28B.50.100 Boards of trustees—Generally. There is hereby created a board of trustees for each college district as set forth in this chapter. Each board of trustees shall be composed of five trustees, except as provided in RCW 28B.50.102, who shall be appointed by the governor for terms commencing October 1st of the year in which appointed. In making such appointments, the governor shall give consideration to geographical diversity, and representing labor, business, women, and racial and ethnic minorities, in the membership of the boards of trustees. The boards of trustees for districts containing technical colleges shall include at least one member from business and one member from labor.

The successors of the trustees initially appointed shall be appointed by the governor to serve for a term of five years except that any person appointed to fill a vacancy occurring prior to the expiration of any term shall be appointed only for the remainder of the term. Each member shall serve until a successor is appointed and qualified.

Every trustee shall be a resident and qualified elector of the college district. No trustee may be an employee of the community and technical college system, a member of the board of directors of any school district, or a member of the governing board of any public or private educational institution.

Each board of trustees shall organize itself by electing a chair from its members. The board shall adopt a seal and may adopt such bylaws, rules, and regulations as it deems necessary for its own government. Three members of the board shall constitute a quorum, but a lesser number may adjourn from time to time and may compel the attendance of absent members in such manner as prescribed in its bylaws, rules, or regulations. The district president, or if there be none, the president of the college, shall serve as, or may designate another person to serve as, the secretary of the board, who shall not be deemed to be a member of the board.

Each board of trustees shall follow procedures for open public meetings in chapter 42.30 RCW. Each board shall provide time for public comment at each meeting.

Members of the boards of trustees may be removed for misconduct or malfeasance in office in the manner provided by RCW 28B.10.500. [2013 c 23 § 58. Prior: 2012 c 228 § 5; 2012 c 148 § 2; 2011 c 336 § 739; 1991 c 238 § 37; 1987 c 330 § 1001; 1983 c 224 § 1; 1979 ex.s. c 103 § 1; 1977 ex.s. c 282 § 2; 1973 c 62 § 17; 1969 ex.s. c 261 § 22; 1969 ex.s. c 223 § 28B.50.100; prior: 1967 ex.s. c 8 § 10.]

Finding—Intent—2012 c 148: "The legislature finds that decisions made by governing boards of each respective institution greatly impact the lives of students and that student participation in the decision-making process can provide insight into the impacts of actions by trustees that are not always measurable through reports and statistics. Students are on campus every day using services and experiencing aspects of the institution that board members may only see on paper, providing a unique and valuable perspective that should not be overlooked.

Students serving on governing boards of higher education have proven effective in Washington and in over thirty other states. For over ten years students at Washington's four-year institutions of higher education have served as voting members on the board of trustees, regents, and the higher education coordinating board, providing greater depth in board deliberations and a well-educated conduit for students to voice ideas and concerns.

The student perspective at community colleges also brings the board closer to their community. Student populations at community colleges are the most diverse of any institution of higher education in the state. Being on campus and in class every day, students are exposed to a more diverse group than any member of the board representing any one group of the community.

Student positions on governing boards are also a valuable tool for developing leadership through experiential learning. Student members learn processes of institutional governance, become involved in campus projects, analyze policy proposals, and participate in board discussions and decision making.

It is the intent of the legislature to enhance community college governance by fostering a more dynamic relationship between students and institutions through the encouragement of student participation in policy development and decision making at the district and state level." [2012 c 148 § 1.]

(n) Completion ratio: Annual ratio of undergraduate and graduate degrees and certificates, of at least one year in expected length, awarded per one hundred full-time equivalent undergraduate students at the state level;

(ii) Between seventy-one percent and one hundred twenty-five percent of the median family income; and

(iii) Above one hundred twenty-five percent of the median family income; and

(r) Yearly percentage increases in the average cost of undergraduate instruction.

(3) Four-year institutions of higher education must count all students when collecting data, not only first-time, full-time first-year students.

(4) In conjunction with the office of financial management, all four-year institutions of higher education must dis-

play the data described in subsection (2) of this section in a uniform dashboard format on the office of financial management's web site no later than December 1, 2011, and updated thereafter annually by December 1st. To the maximum extent possible, the information must be viewable by race and ethnicity, gender, state and county of origin, age, and socioeconomic status. The information may be tailored to meet the needs of various target audiences such as students, researchers, and the general public.

(5) The council shall use performance data from the education data center for the purposes of strategic planning, to report on progress toward achieving statewide goals, and to develop priorities proposed in the ten-year plan for higher education. Review of higher education accountability measures—2012 c 229: "(1) The state board for community and technical colleges, in consultation with the student achievement council, shall regularly review higher education accountability measures, assess whether any of the measures for four-year institutions of higher education in RCW 28B.77.090(2) should be applied as performance measures for community and technical colleges, and whether performance indicators for the community and technical colleges should be added to the data dashboard in RCW 28B.77.090(4). The board shall report recommendations regarding appropriate changes to required community and technical college accountability measures to the governor and the legislature by December 1, 2012.

(2) This section expires August 1, 2013." [2012 c 229 § 119.]

28B.77.220 Transfer associate degrees—Work groups—Implementation—Progress reports. (1) The council must convene work groups to develop transfer associate degrees that will satisfy lower division requirements at public four-year institutions of higher education for specific academic majors. Work groups must include representatives from the state board for community and technical colleges and the council of presidents, as well as faculty from two and four-year institutions. Work groups may include representatives from independent four-year institutions.

(2) Each transfer associate degree developed under this section must enable a student to complete the lower-division courses or competencies for general education requirements and preparation for the major that a direct-entry student would typically complete in the first-year student and sophomore years for that academic major.

(3) Completion of a transfer associate degree does not guarantee a student admission into an institution of higher education or admission into a major, minor, or professional program at an institution of higher education that has competitive admission standards for the program based on grade point average or other performance criteria.

(4) During the 2004-05 academic year, the work groups must develop transfer degrees for elementary education, engineering, and nursing. As necessary based on demand or identified need, the council must convene additional groups to identify and develop additional transfer degrees. The council must give priority to majors in high demand by transfer students and majors that the general direct transfer agreement associate degree does not adequately prepare students to enter automatically upon transfer.

(5) The council, in collaboration with the intercollege relations commission, must collect and maintain lists of courses offered by each community and technical college and public four-year institution of higher education that fall within each transfer associate degree.

(6) The council must monitor implementation of transfer associate degrees by public four-year institutions to ensure compliance with subsection (2) of this section.

(7) Beginning January 10, 2005, the council must submit a progress report on the development of transfer associate degrees to the higher education committees of the house of representatives and the senate. The first progress report must include measurable benchmark indicators to monitor the effectiveness of the initiatives in improving transfer and baseline data for those indicators before the implementation of the initiatives. Subsequent reports must be submitted by January 10th of each odd-numbered year and must monitor progress on the indicators, describe development of additional transfer associate degrees, and provide other data on improvements in transfer efficiency. [2013 c 23 § 61; 2012 c 229 § 541; 2004 c 55 § 2. Formerly RCW 28B.76.250.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—2004 c 55: "(1) The legislature finds that community and technical colleges play a vital role for students obtaining baccalaureate degrees. In 2002, more than forty percent of students graduating with a baccalaureate degree had transferred from a community or technical college.

(2) The legislature also finds that demand continues to grow for baccalaureate degrees. Increased demand comes from larger numbers of students seeking access to higher education and greater expectations from employers for the knowledge and skills needed to expand the state's economy. Community and technical colleges are an essential partner in meeting this demand.

(3) However, the legislature also finds that current policies and procedures do not provide for efficient transfer of courses, credits, or prerequisites for academic majors. Furthermore, the state's public higher education system must expand its capacity to enroll transfer students in baccalaureate education. The *higher education coordinating board must take a leadership role in working with the community and technical colleges and four-year institutions to ensure efficient and seamless transfer across the state.

(4) Therefore, it is the legislature's intent to build clearer pathways to baccalaureate degrees, improve statewide coordination of transfer and articulation, and ensure long-term capacity in the state's higher education system for transfer students." [2004 c 55 § 1.]

***Reviser's note:** The higher education coordinating board was abolished by 2011 1st sp.s. c 11 § 301, effective July 1, 2012.

(a) Shall adopt by rule, in accordance with chapter 34.05 RCW, minimum standards for degree-granting institutions concerning granting of degrees, quality of education, unfair business practices, financial stability, and other necessary measures to protect citizens of this state against substandard, fraudulent, or deceptive practices. The rules shall require that an institution operating in Washington:

(i) Be accredited;

(ii) Have applied for accreditation and such application is pending before the accrediting agency;

(iii) Have been granted a waiver by the council waiving the requirement of accreditation; or

(iv) Have been granted an exemption by the council from the requirements of this subsection (1)(a);

(b) May investigate any entity the council reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the council may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the council deems relevant or material to the investigation. The council, including its staff and any other authorized persons, may conduct site inspections, the cost of which shall be borne by the institution, and examine records of all institutions subject to this chapter;

(c) May negotiate and enter into interstate reciprocity agreements with other state or multistate entities if the agreements are consistent with the purposes in this chapter as determined by the council;

(d) May enter into agreements with degree-granting institutions of higher education based in this state, that are otherwise exempt under the provisions of subsection (1)(a) of this section, for the purpose of ensuring consistent consumer protection in interstate distance delivery of higher education;

(e) Shall develop an interagency agreement with the workforce training and education coordinating board to regulate degree-granting private vocational schools with respect to degree and nondegree programs; and

(f) Shall develop and disseminate information to the public about entities that sell or award degrees without requiring appropriate academic achievement at the postsecondary level, including but not limited to, a description of the substandard and potentially fraudulent practices of these entities, and advice about how the public can recognize and avoid the entities. To the extent feasible, the information shall include links to additional resources that may assist the public in identifying specific institutions offering substandard or fraudulent degree programs.

(2) Financial disclosures provided to the council by degree-granting private vocational schools are not subject to public disclosure under chapter 42.56 RCW. [2013 c 218 § 3; 2012 c 229 § 543; 2006 c 234 § 3; 2005 c 274 § 246; 2004 c 96 § 1; 1996 c 305 § 1; 1994 c 38 § 1; 1986 c 136 § 2.]

Findings—Intent—2013 c 248: "The legislature finds that Western Governors University-Washington, recognized by the state of Washington

under RCW 28B.77.240, serves a student population that is nontraditional and geographically diverse. Enrollment in Western Governors University-Washington has grown steadily since 2011 reaching over four thousand three hundred students. These students represent an average age of thirty-seven, sixty-nine percent of whom are classified as underserved, including low-income, ethnic minority, rural, and first-generation students.

The legislature also finds that tuition at Western Governors University-Washington has remained static since 2008 at five thousand seven hundred eighty dollars per year.

Further, the legislature finds that the population served by Western Governors University-Washington deserves to have access to affordable postsecondary education, including baccalaureate degree-granting institutions. Therefore, the legislature intends to provide access to the state need grant program for eligible students attending Western Governors University-Washington.

The legislature also intends that Western Governors University-Washington comply with all reporting requirements established by the student achievement council for state need grant participation, including financial information about students, enrollment, graduation and placement rates, and the institution's standing with its accrediting agency, the Northwest Commission on Colleges and Universities, and the United States department of education." Findings—Intent—2009 c 215: "The legislature finds that a myriad of financial aid programs exist for students at the federal, state, local, community, and institutional levels. These programs enable thousands of students across Washington to access all sectors of higher education, from apprenticeship programs to public and private four and two-year institutions of higher education. The legislature further finds that Washington state is a national leader in the distribution of financial aid to increase college access and affordability, ranking fourth in the nation in 2007 in terms of state student grant aid funding per capita.

It is the intent of the legislature to promote and expand access to state financial aid programs by determining which programs provide the greatest value to the largest number of students, and by fully supporting those programs. Furthermore, it is the intent of the legislature to designate all existing financial aid an opportunity pathway, with the effect of providing students with a clear understanding of available resources to pay for postsecondary education, thereby increasing access to postsecondary education and meeting the needs of local business and industry.

It is the intent of the legislature that the *higher education coordinating board, the state board for community and technical colleges, the office of the superintendent of public instruction, the workforce training and education coordinating board, and institutions of higher education coordinate the development of outreach tools, such as a web-based portal for information on all opportunity pathway aid programs. The information should be communicated in a format and manner that provides an ease of understanding for students and their families and include other pertinent information on institutions of higher education, costs, and academic programs. It is also the intent of the legislature for institutions of higher education to incorporate this information in promotional materials to prospective and current students and their families." PASSPORT TO COLLEGE PROMISE PROGRAM

28B.117.005 Findings—Intent. (*Expires June 30, 2022.*)

28B.117.030 Program design and implementation—Student eligibility—Supplemental scholarship and student assistance. (*Expires June 30, 2022.*)

28B.117.005 Findings—Intent. (*Expires June 30, 2022.*) (1)(a) The legislature finds that in Washington, there are more than seven thousand three hundred children in foster family or group care. These children face unique obstacles and burdens as they transition to adulthood, including lacking continuity in their elementary and high school educations. As compared to the general population of students, twice as many foster care youth change schools at least once during their elementary and secondary school careers, and three times as many change schools at least three times. Only thirty-four percent of foster care youth graduate from high school within four years, compared to seventy percent for the general population. Of the former foster care youth who earn a high school diploma, more than twenty-eight percent earn a high school equivalency certificate as provided in RCW 28B.50.536 instead of a traditional high school diploma. This is almost six times the rate of the general population. Research indicates that holders of high school equivalency certificates tend not to be as economically successful as the holders of traditional high school diplomas. Only twenty percent of former foster care youth who earn a high school degree enroll in college, compared to over sixty percent of the population generally. Of the former foster care youth who do enroll in college, very few go on to earn a degree. Less than two percent of former foster care youth hold bachelor's degrees, compared to twenty-eight percent of Washington's population generally.

(b) Former foster care youth face two critical hurdles to enrolling in college. The first is a lack of information regarding preparation for higher education and their options for enrolling in higher education. The second is finding the financial resources to fund their education. As a result of the unique hurdles and challenges that face former foster care youth, a disproportionate number of them are part of soci-

ety's large group of marginalized youth and are at increased risk of continuing the cycle of poverty and violence that frequently plagues their families.

(c) Former foster care youth suffer from mental health problems at a rate greater than that of the general population. For example, one in four former foster care youth report having suffered from posttraumatic stress disorder within the previous twelve months, compared to only four percent of the general population. Similarly, the incidence of major depression among former foster care youth is twice that of the general population, twenty percent versus ten percent.

(d) There are other barriers for former foster care youth to achieving successful adulthood. One-third of former foster care youth live in households that are at or below the poverty level. This is three times the rate for the general population. The percentage of former foster care youth who report being homeless within one year of leaving foster care varies from over ten percent to almost twenty-five percent. By comparison, only one percent of the general population reports having been homeless at sometime during the past year. One in three former foster care youth lack health insurance, compared to less than one in five people in the general population. One in six former foster care youth receive cash public assistance. This is five times the rate of the general population.

(e) Approximately twenty-five percent of former foster care youth are incarcerated at sometime after leaving foster care. This is four times the rate of incarceration for the general population. Of the former foster care youth who "age out" of foster care, twenty-seven percent of the males and ten percent of the females are incarcerated within twelve to eighteen months of leaving foster care.

(f) Female former foster care youth become sexually active more than seven months earlier than their nonfoster care counterparts, have more sexual partners, and have a mean age of first pregnancy of almost two years earlier than their peers who were not in foster care.

(2) The legislature intends to create the passport to college promise pilot program. The pilot program will initially operate for a six-year period, and will have two primary components, as follows:

(a) Significantly increasing outreach to foster care youth between the ages of fourteen and eighteen regarding the higher education opportunities available to them, how to apply to college, and how to apply for and obtain financial aid; and

(b) Providing financial aid to former foster care youth to assist with the costs of their public undergraduate college education. [2013 c 39 § 11; 2007 c 314 § 1.]

28B.117.030 Program design and implementation—Student eligibility—Supplemental scholarship and student assistance. (*Expires June 30, 2022.*) (1) The office shall design and, to the extent funds are appropriated for this purpose, implement, a program of supplemental scholarship and student assistance for students who have emancipated from the state foster care system after having spent at least one year in care.

(2) The office shall convene and consult with an advisory committee to assist with program design and implementation. The committee shall include but not be limited to former foster care youth and their advocates; representatives

from the state board for community and technical colleges, and from public and private agencies that assist current and former foster care recipients in their transition to adulthood; and student support specialists from public and private colleges and universities.

(3) To the extent that sufficient funds have been appropriated for this purpose, a student is eligible for assistance under this section if he or she:

(5) An eligible student may receive a passport to college scholarship under this section for a maximum of five years after the student first enrolls with an institution of higher education or until the student turns age twenty-six, whichever occurs first. If a student turns age twenty-six during an academic year, and would otherwise be eligible for a scholarship under this section, the student shall continue to be eligible for a scholarship for the remainder of the academic year.

(6) The office, in consultation with and with assistance from the state board for community and technical colleges, shall perform an annual analysis to verify that those institutions of higher education at which students have received a scholarship under this section have awarded the student all available need-based and merit-based grant and scholarship aid for which the student qualifies.

(7) In designing and implementing the passport to college student support program under this section, the office, in consultation with and with assistance from the state board for community and technical colleges, shall ensure that a participating college or university:

(a) Has a viable plan for identifying students eligible for assistance under this section, for tracking and enhancing their academic progress, for addressing their unique needs for assistance during school vacations and academic interims, and for linking them to appropriate sources of assistance in their transition to adulthood;

(b) Receives financial and other incentives for achieving measurable progress in the recruitment, retention, and graduation of eligible students. [2013 c 182 § 8; (2012 c 229 § 609 expired June 30, 2013); 2011 1st sp.s. c 11 § 221; 2007 c 314 § 4.]

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington's community colleges. The office of student financial assistance shall award scholarships to as many students as possible from among those qualifying under this section.

(9) The office of student financial assistance may establish satisfactory progress standards for the continued receipt of the promise scholarship.

28C.10.082 Tuition recovery trust fund—Created—State treasurer custodian.

28C.10.050 Minimum standards—Denial of application for licensure—Determination that school or program

is at risk of closure or termination. (1) The agency shall adopt by rule minimum standards for entities operating private vocational schools. The minimum standards shall include, but not be limited to, requirements to assess whether a private vocational school is eligible to obtain and maintain a license in this state.

(2) The requirements adopted by the agency shall, at a minimum, require a private vocational school to:

(a) Disclose to the agency information about its ownership and financial position and to demonstrate to the agency that the school is financially viable and responsible and that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.56 RCW;

(b) Follow a uniform statewide cancellation and refund policy as specified by the agency;

(c) Disclose through use of a school catalog, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what information is required;

(d) Use an enrollment contract or agreement that includes: (i) The school's cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries may be made to the agency, and (iii) other necessary information as determined by the agency;

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed;

(f) Comply with the requirements of RCW 28C.10.084;

(g) Assess the basic skills and relevant aptitudes of each potential student to determine that a potential student has the basic skills and relevant aptitudes necessary to complete and benefit from the program in which the student plans to enroll, including but not limited to administering a United States department of education-approved English as a second language exam before enrolling students for whom English is a second language unless the students provide proof of graduation from a United States high school or proof of completion of a high school equivalency certificate as provided in RCW 28B.50.536 in English or results of another academic assessment determined appropriate by the agency. Guidelines for such assessments shall be developed by the agency, in consultation with the schools;

(h) Discuss with each potential student the potential student's obligations in signing any enrollment contract and/or incurring any debt for educational purposes. The discussion shall include the inadvisability of acquiring an excessive educational debt burden that will be difficult to repay given employment opportunities and average starting salaries in the potential student's chosen occupation;

(i) Ensure that any enrollment contract between the private vocational school and its students has an attachment in a format provided by the agency. The attachment shall be signed by both the school and the student. The attachment shall stipulate that the school has complied with (h) of this subsection and that the student understands and accepts his or her responsibilities in signing any enrollment contract or debt application. The attachment shall also stipulate that the enrollment contract shall not be binding for at least five days,

excluding Sundays and holidays, following signature of the enrollment contract by both parties; and

(j) Comply with the requirements related to qualifications of administrators and instructors.

(3) The agency may deny a private vocational school's application for licensure if the school fails to meet the requirements in this section.

(4) The agency may determine that a licensed private vocational school or a particular program of a private vocational school is at risk of closure or termination if:

(a) There is a pattern or history of substantiated student complaints filed with the agency pursuant to RCW 28C.10.120; or

(1) "Adult basic education" means instruction designed to achieve mastery of skills in reading, writing, oral communication, and computation at a level sufficient to allow the individual to function effectively as a parent, worker, and citizen in the United States, commensurate with that individual's actual ability level, and includes English as a second language and preparation and testing services for a high

school equivalency certificate as provided in RCW 28B.50.536.

(2) "Board" means the workforce training and education coordinating board.

(3) "Director" means the director of the workforce training and education coordinating board.

(4) "Industry skill panel" means a regional partnership of business, labor, and education leaders that identifies skill gaps in a key economic cluster and enables the industry and public partners to respond to and be proactive in addressing workforce skill needs.

(5) "Training system" means programs and courses of secondary vocational education, technical college programs and courses, community college vocational programs and courses, private career school and college programs and courses, employer-sponsored training, adult basic education programs and courses, programs and courses funded by the federal workforce investment act, programs and courses funded by the federal vocational act, programs and courses funded under the federal adult education act, publicly funded programs and courses for adult literacy education, and apprenticeships, and programs and courses offered by private and public nonprofit organizations that are representative of communities or significant segments of communities and provide job training or adult literacy services.

(6) "Vocational education" means organized educational programs offering a sequence of courses which are directly related to the preparation or retraining of individuals in paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning, and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Such term also includes applied technology education.

(7) "Workforce development council" means a local workforce investment board as established in P.L. 105-220 Sec. 117.

(8) "Workforce skills" means skills developed through applied learning that strengthen and reinforce an individual's academic knowledge, critical thinking, problem solving, and work ethic and, thereby, develop the employability, occupational skills, and management of home and work responsibilities necessary for economic independence. [2013 c 39 § 16. Prior: 2009 c 151 § 5; 2008 c 103 § 2; 1996 c 99 § 2; 1991 c 238 § 2.]

Findings—Intent—2008 c 103: "(1) The legislature finds that a skilled workforce is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training. The legislature further finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify workforce development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

(2) The legislature further finds that industry skill panels support other valuable initiatives such as the department of community, trade, and economic development's cluster-based economic development grants; the community and technical college centers of excellence, high-demand funds, and

the job skills program; and the employment security department's incumbent worker training funds. Industry skill panels provide a framework for coordinating these and other investments in line with economic and workforce development strategies identified by industry leaders. It is the intent of the legislature to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development." It is the intent of the legislature that elections of conservation district supervisors continue to be conducted under procedures in the conservation district statutes, chapter 89.08 RCW, and that such elections not be conducted under the general election laws contained in Title 29 RCW. Further, it is the intent of the legislature that there be no change made with regard to applicability of the public disclosure act, *chapter 42.17 RCW, to conservation district supervisors from those that existed before the enactment of chapter 305, Laws of 1999." 29A.04.410 Costs borne by constituencies. Every city, town, and district is liable for its proportionate share of the costs when such elections are held in conjunction with other elections held under RCW 29A.04.321 and 29A.04.330.

Whenever any city, town, or district holds any primary or election, general or special, on an isolated date, all costs of such elections must be borne by the city, town, or district concerned.

The purpose of this section is to clearly establish that the county is not responsible for any costs involved in the holding of any city, town, or district election.

In recovering such election expenses, including a reasonable pro-ration of administrative costs, the county auditor shall certify the cost to the county treasurer with a copy to the clerk or auditor of the city, town, or district concerned. Upon receipt of such certification, the county treasurer shall make the transfer from any available and appropriate city, town, or district funds to the county current expense fund or to the county election reserve fund if such a fund is established. Each city, town, or district must be promptly notified by the county treasurer whenever such transfer has been completed. However, in those districts wherein a treasurer, other than the county treasurer, has been appointed such transfer procedure does not apply, but the district shall promptly issue its warrant for payment of election costs. (1) "By mail" means delivery of a completed original voter registration application by mail to a county auditor or the office of the secretary of state.

(2) For voter registration applicants, "date of mailing" means the date of the postal cancellation on the voter registration application. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(4) If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

For a felony conviction in a federal court or any state court other than a Washington state court, the right to vote is restored as long as the person is no longer incarcerated.

(4) The county clerk shall enter into a database maintained by the administrator for the courts the names of all persons whose provisional voting rights have been revoked, and update the database for any person whose voting rights have subsequently been restored pursuant to subsection (6) of this section.

(5) At least twice a year, the secretary of state shall compare the list of registered voters to a list of felons who are not eligible to vote as provided in subsections (1) and (3) of this section. If a registered voter is not eligible to vote as provided in this section, the secretary of state or county auditor shall confirm the match through a date of birth comparison and suspend the voter registration from the official state voter registration list. The secretary of state or county auditor shall send to the person at his or her last known voter registration address and at the department of corrections, if the person is under the authority of the department, a notice of the proposed cancellation and an explanation of the requirements for provisionally and permanently restoring the right to vote and reregistering. If at the same election there are short terms or full terms and unexpired terms of office to be filled, the filing officer shall distinguish them and designate the short term, the full term, and the unexpired term, as such, or by use of the words "short term," "unexpired two year term," or "four year term," as the case may be.

When both a short term and a full term for the same position are scheduled to be voted upon, or when a short term is created after the close of the filing period, a single declaration of candidacy accompanied by a single filing fee shall be construed as a filing for both the short term and the full term and the name of such candidate shall appear upon the ballot for the position sought with the designation "short term and full term." 29A.24.031 Declaration of candidacy. A candidate who desires to have his or her name printed on the ballot for election to an office other than president of the United States, vice president of the United States, or an office for which ownership of property is a prerequisite to voting shall complete and file a declaration of candidacy. The secretary of state shall adopt, by rule, a declaration of candidacy form for the office of precinct committee officer and a separate standard form for candidates for all other offices filing under this chapter. Included on the standard form shall be:

(1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for which he or she is filing, and the address at which he or she is registered;

(2) A place for the candidate to indicate the position for which he or she is filing;

(3) A place for the candidate to state a party preference, if the office is a partisan office;

(4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or for the candidate to indicate that he or she is filing a filing fee petition in lieu of the filing fee under RCW 29A.24.091;

(5) A place for the candidate to sign the declaration of candidacy, stating that the information provided on the form is true and swearing or affirming that he or she will support the Constitution and laws of the United States and the Constitution and laws of the state of Washington.

In the case of a declaration of candidacy filed electronically, submission of the form constitutes agreement that the information provided with the filing is true, that he or she will support the Constitutions and laws of the United States and the state of Washington, and that he or she agrees to electronic payment of the filing fee established in RCW 29A.24.091.

The secretary of state may require any other information on the form he or she deems appropriate to facilitate the filing process. [2013 c 11 § 31; 2004 c 271 § 158.]

29A.24.072 Preservation of declarations of candidacy. The secretary of state and each county auditor shall preserve all declarations of candidacy filed in their respective offices for six months. All declarations of candidacy must be open to public inspection. [2003 c 111 § 501; 1965 c 9 § 29.27.090. 29A.24.075 Qualifications for filing, appearance on ballot. (1) A person filing a declaration of candidacy for an office shall, at the time of filing, be a registered voter and possess the qualifications specified by law for persons who may be elected to the office.

(2) Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, no person may file for more than one office.

(3) The name of a candidate for an office shall not appear on a ballot for that office unless, except for judge of the superior court and as provided in RCW 3.50.057, the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in the geographic area represented by the office. For the purposes of this section, each geographic area in which registered voters may cast ballots for an office is represented by that office. If a person elected to an office must be nominated from a district or similar division of the geographic area represented by the office, the name of a candidate for the office shall not appear on a primary ballot for that office unless the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in that district or division. The officer with whom declarations of candidacy must be filed under this title shall review each such declaration filed regarding compliance with this subsection.

(4) The requirements of voter registration and residence within the geographic area of a district do not apply to candidates for congressional office. Qualifications for the United

States congress are specified in the United States Constitution. [2013 c 11 § 25; 2004 c 271 § 153. Formerly RCW 29A.20.021.]

29A.24.101 Filing fee petition—Form. (1) The filing fee petition authorized by RCW 29A.24.091 must be printed on sheets of uniform color and size, must include a place for each individual to sign and print his or her name and the address, city, and county at which he or she is registered to vote, and must contain no more than twenty numbered lines.

(2) The filing fee petition must be in substantially the following form:

The warning prescribed by RCW 29A.72.140; followed by:

We, the undersigned registered voters of (the state of Washington or the political subdivision for which the nomination is made), hereby petition that the name of (candidate's name) be printed on the official primary ballot for the office of (insert name of office).

29A.24.120 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

29A.24.311 Write-in voting—Candidates, declaration. (1) Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day ballots must be mailed according to RCW 29A.40.070. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in RCW 29A.24.091.

(2) Votes cast for write-in candidates who have filed such declarations of candidacy need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number, in the manner in which the write-in is done does not make the office or position clear.

(3) No person may file as a write-in candidate where:

(a) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(b) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election;

(c) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless the other office is precinct committee officer or a temporary elected position, such as charter review board member or freeholder;

(d) The office filed for is committee precinct officer.

(4) The declaration of candidacy shall be similar to that required by RCW 29A.24.031. No write-in candidate filing under this section may be included in any voter's pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name printed on the general elec-

tion ballot. The legislative authority of any jurisdiction producing a local voter's pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets. [2013 c 11 § 91; 2012 c 89 § 2; 2011 c 349 § 13; 2004 c 271 § 117.]

Intent—Finding—2012 c 89: "The United States district court, western district of Washington, ruled that Washington's method of electing political party precinct committee officers is unconstitutional based on the associational rights of political parties. The court stated that Washington may decide to implement elections for precinct committee officer in a manner not yet conceived but ultimately satisfactory to the political parties. Washington may even implement these elections in a way that severely burdens the political parties' associational rights but does so in a manner narrowly tailored to serve a compelling governmental interest. The major political parties stated in court that they might be satisfied of party membership if a voter affirms affiliation with the particular party. Toward this end, the legislature has worked closely with the major political parties to develop a system of electing precinct committee officers that the parties support, that will protect the secrecy of the ballot, and will not increase burdens placed on local election officials. Therefore, it is the intent of the legislature to remedy the unconstitutional method of selecting precinct committee officers by implementing a provision requiring voters to affirm an affiliation with the appropriate party in order to vote in a race for precinct committee officer in that party. The legislature finds that the office of precinct committee officer itself is both a constitutionally recognized and authorized office with certain duties outlined in state law and the state Constitution." [2012 c 89 § 1.]

Effective date—2012 c 89: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 29, 2012]." [2012 c 89 § 7.]

Effective date—2011 c 349: See note following RCW 29A.04.255.

29A.24.320 Write-in candidates—Notice to auditors, ballot counters. The secretary of state shall notify each county auditor of any declarations filed with the secretary under RCW 29A.24.311 for offices appearing on the ballot in that county. The county auditor shall ensure that those persons charged with counting the ballots for a primary or election are notified of all valid write-in candidates before the tabulation of those ballots. 29A.32.036	Repealed.
29A.32.050	Repealed.
29A.32.100	Arguments—Public inspection.
29A.32.210	Authorization—Contents—Format.

29A.32.031 Contents. The voters' pamphlet published or distributed under RCW 29A.32.010 must contain:

(1) Information about each measure for an advisory vote of the people and each ballot measure initiated by or referred to the voters for their approval or rejection as required by RCW 29A.32.070;

(2) In even-numbered years, statements, if submitted, from candidates for the office of president and vice president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, justice of the supreme court, judge of the court of appeals, or judge of the superior court. Candidates may also submit campaign contact information and a photograph not more than five years old in a format that the secretary of state determines to be suitable for reproduction in the voters' pamphlet;

(3) In odd-numbered years, if any office voted upon statewide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;

(4) Contact information for the public disclosure commission established under RCW 42.17A.100, including the following statement: "For a list of the people and organizations that donated to state and local candidates and ballot measure campaigns, visit www.pdc.wa.gov." The statement must be placed in a prominent position, such as on the cover or on the first two pages of the voters' pamphlet. The secretary of state may substitute such language as is necessary for accuracy and clarity and consistent with the intent of this section;

(5) Contact information for major political parties;

(6) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080; and

(7) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters. [2013 c 283 § 2; 2011 c 60 § 13; 2009 c 415 § 2; 2008 c 1 § 12 (Initiative Measure No. 960, approved November 6, 2007); 2004 c 271 § 121.]

Findings—Intent—2013 c 283: "(1) The legislature finds that the voters of the state of Washington have overwhelmingly affirmed the public's right to know about the financing of political activity. Recognizing that Initiative 276, which created the public disclosure commission and serves as the foundation of Washington's disclosure and campaign finance laws, was approved with over seventy-two percent of voters in support, the legislature also finds that maintaining the tradition of transparency in campaigns and

political activities in the state of Washington is a top priority for citizens throughout Washington state.

(2) Therefore, it is the intent of the legislature to increase transparency and ensure that voters be provided easy access to accurate information about the sources of money supporting or opposing candidates and ballot measures by printing the public disclosure commission's web site on voters' pamphlets and ballots for each primary and general election." [2013 c 283 § 1.]

(c) In the case of rebuttal arguments, (i) the rebuttals on both sides have been received, unless a committee was not appointed for one side, or (ii) the deadline for submission of arguments has elapsed.

(2) Nothing in this section prohibits the secretary from releasing information under RCW 29A.32.090. [2013 c 11 § 37; 2003 c 111 § 810. Prior: 1999 c 260 § 9. Formerly RCW 29.81.290.]

29A.32.210 Authorization—Contents—Format. At least ninety days before any primary or general election, or at least forty days before any special election held under RCW 29A.04.321 or 29A.04.330, the legislative authority of any county or first-class or code city may adopt an ordinance authorizing the publication and distribution of a local voters' pamphlet. The pamphlet shall provide information on all measures within that jurisdiction and may, if specified in the ordinance, include information on candidates within that jurisdiction. If both a county and a first-class or code city within that county authorize a local voters' pamphlet for the same election, the pamphlet shall be produced jointly by the county and the first-class or code city. Any ordinance adopted authorizing a local voters' pamphlet may be for a specific primary, special election, or general election or for any future primaries or elections. The format of any local voters' pamphlet shall, whenever applicable, comply with the provisions of this chapter regarding the publication of the state candidates' and voters' pamphlets. If any persons are dissatisfied with the ballot title for a proposed constitution or constitutional amendment, they may at any time within ten days from the time of the filing of the ballot title and summary, not including Saturdays, Sundays, or legal holidays, appeal to the superior court of Thurston county by petition setting forth the measure, the ballot

For all other jurisdictions on the primary ballot, the offices in each jurisdiction shall be grouped together and be in the order of the position numbers assigned to those offices, if any.

(2) The order of the positions or offices on a general election ballot shall be substantially the same as on a primary ballot except that state ballot issues must be placed before all offices. The offices of president and vice president of the United States shall precede all other offices on a presidential election ballot. The positions on a ballot to be assigned to ballot measures regarding local units of government shall be established by the secretary of state by rule. [2013 c 11 § 42; 2004 c 271 § 129.]

The secretary of state may substitute such language as is necessary for accuracy and clarity and consistent with the intent of this section. Alternately, at the discretion of the county auditor or local election official, the statement required by this subsection (1)(b) may be printed in a prominent position on the ballot envelope and in the materials that accompany the ballot.

(2) The ballot must have a clear delineation between the ballot instructions and the first ballot measure or office through the use of white space, illustration, shading, color, symbol, font size, or bold type. The secretary of state shall establish standards for ballot design and layout consistent with this section and RCW 29A.04.611.

(3) The questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters at that election must appear after the instructions and before any offices.

(4) In a year that president and vice president appear on the general election ballot, the names of candidates for president and vice president for each political party must be grouped together with a single response position for a voter to indicate his or her choice.

The major political party that received the highest number of votes from the electors of this state for the office of president of the United States at the last presidential election must appear first. Other major political parties must follow according to the votes cast for their nominees for president at the last presidential election. Independent candidates and minor parties must follow major parties and be listed in the order of their qualification with the secretary of state. Legislative intent—1987 c 346: "By this act the legislature intends to combine and unify the laws and procedures governing absentee voting. These amendments are intended: (1) To clarify and incorporate into a single chapter of the Revised Code of Washington the preexisting statutes under which electors of this state qualify for absentee ballots under state law, federal law, or a combination of both state and federal law, and (2) to insure uniformity in the application, issuance, receipt, and canvassing of these absentee ballots. Nothing in this act is intended to impose any new requirement on the ability of the registered voters or electors of this state to qualify for, receive, or cast absentee ballots in any primary or election." [1987 c 346 § 1.]

29A.40.070 Date ballots mailed—Replacement ballots. (1) Except where a recount or litigation is pending, the county auditor must mail ballots to each voter at least eighteen days before each primary or election, and as soon as possible for all subsequent registration changes.

(2) Except where a recount or litigation is pending, the county auditor must mail ballots to each service and overseas voter at least thirty days before each special election, and at least forty-five days before each primary or general election, or any special election that involves federal office. A request for a ballot made by an overseas or service voter after that day must be processed immediately.

(3) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each request for a replacement ballot.

(4) Each county auditor shall certify to the office of the secretary of state the dates the ballots were mailed, or the reason and date the ballots will be mailed if the ballots were not mailed timely.

(5) Failure to mail ballots as prescribed in this section does not by itself provide a basis for an election contest or other legal challenge to the results of a primary, general election, or special election. 29A.40.091 Envelopes, declaration, and instructions—Voter's oath—Overseas and service voters—Return of ballots. (1) The county auditor shall send each voter a ballot, a security envelope in which to conceal the ballot after voting, a larger envelope in which to return the security envelope, a declaration that the voter must sign, and instructions on how to obtain information about the election, how to mark the ballot, and how to return the ballot to the county auditor.

(2) The voter must swear under penalty of perjury that he or she meets the qualifications to vote, and has not voted in any other jurisdiction at this election. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and it is illegal to cast a ballot or sign a ballot declaration on behalf of another voter. The ballot materials must provide space for the voter to sign the declaration, indicate the date on which the ballot was voted, and include a telephone number.

29A.52.112 Top two candidates—Party or independent preference. (1) A primary is a first stage in the public process by which voters elect candidates to public office.

(2) Whenever candidates for a partisan office are to be elected, the general election must be preceded by a primary conducted under this chapter. Based upon votes cast at the primary, the top two candidates will be certified as qualified to appear on the general election ballot, unless only one candidate qualifies as provided in *RCW 29A.36.170.

(3) For partisan office, if a candidate has expressed a party preference on the declaration of candidacy, then that preference will be shown after the name of the candidate on the primary and general election ballots as set forth in rules of the secretary of state. A candidate may choose to express no party preference. Any party preferences are shown for the

information of voters only and may in no way limit the options available to voters. [2013 c 11 § 50; 2005 c 2 § 7 (Initiative Measure No. 872, approved November 2, 2004).]

Reviser's note: *(1) RCW 29A.36.170 was amended by 2013 c 143 § 1, removing the one candidate exception.

(2) The constitutionality of Initiative Measure No. 872 was upheld in *Washington State Grange v. Washington State Republican Party, et al.*, 552 U.S. . . . (2008).

Short title—2005 c 2 (Initiative Measure No. 872): "This act may be known and cited as the People's Choice Initiative of 2004." [2005 c 2 § 1 (Initiative Measure No. 872, approved November 2, 2004).]

Intent—2005 c 2 (Initiative Measure No. 872): "The Washington Constitution and laws protect each voter's right to vote for any candidate for any office. The Washington State Supreme Court has upheld the blanket primary as protecting compelling state interests "allowing each voter to keep party identification, if any, secret; allowing the broadest possible participation in the primary election; and giving each voter a free choice among all candidates in the primary." *Heavey v. Chapman*, 93 Wn.2d 700, 705, 611 P.2d 1256 (1980). The Ninth Circuit Court of Appeals has threatened this system through a decision, that, if not overturned by the United States Supreme Court, may require change. In the event of a final court judgment invalidating the blanket primary, this People's Choice Initiative will become effective to implement a system that best protects the rights of voters to make such choices, increases voter participation, and advances compelling interests of the state of Washington." [2005 c 2 § 2 (Initiative Measure No. 872, approved November 2, 2004).]

Contingent effective date—2005 c 2 (Initiative Measure No. 872): "This act takes effect only if the Ninth Circuit Court of Appeals' decision in *Democratic Party of Washington State v. Reed*, 343 F.3d 1198 (9th Cir. 2003) holding the blanket primary election system in Washington state invalid becomes final and a Final Judgment is entered to that effect." [2005 c 2 § 18 (Initiative Measure No. 872, approved November 2, 2004).]

Reviser's note: On February 28, 2004, the United States Supreme Court refused to take the case on appeal; therefore the Ninth Circuit's decision stands.

29A.52.210 Local primaries. All city and town primaries shall be nonpartisan. Primaries for special purpose districts, except those districts that require ownership of property within the district as a prerequisite to voting, shall be nonpartisan. City, town, and district primaries shall be held as provided in RCW 29A.04.311.

The purpose of this section is to establish the holding of a primary, subject to the exemptions in RCW 29A.52.220, as a uniform procedural requirement to the holding of city, town, and district elections. These provisions supersede any and all other statutes, whether general or special in nature, having different election requirements. [2013 c 11 § 51; 2003 c 111 § 1305. 29A.52.220 No nonpartisan office primary permitted—Procedure—No primary for the office of commissioner of park and recreation district, office of cemetery district commissioner—Names of candidates. (1) No primary may be held for any single position in any nonpartisan office if, after the last day allowed for candidates to withdraw, there are no more than two candidates filed for the position. The county auditor shall as soon as possible notify all the candidates so affected that the office for which they filed will not appear on the primary ballot.

(2) No primary may be held for the office of commissioner of a park and recreation district or for the office of cemetery district commissioner.

(3) Names of candidates for offices that do not appear on the primary ballot shall be printed upon the general election ballot in the manner specified by RCW 29A.36.131. 29A.56.320 Nomination—Pledge by electors—What names on ballots—How counted. In the year in which a presidential election is held, each major political party and each minor political party or independent candidate convention that nominates candidates for president and vice president of the United States shall nominate presidential electors for this state. The party or convention shall file with the secretary of state a certificate signed by the presiding officer of the convention at which the presidential electors were chosen, listing the names and addresses of the presidential electors. Each presidential elector shall execute and file with the secretary of state a pledge that, as an elector, he or she will vote for the candidates nominated by that party. The names of presidential electors shall not appear on the ballots. The votes cast for candidates for president and vice president of each political party shall be counted for the candidates for presidential electors of that political party; however, if the interstate compact entitled the "agreement among the states to elect the president by national popular vote," as set forth in RCW 29A.56.300, governs the appointment of the presidential electors for a presidential election as provided in clause 9 of Article III of that compact, then the final appointment of presidential electors for that presidential election shall be in accordance with that compact. [2013 c 11 § 56; 2009 c 264 § 3; 2003 c 111 § 1425. Prior: 1990 c 59 § 69; 1977 ex.s. c 238 § 1; 1965 c 9 § 29.71.020; prior: 1935 c 20 § 1; RRS § 5138-1. Formerly RCW 29.71.020.]

Intent—Effective date—1990 c 59: See notes following RCW 29A.04.013.

29A.56.350 Compensation. Every presidential elector who attends at the time and place appointed, and gives his or

her vote for president and vice president, is entitled to receive from this state a subsistence allowance and travel expenses pursuant to RCW 43.03.050 and 43.03.060 for each day's attendance at the meeting of the college of electors. [2013 c 38 § 1; 2003 c 111 § 1428; 1965 c 9 § 29.71.050. Prior: 1891 c 148 § 4; RRS § 5141. Formerly RCW 29.71.050.]

29A.56.360 Slate of presidential electors. In a year in which the president and vice president of the United States are to be elected, the secretary of state shall include in the certification prepared under RCW 29A.52.321 the names of all candidates for president and vice president who, no later than the third Tuesday of August, have certified a slate of electors to the secretary of state under RCW 29A.56.320 and have been nominated either (1) by a major political party, as certified by the appropriate authority under party rules, or (2) by a minor party or as independent candidates. Major or minor political parties or independent presidential candidates may substitute a different candidate for vice president for the one whose name appears on the party's certification or nominating petition at any time before seventy-five days before the general election, by certifying the change to the secretary of state. Substitutions must not be permitted to delay the printing of either ballots or a voters' pamphlet. Substitutions are valid only if submitted under oath and signed by the same individual who originally certified the nomination, or his or her documented successor, and only if the substitute candidate consents in writing. [2013 c 11 § 57; 2003 c 111 § 1429. Prior: 2001 c 30 § 1. Formerly RCW 29.27.140.]

29A.56.490 Election of delegates—Ascertaining result. The election officials shall count and determine the number of votes cast for each individual; and shall also count and determine the aggregate number of votes cast for all candidates whose names appear under each of the respective headings. Where more than the required number have been voted for, the ballot must be rejected. The vote must be canvassed in each county by the county canvassing board, and certificate of results must be transmitted to the secretary of state. Upon receiving the certificate, the secretary of state may require precinct returns from any county to be forwarded for the secretary's examination.

Where a district embraces precincts of more than one county, the secretary of state shall combine the votes from all the precincts included in each district. The delegates elected in each district will be the number of candidates corresponding to the number of state representatives from the district, who receive the highest number of votes in the group (either "for" or "against") that received an aggregate number of votes for all candidates in the group greater than the aggregate number of votes for all the candidates in the other group. The secretary of state shall issue certificates of election to the delegates so elected. [2013 c 11 § 58; 2011 c 10 § 46; 2003 c 111 § 1438; 1965 c 9 § 29.74.100. Prior: 1933 c 181 § 6; RRS § 5249-6. 29A.56.610 Nomination by convention—Dates. Nominations of candidates for president and vice president of the United States, other than by a major political party, may be made at a convention conducted not earlier than the first Saturday in May and not later than the fourth Saturday in July in the year that president and vice president appear on the general election ballot. A minor political party may hold more than one convention but in no case shall any such party nominate more than one candidate for president or more than one candidate for vice president. To be valid, a convention must be attended by at least one hundred registered voters, but a minor party or independent candidate holding multiple conventions may add together the number of signatures of different individuals from each convention in order to obtain and submit to the secretary of state the signatures of at least one thousand registered voters of the state of Washington. [2013 c 11 § 27; 2006 c 344 § 4; 2004 c 271 § 110. Formerly RCW 29A.20.121.]

Effective date—2006 c 344 §§ 1-16 and 18-40: See note following RCW 29A.04.311.

29A.56.620 Convention—Notice. Each minor party or independent candidate must publish a notice in a newspaper of general circulation within the county in which the party or the candidate intends to hold a convention. The notice must appear at least ten days before the convention is to be held, and shall state the date, time, and place of the convention. Additionally, it shall include the mailing address of the person or organization sponsoring the convention. [2004 c 271 § 189. Formerly RCW 29A.20.131.]

29A.56.630 Nominating petition—Requirements. A nominating petition submitted under this chapter shall clearly identify the name of the minor party or independent candidate convention as it appears on the certificate of nomination as required by *RCW 29A.20.161(3). The petition shall also contain a statement that the person signing the petition is a registered voter of the state of Washington and shall have a space for the voter to sign his or her name and to print his or her name and address. No person may sign more than one nominating petition under this chapter for an office for an election. [2004 c 271 § 112. Formerly RCW 29A.20.151.]

***Reviser's note:** RCW 29A.20.161 was recodified as RCW 29A.56.640 pursuant to 2013 c 11 § 93.

29A.56.640 Certificate of nomination—Requisites. A certificate evidencing nominations made at a convention must:

29A.56.650 Multiple certificates of nomination. (1) If two or more valid certificates of nomination are filed purporting to nominate different candidates for the same position using the same party name, the filing officer must give effect to both certificates. If conflicting claims to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the candidates must be treated as independent candidates. Disputes over the right to the name must not be permitted to delay the printing of either ballots or a voters' pamphlet. Other candidates nominated by the same conventions may continue to use the partisan affiliation unless a court of competent jurisdiction directs otherwise.

(2) A person affected may petition the superior court of the county in which the filing officer is located for a judicial determination of the right to the name of a minor political party, either before or after documents are filed with the filing officer. The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle; (c) the nomination of a more complete slate of candidates for a number of offices or in a number of different regions of the state; (d) documented affiliation with a national or statewide party organization with an established use of the name; (e) the first date of filing of a certificate of nomination; and (f) such other indicia of an established right to use of the name as the court may deem relevant. If more than one filing officer is involved, and one of them is the secretary of state, the petition must be filed in the superior court for Thurston county. Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail. [2004 c 271 § 155. Formerly RCW 29A.20.171.]

29A.56.660 Presidential electors—Selection at convention. A minor political party or independent candidate convention nominating candidates for the offices of president and vice president of the United States shall, not later than ten days after the adjournment of the convention, submit a list of presidential electors to the office of the secretary of state. officer of the convention. [2004 c 271 § 156. Formerly RCW 29A.20.181.]

29A.56.670 Certificate of nomination—Checking signatures—Appeal of determination. Upon the receipt of the certificate of nomination, the secretary of state shall check the certificate and canvass the signatures on the accompanying nominating petitions to determine if the requirements of RCW 29A.56.640 have been met. Once the determination has been made, the secretary of state shall notify the presiding officer of the convention and any other persons requesting the notification, of his or her decision regarding the sufficiency of the certificate or the nominating petitions. Any appeal regarding the secretary's determination must be filed with the superior court of Thurston county not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying. [2013 c 11 § 29; 2004 c 271 § 157. Formerly RCW 29A.20.191.]

29A.60.280 Local elected officials, commencement of term of office—Purpose. (1) The legislature finds that certain laws are in conflict governing the assumption of office of various local officials. The purpose of this section is to provide a common date for the assumption of office for all the elected officials of counties, cities, towns, and special purpose districts other than school districts where the ownership of property is not a prerequisite of voting. A person elected to the office of school director begins his or her term of office at the first official meeting of the board of directors after certification of the election results. It is also the purpose of this section to remove these conflicts and delete old statutory language concerning such elections which is no longer necessary.

(2) For elective offices of counties, cities, towns, and special purpose districts other than school districts where the ownership of property is not a prerequisite of voting, the term of incumbents ends and the term of successors begins after the successor is elected and qualified, and the term commences immediately after December 31st following the election, except as follows:

(a) Where the term of office varies from this standard according to statute; and

(b) If the election results have not been certified prior to January 1st after the election, in which event the time of commencement for the new term occurs when the successor becomes qualified in accordance with RCW 29A.04.133.

(3) For elective offices governed by this section, the oath of office must be taken as the last step of qualification as defined in RCW 29A.04.133 but may be taken either:

(a) Up to ten days prior to the scheduled date of assuming office; or

(b) At the last regular meeting of the governing body of the applicable county, city, town, or special district held before the winner is to assume office. [2003 c 111 § 504;

Chapter 29A.64 RCW RECOUNTS

Sections

29A.64.021	Mandatory.
29A.64.030	Deposit of fees—Notice—Public proceeding.
29A.64.050	Partial recount requiring complete recount.
29A.64.061	Amended abstracts.
29A.64.090	Statewide measures—When mandatory—Cost at state expense.

29A.64.021 Mandatory. (1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently qualified for the general election ballot or elected to any office, and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If

more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system. [2013 c 11 § 66; 2005 c 243 § 19; 2004 c 271 § 178.]

29A.64.030 Deposit of fees—Notice—Public proceeding. An application for a recount shall state the office or ballot measure for which a recount is requested, and whether the request is for all precincts or only a portion of the precincts in that jurisdiction. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW 29A.64.081.

The county canvassing board shall determine the date, time, and place or places at which the recount will be conducted. Not less than one day before the date of the recount, the county auditor shall notify the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office of the date, time, and place of the recount. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount. 29A.64.050 Partial recount requiring complete recount. When a partial recount of votes cast for an office or issue changes the result of the election, the canvassing board or the secretary of state, if the office or issue is being recounted at his or her direction, shall order a complete recount of all ballots cast for the office or issue for the jurisdiction in question.

This recount will be conducted in a manner consistent with RCW 29A.64.021. [2013 c 11 § 68; 2003 c 111 § 1605. Prior: 2001 c 225 § 7. Formerly RCW 29.64.035.]

29A.64.061 Amended abstracts. (1) Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

(2) If the office or issue for which the recount was conducted was filed with the county auditor, the canvassing board shall file the amended abstract with the original results of that election or primary.

(3) If the office or issue for which a recount was conducted was filed with the secretary of state, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date.

(4) An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election. [2013 c 11 § 69; 2005 c 243 § 21; 2004 c 271 § 180.]

29A.64.090 Statewide measures—When mandatory—Cost at state expense. When the official canvass of returns of any election reveals that the difference in the number of votes cast for the approval of a statewide measure and the number of votes cast for the rejection of such measure is less than two thousand votes and also less than one-half of one percent of the total number of votes cast on such measure, the secretary of state shall direct that a recount of all votes cast on such measure be made on such measure, in the manner provided by RCW 29A.64.041 and 29A.64.061, and the cost of such recount will be at state expense. 30.04.070 Costs of examination, filing, and other service fees—Nondirect expenses. (1) In order to cover the costs of the operation of the department's division of banks and to establish and maintain a reasonable reserve for the division of banks, the department may charge and collect the costs of examination, filing and other service fees, and semi-annual charges for recoupment of nondirect expenses related to the examination of financial institutions regulated by the department, as provided for in this section.

(2) The director shall collect from each bank, savings bank, trust company, savings association, holding company under this title, holding company under Title 32 RCW, business development company under chapter 31.24 RCW, agricultural lender under chapter 31.35 RCW, and small business lender under chapter 31.40 RCW:

(a) For each examination of its condition the estimated actual cost of such examination; and

(b) For services in relation to required filings, applications, requests for waiver, investigations, approvals, determinations, certifications, agreements, actions, directives, and orders made by or to the director.

(3) In addition to collecting the estimated actual cost of examination and other fees authorized by subsection (2) of

this section, the director may collect a semiannual charge for recoupment of nondirect expenses related to the examination of a bank or trust company under this title, a savings bank under Title 32 RCW, and a savings association under Title 33 RCW, based upon the assets of the bank, savings bank, or savings association, or assets under management of the trust company, which shall be computed upon the asset value reflected in the institution's most recent report of condition. Effective date—2010 c 88: See RCW 32.50.900.

30.04.111 Limit on loans and extensions of credit to one person—Exceptions—Definitions—Rules—Nonconforming loans and extensions of credit. (1) The total loans and extensions of credit by a bank or trust company to a person outstanding at any one time shall not exceed twenty percent of the capital and surplus of such bank or trust company. A loan or extension of credit made by a bank or trust company does not violate this section if the loan or extension of credit would qualify for an exception to the lending limit for a national bank under rules adopted by the United States office of the comptroller of the currency, or successor federal agency with authority over national banks and federal savings associations.

(2) For the purposes of this section, the terms "borrower," "capital and surplus," "derivative transaction," "loans and extensions of credit," and "person" shall have the same meaning as those terms are defined in section 32.2 of Title 12 of the United States code of federal regulations, 12 C.F.R. Sec. 32.2, except that "loans and extensions of credit" also includes repurchase agreements, reverse repurchase agreements, securities lending transactions, or securities borrowing transactions between a bank and a borrower if the federal deposit insurance corporation requires such treatment for a state insured bank or the board of governors of the federal reserve system requires such treatment for member state banks.

(3) The director may prescribe rules to administer and carry out the purposes of this section, including without limitation rules (a) to define or further define terms used in this section, (b) to establish limits or requirements other than those specified in this section for particular classes or categories of loans and extensions of credit, (c) to determine when a loan putatively made to a person shall, for purposes of this section, be attributed to another person, (d) to set standards for computation of time in relation to determining limits on loans and extensions of credit, and (e) to implement and

incorporate other changes in limits on loans and extensions of credit necessary to conform to federal statute and rule required or otherwise authorized by this section. In adopting the rules, the director shall be guided by rulings of the United States comptroller of the currency, or successor federal banking regulator, that govern limits on loans and extensions of credit applicable to national banks and federal savings associations. In lieu of the adoption by the department of a rule applicable to specific types of transactions, a bank, unless otherwise approved by the director, shall conform to all applicable rulings of the comptroller of the currency, or successor federal banking regulator, which (i) relate to national banks and federal savings associations, (ii) govern such specific types of transactions or circumstances, and (iii) are consistent with this section and the department's adopted rules.

(4)(a) A loan or extension of credit that was within the limit on loans and extensions of credit when made is not a violation but will be treated as nonconforming if the loan or extension of credit is no longer in conformity with the bank's or trust company's limit on loans and extensions of credit because:

(i) The bank's or trust company's capital has declined, borrowers have subsequently merged or formed a common enterprise, lenders have merged, or the limit on loans and extensions of credit or capital rules have changed; or

(ii) Collateral securing the loan or extension of credit, in order to satisfy the requirements of an exception to the limit, has declined in value.

(b) A bank or trust company shall make reasonable efforts to bring a loan or extension of credit that is nonconforming under (a)(i) of this subsection into conformity with the bank's or trust company's limit on loans and extensions of credit unless to do so would be inconsistent with safe and sound banking practices.

(c) A bank or trust company must bring a loan or extension of credit that is nonconforming under (a)(ii) of this subsection into conformity with the bank's limit on loans and extensions of credit within thirty calendar days, except when judicial proceedings, regulatory actions, or other extraordinary circumstances beyond the bank's or trust company's control prevent the bank or trust company from taking action.

(d) Notwithstanding any provision of this subsection (4), the director may by rule or interpretation prescribe standards for treatment of nonconforming extensions of credit that are derivatives transactions, repurchase agreements, reverse repurchase agreements, securities lending transactions, or securities borrowing transactions, and may, if required for state insured banks or member state banks, rely upon rules or interpretations of the federal deposit insurance corporation or the board of governors of the federal reserve system, as applicable.

(5) Notwithstanding any provision of this section to the contrary, in the event that a bank's capital declines sufficiently to seriously impair the bank's ability to effectively operate in its marketplace or serve the needs of its customers or the community in which it is located, the director may, upon written application and in the exercise of the director's discretion, grant the bank temporary permission to fund loans and extensions of credit in excess of the bank's limit on loans and extensions of credit under this section. In the exercise of discretion, the director may further specify conditions for

granting such emergency exception and may limit emergency lending authority under this section to particular types or classes of loans and extensions of credit.

(6) Notwithstanding any provision of this section to the contrary, the director, in the exercise of discretion, may grant an exception to the limit on loans and extensions of credit otherwise required by this section, based on extenuating facts and circumstances. In deciding whether to grant an exception under this subsection, the director shall consider:

(a) The proposed transaction for which the exception is sought;

(b) How the requested exception would affect the capital adequacy and safety and soundness of the requesting bank if the exception is not granted or, if the exception is granted, if the proposed borrower should ultimately default;

(c) How the requested exception would affect the loan portfolio diversification of the requesting bank;

(d) The competency of management to handle the proposed transaction and any resulting safety and soundness issues;

(e) The marketability and value of the proposed collateral; and

(f) The extenuating facts and circumstances that warrant an exception in light of the purpose of limit on loans and extensions of credit set forth in this section. [2013 c 76 § 3; 2010 c 88 § 10; 1995 c 344 § 1; 1994 c 92 § 12; 1986 c 279 § 3.]

30.04.215 Engaging in other business activities. (1) Notwithstanding any other provisions of law, in addition to all powers enumerated by this title, and those necessarily implied therefrom, a bank or trust company may engage in other business activities that have been determined by the board of governors of the federal reserve system or by the United States Congress to be closely related to the business of banking, as of July 28, 2013.

(2) A bank or trust company that desires to perform an activity that is not expressly authorized by subsection (1) of this section shall first apply to the director for authorization to conduct such activity. Within thirty days of the receipt of this application, the director shall determine whether the activity is closely related to the business of banking, whether the public convenience and advantage will be promoted, whether the activity is apt to create an unsafe and unsound practice by the bank or trust company and whether the applicant is capable of performing such an activity. If the director finds the activity to be closely related to the business of banking and the bank or trust company is otherwise qualified, he or she shall immediately inform the applicant that the activity is authorized. If the director determines that such activity is not closely related to the business of banking or that the bank or trust company is not otherwise qualified, he or she shall promptly inform the applicant in writing. The applicant shall have the right to appeal from an unfavorable determination in accordance with the procedures of the Administrative Procedure Act, chapter 34.05 RCW. In determining whether a particular activity is closely related to the business of banking, the director shall be guided by the rulings of the board of governors of the federal reserve system and the comptroller of the currency in making determinations in connection with the

powers exercisable by bank holding companies, and the activities performed by other commercial banks or their holding companies.

(3) Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a bank has under the laws of this state, a bank shall have the powers and authorities conferred as of July 28, 1985, or as of any subsequent date not later than July 28, 2013, upon any federally chartered bank doing business in this state. A bank may exercise the powers and authorities conferred on a federally chartered bank after July 28, 2013, only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors, borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between state-chartered banks and federally chartered banks.

(4) Notwithstanding any other provisions of law, a bank has the powers and authorities that an out-of-state state bank operating a branch in Washington has if the director finds that the exercise of such powers and authorities serves the convenience and advantage of depositors and borrowers, or the general public, and maintains the fairness of competition and parity between state-chartered banks and out-of-state state banks.

(5) As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

(6) The restrictions, limitations, and requirements applicable to specific powers and authorities of federally chartered banks and out-of-state state banks, as applicable, shall apply to banks exercising those powers and authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to exercising the powers and authorities granted banks solely under this section.

(7) The director may require a bank to provide notice to the director prior to implementation of a plan to develop, improve, or continue holding real estate, including capitalized and operating leases, acquired through any means in full or partial satisfaction of a debt previously contracted, under circumstances which a national bank would be required to provide notice to the comptroller of the currency prior to implementation of such a plan. The director may adopt rules or issue orders, directives, standards, policies, memoranda, or other official communications to specify guidance with regard to the exercise of the powers and authorities to expend such funds as are needed to enable a bank or trust company to recover its total investment to the fullest extent authorized for a national bank under the national bank act, 12 U.S.C. Sec. 29.

(8) Any activity which may be performed by a bank or trust company, except the taking of deposits, may be performed by (a) a corporation or (b) another entity approved by the director, which in either case is owned in whole or in part by the bank or trust company. (1) A person authorized under this title to engage in a trust business shall maintain in its office a trust department in which it shall keep books and accounts of its trust business, separate and apart from its other business. Such books and accounts shall specify the cash, securities and other properties, real and personal, held in each trust, and such securities and properties shall be at all times segregated from all other securities and properties except as otherwise provided in this section.

(2) Any person connected with a bank or trust company who shall, contrary to this section or any other provision of law, commingle any funds or securities of any kind held by such corporation in trust, for safekeeping or as agent for another, with the funds or assets of the corporation is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding any other provisions of law, any fiduciary holding securities in its fiduciary capacity or any state bank, national bank, or trust company holding securities as fiduciary or as custodian for a fiduciary is authorized to deposit or arrange for the deposit of such securities: (a) In a clearing corporation (as defined in Article 8 of the Uniform Commercial Code, chapter 62A.8 RCW); (b) within another state bank, national bank, or trust company having trust power whether located inside or outside of this state; or (c) within itself. When such securities are so deposited, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation or state bank, national bank, or trust company holding the securities as the depository, with any other such securities deposited in such clearing corporation or depository by any person, regardless of the ownership of such securities, and certificates of small denomination may be merged into one or more certificates of larger denomination. The records of such fiduciary and the records of such state bank, national bank, or trust company as a fiduciary or as custodian for a fiduciary shall at all times show the name of the party for whose account the securities are so deposited. Ownership of, and other interests in, such securities may be transferred by bookkeeping entries on the books

of such clearing corporation, state bank, national bank, or trust company without physical delivery or alteration of certificates representing such securities. A state bank, national bank, or trust company so depositing securities pursuant to this section shall be subject to such rules and regulations as, in the case of state chartered banks and trust companies, the director and, in the case of national banking associations, the comptroller of the currency may from time to time issue. A state bank, national bank, or trust company acting as custodian for a fiduciary shall, on demand by the fiduciary, certify in writing to the fiduciary the securities so deposited by such state bank, national bank, or trust company in such clearing corporation or state bank, national bank, or trust company acting as such depository for the account of such fiduciary. A fiduciary shall, on demand by any party to a judicial proceeding for the settlement of such fiduciary's account or on demand by the attorney for such party, certify in writing to such party the securities deposited by such fiduciary in such clearing corporation or state bank, national bank, or trust company acting as such depository for its account as such fiduciary.

This subsection shall apply to any fiduciary holding securities in its fiduciary capacity, and to any state bank, national bank, or trust company holding securities as a custodian, managing agent, or custodian for a fiduciary, acting on March 14, 1973 or who thereafter may act regardless of the date of the agreement, instrument, or court order by which it is appointed and regardless of whether or not such fiduciary, custodian, managing agent, or custodian for a fiduciary owns capital stock of such clearing corporation. 30.46.020 Grounds for determining need for supervisory direction—Abatement of determination—Supervisory direction, procedure—Conservator, immunity. (1) If upon examination or at any other time it appears to the director that any bank or trust company is in an unsafe condition and its condition is such as to render the continuance of its business hazardous to the public or to its depositors and creditors, or if such bank or trust company appears to have exceeded its powers or has failed to comply with the law, or if such bank or trust company gives its consent, then the

director shall upon his or her determination (a) notify the bank or trust company of his or her determination, and (b) furnish to the bank or trust company a written list of the director requirements to abate his or her determination, and (c) if the director makes further determination to directly supervise, notify the bank or trust company that it is under the supervisory direction of the director and that the director is invoking the provisions of this chapter. If placed under supervisory direction the bank or trust company shall comply with the lawful requirements of the director within such time as provided in the notice of the director, subject however, to the provisions of this chapter. If the bank or trust company fails to comply within such time the director may appoint a conservator as hereafter provided.

(2) A person appointed as conservator by the director pursuant to this chapter is immune from criminal, civil, and administrative liability for any act done in good faith in the performance of the duties of conservator. [2013 c 76 § 14; 1994 c 92 § 134; 1975 1st ex.s. c 87 § 2.]

30.46.030 Supervisory direction—Appointment of representative to supervise—Restrictions on operations. During the period of supervisory direction the director may appoint a representative to supervise such bank or trust company and may provide that the bank or trust company may not do any of the following during the period of supervisory direction, without the prior approval of the director or the appointed representative:

- (1) Dispose of, convey, or encumber any of the assets, excluding trust assets under management;
- (2) Withdraw any of its bank accounts;
- (3) Lend any of its funds;
- (4) Invest any of its funds;
- (5) Transfer any of its property; or
- (6) Incur any debt, obligation, or liability. [2013 c 76 § 15; 1994 c 92 § 135; 1975 1st ex.s. c 87 § 3.]

30.46.040 Conservator—Appointment—Grounds—Powers, duties, and functions. After the period of supervisory direction specified by the director for compliance, if he or she determines that such bank or trust company has failed to comply with the lawful requirements imposed, upon due notice and hearing or by consent of the bank, the director may appoint a conservator, who shall immediately take charge of such bank or trust company and all of its property, books, records, and effects. The conservator shall conduct the business of the bank or trust company and take such steps toward the removal of the causes and conditions which have necessitated such order, as the director may direct. During the pendency of the conservatorship the conservator shall make such reports to the director from time to time as may be required by the director, and shall be empowered to take all necessary measures to preserve, protect, and recover any assets or property of such bank or trust company, including claims or causes of actions belonging to or which may be asserted by such bank, and to deal with the same in his or her own name as conservator, and shall be empowered to file, prosecute, and defend any suit and suits which have been filed or which may thereafter be filed by or against such bank or trust company which are deemed by the conservator to be necessary to protect all of the interested parties for a property affected

thereby. The director, or any newly appointed assistant, may be appointed to serve as conservator. If the director, however, is satisfied that such bank or trust company is not in condition to continue business in the interest of its customers under the conservator as above provided, the director may proceed with appropriate remedies provided by other provisions of this title. [2013 c 76 § 16; 1994 c 92 § 136; 1975 1st ex.s. c 87 § 4.]

30.46.050 Costs as charge against bank's or trust company's assets. All costs incident to supervisory direction and the conservatorship shall be fixed and determined by the director and shall be a charge against the assets of the bank or trust company, excluding trust assets under management, to be allowed and paid as the director may determine. [2013 c 76 § 17; 1994 c 92 § 137; 1975 1st ex.s. c 87 § 5.]

30.46.060 Request for review of action—Stay of action—Orders subject to review. During the period of the supervisory direction and during the period of conservatorship, the bank or trust company may request the director to review an action taken or proposed to be taken by the representative or conservator; specifying wherein the action complained of is believed not to be in the best interest of the bank or trust company, and such request shall stay the action specified pending review of such action by the director. Any order entered by the director appointing a representative and providing that the bank or trust company shall not do certain acts as provided in RCW 30.46.030 and 30.46.040, any order entered by the director appointing a conservator, and any order by the director following the review of an action of the representative or conservator as herein above provided shall be subject to review in accordance with the administrative procedure act of the state of Washington. Any suit filed against a bank or its conservator or a trust company or its conservator, after the entrance of an order by the director placing such bank or trust company in conservatorship and while such order is in effect, shall be brought in the superior court of Thurston county and not elsewhere. The conservator appointed hereunder for such bank or trust company may file suit in any superior court or other court of competent jurisdiction against any person for the purpose of preserving, protecting, or recovering any asset or property of such bank or trust company including claims or causes of action belonging to or which may be asserted by such bank. [2013 c 76 § 19; 1994 c 92 § 139; 1975 1st ex.s. c 87 § 7.]

30.46.080 Duration of conservator's term—Rehabilitated banks or trust companies—Management. The conservator shall serve for such time as is necessary to accomplish the purposes of the conservatorship as intended by this chapter. If rehabilitated, the rehabilitated bank or trust company shall be returned to management or new managements under such conditions as are reasonable and necessary to prevent recurrence of the condition which occasioned the conservatorship. [2013 c 76 § 20; 1975 1st ex.s. c 87 § 8.]

30.46.090 Authority of director. If the director determines to act under authority of this chapter, the sequence of his or her acts and proceedings shall be as set forth in this chapter. However, it is the purpose and substance of this chapter to authorize administrative discretion—to allow the director administrative discretion in the event of unsound banking or trust company operations—and in furtherance of that purpose the director is hereby authorized to proceed with regulation either under this chapter or under any other applicable provisions of law or under this chapter in connection with other law, either as such law is now existing or is hereinafter enacted, and it is so provided. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(2) "Applicant" means a person applying for a license under this chapter.

(3) "Borrower" means any person who consults with or retains a licensee or person subject to this chapter in an effort to obtain, or who seeks information about obtaining a loan, regardless of whether that person actually obtains such a loan. (15)(a) "Mortgage loan originator" means an individual who for compensation or gain (i) takes a residential mortgage loan application, or (ii) offers or negotiates terms of a residential mortgage loan. "Mortgage loan originator" does not include any individual who performs purely administrative or clerical tasks; and does not include a person or entity solely involved in extensions of credit relating to timeshare plans, as that term is defined in section 101(53D) of Title 11, United States Code. (v) Offering to engage in any activity, or act in any capacity, described in (c)(i) through (iv) of this subsection.

(a) On a nonresidential loan each payment is applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(b) On a residential mortgage loan payments are applied as determined in the security instrument.

(29) "Third-party residential mortgage loan modification services" means residential mortgage loan modification services offered or performed by any person other than the owner or servicer of the loan.

Findings—Declarations—2009 c 120: "The legislature finds and declares that accessibility to credit is vital to the citizens of this state. The legislature declares that it is essential for the protection of citizens of this state and the stability of the state's economy that standards for licensing and regulation of the business practices of lenders be imposed. The legislature further finds that the activities of lenders and mortgage loan originators and the origination or offering of financing for residential real property have a direct, valuable, and immediate impact upon this state's consumers, this state's economy, the neighborhoods and communities of this state, and the housing and real estate industry. The legislature therefore declares that this act is necessary to encourage responsible lending in all credit transactions, to protect borrowers, and to preserve access to credit in the residential real estate lending market." [2009 c 120 § 1.]

31.04.093 Licensing—Applications—Regulation of licensees—Director's duties and authority—Fines—Orders.

(1) The director shall enforce all laws and rules relating to the licensing and regulation of licensees and persons subject to this chapter.

(2) The director may deny applications for licenses for:

(a) Failure of the applicant to demonstrate within its application for a license that it meets the requirements for licensing in RCW 31.04.045 and 31.04.055;

(b) Violation of an order issued by the director under this chapter or another chapter administered by the director, including but not limited to cease and desist orders and temporary cease and desist orders;

(c) Revocation or suspension of a license to conduct lending or residential mortgage loan servicing, or to provide settlement services associated with lending or residential mortgage loan servicing, by this state, another state, or by the federal government within five years of the date of submittal of a complete application for a license; or

(d) Filing an incomplete application when that incomplete application has been filed with the department for sixty or more days, provided that the director has given notice to the licensee that the application is incomplete, informed the applicant why the application is incomplete, and allowed at least twenty days for the applicant to complete the application.

(3) The director may suspend or revoke a license issued under this chapter if the director finds that:

(a) The licensee has failed to pay any fee due the state of Washington, has failed to maintain in effect the bond or permitted substitute required under this chapter, or has failed to comply with any specific order or demand of the director lawfully made and directed to the licensee in accordance with this chapter;

(b) The licensee, either knowingly or without the exercise of due care, has violated any provision of this chapter or any rule adopted under this chapter; or

(c) A fact or condition exists that, if it had existed at the time of the original application for the license, clearly would have allowed the director to deny the application for the original license. The director may revoke or suspend only the particular license with respect to which grounds for revocation or suspension may occur or exist unless the director finds that the grounds for revocation or suspension are of general application to all offices or to more than one office operated by the licensee, in which case, the director may revoke or suspend all of the licenses issued to the licensee.

(4) The director may impose fines of up to one hundred dollars per day, per violation, upon the licensee, its employee or loan originator, or other person subject to this chapter for:

(a) Any violation of this chapter; or

(b) Failure to comply with any order or subpoena issued by the director under this chapter.

(5) The director may issue an order directing the licensee, its employee or loan originator, or other person subject to this chapter to:

(a) Cease and desist from conducting business in a manner that is injurious to the public or violates any provision of this chapter;

(b) Take such affirmative action as is necessary to comply with this chapter; or

(c) Make a refund or restitution to a borrower or other person who is damaged as a result of a violation of this chapter.

(6) The director may issue an order removing from office or prohibiting from participation in the affairs of any lic-

ensee, or both, any officer, principal, employee or loan originator, or any person subject to this chapter for:

(a) False statements or omission of material information from an application for a license that, if known, would have allowed the director to deny the original application for a license;

(b) Conviction of a gross misdemeanor involving dishonesty or financial misconduct or a felony;

(c) Suspension or revocation of a license to engage in lending or residential mortgage loan servicing, or perform a settlement service related to lending or residential mortgage loan servicing, in this state or another state;

(7) Except to the extent prohibited by another statute, the director may engage in informal settlement of complaints or enforcement actions including, but not limited to, payment to the department for purposes of financial literacy and education programs authorized under RCW 43.320.150. If any person subject to this chapter makes a payment to the department under this section, the person may not advertise such payment.

(8) Whenever the director determines that the public is likely to be substantially injured by delay in issuing a cease and desist order, the director may immediately issue a temporary cease and desist order. The order may direct the licensee to discontinue any violation of this chapter, to take such affirmative action as is necessary to comply with this chapter, and may include a summary suspension of the licensee's license and may order the licensee to immediately cease the conduct of business under this chapter. The order shall become effective at the time specified in the order. Every temporary cease and desist order shall include a provision that a hearing will be held upon request to determine whether the order will become permanent. Such hearing shall be held within fourteen days of receipt of a request for a hearing unless otherwise specified in chapter 34.05 RCW.

(9) A licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the licensee's civil or criminal liability, if any, for acts committed before the surrender, including any administrative action initiated by the director to suspend or revoke a license, impose fines, compel the payment of restitution to borrowers or other persons, or exercise any other authority under this chapter.

(10) The revocation, suspension, or surrender of a license does not impair or affect the obligation of a preexisting lawful contract between the licensee and a borrower.

(11) Every license issued under this chapter remains in force and effect until it has been surrendered, revoked, or suspended in accordance with this chapter. However, the director may on his or her own initiative reinstate suspended licenses or issue new licenses to a licensee whose license or licenses have been revoked if the director finds that the licensee meets all the requirements of this chapter.

(12) A license issued under this chapter expires upon the licensee's failure to comply with the annual assessment

requirements in RCW 31.04.085, and the rules. The department must provide notice of the expiration to the address of record provided by the licensee. On the 15th day after the department provides notice, if the assessment remains unpaid, the license expires. The licensee must receive notice prior to expiration and have the opportunity to stop the expiration as set forth in rule. [2013 c 29 § 5; 2012 c 17 § 4; 2010 c 35 § 6; 2001 c 81 § 8; 1994 c 92 § 166; 1991 c 208 § 10.]

31.04.102 Loans secured, or not secured, by lien on real property—Licensee's obligations—Disclosure of fees and costs to borrower—Time limits. (1) For all loans made by a licensee that are not secured by a lien on real property, the licensee must make disclosures in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, and all other applicable federal laws and regulations.

(2) For all loans made by a licensee that are secured by a lien on real property, the licensee shall provide to each borrower within three business days following receipt of a loan application a written disclosure containing an itemized estimation and explanation of all fees and costs that the borrower is required to pay in connection with obtaining a loan from the licensee. A good faith estimate of a fee or cost shall be provided if the exact amount of the fee or cost is not available when the disclosure is provided. Disclosure in a form which complies with the requirements of the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, the real estate settlement procedures act and regulation X, 24 C.F.R. Sec. 3500, and all other applicable federal laws and regulations, as now or hereafter amended, shall be deemed to constitute compliance with this disclosure requirement. Each licensee shall comply with all other applicable federal and state laws and regulations.

(3) In addition, for all loans made by the licensee that are secured by a lien on real property, the licensee must provide to the borrower an estimate of the annual percentage rate on the loan and a disclosure of whether or not the loan contains a prepayment penalty within three days of receipt of a loan application. The annual percentage rate must be calculated in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226. If a licensee provides the borrower with a disclosure in compliance with the requirements of the truth in lending act within three business days of receipt of a loan application, then the licensee has complied with this subsection. If the director determines that the federal government has required a disclosure that substantially meets the objectives of this subsection, then the director may make a determination by rule that compliance with this federal disclosure requirement constitutes compliance with this subsection.

(4) In addition for all consumer loans made by the licensee that are secured by a lien on real property, the licensee must comply with RCW 19.144.020. [2013 c 29 § 6; 2009 c 120 § 6; 2002 c 346 § 1; 2001 c 81 § 9.]

(2) In connection with the making of a loan, charge the borrower a nonrefundable, prepaid, loan origination fee not to exceed four percent of the first twenty thousand dollars and two percent thereafter of the principal amount of the loan advanced to or for the direct benefit of the borrower, which fee may be included in the principal balance of the loan;

(3) Agree with the borrower for the payment of fees to third parties other than the licensee who provide goods or services to the licensee in connection with the preparation of the borrower's loan, including, but not limited to, credit reporting agencies, title companies, appraisers, structural and pest inspectors, and escrow companies, when such fees are actually paid by the licensee to a third party for such services or purposes and may include such fees in the amount of the loan. However, no charge may be collected unless a loan is made, except for reasonable fees properly incurred in connection with the appraisal of property by a qualified, independent, professional, third-party appraiser selected by the borrower and approved by the lender or in the absence of borrower selection, selected by the lender;

(4) In connection with the making of a loan secured by real estate, when the borrower actually obtains a loan, agree with the borrower to pay a fee to a mortgage broker that is not owned by the licensee or under common ownership with the licensee and that performed services in connection with the origination of the loan. A licensee may not receive compensation as a mortgage broker in connection with any loan made by the licensee;

(5) Collect at the time of the loan closing up to but not exceeding forty-five days of prepaid interest;

(6) Charge and collect a penalty of not more than ten percent of any installment payment delinquent ten days or more;

(7) Collect from the debtor reasonable attorneys' fees, actual expenses, and costs incurred in connection with the collection of a delinquent debt, a repossession, or a foreclosure when a debt is referred for collection to an attorney who is not a salaried employee of the licensee;

31.04.155 Licensee—Recordkeeping—Director's access—Report requirement—Failure to report. The licensee shall keep and use in the business such books, accounts, records, papers, documents, files, and other information as will enable the director to determine whether the licensee is complying with this chapter and with the rules adopted by the director under this chapter. The director shall have free access to such books, accounts, records, papers, documents, files, and other information wherever located.

Every licensee shall preserve the books, accounts, records, papers, documents, files, and other information relevant to a loan for at least three years after making the final entry on any loan. No licensee or person subject to examination or investigation under this chapter shall withhold, abstract, remove, mutilate, destroy, or secrete any books, accounts, records, papers, documents, files, or other information.

Each licensee shall, on or before the first day of March of each year, file a report with the director giving such relevant information as the director may reasonably require concerning the business and operations of each licensed place of business conducted during the preceding calendar year. The report must be made under oath and must be in the form prescribed by the director, who shall make and publish annually an analysis and recapitulation of the reports. Every licensee that fails to file a report that is required to be filed by this chapter within the time required under this chapter is subject to a penalty of fifty dollars per day for each day's delay. The attorney general may bring a civil action in the name of the state for recovery of any such penalty. [2013 c 29 § 8; 2001 c 81 § 12; 1994 c 92 § 170; 1991 c 208 § 16.]

31.04.221 Mortgage loan originator—License required—Unique identifier required. (k) A registered investment company or collective investment fund, as long as the prospectus of the company or fund restricts the investment portfolio to investments and investment transactions that are permissible for credit unions; or

(l) Other investments approved by the director upon written application.

(2) If a credit union has lawfully made an investment that later becomes impermissible because of a change in circumstances or law, and the director finds that this investment will have an adverse effect on the safety and soundness of the credit union, then the director may require that the credit union develop a reasonable plan for the divestiture of the investment. [2013 c 34 § 8; 2001 c 83 § 19; 1997 c 397 § 36. Prior: 1994 c 256 § 86; 1994 c 92 § 197; 1987 c 338 § 7; 1984 c 31 § 44. Formerly RCW 31.12.425.]

(2) If the real property or leasehold interest is acquired for future expansion, the credit union must partially occupy the premises within three years after the credit union makes the investment, if the premises are improved at the time of acquisition, or within six years after the credit union makes the investment, if the premises are unimproved at the time of acquisition.

(3) The director may, upon written application, waive any of the limitations listed in subsection (1) or (2) of this section, and the director may adopt rules to interpret this section. [2013 c 34 § 9; 2001 c 83 § 20; 1997 c 397 § 37. Prior: 1994 c 256 § 87; 1994 c 92 § 198; 1984 c 31 § 45. Formerly RCW 31.12.435.]

The continuing credit union shall cause to be published notice of merger once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the merging credit union is located. The notice of merger must also inform creditors of the merging credit union how to make a claim on the continuing credit union, and that if a claim is not made upon the continuing credit union within thirty days of the last date of publication, creditors' claims that are not known by the continuing credit union may be barred. Except for claims filed as requested by the notice, or debts or obligations that are known or reasonably should be known by the continuing credit union, the debts and obligations of the merging credit union are discharged. Upon merger, the charter of the merging credit union ceases to exist.

(4) Mergers are effective after the thirty-day notice period to creditors and all regulatory waiting periods have expired, and upon filing of the credit union's articles of

merger by the secretary of state, or a later date stated in the articles, which in no event may be later than ninety days after the articles are filed. On receipt of such a request, the secretary shall designate a time and place for the special board meeting, which shall be held within thirty days after receipt of the request. The director may require the attendance of all of the directors at the special board meeting, and an absence unexcused by the director constitutes a violation of this chapter. In making such findings, the director may rely on an application in the form filed with the federal deposit insurance corporation pursuant to 12 U.S.C. Sec. 1828(d). If the application for a branch is not approved, the savings bank shall have the right to appeal in the same manner and within the same time as provided by RCW 32.08.050 and 32.08.060.

The savings bank when delivering the application to the director shall transmit to the director a check in an amount established by rule to cover the expense of the investigation. A savings bank headquartered in this state shall not move its headquarters or any branch more than two miles from its existing location without prior approval of the director. On or before the date on which it opens any office at which it will transact business in any state, territory, province, or other jurisdiction, a savings bank shall give written notice to the director of the location of this office. No such notice shall become effective until it has been delivered to the director.

(4) The board of trustees of a savings bank, after notice to the director, may discontinue the operation of a branch. The savings bank shall keep the director informed in the matter and shall notify the director of the date operation of the branch is discontinued.

(5) A savings bank that is headquartered in this state and is operating branches in another state, territory, province, or other jurisdiction may provide copies of state examination reports and reports of condition of the savings bank to the regulator having oversight responsibility with regard to its operations in that other jurisdiction, including the regulator of savings associations in the event such a savings bank is transacting savings and loan business pursuant to RCW 32.08.142 in that other jurisdiction.

(6) No savings bank headquartered in another state may establish, or acquire pursuant to RCW 32.32.500, and operate branches as a savings bank or foreign savings association in any place within this state unless:

(a) The savings bank has filed with the director an agreement to comply with the requirements of RCW 30.38.040 for periodic reports by the savings bank or by the appropriate state superintendent or equivalent regulator of the savings bank under the laws of the state in which the savings bank is incorporated, unless the laws expressly require the provision of all the reports to the director;

(b) The savings bank has filed with the director (i) a duly executed instrument in writing, by its terms of indefinite duration and irrevocable, appointing the director and his or her successors its true and lawful attorney, upon whom all process in any action or proceeding against it in a cause of action arising out of business transacted by such savings bank in this state, may be served with the same force and effect as if it were a domestic corporation and had been lawfully served with process within the state, and (ii) a written certificate of designation, which may be changed from time to time by the filing of a new certificate of designation, specifying the name and address of the officer, agent, or other person to whom such process shall be forwarded by the director;

(c) The savings bank has supplied the director with such information as he or she shall require by rule, not to exceed the information on which the director may rely in approving a branch application pursuant to this section by a savings bank headquartered in this state; and

(d) The out-of-state savings bank would be permitted to establish or acquire and maintain branches in Washington state if it were chartered as a savings bank under this title. 32.08.142 Additional powers of savings bank—Powers of federal mutual savings bank—Definition—Restrictions.

(1) Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a savings bank has under the laws of this state, a savings bank shall have the powers and authorities that any federal mutual savings bank had on July 28, 1985, or as of a subsequent date not later than July 28, 2013. As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance matters.

(2) A savings bank may exercise the powers and authorities granted, after July 28, 2013, to federal mutual savings banks or their successors under federal law only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors and borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between state-chartered savings banks and federal savings banks or their successors under federal law.

(3) Notwithstanding any other provision of law, a savings bank has the powers and authorities that an out-of-state state savings bank or savings association operating a branch in Washington has if the director finds that the exercise of such powers and authorities serves the convenience and advantage of depositors and borrowers, or the general public, and maintains the fairness of competition and parity between savings banks and out-of-state state savings banks and savings associations.

(2) Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a savings bank has under the laws of this state, a savings bank has the powers and authorities conferred upon a national bank after July 28, 2013, only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors and borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between savings banks and national banks.

(3) For the purposes of this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

32.50.030 Failure of savings bank to comply—Appointment of conservator—Powers and duties of conservator, immunity. (1) After the period of supervisory direction specified by the director for compliance, if he or she determines that such savings bank has failed to comply with the lawful requirements imposed, upon due notice and hearing by the department or by consent of the savings bank, the director may appoint a conservator, who shall immediately take charge of such savings bank and all of its property, books, records, and effects. Finding—Intent—2013 c 68: "(1) The legislature finds that it is critically important that scientific information used to inform public policy be of the highest quality and integrity. Furthermore, the legislature recognizes that a public benefit is derived from greater transparency as to what scientific information, data, or records are being used to inform public policy or relied upon in agency decision making.

(2) Therefore, in order to help ensure that agencies routinely use scientifically credible information in conducting their policy-making functions, it is the intent of the legislature to have those sources of scientific information reviewed and relied upon by agencies be identified in a clear and transparent way." (b) Results in the development of technical guidance, technical assessments, or technical documents that are used to directly support implementation of a state rule or state statute.

(4) This section is not intended to affect agency action regarding individual permitting, compliance and enforcement decisions, or guidance provided by an agency to a local government on a case-by-case basis. [2013 c 69 § 2.]

Finding—Intent—2013 c 69: "(1) The legislature finds that it is critically important that scientific information used to inform public policy be of the highest quality and integrity. (5) The individual whose disqualification is requested shall determine whether to grant the petition, stating facts and reasons for the determination.

(6) When the presiding officer is an administrative law judge, the provisions of this section regarding disqualification for cause are in addition to the motion of prejudice available under RCW 34.12.050.

(3) If the agency is unable to state the matters required by subsection (2)(h) of this section at the time the notice is served, the initial notice may be limited to a statement of the issues involved. If the proceeding is initiated by a person other than the agency, the initial notice may be limited to the inclusion of a copy of the initiating document. Thereafter, upon request, a more definite and detailed statement shall be furnished.

(4) The notice may include any other matters considered desirable by the agency.

34.05.461 Entry of orders. (1) Except as provided in subsection (2) of this section:

(a) If the presiding officer is the agency head or one or more members of the agency head, the presiding officer may enter an initial order if further review is available within the agency, or a final order if further review is not available;

(b) If the presiding officer is a person designated by the agency to make the final decision and enter the final order, the presiding officer shall enter a final order; and

(c) If the presiding officer is one or more administrative law judges, the presiding officer shall enter an initial order.

(2) With respect to agencies exempt from chapter 34.12 RCW or an institution of higher education, the presiding officer shall transmit a full and complete record of the proceedings, including such comments upon demeanor of witnesses as the presiding officer deems relevant, to each agency official who is to enter a final or initial order after considering the record and evidence so transmitted.

(3) Initial and final orders shall include a statement of findings and conclusions, and the reasons and basis therefor, on all the material issues of fact, law, or discretion presented on the record, including the remedy or sanction and, if applicable, the action taken on a petition for a stay of effectiveness. Any findings based substantially on credibility of evidence or demeanor of witnesses shall be so identified. Findings set forth in language that is essentially a repetition or paraphrase of the relevant provision of law shall be accompanied by a concise and explicit statement of the underlying evidence of record to support the findings. The order shall also include a statement of the available procedures and time limits for seeking reconsideration or other administrative relief. An initial order shall include a statement of any circumstances under which the initial order, without further notice, may become a final order.

(4) Findings of fact shall be based exclusively on the evidence of record in the adjudicative proceeding and on matters officially noticed in that proceeding. Findings shall be based on the kind of evidence on which reasonably prudent persons are accustomed to rely in the conduct of their affairs. Findings may be based on such evidence even if it would be inadmissible in a civil trial. However, the presiding officer shall not base a finding exclusively on such inadmissible evidence unless the presiding officer determines that doing so would not unduly abridge the parties' opportunities to confront witnesses and rebut evidence. The basis for this determination shall appear in the order.

(5) Where it bears on the issues presented, the agency's experience, technical competency, and specialized knowledge may be used in the evaluation of evidence.

(6) If a person serving or designated to serve as presiding officer becomes unavailable for any reason before entry of the order, a substitute presiding officer shall be appointed as provided in RCW 34.05.425. The substitute presiding officer shall use any existing record and may conduct any further proceedings appropriate in the interests of justice.

(7) The presiding officer may allow the parties a designated time after conclusion of the hearing for the submission of memos, briefs, or proposed findings.

(8)(a) Except as otherwise provided in (b) of this subsection, initial or final orders shall be served in writing within ninety days after conclusion of the hearing or after submission

of memos, briefs, or proposed findings in accordance with subsection (7) of this section unless this period is waived or extended for good cause shown. The initial or final order may be served on a party via electronic distribution, with a party's agreement.

(b) This subsection does not apply to the final order of the shorelines hearings board on appeal under RCW 90.58.180(3).

(9) The presiding officer shall cause copies of the order to be served on each party and the agency. [2013 c 110 § 2; 1995 c 347 § 312; 1989 c 175 § 19; 1988 c 288 § 418.]

ANNEXATION OF UNINCORPORATED AREAS

Sections

35.13.238 Annexation of territory served by fire districts, interlocal agreement process—Annexation of fire districts, transfer of employees.

35.13.238 Annexation of territory served by fire districts, interlocal agreement process—Annexation of fire

districts, transfer of employees. (1)(a) An annexation by a city or town that is proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A city or town proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the city's or town's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection districts and the city or town;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the city or town, the county, and the fire protection district.

(3) If the fire protection district, annexing city or town, and county reach an agreement on the enumerated goals, or if only the annexing city or town and county reach an agreement on the enumerated goals, the city or town may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing city or town, and the county reach agreement on an annexation for which a city or town has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the city or town, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35.13.080, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the city or town upon the date fixed in the ordinance of annexation.

(4) If any portion of a fire protection district is proposed for annexation to or incorporation into a city or town, both the fire protection district and the city or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporation at the earliest reasonable opportunity.

(5) The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city or town fire department when appropriate positions become available. Employees who are not immediately hired by the city or town shall be placed on a reemployment list for a period not to exceed thirty-six

months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(6)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee's rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(7) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (6)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(8) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2013 2nd sp.s. c 27 § 3; 2009 c 60 § 7.]

However, after commissioners are elected at the next general election occurring in 1995 or 1997, regular elections in cities organized under a statutory commission form of government shall be held biennially at municipal general elections.

(2) The commissioners shall be nominated and elected at large. Their terms shall be for four years and until their successors are elected and qualified and assume office in accor-

35.20.255 Deferral or suspension of sentences—Probation—Maximum term—Transfer to another state. (1) Except as provided in subsection (3) of this section, judges of the municipal court, in their discretion, shall have the power in all criminal proceedings within their jurisdiction including violations of city ordinances, to defer imposition of any sentence, suspend all or part of any sentence including installment payment of fines, fix the terms of any such deferral or suspension, and provide for such probation as in their opinion is reasonable and necessary under the circumstances of the case, but in no case shall it extend for more than five years from the date of conviction for a defendant to be sentenced for a domestic violence offense or under RCW 46.61.5055 and two years from the date of conviction for all other offenses. A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence. For the purposes of this subsection, "domestic violence offense" means a crime listed in RCW 10.99.020 that is not a felony offense.

(2)(a) If a defendant whose sentence has been deferred requests permission to travel or transfer to another state, the director of probation services or a designee thereof shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the director or designee shall:

(i) Notify the department of corrections of the defendant's request;

(ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;

(iii) Notify the defendant of the fee due to the department of corrections for processing an application under the compact;

(iv) Cease supervision of the defendant while another state supervises the defendant pursuant to the compact;

(v) Resume supervision if the defendant returns to this state before the period of deferral expires.

(b) The defendant shall receive credit for time served while being supervised by another state.

(c) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.

(d) The state of Washington, the department of corrections and its employees, and any city and its employees are not liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission constitutes gross negligence.

Intent—1987 c 339: "The intent of this act is to require certain qualifications for candidates for the office of chief of police or marshal, which position in whole or in part oversees law enforcement personnel or activities for a city or town.

The legislature finds that over the past century the field of law enforcement has become increasingly complex and many new techniques and resources have evolved both socially and technically. In addition the ever-changing requirements of law, both constitutional and statutory provisions protecting the individual and imposing responsibilities and legal liabilities of law enforcement officers and the government of which they represent, require an increased level of training and experience in the field of law enforcement.

The legislature, therefore finds that minimum requirements are reasonable and necessary to seek and hold the offices or office of chief of police or marshal, and that such requirements are in the public interest." [1987 c 339 § 3.]

(4) Community assistance referral and education services programs implemented under this section must, at least annually, measure any reduction of repeated use of the 911

emergency system and any reduction in avoidable emergency room trips attributable to implementation of the program. Results of findings under this subsection must be reportable to the legislature or other local governments upon request. Findings should include estimated amounts of medicaid dollars that would have been spent on emergency room visits had the program not been in existence.

(5) For purposes of this section, "fire department" includes city and town fire departments, fire protection districts organized under Title 52 RCW, and regional fire [protection service] authorities organized under chapter 52.26 RCW. [2013 c 247 § 1.]

35.50.260 Procedure—Trial and judgment—Notice of sale. In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, material supplier's, or vendor's lien on the property.

MUNICIPAL WATER AND SEWER FACILITIES ACT

Sections

35.91.015 Definitions. (*Effective July 1, 2014.*)35.91.020 Contracts with owners of real estate for water or sewer facilities—Requirements—Financing—Reimbursement of costs. (*Effective July 1, 2014.*)

35.91.015 Definitions. (*Effective July 1, 2014.*) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Latecomer fee" means a charge collected by a municipality, whether separately stated or as part of a connection fee for providing access to a municipal system, against a real property owner who connects to or uses a water or sewer facility subject to a contract created under RCW 35.91.020.

(2) "Municipality" means the governing body of any county, city, town, or drainage district.

(3) "Water or sewer facilities" means storm, sanitary, or combination sewers, pumping stations, and disposal plants, water mains, hydrants, reservoirs, or appurtenances. [2013 c 243 § 2.]

Effective date—2013 c 243 §§ 2 and 3: "Sections 2 and 3 of this act take effect July 1, 2014." [2013 c 243 § 5.]

35.91.020 Contracts with owners of real estate for water or sewer facilities—Requirements—Financing—Reimbursement of costs. (*Effective July 1, 2014.*) (1)(a) At the owner's request, a municipality must contract with the owner of real estate for the construction or improvement of water or sewer facilities that the owner elects to install solely at the owner's expense. The owner must submit a request for a contract to the municipality prior to approval of the water or sewer facility by the municipality. The owner's request may only require a contract under this subsection (1)(a) in locations where a municipality's ordinances require the facilities to be improved or constructed as a prerequisite to further property development. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) must be located within the municipality's corporate limits or, except as provided otherwise by this subsection (1)(a), within ten miles of the municipality's corporate limits. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) may not be located outside of the county that is party to the contract. The contract must be filed and recorded with the county auditor and must contain conditions required by the municipality in accordance with its adopted policies and standards. Unless the municipality provides written notice to the owner of its intent to request a comprehensive plan approval, the owner must request a comprehensive plan approval for a water or sewer facility, if required,

and connection of the water or sewer facility to the municipal system must be conditioned upon:

- (i) Construction of the water or sewer facility according to plans and specifications approved by the municipality;
- (ii) Inspection and approval of the water or sewer facility by the municipality;
- (iii) Transfer to the municipality of the water or sewer facility, without cost to the municipality, upon acceptance by the municipality of the water or sewer facility;
- (iv) Full compliance with the owner's obligations under the contract and with the municipality's rules and regulations;
- (v) Provision of sufficient security to the municipality to ensure completion of the water or sewer facility and other performance under the contract;
- (vi) Payment by the owner to the municipality of all of the municipality's costs associated with the water or sewer facility including, but not limited to, engineering, legal, and administrative costs; and
- (vii) Verification and approval of all contracts and costs related to the water or sewer facility.

(b) If authorized by ordinance or contract, a municipality may participate in financing water or sewer facilities development projects authorized and improved or constructed in accordance with (a) of this subsection. Unless otherwise provided by ordinance or contract, municipalities that participate in the financing of water or sewer facilities improved or constructed in accordance with (a) of this subsection:

- (i) Have the same rights to reimbursement as owners of real estate who make contributions as authorized under this section; and
- (ii) Are entitled to a pro rata share of the reimbursement based on the respective contribution of the owner and the municipality.

(2) A contract entered into under this section must also provide, in accordance with the requirements of this section, for the pro rata reimbursement to the owner or the owner's assigns for twenty years, or for a longer period if extended in accordance with subsection (4) of this section. The reimbursements must be: (a) Within the period of time that the contract is effective; (b) for a portion of the costs of the water or sewer facilities improved or constructed in accordance with the contract; and (c) from latecomer fees received by the municipality from property owners who subsequently connect to or use the water or sewer facilities, but who did not contribute to the original cost of the facilities.

(3) Except as provided otherwise by this section, a municipality seeking reimbursement from an owner of real estate under this section is limited to the dollar amount authorized in accordance with subsection (7) of this section. This does not prevent the municipality from collecting amounts for services or infrastructure that are additional expenditures not subject to the ordinance, contract, or agreement, nor does it prevent the collection of fees that are reasonable and proportionate to the total expenses incurred by the municipality in complying with this section.

(4)(a) The contract may provide for an extension of the twenty-year reimbursement period for a time not to exceed the duration of any moratorium, phasing ordinance, concurrency designation, or other governmental action that prevents making applications for, or the approval of, any new develop-

ment within the benefit area for a period of six months or more.

(b) Upon the extension of the reimbursement period pursuant to (a) of this subsection, the contract must specify the duration of the contract extension and must be filed and recorded with the county auditor. Property owners who are subject to the reimbursement obligations under subsection (1) of this section shall be notified by the contracting municipality of the extension filed under this subsection.

(5) The requirement for a municipality to contract with an owner of real estate for the construction or improvement of water or sewer facilities under this section is only applicable if the facilities are consistent with all applicable comprehensive plans and development regulations of the municipalities through which the facilities will be constructed or will serve.

(6) Each contract must include a provision requiring that every two years from the date the contract is executed a property owner entitled to reimbursement under this section provide the municipality with information regarding the current contract name, address, and telephone number of the person, company, or partnership that originally entered into the contract. If the property owner fails to comply with the notification requirements of this subsection within sixty days of the specified time, then the contracting municipality may collect any reimbursement funds owed to the property owner under the contract. The funds collected under this subsection must be deposited in the capital fund of the municipality.

(7) To the extent it may require in the performance of the contract, the municipality may install the water or sewer facilities in and along the county streets in the area to be served as hereinabove provided, subject to reasonable requirements as to the manner of occupancy of the streets as the county may by resolution provide. The provisions of the contract may not be effective as to any owner of real estate not a party thereto unless the contract has been recorded in the office of the county auditor of the county in which the real estate of the owner is located prior to the time the owner taps into or connects to the water or sewer facilities.

(8) Within one hundred twenty days of the completion of a water or sewer facility, the owners of the real estate must submit the total cost of the water or sewer facility to the applicable municipality. This information must be used by the municipality as the basis for determining reimbursements by future users who benefit from the water or sewer facility, but who did not contribute to the original cost of the water or sewer facility.

(9) Nothing in this section is intended to create a private right of action for damages against a municipality for failing to comply with the requirements of this section. A municipality, its officials, employees, or agents may not be held liable for failure to collect a latecomer fee unless the failure was willful or intentional. Failure of a municipality to comply with the requirements of this section does not relieve a municipality of any future requirement to comply with this section. [2013 c 243 § 3. 35A.14.295 Annexation of unincorporated island of territory within code city—Resolution—Notice of hearing. (1) The legislative body of a code city may resolve to annex territory to the city if there is within the city, unincorporated territory:

(a) Containing less than one hundred seventy-five acres and having all of the boundaries of such area contiguous to the code city; or

(b) Of any size containing residential property owners and having at least eighty percent of the boundaries of such area contiguous to the city. Territory annexed under this subsection (1)(b) must be within the same county and within the same urban growth area designated under RCW 36.70A.110, and the city must plan under chapter 36.70A RCW.

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water. [2013 2nd sp.s. c 27 § 1; 2013 c 333 § 1; 1997 c 429 § 36; 1967 ex.s. c 119 § 35A.14.295.]

35A.14.480 Annexation of territory served by fire districts—Interlocal agreement process. (1)(a) An annexation by a code city proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire pro-

tection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A code city proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the code city's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection district and the code city;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the code city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing code cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the code city, the county, and the fire protection district.

(3) If the fire protection district, annexing code city, and county reach an agreement on the enumerated goals, or if only the annexing code city and county reach an agreement on the enumerated goals, the code city may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing code city, and the county reach agreement on an annexation for which a code city has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the code city, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35A.14.070, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the code city upon the date fixed in the ordinance of annexation. (1) No claims are allowed against the county from any municipality, school district, road district or other taxing district for taxes levied on property acquired by the county by tax deed under the provisions of this chapter, but all taxes must at the time of deeding the property be thereby canceled. However, the proceeds of any sale of any property acquired by the county by tax deed must first be applied to reimburse the county for the costs of foreclosure and sale. The remainder of the proceeds, if any, must be applied to pay any amounts deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, and outstanding at the time the county acquired the property by tax deed. The remainder of the proceeds, if any, must be justly apportioned to the various funds existing at the date of the sale, in the territory in which such property is located, according to the tax levies of the year last in process of collection.

(2) For purposes of this section, "costs of foreclosure and sale" means those costs of foreclosing on the property that, when collected, are subject to RCW 84.56.020(9), and the direct costs incurred by the county in selling the property. The board of county commissioners of any county may, pending sale of any county property acquired by foreclosure of delinquent taxes or amounts deferred under chapter 84.37 or 84.38 RCW, rent any portion thereof on a tenancy from month to month. From the proceeds of the rentals the board of county commissioners must first pay all expense in management of said property and in repairing, maintaining and insuring the improvements thereon. The balance of said proceeds must first be paid to reimburse the county for the costs of foreclosure and sale as defined in RCW 36.35.110. The remainder of the proceeds, if any, must be paid to the department of revenue in the amount of any taxes deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, outstanding at the time the county acquired the property by tax deed, and then to the various taxing units interested in the taxes levied against said property in the same proportion as the current tax levies of the taxing units having levies against said property. (a) The amount of any taxes deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, outstanding at the time the county acquired the property by tax deed;

(b) The amount of the taxes for which the property was sold to the county, and the amount of any other general taxes which may have accrued prior to the issuance of said treasurer's deed, together with interest on all such taxes from the date of delinquency thereof, respectively, at the rate of twelve percent per annum;

(c) For the benefit of the assessment district concerned the amount of principal, penalty and interest of all special assessments, if any, which have been levied against such property; and

(d) Such proportional part of the costs of the tax or tax deferral foreclosure proceedings and of the action herein authorized as the county treasurer determines.

(2) Upon redemption of any property before judgment as herein provided, the county treasurer must issue to the redemptioner a certificate specifying the amount of the taxes, including amounts deferred under chapters 84.37 and 84.38 RCW, special assessments, penalty, interest and costs charged describing the land and stating that the taxes, including any applicable deferred taxes, special assessments, penalty, interest and costs specified have been fully paid, and the liens thereof discharged. Such certificate must clear the land described therein from any claim of the county based on the treasurer's deed previously issued in the tax or tax deferral foreclosure proceedings. 36.70A.300 Final orders. (2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if addi-

The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

(4)(a) Unless the board makes a determination of invalidity under RCW 36.70A.302, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand.

(b) Unless the board makes a determination of invalidity, state agencies, commissions, and governing boards may not determine a county, city, or town to be ineligible or otherwise penalized in the acceptance of applications or the awarding of state agency grants or loans during the period of remand. This subsection (4)(b) applies only to counties, cities, and towns that have: (i) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (ii) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

39.10.270 Project review committee—Certification of public bodies. (1) A public body may apply for certification to use the design-build or general contractor/construction

manager contracting procedure, or both. Once certified, a public body may use the contracting procedure for which it is certified on individual projects without seeking committee approval for a period of three years. Public bodies certified to use the design-build procedure are limited to no more than five projects with a total project cost between two and ten million dollars during the certification period. A public body seeking certification must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, its capital plan during the certification period, and its intended use of alternative contracting procedures.

(2) A public body seeking certification for the design-build procedure must demonstrate successful management of at least one design-build project within the previous five years. A public body seeking certification for the general contractor/construction manager procedure must demonstrate successful management of at least one general contractor/construction manager project within the previous five years.

(3) To certify a public body, the committee shall determine that the public body:

(a) Has the necessary experience and qualifications to determine which projects are appropriate for using alternative contracting procedures;

(b) Has the necessary experience and qualifications to carry out the alternative contracting procedure including, but not limited to: (i) Project delivery knowledge and experience; (ii) personnel with appropriate construction experience; (iii) a management plan and rationale for its alternative public works projects; (iv) demonstrated success in managing public works projects; (v) the ability to properly manage its capital facilities plan including, but not limited to, appropriate project planning and budgeting experience; and (vi) the ability to meet requirements of this chapter; and

(c) Has resolved any audit findings on previous public works projects in a manner satisfactory to the committee.

(4) The committee shall, if practicable, make its determination at the public meeting during which an application for certification is reviewed. Public comments must be considered before a determination is made. Within ten business days of the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's web site.

(5) The committee may revoke any public body's certification upon a finding, after a public hearing, that its use of design-build or general contractor/construction manager contracting procedures no longer serves the public interest.

(6) The committee may renew the certification of a public body for additional three-year periods. The public body must submit an application for recertification at least three months before the initial certification expires. The application shall include updated information on the public body's experience and current staffing with the procedure it is applying to renew, and any other information requested in advance by the committee. The committee must review the application for recertification at a meeting held before expiration of the applicant's initial certification period. A public body must reapply for certification under the process described in

subsection (1) of this section once the period of recertification expires.

(7) Certified public bodies must submit project data information as required in RCW 39.10.320 and 39.10.350. [2013 c 222 § 7; 2009 c 75 § 3; 2007 c 494 § 107.]

39.10.280 Project review committee—Project approval process. (1) A public body not certified under RCW 39.10.270 must apply for approval from the committee to use the design-build or general contractor/construction manager contracting procedure on a project. A public body seeking approval must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, a description of the project, and its intended use of alternative contracting procedures.

(2) To approve a proposed project, the committee shall determine that:

(a) The alternative contracting procedure will provide a substantial fiscal benefit or the use of the traditional method of awarding contracts in lump sum to the low responsive bidder is not practical for meeting desired quality standards or delivery schedules;

(b) The proposed project meets the requirements for using the alternative contracting procedure as described in RCW 39.10.300 or 39.10.340;

(c) The public body has the necessary experience or qualified team to carry out the alternative contracting procedure including, but not limited to: (i) Project delivery knowledge and experience; (ii) sufficient personnel with construction experience to administer the contract; (iii) a written management plan that shows clear and logical lines of authority; (iv) the necessary and appropriate funding and time to properly manage the job and complete the project; (v) continuity of project management team, including personnel with experience managing projects of similar scope and size to the project being proposed; and (vi) necessary and appropriate construction budget;

(d) For design-build projects, public body personnel or consultants are knowledgeable in the design-build process and are able to oversee and administer the contract; and

(e) The public body has resolved any audit findings related to previous public works projects in a manner satisfactory to the committee.

(3) The committee shall, if practicable, make its determination at the public meeting during which a submittal is reviewed. Public comments must be considered before a determination is made.

(4) Within ten business days after the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's web site. If the committee fails to make a written determination within ten business days of the public meeting, the request of the public body to use the alternative contracting procedure on the requested project shall be deemed approved.

(5) Failure of the committee to meet within sixty calendar days of a public body's application to use an alternative contracting procedure on a project shall be deemed an

approval of the application. [2013 c 222 § 8; 2007 c 494 § 108.]

39.10.300 Design-build procedure—Uses. (1) Subject to the requirements in RCW 39.10.250, 39.10.270, or 39.10.280, public bodies may utilize the design-build procedure for public works projects in which the total project cost is over ten million dollars and where:

(a) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(b) The projects selected provide opportunity for greater innovation or efficiencies between the designer and the builder; or

(c) Significant savings in project delivery time would be realized.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may use the design-build procedure for parking garages, regardless of cost.

(3) The design-build procedure may be used for the construction or erection of portable facilities as defined in WAC 392-343-018, preengineered metal buildings, or not more than ten prefabricated modular buildings per installation site, regardless of cost and is not subject to approval by the committee.

(4) Except for utility projects and approved demonstration projects, the design-build procedure may not be used to procure operations and maintenance services for a period longer than three years. State agency projects that propose to use the design-build-operate-maintain procedure shall submit cost estimates for the construction portion of the project consistent with the office of financial management's capital budget requirements. Operations and maintenance costs must be shown separately and must not be included as part of the capital budget request.

(5) Subject to the process in RCW 39.10.280, public bodies may use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars and that meet one of the criteria in subsection (1)(a), (b), or (c) of this section.

(6) Subject to the process in RCW 39.10.280, a public body may seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years. [2013 c 222 § 9; 2009 c 75 § 4; 2007 c 494 § 201. Prior: 2003 c 352 § 2; 2003 c 300 § 4; 2002 c 46 § 1; 2001 c 328 § 2. Formerly RCW 39.10.051.]

(a) Reasonable budget contingencies totaling not less than five percent of the anticipated contract value;

(b) Staff or consultants with expertise and prior experience in the management of comparable projects;

(c) Contract documents that include alternative dispute resolution procedures to be attempted prior to the initiation of litigation;

(d) Submission of project information, as required by the board; and

(e) Contract documents that require the contractor, sub-contractors, and designers to submit project information required by the board.

(2) A public body utilizing the design-build contracting procedure may provide incentive payments to contractors for early completion, cost savings, or other goals if such payments are identified in the request for proposals. [2013 c 222 § 10; 2007 c 494 § 203; 1994 c 132 § 7. Formerly RCW 39.10.070.]

39.10.330 Design-build contract award process. (1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;

(i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Evaluation factors may also include: (A) The proposer's past performance in utilization of small business entities; and (B) disadvantaged business enterprises. Cost or price-related factors are not permitted in the request for qualifications phase;

(ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; location; and cost or price-related factors that may include operating costs. The public body may also consider a proposer's outreach plan to include small business entities and disadvantaged business enterprises as subcontractor and suppliers for the project. Alternatively, if the public body determines that all finalists will be capable of producing a design that ade-

quately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;

(e) Protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(f) The form of the contract to be awarded;

(g) The honorarium to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

(h) The schedule for the procurement process and the project; and

(i) Other information relevant to the project.

(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.

(4) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; minimum and maximum net and gross areas of any building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and

(b) The target budget for the design-build portion of the project.

(5) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.

(a) The finalists' proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the firm submitting the highest scored proposal. If the public body is unable to execute a contract with the firm submitting the highest scored proposal, negoti-

ations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price.

(6) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a finalist firm, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(7) The firm awarded the contract shall provide a performance and payment bond for the contracted amount.

(8) The public body shall provide appropriate honorarium payments to finalists submitting responsive proposals that are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall consider the level of effort required to meet the selection criteria. [2013 c 222 § 11; 2009 c 75 § 5; 2007 c 494 § 204.]

39.10.340 General contractor/construction manager procedure—Uses. Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may utilize the general contractor/construction manager procedure for public works projects where at least one of the following is met:

(1) Implementation of the project involves complex scheduling, phasing, or coordination;

(2) The project involves construction at an occupied facility which must continue to operate during construction;

(3) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project;

(4) The project encompasses a complex or technical work environment; or

(5) The project requires specialized work on a building that has historic significance. [2013 c 222 § 12; 2007 c 494 § 301. Prior: 2003 c 352 § 3; 2003 c 300 § 5; 2002 c 46 § 2; 2001 c 328 § 3. Formerly RCW 39.10.061.]

39.10.360 General contractor/construction manager procedure—Contract award process. (1) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(2) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure;

(c) A description of the qualifications to be required of the firm, including submission of the firm's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors, the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

(g) The bid instructions to be used by the general contractor/construction manager finalists.

(3)(a) Evaluation factors for selection of the general contractor/construction manager shall include, but not be limited to:

(i) Ability of the firm's professional personnel;

(ii) The firm's past performance in negotiated and complex projects;

(iii) The firm's ability to meet time and budget requirements;

(iv) The scope of work the firm proposes to self-perform and its ability to perform that work;

(v) The firm's proximity to the project location;

(vi) Recent, current, and projected workloads of the firm; and

(vii) The firm's approach to executing the project.

(b) An agency may also consider the firm's outreach plan to include small business entities and disadvantaged business enterprises, and the firm's past performance in the utilization of such firms as an evaluation factor.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, including sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. The public body shall establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not

evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(5) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a proposer, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(6) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. 39.10.380 General contractor/construction manager procedure—Subcontract bidding procedure. (1) All subcontract work and equipment and material purchases shall be competitively bid with public bid openings. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over three hundred thousand dollars shall post a bid bond. All subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first

providing at least two full business days' written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the available funds;

(b) The apparent low responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and

(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation if all bids are rejected. [2013 c 222 § 14; 2007 c 494 § 305.]

39.10.385 General contractor/construction manager procedure—Alternative subcontractor selection process. As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select mechanical subcontractors, electrical subcontractors, or both, using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the hearing, obtain the evaluation criteria and applicable weight given to each criteria that will be used for evaluation; and protest procedures including time limits for filing a protest, which may in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. Any modifications to the criteria, weights, and protest procedures based on comments received during the public hearing process must be included in the final determination.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) Protest procedures;

(f) The form of the contract, including any contract for preconstruction services, to be awarded;

(g) The estimated maximum allowable subcontract cost; and

(h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:

(a) Ability of the firm's professional personnel;

(b) The firm's past performance on similar projects;

(c) The firm's ability to meet time and budget requirements;

(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;

(e) The firm's plan for outreach to minority and women-owned businesses;

(f) The firm's proximity to the project location;

(g) The firm's capacity to successfully complete the project;

(h) The firm's approach to executing the project;

(i) The firm's approach to safety on the project;

(j) The firm's safety history; and

(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum allowable subcontract cost, and the fixed amount for the subcontract general conditions

work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors identified in the solicitation of proposals. The scoring of the nonprice factors must be made available at the opening of the fee and cost proposals. The general contractor/construction manager shall notify all proposers of the selection decision and make a selection summary of the final proposals, which shall be available to all proposers within two business days of such notification. The general contractor/construction manager may not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(7) If the public body receives a timely written protest from a "most qualified firm," the general contractor/construction manager may not execute a contract for the protested subcontract work until two business days after the final protest decision issued by the public body is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to negotiate a satisfactory maximum allowable subcontract cost with the firm selected deemed by public body and the general contractor/construction manager to be fair, reasonable, and within the available funds, negotiations with that firm must be formally terminated and the general contractor/construction manager may negotiate with the next highest scored firm until an agreement is reached or the process is terminated.

(9) With the approval of the public body, the general contractor/construction manager may contract with the selected firm to provide preconstruction services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work; and to act as the mechanical or electrical subcontractor during the construction phase.

(10) The maximum allowable subcontract cost must be used to establish a total subcontract cost for purposes of a performance and payment bond. Total subcontract cost means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable subcontract cost, and the percent fee on the negotiated maximum allowable subcontract cost. Maximum allowable subcontract cost means the maximum cost to complete the work specified

for the subcontract, including the estimated cost of work to be performed by the subcontractor's own forces, a percentage for risk contingency, negotiated support services, and approved change orders. The maximum allowable subcontract cost must be negotiated between the general contractor/construction manager and the selected firm when the construction documents and specifications are at least ninety percent complete. Final agreement on the maximum allowable subcontract cost is subject to the approval of the public body.

(11) If the work of the mechanical contractor or electrical contractor is completed for less than the maximum allowable subcontract cost, any savings not otherwise negotiated as part of an incentive clause becomes part of the risk contingency included in the general contractor/construction manager's maximum allowable construction cost. If the work of the mechanical contractor or the electrical contractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract.

(12) A mechanical or electrical contractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380. [2013 c 222 § 15; 2010 c 163 § 1.]

39.10.390 General contractor/construction manager procedure—Subcontract work. (1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed thirty percent of the negotiated maximum allowable construction cost. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection. [2013 c 222 § 16; 2007 c 494 § 306.]

39.10.400 General contractor/construction manager procedure—Prebid determination of subcontractor eligibility. (1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least fourteen calendar days before conducting a public hearing;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section. [2013 c 222 § 17; 2007 c 494 § 307.]

(a) The department of enterprise services;

(b) The state universities, regional universities, and The Evergreen State College;

(c) Sound transit (central Puget Sound regional transit authority);

(d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;

(e) Every county with a population greater than four hundred fifty thousand;

(f) Every port district with total revenues greater than fifteen million dollars per year;

(g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;

(2)(a) The department of enterprise services may issue job order contract work orders for Washington state parks department projects.

(b) The department of enterprise services, the University of Washington, and Washington State University may issue job order contract work orders for the state regional universities and The Evergreen State College.

(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project. 39.10.440 Job order procedure—Contract requirements. (1) The maximum total dollar amount that may be awarded under a job order contract is four million dollars per year for a maximum of three years. The maximum total dollar amount that may be awarded under a job order contract for counties with a population of more than one million is six million dollars per year for a maximum of three years.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than two job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have four job order contracts in effect at any one time.

(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the

job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, 2021; however the job order contract may be extended or renewed as provided for in this section.

(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter. [2013 c 222 § 19; 2007 c 494 § 403.]

PREVAILING WAGES ON PUBLIC WORKS

Sections

39.12.040 Statement of intent to pay prevailing wages, affidavit of wages paid—Alternative procedure.

39.12.040 Statement of intent to pay prevailing wages, affidavit of wages paid—Alternative procedure.

(1)(a) Except as provided in subsection (2) of this section, before payment is made by or on behalf of the state, or any county, municipality, or political subdivision created by its laws, of any sum or sums due on account of a public works contract, it is the duty of the officer or person charged with the custody and disbursement of public funds to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer a "Statement of Intent to Pay Prevailing Wages". For a contract in excess of ten thousand dollars, the statement of intent to pay prevailing wages must include:

- (i) The contractor's registration certificate number; and
- (ii) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.

(b) Each statement of intent to pay prevailing wages must be approved by the industrial statistician of the department of labor and industries before it is submitted to the disbursing officer. Unless otherwise authorized by the department of labor and industries, each voucher claim submitted by a contractor for payment on a project estimate must state that the prevailing wages have been paid in accordance with the prefiled statement or statements of intent to pay prevailing wages on file with the public agency. Following the final acceptance of a public works project, it is the duty of the officer charged with the disbursement of public funds, to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer an affidavit of wages paid before the funds retained according to the provisions of RCW 60.28.011 are released to the contractor. On a public works project where no retainage is withheld pursuant to RCW 60.28.011(1)(b), the affidavit of wages paid must be submitted to the state, county, municipality, or other public body charged with the duty of disbursing or authorizing disbursement of public funds prior to final acceptance of the public works project. If a subcontractor performing work on a public works project fails to submit an affidavit of wages paid form, the contractor or subcontractor with whom the subcontractor had a contractual relationship for the project may file the forms on behalf of the nonresponsive subcontractor. Affidavit forms may only be filed on behalf of a non-responsive subcontractor who has ceased operations or failed to file as required by this section. The contractor filing the affidavit must accept responsibility for payment of prevailing wages unpaid by the subcontractor on the project pursuant to RCW 39.12.020 and 39.12.065. Intentionally filing a false affidavit on behalf of a subcontractor subjects the filer to the same penalties as are provided in RCW 39.12.050. Each affidavit of wages paid must be certified by the industrial statistician of the department of labor and industries before it is submitted to the disbursing officer.

(2) As an alternate to the procedures provided for in subsection (1) of this section, for public works projects of two

thousand five hundred dollars or less and for projects where the limited public works process under RCW 39.04.155(3) is followed:

(a) An awarding agency may authorize the contractor or subcontractor to submit the statement of intent to pay prevailing wages directly to the officer or person charged with the custody or disbursement of public funds in the awarding agency without approval by the industrial statistician of the department of labor and industries. The awarding agency must retain such statement of intent to pay prevailing wages for a period of not less than three years.

(b) Upon final acceptance of the public works project, the awarding agency must require the contractor or subcontractor to submit an affidavit of wages paid. Upon receipt of the affidavit of wages paid, the awarding agency may pay the contractor or subcontractor in full, including funds that would otherwise be retained according to the provisions of RCW 60.28.011. Within thirty days of receipt of the affidavit of wages paid, the awarding agency must submit the affidavit of wages paid to the industrial statistician of the department of labor and industries for approval.

(c) A statement of intent to pay prevailing wages and an affidavit of wages paid must be on forms approved by the department of labor and industries.

(d) In the event of a wage claim and a finding for the claimant by the department of labor and industries where the awarding agency has used the alternative process provided for in this subsection (2), the awarding agency must pay the wages due directly to the claimant. If the contractor or subcontractor did not pay the wages stated in the affidavit of wages paid, the awarding agency may take action at law to seek reimbursement from the contractor or subcontractor of wages paid to the claimant, and may prohibit the contractor or subcontractor from bidding on any public works contract of the awarding agency for up to one year.

(e) Nothing in this section may be interpreted to allow an awarding agency to subdivide any public works project of more than two thousand five hundred dollars for the purpose of circumventing the procedures required by subsection (1) of this section. [2013 c 113 § 5; 2012 c 129 § 1; 2009 c 219 § 2; 2007 c 210 § 4; 1991 c 15 § 1; 1982 c 130 § 2; 1981 c 46 § 2; 1975-'76 2nd ex.s. c 49 § 1; 1965 ex.s. c 133 § 3; 1945 c 63 § 4; Rem. for or part of the provision of services offered by the consolidated technology services agency.

(3) Primary authority for the purchase of specialized equipment, and instructional and research material, for their own use rests with the institutions of higher education as defined in RCW 28B.10.016.

(4) Universities operating hospitals with approval from the director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, may make purchases for hospital operation by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations if documented to be more cost-effective.

(5) Primary authority for the purchase of materials, supplies, and equipment, for resale to other than public agencies, rests with the state agency concerned.

(6) The authority for the purchase of insurance and bonds rests with the risk manager under RCW 43.19.769, except for institutions of higher education that choose to exercise independent purchasing authority under RCW 28B.10.029.

(7) The authority to purchase interpreter services and interpreter brokerage services on behalf of limited-English speaking or sensory-impaired applicants and recipients of public assistance rests with the department of social and health services and the health care authority.

(8) The provisions of this chapter do not apply to information technology purchases by state agencies, other than institutions of higher education and agencies of the judicial branch, if (a) the purchase is less than one hundred thousand dollars, (b) the initial purchase is approved by the chief information officer of the state, and (c) the agency director and the chief information officer of the state jointly prepare a public document providing a detailed justification for the expenditure. [2013 2nd sp.s. c 33 § 2; 2012 c 224 § 11.]

39.26.200 Authority to debar. (1)(a) The director shall provide notice to the contractor of the director's intent to debar with the specific reason for the debarment. The department must establish the debarment process by rule.

(b) After reasonable notice to the contractor and reasonable opportunity for that contractor to be heard, the director has the authority to debar a contractor for cause from consideration for award of contracts. The debarment must be for a period of not more than three years.

(2) The director may debar a contractor based on a finding of one or more of the following causes:

(a) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(b) Conviction or a final determination in a civil action under state or federal statutes of fraud, embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, violation of the federal false claims act, 31 U.S.C. Sec. 3729 et seq., or the state medicaid fraud false claims act, chapter 74.66 RCW, or any other offense indicating a lack of business integrity or business honesty

that currently, seriously, and directly affects responsibility as a state contractor;

(c) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(d) Two or more violations within the previous five years of the federal labor relations act as determined by the national labor relations board or court of competent jurisdiction;

(e) Violation of contract provisions, as set forth in this subsection, of a character that is regarded by the director to be so serious as to justify debarment action:

(i) Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

(ii) A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, however the failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor may not be considered to be a basis for debarment;

(f) Violation of ethical standards set forth in RCW 39.26.020; and

(g) Any other cause the director determines to be so serious and compelling as to affect responsibility as a state contractor, including debarment by another governmental entity for any cause listed in regulations.

(3) The director must issue a written decision to debar. The decision must:

(a) State the reasons for the action taken; and

(b) Inform the debarred contractor of the contractor's rights to judicial or administrative review. [2013 2nd sp.s. c 34 § 1; 2012 c 224 § 22.]

CONTRACTS—INDEBTEDNESS LIMITATIONS— COMPETITIVE BIDDING VIOLATIONS

Sections

39.30.040 Purchases—Competitive bidding—Consideration of tax revenues—Purchase of recycled or reused materials or products—Definitions.

39.30.040 Purchases—Competitive bidding—Consideration of tax revenues—Purchase of recycled or reused materials or products—Definitions. (1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for the items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. Any unit of local government which considers tax revenue it would receive from the imposition of taxes upon a supplier located within its boundaries must also consider tax revenue it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) A unit of local government may award a contract to a bidder submitting the lowest bid before taxes are applied. The unit of local government must provide notice of its intent to award a contract based on this method prior to bids being submitted. For the purposes of this subsection (2), "taxes" means only those taxes that are included in "tax revenue" as defined in this section.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Tax revenue" means sales taxes that units of local government impose upon the sale of supplies, materials, or equipment from the supplier to units of local government, and business and occupation taxes that units of local government impose upon the supplier that are measured by the gross receipts of the supplier from the sale.

(b) "Unit of local government" means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes. [2013 c 24 § 1; 1989 c 431 § 58; 1985 c 72 § 1.]

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse or domestic partner, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse or domestic partner, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

(5) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he or she shall be paid the excess, if any, of the accumulated contributions at the time of retirement over all payments made on his or her behalf under this chapter.

(6) A member who becomes disabled in the line of duty, and who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member's accumulated contributions. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent. A person in receipt of this benefit is a retiree.

(7) A member who becomes disabled in the line of duty shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five.

(8) A member who became disabled in the line of duty before January 1, 2001, and is receiving an allowance under RCW 41.26.430 or subsection (1) of this section shall be entitled to receive a minimum retirement allowance equal to ten percent of such member's final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member's average final salary for each year of service beyond five, and shall have the allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three. An additional benefit shall not result in a total monthly benefit greater than that provided in subsection (1) of this section.

(9) A member who is totally disabled in the line of duty is entitled to receive a retirement allowance equal to seventy percent of the member's final average salary. The allowance provided under this subsection shall be offset by:

(a) Temporary disability wage-replacement benefits or permanent total disability benefits provided to the member under Title 51 RCW; and

(b) Federal social security disability benefits, if any; so that such an allowance does not result in the member receiving combined benefits that exceed one hundred percent of the member's final average salary. However, the offsets shall not in any case reduce the allowance provided under this subsection below the member's accrued retirement allowance.

A member is considered totally disabled if he or she is unable to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or that has lasted or is expected to last at least twelve months. Substantial gainful activity is defined as average earnings in excess of eight hundred sixty dollars a month in 2006 adjusted annually as determined by the director based on federal social security disability standards. The department may require a person in receipt of an allowance under this subsection to provide any financial records that are necessary to determine continued eligibility for such an allowance. A person in receipt of an allowance under this subsection whose earnings exceed the threshold for substantial gainful activity shall have their benefit converted to a line-of-duty disability retirement allowance as provided in subsection (7) of this section.

Any person in receipt of an allowance under the provisions of this section is subject to comprehensive medical examinations as may be required by the department under

subsection (2) of this section in order to determine continued eligibility for such an allowance.

(10)(a) In addition to the retirement allowance provided in subsection (9) of this section, the retirement allowance of a member who is totally disabled in the line of duty shall include reimbursement for any payments made by the member after June 10, 2010, for premiums on employer-provided medical insurance, insurance authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA), medicare part A (hospital insurance), and medicare part B (medical insurance). A member who is entitled to medicare must enroll and maintain enrollment in both medicare part A and medicare part B in order to remain eligible for the reimbursement provided in this subsection. The legislature reserves the right to amend or repeal the benefits provided in this subsection in the future and no member or beneficiary has a contractual right to receive any distribution not granted prior to that time.

(b) The retirement allowance of a member who is not eligible for reimbursement provided in (a) of this subsection shall include reimbursement for any payments made after June 30, 2013, for premiums on other medical insurance. However, in no instance shall the reimbursement exceed the amount reimbursed for premiums authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA). Chapter 41.80 RCW STATE COLLECTIVE BARGAINING

Sections

41.80.010 Negotiation and ratification of collective bargaining agreements.

41.80.020 Scope of bargaining.

41.80.010 Negotiation and ratification of collective bargaining agreements. (1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. For those exclusive bargaining repre-

representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for gen-

eral government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter

into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the

biennial or supplemental operating appropriations act by the sitting legislature. [2013 2nd sp.s. c 4 § 971. Prior: 2011 1st sp.s. c 50 § 938; 2011 c 344 § 1; 2010 c 104 § 1; 2002 c 354 § 302.]

Effective dates—2011 1st sp.s. c 50: See note following RCW 15.76.115.

41.80.020 Scope of bargaining. (1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the human resources director, the director of enterprise services, or the Washington personnel resources board adopted under RCW 41.06.157.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and condi-

tions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142. [2013 2nd sp.s. c 4 § 972. Prior: 2011 1st sp.s. c 50 § 939; 2011 1st sp.s. c 43 § 445; 2010 c 283 § 16; 2002 c 354 § 303.]

A vacancy on an elected nonpartisan governing body of a special purpose district where property ownership is not a qualification to vote, a town, or a city other than a first-class city or a charter code city, shall be filled as follows unless the provisions of law relating to the special district, town, or city provide otherwise:

(1) Where one position is vacant, the remaining members of the governing body shall appoint a qualified person to fill the vacant position.

(2) Where two or more positions are vacant and two or more members of the governing body remain in office, the remaining members of the governing body shall appoint a qualified person to fill one of the vacant positions, the remaining members of the governing body and the newly appointed person shall appoint another qualified person to fill another vacant position, and so on until each of the vacant positions is filled with each of the new appointees participating in each appointment that is made after his or her appointment.

(3) No person, other than a bona fide political party or a caucus political committee, may make contributions to a state official, a county official, a city official, a school board member, a public hospital district commissioner, or a public official in a special purpose district against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, county official, city official, school board member, public hospital district commissioner, or public official in a special purpose district during a recall campaign that in the aggregate exceed eight hundred dollars if for a legislative office, county office, school board office, public hospital district office, or city office, or one thousand six hundred dollars if for a special purpose district office or a state office other than a legislative office.

However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

(12) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a state office candidate, to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the official. This subsection does not apply to loans made in the ordinary course of business.

(e) Each state agency director who knowingly fails to file statements required by RCW 42.17A.635 shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars per statement. A citizen action may be brought only if the appropriate ethics board or the attorney general have failed to commence an action under this chapter within forty-five days after notice from the person, the person has thereafter notified the appropriate ethics board and the attorney general that the person will commence a citizen's action within ten days upon their failure to commence an action, and the appropriate ethics board and the attorney general have in fact failed to bring an action within ten days of receipt of the second notice. An action is deemed to have been commenced when the appropriate ethics board or the board's executive director accepts a complaint for filing and initiates a preliminary investigation.

If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but the person shall be entitled to be reimbursed by the state of Washington for costs and attorneys' fees incurred. If a citizen's action that the court finds was brought without reasonable cause is dismissed, the court may order the person commencing the action to pay all costs of trial and reasonable attorneys' fees incurred by the defendant.

erence based on subsection (3) of this section over a request from a county, city, or town not planning under RCW 36.70A.040.

(5) Whenever a state agency is considering awarding grants or loans for public facilities to a special district requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040 and shall apply the standards in subsection (2) of this section and the preference specified in subsection (3) of this section and restricted in subsection (4) of this section. (1) The department shall sell or exchange personal property belonging to the state for which the agency, office, department, or educational institution having custody thereof has no further use, at public or private sale, and cause the moneys realized from the sale of any such property to be paid into the fund from which such property was purchased or, if such fund no longer exists,

into the state general fund. This requirement is subject to the following exceptions and limitations:

(a) This section does not apply to property under RCW 27.53.045, 28A.335.180, or 43.19.1920;

(b) Sales of capital assets may be made by the department and a credit established for future purchases of capital items as provided for in *RCW 43.19.190 through 43.19.1939;

(c) Personal property, excess to a state agency, including educational institutions, shall not be sold or disposed of prior to reasonable efforts by the department to determine if other state agencies have a requirement for such personal property. Such determination shall follow sufficient notice to all state agencies to allow adequate time for them to make their needs known. Surplus items may be disposed of without prior notification to state agencies if it is determined by the director to be in the best interest of the state. The department shall maintain a record of disposed surplus property, including date and method of disposal, identity of any recipient, and approximate value of the property;

(d) This section does not apply to personal property acquired by a state organization under federal grants and contracts if in conflict with special title provisions contained in such grants or contracts;

A state agency conducting this action must maintain adequate records to comply with agency inventory procedures and state audit requirements.

(2)(a) Prior to transferring ownership of a department-owned vessel, the department shall conduct a thorough review of the physical condition of the vessel, the vessel's operating capability, and any containers and other materials that are not fixed to the vessel.

(b) If the department determines that the vessel is in a state of advanced deterioration or poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination, the department may: (i) Not transfer the vessel until the conditions identified under this subsection have been corrected; or (ii) permanently dispose of the vessel by landfill, deconstruction, or other related method. Effective date—Purpose—2011 1st sp.s. c 43: See notes following RCW 43.19.003.

Findings—1991 c 216: "The legislature finds that (1) there are an increasing number of persons who are unable to meet their basic needs relating to shelter, clothing, and nourishment; (2) there are many nonprofit organizations and units of local government that provide shelter and other assistance to these persons but that these organizations are finding it difficult to meet the increasing demand for such assistance; and (3) the numerous agencies and institutions of state government generate a significant quantity of surplus, tangible personal property that would be of great assistance to homeless persons throughout the state. Therefore, the legislature finds that it is in the best interest of the state to provide for the donation of state-owned,

surplus, tangible property to assist the homeless in meeting their basic needs." [1991 c 216 § 1.]

43.19.642 Biodiesel fuel blends—Use by agencies—Biannual report. (1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Except as provided in subsection (5) of this section, effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biannual reports with the department of enterprise services documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) By December 1, 2009, the department of enterprise services shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(5) During the 2011-2013 and 2013-2015 fiscal biennia, the Washington state ferries is required to use a minimum of five percent biodiesel as compared to total volume of all diesel purchases made by the Washington state ferries for the operation of the Washington state ferries diesel-powered vessels, as long as the price of a B5 biodiesel blend does not exceed the price of conventional diesel fuel by five percent or more. Effective date—Severability—2006 c 338: See RCW 19.112.903 and 19.112.904.

Findings—2003 c 17: "The legislature recognizes that:

- (1) Biodiesel is less polluting than petroleum diesel;
- (2) Using biodiesel in neat form or blended with petroleum diesel significantly reduces air toxics and cancer-causing compounds as well as the soot associated with petroleum diesel exhaust;
- (3) Biodiesel degrades much faster than petroleum diesel;
- (4) Biodiesel is less toxic than petroleum fuels;

(5) The United States environmental protection agency's new emission standards for petroleum diesel that take effect June 1, 2006, will require the addition of a lubricant to ultra-low sulfur diesel to counteract premature wear of injection pumps;

(6) Biodiesel provides the needed lubricity to ultra-low sulfur diesel;

(7) Biodiesel use in state-owned diesel-powered vehicles provides a means for the state to comply with the alternative fuel vehicle purchase requirements of the energy policy act of 1992, P.L. 102-486; and

(8) The state is in a position to set an example of large scale use of biodiesel in diesel-powered vehicles and equipment." [2003 c 17 § 1.]

43.19.648 Publicly owned vehicles, vessels, and construction equipment—Fuel usage—Advisory committee—Tires. (1) Effective June 1, 2015, all state agencies, to the extent determined practicable by the rules adopted by the department of commerce pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available.

(2)(a) Effective June 1, 2018, all local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of commerce pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel. The department of commerce shall convene an advisory committee of representatives of local government subdivisions, representatives from organizations representing each local government subdivision, and either (i) an electric utility or (ii) a natural gas utility, or both, to work with the department to develop the rules. The department may invite additional stakeholders to participate in the advisory committee as needed and determined by the department.

(b) The following are exempt from this requirement: (i) Transit agencies using compressed natural gas on June 1, 2018, and (ii) engine retrofits that would void warranties. Nothing in this section is intended to require the replacement of equipment before the end of its useful life. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available.

(c)(i) Rules adopted pursuant to RCW 43.325.080 must provide the authority for local government subdivisions to elect to exempt police, fire, and other emergency response vehicles, including utility vehicles frequently used for emergency response, from the fuel usage requirement in (a) of this subsection.

(ii) Prior to executing its authority under (c)(i) of this subsection, a local government subdivision must provide notice to the department of commerce of the exemption. The notice must include the rationale for the exemption and an explanation of how the exemption is consistent with rules adopted by the department of commerce.

(d) Before June 1, 2018, local government subdivisions purchasing vessels, vehicles, and construction equipment capable of using biodiesel must request warranty protection for the highest level of biodiesel the vessel, vehicle, or construction equipment is capable of using, up to one hundred

percent biodiesel, as long as the costs are reasonably equal to a vessel, vehicle, or construction equipment that is not warranted to use up to one hundred percent biodiesel.

(3) In order to phase in this transition for the state, all state agencies, to the extent determined practicable by the department of commerce by rules adopted pursuant to RCW 43.325.080, are required to achieve forty percent fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel by June 1, 2013. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available. The department of enterprise services, in consultation with the department of commerce, shall report to the governor and the legislature by December 1, 2013, on what percentage of the state's fuel usage is from electricity or biofuel.

(4) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state's motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires.

(5) By December 31, 2015, the state must, to the extent practicable, install electrical outlets capable of charging electric vehicles in each of the state's fleet parking and maintenance facilities.

(6) The department of transportation's obligations under subsection (3) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (3) of this section.

(7) The department of transportation's obligations under subsection (5) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (5) of this section unless the department receives federal or private funds for the specific purpose identified in subsection (5) of this section.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

43.19.791 Data processing revolving fund—Created—Use. There is created a revolving fund to be known as the data processing revolving fund in the custody of the state treasurer. The revolving fund shall be used for the acquisition of equipment, software, supplies, and services and the payment of salaries, wages, and other costs incidental to the acquisition, development, operation, and administration of information services, telecommunications, systems, software, supplies and equipment, including the payment of principal and interest on bonds issued for capital projects, by the department, Washington State University's computer services center, the department of enterprise services' personnel information systems group and financial systems management group, and other users as determined by the office of financial management. The revolving fund is subject to the allotment procedure provided under chapter 43.88 RCW. The chief information officer or the chief information officer's designee, with the approval of the technology services board, is authorized to expend up to one million dollars per fiscal biennium for the technology services board to conduct independent technical and financial analysis of proposed information technology projects, and such an expenditure does not require an appropriation. Disbursements from the revolving fund for the services component of the department are not subject to appropriation. Disbursements for the strategic planning and policy component of the department are subject to appropriation. All disbursements from the fund are subject to the allotment procedures provided under chapter 43.88 RCW. The department shall establish and implement a billing structure to assure all agencies pay an equitable share of the costs.

During the 2011-2013 and the 2013-2015 fiscal biennia, the legislature may transfer from the data processing revolving account to the state general fund such amounts as reflect the excess fund balance and may use the data processing revolving account for information technology projects.

(1) The department, through the sole authority of the office or its successor organization, must maintain a program whereby an individual of school age or older who possesses a hearing or speech impairment is provided with telecommunications equipment, software, and/or peripheral devices, digital or otherwise, that is determined by the office to be necessary for such a person to access and use telecommunications transmission services effectively.

(2) The department, through the sole authority of the office or its successor organization, must maintain a program

where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services must provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4)(b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office must administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay service contract must be awarded to an individual company registered as a telecommunications company by the utilities and transportation commission, to a group of registered telecommunications companies, or to any other company or organization determined by the office as qualified to provide relay services, contingent upon that company or organization being approved as a registered telecommunications company prior to final contract approval. (a) To the extent funds are available for the purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office must perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available for the purposes authorized by this chapter.

(5) The program must be funded by the legislature by means of a biennial general fund appropriation to the department for the purposes of the program.

(6) The telecommunications relay service program and equipment vendors must provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. The department and the utilities and transportation commission are responsible for ensuring compliance with federal requirements and must provide timely notice to the legislature of any legislation that may be required to accomplish compliance.

(7) The department must adopt rules establishing eligibility criteria, ownership obligations, financial contributions, and a program for distribution to individuals requesting and receiving such telecommunications devices distributed by the office, and other rules necessary to administer programs and services consistent with this chapter. [2013 c 197 § 9.]

***Reviser's note:** 2013 c 197 directed that this section be added to chapter 71.24 RCW. This section has been codified in chapter 43.20A RCW, which relates more directly to duties of the department of social and health services.

Finding—Intent—2013 c 197: "(1) The legislature finds that a lack of information about mental health problems among the general public leads to stigmatizing attitudes and prevents people from seeking help early and seeking the best sort of help. It also prevents people from providing support to family members, friends, and colleagues because they might not know what to do. This lack of knowledge about mental health problems limits the initial accessibility of evidence-based treatments and leads to a lack of support for people with a mental disorder from family, friends, and other members of the community.

(2) The focus on training for teachers and educational staff is intended

to provide opportunities for early intervention when the first signs of developing mental illness may be recognized in children, teens, and young adults, so that appropriate referrals may be made to evidence-based behavioral health services." [2013 c 197 § 8.]

Findings—Intent—2013 c 197: See note following RCW 28A.410.226.

Civil liability—2013 c 197: See RCW 28A.310.501.

43.20A.895 Adult behavioral health system—Improvement strategy. (1) The systems responsible for financing, administration, and delivery of publicly funded mental health and chemical dependency services to adults must be designed and administered to achieve improved outcomes for adult clients served by those systems through increased use and development of evidence-based, research-based, and promising practices, as defined in RCW 71.24.025. For purposes of this section, client outcomes include: Improved health status; increased participation in employment and education; reduced involvement with the criminal justice system; enhanced safety and access to treatment for forensic patients; reduction in avoidable utilization of and costs associated with hospital, emergency room, and crisis services; increased housing stability; improved quality of life, including measures of recovery and resilience; and decreased population level disparities in access to treatment and treatment outcomes.

(2) The department and the health care authority must implement a strategy for the improvement of the adult behavioral health system.

(a) The department must establish a steering committee that includes at least the following members: Behavioral health service recipients and their families; local government; representatives of regional support networks; representatives of county coordinators; law enforcement; city and county jails; tribal representatives; behavioral health service providers, including at least one chemical dependency provider and at least one psychiatric advanced registered nurse practitioner; housing providers; medicaid managed care plan representatives; long-term care service providers; organizations representing health care professionals providing services in mental health settings; the Washington state hospital association; the Washington state medical association; individuals with expertise in evidence-based and research-based behavioral health service practices; and the health care authority.

(b) The adult behavioral health system improvement strategy must include:

(i) An assessment of the capacity of the current publicly funded behavioral health services system to provide evidence-based, research-based, and promising practices;

(ii) Identification, development, and increased use of evidence-based, research-based, and promising practices;

(iii) Design and implementation of a transparent quality management system, including analysis of current system capacity to implement outcomes reporting and development of baseline and improvement targets for each outcome measure provided in this section;

(iv) Identification and phased implementation of service delivery, financing, or other strategies that will promote improvement of the behavioral health system as described in this section and incentivize the medical care, behavioral health, and long-term care service delivery systems to achieve the improvements described in this section and col-

laborate across systems. The strategies must include phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance and levels of improvement between geographic regions of Washington; and

(v) Identification of effective methods for promoting workforce capacity, efficiency, stability, diversity, and safety.

(c) The department must seek private foundation and federal grant funding to support the adult behavioral health system improvement strategy.

(d) By May 15, 2014, the Washington state institute for public policy, in consultation with the department, the University of Washington evidence-based practice institute, the University of Washington alcohol and drug abuse institute, and the Washington institute for mental health research and training, shall prepare an inventory of evidence-based, research-based, and promising practices for prevention and intervention services pursuant to subsection (1) of this section. The department shall use the inventory in preparing the behavioral health improvement strategy. The department shall provide the institute with data necessary to complete the inventory.

(e) By August 1, 2014, the department must report to the governor and the relevant fiscal and policy committees of the legislature on the status of implementation of the behavioral health improvement strategy, including strategies developed or implemented to date, timelines, and costs to accomplish phased implementation of the adult behavioral health system improvement strategy.

(3) The department must contract for the services of an independent consultant to review the provision of forensic mental health services in Washington state and provide recommendations as to whether and how the state's forensic mental health system should be modified to provide an appropriate treatment environment for individuals with mental disorders who have been charged with a crime while enhancing the safety and security of the public and other patients and staff at forensic treatment facilities. By August 1, 2014, the department must submit a report regarding the recommendations of the independent consultant to the governor and the relevant fiscal and policy committees of the legislature. [2013 c 338 § 2.]

Task force—2013 c 338: "(1)(a) Beginning May 1, 2014, the legislature shall convene a task force to examine reform of the adult behavioral health system, with voting members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses in the house of representatives.

(b) The task force shall choose two cochairs from among its legislative members.

(c) The task force shall adopt a bottom-up approach and welcome input and participation from all stakeholders interested in the improvement of the adult behavioral health system. To that end, the task force must invite participation from, at a minimum, the following: Behavioral health service recipients and their families; local government; representatives of regional

support networks; representatives of county coordinators; law enforcement; city and county jails; tribal representatives; behavioral health service providers; housing providers; labor representatives; counties with state hospitals; mental health advocates; public defenders with involuntary mental health commitment or mental health court experience; medicaid managed care plan representatives; long-term care service providers; the Washington state hospital association; and individuals with expertise in evidence-based and research-based behavioral health service practices. Leadership of subcommittees formed by the task force may be drawn from this body of invited participants.

(2) The task force shall undertake a systemwide review of the adult behavioral health system and make recommendations for reform concerning, but not limited to, the following:

(a) The means by which services are delivered for adults with mental illness and chemical dependency disorders;

(b) Availability of effective means to promote recovery and prevent harm associated with mental illness;

(c) Crisis services, including boarding of mental health patients outside of regularly certified treatment beds;

(d) Best practices for cross-system collaboration between behavioral health treatment providers, medical care providers, long-term care service providers, entities providing health home services to high-risk medicaid clients, law enforcement, and criminal justice agencies; and

(e) Public safety practices involving persons with mental illness with forensic involvement.

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research.

(4) Legislative members of the task force must be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

43.20A.897 Tribal-centric behavioral health system.

(1) By November 30, 2013, the department and the health care authority must report to the governor and the relevant fiscal and policy committees of the legislature, consistent with RCW 43.01.036, a plan that establishes a tribal-centric behavioral health system incorporating both mental health and chemical dependency services. The plan must assure that child, adult, and older adult American Indians and Alaskan Natives eligible for medicaid have increased access to culturally appropriate mental health and chemical dependency services. The plan must:

(a) Include implementation dates, major milestones, and fiscal estimates as needed;

(b) Emphasize the use of culturally appropriate evidence-based and promising practices;

(c) Address equitable access to crisis services, outpatient care, voluntary and involuntary hospitalization, and behavioral health care coordination;

(d) Identify statutory changes necessary to implement the tribal-centric behavioral health system; and

(e) Be developed with the department's Indian policy advisory committee and the American Indian health commission, in consultation with Washington's federally recognized tribes.

(2) The department shall enter into agreements with the tribes and urban Indian health programs and modify regional support network contracts as necessary to develop a tribal-

centric behavioral health system that better serves the needs of the tribes. [2013 c 338 § 7.]

- 43.21A.081 Five-year formal review process of existing rules.
43.21A.700 Transfer of ownership of department-owned vessel—Review of vessel's physical condition.
43.21A.702 Transfer of ownership of department-owned vessel—Further requirements.

43.21A.081 Five-year formal review process of existing rules. The department of ecology must establish and perform, within existing funds, a formal review process of its existing rules every five years. The goal of the review is to decrease the numbers of, simplify the process, and decrease the time required for obtaining licenses, permits, and inspections, as applicable, in order to reduce the regulatory burden on businesses without compromising public health and safety. Benchmarks must be adopted to assess the effectiveness of streamlining efforts. The department must establish a process for effectively applying sunset provisions to rules when applicable. The department must report back to the applicable committees of the legislature with its review process and benchmarks by January 2014. [2013 2nd sp.s. c 30 § 2.]

Findings—Intent—2013 2nd sp.s. c 30: "The legislature finds that regulatory processes impose significant costs on doing business and significantly influence investment behavior, location decisions, start-up activity, expansions, and hiring. The legislature further finds that, for more than a decade, the executive and legislative branches have called upon state agencies to review their regulations to achieve meaningful regulatory reform and improve the regulatory climate for Washington businesses. However, a 2012 performance audit conducted by the state auditor's office found that the departments of ecology, health, and labor and industries have not adopted sufficient streamlining processes or formally measured the results of their streamlining activities. Thus, it is the intent of the legislature to formally direct these three state agencies to achieve the regulatory reform that has been repeatedly called for by the governor and the legislature." [2013 2nd sp.s. c 30 § 1.]

43.21A.700 Transfer of ownership of department-owned vessel—Review of vessel's physical condition. (1) Prior to transferring ownership of a department-owned vessel, the department shall conduct a thorough review of the physical condition of the vessel, the vessel's operating capability, and any containers and other materials that are not fixed to the vessel.

(2) If the department determines that the vessel is in a state of advanced deterioration or poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination, the department may: (a) Not transfer the vessel until the conditions identified under this subsection have been corrected; or (b) permanently dispose of the vessel by landfill, deconstruction, or other related method. [2013 c 291 § 23.]

43.21A.702 Transfer of ownership of department-owned vessel—Further requirements. (1) Following the inspection required under RCW 43.21A.700 and prior to

transferring ownership of a department-owned vessel, the department shall obtain the following from the transferee:

(a) The purposes for which the transferee intends to use the vessel; and

(b) Information demonstrating the prospective owner's intent to obtain legal moorage following the transfer, in the manner determined by the department.

(2)(a) The department shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the department may transfer a vessel with:

(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the department's satisfaction that the container's or material's presence is consistent with the anticipated use of the vessel; and

(ii) A reasonable amount of fuel as determined by the department, based on factors including the vessel's size, condition, and anticipated use of the vessel including initial destination following transfer.

(3) Prior to sale, and unless the vessel has a valid marine document, the department is required to apply for a title or certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550. [2013 c 291 § 24.]

(b) The siting project involves constructing a wireless service tower less than sixty feet in height that is located in a commercial, industrial, manufacturing, forest, or agricultural zone. This exemption does not apply to projects within a designated critical area.

(2) The exemption authorized under subsection (1) of this section may only be applied to a project consisting of a series of actions when all actions in the series are categorically exempt and the actions together do not have a probable significant adverse environmental impact.

(3) The department of ecology shall adopt rules to create a categorical exemption for wireless service facilities that

meet the conditions set forth in subsections (1) and (2) of this section.

(4) By January 1, 2020, all wireless service providers granted an exemption to RCW 43.21C.030(2)(c) must provide the legislature with the number of permits issued pertaining to wireless service facilities, the number of exemptions granted under this section, and the total dollar investment in wireless service facilities between July 1, 2013, and June 30, 2019.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Collocation" means the mounting or installation of equipment on an existing tower, building, or structure for the purpose of either transmitting or receiving, or both, radio frequency signals for communications purposes.

(b) "Existing structure" means any existing tower, pole, building, or other structure capable of supporting wireless service facilities.

(c) "Substantially change the physical dimensions" means:

(i) The mounting of equipment on a structure that would increase the height of the structure by more than ten percent, or twenty feet, whichever is greater; or

(ii) The mounting of equipment that would involve adding an appurtenance to the body of the structure that would protrude from the edge of the structure more than twenty feet, or more than the width of the structure at the level of the appurtenance, whichever is greater.

(d) "Wireless service facilities" means facilities for the provision of wireless services.

(e) "Wireless services" means wireless data and telecommunications services, including commercial mobile services, commercial mobile data services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations. [2013 c 317 § 1; 1996 c 323 § 2.]

43.21C.428 Recovery of expenses of nonproject environmental impact statements—Fees for subsequent development. (1) A county, city, or town may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under RCW 43.21C.229 and 43.21C.440:

(a) Through access to financial assistance under RCW 36.70A.490;

(b) With funding from private sources; and

(c) By the assessment of fees consistent with the requirements and limitations of this section.

(2)(a) A county, city, or town is authorized to assess a fee upon subsequent development that will make use of and benefit from: (i) The analysis in an environmental impact statement prepared for the purpose of compliance with RCW 43.21C.440 regarding planned actions; or (ii) the reduction in environmental analysis requirements resulting from the exercise of authority under RCW 43.21C.229 regarding infill development.

(b) The amount of the fee must be reasonable and proportionate to the total expenses incurred by the county, city, or town in the preparation of the environmental impact statement.

(c) Counties, cities, and towns are not authorized by this section to assess fees for general comprehensive plan amendments or updates.

(3) A county, city, or town assessing fees under subsection (2)(a) of this section must provide for a mechanism by which project proponents may either elect to utilize the environmental review completed by the lead agency and pay the fees under subsection (1) of this section or certify that they do not want the local jurisdiction to utilize the environmental review completed as a part of a planned action and therefore not be assessed any associated fees. Project proponents who choose this option may not make use of or benefit from the up-front environmental review prepared by the local jurisdiction.

(4) Prior to the collection of fees, the county, city, or town must enact an ordinance that establishes the total amount of expenses to be recovered through fees and provides objective standards for determining the fee amount to be imposed upon each development proposal proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental review. The ordinance must provide: (a) A procedure by which an applicant who disagrees with whether the amount of the fee is correct, reasonable, or proportionate may pay the fee with the written stipulation "paid under protest"; and (b) if the county, city, or town provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeals process. Any disagreement about the reasonableness, proportionality, or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development.

(5) The ordinance adopted under subsection (4) of this section must make information available about the amount of the expenses designated for recovery. When these expenses have been fully recovered, the county, city, or town may no longer assess a fee under this section.

(6) Any fees collected under this section from subsequent development may be used to reimburse funding received from private sources to conduct the environmental review.

(7) The county, city, or town shall refund fees collected where a court of competent jurisdiction determines that the environmental review conducted under RCW 43.21C.440, regarding planned actions, or under RCW 43.21C.229, regarding infill development, was not sufficient to comply with the requirements of this chapter regarding the proposed development activity for which the fees were collected. The applicant and the county, city, or town may mutually agree to a partial refund or to waive the refund in the interest of resolving any dispute regarding compliance with this chapter. 43.43.395 Ignition interlock devices—Standards—

Compliance. (1) The state patrol shall by rule provide standards for the certification, installation, repair, maintenance, monitoring, inspection, and removal of ignition interlock devices, as defined under RCW 46.04.215, and equipment as outlined under this section, and may inspect the records and equipment of manufacturers and vendors during regular business hours for compliance with statutes and rules and may suspend or revoke certification for any noncompliance.

(2)(a) When a certified service provider or individual installer of ignition interlock devices is found to be out of compliance, the installation privileges of that certified service provider or individual installer may be suspended or revoked until the certified service provider or individual installer comes into compliance. During any suspension or revocation period, the certified service provider or individual installer is responsible for notifying affected customers of any changes in their service agreement.

(b) A certified service provider or individual installer whose certification is suspended or revoked for noncompliance has a right to an administrative hearing under chapter 34.05 RCW to contest the suspension or revocation, or both. For the administrative hearing, the procedure and rules of evidence are as specified in chapter 34.05 RCW, except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the receipt of the notice of suspension or revocation.

(3)(a) An ignition interlock device must employ fuel cell technology. For the purposes of this subsection, "fuel cell technology" consists of the following electrochemical method: An electrolyte designed to oxidize the alcohol and release electrons to be collected by an active electrode; a current flow is generated within the electrode proportional to the amount of alcohol oxidized on the fuel cell surface; and the electrical current is measured and reported as breath alcohol concentration. Fuel cell technology is highly specific for alcohols.

(b) When reasonably available in the area, as determined by the state patrol, an ignition interlock device must employ technology capable of taking a photo identification of the user giving the breath sample and recording on the photo the time the breath sample was given.

(c) To be certified, an ignition interlock device must:

(i) Meet or exceed the minimum test standards according to rules adopted by the state patrol. Only a notarized statement from a laboratory that is certified by the international organization of standardization and is capable of performing the tests specified will be accepted as proof of meeting or exceeding the standards. The notarized statement must include the name and signature of the person in charge of the tests under the certification statement. The state patrol must adopt by rule the required language of the certification statement that must, at a minimum, outline that the testing meets or exceeds all specifications listed in the federal register adopted in rule by the state patrol; and

(ii) Be maintained in accordance with the rules and standards adopted by the state patrol. [2013 2nd sp.s. c 35 § 9; 2012 c 183 § 16; 2010 c 268 § 2.]

(b) When developing the model list, the secretary and the disciplining authorities shall:

(i) Consider suicide assessment, treatment, and management training programs of at least six hours in length listed on the best practices registry of the American foundation for suicide prevention and the suicide prevention resource center; and

(ii) Consult with public and private institutions of higher education, experts in suicide assessment, treatment, and management, and affected professional associations.

(c) The secretary and the disciplining authorities shall report the model list of training programs to the appropriate committees of the legislature no later than December 15, 2013.

(6) Nothing in this section may be interpreted to expand or limit the scope of practice of any profession regulated under chapter 18.130 RCW.

(7) The secretary and the disciplining authorities affected by this section shall adopt any rules necessary to implement this section.

(8) For purposes of this section:

(a) "Disciplining authority" has the same meaning as in RCW 18.130.020.

(b) "Training in suicide assessment, treatment, and management" means empirically supported training approved by the appropriate disciplining authority that contains the following elements: Suicide assessment, including screening and referral, suicide treatment, and suicide management. However, the disciplining authority may approve training that includes only screening and referral elements if appropriate for the profession in question based on the profession's scope of practice. The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(9) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion.

(10) An employee of a community mental health agency licensed under chapter 71.24 RCW or a chemical dependency program certified under chapter 70.96A RCW is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion. [2013 c 78 § 1; 2013 c 73 § 6; 2012 c 181 § 2.]

Reviser's note: This section was amended by 2013 c 73 § 6 and by 2013 c 78 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2012 c 181: "(1) The legislature finds that:

- (a) According to the centers for disease control and prevention:
- (i) In 2008, more than thirty-six thousand people died by suicide in the United States, making it the tenth leading cause of death nationally.
 - (ii) During 2007-2008, an estimated five hundred sixty-nine thousand people visited hospital emergency departments with self-inflicted injuries in the United States, seventy percent of whom had attempted suicide.
 - (iii) During 2008-2009, the average percentages of adults who thought, planned, or attempted suicide in Washington were higher than the national average.
- (b) According to a national study, veterans face an elevated risk of suicide as compared to the general population, more than twice the risk among male veterans. Another study has indicated a positive correlation between posttraumatic stress disorder and suicide.
- (i) Washington state is home to more than sixty thousand men and women who have deployed in support of the wars in Iraq and Afghanistan.
 - (ii) Research continues on how the effects of wartime service and injuries such as traumatic brain injury, posttraumatic stress disorder, or other service-related conditions, may increase the number of veterans who attempt suicide.
 - (iii) As more men and women separate from the military and transition back into civilian life, community mental health providers will become a vital resource to help these veterans and their families deal with issues that may arise.
- (c) Suicide has an enormous impact on the family and friends of the victim as well as the community as a whole.
- (d) Approximately ninety percent of people who die by suicide had a diagnosable psychiatric disorder at the time of death. Most suicide victims exhibit warning signs or behaviors prior to an attempt.
- (e) Improved training and education in suicide assessment, treatment, and management has been recommended by a variety of organizations, including the United States department of health and human services and the institute of medicine.
- (2) It is therefore the intent of the legislature to help lower the suicide rate in Washington by requiring certain health professionals to complete training in suicide assessment, treatment, and management as part of their continuing education, continuing competency, or recertification requirements.
- (3) The legislature does not intend to expand or limit the existing scope of practice of any health professional affected by this act." [2012 c 181 § 1.]

43.70.740 Adjudicative proceedings. In all adjudicative proceedings before the secretary or the department, the secretary may delegate initial decision-making authority to a presiding officer. The presiding officer shall enter an initial order pursuant to RCW 34.05.461 subject to the review of the secretary or his or her designee. Pursuant to RCW 34.05.464, the secretary may, by rule, provide that initial orders in specified classes of cases may become final without further agency action unless, within a specified time period:

- (1) The secretary upon his or her own motion determines that the initial order should be reviewed; or

- (2) A party to the proceedings files a petition for administrative review of the initial order. [2013 c 109 § 3.]

43.71.060	Health benefit exchange account.
43.71.080	Assessment to fund exchange—Generally—Performance review.

43.71.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. Terms and phrases used in this chapter that are not defined in this section must be defined as consistent with implementation of a state health benefit exchange pursuant to the affordable care act.

(1) "Affordable care act" means the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(2) "Authority" means the Washington state health care authority, established under chapter 41.05 RCW.

(3) "Board" means the governing board established in RCW 43.71.020.

(4) "Commissioner" means the insurance commissioner, established in Title 48 RCW.

(5) "Exchange" means the Washington health benefit exchange established in RCW 43.71.020.

(6) "Self-sustaining" means capable of operating with revenue attributable to the operations of the exchange. Self-sustaining sources include, but are not limited to, federal grants, federal premium tax subsidies and credits, charges to health carriers, premiums paid by enrollees, and premium taxes under RCW 48.14.0201(5)(b) and 48.14.020(2). [2013 2nd sp.s. c 6 § 1; 2012 c 87 § 2; 2011 c 317 § 2.]

43.71.060 Health benefit exchange account. (1) The health benefit exchange account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used to fund the operation of the exchange and identification, collection, and distribution of premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2).

(2) The following funds must be deposited in the account:

(a) Premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2);

(b) Assessments authorized under RCW 43.71.080; and

(c) Amounts transferred by the pool administrator as specified in the state omnibus appropriations act pursuant to RCW 48.41.090.

(3) All receipts from federal grants received under the affordable care act may be deposited into the account. Expenditures from the account may be used only for purposes consistent with the grants.

(4) During the 2013-2015 fiscal biennium, the legislature may transfer from the health benefit exchange account to the state general fund such amounts as reflect the excess fund

balance of the account. [2013 2nd sp.s. c 6 § 2; 2012 c 87 § 5; 2011 c 317 § 7.]

43.71.080 Assessment to fund exchange—Generally—Performance review. (1)(a) Beginning January 1, 2015, the exchange may require each issuer writing premiums for qualified health benefit plans or stand-alone dental plans offered through the exchange to pay an assessment in an amount necessary to fund the operations of the exchange, applicable to operational costs incurred beginning January 1, 2015.

(b) The assessment is an exchange user fee as that term is used in 45 C.F.R. 156.80. Assessments of issuers may be made only if the amount of expected premium taxes, as provided under RCW 48.14.0201(5)(b) and 48.14.020(2), and other funds deposited in the health benefit exchange account in the current calendar year are insufficient to fund exchange operations in the following calendar year at the level authorized by the legislature for that purpose in the omnibus appropriations act.

(c) If the exchange is charging an assessment, the exchange shall display the amount of the assessment per member per month for enrollees. A health benefit plan or stand-alone dental plan may identify the amount of the assessment to enrollees, but must not bill the enrollee for the amount of the assessment separately from the premium.

(2) The board, in collaboration with the issuers, the health care authority, and the commissioner, must establish a fair and transparent process for calculating the assessment amount. The process must meet the following requirements:

(a) The assessment only applies to issuers that offer coverage in the exchange and only for those market segments offered and must be based on the number of enrollees in qualified health plans and stand-alone dental plans in the exchange for a calendar year;

(b) The assessment must be established on a flat dollar and cents amount per member per month, and the assessment for dental plans must be proportional to the premiums paid for stand-alone dental plans in the exchange;

(c) Issuers must be notified of the assessment amount by the exchange on a timely basis;

(d) An appropriate assessment reconciliation process must be established by the exchange that is administratively efficient;

(e) Issuers must remit the assessment due to the exchange in quarterly installments after receiving notification from the exchange of the due dates of the quarterly installments;

(f) A procedure must be established to allow issuers subject to assessments under this section to have grievances reviewed by an impartial body and reported to the board; and

(g) A procedure for enforcement must be established if an issuer fails to remit its assessment amount to the exchange within ten business days of the quarterly installment due date.

(3) The exchange shall deposit proceeds from the assessments in the health benefit exchange account under RCW 43.71.060.

(4) The assessment described in this section shall be considered a special purpose obligation or assessment in connection with coverage described in this section for the purpose of

funding the operations of the exchange, and may not be applied by issuers to vary premium rates at the plan level.

(5) The exchange shall monitor enrollment and provide periodic reports which must be available on its web site.

(6) The board shall offer all qualified health plans through the exchange, and the exchange shall not add criteria for certification of qualified health plans beyond those set out in RCW 43.71.065 without specific statutory direction. Nothing shall be construed to limit duties, obligations, and authority otherwise legislatively delegated or granted to the exchange.

(7) The exchange shall report to the joint select committee on health care oversight on a quarterly basis with an update on budget expenses and operations.

(8) By July 1, 2016, the state auditor shall conduct a performance review of the cost of exchange operations and shall make recommendations to the board and the health care committees of the legislature addressing improvements in cost performance and adoption of best practices. The auditor shall further evaluate the potential cost and customer service benefits through regionalization with other states of some exchange operation functions or through a partnership with the federal government. The cost of the state auditor review must be borne by the exchange. [2013 2nd sp.s. c 6 § 3.]

Chapter 43.82 RCW STATE AGENCY HOUSING

Sections

43.82.010 Acquisition, lease, and disposal of real estate for state agencies—Long-range planning—Use of lease as collateral or security—Colocation and consolidation—Studies—Delegation of functions—Exemptions.

43.82.010 Acquisition, lease, and disposal of real estate for state agencies—Long-range planning—Use of lease as collateral or security—Colocation and consolidation—Studies—Delegation of functions—Exemptions.

(1) The director of enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of enterprise services. The director of enterprise services shall report to the office of financial management and the appropriate committees of the

legislature annually on any exemptions granted pursuant to this subsection.

(3) The director of enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of enterprise services shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on

the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of enterprise services or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of enterprise services may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses;

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes; and

(14) Notwithstanding any provision in this chapter to the contrary, the department of enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) The department of enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (12) of this section. [2013 2nd sp.s. c 4 § 981; 2007 c 506 § 8; 2004 c 277 § 906; 1997 c 117 § 1. Findings—Intent—2003 c 150; 2002 c 242: "The legislature finds that the community economic revitalization board plays a valuable and unique role in stimulating and diversifying local economies, attracting private investment, creating new jobs, and generating additional state and local tax revenues by investing in public facilities projects that result in new or expanded economic development. The legislature also finds that it is in the

best interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board's financial assistance programs. These funds are not for use other than for the stated purpose and goals of the community economic revitalization board." [2003 c 150 § 1; 2002 c 242 § 1.]

Effective date—2003 c 48: See note following RCW 29A.04.440.

Finding—Intent—2002 c 114: See RCW 47.46.011.

Purpose—2001 c 141: "This act is needed to comply with federal law, which is the source of funds in the drinking water assistance account, used to fund the Washington state drinking water loan program as part of the federal safe drinking water act." [2001 c 141 § 1.]

Findings—Intent—2001 c 80: See note following RCW 43.70.040.

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board's financial assistance programs. Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens

for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

TERMINATION OF TAX PREFERENCES

Sections

- 43.136.047 Beekeeper evaluation. (*Expires July 1, 2017.*)
43.136.057 Review of hog fuel tax exemption by joint legislative audit and review committee. (*Expires June 30, 2024.*)

43.136.047 Beekeeper evaluation. (*Expires July 1, 2017.*) (1) As part of the joint legislative audit and review committee's tax preference review under this chapter for the tax preferences contained within RCW 82.08.200, 82.12.200, 82.04.629, 82.04.630, 82.08.0204, and 82.12.0204, the joint legislative audit and review committee must also evaluate whether Washington state taxes are a disproportionately large percentage of a commercial beekeeper's operational or capital costs, including an analysis of the impact of Washington state taxes on similar sized businesses.

(2) This section expires July 1, 2017. [2013 2nd sp.s. c 13 § 304.]

Findings—Intent—Honey bee work group—Created—2013 2nd sp.s. c 13: See notes following RCW 82.08.200.

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.08.200.

43.136.057 Review of hog fuel tax exemption by joint legislative audit and review committee. (*Expires June 30, 2024.*) (1) The intent of the tax exemption provided in RCW 82.08.956 and 82.12.956 is to promote the retention of rela-

tively high wage jobs in the counties where facilities who purchase and use hog fuel are located. Specifically, in a time when there is increasing pressure to close industrial facilities like mills and relocate this economic activity out of state or overseas, rural areas of the state are at risk of losing critical jobs that directly, or indirectly, support entire communities. The legislature, in enacting the hog fuel tax exemption, hopes to retain seventy five percent of the jobs at each facility in the state at which the exemption is claimed, between now and June 30, 2024.

(2) The joint legislative audit and review committee must review the performance through July 1, 2018, of the tax preferences established in RCW 82.08.956 and 82.12.956, and prepare a report to the legislature by October 31, 2019.

(3) The department of revenue must provide the committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The employment security department and other agencies, as requested, must cooperate with the committee by providing information about the average wage of employment in the county where each facility owned or operated by a company claiming the exemption is located. The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of jobs existing as of January 1, 2013, in facilities where the preference has been claimed, as well as related wage and benefit information;

(b) Identification of how the number of jobs at these facilities has changed during the duration of the credit;

(c) Analysis of how the wages provided to employees at affected facilities compare to the average wages in the county in which the facility is located;

(d) Analysis of how the benefits, including medical and other health care benefits, provided to employees at affected facilities compare to the average wages in the county in which the facility is located; and

(e) Whether and to what extent the goal has been achieved, of retaining seventy-five percent of employment at the facilities at which the exemption has been claimed.

(4) This section expires June 30, 2024. [2013 2nd sp.s. c 13 § 1005.]

Intent—2013 2nd sp.s. c 13: See note following RCW 82.08.956.

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.08.200.

43.136.058 Review of tax preferences for sales of machinery and equipment used in generating electricity.

(Expires January 1, 2020.) (1) The intent of the tax preference provided in RCW 82.08.962 and 82.12.962 is to promote electricity generation by facilities with generating capacity of not less than one thousand watts, using renewable energy fuel sources in order to improve energy security and decrease greenhouse gas emissions. Encouraging the development of more facilities that generate power from renewable energy has both immediate and long-term value to the state.

(2) As part of the joint legislative audit and review committee's 2019 tax preference reviews conducted under this chapter, the joint legislative audit and review committee must assess the performance of the tax preferences established in

RCW 82.08.956 and 82.12.956 with reference to the intent and performance milestones established in this section.

(3) The department of revenue must provide the joint legislative audit and review committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The Washington State University energy program, department of ecology, and other agencies, as requested, must cooperate with the committee by providing information to assist the committee's analysis.

(4) The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of facilities, prior to July 1, 2009, with generating capacity of not less than one thousand watts, using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(b) The number of facilities developed each year by purchasers claiming the preference for machinery, equipment, labor, or other services, and the increase in the number of such facilities, as compared to the baseline established in (a) of this subsection.

(c) The total generating capacity in megawatts and total power production in kilowatt-hours of the facilities reported in (b) of this subsection.

(d) The estimated greenhouse gas emissions avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection.

(e) The number of barrels of oil and tons of coal avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection, as estimated from the average fuel mix of electricity generated statewide.

(f) The number of employees and wages and benefits reported by taxpayers claiming the exemption at the facilities reported in (a) of this subsection.

(g) Subject to data availability, analysis of how the wages and benefits reported in (e) of this subsection compare with statewide averages and averages in the county in which the facility is located.

(5) This section expires January 1, 2020. [2013 2nd sp.s. c 13 § 1504.]

Intent—2013 2nd sp.s. c 13: See note following RCW 82.08.962.

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.08.200.

43.136.080 Tax preference performance statements—Task force created.

(1) The legislative auditor, with the assistance of a task force, must make recommendations on the appropriate data and metrics that should be included in tax preference performance statements to evaluate new tax preferences, as provided under RCW 82.32.808.

(2)(a) The task force is comprised of five members: (i) One person from the department of revenue; (ii) one person from an association representing Washington businesses; (iii) one person from the office of financial management; (iv) the legislative auditor or a designee of the legislative auditor; and (v) an economist with substantial experience in state taxes.

(b) The task force must choose its chair from among its membership.

(3) By January 1, 2014, and in compliance with RCW 43.01.036, the legislative auditor must submit a report to the appropriate fiscal committees of the legislature the findings and recommendations of the task force. [2013 2nd sp.s. c 13 § 1703.]

43.155.070 Eligibility, priority, limitations, and exceptions. (1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works

projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the 2013-2015 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services, public transit, and transportation;

(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, 2014, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction

and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the 2013-2015 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(14)(a) For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.

(b) For all construction loan projects proposed to the legislature for funding during the 2013-2015 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate

must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies. [2013 2nd sp.s. c 19 § 7032; 2013 c 275 § 3; 2012 c 196 § 9; 2009 c 518 § 16; 2008 c 299 § 25. Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Findings—Recommendations—Reports encouraged—2007 c 231: "(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

- (a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;
- (b) The minimum amount of information required for an agency to make a decision on a permit;
- (c) When an agency considers an application complete for processing;
- (d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and
- (e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

43.185.070 Notice of grant and loan application period—Priorities—Criteria for evaluation. (1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department must announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185.050.

(2) In awarding funds under this chapter, the department must:

(a) Provide for a geographic distribution on a statewide basis; and

(b) Until June 30, 2013, consider the total cost and per-unit cost of each project for which an application is submitted for funding under RCW 43.185.050(2) (a) and (j), as compared to similar housing projects constructed or renovated within the same geographic area.

(3) The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing advisory board, must report recommendations for awarding funds in a cost-effective manner. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities must be evaluated under subsection (5) of this section. Second priority must be given

to activities and projects which utilize existing publicly owned housing stock. All projects and activities must be evaluated by some or all of the criteria under subsection (5) of this section, and similar projects and activities shall be evaluated under the same criteria.

(5) The department must give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities must be evaluated under the same criteria:

(a) The degree of leveraging of other funds that will occur;

(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;

(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Local government project contributions in the form of infrastructure improvements, and others;

(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;

(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;

(g) The applicant has the demonstrated ability, stability and resources to implement the project;

(h) Projects which demonstrate serving the greatest need;

(i) Projects that provide housing for persons and families with the lowest incomes;

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system. (*Effective July 1, 2014.*) The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.185C.180. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless

census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.02.220. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system. [2013 c 200 § 25; 2005 c 484 § 6.]

Effective date—2013 c 200: See note following RCW 70.02.010.

43.185C.220 Essential needs and housing support program—Distribution of funds. (*Effective January 1, 2014.*) (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department

shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted pro-

gram caseloads. The caseload forecast council shall provide a courtesy forecast of the population eligible for a referral for essential needs and housing support that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. 43.185C.230 Verification of eligibility—Medical care services. (Effective January 1, 2014.) The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible by the department of social and health services and remains eligible for the essential needs and housing support program. 43.190.010 Findings. The legislature finds that in order to comply with the federal older Americans act and to effectively assist residents, patients, and clients of long-term care facilities in the assertion of their civil and human rights, a long-term care ombuds program should be instituted. [2013 c 23 § 88; 1983 c 290 § 1.]

43.190.030 Office of state long-term care ombuds created—Powers and duties—Rules. There is created the

[2013 RCW Supp—page 508]

office of the state long-term care ombuds. The department of commerce shall contract with a private nonprofit organization to provide long-term care ombuds services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The department of commerce shall ensure that all program and staff support necessary to enable the ombuds to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombuds services. The department of commerce shall adopt rules to carry out this chapter and the long-term care ombuds provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombuds program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombuds throughout the state;

(2) Carry out such other activities as the department of commerce deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombuds to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombuds programs shall be disclosed only at the discretion of the ombuds having authority over the disposition of such files, except that the identity of any complainant or resident of a long-term care facility shall not be disclosed by such ombuds unless:

(a) Such complainant or resident, or the complainant's or resident's legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [2013 c 23 § 89; 1997 c 194 § 1; 1995 c 399 § 105; 1988 c 119 § 2; 1983 c 290 § 3.]

Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman program and the office of the state long-term care ombudsman, located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman services." [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman services." [1988 c 119 § 4.]

(1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

43.215.460 Findings—Intent—Early start program. The legislature finds that the first five years of a child's life

establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children. [2013 c 323 § 1.]

43.215.510 Child care workers—Career and wage ladder—Wage increases. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. The number shall be published in reasonably available printed and electronic media. The number shall be easily identifiable as a number through which persons may obtain information regarding

child day care centers and family day care providers as set forth in this section.

(1) Work in conjunction with the statewide child care resource and referral network as well as local governments, nonprofit organizations, businesses, and community child care advocates to create local child care resource and referral organizations. These organizations may carry out needs assessments, resource development, provider training, technical assistance, and parent information and training;

(2) Actively seek public and private money for distribution as grants to the statewide child care resource and referral network and to existing or potential local child care resource and referral organizations;

(3) Adopt rules regarding the application for and distribution of grants to local child care resource and referral organizations. The rules shall, at a minimum, require an applicant to submit a plan for achieving the following objectives:

(a) Provide parents with information about child care resources, including location of services and subsidies;

(b) Carry out child care provider recruitment and training programs, including training under RCW 74.25.040;

(8) Collect and assemble information regarding the availability of insurance and of federal and other child care funding to assist state and local agencies, businesses, and other child care providers in offering child care services;

(9) Subject to the availability of amounts appropriated for this specific purpose, beginning September 1, 2013, increase the base rate for all child care providers by ten percent;

(10) Subject to the availability of amounts appropriated for this specific purpose, provide tiered subsidy rate enhancements to child care providers if the provider meets the following requirements:

(a) The provider enrolls in quality rating and improvement system levels 2, 3, 4, or 5;

(b) The provider is actively participating in the early achievers program;

(c) The provider continues to advance towards level 5 of the early achievers program; and

(d) The provider must complete level 2 within thirty months or the reimbursement rate returns the level 1 rate; and

(11) Require exempt providers to participate in continuing education, if adequate funding is available. [2013 c 323 § 8; 2006 c 265 § 204; 2005 c 490 § 10; 1997 c 58 § 404; 1993 c 453 § 2; 1991 sp.s. c 16 § 924; 1989 c 381 § 5. Formerly RCW 74.13.0903.]

Finding—1997 c 58: "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.215.562 Child care subsidy fraud—Referral—Collection of overpayments. (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health services office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature's intent to prohibit such a provider from receiving future child care subsidy payments." (7) The committee expires June 30, 2015. [2013 c 121 § 2.]

Intent—Finding—2013 c 121: "The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle." [2013 c 121 § 1.]

43.280.100 Revenue collection under RCW 9.68A.105, 9A.88.120, or 9A.88.140—Expenditure of revenue—Conditions—Report. (2) Any funds remitted to the department of commerce pursuant to RCW 9.68A.105, 9A.88.120, or 9A.88.140 shall be spent on the fulfillment of the duties described in subsection (1) of this section. 43.330.250 Economic development strategic reserve account—Authorized expenditures—Transfer of excess funds to the education construction account. (1) The economic development strategic reserve account is created in the state treasury to be used only for the purposes of this section.

(2) Only the governor, with the recommendation of the director of the department of commerce and the economic development commission, may authorize expenditures from the account.

(3) Expenditures from the account shall be made in an amount sufficient to fund a minimum of one staff position for the economic development commission and to cover any other operational costs of the commission.

(4) During the 2009-2011 and 2011-2013 fiscal biennia, moneys in the account may also be transferred into the state general fund.

(5) Expenditures from the account may be made to prevent closure of a business or facility, to prevent relocation of a business or facility in the state to a location outside the state, or to recruit a business or facility to the state. Expenditures may be authorized for:

(a) Workforce development;

(b) Public infrastructure needed to support or sustain the operations of the business or facility;

(c) Other lawfully provided assistance, including, but not limited to, technical assistance, environmental analysis, relocation assistance, and planning assistance. Funding may be provided for such assistance only when it is in the public interest and may only be provided under a contractual arrangement ensuring that the state will receive appropriate consideration, such as an assurance of job creation or retention; and

(d) The joint center for aerospace technology innovation.

(6) The funds shall not be expended from the account unless:

(a) The circumstances are such that time does not permit the director of the department of commerce or the business or facility to secure funding from other state sources;

(b) The business or facility produces or will produce significant long-term economic benefits to the state, a region of the state, or a particular community in the state;

(c) The business or facility does not require continuing state support;

(d) The expenditure will result in new jobs, job retention, or higher incomes for citizens of the state;

(e) The expenditure will not supplant private investment; and

(f) The expenditure is accompanied by private investment.

(7) No more than three million dollars per year may be expended from the account for the purpose of assisting an individual business or facility pursuant to the authority specified in this section.

(8) If the account balance in the strategic reserve account exceeds fifteen million dollars at any time, the amount in excess of fifteen million dollars shall be transferred to the education construction account. [2013 2nd sp.s. c 24 § 1; 2011 1st sp.s. c 50 § 956. Prior: 2009 c 565 § 13; 2009 c 564 § 943; 2008 c 329 § 914; 2005 c 427 § 1.]

Effective dates—2011 1st sp.s. c 50: See note following RCW 15.76.115.

Effective date—2009 c 564: See note following RCW 2.68.020.

Severability—Effective date—2008 c 329: See notes following RCW 28B.105.110.

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:

(a) Evidence of strong business commitment to the project;

(b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;

(c) Willingness to apply lean principles and tools to streamline the business regulatory experience;

(d) Identification of a lead partner capable of providing project management and coordination of partners;

(e) Support of the stakeholders necessary to implement the project;

(f) A plan and capacity to complete the project within the time frame; and

(g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for non-state funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project's industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:

(a) Develop a project plan to conduct a cross-jurisdictional review process;

(b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;

(c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;

(d) Develop an implementation plan and schedule that identifies priority streamlining actions;

(e) Present their recommendations to the department for comment and endorsement; and

(f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially replicable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the

state auditor's office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community's ability to comply with regulatory requirements; and the Washington state economic development commission's 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington's economy and overall global competitiveness." MARINE WATERS PLANNING AND MANAGEMENT

Sections

43.372.070 Marine resources stewardship trust account.

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6) (a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state's coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors' agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state's coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council's recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation. [2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors' agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states' ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors' agreement on ocean health." - (a) State legislative district;
- (b) County; and
- (c) Agency project identifier.

(5) The office of the legislative evaluation and accountability program committee must, within existing resources, update the state expenditure information web site to allow the public to search for capital budget and transportation projects by selecting from an online geographical map. Intent—2013 c 327: "The intent of the legislature is to make state capital budget and transportation budget appropriation and expenditure data as transparent and easy to use by the public as is feasible. It is important to provide information to the public on state capital and transportation investments by legislative district and county in a format that is easy to navigate and comprehend. 46.09.442 Wheeled all-terrain vehicles—Metal tags—Off-road, on-road registration, tabs.

(1) Any wheeled all-terrain vehicle operated within this state must display a metal tag to be affixed to the rear of the wheeled all-terrain vehicle. The initial metal tag must be issued with an original off-road vehicle registration and upon payment of the initial vehicle license fee under RCW 46.17.350(1)(s). The metal tag must be replaced every seven years at a cost of two dollars. Revenue from replacement metal tags must be deposited into the nonhighway and off-road vehicle activities program account. The department must design the metal tag, which must:

(a) Be the same size as a motorcycle license plate;

(b) Have the words "RESTRICTED VEHICLE" listed at the top of the tag;

(c) Contain designated identification through a combination of letters and numbers;

(d) Leave space at the bottom left corner of the tag for an off-road tab issued under subsection (2) of this section; and

(e) Leave space at the bottom right corner of the tag for an on-road tab, when required, issued under subsection (3) of this section.

(2) A person who operates a wheeled all-terrain vehicle must have a current and proper off-road vehicle registration, with the appropriate off-road tab, and pay the annual vehicle license fee as provided in RCW 46.17.350(1)(s), which must be deposited into the nonhighway and off-road vehicle activities program account. The off-road tab must be issued annually by the department upon payment of initial and renewal vehicle license fees under RCW 46.17.350(1)(s).

(3) A person who operates a wheeled all-terrain vehicle upon a public roadway must have a current and proper on-road vehicle registration, with the appropriate on-road tab, which must be of a bright color that can be seen from a reasonable distance, and pay the annual vehicle license fee as provided in RCW 46.17.350(1)(r). The on-road tab must be issued annually by the department upon payment of initial and renewal vehicle license fees under RCW 46.17.350(1)(r).

(4) A wheeled all-terrain vehicle may not be registered for commercial use. [2013 2nd sp.s. c 23 § 4.]

Finding—Intent—2013 2nd sp.s. c 23: "(1) The legislature finds that off-road vehicle users have been overwhelmed with varied confusing rules, regulations, and ordinances from federal, state, county, and city land managers throughout the state to the extent standardization statewide is needed to maintain public safety and good order.

(2) It is the intent of the legislature to: (a) Increase opportunities for safe, legal, and environmentally acceptable motorized recreation; (b) decrease the amount of unlawful or environmentally harmful motorized recreation; (c) generate funds for use in maintenance, signage, education, and enforcement of motorized recreation opportunities; (d) advance a culture of self-policing and abuse intolerance among motorized recreationists; (e) cause no change in the policies of any governmental agency with respect to public land; (f) not change any current ORV usage routes as authorized in chapter 213, Laws of 2005; (g) stimulate rural economies by opening certain roadways to use by motorized recreationists which will in turn stimulate economic activity through expenditures on gasoline, lodging, food and drink, and other entertainment purposes; and (h) require all wheeled all-terrain vehicles to obtain a metal tag." [2013 2nd sp.s. c 23 § 1.]

Effective date—2013 2nd sp.s. c 23: See note following RCW 46.09.310.

(2) A person who operates a wheeled all-terrain vehicle under this section is granted all rights and is subject to all duties applicable to the operator of a motorcycle under RCW 46.37.530 and chapter 46.61 RCW, unless otherwise stated in chapter 23, Laws of 2013 2nd sp. sess., except that wheeled all-terrain vehicles may not be operated side-by-side in a single lane of traffic.

(3) Wheeled all-terrain vehicles are subject to chapter 46.55 RCW.

(4) Any person who violates this section commits a traffic infraction.

[2013 RCW Supp—page 532]

(5) The department may develop and implement an online training course for persons that register wheeled all-terrain vehicles and utility-type vehicles for use on a public roadway of this state. The department is granted rule-making authority for the training course. Any future costs associated with the training course must be appropriated from the highway safety account and any fees collected must be distributed to the highway safety account. (2) An off-road vehicle operated on a nonhighway road or on a street, road, or highway as authorized under RCW 46.09.360 and this section is exempt from both registration requirements of chapter 46.16A RCW and vehicle lighting and equipment requirements of chapter 46.37 RCW.

(3) It is unlawful to operate an off-road vehicle upon a private nonhighway road if the road owner has not authorized the use of off-road vehicles.

(4) Nothing in this section authorizes trespass on private property.

(i) On any public lands in violation of rules and regulations of the agency administering such lands; and

(j) On a private nonhighway road in violation of RCW 46.09.450(3).

(2) It is a misdemeanor for any person to operate any nonhighway vehicle while under the influence of intoxicating liquor or a controlled substance.

(3)(a) Except for an off-road vehicle equipped with seat belts and roll bars or an enclosed passenger compartment, it is a traffic infraction for any person to operate or ride an off-

46.09.485 Operating violations for wheeled all-terrain vehicles—Notice of infraction, issuance and procedure. (1) A person who operates a wheeled all-terrain vehicle consistent with RCW 46.09.470(1) (g), (h), or (i) or inconsistent with the emergency exemption under RCW 46.09.420 is [commits] a traffic infraction.

(2) Any law enforcement officer may issue a notice of traffic infraction for a violation of subsection (1) of this section whether or not the infraction was committed in the officer's presence, as long as there is reasonable evidence presented that the operator of the wheeled all-terrain vehicle committed a violation of subsection (1) of this section. At a minimum, the evidence must include information relating to the time and location at which the violation occurred, and the wheeled all-terrain vehicle metal tag number or a description of the vehicle involved in the violation. If, after an investigation of a reported violation of subsection (1) of this section, the law enforcement officer is able to identify the operator and has probable cause to believe a violation of subsection (1) of this section has occurred, the law enforcement officer shall prepare a notice of traffic infraction and have it served upon the operator of the wheeled all-terrain vehicle. 46.09.520 Refunds from motor vehicle fund—Distribution—Use. (Effective July 1, 2015.) (1) From time to time, but at least once each year, the state treasurer must refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.38 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for

funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and non-motorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section. [2013 c 225 § 608. 46.20.308 Implied consent—Test refusal—Procedures. (1) Any person who operates a motor vehicle within

this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath for the purpose of determining the alcohol concentration, THC concentration, or presence of any drug in his or her breath if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol or THC in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. The officer shall inform the person of his or her right to refuse the breath test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if:

(i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver's breath is 0.08 or more or that the THC concentration of the driver's blood is 5.00 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver's breath is 0.02 or more or that the THC concentration of the driver's blood is above 0.00; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of felony driving under the influence of intoxicating liquor or drugs under RCW 46.61.502(6), felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6), vehicular homicide as provided in RCW 46.61.520, or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested pur-

suant to a search warrant, a valid waiver of the warrant requirement, or when exigent circumstances exist.

(4) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath, no test shall be given except as authorized by a search warrant.

(5) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more, or the THC concentration of the person's blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood is 0.02 or more, or the THC concentration of the person's blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (7) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) Serve notice in writing that the license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration

of the person's blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (5)(d) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (5) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or

more, or the THC concentration of the person's blood was 5.00 or more, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for fur-

ther proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license. Finding—Intent—2004 c 68: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers continue at unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain consequences for those who drink and drive.

To accomplish this goal, the legislature adopts standards governing the admissibility of tests of a person's blood or breath. These standards will provide a degree of uniformity that is currently lacking, and will reduce the delays caused by challenges to various breath test instrument components and maintenance procedures. Such challenges, while allowed, will no longer go to admissibility of test results. Instead, such challenges are to be considered by the finder of fact in deciding what weight to place upon an admitted blood or breath test result.

The legislature's authority to adopt standards governing the admissibility of evidence involving alcohol is well established by the Washington Supreme Court. See generally *State v. Long*, 113 Wn.2d 266, 778 P.2d 1027 (1989); *State v. Sears*, 4 Wn.2d 200, 215, 103 P.2d 337 (1940) (the legislature has the power to enact laws which create rules of evidence); *State v. Pavelich*, 153 Wash. 379, 279 P. 1102 (1929) ("rules of evidence are substantive law"). [2004 c 68 § 1.]

Legislative finding, intent—1983 c 165: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers have reached unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to insure swift and certain punishment for those who drink and drive. The legislature does not intend to discourage or deter courts and other agencies from directing or providing treatment for problem drinkers. However, it is the intent that such treatment, where appropriate, be in addition to and not in lieu of the sanctions to be applied to all those convicted of driving while intoxicated." 46.20.385 Ignition interlock driver's license—Application—Eligibility—Cancellation—Costs—Rules. (1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of a violation of RCW 46.61.502 or

46.61.504 or an equivalent local or out-of-state statute or ordinance, or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. Subject to the provisions of RCW 46.20.720(3)(b)(ii), the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055. Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible

to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under

this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391. [2013 2nd sp.s. c 35 § 20; 2012 c 183 § 8; 2011 c 293 § 1; 2010 c 269 § 1; 2008 c 282 § 9.]

Effective date—2012 c 183: See note following RCW 2.28.175.

Effective date—2011 c 293 §§ 1-9: "Sections 1 through 9 of this act take effect September 1, 2011." [2011 c 293 § 16.]

Effective date—2010 c 269: "This act takes effect January 1, 2011." [2010 c 269 § 12.]

46.20.500 Special endorsement—Exceptions. (1) No person may drive either a two-wheeled or a three-wheeled motorcycle, or a motor-driven cycle unless such person has a valid driver's license specially endorsed by the director to enable the holder to drive such vehicles.

(2) However, a person sixteen years of age or older, holding a valid driver's license of any class issued by the state of the person's residence, may operate a moped without taking any special examination for the operation of a moped.

(3) No driver's license is required for operation of an electric-assisted bicycle if the operator is at least sixteen years of age. Persons under sixteen years of age may not operate an electric-assisted bicycle.

(4) No driver's license is required to operate an electric personal assistive mobility device or a power wheelchair.

46.20.720 Drivers convicted of alcohol offenses. (1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a

motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) Under RCW 46.61.5055 and subject to the exceptions listed in that statute, the court shall order any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to comply with the rules and requirements of the department regarding the installation and use of a functioning ignition interlock device installed on all motor vehicles operated by the person. The court shall order any person participating in a deferred prosecution program under RCW 10.05.020 for a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(3)(a) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance. The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or 46.61.500 and is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person.

(b)(i) Except as provided in (b)(ii) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) The employer exemption does not apply:

(A) When the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment;

(B) For the first thirty days after an ignition interlock device has been installed as the result of a first conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(C) For the first three hundred sixty-five days after an ignition interlock device has been installed as the result of a second or subsequent conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance.

(c) The ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. Subject to the provisions of subsections (4) and (5) of this section, the period of time of the restriction will be no less than:

(i) For a person who has not previously been restricted under this section, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

(4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section.

(6) In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department to be deposited into the ignition interlock device revolving account. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." 46.20.745 Ignition interlock device revolving account program—Pilot program. (1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, remov-

ing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2013-2015 fiscal biennium, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce non-compliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720. of the qualification requirements of 49 C.F.R. Part 391 as it existed on January 30, 2012, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and is therefore not required to obtain a medical examiner's certificate under 49 C.F.R. Intent—2005 c 325: "It is the intent of the legislature to promote the safety of drivers and passengers on Washington roads and public transportation systems. To this end, Washington has established a reporting requirement for employers of commercial drivers who test positive for unlawful substances. The legislature recognizes that transit operators and their employers are an asset to the public transportation system and continuously strive to provide a safe and efficient mode of travel. In light of this, the legislature further intends that the inclusion of transit employers in the reporting requirements serve only to enhance the current efforts of these dedicated employers and employees as they continue to provide a safe public transportation system to the citizens of Washington." In light of this, the legislature further intends that the inclusion of transit employers in the reporting requirements serve only to enhance the current efforts of these dedicated employers and employees as they continue to provide a safe public transportation system to the citizens of Washington." Except when driving under a commercial learner's permit and a valid driver's license and accompanied by the holder of a commercial driver's license valid for the vehicle being driven, no person may drive a commercial motor vehicle unless the person holds and is in immediate possession of a commercial driver's license and applicable endorsements valid for the vehicle they are driving. However, this requirement does not apply to any person:

(i) Controlled and operated by a farmer;

(ii) Used to transport either agricultural products, which in this section include Christmas trees and wood products harvested from private tree farms and transported by vehicles weighing no more than forty thousand pounds licensed gross vehicle weight, farm machinery, farm supplies, animal manure, animal manure compost, or any combination of those materials to or from a farm;

Violations of this subsection shall be punished in the same way as violations of RCW 46.20.342(1).

(3) The department must, to the extent possible, enter into reciprocity agreements with adjoining states to allow the waivers described in subsection (1) of this section to apply to drivers holding commercial driver's licenses from those adjoining states. [2013 c 224 § 4; 2011 c 142 § 1; 2006 c 327 § 3; 1995 c 393 § 1; 1990 c 56 § 1; 1989 c 178 § 7.]

(3) The holder of a CLP may drive a commercial motor vehicle on a highway only when in possession of a valid driver's license and accompanied by the holder of a valid CDL who has the proper CDL classification and endorsement or endorsements necessary to operate the commercial motor vehicle. The CDL holder must at all times be physically present in the front seat of the vehicle next to the CLP holder or, in the case of a passenger vehicle, directly behind or in the

(b) "X" restricts the driver from operating a tank vehicle that contains cargo; and

(c) Any restriction as established by rule of the department.

(7) The holder of a CLP is not authorized to operate a commercial motor vehicle transporting hazardous materials.

(8) A CLP may not be issued for a period to exceed one hundred eighty days. The department may renew the CLP for one additional one hundred eighty-day period without requiring the CLP holder to retake the general and endorsement knowledge examinations.

(9) The department must transmit the fees collected for CLPs to the state treasurer for deposit in the highway safety fund. [2013 c 224 § 5.]

The department may not allow the person to take the skills examination during the first fourteen days after initial issuance of the person's commercial learner's permit. Effective date—2013 c 224: See note following RCW 46.01.130.

Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver's license. The legislature finds that Washington's commercial driver's license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver's license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will prevent the imposition of unnecessary expense and hardship on Washington's commercial vehicle drivers." [2003 c 195 § 1.]

46.25.075 Certification—Recordkeeping and administration—Downgrade. (Effective July 8, 2014.) (1) Any person applying for a CDL or CLP must certify that he or she is or expects to be engaged in one of the following types of driving:

- (a) Nonexcepted interstate;
- (b) Excepted interstate;
- (c) Nonexcepted intrastate; or
- (d) Excepted intrastate.

(2) A CDL or CLP applicant or holder who certifies under subsection (1)(a) of this section that he or she is or expects to be engaged in nonexcepted interstate commerce must provide a copy of a medical examiner's certificate prepared by a medical examiner, as defined in 49 C.F.R. Sec. 390.5 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. Upon submission, a copy of the medical examiner's certificate must be date-stamped by the department. A CDL or CLP holder who certifies under subsection (1)(a) of this section must submit a copy of each subsequently issued medical examiner's certificate.

(3) For each operator of a commercial motor vehicle required to have a CDL or CLP, the department must meet the following requirements:

(a)(i) The driver's self-certification of type of driving under subsection (1) of this section must be maintained on the driver's record and the CDLIS driver record;

(ii) The copy of a medical examiner's certificate, when submitted under subsection (2) of this section, must be retained for three years beyond the date the certificate was issued; and

(c) Within ten calendar days of receiving information from the federal motor carrier safety administration regarding issuance or renewal of a medical variance for a driver, the department must update the CDLIS driver record to include the medical variance information.

(4)(a) If a driver's medical certification or medical variance expires, or the federal motor carrier safety administration notifies the department that a medical variance was removed or rescinded, the department must:

(i) Notify the driver of his or her "not-certified" medical certification status and that the privilege of operating a commercial motor vehicle will be removed from the CDL or CLP unless the driver submits a current medical certificate or medical variance, or changes his or her self-certification to driving only in excepted or intrastate commerce; and

(ii) Initiate procedures for downgrading the CDL or CLP. The CDL or CLP downgrade must be completed and recorded within sixty days of the driver's medical certification status becoming "not-certified" to operate a commercial motor vehicle.

(b) If a driver fails to provide the department with the certification required in subsection (1) of this section, or a current medical examiner's certificate if the driver self-certifies under subsection (1)(a) of this section that he or she is operating in nonexcepted interstate commerce as required in subsection (2) of this section, the department must mark the CDLIS driver record as "not-certified" and initiate a CDL or CLP downgrade in accordance with (a)(ii) of this subsection.

(c) A driver whose CDL or CLP has been downgraded under this subsection may restore the CDL or CLP privilege by providing the necessary certifications or medical variance information to the department. [2013 c 224 § 8; 2011 c 227 § 3.]

46.25.100 Restoration after disqualification. (Effective July 8, 2014.) When a person has been disqualified from operating a commercial motor vehicle, the person is not entitled to have the commercial driver's license or commercial learner's permit restored until after the expiration of the appropriate disqualification period required under RCW 46.25.090 or until the department has received a drug and alcohol assessment and evidence is presented of satisfactory participation in or completion of any required drug or alcohol treatment program for ending the disqualification under RCW 46.25.090(7). After expiration of the appropriate period and upon payment of a requalification fee of twenty dollars, or one hundred fifty dollars if the person has been disqualified under RCW 46.25.090(7), the person may apply for a new, duplicate, or renewal commercial driver's license or commercial learner's permit as provided by law. If the person has been disqualified for a period of one year or more, the person shall demonstrate that he or she meets the commercial driver's license or commercial learner's permit qualification standards specified in RCW 46.25.060. [2013 c 224 § 12; 2002 c 272 § 4; 1989 c 178 § 12.]

46.25.110 Driving with alcohol or THC in system. (1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol or THC in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol or THC in his or her system or who refuses to take a test to determine his or her alcohol content or THC concentration as provided by RCW 46.25.120. [2013 2nd sp.s. c 35 § 11; 1989 c 178 § 13.]

46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test—Procedures. (1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system or while under the influence of any drug.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more or any measurable amount of THC concentration, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more or any measurable amount of THC concentration.

(5) Upon receipt of the sworn report of a law enforcement officer under subsection (4) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system or while under the influence of any drug, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more or any measurable amount of THC concentration. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle

is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(6) If a motor carrier or employer who is required to have a testing program under 49 C.F.R. 382 knows that a commercial driver in his or her employ has refused to submit to testing under this section and has not been disqualified from driving a commercial motor vehicle, the employer may notify law enforcement or his or her medical review officer or breath alcohol technician that the driver has refused to submit to the required testing.

(7) The hearing provisions of this section do not apply to those persons disqualified from driving a commercial motor vehicle under RCW 46.25.090(7). [2013 2nd sp.s. c 35 § 12; 2006 c 327 § 5; 2002 c 272 § 5; 1998 c 41 § 6; 1990 c 250 § 50; 1989 c 178 § 14.]

(2)(a) No later than ten days after disqualifying any nonresident holder of a commercial driver's license or commercial learner's permit from operating a commercial motor vehicle, or revoking, suspending, or canceling the nonresident driving privileges of the nonresident holder of a commercial driver's license or commercial learner's permit for at least sixty days, the department must notify the state that issued the license of the disqualification, revocation, suspension, or cancellation.

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same must be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer must be removed by the county treasurer.

(3) Except as provided in RCW 84.56.335(1), if the landlord of a manufactured/mobile home park takes ownership of

a manufactured/mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the manufactured/mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer and title has been lawfully transferred to the landlord, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates may not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation must adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. The department of labor and industries must adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections. Chapter 46.55 RCW

TOWING AND IMPOUNDMENT

Sections

- 46.55.118 Rate, fee limitations for certain private impounds.
46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment.

46.55.118 Rate, fee limitations for certain private impounds. (1) For a private impound performed by any registered tow truck operator using tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1) as class A, class E, or class D only, the following limitations apply:

(a) The maximum towing hourly rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum hourly rate for a class A tow truck at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter

of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(b) The maximum daily storage rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum daily storage rate for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(c) The maximum after hours release fee listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred percent of the maximum after hours release fee for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(2) The limitations set forth in subsection (1) of this section apply to all registered tow truck operators whether or not they hold, have applied for, or received letters of appointment from the Washington state patrol to respond to state patrol-originated calls.

(3) The limitations set forth in subsection (1) of this section do not apply to:

(a) Any other classes of tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1); or

(b) Law enforcement impounds or private voluntary towing.

(4) The limitations set forth in subsection (1) of this section only apply if the vehicle is parked and upright, has all its wheels and tires attached, does not have a broken axle, and has not been involved in an accident at the location from which it is being impounded.

(5) This section does not affect the authority of any city, town, or county to enforce, maintain, or amend any ordinance, enacted prior to January 1, 2013, and valid under state law in existence at the time of its enactment, that regulates maximum allowable rates and related charges for private impounds by registered tow truck operators. [2013 c 37 § 2.]

Findings—2013 c 37: "The legislature finds that the use of a motor vehicle is often a necessity for residents' livelihood and families. Therefore, the legislature finds it is important for the public to know what the charges and fees will be for the private impound of cars and other vehicles parked on private property, and that those charges should be reasonable to ensure that residents may retrieve impounded vehicles." [2013 c 37 § 1.]

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1)(a) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only by the following persons or entities:

- (i) The legal owner;
- (ii) The registered owner;
- (iii) A person authorized in writing by the registered owner;
- (iv) The vehicle's insurer or a vendor working on behalf of the vehicle's insurer;
- (v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered

owner or the owner's agent to move the vehicle, and has documented that consent in the insurer's claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, "owner's agent" means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner's permission, or an adult member of the registered owner's family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department; or

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor.

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a

person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(d) Notwithstanding (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(e) Notwithstanding (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(f) The vehicle or other item of personal property registered or titled with the department shall be released upon the

presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of

a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice

of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO:
YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the Court located at in the sum of \$....., in an action entitled, Case No. YOU ARE FURTHER NOTIFIED that attorneys fees and costs will be awarded against you under RCW ... if the judgment is not paid within 15 days of the date of this notice. DATED this day of, (year) ...

of party mailing notice

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. 46.61.165 High occupancy vehicle lanes—Definition.

(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68

RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees. Conflict with state and federal environmental mitigation requirements—2011 c 379: "If any part of this act is found to be in conflict with mitigation requirements under the state environmental policy act (chapter 43.21C RCW) or the national environmental policy act (42 U.S.C. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or

local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities." [2011 c 379 § 5.]

46.61.415 When local authorities may establish or alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

- (a) Decreases the limit at intersections; or
- (b) Increases the limit but not to more than sixty miles per hour; or
- (c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3)(a) Cities and towns in their respective jurisdictions may establish a maximum speed limit of twenty miles per hour on a nonarterial highway, or part of a nonarterial highway, that is within a residence district or business district.

(b) A speed limit established under this subsection by a city or town does not need to be determined on the basis of an engineering and traffic investigation if the city or town has developed procedures regarding establishing a maximum speed limit under this subsection. Any speed limit established under this subsection may be canceled within one year of its establishment, and the previous speed limit reestablished, without an engineering and traffic investigation. This subsection does not otherwise affect the requirement that cities and towns conduct an engineering and traffic investigation to determine whether to increase speed limits.

(c) When establishing speed limits under this subsection, cities and towns shall consult the manual on uniform traffic control devices as adopted by the Washington state department of transportation.

(4) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(5) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe

speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(6) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. [2013 c 264 § 1; 1977 ex.s. c 151 § 36; 1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

46.61.419 Private roads—Speed enforcement. State, local, or county law enforcement personnel may enforce speeding violations under RCW 46.61.400 on private roads within a community organized under chapter 64.34, 64.32, or 64.38 RCW if:

(1) A majority of the homeowner's association's, association of apartment owners', or condominium association's board of directors votes to authorize the issuance of speeding infractions on its private roads, and declares a speed limit not lower than twenty miles per hour;

(2) A written agreement regarding the speeding enforcement is signed by the homeowner's association, association of apartment owners, or condominium association president and the chief law enforcement official of the city or county within whose jurisdiction the private road is located;

(3) The homeowner's association, association of apartment owners, or condominium association has provided written notice to all of the homeowners, apartment owners, or unit owners describing the new authority to issue speeding infractions; and

(4) Signs have been posted declaring the speed limit at all vehicle entrances to the community. [2013 c 269 § 1; 2003 c 193 § 1.]

46.61.5055 Alcohol and drug violators—Penalty schedule. (1) Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has no prior offense within seven years shall be punished as follows:

(a) In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than one day nor more than three hundred sixty-four days. Twenty-four consecutive hours of the imprisonment may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(a)(i), the court may order not less than fifteen days of electronic home monitoring. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device or other separate alcohol monitoring device to include an alcohol detection breathalyzer, and the

court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than three hundred fifty dollars nor more than five thousand dollars. Three hundred fifty dollars of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than two days nor more than three hundred sixty-four days. Forty-eight consecutive hours of the imprisonment may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(b)(i), the court may order not less than thirty days of electronic home monitoring. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device to include an alcohol detection breathalyzer or other separate alcohol monitoring device, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than five hundred dollars nor more than five thousand dollars. Five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(2) Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has one prior offense within seven years shall be punished as follows:

(a) In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than thirty days nor more than three hundred sixty-four days and sixty days of electronic home monitoring. In lieu of the mandatory minimum term of sixty days electronic home monitoring, the court may order at least an additional four days in jail or, if available in that county or city, a six-month period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390, and the court shall order an expanded alcohol assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the

offender is on electronic home monitoring. Thirty days of imprisonment and sixty days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and

(ii) By a fine of not less than five hundred dollars nor more than five thousand dollars. Five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than forty-five days nor more than three hundred sixty-four days and ninety days of electronic home monitoring. In lieu of the mandatory minimum term of ninety days electronic home monitoring, the court may order at least an additional six days in jail or, if available in that county or city, a six-month period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390, and the court shall order an expanded alcohol assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. Forty-five days of imprisonment and ninety days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and

(ii) By a fine of not less than seven hundred fifty dollars nor more than five thousand dollars. Seven hundred fifty dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(3) Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has two or three prior offenses within seven years shall be punished as follows:

(a) In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than ninety days nor more than three hundred sixty-four days, if available in that county or city, a six-month period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390, and one hundred twenty days of electronic home

monitoring. In lieu of the mandatory minimum term of one hundred twenty days of electronic home monitoring, the court may order at least an additional eight days in jail. The court shall order an expanded alcohol assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. Ninety days of imprisonment and one hundred twenty days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and

(ii) By a fine of not less than one thousand dollars nor more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than one hundred twenty days nor more than three hundred sixty-four days, if available in that county or city, a six-month period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390, and one hundred fifty days of electronic home monitoring. In lieu of the mandatory minimum term of one hundred fifty days of electronic home monitoring, the court may order at least an additional ten days in jail. The offender shall pay for the cost of the electronic monitoring. The court shall order an expanded alcohol assessment and treatment, if deemed appropriate by the assessment. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. One hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring may not be suspended unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended, the court shall state in writing the reason for granting the suspension and the facts upon which the suspension is based; and

(ii) By a fine of not less than one thousand five hundred dollars nor more than five thousand dollars. One thousand five hundred dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(4) A person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished under chapter 9.94A RCW if:

(a) The person has four or more prior offenses within ten years; or

(b) The person has ever previously been convicted of:

(i) A violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug;

(ii) A violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug;

(iii) An out-of-state offense comparable to the offense specified in (b)(i) or (ii) of this subsection; or

(iv) A violation of RCW 46.61.502(6) or 46.61.504(6).

(5)(a) The court shall require any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to comply with the rules and requirements of the department regarding the installation and use of a functioning ignition interlock device installed on all motor vehicles operated by the person.

(b) If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(6) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) Order the use of an ignition interlock or other device for an additional six months;

(b) In any case in which the person has no prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional twenty-four hours of imprisonment and a fine of not less than one thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(c) In any case in which the person has one prior offense within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional five days of imprisonment and a fine of not less than two thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(d) In any case in which the person has two or three prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional ten days of imprisonment and a fine of not less than three thousand dollars and not more than ten thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(7) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property;

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(d) Whether a child passenger under the age of sixteen was an occupant in the driver's vehicle.

(8) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person's alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as

a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (ii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug. The court may impose conditions of probation that include non-repetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home

monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

(14) For purposes of this section and RCW 46.61.502 and 46.61.504:

(iv) A conviction for a violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug, or a conviction for a violation of RCW 46.61.522 committed in a reckless manner or with the disregard for the safety of others if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug;

(v) A conviction for a violation of RCW 46.61.5249, 46.61.500, or 9A.36.050 or an equivalent local ordinance, if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522;

(ix) A deferred prosecution granted in another state for a violation of driving or having physical control of a vehicle while under the influence of intoxicating liquor or any drug if the out-of-state deferred prosecution is equivalent to the deferred prosecution under chapter 10.05 RCW, including a requirement that the defendant participate in a chemical dependency treatment program; or

(x) A deferred sentence imposed in a prosecution for a violation of RCW 46.61.5249, 46.61.500, or 9A.36.050, or an equivalent local ordinance, if the charge under which the deferred sentence was imposed was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or a violation of RCW 46.61.520 or 46.61.522;

If a deferred prosecution is revoked based on a subsequent conviction for an offense listed in this subsection (14)(a), the subsequent conviction shall not be treated as a prior offense of the revoked deferred prosecution for the purposes of sentencing;

(b) "Treatment" means alcohol or drug treatment approved by the department of social and health services;

46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, the court shall consider at sentencing whether the vehicle shall be seized and forfeited pursuant to this section if a seizure or forfeiture has not yet occurred.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not

limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. [2013 2nd sp.s. c 35 § 18; 2009 c 479 § 38; 1998 c 207 § 2; 1995 c 332 § 6; 1994 c 139 § 1.]

Intent—2007 c 417: "The use of wireless communications devices by motorists has increased in recent years. While wireless communications devices have assisted with quick reporting of road emergencies, their use has also contributed to accidents and other mishaps on Washington state roadways. (g) A statement that at any hearing requested for the purpose of explaining mitigating circumstances surrounding the commission of the infraction the person will be deemed to have committed the infraction and may not subpoena witnesses;

(h) A statement that the person must respond to the notice as provided in this chapter within fifteen days or the person's driver's license or driving privilege may be suspended by the department until any penalties imposed pursuant to this chapter have been satisfied; and

(i) A statement that failure to appear at a hearing requested for the purpose of contesting the determination or for the purpose of explaining mitigating circumstances may result in the suspension of the person's driver's license or driving privilege, or in the case of a standing, stopping, or parking violation, refusal of the department to renew the vehicle registration, until any penalties imposed pursuant to this chapter have been satisfied.

(3)(a) A form for a notice of traffic infraction printed after July 22, 2011, must include a statement that the person may be able to enter into a payment plan with the court under RCW 46.63.110.

(b) The forms for a notice of traffic infraction must include the changes in section 1, chapter 170, Laws of 2013 by July 1, 2015. [2013 c 170 § 1; 2011 c 233 § 1; 2006 c 270 § 2; 1993 c 501 § 9; 1984 c 224 § 2; 1982 1st ex.s. c 14 § 2; 1980 c 128 § 1; 1979 ex.s. c 136 § 8.]

46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls—System requirements—Rules. (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5)(a) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section. The department of transportation shall submit to the transportation committees of the legislature an annual report on the number of times adjudicators reduce or dismiss the civil penalty as provided in (b) of this subsection and the total amount of the civil penalties dismissed. The report must be submitted by December 1st of each year.

(b) During the adjudication process, the alleged violator must have an opportunity to explain mitigating circumstances. Hospitalization, a divorce decree or legal separation agreement resulting in a transfer of the vehicle, an active duty member of the military or national guard covered by the federal service members civil relief act, 50 U.S.C. Sec. 501 et seq., or state service members' civil relief act, chapter 38.42 RCW, eviction, homelessness, the death of the alleged violator or of an immediate family member, or if the alleged violator did not receive a toll charge bill or notice of civil penalty are valid mitigating circumstances. All of these reasons that constitute mitigating circumstances must occur within a reasonable time of the alleged toll violation. In response to these circumstances, the adjudicator may reduce or dismiss the civil penalty.

(c) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this section are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this section. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly

indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(f) The envelope containing a toll charge bill or related notice issued pursuant to RCW 47.46.105 or 47.56.795, or a notice of civil penalty issued under this section, must prominently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(12) For the purposes of this section, "photo toll system" means the system defined in RCW 47.56.010 and 47.46.020. [2013 c 226 § 1; 2011 c 367 § 705; 2010 c 249 § 6; (2010 c 161 § 1126 repealed by 2012 c 83 § 8); 2009 c 272 § 1. Prior: 2007 c 372 § 2; 2007 c 101 § 2; 2004 c 231 § 6.]

Contingent effective date—2011 c 367 §§ 705 and 722: "Sections 705 and 722 of this act take effect upon certification by the secretary of transportation that the new statewide tolling operations center and photo toll system are fully operational. A notice of certification must be filed with the code reviser for publication in the state register. If a certificate is not issued by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void." [2011 c 367 § 1104.] A notice of certification was filed with the code reviser on December 2, 2011, becoming effective December 3, 2011 (see WSR 11-24-042).

Contingent effective date—2010 c 249: See note following RCW 47.56.795.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Report to legislature—2009 c 272: "The department shall report to the transportation committees of the legislature by December 1, 2009, with recommendations regarding implementing a time period for the payment of tolls after crossing the Tacoma Narrows bridge in which individuals without a transponder could pay the toll due prior to the issuance of an infraction." [2009 c 272 § 2.]

46.63.170 Automated traffic safety cameras—Definition. (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which

interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 and 2013-2015 fiscal biennia, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control

devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and *46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed

zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013.

(6) During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013. [2013 c 306 § 711. Prior: 2012 c 85 § 3; 2012 c 83 § 7; 2011 c 367 § 704; 2010 c 161 § 1127; 2009 c 470 § 714; 2007 c 372 § 3; 2005 c 167 § 1.]

***Reviser's note:** RCW 46.20.270 was amended by 2013 2nd sp.s. c 35 § 17, changing subsection (3) to subsection (2).

Effective date—2013 c 306: See note following RCW 47.64.170.

Findings—Intent—2012 c 85: "The legislature finds that it is in the interests of the driving public to continue to provide for a uniform system of traffic control signals, including provisions relative to yellow light durations, fine amounts for certain traffic control signal violations, and signage and reporting requirements at certain traffic control signal locations. The legislature further finds that a uniform system of traffic control signals greatly enhances the public's confidence in a safe and equitable highway network. Therefore, it is the intent of the legislature to harmonize and make uniform certain legal provisions relating to traffic control signals." [2012 c 85 § 1.]

46.63.180 Automated school bus safety cameras—

Definition. (1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infrac-

tion based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor [vendor] of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201, chapter 306, Laws of 2013.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this sub-

section (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1). [2013 c 306 § 716; 2011 c 375 § 2.]

Effective date—2013 c 306: See note following RCW 47.64.170.

Intent—2011 c 375: "The legislature recognizes that the safe transportation of children to and from school is a shared responsibility of the school district and the driving public. In order to increase public awareness of their responsibility, it is the intent of the legislature that the state superintendent of public instruction coordinate with school districts and any other relevant agencies who voluntarily choose to participate in a national stop arm violation day annually between March 1st and May 15th." [2011 c 375 § 1.]

All revenues from the traffic infraction surcharge in RCW 46.63.110(7)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement. During the 2011-2013 and 2013-2015 fiscal biennia, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(c) Financial support for the procurement of equipment and technologies for use by law enforcement agencies for the purpose of enforcing motor vehicle theft laws; and

(d) Financial support for programs that are designed to educate and assist the public in the prevention of motor vehicle theft.

(3) The costs of administration shall not exceed ten percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities, which include, but are not limited to: (a) State, municipal, and county offender and juvenile confinement costs; (b) administration costs; (c) law enforcement costs; (d) prosecutor costs; and (e) court costs, with a priority being given to ensuring that sufficient funding is available to cover state, municipal, and county offender and juvenile confinement costs.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

46.72A.020 Engagement of and fares for carrier services—Service records—Carrier information—Penalties—Rules. (1) Contact by a customer or customer's agent to engage the services of a carrier's limousine must be initiated by a customer or customer's agent at a time and place different from the customer's time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers' agents make arrangements to immediately engage the services of a carrier's limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier business must possess written or electronic records substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their business license issued under chapter 19.02 RCW where records substantiating the prearrangement of the carrier's services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier's services for any customer carried for compensation.

(4) The department must adopt rules specifying the content and retention schedule of the records required for compliance with subsection (2) of this section.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for limousines meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department must define by rule conditions under which a chauffeur is considered to be operating a limousine, including when the limousine is parked in a designated passenger load zone. [2013 c 144 § 40; 2011 c 374 § 2; 1996 c 87 § 5.]

46.87.080 Cab cards, validation tabs, special license plates—Design, procedures—Issuance, refusal, revocation. (*Effective July 1, 2015.*) (1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department must issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle. License plates must be displayed on vehicles as required by RCW 46.16A.200(5). The number and plate must be of a design, size, and color determined by the department. The plates must be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card must contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card must be signed by the registrant, or a designated person if the registrant is a business firm, and must at all times be carried in or on the vehicle to which it was issued.

(3) The apportioned license plates are not transferrable from vehicle to vehicle unless otherwise determined by rule and may be used only on the vehicle to which they are assigned by the department for as long as they are legible or until such time as the department requires them to be removed and returned to the department.

(4) Distinctive validation tab(s) of a design, size, and color determined by the department must be affixed to the apportioned license plate(s) as prescribed by the department to indicate the month, if necessary, and year for which the vehicle is registered.

(5) Renewals are effected by the issuance and display of such tab(s) after making satisfactory application and payment of applicable fees and taxes.

(6) Fleet vehicles so registered and identified are deemed to be fully licensed and registered in this state for any type of movement or operation. However, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle may be operated in interstate or intrastate commerce in this state unless the owner has been granted interstate operating authority in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless the vehicle is being operated in conformity with that authority.

(7) The department may issue temporary authorization permits (TAPs) to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee must be collected for each permit issued. The permit fee must be deposited in the motor vehicle fund, and the filing fee must be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subterfuge for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW and has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW which has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16A, 46.85, 46.87, 82.38, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department must grant the applicant a hearing and at least ten days written notice of the time and place of the hearing. 47.04.280	Transportation system policy goals.

47.04.082 Urban public transportation systems—Defined. As used in chapter 108, Laws of 1967, "urban public transportation system" means a system for the public transportation of persons or property by buses, streetcars, trains, electric trolley coaches, other public transit vehicles, or any combination thereof operating in or through predominantly urban areas and owned and operated by the state, any public agency, any city or county or any municipal corporation of the state, including all structures, facilities, vehicles and other property rights and interest forming a part of such a system. [2013 c 113 § 6; 1967 c 108 § 1.]

47.04.280 Transportation system policy goals. (1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state's transportation system. The policy goals established under this section are deemed consistent with the benchmark categories adopted by the state's blue ribbon commission on transportation on November 30, 2000. Public investments in transportation should support achievement of these policy goals:

(a) Economic vitality: To promote and develop transportation systems that stimulate, support, and enhance the movement of people and goods to ensure a prosperous economy;

(b) Preservation: To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services;

(c) Safety: To provide for and improve the safety and security of transportation customers and the transportation system;

(d) Mobility: To improve the predictable movement of goods and people throughout Washington state;

(e) Environment: To enhance Washington's quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment; and

(f) Stewardship: To continuously improve the quality, effectiveness, and efficiency of the transportation system.

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section.

(3) These policy goals are intended to be the basis for establishing detailed and measurable objectives and related performance measures.

(4) It is the intent of the legislature that the office of financial management establish objectives and performance

measures for the department of transportation and other state agencies with transportation-related responsibilities to ensure transportation system performance at local, regional, and state government levels progresses toward the attainment of the policy goals set forth in subsection (1) of this section. The office of financial management shall submit initial objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during the 2008 legislative session. The office of financial management shall submit objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during each regular session of the legislature during an even-numbered year thereafter.

(5) A local or regional agency engaging in transportation planning may voluntarily establish objectives and performance measures to demonstrate progress toward the attainment of the policy goals set forth in subsection (1) of this section or any other transportation policy goals established by the local or regional agency. A local or regional agency engaging in transportation planning is encouraged to provide local and regional objectives and performance measures to be included with the objectives and performance measures submitted to the legislature pursuant to subsection (4) of this section.

(6) This section does not create a private right of action. [2013 c 199 § 1; 2010 c 74 § 1; 2007 c 516 § 3; 2002 c 5 § 101. Formerly RCW 47.01.012.]

47.06A.020 Board—Duties.
47.06A.045 Board—Standing committee—Travel reimbursement.
47.06A.050 Allocation of funds.

47.06A.020 Board—Duties. (1) The board shall:

(a) Adopt rules and procedures necessary to implement the freight mobility strategic investment program;

(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. The board shall ensure that projects included in the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the senate and house transportation committees.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

(b) Provide technical assistance to project applicants;

(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and

(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:

(a) The project must be on a strategic freight corridor;

(b) The project must meet one of the following conditions:

(i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or

(ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or

(iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and

(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio approved by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing

exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours. [2013 c 104 § 1; 2005 c 319 § 125; 1999 c 216 § 1; 1998 c 175 § 3.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

47.06A.045 Board—Standing committee—Travel reimbursement. During the 2013-2015 fiscal biennium, members of the freight advisory committee group created as a standing committee of the board may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. [2013 c 306 § 707.]

Effective date—2013 c 306: See note following RCW 47.64.170.

47.06A.050 Allocation of funds. (1) For the purpose of allocating funds for the freight mobility strategic investment program, the board shall allocate the first fifty-five percent of funds to the highest priority projects, without regard to location.

(2) The remaining funds shall be allocated equally among three regions of the state, defined as follows:

(a) The Puget Sound region includes King, Pierce, and Snohomish counties;

(b) The western Washington region includes Clallam, Jefferson, Island, Kitsap, San Juan, Skagit, Whatcom, Clark, Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum counties; and

(c) The eastern Washington region includes Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Whitman, Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima counties.

If the moneys distributed to the transportation improvement account shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest thereon must next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. 47.28.140 Highway, public transportation improvements, flood damage prevention—Cooperative agreements. When in the opinion of the governing authorities representing the department and any public agency, instrumentality, municipal corporation, or political subdivision of the state of Washington, any highway, road, street, or urban public transportation system will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving, or maintaining, or by the establishment adjacent to, under, upon, within, or above any portion of any such highway, road, street, or urban public transportation system, by either the department or any public agency, instrumentality, municipal corporation, or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses must be reimbursed by the party whose responsibility it was to do or perform the work or improvement in the first instance. The work may be done by either day labor or contract, and the cooperative agreement between the parties must provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from any project that assists in preventing or minimizing flood damages as defined in RCW 86.16.120 or from the construction of any public works project, including any urban public transportation system, the department may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipi-

pal corporation, or political subdivision on the basis of benefits received, but such payment may be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of the particular public works project. 47.28.260 Reciprocal agreement—Waiver of indirect costs. When the department plans to administer a contract to engineer or construct a project; or oversee or perform work for another public agency, instrumentality, municipal corporation, or political subdivision; and the public agency, instrumentality, municipal corporation, or political subdivision plans to administer a contract to engineer or construct a project; or oversee or perform work, for the department, the department may waive application of its indirect costs by entering into a reciprocal agreement with the public agency, instrumentality, municipal corporation, or political subdivision in which each party agrees to waive indirect costs related to a project or work that will be performed by the party for the other party’s benefit. The reciprocal agreement must specify the project or work to be performed by each party and may be for a maximum term of ten years, unless amended by the parties. Each party’s obligation for reimbursement of indirect costs under RCW 47.28.140, 39.34.130, and 43.09.210 is deemed to be satisfied by the execution of a reciprocal agreement. [2013 c 113 § 8.]

Intent—2013 c 154: "The legislature recognizes the city of Enumclaw as the gateway to the Chinook scenic byway in western Washington. As such, it is the legislature's intent to set the western terminus of the byway within Enumclaw's city limits. It is further the legislature's intent to make attractions within the city of Enumclaw eligible for future grant opportunities by establishing an all-encompassing entrance point for the Chinook scenic byway." Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights-of-way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." 47.42.080 Public nuisance—Abatement—Penalty.

(1) Any sign erected or maintained contrary to the provisions of this chapter or rules adopted hereunder that is designed to be viewed from the interstate system, the primary system, or the scenic system is a public nuisance, and the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall notify the permittee or, if there is no permittee, the owner of the property on which the sign is located, by certified mail at his or her last

known address, that it constitutes a public nuisance and must comply with the chapter or be removed.

(2) If the permittee or owner, as the case may be, fails to comply with the chapter or remove any such sign within fifteen days after being notified to remove the sign he or she is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling removal of the sign. Each day the sign is maintained constitutes a separate offense.

(3) If the permittee or owner, as the case may be, fails to comply with this chapter or rules adopted under this chapter or fails to remove any sign erected or maintained contrary to the provisions of this chapter or rules adopted under this chapter within fifteen days after being notified to remove the sign, the department shall assess a fine of one hundred dollars per calendar day until the sign is brought into compliance or is removed. The one hundred dollar per calendar day fine is not contingent on a misdemeanor conviction. Fines collected under this subsection must be deposited with the state treasurer to the credit of the motor vehicle fund.

(4) If the permittee or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the sign and property upon which it is located with a notice that the sign constitutes a public nuisance and must be removed. If the sign is not removed within fifteen days after such posting, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and destroy the sign, and for that purpose may enter upon private property without incurring liability for doing so.

(5) Nothing in this section may be construed to affect the provisions contained in RCW 47.42.102 requiring the payment of compensation upon the removal of any signs compensable under state law.

(6) Any sign erected or maintained on state highway right-of-way contrary to this chapter or rules adopted under it is a public nuisance, and the department is authorized to remove any such sign without notice. 47.42.120 Permits—Application—Fees—Renewal—Permissible acts—Revocation. Notwithstanding any other provisions of this chapter, no sign except a sign of type 1 or 2 or those type 3 signs that advertise activities conducted upon the properties where the signs are located, may be erected or maintained without a permit issued by the department. Application for a permit shall be made to the department on forms furnished by it. The forms shall contain a statement that the owner or lessee of the land in question has consented thereto. For type 8 signs (temporary agricultural directional signs), when the land in question is owned by the department, the consent statement must be reviewed and, if the sign does not create a safety concern, be approved within ten days of application by the department. The application shall be accompanied by a fee established by department rule to be deposited with the state treasurer to the credit of the motor

vehicle fund. Permits shall be for the remainder of the calendar year in which they are issued, and accompanying fees shall not be prorated for fractions of the year. Permits must be renewed annually through a certification process established by department rule. Advertising copy may be changed at any time without the payment of an additional fee. Assignment of permits in good standing is effective only upon receipt of written notice of assignment by the department. A permit may be revoked after hearing if the department finds that any statement made in the application or annual certification process was false or misleading, or that the sign covered is not in good general condition and in a reasonable state of repair, or is otherwise in violation of this chapter, if the false or misleading information has not been corrected and the sign has not been brought into compliance with this chapter or rules adopted under it within thirty days after written notification. Beginning July 1, 2014, the department shall establish and charge by rule an annual fee for type 4 and 5 sign permits. The fee must reasonably recover costs for outdoor advertising control program administration and enforcement and may not exceed one hundred fifty dollars. The department shall establish by rule exemptions from payment of the annual fee for type 4 and 5 signs that do not generate rental income. 47.42.130 Permit identification number. Every permit issued by the department shall be assigned a separate identification number, and each permittee shall fasten to each sign a weatherproof label, not larger than twenty-eight square inches, that shall be furnished by the department and on which shall be plainly visible the permit number. The permittee shall also place his or her name in a conspicuous position on the front or back of each sign. The failure of a sign to have such a label affixed to it is prima facie evidence that it is not in compliance with the provisions of this chapter. LIMITED ACCESS FACILITIES**

Sections

47.52.025 Additional powers—Controlling use of limited access facilities—High occupancy vehicle lanes—Definition.

47.52.025 Additional powers—Controlling use of limited access facilities—High occupancy vehicle lanes—Definition. (1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) motorcy-

cles, (d) private motor vehicles carrying not less than a specified number of passengers, or (e) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(5) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees. 47.56.403 High occupancy toll lane pilot project. (1)

The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

- (a) Freeway efficiency and safety;
- (b) Effectiveness for transit;
- (c) Person and vehicle movements by mode;
- (d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geo-

graphic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, 2015.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with *chapter 39.29 RCW. [2013 c 306 § 709; 2011 c 367 § 709; 2005 c 312 § 3.]

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes. (*Effective July 1, 2015.*)

(1) The refunding bonds authorized under RCW 47.56.770 must be general obligation bonds of the state of Washington and must be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued must be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds must be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last matu-

rity date of the refunding bonds may not be later than January 1, 2002.

(2) The refunding bonds must be signed by the governor and the state treasurer under the seal of the state, which signatures must be made manually or in printed facsimile. The bonds must be registered in the name of the owner in accordance with chapter 39.46 RCW. The refunding bonds must distinctly state that they are a general obligation of the state of Washington, must pledge the full faith and credit of the state, and must contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds must be fully negotiable instruments.

(3) The principal and interest on the refunding bonds must be first payable in the manner provided in this section from the proceeds of state excise taxes on fuels imposed by chapter 82.38 RCW.

(4) The principal of and interest on the refunding bonds must be paid first from the state excise taxes on motor vehicle and special fuels deposited in the ferry bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapter 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee must certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer must thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes must first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest must next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns must be repaid from the first money distributed to the state not required for redemption of the refunding bonds or interest thereon. The legislature covenants that it will at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds. 47.56.876 State route number 520 civil penalties account. A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and

HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. During the 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project (8BI1003). [2013 c 306 § 710; 2011 c 367 § 720; 2010 c 248 § 5.]

MARINE EMPLOYEES— PUBLIC EMPLOYMENT RELATIONS

Sections

47.64.170 Collective bargaining procedures.
47.64.270 Insurance and health care.

47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to imple-

ment the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(c) For the collective bargaining agreements negotiated for the 2013-2015 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement reached after October 1st after a determination of financial infeasibility by the director of the office of financial management if the request for funds is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. 47.68.250 Registration of aircraft. (*Effective January 1, 2014, until July 1, 2021.*)

47.68.250 Registration of aircraft. (*Effective January 1, 2014, until July 1, 2021.*) (1) Every aircraft must be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars is charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section are the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and must be collected by the secretary at the time of the collection by him or her of the excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she must issue to the owner of the aircraft a certificate of registration therefor. The secretary must pay to the state treasurer the registration fees collected under this section, which registration fees must be credited to the aeronautics account in the transportation fund.

(4) It is not necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary must issue certifi-

cates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section do not apply to:

(a) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(b) An aircraft registered under the laws of a foreign country;

(c) An aircraft that is owned by a nonresident if:

(i) The aircraft remains in this state or is based in this state, or both, for a period less than ninety days; or

(ii) The aircraft is a large private airplane as defined in RCW 82.08.215 and remains in this state for a period of ninety days or longer, but only when:

(A) The airplane is in this state exclusively for the purpose of repairs, alterations, or reconstruction, including any flight testing related to the repairs, alterations, or reconstruction, or for the purpose of continual storage of not less than one full calendar year;

(B) An employee of the facility providing these services is on board the airplane during any flight testing; and

(C) Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

(d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(f) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW; and

(g) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary must be notified within thirty days of any change in ownership of a registered aircraft. The notification must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the

intent to operate, must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hanger space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. The airport must work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division. Intent—Findings—2013 2nd sp.s. c 13: "(1) The legislature intends to promote the economic development of our state's aerospace cluster and increase the tax revenues collected by the state through promoting a competitive marketplace for storing and modifying unfurnished, noncommercial aircraft. The legislature finds that Washington is currently losing these types of jobs to other states, resulting in the loss of high-wage jobs and new tax revenue. Further, the legislature finds that the current tax statutes are an impediment to encouraging the development of aerospace clusters in our state. Therefore, the legislature intends to modify our state's tax policy to encourage aerospace cluster development within the state and increase tax revenues.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must estimate the net impact on state tax revenues by comparing the decrease in state revenues resulting from the changes made in part XI of this act to the additional tax revenues generated from the direct, indirect, and induced economic impacts from those changes. The committee must also, to the extent practicable, estimate job growth in the aerospace cluster resulting from the changes made in part XI of this act. The committee must conduct its tax preference review of part XI of this act during calendar year 2016 and report its findings and recommendations to the legislature by January 1, 2017." EXAMINATIONS

48.03.010 Examination of insurers, bureaus.
48.03.060 Examination expense.

48.03.010 Examination of insurers, bureaus. (1) The commissioner shall examine the affairs, transactions, accounts, records, documents, and assets of each authorized insurer as often as he or she deems advisable. The commissioner shall so examine each insurer holding a certificate of authority or certificate of registration not less frequently than every five years. Examination of an alien insurer may be limited to its insurance transactions in the United States. In scheduling and determining the nature, scope, and frequency of an examination, the commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiner's handbook adopted by the National Association of Insurance Commissioners and in effect when the commissioner exercises discretion under this section.

(2) As often as the commissioner deems advisable and at least once in five years, the commissioner shall fully examine each rating organization and examining bureau licensed in this state. As often as he or she deems it advisable the commissioner may examine each advisory organization, any statistical reporting agent designated by the commissioner under RCW 48.29.017, and each joint underwriting or joint reinsurance group, association, or organization.

(3) The commissioner shall in like manner examine each insurer or rating organization applying for authority to do business in this state.

(4) In lieu of making an examination under this chapter, the commissioner may accept a full report of the last recent examination of a nondomestic rating or advisory organization, or joint underwriting or joint reinsurance group, association or organization, as prepared by the insurance supervisory official of the state of domicile or of entry. In lieu of an examination under this chapter of a foreign or alien insurer licensed in this state, the commissioner may accept an exam-

ination report on the company as prepared by the insurance department for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, an examination report may be accepted only if: (a) That insurance department was at the time of the examination accredited under the National Association of Insurance Commissioners' financial regulation standards and accreditation program; or (b) the examination was performed either under the supervision of an accredited insurance department or with the participation of one or more examiners employed by an accredited state insurance department who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

(5) The commissioner may elect to accept and rely on an audit report made by an independent certified public accountant for the insurer in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(6) For the purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any managing general agent or any other person, or the business of any managing general agent or other person, insofar as that examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company. 48.03.060 Examination expense. (1) Examinations within this state of any insurer or self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees must, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, must be made by the commissioner or by examiners designated by the commissioner and must be at the expense of the person examined; but a domestic insurer must not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which must be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable must reimburse the state upon presentation of an itemized statement for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domi-

ciled outside the state of Washington must be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the state director of personnel, and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer must pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

The commissioner or the commissioner's examiners must not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(6) The expense of the examination of any statistical reporting agent designated by the commissioner under RCW 48.29.017 must be borne by and apportioned among all authorized title insurance companies and licensed title insurance agents in this state. - 48.14.020 Premium taxes.
48.14.0201 Premiums and prepayments tax—Health care services—
Exemptions—State preemption.

48.14.020 Premium taxes. (1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

[2013 RCW Supp—page 610]

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(b) Beginning January 1, 2014, moneys collected for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums. 48.14.0201 Premiums and prepayments tax—Health care services—Exemptions—State preemption. (1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

- (a) On or before June 15, forty-five percent;
- (b) On or before September 15, twenty-five percent;
- (c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5)(a) Except as provided in (b) of this subsection, moneys collected under this section are deposited in the general fund.

(b) Beginning January 1, 2014, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035; or

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.

(c) Amounts received by any health care service contractor as defined in chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make prepayments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms. Chapter 48.18 RCW THE INSURANCE CONTRACT

Sections

- 48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition.
- 48.18.278 Terms for cancellation, nonrenewal, or modification of portable electronics policy—Application of RCW 48.18.290 and 48.18.2901 to portable electronics insurance.

48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms.

(3) All commercial property casualty forms must be filed with the commissioner within thirty days after an insurer issues any policy using them. This subsection does not apply to:

(a) Types or classes of forms that the commissioner exempts from filing by rule; and

(b) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(4) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review an additional fifteen days by giving notice

to the insurer prior to the expiration of the original thirty-day period.

(5) Upon a final determination of a disapproval of a policy form under subsection (4) of this section, the insurer must amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(6) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070, but does not mean medical malpractice insurance or portable electronics insurance as defined in RCW 48.120.005.

(7) Except as provided in subsection (5) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(8) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. An insurer may deviate from forms filed on its behalf by an organization only if the insurer files the forms with the commissioner in accordance with this chapter.

(9) In the event a hearing is held on the actions of the commissioner under subsection (4) of this section, the burden of proof shall be on the commissioner. [2013 c 152 § 1; 2006 c 8 § 215; 2005 c 223 § 9; 2003 c 248 § 4; 1997 c 428 § 1.]

Findings—Intent—Part headings and subheadings not law—Severability—2006 c 8: See notes following RCW 5.64.010.

48.18.278 Terms for cancellation, nonrenewal, or modification of portable electronics policy—Application of RCW 48.18.290 and 48.18.2901 to portable electronics insurance. (1) The cancellation provisions in RCW 48.18.290 and the nonrenewal provisions in RCW 48.18.2901 apply to portable electronics insurance policies issued under chapter 48.120 RCW, unless inconsistent with this section in which case this section controls.

(2) An insurer may cancel, nonrenew, modify, or otherwise change the terms and conditions of a policy of portable electronics only:

(a) Upon providing the policyholder and enrolled customers with at least thirty days' notice; or

(b) As provided in subsections (5) through (7) of this section.

(3) An insurer may not increase premiums or deductibles or otherwise restrict benefits more than once in any six-month period.

(4) If an insurer changes the terms and conditions, then the insurer must provide:

(a) The vendor policyholder with a revised policy endorsement; and

(b) Each enrolled customer with:

(i) A revised certificate or endorsement and a summary of material changes; or

(ii) If the change is limited to a change in premium, a revised certificate, endorsement, updated brochure, or other evidence indicating a change in premium.

(5) An insurer may terminate an enrolled customer's enrollment under a portable electronics insurance policy upon fifteen days' notice for discovery of fraud or material

misrepresentation in obtaining coverage or in the presentation of a claim.

(6) An insurer may terminate an enrolled customer's enrollment under a portable electronics insurance policy upon ten days' notice for nonpayment of premium.

(7) An insurer may immediately terminate an enrolled customer's enrollment under a portable electronics insurance policy:

(a) Without notice, if the enrolled customer ceases to have an active service with the vendor of portable electronics; or

(b) Without prior notice if an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the enrolled customer within thirty calendar days after exhaustion of the limit. However, if notice is not timely sent, coverage continues notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer.

(8) If a policy of portable electronics insurance is being canceled or terminated by the insurer, the notice must include the insurer's actual reason for cancellation or termination.

(9) When a portable electronics insurance policy is terminated by a policyholder, the insurer must mail or deliver written notice to each enrolled customer advising the enrolled customer of the termination of the policy and the effective date of termination. The written notice must be mailed or delivered to the enrolled customer at least thirty days prior to the termination. The written notice must include the actual reason for the termination. However, if the policyholder is a vendor licensed as a specialty producer pursuant to RCW 48.120.010, the notice required by this subsection must be mailed or delivered by the vendor.

(10) Any notice or correspondence with respect to a policy of portable electronics insurance required under this section or otherwise required by law must be in writing. Notice or correspondence may be sent either by mail or by electronic means. If the notice or correspondence is mailed, it must be sent to the vendor of portable electronics at the vendor's mailing address specified for that purpose and to its affected enrolled customers' last known mailing addresses on file with the insurer.

The insurer or vendor of portable electronics must maintain proof of mailing in a form authorized or accepted by the United States postal service or other commercial mail delivery service. If a notice or correspondence is sent by electronic means, it must be sent to the vendor of portable electronics at the vendor's electronic mail address specified for that purpose and to its affected enrolled customers' last known electronic mail address as provided by each enrolled customer to the insurer or vendor of portable electronics, as the case may be.

For purposes of this subsection, an enrolled customer's provision of an electronic mail address to the insurer, supervising person, or vendor of portable electronics means that the enrolled customer consents to receive notices and correspondence by electronic mail as long as a disclosure to that effect is provided to the consumer at the time the consumer provides an electronic mail address. The insurer or vendor of portable electronics, as the case may be, must maintain proof that the notice or correspondence was sent.

(11) Notice or correspondence required by this section or otherwise required by law may be sent by the supervising person appointed by the insurer on behalf of an insurer or a vendor. [2013 c 152 § 8.]

48.19.040 Filing required—Contents—Definition.

(1) Every insurer or rating organization shall, before using, file with the commissioner every classifications manual, manual of rules and rates, rating plan, rating schedule, minimum rate, class rate, and rating rule, and every modification of any of the foregoing which it proposes. The insurer need not so file any rate on individually rated risks as described in subdivision (1) of RCW 48.19.030; except that any such specific rate made by a rating organization shall be filed.

(2) Every such filing shall indicate the type and extent of the coverage contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. An insurer or rating organization shall offer in support of any filing:

(a) The experience or judgment of the insurer or rating organization making the filing;

(b) An exhibit detailing the major elements of operating expense for the types of insurance affected by the filing;

(c) An explanation of how investment income has been taken into account in the proposed rates; and

(d) Any other information which the insurer or rating organization deems relevant.

(3) If an insurer has insufficient loss experience to support its proposed rates, it may submit:

(a) Loss experience for similar exposures of other insurers or of a rating organization; or

(b) A complete and logical explanation of how it has developed its proposed rates, including the insurer's analysis of any relevant information and showing why the proposed

rates should be considered to meet the requirements of RCW 48.19.020.

(4) Every such filing shall state its proposed effective date.

(5)(a) A filing made pursuant to this chapter shall be exempt from the provisions of RCW 48.02.120(3). However, the filing and all supporting information accompanying it shall be open to public inspection only after the filing becomes effective, except as provided in (b) of this subsection.

(b) For the purpose of this section, "usage-based insurance" means private passenger automobile coverage that uses data gathered from any recording device as defined in RCW 46.35.010, or a system, or business method that records and preserves data arising from the actual usage of a motor vehicle to determine rates or premiums. Information in a filing of usage-based insurance about the usage-based component of the rate is confidential and must be withheld from public inspection.

(6) Where a filing is required no insurer shall make or issue an insurance contract or policy except in accordance with its filing then in effect, except as is provided by RCW 48.19.090. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the commissioner's disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070, but does not

mean medical malpractice insurance or portable electronics insurance as defined in RCW 48.120.005.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

48.29.017 Statistical reporting agent—Duties—Required reports—Costs—Rules. (1) The commissioner must designate one statistical reporting agent to assist him or her in gathering information on title insurance policy issuance, business income, and expenses and making compilations thereof. The costs and expenses of the statistical reporting agent must be borne by all the authorized title insurance companies and title insurance agents licensed to conduct the business of title insurance in this state. The commissioner may adopt rules setting forth how the costs and expenses of the statistical reporting agent are to be paid and apportioned among the authorized title insurers and licensed title insurance agents.

(2) Upon designation of a statistical reporting agent by the commissioner under subsection (1) of this section all authorized title insurance companies and licensed title insurance agents must annually, by May 31st, file a report with the statistical reporting agent of their policy issuance, business income, expenses, and loss experience in this state. The report must be filed with the statistical reporting agent in a manner and form prescribed by the commissioner by rule, which must be consistent with the manner and form adopted by the national association of insurance commissioners.

(3) The statistical reporting agent must review the information filed with it for completeness, accuracy, and quality within one hundred twenty days of its receipt. All title insurance companies and title insurance agents must cooperate with the statistical reporting agent to verify the completeness, accuracy, and quality of the data that they submitted.

(4) Within thirty days after completing its review of the information for quality and accuracy, the statistical reporting agent must file the information for each title insurance company and title insurance agent, individually and in the aggregate, with the commissioner with a copy of the aggregate data from such statistical reporting agent provided to each title insurer and title insurance agent.

(5) The commissioner may adopt rules to implement and administer this section. [2013 c 65 § 1.]

48.29.018 Information filed under RCW 48.29.017—Confidentiality. (1) Information filed with the commissioner under RCW 48.29.017 must be kept confidential and is not subject to public disclosure under chapter 42.56 RCW, unless the commissioner finds, after notice and hearing with the affected parties, it is in the public interest to disclose the information.

(2) The commissioner may share the information in subsection (1) of this section with the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the information.

(3) This section does not prohibit the commissioner from sharing or publishing the information in an aggregate form. [2013 c 65 § 2.]

(a) A decrease in payment or compensation resulting from a change in a fee schedule published by the payor upon which the payment or compensation is based and the date of applicability is clearly identified in the contract, compensation addendum, or fee schedule notice;

(b) A decrease in payment or compensation that was anticipated under the terms of the contract, if the amount and date of applicability of the decrease is clearly identified in the contract; or

(c) Changes unrelated to compensation so long as reasonable notice of not less than sixty days is provided.

(3) "Payor" or "third-party payor" means carriers licensed under chapters 48.20, 48.21, 48.44, and 48.46 RCW, and managed health care systems as defined in RCW 74.09.522. [2013 c 293 § 2.]

48.39.020	Payor may require provider to extend payor's medicaid rates—Limitations.

48.39.003 Findings. The legislature finds that Washington state is a provider friendly state within which to practice medicine. As part of health care reform, Washington state endeavors to establish and operate a state-based health benefits exchange wherein insurance products will be offered for sale and add potentially three hundred thousand patients to commercial insurance, and to expand access to medicaid for potentially three hundred thousand new enrollees. Such a successful and new insurance market in Washington state will require the willing participation of all categories of health care providers. The legislature further finds that principles of fair contracting apply to all contracts between health care providers and health insurance carriers offering insurance within Washington state and that fair dealings and transparency in expectations should be present in interactions between all third-party payors and health care providers. [2013 c 293 § 1.]

48.39.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Health care provider" or "provider" has the same meaning as in RCW 48.43.005 and, for the purposes of this chapter, includes facilities licensed under chapter 70.41 RCW.

(2) "Material amendment" means an amendment to a contract between a payor and health care provider that would result in requiring a health care provider to participate in a health plan, product, or line of business with a lower fee schedule in order to continue to participate in a health plan, product, or line of business with a higher fee schedule. A material amendment does not include any of the following:

48.39.010 Notice of material amendments to contract—Failure to comply. (1) A third-party payor shall provide no less than sixty days' notice to the health care provider of any proposed material amendments to a health care provider's contract with the third-party payor.

(2) Any material amendment to a contract must be clearly defined in a notice to the provider from the third-party payor as being a material change to the contract before the provider's notice period begins. The notice must also inform the providers that they may choose to reject the terms of the proposed material amendment through written or electronic means at any time during the notice period and that such rejection may not affect the terms of the health care provider's existing contract with the third-party payor.

(3) A health care provider's rejection of the material amendment does not affect the terms of the health care provider's existing contract with the third-party payor.

(4) A failure to comply with the terms of subsections (1), (2), and (3) of this section shall void the effectiveness of the material amendment. [2013 c 293 § 3.]

48.39.020 Payor may require provider to extend payor's medicaid rates—Limitations. A payor may require a health care provider to extend the payor's medicaid rates, or some percentage above the payor's medicaid rates, that govern a health benefit program administered by a public purchaser to a commercial plan or line of business offered by a payor that is not administered by a public purchaser only if the health care provider has expressly agreed in writing to the extension. For the purposes of this section, "administered by a public purchaser" does not include commercial coverage offered through the Washington health benefit exchange. Nothing in this section prohibits a payor from utilizing medicaid rates, or some percentage above medicaid rates, as a base when negotiating payment rates with a health care provider. [2013 c 293 § 4.]

48.41.060 Board powers and duties. (*Effective January 1, 2014.*) (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(b)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(c) Issue policies of health coverage in accordance with the requirements of this chapter;

(d) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(e) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(f) Set a reasonable fee to be paid to an insurance producer licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(g) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW. [2013 c 279 § 2; 2011 c 314 § 13; 2009 c 555 § 2; 2008 c 217 § 47; 2005 c 7 § 2; 2004 c 260 § 26; 2000 c 79 § 9; 1997 c 337 § 5; 1997 c 231 § 211; 1989 c 121 § 3; 1987 c 431 § 6.]

The affordable care act also extends opportunities for individuals to enroll in comprehensive coverage in a health benefit exchange beginning January 1, 2014. The legislature finds that some individuals may still be barred from enrolling in the new comprehensive coverage options and it is the intent of the legislature to continue some limited access to the Washington state health insurance pool for a transitional period, and to provide for modification to the pool to reflect changes in federal law and insurance availability." 48.41.090 Financial participation in pool—Computation, deficit assessments. (1) Following the close of each accounting year, the pool administrator shall determine the total net cost of pool operation which shall include:

(a) Net premium (premiums less administrative expense allowances), the pool expenses of administration, and

incurred losses for the year, taking into account investment income and other appropriate gains and losses; and

(b) The amount of pool contributions specified in the state omnibus appropriations act for deposit into the health benefit exchange account under RCW 43.71.060, to assist with the transition of enrollees from the pool into the health benefit exchange created by chapter 43.71 RCW.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly clients or medicaid clients with disabilities under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool, including pool contributions for deposit into the health benefit exchange account, shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members. The monthly per member assessment may not exceed the 2013 assessment level. If the maximum assessment is insufficient to cover a pool deficit the assessment shall be used first to pay all incurred losses and pool administrative expenses, with the remainder being available for deposit in the health benefit exchange account.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) Subject to the limitation imposed in subsection (2)(c) of this section, the pool administrator shall transfer the assessments for pool contributions for the operation of the health benefit exchange to the treasurer for deposit into the health benefit exchange account with the quarterly assess-

ments for 2014 as specified in the state omnibus appropriations act. If assessments exceed actual losses and administrative expenses of the pool and pool contributions for deposit into the health benefit exchange account, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims. [2013 2nd sp.s. c 6 § 7; 2005 c 405 § 2; 2000 c 79 § 11; 1989 c 121 § 6; 1987 c 431 § 9.]

48.41.100 Eligibility for coverage. (Effective January 1, 2014.) (1)(a) The following persons who are residents of this state are eligible for pool coverage:

(i) Any resident of the state not eligible for medicare coverage or medicaid coverage, and residing in a county where an individual health plan other than a catastrophic health plan as defined in RCW 48.43.005 is not offered to the resident during defined open enrollment or special enrollment periods at the time of application to the pool, whether through the health benefit exchange operated pursuant to chapter 43.71 RCW or in the private insurance market, and who makes application to the pool for coverage prior to December 31, 2017;

(ii) Any resident of the state not eligible for medicare coverage, enrolled in the pool prior to December 31, 2013, shall remain eligible for pool coverage except as provided in subsections (2) and (3) of this section through December 31, 2017;

(iii) Any person becoming eligible for medicare before August 1, 2009, who provides evidence of (A) a rejection for medical reasons, (B) a requirement of restrictive riders, (C) an up-rated premium, (D) a preexisting conditions limitation, or (E) lack of access to or for a comprehensive medicare supplemental insurance policy under chapter 48.66 RCW, the effect of any of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application; and

(iv) Any person becoming eligible for medicare on or after August 1, 2009, who does not have access to a reasonable choice of comprehensive medicare part C plans, as defined in (b) of this subsection, and who provides evidence of (A) a rejection for medical reasons, (B) a requirement of restrictive riders, (C) an up-rated premium, (D) a preexisting conditions limitation, or (E) lack of access to or for a comprehensive medicare supplemental insurance policy under chapter 48.66 RCW, the effect of any of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(b) For purposes of (a)(i) of this subsection, by December 1, 2013, the board shall develop and implement a process to determine an applicant's eligibility based on the criteria specified in (a)(i) of this subsection.

(c) For purposes of (a)(iv) of this subsection (1), a person does not have access to a reasonable choice of plans unless the person has a choice of health maintenance organization or preferred provider organization medicare part C plans offered by at least three different carriers that have had provider networks in the person's county of residence for at least five

years. The plan options must include coverage at least as comprehensive as a plan F medicare supplement plan combined with medicare parts A and B. The plan options must also provide access to adequate and stable provider networks that make up-to-date provider directories easily accessible on the carrier web site, and will provide them in hard copy, if requested. In addition, if no health maintenance organization or preferred provider organization plan includes the health care provider with whom the person has an established care relationship and from whom he or she has received treatment within the past twelve months, the person does not have reasonable access.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than non-payment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Inmates of public institutions and those persons who become eligible for medical assistance after June 30, 2008, as defined in RCW 74.09.010. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(a)(i) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(a)(i) of this section; and

(b) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; and (iii) describe the enrollment process for the available options outside of the pool. 48.41.160 Pool policy requirements—Continued coverage—Rate changes—Continuation—Statement of intent to discontinue pool coverage. (1) On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.

(2) A pool policy shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4), (5), (7), and (8) of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or non-renewing a policy for:

(a) Nonpayment of premium;

(b) Violation of published policies of the pool;

(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option

of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an evaluation of the impact of replacing the plan upon:

- (i) The cost and quality of care to pool enrollees;
- (ii) Pool financing and enrollment;
- (iii) The board's ability to offer comprehensive and other plans to its enrollees;
- (iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

(6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

(7) All pool policies issued on or after January 1, 2014, must reflect the new eligibility requirements of RCW 48.41.100 and contain a statement of the intent to discontinue the pool coverage on December 31, 2017, under pool non-medicare plans.

(8) Pool policies issued prior to January 1, 2014, shall be modified effective January 1, 2013, consistent with subsection (3)(g) of this section, and contain a statement of the intent to discontinue pool coverage on December 31, 2017, under pool non-medicare plans.

(9) The pool shall discontinue all non-medicare pool plans effective December 31, 2017. [2013 c 279 § 4; 2007 c 259 § 27; 1987 c 431 § 16.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

48.41.240 Review of populations needing coverage through pool—Analysis and recommendations—Report.

(1) The board shall review populations that may need ongoing access to coverage through the pool, with specific attention to those persons who may be excluded from or may receive inadequate coverage beginning January 1, 2014, such as persons with end-stage renal disease or HIV/AIDS, or persons not eligible for coverage in the exchange.

(2) If the review under subsection (1) of this section indicates a continued need for coverage through the pool after December 31, 2013, the board shall submit recommendations regarding any modifications to pool eligibility requirements for new and ongoing enrollment after December 31, 2013. The recommendations must address any needed modifications to the standard health questionnaire or other eligibility screening tool that could be used in a manner consistent with federal law to determine eligibility for enrollment in the pool.

(3) The board shall complete an analysis of current pool assessment requirements in relation to assessments that will

fund the reinsurance program and recommend changes to pool assessments or any credits against assessments that may be considered for the reinsurance program. The analysis shall recommend whether the categories of members paying assessments should be adjusted to make the assessment fair and equitable among all payers.

(4) The board shall report its recommendations to the governor and the legislature by December 1, 2012.

(5) The board shall revisit the study of eligibility completed in 2012 with another review of the populations that may need ongoing access to coverage through the pool, to be submitted to the governor and legislature by November 1, 2015. The eligibility study shall include the non-medicare populations scheduled to lose coverage and medicare populations, and consider whether the enrollees have access to comprehensive coverage alternatives that include appropriate pharmacy coverage. The study shall include recommendations to address any barriers in eligibility that remain in accessing other coverage such as medicare supplemental coverage or comprehensive pharmacy coverage, as well as suggestions for financing changes and recommendations on a future expiration of the pool. 48.43.715 Individual and small group market—Selection of benchmark plan—Minimum requirements—Criteria—List of state-mandated health benefits.

(1) Consistent with federal law, the commissioner, in consultation with the board and the health care authority, shall, by rule, select the largest small group plan in the state by enrollment as the benchmark plan for the individual and small group market for purposes of establishing the essential health benefits in Washington state under P.L. 111-148 of 2010, as amended.

(2) If the essential health benefits benchmark plan for the individual and small group market does not include all of the ten benefit categories specified by section 1302 of P.L. 111-148, as amended, the commissioner, in consultation with the board and the health care authority, shall, by rule, supplement the benchmark plan benefits as needed to meet the minimum requirements of section 1302.

(3) A health plan required to offer the essential health benefits, other than a health plan offered through the federal basic health program or medicaid, under P.L. 111-148 of 2010, as amended, may not be offered in the state unless the commissioner finds that it is substantially equal to the bench-

mark plan. When making this determination, the commissioner:

(a) Must ensure that the plan covers the ten essential health benefits categories specified in section 1302 of P.L. 111-148 of 2010, as amended;

(b) May consider whether the health plan has a benefit design that would create a risk of biased selection based on health status and whether the health plan contains meaningful scope and level of benefits in each of the ten essential health benefit categories specified by section 1302 of P.L. 111-148 of 2010, as amended;

(c) Notwithstanding the foregoing, for benefit years beginning January 1, 2015, and only to the extent permitted by federal law and guidance, must establish by rule the review and approval requirements and procedures for pediatric oral services when offered in stand-alone dental plans in the nongrandfathered individual and small group markets outside of the exchange; and

(d) Unless prohibited by federal law and guidance, must allow health carriers to also offer pediatric oral services within the health benefit plan in the nongrandfathered individual and small group markets outside of the exchange.

(4) Beginning December 15, 2012, and every year thereafter, the commissioner shall submit to the legislature a list of state-mandated health benefits, the enforcement of which will result in federally imposed costs to the state related to the plans sold through the exchange because the benefits are not included in the essential health benefits designated under federal law. The list must include the anticipated costs to the state of each state-mandated health benefit on the list and any statutory changes needed if funds are not appropriated to defray the state costs for the listed mandate. The commissioner may enforce a mandate on the list for the entire market only if funds are appropriated in an omnibus appropriations act specifically to pay the state portion of the identified costs. [2013 c 325 § 1; 2012 c 87 § 13.]

Spiritual care services—2012 c 87: See RCW 43.71.901.

48.43.730 Carrier must file provider contracts and compensation agreements with commissioner—Approval or disapproval—Confidentiality—Hearings—Rules—Definitions. (Expires July 1, 2017.) (1) For the purposes of this section:

(a) "Carrier" means a:

(i) Health carrier as defined in RCW 48.43.005; and

(ii) Limited health care service contractor that offers limited health care service as defined in RCW 48.44.035.

(b) "Provider" means:

(i) A health care provider as defined in RCW 48.43.005;

(ii) A participating provider as defined in RCW 48.44.010;

(iii) A health care facility, as defined in RCW 48.43.005; and

(iv) Intermediaries that have agreed in writing with a carrier to provide access to providers under this subsection (1)(b) who render covered services to enrollees of a carrier.

(c) "Provider compensation agreement" means any written agreement that includes specific information about payment methodology, payment rates, and other terms that determine the remuneration a carrier will pay to a provider.

(d) "Provider contract" means a written contract between a carrier and a provider for any health care services rendered to an enrollee.

(2) A carrier must file all provider contracts and provider compensation agreements with the commissioner thirty calendar days before use. When a carrier and provider negotiate a provider contract or provider compensation agreement that deviates from a filed agreement, the carrier must also file that specific contract or agreement with the commissioner thirty calendar days before use.

(a) Any provider contract and related provider compensation agreements not affirmatively disapproved by the commissioner are deemed approved, except the commissioner may extend the approval date an additional fifteen calendar days upon giving notice before the expiration of the initial thirty-day period.

(b) Changes to previously filed and approved provider compensation agreements modifying the compensation amount or related terms that help determine the compensation amount must be filed and are deemed approved upon filing if no other changes are made to the previously approved provider contract or compensation agreement.

(3) The commissioner may not base a disapproval of a provider compensation agreement on the amount of compensation or other financial arrangements between the carrier and the provider, unless that compensation amount causes the underlying health benefit plan to otherwise be in violation of state or federal law. This subsection does not grant the commissioner the authority to regulate provider reimbursement amounts.

(4) The commissioner may withdraw approval of a provider contract or provider compensation agreement at any time for cause.

(5) Provider compensation agreements are confidential and not subject to public inspection under RCW 48.02.120(2), or public disclosure under chapter 42.56 RCW, if filed in accordance with the procedures for submitting confidential filings through the system for electronic rate and form filings and the general filing instructions as set forth by the commissioner. In the event the referenced filing fails to comply with the filing instructions setting forth the process to withhold the compensation agreement from public inspection, and the carrier indicates that the compensation agreement is to be withheld from public inspection, the commissioner shall reject the filing and notify the carrier through the system for electronic rate and form filings to amend its filing to comply with the confidentiality filing instructions.

(6) In the event a provider contract or provider compensation agreement is disapproved or withdrawn from use by the commissioner, the carrier has the right to demand and receive a hearing under chapters 48.04 and 34.05 RCW.

(7) The commissioner may adopt rules to implement this section. [2013 c 277 § 1.]

Expiration date—2013 c 277: "This act expires July 1, 2017." [2013 c 277 § 6.]

(2) The commissioner must adopt rules establishing standards protecting patient privacy rights, rights to receive confidential health care services, and standards for an issuer's timely review of a claim denial upon request of a covered person.

(3) The commissioner must adopt by rule prompt payment requirements for long-term care insurance. The rules must include a definition of a "claim" and a definition of "clean claim." In adopting the rules the commissioner must consider the prompt payment requirements in long-term care insurance model acts developed by the national association of insurance commissioners.

(3) A vendor billing and collecting premiums from customers for portable electronics insurance coverage is not required to maintain these funds in a segregated account if the vendor:

(a) Is authorized by the insurer to hold the funds in an alternative manner; and

(b) Remits the funds to the supervising person within sixty days of receipt.

(4) All funds received by a vendor from an enrolled customer for the sale of portable electronics insurance are considered funds held in trust by the vendor in a fiduciary capacity for the benefit of the insurer.

(ii) States that the enrollment by the customer in a portable electronics insurance program is not required in order to purchase or lease portable electronics or services;

(iii) Summarizes the material terms of the insurance coverage, including the identity of the insurer, the identity of the supervising person, the amount of any applicable deductible and how it is to be paid, benefits of the coverage, and key terms and conditions of coverage, such as whether portable electronics may be replaced with a similar make and model or reconditioned make and model or repaired with nonoriginal manufacturer parts or equipment;

(iv) Summarizes the process for filing a claim, including a description of how to return portable electronics and the maximum fee applicable in the event the customer fails to comply with any equipment return requirements; and

(v) States that an enrolled customer may cancel enrollment for coverage under a portable electronics insurance policy at any time and the person paying the premium will receive a refund or credit of any applicable unearned premium;

49.46.130 Minimum rate of compensation for employment in excess of forty hour work week—Exceptions.

(1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a work week longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) Any individual employed (i) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and furbearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed

in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption;

(h) Any industry in which federal law provides for an overtime payment based on a work week other than forty hours. However, the provisions of the federal law regarding overtime payment based on a work week other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law 93-259));

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a work week in excess of the applicable work week specified in subsection (1) of this section if:

(a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and

(b) More than half of the employee's compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or services without regard to whether the computed commissions exceed the draw or guarantee.

(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational vehicle trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:

(a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or

(b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

(5) No public agency shall be deemed to have violated subsection (1) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if: (a) In a work period of twenty-eight consecutive days the employee receives for tours of duty which in the aggregate exceed two hundred forty hours; or (b) in the case of such an employee to whom a work period of at least seven but less than twenty-eight days applies, in his or her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number of consecutive days in his or her work period as two hundred forty hours bears to twenty-eight days; compensation at a rate not less than one and one-half times the regular rate at which he or she is employed. Findings—Intent—1998 c 239: "The legislature finds that employees in the airline industry have a long-standing practice and tradition of trading shifts voluntarily among themselves. The legislature also finds that federal law exempts airline employees from the provisions of federal overtime regulations. This act is intended to specify that airline industry employers are not required to pay overtime compensation to an employee agreeing to work additional hours for a coemployee." [1998 c 239 § 1.]

Intent—Collective bargaining agreements—1998 c 239: "This act does not alter the terms, conditions, or practices contained in any collective bargaining agreement." [1998 c 239 § 3.]

Intent—Application—1995 c 5: "This act is intended to clarify the original intent of RCW 49.46.010(5)(c). This act applies to all administrative and judicial actions commenced on or after February 1, 1995, and pending on March 30, 1995, and such actions commenced on or after March 30, 1995." 50.12.070 Employing unit records, reports, and registration—Unified business identifier account number records—Penalty for failure to keep records. (*Effective December 29, 2013.*) (1)(a) Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title.

(b) An employer who contracts with another person or entity for work subject to chapter 18.27 or 19.28 RCW shall obtain and preserve a record of the unified business identifier account number for and compensation paid to the person or entity performing the work. In addition to the penalty in subsection (3) of this section, failure to obtain or maintain the record is subject to RCW 39.06.010.

(2)(a) Each employer shall register with the department and obtain an employment security account number. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the full names and social security numbers of all such workers, and the total hours worked by each worker and such other information as the commissioner may by regulation prescribe.

(b) If the employing unit fails or has failed to report the number of hours in a reporting period for which a worker worked, such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such hours worked, the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, That although the computation so made will not be subject to appeal by the employing unit, monetary entitlement may be redetermined upon request if the department is provided with credible evidence of the actual hours worked. Benefits paid using computed hours are not considered an overpayment and are not subject to collections when the correction of computed hours results in an invalid or reduced claim; however:

(i) A contribution paying employer who fails to report the number of hours worked will have its experience rating account charged for all benefits paid that are based on hours computed under this subsection; and

(ii) An employer who reimburses the trust fund for benefits paid to workers and fails to report the number of hours

worked shall reimburse the trust fund for all benefits paid that are based on hours computed under this subsection.

(3) Any employer who fails to keep and preserve records required by this section shall be subject to a penalty determined by the commissioner but not to exceed two hundred fifty dollars or two hundred percent of the quarterly tax for each offense, whichever is greater.
