a) The reason for the discharge;
(b) A statement that the resident has the right to appeal the discharge; and
(c) The name, address, and telephone number of the state long-term care ombuds.

(6) If the resident appeals a department discharge decision, the resident shall not be discharged without the resident's consent until at least thirty days after a final order is entered upholding the decision to discharge the resident.

(7) Before the facility transfers or discharges a resident, the facility must first attempt through reasonable accommodations to avoid the transfer or discharge unless the transfer or discharge is agreed to by the resident. The facility shall admit or retain only individuals whose needs it can safely and appropriately serve in the facility with available staff or through the provision of reasonable accommodations required by state or federal law. "Reasonable accommodations" has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations. [2013 c 23 § 229; 1997 c 392 § 216; 1995 1st sp.s. c 18 § 64; 1979 ex.s. c 211 § 45.]

74.42.640 Quality assurance committee. (1) To ensure the proper delivery of services and the maintenance and improvement in quality of care through self-review, each facility may maintain a quality assurance committee that, at a minimum, includes:

- (a) The director of nursing services;
- (b) A physician designated by the facility; and
- (c) Three other members from the staff of the facility.

(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.

(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombuds program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee's compliance with this section, if:

- (a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and
- (b) The records or reports are created for and collected and maintained by the committee.

(4) The department may request only information related to the quality assurance committee that may be necessary to determine whether a facility has a quality assurance committee and that it is operating in compliance with this section.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for imposing sanctions.

(6) If the facility offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with nursing facility requirements, the documents are protected as quality assurance committee documents under subsections (7) and (9) of this section when in the possession of the department. The department is not liable for an inadvertent disclosure, a disclosure related to a required federal or state audit, or disclosure of documents incorrectly marked as quality assurance committee documents by the facility.

(7) Information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, a quality assurance committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the care that is the basis of the civil action whose involvement was independent of any quality improvement committee activity; and (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of their participation in the quality assurance committee activities.

(8) A quality assurance committee under subsection (1) of this section, RCW 18.20.390, 70.41.200, 4.24.250, or 43.70.510 may share information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, the committee, with one or more other quality assurance committees created under subsection (1) of this section, RCW 18.20.390, 70.41.200, 4.24.250, or 43.70.510 for the improvement of the quality of care and services rendered to nursing facility residents. Information and documents disclosed by one quality assurance committee to another quality assurance committee and any information and documents created or maintained as a result of the sharing of information and documents shall not be subject to the discovery process and confidentiality shall be respected as required by subsections (7) and (9) of this section, RCW 18.20.390 (6) and (8), 43.70.510(4), 70.41.200(3), and 4.24.250(1). The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws.

(9) Information and documents, including the analysis of complaints and incident reports, created specifically for, and collected and maintained by, a quality assurance committee are exempt from disclosure under chapter 42.56 RCW.

(10) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident's records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident's needs, and the resident outcome.

(11) A facility operated as part of a hospital licensed under chapter 70.41 RCW may maintain a quality assurance committee in accordance with this section which shall be subject to the provisions of subsections (1) through (10) of this section or may conduct quality improvement activities for the facility through a quality improvement committee under RCW 70.41.200 which shall be subject to the provisions of RCW 70.41.200(9). Chapter 74.46 RCW NURSING FACILITY MEDICAID PAYMENT SYSTEM

(Formerly: Nursing home auditing and cost reimbursement act of 1980)

Sections

74.46.431	Nursing facility medicaid payment rate allocations—Components—Minimum wage—Rules.
74.46.501	Average case mix indexes determined quarterly—Facility average case mix index—Medicaid average case mix index.

74.46.431 Nursing facility medicaid payment rate allocations—Components—Minimum wage—Rules. (1) Nursing facility medicaid payment rate allocations shall be facility-specific and shall have six components: Direct care,

therapy care, support services, operations, property, and financing allowance. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) Component rate allocations in therapy care and support services for all facilities shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for essential community providers shall be based upon a minimum facility occupancy of eighty-seven percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for small nonessential community providers shall be based upon a minimum facility occupancy of ninety-two percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for large nonessential community providers shall be based upon a minimum facility occupancy of ninety-five percent of licensed beds, regardless of how many beds are set up or in use. For all facilities, the component rate allocation in direct care shall be based upon actual facility occupancy. The median cost limits used to set component rate allocations shall be based on the applicable minimum occupancy percentage. In determining each facility's therapy care component rate allocation under RCW 74.46.511, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted therapy costs per adjusted resident day. In determining each facility's support services component rate allocation under RCW 74.46.515(3), the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted support services costs per adjusted resident day. In determining each facility's operations component rate allocation under RCW 74.46.521(3), the department shall apply the minimum facility occupancy adjustment before creating the array of facilities' adjusted general operations costs per adjusted resident day.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the direct care component rate allocation shall be rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2015. Beginning July 1, 2015, the direct care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2013 is used for July 1, 2015, through June 30, 2017, and so forth.

(b) Direct care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined

in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the direct care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the direct care component rate allocation established in accordance with this chapter.

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the therapy care component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2015. Beginning July 1, 2015, the therapy care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2013 is used for July 1, 2015, through June 30, 2017, and so forth.

(b) Therapy care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the therapy care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the therapy care component rate allocation established in accordance with this chapter.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the support services component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2015. Beginning July 1, 2015, the support services component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2013 is used for July 1, 2015, through June 30, 2017, and so forth.

(b) Support services component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the support services component rate allocation established in

accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the support services component rate allocation established in accordance with this chapter.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the operations component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2015. Beginning July 1, 2015, the operations care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2013 is used for July 1, 2015, through June 30, 2017, and so forth.

(b) Operations component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the operations component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the operations component rate allocation established in accordance with this chapter.

(8) Total payment rates under the nursing facility medicare payment system shall not exceed facility rates charged to the general public for comparable services.

(9) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: Inflation adjustments for partial-period cost report data, newly constructed facilities, existing facilities entering the medicare program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicare facilities following a change of ownership of the nursing facility business, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(10) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(11) Effective July 1, 2010, there shall be no rate adjustment for facilities with banked beds. For purposes of calculating minimum occupancy, licensed beds include any beds banked under chapter 70.38 RCW.

(12) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation. Comparative analysis—2013 2nd sp.s. c 3: "(1) For fiscal years 2014 and 2015 and subject to appropriation, the department of social and health services shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2013, using the payment methodology defined in chapter 74.46 RCW, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2013, is smaller than the facility-based payment rate on June 30, 2010, the difference shall be provided to the individual nursing facilities as an add-on payment per medicare resident day.

(2) During the comparative analysis performed in subsection (1) of this section, if it is found that the direct care rate for any facility calculated under chapter 74.46 RCW is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(3) The rate add-ons provided in subsection (2) of this section are subject to the reconciliation and settlement process provided in RCW 74.46.022(6)." [2013 2nd sp.s. c 3 § 3.]

74.46.501 Average case mix indexes determined quarterly—Facility average case mix index—Medicaid average case mix index. (1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility's two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the requirements and limitations for the instrument's completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).

(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4) In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as specified by rule.

(5) The cutoff date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility's direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

(6)(a) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the cost-rebasing period facility average case mix index will be used throughout the applicable cost-rebasing period in combination with cost report data as specified by RCW 74.46.431 and 74.46.506, to establish a facility's allowable cost per case mix unit. To allow for the transition to minimum data set 3.0 and implementation of resource utilization group IV for July 1, 2013, through June 30, 2015, the department shall calculate rates using the medicaid average case mix scores effective for January 1, 2013, rates adjusted under RCW 74.46.485(1)(a), and the scores shall be increased each six months during the transition period by one-half of one percent. The July 1, 2015, direct care cost per case mix unit shall be calculated by utilizing 2013 direct care costs, patient days, and 2013 facility average case mix indexes based on the minimum data set 3.0 resource utilization group IV grouper 57. Otherwise, a facility's medicaid average case mix index shall be used to update a nursing facility's direct care component rate semiannually.

(b) The facility average case mix index used to establish each nursing facility's direct care component rate shall be based on an average of calendar quarters of the facility's average case mix indexes from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.431.

(c) The medicaid average case mix index used to update or recalibrate a nursing facility's direct care component rate semiannually shall be from the calendar six-month period commencing nine months prior to the effective date of the semiannual rate. For example, July 1, 2010, through December 31, 2010, direct care component rates shall utilize case mix averages from the October 1, 2009, through March 31, 2010, calendar quarters, and so forth. 74.60.005 Purpose—Findings—Intent. (*Expires July 1, 2017.*) (1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby support additional payments to hospitals for medicaid services as specified in this chapter.

(2) The legislature finds that federal health care reform will result in an expansion of medicaid enrollment in this state and an increase in federal financial participation. As a result, the hospital safety net assessment and hospital safety net assessment fund created in this chapter will begin phasing down over a four-year period beginning in fiscal year 2016 as

federal medicaid expansion is fully implemented. The state will end its reliance on the assessment and the fund by the end of fiscal year 2019.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) To generate approximately four hundred forty-six million three hundred thirty-eight thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then phasing down in equal increments to zero by the end of fiscal year 2019, in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources;

(c) To generate one hundred ninety-nine million eight hundred thousand dollars in the 2013-2015 biennium, phasing down to zero by the end of the 2017-2019 biennium, in new funds to be used in lieu of state general fund payments for medicaid hospital services;

(d) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the payments authorized by this chapter; and

(e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2009, as adjusted for current enrollment and utilization, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess. [2013 2nd sp.s. c 17 § 1; 2010 1st sp.s. c 30 § 1.]

Effective date—2013 2nd sp.s. c 17: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 30, 2013]." [2013 2nd sp.s. c 17 § 20.]

74.60.010 Definitions. (Expires July 1, 2017.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Base year" for medicaid payments for state fiscal year 2014 is state fiscal year 2011. For each following year's calculations, the base year must be updated to the next following year.

For purposes of this chapter any such hospital shall continue to be treated as a certified public expenditure hospital for assessment and payment purposes through the date specified in RCW 74.60.901. The eligibility of such hospitals to receive grants under RCW 74.60.090 solely from funds generated under this chapter

must not be affected by any modification or termination of the federal certified public expenditure program, or reduced by the amount of any federal funds no longer available for that purpose.

(6) "Director" means the director of the health care authority.

(7) "Eligible new prospective payment hospital" means a prospective payment hospital opened after January 1, 2009, for which a full year of cost report data as described in RCW 74.60.030(2) and a full year of medicaid base year data required for the calculations in RCW 74.60.120(3) are available.

(15) "Outpatient" means services provided classified as ambulatory payment classification services or successor payment methodologies as defined in WAC 182-550-7050 or successor rule and applies to fee-for-service payments and managed care encounter data.

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.020 Hospital safety net assessment fund. (Expires July 1, 2017.) (1) A dedicated fund is hereby established within the state treasury to be known as the hospital safety net assessment fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund.

(a) Any unexpended balance in the fund at the end of a fiscal biennium shall carry over into the following biennium and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).

(b) Any amounts remaining in the fund after July 1, 2019, shall be refunded to hospitals, pro rata according to the amount paid by the hospital since July 1, 2013, subject to the limitations of federal law.

(2) All assessments, interest, and penalties collected by the authority under RCW 74.60.030 and 74.60.050 shall be deposited into the fund.

(3) Disbursements from the fund are conditioned upon appropriation and the continued availability of other funds sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2009, as adjusted for current enrollment and utilization, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess.

(4) Disbursements from the fund may be made only:

(a) To make payments to hospitals and managed care plans as specified in this chapter;

(b) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;

(c) For one million dollars per biennium for payment of administrative expenses incurred by the authority in performing the activities authorized by this chapter;

(d) For one hundred ninety-nine million eight hundred thousand dollars in the 2013-2015 biennium, phasing down to zero by the end of the 2017-2019 biennium to be used in lieu of state general fund payments for medicaid hospital services, provided that if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be dis-

tributed in a given fiscal year, this amount must be reduced proportionately;

(e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop either a payment plan, or deduct moneys from future medicaid payments, or both;

(f) Beginning in state fiscal year 2015, to pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611. [2013 2nd sp.s. c 17 § 3; 2011 1st sp.s. c 35 § 1; 2010 1st sp.s. c 30 § 3.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

Expiration date—2011 1st sp.s. c 35: "Sections 1 and 2 of this act expire July 1, 2013." [2011 1st sp.s. c 35 § 3.]

Effective date—2011 1st sp.s. c 35: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 1st sp.s. c 35 § 4.]

74.60.030 Assessments. (Expires July 1, 2017.) (1)(a) Upon satisfaction of the conditions in RCW 74.60.150(1), and so long as the conditions in RCW 74.60.150(2) have not occurred, an assessment is imposed as set forth in this subsection, effective July 1, 2013. The authority shall calculate the amount due annually and shall issue assessments quarterly for one-fourth of the annual amount due from each hospital. Initial assessment notices must be sent to each hospital not earlier than thirty days after satisfaction of the conditions in RCW 74.60.150(1) and must include all amounts due from and after July 1, 2013. Payment is due not sooner than thirty days thereafter. Subsequent notices must be sent on or about thirty days prior to the end of each subsequent quarter and payment is due thirty days thereafter.

(b) Beginning July 1, 2013, and except as provided in RCW 74.60.050:

(i) Each prospective payment system hospital, except psychiatric and rehabilitation hospitals, shall pay a quarterly assessment. Each quarterly assessment shall be one quarter of three hundred forty-four dollars for each annual nonmedicare hospital inpatient day, up to a maximum of fifty-four thousand days per year. For each nonmedicare hospital inpatient day in excess of fifty-four thousand days, each prospective payment system hospital shall pay an assessment of one quarter of seven dollars for each such day;

(ii) Each critical access hospital shall pay a quarterly assessment of one quarter of ten dollars for each annual nonmedicare hospital inpatient day;

(iii) Each psychiatric hospital shall pay a quarterly assessment of one quarter of sixty-seven dollars for each annual nonmedicare hospital inpatient day; and

(iv) Each rehabilitation hospital shall pay a quarterly assessment of one quarter of sixty-seven dollars for each annual nonmedicare hospital inpatient day.

(2) The authority shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under RCW 74.60.040, taken from the hospital's 2552 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the authority. For state fiscal year 2014, the authority shall use cost report data for hospitals' fiscal years ending in 2010. For subsequent years, the hospitals' next succeeding fiscal year cost report data must be used.

(a) With the exception of a prospective payment system hospital commencing operations after January 1, 2009, for any hospital without a cost report for the relevant fiscal year, the authority shall work with the affected hospital to identify appropriate supplemental information that may be used to determine annual nonmedicare hospital inpatient days.

(b) A prospective payment system hospital commencing operations after January 1, 2009, must be assessed in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010. [2013 2nd sp.s. c 17 § 4; 2010 1st sp.s. c 30 § 4.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.050 Administration and collection. (Expires July 1, 2017.) (1) The authority, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of notices of assessment by the authority to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable;

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050; and

(c) Adjustment of the assessment amounts in accordance with subsections (2) and (3) of this section.

(2) For state fiscal year 2015, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;

(b) If the total amount of inpatient or outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limit and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment limit

plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;

(c) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(d) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(e) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(f) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year.

(3) For each fiscal year after June 30, 2015, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) In order to support the payments required in this chapter, the assessment amounts must be reduced in approximately equal yearly increments each fiscal year by category of hospital until the assessment amount is zero by July 1, 2019;

(b) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;

(c) If in any fiscal year the total amount of inpatient or outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limit and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment limit plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;

(d) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate addi-

tional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(e) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(f) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(g) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year.

(4)(a) Any adjustment to the assessment amounts pursuant to this section, and the data supporting such adjustment, including, but not limited to, relevant data listed in (b) of this subsection, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association does not limit the ability of the Washington state hospital association or its members to challenge an adjustment or other action by the authority that is not made in accordance with this chapter.

(b) The authority shall provide the following data to the Washington state hospital association sixty days before implementing any revised assessment levels, detailed by fiscal year, beginning with fiscal year 2011 and extending to the most recent fiscal year, except in connection with the initial assessment under this chapter:

(i) The fund balance;

(ii) The amount of assessment paid by each hospital;

(iii) The state share, federal share, and total annual medicaid fee-for-service payments for inpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate the payments to individual hospitals under that section;

(iv) The state share, federal share, and total annual medicaid fee-for-service payments for outpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate annual payments to individual hospitals under that section;

(v) The annual state share, federal share, and total payments made to each hospital under each of the following programs: Grants to certified public expenditure hospitals under RCW 74.60.090, for critical access hospital payments under RCW 74.60.100; and disproportionate share programs under RCW 74.60.110;

(vi) The data used to calculate annual payments to individual hospitals under (b)(v) of this subsection; and

(vii) The amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate

those payments. [2013 2nd sp.s. c 17 § 5; 2010 1st sp.s. c 30 § 6.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.070 Assessment part of operating overhead. (Expires July 1, 2017.) The incidence and burden of assessments imposed under this chapter shall be on hospitals and the expense associated with the assessments shall constitute a part of the operating overhead of hospitals. Hospitals shall not increase charges or billings to patients or third-party payers as a result of the assessments under this chapter. The authority may require hospitals to submit certified statements by their chief financial officers or equivalent officials attesting that they have not increased charges or billings as a result of the assessments. [2013 2nd sp.s. c 17 § 6; 2010 1st sp.s. c 30 § 8.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.080 Disbursements from hospital safety net assessment fund. (Expires July 1, 2017.) In each fiscal year and upon satisfaction of the conditions in RCW 74.60.150(1), after deducting or reserving amounts authorized to be disbursed under RCW 74.60.020(4) (d), (e), and (f), disbursements from the fund must be made as follows:

(1) For grants to certified public expenditure hospitals in accordance with RCW 74.60.090;

(2) For payments to critical access hospitals in accordance with RCW 74.60.100;

(3) For small rural disproportionate share payments in accordance with RCW 74.60.110;

(4) For payments to hospitals under RCW 74.60.120; and

(5) For payments to managed care organizations under RCW 74.60.130 for the provision of hospital services. [2013 2nd sp.s. c 17 § 7; 2010 1st sp.s. c 30 § 9.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.090 Grants to certified public expenditure hospitals. (Expires July 1, 2017.) (1) In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), funds must be disbursed from the fund and the authority shall make grants to certified public expenditure hospitals, which shall not be considered payments for hospital services, as follows:

(a) University of Washington medical center: Three million three hundred thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then reduced in approximately equal increments per fiscal year until the grant amount is zero by July 1, 2019;

(b) Harborview medical center: Seven million six hundred thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then reduced in approximately equal increments per fiscal year until the grant amount is zero by July 1, 2019;

amount is zero by July 1, 2019. The amount of payments to individual hospitals under this subsection must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4).

(2) Payments must be made quarterly, taking the total disbursement amount and dividing by four to calculate the quarterly amount. The initial payment, which must include all amounts due from and after July 1, 2013, to the date of the initial payment, must be made within thirty days after satisfaction of the conditions in RCW 74.60.150(1). The authority shall provide a quarterly report of such payments to the Washington state hospital association. [2013 2nd sp.s. c 17 § 8; 2011 1st sp.s. c 35 § 2; 2010 1st sp.s. c 30 § 10.]

In each fiscal year commencing upon satisfaction of the conditions in RCW 74.60.150(1), the authority shall make access payments to critical access hospitals that do not qualify for or receive a small rural disproportionate share hospital payment in a given fiscal year in the total amount of five hundred twenty thousand dollars from the fund. The amount of payments to individual hospitals under this section must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4). Payments must be made after the authority determines a hospital's payments under RCW 74.60.110. These payments shall be in addition to any other amount payable with respect to services provided by critical access hospitals and shall not reduce any other payments to critical access hospitals. The authority shall provide a report of such payments to the Washington state hospital association within thirty days after payments are made. [2013 2nd sp.s. c 17 § 9; 2010 1st sp.s. c 30 § 11.]

In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), one million nine hundred nine thousand dollars must be distributed from the fund and, with available federal matching funds, paid to hospitals eligible for small rural disproportionate share payments under WAC 182-550-4900 or successor rule. Payments must be made directly to hospitals by the authority in accordance with that regulation. The authority shall provide a report of such payments to the Washington state hospital association within thirty days after payments are made. [2013 2nd sp.s. c 17 § 10; 2010 1st sp.s. c 30 § 12.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.120 Direct supplemental payments to hospitals. (Expires July 1, 2017.) (1) Beginning in state fiscal year 2014, commencing thirty days after satisfaction of the applicable conditions in RCW 74.60.150(1), and for the period of state fiscal years 2014 through 2019, the authority shall make supplemental payments directly to Washington hospitals, separately for inpatient and outpatient fee-for-service medicaid services, as follows:

(a) For inpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, twenty-nine million two hundred twenty-five thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds;

(b) For outpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, thirty million dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds;

(c) For inpatient fee-for-service payments for psychiatric hospitals, six hundred twenty-five thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds;

(d) For inpatient fee-for-service payments for rehabilitation hospitals, one hundred fifty thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds;

(e) For inpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds; and

(f) For outpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds.

(2) If the amount of inpatient or outpatient payments under subsection (1) of this section, when combined with federal matching funds, exceeds the upper payment limit, payments to each category of hospital must be reduced proportionately to a level where the total payment amount is consistent with the upper payment limit. Funds under this chapter unable to be paid to hospitals under this section because of the upper payment limit must be paid to managed care organizations under RCW 74.60.130, subject to the limitations in this chapter.

(3) The amount of such fee-for-service inpatient payments to individual hospitals within each of the categories identified in subsection (1)(a), (c), (d), and (e) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's inpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(b) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' inpatient fee-for-services claims and medicaid managed care encounter data for the base year; and

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(4) The amount of such fee-for-service outpatient payments to individual hospitals within each of the categories identified in subsection (1)(b) and (f) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's outpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(b) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' outpatient fee-for-services claims and medicaid managed care encounter data for the base year; and

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(5) Thirty days before the initial payments and sixty days before the first payment in each subsequent fiscal year, the authority shall provide each hospital and the Washington state hospital association with an explanation of how the amounts due to each hospital under this section were calculated.

(6) Payments must be made in quarterly installments on or about the last day of every quarter, except that the initial payment must be made within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and must include all amounts due from July 1, 2013, to the date of the initial payment.

(7) A prospective payment system hospital commencing operations after January 1, 2009, is eligible to receive payments in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

(8) Payments under this section are supplemental to all other payments and do not reduce any other payments to hospitals. [2013 2nd sp.s. c 17 § 11; 2010 1st sp.s. c 30 § 13.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.130 Managed care capitation payments. (Expires July 1, 2017.) (1) For state fiscal year 2014, commencing within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and subsection (6) of this section, and for the period of state fiscal years 2014 through 2019, the authority shall increase capitation payments to managed care

organizations by an amount at least equal to the amount available from the fund after deducting disbursements authorized by RCW 74.60.020(4) (c) through (f) and payments required by RCW 74.60.080 through 74.60.120. The capitation payment under this subsection must be no less than one hundred fifty-three million one hundred thirty-one thousand six hundred dollars per state fiscal year in fiscal years 2014 and 2015, and then the increased capitation payment amounts are reduced in equal increments per fiscal year until the increased capitation payment amount is zero by July 1, 2019, plus the maximum available amount of federal matching funds. The initial payment following satisfaction of the conditions in RCW 74.60.150(1) must include all amounts due from July 1, 2013. Subsequent payments shall be made quarterly.

(2) In fiscal years 2015, 2016, and 2017, the authority shall use any additional federal matching funds for the increased managed care capitation payments under subsection (1) of this section available from medicaid expansion under the federal patient protection and affordable care act to substitute for assessment funds which otherwise would have been used to pay managed care plans under this section.

(3) Payments to individual managed care organizations shall be determined by the authority based on each organization's or network's enrollment relative to the anticipated total enrollment in each program for the fiscal year in question, the anticipated utilization of hospital services by an organization's or network's medicaid enrollees, and such other factors as are reasonable and appropriate to ensure that purposes of this chapter are met.

(4) If the federal government determines that total payments to managed care organizations under this section exceed what is permitted under applicable medicaid laws and regulations, payments must be reduced to levels that meet such requirements, and the balance remaining must be applied as provided in RCW 74.60.050. Further, in the event a managed care organization is legally obligated to repay amounts distributed to hospitals under this section to the state or federal government, a managed care organization may recoup the amount it is obligated to repay under the medicaid program from individual hospitals by not more than the amount of overpayment each hospital received from that managed care organization.

(5) Payments under this section do not reduce the amounts that otherwise would be paid to managed care organizations: PROVIDED, That such payments are consistent with actuarial soundness certification and enrollment.

(6) Before making such payments, the authority shall require medicaid managed care organizations to comply with the following requirements:

(a) All payments to managed care organizations under this chapter must be expended for hospital services provided by Washington hospitals, which for purposes of this section includes psychiatric and rehabilitation hospitals, in a manner consistent with the purposes and provisions of this chapter, and must be equal to all increased capitation payments under this section received by the organization or network, consistent with actuarial certification and enrollment, less an allowance for any estimated premium taxes the organization is required to pay under Title 48 RCW associated with the payments under this chapter;

(b) Before the end of the quarter in which funds are paid to them, managed care organizations shall expend the increased capitation payments under this section in a manner consistent with the purposes of this chapter;

(c) Providing that any delegation or attempted delegation of an organization's or network's obligations under agreements with the authority do not relieve the organization or network of its obligations under this section and related contract provisions.

(7) No hospital or managed care organizations may use the payments under this section to gain advantage in negotiations.

(8) No hospital has a claim or cause of action against a managed care organization for monetary compensation based on the amount of payments under subsection (6) of this section.

(9) If funds cannot be used to pay for services in accordance with this chapter the managed care organization or network must return the funds to the authority which shall return them to the hospital safety net assessment fund. [2013 2nd sp.s. c 17 § 12; 2010 1st sp.s. c 30 § 14.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.140 Multihospital locations, new hospitals, and changes in ownership. (Expires July 1, 2017.) (1) If an entity owns or operates more than one hospital subject to assessment under this chapter, the entity shall pay the assessment for each hospital separately. However, if the entity operates multiple hospitals under a single medicaid provider number, it may pay the assessment for the hospitals in the aggregate.

(2) Notwithstanding any other provision of this chapter, if a hospital subject to the assessment imposed under this chapter ceases to conduct hospital operations throughout a state fiscal year, the assessment for the quarter in which the cessation occurs shall be adjusted by multiplying the assessment computed under RCW 74.60.030 by a fraction, the numerator of which is the number of days during the year which the hospital conducts, operates, or maintains the hospital and the denominator of which is three hundred sixty-five. Immediately prior to ceasing to conduct, operate, or maintain a hospital, the hospital shall pay the adjusted assessment for the fiscal year to the extent not previously paid.

(3) Notwithstanding any other provision of this chapter, if a hospital previously subject to assessment is sold or transferred to another entity and remains subject to assessment, the assessment for that hospital shall be computed based upon the cost report data previously submitted by that hospital. The assessment shall be allocated between the transferor and transferee based on the number of days within the assessment period that each owned, operated, or maintained the hospital. [2013 2nd sp.s. c 17 § 14; 2010 1st sp.s. c 30 § 16.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.150 Conditions. (Expires July 1, 2017.) (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) Final approval by the centers for medicare and medicaid services of any state plan amendments or waiver

requests that are necessary in order to implement the applicable sections of this chapter including, if necessary, waiver of the broad-based or uniformity requirements as specified under section 1903(w)(3)(E) of the federal social security act and 42 C.F.R. 433.68(e);

(b) To the extent necessary, amendment of contracts between the authority and managed care organizations in order to implement this chapter; and

(c) Certification by the office of financial management that appropriations have been adopted that fully support the rates established in this chapter for the upcoming fiscal year.

(2) This chapter does not take effect or ceases to be imposed, and any moneys remaining in the fund shall be refunded to hospitals in proportion to the amounts paid by such hospitals, if and to the extent that any of the following conditions occur:

(a) The federal department of health and human services and a court of competent jurisdiction makes a final determination, with all appeals exhausted, that any element of this chapter, other than RCW 74.60.100, cannot be validly implemented;

(b) Funds generated by the assessment for payments to prospective payment hospitals or managed care organizations are determined to be not eligible for federal match;

(c) Other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2009, as adjusted for current enrollment and utilization, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess., is not appropriated or available;

(d) Payments required by this chapter are reduced, except as specifically authorized in this chapter, or payments are not made in substantial compliance with the time frames set forth in this chapter; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by RCW 74.60.020. [2013 2nd sp.s. c 17 § 15; 2010 1st sp.s. c 30 § 17.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.160 Contracting with health care authority. (Expires July 1, 2017.) (1) The legislature intends to provide the hospitals with an opportunity to contract with the authority each fiscal biennium to protect the hospitals from future legislative action during the biennium that could result in hospitals receiving less from supplemental payments, increased managed care payments, disproportionate share hospital payments, or access payments than the hospitals expected to receive in return for the assessment based on the biennial appropriations and assessment legislation.

(2) Each odd-numbered year after enactment of the biennial omnibus operating appropriations act, the authority shall offer to enter into a contract for the period of the fiscal biennium beginning July 1st with a hospital that is required to pay the assessment under this chapter. The contract must include the following terms:

(a) The authority must agree not to do any of the following:

(i) Increase the assessment from the level set by the authority pursuant to this chapter on the first day of the contract period for reasons other than those allowed under RCW 74.60.050(3);

(ii) Reduce aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, allowing for variations due to budget-neutral rebasing and adjusting for changes in enrollment and utilization, from the levels the state paid for those services on the first day of the contract period;

(iii) For critical access hospitals only, reduce the levels of disproportionate share hospital payments under RCW 74.60.110 or access payments under RCW 74.60.100 for all critical access hospitals below the levels specified in those sections on the first day of the contract period;

(iv) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the levels of supplemental payments under RCW 74.60.120 for all prospective payment system hospitals below the levels specified in that section on the first day of the contract period unless the supplemental payments are reduced under RCW 74.60.120(2);

(v) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the increased capitation payments to managed care organizations under RCW 74.60.130 below the levels specified in that section on the first day of the contract period unless the managed care payments are reduced under RCW 74.60.130(4); or

(vi) Except as specified in this chapter, use assessment revenues for any other purpose than to secure federal medicaid matching funds to support payments to hospitals for medicaid services; and

(b) As long as payment levels are maintained as required under this chapter, the hospital must agree not to challenge the authority's reduction of hospital reimbursement rates to July 1, 2009, levels, which results from the elimination of assessment supported rate restorations and increases, under 42 U.S.C. Sec. 1396a(a)(30)(a) either through administrative appeals or in court during the period of the contract.

(3) If a court finds that the authority has breached an agreement with a hospital under subsection (2)(a) of this section, the authority:

(a) Must immediately refund any assessment payments made subsequent to the breach by that hospital upon receipt; and

(b) May discontinue supplemental payments, increased managed care payments, disproportionate share hospital payments, and access payments made subsequent to the breach for the hospital that are required under this chapter.

(4) The remedies provided in this section are not exclusive of any other remedies and rights that may be available to the hospital whether provided in this chapter or otherwise in law, equity, or statute. [2013 2nd sp.s. c 17 § 17.]

Effective date—2013 2nd sp.s. c 17: See note following RCW 74.60.005.

74.60.900 Severability—2010 1st sp.s. c 30. (Expires July 1, 2017.) (1) The provisions of this chapter are not severable: If the conditions in RCW 74.60.150(1) are not satisfied or if any of the circumstances in RCW 74.60.150(2)

should occur, this entire chapter shall have no effect from that point forward.

(2) In the event that any portion of this chapter shall have been validly implemented and the entire chapter is later rendered ineffective under this section, prior assessments and payments under the validly implemented portions shall not be affected. [2013 2nd sp.s. c 17 § 16; 2010 1st sp.s. c 30 § 18.]

74.62.030 Assistance programs—Eligibility criteria. (Effective January 1, 2014, until July 1, 2015.) (1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled", until June 30, 2015, means a bodily or mental infirmity that will (I) likely continue for a minimum of nine months; (II) prevent the individual from currently performing work that the individual was able to perform as a substantial gainful activity within the prior ten years; and (III) is otherwise likely to meet the federal supplemental security income disability standard as determined by the department. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on, but is not limited to, the following:

(1) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(2) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and

(b) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(b) Meet the income and resource standards described in RCW 74.04.805(1) (d) and (e);

(c) Have furnished the department his or her social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(d) Not have refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a

person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(e) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Effective November 1, 2011, referrals for essential needs and housing support under RCW 43.185C.220 shall be provided to persons found eligible under RCW 74.04.805.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction. [2013 2nd sp.s. c 10 § 1; 2011 1st sp.s. c 36 § 3.]

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

If the department of natural resources fails to take authorized enforcement action within twenty-four hours under RCW 76.09.080, 76.09.090, 76.09.120, or 76.09.130, the department of ecology may petition to the chair of the appeals board, who shall, within forty-eight hours, either deny the petition or direct the department of natural resources to immediately issue a stop work order or notice to comply, or to impose a penalty. No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursu-

76.09.320 Implementation of hazard-reduction program—Cost sharing by department—Limitations. (1) Subject to the availability of appropriated funds, the department shall pay fifty percent of the cost of implementing the hazard-reduction program, except as provided in subsection (2) of this section.

(2) In the event department funds described in subsection (1) of this section are not available for all or a portion of a forest landowner's property, the landowner may request application of the hazard-reduction program to the owner's lands, provided the landowner funds one hundred percent of the cost of implementation of the department's recommended actions on his or her property.

(3) No cost-sharing funds may be made available for sites where the department determines that the hazardous condition results from a violation of then-prevailing standards as established by statute or rule. [2013 c 23 § 231; 1987 c 95 § 6.]

76.14.080 Fire protection projects—Assessments—Payment. The department shall develop fire protection projects within the high hazard forest area and shall determine the boundaries thereof in accordance with the lands benefited thereby and shall assess one-sixth of the cost of such projects equally upon all forest lands within the project on an acreage basis. Such assessment shall not, however, exceed twenty-five cents per acre annually nor more than one dollar and fifty cents per acre in the aggregate and shall constitute a lien upon any forest products harvested therefrom. The landowner may by written notice to the department elect to pay his or her assessment on a deferred basis at a rate of ten cents per thousand board feet and/or one cent per Christmas tree when these products are harvested from the lands for commercial use until the assessment plus two percent interest from the date of completion of each project has been paid for each acre. Payments under the deferred plan shall be credited by forty acre tracts and shall be first applied to payment of the assessment against the forty acre tract from which the funds were derived and secondly to other forty acre tracts held and designated by the payor. In the event total ownership is less than forty acres, then payment shall be applied on an undivided basis to the entire areas as to which the assessment remains unpaid. The landowner who elects to pay on deferred basis may pay any unpaid assessment and interest at any time. [2013 c 23 § 232; 1988 c 128 § 43; 1955 c 171 § 5.]

76.14.090 Fire protection projects—Notice—Hearing. Notice of each project, the estimated assessment per

acre, and a description of the boundaries thereof shall be given by publication in a local newspaper of general circulation thirty days in advance of commencing work. Any person owning land within the project may within ten days after publication of notice demand a hearing before the department in Olympia and present any reasons why he or she feels the assessment should not be made upon his or her land. Thereafter, the department may change the boundaries of said project to eliminate land from the project which it determines in its discretion will not be benefited by the project. [2013 c 23 § 233; 1988 c 128 § 44; 1955 c 171 § 6.]

76.14.100 Fire protection projects—Collection of assessments. Except when the owner has notified the department in writing that he or she will make payment on the deferred plan, the assessment shall be collected by the department reporting the same to the county assessor of the county in which the property is situated upon completion of the work in that project and the assessor shall annually extend the amounts upon the tax rolls covering the property, and the amounts shall be collected in the same manner, by the same procedure, and with the same penalties attached as the next general state and county taxes on the same property are collected. Errors in assessments may be corrected at any time by the department by certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments, the county treasurer shall transmit them to the department. Payment on the deferred plan shall be made directly to the department. Such payment must be made by January 31st for any timber or Christmas trees harvested during the previous calendar year and must be accompanied by a statement of the amount of timber or number of Christmas trees harvested and the legal description of the property from which they were harvested. Whenever an owner paying on the deferred plan desires to pay any unpaid balance or portion thereof, he or she may make direct payment to the department. [2013 c 23 § 234; 1988 c 128 § 45; 1955 c 171 § 7.]

Collection of taxes: Chapter 84.56 RCW.

76.14.110 Fire protection projects—Credit on assessment for private expenditure. Where the department finds that a portion of the work in any project, except road building, has been done by private expenditures for fire protection purposes only and that the work was not required by other forestry laws having general application, then the department shall appraise the work on the basis of what it would have cost the state and shall credit the amount of the appraisal toward payment of any sums assessed against lands contained in the project and owned by the person or his or her predecessors in title making the expenditure. Such appraisal shall be added to the cost of the project for purposes of determining the general assessment. [2013 c 23 § 235; 1988 c 128 § 46; 1955 c 171 § 8.]

Payments for claims for damage to livestock are not subject to the limitations of RCW 77.36.070 and 77.36.080, but may not, except as provided in RCW 77.36.170 and 77.36.180, exceed the total amount specifically appropriated therefor.

(i) The commercial crop owner satisfies the definition of "eligible farmer" in RCW 82.08.855;

(ii) The conditions of RCW 77.36.110 have been satisfied; and

(iii) The damage caused to the commercial crop or livestock satisfies the criteria for damage established by the commission under (c) of this subsection.

An owner of a commercial crop or livestock must satisfy the criteria prior to receiving compensation under this subsection. The criteria for damage adopted under this subsection must include, but not be limited to, a required minimum economic loss to the owner of the commercial crop or livestock, which may not be set at a value of less than five hundred dollars.

(2)(a) Subject to the availability of nonstate funds, nonstate resources other than cash, or amounts appropriated for this specific purpose, the department may offer to provide compensation to offset wildlife interactions to a person who applies to the department for compensation for damage to property other than commercial crops or livestock that is the result of a mammalian or avian species of wildlife on a case-specific basis if the conditions of RCW 77.36.110 have been satisfied and if the damage satisfies the criteria for damage established by the commission under (b) of this subsection.

(b) The commission shall adopt and maintain by rule criteria for damage to property other than a commercial crop or livestock that is damaged by wildlife and may be eligible for compensation under this subsection, including criteria for filing a claim for compensation under this subsection.

(4) An owner who files a claim under this section may appeal the decision of the department pursuant to rules adopted by the commission if the claim:

(a) Is denied; or

(b) Is disputed by the owner and the owner disagrees with the amount of compensation determined by the department.

(5) The commission shall adopt rules setting limits and conditions for the department's expenditures on claims and assessments for commercial crops, livestock, other property, and mitigating actions. [2013 c 329 § 4; 2009 c 333 § 55.]

(a) The value of the damage to the property by wildlife, reduced by the amount of compensation provided to the claimant by any nonprofit organizations that provide compensation to private property owners due to financial losses caused by wildlife interactions. The value of killed or injured livestock may be no more than the market value of the lost livestock subject to the conditions and criteria established by rule of the commission; or

(b) Ten thousand dollars.

(2) The department may offer to pay a claim for an amount in excess of ten thousand dollars to the owners of commercial crops or livestock filing a claim under RCW 77.36.100 only if the outcome of an appeal filed by the claimant under RCW 77.36.100 determines a payment higher than ten thousand dollars.

Effective date—Application—2009 c 333 §§ 53-66: See notes following RCW 77.36.010.

77.36.170 Limit on amount paid for injury or loss of livestock caused by wolves—Exceptions. (1) The department may pay no more than fifty thousand dollars per fiscal year from the state wildlife account created in RCW 77.12.170 for claims and assessment costs for injury or loss of livestock caused by wolves submitted under RCW 77.36.100.

(2) Notwithstanding other provisions of this chapter, the department may also accept and expend money from other sources to address injury or loss of livestock or other property caused by wolves consistent with the requirements on that source of funding.

(3) If any wildlife account expenditures authorized under subsection (1) of this section are unspent as of June 30th of a fiscal year, the state treasurer shall transfer the unspent amount to the wolf-livestock conflict account created in RCW 77.36.180. [2013 c 329 § 2.]

(4) If any wildlife account expenditures authorized under subsection (1) of this section are unspent as of June 30th of a fiscal year, the state treasurer shall transfer the unspent amount to the wolf-livestock conflict account created in RCW 77.36.180. [2013 c 329 § 2.]

77.36.180 Wolf-livestock conflict account. (1) The wolf-livestock conflict account is created in the custody of the state treasurer. Any transfers under RCW 77.36.170 must be deposited in the account. The department may also deposit into the account any grants, gifts, or donations to the state for the purposes of providing compensation for injury or loss of livestock caused by wolves. Consistent with this chapter, expenditures from the account may be used only for mitigation, assessment, and payments for injury or loss of livestock caused by wolves. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) The department must maintain a list of claims submitted under RCW 77.36.100, organized chronologically by the date wolf predation is confirmed, for injury or loss of livestock caused by wolves that have been approved for payment but not yet been fully paid by the department. As funding

becomes available to the department under this section, RCW 77.36.170, or any other source, the department must pay claims in the chronologic order they appear on the list. The department must maintain, and is authorized to pay, claims that appear on the list due to injury or loss that occurred in a previous fiscal biennium.

(b) The payment of a claim included on the list maintained by the department under this section is conditional on the availability of specific funding for this purpose and is not a guarantee of reimbursement. [2013 c 329 § 3.]

Sections

77.85.050 Habitat project lists.

77.85.050 Habitat project lists. (1)(a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIsAs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the salmon recovery funding board in accordance with procedures adopted by the board.

(4) The recreation and conservation office shall administer funding to support the functions of lead entities.

(5) A landowner whose land is used for a habitat project that is included on a habitat project list, and who has received notice from the project sponsor that the conditions of this section have been met, may not be held civilly liable for any property damages resulting from the habitat project regardless of whether or not the project was funded by the salmon recovery funding board. This subsection is subject to the following conditions:

(a) The project was designed by a licensed professional engineer (PE) or a licensed geologist (LG, LEG, or LHG) with experience in riverine restoration;

(b) The project is designed to withstand one hundred year floods;

(c) The project is not located within one-quarter mile of an established downstream boat launch;

(d) The project is designed to allow adequate response time for in-river boaters to safely evade in-stream structures; and

(e) If the project includes large wood placement, each individual root wad and each log larger than ten feet long and one foot in diameter must be visibly tagged with a unique numerical identifier that will withstand typical river conditions for at least three years. 77.95.030 Salmon enhancement plan—Enhancement projects. (1) The commission shall develop a detailed salmon enhancement plan with proposed enhancement projects. The plan and the regional policy statements shall be submitted to the secretary of the senate and chief clerk of the house of representatives for legislative distribution by June 30, 1986. The enhancement plan and regional policy statements shall be provided by June 30, 1986, to the natural resources committees of the house of representatives and the senate. The commission shall provide a maximum opportunity for the public to participate in the development of the salmon enhancement plan. To insure full participation by all interested parties, the commission shall solicit and consider enhancement project proposals from Indian tribes, sports fishers, commercial fishers, private aquaculturists, and other interested groups or individuals for potential inclusion in the salmon enhancement plan. Joint or cooperative enhancement projects shall be considered for funding.

(2) The following criteria shall be used by the commission in formulating the project proposals:

(a) Compatibility with the long-term policy statement;

(b) Benefit/cost analysis;

(c) Needs of all fishing interests;

(d) Compatibility with regional plans, including harvest management plans;

(e) Likely increase in resource productivity;

(f) Direct applicability of any research;

(g) Salmon advisory council recommendations;

(h) Compatibility with federal court orders;

(i) Coordination with the salmon and steelhead advisory commission program;

(j) Economic impact to the state;

(k) Technical feasibility; and

(l) Preservation of native salmon runs.

(3) The commission shall not approve projects that serve as replacement funding for projects that exist prior to May 21, 1985, unless no other sources of funds are available.

(4) The commission shall prioritize various projects and establish a recommended implementation time schedule. [2013 c 23 § 246; 1995 1st sp.s. c 2 § 35 (Referendum Bill No. 45, approved November 7, 1995); 1985 c 458 § 3. Formerly RCW 75.50.030.]

77.95.320 Program utilizing department-partnership agreements to operate and manage certain hatcheries—Selection of partners—Partnership agreements.

(1) The department shall establish a program that utilizes department-partner agreements for the resumption or continued operation and management of state-owned salmonid hatcheries that are located in the Hood Canal basin. To implement the program, the department shall accept and review applications to determine the appropriateness of the partner to manage and operate selected salmonid hatcheries. The department shall accelerate the application process relating to any hatchery currently in operation to avoid cessation of ongoing salmon production.

(2)(a) To select a partner, the department shall develop and apply criteria identifying the appropriateness of a potential partner. The criteria must seek to ensure that the partner has a long-range business plan, which may include the sale of hatchery surplus salmon, including eggs and carcasses, to ensure the long-range future solvency of the partnership. The business plan may also allow the partner to harvest hatchery chum salmon in a designated area through persons under contract with the partner as provided under a permit from the department or by rule of the commission. All chum salmon harvested must be sold at prices commensurate with the current market and all funds must be utilized by the partner to operate the hatchery.

(b) Partners under this section must be:

(i) Qualified under section 501(c)(3) of the internal revenue code;

(ii) A for-profit private entity; or

(iii) A federally recognized tribe.

(3) The department shall place a higher priority on applications from partners that provide for the maximum resumption or continuation of existing hatchery production in a manner consistent with the mandate contained in RCW 77.04.012

to maintain the economic well-being and stability of the fishing industry.

(4)(a) Agreements entered into with partners under this section must be consistent with existing federally recognized tribal rights, state laws, agency rules, collective bargaining agreements, hatchery management policy involving species listed under the federal endangered species act, or, in the case of a tribal partner, any applicable tribal hatchery management policy or recreational and commercial harvest policy.

(b) Agreements under this section must also require that partners give preference to retaining classified employees whenever possible. In circumstances where it is not possible, partners conducting hatchery operations must maintain staff with comparable qualifications to those identified in the class specifications for the department's fish hatchery personnel.

(5) All partnership agreements entered into under this section must contain a provision that requires the partner to hold harmless the department and the state for any civil liability arising from the partner's participation in the agreement or activities at the subject hatchery or hatcheries.

(6) All partnership agreements entered into under this section must identify any maintenance or improvements to be made to the hatchery facility, and the source of funding for such maintenance or improvements. If funding for the maintenance or improvements is to come from state funds or revenue sources previously received by the department, the work must be performed either by employees in the classified service or in compliance with the contracting procedures set forth in RCW 41.06.142. [2013 c 93 § 1; 2009 c 340 § 2.]

Findings—2009 c 340: "The legislature finds: (1) The full utilization of state salmonid hatcheries is vital to the recreational and commercial fisheries and related economic development and employment; and (2) effective measures are necessary to maintain all hatchery operations that are consistent with conservation of wild salmon populations and support sustainable fisheries." [2009 c 340 § 1.]

77.95.322 Report to the legislature—Implementation of RCW 77.95.320. (Expires July 31, 2017.) (1) The department of fish and wildlife shall prepare and submit a report to the legislature summarizing any actions taken in the implementation of RCW 77.95.320, including the types and number of fish released, lessons learned, and suggestions for future program refinement.

(2) The report required by this section must be submitted consistent with RCW 43.01.036 by October 31, 2016.

(3) This section expires July 31, 2017. [2013 c 93 § 2.]

(1) "By-product" means any mineral or minerals, not including oil, hydrocarbon gas, or helium, which are found in

solution or in association with geothermal steam and that have a value of less than seventy-five percent of the value of the geothermal resource or are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves.

(2) A "completed well" is a well that has been drilled to its total depth, has been adequately cased, and is ready to be either plugged and abandoned, shut-in, or put into production.

(3) "Core holes" are holes drilled or excavations made expressly for the acquisition of geological or geophysical data for the purpose of finding and delineating a favorable geothermal area prior to the drilling of a well.

(4) "Department" means the department of natural resources.

(5) "Energy transfer system" means the structures and enclosed fluids which facilitate the utilization of geothermal energy. The system includes the geothermal wells, cooling towers, reinjection wells, equipment directly involved in converting the heat energy associated with geothermal resources to mechanical or electrical energy or in transferring it to another fluid, the closed piping between such equipment, wells and towers and that portion of the earth which facilitates the transfer of a fluid from reinjection wells to geothermal wells: PROVIDED, That the system shall not include any geothermal resources which have escaped into or have been released into the nongeothermal ground or surface waters from either man-made containers or through leaks in the structure of the earth caused by or to which access was made possible by any drilling, redrilling, reworking or operating of a geothermal or reinjection well.

(6) "Geothermal area" means any land that is, or reasonably appears to be, underlain by geothermal resources.

(7)(a) "Geothermal resources" includes the natural heat of the earth, the energy, in whatever form, below the surface of the earth present in, resulting from, or created by, or that may be extracted from, the natural heat, and all minerals in solution or other products obtained from naturally heated fluids, brines, associated gases and steam, in whatever form, found below the surface of the earth, exclusive of helium or oil, hydrocarbon gas or other hydrocarbon substances, but including, specifically:

(i) All products of geothermal processes, including indigenous steam, and hot water and hot brines;

(ii) Steam and other bases, hot water and hot brines resulting from water, gas, or other fluids artificially introduced into geothermal formations;

(iii) Heat or other associated energy found in geothermal formations; and

(iv) Any by-product derived from them.

(b) "Geothermal resources" does not include heat energy used in ground source heat exchange systems for ground source heat pumps.

(8) "Operator" means the person supervising or in control of the operation of a geothermal resource well, whether or not such person is the owner of the well.

(9) "Owner" means the person who possesses the legal right to drill, convert or operate any well or other facility subject to the provisions of this chapter.

(10) "Person" means any individual, corporation, company, association of individuals, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative, or public agency that is the subject of legal rights and duties.

(11) "Plug and abandon" means to place permanent plugs in the well in such a way and at such intervals as are necessary to prevent future leakage of fluid from the well to the surface or from one zone in the well to the other, and to remove all drilling and production equipment from the site, and to restore the surface of the site to its natural condition or contour or to such condition as may be prescribed by the department.

(12) "Pollution" means any damage or injury to ground or surface waters, soil or air resulting from the unauthorized loss, escape, or disposal of any substances at any well subject to the provisions of this chapter.

(13) "Shut-in" means to adequately cap or seal a well to control the contained geothermal resources for an interim period.

(14) "Waste," in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood and shall include:

(a) The inefficient, excessive, or improper use of, or unnecessary dissipation of, reservoir energy; or the locating, spacing, drilling, equipping, operating or producing of any geothermal energy well in a manner which results, or tends to result, in reducing the quantity of geothermal energy to be recovered from any geothermal area in this state;

(b) The inefficient above-ground transporting or storage of geothermal energy; or the locating, spacing, drilling, equipping, operating, or producing of any geothermal well in a manner causing, or tending to cause, unnecessary excessive surface loss or destruction of geothermal energy;

(c) The escape into the open air, from a well of steam or hot water, in excess of what is reasonably necessary in the efficient development or production of a geothermal well.

(15) "Well" means any excavation made for the discovery or production of geothermal resources, or any special facility, converted producing facility, or reactivated or converted abandoned facility used for the reinjection of geothermal resources, or the residue thereof underground. [2013 c 274 § 2; 1974 ex.s. c 43 § 3. Formerly RCW 79.76.030.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2013 c 274: "The legislature finds that:

(1) Because related geothermal resources may be present on contiguous private, state, and federal lands within the state, there is a need to provide greater conformity with the state's geothermal resources statutes and the federal statutes defining geothermal resources and clarify that ownership of geothermal resources resides with the surface owner unless the interest is otherwise reserved or conveyed.

(2) It is in the public interest to encourage and foster the development of geothermal resources in the state, and the legislature intends to align the state statutes defining geothermal resources with current federal law with which developers are familiar, and clarify the respective regulatory roles of state agencies.

(3) Geothermal resources suitable for energy development are located at much greater depths than the aquifers relied upon for other beneficial uses, but in the event that a geothermal well draws from the same source as other uses, a coordinated and streamlined permitting of geothermal development can better ensure that any interference with existing water uses will be addressed and eliminated. It is the intent of this act that no water uses associated with a geothermal well impair any water use authorized through appropriation under Title 90 RCW.

(4) Changes to federal law in 2005 require a distribution of a portion of geothermal energy revenues from leases on federal land directly to the county in which the lease activity occurs, and therefore it is appropriate that the additional distribution to the state be provided for statewide uses relating to geothermal energy assessment, exploration, and production." [2013 c 274 § 1.]

78.60.040 Geothermal resources deemed sui generis.

Notwithstanding any other provision of law, geothermal resources are found and hereby determined to be sui generis, being neither a mineral resource nor a water resource and as such are declared to be the private property of the holder of the title to the surface land above the resource, unless the geothermal resources have been otherwise reserved by or conveyed to another person or entity. Nothing in this section divests the people of the state of any rights, title, or interest in geothermal resources owned by the state. [2013 c 274 § 3; 1979 ex.s. c 2 § 1; 1974 ex.s. c 43 § 4. Formerly RCW 79.76.040.]

Findings—Intent—2013 c 274: See note following RCW 78.60.030.

78.60.060 Scope of chapter. (1) This chapter is intended to preempt local regulation of the drilling and operation of wells for geothermal resources but shall not be construed to permit the locating of any well or drilling when such well or drilling is prohibited under state or local land use law or regulations promulgated thereunder. Geothermal resources, by-products, or waste products which have escaped or been released from the energy transfer system or a mineral recovery process shall be subject to provisions of state law relating to the pollution of ground or surface waters (Title 90 RCW), provisions of the state fisheries law and the state game laws (Title 77 RCW), and any other state environmental pollution control laws.

(2) Authorization for a consumptive or nonconsumptive use of water associated with a geothermal well, for purposes including but not limited to power production, greenhouse heating, warm water fish propagation, space heating plants, irrigation, swimming pools, and hot springs baths, shall be subject to the appropriation procedure as provided in Title 90 RCW, except for the following:

(a) Water that is removed from an aquifer or geothermal reservoir to develop and obtain geothermal resources if the water is returned to or reinjected into the same aquifer or reservoir; or

(b) The reasonable loss of water:

(i) During a test of a geothermal well; or

(ii) From the temporary failure of all or part of a system that removes water from an aquifer or geothermal reservoir, transfers the heat from that water, and reinjects that water into the same aquifer or reservoir.

(3) The department and the department of ecology shall cooperate to avoid duplication and to promote efficiency in issuing permits and other approvals for these uses.

(4) Nothing in chapter 274, Laws of 2013 shall affect or operate to impair any existing water rights. [2013 c 274 § 4; 2003 c 39 § 40; 1974 ex.s. c 43 § 6. Formerly RCW 79.76.060.]

Findings—Intent—2013 c 274: See note following RCW 78.60.030.

78.60.110 Suspension of drilling, shut-in or removal of equipment for authorized period—Unlawful abandonment.

(1) The department may authorize the operator to suspend drilling operations, shut-in a completed well, or remove equipment from a well for the period stated in the department's written authorization. The period of suspension may be extended by the department upon the operator showing good cause for the granting of such extension.

(2) If drilling operations are not resumed by the operator, or the well is not put into production, upon expiration of the suspension or shut-in permit, an intention to unlawfully abandon shall be presumed.

(3) A well shall also be deemed unlawfully abandoned if, without written approval from the department, drilling equipment is removed.

(4) An unlawful abandonment under this chapter shall be entered in the department records and written notice thereof shall be mailed by registered mail both to such operator at his or her last known address as disclosed by records of the department and to the operator's surety. The department may thereafter proceed against the operator and his or her surety. [2013 c 23 § 254; 1974 ex.s. c 43 § 11. Formerly RCW 79.76.110.]

78.60.170 Designation of resident agent for service of process.

Each owner or operator of a well shall designate a person who resides in this state as his or her agent upon whom may be served all legal processes, orders, notices, and directives of the department or any court. [2013 c 23 § 255; 1974 ex.s. c 43 § 17. Formerly RCW 79.76.170.]

78.60.250 Violations—Modification of permit, when necessary—Departmental order—Issuance—Appeal.

Whenever it appears with probable cause to the department that:

(1) A violation of any provision of this chapter, regulation adopted pursuant thereto, or condition of a permit issued pursuant to this chapter has occurred or is about to occur, or

(2) That a modification of a permit is deemed necessary to carry out the purpose of this chapter,

the department shall issue a written order in person to the operator or his or her employees or agents, or by certified mail, concerning the drilling, testing, or other operation conducted with respect to any well drilled, in the process of being drilled, or in the process of being abandoned or in the process of reclamation or restoration, and the operator, owner, or designated agent of either shall comply with the terms of the order and may appeal from the order in the manner provided for in RCW 78.60.280. When the department deems necessary, the order may include a shutdown order to remain in effect until the deficiency is corrected. [2013 c 23 § 256; 1974 ex.s. c 43 § 25. Formerly RCW 79.76.250.]

So long as any grant of lands by the United States to the state of Washington, for any purpose, or as lieu or indemnity lands therefor, remains incomplete, the commissioner of public lands shall, from time to time, cause the records in his or her office and in the United States land offices, to be examined for the purpose of ascertaining what of the unappropriated lands of the United States are open to selection, and whether any thereof may be of sufficient value and so situated as to warrant their selection as state lands, and in that case may cause the same to be inspected and appraised by one or more state land inspectors, and a full report made thereon by the smallest legal subdivisions of forty acres each, classifying such lands into grazing, farming, and timbered lands, and estimating the value of each tract inspected and the quantity and value of all valuable material thereon, and in the case of timbered lands the amount and value of the standing timber thereon, and the estimated value of such lands after the timber is removed, which report shall be made as amply and expeditiously as possible on blanks to be furnished by the commissioner of public lands for that purpose, under the oath of the inspector to the effect that he or she has personally examined the tracts mentioned in each forty acres thereof, and that said report and appraisal is made from such personal examination, and is, to the best of affiant's knowledge and belief, true and correct, and that the lands are not occupied by any bona fide settler.

The commissioner of public lands shall select such unappropriated lands as he or she shall deem advisable, and do all things necessary under the laws of the United States to vest title thereto in the state, and shall assign lands of equal value, as near as may be, to the various uncompleted grants. 79.15.510 Contract harvesting—Program established. (*Effective until January 1, 2019.*) (1) The department may establish a contract harvesting program for directly contracting for the removal of timber and other valuable

materials from state lands and for conducting silvicultural treatments consistent with RCW 79.15.540.

(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.

(3) The department may not use contract harvesting for more than twenty percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under RCW 79.15.540 may not be included in calculating the annual limit of contract harvesting sales. Forest biomass resulting from harvesting to address an identified forest health issue under RCW 79.15.540 may be utilized in accordance with chapter 79.150 RCW. Findings—Intent—2009 c 418: "The legislature finds that it is in the best interest of the trust beneficiaries to capture additional revenues while providing for additional environmental protection and improving forest health on state trust lands. Further, the legislature finds that contract harvesting is one method to achieve these desired outcomes while also providing the department of natural resources with the ability to offer opportunities to merchandise high value wood. The legislature intends that the department of natural resources should have the ability to expand their contract sales in areas where other sales do not generate as much revenue or provide resource management benefits. The legislature further intends that the department of natural resources distribute the increased contract harvest authority across all trusts and markets." [2009 c 418 § 1.]

- (a) Facilitate the marketing of forest products of state lands;
- (b) Consolidate and block-up state lands;
- (c) Acquire lands having commercial recreational leasing potential;
- (d) Acquire county-owned lands;
- (e) Acquire urban property which has greater income potential or which could be more efficiently managed by the department in exchange for state urban lands as defined in RCW 79.19.100; or
- (f) Acquire any other lands when such exchange is determined by the board to be in the best interest of the trust for which the state land is held.

(2) Land exchanged under this section shall not be used to reduce the publicly owned forest land base.

(3) The board shall determine that each land exchange is in the best interest of the trust for which the land is held prior to authorizing the land exchange.

Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(b) During the biennium ending June 30, 2015, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(3) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues, and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes. (2) The natural resources real property replacement account is created in the state treasury. This account shall consist of funds transferred or paid for the disposal or transfer of real property by the department under RCW 79.17.200 and the transfer of state lands or state forest lands into community

Reconveyance shall be by quitclaim deed executed by the chair of the board. Upon execution of such deed, full legal and equitable title to such lands shall be vested in that county, and any leases on such lands shall terminate. Chapter 79.100 RCW DERELICT VESSELS

Sections

79.100.060 Reimbursement for costs.
79.100.100 Derelict vessel removal account.

79.100.120 Contesting an authorized public entity's decision to take temporary custody or possession of a vessel—Contesting the amount of reimbursement.
79.100.130 Private moorage facility owner may contract with a local government—Contract requirements.
79.100.140 Authority to board a vessel—Administrative search warrant.
79.100.150 Transfer of certain vessels—Inspection required—Secondary liability. (*Effective July 1, 2014.*)
79.100.160 Voluntary vessel turn-in program.

79.100.040 Obtaining custody of vessel. (1) Prior to exercising the authority granted in RCW 79.100.030, the authorized public entity must first obtain custody of the vessel. To do so, the authorized public entity must:

(a) Mail notice of its intent to obtain custody, at least twenty days prior to taking custody, to the last known address of the previous owner to register the vessel in any state or with the federal government and to any lien holders or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or federal agency;

(b) Post notice of its intent clearly on the vessel for thirty days and publish its intent at least once, more than ten days but less than twenty days prior to taking custody, in a newspaper of general circulation for the county in which the vessel is located; and

(c) Post notice of its intent on the department's internet web site on a page specifically designated for such notices. If the authorized public entity is not the department, the department must facilitate the internet posting.

(2) All notices sent, posted, or published in accordance with this section must, at a minimum, explain the intent of the authorized public entity to take custody of the vessel, the rights of the authorized public entity after taking custody of the vessel as provided in RCW 79.100.030, the procedures the owner must follow in order to avoid custody being taken by the authorized public entity, the procedures the owner must follow in order to reclaim possession after custody is taken by the authorized public entity, and the financial liabilities that the owner may incur as provided for in RCW 79.100.060.

(3)(a) Any authorized public entity may tow, beach, or otherwise take temporary possession of a vessel if the owner of the vessel cannot be located or is unwilling or unable to assume immediate responsibility for the vessel and if the vessel:

(i) Is in immediate danger of sinking, breaking up, or blocking navigational channels; or

(ii) Poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination.

(b) Before taking temporary possession of the vessel, the authorized public entity must make reasonable attempts to consult with the department or the United States coast guard to ensure that other remedies are not available. The basis for taking temporary possession of the vessel must be set out in writing by the authorized public entity within seven days of taking action and be submitted to the owner, if known, as soon thereafter as is reasonable. If the authorized public entity has not already provided the required notice, immediately after taking possession of the vessel, the authorized public entity must initiate the notice provisions in subsection (1) of this section. The authorized public entity must complete the notice requirements of subsection (1) of this section

before using or disposing of the vessel as authorized in RCW 79.100.050.

(4) An authorized public entity may invite the department of ecology to use the authority granted to it under RCW 90.56.410 prior to, or concurrently with, obtaining custody of a vessel under this section. However, this is not a necessary prerequisite to an authorized public entity obtaining custody. [2013 c 291 § 37; 2007 c 342 § 2; 2006 c 153 § 3; 2002 c 286 § 5.]

79.100.060 Reimbursement for costs. (1) The owner of an abandoned or derelict vessel, or any person or entity that has incurred secondary liability under RCW 79.100.150, is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner's vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in RCW 79.100.030, all administrative costs incurred by the authorized public entity during the procedure set forth in RCW 79.100.040, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel. An authorized public entity that has taken temporary possession of a vessel may require that all reasonable and auditable costs associated with the removal of the vessel be paid before the vessel is released to the owner.

(2) Reimbursement for costs may be sought from an owner, or any person or entity that has incurred secondary liability under RCW 79.100.150, who is identified subsequent to the vessel's removal and disposal.

(3) If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys' fees and costs incurred by the authorized public entity. [2013 c 291 § 40; 2006 c 153 § 4; 2002 c 286 § 7.]

79.100.100 Derelict vessel removal account. (1)(a) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in RCW 88.02.640 must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under RCW 88.02.640(4), as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter.

(b) Moneys in the account may only be spent after appropriation. Expenditures from the account may only be used by the department for developing and administering the vessel turn-in program created in RCW 79.100.160 and to reimburse authorized public entities for up to ninety percent of the total reasonable and auditable administrative, removal, dis-

posal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement may not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, or any other person or entity that has incurred secondary liability under RCW 79.100.150, regardless of the title of owner of the vessel.

(c) Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 must be used to reimburse one hundred percent of costs and should be prioritized for the removal of large vessels.

(d) Costs associated with the removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account.

(e) In each biennium, up to twenty percent of the expenditures from the derelict vessel removal account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(3) The department must keep all authorized public entities apprised of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (3) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(4) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(5) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action. [2013 c 291 § 2; 2010 c 161 § 1161; 2007 c 342 § 4; 2006 c 153 § 6; 2002 c 286 § 11.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

79.100.120 Contesting an authorized public entity's decision to take temporary custody or possession of a vessel—Contesting the amount of reimbursement. (1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the pollution control hearings board and served on the state agency in accordance with RCW 43.21B.230 (2) and (3) within thirty days of the date the authorized public entity acquires custody of the vessel under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing.

(c) Consistent with RCW 43.21B.305, a proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in subsection (2) of this section. [2013 c 291 § 32; 2010 c 210 § 34; 2006 c 153 § 5.]

Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.

79.100.130 Private moorage facility owner may contract with a local government—Contract requirements. (1) A private moorage facility owner, as those terms are defined in RCW 88.26.010, may contract with a local govern-

ment for the purpose of participating in the derelict vessel removal program.

(2) If a contract is completed under this section, the local government shall serve as the authorized public entity for the removal of a derelict or abandoned vessel from the property of the private moorage facility owner. The contract must provide for the private moorage facility owner to be financially responsible for the removal and disposal costs that are not reimbursed by the department as provided under RCW 79.100.100, and any additional reasonable administrative costs incurred by the local government during the removal of the derelict or abandoned vessel.

(3) Prior to the commencement of any removal which will seek reimbursement from the derelict vessel removal program, the contract and the proposed vessel removal shall be submitted to the department for review and approval. The local government shall use the procedure specified under RCW 79.100.100(6).

(4) If the private moorage facility owner has already seized the vessel under chapter 88.26 RCW and title has reverted to the moorage facility, the moorage facility is not considered the owner under this chapter for purposes of cost recovery for actions taken under this section. [2013 c 291 § 4; 2011 c 247 § 2; 2007 c 342 § 3.]

79.100.140 Authority to board a vessel—Administrative search warrant. (1) An officer or employee of an authorized public entity, or the department of ecology at the request of an authorized public entity, may, consistent with subsection (2) of this section, board any vessel at any reasonable time for the purpose of:

(a) Administering this chapter, including identifying ownership of a vessel, assessing the structural integrity of a vessel, and assessing whether a vessel meets the criteria described under RCW 79.100.040(3); or

(b) For the department of ecology only, mitigating a potential threat to health, safety, or the environment under the authority provided in chapter 90.56 RCW.

(2)(a) Prior to boarding any vessel under the authority of this section, an officer or employee of an authorized public entity or the department of ecology must apply for and obtain an administrative search warrant in either Thurston county superior court or the superior court in the county where the vessel is located, unless a warrant is not otherwise required by law. The court may issue an administrative search warrant where the court has reasonable cause to believe it is necessary to achieve the purposes of this section.

(b) Prior to requesting an administrative search warrant under this subsection, the officer or employee must make a reasonable effort to contact the owner or the owner's designee and obtain consent to board the vessel.

(3) Nothing in this section affects an authorized public entity's authority to carry out actions under RCW 79.100.040 or any agency's existing authority to enter onto vessels under any other statute. [2013 c 291 § 35.]

79.100.150 Transfer of certain vessels—Inspection required—Secondary liability. (Effective July 1, 2014.) (1) A vessel owner must obtain a vessel inspection under this section prior to transferring a vessel that is:

(a) More than sixty-five feet in length and more than forty years old; and

(b) Either:

(i) Is registered or required to be registered under chapter 88.02 RCW; or

(ii) Is listed or required to be listed under chapter 84.40 RCW.

(2) Where required under subsection (1) of this section, a vessel owner must provide a copy of the vessel inspection documentation to the transferee and, if the department did not conduct the inspection, to the department prior to the transfer.

(3) Failure to comply with the requirements of subsections (1) and (2) of this section will result in the transferor having secondary liability under RCW 79.100.060 if the vessel is later abandoned by the transferee or becomes derelict prior to a subsequent ownership transfer. [2013 c 291 § 38.]

Effective date—2013 c 291 § 38: "Section 38 of this act takes effect July 1, 2014." [2013 c 291 § 48.]

79.100.160 Voluntary vessel turn-in program. (1) The department may develop and administer a voluntary vessel turn-in program.

(2) The purpose of the vessel turn-in program is to allow the department to dismantle and dispose of vessels that pose a high risk of becoming a derelict vessel or abandoned vessel, but that do not yet meet the definition of those terms. The department shall design the program with the goal of dismantling and disposing of as many vessels as available resources allow, particularly those vessels posing the greatest risk of becoming abandoned or derelict in the future.

(3) The department shall disseminate information about the vessel turn-in program, including information about the application process, on its internet site and through appropriate agency publications and information sources as determined by the department. The department shall disseminate this information for a reasonable time as determined by the department prior to accepting applications.

(4) The department shall accept and review vessel turn-in program applications from eligible vessel owners, including private marinas that have gained legal title to a vessel in an advanced state of disrepair, during the time period or periods identified by the department. In order to be eligible for the vessel turn-in program, an applicant must demonstrate to the department's satisfaction that the applicant:

(a) Is a Washington resident or business;

(b) Owns a vessel that is in an advanced state of disrepair, has minimal or no value, and has a high likelihood of becoming an abandoned or derelict vessel; and

(c) Has insufficient resources to properly dispose of the vessel outside of the vessel turn-in program.

(5) Decisions regarding program eligibility and whether to accept a vessel for dismantling and disposal under the turn-in program are within the sole discretion of the department.

(6) The department may take other actions not inconsistent with this section in order to develop and administer the vessel turn-in program.

(7) The department may not spend more than two hundred thousand dollars in any one biennium on the program established in this section. [2013 c 291 § 42.]

During the 2013-2015 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the geoduck aquaculture research account for research related to shellfish aquaculture.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

79.135.210 Geoduck harvesting—Agreements, regulation—Geoduck diver safety program. (1) Except as provided in RCW 79.135.040, geoducks shall be sold as valuable materials under the provisions of *chapter 79.90 RCW. After confirmation of the sale, the department may enter into an agreement with the purchaser for the harvesting of geoducks. The department may place terms and conditions in the harvesting agreements as the department deems necessary. The department may enforce the provisions of any harvesting agreement by suspending or canceling the harvesting agreement or through any other means contained in the harvesting agreement. Any geoduck harvester may terminate a harvesting agreement entered into pursuant to this subsection if actions of a governmental agency, beyond the control of the harvester, its agents, or its employees, prohibit harvesting, for

a period exceeding thirty days during the term of the harvesting agreement, except as provided within the agreement. Upon termination of the agreement by the harvester, the harvester shall be reimbursed by the department for the cost paid to the department on the agreement, less the value of the harvest already accomplished by the harvester under the agreement.

(2) Harvesting agreements under this title for the purpose of harvesting geoducks shall require the harvester and the harvester's agent or representatives to comply with all applicable commercial diving safety standards and regulations promulgated and implemented by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as the law exists or as amended (84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq.). However, for the purposes of this section and RCW 77.60.070, all persons who dive for geoducks are deemed to be employees as defined by the federal occupational safety and health act. All harvesting agreements shall provide that failure to comply with these standards is cause for suspension or cancellation of the harvesting agreement. Further, for the purposes of this subsection if the harvester contracts with another person or entity for the harvesting of geoducks, the harvesting agreement shall not be suspended or canceled if the harvester terminates its business relationship with such an entity until compliance with this subsection is secured.

(3) Beginning January 1, 2015, geoduck divers licensed under RCW 77.65.410 must annually complete the geoduck diver safety program established in RCW 43.30.560 in order to be maintained on a department of natural resources' harvest agreement plan of operation. 79.155.140 Distribution of an amount in lieu of real property taxes. The state treasurer, on behalf of the department, must distribute to counties for all lands acquired from private landowners for the purposes of this chapter an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW except taxes levied for any state purpose, plus an additional amount equal to the amount of weed control assessment that would be due if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due. The county shall distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county shall distribute the amount received under this section for weed control to the appropriate weed district. [2013 2nd sp.s. c 11 § 14.]

Inasmuch as the value of land with standing timber is increasing and will continue to increase from year to year and no loss will be caused to the common school fund or other fund into which the proceeds of the sale of any land held by the state would be paid by postponing the sale thereof, the commissioner of public lands may, upon his or her own motion, and shall, when directed so to do by the state parks and recreation commission, withdraw from sale any land held by the state abutting on any public highway and certify to the commission that such land is withheld from sale pursuant to the terms of this section.

(a) The purposes for which the transferee intends to use the vessel; and

(b) Information demonstrating the prospective owner's intent to obtain legal moorage following the transfer, in the manner determined by the commission.

(2)(a) The commission shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the commission may transfer a vessel with:

(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the commission's satisfaction that the container's or material's presence is consistent with the anticipated use of the vessel; and

(ii) A reasonable amount of fuel as determined by the commission, based on factors including the vessel's size, condition, and anticipated use of the vessel, including initial destination following transfer.

(c) The commission may consult with the department of ecology in carrying out the requirements of this subsection.

(3) Prior to sale, and unless the vessel has a title or valid marine document, the commission is required to apply for a certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550. [2013 c 291 § 12.]

79A.05.700 Declaration. The Green River Gorge, between the town of Kanasket and the Kummer bridge in King county, is a twelve mile spectacularly winding gorge with steep to overhanging rock walls reaching heights of from one hundred fifty to three hundred feet. The beauty and natural features of the gorge are generally confined within the canyon rim. This twelve mile gorge area contains many examples of unique biological and geological features for educational and recreational interpretation, almost two miles of Eocene sediment rocks and fossils are exposed revealing one of the most complete stratigraphic sections to be found in the region. The area, a unique recreational attraction with more than one million seven hundred thousand people living within an hour's driving time, is presently used by hikers, geologists, fishers, kayakers and canoeists, picnickers and swimmers, and those seeking the solitude offered by this unique area. Abutting and adjacent landowners generally have kept the gorge lands in their natural state; however, economic and urbanization pressures for development are rapidly increasing. Local and state outdoor recreation plans show a regional need for resources and facilities which could be developed in this area. A twelve-mile strip incorporating the visual basins of the Green river from the Kummer bridge to Palmer needs to be acquired and developed as a conservation area to preserve this unique area for the recreational needs of the region. Board members shall serve three-year terms, except that two of the original appointees shall serve one-year terms, and two of the original appointees shall serve two-year terms. Of the board members appointed pursuant to chapter 31, Laws of 2013, one shall serve an initial one-year term, one shall serve an initial two-year term, and two shall serve an initial term of three years. A board member may serve consecutive terms.

(b) The articles of incorporation shall provide that the commission appoint board members as follows:

(i) One board member shall represent the interests of the commission;

(ii) One board member shall represent the interests of the county in which the park is located. In making this appoint-

ment, the commission shall solicit recommendations from the county legislative authority; and

(iii) Nine board members shall represent the geographic and sports discipline diversity of equestrian interests in the state, and at least three of these members shall have business experience relevant to the organization of horse shows or operation of a horse show facility. In making these appointments, the commission shall solicit recommendations from a variety of active horse-related organizations in the state.

(3) The articles of incorporation shall include a policy that provides for the preferential use of a specific area of the horse park facilities at nominal cost for horse groups associated with youth groups and individuals with disabilities.

(4) The commission shall make appointments to fill board vacancies for positions authorized under subsection (2) of this section, upon additional solicitation of recommendations from the board of directors.

(5) The board of directors shall perform their duties in the best interests of the authority, consistent with the standards applicable to directors of nonprofit corporations under RCW 24.03.127. [2013 c 31 § 2; 2011 1st sp.s. c 21 § 32; 2000 c 11 § 85; 1995 c 200 § 4. Formerly RCW 67.18.030.]

Findings—2013 c 31: "The legislature finds that the Washington state horse park authority is a unique public-private partnership for providing equestrian recreational opportunities. Because the authority is a statutorily created nonprofit corporation, its growth as an organization requires statutory authorization. The legislature finds that expanding membership of the authority's board will: Allow additional board representation for the geographic and sports discipline diversity of equestrian interests; add relevant business experience to the board; and avoid duplicating efforts of other organizations." 79A.60.040 Operation of vessel in a reckless manner—Operation of a vessel under the influence of intoxicating liquor, marijuana, or any drug—Consent to breath or blood test—Penalty. (1) It is unlawful for any person to operate a vessel in a reckless manner.

(2) It is unlawful for a person to operate a vessel while under the influence of intoxicating liquor, marijuana, or any drug. A person is considered to be under the influence of intoxicating liquor, marijuana, or any drug if, within two hours of operating a vessel:

(a) The person has an alcohol concentration of 0.08 or higher as shown by analysis of the person's breath or blood made under RCW 46.61.506; or

(b) The person has a THC concentration of 5.00 or higher as shown by analysis of the person's blood made under RCW 46.61.506; or

(c) The person is under the influence of or affected by intoxicating liquor, marijuana, or any drug; or

(d) The person is under the combined influence of or affected by intoxicating liquor, marijuana, and any drug.

(3) The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section.

(4) Any person who operates a vessel within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of the person's breath or blood for the purpose of determining the alcohol concentration, THC concentration, or presence of any drug in the person's breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person was operating a vessel while under the influence of intoxicating liquor, marijuana, or any drug. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood. An arresting officer may administer field sobriety tests when circumstances permit.

(5) The test or tests of breath must be administered pursuant to RCW 46.20.308. Where the officer has reasonable grounds to believe that the person is under the influence of a drug, or where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample, or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility, a blood test must be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall warn the person that if the person refuses to take the test, the person will be issued a class 1 civil infraction under RCW 7.80.120.

(6) A violation of subsection (1) of this section is a misdemeanor. A violation of subsection (2) of this section is a gross misdemeanor. In addition to the statutory penalties imposed, the court may order the defendant to pay restitution for any damages or injuries resulting from the offense. [2013 c 278 § 1; 1998 c 213 § 7; 1993 c 244 § 8. Prior: 1990 c 231 § 3; 1990 c 31 § 1; 1987 c 373 § 6; 1986 c 153 § 6; 1985 c 267 § 2. Formerly RCW 88.12.025, 88.12.100, and 88.02.095.]

79A.60.150 Failure of vessel to contain safety equipment—Owner/operator may be cited for applicable infraction or crime. If a vessel does not contain the safety equipment required under this chapter and the rules of the commission, and the operator is not the owner of the vessel but is operating the vessel with the express or implied permission of the owner, then either the owner or the operator, or both, may be cited for the applicable infraction or charged with the applicable crime. [2013 c 278 § 6; 1993 c 244 § 13. Formerly RCW 88.12.105.]

Intent—1993 c 244: See note following RCW 79A.60.010.

79A.60.700 Refusal to submit to certain tests—Not admissible as evidence—Penalty. (1) The refusal of a person to submit to a test of the alcohol concentration, THC con-

centration, or presence of any drug in the person's blood or breath is not admissible into evidence at a subsequent criminal trial.

(2) A person's refusal to submit to a test or tests pursuant to RCW 79A.60.040 constitutes a class 1 civil infraction under RCW 7.80.120. [2013 c 278 § 2.]

(a) Displays the vessel registration numbers and a valid decal on the vessel hull as required by RCW 88.02.550(1);

(b) Keeps a copy of the vessel registration certificate aboard the vessel, in compliance with RCW 88.02.340;

(c) Displays a carbon monoxide decal on the vessel as required by RCW 88.02.390(2) if the vessel is motor-driven and is not a personal watercraft;

(k) Provides all other safety equipment required by RCW 79A.60.110 and referenced in the motor vessel safety operating and equipment checklist prescribed by the Washington state parks and recreation commission and required under RCW 79A.60.640(6).

(2) This section does not apply to fishing guides and charter boat operators who have a United States coast guard operator's license and are operating on navigable waters, and people who act in the capacity of a paid whitewater river outfitter or guide, or who operate a vessel carrying passengers for hire on whitewater rivers in this state.

(3) As provided in RCW 79A.60.020, a violation of this section is a civil infraction punishable under chapter 7.84 RCW, unless:

(a) The violation is a violation of RCW 88.02.550, which is punished as a class 2 civil infraction; or

(b) The current violation is the person's third violation of the same provision of this chapter during the past three hundred sixty-five days. If it is the person's third violation, then it must be punished as a misdemeanor under RCW 9.92.030. [2013 c 278 § 5.]

(b) Special events and group activities are core recreational activities and major public service opportunities within state parks. When waiving the requirements of this section for special events, the state parks and recreation commission must consider the direct and indirect costs and benefits to the state, local market rental rates, the public service functions of the event sponsor, and other public interest factors when setting appropriate fees for each event or activity.

(2) In exercising this authority, the agencies must prioritize opportunities for discounted sales that result in a net revenue gain. [2013 2nd sp.s. c 15 § 4.]

(b) The commission must, in establishing the telephone assistance rate, consider all charges for local exchange service, including federal end user charges, mileage charges, extended area service, and any other charges necessary to obtain local exchange service.

(c) The telephone assistance rate is only available to eligible customers subscribing to the lowest priced local exchange flat rate service, where the lowest priced local exchange flat rate service, including any federal end user charges and any other charges necessary to obtain local exchange service, is greater than the telephone assistance rate.

(d) The cost of providing the service must be paid, to the maximum extent possible, by a waiver of all or part of federal end user charges and, to the extent necessary, from the available appropriated funds.

(4) A discount on a community service voice mailbox that provides recipients with (a) an individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a secure private security code to retrieve messages. Findings—Intent—Effective date—State universal communications services program—Advisory board—Timely rule adoption—Utilities and transportation commission report—2013 2nd sp.s. c 8: See notes following RCW 80.36.650.

80.36.650 State universal communications services program—Established. (Effective July 1, 2014, until July 1, 2020.) (1) A state universal communications services program is established. The program is established to protect public safety and welfare under the authority of the state to regulate telecommunications under Article XII, section 19 of the state Constitution. The purpose of the program is to support continued provision of basic telecommunications services under rates, terms, and conditions established by the commission during the time over which incumbent communications providers in the state are adapting to changes in federal universal service fund and intercarrier compensation support.

(2) Under the program, eligible communications providers may receive distributions from the universal communications services account created in RCW 80.36.690 in exchange for the affirmative agreement to provide continued services under the rates, terms, and conditions established by the commission under this chapter for the period covered by the distribution. The commission must implement and administer the program under terms and conditions established in RCW 80.36.630 through 80.36.690. Expenditures for the program may not exceed five million dollars per fiscal year.

(3) A communications provider is eligible to receive distributions from the account if:

(a) The communications provider is: (i) An incumbent local exchange carrier serving fewer than forty thousand access lines in the state; or (ii) a radio communications service company providing wireless two-way voice communications service to less than the equivalent of forty thousand access lines in the state. For purposes of determining the access line threshold in this subsection, the access lines or equivalents of all affiliates must be counted as a single threshold, if the lines or equivalents are located in Washington;

(b) The customers of the communications provider are at risk of rate instability or service interruptions or cessations absent a distribution to the provider that will allow the provider to maintain rates reasonably close to the benchmark; and

(c) The communications provider meets any other requirements established by the commission pertaining to the provision of communications services, including basic telecommunications services.

(4)(a) Distributions to eligible communications providers are based on a benchmark established by the commission. The benchmark is the rate the commission determines to be a reasonable amount customers should pay for basic residential

service provided over the incumbent public network. However, if an incumbent local exchange carrier is charging rates above the benchmark for the basic residential service, that provider may not seek distributions from the fund for the purpose of reducing those rates to the benchmark.

(b) To receive a distribution under the program, an eligible communications provider must affirmatively consent to continue providing communications services to its customers under rates, terms, and conditions established by the commission pursuant to this chapter for the period covered by the distribution.

(5) The program is funded from amounts deposited by the legislature in the universal communications services account established in RCW 80.36.690. The commission must operate the program within amounts appropriated for this purpose and deposited in the account.

(6) The commission must periodically review the accounts and records of any communications provider that receives distributions under the program to ensure compliance with the program and monitor the providers' use of the funds.

(7) The commission must establish an advisory board, consisting of a reasonable balance of representatives from different types of communications providers and consumers, to advise the commission on any rules and policies governing the operation of the program.

(8) The program terminates on June 30, 2019, and no distributions may be made after that date.

(9) This section expires July 1, 2020. [2013 2nd sp.s. c 8 § 203.]

Findings—Intent—2013 2nd sp.s. c 8: "(1) The legislature finds that:

(a) The benefit that all consumers and communications providers derive from connection to the legacy public telephone network is enhanced by a universal service program that enables as many consumers to be connected to the public network as possible; and

(b) Consumers in all areas of the state should continue to have access to communications services at reasonable rates.

(2) The state has long relied on incumbent local exchange carriers to provide a ubiquitous incumbent public network as carriers of last resort. Significant changes are occurring in the communications marketplace, including: (a) The migration from customer reliance on access lines for voice service to the use of broadband for a number of communications applications; and (b) changes in federal regulations governing: How communications providers compensate other providers for the use of the network; and eligibility for federal universal service funds. These changes are adversely affecting the ability of some communications providers to continue to offer communications services in rural areas of the state of Washington at rates that are comparable to those prevailing in urban areas. These changes, absent explicit federal and state universal service support for such communications providers, may lead, in the short term, to unreasonable telephone service rate increases or cessation of service for some Washington consumers. Therefore, it is in the best interest of the state to ensure that incumbent local exchange carriers are able to continue to provide services as the carrier of last resort.

(3) As a result of the foregoing and to enable all consumers in Washington to access and benefit from a ubiquitous public network, the legislature intends to create a targeted and temporary universal service program that supports the legacy public telephone network of Washington's smaller incumbent communications providers and ensures access to the network during this transition to broadband services, is operated in a transparent manner pursuant to rules adopted by the utilities and transportation commission, and advances universal service in a manner not inconsistent with the requirements of 47 U.S.C. Sec. 254, the federal telecommunications act of 1996." [2013 2nd sp.s. c 8 § 201.]

The said term shall also include every logging and other industrial railway owned or operated primarily for the purpose of carrying the property of its owners or operators or of a limited class of persons, with all tracks, spurs, and sidings used in connection therewith. The said term shall not include street railways operating within the limits of any incorporated city or town.

81.53.030 Petition for crossing—Hearing—Order. Whenever a railroad company desires to cross a highway or railroad at grade, it shall file a written petition with the commission setting forth the reasons why the crossing cannot be made either above or below grade. Whenever the legislative authority of a county, or the municipal authorities of a city, or the state officers authorized to lay out and construct state roads, or the state parks and recreation commission, desire to extend a highway across a railroad at grade, they shall file a written petition with the commission, setting forth the reasons why the crossing cannot be made either above or below grade. Upon receiving the petition, the commission shall immediately investigate it, giving at least ten days' notice to the railroad company and the county or city affected thereby, of the time and place of the investigation, to the end that all parties interested may be present and heard. If the highway involved is a state road or parkway, the secretary of transportation or the state parks and recreation commission shall be notified of the time and place of hearing. The evidence introduced shall be reduced to writing and be filed by the commission. If it finds that it is not practicable to cross the railroad or highway either above or below grade, the commission shall enter a written order in the cause, either granting or denying the right to construct a grade crossing at the point in question. The commission may provide in the order authorizing a grade crossing, or at any subsequent time, that the railroad company shall install and maintain proper signals, warnings, flaggers, interlocking devices, or other devices or means to secure the safety of the public and its employees. In respect to existing railroad grade crossings over highways the construction of which grade crossings was accomplished other than under a commission order authorizing it, the commission may in any event require the railroad company to install and maintain, at or near each crossing, on both sides of it, a sign known as the sawbuck crossing sign with the lettering "Railroad Crossing" inscribed thereon with a suitable inscription indicating the number of tracks. The sign shall be of standard design conforming to specifications furnished by the Washington state department of transportation. [2013 c 23 § 303; 1984 c 7 § 373; 1961 c 14 § 81.53.030. 81.53.120 Cost when railroad crosses railroad. Whenever two or more lines of railroad owned or operated by different companies cross a highway, or each other, by an over-crossing, under-crossing, or grade crossing required or permitted by this chapter or by an order of the commission, the portion of the expense of making such crossing not chargeable to any municipality, county, or to the state, and the expense of constructing and maintaining such signals, warnings, flaggers, interlocking devices, or other devices or means to secure the safety of the public and the employees of the railroad company, as the commission may require to be constructed and maintained, shall be apportioned between

said railroad companies by the commission in such manner as justice may require, regard being had for all facts relating to the establishment, reason for, and construction of said improvement, unless said companies shall mutually agree upon an apportionment. If it becomes necessary for the commission to make an apportionment between the railroad companies, a hearing for that purpose shall be held, at least ten days' notice of which shall be given. 81.53.261 Crossing signals, warning devices—Petition—Hearing—Order—Costs apportionment—Records not evidence for actions—Appeal. Whenever the secretary of transportation or the governing body of any city, town, or county, or any railroad company whose road is crossed by any highway, shall deem that the public safety requires signals or other warning devices, other than sawbuck signs, at any crossing of a railroad at common grade by any state, city, town, or county highway, road, street, alley, avenue, boulevard, parkway, or other public place actually open and in use or to be opened and used for travel by the public, he or she or it shall file with the utilities and transportation commission a petition in writing, alleging that the public safety requires the installation of specified signals or other warning devices at such crossing or specified changes in the method and manner of existing crossing warning devices. Upon receiving such petition, the commission shall promptly set the matter for hearing, giving at least twenty days notice to the railroad company or companies and the county or municipality affected thereby, or the secretary of transportation in the case of a state highway, of the time and place of such hearing. At the time and place fixed in the notice, all persons and parties interested shall be entitled to be heard and introduce evidence, which shall be reduced to writing and filed by the commission. If the commission shall determine from the evidence that public safety does not require the installation of the signal, other warning device or change in the existing warning device specified in the petition, it shall make determinations to that effect and enter an order denying said petition in toto. If the commission shall determine from the evidence that public safety requires the installation of such signals or other warning devices at such crossing or such change in the existing warning devices at said crossing, it shall make determinations to that effect and enter an order directing the installation of such signals or other warning devices or directing that such changes shall be made in existing warning devices. The commission shall also at said hearing apportion the entire cost of installation and maintenance of such signals or other warning devices, other than sawbuck signs, as provided in RCW 81.53.271: PROVIDED, That upon agreement by all parties to waive hearing, the commission shall forthwith enter its order.

No railroad shall be required to install any such signal or other warning device until the public body involved has either paid or executed its promise to pay to the railroad its portion of the estimated cost thereof.

Nothing in this section shall be deemed to foreclose the right of the interested parties to enter into an agreement, franchise, or permit arrangement providing for the installation of

signals or other warning devices at any such crossing or for the apportionment of the cost of installation and maintenance thereof, or compliance with an existing agreement, franchise, or permit arrangement providing for the same.

The hearing and determinations authorized by this section may be instituted by the commission on its own motion, and the proceedings, hearing, and consequences thereof shall be the same as for the hearing and determination of any petition authorized by this section.

No part of the record, or a copy thereof, of the hearing and determination provided for in this section and no finding, conclusion, or order made pursuant thereto shall be used as evidence in any trial, civil or criminal, arising out of an accident at or in the vicinity of any crossing prior to installation of signals or other warning devices pursuant to an order of the commission as a result of any such investigation.

Any order entered by the utilities and transportation commission under this section shall be subject to review, supersedeas, and appeal as provided in chapter 34.05 RCW.

Nothing in this section shall be deemed to relieve any railroad from liability on account of failure to provide adequate protective devices at any such crossing. [2013 c 23 § 305; 2007 c 234 § 99; 1982 c 94 § 1; 1969 c 134 § 1.]

Chapter 82.02 RCW GENERAL PROVISIONS

Sections

- 82.02.020 State preempts certain tax fields—Fees prohibited for the development of land or buildings—Voluntary payments by developers authorized—Limitations—Exceptions.

82.02.020 State preempts certain tax fields—Fees prohibited for the development of land or buildings—Voluntary payments by developers authorized—Limitations—Exceptions. Except only as expressly provided in chapters 67.28, 81.104, and 82.14 RCW, the state preempts the field of imposing retail sales and use taxes and taxes upon parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 64.34.440 and 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this sec-

tion does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW, including reasonable fees that are consistent with RCW 43.21C.420(6), 43.21C.428, and beginning July 1, 2014, RCW 35.91.020.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefited thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges. However, no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged. Furthermore, these provisions may not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Title 54, 57, or 87 RCW, nor is the authority conferred by these titles affected. 82.04.050 "Sale at retail," "retail sale." (1)(a) "Sale at retail" or "retail sale" means every sale of tangible personal property (including articles produced, fabricated, or imprinted) to all persons irrespective of the nature of their

business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for consumers other than a sale to a person who:

(i) Purchases for the purpose of resale as tangible personal property in the regular course of business without intervening use by such person, but a purchase for the purpose of resale by a regional transit authority under RCW 81.112.300 is not a sale for resale; or

(ii) Installs, repairs, cleans, alters, imprints, improves, constructs, or decorates real or personal property of or for consumers, if such tangible personal property becomes an ingredient or component of such real or personal property without intervening use by such person; or

(iii) Purchases for the purpose of consuming the property purchased in producing for sale as a new article of tangible personal property or substance, of which such property becomes an ingredient or component or is a chemical used in processing, when the primary purpose of such chemical is to create a chemical reaction directly through contact with an ingredient of a new article being produced for sale; or

(iv) Purchases for the purpose of consuming the property purchased in producing ferrosilicon which is subsequently used in producing magnesium for sale, if the primary purpose of such property is to create a chemical reaction directly through contact with an ingredient of ferrosilicon; or

(v) Purchases for the purpose of providing the property to consumers as part of competitive telephone service, as defined in RCW 82.04.065; or

(vi) Purchases for the purpose of satisfying the person's obligations under an extended warranty as defined in subsection (7) of this section, if such tangible personal property replaces or becomes an ingredient or component of property covered by the extended warranty without intervening use by such person.

(b) The term includes every sale of tangible personal property that is used or consumed or to be used or consumed in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property is resold or used as provided in (a)(i) through (vi) of this subsection following such use.

(c) The term also means every sale of tangible personal property to persons engaged in any business that is taxable under RCW 82.04.280(1) (a), (b), and (g), 82.04.290, and 82.04.2908.

(2) The term "sale at retail" or "retail sale" includes the sale of or charge made for tangible personal property consumed and/or for labor and services rendered in respect to the following:

(a) The installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, including charges made for the mere use of facilities in respect thereto, but excluding charges made for the use of self-service laundry facilities, and also excluding sales of laundry service to nonprofit health care facilities, and excluding services rendered in respect to live animals, birds and insects;

(b) The constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal

property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and also includes the sale of services or charges made for the clearing of land and the moving of earth excepting the mere leveling of land used in commercial farming or agriculture;

(c) The constructing, repairing, or improving of any structure upon, above, or under any real property owned by an owner who conveys the property by title, possession, or any other means to the person performing such construction, repair, or improvement for the purpose of performing such construction, repair, or improvement and the property is then reconveyed by title, possession, or any other means to the original owner;

(d) The cleaning, fumigating, razing, or moving of existing buildings or structures, but does not include the charge made for janitorial services; and for purposes of this section the term "janitorial services" means those cleaning and caretaking services ordinarily performed by commercial janitor service businesses including, but not limited to, wall and window washing, floor cleaning and waxing, and the cleaning in place of rugs, drapes and upholstery. The term "janitorial services" does not include painting, papering, repairing, furnace or septic tank cleaning, snow removal or sandblasting;

(e) Automobile towing and similar automotive transportation services, but not in respect to those required to report and pay taxes under chapter 82.16 RCW;

(f) The furnishing of lodging and all other services by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, and it is presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or enjoy the same. For the purposes of this subsection, it is presumed that the sale of and charge made for the furnishing of lodging for a continuous period of one month or more to a person is a rental or lease of real property and not a mere license to enjoy the same;

(g) The installing, repairing, altering, or improving of digital goods for consumers;

(h) Persons taxable under (a), (b), (c), (d), (e), (f), and (g) of this subsection when such sales or charges are for property, labor and services which are used or consumed in whole or in part by such persons in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property, labor and services may be resold after such use or consumption. Nothing contained in this subsection may be construed to modify subsection (1) of this section and nothing contained in subsection (1) of this section may be construed to modify this subsection.

(3) The term "sale at retail" or "retail sale" includes the sale of or charge made for personal, business, or professional services including amounts designated as interest, rents, fees, admission, and other service emoluments however designated, received by persons engaging in the following business activities:

(a)(i) Amusement and recreation services including but not limited to golf, pool, billiards, skating, bowling, ski lifts and tows, day trips for sightseeing purposes, and others, when provided to consumers.

(ii) Until July 1, 2017, amusement and recreation services do not include the opportunity to dance provided by an establishment in exchange for a cover charge.

(iii) For purposes of this subsection (3)(a):

(A) "Cover charge" means a charge, regardless of its label, to enter an establishment or added to the purchaser's bill by an establishment or otherwise collected after entrance to the establishment, and the purchaser is provided the opportunity to dance in exchange for payment of the charge.

(B) "Opportunity to dance" means that an establishment provides a designated physical space, on either a temporary or permanent basis, where customers are allowed to dance and the establishment either advertises or otherwise makes customers aware that it has an area for dancing;

(b) Abstract, title insurance, and escrow services;

(c) Credit bureau services;

(d) Automobile parking and storage garage services;

(e) Landscape maintenance and horticultural services but excluding (i) horticultural services provided to farmers and (ii) pruning, trimming, repairing, removing, and clearing of trees and brush near electric transmission or distribution lines or equipment, if performed by or at the direction of an electric utility;

(f) Service charges associated with tickets to professional sporting events; and

(g) The following personal services: Physical fitness services, tanning salon services, tattoo parlor services, steam bath services, turkish bath services, escort services, and dating services.

(4)(a) The term also includes the renting or leasing of tangible personal property to consumers.

(b) The term does not include the renting or leasing of tangible personal property where the lease or rental is for the purpose of sublease or subrent.

(5) The term also includes the providing of "competitive telephone service," "telecommunications service," or "ancillary services," as those terms are defined in RCW 82.04.065, to consumers.

(6)(a) The term also includes the sale of prewritten computer software to a consumer, regardless of the method of delivery to the end user. For purposes of this subsection (6)(a), the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

The term "retail sale" does not include the sale of or charge made for:

(i) Custom software; or

(ii) The customization of prewritten computer software.

(b)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per use, per user, per license, subscription, or some other basis.

(ii)(A) The service described in (b)(i) of this subsection (6) includes the right to access and use prewritten computer software to perform data processing.

(B) For purposes of this subsection (6)(b)(ii), "data processing" means the systematic performance of operations on data to extract the required information in an appropriate form or to convert the data to usable information. Data processing includes check processing, image processing, form processing, survey processing, payroll processing, claim processing, and similar activities.

(7) The term also includes the sale of or charge made for an extended warranty to a consumer. For purposes of this subsection, "extended warranty" means an agreement for a specified duration to perform the replacement or repair of tangible personal property at no additional charge or a reduced charge for tangible personal property, labor, or both, or to provide indemnification for the replacement or repair of tangible personal property, based on the occurrence of specified events. The term "extended warranty" does not include an agreement, otherwise meeting the definition of extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. For purposes of this subsection, "sales price" has the same meaning as in RCW 82.08.010.

(8)(a) The term also includes the following sales to consumers of digital goods, digital codes, and digital automated services:

(i) Sales in which the seller has granted the purchaser the right of permanent use;

(ii) Sales in which the seller has granted the purchaser a right of use that is less than permanent;

(iii) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and

(iv) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(b) A retail sale of digital goods, digital codes, or digital automated services under this subsection (8) includes any services provided by the seller exclusively in connection with the digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(c) For purposes of this subsection, "permanent" means perpetual or for an indefinite or unspecified length of time. A right of permanent use is presumed to have been granted unless the agreement between the seller and the purchaser specifies or the circumstances surrounding the transaction suggest or indicate that the right to use terminates on the occurrence of a condition subsequent.

(9) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. For the purpose of this subsection (9), an operator must do more than maintain, inspect, or set up the tangible personal property.

(10) The term does not include the sale of or charge made for labor and services rendered in respect to the building, repairing, or improving of any street, place, road, highway, easement, right-of-way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic including mass transportation vehicles of any kind.

(11) The term also does not include sales of chemical sprays or washes to persons for the purpose of postharvest treatment of fruit for the prevention of scald, fungus, mold, or decay, nor does it include sales of feed, seed, seedlings, fertilizer, agents for enhanced pollination including insects such as bees, and spray materials to: (a) Persons who participate in the federal conservation reserve program, the environmental quality incentives program, the wetlands reserve program, and the wildlife habitat incentives program, or their successors administered by the United States department of agriculture; (b) farmers for the purpose of producing for sale any agricultural product; and (c) farmers acting under cooperative habitat development or access contracts with an organization exempt from federal income tax under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code or the Washington state department of fish and wildlife to produce or improve wildlife habitat on land that the farmer owns or leases.

(12) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. Nor does the term include the sale of services or charges made for the clearing of land and the moving of earth of or for the United States, any instrumentality thereof, or a county or city housing authority. Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentalities, radioactive waste and other by-products of weapons production and nuclear research and development.

(13) The term does not include the sale of or charge made for labor, services, or tangible personal property pursuant to agreements providing maintenance services for bus, rail, or rail fixed guideway equipment when a regional transit authority is the recipient of the labor, services, or tangible personal property, and a transit agency, as defined in RCW 81.104.015, performs the labor or services.

(14) The term does not include the sale for resale of any service described in this section if the sale would otherwise constitute a "sale at retail" and "retail sale" under this section. Intent—2013 2nd sp.s. c 13: "It is the intent of part VIII of this act to provide a sales tax exemption for cover charges to patrons at establishments that provide the opportunity to dance. The intent is to provide tax relief to businesses who have been reporting the income for cover charges under the service and other classification, but not intending to avoid their tax obligation of collecting retail sales tax because of department and taxpayer confusion regarding the appropriate tax treatment of this income. To ensure proper tax reporting in the future by businesses who provide the opportunity to dance, the legislature intends to review the tax preference and its actual fiscal impact on state revenues to determine if the fiscal impact to state revenues reasonably conforms with the fiscal estimate in the fiscal note for this legislation." [2013 2nd sp.s. c 13 § 801.]

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.04.43393.

Retroactive application—2010 c 112: See note following RCW 82.32.780.

Purpose—2010 c 111: "The 2009 legislature enacted Engrossed Substitute House Bill No. 2075 (chapter 535, Laws of 2009), an act relating to the excise taxation of certain products and services provided or furnished electronically. The bill took effect July 26, 2009.

Engrossed Substitute House Bill No. 2075, at eighty-five pages, was a comprehensive piece of legislation that made major changes to state and local sales and use taxes, as well as the state business and occupation tax. Moreover, Engrossed Substitute House Bill No. 2075 was a complex piece of legislation because of the intricate interrelationship between the sales tax and the business and occupation tax and also because the bill affects the taxation of products and services that involve technologies that are changing rapidly.

Because of the complexity and length of Engrossed Substitute House Bill No. 2075, it was the legislature's expectation that, in the course of implementing the bill, ambiguities and unintended consequences would be discovered, which, if not corrected, will unsettle expectations. Thus, the legislature further anticipated that it would need to consider legislation in the 2010 legislative session to address these issues.

Therefore, the purpose of this act is to clarify ambiguities, correct unintended consequences, restore expectations, and conform the law to the original intent of the legislature." [2010 c 111 § 101.]

Retroactive application—2010 c 111: "(1) Except as provided in subsection (2) of this section, this act applies both prospectively and retroactively to July 26, 2009.

(2) Sections 202, 402, and 502 of this act, and those provisions of sections 401 and 501 of this act that eliminate the sales and use tax exemptions in RCW 82.08.02082 and 82.12.02082, apply prospectively only." [2010 c 111 § 902.]
