9 that have little or no value and either have no identified owner or

11 dispose of the vessel, that pose a threat to human health or the  
12 environment.

13 (b) Funds for plans and programs shall be allocated consistent  
14 with the priorities and matching requirements established in chapters  
15 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that  
16 is a Puget Sound partner, as defined in RCW 90.71.010, along with any  
17 project that is referenced in the action agenda developed by the Puget  
18 Sound partnership under RCW 90.71.310, shall, except as conditioned by  
19 RCW 70.105D.120, receive priority for any available funding for any  
20 grant or funding programs or sources that use a competitive bidding  
21 process. During the 2007-2009 fiscal biennium, moneys in the account  
22 may also be used for grants to local governments to retrofit public  
23 sector diesel equipment and for storm water planning and  
24 implementation activities.

25 (c) To expedite cleanups throughout the state, the department  
26 shall partner with local communities and liable parties for cleanups.  
27 The department is authorized to use the following additional  
28 strategies in order to ensure a healthful environment for future  
29 generations:

30 (i) The director may alter grant-matching requirements to create  
31 incentives for local governments to expedite cleanups when one of the  
32 following conditions exists:

33 (A) Funding would prevent or mitigate unfair economic hardship  
34 imposed by the clean-up liability;

1 (B) Funding would create new substantial economic development,  
2 public recreational, or habitat restoration opportunities that would  
3 not otherwise occur; or

4 (C) Funding would create an opportunity for acquisition and  
5 redevelopment of vacant, orphaned, or abandoned property under RCW  
6 70.105D.040(5) that would not otherwise occur;

7 (ii) The use of outside contracts to conduct necessary studies;

8 (iii) The purchase of remedial action cost-cap insurance; when  
9 necessary to expedite multiparty clean-up efforts.

10 (d) To facilitate and expedite cleanups using funds from the local  
11 toxics control account, during the 2009-2011 fiscal biennium the  
12 director may establish grant-funded accounts to hold and disperse  
13 local toxics control account funds and funds from local governments to  
14 be used for remedial actions.

15 (4) Except for unanticipated receipts under RCW 43.79.260 through  
16 43.79.282, moneys in the state and local toxics control accounts may  
17 be spent only after appropriation by statute.

18 (5) Except during the 2011-2013 fiscal biennium, one percent of  
19 the moneys deposited into the state and local toxics control accounts  
20 shall be allocated only for public participation grants to persons who  
21 may be adversely affected by a release or threatened release of a  
22 hazardous substance and to not-for-profit public interest  
23 organizations. During the 2011-2013 fiscal biennium, one-half of one  
24 percent of the moneys deposited in the state and local toxics accounts  
25 shall be allocated only for public participation grants. The primary  
26 purpose of these grants is to facilitate the participation by persons  
27 and organizations in the investigation and remedying of releases or  
28 threatened releases of hazardous substances and to implement the  
29 state's solid and hazardous waste management priorities. No grant may  
30 exceed sixty thousand dollars. Grants may be renewed annually.  
31 Moneys appropriated for public participation from either account which  
32 are not expended at the close of any biennium shall revert to the  
33 state toxics control account.

34

1 (6) No moneys deposited into either the state or local toxics  
2 control account may be used for solid waste incinerator feasibility  
3 studies, construction, maintenance, or operation, or, after January 1,  
4 2010, for projects designed to address the restoration of Puget Sound,  
5 funded in a competitive grant process, that are in conflict with the  
6 action agenda developed by the Puget Sound partnership under RCW  
7 90.71.310.

8 (7) The department shall adopt rules for grant or loan issuance  
9 and performance.

10 (8) During the 2007-2009 and 2009-2011 fiscal biennia, the  
11 legislature may transfer from the local toxics control account to  
12 either the state general fund or the oil spill prevention account, or  
13 both such amounts as reflect excess fund balance in the account.

14 (9) During the 2009-2011 fiscal biennium, the local toxics control  
15 account may also be used for a standby rescue tug at Neah Bay, local  
16 government shoreline update grants, private and public sector diesel  
17 equipment retrofit, and oil spill prevention, preparedness, and  
18 response activities.

19 (10) During the 2009-2011 fiscal biennium, the legislature may  
20 transfer from the state toxics control account to the state general  
21 fund such amounts as reflect the excess fund balance in the account.
