NEW SECTION. Sec. 13. ISSUANCE OF LICENSE. Upon receipt and approval of an application and bond (if required), the department shall issue to the applicant a license to act as a special fuel dealer, a special fuel supplier, or a special fuel user: PROVIDED, That the department may refuse to issue a special fuel dealer's license, special fuel supplier's license, or a special fuel user's license to any person (1) who formerly held either type of license which, prior to the time of filing for application, has been revoked for cause; or (2) who is a subterfuge for the real party in interest whose license prior to the time of filing for application, has been revoked for cause; or (3) upon other sufficient cause being shown. Before such refusal, the department shall grant the applicant a hearing and shall grant him at least five days written notice of the time and place thereof.

The department shall determine from the information shown in the application or other investigation the kind and class of license to be issued.

All licenses shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. License holders shall reproduce the license by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which special fuel is sold, delivered or used and in each motor vehicle used by the license holder to transport special fuel purchased by him for resale, delivery or use. Every special

fuel user and consumer of special fuel used to propel motor vehicles upon the highways of this state shall reproduce the license and carry a photocopy thereof with each motor vehicle being operated upon the highways of this state. In the event a special fuel user license is not displayed, whether through loss, theft, or for any other reason, the operator of such vehicle may be required to purchase a single trip special fuel tax permit pursuant to section 11 of this act.

A special fuel dealer or a special fuel supplier may use special fuel in motor vehicles owned or operated by them without securing a license as a special fuel user but they shall be subject to all other conditions, requirements and liabilities imposed herein upon a special fuel user.

The department shall furnish to each licensed special fuel supplier a list showing the name and address of each bonded special fuel dealer as of the beginning of each fiscal year, and shall thereafter during each year supplement such list monthly.

Each special fuel dealer's license, special fuel supplier's license, and special fuel user's license shall be valid until suspended or revoked for cause or otherwise canceled.

No special fuel dealer's license, special fuel supplier's license, or special fuel user's license shall be transferable.

NEW SECTION. Sec. 14. REVOCATION, CANCELLATION, AND SURRENDER OF LICENSE AND BOND. The department may revoke the license of any special fuel dealer, special fuel supplier, or special fuel user for reasonable cause. Before revoking such license the department shall notify the licensee to show cause within ten days of the date of the notice why the license should not be revoked: PROVIDED, That at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license.

The department shall cancel any license to act as a special fuel dealer, a special fuel supplier, or a special fuel user immediately upon surrender thereof by the holder.

It shall be presumed that a special fuel dealer's bond is in effect until such time as the department notifies all licensed special fuel suppliers to the contrary by mailing to their current address of record.

Any surety on a bond furnished by a special fuel dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of forty-five days from the date which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the forty-five

day period. The department shall promptly, upon receiving any such request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user shall, on or before the expiration of the forty-five day period, file a new bond, in accordance with the requirements of this section, or make a deposit in lieu thereof as provided in subsection (12) of section 3 of this act, the department forthwith shall cancel the special fuel dealer's or special fuel user's license.

The department may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in subsection (12) of section 3 of this act if, in its opinion, the security of the surety bond therefor filed by such special fuel dealer or special fuel user, or the market value of the properties deposited as security by such special fuel dealer or special fuel user, shall become impaired or inadequate. Upon failure of the special fuel dealer or special fuel user to give such new or additional surety bond or to deposit additional securities within forty-five days after being requested to do so by the department, or after he shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the department, the department forthwith shall cancel his license.

NEW SECTION. Sec. 15. SPECIAL FUEL DEALERS', SPECIAL FUEL SUPPLIERS', AND SPECIAL FUEL USERS' RECORDS. (1) Every special fuel dealer, special fuel supplier, special fuel user, and every person importing, manufacturing, refining, dealing in, transporting, or storing special fuel in this state shall keep for a period of not less than three years open to inspection at all times during the business hours of the day to the department or its authorized representatives, a complete record of all special fuel purchased or received and all of such products sold, delivered, or used by them. Such records shall show:

- (a) The date of each receipt;
 - (b) The name and address of the person from whom purchased or received;
 - (c) The number of gallons received at each place of business or place of storage in the state of Washington;
 - (d) The date of each sale or delivery;
 - (e) The number of gallons sold or delivered for taxable purposes;
 - (f) The number of gallons sold or delivered for any purpose not subject to the tax imposed herein;
 - (g) The name and address of the purchaser;
 - (h) The inventories of special fuel on hand at each place of business at the end of each month.
- (2) Invoices shall be prepared for sales and deliveries of

special fuel in the manner and containing such information as may be prescribed by the department.

Any person purchasing and receiving a delivery of special fuel into the fuel supply tank of a motor vehicle in Washington shall carry within the vehicle the invoice or other acceptable document evidencing receipt of such special fuel until the fuel is consumed.

Every special fuel supplier, special fuel dealer or special fuel user making such sales or deliveries of special fuel and every person so receiving and purchasing special fuel must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

Every special fuel user shall keep, in addition to his records of deliveries into motor vehicles, a complete record of the total gallons of special fuel used for other purposes during each month and the purposes for which said special fuel was used.

NEW SECTION. Sec. 16. MONTHLY REPORTS. For the purpose of determining the amount of his liability for the tax herein imposed each special fuel dealer and each special fuel user shall file with the department, on forms prescribed by the department, a monthly tax report. A report shall be filed with the department for each calendar month, even though no special fuel was used, or tax is due, for the calendar month. Such report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and are made under penalties of perjury, which declaration shall have the same force and effect as a verification of the report and shall be in lieu of such verification. The report shall show such information as the department may reasonably require for the proper administration and enforcement of this act: PROVIDED, That if a special fuel dealer or special fuel user is also a special fuel supplier at a location where special fuel is delivered into the supply tank of a motor vehicle, and if separate storage is provided thereat from which special fuel is delivered or placed into fuel supply tanks of motor vehicles, the monthly report to the department need not include inventory control data covering bulk storage from which wholesale distribution of special fuel is made. The special fuel dealer or special fuel user shall file the report on or before the twenty-fifth day of the next succeeding calendar month following the monthly period to which it relates.

If the final filing date falls on a Saturday, Sunday or legal holiday the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date shown by the post office cancellation mark stamped upon an envelope containing such report properly addressed to the department, or on the date it was mailed if proof satisfactory to the department is available to establish the date it was mailed.

Any person whose sole use of special fuel is for the propulsion of a privately operated passenger automobile is exempt from the filing of a special fuel tax report on the condition that all fuel used in this state, except fuel brought into this state in the fuel tank of the vehicle, is purchased from a special fuel dealer in this state who collects the tax from the user when delivering the fuel into the fuel tank of the user's automobile. For the purposes of this act, "privately operated passenger automobile" includes passenger cars as that term is defined in RCW 46.04.382, and such light trucks and other noncommercial vehicles as may be defined as such by rules and regulations adopted by the department. A special fuel user may be relieved of the filing of the tax report even though he operates more than one passenger automobile using special fuel, whether or not such automobiles are used for pleasure or in a business or profession, providing that the user is not also using such fuel in other motor vehicles which are not privately operated passenger automobiles. Notwithstanding that a special fuel user's sole use of such special fuel is in a privately operated automobile, he shall continue to file the tax report if he is using such special fuels from bulk storage of special fuel on which the tax has not been paid at the time of purchase or acquisition.

The department may relieve any holder of a valid special fuel users license from the requirement of filing returns under this section when he has established to its satisfaction (1) that such user's vehicles are operated exclusively within the boundaries of this state; (2) that his purchases of special fuel are made exclusively from special fuel dealers holding valid licenses under this act; (3) that he does not acquire special fuel in any manner or for any purpose whereby payment of tax or undertaking therefor is not made to a special fuel dealer at time of purchase; and (4) that he maintains adequate records subject to audit.

A vehicle identification card to be carried in the motor vehicle shall be issued in such cases and the privilege shall be subject to revocation by the department whenever the vehicle of any licensee so identified is found to be operated in violation of any of the conditions in this section.

The department, if it deems it necessary in order to insure payment of the tax imposed by this act, or to facilitate the administration of this act, shall have the authority to require the filing of reports and tax remittances at shorter intervals than one month if, in its opinion, an existing bond has become insufficient.

NEW SECTION. Sec. 17. COMPUTATION AND PAYMENT OF TAX. The tax imposed by this act shall be computed as follows: (1) With respect to special fuel upon which the tax has been collected by the seller thereof as a special fuel dealer, by multiplying the tax rate

per gallon provided in this act by the number of gallons of special fuel delivered or placed by him into the supply tank or tanks of a motor vehicle or into the storage facilities used in the fueling of motor vehicles at an unbonded service station or in all other transactions where the purchaser has indicated in writing to the special fuel dealer that the quantity of special fuel covered by the delivery is for use as a fuel in a motor vehicle; (2) with respect to special fuel on which the tax has not been paid to a special fuel dealer in this state and which has been consumed by the purchaser thereof as a special fuel user, by multiplying the tax rate per gallon provided in this act by the number of gallons of special fuel consumed by him in the propulsion of a motor vehicle on the highways of this state.

The monthly tax return shall be accompanied by a remittance payable to the state treasurer covering the tax moneys collected by the special fuel dealer or the amount determined to be due hereunder on account of the use (as defined in section 3 of this act) of special fuels during the preceding month.

NEW SECTION. Sec. 18. CIVIL AND STATUTORY PENALTIES. (1) If any person affected by this act shall fail or refuse to comply with any provision of this act or shall violate the same, or shall fail or refuse to comply with any rule or regulation promulgated hereunder by the department or shall violate the same, he shall forfeit to the state of Washington as penalty, the sum of twenty-five dollars.

(2) In case any special fuel dealer or special fuel user refuses or fails to file a return required by this act within the time prescribed by section 16 of this act, there is hereby imposed the penalty provided in subsection (1) of this section or a sum equal to ten percent of the tax due, whichever is greater, together with interest at the rate of one percent for each calendar month or fraction thereof during which such refusal or failure continues.

(3) Where a special fuel dealer or a special fuel user files a report, but fails to pay in whole or in part the tax due hereunder, there shall be added to the amount due and unpaid, interest at the rate of one percent per month or fraction thereof from the date such tax was due to the date of payment in full thereof.

(4) If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency the penalty provided in subsection (2) of this section together with interest at the rate of one percent per month, or fraction thereof, from the date the report was due.

(5) If any special fuel dealer or special fuel user, whether or not he is licensed as such, fails, neglects, or refuses to file a

special fuel tax report, the department shall, on the basis of information available to it, determine the tax liability of the special fuel dealer or the special fuel user for the period during which no report was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (4) of this section. An assessment made by the department pursuant to this subsection or to subsection (4) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(6) If any special fuel dealer or special fuel user shall establish by a fair preponderance of evidence that his failure to file a report or pay the proper amount of tax within the time prescribed was due to reasonable cause and was not intentional or wilful, the department may waive the penalty prescribed in subsections (2), (3), (4), and (5) of this section.

(7) If any special fuel dealer or special fuel user shall file a false or fraudulent report with intent to evade the tax imposed by this act, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five percent of the deficiency together with interest at one percent per month, or fraction thereof, on such deficiency from the date such tax was due to the date of payment, in addition to the penalty provided in subsection (1) of this section and all other penalties prescribed by law.

(8) Except in the case of a fraudulent report or of neglect or refusal to make a report, every deficiency shall be assessed under subsection (4) of this section within three years from the twenty-fifth day of the next succeeding calendar month following the monthly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later.

NEW SECTION. Sec. 19. REFUNDS AND CREDITS. Any person who has paid a special fuel tax either directly or to the vendor from whom it was purchased may file a claim for a refund of the tax so paid and shall be reimbursed and repaid the amount of:

(1) Any taxes previously paid on special fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state.

(2) Any taxes previously paid on special fuel exported for use outside of this state. Special fuel carried from this state in the fuel tank of a motor vehicle is deemed to be exported from this state.

(3) Any tax, penalty or interest erroneously or illegally

collected or paid.

NEW SECTION. Sec. 20. PROCEDURES FOR CLAIMING REFUNDS OR CREDITS. (1) Claims under section 19 of this act shall be filed with the department on forms prescribed by the department and shall show the date of filing and the period covered in the claim, the number of gallons of special fuel used for purposes subject to tax refund, and such other facts and information as may be required. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as may be prescribed by the department, and such other information as the department may require.

(2) Any amount determined to be refundable by the department under section 19 of this act shall first be credited on any amounts then due and payable from the special fuel dealer or special fuel user or to any person to whom the refund is due, and the department shall then certify the balance thereof to the state treasurer, who shall thereupon draw his warrant for such certified amount to such special fuel dealer or special fuel user or any person: PROVIDED, HOWEVER, That the department shall deduct fifty cents from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund to defray expenses in furnishing the claim forms and other forms provided for in this act.

(3) No refund or credit shall be approved by the department unless a written claim for refund or credit stating the specific grounds upon which the claim is founded is filed with the department:

(a) Within thirteen months from the date of purchase or from the last day of the month following the close of the monthly period for which the refundable amount or credit is due with respect to refunds or credits allowable under section 19, subsections (1) and (2) of this act, and if not filed within this period the right to refund shall be forever barred.

(b) Within three years from the last day of the month following the close of the monthly period for which the overpayment is due with respect to the refunds or credits allowable under section 19 (3) of this act.

(c) Within six months from the date the assessment becomes final or within six months from the date of collection, whichever period expires the later, with respect to assessments made by the department under section 18 (4) and (5) of this act.

(4) Within thirty days after disallowing any claim in whole or in part, the department shall serve written notice of its action on the claimant.

(5) Interest shall be paid upon any refundable amount or credit due under section 19 (3) of this act at the rate of one percent per month from the last day of the calendar month following the monthly period for which the refundable amount or credit is due.

The interest shall be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he has not already filed a claim, is notified by the department that a claim may be filed or the date upon which the claim is approved by the department, whichever date is earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

If the department determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

(6) No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this state or against any officer of the state to prevent or enjoin the collection under this act of any tax or any amount of tax required to be collected.

NEW SECTION. Sec. 21. SUITS FOR RECOVERY OF TAXES ILLEGALLY OR ERRONEOUSLY COLLECTED. (1) No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been overpaid under section 19 of this act unless a claim for refund or credit has been duly filed pursuant to section 20 of this act.

(2) Within ninety days after the mailing of the notice of the department's action upon a claim filed pursuant to section 20 of this act, the claimant may bring an action against the department on the grounds set forth in the claim in a court of competent jurisdiction in Thurston county for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed. Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of the alleged overpayments.

(3) If the department fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the department of its intention on the claim, consider the claim disallowed and bring an action against the department, on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

(4) If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any special fuel tax due and payable from the plaintiff. The balance of the judgment shall be refunded to the plaintiff.

(5) In any judgment, interest shall be allowed at the rate of twelve percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of

allowance of credit on account of the judgement or to a date preceding the date of the refund warrant, but not more than thirty days, the date to be determined by the department.

NEW SECTION. Sec. 22. TAX LIEN ON PROPERTY. The tax, including any penalty and interest hereby imposed, shall constitute a lien upon any motor vehicle in connection with which the taxable use is made, attaching at the time of such use. Such lien shall not be removed until such tax has been paid or the motor vehicle subject to such lien has been sold in payment of the tax, and shall be paramount to all private liens or encumbrances upon such motor vehicle and to the rights of any conditional vendor or any other holder of the legal title to such motor vehicle. In the event the ownership of a motor vehicle subject to the lien is transferred, whether by operation of law or otherwise, no registration card or certificate of title with respect to such motor vehicle shall be issued by the department to the transferee or person otherwise entitled thereto until after the department has determined that such lien has been removed.

If any special fuel dealer liable for the remittance of tax imposed by this act fails to pay the same, the amount thereof, including any interest, penalty, or addition to such tax, together with any costs that may accrue in addition thereto, shall be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by such person, located or situated in the county wherein such lien arises, whether such property is employed by such person in the prosecution of business or is in the hands of a trustee, or receiver, or assignee for the benefit of creditors, from the date the taxes were due and payable, until the amount of the lien is paid or the property sold in payment thereof. The lien shall have priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that such lien shall not be valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the time the department has filed and recorded notice of such lien in the office of the county auditor of the county in which the principal place of business of the taxpayer is located.

NEW SECTION. Sec. 23. NOTICE OF DELINQUENCY. In the event any special fuel user or special fuel dealer is delinquent in the payment of any obligation imposed hereunder, the department may give notice of the amount of such delinquency by registered mail to all persons having in their possession or under their control any credits or other personal property belonging to such user or dealer or owing any debts to such user or dealer, at the time of the receipt by them of such notice, and thereafter any person so notified shall neither transfer nor make other disposition of such credits, personal

property, or debts until the department consents to a transfer or other disposition or until twenty days have lapsed from and after the receipt of the notice. All persons so notified must, within five days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be.

NEW SECTION. Sec. 24. DELINQUENCY--SEIZURE AND SALE OF VEHICLE. Whenever any special fuel user is delinquent in the payment of any obligation imposed hereunder, and such delinquency continues after notice and demand for payment by the department, the department shall proceed to collect the amount due from the user in the following manner: The department shall seize any motor vehicle subject to the lien of said excise tax, penalty, and interest and thereafter sell it at public auction to pay said obligation and any and all costs that may have been incurred on account of the seizure and sale. Notice of such intended sale and the time and place thereof shall be given to such delinquent user and to all persons appearing of record to have an interest in such motor vehicle. The notice shall be given in writing at least ten days before the date set for the sale by enclosing it in an envelope addressed to such user at his address as the same appears in the records of the department and, in the case of any person appearing of record to have an interest in such motor vehicle, addressed to such person at his last known residence or place of business, and depositing such envelope in the United States mail, postage prepaid. In addition, the notice shall be published for at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the motor vehicle seized is to be sold. If there is no newspaper of general circulation in such county, the notice shall be posted in three public places in the county for a period of ten days. The notice shall contain a description of the motor vehicle to be sold, together with a statement of the amount due hereunder, the name of the user and the further statement that unless such amount is paid on or before the time fixed in the notice the motor vehicle will be sold in accordance with law.

The department shall then proceed to sell the motor vehicle in accordance with the law and the notice, and shall deliver to the purchaser a bill of sale which shall vest title in the purchaser. If upon any such sale the moneys received exceed the amount due to the state hereunder from the delinquent user, the excess shall be returned to such user and his receipt obtained therefor. If any person having an interest in or lien upon the motor vehicle has filed with the department prior to such sale, notice of such interest or lien, the department shall withhold payment of any such excess to such user pending a determination of the rights of the respective

parties thereto by a court of competent jurisdiction. If for any reason the receipt of such user shall not be available, the department shall deposit such excess with the state treasurer as trustee for such user, his heirs, successors, or assigns: PROVIDED, That prior to making any seizure of property as herein provided for, the department may first serve upon the user's bondsman a notice of the delinquency, with a demand for the payment of the amount due.

NEW SECTION. Sec. 25. DELINQUENCY--COLLECTION BY CIVIL ACTION. Whenever any special fuel user or special fuel dealer is delinquent in the payment of any obligation hereunder the department may transmit notice of such delinquency to the attorney general who shall at once proceed to collect by appropriate legal action the amount due the state from such user or dealer. In any suit brought to enforce the rights of the state hereunder, a certificate by the department showing the delinquency shall be prima facie evidence of the amount of the obligation, of the delinquency thereof and of compliance by the department with all provisions of this act relating to such obligation.

NEW SECTION. Sec. 26. REMEDIES CUMULATIVE. The foregoing remedies of the state in this act shall be cumulative and no action taken by the department shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

NEW SECTION. Sec. 27. ADMINISTRATION. The department shall enforce the provisions of this act, and may prescribe, adopt, and enforce reasonable rules and regulations relating to the administration and enforcement thereof. The Washington state patrol and its officers shall aid the department in the enforcement of this act, and, for this purpose, are declared to be peace officers, and given police power and authority throughout the state to arrest on sight any person known to have committed a violation of the provisions of this act.

The department or its authorized representative is hereby empowered to examine the books, papers, records and equipment of any special fuel dealer, special fuel supplier or special fuel user or any person dealing in, transporting, or storing special fuel as defined in this act and to investigate the character of the disposition which any person makes of such special fuel in order to ascertain and determine whether all taxes due hereunder are being properly reported and paid. The fact that such books, papers, records and equipment are not maintained in this state at the time of demand shall not cause the department to lose any right of such examination under this act when and where such records become available.

For the purpose of enforcing the provisions of this act it shall be presumed that all special fuel delivered to service stations as well as all special fuel otherwise received by a special fuel dealer or a special fuel user into storage and dispensing equipment designed to fuel motor vehicles is delivered by the special fuel dealer or special fuel user into the fuel supply tanks of motor vehicles and consumed in the propulsion of motor vehicles on the highways of this state, unless the contrary is established by satisfactory evidence.

The department shall, upon request from the officials to whom are entrusted the enforcement of the special fuel tax law of any other state, the District of Columbia, the United States, its territories and possessions, the provinces or the Dominion of Canada, forward to such officials any information which he may have relative to the receipt, storage, delivery, sale, use, or other disposition of special fuel by any special fuel dealer, special fuel supplier or special fuel user, provided such other state or states furnish like information to this state.

Returns required by this act, exclusive of schedules, itemized statements and other supporting evidence annexed thereto, shall at all reasonable times be open to the public.

NEW SECTION. Sec. 28. VIOLATIONS AND PENALTIES. It shall be unlawful for any person to:

(1) Refuse, or knowingly and intentionally fail to make and file any statement required by this act in the manner or within the time required;

(2) Knowingly and with intent to evade or to aid in the evasion of the tax imposed herein to make any false statement or conceal any material fact in any record, return, or affidavit provided for in this act;

(3) Conduct any activities requiring a license under this act without a license or after a license has been surrendered, canceled, or revoked;

(4) Fail to keep and maintain the books and records required by this act.

Except as otherwise provided by law, any person violating any of the provisions of this act shall be guilty of a gross misdemeanor and shall, upon conviction thereof, be sentenced to pay a fine of not less than five hundred dollars nor more than one thousand dollars and costs of prosecution, or imprisonment for not more than one year, or both.

The fine and imprisonment provided for in this section shall be in addition to any other penalty imposed by any other provision of this act.

NEW SECTION. Sec. 29. STATE PREEMPTS TAX FIELD. The tax

herein levied is in lieu of any excise, privilege, or occupational tax upon the business of manufacturing, selling, or distributing special fuel, and no city, town, county, township or other subdivision or municipal corporation of the state shall levy or collect any excise tax upon or measured by the sale, receipt, distribution, or use of special fuel.

NEW SECTION. Sec. 30. DISPOSITION OF FUNDS. All taxes, interest and penalties collected under this act shall be credited and deposited in the same manner as are motor vehicle fuel taxes collected under RCW 82.36.410.

NEW SECTION. Sec. 31. JUDICIAL REVIEW AND APPEALS. Judicial review and appeals shall be governed by the Administrative Procedure Act, chapter 34.04 RCW.

A dealer buying and selling livestock who has furnished a bond as required by the packers and stockyards administration to cover acting

as order buyer as well as dealer may also act as an order buyer for others under the provisions of this 1971 amendatory act, and all persons who act as order buyers of livestock shall license under this 1971 amendatory act as a livestock dealer: PROVIDED, That the applicant shall furnish the director with a bond approved by the United States secretary of agriculture naming the director as trustee. It shall be a (~~misdemeanor~~) violation for the licensee to act as a commission merchant and/or dealer in any other agricultural commodity without first having notified the director and furnishing him with a bond as required under the provisions of RCW 20.01.210, and failure to furnish the director with such bond shall be cause for the immediate suspension of the licensee's license, and revocation subject to a hearing.

Sec. 10. Section 7, chapter 232, Laws of 1963 and RCW 20.01.214 are each amended to read as follows:

(4) That the applicant, or licensee, directly or indirectly has purchased for his own account agricultural products received by him upon consignment without prior authority from the consignor together with the price fixed by consignor or without promptly

notifying the consignor of such purchase. This shall not prevent any commission merchant from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of agricultural products remaining unsold, if such commission merchant shall forthwith enter such transaction on his account of sales.

(5) That the applicant, or licensee, has intentionally made any false or misleading statement as to the conditions of the market for any agricultural products.

(6) That the applicant, or licensee, has made fictitious sales or has been guilty of collusion to defraud the consignor.

(8) That the licensee was intentionally guilty of fraud or deception in the procurement of such license.

(9) That the licensee or applicant has failed or refused to file with the director a schedule of his charges for services in connection with agricultural products handled on account of or as an agent of another, or that the applicant, or licensee, has indulged in any unfair practice.

(10) That the licensee has rejected, without reasonable cause, or has failed or refused to accept, without reasonable cause, any agricultural product bought or contracted to be bought from a consignor by such licensee; or failed or refused, without reasonable cause, to furnish or provide boxes or other containers, or hauling, harvesting, or any other service contracted to be done by licensee in connection with the acceptance, harvesting, or other handling of said agricultural products bought or handled or contracted to be bought or handled; or has used any other device to avoid acceptance or unreasonably to defer acceptance of agricultural products bought or handled or contracted to be bought or handled.

(11) That the licensee has otherwise violated any provision of this chapter and/or rules and regulations adopted hereunder.

(12) That the licensee has knowingly employed an agent, as defined in this chapter, without causing said agent to comply with the licensing requirements of this chapter applicable to agents.

(13) That the applicant or licensee has, in the handling of any agricultural products, been guilty of fraud, deceit, or wilful negligence.

(14) That the licensee has failed or refused, upon demand, to permit the director or his agents to make the investigations, examination or audits, as provided in this chapter, or that the licensee has removed or sequestered any books, records, or papers

necessary to any such investigations, examination, or audits, or has otherwise obstructed the same.

(15) That the licensee, without reasonable cause, has failed or refused to execute or carry out a lawful contract with a consignor.

(16) That the licensee has failed or refused to keep and maintain the records as required by this chapter and/or rules and regulations adopted hereunder.

(17) That the licensee has attempted payment by check with insufficient funds to cover such check.

(18) That the licensee has been guilty of fraud or deception in his dealings with purchasers including misrepresentation of goods as to grade, quality, weights, quantity, or any other essential fact in connection therewith.

(19) That the licensee has permitted an agent to in fact operate his own separate business under cover of the licensee's license and bond.

(20) That a commission merchant or dealer in livestock, hay, grain, or straw has failed to furnish additional bond coverage within fifteen days of when it was requested in writing by the director.

Sec. 12. Section 41, chapter 139, Laws of 1959 and RCW 20.01.410 are each amended to read as follows:

A copy of a manifest of cargo, on a form prescribed by the director, shall be carried on any vehicle transporting agricultural products purchased by a dealer or cash buyer, or consigned to (~~or purchased by~~) a commission merchant from the consignor thereof when prescribed by the director. The commission merchant, dealer or cash buyer shall issue a copy of such manifest to the consignor of such agricultural products and the original shall be retained by the licensee for a period of one year during which time it shall be surrendered upon request to the director. Such manifest of cargo shall be valid only when signed by the licensee or his agent and the consignor of such agricultural products.

Sec. 13. Section 43, chapter 240, Laws of 1967 and RCW 20.01.475 are each amended to read as follows:

It shall be prima facie evidence that a licensee licensed under the provisions of (~~chapter 20.04 RCW~~) this 1971 amendatory act is acting (~~at all time~~) as such (~~licensee~~) in the handling of any agricultural product (~~if even though he may also be a producer of or acting in his capacity as a producer at the time he is handling such agricultural products~~).

When a violation has occurred which results in improper payment or nonpayment and a claim is made to the department and the

payment is secured through the actions of the department the following charges will be made to the consignor for the action of the department in the matter:

(1) When reported within thirty days from time of default, no charge.

CHAPTER 184

[Engrossed House Bill No. 803]

CONTROL OF STATE DEBTS BY THE STATE FINANCE COMMITTEE--
ANNUAL COMPUTATION OF STATE REVENUES AND DEBT CAPACITY BY STATE
TREASURER--
CONSTITUTIONAL AMENDMENT REQUIRED

AN ACT Relating to state government; authorizing the state finance committee to supervise and control the incurrence of state debt; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. This chapter shall apply to all bonds, notes, and other evidences of indebtedness of the state authorized by the legislature after the effective date of this chapter, unless otherwise provided in the authorizing acts.

NEW SECTION. Sec. 2. Bonds, notes, or other evidences of

indebtedness shall be issued by the state finance committee. They may be issued at one time or in a series from time to time. The maturity date of each series shall be determined by the state finance committee, but in no case shall any bonds mature later than thirty years from the date of issue. All evidences of indebtedness shall be signed in the name of the state by the governor and the treasurer. The facsimile signature of said officials is authorized and said evidences of indebtedness may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on such evidences of indebtedness has ceased to hold office at the time of issue or at the time of delivery to the purchaser.

NEW SECTION. Sec. 3. The state finance committee shall by resolution determine the amount, date, form, terms, conditions, denominations, maximum interest rate, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, and covenants of all evidences of indebtedness including the funding or refunding of any existing indebtedness.

NEW SECTION. Sec. 4. The proceeds of the sale of any bonds shall be used solely for the purposes, including any expense incurred in connection with the issuance and sale of such bonds, specified in the general statute or special act authorizing the issuance of such bonds.

NEW SECTION. Sec. 5. When the state finance committee has decided to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of such bonds, which notes shall be designated as "anticipation notes". Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued.

NEW SECTION. Sec. 6. No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the state to exceed the limitation contained in section 1 of Article VIII of the Washington state Constitution as hereafter amended by vote of the people pursuant to HJR 52, 1971 regular session. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or

college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of Article VIII of the Washington state Constitution as hereafter amended by vote of the people pursuant to HJR 52, 1971 regular session, nor shall it include indebtedness incurred pursuant to section 8 of this act, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority. To the extent necessary because of the constitutional debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes or other evidences of indebtedness by the state shall be determined by the state finance committee.

NEW SECTION. Sec. 7. On or after the effective date of this act, the treasurer shall compute general state revenues for the three fiscal years immediately preceding such date and shall determine the arithmetic mean thereof. As soon as is practicable after the close of each fiscal year thereafter, he shall do likewise. In determining the amount of general state revenues, the treasurer shall include all state money received in the treasury from each and every source whatsoever except: (1) fees and revenues derived from the ownership or operation of any undertaking, facility or project; (2) moneys received as gifts, grants, donations, aid or assistance or otherwise from the United States or any department, bureau or corporation thereof, or any person, firm or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) proceeds received from the sale of bonds or other evidences of indebtedness. Upon computing general state revenues, the treasurer shall make and file in the office of the secretary of state, a certificate containing the results of such computations. Copies of said certificate shall be sent to each elected official of the state and each member of the legislature. The treasurer shall, at the same time, advise each elected official and each member of the legislature of the current available debt capacity of the state, and may make estimated projections for one or more years concerning debt capacity.

NEW SECTION. Sec. 8. The foregoing limitation on the

aggregate amount of indebtedness of the state shall not prevent:

(1) The issuance of obligations to refund or replace any such indebtedness existing at any time in an amount not exceeding such existing indebtedness and any premium payable with respect thereto, including the refunding of any indebtedness incurred or authorized prior to the effective date of this act by the Washington state building authority;

(2) The issuance of obligations in anticipation of revenues to be received by the state during a period of twelve calendar months next following their issuance;

(3) The issuance of obligations payable solely from revenues of particular public improvements;

(4) A pledge of the full faith, credit, and taxing power of the state to guarantee the payment of any obligation payable from revenues received from any of the following sources:

(a) the fees collected by the state as license fees for motor vehicles;

(b) excise taxes collected by the state on the sale, distribution, or use of motor vehicle fuel; and

(c) interest on the permanent common school fund:

PROVIDED, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

As a result of the creation of the department of social and health services and the resulting restructuring of programs and organization of the department's components, and as a further result of the legislative mandate to the department to organize and deliver services in a manner responsive to changing needs and conditions, it is necessary to provide for flexibility in the formation and functioning of the various committees and councils which presently advise the department, to restructure the present committees and councils, and to provide for new advisory committees and councils, so that all such committees and councils will more appropriately relate to the changing programs and services of the department.

NEW SECTION. Sec. 2. The state-wide and the regional councils shall have representation from both major political parties and shall have substantial consumer representation. Such committees or councils shall be constituted as required by federal law or as the secretary in his discretion may determine. The members of the committees or councils shall hold office as follows: one-third to serve one year; one-third to serve two years; and one-third to serve three years. Upon expiration of said original terms, subsequent appointments shall be for two years except in the case of a vacancy, in which event appointment shall be only for the remainder of the unexpired term for which the vacancy occurs. No member shall serve more than two consecutive terms.

Members of such state advisory committees or councils may be paid twenty-five dollars per diem in the performance of their duties and mileage allowances at ten cents per mile. The secretary shall report to the next ensuing session of the legislature concerning the actions taken pursuant to this 1971 amendatory act and relating to advisory committees and councils generally, and the effectiveness of same, and shall make such recommendations for further legislative action as he deems appropriate.

Sec. 5. Section 43.61.030, chapter 8, Laws of 1965 as amended by section 33, chapter 18, Laws of 1970 ex. sess. and RCW 43.61.030 are each amended to read as follows:

(b) Determining that certain pesticides are highly toxic to man. The director shall, in making this determination, be guided by the federal definition of highly toxic, as defined in Title 7, code of federal regulations 362.8 as issued or hereafter amended. The director shall publish a list of all pesticides, determined to be highly toxic, by their common or generic name and their trade or brand name if practical. Such list shall be kept current and shall, upon request, be made available to any interested party;

(c) Determining standards for denaturing pesticides by color, taste, odor, or form;

(d) The collection and examination of samples of pesticides or devices;

(e) The safe handling, transportation, storage, display, distribution, and disposal of pesticides and their containers;

(f) Restricting or prohibiting the use of certain types of containers or packages for specific pesticides. These restrictions may apply to type of construction, strength, and/or size to alleviate danger of spillage, breakage, misuse, or any other hazard to the public. The director shall be guided by federal regulations concerning pesticide containers;

(g) Procedures in making of pesticide recommendations;

(h) Adopting a list of restricted use pesticides for the state or for designated areas within the state if the director determines that such pesticides may require regulations restricting or prohibiting their distribution or use. The director may include in the regulation the time and conditions of distribution or use of such restricted use pesticides and may, if he deems it necessary to carry out the purpose and provisions of this act, require that any or all restricted use pesticides shall be purchased, possessed, or used only under permit of the director and under his direct supervision in certain areas and/or under certain conditions or in certain quantities or concentrations: PROVIDED, That the director may require all persons issued such permits to maintain records as to the use of all the restricted use pesticides.

(i) Label requirements of all pesticides required to be registered under provisions of this act; and

(j) Regulating the labeling of devices.

(3) For the purpose of uniformity and to avoid confusion endangering the public health and welfare the director may adopt regulations in conformity with the primary pesticide standards, particularly as to labeling, established by the United States department of agriculture or any other federal agency.

NEW SECTION. Sec. 5. Every pesticide which is distributed within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be registered with the director subject to the provisions of this act. Such registration shall be renewed annually prior to January 1: PROVIDED, That registration is not required if a pesticide is shipped from one plant or warehouse to another plant or warehouse operated by the same person and used solely at such plant or warehouse as a constituent part to make a pesticide which is registered under the provisions of this act; if the pesticide is not sold and if the container thereof is plainly and

conspicuously marked "For Experimental Use Only - Not To Be Sold", together with the manufacturer's name and address; or if a written permit has been obtained from the director to sell the specific pesticide for experimental purposes subject to restrictions and conditions set forth in the permit.

NEW SECTION. Sec. 6. (1) The applicant for registration shall file a statement with the department which shall include:

(a) The name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the applicant's;

(b) The name of the pesticide;

(c) Other necessary information required for completion of the department's application for registration form;

(d) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including the directions and precautions for use.

(2) The director, when he deems it necessary in the administration of this act, may require the submission of the complete formula of any pesticide including the active and inert ingredients.

(3) The director may require a full description of the tests made and the results thereof upon which the claims are based.

(4) The director may prescribe other necessary information by regulation.

NEW SECTION. Sec. 7. (1) Any person desiring to register a pesticide with the department shall pay to the director an annual registration fee of ten dollars for each pesticide registered by the department for such person. All such registrations shall expire on December 31 of any one year.

(2) Any registration approved by the director and in effect on the 31st day of December for which a renewal application has been made and the proper fee paid, shall continue in full force and effect until such time as the director notifies the applicant that the registration has been renewed, or otherwise denied in accord with the provision of section 11 of this act.

NEW SECTION. Sec. 8. If the renewal of a pesticide registration is not filed prior to January 1 of any one year an additional fee of five dollars shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued: PROVIDED, That such additional fee shall not apply if the applicant furnishes an affidavit certifying that he did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.

NEW SECTION. Sec. 9. All federal, state, and county agencies shall register without fee all pesticides sold by them and they shall not be subject to the license provisions of new section 18 of this act.

NEW SECTION. Sec. 10. If it appears to the director that the composition of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of this act he shall register the pesticide.

NEW SECTION. Sec. 11. (1) If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of this act or regulations adopted thereunder he shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fails to comply with the provisions of this act so as to afford the applicant an opportunity to make the necessary corrections. If, upon receipt of such notice, the applicant does not make the corrections the director shall refuse to register the pesticide. The applicant may request a hearing as provided for in chapter 34.04 RCW.

(2) The director may, when he determines that a pesticide or its labeling does not comply with the provisions of the act or the regulations adopted thereunder, cancel the registration of a pesticide after a hearing in accordance with the provisions of chapter 34.04 RCW.

NEW SECTION. Sec. 12. The director may, when he determines that there is or may be an imminent hazard to the public health and welfare, suspend on his own motion, the registration of a pesticide in conformance with the provisions of chapter 34.04 RCW.

NEW SECTION. Sec. 13. The term "misbranded" shall apply:

(1) To any pesticide or device if its labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular;

(2) To any pesticide:

(a) If it is an imitation of or is offered for sale under the name of another pesticide;

(b) If its labeling bears any reference to registration under the provisions of this act unless such reference be required by regulations under the act;

(c) If any word, statement, or other information, required by this act or regulations adopted thereunder to appear on the label or labeling, is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or graphic matter in the labeling), and in such terms as to render it likely to be read

and understood by the ordinary individual under customary conditions of purchase and use;

(d) If the label does not bear:

(i) The name and address of the manufacturer, registrant or person for whom manufactured;

(ii) Name, brand or trademark under which the pesticide is sold;

(iii) An ingredient statement on that part of the immediate container and on the outside container or wrapper, if there be one, through which the ingredient statement on the immediate container cannot be clearly read, of the retail package which is presented or displayed under customary conditions of purchase: PROVIDED, That the director may permit the ingredient statement to appear prominently on some other part of the container, if the size or form of the container makes it impracticable to place it on the part of the retail package which is presented or displayed under customary conditions of purchase;

(iv) Directions for use and a warning or caution statement which are necessary and which if complied with would be adequate to protect the public and to prevent injury to the public, including living man, useful vertebrate animals, useful vegetation, useful invertebrate animals, wildlife, and land; and

(v) The weight or measure of the content, subject to the provisions of chapter 19.94 RCW (state weights and measures act) as enacted or hereafter amended.

(e) If that pesticide contains any substance or substances in quantities highly toxic to man, determined as provided by new section 4 of this act, unless the label bears, in addition to any other matter required by this act:

(i) The skull and crossbones;

(ii) The word "POISON" in red prominently displayed on a background of distinctly contrasting color; and

(iii) A statement of an antidote for the pesticide.

(f) If the pesticide container does not bear a label or if the label does not contain all the information required by this act or the regulations adopted under this act.

(3) To a spray adjuvant when the label fails to state the type or function of the principal functioning agents.

NEW SECTION. Sec. 14. The term "adulterated" shall apply to any pesticide if its strength or purity deviates from the professed standard or quality as expressed on its labeling or under which it is sold, or if any substance has been substituted wholly or in part for the pesticide, or if any valuable constituent of the pesticide has been wholly or in part abstracted, or if any contaminant is present in an amount which is determined by the director to be a hazard.

NEW SECTION. Sec. 15. (1) It is unlawful for any person to distribute within the state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following:

(a) Any pesticide which has not been registered pursuant to the provisions of this act;

(b) Any pesticide if any of the claims made for it or any of the directions for its use or other labeling differs from the representations made in connection with its registration, or if the composition of a pesticide differs from its composition as represented in connection with its registration: PROVIDED, That at the discretion of the director, a change in the labeling or formula of a pesticide may be made within a registration period without requiring reregistration of the product;

(c) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container and there is affixed to such container, and to the outside container or wrapper of the retail package, if there is one through which the required information on the immediate container cannot be clearly read, a label bearing the information required in this act and the regulations adopted under this act;

(d) Any pesticide including arsenicals, fluorides, fluosilicates, and/or any other white powdered pesticides unless they have been distinctly denatured as to color, taste, odor, or form if so required by regulation;

(e) Any pesticide which is adulterated or misbranded, or any device which is misbranded;

(f) Any pesticide in containers, violating regulations adopted pursuant to section 4 (2) (f) of this act or pesticides found in containers which are unsafe due to damage.

(2) It shall be unlawful:

(a) To sell or deliver any restricted use pesticide to any person who is required by law or regulations promulgated under such law to have a permit to use or purchase such restricted use pesticides unless such person or his agent, to whom sale or delivery is made, has a valid permit to use or purchase the kind and quantity of such restricted use pesticide sold or delivered: PROVIDED, That, subject to conditions established by the director, such permit may be obtained immediately prior to sale or delivery from any person designated by the director;

(b) For any person to detach, alter, deface or destroy, wholly or in part, any label or labeling provided for in this act or regulations adopted under this act, or to add any substance to, or take any substance from, a pesticide in a manner that may defeat the purpose of this act or the regulations adopted thereunder;

(c) For any person to use or cause to be used any restricted use pesticide contrary to label directions or to regulations of the director if those regulations differ from or further restrict the label directions;

(d) For any person to use for his own advantage or to reveal, other than to the director or proper officials or employees of the state, or to the courts of the state in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of new section 6 of this act.

NEW SECTION. Sec. 16. When the director has reasonable cause to believe a pesticide or device is being distributed, stored, or transported in violation of any of the provisions of this act, or of any of the prescribed regulations under this act, he may issue and serve a written "stop sale, use or removal" order upon the owner or custodian of any such pesticide or device. If the owner or custodian is not available for service of the order upon him, the director may attach the order to the pesticide or device. The pesticide or device shall not be sold, used or removed until the provisions of this act have been complied with and the pesticide or device has been released in writing under conditions specified by the director, or the violation has been otherwise disposed of as provided in this act by a court of competent jurisdiction.

NEW SECTION. Sec. 17. (1) After service of a "stop sale, use or removal" order is made upon any person, either that person or the director may file an action in a court of competent jurisdiction in the county in which a violation of this act or regulations adopted thereunder is alleged to have occurred for an adjudication of the alleged violation. The court in such action may issue temporary or permanent injunctions mandatory or restraining, and such intermediate orders as it deems necessary or advisable. The court may order condemnation of any pesticide or device which does not meet the requirements of this act or regulations adopted thereunder: PROVIDED, That no authority is granted hereunder to affect the sale or use of products on which legally approved pesticides have been legally used.

(2) If the pesticide or device is condemned, it shall, after entry of decree, be disposed of by destruction or sale as the court directs, and the proceeds, if such pesticide or device is sold, less cost including legal costs, shall be paid to the state treasury as provided in new section 40 of this act: PROVIDED, That the pesticide or device shall not be sold contrary to the provisions of this act or regulations adopted thereunder. Upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the

pesticide or device shall not be disposed of unlawfully, the court may direct that the pesticide or device be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(3) When a decree of condemnation is entered against the pesticide, court costs, fees, and storage and other proper expenses shall be awarded against the person, if any, appearing as claimant of the pesticide.

NEW SECTION. Sec. 18. (1) It shall be unlawful for any person to act in the capacity of a pesticide dealer, or advertise as, or assume to act as a pesticide dealer at any time without first having obtained an annual license from the director which shall expire on the final day of February. A license shall be required for each location or outlet located within this state from which such pesticides are distributed: PROVIDED, That any manufacturer, registrant, or distributor who has no pesticide dealer outlet licensed within this state and who distributes such pesticides directly into this state shall obtain a pesticide dealer license for his principal out-of-state location or outlet: PROVIDED FURTHER, That such licensed out-of-state pesticide dealer shall be exempt from the pesticide dealer manager requirements.

(2) Application for a license shall be accompanied by a ten dollar annual license fee and shall be on a form prescribed by the director and shall include the full name of the person applying for such license and the name of the individual within the state designated as the pesticide dealer manager. If such applicant is a partnership, association, corporation, or organized group of persons, the full name of each member of the firm or partnership or the names of the officers of the association or corporation shall be given on the application. Such application shall further state the principal business address of the applicant in the state and elsewhere, the name of a person domiciled in this state authorized to receive and accept service of summons of legal notices of all kinds for the applicant, and any other necessary information prescribed by the director.

(3) It shall be unlawful for any licensed dealer outlet to operate without a pesticide dealer manager who has a license of qualification. The department shall be notified forthwith of any change in the pesticide dealer manager designee during the licensing period.

(4) Provisions of this section shall not apply to a licensed pesticide applicator who sells pesticides only as an integral part of his pesticide application service when such pesticides are dispensed only through apparatuses used for such pesticide application; or any federal, state, county, or municipal agency which provides pesticides only for its own programs.

NEW SECTION. Sec. 19. If an application for renewal of a pesticide dealer license is not filed on or prior to March 1 of any one year an additional fee of ten dollars shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional fee shall not apply if the applicant furnishes an affidavit that he has not operated as a pesticide dealer subsequent to the expiration of his prior license.

NEW SECTION. Sec. 20. The director shall require each pesticide dealer manager to demonstrate to the director his knowledge of pesticide laws and regulations; pesticide hazards; and the safe distribution, use and application, and disposal of pesticides by satisfactorily passing a written examination after which the director shall issue a license of qualification. The director shall charge a five dollar examination fee for each examination administered on a regularly scheduled examination date.

NEW SECTION. Sec. 21. No individual shall perform services as a pest control consultant after February 28, 1973, without first obtaining from the director an annual license which shall expire on the final day of February of each year. Application for a license shall be on a form prescribed by the director and shall be accompanied by a fee of ten dollars: PROVIDED, That licensed pesticide applicators and operators; employees of federal, state, county, or municipal agencies when acting in their official capacities; and pesticide dealer managers and employees working under the direct supervision of the pesticide dealer manager and only at a licensed pesticide dealer's outlet, shall be exempt from this licensing provision.

NEW SECTION. Sec. 22. For the purpose of this section public pest control consultant means any individual who is employed by a governmental agency or unit to act as a pest control consultant as defined in section 3, (23) of this act. No person shall act as a public pest control consultant on or after February 28, 1973 without first obtaining an annual nonfee license from the director which shall expire on the final day of February of each year. Application for a license shall be on a form prescribed by the director: PROVIDED, That federal and state employees whose principal responsibilities are in pesticide research, the jurisdictional health officer or his duly authorized representative, and public operators licensed under RCW 17.21.220 shall be exempt from this licensing provision.

NEW SECTION. Sec. 23. The director shall require each applicant for a pest control consultant's license or a public pest control consultant's license to demonstrate to the director the applicant's knowledge of pesticide laws and regulations; pesticide

hazards; and the safe distribution, use and application, and disposal of pesticides by satisfactorily passing a written examination for the classifications for which he has applied prior to issuing his license. An examination fee of five dollars shall be charged when an examination is requested at other than a regularly scheduled examination date.

NEW SECTION. Sec. 24. The director may classify licenses to be issued under the provisions of this act. Such classifications may include but not be limited to agricultural crops, ornamentals, or noncrop land herbicides. If the licensee has a classified license he shall be limited to practicing within these classifications. Each such classification shall be subject to separate testing procedures and requirements: PROVIDED, That no person shall be required to pay an additional license fee if such person desires to be licensed in one or all of the license classifications provided for by the director under the authority of this section. The director may renew any applicant's license under the classification for which the applicant is licensed, subject to reexamination when deemed necessary because new knowledge or new classifications are required to carry out the responsibilities of the licensee.

NEW SECTION. Sec. 25. Any person issued a license or permit under the provisions of this act may be required by the director to keep accurate records on a form prescribed by him which may contain the following information:

- (1) The delivery, movement or holding of any pesticide or device, including the quantity;
- (2) The date of shipment and receipt;
- (3) The name of consignor and consignee; and
- (4) Any other information, necessary for the enforcement of this act, as prescribed by the director.

The director shall have access to such records at any reasonable time to copy or make copies of such records for the purpose of carrying out the provisions of this act.

NEW SECTION. Sec. 26. The director is authorized to deny, suspend, or revoke any license, registration or permit provided for in this act subject to a hearing and in conformance with the provisions of chapter 34.04 RCW (Administrative Procedure Act) in any case in which he finds there has been a failure or refusal to comply with the provisions of this act or regulations adopted hereunder.

NEW SECTION. Sec. 27. The director may issue subpoenas to compel the attendance of witnesses and/or production of books, documents and records in the county in which the person licensed under this act resides in any hearing affecting the authority or privilege granted by a license, registration or permit issued under the provisions of this act. Witnesses shall be entitled to fees for

attendance and travel, as provided for in chapter 2.40 RCW as enacted or hereafter amended.

NEW SECTION. Sec. 28. The sampling and examination of pesticides or devices shall be made under the direction of the director for the purpose of determining whether or not they comply with the requirements of this act. The director is authorized, upon presentation of proper identification, to enter any distributor's premises, including any vehicle of transport, at all reasonable times in order to have access to pesticides or devices. If it appears from such examination that a pesticide or device fails to comply with the provisions of this act or regulations adopted thereunder, and the director contemplates instituting criminal proceedings against any person, the director shall cause notice to be given to such person. Any person so notified shall be given an opportunity to present his views, either orally or in writing, with regard to the contemplated proceedings. If thereafter in the opinion of the director it appears that the provisions of the act or regulations adopted thereunder have been violated by such person, the director shall refer a copy of the results of the analysis or the examination of such pesticide or device to the prosecuting attorney for the county in which the violation occurred.

NEW SECTION. Sec. 29. Nothing in this act shall be construed as requiring the director to report for prosecution or for the institution of condemnation proceedings minor violations of this act when he believes that the public interest will be best served by a suitable notice of warning in writing.

NEW SECTION. Sec. 30. The penalties provided for violations of section 15 (1) (a), (b), (c), (d), and (e) of this act shall not apply to:

(1) Any carrier while lawfully engaged in transporting a pesticide within the state, if such carrier, upon request, permits the director to copy all records showing the transaction in and movement of the articles.

(2) Public officials of the state and the federal government engaged in the performance of their official duties.

(3) The manufacturer or shipper of a pesticide for experimental use only by or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of pesticides.

NEW SECTION. Sec. 31. No pesticides shall be deemed in violation of this act when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported, all the provisions of this act shall apply.

NEW SECTION. Sec. 32. The license provisions of this act

shall not apply to any pharmacist who is licensed pursuant to chapter 18.64 RCW and does not distribute any pesticide required to be registered under the provisions of this act.

NEW SECTION. Sec. 33. Any person violating any provisions of this act or regulations adopted thereunder is guilty of a misdemeanor.

NEW SECTION. Sec. 34. The director may bring an action to enjoin the violation or threatened violation of any provision of this act or any regulation made pursuant to this act in a court of competent jurisdiction of the county in which such violation occurs or is about to occur.

NEW SECTION. Sec. 35. No person charged with the enforcement of any provision of this act shall be directly or indirectly interested in the sale, manufacture or distribution of any pesticide or device.

NEW SECTION. Sec. 36. No state court shall allow the recovery of damages from administrative action taken or for "stop sale, use or removal" if the court finds that there was probable cause for such action.

NEW SECTION. Sec. 37. The department shall publish at least annually and in such form as it may deem proper, results of analyses based on official samples as compared with the analyses guaranteed and information concerning the distribution of pesticides: PROVIDED, That individual distribution information shall not be a public record.

NEW SECTION. Sec. 38. The pesticide advisory board shall advise the director on any or all problems relating to the formulation, distribution, storage, transportation, disposal, and use of pesticides in the state.

NEW SECTION. Sec. 39. (1) There is hereby created a pesticide control board consisting of the dean of the college of agriculture at Washington State University; the secretary, of the department of social and health services or his designee; the director of the department of ecology; and the director of the department of agriculture. This board is created to assure the continuation of this state's basic policy of protecting and improving its environmental quality which is a matter of the utmost public concern.

(2) The pesticide control board shall, at least once each year prior to November 1, make a determination of what persistent pesticides shall be limited to essential uses, list what the essential uses shall be for pesticides so classified, and establish a time schedule for compliance. This annual determination shall include a review of existing essential uses for such pesticides. In determining what pesticides are classified as persistent (pesticides

which, following application, degrade or dissipate slowly in the environment), the board shall take into consideration but shall not be limited by determinations made by federal agencies, including the federal environment protection agency. The classification of persistent pesticides shall include but not necessarily be limited to DDT, aldrin, dieldrin, endrin, heptachlor, chlordane, benzene hexachloride, lindane, toxaphene and compounds containing arsenic, lead, or mercury. The findings of the board in regard to persistent pesticides and essential uses shall be implemented by department regulations.

(3) In making its determination of essential uses of any pesticide, the pesticide control board shall consider the need for control of the target pest, whether effective alternate materials are available, whether the use of such alternate materials is practical, and whether the use of such alternate materials is less hazardous to the environment and/or public health and welfare.

(4) The determinations made by the pesticide control board under the provisions of this act shall be applicable and controlling to the administration and enforcement of chapter 17.21 RCW.

NEW SECTION. Sec. 40. The director is authorized to cooperate with and enter into agreements with any other agency of the state, the United States, and any other state or agency thereof for the purpose of carrying out the provisions of this act and securing uniformity of regulation.

NEW SECTION. Sec. 41. All moneys received by the director under the provisions of this act shall be paid into the state treasury.

NEW SECTION. Sec. 42. The effective date of this act is July 1, 1971: PROVIDED, That the effective date of sections 21, 22 and 23 is March 1, 1973.

NEW SECTION. Sec. 43. The repeal of RCW 15.57.010 through 15.57.930 and the enactment of this act shall not be deemed to have repealed any regulations adopted under the provisions of RCW 15.57.010 through 15.57.930 in effect immediately prior to such repeal and not inconsistent with the provisions of this act. All such regulations shall be considered to have been adopted under the provisions of this act.

NEW SECTION. Sec. 44. The enactment of this act shall not have the effect of terminating, or in any way modifying, any liability, civil or criminal, which shall already be in existence on the date this act becomes effective.

NEW SECTION. Sec. 45. Any registration, license, or permit issued under the provisions of chapter 15.57 RCW and in effect on the effective date of this act shall continue in full force and effect until its expiration date, as if it has been issued under the

provisions of this act, unless revoked prior thereto for cause by the director.

NEW SECTION. Sec. 46. If any provisions of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

CHAPTER 194

[House Bill No. 992]

AIR POLLUTION--

EPISODE AVOIDANCE PLANS--

EMERGENCY ORDERS

AN ACT Relating to air pollution; authorizing the issuance of orders; authorizing episode avoidance plans; adding new sections to chapter 232, Laws of 1957 and to chapter 70.94 RCW; and repealing section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety.

NEW SECTION. Sec. 2. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the

phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with

applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in section 3 of this 1971 act.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW.

NEW SECTION. Sec. 3. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative.

NEW SECTION. Sec. 4. Whenever any order has been issued pursuant to this act, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety.

NEW SECTION. Sec. 5. Orders issued to declare any stage of an air pollution episode avoidance plan under section 2 of this 1971 act, and to declare an air pollution emergency, under section 3 of this 1971 act, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions,

according to sections 2 and 3 of this 1971 act shall be effective immediately and shall not be stayed pending completion of review.

NEW SECTION. Sec. 6. Sections 1 through 5 of this 1971 act are added to chapter 232, Laws of 1957 and to chapter 70.94 RCW.

NEW SECTION. Sec. 7. Section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415 are each repealed.

Passed the House May 10, 1971.

Passed the Senate May 9, 1971.

Approved by the Governor May 21, 1971.

The issuance of a certificate of need for a specific project in a hospital's or nursing home's long-range plan shall not constitute a guarantee that all future proposals contained in that long-range plan will receive a certificate of need; however, the existence of previously certified projects that reduce the overall cost of future projects shall be taken into account by

the regional planning agency and the secretary in reviewing subsequent proposals.

NEW SECTION. Sec. 20. "Forest land" means any land which has enough timber, standing or down, or ((inflammable)) flammable material, to constitute in the judgment of the ((director)) department a fire menace to life or property: PROVIDED, That sagebrush and grass areas east of the summit of the Cascade mountains are not included unless such areas are adjacent to or intermingled with areas supporting tree growth;

"Forest landowner" means the owner or the person in possession of any public or private forest land defined in this section;

"Forest material" means forest slashing, chopping, woodland, or brushland;

"Landowner operation" means every activity, and supporting activities, of a forest landowner, his agents, employees, or independent contractors or permittees therewith in the management and use of forest land for the primary benefit of the owner. Sec. 2. Section 16, chapter 125, Laws of 1911 as last amended by section 3, chapter 151, Laws of 1959, and RCW 76.04.310 are each amended to read as follows:

Everyone clearing land or clearing right of way for railroad, public highway, private road, ditch, dike, pipe or wire line, or for any other transmission, or transportation utility right of way, shall pile and burn ~~((on such right of way))~~ or dispose of by other satisfactory ~~((procedure))~~ means, all ~~((refuse timber, brush, and))~~ forest debris cut thereon, as rapidly as the clearing or cutting progresses, or at such other times as the ~~((forester))~~ department may specify, and if during the closed season, in compliance with the law requiring burning permits.

No one clearing any land or right of way, or in cutting or logging timber for any purpose, shall fell, or permit to be felled, any trees so that they may fall on to land owned by another without first obtaining permission from such owner in addition to complying with the terms of this section for the disposal of refuse. All the terms of this section and other forest laws of the state shall be observed in all clearings of right of way or other land on behalf of the state itself or any county thereof, either directly or by contract; and, unless unavoidable emergency prevents, provision shall be made by all officials directing such work for withholding a sufficient portion of the payment therefor until the disposal is completed, to insure the completion of the disposal in compliance with this section.

Sec. 3. Section 4, chapter 105, Laws of 1917 as last amended by section 1, chapter 235, Laws of 1951 and RCW 76.04.370 are each amended to read as follows:

Any land in the state covered wholly or in part by ~~((inflammable))~~ forest debris ~~((created by logging or other forest operations, land clearing, or right of way clearing))~~ and which by reason of such condition is likely to further the spread of fire and thereby endanger life or property, shall constitute ~~((a))~~ an additional fire hazard, and the owner thereof and/or the person responsible for its existence shall take reasonable measures to reduce the danger of fire spreading from the area and may abate such hazard by burning or other satisfactory means. ~~((If the state shall incur any expense from fire fighting made necessary by reason of such hazard, it may recover the cost thereof from the person responsible for the existence of such hazard or the owner of the land upon which such hazard existed, and the state shall have a lien upon the land therefor enforceable in the same manner and with the same effect as a mechanic's lien. Nothing in this section shall apply to land for which a certificate of clearance has been issued.))~~

Notwithstanding the above, the department shall promulgate rules and regulations defining areas of extreme fire hazard including but not limited to high risk areas such as where life or buildings may be endangered, areas adjacent to public highways, and areas of

frequent public use and the owner and/or person responsible shall abate such hazard; and in addition the department may define other conditions of extreme fire hazard with a high potential for fire spreading to lands in other ownerships and may, under rules and regulations adopted after consultation with the advisory board, prescribe additional measures that shall be taken by the owner and/or person responsible to isolate and/or reduce such hazard.

If the owner or person responsible for the existence of such extreme hazard or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, refuses, neglects, or fails to abate, isolate or reduce the ((hazard)) same, the ((supervisor)) department may summarily cause it to be abated, isolated, or reduced as required in this act and twice the actual cost thereof may be recovered from the owner or person responsible therefor ((and)). Such costs shall include all salaries and expenses of men and equipment incurred therein, including those of the department. All such costs shall also be a lien upon the land enforceable in the same manner with the same effect as a mechanic's lien. The summary action may be taken only after ((twenty)) ten days' notice in writing, which shall include a suggested method of abatement and estimated cost thereof, has been given to the owner or reputed owner of the land on which ((the)) such hazard or forest debris subject to RCW 76.04.310 as now or hereafter amended exists, either by personal service or by registered or certified letter addressed to him at his last known place of residence.

Sec. 4. Section 3, chapter 105, Laws of 1917 as last amended by section 9, chapter 58, Laws of 1951 and RCW 76.04.380 are each amended to read as follows:

Any fire on or threatening any forest land burning uncontrolled and without proper action being taken to prevent its spread, notwithstanding the origin of such fire, is a public nuisance by reason of its menace to life and property. ((The owner, operator, or)) Any person ((in possession of land, on which a fire exists, or from which it may have spread)) engaged in any activity on such lands, having knowledge of such fire, notwithstanding the origin or subsequent spread thereof on his own or other forest lands, and/or the landowner, shall make every reasonable effort to ((control and extinguish)) suppress such fire ((immediately after receiving written notice to do so from the supervisor, or a warden or ranger)) and to prudently report the same to the department. If such ((owner, operator, or)) person ((in possession refuses, neglects, or fails to do so)) has not suppressed such fire, the ((supervisor or any fire warden or forest ranger)) department shall summarily ((abate)) suppress the ((nuisance thus constituted by controlling or extinguishing the)) fire and the cost thereof may be recovered from

((such) the owner, ((operator, or person in possession and if the work is performed on the property of the offender,)) lessee, or other possessor of the land and the cost of the work shall also constitute a lien upon the property or chattels under his ownership. Such lien may be filed by the ((supervisor)) department in the office of the county auditor and foreclosed in the same manner provided by law for the foreclosure of mechanics' liens. The prosecuting attorney shall bring the action to recover the cost or foreclose the lien, upon the request of the ((supervisor)) department: PROVIDED, That in the absence of negligence, no costs, other than those provided in section 5 of this 1971 amendatory act shall be recovered from any landowner for lands subject to the forest patrol assessment with respect to the land on which the fire burns.

((The payment of forest patrol assessment on the land shall be interpreted as a reasonable effort in suppressing and extinguishing any fire on the land except when the fire started on that land as a result of owner/operator negligence and except when extra debris is present as described under laws pertaining to slash responsibility.))

When a fire occurs in a ((logging)) land clearing, right of way clearing, or landowner operation it shall be fought to the full limit of the available employees and equipment, and such fire fighting shall be continued with the necessary crews and equipment in such numbers as are, in the opinion of the ((supervisor or his authorized deputies,)) department sufficient to ((bring)) suppress the fire ((to a patrol basis, and)). The fire shall not be left without a fire fighting crew or fire patrol until authority so to do has been granted in writing by the ((supervisor, or his authorized deputies)) department.

NEW SECTION. Sec. 5. There is added to chapter 76.04 RCW a new section to read as follows:

Any person, firm, or corporation, public or private, obligated to take suppression action on any forest fire shall, under the provisions of this section, be entitled to reimbursement for reasonable costs incurred thereby, subject to the following:

(1) If the fire is started in the course of or as a result of a land clearing, right of way clearing, or landowner's operation, the person, firm, or corporation conducting such operation shall supply at his expense the manpower and equipment under his control, within a one-half mile radius of the point of origin of such fire, but in any case never less than five men and one suitable bulldozer, unless, in the opinion of the department, fewer men are needed for the purpose of suppressing the same. If he has no men or equipment within the said one-half mile he shall pay to the department the equivalent of the minimum requirement. If additional manpower and equipment are necessary, in the opinion of the department, he shall supply the

manpower and equipment under his control outside such one-half mile radius, if reasonably available, but he shall be reimbursed for such manpower and equipment as provided herein;

(2) Claims for reimbursement shall be submitted within a reasonable time to the department which shall, upon verifying the amounts therein and the necessity therefor, authorize payment at such rates as established by the department for wages and equipment rental;

(3) No reimbursement provided herein shall be allowed to a person, firm, or corporation negligently responsible for the starting or existence of any fire for which costs may be recoverable by the department pursuant to law.

Reimbursement of emergency fire costs incurred or approved by the department in suppressing a forest fire may be paid from the appropriate contingency account as provided therein. Such payment shall be without restriction to the right of the department to recover costs pursuant to the provisions of RCW 76.04.390 as now or hereafter amended or other laws but any such recovery by the department shall be returned into the account from which it was spent, less reasonable costs of collection.

Sec. 6. Section 11, part, chapter 184, Laws of 1923 and RCW 76.04.390 are each amended to read as follows:

Any person, firm, or corporation negligently responsible for the starting or existence of a fire which spreads on forest land, including permitting the existence of an extreme fire hazard under RCW 76.04.370, as now or hereafter amended, after failure to abate, isolate, or reduce, as required in this 1971 amendatory act, or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, and which contributes to the spread of said fire, shall be liable for any expense made necessary by such negligence, incurred by the state, a municipality, or a forest protective association, in fighting such fire provided that such expense was ((at the time incurred;)) authorized or subsequently approved by the ((state supervisor of forestry or by one of his duly appointed and acting district or state fire wardens)) department. The department or agency incurring such expense shall have a lien for the same against any property of said person, firm, or corporation liable as above provided by filing a claim of lien naming said person, firm, or corporation describing the property against which the lien is claimed, specifying the amount expended on the lands on which the fire fighting took place and the period during which the expenses were incurred, and signed by the claimant with post office address. No claim of lien shall be valid unless filed with the county auditor of the county in which the property sought to be charged is located within a period of ninety days after the expenses of the claimant

were incurred. The claimant may recover said expenses incurred in a civil action against said person, firm, or corporation liable therefor, and shall have in addition the lien remedy above provided. Said lien may be foreclosed in the same manner as a mechanic's lien is foreclosed under the statutes of the state of Washington.

Sec. 7. Section 1, chapter 332, Laws of 1959 and RCW 76.04.510 are each amended to read as follows:

There is created a general contingency forest fire suppression account which shall be a separate account in the general fund. The account is for the purpose of paying the emergency fire costs and expenses incurred and/or approved by the department in forest fire suppression ((and shall be used by the department of natural resources for emergency employment of men, rental of equipment, and purchase of supplies over and above those regularly employed, or purchased by the department of natural resources, when such employment, rental, or purchase is made necessary by forest fire suppression)) or in reacting to any potential forest fire situation. When a determination is made that the fire started in the course of or as a result of a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from the landowner contingency forest fire suppression account. The ((commissioner of public lands)) department shall transmit to the state treasurer for deposit in the general contingency forest fire suppression account any moneys paid out of said account which are later recovered and said moneys may be spent for purposes set forth herein during the current biennium, without reappropriation. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer.

NEW SECTION. Sec. 8. There is added to chapter 76.04 RCW a new section to read as follows:

There is created a landowner contingency forest fire suppression account which shall be a separate account in the general fund. This account shall be for the purpose of paying emergency fire costs incurred or approved by the department in the suppression of forest fires. When a determination is made that the fire was started by other than a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from the general contingency forest fire suppression account. Moneys spent from this account shall be by appropriation. The department shall transmit to the state treasurer for deposit in the landowner contingency forest fire suppression account any moneys paid out of said account which are later recovered, less reasonable costs of recovery, which moneys may be expended for purposes set forth herein during the current biennium, without reappropriation.

This account shall be established and renewed by a special forest fire suppression account assessment paid by participating forest landowners at rates to be established by the department, but not to exceed five cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in said account of one million dollars. The assessments with respect to forest lands in western and eastern Washington may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by participating landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made, and may be collected as directed by the department in the same manner as forest patrol assessments. This account shall be held by the state treasurer who is authorized to invest so much of said account as is not necessary to meet current needs. Any interest earned on moneys from said account shall be deposited in and remain a part of the account, and shall be computed as part of the same in determining the balance thereof. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer, provided that the effect of the loan is considered for purposes of determining the assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.390 as now or hereafter amended, or other laws.

When the department determines that a forest fire was started in the course of or as a result of a participating landowner operation, it shall notify any person, firm, or corporation, public or private, in whose operation the fire started, and the forest fire advisory board of such determination. Such determination shall be final, unless, within ninety days of such notification, the person, firm, or corporation notified, or the forest fire advisory board or any interested party, serves a request for a hearing before the department. Such hearing shall constitute a contested case under chapter 34.04 RCW and any appeal therefrom shall be to the superior court of Thurston county.

NEW SECTION. Sec. 9. There is added to chapter 76.04 RCW a new section to read as follows:

There is hereby created a forest fire advisory board, consisting of seven members who shall represent private and public forest landowners and other interested segments of the public. The members shall be appointed by the commissioner of public lands and shall serve at his pleasure, without compensation.

The duties of the forest fire advisory board shall be strictly advisory and shall include, but not necessarily be limited to, reviewing forest fire policy and protection budgets of the

department; monitoring expenditures from and recoveries for the landowner contingency forest fire suppression account; recommending appropriate assessments and allocations for establishment and replenishment of said account based upon the proportionate expenditures necessitated by participating landowner operations in western and eastern Washington; recommending to the department appropriate rules and regulations or amendments to existing rules and regulations and reviewing nonemergency rules and regulations, affecting the protection of forest lands from fire, including reasonable alternative means or procedures for the abatement, isolation, or reduction of forest fire hazards. Except where an emergency exists, all rules and regulations as to the above shall be promulgated by the department after consultation with the forest fire advisory board.

Sec. 10. Section 2, chapter 193, Laws of 1945 as last amended by section 1, chapter 79, Laws of 1957 and RCW 76.08.010 are each amended to read as follows:

As used in this chapter:

The term "supervisor" means the supervisor of forestry;

The term "department" means the department of conservation and development;

The term "owner" means the owner of any forest land;

The term "adequate restocking or stocking" means a stand of not less than three hundred thrifty established live seedlings per acre of commercial species predominant on the area cut of which at least one hundred shall be well distributed, or not less than three hundred surviving trees per acre which were established by artificial means;

The term "merchantable stand of timber" means any stand of timber consisting of not less than two thousand board feet per acre of currently merchantable live timber as measured by the Scribner Decimal C log rule, or three hundred cubic feet as measured by the Sorenson log rule, or four standard cords;

The term "seed trees" means trees of commercial species that are sixteen inches or more in diameter breast high having a moderately dense live crown making up at least one-third of the total tree height. Seed trees must be thrifty and must be undamaged;

The term "operator" means any person who engages in logging of timber for commercial purposes from any land within the state;

The term ("~~certificate of clearance~~" means a ~~certificate of slash clearance as defined by RCW 76-04-230~~) "additional fire hazard" means an additional fire hazard as defined in RCW 76.04.010.

Sec. 11. Section 5, chapter 193, Laws of 1945 as last amended by section 3, chapter 79, Laws of 1957 and RCW 76.08.050 are each amended to read as follows:

The provisions of this chapter shall be deemed to have been complied with in the area east of the summit of the Cascade mountains if ((at the time of issuance of a certificate of clearance by the supervisor) the department finds that an additional fire hazard created by logging operations has been abated or five years have elapsed after completion of such logging, and there shall have been reserved a sufficient number of thrifty undamaged seedlings and/or trees to adequately stock the areas cut over or there shall have been left uncut seed trees of commercial species predominant in the stand that are sixteen inches in diameter or larger breast high outside the bark in a quantity sufficient to aggregate four thrifty seed trees per acre well distributed over each forty acre subdivision or portion thereof cut over by the permittee, provided that the distance from seed trees to cut over areas that are not adequately stocked shall not be more than two hundred feet.

On areas which support stands other than Ponderosa pine the permittee may leave five percent of each forty-acre subdivision or portion thereof reserved and uncut and well stocked with thrifty commercial species predominant in the stand that are sixteen inches or more in diameter or are of a diameter representative of the stand harvested.

Sec. 12. Section 6, chapter 193, Laws of 1945 as last amended by section 2, chapter 44, Laws of 1953 and RCW 76.08.060 are each amended to read as follows:

The provisions of this chapter shall be deemed to have been complied with in the area west of the summit of the Cascade mountains, if ((at time of issuance of a certificate of clearance by the supervisor) the department finds an additional fire hazard created by logging operations has been abated or five years have elapsed after completion of such logging, except ten years where fifty percent or more of the volume was cedar, and there ((have)) has been reserved and left uncut not less than five percent of each quarter section, or lesser subdivision, well stocked with commercial coniferous trees not less than sixteen inches in diameter breast high outside the bark until such time as the area is adequately stocked by natural means. On areas that support stands where the average tree is less than sixteen inches in diameter the designated seed area left uncut shall be not less than five percent of each quarter section or lesser subdivision and shall be left untouched unless the entire subdivision is being cut on the basis of thinning for stand improvement. The foregoing may be accomplished by leaving marginal long corners of timber between logged areas, or strips of timber across valleys, or along ridges and natural firebreaks, or by leaving staggered settings and uncut settings.

Sec. 13. Section 9, chapter 125, Laws of 1911 as last amended

by section 3, chapter 207, Laws of 1929, and RCW 76.04.18C are each amended to read as follows:

No one shall burn any forest material or the waste or debris resulting from logging or land clearing operations until such work shall have been done in and around the slashing or chopping and/or the area proposed to be burned over to prevent the spread of fire therefrom as shall be required to be done by the state supervisor of forestry, or any warden or ranger. The said supervisor or any warden or ranger may require the cutting of such dry snags, stumps and dead trees within the area to be burned, which in his judgment constitute a menace or are likely to further the spread of fire therefrom.

When any person shall have obtained permission from the said supervisor, warden or ranger, to burn any slashings made for the purpose of clearing land, the warden may, at his discretion, furnish him with a man to supervise and control the burning, who shall represent and act for such warden, and shall have all the power and authority of a warden while engaged in such service, including the right to revoke such permit, if in his opinion the burning authorized would endanger any valuable timber or other property. Such a man shall serve only until such time as the party burning may be able to keep the fire under control himself.

The said supervisor and wardens are hereby authorized and empowered to employ a sufficient number of men to extinguish or prevent the spreading of any fires that may be in danger of destroying any valuable timber or other property of the state. The said supervisor, or any warden by special authority of the said supervisor, may provide needed tools and supplies, and transportation when necessary for men so employed.

Every man so employed, and also the representative of the warden supervising the burning, shall be entitled to compensation at a rate to be fixed by the director of the department of conservation and development, and the warden shall issue a certificate to each man so employed showing the number of hours worked by him and the amounts due to him, upon which, after approval by said supervisor, the men shall be entitled to receive payment from the state ((in the manner provided for in RCW 76-04-040)).

Any person refusing to render assistance when called upon by any warden, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than ten dollars nor more than one hundred dollars.

Sec. 14. Section 2, chapter 105, Laws of 1917 as last amended by section 1, chapter 123, Laws of 1959 and RCW 76.04.360 are each amended to read as follows:

If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, ((the

administrator of) the department ((of natural resources, through the supervisor of natural resources;)) shall provide such protection therefor, notwithstanding the provisions of section 9 of this act, at a cost to the owner of not to exceed nine cents an acre per year on lands west of the summit of the Cascade mountains and seven cents an acre per year on lands east of the summit of the Cascade mountains; PROVIDED, That for the calendar years 1971 and 1972 the cost to the owner for such protection shall be eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains((+)) after which time said additional assessment shall revert to the 1970 level. During said calendar years Legislative Budget Committee shall study the costs of forest fire protection to determine the ratio of financial support to be borne by the state to that of the forest land owner.

The findings of the Legislative Budget Committee shall be considered when establishing the forest patrol assessment for the ensuing biennium.

((and)) For ((that)) the purpose of this act, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor may upon authorization from the supervisor of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in chapter 52.04.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties

attached that the next general state and county taxes on the same property are collected, except that errors in assessment may be corrected at any time by the supervisor of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which fire patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of natural resources the amount of the outstanding patrol assessments.

The supervisor of natural resources shall furnish a good and sufficient surety company bond running to the state, in a sum as great as the probable amount of money annually coming into his hands under the provisions of this chapter, conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general.

NEW SECTION. Sec. 17. There is hereby appropriated to the

department of natural resources from the landowner contingency forest fire suppression account for the fiscal biennium ending June 30, 1973, the sum of one million dollars, or so much thereof as may be necessary to carry out the provisions of this 1971 amendatory act.

NEW SECTION. Sec. 19. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing institutions, and shall take effect immediately.

AN ACT Relating to ground water wells; providing for the licensing of water well construction operators and for the regulation of water well construction; adding a new chapter to Title 18 RCW; providing penalties; and declaring an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The legislature declares that the drilling, making or constructing of water wells using the ground water resources within the state is a business and activity of vital interest to the public. In order to protect the public health, welfare, and safety of the people it is necessary that provision be made for the regulation and licensing of water well contractors and operators and for the regulation of water well construction.

NEW SECTION. Sec. 2. As used in this act, unless a different meaning is plainly required by the context:

(1) "Constructing a well" or "construct a well" means and includes boring, digging, drilling, or excavating and installing casing, sheeting, lining or well screens, whether in the installation of a new well or in the alteration of a existing well.

(2) "Department" means the department of ecology.

(3) "Director" means the director of the department of ecology.

(4) "Examining board" means the board established pursuant to section 9 of this act.

(6) "Operator" means any person, other than a person exempted by section 18 of this act, who is employed by a water well contractor for the control and supervision of the construction of a water well or for the operation of water well construction equipment.

(7) "Water well" means and includes any excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed when the intended use of the well is for the location, diversion, artificial recharge, or withdrawal of ground water. "Water

well" does not mean an excavation made for the purpose of obtaining or prospecting for oil, natural gas, minerals or products of mining, or quarrying, or for inserting media to repressure oil or natural gas bearing formations, or for storing petroleum, natural gas or other products.

(8) "Water well contractor" means any person, firm, partnership, copartnership, corporation, association, or other entity engaged in the business of constructing water wells.

NEW SECTION. Sec. 3. It is unlawful:

(1) For any water well contractor to construct a water well for compensation without complying with the licensing provisions of this act;

(2) For any water well contractor to construct a water well for compensation without complying with the rules and regulations for water well construction adopted pursuant to this act;

(3) For any water well construction operator to supervise the construction of a water well without having an operators license as provided in this act.

NEW SECTION. Sec. 4. The department shall have the power:

(1) To issue, deny, suspend or revoke licenses pursuant to the provisions of this act;

(2) To enter upon lands for the purpose of inspecting any water well, drilled or being drilled, at all reasonable times;

(3) To call upon or receive professional or technical advice from any public agency or any person;

(4) To make such rules and regulations governing licensing hereunder and water well construction as may be appropriate to carry out the purposes of this act. Without limiting the generality of the foregoing, the department may in cooperation with the department of social and health services make rules and regulations regarding:

(a) Standards for the construction and maintenance of water wells and their casings;

(b) Methods of sealing artesian wells and water wells to be abandoned or which may contaminate other water resources;

(c) Methods of artificial recharge of ground water bodies and of construction of wells which insure separation of individual water bearing formations;

(e) Reporting requirements of water well contractors;

(f) Limitations on water well construction in areas identified by the department as requiring intensive control of withdrawals in the interests of sound management of the ground water resource.

NEW SECTION. Sec. 5. In order to enable the state to protect the welfare, health and safety of its citizens, any water well

contractor shall furnish a water well report to the director within thirty days after the completion of the construction or alteration by him of any water well. The director, by regulation, shall prescribe the form of the report and the information to be contained therein.

NEW SECTION. Sec. 6. Notwithstanding and in addition to any other powers granted to the department, whenever it appears to the director, or to an assistant authorized by the director to issue regulatory orders under this section, that a person is violating or is about to violate any of the provisions of this act, the director, or his authorized assistant, may cause a written regulatory order to be served upon said person either personally, or by registered or certified mail delivered to the addressee only with return receipt requested and acknowledged by him. The order shall specify the provision of this act, and if applicable, the rule or regulation adopted pursuant to this act alleged to be or about to be violated, and the facts upon which the conclusion of violating or potential violation is based, and shall order the act constituting the violation or the potential violation to cease and desist or, in appropriate cases, shall order necessary corrective action to be taken with regard to such acts within a specific and reasonable time. A regulatory order issued hereunder shall become effective immediately upon receipt by the person to whom the order is directed, and shall become final unless review thereof is requested as provided in this act.

NEW SECTION. Sec. 7. Except as provided in section 18 of this act, no person may contract to engage in the construction of a water well and no person may act as an operator without first obtaining a license by applying to the department.

A person shall be qualified to receive a water well construction operators license if he:

- (1) Has made application therefor to the department and has paid to the department an application fee of twenty-five dollars; and
- (2) Has passed a written examination as provided for in section 8 of this act: PROVIDED, That should any applicant establish his illiteracy to the satisfaction of the department, such applicant shall be entitled to an oral examination in lieu of the written examination authorized herein.

Licenses hereunder shall, in order to construct water wells, be exempt from the registration requirements of chapter 18.27 RCW.

NEW SECTION. Sec. 8. The examination, which is made a prerequisite for obtaining a license hereunder, shall be prepared to test knowledge and understanding of the following subjects:

The department shall make a determination of the applicant's qualifications for a license within ten days after the examination.

NEW SECTION. Sec. 9. Examinations hereunder shall be prepared, administered and evaluated by a three member examining board. The director shall accept the examining board's determination with regard to examination results and shall not substitute his judgment in such matter for that of the examining board. The examining board shall be appointed as follows: One member shall be named from the department by the director, one member from the department of social and health services by the secretary, and one member shall be appointed by the governor for a term of two years, expiring on June 30 of each odd-numbered year; the latter being a person other than one employed by the state, actively engaged in water well drilling activities at the time of his appointment. NEW SECTION. Sec. 10. The term for the effectiveness of any license issued pursuant to this act shall be one year, commencing on the date the license is issued. Every license shall be renewed annually upon payment of a renewal fee of ten dollars. If a licensee fails to submit an application for renewal, together with the renewal fee, before the end of the effective term of his license, his license shall be suspended for thirty days on notice by the director. If his renewal fee is paid prior to the end of said suspension period, the suspension shall automatically terminate. If during the period of suspension renewal is not completed, his license shall be revoked: PROVIDED, That the director shall give the licensee ten days notice prior to the revocation of any license for failure to renew.

A person whose license is revoked under this section and who thereafter desires to engage in the supervision of construction of water wells must make application for a new license and pay twenty-five dollars as provided in section 7 of this act.

NEW SECTION. Sec. 11. In cases other than those relating to the failure of a licensee to renew a license, any license issued hereunder may be suspended or revoked by the director for any of the following reasons:

Any final

order shall be subject to judicial review in accordance with chapter 43.21B RCW.

The issuance of a regulatory order hereunder, the granting or denial of a license hereunder and the revocation or suspension of a license pursuant to section 11 of this act shall be deemed to be orders for the purposes of this section.

period of sixty days from the date of service or mailing of said notice. If at the expiration of the sixty days from the service or mailing of the notice, as above provided, there being no conflicting applications filed, and the owner of land fronting upon the tide or shore lands offered for lease has failed to avail himself of his preference right to apply to lease or to pay to the department the appraised value for lease of the tide or shore lands described in said notice, then in that event, said tide or shore lands may be offered for lease and leased in the manner provided for the lease of state lands.

If at the expiration of sixty days two or more applicants claiming a preference right to purchase shall have filed applications to purchase any tract, conflicting with each other, the commissioner of public lands shall forthwith require each applicant, within a time stated, to submit under oath a full statement of facts whereby he claims a preference right of purchase.

In case any applicant shall fail to file such statement within the time stated, he shall, unless good excuse be shown therefor, be deemed to have waived his claim to a right of purchase of the tract described in his application.

After such statements have been filed, if it be deemed advisable or necessary by the commissioner of public lands in order to determine the rights of the parties applying for said tract, he may order a hearing for that purpose.

The commissioner shall determine who has the first right of

purchase to the whole, or any portion of the lot or tract, involved, and shall, unless appeal be taken from his determination to the superior court of the county in which the land is situated, proceed to sell such lands in accordance with his determination.

In case of appeal the court after a hearing de novo shall enter an order determining the rights of the parties to the appeal and the commissioner of public lands shall proceed to sell the lands in accordance with the court's determination.)

The commission is authorized, prior to the receipt of taxes raised by levy, to borrow money or issue warrants of the district in anticipation of the revenue to be derived by such district from the levy of taxes for the purpose of such district, and such warrants shall be redeemed from the first money available from such taxes when collected, and such warrants shall not exceed the anticipated revenues of one year, and shall bear interest at a rate or rates as authorized by the commission.

(7) To enter into any contract with the United States government or any state, municipality or other hospital district, or any department of those governing bodies, for carrying out any of the powers authorized by this chapter.

(8) To sue and be sued in any court of competent jurisdiction: PROVIDED, That all suits against the public hospital district shall be brought in the county in which the public hospital district is located.

Sec. 3. Section 14, chapter 264, Laws of 1945 and RCW 70.44.130 are each amended to read as follows:

The principal and interest of such general bonds shall be paid ((from the revenues of such public hospital district after deducting costs of maintenance, operation, and expenses of the public hospital district, and any deficit in the payment of principal and interest of said general bonds shall be paid)) by levying each year a tax upon the taxable property within the district sufficient, together with other revenues of the district available for such purpose, to pay said interest and principal of said bonds, which tax shall be due and collectible as any other tax. Said bonds shall be sold in such manner as the commission shall deem for the best interests of the district. All bonds and warrants issued under the authority of this chapter shall be legal securities, which may be used by any bank or trust company for deposit with the state treasurer, or any county or city treasurer, as security for deposits, in lieu of a surety bond, under any law relating to deposits of public moneys.

NEW SECTION. Sec. 4. Notwithstanding any other provision of law, including RCW 70.44.040, whenever the boundary line between contiguous hospital districts bisects an irrigation block unit placing part of the unit in one hospital district and the balance thereof in another such district, the county auditor, upon his approval of a request therefor after public hearing thereon, shall change the hospital district boundary lines so that the entire farm unit of the person so requesting shall be wholly in one of such hospital districts and give notice thereof to those hospital district and county officials as he shall deem appropriate therefor.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. It is the intent of the legislature that hereafter, and notwithstanding any existing law to the contrary, every plan and specification for the erection of any public accommodation shall make provision for the following:

(1) Access into and within said building to accommodate the aging, as well as physically handicapped persons;

For the purpose of this act a "public accommodation" shall mean a building, structure or improved area which is used primarily by the general public as a place of gathering or amusement including, but not limited to, theatres, restaurants, hotels, and stadiums. All such buildings and facilities constructed in this state after the effective date of this act shall conform to the standards and specifications prescribed herein, excepting in the case of those buildings or facilities for which contracts for the planning or design have been awarded prior to the effective date, and unless the administrative authority determines, after considering all circumstances applying to the building, structure, or improved area that full compliance is impracticable. This act shall apply to temporary or emergency construction as well as permanent buildings.

NEW SECTION. Sec. 3. (1) The minimum standards and specifications required by this act shall be those set forth in the booklet entitled "American Standard Specifications for Making Buildings and Facilities Accessible to and Usable by the Physically Handicapped" (U.S. Patent A117.1-1961), approved October 31, 1961, by the American Standards Association, Incorporated, or in the latest published edition of such booklet: PROVIDED, That in no event shall any standard be required which would exceed the standards for publicly funded buildings.

NEW SECTION. Sec. 4. (2) The standards and specifications shall be applicable only to those portions or parts of the building being remodeled or rehabilitated.

Any city or town owning an electrical utility shall require that bid proposals upon any electrical construction or improvement shall be made upon contract proposal form supplied by the governing authority of such utility, and in no other manner. and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the governing authority may require. Whenever the governing authority is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the governing authority determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. NEW SECTION. Sec. 2. There is added to chapter 54.04 RCW a new section to read as follows:

A district shall require that bid proposals upon any construction or improvement of any electrical facility shall be made upon contract proposal form supplied by the district commission, and in no other manner. The district commission shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at

such other times as the district commission may require. Whenever the district commission is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the district commission determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

- (1) Adequate financial resources, or the ability to secure such resources;
- (2) The necessary experience, organization, and technical qualifications to perform the proposed contract;
- (3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
- (4) A satisfactory record of performance, integrity, judgment, and skills; and
- (5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of the county where the utility district is situated or Thurston county be taken within fifteen days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the district commission.

Sec. 3. Section 3, chapter 124, Laws of 1955 and RCW 54.04.080 are each amended to read as follows:

The notice shall state generally the work to be done, or the material to be purchased and shall call for proposals for ~~((doing))~~ furnishing it, to be sealed and filed with the commission on or before the time named therein. Each bid shall be accompanied by a certified or cashier's check, payable to the order of the commission, for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond unless he enters into a contract in accordance with his bid and furnishes the performance bond herein mentioned within ten days from the date on which he is notified that he is the successful bidder. At the time and place named, the bids shall be publicly opened and read, and the commission shall canvass the bids, and may let the contract to the lowest ~~((responsible))~~ bidder prequalified according to the provisions of section 2 of this 1971 amendatory act upon the plans and

specifications on file, or to the best prequalified bidder submitting his own plans and specifications: PROVIDED, That no contract shall be let for more than fifteen percent in excess of the estimated cost of the materials or work. The commission may reject all bids and readvertise, and in such case all checks shall be returned to the bidders. The commission may procure materials in the open market, have its own personnel perform the work or negotiate a contract for such work to be performed by others, in lieu of readvertising, if it receives no bid. If the contract is let, all checks shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract is entered into and a bond to perform the work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of the contract price, in accordance with the bid. If the bidder fails to enter into the contract and furnish the bond within ten days from the date at which he is notified that he is the successful bidder, his check and the amount thereof shall be forfeited to the district.

Sec. 4. Section 2, chapter 124, Laws of 1955 and RCW 54.04.070 are each amended to read as follows:

((All)) Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of five thousand dollars, exclusive of sales tax shall be by contract: PROVIDED, That a district may make purchases of the same kind of items of materials, equipment and supplies not exceeding five thousand dollars in any calendar month without a contract, purchasing any excess thereof over five thousand dollars by contract. ((and)) Any work ordered by a district commission, the estimated cost of which is in excess of ((five)) ten thousand dollars exclusive of sales tax, shall be by contract, except that a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. Prudent utility management means performing work with regularly employed personnel utilizing material of a worth not exceeding thirty thousand dollars in value without a contract: PROVIDED, That such limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project. Before awarding such a contract, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least ((thirty)) twenty days before the letting of the contract, inviting sealed proposals for the work or materials; plans and specifications of which shall at the time of the publication be on file at the office of the district subject to public inspection: PROVIDED, That any

published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond: PROVIDED, That where an emergency arises endangering the public safety, or threatening property damage, the commission may purchase materials or order work performed by others in addition to regularly employed personnel in any amount necessary without calling for bids after having taken precautions to secure the lowest price practicable under the circumstances.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. For the purposes of this act a "domestic" cooperative association or "domestic" corporation is one formed under the laws of this state, and an "ordinary business" corporation is one formed or which could be formed under Title 23A RCW.

NEW SECTION. Sec. 2. (1) A cooperative association may be converted to a domestic ordinary business corporation pursuant to the following procedures:

(a) The board of trustees of the association shall, by

affirmative vote of not less than two-thirds of all such trustees, adopt a plan for such conversion setting forth:

(i) The reasons why such conversion is desirable and in the interests of the members of the association;

(ii) The proposed contents of articles of conversion with respect to items (ii) through (ix) of subparagraph (c) below; and

(iii) Such other information and matters as the board of trustees may deem to be pertinent to the proposed plan.

(b) After adoption by the board of trustees, the plan for conversion shall be submitted for approval or rejection to the members of the association at a special meeting of such members duly called and held. The notice of the meeting shall be accompanied by a full copy of the proposed plan for conversion or by a summary of its provisions. Members shall have the right to vote upon the proposal in person, or by written proxy, or by mail. If not less than two-thirds of all of the members of the association vote in favor thereof, the plan for conversion shall thereby be approved.

(c) Upon approval by the members of the association, the articles of conversion shall be executed in triplicate by the association by its president and by its secretary and verified by one of its officers and shall set forth:

(i) The dates and vote by which the plan for conversion was adopted by the board of trustees and members respectively;

(ii) The corporate name of the converted organization. The name shall comply with requirements for names of business corporations formed under Title 23A RCW, and shall not contain the term "cooperative";

(iii) The purpose or purposes for which the converted corporation is to exist;

(iv) The duration of the converted corporation;

(v) The capitalization of the converted corporation and the class or classes of shares of stock into which divided, together with the par value, if any, of such shares, in accordance with statutory requirements applicable to ordinary business corporations, and the basis upon which outstanding shares of the association are converted into shares of the converted corporation;

(ix) Any additional provisions, not inconsistent with law, provided for by the plan for conversion for the regulation of the internal affairs of the converted corporation, including any provision restricting the transfer of shares or which under Title 23A RCW is required or permitted to be set forth in bylaws.

(d) The executed triplicate originals of the articles of conversion shall be delivered to the secretary of state. If the secretary of state finds that the articles of conversion conform to law, he shall, when all the fees have been paid as in this section prescribed:

(ii) File one of such originals in his office; and

(iii) Issue a certificate of conversion to which he shall affix one of such originals.

The certificate of conversion together with the original of the articles of conversion affixed thereto by the secretary of state, and the other remaining original shall be returned to the converted corporation. The original affixed to the certificate of conversion shall be retained by the converted corporation.

(e) Upon filing the articles of conversion the converted corporation shall pay, and the secretary of state and county auditor shall collect, the same filing and license fees as for filing with them respectively of articles of incorporation of a newly formed business corporation similarly capitalized.

(2) Upon issuance by the secretary of state of the certificate of conversion, the conversion of the cooperative association to an ordinary business corporation shall become effective; the articles of conversion shall thereafter constitute and be treated in like manner as articles of incorporation; and the converted corporation shall be subject to all laws applicable to corporations formed under Title 23A RCW, and shall not thereafter be subject to laws applying only to cooperative associations. The converted corporation shall constitute and be deemed to constitute a continuation of the corporate substance of the cooperative association and the conversion shall in no way derogate from the rights of creditors of the former association.

(3) A member of the cooperative association who dissents from the plan for conversion shall have the same right of dissent and payment and in accordance with the same applicable procedures, as are provided for dissenting shareholders with respect to merger of ordinary business corporations under chapter 23A.24 RCW.

NEW SECTION. Sec. 3. (1) A cooperative association may merge

with one or more domestic cooperative associations, or with one or more domestic ordinary business corporations, in accordance with the procedures and subject to the conditions set forth or referred to in this section.

(2) If the merger is into another domestic cooperative association, the board of trustees of each of the associations shall approve by vote of not less than two-thirds of all the trustees, a plan of merger setting forth:

- (a) The names of the associations proposing to merge;
- (b) The name of the association which is to be the surviving association in the merger;
- (c) The terms and conditions of the proposed merger;

(3) Following approval by the boards of trustees, the plan of merger shall be submitted to a vote of the members of each of the associations at special meetings of the members called for the purpose. The notice of the meeting shall be in writing stating the purpose or purposes of the meeting and include or be accompanied by a copy or summary of the plan of merger. At the meeting members may vote upon the proposed merger in person, or by proxy, or by mailed ballot. The affirmative vote of not less than two-thirds of all of the members of the association shall be required for approval of the plan of merger.

(4) Upon approval by the members of the associations proposing to merge, articles of merger shall be executed in triplicate by each association by its president and by its secretary and verified by one of the officers of each association signing such articles, and shall set forth:

- (a) The plan of merger;
- (b) As to each association, the number of members and number of shares outstanding; and
- (c) As to each association, the number of members who voted for and against such plan, respectively.

(5) Triplicate originals of the articles of merger shall be delivered to the secretary of state. If the secretary of state finds that such articles conform to law, he shall, when all fees have been paid as in this section prescribed:

- (a) Endorse on each of such originals the word "Filed", and the month, day and year of such filing;

(b) File one of such originals in his office; and
(c) Issue a certificate of merger to which he shall affix one of such originals.

(6) The certificate of merger, together with the duplicate original of the articles of merger affixed thereto by the secretary of state, and the other remaining original, shall be returned to the surviving association or its representative. Such remaining original shall then be filed in the office of the county auditor of the county in which the principal place of business of the surviving association is located. If the principal place of business of the merged association has been located in a different county from that of the surviving association, a copy of the articles of merger, certified by the secretary of state, shall likewise be filed with the county auditor of such different county.

(7) For filing articles of merger hereunder the secretary of state and county auditor shall charge and collect the same fees, respectively, as apply to filing of articles of merger of ordinary business corporations.

(8) If the plan of merger is for merger of the cooperative association into a domestic ordinary business corporation, the association shall follow the same procedures as hereinabove provided for merger of domestic cooperative associations and the ordinary business corporation shall follow the applicable procedures set forth in chapter 23A.20 RCW.

(9) At any time prior to filing of the articles of merger, the merger may be abandoned pursuant to provisions therefor, if any, set forth in the plan of merger.

(10) A member of a cooperative association, or shareholder of the ordinary business corporation, who dissents from the plan of merger shall have the same right of dissent and payment and in accordance with the same applicable procedures, as are provided for dissenting shareholders with respect to merger of ordinary business corporations under chapter 23A.24 RCW.

NEW SECTION. Sec. 4. (1) Upon issuance of the certificate of merger by the secretary of state, the merger of the cooperative association into another cooperative association or ordinary business corporation, as the case may be, shall be effected.

(2) When merger has been effected:

(a) The several parties to the plan of merger shall be a single cooperative association or corporation, as the case may be, which shall be that cooperative association or corporation designated in the plan of merger as the survivor.

(b) The separate existence of all parties to the plan of merger, except that of the surviving cooperative association or corporation, shall cease.

(c) If the surviving entity is a cooperative association, it shall have all the rights, privileges, immunities and powers and shall be subject to all the duties and liabilities of a cooperative association organized under chapter 23.86 RCW. If the surviving entity is an ordinary business corporation, it shall have all the rights, privileges, immunities and powers and shall be subject to all the duties and liabilities of a corporation organized or existing under Title 23A RCW.

(d) Such surviving cooperative association or corporation, as the case may be, shall thereupon and thereafter possess all the rights, privileges, immunities, and franchises, both public and private of each of the merging organizations, to the extent that such rights, privileges, immunities, and franchises are not inconsistent with the corporate nature of the surviving organization; and all property, real, personal and mixed, and all debts due on whatever account, including subscriptions to shares, and all other choses in action, and all and every other interest of or belonging to or due to each of the organizations so merged shall be taken and deemed to be transferred to and vested in such surviving cooperative association or corporation, as the case may be, without further act or deed; and the title to any real estate, or any interest therein, vested in any such merged cooperative association shall not revert or be in any way impaired by reason of such merger.

(3) The surviving cooperative association or corporation, as the case may be, shall, after the merger is effected, be responsible and liable for all the liabilities and obligations of each of the organizations so merged; and any claim existing or action or proceeding pending by or against any of such organizations may be prosecuted as if the merger had not taken place and the surviving cooperative association or corporation may be substituted in its place. Neither the right of creditors nor any liens upon the property of any cooperative association or corporation party to the merger shall be impaired by the merger.

(4) The articles of association of the surviving cooperative association or the articles of incorporation of the surviving ordinary business corporation, as the case may be, shall be deemed to be amended to the extent, if any, that changes in such articles are stated in the plan of merger.

MUTUAL SAVINGS BANKS

AN ACT Relating to mutual savings banks; amending section 32.20.270, chapter 13, Laws of 1955 as last amended by section 7, chapter 145, Laws of 1967 and RCW 32.20.270; amending section 6, chapter 80, Laws of 1955, and RCW 32.20.330; amending section 16, chapter 55, Laws of 1969 and RCW 32.20.255; adding a new section to chapter 13, Laws of 1955 and to chapter 32.04 RCW; adding a new section to chapter 13, Laws of 1955 and to chapter 32.16 RCW; and adding new sections to chapter 13, Laws of 1955 and to chapter 32.20 RCW; and directing the codification of one such section.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 13, Laws of 1955 and to chapter 32.04 RCW a new section to read as follows:

Any pension payment or retirement benefits payable by a mutual savings bank to a former officer or employee, or to a person or persons entitled thereto by virtue of service performed by such officer or employee, in the discretion of a majority of all the trustees of such bank, may be supplemented from time to time. Whenever the trustees of the bank shall have formulated and adopted a plan providing for such supplemental payments, within ten days thereafter said trustees shall transmit the same to the supervisor of banking. The supervisor of banking shall thereupon examine such plan and investigate the feasibility and practicability thereof and, within thirty days of the receipt thereof by him, notify the bank in writing of his approval or rejection of the same. After the approval of the supervisor the mutual savings bank shall be authorized and empowered to put such plan into effect. The board of trustees of a savings bank may set aside from current earnings, reserves in such amounts as the board shall deem appropriate to provide for the payments of future supplemental payments.

NEW SECTION. Sec. 2. There is added to chapter 13, Laws of 1955 and to chapter 32.16 RCW a new section to read as follows:

In the event a savings and loan association is converted to a mutual savings bank, any person, who at the time of such conversion was a director of the savings and loan association, may serve as a trustee of the mutual savings bank until he reaches the age of seventy-five years or until one year following the date of conversion of such savings and loan association, whichever is later. The bylaws of any mutual savings bank may modify this provision by requiring earlier retirement of any trustee affected hereby.

NEW SECTION. Sec. 3. There is added to chapter 13, Laws of

1955 and to chapter 32.20 RCW a new section to read as follows:

A mutual savings bank may invest its funds in loans to banks or trust companies which mature on the next business day following the day of making such loan. The loans may be evidenced by any writing or ledger entries deemed adequate by the mutual savings bank and may be secured or unsecured. The loans made hereunder are payable on the same basis as are regular deposits in such banks, and therefore the transactions may be characterized for accounting and statement purposes and carried on the books of the mutual savings bank as either a deposit with or a loan to the bank.

NEW SECTION. Sec. 4. There is added to chapter 13, Laws of 1955 and to chapter 32.20 RCW a new section to read as follows:

A mutual savings bank may invest its funds in the purchase of United States government securities from a bank or trust company, subject to the selling bank's or trust company's agreement to repurchase such securities on the business day next following their purchase by the mutual savings bank. The securities may be purchased at par, or at a premium or discount, as the mutual savings bank may agree, and may be characterized for accounting and statement purposes and carried on the books of the mutual savings bank as such securities to the extent of their market value, and as due from such banks or trust companies to the extent that the repurchase price agreed to be paid exceeds such market value.

Sec. 5. Section 32.20.270, chapter 13, Laws of 1955 as last amended by section 7, chapter 145, Laws of 1967 and RCW 32.20.270 are each amended to read as follows:

A mutual savings bank may invest its funds in loans secured by first mortgages upon leasehold estates in improved real property, subject to the following restrictions:

In all cases of loans upon leasehold estates, a note secured by a mortgage upon the leasehold interest upon which the loan is made shall be taken by the savings bank from the borrower.

The savings bank shall also be furnished by the borrower, either

- (1) A complete abstract of title of the mortgaged property, which abstract shall be signed by the person or corporation furnishing the abstract of title, and which abstract shall be examined by a competent attorney and shall be accompanied by his opinion approving the title and showing that the mortgage is a first lien upon the leasehold estate; or
- (2) A policy of title insurance; or
- (3) A duplicate certificate of ownership issued by a registrar of titles.

The mortgage shall contain provisions requiring the mortgagor to maintain insurance on the buildings in such reasonable amount as

shall be stipulated in the mortgage, the policy to be payable to the savings bank in case of loss, or the proceeds of such policy to be impounded or payable to a trustee for use in repairing or rebuilding or replacing improvements on the leasehold.

No mortgage loan upon a leasehold, or any renewal or extension thereof for a period of more than six months, shall be made except on a written application showing the date, the name of the applicant, the amount of the loan requested, and the security offered, nor except upon the written report of at least two members of the board of investment of the bank certifying upon such application according to their best judgment the value of the leasehold interest to be mortgaged and recommending the loan; and the application and written report thereon shall be filed with the bank records.

Every leasehold mortgage and every assignment of a leasehold mortgage taken or held by a savings bank shall be taken and held in its own name and shall immediately be recorded in the office of the county auditor of the county in which the property under lease is situated.

No loan shall be made upon a leasehold interest in real estate unless its terms require substantially equal semiannual, quarterly or monthly payments which, if continued at the same rate, would extinguish the debt at least five years prior to the expiration of the lease.

No loan on a leasehold estate shall be for an amount greater than ~~((seventy-five))~~ eighty percent of the value of such leasehold estate. A loan may be made on a leasehold estate which is to be improved by a building or buildings to be constructed with the proceeds of such loan, if it is arranged that such proceeds will be used for that purpose and that when so used the property will qualify under this section.

CHAPTER 225

[Engrossed House Bill No. 394]

WATER RESOURCES ACT OF 1971

AN ACT Relating to water; providing for a state plan for water resource management; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The legislature finds that proper utilization of the water resources of this state is necessary to the promotion of public health and the economic well-being of the state and the preservation of its natural resources and aesthetic values. The legislature further finds that the availability of waters of the state is being evaluated by interests who desire to remove portions thereof from the state in a manner inconsistent with the public interest of people of the state. It is the purpose of this chapter to set forth fundamentals of water resource policy for the state to insure that waters of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington and, in relation thereto, to provide direction to the department of ecology and other state agencies and officials, in carrying out water and related resources programs.

NEW SECTION. Sec. 2. Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served.

(4) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(5) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(6) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state.

(7) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of

water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(8) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(9) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(10) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

NEW SECTION. Sec. 3. For the purpose of insuring that the department is fully advised in relation to the performance of the water resources program provided in section 4 of this act, the department is directed to become informed with regard to all phases of water and related resources of the state. To accomplish this objective the department shall:

(1) Collect, organize and catalog existing information and studies available to it from all sources, both public and private, pertaining to water and related resources of the state;

(2) Develop such additional data and studies pertaining to water and related resources as are necessary to accomplish the objectives of this chapter;

(3) Determine existing and foreseeable uses of, and needs for, such waters and related resources;

(4) Develop alternate courses of action to solve existing and foreseeable problems of water and related resources and include therein, to the extent feasible, the economic and social consequences of each such course, and the impact on the natural environment.

All the foregoing shall be included in a "water resources archive" established and maintained by the department. The department shall develop a system of cataloging, storing and retrieving the information and studies of the archive so that they may be made readily available to and effectively used not only by the department but by the public generally.

NEW SECTION. Sec. 4. (1) The department, through the adoption of appropriate rules, is directed, as a matter of high priority to insure that the waters of the state are utilized for the best interests of the people, to develop and implement in accordance with the policies of this chapter a comprehensive state water resources program which will provide a process for making decisions on future water resource allocation and use. The department may develop the program in segments so that immediate attention may be given to waters of a given physioeconomic region of the state or to specific critical problems of water allocation and use.

(2) In relation to the management and regulatory programs relating to water resources vested in it, the department is further directed to modify existing regulations and adopt new regulations, when needed and possible, to insure that existing regulatory programs are in accord with the water resource policy of this act and the program established in (1) of this section.

(3) The department is directed to review all statutes relating to water resources which it is responsible for implementing. When any of the same appear to the department to be ambiguous, unclear, unworkable, unnecessary, or otherwise deficient, it shall make recommendations to the legislature including appropriate proposals for statutory modifications or additions. Whenever it appears that the policies of any such statutes are in conflict with the policies of this act, and the department is unable to fully perform as provided in subsection (2) of this section, the department is directed to submit statutory modifications to the legislature which, if enacted, would allow the department to carry out such statutes in harmony with this act.

NEW SECTION. Sec. 5. In conjunction with the programs provided for in section 4(1), whenever it appears necessary to the director in carrying out the policy of this act, the department may by rule adopted pursuant to chapter 34.04 RCW:

(1) Reserve and set aside waters for beneficial utilization in the future, and

(2) When sufficient information and data are lacking to allow for the making of sound decisions, withdraw various waters of the state from additional appropriations until such data and information are available.

Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. Rules adopted hereunder shall be subject to review in accordance with the provisions of RCW 34.04.070 or RCW 34.04.080.

NEW SECTION. Sec. 6. To insure that all of the various persons and entities having an interest in the water resources of the state and the programs of the chapter are provided with a full opportunity for involvement not only with the development of the program but the implementation by the department under this act, the following directions are given:

(1) The department shall make reasonable efforts to inform the people of the state about the state's water and related resources and their management. The department in the performance of the responsibilities provided in this act shall not only invite but

actively encourage participation by all persons and private groups and entities showing an interest in water resources programs of this act.

(2) The department shall similarly invite and encourage participation by all agencies of federal, state and local government, including counties, municipal and public corporations, having interests or responsibilities relating to water resources. Said state and local agencies are directed to fully participate to insure that their interests are considered by the department. The department shall, when funds are made available to it for such purposes, provide assistance grants to said state and local agencies for the purposes of financing activities directed to be performed by them under this subsection.

NEW SECTION. Sec. 7. The department shall report to each regular session of the legislature:

(1) On the experience of the department, including the progress made and any difficulties encountered, in formulating, adopting, and maintaining a state management program for water resources as provided in section 4(1) of this act, and

(2) Recommendations on legislation necessary to meet these objectives: PROVIDED, That the department shall submit to the next regular or special session, by the first day of said session, a report setting forth, in addition to the information hereinbefore provided, a detailed outline of the basics of the program developed by the department to carry out the direction of section 4(1) of this act.

NEW SECTION. Sec. 8. The state shall vigorously represent its interest before water resource regulation, management, development, and use agencies of the United States, including among others the federal power commission, environmental protection agency, army corps of engineers, department of the interior, department of agriculture and the atomic energy commission, and of interstate agencies with regard to planning, licensing, relicensing, permit proposals, and proposed construction, development and utilization plans. Where federal or interstate agency plans, activities, or procedures conflict with state water policies, all reasonable steps available shall be taken by the state to preserve the integrity of this state's policies.

NEW SECTION. Sec. 9. Nothing in this act shall affect any existing water rights, riparian, appropriative, or otherwise; nor shall it affect existing rights relating to the operation of any hydroelectric or water storage reservoir or related facility; nor shall it affect any exploratory work, construction or operation of a thermal power plant by an electric utility in accordance with the provisions of chapter 80.50 RCW. Nothing in this act shall enlarge or reduce the department of ecology's authority to regulate the

surface use of waters of this state or structures on the underlying beds, tidelands or shorelands.

NEW SECTION. Sec. 10. All agencies of state and local government, including counties and municipal and public corporations, shall, whenever possible, carry out powers vested in them in manners which are consistent with the provisions of this act. The director of the department of ecology shall submit a report to the legislature, not later than thirty days prior to each regular session, setting forth any failures by such agencies to comply with the mandate of this section, and the circumstances surrounding such failure.

NEW SECTION. Sec. 11. The department of ecology shall as a matter of high priority evaluate the needs for water resource development projects and the alternative methods of financing of the same by public and private agencies, including financing by federal, state and local governments and combinations thereof. Such evaluations shall be broadly based and be included as a part of the comprehensive state water resources program relating to uses and management as defined in section 3 of this act. A report of the department relating to such evaluations, including any recommendations, shall be submitted to the legislature in accordance with section 7 of this act.

NEW SECTION. Sec. 12. The department of ecology is authorized to obtain the benefits including acceptance of grants, of any program of the federal government or any other source to carry out the provisions of this act and is empowered to take such actions as are necessary and appropriate to secure such benefits.

NEW SECTION. Sec. 13. For the purposes of this act, unless the context is clearly to the contrary, the following definitions shall be used:

- (1) "Department" means department of ecology.
- (2) "Utilize" or "utilization" shall not only mean use of water for such long recognized consumptive or nonconsumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify.

NEW SECTION. Sec. 14. This chapter shall be known and may be cited as the "Water Resources Act of 1971."

Every trustee (~~(subject to this chapter)~~) shall file with the attorney general within two months after receiving possession or control of the trust corpus a copy of the instrument establishing his title, powers, or duties, and an inventory of the assets of such charitable trust. In addition, trustees exempted from the provisions of RCW 19.10.070 shall file with the attorney general a copy of the declaration of the tax-exempt status or other basis of the claim for such exemption; a copy of the instrument establishing the trustee's title, powers or duties; an inventory of the assets of such trust; and, annually, a copy of each publicly available United States tax or information return or report of the trust which the trustee files with the internal revenue service. The trustees of charitable trusts

Sec. 3. Section 7, chapter 53, Laws of 1967 ex. sess. and RCW 19.10.070 are each amended to read as follows:

Except as otherwise provided every trustee subject to this chapter shall file with the attorney general annual reports, under oath, setting forth information as to the nature of the assets held for charitable purposes and the administration thereof by the trustee, in accordance with rules and regulations of the attorney general.

The attorney general shall make rules and regulations as to the time for filing reports, the contents thereof, and the manner of executing and filing them. He may classify trusts and other relationships concerning property held for a charitable purpose as to purpose, nature of assets, duration of the trust or other relationship, amount of assets, amounts to be devoted to charitable purposes, nature of trustee, or otherwise, and may establish different rules for the different classes as to time and nature of the reports required, to the ends (1) that he shall receive reasonably current, periodic reports as to all charitable trusts or other relationships of a similar nature which will enable him to ascertain whether they are being properly administered, and (2) that periodic reports shall not unreasonably add to the expense of the administration of charitable trusts and similar relationships. The attorney general may suspend the filing of reports as to a particular charitable trust or relationship for a reasonable, specifically designated time upon written application of the trustee filed with the attorney general after the attorney general has filed in the register of charitable trusts a written statement that the interests of the beneficiaries will not be prejudiced thereby and that periodic reports are not required for proper supervision by his office.

A copy of an account filed by the trustee in any court having jurisdiction of the trust or other relationship, if the account substantially complies with the rules and regulations of the attorney general, may be filed as a report required by this section.

The first report for a trust or similar relationship hereafter established, unless the filing thereof is suspended as herein provided, shall be filed not later than one year after any part of the income or principal is authorized or required to be applied to a charitable purpose. If any part of the income or principal of a trust previously established is authorized or required to be applied to a charitable purpose at the time this act takes effect, the first report, unless the filing thereof is suspended, shall be filed within six months after the effective date of this act.

~~((The willful refusal by a trustee to make or file any report,~~

to perform any other duties expressly required by this chapter, or to comply with any valid rule or regulation promulgated by the attorney general under this chapter, shall constitute a breach of trust and a violation of this chapter.)

NEW SECTION. Sec. 4. There is added to chapter 53, Laws of 1967 ex. sess. and to chapter 19.10 RCW a new section to read as follows:

The following trustees shall be exempt from the provisions of RCW 19.10.070:

(1) A bank or trust company subject to examination by the supervisor of banking of the state of Washington, the comptroller of the currency of the United States or the board of governors of the federal reserve system; which such bank or trust company is acting as trustee, executor or court-appointed fiduciary: PROVIDED, That a bank or trust company which is a co-fiduciary of a trust shall be deemed to be the sole fiduciary of such trust under this section, if the bank or trust company is custodian of the books and records of the trust and has the responsibility for preparing the reports and returns which are filed with the internal revenue service;

(2) The governing body of a nonprofit community foundation or other nonprofit foundation incorporated for charitable purposes, contributions to which are currently allowed as charitable deductions under the United States income tax laws;

(3) The governing body of a hospital which is nonprofit and charitable, other than a hospital initially formed as a trustee pursuant to or in connection with the terms of a charitable trust.

NEW SECTION. Sec. 5. There is added to chapter 53, Laws of 1967 ex. sess. and to chapter 19.10 RCW a new section to read as follows:

A trust is not exclusively for charitable purposes, within the meaning of RCW 19.10.040, when the instrument creating it contains a trust for several or mixed purposes, and any one or more of such purposes is not charitable within the meaning of RCW 19.10.020, as enacted or hereafter amended. Such instrument shall be withheld from public inspection by the attorney general and no information as to such noncharitable purpose shall be made public.

Annual reporting of such trusts to the attorney general, as required by RCW 19.10.060 or 19.10.070 now or as hereafter amended, shall commence within one year after trust income or principal is authorized or required to be used for a charitable purpose.

When a trust consists of a vested charitable remainder preceded by a life estate, a copy of the instrument shall be filed by the trustee or by the life tenant, within two months after commencement of the life estate.

If the trust instrument contains only contingent gifts or

remainders to charitable purposes, no charitable trust shall be deemed created until a charitable gift or remainder is legally vested. The first registration or report of such trust shall be filed within two months after trust income or principal is authorized or required to be used for a charitable purpose.

NEW SECTION. Sec. 6. There is added to chapter 53, Laws of 1967 ex. sess. and to chapter 19.10 RCW a new section to read as follows:

The wilful refusal by a trustee to make or file any report or to perform any other duties expressly required by this chapter, or to comply with any valid rule or regulation promulgated by the attorney general under this chapter, shall constitute a breach of trust and a violation of this chapter.

WASHINGTON STATE MILK POOLING ACT

AN ACT Relating to the production of milk; providing penalties; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. This act may be known and cited as the Washington state milk pooling act to provide for equitable pooling among producers.

NEW SECTION. Sec. 2. The production and distribution of milk is hereby declared to be a business affected with the public interest. The provisions of this act are enacted for the purpose of protecting the health and welfare of the people of this state.

NEW SECTION. Sec. 3. It is hereby declared that milk is a necessary article of food for human consumption; that the production and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare.

NEW SECTION. Sec. 4. It is recognized by the legislature that conditions within the milk industry of this state are such that it may be necessary to establish marketing areas wherein pooling arrangements between producers are necessary, and for that purpose the director shall have the administrative authority, with such additional duties as are herein prescribed, after investigations and public hearings, to prescribe such marketing areas and modify the same when advisable or necessary.

NEW SECTION. Sec. 5. The statement of facts, policy, and application of this act as set forth in sections 1 through 4 is hereby declared a matter of legislative determination.

NEW SECTION. Sec. 6. The purposes of this act are to:

(1) Authorize and enable the director to prescribe marketing areas and to establish pooling arrangements which are necessary due to varying factors of costs of production, health regulations, transportation, and other factors in said marketing areas of this state;

(2) Authorize and enable the director to formulate marketing plans subject to the provisions of this act with respect to the contents of such pooling arrangements and declare such plans in effect for any marketing area;

(3) Provide funds for administration and enforcement of this act by assessments to be paid by producers.

NEW SECTION. Sec. 7. It is the intent of the legislature that the powers conferred in this act shall be liberally construed. Nothing in this act shall be construed as permitting or authorizing the development of conditions of monopoly in the production or distribution of milk.

NEW SECTION. Sec. 8. For the purposes of this act:

(1) "Department" means the department of agriculture of the state of Washington;

(2) "Director" means the director of the department or his duly appointed representative;

(5) "Milk" means all fluid milk as defined in chapters 15.32 and 15.36 RCW as enacted or hereafter amended and rules adopted thereunder;

(6) "Milk products" includes any product manufactured from milk or any derivative or product of milk;

(9) "Classification" means the classification of milk into classes according to its utilization by the department.

(10) "Producer-dealer" means a producer who engages in the production as well as the distribution of milk products.

NEW SECTION. Sec. 9. The director shall in carrying out the provisions of this act and any marketing plan thereunder confer with the legally constituted authorities of other states of the United

States, and the United States department of agriculture, for the purpose of seeking uniformity of milk control with respect to milk coming in to the state and going out of the state in interstate commerce with a view to accomplishing the purposes of this act, and may enter into a compact or compacts which will insure a uniform system of milk control between this state and other states.

NEW SECTION. Sec. 10. Subject to the provisions of this act and the specific provisions of any marketing plan established thereunder, the director is hereby vested with the authority:

(1) To investigate all matters pertaining to the production, processing, storage, transportation, and distribution of milk and milk products in the state, and including but not limited to the authority to:

(a) prescribe the method and time of payment to be made to producers by dealers in accordance with a marketing plan for milk;

(b) determine what constitutes a natural milk market area;

(c) determine by using uniform rules, what portion of the milk produced by each producer subject to the provisions of a marketing plan shall be marketable in fluid form and what proportion so produced shall be considered as surplus; such determination shall also apply to milk dealers who purchase or receive milk, for sale or distribution in such marketing area, from plants whose producers are not subject to such pooling arrangements;

(d) provide for the pooling and averaging of all returns from the sales of milk in a designated market area, and the payment to all producers of a uniform pool price for all milk so sold;

(e) provide and establish distributor pools or market pools for a designated market area with such rules and regulations as the director may adopt;

(f) employ an executive officer, who shall be known as the milk pooling administrator;

(g) employ such persons as may be necessary and incur all expenses necessary to carry out the purposes of this act;

(h) determine by rule, what portion of any increase in the demand for fluid milk subject to a pooling arrangement and marketing plan providing for quotas shall be assigned new producers or existing producers.

(2) To issue subpoenas to compel the attendance of witnesses and/or the production of books, documents, and records anywhere in the state in any hearing affecting the authority of privileges granted by a license issued under the provisions of this act. Witnesses shall be entitled to fees for attendance and travel as provided for in chapter 2.40 RCW as enacted or hereafter amended;

(3) To make, adopt, and enforce all rules necessary to carry out the purpose of this act subject to the provisions of chapter

34.04 RCW concerning the adoption of rules, as enacted or hereafter amended: PROVIDED, That nothing contained in this act shall be construed to abrogate or affect the status, force, or operation of any provision of the public health laws enacted by the state or any municipal corporation or the public service laws of this state.

NEW SECTION. Sec. 11. (1) The director, either upon his own motion or upon petition by ten percent of the producers in any proposed area, shall conduct a hearing to determine whether to establish or discontinue a market area pooling arrangement. Upon determination by the director that in order to satisfy the purposes of this act a pooling arrangement should either be established or terminated, a referendum of affected individual producers shall be conducted by the department.

(a) Sixty-six and two-thirds percent of the producers that vote must be in favor of establishing a market area and pooling plan before it can be put into effect by the director. The director, within one hundred twenty days from the date the results of the referendum are filed with the secretary of state, shall establish a market pool in the market area, as provided for in this act.

(b) If fifty-one percent of those voting representing fifty-one percent of the milk produced in the market area vote to terminate a pooling plan, the director, within one hundred twenty days, shall terminate all the provisions of said market area and pooling arrangement.

NEW SECTION. Sec. 12. (1) The producers qualified to sign a petition, or to vote in any referendum concerning a market pool, shall be all those producers shipping milk to the market area on a regular supply basis and who would or do receive or pay equalization in an existing market pool in a market area, or in a market pool if established in such market area.

(2) The director is authorized during business hours to review the books and records of handlers to obtain a list of the producers qualified to sign petitions or to vote in referendums.

NEW SECTION. Sec. 13. Petitions filed with the director by producers shall:

(1) Consist of one or more pages, each of which is dated at the bottom. The date shall be inserted on each sheet prior to, or at the time the first signature is obtained on each sheet. The director shall not accept a sheet on which such date is more than sixty days, prior to the time it is filed with the director. After a petition is filed, additional pages may be filed if time limits have not expired.

(2) Contain wording at the top of each page which clearly explains to each person whose signature appears thereon the meaning and intent of the petition. Such wording shall also clearly indicate to the director if it is in reference to a request for public

hearing, exactly what matters are to be studied and desired. Similar information must be directed to the director if the matter relates to a referendum. The director has the authority to clarify wording from a petition before making it a part of a referendum.

No informalities or technicalities in the conduct of a referendum, or in any matters relating thereto, shall invalidate any referendum if it is fairly and reasonably conducted by the director.

NEW SECTION. Sec. 14. (1) The director shall establish a system of pooling of all milk used in each market area established under section 11 of this act.

(2) Thereafter the director shall establish a system in each market area for the equalization of returns for all quota milk and all surplus over quota milk whereby all producers selling milk to milk dealers or delivering milk in such market area, will receive the same price for all quota milk and all surplus over quota milk, except that any premium paid to a producer by a dealer above established prices shall not be considered in determining average pool prices.

NEW SECTION. Sec. 15. (1) Under a market pool and as used in this section, "quota" means a producer's portion of the total sales of class I milk in a market area plus a reserve determined by the director.

(2) The director shall in each market area subject to a market plan establish each producer's initial quota in the market area. Such initial quota shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.04 RCW. In making this determination, consideration shall be given to a history of the producer's production record.

In any system of establishing quotas, provision shall be made for new producers to qualify for allocation of quota in a reasonable proportion and for old and new producers to participate in any new class I sales in a reasonable proportion.

All subsequent changes or new quota issued shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.04 RCW.

NEW SECTION Sec. 16. No provision of this act shall be deemed or construed to:

(1) Affect or impair the contracts of any such cooperative association with its members or other producers marketing their milk through such corporation;

(2) Impair or affect any contract which any such cooperative association has with milk dealers or others which are not in violation of this act;

(3) Affect or abridge the rights and powers of any such cooperative association conferred by the laws of this state under which it is incorporated.

NEW SECTION. Sec. 17. Quotas provided for in this act may not in any way be transferred without the consent of the director. Regulations regarding transfer of quotas shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.04 RCW. Any contract for the transfer of quotas, unless the transfer has previously been approved by the director, shall be null and void. The director shall make rules and regulations to preclude any person from using a corporation as a device to evade the provisions of this section. The quotas assigned to any corporation shall become null and void as of any time the corporation does not own the means of production to which the quotas pertain. Quotas shall in no event be considered as property not to be taken or abolished by the state without compensation.

NEW SECTION. Sec. 18. The director shall examine and audit not less than one time each year or at any other such time he considers necessary, the books and records, and may photostat such books, records, and accounts of milk dealers and cooperatives licensed or believed subject to license under this act for the purpose of determining:

(1) How payments to producers for the milk handled are computed and whether the amount of such payments are in accordance with the applicable marketing plan;

(2) If any provisions of this act affecting such payments directly or indirectly have been or are being violated.

No person shall in any way hinder or delay the director in conducting such examination.

NEW SECTION Sec. 19. All milk dealers subject to the provisions of this act shall keep the records as deemed necessary by the director.

NEW SECTION. Sec. 20. Each milk dealer subject to the provisions of this act shall from time to time, as required by rule of the director, make and file a verified report, on forms prescribed by the director, of all matters on account for which a record is required to be kept, together with such other information or facts as may be pertinent and material within the scope of the purpose of this act. Such reports shall cover a period specified in the order, and shall be filed within a time fixed by the director.

NEW SECTION. Sec. 21. It shall be unlawful for any milk dealer subject to the provisions of a marketing plan to handle milk subject to the provisions of such marketing plan without first obtaining an annual license from the director for each separate place of business where such milk is received or sold. Such license shall be in addition to any other license required by the laws of this state: PROVIDED, That the provisions of this section shall not become effective for a period of sixty days subsequent to the

inception of a marketing plan in any marketing area prescribed by the director.

NEW SECTION. Sec. 22. Application for a license to act as a milk dealer shall be on a form prescribed by the director and shall contain, but not be limited to, the following:

- (1) The nature of the business to be conducted;
- (2) The full name and address of the person applying for the license if an individual; and if a partnership, the full name and address of each member thereof; and if a corporation, the full name and address of each officer and director;
- (3) The complete address at which the business is to be conducted;
- (4) Facts showing that the applicant has adequate personnel and facilities to properly conduct the business of a milk dealer;
- (5) Facts showing that the applicant has complied with all the rules prescribed by the director under the provisions of this act;
- (6) Any other reasonable information the director may require.

NEW SECTION. Sec. 23. (1) Application for each milk dealer's license shall be accompanied by an annual license fee of five dollars.

(2) If an application for the renewal of a milk dealer's license is not filed on or before the first day of an annual licensing period a fee of three dollars shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional assessment shall not apply if the applicant furnishes an affidavit that he has not acted as a milk dealer subsequent to the expiration of his prior license.

NEW SECTION. Sec. 24. The director may deny, suspend, or revoke a license upon due notice and an opportunity for a hearing as provided in chapter 34.04 RCW, concerning contested cases, as enacted or hereafter amended, or rules adopted thereunder by the director, when he is satisfied by a preponderance of the evidence of the existence of any of the following facts:

In addition to any other remedy provided by law, the director in the name of the state shall have the right to sue in any court of competent jurisdiction for the recovery of any moneys due it from any persons subject to the provisions of this act and shall also have the right to institute suits in equity for injunctive relief and for purpose of enforcement of the provisions of this act.

[Engrossed Substitute House Bill No. 772]

AIR POLLUTION CONTROL--
FIRE AND BURNING PERMITS

AN ACT Relating to air pollution control; requiring permits for certain fires; adding new sections to chapter 232, Laws of 1957 and to chapter 70.94 RCW; and repealing section 25, chapter 232, Laws of 1957, section 42, chapter 238, Laws of 1967 and RCW 70.94.250.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 232, Laws of 1957 and to chapter 70.94 RCW a new section to read as follows:

Any person who proposes to set fires in the course of the following:

- (1) Weed abatement,
 - (2) Instruction in methods of fire fighting (except forest fires), or
 - (3) Disease prevention relating to agricultural activities,
- shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in section 2 of this act. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule or regulation, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both: PROVIDED, That all permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise the applicant is engaged in. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in

this section shall relieve the applicant from obtaining permits, licenses or other approvals required by any other law: PROVIDED FURTHER, That an application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, and development of physiological conditions conducive to increased crop yield, shall be granted within fourteen days from the date such application is filed: PROVIDED, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or trash when otherwise permitted locally. Nothing contained herein shall prohibit Indian campfires or the sending of smoke signals if part of a religious ritual.

NEW SECTION. Sec. 2. There is added to chapter 232, Laws of 1957 and to chapter 70.94 RCW a new section to read as follows:

The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities declared to be for the protection of life or property and/or in the public welfare:

- (1) Abating a forest fire hazard;
- (2) Prevention of a fire hazard;
- (3) Instruction of public officials in methods of forest fire fighting; and
- (4) Any silvicultural operation to improve the forest lands of the state.

NEW SECTION. Sec. 3. There is added to chapter 232, Laws of 1957 and to chapter 70.94 RCW a new section to read as follows:

The department of natural resources in granting burning permits for fires for the purposes set forth in section 2 of this act shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards for suspended particulate matter to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards for suspended particulate matter shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when the air exceeds or threatens to exceed the standards over such critical areas. The suspended particulate matter shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established primary air mass stations or primary ground level monitoring stations over such designated areas. The department of natural resources shall set forth smoke dispersal objectives designed to minimize any air pollution from smoke from such burning and the

procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging to reduce forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke. The department of natural resources shall, whenever practical, encourage development and use of alternative acceptable disposal methods. Such alternative methods shall be evaluated as to the relative impact on air, water and land pollution, and their financial feasibility.

NEW SECTION. Sec. 4. There is added to chapter 232, Laws of 1957 and to chapter 70.94 RCW a new section to read as follows:

AN ACT Relating to forest protection; amending section 8, chapter 125, Laws of 1911 as last amended by section 1, chapter 82, Laws of 1965, and RCW 76.04.150; and amending section 1, chapter 223, Laws of 1927 as last amended by section 1, chapter 142, Laws of 1955, and RCW 76.04.170.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 8, chapter 125, Laws of 1911, as last amended by section 1, chapter 82, Laws of 1965, and RCW 76.04.150 are each amended to read as follows:

Except in certain areas designated by the ((supervisor)) department of natural resources, or as permitted under rules and regulations promulgated by the department of natural resources, no one shall burn any inflammable material within any county in this state in which there is a warden or ranger during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or ((between)) during the period beginning the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless a different date for such beginning and ending is fixed by order of the ((supervisor)) department of natural resources, after a finding that such different dates are necessary for the protection of life and property, or air quality standards, without first obtaining permission in writing from the ((supervisor)) department of natural resources, any authorized employee thereof, or a warden, or ranger, and afterwards complying with the terms of said permit. However, if such fire is contained in a suitable device sufficient, in the opinion of the ((supervisor)) department of natural resources to prevent the fire from spreading, and such device complies with air pollution requirements as provided under chapter 70.94 RCW, said written permission will not be necessary under this 1971 amendatory act.

The ((supervisor, any of his assistants,)) department of natural resources or authorized employees thereof, or any warden or ranger, may refuse, revoke, or postpone the use of permits to burn when such act is clearly necessary for the safety of adjacent property. They may also refuse, suspend, or revoke a permit authorized under this section when necessary in their judgment to prevent air pollution as provided for in chapter 70.94 RCW.

A person violating this section shall, upon conviction, be fined not less than twenty-five dollars nor more than five hundred dollars or be imprisoned in the county jail not exceeding thirty days. Permission for burning shall be given only upon compliance with such rules and regulations as the ((supervisor)) department of natural resources shall prescribe, which shall be only such as the ((supervisor)) department of natural resources deems necessary for the protection of life or property, and air quality.

Sec. 2. Section 1, chapter 223, Laws of 1927 as last amended by section 1, chapter 142, Laws of 1955, and RCW 76.04.170 are each amended to read as follows:

Anyone desiring to dispose of the refuse or waste forest material on or from forest lands, to reduce the potential danger of loss of life or property by burning during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or ((between)) during the period beginning the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless different dates for such beginning and ending are fixed by order of the ((supervisor of forestry)) department of natural resources after a finding that such different dates are necessary for the protection of life and property, or air quality, may make application to the ((supervisor)) department of natural resources, authorized employees thereof, or to any warden or ranger, for a permit so to do. The application shall state the location and extent of the area sought to be burned over, and by whom the burning is to be done. Upon receipt of an application the ((supervisor)) department of natural resources may inspect, or cause to be inspected the area described in the application and if satisfied that all requirements relating to fire fighting equipment, the work to be done or precautions to be taken before commencing such burning, have been complied with and that no unreasonable danger will result, and that the burning will be done at a time and in a manner so as to minimize reduction in air quality, the department of natural resources shall issue a permit.

The ((supervisor)) department of natural resources, authorized employees thereof, warden, or ranger may impose reasonable conditions in such permits for the protection of life ((and)), property, or air quality, and may suspend or revoke such permits when conditions warrant. A permit shall be effective only under the conditions and for the period stated therein. Compliance with the terms of the permit shall create a presumption of due care with respect to the starting and control of such fire.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The purposes of this act are:

(1) To establish a uniform policy for the fair and equitable treatment of persons displaced as a result of public works programs of the state and local governments in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole; and

(2) To encourage and expedite the acquisition of real property for public works programs by agreements with owners, to reduce litigation and relieve congestion in the courts, to assure consistent treatment for owners affected by state and local programs, and to promote public confidence in state and local land acquisition practices.

NEW SECTION. Sec. 2. As used in this act--

(1) The term "state" means any department, commission, agency, or instrumentality of the state of Washington.

(2) The term "local public body" as used in this act applies to any county, city or town, or other municipal corporation or political subdivision of the state or any instrumentality of any of the foregoing but only with respect to any program or project the cost of which is financed in whole or in part by a federal agency. Notwithstanding the limitations of this subsection, the governing

body of any county, city or town, or other municipal corporation or political subdivision of the state or any instrumentality of any of the foregoing may elect to comply with all the provisions of this act in connection with programs and projects not receiving federal assistance.

(3) The term "person" means any individual, partnership, corporation, or association.

(4) The term "displaced person" means any person who, on or after the effective date of this act, moves from real property lawfully occupied by him, or moves his personal property from real property on which it was lawfully located, as a result of the acquisition of such real property, in whole or in part, or as the result of the written order of the acquiring agency to vacate real property, for a program or project undertaken by the state, or a local public body. Solely for the purposes of subsections (1) and (2) of section 4 and section 7 of this act, the term "displaced person" includes any person who, on or after the effective date of this act, moves from real property or moves his personal property from real property, as a result of the acquisition of, or the written order of the acquiring agency to vacate other real property, on which such person conducts a business or farm operation, for a program or project undertaken by the state or a local public body.

(5) The term "business" means any lawful activity, excepting a farm operation, conducted primarily--

(a) for the purchase, sale, lease and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or other personal property;

(b) for the sale of services to the public;

(c) by a nonprofit organization; or

(d) solely for the purposes of subsection (1) of section 4 of this act, for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by means of an outdoor advertising display or displays, otherwise lawfully erected and maintained, whether or not such display or displays are located on the premises on which any of the above activities are conducted.

(6) The term "farm operations" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or for home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(7) The term "mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, under the laws of this state, together with the

credit instruments, if any, secured thereby. The term "mortgage" shall not include real estate contracts.

NEW SECTION. Sec. 3. (1) Any determination by the head of a state agency or local public body administering a program or project as to payments under this act shall be subject to review pursuant to chapter 34.04 RCW; otherwise, no provision of this act shall be construed to give any person a cause of action in any court.

(2) The provisions of section 18 of this act create no rights or liabilities and shall not affect the validity of any property acquisitions by purchase or condemnation.

(3) Nothing in this act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence on the date of enactment of this act.

NEW SECTION. Sec. 4. (1) Whenever the acquisition of real property for a program or project undertaken by the state or a local public body will result in the displacement of any person on or after the effective date of this act, the acquiring agency shall make a payment to any displaced person, upon proper application as approved by the agency, for--

(a) actual, reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

(b) actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the acquiring agency; and

(c) actual reasonable expenses in searching for a replacement business or farm.

(2) Any displaced person eligible for payments under subsection (1) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (1) of this section may receive a moving expense allowance, determined according to a schedule established by the state highway commission, not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

(3) Any displaced person eligible for payments under subsection (1) of this section who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (1) of this section, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten

thousand dollars. In the case of a business no payment shall be made under this subsection unless the acquiring agency is satisfied that the business:

(a) cannot be relocated without a substantial loss of its existing patronage, and

(b) is not a part of a commercial enterprise having at least one other establishment not being acquired, which is engaged in the same or similar business. For the purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal or local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the acquiring agency determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period.

NEW SECTION. Sec. 5. (1) In addition to payments otherwise authorized by this act, the state or local public body shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(a) The amount, if any, which when added to the acquisition costs of the dwelling acquired, equals the reasonable cost of a dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this subsection shall be made in accordance with standards established by the state highway commission.

(b) The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be determined by

regulations issued pursuant to section 11 of this act.

(c) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(2) The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one year period beginning on the date on which he receives from the acquiring agency final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

NEW SECTION. Sec. 6. In addition to amounts otherwise authorized by this act, the state or local public body shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 5 of this act which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either--

(1) the amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed four thousand dollars, or

(2) the amount necessary to enable such person to make a down payment (including incidental expenses described in section 5 (1) (c) of this act) on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment.

NEW SECTION. Sec. 7. (1) Whenever the acquisition of real property for a program or project undertaken by the state or a local public body will result in the displacement of any person on or after the effective date of this act, the acquiring agency shall provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection (2) of this section. If the acquiring agency determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, the agency may offer such person relocation advisory services under this

program.

(2) Each relocation assistance advisory program required by subsection (1) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to--

(a) determine the need, if any, of displaced persons, for relocation assistance;

(b) provide current and continuing information on the availability, prices, and rentals, of comparable, decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

(c) assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

(d) supply information concerning federal and state housing programs, disaster loan programs, and other federal or state programs offering assistance to displaced persons;

(e) provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation; and

(f) secure, to the greatest extent practicable, the coordination of relocation activities with other project activities and other planned proposed governmental actions in the community or near-by area which may affect the carrying out of the relocation program.

NEW SECTION. Sec. 8. (1) If a project of the state or a local public body cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the state or local public body determines that such housing cannot otherwise be made available, such agency may enter into an agreement with any federal agency to obtain financial or other assistance as may be authorized by section 206 (a) of Public Law 91-646 and take such further action as is necessary or appropriate to provide such housing by use of funds authorized for such project.

(2) Any state agency or local public body is authorized to move housing onto any lands surplus to the agency's needs which are otherwise suitable for residential housing or to rehabilitate existing housing owned by the agency for the purpose of providing replacement housing.

NEW SECTION. Sec. 9. Whenever the acquisition of real property for a program or project undertaken by the state or a local public body will result in the displacement of any person on or after the effective date of this section, such agency shall assure that, within a reasonable period of time, prior to displacement there will be available, in areas not generally less desirable in regard to

public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment; except that regulations issued pursuant to section 11 of this act may prescribe situations when these assurances may be waived.

NEW SECTION. Sec. 10. No person shall be required to move from his dwelling on or after the effective date of this act, on account of any project of the state or local public body, unless the agency is satisfied that replacement housing, in accordance with section 9 is available to such person.

NEW SECTION. Sec. 11. (1) The director of the planning and community affairs agency after full consultation with the department of highways and the department of general administration shall adopt such rules and regulations consistent with this act and Public Law 91-646, as may be necessary to assure:

(a) That the payments and assistance authorized by this act shall be administered in a manner which is fair and reasonable, and is uniform as practicable;

(b) That a displaced person who makes proper application for a payment authorized for such person by this act shall be paid promptly after a move or, in hardship cases, be paid in advance; and

(c) That any person aggrieved by a determination as to eligibility for payment authorized by this act, or the amount of a payment, may have his application reviewed by the executive head of the state agency or local public body.

(2) The director of the planning and community affairs agency after full consultation with the department of highways and department of general administration may prescribe such other regulations and procedures, consistent with the provisions of this act, as he deems necessary or appropriate to carry out this act.

NEW SECTION. Sec. 12. In order to prevent unnecessary expense and duplication of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons, a state agency or any local public body may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions under this act through any federal, state or local governmental agency or instrumentality having an established organization for conducting relocation assistance programs. A state agency or local public body shall, in carrying out the relocation assistance activities described in section 11 of this act, whenever practicable, utilize the services of state or local housing agencies,

or other agencies having experience in the administration or conduct of similar housing assistance activities.

NEW SECTION. Sec. 13. Any person aggrieved by a determination as to eligibility for payment authorized by this act, or the amount of a payment, may have his application reviewed by the executive head of the state agency or local public body having authority over the applicable program or project.

NEW SECTION. Sec. 14. No payment received under sections 1 through 13 of this act shall be considered as income for the purposes of any income tax or any tax imposed under Title 82 RCW as now or hereafter amended; or for the purpose of determining the eligibility or extent of eligibility of any person for assistance under the social security act or any other federal law. Such payments shall not be considered as income or resources, and such payments shall not be deducted from any amount to which any recipient would otherwise be entitled, under Title 74 RCW, as now or hereafter amended: PROVIDED, That supplemental rent payments may be considered in determining the amount of public assistance to which a recipient may be entitled to the extent that there is or would be a duplication of a shelter allowance as established by the public assistance standards.

NEW SECTION. Sec. 15. Funds appropriated or otherwise available to any state agency or local public body for the acquisition of real property or any interest therein for a particular program or project shall be available also for obligation and expenditure to carry out the provisions of this act as applied to that program or project.

NEW SECTION. Sec. 16. A person who moves or discontinues his business, or moves other personal property, or moves from his dwelling on or after the effective date of this act, as a direct result of any project or program which receives federal financial assistance under title I of the Housing Act of 1949 (P.L. 81-171), as amended, or as a result of carrying out a comprehensive city demonstration program under title I of the Demonstration Cities and Metropolitan Development Act of 1966 (P.L. 89-754) shall, for the purposes of this act, be deemed to have been displaced as the result of the acquisition of real property.

NEW SECTION. Sec. 17. Any state agency and any city or town or county or the instrumentalities of any of the foregoing are authorized to enter into such agreements with each other or with the United States as may be necessary to comply with the provisions of section 218 of Public Law 91-646 in order to obtain real property from the United States for the purpose of providing replacement housing.

NEW SECTION. Sec. 18. Every state agency and local public body acquiring real property in connection with any program or

project shall, to the greatest extent practicable, be guided by the following policies:

(1) Every reasonable effort shall be made to acquire expeditiously real property by negotiation.

(2) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany at least one appraiser of the acquiring agency during his inspection of the property.

(3) Before the initiation of negotiations for real property, the acquiring agency shall establish an amount which it believes to be just compensation therefore and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the agency's approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of the real property to be acquired prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, will be disregarded in determining the compensation for the property. The acquiring agency shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation. Where appropriate the just compensation for the real property acquired, for damages to remaining real property, and for benefits to remaining real property shall be separately stated.

(4) No owner shall be required to surrender possession of real property before the agreed purchase price is paid or deposited with a court having jurisdiction of condemnation of such property, in accordance with applicable law, for the benefit of the owner an amount not less than the acquiring agency's approved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding of such property.

(5) The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move his business or farm operation without at least ninety days written notice of the date by which such move is required.

(6) If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(7) In no event shall the time of condemnation be advanced, on

negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other coercive action be taken to compel an agreement on the price to be paid for the property.

(8) If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(9) If the acquisition of only part of a property would leave its owner with an uneconomic remnant, the acquiring agency shall offer to acquire the entire property.

NEW SECTION. Sec. 19. (1) Where any interest in real property is acquired, an equal interest in all buildings, structures, or other improvements located upon the real property so acquired and which is required to be removed from such real property or which is determined to be adversely affected by the use to which such real property will be put shall be acquired.

(2) For the purpose of determining the just compensation to be paid for any building, structure or other improvement required to be acquired as above set forth, such building, structure or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure or improvement at the expiration of his term, and the fair market value which such building, structure or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of such building, structure or improvement for removal from the real property, whichever is the greater, shall be paid to the tenant therefor.

(3) Payment for such buildings, structures or improvements as set forth above shall not result in duplication of any payments otherwise authorized by state law. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer and release all his right, title and interest in and to such improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures or other improvements shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for such property interests in accordance with other laws of this state.

NEW SECTION. Sec. 20. A state agency or a local public body acquiring real property, as soon as practicable after the date of payment of the purchase price or the date or deposit in court of funds to satisfy the award of compensation in a condemnation

proceeding to acquire real property, whichever is the earlier, shall reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses the owner necessarily incurred for--

(1) recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the acquiring agency;

(2) penalty costs for full or partial prepayment of any preexisting recorded mortgage entered into in good faith encumbering such real property; and

(3) the prorata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the acquiring agency, or the effective date of possession of such real property by the acquiring agency, whichever is the earlier.

NEW SECTION. Sec. 21. There is added to chapter 8.25 RCW a new section to read as follows:

(1) A superior court having jurisdiction of a proceeding instituted by a condemnor to acquire real property shall award the condemnee costs including reasonable attorney fees and reasonable expert witness fees if--

(b) the proceeding is abandoned by the condemnor.

(2) A superior court rendering a judgment for the plaintiff awarding compensation for the taking of real property for public use without just compensation having first been made to the owner, or the attorney general or other attorney representing the acquiring agency in effecting a settlement of any such proceeding shall award or allow to such plaintiff costs including reasonable attorney fees and reasonable expert witness fees.

[Senate Bill No. 185]

CONSERVATION FUTURES CREATED--

SPECIAL TAX LEVY AUTHORIZED--

SPECIAL FUND CREATED--

TRANSFERS OF PROPERTY FOR PARK OR RECREATIONAL PURPOSES

AN ACT Relating to the powers of governmental units; authorizing purchases by counties, cities, towns or metropolitan municipal corporations of developmental rights termed "conservation futures" and certain other interests and rights in real property; providing a method of taxation by counties to finance such purchases; providing for property conveyance by governmental units to counties or park and recreation districts for park or recreational purposes; amending section 84.52.010, chapter 15, Laws of 1961 as amended by section 4, chapter 92, Laws of 1970 ex. sess. and RCW 84.52.010; adding a new section to chapter 57.08 RCW; and adding new sections to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW a new section to read as follows:

The legislature finds that the haphazard growth and spread of urban development is encroaching upon, or eliminating, numerous open areas and spaces of varied size and character, including many devoted to agriculture, the cultivation of timber, and other productive activities, and many others having significant recreational, social, scenic, or esthetic values. Such areas and spaces, if preserved and maintained in their present open state, would constitute important assets to existing and impending urban and metropolitan development, at the same time that they would continue to contribute to the welfare and well-being of the citizens of the state as a whole. The acquisition of interests or rights in real property for the preservation of such open spaces and areas constitutes a public purpose for which public funds may properly be expended or advanced.

NEW SECTION. Sec. 2. There is added to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW a new section to read as follows:

Any county, city or town, or metropolitan municipal corporation may acquire by purchase, gift, grant, bequest, devise, lease, or otherwise, except by eminent domain, the fee or any lesser interest, development right, easement, covenant, or other contractual right necessary to protect, preserve, maintain, improve, restore, limit the future use of, or otherwise conserve, selected open space land, farm and agricultural land, and timber land as such are defined in chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city or town, or metropolitan municipal corporation may acquire the fee to such property for the purpose of conveying or leasing the property back to its original owner or other person under such covenants or other contractual arrangements as will limit the future use of the property in accordance with the purposes of this 1971 amendatory act.

NEW SECTION. Sec. 3. There is added to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW a new section to read as follows:

In accordance with the authority granted in section 2 of this 1971 amendatory act, a county, city or town, or metropolitan municipal corporation may specifically purchase or otherwise acquire, except by eminent domain, rights in perpetuity to future development of any open space land, farm and agricultural land, and timber land which are so designated under the provisions of chapter 84.34 RCW and taxed at current use assessment as provided by that chapter. For the purposes of this 1971 amendatory act, such developmental rights shall be termed "conservation futures". The private owner may retain the

right to continue any existing open space use of the land, and to develop any other open space use, but, under the terms of purchase of conservation futures, the county, city or town, or metropolitan municipal corporation may forbid or restrict building thereon, or may require that improvements cannot be made without county, city or town, or metropolitan municipal corporation permission. The land may be alienated or sold and used as formerly by the new owner, subject to the terms of the agreement made by the county, city or town, or metropolitan municipal corporation with the original owner.

NEW SECTION. Sec. 4. There is added to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW a new section to read as follows:

For the purpose of acquiring conservation futures as well as other rights and interests in real property pursuant to sections 2 and 3 of this 1971 amendatory act, a county may levy an amount not to exceed one eighth of one mill on the assessed valuation of all taxable property within the county, which levy shall be in addition to that authorized by RCW 84.52.050.

NEW SECTION. Sec. 5. There is added to chapter 87, Laws of 1970 ex. sess. and to Title 84 RCW a new section to read as follows:

Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to section 4 of this 1971 amendatory act. Amounts placed in this fund may be used solely for the purpose of acquiring rights and interests in real property pursuant to the terms of sections 2 and 3 of this 1971 amendatory act. Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property.

Sec. 6. Section 84.52.010, chapter 15, Laws of 1961 as amended by section 4, chapter 92, Laws of 1970 ex. sess. and RCW 84.52.010 are each amended to read as follows:

All taxes shall be levied or voted in specific amounts, and the rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively: PROVIDED, That when any such county assessor shall find that the aggregate rate of levy on any property will exceed the

limitation set forth in RCW 84.52.050 as now or hereafter amended, he shall recompute and establish a consolidated levy in the following manner:

(1) He shall include for extension on the tax rolls the full rates of levy certified to him for state, county, county road districts, city and school district purposes in amounts not exceeding the limitations established by law: PROVIDED, That in the event of a levy made pursuant to section 5 of this 1971 amendatory act, the rates of levy for county, county road district, and school district purposes shall be reduced in such uniform percentages as will result in a consolidated levy by such taxing districts which will be no greater on any property than a consolidated levy by such taxing districts would be if the levy had not been made pursuant to section 5 of this 1971 amendatory act, and

(2) He shall include for extension on the tax rolls the rates percent of the tax levies certified to him by all other taxing districts imposing taxes on such property, other than port districts and public utility districts, reduced by him in such uniform percentages as will bring the consolidated tax levy on such property within the provisions of such limitation.

NEW SECTION. Sec. 7. Any governmental unit, as defined in RCW 36.93.020 (1) as it now exists or is hereafter amended, may convey its real or personal property or any interest or right therein to, or contract for the use of such property by, the county or park and recreation district wherein such property is located for park or recreational purposes, by private negotiation and upon such terms and with such consideration as might be mutually agreed to by such governmental unit and the board of county commissioners or the park and recreation district board of commissioners.

NEW SECTION. Sec. 8. There is added to chapter 57.08 RCW a new section to read as follows:

The provisions of RCW 57.08.015, 57.08.016, 57.08.120 and 57.08.130 shall have no application as to the sale or conveyance of real or personal property or any interest or right therein by a water district to the county or park and recreation district wherein such property is located for park and recreational purposes, but in such cases the provisions of section 7 of this 1971 amendatory act shall govern.

NEW SECTION. Sec. 9. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

Whenever the state parks and recreation commission finds that any land under its control cannot advantageously be used for park purposes, it is authorized to dispose of such land. If such lands are school or other grant lands, control thereof shall be relinquished by resolution of the commission to the proper state officials. If such lands were acquired under restrictive conveyances by which the state may hold them only so long as they are used for park purposes, they may be returned to the donor or grantors by the commission. All other such lands may be either sold by the commission to the highest bidder or exchanged for other lands of equal value by the commission (~~with the approval of the department of natural resources~~), and all conveyance documents shall be executed by the governor. Sealed bids on all sales shall be solicited at least twenty days in advance of the sale date by an advertisement appearing at least in three consecutive issues of a newspaper of general circulation in the county in which the land to be sold is located. If the commission feels that no bid received adequately reflects the fair value of the land to be sold, it may reject all bids, and may call for new bids. All proceeds derived from the sale of such park property shall be paid into the state general fund. All land considered for exchange shall be evaluated by the commission to determine its adaptability to park usage. The equal value of all lands exchanged shall first be determined by appraisals to the satisfaction of the (~~department of natural resources~~) commission: PROVIDED, That no sale or exchange of state park lands shall be made without the unanimous consent of the commission.

NEW SECTION. Sec. 2 Whenever there are state school lands currently being used by cities or counties for park and recreational purposes, which state school land cannot presently be used for state park purposes, such recreational or park use shall be considered by the department of natural resources to be the highest and best use of such school lands for all purposes and any lease proposal by cities and counties for such park and recreational use under RCW 79.01.244 shall be considered the best and highest bid for such school lands.

NEW SECTION. Sec. 3. The department of natural resources shall register those school lands, as defined in RCW 79.01.004, which are leased to cities or towns as open space land with the county assessor of the county wherein such land is located and such land shall be approved as such and deemed classified under the provisions of chapter 84.34 RCW.

If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third conviction within a calendar year for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer and may be transferred upon application to the department of highways with payment of a two dollar fee.

OPEN PUBLIC MEETINGS ACT OF 1971

AN ACT Relating to public officers and agencies; amending section 3, chapter 237, Laws of 1967 and RCW 34.04.024; repealing section 1, chapter 216, Laws of 1953 and RCW 42.32.010; repealing section 2, chapter 216, Laws of 1953 and RCW 42.32.020; and prescribing penalties.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The legislature finds and declares that all public commissions, boards, councils, committees, subcommittees, departments, divisions, offices, and all other public agencies of this state and subdivisions thereof exist to aid in the conduct of the people's business. It is the intent of this act that their actions be taken openly and that their deliberations be conducted openly.

The people of this state do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

NEW SECTION. Sec. 2. As used in this act unless the context indicates otherwise:

(1) "Public agency" means:

(a) Any state board, commission, committee, department, educational institution or other state agency which is created by or pursuant to statute, other than courts and the legislature.

(b) Any county, city, school district, special purpose district or other municipal corporation or political subdivision of the state of Washington;

(c) Any subagency of a public agency which is created by or pursuant to statute, ordinance or other legislative act, including but not limited to planning commissions, library or park boards, and other boards, commissions and agencies.

(2) "Governing body" means the multimember board, commission,

committee, council or other policy or rule-making body of a public agency.

(3) "Action" means the transaction of the official business of a public agency by a governing body including but not limited to a collective decision made by a majority of the members of a governing body, a collective commitment or promise by a majority of the members of a governing body to make a positive or negative decision, or an actual vote by a majority of the members of a governing body when sitting as a body or entity, upon a motion, proposal, resolution, order, or ordinance.

(4) "Meeting" means meetings at which action is taken.

NEW SECTION. Sec. 3. All meetings of the governing body of a public agency shall be open and public and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this act.

NEW SECTION. Sec. 4. A member of the public shall not be required, as a condition to attendance at a meeting of a governing body, to register his name and other information, to complete a questionnaire, or otherwise to fulfill any condition precedent to his attendance.

NEW SECTION. Sec. 5. In the event that any meeting is interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are interrupting the meeting, the members of the governing body conducting the meeting may order the meeting room cleared and continue in session or may adjourn the meeting and reconvene at another location selected by majority vote of the members. In such a session, final disposition may be taken only on matters appearing on the agenda. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the governing body from establishing a procedure for readmitting an individual or individuals not responsible for disturbing the orderly conduct of the meeting.

NEW SECTION. Sec. 6. No governing body of a public agency shall adopt any ordinance, resolution, rule, regulation, order, or directive, except in a meeting open to the public and then only at a meeting, the date of which is fixed by law or rule, or at a meeting of which notice has been given according to the provisions of this act. Any action taken at meetings failing to comply with the provisions of this section shall be null and void.

NEW SECTION. Sec. 7. The governing body of a public agency shall provide the time for holding regular meetings by ordinance, resolution, bylaws, or by whatever other rule is required for the

conduct of business by that body. Unless otherwise provided for in the act under which the public agency was formed, meetings of the governing body need not be held within the boundaries of the territory over which the public agency exercises jurisdiction. If at any time any regular meeting falls on a holiday, such regular meeting shall be held on the next business day. If by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the presiding officer of the governing body: PROVIDED, That the notice requirements of this act shall be suspended during such emergency.

NEW SECTION. Sec. 8. A special meeting may be called at any time by the presiding officer of the governing body of a public agency or by a majority of the members of the governing body by delivering personally or by mail written notice to each member of the governing body; and to each local newspaper of general circulation and to each local radio or television station which has on file with the governing body a written request to be notified of such special meeting or of all special meetings. Such notice must be delivered personally or by mail at least twenty-four hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the governing body. Such written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the governing body a written waiver of notice. Such waiver may be given by telegram. Such written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.

NEW SECTION. Sec. 9. The governing body of a public agency may adjourn any regular, adjourned regular, special or adjourned special meeting to a time and place specified in the order of adjournment. Less than a quorum may so adjourn from time to time. If all members are absent from any regular or adjourned regular meeting the clerk or secretary of the governing body may declare the meeting adjourned to a stated time and place. He shall cause a written notice of the adjournment to be given in the same manner as provided in section 8 of this act for special meetings, unless such notice is waived as provided for special meetings. Whenever any

meeting is adjourned a copy of the order or notice of adjournment shall be conspicuously posted immediately after the time of the adjournment on or near the door of the place where the regular, adjourned regular, special or adjourned special meeting was held. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for all purposes. When an order of adjournment of any meeting fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings by ordinance, resolution, bylaw, or other rule.

NEW SECTION. Sec. 10. Any hearing being held, noticed, or ordered to be held by a governing body at any meeting may by order or notice of continuance be continued or recontinued to any subsequent meeting of the governing body in the same manner and to the same extent set forth in section 9 of this act for the adjournment of meetings.

NEW SECTION. Sec. 11. Nothing contained in this act shall be construed to prevent a governing body from holding executive sessions during a regular or special meeting to consider matters affecting national security; the selection of a site or the purchase of real estate, when publicity regarding such consideration would cause a likelihood of increased price; the appointment, employment, or dismissal of a public officer or employee; or to hear complaints or charges brought against such officer or employee by another public officer, person, or employee unless such officer or employee requests a public hearing. The governing body also may exclude from any such public meeting or executive session, during the examination of a witness on any such matter, any or all other witnesses in the matter being investigated by the governing body.

NEW SECTION. Sec. 12. Each member of the governing body who attends a meeting of such governing body where action is taken in violation of any provision of this act applicable to him, with knowledge of the fact that the meeting is in violation thereof, shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars. The civil penalty shall be assessed by a judge of the superior court and an action to enforce this penalty may be brought by any person. A violation of this act does not constitute a crime and assessment of the civil penalty by a judge shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense. Reasonable expenses, including attorney's fees, shall be awarded the person bringing the action if the suit results in assessment of the civil penalty. The members held to be in violation shall be personally liable only for their pro rata share of the expenses.

NEW SECTION. Sec. 13. Any person may commence an action

either by mandamus or injunction for the purpose of stopping violations or preventing threatened violations of this act by members of a governing body.

NEW SECTION. Sec. 14. If any provision of this 1971 amendatory act conflicts with the provisions of any other statute, the provisions of this 1971 amendatory act shall control: PROVIDED, That this act shall not apply to:

(1) the proceedings concerned with the formal issuance of an order granting, suspending, revoking, or denying any license, permit, or certificate to engage in any business, occupation or profession or to any disciplinary proceedings involving a member of such business, occupation or profession, or to receive a license for a sports activity or to operate any mechanical device or motor vehicle where a license or registration is necessary; or

(2) that portion of a meeting of a quasi-judicial body which relates to a quasi-judicial matter between named parties as distinguished from a matter having general effect on the public or on a class or group; or

(3) matters governed by Title 34 RCW, the administrative procedures act, except as expressly provided in section 17 of this 1971 amendatory act.

NEW SECTION. Sec. 15. The following acts or parts thereof are each hereby repealed:

(1) Section 1, chapter 216, Laws of 1953 and RCW 42.32.010;

(2) Section 2, chapter 216, Laws of 1953 and RCW 42.32.020.

NEW SECTION. Sec. 16. This act may be cited as the "Open Public Meetings Act of 1971".

Sec. 17. Section 3, chapter 237, Laws of 1967 and RCW 34.04.025 are each amended to read as follows:

(1) Prior to the adoption, amendment or repeal of any rule, each agency shall:

(a) Give at least twenty days notice of its intended action by filing the notice with the code reviser, mailing the notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings, and giving public notice as provided in ((REW 42-32-040)) this 1971 amendatory act, as now or hereafter amended. Such notice shall include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon.

(b) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In case of substantive rules, opportunity for oral hearing must be granted if

requested by twenty-five persons, by a governmental subdivision or agency, or by an association having not less than twenty-five members. The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within thirty days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(2) No rule hereafter adopted is valid unless adopted in substantial compliance with this section, or, if an emergency rule designated as such, adopted in substantial compliance with RCW 34.04.030, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of this section, or of RCW 34.04.030, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

NEW SECTION. Sec. 18. The purposes of this 1971 amendatory act are hereby declared remedial and shall be liberally construed.

NEW SECTION. Sec. 19. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

The written decision of the county annexation review board

shall be filed with the board of county commissioners and with the legislative body of the city concerned. There is hereby established in each county of the state, other than counties having a boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW], a board to be known as the "annexation review board for the county of (naming the county)", which shall be charged with the duty of reviewing proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within its respective county; except that proposals within the provisions of RCW (~~35A-14-200~~) 35A.14.220 shall not be subject to the jurisdiction of such board.

In all counties in which a boundary review board is established pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] review of proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within such counties shall be subject to chapter 189, Laws of 1967 [chapter 36.93 RCW]. Whenever ((a first class county with a population over one hundred seventy thousand)) any county establishes a boundary review board pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] the provisions of this act relating to annexation review boards shall not be applicable.

Except as provided above in this section, whenever one or more

cities of a county shall have elected to be governed by this title by becoming a charter code city or noncharter code city, the governor shall, within forty-five days thereafter, appoint an annexation review board for such county consisting of five members appointed in the following manner:

Two members shall be selected independently by the governor. Each source shall nominate at least two persons for an available position. In the event there are less than two nominees for any position, the governor may appoint the member for that position independently. If, at the time of appointment, there are within the county no cities of one of the classes named above as a nominating source, a position which would otherwise have been filled by nomination from such source shall be filled by independent appointment of the governor.

In making appointments independently and in making appointments from among nominees, the governor shall strive to appoint persons familiar with municipal government and administration by experience and/or training.

Sec. 9. Section 35A.58.030, chapter 119, Laws of 1967 ex. sess. and RCW 35A.58.030 are each amended to read as follows:

The provisions of chapter 58.16 RCW together with the provisions of a code city's subdivision regulations as adopted by ordinance not inconsistent with the provisions of chapter ((58.16))58.17 RCW shall control the platting and subdividing of land into lots or tracts comprising five or more of such lots or tracts or containing a dedication of any part thereof as a public street or highway, or other public place or use: PROVIDED, That nothing herein shall prohibit the legislative body of a code city from adopting reasonable ordinances regulating the subdivision of land into two or more parcels without requiring compliance with all of the requirements of the platting law.

Sec. 10. Section 35A.14.015, chapter 119, Laws of 1967 ex. sess. and RCW 35A.14.015 are each amended to read as follows:

When the legislative body of a charter code city or noncharter code city shall determine that the best interests and general welfare of such city would be served by the annexation of unincorporated territory contiguous to such city, such legislative body may, by resolution, call for an election to be held to submit to the voters

of such territory the proposal for annexation. The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and shall provide that said city will pay the cost of the annexation election. The resolution may require that there also be submitted to the electorate of the territory sought to be annexed a proposition that all property within the area annexed shall, upon annexation, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for any then outstanding indebtedness of the city to which said area is annexed, contracted prior to, or existing at, the date of annexation. Whenever such city has prepared and filed a proposed zoning regulation for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, the resolution initiating the election may also provide for the simultaneous adoption of the proposed zoning regulation upon approval of annexation by the electorate of the area to be annexed. A certified copy of the resolution shall be filed with the board of county commissioners of the county in which said territory is located. A certified copy of the resolution shall be filed with the boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW] or the county annexation review board established by RCW 35A.14.200, unless such annexation proposal is within the provisions of RCW ((35A.14.200)) 35A.14.220.

The jurisdiction of the county annexation review board shall be invoked upon the filing with the board of a resolution for an annexation election as provided in RCW 35A.14.015, or of a petition for an annexation election as provided in RCW 35A.14.030, and the board shall proceed to hold a hearing, upon notice, all as provided in RCW 35A.14.040. A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of such testimony shall be provided to any person or governmental unit. The board shall make and file its decision, all as provided in RCW 35A.14.050, insofar as said section is applicable to the matter before the board. Dissenting members of the board shall have the right to have their written dissents included as part of the decision. In reaching a decision on an annexation proposal, the county annexation review board shall consider the factors affecting such proposal, which shall include but not be limited to the following:

(1) The immediate and prospective population of the area proposed to be annexed, the configuration of the area, land use and land uses, comprehensive use plans and zoning, per capita assessed valuation, topography, natural boundaries and drainage basins, the

likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years, location and coordination of community facilities and services; and

(2) The need for municipal services and the available municipal services, effect of ordinances and governmental codes, regulations and resolutions on existing uses, present cost and adequacy of governmental services and controls, the probable future needs for such services and controls, the probable effect of the annexation proposal or alternatives on cost and adequacy of services and controls in area and adjacent area, the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the annexation proposal or alternatives on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The county annexation review board shall determine whether the proposed annexation would be in the public interest and for the public welfare. The decision of the board shall be accompanied by the findings of the board. Such findings need not include specific data on all the factors listed in this section, but shall indicate that all such factors were considered.

Sec. 12. Section 35A.14.210, chapter 119, Laws of 1967 ex. sess. and RCW 35A.14.210 are each amended to read as follows:

Decisions of the county annexation review board shall be final unless within ten days from the date of said action a governmental unit affected by the decision or any person owning real property in or residing in the area proposed to be annexed files in the superior court a notice of appeal. The filing of such notice of appeal within such time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board. The superior court may affirm the decision of the county annexation review board or remand the case for further proceedings; or the court may reverse the decision and remand if it finds that substantial rights have been prejudiced because the findings, conclusions, or decision of the board are:

- (3) Made upon unlawful procedure; or
- (4) Affected by other error of law; or
- (5) Unsupported by material and substantial evidence in view of the entire record as submitted; or

When a noncharter code city adopts a plan of government other than those authorized for noncharter code cities, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law. NEW SECTION. Sec. 8. Any person offering for sale or selling a franchise within this state, whether or not one or more franchises will be located within this state, must present to the prospective franchisee or his representative, at least forty-eight hours prior to the sale of the franchise, copies of the offering circular and all supplemental reports of the franchisor and the subfranchisor on file with the director.

NEW SECTION. Sec. 9. (1) Neither (a) the fact that application for registration under this law has been filed nor

(b) the fact that such registration has become effective constitutes a finding by the director that any document filed under this law is true, complete, or not misleading. Neither any such fact or the fact that an exemption is available for a transaction means that the director has passed in any way on the merit or qualifications of or recommended or given approval to any person, franchise, or transaction.

(2) It is unlawful to make or cause to be made to any prospective purchaser or offeree any representation inconsistent with this section.

NEW SECTION. Sec. 10. No persons shall publish in this state any advertisements offering a franchise subject to the registration requirements of this law unless a true copy of the advertisement has been filed in the office of the director at least seven days prior to the publication or such shorter period as the director by rule or order may allow.

NEW SECTION. Sec. 11. No person shall publish in this state any advertisement concerning a franchise subject to the registration requirements of this act after the director finds that the advertisement contains any statements that are false or misleading or omits to make any statement necessary in order to make the statements made in the light of the circumstances in which they were made not misleading and so notifies the person in writing. Such notification may be given summarily without notice or hearing. At any time after the issuance of a notification under this section the person desiring to use the advertisement may in writing request the order be rescinded. Upon receipt of such a written request, the matter shall be set down for hearing to commence within 15 days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of the administrative procedure act, the director shall determine whether to affirm and to continue or to rescind such order and the director shall have all powers granted under such act.

NEW SECTION. Sec. 12. The director may issue a stop order

denying effectiveness to or suspending or revoking the effectiveness of any registration statement if he finds that the order is in the public interest and that:

(1) The registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness is incomplete and immaterial in any respect or contains any statement which was in the light of the circumstances under which it was made false or misleading with respect to any material fact;

(2) Any provision of this act or any rule or order or condition lawfully imposed under this act has been violated in connection with the offering by:

(a) The person filing the registration statement but only if such person is directly or indirectly controlled by or acting for the franchisor; or

(b) The franchisor, any partner, officer or director of a franchisor, or any person occupying a similar status or performing similar functions or any person directly or indirectly controlling or controlled by the franchisor.

(3) The franchise offering registered or sought to be registered is the subject of a permanent or temporary injunction of any court of competent jurisdiction entered under any federal or state act applicable to the offering but the director may not:

(a) Institute a proceeding against an effective registration statement under this clause more than one year from the date of the injunctive relief thereon unless the injunction is thereafter violated; and

(b) enter an order under this clause on the basis of an injunction entered under any other state act unless that order or injunction is based on facts that currently constitute a ground for stop order under this section;

(4) A franchisor's enterprise or method of business includes or would include activities which are illegal where performed;

(5) The offering has worked or tended to work a fraud upon purchasers or would so operate;

(6) The applicant has failed to demonstrate that adequate financial arrangements have been made to fulfill obligations to provide real estate improvements, equipment, training, or other items included in the offering;

(7) The applicant or registrant has failed to pay the proper registration fee but the director may enter only a denial order under this subsection and he shall vacate such order when the deficiency has been corrected.

NEW SECTION. Sec. 13. Upon the entry of a stop order under any part of section 12 of this act, the director shall promptly notify the applicant that the order has been entered and that the

reasons therefore and that within fifteen days after receipt of a written request, the matter will be set down for hearing. If no hearing is requested within fifteen days and none is ordered by the director, the director shall enter his written findings of fact and conclusions of law and the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director after notice of an opportunity for hearings to the issuer and to the applicant or registrant shall enter his written findings of fact and conclusions of law and may modify or vacate the order. The director may modify or vacate a stop order if he finds that the conditions which prompted his entry have changed or that it is otherwise in the public interest to do so.

NEW SECTION. Sec. 14. (1) It is unlawful for any person to offer to sell or sell a franchise which is subject to the registration requirements of section 3 (4) (d) or section 4 of this act unless he is registered under this act. It is unlawful for any franchisor, subfranchisor, or franchisee, except if the transaction is exempt under section 3 (1), (2), and (3) of this act to employ a franchise broker or selling agent unless he is registered.

(2) The franchise broker or selling agent may apply for registration by filing with the director an application together with a consent to service of process in such form as the director shall prescribe and payment of the fee prescribed in section 24 of this act.

(3) The application shall contain whatever information the director requires concerning such matters as:

- (a) The applicant's form and place of organization.
- (b) The applicant's proposed method of doing business.
- (c) The qualifications and business history of the applicant.
- (d) Any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and
- (e) The applicant's financial condition and history.

NEW SECTION. Sec. 15. Every person offering franchises for sale shall at all times keep and maintain a complete set of books, records, and accounts of such and the disposition of the proceeds thereof and shall thereafter at such times as are required by the director make and file in the office of the director a report setting forth the franchises sold by it, the proceeds derived therefrom, and the disposition thereof.

NEW SECTION. Sec. 16. Any person who is engaged or hereafter engaged directly or indirectly in the sale or offer to sell a franchise or in business dealings concerning a franchise, either in person or in any other form of communication, shall be subject to the provisions of this act, shall be amenable to the jurisdiction of the

courts of this state and shall be amenable to the service of process under RCW 4.28.180, 4.28.185 and 19.86,160. Every applicant for registration of a franchise under this law (by other than a Washington corporation) shall file with the director in such form as he by rule prescribed, an irrevocable consent appointing the director or his successor in office to be his attorney, to receive service or any lawful process in any noncriminal suit, action, or proceeding against him or his successors, executor, or administrator which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing consent. A person who has filed such a consent in connection with a previous registration under this law need not file another. Service may be made by leaving a copy of the process in the office of the director but it is not as effective unless:

(1) The plaintiff, who may be the director, in a suit, action, or proceeding instituted by him forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the director; and

(2) The plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further times the court allows.

NEW SECTION. Sec. 17. It is unlawful for any person in connection with the offer, sale, or purchase of any franchise directly or indirectly:

(1) To make any untrue statement of a material fact in any application, notice, or report filed with the director under this law or wilfully to omit to state in any application notice or report, any material fact which is required to be stated therein or fails to notify the director of any material change as required by section 7 (3) of this act.

(2) To sell or offer to sell a franchise in this state by means of any written or oral communication which includes an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made in light of the circumstances under which they were made not misleading.

(3) To employ any device, scheme, or artifice to defraud.

(4) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.

(5) To violate any order of the director.

NEW SECTION. Sec. 18. Without limiting the other provisions of this act, the following specific rights and prohibitions shall govern the relation between the franchisor or subfranchisor and the franchisees:

- (1) The parties shall deal with each other in good faith.
- (2) For the purposes of this act and without limiting its general application, it shall be an unfair or deceptive act or practice or an unfair method of competition for any person to:
 - (a) Restrict or inhibit the right of the franchisees to join an association of franchisees.
 - (b) Require a franchisee to purchase or lease goods or services of the franchisor or from approved sources of supply unless and to the extent that the franchisor satisfies the burden of proving that such restrictive purchasing agreements are reasonably necessary for a lawful purpose justified on business grounds, and do not substantially affect competition.
 - (c) Discriminate between franchisees in the charges offered or made for royalties, goods, services, equipment, rentals, advertising services, or in any other business dealing, unless and to the extent that the franchisor satisfies the burden of proving that any classification of or discrimination between franchisees is reasonable, is based on proper and justifiable distinctions considering the purposes of this act, and is not arbitrary.
 - (d) Sell, rent, or offer to sell to a franchisee any product or service for more than a fair and reasonable price.
 - (e) Obtain money, goods, services, anything of value, or any other benefit from any other person with whom the franchisee does business on account of such business unless such benefit is promptly accounted for and transmitted to the franchisee.
 - (f) If he is the franchisor or subfranchisor, to compete with the franchisee in a relevant market or to grant competitive franchises in the relevant market area previously granted to another franchisee. Such relevant market to be specifically listed in the franchise agreement.
 - (g) Require franchisee to assent to a release, assignment, novation, or waiver which would relieve any person from liability imposed by this act.
 - (h) Impose on a franchisee by contract, rule, or regulation, whether written or oral, any standard of conduct unless the person so doing can sustain the burden of proving such to be reasonable and necessary.
 - (i) Fail to renew a franchise except for just cause, or in accordance with the current terms and standards established by the franchisor then equally applicable to all franchisees, unless and to the extent that the franchisor satisfies the burden of proving that any classification of or discrimination between franchisees is reasonable, is based on proper and justifiable distinctions considering the purposes of this act, and is not arbitrary.
 - (j) Terminate a franchise or to restrict the transfer of a

franchise except for just cause, or in accordance with the current terms and standards established by the franchisor then equally applicable to all franchisees, unless and to the extent that the franchisor satisfies the burden of proving that any classification of or discrimination between franchisees is reasonable, is based on proper and justifiable distinctions considering the purposes of this act, and is not arbitrary. Upon termination the franchisee shall receive a fair and reasonable compensation for the value of the franchisee's inventory, supplies, equipment, and furnishings and those prepaid costs and expenses paid the franchisor: PROVIDED, That personalized materials which have no value to the franchisor need not be compensated for.

(3) The provisions of this act shall apply to all written or oral arrangements with the franchisee including but not limited to the franchise offering, the franchise agreement, sales of goods or services, leases and mortgages of real or personal property, promises to pay, security interests, pledges, insurance contracts, advertising contracts, construction or installation contracts, servicing contracts, and all other such arrangements in which the franchisor or subfranchisor has any direct or indirect interest.

(4) In any proceedings damages may be based on reasonable approximations but not on speculation.

NEW SECTION. Sec. 19. (1) The commission of any unfair or deceptive acts or practices or unfair methods of competition prohibited by section 18 of this act shall constitute an unfair or deceptive act or practice under the provisions of chapter 19.86 RCW.

(2) Any person who sells or offers to sell a franchise in violation of this act shall be liable to the franchisee or subfranchisor who may sue at law or in equity for damages caused thereby for rescission or other relief as the court may deem appropriate. In the case of a violation of section 17 of this act rescission is not available to the plaintiff if the defendant proves that the plaintiff knew the facts concerning the untruth or admission or that the defendant exercised reasonable care and did not know or if he had exercised reasonable care would not have known of the untruth or admission.

(3) The suit authorized under subsection (2) of this section may be brought to recover the actual damages sustained by the plaintiff together with the cost of the suit including reasonable attorneys' fees and the court may in its discretion increase the award of damages to an amount not to exceed three times the actual damages sustained.

(4) Any person who becomes liable to make payments under this section may recover contributions as in cases of contracts from any persons who, if sued separately, would have been liable to make the

same payment.

(5) A final judgment, order, or decree heretofore or hereafter rendered against a person in any civil, criminal, or administrative proceedings under the United States anti-trust laws, under the Federal Trade Commission Act, under the Washington State Consumer Protection Act, or this act shall be regarded as evidence against such persons in any action brought by any party against such person under subsection (1) and (2) of this section as to all matters which said judgment or decree would be an estoppel between the parties thereto.

NEW SECTION. Sec. 20. The pendency of any civil, criminal, or administrative proceedings against a person brought by the federal or state governments or any of their agencies under the anti-trust laws, the Federal Trade Commission Act, the Consumer Protection Act, or any federal or state act related to anti-trust laws or to franchising, or under this act shall toll the limitation of this action if the action is then instituted within one year after the final judgment or order in such proceeding: PROVIDED, That said limitation of actions shall in any case toll the law so long as there is actual concealment on the part of the person.

NEW SECTION. Sec. 21. (1) The attorney general may bring an action in the name of the state against any person to restrain and prevent the doing of any act herein prohibited or declared to be unlawful and the prevailing party may in the discretion of the court recover the costs of such action including a reasonable attorneys' fee.

(2) Every person who shall violate the terms of any injunction issued as in this act provided shall forfeit and pay a civil penalty of not more than twenty-five thousand dollars.

Every person who violates sections 2, 8, 15 and 17 of this act shall forfeit a civil penalty of not more than two thousand dollars for each violation.

For the purpose of this section the superior court issuing an injunction shall retain jurisdiction and the cause shall be continued and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

(3) Any person who wilfully violates any provision of this act or who wilfully violates any rule or order under this act shall upon conviction be fined not more than five thousand dollars or imprisoned for not more than ten years or both, but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order. No indictment or information may be returned under this act more than five years after the alleged

violation.

(4) Nothing in this act limits the power of the state to punish any person for any conduct which constitutes a crime by statute or at common law.

NEW SECTION. Sec. 22. In any proceeding under this act, the burden of proving an exception or an exemption from definition is upon the person claiming it.

NEW SECTION. Sec. 23. The director may refer such evidence as may be available concerning violations of this act or any rule or order hereunder to the attorney general or the proper prosecuting attorney who may in his discretion with or without such a reference institute the appropriate criminal proceeding under this act.

NEW SECTION. Sec. 24. The director shall charge and collect fees fixed by this section. All fees collected under this act shall be deposited in the state treasury and shall not be refundable except as herein provided:

(1) The fee for filing an application for registration on the sale of franchise under section 4 of this act is five hundred dollars;

(2) The fee for filing an application for renewal of a registration under section 7 of this act is one hundred dollars;

(3) The fee for filing an amendment to the application filed under section 4 of this act is one hundred dollars;

(4) The fee for registration of a franchise broker or selling agent shall be fifty dollars for original registration and twenty-five dollars for each annual renewal.

NEW SECTION. Sec. 25. The director may from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this act including rules and forms governing applications and reports and defining any terms whether or not used in this act insofar as the definitions are consistent with this act.

NEW SECTION. Sec. 26. The Administrative Procedure Act, chapter 34.04 RCW, shall wherever applicable herein govern the rights, remedies, and procedures respecting the administration of this act.

NEW SECTION. Sec. 27. The director shall appoint a competent person to administer this act who shall be designated administrator of securities. The director shall delegate to the administrator such powers, subject to the authority of the director, as may be necessary to carry out the provisions of this act. The administrator shall hold office at the pleasure of the director.

NEW SECTION. Sec. 28. The provisions of this act shall be applicable to all franchises and contracts existing between franchisors and franchisees and to all future franchises and

contracts.

NEW SECTION. Sec. 29. The provisions of this act shall be cumulative and nonexclusive and shall not affect any other remedy available at law.

NEW SECTION. Sec. 30. This act shall become effective May 1, 1972: PROVIDED, That the director is authorized and empowered to undertake and perform duties and conduct activities necessary for the implementation of this act prior to that date.

NEW SECTION. Sec. 31. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole, or any section, provisions, or part thereof not adjudged invalid or unconstitutional.

NEW SECTION. Sec. 2. LICENSE REQUIRED. No person shall act, assume to act, or advertise as a collection agency as defined in this act, except as authorized by this act, without first having applied for and obtained a license from the director.

Nothing contained in this section shall be construed to require a regular employee of a collection agency duly licensed under

this act to procure a collection agency license.

NEW SECTION. Sec. 3. APPLICANTS FOR LICENSES--REQUIREMENTS AND QUALIFICATIONS--GRANDFATHER CLAUSE. No license or any renewal thereof may be granted to any applicant unless:

(1) An individual applicant is at least eighteen years of age, a citizen of the United States, and a resident of this state.

(2) An applicant which is not an individual is authorized to do business in this state.

(3) The application is complete, the fees required by section 5 of this act have been paid, and the surety bond or cash deposit or other negotiable security acceptable to the director required by section 10 has been filed with the director.

(4) Neither an individual applicant nor any owner, officer, director, or managing employee of a nonindividual applicant:

Any person who is engaged in the collection agency business as of the effective date of this act shall, upon filing the application, paying the fees, and filing the surety bond or cash deposit or other negotiable security in lieu of bond required by this act, be issued a license hereunder.

NEW SECTION. Sec. 4. LICENSE--APPLICATION--FORM--CONTENTS. Every application for a license shall be in writing, under oath, and in the form prescribed by the director.

Every application shall contain such relevant information as the director may require.

The applicant shall furnish the director with such evidence as the director may reasonably require to establish that the requirements and qualifications for a licensee have been fulfilled by the applicant.

Every application for a license shall state, among other things that may be required, the name of the applicant with the name under which the applicant will do business and the location by street and number, city and state of each office of the business for which the license is sought.

No license shall be issued in any fictitious name which may be confused with or which is similar to any federal, state, county, or municipal governmental function or agency or in any name which may tend to describe any business function or enterprise not actually engaged in by the applicant or in any name which is the same as or so similar to that of any existing licensee as would tend to deceive the public or in any name which would otherwise tend to be deceptive or misleading. The foregoing shall not necessarily preclude the use of a name which may be followed by a geographically descriptive title which would distinguish it from a similar name licensed but operating in a different geographical area.

NEW SECTION. Sec. 5. LICENSE--APPLICATION--FEES. Each applicant when submitting his application shall pay a licensing fee of one hundred dollars and an investigation fee of one hundred dollars. If a license is not issued in response to the application, the one hundred dollar license fee shall be returned to the applicant.

An annual license fee of one hundred dollars shall be paid to the director on or before January first of each year. If the annual license fee is not paid on or before January first, the licensee shall be assessed a penalty for late payment in the amount of fifty dollars. If the fee and penalty are not paid by January thirty-first, it will be necessary for the licensee to submit a new application for a license: PROVIDED, That no license shall be issued upon such new application unless and until all fees and penalties previously accrued under this section have been paid.

Any license or branch office certificate issued under the provisions of this act shall expire on December thirty-first following the issuance thereof.

NEW SECTION. Sec. 6. BRANCH OFFICE CERTIFICATE REQUIRED. If a licensee maintains a branch office, he or it shall not operate a collection agency business in such branch office until he or it has secured a branch office certificate therefor from the director. A licensee, so long as his or its license is in full force and effect and in good standing, shall be entitled to branch office certificates for any branch office operated by such licensee upon payment of the fee therefor provided in this act.

Each licensee when applying for a branch office certificate shall pay a fee of fifty dollars. An annual fee of fifty dollars for a branch office certificate shall be paid to the director on or before January first of each year. If the annual fee is not paid on or before January first, a penalty for late payment in the amount of ten dollars shall be assessed. If the fee and the penalty are not paid by January thirty-first, it will be necessary for the licensee to apply for a new branch office certificate: PROVIDED, That no such new branch office certificate shall be issued unless and until all fees and penalties previously accrued under this section have been paid.

NEW SECTION. Sec. 7. LICENSE AND BRANCH OFFICE CERTIFICATE--FORM--CONTENTS--DISPLAY. Each license and branch office certificate, when issued, shall be in the form and size prescribed by the director and shall state in addition to any other matter required by the director:

- (1) The name of the licensee;
- (2) The name under which the licensee will do business;
- (3) The address at which the collection agency business is to be conducted; and
- (4) The number and expiration date of the license or branch office certificate.

A licensee shall display his or its license in a conspicuous place in his or its principal place of business and, if he or it conducts a branch office, the branch office certificate shall be conspicuously displayed in the branch office.

NEW SECTION. Sec. 8. PROCEDURE UPON CHANGE OF NAME OR BUSINESS LOCATION. Whenever a licensee shall contemplate a change of his or its trade name or a change in the location of his or its principal place of business or branch office, he or it shall give written notice of such proposed change to the director. The director shall approve the proposed change and issue a new license or a branch office certificate, as the case may be, reflecting the change.

NEW SECTION. Sec. 9. ASSIGNABILITY OF LICENSE OR BRANCH

OFFICE CERTIFICATE. (1) Except as provided in subsection (2) of this section, a license or branch office certificate granted under this act is not assignable or transferable.

(2) Upon the death of an individual licensee, the director shall have the right to transfer the license and any branch office certificate of the decedent to the personal representative of his estate for the period of the unexpired term of the license and such additional time, not to exceed one year from the date of death of the licensee, as said personal representative may need in order to settle the deceased's estate or sell the collection agency.

NEW SECTION. Sec. 10. SURETY BOND REQUIRED. (1) Each applicant shall, at the time of applying for a license, file with the director a surety bond in the sum of five thousand dollars. The bond shall be annually renewable on January first of each year, shall be approved by the director as to form and content, and shall be executed by the applicant as principal and by a surety company authorized to do business in this state as surety. Such bond shall run to the state of Washington as obligee for the benefit of the state and conditioned that the licensee shall faithfully and truly perform all agreements entered into with the licensee's clients or customers and shall, within thirty days after the close of each calendar month, account to and pay to his client or customer the net proceeds of all collections made during the preceding calendar month and due to each client or customer less any offsets due licensee under sections 12 and 13 of this act. The bond required by this section shall remain in effect until canceled by action of the surety or the licensee or the director.

(2) An applicant for a license under this act may furnish, file, and deposit with the director, in lieu of the surety bond provided for herein, a cash deposit or other negotiable security acceptable to the director. The security deposited with the director in lieu of the surety bond shall be returned to the licensee at the expiration of one year after the collection agency's license has expired or been revoked if no legal action has been instituted against the licensee or on said security deposit at the expiration of said one year.

(3) A surety may file with the director notice of his or its withdrawal on the bond of the licensee. Upon filing a new bond or upon the revocation of the collection agency license or upon the expiration of sixty days after the filing of notice of withdrawal as surety by the surety, the liability of the former surety for all future acts of the licensee shall terminate.

(4) The director shall immediately cancel the bond given by a surety company upon being advised that the surety company's license to transact business in this state has been revoked.

(5) Upon the filing with the director of notice by a surety of his withdrawal as the surety on the bond of a licensee or upon the cancellation by the director of the bond of a surety as provided in this section, the director shall immediately give notice to the licensee of the withdrawal or cancellation. The notice shall be sent to the licensee by registered or certified mail with request for a return receipt and addressed to the licensee at his or its main office as shown by the records of the director. At the expiration of thirty days from the date of mailing the notice, the license of the licensee shall be terminated, unless the licensee has filed a new bond with a surety satisfactory to the director.

(6) All bonds given under this act shall be filed and held in the office of the director.

NEW SECTION. Sec. 11. ACTION ON BOND. In addition to all other legal remedies, an action may be brought in any court of competent jurisdiction upon the bond or cash deposit or security in lieu thereof, required by section 10 of this act, by any person to whom the licensee fails to account and pay as set forth in such bond or by any client or customer of the licensee who has been damaged by failure of the licensee to comply with all agreements entered into with such client or customer: PROVIDED, That the aggregate liability of the surety to all such clients or customers shall in no event exceed the sum of such bond.

An action upon such bond or security shall be commenced by serving and filing of the complaint within one year from the date of the cancellation of the bond or, in the case of a cash deposit or other security deposited in lieu of the surety bond, within one year of the date of expiration or revocation of license: PROVIDED, That no action shall be maintained upon such bond or such cash deposit or other security for any claim which has been barred by any nonclaim statute or statute of limitations of this state. Two copies of the complaint shall be served by registered or certified mail upon the director at the time the suit is started. Such service shall constitute service on the surety. The director shall transmit one of said copies of the complaint served on him to the surety within forty-eight hours after it shall have been received.

The director shall maintain a record, available for public inspection, of all suits commenced under this act upon surety bonds, or the cash or other security deposited in lieu thereof.

(1) Court costs recovered which were previously advanced by licensee or his or its attorney.

(2) Attorney's fees and interest or other charges incidental to the principal amount of the obligation legally and properly belonging to the licensee, if such charges are retained by the licensee after the principal amount of the obligation has been accounted for and remitted to the customer. In no event shall moneys received be disposed of in any manner other than to deposit such moneys in said account or as provided in this section.

The bank account shall bear some title sufficient to distinguish it from the licensee's personal or general checking account, such as "Customer's Trust Fund Account". There shall be sufficient funds in said trust account at all times to pay all moneys due or owing to all customers and no disbursements shall be made from

such account except to customers or to remit moneys collected from debtors on assigned claims and due licensee's attorney or to refund over payments except that a licensee may periodically withdraw therefrom such moneys as may accrue to licensee.

Any money in such trust account belonging to a licensee may be withdrawn for the purpose of transferring the same into the possession of licensee or into a personal or general account of licensee.

(11) Communicate with the debtor after notification in writing from an attorney representing such debtor that all further communications relative to a claim should be addressed to the attorney: PROVIDED, That if a licensee requests in writing information from an attorney regarding such claim and the attorney does not respond within a reasonable time, the licensee may communicate directly with the debtor until he or it again receives notification in writing that an attorney is representing the debtor.

(12) Communicate with a debtor or anyone else in such a manner as to harass, intimidate, threaten, or embarrass a debtor, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, by threats of criminal prosecution, and by use of offensive language. At least two but no more than two members of the board shall be licensees hereunder. Each of the licensee members of the board shall be actively engaged in the collection agency business at the time of his appointment and must continue to be so engaged and continue to be licensed under this act during the term of his appointment or he will be deemed to have resigned his position: PROVIDED, That no individual may be a licensee member of the board unless he has been actively engaged as either an owner or executive employee or a combination of both of a collection agency business in this state for a period of not less than five years immediately prior to his appointment.

No board member shall be employed by or have any interest in, directly or indirectly, as owner, partner, officer, director, agent, stockholder, or attorney, any collection agency in which any other board member is employed by or has such an interest.

NEW SECTION. Sec. 20. BOARD--INITIAL MEMBERS. The initial members of the board shall be named by the governor within thirty days after the effective date of this act. At the first meeting of the board, the members appointed by the governor shall determine by lot the period of time from the effective date of this act that each of them shall serve, one for one year; one for two years; one for three years; and one for four years. In the event of a vacancy on the board, the governor shall appoint a successor for the unexpired term.

Each member appointed by the governor shall qualify by taking the usual oath of a state officer, which shall be filed with the secretary of state, and each member shall hold office for the term of his appointment and until his successor is appointed and qualified.

Any member of the board other than the director or his designee may be removed by the governor for neglect of duty, misconduct, malfeasance or misfeasance in office, after being given a written statement of the charges against him and sufficient

opportunity to be heard thereon.

NEW SECTION. Sec. 21. BOARD MEETINGS--QUORUM--EFFECT OF VACANCY. The board shall meet as soon as practicable after the governor has appointed the initial members of the board. The board shall meet at least once a year and at such other times as may be necessary for the transaction of its business.

The time and place of the initial meeting of the board and the annual meetings shall be at a time and place fixed by the director. Other meetings of the board shall be held upon written request of the director at a time and place designated by him, or upon the written request of any two members of the board at a time and place designated by them.

A majority of the board shall constitute a quorum.

A vacancy in the board membership shall not impair the right of the remaining members of the board to exercise any power or to perform any duty of the board, so long as the power is exercised or the duty performed by a quorum of the board.

NEW SECTION. Sec. 22. BOARD--COMPENSATION--REIMBURSEMENT OF EXPENSES. Each member of the board appointed by the governor shall receive as compensation twenty-five dollars for each day, or portion thereof, in which he is actually engaged in the official business and duties of the board and in addition thereto shall be reimbursed for necessary expenses incurred while on official business of the board and in attending meetings thereof, in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(1) May adopt, amend and rescind such rules and regulations for its own organization and procedure and such other rules and regulations as it may deem necessary in order to perform its duties hereunder.

(2) Shall have the power, after due notice and hearing, to

order the denial, nonrenewal, suspension or revocation of a license issued or applied for hereunder.

NEW SECTION. Sec. 27. LICENSES--DENIAL, SUSPENSION, REVOCATION--REQUEST FOR HEARING. (1) Whenever the director shall have reasonable cause to believe that grounds exist for denial of a license under section 3 of this act or for suspension or revocation of a license under section 28 of this act or that a licensee has failed to qualify for renewal of a license, he shall notify the applicant or licensee in writing by certified or registered mail, with return receipt requested, stating the grounds upon which it is proposed that the license be denied, suspended, revoked, or not renewed.

(2) Within thirty days from the receipt of notice of the alleged grounds for denial, suspension, revocation, or lack of renewal, the applicant or licensee may serve upon the director a written request for hearing before the board. Service of a request for a hearing shall be by certified mail and shall be addressed to the director at his office in Thurston county. Upon receiving a request for a hearing, the director shall fix a date for which the matter may be heard by the board, which date shall be not less than thirty days from the receipt of the request for such hearing. If no request for hearing is made within the time specified, the license shall be deemed denied, suspended, revoked, or not renewed.

(3) Whenever a licensee who has made timely and sufficient application for the renewal of a license, receives notice from the director that it is proposed that his or its license is not to be renewed, and said licensee requests a hearing under subsection (2) of this section, the licensee's current license shall not expire until the last day for seeking review of the board's decision expires or if judicial review of the board's decision is sought until final judgment has been entered by the superior court, or in the event of an appeal or appeals, until final judgment has been entered by the last appellate court in which review has been sought.

NEW SECTION. Sec. 28. LICENSE--DENIAL, SUSPENSION, REVOCATION--GROUNDS. When an applicant or licensee has requested a hearing under section 27 of this act, the board shall meet and after notice and hearing before the board:

(1) May deny any application for a license hereunder or may fail to renew the license of a licensee if the applicant or licensee seeking renewal has not satisfied the requirements of section 3 of this act.

(2) May deny the issuance of a license, fail to renew a license issued hereunder, or revoke a license if it finds that any employee of the applicant or licensee, or any partner, director, officer, shareholder or trustee of the applicant or licensee, has

previously had an application for a license hereunder denied, not renewed or revoked for any reason other than for the nonpayment of licensing fees or failure to provide a surety bond.

(3) May suspend or revoke any license issued hereunder if the board finds that an individual applicant or licensee, or an owner, officer, director, or managing employee of a nonindividual applicant or licensee:

(a) Has failed to file or renew the surety bond or make deposit in lieu thereof required by this act;

(b) Was previously the holder of a license issued under this act, which was revoked for cause and never reissued by the board, or which license was suspended for cause and the terms of the suspension have not been fulfilled;

(e) Has had his license to practice law suspended or revoked, and two years have not elapsed since the date of such suspension or revocation, unless he has been relicensed to practice law in this state;

(f) Has knowingly made a false statement of a material fact in his or its application for a current license under this act or in any application made under this act within two years of the date of his or its current license;

(g) Has had any judgment entered against him or it under the provisions of RCW 19.86.080 or 19.86.090 or 19.86.020 and two years have not elapsed since the entry of such judgment: PROVIDED, That said judgment shall not be a ground of denial, suspension or revocation of a license unless such judgment arises out of and is based on acts of the licensee while acting as or employed by a collection agency;

(4) May suspend or revoke any license issued hereunder if the board finds that an individual applicant or licensee, or an owner, officer, director, or a nonindividual applicant or licensee or any employee of an applicant or licensee has knowingly failed to comply with or violated any provisions of this act or failed to comply with or violated any rule or regulation issued pursuant to this act.

(5) The board also, after notice and hearing before the board may deny any application for a license hereunder and may fail to renew, suspend or revoke any license issued hereunder if the

applicant or licensee is insolvent in the sense that his or its liabilities exceed his assets or in the sense that he or it cannot meet his or its obligations as they mature.

(6) It shall be the duty of the board within thirty days after the last day of the hearing to notify the applicant of its decision.

NEW SECTION. Sec. 29. ADMINISTRATIVE PROCEDURE ACT. Except as specifically provided in this act, the rules adopted and the hearings conducted shall be in accordance with the provisions of chapter 34.04 RCW (Administrative Procedure Act).

Such persons shall be deemed to have thereby submitted themselves to the jurisdiction of the courts of this state within the meaning of RCW 4.28.180 and 4.28.185.

NEW SECTION. Sec. 31. INVESTIGATIONS OR PROCEEDINGS--POWERS OF DIRECTOR OR DESIGNFES--PENALTY. (1) The director on his own motion, or when any person or the attorney general has filed with the director a written statement alleging acts of misconduct or violations of this act or any rule or regulation established thereunder by a licensee or employee of a licensee, may initiate and conduct investigations as may be reasonably necessary to establish the existence of such alleged acts of misconduct or such violations. For the purpose of any investigation or proceeding under this act, the director or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the director deems relevant or material to the inquiry.

(2) If any individual fails to obey a subpoena or obeys a subpoena but refuses to give evidence, any court of competent jurisdiction, upon application by the director, may issue to that person an order requiring him to appear before the court, to show cause why he should not be compelled to obey the subpoena and give evidence material to the matter under investigation. The failure to obey an order of the court may be punishable by contempt.

NEW SECTION. Sec. 32. RULES, ORDERS, DECISIONS, ETC. The director may promulgate rules, make specific decisions, orders and rulings, including therein demands and findings, and take other necessary action for the implementation and enforcement of his duties under this act.

NEW SECTION. Sec. 33. COPY OF THIS ACT, RULES AND REGULATIONS AVAILABLE TO LICENSEE. On or about the first day of

February in each year, the director shall cause to be made available at reasonable expense to a licensee a copy of this act, a copy of the current rules and regulations of the director, and board, and such other materials as the director or board prescribe.

NEW SECTION. Sec. 34. VIOLATIONS--OPERATING COLLECTION AGENCY WITHOUT A LICENSE--PENALTY. Any person who knowingly operates as a collection agency without a license or knowingly aids and abets such violation is punishable by a fine not exceeding five hundred dollars or by imprisonment not exceeding one year or both. Any officer or agent of a firm, corporation, or association who shall personally participate in or aid or abet such violation shall be subject to the same penalties as set forth in this section.

NEW SECTION. Sec. 35. VIOLATIONS OF RCW 19.16.170 ARE UNFAIR AND DECEPTIVE TRADE PRACTICES UNDER CHAPTER 19.86 RCW. The commission by a licensee or an employee of a licensee of an act or practice prohibited by section 16 of this act is hereby declared to be an unfair act or practice or unfair method of competition in the conduct of trade or commerce for the purpose of the application of the Consumer Protection Act found in chapter 19.86 RCW.

NEW SECTION. Sec. 36. VIOLATION OF RCW 19.16.170--ADDITIONAL PENALTY. If an act or practice in violation of section 16 of this act is committed by a licensee or an employee of a licensee in the collection of a claim, neither the licensee, the customer of the licensee, nor any other person who may thereafter legally seek to collect on such claim shall ever be allowed to recover any interest, service charge, attorneys' fees, collection costs, delinquency charge, or any other fees or charges otherwise legally chargeable to the debtor on such claim: PROVIDED, That any person asserting the claim may nevertheless recover from the debtor the amount of the original claim or obligation.

NEW SECTION. Sec. 37. VIOLATIONS MAY BE ENJOINED. Notwithstanding any other actions which may be brought under the laws of this state, the attorney general or the prosecuting attorney of any county within the state may bring an action in the name of the state against any person to restrain and prevent any violation of this act.

NEW SECTION. Sec. 38. VIOLATIONS--ASSURANCE OF DISCONTINUANCE--EFFECT. The attorney general may accept an assurance of discontinuance of any act or practice deemed in violation of this act from any person engaging in or who has engaged in such act or practice. Any such assurance shall be in writing and be filed with and subject to the approval of the superior court of the county in which the alleged violator resides or has his principal place of business, or in the alternative, in Thurston county.

Such assurance of discontinuance shall not be considered an

admission of a violation for any purpose; however, proof of failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this act for the purpose of securing an injunction as provided for in section 37 of this act: PROVIDED, That after commencement of any action by a prosecuting attorney, as provided therein, the attorney general may not accept an assurance of discontinuance without the consent of said prosecuting attorney.

NEW SECTION. Sec. 39. VIOLATION OF INJUNCTION--CIVIL PENALTY. Any person who violates any injunction issued pursuant to this act shall forfeit and pay a civil penalty of not more than twenty-five thousand dollars. For the purpose of this section the superior court issuing any injunction shall retain jurisdiction, and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 40. PROVISIONS CUMULATIVE--VIOLATION OF RCW 19.16.160 DEEMED CIVIL. The provisions of this act shall be cumulative and nonexclusive and shall not affect any other remedy available at law: PROVIDED, That the violation of section 16 of this act shall be construed as exclusively civil and not penal in nature.

NEW SECTION. Sec. 41. SEVERABILITY. If any section or provision of this act shall be adjudged to be invalid or unconstitutional such adjudication shall not affect the validity of the act as a whole, or any section, provisions, or part thereof not adjudged invalid or unconstitutional.

NEW SECTION. Sec. 42. PROVISIONS EXCLUSIVE--AUTHORITY OF POLITICAL SUBDIVISIONS NOT AFFECTED. (1) The provisions of this act relating to the licensing and regulation of collection agencies shall be exclusive and no county, city, or other political subdivision of this state shall enact any laws or rules and regulations licensing or regulating collection agencies.

(2) This section shall not be construed to prevent a political subdivision of this state from levying a business and occupation tax upon collection agencies maintaining an office within that political subdivision if a business and occupation tax is levied by it upon other types of businesses within its boundaries.

NEW SECTION. Sec. 43. REPEALERS. The following acts or parts of acts are each hereby repealed:

Sec. 10. Section 15, chapter 209, Laws of 1969 ex. sess. as last amended by section 10, chapter 6, Laws of 1970 ex. sess. and RCW 41.26.150 are each amended to read as follows:

(1) Whenever any active member, or any member hereafter retired, on account of service, sickness or disability, not caused or brought on by dissipation or abuse, of which the disability board shall be judge, is confined in any hospital or in his home, and whether or not so confined, requires ~~((nursing, care, or attention))~~ medical services, the employer shall pay for such active or retired member the necessary ~~((hospital, care, and nursing expenses))~~ medical services not payable from some other source as provided for in subsection (2). Failure to apply for coverage if otherwise eligible under the provisions of Public Law 89-97 as now or hereafter amended shall not be deemed a refusal of payment of benefits thereby enabling collection of charges under the

provisions of this chapter.

(3) Upon making such payments as are provided for in subsection (1), the employer shall be subrogated to all rights of the member against any third party who may be held liable for the member's injuries to the extent necessary to recover the amount of payments made by the employer.

(4) Any employer under this chapter, either singly, or jointly with any other such employer or employers through an association thereof as provided for in chapter 48.21 RCW, may provide for all or part of one or more plans of group hospitalization and medical aid insurance to cover any of its employees who are members of the Washington law enforcement officers' and fire fighters' retirement system, and/or retired former employees who were, before retirement, members of said retirement system, through contracts with regularly constituted insurance carriers or with health care service contractors as defined in chapter 48.44 RCW. Benefits payable under any such plan or plans shall be deemed to be amounts received or eligible to be received by the active or retired member under subsection (2) of this section.

The amount of this allowance will be increased five percent of final average salary for each child as defined in RCW 41.26.030 (7), subject to a maximum combined allowance of sixty percent of final average salary.

(2) If at the time of the death of a vested member as provided above or a member retired for service of twenty or more years or a member retired for disability, the surviving spouse has not been lawfully married to ((the)) such member for one year prior to his retirement or separation from service if a vested member, the surviving spouse shall not be eligible to receive the benefits under this section: PROVIDED, That if a member dies as a result of a disability incurred in the line of duty, then if he was married at the time he was disabled, his surviving spouse shall be eligible to receive the benefits under this section.

benefits at the time of such member's death, then the child or children of such member shall receive a monthly allowance equal to thirty percent of final average salary for one child and an additional ten percent for each additional child subject to a maximum combined payment, under this subsection, of sixty percent of final average salary. (5) If a surviving spouse receiving benefits under the provisions of this section thereafter dies or remarries and there are children ((under eighteen years of age)) as defined in RCW 41.26.030(7), as now or hereafter amended, payment to the spouse shall cease and the child or children shall receive the benefits as provided in subsection (3) above.

Sec. 12. Section 23, chapter 209, Laws of 1969 ex. sess. as amended by section 15, chapter 6, Laws of 1970 ex. sess. and RCW 41.26.180 are each amended to read as follows:

The right of a person to a retirement allowance, disability allowance, or death benefit, to the return of accumulated contributions, the retirement, disability or death allowance itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this chapter, and the moneys in the fund created under this chapter, are hereby exempt from any state, county, municipal, or other local tax and shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or any other process of law whatsoever, and shall be unassignable: PROVIDED, That on the written request of any person eligible to receive benefits under this section, the board may deduct from such payments the premiums for life, health, or other insurance. The request on behalf of any child or children shall be made by the legal guardian of such child or children. The board may provide for such persons one or more plans of group insurance, through contracts with regularly constituted insurance carriers or health care service contractors.

Sec. 13. Section 16, chapter 209, Laws of 1969 ex. sess. as amended by section 11, chapter 6, Laws of 1970 ex. sess. and RCW 41.26.200 are each amended to read as follows:

(1) Any person feeling aggrieved by any order or determination of a disability board denying ((an application for)) disability leave

or disability retirement, or canceling a previously granted disability retirement allowance, shall have the right to appeal the said order or determination to the retirement board. The said retirement board shall have no jurisdiction to entertain the appeal unless a notice of appeal is filed with the said retirement board within thirty days following the rendition of the order by the applicable disability board. A copy of the notice of appeal shall be served upon the applicable disability board and, within ninety days thereof, the disability board shall certify its decision and order, together with a transcript of all proceedings in connection therewith, to the retirement board for its review. Upon its review of the record, the retirement board may affirm the order of the disability board or it may remand the case for such further proceedings as it may direct, in accordance with such rules of procedure as the retirement board shall promulgate.

(2) The said appeal authorized by this section shall be governed by the provisions of RCW 41.26.210 and 41.26.220.

NEW SECTION. Sec. 14. There is added to chapter 209, Laws of 1969 ex. sess. and to chapter 41.26 RCW a new section to read as follows:

The legislature of the state of Washington hereby declares that the relationship between members of the law enforcement officers' and fire fighters' retirement system and their governmental employers is similar to that of workmen to their employers and that the sure and certain relief granted by this chapter is desirable, and as beneficial to such law enforcement officers and fire fighters as workmen's compensation coverage is to persons covered by Title 51 RCW. The legislature further declares that removal of law enforcement officers and fire fighters from workmen's compensation coverage under Title 51 RCW necessitates the (1) continuance of sure and certain relief for injuries, which the legislature finds to be accomplished by the provisions of this chapter and (2) protection for the governmental employer from actions at law; and to this end the legislature further declares that the benefits and remedies conferred by this chapter upon law enforcement officers and fire fighters covered hereunder, shall be to the exclusion of any other remedy, proceeding, or compensation for personal injuries, caused by the governmental employer except as otherwise provided by this chapter; and to that end all civil actions and civil causes of actions by such law enforcement officers and fire fighters against their governmental employers for personal injuries are hereby abolished, except as otherwise provided in this chapter.

NEW SECTION. Sec. 15. There is added to chapter 209, Laws of 1969 ex. sess. and to chapter 41.26 RCW a new section to read as follows:

If injury or death results to a member from the intentional or negligent act or omission of his governmental employer, the member, the widow, widower, child, or dependent of the member shall have the privilege to benefit under this chapter and also have cause of action against the governmental employer as otherwise provided by law, for any excess of damages over the amount received or receivable under this chapter.

NEW SECTION. Sec. 16. There is added to chapter 209, Laws of 1969 ex. sess. and to chapter 41.26 RCW a new section to read as follows:

Should any change or error in the records result in any member or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, the retirement board shall correct such error, and, as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid.

NEW SECTION. Sec. 17. There is added to chapter 41.16 RCW a new section to read as follows:

The increased benefits provided by this chapter are hereby declared applicable to all retired firemen who were retired prior to June 8, 1961, for disability whether incurred in the line of duty or otherwise, or their widows, effective July 1st of the first year when such benefits have heretofore or shall hereafter become payable and shall be payable commencing July 1, 1970. The manner of calculating the retroactive benefits payable to individual beneficiaries under chapter 37, Laws of 1970 ex. sess. and this 1971 amendatory act shall be to calculate the amount of benefit being received by such individual beneficiary on July 1, 1969; then to multiply that result times two percent times the number of full years that have elapsed following the retirement of the employee; then to add the result so reached to the said amount being received on July 1, 1969, prior to the statutory increase of that date, which total amount is to be paid each month for the next ensuing year until July 1, at which time an additional two percent shall be added and the process shall be repeated as provided in RCW 41.18.104.

NEW SECTION. Sec. 18. There is added to chapter 41.18 RCW a new section to read as follows:

The increased benefits provided by this chapter are hereby declared applicable to all retired firemen who were retired prior to June 8, 1961, for disability whether incurred in the line of duty or otherwise, or their widows, effective July 1st of the first year when such benefits have heretofore or shall hereafter become payable and shall be payable commencing July 1, 1970. The manner of calculating the retroactive benefits payable to individual beneficiaries under

chapter 37, Laws of 1970 ex. sess. and this 1971 amendatory act shall be to calculate the amount of benefit being received by such individual beneficiary on July 1, 1969; then to multiply that result times two percent times the number of full years that have elapsed following the retirement of the employee; then to add the result so reached to the said amount being received on July 1, 1969, prior to the statutory increase of that date, which total amount is to be paid each month for the next ensuing year until July 1, at which time an additional two percent shall be added and the process shall be repeated as provided in RCW 41.18.104.

Sec. 19. Section 3, chapter 184, Laws of 1951 as last amended by section 1, chapter 5, Laws of 1967 and RCW 41.48.030 are each amended to read as follows:

(1) The governor is hereby authorized to enter on behalf of the state into an agreement with the secretary of health, education, and welfare consistent with the terms and provisions of this chapter, for the purpose of extending the benefits of the federal old-age and survivors insurance system to employees of the state or any political subdivision not members of an existing retirement system, or to members of a retirement system established by the state or by a political subdivision thereof or by an institution of higher learning with respect to services specified in such agreement which constitute "employment" as defined in RCW 41.48.020. Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the governor and secretary of health, education, and welfare shall agree upon, but, except as may be otherwise required by or under the social security act as to the services to be covered, such agreement shall provide in effect that--

(a) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of title II of the social security act;

(b) The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the social security act, contributions with respect to wages (as defined in RCW 41.48.020), equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act;

(c) Such agreement shall be effective with respect to services in employment covered by the agreement or modification thereof performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year immediately preceding the calendar

year in which such agreement or modification of the agreement is accepted by the secretary of health, education and welfare.

(d) All services which constitute employment as defined in RCW 41.48.020 and are performed in the employ of the state by employees of the state, shall be covered by the agreement;

(e) All services which (i) constitute employment as defined in RCW 41.48.020, (ii) are performed in the employ of a political subdivision of the state, and (iii) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the governor under RCW 41.48.050, shall be covered by the agreement; and

(f) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals to whom section 218(c) (3) (C) of the social security act is applicable, and shall provide that the service of any such individual shall continue to be covered by the agreement in case he thereafter becomes eligible to be a member of a retirement system; and

(g) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the governor has issued a certificate to the secretary of health, education, and welfare pursuant to subsection (5) of this section.

(h) Law enforcement officers and firemen of each political subdivision of this state who are covered by the Washington Law Enforcement Officers' and Fire Fighters' Retirement System Act (chapter 209, Laws of 1969 ex. sess.) as now in existence or hereafter amended shall constitute a separate "coverage group" for purposes of the agreement entered into under this section and for purposes of section 218 of the social security act. To the extent that the agreement between this state and the federal secretary of health, education, and welfare in existence on the date of adoption of this subsection is inconsistent with this subsection, the governor shall seek to modify the inconsistency.

(2) Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states, (a) to enter into an agreement with the secretary of health, education, and welfare whereby the benefits of the federal old-age and survivors insurance system shall be extended to employees of such instrumentality, (b) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under RCW 41.48.040(1) if they were covered by an agreement made pursuant to subsection (1) of this section, and (c) to

make payments to the secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (1) and other provisions of this chapter.

(3) The governor is empowered to authorize a referendum, and to designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218(d) (3) of the social security act, and subsection (4) of this section on the question of whether service in all positions covered by a retirement system established by the state or by a political subdivision thereof should be excluded from or included under an agreement under this chapter. If a retirement system covers positions of employees of the state of Washington, of the ((university of Washington, the state college of Washington and the several colleges of education)) institutions of higher learning, and positions of employees of one or more of the political subdivisions of the state, then for the purpose of the referendum as provided herein, there may be deemed to be a separate retirement system with respect to employees of the state, or any one or more of the political subdivisions, or institutions of higher learning ((named herein)) and the governor shall authorize a referendum upon request of the subdivisions' or institutions' of higher learning governing body: PROVIDED HOWEVER, That if a referendum of state employees generally fails to produce a favorable majority vote then the governor may authorize a referendum covering positions of employees in any state department who are compensated in whole or in part from grants made to this state under title III of the federal social security act: PROVIDED, That any city or town affiliated with the state-wide city employees retirement system organized under chapter 41.44 may at its option agree to a plan submitted by the board of trustees of said state-wide city employees retirement system for inclusion under an agreement under this chapter if the referendum to be held as provided herein indicates a favorable result: PROVIDED FURTHER, That the Teachers' Retirement System be considered one system for the purpose of the referendum except as applied to the several colleges of education. The notice of referendum required by section 218(d) (3) (C) of the social security act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

(4) The governor, before authorizing a referendum, shall

require the following conditions to be met:

(a) The referendum shall be by secret written ballot on the question of whether service in positions covered by such retirement system shall be excluded from or included under the agreement between the governor and the secretary of health, education, and welfare provided for in RCW 41.48.030(1);

(b) An opportunity to vote in such referendum shall be given and shall be limited to eligible employees;

(c) Not less than ninety days' notice of such referendum shall be given to all such employees;

(d) Such referendum shall be conducted under the supervision (of the governor or) of an agency or individual designated by the governor;

(e) The proposal for coverage shall be approved only if a majority of the eligible employees vote in favor of including services in such positions under the agreement;

(f) The state legislature, in the case of a referendum affecting the rights and liabilities of state employees covered under the state employees' retirement system and employees under the teachers' retirement system, and in all other cases the local legislative authority or governing body, shall have specifically approved the proposed plan and approved any necessary structural adjustment to the existing system to conform with the proposed plan.

(5) Upon receiving satisfactory evidence that with respect to any such referendum the conditions specified in subsection (4) of this section and section 218(d) (3) of the social security act have been met, the governor shall so certify to the secretary of health, education, and welfare.

(6) If the legislative body of any political subdivision of this state certifies to the governor that a referendum has been held under the terms of RCW 41.48.050(1) (i) and gives notice to the governor of termination of social security for any coverage group of the political subdivision, the governor shall give two years advance notice in writing to the federal department of health, education, and welfare of such termination of the agreement entered into under this section with respect to said coverage group.

Sec. 20. Section 5, chapter 184, Laws of 1951 as amended by section 5, chapter 4, Laws of 1955 ex. sess. and RCW 41.48.050 are each amended to read as follows:

(1) Each political subdivision of the state is hereby authorized to submit for approval by the governor a plan for extending the benefits of title II of the social security act, in conformity with the applicable provisions of such act, to those employees of such political subdivisions who are not covered by an existing pension or retirement system. Each pension or retirement

system established by the state or a political subdivision thereof is hereby authorized to submit for approval by the governor a plan for extending the benefits of title II of the social security act, in conformity with applicable provisions of such act, to members of such pension or retirement system. Each such plan and any amendment thereof shall be approved by the governor if he finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the governor, except that no such plan shall be approved unless--

(a) It is in conformity with the requirements of the social security act and with the agreement entered into under RCW 41.48.030;

(b) It provides that all services which constitute employment as defined in RCW 41.48.020 and are performed in the employ of the political subdivision by employees thereof, shall be covered by the plan;

(c) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (a) of subsection (3) and by subsection (4) of this section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purposes;

(d) It provides that in the plan of coverage for members of the state teachers' retirement system or for state employee members of the state employees' retirement system, there shall be no additional cost to or involvement of the state until such plan has received prior approval by the legislature;

(e) It provides for such methods of administration of the plan by the political subdivision as are found by the governor to be necessary for the proper and efficient administration of the plan;

(f) It provides that the political subdivision will make such reports, in such form and containing such information, as the governor may from time to time require and comply with such provisions as the governor or the secretary of health, education, and welfare may from time to time find necessary to assure the correctness and verification of such reports; and

(g) It authorizes the governor to terminate the plan in its entirety, in his discretion, if he finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the governor and may be consistent with the provisions of the social security act.

(h) It provides that law enforcement officers and fire fighters of each political subdivision of this state who are covered by the Washington Law Enforcement Officers' and Fire Fighters' Retirement System Act (Chapter 209, Laws of 1969 ex. sess.) as now in

existence or hereafter amended shall constitute a separate "coverage group" for purposes of the plan or agreement entered into under this section and for purposes of section 216 of the social security act. To the extent that the plan or agreement entered into between the state and any political subdivision of this state is inconsistent with this subsection, the governor shall seek to modify the inconsistency.

(1) It provides that the plan or agreement may be terminated by any political subdivision as to any such coverage group upon giving at least two years advance notice in writing to the governor, effective at the end of the calendar quarter specified in the notice. It shall specify that before notice of such termination is given, a referendum shall be held among the members of the coverage group under the following conditions:

(i) The referendum shall be conducted under the supervision of the legislative body of the political subdivision.

(ii) Not less than sixty days' notice of such referendum shall be given to members of the coverage group.

(iii) An opportunity to vote by secret ballot in such referendum shall be given and shall be limited to all members of the coverage group.

(iv) The proposal for termination shall be approved only if a majority of the coverage group vote in favor of termination.

(v) If a majority of the coverage group vote in favor of termination, the legislative body of the political subdivision shall certify the results of the referendum to the governor and give notice of termination of such coverage group.

(2) The governor shall not finally refuse to approve a plan submitted by a political subdivision under subsection (1), and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(3) (a) Each political subdivision as to which a plan has been approved under this section shall pay into the contribution fund, with respect to wages (as defined in RCW 41.48.020), at such time or times as the governor may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the governor under RCW 41.48.030.

(b) Each political subdivision required to make payments under paragraph (a) of this subsection is authorized, in consideration of the employee's retention in, or entry upon, employment after enactment of this chapter, to impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to his wages (as defined in RCW 41.48.020), not exceeding the amount of employee tax which is imposed by the federal

insurance contributions act, and to deduct the amount of such contribution from his wages as and when paid. Contributions so collected shall be paid into the OASI contribution fund in partial discharge of the liability of such political subdivision or instrumentality under paragraph (a) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(4) Delinquent payments due under paragraph (a) of subsection (3) may, with interest at the rate of six percent per annum, be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or may, at the request of the governor, be deducted from any other moneys payable to such subdivision by any department or agency of the state.

NEW SECTION. Sec. 21. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 22. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

CHAPTER 259

[Engrossed Senate Bill No. 17]

WASHINGTON LIFE AND DISABILITY INSURANCE GUARANTY ASSOCIATION ACT

AN ACT Relating to insurance; creating the Washington Life and Disability Insurance Guaranty Association; providing for a board of directors thereof; setting out certain powers, duties, and functions; providing for certain assessments and funds; providing for the termination of the association and for the disposition of funds thereupon; exempting the association from certain taxes; adding certain sections as a new chapter to Title 48 RCW; providing penalties; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. PURPOSE. The purpose of this act is the creation of funds arising from assessments upon all insurers authorized to transact life or disability insurance business in the state of Washington, to be used to assure to the extent prescribed herein the performance of the insurance contractual obligations of insurers becoming insolvent to residents of this state and, in the case of domestic insurers, to residents of other jurisdictions as well; and to promote thereby the stability of domestic insurers. In the judgment of the legislature, the foregoing purpose not being capable of accomplishment by a corporation created under general laws, the creation of the nonprofit association hereinafter in this act described is deemed essential for the protection of the general welfare.

NEW SECTION. Sec. 2. SCOPE, PERSONAL INSURANCES. This act shall apply as follows to life insurance policies, disability insurance policies, and annuity contracts of liquidating insurers,

other than separate account variable policies and contracts authorized by chapter 48.18A RCW:

(1) To all such policies and contracts of a domestic insurer, without regard to the place of residence or domicile of the policy or contract owner, insured, annuitant, beneficiary, or payee.

(2) To all such policies and contracts of a foreign or alien insurer authorized to transact such insurance or annuity business in this state at the time such policies or contracts were issued or at the time of entry of the order of liquidation of the insolvent insurer, and of which the policy or contract owner, insured, annuitant, beneficiary, or payee is a resident of and domiciled within this state. With respect to group policies or group contracts of such foreign or alien insurers, this act shall apply only as to the insurance or annuities thereunder of individuals who are residents of and domiciled within this state. The place of residence or domicile shall be determined as of the date of entry of the order of liquidation against the insurer.

(3) To policies and contracts only of insolvent insurers with respect to which an order of liquidation is entered after the effective date of this act.

(4) The obligations of the association created under this act shall apply only as to contractual obligations of the insurer under insurance policies and annuity contracts, and shall be no greater than such obligations of the insolvent insurer at the time of entry of the order of liquidation; except, that the association shall have no liability with respect to any portions of such policies or contracts to the extent that the death benefit coverage on any one life exceeds an aggregate of three hundred thousand dollars.

(5) This act shall not apply to fraternal benefit societies, health care service contractors, or to insurance or liability assumed by the liquidating insurer under a contract of reinsurance other than of bulk reinsurance.

NEW SECTION. Sec. 3. DEFINITIONS. Within the meaning of this act:

(1) "Association" means "the Washington life and disability insurance guaranty association".

(2) "Board" means the board of directors of the Washington life and disability insurance guaranty association.

(3) "Commissioner" means the insurance commissioner of this state.

(4) "Policies" means life or disability insurance policies; "contracts" means annuity contracts and contracts supplemental to such insurance policies and annuity contracts.

(5) "Liquidating insurer" means an insurer with respect to which an order of liquidation has been entered by a court of

competent jurisdiction.

(6) "Fund" means a guaranty fund provided for in section 8 of this act.

(7) "Account" means any one of the three guaranty fund accounts created under section 8(1) of this act.

(8) "Assessment" means a charge made upon an insurer by the board under this act for payment into a guaranty fund. The charge shall constitute a legal liability of the insurer so assessed.

(9) "Contributor" means an insurer which has paid an assessment.

(10) "Certificate" means a certificate of contribution provided for in section 9 of this act.

NEW SECTION. Sec. 4. GUARANTY ASSOCIATION CREATED. (1) There is hereby created a nonprofit unincorporated legal entity to be known as the Washington life and disability insurance guaranty association, which shall be composed of the commissioner, ex officio, and of each insurer authorized to transact life insurance, or disability insurance, or annuity business in this state. All such insurers shall be and remain members of the association during the continuance of, and as a condition to, their authority to transact such business in this state.

(2) The association shall be managed by a board of directors composed of the commissioner, ex officio, and of not less than five nor more than nine member insurers, each of whom shall initially be appointed by the commissioner to serve for terms of one, two, or three years. After the initial board is appointed, the board shall provide in its bylaws for selection of board members by member insurers subject to the commissioner's approval; members so selected shall serve for three year terms, acceding to office upon expiration of the terms of the respective initial board members; and board members shall thereafter serve for three year terms and shall continue in office until their respective successors be selected, approved, and have qualified. At least a majority of the members of the board shall be domestic insurers. In case of a vacancy for any reason on the initial board appointed, the commissioner shall appoint a member insurer to fill the unexpired term; vacancies on the board thereafter shall be filled in the same manner as in the original selection and approval. Board members may be reimbursed for reasonable and necessary expenses incurred in connection with the performance of their duties.

(3) A director, officer, employee, agent or other representative of the association or of a member insurer, or the commissioner or his representative shall in no event be individually liable to any person, including the association, for any act or omission to act, or for any liability incurred or assumed, on behalf

of the association or by virtue thereof, any such liability so incurred or assumed to be collectible only out of a fund; nor shall any insurer member of the association be subject to any liability except for assessment as in this act provided.

(4) The association shall be under the immediate supervision of the commissioner and shall be subject to such provisions of the insurance code of the state of Washington as may be applicable and not inconsistent with the provisions of this act.

(5) The board may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

NEW SECTION. Sec. 5. POWERS OF THE ASSOCIATION. The association shall have the power:

(1) To use a seal, to contract, to sue and be sued and, in addition, possess and exercise all powers necessary or convenient for the purposes of this act.

(2) With the approval of the commissioner and as provided in section 6 of this act, to assume, reinsure or guarantee or cause to be assumed, reinsured, or guaranteed, partially or wholly, any or all of the policies or contracts of any liquidating domestic life or disability insurer or any policy or contract to which this act applies, and to make available from a fund, the creation of which is hereinafter in section 8 of this act provided, such sum or sums as may be necessary for such purpose.

(3) To carry out the provisions of this section, the association shall have, and may exercise, all necessary rights, powers, privileges, and franchises of a domestic insurer, except that it shall not be authorized to issue contracts or policies unless such contracts or policies are pursuant to contracts and policies representing obligations in whole or in part of the liquidating insurer or of the association.

(4) To borrow money for the purposes of the fund, either with or without security, and pledge such assets in a fund as security for such loans, and in connection therewith, rehypothecate any securities or collateral pledged to it by an insurer. Any notes or other evidence of indebtedness of the association shall be legal investments for domestic insurers and may be carried as admitted assets.

(5) To collect or enforce by legal proceedings, if necessary, the payment of all assessments for which any insurer may be liable under this act; and to collect any other debt or obligation due to the association or a fund created in this act.

(6) To make bylaws and regulations for the conduct of the affairs of the association, not inconsistent with this act.

NEW SECTION. Sec. 6. REINSURANCE, GUARANTY OF POLICIES,

CONTRACTS. (1) The association shall, subject to such terms and conditions as it may impose with the approval of the commissioner, assume, reinsure, or guarantee the performance of the policies and contracts of any domestic life or disability insurer with respect to which an order of liquidation has been entered by any court of general jurisdiction in the state of Washington, and shall have power to receive, own, and administer any assets acquired in connection with such assumption, reinsurance, or guaranty. The association, as to any such policy or contract under which there is no default in payment of premiums subsequent to such assumption, reinsurance, or guaranty, shall make or cause to be made prompt payment of the benefits due under the terms of the policy or contract.

(2) The association shall make or cause to be made payment of the death, endowment, or disability insurance or annuity benefits due under the terms of each policy or contract insuring the life or health of, or providing annuity or other benefits for, a resident of this state which was issued or assumed by a foreign or alien insurer with respect to which an order of liquidation has been entered by a court of competent jurisdiction in the state or country of its domicile.

(3) In determining benefits to be paid with respect to the policies and contracts of a particular liquidating insurer the board may give due consideration to amounts reasonably recoverable or deductible because of the contingent liability, if any, of policyholders of the insurer (if a mutual insurer) or recoverable because of the assessment liability, if any, of the insurer's stockholders (if a stock insurer).

(4) With respect to an insolvent domestic insurer, the board shall have power to petition the court in which the delinquency proceedings are pending for, and the court shall have authority to order and effectuate, such modifications in the terms, benefits, values, and premiums thereafter to be in effect of policies and contracts of the insurer as may reasonably be necessary to effect a bulk reinsurance of such policies and contract in a solvent insurer.

(5) In addition to any other rights of the association acquired by assignment or otherwise, the association shall be subrogated to the rights of any person entitled to receive benefits under this act against the liquidating insurer, or the receiver, rehabilitator, liquidator, or conservator, as the case may be, under the policy or contract with respect to which a payment is made or guaranteed, or obligation assumed by the association pursuant to this section, and the association may require an assignment to it of such rights by any such persons as a condition precedent to the receipt by such person of payment of any benefits under this act.

(6) For the purpose of carrying out its obligations under this

act, the association shall be deemed to be a creditor of the liquidating insurer to the extent of assets attributable to covered policies and contracts reduced by any amounts to which the association is entitled as a subrogee. All assets of the liquidating insurer attributable to covered policies and contracts shall be used to continue all covered policies and contracts and pay all contractual obligations of the liquidating insurer as required by this act. Assets attributable to covered policies and contracts, as used in this subsection, are those in that proportion of the assets which the reserves that should have been established for such policies and contracts bear to the reserves that should have been established for all insurances written by the liquidating insurer.

NEW SECTION. Sec. 7. DUPLICATION OF BENEFITS PROHIBITED. Whenever a guaranty or payment of proceeds or benefits of a policy or contract otherwise provided for under this act is also provided for by a similar law of another jurisdiction, there shall be only one recovery of values or benefits, and the association or their entity established by such law in the domiciliary jurisdiction or state of entry of the liquidating insurer shall be solely responsible for such guaranty and payment.

NEW SECTION. Sec. 8. GUARANTY FUNDS. (1) For purposes of administration and assessment, the association shall establish and maintain three guaranty fund accounts: (a) the life insurance account; (b) the disability insurance account; and (c) the annuity account.

(2) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessment after thirty days written notice to the member insurers before payment is due.

(3) (a) The amount of any assessment for each account shall be determined by the board, and shall be divided among the accounts in the proportion that the premiums received by the liquidating insurer on the policies or contracts covered by each account bears to the premiums received by such insurer on all covered policies and contracts.

(b) Assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account bears to such premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to a particular liquidating insurer shall not be made until necessary, in the board's opinion, to implement the

purposes of this act; and in no event shall such an assessment be made with respect to such insurer until an order of liquidation has been entered against the insurer by a court of competent jurisdiction of the insurer's state or country of domicile. Computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determination may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of such insurer's premiums in this state on the policies or contracts covered by the account.

(5) In the event an assessment against a member insurer is abated or deferred, in whole or in part, because of the limitations set forth in subsection (4) of this section, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in an account, does not provide in any one year an amount sufficient to carry out the responsibilities of the association with respect to such account, the necessary additional funds shall be assessed as soon thereafter as permitted by this act.

(6) The amount in a fund shall be kept at such a sum as in the opinion of the board will enable the association to meet the immediate obligations and liabilities of such fund. Whenever in the opinion of the board the amount in a fund is in excess of such immediate obligations and liabilities, with the approval of the commissioner the association may distribute such excess by retirement of certificates previously issued against the fund. Such distribution shall be made pro rata upon the basis of outstanding certificates, except that by unanimous consent of all directors and with the approval of the commissioner any other reasonable method of retirement of such certificates may be adopted.

(7) As used in this section, "premiums" are those for the calendar year preceding the entry of the order of liquidation as to a particular liquidating insurer, and shall be direct gross insurance premiums and annuity considerations received on policies and contracts to which this act applies, less return premiums and considerations and less dividends paid or credited to policy-holders.

(8) Upon dissolution of a fund by the repeal of this act or otherwise, the fund shall be distributed in the same manner as is provided for the repayment or retirement of certificates. If the

amount in the fund at the time of dissolution is in excess of outstanding certificates issued against the fund, such excess shall be distributed among contributing member insurers in such equitable manner as is approved by the commissioner.

NEW SECTION. Sec. 9. CERTIFICATES OF CONTRIBUTION; ALLOWANCE AS ASSET. (1) The association shall issue to each insurer paying an assessment under this act certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve: PROVIDED, That unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

100% for the calendar year of issuance;

80% for the first calendar year after the year of issuance;

60% for the second calendar year after the year of issuance;

40% for the third calendar year after the year of issuance;

20% for the fourth calendar year after the year of issuance;

and

0% for the fifth and subsequent calendar years after the year of issuance.

(3) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

NEW SECTION. Sec. 10. TAXATION. (1) The association shall be exempt from premium tax. Any domestic insurer whose policies or contracts have been assumed, reinsured, or guaranteed by the association under this act shall remain liable for premium taxes on all premiums received on policies and contracts issued by it, but payment of such taxes shall be suspended. Payment of or on account of such taxes shall be made under such terms and conditions as the commissioner may prescribe. No distribution to stockholders, if any, of the liquidating insurer shall be made unless all premium taxes, the payment of which has been suspended hereunder, have been fully paid.

(2) The association shall be exempt from all taxes and fees now or hereafter imposed by the state of Washington or by any county, municipality, or local authority or subdivision; except that any real property owned by the association shall be subject to taxation to the

same extent according to its value as other real property is taxed.

(3) Assessments made upon domestic insurers pursuant to a law of another jurisdiction similar to this act, shall be excluded from the application of RCW 48.14.040 (retaliatory provision).

NEW SECTION. Sec. 11. PROHIBITED USE OF ACT. No person shall make use in any manner of the protection afforded under this act in the solicitation of insurance or annuity business.

NEW SECTION. Sec. 12. RECAPTURE OF EXCESSIVE DIVIDENDS TO AFFILIATES. (1) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed or existing under such order shall have a right to recover, and upon request of the board or without such request shall take such action as he deems advisable to recover, on behalf of the insurer from any affiliate that controlled it the amount of distributions, other than stock dividends paid by the insurer on its capital stock, at any time during the five years preceding the petition for liquidation or rehabilitation of the insurer subject to the limitations of subsections (2) through (4) of this section.

(2) No such dividend shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) Any person who was an affiliate in control of the insurer at the time a distribution was paid shall be liable up to the amount of distribution he received. Any person who was an affiliate in control of the insurer at the time a distribution was declared shall be liable up to the amount of distribution he would have received if it had been paid immediately. If two persons are liable with respect to the same distribution they shall be jointly and severally liable.

(4) The maximum amount recoverable by the receiver under this section shall be the amount needed in excess of all other available assets to pay the contractual obligations of the insurer.

(5) If any person liable under subsection (3) of this section is insolvent, all its affiliates that controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

NEW SECTION. Sec. 13. SHORT TITLE. This chapter shall be known and may be cited as the Washington Life and Disability Insurance Guaranty Association Act.

NEW SECTION. Sec. 14. CONSTRUCTION. This chapter shall be liberally construed to effect the purpose stated in section 1 of this act, which shall constitute an aid and guide to interpretation.

NEW SECTION. Sec. 15. SECTION HEADINGS NOT PART OF LAW.

Section headings in this act do not constitute any part of the law.

NEW SECTION. Sec. 16. NEW CHAPTER. Sections 1 through 14 of this act shall be added to Title 48 RCW as a new chapter thereof.

NEW SECTION. Sec. 17. SEVERABILITY. If any clause, sentence, paragraph, section or part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment has been rendered.

NEW SECTION. Sec. 18. EMERGENCY. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

CHAPTER 262

[Engrossed Senate Bill No. 486]

PUBLIC HIGHWAY CONSTRUCTION--
RELOCATION COSTS FOR UTILITY FACILITIES

AN ACT Relating to public highways; providing for payment for costs of relocating utility facilities located within the right-of-way of interstate highways, when relocation is necessitated by construction of such highways; creating a special fund out of which such payments shall be made; and adding new sections to chapter 47.44 RCW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 47.44 RCW a new section to read as follows:

The legislature finds that federal regulations governing the construction, reconstruction, repair, alteration, relocation and improvement of the national system of defense and interstate highways, funded in large part by funds of the United States, require substantial removal and relocation of the facilities of local utilities. The removal and relocation of these facilities in Washington, necessary to serve the national need for safe interstate highways, cost millions of dollars. The congress, accepting a national interstate highway system as a national commitment to be paid for nationally, has provided federal funds to pay the great bulk of the costs--including the costs of removing and relocating utility facilities where payment of such costs is permitted by state law. Thus the cost of utility facility removal and relocation was intended to be part of the national highway commitment, rather than a burden to the utility rate payers of this state.

The legislature further finds that it is in the public interest and for a public purpose that utilities owning such facilities be paid or reimbursed for the relocation and removal costs so that federal moneys might be obtained and Washington tax and utility rate payers pay no more than their fair share for the national highway program. Receipt of federal funds will benefit utility rate payers who make up the public and will not confer a significant benefit on utility owners.

NEW SECTION. Sec. 2. There is added to chapter 47.44 RCW a new section to read as follows:

There is hereby established in the state treasury a special fund, to be known as the federal-aid utility relocation fund and to be administered by the state highway commission in accordance with the provisions of this act. The special fund is and shall be administered as a separate and special fund of a proprietary nature. There shall be appropriate accounts and subaccounts within the fund,

as required by sound accounting practices, including but not limited to individual accounts for each of the several utilities making payments to the fund as hereinafter provided. The special fund shall not be a part of the general fund of the state nor of the state motor vehicle fund, and in no event shall any of the general fund or the motor vehicle fund be used in connection with this act.

NEW SECTION. Sec. 3. There is added to chapter 47.44 RCW a new section to read as follows:

Contributions and advances may be made to the federal-aid utility relocation fund by publicly, privately or cooperatively owned utilities, and shall be credited to individual accounts for those utilities. The contributions and advances shall be accepted on such terms and conditions as are appropriate for the purposes of carrying out this act. All moneys received by the fund shall upon receipt become funds of the state, subject, however, to the provisions of this act.

NEW SECTION. Sec. 4. There is added to chapter 47.44 RCW a new section to read as follows:

Moneys in the federal-aid utility relocation fund shall be used as follows:

(1) To pay the cost of administering the provisions of this act, which cost shall be equitably apportioned among and paid from the individual accounts of the participating utilities;

Any funds received as a result of such application shall be deposited in the federal-aid utility relocation fund, and credited to the accounts of individual utilities in such amounts as the funds received represent and are attributable to federal reimbursement for state payments from those individual accounts as provided in this act.

NEW SECTION. Sec. 6. There is added to chapter 47.44 RCW a new section to read as follows:

All moneys in individual accounts shall be transmitted to the particular utilities within thirty days of their receipt by the highway commission. CHAPTER 265

[Engrossed Senate Bill No. 18]

WASHINGTON INSURANCE GUARANTY ASSOCIATION ACT

AN ACT Relating to insurance; creating the Washington Insurance Guaranty Association; providing for a board of directors thereof; setting out certain powers, duties, and functions; providing for certain assessments and funds; providing for the termination of the association and for the disposition of funds thereupon; exempting the association from certain taxes; adding a new chapter to Title 48 RCW; providing penalties; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. PURPOSE. The purpose of this chapter is to provide a mechanism for the payment of covered claims under certain insurance policies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of the insolvency of an insurer, to assist in the detection and prevention of insurer insolvencies, and to provide an association to assess the cost of such protection among insurers.

NEW SECTION. Sec. 2. SCOPE. This chapter shall apply to all kinds of direct insurance, except life, title, surety, disability, credit, mortgage guaranty, and ocean marine insurance.

NEW SECTION. Sec. 3. DEFINITIONS. As used in this chapter:

(1) "Account" means any one of the three accounts created in section 4 of this 1971 act.

(2) "Association" means the Washington Insurance Guaranty Association created in section 4 of this 1971 act.

(3) "Commissioner" means the insurance commissioner of this state.

(4) "Covered claim" means an unpaid claim, excluding one for unearned premiums, which arises out of and is within the coverage of an insurance policy to which this chapter applies issued by an insurer, if such insurer becomes an insolvent insurer after the first day of April, 1971 and (a) the claimant or insured is a resident of this state at the time of the insured event; or (b) the property from

which the claim arises is permanently located in this state. "Covered claim" shall not include any amount due any reinsurer, insurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise.

(5) "Insolvent insurer" means an insurer (a) authorized to transact insurance in this state either at the time the policy was issued or when the insured event occurred and (b) determined to be insolvent by a court of competent jurisdiction, and which adjudication was subsequent to the first day of April, 1971.

(6) "Member insurer" means any person who (a) writes any kind of insurance to which this chapter applies under section 2 of this 1971 act, including the exchange of reciprocal or interinsurance contracts, and (b) is licensed to transact insurance in this state.

(7) "Net direct written premiums" means direct gross premiums written in this state on insurance policies to which this chapter applies, less return premiums thereon and dividends paid or credited to policyholders on such direct business. "Net direct written premiums" does not include premiums on contracts between insurers or reinsurers.

(8) "Person" means any individual, corporation, partnership, association, or voluntary organization.

NEW SECTION. Sec. 4. CREATION OF THE ASSOCIATION. There is hereby created a nonprofit unincorporated legal entity to be known as the Washington Insurance Guaranty Association. All insurers defined as member insurers in section 3 (6) of this 1971 act shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under a plan of operation established and approved under section 7 of this 1971 act and shall exercise its powers through a board of directors established under section 5 hereof. For purposes of administration and assessment, the association shall be divided into three separate accounts: (1) The workmen's compensation insurance account; (2) the automobile insurance account; and (3) the account for all other insurance to which this chapter applies.

NEW SECTION. Sec. 5. BOARD OF DIRECTORS. (1) The board of directors of the association shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term in the same manner as initial appointments. If no members are selected within sixty days after the effective date of this chapter, the commissioner may appoint the initial members of the board of directors.

(2) In approving selections to the board, the commissioner

shall consider among other things whether all member insurers are fairly represented.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors.

NEW SECTION. Sec. 6. POWERS AND DUTIES OF THE ASSOCIATION.

(1) The association shall:

(a) Be obligated to the extent of the covered claims existing prior to the determination of insolvency and arising within thirty days after the determination of insolvency, or before the policy expiration date if less than thirty days after the determination, or before the insured replaces the policy or on request effects cancellation, if he does so within thirty days of the determination, but such obligation shall include only that amount of each covered claim which is in excess of one hundred dollars and is less than three hundred thousand dollars, except that the association shall pay the full amount of any covered claim arising out of a workmen's compensation policy. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the face amount of the policy from which the claim arises.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c) Allocate claims paid and expenses incurred among the three accounts enumerated in section 4 of this 1971 act separately, and assess member insurers separately for each account amounts necessary to pay the obligations of the association under subsection (1) (a) above subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under section 11 of this 1971 act, and other expenses authorized by this chapter. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the preceding calendar year on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than two percent of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available shall be prorated and the unpaid portion

shall be paid as soon thereafter as funds become available. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer if they are chargeable to the account for which the assessment is made.

(d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims.

(e) Notify such persons as the commissioner directs under section 8 (2) (a) of this 1971 act.

(f) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this chapter.

(2) The association may:

(a) Appear in, defend, and appeal any action on a claim brought against the association.

(b) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(c) Borrow funds necessary to effect the purposes of this chapter in accord with the plan of operation.

(d) Sue or be sued.

(e) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this chapter.

(f) Perform such other acts as are necessary or proper to effectuate the purpose of this chapter.

(g) Refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year.

NEW SECTION. Sec. 7. PLAN OF OPERATION. (1) (a) The

association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the commissioner.

(b) If the association fails to submit a suitable plan of operation within ninety days following the effective date of this chapter or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this chapter. Such rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation shall:

(a) Establish the procedures whereby all the powers and duties of the association under section 6 of this 1971 act will be performed.

(b) Establish procedures for handling assets of the association.

(c) Establish the amount and method of reimbursing members of the board of directors under section 5 of this 1971 act.

(d) Establish procedures by which claims may be filed with the association and establish acceptable forms of proof of covered claims. Notice of claims to the receiver or liquidator of the insolvent insurer shall be deemed notice to the association or its agent and a list of such claims shall be periodically submitted to the association or similar organization in another state by the receiver or liquidator.

(e) Establish regular places and times for meetings of the board of directors.

(f) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors.

(g) Provide that any member insurer aggrieved by any final action or decision of the association may appeal to the commissioner within thirty days after the action or decision.

(h) Establish the procedures whereby selections for the board of directors will be submitted to the commissioner.

(i) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association, except those under section 6

subsections (1) (c) and (2) (c), are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this chapter.

NEW SECTION. Sec. 8. DUTIES AND POWERS OF THE COMMISSIONER.

(1) The commissioner shall:

(a) Notify the association of the existence of an insolvent insurer not later than three days after he receives notice of the determination of the insolvency.

(b) Upon request of the board of directors, provide the association with a statement of the net direct written premiums of each member insurer.

(2) The commissioner may:

(a) Require that the association notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this chapter. Such notification shall be by mail at their last known address, where available, but if sufficient information for notification by mail is not available, notice by publication or in a newspaper of general circulation shall be sufficient.

(b) Suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a fine on any member insurer which fails to pay an assessment when due. Such fine shall not exceed five percent of the unpaid assessment per month, except that no fine shall be less than one hundred dollars per month.

(c) Revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

(3) Any final action or order of the commissioner under this chapter shall be subject to judicial review in a court of competent jurisdiction.

NEW SECTION. Sec. 9. EFFECT OF PAID CLAIMS. (1) Any person recovering under this chapter shall be deemed to have assigned his rights under the policy to the association to the extent of his recovery from the association. Every insured or claimant seeking the protection of this chapter shall cooperate with the association to

the same extent as such person would have been required to cooperate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out.

(2) The receiver, liquidator, or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the association or a similar organization in another state. The court having jurisdiction shall grant such claims priority equal to that which the claimant would have been entitled in the absence of this chapter against the assets of the insolvent insurer. The expenses of the association or similar organization in handling claims shall be accorded the same priority as the liquidator's expenses.

(3) The association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the association and estimates of anticipated claims on the association which shall preserve the right of the association against the assets of the insolvent insurer.

NEW SECTION. Sec. 10. NONDUPLICATION OF RECOVERY. (1) Any person having a claim against his insurer under any provision in his insurance policy which is also a covered claim shall be required to exhaust first his right under such policy. Any amount payable on a covered claim under this chapter shall be reduced by the amount of such recovery under the claimant's insurance policy.

(2) Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, from the association of the location of the property, and if it is a workmen's compensation claim, from the association of the residence of the claimant. Any recovery under this chapter shall be reduced by the amount of the recovery from any other insurance guaranty association or its equivalent.

NEW SECTION. Sec. 11. PREVENTION OF INSOLVENCIES. To aid in the detection and prevention of insurer insolvencies:

(1) It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be insolvent or in a financial condition hazardous to the policyholders or the public.

(2) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be in a financial condition hazardous to the policyholders or the public. Within thirty days of the receipt of such request, the commissioner shall

begin such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subsection (3) of this section. The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(3) It shall be the duty of the commissioner to report to the board of directors when he has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent or in a financial condition hazardous to the policyholders or the public.

(4) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(5) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(6) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report on the history and causes of such insolvency, based on the information available to the association, and submit such report to the commissioner.

NEW SECTION. Sec. 12. EXAMINATION OF THE ASSOCIATION. The association shall be subject to examination and regulation by the commissioner. The board of directors shall submit, not later than March 30th of each year, a financial report for the preceding calendar year in a form approved by the commissioner.

NEW SECTION. Sec. 13. TAX EXEMPTION. The association shall be exempt from payment of all fees and all taxes levied by this state or any of its subdivisions except taxes levied on real or personal property.

NEW SECTION. Sec. 14. RECOGNITION OF ASSESSMENTS IN RATES. The rates and premiums charged for insurance policies to which this chapter applies shall include amounts sufficient to recoup a sum equal to the amounts paid to the association by the member insurer less any amounts returned to the member insurer by the association

and such rates shall not be deemed excessive because they contain an amount reasonably calculated to recoup assessments paid by the member insurer.

NEW SECTION. Sec. 15. IMMUNITY.. There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer, the association or its agents or employees, the board of directors, or the commissioner or his representatives for any action taken by them in the performance of their powers and duties under this chapter.

NEW SECTION. Sec. 16. STAY OF PROCEEDINGS. All proceedings in which the insolvent insurer is a party in any court in this state shall be stayed for sixty days from the date the insolvency is determined to permit proper defense by the association of all pending causes of action.

NEW SECTION. Sec. 17. TERMINATION, DISTRIBUTION OF FUND. (1) The commissioner shall by order terminate the operation of the Washington insurers insolvency pool as to any kind of insurance afforded by property or casualty insurance policies with respect to which he has found, after hearing, that there is in effect a statutory or voluntary plan which:

(a) Is a permanent plan which is adequately funded or for which adequate funding is provided; and

(b) Extends, or will extend to state policyholders and residents protection and benefits with respect to insolvent insurers not substantially less favorable and effective to such policyholders and residents than the protection and benefits provided with respect to such kind of insurance under this chapter.

(2) The commissioner shall by the same such order authorize discontinuance of future payments by insurers to the Washington insurers insolvency pool with respect to the same kinds of insurance: PROVIDED, That assessments and payments shall continue, as necessary, to liquidate covered claims of insurers adjudged insolvent prior to said order and the related expenses not covered by such other plan.

(3) In the event the operation of any account of the Washington insurers insolvency pool shall be so terminated as to all kinds of insurance otherwise within its scope, the pool as soon as possible thereafter shall distribute the balance of the moneys and assets remaining in said account (after discharge of the functions of the pool with respect to prior insurer insolvencies not covered by such other plan, together with related expenses) to the insurers which are then writing in this state policies of the kinds of insurance covered by such account, and which had made payments into such account, pro rata upon the basis of the aggregate of such payments made by the respective insurers to such account during the period of five years next preceding the date of such order. Upon

completion of such distribution with respect to all of the accounts specified in section 6 of this 1971 act, this chapter shall be deemed to have expired.

NEW SECTION. Sec. 18. SHORT TITLE. This chapter shall be known and may be cited as the Washington Insurance Guaranty Association Act.

NEW SECTION. Sec. 19. CONSTRUCTION. This chapter shall be liberally construed to effect the purpose under section 1 of this 1971 act which shall constitute an aid and guide to interpretation.

NEW SECTION. Sec. 20. NEW CHAPTER. Sections 1 through 19 of this 1971 act shall be added to Title 48 RCW as a new chapter thereof.

NEW SECTION. Sec. 21. EMERGENCY. This 1971 act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and shall take effect immediately.

NEW SECTION. Sec. 22. SECTION HEADINGS NOT PART OF LAW. Section headings as used in this 1971 act do not constitute any part of the law.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected.

Sec. 5. Section 20, chapter 274, Laws of 1947 as last amended by section 8, chapter 128, Laws of 1969 and RCW 41.40.190 are each amended to read as follows:

Upon retirement from service, as provided for in RCW 41.40.180, a member shall be eligible for a service retirement allowance computed on the basis of the law in effect at the time of retirement, together with such post-retirement pension increases as may from time to time be expressly authorized by the legislature. The service retirement allowance payable to members retiring on and after the effective date of this ((4969)) 1971 amendatory act shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A basic service pension of one hundred dollars per annum; and

(4) A prior service pension which shall be equal to one-seventieth of his average final compensation for each year or fraction of a year of prior service not to exceed thirty years credited to his service accounts. In no event shall any original member upon retirement at age seventy with ten or more years of service credit receive less than nine hundred dollars per annum as a retirement allowance, nor shall any member upon retirement at any age receive a retirement allowance of less than nine hundred dollars per annum if such member has twelve or more years of service credit, or less than one thousand and two hundred dollars per annum if such member has sixteen or more years of service credit, or less than one thousand five hundred and sixty dollars per annum if such member has

twenty or more years of service credit. In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount: PROVIDED, That in order to be eligible to receive the annuity portion derived from the member's accumulated contributions under subdivision (1) and the pension portions provided by the employer under subdivisions (2) and (3) of this section, a new member must have at least five years of membership service credited to his service account, unless he becomes eligible for benefits provided for herein under RCW 41.40.200, 41.40.210 and 41.40.220.

(5) Notwithstanding the provisions of subsections (1) through (4) of this section, the retirement allowance payable for service where a member was elected or appointed pursuant to Articles II or III of the Constitution of the state of Washington or RCW 48.02.010 and the implementing statutes shall be a combined pension and annuity. Said retirement allowance shall be equal to three percent of the average final compensation for each year of such service. Any member covered by this subsection who upon retirement has served ten or more years shall receive a retirement allowance of at least one thousand two hundred dollars per annum; such member who has served fifteen or more years shall receive a retirement allowance of at least one thousand eight hundred dollars per annum; and such member who has served twenty or more years shall receive a retirement allowance of at least two thousand four hundred dollars per annum: PROVIDED, That the initial retirement allowance of a member retiring only under the provisions of this subsection shall not exceed the average final compensation upon which the retirement allowance is based. The minimum benefits provided in this subsection shall apply to all retired members or to the surviving spouse of deceased members who were elected under the provisions of Article II of the Washington State Constitution.

(6) Upon making application for a service retirement allowance under RCW 41.40.180, a member who is eligible therefor shall make an election as to the manner in which such service retirement shall be paid from among the following designated options, calculated so as to be actuarially equivalent to each other:

Option IA. A member electing this option shall receive a retirement allowance payable throughout his life only with termination at death, which shall be computed as provided for in subsections (1) through (4) or (5) of this section.

Option I. If he dies before the total of the annuity portions of the retirement allowance paid to him equals the amount of his

accumulated contributions at the time of retirement, then the balance shall be paid to such person or persons having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board, or if there be no such designated person or persons, still living at the time of his death, then to his surviving spouse, or if there be neither such designated person or persons still living at the time of his death nor a surviving spouse, then to his legal representative; or

Option II. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement. Unless payment shall be made under RCW 41.40.270, option II shall automatically be given effect as if selected for the benefit of the surviving spouse upon the death in service, or while on authorized leave of absence for a period not to exceed one hundred and twenty days from the date of payroll separation, of any member who is qualified for a service retirement allowance or has completed ten years of service at the time of death, except that if the member is not then qualified for a service retirement allowance, such option II benefit shall be based upon the actuarial equivalent of the sum necessary to pay the accrued regular retirement allowance commencing when the deceased member would have first qualified for a service retirement allowance; or

Option III. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement.

((6)) (7) Retirement allowances paid to members eligible to retire under the provisions of RCW 41.40.180 (2), 41.40.200, 41.40.210, 41.40.220, 41.40.230, 41.40.240 and 41.40.250 shall accrue from the first day of the calendar month immediately following the calendar month during which the member is separated from service. (3) Effective July 1, ((1970)) 1971, every prior pension which is then being paid to any retired member or his designated beneficiary shall be adjusted to that dollar amount which bears the ratio to its original dollar amount which the retirement board finds to exist between the index for ((1969)) 1970 and the index for the calendar year prior to the effective retirement date of the person to whom, or on behalf of whom, such retirement allowance is being paid.

Sec. 7. Section 19, chapter 274, Laws of 1947 as last amended by section 5, chapter 127, Laws of 1967 and RCW 41.40.180 are each amended to read as follows:

(3) On and after April 1, 1953, any member who has completed thirty years of service may retire on his written application to the

retirement board setting forth at what time, not less than thirty days, nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, subject to war measures.

(4) On and after (~~July 1, 1967~~) the effective date of this 1971 amendatory act any member who has completed twenty-five years of service and attained age fifty-five may retire on his written application to the retirement board setting forth at which time, not less than thirty days, nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, subject to war measures. (~~PROVIDED, That any member retiring under the provisions of this subsection shall receive a reduced retirement allowance, which allowance shall be the actuarial equivalent of the sum necessary to pay regular retirement benefits as of the earliest date upon which he could otherwise retire under subsections (1) or (3) of this section.~~)

(5) The retirement board is authorized to waive advance notice of retirement upon good cause shown.

Sec. 8. Section 23, chapter 274, Laws of 1947 as last amended by section 7, chapter 291, Laws of 1961, and RCW 41.40.220 are each amended to read as follows:

(2) Upon attainment of age sixty, the disabled member shall receive a pension, as provided for in RCW 41.40.190, subdivisions (2), (3), and (4), together with an annuity which shall be the equivalent of the annuity he would have received had he continued contributions to the employees' savings fund; said contributions to be based upon his final compensation at the time of his disability.

(3) During the period a disabled member is receiving a disability pension, as provided for in subdivision (1) of this section, his contributions to the employees' savings fund shall be suspended and his balance in the employees' savings fund, standing to his credit as of the date his disability pension is to begin, shall remain in the employees' savings fund: PROVIDED, That if the disabled member should die before attaining age sixty, while a disability beneficiary, upon receipt by the retirement board of proper proof of death, his accumulated contributions standing to his credit in the employees' savings fund, shall be paid to such person or persons, having an insurable interest in his life, as he shall

Sec. 9. Section 27, chapter 274, Laws of 1947 as last amended by section 12, chapter 174, Laws of 1963, and RCW 41.40.260 are each amended to read as follows:

Subject to the provisions of RCW 41.40.280, should a member cease to be an employee, he may request upon a form provided by the retirement board a refund of all or part of the funds standing to his credit in the employees' savings fund and this amount shall be paid to him: PROVIDED, That withdrawal of all or part of the funds by a member who is eligible for a service retirement allowance in RCW 41.40.180 or a disability retirement allowance in RCW 41.40.200, 41.40.210, 41.40.220, 41.40.230, 41.40.240, or 41.40.250 shall constitute a waiver of any service or disability retirement allowance: PROVIDED FURTHER, That the withdrawal of all or part of additional contributions made pursuant to RCW 41.40.330(2) shall not constitute a waiver.

Sec. 10. Section 34, chapter 274, Laws of 1947 as last amended by section 12, chapter 128, Laws of 1969, and RCW 41.40.330 are each amended to read as follows:

(1) Beginning October 1, 1947, each employee who is a member of the retirement system shall contribute five percent of that part of his compensation earnable, not in excess of thirty-six hundred dollars in a calendar year, except as provided herein and in subsection (2) hereof, to the employees' savings fund, and shall contribute one dollar and fifty cents per annum to the retirement system expense fund: PROVIDED, HOWEVER, That beginning January 1, 1950, such retirement system expense fund contribution shall be increased to the amount of two dollars and fifty cents per annum and shall be made by semiannual payments of one dollar and twenty-five cents beginning January 1, 1950, and thereafter each employee entering membership shall contribute the sum of one dollar and twenty-five cents to the retirement system expense fund for the fractional portion of the semiannual period during which he enters or reenters membership: AND PROVIDED FURTHER, That beginning July 1, 1969, the expense fund contributions shall be transferred from all employee account balances in the employees' savings fund to the retirement expense fund account, as set forth in this section. On and after April 1, 1953, each employee who is a member of the

retirement system shall contribute five percent of his total compensation earnable. The officer responsible for making up the payroll shall deduct from the compensation of each member, on each and every payroll of such member for each and every payroll period subsequent to the date on which he became a member of the retirement system, an amount equal to five percent of such member's compensation earnable, as provided by this section. ((In determining the amount earnable by a member in a payroll period, the retirement board and the employer may consider the rate of compensation payable to such member on the first day of the payroll period as continuing through such payroll period; and deductions may be omitted from such compensation for any period less than a full payroll period; if an employee was not a member on the first day of the payroll period.))

(2) Any member may, pursuant to regulations formulated from time to time by the board, provide for himself, by means of an increased rate of contribution to his account in the employees' savings fund, an increased prospective retirement allowance ((not to exceed one-half of his prospective average final compensation)).

(3) The officer responsible for making up the payroll shall deduct from the compensation of each member covered by the provisions of RCW 41.40.190 (5) on each and every payroll of such member for each and every payroll period subsequent to the date on which he thereafter becomes a member of the retirement system, an amount equal to seven and one-half percent of such member's compensation earnable.

Sec. 11. Section 37, chapter 274, Laws of 1947 as last amended by section 15, chapter 174, Laws of 1963, and RCW 41.40.361 are each amended to read as follows:

(1) For the purpose of this section, the "fundable employer liability" at any date shall be the present value of

(a) all future pension benefits payable in respect of all members in the retirement system at that date, and

(b) all future benefits in respect of beneficiaries then receiving retirement allowances or pensions.

(2) The contributions by the employer for benefits under the retirement system shall consist of the sum of a percentage of the compensation of members to be known as the "normal contribution", a percentage of such compensation to be known as the "unfunded liability contribution" and in the case of employers admitted to the retirement system after April 1, 1949, a percentage of such compensation to be known as the "additional contribution". The rates of such contributions shall be determined by the retirement board on the basis of assets and liabilities as shown by actuarial valuation: PROVIDED, That as to state employers the total combined contributions of the normal contribution and unfunded liability contribution shall not exceed a total combined percentage rate of six percent for each

employer unless authorized by the legislature.

(3) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the normal contribution rate and such contribution rate shall become effective in the ensuing biennium. In addition the board shall determine the additional employer contribution rate necessary to fund the benefits granted officials holding office pursuant to Articles II and III of the Constitution of the state of Washington and RCW 48.02.010. Said additional employer contribution rate shall be paid in the same manner as the normal contribution and the unfunded liability contribution. Until the unfunded liability contribution shall have been discontinued, such normal contribution rate shall be computed to be sufficient, when applied to the present value of the future compensation of the average new member entering the system, to provide for the payment of all prospective pension benefits in respect of such member. After the unfunded liability contributions have been discontinued, such normal contribution rate shall be determined as the uniform and constant percentage of the prospective compensation of all members of the retirement system at the date of such valuation which is equivalent to the excess of the fundable employer liability over the amount of funds currently standing to the credit of the benefit account fund.

(4) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the unfunded liability contribution, and such rate shall become effective in the ensuing biennium. The unfunded liability contribution rate shall not be less than ((that percentage of annual compensation of all members in the retirement system at the date of such subsequent valuation which is equivalent to four percent of the unfunded liability of the system)) the uniform and constant percentage of the prospective compensation of all members of the retirement system for the forty-year period following the date of such valuation which is equivalent to the unfunded liability. The unfunded liability shall be determined at such date as the excess of the fundable employer liability over the sum of the present value of the future normal contributions payable in respect of all members in the retirement system at that date, and the amount of all funds currently standing to the credit of the benefit account fund. The unfunded liability contributions shall continue until there remains no unfunded liability.

(5) Any employer admitted to the retirement system after April 1, 1949, shall make an additional contribution until such time as the sum of such additional contributions equals the amount of contributions which such employer would have been required to

contribute between April 1, 1949, and the date of such employer's admission to the retirement system: PROVIDED, All additional contributions hereunder and under the provisions of RCW 41.40.160(2) must be completed within fifteen years from the date of the employer's admission.

(6) For the biennium beginning July 1, 1971, and ending June 30, 1973, only, and notwithstanding any other provision of the chapter, the rate determined by the board for state employer contributions shall be only the percentage of compensation for members equal to the "normal contribution" computed to be four and thirty-six one-hundredths percent of compensation.

Sec. 12. Section 43, chapter 274, Laws of 1947 as last amended by section 13, chapter 128, Laws of 1969, and RCW 41.40.410 are each amended to read as follows:

The employees and appointive and elective officials of any political subdivision or association of political subdivisions of the state may become members of the retirement system by the approval of the local legislative authority: PROVIDED, That on and after September 1, 1965, every school district of the state of Washington shall be an employer under this chapter and every employee of the school district who is eligible for membership under RCW 41.40.120 shall be a member of the retirement system and participate on the same basis as a person who first becomes a member through the admission of any employer into the retirement system on and after April 1, 1949. Each such political subdivision becoming an employer under the meaning of this chapter shall make contributions to the funds of the retirement system as provided in RCW 41.40.080, 41.40.361 and 41.40.370 and its employees shall contribute to the employees' savings fund at the rate established under the provisions of RCW 41.40.330. In addition to the foregoing requirement, where the political subdivision becoming an employer hereunder has its own retirement plan any of the employee members thereof who may elect to transfer to this retirement system may, ((upon withdrawal of)) if permitted by said plan, withdraw all or any part of their employees' contributions to the former plan((7)) and transfer such funds to the employees' savings fund at the time of their transfer of membership. Any portion of the employees' savings fund not withdrawn shall be transferred by the employer to the retirement system over a period not to exceed fifteen years. The length of the transfer period and the method of payment to be utilized during that period shall be established by agreement between the retirement board and the political subdivision. Employers making deferred payments of employee funds under this section shall transfer an additional amount equal to the interest that would have been credited to each employee's savings fund had his contributions been transferred to the

state retirement system's employee savings fund on the date the political subdivision became an employer hereunder. Any funds remaining in the employer's former retirement plan after all obligations of such plan have been provided for, as evidenced by appropriate actuarial study, shall be disposed of by the governing body of the political subdivision in such manner as it deems appropriate. For the purpose of administering and interpreting this chapter the board may substitute the names of political subdivisions of the state for the "state" and employees of the subdivisions for "state employees" wherever such terms appear in this chapter. The board may also alter any dates mentioned in this chapter for the purpose of making the provisions of the chapter applicable to the entry of any political subdivisions into the system. Any member transferring employment to another employer which is covered by the retirement system may continue as a member without loss of previously earned pension and annuity benefits. The board shall keep such accounts as are necessary to show the contributions of each political subdivision to the benefit account fund and shall have the power to debit and credit the various accounts in accordance with the transfer of the members from one employer to another.

Employees of a political subdivision, maintaining its own retirement system, who have been transferred to a health district formed pursuant to chapter 70.46 RCW, but who have been allowed to remain members of the political subdivision's retirement system may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.

Employees of a political subdivision, maintaining its own retirement system, heretofore transferred to a joint airport operation of two municipalities pursuant to chapter 182, Laws of 1945, may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.

Sec. 13. Section 5, chapter 71, Laws of 1947 and RCW 41.44.050 are each amended to read as follows:

Any city or town of the first, second, third or fourth class may elect to participate in the retirement system established by this chapter: PROVIDED, That a first class city may establish or maintain any other retirement system authorized by any other law or its charter. The manner of election to participate in a retirement

system under this chapter shall be as follows:

(1) The legislative body therein by ordinance making such election;

(2) Approval by vote of the people of an ordinance initiated by the voters making such election;

(3) Approval by vote of the people of an ordinance making such election referended to the people by the legislative body.

Any ordinance providing for participation therein may on petition of the voters be referended to the voters for approval or disapproval.

The referendum or initiative herein provided for shall be exercised under the law relating to legislative initiative or referendum of the particular city; and if the city be one for which the law does not now provide such initiative or referendum, it shall be exercised in the manner provided for legislative initiative and referendum of cities having a commission form of government under chapter 116, Laws of 1911, the city council performing the duties and functions under that law devolving on the commission. A majority vote in the legislative body or by the electorate shall be sufficient to carry or reject. Whenever any city has elected to join the retirement system proper authorities in such city shall immediately file with the board an application for participation under the conditions included in this chapter on a form approved by the board. In such application the city shall agree to make the contributions required of participating cities in the manner prescribed herein and shall state which employee group or groups are to originally have membership in the system.

In the case of a state association of cities and towns, election to participate shall be by majority vote of the board of directors of the association.

Sec. 14. Section 11, chapter 71, Laws of 1947 as last amended by section 2, chapter 99, Laws of 1965 ex. sess. and RCW 41.44.110 are each amended to read as follows:

(1) Subject to subsection (2) of this section, membership of this retirement system shall be composed of the following groups of employees in any participating city or cities:

(a) Miscellaneous personnel as defined in this chapter;

(b) Uniformed personnel as defined in this chapter;

(c) Elective officials, who shall have the right to membership in this retirement system upon filing written notice of such election with the board of trustees;

(d) Employees of the retirement system itself shall be entitled to membership and any costs in connection with such membership shall be a part of the cost of administration.

(e) Employees of any state association of cities and towns

shall be entitled to membership, upon election to participate made by the board of directors pursuant to section 13 of this 1971 amendatory act, and any costs in connection with such membership which would be borne by a city in the case of employees of a city shall be borne by the association.

(2) Any city may, when electing to participate in this retirement system in the manner set forth in RCW 41.44.050, include any one group or combination of the groups mentioned in subsection (1) of this section. For an initial period not to exceed one year from the effective date of any city's entry into this system, if so provided at the time of its election to participate, only a majority of the employees of any group or combination of groups must be members of the system.

At all times subsequent to the effective date of the city's entry into this system, or at all times after expiration of such initial period, if such initial period is established at the time of the city's election to participate, all employees of any group or combination of groups must be included or excluded as members of this system. Groups (c) and (d) shall be considered as being composed of miscellaneous personnel as far as benefits and obligations are concerned except when the contrary is clearly indicated.

(3) Subject to subsection (2) of this section, membership in the retirement system shall be compulsory for all employees in groups (a) and (b), after qualification as provided in subsection (4) of this section.

(4) Subject to subsection (2) of this section, all employees in city service, on the effective date, or on June 9, 1949, or on expiration of the initial period therein provided if they have completed six consecutive months' service or six months' service in any calendar year prior to the expiration of such initial period, shall be members of the system, provided that such employees who are not regular full time employees and are earning less than one hundred dollars per month, or are part time employees serving in an official or special capacity may with the acquiescence of the legislative body of the city or town in which they are employed, elect on or before January 1, 1950, to discontinue membership by giving written notice of such election to the board. All other regular employees earning more than one hundred dollars per month shall become members upon the completion of six consecutive months' service or six months' service in any calendar year. (c) .667% of final compensation multiplied by the number of

years of prior service credited to the member. This rate may be referred to as "one-half prior service credit."

(3) The above rates shall apply at the age of sixty-two or over for members included in the miscellaneous personnel and at age sixty or over for members in the uniformed personnel: PROVIDED, That if a member shall retire before attaining either of the ages above referred to, the total prior service pension shall be reduced to the percentages computed and established in accordance with the following tables, to-wit:

Credit for such prior service shall be given only if payment for the additional cost of including such service has been made or if payment of such additional cost or reimbursement therefor has been otherwise provided for to the satisfaction of the board or if such person be entitled to any private pension or retirement benefits as a result of such service with such private enterprise, credit will be

given only if he agrees at the time of his employment by the municipality to accept a reduction in the payment of any benefits payable under this chapter that are based in whole or in part on such added and accredited service by the amount of these private pension or retirement benefits received. The conditions and limitations provided for in this subsection (5) shall be embodied in any certificate of prior service issued or granted by the board where any portion of the prior service credited under this subsection is included therein.

The city may receive payments for these purposes from a third party and shall make from such payments contributions with respect to such prior service as may be necessary to enable the fund to assume its obligations.

Sewer districts for the acquirement, construction, maintenance, operation, development, reorganization, and regulation of a system of sewers, including treatment and disposal plants and all necessary appurtenances and providing for additions and betterments thereto, are hereby authorized to be established or reorganized in the various counties of this state. Such districts may include within their boundaries portions or all of one or more counties, incorporated cities, or towns or other political subdivisions: PROVIDED, HOWEVER, No portion or all of any incorporated city or town may be included without the consent by resolution of the city or town legislative authority: PROVIDED, HOWEVER, That such reorganization of any existing sewer district shall not affect the outstanding bonds, warrants or other indebtedness incurred by such district prior to its reorganization.

Sec. 2. Section 11, chapter 210, Laws of 1941 as last amended by section 2, chapter 103, Laws of 1959 and RCW 56.08.020 are each amended to read as follows:

The sewer commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring indebtedness shall adopt a general comprehensive plan for a system of sewers for the district. They shall investigate all portions and sections of the district and select a general plan for a system of sewers for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods for the disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the

district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations, or other sewage collection facilities. The comprehensive plan shall provide the method of distributing the cost and expense of the sewer system provided therein against the district and against utility local improvement districts within the district, including any utility local improvement district lying wholly or partially within any other political subdivision included in the district; and provide whether the whole or some part of the cost and expenses shall be paid from sewer revenue bonds. The commissioners may employ such engineering and legal services as they deem necessary in carrying out the purposes hereof. The comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the county commissioners of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health.

If the district includes portions or all of one or more cities or towns or counties, the comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authority of cities and towns and counties before becoming effective. Before awarding any such contract the board of sewer commissioners shall cause to be published in some newspaper in general circulation (~~throughout the county~~) where the district is located at least once, ten days before the letting of such contract, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of sewer commissioners subject to public inspection. Such notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of sewer commissioners on or before the day and hour named therein. Each bid shall be accompanied by a bid proposal deposit in the form of a certified check, cashier's check, postal money order, or surety bond payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid and no bid shall be considered unless accompanied by such bid

proposal deposit. At the time and place named such bids shall be publicly opened and read and the board of sewer commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications: PROVIDED, That no contract shall be let in excess of the cost of said materials or work, or if in the opinion of the board of sewer commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then and in such case all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of sewer commissioners in the full amount of the contract price between the bidder and the commission in accordance with bid. If said bidder fails to enter into said contract in accordance with said bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the said check, cash or bid bonds and the amount thereof shall be forfeited to the sewer district.

Sec. 4. Section 19, chapter 210, Laws of 1941 as last amended by section 81, chapter 56, Laws of 1970 and RCW 56.16.060 are each amended to read as follows:

The district may, at any time after the connection or service charges and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the ~~((district))~~ the real property is situated. The court may allow, in addition to the costs and disbursements provided by statute, such an attorney's fee as it may adjudge reasonable. The action shall be in rem, and may be brought in the name of the district against an individual, or against all of those who are delinquent in one action, and the laws and rules of the court shall control as in other civil actions.

Sec. 7. Section 46, chapter 210, Laws of 1941 as amended by section 13, chapter 103, Laws of 1959, and RCW 56.16.140 are each amended to read as follows:

The county treasurer of the county in which the district is located or the county in which fifty-one percent or more of the area of the district is located shall create and maintain a separate fund designated as the maintenance fund or general fund of the sewer district into which shall be paid all money received by him from the collection of taxes levied by such district other than taxes levied for the payment of general obligation bonds thereof, and into which shall be paid all revenues of the district other than assessments levied in utility local improvement districts, and no moneys shall be disbursed therefrom except upon warrants of the county auditor issued by authority of the commissioners or upon a resolution of the commissioners ordering a transfer to any other fund of the district. The county treasurer of each county in which the district or a portion thereof is located shall also maintain such other special funds as may be prescribed by the sewer district, into which shall be placed such moneys as the board of sewer commissioners may by its resolution direct, and from which disbursements shall be made upon

proper warrants of the county auditor issued against the same by authority of the board of sewer commissioners.

Sec. 8. Section 26, chapter 210, Laws of 1941 and RCW 56.20.010 are each amended to read as follows:

Any sewer district shall have the power to establish utility local improvement districts within its territory as hereinafter provided, and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement, on the basis of the special benefits to pay in whole or in part the damages or costs of any improvements ordered in such sewer district. The levying, collection and enforcement of all public assessments hereby authorized shall be in the manner now and hereafter provided by law for the levying, collection and enforcement of local improvement assessments by cities of the first class, insofar as the same shall not be inconsistent with the provisions of this title. The duties developing upon the city treasurer under said laws are imposed upon the county treasurer of each county in which the real property is located for the purposes of this title. The mode of assessment shall be in the manner to be determined by the sewer commissioners by resolution. It must be specified in any petition for the establishment of a utility local improvement district and in the comprehensive scheme or plan or amendment thereto previously duly ratified at an election, that the assessments shall be for the sole purpose of payment into the revenue bond fund for the payment of revenue bonds. Assessments in any utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of any comprehensive scheme or plan payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into the revenue bond fund.

Sec. 9. Section 28, chapter 210, Laws of 1941 as amended by section 18, chapter 250, Laws of 1953 and RCW 56.20.030 are each amended to read as follows:

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as shall be deemed necessary: PROVIDED, That the board may not change the boundaries of the district to include property not previously included therein without first passing a new

resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested by protests filed with the secretary of the board prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district.

If the commissioners find that the district should be formed, they shall by resolution order the improvement, provide the general funds of the sewer district to be applied thereto, adopt detailed plans of the utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the sewer district such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the district to proceed with the work. The board of sewer commissioners shall proceed with the work and file with the county treasurer of each county in which the real property is to be assessed its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local improvement district in proportion to the special benefits to be derived by the property therein from the improvement.

Sec. 10. Section 33, chapter 210, Laws of 1941 as amended by section 1, chapter 126, Laws of 1969 and RCW 56.20.070 are each amended to read as follows;

Whenever any assessment roll for local improvements shall have been confirmed by the sewer commission of such sewer district as herein provided, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the sewer commission upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in this title, and not appealing from the action of the sewer commission in confirming such assessment roll in the manner and within the time in this title provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor.

This section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That said assessment has been paid.

This section also shall not prohibit the correction of clerical errors and errors in the computation of assessments in assessment rolls by the following procedure:

(1) The board of sewer commissioners may file a petition with the superior court of the county wherein the ((~~district~~)) real property is located, asking that the court enter an order correcting such errors and directing that the county treasurer pay a portion or all of the incorrect assessment by the transfer of funds from the district's maintenance fund, if such relief be necessary.

(2) Upon the filing of the petition, the court shall set a date for hearing and upon the hearing may enter an order as provided in subsection (1) of this paragraph: PROVIDED, That neither the correcting order or the corrected assessment roll shall result in an increased assessment to the property owner.

Sec. 11. Section 32, chapter 210, Laws of 1941 as last amended by section 125, chapter 81, Laws of 1971 and RCW 56.20.08C are each amended to read as follows:

The decision of the sewer commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said sewer commission and with the clerk of the superior court in the county in which ((~~such sewer district~~)) the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his objections thereto, together with the resolution confirming such assessment roll and the record of the sewer district commission with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such secretary of said sewer commission and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in

civil actions. At the time of filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the sewer district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the secretary of such sewer district, that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such sewer district and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court, and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in this title. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision.

NEW SECTION. Sec. 12. (1) Jurisdiction of any general election or special election held on the same date as a general election in a joint sewer district shall rest with the county auditor of each of the counties in which the joint sewer district is located.

Election returns of such elections shall be canvassed by the canvassing board of each county and the official results certified to the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located. Such county auditor shall then combine the official results from each county in which the joint sewer district is located into a single official result.

(2) Jurisdiction of any special election held on a different date than a general election in a joint sewer district shall rest with the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located. Election returns of such elections shall be canvassed by the canvassing board of such county and certified to the county auditor of such county as required by law.

(3) Elections referred to in subsections (1) and (2) of this section shall be conducted as provided by such subsections and by the general election laws not inconsistent therewith.

(4) Candidates for the office of sewer commissioner in a joint sewer district shall file declarations of candidacy with the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located and their election shall be conducted as provided by this section and by the general election laws not inconsistent herewith. The candidate receiving the greatest number of votes for each sewer commissioner position shall be declared elected.

For the purposes of this section, "joint sewer district" means any sewer district composed of territory lying in more than one county.

NEW SECTION. Sec. 13. Whenever a city or town located wholly or in part within a water district shall enter into a contract with the commissioners of a water district providing that the city or town shall take over all of the operation of the facilities of the district located within its boundaries, such area of said water district located within said city or town shall upon the execution of said contract cease to be a part of said water district and the inhabitants therein shall no longer be permitted to vote in said water district. The land, however, within such city or town shall remain liable for the payment of all assessments, any lien upon said property at the time of the execution of said agreement and for any lien of all general obligation bonds due at the date of said contract, and the city shall remain liable for its fair prorated share of the debt of the area for any revenue bonds outstanding as of said date of contract.

[Engrossed Senate Bill No. 594]

INSTITUTIONS OF HIGHER EDUCATION--

STUDENT RESIDENCY REQUIREMENTS

AN ACT Relating to institutions of higher education; adding new sections to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW; repealing section 28B.15.010, chapter 223, Laws of 1969 and RCW 28B.15.010; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

It is the intent of the legislature that the state institutions of higher education shall apply uniform rules as prescribed in sections 2, 3 and 4 of this 1971 amendatory act, and not otherwise, in determining whether students shall be classified as resident students or nonresident students for all tuition and fee purposes.

NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean a student who has had a domicile in the state of Washington for the period of time required for voting for state officials in this state at the time of commencement of the semester or quarter for which he has registered at any institution and has established an intention to become a bona fide domiciliary of this state for other than educational purposes.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of sections 1 through 4 of this 1971 amendatory act.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where he intends to remain, and to which he expects to return when he leaves without intending to establish a new domicile elsewhere.

(5) The term "minor" shall mean a male or female person who is

not deemed and taken to be of full age and majority for all purposes under RCW 26.28.010, as now law or hereafter amended; the term "emancipated minor" shall mean a minor whose parents have entirely surrendered the right to the care, custody, and earnings of such minor and whose parents no longer in any way support or maintain such minor.

(6) The term "qualified person" shall mean a person qualified to determine his own domicile. A person of full age and majority for all purposes under RCW 26.28.010, as now law or hereafter amended, or an emancipated minor is so qualified.

(7) The term "parent-qualified student" shall mean a student having a parent who has a domicile in the state of Washington but who does not have legal custody of the student because of divorce or legal separation.

(8) The terms "he" or "his" shall apply to the female as well as the male sex unless the context clearly requires otherwise.

NEW SECTION. Sec. 3. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

(1) The establishment of a new domicile in the state of Washington by a qualified person formerly domiciled in another state has occurred if he is physically present in Washington and can show satisfactory proof that he is without a present intention to return to such other state or to acquire a domicile at some other place outside of Washington.

(2) Except as provided in subsection (3) (f) of this section, an unemancipated minor shall be classified as a resident student only if his parents or legally appointed guardian or person having legal custody shall have established a domicile in this state.

(3) Unless proven to the contrary it shall be presumed that:

(a) Residence for one year in the state of Washington shall be satisfactory proof of the establishment of a Washington domicile, except as otherwise provided in subsection (3) (e) of this section.

(b) The domicile of an unemancipated minor is that of his father; or if no father, that of his mother; or if there is a legally appointed guardian, that of such guardian: PROVIDED, That if one parent has legal custody of the minor, the domicile of such minor shall be that of such parent except as otherwise provided in subsection (3) (f) of this section.

(c) The domicile of a married woman, unless legally separated, is that of her husband, except that if such woman is married after the commencement of the semester or quarter for which she is registered as a resident student at an institution she shall continue to be classified as a resident student until she ceases to be so registered for a semester or a quarter (except summer session), or

unless she moves from Washington and establishes a domicile in another state.

(d) A person does not lose a domicile in the state of Washington by reason of his residence in any state or country while a member of the civil or military service of this state or of the United States, nor while engaged in the navigation of the waters of this state or of the United States or of the high seas.

(e) Mere residence to attend an institution shall not of itself be evidence of the establishment of a Washington domicile: PROVIDED, That attendance at such an institution shall not preclude other proof of the establishment of a Washington domicile.

(f) The establishment of a domicile in the state of Washington in accordance with the provisions of this section by the parent of a parent-qualified student shall entitle the student to classification as a resident student .

(4) To aid the institution in deciding whether a student, parent, legally appointed guardian or the person having legal custody of a student is domiciled in the state of Washington the following rules shall be applied:

(a) Failure to register or to pay state taxes or fees on a motor vehicle, mobile home, travel trailer, boat, or any other item of personal property for which state registration or the payment of a state tax or fee is required is conclusive evidence of a failure to establish a Washington domicile.

(b) Attendance at an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof is conclusive evidence of a failure to establish a Washington domicile.

(c) Permanent full time employment in Washington by a person shall be prima facie evidence of the establishment of a Washington domicile.

(d) Registration to vote for state officials in Washington shall be prima facie evidence of the establishment of a Washington domicile.

(e) Any person not a citizen of the United States cannot establish a Washington domicile until such person is eligible and has applied for an immigration visa, unless such person is the dependent minor of a parent or legal guardian who is domiciled in Washington.

(5) After a student has registered at an institution his classification shall remain unchanged in the absence of satisfactory evidence to the contrary. A student wishing to apply for a change in classification shall reduce such evidence to writing and file it with the institution. In any case involving an application for a change from nonresident to resident status, the burden of proof shall rest with the applicant. Any change in classification, either nonresident

to resident, or the reverse, shall be based upon written evidence maintained in the files of the institution and shall take effect at the time of the student's next registration following the determination of the change by institution authority.

NEW SECTION. Sec. 4. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28B.15 RCW a new section to read as follows:

Regardless of age or domicile, the following shall be entitled to classification as resident students:

(1) Any person who is employed not less than twenty hours per week at an institution, and the children and spouses of such persons.

(2) Military personnel and federal employees residing or stationed in the state of Washington, and the children and spouses of such military personnel and federal employees.

(3) All veterans, as defined in RCW 41.04.005, whose final permanent duty station was in the state of Washington so long as such veteran is receiving federal vocational or educational benefits conferred by virtue of his military service.

NEW SECTION. Sec. 5. Section 28B.15.010, chapter 223, Laws of 1969 ex. sess. and RCW 28B.15.010 are each hereby repealed.

NEW SECTION. Sec. 6. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected.

NEW SECTION. Sec. 7. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of the office of program planning and fiscal management which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 104. In order to obtain maximum interagency use of aircraft, the Aeronautics Commission, in accordance with RCW 43.09.210 and chapter 39.34 RCW is hereby authorized to lease, purchase or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: PROVIDED, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance and make such other provisions as necessary to provide aircraft and related services for

multi-agency use: PROVIDED FURTHER, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the director of the office of program planning and fiscal management.

NEW SECTION. Sec. 105. All Contract personal services contracts except those for medical and health care and such other contracts which the director of the office of program planning and fiscal management may exempt after consultation with the Legislative Budget Committee shall be filed with the Office of Program Planning and Fiscal Management and the Legislative Budget Committee prior to obligating any portion of the appropriations approved in this act.

NEW SECTION. Sec. 106. Within the rules and regulations of the Department of Personnel, as applicable, in the filling of vacant positions and in the filling of new positions of employment in state government, including the four-year institutions of higher learning and the community colleges and positions in the offices of elective officials, preference shall be given, where necessary, to nonwhite and Mexican-American applicants in order to attain the same minority employment ratio in each agency as obtains in the population of the state at large.

V NEW SECTION. Sec. 107. It is the intent of the Legislature that no salary increase be granted in the same job classification to any individual in the employ of the state whose salary is funded by the provisions of this act, including those individuals employed by the six units of higher education, those employed by elected officials or those employed by the community colleges throughout the 1971-73 fiscal period.

NEW SECTION. Sec. 108. Each state agency, from its general fund appropriation, shall transmit each month to the Washington public employees' retirement system the amount of its total monthly expenditures for salaries and wages as required by law for employees covered by the Washington public employees' retirement system, such amount to constitute the employer contribution during the 1971-73 biennium: PROVIDED, That in order to comply with the provisions of this section the following appropriations from the following funds and accounts, or such amounts as are required by law, are hereby appropriated for the 1971-73 employer portion of the public employees' retirement system contributions:

NEW SECTION. Sec. 109.

It is the intention of the legislature that the expenditure of funds for out of state travel by state employees in executive branch agencies be held to a minimum level consistent with economy, frugality and effectiveness in state government. No funds from appropriations to executive branch agencies made by this act shall be expended for out of state travel costs or related per diem expense of state employees other than elected state officials in executive branch agencies without the prior written approval of the Director of the Office of Program Planning and Fiscal Management or his designee. The Director of the Office of Program Planning and Fiscal Management, or his designee, shall grant such approval only on his finding that the proposed travel is consistent with the economic, efficient and effective

V- management of state agencies and programs. For the purposes of this section, "out-of-state travel" does not include travel between the State of Washington and the contiguous states of Idaho and Oregon. Each state agency shall submit a monthly report to the Office of Program Planning and Fiscal Management of each out-of-state trip which has occurred during the previous month, including the name of the traveler, the destination, the period of absence from the state, the cost of the trip from state, federal, or other funds, and the specific benefit to the state which justified the trip. The Director of the Office of Program Planning and Fiscal Management shall submit this information, together with any comments he believes appropriate with regard to out-of-state travel to the 1973 session of the legislature, through the Legislative Budget Committee.

NEW SECTION. Sec. 110. There is appropriated to the public school building bond redemption fund of 1965 established by RCW 28A.47.777 from the common school construction fund established by Article IX, section 3 of the Washington Constitution for the biennium ending June 30, 1973, the sum of six hundred five thousand one hundred and ninety-four dollars: PROVIDED, That the sum appropriated shall come only from that portion of the common school construction fund derived from interest on the permanent common school fund during the 1971-73 biennium.

NEW SECTION. Sec. 111. There is appropriated to the state parks and recreation commission from the general fund, for the biennium ending June 30, 1973, the sum of one million three hundred twenty-two thousand nine hundred sixty-eight dollars: PROVIDED, That the sum appropriated shall be used by the commission either for the payment of rentals to the department of natural resources as may be required by law for the use of state trust lands withdrawn for state park purposes or for the acquisition of such lands: PROVIDED, FURTHER, That the sum appropriated by this section shall be in addition to all other moneys appropriated to the state parks and recreation commission during the 1971-73 biennium. Any rent or acquisition payments on such park lands received by the department of natural resources during the 1971-73 beinnium shall be deposited to the applicable trust land account without any deduction by the department of natural resources for management or other purposes.

V- NEW SECTION. Sec. 112. It is the intent of the legislature that no state funds appropriated in this act shall be used to finance summer or interim student internships in state government.

NEW SECTION. Sec. 113. It is the intent of the legislature that no funds from any appropriation contained in this act shall be used to pay yearly merit increments resulting from employee longcvity during the 1971-73 biennium for those employees whose salary computed on an annual basis as of July 1, 1971 exceeds \$15,000 per annum.

NEW SECTION. Sec. 114. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 115. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971, with the exception of certain items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"... In my Budget Message to the Washington State Legislature 130 days ago, I acknowledged the difficult decisions which were included in the Budget and asked that we set aside partisan differences in order so that we might meet the fiscal crisis which is affecting all of the people of this state. In my Budget Message, I asked the legislature to avoid the fiscal extremes of placing an untimely additional burden on the taxpayers of this state or of unmindfully reducing the budgets to the point where the agencies could not properly carry out their basic responsibilities. We now have before us the record of the 41st Session of the Legislature and the record is clear that the Washington State Legislature has proposed a Budget which is out of balance by \$22 million, does not adequately support some programs, is wasteful in other instances, and in other areas is drafted in such a faulty manner that the intent of the Legislature cannot be carried out by the language included in the bill.

Veto
Message

To some extent, it is possible to repair the Budget through the use of the executive veto power and I intend to use it on 33 occasions in this appropriations bill, as a means of removing some of the more onerous and faulty sections of the bill. I would like to make it clear that it is with a good deal of reluctance that I use the executive veto power on this or any piece of legislation. However, the legislative budget process clearly did not function adequately or in the best interests of the state. In reviewing various requests to veto sections of this bill, I have attempted to be responsive to the citizens of this

state, both from the standpoint of what I have selected to veto and by rejecting other veto proposals.

Veto
Message

I believe it is also appropriate to comment in this veto message upon those areas in the Budget which are faulty, yet cannot be repaired through the use of executive veto power. I cannot, for example, restore an adequate level of funding to the Department of Ecology. I requested a Budget for the Department which I considered to be the minimum level necessary to maintain the state's current position with respect to environmental protection. I am convinced that the severely reduced Budget proposed by the legislature will reduce the department's ability to review and approve in a timely manner the plans and designs of waste treatment plants for existing and new industries coming into this state. There is, further, the very real and potential problem that backlogging of plans for review or reduced pollution control efforts on the part of the state may cause the federal environmental protection agency to pre-empt some of the state programs and remove the reasonable buffer of an informed and concerned state agency between local governments and state industries and replace them with a governmental unit which is less sensitive to local issues and problems. I am sure neither of these results is desired by those who have slashed unknowingly at the department Budget. In addition, the Legislature enacted eight bills placing new burdens of substantial impact on the department, with no additional appropriation, representing a questionable approach to the environmental protection of the state's resources.

The Governor's Budget for the Treatment Center for Women at Purdy amounted to \$3,285,769 for the two-year period, of which \$250,000 would be federal L.E.A.A. funds for excellence in treatment and \$761,246 would be revenue received from the federal government and other states for the housing of individuals not capable of being placed within their own treatment system.

The appropriation bill contains only enough funds to staff administration, food services, janitorial services and custody positions; thus, precluding the provision of such treatment personnel as counselors, teachers, nursing staff, recreation leaders, staffing of the work and training release facility and similar services which are necessary to provide a treatment rather than a custodial program.

It should be further pointed out that the staff reduction included in the appropriation bill will not only reduce the program to the level of a caretaker operation but could eliminate the transfer of prisoners from federal and other states and jurisdictions to this facility and reduce to some extent the \$761,246 in anticipated revenue. Initial negotiations with other states and the federal government indicated that the primary reason they were interested in transferring female prisoners to this state was the availability of a treatment program for women which is simply not available in their jurisdiction. In addition, the probability of acquiring the federal L.E.A.A. grant of \$250,000 for excellence in treatment could be lost given the lack of treatment personnel. Thus, the reduction in funding may be more than offset by loss of anticipated revenue.

The \$10 million reduction from the austere level of state aid to higher education which I proposed may well result in a deterioration in the quality of higher education in this state which has taken years to develop. It is equally unfortunate that the legislature did not accept, as I had proposed, the amount of tuition and fees which could be waived for needy students, particularly when they accepted the proposed increase in student tuition and fees. The result of legislative action in this area can be measured by the number of needy students from families who cannot afford to pay the higher costs and are effectively precluded from receiving a higher education in this state.

For the second consecutive biennium, certain members of the legislature in a Conference Committee have taken it upon themselves to make arbitrary changes in the Budget for the Department of Fisheries, and by placing them in line item appropriations, there by prevented use of adequate funding in Fisheries management activities, which have resulted in the large increases in fish yields.

Refusal of the legislature to act responsibly on the proposal to close several state institutions also deserves comment.

At the beginning of the legislative session, I sent each legislator a detailed position paper which concluded, based on the current and future downward trends in average daily population at the three mental hospitals, that

substantial savings could be made through the closure of Northern State Hospital. The arguments presented at that time are still valid. In response to this proposal, the legislature has included an amount of funds which are inadequate to match the provision that the Hospital is to remain in operation for the entire biennium, and has made a vague suggestion in the Budget for study of alternative uses for the facility. Such action is hardly a responsible counterproposal to such a clear issue and I intend to seek additional funding or some other course of action from the 1972 Special Session of the Legislature.

Veto
Message

With respect to Fort Worden, the \$2,500,000 Budget proposed for the continued operation of this facility is not only unnecessary, the Budget is such that it would be necessary to operate this facility with so few treatment staff that it would become a warehouse operation with little or no treatment program for the 75 youths unfortunate enough to be assigned to the facility. More importantly, Fort Worden is not needed in the juvenile rehabilitation program given the ample capacity in our other institutions and any attempt to keep it open simply means that we are reducing our efficiency at a time when our economy demands cost effectiveness in our programs. The annual cost per resident of \$16,666 at Fort Worden as proposed by the legislature is a shockingly high amount and exceeds by eight times the cost of caring for these juveniles in the juvenile probation subsidy program. Because the treatment program and economic issues are so clearly evident in the case of Fort Worden, I have vetoed the provision requiring operation of the facility for two years.

Finally, I would like to comment on one of the most serious and deficient areas in the Budget--the inadequate amount of funds provided to allow the state to maintain a \$365 per pupil guarantee. The legislature failed to provide the additional state funds necessary to allow the state to maintain a \$365 per pupil guarantee. Primarily because of enactment of property tax relief and failure to enact other proposed legislation used to balance the Budget, the legislature should have provided approximately \$15.3 million in additional state general fund appropriation to the Superintendent of Public Instruction. Unless this additional amount is added to the Budget by the 1972 Legislature for distribution to local school districts, it will be necessary

to reduce the per pupil guarantee from \$365 to approximately \$350 during the 1972-73 fiscal year.

Veto
Message

Of the \$22 million by which the Budget is out of balance, \$15 million is a result of the problem of inadequate funding to maintain support to local school districts. The only method by which I can attempt to assure that funds necessary to adequately finance the schools will be available is by vetoing the \$20 million General Fund appropriation to the Teachers' Retirement System. I am making this veto with the full assurance that it will not in any way hinder the payment of pensions to retired teachers.

No one can be sure whether revenue will exceed or fall below revenue estimates made for the 1971 Legislative Session. Should sufficient revenue in excess of present estimates appear to be available when the 1972 Session convenes, they will have the option to utilize it to resolve the K-12 shortage and solve other problems in the Budget, and eliminate the impact of this veto. Should revenue be below estimates, the problem of further reduction or tax increase will be more manageable because of this veto.

The specific items which I have vetoed are as follows:

1. Higher Education

I have vetoed a specific limitation on sabbatical leaves at our colleges and universities.

The one percent of faculty restriction contained in Section One is simply a punitive measure which ignores the constructive benefits a properly administered sabbatical leave program contributes to the education process. The remaining language in the bill provides that expenditures for sabbatical leaves must be incurred on a "break even" basis in that the replacement cost and the percentage of salary awarded to the recipient of a sabbatical leave cannot exceed the annual contracted salary of the recipient of the leave. Consequently, the further limitation to one percent of professional staff produces no real monetary savings. In addition, the Council on Higher Education has recently developed through guidelines which have been reviewed by the Legislative Budget Committee which will insure that the operation of the sabbatical or professional leave program is

properly supervised in institutions of higher education in the State of Washington. Prior to any further restrictions, those guidelines should have an opportunity to be used and reviewed for adequacy after some experience has been gained.

2. Secretary of State

On page 3, line 23, I have vetoed the following proviso:

"PROVIDED, That expenditures should only be used for the purpose of carrying out his statutory or constitutional duties." The provision is a gratuitous insult applied to no other elected official and was included solely to limit the discretionary powers of a separately elected official who has, through his dedication, contributed efforts beyond those required by statute, particularly in identifying problems of youth, racial minorities and urban areas. The citizens of the State of Washington are fortunate to have concerned elected officials willing to personally devote additional time and energy to public service rather than sit back and do no more than is statutorily required. Unless such a provision is included for all officials, which would represent a step backward from responsive government, I will not approve it for a single elected official.

3. Attorney General

On page 4, I have vetoed the appropriation on lines 12 and 13, as follows:

"General Fund--Appropriation for
Washington Organized Crime
Intelligence System----- -0-"

The effect of a zero appropriation for the Organized Crime Intelligence System is to forbid the continuation beyond July 1, 1971, of the Washington Organized Crime Intelligence System for which the Attorney General has received \$99,925 in federal funds and which are matched by "in kind" contributions by his office.

The project is designed to provide the state's governmental and criminal justice agencies information necessary to combat organized crime. Its policies are

governed by a committee of eleven members, the chairman of which is the prosecuting attorney of Snohomish County, two of the members of which are from professions outside of law enforcement, while the other nine members, including the Attorney General, are either directly or indirectly connected with law enforcement as a profession.

Veto
Message

Organized crime, as the very name implies, is a form of criminal activity which transcends normal jurisdictional boundaries, both those which separate the multitude of local governments within the state and those which separate the various criminal justice disciplines. It is systematic, continuous, based on corruption and thrives in the jurisdictional maze caused by fragmented, localized criminal justice agencies. Some central point of reference is obviously necessary to successfully prevent it. The Organized Crime Intelligence System hopes to supply just such a point. It consists of a central index file, a program of training conferences, and a small staff to provide investigatory and technical assistance to local criminal justice agencies.

In the short life of the system, a great deal has been accomplished with these rather minimal tools at no loss to local autonomy or interference with individual rights of privacy. Carefully drafted rules, debated over a number of months, safeguard against possible abuses with regard to the use of any information which may be obtained by the system. In addition, the three staff investigators, two hired directly as a result of the program, have provided vital assistance to the staff of both the federal and county grand juries now in session in Seattle in connection with their investigations of organized crime. Training sessions, attended by more than 70 personnel from local law enforcement agencies throughout the state, have had a marked impact on cooperation between those various agencies in dealing with organized crime. We hope that the success of the project will result in a control of organized crime without infringing upon the rights and responsibilities of local law enforcement agencies; in fact, it was representatives of those agencies who initially requested the creation of the system.

In order that this provision not interfere with the improvement of law enforcement capabilities in the war

against crime in the State of Washington, I have vetoed this restrictive appropriation.

4. Attorney General

On page 4, I have vetoed the proviso on lines 21-26 as follows:

"PROVIDED FURTHER, That in no event shall the billings for legal services made to agencies, departments and institutions of higher learning during 1971-73 exceed a total of \$5,912,936."

The effect of the second proviso is to render ineffective Section 5 of Senate Bill 648, which established a revolving fund for legal services. That section gives a needed degree of flexibility to state agencies which have unforeseen demands for legal services, allowing them to reallocate additional funds for legal services with the approval of the Office of Program Planning and Fiscal Management. The proviso would specify only the amount of funds which would be spent for legal services and no other service, thus, prohibiting either the agency or the Office of Program Planning and Fiscal Management from making transfers in budgeted items for additional legal services which are necessary and which were not foreseen at the time the Budget was prepared. The proviso will not result in any savings and could cause the state to provide inadequate legal services thereby endangering state funds. Consequently, I have vetoed this proviso.

5. Tax Appeals Board

On page 5, line 28, I have vetoed the following proviso:

"PROVIDED, That the operation of the board is to be considered full time, except that no salary will be paid to board members except each member will receive \$75 per day while sitting at the Appeals Board."

The workload of the Tax Appeals Board has increased to the point that the Board must begin full time operations or risk serious delays in reviewing property tax appeals. To meet the massive backlog, and also to insure that taxpayers

will be granted timely hearings, the Board was placed on a full time basis beginning April 1, 1971.

Veto
Message

At the same time that the Board began full time operations, the members were placed on a salary rather than a per diem basis. This was done for several reasons including:

1. At the present time, RCW 82.03.050 permits the Governor to determine whether or not the Board should be operated on a full time basis. The section, however, limits compensation to \$10,000 per fiscal year if the Board members are paid on a per diem basis. The proviso in the Appropriations Act requires the continuation of the payment on a per diem basis, which has the net effect of limiting payment to Board members to \$10,000 per year which would place the Board back on a part-time operational basis.
2. Because of the extremely heavy workload, the members are required to meet on a full time basis. At the present per diem rate of \$75 per day plus expenses of \$15, the members would be paid \$23,400 if they met 260 days per year. Little or no savings would be achieved if Board members were paid on a per diem basis for full time operation.
3. Board members paid on a per diem basis do have the option becoming members of the retirement system but they do not earn annual or sick leave. If the Board is working full time, yet being compensated on a part time basis, members would be treated quite differently from other boards such as the Liquor Control Board and Utility and Transportation Commission members.

In summary, the principal objections to paying members on a per diem basis, as set forth in the proviso are: (1) regardless of the method of payment, the workload requires full time operation of the Board; (2) no monetary savings will result from compensation for a full time Board or a per diem basis; (3) payment on a per diem basis subjects members to inequitable treatment because they cannot earn annual or sick leave as other officers and employees can; and, (4) in view of the compensation limitations in RCW 82.03.050, it would be impossible to operate the Board on a full time basis.

6. Department of General Administration

On page 6, line two, I have vetoed the following proviso:

Veto
Message

"PROVIDED, That \$707,000 shall be allocated to the Division of Banking."

Under the state's Budget and Accounting Act, RCW 43.88, the Governor is responsible for reducing agency expenditures so as not to exceed revenues available in a fiscal period. It is clear that if this proviso were allowed to remain and if it were necessary to reduce expenditures commensurate with a decline in forecasted revenues, it would be necessary for other divisions within the Department of General Administration to absorb the additional savings which would have otherwise been assigned to this division. The potential opportunity for such preferential treatment as presented in the proviso is simply inconsistent with sound administrative procedures.

7. The Cemetery Board

Veto on page 11, line 4, the words "General Fund for."

The funds for operating the Cemetery Board are provided from a special account entitled Cemetery Account. The removal of the words "General Fund for" is intended to correct a drafting error in the bill and to clarify the source of funding for this agency.

8. Department of Social and Health Services - Division of Institutions

On page 13, beginning on line 13, I have vetoed the proviso which states:

"PROVIDED, That it is the intent that the facilities at Fort Worden shall continue to serve it [s] residents to June 30, 1973."

As I indicated in my earlier comments, given the surplus capacity in other state juvenile institutions, the strong need to restore at a future legislative session the proper funding level of the Juvenile Probation Subsidy Program so as to continue to adequately support this innovative treatment program and the shockingly high cost per

resident if Fort Worden were continued in operation, I am vetoing the proviso which would require the state to continue operation of the Fort Worden facility and I have instructed the Secretary of the Department of Social and Health Services to prepare a plan for the orderly phase-out of this facility. In addition, and in order to assist the community of Port Townsend to attract new business to replace the lost state jobs, I have instructed the Director of the Department of Commerce and Economic Development to take positive steps to assist the community to provide other employment opportunities for residents of that community.

9. Department of Social and Health Services - Division of Institutions

On page 13, beginning on line 21, I have vetoed the proviso dealing with Northern State Hospital.

The legislature has provided \$9.8 million to continue operation of Northern State Hospital for the entire 1971-73 biennium. Based upon a fiscal analysis, it has been determined that the \$9.8 million appropriation is inadequate to fund the operation of Northern State Hospital and provide the proper level of care for patients in that facility. I therefore, am vetoing the provisos which allocate \$9.8 million to operate Northern State Hospital and require the Department of Social and Health Services to study alternative uses of the facility and submit its findings to the 43rd Session of the Legislature and am directing the Secretary of the Department of Social and Health Services to continue to operate Northern State Hospital at a level of expenditure which will insure proper patient care and to further submit to the 1972 Special Session of the Legislature, alternative plans for the use of the Northern State Hospital facilities and for providing the necessary mental health care to residents of that area together with a supplemental budget request which would provide the funds necessary to properly operate the Hospital for the entire 1971-73 biennium.

10. Department of Social and Health Services - Public Assistance

On page 15, line 8, I have vetoed that portion of the language of a proviso designating internal agency management structure. The department and I share the desire that fraud

investigations be centralized in a single administrative unit. While that portion of the proviso is unnecessary, I have not vetoed it. However, the additional requirement that it "shall be directly responsible to an Assistant Secretary of the Department" imposes unnecessary constraints on the Department at a time when they are in the process of organizing to provide optimum services in all the areas of their responsibility. To direct this organizational assignment, out of context, is undesirable. Therefore, a veto of that language, "which shall be directly responsible to an Assistant Secretary of the Department of Social and Health Services:" will retain the legislative intent to centralize the fraud investigation and referral activities but allow the Secretary to place this activity in its appropriate organizational setting.

11. Department of Social and Health Services - Public Assistance

On page 16, line 12, I have vetoed a proviso restricting the use of certain appropriated funds.

The proviso appropriating \$2,836,778 for state funds to finance the "medical-only" program if the United States Department of Health, Education and Welfare does not provide a waiver to the State must be eliminated so that these funds can be utilized to achieve the flexibility necessary to correct other program deficiencies that are inherent in this Budget.

We believe that the United States Department of Health, Education and Welfare should eventually grant the waiver. However, if this is not the case, there are several options for financing the revised medical plan open to the state while this proviso is directed toward only one of those options.

12. Department of Social and Health Services - Public Assistance

On page 16, line 18, I have vetoed a proviso limiting the use of certain appropriated funds.

The appropriation of \$14,058,000 restricted to the purpose of supplying money grants to certain categories of

assistance recipients creates several very difficult problems for the Department. Provision for State Office exceptions on individual cases, aside from being a serious administrative problem, violates State Law under RCW 74.08.040 and violates HEW program regulations 20-7, Title 45, Chapter 11, Part 233.20 (a) (2) (V). Difference in standards within programs as proposed for AFDC-Regular versus AFDC-Employable cases is prohibited unless it can be demonstrated that bona fide differences in requirements actually exist (HEW Handbook IV 4324.28).

Veto
Message

Additionally, the kinds of exceptions envisioned by this proviso would negate much of our efforts toward simplified program standards. Again, simplification is an essential part of our plan to reduce error and fraud in the public assistance system and the savings that I have mentioned previously cannot be attained if this proviso were to remain.

The \$16.8 million contained in the immediately preceding section and this one will be held for additional caseload, or other grant problems. Veto of the restrictions will allow the department to provide the best possible response to legislative intent without jeopardizing our ability to simplify or creating problems with federal compliance.

13. Department of Social and Health Services - Public Assistance

On page 19, beginning on line 3, I have vetoed a proviso relating to day care service.

The proviso establishing demonstration projects providing 24 hour day care services is proposed at a time when the legislature failed to provide adequate funds for on going day care services. However, because I believe that the Department should engage in innovative projects to improve child care services as an adjunct to the goal of providing employment opportunities to all persons who are public assistance recipients, I have instructed the Department to, within means available, engage in selective research projects including a 24-hour day care service project as well as to make improvements in all child care programs.

A veto of the proviso will allow the use of the funds contained in it to help continue ongoing day care services and provide some funds for demonstration projects of the kind intended in the proviso.

14. Department of Social and Health Services

On page 19, beginning on line 7, I have vetoed a proviso establishing an advisory group to the State Public Assistance Advisory Commission. It is inconsistent with SHB 417 which abolished the Public Assistance Advisory Commission as well as other advisory groups to the Department of Social and Health Services and allows the Department to appoint new advisory groups as necessary to carry out the realigned responsibilities of the Department. I have been assured by the department that they plan to include recipients in advisory committees that will conform to the reorganized structure of the department and I have directed the Secretary to assure that adequate recipient representation is provided.

15. Department of Social and Health Services - Public Assistance

On page 20, beginning on line 28, I have vetoed a proviso prohibiting certain uses of Urban, Racial and Rural Disadvantaged appropriation funds.

In the first instance, I have been advised by a number of legislators that the proviso in question was not in the draft copies of the appropriation nor the explanatory material made available to legislators on May 7 and which most legislators reviewed over the weekend prior to the vote on the Budget on May 10. While I am uncertain as to exactly how the proviso became inserted into the final conference version of the report, I am certain that many legislators were not aware of its existence when they voted on the Budget.

Secondly, the Superintendent of Public Instruction and the State Board of Education, as well as a number of local school district superintendents have urged me to veto the proviso because of its possible impact on the total school transportation system in this state.

One of the reasons the Urban, Racial and Rural

Disadvantaged student program was shifted to the Department of Social and Health Services was to allow the state to obtain federal matching funds as a means of paying for the cost of the program. I am gravely concerned that if the proviso were allowed to remain, it would conflict with the recent United States Supreme Court decision giving school boards the discretion of bussing to desegregate schools and could result in total inability to use the appropriation to obtain federal matching funds. This would result in the need to provide additional state tax resources to make up for those federal resources which would be lost because of the conflict.

Veto
Message

Finally, I believe this decision should be left to local school districts who best know their own needs and problems. For these reasons, I have vetoed the proviso.

16. Planning and Community Affairs Agency

On page 22, beginning on line 15, I have vetoed the phrase "of law enforcement agencies of municipal governments."

I am vetoing those words of the proviso which would allocate the additional \$100,000 to meet the problems of drug abuse solely to law enforcement agencies.

The need for additional assistance to many drug abuse programs is evident. These funds will be withheld until the second year of the biennium to be utilized as newly required state matching funds for federal law and justice grants. Flexibility should be maintained to assure that they can be used to meet the highest priority local programs, whether they be in the prevention, rehabilitation or enforcement area, and which will satisfy the federal matching requirements. The vetoed language does not assure that flexibility.

17. Parks and Recreation Commission

On page 23, beginning on line 32, I have vetoed the proviso requiring reopening of two specific parks.

Because of the decline in revenues below estimates and in order to maintain a balance between revenues and

expenditures during 1970, each state agency was requested to reduce expenditures. In order to meet the assigned savings goal, the Parks and Recreation Commission ceased operating five state parks. Given the need for continuing austerity, funds were not included in the budget for the Commission to resume operating these five parks during the 1971-73 biennium. The 1971 Legislature not only reduced the total amount of funds available for operating parks by \$193,898, the Legislature, through the proviso, would divert an additional \$47,000 from operating funds for other parks, to reopen two of the five parks which were closed. Given the critical shortage of funds for park operations, I am vetoing the proviso which would reopen two of the closed parks at the expense of closing or reducing the operations of parks in other parts of the state. In addition, I am requesting the Parks and Recreation Commission to work with other units of government to determine if they could assist in providing needed recreational facilities by reopening, even on a limited basis, parks in their jurisdiction.

18. Department of Commerce and Economic Development

On page 24, beginning on line 20, I have vetoed a proviso requiring use of general funds to operate certain tourist information centers.

The 1971 Legislature directed that 50% of the cost of the Tourism Promotion Program be financed from the Motor Vehicle Fund. In addition, the Legislature directed through the proviso that the state continue to operate five tourist information centers in the state. The purpose of this veto is to allow for the operation of these tourist information centers, but from the Motor Vehicle Fund appropriation rather than the General Fund appropriation as would be required by the proviso directing the agency to continue operating tourist information centers. Because each of the five tourist information centers is located adjacent to an interstate highway, the majority, if not all, of tourists who stop to seek information at these centers are motorists. It seems more appropriate that the operating costs of these centers, because of their relationship to highway travel, be financed from the Motor Vehicle Fund rather than the General Fund appropriation.

19. Colleges and Universities

I have vetoed similar provisos contained in the appropriations act for each of the state colleges and universities, as follows:

Veto
Message

- a. University of Washington, page 27, line 28 to page 28, line 15;
- b. Washington State University, page 30, line 20 to page 31, line 7;
- c. Eastern Washington State College, page 33, line 3 to 23;
- d. Central Washington State College, page 35, line 13 to 33;
- e. The Evergreen State College, page 37, line 22 to page 38, line 9;
- f. Western Washington State College, line 27, to page 39, line 14.

Each proviso would set aside a portion of the operating funds for the college to be held in a reserve status until such time as it can be determined whether or not the number of students actually enrolled during fall of 1971 and forecasted to be enrolled during fall of 1972 are consistent with the number of students for which funds were provided for in the Budget. I wish to make it clear that while I am vetoing this proviso, I endorse the concept of reserving funds as expressed by the proviso until a more accurate determination of enrollment can be made. However, I believe the redistribution of funds between schools is a significant decision which should be made by the entire Legislature, unless timing makes that impossible. Inasmuch as the Legislature will meet in special session in January, 1972, only a few days after the date specified in the proviso, we will have an opportunity to bring this and other fiscal matters before the whole Legislature. Consequently, there is no reason for this procedure to remain in effect. Pursuant to the provisions of Senate Bill 208, (Ch. 40, Laws of 1971, Ex. Sess.) the legislative intent is clear, I concur with it, and will direct the colleges and universities to place the sums contained in the vetoed provisos into reserve. In the event I am satisfied that the criteria relating to enrollment estimates have been met, the funds will be allocated. Otherwise, the entire Legislature will be requested to redistribute these amounts among the schools, or to other programs.

20. Colleges and Universities

Veto
Message

The budgets of five of the colleges and universities contain a proviso which states, "That the increase in tuition and fees shall be phased over a two-year period of time or until a degree is granted to those out-of-state students enrolled during spring quarter of the 1970-71 academic year."

The language of these provisos may be somewhat unclear. While I have not vetoed any portion of the language, I wish to clarify it by indicating what I believe to be clear legislative intent, based upon revenue assumptions contained in the Budget, and communications with legislative committees. It is intended that the increase in tuition for out-of-state (non-resident) students be phased in two steps with approximately one-half the increase in the 1971-72 academic year, and the entire increase to the maximum level established by the 1972-73 academic year. The qualifying language "or until a degree is granted" was intended to shorten the period of phasing for a non-resident student who completes a degree program, and chooses to begin another, and was not intended to lengthen the period of phasing for non-resident students who take more than two years to complete a degree program.

21. Community Colleges

I have vetoed a proviso contained in the appropriation to the community colleges on page 47, line 8, which limits the allocation of certain funds for the second year of the biennium, based on a study of vocational education weighting formulas.

During the 1971 Legislative Session, information was presented indicating that the weighting which provides 1.5 times the funding for costs of vocational technical enrollment than for academic transfer enrollment did not accurately reflect the actual cost to the community college system. As a result, \$3,129,620 representing the cost of additional weighting was placed into a contingent status for allocation by the Governor, by January 1, 1972, subject to approval of the Legislative Budget Committee, based upon a staff study by the Legislative Budget Committee, utilizing procedures and definitions specified by the Council on Higher Education. Based upon my allotment authority, I will direct

the community college system to place this amount into reserve, pending further allocation. My reasons for vetoing this section are similar to the veto of provisions in the budgets of the four-year colleges and universities. I concur with the need for the study, and believe the procedures established by the study are appropriate. If the study shows that the weighting assumed by the Legislature is appropriate, I will allocate the funds. Because the time for allocation is nearly coincident to the 1972 Special Session, if the study indicates that some alternation should be made in the allocation weighting, I will propose a redistribution of funds for the approval of the entire legislature.

Veto
Message

22. Community Colleges

On page 50, beginning on line 29, I have vetoed the words "academic general education and."

The general purpose of the proviso is to establish a higher priority for academic transfer, vocational training courses, and adult basic education, than for lower priority courses in allocating available funds and student spaces. If insufficient spaces are available to serve all students, the proviso requires that "academic general education" and "community service" courses either be discontinued, or continued on a self-supported basis.

The "academic general education" category includes courses which are generally remedial in nature and are not specifically designed for students who will transfer to a four-year institution, for students who want to complete high school, or for adults who want a basic education. These courses do, however, serve to develop the competencies of individuals so that they may effectively participate in future academic transfer courses and perhaps even more importantly assist individuals in gaining the skills necessary so that they may participate in the vocational technical occupational programs of the community colleges. Many of these individuals are referred under such state programs as Vocational Rehabilitation and WIN (Work Incentive, administered by the Department of Employment Security). A listing of the courses shows such titles as elementary algebra, human relations, writing skills development, basic mathematics, fundamental of business mathematics, patterns of writing, English fundamentals, and

effective studies. To eliminate such courses from the community college curriculum or to require that they be supported entirely by the students is to strike at the heart of the program desperately needed by those citizens of the state who have only the community colleges to serve their educational needs; consequently, at the request of both the Council on Higher Education and the State Board for Community Colleges, I am vetoing their inclusion in the category of programs to be either discontinued or made self-supporting. However, I have approved the remainder of the proviso as it relates to "community service" programs.

Veto
Message

It is clear that some courses identified as "academic general education" more properly fit within the "community service" designation, and that this designation varies from college to college. While the answer to this is not to immediately require that all "academic general education" courses be treated as "community service" courses, I will specifically ask the Community College Board to control any redesignation of courses now categorized as "community service" and to provide necessary recommendations and information to the Council on Higher Education to meet the requirements of HCR 7 and to assure that uniform standards for categorizing courses on a uniform basis at all schools is achieved by the 1972 Legislative Session.

23. Special Appropriations

On page 53, line 7, I have vetoed the wording which would require me to distribute the funds provided to partially compensate for the employer contributions to the Public Employees' Retirement Fund. While the funds may ultimately be distributed on a pro rata basis, further time is needed to determine whether special problems exist requiring some other method of distribution. My veto of this section is designed to provide flexibility to distribute the funds in the most desirable manner after we have had the opportunity for further analysis.

24. Teachers' Retirement System

On page 55, beginning on line 25, I have vetoed the entire section appropriating \$20 million for contributions to the Teachers' Retirement System.

The Budget as passed by the 1971 Legislature is in excess of \$22 million out of balance. A preliminary analysis indicates that of this amount, approximately \$15 million is needed to maintain the state \$365 per pupil guarantee for students in kindergarten through the twelfth grade during the 1972-73 fiscal year. It is equally clear that unless the 1972 Special Session of the Legislature adds approximately \$15 million to the Common School Apportionment appropriation, local school districts will either have to reduce the quality of their education programs or increase special levies to supplement the inadequate amount of state funds provided in the Appropriations bill. Because I do not believe it is desirable to reduce the quality of education and because I am opposed to increasing special levies to make up for an inadequate amount of state support, I am vetoing the General Fund appropriation of \$20 million and will ask the 1972 Special Session of the Legislature to make a supplemental appropriation to the Superintendent of Public Instruction to assure that the \$365 per pupil guarantee can be maintained for both years of the 1971-73 biennium. I would like to point out that by vetoing the appropriation to the Teachers' Retirement Fund, it is with complete assurance that pensions payments to retired teachers will be made.

Veto
Message

I recognize that the veto of the appropriation to the Teachers' Retirement System also deletes state funds used to pay one-half of the administrative cost of the system. The appropriation for administration has been left intact. In order to meet the formula for payment of administrative costs contemplated by RCW 41.32.410 and insure that the members of the system will not have to bear an inequitable share of the administrative costs, funds from my emergency fund appropriation will be made available to pay one-half of administrative costs until a supplemental appropriation can be provided by the 1972 Legislature.

25. Unanticipated Receipts

On page 60, line 26, I have vetoed a portion of the section dealing with unanticipated receipts.

During the 1971-73 biennium, the state will receive into its general and other funds from which the Legislature makes appropriations, over \$900 million in federal matching grants and contracts. These funds represent a major source

of support to Public Assistance and other Human Resources programs, public school through education grants, highway construction, and many other programs of state government. Each state agency in their budget request clearly identifies the amount and the purpose of each federal grant that is anticipated to be received by the agency during the biennium. Because the federal appropriations are for only a one-year duration, whereas the state budget is for a two-year period, it is necessary for each agency to estimate the amount of federal funds they will receive. During the course of the biennium as federal appropriations are established, all agencies go through a procedure of reducing or increasing their estimate of federal revenues to reflect final federal grant allocations. Section 109 in its present form would require each state agency to receive the approval of the Legislature, if it is in session, or the Legislative Budget Committee, if the Legislature is not in session, in the event that federal grants are in excess of the amounts anticipated in the budget.

It is clear that the Legislature wants to assure that whenever not specifically precluded by the terms or the nature of the grant the receiving state agency will utilize federal grant funds in excess of amounts estimated in the Budget to support regular state programs, so as to save state tax funds. I am in full agreement with the desirability of using any available federal funds in lieu of state tax resources and have approved that portion of the section which places this requirement on state agencies.

However, the requirement that approval of either the Legislature or the Legislative Budget Committee must be obtained prior to expenditure is unworkable. While I am in agreement with the fundamental principle of government that the Legislature appropriate all funds to be expended, the State of Washington is at a distinct disadvantage compared to those states who have a full time Legislature responding to changes in federal laws, new federal programs or changes in the amount of federal revenues to be allocated to state programs. In order for this state to be able to respond to changing federal conditions, it must have a mechanism whereby federal funds can be utilized in a timely manner. Such a procedure already exists as set forth in RCW 43.79.250-.280 which designates the Governor as the state's agent to receive and deposit in the Treasury, federal funds not anticipated in

the Budget and further allows him to authorize the expenditure of these funds. It is, in essence, this procedure which the state has been following since 1945. The process of determining whether a particular grant is in excess of those estimated in the budget, requiring compliance with this provision is a time consuming process and would result in large numbers of small grants or contract charges being processed through the Legislative Budget Committee. Normal federal allocations to the Department of Public Assistance, which may be in excess of earlier estimates, because of frequent changes in federal regulations and, which must be expended immediately to avoid cash flow problems, could be delayed unnecessarily by requiring committee approval. I see no compelling need to involve a legislative interim committee in the routine bookkeeping task of adjusting revenue estimates to final federal grant allocations and the potential delays and administrative burdens seem highly desirable. Therefore, I have vetoed a portion of Section 98 requiring such prior approval.

Veto
Message

I have approved the provision in Section 47 which requires quarterly review by the Legislative Budget Committee of allocations of the Law and Justice Committee, which represents the most significant new federal program. I have also directed the Office of Program Planning and Fiscal Management to develop improved information for both the 1972 and 1973 Session of the Legislature on new federal programs, and I believe these two procedures will provide more meaningful information to the Legislature than the controls in Section 98.

26. Salaries

On page 63, line 16, I have vetoed Section 107 which was intended by the Legislature to preclude those state employees who are not under the jurisdiction of either the State Department of Personnel or the Higher Education Personnel Board from receiving a salary increase as long as they remain in the same job classification. Employees which would presumably be affected by this section include college and university faculty members and employees exempt from Civil Service status in state agencies. Based upon informal advice from the Attorney General, it is clear that the language of the section is so defective as to accomplish the exact opposite of that intended by the Legislature. The

essence of the advice from the Attorney General is that the only state employees in a job classification are those employees in the classified service, as classified by the Department of Personnel or the Higher Education Personnel Board and that faculty members and exempt personnel are not in the category which can be construed to be a job classification. If the section were allowed to remain, it would result in the withholding of regular merit salary increases to employees in the classified service, a result specifically rejected by vote in the Senate, while not prohibiting a salary increase for non-classified personnel.

Veto
Message

Because this section so clearly has the opposite effect from that intended and because it is so discriminatory in its application to some employees and not others and finally because if implemented, it would create chaos in salary administration for classified employees, I am vetoing the entire section.

27. Travel

On page 67, line 29, I have vetoed a portion of the section which establishes procedure dealing with out-of-state travel.

While I concur with the legislative intent of Section 109 to reduce the amount of state funds expended for out-of-state travel, I do not concur with the Legislature's intent to apply these restrictions to executive branch agencies or the method expressed in the section for controlling out-of-state travel. I believe it is equally desirable to reduce the out-of-state travel for all agencies of state government and not just those agencies which are part of the executive branch of government. The control procedure set forth in the act would require the Director of the Office of Program Planning and Fiscal Management to become unduly preoccupied in reviewing and approving each request for out-of-state travel to the extent that it will be necessary to sacrifice more important and economically beneficial activities. From another standpoint, it is an absurdity to expect someone from the Budget Office to determine the priority of individual trips related to scholarly and research pursuits in our colleges and universities. I expect each agency head to manage the internal affairs of the agency for which he is responsible,

and to take the steps necessary to reduce the amount of out-of-state travel in his agency so that it is unnecessary to establish a centralized approval procedure. I have allowed to remain in this section the requirement that each agency submit a monthly out-of-state travel report to the Office of Program Planning and Fiscal Management which will be forwarded to the 1973 Session of the Legislature and the Legislative Budget Committee. I believe that by making agency heads responsible for the control of out-of-state travel and by allowing the reporting requirements to remain in the section, agency heads will be able to achieve a more effective utilization of out-of-state travel than could possibly be achieved through a centralized control procedure.

28. Internships

I have vetoed Section 112 which prohibits expenditure of state funds for student internships in state government. The Legislature during the past session utilized a large number of student interns. The Conference Committee which dealt with the Budget inserted this proviso which had been in no other version of the Budget, and it was not discussed on the Floor. Apparently, the members of the Conference Committee take the position that what is good for the Legislature is not good for the Executive Branch. I do not agree. Intern programs have played an essential role in the entire educational process, providing relevant experience for the student with substantial return to the state at minimal state cost. Work study programs, which play a growingly important role in educational programs would be eliminated. While emphasis is placed on opportunities which can be funded entirely with non-state funds, in many instances some state participation is essential. For example, the state participates in a program with the American Industrial Development Council and the Economic Development Administration to train an American Indian for subsequent work in industrial development on Indian Reservations. The state is required to pay one-half of the salary of the intern, receives valuable service from him during his period with state government, and will receive substantial long-term benefit from his training. This proviso would require breaching our commitment to the participants in this program without completing it. Additionally, it would require breaching a commitment with other interns already hired, with little financial savings. This proviso represents unwise

policy, inserted at the last minute by the Conference Committee, and has therefore been vetoed.

29. Salaries

I have vetoed Section 113, which was intended by the Legislature to preclude the payment of salary increases to those state employees paid from appropriated funds who earn in excess of \$15,000 a year. Based upon informal advice received from the Attorney General, it is clear that this section, like Section 107, has some effects which were not anticipated by the Legislature. In essence, this section would not apply uniformly to all state employees. For example, employees paid from such non-appropriated funds as the Central Stores Revolving Fund, the Printing Revolving Fund, Horticultural District Funds, Agricultural Local Funds, Commodity Commission Funds, Farm Revolving Fund, all college and university Local Plant Funds, all college and university grant and contract funds, Washington State Historical Association Local Museum Fund, the Eastern Washington Historical Society Local Museum Fund, the Forest Insect Disease Control Fund, the Clark-McNary Fund, the Forest Assessment Fund, the Log Patrol Revolving Fund, the State Forest Nursery Fund, the Slash Clearance Fund, and the Forest Access Revolving Fund would not be affected because these employees are not paid from funds contained in this bill.

While there are sufficient technical errors alone in the section to warrant its veto, I am equally concerned about the effect that the section would have on the quality of leadership in state government if such a section were allowed to remain. During the past six years, this administration has diligently worked to attract fresh leadership, people with innovative ideas who are willing to make the effort necessary to make state government more responsive to the public. This fresh leadership has resulted in a whole new way of caring for those who are retarded, for those who are affected with mental illness, for those juveniles and adults who have violated the law. It has resulted in increasing relevance in the instructional programs of the state colleges and universities. It has resulted in more vigorous efforts to clean up this state's air and water. I believe the citizens of this state can be justifiably proud of these and the many other changes which this new leadership has accomplished in response to an era marked by unprecedented

economic growth and an equally unprecedented decline in employment and by social disorder and unrest. I am simply unwilling to follow the legislative suggestion that we reward the hard work and dedication of these employees by limiting their opportunity to continue to receive any merit adjustments which other employees would continue to receive.

Therefore, I have vetoed Section 113 in its entirety.

With the exception of the items described above, the remainder of the bill is approved."

NEW SECTION. Sec. 1A. FOR THE UNIVERSITY OF WASHINGTON
HEALTH SERVICES EXPANSION--General Fund Reappropriation: PROVIDED,

That this reappropriation shall not be allotted if sufficient funds are available in the University of Washington Building Account: PROVIDED FURTHER, That any disbursements that may be made from this reappropriation shall be repaid to the general fund prior to June 30, 1973.....\$ 4,500,000.

NEW SECTION. Sec. 2. There is hereby appropriated from the general fund to the state board for community college education the sum of \$350,000 or so much thereof as may be required for construction and equipping the final unit of the engineering technology building on the south campus of the Seattle community college: PROVIDED, That the director of the office of program planning and fiscal management may allocate from this appropriation no more than shall be realized from the pending sale of the real property and improvements thereto known as the Holgate branch of the Seattle community college.

NEW SECTION. Sec. 3. The words "capital improvements" or "capital projects" used herein shall mean acquisition of sites, easements, rights of way or improvements thereon and appurtenances thereto, construction and initial equipment, reconstruction, demolition or major alterations of new or presently owned capital assets.

NEW SECTION. Sec. 4. Before a capital project shall begin or an obligation incurred or contract entered into, the Director of the Office of Program Planning and Fiscal Management, with the approval of the Governor, shall first allot funds therefor or so much as may be necessary from the appropriation made herein.

NEW SECTION. Sec. 5. Additional Federal or other receipts and gifts and grants in excess of those estimated in the budget may be allotted by the Governor for capital projects included in the Capital Budget. In addition, the Governor may receive and allot any Federal funds made available for capital outlay at any one of the six institutions of higher education. Whenever possible, funds from other available sources shall be used to finance projects for which General Fund appropriations are made in this act.

NEW SECTION. Sec. 6. To effectively carry out the provisions of this act, the Governor may assign responsibility for planning, engineering and construction and other related activities to any appropriate agency.

NEW SECTION. Sec. 7. Reappropriations shall be limited to the unexpended balances remaining June 30, 1971, in the current appropriation for each project.

NEW SECTION. Sec. 8. The governor, through the Director of the Office of Program Planning and Fiscal Management, may authorize a transfer of funds appropriated for a capital project in excess of the amount required for the completion of such project to another capital

project for which the appropriation is insufficient only within the Division of Institutions, Department of Social and Health Services, or between appropriations for a specific department, commission or institution of higher education. No such transfer shall be used to expand the capacity of any facility beyond that anticipated by the legislature in making the appropriations. A report of any transfer effected under this section shall be filed with the Legislative Auditor for transmittal to the Legislative Budget Committee by the Director of the Office of Program Planning and Fiscal Management within thirty days of the date the transfer is effected.

NEW SECTION. Sec. 9. Any capital improvement or capital project for construction, repair or maintenance authorized by this act, unless constructed pursuant to the provisions of chapter 39.04 RCW, shall be done by contract after public notice and competitive bid: PROVIDED, That this section shall not apply to the acquisition of sites, easements, or rights of way; nor to contracts for architectural or engineering services; nor to emergency repairs nor to any improvement or project costing less than twenty-five hundred dollars, nor to portions of projects involving inmate labor at a state institution.

NEW SECTION. Sec. 10. Except as provided in section 12 of this act none of the funds appropriated in this act shall be used by any community college for satellite or secondary campuses, nor any facilities acquired therefore; a satellite or secondary campus for the purposes of this act shall be any location having facilities to carry on instructional programs away from the primary campus of a community college district, with the exception of those facilities of a temporary nature, including facilities in local high schools, in community or privately owned buildings, mobile units, or in any other facility or location which is rented or leased for a period not to exceed two years.

NEW SECTION. Sec. 11. None of the funds appropriated in this act shall be used for new dormitory facilities at community colleges. In addition, any proposals to establish new dormitory facilities at any community college shall be included in the capital budget request of the state board for community colleges as submitted to the office of program planning and fiscal management, and thereafter shall be included in the executive budget for review by the legislature. Such facilities shall not be established unless authorized by the legislature.

NEW SECTION. Sec. 12. No expenditures of appropriated funds for minor capital outlays and/or repairs approved in this act shall be made by any state institution of higher learning offering post-high school educational programs until such anticipated expenditures have been reported to the office of program planning

fiscal management and the legislative budget committee.

NEW SECTION. Sec. 13. Notwithstanding any other provision of law, it is the intention of the Legislature that the Institutions of Higher Education not expend any local plant funds or any other moneys for construction of married student housing during the 1971-73 biennium.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health and safety, for the support of state government and its existing public institutions, and shall take effect immediately.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This capital budget contains only \$6.8 million in new state General Fund appropriations, a sharp reduction from previous biennia. However, at the last minute certain projects were added by the Senate from the General Fund, with no discussion, and totally ignoring higher priority and urgent projects which should be funded if state General Fund money were available. Because of the lack of time, the Capital Budget returned by the Senate was not discussed in the House. This does not represent a responsible method of allocation of state resources, and I have therefore vetoed appropriations for several projects.

The specific items I have vetoed are as follows:

1. Washington State University

On page 26, lines 28-30, I have vetoed the following appropriation:

	From the
	<u>General Fund</u>
Laboratory Animal Facility	
Facility Planning & Design	\$31,020.

The Laboratory Animal Resource Facility project consists of a holding facility for livestock under veterinarian care at the University. While it is a project

that will eventually have high priority, it has not been accorded a sufficiently high priority by the University this coming biennium to warrant funding it from the state General Fund.

2. Eastern Washington State College

On page 30, beginning on line 26 through line 1 on page 31, I have vetoed the following appropriations:

	From the <u>General Fund</u>
Instruction and Computer Center Building, Design and Planning	\$91,642
Plant Services - Phase II and III Maintenance Building	
Plant Storage Building	\$20,278

The Instruction and Computer Center Building is basically an instructional classroom and faculty office space facility with a small area set aside for housing the computer operations. Given the slowdown in enrollment growth at the college, it will be several years before enrollments reach a level where additional space of this type will be required, according to the college's own space utilization standards.

The Plant Services, Phase II and III, project at Eastern Washington State College is another structure that cannot be justified at this time on the basis of needed space. Currently the college stores supplies and other plant articles in a variety of places, which the college administrators indicate will be adequate now that there is a slowdown in college growth.

While I am sure that both of these projects will materialize in a future biennium, they do not warrant funding at this time from the state General Fund.

3. For the State Board of Community
College Education

On page 43, lines 15 through 21, I have vetoed the following appropriations:

From the Community College Capital ^{Veto} _{Message}
Projects Account

Language Research Center (correctly identified as Learning Resource Center)	
Phase II - Everett Community College	\$728,900
Science Building - Edmonds Community College	\$4,400,554

My capital budget for community colleges was based upon fully utilizing the unused bonding capacity of the Community College System of \$13.9 million. The amendment by the Legislature to the Tuition and Fee Bill (HB 740) which excluded Vietnam veterans from paying the increase in tuition and fees will further reduce this unused bonding capacity by \$2.6 million. As a result of this amendment, there are not sufficient funds available for those projects initially included in the Capital Budget, let alone the two additional projects added by the Legislature.

For the Legislature to add two more projects, for an additional \$5.1 million may be a popular political approach, but not a responsible method of handling community college facility requirements.

I am certain that the Learning Resource Center at Everett Community College and the Science Building at Edmonds Community College will receive additional consideration by the next session of the legislature, at the same time additional financing is considered.

With the exception of the items described above, the remainder of the bill is approved."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 36.62.252, chapter 4, Laws of 1963 as amended by section 3, chapter 36, Laws of 1967 ex. sess. and RCW 36.62.252 are each amended to read as follows:

Every county which maintains a county hospital or infirmary shall establish a "county hospital fund" into which fund shall be deposited all moneys received from any source for hospital or infirmary services including money received for services to recipients of public assistance and other persons without income and resources sufficient to secure such services. Obligations incurred from such hospitalization and infirmary care shall be paid from the fund by the county treasurer in the same manner as general county obligations are paid. The county auditor shall furnish to the board of county commissioners a monthly report of receipts and disbursements in the county hospital fund which report shall also show the balance of cash on hand.

Sec. 2. Section 36.62.270, chapter 4, Laws of 1963 and RCW 36.62.270 are each amended to read as follows:

In the event that additional funds are needed for the operation of a county hospital or infirmary, the board of county commissioners shall have authority to adopt a supplemental budget. Such supplemental budget shall set forth the amount and sources of funds and the items of expenditure involved. In the adoption of a supplemental budget the board of county commissioners shall follow the same procedure as required under the provisions of RCW 36.40.180.

NEW SECTION. Sec. 3. There is added to chapter 36.62 RCW a new section to read as follows:

Payments from the state department of social and health

services shall be made upon billing forms as prescribed by the department and shall be paid into the county hospital fund. Before the end of the 1969-1971 state fiscal biennium, each county which received an advance for an infirmary from the department of social and health services for that state fiscal biennium shall return the amount of such advance by county warrant of treasurer's check to the department. At the beginning of the 1971-1973 state fiscal biennium and conditioned upon recovery of the advances made for the previous biennium, the state department of social and health services shall advance to the county an amount equal to the amount paid by the department to the county for the care of public assistance recipients in a county infirmary for the preceding two months of February and March, which amount may be used to defray costs in the first month's operation of the state fiscal biennium. No advance shall be made for a county hospital.

At the beginning of each succeeding state fiscal biennium, the department will advance an amount approximating two months' cost of operation as described in the preceding paragraph upon recovery in the preceding biennium of the amount advanced for that biennium. Reimbursements for the actual costs of operation, provided they are essential and necessary to the operation of the infirmary and have been included in the biennial appropriation, shall be made monthly by the state department of social and health services to the counties.

NEW SECTION. Sec. 4. Section 36.62.280, chapter 4, Laws of 1963, and RCW 36.62.280 are each repealed.

NEW SECTION. Sec. 5. The purpose of sections 5 through 14 of this 1971 amendatory act is to authorize and establish a tuberculosis and respiratory disease hospital district in the state to operate a hospital and supply hospital service for the residents of such district and such others as the district shall deem necessary.

NEW SECTION. Sec. 6. There is hereby established a tuberculosis and respiratory disease hospital district in the state, hereinafter in this 1971 amendatory act referred to as the Eastern district, consisting of the following named counties: Okanogan, Chelan, Kittitas, Yakima, Benton, Walla Walla, Franklin, Grant, Douglas, Ferry, Lincoln, Adams, Columbia, Asotin, Garfield, Whitman, Spokane, Stevens and Pend Oreille; the headquarters county of such district shall be Spokane county. Such hospital district is authorized to operate a hospital in the present tuberculosis hospital facilities at Edgecliff in Spokane, Washington.

NEW SECTION. Sec. 7. The Eastern tuberculosis and respiratory disease hospital district in this state shall be governed by a commission consisting of five members, three of whom shall be members of the legislative authority of the headquarters county to be chosen by and to serve at the pleasure of such legislative authority and two

of whom shall be elected by and to serve at the pleasure of an advisory committee to the commission made up of the chief health officers of the respective counties within the district. If such advisory committee shall fail to fill a vacancy within two weeks, the governor shall fill such vacancy and so notify the commission. Initial members of the commission shall be elected or appointed within ten days of the effective date of sections 5 through 14 of this 1971 amendatory act. Such advisory committee shall counsel the commission with respect to commission powers and duties under sections 5 through 14 of this 1971 amendatory act. Failure of any member to continue in public office shall result in a commission vacancy which shall be filled as in the case of original appointment or election.

NEW SECTION. Sec. 8. The district commission shall appoint and determine the compensation of a hospital superintendent for the district who shall serve at the pleasure of the commission and be a physician duly licensed in this state and qualified in public health and/or specializing in the care of tuberculosis and respiratory diseases. Such superintendent shall act as administrative officer for the commission, shall be the tuberculosis and respiratory control officer for the district, and shall be empowered to employ such technical and other personnel as approved by such commission.

NEW SECTION. Sec. 9. The district commission shall have authority:

(1) To lease existing hospital and equipment and/or other property used in connection therewith, and to pay such rental therefor as the commissioners shall deem proper; to provide hospital service for residents of said district in hospitals located outside the boundaries of said district, by contract or in any other manner said commissioners may deem expedient or necessary under the existing conditions; and said commission shall have the power to contract with other communities, corporations or individuals for the services provided by said district; and they may further receive in said hospital and furnish proper and adequate services to all persons not residents of said district at such reasonable and fair compensation as may be considered proper: PROVIDED, That it must at all times make adequate provision for the needs of the district and residents of said district shall have prior rights to the available facilities of said hospitals, at rates set by the district commissioners.

(2) To enter into any contract with the United States government, or any state or municipality for carrying out any of the powers authorized in sections 5 through 14 of this 1971 amendatory act;

(3) To sue and be sued in any court of competent jurisdiction: PROVIDED, That all suits against the district shall be brought in the

headquarters county of the district; and

(4) To make contracts, employ superintendents, attorneys, and other technical or professional assistants and all other employees; to make contracts with private or public institutions for employee retirement programs; to print and publish information or literature and to do all those things necessary to carry out the purposes of sections 5 through 14 of this 1971 amendatory act.

Commission members shall be reimbursed for reasonable expenses incurred in connection with commission business and meetings, including subsistence and lodging and travel while away from their place of residence. Commission organization and proceedings shall be in accordance with that for public hospital district commissions under RCW 70.44.050.

NEW SECTION. Sec. 10. The commission shall as soon as possible after the effective date of sections 5 through 14 of this 1971 amendatory act enter into those necessary negotiations and agreements to obtain the use of the present tuberculosis hospital facilities at Edgecliff in Spokane, Washington.

NEW SECTION. Sec. 11. Tuberculosis is a communicable disease and tuberculosis control, including hospitalization, case finding, prevention and follow-up of known cases of tuberculosis represent the basic step in the conquest of this major health problem. [In

The commission shall return a total of thirty-five percent of moneys received from the levy provided under this section to the chief health officers of the counties, other than the headquarters county, which funds are to be allocated to specific counties based on caseload in the counties pursuant to standards promulgated by the district commission. Such returned funds are to be used by the chief health officers to carry out tuberculosis control [and respiratory

V disease treatment] on a local county level. The sum herein provided for, and any income that may occur from miscellaneous receipts in connection with the aforesaid programs shall be placed in a special fund in the treasury of the headquarters county and obligations incurred for such programs shall be paid from such fund upon order of

the district commissioners by the treasurer in the same manner as general county obligations are paid.

NEW SECTION. Sec. 12. The district created by section 6 of this 1971 amendatory act shall not participate in any distributions made pursuant to chapter 70.32 RCW on and after the effective date of sections 5 through 14 of this 1971 amendatory act. On and after January 1, 1972 the provisions of chapter 70.32 RCW as now or hereafter amended shall not apply to the eastern district created by section 6 of this 1971 amendatory act.

NEW SECTION. Sec. 13. The department of social and health services shall have the same authority over the hospital of a tuberculosis and respiratory disease hospital district as its authority over any privately administered hospital in this state.

NEW SECTION. Sec. 14. Until January 1, 1972, counties and the state shall continue to pay for the treatment of county patients at Edgecliff in Spokane, Washington, in the same manner as they have during this 1969-1971 fiscal biennium prior to the effective date of sections 5 through 14 of this amendatory act.

NEW SECTION. Sec. 15. The following words and phrases shall have the designated meanings in section 15 through 25 of this 1971 amendatory act unless the context clearly indicated otherwise:

(1) To provide for the administration of the hospital according to the rules and regulations adopted by the department;

(2) To adopt and publish such rules and regulations governing the administration of the hospital as are deemed necessary: PROVIDED, That such rules and regulations are not in conflict with those adopted by the department and have the written approval of the secretary.

NEW SECTION. Sec. 18. In order to maintain adequate tuberculosis hospital facilities for the residents of the state of Washington and to assure their proper care pursuant to sections 15 through 25 of this 1971 amendatory act, the legislative authority of Clallam, Jefferson, Kitsap, Mason, Grays Harbor, Thurston, Pacific, Lewis, Wahkiakum, Cowlitz, Clark, Skamania, Klickitat, Pierce, King, Snohomish, Skagit, Whatcom, San Juan and Island counties shall commencing January 1, 1972, levy annually a tax in the sum equal to the amount which would be raised by a levy of one-sixteenth mill against the actual value of the taxable property in the county. Upon collection such sum shall be paid to the state general fund to be used for the cost of maintaining and operating tuberculosis hospital facilities operated pursuant to sections 15 through 25 of this 1971 amendatory act. All other sources of revenue payable for the cost of hospitalization in tuberculosis hospital facilities operated pursuant to sections 15 through 25 of this 1971 amendatory act shall be collected by such tuberculosis hospital facilities and paid into the general fund of the state.

There is hereby appropriated from the state general fund to the department such revenue as is collected and paid over to the general fund resulting from the one-sixteenth mill levy provided for herein, and the collections made by the tuberculosis hospital facilities for the cost of hospitalization. Such appropriations to the department shall be used for the cost of maintaining and operating tuberculosis hospital facilities pursuant to sections 15 through 25 of this 1971 amendatory act: PROVIDED, That in the event that the revenues collected under this section exceed the cost of

During the period from the effective date of sections 15 through 25 of this 1971 amendatory act to January 1, 1972 each of the respective counties enumerated in section 18 of this 1971 amendatory act will be responsible for the cost of care for hospitalization of patients with tuberculosis from the respective counties, when such patients are unable to pay all or any of the hospitalization costs: PROVIDED, That no county enumerated in section 18 of this 1971 amendatory act shall be liable for payment for such cost of care beyond the amount budgeted and collected in each such county for tuberculosis hospitalization and control as a result of revenue from previous levied tuberculosis taxes or payments in lieu of taxes.

NEW SECTION. Sec. 20. From the effective date of sections 15 through 25 of this 1971 amendatory act in any county enumerated in section 18 of this 1971 amendatory act currently maintaining a tuberculosis hospital facility, the department will assume all assets and liabilities relating to such hospitals and the counties and the department are authorized and directed to take all steps required by law to effect such transfer.

Sec. 21. Section 1, chapter 162, Laws of 1943 as last amended by section 7, chapter 47, Laws of 1970 ex. sess. and RCW 70.32.010 are each amended to read as follows:

Sec. 24. Section 3, chapter 117, Laws of 1959 as last amended by section 15, chapter 110, Laws of 1967 ex. sess. and RCW 70.32.090 are each amended to read as follows:

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill establishes a hospital district in Eastern Washington to operate a tuberculosis hospital for that area and in Western Washington authorizes operation and control of tuberculosis hospitals in the State Department of Social and Health Services. As passed, the bill establishes a major distinction in types of services available between the hospital district and the rest of the state in that the district can treat respiratory disease as well as tuberculosis. In view of the obvious inequities and legal problems created by this distinction I have vetoed all references to respiratory disease in the bill in order that the concept of establishing necessary and effective treatment of tuberculosis throughout the state may be more equitably implemented.

Veto
Message

Section 18 of the bill purports to transfer certain county millage to the state general fund to be used for tuberculosis hospitalization. Because it was the apparent

and expressed intent of the drafters of this legislation to have the revenue available to the Department of Social and Health Services without further legislative action, all references to the general fund in section 18 are inappropriate and in fact prevent implementation of the legislation.

Veto
Message

For the foregoing reasons, I have vetoed those references in Section 18.

Section 26 of the bill is an emergency clause which would bring about implementation of this legislation immediately. Because there is more than sufficient time to do what is necessary to implement this act without an emergency clause, and because immediate implementation would put a strain on the resources of the state, I have vetoed section 26.

Section 12 of the bill, in part provides that the eastern district will be prohibited from receiving any payments from the local county funds after the effective date of the act. Because section 14 provides that the counties will continue to make payments in the eastern district until January 1, 1972, and because these payments are necessary for the operation of the eastern district, I have vetoed the first sentence of section 12. This resolves the conflict between sections 12 and 14 and preserves the fiscal viability of the legislation.

Section 25 provides that certain laws shall not apply to any facilities operated by the Department of Social and Health Services after January 1, 1972. It was the intent of the drafters to create a complete tuberculosis program under the new enactments, including control programs as well as hospitalization. Because the reference to facilities in section 25 may confuse the application of that section, I have vetoed reference to facilities. This veto does not change the substance of the section but clarifies the legislative intent to create a new and complete program and substitute it for the previous one.

In section 18 provision is made for utilization of income to the hospital facility. However, there is non-hospitalization related income for which no provision was made. Because it is necessary to utilize all income

available to the facility, and because there is language in section 18 which limits its utilization, I have vetoed that language which is so limiting. This veto allows the facility effectively to utilize all available income, and is in keeping with the intent of the drafters.

Veto
Message

Section 23 requiring tuberculosis hospitals to report to the county of the patient's residence his medical condition, is limited to counties outside the eastern district. Since this information is equally important to all counties whether or not within the eastern district, I have vetoed that language limiting the applicability of that section in order that all counties shall receive reports on the condition of patients who are residents of their counties.

In section 18 and section 24 provision is made for counties to levy taxes and language is included which would have the levy commence January 1, 1972. Because this would postpone realization of that income until the first quarter of 1973, I have vetoed that language establishing January 1, 1972 as the commencement date of the levy. This veto allows realization of the levy income in the first quarter of 1972 as was intended by the legislature.

Section 8 of the bill establishes the superintendent of the eastern district hospital as the tuberculosis control officer for the district. I question the wisdom of the provision because tuberculosis control outside of a hospital is appropriately and has successfully been a local county function. However, the legislature, in setting up a program for tuberculosis control and treatment, determined that this structure is appropriate for the eastern district. Therefore, although with some misgivings, I have determined not to veto that language making the superintendent of the eastern district hospital the tuberculosis control officer for the district."

Note: Governor's explanation of partial veto is as follows:

"...This bill amends the State Patrol Retirement

Veto
Message

System to increase the prior service annuity for retired state patrolmen from 1 1/2% of the member's average final salary multiplied by the number of years of prior service to 2% of such salary figure.

Veto
Message

During consideration of this bill in the legislative process an amendment was added which excluded those persons from the benefits of this increase who are employed by the United States, the State or any agency or instrumentality or political subdivision thereof.

Pensions are earned upon the basis of past service and should not be conditioned upon the category of employment a person eligible for a pension undertakes after termination of his service. Excluding persons employed by a government agency from the benefit increase while granting such increases to persons employed with a private employer is patently discriminatory and there is no justification for this distinction.

I have accordingly vetoed two items in section 1. The remainder of the bill is approved."

In addition to the powers conferred under RCW 28B.50.090, the community college state board is authorized and shall have the power:

(1) To permit the district boards of trustees to contract for the construction, reconstruction, erection, equipping, maintenance, demolition and major alterations of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances of the college as approved by the community college state board.

(2) To finance the same by the issuance of bonds secured by the pledge of up to ((sixty)) one hundred percent of the general tuition fees.

(3) Without limitation of the foregoing, to accept grants from the United States government, or any federal or state agency or instrumentality, or private corporation, association, or person to aid in defraying the costs of any such projects.

(4) To retain bond counsel and professional bond consultants to aid it in issuing bonds pursuant to RCW 28B.50.340 through

28B.50.400.

Sec. 19. Section 2, chapter 8, Laws of 1971 and RCW 28B.50.350 are each amended to read as follows:

For the purpose of financing the cost of any projects, the college board is hereby authorized to adopt the resolution or resolutions and prepare all other documents necessary for the issuance, sale and delivery of the bonds or any part thereof at such time or times as it shall deem necessary and advisable.

Said bonds:

- (1) Shall not constitute
 - (a) an obligation, either general or special, of the state; or
 - (b) a general obligation of the college or of the college board;
- (2) Shall be
 - (a) either registered or in coupon form; and
 - (b) issued in denominations of not less than one hundred dollars; and
 - (c) fully negotiable instruments under the laws of this state; and
 - (d) signed on behalf of the college board with the manual or facsimile signature of the chairman of the board, attested by the secretary of the board, have the seal of the college board impressed thereon or a facsimile of such seal printed or lithographed in the bottom border thereof, and the coupons attached thereto shall be signed with the facsimile signatures of such chairman and the secretary;
- (3) Shall state
 - (a) the date of issue; and
 - (b) the series of the issue and be consecutively numbered within the series; and
 - (c) that the bond is payable both principal and interest solely out of the bond retirement fund created for retirement thereof;
- (4) Each series of bonds shall bear interest, payable either annually or semiannually, as the board may determine;
- (5) Shall be payable both principal and interest out of the bond retirement fund;
- (6) Shall be payable at such times over a period of not to exceed forty years from date of issuance, at such place or places, and with such reserved rights of prior redemption, as the board may prescribe;
- (7) Shall be sold in such manner and at such price as the board may prescribe;
- (8) Shall be issued under and subject to such terms, conditions and covenants providing for the payment of the principal

thereof and interest thereon and such other terms, conditions, covenants and protective provisions safeguarding such payment, not inconsistent with RCW 28B.50.330 through 28B.50.400, and as found to be necessary by the board for the most advantageous sale thereof, which may include but not be limited to:

(a) A covenant that a reserve account shall be created in the bond retirement fund to secure the payment of the principal of and interest on all bonds issued and a provision made that certain amounts be set aside and maintained therein;

(b) A covenant that sufficient moneys may be transferred from the capital projects account of the college board issuing the bonds to the bond retirement fund of the college board when ordered by the board in the event there is ever an insufficient amount of money in the bond retirement fund to pay any installment of interest or principal and interest coming due on the bonds or any of them;

(c) A covenant fixing conditions under which bonds on a parity with any bonds outstanding may be issued.

The proceeds of the sale of all bonds, exclusive of accrued interest which shall be deposited in the bond retirement fund, shall be deposited in the state treasury to the credit of the capital projects account of the college board and shall be used solely for paying the costs of the projects, the costs of bond counsel and professional bond consultants incurred in issuing the bonds, and for the purposes set forth in (8) (b) above;

(9) Shall constitute a prior lien and charge against ((~~sixty percent of~~)) all general tuition fees of the community colleges.

Sec. 20. Section 20, chapter 15, Laws of 1970 ex. sess. and RCW 28B.50.360 are each amended to read as follows:

There is hereby created in the state treasury a community college bond retirement fund. Within thirty-five days from the date of start of each quarter ((~~sixty percent of~~)) all general tuition fees of each such community college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of general tuition fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community college bond retirement fund which fund as required, is hereby created in the state treasury. The amounts deposited in the bond retirement fund shall be used exclusively to pay and secure the payment of the principal of and interest on the tuition fee bonds issued by the college board as authorized by this chapter. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient

to pay and secure the payment of the principal of and interest on the outstanding general tuition fee bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) That portion of the ((sixty percent of all)) general tuition fees not required for or in excess of the amounts certified to the state treasurer as being required to pay and secure the payment of any of the bonds as provided in subsection (1) above shall be deposited in the community college capital projects account which account is hereby created in the general fund of the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and for the payment of principal of and interest on any bonds issued for such purposes.

Sec. 21. Section 28B.50.370, chapter 223, Laws of 1969 ex. sess. as amended by section 8, chapter 238, Laws of 1969 ex. sess. and RCW 28B.50.370 are each amended to read as follows:

For the purpose of paying and securing the payment of the principal of and interest on the bonds as the same shall become due, there shall be paid into the state treasury and credited to the bond retirement fund of the state board for community college education, the following:

(1) Amounts derived from ((up to sixty percent of all)) general tuition fees as are necessary to pay the principal of and interest on the bonds and to secure the same;

(2) Any grants which may be made, or may become available for the purpose of furthering the construction of any authorized projects, or for the repayment of the costs thereof;

(3) Such additional funds as the legislature may provide.

Said bond retirement fund shall be kept segregated from all moneys in the state treasury and shall, while any of such bonds or any interest thereon remains unpaid, be available solely for the payment thereof. As a part of the contract of sale of such bonds, the college board shall charge and collect general tuition fees as established by this chapter and deposit ((up to sixty percent of)) such fees in the bond retirement fund in amounts which will be sufficient to pay and secure the payment of the principal of, and interest on all such bonds outstanding.

NEW SECTION. Sec. 22. Veterans of the Vietnam conflict who have served in the southeast Asia theater of operations attending institutions of higher learning shall be exempted from the payment of any increase in tuition and fees as are imposed by this 1971 amendatory act and shall not be required to pay more than the total amount of tuition and fees in effect on March 29, 1971: PROVIDED FURTHER, That for the purposes of this exemption, "veterans of the Vietnam conflict" shall be those persons who have been on active federal service as a member of the armed military or naval forces of the United States between a period commencing August 5, 1964, and ending on such date as shall thereafter be determined by duly adopted concurrent resolution of the legislature of this state or by presidential proclamation or concurrent resolution of the Congress terminating the conflict involving United States forces battling in South Vietnam, and who for a period of one year immediately prior to the date of his entry into such service, was a bona fide citizen or resident of the state of Washington.

NEW SECTION. Sec. 23. An additional fee of sixty dollars per academic year shall be added to the operating fee for all students enrolled in a program leading to a graduate degree.

NEW SECTION. Sec. 24. The following acts or parts of acts are hereby repealed:

(1) Section 28B.15.030, chapter 223, Laws of 1969 ex. sess. and RCW 28B.15.030;

(2) Section 28B.15.040, chapter 223, Laws of 1969 ex. sess. and RCW 28B.15.040;

(4) Section 28B.15.410, chapter 223, Laws of 1969 ex. sess. and RCW 28B.15.410.

NEW SECTION. Sec. 25. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

Note: Governor's explanation of partial veto is as follows:

"...Substitute House Bill No. 740, as passed by the

Veto
Message

Legislature, provided for fee increases for students attending institutions of higher education. Several other provisions relating to education were also contained within the bill.

Veto
Message

I have signed Engrossed Substitute House Bill 740 with the following exception:

On page 10, section 12, lines 30 through 33, I have vetoed the following item:

"In addition to the authority above, community college districts may contract with school districts to provide such courses of study. School districts are also authorized to claim such students for attendance purposes."

Section 12, as initially included within Substitute House Bill 740, was an amendatory section changing references to classifications of student fees at community colleges. The above language was added as a House floor amendment to the substitute bill. It allows community colleges to contract with school districts to provide educational opportunities for those individuals who previously did not complete high school. Although the basic purpose of this amendment has merit, it does present several administrative problems for the amendment also allows school districts to claim such students for attendance purposes.

School districts and community colleges presently have authority to perform these educational services. Present statutes also allow intergovernmental agreements between the community colleges and school districts. The amended language does not define clearly the relationships between the K-12 and community college program areas. The budgetary impact is potentially significant, but no fiscal review of the procedure was conducted nor additional appropriation made. The language allows both community colleges and common schools to count these students for funding purposes.

The Superintendent of Public Instruction has requested that this section be vetoed for the following reasons:

- "1. There are currently adequate procedures available for school districts to enter into such

agreements.

2. School districts could enter into interdistrict agreements with other school districts to provide special dropout rehabilitation programs.
3. Leaving this language in ESHB 740 would tend to encourage the fragmentation of the high school program as it now operates.
4. High schools should be challenged to provide programs for their students rather than "contracting" them to a community college.
5. Probably the most important monetary angle of this language would allow such students to be counted as FTE's for community colleges as well as their attendance being claimed by school districts."

While the concept may be meritorious, the potential impact, apparently unrecognized by the legislature, is too great to allow this provision to become law without adequate study.

I am forwarding a copy of this veto message to the Superintendent of Public Instruction and to the State Board for Community College Education requesting them to review this matter and make recommendations where appropriate to me and to the next legislative session to insure that adequate educational opportunities exist for students desiring to acquire their high school diploma."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 9.47 RCW a new section to read as follows:

It is hereby declared to be the policy of the legislature, recognizing the close relationship between professional gambling and organized crime, to restrain all persons from seeking profit from professional gambling activities in this state; to restrain all persons from patronizing such professional gambling activities; to safeguard the public against the evils induced by common gamblers and common gambling houses engaged in professional gambling; and at the same time, to preserve the freedom of the press and to avoid restricting participation by individuals in sports and social pastimes, which social pastimes are more for amusement rather than for profit, do not maliciously affect the public, and do not breach the peace.

The legislature hereby declares that the raising of funds for the promotion of bona fide charitable, educational, scientific, health, religious, civic and patriotic causes and undertakings is in the public interest and that it must differentiate clearly between gambling for profit and professional fund-raising by bona fide charitable and nonprofit organizations.

The legislature further finds that, as conducted prior to the enactment of this 1971 amendatory act, bingo was the subject of exploitation by professional gamblers, promoters, and commercial interests.

It is hereby declared to be the policy of the legislature that all phases of the supervision and regulation of bingo and of the

V conduct of bingo games, raffles, pinball machines and other similar
mechanical amusement devices, amusement games, social card rooms,
V punch boards and pull tabs should be closely controlled.

All of the provisions of this 1971 amendatory act shall be liberally construed to achieve these ends, and administered and enforced with a view to carrying out the above declaration of policy.

NEW SECTION. Sec. 2. There is added to chapter 9.47 RCW a new section to read as follows:

As used in this 1971 amendatory act:

(1) "Contest of chance" means any contest, game, gaming scheme, or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein.

(2) "Gambling". A person engages in gambling if he stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his control or influence, upon an agreement or understanding that he or someone else will receive something of value in the event of a certain outcome. Gambling does not include parimutuel betting as authorized by chapter 67.16 RCW, bona fide business transactions valid under the law of contracts, including, but not limited to, contracts for the purchase or sale at a future date of securities or commodities, and agreements to compensate for loss caused by the happening of chance, including, but not limited to, contracts of indemnity or guarantee and life, health

V or accident insurance nor does it include drawings conducted by business enterprises in connection with business promotions, where there is no charge to enter the drawing or any other charges directly or indirectly related thereto, and it is not necessary to make any purchase to enter the contest and it is not necessary to be present at the drawing to win any of the prizes: PROVIDED, That no sponsoring business firm may conduct more than one such drawing during each calendar year and that the period of the drawing and its promotion shall not extend for more than seven consecutive days: PROVIDED FURTHER, That if the sponsoring organization has more than one outlet in the state such drawings must be held in all such outlets at the same time except that a sponsoring organization with more than one outlet may conduct a separate drawing in connection with the first grand opening of any such outlet.

(3) "Player", except as otherwise in section 16 of this 1971 amendatory act provided, means a natural person who engages, on equal terms with the other participants, and solely as a contestant or bettor, in any form of gambling in which no person may receive or become entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of a particular

gambling activity. A natural person who gambles at a social game of chance on equal terms with the other participants therein does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefor, and supplying cards or other equipment used therein. A person who engages in "bookmaking" as defined in this section is not a "player".

(4) A person is engaged in "professional gambling" when:

(a) Acting other than as a player or in the manner set forth in section 16 of this 1971 amendatory act, he knowingly engages in conduct which materially aids any other form of gambling activity; or

(b) Acting other than as a player, or in the manner set forth in section 16 of this 1971 amendatory act, he knowingly accepts or receives money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity; or

(c) He engages in bookmaking.

Conduct under subparagraph (a), except as exempted under section 16 of this 1971 amendatory act, includes but is not limited to conduct directed toward the creation or establishment of the particular game, contest, scheme, device or activity involved, toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor, toward the solicitation or inducement of persons to participate therein, toward the actual conduct of the playing phases thereof, toward the arrangement of any of its financial or recording phases, or toward any other phase of its operation. If a person having substantial proprietary or other authoritative control over any premises shall permit said premises to be used with the person's knowledge for the purpose of conducting gambling activity other than social card games or nonprofessional gambling activities as set forth in section 16 of this 1971 amendatory act and only as authorized in this 1971 amendatory act, and acting other than as a player, and said person permits such to occur or continue or makes no effort to prevent its occurrence or continuation, he shall be considered as being engaged in professional gambling.

(5) "Gambling device" means: (a) Any device or mechanism used for professional gambling by the operation of which a right to money, credits, deposits or other things of value may be created, in return for a consideration, as the result of the operation of an element of chance; (b) any device or mechanism used for professional gambling which, when operated for a consideration, does not return the same value or thing of value for the same consideration upon each operation thereof; (c) any device, mechanism, furniture, fixture,

construction or installation designed primarily for use in connection with professional gambling; and (d) any subassembly or essential part designed or intended for use in connection with any such device, mechanism, furniture, fixture, construction or installation used in professional gambling. But in the application of this definition, a pinball machine or similar mechanical amusement device which confers only an immediate and unrecorded right of replay on players thereof or payment in lieu thereof, which does not contain any mechanism which varies the chance of winning free games or the number of free games which may be won, or have a mechanism or a chute for dispensing coins or a facsimile thereof, which prohibits multiple winnings depending upon the number of coins inserted and requires the playing of five balls individually upon the insertion of a nickle or dime, as the case may be, to complete any one operation thereof, shall not be

deemed a gambling device. In addition, any punch boards or pull tabs as authorized and defined in section 11 subsection (2) of this 1971 amendatory act or any device or mechanism utilized in amusement games as defined in subsection (13) of this section shall not be deemed a gambling device hereunder.

(6) "Gambling premises" means any building, room, enclosure, vehicle, vessel or other place used or intended to be used for professional gambling. In the application of this definition, any place where a gambling device is found shall be presumed to be intended to be used for professional gambling.

(7) "Gambling information" means any wager made in the course of and any information intended to be used for professional gambling. In the application of this definition information as to wagers, betting odds and changes in betting odds shall be presumed to be intended for use in professional gambling: PROVIDED, HOWEVER, That this subsection shall not apply to newspapers of general circulation or commercial radio and television stations licensed by the Federal Communications Commission.

(8) "Thing of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise, directly or indirectly, contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

(9) "Gambling record" means any record, receipt, ticket, certificate, token, slip or notation given, made, used or intended to be used in connection with professional gambling.

(10) "Bookmaking" means accepting bets as a business, rather than in a casual or personal fashion, upon the outcome of future contingent events.

(11) "Bingo" means a game in which prizes are awarded on the

basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random and in which no cards are sold except at the time and place of said game, when said game is conducted by a bona fide charitable or nonprofit organization which does not conduct or allow its premises to be used for conducting bingo on more than three occasions per week and which does not conduct bingo in any location which is used for conducting bingo on more than three occasions per week, or if an agricultural fair authorized under chapters 15.76 and 36.37 RCW, which does not conduct bingo on more than twelve consecutive days in any calendar year, no person other than a bona fide member of said organization takes any part in the management or operation of said game, and no person who takes any part in the management or operation of said game takes any part in the management or operation of any game conducted by any other organization or any other branch of the same organization and no part of the proceeds thereof inure to the benefit of any person other than the organization conducting said game.

(12) "Raffle" means a game in which tickets bearing an individual number are sold for not more than one dollar each and in which a prize or prizes are awarded on the basis of a drawing from said tickets by the person or persons conducting the game, when said game is conducted by a bona fide charitable or nonprofit organization, no person other than a bona fide member of said organization takes any part in the management or operation of said game, and no part of the proceeds thereof inure to the benefit of any person other than the organization conducting said game.

(13) "Amusement game" means a game played for entertainment in which:

- (a) The contestant actively participates;
- (b) The outcome depends in a material degree upon the skill of the contestant;
- (c) Only merchandise prizes are awarded;
- (d) The outcome is not in the control of the operator;
- (e) The wagers are placed, the winners are determined, and a distribution of prizes or property is made in the presence of all persons placing wagers at such game; and
- (f) Said game is conducted by a bona fide charitable or nonprofit organization, no person other than a bona fide member of said organization takes any part in the management or operation of said game, including the furnishing of equipment, and no part of the proceeds thereof inure to the benefit of any person other than the organization conducting such game or said game is conducted as part of any agricultural fair as authorized under chapters 15.76 and 36.37 RCW.

(14) "Bona fide charitable or nonprofit organization" means

any organization duly existing under the provisions of chapters 24.12, 24.20 or 24.28 RCW, any agricultural fair authorized under the provisions of chapters 15.76 or 36.37 RCW, or any nonprofit corporation duly existing under the provisions of chapter 24.03 RCW for charitable, benevolent, eleemosynary, educational, civic, patriotic, political, social, fraternal, athletic or agricultural purposes only, which has been organized and is operated primarily for purposes other than the operation of bingo games, raffles, amusement games or social card games, and which receives not more than five thousand dollars or twenty-five percent of its gross receipts, whichever is the greater, in any calendar year from the operation of bingo, raffles, amusement games and social card games, but these limitations on receipts shall not apply to any organization which conducts only one raffle per calendar year, the total gross income from which does not exceed twenty thousand dollars, and which does not conduct bingo games, amusement games or social card games. The fact that contributions to an organization do not qualify for charitable contribution deduction purposes or that the organization is not otherwise exempt from payment of federal income taxes pursuant to the Internal Revenue Code of 1954, as amended, except for any such organization incorporated under the laws of this state for at least twenty-five years, shall constitute prima facie evidence that the organization is not a bona fide charitable or nonprofit organization for the purposes of this section.

(15) "Whoever" and "person" include natural persons, corporations and partnerships and associations of persons; and when any corporate officer, director or stockholder or any partner authorizes, participates in, or knowingly accepts benefits from any violation of this 1971 amendatory act committed by his corporation or partnership, he shall be punishable for such violation as if it had been directly committed by him.

(2) No property right in any gambling device as defined in section 2 of this 1971 amendatory act shall exist or be recognized in any person, except the possessory right of officers enforcing this 1971 amendatory act.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of certain sections and items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...House Bill 291 as originally introduced represented a comprehensive regulatory scheme for all types of gambling activity which distinguished between professional and non-professional gambling in terms of the type of sanction imposed. Professional gambling was penalized through the criminal process while non-professional gambling

would incur civil penalties only.

Establishing this distinction recognizes that certain types of gambling are widespread yet relatively harmless from a law enforcement standpoint and receive little or no condemnation from society. Unfortunately, the bill as presented to me by the legislature muddies this distinction, and in the opinion of numerous law enforcement officials dangerously opens the door to professional gambling in Washington.

The genesis of House Bill 291 was the recognition that bingo games and raffles and amusement games when conducted by non-profit organizations on an occasional basis were properly classified as relatively harmless and non-professional, not deserving criminal sanction but only civil prohibitions coupled with stringent regulation. The constitutionality of this act under Article II, Section 24 of the State Constitution is dependent on maintenance of this classification scheme with its hierarchy of sanctions free from tampering or inclusion of other forms of gambling not properly categorized as non-professional either because they are profit making or because they are easily subjected to abuse.

My action on this bill restores the distinction between professional and profit seeking activities and those which are social, casual and non-professional.

Therefore, I have vetoed those sections and items conceptually inconsistent with these aims -- punchboards, gambling pinballs and cardrooms. I have also vetoed section 26 as I do not believe that the cause of harmless bingo, raffles and amusement games should be tied to the passage of SJR 5.

I have vetoed several other sections of the bill to cure various technical difficulties. Thus, for example, I have vetoed the section dealing with immunity for witnesses in gambling prosecutions at the suggestion of key law enforcement officials, in light of the new grand jury law."

This relief must be granted to insure that thousands of persons now retired on fixed incomes can remain in

possession of their homes, thus not becoming a burden on state or local government.

Sections 13 and 14 of Engrossed House Bill No. 172 remove these references from RCW 84.36.128 and from RCW 84.36.129, respectively, both statutory provisions relating to the present \$50.00 property tax exemption for low income elderly home owners.

Engrossed Substitute House Bill No. 283, which I have signed today, provides for a new system of property tax relief for low income elderly home owners, and repeals, in section 27(2) and (3) these very same provisions which are amended by sections 13 and 14 of Engrossed House Bill No. 172. In order to avoid any inconsistency between the provisions mentioned above, and specifically in order to avoid any uncertainties as to the effect of the repealers contained in Engrossed Substitute House Bill No. 283, I have vetoed sections 13 and 14 of Engrossed House Bill No. 172.

Sections 15 and 16 of Engrossed House Bill No. 172 consist of Senate amendments purporting to continue the "2 mill shift" in the state property tax to be levied for support of the common schools in 1971 and 1972. However, section 15 does not raise the aggregate millage limitation to 22 mills for levies made in these two years. Such a raise in the aggregate limitation is necessary in order to continue

the 2 mill shift and to continue, at the same time, the present levying authority of other taxing districts.

Sections 24 and 25 of Engrossed Substitute Senate Bill No. 897 are identical to sections 15 and 16 of Engrossed House Bill No. 172, with the exception that section 24 of Engrossed Substitute Senate Bill No. 897 does raise the aggregate millage limitation for 1971 and 1972. Relying upon the corresponding provisions of Engrossed Substitute Senate Bill No. 897, which correct the technical deficiency in these provisions of Engrossed House Bill No. 172, accordingly I have vetoed sections 15 and 16 of Engrossed House Bill No. 172.

With the exception of the four items discussed above, Engrossed House Bill No. 172 is approved."

Passed the Senate May 9, 1971.

Approved by the Governor May 21, 1971 with the exception of one item which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...I am vetoing the proviso to section 2 of this bill which would require the consent of an intermediate school district prior to its elimination through consolidation by action of the State Board of Education. The intermediate school district concept is new with the adoption of the common School Code and the State Board of Education should have the power to adjust and vary school boundaries to maximize the effectiveness of our secondary school system. The proviso would hinder this needed flexibility and would detract from the ability of the State Board of Education to make necessary organizational changes as the districts gain experience through operating under the new law."

Sec. 15. Section 1, chapter 90, Laws of 1969 and RCW

Nothing in this section shall be construed to mean that vessels not generally engaged in charter boat fishing, and under private lease or charter being operated by the lessee for the lessee's personal recreational enjoyment shall be included under the provisions of this section.

-V NEW SECTION. Sec. 16. The provisions of section 11 of this 1971 amendatory act are necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately. The provisions of sections 1 to 10 inclusive of this 1971 amendatory act shall take effect on January 1, 1972.

Passed the House May 8, 1971.

Passed the Senate May 6, 1971.

Approved by the Governor May 21, 1971 with the exception of an item and a section which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Certain sections of HB 687 are in conflict with ^{Veto} the provision of SHB 152, the capital appropriation act, and ^{Message} should be vetoed in order for the Department of Fisheries to

carry out their capital development program.

Veto
Message

This act provides for increases in all commercial fishing license fees. These funds would normally go to the General Fund from which the Department's operating and capital appropriations are made. However, Section 11 of this act provides for creation of a Department of Fisheries Building Account into which fifty percent of the total license revenue is to be deposited to be used for capital outlays by the Department for salmon propagation facilities. There are no appropriations made from the newly created account and while revenues would be deposited to the account, they could not be used for the purposes for which the account was created.

Further, creation of the account would negate the capital appropriation made to the Department in SHB 152. The capital appropriation in SHB 152 is made from the General Fund and contains a proviso to the effect that the major portion of it is available only to the extent increased revenues are generated to offset the amount.

Because HB 687 would require that fifty percent of all license revenue be deposited to the new account, there would be no increased amount to the General Fund to offset the appropriation; in fact, there would be a reduction. The total effect would be that the Department's capital program would be reduced by not only the \$665,000 tied to the proviso but also by \$637,000 of Federal matching funds which would be lost because of the lack of state matching. Under these circumstances, there would be no expansion of the Department's production facilities during the 1971-73 biennium.

I have vetoed section 11 and an item in section 16 of the bill to cure this defect. The veto of this item in section 16 serves a dual purpose. It will allow the immediate implementation of section 13 of the bill by the Department of Fisheries in its effort to manage properly what appears to be a massive migration of Sockeye Salmon into lower Puget Sound early this summer.

With these exceptions, the remainder of EHB 687 is approved."

NEW SECTION. Sec. 2. There is added to Title 46 RCW a new chapter to read as set forth in sections 3 through 16 of this 1971 amendatory act.

NEW SECTION. Sec. 3. It is hereby declared to be the policy of the state of Washington:

(1) To provide maximum safety for all persons who travel or otherwise use the public highways of this state; and

(2) To deny the privilege of operating motor vehicles on such highways to persons who by their conduct and record have demonstrated their indifference for the safety and welfare of others and their disrespect for the laws of the state, the orders of her courts and the statutorily required acts of her administrative agencies; and

(3) To discourage repetition of criminal acts by individuals against the peace and dignity of the state and her political subdivisions and to impose increased and added deprivation of the privilege to operate motor vehicles upon habitual offenders who have been convicted repeatedly of violations of traffic laws.

NEW SECTION. Sec. 4. As used in this chapter, unless a different meaning is plainly required by the context, an habitual offender shall mean any person, resident or nonresident, who has accumulated convictions or, if a minor, shall have violations recorded with the department of motor vehicles, or forfeited bail for separate and distinct offenses as described in either subsection (1) or (2) below committed within a five year period, as evidenced by the records maintained in the department of motor vehicles: PROVIDED, That where more than one described offense shall be committed within a six-hour period such multiple offenses shall, on the first such occasion, be treated as one offense for the purposes of this chapter:

(1) Three or more convictions, singularly or in combination,

of the following offenses:

- (a) Negligent homicide as defined in RCW 46.61.520; or
- (b) Driving or operating a motor vehicle while under the influence of intoxicants or drugs; or
- (c) Driving a motor vehicle while his license, permit, or privilege to drive has been suspended or revoked; or
- (d) Failure of the driver of any vehicle involved in an accident resulting in the injury or death of any person to immediately stop such vehicle at the scene of such accident or as close thereto as possible and to forthwith return to and in every event remain at, the scene of such accident until he has fulfilled the requirements of RCW 46.52.020.

(2) Twenty or more convictions or bail forfeitures for separate and distinct offenses, singularly or in combination, in the operation of a motor vehicle which are required to be reported to the department of motor vehicles. Such convictions or bail forfeitures shall include those for offenses enumerated in subsection (1) above when taken with and added to those offenses described herein but shall not include convictions or forfeitures for any nonmoving violation.

The offenses included in subsections (1) and (2) hereof shall be deemed to include offenses under any valid town, city, or county ordinance substantially conforming to the provisions cited in said subsections (1) and (2) or amendments thereto, and any federal law, or any law of another state, including subdivisions thereof, substantially conforming to the aforesaid state statutory provisions.

NEW SECTION. Sec. 5. The director of the department of motor vehicles shall certify three transcripts or abstracts of the conviction record as maintained by the department of motor vehicles of any person whose record brings him within the definition of an habitual offender, as defined in section 4 of this chapter, to the prosecuting attorney of the county in which such person resides according to the records of the department or to the attorney general of the state of Washington if such person is not a resident of this state. Such transcript or abstract may be admitted as evidence and shall be prima facie evidence that the person named therein was duly convicted by the court wherein such conviction or holding was made of each offense shown by such transcript or abstract; and if such person shall deny any of the facts as stated therein, he shall have the burden of proving that such fact is untrue.

NEW SECTION. Sec. 6. The prosecuting attorney upon receiving the aforesaid transcripts or abstracts from the director shall forthwith file a complaint against the person named therein as being an habitual offender in the superior court in the political subdivision in which such person resides. In the event such person

is a nonresident of this state, the attorney general of the state of Washington shall file such complaint against the accused person in Thurston county superior court.

NEW SECTION. Sec. 7. The court in which such complaint is filed shall enter an order, which incorporates the aforesaid transcript or abstract and is directed to the person named therein, to show cause why he should not be barred as an habitual offender from operating a motor vehicle on the highways of this state. A copy of the show cause order and such transcript or abstract shall be served on the person named therein in the manner prescribed by law for the service of process under chapter 4.28 RCW. Service thereof on any nonresident of the state may be made by the director of the department of motor vehicles in the same manner as service of process on a nonresident motor vehicle operator under the provisions of RCW 46.64.040.

NEW SECTION. Sec. 8. If the court finds that such person is not the same person named in the aforesaid transcript or abstract or that he is not an habitual offender under this chapter, the proceeding shall be dismissed but if the court finds that such person is the same person named in the aforesaid transcript or abstract and that such person is an habitual offender, the court shall so find and by appropriate order direct such person not to operate a motor vehicle on the highways of the state of Washington and to surrender to the court all licenses or permits to operate a motor vehicle on the highways of this state for disposal. The clerk of the court shall file with the department of motor vehicles a copy of such order which shall become a part of the permanent records of the department. Upon receipt of the court order finding such person to be an habitual offender the department of motor vehicles shall revoke the operator's license for a period of five years.

NEW SECTION. Sec. 9. No license to operate motor vehicles in Washington shall be issued to an habitual offender (1) for a period of five years from the date of the order of the court finding such person to be an habitual offender, and (2) until the privilege of such person to operate a motor vehicle in this state has been restored by the department of motor vehicles as hereinafter in this chapter provided.

NEW SECTION. Sec. 10. At the end of two years, the habitual offender may petition the department of motor vehicles for the return of his operator's license and upon good and sufficient showing, the department of motor vehicles may, wholly or conditionally, reinstate the privilege of such person to operate a motor vehicle in this state.

NEW SECTION. Sec. 11. It shall be unlawful for any person to operate a motor vehicle in this state while the order of revocation

remains in effect. Any person found to be an habitual offender under the provisions of this chapter who is thereafter convicted of operating a motor vehicle in this state while the order of the court prohibiting such operation is in effect shall be guilty of a gross misdemeanor, the punishment for which shall be confinement in the county jail for not more than one year.

For the purpose of enforcing this section, in any case in which the accused is charged with driving a motor vehicle while his license, permit, or privilege to drive is suspended or revoked or is charged with driving without a license, the court before hearing such charge shall determine whether such person has been adjudged an habitual offender and by reason of such judgment is barred from operating a motor vehicle on the highways of this state. If the court determines the accused has been so adjudged it shall transfer the case to the court of record making such determination for trial.

NEW SECTION. Sec. 12. At the expiration of five years from the date of any final order finding a person to be an habitual offender and directing him not to operate a motor vehicle in this state, such person may petition the department of motor vehicles for restoration of his privilege to operate a motor vehicle in this state. Upon receipt of such petition, and for good cause shown, the department of motor vehicles shall restore to such person the privilege to operate a motor vehicle in this state upon such terms and conditions as the department of motor vehicles may prescribe, subject to the provisions of chapter 46.29 RCW and such other provisions of law relating to the issuance or revocation of operators' licenses.

NEW SECTION. Sec. 13. An appeal may be had from any final action or order of a court of record entered under the provisions of this chapter in the same manner and form as such an appeal would be noted, perfected, and tried in any criminal case.

NEW SECTION. Sec. 14. Nothing in this chapter shall be construed as amending, modifying, or repealing any existing law of Washington or any existing ordinance of any political subdivision relating to the operation or licensing of motor vehicles, the licensing of persons to operate motor vehicles or providing penalties for the violation thereof or shall be construed so as to preclude the exercise of regulatory powers of any division, agency, department, or political subdivision of the state having the statutory power to regulate such operation and licensing.

NEW SECTION. Sec. 15. There is added to chapter 12, Laws of 1961 and to chapter 46.20 RCW a new section to read as follows:

(1) A person is eligible to petition for an occupational driver's license if he has been convicted of an offense relating to motor vehicles, other than negligent homicide or manslaughter, for

which suspension or revocation of his driver's license is mandatory, including suspensions or revocations pursuant to RCW 46.20.308: PROVIDED, That notwithstanding the provisions of RCW 46.20.270 as now or hereafter amended, if such person declares at the time of conviction his intent to so petition, the court may stay the effect of such mandatory suspension or revocation for a period not to exceed thirty days to allow the making of such petition.

(2) A petitioner for an occupational driver's license is eligible to receive such license only if:

(a) Within three years immediately preceding the present conviction he has not been convicted of any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory or has not had his driver's license suspended or revoked pursuant to RCW 46.20.308; and

(b) He is engaged in an occupation or trade which makes it essential that he operate a motor vehicle; and

(c) He files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) A petitioner for an occupational driver's license must file a verified petition on a form provided by the director, who shall issue such form upon receipt of the prescribed fee if petitioner is eligible under the requirements of subsections (1) and (2) (a) and (2) (c) above. Petitioner must set forth in detail in such petition his need for operating a motor vehicle and may file such petition with any judge in a court of record, justice court or municipal court having criminal jurisdiction in the county of the petitioner's residence.

If such petitioner is qualified under the provisions of subsection (2) (b) above, and if the judge to whom petition was made believes such petition should be granted, such judge may order the director to issue an occupational driver's license to such petitioner: PROVIDED, That an occupational driver's license may be issued for a period of not more than one year, and shall permit the operation of a motor vehicle not to exceed twelve hours per day and then only when such operation is essential to the licensee's occupation or trade: PROVIDED FURTHER, That such order shall be on a form provided by the director, and shall contain definite restrictions as to hours of the day, days of the week, type of occupation, and areas or routes of travel to be permitted under such license and such other conditions as the judge granting the same deems appropriate.

A copy of the order and of the petition shall be sent to the director by the court. The order shall be given to the petitioner and shall serve as his occupational license until the petitioner receives the license issued by the director: PROVIDED, That the director

V shall not be required to issue such license if the petitioner's mandatory suspension or revocation is for sixty days or less.

(4) If the convicting judge granted a stay of effect as provided in subsection (1) above, then at the time the judge to whom petition was made issues the order he shall collect the petitioner's driver's license in the same manner as is specified in RCW 46.20.270 as now or hereafter amended, and at such time also the conviction shall take full effect.

(5) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense which pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. Such cancellation shall be effective as of the date of such conviction, and shall continue with the same force and effect as any suspension or revocation under this title.

NEW SECTION. Sec. 16. Section 46.20.390, chapter 12, Laws of 1961, section 32, chapter 32, Laws of 1967, and RCW 46.20.390 are each repealed.

NEW SECTION. Sec. 17. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 18. This chapter shall be known and may be cited as the "Washington Habitual Traffic Offenders Act".

Passed the House May 9, 1971.

Passed the Senate May 8, 1971.

Approved by the Governor May 21, 1971 with the exception of Section 15 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Section 15 of the bill permits a driver whose license has been suspended or revoked for offenses involving the use of a motor vehicle to be eligible to receive an occupational driver's license. By its terms persons whose license has been suspended or revoked by the operation of Washington's Implied Consent law may again obtain the privilege of driving on the highways of our state. RCW 46.20.308 was adopted by an overwhelming vote of the people only a short time ago. I believe that this serious erosion of the people's determination is unwarranted and unwise. I have therefore vetoed this section of the bill.

For the purposes of Title 28A RCW:

(2) The term "occupational exploration" shall include prevocational education. The term "occupational exploration" shall mean a series of educational experiences designed to (a) assist individuals in developing their understanding of, appreciation for, aptitudes for, and abilities in recognized occupations; (b) develop an attitude of respect toward work and pride in workmanship; and (c) provide knowledge and experience to assist in the choice of an occupational program.

(3) The terms "industrial arts" and "practical arts" shall mean general education centered around the industrial and technical aspects of current living, offering orientation in and appreciation for production, consumption, and recreation through actual experiences with materials and goods and also providing exploratory experiences which are helpful in the choice of a vocation.

Passed the House May 8, 1971.

Passed the Senate May 5, 1971.

Approved by the Governor May 21, 1971 with the exception of one section which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...I have vetoed section 2 of this bill. Under present law, school directors of districts within each congressional district cast votes to elect members of the State Board of Education which are weighted to reflect the enrollment of the various districts. This section substitutes for that procedure a new system which is weighted in favor of the smaller districts within the congressional boundaries. I believe this system fails to take into account the concept of proportional representation and would seriously weaken the integrity of the State Board of Education as a representative governing body. Its effect is to violate the spirit of the "one man one vote" doctrine which has become an integral part of our law.

Veto
Message

I approve of the remainder of this bill."

CHAPTER 286

[Engrossed Substitute House Bill No. 584]

SHORELINE MANAGEMENT ACT OF 1971

AN ACT Relating to shoreline areas; adding new sections to Title 90 RCW as a new chapter therein; defining crimes; prescribing penalties; making an appropriation; authorizing an alternative to Initiative 43; and declaring an effective date and an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. This chapter shall be known and may be cited as the "Shoreline Management Act of 1971".

NEW SECTION. Sec. 2. The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefore, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for shorelines of state-wide significance, and local government, in developing master programs for shorelines of state-wide significance, shall give preference to uses in the following order of preference which:

- (1) Recognize and protect the state-wide interest over local interest;
- (2) Preserve the natural character of the shoreline;
- (3) Result in long term over short term benefit;
- (4) Protect the resources and ecology of the shoreline;
- (5) Increase public access to publicly owned areas of the shorelines;
- (6) Increase recreational opportunities for the public in the shoreline;
- (7) Provide for any other element as defined in section 11 *[10] of this 1971 act deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single family residences, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline area and any interference with the public's use of the water.

NEW SECTION. Sec. 3. As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

- (1) Administration:
 - (a) "Department" means the department of ecology;
 - (b) "Director" means the director of the department of

ecology;

(c) "Local government" means any county, incorporated city, or town which contains within its boundaries any lands or waters subject

V to this chapter: PROVIDED, That lands under the jurisdiction of the department of natural resources shall be subject to the provisions of this chapter and as to such lands the department of natural resources shall have the same powers, duties, and obligations as local government has as to other lands covered by the provisions of this chapter:

(d) "Person" means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state or local governmental unit however designated;

(e) "Hearing board" means the shoreline hearings board established by this chapter.

(2) Geographical:

(a) "Extreme low tide" means the lowest line on the land reached by a receding tide;

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on the effective date of this chapter or as it may naturally change thereafter: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining saltwater shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated wetlands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of state-wide significance" means the following shorelines of the state:

(A) Nisqually Delta -- from DeWolf Bight to Tatsolo Point,

(B) Birch Bay -- from Point Whitehorn to Birch Point,

(C) Hood Canal -- from Tala Point to Foulweather Bluff,

(D) Skagit Bay and adjacent area -- from Brown Point to Yokeko Point, and

(E) Padilla Bay -- from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those wetlands associated with (i), (ii), (iv), and (v) of this subsection (2) (e);

(f) "Wetlands" or "wetland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; and all marshes, bogs, swamps, floodways, river deltas, and flood plains associated with the streams, lakes and tidal waters which are subject to the provisions of this act; the same to be designated as to location by the department of ecology.

(3) Procedural terms:

(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts or other descriptive material and text, a statement of desired goals and standards developed in accordance with the

policies enunciated in section 2 of this 1971 act;

(c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;

(d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds one thousand dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state; except that the following shall not be considered substantial developments for the purpose of this chapter:

(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire or elements;

(ii) Construction of the normal protective bulkhead common to single family residences;

(iii) Emergency construction necessary to protect property from damage by the elements;

(iv) Construction of a barn or similar agricultural structure on wetlands;

NEW SECTION. Sec. 4. The shoreline management program of this chapter shall apply to the shorelines of the state as defined in this act.

NEW SECTION. Sec. 5. This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating and administering the regulatory program of this chapter. The department shall act primarily in a supportive and review capacity with primary emphasis on insuring compliance with the policy and provisions of this chapter.

NEW SECTION. Sec. 6. (1) Within one hundred twenty days from the effective date of this chapter, the department shall submit to

all local governments proposed guidelines consistent with section 2 of this 1971 act for:

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Within sixty days from receipt of such proposed guidelines, local governments shall submit to the department in writing proposed changes, if any, and comments upon the proposed guidelines.

(3) Thereafter and within one hundred twenty days from the submission of such proposed guidelines to local governments, the department, after review and consideration of the comments and suggestions submitted to it, shall resubmit final proposed guidelines.

(4) Within sixty days thereafter public hearings shall be held by the department in Olympia and Spokane, at which interested public and private parties shall have the opportunity to present statements and views on the proposed guidelines. Notice of such hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state.

(5) Within ninety days following such public hearings, the department at a public hearing to be held in Olympia shall adopt guidelines.

NEW SECTION. Sec. 7. (1) Local governments are directed with regard to shorelines of the state in their various jurisdictions to submit to the director of the department, within six months from the effective date of this chapter, letters stating that they propose to complete an inventory and develop master programs for these shorelines as provided for in section 8 of this 1971 act.

NEW SECTION. Sec. 8. Local governments are directed with regard to shorelines of the state within their various jurisdictions as follows:

(1) To complete within eighteen months after the effective date of this chapter, a comprehensive inventory of such shorelines. Such inventory shall include but not be limited to the general ownership patterns of the lands located therein in terms of public

and private ownership, a survey of the general natural characteristics thereof, present uses conducted therein and initial projected uses thereof;

(2) To develop, within eighteen months after the adoption of guidelines as provided in section 6 of this 1971 act, a master program for regulation of uses of the shorelines of the state consistent with the guidelines adopted.

NEW SECTION. Sec. 9. Master programs or segments thereof shall become effective when adopted or approved by the department as appropriate. Within the time period provided in section 8 of this 1971 act, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(1) As to those segments of the master program relating to shorelines, they shall be approved by the department unless it determines that the submitted segments are not consistent with the policy of section 2 of this 1971 act and the applicable guidelines. If approval is denied, the department shall state within ninety days from the date of submission in detail the precise facts upon which that decision is based, and shall submit to the local government suggested modifications to the program to make it consistent with said policy and guidelines. The local government shall have ninety days after it receives recommendations from the department to make modifications designed to eliminate the inconsistencies and to resubmit the program to the department for approval. Any resubmitted program shall take effect when and in such form and content as is approved by the department.

(2) As to those segments of the master program relating to shorelines of state-wide significance the department shall have full authority following review and evaluation of the submission by local government to develop and adopt an alternative to the local government's proposal if in the department's opinion the program submitted does not provide the optimum implementation of the policy of this chapter to satisfy the state-wide interest. If the submission by local government is not approved, the department shall suggest modifications to the local government within ninety days from receipt of the submission. The local government shall have ninety days after it receives said modifications to consider the same and resubmit a master program to the department. Thereafter, the department shall adopt the resubmitted program or, if the department determines that said program does not provide for optimum implementation, it may develop and adopt an alternative as hereinbefore provided.

(3) In the event a local government has not complied with the

requirements of section 7 of this 1971 act it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

NEW SECTION. Sec. 10. (1) The master programs provided for in this chapter, when adopted and approved by the department, as appropriate, shall constitute use regulations for the various shorelines of the state. In preparing the master programs, and any amendments thereto, the department and local governments shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

(f) Employ, when feasible, all appropriate, modern scientific data processing and computer techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, transportation facilities, port facilities, tourist facilities, commerce and other developments that are particularly dependent on their location on or use of the shorelines of the state;

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares,

transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) A use element which considers the proposed general distribution and general location and extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources, recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(g) An historic, cultural, scientific, and educational element for the protection and restoration of buildings, sites, and areas having historic, cultural, scientific, or educational values; and

(h) Any other element deemed appropriate or necessary to effectuate the policy of this act.

(3) The master programs shall include such map or maps, descriptive text, diagrams and charts, or other descriptive material as are necessary to provide for ease of understanding.

(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in section 2 of this Chapter. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in section 14(3) of this chapter.

NEW SECTION. Sec. 11. (1) Whenever it shall appear to the director that a master program should be developed for a region of the shorelines of the state which includes lands and waters located in two or more adjacent local government jurisdictions, the director shall designate such region and notify the appropriate units of local government thereof. It shall be the duty of the notified units to develop cooperatively an inventory and master program in accordance with and within the time provided in section 8 of this 1971 act.

(2) At the discretion of the department, a local government master program may be adopted in segments applicable to particular

areas so that immediate attention may be given to those areas of the shorelines of the state in most need of a use regulation.

NEW SECTION. Sec. 12. All rules and regulations, master programs, designations and guidelines, shall be adopted or approved in accordance with the provisions of RCW 34.04.025 insofar as such provisions are not inconsistent with the provisions of this chapter. In addition:

(1) Prior to the approval or adoption by the department of a master program, or portion thereof, at least one public hearing shall be held in each county affected by a program or portion thereof for the purpose of obtaining the views and comments of the public. Notice of each such hearing shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in the county in which the hearing is to be held.

(2) All guidelines, regulations, designations or master programs adopted or approved under this chapter shall be available for public inspection at the office of the department or the appropriate county auditor and city clerk. The terms "adopt" and "approve" for purposes of this section, shall include modifications and rescission of guidelines.

NEW SECTION. Sec. 13. To insure that all persons and entities having an interest in the guidelines and master programs developed under this chapter are provided with a full opportunity for involvement in both their development and implementation, the department and local governments shall:

(1) Make reasonable efforts to inform the people of the state about the shoreline management program of this chapter and in the performance of the responsibilities provided in this chapter, shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in shoreline management programs of this chapter; and

(2) Invite and encourage participation by all agencies of federal, state, and local government, including municipal and public corporations, having interests or responsibilities relating to the shorelines of the state. State and local agencies are directed to participate fully to insure that their interests are fully considered by the department and local governments.

NEW SECTION. Sec. 14. (1) No development shall be undertaken on the shorelines of the state except those which are consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, regulations or master program.

(2) No substantial development shall be undertaken on shorelines of the state without first obtaining a permit from the

government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From the effective date of this chapter until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of section 2 of this 1971 act; and (ii) after their adoption, the guidelines and regulations of the department; and (iii) so far as can be ascertained, the master program being developed for the area. In the event the department is of the opinion that any permit granted under this subsection is inconsistent with the policy declared in section 2 of this 1971 act or is otherwise not authorized by this section, the department may appeal the issuance of such permit within thirty days to the hearings board upon written notice to the local government and the permittee;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and the policy of section 2 of this 1971 act.

(3) Local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. Any such system shall include a requirement that all applications and permits shall be subject to the same public notice procedures as provided for applications for waste disposal permits for new operations under RCW 90.48.170. The administration of the system so established shall be performed exclusively by local government.

(4) Such system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until forty-five days from the date of final approval by the local government or until all review proceedings are terminated if such proceedings were initiated within forty-five days from the date of final approval by the local government.

(5) Any ruling on an application for a permit under authority of this section, whether it be an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general.

(6) Applicants for permits under this section shall have the burden of proving that a proposed substantial development is consistent with the criteria which must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in section 16(1) of this chapter, the person requesting the review shall have the burden of proof.

(7) Any permit may be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a

permit. In the event the department is of the opinion that such noncompliance exists, the department may appeal within thirty days to the hearings board for a rescission of such permit upon written notice to the local government and the permittee.

(8) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(9) No permit shall be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government prior to April 1, 1971, if:

(a) The final plat was approved after April 13, 1961, or the preliminary plat was approved after April 30, 1969, or

(b) Sales of lots to purchasers with reference to the plat, or substantial development incident to platting or required by the plat, occurred prior to April 1, 1971, and

(c) The development to be made without a permit meets all requirements of the applicable state agency or local government, other than requirements imposed pursuant to this chapter, and

(d) The development does not involve construction of buildings, or involves construction on wetlands of buildings to serve only as community social or recreational facilities for the use of owners of platted lots and the buildings do not exceed a height of thirty-five feet above average grade level, and

(e) The development is completed within two years after the effective date of this chapter.

(10) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a preliminary plat approved after April 30, 1969, and prior to April 1, 1971: PROVIDED, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (9) of this section, or does not require a permit because of substantial development occurred prior to the effective date of this chapter.

(11) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

NEW SECTION. Sec. 15. With respect to timber situated within two hundred feet abutting landward of the ordinary high water mark within shorelines of state-wide significance, the department or local government shall allow only selective commercial timber cutting, so that no more than thirty percent of the merchantable trees may be harvested in any ten year period of time: PROVIDED, That other timber harvesting methods may be permitted in those limited instances

where the topography, soil conditions or silviculture practices necessary for regeneration render selective logging ecologically detrimental: PROVIDED FURTHER, That clear cutting of timber which is solely incidental to the preparation of land for other uses authorized by this chapter may be permitted.

NEW SECTION. Sec. 16. Surface drilling for oil or gas is prohibited in the waters of Puget Sound north to the Canadian boundary and the Strait of Juan de Fuca seaward from the ordinary high water mark and on all lands within one thousand feet landward from said mark.

NEW SECTION. Sec. 17. A shorelines hearings board sitting as a quasi judicial body is hereby established which shall be made up of six members: Three members shall be members of the pollution control hearings board; two members, one appointed by the association of Washington cities and one appointed by the association of county commissioners, both to serve at the pleasure of the associations; and the state land commissioner or his designee. The chairman of the pollution control hearings board shall be the chairman of the shorelines hearings board. A decision must be agreed to by at least four members of the board to be final. The pollution control hearings board shall provide the shorelines appeals board such administrative and clerical assistance as the latter may require. The members of the shoreline appeals board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and RCW 43.03.060.

NEW SECTION. Sec. 18. (1) Any person aggrieved by the granting or denying of a permit on shorelines of the state, or rescinding a permit pursuant to section 15 of this chapter may seek review from the shorelines hearings board by filing a request for the same within thirty days of receipt of the final order. Concurrently with the filing of any request for review with the board as provided in this section pertaining to a final order of a local government, the requestor shall file a copy of his request with the department and the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor: PROVIDED, That the failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within forty-five days from the date of the filing of said

copies by the requestor.

(2) The department or the attorney general may obtain review of any final order granting a permit, or granting or denying an application for a permit issued by a local government by filing a written request with the shorelines appeals board and the appropriate local government within forty-five days from the date the final order was filed as provided in subsection (5) of section 14 of this 1971 act.

(3) The review proceedings authorized in section 18(1) and (2) of this 1971 act are subject to the provisions of chapter 34.04 RCW pertaining to procedures in contested cases. The provisions of chapter 43.21B RCW and the regulations adopted pursuant thereto by the pollution control hearings board, insofar as they are not inconsistent with chapter 34.04 RCW, relating to the procedures for the conduct of hearings and judicial review thereof, shall be applicable to all requests for review as provided for in section 18(1) and (2) of this 1971 act.

(4) Local government may appeal to the shorelines hearing board any rules, regulations, guidelines, designations or master programs for shorelines of the state adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(a) In an appeal relating to a master program for shorelines, the board, after full consideration of the positions of the local government and the department, shall determine the validity of the master program. If the board determines that said program:

(i) is clearly erroneous in light of the policy of this chapter; or

(ii) constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(iii) is arbitrary and capricious; or

(iv) was developed without fully considering and evaluating all proposed master programs submitted to the department by the local government; or

(v) was not adopted in accordance with required procedures; the board shall enter a final decision declaring the program invalid, remanding the master program to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government, a new master program. Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the master program to be valid and enter a final decision to that effect.

(b) In an appeal relating to a master program for shorelines

of state-wide significance the board shall approve the master program adopted by the department unless a local government shall, by clear and convincing evidence and argument, persuade the board that the master program approved by the department is inconsistent with the policy of section 2 of this chapter and the applicable guidelines.

(c) In an appeal relating to rules, regulations, guidelines, master programs of state-wide significance and designations, the standard of review provided in RCW 34.04.070 shall apply.

(5) Rules, regulations, designations, master programs and guidelines shall be subject to review in superior court, if authorized pursuant to RCW 34.04.070: PROVIDED, That no review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection (4) of this section and the petition for court review is filed within three months after the date of final decision by the shorelines hearing board.

NEW SECTION. Sec. 19. The department and each local government shall periodically review any master programs under its jurisdiction and make such adjustments thereto as are necessary. Each local government shall submit any proposed adjustments, to the department as soon as they are completed. No such adjustment shall become effective until it has been approved by the department.

NEW SECTION. Sec. 20. The department and local governments are authorized to adopt such rules as are necessary and appropriate to carry out the provisions of this chapter.

NEW SECTION. Sec. 21. The attorney general or the attorney for the local government shall bring such injunctive, declaratory, or other actions as are necessary to insure that no uses are made of the shorelines of the state in conflict with the provisions and programs of this chapter, and to otherwise enforce the provisions of this chapter.

NEW SECTION. Sec. 22. In addition to incurring civil liability under section 21 of this 1971 act, any person found to have wilfully engaged in activities on the shorelines of the state in violation of the provisions of this chapter or any of the master programs, rules, or regulations adopted pursuant thereto shall be guilty of a gross misdemeanor, and shall be punished by a fine of not less than twenty-five nor more than one thousand dollars or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment: PROVIDED, That the fine for the third and all subsequent violations in any five-year period shall be not less than five hundred nor more than ten thousand dollars.

NEW SECTION. Sec. 23. Any person subject to the regulatory program of this chapter who violates any provision of this chapter or permit issued pursuant thereto shall be liable for all damage to

public or private property arising from such violation, including the cost of restoring the affected area to its condition prior to violation. The attorney general or local government attorney shall bring suit for damages under this section on behalf of the state or local governments. Private persons shall have the right to bring suit for damages under this section on their own behalf and on the behalf of all persons similarly situated. If liability has been established for the cost of restoring an area affected by a violation the court shall make provision to assure that restoration will be accomplished within a reasonable time at the expense of the violator. In addition to such relief, including money damages, the court in its discretion may award attorney's fees and costs of the suit to the prevailing party.

NEW SECTION. Sec. 24. In addition to any other powers granted hereunder, the department and local governments may:

(1) Acquire lands and easements within shorelines of the state by purchase, lease, gift, or eminent domain, either alone or in concert with other governmental entities, when necessary to achieve implementation of master programs adopted hereunder;

(2) Accept grants, contributions, and appropriations from any agency, public or private, or individual for the purposes of this chapter;

(3) Appoint advisory committees to assist in carrying out the purposes of this chapter;

(4) Contract for professional or technical services required by it which cannot be performed by its employees.

NEW SECTION. Sec. 25. The department is directed to cooperate fully with local governments in discharging their responsibilities under this chapter. Funds shall be available for distribution to local governments on the basis of applications for preparation of master programs. Such applications shall be submitted in accordance with regulations developed by the department. The department is authorized to make and administer grants within appropriations authorized by the legislature to any local government within the state for the purpose of developing a master shorelines program.

No grant shall be made in an amount in excess of the recipient's contribution to the estimated cost of such program.

NEW SECTION. Sec. 26. The state, through the department of ecology and the attorney general, shall represent its interest before water resource regulation management, development, and use agencies of the United States, including among others, the federal power commission, environmental protection agency, corps of engineers, department of the interior, department of agriculture and the atomic energy commission, before interstate agencies and the courts with

regard to activities or uses of shorelines of the state and the program of this chapter. Where federal or interstate agency plans, activities, or procedures conflict with state policies, all reasonable steps available shall be taken by the state to preserve the integrity of its policies.

NEW SECTION. Sec. 27. (1) Nothing in this statute shall constitute authority for requiring or ordering the removal of any structures, improvements, docks, fills, or developments placed in navigable waters prior to December 4, 1969, and the consent and authorization of the state of Washington to the impairment of public rights of navigation, and corollary rights incidental thereto, caused by the retention and maintenance of said structures, improvements, docks, fills or developments are hereby granted: PROVIDED, That the consent herein given shall not relate to any structures, improvements, docks, fills, or developments placed on tidelands, shorelands, or beds underlying said waters which are in trespass or in violation of state statutes.

(2) Nothing in this section shall be construed as altering or abridging any private right of action, other than a private right which is based upon the impairment of public rights consented to in subsection (1) hereof.

(3) Nothing in this section shall be construed as altering or abridging the authority of the state or local governments to suppress or abate nuisances or to abate pollution.

(4) Subsection (1) of this section shall apply to any case pending in the courts of this state on the effective date of this chapter relating to the removal of structures, improvements, docks, fills, or developments based on the impairment of public navigational rights.

NEW SECTION. Sec. 28. The provisions of this chapter shall be applicable to all agencies of state government, counties, and public and municipal corporations and to all shorelines of the state owned or administered by them.

NEW SECTION. Sec. 29. The restrictions imposed by this act shall be considered by the county assessor in establishing the fair market value of the property.

NEW SECTION. Sec. 30. The department of ecology is designated the state agency responsible for the program of regulation of the shorelines of the state, including coastal shorelines and the shorelines of the inner tidal waters of the state, and is authorized to cooperate with the federal government and sister states and to receive benefits of any statutes of the United States whenever enacted which relate to the programs of this chapter.

NEW SECTION. Sec. 31. Additional shorelines of the state shall be designated shorelines of state-wide significance only by

affirmative action of the legislature.

The director of the department may, however, from time to time, recommend to the legislature areas of the shorelines of the state which have state-wide significance relating to special economic, ecological, educational, developmental, recreational, or aesthetic values to be designated as shorelines of state-wide significance.

Prior to making any such recommendation the director shall hold a public hearing in the county or counties where the shoreline under consideration is located. It shall be the duty of the county commissioners of each county where such a hearing is conducted to submit their views with regard to a proposed designation to the director at such date as the director determines but in no event shall the date be later than sixty days after the public hearing in the county.

NEW SECTION. Sec. 32. No permit shall be issued pursuant to this chapter for any new or expanded building or structure of more than thirty-five feet above average grade level on shorelines of the state that will obstruct the view of a substantial number of residences on areas adjoining such shorelines except where a master program does not prohibit the same and then only when overriding considerations of the public interest will be served.

NEW SECTION. Sec. 33. The department of ecology, the attorney general, and the harbor line commission are directed as a matter of high priority to undertake jointly a study of the locations, uses and activities, both proposed and existing, relating to the shorelines of the cities, and towns of the state and submit a report which shall include but not be limited to the following:

- (1) Events leading to the establishment of the various harbor lines pertaining to cities of the state;
- (2) The location of all such harbor lines;
- (3) The authority for establishment and criteria used in location of the same;
- (4) Present activities and uses made within harbors and their relationship to harbor lines;
- (5) Legal aspects pertaining to any uncertainty and inconsistency; and
- (6) The relationship of federal, state and local governments to regulation of uses and activities pertaining to the area of study.

The report shall be submitted to the legislature not later than December 1, 1972.

NEW SECTION. Sec. 34. All state agencies, counties, and public and municipal corporations shall review administrative and management policies, regulations, plans, and ordinances relative to lands under their respective jurisdictions adjacent to the shorelines

of the state so as to achieve a use policy on said land consistent with the policy of this chapter, the guidelines, and the master programs for the shorelines of the state. The department may develop recommendations for land use control for such lands. Local governments shall, in developing use regulations for such areas, take into consideration any recommendations developed by the department as well as any other state agencies or units of local government.

NEW SECTION. Sec. 35. Nothing in this chapter shall affect any rights established by treaty to which the United States is a party.

NEW SECTION. Sec. 36. Nothing in this chapter shall obviate any requirement to obtain any permit, certificate, license, or approval from any state agency or local government.

NEW SECTION. Sec. 37. This chapter is exempted from the rule of strict construction, and it shall be liberally construed to give full effect to the objectives and purposes for which it was enacted.

NEW SECTION. Sec. 38. Sections 1 through 37 of this act shall constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 39. To carry out the provisions of this 1971 act there is appropriated to the department from the general fund the sum of five hundred thousand dollars, or so much thereof as necessary.

NEW SECTION. Sec. 40. If any provision of this chapter, or its application to any person or legal entity or circumstances, is held invalid, the remainder of the act, or the application of the provision to other persons or legal entities or circumstances, shall not be affected.

NEW SECTION. Sec. 41. This chapter is necessary for the immediate preservation of the public peace, health and safety, the support of the state government, and its existing institutions. This 1971 act shall take effect on June 1, 1971. The director of ecology is authorized to immediately take such steps as are necessary to insure that this 1971 act is implemented on its effective date.

NEW SECTION. Sec. 42. This 1971 act constitutes an alternative to Initiative 43. The secretary of state is directed to place this 1971 act on the ballot in conjunction with Initiative 43 at the next ensuing regular election.

This 1971 act shall continue in force and effect until the secretary of state certifies the election results on this 1971 act. If affirmatively approved at the ensuing regular general election, the act shall continue in effect thereafter.

Passed the House May 6, 1971.

Passed the Senate May 4, 1971.

Approved by the Governor May 21, 1971 with the exception of an

item in section 3 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Substitute House Bill 584 is one of the most significant pieces of legislation ever passed by the state legislature. It is a clear indication of the commitment of the people of the state, acting through the legislative process to assure the future environmental quality of this state. With the passage of Substitute House Bill 584 and with what I hope will be the approval of the people at the next general election this state will lead the nation in its care and concern for its waterfront areas.

Veto
Message

This bill is the product of extensive legislative hearings, both during the 1970 and 1971 sessions and the interim. It successfully provides for a maximum of input at the local level with appropriate safeguards at the state level to protect the general public interest.

With regard to the general public interest, while the bill should provide for a diversity of participation on the part of local governments in the planning process, the authority at the state level should be confined to a single agency so that a uniform state policy can be developed. Furthermore, as a general principle an agency should not be in the position of both preparing and approving plans for land which it owns or controls.

The proviso in section 3(c) which declares that the Department of Natural Resources "shall have the powers, duties, and obligations as local government has as to other lands covered by the provisions of this chapter" places more than one agency of state government in a policy making position and in effect allows a large land owner both to make and approve its own plans. While I have the highest respect for the Department of Natural Resources and the Commissioner of Public Lands I believe the proviso in section 3(c) is contrary to sound public policy and should be vetoed.

The remainder of Substitute House Bill No. 584 is approved."

CHAPTER 287

[Engrossed House Bill No. 865]

STATE LAND PLANNING COMMISSION CREATED

AN ACT Relating to state government; creating a state land planning commission; limiting the length of existence of such commission; and making an appropriation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The future of the state is largely dependent on the uses that are made of the lands within the state. The legislature finds and declares that the rapid growth and development of the state and the resulting demands on its land resources make new and innovative measures necessary to encourage the timely, orderly, and coordinated use of land in the state; to provide for future growth in the needs of agriculture, forestry, industry, business, residential communities, and recreation; to encourage the wise use of land and other natural resources which are in accordance with their character and adaptability; to conserve and protect soil, air, water, and forest resources; to protect the beauty of the landscape; and to promote the efficient and economical use of public resources. The legislature further finds and declares that future growth of the state should be guided by an effective planning process which should include the formulation of state-wide goals encompassing land use, population growth and distribution, urban expansion, and other relevant physical, social, and economic factors. While recognizing that land usage provides the common denominator which links human environmental systems to each other and to all other ecological relationships, it is the sense of the legislature that many present land use practices do not result from intelligent, fully informed, well-reasoned decisions; that, to the contrary, such practices too often occur on an uncoordinated, haphazard basis which fail to take into consideration either the long term consequences or the long term interests of the general public.

It is the purpose of this act to provide a means of assisting local governments, state agencies, and political subdivisions of the state to work towards the objectives set forth in this section, pending adoption of further legislation, by providing for investigation and evaluation by the state of land use changes which are expected to have a substantial impact and effect beyond the physical boundaries of the governmental jurisdiction in which the proposed land use is located and of providing such information to the local jurisdiction which has authority over the proposed use.

NEW SECTION. Sec. 2. The state land planning commission is hereby established. Such commission shall be composed of fifteen members as follows: Four senators equally divided as to political

parties to be chosen by the president of the senate; four representatives equally divided as to political parties to be chosen by the speaker of the house; and eleven persons to be appointed by the governor from the general public. The governor shall select the chairman of the commission. Vacancies shall be filled in the same manner as the original appointment. Each legislative member shall receive allowances as provided in RCW 44.04.120, and each lay member shall receive necessary expenses and other actual mileage or transportation costs as provided in RCW 43.03.

NEW SECTION. Sec. 3. The commission, by majority vote, shall select appropriate subcommittees, and prescribe rules of procedure for itself and its subcommittees which are not inconsistent with this act. Both the commission and any subcommittee shall be authorized to conduct hearings throughout the state and shall have power to require data from all public officials and agencies concerned with land planning in the state of Washington and other data from such other public officials and agencies as may provide information helpful to the commission in carrying out its functions. In furthering the purposes of this act, the commission shall have authority to select and consult with interested citizen groups. Such groups shall not receive expenses unless otherwise provided for in this act.

NEW SECTION. Sec. 4. The commission may by majority vote, hire and provide compensation for an executive director, and may employ or contract for the services of such employees and technical assistance and may appoint such advisory groups as the commission deems necessary for the proper and efficient performance of its duties. The expenses of the commission shall be paid from such moneys as may be appropriated to carry out the purposes of this act. All expenses incurred by the commission, including salaries and expenses of employees, shall be paid upon voucher forms as provided by the budget director and signed by the chairman of the commission. Vouchers may be drawn upon funds appropriated generally by the legislature for commission expenses or upon any special appropriation which may be provided by the legislature for the expenses of the commission.

NEW SECTION. Sec. 5. The commission shall consider the development of a state-wide land use data bank or alternative system for the assembly of information that will assist in the formulation, evaluation, and updating of intermediate and long-range goals and policies for land use, population growth and distribution, urban expansion, open space, resource preservation and utilization, and other factors which shape state-wide development patterns and significantly influence the quality of the state's environment: PROVIDED, That the commission may consider specific sectors of the state and direct the development of a pilot project for the ultimate

design of a system for assembling information on a state-wide basis.

The development of a state-wide data bank or alternative system may contain any information relevant to the future growth of agriculture, forestry, industry, business, residential communities and recreation; the wise use of land and other natural resources which are in accordance with their character and adaptability; the conservation and protection of the soil, air, water, and forest resources; the protection of the beauty of the landscape; and the promotion of the efficient and economical uses of public resources.

It is intended that a state-wide information pool will be designed to be used by all governmental and private agencies including but not limited to the department of highways, department of commerce and economic development, the planning and community affairs agency, local and regional governmental bodies, public and private utilities, and private enterprise. The commission may consider the cost and feasibility of permitting public and private enterprise to insert data and use the information pool on an allocated cost basis as a tool to evaluate the ranges of alternatives in land and resource planning in the state of Washington.

The commission shall contract with an appropriate consultant to gather such data and assemble such data bank into a readily assessable system, including the computerization thereof for the purpose of developing a pilot project. Any information possessed by state agencies, public officials, and by any political subdivision may be utilized by the consultant as the commission may direct.

NEW SECTION. Sec. 6. The commission shall study: All state planning enabling laws and other state laws concerning planning and land development; laws and proposed legislation of other states in the area of land use control; federal laws and proposed legislation in the area of land use control; land use studies and proposals of other organizations, public or private, concerned with land use control, including the American law institute model land use code and any other matters deemed necessary by the commission to carry out the purposes of this act.

NEW SECTION. Sec. 7. The commission shall present to any extraordinary session of the legislature convened in 1972 its preliminary findings, conclusions and recommendations as a result of its pilot project and report the costs and feasibility of developing a state-wide land use data bank or alternative system for the assembly of information on a state-wide basis.

NEW SECTION. Sec. 8. The commission shall present to the forty-third session of the legislature its recommendations for revisions in present state laws and enabling acts concerning planning and land development; its recommendations of new laws necessary to allow state-wide interests to be considered in future land

development of the state; its recommendations as to the appropriate degree of state involvement in land and resource planning; and its recommendations as to planning criteria and guidelines to be followed by localities in the preparation of local land use plans.

The commission shall also present to the forty-third session of the legislature a model land use code for the state of Washington which is to consolidate, as nearly as may be practicable, the results and findings of the commission's studies and recommendations.

NEW SECTION. Sec. 9. The commission shall be dissolved upon the termination of the forty-third regular session of the legislature, unless said legislature determines otherwise.

NEW SECTION. Sec. 10. To carry out the provisions of this act there is appropriated to the state land planning commission from the general fund for the biennium ending June 30, 1973, the sum of ninety-one thousand dollars: PROVIDED, That federal funds are made available to the state to carry out the provisions of this act.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 19, 1971 with the exception of an item in section 2 which, is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...In its original version HB 865 provided for a fifteen member commission with four legislators and eleven persons to be appointed by the governor from the general public. Amendments to the bill increased the number of legislators to eight, while the number of persons to be appointed by the governor remained at eleven. In increasing the number of legislators, however, the legislature neglected to increase the size of the commission from fifteen to nineteen. I believe the legislature intended to have a committee of nineteen composed of eight legislators and eleven members of the general public. In order to accomplish this purpose, I am vetoing the word "fifteen" and approving the rest of the bill."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 84.40.030, chapter 15, Laws of 1961 as last amended by section 1, chapter 43, Laws of 1971 first ex. sess. and RCW 84.40.030 are each amended to read as follows:

All property shall be assessed fifty percent of its true and fair value in money. ((In determining the true and fair value of real or personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation; nor shall he adopt as a criterion of value the price for which the said property would sell at auction; or at a forced sale; or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself; and at such price as he believes the same to be fairly worth in money at the time such assessment is made. The true cash value of property

shall be that value at which the property would be taken in payment of a just debt from a solvent debtor. In assessing any tract or lot of real property, the value of the land, exclusive of improvements, shall be determined; also, the value of all improvements and structures thereon and the aggregate value of the property, including all structures and other improvements, excluding the value of crops growing on cultivated lands. In valuing any real property on which there is a coal or other mine, or stone or other quarry, the land shall be valued at such price as such land would sell at a fair, voluntary sale for cash; any improvements thereon shall be separately valued and assessed as hereinabove provided; and any personal property connected therewith shall be listed, valued and assessed separately as other personal property is assessed under general law.)

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) (a) Any sales of the property being appraised or similar property with respect to sales made within the past five years, made for cash or adjusted to a cash value by appropriate discounts for sale conditions other than for cash, and less a percentage equal to the average, ordinary and usual direct costs of sale of that type of property, including but not limited to costs of title insurance, legal services, recording fees and taxes levied against such sales that are borne by the seller, and an amount equal to the customary fees payable to a licensed real estate broker for handling such a sale, such percentage to be determined by studies conducted by the department of revenue. Similar sales, for the purpose of this subsection, shall be sales of property in the same general or comparable area that are devoted to or to be devoted to the same use as the majority of the property in the area or the property being valued, whichever value is greater. The appraisal shall take into

consideration political restrictions such as zoning as well as physical and environmental influences. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(b) In addition to sales as defined in subsection (1)(a), consideration may be given to cost, cost less depreciation, reconstruction costs less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (1)(b) shall be the dominant factors in valuation. When provisions of this subsection (1)(b) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(c) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

PROVIDED, That the provisions of this subsection (1) shall be applicable to all values for use in computing property taxes for the assessment year 1972 for taxes payable in 1973 and subsequent years.

V (2) Notwithstanding the provisions of (1)(a), (b) and (c) above, whenever any person has a parcel of real property, said parcel to be determined by including all contiguous real property in the same ownership, the value of which he believes to be less than one hundred thousand dollars, he may establish the value of such property for taxation purposes by unconditionally offering such property for sale for cash through a licensed real estate broker for a period of at least ninety days at ten percent over his own stated value: PROVIDED, That this shall not be his only or sole defense against overvaluation. The ninety day period shall commence to run following publication by the broker of the first advertisement of the offer including the location of the property, which advertisement shall appear in a newspaper of general circulation in the county where the property is situated and at least once each week for four successive weeks. A person electing to proceed under provisions of this subsection shall file a notice of such intent with the assessor prior to July 15 and proof of the sale offering on or before October 15th.

NEW SECTION. Sec. 2. There is added to chapter 15, Laws of 1961 and to chapter 84.40 RCW, a new section to read as follows:

(1) Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation,

it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

(2) In any administrative or judicial proceeding pending upon the effective date of this 1971 amendatory act or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. This paragraph shall not be construed so as to limit in any way the provisions of subsection (1) of this section.

In the event any final court decision holds any action of a county in valuing real property to have been performed illegally or unconstitutionally, the county assessor shall notify all property owners within that county whose property valuation may be affected by the court's decision. The notification required by this section may be by publication in a newspaper of general circulation in the county.

Sec. 3. Section 84.56.020, chapter 15, Laws of 1961 as amended by section 3, chapter 216, Laws of 1969 ex. sess. and RCW 84.56.020 are each amended to read as follows:

The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer as aforesaid on or before the thirtieth day of April in each year, after which date they shall become delinquent, and interest at the rate of five percent per annum on not more than five hundred dollars of delinquent taxes on real property for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of such unpaid taxes and upon unpaid personal property taxes from the date of delinquency until paid: PROVIDED, That when the total amount of tax on any lot, block or tract of real property payable by one person is ten dollars or more, and if one-half of such tax be paid on or before the said thirtieth day of April, then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of five percent per annum on not more than five hundred dollars of delinquent taxes for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of said remainder from the date of delinquency until paid: PROVIDED,

FURTHER, That when the total amount of personal property taxes falling due in any year, payable by one person, is ten dollars or more, and if one-half of such taxes be paid on or before said thirtieth day of April then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of ten percent per annum shall be charged upon said remainder from the date of delinquency until paid. All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

NEW SECTION. Sec. 4. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

A person shall be exempt from any legal obligation to pay a percentage of the amount of real property taxes due and payable in 1972 and subsequent years as the result of the levy of additional taxes in excess of regular property tax levies as that term is defined in section 13 of this 1971 amendatory act, as now or hereafter amended, and/or from such regular property tax levies in accordance with the following conditions:

(1) The property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the two calendar years preceding the year in which the exemption claim is filed; or the property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the preceding calendar year and the person claiming the exemption must also have been a resident of the state of Washington for the last three calendar years preceding the year in which the claim is filed.

(2) The person claiming the exemption must have owned, at the time of filing, in fee, or by contract purchase, the residence on which the property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community shall be deemed to be owned by each spouse.

(3) The person claiming the exemption must have been sixty-two years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical

disability.

(4) No person who, during the preceding calendar year, has regularly occupied the residence on which the taxes have been imposed shall have received during the preceding calendar year any earnings of the type and amount which would cause any deduction from social security benefits for a recipient of such benefits pursuant to 42 U.S.C. 403 as in effect on the effective date of this 1971 amendatory act: PROVIDED, That the earnings of any occupant living with and paying rent to the person claiming exemption shall not be included in the determination of the eligibility of such person for the exemption.

(5) The amount that the person shall be exempt from an obligation to pay shall be calculated, on the basis of the combined income, from all sources whatsoever, of the person claiming the exemption and his or her spouse for the preceding calendar year, in accordance with the following schedule:

Income Range	Percentage of Excess Levies Exemption
\$4,000 or less	One hundred percent
\$4,001 - \$6,000	Fifty percent

PROVIDED, HOWEVER, That, solely with respect to a person within the income range of \$4,000 or less, in the event that taxes due and payable include no excess levies or include excess levies less than \$50.00, the amount of the exemption shall be \$50.00 and the difference shall be attributed pro rata to regular property tax levies of each of the taxing districts.

This section shall be effective as to claims made in 1971 and subsequent years with respect to taxes due and payable in 1972 and subsequent years.

NEW SECTION. Sec. 5. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

For the purposes of section 4 of this 1971 amendatory act:

(1) The term "residence" shall mean a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which the dwelling stands not to exceed one acre. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080, 84.04.090 or 84.40.250, such a residence shall be deemed real property.

(2) The term "preceding calendar year" shall mean the calendar year preceding the year in which the claim for exemption is to be made.

All claims for exemption shall be made and signed by the

person entitled to the exemption, by his or her attorney in fact or in the event the residence of such person is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, by such holder or by the owner, either before a notary public or the county assessor or his deputy in the county where the real property is located. Any person signing a false claim shall be subject to perjury.

Claims for exemption under section 4 of this 1971 amendatory act shall be made annually and filed between January 2 and July 1 of the year in which the property tax levies are imposed and solely upon forms as prescribed and furnished by the department of revenue: PROVIDED, That for 1971 such claims shall be filed between January 2 and August 1.

The department is hereby directed to publicize the qualifications and manner of making claims pursuant to sections 4 and 5, through communications media, including such paid advertisements or notices as it deems appropriate.

Sec. 6. Section 84.41.030, chapter 15, Laws of 1961 and RCW 84.41.030 are each amended to read as follows:

((Each county assessor shall commence, immediately if possible, but no later than January 1, 1956, a comprehensive program of revaluation of all taxable property within his respective county. Such program shall progress at a rate which will result in the revaluation of all taxable property within the county before June 1, 1958.)) Each county assessor shall ((thereafter)) maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years. ((A copy of such schedule shall be filed by each assessor with the tax commission before October 15, 1956.))

Sec. 7. Section 84.41.040, chapter 15, Laws of 1961 and RCW 84.41.040 are each amended to read as follows:

Each county assessor shall cause real property being valued to be physically inspected ((and shall require such examination as will)) at least once every four years in order to provide adequate data from which to make accurate valuations. ((Property which may have been revalued after physical examination by the assessor subsequent to May 31, 1954, shall be considered to have been revalued pursuant to the requirements of this chapter.)) During the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data:

PROVIDED, That such adjustments shall not be made with respect to property revalued in 1970 for taxes payable in 1971, when such

property was revalued in accordance with a cyclical revaluation program approved by the department of revenue except such adjustments may be made to reduce values of such revalued property to reflect decreased true and fair value or to reflect the use of the criteria for valuation provided in this 1971 amendatory act: PROVIDED FURTHER, That such adjustments may be made with respect to such revalued property in a county without restriction after all the property within the county has been revalued in accordance with such cyclical revaluation program.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

NEW SECTION. Sec. 8. There is added to chapter 15, Laws of 1961 and to chapter 84.48 RCW a new section to read as follows:

The board of equalization shall reconvene on the first Monday of August for the purpose of equalizing valuations of real property within the county. Such equalization shall be accomplished in the following manner:

(1) The department of revenue shall certify to the board the ratio of the assessed valuation of locally assessed property in the county to the true and fair value of such property, based upon assessed values established without regard to equalization accomplished pursuant to this section (hereinafter referred to as the "tentative county indicated ratio"). The department shall also certify the ratio of the assessed valuation of locally assessed property in those geographical areas in the county which have been revalued pursuant to a cyclical revaluation program approved by the department of revenue to the true and fair value of such property (hereinafter referred to as the "revaluation ratio"). If, pursuant to the cyclical revaluation program, land alone or improvements alone have been revalued for any assessment year, the revaluation ratio shall be for land alone, or improvements alone, as appropriate, or such combination thereof as is appropriate. The board shall review the revaluation ratio so certified, and may accept, reject, or modify the ratio.

(2) If the revaluation ratio, as determined by the board, exceeds one hundred and ten percent of the tentative county indicated ratio, the board shall order the assessor, in accordance with the provisions of section 7 of this 1971 amendatory act, to reduce by a uniform percentage the true and fair values of land, improvements, or both as appropriate, within the geographical areas covered by the revaluation ratio by a uniform percentage such that the revaluation ratio shall equal the tentative county indicated ratio. The board

shall also order the assessor to make appropriate similar adjustments to properties valued in the same year. For the purpose of administrative convenience, such reductions may be accomplished, in lieu of actual changes in the assessment rolls, by the assessor certifying to the treasurer the percentage adjustment for the geographical areas involved, on the basis of which the treasurer shall adjust the amount of taxes otherwise payable.

Sec. 9. Section 84.48.080, chapter 15, Laws of 1961 and RCW 84.48.080 are each amended to read as follows:

((The members of the tax commission shall constitute the state board of equalization; the chairman of the tax commission shall be the president of the board; and the secretary of the tax commission shall be the secretary thereof. The board shall remain in session not to exceed thirty days; it may adjourn from day to day; and employ such clerical assistance as may be deemed necessary to facilitate its labors. The board shall meet annually on the first day after the first day of August, Saturdays, Sundays and holidays excepted, at the office of the tax commission; and)) Annually during the month of August, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the ((tax commission)) department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. ((They)) The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal ((and uniform)), so far as possible, to the true and fair value of such class as of January 1st of the current year ((in every part of the state)) for the purpose of ascertaining the just amount of tax due from each county for state purposes. Such classification may be on the basis of types of property, geographical areas, or both.

Second. The ((secretary)) department shall keep a full record of ((the)) its proceedings ((of the board;)) and the same shall be published annually by the ((state tax commission)) department.

Third. ((They)) The department shall have authority to adopt ((the)) rules and regulations ((for the government of the board; and)) to enforce obedience to its orders in all matters in relation to the returns of county assessments, and the equalization of values by ((said board)) the department.

The ((state board of equalization)) department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in

any one year for general state purposes shall not exceed the lawful millage on the dollar of the assessed value of the property of the entire state, which assessed value shall be fifty percent of the true and fair value of such property in money; and shall apportion the amount of tax for state purposes levied by the ((board)) department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the ((board)) department.

((Within three days)) After the completion of the duties hereinabove prescribed, the ((president and secretary of the board)) director of the department shall certify the record of the proceedings of the ((board)) department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, to the state auditor.

NEW SECTION. Sec. 10. The indicated county ratios determined by the department of revenue for 1970, as adjusted for the purposes of reflecting compliance with chapter 84.41 RCW, are hereby adopted, confirmed, and approved.

NEW SECTION. Sec. 11. There is added to chapter 15, Laws of 1961 and to chapter 84.48 RCW a new section to read as follows:

The county commissioners or governing board of any county may designate one or more persons to act as a property tax advisor to any person liable for payment of property taxes in the county. A person designated as a property tax advisor shall not be an employee of the assessor's office or have been associated in any way with the determination of any valuation of property for taxation purposes that may be the subject of an appeal. A person designated as a property tax advisor may be compensated on a fee basis or as an employee by the county from any funds available to the county for use in property evaluation including funds available from the state for use in the property tax revaluation program.

The property tax advisor shall perform such duties as may be set forth by resolution of the county commissioners or other governing authority.

If any board of county commissioners elect to designate a property tax advisor, they shall publicize the services available.

NEW SECTION. Sec. 12. The amendment or repeal of any statutes by this 1971 amendatory act shall not be construed as invalidating, abating or otherwise affecting any existing right acquired or any liability or obligation incurred under the provisions of the statutes amended or repealed. Such amendment or repeals shall not affect the right of any person to make a claim for exemption during the calendar year 1971 pursuant to RCW 84.36.128.

NEW SECTION. Sec. 13. There is added to chapter 15, Laws of 1961 and to chapter 84.04 RCW a new section to read as follows:

The term "regular property taxes" and the term "regular property tax levy" shall mean a property tax levy by or for a taxing district which levy is subject to the aggregate limitation set forth in RCW 84.52.050, as now or hereafter amended, or which is imposed by or for a port district or a public utility district.

Sec. 14. Section 84.69.020, chapter 15, Laws of 1961 as amended by section 1, chapter 224, Laws of 1969 ex. sess., and RCW 84.69.020 are each amended to read as follows:

On order of the board of county commissioners or other county legislative authority of any county, ad valorem taxes paid before or after delinquency shall be refunded if they were:

- (1) Paid more than once; or
- (2) Paid as a result of manifest error in description; or
- (3) Paid as a result of a clerical error in extending the tax rolls; or
- (4) Paid as a result of other clerical errors in listing property; or
- (5) Paid with respect to improvements which did not exist on assessment date; or
- (6) Paid under levies or statutes adjudicated to be illegal or unconstitutional; or
- (7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.128 (~~PROVIDED~~, That a claim for such refund is made on or before October 30 of the year for which the taxes have been paid); or
- (8) (~~Overpaid~~) Paid or overpaid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person paying the same (~~PROVIDED~~, That a claim for such refund is made on or before October 30 of the year for which the taxes have been overpaid) or paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person paying the same with respect to real property in which the person paying the same has no legal interest:

- (9) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: ~~PROVIDED~~, That the amount refunded shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsection (9).

NEW SECTION. Sec. 15. Each county treasurer shall report

annually on January 15, to the department of revenue, the legislative budget committee and to the press the amount of the property tax revenue for the previous year, the current year and the proposed budget for the ensuing years for each unit of local government within their county. Said report shall indicate the number of dollars available to the unit of local government, the source of such funds, and the percentage of increase or decrease over previous year. School districts reports shall indicate the total dollars received from both state support and local property tax revenues.

Sec. 16. Section 10, chapter 146, Laws of 1967 ex. sess. and RCW 84.40.045 are each amended to read as follows:

On or before June 15 of each year the assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon.

The notice shall contain a statement of both the prior and the new true and fair value and the ratio of the assessed value to the true and fair value on which the assessment of the property is based, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer ((and a copy thereof shall be sent by the assessor to the legal owner of the property, if such is different from the taxpayer and the name and address are known to the assessor.

A legal owner may submit his or its name and address to the assessor, indicating therewith the property owned by the legal owner and requesting that a copy of the notice be mailed to the legal owner)).

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. Failure to comply with such request within the time limitation provided for herein shall make such taxpayer subject to a civil penalty of five dollars for each parcel of real property within the scope of the request in which it holds the security interest, the aggregate of such penalties in any one year not to exceed five thousand dollars. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. The assessor shall make the request provided for by this section during the month

of April.

Sec. 17. Section 1, chapter 27, Laws of 1971 first ex. sess. is amended to read as follows:

A person passing said examination shall be certified accordingly by the director of the department of personnel: PROVIDED, HOWEVER, That this section shall not apply to any person who prior to the effective date of this act shall have either:

NEW SECTION. Sec. 18. There is hereby created a permanent property tax committee for the purpose of making a thorough examination of the property tax and its administration.

This committee shall consist of eight members: Four senators, two from each political party, to be appointed by the president of the senate and four representatives, two from each political party, to be appointed by the speaker of the house of representatives.

Vouchers should be drawn on funds appropriated generally by the legislature or on any special appropriation which may be provided by the legislature for the expenses of the committee.

The committee is authorized to appoint such citizen subcommittees as it deems appropriate. The members of the subcommittees shall receive no compensation but shall receive per diem in an amount not to exceed twenty-five dollars per day while attending to the business of the commission and their necessary travel expenses. Payment of per diem and expenses shall be made upon vouchers approved by the chairman of the committee.

The committee may select and retain such consultants and research organizations as necessary to assist the committee in any of its functions.

Duties and responsibilities of the committee shall include, without limitation, the following:

(6) An examination of the organization and operation of all taxing districts, and the administration of the property tax.

(7) An analysis of the methods of determining county ratios.

(10) Any other matters referred to the committee by the legislature.

The committee shall report its findings and recommendations to the 1973 session of the legislature by the second Monday of January, 1973, and to each session of the legislature thereafter at the same time.

NEW SECTION. Sec. 19. There is hereby appropriated the sum of \$50,000 or so much thereof as may be necessary to accomplish the duties and function imposed upon the permanent property tax committee by section 18 of this act.

NEW SECTION. Sec. 20. Except as provided in sections 21 through 24 of this 1971 amendatory act, the levy in 1973 and years subsequent thereto for a taxing district other than the state or a school district in any year shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction and improvements to property by the regular property tax levy rate of that district for the preceding year.

NEW SECTION. Sec. 21. Notwithstanding the limitation set forth in section 20 of this act, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year.

NEW SECTION. Sec. 22. For the first levy for a taxing district following annexation of additional property, the limitation set forth in section 20 of this 1971 amendatory act shall be increased by an amount equal to (1) the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the millage rate that would have

been used by the annexing unit in the absence of such annexation, plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in the annexing district resulting from new constructions and improvements to property by the regular property tax levy rate of that annexing taxing district for the preceding year.

NEW SECTION. Sec. 23. If by reason of the operation of RCW 84.52.050, as now or hereafter amended the statutory millage limitation applicable to the levy by a taxing district has been increased over the statutory millage limitation applicable to such taxing district's levy in the preceding year, the limitation on the dollar amount of a levy provided for in this 1971 amendatory act shall be increased by multiplying the otherwise dollar limitation by a fraction, the numerator of which is the increased millage limitation and the denominator of which is the millage limitation for the prior year.

NEW SECTION. Sec. 24. Subject to any otherwise applicable statutory millage limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in sections 20 through 23 of this 1971 amendatory act if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the millage rate proposed. After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this 1971 amendatory act.

NEW SECTION. Sec. 25. Sections 20 through 24 are added to chapter 15, Laws of 1961 and to Title 84 RCW, and shall constitute a new chapter therein.

Sec. 26. Section 84.52.052, chapter 15, Laws of 1961 as amended by section 1, chapter 113, Laws of 1963 ex. sess. and RCW 84.52.052 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, shall not prevent the levy of additional taxes, not in excess of five mills a year and without anticipation of delinquencies in payment of taxes, in an amount equal to the interest and principal payable in the next succeeding year on general obligation bonds, outstanding on December 6, 1934, issued by or through the agency of the state, or any county, city, town, or school district, or the levy of additional

taxes to pay interest on or toward the reduction, at the rates provided by statute, of the principal of county, city, town, or school district warrants outstanding December 6, 1932; but this millage limitation with respect to general obligation bonds shall not apply to any taxing district in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. Any county, school district, metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056, or sections 20 through 24 of this 1971 amendatory act, when authorized so to do by the electors of such county, school district, metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town by a three-fifths majority of those voting on the proposition at a special election, to be held in the year in which the levy is made, and not oftener than twice in such year, in the manner provided by law for holding general elections, at such time as may be fixed by the body authorized to call the same, which special election may be called by the board of county commissioners, board of school directors, or council, board of commissioners, or other governing body of any metropolitan park district, park and recreation district in class AA counties and counties of the second, eighth and ninth class, sewer district, water district, public hospital district, rural county library district, intercounty rural library district, fire protection district, cemetery district, city or town, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition of authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "Yes," and those opposed thereto to vote "No": PROVIDED, That the total number of persons voting at such special election must constitute not less than forty percent of the voters in said taxing district who voted at the last preceding general state election: PROVIDED FURTHER, That the total number of persons voting on an excess levy for school district purposes or for fire protection purposes or for cities and towns at any such special election of such districts or of any city or town must constitute not less than forty percent of the voters in such taxing district or in any city or town, as the case may be who voted at the last preceding general election

in such district.

NEW SECTION. Sec. 27. The following acts or parts of acts are each repealed:

(1) Section 1, chapter 174, Laws of 1965 ex. sess., section 1, chapter 146, laws of 1967 ex. sess., section 6, chapter 92, Laws of 1970 ex. sess. and RCW 84.54.010;

(2) Section 1, chapter 132, Laws of 1967 ex. sess., section 62, chapter 262, Laws of 1969 ex. sess. and RCW 84.36.128; and

(3) Section 3, chapter 8, Laws of 1970 ex. sess. and RCW 84.36.129.

NEW SECTION. Sec. 28. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 29. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill deals with a number of aspects of the property tax, and stems from various problems which, although existing prior to the present state-wide revaluation program, have been highlighted by reason of that program. It is, in general, a comprehensive and well thought-out bill, and will substantially aid in solving these problems, while allowing the revaluation program to continue. However, there are certain provisions of the bill which will create more problems than they solve, for taxpayers and tax administrators alike.

Message

Section 1 purports to establish a new statutory standard to be used in the determination of true and fair value for property tax purposes. It strikes the old statutory criteria for determining true and fair value. Since, in my opinion, the stricken language does no more than spell out those criteria in determining true and fair value which would be used in accordance with normal appraisal practices, and since the standard of "true and fair value in

money" is still retained, I believe that the elimination of the old statutory language, by itself, makes no substantive change and can therefore stand.

However, in the new statutory language there are both legal and administrative problems. The language in subsection (1) (a) relating to adjustments by appropriate discounts for sale conditions other than for cash is being vetoed because of its legal uncertainty. It is standard appraisal practice, in the use of comparable sales, either to adjust contract sales where the contract price is inflated by a low down payment or an unreasonably low interest rate, or to reject such comparables entirely. It is not clear whether the new language is simply an expression of an intent to continue this practice, or whether it requires in addition a discount based upon discounts taken in selling, for example, a vendor's interest in a real estate contract. If the latter be the intent, this is not in conformity with standard appraisal practices, will cause serious administrative problems, and will result in substantial lack of uniformity in results.

The second item vetoed is the language in the same subsection relating to standards for determining "similar sales". Again, it is not clear whether the intent here is simply to continue present appraisal practices with respect to the use of comparable sales, or is to use some other standard. If the intent is the latter, the effect of this would be to discriminate against that vast majority of property which is appraised on the basis of its actual use, in favor of those properties in which highest and best use is not actual use, i.e., in favor of properties being held primarily for speculative investment, and against the typical residential property. Accordingly, this language is being stricken because it is either useless or it is discriminatory in effect.

With these vetoes the sole change from standard appraisal practices is the requirement of adjustments for direct selling costs. It is clear that the percentage discount or adjustment to be made in accordance with this subsection for direct costs of sale is to be established by the Department of Revenue after appropriate studies, and that the amount of brokerage fees are to be included in this percentage. Since uniform administrative practice in

determining that discount is assured, I have allowed this provision to stand.

Message

The successful continuation of the present state-wide revaluation program necessitates, I believe, as much clarity as possible and the least amount of administrative and legal confusion in the standards to be applied in the appraisal of real property for tax purposes. The item vetoes discussed above have been made with full cognizance of these requirements, and after consultation with the Department of Revenue and representatives of the county assessors. With these item vetoes, I believe that subsection (1) is workable.

I have also vetoed the provisions of subsection (2) of section 1. This new section is a radical departure in the United States from standard appraisal practices, in that it allows self-assessment by the taxpayer for property tax purposes. While the proposal may have substantial merit, its risks are such that I do not believe it should be put into effect without further careful consideration. See, for example, the discussion of such a system in "An Evaluation of Self-assessment under a Property Tax" in The Property Tax and Its Administration, Lynn, Editor, University of Wisconsin Press, Madison (1969), pages 79-118. I trust that this method of self-assessment is one which will be intensively studied by the committee established under section 18 of the bill.

The last two sentences of section 2 (2) substantially parallel a provision which has already been enacted into law as section 3, chapter 42, Laws of 1971, Extraordinary Session. These last sentences of subsection (2) are apparently intended to have exactly the same effect as the provision already enacted into law; but the different language may well cause legal confusion, and for this reason, is vetoed.

I have also vetoed the provisos contained in section 7 of the bill. The reason for this veto is that they appear to be in conflict with the provisions of section 8, the intracounty equalization provisions. The conflict arises on two points. The first proviso states that properties revalued in 1970 pursuant to a cyclical revaluation program approved by the Department of Revenue may be adjusted downward only in order to reflect actual decreases in true

and fair values or to reflect new valuation criteria. However, section 8 contemplates that there will be an adjustment downward for such properties simply by reason of the fact that the true and fair values determined for other properties in the county are lower than actual market values.

Veto
Message

A second source of conflict would arise even if the first source of conflict were eliminated. Section 8 contemplates that there will be a percentage reduction for such properties for purposes of 1971 assessments, and that there will also be a reduction for purposes of 1972 assessments, both reductions to be made from the 1970 valuations. However, in all probability the reductions to be made in 1972 will be less than those made in 1971. The provisos in section 7 would appear to prevent what, in effect, would be a raise in 1972 true and fair values from the 1971 true and fair values.

I have been assured by the Department of Revenue that it will not permit assessors, using the multiple regression techniques contemplated by section 7 of this bill, to raise true and fair values, in order to reflect actual increases in market price of properties already revalued under the revaluation program until the whole program is completed.

With the exception of the items discussed above, I have approved Engrossed Substitute House Bill No. 283."

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in ((an amount equal to eighty-five percent of)) the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, ((but not in any case to exceed the sum of twelve thousand seven hundred and fifty dollars)) compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment: PROVIDED, That in order to reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments. For purposes of calculating monetary benefits, the amount payable for total bodily impairment shall be deemed to be thirty thousand dollars: PROVIDED, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of ((twelve thousand seven

hundred and fifty)) thirty thousand dollars: PROVIDED FURTHER, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

(3) Should a workman receive an injury to a member or part of his body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such workman, his compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds (one thousand dollars) three times the average monthly wage for all workmen entitled to compensation under this title, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in (the amount of one thousand dollars) an amount equal to three times the average monthly wage for all workmen entitled to compensation under this title and interest shall be paid at the rate of (~~five~~) six percent on the unpaid balance of such compensation commencing with the second monthly payment: PROVIDED, That (~~interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: PROVIDED FURTHER; That~~) upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured workman to the department and shall rest in the discretion of the department depending upon the merits of each individual application: PROVIDED FURTHER, That upon death of a workman all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

Sec. 11. Section 51.32.090, chapter 23, Laws of 1961 as last amended by section 3, chapter 122, Laws of 1965 ex. sess. and RCW 51.32.090 are each amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) (~~(2)~~, ~~(3)~~ and ~~(4)~~) through (13) of RCW 51.32.060 as amended shall apply, so long as the total disability continues.

(2) ((But if the injured workman has a wife or husband and has no child or, being a widow or widower, with one or more children, the compensation for the case during such period of time as the total temporary disability continues, shall be per month as follows, to wit: (a) Injured workman with wife or invalid husband and no child, two hundred fifteen dollars; injured workman with able-bodied husband, but no child, one hundred seventy-five dollars; injured workman with wife or invalid husband and one child, or being a widow or widower and having one child, two hundred fifty-two dollars; (b) injured workman with able-bodied husband and one child, two hundred twelve dollars; (c) injured workman with wife or invalid husband and two children, or being a widow or widower and having two children, two hundred eighty-three dollars; (d) injured workman with able-bodied husband and two children, two hundred forty-three dollars; and twenty-three dollars for each additional child, but the total monthly payments shall not exceed three hundred fifty-two dollars to an injured workman with a wife or invalid husband, or being a widow or widower, and having children, and shall not exceed three hundred twelve dollars to an injured workman with children and having an able-bodied husband and any deficit shall be deducted proportionately among the beneficiaries.))

Any compensation payable under this section for children not in the custody of the injured workman as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five percent.

(4) No workman shall receive compensation out of the accident fund for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of (~~(thirty)~~) fourteen consecutive calendar days from date of injury.

(5) Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the

wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in subsection (1) of this section from the accident fund during the period his employer shall so pay such wages.

(6) In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage of the state as computed under the provisions of section 14 of this 1971 amendatory act.

NEW SECTION. Sec. 12. There is added to chapter 51.32 RCW a new section to read as follows:

One of the primary purposes of this title is the restoration of the injured workman to gainful employment. To this end, the department shall utilize the services of individuals whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation or retraining as may be reasonable to qualify the workman for employment consistent with his physical and mental status. Where, after evaluation and recommendation by such individuals and prior to final evaluation of the workman's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured workman to a form of gainful employment, the supervisor may, in his sole discretion, continue the temporary total disability compensation under RCW 51.32.090 while the workman is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: PROVIDED, That such compensation may not be authorized for a period of more than fifty-two weeks: PROVIDED FURTHER, That such period may, in the sole discretion of the supervisor after his review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

In cases where the workman is required to reside away from his customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall not be chargeable to the employer's cost experience but shall be paid out of the accident fund and charged back to each class on June 30th and December 31st of each year in proportion to its premium contribution for the preceding calendar year or shall be paid by the self-insurer for workmen to whom he is liable for compensation and benefits under the provisions of this title.

Sec. 13. Section 51.32.110, chapter 23, Laws of 1961 and RCW 51.32.110 are each amended to read as follows:

Any workman entitled to receive compensation or claiming compensation under this title shall, if requested by the department or self-insurer, submit himself for medical examination, at a time

and from time to time, at a place reasonably convenient for the workman and as may be provided by the rules of the department. If the workman refuses to submit to ((any such)) medical examination, or obstructs the same, ((his rights to monthly payments shall be suspended until such examination has taken place and no compensation shall be payable during or for such period)) or, if any injured workman shall persist in unsanitary or injurious practices which tend to imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his recovery, the department or the self-insurer upon approval by the department, with notice to the workman may reduce or suspend the compensation of such workman so long as such refusal or practice continues. If the workman necessarily incurs traveling expenses in attending for examination pursuant to the request of the department or self-insurer, such traveling expenses shall be repaid to him out of the accident fund upon proper voucher and audit. V

If the medical examination required by this section causes the workman to be absent from his work without pay he shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended notwithstanding the provisions of subdivision (3) of such section as amended. V

NEW SECTION. Sec. 14. There is added to chapter 51.08 RCW a new section to read as follows:

(1) For the purposes of this title, the monthly wages the workman was receiving from all employment at the time of injury shall be the basis upon which compensation is computed unless otherwise provided specifically in the statute concerned. In cases where the workman's wages are not fixed by the month, they shall be determined by multiplying the daily wage the workman was receiving at the time of injury:

(a) By five, if the workman was normally employed one day a week;

(b) By nine, if the workman was normally employed two days a week;

(c) By thirteen, if the workman was normally employed three days a week;

(d) By eighteen, if the workman was normally employed four days a week;

(e) By twenty-two, if the workman was normally employed five days a week;

(f) By thirty, if the workman was normally employed seven days a week.

The term "wages" shall include the reasonable value of board, housing, fuel, or other consideration of like nature received from the employer, but shall not include overtime pay, tips, or

gratuities. The daily wage shall be eight times the hourly wage unless the workman is normally employed for less than eight hours.

(2) In cases where a wage has not been fixed or cannot be reasonable and fairly be determined, the monthly wage shall be computed on the basis of the usual wage paid other employees engaged in like or similar occupations where the wages are fixed.

NEW SECTION. Sec. 15. There is added to chapter 51.08 RCW a new section to read as follows:

V. For the purposes of this 1971 amendatory act, the average monthly wage in the state shall be determined by the department as follows: On or before the first day of December of each year, the total wages reported on contribution reports to the department of labor and industries for the four calendar quarters ending on the thirtieth of June of such year shall be divided by the average monthly number of insured workmen (determined by dividing the total insured workmen reported for the same period by twelve). The average annual wage thus obtained shall be divided by twelve and the average monthly wage thus determined rounded to next higher multiple of one dollar. The average monthly wage as so determined shall be applicable for the full period during which compensation is payable, when the date of occurrence of injury or of disability in the case of disease falls within the calendar year commencing the first day of January following the determination made on the first day of December: PROVIDED, That from July 1, 1971 until and including December 31, 1972, the average monthly wage in the state shall be the average annual wage as determined under RCW 50.04.355 divided by twelve.

NEW SECTION. Sec. 16. There is added to chapter 51.16 RCW a new section to read as follows:

The department shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premium which shall be the lowest necessary to maintain actuarial solvency of the accident and medical aid funds in accordance with recognized insurance principles. The department shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workmen's compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to maintain solvency of the funds, readjust rates in accordance with the rating system to become effective on such dates as the department may designate.

NEW SECTION. Sec. 17. There is added to chapter 51.32 RCW a new section to read as follows:

Each employer shall retain from the earnings of each workman that number of cents as shall be fixed from time to time by the director for each day or part thereof the workman is employed. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department at such intervals as the department directs and shall be placed in the supplemental pension fund created by this 1971 amendatory act. The moneys so collected shall be used exclusively for the additional payments prescribed in RCW 51.32.070 and shall be no more than necessary to make such payments on a current basis.

NEW SECTION. Sec. 18. There is added to chapter 51.44 RCW a new section to read as follows:

There shall be, in the office of the state treasurer, a fund to be known and designated as the "supplemental pension fund". The director shall be the administrator thereof. Said fund shall be used for the sole purpose of making the additional payments prescribed in RCW 51.32.070.

NEW SECTION. Sec. 19. There is added to chapter 51.44 RCW a new section to read as follows:

Any moneys remaining from funds appropriated by the legislature for the purposes of making additional payments to prior pensioners under prior provisions of RCW 51.32.070, and any liabilities in connection therewith, are transferred to the supplemental pension fund on the effective date of this new 1971 section.

Sec. 20. Section 51.48.060, chapter 23, Laws of 1961 and RCW 51.48.060 are each amended to read as follows:

Any physician who fails, neglects or refuses to file a report with the director, as required by this title, within ~~((ten))~~ five days of the date of treatment, showing the condition of the injured workman at the time of treatment, a description of the treatment given, and an estimate of the probable duration of the injury, or who fails or refuses to render all necessary assistance to the injured workman, as required by this title, shall be ~~((guilty of a misdemeanor))~~ subject to a civil penalty of one hundred dollars.

V- NEW SECTION. Sec. 21. There is added to chapter 51.48 RCW a new section to read as follows:

Any employee who fails to report an accident and resulting injury to the department as required by RCW 51.28.010 within five days of such accident shall be subject to a civil penalty of one hundred dollars.

Sec. 22. Section 6, chapter 148, Laws of 1963 and RCW 51.52.104 are each amended to read as follows:

After all evidence has been presented at hearings conducted by a hearing examiner, who shall be an active member of the Washington

state bar association, the hearing examiner shall (~~prepare~~) enter a proposed or recommended decision and order which shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon. The hearing examiner shall file the original of the proposed decision and order, signed by him, with the board, and copies thereof shall be mailed by the board to each party to the appeal and to his attorney of record. Within twenty days, or such further period as the board may allow on written application of a party, filed within said twenty days from the date of communication of the proposed decision and order to the parties or their attorneys of record, any party may file with the board a written (~~statement of exceptions~~) petition for review of the same. Such (~~statement of exceptions~~) petition for review shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

In the event no (~~statement of exceptions~~) petition for review is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and no appeal may be taken therefrom to the courts.

Sec. 23. Section 51.52.106, chapter 23, Laws of 1961 as last amended by section 4, chapter 165, Laws of 1965 ex. sess. and RCW 51.52.106 are each amended to read as follows:

After the filing of a (~~statement or statements of exceptions~~) petition or petitions for review as provided for in RCW 51.52.104 (~~the record before the board~~) the proposed decision and order of the hearing examiner, petition or petitions for review and, in its discretion, the record or any part thereof, may be considered by the board and on agreement of at least two of the regular members thereof, the board may, within twenty days after the receipt of such petition or petitions, decline to review the proposed decision and order and thereupon deny the petition or petitions. In such event all parties shall forthwith be notified in writing of said denial. If the petition for review is granted, the proposed decision and order, the petition or petitions for review and the record or any part thereof deemed necessary shall be considered by a panel of at least two of the members of the board, on which not more than one industry and one labor member serve. The chairman may be a member of any panel. The decision and order of any such panel shall be the decision and order of the board. Every final decision and order rendered by the board shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the board's order based thereon. A copy of the decision and order, including the findings and conclusions, shall be mailed to

each party to the appeal and to his attorney of record.

Sec. 24. Section 51.52.110, chapter 23, Laws of 1961 as amended by section 122, chapter 81, Laws of 1971 and RCW 51.52.110 are each amended to read as follows:

Within thirty days after a decision of the board to deny the petition or petitions for review upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the final decision and order of the board upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such workman, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.

In cases involving injured workmen such appeal shall be to the superior court of the county of residence of the workman or beneficiary, as shown by the department's records, the superior court for Thurston county, or to the superior court of the county wherein the injury occurred. In all other cases the appeal shall be to the superior court of Thurston county. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. The department shall, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The board shall serve upon the appealing party, the director and any other party appearing at the board's proceeding, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits, and the board's decision and order, which shall become the record in such case. No bond shall be required on appeals to the superior court or on appeals to the supreme court or the court of appeals, except that an appeal by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay: PROVIDED, HOWEVER, That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court.

NEW SECTION. Sec. 25. There is added to Title 51 RCW a new chapter as set forth in sections 26 through 36 of this 1971 amendatory act.

NEW SECTION. Sec. 26. Every employer under this title shall

secure the payment of compensation under this title by:

(1) Insuring and keeping insured the payment of such benefits with the state fund; or

(2) Qualifying as a self-insurer under this title.

NEW SECTION. Sec. 27. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer.

(2) A self-insurer may establish sufficient financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state filed with the department. The money, securities, or bond shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, or bond required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his probable continuity of operation. The money, securities, or bond so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him upon his written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his proper share of any deficit or insufficiency in the employer's class account as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

NEW SECTION. Sec. 28. The director may issue a certification that an employer is qualified as a self-insurer when such employer

meets the following requirements:

(1) He has fulfilled the requirements of section 27 of this 1971 amendatory act.

(2) He has submitted to the department a payroll report for the preceding consecutive twelve month period.

(3) He has submitted to the department a sworn itemized statement indicating that the employer has sufficient liquid assets to meet his estimated liabilities as a self-insurer.

(4) He has submitted to the department a description of the safety organization maintained by him within his establishment that indicates a record of accident prevention.

(5) He has submitted to the department a description of the administrative organization to be maintained by him to manage industrial insurance matters including:

(a) The reporting of injuries;

(b) The authorization of medical care;

(c) The payment of compensation;

(d) The handling of claims for compensation;

(e) The name and location of each business location of the employer; and

(f) The qualifications of the personnel of the employer to perform this service.

Such certification shall remain in effect until withdrawn by the director or surrendered by the employer with the approval of the director. An employer's qualification as a self-insurer shall become effective on the date of certification or any date specified in the certificate after the date of certification.

NEW SECTION. Sec. 29. (1) The surety on a bond filed by a self-insurer pursuant to this title may terminate its liability thereon by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective.

(2) In case of such termination, the surety shall remain liable, in accordance with the terms of the bond, with respect to future compensation for injuries to employees of the self-insurer occurring prior to the termination of the surety's liability.

(3) If the bond is terminated for any reason other than the employer's terminating his status as a self-insurer, the employer shall, prior to the date of termination of the surety's liability, otherwise comply with the requirements of this title.

(4) The liability of a surety on any bond filed pursuant to this section shall be released and extinguished and the bond returned to the employer or surety provided either such liability is secured by another bond filed, or money or securities deposited as required by this title.

NEW SECTION. Sec. 30. (1) Any employer may at any time

terminate his status as a self-insurer by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective, provided such termination shall not be effective until the employer either shall have ceased to be an employer or shall have filed with the director for state industrial insurance coverage under this title.

(2) An employer who ceases to be a self-insurer, and who so files with the director, must maintain money, securities or surety bonds deemed sufficient in the director's discretion to cover the entire liability of such employer for injuries or occupational diseases to his employees which occurred during the period of self-insurance: PROVIDED, That the director may agree for the medical aid and accident funds to assume the obligation of such claims, in whole or in part, and shall adjust the employer's premium rate to provide for the payment of such obligations on behalf of the employer.

NEW SECTION. Sec. 31. (1) The director may, in cases of default upon any obligation under this title by the self-insurer, after ten days notice by certified mail to the defaulting self-insurer of his intention to do so, bring suit upon such bond or collect the interest and principal of any of the securities as they may become due or sell the securities or any of them as may be required or apply the money deposited, all in order to pay compensation, discharge the obligations of the self-insurer under this title, and pay premiums for future insurance of the employer's obligations.

(2) The director shall be authorized to fulfill the defaulting self-insured employer's obligations under this title, paying the necessary premium from the defaulting employer's deposit or from other funds provided under this title for the satisfaction of claims against the defaulting employer, and having subrogation rights against the defaulting employer to the extent of any funds, other than the employer's deposit, expended for the payment of premiums or compensation in performance of the defaulting employer's obligations.

NEW SECTION. Sec. 32. Certification of a self-insurer shall be withdrawn by the director upon one or more of the following grounds:

(1) The employer no longer meets the requirements of a self-insurer; or

(2) The self-insurer's deposit is insufficient; or

(3) The self-insurer intentionally or repeatedly induces employees to fail to report injuries, induces claimants to treat injuries in the course of employment as off-the-job injuries, persuades claimants to accept less than the compensation due, or unreasonably makes it necessary for claimants to resort to

proceedings against the employer to obtain compensation; or

(4) The self-insurer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

(5) The self-insurer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions.

NEW SECTION. Sec. 33. (1) Upon the petition of any employee, union or association having a substantial number of employees in the employ of said self-insurer the director shall hold a hearing to determine whether or not there are grounds for the withdrawal of certification of a self-insurer. He shall serve upon the self-insurer and upon any employee union or association having a substantial number of employees in the employ of said self-insurer, personally or by certified mail, a notice of intention to withdraw, or not to withdraw, certification of the self-insurer, which notice shall describe the nature and location or locations of the plants or operations involved; and the specific nature of the reasons for his decision. If the decision is to withdraw certification, it shall include the period of time within which the ground or grounds therefor existed or arose; a directive to the self-insurer specifying the manner in which the grounds may be eliminated; and the date, not less than thirty days after the self-insurer's receipt of the notice, when the certification will be withdrawn in the absence of a satisfactory elimination of the grounds for withdrawal of the certificate.

(2) An appeal of such notice of intention to withdraw, or not to withdraw, certification of a self-insurer may be taken by the self-insurer, or by any employee, or union, or association having a substantial number of employees in the employ of said self-insurer. Proceedings on such appeal shall be as prescribed in this title. Appeal by a self-insurer of notice of intention to withdraw certification shall not act as a stay of the withdrawal, unless the board, or court, for good cause shown, orders otherwise.

NEW SECTION. Sec. 34. If such approval is not obtained, claim for the deficiency will be deemed to have been waived.

(2) All determinations of permanent disabilities shall be made by the department. Either the workman, employer, or self-insurer may make a request or such inquiry may be initiated by the director on his own motion. Such determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or self-insurer shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the workman present himself for a special medical examination by a physician, or physicians, selected by the department, and the department may require that the workman present himself for a personal interview. In such event the costs of such examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer as the case may be.

(3) Until such time as the department has entered an order in

a disputed case acceptance of compensation by the claimant shall not be considered a binding determination of his rights under this title. Likewise the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments.

(4) Upon making the first payment of income benefits, and upon stopping or changing of such benefits except where a determination of the permanent disability has been made as elsewhere provided in this title, the self-insurer shall immediately notify the director in accordance with a form to be prescribed by the director that the payment of income benefits has begun or has been stopped or changed.

(5) If, after the payment of compensation without an award, the self-insurer elects to controvert the right to compensation, the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments. The acceptance of compensation by the workman or his beneficiaries shall not be considered a binding determination of their rights under this title.

(6) The director (a) may, upon his own initiative at any time in a case in which payments are being made without an award, and (b) shall, upon receipt of information from any person claiming to be entitled to compensation, from the self-insurer, or otherwise that the right to compensation is controverted, or that payment of compensation has been opposed, stopped or changed, whether or not claim has been filed, promptly make such inquiry as circumstances require, cause such medical examinations to be made, hold such hearings, make such orders, decisions or awards, and take such further action as he considers will properly determine the matter and protect the rights of all parties.

(7) The director, upon his own initiative, may make such inquiry as circumstances require or is necessary to protect the rights of all the parties and he may enact rules and regulations providing for procedures to ensure fair and prompt handling by self-insurers of the claims of workmen and beneficiaries.

These proceedings may be instituted in the superior court for the county in which the claimant resides, or, if the claimant is not then a resident of this state, in the superior court for the county in which the self-insurer may be served with process.

(2) The court shall enforce obedience to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order. The court may issue such writs and processes as are necessary to carry out its orders.

(3) A proceeding under this section does not preclude other methods of enforcement provided for in this title.

The members shall serve without compensation, but shall be entitled to expenses as provided in RCW 43.03.050 and 43.03.060. The committee may hire

Sec. 68. Section 51.52.010, chapter 23, Laws of 1961 as last amended by section 3, chapter 165, Laws of 1965 ex. sess. and RCW 51.52.010 are each amended to read as follows:

this title to carry its own liability to its employees covered by this title.

It shall be unlawful for any county, city or town to issue a construction building permit to any person who has not submitted to the department an estimate of payroll and paid premium thereon as provided by chapter 51.16 of this title or proof that such person has qualified as a self-insurer.

NEW SECTION. Sec. 82. There is added to chapter 51.12 RCW a new section to read as follows:

(1) If a workman, while working outside the territorial limits of this state, suffers an injury on account of which he, or his beneficiaries, would have been entitled to compensation under this title had such injury occurred within this state, such workman, or his beneficiaries, shall be entitled to compensation under this title: PROVIDED, That if the time of such injury:

(b) He is working under a contract of hire made in this state for employment not principally localized in any state; or

(c) He is working under a contract of hire made in this state for employment principally localized in another state whose workmen's compensation law is not applicable to his employer; or

(d) He is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of compensation under the workmen's compensation law of another state, territory, province, or foreign nation to a workman or his beneficiaries otherwise entitled on account of such injury to compensation under this title shall not be a bar to a claim for compensation under this title: PROVIDED, That claim under this title is timely filed. If compensation is paid or awarded under this title, the total amount of compensation paid or awarded the workman or beneficiary under such other workmen's

compensation law shall be credited against the compensation due the workman or beneficiary under this title.

(3) If a workman or beneficiary is entitled to compensation under this title by reason of an injury sustained in this state while in the employ of an employer who is domiciled in another state and who has either opened an account with the department nor qualified as a self-insurer under this title, such an employer or his insurance carrier shall file with the director a certificate issued by the agency which administers the workmen's compensation law in the state of the employer's domicile, certifying that such employer has secured the payment of compensation under the workmen's compensation law of such other state and that with respect to said injury such workman or beneficiary is entitled to the benefits provided under such law. In such event:

(ii) If such employer's liability under the workmen's compensation law of such other state is insured, such employer's carrier, as to such claimant only, shall be deemed to be subject to this title: PROVIDED, That unless its contract with said employer requires it to pay an amount equivalent to the compensation benefits provided by this title, the insurer's liability for compensation shall not exceed its liability under the workmen's compensation law of such other state;

(d) If the total amount for which such employer's insurer is liable under (c) (ii) above is less than the total of the compensation to which such claimant is entitled under this title, the director may require the employer to file security satisfactory to the director to secure the payment of compensation under this title; and

(e) If such employer has neither qualified as a self-insurer nor secured insurance coverage under the workmen's compensation law

of another state, such claimant shall be paid compensation by the department;

(f) Any such employer shall have the same rights and obligations as other employers subject to this title and where he has not provided coverage or sufficient coverage to secure the compensation provided by this title to such claimant, the director may impose a penalty payable to the department of a sum not to exceed fifty percent of the cost to the department of any deficiency between the compensation provided by this title and that afforded such claimant by such employer or his insurance carrier if any.

(4) As used in this section:

(a) A person's employment is principally localized in this or another state when (i) his employer has a place of business in this or such other state and he regularly works at or from such place of business, or (ii) if clause (i) foregoing is not applicable, he is domiciled in and spends a substantial part of his working time in the service of his employer in this or such other state;

(b) "Workmen's compensation law" includes "occupational disease law" for the purposes of this section.

(5) A workman whose duties require him to travel regularly in the service of his employer in this and one or more other states may agree in writing with his employer that his employment is principally localized in this or another state, and, unless such other state refuses jurisdiction, such agreement shall govern as to any injury occurring after the effective date of the agreement.

(6) The director shall be authorized to enter into agreements with the appropriate agencies of other states and provinces of Canada which administer their workmen's compensation law with respect to conflicts of jurisdiction and the assumption of jurisdiction in cases where the contract of employment arises in one state or province and the injury occurs in another, and when any such agreement has been executed and promulgated as a regulation of the department under chapter 34.04 RCW, it shall bind all employers and workmen subject to this title and the jurisdiction of this title shall be governed by this regulation.

Sec. 83. Section 51.16.040, chapter 23, Laws of 1961 and RCW 51.16.040 are each amended to read as follows:

The compensation and benefits provided for occupational diseases shall be paid (~~from the same funds~~) and in the same manner as compensation and benefits for injuries under (~~the industrial insurance and medical aid acts and the contributions of employers to pay for occupational diseases shall be determined, assessed, and collected in the same manner and as a part of the premiums for employment under the mandatory or elective adoption provisions of this title~~) this title.

The director may require payments to the department from all employers under this title and may make rules and regulations in connection therewith, which costs shall be paid from the department, in lieu of the previous provisions of RCW 28B.20.458.

Sec. 85. Section 51.12.110, chapter 23, Laws of 1961 and RCW 51.12.110 are each amended to read as follows:

Any employer ((engaged in any occupation other than those enumerated or declared to be under this title, may make written application to the director to fix rates of contribution for such occupation for industrial insurance and for medical aid, and thereupon the director, through the division of industrial insurance, shall fix such rates, which shall be based on the hazard of such occupation in relation to the hazards of the occupations for which rates are prescribed. When such rate is fixed the applicant)) who has in his employment any exempt person may file notice in writing with the ((supervisor of industrial insurance)) director of his ((or its)) election to ((contribute under)) be subject to this title, and shall forthwith display in a conspicuous manner about his ((or its)) works and in a sufficient number of places to reasonably inform his ((or its)) workmen of the fact, printed notices furnished by the department stating that he ((or it)) has so elected ((to contribute to the accident fund and the medical aid fund)) and stating when said election will become effective. Any workman in the employ of such applicant shall be entitled at any time within five days after the posting of said notice by his employer, or within five days after he has been employed by an employer who has elected to become subject to this title as herein provided, to give a written notice to such employer and to the department of his election not to become subject to this title. At the expiration of the time fixed by the notice of the employer, the employer and such of his ((or its)) workmen as shall not have given such written notice of their election to the contrary shall be subject to all the provisions of this title and entitled to all of the benefits thereof: PROVIDED, That those who have heretofore complied with the foregoing conditions and are carried and considered by the department as within the purview of

this title shall be deemed and considered as having fully complied with its terms and shall be continued by the department as entitled to all of the benefits and subject to all of the liabilities without other or further action. Any employer who has complied with this section may withdraw his acceptance of liability under this title by filing written notice with the director of the withdrawal of his acceptance. Such withdrawal shall become effective thirty days after the filing of such notice or on the date of the termination of the security for payment of compensation, whichever last occurs. The employer shall, at least thirty days before the effective date of the withdrawal, post reasonable notice of such withdrawal where the affected workman or workmen work and shall otherwise notify personally the affected workmen. Withdrawal of acceptance of this title shall not affect the liability of the department or self-insurer for compensation for any injury occurring during the period of acceptance.

Sec. 86. Section 51.16.105, chapter 23, Laws of 1961 and RCW 51.16.105 are each amended to read as follows:

((The administrative expense paid from the accident fund shall not exceed four percent, and from the medical aid fund it shall not exceed one and one-half percent. But in no case shall the total expense paid from the combined receipts of both funds exceed five percent. The percentage shall be computed on the combined average annual receipts for the five previous fiscal years.))

NEW SECTION. Sec. 87. There is added to chapter 51.16 RCW a new section to read as follows:

In every case where an employer insured with the state fails or refuses to file any report of payroll required by the department and fails or refuses to pay the premiums due on such unreported payroll, the department shall have authority to estimate such payroll and collect premiums on the basis of such estimate.

If the report required and the premiums due thereon are not made within ten days from the mailing of such demand, the employer shall be in default as provided by this title and the department may have and recover judgment or file liens for such estimated premium or the actual premium, whichever is greater.

NEW SECTION. Sec. 88. Whenever the term "state fund" is used in the provisions of this 1971 amendatory act, it shall mean those funds held by the state or any agency thereof for the purposes of

this title.

NEW SECTION. Sec. 89. The following acts or parts of acts are each hereby repealed:

(1) Section 51.16.010, chapter 23, Laws of 1961 and RCW 51.16.010;

(2) Section 51.16.020, chapter 23, Laws of 1961, section 6, chapter 274, Laws of 1961 and RCW 51.16.020;

(4) Section 51.16.050, chapter 23, Laws of 1961 and RCW 51.16.050; and

NEW SECTION. Sec. 90. NEW SECTION. Sec. 91. There is added to chapter 51.98 RCW a new section to read as follows:

If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected: PROVIDED, That nothing in this section shall affect or invalidate any of the provisions of RCW 51.04.090.

Passed the House May 10, 1971.

Passed the Senate May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items and an item in section 89 which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill makes major and far-reaching revisions in the industrial insurance program administered by the Department of Labor and Industries. Upon my review of this complex bill, I have found it advisable to veto a number of items.

Veto
Message

Section 3 requires that the \$150 earnings requirement to qualify an agricultural laborer for mandatory coverage would expire at the end of 1972. Elimination of this earnings requirement would thus result in no difference between workers who are only temporarily and casually attached to an agricultural employer's work force and those workmen who are regularly a part of such work force. It is important that this minimum qualifying requirement remain in existence because of the uniquely transitory nature of much agricultural labor. Without continuation of this earnings requirement past 1972, an unduly harsh financial burden may be placed on the agricultural industry. Accordingly, I have vetoed the expiration of this qualification.

Section 13 requires, in part, the Department of Labor and Industries to pay, out of the fund contributed to by employers other than self-insurers, for traveling expenses of a workman to a medical examination requested by his employer as a self-insurer. Since this would be unjust to non-self-insuring employers, I have vetoed this item in Section 13.

In the new second paragraph of Section 13, the reference to Subsection (3) of RCW 51.32.090 was clearly erroneous and should have referred to Subsection (4). I have accordingly vetoed a portion of this new paragraph, and the remaining language does not appear to create any conflict with the provisions of any subsections of RCW 51.32.090.

Section 15 appears to require a rather complicated formula which would create administrative difficulties for the Department of Labor and Industries in determining the statewide average wage for purposes of the workmen's compensation laws. There presently exists a requirement that the Employment Security Department determine the statewide average wage under the Unemployment Compensation Law, and in view of the virtual universal workmen's compensation coverage provided by this bill, the statewide average wage of employees under workmen's compensation will be quite similar to the statewide average wage under the Unemployment Compensation Law. I see no substantial reason for two departments of state government to be independently calculating this figure, and have accordingly vetoed a large portion of Section 15 so that the Department of Labor and Industries may utilize the calculations made by the

Employment Security Department.

Veto
Message

In Section 21 the imposition of a penalty on an "employee" was not the legislative intent, because it was meant to impose a penalty on the "employer." Therefore, the entire section has been vetoed.

Section 59 requires the Department to assess self-insurers for their proportionate shares of the Department's administrative costs on the basis of the size of each self-insurer's payroll. This does not appear to be equitable. The director should, pursuant to rule-making authority, develop a formula for fairly apportioning the costs of the Department's administration among self-insurers, instead of simply using a system by which the self-insurer with the largest payroll automatically pays the largest assessment. Accordingly, I have vetoed a portion of Section 59 to enable the director to do this.

Section 89, Subsection (4) would repeal RCW 51.16.050. Said statute was the subject of a bill, Senate Bill No. 472, which amended RCW 51.16.050 to provide for an industrial insurance dividend and premium program specifically applicable to the building industry. Senate Bill No. 472 passed the House on May 3, 1971, and passed the Senate on May 4, 1971. Presumably it was the legislative intent to establish by that bill a statutory system of premiums and dividends for the building industry, and there does not appear to be any valid reason why Engrossed House Bill No. 735 should contradict that previously expressed legislative intent. Failure to veto this repealer of RCW 51.16.050 would result in confusion as to the status of that particular statute. I have accordingly vetoed Subsection (4) of Section 89.

With the exception of the items set forth above, Engrossed House Bill No. 735 is approved."

[House Bill No. 759]

AN ACT Relating to the urban arterial board and the urban arterial trust account; amending section 22, chapter 83, Laws of 1967 ex. sess. and RCW 47.26.160; amending section 23, chapter 83, Laws of 1967 ex. sess. and RCW 47.26.170; and amending section 25, chapter 83, Laws of 1967 ex. sess. as amended by section 4, chapter 171, Laws of 1969 ex. sess. and RCW 47.26.190; adding a new section to chapter 47.26 RCW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 22, chapter 83, Laws of 1967 ex. sess. and RCW 47.26.160 are each amended to read as follows:

The urban arterial board shall:

and cities.

(2) Adopt reasonably uniform design standards for city and county arterials which meet the requirements for urban development.

(3) Report (~~annually on the first day of July~~) biennially on the first day of November of the even-numbered years to the state highway commission and the joint committee on highways regarding progress of cities and counties in developing long range plans for their urban arterial construction and programming or urban arterial construction work and the allocation of urban arterial trust funds to the cities and counties.

Sec. 2. Section 23, chapter 83, Laws of 1967 ex. sess. and RCW 47.26.170 are each amended to read as follows:

~~((Prior to January 17, 1969))~~ The legislative authority of each county or city lying within or having within its boundaries an urban area shall prepare, adopt and submit to the urban arterial board a long range plan for arterial construction, taking into account the comprehensive land use plan of each such jurisdiction and setting forth arterial construction needs through ~~((the year 1985))~~ a fourteen year advance planning period. The long range arterial construction plans shall be revised by the counties and cities every two years to show the current arterial construction needs through ~~((1985))~~ a fourteen year advanced planning period and as revised shall be submitted to the urban arterial board during the first week of ~~((July))~~ January of every even-numbered year. The long range plans shall be prepared pursuant to guidelines established by the urban arterial board and with the assistance of such board and the state highway commission. Upon receipt of the long range arterial construction plans of the several counties and cities the urban arterial board shall revise the construction needs for urban arterials set forth in such plans as necessary to conform with its uniform standards for establishing construction needs of the counties and cities.

Sec. 3. Section 25, chapter 83, Laws of 1967 ex. sess. as amended by section 4, chapter 171, Laws of 1969 ex. sess. and RCW 47.26.190 are each amended to read as follows:

NEW SECTION. Sec. 4. There is added to chapter 47.26 RCW a^v

V. new section to read as follows:

The proceeds of not to exceed one-eighth of one cent tax from the seven cents excise tax specified by RCW 82.36.020 to be distributed to the state, cities and counties under the provisions of RCW 46.68.090 and 46.68.100 shall be available to be credited to the urban arterial trust account created by RCW 47.26.090 if the five-eighths of one cent tax provided by RCW 82.36.020 for the urban arterial trust account is insufficient to meet bond retirement requirements for limited obligation bonds authorized by RCW 47.26.420: PROVIDED, That any such revenues that are required for city and county bond retirement requirements shall be repaid to the motor vehicle fund for distribution pursuant to RCW 46.68.100 in the event additional revenues are made available for the city and county urban arterial program.

Passed the House May 10, 1971.

Passed the Senate May 8, 1971.

Approved by the Governor May 21, 1971 with the exception of section 4 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Section 4 of this bill was added as a floor amendment. This section authorizes the use of 1/8 of 1 cent of motor vehicle fuel taxes to pay debt service on county-city urban arterial bonds. Presently 5/8 of 1 cent of motor vehicle fuel taxes are available for debt service on up to \$200,000,000 of urban arterial bonds.

Veto
Message

As worded, the section authorizes "not to exceed one-eighth of one cent tax from the seven cents excise tax specified by RCW 82.36.020 to be distributed to the state, cities and counties . . ." for bond retirement purposes. This language could be construed as limiting the amount of motor vehicle fuel taxes available for debt service of urban arterial bonds to the original 5/8 of 1 cent plus the additional 1/8 of 1 cent or a total of 3/4 of 1 cent of taxes. As in the case of all motor vehicle fund bonds, the entire motor vehicle fuel taxes are pledged to pay these bonds by existing statute. Conservative bond counsel would be concerned that the section would reduce the tax revenues pledged to pay debt service from that produced by the 9 cents of motor vehicle fuel taxes to a mere 3/4 of 1 cent. Accordingly, I have vetoed Section 4.

With the exception of Section 4, House Bill 759 is ^{Veto} approved." _{Message}

To vote against the same, place a cross (x) on the line opposite the word 'no'."

Any person of the age of (~~twenty-one~~) eighteen years, being a citizen of the United States and a resident of the state of Washington, and who holds title to land or evidence of title to land embraced within the boundaries of said distribution district, shall be entitled to vote at said election. Additional qualifications for voting required by the general election laws of the state shall not

apply: PROVIDED, That where the title or evidence of title to community land is held by the husband or the wife, both members of such community shall be entitled to vote: PROVIDED, FURTHER, That at any election held under the provisions of this chapter, an officer or agent of any corporation owning land in the district, duly authorized thereto in writing, may cast a vote on behalf of said corporation; when so voting he shall file with the election officers such written instrument of his authority, and such officer or agent shall be deemed an elector within the meaning of this chapter. After service and return of process against ~~((an infant defendant))~~ a defendant under the age of eighteen years, the action shall not be further prosecuted, until a guardian for such ~~((infant))~~ defendant shall have been appointed. Upon the request of such defendant, the justice shall appoint some person who shall consent thereto in writing, to be guardian of the defendant in defense of the

action; and if the defendant shall not appear on the return day of the process, or if he neglect or refuse to nominate such guardian, the justice may, at the request of the plaintiff, appoint any discreet person as such guardian. The consent of the guardian or next friend shall be filed with the justice; and such guardian for the defendant shall not be liable for any costs in the action.

NEW SECTION. Sec. 77. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

Passed the House May 10, 1971.

Passed the Senate May 9, 1971.

Approved by the Governor May 21, 1971 with the exception of three sections which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill adopts a comprehensive modification of provisions throughout our law which establish age requirements and qualifications for certain purposes. The effect of this bill is to lower the legal age of majority in most instances from twenty-one to eighteen years of age. In a bill of this scope it is not surprising that certain inconsistencies occur with respect to bills already passed during this session.

Veto
Message

Section 40 of this bill purports to lower the age below which service must be made upon guardians of minor owners of real property in certain condemnation actions. This section was repealed by House Bill 211 (Chapter 76, Laws of 1971). I am therefore vetoing section 40 to conform to the prior enactment.

Likewise section 59 of ESHB 309 lowers the age below which service must be made on guardians in certain instances. This section was also repealed by House Bill 211. I have vetoed section 59 of this bill.

House Bill 416 amended RCW 74.16.030 to eliminate any age requirements as a condition to eligibility for Aid to the Blind assistance. Section 67 of ESHB 309 reduces this age requirement from twenty-one to eighteen. Accordingly I have vetoed section 67 of this bill to conform to the specific legislative intent as to eligibility for Aid to the Blind.

With the exception of sections 40, 59 and 67, the remainder of the bill is approved." Veto

SOLID WASTE COLLECTION--

PLANS--CREATION OF--DISTRICTS AUTHORIZED--
COLLECTION OF FEES BY COUNTIES

AN ACT Relating to solid waste collection; amending section 9, chapter 134, Laws of 1969 ex. sess. and RCW 70.95.090; adding new sections to chapter 36.32 RCW; repealing section 1, chapter 155, Laws of 1933 as amended by section 1, chapter 98, Laws of 1941 and RCW 55.04.010; repealing sections 2 through 7, chapter 155, Laws of 1933 and RCW 55,04.020, 55.04.030, 55.08.010, 55.08.020, 55.12.010 and 55.12.020; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 9, chapter 134, Laws of 1969 ex. sess. and RCW 70.95.090 are each amended to read as follows:

Each county and city solid waste management plan shall include the following:

(1) A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.

(2) The estimated long-range needs for solid waste handling facilities projected twenty years into the future.

(3) A program for the orderly development of solid waste handling facilities in a manner consistent with the plans for the entire county which shall:

(a) Meet the minimum functional standards for solid waste handling adopted by the department and all laws and regulations relating to air and water pollution, fire prevention, flood control, and protection of public health;

(b) Take into account the comprehensive land use plan of each jurisdiction;

(c) Contain a six year construction and capital acquisition program for solid waste handling facilities; and

(d) Contain a plan for financing both capital costs and operational expenditures of the proposed solid waste management system.

(4) A program for surveillance and control.

(5) A current inventory and description of solid waste

collection needs and operations within each respective jurisdiction which shall include:

(a) Any franchise for solid waste collection granted by the utilities and transportation commission in the respective jurisdictions including the name of the holder of the franchise and the address of his place of business and the area covered by his operation;

(b) Any city solid waste operation within the county and the boundaries of such operation;

(c) The population density of each area serviced by a city operation or by a franchised operation within the respective jurisdictions;

(d) The projected solid waste collection needs for the respective jurisdictions for the next six years.

NEW SECTION. Sec. 2. There is added to chapter 36.32 RCW a new section to read as follows:

Any county legislative authority may establish solid waste collection districts within the county boundaries for the mandatory collection of solid waste: PROVIDED, That no such district shall include any area within the corporate limits of any city or town without the consent of the legislative authority of the city or town. Such districts may be established only after approval of a coordinated, comprehensive solid waste management plan adopted pursuant to chapter 134, Laws of 1969 ex. sess. and chapter 70.95 RCW or pursuant to another solid waste management plan adopted prior to effective date of this 1971 amendatory act or within one year thereafter. The legislative authority of the county may modify or dissolve such district after a hearing as provided for in this 1971 amendatory act.

NEW SECTION. Sec. 3. There is added to chapter 36.32 RCW a new section to read as follows:

The county legislative authority proposing to establish a solid waste collection district or to modify or dissolve an existing solid waste collection district shall conduct a hearing at the time and place specified in a notice published at least once not less than ten days prior to the hearing in a newspaper of general circulation within the county. Additional notice of such hearing may be given by mail, posting on the property, or in any manner local authorities deem necessary to notify adjacent landowners and the public. All hearings shall be public and the legislative authority shall hear objections from any person affected by the formation of the solid waste collection district and make such changes in the boundaries of the district or any other modifications of plans that the legislative authority deems necessary.

NEW SECTION. Sec. 4. There is added to chapter 36.32 RCW a

new section to read as follows:

No solid waste collection district shall be established in an area within the county boundaries unless the county legislative authority, after the hearing regarding formation of such district, determines from that hearing that mandatory solid waste collection is in the public interest and necessary for the preservation of public health. Such determination by the county legislative authority shall require the utilities and transportation commission to investigate and make a finding as to the ability and willingness of the existing garbage and refuse collection companies servicing the area to provide the required service.

If the utilities and transportation commission finds that the existing garbage and refuse collection company or companies are unable or unwilling to provide the required service it shall proceed to issue a certificate of public need and necessity to any qualified person or corporation in accordance with the provisions of RCW 81.77.040.

The utilities and transportation commission shall notify the county legislative authority within sixty days of its findings and actions and if no qualified garbage and refuse collection company or companies are available in the proposed solid waste collection district, the county legislative authority may provide county garbage and refuse collection services in the area and charge and collect reasonable fees therefor. The county shall not provide service in any portion of the area found by the utilities and transportation commission to be receiving adequate service from an existing certificated carrier unless the county shall acquire the rights of such existing certificated carrier by purchase or condemnation.

NEW SECTION. Sec. 5. In the event that any county or municipality shall extend public solid waste collection service to any area already served by a refuse collection company holding a certificate as required by RCW 81.77.040, it shall by purchase or condemnation acquire at the fair market value, from the person holding the existing certificate for providing the services, that portion of the operating authority and equipment representing the services within the area of public operation.

NEW SECTION. Sec. 6. There is added to chapter 36.32 RCW a new section to read as follows:

If any garbage and refuse collection company certified by the utilities and transportation commission which operates in any solid waste collection district fails to collect any fees due and payable to it for garbage and refuse collection services, such company may request the county to collect such fees. Upon the collection of such fees, the county shall pay one-half of the fees actually collected to the garbage and refuse collection company entitled to receive such

and shall deposit the remaining one-half in the county general fund.

When the county undertakes to collect such fees as requested by the garbage and refuse collection companies, the county shall be subrogated to all of the rights of such companies. Any such fees which the county fails to collect shall become liens on the real or personal property of the persons owing such fees and the county may take all appropriate legal action to enforce such liens.

NEW SECTION. Sec. 7. Nothing contained in the provisions of this 1971 amendatory act shall detract from the powers, duties, and functions given to the utilities and transportation commission in chapter 81.77 RCW.

NEW SECTION. Sec. 8. The following acts or parts of acts are each hereby repealed:

(1) Section 1, chapter 155, Laws of 1933 as amended by section 1, chapter 98, Laws of 1941 and RCW 55.04.010;

(2) Sections 2 through 7, chapter 155, Laws of 1933 and RCW 55.04.020, 55.04.030, 55.08.010, 55.08.020, 55.12.010 and 55.12.020.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 10, 1971.

Passed the House May 9, 1971.

Approved by the Governor May 21, 1971 with the exception of section 5 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Section 5 provides that any county or municipality which extends public solid waste collection service to any area already served by a refuse collection company must acquire by purchase or condemnation the operating authority and equipment of the private operator. Veto
Message

I have determined to veto section 5. The provisions of section 5 do not answer such questions as how a total "operating authority" would be valued or condemned, or how, if at all, the operating authority and equipment can be severed, if a municipality desires to serve a portion (either geographical or by class of customer) of an area.

Further, the impact of section 5 on cities and towns on one hand and counties on the other is unclear. Cities and towns presently have full authority to collect garbage and

refuse and to contract with a company for that purpose. Outside of cities and towns certificates of public convenience and necessity are issued to operators by the state. These relationships are not made clear since there is no precise meaning to the phrase "extend public solid waste collection", as used in section 5. If section 5 is applied within a city it may well convert a standard contract for garbage service into one with a guaranteed settlement procedure requiring the city to buy equipment it may not need or use along with goodwill, etc., which may be of no value to the city. If section 5 is applied to areas outside of a city then that territory is being served by a bonafide certificate holder and his property may not now be taken from him without just compensation under law.

Veto
Message

Consequently, section 5 is unnecessary outside of cities and towns because the parties are protected under law already and there does not appear to be any clear justification for its application within cities and towns.

For these reasons, I have vetoed section 5. The remainder of Senate Bill 52 is approved."

[Substitute Senate Bill No. 849]

TAXATION OF TIMBER AND FOREST LANDS

AN ACT Relating to revenue and taxation of timber and forest lands; amending section 28A.41.130, chapter 223, Laws of 1969 ex. sess. as amended by section 2, chapter 138, Laws of 1969 and RCW 28A.41.130; adding new sections to chapter 15, Laws of 1961 and to Titles 82 and 84 RCW; adding a new section to chapter 15, Laws of 1961 and to chapter 82.04 RCW; creating a new chapter in Title 84 RCW; creating new sections; repealing sections 4 and 5, chapter 249, Laws of 1963 and RCW 84.40.034 and 84.40.035; providing effective dates; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

As a result of the study and analysis of systems of taxation of standing timber and forest lands by the forest tax committee pursuant to Senate Concurrent Resolution No. 30 of the 41st session

of the legislature, and the recommendations of the committee based thereon, the legislature hereby finds that:

(1) The public welfare requires that this state's system for taxation of timber and forest lands be modernized to assure the citizens of this state and its future generations the advantages to be derived from the continuous production of timber and forest products from the significant area of privately owned forests in this state. It is this state's policy to encourage forestry and restocking and reforestation of such forests so that present and future generations will enjoy the benefits which forest areas provide in enhancing water supply, in minimizing soil erosion, storm and flood damage to persons or property, in providing a habitat for wild game, in providing scenic and recreational spaces, in maintaining land areas whose forests contribute to the natural ecological equilibrium, and in providing employment and profits to its citizens and raw materials for products needed by everyone.

(2) The combination of variations in quantities, qualities and locations of timber and forest lands, the fact that market areas for timber products are nation-wide and world-wide and the unique long term nature of investment costs and risks associated with growing timber, all make exceedingly difficult the function of valuing and assessing timber and forest lands.

(3) The existing ad valorem property tax system is unsatisfactory for taxation of standing timber and forest land and will significantly frustrate, to an ever increasing degree with the passage of time, the perpetual enjoyment of the benefits enumerated above.

(4) For these reasons it is desirable, in exercise of the powers to promote the general welfare and to impose taxes; that

(a) the ad valorem system for taxing timber be modified and discontinued in stages over a three year period during which such system will be replaced by one under which timber will be taxed on the basis of stumpage value at the time of harvest, and

(b) forest land remain under the ad valorem taxation system but be taxed only as provided in this 1971 amendatory act.

NEW SECTION. Sec. 2. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

Lands not heretofore so classified, which are primarily devoted to and used for growing and harvesting timber are hereby classified as lands devoted to reforestation and such lands and timber shall be taxed in accordance with the provisions of this 1971 amendatory act.

NEW SECTION. Sec. 3. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

For purposes of this chapter:

(1) "Timber county" means any county within which timber is located.

(2) "Timber" means forest trees, standing or down, on privately owned land, and except as provided in section 17 of this 1971 amendatory act includes Christmas trees.

NEW SECTION. Sec. 4. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

Commencing as of January 1, 1972 with respect to taxes payable in 1973, except as provided in section 5 of this act, timber shall be exempt from ad valorem taxation.

NEW SECTION. Sec. 5. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

(1) In preparing the assessment roll as of January 1, 1971 for taxes payable in 1972, the assessor of each timber county shall list all timber within such county on January 1, 1971 at the 1970 timber value. For each year commencing with 1972, the assessor of each timber county shall prepare a timber roll, which shall be separate and apart from the assessment roll, listing all timber within such county on January 1, 1972 at values determined as follows:

(a) For the five years commencing with 1972, the value shall be the 1970 timber value;

(b) For each succeeding five year period, the first of which commences on January 1, 1977, the value shall be such 1970 timber value increased or decreased in proportion to the percentage change, if any, which has occurred between the last year of the preceding five year period and 1973 in the average stumpage value per unit of measure of all timber harvested in such county. Such percentage change shall be determined by the department of revenue on the basis of information contained in the excise tax returns filed pursuant to section 7 of this act.

(2) As used in subsection (1) of this section, "1970 timber value" means the value for timber calculated in the same manner and using the same values and valuation factors actually used by such assessor in determining the value of timber for the January 1, 1970 assessment roll, except that if a revised schedule of such values and valuation factors was applied to some but not all timber in a county for the January 1, 1970 assessment roll, such revised schedule shall be used by the assessor for any timber revalued for the 1971 or 1972 assessment rolls, and except that if the value of timber in any county on January 1, 1970 was not separately determined and shown on such assessment roll, 1970 timber value shall mean the value reconstructed from available records and information in accordance with rules to be prescribed by the department of revenue.

(3) The assessor of each timber county shall add to the assessment roll showing values of property as of January 1 of the

years listed below, an "assessed valuation" of the portion, indicated below opposite each such year, of the value of timber as shown on the timber roll for such year. Such assessed valuation shall be calculated by multiplying such portion of the timber roll by the assessment ratio applied generally by such assessor in computing the assessed valuation of other property in his county. The millage rates, calculated pursuant to section 6 of this act for each taxing district within which there was timber on January 1 of such year, shall be extended against such "assessed valuation" of timber within such district as well as against the assessed value of all other property within such district as shown on such assessment roll.

<u>YEAR</u>	<u>PORTION OF TIMBER ROLL</u>
1972	75%
1973	45%
1974 and thereafter	None

NEW SECTION. Sec. 6. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

In each year commencing with 1972 and ending with 1980, solely for the purpose of determining, calculating and fixing, pursuant to chapter 84.52 RCW, the millage rates for all regular and excess levies for the state and each timber county and taxing district lying wholly or partially in such county within which there was timber on January 1 of such year, the assessor of such timber county shall, for each such district, add to the amount of the "assessed valuation of the property" of all property other than timber the product of:

(a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with section 5 of this act for such year; and

(b) The assessment ratio applied generally by such assessor in computing the assessed value of other property in his county:

<u>YEAR</u>	<u>PORTION OF TIMBER ROLL</u>
1972 through 1977	100%
1978	75%
1979	50%
1980	25%
1981 and thereafter	None

NEW SECTION. Sec. 7. There is added to chapter 15, Laws of 1961 and to chapter 82.04 RCW a new section to read as follows:

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax with respect to such business shall be equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows:

(a) For timber harvested between October 1, 1972 and September 30, 1973 inclusive, the rate shall be one and two-tenths percent;

(b) For timber harvested between October 1, 1973 and September 30, 1974 inclusive, the rate shall be determined and fixed by the first session of the legislature commencing on or after January 1, 1972, whether regular or extraordinary, in accordance with the purposes and intent of section 18 of this 1971 amendatory act.

(c) For timber harvested on or after October 1, 1974, the rate shall be determined and fixed by the first session of the legislature commencing on or after January 1, 1972, whether regular or extraordinary, in accordance with the purposes and intent of section 18 of this 1971 amendatory act.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own privately owned land or from the privately owned land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down on privately owned land, and except as provided in section 17 of this 1971 amendatory act includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) On or before July 1, 1972 and as necessary thereafter, the department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Before September 1, 1972 for use during the fourth quarter of 1972 and all of 1973, and before December 1 of each year commencing with 1973, for use during the succeeding year, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar

quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blowdown, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax.

V- The area designations and stumpage value tables and any revisions thereof shall be subject to approval by the forest tax committee established pursuant to section 13 of this 1971 amendatory act. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before October 31, 1972, with respect to stumpage values set by the department of revenue for the fourth quarter of 1972 and all of 1973, and on or before January 31 of each succeeding year commencing with 1974, with respect to stumpage values set by the department of revenue for such year, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax fund A and a state timber tax fund B, separate and apart from the state general fund. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax fund A and state timber tax fund B as follows:

<u>YEAR OF COLLECTION</u>	<u>FUND A</u>	<u>FUND B</u>
1973 through 1978	100%	0%
1979	75%	25%
1980	50%	50%
1981	25%	75%
1982 and thereafter	0%	100%

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and December 31, 1974 inclusive. The revenues from such surtax shall be deposited in a separate fund designated the state timber reserve fund, which is hereby created in the state treasury separate and

apart from the state general fund. Such surtax shall be reimposed for one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve fund pursuant to subsection (3) of section 8 of this act reduce the balance in such fund to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before each such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

(10) Subsection (1) of this section is enacted to be fully effective commencing upon the effective date of this 1971 amendatory act, even though all rates of tax are not specified. The forest tax committee established pursuant to section 18 of this 1971 amendatory act shall, as its first priority and in addition to its other responsibilities, develop a recommendation with respect to rates for presentation to the first session of the legislature commencing on or after January 1, 1972, whether regular or extraordinary.

NEW SECTION. Sec. 8. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

(1) On or before December 15 of each year commencing with 1972 and ending with 1980, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate millage rate calculated pursuant to section

6 of this act and actually utilized the immediately preceding October in extending property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate millage rate and the appropriate portion listed below of the timber roll for such year ((a) above):

<u>YEAR</u>	<u>PORTION OF TIMBER ROLL</u>
1972	25%
1973	55%
1974 through 1977	100%
1978	75%
1979	50%
1980	25%

On or before December 31 of each year commencing with 1972 and ending with 1980, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the tenth day of the second month of each calendar quarter, commencing February 10, 1973 and ending November 10, 1981, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax fund A collected upon timber harvested in the preceding calendar quarter, but in no event shall any quarterly payment to a taxing district, when added to the payments made to such district the previous quarters of the same year, exceed the timber factor for such district determined in December of the preceding year. The balance in state timber tax fund A, if any, after the distribution to taxing districts on November 10 each year commencing with 1973 and ending with 1981, shall be transferred to the state timber reserve fund.

(3) If the balance in state timber tax fund A immediately prior to such November 10 distribution to taxing districts is not sufficient to permit a payment which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber reserve fund to state timber tax fund A.

(4) The balance, if any, in the state timber reserve fund after the final transfer, if any, to or from state timber tax fund A in November of 1981, shall be transferred to state timber tax fund B

on December 31, 1981, and one-fourth of such balance shall be distributed in each quarter of 1982 in the manner set forth in subsection (6) of this section.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate millage rate calculated pursuant to section 6 of this act and chapter 84.52 RCW and actually utilized the immediately preceding October in extending property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate millage rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

(6) On the tenth day of the second month of each calendar quarter commencing February 10, 1979, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion (determined in December of the preceding year pursuant to subsection (5) of this section) of the amount in state timber tax fund B collected upon timber harvested in the preceding calendar quarter.

NEW SECTION. Sec. 9. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

For the purpose of calculating the limit of indebtedness which may be incurred by any taxing district, the value of the taxable property of any taxing district, as that term is used in chapter 39.36 RCW and any other statutes governing limitation of indebtedness of taxing districts, shall include the value of timber as shown from time to time on the timber roll prepared in accordance with section 5 of this act.

NEW SECTION. Sec. 10. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

As used in sections 11 through 15 of this act:

(1) "Forest land" is synonymous with timberland and means all land in any contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber and means the land only.

(2) "Owner" means the party or parties having the fee interest in land, except where land is subject to a real estate contract

"owner" means the contract vendee.

NEW SECTION. Sec. 11. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

V- On or before September 1, 1971, subject to approval by the forest tax committee established pursuant to section 18 of this act, the department of revenue shall promulgate rules in accordance with chapter 34.04 RCW setting forth criteria and procedures for grading forest land on the basis of its quality, accessibility and topography. Three general quality classes shall be established which shall be "good", "average" and "poor". Within each of the three general quality classes, four classes of accessibility and topography shall be established which shall be "favorable", "average", "difficult" and "inoperable". On or before March 1, 1972 each assessor shall grade all forest land within his county, in accordance with such rules. Land not initially so graded but later designated as forest land pursuant to subsection (3) of section 12 of this act or section 13 of this act, or otherwise determined to be forest land, shall be graded in accordance with such rules.

NEW SECTION. Sec. 12. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

V- (1) On or before March 1, 1972 and January 1 of each year commencing with 1973, subject to approval by the forest tax committee established pursuant to section 18 of this act and after compliance with the procedures set forth in chapter 34.04 RCW for adoption of rules, the department of revenue shall determine the true and fair value of each grade of forest land and shall certify such values to the county assessors. Such values shall be determined on the basis that the only use of the land is for growing and harvesting timber, and other potential uses shall not be considered in fixing such values.

(2) In preparing the assessment rolls as of January 1, 1971 for taxes payable in 1972, the assessor shall list each parcel of forest land at a value not to exceed the value used on the 1970 assessment roll for such land. In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him by the department of revenue, and he shall compute the assessed value of such land by using the same assessment ratio he applies generally in computing the assessed value of other property in his county.

(3) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in section 11 of this 1971 amendatory act and subsections (1) and (2) of this section, and which has, in the immediately preceding year, been assessed and valued by the assessor

as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of section 13 of this 1971 amendatory act. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application with due regard to all relevant evidence without any one or more items of evidence necessarily being determinative.

(4) The assessor may in any year commencing with 1972 discontinue assessing and valuing pursuant to the procedures set forth in section 11 of this 1971 amendatory act and subsections (1) and (2) of this section any land, except designated forest land, for which a higher and better use exists than growing and harvesting timber. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (3) of this section or section 13 of this 1971 amendatory act.

NEW SECTION. Sec. 13. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

(1) An owner of land desiring that it be designated as forest land and valued pursuant to section 12 of this act as of January 1 of any year commencing with 1972 shall make application to the county assessor before such January 1.

(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

(a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;

(b) The date or dates of acquisition of such land;

(c) A brief description of the timber on such land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for such land;

(e) If so, the nature and extent of implementation of such plan;

(f) Whether such land is used for grazing;

(g) Whether such land has been subdivided or a plat filed with respect thereto;

(h) Whether a permit for cutting on such land has been granted pursuant to RCW 76.08.030;

(i) Whether such land is subject to fire patrol assessments pursuant to RCW 76.04.360;

(j) Whether such land is subject to a lease, option or other right which permits it to be used for any purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative. The application shall be deemed to have been approved unless, prior to May 1 of the year after such application was mailed or delivered to the assessor, he shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his application has been denied may appeal such denial to the county board of equalization.

NEW SECTION. Sec. 14. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

(1) When land has been designated as forest land pursuant to subsection (3) of section 12 of this act or section 13 of this act, a notation of such designation shall be made each year upon the assessment and tax rolls and such land shall be graded and valued pursuant to sections 11 and 12 of this act until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Passage of sixty days following the sale or transfer of such land to a new owner without receipt of an application pursuant to section 13 of this act from the new owner;

(c) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that such land is no longer primarily devoted to and used for growing and harvesting timber.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal, commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real

property is assessed generally in that county. Except as provided in subsection (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer on or before April 30 of the following year. On or before May 31 following such assessment date, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:

(a) The difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the millage rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Any compensating tax unpaid on its due date shall thereupon become delinquent and together with applicable interest thereon, shall as of said date become a lien on such land which shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in such land.

NEW SECTION. Sec. 15. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

The value of forest land entered on the assessment and tax rolls of any county shall include only the value of the land and shall not include any value attributable to any timber thereon.

NEW SECTION. Sec. 16. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

Land approved for classification pursuant to RCW 84.28.020 or RCW 84.32.030 prior to the effective date of this 1971 amendatory act

under chapter 84.28 RCW as reforestation lands or under chapter 84.32 RCW as forest lands, and the timber on such lands, shall be assessed and taxed in accordance with the applicable provision of those chapters and shall not be subject to this act. However, after the effective date of this 1971 amendatory act, no additional land shall be classified under chapter 84.28 or 84.32 RCW.

NEW SECTION. Sec. 17. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

Notwithstanding any provision of this chapter or section 7 of this 1971 amendatory act to the contrary, this chapter shall not exempt from the ad valorem tax nor subject to the excise tax imposed by section 7 of this act, Christmas trees which are grown on land which has been prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising such Christmas trees, and such land on which such Christmas trees stand shall not be taxed as provided in sections 10 through 15 of this act.

NEW SECTION. Sec. 18. There is added to chapter 15, Laws of 1961 and to Title 84 RCW a new section to read as follows:

(1) There is hereby created a committee to be known as the forest tax committee, which shall consist of eleven members: Two senators, one from each political party, to be appointed by the president of the senate; two representatives, one from each political party, to be appointed by the speaker of the house of representatives; two county assessors to be selected by the four appointed legislative members from a list of five assessors to be submitted by the Washington state association of county assessors; the director of the department of revenue or his designated representative; the commissioner of public lands or his designated representative; the superintendent of public instruction or his designated representative and two representatives of private timber or timber land owners throughout the state to be selected by the four appointed legislative members from a list of five such representative persons submitted by the Washington forest protection association. Members shall be appointed and selected on or before June 30 of every odd-numbered year to serve two year terms. Except for such designees as the director of the department of revenue or the commissioner of public lands might appoint, membership shall not be dependent upon continuance in elective office or other status that may be required for initial qualification as a member, and should any vacancy occur, it shall be filled in the same manner as for the original appointment. Certificates of appointment of members shall be filed by the legislative members so appointing in the office of the president of the senate and in the office of the speaker of the

house.

(2) The initial meeting of the forest tax committee each odd-numbered year shall be held within thirty days after the filing of all certificates of appointment, notice thereof to be given to the director of the department of revenue, and shall be called by the director of the department of revenue who shall act as temporary chairman. At such first meeting, the committee shall elect a chairman and a vice chairman. The chairman shall appoint a secretary and such other staff as the legislative members of the committee deem necessary.

(3) Except for the director of the department of revenue and the commissioner of public lands or their designees who shall receive expenses as provided in RCW 43.03.050 and 43.03.060, as now or hereafter amended, members of the committee shall receive allowances while attending meetings of the committee or while engaged in other committee business in the amount provided in RCW 44.04.120, as now or hereafter amended. All expenses incurred by the committee or the members thereof shall be paid upon voucher forms signed by the chairman of the committee. Vouchers shall be drawn upon funds appropriated generally by the legislature for legislative expenses or upon any special appropriation which may be provided by the legislature for the expenses of the committee.

(4) The duties and responsibilities of the committee shall include, without limitation, the following:

(a) A continuing review of the provisions of this 1971 amendatory act, including the tax rate provisions, and the implementation thereof to determine the need for any revision, and preparation of any needed legislation;

(b) Review of chapters 84.28, 84.32, 84.34 RCW and any other laws relating to taxation of timber and forest land, and preparation of legislation for introduction in the 1973 session of the legislature to integrate into this 1971 amendatory act the taxation of forest lands and timber classified and taxed under such laws;

(c) Supervision and control of the activities of any consultants retained by the committee for preparation of any special studies or reports;

(d) Preparation of a report summarizing committee actions and findings for submission to each regular session of the legislature.

Sec. 19. Section 28A.41.130, chapter 223, Laws of 1969 ex. sess. as amended by section 2, chapter 138, Laws of 1969 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, other than the proceeds of the state property tax, the state superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each

school district of the state operating a program approved by the state board of education, an amount which, when combined with the following revenues, will constitute an equal guarantee in dollars for each weighted student enrolled, based upon one full school year of one hundred eighty days:

(1) Eighty-five percent of the amount of revenues which would be produced by a levy of fourteen mills on the assessed valuation of taxable property within the school district adjusted to twenty-five percent of true and fair value thereof as determined by the state department of revenue's indicated county ratio: PROVIDED, That in each of the calendar years 1968 and 1969 the funds otherwise distributable under this section to any school district which is collecting property taxes based upon a levy of less than five-sixths of the maximum levy permissible for the district for such year under RCW 84.52.050 shall be reduced by an amount equal to the difference between the proceeds of the actual school district tax levy in the district and the proceeds which five-sixths of such maximum permissible levy for the district would produce irrespective of any delinquencies: PROVIDED, FURTHER, That the funds otherwise distributable under this section to any school district for any year other than the calendar years 1968 and 1969 shall be reduced by the difference between the proceeds from the actual school district tax levy in the district and the amount the maximum levy permissible for the district under RCW 84.52.050 would produce irrespective of any delinquencies; and

(2) The receipts from the one percent tax on real estate transactions which may be imposed pursuant to chapter 28A.45 RCW: PROVIDED, That the funds otherwise distributable under this section to any school district in any county which does not impose a tax in the full amount authorized by chapter 28A.45 RCW shall be reduced by five percent; and

(3) Eighty-five percent of the maximum receipts collectible from the high school district fund pursuant to chapter 28A.44 RCW; and

(4) Eighty-five percent of the receipts from public utility district funds distributed to school districts pursuant to RCW 54.28.090; and

(5) Eighty-five percent of the receipts from federal forest revenues distributed to school districts pursuant to RCW 36.33.110; and

(6) Eighty-five percent of the proportion of the receipts from the tax imposed pursuant to section 7 of this 1971 amendatory act upon harvesters of timber equal to the proportion that the millage rate for the regular property tax levy for such school district pursuant to RCW 84.52.050 bears to the aggregate millage rate for all

property tax levies for such school district, both regular and excess; and

(7) Eighty-five percent of such other available revenues as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support.

NEW SECTION. Sec. 20. The following acts or parts of acts are each repealed:

(1) Section 4, chapter 249, Laws of 1963 and RCW 84.40.034; and

(2) Section 5, chapter 249, Laws of 1963 and RCW 84.40.035.

NEW SECTION. Sec. 21. Sections 1 through 6 and 8 through 18 shall constitute a new chapter in Title 84 RCW.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 7, 1971.

Passed the House May 6, 1971.

Approved by the Governor May 21, 1971 with the exception of three items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill constitutes a comprehensive new program for the taxation of timber and timber lands, by phasing out the taxation of timber under the property tax system and placing timber on an excise tax system based upon yield. The bill also provides that timber lands shall remain under the property tax system, but that the valuation of such lands shall be on the basis of their actual use, i.e., the growing and harvesting of timber.

Veto
Message

The act further provides, with respect to the valuation of such lands and the timber thereon that responsibility for making the valuations will be in the Department of Revenue. However, it is also provided that the decisions of the department in carrying out its responsibility under the bill can become effective only upon approval of the forest tax committee established pursuant to section 18 of the bill.

I believe that the full responsibility for the valuation process should be solely with a department of the executive branch of government, and that the functions of the

forest tax committee, the majority of which will consist of legislators and representatives of the timber industry, should be limited to those specified in sections 7(10) and 18. Undoubtedly the committee will be in a position to give valuable advice to the department with respect to the valuation process, and I believe that the role of the committee in the valuation process should be limited to that function.

Veto
Message

In addition it should be noted that the eligibility of members of the 42nd Legislature to serve as members of the forest tax committee is open to serious constitutional question without these vetoes; see Oceanographic Commission v. O'Brien, 74 Wn.2d 904 (1968).

For these reasons, I have vetoed those items of the bill which give the committee the approval function described above.

With the exception of these three items, Engrossed Substitute Senate Bill No. 849 is approved."

CHAPTER 295

[Engrossed Senate Bill No. 108]

CRIMES--

CONCURRENT AND CONSECUTIVE SENTENCES

AN ACT Relating to crimes and punishment; and amending section 33, chapter 249, Laws of 1909 as amended by section 2, chapter 109, Laws of 1925 ex. sess. and RCW 9.92.080; and adding a new section.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 33, chapter 249, Laws of 1909 as amended by section 2, chapter 109, Laws of 1925 ex. sess. and RCW 9.92.080 are each amended to read as follows:

((Whenever a person shall be convicted of two or more offenses before sentence has been pronounced for either, the imprisonment to which he is sentenced upon the second or other subsequent conviction shall commence at the termination of the first or other prior term or terms of imprisonment to which he is sentenced; and)) From and after the effective date of this 1971 amendatory act:

(1) Whenever a person while under sentence of felony shall commit another felony and be sentenced to another term of

imprisonment, such latter term shall not begin until the expiration of all prior terms: PROVIDED, That any person granted probation pursuant to the provisions of RCW 9.95.210 and/or 9.92.060 shall not be considered to be under sentence of a felony for the purposes of this subsection.

(2) Whenever a person is convicted of two or more offenses ((set forth as separate counts in one indictment or information the court may, in pronouncing sentence, provide that sentences therefor shall run concurrently)) which arise from a single act or omission, the sentences imposed therefor shall run concurrently, unless the court, in pronouncing sentence, expressly orders the service of said sentences to be consecutive.

(3) In all other cases, whenever a person is convicted of two or more offenses arising from separate and distinct acts or omissions, and not otherwise governed by the provisions of subsections (1) and (2) of this section, the sentences imposed therefor shall run consecutively, unless the court, in pronouncing the second or other subsequent sentences, expressly orders concurrent service thereof.

(4) The sentencing court may require the secretary of the department of social and health services, or his designee, to provide information to the court concerning the existence of all prior judgments against the defendant, the terms of imprisonment imposed, and the status thereof.

NEW SECTION. Sec. 2. No court shall suspend or defer the sentence of any person having been convicted of selling or attempting to sell narcotic or dangerous drugs for profit.

Passed the Senate May 10, 1971.

Passed the House May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of one item which was vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Section one of this bill clarifies and makes more equitable the law relating to concurrent and consecutive sentencing when persons are convicted of two or more offenses.

Veto
Message

Section 2 of the bill provides that no court shall suspend or defer the sentence of any person having been convicted of selling or attempting to sell narcotic or dangerous drugs for profit. I have determined to veto section 2 however, in so doing, I wish to make very clear

Veto

that I have no sympathy for those who sell or attempt to sell narcotic or dangerous drugs, nor do I, in any way, mean to infer that the law should not deal strictly with such persons. However, I have had to veto this section for technical reasons. Second Substitute Senate Bill No. 146, the Uniform Controlled Substances Act, which I have signed into law, replaces and repeals the previous laws of this state relating to narcotic or dangerous drugs. The new law does not define narcotic or dangerous drugs but sets up five classifications of controlled substances. There is, as a consequence, no definition to which section 2 of SB 108 can refer. Furthermore, SSSB 146 does not at any point define sale or attempted sale either for profit or without profit as a crime. Delivery is defined as a criminal violation but sale is not. As a consequence, once again, there is nothing in this aspect to which section 2 of SB 108 can refer. Section 2 is thus technically deficient and would create confusion and ambiguity in the law.

For these reasons, but with the hope that appropriate controls of the problems of drug trafficking and drug abuse will continue to be acted upon by the legislature, as done in SSSB 146 and SB 273, I have vetoed section 2 of SB 108 and have approved section 1."

[Engrossed Senate Bill No. 691]
FINANCING OF PUBLIC TRANSPORTATION SERVICE

AN ACT Relating to revenue and taxation and public transportation; amending section 2, chapter 111, Laws of 1965 ex. sess. as last amended by section 2, chapter 255, Laws of 1969 ex. sess. and RCW 35.95.020; amending section 4, chapter 111, Laws of 1965 ex. sess. and RCW 35.95.040; amending section 5, chapter 111, Laws of 1965 ex. sess. as amended by section 66, chapter 145, Laws of 1967 ex. sess. and RCW 35.95.050; amending section 6, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.050; amending section 7, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.060; creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The legislature finds that adequate public transportation systems are necessary to the economic, industrial and cultural development of the urban areas of this state

and the health, welfare and prosperity of persons who reside or are employed in such areas or who engage in business therein and such systems are increasingly essential to the functioning of the urban highways of the state. The legislature further finds and declares that fares and tolls for the use of public transportation systems cannot maintain such systems in solvent financial conditions and at the same time meet the need to serve those who cannot reasonably afford or use other forms of transportation. The legislature further finds and declares that additional and alternate means of financing adequate public transportation service are necessary for the cities, metropolitan municipal corporations and counties of this state which provide such service.

NEW SECTION. Sec. 2. There is added to chapter 82.14 RCW a new section to read as follows:

The governing body upon written request by the mayor or other executive officer of any city within a class AA county, a class AA county or any metropolitan municipal corporation within a class AA county, which owns and operates a public transportation system, while not required by legislative mandate to do so, may, by resolution or ordinance for the sole purpose of providing funds for the operation, maintenance or capital needs of public transportation systems and in lieu of the excise taxes authorized by RCW 35.95.040, as now or hereafter amended, submit an authorizing proposition to the voters or include such authorization in a proposition to perform the function of metropolitan public transportation pursuant to chapter 35.58 RCW and if approved by a majority of persons voting thereon, fix and impose a sales and use tax in accordance with the terms of this chapter to be effective on or after July 1, 1972; that such proposition submitted to the voters for authorization shall include language stating that such proposition shall be partially financed by the levying of an additional three-tenths of one percent per dollar on sales transactions within King county: PROVIDED, That during the fiscal year ending June 30, 1973, no more than three million dollars of the sales and use tax levied and collected pursuant to the 1971 amendatory act may be used as qualifying matching funds to authorize a levy of motor vehicle excise taxes during such fiscal year pursuant to chapter 255, 1st ex. sess., Laws of 1969: AND PROVIDED FURTHER, That after June 30, 1973 no sales or use tax levied and collected pursuant to the 1971 amendatory act may be used as such qualifying matching funds. Such tax shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon

the occurrence of any taxable event within such city, county or metropolitan municipal corporation as the case may be. The rate of such tax imposed by such city, county or metropolitan municipal corporation shall be three-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a metropolitan municipal corporation shall impose a sales and use tax pursuant to this chapter no city or county wholly or partly within such metropolitan municipal corporation shall impose a sales and use tax pursuant to this chapter but nothing herein shall prevent such city or county from imposing sales and use taxes pursuant to any other authorization: PROVIDED FURTHER, That in the event a metropolitan municipal corporation or county shall impose a sales and use tax pursuant to this 1971 amendatory act, no city within such county or wholly or partly within such metropolitan municipal corporation shall impose an excise tax pursuant to RCW 35.95.040.

Sec. 3. Section 6, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.050 are each amended to read as follows:

The counties, metropolitan municipal corporations and cities shall contract, prior to the effective date of a resolution or ordinance imposing a sales and use tax, the administration and collection to the state department of revenue, which shall deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by this chapter which is collected by the department of revenue shall be deposited by the state department of revenue in a special fund under the custody of the state treasurer to be known as the local sales and use tax revolving fund. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be amended, shall, insofar as they are applicable to state sales and use taxes, be applicable to taxes imposed pursuant to this chapter.

Sec. 4. Section 7, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.060 are each amended to read as follows:

Bimonthly the state treasurer shall make distribution from the local sales and use tax revolving fund to the counties, metropolitan municipal corporations and cities the amount of tax collected on behalf of each county, metropolitan municipal corporation or city, less the deduction provided for in RCW 82.14.050.

In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution shall not be considered void in toto, but only with respect to that portion of the rate which is in excess of the applicable limits contained herein.

NEW SECTION. Sec. 5. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

Passed the Senate May 7, 1971.

Passed the House May 9, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill permits the voters within the boundaries of a metropolitan municipal corporation to authorize a local sales tax of three tenths of a percent in lieu of the local household tax in Class AA Counties. It provides the funding mechanism for the financing of a public transportation system to be operated by a metropolitan municipal corporation. Monies raised at the local level through the imposition of the additional sales tax are matchable, with certain limitations, with state funds.

Veto
Message

Section 2 provides that the metro council may submit an authorizing proposition to the voters with respect to the issue of the imposition of the sales tax. There is an ambiguity in the first sentence of section 2 with respect to the reference to ownership of a public transportation system. In order to avoid any uncertainty I have, for clarification purposes, item vetoed that reference.

Section 2 also contains a requirement that the proposition submitted to the voters shall include language

stating that such proposition shall be partially financed by the levying of an additional three tenths of one percent per dollar on sales transactions "within King County". The reference to "King County" creates internal inconsistencies within the bill since the bill pertains to a city within a Class AA County, a Class AA County, or any metropolitan municipal corporation within a Class AA County. Since the tax authorization will, in any event, be included in the ballot proposition the clause is functionally superfluous. Accordingly, this item has been vetoed.

Veto
Message

Section 2 contains a proviso that after June 30, 1973, no sales or use tax levied and collected pursuant to this act may be used as qualifying matching funds. The effect of this proviso will be that a Class AA County which approves a sales tax will lose state matching funds after 1973 even though cities in all other counties would continue to be eligible to receive state matching funds for public transportation systems. After careful consideration of this question, I have determined to item veto this proviso. With this matching capability restored, the needed long-term funding support for public transportation within a Class AA County will be provided.

With the exception of the items referred to above, the remainder of the bill is approved."

PILOTAGE--
STUDY AUTHORIZED--
INVESTIGATIONS AND HEARINGS ON PILOTAGE SERVICES

AN ACT Relating to pilotage on Puget Sound; amending section 9, chapter 18, Laws of 1935 as amended by section 6, chapter 15, Laws of 1967 and RCW 88.16.030; amending section 3, chapter 18, Laws of 1935 as amended by section 2, chapter 15, Laws of 1967 and RCW 88.16.050; amending section 4, chapter 18, Laws of 1935 as amended by section 3, chapter 15, Laws of 1967 and RCW 88.16.070; and amending section 13, chapter 18, Laws of 1935 and RCW 88.16.100; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
Section 1. Section 9, chapter 18, Laws of 1935 as amended by

section 6, chapter 15, Laws of 1967 and RCW 88.16.030 are each amended to read as follows:

The board is authorized and shall have power to make rules and regulations not in conflict with this chapter covering the matters hereinafter set forth which shall have the force and effect of law until altered, repealed or set aside by action of the board:

(1) To establish the qualifications of pilots, provide for their examination and the issuance of licenses to qualified persons and to keep a register of licensed pilots and of vessels, operators and agents.

(2) To provide for the maintenance of efficient and competent pilotage service on all waters covered by this chapter.

(3) To fix the rates of pilotage for the waters covered by this chapter: PROVIDED, That no rate shall be changed by the board more than once in any twelve months' period: AND PROVIDED FURTHER, That the rates presently in effect shall remain in effect until changed by the board pursuant to this chapter: AND PROVIDED FURTHER, That no rate shall be increased, lowered or altered without a public hearing of which due notice ((by registered letter)) ,mailed at least ((fifteen)) twenty days prior to the date of hearing, shall have been ((served upon)) sent to all pilots licensed under this chapter to pilot vessels on the particular waters for which the change of rate is proposed and upon all vessel operators and agents who have registered with the board. The notice shall specify the waters for which the change of rate is sought and also the change proposed. The board may, despite anything in this chapter contained, fix extra compensation for extra services to vessels in distress and compensation for awaiting vessels or being carried to sea on vessels against the will of the pilot. In determining rates the board shall have the right to subpoena witnesses.

(4) To do such other things as are reasonable, necessary and expedient to insure proper and safe pilotage upon the waters covered by this chapter and to facilitate the efficient administration of this chapter.

All rules and regulations adopted by the board shall be printed, and a copy thereof shall be mailed to each licensed pilot and to every vessel operator or agent who has registered with the board. Such mailing shall be proved by the affidavit of the person mailing the same, filed with the records of the board, and such affidavit shall be conclusive as to such mailing. All rules and regulations shall be effective three days after the completion of such mailing.

Sec. 2. Section 3, chapter 18, Laws of 1935 as amended by section 2, chapter 15, Laws of 1967 and RCW 88.16.050 are each amended to read as follows:

This chapter applies to Puget Sound and adjacent inland waters and to Grays Harbor and Willapa Bay as those terms are hereinafter defined:

(1) "Puget Sound and adjacent inland waters", whenever used in this chapter, shall be construed to mean and include all the inland waters of the state of Washington inside the international boundary line between the state of Washington and British Columbia (~~extending south to and including Olympia,~~) but excluding that portion of the Straits of Juan de Fuca west of Port Angeles.

(2) "Grays Harbor and Willapa Bay" shall include all inland waters, channels, waterways, and navigable tributaries within each area. The boundary line between inland waters and the high seas shall be designated as the outermost sea buoy as established and placed for Grays Harbor and Willapa Bay.

Sec. 3. Section 4, chapter 18, Laws of 1935, as amended by section 3, chapter 15, Laws of 1967 and RCW 88.16.070 are each amended to read as follows:

V- All vessels under enrollment and all private vessels of United States or Canadian registry engaged exclusively in the coasting trade on the west coast of the continental United States (including Alaska) and/or British Columbia shall be exempt from the provisions of this chapter unless a pilot licensed under this chapter be actually employed, in which case the pilotage rates provided for in this chapter shall apply. Every vessel ((not so exempt,) not having two pilots holding current licenses issued by the United States Coast Guard on board shall, while entering and navigating into Puget Sound and adjacent inland waters, Grays Harbor and Willapa Bay, ((employ a pilot licensed under the provisions of this chapter and shall be liable for and pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter)) be subject to rules and regulations promulgated by the Washington Pilotage Commission insofar as such rules and regulations may require such vessel to employ a pilot licensed under the provisions of this chapter: PROVIDED, That the Washington Pilotage Commission, immediately after the effective date of this act, shall conduct a study of the need to require employment of pilots licensed under the provisions of this chapter on all vessels entering into Puget Sound and adjacent inland waters, together with an assessment of the legality and feasibility of such requirement. The commission shall report the results of such study together with recommended legislative action to the next session of the legislature.

Sec. 4. Section 13, chapter 18, Laws of 1935 and RCW 88.16.100 are each amended to read as follows:

The board shall have power on its own motion or, in its

discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this act and to suspend, withhold or revoke the license of any pilot for misconduct, incompetency, inattention to duty, intoxication or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. ((No complaint shall be entertained by the board unless same be reduced to writing and duly verified as in civil actions.)) When the board determines that reasonable cause exists for the conduct of a hearing on the issue of the suspension, withholding or revocation of a pilot license it shall forthwith prepare and serve a copy of a notice of hearing upon the pilot in question who shall be ((When a written complaint is filed, the accused party shall be forthwith served with a copy thereof and)) required to appear and answer the same within ten days from date of service and shall be entitled to a full ((trial)) hearing thereof before the board and to be represented by counsel and to subpoena witnesses. The decision of the board must be in writing and entered of record upon the minutes of the board. All final decisions of the board shall be subject to review by the superior court of the state of Washington for Thurston county, to which court any case with all the papers and proceedings therein shall be immediately certified by the chairman of the board if requested to do so by any party to the proceedings at anytime within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health and safety, and support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 9, 1971.

Passed the House May 8, 1971.

Approved by the Governor May 21, 1971 with the exception of one item which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...While the apparent purpose of section 3, that of insuring greater environmental protection to the waters of Puget Sound, is commendable, the unfortunate effect of the section is to delete the provision of state law making pilotage compulsory with respect to vessels not specifically

exempted by the Legislature. If section 3 is enacted into law, certain described vessels will be exempted from all the provisions of the Pilotage Act. All vessels not so exempt will "be subject to rules and regulations promulgated by the Washington Pilotage Commission", but there will be no legislative enactment making pilotage compulsory as to any vessels whatsoever.

Veto
Message

While the pilotage commission might, and probably would, adopt rules and regulations requiring that a pilot be engaged for all vessels not specifically exempted by the legislature, there is a serious question as to the constitutionality and thus the enforceability of such a regulation.

The provision in section 3 does require the pilotage commission, immediately after the effective date of the act, to conduct a study relative to the need to require pilots licensed under the provisions of state law on all vessels entering Puget Sound and adjacent waters. I will instruct the chairman of the pilotage commission to make such a study the prime order of business of the commission so a comprehensive report will be available for the next session of the legislature.

Rather than run the risk of seriously weakening the present law relative to pilotage on Puget Sound I am vetoing certain portions of section 3, with the belief that after the submission of the report by the pilotage commission to the next session of the legislature the entire matter will be reviewed and the legislature will be able to determine what, if any, amendments are needed to the pilotage act.

The remainder of Senate Bill 465 is approved."

PUBLIC ASSISTANCE--
COMMITTEE ON VENDOR'S RATES

AN ACT Relating to public assistance; concerning the committee on vendor's rates; and adding new sections to chapter 74.32 RCW.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. There is added to chapter 74.32 RCW a new section to read as follows:

Before completing its recommendations regarding rates, the governor's committee on vendor rates shall conduct an extensive investigation to determine the nature and extent of any additional requirements or standards established which affect any vendor group if the same have not been fully considered and provided for in the committee's last recommendations, and shall similarly determine the nature and effect of any additional requirements or standards which are expected to be imposed during the period covered by the committee's recommendations.

NEW SECTION. Sec. 2. There is added to chapter 74.32 RCW a new section to read as follows:

The additional requirements and standards referred to in section 1 of this 1971 act shall include but shall not be limited to changes in minimum wage or overtime provisions, changes in building code or facility requirements for occupancy or licensing, and changes in requirements for staffing, available equipment, or methods and procedures.

NEW SECTION. Sec. 3. There is added to chapter 74.32 RCW a new section to read as follows:

The committee shall investigate such changes whether their source is or may be federal, state, or local governmental agencies, departments and officers, and shall give full consideration to the cost of such changes and expected changes in the vendor rates recommended.

NEW SECTION. Sec. 4. There is added to chapter 74.32 RCW a new section to read as follows:

The committee shall also consider prevailing wage scales and fringe benefit programs affecting the vendor's industry or affecting related or associated industries or vendor classes, and shall consider in its rate recommendations a scale of competitive wages, to assure the availability of necessary personnel in each vendor program.

NEW SECTION. Sec. 5. There is added to chapter 74.32 RCW a new section to read as follows:

The committee shall further fully account in its recommended

rate structure for the effect of changes in payroll and property taxes accurate costs of insurance, and increased or lowered costs of borrowing money.

V NEW SECTION. Sec. 6. There is added to chapter 74.32 RCW a new section to read as follows:

The principal function of the committee shall be to reasonably and fairly relate levels of payment or reimbursement to required standards or regulations and effective taxes, personnel costs, and other applicable cost factors.

Passed the Senate May 10, 1971.

Passed the House May 7, 1971.

Approved by the Governor May 21, 1971 with the exception of one section which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill provides that the governor's committee on vendor rates shall investigate and consider various items in developing its recommendations for vendor rates to the Department of Social and Health Services.

However, section 6 of the bill purports to define the principal function of the committee, and while that section does define one of the functions of the committee there are other functions which are also of substantial importance, such as content of services purchased, assurance of adequate service delivery, and conformity to appropriate state and federal laws and regulations.

I have therefore vetoed section 6. I have approved the remainder of the bill which is, in any event, the operative portion of the legislation."

The amount of all taxes, increases and penalties due or to become due under Title 82, from a contractor or his successors or assignees with respect to a public improvement contract wherein the contract price is ((five)) twenty thousand dollars or more shall be a lien prior to all other liens upon the amount of the retained percentage withheld by the disbursing officer under such contract, and the amount of all other taxes, increases and penalties due and owing from the contractor shall be a lien upon the balance of such retained percentage remaining in the possession of the disbursing officer after all other statutory lien claims have been paid.

Sec. 2. Section 2, chapter 272, Laws of 1959 and RCW 73.32.130 are each amended to read as follows:

For the purpose of creating the fund for the retirement of such bonds upon maturity and the payment of interest thereon as it falls due, all proceeds hereafter received from the excise tax on cigarettes imposed by chapter 82.24 as now or hereafter amended, shall, so long as any part of principal or interest of the bonds herein provided for remains outstanding, be paid into the war veterans' compensation bond retirement fund hereinafter provided for.

Whenever the receipts into the war veterans' compensation bond retirement fund during any year exceed ((four million five hundred thousand dollars; all sums received above that amount)) the annual amounts required for debt service, the balance shall be transferred by the state treasurer to the state general fund, and whenever there has accumulated in the war veterans' compensation bond retirement fund ((four million one hundred thousand dollars)) a sum in excess of the amount required in any year, as determined by the state finance committee, to meet obligations during that year for bond retirement and interest, the state treasurer shall transfer from such fund to the state general fund all money in excess of such amount.

The term shall include every sale of tangible personal property which is used or consumed or to be used or consumed in the performance of any

Sec. 6. Section 26, chapter 173, Laws of 1965 as last amended by section 1, chapter 257, Laws of 1969 ex. sess. and RCW 82.04.435 are each amended to read as follows:

In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction of new buildings or the enlarging of existing buildings directly used in such activities. Where a building is used partly for manufacturing and partly for other purposes the applicable tax credit shall be determined by apportionment of the costs of construction under such rules as the department of revenue shall provide. For purposes of this section the term "buildings" shall mean and include only those structures used to house or shelter manufacturing activities, including the usual lighting, heating, ventilating and sanitary plumbing facilities. The term shall include plant offices and warehouses or other storage facilities for the storage of raw materials or finished goods when such facilities are essential to and an integral part of a factory, mill or manufacturing plant, but shall not include manufacturing or industrial fixtures or equipment such as tanks, conveyor systems, cranes, industrial machinery and related facilities irrespective of whether or not such fixtures or equipment are affixed to the realty. Notwithstanding the foregoing, the term "buildings" shall also include potlines and furnaces used directly in the manufacturing of metals. The phrase "construction of buildings" refers only to new or enlarged buildings and not to the repair or renovation of existing buildings.

This credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state, and shall be allowable only against any tax payable which is attributable to manufacturing occurring in the particular factory, mill or manufacturing plant in which such buildings are located.

No tax credit claimed shall be deducted on any return until such claim has been approved by the department of revenue or until ninety days after such claim has been submitted to the department of revenue for approval. This credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964 or subsequent to January 1, 1971: PROVIDED, That the credit shall be allowable for the tax paid on such purchases pursuant to any contract entered into prior to January 1, 1971 if such tax is paid on

such contract purchases prior to July 1, 1972; AND PROVIDED FURTHER, That with respect only to the construction of buildings used directly in the manufacturing of metals, this credit shall be allowable for tax paid on all purchases pursuant to construction which was in progress on January 1, 1971, and was completed after that date.

Any credits granted prior to July 1, 1969 pursuant to this section shall not be affected by this 1969 amendatory act.

Sec. 7. Section 82.08.050, chapter 15, Laws of 1961, as amended by section 15, chapter 173, Laws of 1965 ex. sess., and RCW 82.08.050 are each amended to read as follows:

The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the ~~((tax commission))~~ department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the ~~((commission))~~ department, and any seller who appropriates or converts the tax collected to his own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the ~~((commission))~~ department in the manner prescribed by this chapter, whether such failure is the result of his own acts or the result of acts or conditions beyond his control, he shall, nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the ~~((commission))~~ department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price and for purposes of determining the tax due from the buyer to the seller and from the seller to the ~~((commission))~~ department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the ~~((commission))~~ department, the ~~((commission))~~ department may, in its discretion, proceed directly against the buyer for collection of

the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the ((commission)) department; and all of the provisions of chapter 82.32, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32, the fifteenth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

Sec. 8. Section 82.08.070, chapter 15, Laws of 1961, as amended by section 8, chapter 293, Laws of 1961, and RCW 82.08.070 are each amended to read as follows:

The tax required to be collected by this chapter shall be deemed to be held in trust by the retailer until paid to the ((tax commission)) department and any retailer who appropriates or converts the tax collected to his own use or to any use other than the payment of the tax provided herein to the extent that the money required to be collected is not available for payment on the due date as prescribed shall be guilty of a misdemeanor. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the ((tax commission)) department in the manner prescribed, whether such failure is the result of his own acts or the result of acts or conditions beyond his control, he shall nevertheless, be personally liable to the state for the amount of such tax.

Any retailer who refunds, remits, or rebates to a purchaser, or transferee, either directly or indirectly, and by whatever means, all or any part of the tax levied by this chapter, or makes in any form of advertising, verbal or otherwise, any statements which might infer that he is absorbing the tax or paying the tax for the purchaser or transferee by an adjustment of prices, or at a price including the tax, or in any other manner whatsoever shall be guilty of a misdemeanor.

The issuance of any certificate for such ~~((machines or))~~ devices to any applicant therefor may be denied by the ~~((tax commission))~~ department, if the ~~((commission))~~ department, after hearing, finds that the conditions of the applicant's business or prior record as a taxpayer place in jeopardy the collection of the tax. The ~~((commission))~~ department may require that any applicant for a certificate of registration for any such ~~((machine or))~~ device furnish a proper surety bond sufficient to secure the payment of any tax imposed. It shall be unlawful for any person to operate such ~~((machine or))~~ device or permit it to be operated on his premises unless a certificate of registration has been obtained and is conspicuously displayed upon such ~~((machine or))~~ device, or for any person to operate any such ~~((machine or))~~ device under a forged certificate of registration or under a certificate of registration not issued for such ~~((machine or))~~ device or to the operator thereof or under a certificate of registration which has been revoked, or for any person upon making application for a certificate of registration to fail or refuse to give any information requested by the ~~((commission))~~ department or to give false information with intent to conceal the true name or address of the owner or operator of such ~~((machine))~~ device.

Sec. 16. Section 82.32.050, chapter 15, Laws of 1961, as amended by section 1, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.050 are each amended to read as follows:

If upon examination of any returns or from other information obtained by the ((tax commission)) department it appears that a tax or penalty has been paid less than that properly due, the ((commission)) department shall assess against the taxpayer such additional amount found to be due and as to assessments made on and after May 1, 1965, including assessments for additional tax or penalties due prior to that date shall add thereto interest at the rate of ((six)) nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment. The ((commission)) department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within ten days from the date of the notice, or within such further time as the ((commission)) department may provide. If payment is not received by the ((commission)) department by the due date specified in the notice, or any extension thereof, the ((commission)) department shall add a penalty of ten percent of the amount of the additional tax found due. If the ((commission)) department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

No assessment or correction of an assessment for additional taxes due may be made by the ((commission)) department more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

Sec. 17. Section 82.32.060, chapter 15, Laws of 1961, as last amended by section 27, chapter 173, Laws of 1965 ex. sess., and RCW

82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the ((tax commission)) department that within the two years immediately preceding the receipt ((of)) by the ((commission)) department of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the ((commission)) department of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. Except as to the utilization by the taxpayer of the credits in computing tax authorized by RCW 82.04.435, application for which credits must be made within two years of payment of the taxes giving rise to such credits, no refund or credit shall be allowed with respect to any payments made to the ((commission)) department more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the ((commission)) department for such statutory assessment period. ((Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 4, 1950, but where a refund or credit may not be made because the tax was paid prior to May 4, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 4, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.))

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the ((tax commission)) department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the ((tax commission)) department and by the issuance of state warrants drawn upon and payable from such funds as the legislature

may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the ((tax commission)) department of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the ((tax commission)) department and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

Sec. 18. Section 82.32.080, chapter 15, Laws of 1961, as last amended by section 2, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.080 are each amended to read as follows:

Payment of the tax may be made by uncertified check under such regulations as the ((commission)) department shall prescribe, but, if a check so received is not paid by the bank on which it is drawn, the taxpayer, by whom such check is tendered, shall remain liable for payment of the tax and for all legal penalties, the same as if such check had not been tendered.

A return or remittance which is transmitted to the ((tax commission)) department by United States mail shall be deemed filed or received on the date shown by the post office cancellation mark stamped upon the envelope containing it.

The ((tax commission)) department, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permanent extension granting the taxpayer a reporting date without penalty more than ten days beyond the due date, and any extension in excess of thirty days shall be conditional on deposit with the ((commission)) department of an amount to be determined by the ((commission)) department which shall be approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days the deposit shall be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer's account which may be applied to taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

The ((commission)) department shall review the requirement for deposit at least annually and may require a change in the amount of the deposit required when it believes that such amount does not

approximate the tax liability for the reporting period or periods for which the extension is granted.

The ((commission)) department shall keep full and accurate records of all funds received and disbursed by it. Subject to the provisions of RCW 82.32.105 and 82.32.350, the department shall apply the payment of the taxpayer first against penalties and interest, and then upon the tax, without regard to any direction of the taxpayer.

The ((commission)) department may refuse to accept any return which is not accompanied by a remittance of the tax shown to be due thereon. When such return is not accepted, the taxpayer shall be deemed to have failed or refused to file a return and shall be subject to the procedures provided in RCW 82.32.100 and to the penalties provided in RCW 82.32.090.

Sec. 19. Section 82.32.090, chapter 15, Laws of 1961, as last amended by section 26, chapter 149, Laws of 1967 ex. sess. and RCW 82.32.090 are each amended to read as follows:

If payment of any tax due is not received by the department of revenue by the last day of the month in which the tax becomes due, there shall be assessed a penalty of ((two)) five percent of the amount of the tax; and if the tax is not received by the last day of the month next succeeding the month in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received by the last day of the second month next succeeding the month in which the due date falls, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the due date falls, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year in which such due date falls.

If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than five dollars.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, or seven dollars, whichever is greater.

Sec. 20. Section 82.32.100, chapter 15, Laws of 1961, as amended by section 4, chapter 141, Laws of 1965 ex. sess. and RCW 82.32.100 are each amended to read as follows:

If any person fails or refuses to make any return or to make

available for examination the records required by this chapter, the ((tax commission)) department shall proceed, in such manner as it may deem best, to obtain facts and information on which to base its estimate of the tax; and to this end the ((commission)) department may examine the books, records, and papers of any such person and may take evidence, on oath, of any person, relating to the subject of inquiry.

To the assessment the ((commission)) department shall add the penalties provided in RCW 82.32.090. No assessment or correction of an assessment may be made by the ((commission)) department more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

The notice and order to withhold and deliver shall be served by the sheriff of the county wherein the service is made, or by his deputy, or by any duly authorized representative of the ((tax commission)) department. Any person, or any political subdivision or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

Should any person or political subdivision fail to make answer to an order to withhold and deliver within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against such person or political subdivision for the full amount claimed by the ((tax commission)) department in the notice to withhold and deliver, together with costs.

If no such report of cutting is made, or if the assessor shall believe the report to be inaccurate, incorrect or mistaken, the assessor may by such methods as shall be deemed advisable, determine the amount of timber or other forest product cut during such period. As soon as the report is filed, if the assessor is satisfied with the accuracy of the report, or if dissatisfied, as soon as the assessor shall have determined the amount of timber or forest crop cut as herein provided, the assessor shall determine the full current stumpage rates for the timber or forest crop cut and shall thereupon compute, and there shall become due and payable from the owner, a yield tax equal to ~~((twelve and one-half))~~ twenty-five percent of the market value of the timber or forest crop so cut, based upon the full current stumpage rates so fixed by the assessor: PROVIDED, Whenever within the period of twelve years following the classification of any lands as reforestation lands, any forest material shall be cut on such lands, the owner thereof shall be required to pay a yield tax of ~~((one))~~ two percent for each year that has expired from the date of such classification until such cutting: PROVIDED, FURTHER, That no yield tax need be paid on any forest material cut for domestic use of the owner of such lands, or on materials necessarily used in -V

In any such action the county involved and the county assessor of the county, shall be joined as parties defendant, but in case a recovery is allowed, judgment shall be entered against the county only, to be charged against the funds to which the collected tax was paid. In such action the court shall determine, in accordance with the issues, the true and correct amount of timber and forest crop which has been cut, and if an issue in the case, the true and correct full current stumpage rates, and shall enter judgment accordingly, either dismissing the action, or allowing recovery based upon its determination of the amount of timber or forest crop cut and if in issue, the full current stumpage rate. The judgment of the superior court shall be subject to appeal to the supreme court or the court of appeals in the same manner and by the same procedure as appeals are taken and perfected in civil actions at law.

Passed the Senate May 10, 1971.

Passed the House May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of

certain sections which are vetoed. Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Section 19 of this bill is an amendment to RCW 82.32.090, and provides for an increase in the penalty for delinquent state excise taxes from 2% to 5%. The effective date of this section is, in accordance with section 79 of the bill, July 1, 1971.

Veto
Message

RCW 82.32.090 was also amended by section 1 of Substitute House Bill No. 461 which I have already signed. Section 1 of Substitute House Bill No. 461 not only increases the penalty from 2% to 5%, but also provides that taxes accrued, though not collected, in the last month of the fiscal year shall be credited to that fiscal year rather than the succeeding fiscal year. Further, the effective date of these provisions is June 1, 1971.

In order to avoid any inconsistency between section 19 of Engrossed Substitute Senate Bill No. 897 and section 1 of Substitute House Bill 461 as to effective dates, I have vetoed section 19.

I have also vetoed sections 26 through 31, which establish a 3.6% compensating excise tax upon the use of electrical energy sold at retail by the Bonneville Power Administration to its industrial customers. The purpose of these provisions is an excellent one, in that they compensate for the fact that these sales of electrical energy cannot be made subject to the 3.6% public utility tax imposed upon retail sales of electrical energy by other sellers, such as private power companies, public utility districts, and municipal utility systems.

However, special circumstances require a veto of these provisions at this time. For these industrial customers of the Bonneville Power Administration will be making contributions in the amount of approximately three million dollars annually as part of the additional costs of keeping in operation the "N" Reactor at Hanford. This will allow continuous operation of the Hanford No. 1 steam generating plant of Washington Public Power Supply System, which is essential for the economic welfare of the state.

In view of this unexpected and heavy burden upon these industrial customers, I feel the additional burden of the proposed compensating tax is unwarranted at this time. However, consideration must certainly be given to imposing this tax at the expiration of the agreements providing for the contributions from these industrial customers, approximately three years hence.

Veto
Message

I have also vetoed section 32 and 34, which raise the yield tax applicable to timber on classified reforestation lands under chapter 84.28 RCW from twelve and one-half to twenty-five percent of the timber value. Pursuant to Substitute Senate Bill No. 849, which I have signed today, a study is to be made of the problem of integrating taxation of land and timber now classified under chapter 84.28 RCW into the provisions of Substitute Senate Bill No. 849. I believe that any legislative action with respect to changing the rates of the yield tax under chapter 84.28 RCW should await the results of this study.

With the exception of sections 19, 26 through 32, and 34, the remainder of the bill is approved."

CHAPTER 300

[Senate Bill No. 884]

HOUSING AUTHORITIES--

SUPPLEMENTAL PROJECTS

AN ACT Relating to housing authorities; amending section 35.82.030, chapter 7, Laws of 1965 and RCW 35.82.030; and adding a new section to chapter 35.82 RCW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

V- Section 1. Section 35.82.030, chapter 7, Laws of 1965 and RCW 35.82.030 are each amended to read as follows:

In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1)

may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such city or county and requesting that the governing body so declare: PROVIDED, That the governing body of any class A county east of the Cascade mountains and of any city within such county shall only make such determination after referendum thereon to the people of such city or county, as the case may be.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that unsanitary or unsafe inhabited dwelling accommodations exist in such city or county or (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding.

NEW SECTION. Sec. 2. There is added to chapter 35.82 RCW a new section to read as follows:

Except as limited by this section, an authority shall have the same powers with respect to supplemental projects as hereinafter in this section defined as are now or hereafter granted to it under this chapter with respect to housing projects.

No funds shall be expended by an authority for a supplemental project except by resolution adopted on notice at a public hearing as provided by chapter 42.32 RCW, supported by formal findings of fact incorporated therein, establishing that:

- (1) Low-income housing needs within the area of operation of

the authority are being or will be adequately met by existing programs; and

(2) A surplus of funds will exist after meeting such low-income housing needs.

Expenditures for supplemental projects shall be limited to those funds determined to be surplus.

"Supplemental project" for the purposes of this chapter shall mean any work or undertaking to provide buildings, land, equipment, facilities, and other real or personal property for recreational, group home, halfway house or other community purposes which by resolution of the housing authority is determined to be necessary for the welfare of the community within its area of operation and to fully accomplish the purposes of this chapter. Such project need not be in conjunction with the clearing of a slum area under subsection (9) (a) of RCW 35.82.020 or with the providing of low-income housing under subsection (9) (b) of RCW 35.82.020.

Passed the Senate May 9, 1971.

Passed the House May 6, 1971.

Approved by the Governor May 21, 1971 with the exception of section 1 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...The proviso in SB 884, "That the governing body of any class A county east of the Cascade mountains and of any city within such county shall only make such determination after referendum thereon to the people of such city or county, as the case may be." is narrowly drawn to apply to only one county in the state. Such a limitation to the general requirements of existing statutes relative to housing authorities is inappropriate and contrary to sound public policy. I have therefore vetoed this proviso and approved the remainder of the bill."

Veto Message

1. Department of Social and Health Services

On page 8, beginning on line 27, I have vetoed the following language: For the Division of Health: PROVIDED, That this appropriation, or so much as will be necessary, will be utilized for the operation of Firland Sanatorium from January 1, 1972 for the remainder of the biennium.

This appropriation is necessary to provide interim financing until the revenue provided for in the passage of HB 313 becomes available to operate the Sanatorium. The effect of removing this language is to enable the Department to

Veto
Message

utilize a portion of these funds for interim financing of Firland and to fund other mandatory legislation for which an appropriation was not provided in the rush of passing a supplemental budget in the last moments of the session. Any remaining balance will be placed in unallotted status and reverted at the end of the biennium.

2. State Treasurer - State Revenue
for Distribution

On page 9, beginning on line 14, I have vetoed the following language: not to exceed 15% of revenues. This language is inconsistent with SB 156 which requires the Treasurer to distribute 25% of the snowmobile registration fees to county treasurers. I believe the intent of the substantive legislation should be followed, rather than the erroneous provision in a hastily considered supplemental appropriations bill.

3. Interim Committee on Water
Resources.

On page 10, on lines 32 and 33, I have vetoed the appropriation to the Interim Committee on Water Resources. I have been advised by the Speaker of the House and other legislators that such an interim committee was not appointed.

With the exception of the items described above, the remainder of the bill is approved."

The legislative hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure,

intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons.

NEW SECTION. Sec. 20. Nothing in this act shall be construed as precluding counties, cities and other political subdivisions of the state of Washington from enacting ordinances or regulations for the control and regulation of outdoor music festivals nor shall this act repeal any existing ordinances or regulations.

One such permit shall be required for each outdoor music festival. A permit may be granted

for a period not to exceed sixteen consecutive days and a festival may be operated during any or all of the days within such period. The review shall take precedence over all other civil actions and shall be conducted by the court without a jury. The court shall, upon request, hear oral argument and receive written briefs and shall either affirm the denial or order that the permit be issued. An applicant may not use any other procedure to obtain judicial review of a denial.

NEW SECTION. Sec. 25. Upon a finding that such expenses were reasonably incurred the issuing authority shall reimburse the local agency therefor from the funds of the permit fee. The issuing authority shall prior to the first scheduled date of the festival return to the applicant that portion of the permit fee remaining after all such reimbursements have been made.

The bond or deposit shall be used to pay any costs or charges incurred to regulate health or to clean up afterwards outside the festival grounds or any extraordinary costs or charges incurred to regulate traffic or parking. The bond or other deposit shall be returned to the promoter when the issuing authority is satisfied that no claims for damage or loss will be made against said bond or deposit, or that the loss or damage claimed is less than the amount of the deposit, in which case the uncommitted balance thereof shall be returned: PROVIDED, That the bond or cash deposit or the uncommitted portion thereof shall be returned not later than thirty days after the last day of the festival.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a liability insurance policy in an amount of not less than one hundred thousand dollars bodily injury coverage per person covering any bodily injury

Every permit issued under the provisions of this act shall state that such permit is issued as a measure to protect and preserve the public peace, health, safety, morals and welfare, and that the right of the appropriate authority to revoke such permit is a consideration of its issuance.

NEW SECTION. Sec. 28. No person, persons, partnership, corporation, association, society, fraternal or social organization to whom a music festival permit has been granted shall, during the time an outdoor music festival is in operation, knowingly permit or allow any person to bring upon the premises of said music festival, any narcotic or dangerous drug as defined by chapters 69.33 or 69.40 RCW, or knowingly permit or allow narcotic or dangerous drug to be consumed on the premises, and no person shall take or carry onto said premises any narcotic or dangerous drug.

NEW SECTION. Sec. 29. No music festival shall be operated in a location which is closer than one thousand yards from any schoolhouse or church, or five hundred yards from any house, residence or other human habitation unless waived by occupants.

Passed the Senate May 9, 1971.

Passed the House May 8, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items and section which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...In three separate sections, the legislature provided for mandatory minimum sentences, actions which are contrary to current trends in the criminal justice field, and which take away discretion from the judiciary, the parole board, and the administrators of our correctional programs. Further more, veto of these sections is consistent with the Legislative Council's proposed comprehensive revision of the State Criminal Code which does not contain mandatory minimum sentences, despite dealing with the most serious types of crimes.

Veto
Message

I have vetoed Section 6 of the act which expands the crime of first degree murder to include homicides occurring during commission of, or withdrawal from, the scene of any crime involving incendiary devices or explosives. My reasons for this action arise from my well-known opposition to

expansion of applicability of the death penalty. It is unwise automatically to attach such a sanction to acts regardless of surrounding circumstances, particularly when under present law, murder in the first degree encompasses any homicide resulting from an act imminently dangerous to human life. Also, present law, coupled with provisions in this bill which I have approved will classify as second degree murder, with the possibility of application of the life sentence penalty, the acts contained in this vetoed section.

Veto
Message

I have removed from the bill sections which provide for up to a \$5,000 reward for the apprehension, bringing back and securing of any alleged or convicted felon. I have done so in the belief that the specific language in these provisions amounts to enabling legislation for bounty hunters and vigilante action by citizens untrained in the specialized techniques of law enforcement. This could only increase the danger to citizens and law enforcement officials alike.

I have vetoed in its entirety the provision in the act authorizing the police in their discretion to fingerprint and photograph juveniles. Not only may fingerprints and photographs be obtained under present law simply by securing the permission of the juvenile court, but this subject is directly covered in the nearly completed revision of the juvenile code undertaken by a committee of broad representation, including the judicial council, prosecuting attorneys, juvenile court judges, juvenile probation officers, law enforcement officials, Department of Social and Health Services staff, the Attorney General and others. It would be untimely to adopt this single provision when a comprehensive treatment of juvenile court law and the law relating to juvenile offenders will be presented to the 1972 session of the Legislature.

In hope of preserving its constitutionality, I have vetoed portions of Section 16 dealing with demonstrations and picketing in or near courthouses. Legislation regulating conduct in the areas of thought or expression must stay within the bounds of our basic constitutional framework. As revised by veto action, the bill now punishes acts which amount to obstruction of or interference with the judicial process. Such conduct is not protected under the first amendment and should not go unregulated if we are to preserve for each citizen the orderly processes of government.

The State Patrol and many police chiefs and sheriffs throughout the state have communicated to me their displeasure with Section 17, which grants statewide powers to local law enforcement officials for enforcement of drug laws in certain situations. This state has a strong history of combating statewide crime problems through cooperation and coordination which would be seriously weakened by this increase in power to local law enforcement without proper checks or controls when cross-jurisdictional problems occur. Rather than cooperation, this section would inevitably foster conflict among local police agencies. A further problem exists in that the investigation authority under this provision may well be repealed by the Uniform Controlled Substances Act, Second Substitute Senate Bill 146.

Included in this bill is an excellent piece of legislation providing for comprehensive regulation of outdoor music festivals which have presented the state with grave law enforcement and health problems in recent years. Inasmuch as music festivals have presented problems to local governmental units which are beyond their ability to respond, and to assure a consistent, planned, statewide approach, the state must assume a necessarily pre-emptive regulatory role. I have therefore vetoed Section 20 of this bill.

I have vetoed those portions of the bill as to outdoor music festivals which set fixed amounts for required bonds and evidence of insurance. I have taken this action to insure flexibility in the state's efforts at control. Fixed amounts may well prove too low for some poorly conceived activities, yet be far too high for relatively well-organized activities.

The veto action taken in Section 32 is technical, to correct an obvious drafting error making it an offense to participate in a music festival regardless of its legality. The section as vetoed now makes it a crime, as I am sure was the legislative intent, to fail to comply with the rules and conditions of the act."

Passed the House May 7, 1971.

Approved by the Governor May 21, 1971 with the exception of certain items in section 2 which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...Senate Bill 690 amends the Metropolitan Municipal Corporations Act to establish county-wide metro boundaries, enlarge the metropolitan council and strengthen its capacity to operate an area-wide transportation system.

Veto
Message

Section 2 (14) defines "metropolitan public transportation" to exclude the operation of "chartered bus", "sight seeing bus", or any other "motor vehicle" not operating on an individual fare-paying basis. This subsection is intended to protect the position of the private charter carriers. However, the subsection appears to go further than was intended since it may have the inadvertent effect, by the terms of the final proviso, of preventing the use of people-moving systems other than those using "motor vehicles".

Veto
Message

In addition, this subsection limits the municipality to providing school bus service for the transportation of the pupils between their homes and schools. Because public education involves the transportation of students in an educational context on a broader basis than merely between homes and school this limitation upon the municipality is not appropriate.

I have accordingly item vetoed these limitations from subsection 14 of section 2.

The remainder of the bill is approved."

There are certain inconsistencies between the present act and two other acts which passed this legislature: House

Bill No. 277 relating to Community Mental Health programs and Second Substitute Senate Bill No. 146, the Uniform Controlled Substances Act relating to dangerous and narcotic drugs. I have therefore exercised certain vetoes in this act to alleviate any problems of inconsistency.

Veto
Message

Second Substitute Senate Bill No. 146, the Uniform Controlled Substances Act repeals chapters 69.33 and 69.40 RCW. Section 2, page 2, lines 12, 13 and 14 of Senate Bill No. 273 has reference to those chapters. Reference to those same chapters are also contained in section 7, page 5, lines 5 and 6 of Senate Bill No. 273. As a consequence I have vetoed the inappropriate words in those sections, recognizing that the Uniform Controlled Substances Act relating to narcotic and dangerous drugs is a new chapter, RCW 69.50, and that the intention of the legislature is that the definitions contained in the new RCW chapter will apply to Senate Bill No. 273.

Section 12 of S.B. 273 was included in the event that H.B. 277 did not pass. Section 2 of H.B. 277 provides for funding of community mental health services as contained in sections 6 and 7 of S.B. 273.

It was understood by the legislators involved that in the event H.B. 277 did pass, section 12 would be vetoed out of S.B. 273. As a consequence, since H.B. 277 did pass, I have vetoed section 12 of S.B. 273 in order to avoid duplication, ambiguity and confusion in the funding mechanism related to community mental health services and drug treatment programs."

RENDERING EMERGENCY LIFESAVING SERVICE BY PARAMEDICS--
IMMUNITY FROM CIVIL LIABILITY FOR EMERGENCY SERVICES PERFORMED
WITHOUT CONSENT

AN ACT Relating to the practice of medicine and surgery; providing for physician's trained mobile intensive care paramedics; authorizing the rendering of emergency lifesaving service by a physician's trained mobile intensive care paramedic under

certain specified circumstances; granting immunity from civil liability for good faith emergency lifesaving services rendered by physician's trained mobile intensive care paramedics; amending section 14, chapter 192, Laws of 1909 as last amended by section 18, chapter 199, Laws of 1969 ex. sess. and RCW 18.71.020; adding new sections to chapter 192, Laws of 1909 and chapter 18.71 RCW; adding a new section; adding a new section to chapter 46.61 RCW; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 14, chapter 192, Laws of 1909 as last amended by section 18, chapter 199, Laws of 1969 ex. sess. and RCW 18.71.020 are each amended to read as follows:

Any person who shall practice or attempt to practice or hold himself out as practicing medicine and surgery in this state, without having, at the time of so doing, a valid, unrevoked certificate as provided in this chapter, shall be guilty of a misdemeanor: PROVIDED, That nothing in this section shall be so construed as to prohibit or penalize emergency life-saving service rendered by a physician's trained mobile intensive care paramedic, as defined in section 2 of this 1971 amendatory act, if such emergency life-saving service be rendered under the responsible supervision and control of a licensed physician. In each such conviction the fine shall be paid, when collected, to the state treasurer: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended. The director of licenses is authorized to prosecute all persons guilty of a violation of the provisions of this chapter.

NEW SECTION. Sec. 2. There is added to chapter 192, Laws of 1909 and to chapter 18.71 RCW a new section to read as follows:

As used in section 1 of this 1971 amendatory act, "physician's trained mobile intensive care paramedic" means a person who:

(1) has successfully completed an advanced first aid course equivalent to the advanced industrial first aid course prescribed by the Division of Safety, Department of Labor and Industries; and

(2) is trained by a licensed physician:

(a) to carry out all phases of cardio-pulmonary resuscitation;

(b) to administer drugs under written or oral authorization of a licensed physician; and

No act or omission of any physician's trained mobile intensive care paramedic, as defined in section 2 of this 1971 amendatory act, done or omitted in good faith while rendering emergency lifesaving service under the responsible supervision and control of a licensed physician to a person who is in immediate danger of loss of life shall impose any liability upon the trained mobile intensive care paramedic, the supervising physician, any hospital, the officers, members of the staff, nurses, or other employees of a hospital or upon a federal, state, county, city or other local governmental unit or upon other employees of such a governmental unit: PROVIDED, That this section shall not relieve a physician or a hospital of any duty otherwise imposed by law upon such physician or hospital for the designation or training of a physician's trained mobile intensive care paramedic or for the provision or maintenance of equipment to be used by the physician's trained mobile intensive care paramedics.

NEW SECTION. Sec. 4. No physician or hospital licensed in this state shall be subject to civil liability, based solely upon failure to obtain consent in rendering emergency medical, surgical, hospital, or health services to any individual regardless of age where its patient is unable to give his consent for any reason and there is no other person reasonably available who is legally authorized to consent to the providing of such care: PROVIDED, That such physician or hospital has acted in good faith and without knowledge of facts negating consent. The state board of health shall adopt rules and regulations defining situations which may be considered emergent for the purposes of this act. -V

NEW SECTION. Sec. 5. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and shall take effect immediately.

Passed the House May 10, 1971.

Approved by the Governor May 20, 1971 with the exception of an item in section 4 which is vetoed.

rendering emergency services based solely upon failure to obtain consent where the individuals served are unable by reason of age or condition to give consent and when there is no other person reasonably available who is legally authorized to give such consent.

Veto
Message

I have vetoed the sentence in section 4 on page 3, lines 17 through 19, which provides that the state board of health shall adopt rules and regulations defining situations which may be considered emergent for the purposes of this act. Unfortunately, no one, including the state board of health has sufficient foresight to define emergency situations in a manner which would include all emergencies. Having such defined codified regulations might well at times require an additional expenditure of time by the physician or hospital personnel on the scene while they try to assure that the situation falls within rules and regulations. In such circumstances, time is of the essence and the judgment of a qualified and licensed physician and hospital personnel on the scene is the best judgment which must be relied upon. No one would be protected by rules and regulations defining emergencies, and at times someone might well be harmed thereby avoiding the very purpose of this act. The public is well protected from inappropriate judgments by the requirement of "good faith" action and the other limitations in the statute.

Since the opportunity for harm to persons in emergency situations due to delay or misunderstanding would be increased and no off-setting benefit either to the public or the individuals involved would accrue, this item has been vetoed. The remainder of the bill is approved."

PUBLIC ASSISTANCE--

RECOVERY OF MEDICAL EXPENSES BY STATE

AN ACT Relating to public assistance; and amending section 74.09.180, chapter 26, Laws of 1959 as amended by section 8, chapter 173, Laws of 1969 ex. sess. and RCW 74.09.180.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 74.09.180, chapter 26, Laws of 1959 as

amended by section 8, chapter 173, Laws of 1969 ex. sess. and RCW 74.09.180 are each amended to read as follows:

The provisions of this chapter shall not apply to recipients whose personal injuries are occasioned by negligence or wrong of another: PROVIDED, HOWEVER, That the ~~((director))~~ secretary of the department of ~~((public assistance))~~ social and health services may, in his discretion, furnish assistance, under the provisions of this chapter, for the results of injuries to a recipient, and the department of ~~((public assistance))~~ social and health services shall thereby be subrogated to the recipient's right of recovery therefor to the extent of the value of the assistance furnished by the department of social and health services: PROVIDED FURTHER, That to the end of securing reimbursement of any assistance furnished to such a recipient, the department of social and health services may, as a nonexclusive legal remedy, assert and enforce a lien upon any claim, right of action and/or money to which such recipient is entitled (a) against any tort feisor and/or insurer of such tort feisor, or (b) any contract of insurance providing coverage to such recipient for said injuries, to the extent of the assistance furnished by said department to the recipient. If a recovery shall be made and the subrogation or lien is satisfied either in full or in part as a result of an independent action initiated by or on behalf of a recipient to recover the personal injuries against any tort feisor or insurer, then and in that event the amount repaid to the state of Washington as a result of said action, whether concluded by entry of a judgment or compromise and settlement, shall bear its proportionate share of attorney's fees and costs incurred by the injured recipient or his widow, children, or dependents, as the case may be, to the extent that such attorney's fees and costs are approved by the court in which the action is initiated, and upon notice to the department which shall have the right to be heard on the matter: PROVIDED, That if the attorney's fees conform to the applicable minimum bar fee schedule, court approval for such fees shall not be necessary.

Passed the Senate May 8, 1971.

Passed the House May 7, 1971.

Approved by the Governor May 20, 1971 with the exception of an item in section 1 which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill provides for recovery by the Department of Social and Health Services for medical expenses it has paid where a public assistance recipient has been injured by a third party. The act further provides that the department

Veto
Message

will bear its proportionate share of attorney's fees and costs where an injured party has obtained his own attorney and has recovered from the third party. Court approval of such attorney's fees is required by the act, with the proviso that if the attorney's fees conform to the applicable minimum bar fee schedule, court approval is not necessary.

Veto
Message

The Department of Labor and Industries has had similar legislation for some time which has provided for that department bearing its proportionate share of attorney's fees and costs, provided that there is court approval. There has been no exemption from court approval even where there was conformity to the applicable minimum bar fee schedule. Without that exemption the act has proven quite workable, to the public, the bar and the department. There would not appear to be any reason to deviate from the already successful statutory formula which has applied to the Department of Labor and Industries.

It would appear the present law relating to the Department of Social and Health Services should, in the absence of substantial reason for difference, be consistent with the law related to the Department of Labor and Industries. Furthermore, there may well be times when the minimum bar fee schedule may not be appropriate and the court should have the opportunity to review such situations. I have therefore vetoed the item in section one, page two, lines 9 through 11.

The remainder of Senate Bill 179 is approved."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. Recognizing the rapid population growth of the state of Washington and the ever increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control, there is hereby enacted this "Model Litter Control Act".

NEW SECTION. Sec. 2. The purpose of this 1971 amendatory act is to accomplish litter control throughout this state by delegating to the department of ecology the authority to conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible. The intent of this 1971 amendatory act is to add to and to coordinate existing litter control and removal efforts and not terminate or supplant such efforts.

NEW SECTION. Sec. 5. The director may designate trained employees of the department to be vested with police powers to enforce and administer the provisions of this 1971 amendatory act and all rules and regulations adopted thereunder. The director shall also have authority to contract with other state and local governmental agencies having law enforcement capabilities for services and personnel reasonably necessary to carry out the enforcement provisions of this 1971 amendatory act. In addition, state patrol officers, game protectors and deputy game protectors, fire wardens, deputy fire wardens and forest rangers, sheriffs and marshals and their deputies, and police officers, and those employees of the department of ecology and the parks and recreation commission vested with police powers all shall enforce the provisions of this 1971 amendatory act and all rules and regulations adopted thereunder and are hereby empowered to issue citations to and/or arrest without warrant, persons violating any provision of this 1971 amendatory act or any of the rules and regulations adopted hereunder. All of the foregoing enforcement officers may serve and execute all warrants, citations, and other process issued by the courts in enforcing the provisions of this 1971 amendatory act and rules and regulations adopted hereunder. In addition, mailing by registered mail of such warrant, citation, or other process to his last known place of

residence shall be deemed as personal service upon the person charged.

NEW SECTION. Sec. 6. No person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:

NEW SECTION. Sec. 8. Pertinent portions of this 1971 amendatory act shall be posted along the public highways of this state and in all campgrounds and trailer parks, at all entrances to state parks, forest lands, and recreational areas, at all public beaches, and at other public places in this state where persons are likely to be informed of the existence and content of this 1971 amendatory act and the penalties for violating its provisions.

NEW SECTION. Sec. 9. The department shall design and the director shall adopt by rule or regulation one or more types of litter receptacles which are reasonably uniform as to size, shape, capacity and color, for wide and extensive distribution throughout the public places of this state. Each such litter receptacle shall bear an anti-litter symbol as designed and adopted by the department. In addition, all litter receptacles shall be designed to attract attention and to encourage the depositing of litter.

Litter receptacles of the uniform design shall be placed along the public highways of this state and at all parks, campgrounds, trailer parks, drive-in restaurants, gasoline service stations, tavern parking lots, shopping centers, grocery store parking lots, parking lots of major industrial firms, marinas, boat launching areas, boat moorage and fueling stations, public and private piers, beaches and bathing areas, and such other public places within this state as specified by rule or regulation of the director adopted pursuant to chapter 34.04 RCW. The number of such receptacles required to be placed as specified herein shall be determined by a formula related to the need for such receptacles.

It shall be the responsibility of any person owning or operating any establishment or public place in which litter receptacles of the uniform design are required by this section to procure and place such receptacles at their own expense on the premises in accord with rules and regulations adopted by the department.

Any person who fails to place such litter receptacles on the premises in the numbers required by rule or regulation of the department, violating the provisions of this section or rules or regulations adopted thereunder shall be subject to a fine of ten dollars for each day of violation.

NEW SECTION. Sec. 10. The department may design and produce a litter bag bearing the state-wide anti-litter symbol and a statement of the penalties prescribed herein for littering in this state. As soon as possible after the effective date of this 1971 amendatory act, such litter bags may be distributed by the department of motor vehicles at no charge to the owner of every licensed vehicle in this state at the time and place of license renewal. The department of ecology may make such litter bags available to the owners of watercraft in this state and may also provide such litter bags at no charge at points of entry into this state and at visitor centers to the operators of incoming vehicles and watercraft. The owner of any vehicle or watercraft who fails to keep and use a litter bag in his vehicle or watercraft shall be guilty of a violation of this section and shall be subject to a fine as provided in this 1971 amendatory act.

NEW SECTION. Sec. 11. Responsibility for the removal of litter from receptacles placed at parks, beaches, campgrounds, trailer parks, and other public places shall remain upon those state and local agencies performing litter removal. Removal of litter from litter receptacles placed on private property which is used by the public shall remain the responsibility of the owner of such private property.

NEW SECTION. Sec. 12. There is hereby levied and there shall

be collected by the department of revenue from every person engaging within this state in business as a manufacturer and/or making sales at wholesale and/or making sales at retail, an annual litter assessment equal to the value of products manufactured and sold within this state, including by-products, multiplied by one and one-half hundredths of one percent in the case of manufacturers, and equal to the gross proceeds of the sales of the business within this state multiplied by one and one-half hundredths of one percent in the case of sales at wholesale and/or at retail.

NEW SECTION. Sec. 13. Because it is the express purpose of this 1971 amendatory act to accomplish effective litter control within the state of Washington and because it is a further purpose of this 1971 amendatory act to allocate a portion of the cost of administering it to those industries whose products including the packages, wrappings, and containers thereof, are reasonably related to the litter problem, in arriving at the amount upon which the assessment is to be calculated only the value of products or the gross proceeds of sales of products falling into the following categories shall be included:

- (1) Food for human or pet consumption.
- (2) Groceries.
- (3) Cigarettes and tobacco products.
- (4) Soft drinks and carbonated waters.
- (5) Beer and other malt beverages.
- (6) Wine.

- (10) Metal containers.
- (11) Plastic or fiber containers made of synthetic material.
- (12) Cleaning agents and toiletries.
- (13) Nondrug drugstore sundry products.

NEW SECTION. Sec. 14. The department of revenue by rule and regulation made pursuant to chapter 34.04 RCW may, if such is required, define the categories (1) through (13) as set forth in section 13 of this 1971 amendatory act. In making any such definitions, the department of revenue shall be guided by the following standards:

- (1) It is the purpose of this 1971 amendatory act to accomplish effective control of litter within this state;
- (2) It is the purpose of this 1971 amendatory act to allocate a portion of the cost of administration of this 1971 amendatory act to those industries manufacturing and/or selling products and the packages, wrappings, or containers thereof which are reasonably related to the litter problem within this state.

NEW SECTION. Sec. 15. "Sold within this state" or "sales of the business within this state" as used in section 12 of this 1971 amendatory act shall mean all sales of retailers engaged in business within this state and all sales of products for use or consumption within this state in the case of manufacturers and wholesalers.

NEW SECTION. Sec. 16. All of the provisions of chapters 82.04 and 82.32 RCW such as they apply are incorporated herein except RCW 82.04.220 through 82.04.290, and 82.04.330.

NEW SECTION. Sec. 17. The litter assessment herein provided for shall not be applied to the value of products or gross proceeds of the sales of any animal, bird, or insect or the milk, eggs, wool, fur, meat, honey, or other substance obtained therefrom, if the person performs only the growing or raising function of such animal, bird, or insect. In all other instances, the assessment shall be applied.

NEW SECTION. Sec. 18. There is hereby created an account within the general fund to be known as the "Litter Control Account". All assessments, fines, bail forfeitures, and other funds collected or received pursuant to this 1971 amendatory act shall be deposited in the litter control account and used for the administration and implementation of this 1971 amendatory act.

NEW SECTION. Sec. 19. The department shall allocate funds annually for the study of available research and development in the field of litter control, removal, and disposal, as well as study methods for implementation in this state of said research and development. In addition, such fund may be used for the development of public educational programs concerning the litter problem. Grants shall be made available for these purposes to those persons deemed appropriate and qualified by the director.

NEW SECTION. Sec. 20. In addition to the foregoing, the department of ecology shall:

(1) Serve as the coordinating agency between the various industry organizations seeking to aid in the anti-litter effort;

(2) Recommend to the governing bodies of all local governments that they adopt ordinances similar to the provisions of this 1971 amendatory act;

(3) Cooperate with all local governments to accomplish coordination of local anti-litter efforts;

(4) Encourage, organize, and coordinate all voluntary local anti-litter campaigns seeking to focus the attention of the public on the programs of this state to control and remove litter;

(5) Investigate the availability of, and apply for funds available from any private or public source to be used in the program outlined in this 1971 amendatory act.

NEW SECTION. Sec. 21. To aid in the state-wide anti-litter

campaign, the state legislature requests that the various industry organizations which are active in anti-litter efforts provide active cooperation with the department of ecology so that additional effect may be given to the anti-litter campaign of the state of Washington.

Sec. 22. Section 46.56.135, chapter 12, Laws of 1961 as amended by section 1, chapter 52, Laws of 1965 ex. sess. and RCW 46.61.655 are each amended to read as follows:

No vehicle shall be driven or moved on any public highway unless such vehicle is so constructed or loaded as to prevent any of its load from dropping, sifting, leaking or otherwise escaping therefrom, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in the cleaning or maintaining of such roadway by public authority having jurisdiction. Any person operating a vehicle from which any glass or objects have fallen or escaped, which would constitute an obstruction or injure a vehicle or otherwise endanger travel upon such public highway shall immediately cause the public highway to be cleaned of all such glass or objects and shall pay any costs therefor.

NEW SECTION. Sec. 23. Every person convicted of a violation of this 1971 amendatory act for which no penalty is specially provided for shall be punished by a fine of not more than ten dollars for each such violation.

NEW SECTION. Sec. 24. The following acts are each hereby repealed:

(1) Section 1, chapter 36, Laws of 1909, section 1, chapter 73, Laws of 1931, section 49, chapter 281, Laws of 1969 ex. sess. and RCW 9.61.120;

(2) Section 2, chapter 85, Laws of 1967 and RCW 9.66.060;

(3) Section 3, chapter 85, Laws of 1967, section 50, chapter 281, Laws of 1969 ex. sess. and RCW 9.66.070;

(4) Section 2, chapter 52, Laws of 1965 ex. sess., section 51, chapter 281, Laws of 1969 ex. sess. and RCW 46.61.650.

NEW SECTION. Sec. 25. If any provision of this 1971 amendatory act or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected.

NEW SECTION. Sec. 26. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 27. This 1971 amendatory act constitutes an alternative to Initiative 40. The secretary of state is directed to place this 1971 amendatory act on the ballot in conjunction with Initiative 40 at the next general election.

This 1971 amendatory act shall continue in force and effect until the secretary of state certifies the election results on this 1971 amendatory act. If affirmatively approved at the general election, this 1971 amendatory act shall continue in effect thereafter.

Passed the Senate May 10, 1971.

Passed the House May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of one item which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...This bill is a comprehensive litter control act. It established new litter control powers in the Department of Ecology, and imposes a tax upon those businesses which produce or sell items relating to the litter problem, in order to finance the administration of the act. However, by reason of the fact that the definition of "person" in section 3(7) includes state and local government, the act would by its terms impose the tax upon the State Liquor Control Board, and possibly upon certain local governmental agencies. I believe this result to be unwarranted, and accordingly have vetoed that item from section 3(7) of the act.

(f) The board may inspect the establishment of a registrant or applicant for registration in accordance with the board's rule.

NEW SECTION. Sec. 69.50.303. Registration. (a) The state board of pharmacy shall register an applicant to manufacture or distribute controlled substances included in sections 69.50.204,

69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) compliance with applicable state and local law;

(3) any convictions of the applicant under any federal and state laws relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under this act;

(6) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under section 69.50.302(d) of this act, to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration entitles them to be registered under this act upon application and payment of the required fee.

NEW SECTION. Sec. 69.50.304. Revocation and Suspension of Registration. (a) A registration, or exemption from registration, under section 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

(1) has furnished false or fraudulent material information in

any application filed under this act;

(2) has been found guilty of a felony under any state or federal law relating to any controlled substance; or

(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances.

NEW SECTION. Sec. 69.50.305. Procedure for Denial, Suspension or Revocation of Registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this act shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under section 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction.

NEW SECTION. Sec. 69.50.306. Records of Registrants. Persons registered, or exempted from registration under 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this act shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues.

NEW SECTION. Sec. 69.50.307. Order Forms. Controlled

substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under 69.50.302(d) to another registrant, or person exempt from registration under 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section.

NEW SECTION. Sec. 69.50.308. Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of section 69.50.306. No prescription for a Schedule II substance may be refilled.

(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this act; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose.

NEW SECTION. Sec. 69.50.309. Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same.

(b) Employees of the Washington state board of pharmacy, who are so designated by the board as enforcement officers are declared to be peace officers and shall be vested with police powers to enforce the drug laws of this state, including this act.

NEW SECTION. Sec. 69.50.501. Administrative Inspections. The state board of pharmacy may make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this section only, "controlled premises" means:

(a) places where persons registered or exempted from registration requirements under this act are required to keep records; and

(b) places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this act are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

(2) When authorized by an administrative inspection warrant issued pursuant to section 69.50.502 of this act an officer or employee designated by the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(b) inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in subsection (5) of this section, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this act; and

(c) inventory any stock of any controlled substance therein and obtain samples thereof;

(4) This section does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with chapter 34.04 RCW, nor does it prevent entries and administrative inspections, including seizures of property, without a warrant:

(a) if the owner, operator, or agent in charge of the controlled premises consents;

(b) in situations presenting imminent danger to health or safety;

(c) in situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(d) in any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or,

(e) in all other situations in which a warrant is not constitutionally required;

(5) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing.

NEW SECTION. Sec. 69.50.502. Warrants for Administrative Inspections. Issuance and execution of administrative inspection warrants shall be as follows:

(1) A judge of a superior court, or a judge of a district court within his jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this act or rules hereunder, and seizures of property appropriate to the inspections.

For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this act or rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant;

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. The warrant shall:

(b) be directed to a person authorized by section 69.50.500 to execute it;

(d) identify the item or types of property to be seized, if any;

(e) direct that it be served during normal business hours and designate the judge to whom it shall be returned;

(3) A warrant issued pursuant to this section must be executed and returned within ten days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant;

(4) The judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the court in which the inspection was made.

NEW SECTION. Sec. 69.50.503. Injunctions. (a) The superior courts of this state have jurisdiction to restrain or enjoin violations of this act.

(1) all controlled substances which have been manufactured, distributed, dispensed or acquired in violation of this act;

(2) all raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this act;

(3) all property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of property described in paragraph (1) or (2), but:

(i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this act;

(ii) no conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without his knowledge or consent;

(iii) a conveyance is not subject to forfeiture for a violation of section 69.50.401(c); and,

(iv) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission.

(5) all books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this act.

(b) Property subject to forfeiture under this act may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure without process may be made if:

(1) the seizure is incident to an arrest or a search under a

search warrant or an inspection under an administrative inspection warrant;

(2) the property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this act;

(3) a board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) the board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this act.

(c) In the event of seizure pursuant to subsection (b), proceedings under subsection (d) shall be instituted promptly.

(d) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the board or seizing law enforcement agency subject only to the orders and decrees of the superior court having jurisdiction over the forfeiture proceedings. When property is seized under this act, the board or seizing law enforcement agency may:

(1) place the property under seal;

(2) remove the property to a place designated by it; or

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(e) When property is forfeited under this act the board or seizing law enforcement agency may:

(2) sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds shall be used for payment of all proper expenses of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising and court costs;

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) forward it to the Bureau for disposition.

(f) Controlled substances listed in Schedule I, II, III, IV and V that are possessed, transferred, sold, or offered for sale in violation of this act are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(g) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this act, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(h) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

NEW SECTION. Sec. 69.50.506. Burden of Proof; Liabilities.

(a) It is not necessary for the state to negate any exemption or exception in this act in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this act. The burden of proof of any exemption or exception is upon the person claiming it.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this act, he is presumed not to be the holder of the registration or form. The burden of proof is upon him to rebut the presumption.

(c) No liability is imposed by this act upon any authorized state, county or municipal officer, engaged in the lawful performance of his duties.

NEW SECTION. Sec. 69.50.507. Judicial Review. All final determinations, findings and conclusions of the state board of pharmacy under this act are final and conclusive decisions of the matters involved. NEW SECTION. Sec. 69.50.508. Education and Research. (a) The state board of pharmacy may carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs it may:

(1) promote better recognition of the problems of misuse and abuse of controlled substances within the regulated industry and among interested groups and organizations;

(6) assist in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.

(b) The board may encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this act, it may:

(c) The board may enter into contracts for educational and research activities without performance bonds.

(d) The board may authorize persons engaged in research on the use and effects of controlled substances to withhold the names and other identifying characteristics of individuals who are the subjects of the research. Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(e) The board may authorize the possession and distribution of controlled substances by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of controlled substances to the extent of the authorization.

NEW SECTION. Sec. 69.50.509. Search and Seizure of Controlled Substances. If, upon the sworn complaint of any person, it shall be made to appear to any judge of the superior court, justice of the peace, district court judge or municipal judge that there is probable cause to believe that any controlled substance is

being used, manufactured, sold, bartered, exchanged, administered, dispensed, delivered, distributed, produced, possessed, given away, furnished or otherwise disposed of or kept in violation of the provisions of this act, such justice of the peace or judge shall, with or without the approval of the prosecuting attorney, issue a warrant directed to any law enforcement officer of the state, commanding him to search the premises designated and described in such complaint and warrant, and to seize all controlled substances there found, together with the vessels in which they are contained, and all implements, furniture and fixtures used or kept for the illegal manufacture, sale, barter, exchange, administering, dispensing, delivering, distributing, producing, possessing, giving away, furnishing or otherwise disposing of such controlled substances, and to safely keep the same, and to make a return of said warrant within three days, showing all acts and things done thereunder, with a particular statement of all articles seized and the name of the person or persons in whose possession the same were found, if any, and if no person be found in the possession of said articles, the returns shall so state. The provisions of RCW 10.31.030 as now or hereafter amended shall apply to actions taken pursuant to this act.

NEW SECTION. Sec. 69.50.510. Recording. The provisions of chapter 9.73 RCW shall not be applicable to the transmitting or recording of any private conversation or communication by any means by law enforcement authorities when a violation of any of the provisions of this chapter is involved and the authorities have the consent of one of the parties to said conversation or communication.

NEW SECTION. Sec. 69.50.511. Immunity. Whenever, in the judgment of a prosecuting attorney, evidence is available from any person relative to an offense described in this chapter, a prosecuting attorney may apply to a superior court for a grant of immunity concerning the testimony given or expected to be given by such person. If the court grants immunity, the person thereafter shall not be prosecuted or subjected to any penalty or forfeiture concerning any matter revealed upon which he was granted immunity, except for perjury or contempt upon his failure to testify concerning said matter.

ARTICLE VI
MISCELLANEOUS

NEW SECTION. Sec. 69.50.601. Pending Proceedings. (a) Prosecution for any violation of law occurring prior to the effective date of this act is not affected or abated by this act. (b) Civil seizures or forfeitures and injunctive proceedings commenced prior to the effective date of this act are not affected by this act.

(c) All administrative proceedings pending under prior laws which are superseded by this act shall be continued and brought to a final determination in accord with the laws and rules in effect prior to the effective date of the act. Any substance controlled under prior law which is not listed within Schedules I through V, is automatically controlled without further proceedings and shall be listed in the appropriate schedule.

(d) The state board of pharmacy shall initially permit persons to register who own or operate any establishment engaged in the manufacture, distribution, or dispensing of any controlled substance prior to the effective date of this act and who are registered or licensed by the state.

(e) This act applies to violations of law, seizures and forfeiture, injunctive proceedings, administrative proceedings and investigations which occur following its effective date.

Passed the Senate May 9, 1971.

Passed the House May 8, 1971.

Approved by the Governor May 21, 1971 with the exception of two sections which are vetoed.

Filed in Office of Secretary of State May 21, 1971.

Note: Governor's explanation of partial veto is as follows:

"...I am vetoing section 69.50.510 which pertains to recording of private communications and conversations. While a change in the law of this state with regard to wiretapping and the use of recording devices by law enforcement officers may be necessary, I am of the opinion that such changes must, in the interest of safeguarding the citizens right to privacy, be taken in the context of comprehensive revision with provisions for proper judicial supervision. The partial revision represented by this section can only delay and frustrate such efforts while opening the door to possible abuse.

Veto
Message

I have also vetoed section 69.50.511 which provides for immunity from prosecution for witnesses when such immunity is necessary in the enforcement of the Controlled Substances Act. Enactment of the new grand jury bill with its immunity provisions and its provision for inquiry judges will insure availability of immunity as a law enforcement tool in combating drug abuse. It would be unwise to jeopardize this tool through possible conflict of two bills dealing with the same subject."

The officers of a city and county, their compensation, qualifications, terms of office and manner of election or appointment shall be as provided for in its charter, subject to general laws and applicable constitutional provision-))

Municipal corporations may be retained or otherwise provided for within the city-county. The formation, powers and duties of such municipal corporations shall be prescribed by the charter.

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general

election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

PROPOSED CONSTITUTIONAL AMENDMENT ADOPTED AT 1971
FIRST EXTRADORDINARY SESSION FOR SUBMISSION TO THE VOTERS
AT THE STATE GENERAL ELECTION, NOVEMBER 1972

HOUSE JOINT RESOLUTION NO. 52

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VIII, section 1, and Article VIII, section 3 (Amendment 48), of the Constitution of the State of Washington, by amending said sections to read as follows:

Article VIII, section 1. (a) The state may ((to meet casual

deficits or failure in revenues; or for expenses not provided for, contract debts; but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed four hundred thousand dollars (\$400,000), and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.) contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.

(b) The aggregate debt contracted by the state shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than nine percent of the arithmetic mean of its general state revenues for the three immediately preceding fiscal years as certified by the treasurer. The term "fiscal year" means that period of time commencing July 1 of any year and ending on June 30 of the following year.

(c) The term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.

(d) In computing the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall

not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (f) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority.

(e) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (g) of this section, including any premium payable with respect thereto and any interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.

(f) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: PROVIDED, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(g) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to finance or provide a facility for use or occupancy by the state or any agency, department, or instrumentality thereof.

(h) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The

legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(i) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(j) Notwithstanding the limitations contained in subsection (b) of this section, the state may issue certificates of indebtedness in such sum or sums as may be necessary to meet temporary deficiencies of the treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year; such certificates may be issued only to provide for appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of incurrence.

(k) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof.

Article VIII, section 3. Except the debt specified in sections one and two of this article, no debts shall hereafter be contracted by, or on behalf of this state, unless such debt shall be authorized by law for some single work or object to be distinctly specified therein ((which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of the contracting thereof)). No such law shall take effect until it shall, at a general election, or a special election called for that purpose, have been submitted to the people and have received a majority of all the votes cast for and against it at such election ((and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and notice that such law will be submitted to the people shall be published at least four times during the four weeks next preceding the election in every legal newspaper in the state: PROVIDED, That failure of any newspaper to publish this notice shall not be interpreted as

affecting the outcome of the election)).

BE IT FURTHER RESOLVED, That the foregoing amendment constitutes a single integrated plan for the balanced revision of the debt structure of the state government and shall be construed as a single amendment within the meaning of Article XXIII, section one (Amendment 37) of this Constitution.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.
