About the Washington Healthplanfinder Health Insurance Plans

Standard Plan Benefits

Starting in 2014, all health insurance plans are required to provide a certain level of standard benefits known as Essential Health Benefits. The federal Affordable Care Act requires that all health plans offered in the individual and small group markets must provide these items and services. These benefits fit into the following 10 categories:

- ▶ Ambulatory patient services
- ▶ Emergency services
- ▶ Hospitalization
- ▶ Maternity and newborn care
- ▶ Mental health and substance use disorder services, including behavioral health treatment
- ▶ Prescription drugs
- ▶ Rehabilitative and habilitative services and devices
- ▶ Laboratory services
- ▶ Preventive and wellness services and chronic disease management
- ▶ Pediatric services, including dental and vision care

Levels of Coverage

Washington Healthplanfinder will allow shoppers to find a plan that fits their needs and their budget by offering side-by-side comparisons of health plans based on a variety of factors such as cost, quality and physician networks. Plan options will be broken down into metal tiers including Gold, Silver and Bronze based on the level of coverage they provide:

- ▶ Gold Plans: Gold plans cover 80 percent of the cost of essential health benefits, while the patient pays 20 percent.
- ▶ Silver Plans: Silver plans cover 70 percent of the cost of essential health benefits, while the patient pays 30 percent.
- ▶ Bronze Plans: Bronze plans cover 60 percent of the cost of essential health benefits, while the patient pay 40 percent.

A "catastrophic" plan will also be offered. This is a type of health care plan only available through Washington Healthplanfinder for individuals under age 30. This type of plan generally offers the least coverage with the lowest monthly premiums.

About the Washington Healthplanfinder Health Insurance Plans

Help Paying for Coverage

More people than ever before will qualify for financial help to pay for coverage. Depending on how much you earn, you can qualify for a free or low-cost health plan, or be eligible for financial help that can lower the cost of your premiums and copays. Qualified Health Plans file rates through the Washington State Office of the Insurance Commissioner and only upon approval are offered on Washington Healthplanfinder. Financial help will be available in several ways:

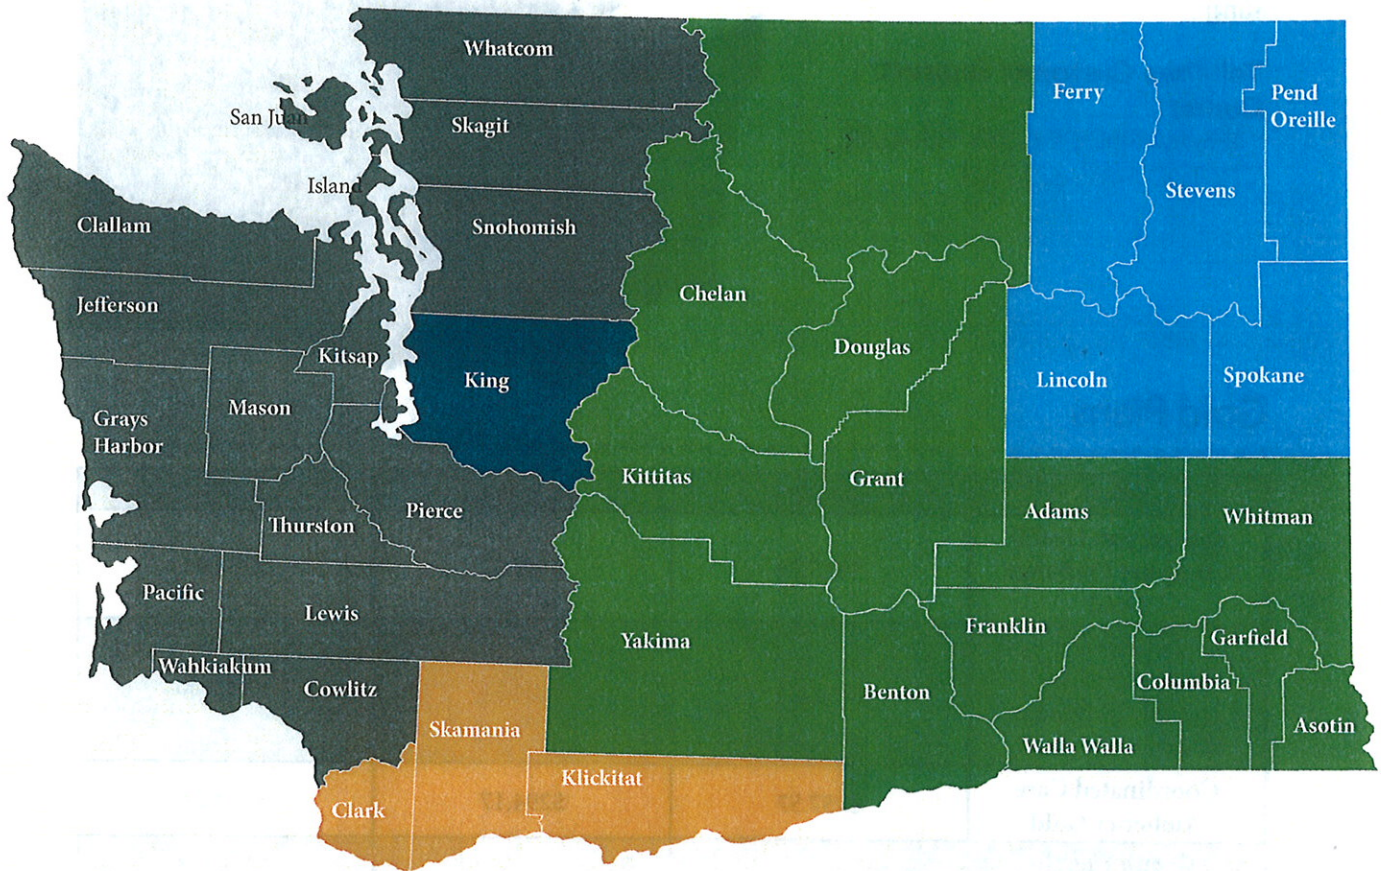

1. **Tax credits:** Tax credits can be used to lower the health insurance premium costs of Washington Healthplanfinder Qualified Health Plans. This tax credit provides you the option to either reduce the amount of your monthly health insurance premium or have a lump sum deduction when you file your annual income tax return. To see if you may qualify, use our cost-estimate calculator wahealthplanfinder.org.
2. **Cost-sharing subsidies:** Cost-sharing subsidies reduce the out-of-pocket amount of expenses you have to pay when you receive health care services at the hospital or doctor's office.
3. **Medicaid or Washington Apple Health:** Starting in 2014 under the Affordable Care Act, Washington State is expanding the Medicaid program/Washington Apple Health. The coverage is free for those who qualify.
